guidelines—Extent and duration of treatment—Centers for occupational health and education—Rules—Reports.

51.36.010 Findings—Minimum standards for providers—Health care provider network—Advisory group—Best practices treatment guidelines—Extent and duration of treatment—Centers for occupational health and education—Rules—Reports. (1) The legislature finds that high quality medical treatment and adherence to occupational health best practices can prevent disability and reduce loss of family income for workers, and lower labor and insurance costs for employers. Injured workers deserve high quality medical care in accordance with current health care best practices. To this end, the department shall establish minimum standards for providers who treat workers from both state fund and self-insured employers. The department shall establish a health care provider network to treat injured workers, and shall accept providers into the network who meet those minimum standards. The department shall convene an advisory group made up of representatives from or designees of the workers’ compensation advisory committee and the industrial insurance medical and chiropractic advisory committees to consider and advise the department related to implementation of this section, including development of best practices treatment guidelines for providers in the network. The department shall also seek the input of various health care provider groups and associations concerning the network’s implementation. Network providers must be required to follow the department’s evidence-based coverage decisions and treatment guidelines, policies, and must be expected to follow other national treatment guidelines appropriate for their patient. The department, in collaboration with the advisory group, shall also establish additional best prac-
tice standards for providers to qualify for a second tier within
the network, based on demonstrated use of occupational health best practices. This second tier is separate from and in
addition to the centers for occupational health and education
established under subsection (5) of this section.

(2)(a) Upon the occurrence of any injury to a worker
entitled to compensation under the provisions of this title, he
or she shall receive proper and necessary medical and surgical
services at the hands of a physician or licensed advanced
registered nurse practitioner of his or her own choice, if con-
veniently located, except as provided in (b) of this subsection,
and proper and necessary hospital care and services dur-
ing the period of his or her disability from such injury.

(b) Once the provider network is established in the
worker’s geographic area, an injured worker may receive
care from a nonnetwork provider only for an initial office or
emergency room visit. However, the department or self-
insurer may limit reimbursement to the department’s stan-
dard fee for the services. The provider must comply with all
applicable billing policies and must accept the department’s
fee schedule as payment in full.

(c) The department, in collaboration with the advisory
group, shall adopt policies for the development, credential-
ing, accreditation, and continued oversight of a network of
health care providers approved to treat injured workers.
Health care providers shall apply to the network by complet-
ing the department’s provider application which shall have
the force of a contract with the department to treat injured
workers. The advisory group shall recommend minimum
network standards for the department to approve a provider’s
application, to remove a provider from the network, or to
require peer review such as, but not limited to:

(i) Current malpractice insurance coverage exceeding a
dollar amount threshold, number, or seriousness of malprac-
tice suits over a specific time frame;

(ii) Previous malpractice judgments or settlements that
do not exceed a dollar amount threshold recommended by the
advisory group, or a specific number or seriousness of malprac-
tice suits over a specific time frame;

(iii) No licensing or disciplinary action in any jurisdic-
tion or loss of treating or admitting privileges by any board,
commission, agency, public or private health care payer, or
hospital;

(iv) For some specialties such as surgeons, privileges in
at least one hospital;

(v) Whether the provider has been credentialed by
another health plan that follows national quality assurance
guidelines; and

(vi) Alternative criteria for providers that are not creden-
tialed by another health plan.

The department shall develop alternative criteria for pro-
viders that are not credentialed by another health plan or as
needed to address access to care concerns in certain regions.

(d) Network provider contracts will automatically renew
at the end of the contract period unless the department pro-
vides written notice of changes in contract provisions or the
department or provider provides written notice of contract
termination. The industrial insurance medical advisory com-
mittee shall develop criteria for removal of a provider from
the network to be presented to the department and advisory
group for consideration in the development of contract terms.

(e) In order to monitor quality of care and assure effi-
cient management of the provider network, the department
shall establish additional criteria and terms for network par-
ticipation including, but not limited to, requiring compliance
with administrative and billing policies.

(f) The advisory group shall recommend best practices
standards to the department to use in determining second tier
network providers. The department shall develop and imple-
ment financial and nonfinancial incentives for network pro-
viders who qualify for the second tier. The department is
authorized to certify and decertify second tier providers.

(3) The department shall work with self-insurers and the
department utilization review provider to implement utiliza-
tion review for the self-insured community to ensure consist-
tent quality, cost-effective care for all injured workers and
employers, and to reduce administrative burden for provid-
ers.

(4) The department for state fund claims shall pay, in
accordance with the department’s fee schedule, for any
alleged injury for which a worker files a claim, any initial
prescription drugs provided in relation to that initial visit,
without regard to whether the worker’s claim for benefits is
allowed. In all accepted claims, treatment shall be limited in
point of duration as follows:

In the case of permanent partial disability, not to extend
beyond the date when compensation shall be awarded him or
her, except when the worker returned to work before perma-
nent partial disability award is made, in such case not to
extend beyond the time when monthly allowances to him or
her shall cease; in case of temporary disability not to extend
beyond the time when monthly allowances to him or her shall
cease: PROVIDED, That after any injured worker has
returned to his or her work his or her medical and surgical
treatment may be continued if, and so long as, such continua-
tion is deemed necessary by the supervisor of industrial
insurance to be necessary to his or her more complete recov-
ery; in case of a permanent total disability not to extend
beyond the date on which a lump sum settlement is made
with him or her or he or she is placed upon the permanent
pension roll: PROVIDED, HOWEVER, That the supervisor
of industrial insurance, solely in his or her discretion, may
authorize continued medical and surgical treatment for condi-
tions previously accepted by the department when such med-
ical and surgical treatment is deemed necessary by the super-
visor of industrial insurance to protect such worker’s life or
provide for the administration of medical and therapeutic
measures including payment of prescription medications, but
not including those controlled substances currently scheduled
by the state board of pharmacy as Schedule I, II, III, or IV
substances under chapter 69.50 RCW, which are necessary
to alleviate continuing pain which results from the industrial
injury. In order to authorize such continued treatment the
written order of the supervisor of industrial insurance issued
in advance of the continuation shall be necessary.

The supervisor of industrial insurance, the supervisor’s
designee, or a self-insurer, in his or her sole discretion, may
authorize inoculation or other immunological treatment in
cases in which a work-related activity has resulted in proba-
ble exposure of the worker to a potential infectious occupa-
tional disease. Authorization of such treatment does not bind
the department or self-insurer in any adjudication of a claim
by the same worker or the worker’s beneficiary for an occupational disease.

(5)(a) The legislature finds that the department and its business and labor partners have collaborated in establishing centers for occupational health and education to promote best practices and prevent preventable disability by focusing additional provider-based resources during the first twelve weeks following an injury. The centers for occupational health and education represent innovative accountable care systems in an early stage of development consistent with national health care reform efforts. Many Washington workers do not yet have access to these innovative health care delivery models.

(b) To expand evidence-based occupational health best practices, the department shall establish additional centers for occupational health and education, with the goal of extending access to at least fifty percent of injured and ill workers by December 2013 and to all injured workers by December 2015. The department shall also develop additional best practices and incentives that span the entire period of recovery, not only the first twelve weeks.

(c) The department shall certify and decertify centers for occupational health and education based on criteria including institutional leadership and geographic areas covered by the center for occupational health and education, occupational health leadership and education, mix of participating health care providers necessary to address the anticipated needs of injured workers, health services coordination to deliver occupational health best practices, indicators to measure the success of the center for occupational health and education, and agreement that the center’s providers shall, if feasible, treat certain injured workers referred by the department or a self-insurer.

(d) Health care delivery organizations may apply to the department for certification as a center for occupational health and education. These may include, but are not limited to, hospitals and affiliated clinics and providers, multispecialty clinics, health maintenance organizations, and organized systems of network physicians.

(e) The centers for occupational health and education shall implement benchmark quality indicators of occupational health best practices for individual providers, developed in collaboration with the department. A center for occupational health and education shall remove individual providers who do not consistently meet these quality benchmarks.

(f) The department shall develop and implement financial and nonfinancial incentives for centers for occupational health and education providers that are based on progressive and measurable gains in occupational health best practices, and that are applicable throughout the duration of an injured or ill worker’s episode of care.

(g) The department shall develop electronic methods of tracking evidence-based quality measures to identify and improve outcomes for injured workers at risk of developing prolonged disability. In addition, these methods must be used to provide systematic feedback to physicians regarding quality of care, to conduct appropriate objective evaluation of progress in the centers for occupational health and education, and to allow efficient coordination of services.

(6) If a provider fails to meet the minimum network standards established in subsection (2) of this section, the department is authorized to remove the provider from the network or take other appropriate action regarding a provider’s participation. The department may also require remedial steps as a condition for a provider to participate in the network. The department, with input from the advisory group, shall establish waiting periods that may be imposed before a provider who has been denied or removed from the network may reapply.

(7) The department may permanently remove a provider from the network or take other appropriate action when the provider exhibits a pattern of conduct of low quality care that exposes patients to risk of physical or psychiatric harm or death. Patterns that qualify as risk of harm include, but are not limited to, poor health care outcomes evidenced by increased, chronic, or prolonged pain or decreased function due to treatments that have not been shown to be curative, safe, or effective or for which it has been shown that the risks of harm exceed the benefits that can be reasonably expected based on peer-reviewed opinion.

(8) The department may not remove a health care provider from the network for an isolated instance of poor health and recovery outcomes due to treatment by the provider.

(9) When the department terminates a provider from the network, the department or self-insurer shall assist an injured worker currently under the provider’s care in identifying a new network provider or providers from whom the worker can select an attending or treating provider. In such a case, the department or self-insurer shall notify the injured worker that he or she must choose a new attending or treating provider.

(10) The department may adopt rules related to this section.

(11) The department shall report to the workers’ compensation advisory committee and to the appropriate committees of the legislature on each December 1st, beginning in 2012 and ending in 2016, on the implementation of the provider network and expansion of the centers for occupational health and education. The reports must include a summary of actions taken, progress toward long-term goals, outcomes of key initiatives, access to care issues, results of disputes or controversies related to new provisions, and whether any changes are needed to further improve the occupational health best practices care of injured workers. 51.44.023 Industrial insurance rainy day fund—Administration—Advisory committee. (1) There shall be, in the custody of the state treasurer, a fund to be known and designated as the industrial insurance rainy day fund.

(2) The director shall be the administrator of the fund, may transfer moneys into and out of the fund only as authorized by this section, and shall separately account for moneys in the fund from the accident and medical aid funds. The assets of this fund shall not be used for any purposes other than meeting the obligations of this title.

(3) Before proposing premium rates as provided in RCW 51.16.035, the director shall determine whether the assets of the accident and medical aid funds combined are at least ten percent but not more than thirty percent in excess of its funded liabilities, and if so transfer any excess to the industrial insurance rainy day fund, unless doing so would:

(a) Threaten the department’s ability to meet the obligations of this title;

(b) Result in total assets of the rainy day fund combined with the assets of the accident and medical aid funds to exceed thirty percent of the accident and medical aid funds’ liabilities.

(4) The workers’ compensation advisory committee shall create a finance subcommittee made up of six members, three of whom shall represent business, and three of whom shall represent workers. The director or director’s designee shall chair the committee. The committee shall provide recommendations for any changes to subsection (3)(b) of this section to the appropriate committees of the legislature by December 1, 2011.

(5) When adopting premium rates, the director may transfer moneys from the industrial insurance rainy day fund into the accident fund or medical aid fund upon finding that the transfer is necessary to reduce a rate increase or aid businesses in recovering from or during economic recessions. The director may also transfer moneys from this fund at any time liabilities increase so that total liabilities exceed assets of the accident fund, medical aid fund, or both.

(6) Notwithstanding chapter 51.52 RCW, the director’s decisions regarding transfers into and out of the industrial insurance rainy day fund are not reviewable by any court or tribunal, but must be announced as part of the rule-making process for setting premium rates, and must be part of the department’s rule-making file required by chapter 34.05 RCW. Finding—Effective date—2011 1st sp.s. c 37: See notes following RCW 51.32.090.

51.44.100 Investment of accident, medical aid, reserve, industrial insurance rainy day, supplemental pension funds. Whenever, in the judgment of the state investment board, there shall be in the accident fund, medical aid fund, reserve fund, industrial insurance rainy day fund, or the supplemental pension fund, funds in excess of that amount deemed by the state investment board to be sufficient to meet the current expenditures properly payable therefrom, the state investment board may invest and reinvest such excess funds in the manner prescribed by RCW 43.84.150, and not otherwise.

The state investment board may give consideration to the investment of excess funds in federally insured student loans made to persons in vocational training or retraining or reeducation programs. The state investment board may make such investments by purchasing from savings and loan associations, commercial banks, mutual savings banks, credit unions and other institutions authorized to be lenders under the federally insured student loan act, organized under federal or state law and operating in this state loans made by such institutions to residents of the state of Washington particularly for the purpose of vocational training or reeducation: PROVIDED, That the state investment board shall purchase only that portion of any loan which is guaranteed or insured by the United States of America, or by any agency or instrumentality of the United States of America: PROVIDED FURTHER, That the state investment board is authorized to enter into contracts with such savings and loan associations, commercial banks, mutual savings banks, credit unions, and other institutions authorized to be lenders under the federally insured student loan act to service loans purchased pursuant to this section at an agreed upon contract price. The legislature recognizes that federally insured student loans are already available to students at institutions of higher education. The legislature declares that the purpose of this 1972 amendatory act is to encourage the state finance committee to consider making some investment funds available for investment in federally insured student loans made to persons enrolled in vocational training and retraining or reeducation programs.” [1972 ex.s. c 92 § 1.]

51.48.120 Notice of assessment for default in payments by employer—Issuance—Service—Contents. If any employer should default in any payment due to the state fund the director or the director’s designee may issue a notice of assessment certifying the amount due, which notice shall be served upon the employer by mailing such notice to the employer by a method for which receipt can be confirmed or tracked to the employer’s last known address or served in the manner prescribed for the service of a summons in a civil action. Such notice shall contain the information that an appeal must be filed with the board of industrial insurance appeals and the director by mail or personally within thirty days of the date of service of the notice of assessment in order to appeal the assessment unless a written request for reconsideration is filed with the department of labor and industries.

51.48.150 Notice of assessment for employer’s default in payments—Notice to withhold and deliver property due employer. The director or the director’s designee is hereby authorized to issue to any person, firm, corporation, municipal corporation, political subdivision of the state, a public corporation, or any agency of the state, a notice and order to withhold and deliver property of any kind whatsoever when he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or any agency of the state, property which is or shall become due, owing, or belonging to any employer upon whom a notice of assessment has been served by the department for payments due to the state fund. The effect of a notice and order to withhold and deliver shall be continuous from the date such notice and order to withhold and deliver is first made until the liability out of which such notice and order to withhold and deliver arose is satisfied or becomes unenforceable because of lapse of time. The department shall release the notice and order to withhold and deliver when the liability out of which the notice and order to withhold and deliver arose is satisfied or becomes unenforceable by reason of lapse of time and shall notify the person against whom the notice and order to withhold and deliver was made that such notice and order to withhold and deliver has been released.

The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff’s deputy, by a method for which receipt can be confirmed or tracked, or by any duly authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation or any agency of the state upon whom service has been made is hereby required to answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with a notice and order to withhold and deliver, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director’s duly authorized representative upon service of the notice to withhold and deliver which will be held in trust by the director for application on the employer’s indebtedness to the department, or for return without interest, in accordance with a final determination of a petition for review, or in the alternative such party shall furnish a good and sufficient surety bond satisfactory to the director conditioned upon final determination of liability. Should any party served and named in the notice to withhold and deliver fail to make answer to such notice and order to withhold and deliver, within the time prescribed herein, it shall be lawful for the court, after the time to answer such order has expired, to render judgment by default against the party named in the notice to withhold and deliver for the full amount claimed by the director in the notice to withhold and deliver together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, then the employer shall be entitled to assert in the answer to all exemptions provided

51.52.050 Service of departmental action—Demand for repayment—Orders amending benefits—Reconsideration or appeal.

(1) Whenever the department has made any order, decision, or award, it shall promptly serve the worker, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, or if the worker, beneficiary, employer, or other person affected thereby chooses, the department may send correspondence and other legal notices by secure electronic means except for orders communicating the closure of a claim. Persons who choose to receive correspondence and other legal notices electronically shall be provided information to assist them in ensuring all electronic documents and communications are received. Correspondence and notices must be addressed to such a person at his or her last known postal or electronic address as shown by the records of the department. Correspondence and notices sent electronically are considered received on the date sent by the department. The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of the award, a statement, set in black facede type of at least ten point body or size, that such final order, decision, or award shall become final within sixty days from the date the order is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia.

(2)(a) Whenever the department has made any decision relating to any phase of the administration of this title the worker, beneficiary, employer, or other person aggrieved thereby may request reconsideration of the department, or may appeal to the board. In an appeal before the board, the appellant shall have the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal.

(b) An order by the department awarding benefits shall become effective and benefits due on the date issued. Subject to (b)(i) and (ii) of this subsection, if the department order is appealed the order shall not be stayed pending a final decision on the merits unless ordered by the board. Upon issuance of the order granting the appeal, the board will provide the worker with notice concerning the potential of an overpayment of benefits paid pending the outcome of the appeal and the requirements for interest on unpaid benefits pursuant to RCW 51.52.135. A worker may request that benefits cease pending appeal at any time following the employer’s motion for stay or the board’s order granting appeal. The request must be submitted in writing to the employer, the board, and the department. Any employer may move for a stay of the order on appeal, in whole or in part. The motion must be filed within fifteen days of the order granting appeal. The board shall conduct an expedited review of the claim file provided by the department as it existed on the date of the department order. The board shall issue a final decision within twenty-five days of the filing of the motion for stay or the order granting appeal, whichever is later. The board’s final decision may be appealed to superior court in accordance with RCW 51.52.110. The board shall grant a motion to stay if the moving party demonstrates that it is more likely than not to prevail on the facts as they existed at the time of the order on appeal. The board shall not consider the likelihood of recoupment of benefits as a basis to grant or deny a motion to stay. If a self-insured employer prevails on the merits, any benefits paid may be recouped pursuant to RCW 51.32.240.

(i) If upon reconsideration requested by a worker or medical provider, the department has ordered an increase in a permanent partial disability award from the amount reflected in an earlier order, the award reflected in the earlier order shall not be stayed pending a final decision on the merits. However, the increase is stayed without further action by the board pending a final decision on the merits.

(ii) If any party appeals an order establishing a worker’s wages or the compensation rate at which a worker will be paid temporary or permanent total disability or loss of earning power benefits, the worker shall receive payment pending a final decision on the merits based on the following:

(A) When the employer is self-insured, the wage calculation or compensation rate the employer most recently submitted to the department; or

(B) When the employer is insured through the state fund, the highest wage amount or compensation rate uncontested by the parties.

Payment of benefits or consideration of wages at a rate that is higher than that specified in (b)(ii)(A) or (B) of this subsection is stayed without further action by the board pending a final decision on the merits.

(c) In an appeal from an order of the department that alleges willful misrepresentation, the department or self-insured employer shall initially introduce all evidence in its case in chief. Any such person aggrieved by the decision and order of the board may thereafter appeal to the superior court, as prescribed in this chapter. 51.52.120 Attorney’s fee before department or board—Unlawful attorney’s fees. (1) Except for claim resolution structured settlement agreements, it shall be unlawful for an attorney engaged in the representation of any worker or beneficiary to charge for services in the department any fee in excess of a reasonable fee, of not more than thirty percent of the increase in the award secured by the attorney’s services. Such reasonable fee shall be fixed by the director or the director’s designee for services performed by an attorney for such worker or beneficiary, if written application therefor is made by the attorney, worker, or beneficiary within one year from the date the final decision and order of the department is communicated to the party making the application.

(2) If, on appeal to the board, the order, decision, or award of the department is reversed or modified and additional relief is granted to a worker or beneficiary, or in cases where a party other than the worker or beneficiary is the appealing party and the worker’s or beneficiary’s right to relief is sustained by the board, the board shall fix a reasonable fee for the services of his or her attorney in proceedings before the board if written application therefor is made by the attorney, worker, or beneficiary within one year from the date the final decision and order of the department is communicated to the party making the application. In fixing the amount of such attorney’s fee, the board shall take into consideration the fee allowed, if any, by the director, for services before the department, and the board may review the fee fixed by the director. Any attorney’s fee set by the department or the board may be reviewed by the superior court upon application of such attorney, worker, or beneficiary. The department or self-insured employer, as the case may be, shall be served a copy of the application and shall be entitled to appear and take part in the proceedings. Where the board, pursuant to this section, fixes the attorney’s fee, it shall be unlawful for an attorney to charge or receive any fee for services before the board in excess of that fee fixed by the board.

(3) For claim resolution structured settlement agreements, fees for attorney services are limited to fifteen percent of the total amount to be paid to the worker after the agreement becomes final. The board will also decide on any disputes as to attorneys’ fees for services related to claim resolution structured settlement agreements consistent with the procedures in subsection (2) of this section.

(4) In an appeal to the board involving the presumption established under RCW 51.32.185, the attorney’s fee shall be payable as set forth under RCW 51.32.185.

(5) Any person who violates this section is guilty of a misdemeanor. Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

52.26.040 Planning committee—Formulation of service plan—Competition with private ambulance service. (1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the governance, design, financing, and development of fire protection and emergency services. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria; and

(b) The input of cities and counties located within, or partially within, a participating fire protection jurisdiction.

(2) The planning committee may coordinate its activities with neighboring cities, towns, and other local governments that engage in fire protection planning.

(3) The planning committee shall:

(a) Create opportunities for public input in the development of the plan;

(b) Adopt a plan proposing the creation of a regional fire protection service authority and recommending governance, design, financing, and development of fire protection and emergency service facilities and operations, including maintenance and preservation of facilities or systems. The plan may authorize the authority to establish a system of ambulance service to be operated by the authority or operated by contract after a call for bids. However, the authority shall not provide for the establishment of an ambulance service that would compete with any existing private ambulance service, unless the authority determines that the region served by the authority, or a substantial portion of the region served by the authority, is not adequately served by an existing private ambulance service. In determining the adequacy of an existing private ambulance service, the authority shall take into consideration objective generally accepted medical standards and reasonable levels of service which must be published by the authority. Following the preliminary conclusion by the authority that the existing private ambulance service is inadequate, and before establishing an ambulance service or issuing a call for bids, the authority shall allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service. In the event of a second preliminary conclusion of inadequacy within a twenty-four-month period, the authority may immediately issue a call for bids or establish its own ambulance service and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service. A private ambulance service that is not licensed by the department of health or whose license is denied, suspended, or revoked is not entitled to a sixty-day period within which to demonstrate adequacy and the authority may immediately issue a call for bids or establish an ambulance service; and

(c) In the plan, recommend sources of revenue authorized by RCW 52.26.050, identify the portions of the plan that may be amended by the board of the authority without voter approval, consistent with RCW 52.26.050, and recommend a financing plan to fund selected fire protection and emergency services and projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions' governing bodies to initiate the election process under RCW 52.26.060.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions' governing bodies may approve the new plan and ballot measure, and may submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved. [2011 c 141 § 2; 2006 c 200 § 2; 2004 c 129 § 4.]

52.26.080 Organization and composition of governing board—Commissioner positions, districts. (1) The board shall adopt rules for the conduct of business. The board shall adopt bylaws to govern authority affairs, which may include:

(a) The time and place of regular meetings;

(b) Rules for calling special meetings;

(c) The method of keeping records of proceedings and official acts;

(d) Procedures for the safekeeping and disbursement of funds; and

(e) Any other provisions the board finds necessary to include.

(2) The governing board shall be determined by the plan. However, only elected officials of participating fire protection jurisdictions and elected commissioners of the authority as provided in subsection (3) of this section are eligible to serve on the board.

(3)(a) A regional fire protection service authority plan may create one or more regional fire protection service authority commissioner positions to serve on a governing board. The following provisions define the qualifications, compensation, terms, and responsibilities of regional fire protection service authority commissioner positions:

(i) RCW 52.14.010 governs the compensation, qualifications, and ability to serve as a volunteer firefighter;

(ii) RCW 52.14.030 governs the polling places for elections; and

(iii) RCW 52.14.050 governs commissioner vacancies.

(b) The terms of office for regional fire protection service authority commissioner positions may be established by the plan, however, no single term may exceed six years and the terms of multiple positions must be staggered.

(c) Regional fire protection service authority commissioners shall take an oath of office in the manner specified by RCW 52.14.070.

(4)(a) A regional fire protection service authority plan may create commissioner districts. If commissioner districts are created, the population of each commissioner district
must be approximately equal. Commissioner districts must be redrawn as provided in chapter 29A.76 RCW.

(b) Commissioner districts shall be used as follows: (i) Only a registered voter who resides in a commissioner district may be a candidate for, or serve as, a commissioner of the commissioner district; and (ii) only voters of a commissioner district may vote at a primary to nominate candidates for a commissioner of the commissioner district. All voters of the proposed authority must be eligible to vote at a general election to elect a commissioner of the commissioner district. If a plan includes elected officials from participating fire protection jurisdictions, the commissioner districts may be based, in part, on the jurisdictional boundaries of the participating jurisdictions. [2011 c 141 § 3; 2004 c 129 § 8.]

52.26.100 Transfer of responsibilities and employees to authority—Civil service system. (1) Except as otherwise provided in the regional fire protection service authority plan, all powers, duties, and functions of a participating fire protection jurisdiction pertaining to fire protection and emergency services shall be transferred to the regional fire protection service authority on its creation date or on the effective date that a fire protection jurisdiction is subsequently annexed into an authority.

(2)(a) Except as otherwise provided in the regional fire protection service authority plan, and on the creation date of the regional fire protection service authority or, in the case of a fire protection jurisdiction, on the effective date that the fire protection jurisdiction is subsequently annexed into an authority, all reports, documents, surveys, books, records, files, papers, or written material in the possession of the participating fire protection jurisdiction pertaining to fire protection and emergency services powers, functions, and duties shall be delivered to the regional fire protection service authority; all real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the participating fire protection jurisdiction in carrying out the fire protection and emergency services powers, functions, and duties shall be transferred to the regional fire protection service authority; and all funds, credits, or other assets held by the participating fire protection jurisdiction in connection with the fire protection and emergency services powers, functions, and duties shall be transferred and credited to the regional fire protection service authority.

(b) Except as otherwise provided in the regional fire protection service authority plan, any appropriations made to the participating fire protection jurisdiction for carrying out the fire protection and emergency services powers, functions, and duties shall be transferred and credited to the regional fire protection service authority.

(c) Except as otherwise provided in the regional fire protection service authority plan, whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the governing body of the participating fire protection jurisdiction shall make a determination as to the proper allocation.

(3) Except as otherwise provided in the regional fire protection service authority plan, all rules and all pending business before the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the regional fire protection service authority, and all existing contracts and obligations shall remain in full force and shall be performed by the regional fire protection service authority.

(4) The transfer of the powers, duties, functions, and personnel of the participating fire protection jurisdiction shall not affect the validity of any act performed before creation of the regional fire protection service authority.

(5) If apportionments of budgeted funds are required because of the transfers, the treasurer for the authority shall certify the apportionments.

(6)(a) Subject to (c) of this subsection, all employees of the participating fire protection jurisdictions are transferred to the jurisdiction of the regional fire protection service authority on its creation date or, in the case of a fire protection jurisdiction, on the effective date that the fire protection jurisdiction is subsequently annexed into an authority. Upon transfer, unless an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of a participating fire protection jurisdiction, including rights to:

(i) Compensation at least equal to the level at the time of transfer;
(ii) Retirement, vacation, sick leave, and any other accrued benefit;
(iii) Promotion and service time accrual; and
(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) If any or all of the participating fire protection jurisdictions provide for civil service in their fire departments, the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions must negotiate regarding the establishment of a civil service system within the authority. This subsection does not apply if none of the participating fire protection districts provide for civil service.

(c) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law. [2011 c 271 § 1; 2006 c 200 § 7; 2004 c 129 § 10.]

52.26.300 Annexation of fire protection jurisdiction adjacent to authority. (1) A fire protection jurisdiction that is adjacent to the boundary of a regional fire protection service authority is eligible for annexation by the authority.

(2) An annexation is initiated by the adoption of a resolution by the governing body of a fire protection jurisdiction requesting the annexation. The resolution requesting annexation must then be filed with the governing board of the authority that is requested to annex the fire protection jurisdiction.

(3) Except as otherwise provided in the regional fire protection service authority plan, on receipt of the resolution
requesting annexation, the governing board of the authority may adopt a resolution amending its plan to establish terms and conditions of the requested annexation and submit the resolution and plan amendment to the fire protection jurisdiction requesting annexation. An election to authorize the annexation may be held only if the governing body of the fire protection jurisdiction seeking annexation adopts a resolution approving both the annexation and the related plan amendment.

(4)(a) An annexation is authorized if the voters in the fire protection jurisdiction proposed to be annexed approve by a simple majority vote a single ballot measure approving the annexation and related plan amendment.

(b) An annexation is effective on the date specified in the ballot measure. In the event the ballot measure does not specify an effective date, the effective date is on the subsequent January 1st or July 1st, whichever occurs first. [2011 c 271 § 2.]

A district may apply to the United States for permission to establish, operate, and maintain foreign trade zones: (1) Within the district; and (2) on property adjacent to but outside the district if the property is beyond the boundaries of any existing foreign trade zone and is not currently designated as a foreign trade zone: PROVIDED, That nothing herein shall be construed to prevent such zones from being operated and financed by a private corporation(s) on behalf of such district acting as zone sponsor: PROVIDED FURTHER, That when the money so raised is to be used exclusively for the purpose of acquiring land for sites and constructing warehouses, storage plants, and other facilities to be constructed within the zone for use in the operation and maintenance of the zones, the district may contract indebtedness and issue general bonds therefor in an amount, in addition to the three-fourths of one percent hereinafter fixed, of one percent of the value of the taxable property in the district, as the term "value of the taxable property" is defined in RCW 39.36.015, such additional indebtedness only to be incurred with the assent of three-fifths of the voters of the district voting thereon. Foreign trade zones: Chapter 24.46 RCW.

53.08.320 Moorage facilities—Rules authorized—Port charges, delinquency—Abandoned vessels, public sale. A moorage facility operator may adopt all rules necessary for rental and use of moorage facilities and for the expeditious collection of port charges. The rules may also establish procedures for the enforcement of these rules by port district, city, county, metropolitan park district or town personnel. The rules shall include the following:

(1) Procedures authorizing moorage facility personnel to take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the moorage facility so that the vessels are in the possession and control of the moorage facility operator and cannot be removed from the moorage facility. These procedures may be used if an owner mooring or storing a vessel at the moorage facility fails, after being notified that charges are owing and of the owner’s right to commence legal proceedings to contest that such charges are owing, to pay the port charges owed or to commence legal proceedings. Notification shall be by registered mail to the owner at his or her last known address. In the case of a transient vessel, or where no address was furnished by the owner, the moorage facility operator need not give such notice prior to securing the vessel. At the time of securing the vessel, an authorized moorage facility employee shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

(a) The date and time the notice was attached;

(b) A statement that if the account is not paid in full within ninety days from the time the notice is attached, the vessel may be sold at public auction to satisfy the port charges; and

(c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner by registered mail in order to give the owner the information contained in the notice.

(2) Procedures authorizing moorage facility personnel at their discretion to move moored vessels ashore for storage within properties under the operator’s control or for storage with private persons under their control as bailees of the moorage facility, if the vessel is, in the opinion of port personnel a nuisance, if the vessel is in danger of sinking or creating other damage, or is owing port charges. Costs of any such procedure shall be paid by the vessel’s owner. If the owner is not known, or unable to reimburse the moorage facility operator for the costs of these procedures, the mooring facility operators may seek reimbursement of ninety percent of all reasonable and auditable costs from the derelict vessel removal account established in RCW 79.100.100.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the moorage facility operator for port charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the moorage facility operator for the immediate removal of the vessel from the moorage facility or for authorized moorage; and
(b) Making payment to the moorage facility operator of all port charges, or by posting with the moorage facility operator a sufficient cash bond or other acceptable security, to be held in trust by the moorage facility operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the moorage facility operator shall receive so much of the bond or other security as is agreed, or as is necessary to satisfy any judgment, costs, and interest as may be awarded to the moorage facility operator. The balance shall be refunded immediately to the owner at his or her last known address.

(4) If a vessel has been secured by the moorage facility operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel shall be conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a moorage facility is abandoned, the moorage facility operator may, by resolution of its legislative authority, authorize the public sale of the vessel by authorized personnel to the highest and best bidder for cash as prescribed by this subsection (5). Either a minimum bid may be established or a letter of credit may be required, or both, to discourage the future reabandonment of the vessel.

(a) Before the vessel is sold, the owner of the vessel shall be given at least twenty days’ notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of port charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the moorage facility is located. Such notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The moorage facility operator may bid all or part of its port charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of the port charges owing. Such lawsuit must be commenced within ten days of the date the notification was provided pursuant to subsection (1) of this section, or the right to a hearing shall be deemed waived and the owner shall be liable for any port charges owing the moorage facility operator. In the event of litigation, the prevailing party shall be entitled to reasonable attorneys’ fees and costs.

(c) The proceeds of a sale under this section shall first be applied to the payment of port charges. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the moorage facility operator within one year of the date of the sale, the excess funds from the sale shall revert to the derelict vessel removal account established in RCW 79.100.100. If the sale is for a sum less than the applicable port charges, the moorage facility operator is entitled to assert a claim for a deficiency.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the moorage facility operator.

(6) The rules authorized under this section shall be enforceable only if the moorage facility has had its tariff containing such rules conspicuously posted at its moorage facility at all times. [2011 c 247 § 3; 2002 c 286 § 23; 1986 c 260 § 2; 1985 c 7 § 124; 1983 c 188 § 2]

service on behalf of the district constitute service as defined in RCW 41.40.010(37): PROVIDED, That in the case of a port district when commissioners are receiving compensation and contributing to the public employees retirement system, these benefits shall continue in full force and effect notwithstanding the provisions of RCW 53.12.260 and 53.12.265. The dollar thresholds for salaries and per diem compensation established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. GENERAL PROVISIONS

54.04.050 Group employee insurance—Deferred compensation plans—Supplemental savings plans. (1) Subject to chapter 48.62 RCW, any public utility district engaged in the operation of electric or water utilities may enter into contracts of group insurance for the benefit of its employees, and pay all or any part of the premiums for such insurance. Such premiums shall be paid out of the revenues derived from the operation of such properties: PROVIDED, That if the premium is to be paid by the district and employees jointly, and the benefits of the policy are offered to all eligible employees, not less than seventy-five percent of such employees may be so insured.

(2) A public utility district engaged in the operation of electric or water utilities may establish and maintain for the benefit of its eligible employees and officials any plan of deferred compensation or supplemental savings plan for retirement, and make contributions or pay benefits thereunder out of the revenue derived from the operation of its properties. For purposes of this section, "contributions" includes contributions on behalf of an eligible employee equal to the amount by which the employee agrees to a reduction in salary or wages and also includes contributions made by the public utility district separate from amounts otherwise intended as salary or wages. Coverage of an employee under a plan under this section does not render the employee or official ineligible for simultaneous membership and participation in any pension system for public employees.

(3) Contributions must be deposited in designated accounts, held in trust, or remitted to an insurer. When deposited to an account or held in trust, the account or trust fund is considered a public retirement fund within the meaning of Article XXIX, section 1 of the state Constitution, for the purpose of determining eligible investments and deposits of money into the account or trust.

(4) Contributions may be deposited or invested in a credit union, savings and loan association, bank, mutual savings bank, purchase life insurance, shares of an investment company, or fixed or variable annuity contracts from any insurance company or any investment company licensed to contract business in this state. To the extent a plan is an individual account plan, participants in the plan may be permitted to self-direct the investment of assets allocated to their account through the selection of investment options authorized under the plan, and an employee, official, or commissioner of the district is not liable for any loss or deficiency resulting from participant investments. An "individual account plan" is a plan that provides for an individual account for each participant and for benefits based upon the amount contributed to the participant’s account, and any income, expenses, gains and losses, and any forfeitures of accounts or other participants which may be allocated to that participant’s account. 54.28.090 Deposit of funds to credit of certain taxing districts—Retention and distribution of tax proceeds for county with district owned by another county. (1) The county legislative authority of each county must direct the county treasurer to deposit funds to the credit of each taxing district in the county, other than school districts, according to the manner they deem most equitable; except not less than an amount equal to three-fourths of one percent of the gross revenues obtained by a district from the sale of electric energy within any incorporated city or town must be remitted to such city or town. Information furnished by the district to the county legislative authority must be the basis for the determination of the amount to be paid to such cities or towns under this subsection.

(2) In the event that a county receives tax proceeds under RCW 54.28.050 because a public utility district operated by another county owns fee title to property in a city or town in the county that receives such tax proceeds, and that city or town adjoins a reservoir on the Columbia river wholly or partially created by such district’s hydroelectric facility which began commercial power generation in 1967, but the district has no sales of electrical energy in that city or town, the county may retain seventy percent of such tax proceeds. The county must remit the remainder of the tax proceeds to the city or town in which the district owns fee title to property but has no sales of electrical energy. If the district owns fee title to property in more than one city or town in the county receiving such tax proceeds, and has no sales of electrical energy in those cities or towns, the remainder of the tax must be divided evenly among all such cities and towns.

(3) The provisions of this section do not apply to the distribution of taxes collected under RCW 54.28.025. [2011 c 361 § 1; 1980 c 154 § 9; 1977 ex.s. c 366 § 5; 1957 c 278 § 10.]

appraiser as defined in chapter 18.140 RCW. A broker price opinion shall be signed by the broker and an appraisal must be signed by the appraiser and filed with the secretary of the board of commissioners of the district, who shall keep it at the office of the district open to public inspection. Any notice of intention to sell real property of the district shall recite the estimated value or, if an appraisal has been made, the appraised value thereof.

(2) If no purchasers can be obtained for the property at ninety percent or more of its estimated or appraised value after one hundred twenty days of offering the property for sale, the board of commissioners of the district may adopt a resolution stating that the district has been unable to sell the property at the ninety percent amount. The district then may sell the property at the highest price it can obtain at public auction. A notice of intention to sell at public auction shall be published once a week for two consecutive weeks in a newspaper of general circulation in the district. The notice shall describe the property, state the time and place at which it will be offered for sale and the terms of sale, and shall call for bids, fix the conditions thereof, and reserve the right to reject any and all bids for good cause. (19) A "tenant" is any person who is entitled to occupy a dwelling unit primarily for living or dwelling purposes under a rental agreement.

59.18.060 Landlord—Duties. The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition endangers or impairs the health or safety of the tenant;

(2) Maintain the structural components including, but not limited to, the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components, in reasonably good repair so as to be usable;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single-family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him or her in reasonably good working order;

(8) Maintain the dwelling unit in reasonably weather-tight condition;

(9) Except in the case of a single-family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(10) Provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(11)(a) Provide a written notice to all tenants disclosing fire safety and protection information. The landlord or his or her authorized agent must provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in RCW 43.44.110. The notice shall inform the tenant of the tenant’s responsibility to maintain the smoke detection device in proper operating condition and
of penalties for failure to comply with the provisions of RCW 43.44.110(3). The notice must be signed by the landlord or the landlord’s authorized agent and tenant with copies provided to both parties. Further, except with respect to a single-family residence, the written notice must also disclose the following:

(i) Whether the smoke detection device is hard-wired or battery operated;
(ii) Whether the building has a fire sprinkler system;
(iii) Whether the building has a fire alarm system;
(iv) Whether the building has a smoking policy, and what that policy is;
(v) Whether the building has an emergency notification plan for the occupants and, if so, provide a copy to the occupants;
(vi) Whether the building has an emergency relocation plan for the occupants and, if so, provide a copy to the occupants; and
(vii) Whether the building has an emergency evacuation plan for the occupants and, if so, provide a copy to the occupants.

(b) The information required under this subsection may be provided to a tenant in a multifamily residential building either as a written notice or as a checklist that discloses whether the building has fire safety and protection devices and systems. The checklist shall include a diagram showing the emergency evacuation routes for the occupants.

(c) The written notice or checklist must be provided to new tenants at the time the lease or rental agreement is signed;

(12) Provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can control mold growth in their dwelling units to minimize the health risks associated with indoor mold. Landlords may obtain the information from the department’s web site or, if requested by the landlord, the department must mail the information to the landlord in a printed format. When developing or changing the information, the department of health must include representatives of landlords in the development process. The information must be provided by the landlord to new tenants at the time the lease or rental agreement is signed;

(13) The landlord and his or her agents and employees are immune from civil liability for failure to comply with subsection (12) of this section except where the landlord and his or her agents and employees knowingly and intentionally do not comply with subsection (12) of this section; and

(14) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes in writing, which must be either (a) delivered personally to the tenant or (b) mailed to the tenant and conspicuously posted on the premises. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent. Regardless of such designation, any owner who resides outside the state and who violates a provision of this chapter is deemed to have submitted himself or herself to the jurisdiction of the courts of this state and personal service of any process may be made on the owner outside the state with the same force and effect as personal service within the state. Any summons or process served out-of-state must contain the same information and be served in the same manner as personal service of summons or process served within the state, except the summons or process must require the party to appear and answer within sixty days after such personal service out of the state. In an action for a violation of this chapter that is filed under chapter 12.40 RCW, service of the notice of claim outside the state must contain the same information and be served in the same manner as required under chapter 12.40 RCW, except the date on which the party is required to appear must not be less than sixty days from the date of service of the notice of claim.

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his or her family, invitee, or other person acting under his or her control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord’s duty shall be determined pursuant to subsection (1) of this section. [2011 c 132 § 2; 2005 c 465 § 2; 2002 c 259 § 1; 1991 c 154 § 2; 1973 1st ex.s. c 207 § 6.]

Finding—2005 c 465: "The legislature finds that residents of the state face preventable exposures to mold in their homes, apartments, and schools. Exposure to mold, and the toxins they produce, have been found to have adverse health effects, including loss of memory and impairment of the ability to think coherently and function in a job, and may cause fatigue, nausea, and headaches. As steps can be taken by landlords and tenants to minimize exposure to indoor mold, and as the reduction of exposure to mold in buildings could reduce the rising number of mold-related claims submitted to insurance companies and increase the availability of coverage, the legislature supports providing tenants and landlords with information designed to minimize the public’s exposure to mold." [2005 c 465 § 1.]

59.18.063 Landlord—Written receipts for payments made by tenant. (1) A landlord shall provide a receipt for any payment made by a tenant in the form of cash.

(2) A landlord shall provide, upon the request of a tenant, a written receipt for any payments made by the tenant in a form other than cash. [2011 c 132 § 4; 1997 c 84 § 1.]

59.18.065 Landlord—Copy of written rental agreement to tenant. When there is a written rental agreement for the premises, the landlord shall provide an executed copy to each tenant who signs the rental agreement. The tenant may request one free replacement copy during the tenancy. [2011 c 132 § 6.]
59.18.100 Landlord’s failure to carry out duties—Repairs effected by tenant—Procedure—Deduction of cost from rent—Limitations. (1) If, at any time during the tenancy, the landlord fails to carry out any of the duties imposed by RCW 59.18.060, and notice of the defect is given to the landlord pursuant to RCW 59.18.070, the tenant may submit to the landlord or his or her designated agent by first-class mail or in person a good faith estimate by the tenant of the cost to perform the repairs necessary to correct the defective condition if the repair is to be done by licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed, the cost if the repair is to be done by responsible persons capable of performing such repairs. Such estimate may be submitted to the landlord at the same time as notice is given pursuant to RCW 59.18.070. The remedy provided in this section shall not be available for a landlord’s failure to carry out the duties in RCW 59.18.060 (9) and (14). If the tenant utilizes this section for repairs pursuant to RCW 59.18.060(6), the tenant shall promptly provide the landlord with a key to any new or replaced locks. The amount the tenant may deduct from the rent may vary from the estimate, but cannot exceed the two-month limit as described in subsection (2) of this section.

(2) If the landlord fails to commence remedial action of the defective condition within the applicable time period after receipt of notice and the estimate from the tenant, the tenant may contract with a licensed or registered person, or with a responsible person capable of performing the repair if no license or registration is required, to make the repair. Upon the completion of the repair and an opportunity for inspection by the landlord or his or her designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing two month’s rental of the tenant’s unit per repair. When the landlord must commence to remedy the defective condition within ten days as provided in RCW 59.18.070(3), the tenant cannot contract for repairs for ten days after notice or two days after the landlord receives the estimate, whichever is later. The total costs of repairs deducted in any twelve-month period under this subsection shall not exceed the sum expressed in dollars representing two month’s rental of the tenant’s unit.

(3) If the landlord fails to carry out the duties imposed by RCW 59.18.060 within the applicable time period, and if the cost of repair does not exceed one month’s rent, including the cost of materials and labor, which shall be computed at the prevailing rate in the community for the performance of such work, and if repair of the condition need not by law be performed only by licensed or registered persons, and if the tenant has given notice under RCW 59.18.070, although no estimate shall be necessary under this subsection, the tenant may repair the defective condition in a workmanlike manner and upon completion of the repair and an opportunity for inspection, the tenant may deduct the cost of repair from the rent. Repairs under this subsection are limited to defects within the leased premises. The cost per repair shall not exceed one month’s rent of the unit and the total costs of repairs deducted in any twelve-month period under this subsection shall not exceed one month’s rent of the unit.

(4) The provisions of this section shall not:

(a) Create a relationship of employer and employee between landlord and tenant; or
(b) Create liability under the workers’ compensation act; or
(c) Constitute the tenant as an agent of the landlord for the purposes of *RCW 60.04.010 and 60.04.040.

(5) Any repair work performed under the provisions of this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or regulation. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

(6) Nothing in this section shall prevent the tenant from agreeing with the landlord to undertake the repairs himself or herself in return for cash payment or a reasonable reduction in rent. Any such agreement does not alter the landlord’s obligations under this chapter. [2011 c 132 § 5; 2010 c 8 § 19021; 1989 c 342 § 5; 1987 c 185 § 35; 1973 1st ex.s. c 207 § 10.]

*Reviser’s note: RCW 60.04.010 and 60.04.040 were repealed by 1991 c 281 § 31, effective April 1, 1992.

Intent—Severability—1987 c 185: See notes following RCW 51.12.130.

59.18.110 Failure of landlord to carry out duties—Determination by court or arbitrator—Judgment against landlord for diminished rental value and repair costs—Enforcement of judgment—Reduction in rent under certain conditions. (1) If a court or an arbitrator determines that:

(a) A landlord has failed to carry out a duty or duties imposed by RCW 59.18.060; and
(b) A reasonable time has passed for the landlord to remedy the defective condition following notice to the landlord in accordance with RCW 59.18.070 or such other time as may be allotted by the court or arbitrator; the court or arbitrator may determine the diminution in rental value of the premises due to the defective condition and shall render judgment against the landlord for the rent paid in excess of such diminished rental value from the time of notice of such defect to the time of decision and any costs of repair done pursuant to RCW 59.18.100 for which no deduction has been previously made. Such decisions may be enforced as other judgments at law and shall be available to the tenant as a set-off against any existing or subsequent claims of the landlord.

The court or arbitrator may also authorize the tenant to make or contract to make further corrective repairs and the tenant may deduct from the rent the cost of such repairs, as long as the court specifies a time period in which the landlord may make such repairs before the tenant may commence or contract for such repairs.

(2) The tenant shall not be obligated to pay rent in excess of the diminished rental value of the premises until such defect or defects are corrected by the landlord or until the court or arbitrator determines otherwise. [2011 c 132 § 7; 1973 1st ex.s. c 207 § 11.]

59.18.130 Duties of tenant. Each tenant shall pay the rental amount at such times and in such amounts as provided for in the rental agreement or as otherwise provided by law and comply with all obligations imposed upon tenants by
applicable provisions of all municipal, county, and state codes, statutes, ordinances, and regulations, and in addition shall:

1. Keep that part of the premises which he or she occupies and uses as clean and sanitary as the conditions of the premises permit;

2. Properly dispose of his or her dwelling unit all rubbish, garbage, and other organic or flammable waste, in a clean and sanitary manner at reasonable and regular intervals, and assume all costs of extermination and fumigation for infestation caused by the tenant;

3. Properly use and operate all electrical, gas, heating, plumbing and other fixtures and appliances supplied by the landlord;

4. Not intentionally or negligently destroy, deface, damage, impair, or remove any part of the structure or dwelling, with the appurtenances thereto, including the facilities, equipment, furniture, furnishings, and appliances, or permit any member of his or her family, invitee, licensee, or any person acting under his or her control to do so. Violations may be prosecuted under chapter 9A.48 RCW if the destruction is intentional and malicious;

5. Not permit a nuisance or common waste;

6. Not engage in drug-related activity at the rental premises, or allow a subtenant, sublessee, resident, or anyone else to engage in drug-related activity at the rental premises with the knowledge or consent of the tenant. "Drug-related activity" means that activity which constitutes a violation of chapter 69.41, 69.50, or 69.52 RCW;

7. Maintain the smoke detection device in accordance with the manufacturer’s recommendations, including the replacement of batteries where required for the proper operation of the smoke detection device, as required in RCW 43.44.110(3);

8. Not engage in any activity at the rental premises that is:
   a) Imminently hazardous to the physical safety of other persons on the premises; and
   b) i) Entails physical assaults upon another person which result in an arrest; or
   ii) Entails the unlawful use of a firearm or other deadly weapon as defined in RCW 9A.04.110 which results in an arrest, including threatening another tenant or the landlord with a firearm or other deadly weapon under RCW 59.18.352. Nothing in this subsection (8) shall authorize the termination of tenancy and eviction of the victim of a physical assault or the victim of the use or threatened use of a firearm or other deadly weapon;

9. Not engage in any gang-related activity at the premises, as defined in RCW 59.18.030, or allow another to engage in such activity at the premises, that renders people in at least two or more dwelling units or residences insecure in life or the use of property or that injures or endangers the safety or health of people in at least two or more dwelling units or residences. In determining whether a tenant is engaged in gang-related activity, a court should consider the totality of the circumstances, including factors such as whether there have been a significant number of complaints to the landlord about the tenant’s activities at the property, damages done by the tenant to the property, including the property of other tenants or neighbors, harassment or threats made by the tenant to other tenants or neighbors that have been reported to law enforcement agencies, any police incident reports involving the tenant, and the tenant’s criminal history; and

10. Upon termination and vacation, restore the premises to their initial condition except for reasonable wear and tear or conditions caused by failure of the landlord to comply with his or her obligations under this chapter. The tenant shall not be charged for normal cleaning if he or she has paid a nonrefundable cleaning fee. [2011 c 132 § 8; 1998 c 276 § 2; 1992 c 38 § 2; 1991 c 154 § 3; 1988 c 150 § 2; 1983 c 264 § 3; 1973 1st ex.s. c 207 § 13.]

Intent—Effective date—1992 c 38: See notes following RCW 59.18.352.

Legislative findings—1988 c 150: "The legislature finds that the illegal use, sale, and manufacture of drugs and other drug-related activities is a statewide problem. Innocent persons, especially children, who come into contact with illegal drug-related activity within their own neighborhoods are seriously and adversely affected. Rental property is damaged and devalued by drug activities. The legislature further finds that a rapid and efficient response is necessary to: (1) Lessen the occurrence of drug-related enterprises; (2) reduce the drug use and trafficking problems within this state; and (3) reduce the damage caused to persons and property by drug activity. The legislature finds that it is beneficial to rental property owners and to the public to permit landlords to quickly and efficiently evict persons who engage in drug-related activities at rented premises." [1988 c 150 § 1.]

59.18.150 Landlord’s right of entry—Purposes—Searches by fire officials—Searches by code enforcement officials for inspection purposes—Conditions. (1) The tenant shall not unreasonably withhold consent to the landlord to enter into the dwelling unit in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the dwelling unit to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(2) Upon written notice of intent to seek a search warrant, when a tenant or landlord denies a fire official the right to search a dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the dwelling unit sought to be searched that criminal fire code violations exist in the dwelling unit, a court of competent jurisdiction shall issue a warrant allowing a search of the dwelling unit.

Upon written notice of intent to seek a search warrant, when a landlord denies a fire official the right to search the common areas of the rental building other than the dwelling unit, a fire official may immediately seek a search warrant and, upon a showing of probable cause specific to the common area sought to be searched that criminal fire code violations exist in those areas, a court of competent jurisdiction shall issue a warrant allowing a search of the common areas in which the violation is alleged.

The superior court and courts of limited jurisdiction organized under Titles 3, 35, and 35A RCW have jurisdiction to issue such search warrants. Evidence obtained pursuant to any such search may be used in a civil or administrative enforcement action.

(3) As used in this section:
   a) "Common areas" means a common area or those areas that contain electrical, plumbing, and mechanical
equipment and facilities used for the operation of the rental building.

(b) "Fire official" means any fire official authorized to enforce the state or local fire code.

(4)(a) A search warrant may be issued by a judge of a superior court or a court of limited jurisdiction under Titles 3, 35, and 35A RCW to a code enforcement official of the state or of any county, city, or other political subdivision for the purpose of allowing the inspection of any specified dwelling unit and premises to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(b) A search warrant must only be issued upon application of a designated officer or employee of a county or city prosecuting or regulatory authority supported by an affidavit or declaration made under oath or upon sworn testimony before the judge, establishing probable cause that a violation of a state or local law, regulation, or ordinance regarding rental housing exists and endangers the health or safety of the tenant or adjoining neighbors. In addition, the affidavit must contain a statement that consent to inspect has been sought from the owner and the tenant but could not be obtained because the owner or the tenant either refused or failed to respond within five days, or a statement setting forth facts or circumstances reasonably justifying the failure to seek such consent. A landlord may not take or threaten to take reprisals or retaliatory action as defined in RCW 59.18.240 against a tenant who gives consent to a code enforcement official of the state or of any county, city, or other political subdivision to inspect his or her dwelling unit to determine the presence of an unsafe building condition or a violation of any building regulation, statute, or ordinance.

(c) In determining probable cause, the judge is not limited to evidence of specific knowledge, but may also consider any of the following:

(i) The age and general condition of the premises;
(ii) Previous violations or hazards found present in the premises;
(iii) The type of premises;
(iv) The purposes for which the premises are used; or
(v) The presence of hazards or violations in and the general condition of premises near the premises sought to be inspected.

(d) Before issuing an inspection warrant, the judge shall find that the applicant has: (i) Provided written notice of the date, approximate time, and court in which the applicant will be seeking the warrant to the owner and, if the applicant reasonably believes the dwelling unit or rental property to be inspected is in the lawful possession of a tenant, to the tenant; and (ii) posted a copy of the notice on the exterior of the dwelling unit or rental property to be inspected. The judge shall also allow the owner and any tenant who appears during consideration of the application for the warrant to defend against or in support of the issuance of the warrant.

(e) All warrants must include at least the following:

(i) The name of the agency and building official requesting the warrant and authorized to conduct an inspection pursuant to the warrant;
(ii) A reasonable description of the premises and items to be inspected; and
(iii) A brief description of the purposes of the inspection.

(f) An inspection warrant is effective for the time specified in the warrant, but not for a period of more than ten days unless it is extended or renewed by the judge who signed and issued the original warrant upon satisfying himself or herself that the extension or renewal is in the public interest. The inspection warrant must be executed and returned to the judge by whom it was issued within the time specified in the warrant or within the extended or renewed time. After the expiration of the time specified in the warrant, the warrant, unless executed, is void.

(g) An inspection pursuant to a warrant must not be made:

(i) Between 7:00 p.m. of any day and 8:00 a.m. of the succeeding day, on Saturday or Sunday, or on any legal holiday, unless the owner or, if occupied, the tenant specifies a preference for inspection during such hours or on such a day;
(ii) Without the presence of an owner or occupant over the age of eighteen years or a person designated by the owner or occupant unless specifically authorized by a judge upon a showing that the authority is reasonably necessary to effectuate the purpose of the search warrant; or
(iii) By means of forcible entry, except that a judge may expressly authorize a forcible entry when:

(A) Facts are shown that are sufficient to create a reasonable suspicion of a violation of a state or local law or rule relating to municipal or county building, fire, safety, environmental, animal control, land use, plumbing, electrical, health, minimum housing, or zoning standards that, if the violation existed, would be an immediate threat to the health or safety of the tenant; or

(B) Facts are shown establishing that reasonable attempts to serve a previous warrant have been unsuccessful.

(h) Immediate execution of a warrant is prohibited, except when necessary to prevent loss of life or property.

(i) Any person who willfully refuses to permit inspection, obstructs inspection, or aids in the obstruction of an inspection of property authorized by warrant issued pursuant to this section is subject to remedial and punitive sanctions for contempt of court under chapter 7.21 RCW. Such conduct may also be subject to a civil penalty imposed by local ordinance that takes into consideration the facts and circumstances and the severity of the violation.

(5) The landlord may enter the dwelling unit without consent of the tenant in case of emergency or abandonment.

(6) The landlord shall not abuse the right of access or use it to harass the tenant, and shall provide notice before entry as provided in this subsection. Except in the case of emergency or if it is impracticable to do so, the landlord shall give the tenant at least two days' written notice of his or her intent to enter and shall enter only at reasonable times. The notice must state the exact time and date or dates of entry or specify a period of time during that date or dates in which the entry will occur, in which case the notice must specify the earliest and latest possible times of entry. The notice must also specify the telephone number to which the tenant may communicate any objection or request to reschedule the entry. The tenant shall not unreasonably withhold consent to the landlord to enter the dwelling unit at a specified time where the landlord has given at least one day's notice of intent to enter to exhibit the dwelling unit to prospective or actual purchasers or tenants. A landlord shall not unreasonably interfere

Residential Landlord-Tenant Act 59.18.150

[2011 RCW Supp—page 1221]
with a tenant’s enjoyment of the rented dwelling unit by excessively exhibiting the dwelling unit.

(7) The landlord has no other right of access except by court order, arbitrator or by consent of the tenant.

(8) A landlord or tenant who continues to violate the rights of the tenant or landlord with respect to the duties imposed on the other as set forth in this section after being served with one written notification alleging in good faith violations of this section listing the date and time of the violation shall be liable for up to one hundred dollars for each violation after receipt of the notice. The prevailing landlord or tenant may recover costs of the suit or arbitration under this section, and may also recover reasonable attorneys’ fees.

(9) Nothing in this section is intended to (a) abrogate or modify in any way any common law right or privilege or (b) affect the common law as it relates to a local municipality’s right of entry under emergency or exigent circumstances.

59.18.180 Tenant’s failure to comply with statutory duties—Landlord to give tenant written notice of noncompliance—Landlord’s remedies. (1) If the tenant fails to comply with any portion of RCW 59.18.130 or 59.18.140, and such noncompliance can (a) substantially affect the health and safety of the tenant or other tenants, or substantially increase the hazards of fire or accident, and (b) be remedied by repair, replacement of a damaged item, or cleaning, the tenant shall comply within thirty days after written notice by the landlord specifying the noncompliance, or, in the case of emergency as promptly as conditions require. If the tenant fails to remedy the noncompliance within that period the landlord may enter the dwelling unit and cause the work to be done and submit an itemized bill of the actual and reasonable cost of repair, to be payable on the next date when periodic rent is due, or on terms mutually agreed to by the landlord and tenant, or immediately if the rental agreement has terminated. The tenant shall have a defense to an unlawful detainer action filed solely on this ground if it is determined at the hearing authorized under the provisions of chapter 59.12 RCW that the tenant is in substantial compliance with the provisions of this section, or if the tenant remedies the noncomplying condition within the thirty day period provided for above or any shorter period determined at the hearing to have been required because of an emergency: PROVIDED, That if the defective condition is remedied after the commencement of an unlawful detainer action, the tenant may be liable to the landlord for statutory costs and reasonable attorneys’ fees.

(2) Any other substantial noncompliance by the tenant of RCW 59.18.130 or 59.18.140 constitutes a ground for commencing an action in unlawful detainer in accordance with chapter 59.12 RCW. A landlord may commence such action at any time after written notice pursuant to chapter 59.12 RCW.

(3) If drug-related activity is alleged to be a basis for termination of tenancy under RCW 59.18.130(6), 59.12.030(5), or 59.20.140(5), the compliance provisions of this section do not apply and the landlord may proceed directly to an unlawful detainer action.

(4) If criminal activity on the premises as described in RCW 59.18.130(8) is alleged to be the basis for termination of the tenancy, and the tenant is arrested as a result of this activity, then the compliance provisions of this section do not apply and the landlord may proceed directly to an unlawful detainer action against the tenant who was arrested for this activity.

(5) If gang-related activity, as prohibited under RCW 59.18.130(9), is alleged to be the basis for termination of the tenancy, then the compliance provisions of this section do not apply and the landlord may proceed directly to an unlawful detainer action in accordance with chapter 59.12 RCW, and a landlord may commence such an action at any time after written notice under chapter 59.12 RCW.

(6) A landlord may not be held liable in any cause of action for bringing an unlawful detainer action against a tenant for drug-related activity, for creating an imminent hazard to the physical safety of others, or for engaging in gang-related activity that renders people in at least two or more dwelling units or residences insecure in life or the use of property or that injures or endangers the safety or health of people in at least two or more dwelling units or residences under this section, if the unlawful detainer action was brought in good faith. Nothing in this section shall affect a landlord’s liability under RCW 59.18.380 to pay all damages sustained by the tenant should the writ of restitution be wrongfully sued out. [2011 c 132 § 10; 1998 c 276 § 3; 1992 c 38 § 3; 1988 c 150 § 7; 1973 1st ex.s. c 207 § 18.]

59.18.230 Waiver of chapter provisions prohibited—Provisions prohibited from rental agreement—Distress for rent abolished—Detention of personal property for rent—Remedies. (1) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. Such unenforceability shall not affect other provisions of the agreement which can be given effect without them.

(2) No rental agreement may provide that the tenant:
(a) Agrees to waive or to forgo rights or remedies under this chapter; or
(b) Authorizes any person to confess judgment on a claim arising out of the rental agreement; or
(c) Agrees to pay the landlord’s attorneys’ fees, except as authorized in this chapter; or
(d) Agrees to the exculpation or limitation of any liability of the landlord arising under law or to indemnify the landlord for that liability or the costs connected therewith; or
(e) And landlord have agreed to a particular arbitrator at the time the rental agreement is entered into.

(4) The common law right of the landlord of distress for rent is hereby abolished for property covered by this chapter. Any provision in a rental agreement creating a lien upon the personal property of the tenant or authorizing a distress for rent is null and void and of no force and effect. Any landlord who takes or detains the personal property of a tenant without the specific written consent of the tenant to such incident of taking or detention, and who, after written demand by the tenant for the return of his or her personal property, refuses to return the same promptly shall be liable to the tenant for the value of the property retained, actual damages, and if the refusal is intentional, may also be liable for damages of up to five hundred dollars per day but not to exceed five thousand dollars, for each day or part of a day that the tenant is deprived of his or her property. The prevailing party may recover his or her costs of suit and a reasonable attorneys’ fee.

In any action, including actions pursuant to chapters 7.64 or 12.28 RCW, brought by a tenant or other person to recover possession of his or her personal property taken or detained by a landlord in violation of this section, the court, upon motion and after notice to the opposing parties, may waive or reduce any bond requirements where it appears to be to the satisfaction of the court that the moving party is proceeding in good faith and has, prima facie, a meritorious claim for satisfaction of the court that the moving party is proceeding in good faith and has, prima facie, a meritorious claim for

## 59.18.253 Deposit to secure occupancy by tenant—Landlord’s duties—Violation

(1) It shall be unlawful for a landlord to require a fee or deposit from a prospective tenant for the privilege of being placed on a waiting list to be considered as a tenant for a dwelling unit.

(2) A landlord who charges a prospective tenant a fee or deposit to hold a dwelling unit or secure that the prospective tenant will move into a dwelling unit, after the dwelling unit has been offered to the prospective tenant, must provide the prospective tenant with a receipt for the fee or deposit, together with a written statement of the conditions, if any, under which the fee or deposit may be retained, immediately upon payment of the fee or deposit.

(3)(a) If the prospective tenant occupies the dwelling unit, then the landlord must credit the amount of the fee or deposit to the tenant’s first month’s rent or to the tenant’s security deposit. If the prospective tenant does not occupy the dwelling unit, then the landlord may keep up to the full amount of any fee or deposit that was paid by the prospective tenant to secure the tenancy, so long as it is in accordance with the written statement of conditions furnished to the prospective tenant at the time the fee or deposit was charged.

(b) A fee or deposit to hold a dwelling unit or secure that the prospective tenant will move into a dwelling unit under this subsection does not include any cost charged by a landlord to use a tenant screening service or obtain background information on a prospective tenant.

(c) A portion of the fee or deposit may not be withheld if the dwelling unit fails a tenant-based rental assistance program inspection by a qualified inspector as defined in RCW 59.18.030. If the inspection does not occur within ten days from the date of collection of the fee or deposit or a longer period of time that the landlord and tenant may agree upon, the landlord may notify the tenant that the dwelling unit will no longer be held. The landlord shall promptly return the fee or deposit to the prospective tenant after the landlord is notified that the dwelling unit failed the inspection or the landlord has notified the tenant that the dwelling unit will no longer be held. The landlord complies with this section by promptly depositing the fee or deposit in the United States mail properly addressed with first-class postage prepaid.

(4) In any action brought for a violation of this section, a landlord may be liable for the amount of the fee or deposit charged. In addition, any landlord who violates this section may be liable to the prospective tenant for an amount not to exceed two times the fee or deposit. The prevailing party may also recover court costs and a reasonable attorneys’ fee.

tenant for the amount of the deposit, and the prevailing party may recover court costs and reasonable attorneys’ fees. This section does not limit the tenant’s right to recover moneys paid as damages or security under RCW 59.18.280. [2011 c 132 § 13; 1983 c 264 § 6; 1973 1st ex.s. c 207 § 26.]

59.18.270 Moneys paid as deposit or security for performance by tenant—Deposit by landlord in trust account—Receipt—Remedies under foreclosure—Claims. All moneys paid to the landlord by the tenant as a deposit as security for performance of the tenant’s obligations in a lease or rental agreement shall promptly be deposited by the landlord in a trust account, maintained by the landlord for the purpose of holding such security deposits for tenants of the landlord, in a financial institution as defined by RCW 30.22.041 or licensed escrow agent located in Washington. Unless otherwise agreed in writing, the landlord shall be entitled to receipt of interest paid on such trust account deposits. The landlord shall provide the tenant with a written receipt for the deposit and shall provide written notice of the name and address and location of the depository and any subsequent change thereof. If during a tenancy the status of landlord is transferred to another, any sums in the deposit trust account affected by such transfer shall simultaneously be transferred to an equivalent trust account of the successor landlord, and the successor landlord shall promptly notify the tenant of the transfer and of the name, address, and location of the new depository. If, during the tenancy, the tenant’s dwelling unit is foreclosed upon and the tenant’s deposit is not transferred to the successor after the foreclosure sale or other transfer of the property from the foreclosed-upon owner to a successor, the foreclosed-upon owner shall promptly refund the full deposit to the tenant immediately after the foreclosure sale or transfer. If the foreclosed-upon owner does not either immediately refund the full deposit to the tenant or transfer the deposit to the successor, the foreclosed-upon owner is liable to the tenant for damages up to two times the amount of the deposit. In any action brought by the tenant to recover the deposit, the prevailing party is entitled to recover the costs of suit or arbitration, including reasonable attorneys’ fees. The tenant’s claim to any moneys paid under this section shall be prior to that of any creditor of the landlord, including a trustee in bankruptcy or receiver, even if such moneys are commingled. [2011 c 132 § 14; 2004 c 136 § 1; 1975 1st ex.s. c 233 § 1; 1973 1st ex.s. c 207 § 27.]

59.18.285 Nonrefundable fees not to be designated as deposit—Written rental agreement required—Remedies. No moneys paid to the landlord which are nonrefundable may be designated as a deposit or as part of any deposit. If any moneys are paid to the landlord as a nonrefundable fee, the rental agreement shall be in writing and shall clearly specify that the fee is nonrefundable. If the landlord fails to provide a written rental agreement, the landlord is liable to the tenant for the amount of any fees collected as nonrefundable fees. If the written rental agreement fails to specify that the fee is nonrefundable, the fee must be treated as a refundable deposit under RCW 59.18.260, 59.18.270, and 59.18.280. [2011 c 132 § 15; 1983 c 264 § 5.]

59.18.310 Default in rent—Abandonment—Liability of tenant—Landlord’s remedies—Sale of tenant’s property by landlord. If the tenant defaults in the payment of rent and reasonably indicates by words or actions the intention not to resume tenancy, the tenant shall be liable for the following for such abandonment: PROVIDED, That upon learning of such abandonment of the premises the landlord shall make a reasonable effort to mitigate the damages resulting from such abandonment:

(1) When the tenancy is month-to-month, the tenant shall be liable for the rent for the thirty days following either the date the landlord learns of the abandonment, or the date the next regular rental payment would have become due, whichever first occurs.

(2) When the tenancy is for a term greater than month-to-month, the tenant shall be liable for the lesser of the following:

(a) The entire rent due for the remainder of the term; or

(b) All rent accrued during the period reasonably necessary to reenter the premises at a fair rental, plus the difference between such fair rental and the rent agreed to in the prior agreement, plus actual costs incurred by the landlord in reentering the premises together with statutory court costs and reasonable attorneys’ fees.

In the event of such abandonment of tenancy and an accompanying default in the payment of rent by the tenant, the landlord may immediately enter and take possession of any property of the tenant found on the premises and may store the same in any reasonably secure place. A landlord shall make reasonable efforts to provide the tenant with a notice containing the name and address of the landlord and the place where the property is stored and informing the tenant that a sale or disposition of the property shall take place pursuant to this section, and the date of the sale or disposal, and further informing the tenant of the right under RCW 59.18.230 to have the property returned prior to its sale or disposal. The landlord’s efforts at notice under this subsection shall be satisfied by the mailing by first-class mail, postage prepaid, of such notice to the tenant’s last known address and to any other address provided in writing by the tenant or actually known to the landlord where the tenant might receive the notice. The landlord shall return the property to the tenant after the tenant has paid the actual or reasonable drayage and storage costs whichever is less if the tenant makes a written request for the return of the property before the landlord has sold or disposed of the property. After forty-five days from the date the notice of such sale or disposal is mailed or personally delivered to the tenant, the landlord may sell or dispose of such property, including personal papers, family pictures, and keepsakes. The landlord may apply any income derived therefrom against moneys due the landlord, including actual or reasonable costs whichever is less of drayage and storage of the property. If the property has a cumulative value of two hundred fifty dollars or less, the landlord may sell or dispose of the property in the manner provided in this section, except for personal papers, family pictures, and keepsakes, after seven days from the date the notice of sale or disposal is mailed or personally delivered to the tenant: PROVIDED, That the landlord shall make reasonable efforts, as defined in this section, to notify the tenant. Any excess income derived from the sale of such property
under this section shall be held by the landlord for the benefit of the tenant for a period of one year from the date of sale, and if no claim is made or action commenced by the tenant for the recovery thereof prior to the expiration of that period of time, the balance shall be the property of the landlord, including any interest paid on the income. [2011 c 132 § 16; 1991 c 220 § 1; 1989 c 342 § 10; 1983 c 264 § 8; 1973 1st ex.s. c 207 § 31.]

59.18.312 Writ of restitution—Storage and sale of tenant’s property—Use of proceeds from sale—Service by sheriff, form. (1) A landlord shall, upon the execution of a writ of restitution by the sheriff, enter and take possession of any property of the tenant found on the premises. The landlord may store the property in any reasonably secure place, including the premises, and sell or dispose of the property as provided under subsection (3) of this section. The landlord must store the property if the tenant serves a written request to do so on the landlord or the landlord’s representative by any of the methods described in RCW 59.18.365 no later than three days after service of the writ. A landlord may elect to store the property without such a request unless the tenant or the tenant’s representative objects to the storage of the property. If the tenant or the tenant’s representative objects to the storage of the property or the landlord elects not to store the property because the tenant has not served a written request on the landlord to do so, the property shall be deposited upon the nearest public property and may not be stored by the landlord. If the landlord knows that the tenant is a person with a disability as defined in RCW 49.60.040 (as amended by chapter 317, Laws of 2007) and the disability impairs or prevents the tenant or the tenant’s representative from making a written request for storage, it must be presumed that the tenant has requested the storage of the property as provided in this section unless the tenant objects in writing.

(2) Property stored under this section shall be returned to the tenant after the tenant has paid the actual or reasonable drayage and storage costs, whichever is less, or until it is sold or disposed of by the landlord in accordance with subsection (3) of this section.

(3) Prior to the sale of property stored pursuant to this section with a cumulative value of over two hundred fifty dollars, the landlord shall notify the tenant of the pending sale. After thirty days from the date the notice of the sale is mailed or personally delivered to the tenant’s last known address, the landlord may sell the property, including personal papers, family pictures, and keepsakes, and dispose of any property not sold.

If the property that is being stored has a cumulative value of two hundred fifty dollars or less, then the landlord may sell or dispose of the property in the manner provided in this section, except for personal papers, family pictures, and keepsakes. Prior to the sale or disposal of property stored pursuant to this section with a cumulative value of two hundred fifty dollars or less, the landlord shall notify the tenant of the pending sale or disposal. The notice shall either be mailed to the tenant’s last known address or personally delivered to the tenant. After seven days from the date the notice is mailed or delivered to the tenant, the landlord may sell or dispose of the property.

The landlord may apply any income derived from the sale of the tenant’s property against moneys due the landlord for drayage and storage of the property. The amount of sale proceeds that the landlord may apply towards such costs may not exceed the actual or reasonable costs for drayage and storage of the property, whichever is less. Any excess income derived from the sale of such property shall be held by the landlord for the benefit of the tenant for a period of one year from the date of the sale. If no claim is made or action commenced by the tenant for the recovery of the excess income prior to the expiration of that period of time, then the balance shall be treated as abandoned property and deposited by the landlord with the department of revenue pursuant to chapter 63.29 RCW.

(4) Nothing in this section shall be construed as creating a right of distress for rent.

(5) When serving a tenant with a writ of restitution pursuant to RCW 59.12.100 and 59.18.410, the sheriff shall provide written notice to the tenant that: (a) Upon execution of the writ, the landlord must store the tenant’s property only if the tenant serves a written request on the landlord to do so no later than three days after service of the writ; (b) the notice to the landlord requesting storage may be served by personally delivering or mailing a copy of the request to the landlord at the address identified in, or by facsimile to the facsimile number listed on, the form described under subsection (6) of this section; (c) if the tenant has not made such a written request to the landlord, the landlord may elect to either store the tenant’s property or place the tenant’s property on the nearest public property unless the tenant objects; (d) if the property is stored, it may not be returned to the tenant unless the tenant pays the actual or reasonable costs of drayage and storage, whichever is less, within thirty days; (e) if the tenant or the tenant’s representative objects to storage of the property, it will not be stored but will be placed on the nearest public property; and (f) the landlord may sell or otherwise dispose of the property as provided in subsection (3) of this section if the landlord provides written notice to the tenant first.

(6) When serving a tenant with a writ of restitution under subsection (5) of this section, the sheriff shall also serve the tenant with a form provided by the landlord that can be used to request the landlord to store the tenant’s property, which must be substantially in the following form:

At the time and place fixed for the hearing of plaintiff’s motion for a writ of restitution, the defendant, or any person in possession or claiming possession of the property, may answer, orally or in writing, and assert any legal or equitable defense or set-off arising out of the tenancy. If the answer is oral the substance thereof shall be endorsed on the complaint by the court. The court shall examine the parties and witnesses orally to ascertain the merits of the complaint and answer, and if it shall appear that the plaintiff has the right to be restored to possession of the property, the court shall enter an order directing the issuance of a writ of restitution, returnable ten days after its date, restoring to the plaintiff possession of the property and if it shall appear to the court that there is no substantial issue of material fact of the right of the plaintiff to be granted other relief as prayed for in the complaint and provided for in this chapter, the court may enter an order and judgment granting so much of such relief as may be sustained by the proof, and the court may grant such other relief as may be prayed for in the plaintiff’s complaint and provided for in this chapter, then the court shall enter an order denying any relief sought by the plaintiff for which the court has determined that the plaintiff has no right as a matter of law: PROVIDED, That within three days after the service of the writ of restitution issued prior to final judgment, the defendant, or person in possession of the property, may, in any action for the recovery of possession of the property for failure to pay rent, stay the execution of the writ pending final judgment by paying into court or to the plaintiff, as the court directs, all rent found to be due, and in addition by paying, on a monthly basis pending final judgment, an amount equal to the monthly rent called for by the lease or rental agreement at the time the complaint was filed: PROVIDED FURTHER, That before any writ shall issue prior to final judgment the plaintiff shall execute to the defendant and file in the court a bond in such sum as the court may order, with sufficient surety to be approved by the clerk, conditioned that the plaintiff will prosecute his or her action without delay, and will pay all costs that may be adjudged to the defendant, and all damages which he or she may sustain by reason of the writ of restitution having been issued, should the same be wrongfully sued out. The court shall also enter an order directing the parties to proceed to trial on the complaint and answer in the usual manner.

If it appears to the court that the plaintiff should not be restored to possession of the property, the court shall deny plaintiff’s motion for a writ of restitution and enter an order directing the parties to proceed to trial within thirty days on the complaint and answer. If it appears to the court that there is a substantial issue of material fact as to whether or not the plaintiff is entitled to other relief as is prayed for in plaintiff’s complaint and provided for in this chapter, or that there is a genuine issue of a material fact pertaining to a legal or equitable defense or set-off raised in the defendant’s answer, the court shall grant or deny so much of plaintiff’s other relief sought and so much of defendant’s defenses or set-off claimed, as may be proper. 59.18.390 Forcible entry or detainer or unlawful detainer actions—Writ of restitution—Service—Defendant’s bond. (1) The sheriff shall, upon receiving the writ of restitution, forthwith serve a copy thereof upon the defendant, his or her agent, or attorney, or a person in possession of the premises, and shall not execute the same for three days thereafter, and the defendant, or person in possession of the premises within three days after the service of the writ of restitution may execute to the plaintiff a bond to be filed with and approved by the clerk of the court in such sum as may be fixed by the judge, with sufficient surety to be approved by the clerk of the court, conditioned that they will pay to the plaintiff such sum as the plaintiff may recover for the use and occupation of the premises, or any rent found due, together with all damages the plaintiff may sustain by reason of the defendant occupying or keeping possession of the premises, together with all damages which the court theretofore has awarded to the plaintiff as provided in this chapter, and also

all the costs of the action. If the writ of restitution was issued after alternative service provided for in RCW 59.18.055, the court shall determine the amount of the bond after considering the rent claimed and any other factors the court deems relevant. The plaintiff, his or her agent or attorneys, shall have notice of the time and place where the court or judge thereof shall fix the amount of the defendant’s bond, and shall have notice and a reasonable opportunity to examine into the qualification and sufficiency of the sureties upon the bond before the bond shall be approved by the clerk. After the issuance of a writ of restitution, acceptance of a payment by the landlord or plaintiff that only partially satisfies the judgment will not invalidate the writ unless pursuant to a written agreement executed by both parties. The eviction will not be postponed or stopped unless a copy of that written agreement is provided to the sheriff. It is the responsibility of the tenant or defendant to ensure a copy of the agreement is provided to the sheriff. Upon receipt of the agreement the sheriff will cease action unless ordered to do otherwise by the court. The writ of restitution and the notice that accompanies the writ of restitution required under RCW 59.18.312 shall conspicuously state in bold face type, all capitals, not less than twelve points information about partial payments as set forth in subsection (2) of this section. If the writ of restitution has been based upon a finding by the court that the tenant, subtenant, sublessee, or a person residing at the rental premises has engaged in drug-related activity or has allowed any other person residing at the rental premises has engaged in drug-related activity or has allowed any other person to engage in drug-related activity at those premises with his or her knowledge or approval, neither the tenant, the defendant, nor a person in possession of the premises shall be entitled to post a bond in order to retain possession of the premises. The writ may be served by the sheriff; in the event he or she shall be unable to find the defendant, an agent or attorney, or a person in possession of the premises, by affixing a copy of the writ in a conspicuous place upon the premises: PROVIDED, That the sheriff shall not require any bond for the service or execution of the writ. The sheriff shall be immune from all civil liability for serving and enforcing writs of restitution unless the sheriff is grossly negligent in carrying out his or her duty.

(2) The notice accompanying a writ of restitution required under RCW 59.18.312 shall be substantially similar to the following:

**IMPORTANT NOTICE - PARTIAL PAYMENTS**

**YOUR LANDLORD’S ACCEPTANCE OF A PARTIAL PAYMENT FROM YOU AFTER SERVICE OF THIS WRIT OF RESTITUTION WILL NOT AUTOMATICALLY POSTPONE OR STOP YOUR EVICTION. IF YOU HAVE A WRITTEN AGREEMENT WITH YOUR LANDLORD THAT THE EVICTION WILL BE POSTPONED OR STOPPED, IT IS YOUR RESPONSIBILITY TO PROVIDE A COPY OF THE AGREEMENT TO THE SHERIFF. THE SHERIFF WILL NOT CEASE ACTION UNLESS YOU PROVIDE A COPY OF THE AGREEMENT. AT THE DIRECTION OF THE COURT THE SHERIFF MAY TAKE FURTHER ACTION.**

59.20.190 Health and sanitation standards—Penalties. All state board of health rules applicable to the health and sanitation of mobile home parks shall be enforced by the city, county, city-county, or district health officer of the jurisdiction in which the mobile home park is located, upon notice of a violation to such health officer. Failure to remedy the violation after enforcement efforts are made may result in a fine being imposed on the park owner, or tenant as may be applicable, by the enforcing governmental body of up to one hundred dollars per day, depending on the degree of risk of injury or illness to persons in or around the park. 59.20.300 Manufactured/mobile home communities—Notice of sale. (1) A landlord must provide a written notice of sale of a manufactured/mobile home community by certified mail or personal delivery to:
(a) Each tenant of the manufactured/mobile home community;
(b) The officers of any known qualified tenant organization;
(c) The office of mobile/manufactured home relocation assistance;
(d) The local government within whose jurisdiction all or part of the manufactured/mobile home community exists;
(e) The housing authority within whose jurisdiction all or part of the manufactured/mobile home community exists; and
(f) The Washington state housing finance commission.
(2) A notice of sale must include:
(a) A statement that the landlord intends to sell the manufactured/mobile home community; and
(b) The contact information of the landlord or landlord’s agent who is responsible for communicating with the qualified tenant organization or eligible organization regarding the sale of the property. [2011 c 158 § 5; 2008 c 116 § 4.]

Findings—Intent—2008 c 116: “(1) The legislature finds that:
(a) Manufactured/mobile home communities provide a significant source of homeownership opportunities for Washington residents. However, the increasing closure and conversion of manufactured/mobile home communities to other uses, combined with increasing mobile home lot rents, low vacancy rates in existing manufactured/mobile home communities, and the extremely high cost of moving homes when manufactured/mobile home communities close, increasingly make manufactured/mobile home communities insecure for manufactured/mobile home tenants.
(b) Many tenants who reside in manufactured/mobile home communities are low-income households and senior citizens and are, therefore, those residents most in need of reasonable security in the siting of their manufactured/mobile homes because of the adverse impacts on the health, safety, and welfare of tenants forced to move due to closure, change of use, or discontinuance of manufactured/mobile home communities.
(c) The preservation of manufactured/mobile home communities:
(i) Is a more economical alternative than providing new replacement housing units for tenants who are displaced from closing manufactured/mobile home communities;
(ii) Is a strategy by which all local governments can meet the affordable housing needs of their residents;
(iii) Is a strategy by which local governments planning under RCW 36.70A.040 may meet the housing element of their comprehensive plans as it relates to the provision of housing affordable to all economic sectors; and
(iv) Should be a goal of all housing authorities and local governments;
(d) The loss of manufactured/mobile home communities should not result in a net loss of affordable housing, thus compromising the ability of local governments to meet the affordable housing needs of its residents and the ability of these local governments planning under RCW 36.70A.040 to meet affordable housing goals under chapter 36.70A RCW.
(e) The closure of manufactured/mobile home communities has serious environmental, safety, and financial impacts, including:
(i) Homes that cannot be moved to other locations add to Washington’s landfills;
(ii) Homes that are abandoned might attract crime; and
(iii) Vacant homes that will not be reoccupied need to be tested for asbestos and lead, and these toxic materials need to be removed prior to demolition.
(f) The self-governance aspect of tenants owning manufactured/mobile home communities results in a lesser usage of police resources as tenants experience fewer societal conflicts when they own the real estate as well as their homes.
(g) Housing authorities, by their creation and purpose, are the public body corporate and politic of the city or county responsible for addressing the availability of safe and sanitary dwelling accommodations available to persons of low income, senior citizens, and others.
(2) It is the intent of the legislature to encourage and facilitate the preservation of existing manufactured/mobile home communities in the event of voluntary sales of manufactured/mobile home communities and, to the extent necessary and possible, to involve manufactured/mobile home community tenants or an eligible organization representing the interests of tenants, such as a nonprofit organization, housing authority, or local government, in the preservation of manufactured/mobile home communities.” [2008 c 116 § 1.]

Severability—2008 c 116: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2008 c 116 § 8.]

59.22.010 Legislative findings. (1) The legislature finds:
(a) That manufactured housing and mobile home parks provide a source of low-cost housing to the low income, elderly, poor and infirmed, without which they could not afford private housing; but rising costs of mobile home park development and operation, as well as turnover in ownership, has resulted in mobile home park living becoming unaffordable to the low income, elderly, poor and infirmed, resulting in increased numbers of homeless persons, and persons who must look to public housing and public programs, increasing the burden on the state to meet the housing needs of its residents;
(b) That state government can play a vital role in addressing the problems confronted by mobile home park residents by providing assistance which makes it possible for mobile home park residents to acquire the mobile home parks in which they reside and convert them to resident ownership; and
(c) That to accomplish this purpose, information and technical support shall be made available through the department subject to the availability of amounts appropriated for this specific purpose.
(2) Therefore, it is the intent of the legislature, in order to maintain low-cost housing in mobile home parks to benefit the low income, elderly, poor and infirmed, to encourage and facilitate the conversion of mobile home parks to resident ownership, to protect low-income mobile home park residents from both physical and economic displacement, to obtain a high level of private financing for mobile home park conversions, and to help establish acceptance for resident-owned mobile home parks in the private market. MANUFACTURED/MOBILE HOME COMMUNITIES—DISPUTE RESOLUTION AND REGISTRATION

59.30.010 Findings—Purpose—Intent. (1) The legislature finds that there are factors unique to the relationship between a manufactured/mobile home tenant and a manufactured/mobile home community landlord. Once occupancy has commenced, the difficulty and expense in moving and relocating a manufactured/mobile home can affect the operation of market forces and lead to an inequality of the bargaining position of the parties. Once occupancy has commenced, a tenant may be subject to violations of the manufactured/mobile home landlord-tenant act without an adequate remedy at law. This chapter is created for the purpose of protecting the public, fostering fair and honest competition, and regulating the factors unique to the relationship between the manufactured/mobile home tenant and the manufactured/mobile home community landlord.
(2) The legislature finds that taking legal action against a manufactured/mobile home community landlord for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Manufactured/mobile home community landlords will also benefit by having access to a process that resolves disputes quickly and efficiently.
(3)(a) Therefore, it is the intent of the legislature to provide an equitable as well as a less costly and more efficient way for manufactured/mobile home tenants and manufactured/mobile home community landlords to resolve disputes, and to provide a mechanism for state authorities to quickly locate manufactured/mobile home community landlords.
(b) The legislature intends to authorize the department of revenue to register manufactured/mobile home communities and collect a registration fee.

(c) The legislature intends to authorize the attorney general to:

(i) Produce and distribute educational materials regarding the manufactured/mobile home landlord-tenant act and the manufactured/mobile home dispute resolution program created in RCW 59.30.030;

(ii) Administer the dispute resolution program by taking complaints, conducting investigations, making determinations, issuing fines and other penalties, and participating in administrative dispute resolutions, when necessary, when there are alleged violations of the manufactured/mobile home landlord-tenant act; and

(iii) Collect and annually report upon data related to disputes and violations, and make recommendations on modifying chapter 59.20 RCW, to the appropriate committees of the legislature. [2011 c 298 § 29; 2007 c 431 § 1.]

Implementation—2007 c 431: “The attorney general may take the necessary steps to ensure that this act is implemented on its effective date.” [2007 c 431 § 12.]

59.30.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Complainant" means a landlord, community owner, or tenant, who has a complaint alleging a violation of chapter 59.20 RCW.

(2) "Department" means the department of revenue.

(3) "Director" means the director of revenue.

(4) "Landlord" or "community owner" means the owner of a mobile home park or a manufactured housing community and includes the agents of a landlord.

(5) "Manufactured home" means a single-family dwelling built according to the United States department of housing and urban development manufactured home construction and safety standards act, which is a national preemptive building code. A manufactured home also: (a) Includes plumbing, heating, air conditioning, and electrical systems; (b) is built on a permanent chassis; and (c) can be transported in one or more sections with each section at least eight feet wide and forty feet long when transported, or when installed on the site is three hundred twenty square feet or greater.

(6) "Manufactured/mobile home" means either a manufactured home or a mobile home.

(7) "Manufactured/mobile home lot" means a portion of a manufactured/mobile home community designated as the location of one mobile home, manufactured home, or park model and its accessory buildings, and intended for the exclusive use as a primary residence by the occupants of that mobile home, manufactured home, or park model.

(8) "Mobile home" means a factory-built dwelling built prior to June 15, 1976, to standards other than the United States department of housing and urban development code, and acceptable under applicable state codes in effect at the time of construction or introduction of the home into the state. Mobile homes have not been built since the introduc-
(d) The number of lots within the manufactured/mobile home community that are subject to chapter 59.20 RCW; and

(e) The addresses of each manufactured/mobile home lot within the manufactured/mobile home community that is subject to chapter 59.20 RCW.

(3) Each manufactured/mobile home community landlord must pay to the department:

(a) A one-time master application fee for the first year of registration and, in subsequent years, an annual master renewal application fee, as provided in RCW 19.02.075; and

(b) An annual registration assessment of ten dollars for each manufactured/mobile home that is subject to chapter 59.20 RCW within a manufactured/mobile home community. Manufactured/mobile home community landlords may charge a maximum of five dollars of this assessment to tenants. Nine dollars of the registration assessment for each manufactured/mobile home must be deposited into the manufactured/mobile home dispute resolution program account created in RCW 59.30.070 to fund the costs associated with the manufactured/mobile home dispute resolution program. The remaining one dollar must be deposited into the master license fund created in RCW 19.02.210. The annual registration assessment must be reviewed once each biennium by the department and the attorney general and may be adjusted to reasonably relate to the cost of administering this chapter. The registration assessment may not exceed ten dollars, but if the assessment is reduced, the portion allocated to the manufactured/mobile home dispute resolution program account and the master license fund must be adjusted proportionately.

(4) Initial registrations of manufactured/mobile home communities must be filed before November 1, 2007, or within three months of the availability of mobile home lots for rent within the community. The manufactured/mobile home community is subject to a delinquency fee of two hundred fifty dollars for late initial registrations. The delinquency fee must be deposited in the master license fund. Renewal registrations that are not renewed by the expiration date as assigned by the department are subject to delinquency fees under RCW 19.02.085.

(5) Thirty days after sending late fee notices to a noncomplying landlord, the department may issue a warrant under RCW 59.30.090 for the unpaid registration assessment and delinquency fee. If a warrant is issued by the department under RCW 59.30.090, the department must add a penalty of ten percent of the amount of the unpaid registration assessment and delinquency fee, but not less than ten dollars. The warrant penalty must be deposited into the master license fund created in RCW 19.02.210. Chapter 82.32 RCW applies to the collection of warrants issued under RCW 59.30.090.

(6) Registration is effective on the date determined by the department, and the department must issue a registration number to each registered manufactured/mobile home community. The department must provide an expiration date, assigned by the department, to each manufactured/mobile home community who registers. [2011 c 298 § 31; 2007 c 431 § 6.]

### Database

The department must have the capability to compile, update, and maintain the most accurate database possible of all the manufactured/mobile home communities in the state, which must include all of the information collected under RCW 59.30.050, except for the addresses of each manufactured/mobile home lot within the manufactured/mobile home community that is subject to chapter 59.20 RCW, which must be made available to the attorney general and the department of commerce in a format to be determined by a collaborative agreement between the department and the attorney general. [2011 c 298 § 32; 2007 c 431 § 7.]

### Implementation

Implementation—2007 c 431: See note following RCW 59.30.010.

### Unpaid fees—Warrant—Interest—Lien

(1) If any registration assessment or delinquency fee is not paid in full within thirty days after sending late fee notices to a noncomplying landlord, the department may issue a warrant in the amount of such unpaid sums, together with interest thereon from the date the warrant is issued until the date of payment.

(2) Interest must be computed on a daily basis on the amount of outstanding registration assessment and delinquency fee imposed under RCW 59.30.050 at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year. Interest must be deposited in the master license fund created in RCW 19.02.210.

(3) The department may file a copy of the warrant with the clerk of the superior court of any county of the state in which real or personal property of the owner of the manufactured/mobile home community may be found. The clerk is entitled to a filing fee under RCW 36.18.012(10). Upon filing, the clerk must enter in the judgment docket the name of the owner of the manufactured/mobile home community mentioned in the warrant and the amount of the registration assessment and delinquency fee, or portion thereof, and any increases and penalties for which the warrant is issued, and the date when the copy is filed.

(4) The amount of the warrant so docketed becomes a lien upon the title to, and interest in, all real and personal property of the owner of the manufactured/mobile home community against whom the warrant is issued the same as a judgment in a civil case duly docketed in the office of the clerk. The warrant so docketed is sufficient to support the issuance of writs of garnishment in favor of the state in the manner provided by law in the case of judgments wholly or partially unsatisfied.

(5) The lien is not superior to bona fide interests of third persons that had vested prior to the filing of the warrant. The phrase "bona fide interests of third persons" does not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the owner of the manufactured/mobile home community mentioned in the warrant who executed the chattel or real property mortgage or the document evidencing the credit transaction. 60.28.011 Retained percentage—Public transportation projects—Labor and material lien created—Bond in lieu of retained funds—Termination before completion—Chapter deemed exclusive—Release of ferry contract payments—Projects of farmers home administration—General contractor/construction manager procedure—Definitions. (1)(a) Except as provided in (b) of this subsection, public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (i) The claims of any person arising under the contract; and (ii) the state with respect to taxes imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

(b) Public improvement contracts involving the construction, alteration, repair, or improvement of any highway, road, or street funded in whole or in part by federal transportation funds shall rely upon the contract bond as referred to in chapter 39.08 RCW for the protection and payment of: (i) The claims of any person or persons arising under the contract to the extent such claims are provided for in RCW 39.08.010; and (ii) the state with respect to taxes imposed pursuant to Titles 50, 51, and 82 RCW which may be due. The contract bond must remain in full force and effect until, at a minimum, all claims filed in compliance with chapter 39.08 RCW are resolved.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract shall have a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant shall be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained
during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, shall be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract shall be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body shall issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check shall be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities shall be held in escrow. Interest on the bonds and securities shall be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor shall pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body shall accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body shall release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor shall accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor shall then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section shall be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and shall supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.021 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes shall be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue, the employment security department, the department of labor and industries, and the material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW 39.10.210. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

Intent—Recognition—2011 c 231: "The legislature recognizes that federal regulations include requirements that pertain to contracts funded by federal-aid highway funds. One such requirement is that states must ensure that prime contractors pay subcontractors in full by no later than thirty days after the subcontractor’s work is satisfactorily completed. One option for meeting this requirement is to decline to hold retainage from prime contractors. The legislature also recognizes that retainage is currently used to ensure that claims against the contractor are resolved in a timely manner. The legislature intends that the contract bond provided by sureties on behalf of general contractors provides adequate security for claimants under the bond.” [2011 c 231 § 1.]

61.24.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affiliate of beneficiary" means any entity which controls, is controlled by, or is under common control with a beneficiary.

(2) "Beneficiary" means the holder of the instrument or document evidencing the obligations secured by the deed of trust, excluding persons holding the same as security for a different obligation.

(3) "Borrower" means a person or a general partner in a partnership, including a joint venture, that is liable for all or part of the obligations secured by the deed of trust under the instrument or other document that is the principal evidence of such obligations, or the person’s successors if they are liable for those obligations under a written agreement with the beneficiary.

(4) "Commercial loan" means a loan that is not made primarily for personal, family, or household purposes.

(5) "Department" means the department of commerce or its designee.
(6) "Fair value" means the value of the property encumbered by a deed of trust that is sold pursuant to a trustee's sale. This value shall be determined by the court or other appropriate adjudicator by reference to the most probable price, as of the date of the trustee's sale, which would be paid in cash or other immediately available funds, after deduction of prior liens and encumbrances with interest to the date of the trustee's sale, for which the property would sell on such date after reasonable exposure in the market under conditions requisite to a fair sale, with the buyer and seller each acting prudently, knowledgeably, and for self-interest, and assuming that neither is under duress.

(7) "Grantor" means a person, or its successors, who executes a deed of trust to encumber the person's interest in property as security for the performance of all or part of the borrower's obligations.

(8) "Guarantor" means any person and its successors who is not a borrower and who guarantees any of the obligations secured by a deed of trust in any written agreement other than the deed of trust.

(9) "Housing counselor" means a housing counselor that has been approved by the United States department of housing and urban development or approved by the Washington state housing finance commission.

(10) "Owner-occupied" means property that is the principal residence of the borrower.

(11) "Person" means any natural person, or legal or governmental entity.

(12) "Record" and "recorded" includes the appropriate registration proceedings, in the instance of registered land.

(13) "Residential real property" means property consisting solely of a single-family residence, a residential condominium unit, or a residential cooperative unit.

(14) "Senior beneficiary" means the beneficiary of a deed of trust that has priority over any other deeds of trust encumbering the same residential real property.

(15) "Tenant-occupied property" means property consisting solely of residential real property that is the principal residence of a tenant subject to chapter 59.18 RCW or other building with four or fewer residential units that is the principal residence of a tenant subject to chapter 59.18 RCW.

(16) "Trustee" means the person designated as the trustee in the deed of trust or appointed under RCW 61.24.010(2).

(17) "Trustee's sale" means a nonjudicial sale under a deed of trust undertaken pursuant to this chapter. [2011 c 364 § 3; 2011 c 58 § 3. Prior: 2009 c 292 § 1; 1998 c 295 § 1.]

Reviser's note: This section was amended by 2011 c 58 § 3 and by 2011 c 364 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—2011 c 58: "(1) The legislature finds and declares that:

(a) The rate of home foreclosures continues to rise to unprecedented levels, both for prime and subprime loans, and a new wave of foreclosures has occurred due to rising unemployment, job loss, and higher adjustable loan payments;

(b) Prolonged foreclosures contribute to the decline in the state's housing market, loss of property values, and other loss of revenue to the state;

(c) In recent years, the legislature has enacted procedures to help encourage and strengthen the communication between homeowners and lenders and to assist homeowners in navigating through the foreclosure process; however, Washington's nonjudicial foreclosure process does not have a mechanism for homeowners to readily access a neutral third party to assist them in a fair and timely way; and

(d) Several jurisdictions across the nation have foreclosure mediation programs that provide a cost-effective process for the homeowner and lender, with the assistance of a trained mediator, to reach a mutually acceptable resolution that avoids foreclosure.

(2) Therefore, the legislature intends to:

(a) Encourage homeowners to utilize the skills and professional judgment of housing counselors as early as possible in the foreclosure process;

(b) Create a framework for homeowners and beneficiaries to communicate with each other to reach a resolution and avoid foreclosure whenever possible; and

(c) Provide a process for foreclosure mediation when a housing counselor or attorney determines that mediation is appropriate. For mediation to be effective, the parties should attend the mediation (in person, telephonically, through an agent, or otherwise), provide the necessary documentation in a timely manner, willingly share information, actively present, discuss, and explore options to avoid foreclosure, negotiate willingly and cooperatively, maintain a professional and cooperative demeanor, cooperate with the mediator, and keep any agreements made in mediation." [2011 c 58 § 1.]

Short title—2011 c 58: "This act may be known and cited as the foreclosure fairness act." [2011 c 58 § 2.]

61.24.026 Notice to senior beneficiary of sale—Residential, owner-occupied—Proceeds of sale insufficient to pay in full obligation—Timeline—Failure of beneficiary to respond. (1) Whenever (a) consummation of a written agreement for the purchase and sale of owner-occupied residential real property would result in contractual sale proceeds that are insufficient to pay in full the obligation owed to a senior beneficiary of a deed of trust encumbering the residential real property; and (b) the seller makes a written offer to the senior beneficiary to accept the entire net proceeds of the sale in order to facilitate closing of the purchase and sale; then the senior beneficiary must, within one hundred twenty days after the receipt of the written offer, deliver to the seller, in writing, an acceptance, rejection, or counter-offer of the seller's written offer. The senior beneficiary may determine, in its sole discretion, whether to accept, reject, or counter-offer the seller's written offer.

(2) This section applies only when the written offer to the senior beneficiary is received by the senior beneficiary prior to the issuance of a notice of default. The offer must include a copy of the purchase and sale agreement. The offer must be sent to the address of the senior beneficiary or the address of a party acting as a servicer of the obligation secured by the deed of trust.

(3) A seller has a right of action for actual monetary damages incurred as a result of the senior beneficiary's failure to comply with the requirements of subsection (1) of this section.

(4) A senior beneficiary is not liable for the actions or inactions of any other lien holder.

(5)(a) This section does not apply to deeds of trust: (i) Securing a commercial loan; (ii) securing obligations of a grantor who is not the borrower or a guarantor; or (iii) securing a purchaser's obligations under a seller-financed sale.

(b) This section does not apply to beneficiaries that are exempt from RCW 61.24.163, if enacted, or if not enacted, to beneficiaries that conduct fewer than two hundred fifty trustee sales per year.

(6) This section does not alter a beneficiary's right to issue a notice of default and does not lengthen or shorten any time period imposed or required under this chapter. [2011 c 364 § 1.]
61.24.030 Requisites to trustee’s sale. It shall be requisite to a trustee’s sale:

(1) That the deed of trust contains a power of sale;

(2) That the deed of trust contains a statement that the real property conveyed is not used principally for agricultural purposes; provided, if the statement is false on the date the deed of trust was granted or amended to include that statement, and false on the date of the trustee’s sale, then the deed of trust must be foreclosed judicially. Real property is used for agricultural purposes if it is used in an operation that produces crops, livestock, or aquatic goods;

(3) That a default has occurred in the obligation secured or a covenant of the grantor, which by the terms of the deed of trust makes operative the power to sell;

(4) That no action commenced by the beneficiary of the deed of trust is now pending to seek satisfaction of an obligation secured by the deed of trust in any court by reason of the grantor’s default on the obligation secured: PROVIDED, That (a) the seeking of the appointment of a receiver shall not constitute an action for purposes of this chapter; and (b) if a receiver is appointed, the grantor shall be entitled to any rents or profits derived from property subject to a homestead as defined in RCW 6.13.010. If the deed of trust was granted to secure a commercial loan, this subsection shall not apply to actions brought to enforce any other lien or security interest granted to secure the obligation secured by the deed of trust being foreclosed;

(5) That the deed of trust has been recorded in each county in which the land or some part thereof is situated;

(6) That prior to the date of the notice of trustee’s sale and continuing thereafter through the date of the trustee’s sale, the trustee must maintain a street address in this state where personal service of process may be made, and the trustee must maintain a physical presence and have telephone service at such address;

(7)(a) That, for residential real property, before the notice of trustee’s sale is recorded, transmitted, or served, the trustee shall have proof that the beneficiary is the owner of any promissory note or other obligation secured by the deed of trust. A declaration by the beneficiary made under the penalty of perjury stating that the beneficiary is the actual holder of the promissory note or other obligation secured by the deed of trust shall be sufficient proof as required under this subsection.

(b) Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely on the beneficiary’s declaration as evidence of proof required under this subsection.

(c) This subsection (7) does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW;

(8) That at least thirty days before notice of sale shall be recorded, transmitted or served, written notice of default shall be transmitted by the beneficiary or trustee to the borrower and grantor at their last known addresses by both first-class and either registered or certified mail, return receipt requested, and the beneficiary or trustee shall cause to be posted in a conspicuous place on the premises, a copy of the notice, or personally served on the borrower and grantor. This notice shall contain the following information:

(a) A description of the property which is then subject to the deed of trust;
NOTICE OF DEFAULT UNDER RCW 61.24.030(8)—Beneficiary’s duties—Borrower’s options.

1. A trustee, beneficiary, or authorized agent may not issue a notice of default under RCW 61.24.030(8) until: (i) Thirty days after initial contact with the borrower was initiated as required under (b) of this subsection or thirty days after satisfying the due diligence requirements as described in subsection (5) of this section and the borrower has not responded; or (ii) if the borrower responds to the initial contact, ninety days after the initial contact with the borrower was initiated.

2. A beneficiary or authorized agent shall make initial contact with the borrower by letter to provide the borrower with information required under (c) of this subsection and by telephone as required under subsection (5) of this section. The letter required under this subsection must include the information described in (c) of this subsection and subsection (5)(e)(i) through (iv) of this section.

3. The letter required under this subsection, developed by the department pursuant to RCW 61.24.033, at a minimum shall include:

(a) A paragraph printed in no less than twelve-point font and bolded that reads:

"You must respond within thirty days of the date of this letter. IF YOU DO NOT RESPOND within thirty days, a notice of default may be issued and you may lose your home in foreclosure.

(b) A notice of default issued under RCW 61.24.030(8) until: (i) Thirty days after the initial contact with the borrower was initiated as required under (b) of this subsection or thirty days after satisfying the due diligence requirements as described in subsection (5) of this section and the borrower has not responded; or (ii) if the borrower responds to the initial contact, ninety days after the initial contact with the borrower was initiated.

(c) The letter required under this subsection, developed by the department pursuant to RCW 61.24.033, at a minimum shall include:

(i) A paragraph printed in no less than twelve-point font and bolded that reads:

"You must respond within thirty days of the date of this letter. IF YOU DO NOT RESPOND within thirty days, a notice of default may be issued and you may lose your home in foreclosure.

(d) If the beneficiary has exercised due diligence as required under subsection (5) of this section and the borrower does not respond by contacting the beneficiary within thirty days of the initial contact, the notice of default may be issued. "Initial contact" with the borrower is considered made three days after the date the letter required in (b) of this subsection is sent.

(e) If a meeting is requested by the borrower or the borrower’s housing counselor or attorney, the beneficiary or authorized agent shall schedule the meeting to occur before the notice of default is issued. An assessment of the borrower’s financial ability to modify or restructure the loan obligation and a discussion of options must occur during the meeting scheduled for that purpose.

(f) The meeting scheduled to assess the borrower’s financial ability to modify or restructure the loan obligation and discuss options to avoid foreclosure must be in person, unless the requirement to meet in person is waived in writing by the borrower or the borrower’s representative. A person who is authorized to modify the loan obligation or reach an alternative resolution to foreclosure on behalf of the beneficiary may participate by telephone or video conference, so long as a representative of the beneficiary is at the meeting in person.

(g) A notice of default issued under RCW 61.24.030(8) must include a declaration, as provided in subsection (9) of this section, from the beneficiary or authorized agent that it has contacted the borrower as provided in subsection (1) of this section, it has tried with due diligence to contact the borrower under subsection (5) of this section, or the borrower has surrendered the property to the trustee, beneficiary, or authorized agent. Unless the trustee has violated his or her duty under RCW 61.24.010(4), the trustee is entitled to rely
on the declaration as evidence that the requirements of this section have been satisfied, and the trustee is not liable for the beneficiary’s or its authorized agent’s failure to comply with the requirements of this section.

(3) If, after the initial contact under subsection (1) of this section, a borrower has designated a housing counseling agency, housing counselor, or attorney to discuss with the beneficiary or authorized agent, on the borrower’s behalf, options for the borrower to avoid foreclosure, the borrower shall inform the beneficiary or authorized agent and provide the contact information to the beneficiary or authorized agent. The beneficiary or authorized agent shall contact the designated representative for the borrower to meet.

(4) The beneficiary or authorized agent and the borrower or the borrower’s representative shall attempt to reach a resolution for the borrower within the ninety days from the time the initial contact is sent and the notice of default is issued. A resolution may include, but is not limited to, a loan modification, an agreement to conduct a short sale, or a deed in lieu of foreclosure transaction, or some other workout plan. Any modification or workout plan offered at the meeting with the borrower’s designated representative by the beneficiary or authorized agent is subject to approval by the borrower.

(5) A notice of default may be issued under RCW 61.24.030(8) if a beneficiary or authorized agent has initiated contact with the borrower as required under subsection (1)(b) of this section and the failure to meet with the borrower occurred despite the due diligence of the beneficiary or authorized agent. Due diligence requires the following:

(a) A beneficiary or authorized agent shall first attempt to contact a borrower by sending a first-class letter to the address in the beneficiary’s records for sending account statements to the borrower and to the address of the property encumbered by the deed of trust. The letter must be the letter described in subsection (1)(c) of this section.

(b) After the letter has been sent, the beneficiary or authorized agent shall attempt to contact the borrower by telephone at least three times at different hours and on different days. Telephone calls must be made to the primary and secondary telephone numbers on file with the beneficiary or authorized agent.

(ii) A beneficiary or authorized agent may attempt to contact a borrower using an automated system to dial borrowers if the telephone call, when answered, is connected to a live representative of the beneficiary or authorized agent.

(iii) A beneficiary or authorized agent satisfies the telephone contact requirements of this subsection (5)(b) if the beneficiary or authorized agent determines, after attempting contact under this subsection (5)(b), that the borrower’s primary telephone number and secondary telephone number or numbers on file, if any, have been disconnected or are not good contact numbers for the borrower.

(c) If the borrower does not respond within fourteen days after the telephone call requirements of (b) of this subsection have been satisfied, the beneficiary or authorized agent shall send a certified letter, with return receipt requested, to the borrower at the address in the beneficiary’s records for sending account statements to the borrower and to the address of the property encumbered by the deed of trust. The letter must include the information described in (e)(i) through (iv) of this subsection. The letter must also include a paragraph stating:

"Your failure to contact a housing counselor or attorney may result in your losing certain opportunities, such as meeting with your lender or participating in mediation in front of a neutral third party."

(d) The beneficiary or authorized agent shall provide a means for the borrower to contact the beneficiary or authorized agent in a timely manner, including a toll-free telephone number or charge-free equivalent that will provide access to a live representative during business hours.

(e) The beneficiary or authorized agent shall post a link on the home page of the beneficiary’s or authorized agent’s internet web site, if any, to the following information:

(i) Options that may be available to borrowers who are unable to afford their mortgage payments and who wish to avoid foreclosure, and instructions to borrowers advising them on steps to take to explore those options;

(ii) A list of financial documents borrowers should collect and be prepared to present to the beneficiary or authorized agent when discussing options for avoiding foreclosure;

(iii) A toll-free telephone number or charge-free equivalent for borrowers who wish to discuss options for avoiding foreclosure with their beneficiary or authorized agent; and

(iv) The toll-free telephone number or charge-free equivalent made available by the department to find a department-approved housing counseling agency.

(6) Subsections (1) and (5) of this section do not apply if any of the following occurs:

(b) The borrower has filed for bankruptcy, and the bankruptcy stay remains in place, or the borrower has filed for bankruptcy and the bankruptcy court has granted relief from the bankruptcy stay allowing enforcement of the deed of trust.

61.24.160 Housing counselors—Good faith duty to attempt resolution—Resolution described—Mediation—Liability for civil damages—Annual report. (1)(a) A housing counselor who is contacted by a borrower under RCW 61.24.031 has a duty to act in good faith to attempt to reach a resolution with the beneficiary on behalf of the borrower within the ninety days provided from the date the beneficiary initiates contact with the borrower and the date the notice of default is issued. A resolution may include, but is not limited to, modification of the loan, an agreement to conduct a short sale, a deed in lieu of foreclosure transaction, or some other workout plan.

(b) Nothing in RCW 61.24.031 or this section precludes a meeting or negotiations between the housing counselor, borrower, and beneficiary at any time, including after the issuance of the notice of default.

(c) A borrower who is contacted under RCW 61.24.031 may seek the assistance of a housing counselor or attorney at any time.

(2) Housing counselors have a duty to act in good faith to assist borrowers by:

(a) Preparing the borrower for meetings with the beneficiary;

(b) Advising the borrower about what documents the borrower must have to seek a loan modification or other resolution;

(c) Informing the borrower about the alternatives to foreclosure, including loan modifications or other possible resolutions; and

(d) Providing other guidance, advice, and education as the housing counselor considers necessary.

(3) A housing counselor or attorney assisting a borrower may refer the borrower to a mediation program, pursuant to RCW 61.24.163, if:

(a) The housing counselor or attorney determines that mediation is appropriate based on the individual circumstances; and

(b) A notice of sale on the deed of trust has not been recorded.

(4) A referral to mediation by a housing counselor or attorney does not preclude a trustee issuing a notice of default if the requirements of RCW 61.24.031 have been met.

(5) Housing counselors providing assistance to borrowers under RCW 61.24.031 are not liable for civil damages resulting from any acts or omissions in providing assistance, unless the acts or omissions constitute gross negligence or willful or wanton misconduct.

(6) Housing counselors shall provide information to the department to assist the department in its annual report to the legislature as required under RCW 61.24.163(15). The information provided to the department by the housing counselors should include outcomes of foreclosures and be similar to the information requested in the national foreclosure mortgage counseling client level foreclosure outcomes report form. 61.24.163 Foreclosure mediation program—Timeframes—Procedures—Duties and responsibilities of mediator, borrower, and beneficiary—Fees—Annual report. (1) The foreclosure mediation program established in this section applies only to borrowers who have been referred to mediation by a housing counselor or attorney. The mediation program under this section is not governed by chapter 7.07 RCW and does not preclude mediation required by a court or other provision of law.

(2) A housing counselor or attorney referring a borrower to mediation shall send a notice to the borrower and the department, stating that mediation is appropriate.

(3) Within ten days of receiving the notice, the department shall:

(a) Send a notice to the beneficiary, the borrower, the housing counselor or attorney who referred the borrower, and the trustee stating that the parties have been referred to mediation. The notice must include the statements and list of documents and information described in subsection (5)(b)(i) through (iv) of this section; and

(b) Select a mediator and notify the parties of the selection.

(4)(a) Within forty-five days of receiving the referral from the department, the mediator shall convene a mediation session in the county where the borrower resides, unless the parties agree on another location. The parties may agree in writing to extend the time in which to schedule the mediation session. If the parties agree to extend the time, the mediator shall notify the trustee of the extension and the date the mediator is expected to issue the mediator's certification.

(b) Prior to scheduling a mediation session, the mediator shall require that both parties sign a waiver stating that neither party may call the mediator as a live witness in any litigation pertaining to a foreclosure action between the parties. However, the mediator's certification may be deemed admissible evidence, subject to court rules, in any litigation pertaining to a foreclosure action between the parties.

(5)(a) The mediator may schedule phone conferences, consultations with the parties individually, and other communications to ensure that the parties have all the necessary information to engage in a productive mediation.

(b) The mediator must send written notice of the time, date, and location of the mediation session to the borrower, the beneficiary, and the department at least fifteen days prior to the mediation session. At a minimum, the notice must contain:

(i) A statement that the borrower may be represented in the mediation session by an attorney or other advocate;
(ii) A statement that a person with authority to agree to a resolution, including a proposed settlement, loan modification, or dismissal or continuation of the foreclosure proceeding, must be present either in person or on the telephone or video conference during the mediation session;

(iii) A complete list of documents and information required by this section that the parties must provide to the mediator and the deadlines for providing the documents and information; and

(iv) A statement that the parties have a duty to mediate in good faith and that failure to mediate in good faith may impair the beneficiary’s ability to foreclose on the property or the borrower’s ability to modify the loan or take advantage of other alternatives to foreclosure.

(6) The borrower, the beneficiary or authorized agent, and the mediator must meet in person for the mediation session. However, a person with authority to agree to a resolution on behalf of the beneficiary may be present over the telephone or video conference during the mediation session.

(7) The participants in mediation must address the issues of foreclosure that may enable the borrower and the beneficiary to reach a resolution, including but not limited to reinstatement, modification of the loan, restructuring of the debt, or some other workout plan. To assist the parties in addressing issues of foreclosure, the mediator must require the participants to consider the following:

(a) The borrower’s current and future economic circumstances, including the borrower’s current and future income, debts, and obligations for the previous sixty days or greater time period as determined by the mediator;

(b) The net present value of receiving payments pursuant to a modified mortgage loan as compared to the anticipated net recovery following foreclosure;

(c) Any affordable loan modification calculation and net present value calculation when required under any federal mortgage relief program, including the home affordable modification program (HAMP) as applicable to government-sponsored enterprise and nongovernment-sponsored enterprise loans and any HAMP-related modification program applicable to loans insured by the federal housing administration, the veterans administration, and the rural housing service. If such a calculation is not required, then the beneficiary must use the current calculations, assumptions, and forms that are established by the federal deposit insurance corporation and published in the federal deposit insurance corporation loan modification program guide; and

(d) Any other loss mitigation guidelines to loans insured by the federal housing administration, the veterans administration, and the rural housing service, if applicable.

(8) A violation of the duty to mediate in good faith as required under this section may include:

(a) Failure to timely participate in mediation without good cause;

(b) Failure of the beneficiary to provide the following documentation to the borrower and mediator at least ten days before the mediation or pursuant to the mediator’s instructions:

(i) An accurate statement containing the balance of the loan as of the first day of the month in which the mediation occurs;

(ii) Copies of the note and deed of trust;

(iii) Proof that the entity claiming to be the beneficiary is the owner of any promissory note or obligation secured by the deed of trust. Sufficient proof may be a copy of the declaration described in RCW 61.24.030(7)(a);

(iv) The best estimate of any arrearage and an itemized statement of the arrearages;

(v) An itemized list of the best estimate of fees and charges outstanding;

(vi) The payment history and schedule for the preceding twelve months, or since default, whichever is longer, including a breakdown of all fees and charges claimed;

(vii) All borrower-related and mortgage-related input data used in any net present value analysis;

(viii) An explanation regarding any denial for a loan modification, forbearance, or other alternative to foreclosure in sufficient detail for a reasonable person to understand why the decision was made;

(ix) The most recently available appraisal or other broker price opinion most recently relied upon by the beneficiary; and

(x) The portion or excerpt of the pooling and servicing agreement that prohibits the beneficiary from implementing a modification, if the beneficiary claims it cannot implement a modification due solely to limitations in a pooling and servicing agreement, and documentation or a statement detailing the efforts of the beneficiary to obtain a waiver of the pooling and servicing agreement provisions;

(c) Failure of the borrower to provide documentation to the beneficiary and mediator, at least ten days before the mediation or pursuant to the mediator’s instruction, showing the borrower’s current and future income, debts and obligations, and tax returns for the past two years;

(d) Failure of either party to pay the respective portion of the mediation fee in advance of the mediation as required under this section;

(e) Failure of a party to designate representatives with adequate authority to fully settle, compromise, or otherwise reach resolution with the borrower in mediation; and

(f) A request by a beneficiary that the borrower waive future claims he or she may have in connection with the deed of trust, as a condition of agreeing to a modification, except for rescission claims under the federal truth in lending act. Nothing in this section precludes a beneficiary from requesting that a borrower dismiss with prejudice any pending claims against the beneficiary, its agents, loan servicer, or trustee, arising from the underlying deed of trust, as a condition of modification.

(9) Within seven business days after the conclusion of the mediation session, the mediator must send a written certification to the department and the trustee and send copies to the parties of:

(a) The date, time, and location of the mediation session;

(b) The names of all persons attending in person and by telephone or video conference, at the mediation session;

(c) Whether a resolution was reached by the parties, including whether the default was cured by reinstatement, modification, or restructuring of the debt, or some other alternative to foreclosure was agreed upon by the parties;

(d) Whether the parties participated in the mediation in good faith; and
Deeds of Trust 61.24.169

(e) A description of the net present value test used, along with a copy of the inputs, including the result of the net present value test expressed in a dollar amount.

(10) If the parties are unable to reach any agreement and the mediator certifies that the parties acted in good faith, the beneficiary may proceed with the foreclosure.

(11)(a) The mediator’s certification that the beneficiary failed to act in good faith in mediation constitutes a defense to the nonjudicial foreclosure action that was the basis for initiating the mediation. In any action to enjoin the foreclosure, the beneficiary shall be entitled to rebut the allegation that it failed to act in good faith.

(b) The mediator’s certification that the beneficiary failed to act in good faith during mediation does not constitute a defense to a judicial foreclosure or a future nonjudicial foreclosure action if a modification of the loan is agreed upon and the borrower subsequently defaults.

(c) If an agreement was not reached and the mediator’s certification shows that the net present value of the modified loan exceeds the anticipated net recovery at foreclosure, that showing in the certification shall constitute a basis for the borrower to enjoin the foreclosure.

(12) The mediator’s certification that the borrower failed to act in good faith in mediation authorizes the beneficiary to proceed with the foreclosure.

(13)(a) A trustee may not record the notice of sale until the trustee receives the mediator’s certification stating that the mediation has been completed.

(b) If the trustee does not receive the mediator’s certification, the trustee may record the notice of sale after ten days from the date the certification to the trustee was due. If the notice of sale is recorded under this subsection (13)(b) and the mediator subsequently issues a certification alleging the beneficiary violated the duty of good faith, the trustee may not proceed with the sale.

(14) A mediator may charge reasonable fees as authorized by this subsection and by the department. Unless the fee is waived or the parties agree otherwise, a foreclosure mediator’s fee may not exceed four hundred dollars for a mediation session lasting between one hour and three hours. For a mediation session exceeding three hours, the foreclosure mediator may charge a reasonable fee, as authorized by the department. The mediator must provide an estimated fee before the mediation, and payment of the mediator’s fee must be divided equally between the beneficiary and the borrower. The beneficiary and the borrower must tender the loan mediator’s fee seven calendar days before the commencement of the mediation or pursuant to the mediator’s instructions.

(15) Beginning December 1, 2012, and every year thereafter, the department shall report annually to the legislature on:

(a) The performance of the program, including the numbers of borrowers who are referred to mediation by a housing counselor or attorney;

(b) The results of the mediation program, including the number of mediations requested by housing counselors and attorneys, the number of certifications of good faith issued, the number of borrowers and beneficiaries who failed to mediate in good faith, and the reasons for the failure to mediate in good faith, if known, the numbers of loans restructured or modified, the change in the borrower’s monthly payment for principal and interest and the number of principal write-downs and interest rate reductions, and, to the extent practical, the number of borrowers who report a default within a year of restructuring or modification;

(c) The information received by housing counselors regarding outcomes of foreclosures; and

(d) Any recommendations for changes to the statutes regarding the mediation program. [2011 c 58 § 7.]

(a) Report to the department the number of owner-occupied residential real properties for which the beneficiary has issued a notice of default during the previous quarter; and

(b) Remit the amount required under subsection (2) of this section.

The two hundred fifty dollar payment is required per property and not per notice of default. The beneficiary shall remit the total amount required in a lump sum each quarter.

(3) No later than thirty days after April 14, 2011, the beneficiaries required to report and remit to the department under this section shall determine the number of owner-occupied residential real properties for which notices of default were issued during the three months prior to April 14, 2011. The beneficiary shall remit to the department a one-time sum of two hundred fifty dollars multiplied by the number of properties. In addition, by July 31, 2011, the beneficiaries required to report and remit to the department under this section shall remit to the department another one-time sum of two hundred fifty dollars multiplied by the number of owner-occupied residential real properties for which notices of default were issued from April 14, 2011, through June 30, 2011. The department shall deposit the funds into the foreclosure fairness account as provided under RCW 61.24.172.

(4) This section does not apply to any beneficiary or loan servicer that is a federally insured depository institution, as defined in 12 U.S.C. Sec. 461(b)(1)(A), and that certifies under penalty of perjury that it has issued, or has directed a trustee or authorized agent to issue, fewer than two hundred fifty notices of default in the preceding year.

(5) This section does not apply to association beneficiaries subject to chapter 64.32, 64.34, or 64.38 RCW. [2011 1st sp.s. c 24 § 1; 2011 c 58 § 12.]

### 61.24.177 Deed of trust pool—Duty of servicer to maximize net present value

Any duty that servicers may have to maximize net present value under their pooling and servicing agreements is owed to all parties in a deed of trust pool, not to any particular parties, and a servicer acts in the best interests of all parties if it agrees to or implements a modification or workout plan when both of the following apply:
(1) The deed of trust is in payment default, or payment default is reasonably imminent; and
(2) Anticipated recovery under a modification or work-out plan exceeds the anticipated recovery through foreclosure on a net present value basis. [2011 c 58 § 13.]

62A.2-705 Seller’s stoppage of delivery in transit or otherwise.

62A.2-705 Seller’s stoppage of delivery in transit or otherwise. (1) The seller may stop delivery of goods in the possession of a carrier or other bailee when he or she discovers the buyer to be insolvent (RCW 62A.2-702) and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight when the buyer repudiates or fails to make a payment due before delivery or if for any other reason the seller has a right to withhold or reclaim the goods.
(2) As against such buyer the seller may stop delivery until:
(a) Receipt of the goods by the buyer; or
(b) Acknowledgment to the buyer by any bailee of the goods except a carrier that the bailee holds the goods for the buyer; or
(c) Such acknowledgment to the buyer by a carrier by reshipment or as warehouse operator; or
(d) Negotiation to the buyer of any negotiable document of title covering the goods.
(3)(a) To stop delivery the seller must so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.
(b) After such notification the bailee must hold and deliver the goods according to the directions of the seller but the seller is liable to the bailee for any ensuing charges or damages.
(c) If a negotiable document of title has been issued for goods the bailee is not obliged to obey a notification to stop until surrender of the document.
(d) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor. [2011 c 336 § 823; 1965 ex.s. c 157 § 2-705. [2011 RCW Supp—page 1245]
(A) The lessee receives a copy of the contract by which the lessor acquired the goods or the right to possession and use of the goods before signing the lease contract;

(B) The lessee’s approval of the contract by which the lessor acquired the goods or the right to possession and use of the goods is a condition to effectiveness of the lease contract; or

(C) The lessee, before signing the lease contract, receives an accurate and complete statement designating the promises and warranties, and any disclaimers of warranties, limitations or modifications of remedies, or liquidated damages, including those of a third party, such as the manufacturer of the goods, provided to the lessor by the person supplying the goods in connection with or as part of the contract by which the lessor acquired the goods or the right to possession and use of the goods.

(h) "Goods" means all things that are movable at the time of identification to the lease contract, or are fixtures (RCW 62A.2A-309), but the term does not include money, documents, instruments, accounts, chattel paper, general intangibles, or minerals or the like, including oil and gas, before extraction. The term also includes the unborn young of animals.

(i) "Installment lease contract" means a lease contract that authorizes or requires the delivery of goods in separate lots to be separately accepted, even though the lease contract contains a clause "each delivery is a separate lease" or its equivalent.

(j) "Lease" means a transfer of the right to possession and use of goods for a term in return for consideration, but a sale, including a sale on approval or a sale or return, or retention or creation of a security interest is not a lease. Unless the context clearly indicates otherwise, the term includes a sublease.

(k) "Lease agreement" means the bargain, with respect to the lease, of the lessor and the lessee in fact as found in their language or by implication from other circumstances including course of dealing or usage of trade or course of performance as provided in this Article. Unless the context clearly indicates otherwise, the term includes a sublease agreement.

(l) "Lease contract" means the total legal obligation that results from the lease agreement as affected by this Article and any other applicable rules of law. Unless the context clearly indicates otherwise, the term includes a sublease contract.

(m) "Leasehold interest" means the interest of the lessor or the lessee under a lease contract.

(n) "Lessee" means a person who acquires the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessee.

(o) "Lessee in ordinary course of business" means a person who in good faith and without knowledge that the lease to him or her is in violation of the ownership rights or security interest or leasehold interest of a third party in the goods, leases in ordinary course from a person in the business of selling or leasing goods of that kind, but does not include a pawnbroker. "Leasing" may be for cash, or by exchange of other property, or on secured or unsecured credit and includes receiving goods or documents of title under a preexisting lease contract but does not include a transfer in bulk or as security for or in total or partial satisfaction of a money debt.

(p) "Lessor" means a person who transfers the right to possession and use of goods under a lease. Unless the context clearly indicates otherwise, the term includes a sublessor.

(q) "Lessor’s residual interest" means the lessor’s interest in the goods after expiration, termination, or cancellation of the lease contract.

(r) "Lien" means a charge against or interest in goods to secure payment of a debt or performance of an obligation, but the term does not include a security interest.

(s) "Lot" means a parcel or a single article that is the subject matter of a separate lease or delivery, whether or not it is sufficient to perform the lease contract.

(t) "Merchant lessee" means a lessee that is a merchant with respect to goods of the kind subject to the lease.

(u) "Present value" means the amount as of a date certain of one or more sums payable in the future, discounted to the date certain. The discount is determined by the interest rate specified by the parties if the rate was not manifestly unreasonable at the time the transaction was entered into; otherwise, the discount is determined by a commercially reasonable rate that takes into account the facts and circumstances of each case at the time the transaction was entered into.

(v) "Purchase" includes taking by sale, lease, mortgage, security interest, pledge, gift, or any other voluntary transaction creating an interest in goods.

(w) "Sublease" means a lease of goods the right to possession and use of which was acquired by the lessor as a lessee under an existing lease.

(x) "Supplier" means a person from whom a lessor buys or leases goods to be leased under a finance lease.

(y) "Supply contract" means a contract under which a lessor buys or leases goods to be leased.

(z) "Termination" occurs when either party pursuant to a power created by agreement or law puts an end to the lease contract otherwise than for default.

62A.2A-310 Lessor's and lessee's rights when goods become accessions. (Effective July 1, 2013.) (1) Goods are "accessions" when they are installed in or affixed to other goods.
(2) The interest of a lessor or a lessee under a lease contract entered into before the goods became accessions is superior to all interests in the whole except as stated in subsection (4) of this section.
(3) The interest of a lessor or a lessee under a lease contract entered into at the time or after the goods became accessions is superior to all subsequently acquired interests in the whole except as stated in subsection (4) of this section but is subordinate to interests in the whole existing at the time the lease contract was made unless the holders of such interests in the whole have in writing consented to the lease, or disclaimed an interest in the goods as part of the whole, or the accession is leased under tariff No. 74 for residential conversion burners leased by a natural gas utility.
(4) Unless the accession is leased under tariff No. 74 for residential conversion burners leased by a natural gas utility, the interest of a lessor or a lessee under a lease contract described in subsection (2) or (3) of this section is subordinate to the interest of:
(a) A buyer in the ordinary course of business or a lessee in the ordinary course of business of any interest in the whole acquired after the goods became accessions;
(b) A creditor with a security interest in the whole perfected before the lease contract was made to the extent that the creditor makes subsequent advances without knowledge of the lease contract; or
(c) A creditor with a security interest in the whole which is perfected by compliance with the requirements of a certificate-of-title statute under *RCW 62A.9A-311(2). (5) When under subsections (2) or (3) and (4) of this section a lessor or a lessee of accessions holds an interest that is superior to all interests in the whole, the lessor or the lessee may (a) on default, expiration, termination, or cancellation of the lease contract by the other party but subject to the provisions of the lease contract and this Article, or (b) if necessary to enforce his or her other rights and remedies under this Article, remove the goods from the whole, free and clear of all interests in the whole, but he or she must reimburse any holder of an interest in the whole who is not the lessee and who has not otherwise agreed for the cost of repair of any physical injury but not for any diminution in value of the whole caused by the absence of the goods removed or by any necessity for replacing them. A person entitled to reimbursement may refuse permission to remove until the party seeking removal gives adequate security for the performance of this obligation. [2011 c 74 § 705; 2000 c 250 § 9A-812; 1993 c 230 § 2A-310.]

*Reviser’s note: The sections in chapter 62A.9A RCW amended by 2011 c 74 were renumbered pursuant to the Statute Law Committee to conform with the Uniform Commercial Code numbering style. Subsection (2) was changed to subsection (b).

62A.2A-526 Lessor’s stoppage of delivery in transit or otherwise. (1) A lessor may stop delivery of goods in the possession of a carrier or other bailee if the lessor discovers the lessee to be insolvent and may stop delivery of carload, truckload, planeload, or larger shipments of express or freight if the lessee repudiates or fails to make a payment due before delivery, whether for rent, security, or otherwise under the lease contract, or for any other reason the lessor has a right to withhold or take possession of the goods.
(2) In pursuing its remedies under subsection (1) of this section, the lessor may stop delivery until:
(a) Receipt of the goods by the lessee;
(b) Acknowledgment to the lessee by any bailee of the goods, except a carrier, that the bailee holds the goods for the lessee; or
(c) Such an acknowledgment to the lessee by a carrier via reshipment or as warehouse operator.
(3)(a) To stop delivery, a lessor shall so notify as to enable the bailee by reasonable diligence to prevent delivery of the goods.
(b) After notification, the bailee shall hold and deliver the goods according to the directions of the lessor, but the lessor is liable to the bailee for any ensuing charges or damages.
(c) A carrier who has issued a nonnegotiable bill of lading is not obliged to obey a notification to stop received from a person other than the consignor. [2011 c 336 § 824; 1993 c 230 § 2A-526.]

62A.7-102 Definitions and index of definitions. (1) In this Article, unless the context otherwise requires:
62A.7-201 Who may issue a warehouse receipt; storage under government bond. (1) A warehouse receipt may be issued by any warehouse operator.

(2) Where goods including distilled spirits and agricultural commodities are stored under a statute requiring a bond against withdrawal or a license for the issuance of receipts in the nature of warehouse receipts, a receipt issued for the goods has like effect as a warehouse receipt even though issued by a person who is the owner of the goods and is not a warehouse operator. [2011 c 336 § 826; 1965 ex.s. c 157 § 7-201. Cf. former RCW 22.04.020; 1913 c 99 § 1; RRS § 3587; prior: 1891 c 134 § 1.]

62A.7-202 Form of warehouse receipt; essential terms; optional terms. (1) A warehouse receipt need not be in any particular form.

(2) Unless a warehouse receipt embodies within its written, printed, or electronic terms each of the following, the warehouse operator is liable for damages caused by the omission to a person injured thereby:

(a) The location of the warehouse where the goods are stored;
(b) The date of issue of the receipt;
(c) The consecutive number of the receipt;
(d) A statement whether the goods received will be delivered to the bearer, to a specified person, or to a specified person or his or her order;
(e) The rate of storage and handling charges, except that where goods are stored under a field warehousing arrangement a statement of that fact is sufficient on a nonnegotiable receipt;
(f) A description of the goods or of the packages containing them;
(g) The signature of the warehouse operator, which may be made by his or her authorized agent;
(h) If the receipt is issued for goods of which the warehouse operator is owner, either solely or jointly or in common with others, the fact of such ownership; and
(i) A statement of the amount of advances made and of liabilities incurred for which the warehouse operator claims a lien or security interest (RCW 62A.7-209). If the precise amount of such advances made or of such liabilities incurred is, at the time of the issue of the receipt, unknown to the warehouse operator or to his or her agent who issues it, a statement of the fact that advances have been made or liabilities incurred and the purpose thereof is sufficient.

(3) A warehouse operator may insert in his or her receipt any other terms which are not contrary to the provisions of this Title and do not impair his or her obligation of delivery (RCW 62A.7-403) or his or her duty of care (RCW 62A.7-204). Any contrary provisions shall be ineffective. [2011 c 336 § 827; 2000 c 58 § 1; 1965 ex.s. c 157 § 7-202. Cf. former RCW sections: (i) RCW 22.04.030; 1913 c 99 § 2; RRS § 3588; prior: 1891 c 134 § 8. (ii) RCW 22.04.040; 1913 c 99 § 3; RRS § 3589.]
the time of signing such storage agreement or within a reasonable time after receipt of the warehouse receipt be increased on part or all of the goods thereunder, in which event increased rates may be charged based on such increased valuation, but that no such increase shall be permitted contrary to a lawful limitation of liability contained in the warehouse operator’s tariff, if any. No such limitation is effective with respect to the warehouse operator’s liability for conversion to his or her own use.

(3) Reasonable provisions as to the time and manner of presenting claims and instituting actions based on the bailment may be included in the warehouse receipt or tariff.

(4) This section does not impair or repeal the duties of care or liabilities or penalties for breach thereof as provided in chapters 22.09 and 22.32 RCW. [2011 c 336 § 828; 2009 c 549 § 1016; 1981 c 13 § 1; 1965 ex.s. c 157 § 7-204. Cf. former RCW sections: (i) RCW 22.04.040; 1913 c 99 § 3; RRS § 3589. (ii) RCW 22.04.220; 1913 c 99 § 21; RRS § 3607.]

62A.7-205 Title under warehouse receipt defeated in certain cases. A buyer in the ordinary course of business of fungible goods sold and delivered by a warehouse operator who is also in the business of buying and selling such goods takes free of any claim under a warehouse receipt even though it has been duly negotiated. [2011 c 336 § 829; 1965 ex.s. c 157 § 7-205.]

62A.7-206 Termination of storage at warehouse operator’s option. (1) A warehouse operator may on notifying the person on whose account the goods are held and any other person known to claim an interest in the goods require payment of any charges and removal of the goods from the warehouse at the termination of the period of storage fixed by the document, or, if no period is fixed, within a stated period not less than thirty days after the notification. If the goods are not removed before the date specified in the notification, the warehouse operator may sell them in accordance with the provisions of the section on enforcement of a warehouse operator’s lien (RCW 62A.7-210).

(2) If a warehouse operator in good faith believes that the goods are about to deteriorate or decline in value to less than the amount of his or her lien within the time prescribed in subsection (1) of this section for notification, advertisement, and sale, the warehouse operator may specify in the notification any reasonable shorter time for removal of the goods and in case the goods are not removed, may sell them at public sale held not less than one week after a single advertisement or posting.

(3) If as a result of a quality or condition of the goods of which the warehouse operator had no notice at the time of deposit the goods are a hazard to other property or to the warehouse or to persons, the warehouse operator may sell the goods at public or private sale without advertisement on reasonable notification to all persons known to claim an interest in the goods. If the warehouse operator after a reasonable effort is unable to sell the goods he or she may dispose of them in any lawful manner and shall incur no liability by reason of such disposition.

(4) The warehouse operator must deliver the goods to any person entitled to them under this Article upon due demand made at any time prior to sale or other disposition under this section.

(5) The warehouse operator may satisfy his or her lien from the proceeds of any sale or disposition under this section but must hold the balance for delivery on the demand of any person to whom he or she would have been bound to deliver the goods. [2011 c 336 § 830; 1965 ex.s. c 157 § 7-206. Cf. former RCW 22.04.350; 1913 c 99 § 34; RRS § 3620.]

62A.7-207 Goods must be kept separate; fungible goods. (1) Unless the warehouse receipt otherwise provides, a warehouse operator must keep separate the goods covered by each receipt so as to permit at all times identification and delivery of those goods except that different lots of fungible goods may be commingled.

(2) Fungible goods so commingled are owned in common by the persons entitled thereto and the warehouse operator is severally liable to each owner for that owner’s share. Where because of over-issue a mass of fungible goods is insufficient to meet all the receipts which the warehouse operator has issued against it, the persons entitled include all holders to whom overissued receipts have been duly negotiated. [2011 c 336 § 831; 1965 ex.s. c 157 § 7-207. Cf. former RCW sections: (i) RCW 22.04.230; 1913 c 99 § 22; RRS § 3608; prior: 1891 c 134 § 3. (ii) RCW 22.04.240; 1913 c 99 § 23; RRS § 3609.]

62A.7-209 Lien of warehouse operator. (1) A warehouse operator has a lien against the bailor on the goods covered by a warehouse receipt or on the proceeds thereof in his or her possession for charges for storage or transportation (including demurrage and terminal charges), insurance, labor, or charges present or future in relation to the goods, and for expenses necessary for preservation of the goods or reasonably incurred in their sale pursuant to law. If the person on whose account the goods are held is liable for like charges or expenses in relation to other goods whenever deposited and it is stated in the receipt that a lien is claimed for charges and expenses in relation to other goods, the warehouse operator also has a lien against him or her for such charges and expenses whether or not the other goods have been delivered by the warehouse operator. But against a person to whom a negotiable warehouse receipt is duly negotiated a warehouse operator’s lien is limited to charges in an amount or at a rate specified on the receipt or if no charges are so specified then to a reasonable charge for storage of the goods covered by the receipt subsequent to the date of the receipt. A warehouse operator’s lien as provided in this chapter takes priority over all other liens and perfected or unperfected security interests.

(2) The warehouse operator may also reserve a security interest against the bailor for a maximum amount specified on the receipt for charges other than those specified in subsection (1) of this section, such as for money advanced and interest. Such a security interest is governed by the Article on Secured Transactions (*Article 9).

(3) A warehouse operator’s lien for charges and expenses under subsection (1) of this section or a security
62A.7-210 Enforcement of warehouse operator's lien. (1) Except as provided in subsection (2) of this section, a warehouse operator’s lien may be enforced by public or private sale of the goods in bloc or in parcels, at any time or place and on any terms which are commercially reasonable, after notifying all persons known to claim an interest in the goods. Such notification must include a statement of the amount due, the nature of the proposed sale and the time and place of any public sale. The fact that a better price could have been obtained by a sale at a different time or in a different manner from that selected by the warehouse operator is not of itself sufficient to establish that the sale was not made in a commercially reasonable manner. If the warehouse operator either sells the goods in the usual manner in any recognized market thereof, or if he or she sells at the price current in such market at the time of the sale, or if he or she has otherwise sold in conformity with commercially reasonable practices among dealers in the type of goods sold, he or she has sold in a commercially reasonable manner. A sale of more goods than apparently necessary to be offered to insure satisfaction of the obligation is not commercially reasonable except in cases covered by the preceding sentence.

(2) A warehouse operator’s lien on goods other than goods stored by a merchant in the course of his or her business may be enforced only as follows:

(a) All persons known to claim an interest in the goods must be notified.

(b) The notification must be delivered in person or sent by registered or certified letter to the last known address of any person to be notified.

(c) The notification must include an itemized statement of the claim, a description of the goods subject to the lien, a demand for payment within a specified time not less than ten days after receipt of the notification, and a conspicuous statement that unless the claim is paid within that time the goods will be advertised for sale and sold by auction at a specified time and place.

(d) The sale must conform to the terms of the notification.

(e) The sale must be held at the nearest suitable place to that where the goods are held or stored.

(f) After the expiration of the time given in the notification, an advertisement of the sale must be published once a week for two weeks consecutively in a newspaper of general circulation where the sale is to be held. The advertisement must include a description of the goods, the name of the person on whose account they are being held, and the time and place of the sale. The sale must take place at least fifteen days after the first publication. If there is no newspaper of general circulation where the sale is to be held, the advertisement must be posted at least ten days before the sale in not less than six conspicuous places in the neighborhood of the proposed sale.

(3) Before any sale pursuant to this section any person claiming a right in the goods may pay the amount necessary to satisfy the lien and the reasonable expenses incurred under this section. In that event the goods must not be sold, but must be retained by the warehouse operator subject to the terms of the receipt and this Article.

(4) The warehouse operator may buy at any public sale pursuant to this section.

(5) A purchaser in good faith of goods sold to enforce a warehouse operator’s lien takes the goods free of any rights of persons against whom the lien was valid, despite noncompliance by the warehouse operator with the requirements of this section.

(6) The warehouse operator may satisfy his or her lien from the proceeds of any sale pursuant to this section but must hold the balance, if any, for delivery on demand to any person to whom he or she would have been bound to deliver the goods.

(7) The rights provided by this section shall be in addition to all other rights allowed by law to a creditor against his or her debtor.

(8) Where a lien is on goods stored by a merchant in the course of his or her business the lien may be enforced in accordance with either subsection (1) or (2) of this section.

(9) The warehouse operator is liable for damages caused by failure to comply with the requirements for sale under this section and in case of willful violation is liable for conversion. [2011 c 336 § 833; 1965 ex.s. c 157 § 7-210. Cf. former RCW sections: RCW 22.04.340, 22.04.360, and 22.04.370; 1913 c 99 §§ 33, 35, and 36; RRS §§ 3619, 3621, and 3622.]

62A.7-401 Irregularities in issue of receipt or bill or conduct of issuer. The obligations imposed by this Article on an issuer apply to a document of title regardless of the fact that:

(a) The document may not comply with the requirements of this Article or of any other law or regulation regarding its issue, form, or content; or

(b) The issuer may have violated laws regulating the conduct of his or her business; or

(c) The goods covered by the document were owned by the bailee at the time the document was issued; or

62A.9A-105 Control of electronic chattel paper. (Effective July 1, 2013.) (a) General rule: Control of electronic chattel paper. A secured party has control of electronic chattel paper if a system employed for evidencing the transfer of interests in the chattel paper reliably establishes the secured party as the person to which the chattel paper was assigned.

(b) Specific facts giving control. A system satisfies subsection (a) of this section if the record or records comprising the chattel paper are created, stored, and assigned in such a manner that:

1. A single authoritative copy of the record or records exists which is unique, identifiable and, except as otherwise provided in (4), (5), and (6) of this subsection, unalterable;
2. The authoritative copy identifies the secured party as the assignee of the record or records;
3. The authoritative copy is communicated to and maintained by the secured party or its designated custodian;
4. Copies or amendments that add or change an identified assignee of the authoritative copy can be made only with the consent of the secured party;
5. Each copy of the authoritative copy and any copy of a copy is readily identifiable as a copy that is not the authoritative copy; and
6. Any amendment of the authoritative copy is readily identifiable as authorized or unauthorized. [2011 c 74 § 102; 2001 c 32 § 18; 2000 c 250 § 9A-105.]

(c) Inapplicability to sales. This section does not apply to an assignment constituting the sale of an account, chattel paper, or payment intangible. [2011 c 74 § 707; 2000 c 250 § 9A-209.]

SUBPART 1. LAW GOVERNING PERFECTION AND PRIORITY

62A.9A-307 Location of debtor. (Effective July 1, 2013.) (a) "Place of business." In this section, "place of business" means a place where a debtor conducts its affairs.

(b) Debtor’s location: General rules. Except as otherwise provided in this section, the following rules determine a debtor’s location:

1. A debtor who is an individual is located at the individual’s principal residence.
2. A debtor that is an organization and has only one place of business is located at its place of business.
3. A debtor that is an organization and has more than one place of business is located at its chief executive office.

[2011 RCW Supp—page 1257]
(c) Limitation of applicability of subsection (b) of this section. Subsection (b) of this section applies only if a debtor’s residence, place of business, or chief executive office, as applicable, is located in a jurisdiction whose law generally requires information concerning the existence of a nonpossessionary security interest to be made generally available in a filing, recording, or registration system as a condition or result of the security interest’s obtaining priority over the rights of a lien creditor with respect to the collateral. If subsection (b) of this section does not apply, the debtor is located in the District of Columbia.

(d) Continuation of location: Cessation of existence, etc. A person that ceases to exist, have a residence, or have a place of business continues to be located in the jurisdiction specified by subsections (b) and (c) of this section.

(e) Location of registered organization organized under state law. A registered organization that is organized under the law of a state is located in that state.

(f) Location of registered organization organized under federal law; bank branches and agencies. Except as otherwise provided in subsection (i) of this section, a registered organization that is organized under the law of the United States and a branch or agency of a bank that is not organized under the law of the United States or a state are located:

1. In the state that the law of the United States designates, if the law designates a state of location;
2. In the state that the registered organization, branch, or agency designates, if the law of the United States authorizes the registered organization, branch, or agency to designate its state of location, including by designating its main office, home office, or other comparable office;
3. In the District of Columbia, if neither (1) or (2) of this subsection applies.

(g) Continuation of location: Change in status of registered organization. A registered organization continues to be located in the jurisdiction specified by subsection (e) or (f) of this section notwithstanding:

1. The suspension, revocation, forfeiture, or lapse of the registered organization’s status as such in its jurisdiction of organization;
2. The dissolution, winding up, or cancellation of the existence of the registered organization.

(h) Location of United States. The United States is located in the District of Columbia.

(i) Location of foreign bank branch or agency if licensed in only one state. A branch or agency of a bank that is not organized under the law of the United States or a state is located in the state in which the branch or agency is licensed, if all branches and agencies of the bank are licensed in only one state.

(j) Location of foreign air carrier. A foreign air carrier under the Federal Aviation Act of 1958, as amended, is located at the designated office of the agent upon which service of process may be made on behalf of the carrier.

(k) Section applies only to this part. This section applies only for purposes of this part. [2011 c 74 § 201; 2000 c 250 § 9A-307.]

62A.9A-309 Security interest perfected upon attachment. (Effective July 1, 2013.) The following security interests are perfected when they attach:

1. A purchase-money security interest in consumer goods, except as otherwise provided in RCW 62A.9A-311(b) with respect to consumer goods that are subject to a statute or treaty described in RCW 62A.9A-311(a);

7. A security interest of a collecting bank arising under RCW 62A.4-210;
8. A security interest of an issuer or nominated person arising under RCW 62A.5-118;
9. A security interest arising in the delivery of a financial asset under RCW 62A.9A-206(c);
10. A security interest in investment property created by a broker or securities intermediary;

12. An assignment for the benefit of all creditors of the transferor and subsequent transfers by the assignee thereunder; and
13. A security interest created by an assignment of a beneficial interest in a decedent’s estate. [2011 c 74 § 708; 2000 c 250 § 9A-309.]

62A.9A-310 When filing required to perfect security interest or agricultural lien; security interests and agricultural liens to which filing provisions do not apply. (Effective July 1, 2013.) (a) General rule: Perfection by filing. Except as otherwise provided in subsections (b) and (d) of this section and RCW 62A.9A-312(b), a financing statement must be filed to perfect all security interests and agricultural liens.

(b) Exceptions: Filing not necessary. The filing of a financing statement is not necessary to perfect a security interest:

1. That is perfected under RCW 62A.9A-308 (d), (e), (f), or (g);
2. That is perfected under RCW 62A.9A-309 when it attaches;
3. In property subject to a statute, regulation, or treaty described in RCW 62A.9A-311(a);
4. In goods in possession of a bailee which is perfected under RCW 62A.9A-312(d) (1) or (2);
(5) In certificated securities, documents, goods, or instruments which is perfected without filing or possession under RCW 62A.9A-312 (e), (f), or (g);
(6) In collateral in the secured party’s possession under RCW 62A.9A-313;
(7) In a certificated security which is perfected by delivery of the security certificate to the secured party under RCW 62A.9A-313;
(8) In deposit accounts, electronic chattel paper, investment property, or letter-of-credit rights which is perfected by control under RCW 62A.9A-314;
(9) In proceeds which is perfected under RCW 62A.9A-315; or
(10) That is perfected under RCW 62A.9A-316.

(c) Assignment of perfected security interest. If a secured party assigns a perfected security interest or agricultural lien, a filing under this Article is not required to continue the perfected status of the security interest against creditors of and transferees from the original debtor.

(d) Further exception: Filing not necessary for handler’s lien. The filing of a financing statement is not necessary to perfect the agricultural lien of a handler on orchard crops as provided in RCW 60.11.020(3). [2011 c 74 § 709; 2000 c 250 § 9A-310.]

62A.9A-311 Perfection of security interests in property subject to certain statutes, regulations, and treaties. (Effective July 1, 2013.)

(a) Security interest subject to other law. Except as otherwise provided in subsection (d) of this section, the filing of a financing statement is not necessary or effective to perfect a security interest in property subject to:

(1) A statute, regulation, or treaty of the United States whose requirements for a security interest’s obtaining priority over the rights of a lien creditor with respect to the property preempt RCW 62A.9A-310(a);
(2) RCW 46.12.675 or 88.02.520, or chapter 65.12 RCW; or
(3) A statute of another jurisdiction which provides for a security interest to be indicated on a certificate of title as a condition or result of the security interest’s obtaining priority over the rights of a lien creditor with respect to the property.

(b) Compliance with other law. Compliance with the requirements of a statute, regulation, or treaty described in subsection (a) of this section for obtaining priority over the rights of a lien creditor is equivalent to the filing of a financing statement under this Article. Except as otherwise provided in subsection (d) of this section, RCW 62A.9A-313, and 62A.9A-316 (d) and (e) for goods covered by a certificate of title, a security interest in property subject to a statute, regulation, or treaty described in subsection (a) of this section may be perfected only by compliance with those requirements, and a security interest so perfected remains perfected notwithstanding a change in the use or transfer of possession of the collateral.

(c) Duration and renewal of perfection. Except as otherwise provided in subsection (d) of this section and RCW 62A.9A-316 (d) and (e), duration and renewal of perfection of a security interest perfected by compliance with the requirements prescribed by a statute, regulation, or treaty described in subsection (a) of this section are governed by the statute, regulation, or treaty. In other respects, the security interest is subject to this Article.

(d) Inapplicability to certain inventory. During any period in which collateral subject to RCW 46.12.675 or 88.02.520, or chapter 65.12 RCW is inventory held for sale or lease by a person or leased by that person as lessor and that person is in the business of selling goods of that kind, this section does not apply to a security interest in that collateral created by that person. [2011 c 74 § 702; 2010 c 161 § 1151; 2001 c 32 § 25; 2000 c 250 § 9A-311.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

62A.9A-313 When possession by or delivery to secured party perfects security interest without filing. (Effective July 1, 2013.)

(a) Perfection by possession or delivery. Except as otherwise provided in subsection (b) of this section, a secured party may perfect a security interest in negotiable documents, goods, instruments, money, or tangible chattel paper by taking possession of the collateral. A secured party may perfect a security interest in certificated securities by taking delivery of the certificated securities under RCW 62A.8-301.

(b) Goods covered by certificate of title. With respect to goods covered by a certificate of title issued by this state, a secured party may perfect a security interest in the goods by taking possession of the goods only in the circumstances described in RCW 62A.9A-316(d).

(c) Collateral in possession of person other than debtor. With respect to collateral other than certificated securities and goods covered by a document, a secured party takes possession of collateral in the possession of a person other than the debtor, the secured party, or a lessee of the collateral from the debtor in the ordinary course of the debtor’s business, when:

(1) The person in possession acknowledges a record acknowledging that it holds possession of the collateral for the secured party’s benefit; or
(2) The person takes possession of the collateral after having authenticated a record acknowledging that it will hold possession of collateral for the secured party’s benefit.

(d) Time of perfection by possession; continuation of perfection. If perfection of a security interest depends upon possession of the collateral by a secured party, perfection occurs no earlier than the time the secured party takes possession and continues only while the secured party retains possession.

(e) Time of perfection by delivery; continuation of perfection. A security interest in a certificated security in registered form is perfected by delivery when delivery of the certificated security occurs under RCW 62A.8-301 and remains perfected by delivery until the debtor obtains possession of the security certificate.

[2011 RCW Supp—page 1259]
(f) Acknowledgment not required. A person in possession of collateral is not required to acknowledge that it holds possession for a secured party’s benefit.

(g) Effectiveness of acknowledgment; no duties or confirmation. If a person acknowledges that it holds possession for the secured party’s benefit:

1. The acknowledgment is effective under subsection (e) of this section or RCW 62A.8-301(1), even if the acknowledgment violates the rights of a debtor; and

2. Unless the person otherwise agrees or law other than this Article otherwise provides, the person does not owe any duty to the secured party and is not required to confirm the acknowledgment to another person.

(h) Secured party’s delivery to person other than debtor. A secured party having possession of collateral does not relinquish possession by delivering the collateral to a person other than the debtor or a lessee of the collateral from the debtor in the ordinary course of the debtor’s business if the person was instructed before the delivery or is instructed contemporaneously with the delivery:

1. To hold possession of the collateral for the secured party’s benefit; or

2. To redeliver the collateral to the secured party.

(i) Effect of delivery under subsection (h) of this section; no duties or confirmation. A secured party does not relinquish possession, even if a delivery under subsection (h) of this section violates the rights of a debtor. A person to which collateral is delivered under subsection (h) of this section does not owe any duty to the secured party and is not required to confirm the delivery to another person unless the person otherwise agrees or law other than this Article otherwise provides. [2011 c 74 § 710; 2001 c 32 § 26; 2000 c 250 § 9A-313.]

62A.9A-316 Effect of change in governing law. (Effective July 1, 2013.) (a) General rule: Effect on perfection of change in governing law. A security interest perfected pursuant to the law of the jurisdiction designated in RCW 62A.9A-301(1) or 62A.9A-305(c) remains perfected until the earliest of:

1. The time perfection would have ceased under the law of that jurisdiction;

2. The expiration of four months after a change of the debtor’s location to another jurisdiction; or

3. The expiration of one year after a transfer of collateral to a person that thereby becomes a debtor and is located in another jurisdiction.

(b) Security interest perfected or unperfected under law of new jurisdiction. If a security interest described in subsection (a) of this section becomes perfected under the law of the other jurisdiction before the earliest time or event described in subsection (a) of this section, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earliest time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(c) Possessory security interest in collateral moved to new jurisdiction. A possessory security interest in collateral, other than goods covered by a certificate of title and as-extracted collateral consisting of goods, remains continuously perfected if:

1. The collateral is located in one jurisdiction and subject to a security interest perfected under the law of that jurisdiction;

2. Thereafter the collateral is brought into another jurisdiction; and

3. Upon entry into the other jurisdiction, the security interest is perfected under the law of the other jurisdiction.

(d) Goods covered by certificate of title from this state. Except as otherwise provided in subsection (e) of this section, a security interest in goods covered by a certificate of title which is perfected by any method under the law of another jurisdiction when the goods become covered by a certificate of title from this state remains perfected until the security interest would have become unperfected under the law of the other jurisdiction had the goods not become so covered.

(e) When subsection (d) security interest becomes unperfected against purchasers. A security interest described in subsection (d) of this section becomes unperfected as against a purchaser of the goods for value and is deemed never to have been perfected as against a purchaser of the goods for value if the applicable requirements for perfection under RCW 62A.9A-311(b) or 62A.9A-313 are not satisfied before the earlier of:

1. The time the security interest would have become unperfected under the law of the other jurisdiction had the goods not become covered by a certificate of title from this state; or

2. The expiration of four months after the goods had become so covered.

(f) Change in jurisdiction of bank, issuer, nominated person, securities intermediary, or commodity intermediary. A security interest in deposit accounts, letter-of-credit rights, or investment property which is perfected under the law of the bank’s jurisdiction, the issuer’s jurisdiction, a nominated person’s jurisdiction, the securities intermediary’s jurisdiction, or the commodity intermediary’s jurisdiction, as applicable, remains perfected until the earlier of:

1. The time the security interest would have become unperfected under the law of that jurisdiction; or

2. The expiration of four months after a change of the applicable jurisdiction to another jurisdiction.

(g) Subsection (f) of this section security interest perfected or unperfected under law of new jurisdiction. If a security interest described in subsection (f) of this section becomes perfected under the law of the other jurisdiction before the earlier of the time or the end of the period described in subsection (f) of this section, it remains perfected thereafter. If the security interest does not become perfected under the law of the other jurisdiction before the earlier of that time or the end of that period, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(h) Effect on filed financing statement of change in governing law. The following rules apply to collateral to
which a security interest attaches within four months after the
developer changes its location to another jurisdiction:

(1) A financing statement filed before the change pursuant

to the law of the jurisdiction designated in RCW 62A.9A-

301(1) or 62A.9A-305(c) is effective to perfect a security

interest in the collateral if the financing statement would have

been effective to perfect a security interest in the collateral

had the developer not changed its location.

(2) If a security interest perfected by a financing state-

tement that is effective under (1) of this subsection (b) becomes

perfected under the law of the other jurisdiction before the earlier

time the financing statement would have become ineffective under the law of the jurisdiction designated in RCW 62A.9A-301(1) or 62A.9A-305(c) or the expiration of the four-month period, it remains perfected thereafter.

If the security interest does not become perfected under the

law of the other jurisdiction before the earlier time or event, it becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

(i) Effect of change in governing law on financing

statement filed against original debtor. If a financing

statement naming an original debtor is filed pursuant to the

law of the jurisdiction designated in RCW 62A.9A-301(1) or

62A.9A-305(c) and the new debtor is located in another jurisdic-

tion, the following rules apply:

(1) The financing statement is effective to perfect a security

interest in collateral acquired by the new debtor before,

and within four months after, the new debtor becomes bound

under RCW 62A.9A-203(d), if the financing statement would

have been effective to perfect a security interest in the collat-

eral had the collateral been acquired by the original debtor.

(2) A security interest perfected by the financing state-

ment and which becomes perfected under the law of the other

jurisdiction before the earlier of the time the financing state-

ment would have become ineffective under the law of the jurisdic-

tion designated in RCW 62A.9A-301(1) or 62A.9A-305(c) or the expiration of the four-month period remains perfected thereafter. A security interest that is perfected by the financing statement but which does not become perfected under the law of the other jurisdiction before the earlier time or event becomes unperfected and is deemed never to have been perfected as against a purchaser of the collateral for value.

SUBPART 3. PRIORITY

62A.9A-317 Interests that take priority over or take
free of security interest or agricultural lien. (Effective
July 1, 2013.) (a) Conflicting security interests and rights
of lien creditors. A security interest or agricultural lien is
subordinate to the rights of:

(1) A person entitled to priority under RCW

62A.9A-322; and

(2) Except as otherwise provided in subsection (e) of this

section, a person that becomes a lien creditor before the ear-

lier of the time:

(A) The security interest or agricultural lien is perfected;
or

(B) One of the conditions specified in RCW 62A.9A-

203(b)(3) is met and a financing statement covering the col-

cateral is filed.

(b) Buyers that receive delivery. Except as otherwise

provided in subsection (e) of this section, a buyer, other than a

secured party, of tangible chattel paper, documents, goods,

instruments, or a certificated security takes free of a security

interest or agricultural lien if the buyer gives value and

receives delivery of the collateral without knowledge of the

security interest or agricultural lien and before it is perfected.

(c) Lessees that receive delivery. Except as otherwise

provided in subsection (e) of this section, a lessee of goods

takes free of a security interest or agricultural lien if the les-

ee gives value and receives delivery of the collateral without

knowledge of the security interest or agricultural lien and

before it is perfected.

(d) Licensees and buyers of certain collateral. A licen-

see of a general intangible or a buyer, other than a secured

party, of collateral other than tangible chattel paper, tangible

documents, goods, instruments, or a certificated security

takes free of a security interest if the licensee or buyer gives

value without knowledge of the security interest and before it

is perfected.

(e) Purchase-money security interest. Except as other-

wise provided in RCW 62A.9A-320 and 62A.9A-321, if a

person files a financing statement with respect to a purchase-

money security interest before or within twenty days after the

developer receives delivery of the collateral, the security interest

takes priority over the rights of a buyer, lessee, or lien credi-
tor which arise between the time the security interest attaches

and the time of filing. [2011 c 74 § 204; 2001 c 32 § 27; 2000

c 250 § 9A-317.]

Application—Correction of references—Effective date—2011 c 74:

See notes following RCW 62A.9A-102.

62A.9A-320 Buyer of goods. (Effective July 1, 2013.)

(a) Buyer in ordinary course of business. Except as other-

wise provided in subsection (e) of this section, a buyer in an

ordinary course of business, other than a person buying farm

products from a person engaged in farming operations, takes

free of a security interest created by the buyer’s seller, even if

the security interest is perfected and the buyer knows of its

existence.

(b) Buyer of consumer goods. Except as otherwise pro-

vided in subsection (e) of this section, a buyer of goods from

a person who used or bought the goods for use primarily for

personal, family, or household purposes takes free of a secu-

rity interest, even if perfected, if the buyer buys:

(1) Without knowledge of the security interest;

(2) For value;

(3) Primarily for the buyer’s personal, family, or house-

hold purposes; and

(4) Before the filing of a financing statement covering

the goods.

(c) Effectiveness of filing for subsection (b) of this sec-

tion. To the extent that it affects the priority of a security

interest over a buyer of goods under subsection (b) of this

section, the period of effectiveness of a filing made in the

jurisdiction in which the seller is located is governed by

RCW 62A.9A-316 (a) and (b).
(d) **Buyer in ordinary course of business at wellhead or minehead.** A buyer in ordinary course of business buying oil, gas, or other minerals at the wellhead or minehead or after extraction takes free of an interest arising out of an encumbrance.

(e) **Possessory security interest not affected.** Subsections (a) and (b) of this section do not affect a security interest in goods in the possession of the secured party under RCW 62A.9A-313. [2011 c 74 § 711; 2000 c 250 § 9A-320.]

**Application—Correction of references—Effective date—2011 c 74:** See notes following RCW 62A.9A-102.

### 62A.9A-326 Priority of security interests created by new debtor. *(Effective July 1, 2013.)*

(a) **Subordination of security interest created by new debtor.** Subject to subsection (b) of this section, a security interest that is created by a new debtor in collateral in which the new debtor has or acquires rights and is perfected solely by a filed financing statement that would be ineffective to perfect the security interest but for the application of RCW 62A.9A-316(i)(1) or 62A.9A-508 is subordinate to a security interest in the same collateral which is perfected other than by such a filed financing statement.

(b) **Priority under other provisions; multiple original debtors.** The other provisions of this part determine the priority among conflicting security interests in the same collateral perfected by filed financing statements described in subsection (a) of this section. However, if the security agreements to which a new debtor became bound as debtor were not entered into by the same original debtor, the conflicting security interests rank according to priority in time of the new debtor’s having become bound. [2011 c 74 § 205; 2000 c 250 § 9A-326.]

### 62A.9A-328 Priority of security interests in investment property. *(Effective July 1, 2013.)*

The following rules govern priority among conflicting security interests in the same investment property:

1. A security interest held by a secured party having control of investment property under RCW 62A.9A-106 has priority over a security interest held by a secured party that does not have control of the investment property.

2. Except as otherwise provided in subsections (3) and (4) of this section, conflicting security interests held by secured parties each of which has control under RCW 62A.9A-106 rank according to priority in time of:
   - (A) If the collateral is a security investment account and:
     - (i) If the secured party obtained control under RCW 62A.8-106(4)(a), the secured party’s becoming the person for which the securities account is maintained;
     - (ii) If the secured party obtained control under RCW 62A.8-106(4)(b), the securities intermediary’s agreement to comply with the secured party’s entitlement orders with respect to security entitlements carried or to be carried in the securities account; or
     - (iii) If the secured party obtained control through another person under RCW 62A.8-106(4)(c), the time on which priority would be based under this paragraph if the other person were the secured party; or
   - (B) If the collateral is a commodity contract or a commodity account maintained with the commodity intermediary.

3. A security interest held by a securities intermediary in a security entitlement or a securities account maintained with the securities intermediary has priority over a conflicting security interest held by another secured party.

4. A security interest held by a commodity intermediary in a commodity contract or a commodity account maintained with the commodity intermediary has priority over a conflicting security interest held by another secured party.

5. A security interest in a certificated security in registered form which is perfected by taking delivery under RCW 62A.9A-313(a) and not by control under RCW 62A.9A-314 has priority over a conflicting security interest perfected by a method other than control.

6. Conflicting security interests created by a broker, securities intermediary, or commodity intermediary which are perfected without control under RCW 62A.9A-106 rank equally.

**Application—Correction of references—Effective date—2011 c 74:** See notes following RCW 62A.9A-102.

**Effective date—2001 c 32:** See note following RCW 62A.9A-102.

### 62A.9A-335 Accessions. *(Effective July 1, 2013.)*

(a) **Creation of security interest in accession.** A security interest may be created in an accession and continues in collateral that becomes an accession.

(b) **Perfection of security interest.** If a security interest is perfected when the collateral becomes an accession, the security interest remains perfected in the collateral.

(c) **Priority of security interest.** Except as otherwise provided in subsection (d) of this section, the other provisions of this part determine the priority of a security interest in an accession.

(d) **Compliance with certificate-of-title statute.** A security interest in an accession is subordinate to a security interest in the whole which is perfected by compliance with the requirements of a certificate-of-title statute under RCW 62A.9A-311(b).

(e) **Removal of accession after default.** After default, subject to Part 6 of this Article, a secured party may remove an accession from other goods if the security interest in the accession has priority over the claims of every person having an interest in the whole.

(f) **Reimbursement following removal.** A secured party that removes an accession from other goods under subsection (e) of this section shall promptly reimburse any holder of a security interest or other lien on, or owner of, the whole or of the other goods, other than the debtor, for the cost of repair of any physical injury to the whole or the other goods. The secured party need not reimburse the holder or owner for any diminution in value of the whole or the other
goods caused by the absence of the accession removed or by any necessity for replacing it. A person entitled to reimbursement may refuse permission to remove until the secured party gives adequate assurance for the performance of the obligation to reimburse. [2011 c 74 § 713; 2000 c 250 § 9A-335.]

62A.9A-337 Priority of security interests in goods covered by certificate of title. (Effective July 1, 2013.) If, while a security interest in goods is perfected by any method under the law of another jurisdiction, this state issues a certificate of title that does not show that the goods are subject to the security interest or contain a statement that they may be subject to security interests not shown on the certificate:

(1) A buyer of the goods, other than a person in the business of selling goods of that kind, takes free of the security interest if the buyer gives value and receives delivery of the goods after issuance of the certificate and without knowledge of the security interest; and

(2) The security interest is subordinate to a conflicting security interest in the goods that attaches, and is perfected under RCW 62A.9A-311(b), after issuance of the certificate and without the conflicting secured party’s knowledge of the security interest. [2011 c 74 § 714; 2000 c 250 § 9A-337.]

62A.9A-338 Priority of security interest or agricultural lien perfected by filed financing statement providing certain incorrect information. (Effective July 1, 2013.) If a security interest or agricultural lien is perfected by a filed financing statement providing information described in RCW 62A.9A-516(b)(5) which is incorrect at the time the financing statement is filed:

(1) The security interest or agricultural lien is subordinate to a conflicting perfected security interest in the collateral to the extent that the holder of the conflicting security interest gives value in reasonable reliance upon the incorrect information; and

(2) A purchaser, other than a secured party, of the collateral takes free of the security interest or agricultural lien to the extent that, in reasonable reliance upon the incorrect information, the purchaser gives value and, in the case of chattel paper, documents, goods, instruments, or a security certificate, receives delivery of the collateral. [2011 c 74 § 715; 2000 c 250 § 9A-338.]

SUBPART 4. RIGHTS OF BANK

62A.9A-406 Discharge of account debtor; notification of assignment; identification and proof of assignment; restrictions on assignment of accounts, chattel paper, payment intangibles, and promissory notes ineffective. (Effective July 1, 2013.) (a) Discharge of account debtor; effect of notification. Subject to subsections (b) through (j) of this section, an account debtor on an account, chattel paper, or a payment intangible may discharge its obligation by paying the assignor until, but not after, the account debtor receives a notification, authenticated by the assignor or the assignee, that the amount due or to become due has been assigned and that payment is to be made to the assignee. After receipt of the notification, the account debtor may discharge its obligation by paying the assignee and may not discharge the obligation by paying the assignor.

(b) When notification ineffective. Subject to subsection (h) of this section, notification is ineffective under subsection (a) of this section:

(1) If it does not reasonably identify the rights assigned;

(2) To the extent that an agreement between an account debtor and a seller of a payment intangible limits the account debtor’s duty to pay a person other than the seller and the limitation is effective under law other than this Article; or

(3) At the option of an account debtor, if the notification notifies the account debtor to make less than the full amount of any installment or other periodic payment to the assignee, even if:

(A) Only a portion of the account, chattel paper, or payment intangible has been assigned to that assignee;

(B) A portion has been assigned to another assignee; or

(C) The account debtor knows that the assignment to that assignee is limited.

(c) Proof of assignment. Subject to subsection (h) of this section, if requested by the account debtor, an assignee shall seasonably furnish reasonable proof that the assignment has been made. Unless the assignee complies, the account debtor may discharge its obligation by paying the assignor, even if the account debtor has received a notification under subsection (a) of this section.
(g) Subsection (b)(3) of this section not waivable. Subject to subsection (h) of this section, an account debtor may not waive or vary its option under subsection (b)(3) of this section.

(h) Rule for individual under other law. This section is subject to law other than this Article which establishes a different rule for an account debtor who is an individual and who incurred the obligation primarily for personal, family, or household purposes.

(i) Inapplicability to health-care-insurance receivable. This section does not apply to an assignment of a health-care-insurance receivable.

(j)(1) Inapplicability of subsection (d) of this section to certain transactions. After July 1, 2003, subsection (d) of this section does not apply to the assignment or transfer of or creation of a security interest in:

(A) A claim or right to receive compensation for injuries or sickness as described in 26 U.S.C. Sec. 104(a)(1) or (2); or
(B) A claim or right to receive benefits under a special regulation described in subsection (c) of this section.

(2) This subsection will not affect a transfer of structured settlement payment rights under chapter 19.205 RCW. [2003 c 87 § 1; 2001 c 32 § 34; 2000 c 250 § 9A-406.]

Effective date—2003 c 87: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2003." [2003 c 87 § 3.]

62A.9A-408 Restrictions on assignment of promissory notes, health-care-insurance receivables, and certain general intangibles ineffective. (Effective July 1, 2013.) (a) Term restricting assignment generally ineffective. Except as otherwise provided in subsection (b) of this section, a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or a general intangible, including a contract, permit, license, or franchise, and which term prohibits, restricts, or requires the consent of the person obligated on the promissory note or the account debtor to, the assignment or transfer of, or creation, attachment, or perfection of a security interest in, the promissory note, health-care-insurance receivable, or general intangible, is ineffective to the extent that the term:

(1) Would impair the creation, attachment, or perfection of a security interest; or
(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the account, chattel paper, payment intangible, or promissory note.

(b) Applicability of subsection (a) of this section to sales of certain rights to payment. Subsection (a) of this section applies to a security interest in a payment intangible or promissory note only if the security interest arises out of a sale of the payment intangible or promissory note, other than a sale pursuant to a disposition under RCW 62A.9A-610 or an acceptance of collateral under RCW 62A.9A-620.

(c) Legal restrictions on assignment generally ineffective. A rule of law, statute, or regulation that prohibits, restricts, or requires the consent of a government, governmental body or official, person obligated on a promissory note, or account debtor to the assignment or transfer of, or creation of a security interest in, a promissory note, health-care-insurance receivable, or general intangible, including a contract, permit, license, or franchise between an account debtor and a debtor, is ineffective to the extent that the rule of law, statute, or regulation:

(1) Would impair the creation, attachment, or perfection of a security interest; or
(2) Provides that the assignment or transfer or the creation, attachment, or perfection of the security interest may give rise to a default, breach, right of recoupment, claim, defense, termination, right of termination, or remedy under the promissory note, health-care-insurance receivable, or general intangible.

(d) Limitation on ineffectiveness under subsections (a) and (c) of this section. To the extent that a term in a promissory note or in an agreement between an account debtor and a debtor which relates to a health-care-insurance receivable or general intangible or a rule of law, statute, or regulation described in subsection (c) of this section would be effective under law other than this Article but is ineffective under subsection (a) or (c) of this section, the creation, attachment, or perfection of a security interest in the promissory note, health-care-insurance receivable, or general intangible:

(1) Is not enforceable against the person obligated on the promissory note or the account debtor;
(2) Does not impose a duty or obligation on the person obligated on the promissory note or the account debtor;
(3) Does not require the person obligated on the promissory note or the account debtor to recognize the security interest, pay or render performance to the secured party, or accept payment or performance from the secured party;
(4) Does not entitle the secured party to use or assign the
debtor’s rights under the promissory note, health-care-insur-
ance receivable, or general intangible, including any related
information or materials furnished to the debtor in the trans-
action giving rise to the promissory note, health-care-insur-
ance receivable, or general intangible;

(5) Does not entitle the secured party to use, assign, pos-
sess, or have access to any trade secrets or confidential in-
formation of the person obligated on the promissory note or the
account debtor; and

(6) Does not entitle the secured party to enforce the secur-
ity interest in the promissory note, health-care-insurance
receivable, or general intangible.

(e)(1) 
Inapplicability of subsections (a) and (c) of this
section to certain payment intangibles. After July 1, 2003,
subsections (a) and (c) of this section do not apply to the
assignment or transfer of or creation of a security interest in:

(A) A claim or right to receive compensation for injuries
or sickness as described in 26 U.S.C. Sec. 104(a)(1) or (2); or

(B) A claim or right to receive benefits under a special
needs trust as described in 42 U.S.C. Sec. 1396p(d)(4).

(2) This subsection will not affect a transfer of structured
settlement payment rights under chapter 19.205 RCW.  [2011
c 74 § 302; 2003 c 87 § 2; 2000 c 250 § 9A-408.]

SUBPART 1. FILING OFFICE; CONTENTS AND
EFFECTIVENESS OF FINANCING STATEMENT

62A.9A-503 Name of debtor and secured party.
(Effective July 1, 2013.)  (a) Sufficiency of debtor’s name.
A financing statement sufficiently provides the name of the
debtor:

(1) Except as otherwise provided in (3) of this subsection
(a), if the debtor is a registered organization or the collateral
is held in a trust that is a registered organization, only if the
financing statement provides the name that is stated to be the
registered organization’s name on the public organic record
most recently filed with or issued or enacted by the registered
organization’s jurisdiction of organization which purports to
state, amend, or restate the registered organization’s name;

(2) Subject to subsection (f) of this section, if the collat-
eral is being administered by the personal representative of a
decedent, only if the financing statement provides, as the
name of the debtor, the name of the decedent and, in a sepa-
rate part of the financing statement, indicates that the collat-
eral is being administered by a personal representative;

(3) If the collateral is held in a trust that is not a regis-
tered organization, only if the financing statement:

(A) Provides, as the name of the debtor:

(i) If the organic record of the trust specifies a name for
the trust, the name specified; or

(ii) If the organic record of the trust does not specify a
name for the trust, the name of the settlor or testator; and

(B) In a separate part of the financing statement:

(i) If the name is provided in accordance with (3)(A)(i)
of this subsection, indicates that the collateral is held in a
trust; or

(ii) If the name is provided in accordance with (3)(A)(ii)
of this subsection, provides additional information sufficient
to distinguish the trust from other trusts having one or more
of the same settlors or the same testator and indicates that the
collateral is held in a trust, unless the additional information
so indicates;

(4) If the debtor is an individual, only if the financing
statement:

(A) Provides the individual name of the debtor;

(B) Provides the surname and first personal name of the
debtor; or

(C) Subject to subsection (g) of this section, provides the
name of the individual which is indicated on a driver’s
license or identification card that this state has issued to the
individual and which has not expired; and

(5) In other cases:

(A) If the debtor has a name, only if the financing state-
ment provides the organizational name of the debtor; and

(B) If the debtor does not have a name, only if the financ-
ing statement provides the names of the partners, members,
associates, or other persons comprising the debtor, in a man-
ner that each name provided would be sufficient if the person
named were the debtor.

(b) Additional debtor-related information. A financ-
ing statement that provides the name of the debtor in accor-
dance with subsection (a) of this section is not rendered inef-
fective by the absence of:

(1) A trade name or other name of the debtor; or

(2) Unless required under subsection (a)(5)(B) of this
section, names of partners, members, associates, or other
persons comprising the debtor.

(c) Debtor’s trade name insufficient. A financing
statement that provides only the debtor’s trade name does not
sufficiently provide the name of the debtor.

(d) Representative capacity. Failure to indicate the
representative capacity of a secured party or representative of
a secured party does not affect the sufficiency of a financing
statement.

(e) Multiple debtors and secured parties. A financ-
ing statement may provide the name of more than one debtor and
the name of more than one secured party.

(f) Name of decedent. The name of the decedent indi-
cated on the order appointing the personal representative of
the decedent issued by the court having jurisdiction over the
collateral is sufficient as the "name of the decedent" under
subsection (a)(2) of this section.

(g) Multiple driver’s licenses. If this state has issued to
an individual more than one driver’s license or identification
card of a kind described in subsection (a)(4) of this section,
the one that was issued most recently is the one to which sub-
section (a)(4) of this section refers.

(h) Definition. In this section, the "name of the settlor or
testator" means:

(1) If the settlor is a registered organization, the name
that is stated to be the settlor’s name on the public organic
record most recently filed with or issued or enacted by the
settlor’s jurisdiction of organization which purports to state,
amend, or restate the settlor’s name; or

(2) In other cases, the name of the settlor or testator indi-
cated in the trust’s organic record.  [2011 c 74 § 401; 2000 c
250 § 9A-503.]
62A.9A-505 Filing and compliance with other statutes and treaties for consignments, leases, other bailments, and other transactions. (Effective July 1, 2013.)

(a) Use of terms other than "debtor" and "secured party." A consignor, lessor, or other bailor of goods, a licensor, or a buyer of a payment intangible or promissory note may file a financing statement, or may comply with a statute or treaty described in RCW 62A.9A-311(a), using the terms "consignor," "consignee," "lessor," "lessee," "bailor," "baillee," "licensor," "licensee," "owner," "registered owner," "buyer," "seller," or words of similar import, instead of the terms "secured party" and "debtor."

(b) Effect of financing statement under subsection (a) of this section. This part applies to the filing of a financing statement under subsection (a) of this section and, as appropriate, to compliance that is equivalent to filing a financing statement under RCW 62A.9A-311(b), but the filing or compliance is not of itself a factor in determining whether the collateral secures an obligation. If it is determined for another reason that the collateral secures an obligation, a security interest held by the consignor, lessor, bailor, licensor, owner, or buyer which attaches to the collateral is perfected by the filing or compliance. [2011 c 74 § 717; 2000 c 250 § 9A-505.]

62A.9A-506 Effect of errors or omissions. (Effective July 1, 2013.) (a) Minor errors and omissions. A financing statement substantially satisfying the requirements of this part is effective, even if it has minor errors or omissions, unless the errors or omissions make the financing statement seriously misleading.

(b) Financing statement seriously misleading. Except as otherwise provided in subsection (c) of this section, a financing statement that fails sufficiently to provide the name of the debtor in accordance with RCW 62A.9A-503(a) is seriously misleading.

(c) Financing statement not seriously misleading. If a search of the records of the filing office under the debtor’s correct name, using the filing office’s standard search logic, if any, would disclose a financing statement that fails sufficiently to provide the name of the debtor in accordance with RCW 62A.9A-503(a), the name provided does not make the financing statement seriously misleading.

(d) "Debtor’s correct name." For purposes of RCW 62A.9A-508(b), the "debtor’s correct name" in subsection (c) of this section means the correct name of the new debtor. [2011 c 74 § 718; 2000 c 250 § 9A-506.]

62A.9A-507 Effect of certain events on effectiveness of financing statement. (Effective July 1, 2013.) (a) Disposition. A filed financing statement remains effective with respect to collateral that is sold, exchanged, leased, licensed, or otherwise disposed of and in which a security interest or agricultural lien continues, even if the secured party knows of or consents to the disposition.

(b) Information becoming seriously misleading. Except as otherwise provided in subsection (c) of this section and RCW 62A.9A-508, a financing statement is not rendered ineffective if, after the financing statement is filed, the information provided in the financing statement becomes seriously misleading under RCW 62A.9A-506.

(c) Change in debtor’s name. If the name that a filed financing statement provides for a debtor becomes insufficient as the name of the debtor under RCW 62A.9A-503(a) so that the financing statement becomes seriously misleading under RCW 62A.9A-506:

(1) The financing statement is effective to perfect a security interest in collateral acquired by the debtor before, or within four months after, the filed financing statement becomes seriously misleading; and

(2) The financing statement is not effective to perfect a security interest in collateral acquired by the debtor more than four months after the filed financing statement becomes seriously misleading, unless an amendment to the financing statement which renders the financing statement not seriously misleading is filed within four months after the filed financing statement becomes seriously misleading. [2011 c 74 § 402; 2000 c 250 § 9A-507.]

62A.9A-508 Effectiveness of financing statement if new debtor becomes bound by security agreement. (Effective July 1, 2013.) (a) Financing statement naming original debtor. Except as otherwise provided in this section, a filed financing statement naming an original debtor is effective to perfect a security interest in collateral in which a new debtor has or acquires rights to the extent that the financing statement would have been effective had the original debtor acquired rights in the collateral.

(b) Financing statement becoming seriously misleading. If the difference between the name of the original debtor and that of the new debtor causes a filed financing statement that is effective under subsection (a) of this section to be seriously misleading under RCW 62A.9A-506:

(1) The financing statement is effective to perfect a security interest in collateral acquired by the new debtor before, and within four months after, the new debtor becomes bound under RCW 62A.9A-203(d); and

(2) The financing statement is not effective to perfect a security interest in collateral acquired by the new debtor more than four months after the new debtor becomes bound under RCW 62A.9A-203(d) unless an initial financing statement providing the name of the new debtor is filed before the expiration of that time.

(c) When section not applicable. This section does not apply to collateral as to which a filed financing statement remains effective against the new debtor under RCW 62A.9A-507(a). [2011 c 74 § 719; 2000 c 250 § 9A-508.]

62A.9A-510 Effectiveness of filed record. (Effective July 1, 2013.) (a) Filed record effective if authorized. A

[2011 RCW Supp—page 1266]
filed record is effective only to the extent that it was filed by a person that may file it under RCW 62A.9A-509.

(b) Authorization by one secured party of record. A record authorized by one secured party of record does not affect the financing statement with respect to another secured party of record.

(c) Continuation statement not timely filed. A continuation statement that is not filed within the six-month period prescribed by RCW 62A.9A-515(d) is ineffective. [2011 c 74 § 720; 2000 c 250 § 9A-510.]

62A.9A-515 Duration and effectiveness of financing statement; effect of lapsed financing statement. (Effective July 1, 2013.) (a) Five-year effectiveness. Except as otherwise provided in subsections (b), (e), (f), and (g) of this section, a filed financing statement is effective for a period of five years after the date of filing.

(b) [Reserved]

(c) Lapse and continuation of financing statement. The effectiveness of a filed financing statement lapses on the expiration of the period of its effectiveness unless before the lapse a continuation statement is filed pursuant to subsection (d) of this section. Upon lapse, a financing statement ceases to be effective and any security interest or agricultural lien that was perfected by the financing statement becomes unperfected, unless the security interest is perfected otherwise. If the security interest or agricultural lien becomes unperfected upon lapse, it is deemed never to have been perfected as against a purchaser of the collateral for value.

(d) When continuation statement may be filed. A continuation statement may be filed only within six months before the expiration of the five-year period specified in subsection (a) of this section or the thirty-year period specified in subsection (b) of this section, whichever is applicable.

(e) Effect of filing continuation statement. Except as otherwise provided in RCW 62A.9A-510, upon timely filing of a continuation statement, the effectiveness of the initial financing statement continues for a period of five years commencing on the day on which the financing statement would have become ineffective in the absence of the filing. Upon the expiration of the five-year period, the financing statement lapses in the same manner as provided in subsection (c) of this section, unless, before the lapse, another continuation statement is filed pursuant to subsection (d) of this section. Succeeding continuation statements may be filed in the same manner to continue the effectiveness of the initial financing statement.

(f) Transmitting utility financing statement. If a debtor is a transmitting utility and a filed initial financing statement so indicates, the financing statement is effective until a termination statement is filed.

(g) Record of mortgage as financing statement. A record of a mortgage that is effective as a financing statement filed as a fixture filing under RCW 62A.9A-502(c) remains effective as a financing statement filed as a fixture filing until the mortgage is released or satisfied of record or its effectiveness otherwise terminates as to the real property. [2011 c 74 § 403; 2000 c 250 § 9A-515.]

62A.9A-516 What constitutes filing; effectiveness of filing. (Effective July 1, 2013.) (a) What constitutes filing. Except as otherwise provided in subsection (b) of this section, communication of a record to a filing office and tender of the filing fee or acceptance of the record by the filing office constitutes filing.

(b) Refusal to accept record; filing does not occur. Filing does not occur with respect to a record that a filing office refuses to accept because:

1. The record is not communicated by a method or medium of communication authorized by the filing office;

2. An amount equal to or greater than the applicable filing fee is not tendered or, in the case of a filing office described in RCW 62A.9A-501(a)(1), an amount equal to the applicable filing fee is not tendered;

3. The filing office is unable to index the record because:

A. In the case of an initial financing statement, the record does not provide a name for the debtor;

B. In the case of an amendment or information statement, the record:

i. Does not identify the initial financing statement as required by RCW 62A.9A-512 or 62A.9A-518, as applicable; or

ii. Identifies an initial financing statement whose effectiveness has lapsed under RCW 62A.9A-515;

C. In the case of an initial financing statement that provides the name of a debtor identified as an individual or an amendment that provides a name of a debtor identified as an individual which was not previously provided in the financing statement to which the record relates, the record does not identify the debtor’s surname; or

D. In the case of a record filed or recorded in the filing office described in RCW 62A.9A-501(a)(1), the record does not provide a name for the debtor or a sufficient description of the real property to which the record relates;

4. In the case of an initial financing statement or an amendment that adds a secured party of record, the record does not provide a name and mailing address for the secured party of record;

5. In the case of an initial financing statement or an amendment that provides a name of a debtor which was not previously provided in the financing statement to which the amendment relates, the record does not:

A. Provide a mailing address for the debtor; or

B. Indicate whether the name provided as the name of the debtor is the name of an individual or an organization;

6. In the case of an assignment reflected in an initial financing statement under RCW 62A.9A-514(a) or an amendment filed under RCW 62A.9A-514(b), the record does not provide a name and mailing address for the assignee; or

7. In the case of a continuation statement, the record is not filed within the six-month period prescribed by RCW 62A.9A-515(d).

(c) Rules applicable to subsection (b) of this section. For purposes of subsection (b) of this section:

[2011 RCW Supp—page 1267]
(1) A record does not provide information if the filing office is unable to read or decipher the information; and
(2) A record that does not indicate that it is an amendment or identify an initial financing statement to which it relates, as required by RCW 62A.9A-512, 62A.9A-514, or 62A.9A-518, is an initial financing statement.

(d) Refusal to accept record; record effective as filed record. A record that is communicated to the filing office with tender of the filing fee, but which the filing office refuses to accept for a reason other than one set forth in subsection (b) of this section, is effective as a filed record except as against a purchaser of the collateral which gives value in reasonable reliance upon the absence of the record from the files. [2011 c 74 § 404; 2001 c 32 § 38; 2000 c 250 § 9A-516.]

62A.9A-518 Claim concerning inaccurate or wrongfully filed record. (Effective July 1, 2013.) (a) Statement with respect to record indexed under person’s name. A person may file in the filing office an information statement with respect to a record indexed there under the person’s name if the person believes that the record is inaccurate or was wrongfully filed.

(b) Contents of statement under subsection (a) of this section. An information statement under subsection (a) of this section must:

   (1) Identify the record to which it relates by the file number assigned to the initial financing statement to which the record relates;

   (2) Indicate that it is an information statement; and

   (3) Provide the basis for the person’s belief that the record is inaccurate and indicate the manner in which the person believes the record should be amended to cure any inaccuracy or provide the basis for the person’s belief that the record was wrongfully filed.

(c) Statement by secured party of record. A person may file in the filing office an information statement with respect to a record filed there if the person is a secured party of record with respect to the financing statement to which the record relates and believes that the person that filed the record was not entitled to do so under RCW 62A.9A-509(d).

(d) Contents of statement under subsection (e) of this section. An information statement under subsection (e) of this section must:

   (1) Identify the record to which it relates by the file number assigned to the initial financing statement to which the record relates;

   (2) Indicate that it is an information statement; and

   (3) Provide the basis for the person’s belief that the person that filed the record was not entitled to do so under RCW 62A.9A-509(d).

(e) Record not affected by information statement. The filing of an information statement does not affect the effectiveness of an initial financing statement or other filed record. [2011 c 74 § 405; 2000 c 250 § 9A-518.]

SUBPART 2. DUTIES AND OPERATION OF FILING OFFICE

62A.9A-520 Acceptance and refusal to accept record. (Effective July 1, 2013.) (a) Mandatory refusal to accept record. The filing office described in RCW 62A.9A-501(a)(2) shall refuse to accept a record for filing for a reason set forth in RCW 62A.9A-516(b). A filing office described in RCW 62A.9A-501(a)(1) shall refuse to accept a record for filing for a reason set forth in RCW 62A.9A-516(b) (1) through (4) and any filing office may refuse to accept a record for filing only for a reason set forth in RCW 62A.9A-516(b).

(b) Communication concerning refusal. If a filing office refuses to accept a record for filing, it shall communicate to the person that presented the record the fact of and reason for the refusal and the date and time the record would have been filed had the filing office accepted it. The communication must be made at the time and in the manner prescribed by filing-office rule but, in the case of a filing office described in RCW 62A.9A-501(a)(2), in no event more than two business days after the filing office receives the record.

(c) When filed financing statement effective. A filed financing statement satisfying RCW 62A.9A-502 (a) and (b) is effective, even if the filing office is required to refuse to accept it for filing under subsection (a) of this section. However, RCW 62A.9A-338 applies to a filed financing statement providing information described in RCW 62A.9A-516(b) (5) which is incorrect at the time the financing statement is filed.

(d) Separate application to multiple debtors. If a record communicated to a filing office provides information that relates to more than one debtor, this part applies as to each debtor separately. [2011 c 74 § 721; 2001 c 32 § 39; 2000 c 250 § 9A-520.]

(c) Rights cumulative; simultaneous exercise. The rights under subsections (a) and (b) of this section are cumulative and may be exercised simultaneously.
(d) Rights of debtor and obligor. Except as otherwise provided in subsection (g) of this section and RCW 62A.9A-605, after default, a debtor and an obligor have the rights provided in this part and by agreement of the parties.

(e) Lien of levy after judgment. If a secured party has reduced its claim to judgment, the lien of any levy that may be made upon the collateral by virtue of an execution based upon the judgment relates back to the earliest of:

(1) A secured party sends to the debtor and any secondary obligor an authenticated notification of disposition; or

(2) The debtor and any secondary obligor waive the right to notification.

(b) Notification of disposition required. Except as otherwise provided in subsection (d) of this section, a secured party that disposes of collateral under RCW 62A.9A-610 shall send to the persons specified in subsection (c) of this section a reasonable authenticated notification of disposition.

(2) If the collateral is consumer goods, a person that was a debtor or a secondary obligor at the time a secured party failed to comply with this part may recover for that failure in any event an amount not less than the credit service charge plus ten percent of the principal amount of the obligation or the time-price differential plus ten percent of the cash price.

(d) Recovery when deficiency eliminated or reduced. A debtor whose deficiency is eliminated under RCW 62A.9A-625(c)(2) may recover damages for the loss of any surplus. However, a debtor or secondary obligor may not recover under subsection (b) or (c)(2) of this section for noncompliance with the provisions of this part relating to collection, enforcement, disposition, or acceptance to the extent that its deficiency is eliminated or reduced under RCW 62A.9A-626.

(e) Statutory damages: Noncompliance with specified provisions. In addition to any damages recoverable under subsection (b) of this section, the debtor, consumer obligor, or person named as a debtor in a filed record, as applicable, may recover five hundred dollars in each case from a person that:

1. Fails to comply with RCW 62A.9A-208;
2. Fails to comply with RCW 62A.9A-209;
3. Files a record that the person is not entitled to file under RCW 62A.9A-509(a);
4. Fails to cause the secured party of record to file or send a termination statement as required by RCW 62A.9A-513 (a) or (c) within twenty days after the secured party receives an authenticated demand from a debtor;

7. The secured party's failure to comply with this Article does not affect the liability of the person for a deficiency.

8. The secured party: (A) That the person is a debtor or obligor; (B) The identity of the person; and (C) How to communicate with the person or (D) To a secured party or lienholder that has filed a financing statement against a person, unless the secured party knows:

1. That the person is a debtor or obligor; and
2. The identity of the person.

9. Limitation of liability if reasonable belief that transaction not a consumer-goods transaction or consumer transaction. A secured party is not liable to any person, and a person’s liability for a deficiency is not affected, because of any act or omission arising out of the secured party’s reasonable belief that a transaction is not a consumer-goods transaction or that goods are not consumer goods, if the secured party’s belief is based on its reasonable reliance on:

1. A debtor’s representation concerning the purpose for which collateral was to be used, acquired, or held;
2. An obligor’s representation concerning the purpose for which a secured obligation was incurred.

10. Limitation of liability for statutory damages. A secured party is not liable to any person under RCW 62A.9A-625(c)(2) for its failure to comply with RCW 62A.9A-616.

11. Limitation of multiple liability for statutory damages. A secured party is not liable under RCW 62A.9A-625(c)(2) more than once with respect to any one secured obligation. [2011 c 74 § 727; 2001 c 32 § 45; 2000 c 250 § 9A-628.]

62A.9A-628 Nonliability and limitation on liability of secured party; liability of secondary obligor. (Effective July 1, 2013.) (a) Limitation of liability of secured party for noncompliance with article. Unless a secured party knows that a person is a debtor or obligor, knows the identity of the person, and knows how to communicate with the person:

1. The secured party is not liable to the person, or to a secured party or lienholder that has filed a financing statement against the person, for failure to comply with this Article; and
2. The secured party’s failure to comply with this Article does not affect the liability of the person for a deficiency.

(b) Limitation of liability based on status as secured party. A secured party is not liable because of its status as secured party:

1. To a person that is a debtor or obligor, unless the secured party knows:

   A. That the person is a debtor or obligor;
   B. The identity of the person; and
   C. How to communicate with the person; or
2. To a secured party or lienholder that has filed a financing statement against a person, unless the secured party knows:

   A. That the person is a debtor; and
   B. The identity of the person.

(c) Limitation of liability if reasonable belief that transaction not a consumer-goods transaction or consumer transaction. A secured party is not liable to any person, and a person’s liability for a deficiency is not affected, because of any act or omission arising out of the secured party’s reasonable belief that a transaction is not a consumer-goods transaction or that goods are not consumer goods, if the secured party’s belief is based on its reasonable reliance on:

1. A debtor’s representation concerning the purpose for which collateral was to be used, acquired, or held;
2. An obligor’s representation concerning the purpose for which a secured obligation was incurred.

62A.9A-803 Security interest perfected before effective date. (Effective July 1, 2013.) (a) Continuing perfection: Perfection requirements satisfied. A security interest that is a perfected security interest immediately before July 1, 2013, is a perfected security interest under chapter 62A.9A RCW if, on July 1, 2013, the applicable requirements for attachment and perfection under chapter 62A.9A RCW as of July 1, 2013, are satisfied without further action.

(b) Continuing perfection: Perfection requirements not satisfied. Except as otherwise provided in RCW 62A.9A-805, if, immediately before July 1, 2013, a security
interest is a perfected security interest, but the applicable requirements for perfection under chapter 62A.9A RCW as of July 1, 2013, are not satisfied when this section takes effect, the security interest remains perfected thereafter only if the applicable requirements for perfection under chapter 62A.9A RCW as of July 1, 2013, are satisfied within one year after July 1, 2013. [2011 c 74 § 602.]

### 62A.9A-804 Security interest unperfected before effective date. (Effective July 1, 2013.) A security interest that is an unperfected security interest immediately before July 1, 2013, becomes a perfected security interest:

(a) Without further action, on July 1, 2013, if the applicable requirements for perfection under chapter 62A.9A RCW are satisfied before or at that time; or

(b) When the applicable requirements for perfection are satisfied if the requirements are satisfied after that time. [2011 c 74 § 603.]

### 62A.9A-805 Effectiveness of action taken before effective date. (Effective July 1, 2013.) (a) Preeffective date filing effective. The filing of a financing statement before July 1, 2013, is effective to perfect a security interest to the extent the filing would satisfy the applicable requirements for perfection under chapter 62A.9A RCW as of July 1, 2013.

(b) When preeffective date filing becomes ineffective. Chapter 74, Laws of 2011 does not render ineffective an effective financing statement that, before July 1, 2013, is filed and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in chapter 62A.9A RCW as it existed before July 1, 2013. However, except as otherwise provided in subsections (c) and (d) of this section and RCW 62A.9A-806, the financing statement ceases to be effective:

(1) If the financing statement is filed in this state, at the time the financing statement would have ceased to be effective had this section not taken effect; or

(2) If the financing statement is filed in another jurisdiction, at the earlier of:

(A) The time the financing statement would have ceased to be effective under the law of that jurisdiction; or

(B) June 30, 2018.

(c) Continuation statement. The filing of a continuation statement after July 1, 2013, does not continue the effectiveness of a financing statement filed before July 1, 2013. However, upon the timely filing of a continuation statement after July 1, 2013, and in accordance with the law of the jurisdiction governing perfection as provided in chapter 62A.9A RCW as of July 1, 2013, the effectiveness of a financing statement filed in the same office in that jurisdiction before July 1, 2013, continues for the period provided by the law of that jurisdiction.

(d) Application of subsection (b)(2)(B) to transmitting utility financing statement. Subsection (b)(2)(B) of this section applies to a financing statement that, before July 1, 2013, is filed against a transmitting utility and satisfies the applicable requirements for perfection under the law of the jurisdiction governing perfection as provided in chapter 62A.9A RCW as it existed before July 1, 2013, only to the extent that chapter 62A.9A RCW as of July 1, 2013, provides that the law of a jurisdiction other than the jurisdiction in which the financing statement is filed governs perfection of a security interest in collateral covered by the financing statement.

(e) Application of Part 4. A financing statement that includes a financing statement filed before July 1, 2013, and a continuation statement filed after July 1, 2013, is effective only to the extent that it satisfies the requirements of RCW 62A.9A-502, 62A.9A-503, 62A.9A-507, 62A.9A-515, 62A.9A-516, 62A.9A-518, and 62A.9A-521 as of July 1, 2013, for an initial financing statement. A financing statement that indicates that the debtor is a decedent’s estate indicates that the collateral is being administered by a personal representative within the meaning of RCW 62A.9A-503(a)(2) as of July 1, 2013. A financing statement that indicates that the debtor is a trust or is a trustee acting with respect to property held in trust indicates that the collateral is held in a trust within the meaning of RCW 62A.9A-503(a)(3) as of July 1, 2013. [2011 c 74 § 604.]

### 62A.9A-806 When initial financing statement suffices to continue effectiveness of financing statement. (Effective July 1, 2013.) (a) Initial financing statement in lieu of continuation statement. The filing of an initial financing statement in the office specified in RCW 62A.9A-501 continues the effectiveness of a financing statement filed before July 1, 2013, if:

(1) The filing of an initial financing statement in that office would be effective to perfect a security interest under chapter 62A.9A RCW as of July 1, 2013;

(2) The preeffective date financing statement was filed in an office in another state; and

(3) The initial financing statement satisfies subsection (c) of this section.

(b) Period of continued effectiveness. The filing of an initial financing statement under subsection (a) of this section continues the effectiveness of the preeffective date financing statement:

(1) If the initial financing statement is filed before July 1, 2013, for the period provided in RCW 62A.9A-515, as it existed before July 1, 2013, with respect to an initial financing statement; and

(c) Requirements for initial financing statement under subsection (a) of this section. To be effective for purposes of subsection (a) of this section, an initial financing statement must:

filed and providing the dates of filing and file numbers, if any, of the financing statement and of the most recent continuation statement filed with respect to the financing statement; and

(b) Applicable law. After July 1, 2013, a person may add or delete collateral covered by, continue or terminate the effectiveness of, or otherwise amend the information provided in, a preeffective date financing statement only in accordance with the law of the jurisdiction governing perfection as provided in chapter 62A.9A RCW as of July 1, 2013. However, the effectiveness of a preeffective date financing statement also may be terminated in accordance with the law of the jurisdiction in which the financing statement is filed.

(c) Method of amending: General rule. Except as otherwise provided in subsection (d) of this section, if the law of this state governs perfection of a security interest, the information in a preeffective date financing statement may be amended after July 1, 2013, only if:

(d) Method of amending: Continuation. If the law of this state governs perfection of a security interest, the effectiveness of a preeffective date financing statement may be continued only under RCW 62A.9A-805 (c) or (e) or 62A.9A-806.

(e) Method of amending: Additional termination rule. Whether or not the law of this state governs perfection of a security interest, the effectiveness of a preeffective date financing statement filed in this state may be terminated after July 1, 2013, by filing a termination statement in the office in which the preeffective date financing statement is filed, unless an initial financing statement that satisfies RCW 62A.9A-806(c) has been filed in the office specified by the law of the jurisdiction governing perfection as provided in chapter 62A.9A RCW as of July 1, 2013, as the office in which to file a financing statement. [2011 c 74 § 606.]

62A.9A-808 Person entitled to file initial financing statement or continuation statement. (Effective July 1, 2013.) A person may file an initial financing statement or a continuation statement under this part if:

62A.9A-809 Priority. (Effective July 1, 2013.) Chapter 74, Laws of 2011 determines the priority of conflicting claims to collateral. However, if the relative priorities of the claims were established before July 1, 2013, chapter 62A.9A RCW as it existed before July 1, 2013, determines priority. [2011 c 74 § 608.]

64.34.020 Definitions. (Effective January 1, 2012.) In the declaration and bylaws, unless specifically provided otherwise or the context requires otherwise, and in this chapter:

(1) "Affiliate" means any person who controls, is controlled by, or is under common control with the referenced person. A person "controls" another person if the person: (a) Is a general partner, officer, director, or employer of the referenced person; (b) directly or indirectly acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the referenced person; (c) controls in any manner the election of a majority of the directors of the referenced person; or (d) has contributed more than twenty percent of the capital of the referenced person. A person "is controlled by" another person if the other person: (i) Is a general partner, officer, director, or employer of the person; (ii) directly or indirectly acting in concert with one or more other persons, or through one or more subsidiaries, owns, controls, holds with power to vote, or holds proxies representing, more than twenty percent of the voting interest in the person; (iii) controls in any manner the election of a majority of the directors of the person; or (iv) has contributed more than twenty percent of the capital of the person. Control does not exist if the powers described in this subsection are held solely as security for an obligation and are not exercised.

(2) "Allocated interests" means the undivided interest in the common elements, the common expense liability, and votes in the association allocated to each unit.

(3) "Assessment" means all sums chargeable by the association against a unit including, without limitation: (a) Regular and special assessments for common expenses, charges, and fines imposed by the association; (b) interest and late charges on any delinquent account; and (c) costs of collection, including reasonable attorneys’ fees, incurred by the association in connection with the collection of a delinquent owner’s account.

(4) "Association" or "unit owners’ association" means the unit owners’ association organized under RCW 64.34.300.

(5) "Baseline funding plan" means establishing a reserve funding goal of maintaining a reserve account balance above zero dollars throughout the thirty-year study period described under RCW 64.34.380.

(6) "Board of directors" means the body, regardless of name, with primary authority to manage the affairs of the association.

(7) "Common elements" means all portions of a condominium other than the units.

(8) "Common expense liability" means the liability for common expenses allocated to each unit pursuant to RCW 64.34.224.

(9) "Common expenses" means expenditures made by or financial liabilities of the association, together with any allocations to reserves.

(10) "Condominium" means real property, portions of which are designated for separate ownership and the remainder of which is designated for common ownership solely by the owners of those portions. Real property is not a condominium unless the undivided interests in the common elements are vested in the unit owners, and unless a declaration and a survey map and plans have been recorded pursuant to this chapter.

(11) "Contribution rate" means, in a reserve study as described in RCW 64.34.380, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(12) "Conversion condominium" means a condominium (a) that at any time before creation of the condominium was lawfully occupied wholly or partially by a tenant or subtenant for residential purposes pursuant to a rental agreement, oral or written, express or implied, for which the tenant or subtenant had not received the notice described in (b) of this subsection; or (b) that, at any time within twelve months before the conveyance of, or acceptance of an agreement to convey, any unit therein other than to a declarant or any affiliate of a declarant, was lawfully occupied wholly or partially by a residential tenant of a declarant or an affiliate of a declarant and such tenant was not notified in writing, prior to lawfully occupying a unit or executing a rental agreement, whichever event first occurs, that the unit was part of a condominium and subject to sale. "Conversion condominium" shall not include a condominium in which, before July 1, 1990, any unit therein had been conveyed or been made subject to an agreement to convey to any transferee other than a declarant or an affiliate of a declarant.

(13) "Conveyance" means any transfer of the ownership of a unit, including a transfer by deed or by real estate contract and, with respect to a unit in a leasehold condominium, a transfer by lease or assignment thereof, but shall not include a transfer solely for security.

(14) "Dealer" means a person who, together with such person’s affiliates, owns or has a right to acquire either six or more units in a condominium or fifty percent or more of the units in a condominium containing more than two units.

(15) "Declarant" means:
(a) Any person who executes as declarant a declaration as defined in subsection (17) of this section; or
(b) Any person who reserves any special declarant right in the declaration; or
(c) Any person who exercises special declarant rights or to whom special declarant rights are transferred; or
(d) Any person who is the owner of a fee interest in the real property which is subject to the declaration at the time of the recording of an instrument pursuant to RCW 64.34.316 and who directly or through one or more affiliates is materially involved in the construction, marketing, or sale of units in the condominium created by the recording of the instrument. [2011 RCW Supp—page 1284]
(16) "Declarant control" means the right of the declarant or persons designated by the declarant to appoint and remove officers and members of the board of directors, or to veto or approve a proposed action of the board or association, pursuant to RCW 64.34.308 (5) or (6).

(17) "Declaration" means the document, however denominated, that creates a condominium by setting forth the information required by RCW 64.34.216 and any amendments to that document.

(18) "Development rights" means any right or combination of rights reserved by a declarant in the declaration to: (a) Add real property or improvements to a condominium; (b) create units, common elements, or limited common elements within real property included or added to a condominium; (c) subdivide units or convert units into common elements; (d) withdraw real property from a condominium; or (e) reallocate limited common elements with respect to units that have not been conveyed by the declarant.

(19) "Dispose" or "disposition" means a voluntary transfer or conveyance to a purchaser or lessee of any legal or equitable interest in a unit, but does not include the transfer or release of a security interest.

(20) "Effective age" means the difference between the estimated useful life and remaining useful life.

(21) "Eligible mortgagee" means the holder of a mortgage on a unit that has filed with the secretary of the association a written request that it be given copies of notices of any action by the association that requires the consent of mortgagees.

(22) "Foreclosure" means a forfeiture or judicial or nonjudicial foreclosure of a mortgage or a deed in lieu thereof.

(23) "Full fund plan" means setting a reserve funding goal of achieving one hundred percent fully funded reserves by the end of the thirty-year study period described under RCW 64.34.380, in which the reserve account balance equals the sum of the deteriorated portion of all reserve components.

(24) "Fully funded balance" means the current value of the deteriorated portion, not the total replacement value, of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of that reserve component by its effective age, then dividing the result by that reserve component’s useful life. The sum total of all reserve components’ fully funded balances is the association’s fully funded balance.

(25) "Identifying number" means the designation of each unit in a condominium.

(26) "Leasehold condominium" means a condominium in which all or a portion of the real property is subject to a lease, the expiration or termination of which will terminate the condominium or reduce its size.

(27) "Limited common element" means a portion of the common elements allocated by the declaration or by operation of RCW 64.34.204 (2) or (4) for the exclusive use of one or more but fewer than all of the units.

(28) "Master association" means an organization described in RCW 64.34.276, whether or not it is also an association described in RCW 64.34.300.

(29) "Mortgage" means a mortgage, deed of trust or real estate contract.

(30) "Person" means a natural person, corporation, partnership, limited partnership, trust, governmental subdivision or agency, or other legal entity.

(31) "Purchaser" means any person, other than a declarant or a dealer, who by means of a disposition acquires a legal or equitable interest in a unit other than (a) a leasehold interest, including renewal options, of less than twenty years at the time of creation of the unit, or (b) as security for an obligation.

(32) "Real property" means any fee, leasehold or other estate or interest in, over, or under land, including structures, fixtures, and other improvements thereon and easements, rights and interests appurtenant thereto which by custom, usage, or law pass with a conveyance of land although not described in the contract of sale or instrument of conveyance. "Real property" includes parcels, with or without upper or lower boundaries, and spaces that may be filled with air or water.

(33) "Remaining useful life" means the estimated time, in years, before a reserve component will require major maintenance, repair, or replacement to perform its intended function.

(34) "Replacement cost" means the current cost of replacing, repairing, or restoring a reserve component to its original functional condition.

(35) "Reserve component" means a common element whose cost of maintenance, repair, or replacement is infrequent, significant, and impractical to include in an annual budget.

(36) "Reserve study professional" means an independent person who is suitably qualified by knowledge, skill, experience, training, or education to prepare a reserve study in accordance with RCW 64.34.380 and 64.34.382.

(37) "Residential purposes" means use for dwelling or recreational purposes, or both.

(38) "Significant assets" means that the current total cost of major maintenance, repair, and replacement of the reserve components is fifty percent or more of the gross budget of the association, excluding reserve account funds.

(39) "Special declarant rights" means rights reserved for the benefit of a declarant to: (a) Complete improvements indicated on survey maps and plans filed with the declaration under RCW 64.34.232; (b) exercise any development right under RCW 64.34.236; (c) maintain sales offices, management offices, signs advertising the condominium, and models under RCW 64.34.256; (d) use easements through the common elements for the purpose of making improvements within the condominium or within real property which may be added to the condominium under RCW 64.34.260; (e) make the condominium part of a larger condominium or a development under RCW 64.34.280; (f) make the condominium subject to a master association under RCW 64.34.276; or (g) appoint or remove any officer of the association or any master association or any member of the board of directors, or to veto or approve a proposed action of the board or association, during any period of declarant control under RCW 64.34.308(5).

(40) "Timeshare" shall have the meaning specified in the timeshare act, RCW 64.36.010(11).

(41) "Unit" means a physical portion of the condominium designated for separate ownership, the boundaries of
which are described pursuant to RCW 64.34.216(1)(d).
"Separate ownership" includes leasing a unit in a leasehold condominium under a lease that expires contemporaneously with any lease, the expiration or termination of which will remove the unit from the condominium.

(42) "Unit owner" means a declarant or other person who owns a unit or leases a unit in a leasehold condominium under a lease that expires simultaneously with any lease, the expiration or termination of which will remove the unit from the condominium, but does not include a person who has an interest in a unit solely as security for an obligation. "Unit owner" means the vendee, not the vendor, of a unit under a real estate contract.

(43) "Useful life" means the estimated time, between years, that major maintenance, repair, or replacement is estimated to occur. [2011 c 189 § 1; 2008 c 115 § 8; 2004 c 201 § 9; 1992 c 220 § 2; 1990 c 166 § 1; 1989 c 43 § 1-103.]

64.34.308  Board of directors and officers. (Effective January 1, 2012.) (1) Except as provided in the declaration, the bylaws, subsection (2) of this section, or other provisions of this chapter, the board of directors shall act in all instances on behalf of the association. In the performance of their duties, the officers and members of the board of directors are required to exercise: (a) If appointed by the declarant, the care required of fiduciaries of the unit owners; or (b) if elected by the unit owners, ordinary and reasonable care.

(2) The board of directors shall not act on behalf of the association to amend the declaration in any manner that requires the vote or approval of the unit owners pursuant to RCW 64.34.264, to terminate the condominium pursuant to RCW 64.34.268, or to elect members of the board of directors or determine the qualifications, powers, and duties, or terms of office of members of the board of directors pursuant to subsection (7) of this section; but the board of directors may fill vacancies in its membership for the unexpired portion of any term.

(3) Within thirty days after adoption of any proposed budget for the condominium, the board of directors shall provide a summary of the budget to all the unit owners and shall set a date for a meeting of the unit owners to consider ratification of the budget not less than fourteen nor more than sixty days after mailing of the summary. Unless at that meeting the owners of units to which a majority of the votes in the association are allocated or any larger percentage specified in the declaration reject the budget, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected or the required notice is not given, the periodic budget last ratified by the unit owners shall be continued until such time as the unit owners ratify a subsequent budget proposed by the board of directors.

(4) As part of the summary of the budget provided to all unit owners, the board of directors shall disclose to the unit owners:

(a) The current amount of regular assessments budgeted for contribution to the reserve account, the recommended contribution rate from the reserve study, and the funding plan upon which the recommended contribution rate is based;

(b) If additional regular or special assessments are scheduled to be imposed, the date the assessments are due, the amount of the assessments per unit per month or year, and the purpose of the assessments;

(c) Based upon the most recent reserve study and other information, whether currently projected reserve account balances will be sufficient at the end of each year to meet the association’s obligation for major maintenance, repair, or replacement of reserve components during the next thirty years;

(d) If reserve account balances are not projected to be sufficient, what additional assessments may be necessary to ensure that sufficient reserve account funds will be available each year during the next thirty years, the approximate dates assessments may be due, and the amount of the assessments per unit per month or year;

(e) The estimated amount recommended in the reserve account at the end of the current fiscal year based on the most recent reserve study, the projected reserve account cash balance at the end of the current fiscal year, and the percent funded at the date of the latest reserve study;

(f) The estimated amount recommended in the reserve account based upon the most recent reserve study at the end of each of the next five budget years, the projected reserve account cash balance in each of those years, and the projected percent funded for each of those years;

(g) If the funding plan approved by the association is implemented, the projected reserve account cash balance in each of the next five budget years and the percent funded for each of those years.

(5)(a) Subject to subsection (6) of this section, the declaration may provide for a period of declarant control of the association, during which period a declarant, or persons designated by the declarant, may: (i) Appoint and remove the officers and members of the board of directors or determine the qualifications, powers, and duties, or terms of office of members of the board of directors pursuant to subsection (7) of this section; but the board of directors may fill vacancies in its membership for the unexpired portion of any term.

(6) Not later than sixty days after conveyance of twenty-five percent of the units which may be created to unit owners
other than a declarant, at least one member and not less than twenty-five percent of the members of the board of directors must be elected by unit owners other than the declarant. Not later than sixty days after conveyance of fifty percent of the units which may be created to unit owners other than a declarant, not less than thirty-three and one-third percent of the members of the board of directors must be elected by unit owners other than the declarant.

(7) Within thirty days after the termination of any period of declarant control, the unit owners shall elect a board of directors of at least three members, at least a majority of whom must be unit owners. The number of directors need not exceed the number of units then in the condominium. The board of directors shall elect the officers. Such members of the board of directors and officers shall take office upon election.

(8) Notwithstanding any provision of the declaration or bylaws to the contrary, the unit owners, by a two-thirds vote of the voting power in the association present and entitled to vote at any meeting of the unit owners at which a quorum is present, may remove any member of the board of directors with or without cause, other than a member appointed by the declarant. The declarant may not remove any member of the board of directors elected by the unit owners. Prior to the termination of the period of declarant control, the unit owners, other than the declarant, may remove by a two-thirds vote, any director elected by the unit owners. [2011 c 189 § 2; 1992 c 220 § 15; 1989 c 43 § 3-103.]

64.34.380 Reserve account—Reserve study—Annual update. (Effective January 1, 2012.) (1) An association is encouraged to establish a reserve account with a financial institution to fund major maintenance, repair, and replacement of common elements, including limited common elements that will require major maintenance, repair, or replacement within thirty years. If the association establishes a reserve account, the account must be in the name of the association. The board of directors is responsible for administering the reserve account.

(2) Unless doing so would impose an unreasonable hardship, an association with significant assets shall prepare and update a reserve study, in accordance with the association’s governing documents and RCW 64.34.224(1). The initial reserve study must be based upon a visual site inspection conducted by a reserve study professional.

(3) Unless doing so would impose an unreasonable hardship, the association shall update the reserve study annually. At least every three years, an updated reserve study must be prepared and based upon a visual site inspection conducted by a reserve study professional.

(4) This section and RCW 64.34.382 through 64.34.392 apply to condominiums governed by chapter 64.32 RCW or this chapter and intended in whole or in part for residential purposes. These sections do not apply to condominiums consisting solely of units that are restricted in the declaration to nonresidential use. An association’s governing documents may contain stricter requirements. [2011 c 189 § 3; 2008 c 115 § 1.]

Effective date—2011 c 189: See note following RCW 64.38.065.

64.34.382 Reserve study—Contents. (Effective January 1, 2012.) (1) A reserve study as described in RCW 64.34.380 is supplemental to the association’s operating and maintenance budget. In preparing a reserve study, the association shall estimate the anticipated major maintenance, repair, and replacement costs, whose infrequent and significant nature make them impractical to be included in an annual budget.

(2) A reserve study must include:

(a) A reserve component list, including roofing, painting, paving, decks, siding, plumbing, windows, and any other reserve component that would cost more than one percent of the annual budget for major maintenance, repair, or replacement. If one of these reserve components is not included in the reserve study, the study should provide commentary explaining the basis for its exclusion. The study must also include quantities and estimates for the useful life of each reserve component, remaining useful life of each reserve component, and current repair and replacement cost for each component;

(b) The date of the study and a statement that the study meets the requirements of this section;

(c) The following level of reserve study performed:

(i) Level I: Full reserve study funding analysis and plan;

(ii) Level II: Update with visual site inspection; or

(iii) Level III: Update with no visual site inspection;

(d) The association’s reserve account balance;

(e) The percentage of the fully funded balance that the reserve account is funded;

(f) Special assessments already implemented or planned;

(g) Interest and inflation assumptions;

(h) Current reserve account contribution rate;

(i) A recommended reserve account contribution rate, a contribution rate for a full funding plan to achieve one hundred percent fully funded reserves by the end of the thirty-year study period, a baseline funding plan to maintain the reserve balance above zero throughout the thirty-year study period without special assessments, and a contribution rate recommended by a reserve study professional;

(j) A projected reserve account balance for thirty years and a funding plan to pay for projected costs from those reserves without reliance on future unplanned special assessments; and

(k) A statement on whether the reserve study was prepared with the assistance of a reserve study professional.

(3) A reserve study shall include the following disclosure:

"This reserve study should be reviewed carefully. It may not include all common and limited common element components that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. The failure to include a component in a reserve study, or to provide contributions to a reserve account for a component, may, under some circumstances, require you to pay on demand as a special assessment your share of common expenses for the cost of major maintenance, repair, or replacement of a reserve component."

[2011 RCW Supp—page 1287]
64.34.384 Reserve account—Withdrawals. (Effective January 1, 2012.) An association may withdraw funds from its reserve account to pay for unforeseen or unbudgeted costs that are unrelated to maintenance, repair, or replacement of the reserve components. The board of directors shall record any such withdrawal in the minute books of the association, cause notice of any such withdrawal to be hand delivered or sent prepaid by first-class United States mail to the mailing address of each unit or to any other mailing address designated in writing by the unit owner, and adopt a repayment schedule not to exceed twenty-four months unless it determines that repayment within twenty-four months would impose an unreasonable burden on the unit owners. Payment for major maintenance, repair, or replacement of the reserve components out of cycle with the reserve study projections or not included in the reserve study may be made from the reserve account without meeting the notification or repayment requirements under this section. [2011 c 189 § 5; 2008 c 115 § 3.]

Effective date—2011 c 189: See note following RCW 64.38.065.

64.34.425 Resale of unit. (1) Except in the case of a sale where delivery of a public offering statement is required, or unless exempt under RCW 64.34.400(2), a unit owner shall furnish to a purchaser before execution of any contract for sale of a unit, or otherwise before conveyance, a resale certificate, signed by an officer or authorized agent of the association and based on the books and records of the association and the actual knowledge of the person signing the certificate, containing:

(a) A statement disclosing any right of first refusal or other restraint on the free alienability of the unit contained in the declaration;

(b) A statement setting forth the amount of the monthly common expense assessment and any unpaid common expense or special assessment currently due and payable from the selling unit owner and a statement of any special assessments that have been levied against the unit which have not been paid even though not yet due;

(c) A statement, which shall be current to within forty-five days, of any common expenses or special assessments against any unit in the condominium that are past due over thirty days;

(d) A statement, which shall be current to within forty-five days, of any obligation of the association which is past due over thirty days;

(e) A statement of any other fees payable by unit owners;

(f) A statement of any anticipated repair or replacement cost in excess of five percent of the annual budget of the association that has been approved by the board of directors;

(g) A statement of the amount of any reserves for repair or replacement and of any portions of those reserves currently designated by the association for any specified projects;

(h) The annual financial statement of the association, including the audit report if it has been prepared, for the year immediately preceding the current year;

(i) A balance sheet and a revenue and expense statement of the association prepared on an accrual basis, which shall be current to within one hundred twenty days;

(j) The current operating budget of the association;

(k) A statement of any unsatisfied judgments against the association and the status of any pending suits or legal proceedings in which the association is a plaintiff or defendant;

(l) A statement describing any insurance coverage provided for the benefit of unit owners;

(m) A statement as to whether there are any alterations or improvements to the unit or to the limited common elements assigned thereto that violate any provision of the declaration;

(n) A statement of the number of units, if any, still owned by the declarant, whether the declarant has transferred control of the association to the unit owners, and the date of such transfer;

(o) A statement as to whether there are any violations of the health or building codes with respect to the unit, the limited common elements assigned thereto, or any other portion of the condominium;

(p) A statement of the remaining term of any leasehold estate affecting the condominium and the provisions governing any extension or renewal thereof;

(q) A copy of the declaration, the bylaws, the rules or regulations of the association, the association’s current reserve study, if any, and any other information reasonably requested by mortgagees of prospective purchasers of units.

Information requested generally by the federal national mortgage association, the federal home loan bank board, the government national mortgage association, the veterans administration and the department of housing and urban development shall be deemed reasonable, provided such information is reasonably available to the association.

(r) A statement, as required by RCW 64.35.210, as to whether the units or common elements of the condominium are covered by a qualified warranty, and a history of claims under any such warranty; and

(s) If the association does not have a reserve study that has been prepared in accordance with RCW 64.34.380 and 64.34.382 or its governing documents, the following disclosure:

"This association does not have a current reserve study. The lack of a current reserve study poses certain risks to you, the purchaser. Insufficient reserves may, under some circumstances, require you to pay on demand as a special assessment your share of common expenses for the cost of major maintenance, repair, or replacement of a common element."

(2) The association, within ten days after a request by a unit owner, and subject to payment of any fee imposed pursuant to RCW 64.34.304(1)(l), shall furnish a resale certificate signed by an officer or authorized agent of the association and containing the information necessary to enable the unit owner to comply with this section. For the purposes of this chapter, a reasonable charge for the preparation of a resale certificate may not exceed two hundred seventy-five dollars. The association may charge a unit owner a nominal fee for updating a resale certificate within six months of the unit owner’s request. The unit owner shall also sign the certifi-
cate but the unit owner is not liable to the purchaser for any erroneous information provided by the association and included in the certificate unless and to the extent the unit owner had actual knowledge thereof.

(3) A purchaser is not liable for any unpaid assessment or fee against the unit as of the date of the certificate greater than the amount set forth in the certificate prepared by the association unless and to the extent such purchaser had actual knowledge thereof. A unit owner is not liable to a purchaser for the failure or delay of the association to provide the certificate in a timely manner, but the purchaser’s contract is voidable by the purchaser until the certificate has been provided and for five days thereafter or until conveyance, whichever occurs first. 64.38.010 Definitions. (Effective January 1, 2012.)

For purposes of this chapter:

(1) "Assessment" means all sums chargeable to an owner by an association in accordance with RCW 64.38.020.

(2) "Baseline funding plan" means establishing a reserve funding goal of maintaining a reserve account balance above zero dollars throughout the thirty-year study period described under RCW 64.38.065.

(3) "Board of directors" or "board" means the body, regardless of name, with primary authority to manage the affairs of the association.

(4) "Common areas" means property owned, or otherwise maintained, repaired or administered by the association.

(5) "Common expense" means the costs incurred by the association to exercise any of the powers provided for in this chapter.

(6) "Contribution rate" means, in a reserve study as described in RCW 64.34.380, the amount contributed to the reserve account so that the association will have cash reserves to pay major maintenance, repair, or replacement costs without the need of a special assessment.

(7) "Effective age" means the difference between the estimated useful life and remaining useful life.

(8) "Full funding plan" means setting a reserve funding goal of achieving one hundred percent fully funded reserves by the end of the thirty-year study period described under RCW 64.38.065, in which the reserve account balance equals the sum of the deteriorated portion of all reserve components.

(9) "Fully funded balance" means the current value of the deteriorated portion, not the total replacement value, of all the reserve components. The fully funded balance for each reserve component is calculated by multiplying the current replacement cost of the reserve component by its effective age, then dividing the result by the reserve component’s useful life. The sum total of all reserve components’ fully funded balances is the association’s fully funded balance.

(10) "Governing documents" means the articles of incorporation, bylaws, plat, declaration of covenants, conditions, and restrictions, rules and regulations of the association, or other written instrument by which the association has the authority to exercise any of the powers provided for in this chapter or to manage, maintain, or otherwise affect the property under its jurisdiction.

(11) "Homeowners’ association" or "association" means a corporation, unincorporated association, or other legal entity, each member of which is an owner of residential real property located within the association’s jurisdiction, as described in the governing documents, and by virtue of membership or ownership of property is obligated to pay real property taxes, insurance premiums, maintenance costs, or for improvement of real property other than that which is owned by the member. "Homeowners’ association" does not mean an association created under chapter 64.32 or 64.34 RCW.

(12) "Lot" means a physical portion of the real property located within an association’s jurisdiction designated for separate ownership.

(13) "Owner" means the owner of a lot, but does not include a person who has an interest in a lot solely as security for an obligation. "Owner" also means the vendee, not the vendor, of a lot under a real estate contract.

(14) "Remaining useful life" means the estimated time, in years, before a reserve component will require major maintenance, repair, or replacement to perform its intended function.

(15) "Replacement cost" means the current cost of replacing, repairing, or restoring a reserve component to its original functional condition.

(16) "Reserve component" means a common element whose cost of maintenance, repair, or replacement is infrequent, significant, and impractical to include in an annual budget.

(17) "Reserve study professional" means an independent person who is suitably qualified by knowledge, skill, experience, training, or education to prepare a reserve study in accordance with RCW 64.34.380 and 64.34.382.
64.38.025 Board of directors—Standard of care—Restrictions—Budget—Removal from board. (Effective January 1, 2012.) (1) Except as provided in the association’s governing documents or this chapter, the board of directors shall act in all instances on behalf of the association. In the performance of their duties, the officers and members of the board of directors shall exercise the degree of care and loyalty required of an officer or director of a corporation organized under chapter 24.03 RCW.

(2) The board of directors shall not act on behalf of the association to amend the articles of incorporation, to take any action that requires the vote or approval of the owners, to terminate the association, to elect members of the board of directors, or to determine the qualifications, powers, and duties, or terms of office of members of the board of directors; but the board of directors may fill vacancies in its membership of the unexpired portion of any term.

(3) Within thirty days after adoption by the board of directors of any proposed regular or special budget of the association, the board shall set a date for a meeting of the owners to consider ratification of the budget not less than fourteen nor more than sixty days after mailing of the summary. Unless at that meeting the owners of a majority of the votes in the association are allocated or any larger percentage specified in the governing documents reject the budget, in person or by proxy, the budget is ratified, whether or not a quorum is present. In the event the proposed budget is rejected or the required notice is not given, the periodic budget last ratified by the owners shall be continued until such time as the owners ratify a subsequent budget proposed by the board of directors.

(4) As part of the summary of the budget provided to all owners, the board of directors shall disclose to the owners:

(a) The current amount of regular assessments budgeted for contribution to the reserve account, the recommended contribution rate from the reserve study, and the funding plan upon which the recommended contribution rate is based;

(b) If additional regular or special assessments are scheduled to be imposed, the date the assessments are due, the amount of the assessments per each owner per month or year, and the purpose of the assessments;

(c) Based upon the most recent reserve study and other information, whether currently projected reserve account balances will be sufficient at the end of each year to meet the association’s obligation for major maintenance, repair, or replacement of reserve components during the next thirty years;

(d) If reserve account balances are not projected to be sufficient, what additional assessments may be necessary to ensure that sufficient reserve account funds will be available each year during the next thirty years, the approximate dates assessments may be due, and the amount of the assessments per owner per month or year;

(e) The estimated amount recommended in the reserve account at the end of the current fiscal year based on the most recent reserve study, the projected reserve account cash balance at the end of the current fiscal year, and the percent funded at the date of the latest reserve study;

(f) The estimated amount recommended in the reserve account based upon the most recent reserve study at the end of each of the next five budget years, the projected reserve account cash balance in each of those years, and the projected percent funded for each of those years;

(g) If the funding plan approved by the association is implemented, the projected reserve account cash balance in each of the next five budget years and the percent funded for each of those years.

(5) The owners by a majority vote of the voting power in the association present, in person or by proxy, and entitled to vote at any meeting of the owners at which a quorum is present, may remove any member of the board of directors with or without cause. [2011 c 189 § 8; 1995 c 283 § 5.]

Effective date—2011 c 189: See note following RCW 64.38.065.

64.38.065 Reserve account and study. (Effective January 1, 2012.) (1) An association is encouraged to establish a reserve account with a financial institution to fund major maintenance, repair, and replacement of common elements, including limited common elements that will require major maintenance, repair, or replacement within thirty years. If the association establishes a reserve account, the account must be in the name of the association. The board of directors is responsible for administering the reserve account.

(2) Unless doing so would impose an unreasonable hardship, an association with significant assets shall prepare and update a reserve study, in accordance with the association’s governing documents and this chapter. The initial reserve study must be based upon a visual site inspection conducted by a reserve study professional.

(3) Unless doing so would impose an unreasonable hardship, the association shall update the reserve study annually. At least every three years, an updated reserve study must be prepared and based upon a visual site inspection conducted by a reserve study professional.

(4) The decisions relating to the preparation and updating of a reserve study must be made by the board of directors in the exercise of the reasonable discretion of the board. The decisions must include whether a reserve study will be prepared or updated, and whether the assistance of a reserve study professional will be utilized. [2011 c 189 § 9.]

Effective date—2011 c 189: "This act takes effect January 1, 2012."

[2011 RCW 64.38.070 Reserve study—Requirements. (Effective January 1, 2012.) (1) A reserve study as described in RCW 64.38.065 is supplemental to the association’s operating and maintenance budget. In preparing a reserve study, the association shall estimate the anticipated major maintenance,
repair, and replacement costs, whose infrequent and significant nature make them impractical to be included in an annual budget.

(2) A reserve study must include:

(a) A reserve component list, including any reserve component that would cost more than one percent of the annual budget of the association, not including the reserve account, for major maintenance, repair, or replacement. If one of these reserve components is not included in the reserve study, the study should provide commentary explaining the basis for its exclusion. The study must also include quantities and estimates for the useful life of each reserve component, remaining useful life of each reserve component, and current major maintenance, repair, or replacement cost for each reserve component;

(b) The date of the study, and a statement that the study meets the requirements of this section;

(c) The following level of reserve study performed:

(i) Level I: Full reserve study funding analysis and plan;

(ii) Level II: Update with visual site inspection; or

(iii) Level III: Update with no visual site inspection;

(d) The association’s reserve account balance;

(e) The percentage of the fully funded balance that the reserve account is funded;

(f) Special assessments already implemented or planned;

(g) Interest and inflation assumptions;

(h) Current reserve account contribution rates for a full funding plan and baseline funding plan;

(i) A recommended reserve account contribution rate, a contribution rate for a full funding plan to achieve one hundred percent fully funded reserves by the end of the thirty-year study period, a baseline funding plan to maintain the reserve balance above zero throughout the thirty-year study period without special assessments, and a contribution rate recommended by the reserve study professional;

(j) A projected reserve account balance for thirty years and a funding plan to pay for the costs from that reserve account balance without reliance on future unplanned special assessments; and

(k) A statement on whether the reserve study was prepared with the assistance of a reserve study professional.

(3) A reserve study must also include the following disclosure: "This reserve study should be reviewed carefully. It may not include all common and limited common elements that will require major maintenance, repair, or replacement in future years, and may not include regular contributions to a reserve account for the cost of such maintenance, repair, or replacement. The failure to include a component in a reserve study, or to provide contributions to a reserve account for a component, may, under some circumstances, require you to pay on demand as a special assessment your share of common expenses for the cost of major maintenance, repair, or replacement of a reserve component."

Effective date—2011 c 189: See note following RCW 64.38.065.

64.38.080 Reserve study—Demand for preparation and inclusion in budget. (Effective January 1, 2012.) (1) When more than three years have passed since the date of the last reserve study prepared by a reserve study professional, the owners to which at least thirty-five percent of the votes are allocated may demand, in writing, to the association that the cost of a reserve study be included in the next budget and that the study be prepared by the end of that budget year. The written demand must refer to this section. The board of directors shall, upon receipt of the written demand, provide the owners who make the demand reasonable assurance that the board will include a reserve study in the next budget and, if the budget is not rejected by a majority of the owners, will arrange for the completion of a reserve study.

(2) If a written demand under this section is made and a reserve study is not timely prepared, a court may order specific performance and award reasonable attorneys’ fees to the prevailing party in any legal action brought to enforce this section. An association may assert unreasonable hardship as an affirmative defense in any action brought against it under this section. Without limiting this affirmative defense, an unreasonable hardship exists where the cost of preparing a reserve study would exceed five percent of the association’s annual budget.

(3) An owner’s duty to pay for common expenses is not excused because of the association’s failure to comply with this section or this chapter. A budget ratified by the owners is not invalidated because of the association’s failure to comply with this section or this chapter.

Effective date—2011 c 189: See note following RCW 64.38.065.

64.38.085 Reserve account and study—Liability. (Effective January 1, 2012.) Monetary damages or any other liability may not be awarded against or imposed upon the association, the officers or board of directors of the association, or those persons who may have provided advice or assistance to the association or its officers or directors, for failure to: Establish a reserve account; have a current reserve study prepared or updated in accordance with the requirements of this chapter; or make the reserve disclosures in accordance with this chapter.

Effective date—2011 c 189: See note following RCW 64.38.065.
64.38.090 Reserve study—Exemptions. *(Effective January 1, 2012.)* An association is not required to follow the reserve study requirements under RCW 64.38.025 and RCW 64.38.065 through 64.38.085 if the cost of the reserve study exceeds five percent of the association’s annual budget, the association does not have significant assets, or there are ten or fewer homes in the association. *[2011 c 189 § 14.]*

**Effective date—2011 c 189:** See note following RCW 64.38.065.

CONTAMINATED PROPERTIES

Sections

64.44.050 Decontamination, demolition, or disposal by owner—Requirements and procedure—Costs—Decontamination timeline.

64.44.050 Decontamination, demolition, or disposal by owner—Requirements and procedure—Costs—Decontamination timeline. *(1)* An owner of contaminated property who desires to have the property decontaminated, demolished, or disposed of shall use the services of an authorized contractor unless otherwise authorized by the local health officer. The contractor and property owner shall prepare and submit a written work plan for decontamination, demolition, or disposal to the local health officer. The local health officer may charge a reasonable fee for review of the work plan. If the work plan is approved and the decontamination, demolition, or disposal is completed and the property is retested according to the plan and properly documented, then the health officer shall allow reuse of the property. A release for reuse document shall be recorded in the real property records indicating the property has been decontaminated, demolished, or disposed of in accordance with rules of the state department of health. The property owner is responsible for: *(a)* The costs of any property testing which may be required to demonstrate the presence or absence of hazardous chemicals; and *(b)* the costs of the property’s decontamination, demolition, and disposal expenses, as well as costs incurred by the local health officer resulting from the enforcement of this chapter.

*(2)(a)* In a case where the contaminated property is a motor vehicle as defined in RCW 46.04.320, a vehicle as defined in RCW 46.04.670, or a vessel as defined in RCW 88.02.310 whose sole basis of ownership is a bona fide security interest is responsible for costs under this subsection. However, if the registered owner is insured, the registered owner shall, within fifteen calendar days of receiving an order declaring the property unfit and prohibiting its use, submit a claim to the insurer for reimbursement of costs of the vehicle’s demolition, disposal, or decontamination, as well as all costs incurred by the local health officer or the local law enforcement agency resulting from the enforcement of this chapter, and shall provide proof of claim to the local health officer or the local law enforcement agency.

*(c)* The legal owner of a motor vehicle as defined in RCW 46.04.320, a vehicle as defined in RCW 46.04.670, or a vessel as defined in RCW 88.02.310 whose sole basis of ownership is a bona fide security interest is responsible for costs under this subsection if the legal owner had knowledge of or consented to any act or omission that caused contamination of the vehicle or vessel.

*(d)* If the vehicle or vessel has been stolen and the property owner neither had knowledge of nor consented to any act or omission that contributed to the theft and subsequent contamination of the vehicle or vessel, the owner is not responsible for costs under this subsection. However, if the registered owner is insured, the registered owner shall, within fifteen calendar days of receiving an order declaring the property unfit and prohibiting its use, submit a claim to the insurer for reimbursement of costs of the vehicle’s demolition, disposal, or decontamination, as well as all costs incurred by the local health officer or the local law enforcement agency resulting from the enforcement of this chapter, and shall provide proof of claim to the local health officer or the local law enforcement agency.

*(e)* If the property owner has not acted to demolish, dispose of, or decontaminate as set forth in this subsection regardless of responsibility for costs, and the local health officer or local law enforcement agency has taken responsibility for demolition, disposal, or decontamination, including all associated costs, then all rights, title, and interest in the property shall be deemed forfeited to the local health jurisdiction or the local law enforcement agency.

*(f)* This subsection may not be construed to limit the authority of a city, county, local law enforcement agency, or local health officer to take action under this chapter to require the owner of the real property upon which the contaminated vehicle or vessel is located to comply with the requirements of this chapter, including provisions for the right of notice and opportunity to appeal as provided in RCW 64.44.030.

*(3)* Except as provided in subsection *(2)* of this section, the local health officer has thirty days from the issuance of an order declaring a property unfit and prohibiting its use to establish a reasonable timeline for decontamination. The department of health shall establish the factors to be considered by the local health officer in establishing the appropriate amount of time.

The local health officer shall notify the property owner of the proposed time frame by United States mail to the last known address. Notice shall be postmarked no later than the thirtieth day from the issuance of the order. The property owner may request a modification of the time frame by submitting a letter identifying the circumstances which justify such an extension to the local health officer within thirty-five days of the date of the postmark on the notification regardless of when received. *[2011 c 171 § 106; 2008 c 201 § 1; 2006 c 339 § 205; 1999 c 292 § 6; 1990 c 213 § 6.]*

PRIVATE TRANSFER FEE OBLIGATION ACT

64.60.005 Findings. The legislature finds and declares that the public policy of this state favors the marketability of real property and the transferability of interests in real property free of title defects or unreasonable restraints on alienation. The legislature further finds and declares that private transfer fee obligations violate this public policy by impairing the marketability and transferability of real property and by constituting an unreasonable restraint on alienation regardless of the duration of the obligation to pay a private transfer fee, the amount of a private transfer fee, or the method by which any private transfer fee is created or imposed. Thus, the legislature finds and declares that a private transfer fee obligation may not run with the title to real property, touch or concern the real property, or otherwise bind subsequent owners of real property under any common law or equitable principle. [2011 c 36 § 1.]

64.60.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Association" means: An association of apartment owners as defined in RCW 64.32.010; a unit owners' association as defined in RCW 64.34.020; a homeowners' association as defined in RCW 64.38.010; a corporation organized pursuant to chapter 24.06 RCW for the purpose of owning real estate under a cooperative ownership plan; or a nonprofit or cooperative membership organization composed exclusively of owners of mobile homes, manufactured housing, timeshares, camping resort interests, or other interests in real property that is responsible for the maintenance, improvements, services, or expenses related to real property that is owned, used, or enjoyed in common by the members.

(2) "Payee" means the person or entity who claims the right to receive or collect a private transfer fee payable under a private transfer fee obligation. A payee may or may not have a pecuniary interest in the private transfer fee obligation.

(3) "Private transfer fee" means a fee or charge payable upon the transfer of an interest in real property, or payable for the right to make or accept such transfer, regardless of whether the fee or charge is a fixed amount or is determined as a percentage of the value of the real property, the purchase price, or other consideration given for the transfer. The following are not private transfer fees for the purposes of this section:

(a) Any consideration payable by the grantee to the grantor for the interest in real property being transferred, including any subsequent additional consideration for the real property payable by the grantee based upon any subsequent appreciation, development, or sale of the real property, if such additional consideration is payable on a one-time basis only and the obligation to make such payment does not bind successors in title to the real property;

(b) Any commission payable to a licensed real estate broker for services rendered in connection with the transfer of real property pursuant to an agreement between the broker and the grantor or the grantee including, but not limited to, any subsequent additional commission for that transfer payable by the grantor or the grantee based upon any subsequent appreciation, development, or sale of the property;

(c) Any interest, charges, fees, or other amounts payable by a borrower to a lender pursuant to a loan secured by a mortgage against real property including, but not limited to, any fee payable to the lender for consenting to an assumption of the loan or a transfer of the real property subject to the mortgage, any fees or charges payable to the lender for estoppel letters or certificates, and any shared appreciation interest, profit participation, or other consideration, and payable to the lender in connection with the loan;

(d) Any rent, reimbursement, charge, fee, or other amount payable by a lessee or licensee to a lessor or licensor under a lease or license including, but not limited to, any fee payable to the lessor or licensor for consenting to an assignment, subletting, encumbrance, or transfer of the lease or license;

(e) Any consideration payable to the holder of an option to purchase an interest in real property or the holder of a right of first refusal or first offer to purchase an interest in real property for waiving, releasing, or not exercising the option or right upon the transfer of the real property to another person;

(f) Any tax, fee, charge, assessment, fine, or other amount payable to or imposed by a governmental authority;

(g) Any assessment, fee, charge, fines, or other amount payable to an association pursuant to chapter 64.32, 64.34, or 64.38 RCW, payable by a purchaser of a camping resort contract, as defined in RCW 19.105.300, or a timeshare, as defined in RCW 64.36.010, or payable pursuant to a recorded servitude encumbering the real property being transferred, as long as no portion of the fee is required to be passed through or paid to a third party;

(h) Any fee payable, upon a transfer, to an organization qualified under section 501(c)(3) or 501(c)(4) of the internal revenue code of 1986, if the sole purpose of such organization is to support cultural, educational, charitable, recreational, conservation, or similar activities benefiting the real property being transferred and the fee is used exclusively to fund such activities;

(i) Any fee, charge, assessment, dues, fine, contribution, or other amount pertaining solely to the purchase or transfer of a club membership relating to real property owned by the member including, but not limited to, any amount determined by reference to the value, purchase price, or other consideration given for the transfer of the real property;

[2011 RCW Supp—page 1293]
(j) Any fee charged by an association or an agent of an association to a transferor or transferee for a service rendered contemporaneously with the imposition of the fee, provided that the fee is not to be passed through to a third party other than an agent of the association.

(4) "Private transfer fee obligation" means an obligation arising under a declaration or covenant recorded against the title to real property, or under any other contractual agreement or promise, recorded or not, that requires or purports to require the payment of a private transfer fee upon a subsequent transfer of an interest in the real property.

(5) "Transfer" means the sale, gift, grant, conveyance, lease, license, assignment, inheritance, or other act resulting in a transfer of ownership interest in real property located in this state. [2011 c 36 § 3.]

64.60.020 Private transfer fee obligations—Enforceability—Interpretation. (1) A private transfer fee obligation recorded or entered into in this state on or after April 13, 2011, does not run with the title to real property and is not binding on or enforceable at law or in equity against any subsequent owner, purchaser, or mortgagee or holder of any interest in real property as an equitable servitude or otherwise. Any private transfer fee obligation that is recorded or entered into in this state on or after April 13, 2011, is void and unenforceable.

(2) A private transfer fee obligation recorded or entered into in this state before April 13, 2011, is not presumed valid and enforceable. Any such private transfer fee obligation must be interpreted and enforced according to principles of applicable real estate, servitude contract, and other law including, without limitation, restraints on alienation, the rule against perpetuities, the touch and concern doctrine, and the requirement for covenants to run with the land, as well as fraud, misrepresentation, violation of public policy, or another invalidating cause. [2011 c 36 § 4.]

64.60.030 Liability. Any person who records, or enters into, an agreement imposing a private transfer fee obligation in the person’s favor after April 13, 2011, is liable for (1) any damages resulting from the imposition of the private transfer fee obligation on the transfer of an interest in the real property including, but not limited to, the amount of any private transfer fee paid by a party to the transfer, and (2) reasonable attorneys’ fees, expenses, and costs incurred by a party to the transfer or mortgagee of the real property to recover any private transfer fee paid or in connection with an action to quiet title. If an agent acts on behalf of a principal to record or secure a private transfer fee obligation, liability must be assessed to the principal, rather than the agent. [2011 c 36 § 5.]

64.60.040 Notice of private transfer fee obligation. (1) A payee of a private transfer fee obligation imposed before April 13, 2011, shall record, before December 31, 2011, against the real property subject to the private transfer fee obligation, a separate document in the county auditor’s office in the county in which the real property is located that includes all of the following requirements:

(a) The title, "Notice of Private Transfer Fee Obligation";
(b) The amount if the private transfer fee is a flat amount, the percentage of the sales price constituting the cost of the private transfer fee, or another basis by which the private transfer fee is to be calculated;
(c) The date under which the private transfer fee obligation expires, if any;
(d) The name and address of the payee;
(e) The acknowledged signature of the payee or a representative of the payee; and
(f) The legal description of the real property purportedly burdened by the private transfer fee obligation.

(2) A payee may file an amendment to the notice of private transfer fee obligation containing new contact information. The amendment must contain the recording information of the notice of private transfer fee obligation which it amends and the legal description of the real property burdened by the private transfer fee obligation.

(3) If a payee fails to file the notice required under subsection (1) of this section before December 31, 2011, the private transfer fee obligation is not enforceable by the payee. [2011 c 36 § 6.]

64.60.900 Short title. This chapter may be known and cited as the private transfer fee obligation act. [2011 c 36 § 2.]

64.60.901 Effective date—2011 c 36. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 13, 2011]. [2011 c 36 § 7.]

66.04.010 Definitions.

66.04.010 Definitions. In this title, unless the context otherwise requires:

(1) "Alcohol" is that substance known as ethyl alcohol, hydrated oxide of ethyl, or spirit of wine, which is commonly produced by the fermentation or distillation of grain, starch, molasses, or sugar, or other substances including all dilutions and mixtures of this substance. The term "alcohol" does not
include alcohol in the possession of a manufacturer or distiller of alcohol fuel, as described in RCW 66.12.130, which is intended to be denatured and used as a fuel for use in motor vehicles, farm implements, and machines or implements of husbandry.

(2) "Authorized representative" means a person who:
(a) Is required to have a federal basic permit issued pursuant to the federal alcohol administration act, 27 U.S.C. Sec. 204;
(b) Has its business located in the United States outside of the state of Washington;
(c) Acquires ownership of beer or wine for transportation into and resale in the state of Washington; and which beer or wine is produced by a brewery or winery in the United States outside of the state of Washington; and

(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications required of the licensee;

(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder shall be suspended or terminated, as the case may be.

(b) The board shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the board’s receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, shall compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(4) Upon receipt of notice of the suspension or cancellation of a license, the licensee shall forthwith deliver up the license to the board. Where the license has been suspended only, the board shall return the license to the licensee at the expiration or termination of the period of suspension. The board shall notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor
to be delivered to or for any person at the premises of that license.

(5)(a) At the time of the original issuance of a spirits, beer, and wine restaurant license, the board shall prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless sooner canceled, every license issued by the board shall expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the board deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for any and all licenses authorized by this chapter. If such a system of staggered annual renewal dates is established by the board, the license fees provided by this chapter shall be appropriately prorated during the first year that the system is in effect.

(6) Every license issued under this section shall be subject to all conditions and restrictions imposed by this title or by rules adopted by the board. All conditions and restrictions imposed by the board in the issuance of an individual license may be listed on the face of the individual license along with the trade name, address, and expiration date. Conditions and restrictions imposed by the board may also be included in official correspondence separate from the license.

(7) Every licensee shall post and keep posted its license, or licenses, and any additional correspondence containing conditions and restrictions imposed by the board in a conspicuous place on the premises.

(8)(a) Unless (b) of this subsection applies, before the board issues a new or renewal license to an applicant it shall give notice of such application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority shall be the entity notified by the board under (a) of this subsection. The board shall send a duplicate notice to the incorporated city or town within which the fair is located.

(c) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, shall have the right to file with the board within twenty days after the date of transmittal of such notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewal license is asked. The board may extend the time period for submitting written objections.

(d) The written objections shall include a statement of all facts upon which such objections are based, and in case written objections are filed, the city or town or county legislative authority may request and the liquor control board may in its discretion hold a hearing subject to the applicable provisions of Title 34 RCW. If the board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If such a hearing is held at the request of the applicant, liquor control board representatives shall present and defend the board’s initial decision to deny a license or renewal.

(e) Upon the granting of a license under this title the board shall send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the written notification shall be sent to both the incorporated city or town and the county legislative authority.

(9)(a) Before the board issues any license to any applicant, it shall give (i) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions and (ii) written notice, with receipt verification, of the application to public institutions identified by the board as appropriate to receive such notice, churches, and schools within five hundred feet of the premises to be licensed. The board shall not issue a liquor license for either on-premises or off-premises consumption covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passegeway from the main entrance of the school to the nearest public entrance of the premises proposed for license, and if, after receipt by the school of the notice as provided in this subsection, the board receives written objection, within twenty days after receiving such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. The board may extend the time period for submitting objections. For the purpose of this section, "church" means a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. For the purpose of this section, "public institution" means institutions of higher education, parks, community centers, libraries, and transit centers.

(b) No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from entering the facility and such program is approved by local law enforcement agencies.

(c) It is the intent under this subsection (9) that a retail license shall not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed license. The board shall fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a pri-
vate school, the board shall state in a letter addressed to the private school the board’s reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section shall not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11)(a) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant to operate the retail or distributor premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(b) A temporary license issued by the board under this section shall be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for additional periods of sixty days upon payment of an additional fee and upon compliance with all conditions required in this section.

(c) Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 applies to temporary licenses.

(d) Application for a temporary license shall be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application shall be refunded in full.

(12) In determining whether to grant or deny a license or renewal of any license, the board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant’s operations of the premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(a) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant to operate the retail or distributor premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(b) A temporary license issued by the board under this section shall be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for additional periods of sixty days upon payment of an additional fee and upon compliance with all conditions required in this section.

(c) Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 applies to temporary licenses.

(d) Application for a temporary license shall be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application shall be refunded in full.

(12) In determining whether to grant or deny a license or renewal of any license, the board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant’s operations of the premises proposed to be licensed or the applicant’s operation of any other licensed premises, or the conduct of the applicant’s patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant’s or licensee’s operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest. 66.24.170 Domestic winery license—Winery as distributor and/or retailer of own wine—Off-premise samples—Domestic wine made into sparkling wine—Sales at qualifying farmers markets. (Effective until December 1, 2012.) (1) There shall be a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, and sell wine of its own production at retail, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed two; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for on-premise consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the pur-
pose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection shall be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the two additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose of this title. Except as provided in section 1, chapter 62, Laws of 2011, the approved locations under an endorsement granted under this subsection do not include the tasting or sampling privilege of a winery. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board shall notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(ii) "Farmer" means a natural person who sells, with or without processing, agricultural products that he or she raises on land he or she owns or leases in this state or in another state’s county that borders this state.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state’s county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine shall be deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license. (2) The pilot project shall consist of ten farmers markets with at least six days of tastings to be conducted by a winery or microbrewery at each farmers market between September 1, 2011, and November 1, 2012. The pilot project farmers markets shall be selected by the liquor control board in consultation with statewide organizations of farmers markets. The board shall make an effort to select farmers markets throughout the entire state.

(3) Farmers markets chosen to participate in the pilot project must be authorized on January 1, 2011, to allow wineries to sell bottled wine at retail under RCW 66.24.170. A farmers market with a microbrewery providing samples under this section must also be authorized on January 1, 2011, to allow microbreweries to sell bottled beer at retail under RCW 66.24.244. A winery or microbrewery offering samples under this section must have an endorsement on May 1, 2011, from the board to sell wine or beer, as the case may be, of its own production at a farmers market under RCW 66.24.170 or 66.24.244, respectively.

(4) Only one winery or microbrewery may offer samples at a farmers market per day.

(5) Samples may be offered only under the following conditions:

(a) Each sample must be two ounces or less, up to a total of four ounces per customer per day. A winery or microbrewery may provide only one sample of any single brand and type of wine or beer to a customer per day.

(7) The board may prohibit sampling at a farmers market that is within the boundaries of an alcohol impact area recognized by resolution of the board if the board finds that the sampling activities at the farmers market are having an adverse effect on the reduction of chronic public inebriation in the area.

(8) If a winery or microbrewery is found to have committed a public safety violation in conjunction with tasting activities, the board may suspend the licensee’s farmers market endorsement and not reissue the endorsement for up to two years from the date of the violation. If mitigating circumstances exist, the board may offer a monetary penalty in lieu of suspension during a settlement conference.

(9) The board shall report on the pilot project to the appropriate committees of the legislature by December 1, 2012. ” [2011 c 62 § 5]

(2) Any microbrewery licensed under this section may also act as a distributor and/or retailer for beer and strong beer of its own production. Strong beer may not be sold at a farmers market or under any endorsement which may authorize microbreweries to sell beer at farmers markets. Any microbrewery operating as a distributor and/or retailer under this subsection shall comply with the applicable rules and regulations relating to distributors and/or retailers, except that a microbrewery operating as a distributor may maintain a warehouse off the premises of the microbrewery for the distribution of beer provided that (a) the warehouse has been approved by the board under RCW 66.24.010 and (b) the number of warehouses off the premises of the microbrewery does not exceed one. (3) Any microbrewery licensed under this section may also sell beer produced by another microbrewery or a domestic brewery for on and off-premises consumption from its premises as long as the other breweries’ brands do not exceed twenty-five percent of the microbrewery’s on-tap offering of its own brands.

This list must be received by the board before the microbrewery may offer beer for sale at a qualifying farmers market.

(c) The beer sold at qualifying farmers markets must be produced in Washington.

The microbrewery may not store beer at a farmers market beyond the hours that the microbrewery offers bottled beer for sale. The microbrewery may not act as a distributor from a farmers market location.

(e) Before a microbrewery may sell bottled beer at a qualifying farmers market, the farmers market must apply to the board for authorization for any microbrewery with an endorsement approved under this subsection (6) to sell bottled beer at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved microbrewery may sell bottled beer; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled beer may be sold.

66.70.030 Competitive procurement.
66.70.040 Contract.
66.70.010 Definitions. For the purposes of this chapter, unless the context clearly requires otherwise:

(1) "Liquor" has the same meaning as provided in RCW 66.04.010.

(2) "Spirits" has the same meaning as provided in RCW 66.04.010.

(3) "State liquor stores" includes "stores" and "contract liquor stores" as those terms are defined in RCW 66.04.010. [2011 1st sp. s. c 45 § 6.]

Effective date—2011 1st sp. s. c 45: See note following RCW 66.70.030.

66.70.020 Findings. The legislature finds that it is in the public interest to seek revenue opportunities through leasing and modernizing the state’s liquor warehousing and distribution facilities and related operations. The legislature finds that it is also in the public interest to conduct a competitive process to select a private sector lessee for this purpose. Nothing in chapter 45, Laws of 2011 1st sp. sess. is intended to affect the private distribution or sale of beer or wine, the operation by the state of state liquor stores, or the authority of the Washington state liquor control board to oversee, manage, and enforce state liquor sales. [2011 1st sp. s. c 45 § 1.]

Effective date—2011 1st sp. s. c 45: See note following RCW 66.70.030.

66.70.030 Competitive procurement. (1) Within one hundred twenty days after June 15, 2011, the office of financial management, in consultation with the Washington state liquor control board and the liquor distribution advisory committee, must establish and conduct a competitive process for the selection of a private sector entity to lease and modernize the state’s liquor warehousing and distribution facilities and related operations. The competitive process must assume responsibility for the costs associated with the lease or contract; such investments are timely made, consistent with requirements in a mutually acceptable lease or contract;

(ii) A requirement that proposals demonstrate, to the satisfaction of the office of financial management, a net positive financial benefit to the state and local government over the term of the proposed lease or contract taking into account: An initial up-front payment to the state during the 2011-2013 biennium; proposed profit-sharing payments to the state; projected business and occupation and liquor tax revenues; and changes to retail profits generated as a result of the lease or contract. The office of financial management, in consultation with the liquor distribution advisory committee and interested stakeholders, must develop a definition and criteria on how to determine "positive financial benefit to the state and local government";

(iii) A requirement that the prevailing proponent deposit into an escrow account, within fifteen business days after the announcement of selection of that proposal and definitive resolution of any appeals to such selection, the full amount of the initial up-front payment offered in the proponent’s response to the request for proposals, pending and subject to successful negotiation of a mutually acceptable lease or other contract;

(iv) A requirement that proposals include a quantified commitment to invest in capital improvements to warehousing and distribution facilities and a mechanism to ensure that such investments are timely made, consistent with requirements in a mutually acceptable lease or contract;

(v) A requirement that proposals include a commitment to assume responsibility for the costs associated with the operation of liquor warehousing and distribution;

(vi) A requirement that proposals demonstrate to the satisfaction of the office of financial management a commitment to improved distribution including without limitation logistics and delivery improvements to improve margins, ensure regularity of deliveries to state or contract liquor stores to reduce out-of-stock problems, improve service to stores located in geographically remote areas of the state, expand liquor selection, provide for bottle rather than minimum case purchasing and stocking of state or contract liquor stores, if practicable, and enable electronic funds transfer of payments;

(vii) A requirement that proposals include a commitment to offer employment to the state employees currently in positions relating to the wholesale distribution of liquor and to recognize and bargain with any existing bargaining representative of such employees with respect to terms and conditions of employment;

(viii) A requirement that the variety of brands and types of liquor available to licensees, contract liquor stores, and state liquor stores must be equal to or greater than what is being distributed by the Washington state liquor control board; and

(ix) Measurable standards for the performance of the contract.

(c) Prior to conducting the competitive process outlined in this section, the request for proposals developed by the office of financial management must be reviewed by the house and senate fiscal committees. Opportunity for public comment regarding the request for proposal must be provided. The review must be completed within fourteen days of the office of financial management providing the request for proposals to the house and senate fiscal committees.

[2011 RCW Supp—page 1322]
(d) The office of financial management must publicly disclose an analysis of the fiscal impacts to state and local government of each of the offers in the procurement process.

(e) After consultation with the Washington state liquor control board, local government, and the liquor distribution advisory committee, the office of financial management is authorized to recommend to the Washington state liquor control board the proposal that in the determination of the office of financial management best meets the criteria required under this subsection (2), in the best interests of the state. If, in the determination of the office of financial management, there is no proposal that meets the best interest of the state, the office of financial management must notify the Washington state liquor control board to not accept any of the proposals.

(3) Any challenge to or protest of the recommendation of the office of financial management and the acceptance by the liquor control board of the recommended proposal must be filed by a respondent that submitted a proposal with the office of financial management within five days after such recommendation and acceptance. The grounds for such challenge or protest are limited to claims that the recommendation and acceptance were arbitrary and capricious. The office of financial management must, within five days, render its decision on the protest. The respondent that filed the protest may, within five days after such decision, appeal to the superior court of Thurston county by petition setting forth objections to the decision. A copy of the petition on appeal together with a notice that an appeal has been taken must be served upon the secretary of state, the attorney general, the office of financial management, the liquor control board, and the respondent that submitted the recommended and accepted proposal. The court must accord first priority to examining the objections, may hear arguments, and must, within ten days, render its decision. The decision of the superior court is final. [2011 1st sp.s. c 45 § 2.]

Effective date—2011 1st sp.s. c 45: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 15, 2011]." [2011 1st sp.s. c 45 § 10.]

66.70.040 Contract. (1) Within sixty days after the recommendation of a proposal under RCW 66.70.030, the Washington state liquor control board may accept that proposal and enter into a long-term contract with that entity for the lease of the business, facilities, and assets associated with the warehousing and distribution of liquor in the state. The contract must grant the exclusive right to distribute spirits in the state for the period of the contract. The contract must include enforceable performance standards and minimum financial returns to the state. The contract must provide a provision that allows the state to terminate the contract should specific performance standards or financial returns to the state not be realized. The contract must provide for a reasonable termination notification process as well as financial terms of termination should termination of contract take place.

(2) If the state receives an up-front payment of one hundred million dollars or more as a result of accepting a proposal from the procurement process in RCW 66.70.030, the contract must provide that the private entity place the up-front payment into irrevocable trust with the state being the beneficiary. The contract must provide that the trust be created in a manner that the state may not receive more than one-sixth of the up-front payment placed into the trust in any fiscal year.

(3) The contract must contain provisions that the Washington state liquor control board maintains the exclusive authority to select products and determine which products will be carried in state and contract liquor stores.

(4) The contract must contain provisions that the Washington state liquor control board must set the prices of liquor for sales in state and contract liquor stores as well as sales to licensees.

(5) The contract must contain a provision that any financial deficiencies or losses of the private entity contracting for the warehousing and distribution of liquor in the state must not be compensated for in any way by the state, contract liquor stores, consumers, or licensees. [2011 1st sp.s. c 45 § 3.]

Effective date—2011 1st sp.s. c 45: See note following RCW 66.70.030.

66.70.050 Liquor distribution advisory committee. (1) The director of the office of financial management must appoint a liquor distribution advisory committee. The purpose of the committee is to assist and make recommendations to the office of financial management and the Washington state liquor control board regarding the provisions of chapter 45, Laws of 2011 1st sp. sess. including, but not limited to, setting requirements for the competitive procurement process, selection of a private entity or recommendation that no entity be selected, and creating the terms of a contract with a selected private entity. The advisory committee's recommendations and assistance to the office of financial management and Washington state liquor control board in regards to the provisions of chapter 45, Laws of 2011 1st sp. sess. are advisory in nature and do not prohibit the office of financial management and Washington state liquor control board from performing their duties under chapter 45, Laws of 2011 1st sp. sess. as they deem fit.

(2) The liquor distribution advisory committee is composed of the Washington state treasurer or his or her designee, a designee from each of the two largest caucuses of the senate determined by the leaders of each caucus, and a designee from each of the two largest caucuses of the house of representatives determined by the leaders of each caucus. (b) If the gross receipts of all its in-state parimutuel machines are fifty million dollars or less in the previous calendar year, the licensee must withhold and pay to the commission daily 1.803 percent of the daily gross receipts.

(3)(a) In addition to those amounts in subsection (2) of this section, a licensee must forward one-tenth of one percent of the daily gross receipts of all its in-state parimutuel machines to the commission for payment to those nonprofit race meets as set forth in RCW 67.16.130 and subsection (1) of this section, but the percentage may not be charged against the licensee.

(b) Payments to nonprofit race meets under this subsection must be distributed on a per-race-day basis and used only for purses at race tracks that have been operating under RCW 67.16.130 and subsection (1) of this section in 2010 or for the five consecutive years immediately preceding the year of payment.

(c) As provided in this subsection, the commission must distribute funds up to fifteen thousand eight hundred dollars per race day from funds generated under this subsection (3).

(4) Beginning July 1, 1999, at the conclusion of each authorized race meet, the commission must calculate the mathematical average daily gross receipts of parimutuel wagering that is conducted only at the physical location of the live race meet at those race meets of licensees with gross receipts of all their in-state parimutuel machines of more than fifty million dollars. Such calculation shall include only the gross parimutuel receipts from wagering occurring on live racing dates, including live racing receipts and receipts derived from one simulcast race card that is conducted only at the physical location of the live racing meet, which, for the purposes of this subsection, is “the handle.” If the calculation exceeds eight hundred eighty-six thousand dollars, the licensee must within ten days of receipt of written notification by the commission forward to the commission a sum equal to the product obtained by multiplying 0.6 percent by the handle. Sums collected by the commission under this subsection must be forwarded on the next business day following receipt thereof to the state treasurer to be deposited in the fair fund created in RCW 15.76.115. 67.28.180 Lodging tax authorized—Conditions.

67.28.180 Lodging tax authorized—Conditions. (1) Subject to the conditions set forth in subsections (2) and (3) of this section, the legislative body of any county or any city, is authorized to levy and collect a special excise tax of not to exceed two percent on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW.

[2011 RCW Supp—page 1325]
(2) Any levy authorized by this section is subject to the following:

(a) Any county ordinance or resolution adopted pursuant to this section must contain, in addition to all other provisions required to conform to this chapter, a provision allowing a credit against the county tax for the full amount of any city tax imposed pursuant to this section upon the same taxable event.

(b)(i) In the event that any county has levied the tax authorized by this section and has, prior to June 26, 1975, either pledged the tax revenues for payment of principal and interest on city revenue or general obligation bonds authorized and issued pursuant to RCW 67.28.150 through 67.28.160 or has authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such county is exempt from the provisions of (a) of this subsection, to the extent that the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through 67.28.160. However, so much of such pledged tax revenues, together with any investment earnings thereon, not immediately necessary for actual payment of principal and interest on such bonds may be used: (A) In any county with a population of one million five hundred thousand or more, for repayment either of limited tax levy general obligation bonds or of any county fund or account from which a loan was made, the proceeds from the bonds or loan being used to pay for constructing, installing, improving, and equipping stadium capital improvement projects, and to pay for any engineering, planning, financial, legal and professional services incident to the development of such stadium capital improvement projects, regardless of the date the debt for such capital improvement projects was or may be incurred; (B) in any county with a population of one million five hundred thousand or more, for repayment or refinancing of bonded indebtedness incurred prior to January 1, 1997, for any purpose authorized by this section or relating to stadium repairs or rehabilitation, including but not limited to the cost of settling legal claims, reimbursing operating funds, interest payments on short-term loans, and any other purpose for which such debt has been incurred if the county has created a public stadium authority to develop a stadium and exhibition center under RCW 36.102.030; or (C) in other counties, for any purpose described as authorized under subsection (2)(b) of this section; (ii) At least thirty-seven and one-half percent of the revenues under this subsection (3)(a)(i) must be used for the purposes of this subsection (3)(a)(i) in all parts of the county.

(ii) A county is exempt under this subsection with respect to city revenue or general obligation bonds issued after April 1, 1991, only if such bonds mature before January 1, 2013. If any county located east of the crest of the Cascade mountains has levied the tax authorized by this section and has, prior to June 26, 1975, pledged the tax revenue for payment of principal and interest on city revenue or general obligation bonds, the county is exempt under this subsection with respect to revenue or general obligation bonds issued after January 1, 2007, only if the bonds mature before January 1, 2035. Such a county may only use funds under this subsection (2)(b) for constructing or improving facilities authorized under this chapter, including county-owned facilities for agricultural promotion.

(iii) As used in this subsection (2)(b), “capital improvement projects” may include, but not be limited to a stadium restaurant facility, restroom facilities, artificial turf system, seating facilities, parking facilities and scoreboard and information system adjacent to or within a county owned stadium, together with equipment, utilities, accessories and appurtenances necessary thereto. The stadium restaurant authorized by this subsection (2)(b) must be operated by a private concessionaire under a contract with the county.

(c)(i) No city within a county exempt under (b) of this subsection may levy the tax authorized by this section so long as said county is so exempt.

(ii) No city within a county with a population of one million five hundred thousand or more may levy the tax authorized by this section.

(iii) However, in the event that any city in a county described in (c)(i) or (ii) of this subsection (2) has levied the tax authorized by this section and has, prior to June 26, 1975, authorized and issued revenue or general obligation bonds pursuant to the provisions of RCW 67.28.150 through 67.28.160, such city may levy the tax so long as the tax revenues are pledged for payment of principal and interest on bonds issued at any time pursuant to the provisions of RCW 67.28.150 through 67.28.160.

(3) Any levy authorized by this section by a county that has a population of one million five hundred thousand or more is subject to the following:

(a) Taxes collected under this section in any calendar year before 2013 in excess of five million three hundred thousand dollars may only be used as follows:

(i) Seventy percent from January 1, 2001, through December 31, 2012, for art museums, cultural museums, heritage museums, the arts, and the performing arts. Moneys spent under this subsection (3)(a)(i) must be used for the purposes of this subsection (3)(a)(i) in all parts of the county.

(ii) Thirty percent from January 1, 2001, through December 31, 2012, for the following purposes and in a manner reflecting the following order of priority: Stadium purposes as authorized under subsection (2)(b) of this section; acquisition of open space lands; youth sports activities; and tourism promotion. If all or part of the debt on the stadium is refinanced, all revenues under this subsection (3)(a)(ii) must be used to retire the debt.

(b) From January 1, 2013, through December 31, 2015, all revenues under this section shall be used to retire the debt on the stadium, until the debt on the stadium is retired. On and after the date the debt on the stadium is retired, and through December 31, 2015, all revenues under this section in a county of one million five hundred thousand or more must be deposited in the special account under (e) of this subsection.

(c) From January 1, 2016, through December 31, 2020, all revenues under this section must be deposited in the stadium and exhibition center account under RCW 43.99N.060.

(d) On and after January 1, 2021, the revenues under this section must be used as follows:

(i) At least thirty-seven and one-half percent of the revenues under this section must be deposited in the special account under (e) of this subsection.

(ii) At least thirty-seven and one-half percent of the revenues under this section must be used for nonprofit organiza-
tions or public housing authorities for affordable workforce housing within one-half of a mile of a transit station, as described under RCW 9.91.025 or for services for homeless youth.

(iii) The remainder must be used for capital or operating programs that promote tourism and attract tourists to the county.

(e) At least forty percent of the revenues distributed pursuant to (a)(i) of this subsection must be deposited in a special account. The account may only be used for the purposes of (a)(i) of this subsection.

(f) School districts and schools may not receive revenues distributed pursuant to (a)(i) of this subsection.

(g) Moneys distributed to art museums, cultural museums, heritage museums, the arts, and the performing arts, and moneys distributed for tourism promotion must be in addition to and may not be used to replace or supplant any other funding by the legislative body of the county.

(h) For the purposes of this section:

(i) "Affordable workforce housing" means housing for a single person, family, or unrelated persons living together whose income is between thirty percent and eighty percent of the median income, adjusted for household size, for the county where the housing is located; and

(ii) "Tourism promotion" includes activities intended to attract visitors for overnight stays, arts, heritage, and cultural events, and recreational, professional, and amateur sports events. Moneys allocated to tourism promotion in a county with a population of one million or more must be allocated to local public organizations and nonprofit organizations formed for the express purpose of tourism promotion in the county. Such organizations must use moneys from the taxes to promote events in all parts of the county.

(i) No taxes collected under this section may be used for the operation or maintenance of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged. Expenditures for operation or maintenance include all expenditures other than expenditures that directly result in new fixed assets or that directly increase the capacity, life span, or operating economy of existing fixed assets.

(j) No ad valorem property taxes may be used for debt service on bonds issued for a public stadium that is financed by bonds to which the tax is pledged, unless the taxes collected under this section are or are projected to be insufficient to meet debt service requirements on such bonds.

(k) If a substantial part of the operation and management of a public stadium that is financed directly or indirectly by bonds to which the tax is pledged is performed by a nonpublic entity or if a public stadium is sold that is financed directly or indirectly by bonds to which the tax is pledged, any bonds to which the tax is pledged shall be retired. This subsection (3)(k) does not apply in respect to a public stadium under chapter 36.102 RCW transferred to, owned by, or constructed by a public facilities district under chapter 36.100 RCW or a stadium and exhibition center.

(l) The county may not lease a public stadium that is financed directly or indirectly by bonds to which the tax is pledged to, or authorize the use of the public stadium by, a professional major league sports franchise unless the sports franchise gives the right of first refusal to purchase the sports franchise, upon its sale, to local government. This subsection (3)(l) does not apply to contracts in existence on April 1, 1986.

(4) If a court of competent jurisdiction declares any provision of subsection (3) of this section invalid, then that invalid provision is null and void and the remainder of this section is not affected. Findings—Intent—2008 c 264: "The legislature finds that locally funded heritage and arts programs build vital communities and preserve community history and culture. It further finds that within existing revenue sources, local jurisdictions should have the capability to preserve these programs in the future.

The locally funded heritage and arts program in the state’s most populated county was established in 1989 using a portion of hotel-motel tax revenues. This program was structured to provide for inflation and an expanding population of the county.

In 1997, the legislature acted to assure the future of the heritage and arts program by creating an endowment fund using these same local funds. This funding mechanism has proved to be inadequate and unless immediately modified will result in a seventy-five percent reduction of funds for the program.

This act will provide a stable and predictable flow of funds to the program, provide for inflation and an expanding population, and assure the future viability of the program within existing revenue flows." [2008 c 264 § 1.]

Effective date—2008 c 264: "This act takes effect July 1, 2008." [2008 c 264 § 5.]

Retroactive application—2002 c 178: "This act applies retroactively to events occurring on and after September 1, 2001." [2002 c 178 § 6.]

Effective date—2002 c 178: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 27, 2002]." [2002 c 178 § 7.]

68.52.220 District commissioners—Compensation—Election. (Effective January 1, 2012.)

68.52.220 District commissioners—Compensation—Election. (Effective January 1, 2012.) The affairs of the district shall be managed by a board of cemetery district commissioners composed of three members. The board may provide, by resolution passed by the commissioners, for the payment of compensation to each of its commissioners at a rate of up to ninety dollars for each day or portion of a day spent in actual attendance at official meetings of the district commission, or in performance of other official services or duties on behalf of the district. However, the compensation for each commissioner must not exceed eight thousand six hundred forty dollars per year.

Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the clerk of the board. The waiver, to be effective, must be filed any time after the commissioner’s election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made. The board shall fix the compensation to be paid the secretary and other employees of the district. Cemetery district commissioners and candidates for cemetery district commissioner are exempt from the requirements of chapter 42.17A RCW.

The initial cemetery district commissioners shall assume office immediately upon their election and qualification. Staggering of terms of office shall be accomplished as follows: (1) The person elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or a five-year term of office if the election is held in an even-numbered year; (2) the person who is elected receiving the next greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term of office if the election is held in an even-numbered year; and (3) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial commissioners shall assume office immediately after they are elected and qualified but their terms of office shall be calculated from the first day of January after the election.

Thereafter, commissioners shall be elected to six-year terms of office. Commissioners shall serve until their successors are elected and qualified and assume office as provided in RCW 29A.20.040.

The polling places for a cemetery district election may be located inside or outside the boundaries of the district, as determined by the auditor of the county in which the cemetery district is located, and no such election shall be held irregular or void on that account.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

69.51A.005 Purpose and intent. (1) The legislature finds that:

(a) There is medical evidence that some patients with terminal or debilitating medical conditions may, under their health care professional’s care, benefit from the medical use of cannabis. Some of the conditions for which cannabis appears to be beneficial include, but are not limited to:

(i) Nausea, vomiting, and cachexia associated with cancer, HIV-positive status, AIDS, hepatitis C, anorexia, and their treatments;

(ii) Severe muscle spasms associated with multiple sclerosis, epilepsy, and other seizure and spasticity disorders;

(iii) Acute or chronic glaucoma;

(iv) Crohn’s disease; and

(v) Some forms of intractable pain.

(b) Humanitarian compassion necessitates that the decision to use cannabis by patients with terminal or debilitating medical conditions is a personal, individual decision, based upon their health care professional’s professional medical judgment and discretion.

(2) Therefore, the legislature intends that:

(a) Qualifying patients with terminal or debilitating medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of cannabis, shall not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based solely on their medical use of cannabis, notwithstanding any other provision of law;

(b) Persons who act as designated providers to such patients shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of cannabis; and

(c) Health care professionals shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil con-
sequences under state law for the proper authorization of medical use of cannabis by qualifying patients for whom, in the health care professional’s professional judgment, the medical use of cannabis may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of cannabis for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of cannabis would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of cannabis in any correctional facility or jail. [2011 c 181 § 102; 2010 c 284 § 1; 2007 c 371 § 2; 1999 c 2 § 2 (Initiative Measure No. 692, approved November 3, 1998).]

Intent—2007 c 371: "The legislature intends to clarify the law on medical marijuana so that the lawful use of this substance is not impaired and medical practitioners are able to exercise their best professional judgment in the delivery of medical treatment, qualifying patients may fully participate in the medical use of marijuana, and designated providers may assist patients in the manner provided by this act without fear of state criminal prosecution. This act is also intended to provide clarification to law enforcement and to all participants in the judicial system." [2007 c 371 § 1.]

69.51A.020 Construction of chapter. Nothing in this chapter shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale, or use of cannabis for nonmedical purposes. Criminal penalties created under chapter 181, Laws of 2011 do not preclude the prosecution or punishment for other crimes, including other crimes involving the manufacture or delivery of cannabis for nonmedical purposes. [2011 c 181 § 103; 1999 c 2 § 3 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.025 Construction of chapter—Compliance with RCW 69.51A.040. Nothing in this chapter or in the rules adopted to implement it precludes a qualifying patient or designated provider from engaging in the private, unlicensed, noncommercial production, possession, transportation, delivery, or administration of cannabis for medical use as authorized under RCW 69.51A.040. [2011 c 181 § 413.]

69.51A.030 Acts not constituting crimes or unprofessional conduct—Health care professionals not subject to penalties or liabilities. (1) The following acts do not constitute crimes under state law or unprofessional conduct under chapter 18.130 RCW, and a health care professional may not be arrested, searched, prosecuted, disciplined, or subject to other criminal sanctions or civil consequences or liability under state law, or have real or personal property searched, seized, or forfeited pursuant to state law, notwithstanding any other provision of law as long as the health care professional complies with subsection (2) of this section:

(a) Advising a patient about the risks and benefits of medical use of cannabis or that the patient may benefit from the medical use of cannabis; or

(b) Providing a patient meeting the criteria established under *RCW 69.51A.010(26) with valid documentation, based upon the health care professional’s assessment of the patient’s medical history and current medical condition, where such use is within a professional standard of care or in the individual health care professional’s medical judgment.

(2)(a) A health care professional may only provide a patient with valid documentation authorizing the medical use of cannabis or register the patient with the registry established in **section 901 of this act if he or she has a newly initiated or existing documented relationship with the patient, as a primary care provider or a specialist, relating to the diagnosis and ongoing treatment or monitoring of the patient’s terminal or debilitating medical condition, and only after:

(i) Completing a physical examination of the patient as appropriate, based on the patient’s condition and age;

(ii) Documenting the terminal or debilitating medical condition of the patient in the patient’s medical record and that the patient may benefit from treatment of this condition or its symptoms with medical use of cannabis;

(iii) Informing the patient of other options for treating the terminal or debilitating medical condition; and

(iv) Documenting other measures attempted to treat the terminal or debilitating medical condition that do not involve the medical use of cannabis.

(b) A health care professional shall not:

(i) Accept, solicit, or offer any form of pecuniary remuneration from or to a licensed dispenser, licensed producer, or licensed processor of cannabis products;

(ii) Offer a discount or any other thing of value to a qualifying patient who is a customer of, or agrees to be a customer of, a particular licensed dispenser, licensed producer, or licensed processor of cannabis products;

(iii) Examine or offer to examine a patient for purposes of diagnosing a terminal or debilitating medical condition at a location where cannabis is produced, processed, or dispensed;

(iv) Have a business or practice which consists solely of authorizing the medical use of cannabis;

(v) Include any statement or reference, visual or otherwise, on the medical use of cannabis in any advertisement for his or her business or practice; or

(vi) Hold an economic interest in an enterprise that produces, processes, or dispenses cannabis if the health care professional authorizes the medical use of cannabis.

(3) A violation of any provision of subsection (2) of this section constitutes unprofessional conduct under chapter 18.130 RCW. [2011 c 181 § 301; 2010 c 284 § 3; 2007 c 371 § 4; 1999 c 2 § 4 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.040 Compliance with chapter—Qualifying patients and designated providers not subject to penalties—Law enforcement not subject to liability. (c) The qualifying patient or designated provider is in compliance with all other terms and conditions of this chapter;
(d) The investigating peace officer does not have probable cause to believe that the qualifying patient or designated provider has committed a felony, or is committing a misdemeanor in the officer’s presence, that does not relate to the medical use of cannabis;
(e) No outstanding warrant for arrest exists for the qualifying patient or designated provider; and
(f) The investigating peace officer has not observed evidence of any of the circumstances identified in *section 901(4) of this act.

A qualifying patient or designated provider meeting the conditions of this subsection but possessing more cannabis than the limits set forth in RCW 69.51A.040(1) may, in the investigating peace officer’s discretion, be taken into custody and booked into jail in connection with the investigation of the incident. [2011 c 181 § 402.]

*Reviser’s note: Section 901 of this act was vetoed by the governor.

69.51A.045 Possession of cannabis exceeding lawful amount—Affirmative defense. A qualifying patient or designated provider in possession of cannabis plants, useable cannabis, or cannabis product exceeding the limits set forth in RCW 69.51A.040(1) but otherwise in compliance with all other terms and conditions of this chapter may establish an affirmative defense to charges of violations of state law relating to cannabis through proof at trial, by a preponderance of the evidence, that the qualifying patient’s necessary medical use exceeds the amounts set forth in RCW 69.51A.040(1). An investigating peace officer may seize cannabis plants, useable cannabis, or cannabis product exceeding the amounts set forth in RCW 69.51A.040(1): PROVIDED, That in the case of cannabis plants, the qualifying patient or designated provider shall be allowed to select the plants that will remain at the location. Such entities may enact coverage or noncoverage criteria or related policies for payment or nonpayment of medical cannabis in their sole discretion.

(3) Nothing in this chapter requires any health care professional to authorize the medical use of cannabis for a patient.

(4) Nothing in this chapter requires any accommodation of any on-site medical use of cannabis in any place of employment, in any school bus or on any school grounds, in any youth center, in any correctional facility, or smoking cannabis in any public place or hotel or motel.

Chapter 69.51A RCW: Qualifying Patient’s Designation of Provider, Parental Rights or Residential Time, Suitability for Organ Transplant

**69.51A.100 Qualifying patient’s designation of provider—Provider’s service as designated provider—Termination.** (1) A qualifying patient may revoke his or her designation of a specific provider and designate a different provider at any time. A revocation of designation must be in writing, signed and dated. The protections of this chapter cease to apply to a person who has served as a designated provider to a qualifying patient seventy-two hours after receipt of that patient’s revocation of his or her designation.

(2) A person may stop serving as a designated provider to a given qualifying patient at any time. However, that person may not begin serving as a designated provider to a different qualifying patient until fifteen days have elapsed from the date the last qualifying patient designated him or her to serve as a provider. [2011 c 181 § 404.]

**69.51A.110 Suitability for organ transplant.** A qualifying patient’s medical use of cannabis as authorized by a health care professional may not be a sole disqualifying factor in determining the patient’s suitability for an organ transplant, unless it is shown that this use poses a significant risk of rejection or organ failure. This section does not preclude a health care professional from requiring that a patient abstain from the medical use of cannabis, for a period of time determined by the health care professional, while waiting for a transplant organ or before the patient undergoes an organ transplant. [2011 c 181 § 408.]

**69.51A.120 Parental rights or residential time—Not to be restricted.** A qualifying patient or designated provider may not have his or her parental rights or residential time with a child restricted solely due to his or her medical use of cannabis in compliance with the terms of this chapter absent written findings supported by evidence that such use has resulted in a long-term impairment that interferes with the performance of parenting functions as defined under RCW 26.09.004. [2011 c 181 § 409.]

**69.51A.130 State and municipalities—Not subject to liability.** (1) No civil or criminal liability may be imposed by any court on the state or its officers and employees for actions taken in good faith under this chapter and within the scope of their assigned duties.

(2) No civil or criminal liability may be imposed by any court on cities, towns, and counties or other municipalities and their officers and employees for actions taken in good faith under this chapter and within the scope of their assigned duties. [2011 c 181 § 1101.]

**69.51A.140 Counties, cities, towns—Authority to adopt and enforce requirements.** (1) Cities and towns may adopt and enforce any of the following pertaining to the production, processing, or dispensing of cannabis or cannabis products within their jurisdiction: Zoning requirements, business licensing requirements, health and safety requirements, and business taxes. Nothing in chapter 181, Laws of 2011 is intended to limit the authority of cities and towns to impose zoning requirements or other conditions upon licensed dispensers, so long as such requirements do not preclude the possibility of siting licensed dispensers within the jurisdiction. If the jurisdiction has no commercial zones, the jurisdiction is not required to adopt zoning to accommodate licensed dispensers.

(2) Counties may adopt and enforce any of the following pertaining to the production, processing, or dispensing of cannabis or cannabis products within their jurisdiction in locations outside of the corporate limits of any city or town: Zoning requirements, business licensing requirements, and health and safety requirements. Nothing in chapter 181, Laws of 2011 is intended to limit the authority of counties to impose zoning requirements or other conditions upon licensed dispensers, so long as such requirements do not preclude the possibility of siting licensed dispensers within the jurisdiction. If the jurisdiction has no commercial zones, the jurisdiction is not required to adopt zoning to accommodate licensed dispensers. [2011 c 181 § 1102.]

**69.51A.200 Evaluation.** (1) By July 1, 2014, the Washington state institute for public policy shall, within available funds, conduct a cost-benefit evaluation of the implementation of chapter 181, Laws of 2011 and the rules adopted to carry out its purposes.

(2) The evaluation of the implementation of chapter 181, Laws of 2011 and the rules adopted to carry out its purposes shall include, but not necessarily be limited to, consideration of the following factors:

(a) Qualifying patients’ access to an adequate source of cannabis for medical use;

(b) Qualifying patients’ access to a safe source of cannabis for medical use;

(c) Qualifying patients’ access to a consistent source of cannabis for medical use;

(d) Qualifying patients’ access to a secure source of cannabis for medical use;

(e) Qualifying patients’ and designated providers’ contact with law enforcement and involvement in the criminal justice system;

(f) Diversion of cannabis intended for medical use to nonmedical uses;

(g) Incidents of home invasion burglaries, robberies, and other violent and property crimes associated with qualifying patients accessing cannabis for medical use;

(h) Whether there are health care professionals who make a disproportionately high amount of authorizations in comparison to the health care professional community at large;

Chapter 70.24
CONTROL AND TREATMENT OF SEXUALLY TRANSMITTED DISEASES

Sections
70.24.105 Disclosure of HIV antibody test or testing or treatment of sexually transmitted diseases—Exchange of medical information.
70.24.340 Convicted persons—Mandatory testing and counseling for certain offenses—Employees’ substantial exposure to bodily fluids—Procedure and court orders.

70.24.105 Disclosure of HIV antibody test or testing or treatment of sexually transmitted diseases—Exchange of medical information. (1) No person may disclose or be compelled to disclose the identity of any person who has investigated, considered, or requested a test or treatment for a sexually transmitted disease, except as authorized by this chapter.

(2) No person may disclose or be compelled to disclose the identity of any person upon whom an HIV antibody test is performed, or the results of such a test, nor may the result of a test for any other sexually transmitted disease when it is positive be disclosed. This protection against disclosure of test subject, diagnosis, or treatment also applies to any information relating to diagnosis of or treatment for HIV infection and for any other confirmed sexually transmitted disease. The following persons, however, may receive such information:

(a) The subject of the test or the subject’s legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor child over fourteen years of age and otherwise competent;

(b) Any person who secures a specific release of test results or information relating to HIV or confirmed diagnosis of or treatment for any other sexually transmitted disease executed by the subject or the subject’s legal representative for health care decisions in accordance with RCW 7.70.065, with the exception of such a representative of a minor child over fourteen years of age and otherwise competent;

(c) The state public health officer, a local public health officer, or the centers for disease control of the United States public health service in accordance with reporting requirements for a diagnosed case of a sexually transmitted disease;

(d) A health facility or health care provider that procures, processes, distributes, or uses: (i) A human body part, tissue, or blood from a deceased person with respect to medical information regarding that person; (ii) semen, including that provided prior to March 23, 1988, for the purpose of artificial insemination; or (iii) blood specimens;

(e) Any state or local public health officer conducting an investigation pursuant to RCW 70.24.024, provided that such record was obtained by means of court ordered HIV testing pursuant to RCW 70.24.340 or 70.24.024;

(f) A person allowed access to the record by a court order granted after application showing good cause therefor. In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure shall: (i) Limit disclosure to those parts of the patient’s record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services, including but not limited to the written statement set forth in subsection (5) of this section;

(g) Persons who, because of their behavioral interaction with the infected individual, have been placed at risk for acquisition of a sexually transmitted disease, as provided in RCW 70.24.022, if the health officer or authorized representative believes that the exposed person was unaware that a risk of disease exposure existed and that the disclosure of the identity of the infected person is necessary;

(h) A law enforcement officer, firefighter, health care provider, health care facility staff person, department of correction’s staff person, jail staff person, or other persons as defined by the board in rule pursuant to RCW 70.24.340(4), who has requested a test of a person whose bodily fluids he or she has been substantially exposed to, pursuant to RCW 70.24.340(4), if a state or local public health officer performs the test. If the requestor also requested that testing for blood-borne pathogens be conducted pursuant to RCW 70.24.340 and the state health or local health officer performs the tests, the requestor must also be informed of the results of those tests;

(i) Claims management personnel employed by or associated with an insurer, health care service contractor, health maintenance organization, self-funded health plan, state-administered health care claims payer, or any other payer of health care claims where such disclosure is to be used solely for the prompt and accurate evaluation and payment of medical or related claims. Information released under this subsection shall be confidential and shall not be released or available to persons who are not involved in handling or determining medical claims payment; and

(j) A department of social and health services worker, a child placing agency worker, or a guardian ad litem who is responsible for making or reviewing placement or case-planning decisions or recommendations to the court regarding a
child, who is less than fourteen years of age, has a sexually transmitted disease, and is in the custody of the department of social and health services or a licensed child placing agency; this information may also be received by a person responsible for providing residential care for such a child when the department of social and health services or a licensed child placing agency determines that it is necessary for the provision of child care services.

(3) No person to whom the results of a test for a sexually transmitted disease have been disclosed pursuant to subsection (2) of this section may disclose the test results to another person except as authorized by that subsection.

(4) The release of sexually transmitted disease information regarding an offender or detained person, except as provided in subsection (2)(e) of this section, shall be governed as follows:

(a) The sexually transmitted disease status of a department of corrections offender who has had a mandatory test conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be made available by department of corrections health care providers and local public health officers to the department of corrections health care administrator or infection control coordinator of the facility in which the offender is housed. The information made available to the health care administrator or the infection control coordinator under this subsection (4)(a) shall be used only for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. The information may be submitted to transporting officers and receiving facilities, including facilities that are not under the department of corrections' jurisdiction according to the provisions of (d) and (e) of this subsection.

(b) The sexually transmitted disease status of a person detained in a jail who has had a mandatory test conducted pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be made available by the local public health officer to a jail health care administrator or infection control coordinator. The information made available to a health care administrator under this subsection (4)(b) shall be used only for disease prevention or control and for protection of the safety and security of the staff, offenders, detainees, and the public. The information may be submitted to transporting officers and receiving facilities according to the provisions of (d) and (e) of this subsection.

(c) Information regarding the sexually transmitted disease status of an offender or detained person is confidential and may be disclosed by a correctional health care administrator or infection control coordinator or local jail health care administrator or infection control coordinator only as necessary for disease prevention or control and for protection of the safety and security of the staff, offenders, and the public. Unauthorized disclosure of this information to any person may result in disciplinary action, in addition to the penalties prescribed in subsection (2)(h) of this section.

(5) Whenever disclosure is made pursuant to this section, except for subsections (2)(a) and (6) of this section, it shall be accompanied by a statement in writing which includes the following or substantially similar language: "This information has been disclosed to you from records whose confidentiality is protected by state law. State law prohibits you from making any further disclosure of it without the specific written consent of the person to whom it pertains, or as otherwise permitted by state law. A general authorization for the release of medical or other information is NOT sufficient for this purpose."

(6) The requirements of this section shall not apply to the customary methods utilized for the exchange of medical information among health care providers in order to provide health care services to the patient, nor shall they apply within health care facilities where there is a need for access to confidential medical information to fulfill professional duties.

(7) Upon request of the victim, disclosure of test results under this section to victims of sexual offenses under chapter 9A.44 RCW shall be made if the result is negative or positive. The county prosecuting attorney shall notify the victim of the right to such disclosure. Such disclosure shall be accompanied by appropriate counseling, including information regarding follow-up testing.

Findings—Intent—1997 c 345: "(1) The legislature finds that department of corrections staff and jail staff perform essential public functions that are vital to our communities. The health and safety of these workers is often placed in jeopardy while they perform the responsibilities of their jobs. Therefore, the legislature intends that the results of any HIV tests conducted on an offender or detainee pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be disclosed to the health care administrator or infection control coordinator of the department of corrections facility or the local jail that houses the offender or detainee. The legislature intends that these test results also be disclosed to any corrections or jail staff who have been substantially exposed to the bodily fluids of the offender or detainee when the disclosure
is provided by a licensed health care provider in accordance with Washington Administrative Code rules governing employees' occupational exposure to bloodborne pathogens.

(2) The legislature further finds that, through the efforts of health care professionals and corrections staff, offenders in department of corrections facilities and people detained in local jails are being encouraged to take responsibility for their health by requesting voluntary and anonymous pretest counseling, HIV testing, posttest counseling, and AIDS counseling. The legislature does not intend, through chapter 345, Laws of 1997, to mandate disclosure of the results of voluntary and anonymous tests. The legislature intends to continue to protect the confidential exchange of medical information related to voluntary and anonymous pretest counseling, HIV testing, posttest counseling, and AIDS counseling as provided by chapter 70.24 RCW." [1997 c 345 § 1.]

70.24.340 Convicted persons—Mandatory testing and counseling for certain offenses—Employees’ substantial exposure to bodily fluids—Procedure and court orders. (1) Local health departments authorized under this chapter shall conduct or cause to be conducted pretest counseling, HIV testing, and posttest counseling of all persons:

(a) Convicted of a sexual offense under chapter 9A.44 RCW;

(b) Convicted of prostitution or offenses relating to prostitution under chapter 9A.88 RCW; or

(c) Convicted of drug offenses under chapter 69.50 RCW if the court determines at the time of conviction that the related drug offense is one associated with the use of hypodermic needles.

(2) Such testing shall be conducted as soon as possible after sentencing and shall be so ordered by the sentencing judge.

(3) This section applies only to offenses committed after March 23, 1988.

(4) A law enforcement officer, firefighter, health care provider, health care facility staff person, department of corrections’ staff person, jail staff person, or other categories of employment determined by the board in rule to be at risk of substantial exposure to HIV, who has experienced a substantial exposure to another person’s bodily fluids in the course of his or her employment, may request a state or local public health officer to order pretest counseling, HIV testing, and posttest counseling for the person whose bodily fluids he or she has been exposed to. A person eligible to request a state or local health official to order HIV testing under this chapter and board rule may also request a state or local health officer to order testing for other bloodborne pathogens. If the state or local public health officer refuses to order counseling and testing under this subsection, the person who made the request may petition the superior court for a hearing to determine whether an order shall be issued. The hearing on the petition shall be held within seventy-two hours of filing the petition, exclusive of Saturdays, Sundays, and holidays. The standard of review to determine whether the public health officer shall be required to issue the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order, which may require additional testing for other bloodborne pathogens.

The person who is subject to the state or local public health officer’s order to receive counseling and testing shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual basis therefor. If the person who is subject to the order refuses to comply, the state or local public health officer may petition the superior court for a hearing. The hearing on the petition shall be held within seventy-two hours of filing the petition, exclusive of Saturdays, Sundays, and holidays. The standard of review for the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order.

The state or local public health officer shall perform counseling and testing under this subsection if he or she finds that the exposure was substantial and presents a possible risk as defined by the board of health by rule or if he or she is ordered to do so by a court.

The counseling and testing required under this subsection shall be completed as soon as possible after the substantial exposure or after an order is issued by a court, but shall begin not later than seventy-two hours after the substantial exposure or an order is issued by the court. [2011 c 232 § 2; 1997 c 345 § 3; 1988 c 206 § 703.]

Public hospital districts are authorized to levy such a general tax in excess of their regular property taxes when authorized so to do at a special election conducted in accordance with and subject to all of the requirements of the Constitution and the laws of the state of Washington now in force or hereafter enacted governing the limitation of tax levies. (10) To employ superintendents, attorneys, and other technical or professional assistants and all other employees; to make all contracts useful or necessary to carry out the provisions of this chapter, including, but not limited to, (a) contracts with private or public institutions for employee retirement programs, and (b) contracts with current or prospective employees, physicians, or other health care practitioners providing for the payment or reimbursement by the public hospital district of health care training or education expenses, including but not limited to debt obligations, incurred by current or prospective employees, physicians, or other health care practitioners in return for their agreement to provide services beneficial to the public hospital district; to print and publish information or literature; and to do all other things necessary to carry out the provisions of this chapter.

70.47.010 Legislative findings—Purpose—Director to coordinate eligibility. (1)(a) The legislature finds that limitations on access to health care services for enrollees in the state, such as in rural and underserved areas, are particularly challenging for the basic health plan. Statutory restrictions have reduced the options available to the director to address the access needs of basic health plan enrollees. It is the intent of the legislature to authorize the director to develop alternative purchasing strategies to ensure access to basic health plan enrollees in all areas of the state, including: (i) The use of differential rating for managed health care systems based on geographic differences in costs; and (ii) limited use of self-insurance in areas where adequate access cannot be assured through other options.

(b) In developing alternative purchasing strategies to address health care access needs, the director shall consult with interested persons including health carriers, health care providers, and health facilities, and with other appropriate state agencies including the office of the insurance commis-

[2011 RCW Supp—page 1352]
The legislature further finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women, and at-risk children and adolescents who need greater access to managed health care.

(3) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents not eligible for medicare who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(4) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, or to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(5)(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and (iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan director identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. Enrollees receiving medical assistance are not eligible for the Washington basic health plan. [2011 1st sps. c 15 § 82; 2009 c 568 § 1; 2000 c 79 § 42; 1993 c 492 § 208; 1987 1st ex.s. c 5 § 3.]

(10) "Subsidized enrollee" means:

(a) An individual, or an individual plus the individual’s spouse or dependent children: (i) Who is not eligible for medicare; (ii) Who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (iii) Who is not a full-time student who has received a temporary visa to study in the United States; (iv) Who resides in an area of the state served by a managed health care system participating in the plan; (v) Until March 1, 2011, whose gross family income at the time of enrollment does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; (vi) Who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan; (vii) Who is not receiving medical assistance administered by the department of social and health services; and (viii) After February 28, 2011, who is in the basic health transition eligible population under 1115 Medicaid demonstration project number 11-W-00254/10;

(11) "Washington basic health plan" or "plan" means the system of enrollment and payment for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter. [2011 1st sp.s. c 9 § 3. Prior: 2011 c 205 § 1; prior: 2009 c 568 § 2; 2007 c 259 § 35; 2005 c 188 § 2; 2004 c 325 § 42; 2002 c 185 § 6; 2000 c 79 § 43; 1997 c 335 § 1; 1997 c 245 § 5; prior: 1995 c 266 § 2; 1995 c 2 § 3; 1994 c 309 § 4; 1993 c 492 § 209; 1987 1st ex.s. c 5 § 4.]

Findings—Intent—2011 1st sp.s. c 9: "(1) The legislature finds that:

(a) There is an increasing level of dispute and uncertainty regarding the amount of payment nonparticipating providers may receive for health care services provided to enrollees of state purchased health care programs designed to serve low-income individuals and families, such as basic health and the medicaid managed care programs; (b) The dispute has resulted in litigation, including a recent Washington superior court ruling that determined nonparticipating providers were entitled to receive billed charges from a managed health care system for services provided to medicaid and basic health plan enrollees. The decision would allow a nonparticipating provider to demand and receive payment in
an amount exceeding the payment managed health care system network providers receive for the same services. Similar provider lawsuits have now been filed in other jurisdictions in the state;
(c) In the biennial operating budget, the legislature has previously indicated its intent that payment to nonparticipating providers for services provided to medicaid managed care enrollees should be limited to amounts paid to participating fee-for-service providers. The duration of these provisions is limited to the period during which the operating budget is in effect. A more permanent resolution of these issues is needed; and
(d) Continued failure to resolve this dispute will have adverse impacts on state purchased health care programs serving low-income enrollees, including: (i) Diminished ability for the state to negotiate cost-effective contracts with managed health care systems; (ii) a potential for significant reduction in the willingness of providers to participate in managed health care systems; (iii) a reduction in providers participating in the managed health care systems; and (iv) increased exposure for health care providers for services provided to enrollees of state purchased health care programs, and limits the risk for managed health care systems that contract with the state programs.** [2011 1st sp.s. c 9 § 1.]

Effective date—Findings—Intent—Report—Agency transfer—References to head of health care authority—Draft legislation—2011 1st sp.s. c 15. See notes following RCW 74.09.010. Intent—2011 c 205: "The legislature intends to define eligibility for the basic health plan for periods subsequent to expiration of the 1115 medicare demonstration project based upon recommendations from its joint select committee on health reform regarding whether the basic health plan should be offered as an enrollment option for persons who qualify for federal premium subsidies under the federal patient protection and affordable care act of 2010." Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033. Findings—2005 c 188: "The legislature finds that the basic health plan is a valuable means of providing access to affordable health insurance cover-

The legislature further finds that persons studying in the United States as full-time students under temporary visas must show, as a condition of receiving their temporary visa, that they have sufficient funds available for self-support during their entire proposed course of study. For this reason, the legislature finds that it is not appropriate to provide subsidized basic health plan coverage to this group of students.” [2005 c 188 § 1.]

70.47.060 Powers and duties of administrator—Schedule of services—Premiums, copayments, subsidies—Enrollment. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services, and organ transplant services. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate. The administrator shall encourage enrollees who have been continually enrolled on basic health for a period of one year or more to complete a health risk assessment and participate in programs approved by the administrator that may include wellness, smoking cessation, and chronic disease management programs. In approving programs, the administrator shall consider evidence that any such programs are proven to improve enrollee health status.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from subsidized enrollees under RCW 70.47.020(9)(b). Premiums due for foster parents with gross family income up to two hundred percent of the federal poverty level shall be set at the minimum premium amount charged to enrollees with income below sixty-five percent of the federal poverty level. Premiums due for foster parents with gross family income between two hundred percent and three hundred percent of the federal poverty level shall not exceed one hundred dollars per month.

(c) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(d) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(e) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

(f) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(g) To collect from all public employees a voluntary opt-in donation of varying amounts through a monthly or one-time payroll deduction as provided for in RCW 41.04.230. The donation must be deposited in the health services account established in *RCW 43.72.900 to be used for the sole purpose of maintaining enrollment capacity in the basic health plan.

The administrator shall send an annual notice to state employees extending the opportunity to participate in the opt-in donation program for the purpose of saving enrollment slots for the basic health plan. The first such notice shall be sent to public employees no later than June 1, 2009.

The notice shall include monthly sponsorship levels of fifteen dollars per month, thirty dollars per month, fifty dollars per month, and any other amounts deemed reasonable by the administrator. The sponsorship levels shall be named

[2011 RCW Supp—page 1356]
"safety net contributor," "safety net hero," and "safety net champion" respectively. The donation amounts provided shall be tied to the level of coverage the employee will be purchasing for a working poor individual without access to health care coverage.

The administrator shall ensure that employees are given an opportunity to establish a monthly standard deduction or a one-time deduction towards the basic health plan donation program. The basic health plan donation program shall be known as the "save the safety net program."

The donation permitted under this subsection may not be collected from any public employee who does not actively opt in to the donation program. Written notification of intent to discontinue participation in the donation program must be provided by the public employee at least fourteen days prior to the next standard deduction.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due to a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program. To prevent the risk of overexpenditure, the administrator may disenroll persons receiving subsidies from the program based on criteria adopted by the administrator. The criteria may include: Length of continual enrollment on the program, income level, or eligibility for other coverage. The administrator shall identify enrollees who are eligible for other coverage, and, working with the department of social and health service as provided in RCW 70.47.010(5)(d), transition enrollees currently eligible for federally financed categorically needy or medically needy programs administered under chapter 74.09 RCW to that coverage. The administrator shall develop criteria for persons disenrolled under this subsection to reapply for the program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state.

Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit eligible enrollees, to give priority to members of the Washington national guard and reserves who served in Operation Enduring Freedom, Operation Iraqi Freedom, or Operation Noble Eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. The application is also considered an application for medical assistance under chapter 74.09 RCW and must include a social security number, if available, for each family member requesting coverage. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13A.005 through 74.13A.080 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose...
civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

(20) To give priority in enrollment to persons who disenrolled from the program in order to enroll in medicaid, and subsequently became ineligible for medicaid coverage.

(21) To assure the basic health plan on behalf of each employee enrolled in the plan.

[2011 RCW Supp—page 1358]
health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system’s enrollee no more than the lowest amount paid for that service under the managed health care system’s contracts with similar providers in the state.

(3) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(4) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(5) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(6) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(7)(a) The administrator may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, or any combination thereof. At a minimum, such contracts issued on or after January 1, 2012, must include:

(i) Provider reimbursement methods that incentivize chronic care management within health homes;

(ii) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use; and

(iii) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training unless the managed care system is an integrated health delivery system that has programs in place for chronic care management.

(b) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(c) For the purposes of this subsection, "chronic care management," "chronic condition," and "health home" have the same meaning as in RCW 74.09.010.

(d) Contracts that include the items in (a)(i) through (iii) of this subsection must not exceed the rates that would be paid in the absence of these provisions.

(8) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (6) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(9) The administrator may implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140. Prior to implementing a self-funded or self-insured method, the administrator shall ensure that funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. If implementing a self-funded or self-insured method, the administrator may request funds to be moved from the basic health plan trust account or the basic health plan subscription account to the basic health plan self-insurance reserve account established in RCW 41.05.140.

70.47.110 Enrollment of medical assistance recipients. The health care authority may make payments to participating managed health care systems on behalf of any enrollee who is a recipient of medical care under chapter 74.09 RCW, at the maximum rate allowable for federal matching purposes under Title XIX of the social security act.

Any enrollee on whose behalf the health care authority makes such payments may continue as an enrollee, making premium payments based on the enrollee’s own income as determined under the sliding scale, after eligibility for coverage under chapter 74.09 RCW has ended, as long as the enrollee remains eligible under this chapter. Nothing in this section affects the right of any person eligible for coverage under chapter 74.09 RCW to receive the services offered to other persons under that chapter but not included in the schedule of basic health care services covered by the plan. The director shall seek to determine which enrollees or prospective enrollees may be eligible for medical care under chapter 74.09 RCW and may require these individuals to complete the eligibility determination process under chapter 74.09 RCW prior to enrollment or continued participation in the plan. The director shall adopt procedures to facilitate the transition of plan enrollees and payments on their behalf between the plan and the programs established under chapter 74.09 RCW. 70.47.230 Payments to nonparticipating providers. (Expires July 1, 2016.) (1) For services provided to plan enrollees on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under RCW 70.47.100(2) in addition to any deductible, coinsurance, or copayment that is due from the enrollee under the terms and conditions set forth in the managed health care system contract with the administrator. A plan enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract with the administrator.

offer premium subsidies to eligible partnership participants under RCW 70.47A.040.

(2) Consistent with policies adopted by the board under RCW 70.47A.110, the administrator shall, directly or by contract:

(a) Establish and administer procedures for enrolling small employers in the partnership, including publicizing the existence of the partnership and disseminating information on enrollment, and establishing rules related to minimum participation of employees in small groups purchasing health insurance through the partnership. Opportunities to publicize the program for outreach and education of small employers on the value of insurance shall explore the use of online employer guides;

(b) Establish and administer procedures for health benefit plan enrollment by employees of small employers during open enrollment periods and outside of open enrollment periods upon the occurrence of any qualifying event specified in the federal health insurance portability and accountability act of 1996 or applicable state law. Except to the extent authorized in RCW 70.47A.110(1)(e), neither the employer nor the partnership shall limit an employee’s choice of coverage from among the health benefit plans offered through the partnership;

(c) Establish and manage a system of collecting and transmitting to the applicable carriers all premium payments or contributions made by or on behalf of partnership participants, including employer contributions, automatic payroll deductions for partnership participants, premium subsidy payments, and contributions from philanthropies;

(d) Establish and manage a system for determining eligibility for and making premium subsidy payments under chapter 259, Laws of 2007;

(e) Establish a mechanism to apply a surcharge to each health benefit plan purchased through the partnership, which shall be used only to pay for administrative and operational expenses of the partnership. The surcharge must be applied uniformly to all health benefit plans purchased through the partnership. Any surcharge amount may be added to the premium, but shall not be considered part of the small group community rate, and shall be applied only to the coverage purchased through the partnership. Surcharges may not be used to pay any premium assistance payments under this chapter. The surcharge shall reflect administrative and operational expenses remaining after any appropriation provided by the legislature or resources received from the federal government to support administrative or operational expenses remaining after any appropriation provided by the legislature or resources received from the federal government. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the administrator may freeze new enrollment in the program and establish a waiting list of eligible employees who shall receive subsidies only when sufficient funds are available. [2011 c 287 § 3; 2007 c 260 § 12; 2006 c 255 § 5.]

70.47A.050 Enrollment to remain within appropriation. Enrollment in the health insurance partnership is not an entitlement and shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget or resources received from the federal government. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the administrator may freeze new enrollment in the program and establish a waiting list of eligible employees who shall receive subsidies only when sufficient funds are available. [2011 c 287 § 3; 2007 c 260 § 12; 2006 c 255 § 5.]

70.47A.110 Health insurance partnership board—Duties. (1) The health insurance partnership board shall:

(a) Develop policies for enrollment of small employers in the partnership, including minimum participation rules for small employer groups. The small employer shall determine the criteria for eligibility and enrollment in his or her plan and the terms and amounts of the employer’s contributions to that plan, consistent with any minimum employer premium contribution level established by the board under (d) of this subsection;

(b) Designate health benefit plans that are currently offered in the small group market that will be offered to participating small employers through the health insurance partnership and those plans that will qualify for premium subsidy payments. Up to five health benefit plans shall be chosen, with multiple deductible and point-of-service cost-sharing options. The health benefit plans shall range from catastrophic to comprehensive coverage, and one health benefit plan shall be a high deductible health plan accompanied by a health savings account. Every effort shall be made to include health benefit plans that include components to maximize the quality of care provided and result in improved health outcomes, such as preventive care, wellness incentives, chronic care management services, and provider network development and payment policies related to quality of care;

(c) Approve a mid-range benefit plan from those selected to be used as a benchmark plan for calculating premium subsidies;

(d) Determine whether there should be a minimum employer premium contribution on behalf of employees, and if so, how much;

(e) Develop policies related to partnership participant enrollment in health benefit plans. The board may focus its initial efforts on access to coverage and affordability of coverage for participating small employers and their employees. To the extent necessary for successful implementation of the partnership, the board may:

(i) Limit partnership participant health benefit plan choice; and

[2011 RCW Supp—page 1361]
(ii) Offer former employees of participating small employers the opportunity to continue coverage after separation from employment to the extent that a former employee is eligible for continuation coverage under 29 U.S.C. Sec. 1161 et seq.;

(f) Determine appropriate health benefit plan rating methodologies. The methodologies shall be based on the small group adjusted community rate as defined in Title 48 RCW. The board shall evaluate the impact of applying the small group adjusted community rating methodology to health benefit plans purchased through the partnership on the principle of allowing each partnership participant to choose his or her health benefit plan, and may implement one or more risk adjustment or reinsurance mechanisms to reduce uncertainty for carriers and provide for efficient risk management of high-cost enrollees;

(g) Determine whether the partnership should be designated as the administrator of a participating small employer health benefit plan and undertake the obligations required of a plan administrator under federal law in order to minimize administrative burdens on participating small employers;

(h) Conduct analyses and provide recommendations as requested by the legislature and the governor, with the assistance of staff from the health care authority and the office of the insurance commissioner.

(2) The board may authorize one or more limited health care service plans for dental care services to be offered by limited health care service contractors under RCW 48.44.035. However, such plan shall not qualify for subsidy payments.

(3) In fulfilling the requirements of this section, the board shall consult with small employers, the office of the insurance commissioner, members in good standing of the American academy of actuaries, health carriers, agents and brokers, and employees of small business. [2011 c 287 § 4; 2008 c 143 § 5; 2007 c 260 § 5.]

70.48.245 Transfer of persons with developmental disabilities or traumatic brain injuries from jail to department of corrections facility.

70.48.130 Emergency or necessary medical and health care for confined persons—Reimbursement procedures—Conditions—Limitations. (1) It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the health care authority, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

(2) Payment for emergency or necessary health care shall be by the governing unit, except that the health care authority shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the authority, if the confined person is eligible under the authority’s medical care programs as authorized under chapter 74.09 RCW. After payment by the authority, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons eligible under chapter 74.09 RCW shall not exceed the amounts that would be paid by the authority for similar services provided under Title XIX medicaid, unless additional resources are obtained from the confined person.

(3) As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate’s ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the authority, the governing unit, and any provider of health care services.

(4) The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

(5) To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the authority’s medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

(6) There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

(7) Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

(8) Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

(3) The department may not assess a penalty until it adopts rules describing the method it will use to calculate penalties for various violations.

(4) The department shall notify the violator of its action, and the reasons for its action, in writing. The department shall send the notice using a method by which the mailing can be tracked or the delivery can be confirmed to the violator that a hearing may be requested under RCW 70.79.361. (5)(a) If the department has suspended or revoked a permit or license because of fraud or error, and a hearing is requested, the suspension or revocation shall be stayed until the hearing is concluded and a decision is issued.

(b) If the department has revoked or suspended a license because the licensee performing the work covered by this chapter is working in a manner that does not effectively prevent injuries or deaths or protect employees and the public from unsafe conditions as is required by this chapter, the suspension or revocation is effective immediately and shall not be stayed by a request for a hearing.

(c) If the department has revoked or suspended a permit because the conveyance is unsafe or the conveyance work is not permitted and performed in accordance with this chapter, the suspension or revocation is effective immediately and shall not be stayed by a request for a hearing.

(6) The department must remove a suspension or reinstate a revoked license if the licensee pays all the assessed civil penalties and is able to demonstrate to the department that the licensee has met all the qualifications established by this chapter.

Chapter 70.93 RCW
WASTE REDUCTION, RECYCLING, AND MODEL LITTER CONTROL ACT

Sections
70.93.180 Waste reduction, recycling, and litter control account—Distribution.

70.93.180 Waste reduction, recycling, and litter control account—Distribution. (1) There is hereby created an account within the state treasury to be known as the “waste reduction, recycling, and litter control account”. Moneys in the account may be spent only after appropriation. Expenditures from the waste reduction, recycling, and litter control account shall be used as follows:
(a) Fifty percent to the department of ecology, for use by the departments of ecology, natural resources, revenue, transportation, and corrections, and the parks and recreation commission, for use in litter collection programs, to be distributed under RCW 70.93.220. The amount to the department of ecology shall also be used for a central coordination function for litter control efforts statewide, for the biennial litter survey under RCW 70.93.200(8), and for statewide public awareness programs under RCW 70.93.200(7). The amount to the department shall also be used to defray the costs of administering the funding, coordination, and oversight of local government programs for waste reduction, litter control, and recycling, so that local governments can apply one hundred percent of their funding to achieving program goals. The amount to the department of revenue shall be used to enforce compliance with the litter tax imposed in chapter 82.19 RCW;

(b) Twenty percent to the department for local government funding programs for waste reduction, litter control, and recycling activities by cities and counties under RCW 70.93.250, to be administered by the department of ecology; and

(c) Thirty percent to the department of ecology for waste reduction and recycling efforts.

(2) All taxes imposed in RCW 82.19.010 and fines and bail forfeitures collected or received pursuant to this chapter shall be deposited in the waste reduction, recycling, and litter control account and used for the programs under subsection (1) of this section.

(3) Not less than five percent and no more than ten percent of the amount appropriated into the waste reduction, recycling, and litter control account every biennium shall be reserved for capital needs, including the purchase of vehicles for transporting crews and for collecting litter and solid waste. Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

(4) During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. Additionally, during the 2009-2011 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

(5) During the 2013-2015 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control account to the state general fund such amounts as reflect the excess fund balance of the account. Additionally, during the 2013-2015 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

NOISE CONTROL

Sections
70.107.030 Powers and duties of department.

70.107.030 Powers and duties of department. The department is empowered as follows:
(1) The department, after consultation with state agencies expressing an interest therein, shall adopt, by rule, maximum noise levels permissible in identified environments in order to protect against adverse affects of noise on the health, safety and welfare of the people, the value of property, and the quality of environment; PROVIDED, That in so doing the department shall take also into account the economic and practical benefits to be derived from the use of various products in each such environment, whether the source of the noise or the use of such products in each environment is permanent or temporary in nature, and the state of technology relative to the control of noise generated by all such sources of the noise or the products.

(2) At any time after the adoption of maximum noise levels under subsection (1) of this section the department shall, in consultation with state agencies and local governments expressing an interest therein, adopt rules, consistent with the Federal Noise Control Act of 1972 (86 Stat. 1234; 42 U.S.C. Sec. 4901-4918 and 49 U.S.C. Sec. 1431), for noise abatement and control in the state designed to achieve compliance with the noise level adopted in subsection (1) of this section, including reasonable implementation schedules where appropriate, to insure that the maximum noise levels are not exceeded and that application of the best practicable noise control technology and practice is provided. These rules may include, but shall not be limited to:
(a) Performance standards setting allowable noise limits for the operation of products which produce noise;
(b) Use standards regulating, as to time and place, the operation of individual products which produce noise above specified levels considering frequency spectrum and duration: PROVIDED, The rules shall provide for temporarily exceeding those standards for stated purposes; and
(c) Public information requirements dealing with disclosure of levels and characteristics of noise produced by products.

(3) The department may, as desirable in the performance of its duties under this chapter, conduct surveys, studies and public education programs, and enter into contracts.

(4) The department is authorized to apply for and accept moneys from the federal government and other sources to assist in the implementation of this chapter.

(5) The legislature recognizes that the operation of motor vehicles on public highways as defined in RCW 46.09.310 contributes significantly to environmental noise levels and directs the department, in exercising the rule-making authority under the provisions of this section, to give first priority to the adoption of motor vehicle noise performance standards.

(6) Noise levels and rules adopted by the department pursuant to this chapter shall not be effective prior to March 31, 1975. [2011 c 171 § 107; 1974 ex.s. c 183 § 3.]
permit as provided in this section. A new application must be submitted upon any change in ownership of the system.

(2) The department may require that each application include the information that is reasonable and necessary to determine that the system complies with applicable standards and requirements of the federal safe drinking water act, state law, and rules adopted by the department or by the state board of health.

(3) Following its review of the application, its supporting material, and any information received by the department in its investigation of the application, the department shall issue or deny the operating permit. The department shall act on initial permit applications as expeditiously as possible, and shall in all cases either grant or deny the application within one hundred twenty days of receipt of the application or of any supplemental information required to complete the application. The applicant for a permit shall be entitled to file an appeal in accordance with chapter 34.05 RCW if the department denies the initial or subsequent applications or imposes conditions or requirements upon the operator. Any operator of a public water system that requests a hearing may continue to operate the system until a decision is issued after the hearing.

(4) At the time of initial permit application or at the time of permit renewal the department may impose such permit conditions, requirements for system improvements, and compliance schedules as it determines are reasonable and necessary to ensure that the system will provide a safe and reliable water supply to its users.

(5) Operating permits shall be issued for a term of one year, and shall be renewed annually, unless the operator fails to apply for a new permit or the department finds good cause to deny the application for renewal.

(6) Each application shall be accompanied by an annual fee.

(7) The department shall adopt rules, in accordance with chapter 34.05 RCW, necessary to implement this section.

(8) The department shall establish by rule categories of annual operating permit fees based on system size, complexity, and number of service connections. Fees charged must be sufficient to cover, but may not exceed, the costs to the department of administering a program for safe and reliable drinking water. The department shall use operating permit fees to monitor and enforce compliance by group A public water systems with state and federal laws that govern planning, water use efficiency, design, construction, operation, maintenance, financing, management, and emergency response.

(9) The annual per-connection fee may not exceed one dollar and fifty cents. The department shall phase-in implementation of any annual fee increase greater than ten percent, and shall establish the schedule for implementation by rule. Rules established by the department prior to 2020 must limit the annual operating permit fee for any public water system to no greater than one hundred thousand dollars.

(10) The department shall notify existing public water systems of the requirements of RCW 70.119A.030, 70.119A.060, and this section at least one hundred twenty days prior to the date that an application for a permit is required pursuant to RCW 70.119A.030, 70.119A.060, and this section.

(11) The department shall issue one operating permit to any approved satellite system management agency. Operating permit fees for approved satellite system management agencies must be established by the department by rule. Rules established by the department must set a single fee based on the total number of connections for all group A public water systems owned by a satellite management agency.

(12) For purposes of this section, "group A public water system" and "system" mean those water systems with fifteen or more service connections, regardless of the number of people; or a system serving an average of twenty-five or more people per day for sixty or more days within a calendar year, regardless of the number of service connections.

70.120.160 Noncompliance areas—Annual review.
(1) The director shall review annually the air quality and forecasted air quality of each area in the state designated as a noncompliance area for motor vehicle emissions.

(2) An area shall no longer be designated as a noncompliance area if the director determines that:

(a) Air quality standards for contaminants derived from motor vehicle emissions are no longer being violated in the noncompliance area; and

(b) The standards would not be violated if the emission inspection system in the emission contributing area was discontinued and the requirements of RCW 46.16A.060 no longer applied. [2011 c 171 § 109; 1989 c 240 § 3.]

70.120.170 Motor vehicle emission inspections—Fees—Certificate of compliance—State and local agency vehicles. (Expires January 1, 2020.)
(1) The department shall administer a system for emission inspections of all motor vehicles, except those described in RCW 46.16A.060(2), that are registered within the boundaries of each emission contributing area. Under such system a motor vehicle shall be inspected biennially except where an annual inspection is required. The department shall administer a system for emission inspections of the state and local agency vehicles. [2011 c 171 § 110; 2005 c 295 § 6; 1998 c 342 § 4; 1991 c 199 § 208; 1989 c 240 § 4.]

(2) The director shall:

(a) Adopt procedures for conducting emission inspections of motor vehicles. The inspections may include idle and high revolution per minute emission tests. The emission test for diesel vehicles shall consist solely of a smoke opacity test.

(b) Adopt criteria for calibrating emission testing equipment. Electronic equipment used to test for emissions standards provided for in this chapter shall be properly calibrated. The department shall examine frequently the calibration of the emission testing equipment used at the stations.

(c) Authorize, through contracts, the establishment and operation of inspection stations for conducting vehicle emission inspections authorized in this chapter. No person contracted to inspect motor vehicles may perform for compensation repairs on any vehicles. No public body may establish or operate contracted inspection stations. Any contracts must comply with the procedures established for competitive bids in chapter 43.19 RCW.

(d) Beginning in 2012, authorize businesses other than those contracted to operate inspection stations under (c) of this subsection to conduct vehicle emission inspections. Businesses authorized under this subsection may also inspect and perform, for compensation, repairs on vehicles. The fee limitations under subsection (4) of this section do not apply to the fee charged for a vehicle emissions inspection by a business authorized to conduct vehicle emission inspections under this subsection. The director may establish by rule a fee to be paid to the department for the oversight costs for each vehicle emission inspection performed by a business authorized under this subsection (2)(d).

(3) Subsection (2)(c) of this section does not apply to volunteer motor vehicle inspections under RCW 70.120.020(1) if the inspections are conducted for the following purposes:

(a) Auditing;

(b) Contractor evaluation;

(c) Collection of data for establishing calibration and performance standards; or

(d) Public information and education.

(4)(a) The director shall establish by rule the fee to be charged for emission inspections. The inspection fee shall be a standard fee applicable statewide or throughout an emission contributing area and shall be no greater than fifteen dollars. Surplus moneys collected from fees over the amount due the contractor shall be paid to the state and deposited in the general fund. Fees shall be set at the minimum whole dollar amount required to (i) compensate the contractor or inspection facility owner, and (ii) offset the general fund appropriation to the department to cover the administrative costs of the motor vehicle emission inspection program.

(b) Before each inspection, a person whose motor vehicle is to be inspected shall pay to the inspection station the fee established under this section. The person whose motor vehicle is inspected shall receive the results of the inspection. If the inspected vehicle complies with the standards established by the director, the person shall receive a dated certificate of compliance. If the inspected vehicle does not comply with those standards, one reinspection of the vehicle shall be afforded without charge.

(5) All units of local government and agencies of the state with motor vehicles garaged or regularly operated in an emissions contributing area shall test the emissions of those vehicles annually to ensure that the vehicle’s emissions comply with the emission standards established by the director. All state agencies outside of emission contributing areas with more than twenty motor vehicles housed at a single facility or contiguous facilities shall test the emissions of those vehicles annually to ensure that the vehicles’ emissions comply with standards established by the director. A report of the results of the tests shall be submitted to the department.

ADULT FAMILY HOMES

70.128.175 Repealed.
70.128.220 Elder care—Professionalization of providers.

70.128.005 Findings—Intent. (1) The legislature finds that:

(a) Adult family homes are an important part of the state’s long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents.

(b) Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. Different populations living in adult family homes, such as persons with developmental disabilities and elderly persons, often have significantly different needs and capacities from one another.

(c) There is a need to update certain restrictive covenants to take into consideration the legislative findings cited in (a) and (b) of this subsection; the need to prevent or reduce institutionalization; and the legislative and judicial mandates to provide care and services in the least restrictive setting appropriate to the needs of the individual. Restrictive covenants which directly or indirectly restrict or prohibit the use of property for adult family homes (i) are contrary to the public interest served by establishing adult family homes and (ii) discriminate against individuals with disabilities in violation of RCW 49.60.224.

(2) It is the legislature’s intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that promote the health, welfare, and safety of residents, and provide quality personal care and special care services should be encouraged.

(3) The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state’s population ages and residents’ needs increase. The legislature intends that current training standards be enhanced.

(4) The legislature finds that the state of Washington has a compelling interest in developing and enforcing standards that promote the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions. [2011 1st sp.s. c 3 § 201; 2009 c 530 § 2; 2001 c 319 § 1; 2000 c 121 § 4; 1995 c 260 § 1; 1989 c 427 § 14.]

Finding—Intent—2011 1st sp.s. c 3: “The legislature finds that Washington’s long-term care system should more aggressively promote protections for the vulnerable populations it serves. The legislature intends to address current statutes and funding levels that limit the department of social and health services’ ability to promote vulnerable adult protections. The legislature further intends that the cost of facility oversight should be supported by an appropriate license fee paid by the regulated businesses, rather than by the general taxpayers.” [2011 1st sp.s. c 3 § 101.]

70.128.050 License—Required as of July 1, 1990—Limitations. (1) After July 1, 1990, no person shall operate or maintain an adult family home in this state without a license under this chapter.

(2) Couples legally married or state registered domestic partners:
(a) May not apply for separate licenses; and
(b) May apply jointly to be coproviders if they are both qualified. One person may apply to be a provider without requiring the other person to apply. [2011 1st sp.s. c 3 § 202; 1989 c 427 § 19.]

Finding—Intent—2011 1st sp.s. c 3: See note following RCW 70.128.005.

70.128.060 License—Generally—Fees. (1) An application for license shall be made to the department upon forms
provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter. The department may not issue a license if (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past ten years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) Proof of financial solvency must be submitted when requested by the department.

(5) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(6) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(7) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(8) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

(9) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

(10) At the time of an application for an adult family home license and upon the annual fee renewal date set by the department, the licensee shall pay a license fee. Beginning July 1, 2011, the per bed license fee and any processing fees, including the initial license fee, must be established in the omnibus appropriations act and any amendment or additions made to that act. The license fees established in the omnibus appropriations act and any amendment or additions made to that act may not exceed the department’s annual licensing and oversight activity costs and must include the department’s cost of paying providers for the amount of the license fee attributed to medicaid clients.

(11) A provider who receives notification of the department’s initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department’s action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department’s initiation of a denial, suspension, nonrenewal, or revocation of a license.

(12) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider’s form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license. [2011 1st sp.s. c 3 § 403; 2009 c 530 § 5; 2004 c 140 § 3; 2001 c 193 § 9; 1995 c 260 § 4; 1989 c 427 § 20.]

Effective date—2011 1st sp.s. c 3 §§ 401-403: See note following RCW 18.51.050.

Finding—Intent—2011 1st sp.s. c 3: See note following RCW 70.128.005.

70.128.065 Multiple facility operators—Requirements—Licensure of additional homes. (1) A multiple facility operator must successfully demonstrate to the department financial solvency and management experience for the homes under its ownership and the ability to meet other relevant safety, health, and operating standards pertaining to the operation of multiple homes, including ways to mitigate the potential impact of vehicular traffic related to the operation of the homes.

(2) The department shall only accept an application for licensure of an additional home when:

(a) A period of no less than twenty-four months has passed since the issuance of the initial adult family home license; and

(b) The department has taken no enforcement actions against the applicant’s currently licensed adult family homes during the twenty-four months prior to application.

(3) The department shall only accept an additional application for licensure of other adult family homes when twelve months has passed since the previous adult family home license, and the department has taken no enforcement actions against the applicant’s currently licensed adult family homes during the twelve months prior to application.

(4) In the event of serious noncompliance leading to the imposition of one or more actions listed in RCW 70.128.160(2) for violation of federal, state, or local laws, or regulations relating to provision of care or services to vulnerable adults or children, the department is authorized to take
70.128.070 License—Inspections—Correction of violations. (1) A license shall remain valid unless voluntarily surrendered, suspended, or revoked in accordance with this chapter.

(2)(a) Homes applying for a license shall be inspected at the time of licensure.

(b) Homes licensed by the department shall be inspected at least every eighteen months, with an annual average of fifteen months. However, an adult family home may be allowed to continue without inspection for two years if the adult family home had no inspection citations for the past three consecutive inspections and has received no written notice of violations resulting from complaint investigations during that same time period.

(c) The department may make an unannounced inspection of a licensed home at any time to assure that the home and provider are in compliance with this chapter and the rules adopted under this chapter.

(3) If the department finds that the home is not in compliance with this chapter, it shall require the home to correct any violations as provided in this chapter. [2011 1st sp.s. c 3 § 204; 2004 c 143 § 1; 1998 c 272 § 4; 1995 1st sp.s. c 18 § 22; 1989 c 427 § 22.]

   (a) A mechanism to communicate with the resident in his or her primary language either through a qualified person on-site or readily available at all times, or other reasonable accommodations, such as language lines; and
   (b) Staff on-site at all times capable of understanding and speaking English well enough to be able to respond appropriately to emergency situations and be able to read and understand resident care plans. [2011 1st sp.s. c 3 § 206; 2000 c 121 § 6; 1995 c 260 § 6; 1989 c 427 § 26.]

It is the responsibility of the home to check with local authorities to ensure all local codes are met.

(2) An adult family home must be considered a residential use of property for zoning and public and private utility rate purposes. Adult family homes are a permitted use in all areas zoned for single-family dwellings, including areas zoned for single-family dwellings. 70.128.160 Department authority to take actions in response to noncompliance or violations—Civil penalties—Adult family home account. (1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement when: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed.

(4) After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents’ well-being, including violations of residents’ rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department’s authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending any hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance. [2011 1st sp.s. c 3 § 208; 2001 c 193 § 5; 1995 1st sp.s. c 18 § 28; 1989 c 427 § 31.

70.128.220 **Elder care—Professionalization of providers.** Adult family homes have developed rapidly in response to the health and social needs of the aging population in community settings, especially as the aging population has increased in proportion to the general population. The growing demand for elder care with a new focus on issues affecting senior citizens, including persons with developmental disabilities, mental illness, or dementia, has prompted a growing professionalization of adult family home providers to address quality care and quality of life issues consistent with standards of accountability and regulatory safeguards for the health and safety of the residents. **LONG-TERM CARE RESIDENT RIGHTS**

Sections

70.129.040 **Protection of resident’s funds—Financial affairs rights.**

70.129.040 **Protection of resident’s funds—Financial affairs rights.** (1) The resident has the right to manage his or her financial affairs, and the facility may not require residents to deposit their personal funds with the facility.

(2) Upon written authorization of a resident, if the facility agrees to manage the resident’s personal funds, the facility must hold, safeguard, manage, and account for the personal funds of the resident deposited with the facility as specified in this section.

(a) The facility must deposit a resident’s personal funds in excess of one hundred dollars in an interest-bearing account or accounts that is separate from any of the facility’s operating accounts, and that credits all interest earned on residents’ funds to that account. In pooled accounts, there must be a separate accounting for each resident’s share.

(b) The facility must maintain a resident’s personal funds that do not exceed one hundred dollars in a noninterest-bearing account, interest-bearing account, or petty cash fund.

(3) The facility must establish and maintain a system that assures a full and complete and separate accounting of each resident’s personal funds entrusted to the facility on the resident’s behalf.

(a) The system must preclude any commingling of resident funds with facility funds or with the funds of any person other than another resident.

(b) The individual financial record must be available on request to the resident or his or her legal representative.

(4) Upon the death of a resident with personal funds deposited with the facility, the facility must convey within thirty days the resident’s funds, and a final accounting of those funds, to the individual or probate jurisdiction administering the resident’s estate; but in the case of a resident who received long-term care services paid for by the state, the funds and accounting shall be sent to the state of Washington, department of social and health services, office of financial recovery. The department shall establish a release procedure for use for burial expenses.

(5) If any funds in excess of one hundred dollars are paid to an adult family home by the resident or a representative of the resident, as a security deposit for performance of the resident’s obligations, or as prepayment of charges beyond the first month’s residency, the funds shall be deposited by the adult family home in an interest-bearing account that is separate from any of the home’s operating accounts, and that credits all interest earned on the resident’s funds to that account. In pooled accounts, there must be a separate accounting for each resident’s share. The account or accounts shall be in a financial institution as defined by RCW 30.22.041, and the resident shall be notified in writing of the name, address, and location of the depository. The adult family home may not commingle resident funds from these accounts with the adult family home’s funds or with the funds of any person other than another resident. The individual resident’s account record shall be available upon request by the resident or the resident’s representative.

(6) The adult family home shall provide the resident or the resident’s representative full disclosure in writing, prior to the receipt of any funds for a deposit, security, prepaid charges, or any other fees or charges, specifying what the funds are paid for and the basis for retaining any portion of the funds if the resident dies, is hospitalized, or is transferred or discharged from the adult family home. The disclosure must be in a language that the resident or the resident’s representative understands, and be acknowledged in writing by the resident or the resident’s representative. The adult family home shall retain a copy of the disclosure and the acknowledgment. The adult family home may not retain funds for reasonable wear and tear by the resident or for any basis that would violate RCW 70.129.150.

(7) Funds paid by the resident or the resident’s representative to the adult family home, which the adult family home in turn pays to a placement agency or person, shall be governed by the disclosure requirements of this section. If the resident then dies, is hospitalized, or is transferred or discharged from the adult family home, and is entitled to any refund of funds under this section or RCW 70.129.150, the adult family home shall refund the funds to the resident or the resident’s representative within thirty days of the resident leaving the adult family home, and may not require the resident to obtain the refund from the placement agency or person.

(8) If, during the stay of the resident, the status of the adult family home licensee or ownership is changed or transferred to another, any funds in the resident’s accounts affected by the change or transfer shall simultaneously be deposited in an equivalent account or accounts by the successor or new licensee or owner, who shall promptly notify the resident or the resident’s representative in writing of the name, address, and location of the new depository.

(9) Because it is a matter of great public importance to protect residents who need long-term care from deceptive
sections and unfair retention of deposits, fees, or prepaid charges by adult family homes, a violation of this section or RCW 70.129.150 shall be construed for purposes of the consumer protection act, chapter 19.86 RCW, to constitute an unfair or deceptive act or practice or an unfair method of competition in the conduct of trade or commerce. The resident’s claim to any funds paid under this section shall be prior to that of any creditor of the adult family home, its owner, or licensee, even if such funds are commingled. 70.250.030 Implementation of evidence-based best practice guidelines or protocols. (1) No later than September 1, 2009, all state purchased health care programs shall, except for state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005, implement evidence-based best practice guidelines or protocols applicable to advanced diagnostic imaging services, and the decision support tools to implement the guidelines or protocols, identified under RCW 70.250.050.

(2) By January 1, 2012, and every January 1st thereafter, all state purchased health care programs must implement the evidence-based best practice guidelines or protocols and strategies identified under RCW 70.250.050, after the administrator, in consultation with participating agencies, has affirmatively reviewed and endorsed the recommendations. This requirement applies to health carriers, as defined in RCW 48.43.005 and to entities acting as third-party administrators that contract with state purchased health care programs to provide or administer health benefits for enrollees of those programs. If the collaborative fails to reach consensus within the time frames identified in this section and RCW 70.250.050, state purchased health care programs may pursue implementation of evidence-based strategies on their own initiative. [2011 c 313 § 4; 2009 c 258 § 3.]

Findings—Intent—2011 c 313: See note following RCW 70.250.050.

70.250.050 Robert Bree collaborative—Duties—Membership. (1) Consistent with the authority granted in RCW 41.05.013, the authority shall convene a collaborative, to be known as the Robert Bree collaborative. The collaborative shall identify health care services for which there are substantial variation in practice patterns or high utilization trends in Washington state, without producing better care outcomes for patients, that are indicators of poor quality and potential waste in the health care system. On an annual basis,
the collaborative shall identify up to three health care services it will address.

(2) For each health care service identified, the collaborative shall:

(a) Analyze and identify evidence-based best practice approaches to improve quality and reduce variation in use of the service, including identification of guidelines or protocols applicable to the health care service. In evaluating guidelines, the collaborative should identify the highest quality guidelines based upon the most rigorous and transparent methods for identification, rating, and translation of evidence into practice recommendations.

(b) Identify data collection and reporting necessary to develop baseline health care service utilization rates and to measure the impact of strategies adopted under this section. Methods for data collection and reporting should strive to minimize cost and administrative effort related to data collection and reporting wherever possible, including the use of existing data resources and nonfee-based tools for reporting.

(c) Identify strategies to increase use of the evidence-based best practice approaches identified under (a) of this subsection in both state purchased and privately purchased health care plans. Strategies considered should include, but are not limited to: Identifying goals for appropriate utilization rates and reduction in practice variation among providers; peer-to-peer consultation or second opinions; provider feedback reports; use of patient decision aids; incentives for appropriate use of health care services; centers of excellence or other provider qualification standards; quality improvement systems; and service utilization and outcomes reporting, including public reporting. In developing strategies, the collaborative should strongly consider related efforts of organizations such as the Puget Sound health alliance, the Washington state hospital association, the national quality forum, the joint commission on accreditation of health care organizations, the national committee for quality assurance, the foundation for health care quality, and, where appropriate, more focused quality improvement efforts, such as the Washington state perinatal advisory committee and the Washington state surgical care and outcomes assessment program. The collaborative shall provide an opportunity for public comment on the strategies chosen before finalizing their recommendations.

(3) If the collaborative chooses a health care service for which there is substantial variation in practice patterns or a high or low utilization trend in Washington state, and a lack of evidence-based best practice approaches, it should consider strategies that will promote improved care outcomes, such as patient decision aids, provider feedback reports, centers of excellence or other provider qualification standards, and research to improve care quality and outcomes.

(4) The governor shall appoint twenty members of the collaborative, who must include:

(a) Two members, selected from health carriers or third-party administrators that have the most fully insured and self-insured covered lives in Washington state. The count of total covered lives includes enrollment in all companies included in their holding company system. Each health carrier or third-party administrator is entitled to no more than a single position on the collaborative to represent all entities under common ownership or control;

(b) One member, selected from the health maintenance organization having the most fully insured and self-insured covered lives in Washington state. The count of total lives includes enrollment in all companies included in its holding company system. Each health maintenance organization is entitled to no more than a single position on the collaborative to represent all entities under common ownership or control;

(c) One member, chosen from among three nominees submitted by the association of Washington health plans, representing national health carriers that operate in multiple states outside of the Pacific Northwest;

(d) Four physicians, selected from lists of nominees submitted by the Washington state medical association, as follows:

(i) Two physicians, one of whom must be a practicing primary care physician, representing large multispecialty clinics with fifty or more physicians, selected from a list of five nominees. The primary care physician must be either a family physician, an internal medicine physician, or a general pediatrician; and

(ii) Two physicians, one of whom must be a practicing primary care physician, representing clinics with less than fifty physicians, selected from a list of five nominees. The primary care physician must be either a family physician, an internal medicine physician, or a general pediatrician;

(e) One osteopathic physician, selected from a list of five nominees submitted by the Washington state osteopathic medical association;

(f) Two physicians representing the largest hospital-based physician systems in the state, selected from a list of five nominees submitted jointly by the Washington state medical association and the Washington state hospital association;

(g) Three members representing hospital systems, at least one of whom is responsible for quality, submitted from a list of six nominees from the Washington state hospital association;

(h) Three members, representing self-funded purchasers of health care services for employees;

(i) Two members, representing state purchased health care programs; and

(j) One member, representing the Puget Sound health alliance.

(5) The governor shall appoint the chair of the collaborative.

(6) The collaborative shall add members to its membership or establish clinical committees for each therapy under review by the collaborative for the purpose of acquiring clinical expertise needed to accomplish its responsibilities under this section and RCW 70.250.010 and 70.250.030. Membership of clinical committees should reflect clinical expertise in the area of health care services being addressed by the collaborative, including clinicians involved in related quality improvement or comparative effectiveness efforts, as well as nonphysician practitioners. Each clinical committee shall include at least two members of the specialty or subspecialty society most experienced with the health service identified for review.

(7) Permanent and ad hoc members of the collaborative or any of its committees may not have personal financial conflicts of interest that could substantially influence or bias
their participation. If a collaborative or committee member has a personal financial conflict of interest with respect to a particular health care service being addressed by the collaborative, he or she shall disclose such an interest. The collaborative must determine whether the member should be recused from any deliberations or decisions related to that service.

(8) A person serving on the collaborative or any of its clinical committees shall be immune from civil liability, whether direct or derivative, for any decisions made in good faith while pursuing activities associated with the work of collaborative or any of its clinical committees.

(9) The guidelines or protocols identified under this section shall not be construed to establish the standard of care or duty of care owed by health care providers in any cause of action occurring as a result of health care.

(10) The collaborative shall actively solicit federal or private funds and in-kind contributions necessary to complete its work in a timely fashion. The collaborative shall not accept private funds if receipt of such funding could present a potential conflict of interest or bias in the collaborative’s deliberations. Available state funds may be used to support the work of the collaborative when the collaborative has selected a health care service that is a high utilization or high-cost service in state purchased health care programs or the health care service is undergoing evaluation in one or more state purchased health care programs and coordination will reduce duplication of efforts. The collaborative shall not begin the work described in this section unless sufficient funds are received from private or federal resources, or available state funds.

(11) No member of the collaborative or its committees may be compensated for his or her service.

(12) The proceedings of the collaborative shall be open to the public and notice of meetings shall be provided at least twenty days prior to a meeting.

(13) The collaborative shall report to the administrator of the authority regarding the health services areas it has chosen and strategies proposed. The administrator shall review the strategies recommended in the report, giving strong consideration to the direction provided in section 1, chapter 313, Laws of 2011 and this section. The administrator’s review shall describe the outcomes of the review and any decisions related to adoption of the recommended strategies by state purchased health care programs. Following the administrator’s review, the collaborative shall report to the legislature and the governor regarding chosen health services, proposed strategies, the results of the administrator’s review, and available information related to the impact of strategies adopted in the previous three years on the cost and quality of care provided in Washington state. The initial report must be submitted by November 15, 2011, with annual reports thereafter. [2011 c 313 § 3.]

Findings—Intent—2011 c 313: "(1) The legislature finds that:

(a) Efforts are needed across the health care system to improve the quality and cost-effectiveness of health care services provided in Washington state and to improve care outcomes for patients.

(b) Some health care services currently provided in Washington state present significant safety, efficacy, or cost-effectiveness concerns. Substantial variation in practice patterns or high utilization trends can be indicators of poor quality and potential waste in the health care system, without producing better care outcomes for patients.

(c) State purchased health care programs should partner with private health carriers, third-party purchasers, and health care providers in shared efforts to improve quality, health outcomes, and cost-effectiveness of care.

(2) The legislature declares that collaboration among state purchased health care programs, private health carriers, third-party purchasers, and health care providers to identify appropriate strategies that will increase the effectiveness of health care delivered in Washington state is in the best interest of the public. The legislature therefore intends to exempt from state antitrust laws, and to provide immunity from federal antitrust laws through the state action doctrine, for activities undertaken pursuant to efforts designed and implemented under this act that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal antitrust laws including, but not limited to, agreements among competing health care providers or health carriers as to the price or specific level of reimbursement for health care services.

(3) The legislature intends that the Robert Bree collaborative established in section 3 of this act provide a mechanism through which public and private health care purchasers, health carriers, and providers can work together to identify effective means to improve quality health outcomes and cost-effectiveness of care. It is not the intent of the legislature to mandate payment or coverage decisions by private health care purchasers or carriers." [2011 c 313 § 1.]

70.305.010  Definitions.
70.305.020  Preventing and mitigating the effects of adverse childhood experiences—Planning group—Report to the legislature—Secretary’s authority.

70.305.005  Finding—Purpose. The legislature finds that adverse childhood experiences are a powerful common determinant of a child’s ability to be successful at school and, as an adult, to be successful at work, to avoid behavioral and chronic physical health conditions, and to build healthy relationships. The purpose of this chapter is to identify the primary causes of adverse childhood experiences in communities and to mobilize broad public and private support to prevent harm to young children and reduce the accumulated harm of adverse experiences throughout childhood. A focused effort is needed to: (1) Identify and promote the use of innovative strategies based on evidence-based and research-based approaches and practices; and (2) align public and private policies and funding with approaches and strategies which have demonstrated effectiveness.

The legislature recognizes that many community public health and safety networks across the state have knowledge and expertise regarding the reduction of adverse childhood experiences and can provide leadership on this initiative in their communities. In addition, a broad range of community coalitions involved with early learning, child abuse prevention, and community mobilization have coalesced in many communities. The adverse childhood experiences initiative should coordinate and assemble the strongest components of these networks and coalitions to effectively respond to the challenge of reducing and preventing adverse childhood experiences while providing flexibility for communities to design responses that are appropriate for their community. [2011 1st sp.s. c 32 § 1.]

Transition plan—Report to the legislature—2011 1st sp.s. c 32: “(1) Beginning July 1, 2011, the council for children and families and the department of early learning shall develop a plan for transitioning the work of the council for children and families, including public awareness campaigns, to the department of early learning. The council for children and families and the department of early learning shall participate in the development of the private-public initiative in order to streamline efforts around the prevention of child abuse and neglect and avoid duplication of effort.

(2) The executive director of the council for children and families and the director of the department of early learning shall consult with the planning group convened in section 3 of this act to develop strategies to maximize Washington’s leverage and match of federal child abuse and neglect prevention monies.

(3) No later than January 1, 2012, the council for children and families and the department of early learning shall report to the appropriate committees of the legislature on its transition plan.” [2011 1st sp.s. c 32 § 9.]

(1) "Adverse childhood experiences" means the following indicators of severe childhood stressors and family dysfunction that, when experienced in the first eighteen years of life and taken together, are proven by public health research to be powerful determinants of physical, mental, social, and behavioral health across the lifespan: Child physical abuse; child sexual abuse; child emotional abuse; child emotional or physical neglect; alcohol or other substance abuse in the home; mental illness, depression, or suicidal behaviors in the home; incarceration of a family member; witnessing intimate partner violence; and parental divorce or separation. Adverse childhood experiences have been demonstrated to affect the development of the brain and other major body systems.

(3) "Department" means the department of social and health services.

[2011 RCW Supp—page 1393]

(1)(a) The secretary and director of the department of early learning shall actively participate in the development of a nongovernmental private-public initiative focused on coordinating government and philanthropic organizations’ investments in the positive development of children and preventing and mitigating the effects of adverse childhood experiences. The secretary and director shall convene a planning group to work with interested private partners to: (i) Develop a process by which the goals identified in RCW 70.305.005 shall be met; and (ii) develop recommendations for inclusive and diverse governance to advance the adverse childhood experiences initiative.

(b) The secretary and director shall select no more than twelve to fifteen persons as members of the planning group. The members selected must represent a diversity of interests including: Early learning coalitions, community public health and safety networks, organizations that work to prevent and address child abuse and neglect, tribes, representatives of public agency agencies involved with interventions in or prevention of adverse childhood experiences, philanthropic organizations, and organizations focused on community mobilization.

(c) The secretary and director shall cochair the planning group meetings and shall convene the first meeting.

(2) The planning group shall submit a report on its progress and recommendations to the appropriate legislative committees no later than December 15, 2011.

(3) In addition to other powers granted to the secretary, the secretary may:

(a) Enter into contracts on behalf of the department to carry out the purposes of this chapter;

(b) Provide funding to communities or any governance entity that is created as a result of the partnership; and

The petition shall specifically state why restrictive alternative treatment was considered and why treatment less restrictive than detention is not appropriate. 6 The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

7 The petition reflects that the person was informed of the loss of firearm rights if involuntarily committed; and

8 At the conclusion of the initial commitment period, the professional staff of the agency or facility or the designated mental health professional may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

9 If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated has agreed to assume such responsibility. 71.05.730 Judicial services—Civil commitment cases—Reimbursement. (Effective July 1, 2012.) (1) A county may apply to its regional support network on a quarterly basis for reimbursement of its direct costs in providing judicial services for civil commitment cases under this chapter and chapter 71.34 RCW. The regional support network shall in turn be entitled to reimbursement from the regional support network that serves the county of residence of the individual who is the subject of the civil commitment case. Reimbursements under this section shall be paid out of the regional support network’s nonmedicaid appropriation.

(2) Reimbursement for judicial services shall be provided per civil commitment case at a rate to be determined based on an independent assessment of the county’s actual direct costs. This assessment must be based on an average of the expenditures for judicial services within the county over the past three years. In the event that a baseline cannot be established because there is no significant history of similar cases within the county, the reimbursement rate shall be equal to eighty percent of the median reimbursement rate of counties included in the independent assessment.

(3) For the purposes of this section:

(a) "Civil commitment case" includes all judicial hearings related to a single episode of hospitalization, or less restrictive alternative detention in lieu of hospitalization, except that the filing of a petition for a one hundred eighty-day commitment under this chapter or a petition for a successive one hundred eighty-day commitment under chapter 71.34 RCW shall be considered to be a new case regardless of whether there has been a break in detention. "Civil commitment case" does not include the filing of a petition for a one hundred eighty-day commitment under this chapter on behalf of a patient at a state psychiatric hospital.

(b) "Judicial services" means a county’s reasonable direct costs in providing prosecutor services, assigned counsel and defense services, court services, and court clerk services for civil commitment cases under this chapter and chapter 71.34 RCW.

(c) "Civil commitment case subject to reimbursement under this section."

(4) To the extent that resources have shared purpose, the regional support network may only reimburse counties to the extent such resources are necessary for and devoted to judicial services as described in this section.

(5) No filing fee may be charged or collected for any civil commitment case subject to reimbursement under this section. [2011 c 343 § 2.]

Intent—2011 c 343: “The legislature recognizes that counties that host evaluation and treatment beds incur costs by providing judicial services associated with civil commitments under chapters 71.05 and 71.34 RCW. Because evaluation and treatment beds are not evenly distributed across the state, these commitments frequently occur in a different county from the county in which the person was originally detained. The intent of this act is to create a process for the state to reimburse counties through the regional support networks for the counties’ reasonable direct costs incurred in providing these judicial services, and to prevent the burden of these costs from falling disproportionately on the counties or regional support networks in which the commitments are most likely to occur. The legislature recognizes that the costs of judicial services may vary across the state based on different factors and conditions.” [2011 c 343 § 1.]

Effective date—2011 c 343: "Except for section 3 of this act, this act takes effect July 1, 2012." [2011 c 343 § 10.]

6. If the secretary determines that current appropriations are sufficient to deliver additional services without reducing services to persons who are presently receiving services, the secretary is authorized to give persons notice under RCW 71A.10.060 that they may request the services as new services or as changes of services under this section.  

Findings—Intent—Conflict with federal requirements—2011 1st sp.s. c 30:  "The legislature finds that:
   (1) A developmental disability is a natural part of human life and the presence of a developmental disability does not diminish a person’s rights or the opportunity to participate in the life of the local community;
   (2) The system of services for people with developmental disabilities should provide a balanced range of health, social, and supportive services at home or in other residential settings.  The receipt of services should be coordinated so as to minimize administrative cost and service duplication, and eliminate unnecessarily complex system organization;
   (3) The public interest would best be served by a broad array of services that would support people with developmental disabilities at home or in the community, whenever practicable, and that promote individual autonomy, dignity, and choice;
   (4) In Washington state, people living in residential habilitation centers and their families are satisfied with the services they receive, and deserve to continue receiving services that meet their needs if they choose to receive those services in a community setting;
   (5) As other care options for people with developmental disabilities become more available, the relative need for residential habilitation center beds is likely to decline.  The legislature recognizes, however, that residential habilitation centers will continue to be a critical part of the state’s long-term care options; and that such services should promote individual dignity, autonomy, and a home-like environment; and
   (6) In a time of fiscal restraint, the state should consider the needs of all persons with developmental disabilities and spend its limited resources in a manner that serves more people, while not compromising the care people require."  

Intent—2011 1st sp.s. c 30:  "It is the intent of the legislature that:
   (1) Community-based residential services supporting people with developmental disabilities should be available in the most integrated setting appropriate to individual needs; and
   (2) An extensive transition planning and placement process should be used to ensure that people moving from a residential habilitation center to a community setting have the services and supports needed to meet their assessed health and welfare needs."  

Conflict with federal requirements—2011 1st sp.s. c 30:  "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflict-

ing part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2011 1st sp.s. c 30 § 14.]

71A.20.020 Residential habilitation centers. (1) Except as provided in subsection (2) of this section, the following residential habilitation centers are permanently established to provide services to persons with developmental disabilities: Lakeland Village, located at Medical Lake, Spokane county; Rainier School, located at Buckley, Pierce county; Yakima Valley School, located at Selah, Yakima county; and Fircrest School, located at Seattle, King county.

(2) The Yakima Valley School, located at Selah, Yakima county, shall cease to operate as a residential habilitation center when the conditions in RCW 71A.20.180(2)(b) are met. [2011 1st sp.s. c 30 § 5; 1994 c 215 § 1; 1988 c 176 § 702.]

Findings—Intent—Conflict with federal requirements—2011 1st sp.s. c 30: See notes following RCW 71A.20.010.

71A.20.080 Return of resident to community—Notice—Adjudicative proceeding—Judicial review—Effect of appeal. (1) Whenever in the judgment of the secretary, the treatment and training of any resident of a residential habilitation center has progressed to the point that it is deemed advisable to return such resident to the community, the secretary may grant placement on such terms and conditions as the secretary may deem advisable after consultation in the manner provided in RCW 71A.10.070. The secretary shall give written notice of the decision to return a resident to the community as provided in RCW 71A.10.060. The notice must include a statement advising the recipient of the right to an adjudicative proceeding under RCW 71A.10.050 and the time limits for filing an application for an adjudicative proceeding. The notice must also include a statement advising the recipient of the right to judicial review of an adverse adjudicative order as provided in chapter 34.05 RCW.

(2) A placement decision shall not be implemented at any level during any period during which an appeal can be taken or while an appeal is pending and undecided, unless authorized by court order so long as the appeal is being diligently pursued. [2011 1st sp.s. c 30 § 10; 1989 c 175 § 143; 1988 c 176 § 708.]

Findings—Intent—Conflict with federal requirements—2011 1st sp.s. c 30: See notes following RCW 71A.20.010.

71A.20.170 Developmental disabilities community trust account—Creation—Required deposits—Permitted withdrawals. (1) The developmental disabilities community trust account is created in the state treasury. All net proceeds from the use of excess property identified in the 2002 joint legislative audit and review committee capital study or other studies of the division of developmental disabilities residential habilitation centers that would not impact current residential habilitation center operations must be deposited into the account.

(2) Proceeds may come from the lease of the land, conservation easements, sale of timber, or other activities short of sale of the property, except as permitted under *section 7 of this act.

(3) "Excess property" includes that portion of the property at Rainier school previously under the cognizance and control of Washington State University for use as a dairy/forage research facility.

(4) Only investment income from the principal of the proceeds deposited into the trust account may be spent from the account. For purposes of this section, "investment income" includes lease payments, rent payments, or other periodic payments deposited into the trust account. For purposes of this section, "principal" is the actual excess land from which proceeds are assigned to the trust account.

(5) Moneys in the account may be spent only after appropriation. Expenditures from the account shall be used exclusively to provide family support and/or employment/day services to eligible persons with developmental disabilities who can be served by community-based developmental disability services. It is the intent of the legislature that the account should not be used to replace, supplant, or reduce existing appropriations.

(6) The account shall be known as the Dan Thompson memorial developmental disabilities community trust account. [2011 1st sp.s. c 30 § 12; 2008 c 265 § 1; 2005 c 353 § 1.]

*Reviser’s note: Section 7 of this act was vetoed by the governor.

Findings—Intent—Conflict with federal requirements—2011 1st sp.s. c 30: See notes following RCW 71A.20.010.

Effective dates—2005 c 353: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 10, 2005], except for section 3 of this act which takes effect July 1, 2005, and section 4 of this act which takes effect July 1, 2006." [2005 c 353 § 7.]

71A.20.180 Closure of center—Department duties—Continuation of services. (1) By December 31, 2011, the department shall:

(a) Close Frances Haddon Morgan residential rehabilitation center and relocate current residents consistent with the requirements of *section 7 of this act; and

(b) Establish at least two state operating living alternatives on the campus of the Frances Haddon Morgan center, if residents have chosen to receive care in such a setting and subject to federal requirements related to the receipt of federal medicaid matching funds.

(2)(a) Upon August 24, 2011, the department shall not permit any new admission to Yakima Valley School unless such admission is limited to the provision of short-term respite or crisis stabilization services. Except as provided in (b) of this subsection, no current permanent resident of Yakima Valley School shall be required or compelled to relocate to a different care setting as a result of chapter 30, Laws of 2011 1st sp. sess.

(b) The Yakima Valley School shall continue to operate as a residential habilitation center until such time that the census of permanent residents has reached sixteen persons. As part of the closure plan, at least two cottages will be converted to state-operated living alternatives, subject to federal requirements related to the receipt of federal medicaid matching funds.
71A.20.190 Developmental disability service system task force. (1) A developmental disability service system task force is established.

(2) The task force shall be convened by September 1, 2011, and consist of the following members:

(a) Two members of the house of representatives appointed by the speaker of the house of representatives, from different political caucuses;

(b) Two members of the senate appointed by the president of the senate, from different political caucuses;

(c) The following members appointed by the governor:

(i) Two advocates for people with developmental disabilities;

(ii) A representative from the developmental disabilities council;

(iii) A representative of families of residents in residential habilitation centers;

(iv) Two representatives of labor unions representing workers who serve residents in residential habilitation centers;

(d) The secretary of the department of social and health services or their designee; and

(e) The *secretary of the department of general administration or their designee.

(3) The members of the task force shall select the chair or cochair of the task force.

(4) Staff assistance for the task force will be provided by legislative staff and staff from the agencies listed in subsection (2) of this section.

(5) The task force shall make recommendations on:

(a) The development of a system of services for persons with developmental disabilities that is consistent with the goals articulated in section 1, chapter 30, Laws of 2011 1st sp. sess.;

(b) The state’s long-term needs for residential habilitation center capacity, including the benefits and disadvantages of maintaining one center in eastern Washington and one center in western Washington;

(c) A plan for efficient consolidation of institutional capacity, including whether one or more centers should be downsized or closed and, if so, a time frame for closure;

(d) Mechanisms through which any savings that result from the downsizing, consolidation, or closure of residential habilitation center capacity can be used to create additional community-based capacity;

(e) Strategies for the use of surplus property that results from the closure of one or more centers;

(f) Strategies for reframing the mission of Yakima Valley School consistent with chapter 30, Laws of 2011 1st sp. sess. that consider:

(i) The opportunity, where cost-effective, to provide medical services, including centers of excellence, to other clients served by the department; and

(ii) The creation of a treatment team consisting of crisis stabilization and short-term respite services personnel, with the long-term goal of expanding to include the provisions of specialty services such as dental care, physical therapy, occupational therapy, and specialized nursing care to individuals with developmental disabilities residing in the surrounding community.

(6) The task force shall report their recommendations to the appropriate committees of the legislature by December 1, 2012. [2011 1st sp.s. c 30 § 8.]

Reviser’s note: *(1) The “secretary of the department of general administration” appears to be erroneous. The “director” was apparently intended, which was renamed the “director of the department of enterprise services” by 2011 1st sp.s. c 43.

(2) 2011 1st sp.s. c 30 directed that this section be added to chapter 70.02 RCW. This section has been codified in chapter 71A.20 RCW, which relates more directly to residential rehabilitation centers.

Findings—Intent—Conflict with federal requirements—2011 1st sp.s. c 30: See notes following RCW 71A.20.010.

(a) The offender has diligently attempted but has been unable to obtain employment which provides the offender sufficient income to make such payments.

(b) The offender is a student in a school, college, university, or a course of vocational or technical training designed to fit the student for gainful employment.

(c) The offender has an employment handicap, as determined by an examination acceptable to or ordered by the department.

The advisory committee shall make recommendations to the secretary regarding the implementation of RCW 72.09.100. [2011 1st sp.s. c 21 § 35;
72.09.080 Correctional industries advisory committee—Appointment of members, chair—Compensation—Support. (1) The correctional industries advisory committee shall consist of nine voting members, appointed by the secretary. Each member shall serve a three-year staggered term. 72.09.090 Correctional industries account—Expenditure—Profits—Appropriations. The correctional industries account is established in the state treasury. The department of corrections shall deposit in the account all moneys collected and all profits that accrue from the industrial and agricultural operations of the department and any moneys appropriated to the account. Moneys in the account may be spent only for expenses arising in the correctional industries operations.

The division’s net profits from correctional industries’ sales and contracts shall be reinvested, without appropriation, in the expansion and improvement of correctional industries. 72.09.100 Inmate work program—Classes of work programs—Participation—Benefits. It is the intent of the legislature to vest in the department the power to provide for a comprehensive inmate work program and to remove statutory and other restrictions which have limited work programs in the past. It is also the intent of the legislature to ensure that the department, in developing and selecting correctional industries work programs, does not encourage the development of, or provide for selection of or contracting for, or the significant expansion of, any new or existing class I correctional industries work programs that unfairly compete with Washington businesses. The legislature intends that the requirements relating to fair competition in the correctional industries work programs be liberally construed by the department to protect Washington businesses from unfair competition. For purposes of establishing such a comprehensive program, the legislature recommends that the department consider adopting any or all, or any variation of, the following classes of work programs:

(1) CLASS I: FREE VENTURE INDUSTRIES.

(a) The employer model industries in this class shall be operated and managed in total or in part by any profit or nonprofit organization pursuant to an agreement between the organization and the department. The organization shall produce goods or services for sale to both the public and private sector.

(d) The department shall supply appropriate security and custody services without charge to the participating firms.

(e) Inmates who work in free venture industries shall do so at their own choice. (b)(i) The industries selected for development within this class shall, as much as possible, match the available pool of inmate work skills and aptitudes with the work opportunities in the free community. The industries shall be closely patterned after private sector industries but with the objective of reducing public support costs rather than making a profit.

(ii) The products and services of this industry, including purchased products and services necessary for a complete product line, may be sold to the following:

(3) CLASS III: INSTITUTIONAL SUPPORT INDUSTRIES.
(a) Industries in this class shall be operated by the department. They shall be designed and managed to accomplish the following objectives:

73.08.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Direct costs" includes those allowable costs that can be readily assigned to the statutory objectives of this chapter, consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(2) "Family" means the spouse or domestic partner, surviving spouse, surviving domestic partner, and dependent children of a living or deceased veteran.

(3) "Indigent" means a person who is defined as such by the county legislative authority using one or more of the following definitions:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, pregnant women assistance benefits, poverty-related veterans’ benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, medical care services, or supplemental security income;

(b) Receiving an annual income, after taxes, of up to one hundred fifty percent or less of the current federally established poverty level, or receiving an annual income not exceeding a higher qualifying income established by the county legislative authority; or

(c) Unable to pay reasonable costs for shelter, food, utilities, and transportation because his or her available funds are insufficient.

(4) "Indirect costs" includes those allowable costs that are generally associated with carrying out the statutory objectives of this chapter, but the identification and tracking of those costs cannot be readily assigned to a specific statutory objective without an accounting effort that is disproportionate to the benefit received. A county legislative authority may allocate allowable indirect costs to its veterans’ assistance fund if it is accomplished in a manner consistent with the cost principles promulgated by the federal office of management and budget in circular No. A-87, dated May 10, 2004.

(5) "Veteran" has the same meaning as defined in RCW 41.04.005 and 41.04.007, and includes a current member of the national guard or armed forces reserves who has been deployed to serve in an armed conflict.

(6) "Veterans’ advisory board" means a board established by a county legislative authority under the authority of RCW 73.08.035.

(7) "Veterans’ assistance fund" means an account in the custody of the county auditor, or the chief financial officer in a county operating under a charter, that is funded by taxes levied under the authority of RCW 73.08.080.

Intent—2005 c 250: *(1) It is the intent of the legislature that each county establish a veterans’ assistance program to benefit indigent veterans and their families. These programs must be funded, at least in part, by veterans’ assistance funds. The legislature intends also for each county to establish a veterans’ advisory board responsible for advising the county legislative authority on needed and appropriate assistance programs for local indigent veterans and their families. Recognizing the valuable insight and perspectives that veterans offer, it is the intent of the legislature that each board be comprised entirely of veterans. (2) The legislature recognizes that ongoing veterans’ relief or assistance programs in some areas of the state have provided meaningful assistance to indigent veterans and family members. The legislature further recognizes that veterans’ service organizations have traditionally been the initial point of contact for indigent veterans and family members seeking assistance. In recognition of these factors, the legislature intends to authorize, upon the satisfaction of certain administrative requirements, existing veterans’ relief or assistance programs to continue providing needed and effective assistance to indigent veterans and their families. (3) The legislature recognizes that counties respond to the needs of indigent veterans and family members in the manner most appropriate to the needs and resources of the county. The legislature intends for the provisions of this act to facilitate the effective use of assistance funds through efficient model programs that benefit veterans and family members experiencing financial hardships. (4) It is the policy of the state of Washington that bias shall not play a role in the distribution of the veterans’ assistance fund.* [2005 c 250 § 1.]

(4) "Department"—The department of social and health services.

(a) Aid and assistance shall be provided to persons who are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance and meet one of the following conditions:

(i) Are pregnant and in need, based upon the current income and resource requirements of the federal temporary assistance for needy families program; or

(ii) Are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ninety days as determined by the department. The standard for incapacity in this subsection, as evidenced by the ninety-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards; and

(A) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law;

(B) Have furnished the department their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(C) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person’s physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(D) Have not refused or failed without good cause to participate in vocational rehabilitation services, if an assessment conducted under RCW 74.04.655 indicates that the person might benefit from such services. Good cause must be found to exist when a person’s physical or mental condition, as determined by the department, prevents the person from participating in vocational rehabilitation services, or when vocational rehabilitation services are not available to the person in the county of his or her residence.

(b)(i) Persons who initially apply and are found eligible for disability lifeline benefits based upon incapacity from gainful employment under (a) of this subsection on or after September 2, 2010, who are homeless and have been assessed as needing chemical dependency or mental health treatment or both, must agree, as a condition of eligibility for the disability lifeline program, to accept a housing voucher in lieu of a cash grant if a voucher is available. The department shall establish the dollar value of the housing voucher. The dollar value of the housing voucher may differ from the value of the cash grant. Persons receiving a housing voucher under this subsection also shall receive a cash stipend of fifty dollars per month.

(ii) If the department of commerce has determined under *RCW 43.330.175 that sufficient housing is not available, persons described in this subsection who apply for disability lifeline benefits during the time period that housing is not available shall receive a cash grant in lieu of a cash stipend and housing voucher.

(d) Disability lifeline benefits shall be provided only to persons who are not members of assistance units receiving federal aid assistance, except as provided in (a) of this subsection, and who will accept available services that can reasonably be expected to enable the person to work or reduce the need for assistance unless there is good cause to refuse. Failure to accept such services shall result in termination until the person agrees to cooperate in accepting such services and subject to the following maximum periods of ineligibility after reapplication:
   (i) First failure: One week;
   (ii) Second failure within six months: One month;
   (iii) Third and subsequent failure within one year: Two months.

(e) Persons who are likely eligible for federal supplemental security income benefits shall be moved into the disability lifeline expedited component of the disability lifeline program. Persons placed in the expedited component of the program may, if otherwise eligible, receive disability lifeline benefits pending application for federal supplemental security income benefits. The monetary value of any disability lifeline benefit that is subsequently duplicated by the person’s receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(f) For purposes of determining whether a person is incapacitated from gainful employment under (a) of this subsection:
   (i) The department shall adopt by rule medical criteria for disability lifeline incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and
   (ii) The process implementing the medical criteria shall involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(g) Persons receiving disability lifeline benefits based upon a finding of incapacity from gainful employment who remain otherwise eligible shall have their benefits discontinued unless the recipient demonstrates no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(h)(i) Beginning September 1, 2010, no person who is currently receiving or becomes eligible for disability lifeline program benefits shall be eligible to receive benefits under the program for more than twenty-four months in a sixty-month period. For purposes of this subsection, months of receipt of general assistance-unemployable benefits count toward the twenty-four month limit. Months during which a person received benefits under the expedited component of the disability lifeline or general assistance program or under the aged, blind, or disabled component of the disability lifeline or general assistance program shall not be included when determining whether a person has been receiving benefits for more than twenty-four months. On or before July 1, 2010, the department must review the cases of all persons who have received disability lifeline benefits or general assistance unemployable benefits for at least twenty months as of that date. On or before September 1, 2010, the department must review the cases of all remaining persons who have received disability lifeline benefits for at least twelve months as of that date. The review should determine whether the person meets the federal supplemental security income disability standard and, if the person does not meet that standard, whether the receipt of additional services could lead to employability. If a need for additional services is identified, the department shall provide case management services, such as assistance with arranging transportation or locating stable housing, that will facilitate the person’s access to needed services. A person may not be determined ineligible due to exceeding the time limit unless he or she has received a case review under this subsection finding that the person does not meet the federal supplemental security income disability standard.

   (ii) The time limits established under this subsection expire June 30, 2013.

   (i) No person may be considered an eligible individual for disability lifeline benefits with respect to any month if during that month the person:
   (i) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or
   (ii) Is violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(8) "Federal aid assistance"—The specific categories of assistance for which provision is made in any federal law existing or hereafter passed by which payments are made from the federal government to the state in aid or in respect to payment by the state for public assistance rendered to any category of needy persons for which provision for federal funds or aid may from time to time be made, or a federally administered needs-based program.

(9) "Income"—(a) All appreciable gains in real or personal property (cash or kind) or other assets, which are received by or become available for use and enjoyment by an applicant or recipient during the month of application or after applying for or receiving public assistance. The department may by rule and regulation exempt income received by an applicant for or recipient of public assistance which can be used by him or her to decrease his or her need for public assistance or to aid in rehabilitating him or her or his or her dependents, but such exemption shall not, unless otherwise provided in this title, exceed the exemptions of resources granted under this chapter to an applicant for public assistance. In addition, for cash assistance the department may disregard income pursuant to RCW 74.08A.230 and 74.12.350.

   (b) If, under applicable federal requirements, the state has the option of considering property in the form of lump sum compensatory awards or related settlements received by an applicant or recipient as income or as a resource, the department shall consider such property to be a resource.

   (10) "Need"—The difference between the applicant’s or recipient’s standards of assistance for himself or herself and the dependent members of his or her family, as measured by...
the standards of the department, and value of all nonexempt resources and nonexempt income received by or available to the applicant or recipient and the dependent members of his or her family.

(11) "Public assistance" or "assistance"—Public aid to persons in need thereof for any cause, including services, medical care, assistance grants, disbursing orders, work relief, disability lifeline benefits and federal aid assistance.

(12) "Recipient"—Any person receiving assistance and in addition those dependents whose needs are included in the recipient’s assistance.

(13) "Resource"—Any asset, tangible or intangible, owned by or available to the applicant at the time of application, which can be applied toward meeting the applicant’s need, either directly or by conversion into money or its equivalent. The department may by rule designate resources that an applicant may retain and not be ineligible for public assistance because of such resources. Exempt resources shall include, but are not limited to:

(a) A home that an applicant, recipient, or their dependents is living in, including the surrounding property;

(b) Household furnishings and personal effects;

(c) A motor vehicle, other than a motor home, used and useful having an equity value not to exceed five thousand dollars;

(d) A motor vehicle necessary to transport a household member with a physical disability. This exclusion is limited to one vehicle per person with a physical disability;

(e) All other resources, including any excess of values exempted, not to exceed one thousand dollars or other limit as set by the department, to be consistent with limitations on resources and exemptions necessary for federal aid assistance. The department shall also allow recipients of temporary assistance for needy families to exempt savings accounts with combined balances of up to an additional three thousand dollars;

(f) Applicants for or recipients of disability lifeline benefits shall have their eligibility based on resource limitations consistent with the temporary assistance for needy families program rules adopted by the department; and

(g) If an applicant for or recipient of public assistance possesses property and belongings in excess of the ceiling value, such value shall be used in determining the need of the applicant or recipient, except that: (i) The department may exempt resources or income when the income and resources are determined necessary to the applicant’s or recipient’s restoration to independence, to decrease the need for public assistance, or to aid in rehabilitating the applicant or recipient or a dependent of the applicant or recipient; and (ii) the department may provide grant assistance for a period not to exceed nine months from the date the agreement is signed pursuant to this section to persons who are otherwise ineligible because of excess real property owned by such persons when they are making a good faith effort to dispose of that property: PROVIDED, That:

(A) The applicant or recipient signs an agreement to repay the lesser of the amount of aid received or the net proceeds of such sale;

(B) If the owner of the excess property ceases to make good faith efforts to sell the property, the entire amount of assistance may become an overpayment and a debt due the state and may be recovered pursuant to RCW 43.20B.630;

(C) Applicants and recipients are advised of their right to a fair hearing and afforded the opportunity to challenge a decision that good faith efforts to sell have ceased, prior to assessment of an overpayment under this section; and

(D) At the time assistance is authorized, the department files a lien without a sum certain on the specific property.

(14) "Secretary" means the secretary of social and health services.

(15) "Standards of assistance"—The level of income required by an applicant or recipient to maintain a level of living specified by the department.

(16) For purposes of determining eligibility for public assistance and participation levels in the cost of medical care, the department shall exempt restitution payments made to people of Japanese and Aleut ancestry pursuant to the Civil Liberties Act of 1988 and the Aleutian and Pribilof Island Restitution Act passed by congress, P.L. 100-383, including all income and resources derived therefrom.

(17) In the construction of words and phrases used in this title, the singular number shall include the plural, the masculine gender shall include both the feminine and neuter genders and the present tense shall include the past and future tenses, unless the context thereof shall clearly indicate to the contrary.

The secretary of the department of social and health services shall act as the executive branch sponsor of the portal planning process. Under the leadership of the secretary, the department shall:

(a) Identify and select an appropriate solution and acquisition approach to integrate technology systems to create a user-friendly electronic tool for Washington residents to apply for benefits;

(b) Facilitate the adaptation of state information technology systems to allow applications generated through the opportunity portal and other compatible electronic application systems to seamlessly link to appropriate state information systems;

(c) Ensure that the portal provides access to a broad array of state, federal, and local services, including but not limited to: Health care services, higher education financial aid, tax credits, civic engagement, nutrition assistance, energy assistance, family support, and the programs under RCW 74.62.030 and 43.185C.220 and as defined in RCW
(d) Design an implementation strategy for the portal that maximizes collaboration with community-based organizations to facilitate its use by low-income individuals and families;

(e) Provide access to the portal at a wide array of locations including but not limited to: Community or technical colleges, community college campuses where community service offices are colocated, community-based organizations, libraries, churches, food banks, state agencies, early childhood education sites, and labor unions;

(f) Ensure project resources maximize available federal and private funds for development and initial operation of the opportunity portal. Any incidental costs to state agencies shall be derived from existing resources. This subsection does not obligate or preclude the appropriation of future state funding for the opportunity portal;

(g) Determine the solution and acquisition approach by June 1, 2010.

(2) By December 1, 2011, and annually thereafter, the department of social and health services shall report to the legislature and governor. The report shall include data and information on implementation and outcomes of the opportunity portal, including any increases in the use of public benefits and increases in federal funding.

(3) The department shall develop a plan for implementing paperless application processes for the services included in the opportunity portal for which the electronic exchange of application information is possible. The plan should include a goal of achieving, to the extent possible, the transition of these services to paperless application processes by July 1, 2012. The plan must comply with federal statutes and regulations and must allow applicants to submit applications by alternative means to ensure that access to benefits will not be restricted.

(4) To the extent that the department enters into a contractual relationship to accomplish the purposes of this section, such contract or contracts shall be performance-based.

Findings—Intent—2011 1st sp.s. c 36; See RCW 74.62.005.

Effective date—2011 1st sp.s. c 36: See note following RCW 74.62.005.

Contingent validity—2010 1st sp.s. c 8 § 2: "If private funding sufficient to implement and operate the portal authorized under section 2 of this act is not secured by December 31, 2010, section 2 of this act is null and void." [2010 1st sp.s. c 8 § 36.]

"Reviser’s note: The code reviser’s office was informed by the department of social and health services that funding was secured to implement this section.

Implementation—2010 1st sp.s. c 8 §§ 1-10 and 29: "Sections 1 through 10 and 29 of this act shall be implemented within the amounts appropriated specifically for these purposes in the omnibus operating appropriations act." [2010 1st sp.s. c 8 § 37.]

Findings—Intent—2010 1st sp.s. c 8: "(1) The legislature finds that:

(a) Low-income families and individuals often face significant barriers to receiving the services and benefits that they are qualified to receive. These services are essential to meeting individuals’ basic needs, and provide critical support to low-income individuals who are working or who have disabilities that prevent them from working;

(b) Each year millions of federal dollars go unclaimed due to underutilization of benefits such as tax credits, health care coverage, and food support;

(c) State agencies have been engaged in an effort to implement an online benefit portal to simplify and streamline access to state, federal, and local benefits that include a broad array of public benefits;

(d) Access to education and training gives low-income individuals and families the opportunity to acquire the skills they need to become successfully employed and attain self-sufficiency; and

(e) Agencies have been engaged in efforts to increase access to training and education for recipients of federal food assistance.

(2) The legislature therefore intends to strengthen existing efforts by providing enhanced structure and direction to ensure that a strong partnership among colleges, state agencies, community partners, and philanthropy be established. The legislature also intends to provide an efficient, effective, integrated approach to the delivery of basic support services and education and training programs. The integrated approach should include the creation of a one-stop-shop, online benefits portal where individuals can apply for a broad array of services, including public benefits and education and training support, and the expansion of the food stamp employment and training program.

(3) The legislature further finds that:

(a) The general assistance program can be reformed to better support the ability of persons who are unable to work due to physical or mental health impairments to either return to work, or transition to federal supplemental security income benefits; and

(b) Persons who are homeless and suffering from mental illness or chemical dependency are particularly vulnerable, because homelessness is a substantial barrier to successful participation in, and completion of, needed treatment services.

(4) Through the reforms included in this act, the legislature intends to end the general assistance program and establish the disability lifestyle program, and to implement multiple strategies designed to improve the employment and basic support outcomes of persons receiving disability lifestyle benefits. The legislature further intends to focus services on persons who are homeless and have a mental illness or chemical dependency by providing housing vouchers as an alternative to a cash grant so that these persons can be in stable housing and thus have a greater opportunity to succeed in treatment." (3) The initial focus of the efforts of the early supplemental security income transition project shall be on persons who have been receiving medical care services, except recipients of alcohol and addiction treatment under chapter 74.50 RCW or aged, blind, or disabled assistance, for twelve or more months.

(2) For the purposes of applying the rules of this section, the department shall count any month in which an adult family member received a temporary assistance for needy families cash assistance grant unless the assistance was provided when the adult family member was a minor child and not the head of the household or married to the head of the household.

(3) The department shall adopt regulations to apply the sixty-month time limit to households in which a parent is in the home and ineligible for temporary assistance for needy families. Any regulations shall be consistent with federal funding requirements.

(4) The department shall refer recipients who require specialized assistance to appropriate department programs, crime victims’ programs through the department of commerce, or the crime victims’ compensation program of the department of labor and industries.

(5) The department may exempt a recipient and the recipient’s family from the application of subsection (1) of

(15) Financial literacy activities designed to be effective in assisting a recipient in becoming self-sufficient and financially stable; and

(16) Parent education services or programs that support development of appropriate parenting skills, life skills, and employment-related competencies. [2011 1st sp.s. c 42 § 8; 2009 c 353 § 6; 2006 c 107 § 2; 2000 c 10 § 1; 1997 c 58 § 311.]

Findings—Intent—Effective date—2011 1st sp.s. c 42: See notes following RCW 74.08A.260.

Findings—Intent—2006 c 107: "The legislature finds that for a variety of reasons, many citizens may lack the basic financial knowledge necessary to spend their money wisely, save for the future, and manage money challenges, such as a job loss, financing a college education, or a catastrophic injury. The legislature also finds that financial literacy is an essential element in achieving financial stability and self-sufficiency. The legislature intends to encourage participation in financial literacy training by WorkFirst participants, in order to promote their ability to make financial decisions that will contribute to their long-term financial well-being." [2006 c 107 § 1.]

Effective date—2006 c 107: "This act takes effect January 1, 2007." [2006 c 107 § 4.]

74.08A.260 Work activity—Referral—Individual responsibility plan—Refusal to work. (1) Each recipient shall be assessed after determination of program eligibility and before referral to job search. Assessments shall be based upon factors that are critical to obtaining employment, including but not limited to education, availability of child care, history of family violence, history of substance abuse, and other factors that affect the ability to obtain employment. Assessments may be performed by the department or by a contracted entity. The assessment shall be based on a uniform, consistent, transferable format that will be accepted by all agencies and organizations serving the recipient.

(2) Based on the assessment, an individual responsibility plan shall be prepared that: (a) Sets forth an employment goal and a plan for maximizing the recipient’s success at meeting the employment goal; (b) considers WorkFirst educational and training programs from which the recipient could benefit; (c) contains the obligation of the recipient to participate in the program by complying with the plan; (d) moves the recipient into full-time WorkFirst activities as quickly as possible; and (e) describes the services available to the recipient either during or after WorkFirst to enable the recipient to obtain and keep employment and to advance in the workplace and increase the recipient’s wage earning potential over time.

(3) Recipients who are not engaged in work and work activities, and do not qualify for a good cause exemption under RCW 74.08A.270, shall engage in self-directed service as provided in RCW 74.08A.330.

(4) If a recipient refuses to engage in work and work activities required by the department, the family’s grant shall be reduced by the recipient’s share, and may, if the department determines it appropriate, be terminated.

(5) The department may waive the penalties required under subsection (4) of this section, subject to a finding that the recipient refused to engage in work for good cause provided in RCW 74.08A.270.

(6) In consultation with the recipient, the department or contractor shall place the recipient into a work activity that is available in the local area where the recipient resides.

(7) Assessments conducted under this section shall include a consideration of the potential benefit to the recipient of engaging in financial literacy activities. The department shall consider the options for financial literacy activities available in the community, including information and resources available through the financial education public-private partnership created under RCW 28A.300.450. The department may authorize up to ten hours of financial literacy activities as a core activity or an optional activity under WorkFirst.

8(a) From July 1, 2011, through June 30, 2012, subsections (2) through (6) of this section are suspended for a recipient who is a parent or other relative personally providing care for one child under the age of two years, or two or more children under the age of six years. This suspension applies to both one and two parent families. However, both parents in a two-parent family cannot use the suspension during the same month. Beginning July 1, 2012, the department shall phase in the work activity requirements that were suspended, beginning with those recipients closest to reaching the sixty-month limit of receiving temporary assistance for needy families under RCW 74.08A.010(1). The phase in shall be accomplished so that a fairly equal number of recipients required to participate in work activities are returned to those activities each month until the total number required to participate is participating by June 30, 2013. Nothing in this subsection shall prevent a recipient from participating in the WorkFirst program on a voluntary basis. Recipients who participate in the WorkFirst program on a voluntary basis shall be provided an option to participate in the program on a part-time basis, consisting of sixteen or fewer hours of activities per week. Recipients also may participate voluntarily on a full-time basis.

(b)(i) The period of suspension of work activities under this subsection provides an opportunity for the legislative and executive branches to oversee redesign of the WorkFirst program. To realize this opportunity, both during the period of suspension and following reinstatement of work activity requirements as redesign is being implemented, a legislative-executive WorkFirst oversight task force is established, with members as provided in this subsection (8)(b).

(ii) The president of the senate shall appoint two members from each of the two largest caucuses of the senate.

(iii) The speaker of the house of representatives shall appoint two members from each of the two largest caucuses of the house of representatives.

(iv) The governor shall appoint members representing the department of social and health services, the department of early learning, the department of commerce, the employment security department, the office of financial manage-
(v) The task force shall choose cochairs, one from among the legislative members and one from among the executive branch members. The legislative members shall convene the initial meeting of the task force.

c) The task force shall:

(i) Oversee the partner agencies’ implementation of the redesign of the WorkFirst program and operation of the temporary assistance for needy families program to ensure that the programs are achieving desired outcomes for their clients;

(ii) Determine evidence-based outcome measures for the WorkFirst program, including measures related to equitably serving the needs of historically underrepresented populations, such as English language learners, immigrants, refugees, and other diverse communities;

(iii) Develop accountability measures for WorkFirst recipients and the state agencies responsible for their progress toward self-sufficiency;

(iv) Make recommendations to the governor and the legislature regarding:

(A) Policies to improve the effectiveness of the WorkFirst program over time;

(B) Early identification of those recipients most likely to experience long stays on the program and strategies to improve their ability to achieve progress toward self-sufficiency; and

(C) Necessary changes to the program, including taking into account federal changes to the temporary assistance for needy families program.

d) The partner agencies must provide the task force with regular reports on:

(i) The partner agencies’ progress toward meeting the outcome and performance measures established under c) of this subsection;

(ii) Caseload trends and program expenditures, and the impact of those trends and expenditures on client services, including services to historically underrepresented populations; and

(iii) The characteristics of families who have been unsuccessful on the program and have lost their benefits either through sanction or the sixty-month time limit.

e) Staff support for the task force must be provided by senate committee services, the house of representatives office of program research, and the state agency members of the task force.

The task force shall meet on a quarterly basis beginning September 2011, or as determined necessary by the task force cochairs.

During its tenure, the state agency members of the task force shall respond in a timely manner to data requests from the cochairs. [2011 1st sp.s. c 42 § 2; 2009 c 85 § 2; 2006 c 107 § 3; 2003 c 383 § 1; 1997 c 58 § 313.]

Findings—Intent—2011 1st sp.s. c 42: "The legislature finds that stable and sustainable employment is the key goal of the WorkFirst and temporary assistance for needy families programs. Achieving stable and sustainable employment is a developmental process that takes time, effort, and engagement. In times of fiscal challenge, temporary assistance for needy families and WorkFirst resources must be invested in program elements that produce the best results for low-income families and the state of Washington. The legislature further finds that the core tenets that are the foundation of Washington state’s WorkFirst program are: (1) Achieving stable and successful employment; (2) recognizing the critical role that participants play in their children’s development, healthy growth, and promotion of family stability; (3) developing strategies founded on the principle that WorkFirst is a transitional, not long-term, program to assist families on the pathway to self-sufficiency while holding them accountable; and (4) leveraging resources outside the funding for temporary assistance for needy families is crucial to achieving WorkFirst goals. It is the intent of the legislature, using evidence-based and research-based practices, to develop a road map to self-sufficiency for WorkFirst participants and temporary assistance for needy families recipients. The legislature further finds that parents are responsible for the support of their children and that they have up to sixty months of receipt of temporary assistance for needy families benefits, absent any applicable hardship extension, to achieve stable and sustainable employment or find other means to support their family. It is the intent of the legislature to apply a sixty-month time limit to the temporary assistance for needy families program, including households in which a parent is in the home and ineligible for temporary assistance for needy families. The legislature intends that hardship extensions be applied to families subject to time limits." [2011 1st sp.s. c 42 § 1.]

Effective date—2011 1st sp.s. c 42: "Except for section 6 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 1st sp.s. c 42 § 28.]

Findings—Intent—Effective date—2006 c 107: See notes following RCW 74.08A.250.

Recipients exempted from active work search—Benefits eligibility. Recipients exempted from active work search activities due to incapacity or a disability shall receive services for which they are eligible, including aged, blind, or disabled assistance benefits as they relate to the facilitation of enrollment in the federal supplemental security income program, referrals to essential needs and housing support benefits, access to chemical dependency treatment, referrals to vocational rehabilitation, and other services needed to assist the recipient in becoming employable. Aged, blind, or disabled assistance and essential needs and housing support benefits shall not supplant cash assistance and other services provided through the temporary assistance for needy families program. To the greatest extent possible, services shall be funded through the temporary assistance for needy families appropriations. [2011 1st sp.s. c 36 § 31; 2010 1st sp.s. c 8 § 32.]

Findings—Intent—2011 1st sp.s. c 36: See RCW 74.62.005.

Effective date—2011 1st sp.s. c 36: See note following RCW 74.62.005.

740.09.470 Children’s affordable health coverage—Authority duties. (1) Consistent with the goals established in RCW 74.09.402, through the apple health for kids program authorized in this section, the authority shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the authority shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children’s health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The authority and the case-load forecast council shall estimate the anticipated caseload and costs of the program established in this section.

(2) The authority shall accept applications for enrollment for children’s health care coverage; establish appropriate minimum-enrollment periods, as may be necessary; and determine eligibility based on current family income. The authority shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510. The application and annual renewal processes shall be designed to minimize administrative barriers for applicants and enrolled clients, and to minimize gaps in eligibility for families who are eligible for coverage. If a change in family income results in a change in the source of funding for coverage, the authority shall transfer the family members to the appropriate source of funding and notify the family with respect to any change in premium obligation, without a break in eligibility. The authority shall use the same eligibility redetermination and appeals procedures as those provided for children on medical

While numerous laws have been enacted to clarify the appropriate sharing of information between those agencies, institutions, and professionals, the legislature finds further clarification will continue to aid [aid] and improve the care of those persons and augment public safety.” [2011 c 305 § 1.]

470.09.300 Department to report penalties to appropriate licensing agency or disciplinary board. Whenever the secretary or director imposes a civil penalty under RCW 74.09.210, or terminates or suspends a provider’s eligibility under RCW 74.09.290, he or she shall, if the provider is licensed pursuant to Titles 18, 70, or 71 RCW, give written notice of such imposition, termination, or suspension to the appropriate licensing agency or disciplinary board. [2011 1st sp.s. c 15 § 20; 1979 ex.s. c 152 § 11.]

740.09.295 Disclosure of involuntary commitment information. It is permissible to provide to a correctional institution, as defined in RCW 9.94.049, with the fact, place, and date of an involuntary commitment and the fact and date of discharge or release of a person who has been involuntarily committed under chapter 71.05 or 71.34 RCW, without a person’s consent, in the course of the implementation and use of the department’s postinstitutional medical assistance system supporting the expedited medical determinations and medical suspensions as provided in RCW 74.09.555. Disclosure under this section is mandatory for the purposes of the health insurance portability and accountability act. [2011 c 305 § 2.]

Findings—2011 c 305: “The legislature finds that effective collaboration and communication between mental health and chemical dependency treatment providers and service delivery systems and law enforcement and criminal justice agencies is important to both the care of persons with mental disorders and chemical dependency and public safety. The legislature also finds that many state and local efforts in recent years have worked to address

assistance programs. The authority shall modify its eligibility renewal procedures to lower the percentage of children failing to annually renew. The authority shall manage its outreach, application, and renewal procedures with the goals of: (a) Achieving year by year improvements in enrollment, enrollment rates, renewals, and renewal rates; (b) maximizing the use of existing program databases to obtain information related to earned and unearned income for purposes of eligibility determination and renewals, including, but not limited to, the basic food program, the child care subsidy program, federal social security administration programs, and the employment security department wage database; (c) streamlining renewal processes to rely primarily upon data matches, online submissions, and telephone interviews; and (d) implementing any other eligibility determination and renewal processes to allow the state to receive an enhanced federal matching rate and additional federal outreach funding available through the federal children’s health insurance program reauthorization act of 2009 by January 2010. The department shall advise the governor and the legislature regarding the status of these efforts by September 30, 2009. The information provided should include the status of the department’s efforts, the anticipated impact of those efforts on enrollment, and the costs associated with that enrollment.

(3) To ensure continuity of care and ease of understanding for families and health care providers, and to maximize the efficiency of the program, the amount, scope, and duration of health care services provided to children under this section shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(4) The primary mechanism for purchasing health care coverage under this section shall be through contracts with managed health care systems as defined in RCW 74.09.522, subject to conditions, limitations, and appropriations provided in the biennial appropriations act. However, the authority shall make every effort within available resources to purchase health care coverage for uninsured children whose families have access to dependent coverage through an employer-sponsored health plan or another source when it is cost-effective for the state to do so, and the purchase is consistent with requirements of Title XIX and Title XXI of the federal social security act. To the extent allowable under federal law, the authority shall require families to enroll in available employer-sponsored coverage, as a condition of participating in the program established under this section, when it is cost-effective for the state to do so. Families who enroll in available employer-sponsored coverage under this section shall be accounted for separately in the annual report required by RCW 74.09.053.

(5)(a) To reflect appropriate parental responsibility, the authority shall develop and implement a schedule of premiums for children’s health care coverage due to the authority from families with income greater than two hundred percent of the federal poverty level. For families with income greater than two hundred fifty percent of the federal poverty level, the premiums shall be established in consultation with the senate majority and minority leaders and the speaker and minority leader of the house of representatives. For children eligible for coverage under the federally funded children’s health insurance program, Title XXI of the federal social security act, premiums shall be set at a reasonable level that does not pose a barrier to enrollment. The amount of the premium shall be based upon family income and shall not exceed the premium limitations in Title XXI of the federal social security act. For children who are not eligible for coverage under the federally funded children’s health insurance program, premiums shall be set every two years in an amount no greater than the average state-only share of the per capita cost of coverage in the state-funded children’s health program.

(b) Premiums shall not be imposed on children in households at or below two hundred percent of the federal poverty level as articulated in RCW 74.09.055.

(c) Beginning no later than January 1, 2010, the authority shall offer families whose income is greater than three hundred percent of the federal poverty level the opportunity to purchase health care coverage for their children through the programs administered under this section without an explicit premium subsidy from the state. The design of the health benefit package offered to these children should provide a benefit package substantially similar to that offered in the apple health for kids program, and may differ with respect to cost-sharing, and other appropriate elements from that provided to children under subsection (3) of this section including, but not limited to, application of preexisting conditions, waiting periods, and other design changes needed to offer affordable coverage. The amount paid by the family shall be in an amount equal to the rate paid by the state to the managed health care system for coverage of the child, including any associated and administrative costs to the state of providing coverage for the child. Any pooling of the program enrollees that results in state fiscal impact must be identified and brought to the legislature for consideration.

(6) The authority shall undertake and continue a proactive, targeted outreach and education effort with the goal of enrolling children in health coverage and improving the health literacy of youth and parents. The authority shall collaborate with the department of social and health services, department of health, local public health jurisdictions, the office of the superintendent of public instruction, the department of early learning, health educators, health care providers, health carriers, community-based organizations, and parents in the design and development of this effort. The outreach and education effort shall include the following components:

(a) Broad dissemination of information about the availability of coverage, including media campaigns;

(b) Assistance with completing applications, and community-based outreach efforts to help people apply for coverage. Community-based outreach efforts should be targeted to the populations least likely to be covered;

(c) Use of existing systems, such as enrollment information from the free and reduced-price lunch program, the department of early learning child care subsidy program, the department of health’s women, infants, and children program, and the early childhood education and assistance program, to identify children who may be eligible but not enrolled in coverage;

(d) Contracting with community-based organizations and government entities to support community-based outreach efforts to help families apply for coverage. These efforts should be targeted to the populations least likely to be
covered. The authority shall provide informational materials for use by government entities and community-based organizations in their outreach activities, and should identify any available federal matching funds to support these efforts;

(e) Development and dissemination of materials to engage and inform parents and families statewide on issues such as: The benefits of health insurance coverage; the appropriate use of health services, including primary care provided by health care practitioners licensed under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency services; the value of a medical home, well-child services and immunization, and other preventive health services with linkages to department of health child profile efforts; identifying and managing chronic conditions such as asthma and diabetes; and the value of good nutrition and physical activity;

(f) An evaluation of the outreach and education efforts, based upon clear, cost-effective outcome measures that are included in contracts with entities that undertake components of the outreach and education effort;

(g) An implementation plan to develop online application capability that is integrated with the automated client eligibility system, and to develop data linkages with the office of the superintendent of public instruction for free and reduced-price lunch enrollment information and the department of early learning for child care subsidy program enrollment information.

(7) The authority shall take action to increase the number of primary care physicians providing dental disease preventive services including oral health screenings, risk assessment, family education, the application of fluoride varnish, and referral to a dentist as needed.

(8) The department shall monitor the rates of substitution between private-sector health care coverage and the coverage provided under this section. [2011 1st sp.s. c 15 § 21; 2009 c 463 § 2; 2007 c 5 § 2.]

Reviser's note: Chapter 33, Laws of 2011 1st sp.s. took effect April 1, 2011, but amended 2011 1st sp.s. c 15, which took effect July 1, 2011.

Contingent effective dates—2011 1st sp.s. c 33: "(1) Section 1 of this act takes effect if section 21, chapter 15, Laws of 2011 1st sp. sess. is not enacted into law.

(2) Section 2 of this act takes effect if section 21, chapter 15, Laws of 2011 1st sp. sess. is enacted into law." [2011 1st sp.s. c 33 § 3.]

Effective date—2011 1st sp.s. c 33: "Subject to section 3 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect April 1, 2011." [2011 1st sp.s. c 33 § 4.]

Findings—Intent—2009 c 463: "The legislature finds that substantial progress has been made toward achieving the equally important goals set in 2007 that all children in Washington state have health care coverage by 2010 and that child health outcomes improve. The legislature also finds that continued steps are necessary to reach the goals that all children in Washington state shall have access to the health services they need to be healthy and ready to learn and that key measures of child health outcomes will show year by year improvement. The legislature further finds that reaching these goals is integral to the state’s ability to weather the current economic crisis. The recent reauthorization of the federal children’s health insurance program provides additional opportunities for the state to reach these goals. In view of these important objectives, the legislature intends that the apple health for kids program be managed actively across administrations in the department of social and health services, and across state and local agencies, with clear accountability for achieving the intended program outcomes. The legislature further intends that the department continue the implementation of the apple health for kids program with a commitment to fully utilizing the new program identity with appropriate materials." Such indicators may include, but are not limited to:

(a) Childhood immunization rates;

(b) Well child care utilization rates, including the use of behavioral and oral health screenings, and validated, structured developmental screens using tools, that are consistent with nationally accepted pediatric guidelines and recommended administration schedule, once funding is specifically appropriated for this purpose;

The authority, in conjunction with those groups identified in subsection (1) of this section, shall develop parameters for determining criteria for increased payment, alternative payment methodologies, or other incentives for those practices and health plans that incorporate evidence-based practice and improve and achieve sustained improvement with respect to the measures.

(3) The department shall provide a report to the governor and the legislature related to provider performance on these measures, beginning in September 2010 for 2007 through 2009 and the authority shall provide the report biennially.

74.09.500  Medical assistance—Established. There is hereby established a new program of federal-aid assistance to be known as medical assistance to be administered by the authority. The authority is authorized to comply with the federal requirements for the medical assistance program provided in the social security act and particularly Title XIX of Public Law (89-97), as amended, in order to secure federal matching funds for such program. 74.09.520 Medical assistance—Care and services included—Funding limitations. (1) The term "medical assistance" may include the following care and services subject to rules adopted by the authority or department: (a) Inpatient hospital services; (b) outpatient hospital services; (c) other laboratory and X-ray services; (d) nursing facility services; (e) physicians’ services, which shall include prescribed medication and instruction on birth control devices; (f) medical care, or any other type of remedial care as may be established by the secretary or director; (g) home health care services; (h) private duty nursing services; (i) dental services; (j) physical and occupational therapy and related services; (k) prescribed drugs, dentures, and prosthetic devices; and eyeglasses prescribed by a physician skilled in diseases of the eye or by an optometrist, whichever the individual may select; (l) personal care services, as provided in this section; (m) hospice services; (n) other diagnostic, screening, preventive, and rehabilitative services; and (o) like services when furnished to a child by a school district in a manner consistent with the requirements of this chapter. For the purposes of this section, neither the authority nor the department may cut off any prescription medications, oxygen supplies, respiratory services, or other life-sustaining medical services or supplies.

"Medical assistance," notwithstanding any other provision of law, shall not include routine foot care, or dental services delivered by any health care provider, that are not mandated by Title XIX of the social security act unless there is a specific appropriation for these services.

(2) The department shall adopt, amend, or rescind such administrative rules as are necessary to ensure that Title XIX personal care services are provided to eligible persons in conformance with federal regulations.

(a) These administrative rules shall include financial eligibility indexed according to the requirements of the social security act providing for medicaid eligibility.

(b) The rules shall require clients be assessed as having a medical condition requiring assistance with personal care tasks. Plans of care for clients requiring health-related consultation for assessment and service planning may be reviewed by a nurse.

(c) The department shall determine by rule which clients have a health-related assessment or service planning need requiring registered nurse consultation or review. This definition may include clients that meet indicators or protocols for review, consultation, or visit.

(3) The department shall design and implement a means to assess the level of functional disability of persons eligible for personal care services under this section. The personal care services benefit shall be provided to the extent funding is available according to the assessed level of functional disability. Any reductions in services made necessary for fund-
ing reasons should be accomplished in a manner that assures that priority for maintaining services is given to persons with the greatest need as determined by the assessment of functional disability.

(4) Effective July 1, 1989, the authority shall offer hospice services in accordance with available funds.

(5) For Title XIX personal care services administered by aging and disability services administration of the department, the department shall contract with area agencies on aging:

(a) To provide case management services to individuals receiving Title XIX personal care services in their own home; and

(b) To reassess and reauthorize Title XIX personal care services or other home and community services as defined in RCW 74.39A.009 in home or in other settings for individuals consistent with the intent of this section:

(i) Who have been initially authorized by the department to receive Title XIX personal care services or other home and community services as defined in RCW 74.39A.009; and

(ii) Who, at the time of reassessment and reauthorization, are receiving such services in their own home.

(6) In the event that an area agency on aging is unwilling to enter into or satisfactorily fulfill a contract or an individual consumer’s need for case management services will be met through an alternative delivery system, the department is authorized to:

(a) Obtain the services through competitive bid; and

(b) Provide the services directly until a qualified contractor can be found.

(7) Subject to the availability of amounts appropriated for this specific purpose, the authority may offer medicare part D prescription drug copayment coverage to full benefit dual eligible beneficiaries. 74.09.521 Medical assistance—Program standards for mental health services for children. (1) To the extent that funds are specifically appropriated for this purpose the authority shall revise its medicaid healthy options managed care and fee-for-service program standards under medicaid, Title XIX of the federal social security act to improve access to mental health services for children who do not meet the regional support network access to care standards. The program standards shall be revised to allow outpatient therapy services to be provided by licensed mental health professionals, as defined in RCW 71.34.020, or by a mental health professional regulated under Title 18 RCW who is under the direct supervision of a licensed mental health professional, and up to twenty outpatient therapy hours per calendar year, including family therapy visits integral to a child’s treatment. This section shall be administered in a manner consistent with federal early and periodic screening, diagnosis, and treatment requirements related to the receipt of medically necessary services when a child’s need for such services is identified through developmental screening.

(2) The authority and the children’s mental health evidence-based practice institute established in RCW 71.24.061 shall collaborate to encourage and develop incentives for the use of prescribing practices and evidence-based and research-based treatment practices developed under RCW 74.09.490 by mental health professionals serving children under this section. 74.09.522 Medical assistance—Agreements with managed health care systems required for services to recipients of temporary assistance for needy families—Principles to be applied in purchasing managed health care—Expiration of subsections. (1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system’s provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termina-
tion of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient’s right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2012, including:

(A) Standards regarding the quality of services to be provided;
(B) The financial integrity of the responding system;
(C) Provider reimbursement methods that incentivize chronic care management within health homes;
(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use; and
(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.
(B) Contracts that include the items in (e)(i)(C) through (E) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;
(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The department must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;
(ii) Quality of services provided to enrollees;
(iii) Accessibility, including appropriate utilization, of services offered to enrollees;
(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;
(v) Payment rates; and
(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor’s financial status seriously jeopardizes the contractor’s ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care pur-
chasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system’s enrollee no less than the lowest amount paid for that service under the managed health care system’s contracts with similar providers in the state.

(8) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(9) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the *department, including hospital-based physician services. The *department will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the *department will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(10) Subsections (7) through (9) of this section expire July 1, 2016. [2011 1st sp.s. c 15 § 29; 2011 1st sp.s. c 9 § 2; 2011 c 316 § 4. Prior: 1997 c 59 § 15; 1997 c 34 § 1; 1989 c 260 § 2; 1987 1st ex.s. c 5 § 21; 1986 c 303 § 2.]

Reviser’s note: *(1) 2011 1st sp.s. c 15 transferred all powers, duties, and functions of the department of social and health services pertaining to the medical assistance program and the medicaid reimbursement administration to the health care authority.

(2) This section was amended by 2011 c 316 § 4, 2011 1st sp.s. c 9 § 2, and by 2011 1st sp.s. c 15 § 29, each without reference to the other. All amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—2011 1st sp.s. c 9: See note following RCW 70.47.020.

Legislative findings—Intent—1986 c 303: *(1) The legislature finds that:

(a) Good health care for indigent persons is of importance to the state;

(b) To ensure the availability of a good level of health care, efforts must be made to encourage cost consciousness on the part of providers and consumers, while maintaining medical assistance recipients within the mainstream of health care delivery;

(c) Managed health care systems have been found to be effective in controlling costs while providing good health care services;

(d) By enrolling medical assistance recipients within managed health care systems, the state’s goal is to ensure that medical assistance recipients receive at least the same quality of care they currently receive.

(2) It is the intent of the legislature to develop and implement new strategies that promote the use of managed health care systems for medical assistance recipients by establishing prepaid capitated programs for both inpatient and out-patient services.* [1986 c 303 § 1.]

74.09.5222 Medical assistance—Section 1115 demonstration waiver request. (1) The authority shall submit a section 1115 demonstration waiver request to the federal department of health and human services to expand and revise the medical assistance program as codified in Title XIX of the federal social security act. The waiver request should be designed to ensure the broadest federal financial participation under Title XIX and XXI of the federal social security act. To the extent permitted under federal law, the waiver request should include the following components:

(a) Establishment of a single eligibility standard for low-income persons, including expansion of categorical eligibility to include childless adults. The authority shall request that the single eligibility standard be phased in such that incremental steps are taken to cover additional low-income parents and individuals over time, with the goal of offering coverage to persons with household income at or below two hundred percent of the federal poverty level;

(b) Establishment of a single seamless application and eligibility determination system for all state low-income medical programs included in the waiver. Applications may be electronic and may include an electronic signature for verification and authentication. Eligibility determinations should maximize federal financing where possible;

(c) The delivery of all low-income coverage programs as a single program, with a common core benefit package that may be similar to the basic health benefit package or an alternative benefit package approved by the secretary of the federal department of health and human services, including the option of supplemental coverage for select categorical groups, such as children, and individuals who are aged, blind, and disabled;

(d) A program design to include creative and innovative approaches such as: Coverage for preventive services with incentives to use appropriate preventive care; enhanced medical home reimbursement and bundled payment methodologies; cost-sharing options; use of care management and care coordination programs to improve coordination of medical and behavioral health services; application of an innovative predictive risk model to better target care management services; and mandatory enrollment in managed care, as may be necessary;

(e) The ability to impose enrollment limits or benefit design changes for eligibility groups that were not eligible under the Title XIX state plan in effect on the date of submission of the waiver application;

(f) A premium assistance program whereby employers can participate in coverage options for employees and dependents of employees otherwise eligible under the waiver. The waiver should make every effort to maximize enrollment in employer-sponsored health insurance when it is cost-effective for the state to do so, and the purchase is consistent with the requirements of Titles XIX and XXI of the federal social security act. To the extent allowable under federal law, the
authority shall require enrollment in available employer-sponsored coverage as a condition of eligibility for coverage under the waiver; and

(g) The ability to share savings that might accrue to the federal medicare program, Title XVIII of the federal social security act, from improved care management for persons who are eligible for both medicare and medicaid. Through the waiver application process, the authority shall determine whether the state could serve, directly or by contract, as a medicare special needs plan for persons eligible for both medicare and medicaid.

(2) The authority shall hold ongoing stakeholder discussions as it is developing the waiver request, and provide opportunities for public review and comment as the request is being developed.

(3) The authority shall identify statutory changes that may be necessary to ensure successful and timely implementation of the waiver request as submitted to the federal department of health and human services as the apple health program for adults.

(4) The legislature must authorize implementation of any waiver approved by the federal department of health and human services under this section. [2011 1st sp.s. c 15 § 30; 2009 c 545 § 4.]

Findings—2009 c 545: See note following RCW 43.06.155.

74.09.5225 Medical assistance—Payments for services provided by rural hospitals. (1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary’s managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the centers for Medicare and Medicaid services as a critical access hospital. Any additional payments made by the authority for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2) Beginning on July 24, 2005, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for Medicare and Medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section. [2011 1st sp.s. c 15 § 31; 2005 c 383 § 1; 2001 2nd sp.s. c 2 § 2.]

Findings—2001 2nd sp.s. c 2: “The legislature finds that promoting a financially viable health care system in all parts of the state is a paramount interest. The health care financing administration has recognized the crucial role that hospitals play in providing care in rural areas by creating the critical access hospital program to allow small, rural hospitals that qualify to receive reasonable cost-based reimbursement for Medicare services. The legislature further finds that creating a similar reimbursement system for the state’s medical assistance programs in small, rural hospitals that qualify will help assure the long-term financial viability of the rural health system in those communities.” [2001 2nd sp.s. c 2 § 1.]

74.09.5227 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

74.09.5229 Primary care health homes—Chronic care management—Findings—Intent. The legislature finds that:

(1) Health care costs are growing rapidly, exceeding the consumer price index year after year. Consequently, state health programs are capturing a growing share of the state budget, even as state revenues have declined. Sustaining these critical health programs will require actions to effectively contain health care cost increases in the future; and

(2) The primary care health home model has been demonstrated to successfully constrain costs, while improving quality of care. Chronic care management, occurring within a primary care health home, has been shown to be especially effective at reducing costs and improving quality. However, broad adoption of these models has been impeded by a fee-for-service system that reimburses volume of services and does not adequately support important primary care health home services, such as case management and patient outreach. Furthermore, successful implementation will require a broad adoption effort by private and public payers, in coordination with providers.

Therefore the legislature intends to promote the adoption of primary care health homes for children and adults and, within them, advance the practice of chronic care management to improve health outcomes and reduce unnecessary costs. To facilitate the best coordination and patient care, primary care health homes are encouraged to collaborate with other providers currently outside the medical insurance model. Successful chronic care management for persons receiving long-term care services in addition to medical care will require close coordination between primary care providers, long-term care workers, and other long-term care service providers, including area agencies on aging. Primary care providers also should consider oral health coordination through collaboration with dental providers and, when possible, delivery of oral health prevention services. The legislature also intends that the methods and approach of the primary care health home become part of basic primary care medical education. [2011 c 316 § 1.]

74.09.530 Medical assistance—Powers and duties of authority. (1)(a) The authority is designated as the single state agency for purposes of Title XIX of the federal social security act.

(b) The amount and nature of medical assistance and the determination of eligibility of recipients for medical assistance shall be the responsibility of the authority.

(c) The authority shall establish reasonable standards of assistance and resource and income exemptions which shall be consistent with the provisions of the social security act and federal regulations for determining eligibility of individuals for medical assistance and the extent of such assistance to the extent that funds are available from the state and federal government. The authority shall not consider resources in determining continuing eligibility for recipients eligible under section 1931 of the social security act.

(d) The authority is authorized to collaborate with other state or local agencies and nonprofit organizations in carrying
out its duties under this chapter and, to the extent appropriate, may enter into agreements with such other entities.

(2) Individuals eligible for medical assistance under RCW 74.09.510(3) shall be transitioned into coverage under that subsection immediately upon their termination from coverage under RCW 74.09.510(2)(a). The authority shall use income eligibility standards and eligibility determinations applicable to children placed in foster care. The authority shall provide information regarding basic health plan enrollment and shall offer assistance with the application and enrollment process to individuals covered under RCW 74.09.510(3) who are approaching their twenty-first birthday. [2011 1st sp.s. c 15 § 32; 2007 c 315 § 2; 2000 c 218 § 2; 1979 c 141 § 345; 1967 ex.s. c 30 § 6.]

Conflict with federal requirements—2007 c 315: See note following RCW 74.09.510.

74.09.540 Medical assistance—Working individuals with disabilities—Intent. (1) It is the intent of the legislature to remove barriers to employment for individuals with disabilities by providing medical assistance to working individuals with disabilities through a buy-in program in accordance with section 1902(a)(10)(A)(ii) of the social security act and eligibility and cost-sharing requirements established by the authority.

(2) The authority shall establish income, resource, and cost-sharing requirements for the buy-in program in accordance with federal law and any conditions or limitations specified in the omnibus appropriations act. The authority shall establish and modify eligibility and cost-sharing requirements in order to administer the program within available funds. The authority shall make every effort to coordinate benefits with employer-sponsored coverage available to the working individuals with disabilities receiving benefits under this chapter. [2011 1st sp.s. c 15 § 33; 2001 2nd sp.s. c 15 § 2.]

Findings—Intent—2001 2nd sp.s. c 15: "The legislature finds that individuals with disabilities face many barriers and disincentives to employment. Individuals with disabilities are often unable to obtain health insurance that provides the services and supports necessary to allow them to live independently and enter or rejoin the workforce. The legislature finds that there is a compelling public interest in eliminating barriers to work by continuing needed health care coverage for individuals with disabilities who enter and maintain employment. The legislature intends to strengthen the state’s policy of supporting individuals with disabilities in leading fully productive lives by supporting the implementation of the federal ticket to work and work incentives improvement act of 1999, Public Law 106-170. This shall include improving incentives to work by continuing coverage for health care and support services, by seeking federal funding for innovative programs, and by exploring options which provide individuals with disabilities a choice in receiving services needed to obtain and maintain employment.” [2001 2nd sp.s. c 15 § 1.]

74.09.555 Medical assistance—Reinstatement upon release from confinement—Expedited eligibility determinations. (1) The authority shall adopt rules and policies providing that when persons with a mental disorder, who were enrolled in medical assistance immediately prior to confinement, are released from confinement, their medical assistance coverage will be fully reinstated on the day of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law.

(2) The authority, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, and the regional support networks, shall establish procedures for coordination between the authority and department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for persons who are likely to be eligible for medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expedited review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services immediately upon their release from confinement; and

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons.

(3) Where medical or psychiatric examinations during a person’s confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the authority with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person’s release from confinement. The authority shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

(5) For purposes of this section, "likely to be eligible" means that a person:

(a) Was enrolled in medicaid or supplemental security income or the medical care services program immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or

(b) Was enrolled in medicaid or supplemental security income or the medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person’s confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.

74.09.565 Medical assistance for institutionalized persons—Treatment of income between spouses. (1) An agreement between spouses transferring or assigning rights to future income from one spouse to the other shall be invalid for purposes of determining eligibility for medical assistance or the limited casualty program for the medically needy, but this subsection does not affect agreements between spouses transferring or assigning resources, and income produced by transferred or assigned resources shall continue to be recognized as the separate income of the transferee.

(2) In determining eligibility for medical assistance or the limited casualty program for the medically needy for a married person in need of institutional care, or care under home and community-based waivers as defined in Title XIX of the social security act, if the community income received in the name of the nonapplicant spouse exceeds the community income received in the name of the applicant spouse, the applicant’s interest in that excess shall be considered unavailable to the applicant.

(3) The department or authority, as appropriate, may waive a period of ineligibility if the department or authority determines that denial of eligibility would work an undue hardship. [2011 1st sp.s. c 15 § 37; 1995 1st sp.s. c 18 § 81; 1989 c 87 § 7.]

74.09.655 Smoking cessation assistance. The authority shall provide coverage under this chapter for smoking cessation counseling services, as well as prescription and non-prescription agents when used to promote smoking cessation, so long as such agents otherwise meet the definition of "covered outpatient drug" in 42 U.S.C. [2011 1st sp.s. c 15 § 39; 2008 c 245 § 1.]

74.09.657 Findings—Family planning services expansion. The legislature finds that:

(1) Over half of all births in Washington state are covered by public programs;

(2) Research has demonstrated that children of unintended pregnancies receive less prenatal care and are at higher risk for premature birth, low birth weight, neurological disorders, and poor academic performance;

(3) In Washington state, over fifty percent of unintended pregnancies occur in women age twenty-five years and older;

(4) Washington state’s take charge program has been successful in helping women avoid unintended pregnancies; however, when the caseload declined due to federally mandated changes, the rate of unintended pregnancies increased dramatically;

(5) Expanding family planning services to cover women to two hundred fifty percent of the federal poverty level would align that program’s eligibility standard with income eligibility for publicly funded maternity care service; and

(6) Such an expansion would reduce unintended pregnancies and associated costs to the state. [2011 1st sp.s. c 41 § 1.]

Funding reduction—2011 1st sp.s. c 41: "Upon implementation of the expansion directed in RCW 74.09.659, the office of financial management shall reduce general fund—state allotments for the medical assistance program by one million five hundred thousand dollars for fiscal year 2012 and by two million three hundred fifty thousand dollars for fiscal year 2013. The amounts reduced from allotments shall be placed in reserve status and remain unexpended." [2011 1st sp.s. c 41 § 3.]

74.09.658 Home health—Reimbursement—Telemedicine. (1) The home health program shall require registered nurse oversight and intervention, as appropriate. In-person contact between a health care registered nurse and a patient is not required under the state’s medical assistance program for home health services that are: (a) Delivered with the assistance of telemedicine and (b) otherwise eligible for reimbursement as a medically necessary skilled home health nursing visit under the program.

(2) The department or authority, as appropriate, in consultation with home health care service providers shall develop reimbursement rules and, in rule, define the requirements that must be met for a reimbursable skilled nursing visit when services are rendered without a face-to-face visit and are assisted by telemedicine.

(a) The department or authority, as appropriate, shall establish the reimbursement rate for skilled home health nursing services delivered with the assistance of telemedicine that meet the requirements of a reimbursable visit as defined by the department or authority, as appropriate.

(b) Reimbursement is not provided for purchase or lease of telemedicine equipment.

(4) Any home health agency licensed under chapter 70.127 RCW and eligible for reimbursement under the medical programs authorized under this chapter may be reimbursed for services under this section if the service meets the requirements for a reimbursable skilled nursing visit.

(5) Nothing in this section shall be construed to alter the scope of practice of any home health care services provider or authorizes the delivery of home health care services in a setting or manner not otherwise authorized by law.

(6) The use of telemedicine is not intended to replace registered nurse health care visits when necessary.

(7) For the purposes of this section, "telemedicine" means the use of telemonitoring to enhance the delivery of certain home health medical services through:

(a) The provision of certain education related to health care services using audio, video, or data communication instead of a face-to-face visit; or

(b) The collection of clinical data and the transmission of such data between a patient at a distant location and the home health provider through electronic processing technologies. Objective clinical data that may be transmitted includes, but is not limited to, weight, blood pressure, pulse, respirations, blood glucose, and pulse oximetry. (c) By September 30, 2011, submit an application to increase income eligibility to two hundred fifty percent of the federal poverty level, to correspond with income eligibility for publicly funded maternity care services. [2011 1st sp.s. c 41 § 2; 2011 1st sp.s. c 15 § 41; 2009 c 545 § 5.]

Reviser’s note: This section was amended by 2011 1st sp.s. c 15 § 41 and by 2011 1st sp.s. c 41 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

74.09.741 Adjudicative proceedings. (1) The following persons have the right to an adjudicative proceeding:

(a) Any applicant or recipient who is aggrieved by a decision of the authority or an authorized agency of the authority; or
(b) A current or former recipient who is aggrieved by the authority’s claim that he or she owes a debt for overpayment of assistance.

(2) For purposes of this section:

(a) "Applicant" means any person who has made a request, or on behalf of whom a request has been made to the authority for any medical services program established under chapter 74.09 RCW.

(b) "Recipient" means a person who is receiving benefits from the authority for any medical services program established in this chapter.

(3) An applicant or recipient has no right to an adjudicative proceeding when the sole basis for the authority’s decision is a federal or state law requiring an assistance adjustment for a class of applicants or recipients.

(4) An applicant or recipient may file an application for an adjudicative proceeding with either the authority or the department and must do so within ninety calendar days after receiving notice of the aggrieving decision. The authority shall determine which agency is responsible for representing the state of Washington in the hearing, in accordance with agreements entered pursuant to RCW 41.05.021.
(5)(a) The adjudicative proceeding is governed by the administrative procedure act, chapter 34.05 RCW, and this subsection. The following requirements shall apply to adjudicative proceedings in which an appellant seeks review of decisions made by more than one agency. When an appellant files a single application for an adjudicative proceeding seeking review of decisions by more than one agency, this review shall be conducted initially in one adjudicative proceeding. The presiding officer may sever the proceeding into multiple proceedings on the motion of any of the parties, when:

(i) All parties consent to the severance; or

(ii) Either party requests severance without another party’s consent, and the presiding officer finds there is good cause for severing the matter and that the proposed severance is not likely to prejudice the rights of an appellant who is a party to any of the severed proceedings.

(b) If there are multiple adjudicative proceedings involving common issues or parties where there is one appellant and both the authority and the department are parties, upon motion of any party or upon his or her own motion, the presiding officer may consolidate the proceedings if he or she finds that the consolidation is not likely to prejudice the rights of the appellant who is a party to any of the consolidated proceedings.

(c) The adjudicative proceeding shall be conducted at the local community services office or other location in Washington convenient to the applicant or recipient and, upon agreement by the applicant or recipient, may be conducted telephonically.

(d) The applicant or recipient, or his or her representative, has the right to inspect his or her file from the authority and, upon request, to receive copies of authority documents relevant to the proceedings free of charge.

(e) The applicant or recipient has the right to a copy of the audio recording of the adjudicative proceeding free of charge.

(f) If a final adjudicative order is issued in favor of an applicant, medical services benefits must be provided from the date of earliest eligibility, the date of denial of the application for assistance, or forty-five days following the date of application, whichever is soonest. If a final adjudicative order is issued in favor of a recipient, medical services benefits must be provided from the effective date of the authority’s decision.

(g) The authority is limited to recovering an overpayment arising from assistance being continued pending the adjudicative proceeding to the amount recoverable up to the sixtyieth day after the director’s receipt of the application for an adjudicative proceeding.

(h) If the director requires that a party seek administrative review of an initial order to an adjudicative proceeding governed by this section, in order for the party to exhaust administrative remedies pursuant to RCW 34.05.534, the director shall adopt and implement rules in accordance with this subsection.

(a) The director, in consultation with the secretary, shall adopt rules to create a process for parties to seek administrative review of initial orders issued pursuant to RCW 34.05.461 in adjudicative proceedings governed by this subsection when multiple agencies are parties.

(b) This process shall seek to minimize any procedural complexities imposed on appellants that result from multiple agencies being parties to the matter, without prejudicing the rights of parties who are public assistance applicants or recipients.

(c) Nothing in this subsection shall impose or modify any legal requirement that a party seek administrative review of initial orders in order to exhaust administrative remedies pursuant to RCW 34.05.534.

(7) This subsection only applies to an adjudicative proceeding in which the appellant is an applicant for or recipient of medical services programs established under this chapter and the issue is his or her eligibility or ineligibility due to the assignment or transfer of a resource. The burden is on the authority or its authorized agency to prove by a preponderance of the evidence that the person knowingly and willingly assigned or transferred the resource at less than market value for the purpose of qualifying or continuing to qualify for medical services programs established under this chapter. If the prevailing party in the adjudicative proceeding is the applicant or recipient, he or she is entitled to reasonable attorneys’ fees.

(8) When an applicant or recipient files a petition for judicial review as provided in RCW 34.05.514 of an adjudicative order entered with respect to the medical services program, no filing fee may be collected from the person and no bond may be required on any appeal. In the event that the superior court, the court of appeals, or the supreme court renders a decision in favor of the applicant or recipient, the person is entitled to reasonable attorneys’ fees and costs. If a decision of the court is made in favor of an applicant, assistance shall be paid from the date of earliest eligibility, the date of the denial of the application for assistance, or forty-five days following the date of application, whichever is soonest. If a decision of the court is made in favor of a recipient, assistance shall be paid from the effective date of the authority’s decision.

(9) The provisions of RCW 74.08.080 do not apply to adjudicative proceedings requested or conducted with respect to the medical services program pursuant to this section.

(10) The authority shall adopt any rules it deems necessary to implement this section. [2011 1st sp.s. c 15 § 53.]

74.09.756 Medicaid and state children’s health insurance program demonstration project. (1) By October 1, 2011, the department shall submit a request to the centers for medicare and medicaid services’ innovation center and, if necessary, a request under section 1115 of the social security act, to implement a medicare and state children’s health insurance program demonstration project. The demonstration project shall be designed to achieve the broadest federal financial participation and, to the extent permitted under federal law, shall authorize:

(a) Establishment of base-year, eligibility group per capita payments, with maximum flexibility provided to the state
Maternity care access system established.
(1) The legislature finds that Washington state and the nation as a whole have a high rate of infant illness and death compared with other industrialized nations. This is especially true for minority and low-income populations. Premature and low weight births have been directly linked to infant illness and death. The availability of adequate maternity care throughout the course of pregnancy has been identified as a major factor in reducing infant illness and death. Further, the investment in preventive health care programs, such as maternity care, contributes to the growth of a healthy and productive society and is a sound approach to health care cost containment. The legislature further finds that access to maternity care for low-income women in the state of Washington has declined significantly in recent years and has reached a crisis level.

(2) It is the purpose of this subchapter to provide, consistent with appropriated funds, maternity care necessary to ensure healthy birth outcomes for low-income families. To this end, a maternity care access system is established based on the following principles:

(a) The family is the fundamental unit in our society and should be supported through public policy.

(b) Access to maternity care for eligible persons to ensure healthy birth outcomes should be made readily available in an expedient manner through a single service entry point.

(c) Unnecessary barriers to maternity care for eligible persons should be removed.

(d) Access to preventive and other health care services should be available for low-income children.

(e) Each woman should be encouraged to and assisted in making her own informed decisions about her maternity care.

(f) Unnecessary barriers to the provision of maternity care by qualified health professionals should be removed.

(g) The system should be sensitive to cultural differences among eligible persons.

(h) To the extent possible, decisions about the scope, content, and delivery of services should be made at the local level involving a broad representation of community interests.

(i) The maternity care access system should be evaluated at appropriate intervals to determine effectiveness and need for modification.

(j) Maternity care services should be delivered in a cost-effective manner. [2011 1st sp.s. c 15 § 48; 1989 1st ex.s. c 10 § 2.]

Findings—2011 1st sp.s. c 1: "The legislature finds that mounting budget pressures combined with growth in enrollment and constraints in the medicaid program have forced open discussion throughout the country and in our state concerning complete withdrawal from the medicaid program.

The legislature recognizes that a better and more sustainable way forward would involve new state flexibility for managing its medicaid program built on the success of the basic health plan and Washington’s transitional bridge waiver, where elements of consumer participation and choice, benefit design flexibility, and payment flexibility have helped keep costs low. The legislature further finds that either a centers for medicare and medicaid services’ innovation center project or a section 1115 demonstration project, or both with capped eligibility group per capita payments would allow the state to operate as a laboratory of innovation for bending the cost curve, preserving the safety net, and improving the management of care for low-income populations." [2011 1st sp.s. c 1 § 1.]
Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout RCW 74.09.760 through 74.09.820 and 74.09.510:

Alternative maternity care service delivery system established—Remedial action report. (1) The authority shall establish an alternative maternity care service delivery system, if it determines that a county or a group of counties is a maternity care distressed area. A maternity care distressed area shall be defined by the authority, in rule, as a county or a group of counties where eligible women are unable to obtain adequate maternity care. The authority shall include the following factors in its determination:

(a) Higher than average percentage of eligible persons in the distressed area who receive late or no prenatal care;

(b) Higher than average percentage of eligible persons in the distressed area who go out of the area to receive maternity care;

(c) Lower than average percentage of obstetrical care providers in the distressed area who provide care to eligible persons;

74.09A.005 Findings. The legislature finds:

(1) Simplification in the administration of payment of health benefits is important for the state, providers, and health insurers;
(2) The state, providers, and health insurers should take advantage of all opportunities to streamline operations through automation and the use of common computer standards;
(3) It is in the best interests of the state, providers, and health insurers to identify all third parties that are obligated to cover the cost of health care coverage of joint beneficiaries; and
(4) Health insurers, as a condition of doing business in Washington, must increase their effort to share information with the authority and accept the authority’s timely claims consistent with 42 U.S.C. 1396(a)(25).

Therefore, the legislature declares that to improve the coordination of benefits between the health care authority and health insurers to ensure that medical insurance benefits are properly utilized, a transfer of information between the authority and health insurers should be instituted, and the process for submitting requests for information and claims should be simplified. Findings—2011 c 505. "The legislature finds that foster parents are a critical piece of the dependency system. The legislature further finds that the majority of foster parents provide excellent care to children in the dependency system, many of whom have suffered serious damage in their families of origin. It is the legislature’s belief that through the selfless dedication of many foster parents that abused and neglected children are able to heal and go on to lead productive lives. The legislature also believes that some foster parents in ways that are damaging to the children in their care and it is the department of social and health services’ responsibility to make sure all children in care are safe. The legislature finds that unannounced visits to caregivers’ homes is another method by which the department of social and health services can make sure the children in foster care are safe." 74.13.350 Children with developmental disabilities—Out-of-home placement—Voluntary placement agreement. It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child’s developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

As used in this section, "voluntary placement agreement" means a written agreement between the department and a child’s parent or legal guardian authorizing the department to place the child in a licensed facility. Under the terms of this agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child’s placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child’s parent or legal guardian and the department to be in effect, except that an agreement regarding an Indian child shall not be valid unless executed in accordance with RCW 13.38.150. Any party to a voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child’s parent or legal guardian unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130.

As used in this section, "out-of-home placement" and "out-of-home care" mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.

Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child’s placement and care. The department shall develop a permanency plan of care for the child no later than sixty days from the date that the department assumes responsibility for the child’s placement and care. Within the first one hundred eighty days of the placement, the department shall obtain a judicial determination pursuant to RCW 13.04.030(1)(j) and 13.34.270 that the placement is in the best interests of the child. If the child’s out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination under RCW 13.04.030(1)(b) is required. The permanency planning hearings shall review whether the child’s best interests are served by continued out-of-home placement and determine the future legal status of the child.

The department shall provide for periodic administrative reviews as required by federal law. A review may be called at any time by either the department, the parent, or the legal guardian.

Nothing in this section shall prevent the department from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030.

The department shall adopt rules providing for the implementation of chapter 386, Laws of 1997 and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under this chapter.

It is the intent of the legislature that the department undertake voluntary out-of-home placement in cases where the child’s developmental disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child, and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home. If the department does not accept a voluntary placement agreement signed by the parent, a petition may be filed and an action pursued under chapter 13.34 RCW. The department shall inform the parent, guardian, or legal custodian in writing of their right to civil action under chapter 13.34 RCW.

Nothing in this section prohibits the department from seeking support from parents of a child, including a child with a developmental disability if the child has been placed into care as a result of an action under chapter 13.34 RCW, when state or federal funds are expended for the care and maintenance of that child or when the department receives an application for services from the physical custodian of the child, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents. [2011 c 309 § 34; 2004 c 183 § 4; 1998 c 229 § 1; 1997 c 386 § 16.]

Effective date—2004 c 183: See note following RCW 13.34.160.

74.13.621 Kinship care oversight committee. (Expires June 30, 2013.) (1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood, marriage, or adoption, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more
programs or services would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor and provide consultation on the implementation of recommendations contained in the 2002 kinship care report, including but not limited to the recommendations relating to legal and respite care services and resources;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The department shall consult with the oversight committee on its efforts to better collaborate and coordinate services to benefit kinship care families.

(3) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(4) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(5) The kinship care oversight committee shall update the legislature and governor annually on committee activities, with the first update due by January 1, 2006.

(6) This section expires June 30, 2013. [2011 1st sp.s. c 50 § 965; 2009 c 564 § 954; 2005 c 439 § 1.]

74.13.640 Child fatality reviews. (1) (a) The department shall conduct a child fatality review in the event of a fatality suspected to be caused by child abuse or neglect of any minor who is in the care of the department or a supervising agency or receiving services described in this chapter or who has been in the care of the department or a supervising agency or received services described in this chapter within one year preceding the minor’s death.

(b) The department shall consult with the office of the family and children’s ombudsman to determine if a child fatality review should be conducted in any case in which it cannot be determined whether the child’s death is the result of suspected child abuse or neglect.

(c) The department shall ensure that the fatality review team is made up of individuals who had no previous involve-
because it is reviewed or used by a child fatality or near fatality review team. A person is not unavailable as a witness merely because the person has been interviewed by or has provided a statement for a child fatality or near fatality review, but if called as a witness, a person may not be examined regarding the person’s interactions with the child fatality or near fatality review including, without limitation, whether the person was interviewed during such review, the questions that were asked during such review, and the answers that the person provided during such review. This section may not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(d) The restrictions set forth in this section do not apply in a licensing or disciplinary proceeding arising from an agency’s effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with a minor’s death or near fatality reviewed by a child fatality or near fatality review team. [2011 c 61 § 2; 2009 c 520 § 91; 2008 c 211 § 1; 2004 c 36 § 1.]

74.13.680 Continued foster care or group care. (1) Within amounts appropriated for this specific purpose, the department shall have authority to provide continued foster care or group care to youth ages eighteen to twenty-one years who are:

(e) Incapable of engaging in any of the activities described in (a) through (d) of this subsection due to a medical condition that is supported by regularly updated information.

(2) A youth who remains eligible for placement services or benefits under this section pursuant to department rules may, within amounts appropriated for this specific purpose, continue to receive placement services and benefits until the youth reaches his or her twenty-first birthday. 74.14A.060 Blended funding projects—Department to make annual reports. Within available funds, the secretary of the department of social and health services shall support blended funding projects for youth. To be eligible for blended funding a child must be eligible for services designed to address a behavioral, mental, emotional, or substance abuse issue from the department of social and health services and require services from more than one categorical service delivery system. Before any blended funding project is established by the secretary, any entity or person proposing the project shall seek input from the public health and safety network or networks established in the catchment area of the project. The network or networks shall submit recommendations on the blended funding project to the private-public initiative described in RCW 70.305.020. The private-public initiative shall advise the secretary whether to approve the proposed blended funding project. The network shall review the proposed blended funding project pursuant to its authority to examine the decategorization of program funds under *RCW 70.190.110, within the current appropriation level. The department shall document the number of children who participate in blended funding projects, the total blended funding amounts per child, the amount charged to each appropriation by program, and services provided to each child through each blended funding project and report this information to the appropriate committees of the legislature by December 1st of each year, beginning in December 1, 2000. 74.15.220 HOPE centers—Establishment—Requirements. The secretary shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator’s designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be
that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the secretary;

(5) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth’s arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 13.32A.130(2)(a) (i) and (ii). The street youth’s temporary placement in the HOPE center must be authorized by the court or the secretary if the youth is a dependent of the state under chapter 13.34 RCW or the department is responsible for the youth under chapter 13.32A RCW, or by the youth’s parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

(6) HOPE centers must identify to the department any street youth it serves who is not returning promptly to home. The department then must contact the missing children’s clearinghouse identified in chapter 13.60 RCW and either report the youth’s location or report that the youth is the subject of a dependency action and the parent should receive notice from the department;

(7) Services that provide counseling and education to the street youth; and

(8) The department shall award contracts for the operation of HOPE center beds and responsible living skills programs with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers.

74.15.255 Secure or semi-secure crisis residential centers and HOPE centers—Collaboration—Colocation—Requirement for licensing. (1)(a) Within available funds appropriated for this purpose, the department shall contract for a continuum of short-term stabilization services pursuant to RCW 13.32A.030 and 74.15.220. The department shall collaborate with service providers in a manner that allows secure and semi-secure crisis residential centers and HOPE centers to be located in a geographically representative manner and to facilitate the coordination of services provided for youth by such programs. To achieve efficiencies and increase utilization, the department shall allow the colocation of these centers in the same building or structure, except that a youth may not be placed in a secure facility or the secure portion of a colocated facility except as specifically authorized by chapter 13.32A RCW. The department shall allow the colocation of these centers only if the entity operating the facility agrees to designate a particular number of beds to each type of center that is located within the building or structure. The beds so designated must be used only to serve the eligible youth in the program or center for which they are designated.

Support of Dependent Children

74.20.040 Duty of department to enforce child support—Requests for support enforcement services—Schedule of fees—Waiver—Rules. (1) Whenever the department receives an application for public assistance on behalf of a child, or the department receives an application for subsidized child care services or working connections child care services, the department or the department of early learning shall take appropriate action under the provisions of this chapter, chapter 74.20A RCW, or other appropriate statutes of this state to establish or enforce support obligations against the parent or other persons owing a duty to pay support moneys.

(2) The secretary may accept a request for support enforcement services on behalf of persons who are not recipients of public assistance and may take appropriate action to establish or enforce support obligations against the parent or other persons owing a duty to pay support moneys. Requests accepted under this subsection may be conditioned upon the payment of a fee as required by subsection (6) of this section or through regulation issued by the secretary. The secretary may establish by regulation, reasonable standards and qualifications for support enforcement services under this subsection.

(3) The secretary may accept requests for support enforcement services from child support enforcement agencies in other states operating child support programs under Title IV-D of the social security act or from foreign countries, and may take appropriate action to establish and enforce support obligations, or to enforce subpoenas, information requests, orders for genetic testing, and collection actions issued by the other agency against the parent or other person owing a duty to pay support moneys, the parent or other person’s employer, or any other person or entity properly subject to child support collection or information-gathering processes. The request shall contain and be accompanied by such information and documentation as the secretary may by rule require, and be signed by an authorized representative of the agency. The secretary may adopt rules setting forth the duration and nature of services provided under this subsection.

(4) The department may take action to establish, enforce, and collect a support obligation, including performing related services, under this chapter and chapter 74.20A RCW, or through the attorney general or prosecuting attorney for action under chapter 26.09, 26.18, 26.20, 26.21A, or 26.26 RCW or other appropriate statutes or the common law of this state.

(5) Whenever a support order is filed with the Washington state support registry under chapter 26.23 RCW, the department may take appropriate action under the provisions of this chapter, chapter 26.23 or 74.20A RCW, or other appropriate law of this state to establish or enforce the support obligations contained in that order against the responsible parent or other persons owing a duty to pay support moneys.

(6) The secretary, in the case of an individual who has never received assistance under a state program funded under part A and for whom the state has collected at least five hundred dollars of support, shall impose an annual fee of twenty-five dollars for each case in which services are furnished, which shall be retained by the state from support collected on behalf of the individual, but not from the first five hundred dollars of support. The secretary may, on showing of necessity, waive or defer any such fee or cost.

(7) Fees, due and owing, may be retained from support payments directly or collected as delinquent support moneys utilizing any of the remedies in chapter 74.20 RCW, chapter 74.20A RCW, chapter 26.21A RCW, or any other remedy at law or equity available to the department or any agencies with whom it has a cooperative or contractual arrangement to establish, enforce, or collect support moneys or support obligations.

(8) The secretary may waive the fee, or any portion thereof, as a part of a compromise of disputed claims or may grant partial or total charge off of said fee if the secretary finds there are no available, practical, or lawful means by which said fee may be collected or to facilitate payment of the amount of delinquent support moneys or fees owed.

(9) The secretary shall adopt rules conforming to federal laws, including but not limited to complying with section 7310 of the federal deficit reduction act of 2005, 42 U.S.C. Sec. 654, and rules and regulations required to be observed in maintaining the state child support enforcement program required under Title IV-D of the federal social security act. The adoption of these rules shall be calculated to promote the cost-effective use of the agency’s resources and not otherwise cause the agency to divert its resources from its essential functions. (2) Payment of public assistance under a state-funded program, or a program funded under Title IV-A, IV-E, or XIX of the federal social security act as amended by the personal responsibility and work opportunity reconciliation act of 1996 shall:

(a) Operate as an assignment by operation of law; and

(b) Constitute an authorization to the department to provide the assistance recipient with support enforcement services.

(3) Payment for subsidized child care services or working connections child care services shall constitute an authorization to the department to provide the recipient of the subsidy with support enforcement services. The department is authorized to collect, but not retain, child support payments under this subsection.

(4) Effective October 1, 2008, whenever public assistance is paid under a state program funded under Title IV-A of the federal social security act as amended by the personal responsibility and work opportunity reconciliation act of 1996, and the federal deficit reduction act of 2005, a member of the family is deemed to have made an assignment to the state any right the family member may have, or on behalf of the family member receiving such assistance, to support from any other person, not exceeding the total amount of assistance paid to the family, which accrues during the period that the family receives assistance under the program. 74.31.005 Findings—Intent. The center for disease control estimates that at least five million three hundred thousand Americans, approximately two percent of the United States population, currently have a long-term or lifelong need for help to perform activities of daily living as a result of a traumatic brain injury. Each year approximately one million four hundred thousand people in this country, including children, sustain traumatic brain injuries as a result of a variety of causes including falls, motor vehicle injuries, being struck by an object, or as a result of an assault and other violent crimes, including domestic violence. Additionally, there are significant numbers of veterans who sustain traumatic brain injuries as a result of their service in the military.

Prevention and the provision of appropriate supports and services in response to traumatic brain injury are consistent with the governor’s executive order No. 10-01, "Implementing Health Reform the Washington Way," which recognizes protection of public health and the improvement of health status as essential responsibilities of the public health system.

Traumatic brain injury can cause a wide range of functional changes affecting thinking, sensation, language, or emotions. It can also cause epilepsy and increase the risk for conditions such as Alzheimer’s disease, Parkinson’s disease, and other brain disorders that become more prevalent with age. The impact of a traumatic brain injury on the individual and family can be devastating.

The legislature recognizes that current programs and services are not funded or designed to address the diverse needs of this population. It is the intent of the legislature to develop a comprehensive plan to help individuals with traumatic brain injuries meet their needs. The legislature also recognizes the efforts of many in the private sector who are providing services and assistance to individuals with traumatic brain injuries. The legislature intends to bring together those in both the public and private sectors with expertise in this area to address the needs of this growing population. [2011 c 143 § 1; 2007 c 356 § 1.]

(1) Where appropriate, an investigation by the department may include a private interview with the vulnerable adult regarding the alleged abandonment, abuse, financial exploitation, neglect, or self-neglect.

(2) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the vulnerable adult or adults harmed, and, consistent with the protection of the vulnerable adult shall interview facility staff, any available independent sources of relevant information, including if appropriate the family members of the vulnerable adult.

(3) The department may conduct ongoing case planning and consultation with: (a) Those persons or agencies required to report under this chapter or submit a report under this chapter; (b) consultants designated by the department; and (c) designated representatives of Washington Indian tribes if client information exchanged is pertinent to cases under investigation or the provision of protective services. Information considered privileged by statute and not directly related to reports required by this chapter must not be divulged without a valid written waiver of the privilege.

(4) The department shall prepare and keep on file a report of each investigation conducted by the department for a period of time in accordance with policies established by the department.

(5) If the department has reason to believe that the vulnerable adult has suffered from abandonment, abuse, financial exploitation, neglect, or self-neglect, and lacks the ability or capacity to consent, and needs the protection of a guardian, the department may bring a guardianship action under chapter 11.88 RCW.

(6) When the investigation is completed and the department determines that an incident of abandonment, abuse, financial exploitation, neglect, or self-neglect has occurred, the department shall inform the vulnerable adult of their right to refuse protective services, and ensure that, if necessary, appropriate protective services are provided to the vulnerable adult, with the consent of the vulnerable adult. The vulnerable adult has the right to withdraw or refuse protective services.

If the department has information that abandonment, abuse, financial exploitation, or neglect is criminal or is placing a vulnerable adult on tribal property at potential risk of personal or financial harm, the department may notify tribal law enforcement or another tribal representative specified by the tribe. Upon receipt of the notification, the tribe may assume jurisdiction of the matter. Neither the department nor its employees, and its employees are not liable for any action or inaction of the tribe or for any harm to the alleged victim, the person against whom the allegations were made, or other parties that occurs after the tribe assumes jurisdiction. Quality improvement principles. The department’s system of quality improvement for long-term care services shall use the following principles, consistent with applicable federal laws and regulations:

(1) The system shall be client-centered and promote privacy, independence, dignity, choice, and a home or home-like environment for consumers consistent with chapter 392, Laws of 1997.

(2) The goal of the system is continuous quality improvement with the focus on consumer satisfaction and outcomes for consumers. This includes that when conducting licensing or contract inspections, the department shall interview an appropriate percentage of residents, family members, resident case managers, and advocates in addition to interviewing providers and staff.

(3) Providers should be supported in their efforts to improve quality and address identified problems initially through training, consultation, technical assistance, and case management.

(4) The emphasis should be on problem prevention both in monitoring and in screening potential providers of service.

(5) Monitoring should be outcome based and responsive to consumer complaints and based on a clear set of health, quality of care, and safety standards that are easily understandable and have been made available to providers, residents, and other interested parties.
(6) Prompt and specific enforcement remedies shall also be implemented without delay, pursuant to RCW 74.39A.080, RCW 70.128.160, chapter 18.51 RCW, or chapter 74.42 RCW, for providers found to have delivered care or failed to deliver care resulting in problems that are serious, recurring, or uncorrected, or that create a hazard that is causing or likely to cause death or serious harm to one or more residents. These enforcement remedies may also include, when appropriate, reasonable conditions on a contract or license. In the selection of remedies, the safety, health, and well-being of residents shall be of paramount importance.

(7) All long-term care workers shall be screened through background checks in a uniform and timely manner to ensure that they do not have a criminal history that would disqualify them from working with vulnerable persons. Long-term care workers who are hired after January 1, 2014, are subject to background checks under RCW 74.39A.055. This information will be shared with the department of health in accordance with RCW 74.39A.055 to advance the purposes of chapter 2, Laws of 2009.

(8) No provider, or its staff, or long-term care worker, or prospective provider or long-term care worker, with a stipulated finding of fact, conclusion of law, an agreed order, or finding of fact, conclusion of law, or final order issued by a disciplining authority, a court of law, or entered into a state registry finding him or her guilty of abuse, neglect, exploitation, or abandonment of a minor or a vulnerable adult as defined in chapter 74.34 RCW shall be employed in the care of and have unsupervised access to vulnerable adults.

(9) The department shall establish, by rule, a state registry which contains identifying information about long-term care workers identified under this chapter who have substantiated findings of abuse, neglect, financial exploitation, or abandonment of a vulnerable adult as defined in RCW 74.34.020. The rule must include disclosure, disposition of findings, notification, findings of fact, appeal rights, and fair hearing requirements. The department shall disclose, upon request, substantiated findings of abuse, neglect, financial exploitation, or abandonment to any person so requesting this information. This information will also be shared with the department of health to advance the purposes of chapter 2, Laws of 2009.

(10) Until December 31, 2013, individual providers and home care agency providers must satisfactorily complete department-approved orientation, basic training, and continuing education within the time period specified by the department in rule. The department shall adopt rules by March 1, 2002, for the implementation of this section. The department shall deny payment to an individual provider or a home care provider who does not complete the training requirements within the time limit specified by the department in rule.

(11) Until December 31, 2013, in an effort to improve access to training and education and reduce costs, especially for rural communities, the coordinated system of long-term care training and education must include the use of innovative types of learning strategies such as internet resources, videotapes, and distance learning using satellite technology coordinated through community colleges or other entities, as defined by the department.

(12) The department shall create an approval system by March 1, 2002, for those seeking to conduct department-approved training.

(13) The department shall establish, by rule, background checks and other quality assurance requirements for long-term care workers who provide in-home services funded by medicaid personal care as described in RCW 74.09.520, community options program entry system waiver services as described in RCW 74.39A.030, or chore services as described in RCW 74.39A.110 that are equivalent to requirements for individual providers. Long-term care workers who are hired after January 1, 2014, are subject to background checks under RCW 74.39A.055.

(14) Under existing funds the department shall establish internally a quality improvement standards committee to monitor the development of standards and to suggest modifications.

(15) Within existing funds, the department shall design, develop, and implement a long-term care training program that is flexible, relevant, and qualifies towards the requirements for a nursing assistant certificate as established under chapter 18.88A RCW. This subsection does not require completion of the nursing assistant certificate training program by providers or their staff. The long-term care teaching curriculum must consist of a fundamental module, or modules, and a range of other available relevant training modules that provide the caregiver with appropriate options that assist in meeting the resident’s care needs. Some of the training modules may include, but are not limited to, specific training on the special care needs of persons with developmental disabilities, dementia, mental illness, and the care needs of the elderly. No less than one training module must be dedicated to workplace violence prevention. The nursing care quality assurance commission shall work together with the department to develop the curriculum modules. The nursing care quality assurance commission shall direct the nursing assistant training programs to accept some or all of the skills and competencies from the curriculum modules towards meeting the requirements for a nursing assistant certificate as defined in chapter 18.88A RCW. A process may be developed to test persons completing modules from a caregiver’s class to verify that they have the transferable skills and competencies for entry into a nursing assistant training program. The department may review whether facilities can develop their own related long-term care training programs. The department may develop a review process for determining what previous experience and training may be used to waive some or all of the mandatory training. The department of social and health services and the nursing care quality assurance commission shall work together to develop an implementation plan by December 12, 1998. 74.39A.095 Case management services—Agency on aging oversight—Plan of care—Termination of contract—Rejection of individual provider. (1) In carrying out case management responsibilities established under RCW 74.39A.090 for consumers who are receiving services under the medicaid personal care, community options programs entry system or chore services program through an individual provider, each area agency on aging shall provide oversight of the care being provided to consumers receiving services under this section to the extent of available funding. Case management responsibilities incorporate this oversight, and include, but are not limited to:

(a) Verification that any individual provider has met any training requirements established by the department;

(b) Verification of a sample of worker time sheets;

(c) Monitoring the consumer’s plan of care to verify that it adequately meets the needs of the consumer, through activities such as home visits, telephone contacts, and responses to information received by the area agency on aging indicating that a consumer may be experiencing problems relating to his or her home care;

(d) Reassessing and reauthorizing services;

(e) Monitoring of individual provider performance; and

(f) Conducting criminal background checks or verifying that criminal background checks have been conducted for any individual provider. Individual providers who are hired after January 1, 2014, are subject to background checks under RCW 74.39A.055.

(2) The area agency on aging case manager shall work with each consumer to develop a plan of care under this section that identifies and ensures coordination of health and long-term care services that meet the consumer’s needs. In developing the plan, they shall utilize, and modify as needed, any comprehensive community service plan developed by the department as provided in RCW 74.39A.040. The plan of care shall include, at a minimum:

(a) The name and telephone number of the consumer’s area agency on aging case manager, and a statement as to how the case manager can be contacted about any concerns related to the consumer’s well-being or the adequacy of care provided;

(b) The name and telephone numbers of the consumer’s primary health care provider, and other health or long-term care providers with whom the consumer has frequent contacts;

(c) A clear description of the roles and responsibilities of the area agency on aging case manager and the consumer receiving services under this section;

(d) The duties and tasks to be performed by the area agency on aging case manager and the consumer receiving services under this section;

(f) The terms of compensation of the individual provider;

(g) A statement by the individual provider that he or she has the ability and willingness to carry out his or her responsibilities relative to the plan of care; and

(h)(i) Except as provided in (h)(ii) of this subsection, a clear statement indicating that a consumer receiving services under this section has the right to waive any of the case management services offered by the area agency on aging under this section, and a clear indication of whether the consumer has, in fact, waived any of these services.

(ii) The consumer’s right to waive case management services does not include the right to waive reassessment or reauthorization of services, or verification that services are being provided in accordance with the plan of care.

(3) Each area agency on aging shall retain a record of each waiver of services included in a plan of care under this section.

(4) Each consumer has the right to direct and participate in the development of their plan of care to the maximum practicable extent of their abilities and desires, and to be provided with the time and support necessary to facilitate that participation.

(5) A copy of the plan of care must be distributed to the consumer’s primary care provider, individual provider, and

[2011 RCW Supp—page 1492]
other relevant providers with whom the consumer has frequent contact, as authorized by the consumer.

(6) The consumer’s plan of care shall be an attachment to the contract between the department, or their designee, and the individual provider.

(7) If the department or area agency on aging case manager finds that an individual provider’s inadequate performance or inability to deliver quality care is jeopardizing the health, safety, or well-being of a consumer receiving service under this section, the department or the area agency on aging may take action to terminate the contract between the department and the individual provider. If the department or the area agency on aging has a reasonable, good faith belief that the health, safety, or well-being of a consumer is in imminent jeopardy, the department or area agency on aging may summarily suspend the contract pending a fair hearing. The consumer may request a fair hearing to contest the planned action of the case manager, as provided in chapter 34.05 RCW. The department may by rule adopt guidelines for implementing this subsection.

(8) The department or area agency on aging may reject a request by a consumer receiving services under this section to have a family member or other person serve as his or her individual provider if the case manager has a reasonable, good faith belief that the family member or other person will be unable to appropriately meet the care needs of the consumer. The consumer may request a fair hearing to contest the decision of the case manager, as provided in chapter 34.05 RCW. The department may by rule adopt guidelines for implementing this subsection. 74.39A.220 Findings. The people of the state of Washington find as follows:

(1) Thousands of Washington seniors and persons with disabilities live independently in their own homes, which they prefer and is less costly than institutional care such as nursing homes.

(2) Many Washington seniors and persons with disabilities currently receive long-term in-home care services from individual providers hired directly by them under the medicaid personal care, community options programs entry system, or chore services program.

(3) Quality long-term in-home care services allow Washington seniors, persons with disabilities, and their families the choice of allowing seniors and persons with disabilities to remain in their homes, rather than forcing them into institutional care such as nursing homes. Long-term in-home care services are also less costly, saving Washington taxpayers significant amounts through lower reimbursement rates. 74.39A.270 Collective bargaining—Circumstances in which individual providers are considered public employees—Exceptions. (1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, solely for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employing entity shall be represented for bargaining purposes by the governor or the governor’s designee appointed under chapter 41.80 RCW. The governor or governor’s designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers. The department shall solicit input from the developmental disabilities council, the governor’s committee on disability issues and employment, the state council on aging, and other consumer advocacy organizations to obtain informed input from consumers on their interests, including impacts on consumer choice, for all issues proposed for collective bargaining under subsections (5) and (6) of this section.

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter and except as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW 41.56.060 is a statewide unit of all individual providers;

(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervener seeking to appear on the ballot must make the same showing of interest;

(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires; and

(ii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state;

(d) Individual providers do not have the right to strike; and

(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided in this chapter. No agency or department of the state may establish policies or rules governing the wages or hours of individual providers. However, this subsection does not modify:

(a) The department’s authority to establish a plan of care for each consumer or its core responsibility to manage long-term in-home care services under this chapter, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor’s designee appointed under chapter 41.80 RCW shall engage in col-
collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over how the department’s core responsibility affects hours of work for individual providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer’s plan of care;

(b) The department’s authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);

(c) The consumer’s right to assign hours to one or more individual providers selected by the consumer within the maximum hours determined by his or her plan of care;

(d) The consumer’s right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(e) The department’s obligation to comply with the federal medicare statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

(f) The legislature’s right to make programmatic modifications to the delivery of state services under this title, including standards of eligibility of consumers and individual providers participating in the programs under this title, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection (5)(f).

(6) At the request of the exclusive bargaining representative, the governor or the governor’s designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over employer contributions to the training partnership for the costs of: (a) Meeting all training and peer mentoring required under this chapter; and (b) other training intended to promote the career development of individual providers.

(7) The state, the department, the area agencies on aging, or their contractors under this chapter may not be held vicariously or jointly liable for the action or inaction of any individual provider or prospective individual provider, whether or not that individual provider or prospective individual provider was included on the referral registry or referred to a consumer or prospective consumer. The existence of a collective bargaining agreement, the placement of an individual provider on the referral registry, or the development or approval of a plan of care for a consumer who chooses to use the services of an individual provider and the provision of case management services to that consumer, by the department or an area agency on aging, does not constitute a special relationship with the consumer.

(8) Nothing in this section affects the state’s responsibility with respect to unemployment insurance for individual providers. However, individual providers are not to be considered, as a result of the state assuming this responsibility, employees of the state. Subject to funding provided for this specific purpose, the department of social and health services shall use additional investigative resources to address a significant growth in the long-term care complaint workload. The department shall use the resulting licensor resources to meet current statutory requirements and timelines. "Complaints," as used in this section, include both complaints about provider practice, under chapters 70.128, 18.20, 18.51, and 74.42 RCW, and complaints about individuals alleged to have abused, neglected, abandoned, or exploited residents or clients, under chapter 74.34 RCW. 74.39A.380 Internal quality review and accountability program for residential care services—Quality assurance panel—Report. (1) Subject to funding provided for this specific purpose, the department of social and health services shall develop for phased-in implementation a statewide internal quality review and accountability program for residential care services. The program must be designed to enable the department to improve the accountability of staff and the consistent application of investigative activities across all long-term care settings, and must allow the systematic monitoring and evaluation of long-term care licensing and certification. The program must be designed to improve and standardize investigative outcomes for the vulnerable individuals at risk of abuse and neglect, and coordinate outcomes across the department to prevent perpetrators from changing settings and continuing to work with vulnerable adults.

(2) The department shall convene a quality assurance panel to review problems in the quality of care in adult family homes and to reduce incidents of abuse, neglect, abandonment, and financial exploitation. The state’s long-term care ombudsman shall chair the panel and identify appropriate stakeholders to participate. The panel must consider inspection, investigation, public complaint, and enforcement issues that relate to adult family homes. The panel must also focus on oversight issues to address de minimus violations, processes for handling unresolved citations, and better ways to oversee new providers. The panel shall meet at least quarterly, and provide a report with recommendations to the governor’s office, the senate health and long-term care committee, and the house of representatives health and wellness committee by December 1, 2012. 74.46.431 Nursing facility Medicaid payment rate allocations—Components—Minimum wage—Rules. (1) Nursing facility Medicaid payment rate allocations shall be facility-specific and shall have six components: Direct care, therapy care, support services, operations, property, and financing allowance. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each Medicaid nursing facility in this state.

(2) Component rate allocations in therapy care and support services for all facilities shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for essential community providers shall be based upon a minimum facility occupancy of eighty-seven percent of licensed beds, regardless of how many beds are set up or in use. Component rate allocations in operations, property, and financing allowance for large nonessential community providers shall be based upon a minimum facility occupancy of ninety-five percent of licensed beds, regardless of how many beds are set up or in use. For all facilities, the component rate allocation in direct care shall be based upon actual facility occupancy. The median cost limits used to set component rate allocations shall be based on the applicable minimum occupancy percentage. In determining each facility’s therapy care component rate allocation under RCW 74.46.511, the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities’ adjusted therapy costs per adjusted resident day. In determining each facility’s support services component rate allocation under RCW 74.46.515(3), the department shall apply the applicable minimum facility occupancy adjustment before creating the array of facilities’ adjusted support services costs per adjusted resident day. In determining each facility’s operations component rate allocation under RCW 74.46.521(3), the department shall apply the minimum facility occupancy adjustment before creating the array of facilities’ adjusted general operations costs per adjusted resident day.

(3) Information and data sources used in determining Medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the direct care component rate allocation shall be rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2013. Beginning July 1, 2013, the direct care component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2011 is used for July 1, 2013, through June 30, 2015, and so forth.

(b) Direct care component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the direct care component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the direct care component rate allocation established in accordance with this chapter.

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the therapy care component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2013. Beginning July 1, 2013, the therapy
care component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2011 is used for July 1, 2013, through June 30, 2015, and so forth.

(b) Therapy care component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the therapy care component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the therapy care component rate allocation established in accordance with this chapter.

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the support services component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2013. Beginning July 1, 2013, the support services component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2011 is used for July 1, 2013, through June 30, 2015, and so forth.

(b) Support services component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the support services component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the support services component rate allocation established in accordance with this chapter.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Effective July 1, 2009, the operations component rate allocation shall be cost rebased, so that adjusted cost report data for calendar year 2007 is used for July 1, 2009, through June 30, 2013. Beginning July 1, 2013, the operations care component rate allocation shall be rebased biennially during every odd-numbered year thereafter using adjusted cost report data from two years prior to the rebase period, so adjusted cost report data for calendar year 2011 is used for July 1, 2013, through June 30, 2015, and so forth.

(b) Operations component rate allocations established in accordance with this chapter shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the operations component rate allocation established in accordance with this chapter. When no economic trends and conditions factor or factors for either fiscal year are defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the operations component rate allocation established in accordance with this chapter.

(8) Total payment rates under the nursing facility Medicaid payment system shall not exceed facility rates charged to the general public for comparable services.

(9) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: Inflation adjustments for partial-period cost report data, newly constructed facilities, existing facilities entering the Medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing Medicaid facilities following a change of ownership of the nursing facility business, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(10) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(11) Effective July 1, 2010, there shall be no rate adjustment for facilities with banked beds. For purposes of calculating minimum occupancy, licensed beds include any beds banked under chapter 70.38 RCW.

(12) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility’s property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility’s financing allowance rate allocation.

Analysis—2011 1st sp.s. c 7: *(1)* For fiscal years 2012 and 2013 and subject to appropriation, the department of social and health services shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2011, using the payment methodology defined in chapter 74.46 RCW as modified by RCW 74.46.431, 74.46.435, 74.46.437, 74.46.485, 74.46.496, 74.46.501, 74.46.506, 74.46.515, and 74.46.521, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calcu-
74.46.437  Financing allowance component rate allocation. (1) The department shall establish for each Medicaid nursing facility a financing allowance component rate allocation. The financing allowance component rate shall be rebased annually, effective July 1, in accordance with the provisions of this section and this chapter.

(2) The financing allowance is determined by multiplying the net invested funds of each facility by .04, and dividing by the greater of a nursing facility’s total resident days from the most recent cost report period or resident days calculated on eighty-seven percent facility occupancy for essential community providers, ninety-two percent facility occupancy for small nonessential community providers, or ninety-five percent occupancy for large nonessential community providers.

If a capitalized addition, renovation, replacement, or retirement of an asset will result in a different licensed bed capacity during the ensuing period, the prior period total resident days used in computing the financing allowance shall be adjusted to the greater of the anticipated resident day level or eighty-seven percent of the new licensed bed capacity for essential community providers, ninety-two percent facility occupancy for small nonessential community providers, or ninety-five percent occupancy for large nonessential community providers.

(3) In computing the portion of net invested funds representing the net book value of tangible fixed assets, the same assets, depreciation bases, lives, and methods referred to in department rule, including owned and leased assets, shall be utilized, except that the capitalized cost of land upon which the facility is located and such other contiguous land which is reasonable and necessary for use in the regular course of providing resident care must also be included. Subject to provisions and limitations contained in this chapter, for land purchased by owners or lessors before July 18, 1984, capitalized cost of land is the buyer’s capitalized cost. For all partial or whole rate periods after July 17, 1984, if the land is purchased after July 17, 1984, capitalized cost is that of the owner of record on July 17, 1984, or buyer’s capitalized cost, whichever is lower. In the case of leased facilities where the net invested funds are unknown or the contractor is unable to provide necessary information to determine net invested funds, the secretary has the authority to determine an amount for net invested funds based on an appraisal conducted according to department rule.

(4) The financing allowance rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. [2011 1st sp.s. c 7 § 2; 2010 1st sp.s. c 34 § 5; 2001 1st sp.s. c 8 § 7; 1999 c 353 § 10; 1998 c 322 § 29.]

74.46.485 Case mix classification methodology—Notice of implementation. (1) The department shall:
   a. Employ the resource utilization group III case mix classification methodology. The department shall use the forty-four group index maximizing model for the resource utilization group III grouper version 5.10, but the department may revise or update the classification methodology to reflect advances or refinements in resident assessment or classification, subject to federal requirements. The department may adjust the case mix index for any of the lowest ten resource utilization group categories beginning with PA1 through PE2 to any case mix index that aids in achieving the purpose and intent of RCW 74.39A.007 and cost-efficient care; and
   b. Implement minimum data set 3.0 under the authority of this section and RCW 74.46.431(3). The department must notify nursing home contractors twenty-eight days in advance of the date of implementation of the minimum data set 3.0. In the notification, the department must identify for all semiannual rate settings following the date of minimum data set 3.0 implementation a previously established semiannual case mix adjustment established for the semiannual rate settings that will be used for semiannual case mix calculations in direct care until minimum data set 3.0 is fully implemented.

(2) A default case mix group shall be established for cases in which the resident dies or is discharged for any purpose prior to completion of the resident’s initial assessment. The default case mix group and case mix weight for these cases shall be designated by the department.

(3) A default case mix group may also be established for cases in which there is an untimely assessment for the resident. The default case mix group and case mix weight for these cases shall be designated by the department. [2011 1st sp.s. c 7 § 4; 2010 1st sp.s. c 34 § 9; 2009 c 570 § 2; 1998 c 322 § 22.]

74.46.496 Case mix weights—Determination—Revisions. (1) Each case mix classification group shall be assigned a case mix weight. The case mix weight for each resident of a nursing facility for each calendar quarter or six-month period during a calendar year shall be based on data from resident assessment instruments completed for the resident and weighted by the number of days the resident was in each case mix classification group. Days shall be counted as provided in this section.

(2) The case mix weights shall be based on the average minutes per registered nurse, licensed practical nurse, and certified nurse aide, for each case mix group, and using the United States department of health and human services nursing facility staff time measurement study. Those minutes shall be weighted by statewide ratios of registered nurse to certified nurse aide, and licensed practical nurse to certified nurse aide, wages, including salaries and benefits, which shall be based on cost report data for this state.

(3) The case mix weights shall be determined as follows:
   a. Set the certified nurse aide wage weight at 1.000 and calculate wage weights for registered nurse and licensed practical nurse average wages by dividing the certified nurse aide average wage into the registered nurse average wage and licensed practical nurse average wage;
   b. Calculate the total weighted minutes for each case mix group in the resource utilization group classification system by multiplying the wage weight for each worker classification by the average number of minutes that classification of worker spends caring for a resident in that resource utilization group classification group, and summing the products;
   c. Assign the lowest case mix weight to the resource utilization group with the lowest total weighted minutes and calculate case mix weights by dividing the lowest group’s total weighted minutes into each group’s total weighted minutes and rounding weight calculations to the third decimal place.

(4) The case mix weights in this state may be revised if the United States department of health and human services updates its nursing facility staff time measurement studies. The case mix weights shall be revised, but only when direct care component rates are cost-rebased as provided in subsection (5) of this section, to be effective on the July 1st effective date of each cost-rebased direct care component rate. However, the department may revise case mix weights more frequently if, and only if, significant variances in wage ratios occur among direct care staff in the different caregiver classifications identified in this section.

(5) Case mix weights shall be revised when direct care component rates are cost-rebased as provided in RCW 74.46.431(4). [2011 1st sp.s. c 7 § 5; 2010 1st sp.s. c 34 § 10; 2006 c 258 § 4; 1998 c 322 § 23.]

74.46.501 Average case mix indexes determined quarterly—Facility average case mix index—Medicaid average case mix index. (1) From individual case mix weights for the applicable quarter, the department shall determine two average case mix indexes for each medicaid nursing facility, one for all residents in the facility, known as the facility average case mix index, and one for medicaid residents, known as the medicaid average case mix index.

(2)(a) In calculating a facility’s two average case mix indexes for each quarter, the department shall include all residents or medicaid residents, as applicable, who were physically in the facility during the quarter in question based on the resident assessment instrument completed by the facility and the requirements and limitations for the instrument’s completion and transmission (January 1st through March 31st, April 1st through June 30th, July 1st through September 30th, or October 1st through December 31st).
(b) The facility average case mix index shall exclude all default cases as defined in this chapter. However, the medicaid average case mix index shall include all default cases.

(3) Both the facility average and the medicaid average case mix indexes shall be determined by multiplying the case mix weight of each resident, or each medicaid resident, as applicable, by the number of days, as defined in this section and as applicable, the resident was at each particular case mix classification or group, and then averaging.

(4) In determining the number of days a resident is classified into a particular case mix group, the department shall determine a start date for calculating case mix grouping periods as specified by rule.

(5) The cutoff date for the department to use resident assessment data, for the purposes of calculating both the facility average and the medicaid average case mix indexes, and for establishing and updating a facility’s direct care component rate, shall be one month and one day after the end of the quarter for which the resident assessment data applies.

(6)(a) Although the facility average and the medicaid average case mix indexes shall both be calculated quarterly, the cost-rebasing period facility average case mix index will be used throughout the applicable cost-rebasing period in combination with cost report data as specified by RCW 74.46.431 and 74.46.506, to establish a facility’s allowable cost per case mix unit. To allow for the transition to minimum data set 3.0 and implementation of resource utilization group IV for July 1, 2011, through June 30, 2013, the department shall calculate rates using the medicaid average case mix scores effective for January 1, 2011, rates adjusted under RCW 74.46.485(1)(a), and the scores shall be increased each six months during the transition period by one-half of one percent. The July 1, 2013, direct care cost per case mix unit shall be calculated by utilizing 2011 direct care costs, patient days, and 2011 facility average case mix indexes based on the minimum data set 3.0 resource utilization group IV grouper 57. A facility’s medicaid average case mix index shall be used to update a nursing facility’s direct care component rate semiannually.

(b) The facility average case mix index used to establish each nursing facility’s direct care component rate shall be based on an average of calendar quarters of the facility’s average case mix indexes from the four calendar quarters occurring during the cost report period used to rebase the direct care component rate allocations as specified in RCW 74.46.431.

c) The medicaid average case mix index used to update or recalibrate a nursing facility’s direct care component rate semiannually shall be from the calendar six-month period commencing nine months prior to the effective date of the semiannual rate. For example, July 1, 2010, through December 31, 2010, direct care component rates shall utilize case mix averages from the October 1, 2009, through March 31, 2010, calendar quarters, and so forth. [2011 1st sp.s. c 7 § 6; 2010 1st sp.s. c 34 § 11; 2006 c 258 § 5; 2001 1st sp.s. c 8 § 9; 1998 c 322 § 24.]
(e) Array separately the allowable direct care cost per case mix unit for all facilities in nonurban counties; for all facilities in high labor-cost counties, if applicable; and for all facilities in other urban counties, and determine the median allowable direct care cost per case mix unit for each peer group;

(f) Determine each facility’s semiannual direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (e) of this subsection shall be assigned a cost per case mix unit equal to one hundred ten percent of the peer group median, and shall have a direct care component rate allocation equal to the facility’s assigned cost per case mix unit multiplied by that facility’s Medicaid average case mix index from the applicable six-month period specified in RCW 74.46.501(6)(c);

(ii) Any facility whose allowable cost per case mix unit is less than or equal to one hundred ten percent of the peer group median established under (e) of this subsection shall have a direct care component rate allocation equal to the facility’s allowable cost per case mix unit multiplied by that facility’s Medicaid average case mix index from the applicable six-month period specified in RCW 74.46.501(6)(c);

(6) The direct care component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

(7) Costs related to payments resulting from increases in direct care component rates, granted under authority of RCW 74.46.508 for a facility’s exceptional care residents, shall be offset against the facility’s examined, allowable direct care costs, for each report year or partial period such increases are paid. Such reductions in allowable direct care costs shall be for rate setting, settlement, and other purposes deemed appropriate by the department. [2011 1st sp.s. c 7 § 7; 2010 1st sp.s. c 34 § 12; 2007 c 508 § 3; 2006 c 258 § 6; 2001 1st sp.s. c 8 § 10. Prior: 1999 c 353 § 5; 1999 c 181 § 1; 1998 c 322 § 25.]

47.46.515 Support services component rate allocation—Determination—Emergency situations. (1) The support services component rate allocation corresponds to the provision of food, food preparation, dietary, housekeeping, and laundry services for one resident for one day.

(2) The department shall determine each Medicaid nursing facility’s support services component rate allocation using cost report data specified by RCW 74.46.431(6).

(3) To determine each facility’s support services component rate allocation, the department shall:

(a) Array facilities’ adjusted support services costs per adjusted resident day, as determined by dividing each facility’s total allowable support services costs by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy provided by RCW 74.46.431(2), for each facility from facilities’ cost reports from the applicable report year, for facilities located within urban counties, and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility’s support services component rate at the lower of the facility’s per resident day adjusted support services costs from the applicable report period or the adjusted median per resident day support services cost for that facility’s peer group, either urban counties or nonurban counties, plus eight percent; and

(c) Adjust each facility’s support services component rate for economic trends and conditions as provided in RCW 74.46.431(6).

(4) The support services component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. [2011 1st sp.s. c 7 § 8; 2010 1st sp.s. c 34 § 15; 2008 c 263 § 4; 2001 1st sp.s. c 8 § 12; 1999 c 353 § 7; 1998 c 322 § 27.]

74.46.521 Operations component rate allocation—Determination. (1) The operations component rate allocation corresponds to the general operation of a nursing facility for one resident for one day, including but not limited to management, administration, utilities, office supplies, accounting and bookkeeping, minor building maintenance, minor equipment repairs and replacements, and other supplies and services, exclusive of direct care, therapy care, support services, property, financing allowance, and variable return.

(2) The department shall determine each Medicaid nursing facility’s operations component rate allocation using cost report data specified by RCW 74.46.431(7)(a). Operations component rates for essential community providers shall be based upon a minimum occupancy of eighty-seven percent of licensed beds. Operations component rates for small nonessential community providers shall be based upon a minimum occupancy of ninety-two percent of licensed beds. Operations component rates for large nonessential community providers shall be based upon a minimum occupancy of ninety-five percent of licensed beds.

(3) For all calculations and adjustments in this subsection, the department shall use the greater of the facility’s actual occupancy or an occupancy equal to eighty-seven percent for essential community providers, ninety-two percent for small nonessential community providers, or ninety-five percent for large nonessential community providers. To determine each facility’s operations component rate the department shall:

(a) Array facilities’ adjusted general operations costs per adjusted resident day, as determined by dividing each facility’s total allowable operations cost by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy provided by RCW 74.46.431(2), for each facility from facilities’ cost reports from the applicable report year, for facilities located within urban counties, and for those located within nonurban counties and determine the median adjusted cost for each peer group;
days for the same report period for facilities located within urban counties and for those located within nonurban counties and determine the median adjusted cost for each peer group;

(b) Set each facility’s operations component rate at the lower of:

(i) The facility’s per resident day adjusted operations costs from the applicable cost report period adjusted if necessary for minimum occupancy; or

(ii) The adjusted median per resident day general operations cost for that facility’s peer group, urban counties or nonurban counties; and

(c) Adjust each facility’s operations component rate for economic trends and conditions as provided in RCW 74.46.431(7)(b).

(4) The operations component rate allocations calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421. [2011 1st sp.s. c 7 § 9; 2010 1st sp.s. c 34 § 16; 2007 c 508 § 7; 2006 c 258 § 7; 2001 1st sp.s. c 8 § 13; 1999 c 353 § 8; 1998 c 322 § 28.]

74.46.541 Skilled nursing facility safety net assessment—Reimbursement of medicaid share. (1) The department shall establish a skilled nursing facility safety net assessment medicaid share pass through or rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost consistent with RCW 74.48.030. This add-on shall not be considered an allowable cost for future year cost rebasing.

(2) As of July 1, 2011, supplemental payments to reimburse medicaid expenditures, including an amount to reimburse the medicaid share of the skilled nursing facility safety net assessment, not to exceed the annual medicare upper payment limit, must be provided for all years when the skilled nursing facility safety net assessment is levied, consistent with RCW 74.48.030. These supplemental payments, at a minimum, must be sufficient to reimburse the medicaid share of the assessment for those paying the assessment. The part of these supplemental payments that reimburses the medicaid share of the assessment are not subject to the reconciliation and settlement process provided in RCW 74.46.022(6). An admission and discharge on the same day count as one day of care. Resident days include nursing facility hospice days and exclude bedhold days for all residents. [2011 1st sp.s. c 7 § 13.]

74.48.020 Skilled nursing facility safety net trust fund. (1) There is established in the state treasury the skilled nursing facility safety net trust fund. The purpose and use of the fund shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the department on audit or otherwise shall be returned to the fund.

(2) The skilled nursing facility safety net trust fund must be a separate and continuing fund, and no money in the fund reverts to the state general fund at any time. All assessments, interest, and penalties collected by the department under RCW 74.48.030, 74.48.040, and 74.48.080 shall be deposited into the fund.

(3) Any money received under RCW 74.48.030, 74.48.040, and 74.48.080 must be deposited in the state treasury for credit to the skilled nursing facility safety net trust fund, and must be expended, to the extent authorized by federal law, to obtain federal financial participation in the medicaid program and to maintain and enhance nursing facility rates in a manner set forth in subsection (4) of this section.

(4) Disbursements from the fund may be made only as follows:

(a) As an immediate pass-through or rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost;

(b) To make medicaid payments for nursing facility services in accordance with chapter 74.46 RCW and pursuant to this chapter;

(c) To refund erroneous or excessive payments made by skilled nursing facilities pursuant to this chapter;

(d) To administer the provisions of this chapter the department may expend an amount not to exceed one-half of one percent of the money received from the assessment, and must not exceed the amount authorized for expenditure by the legislature for administrative expenses in a fiscal year;

(e) To repay the federal government for any excess payments made to skilled nursing facilities from the fund if the assessments or payment increases set forth in this chapter are deemed out of compliance with federal statutes and regulations and all appeals have been exhausted. In such a case, the department may require skilled nursing facilities receiving excess payments to refund the payments in question to the fund. The state in turn shall return funds to the federal gov-
eminent in the same proportion as the original financing. If a skilled nursing facility is unable to refund payments, the state shall either develop a payment plan or deduct moneys from future medicaid payments, or both; and

(4) To increase nursing facility payments to fund covered services to medicaid beneficiaries within medicare upper limits.

(5) Any positive balance in the fund at the end of a fiscal year shall be applied to reduce the assessment amount for the subsequent fiscal year in accordance with RCW 74.48.040(1)(c)(i).

(6) Upon termination of the assessment, any amounts remaining in the fund shall be refunded to skilled nursing facilities, pro rata according to the amount paid by the facility, subject to limitations of federal law. [2011 1st sp.s. c 7 § 15.]

74.48.030 Assessments. (1) In accordance with the redistribution method set forth in 42 C.F.R. Sec. 433.68(e)(1) and (2), the department shall seek a waiver of the broad-based and uniform provider assessment requirements of federal law to exclude certain nursing facilities from the skilled nursing facility safety net assessment and to permit certain high volume medicaid nursing facilities or facilities with a high number of total annual resident days to pay the skilled nursing facility safety net assessment at a lesser amount per nonmedicare patient day.

(2) The skilled nursing facility safety net assessment shall, at no time, be greater than the maximum percentage of the nursing facility industry reported net patient service revenues allowed under federal law or regulation.

(3) All skilled nursing facility safety net assessments collected pursuant to this section by the department shall be transmitted to the state treasurer who shall credit all such amounts to the skilled nursing facility safety net trust fund. [2011 1st sp.s. c 7 § 15.]

74.48.040 Administration and collection. (1) The department, in cooperation with the office of financial management, shall develop rules for determining the amount to be assessed to individual skilled nursing facilities, notifying individual skilled nursing facilities of the assessed amount, and collecting the amounts due. Such rule making shall specifically include provision for:

(a) Payment of the skilled nursing facility safety net assessment;
(b) Interest on delinquent assessments;
(c) Adjustment of the assessment amounts as follows:

(i) The assessment amounts under RCW 74.48.030 may be adjusted as follows:

(A) If sufficient other appropriated funds for skilled nursing facilities, are available to support the nursing facility reimbursement rates as authorized in the biennial appropriations act and other uses and payments permitted by RCW 74.48.020 and 74.48.030 without utilizing the full assessment authorized under RCW 74.48.030, the department shall reduce the amount of the assessment to the minimum level necessary to support those reimbursement rates and other uses and payments.

(B) So long as none of the conditions set forth in RCW 74.48.060(2) have occurred, if the department’s forecasts indicate that the assessment amounts under RCW 74.48.030, together with all other appropriated funds, are not sufficient to support the skilled nursing facility reimbursement rates authorized in the biennial appropriations act and other uses and payments authorized under RCW 74.48.020 and 74.48.030, the department shall increase the assessment rates to the amount necessary to support those reimbursement rates and other payments to the maximum amount allowable under federal law.

(C) Any positive balance remaining in the fund at the end of the fiscal year shall be applied to reduce the assessment amount for the subsequent fiscal year.

(ii) Beginning July 1, 2012, any adjustment to the assessment amounts pursuant to this subsection, and the data supporting such adjustment, including but not limited to relevant data listed in subsection (2) of this section, must be submitted to the Washington health care association, and aging services of Washington, for review and comment at least sixty calendar days prior to implementation of such adjusted assessment amounts. Any review and comment provided by the Washington health care association, and aging services of Washington, shall not limit the ability of either association or its members to challenge an adjustment or other action by the department that is not made in accordance with this chapter.

(2) By November 30th of each year, the department shall provide the following data to the office of financial management, the chair of the fiscal committee of the senate and the house of representatives, the Washington health care association, and aging services of Washington:

(a) The fund balance; and
(b) The amount of assessment paid by each skilled nursing facility.

(3) Assessments shall be assessed from July 1, 2011. [2011 1st sp.s. c 7 § 16.]

74.48.050 Exceptions. (1) Subject to subsection (4) of this section the department shall exempt the following nursing facility providers from the skilled nursing facility safety net assessment subject to federal approval under 42 C.F.R. Sec. 433.68(e)(2):

(a) Continuing care retirement communities;
(b) Nursing facilities with thirty-five or fewer licensed beds;
(c) State, tribal, and county operated nursing facilities; and
(d) Any nursing facility operated by a public hospital district and nursing facilities that are hospital-based.

(2) The department shall lower the skilled nursing facility safety net assessment for either certain high volume medicaid nursing facilities or certain facilities with high resident volumes to meet the redistributive tests of 42 C.F.R. Sec. 433.68(e)(2).

(3) The department shall lower the skilled nursing facility safety net assessment for any skilled nursing facility with a licensed bed capacity in excess of two hundred three beds to the same level described in subsection (2) of this section.

(4) To the extent necessary to obtain federal approval under 42 C.F.R. Sec. 433.68(e)(2), the exemptions prescribed
in subsections (1), (2), and (3) of this section may be amended by the department.

(5) The per resident day assessment rate shall be the same amount for each affected facility except as prescribed in subsections (1), (2), and (3) of this section.

(6) The department shall notify the nursing facility operators of any skilled nursing facilities that would be exempted from the skilled nursing facility safety net assessment pursuant to the waiver request submitted to the United States department of health and human services under this section. [2011 1st sp.s. c 7 § 17.]

74.48.060 Conditions. (1) If the centers for medicare and medicaid services fail to approve any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter then the assessment authorized in RCW 74.48.040 shall cease to be imposed.

(2) Nothing in subsection (1) of this section prohibits the department from working cooperatively with the centers for medicare and medicaid services to secure approval of any needed state plan amendments or waiver requests. As provided in RCW 74.48.030 and 74.48.050, the department shall adjust any submitted state plan amendments or waiver requests as necessary to achieve approval.

(3) If this chapter does not take effect or ceases to be imposed, any moneys remaining in the fund shall be refunded to skilled nursing facilities in proportion to the amounts paid by such facilities. [2011 1st sp.s. c 7 § 18.]

74.48.070 Assessment part of operating overhead. The incidence and burden of assessments imposed under this chapter shall be on skilled nursing facilities and the expense associated with the assessments shall constitute a part of the operating overhead of the facilities. Skilled nursing facilities shall not itemize the safety net assessment on billings to residents or third-party payers. [2011 1st sp.s. c 7 § 19.]

74.48.080 Enforcement. If a nursing facility fails to make timely payment of the safety net assessment, the department may seek a remedy provided by law, including, but not limited to:

(1) Withholding any medical assistance reimbursement payments until such time as the assessment amount is recovered;

(2) Suspension or revocation of the nursing facility license; or

(3) Imposition of a civil fine up to one thousand dollars per day for each delinquent payment, not to exceed the amount of the assessment. [2011 1st sp.s. c 7 § 20.]

74.48.090 Quality incentive payments. (1) The department and the department of health, in consultation with the Washington state health care association, and aging services of Washington, shall design a system of skilled nursing facility quality incentive payments. The design of the system shall be submitted to the relevant policy and fiscal committees of the legislature by December 15, 2011. The system shall be based upon the following principles:

(a) Evidence-based treatment and processes shall be used to improve health care outcomes for skilled nursing facility residents;

(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common quality improvement measures, while recognizing that some measures may not be appropriate for application to facilities with high bariatric, behaviorally challenged, or rehabilitation populations;

(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to skilled nursing facilities should be minimized by giving priority to measures skilled nursing facilities that are currently required to report to governmental agencies, such as the nursing home compare measures collected by the federal centers for medicare and medicaid services;

(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for skilled nursing facilities to achieve, yet represent real improvements in quality and performance for a majority of skilled nursing facilities in Washington state; and

(e) Skilled nursing facilities performance and incentive payments should be designed in a manner such that all facilities in Washington are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) Pursuant to an appropriation by the legislature, for state fiscal year 2013 and each fiscal year thereafter, assessments may be increased to support an additional one percent increase in skilled nursing facility reimbursement rates for facilities that meet the quality incentive benchmarks established under this section. [2011 1st sp.s. c 7 § 21.]

74.48.900 Severability—2011 1st sp.s. c 7. Except as provided in RCW 74.48.060, if any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2011 1st sp.s. c 7 § 24.]

74.48.901 Effective date—2011 1st sp.s. c 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011. [2011 1st sp.s. c 7 § 26.]

74.50.055 Treatment services—Eligibility. (1) A person shall not be eligible for treatment services under this chapter unless he or she:

(a) Meets the income and resource eligibility requirements for the medical care services program under RCW 74.09.035(1)(a)(iv) and (v); and

(b) Is incapacitated from gainful employment, which incapacity will likely continue for a minimum of sixty days.

74.50.060 Shelter assistance program. The department shall establish a shelter assistance program to provide, within available funds, shelter for persons eligible under this chapter. "Shelter," "shelter support," or "shelter assistance" means a facility under contract to the department providing room and board in a supervised living arrangement, normally in a group or dormitory setting, to eligible recipients under this chapter. This may include supervised domiciliary facilities operated under the auspices of public or private agencies. No facility under contract to the department shall allow the consumption of alcoholic beverages on the premises. Any facility under contract to the department providing room and board in a supervised living arrangement, normally in a group or dormitory setting, to eligible recipients under this chapter shall be to receive and disburse funds, together with accrued interest, in accordance with this chapter. Moneys in the fund, including interest earned, shall not be used or disbursed for any purposes other than those specified in this chapter. Any amounts expended from the fund that are later recouped by the department on audit or otherwise shall be returned to the fund.

(a) Any unexpended balance in the fund at the end of a fiscal biennium shall carry over into the following biennium and shall be applied to reduce the amount of the assessment under RCW 74.60.050(1)(c).

(b) Any amounts remaining in the fund on July 1, 2013, shall be used to make increased payments in accordance with RCW 74.60.090 and 74.60.120 for any outstanding claims with dates of service prior to July 1, 2013. Any amounts remaining in the fund after such increased payments are made shall be refunded to hospitals, pro rata according to the amount paid by the hospital, subject to the limitations of federal law.

74.62.030 Assistance programs—Eligibility criteria. (1)(a) Effective November 1, 2011, the aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

1. Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance.

2. Meet the eligibility requirements of subsection (3) of this section; and

3. Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

   A. "Aged" means age sixty-five or older.

   B. "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

   C. "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant’s multiple impairments, an applicant’s age, and vocational and educational history.

These persons shall be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to alcoholics and drug addicts who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

   II. Persons for whom there has been a final determination of ineligibility for federal supplemental security income benefits.

   (c) Persons may receive aged, blind, or disabled assistance benefits pending application for federal supplemental security income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person’s receipt of supplemental security...
income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) Effective November 1, 2011, the pregnant women assistance program shall provide financial grants to persons who:

(a) Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; and

(c) Meet the eligibility requirements of subsection (3) of this section.

(3) To be eligible for the aged, blind, or disabled assistance program under subsection (1) of this section or the pregnant women assistance program under subsection (2) of this section, a person must:

(c) Have not refused or failed without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person’s physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(d) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Effective November 1, 2011, referrals for essential needs and housing support under RCW 43.185C.220 shall be provided to persons found eligible for medical care services under RCW 74.09.035 who are not recipients of alcohol and addiction services provided under chapter 74.50 RCW or are not recipients of aged, blind, or disabled assistance.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

The county, city, or town shall notify the department and the department of ecology in writing sixty days prior to adoption of the development regulations required in this section. (a) Land use planning or zoning authority: PROVIDED, That exercise of such authority may regulate forest practices only where the application submitted under RCW 76.09.060 as now or hereafter amended indicates that the lands are being converted to a use other than commercial forest product production: PROVIDED, That no permit system solely for forest practices shall be allowed; that any additional or more stringent regulations shall not be inconsistent with the forest practices regulations enacted under this chapter; and such local regulations shall not unreasonably prevent timber harvesting;

(b) Taxing powers;

(i) Is a small forest landowner as defined in (d) of this subsection; and

(ii) Is an individual, partnership, corporation, or other nongovernmental for-profit legal entity.

(c) "Qualifying timber" means those forest trees for which the small forest landowner is willing to grant the state a forestry riparian easement and must meet all of the following:

(i) The forest trees are covered by a forest practices application that the small forest landowner is required to leave unharvested under the rules adopted under RCW 76.09.055 and 76.09.370 or that is made uneconomic to harvest by those rules;

(ii) The forest trees are within or bordering a commercially reasonable harvest unit as determined under rules adopted by the forest practices board, or for which an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules;

(iii) The forest trees are located within, or affected by forest practices rules pertaining to any one, or all, of the following:

(A) Riparian or other sensitive aquatic areas;

(B) Channel migration zones; or

(C) Areas of potentially unstable slopes or landforms, verified by the department, and must meet all of the following:

(I) Are addressed in a forest practices application;

(II) Are adjacent to a commercially reasonable harvest area; and

(III) Have the potential to deliver sediment or debris to a public resource or threaten public safety.

(d) "Small forest landowner" means a landowner meeting all of the following characteristics:

(i) A forest landowner as defined in RCW 76.09.020 whose interest in the land and timber is in fee or who has rights to the timber to be included in the forestry riparian easement that extend at least fifty years from the date that the department offers compensation for the forestry riparian easement application associated with the easement is submitted;

(ii) An entity that has harvested from its own lands in this state during the three years prior to the year of application an average timber volume that would qualify the owner as a small harvester under RCW 84.33.035; and

(iii) An entity that certifies at the time of application that it does not expect to harvest from its own lands more than the volume allowed by RCW 84.33.035 during the ten years following application. If a landowner’s prior three-year average harvest exceeds the limit of RCW 84.33.035, or the landowner expects to exceed this limit during the ten years following application, and that landowner establishes to the department’s reasonable satisfaction that the harvest limits were or will be exceeded to raise funds to pay estate taxes or equally compelling and unexpected obligations such as court-ordered judgments or extraordinary medical expenses, the landowner shall be deemed to be a small forest landowner.

For purposes of determining whether a person qualifies as a small forest landowner, the small forest landowner office, created in RCW 76.13.110, shall evaluate the landowner under this definition, pursuant to RCW 76.13.160, as of the date that the forest practices application is submitted and the date that the department offers compensation for the forestry riparian easement. A small forest landowner can include an individual, partnership, corporation, or other nongovernmental legal entity. If a landowner grants timber rights to another entity for less than five years, the landowner may still qualify as a small forest landowner under this section. If a landowner is unable to obtain an approved forest practices application for timber harvest for any of his or her land because of restrictions under the forest practices rules, the landowner may still qualify as a small forest landowner under this section.

(e) "Completion of harvest" means that the trees have been harvested from an area that further entry into that area by mechanized logging or slash treating equipment is not expected.

(3) The department is authorized and directed to accept and hold in the name of the state of Washington forestry riparian easements granted by qualifying small forest landowners covering qualifying timber and to pay compensation to such landowners in accordance with this section. The department may not transfer the easements to any entity other than another state agency.

(4) Forestry riparian easements shall be effective for fifty years from the date of the completed forestry riparian easement application, unless the easement is voluntarily terminated earlier by the department, based on a determination that termination is in the best interest of the state, or under the terms of a termination clause in the easement.

(5) Forestry riparian easements shall be restrictive only, and shall preserve all lawful uses of the easement premises by the landowner that are consistent with the terms of the easement and the requirement to protect riparian functions during the term of the easement, subject to the restriction that the leave trees required by the rules to be left on the easement premises may not be cut during the term of the easement. No right of public access to or across, or any public use of the easement premises is created by this statute or by the easement. Forestry riparian easements shall not be deemed to trigger the compensating tax of or otherwise disqualify land from being taxed under chapter 84.33 or 84.34 RCW.

(6) The small forest landowner office shall determine what constitutes a completed application for a forestry riparian easement. Such an application shall, at a minimum, include documentation of the owner’s status as a qualifying small forest landowner, identification of location and the types of qualifying timber, and notification of completion of harvest, if applicable.

(7) Upon receipt of the qualifying small forest landowner’s forestry riparian easement application, and subject to
the availability of amounts appropriated for this specific purpose, the following must occur:

(a) The small forest landowner office shall determine the compensation to be offered to the qualifying small forest landowner for qualifying timber after the department accepts the completed forestry riparian easement application and the landowner has completed marking the boundary of the area containing the qualifying timber. The legislature recognizes that there is not readily available market transaction evidence of value for easements of the nature required by this section, and thus establishes the methodology provided in this subsection to ascertain the value for forestry riparian easements. Values so determined may not be considered competent evidence of value for any other purpose.

(b) The small forest landowner office, subject to the availability of amounts appropriated for this specific purpose, is responsible for assessing the volume of qualifying timber. However, no more than fifty percent of the total amounts appropriated for the forestry riparian easement program may be applied to determine the volume of qualifying timber for completed forestry riparian easement applications. Based on the volume established by the small forest landowner office and using data obtained or maintained by the department of revenue under RCW 84.33.074 and 84.33.091, the small forest landowner office shall attempt to determine the fair market value of the qualifying timber as of the date the complete forestry riparian easement application is received. Removal of any qualifying timber before the expiration of the easement must be in accordance with the forest practices rules and the terms of the easement. There shall be no reduction in compensation for reentry.

(b)(a) Except as provided in subsection (9) of this section and subject to the availability of amounts appropriated for this specific purpose, the small forest landowner office shall offer compensation for qualifying timber to the qualifying small forest landowner in the amount of fifty percent of the value determined by the small forest landowner office, plus the compliance and reimbursement costs as determined in accordance with RCW 76.13.140. However, compensation for any qualifying small forest landowner for qualifying timber located on potentially unstable slopes or landforms may not exceed a total of fifty thousand dollars during any biennial funding period.

(b) If the landowner accepts the offer for qualifying timber, the department shall pay the compensation promptly upon:

(i) Completion of harvest in the area within a commercially reasonable harvest unit with which the forestry riparian easement is associated under an approved forest practices application, unless an approved forest practices application for timber harvest cannot be obtained because of restrictions under the forest practices rules;

(ii) Verification that the landowner has no outstanding violations under chapter 76.09 RCW or any associated rules; and

(iii) Execution and delivery of the easement to the department.

(c) Upon donation or payment of compensation, the department may record the easement.

(9) For approved forest practices applications for which the regulatory impact is greater than the average percentage impact for all small forest landowners as determined by an analysis by the department under the regulatory fairness act, chapter 19.85 RCW, the compensation offered will be increased to one hundred percent for that portion of the regulatory impact that is in excess of the average. Regulatory impact includes all trees identified as qualifying timber. A separate average or high impact regulatory threshold shall be established for western and eastern Washington. Criteria for these measurements and payments shall be established by the small forest landowner office.

(10) The forest practices board shall adopt rules under the administrative procedure act, chapter 34.05 RCW, to implement the forestry riparian easement program, including the following:

(a) A standard version of a forestry riparian easement application as well as all additional documents necessary or advisable to create the forestry riparian easements as provided for in this section;

(b) Standards for descriptions of the easement premises with a degree of precision that is reasonable in relation to the values involved;

(c) Methods and standards for cruises and valuation of forestry riparian easements for purposes of establishing the compensation. The department shall perform the timber cruises of forestry riparian easements required under this chapter and chapter 76.09 RCW. Timber cruises are subject to amounts appropriated for this purpose. However, no more than fifty percent of the total appropriated funding for the forestry riparian easement program may be applied to determine the volume of qualifying timber for completed forestry riparian easement applications. Any rules concerning the methods and standards for valuations of forestry riparian easements shall apply only to the department, qualifying small forest landowners, and the small forest landowner office;

(d) A method to determine that a forest practices application involves a commercially reasonable harvest, and adopt criteria for entering into a forestry riparian easement where a commercially reasonable harvest is not possible or a forest practices application that has been submitted cannot be approved because of restrictions under the forest practices rules;

(e) A method to address blowdown of qualified timber falling outside the easement premises;

(f) A formula for sharing of proceeds in relation to the acquisition of qualified timber covered by an easement through the exercise or threats of eminent domain by a federal or state agency with eminent domain authority, based on the present value of the department’s and the landowner’s relative interests in the qualified timber;

(g) High impact regulatory thresholds;

(h) A method to determine timber that is qualifying timber because it is rendered uneconomic to harvest by the rules adopted under RCW 76.09.055 and 76.09.370;

(i) A method for internal department review of small forest landowner office compensation decisions under this section; and

(j) Consistent with RCW 76.13.180, a method to collect reimbursement from landowners who received compensation for a forestry riparian easement and who, within the first ten years after receipt of compensation for a forestry riparian easement, sells the land on which an easement is located to a

Findings—Intent—2011 c 187: "(1) The legislature finds that there are many challenges facing the forest sector, such as climate change, loss of forest cover in rural and urban areas, forest health and fire risks, the development of environmental service markets, the enhancement of habitat and biodiversity, timber and water supply, restoration of forest ecosystems, and the economic health of forest-dependent communities that rely on the retention of working forests.

(2) The legislature further finds that these forest issues, which occur in both rural and urban environments, and the approaches taken to address the issues, transcend the expertise and mission of the University of Washington school of forest resources and the associated centers and cooperatives. While each of these centers and cooperatives contribute expertise and resources, the structure and continuity for the integrated, interdisciplinary approach needed to address these complex issues is lacking.

(3) It is the intent of the legislature for the institute of forest resources to provide the structure and continuity needed by drawing contributions from the associated centers and cooperatives into a more consolidated, collaborative, interdisciplinary, and integrated process that is responsive to the critical issues confronting the forest sector." If, within the first ten years after receipt of compensation for a forestry riparian easement, a landowner sells the land on which an easement is located to a nonqualifying landowner, then the selling landowner must reimburse the state for the full compensation received for the forestry riparian easement. The department continues to hold, in the name of the state, the forestry riparian easement for the full term of the easement. The department may not transfer the easement to any entity other than another state agency. [2011 c 218 § 5.]

Addressing issues facing the forest sector.

The legislature finds that there are many issues facing the forest sector, such as climate change, forest health and fire, carbon accounting, habitat and diversity, timber and water supplies, economic competitiveness, and the economic health of forest dependent communities. Enhancing the capability to effectively address these forest issues is critical to the state of Washington. To meet this need, the University of Washington school of forest resources will continue to work with the various interests concerned with the state’s forest resources, including the legislature, state and federal governments, environmental organizations, local communities, the timber industry, and tribes, to improve these entities’ ability to competitively recruit, educate, and train a high quality workforce. In order to meet these goals, it is important to our state, and in particular the University of Washington, to continue to have strong undergraduate and graduate programs in forestry and natural resources to provide well-trained professionals to meet workforce needs. [2011 c 187 § 2; 2010 c 188 § 2.]

Findings—Intent—2011 c 187: See note following RCW 76.44.020.

Findings—Intent—2010 c 188: "(1) The legislature finds that sustainably managed commercial forestry produces jobs and revenue while also providing clean water, clean air, renewable energy, wildlife habitat, open space, and carbon storage, among other ecological values. For these reasons, maintaining a base of forest lands that may be utilized for sustainably managed commercial forestry is of utmost importance to the state.

(2) The legislature finds that the promotion and fostering of the economic success of the forest products industry with the goal of keeping sustainably managed forestry as a priority land use, and helping to secure the timeliness, growing, harvesting, transporting, and manufacturing jobs is made possible by a vibrant working forest land base.

(3) The legislature further finds that maintaining sustainable working forests is important for the quality of life of all Washingtonians, and that sustainable forest practices can help to maintain and restore the vitality of Washington’s communities while also helping to preserve Washington’s natural landscapes and ecosystems.

(4) The legislature further finds that it is necessary to assist landowners in gaining access to additional sources of revenue, such as emerging ecosystem services markets, and to help landowners diversify their incomes, improve the ecological functions of their lands, and pass their lands and the lands’ associated benefits to future generations.

(5) The legislature further finds that the conservation and restoration of forest ecosystems provide services to the residents of the state that help improve water and habitat quality, help avoid carbon emissions, help address climate impacts associated with climate change, and help natural resources adapt to these impacts.

(6) The legislature further finds that ecosystem services markets can lead to efficient, innovative, and effective conservation and restoration actions and facilitate improved integration of public and private investment.

(7) Therefore, it is the intent of the legislature to develop tools to facilitate small and industrial forest landowners’ access to market capital from existing and emerging ecosystem services markets.

(8) The legislature further intends to enable forest landowners who provide ecosystem services access to financing to protect, restore, and maintain the ecological values provided by protection of public resources." [2010 c 188 § 1.]

676.44.080 Policy advisory committee—Membership—Compensation. (1) The director of the school of forest resources at the University of Washington may, at the discretion of the director, appoint and maintain an eleven-member policy advisory committee to advise the director on policies for the institute of forest resources that are consistent with the institute’s objectives as provided in this chapter.

(2) If activated, the membership of the policy advisory committee must represent, to the extent possible, the various interests concerned with the institute of forest resources, including state and federal agencies, tribal governments, conservation and environmental organizations, urban forestry interests, rural communities, industry, and business.

(3) Members of the advisory committee may not receive any salary or other compensation for service on the advisory committee. However, each member may be compensated, at the discretion of the director of the institute, for each day in actual attendance at or traveling to and from meetings of the advisory committee in accordance with RCW 43.03.220 together with travel expenses in accordance with RCW 43.03.050 and 43.03.060. Findings—Intent—2011 c 187: See note following RCW 76.44.020.

676.44.090 Director to coordinate cooperatives and centers. The director of the school of forest resources at the University of Washington shall coordinate the various cooperatives and centers within the school of forest resources to
promote a holistic, efficient, and integrated approach that broadens the research and outreach programs and addresses issues facing the forest sector. [2011 c 187 § 7.]

Personalized license plates—Legislative declaration: “It is declared to be the public policy of the state of Washington to direct financial resources of this state toward the support and aid of the wildlife resources existing within the state of Washington in order that the general welfare of these inhabitants of the state be served. For the purposes of this chapter, wildlife resources are understood to be those species of wildlife other than that managed by the department of fisheries under their existing jurisdiction as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries. The legislature further finds that the preservation, protection, perpetuation, and enhancement of such wildlife resources of the state is of major concern to it,
and that aid for a satisfactory environment and ecological balance in this state for such wildlife resources serves a public interest, purpose, and desire.

It is further declared that such preservation, protection, perpetuation, and enhancement can be fostered through financial support derived on a voluntary basis from those citizens of the state of Washington who wish to assist in such objectives; that a desirable manner of accomplishing this is through offering personalized license plates for certain vehicles and campers the fees for which are to be directed to the state treasury to the credit of the state game fund for the purpose of making contributions toward the development and enhancement of the wildlife resources that abound within the geographical limits of the state of Washington.

In particular, the legislature recognizes the benefit of this program to be specifically directed toward those species of wildlife including but not limited to song birds, protected wildlife, rare and endangered wildlife, aquatic life, and specialized-habitat types, both terrestrial and aquatic, as well as all unclassified marine fish, shellfish, and marine invertebrates which shall remain under the jurisdiction of the director of fisheries that exist within the geographical limits of the state of Washington. [1975 c 59 § 7; 1973 1st ex.s. c 200 § 1. Formerly RCW 77.12.175.]

Reviser’s note: *(1) The term "this chapter" refers to chapter 77.12 RCW, where this section was originally codified, pursuant to legislative directive, as RCW 77.12.175. It was subsequently decodified by 1980 c 78 § 32.

*(2) References to the "state game fund" and "game department" mean the "state wildlife fund" and "department of wildlife." See note following RCW 77.04.020. The "state wildlife fund" was renamed the "state wildlife account" pursuant to 2005 c 224 § 4 and 2005 c 225 § 4.

77.12.670 Migratory bird permit/migratory bird license validations—Deposit and use of revenues. *(1) Beginning July 1, 2011, the department, after soliciting recommendations from the public, shall select the design for the migratory bird stamp.

(2) All revenue derived from the sale of migratory bird license validations or stamps by the department to any person hunting waterfowl or to any stamp collector shall be deposited in the state wildlife account and shall be used only for that portion of the cost of printing and production of the stamps for migratory waterfowl hunters as determined by subsection (4) of this section, and for those migratory waterfowl projects specified by the director of the department for the acquisition and development of migratory waterfowl habitat in the state and for the enhancement, protection, and propagation of migratory waterfowl in the state. Migratory bird license validation and stamp funds may not be used on lands controlled by private hunting clubs or on private lands that charge a fee for public access. Migratory bird license validation and stamp funds may be used for migratory waterfowl projects on private land where public hunting is provided by written permission or on areas established by the department as waterfowl hunting closures.

(3) All revenue derived from the sale of the license validation and stamp by the department to persons hunting solely nonwaterfowl migratory birds shall be deposited in the state wildlife account and shall be used only for that portion of the cost of printing and production of the stamps for nonwaterfowl migratory bird hunters as determined by subsection (4) of this section, and for those nonwaterfowl migratory bird projects specified by the director for the acquisition and development of nonwaterfowl migratory bird habitat in the state and for the enhancement, protection, and propagation of nonwaterfowl migratory birds in the state.

(4) With regard to the revenue from license validation and stamp sales that is not the result of sales to stamp collectors, the department shall determine the proportion of migratory waterfowl hunters and solely nonwaterfowl migratory bird hunters by using the yearly migratory bird hunter harvest information program survey results or, in the event that these results are not available, other similar survey results. A two-year average of the most recent survey results shall be used to determine the proportion of the revenue attributed to migratory waterfowl hunters and the proportion attributed to solely nonwaterfowl migratory bird hunters for each fiscal year.

Additional notes found at www.leg.wa.gov
For fiscal year 1998-99 and for fiscal year 1999-2000, ninety-six percent of the stamp revenue shall be attributed to migratory waterfowl hunters and four percent of the stamp revenue shall be attributed to solely nonwaterfowl migratory game hunters.

(5) Acquisition shall include but not be limited to the acceptance of gifts of real estate or any interest therein or the rental, lease, or purchase of real estate or any interest therein. If the department acquires any fee interest, leasehold, or rental interest in real property under this section, it shall allow the general public reasonable access to that property and shall, if appropriate, ensure that the deed or other instrument creating the interest allows such access to the general public. If the department obtains a covenant in real property in its favor or an easement or any other interest in real property under this section, it shall exercise its best efforts to ensure that the deed or other instrument creating the interest grants to the general public in the form of a covenant running with the land reasonable access to the property. The private landowner from whom the department obtains such a covenant or easement shall retain the right of granting access to the lands by written permission, but may not charge a fee for access.

(6) The department may produce *migratory bird stamps in any given year in excess of those necessary for sale in that year. The excess stamps may be sold to the public. [2011 1st sp.s. c 21 § 15; 2002 c 283 § 2; 1998 c 191 § 32; 1987 c 506 § 53; 1985 c 243 § 4.]

*Reviser’s note: The term "migratory bird stamp" was changed to "migratory bird permit" pursuant to 2011 c 339 § 2.

The administration, sale, distribution, and other matters relating to the prints and sales of stamps with prints and related artwork shall be the responsibility of the department.

(2) The total amount brought in from the sale of prints and related artwork shall be deposited in the state wildlife account created in RCW 77.12.170. The costs of producing and marketing of prints and related artwork shall be paid out of the total amount brought in from sales of those same items. Net funds derived from the sale of prints and related artwork shall be used by the director to contract with one or more appropriate individuals or nonprofit organizations for the development of waterfowl propagation projects within Washington which specifically provide waterfowl for the Pacific flyway. The department shall not contract with any individual or organization that obtains compensation for allowing waterfowl hunting except if the individual or organization does not permit hunting for compensation on the subject property. Expenditures from the account may only be used as provided in this section. Moneys in the account may be spent only after appropriation.

(2) Funds in the aquatic invasive species prevention account may be appropriated to the department to develop an aquatic invasive species prevention program for recreational and commercial watercraft. Funds must be expended as follows:

The plan must address the treatment and immediate response to the introduction to Washington waters of aquatic invasive species. Agency and public review of the plan must be conducted under chapter 43.21C RCW, the state environmental policy act. If the implementation measures or actions would have a probable significant adverse environmental impact, a detailed statement under chapter 43.21C RCW must be prepared on the plan.

(3) Funds in the aquatic invasive species enforcement account created in RCW 43.43.400 may be appropriated to the department and Washington state patrol to develop an aquatic invasive species enforcement program for recreational and commercial watercraft. The department shall provide training to Washington state patrol employees working at port of entry weigh stations, and other local law enforcement employees, on how to inspect recreational and commercial watercraft for the presence of aquatic invasive species. A person who enters Washington by road transporting any commercial or recreational watercraft that has been used in any designated aquatic invasive species state or foreign country as defined by rule of the department must have in his or her possession valid documentation that the watercraft has been inspected and found free of aquatic invasive species. The department is authorized to require persons transporting recreational and commercial watercraft to stop at check stations. Any person stopped at a check station who possesses a recreational or commercial watercraft that has been used in any designated aquatic invasive species state or foreign country as defined by rule of the department, or that is contaminated with aquatic invasive species, must bear the expense for any necessary impoundment, transportation, cleaning, and decontamination of the watercraft. Any person stopped at a check station who possesses a recreational or commercial watercraft that has been used in any designated aquatic invasive species state or foreign country as defined by rule of the department, or that is contaminated with aquatic invasive species, is exempt from the criminal penalties found in RCW 77.15.253 and 77.15.290, and forfeiture under RCW 77.15.070, if that person complies with all department directives for the proper decontamination of the watercraft and equipment.

(1) Except as otherwise provided in this section, a person is guilty of unlawful trade in shark fins in the second degree if:

(a) The person sells, offers for sale, purchases, offers to purchase, or otherwise exchanges a shark fin or shark fin derivative product for commercial purposes; or

(b) The person prepares or processes a shark fin or shark fin derivative product for human or animal consumption for commercial purposes.

(2) Except as otherwise provided in this section, a person is guilty of unlawful trade in shark fins in the first degree if:

(a) The person commits the act described by subsection (1) of this section and the violation involves shark fins or a shark fin derivative product with a total market value of two hundred fifty dollars or more;

(b) The person commits the act described by subsection (1) of this section and acted with knowledge that the shark fin or shark fin derivative product originated from a shark that was harvested in an area or at a time where or when the harvest was not legally allowed or by a person not licensed to harvest the shark; or

(c) The person commits the act described by subsection (1) of this section and the violation occurs within five years of entry of a prior conviction under this section or a prior conviction for any other gross misdemeanor or felony under this title involving fish, other than a recreational fishing violation.

(3)(a) Unlawful trade in shark fins in the second degree is a gross misdemeanor. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.

(b) Unlawful trade in shark fins in the first degree is a class C felony. Upon conviction, the department shall suspend any commercial fishing privileges for the person that requires a license under this title for a period of one year.

(4) Any person who obtains a license or permit issued by the department to take or possess sharks or shark parts for bona fide research or educational purposes, and who sells, offers for sale, purchases, offers to purchase, or otherwise trades a shark fin or shark fin derivative product, exclusively for bona fide research or educational purposes, may not be held liable under or subject to the penalties of this section.

(5) Nothing in this section prohibits the sale, offer for sale, purchase, offer to purchase, or other exchange of shark fins or shark fin derivative products for commercial purposes,
or preparation or processing of shark fins or shark fin derivative products for purposes of human or animal consumption for commercial purposes, if the shark fins or shark fin derivative products were lawfully harvested or lawfully acquired prior to July 22, 2011. [2011 c 324 § 2.]

Findings—2011 c 324: "The legislature finds and declares the following:

(1) The practice of shark finning, where a shark is caught, its fins are sliced off while it is still alive, and the animal returned to the sea severely and almost always fatally wounded, constitutes a serious threat to Washington’s coastal ecosystem and biodiversity. Sharks are particularly susceptible to overfishing because they only reach sexual maturity between seven to twelve years of age and hatch or birth small litters. The destruction of the population of sharks, which reside at the top of the marine food chain, is an urgent problem that upsets the balance of species in the ocean ecosystem.

(2) Shark finning condemns millions of sharks every year to slow, painful deaths. Returned to the water without their fins, the maimed sharks are attacked by other predators or drown, because most shark species must swim in order to push water through their gills. Shark finning is therefore a cruel practice contrary to the good morals of the citizens of the state of Washington.

(3) The market for shark fins drives the brutal practice of shark finning. Shark finning and trade in shark fins and shark fin derivative products are occurring all along the Pacific Coast, including the state of Washington.

(4) The consumption of shark fins and shark fin derivative products by humans may cause serious health risks, including risks from mercury." [2011 c 324 § 1.]

LICENSES

77.32.050 Recreational and commercial licenses, permits, tags, stamps, and raffle tickets issued by authorized officials—Rules—Fees. (1) All recreational and commercial licenses, permits, tags, stamps, and raffle tickets shall be issued under the authority of the commission. The commission shall adopt rules for the issuance of licenses, permits, tags, stamps, and raffle tickets, and for the collection, payment, and handling of license fees, including terms and conditions to govern dealers, and dealer fees. A transaction fee on commercial and recreational documents issued through an automated licensing system may be set by the commission and collected from licensees. The department may authorize all or part of such fee to be paid directly to a contractor providing automated licensing system services. The department and dealers shall collect and retain dealer fees of at least two dollars for purchase of a standard hunting or fishing recreational license document or commercial license document, except that the commission may set a lower dealer fee for issuance of tags or when a licensee buys a license that involves a stamp or display card format rather than a standard department licensing document form. Dealer fees must be uniform throughout the state.

(2) Until September 1, 2011, the department shall charge an additional transaction fee of ten percent on all recreational licenses, permits, tags, stamps, or raffle tickets. These transaction fees must be deposited into the state wildlife account, created in RCW 77.12.170, for funding fishing and hunting opportunities for recreational license holders.

(3) The application fee is waived for all commercial license documents that are issued through the automated licensing system. **Finding—1999 c 243:** "The legislature finds that recreational license dealers are private businesses that provide the service of license sales in every part of the state. The dealers who sell recreational fishing and hunting licenses for the department of fish and wildlife perform a valuable public service function for those members of the public who purchase licenses as well as a revenue generating function for the department. The modernized fishing and hunting license format will require additional investments by license dealers in employee training and public education." [1999 c 243 § 1]

Finding—2007 c 336: "The department of fish and wildlife shall monitor the sale of personal use shellfish and seaweed licenses and razor clam licenses for four years from July 22, 2007. If in any of the four years the number of license sales drop more than ten percent from July 22, 2007, then the department of fish and wildlife shall report the sales and revenue data for the licenses along with any relevant information regarding the reasons for the decrease to the legislature." [2007 c 336 § 2.]

Finding—2003 c 317: "The legislature finds that healthy wildlife populations significantly contribute to the economic vitality of Washington’s rural areas through increased opportunities for watchable wildlife and related tourism. Travel related to watchable wildlife is one of the fastest growing segments of the travel industry. Much of this travel occurs off-season, creating jobs and providing revenue to local businesses and governments during otherwise slow periods. The watchable wildlife industry is particularly important to Washington’s rural economies.

The legislature also finds that it is vital to support programs that enhance watchable wildlife activities and tourism, while also protecting the wildlife resources that attract the viewers. A revenue source must be created and directed to the watchable wildlife programs of the department of fish and wildlife to develop watchable wildlife opportunities in cooperation with other local, state, and federal agencies, and nongovernmental organizations." Finding—1999 c 243: See notes following RCW 77.32.050.

Finding—1993 sp.s. c 17: "The legislature finds that additional cost savings can be realized by streamlining the department of fisheries recreational licensing system. The legislature finds that significant benefits will accrue to recreational fishermen from streamlining the department of fisheries recreational licensing system. The legislature finds that reduction in important department of fisheries programs can be avoided by increasing license fees and commercial landing taxes. The legislature finds that it is in the best interest of the state to avoid significant reductions in current department of fisheries activities." [1993 sp.s. c 17 § 1.]

77.65.020 Transfer of licenses—Restrictions—Fees—Inheritability.
Title 77 RCW: Fish and Wildlife

77.65.020 Transfer of licenses—Restrictions—Fees—Inheritability. (1) Unless otherwise provided in this title, a license issued under this chapter is not transferable from the license holder to any other person.

(a) The license holder shall surrender the previously issued license to the department.

(b) The department shall complete no more than one transfer of the license in any seven-day period.

(c) The fee to transfer a license from one license holder to another is:

(2) A salmon charter license designating a vessel is required to operate a charter boat from which persons may, for a fee, fish for salmon, other food fish, and shellfish. The director may issue a salmon charter license only to a person who meets the qualifications of RCW 77.70.050.

(3) A nonsalmon charter license designating a vessel is required to operate a charter boat from which persons may, for a fee, fish for food fish other than salmon, albacore tuna, and shellfish.

"Charter boat" also means a vessel from which persons may, for a fee, fish for food fish or shellfish for personal use in offshore waters or in the waters of other states. The director may specify by rule when a vessel is a "charter boat" within this definition.

(b) A person may not operate a vessel from which persons may, for a fee, fish for food fish or shellfish in Puget Sound, Grays Harbor, Willapa Bay, Pacific Ocean waters, Lake Washington, or the Columbia river below the bridge at Longview unless the vessel is designated on a charter boat license.

The provisions of this subsection shall be in effect as long as the state of Oregon has reciprocal laws and regulations.

(6) A salmon charter license under subsection (1)(b) of this section may be renewed if the license holder notifies the department by May 1st of that year that he or she will not participate in the fishery during that calendar year. The license holder must pay the one hundred dollar enhancement surcharge, a thirty-five dollar surcharge to be deposited in the rockfish research account created in RCW 77.12.702, plus a one hundred five dollar application fee, in order to be considered a valid renewal and eligible to renew the license the following year. #### Legislative intent—Funding of salmon enhancement facilities—Use of license fees—1977 ex.s. c 327:

"The long range economic development goals for the state of Washington shall include the restoration of salmon runs to provide an increased supply of this valuable renewable resource for the benefit of commercial and recreational users and the economic well-being of the state. For the purpose of providing funds for the planning, acquisition, construction, improvement, and operation of salmon enhancement facilities within the state it is the intent of the legislature that the revenues received from fees from the issuance of vessel delivery permits, charter boat licenses, trolling gear licenses, gill net gear licenses, purse seine gear licenses, reef net gear licenses, anadromous salmon angling licenses and all moneys received from all privilege fees and fish sales taxes collected on fresh or frozen salmon or parts thereof be utilized to fund such costs.

The salmon enhancement program funded by commercial and recreational fishing fees and taxes shall be for the express benefit of all persons whose fishing activities fall under the management authority of the Washington department of fisheries and who actively participate in the fishery during that calendar year. The license holder must pay the one hundred dollar enhancement surcharge, a thirty-five dollar surcharge to be deposited in the rockfish research account created in RCW 77.12.702, plus a one hundred five dollar application fee, in order to be considered a valid renewal and eligible to renew the license the following year. 77.65.280 Wholesale fish dealer’s license—Fees—Exemption. A wholesale fish dealer’s license is required for:

1. A business in the state to engage in the commercial processing of food fish or shellfish, including custom canning or processing of personal use food fish or shellfish.
2. A business in the state to engage in the wholesale selling, buying, or brokering of food fish or shellfish. A wholesale fish dealer’s license is not required of those businesses which buy exclusively from Washington licensed wholesale dealers and sell solely at retail.
3. Fishermen who land and sell their catch or harvest in the state to anyone other than a licensed wholesale dealer within or outside the state, unless the fisher has a direct retail endorsement.
4. A business to engage in the commercial manufacture or preparation of fertilizer, oil, meal, caviar, fish bait, or other by-products from food fish or shellfish.
5. A business employing a fish buyer as defined under RCW 77.65.340.

The annual license fee for a wholesale dealer is two hundred fifty dollars. The application fee is one hundred five dollars. A wholesale fish dealer’s license is not required for persons engaged in the processing, wholesale selling, buying, or brokering of private sector cultured aquatic products as...
defined in RCW 15.85.020. However, if a means of identifying such products is required by rules adopted under RCW 15.85.060, the exemption from licensing requirements established by this subsection applies only if the aquatic products are identified in conformance with those rules. Food Fish and Shellfish—Commercial Licenses

77.65.510 Direct retail endorsement—Fees—Responsibilities of holder and alternate operators. (1) The department must establish and administer a direct retail endorsement to serve as a single license that permits a Washington license holder or alternate operator to commercially harvest retail-eligible species and to clean, dress, and sell his or her catch directly to consumers at retail, including over the internet. The direct retail endorsement must be issued as an optional addition to all holders of: (a) A commercial fishing license for retail-eligible species that the department offers under this chapter; and (b) an alternate operator license who are designated as an alternate operator on a commercial fishing license for retail eligible species.

(2) The direct retail endorsement must be offered at the time of application for the qualifying commercial fishing license. Individuals in possession of a qualifying commercial fishing license issued under this chapter, and alternate operators designated on such a license, may add a direct retail endorsement to their current license at any time. Individuals who do not have a commercial fishing license for retail-eligible species issued under this chapter, and who are not designated as alternate operators on such a license, may not receive a direct retail endorsement. The costs, conditions, responsibilities, and privileges associated with the endorsed commercial fishing license is not affected or altered in any way by the addition of a direct retail endorsement. These costs include the base cost of the license and any revenue and excise taxes.

(3) An individual need only add one direct retail endorsement to his or her license portfolio. If a direct retail endorsement is selected by an individual holding more than one commercial fishing license issued under this chapter, a single direct retail endorsement is considered to be added to all qualifying commercial fishing licenses held by that individual, and is the only license required for the individual to sell at retail any retail-eligible species permitted by all of the underlying endorsed licenses. If a direct retail endorsement is selected by an individual designated as an alternate operator on more than one commercial license issued under this chapter, a single direct retail endorsement is the only license required for the individual to sell at retail any retail-eligible species permitted by all of the underlying endorsed licenses on which the individual is designated as an alternate operator. The direct retail endorsement applies only to the Washington license holder or alternate operator obtaining the endorsement.

(4) In addition to any fees charged for the endorsed licenses and harvest documentation as required by this chapter or the rules of the department, the department may set a reasonable annual fee not to exceed the administrative costs to the department for a direct retail endorsement. The application fee is one hundred five dollars.

(5) The holder of a direct retail endorsement is responsible for documenting the commercial harvest of salmon and crab according to the provisions of this chapter, the rules of the department for a wholesale fish dealer, and the reporting requirements of the endorsed license. Any retail-eligible species caught by the holder of a direct retail endorsement must be documented on fish tickets.

(6) The direct retail endorsement must be displayed in a readily visible manner by the seller wherever and whenever a sale to someone other than a licensed wholesale dealer occurs. The commission may require that the holder of a direct retail endorsement notify the department up to eighteen hours before conducting an in-person sale of retail-eligible species, except for in-person sales that have a cumulative retail sales value of less than one hundred fifty dollars in a twenty-four hour period that are sold directly from the vessel. For sales occurring in a venue other than in person, such as over the internet, through a catalog, or on the phone, the direct retail endorsement number of the seller must be provided to the buyer both at the time of sale and the time of delivery. All internet sales must be conducted in accordance with federal laws and regulations.

(7) The direct retail endorsement is to be held by a natural person and is not transferrable or assignable. If the endorsed license is transferred, the direct retail endorsement immediately becomes void, and the transferor is not eligible for a full or prorated reimbursement of the annual fee paid for the direct retail endorsement. Upon becoming void, the holder of a direct retail endorsement must surrender the physical endorsement to the department.

(8) The holder of a direct retail endorsement must abide by the provisions of Title 69 RCW as they apply to the processing and retail sale of seafood. The department must distribute a pamphlet, provided by the department of agriculture, with the direct retail endorsement generally describing the labeling requirements set forth in chapter 69.04 RCW as they apply to seafood.
(9) The holder of a qualifying commercial fishing license issued under this chapter, or an alternate operator designated on such a license, must either possess a direct retail endorsement or a wholesale dealer license provided for in RCW 77.65.280 in order to lawfully sell their catch or harvest in the state to anyone other than a licensed wholesale dealer.

(10) The direct retail endorsement entitles the holder to sell a retail-eligible species only at a temporary food service establishment as that term is defined in RCW 69.06.045, or directly to a restaurant or other similar food service business. Finding—2002 c 301: "The legislature finds that commercial fishing is vitally important not just to the economy of Washington, but also to the cultural heritage of the maritime communities in the state. Fischer men and women have a long and proud history in the Pacific Northwest. State and local governments should seek out ways to enable and encourage these professionals to share the rewards of their craft with the nonfishing citizens of and visitors to the state of Washington by encouraging the exploration and development of new niche markets." 77.65.530 Washington-coastal spot shrimp pot fishery license. (1) A Washington-coastal spot shrimp pot fishery license is required to:

(a) Use spot shrimp pot gear to fish for spot shrimp;

(b) Possess spot shrimp; and

(c) Deliver spot shrimp.

(2) Washington-coastal spot shrimp pot fishery licenses require vessel designation under RCW 77.65.100.

(3) A violation of this section is punishable under RCW 77.15.500. [2011 c 147 § 1.]

77.65.540 Coastal spot shrimp fishery—Report to the legislature. (Expires July 31, 2016.) (1) The director shall provide a report to the legislature, consistent with RCW 43.01.036, regarding the coastal spot shrimp fishery. The report must include any recommended changes to the licensing program created in RCW 77.65.530 deemed appropriate by the director. The report must take into consideration the status of the coastal spot shrimp population, the impact of the removal of coastal spot shrimp to the marine ecosystem, and the market for coastal spot shrimp.

(2) The report required by this section must be delivered by January 7, 2016.

(3) This section expires July 31, 2016. [2011 c 147 § 6.]

sion by the director or the court, the licensee may qualify for a license by establishing that the person held such a license during the last year in which the person was eligible.

(4) Surcharges as provided for in this section shall be collected and deposited into the sea cucumber dive fishery account hereby created in the custody of the state treasurer. The collections and deposits must continue, as set forth in (a) and (b) of this subsection, through license year 2013, or until the number of licenses is reduced to twenty, whichever occurs first. Only the director or the director’s designee may authorize expenditures from the account. The sea cucumber dive fishery account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. Expenditures from the account shall only be used to retire sea cucumber licenses until the number of licenses is reduced to twenty, and thereafter shall only be used for sea cucumber management and enforcement. The director or the director’s designee shall notify the department of revenue within thirty days when the number of licenses is reduced to twenty.

(a) A surcharge of one hundred dollars shall be charged with each sea cucumber dive fishery license renewal for licenses issued in 2000 through 2013, or until the number of licenses is reduced to twenty, whichever occurs first.

(b) For licenses issued for license years 2000 through 2013, or until the number of licenses is reduced to twenty, whichever occurs first, a surcharge shall be charged on the sea cucumber dive fishery license for designating an alternate operator. The surcharge shall be as follows: Five hundred dollars for the first year or each of the first two consecutive years after 1999 that any alternate operator is designated and two thousand five hundred dollars each year thereafter that any alternate operator is designated.

(5) Sea cucumber dive fishery licenses are transferable. For licenses issued for license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first, there is a surcharge to transfer a sea cucumber dive fishery license. The surcharge is five hundred dollars for the first transfer of a license valid for license year 2000 and two thousand five hundred dollars for any subsequent transfer, occurring in the license years 2000 through 2013, or whenever the number of licenses is reduced to twenty, whichever occurs first. The application fee to transfer a sea cucumber dive fishery license is one hundred fifty dollars. Notwithstanding this subsection, a one-time transfer exempt from surcharge applies for a transfer from the natural person licensed on January 1, 2000, to that person’s spouse or child.

(6) If fewer than twenty persons are eligible for sea cucumber dive fishery licenses, the director may accept applications for new licenses. The additional licenses may not cause more than twenty natural persons to be eligible for a sea cucumber dive fishery license. New licenses issued under this section shall be distributed according to rules of the department that recover the value of such licensed privilege. Finding, intent—Captions not law—Effective date—Severability—1993 c 340: See notes following RCW 77.65.010.

Legislative findings—1990 c 61: “The legislature finds that a significant commercial sea cucumber fishery is developing within state waters. The potential for depletion of the sea cucumber stocks in these waters is increasing, particularly as the sea cucumber fishery becomes an attractive alternative to commercial fishers who face increasing restrictions on other types of commercial fishery activities. The legislature finds that the number of commercial fishers engaged in commercially harvesting sea cucumbers has rapidly increased. This factor, combined with increases in market demand, has resulted in strong pressures on the supply of sea cucumbers.

The legislature finds that increased regulation of commercial sea cucumber fishing is necessary to preserve and efficiently manage the commercial sea cucumber fishery in the waters of the state.

The legislature finds that it is desirable in the long term to reduce the number of vessels participating in the commercial sea cucumber fishery to fifty vessels to preserve the sea cucumber resource, efficiently manage the commercial sea cucumber fishery in the waters of the state, and reduce conflict with upland owners.

The legislature finds that it is important to preserve the livelihood of those who have historically participated in the commercial sea cucumber fishery that began about 1970 and that the 1988 and 1989 seasons should be used to document historical participation.” [1990 c 61 § 1.]

77.70.220 Geoduck fishery license—Fees—Conditions and limitations—OSHA regulations—Violations.

(1) A person shall not harvest geoduck clams commercially without a geoduck fishery license. This section does not apply to the harvest of private sector cultured aquatic products as defined in RCW 15.85.020. The application fee is seventy dollars.

(2) Only a person who has entered into a geoduck harvesting agreement with the department of natural resources under RCW 79.135.210 may hold a geoduck fishery license.

(3) A geoduck fishery license authorizes no taking of geoducks outside the boundaries of the public lands designated in the underlying harvesting agreement, or beyond the harvest ceiling set in the underlying harvesting agreement.

(4) A geoduck fishery license expires when the underlying geoduck harvesting agreement terminates.

(5) The director shall determine the number of geoduck fishery licenses that may be issued for each geoduck harvesting agreement, the number of units of gear whose use the license authorizes, and the type of gear that may be used, subject to RCW 77.60.070. In making those determinations, the director shall seek to conserve the geoduck resource and prevent damage to its habitat.

(6) The holder of a geoduck fishery license and the holder’s agents and representatives shall comply with all applicable commercial diving safety regulations adopted by the federal occupational safety and health administration established under the federal occupational safety and health act of 1970 as such law exists on May 8, 1979, 84 Stat. 1590 et seq.; 29 U.S.C. Sec. 651 et seq. A violation of those regulations is a violation of this subsection. For the purposes of this section, persons who dive for geoducks are "employees" as defined by the federal occupational safety and health act. A violation of this subsection is grounds for suspension or revocation of a geoduck fishery license following a hearing under the procedures of chapter 34.05 RCW. The director shall not suspend or revoke a geoduck fishery license if the violation has been corrected within ten days of the date the license holder receives written notice of the violation. If there is a substantial probability that a violation of the commercial diving standards could result in death or serious physical harm to a person engaged in harvesting geoduck...
clams, the director shall suspend the license immediately until the violation has been corrected. If the license holder is not the operator of the harvest vessel and has contracted with another person for the harvesting of geoducks, the director shall not suspend or revoke the license if the license holder terminates its business relationship with that person until compliance with this subsection is secured.

(7) A person using a vessel in the geoduck fishery is required to apply for and obtain a vessel identification number from the department. The application fee for the vessel identification number is one hundred dollars. [2011 c 339 § 34; 2000 c 107 § 71; 1998 c 190 § 106; 1993 c 340 § 46. Formerly RCW 75.30.280.]

77.70.260 Ocean pink shrimp—Single delivery license—Fees. The owner of an ocean pink shrimp fishing vessel that does not qualify for an ocean pink shrimp delivery license issued under RCW 77.65.390 shall obtain an ocean pink shrimp single delivery license in order to make a landing into a state port of ocean pink shrimp taken in offshore waters. The director shall not issue an ocean pink shrimp single delivery license unless, as determined by the director, a bona fide emergency exists. A maximum of six ocean pink shrimp single delivery licenses may be issued annually to any vessel. The fee for an ocean pink shrimp single delivery license is one hundred dollars. The application fee is one hundred five dollars. [2011 c 339 § 35; 2000 c 107 § 74; 1993 c 376 § 8. Formerly RCW 75.30.320.]

77.70.490 Pacific sardines—Purse seine fishery license—Fees—Adoption of rules regarding bycatch. (1) A Washington Pacific sardine purse seine fishery license:

(a) May only be issued to a person that held a coastal pilchard experimental fishery permit in 2008, except as otherwise provided in this section;

(b) Must be renewed annually to remain active; and

(c) Subject to the restrictions of subsections (6) and (7) of this section and RCW 77.65.040, is transferable.

(2) A Washington Pacific sardine purse seine fishery license may be issued to any person that held a coastal pilchard experimental fishery permit in 2005, 2006, or 2007 and is precluded from qualifying under subsection (1) of this section because the vessel designated on the permit sank prior to 2008.

(3) Beginning in 2010, after taking into consideration the status of the Pacific sardine population, the impact of removal of sardines and other forage fish to the marine ecosystem, including the effect on endangered marine species, and the market for Pacific sardines in the state, the director may issue:

(a) A Washington Pacific sardine purse seine fishery license to any person provided that the issuance would not raise the number of licenses beyond the number initially issued in 2009;

(b) A Washington Pacific sardine purse seine temporary annual fishery permit to any person if the combined number of active Washington Pacific sardine purse seine fishery licenses and annual temporary permits already issued during the year is less than twenty-five.

(4) The annual fee for a Washington Pacific sardine purse seine fishery license is one hundred eighty-five dollars for residents and two hundred ninety-five dollars for nonresidents. The application fee is one hundred five dollars.

(5) The fee for a Washington Pacific sardine purse seine temporary annual fishery permit is one hundred eighty-five dollars for residents and two hundred ninety-five dollars for nonresidents. The application fee is one hundred five dollars. A temporary annual fishery permit expires at the end of the calendar year in which the permit is issued.

(6) Only a person who owns or operates the vessel designated on the license or permit may hold a Washington Pacific sardine purse seine fishery license or temporary annual fishery permit.

(7) A person may not own or hold an ownership interest in more than two Washington Pacific sardine purse seine fishery licenses.

(8) The director shall adopt rules that require a person fishing under a Washington Pacific sardine purse seine fishery license or a temporary annual permit to minimize bycatch, and to the extent bycatch cannot be avoided, to minimize the mortality of such bycatch. 77.70.510 Washington-coastal spot shrimp pot fishery license. (1) A Washington-coastal spot shrimp pot fishery license:

(a) May only be issued to a natural person who held a coastal spot shrimp experimental emerging commercial fishery license and coastal spot shrimp fishery permit in 2010 or had the license transferred to him or her, under RCW 77.65.020 and 77.65.040, by a person who held a coastal spot shrimp experimental emerging commercial fishery license and coastal spot shrimp fishery permit in 2010;

(b) Must be renewed annually by December 31st of the calendar year to remain active; and

(c) Subject to the restrictions of subsection (7) of this section and to RCW 77.65.020 and 77.65.040, is transferable to a natural person beginning January 1, 2012.

(2) When a person fails to obtain a Washington-coastal spot shrimp pot fishery license during the previous year because of a license suspension, the person may qualify for a license by establishing that the person held such a license during the last year in which the license was not suspended.

(3) The annual fee for a Washington-coastal spot shrimp pot fishery license is as specified in RCW 77.65.220.

(4) Beginning in 2013, after taking into consideration the status of the coastal spot shrimp population, the market for spot shrimp, and the number of active fishers, both nontreaty and treaty, the director may issue a Washington-coastal spot shrimp pot fishery license to a natural person if the issuance would not raise the number of active spot shrimp pot fishery licenses to more than eight.
(5) Beginning 2012, a Washington-coastal spot shrimp pot fishery license holder is prohibited from designating, on the Washington-coastal spot shrimp pot fishery license:

(a) A vessel whose surveyed length overall is more than ten feet longer than the surveyed length overall of the vessel designated on the licensee’s coastal spot shrimp experimental emerging commercial fishery license as of March 31, 2003; and

(b) A vessel whose surveyed length overall exceeds ninety feet.

(6) In the event the Washington-coastal spot shrimp pot fishery license is transferred by sale, lease, inheritance, or lottery, and pursuant to subsection (4) of this section, the vessel length restriction associated with that license must remain attached to the license.

(7) A natural person may not own or hold an ownership interest in more than one Washington-coastal spot shrimp pot fishery license at a time.

(8) Only a person who owns or is designated as an operator of the vessel designated on the license may hold a Washington-coastal spot shrimp pot fishery license.

(9) Nothing in this section:

(a) Requires the commission to open a commercial coastal spot shrimp fishery in any given year;

(b) Prohibits the commission from closing or limiting an opened commercial coastal spot shrimp fishery for any reason; or

(c) Confers any right of compensation to the holder of a Washington-coastal spot shrimp pot fishery license if the license is revoked, limited, or modified by the legislature.

(10) Issuance of a Washington-coastal spot shrimp pot fishery license does not create, and may not be construed to create, any right, title, or interest in the coastal spot shrimp resource.

(11) The legislature recognizes that Washington-coastal spot shrimp pot fishery licenses may be revoked by future legislatures if the fishery is found to have jeopardized the sustainability of the coastal spot shrimp resource or the marine ecosystem. [2011 c 147 § 2.]

SALMON RECOVERY

Sections

77.85.130 Allocation of funds—Procedures and criteria.

77.85.130 Allocation of funds—Procedures and criteria. (1) The salmon recovery funding board shall develop procedures and criteria for allocation of funds for salmon habitat projects and salmon recovery activities on a statewide basis to address the highest priorities for salmon habitat protection and restoration. To the extent practicable the board shall adopt an annual allocation of funding. The allocation should address both protection and restoration of habitat, and should recognize the varying needs in each area of the state on an equitable basis. The board has the discretion to partially fund, or to fund in phases, salmon habitat projects. The board may annually establish a maximum amount of funding available for any individual project, subject to available fund-

ing. No projects required solely as a mitigation or a condition of permitting are eligible for funding.

(2)(a) In evaluating, ranking, and awarding funds for projects and activities the board shall give preference to projects that:

(i) Are based upon the limiting factors analysis identified under RCW 77.85.060;

(ii) Provide a greater benefit to salmon recovery based upon the stock status information contained in the department of fish and wildlife salmonid stock inventory (SASSI), the salmon and steelhead habitat inventory and assessment project (SSSHAP), and any comparable science-based assessment when available;

(iii) Will benefit listed species and other fish species;

(iv) Will preserve high quality salmonid habitat;

(v) Are included in a regional or watershed-based salmon recovery plan that accords the project, action, or area a high priority for funding;

(vi) Are, except as provided in RCW 77.85.240, sponsored by an entity that is a Puget Sound partner, as defined in RCW 90.71.010; and

(vii) Are projects referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(b) In evaluating, ranking, and awarding funds for projects and activities the board shall also give consideration to projects that:

(i) Are the most cost-effective;

(ii) Have the greatest matched or in-kind funding;

(iii) Will be implemented by a sponsor with a successful record of project implementation;

(iv) Involve members of the Washington conservation corps established in chapter 43.220 RCW or the veterans conservation corps established in RCW 43.60A.150; and

(v) Are part of a regionwide list developed by lead entities.

(3) The board may reject, but not add, projects from a habitat project list submitted by a lead entity for funding.

(4) The board shall establish criteria for determining when block grants may be made to a lead entity. The board may provide block grants to the lead entity to implement habitat project lists developed under RCW 77.85.050, subject to available funding. The board shall determine an equitable minimum amount of project funds for each recovery region, and shall distribute the remainder of funds on a competitive basis. The board may also provide block grants to the lead entity or regional recovery organization to assist in carrying out functions described under this chapter. Block grants must be expended consistent with the priorities established for the board in subsection (2) of this section. Lead entities or regional recovery organizations receiving block grants under this subsection shall provide an annual report to the board summarizing how funds were expended for activities consistent with this chapter, including the types of projects funded, project outcomes, monitoring results, and administrative costs.

(5) The board may waive or modify portions of the allocation procedures and standards adopted under this section in the award of grants or loans to conform to legislative appropriations directing an alternative award procedure or when the funds to be awarded are from federal or other sources requiring other allocation procedures or standards as a condi-

[2011 RCW Supp—page 1543]
tion of the board’s receipt of the funds. The board shall develop an integrated process to manage the allocation of funding from federal and state sources to minimize delays in the award of funding while recognizing the differences in state and legislative appropriation timing.

6. The board may award a grant or loan for a salmon recovery project on private or public land when the landowner has a legal obligation under local, state, or federal law to perform the project, when expedited action provides a clear benefit to salmon recovery, and there will be harm to salmon recovery if the project is delayed. For purposes of this subsection, a legal obligation does not include a project required solely as a mitigation or a condition of permitting.

7. Property acquired or improved by a project sponsor may be conveyed to a federal agency if: (a) The agency agrees to comply with all terms of the grant or loan to which the project sponsor was obligated; or (b) the board approves: (i) Changes in the terms of the grant or loan, and the revision or removal of binding deed of right instruments; and (ii) a memorandum of understanding or similar document ensuring that the facility or property will retain, to the extent feasible, adequate habitat protections; and (c) the appropriate legislative authority of the county or city with jurisdiction over the project area approves the transfer and provides notification to the board.

8. Any project sponsor receiving funding from the salmon recovery funding board that is not subject to disclosure under chapter 42.56 RCW must, as a mandatory contractual prerequisite to receiving the funding, agree to disclose any information in regards to the expenditure of that funding as if the project sponsor was subject to the requirements of chapter 42.56 RCW.

9. After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. RECREATIONAL SALMON AND MARINE FISH ENHANCEMENT PROGRAM

Sections

77.105.005 Findings—Intent.
77.105.020 Department responsibilities—Report to the legislature.
77.105.030 Planning and operation of programs—Assistance from nondepartmental sources.
77.105.040 Repealed.
77.105.050 Marine bottomfish species—Research, methods, and programs for artificial rearing.
77.105.060 through 77.105.130 Repealed.
77.105.160 Puget Sound recreational fisheries enhancement oversight committee—Created—Duties—Report to the legislature.

77.105.005 Findings—Intent. (1) The legislature finds the sheltered waters of Puget Sound (waters east of the Sekiu river) have historically provided the citizens of the state with the safest and most convenient access to productive marine recreational fishing.

(2) The legislature further recognizes the economic value in restoring and rebuilding the recreational fishing opportunities in Puget Sound for salmon and marine bottomfish, and that these opportunities have declined in the past two decades. Investments made in recreational fishing programs will repay the people of the state many times over in increased economic activity and in an improved quality of life.

(3) It is the intent of the legislature to improve recreational fishing opportunities in Puget Sound and Lake Washington from current levels and increase the economic benefits from the fishery, particularly recognizing the unique recreational experience provided by the winter salmon fishery.

In addition, the legislature has determined that the number of angler trips expended in these waters is the measure of fishing opportunity. [2011 c 266 § 1; 1993 sp.s. c 2 § 82. Formerly RCW 75.54.005.]

77.105.020 Department responsibilities—Report to the legislature. (1) Consistent with available revenue, commission policies, tribal comanager agreements, and limitations of the endangered species act, the department, in consultation with the oversight committee created in RCW 77.105.160, shall adaptively manage the Puget Sound recreational salmon and marine fish enhancement program to maximize the benefits to the Puget Sound recreational fishery.

(2) The department has the following duties:

(a) The department shall utilize a program of hatchery-based salmon enhancement and solicit support from cooperative projects, regional enhancement groups, and other supporting organizations to improve recreational salmon fishing in Puget Sound.

(b) The department may conduct comprehensive research on resident and migratory salmon production opportunities on marine bottomfish production limitations, and on methods for artificial propagation of depleted marine bottomfish.

(c) The program must facilitate continued and improved recreational fishing opportunities in Puget Sound and Lake Washington as measured by increased angler trips of participation. The coordinator, as identified in RCW 77.105.010, shall assist the oversight committee with development of recommendations for outcome-based goals and objectives to assess the effectiveness of the program.

(d) The director shall meet with the oversight committee each year to review and approve these goals and objectives.

(e) The director and oversight committee shall report annually to the commission on the goals of the program and the effectiveness of the program in meeting those goals. Objectives include, but are not limited to, an increase in salmon and bottomfish angler trips.
(f) The department and the oversight committee shall seek to reach consensus regarding program activities and expenditures. The department shall provide the oversight committee with a written explanation when the department expends funds from the recreational fisheries enhancement account that differs substantially from oversight committee recommendations.

(g) Consistent with RCW 43.01.036, the department and oversight committee shall make a joint report to the legislature on the effectiveness of this program in biennial reports. Reports must include the goals and objectives of the previous biennium and a determination of whether the goals and objectives were met and an explanation if the department did not meet these specific objectives. [2011 c 266 § 2; 1993 sp.s. c 2 § 84. Formerly RCW 75.54.020.]

77.105.030 Planning and operation of programs—Assistance from nondepartmental sources. The department may seek recommendations from persons who are expert on the planning and operation of programs for enhancement of recreational fisheries. The department may use the expertise of the University of Washington school of aquatic and fishery sciences and the sea grant program to develop research and enhancement programs. [2011 c 266 § 3; 1993 sp.s. c 2 § 85. Formerly RCW 75.54.030.]

77.105.040 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

77.105.050 Marine bottomfish species—Research, methods, and programs for artificial rearing. The department may conduct research, develop methods, and implement programs for the artificial rearing and release of marine bottomfish species. Marine bottomfish species of importance in the recreational fishery are the primary emphasis. The department may use artificial habitats to restore and mitigate for degraded rockfish habitats and enhance recreational opportunities. [2011 c 266 § 5; 1993 sp.s. c 2 § 87. Formerly RCW 75.54.050.]

77.105.060 through 77.105.130 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

77.105.160 Puget Sound recreational fisheries enhancement oversight committee—Created—Duties—Report to the legislature. (1) The Puget Sound recreational fisheries enhancement oversight committee is created. The director shall appoint at least seven members representing sport fishing interests to the committee from a list of applicants, ensuring broad representation from the sport fishing community. Each member shall serve for a term of two years, and may be reappointed for subsequent two-year terms at the discretion of the director. Members of the committee serve without compensation.

(2) The Puget Sound recreational fisheries enhancement oversight committee has the following duties:

(a) Advise the department on all aspects of the Puget Sound recreational fisheries enhancement program;

(b) Develop recommendations, with assistance from the coordinator, for outcome-based goals and objectives to assess the effectiveness of the program;

(c) Meet with the director each year to review these goals and objectives;

(d) Report annually with the director to the commission on the goals of the program and the effectiveness of the program in meeting those goals;

(e) Review and provide guidance on the annual budget for the recreational fisheries enhancement account;

(f) Select a chair of the committee. It is the chair’s duty to coordinate with the department on all issues related to the Puget Sound recreational fisheries enhancement program;

(g) Meet at least quarterly with the department’s coordinator as identified in RCW 77.105.010 of the Puget Sound recreational fisheries enhancement program;

(h) Review and comment on program documents and proposed production of salmon and other species;

(i) Address other issues related to the purposes of the Puget Sound recreational fisheries enhancement program that are of interest to recreational fishers in Puget Sound; and

(j) Consistent with RCW 43.01.036, make a joint report with the department to the legislature each biennium on the status of the program. [2011 c 266 § 6; 2003 c 173 § 2.]

77.105.170 Managing salmon to increase recreational angling opportunities in Puget Sound. The department shall utilize artificial rearing of salmon to improve recreational salmon fishing in Puget Sound. In managing salmon, the department shall seek to develop and implement methods that will increase recreational angling opportunities. These methods may include, but are not limited to, the following tools:

(1) Utilization of salmon artificial rearing techniques that contribute to the recreational fisheries in Puget Sound, especially winter salmon fishing.

(2) Optimum use of hatchery salmon through expanded recreational mark-selective fisheries.

(3) Utilization of recreational salmon and marine fish enhancement program funds for catch monitoring when required to increase recreational mark-selective fisheries.

(4) Consideration of new catch and release recreational fisheries utilizing gear and methods known to minimize hooking mortality.

(5) Providing public information regarding angling opportunities and fishing methods. [2011 c 266 § 4.]

79.100.030 Authority of authorized public entity—Owner retains primary responsibility—Limitation on civil liability. (1) An authorized public entity has the authority, subject to the processes and limitations of this chapter, to store, strip, use, auction, sell, salvage, scrap, or dispose of an abandoned or derelict vessel found on or above aquatic lands within the jurisdiction of the authorized public entity. A vessel disposal must be done in an environmentally sound manner and in accordance with all federal, state, and local laws, including the state solid waste disposal provisions provided for in chapter 70.95 RCW. Scuttling or sinking of a vessel is only permissible after obtaining the express permission of the owner or owners of the aquatic lands below where the scuttling or sinking would occur, and obtaining all necessary state and federal permits or licenses.

(2) The primary responsibility to remove a derelict or abandoned vessel belongs to the owner, operator, or lessee of the moorage facility or the aquatic lands where the vessel is located. If the authorized public entity with the primary responsibility is unwilling or unable to exercise the authority granted by this section, it may request the department to assume the authorized public entity's authority for a particular vessel. The department may at its discretion assume the authorized public entity's authority for a particular vessel after being requested to do so. For vessels not at a moorage facility, an authorized public entity with jurisdiction over the aquatic lands where the vessel is located may, at its discretion, request to assume primary responsibility for that particular vessel from the owner of the aquatic lands where the vessel is located.

(3) The authority granted by this chapter is permissive, and no authorized public entity has a duty to exercise the authority. No liability attaches to an authorized public entity that chooses not to exercise this authority. An authorized public entity, in the good faith performance of the actions authorized under this chapter, is not liable for civil damages resulting from any act or omission in the performance of the actions other than acts or omissions constituting gross negligence or willful or wanton misconduct. Any person whose assistance has been requested by an authorized public entity, who has entered into a written agreement pursuant to RCW 79.100.070, and who, in good faith, renders assistance or advice with respect to activities conducted by an authorized public entity pursuant to this chapter, is not liable for civil damages resulting from any act or omission in the rendering of the assistance or advice, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

79.100.110 Vessel abandoned or derelict upon aquatic lands—Causing a vessel to block a navigational channel—Penalty. (1) A person who causes a vessel to become abandoned or derelict upon aquatic lands is guilty of a misdemeanor.

(2) A person who intentionally, through action or inaction and without the appropriate state, local, or federal authorization, causes a vessel to sink, break up, or block a navigational channel upon aquatic lands is guilty of a misdemeanor.

79.100.130 Marina owner may contract with a local government—Contract requirements. A marina owner may contract with a local government for the purpose of participating in the derelict vessel removal program. The local government shall serve as the authorized public entity for the removal of the derelict or abandoned vessel from the marina owner's property. The contract must provide for the marina owner to be financially responsible for the removal costs that are not reimbursed by the department as provided under RCW 79.100.100, and any additional reasonable administrative costs incurred by the local government during the removal of the derelict or abandoned vessel. Prior to the commencement of any removal which will seek reimbursement from the derelict vessel removal program, the contract and the proposed vessel removal shall be submitted to the department for review and approval. The local government shall use the procedure specified under RCW 79.100.100(6).

(1) After deduction for management costs as provided in RCW 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys received by the state from the sale or lease of state-owned aquatic lands and from the sale of valuable material from state-owned aquatic lands shall be deposited in the aquatic lands enhancement account which is hereby created in the state treasury. After appropriation, these funds shall be used solely for aquatic lands enhancement projects; for the purchase, improvement, or protection of aquatic lands for public purposes; for providing and improving access to the lands; and for volunteer cooperative fish and game projects. (a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;

(b) Utilize the statement of environmental benefits, consideration, except as provided in RCW 79.105.610, of whether the applicant is a Puget Sound partner, as defined in RCW 90.71.010, whether a project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, and except as otherwise provided in RCW 79.105.630, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030 in its prioritization and selection process; and

(c) Develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grants.

(3) To the extent possible, the department should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270.

(4) The department shall consult with affected interest groups in implementing this section.

(5) After January 1, 2010, any project designed to address the restoration of Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. 79.155.130 Authority to manage state lands—Authority to develop management procedures.

79.155.010 Findings. (1) The legislature finds that since the 1980s, about seventeen percent of Washington’s commercial forests have been converted to other land uses.

(2) The legislature further finds that as these forests vanish, so do the multiple benefits they provide to our communities such as local timber jobs, clean air and water, carbon storage, fish and wildlife habitat, recreation areas, and open space.

(3) The legislature further finds that it has provided policy direction to the department of natural resources to protect working forest and natural resource lands at risk of conversion, while maintaining the department’s obligation to manage the state’s fiduciary trust lands and financial assets in the interest of the beneficiaries of the respective trust lands and assets.

(4) The legislature further finds that there are numerous tools available to acquire open space and recreation lands, but limited tools to protect working forest lands.

(5) The legislature further finds that currently the department of natural resources lacks a full complement of policy and management tools necessary to protect or manage working forest lands at high risk of conversion.

(6) The legislature further finds that through modest enhancements to existing department of natural resources’ programs and authorities, the legislature can expand Washington’s ability to protect communities’ working forest lands, while simultaneously improving the revenue generating performance of fiduciary trust lands managed by the department of natural resources.

(7) The legislature further finds that there has been past and present legislative intent to ensure continued public access for recreation compatible with the purposes of the lands involved.

(8) The legislature further finds that there exists an interest by local communities, governments, and conservation organizations in cooperating in the establishment of working community forests. [2011 c 216 § 1.]

79.155.020 Community forest land trust—Department authorized to create and manage. (1) If deemed practicable by the commissioner, the department is autho-
rized to create and manage, consistent with the provisions of this chapter, a discrete category of natural resource lands in a nonfiduciary community forest land trust. The department is authorized to assemble, hold title to, and manage directly or through mutual agreement with other landowners land suitable for sustainable forest management, to be held in the community forest trust.

(2) All land held in the community forest trust must be held by the department and actively managed, consistent with a community working forest management plan developed under RCW 79.155.080, to generate financial support for the management of the community forest trust and to advance and sustain the working forest conservation objectives established in the management plan. [2011 c 216 § 2.]

79.155.030 Identification of lands—Minimum program management principles. (1) The department must identify lands for inclusion into the community forest trust, and manage the resulting community forest trust lands, in furtherance of goals that must be identified by the department prior to the creation of a community forest.

(2) In addition to any goals for a community forest identified by the department, the community forest trust program must satisfy the following minimum program management principles:
   (a) Protecting in perpetuity working forest lands that are at a significant risk of conversion to another land use;
   (b) Securing financial and social viability through sound management plans and objectives that are consistent with the values of the local community;
   (c) Maintaining the land in a working status, through traditional forestry, management of specialized forest products harvest consistent with chapter 76.48 RCW, land leases, renewable energy opportunities, ecosystem services such as clean water protection or carbon storage, and other sources of revenue appropriate for the community forest to generate;
   (d) Generating revenue at levels that are, at a minimum, capable of reimbursing the department for management costs and providing for some reinvestment into the management objectives of the community forest;
   (e) Providing for ongoing, sustainable public recreational access, local timber jobs, clean air and water, carbon storage, fish and wildlife habitat, and open space in a manner that is compatible with management plans and objectives adopted for the community forest; and
   (f) Providing educational opportunities for local communities regarding the benefits that working forests provide to Washington’s economy, communities, environment, and quality of life. [2011 c 216 § 3.]

79.155.040 Department’s authority. (1)(a) Except as limited by RCW 79.155.070, the department is authorized to acquire by purchase, gift, donation, grant, transfer, or other means other than eminent domain fee interest or a partial interest, including conservation easements, in lands or other real property suitable for management as part of the community forest trust and that are appropriate to further the goals of the community forest trust.

(b) The fair market value of any real property, and the associated valuable materials, of any land transferred into the community forest trust from state lands must be provided to the beneficiaries of the transferee [transferor] trust or used for the furtherance of the transferee [transferor] trust.

(2) The department is authorized to receive funds for purposes of establishing the community forest trust from grants, gifts, bequests, or loans, whether public or private, as well as from legislative appropriation.

(3) All acquisitions of real property for the community forest trust must be approved by the board. [2011 c 216 § 4.]

79.155.050 Criteria for identification and prioritization of forest lands suitable for potential inclusion in the community forest trust. (1) The department shall, if it establishes a community forest trust program, develop criteria to be used for the identification and prioritization of forest land that is suitable for potential inclusion in the community forest trust due to its ability to most closely satisfy the goals of the community forest trust outlined in RCW 79.155.030.

(2) In prioritizing forest land for inclusion in the community forest trust, the department shall give priority consideration to lands that are:
   (a) The subject of established management and revenue production objectives of potential local community partners;
   (b) At greatest risk of conversion;
   (c) Helping buffer commercial public or private forest lands from encroaching development;
   (d) Helping to block up other community forest assets to be managed consistently with the community forest trust acquisition;
   (e) Able to be managed, considering surrounding current or expected future land use, as economically sustainable working forest land either alone or in combination with adjacent and nearby working forest land, including other lands incorporated into a community forest by the department, a local governmental entity, or a not-for-profit conservation organization managing forest lands;
   (f) Eligible for trust land transfer capital appropriations;
   (g) Available for acquisition through existing or new programs or funding;
   (h) Supporting existing or expanded forest product manufacturing infrastructure;
   (i) Useful in leveraging funds to match available acquisition moneys;
   (j) Positioned to have their development rights extinguished through transfer, purchase, conservation easement, lease, or by some other comparable mechanism; or
   (k) Enhancing state fiduciary trust land revenues by repositioning underperforming state trust lands to provide short and long-term revenues to that trust. [2011 c 216 § 5.]

79.155.060 Prioritized list identifying nominated parcels of state land or state forest land. (1) The department shall, if it establishes a community forest trust program, submit biennially to the office of financial management and the appropriate committees of the legislature a prioritized list that identifies nominated parcels of state land or state forest land that are suitable for transfer into the community forest trust, where such a transfer is also in the best interest of the respective trust. The department shall solicit and consider
input from the board on a draft list before submitting a final prioritized list.

(2) The list of nominated parcels must reflect consideration of local nominations and the priorities outlined in RCW 79.155.050 and be delivered to the required recipients by November 1st of each even-numbered year. [2011 c 216 § 6.]

79.155.070 Local community must commit to preserving land as a working forest—Financial contribution.

(1) The department must, prior to using the authority provided in RCW 79.155.040 to acquire land for inclusion in a community forest, obtain from the local community a commitment to preserving the land as a working forest.

(2) Following initial agreement between potential local community partners and the department regarding management and revenue production objectives for the lands in question, the local commitment to preserving the land as a working forest must be demonstrated by the county, city, or other local entity providing a financial contribution to the specific community forest of at least fifty percent of the difference between the parcel’s appraised fair market value and the parcel’s timber and forest land value. The local community contribution may be provided through any means deemed acceptable by the department and the local contributor, including:

(a) Traditional financing or bonding;
(b) The purchase of conservation easements; or
(c) The purchase or transfer of development rights.

(3) The local financial contribution must be deposited into the park land trust revolving fund created in RCW 43.30.385 and used solely for acquisition of the community forest trust land parcel or parcels for which it is intended. [2011 c 216 § 7.]

79.155.080 Postacquisition management plan. (1) All lands transferred into community forest trust status must be managed in accordance with a postacquisition management plan developed by the department consistent with this section.

(2) After exercising the authority provided in RCW 79.155.040 to acquire land for inclusion in a community forest, the department must establish a local advisory committee in cooperation with any interested and affected local government.

(3) The department must use the local advisory committee as a source of advice and comment on a postacquisition management plan. Comments and advice should, at a minimum, include plans for how the department will maintain the land’s working status and economic viability objectives through revenue-generating activities that are sufficient to generate ongoing revenue at a level that reimburses administrative costs, while satisfying, or contributing to, identified community conservation and recreation objectives.

(4)(a) If, after a good faith effort by all parties, the department and the local advisory committee fail to reach a consensus on a conceptual postacquisition management plan for the parcel in question, the department may either adopt a management plan informed by the community or recommend to the board that the parcel be divested through the existing authority of the department and the board. If the parcel is divested, then, except as otherwise provided in this subsection, proceeds must return to the park land trust revolving fund created in RCW 43.30.385.

(b) Prior to depositing the proceeds of a land divestiture under this subsection to the park land trust revolving fund, the department must first reimburse local entities that have made financial contributions to the parcel’s acquisition as provided in RCW 79.155.070(2). However, local entities are only eligible for reimbursement upon divestiture under this subsection if the board determines that:

(i) The subsequent parcel use is likely to remain a working forest, the department secures full fair market value for the parcel, and the local entity’s contribution was not provided by a state or federal grant; or
(ii) The funds used as part of the local contribution were originally provided through a grant that requires, as a condition of the grant, the repayment of granted dollars if the purposes of the grant are not or cannot be fulfilled and the decision to divest the land creates an inability for the purposes of the grant to be fulfilled. [2011 c 216 § 8.]

79.155.090 Use of revenue produced on community forest trust lands. (1) Any revenue produced on community forest trust lands must be, consistent with RCW 79.64.040, allocated as follows:

(a) All costs incurred by the department in managing the parcel must be fully reimbursed; and
(b) After the department’s management costs are reimbursed, any remaining revenue must then be prioritized to fulfill the management objectives for the specific parcel as identified in the postacquisition management plan developed under RCW 79.155.080 consistent with the management principles outlined in RCW 79.155.030.

(2)(a) If, by the determination of the board, there is revenue remaining in any given biennium after fulfilling the requirements of subsection (1) of this section, then the board has the discretion to reimburse any local entities’ eligible financial contributions for acquisition of the parcel under RCW 79.155.070(2) and any state contribution to the acquisition of the parcel up to an amount that represents fifty percent of the difference between the parcel’s original appraised fair market value and the parcel’s timber and forest land value. However, any funds used as part of the local contribution may not be reimbursed if the funds were originally provided through a state or federal grant, provided through a fully compensated transfer of development rights at fair market value, or provided by a donation of funds or property.

(b) If the board decides to reimburse the state and local contribution, then it must allocate the reimbursement so that fifty percent is provided to the state general fund and fifty percent is provided to any eligible partnering local entities.

(c) Nothing in this section creates an expectation, requirement, or fiduciary duty for the board or the associated community forest trust lands to generate revenue in excess of amounts as provided in subsection (1)(a) of this section. [2011 c 216 § 9.]

79.155.100 Periodic review and update of community forest trust program. By September 1, 2014, and periodically, but at least once every ten years thereafter, the depart-
ment shall provide to the board a review and update of the community forest trust program. The review must include updates on the performance of the community forest trust statewide and notification of any community forest trust parcels not performing according to their management plan. The department is authorized to, consistent with this chapter, recommend to the board action to divest itself of nonperforming community forest trust parcels using existing policies and mechanisms available to the department and the board. [2011 c 216 § 10.]

79.155.110 Statewide advisory committee. (1) The commissioner may establish and maintain a statewide advisory committee to assist the department in the implementation of this chapter.

(2) If a statewide advisory committee is established, the commissioner shall appoint a balanced representation of interests on the committee, including representatives of state fiduciary trust land beneficiaries, tribal governments, local governments, relevant state agencies, commercial forest landowners, land trusts, and conservation organizations.

(3) The statewide advisory committee shall provide consultation on issues and questions presented by the commissioner and may be dissolved by the commissioner at any time.

(4) Participation on the statewide advisory committee is voluntary and members are not eligible for any form of compensation nor for reimbursement for expenses incurred due to service on the committee. [2011 c 216 § 11.]

79.155.120 Establishing community forest districts/local working forest districts—Technical assistance grants. (1) The commissioner may, if deemed practicable and beneficial by the commissioner, cooperate with interested local governments in establishing community forest districts or local working forest districts that are compatible with the goals identified in this chapter for the community forest trust. Cooperative districts would attempt to voluntarily synchronize the management of community forest trust lands, other public lands, and private lands located within a certain geographic area to further a common set of community goals. If a working forest district encompasses state lands or other public lands, then their voluntary management to further a common set of community goals must be consistent with the department’s fiduciary and other legal obligations to the trust, including the multiple use act in chapter 79.10 RCW.

(2)(a) The department may, in its sole discretion and if it deems sufficient funding to be available, provide technical assistance grants to local communities for the purpose of enabling or furthering the development of community forest management plans consistent with this chapter.

(b) This subsection does not create a private right of action. [2011 c 216 § 12.]

79.155.130 Authority to manage state lands—Authority to develop management procedures. The authorities granted under Title 79 RCW for the management of state lands apply to the community forest trust to the extent consistent with the purposes of chapter 216, Laws of 2011.

The department may develop management procedures deemed necessary by the department to implement chapter 216, Laws of 2011. [2011 c 216 § 18.]

**Findings—Intent—1995 c 211:** "The legislature finds that during the past fourteen years, the Washington state parks and recreation commission has endured a steady erosion of general fund operating support, which has caused park closures, staff reductions, and growing backlog of deferred maintenance projects. The legislature also finds that the growth of parks revenue has been constrained by staff limitations and by transfers of that revenue into the general fund.

The legislature intends to reverse the decline in operating support to its state parks, stabilize the system’s level of general fund support, and inspire system employees and park visitors to enhance these irreplaceable resources and ensure their continuing availability to current and future state citizens and visitors. To achieve these goals, the legislature intends to dedicate park revenues to park operations, developing and renovating park facilities, undertaking deferred maintenance, and improving park stewardship. The legislature clearly intends that such revenues shall complement, not supplant, future general fund support." [1995 c 211 § 1.] Additional notes found at www.leg.wa.gov

For administrative purposes, the council shall be located within the office.

(2) The purpose of the council is to provide policy level direction, planning, and coordination for combating harmful invasive species throughout the state and preventing the introduction of others that may be potentially harmful.

(3) The council is a joint effort between local, tribal, state, and federal governments, as well as the private sector and nongovernmental interests. The purpose of the council is to foster cooperation, communication, and coordinated approaches that support local, state, and regional initiatives for the prevention and control of invasive species.

(4) For the purposes of this chapter, "invasive species" include nonnative organisms that cause economic or environmental harm and are capable of spreading to new areas of the state. Findings—2011 c 154: "The land, water, and other resources of Washington state are being severely impacted by the invasion of an increasing number of harmful invasive plant and animal species. These impacts are resulting in damage to the state’s environment and causing economic hardships. The multitude of public and private organizations with an interest and authority in controlling and preventing the spread of harmful invasive species in Washington state need a mechanism for cooperation, communication, collaboration, and implementation of the statewide plan of action to combat these threats.” [2011 c 154 § 1.]

79A.60.510 Findings—Sewage disposal initiative established—Boater environmental education—Waterway access facilities. The legislature finds that the waters of Washington state provide a unique and valuable recreational resource to large and growing numbers of boaters. Proper stewardship of, and respect for, these waters requires that, while enjoying them for their scenic and recreational benefits, boaters must exercise care to assure that such activities do not contribute to the despoliation of these waters, and that watercraft be operated in a safe and responsible manner. The legislature has specifically addressed the topic of access to

[2011 RCW Supp—page 1557]
clean and safe waterways by requiring the 1987 boating safety study and by establishing the Puget Sound partnership.

The legislature finds that there is a need to educate Washington’s boating community about safe and responsible actions on our waters and to increase the level and visibility of the enforcement of boating laws. To address the incidence of fatalities and injuries due to recreational boating on our state’s waters, local and state efforts directed towards safe boating must be stimulated. To provide for safe waterways and public enjoyment, portions of the watercraft excise tax and boat registration fees should be made available for boating safety and other boating recreation purposes.

In recognition of the need for clean waterways, and in keeping with the Puget Sound partnership’s water quality work plan, the legislature finds that adequate opportunities for responsible disposal of boat sewage must be made available. There is hereby established a five-year initiative to install sewage pumpout or sewage dump stations at appropriate marinas.

To assure the use of these sewage facilities, a boater environmental education program must accompany the five-year initiative and continue to educate boaters about boat wastes and aquatic resources.

The legislature also finds that, in light of the increasing numbers of boaters utilizing state waterways, a program to acquire and develop sufficient waterway access facilities for boaters must be undertaken.

To support boating safety, environmental protection and education, and public access to our waterways, the legislature declares that a portion of the income from boating-related activities, as specified in RCW 82.49.030 and 88.02.650, should support these efforts. 79A.60.630 Boating safety education—Commission’s duties—Fee—Report to the legislature. (1) The commission shall establish and implement by rule a program to provide required boating safety education. The program shall be phased in so that all boaters not exempted under RCW 79A.60.640(3) are required to obtain a boater education card by January 1, 2016. To obtain a boater education card, a boater shall provide a certificate of accomplishment issued by a boating educator for taking and passing an accredited boating safety education course, or pass an equivalency exam, or provide proof of completion of a course that meets the standard adopted by the commission.

(2) As part of the boating safety education program, the commission shall:

Any surplus funds resulting from the fees received shall be distributed by the commission as grants to local marine law enforcement programs approved by the commission as provided in RCW 88.02.650;

(g) Establish a fee for the replacement of the boater education card that covers the cost of replacement;

(h) Consider and evaluate public agency and commercial opportunities to assist in program administration with the intent to keep administrative costs to a minimum;

(i) Approve and provide accreditation to boating safety education courses offered online; and

(j) Provide a report to the legislature by January 1, 2008, on its progress of implementation of the mandatory education program. [2011 c 171 § 118; 2005 c 392 § 3.]

Intent—2005 c 392: "It is the intent of the legislature to establish a boating safety education program that contributes to the reduction of accidents and increases the enjoyment of boating by all operators of all recreational vessels on the waters of this state. Based on the 2003 report to the legislature titled "Recreational Boating Safety in Washington, A Report on Methods to Achieve Safer Boating Practices," the legislature recognizes that boating accidents also occur in nonmotorized vessels in this state, but, at this
time there is no national educational standard for nonmotorized vessels. Therefore, the commission is hereby authorized and directed to work with agencies and organizations representing nonmotorized vessel activities and individuals operating nonmotorized vessels to decrease accidents of operators in these vessels. It is also the intent of the legislature to encourage boating safety education programs that use volunteer and private sector efforts to enhance boating safety and education for operators of nonmotorized vessels to work closely with the state parks and recreation commission in its efforts to reduce all boating accidents in this state." (b) For grants to state agencies, counties, municipalities, port districts, federal agencies, nonprofit organizations, and Indian tribes to improve boating access to water and marine parks, enhance the boater experience, boater safety, boater education, and boating-related law enforcement activities, and to provide funds for boating-related environmental programs, such as pumpout stations, to enhance clean waters for boating; and

(c) If the amount available for distribution from the boating activities account is equal to or less than two million five hundred thousand dollars per fiscal year, then eighty percent of the amount available must be distributed to the commission for the purposes of (a) of this subsection and twenty percent for grants in (b) of this subsection.

(3) The recreation and conservation funding board shall establish an application process for boating activities grants.

(4) Agencies receiving grants for capital purposes from the boating activities account shall consider the possibility of contracting with the commission, the department of natural resources, or other federal, state, and local agencies to employ the youth development and conservation corps or other youth crews in completing the project.

79A.80.090 Recreation access pass account.

**79A.80.005 Findings—Intent—2011 c 320.** (1) The legislature finds that there is an increasing demand for outdoor recreation opportunities and conservation measures on lands managed by the department of fish and wildlife, the department of natural resources, and the parks and recreation commission. Development and maintenance of outdoor recreation facilities and conservation of lands have not kept pace with this demand. This demand, combined with shrinking resources for management, has led to the degradation of our lands to the detriment of the recreating public and efforts to conserve our natural resources.

(2) The legislature further finds that the recreating public cannot readily discern which agency of the state is responsible for the management of particular state lands or which policies apply to those lands.

(3) It is the intent of this act to reform and improve access to and management of state lands on a sustainable basis for the recreating public by: Providing a motor vehicle access pass and access policies for state lands; recovering the cost incurred by the state for operations and management of recreation opportunities; providing resources to address the growing demand and impacts of outdoor recreationists and conservation of our natural resources; and providing effective education and enforcement of state land access policies. [2011 c 320 § 1.]

**Effective date—2011 c 320:** "Except for section 12 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2011." [2011 c 320 § 29.]

(b) No complaint may be entertained by the commission except upon its own motion, as to the reasonableness of the schedule of the rates or charges of any gas company, electrical company, water company, wastewater company, or telecommunications company, unless the same be signed by the mayor, council or commission of the city or town in which the company complained of is engaged in business, or not less than twenty-five consumers or purchasers of such gas, electricity, water, wastewater company services, or telecommunications service, or at least twenty-five percent of the consumers or purchasers of the company’s service.

(c) When two or more public service corporations, (meaning to exclude municipal and other public corporations) are engaged in competition in any locality or localities in the state, either may make complaint against the other or others that the rates, charges, rules, regulations or practices of such other or others with or in respect to which the complainant is in competition, are unreasonable, remunerative, discriminatory, illegal, unfair or intending or tending to oppress the complainant, to stifle competition, or to create or encourage the creation of monopoly, and upon such complaint or upon complaint of the commission upon its own motion, the commission has power, after notice and hearing as in other cases, to, by its order, subject to appeal as in other cases, correct the abuse complained of by establishing such uniform rates, charges, rules, regulations or practices in lieu of those complained of, to be observed by all of such competing public service corporations in the locality or localities specified as is found reasonable, remunerative, nondiscriminatory, legal, and fair or tending to prevent oppression or monopoly or to encourage competition, and upon any such hearing it is proper for the commission to take into consideration the rates, charges, rules, regulations and practices of the public service corporation or corporations complained of in any other locality or localities in the state.

(2) All matters upon which complaint may be founded may be joined in one hearing, and no motion may be entertained against a complaint for misjoinder of complaints or grievances or misjoinder of parties; and in any review of the courts of orders of the commission the same rule shall apply and pertain with regard to the joinder of complaints and parties as herein provided. However, all grievances to be inquired into must be plainly set forth in the complaint. No complaint may be dismissed because of the absence of direct damage to the complainant.

(3) Upon the filing of a complaint, the commission shall cause a copy thereof to be served upon the person or corporation complained of, which must be accompanied by a notice fixing the time when and place where a hearing will be held upon such complaint. The time fixed for such hearing may not be less than ten days after the date of the service of such notice and complaint, excepting as herein provided. The commission shall enter its final order with respect to a complaint filed by any entity or person other than the commission within ten months from the date of filing of the complaint, unless the date is extended for cause. Rules of practice and procedure not otherwise provided for in this title may be prescribed by the commission. Such rules may include the requirement that a complainant use informal processes before filing a formal complaint.

(4)(a) The commission may, as appropriate, audit a nonmunicipal water system upon receipt of an administrative order from the department, or the city or county in which the water system is located, finding that the water delivered by a system does not meet state board of health standards adopted under RCW 43.20.050(2)(a) or standards adopted under chapters 70.116 and 70.119A RCW, and the results of the audit must be provided to the requesting department, city, or county. However, the number of nonmunicipal water systems referred to the commission in any one calendar year shall not exceed twenty percent of the water companies subject to commission regulation as defined in RCW 80.04.010.

(b) Every nonmunicipal water system referred to the commission for audit under this section shall pay to the commission an audit fee in an amount, based on the system’s twelve-month audited period, equal to the fee required to be paid by regulated companies under RCW 80.24.010.

(5) Any customer or purchaser of service from a water system or company that is subject to commission regulation may file a complaint with the commission if he or she has reason to believe that the water delivered by the system to the customer does not meet state drinking water standards under chapter 43.20 or 70.116 RCW. The commission shall investigate such a complaint, and shall request that the state department of health or local health department of the county in which the system is located test the water for compliance with state drinking water standards, and provide the results of such testing to the commission. The commission may decide not to investigate the complaint if it determines that the complaint has been filed in bad faith, or for the purpose of harassment of the water system or company, or for other reasons has no substantial merit. The water system or company shall bear the expense for the testing. After the commission has
received the complaint from the customer and during the pendency of the commission investigation, the water system or company may not take any steps to terminate service to the customer or to collect any amounts alleged to be owed to the company by the customer. The commission may issue an order or take any other action to ensure that no such steps are taken by the system or company. The customer may, at the customer’s option and expense, obtain a water quality test by a licensed or otherwise qualified water testing laboratory, of the water delivered to the customer by the water system or company, and provide the results of such a test to the commission. If the commission determines that the water does not meet state drinking water standards, it shall exercise its authority over the system or company as provided in this title, and may, where appropriate, order a refund to the customer on a pro rata basis for the substandard water delivered to the customer, and shall order reimbursement to the customer for the cost incurred by the customer, if any, in obtaining a water quality test. 80.04.160 Rules and regulations. (Effective July 1, 2012.) The commission is hereby authorized and empowered to adopt, promulgate and issue rules and regulations covering the transmission and delivery of messages and conversations, and the furnishing and supply of gas, electricity, wastewater company services, and water, and any and all services concerning the same, or connected therewith; and generally such rules as pertain to the comfort and convenience of the public concerning the subjects treated of in this title. Such rules and regulations must be promulgated and issued by the commission on its own motion, and must be served on the public service company affected thereby as other orders of the commission are served. Any public service company affected thereby, and deeming such rules and regulations, or any of them, improper, unjust, unreasonable, or contrary to law, may within twenty days from the date of service of such order upon it file objections thereto with the commission, specifying the particular grounds of such objections. The commission shall, upon receipt of such objections, fix a time and place for hearing the same, and after a full hearing may make such changes or modifications thereto, if any, as the evidence may justify. The commission has, and it is hereby given, power to adopt rules to govern its proceedings, and to regulate the mode and manner of all investigations and hearings. However, no person desiring to be present at such hearing may be denied permission. Actions may be instituted to review rules and regulations promulgated under this section as in the case of orders of the commission. [2011 c 214 § 8; 1961 c 14 § 80.04.160. 80.04.250 Valuation of public service property. (Effective July 1, 2012.) (1) The commission has power upon complaint or upon its own motion to ascertain and determine the fair value for rate making purposes of the property of any public service company used and useful for service in this state and shall exercise such power whenever it deems such valuation or determination necessary or proper under any of the provisions of this title. In determining what property is used and useful for providing electric, gas, wastewater company services, or water service, the commission may include the reasonable costs of construction work in progress to the extent that the commission finds that inclusion is in the public interest.

(2) The commission has the power to make revaluations of the property of any public service company from time to time.

(3) The commission shall, before any hearing is had, notify the complainants and the public service company concerned of the time and place of such hearing by giving at least thirty days’ written notice thereof, specifying that at the time and place designated a hearing will be held for the purpose of ascertaining the value of the company’s property, used and useful as aforesaid, which notice must be sufficient to authorize the commission to inquire into and pass upon the matters designated in this section. The legislature further finds that energy efficiency improvement is the single most effective near term measure to lessen the risk of energy shortage. In the area of electricity, the legislature additionally finds that the Northwest power planning council has made several recommendations, including an update of the commercial building energy code and granting flexible ratemaking alternatives for utility commissions to encourage prudent acquisition of new electric resources.” [1991 c 122 § 1.]

80.04.500 Application to municipal utilities. (Effective July 1, 2012.) Nothing in this title authorizes the commission to make or enforce any order affecting rates, tolls, rentals, contracts or charges or service rendered, or the adequacy or sufficiency of the facilities, equipment, instrumentalities or buildings, or the reasonableness of rules or regulations made, furnished, used, supplied or in force affecting any telecommunications line, gas plant, electrical plant, system of sewerage, or water system owned and operated by any city or town, or to make or enforce any order relating to the safety of any telecommunications line, electrical plant, system of sewerage, or water system owned and operated by any city or town, but all other provisions enumerated herein apply to public utilities owned by any city or town. 80.04.560 Finding. The legislature finds that an electrical company’s acquisition of coal transition power helps to achieve the state’s greenhouse gas emission reduction goals by effecting an orderly transition to cleaner fuels and supports the state’s public policy. [2011 c 180 § 303.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

80.04.570 Power purchase agreement for acquisition of coal transition power. (Expires December 31, 2025.) (1) On the petition of an electrical company, the commission shall approve or disapprove a power purchase agreement for acquisition of coal transition power, as defined in RCW 80.80.010, and the recovery of related acquisition costs. No agreement for an electrical company’s acquisition of coal transition power takes effect until it is approved by the commission.

(2) Any power purchase agreement for the acquisition of coal transition power pursuant to this section must provide for modification of the power purchase agreement to the satisfaction of the parties thereto in the event that a new or revised emission or performance standard or other new or revised operational or financial requirement or limitation directly or indirectly addressing greenhouse gas emissions is imposed by state or federal law, rules, or regulatory requirements. Such a modification to a power purchase agreement agreed to by the parties must be reviewed and considered for approval by the commission, considering the circumstances existing at the time of such a review, under procedures and standards set forth in this section. In the event the parties cannot agree to modification of the power purchase agreement, either party to the agreement has the right to terminate the agreement if it is adversely affected by this new standard, requirement, or limitation.

(3) When a petition is filed, the commission shall provide notice to the public and potentially affected parties and set the petition for hearing as an adjudicative proceeding under chapter 34.05 RCW. Any party may request that the commission expedite the hearing of that petition. The hearing of such a petition is not considered a general rate case. The electrical company must file supporting testimony and exhibits together with the power purchase agreement for coal transition power. Information provided by the facility owner to the purchasing electrical company for evaluating the costs and benefits associated with acquisition of coal transition power must be made available to other parties to the petition under a protective order entered by the commission. An administrative law judge of the commission may enter an initial order including findings of fact and conclusions of law, as provided in RCW 80.01.060(3). The commission shall issue a final order that approves or disapproves the power purchase agreement for acquisition of coal transition power within one hundred eighty days after an electrical company files the petition.

(4) The commission must approve a power purchase agreement for acquisition of coal transition power pursuant to this section only if the commission determines that, considering the circumstances existing at the time of such a review: The terms of such an agreement provide adequate protection to ratepayers and the electrical company during the term of such an agreement or in the event of early termination; the resource is needed by the electrical company to serve its ratepayers and the resource meets the need in a cost-effective manner as determined under the lowest reasonable cost resource standards under chapter 19.280 RCW, including the cost of the power purchase agreement plus the equity component as determined in this section. As part of these determinations, the commission shall consider, among other factors, the long-term economic risks and benefits to the electrical company and its ratepayers of such a long-term purchase.

(5) If the commission has not issued a final order within one hundred eighty days from the date the petition is filed, or if the commission disapproves the petition, the power purchase agreement for acquisition of coal transition power is null and void. In the event the commission approves the agreement upon conditions other than those set forth in the petition, the electrical company has the right to reject the agreement.

(6)(a) Upon commission approval of an electrical company’s power purchase agreement for acquisition of coal transition power in accordance with this section, the electrical company is allowed to earn the equity component of its authorized rate of return in the same manner as if it had purchased or built an equivalent plant and to recover the cost of the coal transition power under the power purchase agreement. Any power purchase agreement for acquisition of coal transition power that earns a return on equity may not be included in an imputed debt calculation for setting customer rates.

(b) For purposes of determining the equity value, the cost of an equivalent plant is the least cost purchased or self-built electric generation plant with equivalent capacity. In determining the least cost plant, the commission may rely on the electrical company’s most recent filed integrated resource plan. The cost of an equivalent plant, in dollars per kilowatt, must be determined in the original process of commission approval for each power purchase agreement for coal transition power.

(c) The equivalent plant cost determined in the approval process must be amortized over the life of the power purchase agreement for acquisition of coal transition power to determine the recovery of the equity value.

(d) The recovery of the equity component must be determined and approved in the review process set forth in this section. The approved equity value must be in addition to the approved cost of the power purchase agreement.

(7) Authorizing recovery of costs under a power purchase agreement for acquisition of coal transition power does not prohibit the commission from authorizing recovery of an electrical company’s acquisition of capacity resources for the purpose of integrating intermittent power or following load.

(8) Neither chapter 180, Laws of 2011 nor the commission’s approval of a power purchase agreement for acquisition of coal transition power that includes the ability to earn the equity component of an electrical company’s authorized rate of return establishes any precedent for an electrical company to receive an equity return on any other power purchase agreement or other power contract.

(9) For purposes of this section, "power purchase agreement" means a long-term financial commitment as defined in *RCW 80.80.010(15)(b).

(e) Agrees to a payment plan and agrees to maintain the payment plan. The plan will be designed both to pay the past due bill by the following October 15th and to pay for continued utility service. If the past due bill is not paid by the following October 15, the customer is not eligible for protections under this chapter until the past due bill is paid. The plan may not require monthly payments in excess of seven percent of the customer’s monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter during November 15 through March 15. A customer may agree to pay a higher percentage during this period, but shall not be in default unless payment during this period is less than seven percent of monthly income plus one-twelfth of any arrearage accrued from the date application is made and thereafter. If assistance payments are received by the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and
(f) Agrees to pay the moneys owed even if he or she moves.

(5) The utility shall:
(a) Include in any notice that an account is delinquent and that service may be subject to termination, a description of the customer’s duties in this section;
(b) Assist the customer in fulfilling the requirements under this section;
(c) Be authorized to transfer an account to a new residence when a customer who has established a plan under this section moves from one residence to another within the same utility service area;
(d) Be permitted to disconnect service if the customer fails to honor the payment program. Utilities may continue to disconnect service for those practices authorized by law other than for nonpayment as provided for in this subsection. Customers who qualify for payment plans under this section who default on their payment plans and are disconnected can be reconnected and maintain the protections afforded under this chapter by paying reconnection charges, if any, and by paying all amounts that would have been due and owing under the terms of the applicable payment plan, absent default, on the date on which service is reconnected; and
(e) Advise the customer in writing at the time it disconnects service that it will restore service if the customer contacts the utility and fulfills the other requirements of this section;
(f) Be permitted to disconnect service if the customer subsequent to implementation of the plan, the customer shall contact the utility to reformulate the plan; and
(9) An agreement between the customer and the utility, whether oral or written, does not waive the protections afforded under this chapter.

(10) In establishing rates or charges for water service, water companies as defined in RCW 80.04.010 may consider the achievement of water conservation goals and the discouragement of wasteful water use practices. 80.28.020 Commission to fix just, reasonable, and compensatory rates. (Effective July 1, 2012.) Whenever the commission shall find, after a hearing had upon its own motion, or upon complaint, that the rates or charges demanded, exacted, charged or collected by any gas company, electrical company, wastewater company, or water company, for gas, electricity, wastewater company services, or water, or in connection therewith, or that the rules, regulations, practices or contracts affecting such rates or charges are unjust, unreasonable, unjustly discriminatory or unduly preferential, or in any wise in violation of the provisions of the law, or that such rates or charges are insufficient to yield a reasonable compensation for the service rendered, the commission shall determine the just, reasonable, or sufficient rates, charges, regulations, practices or contracts to be thereafter observed and in force, and shall fix the same by order. [2011 c 214 § 12; 1961 c 14 § 80.28.020. Prior: 1911 c 117 § 54, part; RRS § 10390, part.]

80.28.030 Commission may order improved quality of commodity—Ordering improvements to the storage, distribution, or supply of water—Ordering improvements to the system of sewerage. (Effective July 1, 2012.) (1) Whenever the commission finds, after such hearing, that the illuminating or heating power, purity or pressure of gas, the efficiency of electric lamp supply, the voltage of the current supplied for light, heat or power, the quality of wastewater company services, or the purity, quality, volume, and pressure of water, supplied by any gas company, electrical company, wastewater company, or water company, as the case may be, is insufficient, impure, inadequate or inefficient, it shall order such improvement in the manufacture, distribution or supply of gas, in the manufacture, transmission or supply of electricity, in the operation of the services and facilities of wastewater companies, or in the storage, distribution or supply of water, or in the methods employed by such gas company, electrical company, wastewater company, or water company, as will in its judgment be efficient, adequate, just and reasonable. Failure of a water company to comply with state board of health standards adopted under RCW

[2011 RCW Supp—page 1569]
43.20.050(2)(a) or department standards adopted under chapter 70.116 RCW for purity, volume, and pressure is prima facie evidence that the water supplied is insufficient, impure, inadequate, or inefficient. Failure of a wastewater company to comply with standards and permit conditions adopted and implemented under chapter 70.118B or 90.48 RCW for treatment and disposal of sewerage, is prima facie evidence that the system of sewerage is insufficient, inadequate, or inefficient.

(2) In ordering improvements in the storage, distribution, or supply of water, the commission shall consult and coordinate with the department of health. In the event that a water company fails to comply with an order of the commission within the deadline specified in the order, the commission may request that the department petition the superior court of Thurston county to place the company in receivership pursuant to chapter 7.60 RCW.

(3) In ordering improvements to the system of sewerage, the commission shall consult and coordinate with the department of health or the department of ecology, as appropriate to the agencies’ jurisdiction. In the event that a wastewater company fails to comply with an order of the commission within the deadline specified in the order, the commission may petition the superior court of Thurston county to place the company in receivership pursuant to chapter 7.60 RCW.

[2011 c 214: See notes following RCW 80.04.010.]

80.28.040 Commission may order improved service—Water companies, system of sewerage noncompliance, receivership. (Effective July 1, 2012.) (1) Whenever the commission finds, after hearing, that any rules, regulations, measurements or the standard thereof, practices, acts or services of any such gas company, electrical company, wastewater company, or water company are unjust, unreasonable, improper, insufficient, inefficient or inadequate, or that any service which may be reasonably demanded is not furnished, the commission shall fix the reasonable rules, regulations, measurements or the standard thereof, practices, acts or service to be thereafter furnished, imposed, observed and followed, and shall fix the same by order or rule.

(2) In ordering improvements to the service of any water company, the commission shall consult and coordinate with the department of health. In the event that a water company fails to comply with an order of the commission within the deadline specified in the order, the commission may request that the department petition the superior court of Thurston county to place the company in receivership pursuant to chapter 7.60 RCW.

(3) In ordering improvements to the service of any system of sewerage, the commission shall consult and coordinate with the department of health or the department of ecology, as appropriate to the agencies’ jurisdiction. In the event that a wastewater company fails to comply with an order of the commission within the deadline specified in the order, the commission may petition the superior court of Thurston county to place the company in receivership pursuant to chapter 7.60 RCW.

80.28.050 Tariff schedules to be filed with commission—Public schedules. (Effective July 1, 2012.) Every gas company, electrical company, wastewater company, and water company shall file with the commission and shall print and keep open to public inspection schedules in such form as the commission may prescribe, showing all rates and charges made, established or enforced, or to be charged or enforced, all forms of contract or agreement, all rules and regulations relating to rates, charges or service, used or to be used, and all general privileges and facilities granted or allowed by such gas company, electrical company, wastewater company, or water company. 80.28.060 Tariff changes—Statutory notice—Exception—Waiver of provisions during state of emergency. (Effective July 1, 2012.) (1) Unless the commission otherwise orders, no change may be made in any rate or charge or in any form of contract or agreement or in any rule or regulation relating to any rate, charge or service, or in any general privilege or facility which shall have been filed and published by a gas company, electrical company, wastewater company, or water company in compliance with the requirements of RCW 80.28.050 except after thirty days’ notice to the commission and publication for thirty days, which notice must plainly state the changes proposed to be made in the schedule then in force and the time when the change will go into effect and all proposed changes must be shown by printing, filing and publishing new schedules, or shall be plainly indicated upon the schedules in force at the time and kept open to public inspection. Proposed changes may be suspended by the commission within thirty days or before the stated effective date of the proposed change, whichever is later. The commission, for good cause shown, may allow changes without requiring the thirty days’ notice by duly filing, in such manner as it may direct, an order specifying the changes so to be made and the time when it takes effect. All such changes must be immediately indicated upon its schedules by the company affected. When any change is made in any rate or charge, form of contract or agreement, or any rule or regulation relating to any rate or charge or service, or in any general privilege or facility, the effect of which is to increase any rate or charge, then in existence, attention must be directed on the copy filed with the commission to such increase by some character immediately preceding or following the item in such schedule, such character to be in form as designated by the commission.

(2) During a state of emergency declared under RCW 43.66.010(12), the governor may waive or suspend the operation or enforcement of this section or any portion of this section or under any administrative rule, and issue any orders to facilitate the operation of state or local government or to pro-
mote and secure the safety and protection of the civilian population. [2011 c 214 § 16; 2008 c 181 § 402; 1989 c 152 § 1; 1961 c 14 § 80.28.060. Prior: 1911 c 117 § 28; RRS § 10364.]

80.28.080 Published rates to be charged—Exceptions. (Effective July 1, 2012.) (1)(a) Except as provided otherwise in this subsection, no gas company, electrical company, wastewater company, or water company may charge, demand, collect or receive a greater or less or different compensation for any service rendered or to be rendered than the rates and charges applicable to such service as specified in its schedule filed and in effect at the time, nor may any such company directly or indirectly refund or remit in any manner or by any device any portion of the rates or charges so specified, or furnish its product at free or reduced rates except to its employees and their families, and its officers, attorneys, and agents; to hospitals, charitable and eleemosynary institutions and persons engaged in charitable and eleemosynary work; to indigent and destitute persons; to national homes or state homes for disabled volunteer soldiers and soldiers’ and sailors’ homes.

(2) In any civil action brought under this section, the utility may recover from the defendant as damages three times the amount of actual damages, if any, plus the cost of the suit and reasonable attorney’s fees, plus the costs incurred on account of the bypassing, tampering, or unauthorized reconnection, including but not limited to costs and expenses for investigation, disconnection, reconnection, service calls, and expert witnesses.

The commission’s jurisdiction over the rates, charges, practices, acts or services of any water company or wastewater company includes any aspect of line extension, service installation, or service connection. tion. In any such proceeding in which there is no specified tariffed rate, the burden is on the company to prove that its proposed charges are fair, just, reasonable, and sufficient. [2011 c 214 § 25; 1991 c 101 § 2.]

80.28.275 Water or wastewater companies—Assumption of substandard water system or system of sewerage—Limited immunity from liability. (Effective July 1, 2012.) A water company or a wastewater company assuming responsibility for a water system or system of sewerage that is not in compliance with state or federal requirements, and its agents and employees, are immune from lawsuits or causes of action, based on noncompliance with state or federal requirements, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the water company or wastewater company has submitted and is complying with a plan and schedule of improvements approved by the department of health or the department of ecology, as appropriate to the agencies’ jurisdiction. This immunity expires on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith and is subject to the provisions of law governing clean water as referenced by the commission by rule. [2011 c 214 § 26; 1994 c 292 § 9.]

Findings—Purpose—Limitation of chapter—Effective date—2011 c 214: See notes following RCW 80.04.010.

80.28.320 Regulation of battery charging facilities. The commission shall not regulate the rates, services, facilities, and practices of an entity that offers battery charging facilities to the public for hire; if: (1) That entity is not otherwise subject to commission jurisdiction as an electrical company; or (2) that entity is otherwise subject to commission jurisdiction as an electrical company, but its battery charging facilities and services are not subsidized by any regulated service. An electrical company may offer battery charging facilities as a regulated service, subject to commission approval. [2011 c 28 § 2.]

80.28.330 Certificate of public convenience and necessity—Bond or equivalent surety—Rule-making authority. (Effective July 1, 2012.) (1) A wastewater company may not own or develop a system of sewerage for the purpose of providing service for compensation without first having obtained from the commission a certificate declaring that the public convenience and necessity requires such service.

(2) Issuance of the certificate of public convenience and necessity must be determined on, but not limited to, the following factors:

(a) A comprehensive business plan detailing the design, construction, operation, and maintenance of the proposed service system;

(b) Demonstration of sufficient financial resources to properly operate and maintain the proposed system, and to replace and upgrade capital assets;

(c) The need to develop a new stand alone system instead of connecting to an existing system;

(d) A statement of prior experience, if any, in such field by the petitioner, set out in an affidavit or declaration;

(e) A certification from the municipal corporation that it is not willing and able to provide the sewerage services being proposed; and

(f) A certification from the municipal corporation that the company’s proposed service is consistent with the locally approved general sewer plan.

(3) The commission may, after providing notice and an opportunity for public comment, issue certificates, or for good cause shown refuse to issue them, or issue them for the partial exercise only of the privilege sought, and may attach to the exercise of the rights granted such terms and conditions as, in its judgment, the public convenience and necessity may require.

(4) No certificate may be transferred to any private or nonprofit entity unless authorized by the commission.

(5)(a) Prior to the commission approving a wastewater company to provide new service or extend existing service, the wastewater company must file and continuously maintain in effect, a bond, or equivalent surety as determined by the commission, with the commission to ensure that there are sufficient funds to:

(i) Design, construct, operate, and maintain the proposed system;

(ii) Replace and upgrade capital assets as required by federal or state law or by order of the department of health or department of ecology; and

(iii) Allow additional connections to the system, if approved by the department of health or the department of ecology.

(b) The bond, or its equivalent surety, is payable under this section to the commission upon:

(i) An order under RCW 80.28.340 to transfer a system or systems of sewerage to a capable wastewater company;

(ii) Notice that the wastewater company does not intend to renew the bond or its equivalent surety or has failed to renew the bond or its equivalent surety; or

(iii) A petition by the commission under RCW 80.28.350, 80.28.030, or 80.28.040 to place a wastewater company in receivership.

(c) The commission must hold the payment in trust until an acquiring wastewater company is designated under RCW 80.28.340 or a receiving entity is designated under RCW 80.28.350, 80.28.030, or 80.28.040, at which point the funds will be made available to the company or entity to expend as directed by the commission.

(6) For purposes of issuing certificates under this chapter, the commission may adopt rules to implement this section.

(7) A wastewater company must obtain commission approval before expanding an existing system beyond the approved capacity set forth in its certificate or acquiring new systems, either by construction or purchase. [2011 c 214 § 3.]

Findings—Purpose—Limitation of chapter—Effective date—2011 c 214: See notes following RCW 80.04.010.

80.28.340 Determination that a wastewater company is unfit to provide wastewater service on a system of sew-
erage—Commission may order transfer—Power of eminent domain. (Effective July 1, 2012.) (1) If the commission determines, after providing notice and opportunity for a hearing in the manner required for complaints under RCW 80.04.110, that a wastewater company is unfit to provide wastewater service on any system of sewerage, under its ownership, the commission may order the transfer of any such system or systems to a capable wastewater company.

(2) In determining whether a wastewater company is unfit to provide wastewater service on a system of sewerage in consultation with the department of health or the department of ecology as appropriate to the agencies’ jurisdiction, the commission may consider the company’s technical and managerial expertise to operate the system of sewerage, the company’s financial soundness and the company’s willingness and ability to make ongoing investments necessary to maintain compliance with statutory and regulatory standards for the safety, adequacy, efficiency, and reasonableness of the service provided.

(3) Before ordering the transfer of a system of sewerage owned by a wastewater company that is unfit to provide service, the commission must first determine that:

(a) Alternatives to the transfer are impractical or not economically feasible;

(b) The acquiring wastewater company is willing and able to acquire the system or systems of sewerage, is financially sound, and has the technical and managerial expertise to own and operate the system or systems of sewerage in compliance with applicable statutory and regulatory standards; and

(c) Rates paid by existing customers served by the acquiring wastewater company will not increase unreasonably because of the acquisition of the system of sewerage or because of expenditures that may be necessary to assure compliance with applicable statutory and regulatory standards for the safety, adequacy, efficiency, and reasonableness of the service provided.

(4) The sale price for the unfit wastewater company’s system or systems of sewerage assets must be determined by agreement between the unfit wastewater company and the acquiring capable wastewater company subject to a finding by the commission that the agreed price is reasonable. A price is deemed reasonable if it does not exceed the original cost of plant in service, minus accumulated depreciation, minus contributions in aid to construction. If the unfit wastewater company and the acquiring capable wastewater company are unable to agree on the sale price or the commission finds that the agreed sale price is not reasonable, the acquiring capable wastewater company may initiate a condemnation proceeding in superior court in the manner provided by chapter 8.04 RCW to determine the compensation to be paid by the acquiring capable wastewater company for the failed system or systems of sewerage assets.

(5) The capable wastewater company acquiring an unfit wastewater company’s system or systems shall have the same immunity from liability as wastewater companies assuming substandard systems as set forth in RCW 80.28.275.

(6) The commission must provide copies of the notice required by subsection (1) of this section to the department of health or the department of ecology, as appropriate to the agencies’ jurisdiction, and all proximate public entities providing wastewater utility service.

(7) Any capable wastewater company approved by the commission to acquire the system or systems of sewerage of an unfit wastewater company must submit to the commission, for approval, a financial plan, including a timetable, for bringing the acquired system of sewerage assets into compliance with applicable statutory and regulatory standards. The acquiring capable wastewater company must also provide a copy of the plan to the department of health or the department of ecology, as appropriate to the agencies’ jurisdiction, and other state or local agency as the commission may direct. The commission must give the department of health or the department of ecology, as appropriate to the agencies’ jurisdiction, adequate opportunity to comment on the plan and must consider any comments submitted in deciding whether or not to approve the plan.

(8) The legislature grants to any private entity the power of eminent domain, for exercise only under the circumstances described in this section. However, a private entity must obtain authorization from the city, town, or county with jurisdiction over the subject property after the legislative authority of the city, town, or county has passed an ordinance requiring that property be taken for public use. This subsection does not limit eminent domain authority granted by any other provision of law. [2011 c 214 § 5.]

Findings—Purpose—Limitation of chapter—Effective date—2011 c 214: See notes following RCW 80.04.010.

80.28.350 Petition to place a wastewater company in receivership—Power of eminent domain. (Effective July 1, 2012.) (1) The commission may petition the Thurston county superior court pursuant to chapter 7.60 RCW to place a wastewater company in receivership. The petition must include the names of one or more qualified candidates for receiver who have consented to assume operation of the system of sewerage. The petition must also include a list of interested and qualified individuals, municipal corporations, and wastewater companies with experience in providing wastewater service and a history of satisfactory operation of a system of sewerage. If no other entity is willing and able to be appointed as the receiver, the court must appoint the county or other municipal corporation whose geographic boundaries include, in whole or in part, the system of sewerage at issue. The municipal corporation may designate one of its agencies or divisions to operate the system, or it may contract with another entity to operate the system. The department of health or department of ecology, whichever has jurisdiction, must provide regulatory oversight for managing the system of sewerage.

(2) In any petition for receivership under subsection (1) of this section, the commission must recommend that the court grant the receiver full authority to act in the best interests of the customers served by the system of sewerage. The receiver must assess the capability, in conjunction with the department of health or ecology, whichever has jurisdiction, and local government, for the system to operate in compliance with health and safety standards. The receiver must report to the court and the commission its recommendations for the company’s future operation of the system, including the formation of a water-sewer district or other public entity,
or ownership by another existing wastewater company capable of providing service.

(3) If a petition for receivership and verifying affidavit executed by an appropriate official allege an immediate and serious danger to residents constituting an emergency, the court must set the matter for hearing within three days and may appoint a temporary receiver ex parte upon the strength of such petition and affidavit pending a full evidentiary hearing, which must be held within fourteen days after receipt of the petition.

(4) If the court imposes a bond upon a receiver, the amount must reasonably relate to the level of operating revenue generated by, and the capital value of, the wastewater company. Any receiver appointed pursuant to this section may not be held personally liable for any good faith, reasonable effort to assume possession of, and to operate, the system in compliance with the court’s orders, subject to the provisions of law governing clean water as referenced by the commission by rule.

(5) The court must authorize the receiver to impose reasonable assessments on the customers of the system of sewerage to recover expenditures for improvements necessary for the public health and safety.

(6) The commission must develop a plan for transfer of the system of sewerage to a new operator and submit its plan to the court. The commission must develop the plan after notice to, and an opportunity to participate by, the receiver, the municipal corporations whose geographic boundaries include the system of sewerage at issue, in whole or in part, and the public. The commission must complete the plan no later than twelve months after appointment of a receiver.

(a) If the commission finds that no private entity is able or willing to take over the system of sewerage and decides the system of sewerage should be taken over by a municipal corporation whose geographic boundaries include the system of sewerage at issue, in whole or in part, the commission must provide its findings to the court and the court may issue an order to that effect. If the court orders a municipal corporation to take over the system of sewerage, the municipal corporation must promptly institute negotiations to purchase the system. If, within six months of the court’s order, the negotiations fail or otherwise do not result in a purchase, the municipal corporation must promptly initiate a condemnation proceeding to acquire the system. The court must terminate the receivership once the purchase is complete.

(b) If the commission decides the system of sewerage should be taken over by a private entity, such as an individual or business, the commission must provide its findings to the court and the court may issue an order to that effect. If the court orders a private entity to take over the system of sewerage, the private entity must promptly institute negotiations to purchase the system. If, within six months of the court’s order, the negotiations fail or otherwise do not result in a purchase, the private entity must promptly exercise its power of eminent domain granted by the legislature in subsection (9) of this section to acquire the system. The court must terminate the receivership once the purchase is complete.

(7) Other than pursuant to subsection (6)(a) and (b) of this section, the court may not terminate the receivership, and order the return of the system to the owners, unless the commission approves that action. The court may impose reasonable conditions upon the return of the system to the owner, including the posting of a bond or other security, routine performance and financial audits, employment of qualified operators and other staff or contracted services, compliance with financial viability requirements, or other measures sufficient to ensure the ongoing proper operation of the system.

(8) If, as part of the ultimate disposition of the system, a condemnation proceeding is commenced to acquire the system of sewerage, the court shall oversee any appraisal of the system conducted under Title 7 RCW to assure that the appraised value properly reflects any reduced value because of the necessity to make improvements to the system. The court has the authority to approve the appraisal and to modify the appraisal based on any information provided at an evidentiary hearing. The court’s determination of the proper value of the system, based on the appraisal, is final and only appealable if not supported by substantial evidence. If the appraised value is appealed, the court may order the system’s ownership to be transferred upon payment of the approved appraised value.

(9) The legislature grants any municipal corporation, and any private entity the power of eminent domain under the circumstances described in this section. However, a private entity must obtain authorization from the city, town, or county with jurisdiction over the subject property after the legislative authority of the city, town, or county has passed an ordinance requiring that property be taken for public use. This subsection does not limit eminent domain authority granted by any other provision of law. [2011 c 214 § 6.]

ENERGY FACILITIES—SITE LOCATIONS

Sections

80.50.071 Council to receive applications—Deposits or charges for application processing or certification monitoring. (1) The council shall receive all applications for energy facility site certification. Each applicant shall pay such reasonable costs as are actually and necessarily incurred by the council in processing an application.

(a) Each applicant shall, at the time of application submission, deposit fifty thousand dollars, or such greater amount as may be specified by the council after consultation with the applicant. Costs that may be charged against the deposit include, but are not limited to, independent consultants’ costs, councilmember’s wages, employee benefits, costs of a hearing examiner, costs of a court reporter, staff salaries, wages and employee benefits, goods and services, travel expenses, and miscellaneous direct expenses as arise directly from processing an application.

(b) The council may commission its own independent consultant study to measure the consequences of the proposed energy facility on the environment or any matter that it deems essential to an adequate appraisal of the site. The council shall provide an estimate of the cost of the study to the applicant and consider applicant comments.

(c) The council shall submit to each applicant a statement of such expenditures made during the preceding calendar quarter which shall be in sufficient detail to explain such expenditures. The applicant shall pay the state treasurer the amount of such statement to restore the total amount on deposit to the originally established level: PROVIDED, That such applicant may, at the request of the council, increase the amount of funds on deposit to cover anticipated expenses during peak periods of application processing. Any funds remaining unexpended at the conclusion of application processing shall be refunded to the applicant, or at the applicant’s option, credited against required deposits of certificate holders.

(2) Each certificate holder shall pay such reasonable costs as are actually and necessarily incurred by the council for inspection and determination of compliance by the certificate holder with the terms of the certification relative to monitoring the effects of construction, operation, and site restoration of the facility.

(a) Each certificate holder, within thirty days of execution of the site certification agreement, shall have on deposit fifty thousand dollars, or such greater amount as may be specified by the council after consultation with the certificate holder. Costs that may be charged against the deposit include, but are not limited to, those specified in subsection (1)(a) of this section as arise from inspection and determination of compliance by the certificate holder.

(b) The council shall submit to each certificate holder a statement of such expenditures actually made during the preceding calendar quarter which shall be in sufficient detail to explain such expenditures. The certificate holder shall pay the state treasurer the amount of such statement to restore the total amount on deposit to the originally established level: PROVIDED, That if the actual expenditures for inspection and determination of compliance in the preceding calendar quarter have exceeded the amount of funds on deposit, such excess costs shall be paid by the certificate holder.

(3) If an applicant or certificate holder fails to provide the initial deposit, or if subsequently required payments are not received within thirty days following receipt of the statement from the council, the council may (a) in the case of the applicant, suspend processing of the application until payment is received; or (b) in the case of a certificate holder, suspend the certification.
(4) All payments required of the applicant or certificate holder under this section are to be made to the state treasurer who shall make payments as instructed by the council from the funds submitted. All such funds shall be subject to state auditing procedures. Any unexpended portions thereof shall be returned to the applicant or certificate holder.

(5)(a) Upon receipt of an application for an energy facility site certification proposing an energy plant or alternative energy resource that is connected to electrical transmission facilities of a nominal voltage of at least one hundred fifteen thousand volts, the council shall notify in writing the United States department of defense. The notification shall include, but not be limited to, the following:

(i) A description of the proposed energy plant or alternative energy resource;

(ii) The location of the site;

(iii) The placement of the energy plant or alternative energy resource on the site;

(iv) The date and time by which comments must be received by the council; and

(v) Contact information of the council and the applicant.

(b) The purpose of the written notification is to provide an opportunity for the United States department of defense to comment upon the application, and to identify potential issues relating to the placement and operations of the energy plant or alternative energy resource, before a site certification application is approved. The time period set forth by the council for receipt of such comments shall not extend the time period for the council’s processing of the application.

(c) In order to assist local governments required to notify the United States department of defense under RCW 35.63.270, 35A.63.290, and 36.01.320, the council shall post on its web site the appropriate information for contacting the United States department of defense. Rule-making costs proportionately divided—2010 c 152: "Rule-making costs incurred by the energy facility site evaluation council in implementing and administering this act shall be proportionately divided among the certificate holders and applicants directly affected by this act." [2010 c 152 § 4.]

80.50.100 Recommendations to governor—Expedited processing—Approval or rejection of certification—Reconsideration. (a) The council shall report to the governor its recommendations as to the approval or rejection of an application for certification within twelve months of receipt by the council of such an application, or such later time as is mutually agreed by the council and the applicant.

(b) In the case of an application filed prior to December 31, 2025, for certification of an energy facility proposed for construction, modification, or expansion for the purpose of providing generating facilities that meet the requirements of RCW 80.80.040 and are located in a county with a coal-fired electric generating [generation] facility subject to RCW 80.80.040(3)(c), the council shall expedite the processing of the application pursuant to RCW 80.50.075 and shall report its recommendations to the governor within one hundred eighty days of receipt by the council of such an application, or a later time as is mutually agreed by the council and the applicant.

(2) If the council recommends approval of an application for certification, it shall also submit a draft certification agreement with the report. The council shall include conditions in the draft certification agreement to implement the provisions of this chapter, including, but not limited to, conditions to protect state or local governmental or community interests affected by the construction or operation of the energy facility, and conditions designed to recognize the purpose of laws or ordinances, or rules or regulations promulgated thereunder, that are preempted or superseded pursuant to RCW 80.50.110 as now or hereafter amended.

(3)(a) Within sixty days of receipt of the council’s report the governor shall take one of the following actions:

(i) Approve the application and execute the draft certification agreement; or

(ii) Reject the application; or

(iii) Direct the council to reconsider certain aspects of the draft certification agreement.

(b) The council shall reconsider such aspects of the draft certification agreement by reviewing the existing record of the application or, as necessary, by reopening the adjudicative proceeding for the purposes of receiving additional evidence. Such reconsideration shall be conducted expeditiously. The council shall resubmit the draft certification to the governor incorporating any amendments deemed necessary upon reconsideration. Within sixty days of receipt of such draft certification agreement, the governor shall either approve the application and execute the certification agreement or reject the application. The certification agreement shall be binding upon execution by the governor and the applicant.

(4) The rejection of an application for certification by the governor shall be final as to that application but shall not preclude submission of a subsequent application for the same site on the basis of changed conditions or new information. [2009 c 686 § 1; 2009 c 545 § 7; 2009 c 448 § 5; 2007 c 340 § 2.] 

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Findings—Purpose—2011 c 180: "(1) The legislature finds that generating electricity from the combustion of coal produces pollutants that are harmful to human health and safety and the environment. While the emission of many of these pollutants continues to be addressed through application of federal and state air quality laws, the emission of greenhouse gases resulting from the combustion of coal has not been addressed.
(2) The legislature finds that coal-fired electric generation is one of the largest sources of greenhouse gas emissions in the state, and is the largest source of such emissions from the generation of electricity in the state.
(3) The legislature finds that coal-fired electric generation may provide
baseload power that is necessary in the near-term for the stability and reliability of the electrical transmission grid and that contributes to the availability of affordable power in the state. The legislature further finds that efforts to transition power to other fuels requires a reasonable period of time to ensure grid stability and to maintain affordable electricity resources.

(4) The legislature finds that coal-fired baseload electric generation facilities are a significant contributor to family-wage jobs and economic health in parts of the state and that transition of these facilities must address the economic future and the preservation of jobs in affected communities.

(5) Therefore, it is the purpose of this act to provide for the reduction of greenhouse gas emissions from large coal-fired baseload electric power generation facilities, to effect an orderly transition to cleaner fuels in a manner that ensures reliability of the state’s electrical grid, to ensure appropriate cleanup and site restoration upon decommissioning of any of these facilities in the state, and to provide assistance to host communities planning for new economic development and mitigating the economic impacts of the closure of these facilities.’’ [2011 c 180 § 101.]

80.80.040 Greenhouse gas emissions performance standards—Rules—Sequestration. (1) Beginning July 1, 2008, the greenhouse gas emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:

(a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(b) The average available greenhouse gas emissions output as determined under RCW 80.80.050.

(2) This chapter does not apply to long-term financial commitments with the Bonneville power administration.

(3)(a) Except as provided in (c) of this subsection, all baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section until the facilities are the subject of long-term financial commitments.

(b) All baseload electric generation that commences operation after June 30, 2008, and is located in Washington, must comply with the greenhouse gas emissions performance standard established in subsection (1) of this section.

(c)(i) A coal-fired baseload electric generation facility in Washington that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008 must comply with the lower of the following greenhouse gas emissions performance standard such that one generating boiler is in compliance by December 31, 2020, and any other generating boiler is in compliance by December 31, 2025:

(A) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(B) The average available greenhouse gas emissions output as determined under RCW 80.80.050.

(ii) This subsection (3)(c) does not apply to a coal-fired baseload electric generating [generation] facility in the event the department determines as a requirement of state or federal law or regulation that selective catalytic reduction technology must be installed on any of its boilers.

(4) All electric generation facilities or power plants powered exclusively by renewable resources, as defined in RCW 19.280.020, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section.

(5) All cogeneration facilities in the state that are fueled by natural gas or waste gas or a combination of the two fuels, and that are in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse gas emissions performance standard established under this section until the facilities are the subject of a new ownership interest or are upgraded.

(6) In determining the rate of emissions of greenhouse gases for baseload electric generation, the total emissions associated with producing electricity shall be included.

(7) In no case shall a long-term financial commitment be determined to be in compliance with the greenhouse gas emissions performance standard if the commitment includes more than twelve percent of electricity from unspecified sources.

(8) For a long-term financial commitment with multiple power plants, each specified power plant must be treated individually for the purpose of determining the annualized plant capacity factor and net emissions, and each power plant must comply with subsection (1) of this section, except as provided in subsections (3) through (5) of this section.

(9) The department shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for a cogeneration facility recognizes the total usable energy output of the process, and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy. In developing and implementing the greenhouse gas emissions performance standard, the department shall consider and act in a manner consistent with any rules adopted pursuant to the public utilities regulatory policy act of 1978 (16 U.S.C. Sec. 824a-3), as amended.

(10) The following greenhouse gas emissions produced by baseload electric generation owned or contracted through a long-term financial commitment shall not be counted as emissions of the power plant in determining compliance with the greenhouse gas emissions performance standard:

(a) Those emissions that are injected permanently in geological formations;

(b) Those emissions that are permanently sequestered by other means approved by the department; and

(c) Those emissions sequestered or mitigated as approved under subsection (16) of this section.

(11) In adopting and implementing the greenhouse gas emissions performance standard, the department of commerce energy policy division, in consultation with the commission, the department, the Bonneville power administration, the western electricity coordinating council, the energy facility site evaluation council, electric utilities, public interest representatives, and consumer representatives, shall consider the effects of the greenhouse gas emissions performance standard on system reliability and overall costs to electricity customers.

(12) In developing and implementing the greenhouse gas emissions performance standard, the department shall, with assistance of the commission, the department of commerce energy policy division, and electric utilities, and to the extent practicable, address long-term purchases of electricity from unspecified sources in a manner consistent with this chapter.

(13) The directors of the energy facility site evaluation council and the department shall each adopt rules under chapter 34.05 RCW in coordination with each other to implement and enforce the greenhouse gas emissions performance standard. The rules necessary to implement this section shall be adopted by June 30, 2008.
(14) In adopting the rules for implementing this section, the energy facility site evaluation council and the department shall include criteria to be applied in evaluating the carbon sequestration plan, for baseload electric generation that will rely on subsection (10) of this section to demonstrate compliance, but that will commence sequestration after the date that electricity is first produced. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient technical documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule;

(e) Provisions for an owner to purchase emissions reductions in the event of the failure of a sequestration plan under subsection (16) of this section; and

(f) Provisions for public notice and comment on the carbon sequestration plan.

(15)(a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse gas emissions performance standard, the department shall determine whether sequestration or a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of sequestration or the carbon sequestration plan with the department consistent with the conditions under (a) of this subsection, consider the adequacy of sequestration or the plan in its adjudicative proceedings conducted under RCW 80.50.090(3), and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

(16) A project under consideration by the energy facility site evaluation council by July 22, 2007, is required to include all of the requirements of subsection (14) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process. A project under consideration by the energy facility site evaluation council by July 22, 2007, that receives final site certification agreement approval under chapter 80.50 RCW shall make a good faith effort to implement the sequestration plan. If the project owner determines that implementation is not feasible, the project owner shall submit documentation of that determination to the energy facility site evaluation council. The documentation shall demonstrate the steps taken to implement the sequestration plan and evidence of the technological and economic barriers to successful implementation. The project owner shall then provide to the energy facility site evaluation council notification that they shall implement the plan that requires the project owner to meet the greenhouse gas emissions performance standard by purchasing verifiable greenhouse gas emissions reductions from an electric generator located within the western interconnection, where the reduction would not have occurred otherwise or absent this contractual agreement, such that the sum of the emissions reductions purchased and the facility’s emissions meets the standard for the life of the facility. [2011 c 180 § 103; 2009 c 448 § 2; 2007 c 307 § 5.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

80.80.060 Electrical companies—Baseload electric generation—Long-term financial commitments—Rules.

(1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gas emissions performance standard established under RCW 80.80.040.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30, 2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gas emissions performance standard established under RCW 80.80.040.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electric utility, the commission may provide a case-by-case exemption from the greenhouse gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall determine whether the company’s proposed decision to acquire electric generation or enter into a power purchase agreement for electricity complies with the greenhouse gas emissions performance standard established under RCW 80.80.040. The commission shall not decide in a proceeding under this subsection (5) issues involving the actual costs to construct and operate the selected resource, cost recovery, or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs.

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with a long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed twenty-four months; provided that if during such period the company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such proceeding. Creation of such a deferral account does
not by itself determine the actual costs of the long-term financial commitment, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding for recovery of these costs. For the purpose of this subsection (6) only, the term "long-term financial commitment" also includes an electric company’s ownership or power purchase agreement with a term of five or more years associated with an eligible renewable resource as defined in RCW 19.285.030.

(7) The commission shall consult with the department to apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040. The department shall report to the commission whether baseload electric generation will comply with the greenhouse gas emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(8) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(9) This section does not apply to a long-term financial commitment for the purchase of coal transition power with termination dates consistent with the applicable dates in the commission whether baseload electric generation will comply with the greenhouse gas emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(10) The commission shall adopt rules necessary to implement this section by December 31, 2008. [2011 c 180 § 104. Prior: 2009 c 448 § 3; 2009 c 147 § 1; 2007 c 307 § 8.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

80.80.070 Consumer-owned utilities—Baseload electric generation—Long-term financial commitments. (1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gas emissions performance standard established under RCW 80.80.040.

(2) The governing board shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter and after consultation with the department, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gas emissions performance standard established under RCW 80.80.040. No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gas emissions performance standard established under RCW 80.80.040.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; or (b) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance.

(7) This section does not apply to long-term financial commitments for the purchase of coal transition power with termination dates consistent with the applicable dates in the commission whether baseload electric generation will comply with the greenhouse gas emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

80.80.100 Memorandum of agreement with owners of a coal-fired baseload facility—Required provisions. (1) By January 1, 2012, the governor on behalf of the state shall enter into a memorandum of agreement that takes effect on April 1, 2012, with the owners of a coal-fired baseload facility in Washington that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The memorandum of agreement entered into by the governor may only contain provisions authorized in this section, except as provided under RCW 80.80.120.

(2) The memorandum of agreement must:

   (ii) For energy technologies with the potential to create considerable economic, energy development, and air quality, hazz, or other environmental benefits.
   (b) Except as described in (c) of this subsection, the financial assistance in (a)(i) of this subsection must be in the amount of thirty million dollars and the financial assistance in (a)(ii) of this subsection must be in the amount of twenty-five million dollars, with investments beginning January 1, 2012, and consisting of equal annual investments through December 31, 2023, or until the full amount has been provided. Only funds for energy efficiency and weatherization may be spent prior to December 31, 2015.
   (c) If the tax exemptions provided under RCW 82.08.811 or 82.12.811 are repealed, any remaining financial assistance required by this section is no longer required.

(4) The memorandum of agreement must:
   (a) Specify that the investments in subsection (3) of this section be held in independent accounts at an appropriate financial institution; and
   (b) Identify individuals to approve expenditures from the accounts. Individuals must have relevant expertise and must

[2011 RCW Supp—page 1581]
include members representing the Lewis county economic development council, local elected officials, employees at the facility, and the facility owner.

(5) The memorandum of agreement must include a provision that allows for the termination of the memorandum of agreement in the event the department determines as a requirement of state or federal law or regulation that selective catalytic reduction technology must be installed on any of its boilers.

(6) The memorandum of agreement must include enforcement provisions to ensure implementation of the agreement by the parties.

(7) If the memorandum of agreement is not signed by January 1, 2012, the governor must impose requirements consistent with the provisions in subsection (2)(b) of this section. [2011 c 180 § 106.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

80.80.110 Limitation on adopting or imposing a greenhouse gas emission performance standard on certain facilities. No state agency or political subdivision of the state may adopt or impose a greenhouse gas emission performance standard, or other operating or financial requirement or limitation relating to greenhouse gas emissions, on a coal-fired electric generation facility located in Washington in operation on or before July 22, 2011, or upon an electric utility’s long-term purchase of coal transition power, that is inconsistent with or in addition to the provisions of RCW 80.80.040 or the memorandum of agreement entered into under RCW 80.80.100. [2011 c 180 § 107.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

80.80.120 Memorandum of agreement—Authorized provisions. (1) A memorandum of agreement entered into pursuant to RCW 80.80.100 may include provisions to assist in the financing of emissions reductions that exceed those required by RCW 80.80.040(3)(c) by providing for the recognition of such reductions in applicable state policies and programs relating to greenhouse gas emissions, and by encouraging and advocating for the recognition of the reductions in all established and emerging emission reduction frameworks at the regional, national, or international level.

(2) The governor may recommend actions to the legislature to strengthen implementation of an agreement or a proposed agreement relating to recognition of investments in emissions reductions described in subsection (1) of this section. [2011 c 180 § 108.]

Findings—Purpose—2011 c 180: See note following RCW 80.80.010.

**81.104.100 Planning process.** To assure development of an effective high capacity transportation system, local authorities shall follow the following planning process only if their system plan includes a rail fixed guideway system component or a bus rapid transit component that is planned by a regional transit authority:

1. Regional, multimodal transportation planning is the ongoing urban transportation planning process conducted in each urbanized area by its regional transportation planning organization. During this process, regional transportation goals are identified, travel patterns are analyzed, and future land use and travel are projected. The process provides a comprehensive view of the region’s transportation needs but does not select specified modes to serve those needs. The process shall identify a priority corridor or corridors for further study of high capacity transportation facilities if it is deemed feasible by local officials.

2. High capacity transportation system planning is the detailed evaluation of a range of high capacity transportation system options, including: Do nothing, low capital, and ranges of higher capital facilities. To the extent possible this evaluation shall take into account the urban mass transportation administration’s requirements identified in subsection (3) of this section.

High capacity transportation system planning shall proceed as follows:

a. Organization and management. The responsible local transit agency or agencies shall define roles for various local agencies, review background information, provide for public involvement, and develop a detailed work plan for the system planning process.

b. Development of options. Options to be studied shall be developed to ensure an appropriate range of technologies and service policies can be evaluated. A do-nothing option and a low capital option that maximizes the current system shall be developed. Several higher capital options that consider a range of capital expenditures for several candidate technologies shall be developed.

c. Analysis methods. The local transit agency shall develop reports describing the analysis and assumptions for the estimation of capital costs, operating and maintenance costs, methods for travel forecasting, a financial plan and an evaluation methodology.

d. The system plan submitted to the voters pursuant to RCW 81.104.140 shall address, but is not limited to the following issues:

   i. Identification of level and types of high capacity transportation services to be provided;

   ii. A plan of high occupancy vehicle lanes to be constructed;

   iii. Identification of route alignments and station locations with sufficient specificity to permit calculation of costs, ridership, and system impacts;

   iv. Performance characteristics of technologies in the system plan;

   v. Patronage forecasts;

   vi. A financing plan describing: Phasing of investments; capital and operating costs and expected revenues; cost-effectiveness represented by a total cost per system rider and new rider estimate; estimated ridership and the cost of service for each individual high capacity line; and identification of the operating revenue to operating expense ratio.

   The financing plan shall specifically differentiate the proposed use of funds between high capacity transportation facilities and services, and high occupancy vehicle facilities;

   vii. Description of the relationship between the high capacity transportation system plan and adopted land use plans;

   viii. An assessment of social, economic, and environmental impacts; and

   ix. Mobility characteristics of the system presented, including but not limited to: Qualitative description of system/service philosophy and impacts; qualitative system reliability; travel time and number of transfers between selected residential, employment, and activity centers; and system and activity center mode splits.

3. High capacity transportation project planning is the detailed identification of alignments, station locations, equipment and systems, construction schedules, environmental effects, and costs. High capacity transportation project planning shall proceed as follows: The local transit agency shall analyze and produce information needed for the preparation of environmental impact statements. The impact statements shall address the impact that development of such a system will have on abutting or nearby property owners. The process of identification of alignments and station locations shall include notification of affected property owners by normal legal publication. At minimum, such notification shall include notice on the same day for at least three weeks in at least two newspapers of general circulation in the county where such project is proposed. Special notice of hearings by the conspicuous posting of notice, in a manner designed to attract public attention, in the vicinity of areas identified for station locations or transfer sites shall also be provided.

In order to increase the likelihood of future federal funding, the project planning processes shall follow the urban mass transportation administration’s requirements as described in "Procedures and Technical Methods for Transit Project Planning", published by the United States department of Transportation, urban mass transportation administration, September 1986, or the most recent edition. Nothing in this subsection shall be construed to preclude detailed evaluation of more than one corridor in the planning process.

The department of transportation shall provide system and project planning review and monitoring in cooperation with the expert review panel identified in RCW 81.104.110. In addition, the local transit agency shall maintain a continuous public involvement program and seek involvement of other government agencies. [2011 c 127 § 1; 1992 c 101 § 23; 1991 sp.s. c 15 § 68; 1991 c 318 § 9; 1990 c 43 § 31.]

**81.104.110 Independent system plan oversight.** (1) The legislature recognizes that the planning processes described in RCW 81.104.100 provide a recognized framework for guiding high capacity transportation studies. However, the process cannot guarantee appropriate decisions unless key study assumptions are reasonable.

2. To assure appropriate system plan assumptions and to provide for review of system plan results, an expert review
panel shall be appointed to provide independent technical review for development of any system plan which:

(a) Is to be funded in whole or in part by the imposition of any voter-approved local option funding sources enumerated in RCW 81.104.140; and

(b) Includes a rail fixed guideway system component or a bus rapid transit component that is planned by a regional transit authority.

(3) The expert review panel shall consist of five to ten members who are recognized experts in relevant fields, such as transit operations, planning, emerging transportation technologies, engineering, finance, law, the environment, geography, economics, and political science.

(4) The expert review panel shall be selected cooperatively by the chairs of the senate and house transportation committees, the secretary of the department of transportation, and the governor to assure a balance of disciplines. In the case of counties adjoining another state or Canadian province the expert review panel membership shall be selected cooperatively with representatives of the adjoining state or Canadian province.

(5) The chair of the expert review panel shall be designated by the appointing authorities.

(6) The expert review panel shall serve without compensation but shall be reimbursed for expenses according to RCW 43.03.050 and 43.03.060. Reimbursement shall be paid from within the existing resources of the local authority planning under this chapter.

(7) The panel shall carry out the duties set forth in subsections (8) and (9) of this section until the date on which an election is held to consider the high capacity transportation system and financing plans.

(8) The expert panel shall review all reports required in RCW 81.104.100(2) and shall concentrate on service modes and concepts, costs, patronage and financing evaluations.

(9) The expert panel shall provide timely reviews and comments on individual reports and study conclusions to the department of transportation, the regional transportation planning organization, the joint regional policy committee, and the submitting lead transit agency. In the case of counties adjoining another state or Canadian province, the expert review panel shall provide its reviews, comments, and conclusions to the representatives of the adjoining state or Canadian province.

(10) The local authority planning under this chapter shall contract for consulting services for expert review panels. The amount of consultant support shall be negotiated with each expert review panel by the local authority and shall be paid from within the local authority’s existing resources. 82.02.100 Impact fees—Exception, mitigation fees paid under chapter 43.21C RCW. (1) A person required to pay a fee pursuant to RCW 43.21C.060 for system improvements shall not be required to pay an impact fee under RCW 82.02.050 through 82.02.090 for those same system improvements.

(2) A person installing a residential fire sprinkler system in a single-family home shall not be required to pay the fire operations portion of the impact fee. The exempted fire operations impact fee shall not include the proportionate share related to the delivery of emergency medical services. [2011 c 331 § 3; 1992 c 219 § 2.]

Intent—2011 c 331: “The legislature recognizes that fire sprinkler systems in private residences may prevent catastrophic losses of life and property, but that financial, technical, and other issues often discourage property owners from installing these protective systems.

It is the intent of the legislature to eradicate barriers that prevent the voluntary installation of sprinkler systems in private residences by promoting education regarding the effectiveness of residential fire sprinklers, and by providing financial and regulatory incentives to homeowners, builders, and water purveyors for voluntarily installing the systems. It is the further intent of the legislature to fully preserve the rulings of Fisk v. City of Kirkland, 164 Wn.2d 891 (2008), Stiefel v. City of Kent, 132 Wn. App.523 (2006), and similar cases.” [2011 c 331 § 1.]
ing services rendered in respect to live animals, birds and insects;

(b) The constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for consumers, including the installing or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, and also includes the sale of services or charges made for the clearing of land and the moving of earth excepting the mere leveling of land used in commercial farming or agriculture;

(c) The constructing, repairing, or improving of any structure upon, above, or under any real property owned by an owner who conveys the property by title, possession, or any other means to the person performing such construction, repair, or improvement for the purpose of performing such construction, repair, or improvement and the property is then reconveyed by title, possession, or any other means to the original owner;

(d) The cleaning, fumigating, razing, or moving of existing buildings or structures, but does not include the charge made for janitorial services; and for purposes of this section the term "janitorial services" means those cleaning and caretaking services ordinarily performed by commercial janitor service businesses including, but not limited to, wall and window washing, floor cleaning and waxing, and the cleaning in place of rugs, drapes and upholstery. The term "janitorial services" does not include painting, papering, repairing, furnace or septic tank cleaning, snow removal or sandblasting;

(e) Automobile towing and similar automotive transportation services, but not in respect to those required to report and pay taxes under chapter 82.16 RCW;

(f) The furnishing of lodging and all other services by a hotel, rooming house, tourist court, motel, trailer camp, and the granting of any similar license to use real property, as distinguished from the renting or leasing of real property, and it is presumed that the occupancy of real property for a continuous period of one month or more constitutes a rental or lease of real property and not a mere license to use or enjoy the same. For the purposes of this subsection, it is presumed that the sale of and charge made for the furnishing of lodging for a continuous period of one month or more to a person is a rental or lease of real property and not a mere license to enjoy the same;

(g) The installing, repairing, altering, or improving of digital goods for consumers;

(h) Persons taxable under (a), (b), (c), (d), (e), (f), and (g) of this subsection when such sales or charges are for property, labor and services which are used or consumed in whole or in part by such persons in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property, labor and services may be resold after such use or consumption. Nothing contained in this subsection may be construed to modify subsection (1) of this section and nothing contained in subsection (1) of this section may be construed to modify this subsection.

(3) The term "sale at retail" or "retail sale" includes the sale of or charge made for personal, business, or professional services including amounts designated as interest, rents, fees, admission, and other service emoluments however designated, received by persons engaging in the following business activities:

(a) Amusement and recreation services including but not limited to golf, pool, billiards, skating, bowling, ski lifts and tows, day trips for sightseeing purposes, and others, when provided to consumers;

(b) Abstract, title insurance, and escrow services;

(c) Credit bureau services;

(d) Automobile parking and storage garage services;

(e) Landscape maintenance and horticultural services but excluding (i) horticultural services provided to farmers and (ii) pruning, trimming, repairing, removing, and clearing of trees and brush near electric transmission or distribution lines or equipment, if performed by or at the direction of an electric utility;

(f) Service charges associated with tickets to professional sporting events; and

(g) The following personal services: Physical fitness services, tanning salon services, tattoo parlor services, steam bath services, turkish bath services, escort services, and dating services.

(4)(a) The term also includes the renting or leasing of tangible personal property to consumers.

(b) The term does not include the renting or leasing of tangible personal property where the lease or rental is for the purpose of sublease or subrent.

(5) The term also includes the providing of "competitive telephone service," "telecommunications service," or "ancillary services," as those terms are defined in RCW 82.04.065, to consumers.

(6)(a) The term also includes the sale of prewritten computer software to a consumer, regardless of the method of delivery to the end user. For purposes of this subsection (6)(a), the sale of prewritten computer software includes the sale of or charge made for a key or an enabling or activation code, where the key or code is required to activate prewritten computer software and put the software into use. There is no separate sale of the key or code from the prewritten computer software, regardless of how the sale may be characterized by the vendor or by the purchaser.

The term "retail sale" does not include the sale of or charge made for:

(i) Custom software; or

(ii) The customization of prewritten computer software.

(b)(i) The term also includes the charge made to consumers for the right to access and use prewritten computer software, where possession of the software is maintained by the seller or a third party, regardless of whether the charge for the service is on a per user, per user, per license, subscription, or some other basis.

(ii) The service described in (b)(i) of this subsection (6) includes the right to access and use prewritten computer software to perform data processing.

(B) For purposes of this subsection (6)(b)(ii), "data processing" means the systematic performance of operations on data to extract the required information in an appropriate form or to convert the data to usable information. Data processing includes check processing, image processing, form processing, survey processing, payroll processing, claim processing, and similar activities.
An extended warranty is an agreement for a specified duration to perform the replacement or repair of tangible personal property without additional charge. The term "extended warranty" does not include an agreement otherwise meeting the definition of an extended warranty in this subsection, if no separate charge is made for the agreement and the value of the agreement is included in the sales price of the tangible personal property covered by the agreement. For purposes of this subsection, "sales price" has the same meaning as in RCW 82.08.010.

(8)(a) The term also includes the following sales to consumers of digital goods, digital codes, and digital automated services:

(i) Sales in which the seller has granted the purchaser the right of permanent use;
(ii) Sales in which the seller has granted the purchaser a right of use that is less than permanent;
(iii) Sales in which the purchaser is not obligated to make continued payment as a condition of the sale; and
(iv) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.
(b) A retail sale of digital goods, digital codes, or digital automated services under this subsection (8) includes any services provided by the seller exclusively in connection with the digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.
(c) For purposes of this subsection, "permanent" means perpetual or for an indefinite or unspecified length of time. A right of permanent use is presumed to have been granted unless the agreement between the seller and the purchaser specifies or the circumstances surrounding the transaction suggest or indicate that the right to use terminates on the occurrence of a condition subsequent.

(9) The term also includes the charge made for providing tangible personal property along with an operator for a fixed or indeterminate period of time. A consideration of this is that the operator is necessary for the tangible personal property to perform as designed. For the purpose of this subsection (9), an operator must do more than maintain, inspect, or set up the tangible personal property.

(10) The term does not include the sale of or charge made for labor and services rendered in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing, or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation. Nor does the term include the sale of services or charges made for the clearing of land and the moving of earth of or for the United States, any instrumentality thereof, or a county or city housing authority. Nor does the term include the sale of services or charges made for cleaning up for the United States, or its instrumentalties, radioactive waste and other by-products of weapons production and nuclear research and development.

(11) The term also does not include sales of chemical sprays or washes to persons for the purpose of postharvest treatment of fruit for the prevention of scald, fungus, mold, or decay, nor does it include sales of feed, seed, seedlings, fertilizer, agents for enhanced pollination including insects such as bees, and spray materials to: (a) Persons who participate in the federal conservation reserve program, the environmental quality incentives program, the wetlands reserve program, and the wildlife habitat incentives program, or their successors administered by the United States department of agriculture; (b) farmers for the purpose of producing for sale any agricultural product; and (c) farmers acting under cooperative habitat development or access contracts with an organization exempt from federal income tax under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code or the Washington state department of fish and wildlife to produce or improve wildlife habitat on land that the farmer owns or leases.

(12) The term does not include the sale of or charge made for labor and services rendered in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing, or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation. Nor does the term include the sale of services or charges made for the clearing of land and the moving of earth of or for the United States, any instrumentality thereof, or a county or city housing authority. Nor does the term include the sale of services or charges made for cleaning up for the United States, or its instrumentalties, radioactive waste and other by-products of weapons production and nuclear research and development.

(13) The term does not include the sale of or charge made for labor, services, or tangible personal property pursuant to agreements providing maintenance services for bus, rail, or rail fixed guideway equipment when a regional transit authority is the recipient of the labor, services, or tangible personal property, and a transit agency, as defined in RCW 81.104.015, performs the labor or services.

(14) The term does not include the sale for resale of any service described in this section if the sale would otherwise constitute a "sale at retail" and "retail sale" under this section.

Retroactive application—2010 c 112: See note following RCW 82.32.780.

Business and Occupation Tax

82.04.220 Business and occupation tax imposed. (1) There is levied and collected from every person that has a substantial nexus with this state a tax for the act or privilege of engaging in business activities. The tax is measured by the application of rates against value of products, gross proceeds of sales, or gross income of the business, as the case may be.

(2) A person who has a substantial nexus with this state in any tax year under the provisions of RCW 82.04.067 will be deemed to have a substantial nexus with this state for the following tax year. [2011 1st sp.s. c 20 § 101; 2010 1st sp.s. c 23 § 102; 1961 c 15 § 82.04.220. Prior: 1955 c 389 § 42; prior: 1950 ex.s. c 5 § 1, part; 1949 c 228 § 1, part; 1943 c 156 § 1, part; 1941 c 178 § 1, part; 1939 c 225 § 1, part; 1937 c 227 § 1, part; 1935 c 180 § 5, part; Rem. Supp. 1949 § 8370-5, part.]

Intent—1010 1st sp.s. c 23: "In order to preserve funding for education, public safety, health care, environmental protection, and safety net services for children, elderly, disabled, and vulnerable people, it is the intent of the legislature to close obsolete tax preferences, clarify the legislature’s intent regarding existing tax policy, and to ensure balanced tax policy while bolstering emerging industries." [2010 1st sp.s. c 23 § 1.]

Findings—Intent—2010 1st sp.s c 23: "(1) The legislature finds that out-of-state businesses that do not have a physical presence in Washington earn significant income from Washington residents from providing services or collecting royalties on the use of intangible property in this state. The legislature further finds that these businesses receive significant benefits and opportunities provided by the state, such as: Laws providing protection of business interests or regulating consumer credit; access to courts and judicial process to enforce business rights, including debt collection and intellectual property rights; an orderly and regulated marketplace; and police and fire protection and a transportation system benefiting in-state agents and other representatives of out-of-state businesses. Therefore, the legislature intends to extend the state’s business and occupation tax to these companies to ensure that they pay their fair share of the cost of services that this state renders and the infrastructure it provides.

(2)(a) The legislature also finds that the current cost apportionment method in RCW 82.04.460(1) for apportioning most service income has been difficult for both taxpayers and the department to apply due in large part (i) to the difficulty in assigning certain costs of doing business inside or outside of this state, and (ii) to its dissimilarity with the apportionment methods used in other states for their business activity taxes.

(b) The legislature further finds that there is a trend among states to adopt a single factor apportionment formula based on sales. The legislature recommends that adoption of a sales factor only apportionment method has the advantages of simplifying apportionment and making Washington a more attractive place for businesses to expand their property and payroll. For these reasons, the legislature adopts single factor sales apportionment for purposes of apportioning royalty income and certain service income for state business and occupation tax purposes.

(c) Nothing in this act may be construed, however, to authorize apportionment of the gross income or value of products taxable under the following business and occupation tax classifications: Retailing, wholesaling, manufacturing, processing for hire, extracting, extracting for hire, printing, government contracting, public road construction, the classifications in RCW 82.04.280(1) (b), (d), (f), and (g), and any other activity not specifically included in the definition of apportionable activities in RCW 82.04.460.

(d) Nothing in this part is intended to modify the nexus and apportionment requirements for local gross receipts business and occupation taxes. *1911 c 174 § 208; 2010 1st sp.s. c 23 § 101.1]

*Reviser’s note: RCW 82.04.280 was amended by 2010 c 106 §§ 205 and 206, changing subsections (2), (4), (6), and (7) to subsection (1)(b), (d), (f), and (g).]

82.04.255 Tax on real estate brokers. (1) Upon every person engaging within the state in the business of providing real estate brokerage services; as to such persons, the amount of the tax with respect to such business is equal to the gross income of the business, multiplied by the rate of 1.5 percent.

(2) The measure of the tax on real estate commissions earned by the real estate firm is the gross commission earned by the particular real estate firm including that portion of the commission paid to brokers, including designated and managing brokers, in the same firm on a particular transaction. However, when a real estate commission on a particular transaction is divided among real estate firms at the closing of the transaction, including a firm located out of state, each firm must pay the tax only upon its respective shares of said commission. Moreover, when the real estate firm has paid the tax as provided herein, brokers, including designated and managing brokers, within the same real estate firm may not be required to pay a similar tax upon the same transaction. If any firm located out of state receives a share of commission on a particular transaction, that company or broker must pay the tax based on the requirements of this section and RCW 82.04.067.

3 For the purposes of this section, "broker," "designated broker," "managing broker," and "real estate firm" have the same meaning as provided in RCW 18.85.011. Intent—2011 c 322: "The legislature intends to clarify existing law that the basis for determining the business and occupation tax for real estate firms
is the commission amount received by each real estate firm involved in a real estate transaction. In clarifying existing law, the legislature intends to pre-
serve the historic method of calculating business and occupation tax for real estate firms. ” [2011 c 322 § 1.]

82.04.2909  Tax on aluminum smelters. (Expires January 1, 2017.) (1) Upon every person who is an aluminum smelter engaging within this state in the business of manufact-
uring aluminum; as to such persons the amount of tax with respect to such business is, in the case of manufacturers, equal to the value of the product manufactured, or in the case of processors for hire, equal to the gross income of the busi-
ness, multiplied by the rate of .2904 percent.

(2) Upon every person who is an aluminum smelter engaging within this state in the business of making sales at wholesale of aluminum manufactured by that person, as to such persons the amount of tax with respect to such business is equal to the gross proceeds of sales of the aluminum multi-
plied by the rate of .2904 percent.

(3) A person reporting under the tax rate provided in this section must file a complete annual report with the depart-
ment under RCW 82.32.534.

(4) This section expires January 1, 2017. [2011 c 174 § 301. Prior: 2010 1st sp.s. c 2 § 1; 2010 c 114 § 108; 2006 c 182 § 1; 2004 c 24 § 3.]

Application—Finding—Intent—2010 c 114: See notes following RCW 82.32.585.

Intent—2004 c 24: "The legislature recognizes that the loss of domes-
tic manufacturing jobs has become a national concern. Washington state has lost one out of every six manufacturing jobs since July 2000. The aluminum industry has long been an important component of Washington state’s manufac-
turing base, providing family-wage jobs often in rural communities where unemployment rates are very high. The aluminum industry is electricity intensive and was greatly affected by the dramatic increase in electricity prices which began in 2000 and which continues to affect the Washington economy. Before the energy crisis, aluminum smelters provided about 5,000 direct jobs. Today they provide fewer than 1,000 direct jobs. For every job lost in that industry, almost three additional jobs are estimated to be lost else-
where in the state’s economy. It is the legislature’s intent to preserve and restore family-wage jobs by providing tax relief to the state’s aluminum industry.

The electric loads of aluminum smelters provide a unique benefit to the infrastructure of the electric power system. Under the transmission tariff of the Bonneville Power Administration, aluminum smelter loads, whether served with federal or nonfederal power, are subject to short-term interrup-
tions that allow a higher import capability on the transmission interconnec-
tion between the northwest and California. These stability reserves allow more power to be imported in winter months, reducing the need for addi-
tional generation in the northwest, and would be used to prevent a wide-
spread transmission collapse and blackout if there were a failure in the trans-
mission interconnection between California and the northwest. It is the leg-
islature’s intent to retain these benefits for the people of the state." [2004 c
24 § 1.]

82.04.294 Tax on manufacturers or wholesalers of solar energy systems. (Expires June 30, 2014.) (1) Upon
every person engaging within this state in the business of
manufacturing solar energy systems using photovoltaic mod-
ules or stirling converters, or of manufacturing solar grade
silicon, silicon solar wafers, silicon solar cells, thin film solar
devices, or compound semiconductor solar wafers to be used
exclusively in components of such systems; as to such per-
sons the amount of tax with respect to such business is, in
the case of manufacturers, equal to the value of the product manu-
factured, or in the case of processors for hire, equal to the
gross income of the business, multiplied by the rate of 0.275
percent.

(2) Upon every person engaging within this state in the
business of making sales at wholesale of solar energy sys-
tems using photovoltaic modules or stirling converters, or of
solar grade silicon, silicon solar wafers, silicon solar cells, thin
film solar devices, or compound semiconductor solar wafers to be used
exclusively in components of such systems, manufactured by that person;
as to such persons the amount of tax with respect to such business is equal to the gross pro-
cceeds of sales of the solar energy systems using photovoltaic modules or stirling converters, or of the solar grade silicon to be used exclusively in components of such systems, multi-
plied by the rate of 0.275 percent.

(3) Silicon solar wafers, silicon solar cells, thin film solar
devices, or compound semiconductor solar wafers are "semi-
conductor materials" for the purposes of RCW 82.08.9651
and 82.12.9651.

(4) The definitions in this subsection apply throughout
this section.

(a) "Compound semiconductor solar wafers" means a
semiconductor solar wafer composed of elements from two
or more different groups of the periodic table.

(b) "Module" means the smallest nondivisible self-contai-
ted physical structure housing interconnected photovoltaic
cells and providing a single direct current electrical output.

(c) "Photovoltaic cell" means a device that converts light
directly into electricity without moving parts.

(d) "Silicon solar cells" means a photovoltaic cell manu-
factured from a silicon solar wafer.

(e) "Silicon solar wafers" means a silicon wafer manu-
factured for solar conversion purposes.

(f) "Solar energy system" means any device or combina-
tion of devices or elements that rely upon direct sunlight as an
energy source for use in the generation of electricity.

(g) "Solar grade silicon" means high-purity silicon used
exclusively in components of solar energy systems using
photovoltaic modules to capture direct sunlight. "Solar grade
silicon" does not include silicon used in semiconductors.

(h) "Stirling converter" means a device that produces
electricity by converting heat from a solar source utilizing a
stirling engine.

(i) "Thin film solar devices" means a nonparticipating
substrate on which various semiconducting materials are
deposited to produce a photovoltaic cell that is used to gener-
egate electricity.

(5) A person reporting under the tax rate provided in this
section must file a complete annual report with the depart-
ment under RCW 82.32.534.

Effective date—2009 c 469: See note following RCW 82.08.962.

Severability—2007 c 54: See note following RCW 82.04.050.

Findings—Intent—2005 c 301: "The legislature finds that the welfare
of the people of the state of Washington is positively impacted through the
encouragement and expansion of key growth industries in the state. The leg-
islature further finds that targeting tax incentives to focus on key growth
industries is an important strategy to enhance the state’s business climate.

A recent report by the Washington State University energy program
recognized the solar electric industry as one of the state’s important growth
industries. It is of great concern that businesses in this industry have been
increasingly expanding and relocating their operations elsewhere. The
report indicates that additional incentives for the solar electric industry are
needed in recognition of the unique forces and issues involved in business
decisions in this industry.

Therefore, the legislature intends to enact comprehensive tax incen-
tives for the solar electric industry that address activities of the manufacture
of these products and to encourage these industries to locate in Washington.

Tax incentives for the solar electric industry are important in both retention
and expansion of existing business and attraction of new businesses, all of
which will strengthen this growth industry within our state, will create jobs,
and will bring many indirect benefits to the state." [2005 c 301 § 1.]

Effective date—2005 c 301: "This act is necessary for the immediate
preservation of the public peace, health, or safety, or support of the state gov-
ernment and its existing public institutions, and takes effect July 1, 2005." [2005 c 301 § 6.]

82.04.333 Exemptions—Small harvesters. In com-
puting tax under this chapter, a person who is a small har-
vester as defined in RCW 84.33.035 may deduct an amount
not to exceed one hundred thousand dollars per tax year from
the gross receipts or value of products proceeding or accruing
from timber harvested by that person. A deduction under this
section may not reduce the amount of tax due to less than
zero. [2011 c 101 § 4; 2007 c 48 § 5; 1990 c 141 § 1.]

(4) The definitions in this subsection apply to this section.

(a) "Health or social welfare organization" has the meaning provided in RCW 82.04.431.

(b) "Mental health services" and "regional support network" have the meanings provided in RCW 71.24.025.

82.04.4297 Deductions—Compensation from public entities for health or social welfare services—Exception. In computing tax there may be deducted from the measure of tax amounts received from the United States or any instrumentality thereof or from the state of Washington or any municipal corporation or political subdivision thereof as compensation for, or to support, health or social welfare services rendered by a health or social welfare organization, as defined in RCW 82.04.431, or by a municipal corporation or political subdivision, except deductions are not allowed under this section for amounts that are received under an employee benefit plan. [2011 1st sp.s. c 19 § 2; 2002 c 314 § 3; 2001 2nd sp.s. c 23 § 2; 1988 c 67 § 1; 1980 c 37 § 17. Formerly RCW 82.04.430(16).]

Application—2011 1st sp.s. c 19: See note following RCW 82.04.4277.

Findings—Refund of taxes—Effective date—2002 c 314: See notes following RCW 82.04.4311.

Findings—2001 2nd sp.s. c 23: "The legislature finds that the deduction under the business and occupation tax statutes for compensation from public entities for health or social welfare services was intended to provide government with greater purchasing power when government provides financial support for the provision of health or social welfare services to benefited classes of persons. The legislature also finds that both the legislature and the United States congress have in recent years modified government-funded health care programs to encourage participation by beneficiaries in highly regulated managed care programs operated by persons who act as intermediaries between government entities and health or social welfare organizations. The legislature further finds that the objective of these changes is again to extend the purchasing power of scarce government health care resources, but that this objective would be thwarted to a significant degree if the business and occupation tax deduction were lost by health or social welfare organizations solely on account of their participation in managed care for government-funded health programs. In keeping with the original purpose of the health or social welfare deduction, it is desirable to ensure that compensation received from government sources through contractual managed care programs also be deductible." [2001 2nd sp.s. c 23 § 1.]

Effective date—2001 2nd sp.s. c 23: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 13, 2001]." [2001 2nd sp.s. c 23 § 4.]

Intent—1980 c 37: See note following RCW 82.04.4281.

82.04.4481 Credit—Property taxes paid by aluminum smelter. (1) In computing the tax imposed under this chapter, a credit is allowed for all property taxes paid during the calendar year on property owned by a direct service industrial customer and reasonably necessary for the purposes of an aluminum smelter.

(2) A person claiming the credit under this section is subject to all the requirements of chapter 82.32 RCW. A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year. Credits carried over must be applied to tax liability before new credits. No refunds may be granted for credits under this section.

(3) Credits may not be claimed under this section for property taxes levied for collection in 2017 and thereafter.

(4) A person claiming the credit provided in this section must file a complete annual report with the department under RCW 82.32.534. [2011 c 174 § 302. Prior: 2010 1st sp.s. c 2 § 2; 2010 c 114 § 118; 2006 c 182 § 2; 2004 c 24 § 8.]

82.04.460 Apportionable income—Taxable in Washington and another state. (1) Except as otherwise provided in this section, any person earning apportionable income taxable under this chapter and also taxable in another state must, for the purpose of computing tax liability under this chapter, apportion to this state, in accordance with RCW 82.04.462, that portion of the person’s apportionable income derived from business activities performed within this state.

(2) The department must by rule provide a method of apportioning the apportionable income of financial institutions, where such apportionable income is taxable under RCW 82.04.290. The rule adopted by the department must, to the extent feasible, be consistent with the multistate tax commission’s recommended formula for the apportionment and allocation of net income of financial institutions as exist-
Excerpts from RCW 82.04.645 on state taxation and financial institutions.

**Exemptions—Financial institutions—Amounts received from certain affiliated persons.**

1. This chapter does not apply to amounts received by a financial institution from an affiliated person if the amounts are received from transactions that are required to be at arm's length under sections 23A or 23B of the federal reserve act as existing on June 1, 2010, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. For purposes of this subsection, "financial institution" has the same meaning as in RCW 82.04.080.

2. As used in this section, "affiliated" means under common control. "Control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise. (2) There is levied and collected an additional tax on each retail car rental, regardless of whether the vehicle is licensed in this state, equal to five and nine-tenths percent of the selling price. The revenue collected under this subsection must be deposited in the multimodal transportation account created in RCW 47.66.070.

(3) Beginning July 1, 2003, there is levied and collected an additional tax of three-tenths of one percent of the selling price on each retail sale of a motor vehicle in this state, other than rental cars taxed under subsection (2) of this section. 82.08.0255 Exemptions—Sales of motor vehicle and special fuel—Conditions—Credit or refund of special fuel used outside this state in interstate commerce. (1) The tax levied by RCW 82.08.020 shall not apply to sales of motor vehicle and special fuel if:

(a) The fuel is purchased for the purpose of public transportation and the purchaser is entitled to a refund or an exemption under RCW 82.36.275 or 82.38.080(3); or

(b) The fuel is purchased by a private, nonprofit transportation provider certified under chapter 81.66 RCW and the purchaser is entitled to a refund or an exemption under RCW 82.36.285 or 82.38.080(1)(h); or

82.08.0255 Exemptions—Sales of machinery and equipment for manufacturing, research, and development, or a testing operation—Labor and services for installation—Exemption certificate—Rules. (1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to sales to a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department by rule. The seller must retain a copy of the certificate for the seller's files.

(2) For purposes of this section and RCW 82.12.02565:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities, and tangible personal property that becomes an ingredient or component thereof, including repair parts and replacement parts. "Machinery and equipment" includes pollution control equipment installed and used in a manufacturing operation, testing operation, or research and development operation to prevent air pollution, water pollution, or contamination that might otherwise result from the manufacturing operation, testing operation, or research and development operation. "Machinery and equipment" also includes digital goods.

(b) "Machinery and equipment" does not include:

(i) Hand-powered tools;

(ii) Property with a useful life of less than one year;

(iii) Buildings, other than machinery and equipment that is permanently affixed to or becomes a physical part of a building; and

(iv) Building fixtures that are not integral to the manufacturing operation, testing operation, or research and development operation that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical.

(c) Machinery and equipment is "used directly" in a manufacturing operation, testing operation, or research and development operation if the machinery and equipment:

(i) Acts upon or interacts with an item of tangible personal property;

(ii) Conveys, transports, handles, or temporarily stores an item of tangible personal property at the manufacturing site or testing site;

(iii) Controls, guides, measures, verifies, aligns, regulates, or tests tangible personal property at the site or away from the site;

(iv) Provides physical support for or access to tangible personal property;

(v) Produces power for, or lubricates machinery and equipment;

(vi) Produces another item of tangible personal property for use in the manufacturing operation, testing operation, or research and development operation;
(vii) Places tangible personal property in the container, package, or wrapping in which the tangible personal property is normally sold or transported; or
(viii) Is integral to research and development as defined in RCW 82.63.010.
(d) "Manufacturer" means a person that qualifies as a manufacturer under RCW 82.04.110. "Manufacturer" also includes a person that prints newspapers or other materials.
(e) "Manufacturing" means only those activities that come within the definition of "to manufacture" in RCW 82.04.120 and are taxed as manufacturing or processing for hire under chapter 82.04 RCW, or would be taxed as such if such activity were conducted in this state or if not for an exemption or deduction. "Manufacturing" also includes printing newspapers or other materials. An activity is not taxed as manufacturing or processing for hire under chapter 82.04 RCW if the activity is within the purview of chapter 82.16 RCW.
(f) "Manufacturing operation" means the manufacturing of articles, substances, or commodities for sale as tangible personal property. A manufacturing operation begins at the point where the raw materials enter the manufacturing site and ends at the point where the processed material leaves the manufacturing site. With respect to the production of class A or exceptional quality biosolids by a wastewater treatment facility, the manufacturing operation begins at the point where class B biosolids undergo additional processing to achieve class A or exceptional quality standards. Notwithstanding anything to the contrary in this section, the term also includes that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the preparation of food products on the premises of a person selling food products at retail.
(g) "Cogeneration" means the simultaneous generation of electrical energy and low-grade heat from the same fuel.
(h) "Research and development operation" means engaging in research and development as defined in RCW 82.63.010 by a manufacturer or processor for hire.
(i) "Testing" means activities performed to establish or determine the properties, qualities, and limitations of tangible personal property.
(j) "Testing operation" means the testing of tangible personal property for a manufacturer or processor for hire. A testing operation begins at the point where the tangible personal property enters the testing site and ends at the point where the tangible personal property leaves the testing site. The term also includes the testing of tangible personal property for use in that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the testing of tangible personal property for use in the production of electricity by a light and power business as defined in RCW 82.16.010 or the preparation of food products on the premises of a person selling food products at retail. [2011 c 23 § 2; 2009 c 535 § 510; 1999 c 211 § 5; 1999 c 211 § 3; 1998 c 330 § 1. Prior: 1996 c 247 § 2; 1996 c 173 § 3; 1995 1st sp.s. c 3 § 2.]

Findings—2011 c 23: "(1) In 1995, the legislature enacted a sales and use tax exemption for manufacturing machinery and equipment, commonly referred to as the "M&E exemption." The legislature finds that the purposes of this exemption were to encourage the growth and development of the state’s private sector manufacturing industry and improve this state’s ability to compete with other states for manufacturing investment. The legislature further finds that it was not the purpose of the M&E exemption to provide tax breaks to state agencies and institutions, nor to public utilities and other businesses with respect to machinery and equipment primarily used for activities that are taxable under the state public utility tax or are otherwise not considered to be manufacturing for business and occupation tax purposes.
(2) The legislature further finds that despite previous attempts at clarifying the M&E exemption, significant ambiguity persists, particularly with respect to the scope of the exemption. Such ambiguity results in costly appeals and litigation and may result in significant unanticipated revenue losses for the state and local governments.
(3) Therefore, the legislature finds it necessary to reaffirm its original intent in establishing the M&E exemption. The legislature declares that the amendments to the existing M&E exemption and to RCW 82.04.120 in this act are clarifying and, as such, apply retroactively as well as prospectively.
(4) The legislature finds that Washington is home to premier public research institutions. The legislature recognizes that the state’s public universities provide cutting-edge research and development, which helps stimulate growth in the private sector and is vital to the economic well-being of our state. University research leads directly to new products, companies, production methods, and ways of organizing work. The legislature further recognizes that our public universities will play an important role in shaping the next generation of Washington industries, including biofuels and other renewable energy, global health, and advanced manufacturing. Therefore, because the amendments to the existing M&E exemption in this act clarify that state agencies and institutions are not eligible for the M&E exemption, this act provides a new, stand-alone sales and use tax exemption for machinery and equipment used primarily in technological research and development operations by the state’s four-year institutions of higher education." [2011 c 23 § 1.]

Intent—2011 c 23: "The legislature declares that the only reason why the phrase "the production of electricity by a light and power business as defined in RCW 82.16.010" was deleted from the definition of "manufacturing operation" in RCW 82.08.02565(2)(f) in section 2 of this act is because that language is superfluous." [2011 c 23 § 7.]

Application—2011 c 23: "Sections 2 and 3 of this act apply both prospectively and retroactively to any tax period open for assessment or refund of taxes." [2011 c 23 § 9.]

Effective date—Construction—2011 c 23: See notes following RCW 82.08.025651.

Intent—Construction—2009 c 535: See notes following RCW 82.04.192.

Findings—Intent—1999 c 211: "The legislature finds that the application of the manufacturer’s machinery and equipment sales and use tax exemption has, in some instances, been difficult and confusing for taxpayers, and included difficult reporting and recordkeeping requirements. In this act, it is the intent of the legislature to make clear its intent for the application of the exemption, and to extend the exemption to the purchase and use of machinery and equipment for businesses that perform testing of manufactured goods for manufacturers or processors for hire." [1999 c 211 § 1.]

Intent—1999 c 211 §§ 2 and 3: See note following RCW 82.04.120.

Findings—Intent—1996 c 247: See note following RCW 82.08.02566.

Findings—Intent—1996 c 173: "The legislature finds that the health, safety, and welfare of the people of the state of Washington are heavily dependent upon the continued encouragement, development, and expansion of opportunities for family wage employment in the state’s manufacturing industries.

The legislature also finds that sales and use tax exemptions for manufacturing machinery and equipment enacted by the 1995 legislature have improved Washington’s ability to compete with other states for manufacturing investment, but that additional incentives for manufacturers need to be adopted to solidify and enhance the state’s competitive position.

The legislature intends to accomplish this by extending the current manufacturing machinery and equipment exemptions to allow a sales and use tax exemption for labor and service charges for repairing, cleaning, altering, or improving machinery and equipment, and a sales and use tax exemption for repair and replacement parts with a useful life of one year or more." [1996 c 173 § 1.]

Findings—1995 1st sp.s. c 3: "The legislature finds and declares that:
(1) The health, safety, and welfare of the people of the state of Washi-
igation are heavily dependent upon the continued encouragement, development, and expansion of opportunities for family wage employment in our state’s private sector;

(2) The state’s private sector must be encouraged to commit to continuous improvement of process, products, and services and to deliver high-quality, high-value products through technological innovations and high-performance work organizations;

(3) The state’s opportunities for increased economic dealings with other states and nations of the world are dependent on supporting and attracting a diverse, stable, and competitive economic base of private sector employers;

(4) The state’s current policy of applying its sales and use taxes to machinery, equipment, and installation labor used in manufacturing, research and development, and other activities has placed our state’s private sector at a competitive disadvantage with other states and serves as a significant disincentive to the continuous improvement of products, technology, and modernization necessary for the preservation, stabilization, and expansion of employment and to ensure a stable economy; and

(5) It is vital to the continued development of economic opportunity in this state, including the development of new businesses and the expansion or modernization of existing businesses, that the state of Washington provide tax incentives to entities making a commitment to sites and operations in this state. 82.08.025651 Exemptions—Sales of machinery and equipment to public research institutions. (1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a public research institution of machinery and equipment used primarily in a research and development operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller’s files.

(2) A public research institution claiming the exemption provided in this section must file a complete annual survey with the department under RCW 82.32.585.

(3) For purposes of this section, the following definitions apply:

(a) "Machinery and equipment" means those fixtures, pieces of equipment, digital goods, and support facilities that are an integral and necessary part of a research and development operation, and tangible personal property that becomes an ingredient or component of such fixtures, equipment, and support facilities, including repair parts and replacement parts. "Machinery and equipment" may include, but is not limited to: Computers; software; data processing equipment; laboratory equipment, instrumentation, and other devices used in a process of experimentation to develop a new or improved pilot model, plant process, product, formula, or invention; vats, tanks, and fermenters; operating structures; and all equipment used to control, monitor, or operate the machinery and equipment.

(b) "Machinery and equipment" does not include:

(i) Hand-powered tools;

(ii) Property with a useful life of less than one year;

(iii) Buildings; and

(iv) Those building fixtures that are not an integral and necessary part of a research and development operation and that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical.

(c) "Primarily" means greater than fifty percent as measured by time. If machinery and equipment is used simultaneously in a research and development operation and also for other purposes, the use for other purposes must be disregarded during the period of simultaneous use for purposes of determining whether the machinery and equipment is used primarily in a research and development operation.

(d) "Public research institution" means any college or university included within the definitions of state universities, regional universities, or state college in RCW 28B.10.016.

(e) "Research and development operation" means engaging in research and development as defined in RCW 82.63.010. [2011 c 23 § 4.]

Effective date—2011 c 23: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 11, 2011]." [2011 c 23 § 8.]

Construction—2011 c 23: "Nothing in this act may be construed as a repudiation of any provision of WAC 458-20-13601." [2011 c 23 § 11.]

82.08.0273 Exemptions—Sales to nonresidents of tangible personal property, digital goods, and digital codes for use outside the state—Proof of nonresident status—Penalties. (1) The tax levied by RCW 82.08.020 does not apply to sales to nonresidents of this state of tangible personal property, digital goods, and digital codes, when:

(a) The property is for use outside this state;

(b) The purchaser is a bona fide resident of a province or territory of Canada or a state, territory, or possession of the United States, other than the state of Washington; and

(i) Such state, possession, territory, or province does not impose, or have imposed on its behalf, a generally applicable retail sales tax, use tax, value added tax, gross receipts tax on retailing activities, or similar generally applicable tax, of three percent or more; or

(ii) If imposing a tax described in (b)(i) of this subsection, provides an exemption for sales to Washington residents by reason of their residence; and

(c) The purchaser agrees, when requested, to grant the department of revenue access to such records and other forms of verification at his or her place of residence to assure that such purchases are not first used substantially in the state of Washington.

(2) Notwithstanding anything to the contrary in this chapter, if parts or other tangible personal property are installed by the seller during the course of repairing, cleaning, altering, or improving motor vehicles, trailers, or campers and the seller makes a separate charge for the tangible personal property, the tax levied by RCW 82.08.020 does not apply to the separately stated charge to a nonresident purchaser for the tangible personal property but only if the separately stated charge does not exceed either the seller’s current publicly stated retail price for the tangible personal property or, if no publicly stated retail price is available, the seller’s cost for the tangible personal property. However, the exemption provided by this section does not apply if tangible personal property is installed by the seller during the course of repairing, cleaning, altering, or improving motor vehicles, trailers, or campers and the seller makes a single nonitemized
charge for providing the tangible personal property and service. All of the requirements in subsections (1) and (3) through (6) of this section apply to this subsection.

(3)(a) Any person claiming exemption from retail sales tax under the provisions of this section must display proof of his or her current nonresident status as provided in this section.

(b) Acceptable proof of a nonresident person’s status includes one piece of identification such as a valid driver’s license from the jurisdiction in which the out-of-state residency is claimed or a valid identification card which has a photograph of the holder and is issued by the out-of-state jurisdiction. Identification under this subsection (3)(b) must show the holder’s residential address and have as one of its legal purposes the establishment of residency in that out-of-state jurisdiction.

(c) In lieu of furnishing proof of a person’s nonresident status under (b) of this subsection (3), a person claiming exemption from retail sales tax under the provisions of this section may provide the seller with an exemption certificate in compliance with subsection (4)(b) of this section.

(4)(a) Nothing in this section requires the vendor to make tax exempt retail sales to nonresidents. A vendor may choose to make sales to nonresidents, collect the sales tax, and remit the amount of sales tax collected to the state as otherwise provided by law. If the vendor chooses to make a sale to a nonresident without collecting the sales tax, the vendor must examine the purchaser’s proof of nonresidence, determine whether the proof is acceptable under subsection (3)(b) of this section, and maintain records for each nontaxable sale which shall show the type of proof accepted, including any identification numbers where appropriate, and the expiration date, if any.

(b) In lieu of using the method provided in (a) of this subsection to document an exempt sale to a nonresident, a seller may accept from the purchaser a properly completed uniform exemption certificate approved by the streamlined sales and use tax agreement governing board or any other exemption certificate as may be authorized by the department and properly completed by the purchaser. A nonresident purchaser who uses an exemption certificate authorized in this subsection (4)(b) must include the purchaser’s driver’s license number or other state-issued identification number and the state of issuance.

(c) In lieu of using the methods provided in (a) and (b) of this subsection to document an exempt sale to a nonresident, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement.

(5)(a) Any person making fraudulent statements, which includes the offer of fraudulent identification or fraudulently procured identification to a vendor, in order to purchase goods without paying retail sales tax is guilty of perjury under chapter 9A.72 RCW.

(b) Any person making tax exempt purchases under this section by displaying proof of identification not his or her own, or counterfeit identification, with intent to violate the provisions of this section, is guilty of a misdemeanor and, in addition, is liable for the tax and subject to a penalty equal to the greater of one hundred dollars or the tax due on such purchases.

(6)(a) Any vendor who makes sales without collecting the tax and who fails to maintain records of sales to nonresidents as provided in this section is personally liable for the amount of tax due.

(b) Any vendor who makes sales without collecting the retail sales tax under this section and who has actual knowledge that the purchaser’s proof of identification establishing out-of-state residency is fraudulent is guilty of a misdemeanor and, in addition, is liable for the tax and subject to a penalty equal to the greater of one thousand dollars or the tax due on such sales. In addition, both the purchaser and the vendor are liable for any penalties and interest assessable under chapter 82.32 RCW.

82.08.806 Exemptions—Sale of computer equipment parts and services to printer or publisher. (1) The tax levied by RCW 82.08.020 does not apply to sales, to a printer or publisher, of computer equipment, including repair parts and replacement parts for such equipment, when the computer equipment is used primarily in the printing or publishing of any printed material, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the computer equipment. This exemption applies only to computer equipment not otherwise exempt under RCW 82.08.02565.

(2) A person taking the exemption under this section must keep records necessary for the department to verify eligibility under this section. This exemption is available only when the purchaser provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) The definitions in this subsection (3) apply throughout this section, unless the context clearly requires otherwise.

(a) "Computer" has the same meaning as in RCW 82.04.215.

Findings—Intent—2004 c 8: *(1) The legislature finds that the manufacturer’s machinery and equipment sales and use tax exemption is vital to the continued development of economic opportunity in this state, including the development of new businesses and the expansion or modernization of existing businesses.

(2) The legislature finds that the printing and publishing industries have not been able to realize the benefits of the manufacturer’s machinery and equipment sales and use tax exemption to the same extent as other manufacturing industries due to dramatic changes in business methods caused by the rapid rate of technological advancement in business methods undergone by the printing and publishing industries. The legislature intends to accomplish this by providing a sales and use tax exemption to printers and publishers for computer equipment, not otherwise eligible for the manufacturer’s machinery and equipment sales and use tax exemption, used primarily in the printing or publishing of printed material, and for labor and services ren-

(2) The tax must be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(2) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

82.12.0297 Exemptions—Use of food purchased under the supplemental nutrition assistance program. (1) Every person who maintains in this state a place of business or a stock of goods, or engages in business activities within this state, shall obtain from the department a certificate of registration, and shall, at the time of making sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in RCW 82.04.050 (2) (a) or (g), (3)(a), or (6)(b), or making transfers of either possession or title, or both, of tangible personal property for use in this state, collect from the purchasers or transferees the tax imposed under this chapter. The tax to be collected under this section must be in an amount equal to the purchase price multiplied by the rate in effect for the retail sales tax under RCW 82.08.020. For the purposes of this chapter, "engages in business activity within this state" includes every activity which is sufficient under the Constitution of the United States for this state to require collection of tax under this chapter. The department must in rules specify activities which constitute engaging in business activity within this state, and must keep the rules current with future court interpretations of the Constitution of the United States.

(2) Every person who engages in this state in the business of acting as an independent selling agent for persons who do not hold a valid certificate of registration, and who receives compensation by reason of sales of tangible personal property, digital goods, digital codes, digital automated services, extended warranties, or sales of any service defined as a retail sale in RCW 82.04.050 (2) (a) or (g), (3)(a), or (6)(b), of his or her principals for use in this state, must, at the time such sales are made, collect from the purchasers the tax imposed on the purchase price under this chapter, and for that purpose is deemed a retailer as defined in this chapter.

(3) The tax required to be collected by this chapter is deemed to be held in trust by the retailer until paid to the department, and any retailer who appropriates or converts the tax collected to the retailer’s own use or to any use other than the payment of the tax provided herein to the extent that the money required to be collected is not available for payment.
on the due date as prescribed is guilty of a misdemeanor. In case any seller fails to collect the tax herein imposed or having collected the tax, fails to pay the same to the department in the manner prescribed, whether such failure is the result of the seller’s own acts or the result of acts or conditions beyond the seller’s control, the seller is nevertheless personally liable to the state for the amount of such tax, unless the seller has taken from the buyer a copy of a direct pay permit issued under RCW 82.32.087.

(4) Any retailer who refunds, remits, or rebates to a purchaser, or transferee, either directly or indirectly, and by whatever means, all or any part of the tax levied by this chapter is guilty of a misdemeanor.

(7) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the person would have been obligated to collect retail sales tax on the sale absent a specific exemption provided in chapter 82.08 RCW, and there is no corresponding use tax exemption in this chapter. Nothing in this subsection (7) may be construed as relieving purchasers from liability for reporting and remitting the tax due under this chapter directly to the department.

(8) Notwithstanding subsections (1) through (4) of this section, any person making sales is not obligated to collect the tax imposed by this chapter if the state is prohibited under the Constitution or laws of the United States from requiring the person to collect the tax imposed by this chapter. 82.14.310 County criminal justice assistance account—Transfers from general fund—Distributions based on crime rate and population—Limitations. (1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer must transfer into the county criminal justice assistance account from the general fund the sum of twenty-three million two hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, must be distributed at such times as distributions are made under *RCW 82.44.150 and on the relative basis of each county’s funding factor as determined under this subsection.

(a) A county’s funding factor is the sum of:

(i) The population of the county, divided by one thousand, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iii) The annual number of criminal cases filed in the county superior court, for each one thousand in population, multiplied by five-tenths.

(b) Under this section and RCW 82.14.320 and 82.14.330:

(i) The population of the county or city is as last determined by the office of financial management;

(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each one thousand in population;

(iii) The annual number of criminal cases filed in the county superior court must be determined by the most recent annual report of the courts of Washington, as published by the administrative office of the courts;

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

(3) Moneys distributed under this section must be expended exclusively for criminal justice purposes and may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil or juvenile justice system occurs, and which includes (a) domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and (b) during the 2001-2003 fiscal biennium, juvenile dispositional hearings relating to petitions for at-risk youth, truancy, and children in need of services. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(4) Not more than five percent of the funds deposited to the county criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(5) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the county criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent.

(3) The moneys deposited in the municipal criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (7) of this section, must be distributed at such times as distributions are made under *RCW 82.44.150. The distributions must be made as follows:

(a) Unless reduced by this subsection, thirty percent of the moneys must be distributed ratably based on population as last determined by the office of financial management to those cities eligible under subsection (2) of this section that have a crime rate determined under subsection (2)(a) of this section which is greater than one hundred seventy-five percent of the statewide average crime rate. No city may receive more than fifty percent of any moneys distributed under this subsection (a) but, if a city distribution is reduced as a result of exceeding the fifty percent limitation, the amount not distributed must be distributed under (b) of this subsection.

(b) The remainder of the moneys, including any moneys not distributed in subsection (2)(a) of this section, must be distributed to all cities eligible under subsection (2) of this section ratably based on population as last determined by the office of financial management.

(4) No city may receive more than thirty percent of all moneys distributed under subsection (3) of this section.

(6) Moneys distributed under this section must be expended exclusively for criminal justice purposes and may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and publications and public educational efforts designed to provide information and assistance to parents in dealing with runaway or at-risk youth. (b) The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection (1) must be distributed at such times as distributions are made under *RCW 82.44.150.

(c) Moneys distributed under this subsection (1) must be expended exclusively for criminal justice purposes and may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil justice system occurs, and which includes domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to recur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(2)(a) In addition to the distributions under subsection (1) of this section:

(i) Ten percent must be distributed on a per capita basis to cities that contract with another governmental agency for the majority of the city’s law enforcement services. Cities that subsequently qualify for this distribution must notify the department of commerce by November 30th for the upcoming calendar year. The department of commerce must provide a list of eligible cities to the state treasurer by December 31st. The state treasurer must modify the distribution of these funds in the following year. Cities have the responsibility to notify the department of commerce of any changes regarding these contractual relationships. Adjustments in the distribution formula to add or delete cities may be made only for the upcoming calendar year; no adjustments may be made retroactively.

(ii) The remaining fifty-four percent must be distributed to cities and towns by the state treasurer on a per capita basis. These funds must be used for: (A) Innovative law enforcement strategies; (B) programs to help at-risk children or child abuse victim response programs; and (C) programs designed to reduce the level of domestic violence or to provide counseling for domestic violence victims.

(b) The moneys deposited in the municipal criminal justice assistance account for distribution under this subsection (2), less any moneys appropriated for purposes under subsection (4) of this section, must be distributed at the times as distributions are made under *RCW 82.44.150. Moneys remaining undistributed under this subsection at the end of each calendar year must be distributed to the criminal justice training commission to reimburse participating city law enforcement agencies with ten or fewer full-time commissioned patrol officers the cost of temporary replacement of each officer who is enrolled in basic law enforcement training, as provided in RCW 43.101.200.

(c) If a city is found by the state auditor to have expended funds received under this subsection (2) in a manner that does not comply with the criteria under which the moneys were received, the city is ineligible to receive future distributions under this subsection (2) until the use of the moneys are justified to the satisfaction of the director or are repaid to the state general fund.

(3) Notwithstanding other provisions of this section, the distributions to any city that substantially decriminalizes or repeals its criminal code after July 1, 1990, and that does not reimburse the county for costs associated with criminal cases under RCW 3.50.800 or 3.50.805(2), must be made to the county in which the city is located.

(4) Not more than five percent of the moneys deposited to the municipal criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(5) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the municipal criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent. 82.14.390 Sales and use tax for regional centers. (1) Except as provided in subsection (7) of this section, the governing body of a public facilities district (a) created before July 31, 2002, under chapter 35.57 or 36.100 RCW that commences construction of a new regional center, or improvement or rehabilitation of an existing new regional center, before January 1, 2004; (b) created before July 1, 2006, under chapter 35.57 RCW in a county or counties in which there are no other public facilities districts on June 7, 2006, and in which the total population in the public facilities district is greater than ninety thousand that commences construction of a new regional center before February 1, 2007; (c) created under the authority of RCW 35.57.010(1)(d); or (d) created before September 1, 2007, under chapter 35.57 or 36.100 RCW, in a county or counties in which there are no other public facilities districts on July 22, 2007, and in which the total population in the public facilities district is greater than seventy thousand, that commences construction of a new regional center before January 1, 2009, or before January 1, 2011, in the case of a new regional center in a county designated by the president as a disaster area in December 2007, may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the public facilities district. The rate of tax may not exceed 0.033 percent of the selling price in the case of a sales tax or value of the article used in the case of a use tax.

(2)(a) The governing body of a public facilities district imposing a sales and use tax under the authority of this section may increase the rate of tax up to 0.037 percent if, within three fiscal years of July 1, 2008, the department determines that, as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020, a public facilities district’s sales and use tax collections for fiscal years after July 1, 2008, have been reduced by a net loss of at least 0.50 percent from the fiscal year before July 1, 2008. The fiscal year in which this section becomes effective is the first fiscal year after July 1, 2008.

(b) The department must determine sales and use tax collection net losses under this section as provided in RCW 82.14.500 (2) and (3). The department must provide written notice of its determinations to public facilities districts. Determinations by the department of a public facilities district’s sales and use tax collection net losses as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020 are final and not appealable.

(c) A public facilities district may increase its rate of tax after it has received written notice from the department as provided in (b) of this subsection. The increase in the rate of tax must be made in 0.001 percent increments and must be the least amount necessary to mitigate the net loss in sales and use tax collections as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. The increase in the rate of tax is subject to RCW 82.14.055.

(3) The tax imposed under subsection (1) of this section must be deducted from the amount of tax otherwise required to be collected or paid over to the department of revenue under chapter 82.08 or 82.12 RCW. The department of revenue must perform the collection of such taxes on behalf of the county at no cost to the public facilities district. During the 2011-2013 fiscal biennium, distributions by the state to a public facilities district based on the additional rate authorized in subsection (2) of this section must be reduced by 3.4 percent.

(4) No tax may be collected under this section before August 1, 2000. The tax imposed in this section expires when the bonds issued for the construction of the regional center and related parking facilities are retired, but not more than twenty-five years after the tax is first collected.

(5) Moneys collected under this section may only be used for the purposes set forth in RCW 35.57.020 and must be matched with an amount from other public or private sources equal to thirty-three percent of the amount collected under this section; however, amounts generated from non-voter approved taxes authorized under chapter 35.57 RCW or nonvoter approved taxes authorized under chapter 36.100 RCW do not constitute a public or private source. For the purpose of this section, public or private sources includes, but is not limited to cash or in-kind contributions used in all phases of the development or improvement of the regional center, land that is donated and used for the siting of the regional center, cash or in-kind contributions from public or private foundations, or amounts attributed to private sector partners as part of a public and private partnership agreement negotiated by the public facilities district.

(6) The combined total tax levied under this section may not be greater than 0.037 percent. If both a public facilities district created under chapter 35.57 RCW and a public facilities district created under chapter 36.100 RCW impose a tax under this section, the tax imposed by a public facilities district created under chapter 35.57 RCW must be credited against the tax imposed by a public facilities district created under chapter 36.100 RCW.

(7) A public facilities district created under chapter 36.100 RCW is not eligible to impose the tax under this section if the legislative authority of the county where the public facilities district is located has imposed a sales and use tax under RCW 82.14.0485 or 82.14.0494. 82.14.415 Sales and use tax for cities to offset municipal service costs to newly annexed areas. (1) The legislative authority of any city that is located in a county with a population greater than six hundred thousand that annexes an area consistent with its comprehensive plan required by chapter 36.70A RCW may impose a sales and use tax in accordance with the terms of this chapter. The tax is in addition to other taxes authorized by law and is collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the city. The tax may only be imposed by a city if:

(a) The city has commenced annexation of an area having a population of at least ten thousand people, or four thousand in the case of a city described under subsection (3)(a)(i) of this section, prior to January 1, 2015; and

(b) The city legislative authority determines by resolution or ordinance that the projected cost to provide municipal services to the annexation area exceeds the projected general revenue that the city would otherwise receive from the annexation area on an annual basis.

(2) The tax authorized under this section is a credit against the state tax under chapter 82.08 or 82.12 RCW. The department of revenue must perform the collection of such taxes on behalf of the city at no cost to the city and must remit the tax to the city as provided in RCW 82.14.060.

(3)(a) Except as provided in (b) of this subsection, the maximum rate of tax any city may impose under this section is:

(i) 0.1 percent for each annexed area in which the population is greater than ten thousand and less than twenty thousand. The ten thousand population threshold in this subsection (3)(a)(i) is four thousand for a city with a population between one hundred fifteen thousand and one hundred forty thousand and located within a county with a population over one million five hundred thousand; and

(ii) 0.2 percent for an annexed area in which the population is greater than twenty thousand.

(b) Beginning July 1, 2011, the maximum rate of tax imposed under this section is 0.85 percent for an annexed area in which the population is greater than sixteen thousand if the annexed area was, prior to November 1, 2008, officially designated as a potential annexation area by more than one city, one of which has a population greater than four hundred thousand.

(4)(a) Except as provided in (b) of this subsection, the maximum cumulative rate of tax a city may impose under subsection (3)(a) of this section is 0.2 percent for the total number of annexed areas the city may annex.

(b) The maximum cumulative rate of tax a city may impose under subsection (3)(a) of this section is 0.3 percent, beginning July 1, 2011, if the city commenced annexation of an area, prior to January 1, 2010, that would have otherwise allowed the city to increase the rate of tax imposed under this section absent the rate limit imposed in (a) of this subsection.

(c) The maximum cumulative rate of tax a city may impose under subsection (3)(b) of this section is 0.85 percent for the single annexed area the city may annex and the amount of tax distributed to a city under subsection (3)(b) of this section may not exceed five million dollars per fiscal year.

(5) The tax imposed by this section may only be imposed at the beginning of a fiscal year and may continue for no more than ten years from the date that each increment of the tax is first imposed. Tax rate increases due to additional annexed areas are effective on July 1st of the fiscal year following the fiscal year in which the annexation occurred, provided that notice is given to the department as set forth in subsection (9) of this section.

(6) All revenue collected under this section may be used solely to provide, maintain, and operate municipal services for the annexation area.

(7) The revenues from the tax authorized in this section may not exceed that which the city deems necessary to generate revenue equal to the difference between the city’s cost to provide, maintain, and operate municipal services for the annexation area and the general revenues that the city would otherwise expect to receive from the annexation area during a year. If the revenues from the tax authorized in this section and the revenues from the annexation area exceed the costs to the city to provide, maintain, and operate municipal services for the annexation area during a given year, the city must notify the department and the tax distributions authorized in this section must be suspended for the remainder of the year.

(8) No tax may be imposed under this section before July 1, 2007. Before imposing a tax under this section, the legislative authority of a city must adopt an ordinance that includes the following:

(a) A certification that the amount needed to provide municipal services to the annexed area reflects the city’s true and actual costs;

(b) The rate of tax under this section that is imposed within the city; and

(c) The threshold amount for the first fiscal year following the annexation and passage of the ordinance.

(9) The tax must cease to be distributed to the city for the remainder of the fiscal year once the threshold amount has been reached. No later than March 1st of each year, the city must provide the department with a certification of the city’s true and actual costs to provide municipal services to the annexed area, a new threshold amount for the next fiscal year, and notice of any applicable tax rate changes. Distributions of tax under this section must begin again on July 1st of the next fiscal year and continue until the new threshold amount has been reached or June 30th, whichever is sooner. Any revenue generated by the tax in excess of the threshold amount belongs to the state of Washington. Any amount resulting from the threshold amount less the total fiscal year distributions, as of June 30th, may not be carried forward to the next fiscal year.

(10) The tax must cease to be distributed to a city imposing the tax under subsection (3)(b) of this section for the remainder of the fiscal year, if the total distributions to the city imposing the tax exceed five million dollars for the fiscal year.

(11) The resident population of the annexation area must be determined in accordance with chapter 35.13 or 35A.14 RCW.

(12) The following definitions apply throughout this section unless the context clearly requires otherwise:

(a) “Annexation area” means an area that has been annexed to a city under chapter 35.13 or 35A.14 RCW.
"Annexation area" includes all territory described in the city resolution.

(b) "Commenced annexation" means the initiation of annexation proceedings has taken place under the direct petition method or the election method under chapter 35.13 or 35A.14 RCW.

(g) "Threshold amount" means the maximum amount of tax distributions as determined by the city in accordance with subsection (7) of this section that the department must distribute to the city generated from the tax imposed under this section in a fiscal year. Severability—2006 c 361: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2006 c 361 § 2.]

(1) If approved by the majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may impose a sales and use tax of up to 0.1 percent of the selling price or value of the article used in the case of a use tax. The tax authorized by this section is in addition to the tax authorized by RCW 82.14.030 and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. Motor vehicles are exempt from the sales and use tax imposed under this subsection.

(2) If approved by the majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may impose a tax on the use of a motor vehicle within a regional transportation investment district. The tax applies to those persons who reside within the regional transportation investment district. The rate of the tax may not exceed 0.1 percent of the value of the motor vehicle. The tax authorized by this subsection is in addition to the tax authorized under RCW 82.14.030 and must be imposed and collected at the time a taxable event under RCW 82.08.020(1) or 82.12.020 takes place. All revenue received under this subsection must be deposited in the local sales and use tax account and distributed to the regional transportation investment district according to RCW 82.14.050. The following provisions apply to the use tax in this subsection:

(a) Where persons are taxable under chapter 82.08 RCW, the seller shall collect the use tax from the buyer using the collection provisions of RCW 82.08.050.

(b) Where persons are taxable under chapter 82.12 RCW, the use tax must be collected using the provisions of RCW 82.12.045.

(c) "Motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road vehicles as defined in RCW 46.04.365, nonhighway vehicles as defined in RCW 46.09.310, and snowmobiles as defined in RCW 46.04.546.

(d) "Person" has the meaning given in RCW 82.04.030.

(e) The value of a motor vehicle must be determined under RCW 82.12.010.

(f) Except as specifically stated in this subsection (2), chapters 82.12 and 82.32 RCW apply to the use tax. The use tax is a local tax imposed under the authority of chapter 82.14 RCW, and chapter 82.14 RCW applies fully to the use tax.

(3) In addition to fulfilling the notice requirements under RCW 82.14.055(1), and unless waived by the department, a regional transportation investment district shall provide the department of revenue with digital mapping and legal descriptions of areas in which the tax will be collected. 82.14.460 Sales and use tax for chemical dependency or mental health treatment services or therapeutic courts. (1)(a) A county legislative authority may authorize, fix, and impose a sales and use tax in accordance with the terms of this chapter.

(b) If a county with a population over eight hundred thousand has not imposed the tax authorized under this subsection by January 1, 2011, any city with a population over thirty thousand located in that county may authorize, fix, and impose the sales and use tax in accordance with the terms of this chapter. The county must provide a credit against its tax for the full amount of tax imposed under this subsection (1)(b) by any city located in that county if the county imposes the tax after January 1, 2011.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the county for a county's tax and within a city for a city's tax. The rate of tax equals one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

(3) Moneys collected under this section must be used solely for the purpose of providing for the operation or delivery of chemical dependency or mental health treatment programs and services and for the operation or delivery of therapeutic court programs and services. For the purposes of this section, "programs and services" includes, but is not limited to, treatment services, case management, and housing that are a component of a coordinated chemical dependency or mental health treatment program or service.

(4) All moneys collected under this section must be used solely for the purpose of providing new or expanded programs and services as provided in this section, except as follows:
(a) For a county with a population larger than twenty-five thousand or a city with a population over thirty thousand, a portion of moneys collected under this section may be used to supplant existing funding for these purposes as follows: Up to fifty percent may be used to supplant existing funding in calendar years 2011-2012; up to forty percent may be used to supplant existing funding in calendar year 2013; up to thirty percent may be used to supplant existing funding in calendar year 2014; up to twenty percent may be used to supplant existing funding in calendar year 2015; and up to ten percent may be used to supplant existing funding in calendar year 2016; and

(b) For a county with a population of less than twenty-five thousand, a portion of moneys collected under this section may be used to supplant existing funding for these purposes as follows: Up to eighty percent may be used to supplant existing funding in calendar years 2011-2012; up to sixty percent may be used to supplant existing funding in calendar year 2013; up to forty percent may be used to supplant existing funding in calendar year 2014; up to twenty percent may be used to supplant existing funding in calendar year 2015; and up to ten percent may be used to supplant existing funding in calendar year 2016; and

(c) Notwithstanding (a) and (b) of this subsection, moneys collected under this section may be used to support the cost of the judicial officer and support staff of a therapeutic court.

(5) Nothing in this section may be interpreted to prohibit the use of moneys collected under this section for the replacement of lapsed federal funding previously provided for the operation or delivery of services and programs as provided in this section. [2011 c 347 § 1; 2010 c 127 § 2; 2009 c 551 § 2; 2008 c 157 § 2; 2005 c 504 § 804.]

Findings—Intent—2008 c 157: "The legislature finds it necessary to clarify the original intent regarding eligible expenditures of the sales and use tax provided in RCW 82.14.460. The legislature intended that upon the original effective date of RCW 82.14.460, the moneys collected under RCW 82.14.460 would be permitted to be used for the purposes as provided in RCW 82.14.460 as clarified by section 2, chapter 157, Laws of 2008." 82.14.465 Hospital benefit zones—Sales and use tax—Definitions. (1) A city, town, or county that creates a benefit zone and finances public improvements pursuant to chapter 39.100 RCW may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the city, town, or county. The rate of tax may not exceed the rate provided in RCW 82.08.020(1) in the case of a sales tax or a use tax, less the aggregate rates of any other taxes imposed on the same events that are credited against the state taxes imposed under chapters 82.08 and 82.12 RCW. The tax rate may be no higher than what is reasonably necessary for the local government to receive its entire annual state contribution in a ten-month period of time.

(2) The tax imposed under subsection (1) of this section must be deducted from the amount of tax otherwise required to be collected or paid over to the department under chapter 82.08 or 82.12 RCW. The department must perform the collection of such taxes on behalf of the city, town, or county at no cost to the city, town, or county.

(3) No tax may be imposed under this section before July 1, 2007. Before imposing a tax under this section, the city, town, or county shall first have received tax allocation revenues during the preceding calendar year. The tax imposed under this section expires on the earlier of the date: (a) The tax allocation revenues are no longer used for public improvements and public improvement costs; (b) the bonds issued to finance or refinance the improvements are no longer outstanding, if the bonds are issued; or (c) that is thirty years after the tax is first imposed.

(4) An ordinance adopted by the legislative authority of a city, town, or county imposing a tax under this section must provide that:

(a) The tax is first imposed on the first day of a fiscal year;

(b) The amount of tax received by the local government in any fiscal year may not exceed the amount of the state contribution;

(c) The tax must cease to be distributed for the remainder of any fiscal year in which either:

(i) The amount of tax distributions totals the amount of the state contribution;

(ii) The amount of tax distributions totals the amount of local public sources, dedicated in the previous calendar year to finance public improvements authorized under chapter 39.100 RCW, expended in the previous year for public improvement costs, or used to pay for other bonds issued to pay for public improvements. Revenues from local public sources, including hospital sources identified in RCW 82.14.465(7)(k), dedicated in the preceding calendar year that are in excess of the project award may be carried forward and used in later years for the purpose of this subsection; or

(iii) The amount of revenue from taxes imposed under this section by all cities, towns, and counties totals the annual state credit limit as provided in RCW 82.32.700(3);

(d) The tax must be distributed again, should it cease to be distributed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(e) Any revenue generated by the tax in excess of the amounts specified in (b) and (c) of this subsection belong to the state of Washington.

(5) If both a county and a city or town impose a tax under this section, the tax imposed by the city, town, or county is credited as follows:

(a) If the county has created a benefit zone before the city or town, the tax imposed by the county is credited against the tax imposed by the city or town, the purpose of such credit is to give priority to the county tax; and

(b) If the city or town has created a benefit zone before the county, the tax imposed by the city or town is credited against the tax imposed by the county, the purpose of such credit is to give priority to the city or town tax.
(6) The department must determine the amount of tax distributions attributable to each city, town, and county imposing a sales and use tax under this section and must advise a city, town, or county when the tax will cease to be distributed for the remainder of the fiscal year as provided in subsection (4)(c) of this section. Determinations by the department of the amount of taxes attributable to a city, town, or county are final and may not be used to challenge the validity of any tax imposed under this section. The department must remit any tax revenues in excess of the amounts specified in subsection (4)(b) and (c) of this section to the state treasurer who must deposit the moneys in the general fund.

(7) The definitions in this subsection apply throughout this section and RCW 82.14.470 unless the context clearly requires otherwise.

(a) "Base year" means the calendar year immediately following the creation of a benefit zone.

(b) "Benefit zone" has the same meaning as provided in RCW 39.100.010.

(c) "Excess local excise taxes" has the same meaning as provided in RCW 39.100.050.

(d) "Excess state excise taxes" means the amount of excise taxes received by the state during the measurement year from taxable activity within the benefit zone over and above the amount of excise taxes received by the state during the base year from taxable activity within the benefit zone. However, if a local government creates the benefit zone and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the benefit zone within the boundaries of the area that became the benefit zone, "excess state excise taxes" means the entire amount of state excise taxes the state receives during a calendar year period beginning with the calendar year immediately following the creation of the benefit zone and continuing with each measurement year thereafter.

(e) "State excise taxes" means revenues derived from state retail sales and use taxes under chapters 82.08 and 82.12 RCW, less the amount of tax distributions from all local retail sales and use taxes imposed on the same taxable events that are credited against the state retail sales and use taxes under chapters 82.08 and 82.12 RCW except for the local tax authorized in this section.

(f) "Fiscal year" has the same meaning as provided in RCW 39.100.030.

(g) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure the amount of excess state excise taxes and excess local excise taxes.

(h) "State contribution" means the lesser of two million dollars or an amount equal to excess state excise taxes received by the state during the preceding calendar year.

(i) "Tax allocation revenues" has the same meaning as provided in RCW 39.100.010.

(j) "Public improvements" and "public improvement costs" have the same meanings as provided in RCW 39.100.010.

(k) "Local public sources" includes, but is not limited to, private monetary contributions, assessments, dedicated local government funds, and tax allocation revenues. "Local public sources" does not include local government funds derived from the state-subsidized portion of any state loan or state grant, any local tax that is credited against the state sales and use taxes, or any other state funds. Local public sources may include amounts expended by a hospital in the zone since the date of formation of the zone and may be applied to the year or years designated by the local government. 82.14.470 Hospital benefit zones—Local public sources dedicated to finance public improvements—Reporting requirements. (1)(a)(i) Moneys collected from the taxes imposed under RCW 82.14.465 may be used only for the following purposes:

(A) Principal and interest payments on bonds issued to finance or refinance public improvements in a benefit zone under the authority of RCW 39.100.060;

(B) Principal and interest payments on other bonds issued by the local government to finance public improvements; or

(C) Payments for public improvement costs.

(ii) Moneys collected and used as provided in (a)(i) of this subsection must be matched with an amount from local public sources dedicated, as further provided in RCW 82.14.465 (4)(c)(ii) and (7)(k), through December 31st of the previous calendar year to finance public improvements authorized under chapter 39.100 RCW.

(b) Local public sources are dedicated to finance public improvements if they: (i) Are actually expended to pay public improvement costs or debt service on bonds issued for public improvements; or (ii) are required by law or an agreement to be used exclusively to pay public improvement costs or debt service on bonds issued for public improvements.

(c) A city, town, or county is not required to expend taxes imposed under RCW 82.14.465 in the fiscal year in which the taxes are received.

(2) A local government must inform the department by the first day of March of the amount of local public sources allocated to the preceding calendar year to finance public improvements authorized under chapter 39.100 RCW.

(3) If a local government fails to comply with subsection (2) of this section, no tax may be imposed under RCW 82.14.465 in the subsequent fiscal year.

(4)(a) A local government must provide a report to the department and the state auditor by March 1st of each year. A local government must make a good faith effort to provide information required for the report.

(b) The report must contain the following information:

(i) The amount of tax allocation revenues, taxes under RCW 82.14.465, and local public sources received by the local government during the preceding calendar year, and a summary of how these revenues were expended; and

(ii) The names of any businesses known to the local government that have located within the benefit zone as a result of the public improvements undertaken by the local govern-
ment and financed in whole or in part with hospital benefit zone financing.

The report must include a list of public improvements undertaken by local governments and financed in whole or in part with hospital benefit zone financing, and it must also include a summary of the information provided to the department by local governments under subsection (4) of this section. [2011 c 363 § 4; 2007 c 266 § 8; 2006 c 111 § 8.]

Finding—Application—Effective date—2007 c 266: See notes following RCW 39.100.010.

82.14.500 Streamlined sales and use tax mitigation account—Funding—Determination of losses. (1)(a) In order to mitigate local sales tax revenue net losses as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title, the state treasurer, on July 1, 2011, and each July 1st thereafter, must transfer into the streamlined sales and use tax mitigation account from the general fund the sum required to mitigate actual net losses as determined under this section.

(b) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred under (a) of this subsection must be reduced by 3.4 percent.

(2) Beginning July 1, 2008, and continuing until the department determines annual losses under subsection (3) of this section, the department must determine the amount of local sales tax net loss each local taxing jurisdiction experiences as a result of the sourcing provisions of the streamlined sales and use tax agreement under this title each calendar quarter. The department must determine losses by analyzing and comparing data from tax return information and tax collections for each local taxing jurisdiction before and after July 1, 2008, on a calendar quarter basis. The department’s analysis may be revised and supplemented in consultation with the oversight committee as provided in subsection (4) of this section. To determine net losses, the department must reduce losses by the amount of voluntary compliance revenue for the calendar quarter analyzed. Beginning December 31, 2008, distributions must be made quarterly from the streamlined sales and use tax mitigation account by the state treasurer, as directed by the department, to each local taxing jurisdiction, other than public facilities districts for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing its net losses for the previous calendar quarter. Distributions must be made on the last working day of each calendar quarter and must cease when distributions under subsection (3) of this section begin.

(3)(a) By December 31, 2009, or such later date the department in consultation with the oversight committee determines that sufficient data is available, the department must determine each local taxing jurisdiction’s annual loss. The department must determine annual losses by comparing at least twelve months of data from tax return information and tax collections for each local taxing jurisdiction before and after July 1, 2008. The department is not required to determine annual losses on a recurring basis, but may make any adjustments to annual losses as it deems proper as a result of the annual reviews provided in (b) of this subsection. Beginning the calendar quarter in which the department determines annual losses, and each calendar quarter thereafter, distributions must be made from the streamlined sales and use tax mitigation account by the state treasurer on the last working day of the calendar quarter, as directed by the department, to each local taxing jurisdiction, other than public facilities districts for losses in respect to taxes imposed under the authority of RCW 82.14.390, in an amount representing one-fourth of the jurisdiction’s annual loss reduced by voluntary compliance revenue reported during the previous calendar quarter.

(b) The department’s analysis of annual losses must be reviewed by December 1st of each year and may be revised and supplemented in consultation with the oversight committee as provided in subsection (4) of this section.

(4) The department must convene an oversight committee to assist in the determination of losses. The committee includes one representative of one city whose revenues are increased, one representative of one county whose revenues are reduced, one representative of one county whose revenues are increased, one representative of one county whose revenues are decreased, one representative of one transportation authority under RCW 82.14.045 whose revenues are increased, and one representative of one transportation authority under RCW 82.14.045 whose revenues are reduced, as a result of RCW 82.14.490 and the chapter 6, Laws of 2007 amendments to RCW 82.14.020. Beginning July 1, 2008, the oversight committee must meet quarterly with the department to review and provide additional input and direction on the department’s analyses of losses. Local taxing jurisdictions may also present to the oversight committee additional information to improve the department’s analyses of the jurisdiction’s loss. Beginning January 1, 2010, the oversight committee must meet at least annually with the department by December 1st.

(5) The rule-making provisions of chapter 34.05 RCW do not apply to this section. [2011 1st sp.s. c 50 § 974; 2007 c 6 § 903.]

(iii) A solar energy system, placed on the property owned by a cooperating local governmental entity that is not in the light and power business or in the gas distribution business, that is capable of generating up to seventy-five kilowatts of electricity, and that is owned by a company whose members are each eligible for an investment cost recovery incentive for the same customer-generated electricity as provided in RCW 82.16.120.

(b) For the purposes of "community solar project" as defined in (a) of this subsection:

(i) "Company" means an entity that is:

(A)(i) A limited liability company;

(II) A cooperative formed under chapter 23.86 RCW; or

(3) "Customer-generated electricity" means a community solar project or the alternating current electricity that is generated from a renewable energy system located in Washington and installed on an individual’s, businesses’, or local government’s real property that is also provided electricity generated by a light and power business. Except for community solar projects, a system located on a leasehold interest does not qualify under this definition. Except for utility-owned community solar projects, "customer-generated electricity" does not include electricity generated by a light and power business with greater than one thousand megawatt hours of annual sales or a gas distribution business.

(4) "Economic development kilowatt-hour" means the actual kilowatt-hour measurement of customer-generated electricity multiplied by the appropriate economic development factor.

Findings—Intent—2005 c 300: "The legislature finds that the use of renewable energy resources generated from local sources such as solar and wind power benefit our state by reducing the load on the state’s electric energy grid, by providing nonpolluting sources of electricity generation, and by the creation of jobs for local industries that develop and sell renewable energy products and technologies.

The legislature finds that Washington state has become a national and international leader in the technologies related to the solar electric markets. The state can support these industries by providing incentives for the purchase of locally made renewable energy products. Locally made renewable technologies benefit and protect the state’s environment. The legislature also finds that the state’s economy can be enhanced through the creation of incentives to develop additional renewable energy industries in the state.

The legislature intends to provide incentives for the greater use of locally created renewable energy technologies, support and retain existing local industries, and create new opportunities for renewable energy industries to develop in Washington state." [2005 c 300 § 1.]

Effective date—2005 c 300: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2005." [2005 c 300 § 8.]

82.16.120 Renewable energy system cost recovery—Application to light/power business—Certification—Limitations. (1)(a) Any individual, business, local governmental entity, not in the light and power business or in the gas distribution business, or a participant in a community solar project may apply to the light and power business serving the situs of the system, each fiscal year beginning on July 1, 2005, for an investment cost recovery incentive for each kilowatt-hour from a customer-generated electricity renewable energy system.

(b) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(i), the administrator must apply for the investment cost recovery incentive on behalf of each of the other owners.

(c) In the case of a community solar project as defined in RCW 82.16.110(2)(a)(iii), the company owning the community solar project must apply for the investment cost recovery incentive on behalf of each member of the company.

(2)(a) Before submitting for the first time the application for the incentive allowed under subsection (4) of this section, the applicant must submit to the department of revenue and to the climate and rural energy development center at the Washington State University, established under RCW 28B.30.642, a certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), the certification must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a company that owns a community solar project as defined in RCW 82.16.110(2)(a)(iii), the cer-
tification must also include the name and address of each member of the company;

(ii) The applicant's tax registration number;

(iii) That the electricity produced by the applicant meets the definition of "customer-generated electricity" and that the renewable energy system produces electricity with:
(A) Any solar inverters and solar modules manufactured in Washington state;
(B) A wind generator powered by blades manufactured in Washington state;
(C) A solar inverter manufactured in Washington state;
(D) A solar module manufactured in Washington state;
(E) A stirling converter manufactured in Washington state;
or
(F) Solar or wind equipment manufactured outside of Washington state;

(iv) That the electricity can be transformed or transmitted for entry into or operation in parallel with electricity transmission and distribution systems; and

(v) The date that the renewable energy system received its final electrical permit from the applicable local jurisdiction.

(b) Within thirty days of receipt of the certification the department of revenue must notify the applicant by mail, or electronically as provided in RCW 82.32.135, whether the renewable energy system qualifies for an incentive under this section. The department may consult with the climate and rural energy development center to determine eligibility for the incentive. System certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(l).

3(a) By August 1st of each year application for the incentive must be made to the light and power business serving the situs of the system by certification in a form and manner prescribed by the department that includes, but is not limited to, the following information:

(i) The name and address of the applicant and location of the renewable energy system.

(A) If the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), the application must also include the name and address of each of the owners of the community solar project.

(B) If the applicant is a company that owns a community solar project as defined in RCW 82.16.110(2)(a)(iii), the application must also include the name and address of each member of the company;

(ii) The applicant's tax registration number;

(iii) The date of the notification from the department of revenue stating that the renewable energy system is eligible for the incentives under this section; and

(iv) A statement of the amount of kilowatt-hours generated by the renewable energy system in the prior fiscal year.

(b) Within sixty days of receipt of the incentive certification the light and power business serving the situs of the system must notify the applicant in writing whether the incentive payment will be authorized or denied. The business may consult with the climate and rural energy development center to determine eligibility for the incentive payment. Incentive certifications and the information contained therein are subject to disclosure under RCW 82.32.330(3)(l).

(c)(i) Persons, administrators of community solar projects, and companies receiving incentive payments must keep and preserve, for a period of five years, suitable records as may be necessary to determine the amount of incentive applied for and received. Such records must be open for examination at any time upon notice by the light and power business that made the payment or by the department. If upon examination of any records or from other information obtained by the business or department it appears that an incentive has been paid in an amount that exceeds the correct amount of incentive payable, the business may assess against the person for the amount found to have been paid in excess of the correct amount of incentive payable and must add thereto interest on the amount. Interest is assessed in the manner that the department assesses interest upon delinquent tax under RCW 82.32.050.

(ii) If it appears that the amount of incentive paid is less than the correct amount of incentive payable the business may authorize additional payment.

4 Except for community solar projects, the investment cost recovery incentive may be paid fifteen cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For community solar projects, the investment cost recovery incentive may be paid thirty cents per economic development kilowatt-hour unless requests exceed the amount authorized for credit to the participating light and power business. For the purposes of this section, the rate paid for the investment cost recovery incentive may be multiplied by the following factors:

(a) For customer-generated electricity produced using solar modules manufactured in Washington state or a solar stirling converter manufactured in Washington state, two and four-tenths;

(b) For customer-generated electricity produced using a solar or a wind generator equipped with an inverter manufactured in Washington state, one and two-tenths;

(c) For customer-generated electricity produced using an anaerobic digester, or by other solar equipment or using a wind generator equipped with blades manufactured in Washington state, one; and

(d) For all other customer-generated electricity produced by wind, eight-tenths.

5(a) No individual, household, business, or local governmental entity is eligible for incentives provided under subsection (4) of this section for more than five thousand dollars per year.

(b) Except as provided in (c) through (e) of this subsection (5), each applicant in a community solar project is eligible for up to five thousand dollars per year.

(c) Where the applicant is an administrator of a community solar project as defined in RCW 82.16.110(2)(a)(i), each owner is eligible for an incentive but only in proportion to the ownership share of the project, up to five thousand dollars per year.

(d) Where the applicant is a company owning a community solar project that has applied for an investment cost recovery incentive on behalf of its members, each member of the company is eligible for an incentive that would otherwise belong to the company but only in proportion to each ownership share of the company, up to five thousand dollars per
year. The company itself is not eligible for incentives under this section.

(e) In the case of a utility-owned community solar project, each ratepayer that contributes to the project is eligible for an incentive in proportion to the contribution, up to five thousand dollars per year.

(6) If requests for the investment cost recovery incentive exceed the amount of funds available for credit to the participating light and power business, the incentive payments must be reduced proportionately.

(7) The climate and rural energy development center at Washington State University energy program may establish guidelines and standards for technologies that are identified as Washington manufactured and therefore most beneficial to the state’s environment.

(8) The environmental attributes of the renewable energy system belong to the applicant, and do not transfer to the state or the light and power business upon receipt of the investment cost recovery incentive.

(9) No incentive may be paid under this section for kilowatt-hours generated before July 1, 2010, or after June 30, 2020. [2011 c 179 § 3. Prior: 2010 c 202 § 2; 2010 c 106 § 103; 2009 c 469 § 505; 2007 c 111 § 101; 2005 c 300 § 3.]

Any person collecting the tax who appropriates or converts the tax collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. If a taxpayer fails to pay the tax imposed by this chapter to the person charged with collection of the tax and the person charged with collection fails to pay the tax to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the tax.

The tax shall be due from the taxpayer within twenty-five days from the date the taxpayer is billed by the person collecting the tax.

The tax shall be due from the person collecting the tax at the end of the tax period in which the tax is received from the taxpayer. If the taxpayer remits only a portion of the total amount billed for taxes, consideration, and related charges, the amount remitted shall be applied first to payment of the solid waste collection tax and this tax shall have priority over all other claims to the amount remitted. 82.32.030 Registration certificates—Threshold levels—Central registration system. (1) Except as provided in subsections (2) and (3) of this section, if any person engages in any business or performs any act upon which a tax is imposed by the preceding chapters, he or she must, under such rules as the department prescribes, apply for and obtain from the department a registration certificate. Such registration certificate is personal and nontransferable and is valid as long as the taxpayer continues in business and pays the tax accrued to the state. In case business is transacted at two or more separate places by one taxpayer, a separate registration certificate for each place at which business is transacted with the public is required. Each certificate must be numbered and must show the name, residence, and place and character of business of the taxpayer and such other information as the department of revenue deems necessary and must be posted in a conspicuous place at the place of business for which it is issued. Where a place of business of the taxpayer is changed, the taxpayer must return to the department the existing certificate, and a new certificate will be issued for the new place of business. No person required to be registered under this section may engage in any business taxable hereunder without first being so registered. The department, by rule, may provide for the issuance of certificates of registration to temporary places of business.

(2) Unless the person is a dealer as defined in RCW 9.41.010, registration under this section is not required if the following conditions are met:

(a) A person’s value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than twelve thousand dollars per year;

(b) The person’s gross income of the business from all activities taxable under chapter 82.16 RCW is less than twelve thousand dollars per year;

(c) The person is not required to collect or pay to the department of revenue any other tax or fee which the department is authorized to collect; and

(d) The person is not otherwise required to obtain a license subject to the master application procedure provided in chapter 19.02 RCW.

(3) All persons who agree to collect and remit sales and use tax to the department under the agreement must register through the central registration system authorized under the agreement. Persons required to register under subsection (1) of this section are not relieved of that requirement because of registration under this subsection (3).

(4) Persons registered under subsection (3) of this section who are not required to register under subsection (1) of this section and who are not otherwise subject to the requirements of chapter 19.02 RCW are not subject to the fees imposed by the department under the authority of RCW 19.02.075. Findings—Purpose—1996 c 111: “The legislature finds that small businesses play a vital role in the state’s current and future economic health. The legislature also finds that the state’s excise tax reporting and registration requirements are unduly burdensome for small businesses incurring little or no tax liability. 82.32.080 Payment by check—Electronic funds transfer—Rules—Mailing returns or remittances—Time extension—Deposits—Time extension during state of emergency—Records—Payment must accompany return. (1) When authorized by the department, payment of the tax may be made by uncertified check under such rules as the department prescribes, but, if a check so received is not paid by the bank on which it is drawn, the taxpayer, by whom such check is tendered, will remain liable for payment of the tax and for all legal penalties and interest, the same as if such check had not been tendered.

(2)(a) Except as otherwise provided in this subsection, payment of the tax must be made by electronic funds transfer, as defined in RCW 82.32.085, if the taxpayer is required to file and remit its taxes on a monthly basis. As an alternative to electronic funds transfer, the department may authorize other forms of electronic payment, such as credit card and e-check. All taxes administered by this chapter are subject to this requirement except the taxes authorized by chapters 82.14A, 82.14B, 82.24, 82.29A, and 84.33 RCW. It is the intent of this subsection to require electronic payment for those taxes reported on the department’s combined excise tax return or any successor return. The mandatory electronic payment requirement in this subsection also applies to taxpayers who: (i) Are subject to the tax imposed in RCW 82.04.257 but for whom the department has authorized a tax reporting frequency that is less frequent than monthly; or (ii) meet the threshold for filing and remitting taxes on a monthly basis as established by rule of the department but for whom the department has authorized a less frequent reporting frequency, when such authorization became effective on or after July 26, 2009.

(b) The department, for good cause, may waive the electronic payment requirement in this subsection for any taxpayer. In the discretion of the department, a waiver under this subsection may be made temporary or permanent, and may be made on the department’s own motion.

(c) The department is authorized to accept payment of taxes by electronic funds transfer or other acceptable forms of electronic payment from taxpayers that are not subject to the mandatory electronic payment requirements in this subsection.

(3)(a) Except as otherwise provided in this subsection, returns must be filed electronically using the department’s online tax filing service, if the taxpayer is required to file and remit its taxes on a monthly basis. The mandatory electronic filing requirement in this subsection also applies to taxpayers who: (i) Are subject to the tax imposed in RCW 82.04.257 but for whom the department has authorized a tax reporting frequency that is less frequent than monthly; or (ii) meet the threshold for filing and remitting taxes on a monthly basis as established by rule of the department but for whom the department has authorized a less frequent reporting frequency, when such authorization became effective on or after July 26, 2009.

(b) The department, for good cause, may waive the electronic filing requirement in this subsection for any taxpayer. In the discretion of the department, a waiver under this subsection may be made temporary or permanent, and may be made on the department’s own motion.

[2011 RCW Supp—page 1623]
(c) The department is authorized to allow electronic filing of returns from taxpayers that are not subject to the mandatory electronic filing requirements in this subsection.

(4)(a)(i) The department, for good cause shown, may extend the time for making and filing any return, and may grant such reasonable additional time within which to make and file returns as it may deem proper, but any permit extended in anticipation of the tax being paid or remitted by the taxpayer within ten days after the due date, and any extension in excess of thirty days must be conditional on deposit with the department of an amount to be determined by the department which is approximately equal to the estimated tax liability for the reporting period or periods for which the extension is granted. In the case of a permanent extension or a temporary extension of more than thirty days, the deposit must be deposited within the state treasury with other tax funds and a credit recorded to the taxpayer’s account which may be applied to taxpayer’s liability upon cancellation of the permanent extension or upon reporting of the tax liability where an extension of more than thirty days has been granted.

(ii) The department must review the requirement for deposit at least annually and may require a change in the amount of the deposit required when it believes that such amount does not approximate the tax liability for the reporting period or periods for which the extension is granted.

(b) During a state of emergency declared under RCW 43.06.010(12), the department, on its own motion or at the request of any taxpayer affected by the emergency, may extend the time for making or filing any return as the department deems proper. The department may not require any deposit as a condition for granting an extension under this subsection (4)(b).

(5) The department must keep full and accurate records of all funds received and disbursed by it. Subject to the provisions of RCW 82.32.105, 82.32.092, and 82.32.350, the department must apply the payment of the tax payments against penalties and interest, and then upon the tax, without regard to any direction of the taxpayer.

(6) The department may refuse to accept any return that is not accompanied by a remittance of the tax shown to be due thereon or that is not filed electronically as required in this section. When such return is not accepted, the taxpayer is deemed to have failed or refused to file a return and is subject to the penalties provided in RCW 82.32.100 and to the penalties provided in RCW 82.32.090. The above authority to refuse to accept a return may not apply when a return is timely filed electronically and a timely payment has been made by electronic funds transfer or other form of electronic payment as authorized by the department.

(7) Except for returns and remittances required to be transmitted to the department electronically under this section and except as otherwise provided in this chapter, a return or remittance that is transmitted to the department by United States mail is deemed filed or received on the date shown by the post office cancellation mark stamped upon the envelope containing it. A return or remittance that is transmitted to the department electronically is deemed filed or received according to procedures set forth by the department.

(8)(a) For purposes of subsections (2) and (3) of this section, "good cause" means the inability of a taxpayer to comply with the requirements of subsection (2) or (3) of this section because:

(i) The taxpayer does not have the equipment or software necessary to enable the taxpayer to comply with subsection (2) or (3) of this section;

(ii) The department has assigned a reporting frequency to the taxpayer that is less than quarterly.

(iii) The taxpayer does not have access to the internet using the taxpayer’s own equipment;

(iv) The taxpayer does not have a bank account or a credit card;

(v) The taxpayer’s bank is unable to send or receive electronic funds transfer transactions; or

(vi) Some other circumstance or condition exists that, in the department’s judgment, prevents the taxpayer from complying with the requirements of subsection (2) or (3) of this section.

(b) "Good cause" also includes any circumstance that, in the department’s judgment, supports the efficient or effective administration of the tax laws of this state, including providing relief from the requirements of subsection (2) or (3) of this section to any taxpayer that is voluntarily collecting and remitting this state’s sales or use taxes on sales to Washington customers but has no legal requirement to be registered with the department. (c) The department is authorized to allow electronic filing of returns from taxpayers that are not subject to the mandatory electronic filing requirements in this subsection.

(4)(a)(i) The department, for good cause shown, may extend the time for making and filing any return, and may grant such reasonable additional time within which to make and file returns as it may deem proper, but any permanent extension granting the taxpayer a reporting date without penalty more than ten days beyond the due date, and any extension in excess of thirty days must be conditional on deposit with the department of an amount to be determined by the department which is approximately equal to the estimated tax liability for the reporting period or periods for which the extension is granted. In the case of a permanent extension or a temporary extension of more than thirty days the deposit must be deposited within the state treasury with other tax funds and a credit recorded to the taxpayer’s account which may be applied to taxpayer’s liability upon cancellation of the permanent extension or upon reporting of the tax liability where an extension of more than thirty days has been granted.

The department may not require any deposit as a condition for granting an extension under this subsection (4)(b).

82.32.090 Late payment—Disregard of written instructions—Ev
sion—Penalties. (1) If payment of any tax due on a retur
is not received by the department of revenue by the due
date, there is assessed a penalty of five percent of the a
ount of the tax; and if the tax is not received on or bef
e the last day of the month following the due date, there is
sessed a total penalty of fifteen percent of the amount of
the tax under this subsection; and if the tax is not recei
on or before the last day of the second month followin
the due date, there is assessed a total penalty of twenty-
five percent of the amount of the tax under this su
section. No penalty so added may be less than five dol
ars.

(2) If the department of revenue determines that any tax
has been substantially underpaid, there is assessed a pen
alty of five percent of the amount of the tax determined by
the department to be due. If payment of any tax determined by
the department to be due is not received by the department by
the due date specified in the notice, or any extension thereof,
tere is assessed a total penalty of fifteen percent of the
amount of the tax under this subsection; and if payment of any tax determined by the department to be due is not received on or before the thirtieth day following the due date specified in the notice of tax due, or any extension thereof, there is assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added may be less than five dollars.

(3) If a warrant is issued by the department of revenue
for the collection of taxes, increases, and penalties, there is
added thereto a penalty of ten percent of the amount of the
tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in
any business or performed any act upon which a tax is
imposed under this title and that person has not obtained from
the department a registration certificate as required by RCW
82.32.030, the department must impose a penalty of five per
cent of the amount of tax due from that person for the period
that the person was not registered as required by RCW
82.32.030. The department may not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that a taxpayer has disre
garded specific written instructions as to reporting or tax liabil
ilities, or willfully disregarded the requirement to file returns or remit payment electronically, as provided by RCW
82.32.080, the department must add a penalty of ten percent of the amount of the tax that should have been reported and/or paid electronically or the additional tax found due if there is a deficiency because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department has informed the taxpayer in writing of the taxpayer’s tax obligations and the taxpayer fails to act in accordance with those instructions unless, in the case of a deficiency, the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department may not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. A taxpayer will be considered to have made a good faith effort to comply with specific written instructions to file returns and/or remit taxes electronically only if the taxpayer can show good cause, as defined in RCW 82.32.080, for the failure to comply with such instructions. A taxpayer will be considered to have willfully disregarded the requirement to file returns or remit payment electronically if the department has mailed or otherwise delivered the specific written instructions to the taxpayer on at least two occasions. Specific written instructions may be given as a part of a tax assessment, audit, determination, closing agreement, or other written communication, provided that such specific written instructions apply only to the taxpayer addressed or referenced on such communication. Any specific written instructions by the department must be clearly identified as such and must inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

If the department determines that it is necessary to provide specific written instructions to a taxpayer that does not comply with the requirement to file returns or remit payment electronically as provided in RCW 82.32.080, the specific written instructions must provide the taxpayer with a minimum of forty-five days to come into compliance with its electronic filing and/or payment obligations before the department may impose the penalty authorized in this subsection.

(6) If the department finds that all or any part of a defi
ciency resulted from engaging in a disregarded transaction, as described in RCW 82.32.655(3), the department must assess a penalty of thirty-five percent of the additional tax found to be due as a result of engaging in a transaction disregarded by the department under RCW 82.32.655(2). The penalty provided in this subsection may be assessed together with any other applicable penalties provided in this section on the same tax found to be due, except for the evasion penalty provided in subsection (7) of this section. The department may not assess the penalty under this subsection if, before the department discovers the taxpayer’s use of a transaction described under RCW 82.32.655(3), the taxpayer discloses its participation in the transaction to the department.

(7) If the department finds that all or any part of the defi
ciency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due must be added.

(8) The penalties imposed under subsections (1) through
(4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

(9) The department may not impose the evasion penalty in combination with the penalty for disregarding specific
written instructions or the penalty provided in subsection (6) of this section on the same tax found to be due.

(10) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department, and that has a statutorily defined due date. 82.32.117 Application for court approval of subpoena prior to issuance—No notice required. (1) The department or its duly authorized agent may apply for and obtain a superior court order approving and authorizing a subpoena in advance of its issuance. The application may be made in the county where the subpoenaed person resides or is found, or the county where the subpoenaed records or documents are located, or in Thurston county. The application must:

(a) State that an order is sought pursuant to this subsection;

(b) Adequately specify the records, documents, or testimony; and

(c) Declare under oath that an investigation is being conducted for a lawfully authorized purpose related to an investigation within the department’s authority and that the subpoenaed documents or testimony are reasonably related to an investigation within the department’s authority.

(2) Where the application under this subsection is made to the satisfaction of the court, the court must issue an order approving the subpoena. An order under this subsection constitutes authority of law for the agency to subpoena the records or testimony.

(3) The department or its duly authorized agent may seek approval and a court may issue an order under this subsection without prior notice to any person, including the person to whom the subpoena is directed and the person who is the subject of an investigation.

(4) This section does not preclude the use of other legally authorized means of obtaining records, nor preclude the assertion of any legally recognized privileges.

(5) The department may not disclose any return or tax information, as defined in RCW 82.32.330, obtained in response to a subpoena issued under this section, except as authorized in RCW 82.32.330.

(6) A third party may not be held civilly liable for any harm resulting from that person’s compliance with a subpoena issued under the authority of this section.

(7) The entire court file of any proceeding instituted under this section must be sealed and is not open to public inspection by any person except upon order of the court as authorized by law. [2011 c 174 § 401; 2010 c 22 § 4.]

82.32.210 Tax warrant—Filing—Lien—Effect. (Effective January 1, 2012.) (1) If any fee, tax, increase, or penalty or any portion thereof is not paid within fifteen days after it becomes due, the department may issue a warrant in the amount of the unpaid sums, together with interest thereon from the date the warrant is issued until the date of payment. If, however, the department believes that a taxpayer is about to cease business, leave the state, or remove or dissipate the assets out of which fees, taxes or penalties might be satisfied and that any tax or penalty will not be paid when due, it may declare the fee, tax or penalty to be immediately due and payable and may issue a warrant immediately.

(a) Interest imposed before January 1, 1999, is computed at the rate of one percent of the amount of the warrant for each thirty days or portion thereof.

(b) Interest imposed after December 31, 1998, is computed on a daily basis on the amount of outstanding tax or fee at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year. As used in this subsection, "fee" does not include an administrative filing fee such as a court filing fee and warrant fee.

(2) Except as provided in RCW 82.32.212, the department must file a copy of the warrant with the clerk of the superior court of any county of the state in which real and/or personal property of the taxpayer may be found. The clerk is entitled to a filing fee under RCW 36.18.012(10). Upon filing, the clerk will enter in the judgment docket, the name of the taxpayer mentioned in the warrant and in appropriate columns the amount of the fee, tax or portion thereof and any increases and penalties for which the warrant is issued and the date when the copy is filed. The amount of the warrant so docketed is a specific lien upon all goods, wares, merchandise, fixtures, equipment, or other personal property used in the conduct of the business of the taxpayer against whom the warrant is issued, including property owned by third persons who have a beneficial interest, direct or indirect, in the operation of the business, and no sale or transfer of the personal property in any way affects the lien.

(3) The lien is not superior, however, to bona fide interests of third persons that vested before the filing of the warrant when the third persons do not have a beneficial interest,
82.32.212 Tax warrant—Notice of lien.  (Effective January 1, 2012.)  (1) To secure payment of a tax warrant issued by the department under RCW 82.32.210, the department may issue a notice of lien against any real property in which the taxpayer against whom the warrant was issued has an ownership interest, if the total amount for which the warrant was issued exceeds twenty-five thousand dollars and the department determines that issuing the notice of lien would best protect the state’s interest in collecting the amount due on the warrant.  The department must file the notice of lien with the recording officer of the county where the real property is located.  The recording officer is entitled to a filing fee as provided under RCW 36.18.010.

(2)(a) Except as otherwise provided in this section, recording a notice of lien as authorized in this section is in lieu of filing with the clerk of the superior court a copy of the warrant secured by the notice of lien.

(b) Notwithstanding (a) of this subsection (2), the department may file with the superior court a warrant that is secured by a notice of lien under this section if: (i) The department determines that filing the warrant is in the best interest of collecting the amount due on the tax warrant; or (ii) the warrant remains unpaid six months after the notice of lien was issued.

(3) If a warrant has been filed with the clerk of the superior court, the department may issue and record a notice of lien against real property of the taxpayer and file a conditional satisfaction of the warrant with the clerk of the superior court of the county in which the warrant was filed, if the department determines that such actions are in the best interest of collecting the amount due on the warrant.

(a) A warrant for which a conditional satisfaction is filed will continue to accrue interest on the unpaid balance as provided in RCW 82.32.210.

(b)(i) The department may refile a warrant for which a conditional satisfaction has been filed if: (A) The department determines that refiling the warrant is in the best interest of collecting the amount due on the warrant; or (B) the warrant remains unpaid six months after the notice of lien was issued.

(ii) A warrant is refiled in the same manner as it was originally filed.

(c) A warrant that is refiled as provided in this subsection (3) reinstates the liens provided under RCW 82.32.210 as of the date the warrant is refiled.

(d) For the purposes of this subsection (3), a “conditional satisfaction” is a document issued by the department, which, when filed with the clerk of the superior court of the county in which the warrant was filed, releases the liens provided under RCW 82.32.210 without prejudice to refile the warrant at a later date.

(4) When a taxpayer has requested the department to use the collection authority under this section, in order to determine if the issuance of a notice of lien would best protect the state’s interest in collecting the amount due on the warrant, the department may require the taxpayer to:

(a) Provide, at the taxpayer’s expense, the department with a current abstract of title as defined by RCW 48.29.010 from a title insurer that possesses a certificate of authority issued under Title 48 RCW; and

(b) Authorize the department to obtain the taxpayer’s current credit report.

(5) A notice of lien issued under this section must include the following information:

(a) The name of the taxpayer who has an interest in the real property against which the notice of lien is filed;

(b) The taxpayer’s tax registration number issued as provided in RCW 82.32.030;

(c) The number of the warrant issued by the department;

(d) The amount for which the warrant was issued;

(e) The legal description, tax parcel number assigned under RCW 84.40.160, and the street address, if available, of the real property against which the notice of lien is issued; and

(f) Any other information the department determines would be useful.

(6) The notice of lien issued under this section is superior to all other liens and encumbrances, except:

(a) Bona fide interests of third persons that had vested prior to the recording of the notice of lien, if the third persons do not have a beneficial interest, direct or indirect, in the operation of the taxpayer’s business, other than the securing of the payment of a debt or the receiving of a regular rental on equipment. For purposes of this subsection, “bona fide interests of third persons” has the same meaning as in RCW 82.32.210; and

(b) Property taxes and special assessments against the property.

(7) The department must release a notice of lien issued under this section as soon as practicable after receipt of payment in full of the amount due on the warrant secured by the notice of lien, including interest accrued as provided in RCW 82.32.210(1) and all recording fees claimed by the recording officer for the recording of the notice of lien and the release of the lien.

(8) The department must release a notice of lien issued under this section within fourteen days if the notice of lien was issued in error. [2011 c 131 § 2.]
82.32.330 Disclosure of return or tax information. (1) For purposes of this section:
   (a) "Disclose" means to make known to any person in any manner whatever a return or tax information;
   (b) "Return" means a tax or information return or claim for refund required by, or provided for or permitted under, the laws of this state which is filed with the department of revenue by, on behalf of, or with respect to a person, and any amendment or supplement thereto, including supporting schedules, attachments, or lists that are supplemental to, or part of, the return so filed;
   (c) "Tax information" means (i) a taxpayer's identity, (ii) the nature, source, or amount of the taxpayer's income, payments, receipts, deductions, exemptions, credits, assets, liabilities, net worth, tax liability deficiencies, overassessments, or tax payments, whether taken from the taxpayer's books and records or any other source, (iii) whether the taxpayer's return was, is being, or will be examined or subject to other investigation or processing, (iv) a part of a written determination that is not designated as a precedent and disclosed pursuant to RCW 82.32.410, or a background file document relating to a written determination, and (v) other data received by, recorded by, prepared by, furnished to, or collected by the department of revenue with respect to the determination of the existence, or possible existence, of liability, or the amount thereof, of a person under the laws of this state for a tax, penalty, interest, fine, forfeiture, or other imposition, or offense. However, data, material, or documents that do not disclose information related to a specific or identifiable taxpayer do not constitute tax information under this section. Except as provided by RCW 82.32.410, nothing in this chapter requires any person possessing data, material, or documents made confidential and privileged by this section to delete information from such data, material, or documents so as to permit its disclosure;
   (d) "State agency" means every Washington state office, department, division, bureau, board, commission, or other state agency;
   (e) "Taxpayer identity" means the taxpayer's name, address, telephone number, registration number, or any combination thereof, or any other information disclosing the identity of the taxpayer; and
   (f) "Department" means the department of revenue or its officer, agent, employee, or representative.

(2) Returns and tax information are confidential and privileged, and except as authorized by this section, neither the department of revenue nor any other person may disclose any return or tax information.

(3) This section does not prohibit the department of revenue from:
   (a) Disclosing such return or tax information in a civil or criminal judicial proceeding or an administrative proceeding:
      (i) In respect of any tax imposed under the laws of this state if the taxpayer or its officer or other person liable under this title or chapter 83.100 RCW is a party in the proceeding;
      (ii) In which the taxpayer about whom such return or tax information is sought and another state agency are adverse parties in the proceeding; or
   (b) Disclosing, subject to such requirements and conditions as the director prescribes by rules adopted pursuant to chapter 34.05 RCW, such return or tax information regarding a taxpayer to such taxpayer or to such person or persons as that taxpayer may designate in a request for, or consent to, such disclosure, or to any other person, at the taxpayer's request, to the extent necessary to comply with a request for information or assistance made by the taxpayer to such other person. However, tax information not received from the taxpayer must not be so disclosed if the director determines that such disclosure would compromise any investigation or litigation by any federal, state, or local government agency in connection with the civil or criminal liability of the taxpayer or another person, or that such disclosure would identify a confidential informant, or that such disclosure is contrary to any agreement entered into by the department that provides for the reciprocal exchange of information with other government agencies which agreement requires confidentiality with respect to such information unless such information is required to be disclosed to the taxpayer by the order of any court;
   (c) Disclosing the name of a taxpayer against whom a warrant under RCW 82.32.210 has been either issued or filed and remains outstanding for a period of at least ten working days. The department is not required to disclose any information under this subsection if a taxpayer has entered a deferred payment arrangement with the department for the payment of a warrant that has not been filed and is making payments upon such deficiency that will fully satisfy the indebtedness within twelve months;
   (d) Publishing statistics so classified as to prevent the identification of particular returns or reports or items thereof;
   (e) Disclosing such return or tax information, for official purposes only, to the governor or attorney general, or to any state agency, or to any committee or subcommittee of the legislature dealing with matters of taxation, revenue, trade, commerce, the control of industry or the professions;
   (f) Permitting the department of revenue's records to be audited and examined by the proper state officer, his or her agents and employees;
   (g) Disclosing any such return or tax information to a peace officer as defined in RCW 9A.04.110 or county prosecuting attorney, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax enforcement. A peace officer or county prosecuting attorney who receives the return or tax information may disclose that return or tax information only for use in the investigation and a related court proceeding, or in the court proceeding for which the return or tax information originally was sought;
   (h) Disclosing any such return or tax information to the proper officer of the internal revenue service of the United States, the Canadian government or provincial governments of Canada, or to the proper officer of the tax department of any state or city or town or county, for official purposes, but only if the statutes of the United States, Canada or its provincial governments, or of such other state or city or town or
count, as the case may be, grants substantially similar privileges to the proper officers of this state;

(i) Disclosing any such return or tax information to the United States department of justice, including the bureau of alcohol, tobacco, firearms and explosives, the department of defense, the immigration and customs enforcement and the customs and border protection agencies of the United States department of homeland security, the United States coast guard, the alcohol and tobacco tax and trade bureau of the United States department of treasury, and the United States department of transportation, or any authorized representative of these federal agencies, for official purposes;

(j) Publishing or otherwise disclosing the text of a written determination designated by the director as a precedent pursuant to RCW 82.32.410;

(k) Disclosing, in a manner that is not associated with other tax information, the taxpayer name, entity type, business address, mailing address, revenue tax registration numbers, reseller permit numbers and the expiration date and status of such permits, North American industry classification system or standard industrial classification code of a taxpayer, and the dates of opening and closing of business. This subsection may not be construed as giving authority to the department to give, sell, or provide access to any list of taxpayers for any commercial purpose;

(l) Disclosing such return or tax information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under the provisions of chapter 42.56 RCW or is a document maintained by a court of record and is not otherwise prohibited from disclosure;

(m) Disclosing such return or tax information to the United States department of agriculture for the limited purpose of investigating food stamp fraud by retailers;

(n) Disclosing to a financial institution, escrow company, or title company, in connection with specific real property that is the subject of a real estate transaction, current amounts due the department for a filed tax warrant, judgment, or lien against the real property;

(o) Disclosing to a person against whom the department has asserted liability as a successor under RCW 82.32.140 return or tax information pertaining to the specific business of the taxpayer to which the person has succeeded;

(p) Disclosing real estate excise tax affidavit forms filed under RCW 82.45.150 in the possession of the department, including real estate excise tax affidavit forms for transactions exempt or otherwise not subject to tax;

(q) Disclosing to local taxing jurisdictions the identity of sellers granted relief under RCW 82.32.430(5)(b)(i) and the period for which relief is granted;

(r) Disclosing such return or tax information to the court in respect to the department’s application for a subpoena under RCW 82.32.117;

(s) Disclosing to a person against whom the department has asserted liability under RCW 83.100.120 return or tax information pertaining to that person’s liability for tax under chapter 83.100 RCW;

(t) Disclosing such return or tax information to the streamlined sales tax governing board, member states of the streamlined sales tax governing board, or authorized representatives of such board or states, for the limited purposes of:

(i) Conducting on behalf of member states sales and use tax audits of taxpayers; or

(ii) Auditing certified service providers or certified automated systems providers; or

(u) Disclosing any such return or tax information when the disclosure is specifically authorized under any other section of the Revised Code of Washington.

(4)(a) The department may disclose return or taxpayer information to a person under investigation or during any court or administrative proceeding against a person under investigation as provided in this subsection (4). The disclosure must be in connection with the department’s official duties relating to an audit, collection activity, or a civil or criminal investigation. The disclosure may occur only when the person under investigation and the person in possession of data, materials, or documents are parties to the return or tax information to be disclosed. The department may disclose return or tax information such as invoices, contracts, bills, statements, resale or exemption certificates, or checks. However, the department may not disclose general ledgers, sales or cash receipt journals, check registers, accounts receivable/payable ledgers, general journals, financial statements, expert’s workpapers, income tax returns, state tax returns, tax return workpapers, or other similar data, materials, or documents.

(b) Before disclosure of any tax return or tax information under this subsection (4), the department must, through written correspondence, inform the person in possession of the data, materials, or documents to be disclosed. The correspondence must clearly identify the data, materials, or documents to be disclosed. The department may not disclose any tax return or tax information under this subsection (4) until the time period allowed in (c) of this subsection has expired or until the court has ruled on any challenge brought under (c) of this subsection.

(c) The person in possession of the data, materials, or documents to be disclosed by the department has twenty days from the receipt of the written request required under (b) of this subsection to petition the superior court of the county in which the petitioner resides for injunctive relief. The court must limit or deny the request of the department if the court determines that:

(i) The data, materials, or documents sought for disclosure are cumulative or duplicative, or are obtainable from some other source that is more convenient, less burdensome, or less expensive;

(ii) The production of the data, materials, or documents sought would be unduly burdensome or expensive, taking into account the needs of the department, the amount in controversy, limitations on the petitioner’s resources, and the importance of the issues at stake; or

(iii) The data, materials, or documents sought for disclosure contain trade secret information that, if disclosed, could harm the petitioner.

(d) The department must reimburse reasonable expenses for the production of data, materials, or documents incurred by the person in possession of the data, materials, or documents to be disclosed.

(e) Requesting information under (b) of this subsection that may indicate that a taxpayer is under investigation does
not constitute a disclosure of tax return or tax information under this section.

(5) Service of a subpoena issued under RCW 82.32.117 does not constitute a disclosure of return or tax information under this section. Notwithstanding anything else to the contrary in this section, a person served with a subpoena under RCW 82.32.117 may disclose the existence or content of the subpoena to that person’s legal counsel.

(6) Any person acquiring knowledge of any return or tax information in the course of his or her employment with the department of revenue and any person acquiring knowledge of any return or tax information as provided under subsection (3)(e), (f), (g), (h), (i), or (m) of this section, who discloses any such return or tax information to another person not entitled to knowledge of such return or tax information under the provisions of this section, is guilty of a misdemeanor. If the person guilty of such violation is an officer or employee of the state, such person must forfeit such office or employment and is incapable of holding any public office or employment in this state for a period of two years thereafter.

82.32.585 Annual requirement for tax preference. (1)(a) Every person claiming a tax preference that requires a survey under a section must file a complete annual survey with the department.

(i) Except as provided in (a)(ii) of this subsection, the survey is due by April 30th of the year following any calendar year in which a person becomes eligible to claim the tax preference that requires a survey under this section.

(ii) If the tax preference is a deferral of tax, the first survey must be filed by April 30th of the calendar year following the calendar year in which the investment project is certified by the department as operationally complete, and a survey must be filed by April 30th of each of the seven succeeding calendar years.

(b) The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590.

(2)(a) The survey must include the amount of the tax preference claimed for the calendar year covered by the survey. For a person that claimed an exemption provided in RCW 82.08.025651 or 82.12.025651, the survey must include the amount of tax exempted under those sections in the prior calendar year for each general area or category of research and development for which exempt machinery and equipment and labor and services were acquired in the prior calendar year.

(b) The survey must also include the following information for employment positions in Washington, not to include names of employees, for the year that the tax preference was claimed:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) For persons claiming the tax preference provided under chapter 82.60 or 82.63 RCW, the survey must also include the number of new products or research projects by general classification, and the number of trademarks, patents, and copyrights associated with activities at the investment project.

(d) For persons claiming the credit provided under RCW 82.04.4452, the survey must also include the qualified research and development expenditures during the calendar year for which the credit was claimed, the taxable amount during the calendar year for which the credit was claimed, the number of new products or research projects by general classification, the number of trademarks, patents, and copyrights associated with the research and development activities for which the credit was claimed, and whether the tax preference has been assigned, and who assigned the credit. The definitions in RCW 82.04.4452 apply to this subsection (2)(d).

(e) For persons claiming the tax exemption in RCW 82.08.025651 or 82.12.025651, the survey must also include the general areas or categories of research and development for which machinery and equipment and labor and services were acquired, exempt from tax under RCW 82.08.025651 or 82.12.025651, in the prior calendar year.

(f) If the person filing a survey under this section did not file a survey with the department in the previous calendar year, the survey filed under this section must also include the employment, wage, and benefit information required under (b)(i) through (iv) of this subsection for the calendar year immediately preceding the calendar year for which a tax preference was claimed.
(3) As part of the annual survey, the department may request additional information necessary to measure the results of, or determine eligibility for, the tax preference.

(4) All information collected under this section, except the information required in subsection (2)(a) of this section, is deemed taxpayer information under RCW 82.32.330. Information required in subsection (2)(a) of this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request, except as provided in subsection (5) of this section. If the amount of the tax preference claimed as reported on the survey is different than the amount actually claimed or otherwise allowed by the department based on the taxpayer’s excise tax returns or other information known to the department, the amount actually claimed or allowed may be disclosed.

(5) Persons for whom the actual amount of the tax reduced or saved is less than ten thousand dollars during the period covered by the survey may request the department to treat the amount of the tax reduction or savings as confidential under RCW 82.32.330.

(6)(a) Except as otherwise provided by law, if a person claims a tax preference that requires an annual survey under this section but fails to submit a complete annual survey by the due date of the survey or any extension under RCW 82.32.590, the department must declare the amount of the tax preference claimed for the previous calendar year to be immediately due. If the tax preference is a deferral of tax, twelve and one-half percent of the deferred tax is immediately due. If the economic benefits of the deferral are passed to a lessee, the lessee is responsible for payment to the extent the lessee has received the economic benefit.

(b) The department must assess interest, but not penalties, on the amounts due under this subsection. The interest must be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the tax preference was claimed, and accrues until the taxes for which the tax preference was claimed are repaid. Amounts due under this subsection are not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(7) The department must use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers may be included in any category. The department must report these statistics to the legislature each year by October 1st.

(8) For the purposes of this section:

(a) "Person" has the meaning provided in RCW 82.04.030 and also includes the state and its departments and institutions.

(b) "Tax preference" has the meaning provided in RCW 43.136.021 and includes only the tax preferences requiring a survey under this section. [2011 c 23 § 6; 2010 c 114 § 102.]

Findings—2011 c 23: See note following RCW 82.08.02565.

Effective date—Construction—2011 c 23: See notes following RCW 82.08.02565.

Application—2010 c 114: "Those provisions of sections 101 through 103, 105 through 109, 111 through 116, 118 through 122, 124, 126 through 128, 130, 132 through 149, and 151 through 153 of this act that relate to annual surveys and annual reports apply beginning with annual surveys and annual reports due in 2011 and thereafter." [2010 c 114 § 203.]

Finding—Intent—2010 c 114: "(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information on how a tax preference is used. In recent years, the legislature has enacted or extended numerous tax preferences that require the reporting of information to the department of revenue. Although there are many similarities in the requirements, and only two distinct accountability documents, there is a lack of uniformity in the information reported, penalties for failure to file, due dates, filing extensions, and filing requirements. Greater uniformity in the data reported is necessary to adequately compare tax preference programs. The legislature intends to create two sets of uniform reporting requirements that apply to the existing tax preferences and can be used in future legislation granting additional tax preferences.

(2) The legislative fiscal committees or the department of revenue are required to study many of the existing tax preferences and report to the legislature at least once. Because chapter 43.136 RCW now requires the joint legislative audit and review committee, with support from the department of revenue, to comprehensively review most tax preferences every ten years and provide a report to the legislature, a number of redundant studies by the legislative fiscal committees and the department of revenue have been eliminated. However, the department of revenue will continue to prepare summary descriptive statistics by category and report the statistics to the legislature each year." [2010 c 114 § 101.]

82.32.590 Annual surveys or reports for tax incentives—Failure to file. (1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.32.585 or annual report under RCW 82.32.534 by the due date was the result of circumstances beyond the control of the taxpayer, the department must extend the time for filing the survey or report. The extension is for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey or annual report by the due date was the result of circumstances beyond the control of the taxpayer, the department must be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

(3)(a) Subject to the conditions in this subsection (3), a taxpayer who fails to file an annual report or annual survey required under subsection (1) of this section by the due date of the report or survey is entitled to an extension of the due date. A request for an extension under this subsection (3) must be made in writing to the department.

(b) To qualify for an extension under this subsection (3), a taxpayer must have filed all annual reports and surveys, if any, due in prior years under subsection (1) of this section by their respective due dates, beginning with annual reports and surveys due in calendar year 2010.

(c) An extension under this subsection (3) is for ninety days from the original due date of the annual report or survey.

(d) No taxpayer may be granted more than one ninety-day extension under this subsection (3). [2011 c 174 § 306. Application—2010 c 137: "Section 1 of this act applies to annual surveys and reports due under any of the statutes listed in RCW 82.32.590(1) in calendar year 2011 and thereafter." [2010 c 137 § 2.]

82.45.060 Tax on sale of property.

82.45.030 "Selling price," "total consideration paid or contracted to be paid," defined. (1) As used in this chapter, the term "selling price" means the true and fair value of the property conveyed. If property has been conveyed in an arm’s length transaction between unrelated persons for a valuable consideration, a rebuttable presumption exists that the selling price is equal to the total consideration paid or contracted to be paid to the transferor, or to another for the transferor’s benefit.

(2) If the sale is a transfer of a controlling interest in an entity with an interest in real property located in this state, the selling price shall be the true and fair value of the real property owned by the entity and located in this state. If the true and fair value of the real property located in this state cannot reasonably be determined, the selling price shall be determined according to subsection (4) of this section.

(3) As used in this section, "total consideration paid or contracted to be paid" includes money or anything of value, paid or delivered or contracted to be paid or delivered in return for the sale, and shall include the amount of any lien, mortgage, contract indebtedness, or other incumbrance, either given to secure the purchase price, or any part thereof, or remaining unpaid on such property at the time of sale.

Total consideration shall not include the amount of any outstanding lien or incumbrance in favor of the United States, the state, or a municipal corporation for taxes, special benefits, or improvements.

When a transfer or conveyance is made by deed in lieu of foreclosure to satisfy a deed of trust, total consideration shall not include the amount of any relocation assistance provided to the transferor.

82.36.400 Other offenses—Penalties. (1) It shall be unlawful for any person to commit any of the following acts:
(a) To display, or cause to permit to be displayed, or to have in possession, any motor vehicle fuel license knowing the same to be fictitious or to have been suspended, canceled, revoked or altered;
(b) To lend to, or knowingly permit the use of, by one not entitled thereto, any motor vehicle fuel license issued to the person lending it or permitting it to be used;
(c) To display or to represent as one’s own any motor vehicle fuel license not issued to the person displaying the same;
(d) To use a false or fictitious name or give a false or fictitious address in any application or form required under the provisions of this chapter, or otherwise commit a fraud in any application, record, or report;
(e) To refuse to permit the director, or any agent appointed by him or her in writing, to examine his or her books, records, papers, storage tanks, or other equipment pertaining to the use or sale and delivery of motor vehicle fuels within the state.

(2) Except as otherwise provided, any person violating any of the provisions of this chapter is guilty of a gross misdemeanor and shall, upon conviction thereof, be sentenced to pay a fine of not less than five hundred dollars nor more than one thousand dollars and costs of prosecution, or imprisonment for up to three hundred sixty-four days, or both. 82.46.010  Tax on sale of real property authorized—Proceeds dedicated to local capital projects—Additional tax authorized—Maximum rates.  (1) The legislative authority of any county or city must identify in the adopted budget the capital projects funded in whole or in part from the proceeds of the tax authorized in this section, and must indicate that such tax is intended to be in addition to other funds that may be reasonably available for such capital projects.

(2)(a) The legislative authority of any county or any city may impose an excise tax on each sale of real property in the unincorporated areas of the county for the county tax and in the corporate limits of the city for the city tax at a rate not exceeding one-quarter of one percent of the selling price. The revenues from this tax must be used by any city or county with a population of five thousand or less and any city or county that does not plan under RCW 36.70A.040 for any capital purpose identified in a capital improvements plan and local capital improvements, including those listed in RCW 35.43.040.

(b) After April 30, 1992, revenues generated from the tax imposed under this subsection (2) in counties over five thousand population and cities over five thousand population that are required or choose to plan under RCW 36.70A.040 must be used solely for financing capital projects specified in a capital facilities plan element of a comprehensive plan and housing relocation assistance under RCW 59.18.440 and 59.18.450. However, revenues (i) pledged by such counties and cities to debt retirement prior to April 30, 1992, may continue to be used for that purpose until the original debt for which the revenues were pledged is retired, or (ii) committed prior to April 30, 1992, by such counties or cities to a project may continue to be used for that purpose until the project is completed.

(6) When the governor files a notice of noncompliance under RCW 36.70A.340 with the secretary of state and the appropriate county or city, the county or city’s authority to impose the additional excise tax under this section is temporarily rescinded until the governor files a subsequent notice rescinding the notice of noncompliance.

(7) A city or county may use revenue generated under subsection (2) of this section for municipally owned heavy short line railroads only if the revenue was collected prior to December 31, 2008, and may not use more than twenty-five percent of the total revenue generated under subsection (2) of this section for municipally owned heavy short line railroads.

(8) From July 22, 2011, until December 31, 2016, a city or county may use the greater of one hundred thousand dollars or thirty-five percent of available funds under this section, but not to exceed one million dollars per year, for the operations and maintenance of existing capital projects as defined in subsection (6) of this section. (4) A congestion reduction charge imposed under this section may not be assessed until six months after approval.

(5) A congestion reduction charge imposed under this section applies only for vehicle registration renewals and is effective upon the registration renewal date as provided by the department of licensing.

(6) The following vehicles are exempt from the congestion reduction charge imposed under this section:

(a) Farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181;
(b) Off-road vehicles as defined in RCW 46.04.365;
(c) Nonhighway vehicles as defined in RCW 46.09.310;
(d) Vehicles registered under chapter 46.87 RCW and the international registration plan;
(e) Snowmobiles as defined in RCW 46.04.546.

(7) The authority to impose a congestion reduction charge authorized in subsection (1)(a) of this section expires with vehicle registrations that expire two years after the imposition of the charge or no later than June 30, 2014, whichever comes first.

(8) A congestion reduction charge authorized under subsection (1)(a) of this section may only be imposed after June 30, 2014, if approved by a majority of the voters within a county that has assumed the rights, powers, functions, and obligations of a metropolitan municipal corporation under chapter 36.56 RCW and is operating a public transportation system.

(9) This section expires December 31, 2014. [2011 c 373 § 2.]

Intent—2011 c 373: “The legislature recognizes that public transportation provides many benefits to the citizens of the state and the environment, including the ability to alleviate congestion and offset the burdens placed by general vehicular traffic on the state’s transportation infrastructure. In these challenging economic times, many transit agencies find themselves struggling to continue to provide a level of service that reduces congestion.

The legislature further recognizes that King county conducted a regional transit task force in 2010 that considered a policy framework for the potential future growth and, if necessary, contraction of King county’s transit system. The task force members were selected to represent a broad diversity of interests and perspectives. The task force recommendations, which were unanimously accepted, addressed key elements, such as the adoption of performance measures, controlling operating costs, developing policy guidance for making service reductions, and clear and transparent guidelines for service allocation. As a result of the work done by the task force and King county’s commitment to comply with the recommendations, it is the intent of the legislature that King county be provided the opportunity to impose a temporary congestion reduction charge, which is separate and distinct from the base motor vehicle license fee, that can help address its revenue shortfalls during this economic crisis and allow it to continue reducing congestion and the corresponding burdens placed on the highway system on some of the state’s most crowded corridors.

The legislature recognizes that the title of Initiative Measure No. 1053 states that it applies only to tax and fee increases imposed by state government, and that the text of the initiative requires a two-thirds majority only for tax increases. The legislature further recognizes that Initiative Measure No. 1053 does not apply to local government. Despite these facts, this act expands the parameters of Initiative Measure No. 1053 beyond what the voters intended and thus interfere with local control or limit the ability of local governments to provide services to the people of Washington.” [2011 c 373 § 1.]

82.80.100 Regional transportation investment district—Local option vehicle license fee. (1) Upon approval of a majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may set and impose an annual local option vehicle license fee, or a schedule of fees based upon the age of the vehicle, of up to one hundred dollars per motor vehicle registered within the boundaries of the region on every motor vehicle. As used in this section “motor vehicle” has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road vehicles as defined in RCW 46.04.365, nonhighway vehicles as defined in RCW 46.09.310, and snowmobiles as defined in RCW 46.04.546. Vehicles registered under chapter 46.87 RCW and the international registration plan are exempt from the annual local option vehicle license fee set forth in this section. The department of licensing shall administer and collect this fee on behalf of regional transportation investment districts and remit this fee to the custody of the state treasurer for monthly distribution under RCW 82.80.080.

(2) The local option vehicle license fee applies only when renewing a vehicle registration, and is effective upon the registration renewal date as provided by the department of licensing.

(3) A regional transportation investment district imposing the local option vehicle license fee or initiating an exemption process shall enter into a contract with the department of licensing. The contract must contain provisions that fully recover the costs to the department of licensing for collection and administration of the fee.

(4) A regional transportation investment district imposing the local option fee shall delay the effective date of the local option vehicle license fee imposed by this section at least six months from the date of the final certification of the approval election to allow the department of licensing to implement the administration and collection of or exemption from the fee. TIMBER AND FOREST LANDS

Sections
84.33.035 Definitions.
84.33.078 Harvesting and marketing costs for state or local government harvests.

84.33.035 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agricultural methods" means the cultivation of trees that are grown on land prepared by intensive cultivation and tilling, such as irrigating, plowing, or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising trees such as Christmas trees and short-rotation hardwoods.

(2) "Average rate of inflation" means the annual rate of inflation as determined by the department averaged over the period of time as provided in RCW 84.33.220 (1) and (2). This rate must be published in the state register by the department not later than January 1st of each year for use in that assessment year.

(3) "Composite property tax rate" for a county means the total amount of property taxes levied upon forest lands by all taxing districts in the county other than the state, divided by the total assessed value of all forest land in the county.

(4) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a timber growing and harvesting operation, is considered contiguous. Solely for the purposes of this subsection (4), "same ownership" has the same meaning as in RCW 84.34.020(6).

(5) "Forest land" is synonymous with "designated forest land" and means any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres that is or are devoted primarily to growing and harvesting timber. Designated forest land means the land only and does not include a residential homestead. The term includes land used for incidental uses that are compatible with the growing and harvesting of timber but no more than ten percent of the land may be used for such incidental uses. It also includes the land on which appurtenances necessary for the production, preparation, or sale of the timber products exist in conjunction with land producing these products.

(6) "Harvested" means the time when in the ordinary course of business the quantity of timber by species is first definitely determined. The amount harvested must be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department.

(7) "Harvester" means every person who from the person’s own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use. When the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, the harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in the timber. The term "harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(8) "Harvesting and marketing costs" means only those costs directly associated with harvesting the timber from the land and delivering it to the buyer and may include the costs of disposing of logging residues. Any other costs that are not directly and exclusively related to harvesting and marketing of the timber, such as costs of permanent roads or costs of reforesting the land following harvest, are not harvesting and marketing costs.

(9) "Incidental use" means a use of designated forest land that is compatible with its purpose for growing and harvesting timber. An incidental use may include a gravel pit, a shed or land used to store machinery or equipment used in conjunction with the timber enterprise, and any other use that does not interfere with or indicate that the forest land is no longer primarily being used to grow and harvest timber.

(10) "Local government" means any city, town, county, water-sewer district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special benefit assessments for sanitary or storm sewerage systems, domestic water supply or distribution systems, or road construction or improvement purposes.

(11) "Local improvement district" means any local improvement district, utility local improvement district, local utility district, road improvement district, or any similar unit created by a local government for the purpose of levying special benefit assessments against property specially benefited by improvements relating to the districts.

(12) "Owner" means the party or parties having the fee interest in land, except where land is subject to a real estate contract "owner" means the contract vendee.

(13) "Primarily" or "primary use" means the existing use of the land is so prevalent that when the characteristic use of the land is evaluated any other use appears to be conflicting or nonrelated.

(14) "Short-rotation hardwoods" means hardwood trees, such as but not limited to hybrid cottonwoods, cultivated by agricultural methods in growing cycles shorter than fifteen years.

(15) "Small harvester" means every person who from his or her own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use in an amount not exceeding two million board feet in a calendar year. When the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal cor-
poration therein so fells, cuts, or takes timber for sale or for commercial or industrial use, not exceeding these amounts, the small harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in the timber. Small harvester does not include persons performing under contract the necessary labor or mechanical services for a harvester, and it does not include the harvesters of Christmas trees or short-rotation hardwoods.

(16) "Special benefit assessments" means special assessments levied or capable of being levied in any local improvement district or otherwise levied or capable of being levied by a local government to pay for all or part of the costs of a local improvement and which may be levied only for the special benefits to be realized by property by reason of that local improvement.

(17) "Stumpage value of timber" means the appropriate stumpage value shown on tables prepared by the department under RCW 84.33.091. However, for timber harvested from public land and sold under a competitive bidding process, stumpage value means the actual amount paid to the seller in cash or other consideration. The stumpage value of timber from public land does not include harvesting and marketing costs if the timber from public land is harvested by, or under contract for, the United States or any instrumentality of the United States, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein. Whenever payment for the stumpage includes considerations other than cash, the value is the fair market value of the other consideration. If the other consideration is permanent roads, the value of the roads must be the appraised value as appraised by the seller.

(18) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees and short-rotation hardwoods.

(19) "Timber assessed value" for a county means the sum of: (a) The total stumpage value of timber harvested from publicly owned land in the county multiplied by the public timber ratio, plus; (b) the total stumpage value of timber harvested from privately owned land in the county multiplied by the private timber ratio. The numerator of the public timber ratio is the rate of tax imposed by the county under RCW 84.33.051 on public timber harvests for the year of the calculation. The numerator of the private timber ratio is the rate of tax imposed by the county under RCW 84.33.051 on private timber harvests for the year of the calculation. The denominator of the private timber ratio and the public timber ratio is the composite property tax rate for the county for taxes due in the year of the calculation, expressed as a percentage of assessed value. The department must use the stumpage value of timber harvested during the most recent four calendar quarters for which the information is available. The department must calculate the timber assessed value for each county before October 1st of each year.

(20) "Timber assessed value" for a taxing district means the timber assessed value for the county multiplied by a ratio. The numerator of the ratio is the total assessed value of forest land in the taxing district. The denominator is the total assessed value of forest land in the county. As used in this section, "assessed value of forest land" means the assessed value of forest land for taxes due in the year the timber assessed value for the county is calculated plus an additional value for public forest land. The additional value for public forest land is the product of the number of acres of public forest land that are available for timber harvesting determined under RCW 84.33.089 and the average assessed value per acre of private forest land in the county.

(21) "Timber management plan" means a plan prepared by a trained forester, or any other person with adequate knowledge of timber management practices, concerning the use of the land to grow and harvest timber. Such a plan includes:

(a) A legal description of the forest land;
(b) A statement that the forest land is held in contiguous ownership of twenty or more acres and is primarily devoted to and used to grow and harvest timber;
(c) A brief description of the timber on the forest land or, if the timber on the land has been harvested, the owner’s plan to restock the land with timber;
(d) A statement about whether the forest land is also used to graze livestock;
(e) A statement about whether the land has been used in compliance with the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW; and
(f) If the land has been recently harvested or supports a growth of brush and noncommercial type timber, a description of the owner’s plan to restock the forest land within three years. 84.33.078 Harvesting and marketing costs for state or local government harvests. If the timber from public land is harvested by the state, its departments and institutions and political subdivisions, or any municipal corporation therein, the governmental unit, or governmental units, that harvest or market the timber must provide the harvester purchasing the timber with its harvesting and marketing costs as defined in RCW 84.33.035. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means:
   (a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres:
      (i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;
      (ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or
      (iii) Other similar commercial activities as may be established by rule;
   (b)(i) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:
      (A) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and
      (B) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;
      (ii) For the purposes of (b)(i) of this subsection, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;
      (c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of:
         (i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and
         (ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Parcels of land described in (b)(i)(A) and (c)(i) of this subsection will, upon any transfer of the property excluding a transfer to a surviving spouse or surviving state registered domestic partner, be subject to the limits of (b)(i)(B) and (c)(ii) of this subsection;
      (d) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which meet one of the following criteria:
         (i) Has produced a gross income from agricultural uses equivalent to two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;
         (ii) Has standing crops with an expectation of harvest within seven years, except as provided in (d)(iii) of this subsection, and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year. For the purposes of this subsection (2)(d)(ii), "standing crop" means Christmas trees, vineyards, fruit trees, or other perennial crops that: (A) Are planted using agricultural methods normally used in the commercial production of that particular crop; and (B) typically do not produce harvestable quantities in the initial years after planting; or
         (iii) Has a standing crop of short rotation hardwoods with an expectation of harvest within fifteen years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year;
      (e) Any lands including incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. (b) For purposes of this subsection (6):

(i) "Same ownership" means owned by the same person or persons, except that parcels owned by different persons are deemed held by the same ownership if the parcels are:

84.36.381 Residences—Property tax exemptions—Qualifications. A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, boarding home, or adult family home does not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or
(c) The residence is rented for the purpose of paying nursing home, hospital, boarding home, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

(3)(a) The person claiming the exemption must be:

(i) Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or

(ii) A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at a total disability rating for a service-connected disability.

(b) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person is exempt from an obligation to pay is calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse or the person's domestic partner, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less is exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of thirty thousand dollars or less but greater than twenty-five thousand dollars is exempt from all regular property taxes on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of twenty-five thousand dollars or less is exempt from all regular property taxes on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence is the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made. Intent—1983 1st ex.s. c 11: "The legislature finds that inflation has significant detrimental effects on the senior citizen property tax relief program. Inflation increases incomes without increasing real buying power. Inflation also raises the values of homes, and thus the taxes on those homes. This act addresses the problem of inflation in two ways. First, the assessed value exemption is tied to home value so it will increase as values rise. Second, though the income of most senior citizens does not keep pace with inflation, it is the legislature's intent that inflationary increases in incomes will not result in program disqualification. Therefore, the income levels are adjusted to reflect the forecasted increase in inflation. The legislature also recommends that similar adjustments be examined by future legislatures." 84.36.385  Residences—Claim for exemption—Forms—Change of status—Publication and notice of qualifications and manner of making claims. (1) A claim for exemption under RCW 84.36.381 as now or hereafter amended, may be made and filed at any time during the year for exemption from taxes payable the following year and thereafter and solely upon forms as prescribed and furnished
The owner or person responsible for payment of taxes on any property may petition the county board of equalization for a change in the assessed valuation placed upon such property by the county assessor or for any other reason specifically authorized by statute. Such petition must be made on forms prescribed or approved by the department of revenue and any petition not conforming to those requirements or not properly completed may not be considered by the board. The petition must be filed with the board on or before July 1st of the year of the assessment or determination, within thirty days after the date an assessment, value change notice, or other notice has been mailed, or within a time limit of up to sixty days adopted by the county legislative authority, whichever is later. If a county legislative authority sets a time limit, the authority may not change the limit for three years from the adoption of the limit.

(2) The board of equalization may waive the filing deadline if the petition is filed within a reasonable time after the filing deadline and the petitioner shows good cause for the late filing. However, the board of equalization must waive the filing deadline for the circumstances described under (f) of this subsection if the petition is filed within a reasonable time after the filing deadline. The decision of the board of equalization regarding a waiver of the filing deadline is final and not appealable under RCW 84.08.130. Good cause may be shown by one or more of the following events or circumstances:

(a) Death or serious illness of the taxpayer or his or her immediate family;
(b) The taxpayer was absent from the address where the taxpayer normally receives the assessment or value change notice, was absent for more than fifteen days of the days allowed in subsection (1) of this section before the filing deadline, and the filing deadline is after July 1;
(c) Incorrect written advice regarding filing requirements received from board of equalization staff, county assessor’s staff, or staff of the property tax advisor designated under RCW 84.48.140.
(d) Natural disaster such as flood or earthquake;
(e) Delay or loss related to the delivery of the petition by the postal service, and documented by the postal service;
(f) The taxpayer was not sent a revaluation notice under RCW 84.40.045 for the current assessment year and the taxpayer can demonstrate both of the following:
(i) The taxpayer’s property value did not change from the previous year; and
(ii) The taxpayer’s property is located in an area revalued by the assessor for the current assessment year;
(g) Other circumstances as the department may provide by rule.

(3) The owner or person responsible for payment of taxes on any property may request that the appeal be heard by the state board of tax appeals without a hearing by the county board of equalization when the assessor, the owner or person responsible for payment of taxes on the property, and a majority of the county board of equalization agree that a direct appeal to the state board of tax appeals is appropriate. The state board of tax appeals may reject the appeal, in which case the county board of equalization must consider the appeal under RCW 84.48.010. Notice of such a rejection, together with the reason therefor, shall be provided to the
affected parties and the county board of equalization within thirty days of receipt of the direct appeal by the state board. [2011 c 84 § 1; 2001 c 185 § 11; 1997 c 294 § 1; 1994 c 123 § 4; 1992 c 206 § 11; 1988 c 222 § 19.]

84.52.120 Metropolitan park districts—Protection of levy from prorationing—Ballot proposition. (Effective until January 1, 2018.)

84.52.815 Flood control zone district—Coextensive with county—Prorationing protection. (Expires January 1, 2018.)

84.52.010 Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations. (Effective until January 1, 2018.)

(1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion of the levy under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a metropolitan park district that has a population of less than one hundred fifty thousand and is located in a county with a population of one million five hundred thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the protected portion of the levy imposed under RCW 86.15.160 by a flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district with a population of one hundred fifty thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no
longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(i) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.815 must be reduced on a pro rata basis or eliminated;

(iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

(iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;

(v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) and (2) must be reduced on a pro rata basis or eliminated;

(vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, must be reduced on a pro rata basis or eliminated. Purposes—1988 c 274: "The legislature finds that, due to statutory and constitutional limitations, the interdependence of the regular property tax levies of the state, counties, county road districts, cities and towns, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional tax limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained." [1988 c 274 § 1.]

Intent—1970 ex.s. c 92: "It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section." [1970 ex.s. c 92 § 1.]

value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

### 84.52.044 Limitations upon regular property tax levies—Participating fire protection jurisdictions. (1) If a fire protection district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular property tax levies of the fire protection district are limited as follows:

(a) The regular levy of the district under RCW 52.16.130 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under RCW 52.26.140(1)(a); (b) The levy of the district under RCW 52.16.140 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under RCW 52.26.140(1)(b), and (c) The levy of the district under RCW 52.16.160 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under RCW 52.26.140(1)(c).

(2) If a city or town is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levies of the city or town shall not exceed the applicable rates provided in RCW 27.12.390, 52.04.081, and 84.52.043(1) less the aggregate rates of any regular levies made by the authority under RCW 52.26.140(1).

(3) If a port district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levy of the port district under RCW 53.36.020 shall not exceed forty-five cents per thousand dollars of assessed value of taxable property in the district less the aggregate rates of any regular levies imposed by the authority under RCW 52.26.140(1).

(4) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and (b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority or annexed into a regional fire protection service authority. [2011 c 271 § 3; 2011 c 141 § 4; 2004 c 129 § 20.]

### 84.52.069 Emergency medical care and service levies. (1) As used in this section, "taxing district" means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) Except as provided in subsection (10) of this section, a taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. The tax shall be imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A tax levy under this section must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in
the last preceding general election. Ballot propositions must conform with RCW 29A.36.210. A taxing district may not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district must maintain a statement of the accounting which must be updated at least every two years and must be available to the public upon request at no charge.

(4)(a) A taxing district imposing a permanent levy under this section must provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure must specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer must confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner has thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer must verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, must certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29A.04.330.

(b) The referendum procedure provided in this subsection (4) is exclusive in all instances for any taxing district imposing the tax under this section and supersedes the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section may be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing district that is a participating fire protection jurisdiction in the regional fire protection service authority may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county must be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied countywide, the service must, insofar as is feasible, be provided throughout the county: PROVIDED FURTHER, That no countywide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, expires concurrently with the county emergency medical service levy. A fire protection district that has annexed an area described in subsection (10) of this section may levy the maximum amount of tax that would otherwise be allowed, notwithstanding any limitations in this subsection (6).

(7) The limitations in RCW 84.52.043 do not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 does not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(10) For purposes of imposing the tax authorized under this section, the boundary of a county with a population greater than one million five hundred thousand does not include all of the area of the county that is located within a city that has a boundary in two counties, if the locally assessed value of all the property in the area of the city within the county having a population greater than one million five hundred thousand is less than two hundred fifty million dollars.

(11) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority.

Findings—Intent—2011 c 365: "(1) The legislature finds that King county currently imposes an emergency medical services levy throughout the entire county. The legislature further finds that the city of Milton is located partially within King and Pierce counties and the residents of Milton within King county pay the county emergency medical services levy. The legislature further finds that King county, through an interlocal agreement with the city of Milton, has not provided emergency medical services to the city for many years and instead has remitted the county emergency medical services levy.

[2011 RCW Supp—page 1647]
services levy collected within the city back to the city. The legislature further finds that the city of Milton has collected only twenty cents per thousand dollars of assessed valuation under its city emergency medical services levy, and not the full fifty cents authorized by the city’s voters, because state law limits the city’s levy, as well as any other taxing district’s emergency medical services levy, if the county also imposes the tax. The legislature further finds that the city of Milton is exploring the possibility of being annexed by a fire protection district located in Pierce county; however, if the district annexes the entire city, including the portion in King county, the district would have to lower its emergency medical services levy as required under state law.

(2) It is the intent of the legislature to address this unusual situation by excluding the portion of the city of Milton within King county from the county emergency medical services levy. It is the further intent of the legislature to clarify that a fire protection district is able to levy the full amount of emergency medical services levy otherwise allowed by law throughout the entire city.** [2011 c 365 § 1]**

87.03.136 Sale or lease of district real property. An irrigation district has the power to sell or lease real property owned by the district whenever its board of directors, by resolution: Determines that the property is not necessary or needed for the use of the district; and authorizes the sale or lease. Notice of the district’s intention to sell or lease the property shall be made by publication at least twenty days before the transaction is executed regarding the property in a newspaper of general circulation in the county where the property or part of the property is located or, if there is no such newspaper in the county, in a newspaper of general circulation published in an adjoining county. The publication shall be made at least once a week during three consecutive weeks. The notice shall state whether the sale or lease will be negotiated by the district or will be awarded by bid.

The district may lease the property for a duration determined by the board, afford the lessee the option to purchase the property, sell the property on contract for deferred payments, sell the property pursuant to a promissory note secured by a mortgage or deed of trust, or sell the property for cash and conveyance by deed. The appropriate documents shall be executed by the president of the board and acknowledged by the secretary.

The resolution authorizing the sale or lease shall be entered in the minutes of the board and shall fix the price at which the lease, option, or sale may be made. The price shall be not less than the reasonable market value of the property; however, the board may, without consideration, dedicate, grant, or convey district land or easements in district land for highway or public utility purposes that convenience the inhabitants of the district if the board deems that the action will enhance the value of the remaining district land to an extent equal to or greater than the value of the land or easement dedicated, granted, or conveyed. istration number and decal must be issued and affixed to the
vessel in a manner prescribed by the department consistent

33 C.F.R. Part 174. A valid decal affixed as prescribed shall
indicate compliance with the annual registration require-
ments of this chapter.

(4) Vessel registrations and decals are valid for a period
of one year, except that the director may extend or diminish
vessel registration periods and vessel decals for the purpose
of staggered renewal periods. For registration periods of
more or less than one year, the department may collect pro-

number of months in the registration period.

(5) Vessel registrations are renewable every year in a
manner prescribed by the department upon payment of the

Expiration date—2007 c 342 § 5: "Section 5 of this act expires June 30, 2012." [2007 c 342 § 9.]

Findings—Intent—2005 c 464: "The legislature finds that aquatic invasive species and freshwater aquatic algae are causing economic, environmental, and public health problems that affect the citizens and aquatic resources of our state. Many highly destructive species, such as the zebra mussel, are currently not found in Washington’s waters and efforts should be made to prevent the introduction or spread of these aquatic invasive species into our state waters. Preventing new introductions is significantly less expensive and causes far less ecological damage than trying to control new infestations.

The legislature also finds that freshwater algae, particularly blue-green algae, are also seriously degrading the water quality and recreational value of a number of our lakes. Blue-green algae can produce toxins that inhibit recreational uses and pose a threat to humans and pets.

It is therefore the intent of the legislature to clarify the roles of the different state agencies involved in these issues in order to address the threat of aquatic invasive species and the problem caused by aquatic freshwater algae, and to provide a dedicated fund source to prevent and control further impacts." [2005 c 464 § 1.]

the director must be deposited in the general fund. Any amount above one million one hundred thousand dollars per fiscal year must be allocated to counties by the state treasurer for boating safety/education and law enforcement programs. Eligibility for boating safety/education and law enforcement program allocations is contingent upon approval of the local boating safety program by the state parks and recreation commission. Fund allocation must be based on the numbers of registered vessels by county of moorage. Each benefitting county is responsible for equitable distribution of such allocation to other jurisdictions with approved boating safety programs within the county. Any fees not allocated to counties due to the absence of an approved boating safety program must be allocated to the state parks and recreation commission for awards to local governments to offset law enforcement and boating safety impacts of boaters recreating in jurisdictions other than where registered. Jurisdictions receiving funds under this section shall deposit the funds into an account dedicated solely for supporting the jurisdiction’s boating safety programs. These funds may not replace existing local funds used for boating safety programs. [2011 c 171 § 135; 2010 c 161 § 1029; 2009 c 286 § 14; 1989 c 393 § 12; 1983 c 7 § 17. Formerly RCW 88.02.040.]

Subject to conditions imposed by the department, the person may submit a single plan for more than one covered vessel.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ensure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification
procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries and wildlife, shellfish beds, and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the director; and

(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(6)(a) The department shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(b) The department must notify the plan holder in writing within sixty-five days of an initial or amended plan’s submission to the department as to whether the plan is disapproved, approved, or conditionally approved. If a plan is conditionally approved, the department must clearly describe each condition and specify a schedule for plan holders to submit required updates.

(7) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the department determines should be included.

(8) An owner or operator of a covered vessel shall notify the department in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a contingency plan as a result of these changes.

(9) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(10) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law. [2011 c 122 § 6; 2005 c 78 § 2; 2000 c 69 § 6; 1995 c 148 § 3; 1992 c 73 § 20; 1991 c 200 § 419.]

88.46.100 Notification of vessel emergencies resulting in discharge of oil. In addition to any notifications that the owner or operator of a covered vessel must provide to the United States coast guard regarding a vessel emergency, the owner or operator of a covered vessel must notify the state of any vessel emergency that results in the discharge or substantial threat of discharge of oil to state waters or that may affect the natural resources of the state within one hour of the onset of that emergency. The purpose of this notification is to enable the department to coordinate with the vessel operator, contingency plan holder, and the United States coast guard to protect the public health, welfare, and natural resources of the state and to ensure all reasonable spill preparedness and response measures are in place prior to a spill occurring.
88.46.180 Planning standards for equipment—Updates. (1) The department shall evaluate and update planning standards for oil spill response equipment required under contingency plans required by this chapter, including aerial surveillance, in order to ensure access in the state to equipment that represents the best achievable protection to respond to a worst case spill and provide for continuous operation of oil spill response activities to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(2) The department shall by rule update the planning standards at five-year intervals to ensure the maintenance of best available protection over time. Rule updates to covered nontank vessels shall minimize potential impacts to discretionary cargo moved through the state.

(3) The department shall evaluate and update planning standards for tank vessels by December 31, 2012. [2011 c 122 § 2.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: “(1) The director of the department of ecology must formally request that the federal government contribute to the establishment of regional oil spill response equipment caches in Washington to ensure adequate response capabilities during a multiple spill event.

(2) This section expires December 31, 2014.” [2011 c 122 § 11.]

88.46.190 Rule making for vessels of opportunity response system. By December 31, 2012, the department shall complete rule making for purposes of improving the effectiveness of the vessels of opportunity [response] system to participate in spill response. [2011 c 122 § 3.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

88.46.210 Volunteer coordination system. (1) The department shall establish a volunteer coordination system. The volunteer coordination system may be included as a part of the state’s overall oil spill response strategy, and may be implemented by local emergency management organizations, in coordination with any analogous federal efforts, to supplement the state’s timely and effective response to spills.

(2) The department should consider how the volunteer coordination system will:

(a) Coordinate with the incident commander or unified command of an oil spill and any affected local governments to receive, screen, and register volunteers who are not affiliated with the emergency management organization or a local nongovernmental organization;

(b) Coordinate the management of volunteers with local nongovernmental organizations and their affiliated volunteers;

(c) Coordinate appropriate response operations with different classes of volunteers, including pretrained volunteers and convergent volunteers, to fulfill requests by the department or an oil spill incident commander or unified command;

(d) Coordinate public outreach regarding the need for and use of volunteers;

(e) Determine minimum participation criteria for volunteers; and

(f) Identify volunteer training requirements and, if applicable, provide training opportunities for volunteers prior to an oil spill response incident.

(3) An act or omission by any volunteer participating in a spill response or training as part of a volunteer coordination system, while engaged in such activities, does not impose any liability on any state agency, any participating local emergency management organization, or the volunteer for civil damages resulting from the act or omission. However, the immunity provided under this subsection does not apply to an act or omission that constitutes gross negligence or willful or wanton misconduct.

(4) The decisions to utilize volunteers in an oil spill response, which volunteers to utilize, and to determine which response activities are appropriate for volunteer participation in any given response are the sole responsibilities of the designated incident commander or unified command. [2011 c 122 § 4.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

88.46.220 Equipment deployment drills of tank vessels. (1) The department is responsible for requiring joint large-scale, multiple plan equipment deployment drills of tank vessels to determine the adequacy of the owner’s or operator’s compliance with the contingency plan requirements of this chapter. The department must order at least one drill as outlined in this section every three years.

(2) Drills required under this section must focus on, at a minimum, the following:

(a) The functional ability for multiple contingency plans to be simultaneously activated with the purpose of testing the ability for dedicated equipment and trained personnel cited in multiple contingency plans to be activated in a large scale spill; and

(b) The operational readiness during both the first six hours of a spill and, at the department’s discretion, over multiple operational periods of response.

(3) Drills required under this section may be incorporated into other drill requirements under this chapter to avoid increasing the number of drills and equipment deployments otherwise required.

(4) Each successful drill conducted under this section may be considered by the department as a drill of the underlying contingency plan and credit may be awarded to the plan holder accordingly.

(5) The department shall, when practicable, coordinate with applicable federal agencies, the state of Oregon, and the province of British Columbia to establish a drill incident command and to help ensure that lessons learned from the drills are evaluated with the goal of improving the underlying contingency plans. [2011 c 122 § 5.]
88.46.230 Umbrella plan holders. (1) When submitting a contingency plan to the department under RCW 88.46.060, any umbrella plan holder that enrolls both tank vessels and covered vessels that are not tank vessels must, in addition to satisfying the other requirements of this chapter, specify:

(a) The maximum worst case discharge volume from covered vessels that are not tank vessels to be covered by the umbrella plan holder’s contingency plan; and

(b) The maximum worst case discharge volume from tank vessels to be covered by the umbrella plan holder’s contingency plan.

(2) Any owner or operator of a covered vessel having a worst case discharge volume that exceeds the maximum volume covered by an approved umbrella plan holder may enroll with the umbrella plan holder if the owner or operator of the covered vessel maintains an agreement with another entity to provide supplemental equipment sufficient to meet the requirements of this chapter.

(3) The department must approve an umbrella plan holder that covers vessels having a worst case discharge volume that exceeds the maximum volume if:

(a) The department determines that the umbrella plan holder should be approved for a lower discharge volume;

(b) The vessel owner or operator provides documentation to the umbrella plan holder authorizing the umbrella plan holder to activate additional resources sufficient to meet the worst case discharge volume of the vessel; and

(c) The department has previously approved a plan that provides access to the same resources identified in (3)(b) [(b) of this subsection] to meet the requirements of this chapter for worst case discharge volumes equal to or greater than the worst case discharge volume of the vessel.

(4) The umbrella plan holder must describe in the plan how the activation of additional resources will be implemented and provide the department the ability to review and inspect any documentation that the umbrella plan holder relies on to enroll a vessel with a worst case discharge that exceeds the plan’s maximum volume. [2011 c 122 § 7.]

or permit to divert water. The time period that the water right was banked under RCW 90.92.070, in an approved local water plan created under RCW 90.92.090, or the water right was subject to an agreement to not divert under RCW 90.92.050 will not be included in the most recent five-year period of continuous beneficial use for the purpose of determining the annual consumptive quantity under this section. If the water right has not been used during the previous five years but the nonuse of which qualifies for one or more of the statutory good causes or exceptions to relinquishment in RCW 90.14.140 and 90.44.520, the period of nonuse is not included in the most recent five-year period of continuous beneficial use for purposes of determining the annual consumptive quantity of water under this section.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conservancy projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(5)(a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(b) Applications relating to existing surface or ground water rights may be processed and decisions on them rendered independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin. The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time. This subsection (5)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection (5) is intended to stop the processing of applications for new water rights.

(6) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant’s valid water right or claim to a state agency, the trust water rights program, or to other persons as a condition of processing the application.

(7) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(8) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring a change or transfer of any existing water right to enable the holder of the right to store water governed by the right.

(9) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090, a water right that is subject to an agreement not to divert under RCW 90.92.050, or a banked water right under RCW 90.92.070.

(10)(a) The department may only approve an application submitted after July 22, 2011, for an interbasin water rights transfer after providing notice electronically to the board of county commissioners in the county of origin upon receipt of an application.

(b) For the purposes of this subsection:

(i) "Interbasin water rights transfer" means a transfer of a water right for which the proposed point of diversion is in a different basin than the proposed place of beneficial use.

(ii) "County of origin" means the county from which a water right is transferred or proposed to be transferred.

(c) This subsection applies to counties located east of the crest of the Cascade mountains. [2011 c 112 § 2; 2009 c 183 § 15; 2003 c 329 § 2; 2001 c 237 § 5; 1997 c 442 § 801; 1996 c 320 § 19; 1991 c 347 § 15; 1987 c 109 § 94; 1929 c 122 § 6; 1917 c 117 § 39; RRS § 7391. Formerly RCW 90.28.090.]

Expiration date—2011 c 112 § 2: "Section 2 of this act expires June 30, 2019." [2011 c 112 § 4.]

Findings—Intent—2011 c 112: "The legislature finds that because it is increasingly difficult for water users to acquire new water rights, transfers are a valuable and necessary water management tool. The legislature further finds that interbasin water right transfers may impact the economic and social welfare of rural communities. Therefore, the legislature intends for the department of ecology to provide notice electronically of a proposed interbasin water rights transfer to the board of commissioners in the county of origin before issuing a change authorization." 90.03.380 Right to water attaches to land—Transfer or change in point of diversion—Transfer of rights from one district to another—Priority of water rights applications—Exemption for small irrigation impoundments—Electronic notice of an application for an interbasin water rights transfer.  *(Effective June 30, 2019.)*  

(1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights.  The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights.  A change in the place of use, point of diversion, and/or purpose of use of a water right to enable irrigation of additional acreage or the addition of new uses may be permitted if such change results in no increase in the annual consumptive quantity of water used under the water right.  For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water diverted pursuant to the water right, reduced by the estimated annual amount of return flows, averaged over the two years of greatest use within the most recent five-year period of continuous beneficial use of the water right.  Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and the application shall not be granted until notice of the application is published as provided in RCW 90.03.280.  If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use.  The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conserva- tion projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(5)(a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(b) Applications relating to existing surface or ground water rights may be processed and decisions on them rendered independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin.  The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time.  This subsection (5)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection (5) is intended to stop the processing of applications for new water rights.

(6) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant’s valid water right or claim to a state agency, the trust water rights program, or to other persons as a condition of processing the application.

(7) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(8) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section.  The exemption expressly provided by this subsection shall not be construed as requiring a change or transfer of any existing water right to enable the holder of the right to store water governed by the right.

(9)(a) The department may only approve an application submitted after June 30, 2019, for an interbasin water rights transfer after providing notice electronically to the board of county commissioners in the county of origin upon receipt of an application.

(b) For the purposes of this subsection:

(i) "Interbasin water rights transfer" means a transfer of a water right for which the proposed point of diversion is in a different basin than the proposed place of beneficial use.

(ii) "County of origin" means the county from which a water right is transferred or proposed to be transferred.

(c) This subsection applies to counties located east of the crest of the Cascade mountains.  [2011 c 112 § 3; 2003 c 329]
90.03.397 Department may approve change of the point of diversion prescribed in a permit to appropriate surface water—Requirements. (1) The department may approve a change of the point of diversion prescribed in a permit to appropriate surface water for a beneficial use if the ownership, purpose of use, season of use, and place of use of the permit remain the same to an approved intake structure with capacity to transport the additional diversion to either: (a) A point of diversion that is located downstream; or (b) a point of diversion located between Columbia river miles 215.6 and 292, if the existing point of diversion is contained therein.

(2) This section may not be construed as limiting in any manner whatsoever other authorities of the department under RCW 90.03.380 or other changes that may be approved under RCW 90.03.380 under authorities existing before July 25, 1999. [2011 c 117 § 1; 1999 c 232 § 2.]

REGULATION OF PUBLIC GROUNDWATERS

90.44.510 Superseding water right permit or certificate—Water delivered from federal Columbia basin project. The department shall issue a superseding water right permit or certificate for a groundwater right where the source of water is an aquifer for which the department adopts rules establishing a groundwater management subarea and water from the federal Columbia basin project is delivered for use by a person who holds such a groundwater right. The superseding water right permit or certificate shall designate that portion of the groundwater right that is replaced by water from the federal Columbia basin project as a standby or reserve right that may be used when water delivered by the federal project is curtailed or otherwise not available. The period of curtailment or unavailability shall be deemed a low flow period under RCW 90.14.140(2)(b). The total number of acres irrigated by the person under the groundwater right and through the use of water delivered from the federal project must not exceed the quantity of water authorized by the federal bureau of reclamation and number of acres irrigated under the person’s water right permit or certificate for the use of water from the aquifer. The rules must address all aspects of reclaimed water use, including commercial and industrial uses, land applications, direct groundwater recharge, wetland discharge, surface percolation, constructed wetlands, and streamflow or surface water augmentation. The department of health shall, in coordination with the department of ecology, adopt rules for greywater reuse. The rules must also designate whether the department of ecology or the department of health will be the lead agency responsible for a particular aspect of reclaimed water use. In developing the rules, the departments of health and ecology shall amend or rescind any existing rules on reclaimed water in conflict with the new rules.

(2) All rules required to be adopted pursuant to this section must be completed no later than December 31, 2010, except that the department of ecology shall adopt rules for reclaimed water use no earlier than June 30, 2013.

(3) The department of ecology must consult with the advisory committee created under RCW 90.46.050 in all aspects of rule development required under this section. [2011 c 353 § 11; 2009 c 456 § 2; 2006 c 279 § 1.]

90.48.260 Federal clean water act—Department designated as state agency, authority—Delegation of authority—Powers, duties, and functions. (1) The department of ecology is hereby designated as the state water pollution control agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound partnership, created in RCW 90.71.210. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture’s adoption or issuance of animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives will achieve compliance with all federal and state water pollution control laws. The powers granted herein include, among others, and notwithstanding any other provisions of chapter 90.48 RCW or otherwise, the following:

(b) Nothing in this subsection (2) shall preclude a local government from developing or amending its master program prior to the dates established by this subsection (2).

(3)(a) Following approval by the department of a new or amended master program, local governments required to develop or amend master programs on or before December 1, 2009, as provided by subsection (2)(a)(i) and (ii) of this section, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) of this section and shall not be required to complete master program amendments until the applicable dates established by subsection (4)(b) of this section. Any jurisdiction listed in subsection (2)(a)(i) of this section that has a new or amended master program approved by the department on or after March 1, 2002, but before July 27, 2003, shall not be required to complete master program amendments until the applicable date provided by subsection (4)(b) of this section.

(b) Following approval by the department of a new or amended master program, local governments choosing to develop or amend master programs on or before December 1, 2009, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) through (vi) of this section and shall not be required to complete master program amendments until the applicable dates established by subsection (4)(b) of this section.

(4)(a) Following the updates required by subsection (2) of this section, local governments shall conduct a review of their master programs at least once every eight years as required by (b) of this subsection. Following the review required by this subsection (4), local governments shall, if necessary, revise their master programs. The purpose of the review is:

(i) To assure that the master program complies with applicable law and guidelines in effect at the time of the review; and

(ii) To assure consistency of the master program with the local government’s comprehensive plan and development regulations adopted under chapter 36.70A RCW, if applicable, and other local requirements.

(b) Counties and cities shall take action to review and, if necessary, revise their master programs as required by (a) of this subsection as follows:

(5) In meeting the update requirements of subsection (2) of this section, local governments are encouraged to begin the process of developing or amending their master programs early and are eligible for grants from the department as provided by RCW 90.58.250, subject to available funding. Except for those local governments listed in subsection (2)(a)(i) and (ii) of this section, the deadline for completion of the new or amended master programs shall be two years after the date the grant is approved by the department. Subsequent master program review dates shall not be altered by the provisions of this subsection.

(6) In meeting the update requirements of subsection (2) of this section, the following shall apply:

(a) Grants to local governments for developing and amending master programs pursuant to the schedule established by this section shall be provided at least two years before the adoption dates specified in subsection (2) of this section. To the extent possible, the department shall allocate grants within the amount appropriated for such purposes to provide reasonable and adequate funding to local governments that have indicated their intent to develop or amend master programs during the biennium according to the schedule established by subsection (2) of this section. Any local government that applies for but does not receive funding to comply with the provisions of subsection (2) of this section may delay the development or amendment of its master program until the following biennium.

(b) Local governments with delayed compliance dates as provided in (a) of this subsection shall be the first priority for funding in subsequent biennia, and the development or amendment compliance deadline for those local governments shall be two years after the date of grant approval.
(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

(7) In meeting the update requirements of subsection (2) of this section, all local governments subject to the requirements of this chapter that have not developed or amended master programs on or after March 1, 2002, shall, no later than December 1, 2014, develop or amend their master programs to comply with guidelines adopted by the department after January 1, 2003.

(8) In meeting the update requirements of subsection (2) of this section, local governments may be provided an additional year beyond the deadlines in this section to complete their master program or amendment. The department shall grant the request if it determines that the local government is likely to adopt or amend its master program within the additional year. 90.58.090 Approval of master program or segments or amendments—Procedure—Departmental alternatives when shorelines of statewide significance—Later adoption of master program supersedes departmental program. (1) A master program, segment of a master program, or an amendment to a master program shall become effective when approved by the department as provided in subsection (7) of this section. Within the time period provided in RCW 90.58.080, each local government shall have submitted a master program, either totally or by segments, for all shorelines of the state within its jurisdiction to the department for review and approval.

The department shall strive to achieve final action on a submitted master program within one hundred eighty days of receipt and shall post an annual assessment related to this performance benchmark on the agency web site.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as a part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department’s discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, and made available to all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes by written notice to the department; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve the segment of a master program relating to critical areas as defined by RCW 36.70A.030(5) provided the master program segment is consistent with RCW 90.58.020 and applicable shoreline guidelines, and if the segment provides a level of protection of critical areas at least equal to that provided by the local government’s critical areas ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) The department shall approve those segments of the master program relating to shorelines of statewide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the statewide interest. If the department does not approve a segment of a local government master program relating to a shoreline of statewide significance, the department may develop and by rule adopt an alternative to the local government’s proposal.

(6) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(7) A master program or amendment to a master program takes effect when and in such form as approved or adopted by
the department. The effective date is fourteen days from the date of the department’s written notice of final action to the local government stating the department has approved or rejected the proposal. For master programs adopted by rule, the effective date is governed by RCW 34.05.380. The department’s written notice to the local government must conspicuously and plainly state that it is the department’s final decision and that there will be no further modifications to the proposal.

(a) Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date.

(b) The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department’s action. The department’s approved document of record constitutes the official master program.

(8) Promptly after approval or disapproval of a local government’s shoreline master program or amendment, the department shall publish a notice consistent with RCW 36.70A.290 that the shoreline master program or amendment has been approved or disapproved. This notice must be filed for all shoreline master programs or amendments. If the notice is for a local government that does not plan under RCW 36.70A.040, the department must, on the day the notice is published, notify the legislative authority of the applicable local government by telephone or electronic means, followed by written communication as necessary, to ensure that the local government has received the full written decision of the approval or disapproval. 90.58.140 Development permits—Grounds for granting—Administration by local government, conditions—Applications—Notices—Rejection—Approval when permit for variance or conditional use. (1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b) Construction may be commenced no sooner than thirty days after the date of the appeal of the board’s decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the per-
mit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(c) If the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), or (c) of this subsection, the construction is begun at the permittee’s own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the alteration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervenor.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, “date of filing” as used in this section refers to the date of actual receipt by the department of the local government’s decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, “date of filing” means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, “date of filing” has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an application for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11) (a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a petition for review within twenty-one days of the date of filing of the decision as defined in RCW 90.58.140(6).

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with at any time within fifteen days from the date of the receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:

(a) Is clearly erroneous in light of the policy of this chapter;
(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
(c) Is arbitrary and capricious; or
(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or
(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board’s decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board. (a) The department’s final decision to approve or reject a proposed master program or master program amendment by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board by filing a petition as provided in RCW 36.70A.290.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter, the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 90.58.190.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of the growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3) (a) The department’s final decision to approve or reject a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date that the department publishes notice of its final decision under RCW 90.58.090(8).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the local government and the department, shall determine the validity of the local government’s master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is inconsistent with the policy of RCW 90.58.020 and the applicable guidelines.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the administrative procedure act. The aggrieved local government shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any local government aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the shorelines hearings board to uphold the master program or master program amendment, provided that the board may remand the master program or master program amendment to the local government or the department for modification prior to the final adoption of the master program or master program amendment. 90.58.620 New or amended master programs—Authorized provisions. (1) New or amended master programs approved by the department on or after September 1, 2011, may include provisions authorizing:

(a) Residential structures and appurtenant structures that were legally established and are used for a conforming use, but that do not meet standards for the following to be considered a conforming structure: Setbacks, buffers, or yards; area; bulk; height; or density; and

(b) Redevelopment, expansion, change with the class of occupancy, or replacement of the residential structure if it is consistent with the master program, including requirements for no net loss of shoreline ecological functions.

(2) For purposes of this section, "appurtenant structures" means garages, sheds, and other legally established structures. "Appurtenant structures" does not include bulkheads and other shoreline modifications or over-water structures.

(3) Nothing in this section: (a) Restricts the ability of a master program to limit redevelopment, expansion, or replacement of over-water structures located in hazardous areas, such as floodplains and geologically hazardous areas; or

(b) Affects the application of other federal, state, or local government requirements to residential structures. [2011 c 323 § 2.]

Findings—2011 c 323: "(1) The legislature recognizes that there is concern from property owners regarding legal status of existing legally developed shoreline structures under updated shoreline master programs. Significant concern has been expressed by residential property owners during shoreline master program updates regarding the legal status of existing shoreline structures that may not meet current standards for new development.

(2) Engrossed House Bill No. 1653, enacted as chapter 107, Laws of 2010 clarified the status of existing structures in the shoreline area under the growth management act prior to the update of shoreline regulations. It is in the public interest to clarify the legal status of these structures that will apply after shoreline regulations are updated.

(3) Updated shoreline master programs must include provisions to ensure that expansion, redevelopment, and replacement of existing structures will result in no net loss of the ecological function of the shoreline. Classifying existing structures as legally conforming will not create a risk of degrading shoreline natural resources." [2011 c 323 § 1.]

DAIRY NUTRIENT MANAGEMENT

Sections

90.64.030 Investigation of dairy farms—Report of findings—Corrective action—Violations of water quality laws—Waivers—Penalties. (1) Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.

(2) The department shall investigate a written complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a written complaint, a copy of the findings shall be provided to the dairy producer subject to the complaint, and to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.

(3) The department may consider past complaints against the same dairy farm from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:

(a) The same or a similar complaint or complaints have been filed against the same dairy farm within the immediately preceding six-month period; and

(b) The department made a determination that the activity that was the subject of the prior complaint was not a violation.

(4) If the decision of the department is not to conduct an inspection, it shall document the decision and the reasons for the decision within twenty days. The department shall provide the decision to the complainant if the name and address were provided to the department, and to the dairy producer subject to the complaint, and the department shall place the decision in the department’s administrative records.

(5) The report of findings of any inspection conducted as the result of either an oral or a written complaint shall be placed in the department’s administrative records. Only findings of violations shall be entered into the database identified in RCW 90.64.130.

(6) A dairy farm that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144.

(7) If the department determines that an unresolved water quality problem from a dairy farm requires immediate corrective action, the department shall notify the producer and the district in which the problem is located. When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final dairy farm inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular dairy farm to the local conservation district and to the appropriate dairy farm within twenty days.

(8) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws. The department shall record all legitimate violations and subsequent enforcement actions.

(9) A discharge, including a storm water discharge, to surface waters of the state shall not be considered a violation of this chapter, chapter 90.48 RCW, or chapter 173-201A WAC, and shall therefore not be enforceable by the department of ecology or a third party, if at the time of the discharge, a violation is not occurring under RCW 90.64.010 (17). In addition, a dairy producer shall not be held liable for violations of this chapter, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act due to the discharge of dairy nutrients to waters of the state resulting from
spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the dairy producer or the dairy producer’s agent.

(10) As provided under RCW 7.48.305, agricultural activities associated with the management of dairy nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

(11) This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the dairy nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the state or of the United States as authorized by the permit.

(12) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department. [2011 c 103 § 3; 2003 c 325 § 3; 2002 c 327 § 1; 1998 c 262 § 11; 1993 c 221 § 4.]

(5) During the 2009-2011 fiscal biennium, the council’s review must result in a ranking of projects affecting the protection and recovery of the Puget Sound basin that are proposed in the governor’s capital budget submitted under RCW 43.88.060. Chapter 90.90

Title 90 RCW: Water Rights—Environment

The license must take the form of a tank endorsement on the facility’s annual master business license issued by the department of revenue. A tank is not eligible for a license unless the owner or operator can demonstrate compliance with the requirements of this chapter and the annual tank fees have been remitted. The department may revoke a tank license if a facility is not in compliance with this chapter, or any rules adopted under this chapter. The master business license must be displayed by the tank owner or operator in a location clearly identifiable.

(5)(a) The department must issue a one-time "facility compliance tag" to underground storage tank facilities that have installed the equipment required to meet corrosion protection, spill prevention, overfill prevention, leak detection standards, have demonstrated financial responsibility, and have paid annual tank fees. The facility must continue to maintain compliance with corrosion protection, spill prevention, overfill prevention, and leak detection standards, financial responsibility, and have remitted annual tank fees to display a facility compliance tag. The facility compliance tag must be displayed on or near the fire emergency shutoff device, or in the absence of such a device in close proximity to the fill pipes and clearly identifiable to persons delivering regulated substance to underground storage tanks.

(b) The department may revoke a facility compliance tag if a facility is not in compliance with the requirements of this chapter, or any rules adopted under this chapter.

(6) The department may place a red tag on a tank at a facility if the department determines that the owner or operator is not in compliance with this chapter or the rules adopted under this chapter regarding the compliance requirements related to that tank. Removal of a red tag without authorization from the department is a violation of this chapter.

(7) The department may establish programs to certify persons who install or decommission underground storage tank systems or conduct inspections, testing, closure, cathodic protection, interior tank lining, corrective action, site assessments, or other activities required under this chapter. Certification programs must be designed to ensure that each certification will be effective in all jurisdictions of the state.

(8) When adopting rules under this chapter, the department must consult with the state building code council to ensure coordination with the building and fire codes adopted under chapter 19.27 RCW. [2011 c 298 § 40; 2007 c 147 § 3; 1998 c 155 § 2; 1989 c 346 § 3.]

aries of the federal Columbia river reclamation project and directed to the Odessa subarea to reduce the use of groundwater for existing irrigation is exempt from the provisions of subsection (4) of this section.

(6) The department of ecology may enter into water service contracts with applicants receiving water from the program to recover all or a portion of the cost of developing the water supply. Costs recovered under water service contracts does not include staff time expended by the department on developing the water supply. With the applicant’s concurrence, the department may receive power revenue generated by the water supply developed by the department through water service contracts. The department may deny an application if the applicant does not enter into a water service contract. Revenue collected from water service contracts must be deposited into the Columbia river basin water supply revenue recovery account created in RCW 90.90.100. The department may adopt rules describing the methodology as to how charges will be established and direct costs recovered for water supply developed under the Columbia river basin water supply program. Water service contracts with federal agencies under RCW 90.42.150 are not required to be established by rule.

(7) Moneys in the Columbia river basin water supply development account created in this section may be spent only after appropriation.

(8) Interest earned by deposits in the account will be retained in the account. [2011 c 83 § 1; 2006 c 6 § 2.]

90.90.020  Allocation and development of water supplies. (1)(a) Water supplies secured through the development of new storage facilities made possible with funding from the Columbia river basin water supply development account, the Columbia river basin taxable bond water supply development account, and the Columbia river basin water supply revenue recovery account shall be allocated as follows:

(i) Two-thirds of active storage shall be available for appropriation for out-of-stream uses; and
(ii) One-third of active storage shall be available to augment instream flows and shall be managed by the department of ecology. The timing of releases of this water shall be determined by the department of ecology, in cooperation with the department of fish and wildlife and fisheries comanagers, to maximize benefits to salmon and steelhead populations.

(b) Water available for appropriation under (a)(i) of this subsection but not yet appropriated shall be temporarily available to augment instream flows to the extent that it does not impair existing water rights.

(2) Water developed under the provisions of this section to offset out-of-stream uses and for instream flows is deemed adequate mitigation for the issuance of new water rights provided for in subsection (1)(a) of this section and satisfies all consultation requirements under state law related to the issuance of new water rights.

(3) The department of ecology shall focus its efforts to develop water supplies for the Columbia river basin on the following needs:

(a) Alternatives to groundwater for agricultural users in the Odessa subarea aquifer;

(b) Sources of water supply for pending water right applications;

(c) A new uninterruptible supply of water for the holders of interruptible water rights on the Columbia river mainstem that are subject to instream flows or other mitigation conditions to protect stream flows; and

(d) New municipal, domestic, industrial, and irrigation water needs within the Columbia river basin.

(4) The one-third/two-thirds allocation of water resources between instream and out-of-stream uses established in this section does not apply to applications for changes or transfers of existing water rights in the Columbia river basin. [2011 c 83 § 4; 2006 c 6 § 3.]

90.90.040  Columbia river water supply inventory—Long-term water supply and demand forecast. (1) To support the development of new water supplies in the Columbia river and to protect instream flows, the department of ecology shall work with all interested parties, including interested county legislative authorities and watershed planning groups in the Columbia river basin, and affected tribal governments, to develop a Columbia river water supply inventory and a long-term water supply and demand forecast. The inventory must include:

(a) A list of conservation projects that have been implemented under this chapter and the amount of water conservation they have achieved; and

(b) A list of potential water supply and storage projects in the Columbia river basin, including estimates of:

(i) Cost per acre-foot;

(ii) Benefit to fish and other instream needs;

(iii) Benefit to out-of-stream needs; and

(iv) Environmental and cultural impacts.

(2) The department of ecology shall complete the first Columbia river water supply inventory by November 15, 2006, and shall update the inventory annually thereafter.

(3) The department of ecology shall complete the first Columbia river long-term water supply and demand forecast by November 15, 2006, and shall update the report every five years thereafter. [2011 c 83 § 6; 2006 c 6 § 5.]

90.90.090  Columbia river basin taxable bond water supply development account—Water service contracts. (1) The Columbia river basin taxable bond water supply development account is created in the state treasury. All receipts from direct appropriations from the legislature, moneys directed to the account pursuant to RCW 90.90.020 and 90.90.030, or moneys directed to the account from any other sources must be deposited in the account. Moneys in the account may be spent only after appropriation. The account is intended to fund projects using taxable bonds. Expenditures from the account may be used only as provided in this section.

(2)(a) Expenditures from the Columbia river basin taxable bond water supply development account may be used to assess, plan, and develop new storage, improve or alter operations of existing storage facilities, implement conservation projects, develop pump exchanges, or any other actions designed to provide access to new water supplies within the Columbia river basin for both instream and out-of-stream uses. Except for the development of new storage projects and pump exchanges, there may be no expenditures from the

account for water acquisition or transfers from one water resource inventory area to another without specific legislative authority. For the purposes of this section, the term "pump exchanges" means water supply development projects that exchange water from one source to another or relocate an existing diversion downstream, with resulting instream benefit.

(b) Two-thirds of the moneys placed in the account must be used to support the development of new storage facilities and pump exchanges; the remaining one-third of the moneys must be used for the other purposes listed in this section.

(3)(a) Funds may not be expended from the account for the construction of a new storage facility until the department of ecology evaluates the following:

(i) Water uses to be served by the facility;
(ii) The quantity of water necessary to meet those uses;
(iii) The benefits and costs to the state of meeting those uses, including short-term and long-term economic, cultural, and environmental effects; and
(iv) Alternative means of supplying water to meet those uses, including the costs of those alternatives and an analysis of the extent to which long-term water supply needs can be met using these alternatives.

(b) The department of ecology may rely on studies and information developed through compliance with other state and federal permit requirements and other sources. The department shall compile its findings and conclusions, and provide a summary of the information it reviewed.

(c) Before finalizing its evaluation under the provisions of this section, the department of ecology shall make the preliminary evaluation available to the public. Public comment may be made to the department within thirty days of the date the preliminary evaluation is made public.

(4) Net water savings achieved through conservation measures funded by the account shall be placed in trust in proportion to the state funding provided to implement a project.

(5) Net water savings achieved through conservation measures funded by the account developed within the boundaries of the federal Columbia river reclamation project and directed to the Odessa subarea to reduce the use of groundwater for existing irrigation is exempt from the provisions of subsection (4) of this section.
