Legislative intent—1987 c 346: "By this act the legislature intends to combine and unify the laws and procedures governing absentee voting. These amendments are intended: (1) To clarify and incorporate into a single chapter of the Revised Code of Washington the preexisting statutes under which electors of this state qualify for absentee ballots under state law, federal law, or a combination of both state and federal law, and (2) to insure uniformity in the application, issuance, receipt, and canvassing of these absentee ballots. Nothing in this act is intended to impose any new requirement on the ability of the registered voters or electors of this state to qualify for, receive, or cast absentee ballots in any primary or election." 29A.40.070 Date ballots mailed—Replacement ballots. (1) Except where a recount or litigation is pending, the county auditor must mail ballots to each voter at least eighteen days before each primary or election, and as soon as possible for all subsequent registration changes.

(2) Except where a recount or litigation is pending, the county auditor must mail ballots to each service and overseas voter at least thirty days before each special election, and at least forty-five days before each primary or general election, or any special election that involves federal office. A request for a ballot made by an overseas or service voter after that day must be processed immediately.
(3) A registered voter may obtain a replacement ballot if the ballot is destroyed, spoiled, lost, or not received by the voter. The voter may obtain the ballot by telephone request, by mail, electronically, or in person. The county auditor shall keep a record of each request for a replacement ballot.

(4) Each county auditor shall certify to the office of the secretary of state the dates the ballots were mailed, or the reason and date the ballots will be mailed if the ballots were not mailed timely.

(5) Failure to mail ballots as prescribed in this section does not by itself provide a basis for an election contest or other legal challenge to the results of a primary, general election, or special election. **29A.40.091 Envelopes, declaration, and instructions—Voter’s oath—Overseas and service voters—Return of ballots.**

(1) The county auditor shall send each voter a ballot, a security envelope in which to conceal the ballot after voting, a larger envelope in which to return the security envelope, a declaration that the voter must sign, and instructions on how to obtain information about the election, how to mark the ballot, and how to return the ballot to the county auditor.

(2) The voter must swear under penalty of perjury that he or she meets the qualifications to vote, and has not voted in any other jurisdiction at this election. The declaration must clearly inform the voter that it is illegal to vote if he or she is not a United States citizen; it is illegal to vote if he or she has been convicted of a felony and has not had his or her voting rights restored; and it is illegal to cast a ballot or sign a ballot declaration on behalf of another voter. The ballot materials must provide space for the voter to sign the declaration, indicate the date on which the ballot was voted, and include a telephone number.

(3) For overseas and service voters, the signed declaration constitutes the equivalent of a voter registration. Return envelopes for overseas and service voters must enable the ballot to be returned postage free if mailed through the United States postal service, United States armed forces postal service, or the postal service of a United States foreign embassy under 39 U.S.C. 3406.

(4) The voter must be instructed to either return the ballot to the county auditor no later than 8:00 p.m. the day of the election or primary, or mail the ballot to the county auditor with a postmark no later than the day of the election or primary. Service and overseas voters must be provided with instructions and a privacy sheet for returning the ballot and signed declaration by fax or e-mail. A voted ballot and signed declaration returned by fax or e-mail must be received by 8:00 p.m. on the day of the election or primary. [2013 c 11 § 49. information of voters only and may in no way limit the options available to voters. [2013 c 11 § 50; 2005 c 2 § 7 (Initiative Measure No. 872, approved November 2, 2004).]

Reviser’s note: *(1) RCW 29A.36.170 was amended by 2013 c 143 § 1, removing the one candidate exception. (2) The constitutionality of Initiative Measure No. 872 was upheld in Washington State Grange v. Washington State Republican Party, et al., 552 U.S. . . . (2008).

Short title—2005 c 2 (Initiative Measure No. 872): “This act may be known and cited as the People’s Choice Initiative of 2004.” [2005 c 2 § 1 (Initiative Measure No. 872, approved November 2, 2004).]

Intent—2005 c 2 (Initiative Measure No. 872): “The Washington Constitution and laws protect each voter’s right to vote for any candidate for any office. The Washington State Supreme Court has upheld the blanket primary as protecting compelling state interests "allowing each voter to keep party identification, if any, secret; allowing the broadest possible participation in the primary election; and giving each voter a free choice among all candidates in the primary." Heavey v. Chapman, 93 Wn.2d 700, 705, 611 P.2d 1256 (1980). The Ninth Circuit Court of Appeals has threatened this system through a decision, that, if not overturned by the United States Supreme Court, may require change. In the event of a final court judgment invalidating the blanket primary, this People’s Choice Initiative will become effective to implement a system that best protects the rights of voters to make such choices, increases voter participation, and advances compelling interests of the state of Washington.” [2005 c 2 § 2 (Initiative Measure No. 872, approved November 2, 2004).]

Contingent effective date—2005 c 2 (Initiative Measure No. 872): “This act takes effect only if the Ninth Circuit Court of Appeals’ decision in Democratic Party of Washington State v. Reed, 343 F.3d 1198 (9th Cir. 2003) holding the blanket primary election system in Washington state invalid becomes final and a Final Judgment is entered to that effect.” [2005 c 2 § 18 (Initiative Measure No. 872, approved November 2, 2004).]

Reviser’s note: On February 28, 2004, the United States Supreme Court refused to take the case on appeal; therefore the Ninth Circuit’s decision stands.

The county auditor shall as soon as possible notify all the candidates so affected that the office for which they filed will not appear on the primary ballot.

(2) No primary may be held for the office of commissioner of a park and recreation district or for the office of cemetery district commissioner.

The notice must be published in one or more newspapers of general circulation and must contain, at a minimum, the last date to register online or through the mail, the last date to transfer or update an existing registration, the last date to register in person for first-time voters, information on where a person can register, the type of election, the date of the election, how a voter can obtain a ballot, a list of all jurisdictions involved in the election, including positions and short titles for ballot measures appearing on the ballot, and the times and dates of any public meetings associated with the election. The notice shall also include where additional information regarding the election may be obtained. The notice of a primary held in an even-numbered year must indicate that the office of precinct committee officer is on the ballot. 29A.56.320 Nomination—Pledge by electors—What names on ballots—How counted. In the year in which a presidential election is held, each major political party and each minor political party or independent candidate convention that nominates candidates for president and vice president of the United States shall nominate presidential electors for this state. The party or convention shall file with the secretary of state a certificate signed by the presiding officer of the convention at which the presidential electors were chosen, listing the names and addresses of the presidential electors. Each presidential elector shall execute and file with the secretary of state a pledge that, as an elector, he or she will vote for the candidates nominated by that party. The names of presidential electors shall not appear on the ballots. The votes cast for candidates for president and vice president of each political party shall be counted for the candidates for presidential electors of that political party; however, if the interstate compact entitled the "agreement among the states to elect the president by national popular vote," as set forth in RCW 29A.56.300, governs the appointment of the presidential electors for a presidential election as provided in clause 9 of Article III of that compact, then the final appointment of presidential electors for that presidential election shall be in accordance with that compact. [2013 c 11 § 56; 2009 c 264 § 3; 2003 c 111 § 1425. Prior: 1990 c 59 § 69; 1977 ex.s. c 238 § 1; 1965 c 9 § 29.71.020; prior: 1935 c 20 § 1; RRS § 538-1. Formerly RCW 29.71.020.]

29A.56.350 Compensation. Every presidential elector who attends at the time and place appointed, and gives his or
her vote for president and vice president, is entitled to receive from this state a subsistence allowance and travel expenses pursuant to RCW 43.03.050 and 43.03.060 for each day’s attendance at the meeting of the college of electors. [2013 c 38 § 1; 2003 c 111 § 1428; 1965 c 9 § 29.71.050. Prior: 1891 c 148 § 4; RRS § 5141. Formerly RCW 29.71.050.]

29A.56.360  Slate of presidential electors. In a year in which the president and vice president of the United States are to be elected, the secretary of state shall include in the certification prepared under RCW 29A.52.321 the names of all candidates for president and vice president who, no later than the third Tuesday of August, have certified a slate of electors to the secretary of state under RCW 29A.56.320 and have been nominated either (1) by a major political party, as certified by the appropriate authority under party rules, or (2) by a minor party or as independent candidates. Major or minor political parties or independent presidential candidates may substitute a different candidate for vice president for the one whose name appears on the party’s certification or nominating petition at any time before seventy-five days before the general election, by certifying the change to the secretary of state. Substitutions must not be permitted to delay the printing of either ballots or a voters’ pamphlet. Substitutions are valid only if submitted under oath and signed by the same individual who originally certified the nomination, or his or her documented successor, and only if the substitute candidate consents in writing. [2013 c 11 § 57; 2003 c 111 § 1429. Prior: 2001 c 30 § 1. Formerly RCW 29.27.140.]

29A.56.490  Election of delegates—Ascertaining result. The election officials shall count and determine the number of votes cast for each individual; and shall also count and determine the aggregate number of votes cast for all candidates whose names appear under each of the respective headings. Where more than the required number have been voted for, the ballot must be rejected. The vote must be canvassed in each county by the county canvassing board, and certificate of results must be transmitted to the secretary of state. Upon receiving the certificate, the secretary of state may require precinct returns from any county to be forwarded for the secretary’s examination.

Where a district embraces precincts of more than one county, the secretary of state shall combine the votes from all the precincts included in each district. The delegates elected in each district will be the number of candidates corresponding to the number of state representatives from the district, who receive the highest number of votes in the group (either "for" or "against") that received an aggregate number of votes for all candidates in the group greater than the aggregate number of votes for all the candidates in the other group. The secretary of state shall issue certificates of election to the delegates so elected. [2013 c 11 § 58; 2011 c 10 § 46; 2003 c 111 § 1438; 1965 c 9 § 29.74.100. Prior: 1933 c 181 § 6; RRS § 5249-6. (1) If two or more valid certificates of nomination are filed purporting to nominate different candidates for the same position using the same party name, the filing officer must give effect to both certificates. If conflicting claims to the party name are not resolved either by mutual agreement or by a judicial determination of the right to the name, the candidates must be treated as independent candidates. Disputes over the right to the name must not be permitted to delay the printing of either ballots or a voters’ pamphlet. Other candidates nominated by the same conventions may continue to use the partisan affiliation unless a court of competent jurisdiction directs otherwise.
(2) A person affected may petition the superior court of the county in which the filing officer is located for a judicial determination of the right to the name of a minor political party, either before or after documents are filed with the filing officer. The court shall resolve the conflict between competing claims to the use of the same party name according to the following principles: (a) The prior established public use of the name during previous elections by a party composed of or led by the same individuals or individuals in documented succession; (b) prior established public use of the name earlier in the same election cycle; (c) the nomination of a more complete slate of candidates for a number of offices or in a number of different regions of the state; (d) documented affiliation with a national or statewide party organization with an established use of the name; (e) the first date of filing of a certificate of nomination; and (f) such other indicia of an established right to use of the name as the court may deem relevant. If more than one filing officer is involved, and one of them is the secretary of state, the petition must be filed in the superior court for Thurston county. Upon resolving the conflict between competing claims, the court may also address any ballot designation for the candidate who does not prevail. [2004 c 271 § 155. Formerly RCW 29A.20.171.]

29A.56.660 Presidential electors—Selection at convention. 29A.56.670 Certificate of nomination—Checking signatures—Appeal of determination. Upon the receipt of the certificate of nomination, the secretary of state shall check the certificate and canvass the signatures on the accompanying nominating petitions to determine if the requirements of RCW 29A.56.640 have been met. Once the determination has been made, the secretary of state shall notify the presiding officer of the convention and any other persons requesting the notification, of his or her decision regarding the sufficiency of the certificate or the nominating petitions. Any appeal regarding the secretary’s determination must be filed with the superior court of Thurston county not later than five days from the date the determination is made, and shall be heard and finally disposed of by the court within five days of the filing. Nominating petitions shall not be available for public inspection or copying. [2013 c 11 § 29; 2004 c 271 § 157. Formerly RCW 29A.20.191.]

29A.60.280 Local elected officials, commencement of term of office—Purpose. (1) The legislature finds that certain laws are in conflict governing the assumption of office of various local officials. The purpose of this section is to provide a common date for the assumption of office for all the elected officials of counties, cities, towns, and special purpose districts other than school districts where the ownership of property is not a prerequisite of voting. A person elected to the office of school director begins his or her term of office at the first official meeting of the board of directors after certification of the election results. It is also the purpose of this section to remove these conflicts and delete old statutory language concerning such elections which is no longer necessary.

(2) For elective offices of counties, cities, towns, and special purpose districts other than school districts where the ownership of property is not a prerequisite of voting, the term of incumbents ends and the term of successors begins after the successor is elected and qualified, and the term commences immediately after December 31st following the election, except as follows:

(a) Where the term of office varies from this standard according to statute; and

(b) If the election results have not been certified prior to January 1st after the election, in which event the time of commencement for the new term occurs when the successor becomes qualified in accordance with RCW 29A.04.133.

(3) For elective offices governed by this section, the oath of office must be taken as the last step of qualification as defined in RCW 29A.04.133 but may be taken either:

(a) Up to ten days prior to the scheduled date of assuming office; or

(b) At the last regular meeting of the governing body of the applicable county, city, town, or special district held before the winner is to assume office. [2003 c 111 § 504; 1999 c 298 § 3; 1980 c 35 § 7; 1979 ex.s. c 126 § 1. Formerly RCW 29A.20.040, 29.04.170.]

Chapter 29A.64 RCW RECOUNTS

Sections

29A.64.021 Mandatory. (1) If the official canvass of all of the returns for any office at any primary or election reveals that the difference in the number of votes cast for a candidate apparently qualified for the general election ballot or elected to any office, and the number of votes cast for the closest apparently defeated opponent is less than two thousand votes and also less than one-half of one percent of the total number of votes cast for both candidates, the county canvassing board shall conduct a recount of all votes cast on that position.

(a) Whenever such a difference occurs in the number of votes cast for candidates for a position the declaration of candidacy for which was filed with the secretary of state, the secretary of state shall, within three business days of the day that the returns of the primary or election are first certified by the canvassing boards of those counties, direct those boards to recount all votes cast on the position.

(b)(i) For statewide elections, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one thousand votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(ii) For elections not included in (b)(i) of this subsection, if the difference in the number of votes cast for the apparent winner and the closest apparently defeated opponent is less than one hundred fifty votes and also less than one-fourth of one percent of the total number of votes cast for both candidates, the votes shall be recounted manually or as provided in subsection (3) of this section.

(2) A mandatory recount shall be conducted in the manner provided by RCW 29A.64.030, 29A.64.041, and 29A.64.061. No cost of a mandatory recount may be charged to any candidate.

(3) The apparent winner and closest apparently defeated opponent for an office for which a manual recount is required under subsection (1)(b) of this section may select an alternative method of conducting the recount. To select such an alternative, the two candidates shall agree to the alternative in a signed, written statement filed with the election official for the office. The recount shall be conducted using the alternative method if: It is suited to the ballot system that was used for casting the votes for the office; it involves the use of a vote tallying system that is approved for use in this state by the secretary of state; and the vote tallying system is readily available in each county required to conduct the recount. If
more than one balloting system was used in casting votes for the office, an alternative to a manual recount may be selected for each system. [2013 c 11 § 66; 2005 c 243 § 19; 2004 c 271 § 178.]

29A.64.030 Deposit of fees—Notice—Public proceeding. An application for a recount shall state the office or ballot measure for which a recount is requested, and whether the request is for all precincts or only a portion of the precincts in that jurisdiction. The person filing an application for a manual recount shall, at the same time, deposit with the county canvassing board or secretary of state, in cash or by certified check, a sum equal to twenty-five cents for each ballot cast in the jurisdiction or portion of the jurisdiction for which the recount is requested as security for the payment of any costs of conducting the recount. If the application is for a machine recount, the deposit must be equal to fifteen cents for each ballot. These charges shall be determined by the county canvassing board or boards under RCW 29A.64.081.

The county canvassing board shall determine the date, time, and place or places at which the recount will be conducted. Not less than one day before the date of the recount, the county auditor shall notify the applicant or affected parties and, if the recount involves an office, to any person for whom votes were cast for that office of the date, time, and place of the recount. Each person entitled to receive notice of the recount may attend, witness the recount, and be accompanied by counsel.

Proceedings of the canvassing board are public under chapter 42.30 RCW. Subject to reasonable and equitable guidelines adopted by the canvassing board, all interested persons may attend and witness a recount. [2013 c 11 § 67; 2011 c 349 § 24; 2005 c 243 § 20; 2003 c 111 § 1603. 29A.64.050 Partial recount requiring complete recount. When a partial recount of votes cast for an office or issue changes the result of the election, the canvassing board or the secretary of state, if the office or issue is being recounted at his or her direction, shall order a complete recount of all ballots cast for the office or issue for the jurisdiction in question.

This recount will be conducted in a manner consistent with RCW 29A.64.021. [2013 c 11 § 68; 2003 c 111 § 1605. Prior: 2001 c 225 § 7. Formerly RCW 29.64.035.]

29A.64.061 Amended abstracts. (1) Upon completion of the canvass of a recount, the canvassing board shall prepare and certify an amended abstract showing the votes cast in each precinct for which the recount was conducted. Copies of the amended abstracts must be transmitted to the same officers who received the abstract on which the recount was based.

(2) If the office or issue for which the recount was conducted was filed with the county auditor, the canvassing board shall file the amended abstract with the original results of that election or primary.

(3) If the office or issue for which a recount was conducted was filed with the secretary of state, the secretary of state shall canvass the amended abstracts and shall file an amended abstract with the original results of that election. The secretary of state may require that the amended abstracts be certified by each canvassing board on a uniform date.

(4) An amended abstract certified under this section supersedes any prior abstract of the results for the same offices or issues at the same primary or election. [2013 c 11 § 69; 2005 c 243 § 21; 2004 c 271 § 180.]

29A.64.090 Statewide measures—When mandatory—Cost at state expense. When the official canvass of returns of any election reveals that the difference in the number of votes cast for the approval of a statewide measure and the number of votes cast for the rejection of such measure is less than two thousand votes and also less than one-half of one percent of the total number of votes cast on such measure, the secretary of state shall direct that a recount of all votes cast on such measure be made on such measure, in the manner provided by RCW 29A.64.041 and 29A.64.061, and the cost of such recount will be at state expense. [2013 c 11 § 70; 2003 c 111 § 1609. Prior: 2001 c 225 § 11; 1973 c 82 § 1. Formerly RCW 29.64.080.]

A copy of the petition on appeal together with a notice that an appeal has been taken shall be served upon the secretary of state, upon the attorney general, and upon the person proposing the measure if the appeal is initiated by someone other than that person. Upon the filing of the petition on appeal or at the time to which the hearing may be adjourned by consent of the appellant, the court shall accord first priority to examining the proposed measure, the ballot title or summary, and the objections to that ballot title or summary, may hear arguments, and shall, within five days, render its decision and file with the secretary of state a certified copy of such ballot title or summary as it determines will meet the requirements of RCW 29A.72.060. The decision of the superior court shall be final. Such appeal shall be heard without costs to either party. [2013 c 11 § 73; 2003 c 111 § 1809. (2) The director shall collect from each bank, savings bank, trust company, savings association, holding company under Title 32 RCW, business development company under chapter 31.24 RCW, agricultural lender under chapter 31.35 RCW, and small business lender under chapter 31.40 RCW:

30.04.111 Limit on loans and extensions of credit to one person—Exceptions—Definitions—Rules—Nonconforming loans and extensions of credit. (1) The total loans and extensions of credit by a bank or trust company to a person outstanding at any one time shall not exceed twenty percent of the capital and surplus of such bank or trust company. A loan or extension of credit made by a bank or trust company does not violate this section if the loan or extension of credit would qualify for an exception to the lending limit for a national bank under rules adopted by the United States office of the comptroller of the currency, or successor federal agency with authority over national banks and federal savings associations.

(2) For the purposes of this section, the terms "borrower," "capital and surplus," "derivative transaction," "loans and extensions of credit," and "person" shall have the same meaning as those terms are defined in section 32.2 of Title 12 of the United States code of federal regulations, 12 C.F.R. Sec. 32.2, except that "loans and extensions of credit" also includes repurchase agreements, reverse repurchase agreements, securities lending transactions, or securities borrowing transactions between a bank and a borrower if the federal deposit insurance corporation requires such treatment for a state insured bank or the board of governors of the federal reserve system requires such treatment for member state banks.

(3) The director may prescribe rules to administer and carry out the purposes of this section, including without limitation rules (a) to define or further define terms used in this section, (b) to establish limits or requirements other than those specified in this section for particular classes or categories of loans and extensions of credit, (c) to determine when a loan putatively made to a person shall, for purposes of this section, be attributed to another person, (d) to set standards for computation of time in relation to determining limits on loans and extensions of credit, and (e) to implement and
incorporate other changes in limits on loans and extensions of credit necessary to conform to federal statute and rule required or otherwise authorized by this section. In adopting the rules, the director shall be guided by rulings of the United States comptroller of the currency, or successor federal banking regulator, that govern limits on loans and extensions of credit applicable to national banks and federal savings associations. In lieu of the adoption by the department of a rule applicable to specific types of transactions, a bank, unless otherwise approved by the director, shall conform to all applicable rulings of the comptroller of the currency, or successor federal banking regulator, which (i) relate to national banks and federal savings associations, (ii) govern such specific types of transactions or circumstances, and (iii) are consistent with this section and the department’s adopted rules.

(4)(a) A loan or extension of credit that was within the limit on loans and extensions of credit when made is not a violation but will be treated as nonconforming if the loan or extension of credit is no longer in conformity with the bank’s or trust company’s limit on loans and extensions of credit because:

(i) The bank’s or trust company’s capital has declined, borrowers have subsequently merged or formed a common enterprise, lenders have merged, or the limit on loans and extensions of credit or capital rules have changed; or

(ii) Collateral securing the loan or extension of credit, in order to satisfy the requirements of an exception to the limit, has declined in value.

(b) A bank or trust company shall make reasonable efforts to bring a loan or extension of credit that is nonconforming under (a)(i) of this subsection into conformity with the bank’s or trust company’s limit on loans and extensions of credit unless to do so would be inconsistent with safe and sound banking practices.

(c) A bank or trust company must bring a loan or extension of credit that is nonconforming under (a)(ii) of this subsection into conformity with the bank’s limit on loans and extensions of credit within thirty calendar days, except when judicial proceedings, regulatory actions, or other extraordinary circumstances beyond the bank’s or trust company’s control prevent the bank or trust company from taking action.

(d) Notwithstanding any provision of this subsection (4), the director may by rule or interpretation prescribe standards for treatment of nonconforming extensions of credit that are derivatives transactions, repurchase agreements, reverse repurchase agreements, securities lending transactions, or securities borrowing transactions, and may, if required for state insured banks or member state banks, rely upon rules or interpretations of the federal deposit insurance corporation or the board of governors of the federal reserve system, as applicable.

(5) Notwithstanding any provision of this section to the contrary, in the event that a bank’s capital declines sufficiently to seriously impair the bank’s ability to effectively operate in its marketplace or serve the needs of its customers or the community in which it is located, the director may, upon written application and in the exercise of the director’s discretion, grant the bank temporary permission to fund loans and extensions of credit in excess of the bank’s limit on loans and extensions of credit under this section. In the exercise of discretion, the director may further specify conditions for granting such emergency exception and may limit emergency lending authority under this section to particular types or classes of loans and extensions of credit.

(6) Notwithstanding any provision of this section to the contrary, the director, in the exercise of discretion, may grant an exception to the limit on loans and extensions of credit otherwise required by this section, based on extenuating facts and circumstances. In deciding whether to grant an exception under this subsection, the director shall consider:

(a) The proposed transaction for which the exception is sought;

(b) How the requested exception would affect the capital adequacy and safety and soundness of the requesting bank if the exception is not granted or, if the exception is granted, if the proposed borrower should ultimately default;

(c) How the requested exception would affect the loan portfolio diversification of the requesting bank;

(d) The competency of management to handle the proposed transaction and any resulting safety and soundness issues;

(e) The marketability and value of the proposed collateral; and

(f) The extenuating facts and circumstances that warrant an exception in light of the purpose of limit on loans and extensions of credit set forth in this section. [2013 c 76 § 3; 2010 c 88 § 10; 1995 c 344 § 1; 1994 c 92 § 12; 1986 c 279 § 3.]

### 30.04.215 Engaging in other business activities.

(1) Notwithstanding any other provisions of law, in addition to all powers enumerated by this title, and those necessarily implied therefore, a bank or trust company may engage in other business activities that have been determined by the board of governors of the federal reserve system or by the United States Congress to be closely related to the business of banking, as of July 28, 2013.

(2) A bank or trust company that desires to perform an activity that is not expressly authorized by subsection (1) of this section shall first apply to the director for authorization to conduct such activity. Within thirty days of the receipt of this application, the director shall determine whether the activity is closely related to the business of banking, whether the public convenience and advantage will be promoted, whether the activity is apt to create an unsafe and unsound practice by the bank or trust company and whether the applicant is capable of performing such an activity. If the director finds the activity to be closely related to the business of banking and the bank or trust company is otherwise qualified, he or she shall immediately inform the applicant that the activity is authorized. If the director determines that such activity is not closely related to the business of banking or that the bank or trust company is not otherwise qualified, he or she shall promptly inform the applicant in writing. The applicant shall have the right to appeal from an unfavorable determination in accordance with the procedures of the Administrative Procedure Act, chapter 34.05 RCW. In determining whether a particular activity is closely related to the business of banking, the director shall be guided by the rulings of the board of governors of the federal reserve system and the comptroller of the currency in making determinations in connection with the
powers exercisable by bank holding companies, and the activities performed by other commercial banks or their holding companies.

(3) Notwithstanding any restrictions, limitations, and requirements of law, in addition to all powers, express or implied, that a bank has under the laws of this state, a bank shall have the powers and authorities conferred as of July 28, 1985, or as of any subsequent date not later than July 28, 2013, upon any federally chartered bank doing business in this state. A bank may exercise the powers and authorities conferred on a federally chartered bank after July 28, 2013, only if the director finds that the exercise of such powers and authorities:

(a) Serves the convenience and advantage of depositors, borrowers, or the general public; and

(b) Maintains the fairness of competition and parity between state-chartered banks and federally chartered banks.

(4) Notwithstanding any other provisions of law, a bank has the powers and authorities that an out-of-state state bank operating a branch in Washington has if the director finds that the exercise of such powers and authorities serves the convenience and advantage of depositors and borrowers, or the general public, and maintains the fairness of competition and parity between state-chartered banks and out-of-state state banks.

(5) As used in this section, "powers and authorities" include without limitation powers and authorities in corporate governance and operational matters.

(6) The restrictions, limitations, and requirements applicable to specific powers and authorities of federally chartered banks and out-of-state state banks, as applicable, shall apply to banks exercising those powers and authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to exercising the powers and authorities granted banks solely under this section.

(7) The director may require a bank to provide notice to the director prior to implementation of a plan to develop, improve, or continue holding real estate, including capitalized and operating leases, acquired through any means in full or partial satisfaction of a debt previously contracted, under circumstances which a national bank would be required to provide notice to the comptroller of the currency prior to implementation of such a plan. The director may adopt rules or issue orders, directives, standards, policies, memoranda, or other official communications to specify guidance with regard to the exercise of the powers and authorities to expend such funds as are needed to enable a bank or trust company to recover its total investment to the fullest extent authorized for a national bank under the national bank act, 12 U.S.C. Sec. 29.

(8) Any activity which may be performed by a bank or trust company, except the taking of deposits, may be performed by (a) a corporation or (b) another entity approved by the director, which in either case is owned in whole or in part by the bank or trust company. Such books and accounts shall specify the cash, securities and other properties, real and personal, held in each trust, and such securities and properties shall be at all times segregated from all other securities and properties except as otherwise provided in this section.

(2) Any person connected with a bank or trust company who shall, contrary to this section or any other provision of law, commingle any funds or securities of any kind held by such corporation in trust, for safekeeping or as agent for another, with the funds or assets of the corporation is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(3) Notwithstanding any other provisions of law, any fiduciary holding securities in its fiduciary capacity or any state bank, national bank, or trust company holding securities as fiduciary or as custodian for a fiduciary is authorized to deposit or arrange for the deposit of such securities: (a) In a clearing corporation (as defined in Article 8 of the Uniform Commercial Code, chapter 62A.8 RCW); (b) within another state bank, national bank, or trust company having trust power whether located inside or outside of this state; or (c) within itself. The records of such fiduciary and the records of such state bank, national bank, or trust company as a fiduciary or as custodian for a fiduciary shall at all times show the name of the party for whose account the securities are so deposited. A state bank, national bank, or trust company acting as custodian for a fiduciary shall, on demand by the fiduciary, certify in writing to the fiduciary the securities so deposited by such state bank, national bank, or trust company in such clearing corporation or state bank, national bank, or trust company acting as such depository for the account of such fiduciary. A fiduciary shall, on demand by any party to a judicial proceeding for the settlement of such fiduciary’s account or on demand by the attorney for such party, certify in writing to such party the securities deposited by such fiduciary in such clearing corporation or state bank, national bank, or trust company acting as such depository for its account as such fiduciary.

This subsection shall apply to any fiduciary holding securities in its fiduciary capacity, and to any state bank, national bank, or trust company holding securities as a custodian, managing agent, or custodian for a fiduciary, acting on March 14, 1973 or who thereafter may act regardless of the date of the agreement, instrument, or court order by which it is appointed and regardless of whether or not such fiduciary, custodian, managing agent, or custodian for a fiduciary owns capital stock of such clearing corporation. The director may issue a temporary cease and desist order against such person in the manner provided for in RCW 30.04.455 if the general public or trust companies are likely to be substantially injured by delay in issuing a cease and desist order. After the period of supervisory direction specified by the director for compliance, if he or she determines that such bank or trust company has failed to comply with the lawful requirements imposed, upon due notice and hearing or by consent of the bank, the director may appoint a conservator, who shall immediately take charge of such bank or trust company and all of its property, books, records, and effects. The conservator shall conduct the business of the bank or trust company and take such steps toward the removal of the causes and conditions which have necessitated such order, as the director may direct. During the pendency of the conservatorship the conservator shall make such reports to the director from time to time as may be required by the director, and shall be empowered to take all necessary measures to preserve, protect, and recover any assets or property of such bank or trust company, including claims or causes of actions belonging to or which may be asserted by such bank, and to deal with the same in his or her own name as conservator, and shall be empowered to file, prosecute, and defend any suit and suits which have been filed or which may thereafter be filed by or against such bank or trust company which are deemed by the conservator to be necessary to protect all of the interested parties for a property affected thereby. The director, or any newly appointed assistant, may be appointed to serve as conservator. If the director, however, is satisfied that such bank or trust company is not in condition to continue business in the interest of its customers under the conservator as above provided, the director may proceed with appropriate remedies provided by other provisions of this title. [2013 c 76 § 16; 1994 c 92 § 136; 1975 1st ex.s. c 87 § 4.]

30.46.050 Costs as charge against bank’s or trust company’s assets. All costs incident to supervisory direction and the conservatorship shall be fixed and determined by the director and shall be a charge against the assets of the bank or trust company, excluding trust assets under management, to be allowed and paid as the director may determine. [2013 c 76 § 17; 1994 c 92 § 137; 1975 1st ex.s. c 87 § 5.]

30.46.060 Request for review of action—Stay of action—Orders subject to review. During the period of the supervisory direction and during the period of conservatorship, the bank or trust company may request the director to review an action taken or proposed to be taken by the representative or conservator; specifying wherein the action complained of is believed not to be in the best interest of the bank or trust company, and such request shall stay the action specified pending review of such action by the director. Any order entered by the director appointing a representative and providing that the bank or trust company shall not do certain acts as provided in RCW 30.46.030 and 30.46.040, any order entered by the director appointing a conservator, and any order by the director following the review of an action of the representative or conservator as herein above provided shall be subject to review in accordance with the administrative procedure act of the state of Washington. [2013 c 76 § 18; 1994 c 92 § 138; 1975 1st ex.s. c 87 § 6.]

30.46.070 Suits against bank, trust company, or conservator, where brought—Suits by conservator. Any suit filed against a bank or its conservator or a trust company or its conservator, after the entrance of an order by the director placing such bank or trust company in conservatorship and while such order is in effect, shall be brought in the superior court of Thurston county and not elsewhere. The conservator appointed hereunder for such bank or trust company may file suit in any superior court or other court of competent jurisdiction against any person for the purpose of preserving, protecting, or recovering any asset or property of such bank or trust company including claims or causes of action belonging to or which may be asserted by such bank. [2013 c 76 § 19; 1994 c 92 § 139; 1975 1st ex.s. c 87 § 7.]

30.46.080 Duration of conservator’s term—Rehabilitated banks or trust companies—Management. The conservator shall serve for such time as is necessary to accomplish the purposes of the conservatorship as intended by this chapter. If rehabilitated, the rehabilitated bank or trust company shall be returned to management or new management under such conditions as are reasonable and necessary to prevent recurrence of the condition which occasioned the conservatorship. [2013 c 76 § 20; 1975 1st ex.s. c 87 § 8.]
30.46.090 Authority of director. If the director determines to act under authority of this chapter, the sequence of his or her acts and proceedings shall be as set forth in this chapter. However, it is the purpose and substance of this chapter to authorize administrative discretion—to allow the director administrative discretion in the event of unsound banking or trust company operations—and in furtherance of that purpose the director is hereby authorized to proceed with regulation either under this chapter or under any other applicable provisions of law or under this chapter in connection with other law, either as such law is now existing or is hereinafter enacted, and it is so provided. [2013 c 76 § 21; 1994 c 92 § 140; 1975 1st ex.s. c 87 § 9.]

31.04.015 Definitions. The definitions set forth in this section apply throughout this chapter unless the context clearly requires a different meaning.

(1) "Add-on method" means the method of precomputing interest payable on a loan whereby the interest to be earned is added to the principal balance and the total plus any charges allowed under this chapter is stated as the loan amount, without further provision for the payment of interest except for failure to pay according to loan terms. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(2) "Applicant" means a person applying for a license under this chapter.

(3) "Borrower" means any person who consults with or retains a licensee or person subject to this chapter in an effort to obtain, or who seeks information about obtaining a loan, regardless of whether that person actually obtains such a loan. "Borrower" includes a person who consults with or retains a licensee or person subject to this chapter in an effort to obtain, or who seeks information about obtaining a residential mortgage loan modification, regardless of whether that person actually obtains a residential mortgage loan modification.

(4) "Depository institution" has the same meaning as in section 3 of the federal deposit insurance act on July 26, 2009, and includes credit unions.

(5) "Director" means the director of financial institutions.

(6) "Federal banking agencies" means the board of governors of the federal reserve system, comptroller of the currency, director of the office of thrift supervision, national credit union administration, and federal deposit insurance corporation.

(7) "Individual servicing a mortgage loan" means a person on behalf of a lender or servicer licensed by this state, who collects or receives payments including payments of principal, interest, escrow amounts, and other amounts due, on existing obligations due and owing to the licensed lender or servicer for a residential mortgage loan when the borrower is in default, or in reasonably foreseeable likelihood of default, working with the borrower and the licensed lender or servicer, collects data and makes decisions necessary to modify either temporarily or permanently certain terms of those obligations, or otherwise finalizing collection through the foreclosure process.

(8) "Insurance" means life insurance, disability insurance, property insurance, involuntary unemployment insurance, and such other insurance as may be authorized by the insurance commissioner.

(10) "Licensee" means a person to whom one or more licenses have been issued.

(11) "Loan" means a sum of money lent at interest or for a fee or other charge and includes both open-end and closed-end loan transactions.

(13) "Making a loan" means advancing, offering to advance, or making a commitment to advance funds to a borrower for a loan.

(14) "Mortgage broker" means the same as defined in RCW 19.146.010, except that for purposes of this chapter, a licensee or person subject to this chapter cannot receive compensation as both a consumer loan licensee making the loan and as a consumer loan licensee acting as the mortgage broker in the same loan transaction.

(15)(a) "Mortgage loan originator" means an individual who for compensation or gain (i) takes a residential mortgage loan application, or (ii) offers or negotiates terms of a residential mortgage loan. "Mortgage loan originator" does not include any individual who performs purely administrative or clerical tasks; and does not include a person or entity solely involved in extensions of credit relating to timeshare plans, as that term is defined in section 101(53D) of Title 11, United States Code. For the purposes of this definition, administra-
tive or clerical tasks means the receipt, collection, and distribution of information common for the processing of a loan in the mortgage industry and communication with a consumer to obtain information necessary for the processing of a residential mortgage loan.

(b) "Mortgage loan originator" also includes an individual who for compensation or gain performs residential mortgage loan modification services or holds himself or herself out as being able to perform residential mortgage loan modification services.

(c) "Mortgage loan originator" does not include a person or entity that only performs real estate brokerage activities and is licensed or registered in accordance with applicable state law, unless the person or entity is compensated by a lender, a mortgage broker, or other mortgage loan originator or by any agent of such a lender, mortgage broker, or other mortgage loan originator. For the purposes of chapter 120, Laws of 2009, the term "real estate brokerage activity" means any activity that involves offering or providing real estate brokerage services to the public, including:

(i) Acting as a real estate agent or real estate broker for a buyer, seller, lessor, or lessee of real property;
(ii) Bringing together parties interested in the sale, purchase, lease, rental, or exchange of real property;
(iii) Negotiating, on behalf of any party, any portion of a contract relating to the sale, purchase, lease, rental, or exchange of real property, other than in connection with providing financing with respect to such a transaction;
(iv) Engaging in any activity for which a person engaged in the activity is required to be registered or licensed as a real estate agent or real estate broker under any applicable law; and
(v) Offering to engage in any activity, or act in any capacity, described in (c)(i) through (iv) of this subsection.

(d) This subsection does not apply to employees of a housing counseling agency approved by the United States department of housing and urban development unless the employees of a housing counseling agency are required under federal law to be individually licensed as mortgage loan originators.

(16) "Nationwide multistate licensing system" means a licensing system developed and maintained by the conference of state bank supervisors and the American association of residential mortgage regulators for the licensing and registration of mortgage loan originators and other licensing types.

(17) "Officer" means an official appointed by the company for the purpose of making business decisions or corporate decisions.

(18) "Person" includes individuals, partnerships, associations, limited liability companies, limited liability partnerships, trusts, corporations, and all other legal entities.

(19) "Principal" means any person who controls, directly or indirectly through one or more intermediaries, alone or in concert with others, a ten percent or greater interest in a partnership; company; association or corporation; or a limited liability company, and the owner of a sole proprietorship.

(20) "Registered mortgage loan originator" means any individual who meets the definition of mortgage loan originator and is an employee of a depository institution; a subsidiary that is owned and controlled by a depository institution and regulated by a federal banking agency; or an institution regulated by the farm credit administration and is registered with, and maintains a unique identifier through, the nationwide multistate licensing system.

(21) "Residential mortgage loan" means any loan primarily for personal, family, or household use that is secured by a mortgage, deed of trust, or other equivalent consensual security interest on a dwelling, as defined in section 103(v) of the truth in lending act, or residential real estate upon which is constructed or intended to be constructed a dwelling.

(22) "Residential mortgage loan modification" means a change in one or more of a residential mortgage loan’s terms or conditions. Changes to a residential mortgage loan’s terms or conditions include but are not limited to forbearances; repayment plans; changes in interest rates, loan terms, or loan types; capitalizations of arrearages; or principal reductions.

(23) "Residential mortgage loan modification services" includes negotiating, attempting to negotiate, arranging, attempting to arrange, or otherwise offering to perform a residential mortgage loan modification for compensation or gain. "Residential mortgage loan modification services" also includes the collection of data for submission to an entity performing mortgage loan modification services.

(25) "Senior officer" means an officer of a licensee at the vice president level or above.

(26) "Service or servicing a loan" means on behalf of the lender or investor of a residential mortgage loan: (a) Collecting or receiving payments on existing obligations due and owing to the lender or investor, including payments of principal, interest, escrow amounts, and other amounts due; (b) Collecting fees due to the servicer; (c) Working with the borrower and the licensed lender or servicer to collect data and make decisions necessary to modify certain terms of those obligations either temporarily or permanently; (d) Otherwise finalizing collection through the foreclosure process; or (e) Servicing a reverse mortgage loan.

(27) "Service or servicing a reverse mortgage loan" means, pursuant to an agreement with the owner of a reverse mortgage loan: Calculating, collecting, or receiving payments of interest or other amounts due; administering advances to the borrower; and providing account statements to the borrower or lender.

(28) "Simple interest method" means the method of computing interest payable on a loan by applying the annual percentage interest rate or its periodic equivalent to the unpaid balances of the principal of the loan outstanding for the time outstanding.

(a) On a nonresidential loan each payment is applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest shall not be payable in advance nor compounded. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.
31.04.025 Application of chapter. (1) Each loan made to a resident of this state by a licensee, or persons subject to this chapter, is subject to the authority and restrictions of this chapter.

(2) This chapter does not apply to the following:

(k) Individuals employed by a licensed residential loan servicing company, unless so required by federal law or regulation; and

(l) Entities licensed under chapter 18.44 RCW that process payments on seller-financed loans secured by liens on real or personal property.

(3) The director may, at his or her discretion, waive the applicability of the consumer loan company licensing provisions of this chapter to other persons, not including individuals subject to the S.A.F.E. act, making or servicing loans when the director determines it necessary to facilitate commerce and protect consumers. The director may adopt rules interpreting this section.

(4) The burden of proving the application for an exemption or exception from a definition, or a preemption of a provision of this chapter, is upon the person claiming the exemption, exception, or preemption. [2013 c 64 § 2; 2013 c 29 § 2; 2012 c 17 § 1. Prior: 2009 c 191 § 1; prior: 2009 c 311 § 1; 2009 c 120 § 3; 2008 c 78 § 1; 2001 c 81 § 2; 1991 c 208 § 4.]

Findings—Declaration—2009 c 120: See note following RCW 31.04.015.

Severability—2008 c 78: “If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.” [2008 c 78 § 5.]

(3) Directly or indirectly obtain property by fraud or misrepresentation;

(9) Make any payment, directly or indirectly, to any appraiser of a property, for the purposes of influencing the independent judgment of the appraiser with respect to the value of the property;

(10) Accept from any borrower at or near the time a loan is made and in advance of any default an execution of, or induce any borrower to execute, any instrument of conveyance, not including a mortgage or deed of trust, to the lender of any ownership interest in the borrower’s primary residence that is the security for the borrower’s loan;

(11) Obtain at the time of closing a release of future damages for usury or other damages or penalties provided by law or a waiver of the provisions of this chapter;

(12) Advertise any rate of interest without conspicuously disclosing the annual percentage rate implied by that rate of interest;

(13) Violate any applicable state or federal law relating to the activities governed by this chapter; or

(14) Make loans from any unlicensed location. [2013 c 29 § 3; 2012 c 17 § 2; 2011 c 191 § 2; 2001 c 81 § 3.]

31.04.035 License required—When violation occurs. (1) No person may make secured or unsecured loans of money or things in action, or extend credit, or service or modify the terms or conditions of residential mortgage loans, without first obtaining and maintaining a license in accordance with this chapter, except those exempt under RCW 31.04.025.

(2) If a transaction violates subsection (1) of this section, any:

(a) Nonthird-party fees charged in connection with the origination of the residential mortgage loan must be refunded to the borrower, excluding interest charges; and

Findings—Declaration—2009 c 120: See note following RCW 31.04.015.

Severability—2008 c 78: See note following RCW 31.04.025.

31.04.093 Licensing—Applications—Regulation of licensees—Director’s duties and authority—Fines—Orders. (1) The director shall enforce all laws and rules relating to the licensing and regulation of licensees and persons subject to this chapter.

(2) The director may deny applications for licenses for:

(a) Failure of the applicant to demonstrate within its application for a license that it meets the requirements for licensing in RCW 31.04.045 and 31.04.055;

(b) Violation of an order issued by the director under this chapter or another chapter administered by the director, including but not limited to cease and desist orders and temporary cease and desist orders;

(c) Revocation or suspension of a license to conduct lending or residential mortgage loan servicing, or to provide settlement services associated with lending or residential mortgage loan servicing, by this state, another state, or by the federal government within five years of the date of submittal of a complete application for a license; or

(d) Filing an incomplete application when that incomplete application has been filed with the department for sixty or more days, provided that the director has given notice to the licensee that the application is incomplete, informed the applicant why the application is incomplete, and allowed at least twenty days for the applicant to complete the application.

(3) The director may suspend or revoke a license issued under this chapter if the director finds that:

(a) The licensee has failed to pay any fee due the state of Washington, has failed to maintain in effect the bond or permitted substitute required under this chapter, or has failed to comply with any specific order or demand of the director lawfully made and directed to the licensee in accordance with this chapter;

(b) The licensee, either knowingly or without the exercise of due care, has violated any provision of this chapter or any rule adopted under this chapter; or

(c) A fact or condition exists that, if it had existed at the time of the original application for the license, clearly would have allowed the director to deny the application for the original license. The director may revoke or suspend only the particular license with respect to which grounds for revocation or suspension may or occur or exist unless the director finds that the grounds for revocation or suspension are of general application to all offices or to more than one office operated by the licensee, in which case, the director may revoke or suspend all of the licenses issued to the licensee.

(4) The director may impose fines of up to one hundred dollars per day, per violation, upon the licensee, its employee or loan originator, or other person subject to this chapter for:

(a) Any violation of this chapter; or

(b) Failure to comply with any order or subpoena issued by the director under this chapter.

(5) The director may issue an order directing the licensee, its employee or loan originator, or other person subject to this chapter to:

(a) Cease and desist from conducting business in a manner that is injurious to the public or violates any provision of this chapter;

(b) Take such affirmative action as is necessary to comply with this chapter; or

(c) Make a refund or restitution to a borrower or other person who is damaged as a result of a violation of this chapter.

(6) The director may issue an order removing from office or prohibiting from participation in the affairs of any lic-
ensee, or both, any officer, principal, employee or loan originator, or any person subject to this chapter for:

(a) False statements or omission of material information from an application for a license that, if known, would have allowed the director to deny the original application for a license;

(b) Conviction of a gross misdemeanor involving dishonesty or financial misconduct or a felony;

(c) Suspension or revocation of a license to engage in lending or residential mortgage loan servicing, or perform a settlement service related to lending or residential mortgage loan servicing, in this state or another state;

(d) Failure to comply with any order or subpoena issued under this chapter;

(e) A violation of RCW 31.04.027, 31.04.102, 31.04.155, or 31.04.221; or

(f) Failure to obtain a license for activity that requires a license.

(7) Except to the extent prohibited by another statute, the director may engage in informal settlement of complaints or enforcement actions including, but not limited to, payment to the department for purposes of financial literacy and education programs authorized under RCW 43.320.150. If any person subject to this chapter makes a payment to the department under this section, the person may not advertise such payment.

(8) Whenever the director determines that the public is likely to be substantially injured by delay in issuing a cease and desist order, the director may immediately issue a temporary cease and desist order. The order may direct the licensee to discontinue any violation of this chapter, to take such affirmative action as is necessary to comply with this chapter, and may include a summary suspension of the licensee’s license and may order the licensee to immediately cease the conduct of business under this chapter. The order shall become effective at the time specified in the order. Every temporary cease and desist order shall include a provision that a hearing will be held upon request to determine whether the order will become permanent. Such hearing shall be held within fourteen days of receipt of a request for a hearing unless otherwise specified in chapter 34.05 RCW.

(9) A licensee may surrender a license by delivering to the director written notice of surrender, but the surrender does not affect the licensee’s civil or criminal liability, if any, for acts committed before the surrender. Inclusion of any administrative action initiated by the director to suspend or revoke a license, impose fines, compel the payment of restitution to borrowers or other persons, or exercise any other authority under this chapter.

(10) The revocation, suspension, or surrender of a license does not impair or affect the obligation of a preexisting lawful contract between the licensee and a borrower.

(11) Every license issued under this chapter remains in force and effect until it has been surrendered, revoked, or suspended in accordance with this chapter. However, the director may on his or her own initiative reinstate suspended licenses or issue new licenses to a licensee whose license or licenses have been revoked if the director finds that the licensee meets all the requirements of this chapter.

(12) A license issued under this chapter expires upon the licensee’s failure to comply with the annual assessment requirements in RCW 31.04.085, and the rules. The department must provide notice of the expiration to the address of record provided by the licensee. On the 15th day after the department provides notice, if the assessment remains unpaid, the license expires. The licensee must receive notice prior to expiration and have the opportunity to stop the expiration as set forth in rule. [2013 c 29 § 5; 2012 c 17 § 4; 2010 c 35 § 6; 2001 c 81 § 8; 1994 c 92 § 166; 1991 c 208 § 10.]

31.04.102 Loans secured, or not secured, by lien on real property—Licensee's obligations—Disclosure of fees and costs to borrower—Time limits. (1) For all loans made by a licensee that are not secured by a lien on real property, the licensee must make disclosures in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226, and all other applicable federal laws and regulations.

(2) For all loans made by a licensee that are secured by a lien on real property, the licensee shall provide to each borrower within three business days following receipt of a loan application a written disclosure containing an itemized estimate and explanation of all fees and costs that the borrower is required to pay in connection with obtaining a loan from the licensee. A good faith estimate of a fee or cost shall be provided if the exact amount of the fee or cost is not available when the disclosure is provided. Disclosure in a form which complies with the requirements of the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226, the real estate settlement procedures act and regulation X, 24 C.F.R. Sec. 3500, and all other applicable federal laws and regulations, as now or hereafter amended, shall be deemed to constitute compliance with this disclosure requirement. Each licensee shall comply with all other applicable federal and state laws and regulations.

(3) In addition, for all loans made by the licensee that are secured by a lien on real property, the licensee must provide to the borrower an estimate of the annual percentage rate on the loan and a disclosure of whether or not the loan contains a prepayment penalty within three days of receipt of a loan application. The annual percentage rate must be calculated in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 226. If a licensee provides the borrower with a disclosure in compliance with the requirements of the truth in lending act within three business days of receipt of a loan application, then the licensee has complied with this subsection. If the director determines that the federal government has required a disclosure that substantially meets the objectives of this subsection, then the director may make a determination by rule that compliance with this federal disclosure requirement constitutes compliance with this subsection.

(4) In addition for all consumer loans made by the licensee that are secured by a lien on real property, the licensee must comply with RCW 19.144.020. [2013 c 29 § 6; 2009 c 120 § 6; 2002 c 346 § 1; 2001 c 81 § 9.]

Findings—Declaration—2009 c 120: See note following RCW 31.04.015.

31.04.105 Licensee—Powers—Restrictions. Every licensee may:
(1) Lend money at a rate that does not exceed twenty-five percent per annum as determined by the simple interest method of calculating interest owed;

(2) In connection with the making of a loan, charge the borrower a nonrefundable, prepaid, loan origination fee not to exceed four percent of the first twenty thousand dollars and two percent thereafter of the principal amount of the loan advanced to or for the direct benefit of the borrower, which fee may be included in the principal balance of the loan;

Except for claims filed as requested by the notice, or debts or obligations that are known or reasonably should be known by the continuing credit union, the debts and obligations of the merging credit union are discharged. Upon merger, the charter of the merging credit union ceases to exist.

(4) Mergers are effective after the thirty-day notice period to creditors and all regulatory waiting periods have expired, and upon filing of the credit union’s articles of merger by the secretary of state, or a later date stated in the articles, which in no event may be later than ninety days after the articles are filed. Notwithstanding any other provisions of this title, a savings bank is subject to the same limits on loans and extensions of credit, and exceptions thereto, as set forth in RCW 30.04.111. [2013 c 76 § 23.]

#### 32.04.030 Branches—Director’s approval—Conditions—Definition.

(1) A savings bank may not, without the written approval of the director, establish and operate branches in any place.

(2) A savings bank headquartered in this state desiring to establish a branch shall file a written application with the director, who shall approve or disapprove the application.

(3) The director’s approval shall be conditioned on a finding that the savings bank has a satisfactory record of compliance with applicable laws and has a satisfactory financial condition. In making such findings, the director may rely on an application in the form filed with the federal deposit insurance corporation pursuant to 12 U.S.C. Sec. 1828(d). If the application for a branch is not approved, the savings bank shall have the right to appeal in the same manner and within the same time as provided by RCW 32.08.050 and 32.08.060.
The savings bank when delivering the application to the director shall transmit to the director a check in an amount established by rule to cover the expense of the investigation. A savings bank headquartered in this state shall not move its headquarters or any branch more than two miles from its existing location without prior approval of the director. On or before the date on which it opens any office at which it will transact business in any state, territory, province, or other jurisdiction, a savings bank shall give written notice to the director of the location of this office. No such notice shall become effective until it has been delivered to the director.

(4) The board of trustees of a savings bank, after notice to the director, may discontinue the operation of a branch. The savings bank shall keep the director informed in the matter and shall notify the director of the date operation of the branch is discontinued.

(5) A savings bank that is headquartered in this state and is operating branches in another state, territory, province, or other jurisdiction may provide copies of state examination reports and reports of condition of the savings bank to the regulator having oversight responsibility with regard to its operations in that other jurisdiction, including the regulator of savings associations in the event such a savings bank is transacting savings and loan business pursuant to RCW 32.08.142 in that other jurisdiction.

(6) No savings bank headquartered in another state may establish, or acquire pursuant to RCW 32.32.500, and operate branches as a savings bank or foreign savings association in any place within this state unless:

(a) The savings bank has filed with the director an agreement to comply with the requirements of RCW 30.38.040 for periodic reports by the savings bank or by the appropriate state superintendent or equivalent regulator of the savings bank under the laws of the state in which the savings bank is incorporated, unless the laws expressly require the provision of all the reports to the director;

(b) The savings bank has filed with the director (i) a duly executed instrument in writing, by its terms of indefinite duration and irrevocable, appointing the director and his or her successors its true and lawful attorney, upon whom all process in any action or proceeding against it in a cause of action arising out of business transacted by such savings bank in this state, may be served with the same force and effect as if it were a domestic corporation and had been lawfully served with process within the state, and (ii) a written certificate of designation, which may be changed from time to time by the filing of a new certificate of designation, specifying the name and address of the officer, agent, or other person to whom such process shall be forwarded by the director;

(c) The savings bank has supplied the director with such information as he or she shall require by rule, not to exceed the information on which the director may rely in approving a branch application pursuant to this section by a savings bank headquartered in this state; and

(d) The out-of-state savings bank would be permitted to establish or acquire and maintain branches in Washington state if it were chartered as a savings bank under this title. Peer-reviewed literature, if applicable, must be identified, as well as any scientific literature or other sources of information used. The department of fish and wildlife shall make available on the agency’s web site the index of records required under RCW 42.56.070(6) that are relied upon, or invoked, in support of a proposal for significant agency action.

(2)(a) For the purposes of this section, "significant agency action" means an act of the department of fish and wildlife that:

(i) Results in the development of a significant legislative rule as defined in RCW 34.05.328;

(ii) Results in the development of technical guidance, technical assessments, or technical documents that are used to directly support implementation of a state rule or state statute; or

(iii) Results in the development of fish and wildlife recovery plans.

(b) "Significant agency action" does not include rule making by the department of fish and wildlife associated with fishing and hunting rules.

(3) This section is not intended to affect agency action regarding individual permitting, compliance and enforcement decisions, or guidance provided by an agency to a local government on a case-by-case basis. [2013 c 68 § 2.]

Finding—Intent—2013 c 68: "(1) The legislature finds that it is critically important that scientific information used to inform public policy be of the highest quality and integrity. Furthermore, the legislature recognizes that a public benefit is derived from greater transparency as to what scientific information, data, or records are being used to inform public policy or relied upon in agency decision making.

(2) Therefore, in order to help ensure that agencies routinely use scientifically credible information in conducting their policy-making functions, it is the intent of the legislature to have those sources of scientific information reviewed and relied upon by agencies be identified in a clear and transparent way." [2013 c 68 § 1.]

34.05.272 Department of ecology—Significant agency action—Identification of sources of information used. (1) This section applies only to the water quality and shorelands and environmental assistance programs within the department of ecology.
(2) Before taking a significant agency action, the department of ecology must identify the sources of information reviewed and relied upon by the agency in the course of preparing to take significant agency action. Peer-reviewed literature, if applicable, must be identified, as well as any scientific literature or other sources of information used. The department of ecology shall make available on the agency's web site the index of records required under RCW 42.56.070(6) that are relied upon, or invoked, in support of a proposal for significant agency action.

(3) For the purposes of this section, "significant agency action" means an act of the department of ecology that:

(a) Results in the development of a significant legislative rule as defined in RCW 34.05.328; or

(b) Results in the development of technical guidance, technical assessments, or technical documents that are used to directly support implementation of a state rule or state statute.

(4) This section is not intended to affect agency action regarding individual permitting, compliance and enforcement decisions, or guidance provided by an agency to a local government on a case-by-case basis. [2013 c 69 § 2.]

Finding—Intent—2013 c 69: "(1) The legislature finds that it is critically important that scientific information used to inform public policy be of the highest quality and integrity. Furthermore, the legislature recognizes that a public benefit is derived from greater transparency as to what scientific information, data, or records are being used to inform public policy or relied upon in agency decision making.

(2) Therefore, in order to help ensure that agencies routinely use scientifically credible information in conducting their policy-making functions, it is the intent of the legislature to have those sources of scientific information reviewed and relied upon by agencies be identified in a clear and transparent way." [2013 c 69 § 1.]

34.05.425 Presiding officers—Disqualification, substitution. (1) Except as provided in subsection (2) of this section, in the discretion of the agency head, the presiding officer in an administrative hearing shall be:

(3) Any individual serving or designated to serve alone or with others as presiding officer is subject to disqualification for bias, prejudice, interest, or any other cause provided in this chapter or for which a judge is disqualified.

(4) Any party may petition for the disqualification of an individual promptly after receipt of notice indicating that the individual will preside or, if later, promptly upon discovering facts establishing grounds for disqualification.

(5) The individual whose disqualification is requested shall determine whether to grant the petition, stating facts and reasons for the determination.

(6) When the presiding officer is an administrative law judge, the provisions of this section regarding disqualification for cause are in addition to the motion of prejudice available under RCW 34.12.050.

(7) If a substitute is required for an individual who becomes unavailable as a result of disqualification or any other reason, the substitute must be appointed by the appropriate appointing authority.

(8) Any action taken by a duly appointed substitute for an unavailable individual is as effective as if taken by the unavailable individual. [2013 c 109 § 4; 1989 c 175 § 14; 1988 c 288 § 406.]

34.05.434 Notice of hearing. (1) The agency or the office of administrative hearings shall set the time and place of the hearing and give not less than seven days advance written notice to all parties and to all persons who have filed written petitions to intervene in the matter.

(2) The notice shall include:

(a) Unless otherwise ordered by the presiding officer, the names and mailing addresses of all parties to whom notice is being given and, if known, the names and addresses of their representatives;

(b) If the agency intends to appear, the mailing address and telephone number of the office designated to represent the agency in the proceeding;

(e) A statement of the time, place and nature of the proceeding;

(f) A statement of the legal authority and jurisdiction under which the hearing is to be held;

(g) A reference to the particular sections of the statutes and rules involved;

(h) A short and plain statement of the matters asserted by the agency; and

(i) A statement that a party who fails to attend or participate in a hearing or other stage of an adjudicative proceeding may be held in default in accordance with this chapter.

(3) If the agency is unable to state the matters required by subsection (2)(h) of this section at the time the notice is served, the initial notice may be limited to a statement of the issues involved. If the proceeding is initiated by a person other than the agency, the initial notice may be limited to the inclusion of a copy of the initiating document. Thereafter, upon request, a more definite and detailed statement shall be furnished.

(4) The notice may include any other matters considered desirable by the agency.

(5) The notice may be served on a party via electronic distribution, with a party's agreement. [2013 c 110 § 1; 1988 c 288 § 409; 1980 c 31 § 1; 1967 c 237 § 9; 1959 c 234 § 9. Formerly RCW 34.04.090.]
34.05.461 Entry of orders. (1) Except as provided in subsection (2) of this section:

(a) If the presiding officer is the agency head or one or more members of the agency head, the presiding officer may enter an initial order if further review is available within the agency, or a final order if further review is not available;

(b) If the presiding officer is a person designated by the agency to make the final decision and enter the final order, the presiding officer shall enter a final order; and

(c) If the presiding officer is one or more administrative law judges, the presiding officer shall enter an initial order.

(2) With respect to agencies exempt from chapter 34.12 RCW or an institution of higher education, the presiding officer shall transmit a full and complete record of the proceedings, including such comments upon demeanor of witnesses as the presiding officer deems relevant, to each agency official who is to enter a final or initial order after considering the record and evidence so transmitted.

(3) Initial and final orders shall include a statement of findings and conclusions, and the reasons and basis therefor, on all the material issues of fact, law, or discretion presented on the record, including the remedy or sanction and, if applicable, the action taken on a petition for a stay of effectiveness. Any findings based substantially on credibility of evidence or demeanor of witnesses shall be so identified. Findings set forth in language that is essentially a repetition or paraphrase of the relevant provision of law shall be accompanied by a concise and explicit statement of the underlying evidence of record to support the findings. The order shall also include a statement of the available procedures and time limits for seeking reconsideration or other administrative relief. An initial order shall include a statement of any circumstances under which the initial order, without further notice, may become a final order.

(4) Findings of fact shall be based exclusively on the evidence of record in the adjudicative proceeding and on matters officially noticed in that proceeding. Findings shall be based on the kind of evidence on which reasonably prudent persons are accustomed to rely in the conduct of their affairs. Findings may be based on such evidence even if it would be inadmissible in a civil trial. However, the presiding officer shall not base a finding exclusively on such inadmissible evidence unless the presiding officer determines that doing so would not unduly abridge the parties’ opportunities to confront witnesses and rebut evidence. The basis for this determination shall appear in the order.

(5) Where it bears on the issues presented, the agency’s experience, technical competency, and specialized knowledge may be used in the evaluation of evidence.

(6) If a person serving or designated to serve as presiding officer becomes unavailable for any reason before entry of the order, a substitute presiding officer shall be appointed as provided in RCW 34.05.425. The substitute presiding officer shall use any existing record and may conduct any further proceedings appropriate in the interests of justice.

(7) The presiding officer may allow the parties a designated time after conclusion of the hearing for the submission of memos, briefs, or proposed findings in accordance with subsection (7) of this section unless this period is waived or extended for good cause shown. The initial or final order may be served on a party via electronic distribution, with a party’s agreement.

(b) This subsection does not apply to the final order of the shorelines hearings board on appeal under RCW 90.58.180(3).

(9) The presiding officer shall cause copies of the order to be served on each party and the agency. [2013 c 110 § 2; 1995 c 347 § 312; 1989 c 175 § 19; 1988 c 288 § 418.]

Chapter 35.13 RCW ANNEXATION OF UNINCORPORATED AREAS

Sections
35.13.238 Annexation of territory served by fire districts, interlocal agreement process—Annexation of fire districts, interlocal agreement process—Annexation of fire
(1)(a) An annexation by a city or town that is proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A city or town proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the city’s or town’s interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(a) A statement of the goals of the agreement. Goals must include, but are not limited to:

(i) The transfer of revenues and assets between the fire protection districts and the city or town;

(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;

(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;

(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;

(v) Revenue sharing, if any;

(vi) Debt distribution;

(vii) Capital facilities obligations of the city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing cities’ development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(iv) Outstanding bonds and special or improvement district assessments;

(v) Annexation procedures;

(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;

(vii) Financial and administrative services; and

(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the city or town, the county, and the fire protection district.

(3) If the fire protection district, annexing city or town, and county reach an agreement on the enumerated goals, or if only the annexing city or town and county reach an agreement on the enumerated goals, the city or town may adopt an annexation ordinance, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing city or town, and the county reach agreement on an annexation for which a city or town has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the city or town, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35.13.080, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the city or town upon the date fixed in the ordinance of annexation.

(4) If any portion of a fire protection district is proposed for annexation to or incorporation into a city or town, both the fire protection district and the city or town shall jointly inform the employees of the fire protection district about hires, separations, terminations, and any other changes in employment that are a direct consequence of annexation or incorporation at the earliest reasonable opportunity.

(5) The needed employees shall be taken in order of seniority and the remaining employees who transfer as provided in this section and RCW 35.10.360 and 35.10.370 shall head the list for employment in the civil service system in order of their seniority, to the end that they shall be the first to be reemployed in the city or town fire department when appropriate positions become available. Employees who are not immediately hired by the city or town shall be placed on a reemployment list for a period not to exceed thirty-six
months unless a longer period is authorized by an agreement reached between the collective bargaining representatives of the employees of the annexing and annexed fire agencies and the annexing and annexed fire agencies.

(6)(a) Upon transfer, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of the fire protection district, including rights to:

(i) Compensation at least equal to the level of compensation at the time of transfer, unless the employee’s rank and duties have been reduced as a result of the transfer. If the transferring employee is placed in a position with reduced rank and duties, the employee’s compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee’s compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(7) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (6)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(8) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred. [2013 2nd sp.s. c 27 § 3; 2009 c 60 § 7.]

(1) All regular elections in cities organized under the statutory commission form of government shall be held quadrennially in the odd-numbered years on the dates provided in RCW 29A.04.330. However, after commissioners are elected at the next general election occurring in 1995 or 1997, regular elections in cities organized under a statutory commission form of government shall be held biennially at municipal general elections.

(2) The commissioners shall be nominated and elected at large. Their terms shall be for four years and until their successors are elected and qualified and assume office in accordance with RCW 29A.60.280. 35.20.255 Deferral or suspension of sentences—Probation—Maximum term—Transfer to another state. (1) Except as provided in subsection (3) of this section, judges of the municipal court, in their discretion, shall have the power in all criminal proceedings within their jurisdiction including violations of city ordinances, to defer imposition of any sentence, suspend all or part of any sentence including installment payment of fines, fix the terms of any such deferral or suspension, and provide for such probation as in their opinion is reasonable and necessary under the circumstances of the case, but in no case shall it extend for more than five years from the date of conviction for a defendant to be sentenced for a domestic violence offense or under RCW 46.61.5055 and two years from the date of conviction for all other offenses. A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant’s compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. Any time before entering an order terminating probation, the court may modify or revoke its order suspending or deferring the imposition or execution of the sentence. For the purposes of this subsection, "domestic violence offense" means a crime listed in RCW 10.99.020 that is not a felony offense.

(2)(a) If a defendant whose sentence has been deferred requests permission to travel or transfer to another state, the director of probation services or a designee thereof shall determine whether such request is subject to RCW 9.94A.745, the interstate compact for adult offender supervision. If such request is subject to the compact, the director or designee shall:
(i) Notify the department of corrections of the defendant’s request;
(ii) Provide the department of corrections with the supporting documentation it requests for processing an application for transfer;
(iii) Notify the defendant of the fee due to the department of corrections for processing an application under the compact;
(iv) Cease supervision of the defendant while another state supervises the defendant pursuant to the compact;
(v) Resume supervision if the defendant returns to this state before the period of deferral expires.
(b) The defendant shall receive credit for time served while being supervised by another state.
(c) If the probationer is returned to the state at the request of the receiving state under rules of the interstate compact for adult offender supervision, the department of corrections is responsible for the cost of returning the probationer.
(d) The state of Washington, the department of corrections and its employees, and any city and its employees are not liable for civil damages resulting from any act or omission authorized or required under this section unless the act or omission constitutes gross negligence.

35.91.020 Contracts with owners of real estate for water or sewer facilities—Requirements—Financing—Reimbursement of costs. (Effective July 1, 2014.)

35.91.015 Definitions. (Effective July 1, 2014.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Latecomer fee" means a charge collected by a municipality, whether separately stated or as part of a connection fee for providing access to a municipal system, against a real property owner who connects to or uses a water or sewer facility subject to a contract created under RCW 35.91.020.

(2) "Municipality" means the governing body of any county, city, town, or drainage district.

(3) "Water or sewer facilities" means storm, sanitary, or combination sewers, pumping stations, and disposal plants, water mains, hydrants, reservoirs, or appurtenances. [2013 c 243 § 2.]

Effective date—2013 c 243 §§ 2 and 3: "Sections 2 and 3 of this act take effect July 1, 2014." [2013 c 243 § 5.]

35.91.020 Contracts with owners of real estate for water or sewer facilities—Requirements—Financing—Reimbursement of costs. (Effective July 1, 2014.) (1)(a)
At the owner’s request, a municipality must contract with the owner of real estate for the construction or improvement of water or sewer facilities that the owner elects to install solely at the owner’s expense. The owner must submit a request for a contract to the municipality prior to approval of the water or sewer facility by the municipality. The owner’s request may only require a contract under this subsection (1)(a) in locations where a municipality’s ordinances require the facilities to be improved or constructed as a prerequisite to further property development. Water or sewer facilities improved or constructed in accordance with this subsection (1)(a) must be located within the municipality’s corporate limits or, except as provided otherwise by this subsection (1)(a), within ten miles of the municipality’s corporate limits. Water or sewer facilities improved or constructed in accordance with this subsection (1)(a) may not be located outside of the county that is party to the contract. The contract must be filed and recorded with the county auditor and must contain conditions required by the municipality in accordance with its adopted policies and standards. Unless the municipality provides written notice to the owner of its intent to request a comprehensive plan approval, the owner must request a comprehensive plan approval for a water or sewer facility, if required,
and connection of the water or sewer facility to the municipal system must be conditioned upon:

(i) Construction of the water or sewer facility according to plans and specifications approved by the municipality;
(ii) Inspection and approval of the water or sewer facility by the municipality;
(iii) Transfer to the municipality of the water or sewer facility, without cost to the municipality, upon acceptance by the municipality of the water or sewer facility;
(iv) Full compliance with the owner's obligations under the contract and with the municipality's rules and regulations;
(v) Provision of sufficient security to the municipality to ensure completion of the water or sewer facility and other performance under the contract;
(vi) Payment by the owner to the municipality of all of the municipality's costs associated with the water or sewer facility including, but not limited to, engineering, legal, and administrative costs; and
(vii) Verification and approval of all contracts and costs related to the water or sewer facility.

(b) If authorized by ordinance or contract, a municipality may participate in financing water or sewer facilities development projects authorized and improved or constructed in accordance with (a) of this subsection. Unless otherwise provided by ordinance or contract, municipalities that participate in the financing of water or sewer facilities improved or constructed in accordance with (a) of this subsection:

(i) Have the same rights to reimbursement as owners of real estate who make contributions as authorized under this section; and
(ii) Are entitled to a pro rata share of the reimbursement based on the respective contribution of the owner and the municipality.

(2) A contract entered into under this section must also provide, in accordance with the requirements of this section, for the pro rata reimbursement to the owner or the owner's assigns for twenty years, or for a longer period if extended in accordance with subsection (4) of this section. The reimbursements must be: (a) Within the period of time that the contract is effective; (b) for a portion of the costs of the water or sewer facilities improved or constructed in accordance with the contract; and (c) from latecomer fees received by the municipality from property owners who subsequently connect to or use the water or sewer facilities, but who did not contribute to the original cost of the facilities.

(3) Except as provided otherwise by this section, a municipality seeking reimbursement from an owner of real estate under this section is limited to the dollar amount authorized in accordance with subsection (7) of this section. This does not prevent the municipality from collecting amounts for services or infrastructure that are additional expenditures not subject to the ordinance, contract, or agreement, nor does it prevent the collection of fees that are reasonable and proportionate to the total expenses incurred by the municipality in complying with this section.

(4)(a) The contract may provide for an extension of the twenty-year reimbursement period for a time not to exceed the duration of any moratorium, phasing ordinance, concurrence designation, or other governmental action that prevents making applications for, or the approval of, any new development within the benefit area for a period of six months or more.

(b) Upon the extension of the reimbursement period pursuant to (a) of this subsection, the contract must specify the duration of the contract extension and must be filed and recorded with the county auditor. Property owners who are subject to the reimbursement obligations under subsection (1) of this section shall be notified by the contracting municipality of the extension filed under this subsection.

(5) The requirement for a municipality to contract with an owner of real estate for the construction or improvement of water or sewer facilities under this section is only applicable if the facilities are consistent with all applicable comprehensive plans and development regulations of the municipalities through which the facilities will be constructed or will serve.

(6) Each contract must include a provision requiring that every two years from the date the contract is executed a property owner entitled to reimbursement under this section provide the municipality with information regarding the current contract name, address, and telephone number of the person, company, or partnership that originally entered into the contract. If the property owner fails to comply with the notification requirements of this subsection within sixty days of the specified time, then the contracting municipality may collect any reimbursement funds owed to the property owner under the contract. The funds collected under this subsection must be deposited in the capital fund of the municipality.

(7) To the extent it may require in the performance of the contract, the municipality may install the water or sewer facilities in and along the county streets in the area to be served as hereinabove provided, subject to reasonable requirements as to the manner of occupancy of the streets as the county may by resolution provide. The provisions of the contract may not be effective as to any owner of real estate not a party thereto unless the contract has been recorded in the office of the county auditor of the county in which the real estate of the owner is located prior to the time the owner taps into or connects to the water or sewer facilities.

(8) Within one hundred twenty days of the completion of a water or sewer facility, the owners of the real estate must submit the total cost of the water or sewer facility to the applicable municipality. This information must be used by the municipality as the basis for determining reimbursements by future users who benefit from the water or sewer facility, but who did not contribute to the original cost of the water or sewer facility.

(9) Nothing in this section is intended to create a private right of action for damages against a municipality for failing to comply with the requirements of this section. A municipality, its officials, employees, or agents may not be held liable for failure to collect a latecomer fee unless the failure was willful or intentional. Failure of a municipality to comply with the requirements of this section does not relieve a municipality of any future requirement to comply with this section.

35A.14.480 Annexation of territory served by fire districts—Interlocal agreement process. (1)(a) An annexation by a code city proposing to annex territory served by one or more fire protection districts may be accomplished by ordinance after entering into an interlocal agreement as provided in chapter 39.34 RCW with the county and the fire protection district or districts that have jurisdiction over the territory proposed for annexation.

(b) A code city proposing to annex territory shall initiate the interlocal agreement process by sending notice to the fire protection district representative and county representative stating the code city’s interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:
(a) A statement of the goals of the agreement. Goals must include, but are not limited to:
(i) The transfer of revenues and assets between the fire protection district and the code city;
(ii) A consideration and discussion of the impact to the level of service of annexation on the unincorporated area, and an agreement that the impact on the ability of fire protection and emergency medical services within the incorporated area must not be negatively impacted at least through the budget cycle in which the annexation occurs;
(iii) A discussion with fire protection districts regarding the division of assets and its impact to citizens inside and outside the newly annexed area;
(iv) Community involvement, including an agreed upon schedule of public meetings in the area or areas proposed for annexation;
(v) Revenue sharing, if any;
(vi) Debt distribution;
(vii) Capital facilities obligations of the code city, county, and fire protection districts;
(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and
(ix) A description of which of the annexing code cities’ development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:
(i) Roads and traffic impact mitigation;
(ii) Surface and storm water management;
(iii) Coordination and timing of comprehensive plan and development regulation updates;
(iv) Outstanding bonds and special or improvement district assessments;
(v) Annexation procedures;
(vi) Distribution of debt and revenue sharing for annexation proposals, code enforcement, and inspection services;
(vii) Financial and administrative services; and
(viii) Consultation with other service providers, including water-sewer districts, if applicable.

(c) A term of at least five years, which may be extended by mutual agreement of the code city, the county, and the fire protection district.

(3) If the fire protection district, annexing code city, and county reach an agreement on the enumerated goals, or if only the annexing code city and county reach an agreement on the enumerated goals, the code city may adopt an annexation ordinance, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing code city, and the county reach agreement on an annexation for which a code city has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the code city, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35A.14.070, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.

After the expiration of the forty-fifth day from, but excluding, the date of passage of the annexation ordinance, if a timely and sufficient referendum petition has not been filed, the area annexed becomes a part of the code city upon the date fixed in the ordinance of annexation. 36.70A.300 Final orders.

(1) The board shall issue a final order that shall be based exclusively on whether or not a state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW.

(2)(a) Except as provided in (b) of this subsection, the final order shall be issued within one hundred eighty days of receipt of the petition for review, or, if multiple petitions are filed, within one hundred eighty days of receipt of the last petition that is consolidated.

(b) The board may extend the period of time for issuing a decision to enable the parties to settle the dispute if additional time is necessary to achieve a settlement, and (i) an extension is requested by all parties, or (ii) an extension is requested by the petitioner and respondent and the board determines that a negotiated settlement between the remaining parties could resolve significant issues in dispute. The request must be filed with the board not later than seven days before the date scheduled for the hearing on the merits of the petition. The board may authorize one or more extensions for up to ninety days each, subject to the requirements of this section.

(3) In the final order, the board shall either:
   (a) Find that the state agency, county, or city is in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW; or
   (b) Find that the state agency, county, or city is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption or amendment of shoreline master programs, or chapter 43.21C RCW as it relates to adoption of plans, development regulations, and amendments thereto, under RCW 36.70A.040 or chapter 90.58 RCW, in which case the board shall remand the matter to the affected state agency, county, or city. The board shall specify a reasonable time not in excess of one hundred eighty days, or such longer period as determined by the board in cases of unusual scope or complexity, within which the state agency, county, or city shall comply with the requirements of this chapter. The board may require periodic reports to the board on the progress the jurisdiction is making towards compliance.

(4)(a) Unless the board makes a determination of invalidity under RCW 36.70A.302, a finding of noncompliance and an order of remand shall not affect the validity of comprehensive plans and development regulations during the period of remand.

(b) Unless the board makes a determination of invalidity, state agencies, commissions, and governing boards may not determine a county, city, or town to be ineligible or otherwise penalized in the acceptance of applications or the awarding of state agency grants or loans during the period of remand. This subsection (4)(b) applies only to counties, cities, and towns that have: (i) Delayed the initial effective date of the action subject to the petition before the board until after the board issues a final determination; or (ii) within thirty days of receiving notice of a petition for review by the board, delayed or suspended the effective date of the action subject to the petition before the board until after the board issues a final determination.

(5) Any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in RCW 34.05.514 or 36.01.050 within thirty days of the final order of the board. Unless the board makes a determination of invalidity under RCW 36.70A.302, state agencies, commissions, or governing boards shall not penalize counties, cities, or towns during the pendency of an appeal as provided in RCW 43.17.250. The payment bond must be in an amount fixed by the department but must not be less than the amount of the performance bond. The secretary of transportation must approve each performance bond and payment bond authorized to be less than the full contract price of a project. (b) The department (shall) must develop risk assessment guidelines and gain approval of these guidelines from the office of financial management before implementing (a) of this subsection. The guidelines must include a clear process for how the department measures the state’s exposure to loss and how the performance bond amount, determined under (a) of this subsection, adequately protects one hundred percent of the state’s exposure to loss.

(c) The department (shall) must report to the house of representatives and senate transportation committees by December 1, 2012: Each project where the department authorized bonds that were less than the full contract price; the difference between the project amount and the bond requirements; the number of bidders on the project; and other information that documents the effects of the reduced bond amounts on the project.

(4) Where retainage is not withheld pursuant to RCW 60.28.011(1)(b),

upon final acceptance of the public works project, the state, county, municipality, or other public body must within thirty days notify the department of revenue, the employment security department, and the department of labor and industries of the completion of contracts over thirty-five thousand dollars.

(5) Subject to the process in RCW 39.10.280, public bodies may use the design-build procedure for public works projects in which the total project cost is between two million and ten million dollars and that meet one of the criteria in subsection (1)(a), (b), or (c) of this section.

(6) Subject to the process in RCW 39.10.280, a public body may seek committee approval for a design-build demonstration project that includes procurement of operations and maintenance services for a period longer than three years. (e) Contract documents that require the contractor, subcontractors, and designers to submit project information required by the board.

(2) A public body utilizing the design-build contracting procedure may provide incentive payments to contractors for early completion, cost savings, or other goals if such payments are identified in the request for proposals. [2013 c 222 § 10; 2007 c 494 § 203; 1994 c 132 § 7. Formerly RCW 39.10.070.]

The request for qualifications documents shall include:

(a) A general description of the project that provides sufficient information for proposers to submit qualifications;
(b) The reasons for using the design-build procedure;
(c) A description of the qualifications to be required of the proposer including, but not limited to, submission of the proposer’s accident prevention program;
(d) A description of the process the public body will use to evaluate qualifications and finalists’ proposals, including evaluation factors and the relative weight of factors and any specific forms to be used by the proposers;
(e) Evaluation factors for request for qualifications shall include, but not be limited to, technical qualifications, such as specialized experience and technical competence; capability to perform; past performance of the proposers’ team, including the architect-engineer and construction members; and other appropriate factors. Evaluation factors may also include: (A) The proposer’s past performance in utilization of small business entities; and (B) disadvantaged business enterprises. Cost or price-related factors are not permitted in the request for qualifications phase;
(ii) Evaluation factors for finalists’ proposals shall include, but not be limited to, the factors listed in (d)(i) of this subsection, as well as technical approach design concept; ability of professional personnel; past performance on similar projects; ability to meet time and budget requirements; ability to provide a performance and payment bond for the project; recent, current, and projected workloads of the firm; location; and cost or price-related factors that may include operating costs. The public body may also consider a proposer’s outreach plan to include small business entities and disadvantaged business enterprises as subcontractor and suppliers for the project. Alternatively, if the public body determines that all finalists will be capable of producing a design that adequately meets project requirements, the public body may award the contract to the firm that submits the responsive proposal with the lowest price;
(f) Protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;
(g) The form of the contract to be awarded;
(h) The schedule for the procurement process and the project; and
(i) Other information relevant to the project.
(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based solely on the factors, weighting, and process identified in the request for qualifications and any addenda issued by the public body. Based on the evaluation committee’s findings, the public body shall select not more than five responsive and responsible finalists to submit proposals. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

(3) The public body must notify all proposers of the finalists selected to move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee’s selection decision. At the request of a proposer not selected as a finalist, the public body must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the finalists must file the protest in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision is transmitted to the protestor.

(4) Upon selection of the finalists, the public body shall issue a request for proposals to the finalists, which shall provide the following information:
(a) A detailed description of the project including programmatic, performance, and technical requirements and specifications; functional and operational elements; minimum and maximum net and gross areas of any building; and, at the discretion of the public body, preliminary engineering and architectural drawings; and
(b) The target budget for the design-build portion of the project.

(5) The public body shall establish an evaluation committee to evaluate the proposals submitted by the finalists. Design-build contracts shall be awarded using the procedures in (a) or (b) of this subsection. The public body must identify in the request for qualifications which procedure will be used.
(a) The finalists’ proposals shall be evaluated and scored based solely on the factors, weighting, and process identified in the initial request for qualifications and in any addenda published by the public body. Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with the firm submitting the highest scored proposal. (1) Implementation of the project involves complex scheduling, phasing, or coordination;

(2) The project involves construction at an occupied facility which must continue to operate during construction;

(3) The involvement of the general contractor/construction manager during the design stage is critical to the success of the project;

(4) The project encompasses a complex or technical work environment; or

(5) The project requires specialized work on a building that has historic significance. [2013 c 222 § 12; 2007 c 494 § 301. Prior: 2003 c 352 § 3; 2003 c 300 § 5; 2002 c 46 § 2; 2001 c 328 § 3. Formerly RCW 39.10.061.]}

39.10.360 General contractor/construction manager procedure—Contract award process. (1) Public bodies shall select general contractor/construction managers early in the life of public works projects, and in most situations no later than the completion of schematic design.

(2) Contracts for the services of a general contractor/construction manager under this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. The public solicitation of proposals shall include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the general contractor/construction manager procedure;

(c) A description of the qualifications to be required of the firm, including submission of the firm’s accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation criteria, the relative weight of factors, and protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(e) The form of the contract, including any contract for preconstruction services, to be awarded;

(f) The estimated maximum allowable construction cost; and

(g) The bid instructions to be used by the general contractor/construction manager finalists.

(3)(a) Evaluation factors for selection of the general contractor/construction manager shall include, but not be limited to:

(i) Ability of the firm’s professional personnel;

(ii) The firm’s past performance in negotiated and complex projects;

(iii) The firm’s ability to meet time and budget requirements;

(iv) The scope of work the firm proposes to self-perform and its ability to perform that work;

(v) The firm’s proximity to the project location;

(vi) Recent, current, and projected workloads of the firm; and

(vii) The firm’s approach to executing the project.

(b) An agency may also consider the firm’s outreach plan to include small business entities and disadvantaged business enterprises, and the firm’s past performance in the utilization of such firms as an evaluation factor.

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, at the time specified by the public body, the public body shall submit final proposals, including sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. The public body shall establish a time and place for the opening of sealed bids for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal. At the time and place named, these bids must be publicly opened and read and the public body shall make all previous scoring available to the public. The public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public solicitation of proposals. A public body shall not
evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

5. The public body shall notify all finalists of the selection decision and make a selection summary of the final proposals available to all proposers within two business days of such notification. If the public body receives a timely written protest from a proposer, the public body may not execute a contract until two business days after the final protest decision is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

6. Public bodies may contract with the selected firm to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. 39.10.385 General contractor/construction manager procedure—Subcontract bidding procedure. (1) All subcontract work and equipment and material purchases shall be competitively bid with public bid openings. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement.

2. All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to the bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

3. All subcontractors who bid work over three hundred thousand dollars shall post a bid bond. All subcontractors who are awarded a contract over three hundred thousand dollars shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

4. If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days’ written notice to all bidders of the intent to execute a contract for the subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

5. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

6. The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price based upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the available funds;

(b) The apparent low responsive bid or proposal does not exceed the available funds by the greater of one hundred twenty-five thousand dollars or two percent for projects valued over ten million dollars; and

(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds.

7. If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

8. The general contractor/construction manager must provide a written explanation if all bids are rejected. [2013 c 222 § 14; 2007 c 494 § 305.]

Sunset Act application: See note following chapter digest.

39.10.385 General contractor/construction manager procedure—Alternative subcontractor selection process. As an alternative to the subcontract selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select mechanical subcontractors, electrical subcontractors, or both, using the process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

1. In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; how interested parties may, prior to the hearing, obtain the evaluation criteria and applicable weight given to each criteria that will be used for evaluation; and protest procedures including time limits for filing a protest, which may in no event, limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;
(b) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for using this selection process, the evaluation criteria, weights for each criterion, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. Any modifications to the criteria, weights, and protest procedures based on comments received during the public hearing process must be included in the final determination.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of proposals must be provided to the office of minority and women's business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available;

(b) The reasons for using the alternative selection process;

(c) A description of the minimum qualifications required of the firm;

(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(e) Protest procedures;

(f) The form of the contract, including any contract for preconstruction services, to be awarded;

(g) The estimated maximum allowable subcontract cost; and

(h) The bid instructions to be used by the finalists.

(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:

(a) Ability of the firm's professional personnel;

(b) The firm's past performance on similar projects;

(c) The firm's ability to meet time and budget requirements;

(d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;

(e) The firm's plan for outreach to minority and women-owned businesses;

(f) The firm's proximity to the project location;

(g) The firm's capacity to successfully complete the project;

(h) The firm's approach to executing the project;

(i) The firm's approach to safety on the project;

(j) The firm's safety history; and

(k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the committee. Final proposals, including sealed bids for the percent fee on the estimated maximum allowable subcontract cost, and the fixed amount for the subcontract general conditions work specified in the request for proposal, will be requested from the most qualified firms.

(5) The general contractor/construction manager must notify all proposers of the most qualified firms that will move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer, the general contractor/construction manager must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the most qualified finalists must file the protest with the public body in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision issued by the public body is transmitted to the protestor.

(6) The general contractor/construction manager and the public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors identified in the solicitation of proposals. The scoring of the nonprice factors must be made available at the opening of the fee and cost proposals. The general contractor/construction manager shall notify all proposers of the selection decision and make a selection summary of the final proposals, which shall be available to all proposers within two business days of such notification. The general contractor/construction manager may not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(7) If the public body receives a timely written protest from a "most qualified firm," the general contractor/construction manager may not execute a contract for the protested subcontract work until two business days after the final protest decision issued by the public body is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(8) If the general contractor/construction manager is unable to negotiate a satisfactory maximum allowable subcontract cost with the firm selected deemed by public body and the general contractor/construction manager to be fair, reasonable, and within the available funds, negotiations with that firm must be formally terminated and the general contractor/construction manager may negotiate with the next highest scored firm until an agreement is reached or the process is terminated.

(9) With the approval of the public body, the general contractor/construction manager may contract with the selected firm to provide preconstruction services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work; and to act as the mechanical or electrical subcontractor during the construction phase.

(10) The maximum allowable subcontract cost must be used to establish a total subcontract cost for purposes of a performance and payment bond. Total subcontract cost means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable subcontract cost, and the percent fee on the negotiated maximum allowable subcontract cost. Maximum allowable subcontract cost means the maximum cost to complete the work specified
for the subcontract, including the estimated cost of work to be performed by the subcontractor’s own forces, a percentage for risk contingency, negotiated support services, and approved change orders. The maximum allowable subcontract cost must be negotiated between the general contractor/construction manager and the selected firm when the construction documents and specifications are at least ninety percent complete. Final agreement on the maximum allowable subcontract cost is subject to the approval of the public body.

(11) If the work of the mechanical contractor or electrical contractor is completed for less than the maximum allowable subcontract cost, any savings not otherwise negotiated as part of an incentive clause becomes part of the risk contingency included in the general contractor/construction manager’s maximum allowable construction cost. If the work of the mechanical contractor or the electrical contractor is completed for more than the maximum allowable subcontract cost, the additional cost is the responsibility of that subcontractor. An independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract.

(12) A mechanical or electrical contractor selected under this section may perform work with its own forces. In the event it elects to subcontract some of its work, it must select a subcontractor utilizing the procedure outlined in RCW 39.10.380. [2013 c 222 § 15; 2010 c 163 § 1.]

39.10.390 General contractor/construction manager procedure—Subcontract work. (1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager’s intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries assign warranty responsibility or the terms of its contract or purchase order with vendors for equipment or material purchases to subcontract bid package bidders or subcontractors who have been awarded a contract. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed thirty percent of the negotiated maximum allowable construction cost. Negotiated support services performed by the general contractor/construction manager shall not be considered subcontract work for purposes of this subsection. [2013 c 222 § 16; 2007 c 494 § 306.]

Sunset Act application: See note following chapter digest.

39.10.400 General contractor/construction manager procedure—Prebid determination of subcontractor eligibility. (1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least fourteen calendar days before conducting a public hearing;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and how interested parties may, at least five days before the hearing, obtain the specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for each criteria established in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded one opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section. [2013 c 222 § 17; 2007 c 494 § 307.]

39.10.420 Job order procedure—Which public bodies may use—Authorized use. (1) The following public bodies of the state of Washington are authorized to award job order contracts and use the job order contracting procedure:

(a) The department of enterprise services;

(b) The state universities, regional universities, and the Evergreen State College;

(c) Sound transit (central Puget Sound regional transit authority);
(d) Every city with a population greater than seventy thousand and any public authority chartered by such city under RCW 35.21.730 through 35.21.755;
(e) Every county with a population greater than four hundred fifty thousand;
(f) Every port district with total revenues greater than fifteen million dollars per year;
(g) Every public utility district with revenues from energy sales greater than twenty-three million dollars per year;
(h) Every school district;
(i) The state ferry system; and
(j) The Washington state department of transportation, for the administration of building improvement, replacement, and renovation projects only.

(2)(a) The department of enterprise services may issue job order contract work orders for Washington state parks department projects.
(b) The department of enterprise services, the University of Washington, and Washington State University may issue job order contract work orders for the state regional universities and The Evergreen State College.

(3) Public bodies may use a job order contract for public works projects when a determination is made that the use of job order contracts will benefit the public by providing an effective means of reducing the total lead-time and cost for the construction of public works projects for repair and renovation required at public facilities through the use of unit price books and work orders by eliminating time-consuming, costly aspects of the traditional public works process, which require separate contracting actions for each small project.

(4) At least ninety percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including minority and woman-owned subcontractors to the extent permitted by law.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated.

(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor’s sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, 2021; however the job order contract may be extended or renewed as provided for in this section.

(9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter. [2013 c 222 § 19; 2007 c 494 § 403.]

Sunset Act application: See note following chapter digest.

39.10.440 Job order procedure—Contract requirements. (1) The maximum total dollar amount that may be awarded under a job order contract is four million dollars per year for a maximum of three years. The maximum total dollar amount that may be awarded under a job order contract for counties with a population of more than one million is six million dollars per year for a maximum of three years.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than two job order contracts in effect at any one time, with the exception of the department of enterprise services, which may have four job order contracts in effect at any one time.

(4) At least ninety percent of work contained in a job order contract must be subcontracted to entities other than the

PREVAILING WAGES ON PUBLIC WORKS

Sections

(1) Except as provided in subsection (2) of this section, before payment is made by or on behalf of the state, or any county, municipality, or political subdivision created by its laws, of any sum or sums due on account of a public works contract, it is the duty of the officer or person charged with the custody and disbursement of public funds to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer a "Statement of Intent to Pay Prevailing Wages". For a contract in excess of ten thousand dollars, the statement of intent to pay prevailing wages must include:
   (i) The contractor's registration certificate number; and
   (ii) The prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020 and the estimated number of workers in each classification.
(b) Each statement of intent to pay prevailing wages must be approved by the industrial statistician of the department of labor and industries before it is submitted to the disbursing officer. Unless otherwise authorized by the department of labor and industries, each voucher claim submitted by a contractor for payment on a project estimate must state that the prevailing wages have been paid in accordance with the prefilled statement or statements of intent to pay prevailing wages on file with the public agency. Following the final acceptance of a public works project, it is the duty of the officer charged with the disbursement of public funds, to require the contractor and each and every subcontractor from the contractor or a subcontractor to submit to such officer an affidavit of wages paid. Upon receipt of the affidavit of wages paid, the awarding agency must require the contractor or subcontractor to submit the statement of intent to pay prevailing wages paid form, the contractor or subcontractor with whom the contractor had a contractual relationship for the project may file the forms on behalf of the nonresponsive subcontractor. Affidavit forms may only be filed on behalf of a nonresponsive subcontractor who has ceased operations or failed to file as required by this section. The contractor filing the affidavit must accept responsibility for payment of prevailing wages unpaid by the subcontractor on the project pursuant to RCW 39.12.020 and 39.12.065. Intentionally filing a false affidavit on behalf of a subcontractor subjects the filer to the same penalties as are provided in RCW 39.12.050. Each affidavit of wages paid must be certified by the industrial statistician of the department of labor and industries before it is submitted to the disbursing officer.

39.30.040 Purchases—Competitive bidding—Consideration of tax revenues—Purchase of recycled or reused materials or products—Definitions. (1) Whenever a unit of local government is required to make purchases from the lowest bidder or from the supplier offering the lowest price for the items desired to be purchased, the unit of local government may, at its option when awarding a purchase contract, take into consideration tax revenue it would receive from purchasing the supplies, materials, or equipment from a supplier located within the boundaries of the unit of local government. The unit of local government must award the purchase contract to the lowest bidder after such tax revenue has been considered. However, any local government may allow for preferential purchase of products made from recycled materials or products that may be recycled or reused. Any unit of local government which considers tax revenue it would receive from the imposition of taxes upon a supplier located within its boundaries must also consider tax revenue it would receive from taxes it imposes upon a supplier located outside its boundaries.

(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.45.060 and 41.45.067.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to the member’s estate, or such person or persons, trust, or organization as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient’s death, then to the surviving spouse or domestic partner, or, if there is neither such designated person or persons still living at the time of his or her death nor a surviving spouse or domestic partner, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member’s surviving spouse or, if there is no surviving spouse, then in equal shares to the member’s children. If there is no surviving spouse or children, the department shall retain the contributions.

(5) Should the disability retirement allowance of any disability beneficiary be canceled for any cause other than reentrance into service or retirement for service, he or she shall be paid the excess, if any, of the accumulated contributions at the time of retirement over all payments made on his or her behalf under this chapter.

(6) A member who becomes disabled in the line of duty, and who ceases to be an employee of an employer except by service or disability retirement, may request a refund of one hundred fifty percent of the member’s accumulated contributions. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent. A person in receipt of this benefit is a retiree.

(7) A member who becomes disabled in the line of duty shall be entitled to receive a minimum retirement allowance equal to ten percent of such member’s final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member’s average final salary for each year of service beyond five.

(8) A member who became disabled in the line of duty before January 1, 2001, and is receiving an allowance under RCW 41.26.430 or subsection (1) of this section shall be entitled to receive a minimum retirement allowance equal to ten percent of such member’s final average salary. The member shall additionally receive a retirement allowance equal to two percent of such member’s average final salary for each year of service beyond five, and shall have the allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age fifty-three. An additional benefit shall not result in a total monthly benefit greater than that provided in subsection (1) of this section.

(9) A member who is totally disabled in the line of duty is entitled to receive a retirement allowance equal to seventy percent of the member’s final average salary. The allowance provided under this subsection shall be offset by:

(a) Temporary disability wage-replacement benefits or permanent total disability benefits provided to the member under Title 51 RCW; and

(b) Federal social security disability benefits, if any; so that such an allowance does not result in the member receiving combined benefits that exceed one hundred percent of the member’s final average salary. However, the offsets shall not in any case reduce the allowance provided under this subsection below the member’s accrued retirement allowance.

A member is considered totally disabled if he or she is unable to perform any substantial gainful activity due to a physical or mental condition that may be expected to result in death or that has lasted or is expected to last at least twelve months. Substantial gainful activity is defined as average earnings in excess of eight hundred sixty dollars a month in 2006 adjusted annually as determined by the director based on federal social security disability standards. The department may require a person in receipt of an allowance under this subsection to provide any financial records that are necessary to determine continued eligibility for such an allowance. A person in receipt of an allowance under this subsection whose earnings exceed the threshold for substantial gainful activity shall have their benefit converted to a line-of-duty disability retirement allowance as provided in subsection (7) of this section.

Any person in receipt of an allowance under the provisions of this section is subject to comprehensive medical examinations as may be required by the department under
subsection (2) of this section in order to determine continued eligibility for such an allowance.

(10)(a) In addition to the retirement allowance provided in subsection (9) of this section, the retirement allowance of a member who is totally disabled in the line of duty shall include reimbursement for any payments made by the member after June 10, 2010, for premiums on employer-provided medical insurance, insurance authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA), medicare part A (hospital insurance), and medicare part B (medical insurance). A member who is entitled to medicare must enroll and maintain enrollment in both medicare part A and medicare part B in order to remain eligible for the reimbursement provided in this subsection. The legislature reserves the right to amend or repeal the benefits provided in this subsection in the future and no member or beneficiary has a contractual right to receive any distribution not granted prior to that time.

(b) The retirement allowance of a member who is not eligible for reimbursement provided in (a) of this subsection shall include reimbursement for any payments made after June 30, 2013, for premiums on other medical insurance. However, in no instance shall the reimbursement exceed the amount reimbursed for premiums authorized by the consolidated omnibus budget reconciliation act of 1985 (COBRA).

STATE COLLECTIVE BARGAINING

Sections

41.80.010 Negotiation and ratification of collective bargaining agreements.

41.80.010 Negotiation and ratification of collective bargaining agreements.

For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor’s designee, except as provided for institutions of higher education in subsection (4) of this section.

(2)(a) If an exclusive bargaining representative represents more than one bargaining unit, the exclusive bargaining representative shall negotiate with each employer representative as designated in subsection (1) of this section one master collective bargaining agreement on behalf of all the employees in bargaining units that the exclusive bargaining representative represents. For those exclusive bargaining repre-
sentatives who represent fewer than a total of five hundred employees each, negotiation shall be by a coalition of all those exclusive bargaining representatives. The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor’s designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties’ agreement regarding the issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor’s designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(c) If five hundred or more employees of an independent state elected official listed in RCW 43.01.010 are organized in a bargaining unit or bargaining units under RCW 41.80.070, the official shall be consulted by the governor or the governor’s designee before any agreement is reached under (a) of this subsection concerning supplemental bargaining of agency specific issues affecting the employees in such bargaining unit.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor’s budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor’s designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor’s designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor’s designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(iii) A governing board of a community college may elect to have its negotiations conducted by the governor or governor’s designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter
into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit’s initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature. 41.80.020 Scope of bargaining. (1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;
(b) Any retirement system or retirement benefit; or
(c) Rules of the human resources director, the director of enterprise services, or the Washington personnel resources board adopted under RCW 41.06.157.

(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4). For agreements covering the 2013-2015 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and condi-
tions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142. [2013 2nd sp.s. c 4 § 972. Prior: 2011 1st sp.s. c 50 § 939; 2011 1st sp.s. c 43 § 445; 2010 c 283 § 16; 2002 c 354 § 303.]

An action is deemed to have been commenced when the appropriate ethics board or the board’s executive director accepts a complaint for filing and initiates a preliminary investigation.

If the person who brings the citizen’s action prevails, the judgment awarded shall escheat to the state, but the person shall be entitled to be reimbursed by the state of Washington for costs and attorneys’ fees incurred. Findings—2003 c 17: “The legislature recognizes that:

(1) Biodiesel is less polluting than petroleum diesel;

(2) Using biodiesel in neat form or blended with petroleum diesel significantly reduces air toxics and cancer-causing compounds as well as the soot associated with petroleum diesel exhaust;

(3) Biodiesel degrades much faster than petroleum diesel; and

(4) Biodiesel is less toxic than petroleum fuels;

(5) The United States environmental protection agency’s new emission standards for petroleum diesel that take effect June 1, 2006, will require the addition of a lubricant to ultra-low sulfur diesel to counteract premature wear of injection pumps;

(6) Biodiesel provides the needed lubricity to ultra-low sulfur diesel;

(7) Biodiesel use in state-owned diesel-powered vehicles provides a means for the state to comply with the alternative fuel vehicle purchase requirements of the energy policy act of 1992, P.L. 102-486; and

(8) The state is in a position to set an example of large scale use of biodiesel in diesel-powered vehicles and equipment.” [2003 c 17 § 1.]

43.19.648 Publicly owned vehicles, vessels, and construction equipment—Fuel usage—Advisory committee—Tires. (1) Effective June 1, 2015, all state agencies, to the extent determined practicable by the rules adopted by the department of commerce pursuant to RCW 43.325.080, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel. Compressed natural gas, liquefied natural gas, or propane may be substituted for electricity or biofuel if the department of commerce determines that electricity and biofuel are not reasonably available.

(2)(a) Effective June 1, 2018, all local government subdivisions of the state, to the extent determined practicable by the rules adopted by the department of commerce pursuant to RCW 43.325.080, are required to satisfy one hundred percent of their fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel. The department of commerce shall convene an advisory committee of representatives of local government subdivisions, representatives from organizations representing each local government subdivision, and either (i) an electric utility or (ii) a natural gas utility, or both, to work with the department to develop the rules. The department may invite additional stakeholders to participate in the advisory committee as needed and determined by the department.

(b) The following are exempt from this requirement: (i) Transit agencies using compressed natural gas on June 1, 2018, and (ii) engine retrofits that would void warranties. Nothing in this section is intended to require the replacement of equipment before the end of its useful life. Compressed natural gas, liquefied natural gas, or propane may be substituted for electricity or biofuel if the department of commerce determines that electricity and biofuel are not reasonably available.

(c)(i) Rules adopted pursuant to RCW 43.325.080 must provide the authority for local government subdivisions to elect to exempt police, fire, and other emergency response vehicles, including utility vehicles frequently used for emergency response, from the fuel usage requirement in (a) of this subsection.

(ii) Prior to executing its authority under (c)(i) of this subsection, a local government subdivision must provide notice to the department of commerce of the exemption. The notice must include the rationale for the exemption and an explanation of how the exemption is consistent with rules adopted by the department of commerce.

(d) Before June 1, 2018, local government subdivisions purchasing vessels, vehicles, and construction equipment capable of using biodiesel must request warranty protection for the highest level of biodiesel the vessel, vehicle, or construction equipment is capable of using, up to one hundred
percent biodiesel, as long as the costs are reasonably equal to a vessel, vehicle, or construction equipment that is not warranted to use up to one hundred percent biodiesel. (3) In order to phase in this transition for the state, all state agencies, to the extent determined practicable by the department of commerce by rules adopted pursuant to RCW 43.325.080, are required to achieve forty percent fuel usage for operating publicly owned vessels, vehicles, and construction equipment from electricity or biofuel by June 1, 2013. Compressed natural gas, liquefied natural gas, or propane may be substituted for electricity or biofuel if the department of commerce determines that electricity and biofuel are not reasonably available. The department of enterprise services, in consultation with the department of commerce, shall report to the governor and the legislature by December 1, 2013, on what percentage of the state’s fuel usage is from electricity or biofuel. (4) Except for cars owned or operated by the Washington state patrol, when tires on vehicles in the state’s motor vehicle fleet are replaced, they must be replaced with tires that have the same or better rolling resistance as the original tires. (5) By December 31, 2015, the state must, to the extent practicable, install electrical outlets capable of charging electric vehicles in each of the state’s fleet parking and maintenance facilities. (6) The department of transportation’s obligations under subsection (3) of this section are subject to the availability of amounts appropriated for the specific purpose identified in subsection (3) of this section. (7) The department of transportation’s obligations under subsection (5) of this section are subject to the availability of amounts appropriated for the specific purpose identified in subsection (5) of this section unless the department receives federal or private funds for the specific purpose identified in subsection (5) of this section. (8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise. (a) "Battery charging station" means an electrical component assembly or cluster of component assemblies designed specifically to charge batteries within electric vehicles, which meet or exceed any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. (b) "Battery exchange station" means a fully automated facility that will enable an electric vehicle with a swappable battery to enter a drive lane and exchange the depleted battery with a fully charged battery through a fully automated process, which meets or exceeds any standards, codes, and regulations set forth by chapter 19.28 RCW and consistent with rules adopted under RCW 19.27.540. **43.19.791 Data processing revolving fund—Created—Use.** There is created a revolving fund to be known as the data processing revolving fund in the custody of the state treasurer. The revolving fund shall be used for the acquisition of equipment, software, supplies, and services and the payment of salaries, wages, and other costs incidental to the acquisition, development, operation, and administration of information services, telecommunications, systems, software, supplies and equipment, including the payment of principal and interest on bonds issued for capital projects, by the department, Washington State University’s computer services center, the department of enterprise services’ personnel information systems group and financial systems management group, and other users as determined by the office of financial management. The revolving fund is subject to the allotment procedure provided under chapter 43.88 RCW. The chief information officer or the chief information officer’s designee, with the approval of the technology services board, is authorized to expend up to one million dollars per fiscal biennium for the technology services board to conduct independent technical and financial analysis of proposed information technology projects, and such an expenditure does not require an appropriation. Disbursements from the revolving fund for the services component of the department are subject to appropriation. Disbursements for the strategic planning and policy component of the department are subject to appropriation. All disbursements from the fund are subject to the allotment procedures provided under chapter 43.88 RCW. The department shall establish and implement a billing structure to assure all agencies pay an equitable share of the costs.

During the 2011-2013 and the 2013-2015 fiscal biennia, the legislature may transfer from the data processing revolving account to the state general fund such amounts as reflect the excess fund balance and may use the data processing revolving account for information technology projects.

As used in this section, the word "supplies" shall not be interpreted to delegate or abrogate the division of purchasing’s responsibilities and authority to purchase supplies as described in *RCW 43.19.190 and 43.19.200. **43.19.800 Transfer of ownership of department-owned vessel—Further requirements.** (1) Following the inspection required under RCW 43.19.1919 and prior to transferring ownership of a department-owned vessel, the department shall obtain the following from the transferee:
(a) The purposes for which the transferee intends to use the vessel; and
(b) Information demonstrating the prospective owner’s intent to obtain legal moorage following the transfer, in the manner determined by the department.

(2)(a) The department shall remove any containers or other materials that are not fixed to the vessel and contain hazardous substances, as defined under RCW 70.105D.020.

(b) However, the department may transfer a vessel with:
(i) Those containers or materials described under (a) of this subsection where the transferee demonstrates to the department’s satisfaction that the container’s or material’s presence is consistent with the anticipated use of the vessel; and
(ii) A reasonable amount of fuel as determined by the department, based on factors including the vessel’s size, condition, and anticipated use of the vessel, including initial destination following transfer.

(c) The department may consult with the department of ecology in carrying out the requirements of this subsection (2).

(3) Prior to sale, and unless the vessel has a title or valid marine document, the department is required to apply for a certificate of title for the vessel under RCW 88.02.510 and register the vessel under RCW 88.02.550. [2013 c 291 § 6.]

43.20A.765 Mental health first aid training for teachers and educational staff. Subject to appropriation for this specific purpose, the department shall provide funds for mental health first aid training targeted at teachers and educational staff. The training will follow the model developed by the department of psychology in Melbourne, Australia. Instruction provided will describe common mental disorders that arise in youth, their possible causes and risk factors, the availability of evidence-based medical, psychological, and alternative treatments, processes for making referrals for behavioral health services, and methods to effectively render assistance in both initial intervention and crisis situations. The department shall collaborate with the office of the superintendent of public instruction to identify sites and methods of instruction that leverage local resources to the extent possible for the purpose of making the mental health first aid training broadly available. [2013 c 197 § 9.]

"Reviser’s note: 2013 c 197 directed that this section be added to chapter 71.24 RCW. This section has been codified in chapter 43.20A RCW, which relates more directly to duties of the department of social and health services.

Finding—Intent—2013 c 197: "(1) The legislature finds that a lack of information about mental health problems among the general public leads to stigmatizing attitudes and prevents people from seeking help early and seeking the best sort of help. It also prevents people from providing support to family members, friends, and colleagues because they might not know what to do. This lack of knowledge about mental health problems limits the initial accessibility of evidence-based treatments and leads to a lack of support for people with a mental disorder from family, friends, and other members of the community.

(2) The focus on training for teachers and educational staff is intended to provide opportunities for early intervention when the first signs of developing mental illness may be recognized in children, teens, and young adults, so that appropriate referrals may be made to evidence-based behavioral health services." [2013 c 197 § 8.]

43.20A.895 Adult behavioral health system—Improvement strategy. (1) The systems responsible for financing, administration, and delivery of publicly funded mental health and chemical dependency services to adults must be designed and administered to achieve improved outcomes for adult clients served by those systems through increased use and development of evidence-based, research-based, and promising practices, as defined in RCW 71.24.025. For purposes of this section, client outcomes include: Improved health status; increased participation in employment and education; reduced involvement with the criminal justice system; enhanced safety and access to treatment for forensic patients; reduction in avoidable utilization of and costs associated with hospital, emergency room, and crisis services; increased housing stability; improved quality of life, including measures of recovery and resilience; and decreased population level disparities in access to treatment and treatment outcomes.

(2) The department and the health care authority must implement a strategy for the improvement of the adult behavioral health system.

(a) The department must establish a steering committee that includes at least the following members: Behavioral health service recipients and their families; local government; representatives of regional support networks; representatives of county coordinators; law enforcement; city and county jails; tribal representatives; behavioral health service providers, including at least one chemical dependency provider and at least one psychiatric advanced registered nurse practitioner; housing providers; medicaid managed care plan representatives; long-term care service providers; organizations representing health care professionals providing services in mental health settings; the Washington state hospital association; the Washington state medical association; individuals with expertise in evidence-based and research-based behavioral health service practices; and the health care authority.

(b) The adult behavioral health system improvement strategy must include:

(i) An assessment of the capacity of the current publicly funded behavioral health services system to provide evidence-based, research-based, and promising practices;

(ii) Identification, development, and increased use of evidence-based, research-based, and promising practices;

(iii) Design and implementation of a transparent quality management system, including analysis of current system capacity to implement outcomes reporting and development of baseline and improvement targets for each outcome measure provided in this section;

(iv) Identification and phased implementation of service delivery, financing, or other strategies that will promote improvement of the behavioral health system as described in this section and incentivize the medical care, behavioral health, and long-term care service delivery systems to achieve the improvements described in this section and col-
laborate across systems. The strategies must include phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance and levels of improvement between geographic regions of Washington; and (v) Identification of effective methods for promoting workforce capacity, efficiency, stability, diversity, and safety.

(c) The department must seek private foundation and federal grant funding to support the adult behavioral health system improvement strategy.

(d) By May 15, 2014, the Washington state institute for public policy, in consultation with the department, the University of Washington evidence-based practice institute, the University of Washington alcohol and drug abuse institute, and the Washington institute for mental health research and training, shall prepare an inventory of evidence-based, research-based, and promising practices for prevention and intervention services pursuant to subsection (1) of this section. The department shall use the inventory in preparing the behavioral health improvement strategy. The department shall provide the institute with data necessary to complete the inventory.

(e) By August 1, 2014, the department must report to the governor and the relevant fiscal and policy committees of the legislature on the status of implementation of the behavioral health improvement strategy, including strategies developed or implemented to date, timelines, and costs to accomplish phased implementation of the adult behavioral health system improvement strategy.

(3) The department must contract for the services of an independent consultant to review the provision of forensic mental health services in Washington state and provide recommendations as to whether and how the state’s forensic mental health system should be modified to provide an appropriate treatment environment for individuals with mental disorders who have been charged with a crime while enhancing the safety and security of the public and other patients and staff at forensic treatment facilities. By August 1, 2014, the department must submit a report regarding the recommendations of the independent consultant to the governor and the relevant fiscal and policy committees of the legislature. [2013 c 338 § 2.]

Task force—2013 c 338: "(1) (a) Beginning May 1, 2014, the legislature shall convene a task force to examine reform of the adult behavioral health system, with voting members as provided in this subsection.

(i) The president of the senate shall appoint one member from each of the two largest caucuses of the senate.

(ii) The speaker of the house of representatives shall appoint one member from each of the two largest caucuses in the house of representatives.

(iii) The governor shall appoint five members consisting of the secretary of the department of social and health services or the secretary’s designee, the director of the health care authority or the director’s designee, the director of the office of financial management or the director’s designee, the secretary of the department of corrections or the secretary’s designee, and a representative of the governor.

(iv) The governor shall request participation by a representative of tribal governments.

(b) The task force shall choose two cochairs from among its legislative members.

(c) The task force shall adopt a bottom-up approach and welcome input and participation from all stakeholders interested in the improvement of the adult behavioral health system. To that end, the task force must invite participation from, at a minimum, the following: Behavioral health service recipients and their families; local government; representatives of regional support networks; representatives of county coordinators; law enforcement; city and county jails; tribal representatives; behavioral health service providers; housing providers; labor representatives; counties with state hospitals; mental health advocates; public defenders with involuntary mental health commitment or mental health court experience; medicaid managed care plan representatives; long-term care service providers; the Washington state hospital association; and individuals with expertise in evidence-based and research-based behavioral health service practices. Leadership of subcommittees formed by the task force may be drawn from this body of invited participants.

(2) The task force shall undertake a systemwide review of the adult behavioral health system and make recommendations for reform concerning, but not limited to, the following:

(a) The means by which services are delivered for adults with mental illness and chemical dependency disorders;

(b) Availability of effective means to promote recovery and prevent harm associated with mental illness;

(c) Crisis services, including boarding of mental health patients outside of regularly certified treatment beds;

(d) Best practices for cross-system collaboration between behavioral health treatment providers, medical care providers, long-term care service providers, entities providing health home services to high-risk medicaid clients, law enforcement, and criminal justice agencies; and

(e) Public safety practices involving persons with mental illness with forensic involvement.

(3) Staff support for the task force must be provided by the senate committee services and the house of representatives office of program research.

(4) Legislative members of the task force must be reimbursed for travel expenses in accordance with RCW 44.04.120. Nonlegislative members, except those representing an employer or organization, are entitled to be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(5) The expenses of the task force must be paid jointly by the senate and house of representatives. Task force expenditures are subject to approval by the senate facilities and operations committee and the house of representatives executive rules committee, or their successor committees.

(6) The task force shall report its findings and recommendations to the governor and the appropriate committees of the legislature by January 1, 2015.

(7) This section expires June 1, 2015." [2013 c 338 § 1.]

43.20A.897 Tribal-centric behavioral health system.

(1) By November 30, 2013, the department and the health care authority must report to the governor and the relevant fiscal and policy committees of the legislature, consistent with RCW 43.01.036, a plan that establishes a tribal-centric behavioral health system incorporating both mental health and chemical dependency services. The plan must assure that child, adult, and older adult American Indians and Alaskan Natives eligible for medicaid have increased access to culturally appropriate mental health and chemical dependency services. The plan must:

(a) Include implementation dates, major milestones, and fiscal estimates as needed;

(b) Emphasize the use of culturally appropriate evidence-based and promising practices;

(c) Address equitable access to crisis services, outpatient care, voluntary and involuntary hospitalization, and behavioral health care coordination;

(d) Identify statutory changes necessary to implement the tribal-centric behavioral health system; and

(e) Be developed with the department’s Indian policy advisory committee and the American Indian health commission, in consultation with Washington’s federally recognized tribes.

(2) The department shall enter into agreements with the tribes and urban Indian health programs and modify regional support network contracts as necessary to develop a tribal—
centric behavioral health system that better serves the needs of the tribes. [2013 c 338 § 7.]

Chapter 43.21A RCW
DEPARTMENT OF ECOLOGY

Sections
43.21A.081  Five-year formal review process of existing rules.
43.21A.700  Transfer of ownership of department-owned vessel—Review of vessel’s physical condition.
43.21A.702  Transfer of ownership of department-owned vessel—Further requirements.

43.21A.081  Five-year formal review process of existing rules. The department of ecology must establish and perform, within existing funds, a formal review process of its existing rules every five years. The goal of the review is to decrease the numbers of, simplify the process, and decrease the time required for obtaining licenses, permits, and inspections, as applicable, in order to reduce the regulatory burden on businesses without compromising public health and safety. Benchmarks must be adopted to assess the effectiveness of streamlining efforts. The department must establish a process for effectively applying sunset provisions to rules when applicable. The department must report back to the applicable committees of the legislature with its review process and benchmarks by January 2014. [2013 2nd sps. c 30 § 2.]

Findings—Intent—2013 2nd sps. c 30: "The legislature finds that regulatory processes impose significant costs on doing business and significantly influence investment behavior, location decisions, start-up activity, expansions, and hiring. The legislature further finds that, for more than a decade, the executive and legislative branches have called upon state agencies to review their regulations to achieve meaningful regulatory reform and improve the regulatory climate for Washington businesses. However, a 2012 performance audit conducted by the state auditor’s office found that the departments of ecology, health, and labor and industries have not adopted sufficient streamlining processes or formally measured the results of their streamlining activities. Thus, it is the intent of the legislature to formally direct these three state agencies to achieve the regulatory reform that has been repeatedly called for by the governor and the legislature." [2013 2nd sps. c 30 § 1.]

43.21A.700  Transfer of ownership of department-owned vessel—Review of vessel’s physical condition. (1) Prior to transferring ownership of a department-owned vessel, the department shall conduct a thorough review of the physical condition of the vessel, the vessel’s operating capability, and any containers and other materials that are not fixed to the vessel.

(2) If the department determines that the vessel is in a state of advanced deterioration or poses a reasonably imminent threat to human health or safety, including a threat of environmental contamination, the department may: (a) Not transfer the vessel until the conditions identified under this subsection have been corrected; or (b) permanently dispose of the vessel by landfill, deconstruction, or other related method. [2013 c 291 § 23.]

43.21A.702  Transfer of ownership of department-owned vessel—Further requirements. (1) Following the inspection required under RCW 43.21A.700 and prior to transferring ownership of a department-owned vessel, the department shall obtain the following from the transferee:

(a) The purposes for which the transferee intends to use the vessel; and

(b) Information demonstrating the prospective owner’s intent to obtain legal moorage following the transfer, in the manner determined by the department.

(2)(a) The department shall remove any containers or other materials that are not fixed to the vessel and contain hazardous substances, as defined under RCW 70.105D.020.

(b) However, the department may transfer a vessel with:

(i) Those containers or materials described under (a) of this subsection where the transferee demonstrates to the department’s satisfaction that the container’s or material’s presence is consistent with the anticipated use of the vessel; and

(ii) A reasonable amount of fuel as determined by the department, based on factors including the vessel’s size, condition, and anticipated use of the vessel including initial destination following transfer.

(3) Prior to sale, and unless the vessel has a valid marine document, the department is required to apply for a title or certificate of title for the vessel under RCW 88.02.510 and register the vessel under RCW 88.02.550. [2013 c 291 § 24.]

Chapter 43.21C RCW

STATE ENVIRONMENTAL POLICY

Sections

43.21C.0384 Application of RCW 43.21C.030(2)(c) to wireless services facilities—Reporting requirement—Definitions.

43.21C.428 Recovery of expenses of nonproject environmental impact statements—Fees for subsequent development.

43.21C.0384 Application of RCW 43.21C.030(2)(c) to wireless services facilities—Reporting requirement—Definitions. (1) Decisions pertaining to applications to site wireless service facilities are not subject to the requirements of RCW 43.21C.030(2)(c), if those facilities meet the following requirements:

(a) The collocation of new equipment, removal of equipment, or replacement of existing equipment on existing or replacement structures does not substantially change the physical dimensions of such structures; or

(b) The siting project involves constructing a wireless service tower less than sixty feet in height that is located in a commercial, industrial, manufacturing, forest, or agricultural zone. This exemption does not apply to projects within a designated critical area.

(2) The exemption authorized under subsection (1) of this section may only be applied to a project consisting of a series of actions when all actions in the series are categorically exempt and the actions together do not have a probable significant adverse environmental impact.

(3) The department of ecology shall adopt rules to create a categorical exemption for wireless service facilities that
meet the conditions set forth in subsections (1) and (2) of this section.

(4) By January 1, 2020, all wireless service providers granted an exemption to RCW 43.21C.030(2)(c) must provide the legislature with the number of permits issued pertaining to wireless service facilities, the number of exemptions granted under this section, and the total dollar investment in wireless service facilities between July 1, 2013, and June 30, 2019.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Collocation" means the mounting or installation of equipment on an existing tower, building, or structure for the purpose of either transmitting or receiving, or both, radio frequency signals for communications purposes.

(b) "Existing structure" means any existing tower, pole, building, or other structure capable of supporting wireless service facilities.

(c) "Substantially change the physical dimensions" means:

(i) The mounting of equipment on a structure that would increase the height of the structure by more than ten percent, or twenty feet, whichever is greater; or

(ii) The mounting of equipment that would involve adding an appurtenance to the body of the structure that would protrude from the edge of the structure more than twenty feet, or more than the width of the structure at the level of the appurtenance, whichever is greater.

(d) "Wireless service facilities" means facilities for the provision of wireless services.

(e) "Wireless services" means wireless data and telecommunications services, including commercial mobile services, commercial mobile data services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations. [2013 c 317 § 1; 1996 c 323 § 2.]

Alphabetization—2013 c 317: "The code reviser is directed to put the defined terms in RCW 43.21C.0384(5) into alphabetical order." [2013 c 317 § 2.]

Findings—1996 c 323: See note following RCW 43.70.600.

43.21C.428 Recovery of expenses of nonproject environmental impact statements—Fees for subsequent development. (1) A county, city, or town may recover its reasonable expenses of preparation of a nonproject environmental impact statement prepared under RCW 43.21C.229 and 43.21C.440:

(a) Through access to financial assistance under RCW 36.70A.490;

(b) With funding from private sources; and

(c) By the assessment of fees consistent with the requirements and limitations of this section.

(2)(a) A county, city, or town is authorized to assess a fee upon subsequent development that will make use of and benefit from: (i) The analysis in an environmental impact statement prepared for the purpose of compliance with RCW 43.21C.440 regarding planned actions; or (ii) the reduction in environmental analysis requirements resulting from the exercise of authority under RCW 43.21C.229 regarding infill development.

(b) The amount of the fee must be reasonable and proportionate to the total expenses incurred by the county, city, or town in the preparation of the environmental impact statement.

(c) Counties, cities, and towns are not authorized by this section to assess fees for general comprehensive plan amendments or updates.

(3) A county, city, or town assessing fees under subsection (2)(a) of this section must provide for a mechanism by which project proponents may either elect to utilize the environmental review completed by the lead agency and pay the fees under subsection (1) of this section or certify that they do not want the local jurisdiction to utilize the environmental review completed as a part of a planned action and therefore not be assessed any associated fees. Project proponents who choose this option may not make use of or benefit from the up-front environmental review prepared by the local jurisdiction.

(4) Prior to the collection of fees, the county, city, or town must enact an ordinance that establishes the total amount of expenses to be recovered through fees and provides objective standards for determining the fee amount to be imposed upon each development proposal proportionate to the impacts of each development and to the benefits accruing to each development from the nonproject environmental review. The ordinance must provide: (a) A procedure by which an applicant who disagrees with whether the amount of the fee is correct, reasonable, or proportionate may pay the fee with the written stipulation "paid under protest"; and (b) if the county, city, or town provides for an administrative appeal of its decision on the project for which the fees are imposed, any dispute about the amount of the fees must be resolved in the same administrative appeals process. Any disagreement about the reasonableness, proportionality, or amount of the fees imposed upon a development may not be the basis for delay in issuance of a project permit for that development.

(5) The ordinance adopted under subsection (4) of this section must make information available about the amount of the expenses designated for recovery. When these expenses have been fully recovered, the county, city, or town may no longer assess a fee under this section.

(6) Any fees collected under this section from subsequent development may be used to reimburse funding received from private sources to conduct the environmental review.

(7) The county, city, or town shall refund fees collected where a court of competent jurisdiction determines that the environmental review conducted under RCW 43.21C.440, regarding planned actions, or under RCW 43.21C.229, regarding infill development, was not sufficient to comply with the requirements of this chapter regarding the proposed development activity for which the fees were collected. The applicant and the county, city, or town may mutually agree to a partial refund or to waive the refund in the interest of resolving any dispute regarding compliance with this chapter. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary and each of the professional licensing and disciplinary boards listed in RCW 18.130.040(2)(b) shall enter into written operating agreements on administrative procedures with input from the regulated profession and the public. The intent of these agreements is to provide a process for the department to consult each board on administrative matters and to ensure that the administration and staff functions effectively enable each board to fulfill its statutory responsibilities in a manner that supports the health care delivery system and evidence-based practices across all health professions. The agreements shall include, but not be limited to, the following provisions:

In fixing said fees, the secretary shall set the fees for each program at a sufficient level to defray the costs of administering that program and the cost of regulating licensed volunteer medical workers in accordance with RCW 18.130.360, except as provided in RCW 18.79.202. (1)(a) Beginning January 1, 2014, each of the following professionals certified or licensed under Title 18 RCW shall, at least once every six years, complete training in suicide assessment, treatment, and management that is approved, in rule, by the relevant disciplining authority:

(i) An adviser or counselor certified under chapter 18.19 RCW;
(ii) A chemical dependency professional licensed under chapter 18.205 RCW;
(iii) A marriage and family therapist licensed under chapter 18.225 RCW;
(iv) A mental health counselor licensed under chapter 18.225 RCW;
(v) An occupational therapy practitioner licensed under chapter 18.59 RCW;
(vi) A psychologist licensed under chapter 18.83 RCW;
(vii) An advanced social worker or independent clinical social worker licensed under chapter 18.225 RCW; and
(viii) A social worker associate—advanced or social worker associate—independent clinical licensed under chapter 18.225 RCW.

(b) The requirements in (a) of this subsection apply to a person holding a retired active license for one of the professions in (a) of this subsection.

(c) The training required by this subsection must be at least six hours in length, unless a disciplinary authority has determined, under subsection (8)(b) of this section, that training that includes only screening and referral elements is appropriate for the profession in question, in which case the training must be at least three hours in length.

(2)(a) Except as provided in (b) of this subsection, a professional listed in subsection (1)(a) of this section must complete the first training required by this section during the first full continuing education reporting period after January 1, 2014, or the first full continuing education reporting period after initial licensure or certification, whichever occurs later.

(b) A professional listed in subsection (1)(a) of this section applying for initial licensure on or after January 1, 2014, may delay completion of the first training required by this section for six years after initial licensure if he or she can demonstrate successful completion of the training required in subsection (1) of this section no more than six years prior to the application for initial licensure.

(3) The hours spent completing training in suicide assessment, treatment, and management under this section count toward meeting any applicable continuing education or continuing competency requirements for each profession.

(4)(a) A disciplining authority may, by rule, specify minimum training and experience that is sufficient to exempt a professional from the training requirements in subsection (1) of this section.

(b) The board of occupational therapy practice may exempt an occupational therapy practitioner from the training requirements of subsection (1) of this section if the occupational therapy practitioner has only brief or limited patient contact.

(5)(a) The secretary and the disciplining authorities shall work collaboratively to develop a model list of training programs in suicide assessment, treatment, and management.

(b) When developing the model list, the secretary and the disciplining authorities shall:

(i) Consider suicide assessment, treatment, and management training programs of at least six hours in length listed on the best practices registry of the American foundation for suicide prevention and the suicide prevention resource center; and

(ii) Consult with public and private institutions of higher education, experts in suicide assessment, treatment, and management, and affected professional associations.

(c) The secretary and the disciplining authorities shall report the model list of training programs to the appropriate committees of the legislature no later than December 15, 2013.

(6) Nothing in this section may be interpreted to expand or limit the scope of practice of any profession regulated under chapter 18.130 RCW.

(7) The secretary and the disciplining authorities affected by this section shall adopt any rules necessary to implement this section.

(8) For purposes of this section:

(a) "Disciplining authority" has the same meaning as in RCW 18.130.020.

(b) "Training in suicide assessment, treatment, and management" means empirically supported training approved by the appropriate disciplining authority that contains the following elements: Suicide assessment, including screening and referral, suicide treatment, and suicide management. However, the disciplining authority may approve training that includes only screening and referral elements if appropriate for the profession in question based on the profession’s scope of practice. The board of occupational therapy may also approve training that includes only screening and referral elements if appropriate for occupational therapy practitioners based on practice setting.

(9) A state or local government employee is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer’s discretion.

[2013 RCW Supp—page 480]
(10) An employee of a community mental health agency licensed under chapter 71.24 RCW or a chemical dependency program certified under chapter 70.96A RCW is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer’s discretion. [2013 c 78 § 1; 2013 c 73 § 6; 2012 c 181 § 2.]

Revisor's note: This section was amended by 2013 c 73 § 6 and by 2013 c 78 § 1, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—2012 c 181 (1) The legislature finds that:
(a) According to the centers for disease control and prevention: (i) In 2008, more than thirty-six thousand people died by suicide in the United States, making it the tenth leading cause of death nationally.
(ii) During 2007-2008, an estimated five hundred sixty-nine thousand people visited hospital emergency departments with self-inflicted injuries in the United States, seventy percent of whom had attempted suicide.
(iii) During 2008-2009, the average percentages of adults who thought, planned, or attempted suicide in Washington were higher than the national average.
(b) According to a national study, veterans face an elevated risk of suicide as compared to the general population, more than twice the risk among male veterans. Another study has indicated a positive correlation between posttraumatic stress disorder and suicide.
(i) Washington state is home to more than sixty thousand men and women who have deployed in support of the wars in Iraq and Afghanistan.
(ii) Research continues on how the effects of wartime service and injuries such as traumatic brain injury, posttraumatic stress disorder, or other service-related conditions, may increase the number of veterans who attempt suicide.
(iii) As more men and women separate from the military and transition back into civilian life, community mental health providers will become a vital resource to help these veterans and their families deal with issues that may arise.
(c) Suicide has an enormous impact on the family and friends of the victim as well as the community as a whole.
(d) Approximately ninety percent of people who die by suicide had a diagnosable psychiatric disorder at the time of death. Most suicide victims exhibit warning signs or behaviors prior to an attempt.
(e) Improved training and education in suicide assessment, treatment, and management has been recommended by a variety of organizations, including the United States department of health and human services and the institute of medicine.

(2) It is therefore the intent of the legislature to help lower the suicide rate in Washington by requiring certain health professionals to complete training in suicide assessment, treatment, and management as part of their continuing education, continuing competency, or recertification requirements.

(3) The legislature does not intend to expand or limit the existing scope of practice of any health professional affected by this act. [2012 c 181 § 1.]

43.70.740 Adjudicative proceedings. In all adjudicative proceedings before the secretary or the department, the secretary may delegate initial decision-making authority to a presiding officer. The presiding officer shall enter an initial order pursuant to RCW 34.05.461 subject to the review of the secretary or his or her designee. Pursuant to RCW 34.05.464, the secretary may, by rule, provide that initial orders in specified classes of cases may become final without further agency action unless, within a specified time period:

(1) The secretary upon his or her own motion determines that the initial order should be reviewed; or
43.71.080  Assessment to fund exchange—Generally—Performance review.  (1)(a) Beginning January 1, 2015, the exchange may require each issuer writing premiums for qualified health benefit plans or stand-alone dental plans offered through the exchange to pay an assessment in an amount necessary to fund the operations of the exchange, applicable to operational costs incurred beginning January 1, 2015.

(b) The assessment is an exchange user fee as that term is used in 45 C.F.R. 156.80. Assessments of issuers may be made only if the amount of expected premium taxes, as provided under RCW 48.14.0201(5)(b) and 48.14.020(2), and other funds deposited in the health benefit exchange account in the current calendar year are insufficient to fund exchange operations in the following calendar year at the level authorized by the legislature for that purpose in the omnibus appropriations act.

(c) If the exchange is charging an assessment, the exchange shall display the amount of the assessment per member per month for enrollees. A health benefit plan or stand-alone dental plan may identify the amount of the assessment to enrollees, but must not bill the enrollee for the amount of the assessment separately from the premium.

(2) The board, in collaboration with the issuers, the health care authority, and the commissioner, must establish a fair and transparent process for calculating the assessment amount. The process must meet the following requirements:

(a) The assessment only applies to issuers that offer coverage in the exchange and only for those market segments offered and must be based on the number of enrollees in qualified health plans and stand-alone dental plans in the exchange for a calendar year;

(b) The assessment must be established on a flat dollar and cents amount per member per month, and the assessment for dental plans must be proportional to the premiums paid for stand-alone dental plans in the exchange;

(c) Issuers must be notified of the assessment amount by the exchange on a timely basis;

(d) An appropriate assessment reconciliation process must be established by the exchange that is administratively efficient;

(e) Issuers must remit the assessment due to the exchange in quarterly installments after receiving notification from the exchange of the due dates of the quarterly installments;

(f) A procedure must be established to allow issuers subject to assessments under this section to have grievances reviewed by an impartial body and reported to the board; and

(g) A procedure for enforcement must be established if an issuer fails to remit its assessment amount to the exchange within ten business days of the quarterly installment due date.

(3) The exchange shall deposit proceeds from the assessments in the health benefit exchange account under RCW 43.71.060.

(4) The assessment described in this section shall be considered a special purpose obligation or assessment in connection with coverage described in this section for the purpose of funding the operations of the exchange, and may not be applied by issuers to vary premium rates at the plan level.

(5) The exchange shall monitor enrollment and provide periodic reports which must be available on its web site.

(6) The board shall offer all qualified health plans through the exchange, and the exchange shall not add criteria for certification of qualified health plans beyond those set out in RCW 43.71.065 without specific statutory direction. Nothing shall be construed to limit duties, obligations, and authority otherwise legislatively delegated or granted to the exchange.

(7) The exchange shall report to the joint select committee on health care oversight on a quarterly basis with an update on budget expenses and operations.

(8) By July 1, 2016, the state auditor shall conduct a performance review of the cost of exchange operations and shall make recommendations to the board and the health care committees of the legislature addressing improvements in cost performance and adoption of best practices. The auditor shall further evaluate the potential cost and customer service benefits through regionalization with other states of some exchange operation functions or through a partnership with the federal government. The cost of the state auditor review must be borne by the exchange. [2013 2nd sp.s. c 6 § 3.]

(3) The director of enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state’s credit rating and the integrity of the state’s debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of enterprise services shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of enterprise services shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of enterprise services shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of enterprise services shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of enterprise services may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of enterprise services shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of enterprise services or the director’s designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of enterprise services may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.
(13) This section does not apply to the acquisition of real estate by:
(a) The state college and universities for research or experimental purposes;
(b) The state liquor control board for liquor stores and warehouses;
(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes; and

(14) Notwithstanding any provision in this chapter to the contrary, the department of enterprise services may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(15) The department of enterprise services shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (12) of this section. [2013 2nd sp.s. c 4 § 981; 2007 c 506 § 8; 2004 c 277 § 906; 1997 c 117 § 1. FINANCING FOR APPROPRIATIONS—2011-2013 AND 2013-2015 BIENNIA

Sections
43.99Y.010 General obligation bonds for capital and operating appropriations acts. For the purpose of providing funds to finance the projects described and authorized by the legislature in the capital and operating appropriations acts for the 2011-2013 and 2013-2015 fiscal biennia, and all costs incidental thereto, the state finance committee is authorized to issue general obligation bonds of the state of Washington in the sum of two billion thirty-six million dollars, or as much thereof as may be required, to finance these projects and all costs incidental thereto. Bonds authorized in this section may be sold at such price as the state finance committee shall determine. No bonds authorized in this section may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds. [2013 2nd sp. s. c 20 § 1.]

43.99Y.020 Conditions and limitations. (1) The proceeds from the sale of bonds authorized in RCW 43.99Y.010 shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:
(a) One billion six hundred seventy million six hundred eighty-five thousand dollars to remain in the state building construction account created by RCW 43.83.020;
(b) Twenty-five million five hundred thousand dollars to the outdoor recreation account created by RCW 79A.25.060;

(f) Two hundred seventy-nine million five hundred thousand dollars to the state taxable building construction account. All receipts from taxable bond issues are to be deposited into the account. If the state finance committee deems it necessary or advantageous to issue more than the amount specified in this subsection (1)(f) as taxable bonds in order to comply with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds or in order to reduce the total financing costs for bonds issued, the proceeds of such additional taxable bonds shall be transferred to the state taxable building construction account in lieu of any transfer otherwise provided by this section. If the state finance committee determines that a portion of the amount specified in this subsection (1)(f) as taxable bonds may be issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(f). The state treasurer shall submit written notice to the director of financial management if it is determined that any such additional transfer to the state taxable building construction account is necessary. Moneys in the account may be spent only after appropriation.
(2) These proceeds shall be used exclusively for the purposes specified in this section and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered by the office of financial management subject to legislative appropriation. [2013 2nd sp. s. c 20 § 2.]

43.99Y.030 Retirement of bonds—Reimbursement of general fund from debt-limit general fund bond retirement account. (1) The debt-limit general fund bond retirement account shall be used for the payment of the principal of and interest on the bonds authorized in RCW 43.99Y.020(1) (a) through (f).
(2) The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet the bond retirement and interest requirements on the bonds authorized in RCW 43.99Y.020(1) (a) through (f).

[2013 2nd sp. s. c 20 § 3.]

43.99Y.040 Pledge and promise—Remedies. (1) Bonds issued under RCW 43.99Y.010 through 43.99Y.030 shall state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state
to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay the principal and interest as the same shall become due.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section. [2013 2nd sp.s. c 20 § 4.]

(2) This section expires July 1, 2017. [2013 2nd sp.s.c 13 § 304.]

Findings—Intent—Honey bee work group—Created—2013 2nd sp.s.c c 13: See notes following RCW 82.08.200.

43.136.057 Review of hog fuel tax exemption by joint legislative audit and review committee. (Expires June 30, 2024.) (1) The intent of the tax exemption provided in RCW 82.08.956 and 82.12.956 is to promote the retention of rela-
tively high wage jobs in the counties where facilities who purchase and use hog fuel are located. Specifically, in a time when there is increasing pressure to close industrial facilities like mills and relocate this economic activity out of state or overseas, rural areas of the state are at risk of losing critical jobs that directly, or indirectly, support entire communities.

The legislature, in enacting the hog fuel tax exemption, hopes to retain seventy-five percent of the jobs at each facility in the state at which the exemption is claimed, between now and June 30, 2024.

(2) The joint legislative audit and review committee must review the performance through July 1, 2018, of the tax preferences established in RCW 82.08.956 and 82.12.956, and prepare a report to the legislature by October 31, 2019.

(3) The department of revenue must provide the committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The employment security department and other agencies, as requested, must cooperate with the committee by providing information about the average wage of employment in the county where each facility owned or operated by a company claiming the exemption is located. The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of jobs existing as of January 1, 2013, in facilities where the preference has been claimed, as well as related wage and benefit information;

(b) Identification of how the number of jobs at these facilities has changed during the duration of the credit;

(c) Analysis of how the wages provided to employees at affected facilities compare to the average wages in the county in which the facility is located;

(d) Analysis of how the benefits, including medical and other health care benefits, provided to employees at affected facilities compare to the average wages in the county in which the facility is located; and

(e) Whether and to what extent the goal has been achieved, of retaining seventy-five percent of employment at the facilities at which the exemption has been claimed.

(4) This section expires June 30, 2024. [2013 2nd sp.s. c 13 § 1005.]

Intent—2013 2nd sp.s. c 13: See note following RCW 82.08.956.

Effective date—2013 2nd sp.s. c 13: See note following RCW 82.08.200.

43.136.058  Review of tax preferences for sales of machinery and equipment used in generating electricity. (Expires January 1, 2020.) (1) The intent of the tax preference provided in RCW 82.08.962 and 82.12.962 is to promote electricity generation by facilities with generating capacity of not less than one thousand watts, using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power.

(b) The number of facilities developed each year by purchasers claiming the preference for machinery, equipment, labor, or other services, and the increase in the number of such facilities, as compared to the baseline established in (a) of this subsection.

(c) The total generating capacity in megawatts and total power production in kilowatt-hours of the facilities reported in (b) of this subsection.

(d) The estimated greenhouse gas emissions avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection.

(e) The number of barrels of oil and tons of coal avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection, as estimated from the average fuel mix of electricity generated statewide.

(f) The number of employees and wages and benefits reported by taxpayers claiming the exemption at the facilities reported in (a) of this subsection.

(g) Subject to data availability, analysis of how the wages and benefits reported in (e) of this subsection compare with statewide averages and averages in the county in which the facility is located.

(5) This section expires January 1, 2020. [2013 2nd sp.s. c 13 § 1504.]

Intent—2013 2nd sp.s. c 13: See note following RCW 82.08.962.

43.136.080  Tax preference performance statements—Task force created. (1) The legislative auditor, with the assistance of a task force, must make recommendations on the appropriate data and metrics that should be included in tax preference performance statements to evaluate new tax preferences, as provided under RCW 82.32.808.

(2) The task force is comprised of five members: (i) One person from the department of revenue; (ii) one person from an association representing Washington businesses; (iii) one person from the office of financial management; (iv) the legislative auditor or a designee of the legislative auditor; and (v) an economist with substantial experience in state taxes.

43.155.070 Eligibility, priority, limitations, and exceptions. (1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant’s permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) For the 2013-2015 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages nonstate funds;

(iii) The extent to which the project is ready to proceed to construction;
(iv) Whether the project is located in an area of high
unemployment, compared to the average state unemploy-
ment;
(v) Whether the project promotes the sustainable use of
resources and environmental quality;
(vi) Whether the project consolidates or regionalizes sys-
tems;
(vii) Whether the project encourages economic develop-
ment through mixed-use and mixed income development
consistent with chapter 36.70A RCW;
(viii) Whether the system is being well-managed in the
present and for long-term sustainability;
(ix) Achieving equitable distribution of funds by geogra-
phy and population;
(x) The extent to which the project meets the following
state policy objectives:
(A) Efficient use of state resources;
(B) Preservation and enhancement of health and safety;
(C) Abatement of pollution and protection of the envi-
ronment;
(D) Creation of new, family wage jobs, and avoidance of
shifting existing jobs from one Washington state community
to another;
(E) Fostering economic development consistent with
chapter 36.70A RCW;
(F) Efficiency in delivery of goods and services, public
transit, and transportation;
(G) Avoidance of additional costs to state and local gov-
ernments that adversely impact local residents and small
businesses; and
(H) Reduction of the overall cost of public infrastructure;
and
(xi) Other criteria that the board considers necessary to
achieve the purposes of this chapter.
(b) Before November 1, 2014, the board must develop
and submit to the appropriate fiscal committees of the senate
and house of representatives a ranked list of qualified public
works projects which have been evaluated by the board and
are recommended for funding by the legislature. The maxi-
mum amount of funding that the board may recommend for
any jurisdiction is ten million dollars per biennium. For each
project on the ranked list, as well as for eligible projects not
recommended for funding, the board must document the
numerical ranking that was assigned.
(6) Existing debt or financial obligations of local govern-
ments may not be refinanced under this chapter. Each local
government applicant must provide documentation of
attempts to secure additional local or other sources of funding
for each public works project for which financial assistance is
sought under this chapter.
(7) Before November 1st of each even-numbered year,
the board must develop and submit to the appropriate fiscal
committees of the senate and house of representatives a
description of the loans made under RCW 43.155.065,
43.155.068, and subsection (10) of this section during the
preceding fiscal year and a prioritized list of projects which
are recommended for funding by the legislature, including
one copy to the staff of each of the committees. The list must
include, but not be limited to, a description of each project
and recommended financing, the terms and conditions of the
loan or financial guarantee, the local government jurisdiction
and unemployment rate, demonstration of the jurisdiction’s
critical need for the project and documentation of local funds
being used to finance the public works project. The list must
also include measures of fiscal capacity for each jurisdiction
recommended for financial assistance, compared to autho-
rized limits and state averages, including local government
sales taxes; real estate excise taxes; property taxes; and
charges for or taxes on sewerage, water, garbage, and other
utilities.
(8) The board may not sign contracts or otherwise finan-
cially obligate funds from the public works assistance
account before the legislature has appropriated funds for a
specific list of public works projects. The legislature may
remove projects from the list recommended by the board.
The legislature may not change the order of the priorities rec-
commended for funding by the board.
(9) Subsection (8) of this section does not apply to loans
made under RCW 43.155.065, 43.155.068, and subsection
(10) of this section.
(10) Loans made for the purpose of capital facilities
plans are exempted from subsection (8) of this section.
(11) To qualify for loans or pledges for solid waste or
recycling facilities under this chapter, a city or county must
demonstrate that the solid waste or recycling facility is con-
sistent with and necessary to implement the comprehensive
solid waste management plan adopted by the city or county
under chapter 70.95 RCW.
(12) After January 1, 2010, any project designed to
address the effects of storm water or wastewater on Puget
Sound may be funded under this section only if the project is
not in conflict with the action agenda developed by the Puget
Sound partnership under RCW 90.71.310.
(13) During the 2013-2015 fiscal biennium, for projects
involving repair, replacement, or improvement of a wastewa-
treatment plant or other public works facility for which an
investment grade efficiency audit is obtainable, the public
works board must require as a contract condition that the
project sponsor undertake an investment grade efficiency
audit. The project sponsor may finance the costs of the audit
as part of its public works assistance account program loan.
(14) (a) For public works assistance account application
rounds conducted during the 2013-2015 fiscal biennium, the
board must implement policies and procedures designed to
maximize local government use of federally funded drinking
water and clean water state revolving funds operated by the
state departments of health and ecology. The board, depart-
ment of ecology, and department of health must jointly
develop evaluation criteria and application procedures that
will increase access of eligible drinking water and wastewater
projects to the public works assistance account for
short-term preconstruction financing and to the federally
funded state revolving funds for construction financing.
The procedures must also strengthen coordinated funding of pre-
construction and construction projects.
(b) For all construction loan projects proposed to the leg-
islature for funding during the 2013-2015 fiscal biennium,
the board must base interest rates on the average daily market
interest rate for tax-exempt municipal bonds as published in
the bond buyer’s index for the period from sixty to thirty days
before the start of the application cycle. For projects with a
repayment period between five and twenty years, the rate
must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

(c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies. Short title—2008 c 299: See note following RCW 35.105.010.

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

Findings—Recommendations—Reports encouraged—2007 c 231: "(1) The legislature finds that permit programs have been legislatively established to protect the health, welfare, economy, and environment of Washington’s citizens and to provide a fair, competitive opportunity for business innovation and consumer confidence. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant’s planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

(2) The legislature recommends that applicants be provided with the following information when applying for a development permit from a city, county, or state agency:

(a) The minimum and maximum time an agency will need to make a decision on a permit, including public comment requirements;
(b) The minimum amount of information required for an agency to make a decision on a permit;
(c) When an agency considers an application complete for processing;
(d) The minimum and maximum costs in agency fees that will be incurred by the permit applicant; and
(e) The reasons for a denial of a permit in writing.

(3) In providing this information to applicants, an agency should base estimates on the best information available about the permitting program and prior applications for similar permits, as well as on the information provided by the applicant. New information provided by the applicant subsequent to the agency estimates may change the information provided by an agency per subsection (2) of this section. Project modifications by an applicant may result in more time, more information, or higher fees being required for permit processing.

(4) This section does not create an independent cause of action, affect any existing cause of action, or establish time limits for purposes of RCW 64.40.020.

(5) City, county, and state agencies issuing development permits are encouraged to track the progress in providing the information to applicants per subsection (2) of this section by preparing an annual report of its performance for the preceding fiscal year. The report should be posted on its web site [and] made available and provided to the appropriate standing committees of the senate and house of representatives." [2007 c 231 § 1.]

(1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department must announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days’ duration. This announcement must be made as often as the director deems appropriate for proper utilization of resources. The department must then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department as provided in RCW 43.185.050.

(2) In awarding funds under this chapter, the department must:

(a) Provide for a geographic distribution on a statewide basis; and

(3) The department, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, or a subcommittee of the affordable housing advisory board, must report recommendations for awarding funds in a cost-effective manner. The report must include an implementation plan, timeline, and any other items the department identifies as important to consider to the legislature by December 1, 2012.

(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
(d) Local government project contributions in the form of infrastructure improvements, and others;
(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;
(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;
(g) The applicant has the demonstrated ability, stability and resources to implement the project;
(h) Projects which demonstrate serving the greatest need;
(i) Projects that provide housing for persons and families with the lowest incomes;
(j) Projects serving special needs populations which are under statutory mandate to develop community housing;

43.185C.030 Washington homeless census or count—Confidentiality—Online information and referral system—Organizational quality management system.  (Effective July 1, 2014.) The department shall conduct a Washington homeless census or count consistent with the requirements of RCW 43.185C.180. The census shall make every effort to count all homeless individuals living outdoors, in shelters, and in transitional housing, coordinated, when reasonably feasible, with already existing homeless census projects including those funded in part by the United States department of housing and urban development under the McKinney-Vento homeless assistance program. The department shall determine, in consultation with local governments, the data to be collected.

All personal information collected in the census is confidential, and the department and each local government shall take all necessary steps to protect the identity and confidentiality of each person counted.

The department and each local government are prohibited from disclosing any personally identifying information about any homeless individual when there is reason to believe or evidence indicating that the homeless individual is an adult or minor victim of domestic violence, dating violence, sexual assault, or stalking or is the parent or guardian of a child victim of domestic violence, dating violence, sexual assault, or stalking; or revealing other confidential information regarding HIV/AIDS status, as found in RCW 70.02.220. The department and each local government shall not ask any homeless housing provider to disclose personally identifying information about any homeless individuals when the providers implementing those programs have reason to believe or evidence indicating that those clients are adult or minor victims of domestic violence, dating violence, sexual assault, or stalking or are the parents or guardians of child victims of domestic violence, dating violence, sexual assault, or stalking. Summary data for the provider’s facility or program may be substituted.

The Washington homeless census shall be conducted annually on a schedule created by the department. The department shall make summary data by county available to the public each year. This data, and its analysis, shall be included in the department’s annual updated homeless housing program strategic plan.

Based on the annual census and provider information from the local government plans, the department shall, by the end of year four, implement an online information and referral system to enable local governments and providers to identify available housing for a homeless person. The department shall work with local governments and their providers to develop a capacity for continuous case management to assist homeless persons.

By the end of year four, the department shall implement an organizational quality management system. [2013 c 200 § 25; 2005 c 484 § 6.]

Effective date—2013 c 200: See note following RCW 70.02.010.

43.185C.220 Essential needs and housing support program—Distribution of funds.  (Effective January 1, 2014.) (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.04.805 and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department
shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department’s approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department’s designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support programs, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted program caseloads. The caseload forecast council shall provide a courtesy forecast of the population eligible for a referral for essential needs and housing support that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sp. sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.
The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations. Legislative findings—1988 c 119: "The legislature recognizes that the state long-term care ombudsman program and the office of the state long-term care ombudsman, located within the department of social and health services, have brought into serious question the ability of that office to serve as an effective mechanism on the state level for investigating and resolving complaints made by or on behalf of residents of long-term care facilities. The legislature further finds it necessary to exercise its options under the federal older Americans act and identify an organization, outside of the department of social and health services and independent of any other state agency, to provide, through contract, long-term care ombudsman services.” [1988 c 119 § 1.]

Use of survey findings—1988 c 119: "The survey findings, together with any reports of legislative committees in response to such survey, shall be used by the department of community development in determining the best manner to contract for and provide long-term care ombudsman services.” [1988 c 119 § 4.]

43.215.460 Findings—Intent—Early start program. The legislature finds that the first five years of a child’s life
establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington’s K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington’s parents and children. The adoption of a child care career and wage ladder shall not prohibit the provision of wage increases based upon merit. The department shall pay wage increments for child care workers employed by child care centers adopting the child care career and wage ladder established pursuant to RCW 43.215.505 who earn early childhood education credits or meet relevant requirements in the state training and registry system, in accordance with the child care career and wage ladder. (9) Subject to the availability of amounts appropriated for this specific purpose, provide tiered subsidy rate enhancements to child care providers if the provider meets the following requirements:

(a) The provider enrolls in quality rating and improvement system levels 2, 3, 4, or 5;

(b) The provider is actively participating in the early achievers program;

(c) The provider continues to advance towards level 5 of the early achievers program; and

(d) The provider must complete level 2 within thirty months or the reimbursement rate returns the level 1 rate; and

(11) Require exempt providers to participate in continuing education, if adequate funding is available. [2013 c 323 § 8; 2006 c 265 § 204; 2005 c 490 § 10; 1997 c 58 § 404; 1993 c 453 § 2; 1991 sp.s. c 16 § 924; 1989 c 381 § 5. Formerly RCW 74.13.0903.]

Finding—1997 c 58: "The legislature finds that informed choice is consistent with individual responsibility and that parents should be given a range of options for available child care while participating in the program." [1997 c 58 § 401.]

Finding—1993 c 453: "The legislature finds that building a system of quality, affordable child care requires coordinated efforts toward constructing partnerships at state and community levels. Through the office of child care policy, the department of social and health services is responsible for facilitating the coordination of child care efforts and establishing working partnerships among the affected entities within the public and private sectors. Through these collaborative efforts, the office of child care policy encouraged the coalition of locally based child care resource and referral agencies into a statewide network. The statewide network, in existence since 1989, supports the development and operation of community-based resource and referral programs, improves the quality and quantity of child care available in Washington by fostering statewide strategies, and generates then nurtures effective public-private partnerships. The statewide network provides important training, standards of service, and general technical assistance to its locally based child care resource and referral programs. The locally based programs enrich the availability, affordability, and quality of child care in their communities." [1993 c 453 § 1.]

43.215.562 Child care subsidy fraud—Referral—Collection of overpayments. (1) The department must refer all suspected incidents of child care subsidy fraud to the department of social and health services office of fraud and accountability for appropriate investigation and action.

(2) For the purposes of this section, "fraud" has the definition in RCW 74.04.004.

(3) This section does not limit or preclude the department or the department of social and health services from establishing and collecting overpayments consistent with federal regulation or seek other remedies that may be legally available, including but not limited to criminal investigation or prosecution. [2013 2nd sp.s. c 29 § 2.]

Finding—Intent—2013 2nd sp.s. c 29: "The legislature finds that child care providers positively contribute to local communities by offering important services that support the well-being of children and their families. The legislature further recognizes that most child care providers make every effort to ensure that subsidy payments received are correct and align with agency rules. When a child care provider is found to have fraudulently accepted subsidy payments, however, it is the legislature’s intent to prohibit such a provider from receiving future child care subsidy payments." Intent—Finding—2013 c 121: “The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.
Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of highly dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle.” [2013 c 121 § 1.]

43.330.440 Multijurisdictional regulatory streamlining projects—Establishment—Reports. (1) The department, in collaboration with the office of regulatory assistance and the office of accountability and performance, must conduct multijurisdictional regulatory streamlining projects that each impact a specific industry sector or subsector within a specific geographical location. Planning for an initial pilot project must begin by September 1, 2013, and the initial pilot project must be underway by December 31, 2013. One or more projects must be implemented in each subsequent calendar year through 2019.

(2) The department must establish and implement a competitive process and select a minimum of one applicant comprised of a public-private partnership for participation in each project. The initial pilot project must focus on the manufacturing sector. The department, in consultation with the economic development commission, must determine the sectors for subsequent projects. The criteria to be used to select projects must include:
   (a) Evidence of strong business commitment to the project;
   (b) Evidence of strong commitment by the local government jurisdictions where the project is located to allocate necessary staff to the project and to streamline laws, rules, and administrative process requirements both within their jurisdictions and collaboratively across jurisdictions;
   (c) Willingness to apply lean principles and tools to streamline the business regulatory experience;
   (d) Identification of a lead partner capable of providing project management and coordination of partners;
   (e) Support of the stakeholders necessary to implement the project;
   (f) A plan and capacity to complete the project within the time frame; and
   (g) A minimum of fifty percent match must be provided from project partners. The match may be cash, in-kind, or a combination of cash and in-kind.

(3) The department is encouraged to collaborate with nonprofit industry organizations, the private sector, foundations, and other interested entities to successfully complete each project.

(4) The department must pursue opportunities for non-state funding as the match to the fifty percent or more provided by project partners. A maximum of fifty thousand dollars of state funds may be used for a project.

(5) The department may contract with a third party for expertise and facilitation.

(6) All state agencies with regulatory requirements that impact the project’s industry sector must participate.

(7) The state agencies, local jurisdictions, business partners, and other participants must jointly:
   (a) Develop a project plan to conduct a cross-jurisdictional review process;
   (b) Identify and review all laws, rules, and administrative processes and requirements pertaining to the selected sector;
   (c) Apply specific criteria to evaluate the extent to which the laws, rules, and administrative processes and requirements provide for consistent, clear, and efficient customer experiences while continuing to maintain public health, safety, and environmental standards;
   (d) Develop an implementation plan and schedule that identifies priority streamlining actions;
   (e) Present their recommendations to the department for comment and endorsement; and
   (f) Present their recommendations to the Washington state economic development commission for comment, endorsement, and evaluation.

(8) The department must document and distribute the streamlined laws, rules, processes, and other potentially replicable information, derived from the projects to the association of Washington cities and Washington state association of counties for distribution to their membership.

(9) The department must brief the economic development committees of the legislature by January 15, 2014, on the status of the initial pilot project, and must submit a report on the outcomes of the projects to the economic development committees of the legislature by January 15th of each calendar year, from 2015 through 2020. The department must include in the reports any streamlining recommendations identified in the projects that require statutory changes for implementation and any potentially replicable models, approaches, and tools that could be applied to other sectors and geographical areas. [2013 c 324 § 2.]

Findings—Intent—2013 c 324: "(1) The legislature finds that: Since 2010, the department of commerce and the office of regulatory assistance have convened and coordinated a number of cross-agency collaborative regulatory streamlining efforts focused on improving the regulatory experience for small businesses, while maintaining public health and safety; the department of commerce has established efficient and effective regulation as one of its four global priorities to support the mission to grow and improve jobs; the
state auditor’s office issued a regulatory performance audit in 2012 identifying many agency actions that can also improve the business community’s ability to comply with regulatory requirements; and the Washington state economic development commission’s 2012 comprehensive statewide strategy emphasized the need for smarter regulations in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state’s citizens.

(2) The legislature further finds that while individual agency streamlining activities result in improvements, businesses are required to interact with many state and local agencies, all with unique requirements, processes, forms, instructions, payment options, and electronic transaction capabilities. Cross-agency and cross-jurisdictional regulatory improvements are needed to meaningfully improve the overall business customer experience and ability to more easily understand and comply with requirements.

(3) Therefore, the legislature intends to authorize a business regulatory efficiency program administered by the department of commerce with the goal of providing an improved regulatory environment in Washington. By enhancing, simplifying, and better coordinating state and local regulatory processes for specific industry sectors, the amount of time it takes businesses to conduct their interactions with state government will decrease, compliance will increase, and businesses will have the opportunity to generate more revenue and create more jobs, thereby strengthening Washington’s economy and overall global competitiveness.” [2013 c 324 § 1.]

MARINE WATERS PLANNING AND MANAGEMENT

Sections
43.372.070 Marine resources stewardship trust account.

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, and implementation of the marine management plan.

(3) Until July 1, 2016, expenditures from the account may only be used for the purposes of:

(a) Conducting ecosystem assessment and mapping activities in marine waters consistent with RCW 43.372.040(6)(a) and (c), with a focus on assessment and mapping activities related to marine resource uses and developing potential economic opportunities;

(b) Developing a marine management plan for the state’s coastal waters as that term is defined in RCW 43.143.020; and

(c) Coordination under the west coast governors’ agreement on ocean health, entered into on September 18, 2006, and other regional planning efforts consistent with RCW 43.372.030.

(4) Expenditures from the account on projects and activities relating to the state’s coastal waters, as defined in RCW 43.143.020, must be made, to the maximum extent possible, consistent with the recommendations of the Washington coastal marine advisory council as provided in RCW 43.143.060. If expenditures relating to coastal waters are made in a manner that differs substantially from the Washington coastal marine advisory council’s recommendations, the responsible agency receiving the appropriation shall provide the council and appropriate committees of the legislature with a written explanation. [2013 c 318 § 3; 2012 c 252 § 4; 2011 c 250 § 2; 2010 c 145 § 10.]

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors’ agreement on ocean health, entered into on September 18, 2006, as an important step towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states’ ability to determine the course of federal planning processes for the west coast and receive nonstate support for the planning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors’ agreement on ocean health.” [2011 c 250 § 1.]

Intent—2013 c 327: “The intent of the legislature is to make state capital budget and transportation budget appropriation and expenditure data as transparent and easy to use by the public as is feasible. It is important to provide information to the public on state capital and transportation investments by legislative district and county in a format that is easy to navigate and comprehend. Intent—2008 c 326: “The intent of the legislature is to make state revenue and expenditure data as open, transparent, and publicly accessible as is feasible. Increasing the ease of public access to state budget data, particularly where the data are currently available from disparate internal government sources but are difficult for the public to collect and efficiently aggregate, significantly contributes to governmental accountability, public participation, agency efficiency, and open government.” [2008 c 326 § 1.]

(a) Use an open competitive process including, but not limited to, a written business proposal and oral interview to determine the qualifications of all interested applicants; and

(b) Submit all proposals to the director with a recommendation for appointment of one or more subagents who have applied through the open competitive process. A subagent appointed by the director who no longer wants his or her appointment may recommend a successor who is the subagent’s sibling, spouse, or child, or a subagency employee. The recommended successor must participate in the open competitive process used to select an applicant. In making successor recommendations and appointment determinations, the following provisions apply:

(a) If a subagency is held by a partnership or corporate entity, the nomination must be submitted on behalf of, and agreed to by, all partners or corporate officers;

(b) A subagent may not receive any direct or indirect compensation or remuneration from any party or entity in recognition of a successor nomination. A subagent may not receive any financial benefit from the transfer or termination of an appointment;

(d) A subagent appointee who is planning to retire within twelve months may recommend a successor without resigning his or her appointment by submitting a letter of intent to
retire with a successor recommendation to the county auditor or other agent appointed by the director. The county auditor or other agent appointed by the director shall, within sixty days, respond in writing to the subagent appointee indicating if the recommended successor would be considered in the open competitive process. (e) A subagent appointee may name a recommended successor at any time during his or her appointment by notifying the county auditor or other agent appointed by the director in writing and filing a copy with the director. The purpose of this recommendation is for the county auditor or other agent appointed by the director to know the wishes of the subagent appointee in the event of the death or incapacitation of a sole subagent appointee or last remaining subagent appointee that could lead to the inability of the subagent to continue to fulfill the obligations of the appointment; and

(f) If the county auditor or other agent appointed by the director does not select the recommended successor for appointment as a result of the open competitive process, the county auditor or other agent appointed by the director must contact the subagent appointee by letter and explain the decision. The subagent appointee must be provided an opportunity to respond in writing. Any response by the subagent appointee must be included in the open competitive process materials submitted to the department.

(6) Standard contracts. The standard contracts provided by the director in this section may include provisions that the director deems necessary to ensure that readily accessible and acceptable service is provided to the citizens of the state, including the full collection of fees and taxes. The standard contracts must include provisions that:

(a) Describe responsibilities and liabilities of each party related to service expectations and levels;
(b) Describe the equipment to be supplied by the department and equipment maintenance;
(c) Require specific types of insurance or bonds, or both, to protect the state against any loss of collected revenue or loss of equipment;

Payment must be made on those requests found to be allowable from the licensing services account.

(8) County auditor/agent revenue disbursement. County revenues that exceed the cost of providing services described in the standard contract, calculated in accordance with the procedures in subsection (7) of this section, must be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

46.09.485 Operating violations for wheeled all-terrain vehicles—Notice of infraction, issuance and procedure. (1) A person who operates a wheeled all-terrain vehicle consistent with RCW 46.09.470(1) (g), (h), or (i) or inconsistent with the emergency exemption under RCW 46.09.420 is [commits] a traffic infraction.

(2) Any law enforcement officer may issue a notice of traffic infraction for a violation of subsection (1) of this section whether or not the infraction was committed in the officer’s presence, as long as there is reasonable evidence presented that the operator of the wheeled all-terrain vehicle committed a violation of subsection (1) of this section. At a minimum, the evidence must include information relating to the time and location at which the violation occurred, and the wheeled all-terrain vehicle metal tag number or a description of the vehicle involved in the violation. If, after an investigation of a reported violation of subsection (1) of this section, the law enforcement officer is able to identify the operator and has probable cause to believe a violation of subsection (1) of this section has occurred, the law enforcement officer shall prepare a notice of traffic infraction and have it served upon the operator of the wheeled all-terrain vehicle. 46.09.520 Refunds from motor vehicle fund—Distribution—Use. (Effective July 1, 2015.) (1) From time to time, but at least once each year, the state treasurer must refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.38 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and information programs and maintenance of nonhighway roads;

(b) Three and one-half percent must be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and the maintenance of nonhighway roads;

(c) Two percent must be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs.

The funds under this subsection must be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for
funds or projects that score low in the board’s project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. The appropriations under this subsection are not required to follow the specific distribution specified in subsection (2) of this section. [2013 c 225 § 608. Section 46.20.308 Implied consent—Test refusal—Procedures. (1) Any person who operates a motor vehicle within
this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath for the purpose of determining the alcohol concentration, THC concentration, or presence of any drug in his or her breath if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person’s breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol or THC in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. The officer shall inform the person of his or her right to refuse the breath test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver’s license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver’s refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver’s license, permit, or privilege to drive will be suspended, revoked, or denied for at least thirty days if:

(i) The driver is age twenty-one or over and the test indicates either that the alcohol concentration of the driver’s breath is 0.08 or more or that the THC concentration of the driver’s blood is 5.00 or more; or

(ii) The driver is under age twenty-one and the test indicates either that the alcohol concentration of the driver’s breath is 0.02 or more or that the THC concentration of the driver’s blood is above 0.00; or

(iii) The driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver’s license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver’s license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of felony driving under the influence of intoxicating liquor or drugs under RCW 46.61.502(6), felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug under RCW 46.61.504(6), vehicular homicide as provided in RCW 46.61.520, or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested pursuant to a search warrant, a valid waiver of the warrant requirement, or when exigent circumstances exist.

(4) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath, no test shall be given except as authorized by a search warrant.

(5) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person’s blood or breath is administered and the test results indicate that the alcohol concentration of the person’s breath or blood is 0.08 or more, or the THC concentration of the person’s breath or blood is 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person’s breath or blood is 0.02 or more, or the THC concentration of the person’s blood is above 0.00, if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person’s blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person’s license, permit, or privilege to drive as required by subsection (6) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (7) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver’s license;

(c) Serve notice in writing that the license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person’s license, permit, or privilege to drive is sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

(d) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her breath, or a test was administered and the results indicated that the alcohol concentration of the person’s breath or blood was 0.08 or more, or the THC concentration of the person’s blood was 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person’s breath or blood was 0.02 or more, or the THC concentration...
of the person’s blood was above 0.00, if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(6) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (3)(d) of this section, shall suspend, revoke, or deny the person’s license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first.

(7) A person receiving notification under subsection (5)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (5) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether the law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the THC concentration of the person’s blood was above 0.00, if the person was age twenty-one or over at the time of the arrest, or that the alcohol concentration of the person’s breath or blood was 0.02 or more, or the THC concentration of the person’s blood was above 0.00, if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner’s grounds for requesting review. Upon granting petitioner’s request for review, the court shall review the department’s final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for fur-
ther proceedings. The decision of the superior court must be in writing and filed in the clerk’s office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department’s action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(9)(a) If a person whose driver’s license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (6) of this section, other than as a result of a breath test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license under subsection (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person’s commercial driver’s license or privilege to operate a commercial motor vehicle.

(10) When it has been finally determined under the procedures of this section that a nonresident’s privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person’s residence and of any state in which he or she has a license. Finding—Intent—2004 c 68: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers continue at unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain consequences for those who drink and drive. To accomplish this goal, the legislature adopts standards governing the admissibility of tests of a person’s blood or breath. These standards will provide a degree of uniformity that is currently lacking, and will reduce the delays caused by challenges to various breath test instrument components and maintenance procedures. Such challenges, while allowed, will no longer go to admissibility of test results. Instead, such challenges are to be considered by the finder of fact in deciding what weight to place upon a challenged breath test result.

The legislature’s authority to adopt standards governing the admissibility of evidence involving alcohol is well established by the Washington Supreme Court. See generally State v. Long, 113 Wn.2d 266, 778 P.2d 1027 (1989); State v. Sears, 4 Wn.2d 200, 191 P.2d 321 (1948) (the legislature has the power to enact laws which create rules of evidence); State v. Pavelec, 153 Wash. 379, 279 P. 1102 (1930) ("rules of evidence are substantive law")." [2004 c 68 § 1.]

Intent—Construction—Effective date—1998 c 41: See notes following RCW 46.20.265.

Legislative finding, intent—1998 c 165: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers have reached unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain punishment for those who drink and drive. The legislature does not intend to discourage or deter courts and other agencies from directing or providing treatment for problem drinkers. However, it is the intent that such treatment, where appropriate, be in addition to and not in lieu of the sanctions to be applied to all those convicted of driving while intoxicated." (ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(iii), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under
this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. 46.20.720 Drivers convicted of alcohol offenses. (1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

(2) Under RCW 46.61.5055 and subject to the exceptions listed in that statute, the court shall order any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to comply with the rules and requirements of the department regarding the installation and use of a functioning ignition interlock device installed on all motor vehicles operated by the person. The court shall order any person participating in a deferred prosecution program under RCW 10.05.020 for a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(3)(a) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance. The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.5249 or 46.61.500 and is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person.

(b)(i) Except as provided in (b)(ii) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person’s employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person’s employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person’s employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) The employer exemption does not apply:

(A) When the employer’s vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment;

(B) For the first thirty days after an ignition interlock device has been installed as the result of a first conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(C) For the first three hundred sixty-five days after an ignition interlock device has been installed as the result of a second or subsequent conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance.

(c) The ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more. Subject to the provisions of subsections (4) and (5) of this section, the period of time of the restriction will be no less than:

(i) For a person who has not previously been restricted under this section, a period of one year;
(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

(4) A restriction imposed under subsection (3) of this section shall remain in effect until the department receives a declaration from the person’s ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the four consecutive months prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) For a person required to install an ignition interlock device pursuant to RCW 46.61.5249(4) or 46.61.500(3), the period of time of the restriction shall be for six months and shall be subject to subsection (4) of this section.

(6) In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department to be deposited into the ignition interlock device revolving account. Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. One such reasonable restriction is requiring certain individuals, if they choose to drive, to drive only vehicles equipped with ignition interlock devices. The legislature further finds that the costs of these devices are minimal and are affordable. It is the intent of the legislature that these devices be paid for by the drivers using them and that neither the state nor entities of local government provide any public funding for this purpose." 46.20.745 Ignition interlock device revolving account program—Pilot program. (1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the 2013-2015 fiscal biennium, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce non-compliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver’s license under RCW 46.20.385 and 46.20.720. Findings—2003 c 195: "The legislature finds that current economic conditions impose severe hardships on many commercial vehicle drivers. The legislature finds that commercial drivers who may not currently be working may not be able to afford the expense of a required physical in order to maintain their commercial driver’s license. The legislature finds that Washington’s commercial driver’s license statutes should be harmonized with federal requirements, which require proof of a physical capacity to drive a commercial vehicle, along with a valid commercial driver’s license, but do not link the two requirements. The legislature finds that allowing commercial drivers to delay getting a physical until they are actually driving a commercial vehicle will preclude the imposition of unnecessary expense and hardship on Washington’s commercial vehicle drivers." [2003 c 195 § 1.]

46.25.075 Certification—Recordkeeping and administration—Downgrade. (Effective July 8, 2014.) (1) Any person applying for a CDL or CLP must certify that he or she is or expects to be engaged in one of the following types of driving:

(a) Nonexcepted interstate;
(b) Excepted interstate;
(c) Nonexcepted intrastate; or
(d) Excepted intrastate.

(2) A CDL or CLP applicant or holder who certifies under subsection (1)(a) of this section that he or she is or expects to be engaged in nonexcepted interstate commerce must provide a copy of a medical examiner’s certificate prepared by a medical examiner, as defined in 49 C.F.R. Sec. 390.5 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. Upon submission, a copy of the medical examiner’s certificate must be date-stamped by the department. A CDL or CLP holder who certifies under subsection (1)(a) of this section must submit a copy of each subsequently issued medical examiner’s certificate.

(3) For each operator of a commercial motor vehicle required to have a CDL or CLP, the department must meet the following requirements:

(a)(i) The driver’s self-certification of type of driving under subsection (1)(a) of this section must be maintained on the driver’s record and the CDLIS driver record;

(ii) The copy of a medical examiner’s certificate, when submitted under subsection (2) of this section, must be retained for three years beyond the date the certificate was issued; and

(iii) When a medical examiner’s certificate is submitted under subsection (2) of this section, the information required under 49 C.F.R. Sec. 383.73 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section must be posted to the CDLIS driver record within ten calendar days from the date submitted. The indicator of medical certification status, such as "certified" or "not-certified," must be maintained on the driver’s record.

(b) Within ten calendar days of the driver’s medical certification status expiring or a medical variance expiring or being rescinded, the medical certification status of the driver must be updated to "not-certified."

(c) Within ten calendar days of receiving information from the federal motor carrier safety administration regarding issuance or renewal of a medical variance for a driver, the department must update the CDLIS driver record to include the medical variance information.

(4)(a) If a driver’s medical certification or medical variance expires, or the federal motor carrier safety administration notifies the department that a medical variance was removed or rescinded, the department must:

(i) Notify the driver of his or her "not-certified" medical certification status and that the privilege of operating a commercial motor vehicle will be removed from the CDL or CLP unless the driver submits a current medical certificate or medical variance, or changes his or her self-certification to driving only in excepted or intrastate commerce; and

(ii) Initiate procedures for downgrading the CDL or CLP. The CDL or CLP downgrade must be completed and recorded within sixty days of the driver’s medical certification status becoming "not-certified" to operate a commercial motor vehicle.

(b) If a driver fails to provide the department with the certification required in subsection (1) of this section, or a current medical examiner’s certificate if the driver self-certifies under subsection (1)(a) of this section that he or she is operating in nonexcepted interstate commerce as required in subsection (2) of this section, the department must mark the CDLIS driver record as "not-certified" and initiate a CDL or CLP downgrade in accordance with (a)(ii) of this subsection.

(c) A driver whose CDL or CLP has been downgraded under this subsection may restore the CDL or CLP privilege by providing the necessary certifications or medical variance information to the department. [2013 c 224 § 8; 2011 c 227 § 3.]

(b) A person who drives a motor vehicle that is required to be registered in another state that requires drivers and owners of vehicles in that state to maintain insurance or financial responsibility shall, when requested by a law enforcement officer, provide evidence of financial responsibility or insurance as is required by the laws of the state in which the vehicle is registered.

(c) When asked to do so by a law enforcement officer, failure to display proof of financial responsibility for motor vehicle operation as specified under RCW 46.30.030 creates a presumption that the person does not have motor vehicle insurance.

(d) Failure to provide proof of motor vehicle insurance is a traffic infraction and is subject to penalties as set by the supreme court under RCW 46.63.110 or community restitution.

(e) For the purposes of this section, when a person uses a portable electronic device to display proof of financial security to a law enforcement officer, the officer may only view the proof of financial security and is otherwise prohibited from viewing any other content on the portable electronic device.

(f) Whenever a person presents a portable electronic device pursuant to this section, that person assumes all liability for any damage to the portable electronic device.

(2) If a person cited for a violation of subsection (1) of this section appears in person before the court or a violations bureau and provides written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, the citation shall be dismissed and the court or violations bureau may assess court administrative costs of twenty-five...
dollars at the time of dismissal. In lieu of personal appearance, a person cited for a violation of subsection (1) of this section may, before the date scheduled for the person’s appearance before the court or violations bureau, submit by mail to the court or violations bureau written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, in which case the citation shall be dismissed without cost, except that the court or violations bureau may assess court administrative costs of twenty-five dollars at the time of dismissal.

(3) The provisions of this chapter shall not govern:

(a) The operation of a motor vehicle registered under RCW 46.18.220 or 46.18.255, governed by RCW 46.16A.170, or registered with the Washington utilities and transportation commission as common or contract carriers; or

(4) RCW 46.29.490 shall not be deemed to govern all motor vehicle liability policies required by this chapter but only those certified for the purposes stated in chapter 46.29 RCW. [2013 2nd sp.s. c 23 § 20; 2013 c 157 § 1; 2011 c 171 § 76; 2010 c 161 § 1115; 2003 c 221 § 1; 2002 c 175 § 35; 1991 sps. c 25 § 1; 1991 c 339 § 24; 1989 c 353 § 2.]

At the policyholder’s request, the insurer shall provide the policyholder a card for each vehicle covered under the policy. The card required by this section may be provided in either paper or electronic format. Acceptable electronic formats include the display of electronic images on a cellular phone or any other type of portable electronic device.

(d) For purposes of this section, "license plate flipping device" means a device that enables a license plate on a vehicle to be changed to another license plate either manually or electronically. "License plate flipping device" includes technology that is capable of changing the appearance of a license plate to appear as a different license plate.

(2) A person who switches or flips license plates on a vehicle physically, utilizes technology to flip or change the appearance of a license plate on a vehicle, sells a license plate flipping device or technology that will change the appearance of a license plate, or falsifies a vehicle registration in violation of this section, in addition to any traffic infraction, is guilty of a gross misdemeanor punishable by confinement of up to three hundred sixty-four days in the county jail and a fine of one thousand dollars for the first offense, two thousand five hundred dollars for a second offense, and five thousand dollars for any subsequent offense, which may not be suspended, deferred, or reduced.

(3) A vehicle that is found with an installed license plate flipping device or technology to change the appearance of a license plate may be impounded by a law enforcement officer as evidence.

(4) Citizens are encouraged to notify law enforcement immediately if they observe a vehicle with a license plate flipping device. [2013 c 135 § 1.]

46.44.0915 Heavy haul industrial corridors—Overweight sealed containers and vehicles. (1)(a) Except as provided in (b) of this subsection, the department of transportation, with respect to state highways maintained within port district property, may, at the request of a port commission, make and enter into agreements with port districts and adjacent jurisdictions or agencies of the districts, for the purpose of identifying, managing, and maintaining short heavy haul
industrial corridors within port district property for the movement of overweight sealed containers used in international trade.

(b) The department of transportation shall designate that portion of state route number 97 from the Canadian border to milepost 331.12 as a heavy haul industrial corridor for the movement of overweight vehicles to and from the Oroville railhead. The department may issue special permits to vehicles operating in the heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041, but not to exceed a gross vehicle weight of 139,994 pounds.

(2) Except as provided in subsection (1)(b) of this section, the department may issue special permits to vehicles operating in a heavy haul industrial corridor to carry weight in excess of weight limits established in RCW 46.44.041. However, the excess weight on a single axle, tandem axle, or any axle group must not exceed that allowed by RCW 46.44.091 (1) and (2), weight per tire must not exceed six hundred pounds per inch width of tire, and gross vehicle weight must not exceed one hundred five thousand five hundred pounds.

(3) The entity operating or hiring vehicles under subsection (1)(b) of this section or moving overweight sealed containers used in international trade must pay a fee for each special permit of one hundred dollars per month or one thousand dollars annually, beginning from the date of issue, for all movements under the special permit made on state highways within a heavy haul industrial corridor. Within a port district property, under no circumstances are the for hire carriers or rail customers responsible for the purchase or cost of the permits. All funds collected, except the amount retained by authorized agents of the department under RCW 46.44.096, must be forwarded to the state treasurer and deposited in the motor vehicle fund.

(4) For purposes of this section, an overweight sealed container used in international trade, including its contents, is considered nondivisible when transported within a heavy haul industrial corridor defined by the department.

(5) Any agreement entered into by the department as authorized under this section with a port district adjacent to Puget Sound and located within a county that has a population of more than seven hundred thousand, but less than one million, must limit the applicability of any established heavy haul corridor to that portion of state route no. 509 beginning at milepost 0.25 in the vicinity of East D’ Street and ending at milepost 5.7 in the vicinity of Norpoint Way Northeast.

(6) The department of transportation may adopt reasonable rules to implement this section. [2013 c 115 § 1; 2012 c 86 § 804; 2011 c 115 § 1; 2008 c 89 § 1; 2005 c 311 § 1] Effective date—2013 c 115: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2013."

46.44.170 Mobile home or park model trailer movement special permit and decal—Responsibility for taxes—License plates—Rules. (1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and must pay the proper fee as prescribed by RCW 46.44.091 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of commerce signed by the owner at the county treasurer’s office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her own personal occupancy or use; or (iii) a copy of the certificate of title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for purposes of property taxes is not valid until the county treasurer of the county in which the mobile home or park model trailer is located must endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section must display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser’s designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer and title has been lawfully transferred to the landlord. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same must be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer must be removed by the county treasurer.

(3) Except as provided in RCW 84.56.335(1), if the landlord of a manufactured/mobile home park takes ownership of
a manufactured/mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the manufactured/mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the manufactured/mobile home or park model trailer and title has been lawfully transferred to the landlord, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates may not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation must adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. The department of labor and industries must adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections. TOWING AND IMPOUNDMENT

Sections
46.55.118 Rate, fee limitations for certain private impounds.
46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment.

46.55.118 Rate, fee limitations for certain private impounds. (1) For a private impound performed by any registered tow truck operator using tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1) as class A, class E, or class D only, the following limitations apply:

(a) The maximum towing hourly rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum hourly rate for a class A tow truck at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(b) The maximum daily storage rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum after hours release fee listed on the fee schedule filed with the department under RCW 46.55.063(1) for a parked and upright, has all its wheels and tires attached, does not have a broken axle, and has not been involved in an accident at the location from which it is being impounded.

(c) The maximum daily storage rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred percent of the maximum after hours release fee for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(2) The limitations set forth in subsection (1) of this section apply to all registered tow truck operators whether or not they hold, have applied for, or received letters of appointment from the Washington state patrol to respond to state patrol-originated calls.

(3) The limitations set forth in subsection (1) of this section do not apply to:

(a) Any other classes of tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1); or
(b) Law enforcement impounds or private voluntary towing.

(4) The limitations set forth in subsection (1) of this section only apply if the vehicle is parked and upright, has all its wheels and tires attached, does not have a broken axle, and has not been involved in an accident at the location from which it is being impounded.

(5) This section does not affect the authority of any city, town, or county to enforce, maintain, or amend any ordinance, enacted prior to January 1, 2013, and valid under state law in existence at the time of its enactment, that regulates maximum allowable rates and related charges for private impounds by registered tow truck operators. [2013 c 37 § 2.]

Findings—2013 c 37: "The legislature finds that the use of a motor vehicle is often a necessity for residents’ livelihood and families. Therefore, the legislature finds it is important for the public to know what the charges and fees will be for the private impound of cars and other vehicles parked on private property, and that those charges should be reasonable to ensure that residents may retrieve impounded vehicles." [2013 c 37 § 1.]

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment. (1)(a) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only by the following persons or entities:

(i) The legal owner;
(ii) The registered owner;
(iii) A person authorized in writing by the registered owner;
(iv) The vehicle’s insurer or a vendor working on behalf of the vehicle’s insurer;
(v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered
owner or the owner’s agent to move the vehicle, and has documented that consent in the insurer’s claim file, or a vendor working on behalf of a third-party insurer that has received such consent; provided, however, that at all times the registered owner must be granted access to and may reclaim possession of the vehicle. For the purposes of this subsection, “owner’s agent” means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner’s permission, or an adult member of the registered owner’s family;

(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department; or

(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor.

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department’s records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator’s criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver’s license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (b)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department’s records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(c) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(d) Notwithstanding (c) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(e) Notwithstanding (c) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor’s right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(f) The vehicle or other item of personal property registered or titled with the department shall be released upon the
presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (c) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer’s bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person’s signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in (a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer’s personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver’s license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys’ fees and costs against the defendant in any action to enforce the judgment. Notice
of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. 46.61.165 High occupancy vehicle lanes—Definition.
(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private non-profit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees. Conflict with state and federal environmental mitigation requirements—2011 c 379: "If any part of this act is found to be in conflict with mitigation requirements under the state environmental policy act (chapter 43.21C RCW) or the national environmental policy act (42 U.S.C. Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or
local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authorities." [2011 c 379 § 5.]

46.61.415 When local authorities may establish or alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or
(b) Increases the limit but not to more than sixty miles per hour; or
(c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3)(a) Cities and towns in their respective jurisdictions may establish a maximum speed limit of twenty miles per hour on a nonarterial highway, or part of a nonarterial highway, that is within a residence district or business district.

(b) A speed limit established under this subsection by a city or town does not need to be determined on the basis of an engineering and traffic investigation if the city or town has developed procedures regarding establishing a maximum speed limit under this subsection. Any speed limit established under this subsection may be canceled within one year of its establishment, and the previous speed limit reestablished, without an engineering and traffic investigation. This subsection does not otherwise affect the requirement that cities and towns conduct an engineering and traffic investigation to determine whether to increase speed limits.

(c) When establishing speed limits under this subsection, cities and towns shall consult the manual on uniform traffic control devices as adopted by the Washington state department of transportation.

(4) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(5) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(6) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. (b) If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person’s system. The court shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(6) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(a) Order the use of an ignition interlock or other device for an additional six months;

(b) In any case in which the person has no prior offenses within seven years, and except as provided in RCW 46.61.502(6) or 46.61.504(6), order an additional twenty-four hours of imprisonment and a fine of not less than one thousand dollars and not more than five thousand dollars. (7) In exercising its discretion in setting penalties within the limits allowed by this section, the court shall particularly consider the following:

[2013 RCW Supp—page 570]
(a) Whether the person’s driving at the time of the offense was responsible for injury or damage to another or another’s property;

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(c) Whether the driver was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater; and

(d) Whether a child passenger under the age of sixteen was an occupant in the driver’s vehicle.

(8) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) If the person’s alcohol concentration was less than 0.15, or if for reasons other than the person’s refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person’s alcohol concentration:

(i) Where there has been no prior offense within seven years, be suspended or denied by the department for ninety days;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for two years; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for three years;

(b) If the person’s alcohol concentration was at least 0.15:

(i) Where there has been no prior offense within seven years, be revoked or denied by the department for one year; or

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for nine hundred days; or

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) If by reason of the person’s refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person’s alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years; and

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person’s license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver’s record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender’s license, permit, or privilege to drive required by this section, the department shall place the offender’s driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondeferrible jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (ii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug. The court may impose conditions of probation that include non-repetition, installation of an ignition interlock device on the probationer’s motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home
monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

If a deferred prosecution is revoked based on a subsequent conviction for an offense listed in this subsection (14)(a), the subsequent conviction shall not be treated as a prior offense of the revoked deferred prosecution for the purposes of sentencing:

Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person’s interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessor, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, the court shall consider at sentencing whether the vehicle shall be seized and forfeited pursuant to this section if a seizure or forfeiture has not yet occurred.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party’s assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer’s designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person’s claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys’ fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.
(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal. [2013 2nd sp.s. c 35 § 18; 2009 c 479 § 38; 1998 c 207 § 2; 1995 c 332 § 6; 1994 c 139 § 1.]

46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls—System requirements—Rules. (1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling upon a toll facility operated under chapter 47.56 or 47.46 RCW is subject to a civil penalty governed by the administrative procedures set forth in this section when the vehicle incurs a toll charge and the toll is not paid by the toll payment due date, which is eighty days from the date the vehicle uses the toll facility and incurs the toll charge.
(5)(a) Consistent with chapter 34.05 RCW, the department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section. The department of transportation shall submit to the transportation committees of the legislature an annual report on the number of times adjudicators reduce or dismiss the civil penalty as provided in (b) of this subsection and the total amount of the civil penalties dismissed. The report must be submitted by December 1st of each year.

(b) During the adjudication process, the alleged violator must have an opportunity to explain mitigating circumstances. Hospitalization, a divorce decree or legal separation agreement resulting in a transfer of the vehicle, an active duty member of the military or national guard covered by the federal service members civil relief act, 50 U.S.C. Sec. 501 et seq., or state service members’ civil relief act, chapter 38.42 RCW, eviction, homelessness, the death of the alleged violator or of an immediate family member, or if the alleged violator did not receive a toll charge bill or notice of civil penalty are valid mitigating circumstances. All of these reasons that constitute mitigating circumstances must occur within a reasonable time of the alleged toll violation. In response to these circumstances, the adjudicator may reduce or dismiss the civil penalty.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this section are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this section. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility, signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(f) The envelope containing a toll charge bill or related notice issued pursuant to RCW 47.46.105 or 47.56.795, or a notice of civil penalty issued under this section, must prominently indicate that the contents are time sensitive and related to a toll violation.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.
Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(12) For the purposes of this section, "photo toll system" means the system defined in RCW 47.56.010 and 47.46.020.

Contingent effective date—2011 c 367 §§ 705 and 722: "Sections 705 and 722 of this act take effect upon certification by the secretary of transportation by December 1, 2012, sections 705 and 722 of this act are null and void." [2011 c 367 § 104.] A notice of certification was filed with the code reviser for publication in the state register. If a certificate is not issued by the secretary of transportation by December 1, 2012, sections 705 and 722 of this act are null and void.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Report to legislature—2009 c 272: "The department shall report to the transportation committees of the legislature by December 1, 2009, with recommendations regarding implementing a time period for the payment of tolls after crossing the Tacoma Narrows bridge in which individuals without a transponder could pay the toll due prior to the issuance of an infraction." [2009 c 272 § 2.]

46.63.170 Automated traffic safety cameras—Definition. (1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city’s or county’s web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 and 2013-2015 fiscal biennia, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013 if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control
devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner’s driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 35.50.100, 35.20.220, 46.16A.120, and *46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1)(a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 and 2013-2015 fiscal biennia, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013.

*Reviser’s note:* RCW 46.20.270 was amended by 2013 2nd sp.s. c 35 § 17, changing subsection (3) to subsection (2).

Effective date—2013 c 306: See note following RCW 47.64.170.

Findings—Intent—2012 c 85: "The legislature finds that it is in the interests of the driving public to continue to provide for a uniform system of traffic control signals, including provisions relative to yellow light durations, fine amounts for certain traffic control signal violations, and signage and reporting requirements at certain traffic control signal locations. The legislature further finds that a uniform system of traffic control signals greatly enhances the public’s confidence in a safe and equitable highway network. Therefore, it is the intent of the legislature to harmonize and make uniform certain legal provisions relating to traffic control signals." [2012 c 85 § 1.]

46.63.180 Automated school bus safety cameras—Definition. (1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter’s name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infrac-
tion based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor [vendor] of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts. During the 2013-2015 fiscal biennium, the infraction revenue may also be used for school bus safety projects by those school districts eligible to apply for funding through the use of automated school bus safety cameras. The administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects by those school districts eligible to apply for funding from the school zone safety account appropriation in section 201, chapter 306, Laws of 2013.

(2) (a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1). 46.72A.020 Engagement of and fares for carrier services—Service records—Carrier information—Penalties—Rules. (1) Contact by a customer or customer’s agent to engage the services of a carrier’s limousine must be initiated by a customer or customer’s agent at a time and place different from the customer’s time and place of departure. The fare for service must be agreed upon prior to departure. Under no circumstances may customers or customers’ agents make arrangements to immediately engage the services of a carrier’s limousine with the chauffeur, even if the chauffeur is an owner or officer of the company, with the single exception of stand-hail limousines only at a facility owned and operated by a port district in a county with a population of one million or more that are licensed and restricted by the rules and policies set forth by the port district.

(2) At the time of the conduct of the commercial limousine business, the chauffeur of a limousine and the limousine carrier must possess written or electronic records substantiating the prearrangement of the carrier’s services for any customer carried for compensation, except for vehicles meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section. Limousine carriers and limousine chauffeurs operating as an independent business must list a physical address on their business license issued under chapter 19.02 RCW where records substantiating the prearrangement of the carrier’s services may be reviewed by an enforcement officer. A limousine carrier must retain these records for a minimum of one calendar year, and failure to do so is a class 3 civil infraction against the carrier for each record that is missing or fails to include all of the information described in rules adopted under subsection (4) of this section.

(3) Limousine carriers and limousine chauffeurs operating as an independent business must list a telephone or pager number that is used to prearrange the carrier’s services for any customer carried for compensation.

(4) The department must adopt rules specifying the content and retention schedule of the records required for compliance with subsection (2) of this section.

(5) The failure of a chauffeur who is operating a limousine to immediately provide, on demand by an enforcement officer, written or electronic records required by the department substantiating the prearrangement of the carrier’s services for any customer carried for compensation, except for limousines meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section, is a class 2 civil infraction and is subject to monetary penalties under RCW 7.80.120. It is a class 1 civil infraction for a repeat offense under this subsection during the same calendar year.

(6) The department must define by rule conditions under which a chauffeur is considered to be operating a limousine, including when the limousine is parked in a designated passenger load zone. [2013 c 144 § 40; 2011 c 374 § 2; 1996 c 87 § 5.]

46.87.080 Cab cards, validation tabs, special license plates—Design, procedures—Issuance, refusal, revocation. (Effective July 1, 2015.)

(1) Upon making satisfactory application and payment of applicable fees and taxes for proportional registration under this chapter, the department must issue a cab card and validation tab for each vehicle, and to vehicles of Washington-based fleets, two distinctive apportionable license plates for each motor vehicle. License plates must be displayed on vehicles as required by RCW 46.16A.200(5). The number and plate must be of a design, size, and color determined by the department. The plates must be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card serves as the certificate of registration for a proportionally registered vehicle. The face of the cab card must contain the name and address of the registrant as contained in the records of the department, the license plate number assigned to the vehicle by the base jurisdiction, the vehicle identification number, and such other description of the vehicle and data as the department may require. The cab card must be signed by the registrant, or a designated person if the registrant is a business firm, and must at all times be carried in or on the vehicle to which it was issued.

(3) The apportioned license plates are not transferrable from vehicle to vehicle unless otherwise determined by rule and may be used only on the vehicle to which they are assigned by the department for as long as they are legible or until such time as the department requires them to be removed and returned to the department.

Effective date—2013 c 33: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2013."

[2013 RCW Supp—page 589]
(4) Distinctive validation tab(s) of a design, size, and color determined by the department must be affixed to the apportioned license plate(s) as prescribed by the department to indicate the month, if necessary, and year for which the vehicle is registered.

(5) Renewals are effected by the issuance and display of such tab(s) after making satisfactory application and payment of applicable fees and taxes.

(6) Fleet vehicles so registered and identified are deemed to be fully licensed and registered in this state for any type of movement or operation. However, in those instances in which a grant of authority is required for interstate or intrastate movement or operation, no such vehicle may be operated in interstate or intrastate commerce in this state unless the owner has been granted interstate operating authority in the case of interstate operations or intrastate operating authority by the Washington utility and transportation commission in the case of intrastate operations and unless the vehicle is being operated in conformity with that authority.

(7) The department may issue temporary authorization permits (TAPs) to qualifying operators for the operation of vehicles pending issuance of license identification. A fee of one dollar plus a one dollar filing fee must be collected for each permit issued. The permit fee must be deposited in the motor vehicle fund, and the filing fee must be deposited in the highway safety fund. The department may adopt rules for use and issuance of the permits.

(8) The department may refuse to issue any license or permit authorized by subsection (1) or (7) of this section to any person: (a) Who formerly held any type of license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, or 82.38 RCW that has been revoked for cause, which cause has not been removed; or (b) who is a subterfuge for the real party in interest whose license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, or 82.38 RCW has been revoked for cause, which cause has not been removed; or (c) who, as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, has had a license or permit issued by the department pursuant to chapter 46.16A, 46.85, 46.87, or 82.38 RCW which has been revoked for cause, which cause has not been removed; or (d) who has an unsatisfied debt to the state assessed under either chapter 46.16A, 46.85, 46.87, 82.38, or 82.44 RCW.

(9) The department may revoke the license or permit authorized by subsection (1) or (7) of this section issued to any person for any of the grounds constituting cause for denial of licenses or permits set forth in subsection (8) of this section.

(10) Before such refusal or revocation under subsection (8) or (9) of this section, the department must grant the applicant a hearing and at least ten days written notice of the time and place of the hearing. 47.04.280 Transportation system policy goals.

47.04.082 Urban public transportation systems—Defined. As used in chapter 108, Laws of 1967, "urban public transportation system" means a system for the public transportation of persons or property by buses, streetcars, trains, electric trolley coaches, other public transit vehicles, or any combination thereof operating in or through predominantly urban areas and owned and operated by the state, any public agency, any city or county or any municipal corporation of the state, including all structures, facilities, vehicles and other property rights and interest forming a part of such a system. [2013 c 113 § 6; 1967 c 108 § 1.]

47.04.280 Transportation system policy goals. (1) It is the intent of the legislature to establish policy goals for the planning, operation, performance of, and investment in, the state’s transportation system. The policy goals established under this section are deemed consistent with the benchmark categories adopted by the state’s blue ribbon commission on transportation on November 30, 2000. Public investments in transportation should support achievement of these policy goals:

(a) Economic vitality: To promote and develop transportation systems that stimulate, support, and enhance the movement of people and goods to ensure a prosperous economy;

(b) Preservation: To maintain, preserve, and extend the life and utility of prior investments in transportation systems and services;

(c) Safety: To provide for and improve the safety and security of transportation customers and the transportation system;

(d) Mobility: To improve the predictable movement of goods and people throughout Washington state;

(e) Environment: To enhance Washington’s quality of life through transportation investments that promote energy conservation, enhance healthy communities, and protect the environment; and

(f) Stewardship: To continuously improve the quality, effectiveness, and efficiency of the transportation system.

(2) The powers, duties, and functions of state transportation agencies must be performed in a manner consistent with the policy goals set forth in subsection (1) of this section.

(3) These policy goals are intended to be the basis for establishing detailed and measurable objectives and related performance measures.

measures for the department of transportation and other state agencies with transportation-related responsibilities to ensure transportation system performance at local, regional, and state government levels progresses toward the attainment of the policy goals set forth in subsection (1) of this section. The office of financial management shall submit initial objectives and performance measures to the legislature for its review and shall provide copies of the same to the commission during the 2008 legislative session. The office of financial management shall submit objectives and performance measures to the legislature for its review and shall provide copies of the same to the commission during each regular session of the legislature during an even-numbered year thereafter.

(5) A local or regional agency engaging in transportation planning may voluntarily establish objectives and performance measures to demonstrate progress toward the attainment of the policy goals set forth in subsection (1) of this section or any other transportation policy goals established by the local or regional agency. A local or regional agency engaging in transportation planning is encouraged to provide local and regional objectives and performance measures to be included with the objectives and performance measures submitted to the legislature pursuant to subsection (4) of this section.

47.06A.020 Board—Duties.
47.06A.045 Board—Standing committee—Travel reimbursement.
47.06A.050 Allocation of funds.

47.06A.020 Board—Duties. (1) The board shall:
(a) Adopt rules and procedures necessary to implement the freight mobility strategic investment program;
(b) Solicit from public entities proposed projects that meet eligibility criteria established in accordance with subsection (4) of this section; and
(c) Review and evaluate project applications based on criteria established under this section, and prioritize and select projects comprising a portfolio to be funded in part with grants from state funds appropriated for the freight mobility strategic investment program. In determining the appropriate level of state funding for a project, the board shall ensure that state funds are allocated to leverage the greatest amount of partnership funding possible. The board shall ensure that projects included in the portfolio are not more appropriately funded with other federal, state, or local government funding mechanisms or programs. The board shall reject those projects that appear to improve overall general mobility with limited enhancement for freight mobility.

The board shall provide periodic progress reports on its activities to the office of financial management and the senate and house transportation committees.

(2) The board may:
(a) Accept from any state or federal agency, loans or grants for the financing of any transportation project and enter into agreements with any such agency concerning the loans or grants;
(b) Provide technical assistance to project applicants;
(c) Accept any gifts, grants, or loans of funds, property, or financial, or other aid in any form from any other source on any terms and conditions which are not in conflict with this chapter;
(d) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this chapter; and
(e) Do all things necessary or convenient to carry out the powers expressly granted or implied under this chapter.

(3) The board shall designate strategic freight corridors within the state. The board shall update the list of designated strategic corridors not less than every two years, and shall establish a method of collecting and verifying data, including information on city and county-owned roadways.

(4) The board shall utilize threshold project eligibility criteria that, at a minimum, includes the following:
(a) The project must be on a strategic freight corridor;
(b) The project must meet one of the following conditions:
(i) It is primarily aimed at reducing identified barriers to freight movement with only incidental benefits to general or personal mobility;
(ii) It is primarily aimed at increasing capacity for the movement of freight with only incidental benefits to general or personal mobility;
(iii) It is primarily aimed at mitigating the impact on communities of increasing freight movement, including roadway/railway conflicts; and
(c) The project must have a total public benefit/total public cost ratio of equal to or greater than one.

(5) From June 11, 1998, through the biennium ending June 30, 2001, the board shall use the multicriteria analysis and scoring framework for evaluating and ranking eligible freight mobility and freight mitigation projects developed by the freight mobility project prioritization committee and contained in the January 16, 1998, report entitled "Project Eligibility, Priority and Selection Process for a Strategic Freight Investment Program." The prioritization process shall measure the degree to which projects address important program objectives and shall generate a project score that reflects a project’s priority compared to other projects. The board shall assign scoring points to each criterion that indicate the relative importance of the criterion in the overall determination of project priority. After June 30, 2001, the board may supplement and refine the initial project priority criteria and scoring framework developed by the freight mobility project prioritization committee as expertise and experience is gained in administering the freight mobility program.

(6) It is the intent of the legislature that each freight mobility project contained in the project portfolio approved by the board utilize the greatest amount of nonstate funding possible. The board shall adopt rules that give preference to projects that contain the greatest levels of financial participation from nonprogram fund sources. The board shall consider twenty percent as the minimum partnership contribution, but shall also ensure that there are provisions allowing
exceptions for projects that are located in areas where minimal local funding capacity exists or where the magnitude of the project makes the adopted partnership contribution financially unfeasible.

(7) The board shall develop and recommend policies that address operational improvements that primarily benefit and enhance freight movement, including, but not limited to, policies that reduce congestion in truck lanes at border crossings and weigh stations and provide for access to ports during nonpeak hours. [2013 c 104 § 1; 2005 c 319 § 125; 1999 c 216 § 1; 1998 c 175 § 3.]

47.06A.045 Board—Standing committee—Travel reimbursement. During the 2013-2015 fiscal biennium, members of the freight advisory committee group created as a standing committee of the board may be reimbursed for travel expenses as provided in RCW 43.03.050 and 43.03.060. [2013 c 306 § 707.]

Effective date—2013 c 306: See note following RCW 47.64.170.

47.06A.050 Allocation of funds. (1) For the purpose of allocating funds for the freight mobility strategic investment program, the board shall allocate the first fifty-five percent of funds to the highest priority projects, without regard to location.

(2) The remaining funds shall be allocated equally among three regions of the state, defined as follows:

(a) The Puget Sound region includes King, Pierce, and Snohomish counties;

(b) The western Washington region includes Clallam, Jefferson, Island, Kitsap, San Juan, Skagit, Whatcom, Clark, Cowlitz, Grays Harbor, Lewis, Mason, Pacific, Skamania, Thurston, and Wahkiakum counties; and

(c) The eastern Washington region includes Adams, Chelan, Douglas, Ferry, Grant, Lincoln, Okanogan, Pend Oreille, Spokane, Stevens, Whitman, Asotin, Benton, Columbia, Franklin, Garfield, Kittitas, Klickitat, Walla Walla, and Yakima counties.

(3) If a region does not have enough qualifying projects to utilize its allocation of funds, the funds will be made available to the next highest priority project, without regard to location.

(4) In the event that a proposal contains projects in more than one region, for purposes of assuring that equitable geographic distributions are made under subsection (2) of this section, the board shall evaluate the proposal and proportionally assign the benefits that are attributable to each region.

(5) If the board identifies a project for funding, but later determines that the project is not ready to proceed, the board shall recommend removing the project from consideration and the next highest priority project shall be substituted in the project portfolio. Any project removed from funding consideration because it is not ready to proceed shall retain its position on the priority project list. [2013 c 104 § 2; 1998 c 175 § 6.]

(65) All Washington state ferry routes. [2013 c 154 § 2; 2011 c 123 § 1; 2010 c 14 § 2; 2009 c 277 § 1; 2003 c 55 § 1; 1993 c 430 § 7; 1992 c 26 § 2; 1991 c 342 § 54; 1990 c 240 § 3; 1975 c 63 § 8; 1973 1st ex.s. c 151 § 10; 1971 ex.s. c 73 § 29; 1970 ex.s. c 51 § 177; 1969 ex.s. c 281 § 6; 1967 ex.s. c 85 § 2.]

Intent—2013 c 154: "The legislature recognizes the city of Enumclaw as the gateway to the Chinook scenic byway in western Washington. As such, it is the legislature’s intent to set the western terminus of the byway within Enumclaw’s city limits. It is further the legislature’s intent to make attractions within the city of Enumclaw eligible for future grant opportunities by establishing an all-encompassing entrance point for the Chinook scenic byway." [2013 c 154 § 1.]

Legislative finding—1990 c 240: "The legislature finds that scenic and recreational highways are designated because of a need to develop management plans that will protect and preserve the scenic and recreational resources from loss through inappropriate development. Protection of scenic and recreational resources includes managing land use outside normal highway rights-of-way. The legislature recognizes that scenic and recreational highways are typically located in areas that are natural in character, along watercourses or through mountainous areas, or in areas with a view of such scenery." (1) Any sign erected or maintained contrary to the provisions of this chapter or rules adopted hereunder that is designed to be viewed from the interstate system, the primary system, or the scenic system is a public nuisance, and the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall notify the permittee or, if there is no permittee, the owner of the property on which the sign is located, by certified mail at his or her last known address, that it constitutes a public nuisance and must comply with the chapter or be removed.

(2) If the permittee or owner, as the case may be, fails to comply with the chapter or remove any such sign within fifteen days after being notified to remove the sign he or she is guilty of a misdemeanor. In addition to the penalties imposed by law upon conviction, an order may be entered compelling removal of the sign. Each day the sign is maintained constitutes a separate offense.

(3) If the permittee or owner, as the case may be, fails to comply with this chapter or rules adopted under this chapter or fails to remove any sign erected or maintained contrary to the provisions of this chapter or rules adopted under this chapter within fifteen days after being notified to remove the sign, the department shall assess a fine of one hundred dollars per calendar day until the sign is brought into compliance or is removed. The one hundred dollar per calendar day fine is not contingent on a misdemeanor conviction. Fines collected under this subsection must be deposited with the state treasurer to the credit of the motor vehicle fund.

(4) If the permittee or the owner of the property upon which it is located, as the case may be, is not found or refuses receipt of the notice, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall post the sign and property upon which it is located with a notice that the sign constitutes a public nuisance and must be removed. If the sign is not removed within fifteen days after such posting, the department, the chief of the Washington state patrol, the county sheriff, or the chief of police of any city or town shall abate the nuisance and destroy the sign, and for that purpose may enter upon private property without incurring liability for doing so.

47.42.120 Permits—Application—Fees—Renewal—Permissible acts—Revocation. Notwithstanding any other provisions of this chapter, no sign except a sign of type 1 or 2 or those type 3 signs that advertise activities conducted upon the properties where the signs are located, may be erected or maintained without a permit issued by the department. Application for a permit shall be made to the department on forms furnished by it. The forms shall contain a statement that the owner or lessee of the land in question has consented thereto. For type 8 signs (temporary agricultural directional signs), when the land in question is owned by the department, the consent statement must be reviewed and, if the sign does not create a safety concern, be approved within ten days of application by the department. The application shall be accompanied by a fee established by department rule to be deposited with the state treasurer to the credit of the motor vehicle fund.
vehicle fund. Permits shall be for the remainder of the calendar year in which they are issued, and accompanying fees shall not be prorated for fractions of the year. Permits must be renewed annually through a certification process established by department rule. Advertising copy may be changed at any time without the payment of an additional fee. Assignment of permits in good standing is effective only upon receipt of written notice of assignment by the department. A permit may be revoked after hearing if the department finds that any statement made in the application or annual certification process was false or misleading, or that the sign covered is not in good general condition and in a reasonable state of repair, or is otherwise in violation of this chapter, if the false or misleading information has not been corrected and the sign has not been brought into compliance with this chapter or rules adopted under it within thirty days after written notification. Beginning July 1, 2014, the department shall establish and charge by rule an annual fee for type 4 and 5 sign permits. The fee must reasonably recover costs for outdoor advertising control program administration and enforcement and may not exceed one hundred fifty dollars. The department shall establish by rule exemptions from payment of the annual fee for type 4 and 5 signs that do not generate rental income. 47.42.130 Permit identification number. Every permit issued by the department shall be assigned a separate identification number, and each permittee shall fasten to each sign a weatherproof label, not larger than twenty-eight square inches, that shall be furnished by the department and on which shall be plainly visible the permit number. The permittee shall also place his or her name in a conspicuous position on the front or back of each sign. The failure of a sign to have such a label affixed to it is prima facie evidence that it is not in compliance with the provisions of this chapter. 47.52.025 Additional powers—Controlling use of limited access facilities—High occupancy vehicle lanes—Definition. (1) Highway authorities of the state, counties, and incorporated cities and towns, in addition to the specific powers granted in this chapter, shall also have, and may exercise, relative to limited access facilities, any and all additional authority, now or hereafter vested in them relative to highways or streets within their respective jurisdictions, and may regulate, restrict, or prohibit the use of such limited access facilities by various classes of vehicles or traffic. Such highway authorities may reserve any limited access facility or portions thereof, including designated lanes or ramps for the exclusive or preferential use of (a) public transportation vehicles, (b) privately owned buses, (c) motorcyclists, (d) private motor vehicles carrying not less than a specified number of passengers, or (e) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway facility or will aid in the conservation of energy resources. Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all time or at specified times of day or on specified days.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are reserved pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) Highway authorities of the state, counties, or incorporated cities and towns may prohibit the use of limited access facilities by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle travel lane fails to meet department standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours for two consecutive months.

(4)(a) Local authorities are encouraged to establish a process for private transportation providers, described under subsections (1) and (3) of this section, to apply for the use of limited access facilities that are reserved for the exclusive or preferential use of public transportation vehicles. (b) The process must provide a list of facilities that the local authority determines to be unavailable for use by the private transportation provider and must provide the criteria used to reach that determination. (c) The application and review processes must be uniform and should provide for an expeditious response by the authority.

(5) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department, and is offered by an employer for the benefit of its employees. 47.56.403 High occupancy toll lane pilot project.

47.56.876 State route number 520 civil penalties account.

47.56.403 High occupancy toll lane pilot project. (1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

(a) Freeway efficiency and safety;

(b) Effectiveness for transit;

(c) Person and vehicle movements by mode;

(d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, 2015.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW. [2013 c 306 § 709; 2011 c 367 § 709; 2005 c 312 § 3.]

47.56.771 Refunding bonds—General obligation—Signatures, negotiability—Payment of principal and interest—Pledge of excise taxes. (Effective July 1, 2015.)

(1) The refunding bonds authorized under RCW 47.56.770 must be general obligation bonds of the state of Washington and must be issued in a total principal amount not to exceed fifteen million dollars. The exact amount of refunding bonds to be issued must be determined by the state finance committee after calculating the amount of money deposited with the trustee for the bonds to be refunded which can be used to redeem or defease outstanding toll bridge authority, ferry, and Hood Canal bridge revenue bonds after the setting aside of sufficient money from that fund to pay the first interest installment on the refunding bonds. The refunding bonds must be serial in form maturing at such time, in such amounts, having such denomination or denominations, redemption privileges, and having such terms and conditions as determined by the state finance committee. The last matu-
The fuel tax revenues which are distributable to the counties, cities, towns, and special districts are divided as follows: the portion of the motor vehicle fund such amount from the proceeds of such taxes to pay the principal and interest due, the principal and interest on all bonds issued under the provisions of RCW 47.60.560 must distinctly state that they are a general obligation of the state of Washington, must pledge the full faith and credit of the state, and must contain an unconditional promise to pay the principal thereof and the interest thereon when due. The refunding bonds must be fully negotiable instruments.

(3) The principal and interest on the refunding bonds must be first payable in the manner provided in this section from the proceeds of state excise taxes on motor fuels imposed by chapter 82.38 RCW.

(4) The principal of and interest on the refunding bonds must be paid first from the state excise taxes on motor vehicle and special fuels imposed under chapter 82.38 RCW to pay the refunding bonds and interest thereon, and the legislature hereby agrees to continue to impose the same excise taxes on motor vehicle and special fuels in amounts sufficient to pay, when due, the principal and interest on the refunding bonds. Not less than fifteen days prior to the date any interest or principal and interest payments are due, the state finance committee must certify to the state treasurer such amount of additional money as may be required for debt service, and the treasurer must thereupon transfer from the motor vehicle fund such amount from the proceeds of such excise taxes into the ferry bond retirement fund. Any proceeds of such excise taxes required for these purposes must first be taken from that portion of the motor vehicle fund which results from the imposition of the excise taxes on motor vehicle and special fuels and which is distributed to the Puget Sound capital construction account. If the proceeds from excise taxes distributed to the state are ever insufficient to meet the required payments on principal or interest on the refunding bonds when due, the amount required to make the payments on the principal or interest must next be taken from that portion of the motor vehicle fund which results from the imposition of excise taxes on motor vehicle and special fuels and which is distributed to the state, counties, cities, and towns pursuant to RCW 46.68.090. Any payments of the principal or interest taken from the motor vehicle or special fuel tax revenues which are distributable to the counties, cities, and towns must be repaid from the first money distributed to the state not required for redemption of the refunding bonds or interest thereon. The legislature covenants that it will at all times provide sufficient revenues from the imposition of such excise taxes to pay the principal and interest due on the refunding bonds. MARINE EMPLOYEES—PUBLIC EMPLOYMENT RELATIONS

Sections
47.64.170 Collective bargaining procedures.
47.64.270 Insurance and health care.
47.64.170 Collective bargaining procedures. (1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party’s full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator’s award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor’s budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to imple-
ment the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor’s budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(c) For the collective bargaining agreements negotiated for the 2013-2015 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement reached after October 1st after a determination of financial infeasibility by the director of the office of financial management if the request for funds is transmitted to the legislature as part of the governor’s budget document submitted under RCW 43.88.030 and 43.88.060. AERONAUTICS

(Formerly: Chapter 14.04 RCW, Aeronautics commission)

Sections

47.68.250 Registration of aircraft. (Effective January 1, 2014, until July 1, 2021.)

47.68.250 Registration of aircraft. (Effective January 1, 2014, until July 1, 2021.) (1) Every aircraft must be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars is charged for each such registration and each annual renewal thereof.

(2) Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section are the only requisites for registration of an aircraft under this section.

(3) The registration fee imposed by this section is payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and must be collected by the secretary at the time of the collection by him or her of the excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she must issue to the owner of the aircraft a certificate of registration therefor. The secretary must pay to the state treasurer the registration fees collected under this section, which registration fees must be credited to the aeronautics account in the transportation fund.

(4) It is not necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary must issue certifi-
cates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(5) The provisions of this section do not apply to:

(a) An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

(b) An aircraft registered under the laws of a foreign country;

(c) An aircraft that is owned by a nonresident if:

(i) The aircraft remains in this state or is based in this state, or both, for a period less than ninety days; or

(ii) The aircraft is a large private airplane as defined in RCW 82.08.215 and remains in this state for a period of ninety days or longer, but only when:

(A) The airplane is in this state exclusively for the purpose of repair, alterations, or reconstruction, including any flight testing related to the repairs, alterations, or reconstruction, or for the purpose of continual storage of not less than one full calendar year;

(B) An employee of the facility providing these services is on board the airplane during any flight testing; and

(C) Within ninety days of the date the airplane first arrived in this state during the calendar year, the nonresident files a written statement with the department indicating that the airplane is exempt from registration under this subsection (5)(c)(ii). The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of RCW 9A.72.085;

(d) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

(f) An aircraft being held for sale, exchange, delivery, test, or demonstration purposes solely as stock in trade of an aircraft dealer licensed under Title 14 RCW; and

(g) An aircraft based within the state that is in an unserviceable condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

(6) The secretary must be notified within thirty days of any change in ownership of a registered aircraft. The notification must contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

(7) A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, must require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hanger space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. The airport must work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division. Intent—Findings—2013 2nd sp.s. c 13: "(1) The legislature intends to promote the economic development of our state’s aerospace cluster and increase the tax revenues collected by the state through promoting a competitive marketplace for storing and modifying unfurnished, noncommercial aircraft. The legislature finds that Washington is currently losing these types of jobs to other states, resulting in the loss of high-wage jobs and new tax revenue. Further, the legislature finds that the current tax statutes are an impediment to encouraging the development of aerospace clusters in our state. Therefore, the legislature intends to modify our state’s tax policy to encourage aerospace cluster development within the state and increase tax revenues.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must estimate the net impact on state tax revenues by comparing the decrease in state revenues resulting from the changes made in part XI of this act to the additional tax revenues generated from the direct, indirect, and induced economic impacts from these changes. The committee must also, to the extent practicable, estimate job growth in the aerospace cluster resulting from the changes made in part XI of this act. The committee must conduct its tax preference review of part XI of this act during calendar year 2016 and report its findings and recommendations to the legislature by January 1, 2017." EXAMINATIONS

48.03.010 Examination of insurers, bureaus. (1) The commissioner shall examine the affairs, transactions, accounts, records, documents, and assets of each authorized insurer as often as he or she deems advisable. The commissioner shall so examine each insurer holding a certificate of authority or certificate of registration not less frequently than every five years. Examination of an alien insurer may be limited to its insurance transactions in the United States. In scheduling and determining the nature, scope, and frequency of an examination, the commissioner shall consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiner's handbook adopted by the National Association of Insurance Commissioners and in effect when the commissioner exercises discretion under this section.

(2) As often as the commissioner deems advisable and at least once in five years, the commissioner shall fully examine each rating organization and examining bureau licensed in this state. As often as he or she deems it advisable the commissioner may examine each advisory organization, any statistical reporting agent designated by the commissioner under RCW 48.29.017, and each joint underwriting or joint reinsurance group, association, or organization.

(3) The commissioner shall in like manner examine each insurer or rating organization applying for authority to do business in this state.

(4) In lieu of making an examination under this chapter, the commissioner may accept a full report of the last recent examination of a nondomestic rating or advisory organization, or joint underwriting or joint reinsurance group, association or organization, as prepared by the insurance supervisory official of the state of domicile or of entry. In lieu of an examination under this chapter of a foreign or alien insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the insurance department for the company's state of domicile or port-of-entry state until January 1, 1994. Thereafter, an examination report may be accepted only if: (a) That insurance department was at the time of the examination accredited under the National Association of Insurance Commissioners' financial regulation standards and accreditation program; or (b) the examination was performed either under the supervision of an accredited insurance department or with the participation of one or more examiners employed by an accredited state insurance department who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

(5) The commissioner may elect to accept and rely on an audit report made by an independent certified public accountant for the insurer in the course of that part of the commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(6) For the purposes of completing an examination of any company under this chapter, the commissioner may examine or investigate any managing general agent or any other person, or the business of any managing general agent or other person, insofar as that examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company. 48.03.060 Examination expense. (1) Examinations within this state of any insurer or self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or the commissioner’s examiners and employees must, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, must be made by the commissioner or by examiners designated by the commissioner and must be at the expense of the person examined; but a domestic insurer must not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which must be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable must reimburse the state upon presentation of an itemized statement for the actual travel expenses of the commissioner’s examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer’s cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. whichever is higher. A domestic title insurer must pay the
examination expense and costs to the commissioner as item-
ized and billed by the commissioner.

The commissioner or the commissioner’s examiners
must not receive or accept any additional emolument on
account of any examination.

(5) Nothing contained in this chapter limits the commis-
sioner’s authority to terminate or suspend any examination in
order to pursue other legal or regulatory action under the
insurance laws of this state. Findings of fact and conclusions
made pursuant to any examination are prima facie evidence
in any legal or regulatory action.

Chapter 48.14 RCW
FEES AND TAXES

Sections
48.14.0201 Premiums and prepayments tax—Health care services—
Exemptions—State preemption.

48.14.020 Premium taxes. (1) Subject to other provi-
sions of this chapter, each authorized insurer except title
insurers shall on or before the first day of March of each year
pay to the state treasurer through the commissioner’s office a
tax on premiums. Except as provided in subsection (3) of this
section, such tax shall be the amount of two percent of all
premiums, exclusive of amounts returned to or the amount of
reductions in premiums allowed to holders of industrial life
policies for payment of premiums directly to an office of the
insurer, collected or received by the insurer under RCW
48.14.090 during the preceding calendar year other than
ocean marine and foreign trade insurances, after deducting
premiums paid to policyholders as earned premiums, upon
risks or property resident, situated, or to be performed in this
state. For tax purposes, the reporting of premiums shall be on
a written basis or on a paid-for basis consistent with the basis
required by the annual statement. For the purposes of this
section the consideration received by an insurer for the grant-
ing of an annuity shall not be deemed to be a premium.

(2)(a) The taxes imposed in this section do not apply to
amounts received by any life and disability insurer for health
care services included within the definition of practice of
dentistry under RCW 18.32.020 except amounts received for
pediatric oral services that qualify as coverage for the mini-
num essential coverage requirement under P.L. 111-148
(2010), as amended.

(b) Beginning January 1, 2014, moneys collected for pre-
miums written on qualified health benefit plans and stand-
alone dental plans offered through the health benefit
exchange under chapter 43.71 RCW must be deposited in the
health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by
their policyholders at the inception of their policies of the
entire premium thereon in the form of premiums or premium
deposits which are the same in amount, based on the charac-
ter of the risks, regardless of the length of term for which
such policies are written, such tax shall be in the amount of
two percent of the gross amount of such premiums and pre-
mium deposits upon policies on risks resident, located, or to
be performed in this state, in force as of the thirty-first day of
December next preceding, less the unused or unabsorbed por-
tion of such premiums and premium deposits computed at the
average rate thereof actually paid or credited to policyholders
or applied in part payment of any renewal premiums or pre-
mium deposits on one-year policies expiring during such
year.

(4) Each authorized insurer shall with respect to all
ocean marine and foreign trade insurance contracts written
within this state during the preceding calendar year, on or
before the first day of March of each year pay to the state
treasurer through the commissioner’s office a tax of ninety-
five one-hundredths of one percent on its gross underwriting
profit. Such gross underwriting profit shall be ascertained by
deducting from the net premiums (i.e., gross premiums less
all return premiums and premiums for reinsurance) on such
ocean marine and foreign trade insurance contracts the net
losses paid (i.e., gross losses paid less salvage and recoveries
on reinsurance ceded) during such calendar year under such
contracts. In the case of insurers issuing participating con-
tracts, such gross underwriting profit shall not include, for
computation of the tax prescribed by this subsection, the
amounts refunded, or paid as participation dividends, by such
insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing
excise or privilege taxes upon insurers or their appointed
insurance producers, other than title insurers, and no county,
city, town or other municipal subdivision shall have the right
to impose any such taxes upon such insurers or these insur-
ance producers.

(6) If an authorized insurer collects or receives any such
premiums on account of policies in force in this state which
were originally issued by another insurer and which other
insurer is not authorized to transact insurance in this state
on its own account, such collecting insurer shall be liable for and
shall pay the tax on such premiums. [2013 2nd sp.s. c 6 § 6;

48.14.0201 Premiums and prepayments tax—Health care services—Exemptions—State preemption. (1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in chapter 48.44 RCW, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner’s office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer’s tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer’s tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner’s office by the due dates and in the following amounts:

(a) On or before June 15, forty-five percent;
(b) On or before September 15, twenty-five percent;
(c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year’s tax obligation as recomputed for calculating the health maintenance organization’s, health care service contractor’s, self-funded multiple employer welfare arrangement’s, or certified health plan’s prepayment obligations for the current tax year.

(5) (a) Except as provided in (b) of this subsection, moneys collected under this section are deposited in the general fund.

(b) Beginning January 1, 2014, moneys collected from taxpayers for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035; or

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW.

(c) Amounts received by any health care service contractor as defined in chapter 48.44 RCW, or any health maintenance organization as defined in chapter 48.46 RCW, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020, except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state preempts the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision has the right to impose any such taxes upon such taxpayers. This subsection is limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection must not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement must deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be transferred to the state treasurer.
(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner must notify each taxpayer required to make payments in that year of the amount of each prepayment and must provide remittance forms to be used by the taxpayer. However, a taxpayer’s responsibility to make payments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms. THE INSURANCE CONTRACT

Sections
48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition.
48.18.278 Terms for cancellation, nonrenewal, or modification of portable electronics policy—Application of RCW 48.18.290 and 48.18.2901 to portable electronics insurance.

48.18.103 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition. (1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for forms.

(2) Commercial property casualty policies may be issued prior to filing the forms.

(3) All commercial property casualty forms must be filed with the commissioner within thirty days after an insurer issues any policy using them. This subsection does not apply to:

(a) Types or classes of forms that the commissioner exempts from filing by rule; and

(b) Manuscript policies, riders, or endorsements of unique character designed for and used with relation to insurance upon a particular subject.

(4) If, within thirty days after a commercial property casualty form has been filed, the commissioner finds that the form does not meet the requirements of this chapter, the commissioner shall disapprove the form and give notice to the insurer or rating organization that made the filing, specifying how the form fails to meet the requirements and stating when, within a reasonable period thereafter, the form shall be deemed no longer effective. The commissioner may extend the time for review an additional fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(5) Upon a final determination of a disapproval of a policy form under subsection (4) of this section, the insurer must amend any previously issued disapproved form by endorsement to comply with the commissioner’s disapproval.

(6) For purposes of this section, “commercial property casualty” means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.110.040, 48.110.050, 48.110.060, or 48.110.070, but does not mean medical malpractice insurance or portable electronics insurance as defined in RCW 48.120.005.

(7) Except as provided in subsection (5) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

(8) Every member or subscriber to a rating organization must adhere to the form filings made on its behalf by the organization. An insurer may deviate from forms filed on its behalf by an organization only if the insurer files the forms with the commissioner in accordance with this chapter.

(9) In the event a hearing is held on the actions of the commissioner under subsection (4) of this section, the burden of proof shall be on the commissioner. [2013 c 152 § 1; 2006 c 8 § 215; 2005 c 223 § 9; 2003 c 248 § 4; 1997 c 428 § 1.]

Findings—Intent—Part headings and subheadings not law—Severability—2006 c 8: See notes following RCW 5.64.010.

48.18.278 Terms for cancellation, nonrenewal, or modification of portable electronics policy—Application of RCW 48.18.290 and 48.18.2901 to portable electronics insurance. (1) The cancellation provisions in RCW 48.18.290 and the nonrenewal provisions in RCW 48.18.2901 apply to portable electronics insurance policies issued under chapter 48.120 RCW, unless inconsistent with this section in which case this section controls.

(2) An insurer may cancel, nonrenew, modify, or otherwise change the terms and conditions of a policy of portable electronics only:

(a) Upon providing the policyholder and enrolled customers with at least thirty days’ notice; or

(b) As provided in subsections (5) through (7) of this section.

(3) An insurer may not increase premiums or deductibles or otherwise restrict benefits more than once in any six-month period.

(4) If an insurer changes the terms and conditions, then the insurer must provide:

(a) The vendor policyholder with a revised policy endorsement; and

(b) Each enrolled customer with:

(i) A revised certificate or endorsement and a summary of material changes; or

(ii) If the change is limited to a change in premium, a revised certificate, endorsement, updated brochure, or other evidence indicating a change in premium.

(5) An insurer may terminate an enrolled customer’s enrollment under a portable electronics insurance policy upon fifteen days’ notice for discovery of fraud or material
misrepresentation in obtaining coverage or in the presentation of a claim.

(6) An insurer may terminate an enrolled customer’s enrollment under a portable electronics insurance policy upon ten days’ notice for nonpayment of premium.

(7) An insurer may immediately terminate an enrolled customer’s enrollment under a portable electronics insurance policy:

(a) Without notice, if the enrolled customer ceases to have an active service with the vendor of portable electronics; or

(b) Without prior notice if an enrolled customer exhausts the aggregate limit of liability, if any, under the terms of the portable electronics insurance policy and the insurer sends notice of termination to the enrolled customer within thirty calendar days after exhaustion of the limit. However, if notice is not timely sent, coverage continues notwithstanding the aggregate limit of liability until the insurer sends notice of termination to the enrolled customer.

(8) If a policy of portable electronics insurance is being canceled or terminated by the insurer, the notice must include the insurer’s actual reason for cancellation or termination.

(9) When a portable electronics insurance policy is terminated by a policyholder, the insurer must mail or deliver written notice to each enrolled customer advising the enrolled customer of the termination of the policy and the effective date of termination. The written notice must be mailed or delivered to the enrolled customer at least thirty days prior to the termination. The written notice must include the actual reason for the termination. However, if the policyholder is a vendor licensed as a specialty producer pursuant to RCW 48.120.010, the notice required by this subsection must be mailed or delivered by the vendor.

(10) Any notice or correspondence with respect to a policy of portable electronics insurance required under this section or otherwise required by law must be in writing. Notice or correspondence may be sent either by mail or by electronic means. If the notice or correspondence is mailed, it must be sent to the vendor of portable electronics at the vendor’s mailing address specified for that purpose and to its affected enrolled customers’ last known mailing addresses on file with the insurer.

The insurer or vendor of portable electronics must maintain proof of mailing in a form authorized or accepted by the United States postal service or other commercial mail delivery service. If a notice or correspondence is sent by electronic means, it must be sent to the vendor of portable electronics at the vendor’s electronic mail address specified for that purpose and to its affected enrolled customers’ last known electronic mail address as provided by each enrolled customer to the insurer or vendor of portable electronics, as the case may be.

For purposes of this subsection, an enrolled customer’s provision of an electronic mail address to the insurer, supervising person, or vendor of portable electronics means that the enrolled customer consents to receive notices and correspondence by electronic mail as long as a disclosure to that effect is provided to the consumer at the time the consumer provides an electronic mail address. The insurer or vendor of portable electronics, as the case may be, must maintain proof that the notice or correspondence was sent.

(11) Notice or correspondence required by this section or otherwise required by law may be sent by the supervising person appointed by the insurer on behalf of an insurer or a vendor. [2013 c 152 § 8.]

RATES

Sections
48.19.043 Forms of commercial property casualty policies—Legislative intent—Issuance prior to filing—Disapproval by commissioner—Definition.

(1) Every insurer or rating organization shall, before using, file with the commissioner every classifications manual, manual of rules and rates, rating plan, rating schedule, minimum rate, class rate, and rating rule, and every modification of any of the foregoing which it proposes. The insurer need not so file any rate on individually rated risks as described in subdivision (1) of RCW 48.19.030; except that any such specific rate made by a rating organization shall be filed.

(2) Every such filing shall indicate the type and extent of the coverage contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. An insurer or rating organization shall offer in support of any filing:

(a) The experience or judgment of the insurer or rating organization making the filing;

(b) An exhibit detailing the major elements of operating expense for the types of insurance affected by the filing;

(c) An explanation of how investment income has been taken into account in the proposed rates; and

(d) Any other information which the insurer or rating organization deems relevant.

(3) If an insurer has insufficient loss experience to support its proposed rates, it may submit:

(a) Loss experience for similar exposures of other insurers or of a rating organization; or

(1) It is the intent of the legislature to assist the purchasers of commercial property casualty insurance by allowing policies to be issued more expeditiously and provide a more competitive market for rates.

(2) Notwithstanding the provisions of RCW 48.19.040(1), commercial property casualty policies may be issued prior to filing the rates. All commercial property casualty rates shall be filed with the commissioner within thirty days after an insurer issues any policy using them.

(3) If, within thirty days after a commercial property casualty rate has been filed, the commissioner finds that the rate does not meet the requirements of this chapter, the commissioner shall disapprove the filing and give notice to the insurer or rating organization that made the filing, specifying how the filing fails to meet the requirements and stating when, within a reasonable period thereafter, the filing shall be deemed no longer effective. The commissioner may extend the time for review another fifteen days by giving notice to the insurer prior to the expiration of the original thirty-day period.

(4) Upon a final determination of a disapproval of a rate filing under subsection (3) of this section, the insurer shall issue an endorsement changing the rate to comply with the commissioner’s disapproval from the date the rate is no longer effective.

(5) For purposes of this section, "commercial property casualty" means insurance pertaining to a business, profession, occupation, nonprofit organization, or public entity for the lines of property and casualty insurance defined in RCW 48.11.040, 48.11.050, 48.11.060, or 48.11.070, but does not mean medical malpractice insurance or portable electronics insurance as defined in RCW 48.120.005.

(6) Except as provided in subsection (4) of this section, the disapproval shall not affect any contract made or issued prior to the expiration of the period set forth in the notice of disapproval.

48.29.017 Statistical reporting agent—Duties—Required reports—Costs—Rules. (1) The commissioner must designate one statistical reporting agent to assist him or her in gathering information on title insurance policy issuance, business income, and expenses and making compilations thereof. The costs and expenses of the statistical reporting agent must be borne by all the authorized title insurance companies and title insurance agents licensed to conduct the business of title insurance in this state. The commissioner may adopt rules setting forth how the costs and expenses of the statistical reporting agent are to be paid and apportioned among the authorized title insurers and licensed title insurance agents.

(2) Upon designation of a statistical reporting agent by the commissioner under subsection (1) of this section all authorized title insurance companies and licensed title insurance agents must annually, by May 31st, file a report with the statistical reporting agent of their policy issuance, business income, expenses, and loss experience in this state. The report must be filed with the statistical reporting agent in a manner and form prescribed by the commissioner by rule, which must be consistent with the manner and form adopted by the national association of insurance commissioners.

(3) The statistical reporting agent must review the information filed with it for completeness, accuracy, and quality within one hundred twenty days of its receipt. All title insurance companies and title insurance agents must cooperate with the statistical reporting agent to verify the completeness, accuracy, and quality of the data that they submitted.

(4) Within thirty days after completing its review of the information for quality and accuracy, the statistical reporting agent must file the information for each title insurance company and title insurance agent, individually and in the aggregate, with the commissioner with a copy of the aggregate data from such statistical reporting agent provided to each title insurer and title insurance agent.

(1) Information filed with the commissioner under RCW 48.29.017 must be kept confidential and is not subject to public disclosure under chapter 42.56 RCW, unless the commissioner finds, after notice and hearing with the affected parties, it is in the public interest to disclose the information.

(2) The commissioner may share the information in subsection (1) of this section with the national association of insurance commissioners and its affiliates and subsidiaries, regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, provided that the recipient agrees to maintain the confidentiality and privileged status of the information.

(3) This section does not prohibit the commissioner from sharing or publishing the information in an aggregate form.  [2013 c 65 § 2.]

CONTRACTS BETWEEN INSURANCE CARRIERS, HEALTH CARE PROVIDERS, AND THIRD-PARTY PAYORS

Sections
48.39.003 Findings.
48.39.005 Definitions.
48.39.010 Notice of material amendments to contract—Failure to comply.
48.39.020 Payor may require provider to extend payor’s medicaid rates—Limitations.

48.39.003 Findings.  The legislature finds that Washington state is a provider friendly state within which to practice medicine.  As part of health care reform, Washington state endeavors to establish and operate a state-based health benefits exchange wherein insurance products will be offered for sale and add potentially three hundred thousand patients to commercial insurance, and to expand access to medicaid for potentially three hundred thousand new enrollees.  Such a successful and new insurance market in Washington state will require the willing participation of all categories of health care providers.  The legislature further finds that principles of fair contracting apply to all contracts between health care providers and health insurance carriers offering insurance within Washington state and that fair dealings and transparency in expectations should be present in interactions between all third-party payors and health care providers.  [2013 c 293 § 1.]

48.39.005 Definitions.  The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Health care provider" or "provider" has the same meaning as in RCW 48.43.005 and, for the purposes of this chapter, includes facilities licensed under chapter 70.41 RCW.

(2) "Material amendment" means an amendment to a contract between a payor and health care provider that would result in requiring a health care provider to participate in a health plan, product, or line of business with a lower fee schedule in order to continue to participate in a health plan, product, or line of business with a higher fee schedule.  A material amendment does not include any of the following:

(a) A decrease in payment or compensation resulting from a change in a fee schedule published by the payor upon which the payment or compensation is based and the date of applicability is clearly identified in the contract, compensation addendum, or fee schedule notice;

(b) A decrease in payment or compensation that was anticipated under the terms of the contract, if the amount and date of applicability of the decrease is clearly identified in the contract;

(c) Changes unrelated to compensation so long as reasonable notice of not less than sixty days is provided.

(3) "Payor" or "third-party payor" means carriers licensed under chapters 48.20, 48.21, 48.44, and 48.46 RCW, and managed health care systems as defined in RCW 74.09.522.  [2013 c 293 § 2.]

Revisor’s note:  The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

48.39.010 Notice of material amendments to contract—Failure to comply.  (1) A third-party payor shall provide no less than sixty days’ notice to the health care provider of any proposed material amendments to a health care provider’s contract with the third-party payor.

(2) Any material amendment to a contract must be clearly defined in a notice to the provider from the third-party payor as being a material change to the contract before the provider’s notice period begins.  The notice must also inform the providers that they may choose to reject the terms of the proposed material amendment through written or electronic means at any time during the notice period and that such rejection may not affect the terms of the health care provider’s existing contract with the third-party payor.

(3) A health care provider’s rejection of the material amendment does not affect the terms of the health care provider’s existing contract with the third-party payor.

(4) A failure to comply with the terms of subsections (1), (2), and (3) of this section shall void the effectiveness of the material amendment.  [2013 c 293 § 3.]

48.39.020 Payor may require provider to extend payor’s medicaid rates—Limitations.  A payor may require a health care provider to extend the payor’s medicaid rates, or some percentage above the payor’s medicaid rates, that govern a health benefit program administered by a public purchaser to a commercial plan or line of business offered by a payor that is not administered by a public purchaser only if the health care provider has expressly agreed in writing to the extension.  For the purposes of this section, “administered by a public purchaser” does not include commercial coverage offered through the Washington health benefit exchange.  Nothing in this section prohibits a payor from utilizing medicaid rates, or some percentage above medicaid rates, as a base when negotiating payment rates with a health care provider.  [2013 c 293 § 4.]

Chapter 48.41 RCW
HEALTH INSURANCE COVERAGE ACCESS ACT

Sections
48.41.060 Board powers and duties.  (Effective January 1, 2014.)
48.41.060 Board powers and duties. (Effective January 1, 2014.) (1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

(b)(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

(c) Issue policies of health coverage in accordance with the requirements of this chapter;

(d) Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

(e) Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

(f) Set a reasonable fee to be paid to an insurance producer licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

(g) Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW.

(Effective January 1, 2014.)

(Effective date—2013 c 279 §§ 2 and 3: "Sections 2 and 3 of this act take effect January 1, 2014." [2013 c 279 § 6.]

Finding—Intent—2013 c 279: "The federal patient protection and affordable care act of 2010, P.L. 111-148, as amended, prohibits the imposition of any preexisting condition coverage exceptions in the individual market for insurance coverage beginning January 1, 2014. The affordable care act also extends opportunities for individuals to enroll in comprehensive coverage in a health benefit exchange beginning January 1, 2014. The legislature finds that some individuals may still be barred from enrolling in the new comprehensive coverage options and it is the intent of the legislature to continue some limited access to the Washington state health insurance pool for a transitional period, and to provide for modification to the pool to reflect changes in federal law and insurance availability." [2013 c 279 § 1.]

Severability—Effective date—2008 c 217: See notes following RCW 48.03.020.

Report on implementation of 1987 c 431: "The board shall report to the commissioner and the appropriate committees of the legislature by April 1, 1990, on the implementation of this act. The report shall include information regarding enrollment, coverage utilization, cost, and any problems with the program and suggest remedies." [1987 c 431 § 26.]

48.41.090 Financial participation in pool—Computation, deficit assessments. (1) Following the close of each accounting year, the pool administrator shall determine the total net cost of pool operation which shall include:

(a) Net premium (premiums less administrative expense allowances), the pool expenses of administration, and
incurred losses for the year, taking into account investment income and other appropriate gains and losses; and

(b) The amount of pool contributions specified in the state omnibus appropriations act for deposit into the health benefit exchange account under RCW 43.71.060, to assist with the transition of enrollees from the pool into the health benefit exchange created by chapter 43.71 RCW.

(2)(a) Each member’s proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member’s total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly clients or medicaid clients with disabilities under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool, including pool contributions for deposit into the health benefit exchange account, shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members. The monthly per member assessment may not exceed the 2013 assessment level. If the maximum assessment is insufficient to cover a pool deficit the assessment shall be used first to pay all incurred losses and pool administrative expenses, with the remainder being available for deposit in the health benefit exchange account.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) Subject to the limitation imposed in subsection (2)(c) of this section, the pool administrator shall transfer the assessments for pool contributions for the operation of the health benefit exchange to the treasurer for deposit into the health benefit exchange account with the quarterly assessments for 2014 as specified in the state omnibus appropriations act. If assessments exceed actual losses and administrative expenses of the pool and pool contributions for deposit into the health benefit exchange account, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

years. The plan options must include coverage at least as comprehensive as a plan F medicare supplement plan combined with medicare parts A and B. The plan options must also provide access to adequate and stable provider networks that make up-to-date provider directories easily accessible on the carrier web site, and will provide them in hard copy, if requested. In addition, if no health maintenance organization or preferred provider organization plan includes the health care provider with whom the person has an established care relationship and from whom he or she has received treatment within the past twelve months, the person does not have reasonable access.

(2) The following persons are not eligible for coverage by the pool:

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than non-payment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Inmates of public institutions and those persons who become eligible for medical assistance after June 30, 2008, as defined in RCW 74.09.010. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(a)(i) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(a)(i) of this section; and

(b) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator’s determination that the person is no longer eligible. The notice shall: (i) Indicate that coverage under the plan will cease ninety days from the date that the notice is dated; (ii) describe any other coverage options, either in or outside of the pool, available to the person; and (iii) describe the enrollment process for the available options outside of the pool. 48.15.120 Pool policy requirements—Continued coverage—Rate changes—Continuation—Statement of intent to discontinue pool coverage. (1) On or before December 31, 2007, the pool shall cancel all existing pool policies and replace them with policies that are identical to the existing policies except for the inclusion of a provision providing for a guarantee of the continuity of coverage consistent with this section. As a means to minimize the number of policy changes for enrollees, replacement policies provided under this subsection also may include the plan modifications authorized in RCW 48.41.100, 48.41.110, and 48.41.120.

(2) A pool policy shall contain a guarantee of the individual’s right to continued coverage, subject to the provisions of subsections (4), (5), (7), and (8) of this section.

(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or non-renewing a policy for:

(a) Nonpayment of premium;
(b) Violation of published policies of the pool;
(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medicare supplement plan, or a medicare supplement plan or other similar plan offered by a carrier pursuant to federal laws and regulations;
(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;
(e) Covered persons committing fraudulent acts as to the pool;
(f) Covered persons materially breaching the pool policy; or
(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option
of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace or discontinue a plan under this subsection (4) until it has completed an analysis of the impact of replacing the plan upon:

(i) The cost and quality of care to pool enrollees;
(ii) Pool financing and enrollment;
(iii) The board’s ability to offer comprehensive and other plans to its enrollees;
(iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool’s right to do so.

(6) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

(7) All pool policies issued on or after January 1, 2014, must reflect the new eligibility requirements of RCW 48.41.100 and contain a statement of the intent to discontinue the pool coverage on December 31, 2017, under pool nonmedicare plans.

(8) Pool policies issued prior to January 1, 2014, shall be modified effective January 1, 2013, consistent with subsection (3)(g) of this section, and contain a statement of the intent to discontinue pool coverage on December 31, 2017, under pool nonmedicare plans.

(9) The pool shall discontinue all nonmedicare pool plans effective December 31, 2017. [2013 c 279 § 4; 2007 c 259 § 27; 1987 c 431 § 16.]

Finding—Intent—2013 c 279: See note following RCW 48.41.060.

Severability—Subheadings not law—2007 c 259: See notes following RCW 41.05.033.

48.41.240 Review of populations needing coverage through pool—Analysis and recommendations—Report.

(1) The board shall review populations that may need ongoing access to coverage through the pool, with specific attention to those persons who may be excluded from or may receive inadequate coverage beginning January 1, 2014, such as persons with end-stage renal disease or HIV/AIDS, or persons not eligible for coverage in the exchange.

(2) If the review under subsection (1) of this section indicates a continued need for coverage through the pool after December 31, 2013, the board shall submit recommendations regarding any modifications to pool eligibility requirements for new and ongoing enrollment after December 31, 2013.

The recommendations must address any needed modifications to the standard health questionnaire or other eligibility screening tool that could be used in a manner consistent with federal law to determine eligibility for enrollment in the pool.

(3) The board shall complete an analysis of current pool assessment requirements in relation to assessments that will fund the reinsurance program and recommend changes to pool assessments or any credits against assessments that may be considered for the reinsurance program. The analysis shall recommend whether the categories of members paying assessments should be adjusted to make the assessment fair and equitable among all payers.

(4) The board shall report its recommendations to the governor and the legislature by December 1, 2012.

(5) The board shall revisit the study of eligibility completed in 2012 with another review of the populations that may need ongoing access to coverage through the pool, to be submitted to the governor and legislature by November 1, 2015. The eligibility study shall include the nonmedicare populations scheduled to lose coverage and medicare populations, and consider whether the enrollees have access to comprehensive coverage alternatives that include appropriate pharmacy coverage. The study shall include recommendations to address any barriers in eligibility that remain in accessing other coverage such as medicare supplemental coverage or comprehensive pharmacy coverage, as well as suggestions for financing changes and recommendations on a future expiration of the pool. [2013 c 279 § 5; 2012 c 87 § 17.]

48.43.715 Individual and small group market—Selection of benchmark plan—Minimum requirements—Criteria—List of state-mandated health benefits.

48.43.730 Carrier must file provider contracts and compensation agreements with commissioner—Approval or disapproval—Confidentiality—Hearings—Rules—Definitions. (Expires July 1, 2017.)

48.43.715 Individual and small group market—Selection of benchmark plan—Minimum requirements—Criteria—List of state-mandated health benefits. (1) Consistent with federal law, the commissioner, in consultation with the board and the health care authority, shall, by rule, select the largest small group plan in the state by enrollment as the benchmark plan for the individual and small group market does not include all of the ten benefit categories specified by section 1302 of P.L. 111-148, as amended, the commissioner, in consultation with the board and the health care authority, shall, by rule, supplement the benchmark plan benefits as needed to meet the minimum requirements of section 1302.

(2) If the essential health benefits benchmark plan for the individual and small group market does not include all of the ten benefit categories specified by section 1302 of P.L. 111-148, as amended, the commissioner, in consultation with the board and the health care authority, shall, by rule, supplement the benchmark plan benefits as needed to meet the minimum requirements of section 1302.

(3) A health plan required to offer the essential health benefits, other than a health plan offered through the federal basic health program or medicaid, under P.L. 111-148 of 2010, as amended, may not be offered in the state unless the commissioner finds that it is substantially equal to the bench-
mark plan. When making this determination, the commissioner:

(a) Must ensure that the plan covers the ten essential health benefits categories specified in section 1302 of P.L. 111-148 of 2010, as amended;

(b) May consider whether the health plan has a benefit design that would create a risk of biased selection based on health status and whether the health plan contains meaningful scope and level of benefits in each of the ten essential health benefit categories specified by section 1302 of P.L. 111-148 of 2010, as amended;

(c) Notwithstanding the foregoing, for benefit years beginning January 1, 2015, and only to the extent permitted by federal law and guidance, must establish by rule the review and approval requirements and procedures for pediatric oral services when offered in stand-alone dental plans in the nongrandfathered individual and small group markets outside of the exchange; and

(d) Unless prohibited by federal law and guidance, must allow health carriers to also offer pediatric oral services within the health benefit plan in the nongrandfathered individual and small group markets outside of the exchange.

(4) Beginning December 15, 2012, and every year thereafter, the commissioner shall submit to the legislature a list of state-mandated health benefits, the enforcement of which will result in federally imposed costs to the state related to the plans sold through the exchange because the benefits are not included in the essential health benefits designated under federal law. The list must include the anticipated costs to the state of each state-mandated health benefit on the list and any statutory changes needed if funds are appropriated to defray the state costs for the listed mandate. The commissioner may enforce a mandate on the list for the entire market only if funds are appropriated in an omnibus appropriations act specifically to pay the state portion of the identified costs.

(d) "Provider contract" means a written contract between a carrier and a provider for any health care services rendered to an enrollee.

(2) A carrier must file all provider contracts and provider compensation agreements with the commissioner thirty calendar days before use. When a carrier and provider negotiate a provider contract or provider compensation agreement that deviates from a filed agreement, the carrier must also file that specific contract or agreement with the commissioner thirty calendar days before use.

(a) Any provider contract and related provider compensation agreements not affirmatively disapproved by the commissioner are deemed approved, except the commissioner may extend the approval date an additional fifteen calendar days upon giving notice before the expiration of the initial thirty-day period.

(b) Changes to previously filed and approved provider compensation agreements modifying the compensation amount or related terms that help determine the compensation amount must be filed and are deemed approved upon filing if no other changes are made to the previously approved provider contract or compensation agreement.

(3) The commissioner may not base a disapproval of a provider compensation agreement on the amount of compensation or other financial arrangements between the carrier and the provider, unless that compensation amount causes the underlying health benefit plan to otherwise be in violation of state or federal law. This subsection does not grant the commissioner the authority to regulate provider reimbursement amounts.

(4) The commissioner may withdraw approval of a provider contract or provider compensation agreement at any time for cause.

(5) Provider compensation agreements are confidential and not subject to public inspection under RCW 48.02.120(2), or public disclosure under chapter 42.56 RCW, if filed in accordance with the procedures for submitting confidential filings through the system for electronic rate and form filings and the general filing instructions as set forth by the commissioner. In the event the referenced filing fails to comply with the filing instructions setting forth the process to withhold the compensation agreement from public inspection, and the carrier indicates that the compensation agreement is to be withheld from public inspection, the commissioner shall reject the filing and notify the carrier through the system for electronic rate and form filings to amend its filing to comply with the confidentiality filing instructions.

(6) In the event a provider contract or provider compensation agreement is disapproved or withdrawn from use by the commissioner, the carrier has the right to demand and receive a hearing under chapters 48.04 and 34.05 RCW.

(7) The commissioner may adopt rules to implement this section. [2013 c 277 § 1.]

Expiration date—2013 c 277: "This act expires July 1, 2017." [2013 c 277 § 6.]

49.46.130 Minimum rate of compensation for employment in excess of forty hour work week—Exceptions. (1) Except as otherwise provided in this section, no employer shall employ any of his or her employees for a work week longer than forty hours unless such employee receives compensation for his or her employment in excess of the hours above specified at a rate not less than one and one-half times the regular rate at which he or she is employed.

(2) This section does not apply to:

(a) Any person exempted pursuant to RCW 49.46.010(3). The payment of compensation or provision of compensatory time off in addition to a salary shall not be a factor in determining whether a person is exempted under RCW 49.46.010(3)(c);

(b) Employees who request compensating time off in lieu of overtime pay;

(c) Any individual employed as a seaman whether or not the seaman is employed on a vessel other than an American vessel;

(d) Seasonal employees who are employed at concessions and recreational establishments at agricultural fairs, including those seasonal employees employed by agricultural fairs, within the state provided that the period of employment for any seasonal employee at any or all agricultural fairs does not exceed fourteen working days a year;

(e) Any individual employed as a motion picture projectionist if that employee is covered by a contract or collective bargaining agreement which regulates hours of work and overtime pay;

(f) An individual employed as a truck or bus driver who is subject to the provisions of the Federal Motor Carrier Act (49 U.S.C. Sec. 3101 et seq. and 49 U.S.C. Sec. 10101 et seq.), if the compensation system under which the truck or bus driver is paid includes overtime pay, reasonably equivalent to that required by this subsection, for working longer than forty hours per week;

(g) Any individual employed (i) on a farm, in the employ of any person, in connection with the cultivation of the soil, or in connection with raising or harvesting any agricultural or horticultural commodity, including raising, shearing, feeding, caring for, training, and management of livestock, bees, poultry, and fur-bearing animals and wildlife, or in the employ of the owner or tenant or other operator of a farm in connection with the operation, management, conservation, improvement, or maintenance of such farm and its tools and equipment; or (ii) in packing, packaging, grading, storing or delivering to storage, or to market or to a carrier for transportation to market, any agricultural or horticultural commodity, or (iii) commercial canning, commercial freezing, or any other commercial processing, or with respect to services performed...
in connection with the cultivation, raising, harvesting, and processing of oysters or in connection with any agricultural or horticultural commodity after its delivery to a terminal market for distribution for consumption;

(h) Any industry in which federal law provides for an overtime payment based on a work week other than forty hours. However, the provisions of the federal law regarding overtime payment based on a work week other than forty hours shall nevertheless apply to employees covered by this section without regard to the existence of actual federal jurisdiction over the industrial activity of the particular employer within this state. For the purposes of this subsection, "industry" means a trade, business, industry, or other activity, or branch, or group thereof, in which individuals are gainfully employed (section 3(h) of the Fair Labor Standards Act of 1938, as amended (Public Law 93-259));

(i) Any hours worked by an employee of a carrier by air subject to the provisions of subchapter II of the Railway Labor Act (45 U.S.C. Sec. 181 et seq.), when such hours are voluntarily worked by the employee pursuant to a shift-trading practice under which the employee has the opportunity in the same or in other work weeks to reduce hours worked by voluntarily offering a shift for trade or reassignment; and

(j) Any individual licensed under chapter 18.85 RCW unless the individual is providing real estate brokerage services under a written contract with a real estate firm which provides that the individual is an employee. For purposes of this subsection (2)(j), "real estate brokerage services" and "real estate firm" mean the same as defined in RCW 18.85.011.

(3) No employer shall be deemed to have violated subsection (1) of this section by employing any employee of a retail or service establishment for a work week in excess of the applicable work week specified in subsection (1) of this section if:

(a) The regular rate of pay of the employee is in excess of one and one-half times the minimum hourly rate required under RCW 49.46.020; and

(b) More than half of the employee’s compensation for a representative period, of not less than one month, represents commissions on goods or services.

In determining the proportion of compensation representing commissions, all earnings resulting from the application of a bona fide commission rate is to be deemed commissions on goods or services without regard to whether the computed commissions exceed the draw or guarantee.

(4) No employer of commissioned salespeople primarily engaged in the business of selling automobiles, trucks, recreational vessels, recreational vessel trailers, recreational vehicle trailers, recreational campers, manufactured housing, or farm implements to ultimate purchasers shall violate subsection (1) of this section with respect to such commissioned salespeople if the commissioned salespeople are paid the greater of:

(a) Compensation at the hourly rate, which may not be less than the rate required under RCW 49.46.020, for each hour worked up to forty hours per week, and compensation of one and one-half times that hourly rate for all hours worked over forty hours in one week; or

(b) A straight commission, a salary plus commission, or a salary plus bonus applied to gross salary.

(5) No public agency shall be deemed to have violated subsection (1) of this section with respect to the employment of any employee in fire protection activities or any employee in law enforcement activities (including security personnel in correctional institutions) if: (a) In a work period of twenty-eight consecutive days the employee receives for tours of duty which in the aggregate exceed two hundred forty hours; or (b) in the case of such an employee to whom a work period of at least seven but less than twenty-eight days applies, in his or her work period the employee receives for tours of duty which in the aggregate exceed a number of hours which bears the same ratio to the number of consecutive days in his or her work period as two hundred forty hours bears to twenty-eight days; compensation at a rate not less than one and one-half times the regular rate at which he or she is employed. Findings—Intent—1998 c 239: "The legislature finds that employees in the airline industry have a long-standing practice and tradition of trading shifts voluntarily among themselves. The legislature also finds that federal law exempts airline employees from the provisions of federal overtime regulations. Intent—Collective bargaining agreements—1998 c 239: "This act does not alter the terms, conditions, or practices contained in any collective bargaining agreement." [1998 c 239 § 3.]

Intent—Application—1995 c 5: "This act is intended to clarify the original intent of RCW 49.46.010(5)(c). This act applies to all administrative and judicial actions commenced on or after February 1, 1995, and pending on March 30, 1995, and such actions commenced on or after March 30, 1995."

50.12.290  Printed materials—Department’s duties.

50.12.070 Employing unit records, reports, and registration—Unified business identifier account number records—Penalty for failure to keep records.  (Effective December 29, 2013.) (1)(a) Each employing unit shall keep true and accurate work records, containing such information as the commissioner may prescribe. Such records shall be open to inspection and be subject to being copied by the commissioner or his or her authorized representatives at any reasonable time and as often as may be necessary. The commissioner may require from any employing unit any sworn or unsworn reports with respect to persons employed by it, which he or she deems necessary for the effective administration of this title.

(b) An employer who contracts with another person or entity for work subject to chapter 18.27 or 19.28 RCW shall obtain and preserve a record of the unified business identifier account number for and compensation paid to the person or entity performing the work. In addition to the penalty in subsection (3) of this section, failure to obtain or maintain the record is subject to RCW 39.06.010.

(2)(a) Each employer shall register with the department and obtain an employment security account number. Each employer shall make periodic reports at such intervals as the commissioner may by regulation prescribe, setting forth the remuneration paid for employment to workers in its employ, the full names and social security numbers of all such workers, and the total hours worked by each worker and such other information as the commissioner may by regulation prescribe.

(b) If the employing unit fails or has failed to report the number of hours in a reporting period for which a worker worked, such number will be computed by the commissioner and given the same force and effect as if it had been reported by the employing unit. In computing the number of such hours worked, the total wages for the reporting period, as reported by the employing unit, shall be divided by the dollar amount of the state’s minimum wage in effect for such reporting period and the quotient, disregarding any remainder, shall be credited to the worker: PROVIDED, That although the computation so made will not be subject to appeal by the employing unit, monetary entitlement may be redetermined upon request if the department is provided with credible evidence of the actual hours worked. Benefits paid using computed hours are not considered an overpayment and are not subject to collections when the correction of computed hours results in an invalid or reduced claim; however:

(i) A contribution paying employer who fails to report the number of hours worked will have its experience rating account charged for all benefits paid that are based on hours computed under this subsection; and

(ii) An employer who reimburses the trust fund for benefits paid to workers and fails to report the number of hours
worked shall reimburse the trust fund for all benefits paid that are based on hours computed under this subsection.

(3) Any employer who fails to keep and preserve records required by this section shall be subject to a penalty determined by the commissioner but not to exceed two hundred fifty dollars or two hundred percent of the quarterly tax for each offense, whichever is greater. 50.20.190 Recovery of benefit payments.

50.20.070 Disqualification for misrepresentation—Penalties. (1) With respect to determinations delivered or mailed before January 1, 2008, an individual is disqualified for benefits for any week he or she has knowingly made a false statement or representation involving a material fact or knowingly failed to report a material fact and, as a result, has obtained or attempted to obtain any benefits under the provisions of this title, and for an additional twenty-six weeks beginning with the first week for which he or she completes an otherwise compensable claim for waiting period credit or benefits following the date of the delivery or mailing of the determination of disqualification under this section. However, such disqualification shall not be applied after two years have elapsed from the date of the delivery or mailing of the determination of disqualification under this section.

(2) With respect to determinations delivered or mailed on or after January 1, 2008:

(a) An individual is disqualified for benefits for any week he or she has knowingly made a false statement or representation involving a material fact or knowingly failed to report a material fact and, as a result, has obtained or attempted to obtain any benefits under the provisions of this title;

(b) An individual disqualified for benefits under this subsection for the first time is also:

(i) Disqualified for an additional twenty-six weeks beginning with the Sunday of the week in which the determination is mailed or delivered; and

(ii) With respect to determinations delivered or mailed on or after October 20, 2013, subject to an additional penalty of fifteen percent of the amount of benefits overpaid or deemed overpaid;

(c) An individual disqualified for benefits under this subsection for the second time is also disqualified for an additional fifty-two weeks beginning with the Sunday of the week in which the determination is mailed or delivered, and is subject to an additional penalty of twenty-five percent of the amount of benefits overpaid or deemed overpaid;

(d) An individual disqualified for benefits under this subsection a third time and any time thereafter is also disquali-
50.20.190 Recovery of benefit payments. (1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of a back pay award, a settlement affecting the allowance of benefits, fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of or final payment made on the individual’s applicable benefit year for which the purported overpayment was made, whichever is later, unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that the overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience. When determining whether the recovery would be against equity and good conscience, the department must consider whether the employer or employer’s agent failed to respond timely and adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure pursuant to RCW 50.29.021(6). An overpayment waived under this subsection shall be charged against the individual’s applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, the determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days’ notice, using a method by which the mailing can be tracked or the delivery can be confirmed, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee under RCW 36.18.012(10). The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed within five days of its filing with the clerk to the person(s) mentioned in the warrant using a method by which the mailing can be tracked or the delivery can be confirmed.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award or settlement shall constitute wages paid in the period

[2013 RCW Supp—page 636]
in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance. Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of the individual’s monthly payments either partially or in full.

(7) The department shall: (a) Conduct social security number cross-match audits or engage in other more effective activities that ensure that individuals are entitled to all amounts of benefits that they are paid; and (b) engage in other detection and recovery of overpayment and collection activities. EMPLOYER EXPERIENCE RATING

Sections

50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (Effective until January 1, 2014.)

50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (Effective January 1, 2014.)

50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (Effective until January 1, 2014.) (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2)(a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual’s employers during the individual’s base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual’s separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual’s separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050 (1)(b) (v) through (x) or (2)(b) (v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer, except as provided in subsection (5) of this section.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims’ compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state’s share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) or (2)(b) (iv) or (xi), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual’s base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (3)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) The forty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1201 and the twenty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1202 shall not be charged to the experience rating account of any contribution paying employer.

(h) With respect to claims where the minimum amount payable weekly is increased to one hundred fifty-five dollars pursuant to RCW 50.20.1201(3), benefits paid that exceed
the benefits that would have been paid if the minimum amount payable weekly had been calculated pursuant to RCW 50.20.120 shall not be charged to the experience rating account of any contribution paying employer.  

(i) Upon approval of an individual’s training benefits plan submitted in accordance with RCW 50.22.155(2), an individual is considered enrolled in training, and regular benefits beginning with the week of approval shall not be charged to the experience rating account of any contribution paying employer.  

(j) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.  

(4)(a) A contribution paying base year employer, except employers as provided in subsection (6) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:  

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;  

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;  

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer’s plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster;  

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW; or  

(v) Was hired to replace an employee who is a member of the military reserves or National Guard and was called to federal active military service by the president of the United States and is subsequently laid off when that employee is reemployed by their employer upon release from active duty within the time provided for reemployment in RCW 73.16.035.  

(b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.  

(5) When a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefits paid to workers and who fails to report or inaccurately reported hours worked or remuneration paid, or both, shall reimburse the trust fund for all benefits paid that are based on the originally filed incomplete or inaccurate report or reports.  

(6) An employer’s experience rating account may not be relieved of charges for a benefit payment and an employer who reimburses the trust fund for benefit payments may not be credited for a benefit payment if a benefit payment was made because the employer or employer’s agent failed to respond timely or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer’s agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.  

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.  

(b)(i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer’s agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:  

(A) At least three times in the previous two years; or  

(B) Twenty percent of the total current claims against the employer.  

(ii) If an employer’s agent is utilized, a pattern is established based on each individual client employer that the employer’s agent represents. [2013 c 189 § 3; 2011 c 4 § 14; 2010 c 25 § 1. 50.29.021 Experience rating accounts—Benefits not charged—Claims with an effective date on or after January 4, 2004. (Effective January 1, 2014.) (1) This section applies to benefits charged to the experience rating accounts of employers for claims that have an effective date on or after January 4, 2004.

(2) (a) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department.

(b) Benefits paid to an eligible individual shall be charged to the experience rating accounts of each of such individual’s employers during the individual’s base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(c) When the eligible individual’s separating employer is a covered contribution paying base year employer, benefits paid to the eligible individual shall be charged to the experience rating account of only the individual’s separating employer if the individual qualifies for benefits under:

(i) RCW 50.20.050 (1)(b)(i) or (2)(b)(i), as applicable, and became unemployed after having worked and earned wages in the bona fide work; or

(ii) RCW 50.20.050 (1)(b) (v) through (x) or (2)(b) (v) through (x).

(3) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010, 50.44.030, and 50.50.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(a) Benefits paid to any individual later determined to be ineligible shall not be charged to the experience rating account of any contribution paying employer, except as provided in subsection (5) of this section.

(b) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer only if:

(i) The individual files under RCW 50.06.020(1) after receiving crime victims’ compensation for a disability resulting from a nonwork-related occurrence; or

(ii) The individual files under RCW 50.06.020(2).

(c) Benefits paid which represent the state’s share of benefits payable as extended benefits defined under RCW 50.22.010(6) shall not be charged to the experience rating account of any contribution paying employer.

(d) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

(e) Benefits paid to an individual who qualifies for benefits under RCW 50.20.050 (1)(b) (iv) or (xi) or (2)(b) (iv) or (xi), as applicable, shall not be charged to the experience rating account of any contribution paying employer.

(f) With respect to claims with an effective date on or after the first Sunday following April 22, 2005, benefits paid that exceed the benefits that would have been paid if the weekly benefit amount for the claim had been determined as one percent of the total wages paid in the individual’s base year shall not be charged to the experience rating account of any contribution paying employer. This subsection (3)(f) does not apply to the calculation of contribution rates under RCW 50.29.025 for rate year 2010 and thereafter.

(g) The forty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1201 and the twenty-five dollar increase paid as part of an individual’s weekly benefit amount as provided in RCW 50.20.1202 shall not be charged to the experience rating account of any contribution paying employer.

(h) With respect to claims where the minimum amount payable weekly is increased to one hundred fifty-five dollars pursuant to RCW 50.20.1201(3), benefits paid that exceed the benefits that would have been paid if the minimum amount payable weekly had been calculated pursuant to RCW 50.20.120 shall not be charged to the experience rating account of any contribution paying employer.

(i) Upon approval of an individual’s training benefits plan submitted in accordance with RCW 50.22.155(2), an individual is considered enrolled in training, and regular benefits beginning with the week of approval shall not be charged to the experience rating account of any contribution paying employer.

(j) Training benefits paid to an individual under RCW 50.22.155 shall not be charged to the experience rating account of any contribution paying employer.

[2013 RCW Supp—page 642]
(4)(a) A contribution paying base year employer, except employers as provided in subsection (6) of this section, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

(i) Last left the employ of such employer voluntarily for reasons not attributable to the employer;

(ii) Was discharged for misconduct or gross misconduct connected with his or her work not a result of inability to meet the minimum job requirements;

(iii) Is unemployed as a result of closure or severe curtailment of operation at the employer’s plant, building, worksite, or other facility. This closure must be for reasons directly attributable to a catastrophic occurrence such as fire, flood, or other natural disaster;

(iv) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who at some time during the base year was concurrently employed and subsequently separated from at least one other base year employer. Benefit charge relief ceases when the employment relationship between the employer requesting relief and the claimant is terminated. This subsection does not apply to shared work employers under chapter 50.60 RCW;

(v) Continues to be employed on a regularly scheduled permanent part-time basis by a base year employer and who qualified for two consecutive unemployment claims where wages were attributable to at least one employer who employed the individual in both base years. (b) The employer requesting relief of charges under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.

(5) When a benefit claim becomes invalid due to an amendment or adjustment of a report where the employer failed to report or inaccurately reported hours worked or remuneration paid, or both, all benefits paid will be charged to the experience rating account of the contribution paying employer or employers that originally filed the incomplete or inaccurate report or reports. An employer who reimburses the trust fund for benefit payments may not be credited for a benefit payment if a benefit payment was made because the employer or employer’s agent failed to respond timely or adequately to a written request of the department for information relating to the claim or claims without establishing good cause for the failure and the employer or employer’s agent has a pattern of such failures. The commissioner has the authority to determine whether the employer has good cause under this subsection.

(a) For the purposes of this subsection, "adequately" means providing accurate information of sufficient quantity and quality that would allow a reasonable person to determine eligibility for benefits.

(b)(i) For the purposes of this subsection, "pattern" means a benefit payment was made because the employer or employer’s agent failed to respond timely or adequately to a written request of the department for information relating to a claim or claims without establishing good cause for the failure, if the greater of the following calculations for an employer is met:

(2) "Employers’ association" means an association which is a party to a collective bargaining agreement under which there is a shared work compensation plan.

(3) "Shared work benefits" means the benefits payable to an affected employee under an approved shared work compensation plan as distinguished from the benefits otherwise payable under this title.

(5) "Shared work employer" means an employer, who has at least two employees, and at least one employee is covered by a shared work compensation plan.

(6) "Unemployment compensation" means the benefits payable under this title other than shared work benefits and includes any amounts payable pursuant to an agreement under federal law providing for compensation, assistance, or allowances with respect to unemployment.

(7) "Usual weekly hours of work" means the regular number of hours of work before the hours were reduced, not to exceed forty hours and not including overtime. [2013 c 79 § 1. Prior: 2009 c 3 § 7; 1983 c 207 § 2.]

Conflict with federal requirements—2013 c 79: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is inoperative solely to the extent of the conflict, and the finding or determination does not affect the operation of the remainder of this act. 50.60.030 Compensation plan—Criteria for approval. An employer or employers’ association wishing to participate in a shared work compensation program shall submit a written and signed shared work compensation plan to the commissioner for approval. The commissioner shall approve a shared work compensation plan only if the following criteria are met:

(1) The plan identifies the affected employees to which it applies;

(2) Each affected employee is identified by name, social security number, and by any other information required by the commissioner;

(3) The usual weekly hours of work for each affected employee are reduced by not less than ten percent and not more than fifty percent;

(4) The employer certifies health benefits will continue to be provided under the same terms and conditions as when the affected employee worked his or her usual weekly hours of work. Affected employees must be allowed to maintain coverage under the same terms and conditions as employees not participating in the shared work compensation plan. However, a change in health benefits applicable to employees who are not participating in the shared work compensation plan may also apply to affected employees;

(5) The employer certifies retirement benefits under a defined benefit plan or contributions under a defined contribution plan will continue to be provided under the same terms and conditions as when the affected employee worked his or her usual weekly hours of work. Affected employees must be allowed to maintain coverage in the retirement plan under the same terms and conditions as employees not participating in the shared work compensation plan. However, a reduction in benefits under a defined benefit plan or a reduction in contributions under a defined contribution plan applicable to
employees who are not participating in the shared work compensation plan may also apply to affected employees;

(6) The employer certifies paid vacation, holidays, and sick leave continue to be provided under the same terms and conditions as when the affected employee worked his or her usual weekly hours of work. Affected employees must be allowed to maintain these benefits under the same terms and conditions as employees not participating in the shared work compensation plan. However, a reduction in these benefits applicable to employees who are not participating in the shared work compensation plan may also apply to affected employees;

(7) The plan certifies that the aggregate reduction in work hours for each affected employee is in lieu of layoffs which would have resulted in an equivalent reduction in work hours;

(8) The plan is approved in writing by the collective bargaining agent for each collective bargaining agreement covering any affected employee;

(9) The plan will not subsidize seasonal employers during the off season;

(10) The employer agrees to furnish reports necessary for the proper administration of the plan and to permit access by the commissioner to all records necessary to verify the plan before approval and after approval to evaluate the application of the plan;

(11) The plan includes an estimate of the number of layoffs that would have occurred absent the ability to participate in shared work;

(12) The shared work compensation plan includes a plan to give advance notice, when feasible, to an employee whose usual weekly hours of work will be reduced. If not feasible, the shared work compensation plan must explain why it is not feasible; and

(13) The employer must attest that participation is consistent with employer obligations under federal and state law.

In addition to subsections (1) through (13) of this section, the commissioner shall take into account any other factors which may be pertinent. [2013 c 79 § 2; 2009 c 3 § 8; 1985 c 43 § 1; 1983 c 207 § 3.]

Employers liable for payments in lieu of contributions shall have shared work benefits attributed to their accounts in the same manner as other benefits under this title are attributed.

(2) For weeks of benefits paid between July 1, 2012, and June 28, 2015, any amount of shared work benefits reimbursed by the federal government is not charged to experience rating accounts of employers or to employers who are liable for payments in lieu of contributions. The department shall remove charges for any amount of shared work benefits reimbursed by the federal government between July 1, 2012, and the week prior to July 28, 2013. (i) Bind the parties with regard to all aspects of a claim except medical benefits unless revoked by one of the parties as provided in subsection (6) of this section;

(ii) Provide a periodic payment schedule to the worker equal to at least twenty-five percent but not more than one hundred fifty percent of the average monthly wage in the state pursuant to RCW 51.08.018, except for the initial payment which may be up to six times the average monthly wage in the state pursuant to RCW 51.08.018;

(d) For state fund claims, the department shall negotiate the claim resolution structured settlement agreement with the worker or their representative and with the employer or employers and their representative or representatives.

(e) For self-insured claims, the self-insured employer shall negotiate the agreement with the worker or his or her representative. Workers of self-insured employers who are unrepresented may request that the office of the ombuds for unrepresented may request that the office of the ombuds for self-insured injured workers provide assistance or be present during negotiations.

(f) Terms of the agreement may include the parties’ agreement that the claim shall remain open for future necessary medical or surgical treatment related to the injury where there is a reasonable expectation such treatment is necessary. The parties may also agree that specific future treatment shall be provided without the application required in RCW 51.32.160.

(g) Any claim resolution structured settlement agreement entered into under this section must be in writing and signed by the parties or their representatives and must clearly state that the parties understand and agree to the terms of the agreement.

(h) If a worker is not represented by an attorney at the time of signing a claim resolution structured settlement agreement, the parties must forward a copy of the signed agreement to the board with a request for a conference with an industrial appeals judge. The industrial appeals judge must schedule a conference with all parties within fourteen days for the purpose of (i) reviewing the terms of the proposed settlement agreement by the parties; and (ii) ensuring the worker has an understanding of the benefits generally available under this title and that a claim resolution structured settlement agreement may alter the benefits payable on the claim or claims. The judge may schedule the initial conference for a later date with the consent of the parties.

(i) Before approving the agreement, the industrial appeals judge shall ensure the worker has an adequate understanding of the agreement and its consequences to the worker.

(j) The industrial appeals judge may approve a claim resolution structured settlement agreement only if the judge finds that the agreement is in the best interest of the worker. When determining whether the agreement is in the best interest of the worker, the industrial appeals judge shall consider the following factors, taken as a whole, with no individual factor being determinative:

(i) The nature and extent of the injuries and disabilities of the worker;

(ii) The age and life expectancy of the injured worker;

(iii) Other benefits the injured worker is receiving or is entitled to receive and the effect a claim resolution structured settlement agreement might have on those benefits; and

(iv) The marital or domestic partnership status of the injured worker.

(k) Within seven days after the conference, the industrial appeals judge shall issue an order allowing or rejecting the claim resolution structured settlement agreement. There is no appeal from the industrial appeals judge’s decision.

(l) If the industrial appeals judge issues an order allowing the claim resolution structured settlement agreement, the order must be submitted to the board.

(3) Upon receiving the agreement, the board shall approve it within thirty working days of receipt unless it finds that:

(a) The parties have not entered into the agreement knowingly and willingly;

(b) The agreement does not meet the requirements of a claim resolution structured settlement agreement;

(c) The agreement is the result of a material misrepresentation of law or fact;

(d) The agreement is the result of harassment or coercion; or

(e) The agreement is unreasonable as a matter of law.

(4) If a worker is represented by an attorney at the time of signing a claim resolution structured settlement agreement, the parties shall submit the agreement directly to the board without the conference described in this section.
(5) If the board approves the agreement, it shall provide notice to all parties. The department shall place the agreement in the applicable claim file or files.

(6) A party may revoke consent to the claim resolution structured settlement agreement by providing written notice to the other parties and the board within thirty days after the date the agreement is approved by the board.

(7) To the extent the worker is entitled to any benefits while a claim resolution structured settlement agreement is being negotiated or during the revocation period of an agreement, the benefits must be paid pursuant to the requirements of this title until the agreement becomes final.

(8) A claim resolution structured settlement agreement that meets the conditions in this section and that has become final and binding as provided in this section is binding on all parties to the agreement as to its terms and the injuries and occupational diseases to which the agreement applies. A claim resolution structured settlement agreement that has become final and binding is not subject to appeal.

(9) All payments made to a worker pursuant to a final claim resolution structured settlement agreement must be reported to the department as claims costs pursuant to this title. If a self-insured employer contracts with a third-party administrator for claim services and the payment of benefits under this title, the third-party administrator shall also disburse the structured settlement payments pursuant to the agreement.

(10) Claims closed pursuant to a claim resolution structured settlement agreement can be reopened pursuant to RCW 51.32.160 for medical treatment only. Further temporary total, temporary partial, permanent partial, or permanent total benefits are not payable under the same claim or claims for which a claim resolution structured settlement agreement has been approved by the board and has become final.

(11) Parties aggrieved by the failure of any other party to comply with the terms of a claim resolution structured settlement agreement have one year from the date of failure to comply to petition to the board. If the board determines that a party has failed to comply with an agreement, it will order compliance and will impose a penalty payable to the aggrieved party of up to twenty-five percent of the monetary amount unpaid at the time the petition for noncompliance was filed. The board will also decide on any disputes as to attorneys’ fees for services related to claim resolution structured settlement agreements.

(12) Parties and their representatives may not use settlement offers or the claim resolution structured settlement agreement process to harass or coerce any party. If the department determines that an employer has engaged in a pattern of harassment or coercion, the employer may be subject to penalty or corrective action, and may be removed from the retrospective rating program or be decertified from self-insurance under RCW 51.14.030. [2013 c 23 § 104; 2011 1st sp.s. c 37 § 302.]

Finding—Effective date—2011 1st sp.s. c 37: See notes following RCW 51.32.090.

51.04.080 Sending notices, orders, payments to claimants. On all claims under this title, claimants’ written notices, orders, or payments must be forwarded directly to the claimant until such time as there has been entered an order on the claim appealable to the board of industrial insurance appeals. Claimants’ written notices, orders, or payments may be forwarded to the claimant in care of a representative before an order has been entered if the claimant sets forth in writing the name and address of the representative to whom the claimant desires this information to be forwarded. [2013 c 125 § 4; 2007 c 78 § 1; 1972 ex.s. c 43 § 2; 1961 c 23 § 51.04.080. Supp. 1947 § 7684, part.]

51.04.160 Logger safety initiative—Task force—Report. (1) The department shall include one or more representatives of logging industry workers on the logger safety task force. In addition, the department shall reach out to all employers in the logging industry, including those having one or more on the job fatalities in the last five years, and invite them to participate in the logger safety initiative. All participants must comply with the requirements of the logger safety initiative.

(2) By December 31, 2013, the department shall report back to the appropriate committees of the legislature on the development and implementation of the logger safety initiative. The report shall provide a status update on implementation of the initiative and participation in the safety program, including a description and summary of the worker training and supervision standards and the certification process for individual companies. The report shall also contain a description and summary of any industrial insurance rate reduction or other incentive for rate year 2014 that will be applied to employers participating in the initiative. The report may provide recommendations for legislative consideration to further the goals of the initiative. [2013 c 339 § 2.]

Findings—Intent—2013 c 339: "The legislature finds that many Washington workers involved in manual logging in the logging industry suffer industrial injuries with greater frequency and severity than workers in other industries. The legislature further finds that the incidence and severity of injury is particularly high among young workers during the early periods of employment in manual logging. The legislature recognizes the importance of improving safety performance in the logging industry to reduce industrial injuries for workers and resulting workers’ compensation premium rates for employers. The legislature acknowledges that industry participants, including private land owners, timber industry employers, the department of natural resources, and the department of labor and industries, have formed a logger safety task force to develop and implement a logger safety initiative. The goal of the initiative is to reduce the frequency and severity of injuries in the logging industry. The task force will create a program that will establish sector-wide standards for worker training and supervision; establish a certification process for individual company safety programs; and review the progress of logging operations through mandatory performance-based audits. The legislature further recognizes that as the safety culture in the logging industry evolves, the frequency and severity of injuries will decrease, which will drive down industrial insurance costs for logging industry employers. While the industrial insurance costs will decline over time as safety improves, the legislature acknowledges that an immediate reduction in industrial insurance rates for the 2014 rate year for participating logging employers provides an additional incentive for these employers to commit to the logger safety initiative. Therefore, the legislature intends to monitor development and implementation of the logger safety initiative." [2013 c 339 § 1.]
51.04.165 Information about scholarship opportunities—Costs. The department may provide information about scholarship opportunities offered by nonprofit organizations and available to children and spouses of workers who suffered an injury in the course of employment resulting in death or permanent total disability. The department may, in its sole discretion, provide information about one or more scholarship opportunities. The cost of printing and inserting materials, any additional mailing costs, and any other related costs must be borne by the scholarship organization. [2013 c 134 § 2.]

51.16.210 Horse racing employment—Premiums.  (1) The department shall assess premiums, under the provisions of this section, for certain horse racing employments licensed in accordance with chapter 67.16 RCW. This premium assessment shall be for the purpose of providing industrial insurance coverage for employees of trainers licensed under chapter 67.16 RCW, including but not limited to exercise riders, pony riders, and grooms, and including all on or off track employment. The department may adopt rules under chapter 34.05 RCW to carry out the purposes of this section, including rules providing for alternative reporting periods and payment due dates for coverage under this section. The department rules shall ensure that no licensee licensed prior to May 13, 1989, shall pay more than the assessment fixed at the basic manual rate.

(2) The department shall compute industrial insurance premium rates and these premiums may be assessed at the time of each issuance or renewal of the license for owners, trainers, and grooms in amounts established by department rule for coverage under this section. Premium assessments shall be determined in accordance with the requirements of this title, except that assessments shall not be experience rated and shall be fixed at the basic manual rate. However, rates may vary according to the risk insured, as determined according to rules adopted by the department and the Washington horse racing commission.

(3) For the purposes of paying premiums and assessments under this section and making reports under this title, individuals licensed as trainers by the Washington horse racing commission shall be considered employers. In no event shall an owner having an ownership percentage in more than one horse pay more than one hundred fifty-dollar license fee. The assessment on each owner’s license shall not imply that an owner is an employer, but shall be required as part of the privilege of holding an owner’s license.

(5) Premium assessments under this section shall be collected by the Washington horse racing commission and deposited in the industrial insurance trust funds as provided under department rules. [2013 c 80 § 1; 1989 c 385 § 1.]

51.32.045 Direct deposit or electronic payment of benefits. Any worker or other recipient of benefits under this title may elect to have any payments due paid by debit card or other electronic means or transferred to such person’s account in a financial institution for either: (1) Credit to the recipient’s account in such financial institution; or (2) immediate transfer therefrom to the recipient’s account in any other financial institution. The debit card or other electronic means payment option is available at the discretion of the department or self-insured employer, and the recipient must request in writing on a department-approved form or other department-approved method that the recipient’s payments be made through this payment option.

The issuance and delivery by the disbursing officer of a payment in accordance with the procedure set forth in this section and proper indorsement thereof by the financial institution shall have the same legal effect as payment directly to the recipient.

For the purposes of this section, "financial institution" shall have the meaning given in RCW 41.04.240 as now or hereafter amended. [2013 c 125 § 7; 1982 c 109 § 11.]
51.32.095 Vocational rehabilitation services—Benefits—Priorities—Allowable costs—Performance criteria. (Effective until June 30, 2016.) (1) One of the primary purposes of this title is to enable the injured worker to become employable at gainful employment. To this end, the department or self-insurers shall utilize the services of individuals and organizations, public or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the supervisor of industrial insurance in such programs of vocational rehabilitation as may be reasonable to make the worker employable consistent with his or her physical and mental status. Where, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the worker’s permanent disability and in the sole opinion of the supervisor or supervisor’s designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment, the supervisor or supervisor’s designee may, in his or her sole discretion, pay or, if the employer is a self-insurer, direct the self-insurer to pay the cost as provided in subsection (4) of this section or RCW 51.32.099, as appropriate. An injured worker may not participate in vocational rehabilitation under this section or RCW 51.32.099 if such participation would result in a payment of benefits as described in RCW 51.32.240(5), and any benefits so paid shall be recovered according to the terms of that section.

(2) When in the sole discretion of the supervisor or the supervisor’s designee vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, then the following order of priorities shall be used:

(a) Return to the previous job with the same employer;
(b) Modification of the previous job with the same employer including transitional return to work;
(c) A new job with the same employer in keeping with any limitations or restrictions;
(d) Modification of a new job with the same employer including transitional return to work;
(e) Modification of the previous job with a new employer;
(f) A new job with a new employer or self-employment based upon transferable skills;
(g) Modification of a new job with a new employer;
(h) A new job with a new employer or self-employment involving on-the-job training;
(i) Short-term retraining and job placement.

(3) Notwithstanding subsection (2) of this section, vocational services may be provided to an injured worker who has suffered the loss or complete use of both legs, or arms, or one leg and one arm, or total eyesight when, in the sole discretion of the supervisor or the supervisor’s designee, these services will either substantially improve the worker’s quality of life or substantially improve the worker’s ability to function in an employment setting, regardless of whether or not these services are either necessary or reasonably likely to make the worker employable at any gainful employment. Vocational services must be completed prior to the commencement of the worker’s entitlement to benefits under RCW 51.32.060. However, workers who are eligible for vocational services under this subsection are not eligible for option 2 benefits, as provided in RCW 51.32.099(4).

(4)(a) For vocational plans approved prior to July 1, 1999, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor’s designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, transportation, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed three thousand dollars in any fifty-two week period, and the cost of continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(b) When the department has approved a vocational plan for a worker between July 1, 1999, through December 31, 2007, costs for vocational rehabilitation benefits allowed by the supervisor or supervisor’s designee under subsection (1) of this section may include the cost of books, tuition, fees, supplies, equipment, child or dependent care, and other necessary expenses for any such worker in an amount not to exceed four thousand dollars in any fifty-two week period, and the cost of transportation and continuing the temporary total disability compensation under RCW 51.32.090 while the worker is actively and successfully undergoing a formal program of vocational rehabilitation.

(c) The expenses allowed under (a) or (b) of this subsection may include training fees for on-the-job training and the cost of furnishing tools and other equipment necessary for self-employment or reemployment. However, compensation or payment of retraining with job placement expenses under (a) or (b) of this subsection may not be authorized for a period of more than fifty-two weeks, except that such period may, in the sole discretion of the supervisor after his or her review, be extended for an additional fifty-two weeks or portion thereof by written order of the supervisor.

(d) In cases where the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(e) Costs paid under this subsection shall be chargeable to the employer’s cost experience or shall be paid by the self-insurer as the case may be.

(5) In addition to the vocational rehabilitation expenditures provided for under subsection (4) of this section and RCW 51.32.099, an additional five thousand dollars may, upon authorization of the supervisor or the supervisor’s designee, be expended for: (a) Accommodations for an injured worker that are medically necessary for the worker to participate in an approved retraining plan; and (b) accommodations necessary to perform the essential functions of an occupation in which an injured worker is seeking employment, consistent with the retraining plan or the recommendations of a vocational evaluation. The injured worker’s attending physician or licensed advanced registered nurse practitioner must verify the necessity of the modifications or accommodations. The total expenditures authorized in this subsection and the expenditures authorized under RCW 51.32.250 shall not exceed five thousand dollars.

(6) When the department has approved a vocational plan for a worker prior to January 1, 2008, regardless of whether the worker has begun participating in the approved plan, costs for vocational rehabilitation benefits allowed by the
supervisor or supervisor's designee under subsection (1) of this section are limited to those provided under subsections (4) and (5) of this section.

For vocational plans approved for a worker between January 1, 2008, through June 30, 2016, total vocational costs allowed by the supervisor or supervisor's designee under subsection (1) of this section shall be limited to those provided under the pilot program established in RCW 51.32.099, and vocational rehabilitation services shall conform to the requirements in RCW 51.32.099.

(7) The department shall establish criteria to monitor the quality and effectiveness of rehabilitation services provided by the individuals and organizations used under subsection (1) of this section and under RCW 51.32.099. The state fund shall make referrals for vocational rehabilitation services based on these performance criteria.

(8) The department shall engage in, where feasible and cost-effective, a cooperative program with the state employment security department to provide job placement services under this section and RCW 51.32.099.

(9) The benefits in this section and RCW 51.32.099 shall be provided for the injured workers of self-insured employers. Self-insurers shall report both benefits provided and benefits denied under this section and RCW 51.32.099 in the manner prescribed by the department by rule adopted under chapter 34.05 RCW. The director may, in his or her sole discretion and upon his or her own initiative or at any time that a dispute arises under this section or RCW 51.32.099, promptly make such inquiries as circumstances require and take such other action as he or she considers will properly determine the matter and protect the rights of the parties.

(10) Except as otherwise provided in this section or RCW 51.32.099, the benefits provided for in this section and RCW 51.32.099 are available to any otherwise eligible worker regardless of the date of industrial injury. However, claims shall not be reopened solely for vocational rehabilitation purposes. [2013 c 331 § 1; 2011 c 291 § 1; 2007 c 72 § 1; 2004 c 65 § 10; 1999 c 110 § 1. The legislature further finds that the administrative structure established within the industrial insurance division of the department of labor and industries to develop and oversee the provision of vocational rehabilitation services has not provided efficient delivery of vocational rehabilitation services. 51.32.099 Vocational rehabilitation pilot program—Vocational plans. (Expires June 30, 2016.) (1)(a) The legislature intends to create improved vocational outcomes for Washington state injured workers and employers through legislative and regulatory change under a pilot program for the period of January 1, 2008, through June 30, 2016. This pilot vocational system is intended to allow opportunities for eligible workers to participate in meaningful retraining in high-demand occupations, improve successful return to work and achieve positive outcomes for workers, reduce the incidence of repeat vocational services, increase accountability and responsibility, and improve cost predictability. To facilitate the study and evaluation of the results of the proposed changes, the department shall establish the temporary funding of certain state fund vocational costs through the medical aid account to ensure the appropriate assessments to employers for the costs of their claims for vocational services in accordance with RCW 51.32.0991.

(b) In implementing the pilot program, the department shall:

(i) Establish a vocational initiative project that includes participation by the department as a partner with WorkSource, the established state system that administers the federal workforce investment act of 1998. As a partner, the department shall place vocational professional full-time employees at pilot WorkSource locations; refer some workers for vocational services to these vocational professionals; and work with employers in work source pilot areas to market the benefits of on-the-job training programs and with community colleges to reserve slots in high employer demand programs of study as defined in RCW 28B.50.030. These on-the-job training programs and community college slots may be considered by both department and private sector vocational professionals for vocational plan development. The department will also assist stakeholders in developing additional vocational training programs in various industries, including but not limited to agriculture and construction. These programs will expand the choices available to injured workers in developing their vocational training plans with the assistance of vocational professionals.

(ii) Develop and maintain a register of state fund and self-insured workers who have been retrained or have selected any of the vocational options described in this section for at least the duration of the pilot program.

(iii) Create a vocational rehabilitation subcommittee made up of members appointed by the director for at least the duration of the pilot program. This subcommittee shall provide the business and labor partnership needed to maintain focus on the intent of the pilot program, as described in this section, and provide consistency and transparency to the development of rules and policies. The subcommittee shall report to the director at least annually and recommend to the director and the legislature any additional statutory changes needed, which may include extension of the pilot period. The subcommittee shall provide input and oversight with the department concerning the study required under (b) of this subsection. The subcommittee shall provide recommenda-

[2013 RCW Supp—page 653]
tions for additional changes or incentives for injured workers to return to work with their employer of injury. The subcommittee shall also consider options that, under limited circumstances, would allow injured workers to attend baccalaureate institutions under their vocational rehabilitation plans and, by December 31, 2013, the subcommittee shall provide recommendations to the director and the legislature on statutory changes needed to develop those options.

(iv) In collaboration with the subcommittee, the department shall develop an annual report concerning Washington’s workers’ compensation vocational rehabilitation system to the legislature with the final report due by December 1, 2015. The final report shall include an assessment and recommendations for further legislative action.

(2)(a) For the purposes of this section, the day the worker commences vocational plan development means the date the department or self-insurer notifies the worker of his or her eligibility for plan development services or of an eligibility determination in response to a dispute of a vocational decision.

(b) When the supervisor or supervisor’s designee has decided that vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, he or she shall be provided with services necessary to develop a vocational plan that, if completed, would render the worker employable. The vocational professional assigned to the claim shall, at the initial meeting with the worker, fully inform the worker of the return-to-work priorities set forth in RCW 51.32.095(2) and of his or her rights and responsibilities under the workers’ compensation vocational system. The department shall provide tools to the vocational professional for communicating this and other information required by RCW 51.32.095 and this section to the worker.

(c) On the date the worker commences vocational plan development, the department shall also inform the employer in writing of the employer’s right to make a valid return-to-work offer during the first fifteen days following the commencement of vocational plan development. However, at the sole discretion of the supervisor or the supervisor’s designee, an employer may be granted an extension of time of up to ten additional days to make a valid return-to-work offer. The additional days may be allowed by the department with or without a request from the employer. The extension may only be granted if the employer made a return-to-work offer to the worker within fifteen days of the date the worker commenced vocational plan development that met some but not all of the requirements in this section. To be valid, the offer must be for bona fide employment with the employer of injury, consistent with the worker’s documented physical and mental restrictions as provided by the worker’s health care provider. When the employer makes a valid return-to-work offer, the vocational plan development services and temporary total disability compensation shall be terminated effective the day the employment begins.

(3)(a) All vocational plans must contain an accountability agreement signed by the worker detailing expectations regarding progress, attendance, and other factors influencing successful participation in the plan. Failure to abide by the agreed expectations shall result in suspension of vocational benefits pursuant to RCW 51.32.110.

(b) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department shall develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the day the worker commences vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause shall be provided in rule. The frequency and reasons for good cause extensions shall be reported to the subcommittee created under subsection (1)(b)(iii) of this section.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed twelve thousand dollars. This amount shall be adjusted effective July 1 of each year for vocational plans or retraining benefits available under subsection (4)(b) of this section approved on or after this date but before June 30 of the next year based on the average percentage change in tuition for the next fall quarter for all Washington state community colleges.

(e) The duration of the vocational plan shall not exceed two years from the date the plan is implemented. The worker shall receive temporary total disability compensation under RCW 51.32.090 and the cost of transportation while he or she is actively and successfully participating in a vocational plan.

(f) If the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(4) Vocational plan development services shall be completed within ninety days of commencing. Except as provided in RCW 51.32.095(3), during vocational plan development the worker shall, with the assistance of a vocational professional, participate in vocational counseling and occupational exploration to include, but not be limited to, identifying possible job goals, training needs, resources, and expenses, consistent with the worker’s physical and mental status. A vocational rehabilitation plan shall be developed by the worker and the vocational professional and submitted to the department or self-insurer. Following this submission, the worker shall elect one of the following options:

(a) Option 1: The department or self-insurer implements and the worker participates in the vocational plan developed by the vocational professional and approved by the worker and the department or self-insurer. For state fund claims, the department must review and approve the vocational plan before implementation may begin. If the department takes no action within fifteen days, the plan is deemed approved. The worker may, within fifteen days of the department’s approval...
of the plan or of a determination that the plan is valid following a dispute, elect option 2. However, in the sole discretion of the supervisor or supervisor’s designee, the department may approve an election for option 2 benefits that was submitted in writing within twenty-five days of the department’s approval of the plan or of a determination that the plan is valid following a dispute if the worker provides a written explanation establishing that he or she was unable to submit his or her election of option 2 benefits within fifteen days. In no circumstance may the department approve of an election for option 2 benefits that was submitted more than twenty-five days after the department’s approval of a retraining plan or of a determination that a plan is valid following a dispute.

(i) Following successful completion of the vocational plan, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of transferable skills obtained in the vocational plan.

(ii) If a vocational plan is successfully completed on a claim which is thereafter reopened as provided in RCW 51.32.160, the cost and duration available for any subsequent vocational plan is limited to that in subsection (3)(d) and (e) of this section, less that previously expended.

(b) Option 2: The worker declines further vocational services under the claim and receives an amount equal to six months of temporary total disability compensation under RCW 51.32.090. The award is payable in biweekly payments in accordance with the schedule of temporary total disability payments, until such award is paid in full. These payments shall not include interest on the unpaid balance. However, upon application by the worker, and at the discretion of the department, the compensation may be converted to a lump sum payment. The vocational costs defined in subsection (3)(d) of this section shall remain available to the worker, upon application to the department or self-insurer, for a period of five years. The vocational costs shall, if expended, be available for programs or courses at any accredited or licensed institution or program from a list of those approved by the department for tuition, books, fees, supplies, equipment, and tools, without department or self-insurer oversight. The department shall issue an order as provided in RCW 51.52.050 confirming the option 2 election, setting a payment schedule, and terminating temporary total disability benefits effective the date of the order confirming that election. The department shall thereafter close the claim. A worker who elects option 2 benefits shall not be entitled to further temporary total, or to permanent total, disability benefits except upon a showing of a worsening of the condition or conditions accepted under the claim such that claim closure is not appropriate, in which case the option 2 selection will be rescinded and the amount paid to the worker will be assessed as an overpayment. A claim that was closed based on the worker’s election of option 2 benefits may be reopened as provided in RCW 51.32.160, but cannot be reopened for the sole purpose of allowing the worker to seek vocational assistance.

(i) If within five years from the date the option 2 order becomes final, the worker is subsequently injured or suffers an occupational disease or reopen the claim as provided in RCW 51.32.160, and vocational rehabilitation is found both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(e) of this section shall not exceed eighteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the cost available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker’s prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

(5)(a) As used in this section, “vocational plan interruption” means an occurrence which disrupts the plan to the extent the employability goal is no longer attainable. “Vocational plan interruption” does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer shall recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for that expended prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the accredited institution, when it is due to a death in the worker’s immediate family, or when documented changes in the worker’s accepted medical conditions prevent further participation in the vocational plan.

(c) When a vocational plan interruption is the result of the worker’s actions, the worker’s entitlement to benefits shall be suspended in accordance with RCW 51.32.110. If plan development or implementation is recommenced, the cost and duration of the plan shall not include credit for that expended prior to the interruption. A vocational plan interruption is considered a result of the worker’s actions when it is due to the failure to meet attendance expectations set by the training or educational institution, failure to achieve passing grades or acceptable performance review, unaccepted or postinjury conditions that prevent further participation in the vocational plan, or the worker’s failure to abide by the accountability agreement per subsection (3)(a) of this section. 51.36.010 Findings—Minimum standards for providers—Health care provider network—Advisory group—Best practices treatment guidelines—Extent and duration of treatment—Centers for occupational health and education—Rules—Reports. (1) The legislature finds that high quality medical treatment and adherence to occupational health best practices can prevent disability and reduce loss of family income for workers, and lower labor and insurance costs for employers. Injured workers deserve high quality medical care in accordance with current health care best practices. To this end, the department shall establish minimum standards for providers who treat workers from both state fund and self-insured employers. The department shall establish a health care provider network to treat injured workers, and shall accept providers into the network who meet those minimum standards. The department shall convene an advisory group made up of representatives from or designees of the workers’ compensation advisory committee and the industrial insurance medical and chiropractic advisory committees to consider and advise the department related to implementation of this section, including development of best practices treatment guidelines for providers in the network. The department shall also seek the input of various health care provider groups and associations concerning the network’s implementation. Network providers must be required to follow the department’s evidence-based coverage decisions and treatment guidelines, policies, and must be expected to follow other national treatment guidelines appropriate for their patient. The department, in collaboration with the advisory group, shall also establish additional best practice standards for providers to qualify for a second tier within the network, based on demonstrated use of occupational health best practices. This second tier is separate from and in addition to the centers for occupational health and education established under subsection (5) of this section.

(2)(a) Upon the occurrence of any injury to a worker entitled to compensation under the provisions of this title, he or she shall receive proper and necessary medical and surgical services at the hands of a physician or licensed advanced registered nurse practitioner of his or her own choice, if conveniently located, except as provided in (b) of this subsection, and proper and necessary hospital care and services during the period of his or her disability from such injury.

(b) Once the provider network is established in the worker’s geographic area, an injured worker may receive care from a nonnetwork provider only for an initial office or emergency room visit. However, the department or self-insurer may limit reimbursement to the department’s standard fee for the services. The provider must comply with all applicable billing policies and must accept the department’s fee schedule as payment in full.

(c) The department, in collaboration with the advisory group, shall adopt policies for the development, credentialing, accreditation, and continued oversight of a network of health care providers approved to treat injured workers. Health care providers shall apply to the network by completing the department’s provider application which shall have the force of a contract with the department to treat injured workers. The advisory group shall recommend minimum network standards for the department to approve a provider’s application, to remove a provider from the network, or to require peer review such as, but not limited to:

(i) Current malpractice insurance coverage exceeding a dollar amount threshold, number, or seriousness of malpractice suits over a specific time frame;

(ii) Previous malpractice judgments or settlements that do not exceed a dollar amount threshold recommended by the advisory group, or a specific number or seriousness of malpractice suits over a specific time frame;

(iii) No licensing or disciplinary action in any jurisdiction or loss of treating or admitting privileges by any board, commission, agency, public or private health care payer, or hospital;

(iv) For some specialties such as surgeons, privileges in at least one hospital;

(v) Whether the provider has been credentialed by another health plan that follows national quality assurance guidelines; and

(vi) Alternative criteria for providers that are not credentialed by another health plan.

The department shall develop alternative criteria for providers that are not credentialed by another health plan or as needed to address access to care concerns in certain regions.

(d) Network provider contracts will automatically renew at the end of the contract period unless the department provides written notice of changes in contract provisions or the department or provider provider written notice of contract termination. The industrial insurance medical advisory committee shall develop criteria for removal of a provider from the network to be presented to the department and advisory group for consideration in the development of contract terms.

(e) In order to monitor quality of care and assure efficient management of the provider network, the department shall establish additional criteria and terms for network participation including, but not limited to, requiring compliance with administrative and billing policies.

(f) The advisory group shall recommend best practices standards to the department to use in determining second tier network providers. The department shall develop and implement financial and nonfinancial incentives for network pro-
viders who qualify for the second tier. The department is authorized to certify and decertify second tier providers.

(3) The department shall work with self-insurers and the department utilization review provider to implement utilization review for the self-insured community to ensure consistent quality, cost-effective care for all injured workers and employers, and to reduce administrative burden for providers.

(4) The department for state fund claims shall pay, in accordance with the department’s fee schedule, for any alleged injury for which a worker files a claim, any initial prescription drugs provided in relation to that initial visit, without regard to whether the worker’s claim for benefits is allowed. In all accepted claims, treatment shall be limited in point of duration as follows:

In the case of permanent partial disability, not to extend beyond the date when compensation shall be awarded him or her, except when the worker returned to work before permanent partial disability award is made, in such case not to extend beyond the time when monthly allowances to him or her shall cease; in case of temporary disability not to extend beyond the time when monthly allowances to him or her shall cease: PROVIDED, That after any injured worker has returned to his or her work his or her medical and surgical treatment may be continued if, and so long as, such continuation is deemed necessary by the supervisor of industrial insurance to be necessary to his or her more complete recovery; in case of a permanent total disability not to extend beyond the date on which a lump sum settlement is made with him or her or he or she is placed upon the permanent pension roll: PROVIDED, HOWEVER, That the supervisor of industrial insurance, solely in his or her discretion, may authorize continued medical and surgical treatment for conditions previously accepted by the department when such medical and surgical treatment is deemed necessary by the supervisor of industrial insurance to protect such worker’s life or provide for the administration of medical and therapeutic measures including payment of prescription medications, but not including those controlled substances currently scheduled by the pharmacy quality assurance commission as Schedule I, II, III, or IV substances under chapter 69.50 RCW, which are necessary to alleviate continuing pain which results from the industrial injury. In order to authorize such continued treatment the written order of the supervisor of industrial insurance issued in advance of the continuation shall be necessary.

The supervisor of industrial insurance, the supervisor’s designee, or a self-insurer, in his or her sole discretion, may authorize inoculation or other immunological treatment in cases in which a work-related activity has resulted in probable exposure of the worker to a potential infectious occupational disease. Authorization of such treatment does not bind the department or self-insurer in any adjudication of a claim by the same worker or the worker’s beneficiary for an occupational disease.

(5)(a) The legislature finds that the department and its business and labor partners have collaborated in establishing centers for occupational health and education to promote best practices and prevent preventable disability by focusing additional provider-based resources during the first twelve weeks following an injury. The centers for occupational health and education represent innovative accountable care systems in an early stage of development consistent with national health care reform efforts. Many Washington workers do not yet have access to these innovative health care delivery models.

(b) To expand evidence-based occupational health best practices, the department shall establish additional centers for occupational health and education, with the goal of extending access to at least fifty percent of injured and ill workers by December 2013 and to all injured workers by December 2015. The department shall also develop additional best practices and incentives that span the entire period of recovery, not only the first twelve weeks.

(c) The department shall certify and decertify centers for occupational health and education based on criteria including institutional leadership and geographic areas covered by the center for occupational health and education, occupational health leadership and education, mix of participating health care providers necessary to address the anticipated needs of injured workers, health service cooperation to deliver occupational health best practices, indicators to measure the success of the center for occupational health and education, and agreement that the center’s providers shall, if feasible, treat certain injured workers if referred by the department or a self-insurer.

(d) Health care delivery organizations may apply to the department for certification as a center for occupational health and education. These may include, but are not limited to, hospitals and affiliated clinics and providers, multispecialty clinics, health maintenance organizations, and organized systems of network physicians.

(e) The centers for occupational health and education shall implement benchmark quality indicators of occupational health best practices for individual providers, developed in collaboration with the department. A center for occupational health and education shall remove individual providers who do not consistently meet these quality benchmarks.

(f) The department shall develop and implement financial and nonfinancial incentives for center for occupational health and education providers that are based on progressive and measurable gains in occupational health best practices, and that are applicable throughout the duration of an injured or ill worker’s episode of care.

(g) The department shall develop electronic methods of tracking evidence-based quality measures to identify and improve outcomes for injured workers at risk of developing prolonged disability. In addition, these methods must be used to provide systematic feedback to physicians regarding quality of care, to conduct appropriate objective evaluation of progress in the centers for occupational health and education, and to allow efficient coordination of services.

(6) If a provider fails to meet the minimum network standards established in subsection (2) of this section, the department is authorized to remove the provider from the network or take other appropriate action regarding a provider’s participation. The department may also require remedial steps as a condition for a provider to participate in the network. The department, with input from the advisory group, shall establish waiting periods that may be imposed before a provider who has been denied or removed from the network may reapply.

(7) The department may permanently remove a provider from the network or take other appropriate action when the
Chapter 51.44 Title 51 RCW: Industrial Insurance

provider exhibits a pattern of conduct of low quality care that exposes patients to risk of physical or psychiatric harm or death. Patterns that qualify as risk of harm include, but are not limited to, poor health care outcomes evidenced by increased, chronic, or prolonged pain or decreased function due to treatments that have not been shown to be curative, safe, or effective or for which it has been shown that the risks of harm exceed the benefits that can be reasonably expected based on peer-reviewed opinion.

(8) The department may not remove a health care provider from the network for an isolated instance of poor health and recovery outcomes due to treatment by the provider.

(9) When the department terminates a provider from the network, the department or self-insurer shall assist an injured worker currently under the provider’s care in identifying a new network provider or providers from whom the worker can select an attending or treating provider. In such a case, the department or self-insurer shall notify the injured worker that he or she must choose a new attending or treating provider.

(10) The department may adopt rules related to this section.

(11) The department shall report to the workers’ compensation advisory committee and to the appropriate committees of the legislature on each December 1st, beginning in 2012 and ending in 2016, on the implementation of the provider network and expansion of the centers for occupational health and education. The reports must include a summary of key initiatives, access to care issues, results of disputes or controversies related to new provisions, and whether any changes are needed to further improve the occupational health best practices care of injured workers. The original of said final plat shall be filed for record with the county auditor. One reproducible copy shall be furnished to the city, town or county engineer. One paper copy shall be filed with the county assessor. Paper copies shall be provided to such other agencies as may be required by ordinance.

(3)(a) Except as provided by (b) of this subsection, a final plat meeting all requirements of this chapter shall be submitted to the legislative body of the city, town, or county for approval within seven years of the date of preliminary plat approval if the date of preliminary plat approval is on or before December 31, 2014, and within five years of the date of preliminary plat approval if the date of preliminary plat approval is on or after January 1, 2015.

(b) A final plat meeting all requirements of this chapter shall be submitted to the legislative body of the city, town, or county for approval within ten years of the date of preliminary plat approval if the project is not subject to requirements adopted under chapter 90.58 RCW and the date of preliminary plat approval is on or before December 31, 2007.

(4) Nothing contained in this section shall act to prevent any city, town, or county from adopting by ordinance procedures which would allow extensions of time that may or may not contain additional or altered conditions and requirements. date of final plat approval is on or after January 1, 2015, unless the legislative body finds that a change in conditions creates a serious threat to the public health or safety in the subdivision.

RESIDENTIAL LANDLORD-TENANT ACT

Sections
59.18.060 Landlord—Duties.
59.18.580 Victim protection—Limitation on tenant screening service provider disclosures and landlord’s rental decisions. (Effective January 1, 2014.)

59.18.060 Landlord—Duties. The landlord will at all times during the tenancy keep the premises fit for human habitation, and shall in particular:

(1) Maintain the premises to substantially comply with any applicable code, statute, ordinance, or regulation governing their maintenance or operation, which the legislative body enacting the applicable code, statute, ordinance or regulation could enforce as to the premises rented if such condition endangers or impairs the health or safety of the tenant;

(2) Maintain the structural components including, but not limited to, the roofs, floors, walls, chimneys, fireplaces, foundations, and all other structural components, in reasonably good repair so as to be usable;

(3) Keep any shared or common areas reasonably clean, sanitary, and safe from defects increasing the hazards of fire or accident;

(4) Provide a reasonable program for the control of infestation by insects, rodents, and other pests at the initiation of the tenancy and, except in the case of a single-family residence, control infestation during tenancy except where such infestation is caused by the tenant;

(5) Except where the condition is attributable to normal wear and tear, make repairs and arrangements necessary to put and keep the premises in as good condition as it by law or rental agreement should have been, at the commencement of the tenancy;

(6) Provide reasonably adequate locks and furnish keys to the tenant;

(7) Maintain and safeguard with reasonable care any master key or duplicate keys to the dwelling unit;

(8) Maintain all electrical, plumbing, heating, and other facilities and appliances supplied by him or her in reasonably good working order;

(9) Maintain the dwelling unit in reasonably weather-tight condition;

(10) Except in the case of a single-family residence, provide and maintain appropriate receptacles in common areas for the removal of ashes, rubbish, and garbage, incidental to the occupancy and arrange for the reasonable and regular removal of such waste;

(11) Provide facilities adequate to supply heat and water and hot water as reasonably required by the tenant;

(12)(a) Provide a written notice to all tenants disclosing fire safety and protection information. The landlord or his or her authorized agent must provide a written notice to the tenant that the dwelling unit is equipped with a smoke detection device as required in RCW 43.44.110. The notice shall inform the tenant of the tenant’s responsibility to maintain the smoke detection device in proper operating condition and of penalties for failure to comply with the provisions of RCW 43.44.110(3). The notice must be signed by the landlord or the landlord’s authorized agent and tenant with copies provided to both parties. Further, except with respect to a single-family residence, the written notice must also disclose the following:

(i) Whether the smoke detection device is hard-wired or battery operated;

(ii) Whether the building has a fire sprinkler system;

(iii) Whether the building has a fire alarm system;

(iv) Whether the building has a smoking policy, and what that policy is;

(v) Whether the building has an emergency notification plan for the occupants and, if so, provide a copy to the occupants;

(vi) Whether the building has an emergency relocation plan for the occupants and, if so, provide a copy to the occupants; and

(vii) Whether the building has an emergency evacuation plan for the occupants and, if so, provide a copy to the occupants.

(b) The information required under this subsection may be provided to a tenant in a multifamily residential building either as a written notice or as a checklist that discloses whether the building has fire safety and protection devices and systems. The checklist shall include a diagram showing the emergency evacuation routes for the occupants.

(c) The written notice or checklist must be provided to new tenants at the time the lease or rental agreement is signed;

(13) Provide tenants with information provided or approved by the department of health about the health hazards associated with exposure to indoor mold. Information may be provided in written format individually to each tenant, or may be posted in a visible, public location at the dwelling unit property. The information must detail how tenants can control mold growth in their dwelling units to minimize the health risks associated with indoor mold. Landlords may
obtain the information from the department’s web site or, if requested by the landlord, the department must mail the information to the landlord in a printed format. When developing or changing the information, the department of health must include representatives of landlords in the development process. The information must be provided by the landlord to new tenants at the time the lease or rental agreement is signed;

(14) The landlord and his or her agents and employees are immune from civil liability for failure to comply with subsection (13) of this section except where the landlord and his or her agents and employees knowingly and intentionally do not comply with subsection (13) of this section; and

(15) Designate to the tenant the name and address of the person who is the landlord by a statement on the rental agreement or by a notice conspicuously posted on the premises. The tenant shall be notified immediately of any changes in writing, which must be either (a) delivered personally to the tenant or (b) mailed to the tenant and conspicuously posted on the premises. If the person designated in this section does not reside in the state where the premises are located, there shall also be designated a person who resides in the county who is authorized to act as an agent for the purposes of service of notices and process, and if no designation is made of a person to act as agent, then the person to whom rental payments are to be made shall be considered such agent. Regardless of such designation, any owner who resides outside the state and who violates a provision of this chapter is deemed to have submitted himself or herself to the jurisdiction of the courts of this state and personal service of any process may be made on the owner outside the state with the same force and effect as personal service within the state. Any summons or process served out-of-state must contain the same information and be served in the same manner as personal service of summons or process served within the state, except the summons or process must require the party to appear and answer within sixty days after such personal service out of the state. In an action for a violation of this chapter that is filed under chapter 12.40 RCW, service of the notice of claim outside the state must contain the same information and be served in the same manner as required under chapter 12.40 RCW, except the date on which the party is required to appear must not be less than sixty days from the date of service of the notice of claim.

No duty shall devolve upon the landlord to repair a defective condition under this section, nor shall any defense or remedy be available to the tenant under this chapter, where the defective condition complained of was caused by the conduct of such tenant, his or her family, invitee, or other person acting under his or her control, or where a tenant unreasonably fails to allow the landlord access to the property for purposes of repair. When the duty imposed by subsection (1) of this section is incompatible with and greater than the duty imposed by any other provisions of this section, the landlord’s duty shall be determined pursuant to subsection (1) of this section. [2013 c 35 § 1; 2011 c 132 § 2; 2005 c 465 § 2; 2002 c 259 § 1; 1991 c 154 § 2; 1973 1st ex.s. c 207 § 6.]

Finding—2005 c 465: "The legislature finds that residents of the state face preventable exposures to mold in their homes, apartments, and schools. Exposure to mold, and the toxins they produce, have been found to have adverse health effects, including loss of memory and impairment of the ability to think coherently and function in a job, and may cause fatigue, nausea, and headaches.

As steps can be taken by landlords and tenants to minimize exposure to indoor mold, and as the reduction of exposure to mold in buildings could reduce the rising number of mold-related claims submitted to insurance companies and increase the availability of coverage, the legislature supports providing tenants and landlords with information designed to minimize the public's exposure to mold." [2005 c 465 § 1.]

### 59.18.580 Victim protection—Limitation on tenant screening service provider disclosures and landlord’s rental decisions. (Effective January 1, 2014.) (1) A tenant screening service provider may not (a) disclose a tenant’s, applicant’s, or household member’s status as a victim of domestic violence, sexual assault, or stalking, or (b) knowingly disclose that a tenant, applicant, or household member has previously terminated a rental agreement under RCW 59.18.575.

(2) A landlord may not terminate a tenancy, fail to renew a tenancy, or refuse to enter into a rental agreement based on the tenant’s or applicant’s or a household member’s status as a victim of domestic violence, sexual assault, or stalking, or based on the tenant or applicant having terminated a rental agreement under RCW 59.18.575.

(3) A landlord who refuses to enter into a rental agreement in violation of subsection (2) of this section may be liable to the tenant or applicant in a civil action for damages sustained by the tenant or applicant. The prevailing party may also recover court costs and reasonable attorneys’ fees.

(4) It is a defense to an unlawful detainer action under chapter 59.12 RCW that the action to remove the tenant and recover possession of the premises is in violation of subsection (2) of this section.

(5) This section does not prohibit adverse housing decisions based upon other lawful factors within the landlord’s knowledge or prohibit volunteer disclosure by an applicant of any victim circumstances. [2013 c 54 § 1; 2004 c 17 § 4.]

Effective date—2013 c 54: "This act takes effect January 1, 2014." [2013 c 54 § 2.]

Findings—Intent—Effective date—2004 c 17: See notes following RCW 59.18.570.

MANUFACTURED/MOBILE HOME LANDLORD-TENANT ACT

(Formerly: Mobile Home Landlord-Tenant Act)

Sections

59.20.210 Landlord—Failure to carry out duties—Repairs effected by tenant—Bids—Notice—Deduction of cost from rent—Limitations.

59.20.210 Landlord—Failure to carry out duties—Repairs effected by tenant—Bids—Notice—Deduction of cost from rent—Limitations. (1) If at any time during the tenancy, the landlord fails to carry out any of the duties imposed by RCW 59.20.130, and notice of the defect is given to the landlord pursuant to RCW 59.20.200, the tenant may submit to the landlord or the landlord’s designated agent by certified mail or in person at least two bids to perform the repairs necessary to correct the defective condition from licensed or registered persons, or if no licensing or registration requirement applies to the type of work to be performed,
from responsible persons capable of performing such repairs. Such bids may be submitted to the landlord at the same time as notice is given pursuant to RCW 59.20.200.

(2) If the landlord fails to commence repair of the defective condition within a reasonable time after receipt of notice from the tenant, the tenant may contract with the person submitting the lowest bid to make the repair, and upon the completion of the repair and an opportunity for inspection by the landlord or the landlord’s designated agent, the tenant may deduct the cost of repair from the rent in an amount not to exceed the sum expressed in dollars representing one month’s rental of the tenant’s mobile home space in any calendar year. When, however, the landlord is required to begin remedying the defective condition within thirty days under RCW 59.20.200, the tenant cannot contract for repairs for at least fifteen days following receipt of bids by the landlord. The total costs of repairs deducted by the tenant in any calendar year under this subsection shall not exceed the sum expressed in dollars representing one month’s rental of the tenant’s mobile home space.

(3) Two or more tenants shall not collectively initiate remedies under this section. Remedial action under this section shall not be initiated for conditions in the design or construction existing in a mobile home park before June 7, 1984.

(4) The provisions of this section shall not:
(a) Create a relationship of employer and employee between landlord and tenant; or
(b) Create liability under the worker’s compensation act; or
(c) Constitute the tenant as an agent of the landlord for the purposes of mechanics’ and material suppliers’ liens under chapter 60.04 RCW.

(5) Any repair work performed under this section shall comply with the requirements imposed by any applicable code, statute, ordinance, or rule. A landlord whose property is damaged because of repairs performed in a negligent manner may recover the actual damages in an action against the tenant.

(6) Nothing in this section shall prevent the tenant from agreeing with the landlord to undertake the repairs in return for cash payment or a reasonable reduction in rent, the agreement to be between the parties, and this agreement does not alter the landlord’s obligations under this chapter. [2013 c 23 § 117; 1999 c 359 § 16; 1984 c 58 § 8.]

Chapter 59.30 RCW
MANUFACTURED/MOBILE HOME COMMUNITIES—DISPUTE RESOLUTION AND REGISTRATION

Sections
59.30.050 Registration process, fees.
59.30.090 Unpaid fees—Warrant—Interest—Lien.

59.30.050 Registration process, fees. (1) The department must register all manufactured/mobile home communities, which registration must be renewed annually. Each community must be registered separately. The department must mail registration notifications to all known manufactured/mobile home community landlords. Registration information packets must include:
(a) Registration forms; and
(b) Registration assessment information, including registration due dates and late fees, and the collections procedures, liens, and charging costs to tenants.

(2) To apply for registration or registration renewal, the landlord of a manufactured/mobile home community must file with the department an application for registration or registration renewal on a form provided by the department and must pay a registration fee as described in subsection (3) of this section. The department may require the submission of information necessary to assist in identifying and locating a manufactured/mobile home community and other information that may be useful to the state, which must include, at a minimum:
(a) The names and addresses of the owners of the manufactured/mobile home community;
(b) The name and address of the manufactured/mobile home community;
(c) The name and address of the landlord and manager of the manufactured/mobile home community;
(d) The number of lots within the manufactured/mobile home community that are subject to chapter 59.20 RCW; and
(e) The addresses of each manufactured/mobile home lot within the manufactured/mobile home community that is subject to chapter 59.20 RCW.

(3) Each manufactured/mobile home community landlord must pay to the department:
(a) A one-time business license application fee for the first year of registration and, in subsequent years, an annual renewal application fee, as provided in RCW 19.02.075; and
(b) An annual registration assessment of ten dollars for each manufactured/mobile home that is subject to chapter 59.20 RCW within a manufactured/mobile home community. Manufactured/mobile home community landlords may charge a maximum of five dollars of this assessment to tenants. Nine dollars of the registration assessment for each manufactured/mobile home must be deposited into the manufactured/mobile home dispute resolution program account created in RCW 59.30.070 to fund the costs associated with the manufactured/mobile home dispute resolution program. The remaining one dollar must be deposited into the business license account created in RCW 19.02.210. The annual registration assessment must be reviewed once each biennium by the department and the attorney general and may be adjusted to reasonably relate to the cost of administering this chapter. The registration assessment may not exceed ten dollars, but if the assessment is reduced, the portion allocated to the manufactured/mobile home dispute resolution program account and the business license account must be adjusted proportionately.

(4) Initial registrations of manufactured/mobile home communities must be filed before November 1, 2007, or within three months of the availability of mobile home lots for rent within the community. The manufactured/mobile home community is subject to a delinquency fee of two hundred fifty dollars for late initial registrations. The delinquency fee must be deposited in the business license account. Renewal registrations that are not renewed by the expiration
date as assigned by the department are subject to delinquency fees under RCW 19.02.085.

(5) Thirty days after sending late fee notices to a noncomplying landlord, the department may issue a warrant under RCW 59.30.090 for the unpaid registration assessment and delinquency fee. If a warrant is issued by the department under RCW 59.30.090, the department must add a penalty of ten percent of the amount of the unpaid registration assessment and delinquency fee, but not less than ten dollars. The warrant penalty must be deposited into the business license account created in RCW 19.02.210. Chapter 82.32 RCW applies to the collection of warrants issued under RCW 59.30.090.

(6) Registration is effective on the date determined by the department, and the department must issue a registration number to each registered manufactured/mobile home community. The department must provide an expiration date, assigned by the department, to each manufactured/mobile home community who registers. [2013 c 144 § 42; 2011 c 298 § 31; 2007 c 431 § 6.]

Implementation—2007 c 431: See note following RCW 59.30.010.

59.30.090 Unpaid fees—Warrant—Interest—Lien. (1) If any registration assessment or delinquency fee is not paid in full within thirty days after sending late fee notices to a noncomplying landlord, the department may issue a warrant in the amount of such unpaid sums, together with interest thereon from the date the warrant is issued until the date of payment.

(2) Interest must be computed on a daily basis on the amount of outstanding registration assessment and delinquency fee imposed under RCW 59.30.050 at the rate as computed under RCW 82.32.050(2). The rate so computed must be adjusted on the first day of January of each year for use in computing interest for that calendar year. Interest must be deposited in the business license account created in RCW 19.02.210.

(3) The department may file a copy of the warrant with the clerk of the superior court of any county of the state in which real or personal property of the owner of the manufactured/mobile home community may be found. The clerk is entitled to a filing fee under RCW 36.18.012(10). Upon filing, the clerk must enter in the judgment docket the name of the owner of the manufactured/mobile home community mentioned in the warrant and the amount of the registration assessment and delinquency fee, or portion thereof, and any increases and penalties for which the warrant is issued, and the date when the copy is filed.

(4) The amount of the warrant so docketed becomes a lien upon the title to, and interest in, all real and personal property of the owner of the manufactured/mobile home community against whom the warrant is issued the same as a judgment in a civil case duly docketed in the office of the clerk. The warrant so docketed is sufficient to support the issuance of writs of garnishment in favor of the state in the manner provided by law in the case of judgments wholly or partially unsatisfied.

(5) The lien is not superior to bona fide interests of third persons that had vested prior to the filing of the warrant. The phrase "bona fide interests of third persons" does not include any mortgage of real or personal property or any other credit transaction that results in the mortgagee or the holder of the security acting as trustee for unsecured creditors of the owner of the manufactured/mobile home community mentioned in the warrant who executed the chattel or real property mortgage or the document evidencing the credit transaction. [2013 c 144 § 43; 2011 c 298 § 33.]

60.13.040 Filing of statement evidencing lien—Contents—Standard filing forms, fees, and procedures.
60.13.050 Priority of lien.
60.13.060 Duration of lien—Statement of discharge.

60.13.010 Definitions. As used in this chapter, the terms defined in this section have the meanings indicated unless the context clearly requires otherwise.

(1) "Agricultural product" means any unprocessed horticultural, vermicultural and its by-products, viticultural, berry, poultry, poultry product, grain, bee, or other agricultural products, and includes mint or mint oil processed by or for the producer thereof and hay and straw baled or prepared for market in any manner or form and livestock. When used in RCW 60.13.020, "agricultural product" means horticultural, viticultural, aquacultural, or berry products, hay and straw, milk and milk products, vegetable seed, or turf and forage seed and applies only when such products are delivered to a processor or conditioner in an unprocessed form.

(2) "Commercial fisher" means a person licensed to fish commercially for or to take food fish or shellfish or steelhead legally caught pursuant to executive order, treaty right, or federal statute.

(3) "Conditioner," "consignor," "person," and "producer" have the meanings defined in RCW 20.01.010.

(4) "Delivers" means that a producer completes the performance of all contractual obligations with reference to the transfer of actual or constructive possession or control of an agricultural product to a processor or conditioner or preparer, regardless of whether the processor or conditioner or preparer takes physical possession.

(5) "Fish" means food fish or shellfish or steelhead legally caught pursuant to executive order, treaty right, or federal statute.
(6) "Preparer" means a person engaged in the business of feeding livestock or preparing livestock products for market.

(7) "Processor" means any person, firm, company, or other organization that purchases agricultural products except milk and milk products from a consignor and that cans, freezes, dries, dehydrates, cooks, presses, powders, or otherwise processes those crops in any manner whatsoever for eventual resale, or that purchases or markets milk from a dairy producer and is obligated to remit payment to such dairy producer directly.

(8) "Vinifera grapes" means the agricultural product commonly known as Vitis vinifera and those hybrid of Vitis vinifera that have predominantly the character of Vitis vinifera.

(9) "Wine producer" means any person or other entity licensed under Title 66 RCW to produce within the state wine from vinifera grapes. [2013 c 23 § 118. Prior: 2012 c 106 § 1; 2002 c 278 § 1; 1991 c 174 § 2; 1987 c 148 § 1; 1985 c 412 § 1.]

60.13.020 Processor lien. Starting on the date a producer delivers any agricultural product to a processor or conditioner, the producer has a first priority statutory lien, referred to as a "processor lien." A commercial fisher who delivers fish to a processor also has a first priority statutory "processor lien" starting on the date the fisher delivers fish to the processor. This processor lien shall continue until twenty days after payment for the product is due and remains unpaid, without filing any notice of lien, for the contract price, if any, or the fair market value of the products delivered. The processor lien attaches to the agricultural products or fish delivered, to the processor's or conditioner's inventory, and to the processor's or conditioner's accounts receivable. However, no processor lien may attach to agricultural products or fish delivered by a producer or commercial fisher, or on the producer's or fisher's behalf, to a processor which is organized and operated on a cooperative basis and of which the producer or fisher is a member, nor may such lien attach to such processor's inventory or accounts receivable. [2013 c 23 § 119; 1987 c 148 § 2; 1985 c 412 § 2.]

60.13.040 Filing of statement evidencing lien—Contents—Standard filing forms, fees, and procedures. (1) A producer or commercial fisher claiming a wine producer, processor, or preparer lien may file a statement evidencing the lien with the department of licensing after payment from the wine producer, processor, conditioner, or preparer to the producer or fisher is due and remains unpaid. For purposes of this subsection and RCW 60.13.050, payment is due on the date specified in the contract, or if not specified, then within thirty days from time of delivery.

(2) The statement shall be in a record, authenticated by the producer or fisher, and shall contain in substance the following information:

(a) A true statement or a reasonable estimate of the amount demanded after deducting all credits and offsets;

(b) The name of the wine producer, processor, conditioner, or preparer who received the agricultural product or fish to be charged with the lien;

(c) A description sufficient to identify the agricultural product or fish to be charged with the lien;

(d) A statement that the amount claimed is a true and bona fide existing debt as of the date of the filing of the notice evidencing the lien;

(e) The date on which payment was due for the agricultural product or fish to be charged with the lien; and

(f) The department of licensing may by rule prescribe standard filing forms, fees, and uniform procedures for filing with, and obtaining information from, filing officers. [2013 c 23 § 120; 2012 c 106 § 3; 2002 c 278 § 2; 2001 c 32 § 6. Prior: 1987 c 189 § 7; 1987 c 148 § 3; 1985 c 412 § 4.]

60.13.050 Priority of lien. (1)(a) If a statement is filed pursuant to RCW 60.13.040 within twenty days of the date upon which payment from the processor, conditioner, or preparer to the producer or commercial fisher is due and remains unpaid, the processor or preparer lien evidenced by the statement continues its priority over all other liens or security interests upon agricultural products or fish, inventory, and accounts receivable, except as provided in (b) of this subsection. Such priority is without regard to whether the other liens or security interests attached before or after the date on which the processor or preparer lien attached.

(b) The processor or preparer lien shall be subordinate to liens for taxes or labor perfected before filing of the processor or preparer lien.

(2) If the statement provided for in RCW 60.13.040 is not filed within twenty days of the date payment is due and remains unpaid, the processor or preparer lien shall thereupon become subordinate to:

(a) A lien that has attached to the agricultural product or fish, inventory, or accounts receivable before the date on which the processor or preparer lien attaches; and

(b) A perfected security interest in the agricultural product or fish, inventory, or accounts receivable. [2013 c 23 § 121; 1987 c 148 § 4; 1985 c 412 § 5.]

60.13.060 Duration of lien—Statement of discharge. (1) The wine producer or processor lien shall terminate twelve months after, and the preparer lien shall terminate fifty days after, the later of the date of attachment or filing, unless a suit to foreclose the lien has been filed before that time as provided in RCW 60.13.070.

(2) If a statement has been filed as provided in RCW 60.13.040 and the producer or commercial fisher has received payment for the obligation secured by the lien, the producer or fisher shall promptly file with the department of licensing a statement declaring that full payment has been received and that the lien is discharged. If, after payment, the producer or fisher fails to file such statement of discharge within ten days following a request to do so, the producer or fisher shall be liable to the wine producer, processor, conditioner, or preparer in the sum of one hundred dollars plus actual damages caused by the failure. [2013 c 23 § 122; 2012 c 106 § 5; 2002 c 278 § 3; 1987 c 148 § 5; 1985 c 412 § 6.]

(1)(a) Except as provided in (b) of this subsection, public improvement contracts must provide, and public bodies must reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (i) The claims of any person arising under the contract; and (ii) the state with respect to taxes, increases, and penalties imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

(b) Public improvement contracts funded in whole or in part by federal transportation funds must rely upon the contract bond as referred to in chapter 39.08 RCW for the protection and payment of: (i) The claims of any person or persons arising under the contract to the extent such claims are provided for in RCW 39.08.010; and (ii) the state with respect to taxes, increases, and penalties incurred on the public improvement project under Titles 50, 51, and 82 RCW which may be due. (2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract has a lien upon moneys reserved by a public body under the provisions of a public improvement contract. However, the notice of the lien of the claimant must be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, must be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract must be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body must issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check must be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities must be held in escrow. Interest on the bonds and securities must be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor must pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from a bonding company meeting standards established by the public body. The public body must accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body must release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor must accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor must then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section must be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and supersede all provisions and regulations in conflict herewith.
(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.021 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes may be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue, the employment security department, the department of labor and industries, and the material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the monies earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW 39.10.210. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Contract retainage" means an amount reserved by a public body from the monies earned by a contractor for the performance of public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.210. [2013 c 113 § 1; 2011 c 231 § 2. Prior: 2009 c 432 § 5; 2009 c 219 § 6; prior: 2007 c 494 § 504; 2007 c 218 § 92; 2003 c 301 § 7; 2000 c 185 § 1; 1994 c 101 § 1; 1992 c 223 § 2.]

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.210. [2013 c 113 § 1; 2011 c 231 § 2. Prior: 2009 c 432 § 5; 2009 c 219 § 6; prior: 2007 c 494 § 504; 2007 c 218 § 92; 2003 c 301 § 7; 2000 c 185 § 1; 1994 c 101 § 1; 1992 c 223 § 2.]

Intent—Recognition—2011 c 231: "The legislature recognizes that federal regulations include requirements that pertain to contracts funded by federal-aid highway funds. One such requirement is that states must ensure that prime contractors pay subcontractors in full by no later than thirty days after the subcontractor’s work is satisfactorily completed. One option for meeting this requirement is to decline to hold retainage from prime contractors. The legislature also recognizes that retainage is currently used to ensure that claims against the contractor are resolved in a timely manner. The legislature intends that the contract bond provided by sureties on behalf of general contractors provides adequate security for claimants under the bond."

Report—2009 c 432: See RCW 18.27.800.

(2) If the beneficiary fails to request reconveyance within the sixty-day period specified under RCW 61.16.030 and has received payment as specified by the beneficiary’s demand statement, a title insurance company or title insurance agent as licensed and qualified under chapter 48.29 RCW, a licensed escrow agent as defined in RCW 18.44.011, or an attorney admitted to practice law in this state, who has paid the demand in full from escrow, upon receipt of notice of the beneficiary’s failure to request reconveyance, may, as agent for the person entitled to receive reconveyance, in writing, submit proof of satisfaction and request the trustee of record to reconvey the deed of trust.

62A.2-201 Formal requirements; statute of frauds.  
(1) Except as otherwise provided in this section, a contract for the sale of goods for the price of five hundred dollars or more is not enforceable by way of action or defense unless there is some writing sufficient to indicate that a contract for sale has been made between the parties and signed by the assignor and its acceptance by the assignee constitutes a delegation of performance of the duties of the assignor and its acceptance by the assignee constitutes a delegation of performance of the duties of the assignor. 

(2) Between merchants if within a reasonable time a writing in confirmation of the contract and sufficient against the sender is received and the party receiving it has reason to know its contents, it satisfies the requirement of subsection (1) of this section against such party unless written notice of objection to its contents is given within ten days after it is received. 

(3) A contract which does not satisfy the requirements of subsection (1) of this section but which is valid in other respects is enforceable: 

(a) If the goods are to be specially manufactured for the buyer and are not suitable for sale to others in the ordinary course of the seller’s business and the seller, before notice of repudiation is received and under circumstances which reasonably indicate that the goods are for the buyer, has made either a substantial beginning of their manufacture or commitments for their procurement; or 

(b) If the party against whom enforcement is sought admits in his or her pleading, testimony, or otherwise in court that a contract for sale was made, but the contract is not enforceable under this provision beyond the quantity of goods admitted; or 

(c) With respect to goods for which payment has been made and accepted or which have been received and accepted (RCW 62A.2-606). [2013 c 23 § 126; 1965 ex.s.c 157 § 2-201. Cf. former RCW 63.04.050; 1925 ex.s.c 142 § 4; RRS § 5836-4; prior: Code 1881 § 2326.]

Statute of frauds: RCW 19.36.010.

62A.2-210 Delegation of performance; assignment of rights.  (1) A party may perform his or her duty through a delegate unless otherwise agreed or unless the other party has a substantial interest in having his or her original promisor perform or control the acts required by the contract. No delegation of performance relieves the party delegating of any duty to perform or any liability for breach. 

62A.2-304 Price payable in money, goods, realty, or otherwise.  (1) The price can be made payable in money or otherwise. If it is payable in whole or in part in goods each party is a seller of the goods which he or she is to transfer. 

(2) Even though all or part of the price is payable in an interest in realty the transfer of the goods and the seller’s obligations with reference to them are subject to this Article, but not the transfer of the interest in realty or the transferor’s obligations in connection therewith. [2013 c 23 § 128; 1965 ex.s.c 142 § 226; 1965 ex.s.c 157 § 2-201. Cf. former RCW 63.04.050; 1925 ex.s.c 142 § 4; RRS § 5836-4; prior: Code 1881 § 2326.]
62A.2-305  Open price term. (1) The parties if they so intend can conclude a contract for sale even though the price is not settled. In such a case, the price is a reasonable price at the time of delivery if:

(a) Nothing is said as to price; or
(b) The price is left to be agreed by the parties and they fail to agree; or
(c) The price is to be fixed in terms of some agreed market or other standard as set or recorded by a third person or agency and it is not so set or recorded.

(2) A price to be fixed by the seller or by the buyer means a price for him or her to fix in good faith.

(3) When a price left to be fixed otherwise than by agreement of the parties fails to be fixed through fault of one party the other may at his or her option treat the contract as canceled or himself or herself fix a reasonable price.

(4) Where, however, the parties intend not to be bound unless the price be fixed or agreed and it is not fixed or agreed there is no contract. In such a case, the buyer must return any goods already received or if unable so to do must pay their reasonable value at the time of delivery and the seller must return any portion of the price paid on account. [2013 c 23 § 129; 1965 ex.s. c 157 § 2-305. Cf. former RCW sections: (i) RCW 63.04.100; 1925 ex.s. c 142 § 9; RRS § 5836-9. (ii) RCW 63.04.110; 1925 ex.s. c 142 § 10; RRS § 5836-10. Subd. (3) cf. former RCW 63.04.120(2); 1925 ex.s. c 142 § 11; RRS § 5836-11.]

62A.2-308  Absence of specified place for delivery. Unless otherwise agreed:

(a) The place for delivery of goods is the seller’s place of business or if he or she has none his or her residence; but
(b) In a contract for sale of identified goods which to the knowledge of the parties at the time of contracting are in some other place, that place is the place for their delivery; and
(c) Documents of title may be delivered through customary banking channels. [2013 c 23 § 130; 1965 ex.s. c 157 § 2-308. Subd. (a), (b) cf. former RCW 63.04.440(1); 1925 ex.s. c 142 § 43; RRS § 5836-43.]

62A.2-311  Options and cooperation respecting performance. (1) An agreement for sale which is otherwise sufficiently definite (RCW 62A.2-204(3)) to be a contract is not made invalid by the fact that it leaves particulars of performance to be specified by one of the parties. Any such specification must be made in good faith and within limits set by commercial reasonableness.

(2) Unless otherwise agreed, specifications relating to assortment of the goods are at the buyer’s option and except as otherwise provided in RCW 62A.2-319 (1)(c) and (3) specifications or arrangements relating to shipment are at the seller’s option.

(3) Where such specification would materially affect the other party’s performance but is not seasonably made or where one party’s cooperation is necessary to the agreed performance of the other but is not seasonably forthcoming, the other party in addition to all other remedies:

(a) Is excused for any resulting delay in his or her own performance; and
(b) May also either proceed to perform in any reasonable manner or after the time for a material part of his or her own performance treat the failure to specify or to cooperate as a breach by failure to deliver or accept the goods. [2013 c 23 § 131; 1965 ex.s. c 157 § 2-311.]

62A.2-312  Warranty of title and against infringement; buyer’s obligation against infringement. (1) Subject to subsection (2) of this section, there is in a contract for sale a warranty by the seller that:

(a) The title conveyed shall be good, and its transfer rightful; and
(b) The goods shall be delivered free from any security interest or other lien or encumbrance of which the buyer at the time of contracting has no knowledge.

(2) A warranty under subsection (1) of this section will be excluded or modified only by specific language or by circumstances which give the buyer reason to know that the person selling does not claim title in himself or herself or that he or she is purporting to sell only such right or title as he or she or a third person may have.

(3) Unless otherwise agreed, a seller who is a merchant regularly dealing in goods of the kind warrants that the goods shall be delivered free of the rightful claim of any third person by way of infringement or the like but a buyer who furnishes specifications to the seller must hold the seller harmless against any such claim which arises out of compliance with the specifications. [2013 c 23 § 132; 1965 ex.s. c 157 § 2-312. Cf. former RCW 63.04.140; 1925 ex.s. c 142 § 13; RRS § 5836-13.]

62A.2-313  Express warranties by affirmation, promise, description, sample. (1) Express warranties by the seller are created as follows:

(a) Any affirmation of fact or promise made by the seller to the buyer which relates to the goods and becomes part of the basis of the bargain creates an express warranty that the goods shall conform to the affirmation or promise.

(b) Any description of the goods which is made part of the basis of the bargain creates an express warranty that the goods shall conform to the description.

(c) Any sample or model which is made part of the basis of the bargain creates an express warranty that the whole of the goods shall conform to the sample or model.

(2) It is not necessary to the creation of an express warranty that the seller use formal words such as "warrant" or "guarantee" or that he or she have a specific intention to make a warranty, but an affirmation merely of the value of the goods or a statement purporting to be merely the seller’s opinion or commendation of the goods does not create a warranty. [2013 c 23 § 133; 1965 ex.s. c 157 § 2-313. Cf. former RCW sections: (i) RCW 63.04.130; 1925 ex.s. c 142 § 12; RRS § 5836-12. (ii) RCW 63.04.150; 1925 ex.s. c 142 § 14; RRS § 5836-14. (iii) RCW 63.04.170; 1925 ex.s. c 142 § 16; RRS § 5836-16.]

Motor vehicle express warranties: Chapter 19.118 RCW.

62A.2-316  Exclusion or modification of warranties. (1) Words or conduct relevant to the creation of an express
warranty and words or conduct tending to negate or limit warranty shall be construed wherever reasonable as consist-ent with each other; but subject to the provisions of this Article on parol or extrinsic evidence (RCW 62A.2-202) negation or limitation is inoperative to the extent that such construction is unreasonable.

(2) Subject to subsection (3) of this section, to exclude or modify the implied warranty of merchantability or any part of it the language must mention merchantability and in case of a writing must be conspicuous, and to exclude or modify any implied warranty of fitness the exclusion must be by a writing and conspicuous. Language to exclude all implied warranties of fitness is sufficient if it states, for example, that "There are no warranties which extend beyond the description on the face hereof."

(3) Notwithstanding subsection (2) of this section:
(a) Unless the circumstances indicate otherwise, all implied warranties are excluded by expressions like "as is," "with all faults," or other language which in common understanding calls the buyer's attention to the exclusion of warranties and makes plain that there is no implied warranty; and
(b) When the buyer before entering into the contract has examined the goods or the sample or model as fully as he or she desired or has refused to examine the goods there is no implied warranty with regard to defects which an examination ought in the circumstances to have revealed to him or her;
(c) An implied warranty can also be excluded or modified by course of dealing or course of performance or usage of trade; and
(d) In sales of livestock, including but not limited to, horses, mules, cattle, sheep, swine, goats, poultry, and rabbits, there are no implied warranties as defined in this article that the livestock are free from sickness or disease: PROVIDED, That the seller has complied with all state and federal laws and regulations that apply to animal health and disease, and the seller is not guilty of fraud, deceit, or misrepresenta-tion.

(4) Notwithstanding the provisions of subsections (2) and (3) of this section and the provisions of RCW 62A.2-719, as now or hereafter amended, in any case where goods are purchased primarily for personal, family, or household use and not for commercial or business use, disclaimers of the warranty of merchantability or fitness for particular purpose shall not be effective to limit the liability of merchant sellers except insofar as the disclaimer sets forth with particularity the qualities and characteristics which are not being warranted. Remedies for breach of warranty can be limited in accordance with the provisions of this Article on liquidation or limitation of damages and on contractual modification of remedy (RCW 62A.2-718 and RCW 62A.2-719). [2013 c 23 § 134; 1982 c 199 § 1; 1974 ex.s. c 180 § 1; 1974 ex.s. c 78 § 1; 1965 ex.s. c 157 § 2-316. Subd. (3)(b) cf. former RCW 63.04.160(3); 1925 ex.s. c 142 § 15; RRS § 5836-15. Subd. (3)(c) cf. former RCW 63.04.720; 1925 ex.s. c 142 § 71; RRS § 5836-71.]

62A.2-318 Third-party beneficiaries of warranties express or implied. A seller’s warranty whether express or implied extends to any natural person who is in the family or household of his or her buyer or who is a guest in his or her home if it is reasonable to expect that such person may use, consume, or be affected by the goods and who is injured in person by breach of the warranty. A seller may not exclude or limit the operation of this section. [2013 c 23 § 135; 1965 ex.s. c 157 § 2-318.]

62A.2-319 F.O.B. and F.A.S. terms. (1) Unless other-wise agreed, the term F.O.B. (which means "free on board") at a named place, even though used only in connection with the stated price, is a delivery term under which:
(a) When the term is F.O.B. the place of shipment, the seller must at that place ship the goods in the manner provided in this article (RCW 62A.2-504) and bear the expense and risk of putting them into the possession of the carrier; or
(b) When the term is F.O.B. the place of destination, the seller must at his or her own expense and risk transport the goods to that place and there tender delivery of them in the manner provided in this Article (RCW 62A.2-503);
(c) When under either (a) or (b) of this subsection the term is also F.O.B. vessel, car, or other vehicle, the seller must in addition at his or her own expense and risk load the goods on board. If the term is F.O.B. vessel, the buyer must name the vessel and in an appropriate case the seller must comply with the provisions of this Article on the form of bill of lading (RCW 62A.2-323).

(2) Unless otherwise agreed the term F.A.S. vessel (which means "free alongside") at a named port, even though used only in connection with the stated price, is a delivery term under which the seller must:
(a) At his or her own expense and risk deliver the goods alongside the vessel in the manner usual in that port or on a dock designated and provided by the buyer; and
(b) Obtain and tender a receipt for the goods in exchange for which the carrier is under a duty to issue a bill of lading.

(3) Unless otherwise agreed, in any case falling within subsection (1)(a) or (c) or (2) of this section, the buyer must seasonably give any needed instructions for making delivery, including when the term is F.A.S. or F.O.B. the loading berth of the vessel and in an appropriate case its name and sailing date. The seller may treat the failure of needed instructions as a failure of cooperation under this Article (RCW 62A.2-311). He or she may also at his or her option move the goods in any reasonable manner preparatory to delivery or shipment.

(4) Under the term F.O.B. vessel or F.A.S., unless other-wise agreed, the buyer must make payment against tender of the required documents and the seller may not tender nor the buyer demand delivery of the goods in substitution for the documents. [2013 c 23 § 136; 1965 ex.s. c 157 § 2-319.]

62A.2-320 C.I.F. and C.&F. terms. (1) The term C.I.F. means that the price includes in a lump sum the cost of the goods and the insurance and freight to the named destination. The term C.&F. or C.F. means that the price so includes cost and freight to the named destination.

(2) Unless otherwise agreed and even though used only in connection with the stated price and destination, the term C.I.F. destination or its equivalent requires the seller at his or her own expense and risk to:
(a) Put the goods into the possession of a carrier at the port for shipment and obtain a negotiable bill or bills of lading covering the entire transportation to the named destination; and

(b) Load the goods and obtain a receipt from the carrier (which may be contained in the bill of lading) showing that the freight has been paid or provided for; and

(c) Obtain a policy or certificate of insurance, including any war risk insurance, of a kind and on terms then current at the port of shipment in the usual amount, in the currency of the contract, shown to cover the same goods covered by the bill of lading and providing for payment of loss to the order of the buyer or for the account of whom it may concern; but the seller may add to the price the amount of the premium for any such war risk insurance; and

(d) Prepare an invoice of the goods and procure any other documents required to effect shipment or to comply with the contract; and

(e) Forward and tender with commercial promptness all the documents in due form and with any indorsement necessary to perfect the buyer's rights.

(3) Unless otherwise agreed, the term C.&F. or its equivalent has the same effect and imposes upon the seller the same obligations and risks as a C.I.F. term except the obligation as to insurance.

(4) Under the term C.I.F. or C.&F., unless otherwise agreed, the buyer must make payment against tender of the required documents and the seller may not tender nor the buyer demand delivery of the goods in substitution for the documents. [2013 c 23 § 137; 1965 ex.s. c 157 § 2-320.]

62A.2-324 "No arrival, no sale" term. Under a term "no arrival, no sale" or terms of like meaning, unless otherwise agreed:

(a) The seller must properly ship conforming goods and if they arrive by any means he or she must tender them on arrival but he or she assumes no obligation that the goods will arrive unless he or she has caused the nonarrival; and

(b) Where without fault of the seller the goods are in part lost or have so deteriorated as no longer to conform to the contract or arrive after the contract time, the buyer may proceed as if there had been casualty to identified goods (RCW 62A.2-613). [2013 c 23 § 138; 1965 ex.s. c 157 § 2-324.]

62A.2-325 "Letter of credit" term; "confirmed credit". (1) Failure of the buyer seasonably to furnish an agreed letter of credit is a breach of the contract for sale.

(2) The delivery to seller of a proper letter of credit suspends the buyer's obligation to pay. If the letter of credit is dishonored, the seller may on seasonable notification to the buyer require payment directly from him or her.

(3) Unless otherwise agreed, the term "letter of credit" or "banker's credit" in a contract for sale means an irrevocable credit issued by a financing agency of good repute and, where the shipment is overseas, of good international repute. The term "confirmed credit" means that the credit must also carry the direct obligation of such an agency which does business in the seller's financial market. [2013 c 23 § 139; 1965 ex.s. c 157 § 2-325.]

62A.2-328 Sale by auction. (1) In a sale by auction if goods are put up in lots each lot is the subject of a separate sale.

(2) A sale by auction is complete when the auctioneer so announces by the fall of the hammer or in other customary manner. Where a bid is made while the hammer is falling in acceptance of a prior bid the auctioneer may in his or her discretion reopen the bidding or declare the goods sold under the bid on which the hammer was falling.

(3) Such a sale is with reserve unless the goods are in explicit terms put up without reserve. In an auction without reserve, the auctioneer may withdraw the goods at any time until he or she announces completion of the sale. In an auction without reserve, after the auctioneer calls for bids on an article or lot, that article or lot cannot be withdrawn unless no bid is made within a reasonable time. In either case a bidder may retract his or her bid until the auctioneer's announcement of completion of the sale, but a bidder's retraction does not revive any previous bid.

(4) If the auctioneer knowingly receives a bid on the seller's behalf or the seller makes or procures such a bid, and notice has not been given that liberty for such bidding is reserved, the buyer may at his or her option avoid the sale or take the goods at the price of the last good faith bid prior to the completion of the sale. This subsection shall not apply to any bid at a forced sale. [2013 c 23 § 140; 1965 ex.s. c 157 § 2-328. Cf. former RCW 63.04.220; 1925 ex.s. c 142 § 21; RRS § 5836-21.]

62A.2-402 Rights of seller's creditors against sold goods. (1) Except as provided in subsections (2) and (3) of this section, rights of unsecured creditors of the seller with respect to goods which have been identified to a contract for sale are subject to the buyer's rights to recover the goods under this Article (RCW 62A.2-502 and RCW 62A.2-716).

(2) A creditor of the seller may treat a sale or an identification of goods to a contract for sale as void if as against him or her a retention of possession by the seller is fraudulent under any rule of law of the state where the goods are situated, except that retention of possession in good faith and current course of trade by a merchant-seller for a commercially reasonable time after a sale or identification is not fraudulent.

(3) Nothing in this Article shall be deemed to impair the rights of creditors of the seller:

(a) Under the provisions of the Article on Secured Transactions (Article 9A); or

(b) Where identification to the contract or delivery is made not in current course of trade but in satisfaction of or as security for a preexisting claim for money, security, or the like and is made under circumstances which under any rule of law of the state where the goods are situated would apart from this Article constitute the transaction a fraudulent transfer or voidable preference. [2013 c 23 § 141; 1965 ex.s. c 157 § 2-402. Subd. (2) cf. former RCW sections: (i) RCW 63.04.270; 1925 ex.s. c 142 § 26; RRS § 5836-26. Sales

62A.2-501 Insurable interest in goods; manner of identification of goods. (1) The buyer obtains a special property and an insurable interest in goods by identification of existing goods as goods to which the contract refers even though the goods so identified are nonconforming and he or she has an option to return or reject them. Such identification can be made at any time and in any manner explicitly agreed to by the parties. In the absence of explicit agreement, identification occurs:

(a) When the contract is made if it is for the sale of goods already existing and identified;

(b) If the contract is for the sale of future goods other than those described in (c) of this subsection, when goods are shipped, marked, or otherwise designated by the seller as goods to which the contract refers;

(c) When the crops are planted or otherwise become growing crops or the young are conceived if the contract is for the sale of unborn young to be born within twelve months after contracting or for the sale of crops to be harvested within twelve months or the next normal harvest season after contracting whichever is longer.

(2) The seller retains an insurable interest in goods so long as title to or any security interest in the goods remains in him or her and where the identification is by the seller alone he or she may until default or insolvency or notification to the buyer that the identification is final substitute other goods for those identified.

(3) Nothing in this section impairs any insurable interest recognized under any other statute or rule of law. [2013 c 23 § 142; 1965 ex.s. c 157 § 2-501. Cf. former RCW sections: (i) RCW 63.04.180; 1925 ex.s. c 142 § 17; RRS § 5836-17. (ii) RCW 63.04.200; 1925 ex.s. c 142 § 19; RRS § 5836-19.]

62A.2-502 Buyer’s right to goods on seller’s insolvency. (1) Subject to subsections (2) and (3) of this section and even though the goods have not been shipped, a buyer who has paid a part or all of the price of goods in which he or she has a special property under the provisions of the immediately preceding section may on making and keeping good a tender of any unpaid portion of their price recover them from the seller if:

(a) In the case of goods bought for personal, family, or household purposes, the seller repudiates or fails to deliver as required by the contract; or

(b) In all cases, the seller becomes insolvent within ten days after receipt of the first installment on their price.

(2) The buyer’s right to recover the goods under subsection (1)(a) of this section vests upon acquisition of a special property, even if the seller had not then repudiated or failed to deliver.

(3) If the identification creating his or her special property has been made by the buyer, he or she acquires the right to recover the goods only if they conform to the contract for sale. [2013 c 23 § 143; 2000 c 250 § 9A-806; 1965 ex.s. c 157 § 2-502. Cf. former RCW sections: RCW 63.04.180 through 63.04.200; 1925 ex.s. c 142 §§ 17 through 19; RRS §§ 5836-17 through 5836-19.]

62A.2-504 Shipment by seller. Where the seller is required or authorized to send the goods to the buyer and the contract does not require him or her to deliver them at a particular destination, then unless otherwise agreed he or she must:

(a) Put the goods in the possession of such a carrier and make such a contract for their transportation as may be reasonable having regard to the nature of the goods and other circumstances of the case; and

(b) Obtain and promptly deliver or tender in due form any document necessary to enable the buyer to obtain possession of the goods or otherwise required by the agreement or by usage of trade; and

(c) Promptly notify the buyer of the shipment. Failure to notify the buyer under this subsection or to make a proper contract under subsection (a) of this section is a ground for rejection only if material delay or loss ensues. [2013 c 23 § 144; 1965 ex.s. c 157 § 2-504. Cf. former RCW 63.04.470; 1925 ex.s. c 142 § 46; RRS § 5836-46.]

62A.2-507 Effect of seller’s tender; delivery on condition. (1) Tender of delivery is a condition to the buyer’s duty to accept the goods and, unless otherwise agreed, to his or her duty to pay for them. Tender entitles the seller to acceptance of the goods and to payment according to the contract.

(2) Where payment is due and demanded on the delivery to the buyer of goods or documents of title, his or her right as against the seller to retain or dispose of them is conditional upon his or her making the payment due. [2013 c 23 § 145; 1965 ex.s. c 157 § 2-507. Cf. former RCW sections: (i) RCW 63.04.120; 1925 ex.s. c 142 § 11; RRS § 5836-11. (ii) RCW 63.04.420; 1925 ex.s. c 142 § 41; RRS § 5836-41. (iii) RCW 63.04.430; 1925 ex.s. c 142 § 42; RRS § 5836-42. (iv) RCW 63.04.700; 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-508 Cure by seller of improper tender or delivery; replacement. (1) Where any tender or delivery by the seller is rejected because nonconforming and the time for performance has not yet expired, the seller may seasonably notify the buyer of his or her intention to cure and may then within the contract time make a conforming delivery.

(2) Where the buyer rejects a nonconforming tender which the seller had reasonable grounds to believe would be acceptable with or without money allowance, the seller may if he or she seasonably notifies the buyer have a further reasonable time to substitute a conforming tender. [2013 c 23 § 146; 1965 ex.s. c 157 § 2-508.]

62A.2-510 Effect of breach on risk of loss. (1) Where a tender or delivery of goods so fails to conform to the contract as to give a right of rejection, the risk of their loss remains on the seller until cure or acceptance.

(2) Where the buyer rightfully revokes acceptance, he or she may to the extent of any deficiency in his or her effective insurance coverage treat the risk of loss as having rested on the seller from the beginning.

(3) Where the buyer as to conforming goods already identified to the contract for sale repudiates or is otherwise in breach before risk of their loss has passed to him or her, the seller may to the extent of any deficiency in his or her effective insurance coverage treat the risk of loss as resting on the

[2013 RCW Supp—page 673]
buyer for a commercially reasonable time. [2013 c 23 § 147; 1965 ex.s. c 157 § 2-510.]

62A.2-602 Manner and effect of rightful rejection. (1) Rejection of goods must be within a reasonable time after their delivery or tender. It is ineffective unless the buyer seasonably notifies the seller.

(2) Subject to the provisions of the two following sections on rejected goods (RCW 62A.2-603 and RCW 62A.2-604):

(a) After rejection, any exercise of ownership by the buyer with respect to any commercial unit is wrongful as against the seller; and

(b) If the buyer has before rejection taken physical possession of goods in which he or she does not have a security interest under the provisions of this Article (RCW 62A.2-711(3)), he or she is under a duty after rejection to hold them with reasonable care at the seller’s disposition for a time sufficient to permit the seller to remove them; but

(c) The buyer has no further obligations with regard to goods rightfully rejected.

(3) The seller’s rights with respect to goods wrongfully rejected are governed by the provisions of this Article on seller’s remedies in general (RCW 62A.2-703). [2013 c 23 § 148; 1965 ex.s. c 157 § 2-602. Cf. former RCW sections: (i) RCW 63.04.090; 1925 ex.s. c 142 § 8; RRS § 5836-8. (ii) RCW 63.04.510; 1925 ex.s. c 142 § 50; RRS § 5836-50.]

62A.2-603 Merchant buyer’s duties as to rightfully rejected goods. (1) Subject to any security interest in the buyer (RCW 62A.2-711(3)), when the seller has no agent or place of business at the market of rejection a merchant buyer is under a duty after rejection of goods in his or her possession or control to follow any reasonable instructions received from the seller with respect to the goods and in the absence of such instructions to make reasonable efforts to sell them for the seller’s account if they are perishable or threaten to decline in value speedily. Instructions are not reasonable if on demand indemnity for expenses is not forthcoming.

(2) When the buyer sells goods under subsection (1) of this section, he or she is entitled to reimbursement from the seller or out of the proceeds for reasonable expenses of caring for and selling them, and if the expenses include no selling commission then to such commission as is usual in the trade or if there is none to a reasonable sum not exceeding ten percent on the gross proceeds.

(3) In complying with this section, the buyer is held only to good faith and good faith conduct hereunder is neither acceptance nor conversion nor reversal of an action for damages. [2013 c 23 § 149; 1965 ex.s. c 157 § 2-603.]

62A.2-604 Buyer’s options as to salvage of rightfully rejected goods. Subject to the provisions of the immediately preceding section on perishables, if the seller gives no instructions within a reasonable time after notification of rejection, the buyer may store the rejected goods for the seller’s account or reship them to him or her or resell them for the seller’s account with reimbursement as provided in the preceding section. Such action is not acceptance or conversion. [2013 c 23 § 150; 1965 ex.s. c 157 § 2-604.]

62A.2-606 What constitutes acceptance of goods. (1) Acceptance of goods occurs when the buyer:

(a) After a reasonable opportunity to inspect the goods signifies to the seller that the goods are conforming or that he or she will take or retain them in spite of their nonconformity; or

(b) Fails to make an effective rejection (RCW 62A.2-602(1)), but such acceptance does not occur until the buyer has had a reasonable opportunity to inspect them; or

(c) Does any act inconsistent with the seller’s ownership; but if such act is wrongful as against the seller it is an acceptance only if ratified by him or her.

(2) Acceptance of a part of any commercial unit is acceptance of that entire unit. [2013 c 23 § 151; 1965 ex.s. c 157 § 2-606. Cf. former RCW sections: (i) RCW 63.04.480(1); 1925 ex.s. c 142 § 47; RRS § 5836-47. (ii) RCW 63.04.490; 1925 ex.s. c 142 § 48; RRS § 5836-48.]

62A.2-607 Effect of acceptance; notice of breach; burden of establishing breach after acceptance; notice of claim or litigation to person answerable over. (1) The buyer must pay at the contract rate for any goods accepted.

(2) Acceptance of goods by the buyer precludes rejection of the goods accepted and if made with knowledge of a nonconformity cannot be revoked because of it unless the acceptance was on the reasonable assumption that the nonconformity would be seasonably cured but acceptance does not of itself impair any other remedy provided by this Article for nonconformity.

(3) Where a tender has been accepted:

(a) The buyer must within a reasonable time after he or she discovers or should have discovered any breach notify the seller of breach or be barred from any remedy; and

(b) If the claim is one for infringement or the like (RCW 62A.2-312(3)) and the buyer is sued as a result of such a breach, he or she must so notify the seller within a reasonable time after he or she receives notice of the litigation or be barred from any remedy over for liability established by the litigation.

(4) The burden is on the buyer to establish any breach with respect to the goods accepted.

(5) Where the buyer is sued for breach of a warranty or other obligation for which his or her seller is answerable over:

(a) He or she may give his or her seller written notice of the litigation. If the notice states that the seller may come in and defend and that if the seller does not do so he or she will be bound in any action against him or her by his or her buyer by any determination of fact common to the two litigations, then unless the seller after reasonable receipt of the notice does come in and defend he or she is so bound.

(b) If the claim is one for infringement or the like (RCW 62A.2-312(3)), the original seller may demand in writing that his or her buyer turn over to him or her control of the litigation including settlement or else be barred from any remedy over and if he or she also agrees to bear all expense and to satisfy any adverse judgment, then unless the buyer after reasonable receipt of the demand does turn over control the buyer is so barred.

(6) The provisions of subsections (3), (4), and (5) of this section apply to any obligation of a buyer to hold the seller
harmless against infringement or the like (RCW 62A.2-312(3)). [2013 c 23 § 152; 1965 ex.s. c 157 § 2-607. Subd. (1) cf. former RCW 63.04.420; 1925 ex.s. c 142 § 41; RRS § 5836-41. Subd. (2), (3) cf. former RCW sections: (i) RCW 63.04.500; 1925 ex.s. c 142 § 49; RRS § 5836-49. (ii) RCW 63.04.700; 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-608 Revocation of acceptance in whole or in part. (1) The buyer may revoke his or her acceptance of a lot or commercial unit whose nonconformity substantially impairs its value to him or her if he or she has accepted it:

(a) On the reasonable assumption that its nonconformity would be cured and it has not been seasonably cured; or

(b) Without discovery of such nonconformity if his or her acceptance was reasonably induced either by the difficulty of discovery before acceptance or by the seller’s assurances.

(2) Revocation of acceptance must occur within a reasonable time after the buyer discovers or should have discovered the ground for it and before any substantial change in condition of the goods which is not caused by their own defects. It is not effective until the buyer notifies the seller of it.

(3) A buyer who so revokes has the same rights and duties with regard to the goods involved as if he or she had rejected them. [2013 c 23 § 153; 1965 ex.s. c 157 § 2-608. Cf. former RCW 63.04.700 (1)(d), (3), (4), (5); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-609 Right to adequate assurance of performance. (1) A contract for sale imposes an obligation on each party that the other’s expectation of receiving due performance will not be impaired. When reasonable grounds for insecurity arise with respect to the performance of either party the other may in writing demand adequate assurance of due performance and until he or she receives such assurance may if commercially reasonable suspend any performance for which he or she has not already received the agreed return.

(2) Between merchants, the reasonableness of grounds for insecurity and the adequacy of any assurance offered shall be determined according to commercial standards.

(3) Acceptance of any improper delivery or payment does not prejudice the aggrieved party’s right to demand adequate assurance of future performance.

(4) After receipt of a justified demand, failure to provide within a reasonable time not exceeding thirty days such assurance of due performance as is adequate under the circumstances of the particular case is a repudiation of the contract. [2013 c 23 § 154; 1965 ex.s. c 157 § 2-609. Cf. former RCW sections: (i) RCW 63.04.540; 1925 ex.s. c 142 § 53; RRS § 5836-53. (ii) RCW 63.04.550(1)(b); 1925 ex.s. c 142 § 54; RRS § 5836-54. (iii) RCW 63.04.560; 1925 ex.s. c 142 § 55; RRS § 5836-55. (iv) RCW 63.04.640(2); 1925 ex.s. c 142 § 63; RRS § 5836-63.]

62A.2-610 Anticipatory repudiation. When either party repudiates the contract with respect to a performance not yet due the loss of which will substantially impair the value of the contract to the other, the aggrieved party may:

(a) For a commercially reasonable time await performance by the repudiating party; or

(b) Resort to any remedy for breach (RCW 62A.2-703 or 62A.2-711), even though he or she has notified the repudiating party that he or she would await the latter’s performance and has urged retraction; and

(c) In either case suspend his or her own performance or proceed in accordance with the provisions of this Article on the seller’s right to identify goods to the contract notwithstanding breach or to salvage unfinished goods (RCW 62A.2-704). [2013 c 23 § 155; 1965 ex.s. c 157 § 2-610. Cf. former RCW section: (i) RCW 63.04.640(2); 1925 ex.s. c 142 § 63; RRS § 5836-63. (ii) RCW 63.04.660; 1925 ex.s. c 142 § 65; RRS § 5836-65.]

62A.2-611 Retraction of anticipatory repudiation. (1) Until the repudiating party’s next performance is due, he or she can retract his or her repudiation unless the aggrieved party has since the repudiation canceled or materially changed his or her position or otherwise indicated that he or she considers the repudiation final.

(2) Retraction may be by any method which clearly indicates to the aggrieved party that the repudiating party intends to perform, but must include any assurance justifiably demanded under the provisions of this Article (RCW 62A.2-609).

(3) Retraction reinstates the repudiating party’s rights under the contract with due excuse and allowance to the aggrieved party for any delay occasioned by the repudiation. [2013 c 23 § 156; 1965 ex.s. c 157 § 2-611.]

62A.2-612 "Installment contract"; breach. (1) An "installment contract" is one which requires or authorizes the delivery of goods in separate lots to be separately accepted, even though the contract contains a clause "each delivery is a separate contract" or its equivalent.

(2) The buyer may reject any installment which is nonconforming if the nonconformity substantially impairs the value of that installment and cannot be cured or if the nonconformity is a defect in the required documents; but if the nonconformity does not fall within subsection (3) of this section the seller gives adequate assurance of its cure, the buyer must accept that installment.

(3) Whenever nonconformity or default with respect to one or more installments substantially impairs the value of the whole contract there is a breach of the whole. But the aggrieved party reinstates the contract if he or she accepts a nonconforming installment without seasonably notifying of cancellation or if he or she brings an action with respect only to past installments or demands performance as to future installments. [2013 c 23 § 157; 1965 ex.s. c 157 § 2-612. Cf. former RCW 63.04.460(2); 1925 ex.s. c 142 § 45; RRS § 5836-45.]

62A.2-613 Casualty to identified goods. Where the contract requires for its performance goods identified when the contract is made, and the goods suffer casualty without fault of either party before the risk of loss passes to the buyer, or in a proper case under a "no arrival, no sale" term (RCW 62A.2-324) then:

(a) If the loss is total, the contract is avoided; and
62A.2-615 Excuse by failure of presupposed conditions. Except so far as a seller may have assumed a greater obligation and subject to the preceding section on substituted performance:

(a) Delay in delivery or nondelivery in whole or in part by a seller who complies with subsections (b) and (c) of this section is not a breach of his or her duty under a contract for sale if performance as agreed has been made impracticable by the occurrence of a contingency the nonoccurrence of which was a basic assumption on which the contract was made or by compliance in good faith with any applicable foreign or domestic governmental regulation or order whether or not it later proves to be invalid.

(b) Where the causes mentioned in subsection (a) of this section affect only a part of the seller’s capacity to perform, he or she must allocate production and deliveries among his or her customers but may at his or her option include regular customers not then under contract as well as his or her own requirements for further manufacture. He or she may so allocate in any manner which is fair and reasonable.

(c) The seller must notify the buyer seasonably that there will be delay or nondelivery and, when allocation is required under subsection (b) of this section, of the estimated quota thus made available for the buyer. [2013 c 23 § 159; 1965 ex.s. c 157 § 2-615.]

62A.2-616 Procedure on notice claiming excuse. (1) Where the buyer receives notification of a material or indefinite delay or an allocation justified under the preceding section, he or she may by written notification to the seller as to any delivery concerned, and where the prospective deficiency substantially impairs the value of the whole contract under the provisions of this Article relating to breach of installment contracts (RCW 62A.2-612), then also as to the whole:

(a) Terminate and thereby discharge any unexecuted portion of the contract; or

(b) Modify the contract by agreement to take his or her available quota in substitution.

(2) If after receipt of such notification from the seller the buyer fails so to modify the contract within a reasonable time not exceeding thirty days, the contract lapses with respect to any deliveries affected. [2013 c 23 § 160; 1965 ex.s. c 157 § 2-616.]

62A.2-702 Seller’s remedies on discovery of buyer’s insolvency. (1) Where the seller discovers the buyer to be insolvent, he or she may refuse delivery except for cash including payment for all goods theretofore delivered under the contract, and stop delivery under this Article (RCW 62A.2-705).

(2) Where the seller discovers that the buyer has received goods on credit while insolvent, he or she may reclaim the goods upon demand made within ten days after the receipt, but if misrepresentation of solvency has been made to the particular seller in writing within three months before delivery the ten-day limitation does not apply. Except as provided in this subsection, the seller may not base a right to reclaim goods on the buyer’s fraudulent or innocent misrepresentation of solvency or of intent to pay.

(3) The seller’s right to reclaim under subsection (2) of this section is subject to the rights of a buyer in ordinary course or other good faith purchaser under this Article (RCW 62A.2-403). Successful reclamation of goods excludes all other remedies with respect to them. [2013 c 23 § 161; 1981 c 41 § 4; 1965 ex.s. c 157 § 2-702. Subd. 62A.2-704 Seller’s right to identify goods to the contract notwithstanding breach or to salvage unfinished goods. (1) An aggrieved seller under the preceding section may:

(a) Identify to the contract conforming goods not already identified if at the time he or she learned of the breach they are in his or her possession or control;

(b) Treat as the subject of resale goods which have demonstrably been intended for the particular contract even though those goods are unfinished.

(2) Where the goods are unfinished, an aggrieved seller may in the exercise of reasonable commercial judgment for the purposes of avoiding loss and of effective realization either complete the manufacture and wholly identify the goods to the contract or cease manufacture and resell for scrap or salvage value or proceed in any other reasonable manner. [2013 c 23 § 162; 1965 ex.s. c 157 § 2-704. Cf. former RCW sections: (i) RCW 63.04.640(3); 1925 ex.s. c 142 § 63; RRS § 5836-63. (ii) RCW 63.04.650(4); 1925 ex.s. c 142 § 64; RRS § 5836-64.]

62A.2-706 Seller’s resale including contract for resale. (1) Under the conditions stated in RCW 62A.2-703 on seller’s remedies, the seller may resell the goods concerned or the undelivered balance thereof. Where the resale is made in good faith and in a commercially reasonable manner, the seller may recover the difference between the resale price and the contract price together with any incidental damages allowed under the provisions of this Article (RCW 62A.2-710), but less expenses saved in consequence of the buyer’s breach.

(2) Except as otherwise provided in subsection (3) of this section or unless otherwise agreed, resale may be at public or private sale including sale by way of one or more contracts to sell or of identification to an existing contract of the seller.
Sale may be as a unit or in parcels and at any time and place and on any terms but every aspect of the sale including the method, manner, time, place, and terms must be commercially reasonable. The resale must be reasonably identified as referring to the broken contract, but it is not necessary that the goods be in existence or that any or all of them have been identified to the contract before the breach.

(3) Where the resale is at private sale, the seller must give the buyer reasonable notice of his or her intention to resell.

(4) Where the resale is at public sale:
   (a) Only identified goods can be sold except where there is a recognized market for a public sale of futures in goods of the kind; and
   (b) It must be made at a usual place or market for public sale if one is reasonably available and except in the case of goods which are perishable or threaten to decline in value speedily the seller must give the buyer reasonable notice of the time and place of the resale; and
   (c) If the goods are not to be within the view of those attending the sale the notification of sale must state the place where the goods are located and provide for their reasonable inspection by prospective bidders; and
   (d) The seller may buy.

(5) A purchaser who buys in good faith at a resale takes the goods free of any rights of the original buyer even though the seller fails to comply with one or more of the requirements of this section.

(6) The seller is not accountable to the buyer for any profit made on any resale. A person in the position of a seller (RCW 62A.2-707) or a buyer who has rightfully rejected or justifiably revoked acceptance must account for any excess over the amount of his or her security interest, as hereinafter defined (RCW 62A.2-711(3)). [2013 c 23 § 163; 1965 ex.s. c 157 § 2-706. Cf. former RCW 63.04.610; 1925 ex.s. c 142 § 60; RRS § 5836-60.]

62A.2-707 "Person in the position of a seller". (1) A "person in the position of a seller" includes as against a principal an agent who has paid or become responsible for the price of goods on behalf of his or her principal or anyone who otherwise holds a security interest or other right in goods similar to that of a seller.

(2) A person in the position of a seller may as provided in this Article withhold or stop delivery (RCW 62A.2-705) and resell (RCW 62A.2-706) and recover incidental damages (RCW 62A.2-710). [2013 c 23 § 164; 1965 ex.s. c 157 § 2-707. Cf. former RCW 63.04.530(2); 1925 ex.s. c 142 § 52; RRS § 5836-52.]

62A.2-709 Action for the price. (1) When the buyer fails to pay the price as it becomes due, the seller may recover, together with any incidental damages under the next section, the price:
   (a) Of goods accepted or of conforming goods lost or damaged within a commercially reasonable time after risk of their loss has passed to the buyer; and
   (b) Of goods identified to the contract if the seller is unable after reasonable effort to resell them at a reasonable price or the circumstances reasonably indicate that such effort will be unavailing.

(2) Where the seller sues for the price, he or she must hold for the buyer any goods which have been identified to the contract and are still in his or her control except that if resale becomes possible he or she may resell them at any time prior to the collection of the judgment. The net proceeds of any such resale must be credited to the buyer and payment of the judgment entitles him or her to any goods not resold.

(3) After the buyer has wrongfully rejected or revoked acceptance of the goods or has failed to make a payment due or has repudiated (RCW 62A.2-610), a seller who is held not entitled to the price under this section shall nevertheless be awarded damages for nonacceptance under the preceding section. [2013 c 23 § 165; 1965 ex.s. c 157 § 2-709. Cf. former RCW 63.04.640; 1925 ex.s. c 142 § 63; RRS § 5836-63.]

62A.2-711 Buyer’s remedies in general; buyer’s security interest in rejected goods. (1) Where the seller fails to make delivery or repudiates or the buyer rightfully rejects or justifiably revokes acceptance, then with respect to any goods involved, and with respect to the whole if the breach goes to the whole contract (RCW 62A.2-612), the buyer may cancel and whether or not he or she has done so may in addition to recovering so much of the price as has been paid:
   (a) "Cover" and have damages under the next section as to all the goods affected whether or not they have been identified to the contract; or
   (b) Recover damages for nondelivery as provided in this Article (RCW 62A.2-713).

(2) Where the seller fails to deliver or repudiates, the buyer may also:
   (a) If the goods have been identified recover them as provided in this Article (RCW 62A.2-502); or
   (b) In a proper case obtain specific performance or replevy the goods as provided in this Article (RCW 62A.2-716).

(3) On rightful rejection or justifiable revocation of acceptance, a buyer has a security interest in goods in his or her possession or control for any payments made on their price and any expenses reasonably incurred in their inspection, receipt, transportation, care, and custody and may hold such goods and resell them in like manner as an aggrieved seller (RCW 62A.2-706). [2013 c 23 § 166; 1965 ex.s. c 157 § 2-711. Subd. (3) cf. former RCW 63.04.700(5); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-712 "Cover"; buyer’s procurement of substitute goods. (1) After a breach within the preceding section, the buyer may "cover" by making in good faith and without unreasonable delay any reasonable purchase of or contract to purchase goods in substitution for those due from the seller.

(2) The buyer may recover from the seller as damages the difference between the cost of cover and the contract price together with any incidental or consequential damages as hereinafter defined (RCW 62A.2-715), but less expenses saved in consequence of the seller’s breach.

[2013 RCW Supp—page 677]
(3) Failure of the buyer to effect cover within this section does not bar him or her from any other remedy. [2013 c 23 § 167; 1965 ex.s. c 157 § 2-712.]

62A.2-714 Buyer’s damages for breach in regard to accepted goods. (1) Where the buyer has accepted goods and given notification (RCW 62A.2-607(3)), he or she may recover as damages for any nonconformity of tender the loss resulting in the ordinary course of events from the seller’s breach as determined in any manner which is reasonable.

(2) The measure of damages for breach of warranty is the difference at the time and place of acceptance between the value of the goods accepted and the value they would have had if they had been as warranted, unless special circumstances show proximate damages of a different amount.

(3) In a proper case, any incidental and consequential damages under the next section may also be recovered. [2013 c 23 § 168; 1965 ex.s. c 157 § 2-714. Cf. former RCW 63.04.700 (6), (7); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-716 Buyer’s right to specific performance or replevin. (1) Specific performance may be decreed where the goods are unique or in other proper circumstances.

(2) The decree for specific performance may include such terms and conditions as to payment of the price, damages, or other relief as the court may deem just.

(3) The buyer has a right of replevin for goods identified to the contract if after reasonable effort he or she is unable to effect cover for such goods or the circumstances reasonably indicate that such effort will be unavailing or if the goods have been shipped under reservation and satisfaction of the security interest in them has been made or tendered. In the case of goods bought for personal, family, or household purposes, the buyer’s right of replevin vests upon acquisition of a special property, even if the seller had not then repudiated or failed to deliver. [2013 c 23 § 169; 2000 c 250 § 9A-807; 1965 ex.s. c 157 § 2-716. Cf. former RCW 63.04.690; 1925 ex.s. c 142 § 68; RRS § 5836-68.]

62A.2-717 Deduction of damages from the price. The buyer on notifying the seller of his or her intention to do so may deduct all or any part of the damages resulting from any breach of the contract from any part of the price still due under the same contract. [2013 c 23 § 170; 1965 ex.s. c 157 § 2-717. Cf. former RCW 63.04.700(1)(a); 1925 ex.s. c 142 § 69; RRS § 5836-69.]

62A.2-718 Liquidation or limitation of damages; deposits. (1) Damages for breach by either party may be liquidated in the agreement but only at an amount which is reasonable in the light of the anticipated or actual harm caused by the breach, the difficulties of proof of loss, and the inconvenience or nonfeasibility of otherwise obtaining an adequate remedy. A term fixing unreasonably large liquidated damages is void as a penalty.

(2) Where the seller justifiably withholds delivery of goods because of the buyer’s breach, the buyer is entitled to restitution of any amount by which the sum of his or her payments exceeds:

(a) The amount to which the seller is entitled by virtue of terms liquidating the seller’s damages in accordance with subsection (1) of this section, or

(b) In the absence of such terms, twenty per cent of the value of the total performance for which the buyer is obligated under the contract or five hundred dollars, whichever is smaller.

(3) The buyer’s right to restitution under subsection (2) of this section is subject to offset to the extent that the seller establishes:

(a) A right to recover damages under the provisions of this Article other than subsection (1) of this section, and

(b) The amount or value of any benefits received by the buyer directly or indirectly by reason of the contract.

(4) Where a seller has received payment in goods, their reasonable value or the proceeds of their resale shall be treated as payments for the purposes of subsection (2) of this section; but if the seller has notice of the buyer’s breach before reselling goods received in part performance, his or her resale is subject to the conditions laid down in this Article on resale by an aggrieved seller (RCW 62A.2-706). [2013 c 23 § 171; 1965 ex.s. c 157 § 2-718.]

62A.2-722 Who can sue third parties for injury to goods. Where a third party so deals with goods which have been identified to a contract for sale as to cause actionable injury to a party to that contract:

(a) A right of action against the third party is in either party to the contract for sale who has title to or a security interest or a special property or an insurable interest in the goods; and if the goods have been destroyed or converted a right of action is also in the party who either bore the risk of loss under the contract for sale or has since the injury assumed that risk as against the other;

(b) If at the time of the injury the party plaintiff did not bear the risk of loss as against the other party to the contract for sale and there is no arrangement between them for disposition of the recovery, his or her suit or settlement is, subject to his or her own interest, as a fiduciary for the other party to the contract;

(c) Either party may with the consent of the other sue for the benefit of whom it may concern. [2013 c 23 § 172; 1965 ex.s. c 157 § 2-722.]

62A.2-723 Proof of market price: Time and place. (1) If an action based on anticipatory repudiation comes to trial before the time for performance with respect to some or all of the goods, any damages based on market price (RCW 62A.2-708 or 62A.2-713) shall be determined according to the price of such goods prevailing at the time when the aggrieved party learned of the repudiation.

(2) If evidence of a price prevailing at the times or places described in this Article is not readily available, the price prevailing within any reasonable time before or after the time described or at any other place which in commercial judgment or under usage of trade would serve as a reasonable substitute for the one described may be used, making any proper allowance for the cost of transporting the goods to or from such other place.

(3) Evidence of a relevant price prevailing at a time or place other than the one described in this Article offered by
one party is not admissible unless and until he or she has given the other party such notice as the court finds sufficient to prevent unfair surprise. [2013 c 23 § 173; 1965 ex.s. c 157 § 2-723.]

62A.4A-103 Payment order—Definitions. (a) In this Article:
(1) "Payment order" means an instruction of a sender to a receiving bank, transmitted orally, electronically, or in writing, to pay, or to cause another bank to pay, a fixed or determinable amount of money to a beneficiary if:
(i) The instruction does not state a condition to payment to the beneficiary other than time of payment;
(ii) the receiving bank is to be reimbursed by debiting an account of, or otherwise receiving payment from, the sender; and
(iii) The instruction is transmitted by the sender directly to the receiving bank or to an agent, funds-transfer system, or communication system for transmittal to the receiving bank.
(2) "Beneficiary" means the person to be paid by the beneficiary’s bank.
(3) "Beneficiary’s bank" means the bank identified in a payment order in which an account of the beneficiary is to be credited pursuant to the order or which otherwise is to make payment to the beneficiary if the order does not provide for payment to an account.
(4) "Receiving bank" means the bank to which the sender’s instruction is addressed.
(5) "Sender" means the person giving the instruction to the receiving bank.
(b) If an instruction complying with subsection (a)(1) of this section is to make more than one payment to a beneficiary, the instruction is a separate payment order with respect to each payment.
(c) A payment order is issued when it is sent to the receiving bank. [2013 c 118 § 2; 1991 sp.s. c 21 § 4A-103.]

62A.4A-104 Funds transfer—Definitions. In this Article:
(a) "Funds transfer" means the series of transactions, beginning with the originator’s payment order, made for the purpose of making payment to the beneficiary of the order. The term includes any payment order issued by the originator’s bank or an intermediary bank intended to carry out the originator’s payment order. A funds transfer is completed by acceptance by the beneficiary’s bank of a payment order for the benefit of the beneficiary of the originator’s payment order.
(b) "Intermediary bank" means a receiving bank other than the originator’s bank or the beneficiary’s bank.
(c) "Originator" means the sender of the first payment order in a funds transfer.
(d) "Originator’s bank" means (i) the receiving bank to which the payment order of the originator is issued if the originator is not a bank, or (ii) the originator if the originator is a bank. [2013 c 118 § 3; 1991 sp.s. c 21 § 4A-104.]

62A.4A-105 Other definitions. (a) In this Article:
(1) "Authorized account" means a deposit account of a customer in a bank designated by the customer as a source of payment of payment orders issued by the customer to the bank. If a customer does not so designate an account, any account of the customer is an authorized account if payment of a payment order from that account is not inconsistent with a restriction on the use of that account.
(2) "Bank" means a person engaged in the business of banking and includes a savings bank, savings and loan association, credit union, and trust company. A branch or separate office of a bank is a separate bank for purposes of this Article.
(3) "Customer" means a person, including a bank, having an account with a bank or from whom a bank has agreed to receive payment orders.
(4) "Funds-transfer business day" of a receiving bank means the part of a day during which the receiving bank is open for the receipt, processing, and transmittal of payment orders and cancellations and amendments of payment orders.
(5) "Funds-transfer system" means a wire transfer network, automated clearing house, or other communication system of a clearing house or other association of banks through which a payment order by a bank may be transmitted to the bank to which the order is addressed.
(b) Other definitions applying to this Article and the sections in which they appear are:

[2013 RCW Supp—page 679]
62A.4A-106 Time payment order is received. (a) The time of receipt of a payment order or communication canceling or amending a payment order is determined by the rules applicable to receipt of a notice stated in RCW 62A.1-202. A receiving bank may fix a cut-off time or times on a funds-transfer business day for the receipt and processing of payment orders and communications canceling or amending payment orders. Different cut-off times may apply to payment orders, cancellations, or amendments, or to different categories of payment orders, cancellations, or amendments. A cut-off time may apply to senders generally or different cut-off times may apply to different senders or categories of payment orders. If a payment order or communication canceling or amending a payment order is received after the close of a funds-transfer business day or after the appropriate cut-off time on a funds-transfer business day, the receiving bank may treat the payment order or communication as received at the opening of the next funds-transfer business day.

(b) If this Article refers to an execution date or payment date or states a day on which a receiving bank is required to take action, and the date or day does not fall on a funds-transfer business day, the next day that is a funds-transfer business day is treated as the date or day stated, unless the contrary is stated in this Article. [2013 c 118 § 5; 2012 c 214 § 1202; 1991 sp.s. c 21 § 4A-106.]

62A.4A-108 Relationship to electronic fund transfer act. (a) Except as provided in subsection (b) of this section, this Article does not apply to a funds transfer any part of which is governed by the Electronic Fund Transfer Act of 1978 (Title XX, P.L. 95-630, 92 Stat. 3728, 15 U.S.C. Sec. 1693 et seq.).

(b) This Article applies to a funds transfer that is a remittance transfer as defined in the Electronic Fund Transfer Act (15 U.S.C. Sec. 1693a-1), unless the remittance transfer is an electronic fund transfer as defined in the Electronic Fund Transfer Act (15 U.S.C. Sec. 1693a).

(c) In a funds transfer to which this Article applies, in the event of an inconsistency between an applicable provision of this Article and an applicable provision of the Electronic Fund Transfer Act, the provision of the Electronic Fund Transfer Act governs to the extent of the inconsistency. [2013 c 118 § 1; 1991 sp.s. c 21 § 4A-108.]

62A.4A-202 Authorized and verified payment orders. (a) A payment order received by the receiving bank is the authorized order of the person identified as sender if that person authorized the order or is otherwise bound by it under the law of agency.

(b) If a bank and its customer have agreed that the authenticity of payment orders issued to the bank in the name of the customer as sender will be verified pursuant to a security procedure, a payment order received by the receiving bank is effective as the order of the customer, whether or not authorized, if (i) the security procedure is a commercially reasonable method of providing security against unauthorized payment orders, and (ii) the bank proves that it accepted the payment order in good faith and in compliance with the security procedure and any written agreement or instruction of the customer restricting acceptance of payment orders issued in the name of the customer. The bank is not required to follow an instruction that violates a written agreement with the customer or notice of which is not received at a time and in a manner affording the bank a reasonable opportunity to act on it before the payment order is accepted.

(c) Commercial reasonableness of a security procedure is a question of law to be determined by considering the wishes of the customer expressed to the bank, the circumstances of the customer known to the bank, including the size, type, and frequency of payment orders normally issued by the customer to the bank, alternative security procedures offered to the customer, and security procedures in general use by customers and receiving banks similarly situated. A security procedure is deemed to be commercially reasonable if (i) the security procedure was chosen by the customer after the bank offered, and the customer refused, a security procedure that was commercially reasonable for that customer, and (ii) the customer expressly agreed in writing to be bound by any payment order, whether or not authorized, issued in its name, and accepted by the bank in compliance with the security procedure chosen by the customer.

(d) The term "sender" in this Article includes the customer in whose name a payment order is issued if the order is the authorized order of the customer under subsection (a) of this section, or it is effective as the order of the customer under subsection (b) of this section.

[2013 RCW Supp—page 680]
(e) This section applies to amendments and cancellations of payment orders to the same extent it applies to payment orders.

(f) Except as provided in this section and RCW 62A.4A-203(a)(1), rights and obligations arising under this section or RCW 62A.4A-203 may not be varied by agreement. [2013 c 118 § 6; 1991 sp.s. c 21 § 4A-202.]

62A.4A-203 Unenforceability of certain verified payment orders. (a) If an accepted payment order is not, under RCW 62A.4A-202(a), an authorized order of a customer identified as sender, but is effective as an order of the customer pursuant to RCW 62A.4A-202(b), the following rules apply.

(1) By express written agreement, the receiving bank may limit the extent to which it is entitled to enforce or retain payment of the payment order.

(2) The receiving bank is not entitled to enforce or retain payment of the payment order if the customer proves that the order was not caused, directly or indirectly, by a person (i) entrusted at any time with duties to act for the customer with respect to payment orders or the security procedure, or (ii) who obtained access to transmitting facilities of the customer or who obtained, from a source controlled by the customer and without authority of the receiving bank, information facilitating breach of the security procedure, regardless of how the information was obtained or whether the customer was at fault. Information includes any access device, computer software, or the like.

(b) This section applies to amendments of payment orders to the same extent it applies to payment orders. [2013 c 118 § 7; 1991 sp.s. c 21 § 4A-203.]

62A.4A-204 Refund of payment and duty of customer to report with respect to unauthorized payment order. (a) If a receiving bank accepts a payment order issued in the name of its customer as sender which is (i) not authorized and not effective as the order of the customer under RCW 62A.4A-202, or (ii) not enforceable, in whole or in part, against the customer under RCW 62A.4A-203, the bank shall refund any payment of the payment order received from the customer to the extent the bank is not entitled to enforce payment and shall pay interest on the refundable amount calculated from the date the bank received payment to the date of the refund. However, the customer is not entitled to interest from the bank on the amount to be refunded if the customer fails to exercise ordinary care to determine that the order was not authorized by the customer and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the date the customer received notification from the bank that the order was accepted or that the customer’s account was debited with respect to the order. The bank is not entitled to any recovery from the customer on account of a failure by the customer to give notification as stated in this section.

(b) Reasonable time under subsection (a) of this section may be fixed by agreement as stated in RCW 62A.1-302(b), but the obligation of a receiving bank to refund payment as stated in subsection (a) of this section may not otherwise be varied by agreement. [2013 c 118 § 8; 2012 c 214 § 1203; 1991 sp.s. c 21 § 4A-204.]

62A.4A-205 Erroneous payment orders. (a) If an accepted payment order was transmitted pursuant to a security procedure for the detection of error and the payment order (i) erroneously instructed payment to a beneficiary not intended by the sender, (ii) erroneously instructed payment in an amount greater than the amount intended by the sender, or (iii) was an erroneously transmitted duplicate of a payment order previously sent by the sender, the following rules apply:

(1) If the sender proves that the sender or a person acting on behalf of the sender pursuant to RCW 62A.4A-206 complied with the security procedure and that the error would have been detected if the receiving bank had also complied, the sender is not obliged to pay the order to the extent stated in paragraphs (2) and (3) of this subsection.

(2) If the funds transfer is completed on the basis of an erroneous payment order described in clause (i) or (ii) of this subsection (a), the sender is not obliged to pay the order and the receiving bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(3) If the funds transfer is completed on the basis of a payment order described in clause (ii) of this subsection (a), the sender is not obliged to pay the order to the extent the amount received by the beneficiary is greater than the amount intended by the sender. In that case, the receiving bank is entitled to recover from the beneficiary the excess amount received to the extent allowed by the law governing mistake and restitution.

(b) If (i) the sender of an erroneous payment order described in subsection (a) of this section is not obliged to pay all or part of the order, and (ii) the sender receives notification from the receiving bank that the order was accepted by the bank or that the sender’s account was debited with respect to the order, the sender has a duty to exercise ordinary care, on the basis of information available to the sender, to discover the error with respect to the order and to advise the bank of the relevant facts within a reasonable time, not exceeding ninety days, after the bank’s notification was received by the sender. If the bank proves that the sender failed to perform that duty, the sender is liable to the bank for the loss the bank proves it incurred as a result of the failure, but the liability of the sender may not exceed the amount of the sender’s order.

(c) This section applies to amendments to payment orders to the same extent it applies to payment orders. [2013 c 118 § 9; 1991 sp.s. c 21 § 4A-205.]

62A.4A-206 Transmission of payment order through funds-transfer or other communication system. (a) If a payment order addressed to a receiving bank is transmitted to a funds-transfer system or other third-party communication system for transmission to the bank, the system is deemed to be an agent of the sender for the purpose of transmitting the payment order to the bank. If there is a discrepancy between the terms of the payment order transmitted to the system and the terms of the payment order transmitted by the system to the bank, the terms of the payment order of the sender are those

[2013 RCW Supp—page 681]
transmitted by the system. This section does not apply to a funds-transfer system of the federal reserve banks.

(b) This section applies to cancellations and amendments of payment orders to the same extent it applies to payment orders. [2013 c 118 § 10; 1991 sp.s. c 21 § 4A-206.]

62A.4A-207 Misdescription of beneficiary. (a) Subject to subsection (b) of this section, if, in a payment order received by the beneficiary’s bank, the name, bank account number, or other identification of the beneficiary refers to a nonexistent or unidentifiable person or account, no person has rights as a beneficiary of the order and acceptance of the order cannot occur.

(b) If a payment order received by the beneficiary’s bank identifies the beneficiary both by name and by an identifying or bank account number and the name and number identify different persons, the following rules apply:

(1) Except as otherwise provided in subsection (c) of this section, if the beneficiary’s bank does not know that the name and number refer to different persons, it may rely on the number as the proper identification of the beneficiary of the order. The beneficiary’s bank need not determine whether the name and number refer to the same person.

(2) If the beneficiary’s bank pays the person identified by name or knows that the name and number identify different persons, no person has rights as beneficiary except the person paid by the beneficiary’s bank if that person was entitled to receive payment from the originator of the funds transfer. If no person has rights as beneficiary, acceptance of the order cannot occur.

(c) If (i) a payment order described in subsection (b) of this section is accepted, (ii) the originator’s payment order described the beneficiary inconsistently by name and number, and (iii) the beneficiary’s bank pays the person identified by number as permitted by subsection (b)(1) of this section, the following rules apply:

(1) If the originator is a bank, the originator is obliged to pay its order.

(2) If the originator is not a bank and proves that the person identified by number was not entitled to receive payment from the originator, the originator is not obliged to pay its order unless the originator’s bank proves that the originator, before acceptance of the originator’s order, had notice that payment of a payment order issued by the originator might be made by the beneficiary’s bank on the basis of an identifying or bank account number even if it identifies a person different from the named beneficiary. Proof of notice may be made by any admissible evidence. The originator’s bank satisfies the burden of proof if it proves that the originator, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(d) In a case governed by subsection (b)(1) of this section, if the beneficiary’s bank rightfully pays the person identified by number and that person was not entitled to receive payment from the originator, the amount paid may be recovered from that person to the extent allowed by the law governing mistake and restitution as follows:

(1) If the originator is obliged to pay its payment order as stated in subsection (c) of this section, the originator has the right to recover.

62A.4A-208 Misdescription of intermediary bank or beneficiary’s bank. (a) This subsection applies to a payment order identifying an intermediary bank or the beneficiary’s bank only by an identifying number.

(1) The receiving bank may rely on the number as the proper identification of the intermediary or beneficiary’s bank and need not determine whether the number identifies a bank.

(2) The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(b) This subsection applies to a payment order identifying an intermediary bank or the beneficiary’s bank both by name and an identifying number if the name and number identify different persons.

(1) If the sender is a bank, the receiving bank may rely on the number as the proper identification of the intermediary or beneficiary’s bank if the receiving bank, when it executes the sender’s order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person or whether the number refers to a bank. The sender is obliged to compensate the receiving bank for any loss and expenses incurred by the receiving bank as a result of its reliance on the number in executing or attempting to execute the order.

(2) If the sender is not a bank and the receiving bank proves that the sender, before the payment order was accepted, had notice that the receiving bank might rely on the number as the proper identification of the intermediary or beneficiary’s bank even if it identifies a person different from the bank identified by name, the rights and obligations of the sender and the receiving bank are governed by subsection (b)(1) of this section, as though the sender were a bank. Proof of notice may be made by any admissible evidence. The receiving bank satisfies the burden of proof if it proves that the sender, before the payment order was accepted, signed a writing stating the information to which the notice relates.

(3) Regardless of whether the sender is a bank, the receiving bank may rely on the name as the proper identification of the intermediary or beneficiary’s bank if the receiving bank, at the time it executes the sender’s order, does not know that the name and number identify different persons. The receiving bank need not determine whether the name and number refer to the same person.

(4) If the receiving bank knows that the name and number identify different persons, reliance on either the name or the number in executing the sender’s payment order is a breach of the obligation stated in RCW 62A.4A-302(a)(1). [2013 c 118 § 12; 1991 sp.s. c 21 § 4A-208.]

62A.4A-209 Acceptance of payment order. (a) Subject to subsection (d) of this section, a receiving bank other than the beneficiary’s bank accepts a payment order when it executes the order.
(b) Subject to subsections (c) and (d) of this section, a beneficiary’s bank accepts a payment order at the earliest of the following times:

1. When the bank (i) pays the beneficiary as stated in RCW 62A.4A-405 (a) or (b) or (ii) notifies the beneficiary of receipt of the order or that the account of the beneficiary has been credited with respect to the order unless the notice indicates that the bank is rejecting the order or that funds with respect to the order may not be withdrawn or used until receipt of payment from the sender of the order;

2. When the bank receives payment of the entire amount of the sender’s order pursuant to RCW 62A.4A-403(a) (1) or (2); or

3. The opening of the next funds-transfer business day of the bank following the payment date of the order if, at that time, the amount of the sender’s order is fully covered by a withdrawable credit balance in an authorized account of the sender or the bank has otherwise received full payment from the sender, unless the order was rejected before that time or is rejected within (i) one hour after that time, or (ii) one hour after the opening of the next business day of the sender following the payment date if that time is later. If notice of rejection is received by the sender after the payment date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the payment date to the day the sender receives notice or learns that the order was not accepted, counting that day as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest payable is reduced accordingly.

(c) Acceptance of a payment order cannot occur before the order is received by the receiving bank. Acceptance does not occur under subsection (b)(2) or (3) of this section if the beneficiary of the payment order does not have an account with the receiving bank, the account has been closed, or the receiving bank is not permitted by law to receive credits for the beneficiary’s account.

(d) A payment order issued to the originator’s bank cannot be accepted until the payment date if the bank is the beneficiary’s bank, or the execution date if the bank is not the beneficiary’s bank. If the originator’s bank executes the originator’s payment order before the execution date or pays the beneficiary of the originator’s payment order before the payment date and the payment order is subsequently canceled pursuant to RCW 62A.4A-211(b), the bank may recover from the beneficiary any payment received to the extent allowed by the law governing mistake and restitution. [2013 c 118 § 13; 1991 sp.s. c 21 § 4A-209.]

62A.4A-210 Rejection of payment order. (a) A payment order is rejected by the receiving bank by a notice of rejection transmitted to the sender orally, electronically, or in writing. A notice of rejection need not use any particular words and is sufficient if it indicates that the receiving bank is rejecting the order or will not execute or pay the order. Rejection is effective when the notice is given if transmission is by a means that is reasonable in the circumstances. If notice of rejection is given by a means that is not reasonable, rejection is effective when the notice is received. If an agreement of the sender and receiving bank establishes the means to be used to reject a payment order, (i) any means complying with the agreement is reasonable and (ii) any means not complying is not reasonable unless no significant delay in receipt of the notice resulted from the use of the noncomplying means.

(b) This subsection applies if a receiving bank other than the beneficiary’s bank fails to execute a payment order despite the existence on the execution date of a withdrawable credit balance in an authorized account of the sender sufficient to cover the order. If the sender does not receive notice of rejection of the order on the execution date and the authorized account of the sender does not bear interest, the bank is obliged to pay interest to the sender on the amount of the order for the number of days elapsing after the execution date to the earlier of the day the order is canceled pursuant to RCW 62A.4A-211(d) or the day the sender receives notice or learns that the order was not executed, counting the final day of the period as an elapsed day. If the withdrawable credit balance during that period falls below the amount of the order, the amount of interest is reduced accordingly.

(c) If a receiving bank suspends payments, all accepted payment orders issued to it are deemed rejected at the time the bank suspends payments.

(d) Acceptance of a payment order precludes a later rejection of the order. Rejection of a payment order precludes a later acceptance of the order. [2013 c 118 § 14; 1991 sp.s. c 21 § 4A-210.]

62A.4A-211 Cancellation and amendment of payment order. (a) A communication of the sender of a payment order canceling or amending the order may be transmitted to the receiving bank orally, electronically, or in writing. If a security procedure is in effect between the sender and the receiving bank, the communication is not effective to cancel or amend the order unless the communication is verified pursuant to the security procedure or the bank agrees to the cancellation or amendment.

(b) Subject to subsection (a) of this section, a communication by the sender canceling or amending a payment order is effective to cancel or amend the order if notice of the communication is received at a time and in a manner affording the receiving bank a reasonable opportunity to act on the communication before the bank accepts the payment order.

(c) After a payment order has been accepted, cancellation or amendment of the order is not effective unless the receiving bank agrees or a funds-transfer system rule allows cancellation or amendment without agreement of the bank.

1. With respect to a payment order accepted by a receiving bank other than the beneficiary’s bank, cancellation or amendment is not effective unless the order was issued in execution of an unauthorized payment order, or because of a mistake by a sender in the funds transfer which resulted in the issuance of a payment order (i) that is a duplicate of a payment order previously issued by the sender, (ii) that orders payment to a beneficiary not entitled to receive payment from the originator, or (iii) that orders payment in an amount greater than the amount the
beneficiary was entitled to receive from the originator. If the payment order is canceled or amended, the beneficiary’s bank is entitled to recover from the beneficiary any amount paid to the beneficiary to the extent allowed by the law governing mistake and restitution.

(d) An unaccepted payment order is canceled by operation of law at the close of the fifth funds-transfer business day of the receiving bank after the execution date or payment date of the order.

(e) A canceled payment order cannot be accepted. If an accepted payment order is canceled, the acceptance is nullified and no person has any right or obligation based on the acceptance. Amendment of a payment order is deemed to be cancellation of the original order at the time of amendment and issue of a new payment order in the amended form at the same time.

(f) Unless otherwise provided in an agreement of the parties or in a funds-transfer system rule, if the receiving bank, after accepting a payment order, agrees to cancellation or amendment of the order by the sender or is bound by a funds-transfer system rule allowing cancellation or amendment without the bank’s agreement, the sender, whether or not cancellation or amendment is effective, is liable to the bank for any loss and expenses, including reasonable attorneys’ fees, incurred by the bank as a result of the cancellation or amendment or attempted cancellation or amendment.

(g) A payment order is not revoked by the death or legal incapacity of the sender unless the receiving bank knows of the death or of an adjudication of incapacity by a court of competent jurisdiction and has reasonable opportunity to act before acceptance of the order.

(h) A funds-transfer system rule is not effective to the extent it conflicts with subsection (c)(2) of this section.

62A.4A-212 Liability and duty of receiving bank regarding unaccepted payment order. If a receiving bank fails to accept a payment order that it is obliged by express agreement to accept, the bank is liable for breach of the agreement to the extent provided in the agreement or in this Article, but does not otherwise have any duty to accept a payment order or, before acceptance, to take any action, or refrain from taking action, with respect to the order except as provided in this Article or by express agreement. Liability based on acceptance arises only when acceptance occurs as stated in RCW 62A.4A-209, and liability is limited to that provided in this Article. A receiving bank is not the agent of the sender or beneficiary of the payment order it accepts, or of any other party to the funds transfer, and the bank owes no duty to any party to the funds transfer except as provided in this Article or by express agreement.

62A.4A-301 Execution and execution date. (a) A payment order is “executed” by the receiving bank when it issues a payment order intended to carry out the payment order received by the bank. A payment order received by the beneficiary’s bank can be accepted but cannot be executed.

(b) “Execution date” of a payment order means the day on which the receiving bank may properly issue a payment order in execution of the sender’s order. The execution date may be determined by instruction of the sender but cannot be earlier than the day the order is received and, unless otherwise determined, is the day the order is received. If the sender’s instruction states a payment date, the execution date is the payment date or an earlier date on which execution is reasonably necessary to allow payment to the beneficiary on the payment date.

62A.4A-302 Obligations of receiving bank in execution of payment order. (a) Except as provided in subsections (b) through (d) of this section, if the receiving bank accepts a payment order pursuant to RCW 62A.4A-209(a), the bank has the following obligations in executing the order.

(1) The receiving bank is obliged to issue, on the execution date, a payment order complying with the sender’s order and to follow the sender’s instructions concerning (i) any intermediary bank or funds-transfer system to be used in carrying out the funds transfer, or (ii) the means by which payment orders are to be transmitted in the funds transfer. If the originator’s bank issues a payment order to an intermediary bank, the originator’s bank is obliged to instruct the intermediary bank according to the instruction of the originator. An intermediary bank in the funds transfer is similarly bound by an instruction given to it by the sender of the payment order it accepts.

(2) If the sender’s instruction states that the funds transfer is to be carried out telephonically or by wire transfer or otherwise indicates that the funds transfer is to be carried out by the most expeditious means, the receiving bank is obliged to transmit its payment order by the most expeditious available means, and to instruct any intermediary bank accordingly. If a sender’s instruction states a payment date, the receiving bank is obliged to transmit its payment order at a time and by means reasonably necessary to allow payment to the beneficiary on the payment date or as soon thereafter as is feasible.

(b) Unless otherwise instructed, a receiving bank executing a payment order may (i) use any funds-transfer system if use of that system is reasonable in the circumstances, and (ii) issue a payment order to the beneficiary’s bank or to an intermediary bank through which a payment order conforming to the sender’s order can expeditiously be issued to the beneficiary’s bank if the receiving bank exercises ordinary care in the selection of the intermediary bank. A receiving bank is not required to follow an instruction of the sender designating a funds-transfer system to be used in carrying out the funds transfer if the receiving bank, in good faith, determines that it is not feasible to follow the instruction or that following the instruction would unduly delay completion of the funds transfer.

(c) Unless subsection (a)(2) of this section applies or the receiving bank is otherwise instructed, the bank may execute a payment order by transmitting its payment order by first class mail or by any means reasonable in the circumstances. If the receiving bank is instructed to execute the sender’s order by transmitting its payment order by a particular means, the receiving bank may issue its payment order by the means stated or by any means as expeditious as the means stated.

(d) Unless instructed by the sender, the receiving bank may not obtain payment of its charges for services and...
expenses in connection with the execution of the sender’s order by issuing a payment order in an amount equal to the amount of the sender’s order less the amount of the charges, and (ii) may not instruct a subsequent receiving bank to obtain payment of its charges in the same manner. [2013 c 118 § 18; 1991 sp.s. c 21 § 4A-302.]

**62A.4A-303** Erroneous execution of payment order.

(a) A receiving bank that (i) executes the payment order of the sender by issuing a payment order in an amount greater than the amount of the sender’s order, or (ii) issues a payment order in execution of the sender’s order and then issues a duplicate order, is entitled to payment of the amount of the sender’s order under RCW 62A.4A-402(c) if that subsection is otherwise satisfied. The bank is entitled to recover from the beneficiary of the erroneous order the excess payment received to the extent allowed by the law governing mistake and restitution.

(b) A receiving bank that executes the payment order of the sender by issuing a payment order in an amount less than the amount of the sender’s order is entitled to payment of the amount of the sender’s order under RCW 62A.4A-402(c) if (i) that subsection is otherwise satisfied and (ii) the bank corrects its mistake by issuing an additional payment order for the benefit of the beneficiary of the sender’s order. If the error is not corrected, the issuer of the erroneous order is entitled to receive or retain payment from the sender of the order it accepted only to the extent of the amount of the erroneous order. This subsection does not apply if the receiving bank executes the sender’s payment order by issuing a payment order in an amount less than the amount of the sender’s order for the purpose of obtaining payment of its charges for services and expenses pursuant to instruction of the sender.

(c) If a receiving bank executes the payment order of the sender by issuing a payment order to a beneficiary different from the beneficiary of the sender’s order and the funds transfer is completed on the basis of that error, the sender of the payment order that was erroneously executed and all previous senders in the funds transfer are not obliged to pay the payment orders they issued. The issuer of the erroneous order is entitled to recover from the beneficiary of the order the payment received to the extent allowed by the law governing mistake and restitution. [2013 c 118 § 19; 1991 sp.s. c 21 § 4A-303.]

**62A.4A-304** Duty of sender to report erroneously executed payment order.

If the sender of a payment order that is erroneously executed as stated in RCW 62A.4A-303 receives notification from the receiving bank that the order was executed or that the sender’s account was debited with respect to the order, the sender has a duty to exercise ordinary care to determine, on the basis of information available to the sender, that the order was erroneously executed and to notify the bank of the relevant facts within a reasonable time not exceeding ninety days after the notification from the bank was received by the sender. If the sender fails to perform that duty, the bank is not obliged to pay interest on any amount refundable to the sender under RCW 62A.4A-402(d) for the period before the bank learns of the execution error. The bank is not entitled to any recovery from the sender on account of a failure by the sender to perform the duty stated in this section. [2013 c 118 § 20; 1991 sp.s. c 21 § 4A-304.]

**62A.4A-305 Liability for late or improper execution or failure to execute payment order.**

(a) If a funds transfer is completed but execution of a payment order by the receiving bank in breach of RCW 62A.4A-305 results in delay in payment to the beneficiary, the bank is obliged to pay interest to either the originator or the beneficiary of the funds transfer for the period of delay caused by the improper execution. Except as provided in subsection (c) of this section, additional damages are not recoverable.

(b) If execution of a payment order by a receiving bank in breach of RCW 62A.4A-305 results in (i) noncompletion of the funds transfer, (ii) failure to use an intermediary bank designated by the originator, or (iii) issuance of a payment order that does not comply with the terms of the payment order of the originator, the bank is liable to the originator for its expenses in the funds transfer and for incidental expenses and interest losses, to the extent not covered by subsection (a) of this section, resulting from the improper execution. Except as provided in subsection (c) of this section, additional damages are not recoverable.

(c) In addition to the amounts payable under subsections (a) and (b) of this section, damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank.

(d) If a receiving bank fails to execute a payment order it was obliged by express agreement to execute, the receiving bank is liable to the sender for its expenses in the transaction and for incidental expenses and interest losses resulting from the failure to execute. Additional damages, including consequential damages, are recoverable to the extent provided in an express written agreement of the receiving bank, but are not otherwise recoverable.

(e) Reasonable attorneys’ fees are recoverable if demand for compensation under subsection (a) or (b) of this section is made and refused before an action is brought on the claim. If a claim is made for breach of an agreement under subsection (d) of this section and the agreement does not provide for damages, reasonable attorneys’ fees are recoverable if demand for compensation under subsection (d) of this section is made and refused before an action is brought on the claim.

(f) Except as stated in this section, the liability of a receiving bank under subsections (a) and (b) of this section may not be varied by agreement. [2013 c 118 § 21; 1991 sp.s. c 21 § 4A-305.]

**62A.4A-402 Obligation of sender to pay receiving bank.**

(a) This section is subject to RCW 62A.4A-205 and 62A.4A-207.

(b) With respect to a payment order issued to the beneficiary’s bank, acceptance of the order by the bank obliges the sender to pay the bank the amount of the order, but payment is not due until the payment date of the order.

(c) This subsection is subject to subsection (e) of this section and to RCW 62A.4A-303. With respect to a payment order issued to a receiving bank other than the beneficiary’s bank, acceptance of the order by the receiving bank obliges the sender to pay the bank the amount of the sender’s order. Payment by the sender is not due until the execution date of
the sender’s order. The obligation of that sender to pay its payment order is excused if the funds transfer is not completed by acceptance by the beneficiary’s bank of a payment order instructing payment to the beneficiary of that sender’s payment order.

(d) If the sender of a payment order pays the order and was not obliged to pay all or part of the amount paid, the bank receiving payment is obliged to refund payment to the extent the sender was not obliged to pay. Except as provided in RCW 62A.4A-204 and 62A.4A-304, interest is payable on the refundable amount from the date of payment.

(e) If a funds transfer is not completed as stated in (c) of this section and an intermediary bank is obliged to refund payment as stated in subsection (d) of this section but is unable to do so because not permitted by applicable law or because the bank suspends payments, a sender in the funds transfer that executed a payment order in compliance with an instruction, as stated in RCW 62A.4A-302(a)(1), to route the funds transfer through that intermediary bank is entitled to receive or retain payment from the sender of the payment order that it accepted. The first sender in the funds transfer that issued an instruction requiring routing through that intermediary bank is subrogated to the right of the bank that paid the intermediary bank to refund as stated in subsection (d) of this section.

(f) The right of the sender of a payment order to be excused from the obligation to pay the order as stated in subsection (c) of this section or to receive refund under subsection (d) of this section may not be varied by agreement.

62A.4A-403 Payment by sender to receiving bank. (a) Payment of the sender’s obligation under RCW 62A.4A-402 to pay the receiving bank occurs as follows:

(1) If the sender is a bank, payment occurs when the receiving bank receives final settlement of the obligation through a federal reserve bank or through a funds-transfer system.

(2) If the sender is a bank and the sender (i) credited an account of the receiving bank with the sender, or (ii) caused an account of the receiving bank in another bank to be credited, payment occurs when the credit is withdrawn or, if not withdrawn, at midnight of the day on which the credit is withdrawable and the receiving bank learns of that fact.

(3) If the receiving bank debits an account of the sender with the receiving bank, payment occurs when the debit is made to the extent the debit is covered by a withdrawable credit balance in the account.

(b) If the sender and receiving bank are members of a funds-transfer system that nets obligations multilaterally among participants, the receiving bank receives final settlement when settlement is complete in accordance with the rules of the system. The obligation of the sender to pay the amount of a payment order transmitted through the funds-transfer system may be satisfied, to the extent permitted by the rules of the system, by setting off and applying against that balance the aggregate balance of obligations owed to the sender by other members of the system. The aggregate balance is determined after the right of setoff stated in the second sentence of this subsection has been exercised.

(c) If two banks transmit payment orders to each other under an agreement that settlement of the obligations of each bank to the other under RCW 62A.4A-402 will be made at the end of the day or other period, the total amount owed with respect to all orders transmitted by one bank shall be set off against the total amount owed with respect to all orders transmitted by the other bank. To the extent of the setoff, each bank has made payment to the other.

(d) In a case not covered by subsection (a) of this section, the time when payment of the sender’s obligation under RCW 62A.4A-402 (b) or (c) occurs is governed by applicable principles of law that determine when an obligation is satisfied. [2013 c 118 § 23; 1991 sp.s. c 21 § 4A-403.]

62A.4A-404 Obligation of beneficiary’s bank to pay and give notice to beneficiary. (a) Subject to RCW 62A.4A-211(e), 62A.4A-405(d), and 62A.4A-405(e), if a beneficiary’s bank accepts a payment order, the bank is obliged to pay the amount of the order to the beneficiary of the order. Payment is due on the payment date of the order, but if acceptance occurs on the payment date after the close of the funds-transfer business day of the bank, payment is due on the next funds-transfer business day. If the bank refuses to pay after demand by the beneficiary and receipt of notice of particular circumstances that will give rise to consequential damages as a result of nonpayment, the beneficiary may recover damages resulting from the refusal to pay to the extent the bank had notice of the damages, unless the bank proves that it did not pay because of a reasonable doubt concerning the right of the beneficiary to payment.

(b) If a payment order accepted by the beneficiary’s bank instructs payment to an account of the beneficiary, the bank is obliged to notify the beneficiary of receipt of the order before midnight of the next funds-transfer business day following the payment date. If the payment order does not instruct payment to an account of the beneficiary, the bank is required to notify the beneficiary only if notice is required by the order. Notice may be given by first-class mail or any other means reasonable in the circumstances. If the bank fails to give the required notice, the bank is obliged to pay interest to the beneficiary on the amount of the payment order from the day notice should have been given until the day the beneficiary learned of receipt of the payment order by the bank. No other damages are recoverable. Reasonable attorneys’ fees are also recoverable if demand for interest is made and refused before an action is brought on the claim.

(c) The right of a beneficiary to receive payment and damages as stated in subsection (a) of this section may not be varied by agreement or a funds-transfer system rule. The right of a beneficiary to be notified as stated in subsection (b) of this section may be varied by agreement of the beneficiary or by a funds-transfer system rule if the beneficiary is notified of the rule before initiation of the funds transfer. [2013 c 118 § 24; 1991 sp.s. c 21 § 4A-404.]
62A.4A-405  Payment by beneficiary’s bank to beneficiary.  
(a) If the beneficiary’s bank credits an account of the beneficiary of a payment order, payment of the bank’s obligation under RCW 62A.4A-404(a) occurs when and to the extent (i) the beneficiary is notified of the right to withdraw the credit, (ii) the bank lawfully applies the credit to a debt of the beneficiary, or (iii) funds with respect to the order are otherwise made available to the beneficiary by the bank.

(b) If the beneficiary’s bank does not credit an account of the beneficiary of a payment order, the time when payment of the bank’s obligation under RCW 62A.4A-404(a) occurs is governed by principles of law that determine when an obligation is satisfied.

(c) Except as stated in subsections (d) and (e) of this section, if the beneficiary’s bank pays the beneficiary of a payment order under a condition to payment or agreement of the beneficiary giving the bank the right to recover payment from the beneficiary if the bank does not receive payment of the order, the condition to payment or agreement is not enforceable.

(d) A funds-transfer system rule may provide that payments made to beneficiaries of funds transfers made through the system are provisional until receipt of payment by the beneficiary’s bank of the payment order it accepted. A beneficiary’s bank that makes a payment that is provisional under the rule is entitled to refund from the beneficiary if (i) the rule requires that both the beneficiary and the originator be given notice of the provisional nature of the payment before the funds transfer is initiated, (ii) the beneficiary, the beneficiary’s bank and the originator’s bank agreed to be bound by the rule, and (iii) the beneficiary’s bank did not receive payment of the payment order that it accepted. If the beneficiary is obliged to refund payment to the beneficiary’s bank, acceptance of the payment order by the beneficiary’s bank is nullified and no payment by the originator of the funds transfer to the beneficiary occurs under RCW 62A.4A-406.

(e) This subsection applies to a funds transfer that includes a payment order transmitted over a funds-transfer system that (i) nets obligations multilaterally among participants, and (ii) has in effect a loss-sharing agreement among participants for the purpose of providing funds necessary to complete settlement of the obligations of one or more participants that do not meet their settlement obligations. If the beneficiary’s bank in the funds transfer accepts a payment order and the system fails to complete settlement pursuant to its rules with respect to any payment order in the funds transfer, (i) the acceptance by the beneficiary’s bank is nullified and no person has any right or obligation based on the acceptance, (ii) the beneficiary’s bank is entitled to recover payment from the beneficiary, (iii) no payment by the originator to the beneficiary occurs under RCW 62A.4A-406, and (iv) subject to RCW 62A.4A-402(e), each sender in the funds transfer is excused from its obligation to pay its payment order under RCW 62A.4A-402(e) because the funds transfer has not been completed.  [2013 c 118 § 25; 1991 sp.s. c 21 § 4A-405.]

62A.4A-406  Payment by originator to beneficiary; discharge of underlying obligation.  
(a) Subject to RCW 62A.4A-211(c), 62A.4A-405(d), and 62A.4A-405(e), the originator of a funds transfer pays the beneficiary of the originator’s payment order (i) at the time a payment order for the benefit of the beneficiary is accepted by the beneficiary’s bank in the funds transfer and (ii) in an amount equal to the amount of the order accepted by the beneficiary’s bank, but not more than the amount of the originator’s order.

(b) If payment under subsection (a) of this section is made to satisfy an obligation, the obligation is discharged to the same extent discharge would result from payment to the beneficiary of the same amount in money, unless (i) the payment under subsection (a) of this section was made by a means prohibited by the contract of the beneficiary with respect to the obligation, (ii) the beneficiary, within a reasonable time after receiving notice of receipt of the order by the beneficiary’s bank, notified the originator of the beneficiary’s refusal of the payment, (iii) funds with respect to the order were not withdrawn by the beneficiary or applied to a debt of the beneficiary, and (iv) the beneficiary would suffer a loss that could reasonably have been avoided if payment had been made by a means complying with the contract. If payment by the originator does not result in discharge under this section, the originator is subrogated to the rights of the beneficiary to receive payment from the beneficiary’s bank under RCW 62A.4A-404(a).

(c) For the purpose of determining whether discharge of an obligation occurs under subsection (b) of this section, if the beneficiary’s bank accepts a payment order in an amount equal to the amount of the originator’s payment order less charges of one or more receiving banks in the funds transfer, payment to the beneficiary is deemed to be in the amount of the originator’s order unless upon demand by the beneficiary the originator does not pay the beneficiary the amount of the deducted charges.

(d) Rights of the originator or of the beneficiary of a funds transfer under this section may be varied only by agreement of the originator and the beneficiary.  [2013 c 118 § 26; 1991 sp.s. c 21 § 4A-406.]

62A.4A-501  Variation by agreement and effect of funds-transfer system rule.  
(a) Except as otherwise provided in this Article, the rights and obligations of a party to a funds transfer may be varied by agreement of the affected party.

(b) "Funds-transfer system rule" means a rule of an association of banks (i) governing transmission of payment orders by means of a funds-transfer system of the association or rights and obligations with respect to those orders, or (ii) to the extent the rule governs rights and obligations between banks that are parties to a funds transfer in which a federal reserve bank, acting as an intermediary bank, sends a payment order to the beneficiary’s bank. Except as otherwise provided in this Article, a funds-transfer system rule governing rights and obligations between participating banks using the system may be effective even if the rule conflicts with this Article and indirectly affects another party to the funds transfer who does not consent to the rule. A funds-transfer system rule may also govern rights and obligations of parties other than participating banks using the system to the extent stated in RCW 62A.4A-404(c), 62A.4A-405(d), and 62A.4A-507(c).  [2013 c 118 § 27; 1991 sp.s. c 21 § 4A-501.]
62A.4A-502 Creditor process served on receiving bank; setoff by beneficiary’s bank. (a) As used in this section, "creditor process" means levy, attachment, garnishment, notice of lien, sequestration, or similar process issued by or on behalf of a creditor or other claimant with respect to an account.

(b) This subsection applies to creditor process with respect to an authorized account of the sender of a payment order if the creditor process is served on the receiving bank. For the purpose of determining rights with respect to the creditor process, if the receiving bank accepts the payment order the balance in the authorized account is deemed to be reduced by the amount of the payment order to the extent the bank did not otherwise receive payment of the order, unless the creditor process is served at a time and in a manner affording the bank a reasonable opportunity to act on it before the bank accepts the payment order.

(c) If a beneficiary’s bank has received a payment order for payment to the beneficiary’s account in the bank, the following rules apply:

(1) The bank may credit the beneficiary’s account. The amount credited may be set off against an obligation owed by the beneficiary to the bank or may be applied to satisfy creditor process served on the bank with respect to the account.

(2) The bank may credit the beneficiary’s account and allow withdrawal of the amount credited unless creditor process with respect to the account is served at a time and in a manner affording the bank a reasonable opportunity to act to prevent withdrawal.

(3) If creditor process with respect to the beneficiary’s account has been served and the bank has had a reasonable opportunity to act on it, the bank may not reject the payment order except for a reason unrelated to the service of process.

(d) Creditor process with respect to a payment by the originator to the beneficiary pursuant to a funds transfer may be served only on the beneficiary’s bank with respect to the debt owed by that bank to the beneficiary. Any other bank served with the creditor process is not obliged to act with respect to the process.

62A.4A-504 Order in which items and payment orders may be charged to account; order of withdrawals from account. (a) If a receiving bank has received more than one payment order of the sender or one or more payment orders and other items that are payable from the sender’s account, the bank may charge the sender’s account with respect to the various orders and items in any sequence.

(b) In determining whether a credit to an account has been withdrawn by the holder of the account or applied to a debt of the holder of the account, credits first made to the account are first withdrawn or applied. [2013 c 118 § 30; 1991 sp.s. c 21 § 4A-504.]

62A.4A-506 Rate of interest. (a) If, under this Article, a receiving bank is obliged to pay interest with respect to a payment order issued to the bank, the amount payable may be determined (i) by agreement of the sender and receiving bank, or (ii) by a funds-transfer system rule if the payment order is transmitted through a funds-transfer system.

(b) If the amount of interest is not determined by an agreement or rule as stated in subsection (a) of this section, the amount is calculated by multiplying the applicable federal funds rate by the amount on which interest is payable, and then multiplying the product by the number of days for which interest is payable. The applicable federal funds rate is the average of the federal funds rates published by the federal reserve bank of New York for each of the days for which interest is payable divided by three hundred sixty. The federal funds rate for any day on which a published rate is not available is the same as the published rate for the next preceding day for which there is a published rate. If a receiving bank that accepted a payment order is required to refund payment to the sender of the order because the funds transfer was not completed, but the failure to complete was not due to any fault by the bank, the interest payable is reduced by a percentage equal to the reserve requirement on deposits of the receiving bank. [2013 c 118 § 31; 1991 sp.s. c 21 § 4A-506.]

62A.4A-507 Choice of law. (a) The following rules apply unless the affected parties otherwise agree or subsection (c) of this section applies:

(1) The rights and obligations between the sender of a payment order and the receiving bank are governed by the law of the jurisdiction in which the receiving bank is located.

(2) The rights and obligations between the beneficiary’s bank and the beneficiary are governed by the law of the jurisdiction in which the beneficiary’s bank is located.

(3) The issue of when payment is made pursuant to a funds transfer by the originator to the beneficiary is governed by the law of the jurisdiction in which the beneficiary’s bank is located.

(b) If the parties described in each paragraph of subsection (a) of this section have made an agreement selecting the law of a particular jurisdiction to govern rights and obligations between each other, the law of that jurisdiction governs those rights and obligations, whether or not the payment order or the funds transfer bears a reasonable relationship to that jurisdiction.

(c) A funds-transfer system rule may select the law of a particular jurisdiction to govern (i) rights and obligations between participating banks with respect to payment orders transmitted or processed through the system, or (ii) the rights and obligations of some or all parties to a funds transfer any part of which is carried out by means of the system. A choice of law made pursuant to clause (i) of this subsection is binding on participating banks. A choice of law made pursuant to clause (ii) of this subsection is binding on the originator, other sender, or a receiving bank having notice that the funds-
transfer system might be used in the funds transfer and of the choice of law by the system when the originator, other sender, or receiving bank issued or accepted a payment order. The beneficiary of a funds transfer is bound by the choice of law if, when the funds transfer is initiated, the beneficiary has notice that the funds-transfer system might be used in the funds transfer and of the choice of law by the system. The law of a jurisdiction selected pursuant to this subsection may govern, whether or not that law bears a reasonable relation to the matter in issue.

(d) In the event of inconsistency between an agreement under subsection (b) of this section and a choice-of-law rule under subsection (c) of this section, the agreement under subsection (b) of this section prevails.

(e) If a funds transfer is made by use of more than one funds-transfer system and there is inconsistency between choice-of-law rules of the systems, the matter in issue is governed by the law of the selected jurisdiction that has the most significant relationship to the matter in issue. [2013 c 118 § 32; 1991 sp.s. c 21 § 4A-507.]

62A.9A-502 Contents of financing statement; record of mortgage as financing statement; time of filing financing statement.

62A.9A-503 Name of debtor and secured party.

62A.9A-502 Contents of financing statement; record of mortgage as financing statement; time of filing financing statement. (a) Sufficiency of financing statement. Subject to subsection (b) of this section, a financing statement is sufficient only if it:

(1) Provides the name of the debtor;

(2) Provides the name of the secured party or a representative of the secured party; and

(3) Indicates the collateral covered by the financing statement.

(b) Real-property-related financing statements. Except as otherwise provided in RCW 62A.9A-501(b), to be sufficient, a financing statement that covers as-extracted collateral or timber to be cut, or which is filed as a fixture filing and covers goods that are or are to become fixtures, must satisfy subsection (a) of this section and also:

(1) Indicate that it covers this type of collateral;

(2) Indicate that it is to be filed for record in the real property records;

(3) Provide a description of the real property to which the collateral is related sufficient to give constructive notice of a mortgage under the law of this state if the description were contained in a record of the mortgage of the real property; and

(4) If the debtor does not have an interest of record in the real property, provide the name of a record owner.

(c) Record of mortgage as financing statement. A record of a mortgage is effective, from the date of recording, as a financing statement filed as a fixture filing or as a financing statement covering as-extracted collateral or timber to be cut only if:

(1) The record indicates the goods or accounts that it covers;

(2) The goods are or are to become fixtures related to the real property described in the record or the collateral is related to the real property described in the record and is as-extracted collateral or timber to be cut;

(3) The record satisfies the requirements for a financing statement in this section, but:

(A) The record need not indicate that it is to be filed in the real property records; and

(B) The record sufficiently provides the name of a debtor who is an individual if it provides the individual name of the debtor or the surname and first personal name of the debtor, even if the debtor is an individual to whom RCW 62A.9A-503(a)(4) applies; and

(4) The record is recorded.

(d) Filing before security agreement or attachment. A financing statement may be filed before a security agreement is made or a security interest otherwise attaches. [2013 c 118 § 33; 2000 c 250 § 9A-502.]

Effective date—2013 c 118 §§ 33 and 34: "Sections 33 and 34 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2013." [2013 c 118 § 36.]

62A.9A-503 Name of debtor and secured party. (a) Sufficiency of debtor's name. A financing statement sufficiently provides the name of the debtor:

(1) Except as otherwise provided in (3) of this subsection, if the debtor is a registered organization or the collateral is held in a trust that is a registered organization, only if the financing statement provides the name that is stated to be the registered organization's name on the public organic record most recently filed with or issued or enacted by the registered organization's jurisdiction of organization which purports to state, amend, or restate the registered organization's name;

(2) Subject to subsection (f) of this section, if the collateral is held in a trust that is not a registered organization, only if the financing statement provides, as the name of the debtor, the name of the decedent and, in a separate part of the financing statement, indicates that the collateral is being administered by a personal representative of a decedent, only if the financing statement provides, as the name of the debtor, the name of the decedent and, in a separate part of the financing statement, indicates that the collateral is being administered by a personal representative;

(3) If the collateral is held in a trust that is not a registered organization, only if the financing statement:

(A) Provides, as the name of the debtor:

(i) If the organic record of the trust specifies a name for the trust, the name specified; or

(ii) If the organic record of the trust does not specify a name for the trust, the name of the settlor or testator; and

(B) In a separate part of the financing statement:

(i) If the name is provided in accordance with (3)(A)(i) of this subsection, indicates that the collateral is held in a trust; or

(ii) If the name is provided in accordance with (3)(A)(ii) of this subsection, provides additional information sufficient to distinguish the trust from other trusts having one or more of the same settlors or the same testator and indicates that the collateral is held in a trust, unless the additional information so indicates;

(4) Subject to subsection (g) of this section, if the debtor is an individual to whom this state has issued a driver's
license or identification card that has not expired, only if the financing statement provides the name of the individual which is indicated on the driver’s license or identification card;

(5) If the debtor is an individual to whom (4) of this subsection (a) does not apply, only if the financing statement provides the individual name of the debtor or the surname and first personal name of the debtor; and

(6) In other cases:

(A) If the debtor has a name, only if the financing statement provides the organizational name of the debtor; and

(B) If the debtor does not have a name, only if the financing statement provides the names of the partners, members, associates, or other persons comprising the debtor, in a manner that each name provided would be sufficient if the person named were the debtor.

(b) Additional debtor-related information. A financing statement that provides the name of the debtor in accordance with subsection (a) of this section is not rendered ineffective by the absence of:

(1) A trade name or other name of the debtor; or

(2) Unless required under subsection (a)(6)(B) of this section, names of partners, members, associates, or other persons comprising the debtor.

(c) Debtor’s trade name insufficient. A financing statement that provides only the debtor’s trade name does not sufficiently provide the name of the debtor.

(d) Representative capacity. Failure to indicate the representative capacity of a secured party or representative of a secured party does not affect the sufficiency of a financing statement.

(e) Multiple debtors and secured parties. A financing statement may provide the name of more than one debtor and the name of more than one secured party.

(f) Name of decedent. The name of the decedent indicated on the order appointing the personal representative of the decedent issued by the court having jurisdiction over the collateral is sufficient as the "name of the decedent" under subsection (a)(2) of this section.

(g) Multiple driver’s licenses. If this state has issued to an individual more than one driver’s license or identification card of a kind described in subsection (a)(4) of this section, the one that was issued most recently is the one to which subsection (a)(4) of this section refers.

(h) Definition. In this section, the "name of the settlor or testator" means:

(1) If the settlor is a registered organization, the name that is stated to be the settlor’s name on the public organic record most recently filed with or issued or enacted by the settlor’s jurisdiction of organization which purports to state, amend, or restate the settlor’s name; or

(2) In other cases, the name of the settlor or testator indicated in the trust’s organic record. [2013 c 118 § 34; 2011 c 74 § 401; 2000 c 250 § 9A-503.]

CONDOMINIUM ACT

Sections
64.34.364 Lien for assessments.

64.34.364 Lien for assessments. (1) The association has a lien on a unit for any unpaid assessments levied against a unit from the time the assessment is due.

(2) A lien under this section shall be prior to all other liens and encumbrances on a unit except: (a) Liens and encumbrances recorded before the recording of the declaration; (b) a mortgage on the unit recorded before the date on which the assessment sought to be enforced became delinquent; and (c) liens for real property taxes and other governmental assessments or charges against the unit. A lien under this section is not subject to the provisions of chapter 6.13 RCW.

(3) Except as provided in subsections (4) and (5) of this section, the lien shall also be prior to the mortgages described in subsection (2)(b) of this section to the extent of assessments for common expenses, excluding any amounts for capital improvements, based on the periodic budget adopted by the association pursuant to RCW 64.34.360(1) which would have become due during the six months immediately preceding the date of a sheriff’s sale in an action for judicial foreclosure by either the association or a mortgagee, the date of a trustee’s sale in a nonjudicial foreclosure by a mortgagee, or the date of recording of the declaration of forfeiture in a proceeding by the vendor under a real estate contract.

(4) The priority of the association’s lien against units encumbered by a mortgage held by an eligible mortgagee or by a mortgagee which has given the association a written request for notice of delinquent assessments shall be reduced by up to three months if and to the extent that the lien priority under subsection (3) of this section includes delinquencies which relate to a period after such holder becomes an eligible mortgagee or has given such notice and before the association gives the holder a written notice of the delinquency. This subsection does not affect the priority of mechanics’ or material suppliers’ liens, or the priority of liens for other assessments made by the association.

(5) If the association forecloses its lien under this section nonjudicially pursuant to chapter 61.24 RCW, as provided by subsection (9) of this section, the association shall not be entitled to the lien priority provided for under subsection (3) of this section.

(6) Unless the declaration otherwise provides, if two or more associations have liens for assessments created at any time on the same real estate, those liens have equal priority.

(7) Recording of the declaration constitutes record notice and perfection of the lien for assessments. While no further recording of any claim of lien for assessment under this section shall be required to perfect the association’s lien, the association may record a notice of claim of lien for assessments under this section in the real property records of any county in which the condominium is located. Such recording shall not constitute the written notice of delinquency to a mortgagee referred to in subsection (2) of this section.

(8) A lien for unpaid assessments and the personal liability for payment of assessments is extinguished unless proceedings to enforce the lien or collect the debt are instituted within three years after the amount of the assessments sought to be recovered becomes due.

(9) The lien arising under this section may be enforced judicially by the association or its authorized representative in the manner set forth in chapter 61.12 RCW. The lien arising under this section may be enforced nonjudicially in the manner set forth in chapter 61.24 RCW for nonjudicial foreclosure of deeds of trust if the declaration (a) contains a grant of the condominium in trust to a trustee qualified under RCW 61.24.010 to secure the obligations of the unit owners to the association for the payment of assessments, (b) contains a power of sale, (c) provides in its terms that the units are not used principally for agricultural or farming purposes, and (d) provides that the power of sale is operative in the case of a default in the obligation to pay assessments. The association or its authorized representative shall have the power, unless prohibited by the declaration, to purchase the unit at the foreclosure sale and to acquire, hold, lease, mortgage, or convey the same. Upon an express waiver in the complaint of any right to a deficiency judgment in a judicial foreclosure action, the period of redemption shall be eight months. Nothing in this section shall prohibit an association from taking a deed in lieu of foreclosure.

(10) From the time of commencement of an action by the association to foreclose a lien for nonpayment of delinquent assessments against a unit that is not occupied by the owner thereof, the association shall be entitled to the appointment of a receiver to collect from the lessee thereof the rent for the unit as and when due. If the rental is not paid, the receiver may obtain possession of the unit, refurbish it for rental up to a reasonable standard for rental units in this type of condominium, rent the unit or permit its rental to others, and apply the rents first to the cost of the receivership and attorneys’ fees thereof, then to the cost of refurbishing the unit, then to applicable charges, then to costs, fees, and charges of the foreclosure action, and then to the payment of the delinquent assessments. Only a receiver may take possession and collect
rents under this subsection, and a receiver shall not be appointed less than ninety days after the delinquency. The exercise by the association of the foregoing rights shall not affect the priority of preexisting liens on the unit.

(11) Except as provided in subsection (3) of this section, the holder of a mortgage or other purchaser of a unit who obtains the right of possession of the unit through foreclosure shall not be liable for assessments or installments thereof that became due prior to such right of possession. Such unpaid assessments shall be deemed to be common expenses collectible from all the unit owners, including such mortgagee or other purchaser of the unit. Foreclosure of a mortgage does not relieve the prior owner of personal liability for assessments accruing against the unit prior to the date of such sale as provided in this subsection.

(12) In addition to constituting a lien on the unit, each assessment shall be the joint and several obligation of the owner or owners of the unit to which the same are assessed as of the time the assessment is due. In a voluntary conveyance, the grantee of a unit shall be jointly and severally liable with the grantor for all unpaid assessments against the grantor up to the time of the grantor’s conveyance, without prejudice to the grantee’s right to recover from the grantor the amounts paid by the grantee therefor. Suit to recover a personal judgment for any delinquent assessment shall be maintainable in any court of competent jurisdiction without foreclosing or waiving the lien securing such sums.

(13) The association may from time to time establish reasonable late charges and a rate of interest to be charged on all subsequent delinquent assessments or installments thereof. In the absence of another established nonusurious rate, delinquent assessments shall bear interest from the date of delinquency at the maximum rate permitted under RCW 19.52.020 on the date on which the assessments became delinquent.

(14) The association shall be entitled to recover any costs and reasonable attorneys’ fees incurred in connection with the collection of delinquent assessments, whether or not such collection activities result in suit being commenced or prosecuted to judgment. In addition, the association shall be entitled to recover costs and reasonable attorneys’ fees if it prevails on appeal and in the enforcement of a judgment.

(15) The association upon written request shall furnish to a unit owner or a mortgagee a statement signed by an officer or authorized agent of the association setting forth the amount of unpaid assessments against that unit. The statement shall be furnished within fifteen days after receipt of the request and is binding on the association, the board of directors, and every unit owner, unless and to the extent known by the recipient to be false.

(16) To the extent not inconsistent with this section, the declaration may provide for such additional remedies for collection of assessments as may be permitted by law. [2013 c 23 § 175; 1990 c 166 § 6; 1989 c 43 § 3-117.]

66.08.250 Report on streamlining liquor tax collection.

66.08.250 Report on streamlining liquor tax collection. By September 30, 2013, and in compliance with RCW 43.01.036, the board and the department of revenue must make recommendations to the legislature that detail the statutory changes necessary to: Streamline the collection of liquor taxes, fees, and reports; and require a singular state agency to be responsible for the collection of this revenue and information. [2013 c 95 § 2.]

Findings—2013 c 95: "The legislature finds that the adoption of Initiative Measure No. 1183 by the voters in 2011 privatized the sale and distribution of spirits in Washington. The legislature also finds that reporting requirements for all liquor taxes and fees are administratively complex and require payment and reporting to multiple state agencies." [2013 c 95 § 1.]

66.24.055 Spirits distributor license. (1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (c) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first twenty-seven months of licensure, ten percent of the total revenue from all the licensee’s sales of spirits made during the month for which the fee is due, respectively; and

(ii) In the twenty-eighth month of licensure and each month thereafter, five percent of the total revenue from all the licensee’s sales of spirits made during the month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(c) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses. [2013 2nd sp.s. c 12 § 1; 2012 c 2 § 105 (Initiative Measure No. 1183, approved November 8, 2011).]

Application—2013 2nd sp.s. c 12 § 1: "The changes made in section 1 of this act apply to spirits distributors licensed on or after January 1, 2012." [2013 2nd sp.s. c 12 § 2.]

Effective date—2013 2nd sp.s. c 12: See note following RCW 66.24.632.

66.24.145 Craft distillery—Sales and samples of spirits. (1) Any craft distillery may sell spirits of its own production for consumption off the premises, up to three liters per person per day. A craft distillery selling spirits under this subsection must comply with the applicable laws and rules relating to retailers.

(2) Any craft distillery may contract distilled spirits for, and sell contract distilled spirits to, holders of distillers’ or
manufacturers’ licenses, including licenses issued under RCW 66.24.520, or for export.

(3) Any craft distillery licensed under this section may provide, free of charge, one-half ounce or less samples of spirits of its own production to persons on the premises of the distillery. The maximum total per person per day is two ounces. Every person who participates in any manner in the service of samples must obtain a class 12 alcohol server permit.

(4) The board must adopt rules to implement the alcohol server permit requirement and may adopt additional rules to implement this section.

(5) Distilling is an agricultural practice. [2013 c 98 § 1; 2012 c 2 § 205 (Initiative Measure No. 1183, approved November 8, 2011); 2010 c 290 § 2; 2008 c 94 § 2.]

66.24.170 Domestic winery license—Winery as distributor and/or retailer of own wine—Off-premise samples—Domestic wine made into sparkling wine—Sales at qualifying farmers markets. (1) There shall be a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection shall comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.
