VOLUME 10
Titles 84 through 91

2014
REVISED CODE OF WASHINGTON

Published under the authority of chapter 1.08 RCW.

Containing all laws of a general and permanent nature through the 2014 regular session which adjourned March 13, 2014.
REVISED CODE OF WASHINGTON

2014 Edition

© 2014 State of Washington

CERTIFICATE

The 2014 edition of the Revised Code of Washington, published officially by the Statute Law Committee, is, in accordance with RCW 1.08.037, certified to comply with the current specifications of the committee.

ROGER E. GOODMAN, Chair
STATUTE LAW COMMITTEE
PREFACE

Numbering system: The number of each section of this code is made up of three parts, in sequence as follows: Number of title; number of chapter within the title; number of section within the chapter. Thus RCW 1.04.020 is Title 1, chapter 4, section 20. The section part of the number (.020) is initially made up of three digits, constitutes a true decimal, and allows for new sections to be inserted between old sections already consecutively numbered, merely by adding one or more digits at the end of the number. In most chapters of the code, sections have been numbered by tens (.010, .020, .030, .040, etc.), leaving vacant numbers between existing sections so that new sections may be inserted without extension of the section number beyond three digits.

Citation to the Revised Code of Washington: The code should be cited as RCW; see RCW 1.04.040. An RCW title should be cited Title 7 RCW. An RCW chapter should be cited chapter 7.24 RCW. An RCW section should be cited RCW 7.24.010. Through references should be made as RCW 7.24.010 through 7.24.100. Series of sections should be cited as RCW 7.24.010, 7.24.020, and 7.24.030.

History of the Revised Code of Washington; Source notes: The Revised Code of Washington was adopted by the legislature in 1950; see chapter 1.04 RCW. The original publication (1951) contained material variances from the language and organization of the session laws from which it was derived, including a variety of divisions and combinations of the session law sections. During 1953 through 1959, the Statute Law Committee, in exercise of the powers in chapter 1.08 RCW, completed a comprehensive study of these variances and, by means of a series of administrative orders or reenactment bills, restored each title of the code to reflect its session law source, but retaining the general codification scheme originally adopted. An audit trail of this activity has been preserved in the concluding segments of the source note of each section of the code so affected. The legislative source of each section is enclosed in brackets [ ] at the end of the section. Reference to session laws is abbreviated; thus "1891 c 23 § 1; 1854 p 99 § 135" refers to section 1, chapter 23, Laws of 1891 and section 135, page 99, Laws of 1854. "Prior" indicates a break in the statutory chain, usually a repeal and reenactment. "RRS or Rem. Supp.—" indicates the parallel citation in Remington's Revised Code, last published in 1949.

Where, before restoration, a section of this code constituted a consolidation of two or more sections of the session laws, or of sections separately numbered in Remington's, the line of derivation is shown for each component section, with each line of derivation being set off from the others by use of small Roman numerals, "(i)," "(ii)," etc.

Where, before restoration, only a part of a session law section was reflected in a particular RCW section the history note reference is followed by the word "part."

"Formerly" and its correlative form "FORMER PART OF SECTION" followed by an RCW citation preserves the record of original codification.

Double amendments: Some double or other multiple amendments to a section made without reference to each other are set out in the code in smaller (8-point) type. See RCW 1.12.025.

Index: Titles 1 through 91 are indexed in the RCW General Index. A separate index is provided for the State Constitution.

Sections repealed or decodified; Disposition table: Information concerning RCW sections repealed or decodified can be found in the table entitled "Disposition of former RCW sections."

Codification tables: To convert a session law citation to its RCW number (for Laws of 1999 or later) consult the codification tables. A complete codification table, including Remington's Revised Statutes, is on the Code Reviser web site at http://www.leg.wa.gov/codereviser.

Notes: Notes that are more than ten years old have been removed from the print publication of the RCW except when retention has been deemed necessary to preserve the full intent of the law. All notes are displayed in the electronic copy of the RCW on the Code Reviser web site at http://www.leg.wa.gov/codereviser.

Errors or omissions: (1) Where an obvious clerical error has been made in the law during the legislative process, the code reviser adds a corrected word, phrase, or punctuation mark in [brackets] for clarity. These additions do not constitute any part of the law.

(2) Although considerable care has been taken in the production of this code, it is inevitable that in so large a work that there will be errors, both mechanical and of judgment. When those who use this code detect errors in particular sections, a note citing the section involved and the nature of the error may be sent to: Code Reviser, Box 40551, Olympia, WA 98504-0551, so that correction may be made in a subsequent publication.

Title 84
PROPERTY TAXES

Chapters
84.04 Definitions.
84.08 General powers and duties of department of revenue.
84.09 General provisions.
84.12 Assessment and taxation of public utilities.
84.14 New and rehabilitated multiple-unit dwellings in urban centers.
84.16 Assessment and taxation of private car companies.
84.20 Easements of public utilities.
84.26 Historic property.
84.33 Timber and forest lands.
84.34 Open space, agricultural, timber lands—Current use—Conservation futures.
84.36 Exemptions.
84.37 Property tax deferral program.
84.38 Deferral of special assessments and/or property taxes.
84.39 Property tax exemption—Widows or widowers of veterans.
84.40 Listing of property.
84.41 Revaluation of property.
84.44 Taxable situs.
84.48 Equalization of assessments.
84.52 Levy of taxes.
84.55 Limitations upon regular property taxes.
84.56 Collection of taxes.
84.60 Lien of taxes.
84.64 Lien foreclosure.
84.68 Recovery of taxes paid or property sold for taxes.
84.69 Refunds.
84.70 Destroyed property—Abatement or refund.
84.72 Federal payments in lieu of taxes.
84.98 Construction.

Additional provisions relating to taxes, see titles pertaining to particular taxing authorities, i.e., cities, counties, school districts, etc.

Building permits, new construction: Chapter 36.21 RCW.
Burying place exempt from execution: RCW 68.24.220.
Cemetery associations, nonprofit: RCW 68.20.110, 68.20.120.
Cities, unfit buildings: Chapter 35.80 RCW.
Cities and towns, prepayment by taxpayer of taxes and assessments owed to: RCW 35.21.650.
Columbia Basin project: RCW 89.12.120.
Community renewal: Chapter 35.81 RCW.
Conservation districts: Chapter 89.08 RCW.
Constitutional limitations generally: State Constitution Art. 2 § 20, Art. 7, §§ 9, 12.

Limitation on levies: State Constitution Art. 7 § 2.
Local improvement trust property: RCW 35.53.010.
Personal exemption not applicable to tax levied on such property: RCW 6.15.010.
Privilege taxes: Chapter 54.28 RCW.
Public utility districts: RCW 54.16.080.
Qualifications for persons assessing real property—Examination: RCW 36.21.015.
Rainier National Park: RCW 37.08.220.
Real estate, excise tax on transfer: Chapters 82.45 and 82.46 RCW.
Savings and loan associations: RCW 33.28.040.
Tax returns, remittances, etc., filing and receipt: RCW 1.12.070.
Taxing districts, general indebtedness limitation: Chapter 39.36 RCW.
Termination of tax preferences: Chapter 43.136 RCW.
Washington Principal and Income Act of 2002: Chapter 11.104A RCW.

84.04 DEFINITIONS

Sections
84.04.010 Introductory.
84.04.015 "Assessed valuation of taxable property," and similar terms.
84.04.020 "Assessed value of property.
84.04.030 "Assessment year," "fiscal year.
84.04.045 "County auditor.
84.04.047 "Department.
84.04.050 "Householder.
84.04.065 "Legal description.
84.04.060 "Money," "moneys.
84.04.065 Number and gender.
84.04.070 "Oath," "swear.
84.04.075 "Person.
84.04.080 "Personal property.
84.04.090 "Real property.
84.04.095 Classification of components of irrigation systems.
84.04.100 "Tax" and derivatives.
84.04.120 "Taxing district.
84.04.130 "Tract," "lot," etc.
84.04.140 "Regular property taxes," "regular property tax levies.
84.04.150 "Computer software" and related terms.
84.04.400 Construction—Title applicable to state registered domestic partnerships—2009 c 521.

84.04.010 Introductory. Unless otherwise expressly provided or unless the context indicates otherwise, terms used in this title shall have the meaning given to them in this chapter. [1961 c 15 § 84.04.010.]

84.04.020 "Assessed valuation of taxable property," and similar terms. The terms "assessed valuation of taxable property", "valuation of taxable property", "value of taxable property", "taxable value of property", "property assessed" and "value" whenever used in any statute, law, charter or ordinance with relation to the levy of taxes in any taxing district, shall be held and construed to mean "assessed value of property" as defined in RCW 84.04.030. [1961 c 15 § 84.04.020. Prior: 1919 c 142 § 2; RRS § 11227.]
"Assessed value of property." "Assessed value of property" shall be held and construed to mean the aggregate valuation of the property subject to taxation by any taxing district as placed on the last completed and balanced tax rolls of the county preceding the date of any tax levy. [2001 c 187 § 2; 1997 c 3 § 102 (Referendum Bill No. 47, approved November 4, 1997); 1961 c 15 § 84.04.030. Prior: (i) 1925 ex.s. c 130 § 3; RRS § 11107. (ii) 1919 c 142 § 1, part; RRS § 11226, part.]

Additional notes found at www.leg.wa.gov

"Assessment year," "fiscal year." The assessment year contemplated in this title and the fiscal year contemplated in this title shall commence on January 1st and end on December 31st in each year. [1961 c 15 § 84.04.040. Prior: 1939 c 206 § 39; 1925 ex.s. c 130 § 81; 1897 c 71 § 66; 1893 c 124 § 67; 1890 p 560 § 82; RRS § 11242.]

"County auditor." "County auditor" shall be construed to mean registrar or recorder, whenever it shall be necessary to use the same to the proper construction of this title. [1961 c 15 § 84.04.045. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

"Department." "Department" means the department of revenue of the state of Washington. [1979 c 107 § 25.]

"Householder." "Householder" shall be taken to mean and include every person, married, in a state registered domestic partnership, or single, who resides within the state of Washington being the owner or holder of an estate or having a house or place of abode, either as owner or lessee. [2009 c 521 § 195; 1961 c 15 § 84.04.050. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

"Legal description." "Legal description" shall be given its commonly accepted meaning, but for property tax purposes, the parcel number is sufficient for the legal description. [1989 c 378 § 6.]

"Money," "moneys." "Money" or "moneys" shall be held to mean coin or paper money issued by the United States government. [1998 c 106 § 12; 1961 c 15 § 84.04.060. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

"Number and gender." Every word importing the singular number only may be extended to or embrace the plural number, and every word importing the plural number may be applied and limited to the singular number, and every word importing the masculine gender only may be extended and applied to females as well as males. [1961 c 15 § 84.04.065. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

"Oath," "swear." "Oath" may be held to mean affirmation, and the word "swear" may be held to mean affirm. [1961 c 15 § 84.04.070. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

"Person." "Person" shall be construed to include firm, company, association or corporation. [1961 c 15 § 84.04.075. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

"Personal property." "Personal property" for the purposes of taxation, shall be held and construed to embrace and include, without especially defining and enumerating it, all goods, chattels, stocks, estates or moneys; all standing timber held or owned separately from the ownership of the land on which it may stand; all fish trap, pound net, reef net, set net and drag seine fishing locations; all leases of real property and leasehold interests therein for a term less than the life of the holder; all improvements upon lands the fee of which is still vested in the United States, or in the state of Washington; all gas and water mains and pipes laid in roads, streets or alleys; and all property of whatsoever kind, name, nature and description, which the law may define or the courts interpret, declare and hold to be personal property for the purpose of taxation and as being subject to the laws and under the jurisdiction of the courts of this state, whether the same be any marine craft, as ships and vessels, or other property held under the laws and jurisdiction of the courts of this state, be the same at home or abroad: PROVIDED, That mortgages, notes, accounts, certificates of deposit, tax certificates, judgments, state, county, municipal and taxing district bonds and warrants shall not be considered as property for the purpose of this title, and no deduction shall hereafter be made or allowed on account of any indebtedness owed. [1961 c 15 § 84.04.080. Prior: 1925 ex.s. c 130 § 5, part; 1907 c 108 §§ 1, 2; 1907 c 48 § 1, part; 1901 ex.s. c 2 § 1, part; 1897 c 71 § 3, part; 1895 c 176 § 1, part; 1893 c 124 § 3, part; 1891 c 140 § 3, part; 1890 p 530 § 3, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; 1871 p 37 § 1, part; 1869 p 176 § 3, part; 1854 p 332 § 4, part; RRS § 11109, part.]

Fox, mink, marten declared personalty: RCW 16.72.030.

"Real property." The term "real property" for the purposes of taxation shall be held and construed to mean and include the land itself, whether laid out in town lots or otherwise, and all buildings, structures or improvements or other fixtures of whatsoever kind thereon, except improvements upon lands the fee of which is still vested in the United States, or in the state of Washington, and all rights and privileges thereto belonging or in any wise appertaining, except leases of real property and leasehold interests therein for a term less than the life of the holder; and all substances in and under the same; all standing timber held or owned separately from the ownership of the land upon which the same may stand or be growing; and all improvements upon lands the fee of which is still vested in this state, be the same at home or abroad: PROVIDED, That mortgages, notes, accounts, certificates of deposit, tax certificates, judgments, state, county, municipal and taxing district bonds and warrants shall not be considered as property for the purpose of this title, and no deduction shall hereafter be made or allowed on account of any indebtedness owed. [1961 c 15 § 84.04.090. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

[Title 84 RCW—page 2]
The term real property shall also include a mobile home which has substantially lost its identity as a mobile unit by virtue of its being permanently fixed in location upon land owned or leased by the owner of the mobile home and placed on a permanent foundation (posts or blocks) with fixed pipe connections with sewer, water, or other utilities: PROVIDED, That a mobile home located on land leased by the owner of the mobile home shall be subject to the personal property provisions of chapter 84.56 RCW and RCW 84.60.040. [1987 c 155 § 1; 1985 c 395 § 2; 1971 ex.s. c 299 § 70; 1961 c 15 § 84.04.090. Prior: 1925 ex.s. c 130 § 4; 1897 c 71 § 2; 1893 c 124 § 2; 1891 c 140 § 2; 1890 p 530 § 2; 1886 p 48 § 2, part; Code 1881 § 2830, part; 1871 p 37 § 2; 1869 c 71 § 2; 1893 c 124 § 2; 1890 p 530 § 2; 1886 p 48 § 2, part; Code 1881 § 2830, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; 1871 p 37 § 2; 1869 p 176 § 2; RRS § 11108.]

Additional notes found at www.leg.wa.gov

84.04.095 Classification of components of irrigation systems. Notwithstanding RCW 84.04.080 and 84.04.090, the department shall classify, by rule, the components of irrigation systems as real or personal property for purposes of taxation under this title. [1987 c 319 § 8.]

84.04.100 "Tax" and derivatives. The word "tax" and its derivatives, "taxes," "taxing," "taxed," "taxation" and so forth shall be held and construed to mean the imposing of burdens upon property in proportion to the value thereof, for the purpose of raising revenue for public purposes. [1961 c 15 § 84.04.100. Prior: 1925 ex.s. c 130 § 1; 1897 c 71 § 1; 1893 c 124 § 1; RRS § 11105.]

84.04.120 "Taxing district." "Taxing district" shall be held and construed to mean and include the state and any county, city, town, port district, school district, road district, metropolitan park district, water-sewer district or other municipal corporation, now or hereafter existing, having the power or authorized by law to impose burdens upon property within the district in proportion to the value thereof, for the purpose of obtaining revenue for public purposes, as distinguished from municipal corporations authorized to impose burdens, or for which burdens may be imposed, for such purposes, upon property in proportion to the benefits accruing thereto. [1999 c 153 § 69; 1961 c 15 § 84.04.120. Prior: (i) 1919 c 142 § 1, part; RRS § 11122, part; (ii) 1925 ex.s. c 130 § 2; RRS § 11106.]

Additional notes found at www.leg.wa.gov

84.04.130 "Tract," "lot," etc. "Tract" or "lot," and "piece or parcel of real property," and "piece or parcel of lands" shall each be held to mean any contiguous quantity of land in the possession of, owned by, or recorded as the property of the same claimant, person or company. [1961 c 15 § 84.04.130. Prior: 1925 ex.s. c 130 § 6, part; 1897 c 71 § 4, part; 1893 c 124 § 4, part; 1890 p 531 § 4, part; 1886 p 48 § 2, part; Code 1881 § 2830, part; RRS § 11110, part.]

84.04.140 "Regular property taxes," "regular property tax levies." The term "regular property taxes" and the term "regular property tax levy" shall mean a property tax levy by or for a taxing district which levy is subject to the aggregate limitation set forth in RCW 84.52.043 and 84.52.050, as now or hereafter amended, or which is imposed by or for a port district or a public utility district. [1973 1st ex.s. c 195 § 88; 1971 ex.s. c 288 § 13.]

Additional notes found at www.leg.wa.gov

84.04.150 "Computer software" and related terms. (1) "Computer software" is a set of directions or instructions that exist in the form of machine-readable or human-readable code, is recorded on physical or electronic medium, and directs the operation of a computer system or other machinery or equipment. "Computer software" includes the associated documentation that describes the code and its use, operation, and maintenance and typically is delivered with the code to the user. "Computer software" does not include databases.

A "database" is text, data, or other information that may be accessed or managed with the aid of computer software but that does not itself have the capacity to direct the operation of a computer system or other machinery or equipment.

(2) "Custom computer software" is computer software that is designed for a single person's or a small group of persons' specific needs. "Custom computer software" includes modifications to canned computer software and can be developed in-house by the user, by outside developers, or by both.

A group of four or more persons is presumed not to be a small group of persons for the purposes of this subsection unless each of the persons is affiliated through common control and ownership. The department may by rule provide a definition of small group and affiliates consistent with this subsection.

For purposes of this subsection, "person" has the meaning given in RCW 82.04.030.

(3) "Canned computer software," occasionally known as prewritten or standard software, is computer software that is designed for and distributed "as is" for multiple persons who can use it without modifying its code and that is not otherwise considered custom computer software.

(4) "Embedded software" is computer software that resides permanently on some internal memory device in a computer system or other machinery or equipment, that is not removable in the ordinary course of operation, and that is of a type necessary for the routine operation of the computer system or other machinery or equipment. "Embedded software" may be either canned or custom computer software.

(5) "Retained rights" are any and all rights, including intellectual property rights such as those rights arising from copyrights, patents, and trade secret laws, that are owned or are held under contract or license by a computer software developer, author, inventor, publisher, licensor, sublicensor, or distributor.

(6) A "golden" or "master" copy of computer software is a copy of computer software from which a computer software developer, author, inventor, publisher, licensor, sublicensor, or distributor makes copies for sale or license. [1991 sp.s. c 29 § 2.]

Findings—Intent—1991 sp.s. c 29: "(1) The legislature finds that:

(a) Computer software is a class of personal property that is itself comprised of several different subclasses of personal property which can be distinguished by their use, development, distribution, and relationship to hardware, and includes custom software, canned software, and embedded software;

(b) Because different classes of software serve different needs, may be used by different taxpayers, and present different administrative burdens on
both the state and the citizens of the state of Washington, the different classes of
software should be treated differently for tax purposes;
(c) Canned software should continue to be subject to property tax, but,
because of its rapid obsolescence, should be subject to tax for only two years;
and the taxable interest should reside with the end user;
(d) Canned software that has been modified should continue to be tax-
able on the canned portion of the software;
(e) Embedded software should continue to be taxed as part of the
machinery or equipment of which it is a part;
(f) Custom software should be exempt from taxation, in part because of
the difficulty in accurately and uniformly determining the value of such soft-
ware;
(g) Retained rights in computer software should be exempt from the
property tax in part because of the difficulty in accurately and uniformly
determining the value of such software, the difficulty in determining the
scope and situs of such rights, and the adverse economic consequences to the
state of taxing such rights; and
(h) So-called "golden" or "master" copies of software should be exempt
from property tax like business inventory.

(2) It is the intent of the legislature that:
(a) The voluntary compliance nature of the personal property tax sys-
tem should be preserved and nothing in this act shall be construed to reduce
the taxpayer's obligation to fully and accurately list all taxable computer soft-
ware;
(b) Computer software should be listed and assessed for property taxes
payable in 1991 and 1992 in the same manner and to the same extent as com-
puter software was listed and assessed for taxes due in 1989;
(c) The definition of custom software, golden or master copies, and
retained rights shall be liberally construed in accordance with the purposes of
this act;
(d) This act shall provide fairness, equity, and uniformity in the prop-
erty tax treatment of each class of computer software in the state of Washing-
ton; and
(e) No inference should be taken from this act regarding the application
of the property tax to databases. * 1991 sp.s.c 29 § 1.*

84.04.900  Construction—Title applicable to state
registered domestic partnerships—2009 c 521. For the
purposes of this title, the terms spouse, marriage, marital,
husband, wife, widow, widower, next of kin, and family shall
be interpreted as applying equally to state registered domestic
partnerships or individuals in state registered domestic part-
nerships as well as to marital relationships and married per-
sons, and references to dissolution of marriage shall apply
equally to state registered domestic partnerships that have
been terminated, dissolved, or invalidated, to the extent that
such interpretation does not conflict with federal law. Where
necessary to implement chapter 521, Laws of 2009, gender-
specific terms such as husband and wife used in any statute,
rules, or other law shall be construed to be gender neutral, and
applicable to individuals in state registered domestic partners-
ships. [2009 c 521 § 194.]

Chapter 84.08 RCW
GENERAL POWERS AND DUTIES
OF DEPARTMENT OF REVENUE

Sections
84.08.005  Adoption of provisions of chapter 82.01 RCW.
84.08.010  Powers of department of revenue—General supervision—
Rules and processes—Visitation of counties.
84.08.020  Additional powers—To advise county and local officers—
Books and blanks—Reports.
84.08.030  Additional powers—To test work of assessors—Supplemental
assessment lists—Audits.
84.08.040  Additional powers—To keep valuation records—Access to
files of other public offices.
84.08.050  Additional powers—Access to books and records—Hear-
ings—Investigation of complaints.

84.08.060  Additional powers—Power over county boards of equaliza-
tion—Reconvening—Limitation on increase in property
value in appeals to board of tax appeals from county board of
equalization.
84.08.070  Rules and regulations authorized.
84.08.080  Department to decide questions of interpretation.
84.08.115  Department to prepare explanation of property tax system.
84.08.120  Duty to obey orders of department of revenue.
84.08.130  Appeals from county board of equalization to board of tax
appeals—Notice.
84.08.140  Appeals from levy of taxing district to department of revenue.
84.08.190  Assessors to meet with department of revenue.
84.08.210  Confidentiality and privilege of tax information—Excep-
tions—Penalty.

Constitutional limitations on taxation: State Constitution Art. 2 § 40, Art. 7,
Art. 11, §§ 9, 12.
Public bodies may retain collection agencies to collect public debts—Fees:
RCW 19.16.500.
Taxing districts; general limitation of indebtedness: Chapter 39.36 RCW.

84.08.005  Adoption of provisions of chapter 82.01
RCW. The provisions of chapter 82.01 RCW, as now or
hereafter amended, apply to Title 84 RCW as fully as though
they were set forth herein. [1961 c 15 § 84.08.005.]

84.08.010  Powers of department of revenue—Gen-
eral supervision—Rules and processes—Visitation of
counties. The department of revenue shall:
(1) Exercise general supervision and control over the
administration of the assessment and tax laws of the state,
over county assessors, and county boards of equalization, and
over boards of county commissioners, county treasurers and
county auditors and all other county officers, in the perfor-
mance of their duties relating to taxation, and perform any act
or give any order or direction to any county board of equal-
ization or to any county assessor or to any other county offi-
cers as to the taxation of any property, or class or classes of
property in any county, township, city or town, or as to any
other matter relating to the administration of the assessment
and taxation laws of the state, which, in the department's
judgment may seem just and necessary, to the end that all tax-
able property in this state shall be listed upon the assessment
rolls and valued and assessed according to the provisions of
law, and equalized between persons, firms, companies and
 corporations, and between the different counties of this state,
and between the different taxing units and townships, so that
equality of taxation and uniformity of administration shall be
secured and all taxes shall be collected according to the pro-
visions of law.

(2) Formulate such rules and processes for the assess-
ment of both real and personal property for purposes of tax-
ation as are best calculated to secure uniform assessment of
property of like kind and value in the various taxing units of the
state, and relative uniformity between properties of differ-
cent kinds and values in the same taxing unit. The department
of revenue shall furnish to each county assessor a copy of the
rules and processes so formulated. The department of revenue
may, from time to time, make such changes in the rules
and processes so formulated as it deems advisable to accom-
plish the purpose thereof, and it shall inform all county asses-
ors of such changes.

(3) Visit the counties in the state, unless prevented by
necessary official duties, for the investigation of the methods
adopted by the county assessors and county boards of com-
misioners in the assessment and equalization of taxation of
real and personal property; carefully examine into all cases where evasion of property taxation is alleged, and ascertain where existing laws are defective, or improperly or negligently administered. [1975 1st ex.s. c 278 § 147; 1961 c 15 § 84.08.010. Prior: 1939 c 206 §§ 4, part and 5, part; 1935 c 127 § 1, part; 1931 c 15 § 1, part; 1927 c 280 § 5, part; 1925 c 18 § 5, part; 1921 c 7 §§ 50, 53; 1907 c 220 § 1, part; 1905 c 115 § 2, part; RRS §§ 11091 (first), part and 11091 (second), part.]

Additional notes found at www.leg.wa.gov

84.08.020 Additional powers—To advise county and local officers—Books and blanks—Reports. The department of revenue shall:

(1) Confer with, advise and direct assessors, boards of equalization, county boards of commissioners, county treasurers, county auditors and all other county and township officers as to their duties under the law and statutes of the state, relating to taxation, and direct what proceedings, actions or prosecutions shall be instituted to support the law relating to the penalties, liabilities and punishment of public officers, persons, and officers or agents of corporations for failure or neglect to comply with the provisions of the statutes governing the return, assessment and taxation of property, and the collection of taxes, and cause complaint to be made against any of such public officers in the proper county for their removal from office for official misconduct or neglect of duty. In the execution of these powers and duties the said department or any member thereof may call upon prosecuting attorneys or the attorney general, who shall assist in the commencement and prosecution for penalties and forfeiture, liabilities and punishments for violations of the laws of the state in respect to the assessment and taxation of property.

(2) Prescribe all forms of books and blanks to be used in the assessment and collection of taxes, and change such forms when prescribed by law, and recommend to the legislature such changes as may be deemed most economical to the state and counties, and such recommendation shall be accompanied by carefully prepared bill or bills for this end.

(3) Require county, city and town officers to report information as to assessments of property, equalization of taxes, the expenditure of public funds for all purposes, and other information which said department of revenue may request. [1975 1st ex.s. c 278 § 148; 1961 c 15 § 84.08.020. Prior: 1939 c 206 § 5, part; 1935 c 127 § 1, part; 1921 c 7 §§ 50, 53; 1907 c 220 § 1, part; 1905 c 115 § 2, part; RRS § 11091 (second), part.]

Additional notes found at www.leg.wa.gov

84.08.030 Additional powers—To test work of assessors—Supplemental assessment lists—Audits. The department of revenue shall examine and test the work of county assessors at any time, and have and possess all rights and powers of such assessors for the examination of persons, and property, and for the discovery of property subject to taxation, and if it shall ascertain that any taxable property is omitted from the assessment list, or not assessed or valued according to law, it shall bring the same to the attention of the assessor of the proper county in writing, and if such assessor shall neglect or refuse to comply with the request of the department of revenue to place such property on the assess-

ment list, or to correct such incorrect assessment or valuation the department of revenue shall have the power to prepare a supplement to such assessment list, which supplement shall include all property required by the department of revenue to be placed on the assessment list and all corrections required to be made. Such supplement shall be filed with the assessor’s assessment list and shall thereafter constitute an integral part thereof to the exclusion of all portions of the original assessment list inconsistent therewith, and shall be submitted therefor to the county board of equalization. As part of the examining and testing of the work of county assessors to be accomplished pursuant to this section, the department of revenue shall audit statewide at least one-half of one percent of all personal property accounts listed each calendar year. [1975-’76 2nd ex.s. c 94 § 1; 1967 ex.s. c 149 § 30; 1961 c 15 § 84.08.030. Prior: 1939 c 206 § 4, part; 1931 c 15 § 1, part; 1927 c 280 § 5, part; 1925 c 18 § 5, part; 1921 c 7 §§ 50, 53; 1907 c 220 § 1, part; RRS § 11091 (first).]

Additional notes found at www.leg.wa.gov

84.08.040 Additional powers—To keep valuation records—Access to files of other public offices. The department of revenue shall secure, tabulate, and keep records of valuations of all classes of property throughout the state, and for that purpose, shall have access to all records and files of state offices and departments and county and municipal officers and shall require all public officers and employees whose duties make it possible to ascertain valuations, including valuations of property of public service corporations for rate making purposes to file reports with the department of revenue, giving such information as to such valuation and the source thereof. PROVIDED, That the nature and kind of the tabulations, records of valuation and requirements from public officers, as stated herein, shall be in such form, and cover such valuations, as the department of revenue shall prescribe. [1975 1st ex.s. c 278 § 149; 1961 c 15 § 84.08.040. Prior: 1939 c 206 § 4, part; 1931 c 15 § 1, part; 1927 c 280 § 5, part; 1925 c 18 § 5, part; 1921 c 7 §§ 50, 53; RRS § 11091 (first), part.]

Additional notes found at www.leg.wa.gov

84.08.050 Additional powers—Access to books and records—Hearings—Investigation of complaints. (1) The department of revenue shall:

(a) Require individuals, partnerships, companies, associations and corporations to furnish information as to their capital, funded debts, investments, value of property, earnings, taxes and all other facts called for on these subjects so that the department may determine the taxable value of any property or any other fact it may consider necessary to carry out any duties now or hereafter imposed upon it, or may ascertain the relative burdens borne by all kinds and classes of property within the state, and for these purposes their records, books, accounts, papers and memoranda shall be subject to production and inspection, investigation and examination by the department, or any employee thereof designated by the department for such purpose, and any or all real and/or personal property in this state shall be subject to visitation, investigation, examination and/or listing at any and all times by the department or by any employee thereof designated by the department.

(2014 Ed.)
84.08.060 Additional powers—Power over county boards of equalization—Reconvening—Limitation on increase in property value in appeals to board of tax appeals from county board of equalization. The department of revenue shall have power to direct and to order any county board of equalization to raise or lower the valuation of any taxable property, or to add any property to the assessment list; and may make such orders as it shall determine to be just and necessary. The department of revenue shall not raise the valuation of any property or add property to the assessment list until a period of five days shall have elapsed subsequent to the date of the last publication of such notice: PROVIDED, That appeals to the board of tax appeals by any taxpayer or taxing unit concerning any action of the county board of equalization shall not raise the valuation of the property to an amount greater than the larger of either the valuation of the property by the county assessor or the valuation of the property assigned by the county board of equalization. Such notice shall give the legal description of each tract of land involved, or a general description in case of personal property; the tax record-owner thereof; the assessed value thereof determined by the county board of equalization in case the property is on the assessment roll; and the assessed value thereof as determined by the department of revenue and shall state that the department of revenue proposes to increase the assessed valuation of such property to the amount stated in the notice and to add such property to the assessment list at the assessed valuation stated. The necessary expense incurred by the department of revenue in making such reassessment and/or adding such property to the assessment list shall be borne by the county or township in which the property as reassessed and/or so added to the assessment list is situated and shall be paid out of the proper funds of such county upon the order of the department of revenue.

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

84.08.070 Rules and regulations authorized. The department of revenue shall make such rules and regulations as may be necessary to carry out the powers granted by this chapter, and for conducting hearings and other proceedings before it. [1975 1st ex.s. c 278 § 151; 1961 c 15 § 84.08.070. Prior: 1939 c 206 § 4, part; 1931 c 15 § 1, part; 1927 c 280 § 5, part; 1925 c 18 § 5, part; 1921 c 7 §§ 50, 53; RRS § 11091 (first), part.]

Additional notes found at www.leg.wa.gov

84.08.080 Department to decide questions of interpretation. The department of revenue shall, with the advice of the attorney general, decide all questions that may arise in reference to the true construction or interpretation of this title, or any part thereof, with reference to the powers and duties of the department of revenue shall have power to take any other appropriate action, or to make such correction or change in the assessment list, and such corrections and changes shall be a part of the record of the proceedings of the said board of equalization: PROVIDED, That in all cases where the department of revenue shall raise the valuation of any property or add property to the assessment list, it shall give notice either for the same time and in the same manner as is now required in like cases of county boards of equalization, or if it shall deem such method of giving notice impracticable it shall give notice by publication thereof in a newspaper of general circulation within the county in which the property affected is situated once each week for two consecutive weeks, and the department of revenue shall not proceed to raise such valuation or add such property to the assessment list until a period of five days shall have elapsed subsequent to the date of the last publication of such notice: PROVIDED FURTHER, That appeals to the board of tax appeals by any taxpayer or taxing unit concerning any action of the county board of equalization shall not raise the valuation of the property to an amount greater than the larger of either the valuation of the property by the county assessor or the valuation of the property assigned by the county board of equalization. Such notice shall give the legal description of each tract of land involved, or a general description in case of personal property; the tax record-owner thereof; the assessed value thereof determined by the county board of equalization in case the property is on the assessment roll; and the assessed value thereof as determined by the department of revenue and shall state that the department of revenue proposes to increase the assessed valuation of such property to the amount stated in the notice and to add such property to the assessment list at the assessed valuation stated. The necessary expense incurred by the department of revenue in making such reassessment and/or adding such property to the assessment list shall be borne by the county or township in which the property as reassessed and/or so added to the assessment list is situated and shall be paid out of the proper funds of such county upon the order of the department of revenue. [1988 c 222 § 9; 1982 1st ex.s. c 46 § 11; 1975 1st ex.s. c 278 § 150; 1961 c 15 § 84.08.060. Prior: 1939 c 206 § 4, part; 1931 c 15 § 1, part; 1927 c 280 § 5, part; 1925 c 18 § 5, part; 1921 c 7 §§ 50, 53; RRS § 11091 (first), part.]

Additional notes found at www.leg.wa.gov

84.08.115 Department to prepare explanation of property tax system. (1) The department shall prepare a clear and succinct explanation of the property tax system, including but not limited to:

(a) The standard of true and fair value as the basis of the property tax.

(b) How the assessed value for particular parcels is determined.

(c) The procedures and timing of the assessment process.

(d) How district levy rates are determined, including the limit under chapter 84.55 RCW.

(e) How the composite tax rate is determined.

(f) How the amount of tax is calculated.

(g) How a taxpayer may appeal an assessment, and what issues are appropriate as a basis of appeal.

(h) A summary of tax exemption and relief programs, along with the eligibility standards and application processes.

(2) Each county assessor shall provide copies of the explanation to taxpayers on request, free of charge. Each revaluation notice shall include information regarding the availability of the explanation. [1997 c 3 § 207 (Referendum Bill No. 47, approved November 4, 1997); 1991 c 218 § 2.]

Intent—1997 c 3 §§ 201-207: See note following RCW 84.55.010.

84.08.120 Duty to obey orders of department of revenue. It shall be the duty of every public officer to comply with any lawful order, rule, or regulation of the department of revenue made under the provisions of this title, and whenever it shall appear to the department of revenue that any public officer or employee whose duties relate to the assessment or equalization of assessments of property for taxation or to the levy or collection of taxes has failed to comply with the provisions of this title or with any other law relating to such duties or the rules of the department made in pursuance thereof, the department after a hearing on the facts may issue its order directing such public officer or employee to comply with such provisions of law or of its rules, and if such public officer or employee for a period of ten days after service on him or her of the department's order shall neglect or refuse to comply therewith, the department of revenue may apply to a judge of the superior court or court commissioner of the county in which said public officer or employee holds office for an order returnable within five days from the date thereof to compel such public officer or employee to comply with such provisions of law or of the department's order, or to show cause why he or she should not be compelled so to do, and any order issued by the judge pursuant thereto shall be final. The remedy herein provided shall be cumulative and shall not exclude the department of revenue from exercising any power or rights otherwise granted. [2013 c 23 § 342; 1975 1st ex.s. c 278 § 155; 1961 c 15 § 84.08.120. Prior: 1939 c 206 § 7; 1927 c 280 § 12; 1925 c 18 § 12; RRS § 11102.]

Additional notes found at www.leg.wa.gov

84.08.130 Appeals from county board of equalization to board of tax appeals—Notice. (1) Any taxpayer or taxing unit feeling aggrieved by the action of any county board of equalization may appeal to the board of tax appeals by filing with the board of tax appeals in accordance with RCW 1.12.070 a notice of appeal within thirty days after the mailing of the decision of such board of equalization, which notice shall specify the actions complained of; and in like manner any county assessor may appeal to the board of tax appeals from any action of any county board of equalization. There shall be no fee charged for the filing of an appeal. The board shall transmit a copy of the notice of appeal to all named parties within thirty days of its receipt by the board. Appeals which are not filed as provided in this section shall be dismissed. The board of tax appeals shall require the board appealed from to file a true and correct copy of its decision in such action and all evidence taken in connection therewith, and may receive further evidence, and shall make such order as in its judgment is just and proper.

(2) The board of tax appeals may enter an order, pursuant to subsection (1) of this section, that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the value during that time. [1998 c 54 § 3; 1994 c 301 § 18; 1992 c 206 § 10; 1989 c 378 § 7; 1988 c 222 § 8; 1977 ex.s. c 290 § 1; 1975 1st ex.s. c 278 § 156; 1961 c 15 § 84.08.130. Prior: 1939 c 206 § 6; 1927 c 280 § 6; 1925 c 18 § 6; RRS § 11092.]

Evidence submission in advance of hearing: RCW 82.03.200.

Limitation on increase in property value in appeals to board of tax appeals from county board of equalization: RCW 84.08.060.

Additional notes found at www.leg.wa.gov

84.08.140 Appeals from levy of taxing district to department of revenue. Any taxpayer feeling aggrieved by the levy or levies of any taxing district except levies authorized by a vote of the voters of the district may appeal therefrom to the department of revenue as hereinafter provided. Such taxpayer, upon the execution of a bond, with two or more sufficient sureties to be approved by the county auditor, payable to the state of Washington, in the penal sum of two hundred dollars and conditioned that if the petitioner shall fail in his or her appeal for a reduction of said levy or levies the taxpayer will pay the taxable costs of the hearings hereinafter provided, not exceeding the amount of such bond, may file a written complaint with the county auditor wherein such taxing district is located not later than ten days after the making and entering of such levy or levies, setting forth in such form and detail as the department of revenue shall by general rule prescribe, the taxpayer's objections to such levy or levies. Upon the filing of such complaint, the county auditor shall immediately transmit a certified copy thereof, together with a copy of the budget or estimates of such taxing district as finally adopted, including estimated revenues and such other information as the department of revenue shall by rule require, to the department of revenue. The department of revenue shall fix a date for a hearing on said complaint at the earliest convenient time after receipt of said record, which hearing shall be held in the county in which said taxing district is located, and notice of such hearing shall be given to the officials of such taxing district, charged with determining the amount of its levies, and to the taxpayer on said complaint by

(2014 Ed.)
registered mail at least five days prior to the date of said hearing. At such hearings all interested parties may be heard and the department of revenue shall receive all competent evidence. After such hearing, the department of revenue shall either affirm or decrease the levy or levies complained of, in accordance with the evidence, and shall thereupon certify its action with respect thereto to the county auditor, who, in turn, shall certify it to the taxing district or districts affected, and the action of the department of revenue with respect to such levy or levies shall be final and conclusive. [2013 c 23 § 344; 1994 c 301 § 19; 1975 1st ex.s. c 278 § 157; 1961 c 15 § 84.08.140. Prior: 1927 c 280 § 8; 1925 c 18 § 8; RRS § 11098.]

84.08.190 Assessors to meet with department of revenue. For the purpose of instruction on the subject of taxation, the county assessors of the state shall meet with the department of revenue at the capital of the state, or at such place within the state as they may determine at their previous meeting, on the second Monday of October of each year or on such other date as may be fixed by the department of revenue. Each assessor shall be paid by the county of his or her residence his or her actual expenses in attending such meeting, upon presentation to the county auditor of proper vouchers. [2013 c 23 § 344; 1975 1st ex.s. c 278 § 158; 1961 c 15 § 84.08.190. Prior: 1939 c 206 § 16, part; 1925 ex.s. c 130 § 57, part; 1911 c 12 § 1; RRS § 11140, part.]

84.08.210 Confidentiality and privilege of tax information—Exceptions—Penalty. (1) For purposes of this section, "tax information" means confidential income data and proprietary business information obtained by the department in the course of carrying out the duties now or hereafter imposed upon it in this title that has been communicated in confidence in connection with the assessment of property and that has not been publicly disseminated by the taxpayer, the disclosure of which would be either highly offensive to a reasonable person and not a legitimate concern to the public or would result in an unfair competitive disadvantage to the taxpayer.

(2) Tax information is confidential and privileged, and except as authorized by this section, neither the department nor any other person may disclose tax information.

(3) Subsection (2) of this section, however, does not prohibit the department from:

(a) Disclosing tax information to any county assessor or county treasurer;

(b) Disclosing tax information in a civil or criminal judicial proceeding or an administrative proceeding in respect to taxes or penalties imposed under this title or Title 82 RCW or in respect to assessment or valuation for tax purposes of the property to which the information or facts relate;

(c) Disclosing tax information with the written permission of the taxpayer;

(d) Disclosing tax information to the proper officer of the tax department of any state responsible for the imposition or collection of property taxes, or for the valuation of property for tax purposes, if the other state grants substantially similar privileges to the proper officers of this state;

(e) Disclosing tax information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under chapter 42.56 RCW or is a document maintained by a court of record not otherwise prohibited from disclosure;

(f) Disclosing tax information to a peace officer as defined in RCW 9A.04.110 or county prosecutor, for official purposes. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax enforcement. A peace officer or county prosecutor who receives the tax information may disclose the tax information only for use in the investigation and a related court proceeding, or in the court proceeding for which the tax information originally was sought; or

(g) Disclosing information otherwise available under chapter 42.56 RCW.

(4) A violation of this section constitutes a gross misdemeanor. [2005 c 274 § 363; 1997 c 239 § 1.]

Chapter 84.09 RCW

GENERAL PROVISIONS

Sections
84.09.010 Nomenclature—Taxes designated as taxes of year in which payable.
84.09.020 Abbreviations authorized.
84.09.030 Taxing district boundaries—Establishment.
84.09.035 Withdrawal of certain areas of a library district, metropolitan park district, fire protection district, or public hospital district—Date effective.
84.09.037 School district boundary changes.
84.09.040 Penalty for nonperformance of duty by county officers.
84.09.050 Fees and costs allowed in civil actions against county officers.
84.09.060 Property tax advisor.
84.09.070 Authority of operating agencies to levy taxes.
84.09.090 Electronic assessment, notice, or other information provided by assessor.

84.09.010 Nomenclature—Taxes designated as taxes of year in which payable. All annual taxes and assessments of real and personal property shall hereafter be known and designated as taxes and assessments of the year in which such taxes and assessments, or the initial installment thereof, shall become due and payable. [1961 c 15 § 84.09.010. Prior: 1939 c 136 § 2; RRS § 11112-2. Formerly RCW 84.08.150.]

84.09.020 Abbreviations authorized. In all proceedings relative to the levy, assessment or collection of taxes, and any entries required to be made by any officer or by the clerk of the court, letters, figures and characters may be used to denote townships, ranges, sections, parts of sections, lots or blocks, or parts thereof, the year or years for which taxes were due, and the amount of taxes, assessments, penalties, interest and costs. Whenever the abbreviation "do." or the character "mmm" or any other similar abbreviations or characters shall be used in any such proceedings, they shall be construed and held as meaning and being the same name, word, initial, letters, abbreviations, figure or figures, as the last one preceding such "do." and "mmm" or other similar characters. [1961 c 15 § 84.09.020. Prior: 1925 ex.s. c 130 § 112, part; 1897 c 71 §
84.09.037 School district boundary changes. Each school district affected by a transfer of territory from one school district to another school district under chapter 28A.315 RCW shall retain its preexisting boundaries for the purpose of the collection of excess tax levies authorized under RCW 84.52.053 before the effective date of the transfer, for such tax collection years and for such excess tax levies as the superintendent of public instruction may approve and order that the transferred territory shall either be subject to or relieved of such excess levies, as the case may be. For the purpose of all other excess tax levies previously authorized under chapter 84.52 RCW and all excess tax levies authorized under RCW 84.52.053 subsequent to the effective date of a transfer of territory, the boundaries of the affected school districts shall be modified to recognize the transfer of territory subject to RCW 84.09.030. [2006 c 263 § 615; 1990 c 33 § 597; 1987 c 100 § 3.]

84.09.040 Penalty for nonperformance of duty by county officers. Every county auditor, county assessor, and county treasurer who in any case refuses or knowingly neglects to perform any duty enjoined on him or her by this title, or who consents to or connives at any evasion of its provisions whereby any proceeding herein provided for is prevented or hindered, or whereby any property required to be listed for taxation is unlawfully exempted, or the valuation thereof is entered on the tax roll at less than its true taxable value, shall, for every such neglect, refusal, consent, or connivance, forfeit and pay to the state not less than two hundred nor more than one thousand dollars, at the discretion of the court, to be recovered before any court of competent jurisdiction upon the complaint of any citizen who is a taxpayer; and the prosecuting attorney shall prosecute such suit to judgment and execution. [2013 c 23 § 345; 1961 c 15 § 84.09.040. Prior: 1925 ex.s. c 130 § 109; 1897 c 71 § 89; 1893 c 124 § 92; RRS § 11270. Formerly RCW 84.56.410.]

84.09.050 Fees and costs allowed in civil actions against county officers. Whenever a civil action is commenced against any person holding the office of county treasurer, county auditor, or any other officer, for performing or attempting to perform any duty authorized or directed by any statute of this state for the collection of the public revenue, such treasurer, auditor or other officer may, in the discretion of the court before whom such action is brought, by an order made by such court and entered in the minutes thereof, be allowed and paid out of the county treasury, reasonable fees of counsel and other expenses for defending such action. [1961 c 15 § 84.09.050. Prior: 1925 ex.s. c 130 § 110; 1897 c 71 § 90; 1893 c 124 § 92; RRS § 11270. Formerly RCW 84.56.420.]

84.09.035 Withdrawal of certain areas of a library district, metropolitan park district, fire protection district, or public hospital district—Date effective. Notwithstanding the provisions of RCW 84.09.030, the boundaries of a library district, metropolitan park district, fire protection district, or public hospital district that withdraws an area from its boundaries pursuant to RCW 27.12.355, 35.61.360, 52.04.056, or 70.44.235, which area has boundaries that are coterminous with the boundaries of a tax code area, shall be established as of the first day of October in the year in which the area is withdrawn. [1989 c 378 § 9; 1987 c 138 § 5.]

Effective date—2012 c 186: See note following RCW 28A.315.025.

Additional notes found at www.leg.wa.gov

84.09.060 Property tax advisor. See RCW 84.48.140.

84.09.070 Authority of operating agencies to levy taxes. Nothing in this title may be deemed to grant to any
operating agency organized under chapter 43.52 RCW, or a project of any such operating agency, the authority to levy any tax or assessment not otherwise authorized by law. [1983 2nd ex.s. c 3 § 56.]

Additional notes found at www.leg.wa.gov

84.09.090 Electronic assessment, notice, or other information provided by assessor. (1) Whenever the assessor is required by the provisions of this title to send any assessment, notice, or any other information to persons by regular mail, the assessor may instead provide the assessment, notice, or other information electronically if the following conditions are met:

(a) The person entitled to receive the information has authorized the assessor, electronically or otherwise, to provide the assessment, notice, or other information electronically; and

(b) If the assessment, notice, or other information is subject to the confidentiality provisions of RCW 82.32.330, 84.08.210, or 84.40.340, the assessor must use methods reasonably designed to protect the information from unauthorized disclosure. The provisions of this subsection (1)(b) may be waived by a taxpayer. The waiver must be in writing and may be provided to the assessor electronically. A waiver continues until revoked in writing by the taxpayer. Such revocation may be provided to the assessor electronically in a manner provided or approved by the assessor.

(2) Electronic notice pursuant to this section will continue until revoked in writing by the taxpayer. Such revocation may be provided to the assessor electronically in a manner provided or approved by the assessor.

(3) Electronic transmittal may be by electronic mail or other electronic means reasonably calculated to apprise the person of the information that is being provided.

(4) Any assessment, notice, or other information provided by the assessor to a person is deemed to have been mailed by the assessor and received by the person on the date that the assessor electronically sends the information to the person or electronically notifies the person that the information is available to be accessed by the person.

(5) This section also applies to information that is not expressly required by statute to be sent by regular mail, but is customarily sent by the assessor using regular mail, to persons entitled to receive the information.

(6) Information compiled or possessed by the assessor for the purposes of providing notice under this title, including but not limited to taxpayer e-mail addresses, waivers, waiver requests, waiver revocations, and passwords or other methods of protecting taxpayer information as required in subsection (1)(b) of this section, are not subject to disclosure under chapter 42.56 RCW. [2013 c 131 § 1.]

84.12.370 Certification to county assessor—Entry upon tax rolls.
84.12.380 Assessment of nonoperating property.
84.12.390 Rules and regulations.

84.12.200 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Airplane company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the conveyance and transportation of persons and/or property by aircraft, and engaged in the business of transporting persons and/or property for compensation, as owner, lessee or otherwise.

(b) "Airplane company" does not include a "commuter air carrier" as defined in RCW 82.48.010, whose ground property and equipment is located primarily on privately held real property.

(2) "Company" means and includes any railroad company, airplane company, electric light and power company, telegraph company, telephone company, gas company, pipe line company, or logging railroad company; and the term "companies" means and includes all of such companies.

(3) "Department" without other designation means the department of revenue of the state of Washington.

(4) "Electric light and power company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the manufacture, transportation, or distribution of electricity in this state, and engaged in the business of furnishing, transmitting, distributing or generating electrical energy for light, heat or power for compensation as owner, lessee or otherwise.

(5) "Gas company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the manufacture, transportation, or distribution of natural or manufactured gas in this state, and engaged for compensation in the business of furnishing gas for light, heat, power or other use, as owner, lessee or otherwise.

(6) "Logging railroad company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the conveyance and transportation of forest products by rail in this state, and engaged in the business of transporting forest products either as private carrier or carrier for hire.

(7) "Nonoperating property" means all physical property owned by any company, other than that used during the preceding calendar year in the conduct of its operations. It includes all lands and/or buildings wholly used by any person
other than the owning company. In cases where lands and/or buildings are used partially by the owning company in the conduct of its operations and partially by any other person not assessable under this chapter under lease, sublease, or other form of tenancy, the operating and nonoperating property of the company whose property is assessed under this section must be determined by the department of revenue in such manner as will, in its judgment, secure the separate valuation of such operating and nonoperating property upon a fair and equitable basis. The amount of operating revenue received from tenants or occupants of property of the owning company may not be considered material in determining the classification of such property.

(8) "Operating property" means and includes all property, real and personal, owned by any company, or held by it as occupant, lessee or otherwise, including all franchises and lands, buildings, rights-of-way, water powers, motor vehicles, wagons, horses, aircraft, aerodromes, hangars, office furniture, water mains, gas mains, pipe lines, pumping stations, tanks, tank farms, holders, reservoirs, telephone lines, telegraph lines, transmission and distribution lines, dams, generating plants, poles, wires, cables, conduits, switch boards, devices, appliances, instruments, equipment, machinery, landing slips, docks, roadbeds, tracks, terminals, rolling stock equipment, appurtenances and all other property of a like or different kind, situate within the state of Washington, used by the company in the conduct of its operations; and, in case of personal property used partly within and partly without the state, it means and includes a proportion of such personal property to be determined as in this chapter provided.

(9) "Person" means and includes any individual, firm, copartnership, joint venture, association, corporation, trust, or any other group acting as a unit, whether mutual, cooperative or otherwise, and/or trustees or receivers appointed by any court.

(10) "Pipe line company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the conveyance or transportation of oils, natural or manufactured gas and/or other substances, except water, by pipe line in this state, and engaged in such business for compensation, as owner, lessee or otherwise.

(11) "Railroad company" means and includes any person owning or operating a railroad, street railway, suburban railroad or interurban railroad in this state, whether its line of railroad be maintained at the surface, or above or below the surface of the earth, or by whatever power its vehicles are transported; or owning any station, depot, terminal or bridge for railroad purposes, as owner, lessee or otherwise.

(12) " Telegraph company" means and includes any person owning, controlling, operating or managing any telegraph or cable line in this state, with appliances for the transmission of messages, and engaged in the business of furnishing telegraph service for compensation, as owner, lessee or otherwise.

(13) "Telephone company" means and includes any person owning, controlling, operating or managing real or personal property, used or to be used for or in connection with or to facilitate the transmission of communication by telephone in this state through owned or controlled exchanges and/or switchboards, and engaged in the business of furnishing telephonic communication for compensation as owner, lessee or otherwise. [2013 c 56 § 1; 1998 c 335 § 1; 1994 c 124 § 13; 1987 c 153 § 1; 1975 1st ex.s. c 278 § 159; 1961 c 15 § 84.12.200. Prior: 1935 c 123 § 1; 1925 ex.s. c 130 § 36; 1907 c 131 § 2; 1907 c 78 § 2; RRS § 11156-1. Formerly RCW 84.12.010 and 84.12.020, part.]

Revisor’s note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Effective date—2013 c 56: See note following RCW 84.36.133.
Additional notes found at www.leg.wa.gov

84.12.210 Property used but not owned deemed sole operating property of owning company. Property used but not owned by an operating company shall, whether such use be exclusive or jointly with others, be deemed the sole operating property of the owning company. [1961 c 15 § 84.12.210. Prior: 1935 c 123 § 1, subdivision (19); RRS § 11156-1(19). Formerly RCW 84.12.020, part.]

84.12.220 Jurisdiction to determine operating, nonoperating property. In all matters relating to assessment and taxation the department of revenue shall have jurisdiction to determine what is operating property and what is nonoperating property. [1975 1st ex.s. c 278 § 160; 1961 c 15 § 84.12.220. Prior: 1935 c 123 § 2; RRS § 11156-2. Formerly RCW 84.12.020, part.]

Additional notes found at www.leg.wa.gov

84.12.230 Annual reports to be filed. Each company doing business in this state shall annually on or before the 15th day of March, make and file with the department of revenue an annual report, in such manner, upon such form, and giving such information as the department may direct: PROVIDED, That the department, upon written request filed on or before such date and for good cause shown therein, may allow an extension of time for filing not to exceed sixty days. At the time of making such report each company shall also be required to furnish to the department the annual reports of the board of directors, or other officers to the stockholders of the company, duplicate copies of the annual reports made to the interstate commerce commission or its successor agency and to the utilities and transportation commission of this state and duplicate copies of such other reports as the department may direct: PROVIDED, That the duplicate copies of these annual reports shall not be due until such time as they are due to the stockholders or commissioners. [1998 c 311 § 12; 1984 c 132 § 1; 1975 1st ex.s. c 278 § 161; 1961 c 15 § 84.12.230. Prior: 1935 c 123 § 3; 1925 ex.s. c 130 § 39; 1907 c 131 § 5; 1907 c 78 § 5; 1897 c 71 § 40; 1893 c 124 § 40; 1891 c 140 § 27; 1890 p 541 § 27; RRS § 11156-3. Formerly RCW 84.12.030.]

Additional notes found at www.leg.wa.gov

84.12.240 Access to books and records. The department of revenue shall have access to all books, papers, documents, statements, and accounts on file or of record in any of the departments of the state; and it shall have the power to issue subpoenas, signed by the director of the department or any duly authorized employee and served in a like manner as a subpoena issued from courts of record, to compel witnesses to appear and give evidence and to produce books and papers. The director of the department or any employee officially
designated by the department is authorized to administer oaths to witnesses. The attendance of any witness may be compelled by attachment issued out of any superior court upon application to said court by the director or any duly authorized employee of the department, upon a proper showing that such witness has been duly served with a subpoena and has refused to appear before the said department. In case of the refusal of a witness to produce books, papers, documents, or accounts, or to give evidence on matters material to the hearing, the department may institute proceedings in the proper superior court to compel such witness to testify or to produce such books or papers, and to punish him or her for such failure or refusal. All process issued by the department shall be served by the sheriff of the proper county or by a duly authorized agent of the department and such service, if made by the sheriff, shall be certified by him or her to the department of revenue without any compensation therefor. Persons appearing before the department in obedience to a subpoena shall receive the same compensation as witnesses in the superior court. The records, books, accounts, and papers of each company shall be subject to visitation, investigation, or examination by the department, or any employee thereof officially designated by the department. All real and/or personal property of any company shall be subject to visitation, investigation, examination, and/or listing at any and all times by the department, or any person officially designated by the director. [2013 c 23 § 346; 1975 1st ex.s. c 278 § 162; 1973 c 95 § 9; 1961 c 15 § 84.12.240. Prior: 1935 c 123 § 4; 1925 ex.s. c 130 § 37; 1907 c 131 § 3; 1907 c 78 § 3; RRS § 11156-4. Formerly RCW 84.12.080.]

Additional notes found at www.leg.wa.gov

84.12.250 Depositions may be taken. The department of revenue, in any matter material to the valuation, assessment or taxation of the operating property of any company, may cause the deposition of witnesses residing without the state or absent therefrom, to be taken upon notice to the company interested in like manner as the depositions of witnesses are taken in civil actions in the superior court. [1975 1st ex.s. c 278 § 163; 1961 c 15 § 84.12.250. Prior: 1935 c 123 § 4; 1925 ex.s. c 130 § 38; 1907 c 131 § 4; 1907 c 78 § 4; RRS § 11156-5. Formerly RCW 84.12.090.]

Additional notes found at www.leg.wa.gov

84.12.260 Default valuation by department of revenue—Penalty—Estoppel. (1) If any company shall fail to materially comply with the provisions of RCW 84.12.230, the department shall add to the value of such company, as a penalty for such failure, five percent for every thirty days or fraction thereof, not to exceed ten percent, that the company fails to comply.

(2) If any company, or any of its officers or agents shall refuse or neglect to make any report required by this chapter, or by the department of revenue, or shall refuse to permit an inspection and examination of its records, books, accounts, papers or property requested by the department of revenue, or shall refuse or neglect to appear before the department of revenue in obedience to a subpoena, the department of revenue shall inform itself to the best of its ability of the matters required to be known, in order to discharge its duties with respect to valuation and assessment of the property of such company, and the department shall add to the value so ascertained twenty-five percent as a penalty for such failure or refusal and such company shall be estopped to question or impeach the assessment of the department in any hearing or proceeding thereafter. Such penalty shall be in lieu of the penalty provided for in subsection (1) of this section.

(3) The department shall waive or cancel the penalty imposed under subsection (1) of this section for good cause shown.

(4) The department shall waive or cancel the penalty imposed under subsection (1) of this section when the circumstances under which the failure to materially comply with the provisions of RCW 84.12.230 do not qualify for waiver or cancellation under subsection (3) of this section if:
(a) The company fully complies with the reporting provisions of RCW 84.12.230 within thirty days of the due date or any extension granted by the department; and
(b) The company has timely complied with the provisions of RCW 84.12.230 for the previous two calendar years.

The requirement that a company has timely complied with the provisions of RCW 84.12.230 for the previous two calendar years is waived for any calendar year in which the company was not required to comply with the provisions of RCW 84.12.230. [2007 c 111 § 201; 1984 c 132 § 2; 1975 1st ex.s. c 278 § 164; 1961 c 15 § 84.12.260. 84.12.270 Annual assessment—Sources of information. The department of revenue shall annually make an assessment of the operating property of all companies; and between the fifteenth day of March and the first day of July of each year shall prepare an assessment roll upon which it shall enter and assess the true and fair value of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the true and fair value of such property the department of revenue may inspect the property belonging to said companies and may take into consideration any information or knowledge obtained by it from such examination and inspection of such property, or of the books, records, and accounts of such companies, the statements filed as required by this chapter, the reports, statements, or returns of such companies filed in the office of any board, office, or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the true and fair valuation of any and all property of such companies, whether operating or nonoperating property, and whether situated within or outside the state, and any other facts, evidence, or information that may be obtainable bearing upon the value of the operating property: PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining.
the amount, character, and true and fair value of the operating property of such company. [2001 c 187 § 3; 1997 c 3 § 113 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 20; 1975 1st ex.s. c 278 § 165; 1961 c 15 § 84.12.270. 84.12.280 Classification of real and personal property. In making the assessment of the operating property of any railroad or logging railroad company and in the apportionment of the values and the taxation thereof, all land occupied and claimed exclusively as the right-of-way for railroads, with all the tracks and substructures and superstructures which support the same, together with all side tracks, second tracks, turn-outs, station houses, depots, round houses, machine shops, or other buildings belonging to the company, used in the operation thereof, without separating the same into land and improvements, shall be assessed as real property. And the rolling stock and other movable property belonging to any railroad or logging railroad company shall be considered as personal property and taxed as such: PROVIDED, That all of the operating property of street railway companies shall be assessed and taxed as personal property.

All of the operating property of airplane companies, telegraph companies, pipe line companies, and all of the operating property other than lands and buildings of electric light and power companies, telephone companies, and gas companies shall be assessed and taxed as personal property. [2001 c 187 § 4; 1998 c 335 § 2; 1997 c 3 § 114 (Referendum Bill No. 47, approved November 4, 1997); 1987 c 153 § 2; 1961 c 15 § 84.12.280. Additional notes found at www.leg.wa.gov

84.12.300 Valuation of interstate utility — Apportionment of system value to state. In determining the value of the operating property within this state of any company, the properties of which lie partly within and partly without this state, the department of revenue may, among other things, take into consideration the value of the whole system as a unit, and for such purpose may determine, insofar as the same is reasonably ascertainable, the salvage value, the actual cost new, the cost of reproduction new less depreciation and plus appreciation, the par value, actual value and market value of the company's outstanding stocks and bonds during one or more preceding years, the past, present and prospective gross and net earnings of the whole system as a unit.

In apportioning such system value to the state, the department of revenue shall consider relative costs, relative reproduction cost, relative future prospects and relative track mileage and the distribution of terminal properties within and without the state and such other matters and things as the department may deem pertinent.

The department may also take into consideration the actual cost, cost of reproduction new, and cost of reproduction new less depreciation, earning capacity and future prospects of the property, located within the state and all other matters and things deemed pertinent by the department of revenue. [1975 1st ex.s. c 278 § 166; 1961 c 15 § 84.12.300. Prior: 1935 c 123 § 9; 1925 ex.s. c 130 § 44; 1907 c 78 § 8; RRS § 11156-9. Formerly RCW 84.12.060.]

Additional notes found at www.leg.wa.gov

84.12.310 Deduction of nonoperating property. For the purpose of determining the system value of the operating property of any such company, the department of revenue shall deduct from the true and fair value of the total assets of such company, the actual cash value of all nonoperating property owned by such company. For such purpose the department of revenue may require of the assessors of the various counties within this state a detailed list of such company's properties assessed by them, together with the assessable or assessed value thereof: PROVIDED, That such assessed or assessable value shall be advisory only and not conclusive on the department of revenue as to the value thereof. [2001 c 187 § 5; 1997 c 3 § 115 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 21; 1975 1st ex.s. c 278 § 167; 1961 c 15 § 84.12.310. Prior: 1935 c 123 § 10; RRS § 11156-10. Formerly RCW 84.12.070.]

84.12.320 Persons bound by notice. Every person, company or companies operating any property in this state as defined in this chapter shall be the representative of every title and interest in the property as owner, lessee or otherwise, and notice to such person shall be notice to all interests in the property for the purpose of assessment and taxation. The assessment and taxation of the property of the company in the name of the owner, lessee or operating company shall be deemed and held an assessment and taxation of all the title and interest in such property of every kind and nature. [1961 c 15 § 84.12.320. Prior: 1935 c 123 § 11; RRS § 11156-11. Formerly RCW 84.12.120.]

84.12.330 Assessment roll — Notice of valuation. Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of *RCW 84.12.200(12), as applied to the company, following which shall be entered the true and fair value of the operating property as determined by the department of revenue. No assessment shall be invalided by reason of a mistake in the name of the company assessed, or the omission of the name of the owner or by the entry as owner of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the true and fair value of the operating property of the company, as herein required, it shall notify the company by mail of the valuation determined by it and entered upon the roll. [2001 c 187 § 6; 1998 c 335 § 3; 1997 c 3 § 116 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 22; 1975 1st ex.s. c 278 § 168; 1961 c 15 § 84.12.330. *Revisor's note: RCW 84.12.200 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (12) to subsection (8).
84.12.340 Hearings on assessment, time and place of.

Following the making of an assessment, every company may present a motion for a hearing on the assessment with the department of revenue within the first ten working days of July. The hearing on this motion shall be held within ten working days following the hearing request period. During this hearing, the company may present evidence relating to the value of its operating property and to the value of other taxable property in the county in which its operating property is situate. Upon request in writing for such hearing, the department shall appoint a time and place therefor, within the period aforesaid, the hearing to be conducted in such manner as the department shall direct. Hearings provided for in this section may be held at such times and in such places throughout the state as the department may deem proper or necessary, may be adjourned from time to time and from place to place and may be conducted by the department of revenue or by such member or members thereof as may be duly delegated to act for it. Testimony taken at this hearing shall be recorded. [1994 c 124 § 14; 1975 1st ex.s. c 278 § 169; 1961 c 15 § 84.12.340. Prior: 1953 c 162 § 1; 1939 c 206 § 20; 1935 c 123 § 13; RRS § 11156-13. Formerly RCW 84.12.130.]

84.12.350 Apportionment of value by department of revenue.

Upon determination by the department of revenue of the true and fair value of the property appearing on such rolls it shall apportion such value to the respective counties entitled thereto, as hereinafter provided, and shall determine the equalized assessed valuation of such property in each such county and in the several taxing districts therein, by applying to such actual apportioned value the same ratio as the ratio of assessed to actual value of the general property in such county: PROVIDED, That, whenever the amount of the assessed value to the county assessor of the proper county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county or taxing district but may be added to the amount apportioned to an adjacent county or taxing district. [2001 c 187 § 7; 1997 c 3 § 117 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 24; 1987 c 153 § 3; 1975 1st ex.s. c 278 § 170; 1961 c 15 § 84.12.360. Prior: 1955 c 120 § 1; 1935 c 123 § 15; 1925 ex.s. c 130 § 47; 1917 c 25 § 1; 1907 c 78 § 11; 1891 c 140 § 33; 1890 p 541 § 30; RRS § 11156-15. Formerly RCW 84.12.140.]  

Additional notes found at www.leg.wa.gov

84.12.360 Basis of apportionment.

The true and fair value of the operating property assessed to a company, as fixed and determined by the department of revenue, shall be apportioned by the department of revenue to the respective counties and to the taxing districts thereof wherein such property is located in the following manner:

(1) Property of all railroad companies other than street railroad companies, telegraph companies and pipe line companies—upon the basis of that proportion of the value of the total operating property within the state which the mileage of track, as classified by the department of revenue (in case of railroads), mileage of wire (in the case of telegraph companies), and mileage of pipe line (in the case of pipe line companies) within each county or taxing district bears to the total mileage thereof within the state, at the end of the calendar year last past. For the purpose of such apportionment the department may classify railroad track.

(2) Property of street railroad companies, telephone companies, electric light and power companies, and gas companies—upon the basis of relative value of the operating property within each county and taxing district to the value of the total operating property within the state to be determined by such factors as the department of revenue shall deem proper.

(3) Planes or other aircraft of airplane companies—upon the basis of such factor or factors of allocation, to be determined by the department of revenue, as will secure a substantially fair and equitable division between counties and other taxing districts.

All other property of airplane companies—upon the basis set forth in subsection (2) of this section.

The basis of apportionment with reference to all public utility companies above prescribed shall not be deemed exclusive and the department of revenue in apportioning values of such companies may also take into consideration such other information, facts, circumstances, or allocation factors as will enable it to make a substantially just and correct valuation of the operating property of such companies within the state and within each county thereof. [2001 c 187 § 8; 1998 c 335 § 4; 1997 c 3 § 118 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 24; 1987 c 153 § 3; 1975 1st ex.s. c 278 § 170; 1961 c 15 § 84.12.360. Prior: 1955 c 120 § 1; 1935 c 123 § 15; 1925 ex.s. c 130 § 47; 1917 c 25 § 1; 1907 c 78 § 11; 1891 c 140 § 33; 1890 p 541 § 30; RRS § 11156-15. Formerly RCW 84.12.150.]

Additional notes found at www.leg.wa.gov

84.12.370 Certification to county assessor—Entry upon tax rolls.

When the department of revenue shall have determined the equalized assessed value of the operating property of each company in each of the respective counties and in the taxing districts thereof, as hereinabove provided, the department of revenue shall certify such equalized assessed value to the county assessor of the proper county. The county assessor shall enter the company's real operating property upon the real property tax rolls and the company's personal operating property upon the personal property tax rolls of the county, together with the values so apportioned, and the same shall be and constitute the assessed valuation of the operating property of the company in such county and the taxing districts therein for that year, upon which taxes shall be levied and collected in the same manner as on the general property of such county. [1994 c 301 § 25; 1975 1st ex.s. c 278 § 171; 1961 c 15 § 84.12.370. Prior: 1935 c 123 § 16; RRS § 11156-16. Formerly RCW 84.12.160.]

Additional notes found at www.leg.wa.gov

84.12.380 Assessment of nonoperating property.

All property of any company not assessed as operating property under the provisions of this chapter shall be assessed by the assessor of the county wherein the same may be located or situate the same as the general property of the county. [1961 c 15 § 84.12.380. Prior: 1935 c 123 § 17; 1891 c 140 § 34;
84.14.007 Purpose. It is the purpose of this chapter to encourage increased residential opportunities, including affordable housing opportunities, in cities that are required to plan or choose to plan under the growth management act within urban centers where the governing authority of the affected city has found there is insufficient housing opportunities, including affordable housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities, including affordable housing opportunities, within these urban centers.

To achieve these purposes, this chapter provides for special valuations in residentially deficient urban centers for eligible improvements associated with multiunit housing, which includes affordable housing. It is an additional purpose of this chapter to allow unincorporated areas of rural counties that are within urban growth areas to stimulate housing opportunities and for certain counties to stimulate housing opportunities near college campuses to promote dense, transit-oriented, walkable college communities. [2014 c 96 § 2; 2012 c 194 § 1; 2007 c 430 § 2; 1995 c 375 § 2.]

84.14.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Affordable housing" means residential housing that is rented by a person or household whose monthly housing costs, including utilities other than telephone, do not exceed thirty percent of the household's monthly income. For the purposes of housing intended for owner occupancy, "affordable housing" means residential housing that is within the means of low or moderate-income households.

(2) "Campus facilities master plan" means the area that is part of a comprehensive plan for development of the campus facilities for branch campuses authorized under RCW 28B.45.020.

(3) "City" means either (a) a city or town with a population of at least fifteen thousand, (b) the largest city or town, if there is no city or town with a population of at least fifteen thousand, located in a county planning under the growth management act, or (c) a city or town with a population of at least five thousand located in a county subject to the provisions of RCW 36.70A.215.

(4) "County" means a county with an unincorporated population of at least three hundred fifty thousand.

(5) "Governing authority" means the local legislative authority of a city or a county having jurisdiction over the property for which an exemption may be applied for under this chapter.

(6) "Growth management act" means chapter 36.70A RCW.

(7) "High cost area" means a county where the third quarter median house price for the previous year as reported by the Washington center for real estate research at Washington State University is equal to or greater than one hundred thirty percent of the statewide median house price published during the same time period.

(8) "Household" means a single person, family, or unrelated persons living together.

New and Rehabilitated Multiple-Unit Dwellings in Urban Centers

84.14.005 Findings. The legislature finds:

(1) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units, including affordable housing units, to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, affordable, and livable places to live were available;

(2) That the development of additional and desirable residential units, including affordable housing units, in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable mixed income residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

(3) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking a sufficient variety of residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities, including affordable housing opportunities, within urban centers through a tax incentive as provided by this chapter. [2007 c 430 § 1; 1995 c 375 § 1.]

(2014 Ed.)
(9) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median family income adjusted for family size, for the county where the project is located, as reported by the United States department of housing and urban development. For cities located in high-cost areas, "low-income household" means a household that has an income at or below one hundred percent of the median family income adjusted for family size, for the county where the project is located.

(10) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is more than eighty percent but is at or below one hundred fifteen percent of the median family income adjusted for family size, for the county where the project is located, as reported by the United States department of housing and urban development. For cities located in high-cost areas, "moderate-income household" means a household that has an income that is more than one hundred percent, but at or below one hundred fifty percent, of the median family income adjusted for family size, for the county where the project is located.

(11) "Multiple-unit housing" means a building having four or more dwelling units not designed or used as transient accommodations and not including hotels and motels. Multifamily units may result from new construction or rehabilitated or conversion of vacant, underutilized, or substandard buildings to multifamily housing.

(12) "Owner" means the property owner of record.

(13) "Permanent residential occupancy" means multifamily housing that provides either rental or owner occupancy on a nontransient basis. This includes owner-occupied or rental accommodation that is leased for a period of at least one month. This excludes hotels and motels that predominately offer rental accommodation on a daily or weekly basis.

(14) "Rehabilitation improvements" means modifications to existing structures, that are vacant for twelve months or longer, that are made to achieve a condition of substantial compliance with existing building codes or modification to existing occupied structures which increase the number of multifamily housing units.

(15) "Residential targeted area" means an area within an urban center or urban growth area that has been designated by the governing authority as a residential targeted area in accordance with this chapter. With respect to designations after July 1, 2007, "residential targeted area" may not include a campus facilities master plan.

(16) "Rural county" means a county with a population between fifty thousand and seventy-one thousand and bordering Puget Sound.

(17) "Substantial compliance" means compliance with local building or housing code requirements that are typically required for rehabilitation as opposed to new construction.

(18) "Urban center" means a compact identifiable district where urban residents may obtain a variety of products and services. An urban center may contain:

(a) Several existing or previous, or both, business establishments that may include but are not limited to shops, offices, banks, restaurants, governmental agencies; (b) Adequate public facilities including streets, sidewalks, lighting, transit, domestic water, and sanitary sewer systems; and
(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

Effective date—2007 c 185: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2007."

Additional notes found at www.leg.wa.gov
in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(4) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(5) At the conclusion of the exemption period, the new or rehabilitated housing cost shall be considered as new construction for the purposes of chapter 84.55 RCW. [2007 c 430 § 4; 2002 c 146 § 2; 1999 c 132 § 1; 1995 c 375 § 5.]

84.14.040 Designation of residential targeted area—Criteria—Local designation—Hearing—Standards, guidelines. (1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing, including affordable housing, to meet the needs of the public who would be likely to live in the urban center, if the affordable, desirable, attractive, and livable places to live were available;

(c) The providing of additional housing opportunity, including affordable housing, in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter; and

(d) If the residential targeted area is designated by a county, the area must be located in an unincorporated area of the county that is within an urban growth area under RCW 36.70A.110 and the area must be: (i) In a rural county, served by a sewer system and designated by a county prior to January 1, 2013; or (ii) in a county that includes a campus of an institution of higher education, as defined in RCW 28B.92.030, where at least one thousand two hundred students live on campus during the academic year.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city or county where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation, which must include:

(a) Application process and procedures;

(b) Requirements that address demolition of existing structures and site utilization; and

(c) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

(6) The governing authority may adopt and implement, either as conditions to eight-year exemptions or as conditions to an extended exemption period under RCW...
Chapter 84.14 RCW

Title 84 RCW: Property Taxes

(1) The governing authority or an administrative official or commission authorized by the governing authority must approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city or county must

(a) A statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for the incentive provided under this chapter;

(b) The applicant must verify the application by oath or affirmation; and

(c) The application must be accompanied by the application fee, if any, required under RCW 84.14.080. The governing authority may permit the applicant to revise an application before final action by the governing authority. [2012 c 194 § 5; 2007 c 430 § 7; 1999 c 132 § 2; 1997 c 429 § 43; 1995 c 375 § 8.]

Additional notes found at www.leg.wa.gov

84.14.060 Approval—Required findings. (1) The duly authorized administrative official or committee of the city or county may approve the application if it finds that:

(a) A minimum of four new units are being constructed or in the case of occupied rehabilitation or conversion a minimum of four additional multifamily units are being developed;

(b) If applicable, the proposed multifamily housing project meets the affordable housing requirements as described in RCW 84.14.020;

(c) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(d) The owner has complied with all standards and guidelines adopted by the city or county under this chapter; and

(e) The site is located in a residential targeted area of an urban center or urban growth area that has been designated by the governing authority in accordance with procedures and guidelines indicated in RCW 84.14.040.

(2) An application may not be approved after July 1, 2007, if any part of the proposed project site is within a campus facilities master plan, except as provided in RCW 84.14.040(1)(d).

(3) An application may not be approved for a residential targeted area in a rural county on or after January 1, 2020. [2014 c 96 § 5; 2012 c 194 § 6. Prior: 2007 c 430 § 8; 2007 c 185 § 2; 1995 c 375 § 9.]

Effective date—2007 c 185: See note following RCW 84.14.040.

(1) The governing authority or an administrative official or commission authorized by the governing authority must approve or deny an application filed under this chapter within ninety days after receipt of the application.

(2) If the application is approved, the city or county must issue the owner of the property a conditional certificate of acceptance of tax exemption. The certificate must contain a statement by a duly authorized administrative official of the governing authority that the property has complied with the required findings indicated in RCW 84.14.060.

(3) If the application is denied by the authorized administrative official or commission authorized by the governing authority, the deciding administrative official or commission must state in writing the reasons for denial and send the
notice to the applicant at the applicant's last known address within ten days of the denial.

(4) Upon denial by a duly authorized administrative official or commission, an applicant may appeal the denial to the governing authority within thirty days after receipt of the denial. The appeal before the governing authority must be based upon the record made before the administrative official with the burden of proof on the applicant to show that there was no substantial evidence to support the administrative official's decision. The decision of the governing body in denying or approving the application is final. [2012 c 194 § 7; 1995 c 375 § 10.]

84.14.080 Fees. The governing authority may establish an application fee. This fee may not exceed an amount determined to be required to cover the cost to be incurred by the governing authority and the assessor in administering this chapter. The application fee must be paid at the time the application for a limited tax exemption under this chapter has been approved and after issuance of the certificate of tax exemption, the owner must file with the city or county the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter;

(c) If applicable, a statement that the project meets the affordable housing requirements as described in RCW 84.14.020; and

(d) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city or county must determine whether the work completed, and the affordability of the units, is consistent with the application and the contract approved by the city or county and is qualified for a limited tax exemption under this chapter. The city or county must also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for a limited tax exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city or county determines that improvements were constructed consistent with the application and other applicable requirements, including if applicable, affordable housing requirements, and the owner's property is qualified for a limited tax exemption under this chapter, the city or county must file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city or county must notify the applicant that a certificate of tax exemption is not going to be filed if the authorized representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements;

(c) If applicable, the affordable housing requirements as described in RCW 84.14.020 were not met; or

(d) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city or county finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city or county official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city or county officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city or county to the owner of the decision being challenged. [2012 c 194 § 8; 2007 c 430 § 9; 1995 c 375 § 12.]

84.14.100 Report—Filing. (1) Thirty days after the anniversary of the date of the certificate of tax exemption and each year for the tax exemption period, the owner of the rehabilitated or newly constructed property must file with a designated authorized representative of the city or county an annual report indicating the following:

(a) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the twelve months ending with the anniversary date;

(b) A certification by the owner that the property has not changed use and, if applicable, that the property has been in
84.14.110 Cancellation of exemption—Notice by owner of change in use—Additional tax—Penalty—Interest—Lien—Notice of cancellation—Appeal—Correction of tax rolls. (1) If improvements have been exempted under this chapter, the improvements continue to be exempted for the applicable period under RCW 84.14.020, so long as they are not converted to another use and continue to satisfy all applicable conditions. If the owner intends to convert the multifamily development to another use, or if applicable, if the owner intends to discontinue compliance with the affordable housing requirements as described in RCW 84.14.020 or any other condition to exemption, the owner must notify the assessor within sixty days of the change in use or intended discontinuance. If, after a certificate of tax exemption has been filed with the county assessor, the authorized representative of the governing authority discovers that a portion of the property is changed or will be changed to a use that is other than residential or that housing or amenities no longer meet the requirements, including, if applicable, affordable housing requirements, as previously approved or agreed upon by contract between the city or county and the owner and that the multifamily housing, or a portion of the housing, no longer qualifies for the exemption, the tax exemption must be canceled and the following must occur:

(a) Additional real property tax must be imposed upon the value of the nonqualifying improvements in the amount that would normally be imposed, plus a penalty must be imposed amounting to twenty percent. This additional tax is calculated based upon the difference between the property tax paid and the property tax that would have been paid if it had included the value of the nonqualifying improvements dated back to the date that the improvements were converted to a nonmultifamily use;

(b) The tax must include interest upon the amounts of the additional tax at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the improvements had been assessed at a value without regard to this chapter; and

(c) The additional tax owed together with interest and penalty must become a lien on the land and attach at the time the property or portion of the property is removed from multifamily use or the amenities no longer meet applicable requirements, and has priority to and must be fully paid and satisfied before a recognize, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes. An additional tax unpaid on its due date is delinquent. From the date of delinquency until paid, interest must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(2) Upon a determination that a tax exemption is to be canceled for a reason stated in this section, the governing authority or authorized representative must notify the record owner of the property as shown by the tax rolls by mail, return receipt requested, of the determination to cancel the exemption. The owner may appeal the determination to the governing authority or authorized representative, within thirty days by filing a notice of appeal with the clerk of the governing authority, which notice must specify the factual and legal basis on which the determination of cancellation is alleged to be erroneous. The governing authority or a hearing examiner or other official authorized by the governing authority may hear the appeal. At the hearing, all affected parties may be heard and all competent evidence received. After the hearing, the deciding body or officer must either affirm, modify, or repeal the decision of cancellation of exemption based on the evidence received. An aggrieved party may appeal the decision of the deciding body or officer to the superior court under RCW 34.05.510 through 34.05.598.

(3) Upon determination by the governing authority or authorized representative to terminate an exemption, the county officials having possession of the assessment and tax rolls must correct the rolls in the manner provided for omitted property under RCW 84.40.080. The county assessor must make such a valuation of the property and improvements as is necessary to permit the correction of the rolls. The value of the new housing construction, conversion, and rehabilitation improvements added to the rolls is considered as new construction for the purposes of chapter 84.55 RCW. The owner may appeal the valuation to the county board of equalization under chapter 84.48 RCW and according to the provisions of RCW 84.40.038. If there has been a failure to comply with this chapter, the property must be listed as an omitted assessment for assessment years beginning January 1 of the calendar year in which the noncompliance first occurred, but the listing as an omitted assessment may not be for a period more than three calendar years preceding the year in which the fail-
84.16.032 Access to books and records. The department of revenue may require in the form of return prescribed by it, access to books, papers, documents, statements, and accounts on file or of record in any of the departments of the state; and shall have the power, by summons signed by director and served in a like manner as a summons signed by any other officer of such company, containing the following facts:

(1) The name of the company, the nature of the business conducted by the company, and under the laws of what state or country organized; the location of its principal office; the name and post office address of its president, secretary, auditor, treasurer, superintendent and general manager; the name and post office address of the chief officer or managing agent or attorney-in-fact in Washington.

(2) The total number of cars of every class used in transacting business on all lines of railroad, within the state and outside the state; together with the original cost and the fair average value per car of all cars of each of such classes.

(3) The total number of miles of railroad main track over which such cars were used within this state and within each county in this state.

(4) The total number of car miles made by all cars on each of the several lines of railroad in this state, and the total number of car miles made by all cars on all railroads within and without the state during the year.

(5) A statement in detail of the entire gross receipts and net earnings of the company during the year within the state and of the entire system, from all sources.

(6) Such other facts or information as the department of revenue may require in the form of return prescribed by it.

The department of revenue shall have power to prescribe directions, rules and regulations to be followed in making the report required herein. [1975 1st ex.s. c 278 § 174; 1961 c 15 § 84.16.020. Prior: 1933 c 146 § 2; RRS § 11172-2; prior: 1907 c 36 § 2.]

Additional notes found at www.leg.wa.gov

84.16.030 Annual statement of railroad companies. The president or other officer of every railroad company whose lines run in, into or through this state, shall, on or before the first day of April in each year, furnish to the department of revenue a statement, verified by the affidavit of the officer making the same, showing as to every private car company respectively, the name of the company, the class of car and the total number of miles made by each class of cars, and the total number of miles made by all cars on its lines, branches, sidings, spurs or warehouse tracks, within this state during the year ending on the thirty-first day of December next preceding. [1975 1st ex.s. c 278 § 175; 1961 c 15 § 84.16.030. Prior: 1933 c 146 § 3; RRS § 11172-3.]

Additional notes found at www.leg.wa.gov

84.16.020 Annual statement of private car companies. Every private car company shall annually on or before the first day of May, make and file with the department of revenue in such form and upon such blanks as the department of revenue may provide and furnish, a statement, for the year ending December thirty-first next preceding, under the oath of the president, secretary, treasurer, superintendent or chief officer of such company, containing the following facts:

(1) The name of the company, the nature of the business conducted by the company, and under the laws of what state or country organized; the location of its principal office; the name and post office address of its president, secretary, auditor, treasurer, superintendent and general manager; the name and post office address of the chief officer or managing agent or attorney-in-fact in Washington.

(2) The total number of cars of every class used in transacting business on all lines of railroad, within the state and outside the state; together with the original cost and the fair average value per car of all cars of each of such classes.

(3) The total number of miles of railroad main track over which such cars were used within this state and within each county in this state.

(4) The total number of car miles made by all cars on each of the several lines of railroad in this state, and the total number of car miles made by all cars on all railroads within and without the state during the year.

(5) A statement in detail of the entire gross receipts and net earnings of the company during the year within the state and of the entire system, from all sources.

(6) Such other facts or information as the department of revenue may require in the form of return prescribed by it.

The department of revenue shall have power to prescribe directions, rules and regulations to be followed in making the report required herein. [1975 1st ex.s. c 278 § 174; 1961 c 15 § 84.16.020. Prior: 1933 c 146 § 2; RRS § 11172-2; prior: 1907 c 36 § 2.]

Additional notes found at www.leg.wa.gov

84.16.030 Definitions. For the purposes of this chapter and unless otherwise required by the context:

(1) The term "department" without other designation means the department of revenue of the state of Washington.

(2) The term "private car company" or "company" shall mean and include any person, copartnership, association, company or corporation owning, controlling, operating or managing stock cars, furniture cars, refrigerator cars, fruit cars, poultry cars, tank cars or any other kind of cars, used for transportation of property, by or upon railroad lines running in, into or through the state of Washington when such railroad lines are not owned or leased by such person, copartnership, association, company or corporation; or owning, controlling, operating or managing sleeping cars, parlor cars, buffet cars, tourist cars or any other kind of cars, used for transportation of persons by or upon railroad lines running in, into or through the state of Washington when such railroad lines are not owned or leased by such person, copartnership, association, company or corporation and upon which an extra charge in addition to the railroad transportation fare is made.

(3) The term "operating property" shall mean and include all rolling stock and car equipment owned by any private car company, or held by it as occupant, lessee or otherwise, including its franchises used and reasonably necessary in carrying on the business of such company; and in the case of rolling stock and car equipment used partly within and partly without the state, shall mean and include a proportion of such rolling stock and car equipment to be determined as in this chapter provided; and all such property shall, for the purposes of this chapter be deemed personal property. [1975 1st ex.s. c 278 § 173; 1961 c 15 § 84.16.010. Prior: 1933 c 146 § 1; RRS § 11172-1; prior: 1907 c 36 § 1.]
The director or any employee officially designated by the director is authorized to administer oaths to witnesses. The attendance of any witness may be compelled by attachment issued out of any superior court upon application to said court by the department, upon a proper showing that such witness has been duly served with a summons and has refused to appear before the said department. In case of the refusal of a witness to produce books, papers, documents, or accounts or to give evidence on matters material to the hearing, the witness to produce books, papers, documents, or accounts or appear before the said department. In case of the refusal of a department may institute proceedings in the proper superior court to compel such witness to testify, or to produce such books or papers and to punish him or her for the refusal. All summons and process issued by the department shall be served by the sheriff of the proper county and such service certified by him or her to the department of revenue without any compensation therefor. Persons appearing before the department in obedience to a summons, shall, in the discretion of the department, receive the same compensation as witnesses in the superior court. The records, books, accounts, and papers of each company shall be subject to visitation, investigation, or examination by the department, or any employee thereof officially designated by the director. All real and/or personal property of any company shall be subject to visitation, investigation, examination, and/or listing at any and all times by the department, or any person employed by the department. [2013 c 23 § 347; 1975 1st ex.s. c 278 § 176; 1973 c 95 § 10; 1961 c 15 § 84.16.032. Prior: 1933 c 146 § 4; RRS § 11172-4; prior: 1907 c 36 § 6. Formerly RCW 84.16.060.]

84.16.034 Depositions may be taken, when. The department of revenue in any matter material to the valuation, assessment or taxation of the property of any company, may cause the deposition of witnesses residing without the state or absent therefrom, to be taken upon notice to the company interested in like manner as the deposition of witnesses are taken in civil actions in the superior court. [1975 1st ex.s. c 278 § 176; 1961 c 15 § 84.16.034. Prior: 1933 c 146 § 5; RRS § 11172-5. Formerly RCW 84.16.070.]

84.16.036 Default valuation by department of revenue—Penalty—Estoppel. (1) If any company shall fail to comply with the provisions of RCW 84.16.020, the department shall add to the value of such company, as a penalty for such failure, five percent for every thirty days or fraction thereof, not to exceed ten percent, that the company fails to comply.

(2) If any company, or its officer or agent, shall refuse or neglect to make any report required by this chapter, or by the department of revenue, or shall refuse or neglect to permit an inspection and examination of its records, books, accounts, papers or property requested by the department of revenue, or shall refuse or neglect to appear before the department in obedience to a summons, the department shall inform itself the best it may of the matters to be known, in order to discharge its duties with respect to valuation and assessment of the property of such company; and the department shall add to the value so ascertained twenty-five percent as a penalty for the failure or refusal of such company to make its report and such company shall be estopped to question or impeach the assessment of the department of revenue in any hearing or proceeding thereafter. Such penalty shall be in lieu of the penalty provided for in subsection (1) of this section.

(3) The department shall waive or cancel the penalty imposed under subsection (1) of this section for good cause shown.

(4) The department shall waive or cancel the penalty imposed under subsection (1) of this section when the circumstances under which the failure to materially comply with the provisions of RCW 84.16.020 do not qualify for waiver or cancellation under subsection (3) of this section if:

(a) The company fully complies with the reporting provisions of RCW 84.16.020 within thirty days of the due date; and

(b) The company has timely complied with the provisions of RCW 84.16.020 for the previous two calendar years. The requirement that a company has timely complied with the provisions of RCW 84.16.020 for the previous two calendar years is waived for any calendar year in which the company was not required to comply with the provisions of RCW 84.16.020. [2007 c 111 § 202; 1984 c 132 § 3; 1975 1st ex.s. c 278 § 178; 1961 c 15 § 84.16.036. Prior: 1933 c 146 § 6; RRS § 11172-6; prior: 1907 c 36 §§ 5, 6. Formerly RCW 84.16.080.]

84.16.038 Application—2007 c 111 §§ 201 and 202: See note following RCW 84.12.260.

84.16.040 Annual assessment—Sources of information. The department of revenue shall annually make an assessment of the operating property of each private car company; and between the first day of May and the first day of July of each year shall prepare an assessment roll upon which it shall enter and assess the true and fair value of all the operating property of each of such companies as of the first day of January of the year in which the assessment is made. For the purpose of determining the true and fair value of such property the department of revenue may take into consideration any information or knowledge obtained by it from an examination and inspection of such property, or of the books, records, and accounts of such companies, the statements filed in the office of any board, office, or commission of this state or any county thereof, the earnings and earning power of such companies, the franchises owned or used by such companies, the true and fair valuation of any and all property of such companies, whether operating property or nonoperating property, and whether situated within or without the state, and any other facts, evidences, or information that may be obtainable bearing upon the value of the operating property, PROVIDED, That in no event shall any statement or report required from any company by this chapter be conclusive upon the department of revenue in determining the amount, character, and true and fair value of the operating property of such company. [2001 c 187 § 9; 1997 c 3 § 119 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 26; 1975 1st ex.s. c 278 § 179; 1961 c 15
§ 84.16.040. Prior: 1939 c 206 § 22; 1933 c 146 § 7; RRS § 11172-7; prior: 1907 c 36 § 7.]  
Additional notes found at www.leg.wa.gov

84.16.050 Basis of valuation—Apportionment of system value to state. The department of revenue may, in determining the true and fair value of the operating property to be placed on the assessment roll value the entire property as a unit. If the company owns, leases, operates or uses property partly within and partly without the state, the department of revenue may determine the value of the operating property within this state by the proportion that the value of such property bears to the value of the entire operating property of the company, both within and without this state. In determining the operating property which is located within this state the department of revenue may consider and base such determination on the proportion which the number of car miles of the various classes of cars made in this state bears to the total number of car miles made by the same cars within and without this state, or to the total number of car miles made by all cars of the various classes within and without this state. If the value of the operating property of the company cannot be fairly determined in such manner the department of revenue may use any other reasonable and fair method to determine the value of the operating property of the company within this state. [2001 c 187 § 10; 1997 c 3 § 120 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 27; 1975 1st ex.s. c 278 § 180; 1961 c 15 § 84.16.050. Prior: 1933 c 146 § 8; RRS § 11172-8; prior: 1907 c 36 § 7.]  
Additional notes found at www.leg.wa.gov

84.16.090 Assessment roll—Notice of valuation. Upon the assessment roll shall be placed after the name of each company a general description of the operating property of the company, which shall be considered sufficient if described in the language of RCW 84.16.010(3) or otherwise, following which shall be entered the true and fair value of the operating property as determined by the department of revenue. No assessment shall be invalid by a mistake in the name of the company assessed, by omission of the name of the owner or by the entry of a name other than that of the true owner. When the department of revenue shall have prepared the assessment roll and entered thereon the true and fair value of the operating property of the company, as required, it shall notify the company by mail of the valuation determined by it and entered upon the roll; and thereupon such valuation shall become the true and fair value of the operating property of the company, subject to revision or correction by the department of revenue as hereinafter provided; and shall be the valuation upon which, after equalization by the department of revenue as hereinafter provided, the taxes of such company shall be based and computed. [2001 c 187 § 11; 1997 c 3 § 121 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 28; 1975 1st ex.s. c 278 § 181; 1961 c 15 § 84.16.090. Prior: 1933 c 146 § 9; RRS § 11172-9; prior: 1907 c 36 § 4.]  
Additional notes found at www.leg.wa.gov

84.16.100 Hearings, time and place of. Every company assessed under the provisions of this chapter shall be entitled on its own motion to a hearing and to present evidence before the department of revenue, within the ten working days following the hearing request period, relating to the value of the operating property of such company and to the value of the other taxable property in the counties in which the operating property of such company is situated. Upon request in writing for such hearing, which must be presented to the department of revenue within the first ten working days of July following the making of the assessment, the department shall appoint a time and place therefor, within the respective periods aforesaid, the hearing to be conducted in such manner as the department shall direct. Hearings provided for in this section may be held at such times and in such places throughout the state as the department may deem proper or necessary and may be adjourned from time to time and from place to place. [1994 c 124 § 15; 1975 1st ex.s. c 278 § 182; 1961 c 15 § 84.16.100. Prior: 1939 c 206 § 23; 1933 c 146 § 10; RRS § 11172-10.]  
Additional notes found at www.leg.wa.gov

84.16.110 Apportionment of value to counties by department of revenue. Upon determination by the department of revenue of the true and fair value of the property appearing on such rolls the department shall apportion such value to the respective counties entitled thereto as hereinafter provided, and shall determine the equalized or assessed valuation of such property in such counties by applying to such actual apportioned value the same ratio as the ratio of assessed to actual value of the general property of the respective counties: PROVIDED, That, whenever the amount of the true and fair value of the operating property of any company otherwise apportionable to any county shall be less than two hundred fifty dollars, such amount need not be apportioned to such county but may be added to the amount apportioned to an adjacent county. [2001 c 187 § 12; 1997 c 3 § 122 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 29; 1967 ex.s. c 26 § 18; 1961 c 15 § 84.16.110. Prior: 1939 c 206 § 24; 1933 c 146 § 11; RRS § 11172-11.]  
Additional notes found at www.leg.wa.gov

84.16.120 Basis of apportionment. The true and fair value of the property of each company as fixed and determined by the department of revenue as herein provided shall be apportioned to the respective counties in the following manner:

(1) If all the operating property of the company is situated entirely within a county and none of such property is located within, extends into, or through or is operated into or through any other county, the entire value thereof shall be apportioned to the county within which such property is situated, located, and operated.

(2) If the operating property of any company is situated or located within, extends into or is operated into or through more than one county, the value thereof shall be apportioned to the respective counties into or through which its cars are operated in the proportion that the length of main line track of the respective railroads moving such cars in such counties bears to the total length of main line track of such respective railroads in this state.

(3) If the property of any company is of such character that it will not be reasonable, feasible or fair to apportion the value as hereinafore provided, the value thereof shall be
Section 84.20.010 Easements taxable as personalty. Easements and the property constructed upon or occupying such easements owned by public service corporations shall be assessed and taxed together as personal property and the taxes thereon shall be collected as personal property taxes. [1961 c 15 § 84.20.010. Prior: 1929 c 199 § 1; RRS § 11188.]

Section 84.20.020 Servient estate taxable as realty. Real estate subject to any such easement shall be assessed and taxed as real estate subject to such easement. [1961 c 15 § 84.20.020. Prior: 1929 c 199 § 2; RRS § 11189.]

Section 84.20.030 Sale for taxes—Realty to be sold subject to easement. When any such real estate is sold for delinquent taxes thereon it shall be sold subject to such easement, and the purchaser at any such sale shall acquire no title to such easement or the property constructed upon or occupying the same. [1961 c 15 § 84.20.030. Prior: 1929 c 199 § 3; RRS § 11190.]

Section 84.20.040 Realty not subject to tax on easement or property thereon. Real estate subject to any such easement shall not be chargeable with any tax levied upon such easement or the property constructed upon or occupying such easement and shall not be sold for the nonpayment of any such tax. [1961 c 15 § 84.20.040. Prior: 1929 c 199 § 4; RRS § 11191.]

Section 84.20.050 Railroads excepted. This chapter shall not apply to railroad easements or property. [1961 c 15 § 84.20.050. Prior: 1929 c 199 § 5; RRS § 11192.]

Chapter 84.20 RCW

EASEMENTS OF PUBLIC UTILITIES

Section 84.20.010 Easements taxable as personalty.

Section 84.20.020 Servient estate taxable as realty.

Section 84.20.030 Sale for taxes—Realty to be sold subject to easement.

Section 84.20.040 Realty not subject to tax on easement or property thereon.

Section 84.20.050 Railroads excepted.

Section 84.26.010 Legislative findings. The legislature finds and declares that it is in the public interest of the people of the state of Washington to encourage maintenance, improvement, and preservation of privately owned historic landmarks as the state approaches its Centennial year of 1989. To achieve this purpose, this chapter provides special valuation for improvements to historic property. [1985 c 449 § 1.]

Section 84.26.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Historic property" means real property together with improvements thereon, except property listed in a register primarily for objects buried below ground, which is:

(a) Listed in a local register of historic places created by comprehensive ordinance, certified by the secretary of the interior as provided in P.L. 96-515; or

(b) Listed in the national register of historic places.

(2) "Cost" means the actual cost of rehabilitation, which cost shall be at least twenty-five percent of the assessed valuation of the historic property, exclusive of the assessed value attributable to the land, prior to rehabilitation.
(3) "Special valuation" means the determination of the assessed value of the historic property subtracting, for up to ten years, such cost as is approved by the local review board.

(4) "State review board" means the advisory council on historic preservation established under chapter 27.34 RCW, or any successor agency designated by the state to act as the state historic preservation review board under federal law.

(5) "Local review board" means a local body designated by the local legislative authority.

(6) "Owner" means the owner of record.

(7) "Rehabilitation" is the process of returning a property to a state of utility through repair or alteration, which makes possible an efficient contemporary use while preserving those portions and features of the property which are significant to its architectural and cultural values. [1986 c 221 § 1; 1985 c 449 § 2.]

84.26.030 Special valuation criteria. Four criteria must be met for special valuation under this chapter. The property must:

1. Be an historic property;
2. Fall within a class of historic property determined eligible for special valuation by the local legislative authority;
3. Be rehabilitated at a cost which meets the definition set forth in RCW 84.26.020(2) within twenty-four months prior to the application for special valuation; and
4. Be protected by an agreement between the owner and the local review board as described in RCW 84.26.050(2). [1986 c 221 § 2; 1985 c 449 § 3.]

84.26.040 Application—Fees. An owner of property desiring special valuation under this chapter shall apply to the assessor of the county in which the property is located upon forms prescribed by the department of revenue and supplied by the county assessor. The application form shall include a statement that the applicant is aware of the potential tax liability involved when the property ceases to be eligible for special valuation. Applications shall be made no later than October 1 of the calendar year preceding the first assessment year for which classification is requested. The assessor may charge only such fees as are necessary to process and record documents pursuant to this chapter. [1986 c 221 § 3; 1985 c 449 § 4.]

84.26.050 Referral of application to local review board—Agreement—Approval or denial. (1) Within ten days after the filing of the application in the county assessor's office, the county assessor shall refer each application for classification to the local review board.

(2) The review board shall approve the application if the property meets the criterion of RCW 84.26.030 and is not altered in a way which adversely affects those elements which qualify it as historically significant, and the owner enters into an agreement with the review board which requires the owner for the ten-year period of the classification to:

   a. Monitor the property for its continued qualification for the special valuation;
   b. Comply with rehabilitation plans and minimum standards of maintenance as defined in the agreement;
   c. Make the historic aspects of the property accessible to public view one day a year, if the property is not visible from the public right-of-way;
   d. Apply to the local review board for approval or denial of any demolition or alteration; and
   e. Comply with any other provisions in the original agreement as may be appropriate.

(3) Once an agreement between an owner and a review board has become effective pursuant to this chapter, there shall be no changes in standards of maintenance, public access, alteration, or report requirements, or any other provisions of the agreement, during the period of the classification without the approval of all parties to the agreement.

(4) An application for classification as an eligible historic property shall be approved or denied by the local review board before December 31 of the calendar year in which the application is made.

(5) The local review board is authorized to examine the records of applicants. [1986 c 221 § 4; 1985 c 449 § 5.]

84.26.060 Notice to assessor of approval—Certification and filing—Notation of special valuation. (1) The review board shall notify the county assessor and the applicant of the approval or denial of the application.

(2) If the local review board determines that the property qualifies as eligible historic property, the review board shall certify the fact in writing and shall file a copy of the certificate with the county assessor within ten days. The certificate shall state the facts upon which the approval is based.

(3) The assessor shall record the certificate with the county auditor.

(4) The assessor, as to any historic property, shall value the property under RCW 84.26.070 and, each year the historic property is classified and so valued, shall enter on the assessment list and tax roll that the property is being specially valued as historic property. [1985 c 449 § 6.]

84.26.070 Valuation. (1) The county assessor shall, for ten consecutive assessment years following the calendar year in which application is made, place a special valuation on property classified as eligible historic property.

(2) The entitlement of property to the special valuation provisions of this section shall be determined as of January 1. If property becomes disqualified for the special valuation for any reason, the property shall receive the special valuation for that part of any year during which it remained qualified or the owner was acting in the good faith belief that the property was qualified.

(3) At the conclusion of special valuation, the cost shall be considered as new construction. [1986 c 221 § 5; 1985 c 449 § 7.]

84.26.080 Duration of special valuation—Notice of disqualification. (1) When property has once been classified and valued as eligible historic property, it shall remain so classified and be granted the special valuation provided by RCW 84.26.070 for ten years or until the property is disqualified:

(a) Notice by the owner to the assessor to remove the special valuation;
(b) Sale or transfer to an ownership making it exempt from property taxation; or
(c) Removal of the special valuation by the assessor upon determination by the local review board that the property no longer qualifies as historic property or that the owner has failed to comply with the conditions established under RCW 84.26.050.

(2) The sale or transfer to a new owner or transfer by reason of death of a former owner to a new owner does not disqualify the property from the special valuation provided by RCW 84.26.070 if:
(a) The property continues to qualify as historic property; and
(b) The new owner files a notice of compliance with the assessor of the county in which the property is located. Notice of compliance forms shall be prescribed by the state department of revenue and supplied by the county assessor. The notice shall contain a statement that the new owner is aware of the special valuation and of the potential tax liability involved when the property ceases to be valued as historic property under this chapter. The signed notice of compliance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. If the notice of compliance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to RCW 84.26.090 shall become due and payable by the seller or transferor at time of sale. The county auditor shall not accept an instrument of conveyance of specially valued historic property for filing or recording unless the new owner has signed the notice of compliance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer.

(3) When the property ceases to qualify for the special valuation the owner shall immediately notify the state or local review board.

(4) Before the additional tax or penalty imposed by RCW 84.26.090 is levied, in the case of disqualification, the assessor shall notify the taxpayer by mail, return receipt requested, of the disqualification. [2000 c 103 § 22; 1999 c 233 § 19; 1986 c 221 § 6; 1985 c 449 § 8.]

Additional notes found at www.leg.wa.gov

84.26.090 Disqualification for valuation—Additional tax—Lien—Exceptions from additional tax. (1) Except as provided in subsection (3) of this section, whenever property classified and valued as eligible historic property under RCW 84.26.070 becomes disqualified for the valuation, there shall be added to the tax an additional tax equal to:
(a) The cost multiplied by the levy rate in each year the property was subject to special valuation; plus
(b) Interest on the amounts of the additional tax at the statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the property had not been valued as historic property under this chapter; plus
(c) A penalty equal to twelve percent of the amount determined in (a) and (b) of this subsection.

(2) The additional tax and penalties, together with applicable interest thereon, shall become a lien on the property which shall have priority to and shall be fully paid and satisfied before any recognition, mortgage, judgment, debt, obligation, or responsibility to or with which the property may become charged or liable.

(3) The additional tax, interest, and penalty shall not be imposed if the disqualification resulted solely from:
(a) Sale or transfer of the property to an ownership making it exempt from taxation;
(b) Alteration or destruction through no fault of the owner; or
(c) A taking through the exercise of the power of eminent domain. [1986 c 221 § 7; 1985 c 449 § 9.]

84.26.100 Payment of additional tax—Distribution. The additional tax, penalties, and/or interest provided by RCW 84.26.090 shall be payable in full thirty days after the date which the treasurer’s statement therefor is rendered. Such additional tax when collected shall be distributed by the county treasurer in the same manner in which current taxes applicable to the subject land are distributed. [1985 c 449 § 10.]

84.26.110 Special valuation—Request for assistance from state historic preservation officer authorized. The local legislative authority and the local review board may request the assistance of the state historic preservation officer in conducting special valuation activities. [1985 c 449 § 11.]

84.26.120 Rules. The state review board shall adopt rules necessary to carry out the purposes of this chapter. The rules shall include rehabilitation and maintenance standards for historic properties to be used as minimum requirements by local review boards to ensure that the historic property is safe and habitable, including but not limited to:
(1) Elimination of visual blight due to past neglect of maintenance and repair to the exterior of the building, including replacement of broken or missing doors and windows, repair of deteriorated architectural features, and painting of exterior surfaces;
(2) Correction of structural defects and hazards;
(3) Protection from weather damage due to defective roofing, flashings, glazing, caulking, or lack of heat; and
(4) Elimination of any condition on the premises which could cause or augment fire or explosion. [1985 c 449 § 12.]

84.26.130 Appeals from decisions on applications. Any decision by a local review board on an application for classification as historic property eligible for special valuation may be appealed to superior court under RCW 34.05.510 through 34.05.598 in addition to any other remedy at law. Any decision on the disqualification of historic property eligible for special valuation, or any other dispute, may be appealed to the county board of equalization in accordance with RCW 84.40.038. [2001 c 185 § 2; 1989 c 175 § 178; 1985 c 449 § 13.]

Additional notes found at www.leg.wa.gov

84.26.900 Severability—1985 c 449. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 449 § 15.]
Chapter 84.33 RCW
TIMBER AND FOREST LANDS

Sections
84.33.010 Legislative findings.
84.33.020 Definitions.
84.33.040 Timber exempt from ad valorem taxation.
84.33.041 State excise tax on harvesters of timber imposed—Credit for county tax—Deposit of moneys in timber tax distribution account.
84.33.046 Excise tax rate July 1, 1988, and thereafter.
84.33.051 County excise tax on harvesters of timber authorized—Rate—Administration and collection—Deposit of moneys in timber tax distribution account—Use.
84.33.074 Excise tax on harvesters of timber—Calculation of tax by small harvesters—Election—Filing form.
84.33.075 Excise tax on harvesters of timber—Exemption for certain nonprofit organizations, associations, or corporations.
84.33.0775 Timber harvest tax credit.
84.33.0776 Timber harvest excise tax agreement credit.
84.33.078 Harvesting and marketing costs for state or local government harvests.
84.33.081 Distributions from timber tax distribution account—Distributions from county timber tax account.
84.33.086 Payment of tax.
84.33.088 Reporting requirements on timber purchase.
84.33.089 Estimates of harvestable public forest land—Adjustments.
84.33.091 Tables of stumpage values—Revised tables—Legislative review—Appeal.
84.33.096 Application of excise taxes' administrative provisions and definitions.
84.33.130 Forest land valuation—Application by owner that land be designated and valued as forest land—Hearing—Rules—Approval, denial of application—Appeal.
84.33.140 Forest land valuation—Notation of forest land designation upon assessment and tax rolls—Notice of continuance—Removal of designation—Compensating tax.
84.33.145 Compensating tax.
84.33.170 Application of chapter to Christmas trees.
84.33.175 Application of tax—Sale of land to governmental agency with reservation of rights to timber—Conveyance by governmental agency of trees.
84.33.200 Legislative review of timber tax system—Information and data to be furnished.
84.33.210 Forest land valuation—Special benefit assessments.
84.33.220 Forest land valuation—Withdrawal from designation or change in use—Liability.
84.33.230 Forest land valuation—Change in designation—Notice.
84.33.240 Forest land valuation—Change in classification or use—Application of payments.
84.33.250 Forest land valuation—Special benefit assessments.
84.33.260 Forest land valuation—Withdrawal from designation or change in use—Benefit assessments.
84.33.270 Forest land valuation—Government future development right—Conserving forest land—Exemptions.
84.33.280 Application for forest riparian easement program—Department to rely on certain documents.
84.33.305 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Agricultural methods" means the cultivation of trees that are grown on land prepared by intensive cultivation and tillage, such as irrigating, plowing, or turning over the soil, and on which all unwanted plant growth is controlled continuously for the exclusive purpose of raising trees such as Christmas trees and short-rotation hardwoods.

(2) "Average rate of inflation" means the annual rate of inflation as determined by the department averaged over the period of time as provided in RCW 84.33.220 (1) and (2). This rate must be published in the state register by the department not later than January 1st of each year for use in that assessment year.

(3) "Composite property tax rate" for a county means the total amount of property taxes levied upon forest lands by all taxing districts in the county other than the state, divided by the total assessed value of all forest land in the county.

(4) "Contiguous" means land adjoining and touching another property held by the same ownership. Land divided by a public road, but otherwise an integral part of a timber growing and harvesting operation, is considered contiguous. Solvency for the purpose of this subsection (4), "same ownership" has the same meaning as in RCW 84.34.020(6).

(5) "Forest land" is synonymous with "designated forest land" and means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres that is or are devoted primarily to growing and harvesting timber. Designated forest land means the land whose forests contribute to the natural ecological equilibrium, and in providing employment and profits to its citizens and raw materials for products needed by everyone.

(2) The combination of variations in quantities, qualities and locations of timber and forest lands, the fact that market areas for timber products are nationwide and worldwide and the unique long term nature of investment costs and risks associated with growing timber, all make exceedingly difficult the function of valuing and assessing timber and forest lands.

(3) The existing ad valorem property tax system is unsatisfactory for taxation of standing timber and forest land and will significantly frustrate, to an ever increasing degree with the passage of time, the perpetual enjoyment of the benefits enumerated above.

(4) For these reasons it is desirable, in exercise of the powers to promote the general welfare and to impose taxes; that

(a) the ad valorem system for taxing timber be modified and discontinued in stages over a three year period during which such system will be replaced by one under which timber will be taxed on the basis of stumpage value at the time of harvest, and

(b) forest land remain under the ad valorem taxation system but be taxed only as provided in this chapter and RCW 28A.150.250. [1990 c 33 § 598; 1984 c 204 § 16; 1971 ex.s. c 294 § 1.]

Additional notes found at www.leg.wa.gov
only and does not include a residential homesite. The term includes land used for incidental uses that are compatible with the growing and harvesting of timber but no more than ten percent of the land may be used for such incidental uses. It also includes the land on which appurtenances necessary for the production, preparation, or sale of the timber products exist in conjunction with land producing these products.

(6) "Harvested" means the time when in the ordinary course of business the quantity of timber by species is first definitely determined. The amount harvested must be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department.

(7) "Harvester" means every person who from the person's own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use. When the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, the harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in the timber. The term "harvester" does not include persons performing under contract the necessary labor or mechanical services for a harvester.

(8) "Harvesting and marketing costs" means only those costs directly associated with harvesting the timber from the land and delivering it to the buyer and may include the costs of disposing of logging residues. Any other costs that are not directly and exclusively related to harvesting and marketing of the timber, such as costs of permanent roads or costs of reforesting the land following harvest, are not harvesting and marketing costs.

(9) "Incidental use" means a use of designated forest land that is compatible with its purpose for growing and harvesting timber. An incidental use may include a gravel pit, a shed or land used to store machinery or equipment used in conjunction with the timber enterprise, and any other use that does not interfere with or indicate that the forest land is no longer primarily being used to grow and harvest timber.

(10) "Local government" means any city, town, county, water-sewer district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special benefit assessments for sanitary or storm sewerage systems, domestic water supply or distribution systems, or road construction or improvement purposes.

(11) "Local improvement district" means any local improvement district, utility local improvement district, local utility district, road improvement district, or any similar unit created by a local government for the purpose of levying special benefit assessments against property specially benefited by improvements relating to the districts.

(12) "Owner" means the party or parties having the fee interest in land, except where land is subject to a real estate contract "owner" means the contract vendee.

(13) "Primarily" or "primary use" means the existing use of the land is so prevalent that when the characteristic use of the land is evaluated any other use appears to be conflicting or nonrelated.

(14) "Short-rotation hardwoods" means hardwood trees, such as but not limited to hybrid cottonwoods, cultivated by agricultural methods in growing cycles shorter than fifteen years.

(15) "Small harvester" means every person who from his or her own land or from the land of another under a right or license granted by lease or contract, either directly or by contracting with others for the necessary labor or mechanical services, fells, cuts, or takes timber for sale or for commercial or industrial use in an amount not exceeding two million board feet in a calendar year. When the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein so fells, cuts, or takes timber for sale or for commercial or industrial use, not exceeding these amounts, the small harvester is the first person other than the United States or any instrumentality thereof, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein, who acquires title to or a possessory interest in the timber. Small harvester does not include persons performing under contract the necessary labor or mechanical services for a harvester, and it does not include the harvesters of Christmas trees or short-rotation hardwoods.

(16) "Special benefit assessments" means special assessments levied or capable of being levied in any local improvement district or otherwise levied or capable of being levied by a local government to pay for all or part of the costs of a local improvement and which may be levied only for the special benefits to be realized by property by reason of that local improvement.

(17) "Stumpage value of timber" means the appropriate stumpage value shown on tables prepared by the department under RCW 84.33.091. However, for timber harvested from public land and sold under a competitive bidding process, stumpage value means the actual amount paid to the seller in cash or other consideration. The stumpage value of timber from public land does not include harvesting and marketing costs if the timber from public land is harvested by, or under contract for, the United States or any instrumentality of the United States, the state, including its departments and institutions and political subdivisions, or any municipal corporation therein. Whenever payment for the stumpage includes considerations other than cash, the value is the fair market value of the other consideration. If the other consideration is permanent roads, the value of the roads must be the appraised value as appraised by the seller.

(18) "Timber" means forest trees, standing or down, on privately or publicly owned land, and except as provided in RCW 84.33.170 includes Christmas trees and short-rotation hardwoods.

(19) "Timber assessed value" for a county means the sum of: (a) The total stumpage value of timber harvested from publicly owned land in the county multiplied by the
public timber ratio, plus; (b) the total stumpage value of timber harvested from privately owned land in the county multiplied by the private timber ratio. The numerator of the public timber ratio is the rate of tax imposed by the county under RCW 84.33.051 on public timber harvests for the year of the calculation. The denominator of the private timber ratio is the rate of tax imposed by the county under RCW 84.33.051 on private timber harvests for the year of the calculation. The denominator of the private timber ratio and the public timber ratio is the composite property tax rate for the county for taxes due in the year of the calculation, expressed as a percentage of assessed value. The department must use the stumpage value of timber harvested during the most recent four calendar quarters for which the information is available.

The department must calculate the timber assessed value for each county before October 1st of each year.

(20) "Timber assessed value" for a taxing district means the timber assessed value for the county multiplied by a ratio. The numerator of the ratio is the total assessed value of forest land in the taxing district. The denominator is the total assessed value of forest land in the county. As used in this section, "assessed value of forest land" means the assessed value of forest land for taxes due in the year the timber assessed value for the county is calculated plus an additional value for public forest land. The additional value for public forest land is the product of the number of acres of public forest land that are available for timber harvesting determined under RCW 84.33.089 and the average assessed value per acre of private forest land in the county.

(21) "Timber management plan" means a plan prepared by a trained forester, or any other person with adequate knowledge of timber management practices, concerning the use of the land to grow and harvest timber. Such a plan may include:

(a) A legal description of the forest land;
(b) A statement that the forest land is held in contiguous ownership of five or more acres and is primarily devoted to and used to grow and harvest timber;
(c) A brief description of the timber on the forest land or, if the timber on the land has been harvested, the owner’s plan to restock the land with timber;
(d) A statement about whether the forest land is also used to graze livestock;
(e) A statement about whether the land has been used in compliance with the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW; and
(f) If the land has been recently harvested or supports a growth of brush and noncommercial type timber, a description of the owner’s plan to restock the forest land within three years. [2014 c 137 § 1; 2011 c 101 § 2; 2004 c 177 § 1; 2003 c 313 § 12. Prior: 2001 c 249 § 1; 2001 c 97 § 1; 1995 c 165 § 1; 1986 c 315 § 1; 1984 c 204 § 1.]

Effective date—2004 c 177: "This act takes effect January 1, 2005."
[2004 c 177 § 8.]

Findings—Severability—2003 c 313: See notes following RCW 79.15.500.

Additional notes found at www.leg.wa.gov

(2014 Ed.)
(i) For timber harvested January 1, 2013, through December 31, 2013, 3.7 percent;
(j) For timber harvested January 1, 2014, and thereafter, 4.0 percent.

(2) Before the effective date of any ordinance imposing a tax under this section, the county shall contract with the department of revenue for administration and collection of the tax. The tax collected by the department of revenue under this section shall be deposited by the department in the timber tax distribution account. Moneys in the account may be spent only for distributions to counties under RCW 84.33.081 and, after appropriation by the legislature, for the activities undertaken by the department of revenue relating to the collection and administration of the taxes imposed under this section and RCW 84.33.041. Appropriations are not required for distributions to counties under RCW 84.33.081. [2004 c 177 § 2; 1984 c 204 § 8.]

Effective date—2004 c 177: See note following RCW 84.33.035.

84.33.074 Excise tax on harvesters of timber—Calculation of tax by small harvesters—Election—Filing form.
(1) A small harvester may elect to calculate the tax imposed by this chapter in the manner provided in this section.

(2) Timber shall be considered harvested at the time when in the ordinary course of business the quantity thereof by species is first definitely determined. The amount harvested shall be determined by the Scribner Decimal C Scale or other prevalent measuring practice adjusted to arrive at substantially equivalent measurements, as approved by the department of revenue.

(3) Timber values shall be determined by either of the following methods, whichever is most appropriate to the circumstances of the harvest:

(a) When standing timber is sold on the stump, the taxable value is the actual gross receipts received by the landowner from the sale of the standing timber.

(b) When timber is sold after it has been harvested, the taxable value is the actual gross receipts from sale of the harvested timber minus the costs of harvesting and marketing the timber. When the taxpayer is unable to provide documented proof of harvesting and marketing costs, this deduction for harvesting and marketing costs shall be a percentage of the gross receipts from sale of the harvested timber as determined by the department of revenue but in no case less than twenty-five percent.

(4) The department of revenue shall prescribe a short filing form which shall be as simple as possible. [1984 c 204 § 19; 1981 c 146 § 2.]

84.33.075 Excise tax on harvesters of timber—Exemption for certain nonprofit organizations, associations, or corporations. The excise tax imposed by this chapter shall not apply to any timber harvested by a nonprofit organization, association, or corporation from forest lands owned by it, where such lands are exempt from property taxes under RCW 84.36.030, and where all of the income and receipts of the nonprofit organization, association, or corporation derived from such timber sales are used solely for the expense of promoting, operating, and maintaining youth programs which are equally available to all, regardless of race, color, national origin, ancestry, or religious belief.

In order to determine whether the harvesting of timber by a nonprofit organization, association, or corporation is exempt, the director of the department of revenue shall have access to its books.

For the purposes of this section, a "nonprofit" organization, association, or corporation is one: (1) Which pays no part of its income directly or indirectly to its members, stockholders, officers, directors, or trustees except in the form of services rendered by the organization, association, or corporation in accordance with its purposes and bylaws; and (2) which pays salary or compensation to its officers only for actual services rendered, and at levels comparable to the salary or compensation of like positions within the public service of the state. [1984 c 204 § 20; 1980 c 134 § 6.]

Additional notes found at www.leg.wa.gov

84.33.0775 Timber harvest tax credit. (1) A taxpayer is allowed a credit against the tax imposed under RCW 84.33.041 for timber harvested on and after January 1, 2000, under a forest practices notification filed or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(2)(a) For a person other than a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to the stumpage value of timber harvested for sale or for commercial or industrial use multiplied by eight-tenths of one percent.

(b) For a small harvester who elects to calculate tax under RCW 84.33.074, the credit is equal to sixteen percent of the tax imposed under this chapter.

(c) The amount of credit claimed by a taxpayer under this section shall be reduced by the amount of any compensation received from the federal government for reduced timber harvest due to enhanced aquatic resource requirements. If the amount of compensation from the federal government exceeds the amount of credit available to a taxpayer in any reporting period, the excess shall be carried forward and applied against credits in future reporting periods. This subsection does not apply to small harvesters as defined in RCW 84.33.073.

(d) Refunds may not be given in place of credits. Credit may not be claimed in excess of tax owed. The department of revenue shall disallow any credits, used or unused, upon written notification from the department of natural resources of a final decision that timber for which credit was claimed was not harvested under a forest practices notification or application approved under RCW 76.09.050 and subject to enhanced aquatic resources requirements.

(3) As used in this section, a forest practices notification or application is subject to enhanced aquatic resource requirements if it includes, in whole or in part, riparian area, wetland, or steep or unstable slope from which the operator is limited, by rule adopted under RCW 76.09.055, 34.05.090, 43.21C.250, and 76.09.370, or any federally approved habitat conservation plan or department of natural resources approved watershed analysis, from harvesting timber, or if a road is included within or adjacent to the area covered by such notification or application and the road is covered by a road maintenance plan approved by the department of natural resources.
resources under rules adopted under chapter 76.09 RCW, the forest practices act, or a federally approved habitat conservation plan.

(4) For forest practices notification or applications submitted after January 1, 2000, the department of natural resources shall indicate whether the notification or application is subject to enhanced aquatic resource requirements and, unless notified of a contrary determination by the pollution control hearings board, the department of revenue shall use such indication in determining the credit to be allowed against the tax assessed under RCW 84.33.041. The department of natural resources shall develop revisions to the form of the forest practices notifications and applications to provide a space for the applicant to indicate and the department of natural resources to confirm or not confirm, whether the notification or application is subject to enhanced aquatic resource requirements. For forest practices notifications or applications submitted before January 1, 2000, the applicant may submit the approved notification or application to the department of natural resources for confirmation that the notification or application is subject to enhanced aquatic resource requirements. Upon any such submission, the department of natural resources will within thirty days confirm or deny that the notification or application is subject to enhanced aquatic resource requirements and will forward separate evidence of each confirmation to the department of revenue. Unless notified of a contrary ruling by the pollution control hearings board, the department of revenue shall use the separate confirmations in determining the credit to be allowed against the tax assessed under RCW 84.33.041.

(5) A refusal by the department of natural resources to confirm that a notification or application is subject to enhanced aquatic resources requirements may be appealed to the pollution control hearings board.

(6) A person receiving approval of credit must keep records necessary for the department of revenue to verify eligibility under this section. [2010 c 210 § 35; 1999 sp.s. c 5 § 1; 1999 sp.s. c 4 § 401.]

*Reviser's note: RCW 84.33.073 was repealed by 2001 c 249 § 16.

Findings—Intent—Effective dates—Application—Pending cases and rules—2010 c 210: See notes following RCW 43.21B.001.

Additional notes found at www.leg.wa.gov

84.33.0776 Timber harvest excise tax agreement credit. A credit is allowed against the tax imposed under RCW 84.33.041 and 84.33.051 for a tribal tax imposed under an agreement authorized by RCW 43.06.480. [2007 c 69 § 4.]

Findings—Intent—2007 c 69: See note following RCW 43.06.475.

84.33.078 Harvesting and marketing costs for state or local government harvests. If the timber from public land is harvested by the state, its departments and institutions and political subdivisions, or any municipal corporation therein, the governmental unit, or governmental units, that harvest or market the timber must provide the harvester purchasing the timber with its harvesting and marketing costs as defined in RCW 84.33.035. [2011 c 101 § 3; 2004 c 177 § 4; 2003 c 313 § 11; 1986 c 65 § 1; 1984 c 204 § 22; 1983 1st ex.s. c 62 § 9.]

Effective date—2004 c 177: See note following RCW 84.33.035.
receive an amount equal to the timber assessed value of the
district multiplied by the tax rate, if any, levied as a regular
levy of the district or as a special levy not included in subsec-
tion (2) or (3) of this section.

(5) If there are insufficient moneys in the county timber
tax account to make full distribution under subsection (4)
of this section, the county treasurer shall multiply the amount to
be distributed to each taxing district under that subsection by
a fraction. The numerator of the fraction is the county timber
tax account balance before making the distribution under that
subsection. The denominator of the fraction is the account
balance which would be required to make full distribution under
that subsection.

(6) After making the distributions under subsections (2)
through (4) of this section in the full amount indicated for the
calendar year, the county treasurer shall place any excess rev-
ue up to twenty percent of the total distributions made for
the year under subsections (2) through (4) of this section in a
reserve status until the beginning of the next calendar year.
Any moneys remaining in the county timber tax account after
this amount is placed in reserve shall be distributed to each
taxing district in the county in the same proportions as the
distributions made under subsection (4) of this section.

(7) On the last business day of the second month of each
calendar quarter, the state treasurer shall distribute from the
timber tax distribution account to each county an amount of
taxing district in the county in the same proportions as the
distributions made under subsection (4) of this section.

(8) The report required in subsection (1) of this section
must contain all information relevant to the value of the tim-
ber purchased including, but not limited to, the following, as
applicable: Purchaser's name, address, and contact informa-
tion; seller's name, address, and contact information; sale
date; termination date in sale agreement; total sale price;
legal description of sale area; sale name if applicable; forest
practice application/harvest permit number if available; total
acreage involved in the sale; estimated net volume of timber
purchased by tree species and log grade; and description and
value of property improvements. For the purposes of this sub-
section property improvements may include, but are not lim-
ited to: Road construction or road improvements, reforesta-
tion, land clearing, stock piling of rock, or any other agreed
upon property improvement. A report may be submitted in
any reasonable form or, at the purchaser's option, by submit-
ting relevant excerpts of the timber sales contract. A pur-
chaser may comply by submitting the information in the fol-
lowing form:

Purchaser's name, address, and contact information: ........
Seller's name, address, and contact information: ........
Sale date: .....................................................
Termination date: .......................................... Total sale price: .............................................. Legal description of sale area: .................................
Sale name (if applicable): .................................. Forest practice application/Harvest permit number (if available): .....................................................
Total acreage involved: .................................... Estimated net volume of timber purchased by tree species and log grade: .........................
Description and value of property improvements, such as
road construction or road improvements, reforestation, land
clearing, stock piling of rock, or any other agreed upon prop-
erty improvement: .............................................

(3) A purchaser of privately owned timber involved in a
purchase described in subsection (1) of this section, who fails
to report a purchase as required, may be liable for a penalty of
two hundred fifty dollars for each failure to report, as deter-
mined by the department.

(4) Privately purchased timber reports are confidential
taxpayer information under RCW 82.32.330.

(5) This section expires July 1, 2018. [2014 c 152 § 1; 2010 c 197 § 1; 2007 c 47 § 1; 2003 c 315 § 1; 2001 c 320 § 16.]

Effective date—2007 c 47: "This act is necessary for the immediate
preservation of the public peace, health, or safety, or support of the state gov-
ernment and its existing public institutions, and takes effect July 1, 2007."

[2007 c 47 § 2.]

Additional notes found at www.leg.wa.gov

84.33.089 Estimates of harvestable public forest
land—Adjustments. (1) The department shall estimate the
number of acres of public forest land that are available for
timber harvesting. The department shall provide the esti-
mates for each county and for each taxing district within each
county by August 30th of each year except that the depart-
ment may authorize a county, at the county's option, to make
its own estimates for public forest land in that county. In estimating the number of acres, the department shall use the best available information to include public land comparable to private land that qualifies as forest land for assessment purposes and exclude other public lands. The department is not required to update the estimates unless improved information becomes available. The department of natural resources shall assist the department with these determinations by providing any data and information in the possession of the department of natural resources on public forest lands, broken out by county and legal description, including a detailed map of each county showing the location of the described lands. The data and information shall be provided to the department by July 15th of each year. In addition, the department may contract with other parties to provide data or assistance necessary to implement this section.

(2) To accommodate the phase-in of the county forest excise tax on the harvest of timber from public lands as provided in RCW 84.33.051, the department shall adjust its actual estimates of the number of acres of public forest land that are available for timber harvesting. The department shall reduce its estimates for the following years by the following amounts:

(a) For calendar year 2005, 70 percent;
(b) For calendar year 2006, 62.5 percent;
(c) For calendar year 2007, 55 percent;
(d) For calendar year 2008, 47.5 percent;
(e) For calendar year 2009, 40 percent;
(f) For calendar year 2010, 32.5 percent;
(g) For calendar year 2011, 22.5 percent;
(h) For calendar year 2012, 15 percent;
(i) For calendar year 2013, 7.5 percent; and
(j) For calendar year 2014 and thereafter, the department shall not reduce its estimates of the number of acres of public forest land that are available for timber harvesting. [2004 c 177 § 6.]

Effective date—2004 c 177: See note following RCW 84.33.035.

84.33.091 Tables of stumpage values—Revised tables—Legislative review—Appeal. (1) The department of revenue shall designate areas containing timber having similar growing, harvesting, and marketing conditions to be used as units for the preparation and application of stumpage values. Each year on or before December 31 for use the following January through June 30, and on or before June 30 for use the following July through December 31, the department shall prepare tables of stumpage values of each species or subclassification of timber within these units. The stumpage value shall be the amount that each such species or subclassification would sell for at a voluntary sale made in the ordinary course of business for purposes of immediate harvest. These stumpage values, expressed in terms of a dollar amount per thousand board feet or other unit measure, shall be determined in a manner which makes reasonable and adequate allowances for age, size, quality, costs of removal, accessibility to point of conversion, market conditions, and all other relevant factors from:

(a) Gross proceeds from sales on the stump of similar timber of like quality and character at similar locations, and in similar quantities;
(b) Gross proceeds from sales of logs adjusted to reflect only the portion of such proceeds attributable to value on the stump immediately prior to harvest; or
(c) A combination of (a) and (b) of this subsection.

(2) Upon application from any person who plans to harvest damaged timber, the stumpage values for which have been materially reduced from the values shown in the applicable tables due to damage resulting from fire, blow down, ice storm, flood, or other sudden unforeseen cause, the department shall revise the stumpage value tables for any area in which such timber is located and shall specify any additional accounting or other requirements to be complied with in reporting and paying the tax.

(3) The preliminary area designations and stumpage value tables and any revisions thereof are subject to review by the ways and means committees of the house of representatives and senate prior to finalization. Tables of stumpage values shall be signed by the director or the director's designee. A copy thereof shall be mailed to anyone who has submitted to the department a written request for a copy.

(4) On or before the sixthieth day after the date of final adoption of any stumpage value tables, any harvester may appeal to the board of tax appeals for a revision of stumpage values for an area determined pursuant to subsection (3) of this section. [1998 c 311 § 13; 1984 c 204 § 11.]

84.33.096 Application of excise taxes' administrative provisions and definitions. All sections of chapter 82.32 RCW, except RCW 82.32.045 and 82.32.270, apply to the taxes imposed under this chapter. [1984 c 204 § 13.]

Additional notes found at www.leg.wa.gov

84.33.130 Forest land valuation—Application by owner that land be designated and valued as forest land—Hearing—Rules—Approval, denial of application—Appeal. (1)(a)(i) Notwithstanding any other provision of law, lands that were assessed as classified forest land before July 22, 2001, or as timber land under chapter 84.34 RCW before the merger date adopted by the county under RCW 84.34.400, are designated forest land for the purposes of this chapter.

(ii) The owners of land subject to the requirements of (a)(i) of this subsection are not required to apply for designation under this chapter. The land and timber on such land must be assessed and taxed in accordance with the provisions of this chapter as of the date the land is designated forest land under (a)(i) of this subsection.

(b) If a county legislative authority opts under RCW 84.34.400 to merge its timber land classification with the designated forest land program of the county, the following provisions apply beginning on the adopted merger date:

(i) The date the property was classified as timber land is considered to be the date the property was designated as forest land under this chapter;

(ii) The county assessor must notify each owner of timber land of the merger by certified mail; and

(iii) For any forest land subject to the provisions of (b)(i) of this subsection that is then removed from designation, only compensating tax will be collected as a result of the removal
in accordance with RCW 84.33.140(12), unless otherwise provided by law.

(2) An owner of land desiring that it be designated as forest land and valued under RCW 84.33.140 as of January 1st of any year must submit an application to the assessor of the county in which the land is located before January 1st of that year. The application must be accompanied by a reasonable processing fee when the county legislative authority has established the requirement for such a fee.

(3) No application of designation is required when publicly owned forest land is exchanged for privately owned forest land designated under this chapter. The land exchanged and received by an owner subject to ad valorem taxation is automatically granted designation under this chapter if the following conditions are met:
   (a) The land will be used to grow and harvest timber; and
   (b) The owner of the land submits a document to the assessor's office that explains the details of the forest land exchange within sixty days of the closing date of the exchange. However, if the owner fails to submit information regarding the exchange by the end of this sixty-day period, the owner must file an application for designation as forest land under this chapter and the regular application process will be followed.

(4) The application must be made upon forms prepared by the department and supplied by the assessor, and must include the following:
   (a) A legal description of, or assessor's parcel numbers for, all land the applicant desires to be designated as forest land;
   (b) The date or dates of acquisition of the land;
   (c) A brief description of the timber on the land, or if the timber has been harvested, the owner's plan for restocking;
   (d) A copy of the timber management plan, if one exists, for the land prepared by a trained forester or any other person with adequate knowledge of timber management practices;
   (e) If a timber management plan exists, an explanation of the nature and extent to which the management plan has been implemented;
   (f) Whether the land is used for grazing;
   (g) Whether the land has been subdivided or a plat has been filed with respect to the land;
   (h) Whether the land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW;
   (i) Whether the land is subject to forest fire protection assessments under RCW 76.04.610;
   (j) Whether the land is subject to a lease, option, or other right that permits it to be used for any purpose other than growing and harvesting timber;  
   (k) A summary of the past experience and activity of the applicant in growing and harvesting timber;
   (l) A summary of current and continuing activity of the applicant in growing and harvesting timber;
   (m) A statement that the applicant is aware of the potential tax liability involved when the land ceases to be designated as forest land;
   (n) An affirmation that the statements contained in the application are true and that the land described in the applica-
   tion meets the definition of forest land in RCW 84.33.035; and
   (o) A description and/or drawing showing what areas of land for which designation is sought are used for incidental uses compatible with the definition of forest land in RCW 84.33.035.

(5) The assessor must afford the applicant an opportunity to be heard if the applicant so requests.

(6) The assessor must act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

   (a) The land does not contain a "merchantable stand of timber" as defined in chapter 76.09 RCW and applicable rules. This reason alone is not sufficient to deny the application (i) if the land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or a longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within the land do not meet the minimum standards due to rock outcroppings, swamps, unproductive soil or other natural conditions;
   (b) The applicant, with respect to the land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW; or
   (c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling the ordinary high tide line and two hundred feet horizontally landward from the high tide line. However, if the assessor determines that a higher and better use exists for the land but this use would not be permitted or economically feasible by virtue of any federal, state, or local law or regulation, the land must be assessed and valued under RCW 84.33.140 without being designated as forest land.

(7) The application is deemed to have been approved unless, prior to July 1st of the year after the application was mailed or delivered to the assessor, the assessor notifies the applicant in writing of the extent to which the application is denied.

(8) An owner who receives notice that his or her application has been denied, in whole or in part, may appeal the denial to the county board of equalization in accordance with the provisions of RCW 84.40.038. [2014 c 137 § 2; 2003 c 170 § 4. Prior: 2001 c 249 § 2; 2001 c 185 § 4; 1994 c 301 § 32; 1986 c 100 § 57; 1981 c 148 § 8; 1974 ex.s. c 187 § 6; 1971 ex.s. c 294 § 13.]

Purpose—Intent—2003 c 170: "During the regular session of the 2001 legislature, RCW 84.33.120 was amended by section 3, chapter 185 and by section 1, chapter 305, and repealed by section 16, chapter 249, each without reference to the other. The purpose of sections 4 through 7 of this act is to resolve any uncertainty about the status of RCW 84.33.120 caused by the enactment of three changes involving RCW 84.33.120 during the 2001 regular legislative session.

1) Chapter 249, Laws of 2001 both repealed RCW 84.33.120 and incorporated pertinent and vital parts of RCW 84.33.120 into RCW 84.33.140. The technical amendments made to RCW 84.33.120 by section 3, chapter 185, Laws of 2001 were also made to RCW 84.33.140 by section 5, chapter 185, Laws of 2001. The amendments made to RCW 84.33.120 by section 1, chapter 305, Laws of 2001 were also made to RCW 84.33.140 by
section 2, chapter 305, Laws of 2001. Therefore, RCW 84.33.140 as amended during the 2001 regular legislative session embodies the pertinent and vital parts of RCW 84.33.120 and the 2001 amendments to RCW 84.33.120.

(2) The legislature intends to confirm the repeal of RCW 84.33.120, including the 2001 regular legislative session amendments to that section, as of the effective date of chapters 185, 249, and 305, Laws of 2001.” [2003 c 170 § 1.]

Purpose—2003 c 170 § 4: “During the regular session of the 2001 legislature, RCW 84.33.130 was amended by section 4, chapter 185 and by section 2, chapter 249, each without reference to the other. The purpose of section 4 of this act is to reenact and amend RCW 84.33.130 so that it reflects all amendments made by the legislature.” [2003 c 170 § 2.]

Purpose—1981 c 148: “(1) One of the purposes of this act is to establish the values for ad valorem tax purposes of bare forest land which is primarily devoted to and used for growing and harvesting timber without consideration of other potential uses of the land and to provide a procedure for adjusting the values in future years to reflect economic changes which may affect the value established in this act.

(2) Chapter 294, Laws of 1971 ex. sess., as originally enacted, required the department of revenue annually to analyze forest land transactions to ascertain the market value of bare forest land purchased and used exclusively for growing and harvesting timber. Most transactions involving forest land include mature and immature timber with no segregation by the parties between the amounts paid for timber and bare land. The examination of these transactions by the department to ascertain the prices being paid for only the bare land has proven to be very difficult, time consuming, and subject to recurring legal challenge. Samples are small in relation to the total acreage of bare land which have been observed in the value of bare forest land. This act eliminates most of these administrative costs by establishing the current bare forest land values as of the date of the effective date of chapters 185, 249, and 305, Laws of 2001.” [1981 c 148 § 11.]

Additional notes found at www.leg.wa.gov

84.33.140 Forest land valuation—Notation of forest land designation upon assessment and tax rolls—Notice of continuance—Removal of designation—Compensating tax. (1) When land has been designated as forest land under RCW 84.33.130, a notation of the designation must be made each year upon the assessment and tax rolls. A copy of the notice of approval together with the legal description or assessor’s parcel numbers for the land must, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded.

(2) In preparing the assessment roll as of January 1, 2002, for taxes payable in 2003 and each January 1st thereafter, the assessor must list each parcel of designated forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (3) of this section. The assessor must compute the assessed value of the land using the same assessment ratio applied generally in computing the assessed value of other property in the county. Values for the several grades of bare forest land are as follows:

<table>
<thead>
<tr>
<th>LAND GRADE</th>
<th>OPERABILITY CLASS</th>
<th>VALUES PER ACRE</th>
</tr>
</thead>

(3) On or before December 31, 2001, the department must adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (2) of this section in accordance with this subsection, and must certify the adjusted values to the assessor who will use these values in preparing the assessment roll as of January 1, 2002. For the adjustment to be made on or before December 31, 2001, for use in the 2002 assessment year, the department must:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1996, and June 30, 2001, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1995, and June 30, 2000, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(c) Adjust the forest land values contained in subsection (2) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

(4) For the adjustments to be made on or before December 31, 2002, and each succeeding year thereafter, the same procedure described in subsection (3) of this section must be followed using harvester excise tax returns filed under RCW 84.33.074. However, this adjustment must be made to the prior year’s adjusted value, and the five-year periods for calculating average harvested timber values must be successively one year more recent.
(5) Land graded, assessed, and valued as forest land must continue to be so graded, assessed, and valued until removal of designation by the assessor upon the occurrence of any of the following:

(a) Receipt of notice of request to withdraw land classified under RCW 84.34.020(3) within two years before the date of the merger under RCW 84.34.400. Land previously classified under chapter 84.34 RCW will be removed under the provisions of this chapter when two assessment years have passed following receipt of the notice as described in RCW 84.34.070(1);

(b) Receipt of notice from the owner to remove the designation;

(c) Sale or transfer to an ownership making the land exempt from ad valorem taxation;

(d) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner or transfer by a transfer on death deed, does not, by itself, result in removal of designation. The signed notice of continuance must be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated under subsection (11) of this section are due and payable by the seller or transferor at time of sale. The auditor may not accept an instrument of conveyance regarding designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (11) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(e) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) The land is no longer primarily devoted to and used for growing and harvesting timber. However, land may not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (13) or (14) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in the designated forest land by means of a transaction that qualifies for an exemption under subsection (13) or (14) of this section. The governmental agency, organization, or recipient must annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

(6) Land may not be removed from designation if there is a governmental restriction that prohibits, in whole or in part, the owner from harvesting timber from the owner's designated forest land. If only a portion of the parcel is impacted by governmental restrictions of this nature, the restrictions cannot be used as a basis to remove the remainder of the forest land from designation under this chapter. For the purposes of this section, "governmental restrictions" includes: (a) Any law, regulation, rule, ordinance, program, or other action adopted or taken by a federal, state, county, city, or other governmental entity; or (b) the land's zoning or its presence within an urban growth area designated under RCW 36.70A.110.

(7) The assessor has the option of requiring an owner of forest land to file a timber management plan with the assessor upon the occurrence of one of the following:

(a) An application for designation as forest land is submitted;

(b) Designated forest land is sold or transferred and a notice of continuance, described in subsection (5)(d) of this section, is signed; or

(c) The assessor has reason to believe that forest land sized less than twenty acres is no longer primarily devoted to and used for growing and harvesting timber. The assessor may require a timber management plan to assist with determining continuing eligibility as designated forest land.

(8) If land is removed from designation because of any of the circumstances listed in subsection (5)(a) through (d) of this section, the removal applies only to the land affected. If land is removed from designation because of subsection (5)(e) of this section, the removal applies only to the actual area of land that is no longer primarily devoted to the growing and harvesting of timber, without regard to any other land that may have been included in the application and approved for designation, as long as the remaining designated forest land meets the definition of forest land contained in RCW 84.33.035.

(9) Within thirty days after the removal of designation as forest land, the assessor must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(10) Unless the removal is reversed on appeal a copy of the notice of removal with a notation of the action, if any, upon appeal, together with the legal description or assessor's parcel numbers for the land removed from designation must, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded and a notation of removal from designation must immediately be made upon the assessment and tax rolls. The assessor must revalue the land to be removed with reference to its true and fair value as of January 1st of the year of removal from designation. Both the assessed value before and after the removal of designation must be listed. Taxes based on the value of the land as forest land are assessed and payable up until the date of removal and taxes based on the true and fair value of the land are
is not used for the purposes enumerated, the compensating tax as defined in chapter 79.155 RCW. At such time as the land is removed from designation as forest land and an amount equal to the new assessed value of the land multiplied by the dollar rate of the last levy extended against the land, multiplied by a number, in no event greater than nine, equal to the number of years for which the land was designated as forest land, plus compensating taxes on the land at forest land values up until the date of removal and the prorated taxes on the land at true and fair value from the date of removal to the end of the current tax year.

(12) Compensating tax, together with applicable interest thereon, becomes a lien on the land, which attaches at the time the land is removed from designation as forest land and has priority and must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date will thereupon become delinquent. From the date of delinquency until paid, interest is charged at the same rate applied by law to delinquent ad valorem property taxes.

(13) The compensating tax specified in subsection (11) of this section may not be imposed if the removal of designation under subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) a sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power based on official action taken by the entity and confirmed in writing;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW or approved for state natural resources conservation area purposes as defined in chapter 79.71 RCW, or for acquisition and management as a community forest trust as defined in chapter 79.155 RCW. At such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (11) of this section is imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of the land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(g) The creation, sale, or transfer of a conservation easement of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(h) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (13)(i); or

(i)(i) The discovery that the land was designated under this chapter in error through no fault of the owner. For purposes of this subsection (13)(i), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of designation under this chapter or the failure of the assessor to remove the land from designation under this chapter.

(ii) For purposes of this subsection (13), the discovery that land was designated under this chapter in error through no fault of the owner is not the sole reason for removal of designation under subsection (5) of this section if an independent basis for removal exists. An example of an independent basis for removal includes the land no longer being devoted to and used for growing and harvesting timber.

(14) In a county with a population of more than six hundred thousand inhabitants or in a county with a population of at least two hundred forty-five thousand inhabitants that borders Puget Sound as defined in RCW 90.71.010, the compensating tax specified in subsection (11) of this section may not be imposed if the removal of designation as forest land under subsection (5) of this section resulted solely from:

(a) An action described in subsection (13) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax is imposed upon the current owner. [2014 c 137 § 3; 2014 c 97 § 309; 2014 c 58 § 27; 2013 2nd sp.s. c 11 § 13; 2012 c 170 § 1. Prior: 2009 c 354 § 2; 2009 c 255 § 3; 2009 c 246 § 2; 2007 c 54 § 24; 2005 c 303 § 13; 2003 c 170 § 5; prior: 2001 c 305 § 2; 2001 c 249 § 3; 2001 c 185 § 5; 1999 sp.s. c 4 § 703; 1999 c 233 § 21; 1997 c 299 § 2; 1995 c 330 § 2; 1992 c 69 § 2; 1986 c 238 § 2; 1981 c 148 § 9; 1980 c 134 § 3; 1974 ex.s. c 187 § 7; 1973 1st ex.s. c 195 § 93; 1972 ex.s. c 148 § 6; 1971 ex.s. c 294 § 14.]
84.33.145 Compensating tax. (1) If no later than thirty days after removal of designation under this chapter the owner applies for classification under:

(a) RCW 84.34.020(1); or

(b) RCW 84.34.020(2); or

(c) RCW 84.34.020(3), unless the timber land classification and designated forest land program are merged under RCW 84.34.400, then, for the purposes of (a), (b), or (c) of this subsection, the designated forest land may not be considered removed from designation for purposes of the compensating tax under RCW 84.34.140 until the application for current use classification under chapter 84.34 RCW is denied or the property is removed from classification under RCW 84.34.108.

(2) Upon removal of classification under RCW 84.34.108, the amount of compensating tax due under this chapter is equal to:

(a) The difference, if any, between the amount of tax last levied on the land as designated forest land and an amount equal to the new assessed valuation of the land when removed from classification under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against the land, multiplied by

(b) A number equal to:

(i) The number of years the land was designated under this chapter, if the total number of years the land was designated under this chapter and classified under chapter 84.34 RCW is less than ten; or

(ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if the total number of years the land was designated under this chapter and classified under chapter 84.34 RCW is at least ten.

(3) Nothing in this section authorizes the continued designation under this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to classification under subsection (1) of this section that does not meet the definition of forest land under RCW 84.33.035. Nothing in this section affects the additional tax imposed under RCW 84.34.108.

(4) In a county with a population of more than six hundred thousand inhabitants or in a county with a population of at least two hundred forty-five thousand inhabitants that borders Puget Sound as defined in RCW 90.71.010, no amount of compensating tax is due under this section if the removal from classification under RCW 84.34.108 results from a transfer of property described in RCW 84.34.108(6). [2014 c 137 § 4; 2012 c 170 § 2; 2009 c 354 § 4; 2001 c 249 § 4; 1999 sp.s. c 4 § 704; 1997 c 299 § 3; 1992 c 69 § 3; 1986 c 315 § 3.]

Finding—Intent—2009 c 354: See note following RCW 84.33.140. Additional notes found at www.leg.wa.gov

84.33.170 Application of chapter to Christmas trees. Notwithstanding any provision of this chapter to the contrary, this chapter shall not exempt from the ad valorem tax nor subject to the excise tax imposed by this chapter, Christmas trees and short-rotation hardwoods, which are cultivated by agricultural methods, and the land on which the Christmas trees and short-rotation hardwoods stand shall not be taxed as provided in RCW 84.33.140. However, short-rotation hardwoods, which are cultivated by agricultural methods, on land classified as timber land under chapter 84.34 RCW, shall be subject to the excise tax imposed under this chapter. [2001 c 249 § 5; 1995 c 165 § 2; 1984 c 204 § 24; 1983 c 3 § 226; 1971 ex.s. c 294 § 17.]

Additional notes found at www.leg.wa.gov

84.33.200 Legislative review of timber tax system—Information and data to be furnished. (1) The legislature shall review the system of distribution and allocation of all timber excise tax revenues in January 1975 and each year thereafter to provide a uniform and equitable distribution and allocation of such revenues to the state and local taxing districts.

(2) In order to allow legislative review of the rules to be adopted by the department of revenue establishing the stumpage values provided for in RCW 84.33.091, such rules shall be effective not less than thirty days after transmitting to the staffs of the senate and house ways and means committees (or their successor committees) the same proposed rules as have been previously filed with the office of the code reviser pursuant to RCW 34.05.320.
The department of revenue and the department of natural resources shall make available to the revenue committees of the senate and house of representatives of the state legislature information and data, as it may be available, pertaining to the status of forest land grading throughout the state, the collection of timber excise tax revenues, the distribution and allocation of timber excise tax revenues to the state and local taxing districts, and any other information as may be necessary for the proper legislative review and implementation of the timber excise tax system, and in addition, the departments shall provide an annual report of such matters in January of each year to such committees. [2001 c 320 § 17; 1998 c 245 § 170; 1989 c 175 § 179; 1984 c 204 § 25; 1979 c 6 § 4; 1974 ex.s. c 187 § 9.]

Additional notes found at www.leg.wa.gov

84.33.210 Forest land valuation—Special benefit assessments. (1) Any land that is designated as forest land under this chapter at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act (a) to create a local improvement district, in which the land is included or would have been included but for the designation, or (b) to approve or confirm a final special benefit assessment roll relating to a sanitary or storm sewerage system, domestic water supply or distribution system, or road construction or improvement, which roll would have included the land but for the designation, shall be exempt from special benefit assessments, charges in lieu of assessment, or rates and charges for storm water control facilities under RCW 36.89.080 for such purposes as long as that land remains designated as forest land, except as otherwise provided in RCW 84.33.250.

(2) Whenever a local government creates a local improvement district, the levying, collection, and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided under the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes designated forest land shall be filed with the assessor and the legislative authority of the county in which the land is located. The assessor, upon receiving notice of the creation of a local improvement district, shall send a notice to the owners of the designated forest lands listed on the tax rolls of the applicable treasurer of:

(a) The creation of the local improvement district;

(b) The exemption of that land from special benefit assessments;

(c) The fact that the designated forest land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and

(d) The potential liability, pursuant to RCW 84.33.220, if the exemption is not waived and the land is subsequently removed from designated forest land status.

(3) When a local government approves and confirms a special benefit assessment roll, from which designated forest land has been exempted under this section, it shall file a notice of this action with the assessor and the legislative authority of the county in which the land is located and with the treasurer of that local government. The notice shall describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment that would have been levied against the land if it had not been exempted. The filing of the notice with the assessor and the treasurer of that local government shall constitute constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that the exempt land is subject to the charges provided in RCW 84.33.220 and 84.33.230, if the land is removed from its designation as forest land.

(4) The owner of the land exempted from special benefit assessments under this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver shall be filed by the local government with the assessor, but the failure to file this copy shall not affect the waiver.

(5) Except to the extent provided in RCW 84.33.250, the local government shall have no duty to furnish service from the improvement financed by the special benefit assessment to the exempted land. [2003 c 394 § 7; 2001 c 249 § 6; 1992 c 52 § 7.]

84.33.220 Forest land valuation—Withdrawal from designation or change in use—Liability. Whenever forest land has been exempted from special benefit assessments under RCW 84.33.210, any removal from designation or change in use from forest land under this chapter shall result in the following:

(1) If the bonds used to fund the improvement in the local improvement district have not been completely retired, the land shall immediately become liable for:

(a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.33.210; plus

(b) Interest on the amount determined in (a) of this subsection, compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.33.210, to the time the owner or the assessor removes the land from the exemption category provided by this chapter; or

(2) If the bonds used to fund the improvement in the local improvement district have been completely retired, the land shall immediately become liable for:

(a) The amount of the special benefit assessment listed in the notice provided for in RCW 84.33.210; plus

(b) Interest on the amount determined in (a) of this subsection compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.33.210, to the time the bonds used to fund the improvement have been retired; plus

(c) Interest on the total amount determined in (a) and (b) of this subsection at a simple per annum rate equal to the average rate of inflation from the time the bonds used to fund the improvement have been retired to the time the owner or
the assessor removes the land from the exemption category provided by this chapter;

(3) The amount payable under this section shall become due on the date the land is removed from its forest land designation. This amount shall be a lien on the land prior and superior to any other lien whatsoever except for the lien for general taxes, and shall be enforceable in the same manner as the collection of special benefit assessments are enforced by that local government. [2001 c 249 § 7; 1992 c 52 § 8.]

**84.33.230 Forest land valuation—Change in designation—Notice.** Whenever forest land is removed from its forest land designation, the assessor of the county in which the land is located shall forthwith give written notice of the removal to the local government or its successor that filed with the assessor the notice required by RCW 84.33.210. Upon receipt of the notice from the assessor, the local government shall mail a written statement to the owner of the land for the amounts payable as provided in RCW 84.33.220. The amounts due shall be delinquent if not paid within one hundred eighty days after the date of mailing of the statement. The amount payable shall be subject to the same interest, penalties, lien priority, and enforcement procedures that are applicable to delinquent assessments on the assessment roll from which that land had been exempted, except that the rate of interest charged shall not exceed the rate provided in RCW 84.33.220. [2001 c 249 § 8; 1992 c 52 § 9.]

**84.33.240 Forest land valuation—Change in classification or use—Application of payments.** Payments collected pursuant to RCW 84.33.220 and 84.33.230, or by enforcement procedures referred to therein, after the payment of the expenses of their collection, shall first be applied to the payment of general or special debt incurred to finance the improvements related to the special benefit assessments, and, if such debt is retired, then into the maintenance fund or general fund of the governmental entity that created the local improvement district, or its successor, for any of the following purposes: (1) Redemption or servicing of outstanding obligations of the district; (2) maintenance expenses of the district; or (3) construction or acquisition of any facilities necessary to carry out the purpose of the district. [1992 c 52 § 10.]

**84.33.250 Forest land valuation—Special benefit assessments.** The department shall adopt rules it shall deem necessary to implement RCW 84.33.210 through 84.33.270, which shall include, but not be limited to, procedures to determine the extent to which a portion of the land otherwise exempt may be subject to a special benefit assessment for: (1) The actual connection to the domestic water system or sewerage facilities; (2) access to the road improvement in relation to its value as forest land as distinguished from its value under more intensive uses; and (3) the lands that benefit from or cause the need for a local improvement district. The provision for limited special benefit assessments shall not relieve the land from liability for the amounts provided in RCW 84.33.220 and 84.33.230 when the land is removed from its forest land designation. [2001 c 249 § 9; 1992 c 52 § 11.]

**84.33.260 Forest land valuation—Withdrawal from designation or change in use—Benefit assessments.** Whenever a portion of a parcel of land that was designated as forest land under this chapter is removed from designation or there is a change in use, and the land has been exempted from any benefit assessments under RCW 84.33.210, the previously exempt benefit assessments shall become due on only that portion of the land that is removed or changed in use. [2001 c 249 § 10; 1992 c 52 § 12.]

**84.33.270 Forest land valuation—Government future development right—Conserving forest land—Exemptions.** (1) Forest land on which the right of future development has been acquired by any local government, the state of Washington, or the United States government shall be exempt from special benefit assessments in lieu of assessment for the purposes in the same manner, and under the same liabilities for payment and interest, as land designated under this chapter as forest land, for as long as the designation applies.

(2) Any interest, development right, easement, covenant, or other contractual right that effectively protects, preserves, maintains, improves, restores, prevents the future nonforest use of, or otherwise conserves forest land shall be exempt from special benefit assessments as long as the development right or other interest effectively serves to prevent nonforest development of the land. [2001 c 249 § 11; 1992 c 52 § 13.]

**84.33.280 Applicant for forest riparian easement program—Department to rely on certain documents.** The department shall, when contacted by the department of natural resources under RCW 76.13.160, rely on submitted tax-related documents to confirm or deny that an applicant for the forest riparian easement program established in RCW 76.13.120 satisfies the definition of a small forest landowner, as that term is defined in RCW 76.13.120. Nothing in this section, or RCW 76.13.160, prohibits the department from providing the department of natural resources with aggregate or general information. [2004 c 102 § 3.]

84.34.100 Payment of additional tax, penalties, and/or interest.
84.34.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

2) "Farm and agricultural land" means:
(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres:
(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;
(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or
(iii) Other similar commercial activities as may be established by rule;
(b) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:
(A) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and
(B) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years pre-

84.34.010 Legislative declaration. The legislature hereby declares that it is in the best interest of the state to maintain, preserve, conserve and otherwise continue in existence adequate open space lands for the production of food, fiber and forest crops, and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of the state and its citizens. The legislature further declares that assessment practices must be so designed as to permit the continued availability of open space lands for these purposes, and it is the intent of this chapter so to provide. The legislature further declares its intent that farm and agricultural lands shall be valued on the basis of their value for use as authorized by section 11 of Article VII of the Constitution of the state of Washington. [1973 1st ex.s. c 212 § 1; 1970 ex.s. c 87 § 1.]

84.34.010 Legislative declaration. The legislature hereby declares that it is in the best interest of the state to maintain, preserve, conserve and otherwise continue in existence adequate open space lands for the production of food, fiber and forest crops, and to assure the use and enjoyment of natural resources and scenic beauty for the economic and social well-being of the state and its citizens. The legislature further declares that assessment practices must be so designed as to permit the continued availability of open space lands for these purposes, and it is the intent of this chapter so to provide. The legislature further declares its intent that farm and agricultural lands shall be valued on the basis of their value for use as authorized by section 11 of Article VII of the Constitution of the state of Washington. [1973 1st ex.s. c 212 § 1; 1970 ex.s. c 87 § 1.]
ceding the date of application for classification under this chapter;

(ii) For the purposes of (b)(i) of this subsection, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;

(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of:

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Parcels of land described in (b)(i)(A) and (c)(i) of this subsection will, upon any transfer of the property excluding a transfer to a surviving spouse or surviving state registered domestic partner, be subject to the limits of (b)(i)(B) and (c)(ii) of this subsection;

(d) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which meet one of the following criteria:

(i) Has produced a gross income from agricultural uses equivalent to two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) Has standing crops with an expectation of harvest within seven years, except as provided in (d)(iii) of this subsection, and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year. For the purposes of this subsection (2)(d)(ii), "standing crop" means Christmas trees, vineyards, fruit trees, or other perennial crops that: (A) Are planted using agricultural methods normally used in the commercial production of that particular crop; and (B) typically do not produce harvestable quantities in the initial years after planting; or

(iii) Has a standing crop of short rotation hardwoods with an expectation of harvest within fifteen years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year;

(e) Any lands including incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with land producing such products. Agricultural lands also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands";

(f) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if:

The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes;

(g) Any land that is used primarily for equestrian related activities for which a charge is made, including, but not limited to, stabling, training, riding, clinics, schooling, shows, or grazing for feed and that otherwise meet the requirements of (a), (b), or (c) of this subsection; or

(h) Any land primarily used for commercial horticultural purposes, including growing seedlings, trees, shrubs, vines, fruits, vegetables, flowers, herbs, and other plants in containers, whether under a structure or not, subject to the following:

(i) The land is not primarily used for the storage, care, or selling of plants purchased from other growers for retail sale;

(ii) If the land is less than five acres and used primarily to grow plants in containers, such land does not qualify as "farm and agricultural land" if more than twenty-five percent of the land used primarily to grow plants in containers is open to the general public for on-site retail sales;

(iii) If more than twenty percent of the land used for growing plants in containers qualifying under this subsection (2)(h) is covered by pavement, none of the paved area is eligible for classification as "farm and agricultural land" under this subsection (2)(h). The eligibility limitations described in this subsection (2)(h)(iii) do not affect the land's eligibility to qualify under (e) of this subsection; and

(iv) If the land classified under this subsection (2)(h), in addition to any contiguous land classified under this subsection, is less than twenty acres, it must meet the applicable income or investment requirements in (b), (c), or (d) of this subsection.

3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of timber for commercial purposes. Timber land means the land only and does not include a residential homesite. The term includes land used for incidental uses that are compatible with the growing and harvesting of timber but no more than ten percent of the land may be used for such incidental uses. It also includes the land on which appurtenances necessary for the production, preparation, or sale of the timber products exist in conjunction with land producing these products.

4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" means the contract vendee.

6)(a) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, is considered contiguous.

(b) For purposes of this subsection (6):

(i) "Same ownership" means owned by the same person or persons, except that parcels owned by different persons are deemed held by the same ownership if the parcels are:

(A) Managed as part of a single operation; and

(B) Owned by:

(I) Members of the same family;

(II) Legal entities that are wholly owned by members of the same family; or
(III) An individual who owns at least one of the parcels and a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual, members of his or her family, or that individual and members of his or her family.

(ii) "Family" includes only:

(A) An individual and his or her spouse or domestic partner, child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling;

(B) The spouse or domestic partner of an individual's child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling of the individual's spouse or the individual's domestic partner; and

(D) The spouse or domestic partner of any individual described in (b)(ii)(C) of this subsection (6).

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture. [2014 c 125 § 2; 2011 c 101 § 1; 2010 c 106 § 304. Prior: 2009 c 513 § 1; 2009 c 255 § 1; 2005 c 57 § 1; 2004 c 217 § 1; 2002 c 315 § 1; 2001 c 249 § 12; 1998 c 320 § 7; 1997 c 429 § 31; 1992 c 69 § 4; 1988 c 253 § 3; 1983 c 3 § 227; 1973 1st ex.s. c 212 § 2; 1970 ex.s. c 87 § 2.]

Intent—2014 c 125: "The legislature intends to clarify and update the description of farm and agricultural land as it is used under the property tax open space program. Modern technology and water quality and labor regulations have all caused nurseries to increasingly grow plants in containers rather than in the ground. Growing plants in containers preserves topsoil, allows more plants to be grown per acre, allows soil and nutrients to be customized for each type of plant, allows more efficient use of water and fertilizer, allows year round harvest and sales, and reduces labor cost and injuries."[2014 c 125 § 1.]

Intent—2014 c 125: "The amendments to RCW 84.34.020, as provided in section 2 of this act, are intended to clarify an ambiguity in an existing tax preference, and are therefore exempt from the requirements of RCW 82.32.805 and 82.32.808." [2014 c 125 § 3.]

Effective date—2010 c 106: See note following RCW 35.102.145.

Purpose—2004 c 217 § 1: "The purpose of the amendatory language in section 1 of this act is to clarify the timber land definition as it relates to tax issues. The language does not affect land use policy or law." [2004 c 217 § 2.]

Additional notes found at www.leg.wa.gov

84.34.030 Applications for current use classification—Forms—Fee—Times for making. (1) An owner of land desiring current use classification under RCW 84.34.020 must make application as follows:

(a) Application for classification under RCW 84.34.020(2) must be made to the county assessor upon forms prepared by the state department of revenue and sup-

plied by the county assessor. (b) Application for classification under:

(i) RCW 84.34.020(1); or

(ii) RCW 84.34.020(3), unless the timber land classification and designated forest land program are merged under RCW 84.34.400 must be made, for (b)(i) or (ii) of this subsection, to the county legislative authority upon forms prepared by the state department of revenue and supplied by the county assessor.

(2) The application must be accompanied by a reasonable processing fee if a processing fee is established by the city or county legislative authority. The application may require only such information reasonably necessary to properly classify an area of land under this chapter with a notarized verification of the truth thereof and must include a statement that the applicant is aware of the potential tax liability involved when the land ceases to be classified as open space, farm and agricultural or timber land. Applications must be made during the calendar year preceding that in which classification is to begin.

(3) The assessor must make necessary information, including copies of this chapter and applicable regulations, readily available to interested parties, and must render reasonable assistance to such parties upon request. [2014 c 137 § 6; 1999 c 378 § 10; 1973 1st ex.s. c 212 § 3; 1970 ex.s. c 87 § 3.]

84.34.035 Applications for current use classification—Approval or denial—Appeal—Duties of assessor upon approval. The assessor shall act upon the application for current use classification of farm and agricultural lands under RCW 84.34.020(2), with due regard to all relevant evidence. The application shall be deemed to have been approved unless, prior to the first day of May of the year after such application was mailed or delivered to the assessor, the assessor shall notify the applicant in writing of the extent to which the application is denied. An owner who receives notice that his or her application has been denied may appeal such denial to the board of equalization in the county where the property is located. The appeal shall be filed in accordance with RCW 84.40.038. Within ten days following approval of the application, the assessor shall submit notification of such approval to the county auditor for recording in the place and manner provided for the public recording of state tax liens on real property. The assessor shall retain a copy of all applications.

The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified. [2001 c 185 § 6; 1992 c 69 § 5; 1973 1st ex.s. c 212 § 4.]

Additional notes found at www.leg.wa.gov

84.34.037 Applications for current use classification—To whom made—Factors—Review. (1) Applications for classification or reclassification under RCW 84.34.020(1) shall be made to the county legislative authority. An application made for classification or reclassification of land under RCW 84.34.020(1) (b) and (c) which is in an area subject to a comprehensive plan shall be acted upon in
the same manner in which an amendment to the comprehensive plan is processed. Application made for classification of land which is in an area not subject to a comprehensive plan shall be acted upon after a public hearing and after notice of the hearing shall have been given by one publication in a newspaper of general circulation in the area at least ten days before the hearing: PROVIDED, That applications for classification of land in an incorporated area shall be acted upon by: (a) A granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located in a meeting where members may be physically absent but participating through telephonic connection; or (b) separate affirmative acts by both the county and city legislative bodies where both bodies affirm the entirety of an application without modification or both bodies affirm an application with identical modifications.

(2) In determining whether an application made for classification or reclassification under RCW 84.34.020(1) (b) and (c) should be approved or disapproved, the granting authority may take cognizance of the benefits to the general welfare of preserving the current use of the property which is the subject of application, and shall consider:

(a) The resulting revenue loss or tax shift;

(b) Whether granting the application for land applying under RCW 84.34.020(1)(b) will (i) conserve or enhance natural, cultural, or scenic resources, (ii) protect streams, stream corridors, wetlands, natural shorelines and aquifers, (iii) protect soil resources and unique or critical wildlife and native plant habitat, (iv) promote conservation principles by example or by offering educational opportunities, (v) enhance the value of abutting or neighboring parks, forests, wildlife preserves, nature reservations, sanctuaries, or other open spaces, (vi) enhance recreation opportunities, (vii) preserve historic and archaeological sites, (viii) preserve visual quality along highway, road, and street corridors or scenic vistas, (ix) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of the property; and

(c) Whether granting the application for land applying under RCW 84.34.020(1)(c) will (i) either preserve land previously classified under RCW 84.34.020(2) or preserve land that is traditional farmland and not classified under chapter 84.33 or 84.34 RCW, (ii) preserve land with a potential for returning to commercial agriculture, and (iii) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of property.

(3) If a public benefit rating system is adopted under RCW 84.34.055, the county legislative authority shall rate property for which application for classification has been made under RCW 84.34.020(1) (b) and (c) according to the public benefit rating system in determining whether an application should be approved or disapproved, but when such a system is adopted, open space properties then classified under this chapter which do not qualify under the system shall not be removed from classification but may be rated according to the public benefit rating system.

(4) The granting authority may approve the application with respect to only part of the land which is the subject of the application. If any part of the application is denied, the applicant may withdraw the entire application. The granting authority in approving in part or whole an application for land classified or reclassified pursuant to RCW 84.34.020(1) may also require that certain conditions be met, including but not limited to the granting of easements. As a condition of granting open space classification, the legislative body may not require public access on land classified under RCW 84.34.020(1)(b)(iii) for the purpose of promoting conservation of wetlands.

(5) The granting or denial of the application for current use classification or reclassification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. [2009 c 350 § 13; 1992 c 69 § 6; 1985 c 393 § 1; 1984 c 111 § 1; 1973 1st ex.s. c 212 § 5.]

84.34.041 Application for current use classification—Forms—Public hearing—Approval or denial. (1) An application for current use classification or reclassification under RCW 84.34.020(3) must be made to the county legislative authority.

The application must be made upon forms prepared by the department of revenue and supplied by the granting authority and must include the following elements that constitute a timber management plan:

(a) A legal description of, or assessor's parcel numbers for, all land the applicant desires to be classified as timber land;

(b) The date or dates of acquisition of the land;

(c) A brief description of the timber on the land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for the land;

(e) If so, the nature and extent of implementation of the plan;

(f) Whether the land is used for grazing;

(g) Whether the land has been subdivided or a plat filed with respect to the land;

(h) Whether the land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(i) Whether the land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

(j) Whether the land is subject to a lease, option, or other right that permits it to be used for a purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when the land ceases to be classified as timber land.

(2) An application made for classification of land under RCW 84.34.020(3) must be acted upon after a public hearing and after notice of the hearing is given by one publication in a newspaper of general circulation in the area at least ten days before the hearing. Application for classification of land in an incorporated area must be acted upon by: (a) A granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located in a meeting where members may
be physically absent but participating through telephonic connection; or (b) separate affirmative acts by both the county and city legislative bodies where both bodies affirm the entirety of an application without modification or both bodies affirm an application with identical modifications.

(3) The granting authority must act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain a stand of timber as defined in chapter 76.09 RCW and applicable rules, except this reason alone is not sufficient to deny the application (i) if the land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or the longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within the land do not meet minimum standards due to rock outcroppings, swamps, unproductive soil, or other natural conditions;

(b) The applicant, with respect to the land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling the ordinary high tide line and two hundred feet horizontally landward from the high tide line.

(4)(a) The timber management plan must be filed with the county legislative authority either: (i) When an application for classification under this chapter is submitted; (ii) when a sale or transfer of timber land occurs and a notice of continuance is signed; or (iii) within sixty days of the date the application for reclassification under this chapter or from designated forest land is received. The application for reclassification must be accepted, but may not be processed until the timber management plan is received. If the timber management plan is not received within sixty days of the date the application for reclassification is received, the application for reclassification must be denied.

(b) If circumstances require it, the county assessor may allow in writing an extension of time for submitting a timber management plan when an application for classification or reclassification or notice of continuance is filed. When the assessor approves an extension of time for filing the timber management plan, the county legislative authority may delay processing an application until the timber management plan is received. If the timber management plan is not received by the date set by the assessor, the application or the notice of continuance must be denied.

(c) The granting authority may approve the application with respect to only part of the land that is described in the application, and if any part of the application is denied, the applicant may withdraw the entire application. The granting authority, in approving in part or whole an application for land classified pursuant to RCW 84.34.020(3), may also require that certain conditions be met.

(d) Granting or denial of an application for current use classification is a legislative determination and is reviewable only for arbitrary and capricious actions. The granting authority may not require the granting of easements for land classified pursuant to RCW 84.34.020(3).

(e) The granting authority must approve or disapprove an application made under this section within six months following the date the application is received.

(5) No application may be approved under this section, and land may not otherwise be classified or reclassified under RCW 84.34.020(3), if the timber land classification and designated forest land program are merged under RCW 84.34.400. [2014 c 137 § 7; 2009 c 350 § 14; 2002 c 315 § 2; 1992 c 69 § 20.]

84.34.050 Notice of approval or disapproval—Procedure when approval granted. (1) The granting authority shall immediately notify the assessor and the applicant of its approval or disapproval which shall in no event be more than six months from the receipt of said application. No land other than farm and agricultural land shall be classified under this chapter until an application in regard thereto has been approved by the appropriate legislative authority.

(2) When the granting authority classifies land under this chapter, it shall file notice of the same with the assessor within ten days. The assessor shall, as to any such land, make a notation each year on the assessment list and the tax roll of the assessed value of such land for the use for which it is classified in addition to the assessed value of such land were it not so classified.

(3) Within ten days following receipt of the notice from the granting authority of classification of such land under this chapter, the assessor shall submit such notice to the county auditor for recording in the place and manner provided for the public recording of state tax liens on real property. [1992 c 69 § 7; 1973 1st ex.s. c 212 § 6; 1970 ex.s. c 87 § 5.]

84.34.055 Open space priorities—Open space plan and public benefit rating system. (1)(a) The county legislative authority may direct the county planning commission to set open space priorities and adopt, after a public hearing, an open space plan and public benefit rating system for the county. The plan shall consist of criteria for determining eligibility of lands, the process for establishing a public benefit rating system, and an assessed valuation schedule. The assessed valuation schedule shall be developed by the county assessor and shall be a percentage of market value based upon the public benefit rating system. The open space plan, the public benefit rating system, and the assessed valuations schedule shall not be effective until approved by the county legislative authority after at least one public hearing: PROVIDED, That any county which has complied with the procedural requisites of chapter 393, Laws of 1985, prior to July 28, 1985, need not repeat those procedures in order to adopt an open space plan pursuant to chapter 393, Laws of 1985.

(b) County legislative authorities, in open space plans, public benefit rating systems, and assessed valuation schedules, shall give priority consideration to lands used for buffers that are planted with or primarily contain native vegetation.

(c) "Priority consideration" as used in this section may include, but is not limited to, establishing classification eligi-
bility and maintenance criteria for buffers meeting the requirements of (b) of this subsection.

(d) County legislative authorities shall meet the requirements of (b) of this subsection no later than July 1, 2006, unless buffers already receive priority consideration in the existing open space plans, public benefit rating systems, and assessed valuation schedules.

(2) In adopting an open space plan, recognized sources shall be used unless the county does its own survey of important open space priorities or features, or both. Recognized sources include but are not limited to the natural heritage database; the state office of historic preservation; the recreation and conservation office inventory of dry accretion beach and shoreline features; state, national, county, or city registers of historic places; the shoreline master program; or studies by the parks and recreation commission and by the departments of fish and wildlife and natural resources. Features and sites may be verified by an outside expert in the field and approved by the appropriate state or local agency to be sent to the county legislative authority for final approval as open space.

(3) When the county open space plan is adopted, owners of open space lands then classified under this chapter shall be notified in the same manner as is provided in RCW 84.40.045 of their new assessed value. These lands may be removed from classification, upon request of owner, without penalty within thirty days of notification of value.

(4) The open space plan and public benefit rating system under this section may be adopted for taxes payable in 1986 and thereafter. [2007 c 241 § 73; 2005 c 310 § 1; 1994 c 264 § 76; 1988 c 36 § 62; 1985 c 393 § 3.]

Intent—Effective date—2007 c 241: See notes following RCW 79A.25.005.

84.34.060 Determination of true and fair value of classified land—Computation of assessed value. In determining the true and fair value of open space land and timber land, which has been classified as such under the provisions of this chapter, the assessor shall consider only the use to which such property and improvements is currently applied and shall not consider potential uses of such property. The assessed valuation of open space land shall not be less than the minimum value per acre of classified farm and agricultural land except that the assessed valuation of open space land may be valued based on the public benefit rating system adopted under RCW 84.34.055: PROVIDED FURTHER, That timber land shall be valued according to chapter 84.33 RCW. In valuing any tract or parcel of real property designated and zoned under a comprehensive plan adopted under chapter 36.70A RCW as agricultural, forest, or open space land, the appraisal shall not be based on similar sales of parcels that have been converted to nonagricultural, nonforest, or non-open-space uses within five years after the sale. [1997 c 429 § 32; 1992 c 69 § 8; 1985 c 393 § 2; 1981 c 148 § 10; 1973 1st ex.s. c 212 § 7; 1970 ex.s. c 87 § 6.]

Purpose—Severability—Effective dates—1981 c 148: See notes following RCW 84.33.130.

Additional notes found at www.leg.wa.gov

84.34.065 Determination of true and fair value of farm and agricultural land—Definitions. (1) The true and fair value of farm and agricultural land shall be determined by consideration of the earning or productive capacity of comparable lands from crops grown most typically in the area averaged over not less than five years, capitalized at indicative rates. The earning or productive capacity of farm and agricultural lands is the "net cash rental," capitalized at a "rate of interest" charged on long term loans secured by a mortgage on farm or agricultural land plus a component for property taxes. The current use value of land under RCW 84.34.020(2)(f) must be established as: The prior year's average value of open space farm and agricultural land used in the county plus the value of land improvements such as septic, water, and power used to serve the residence. This may not be interpreted to require the assessor to list improvements to the land with the value of the land.

(2) For the purposes of the above computation:

(a)(i) The term "net cash rental" means the average rental paid on an annual basis, in cash, for the land being appraised and other farm and agricultural land of similar quality and similarly situated that is available for lease for a period of at least three years to any reliable person without unreasonable restrictions on its use for production of agricultural crops. There is allowed as a deduction from the rental received or computed any costs of crop production charged against the landlord if the costs are such as are customarily paid by a landlord. If "net cash rental" data is not available, the earning or productive capacity of farm and agricultural lands is determined by the cash value of typical or usual crops grown on land of similar quality and similarly situated averaged over not less than five years. Standard costs of production are allowed as a deduction from the cash value of the crops.

(i) The current "net cash rental" or "earning capacity" is determined by the assessor with the advice of the advisory committee as provided in RCW 84.34.145, and through a continuing internal study, assisted by studies of the department of revenue. This net cash rental figure as it applies to any farm and agricultural land may be challenged before the same boards or authorities as would be the case with regard to assessed values on general property.

(b)(i) The term "rate of interest" means the rate of interest charged by the farm credit administration and other large financial institutions regularly making loans secured by farm and agricultural lands through mortgages or similar legal instruments, averaged over the immediate past five years.

(ii) The "rate of interest" must be determined annually by a rule adopted by the department of revenue and such rule must be published in the state register not later than January 1 of each year for use in that assessment year. The department of revenue determination may be appealed to the state board of tax appeals within thirty days after the date of publication by any owner of farm or agricultural land or the assessor of any county containing farm and agricultural land.

(c) The "component for property taxes" is a figure obtained by dividing the assessed value of all property in the county into the property taxes levied within the county in the year preceding the assessment and multiplying the quotient obtained by one hundred. [2014 c 97 § 310; 2001 c 249 § 13; 2000 c 103 § 23; 1998 c 320 § 8; 1997 c 429 § 33; 1992 c 69 § 9; 1989 c 378 § 11; 1973 1st ex.s. c 212 § 10.]

Additional notes found at www.leg.wa.gov
84.34.070 Withdrawal from classification. (1) When land has once been classified under this chapter, it must remain under such classification and must not be applied to other use except as provided by subsection (2) of this section for at least ten years from the date of classification. It must continue under such classification until and unless withdrawn from classification after notice of request for withdrawal is made by the owner. During any year after eight years of the initial ten-year classification period have elapsed, notice of request for withdrawal of all or a portion of the land may be given by the owner to the assessor or assessors of the county or counties in which the land is situated. If a portion of a parcel is removed from classification, the remaining portion must meet the same requirements as did the entire parcel when the land was originally granted classification under this chapter unless the remaining parcel has different income criteria. Within seven days the assessor must transmit one copy of the notice to the legislative body that originally approved the application. The assessor or assessors, as the case may be, must, when two assessment years have elapsed following the date of receipt of the notice, withdraw the land from the classification and the land is subject to the additional tax and applicable interest due under RCW 84.34.108. Agreement to tax according to use is not considered to be a contract and can be abrogated at any time by the legislature in which event no additional tax or penalty may be imposed.

(2)(a) The following reclassifications are not considered withdrawals or removals and are not subject to additional tax under RCW 84.34.108:

(i) Reclassification between lands under RCW 84.34.020 (2) and (3);

(ii) Reclassification of land classified under RCW 84.34.020 (2) or (3) or designated under chapter 84.33 RCW to open space land under RCW 84.34.020(1);

(iii) Reclassification of land classified under RCW 84.34.020 (2) or (3) to forest land designated under chapter 84.33 RCW; and

(iv) Reclassification of land classified as open space land under RCW 84.34.020(1)(c) and reclassified to farm and agricultural land under RCW 84.34.020(2) if the land had been previously classified as farm and agricultural land under RCW 84.34.020(2).

(b) Designation as forest land under RCW 84.33.130(1) as a result of a merger adopted under RCW 84.34.400 is not considered a withdrawal or removal and is not subject to additional tax under RCW 84.34.108.

(c) Any owner of land classified under RCW 84.34.020(3) who has provided the assessor with a notice of request to [for] withdrawal under subsection (1) of this section within two years of the date of merger as described in RCW 84.34.400, will have their land removed as designated forest land under the provisions of chapter 84.33 RCW when two assessment years have elapsed following the receipt of this notice.

(3) Applications for reclassification are subject to applicable provisions of RCW 84.34.037, 84.34.035, 84.34.041, and chapter 84.33 RCW.

(4) The income criteria for land classified under RCW 84.34.020(2) (b) and (c) may be deferred for land being reclassified from land classified under RCW 84.34.020 (1)(c) or (3), or chapter 84.33 RCW into RCW 84.34.020(2) (b) or (c) for a period of up to five years from the date of reclassification. [2014 c 137 § 8; 1992 c 69 § 10; 1984 c 111 § 2; 1973 1st ex.s. c 212 § 8; 1970 ex.s. c 87 § 7.]

84.34.080 Change in use. When land which has been classified under this chapter as open space land, farm and agricultural land, or timber land is applied to some other use, except through compliance with RCW 84.34.070, or except as a result solely from any one of the conditions listed in RCW 84.34.108(6), the owner shall within sixty days notify the county assessor of such change in use and additional real property tax shall be imposed upon such land in an amount equal to the sum of the following:

(1) The total amount of the additional tax and applicable interest due under RCW 84.34.108; plus

(2) A penalty amounting to twenty percent of the amount determined in subsection (1) of this section. [1999 sp.s. c 4 § 705; 1992 c 69 § 11; 1973 1st ex.s. c 212 § 9; 1970 ex.s. c 87 § 8.]

Additional notes found at www.leg.wa.gov

84.34.090 Extension of additional tax and penalties on tax roll—Lien. The additional tax and penalties, if any, provided by RCW 84.34.070 and 84.34.080 shall be extended on the tax roll and shall be, together with the interest thereon, a lien on the land to which such tax applies as of January 1st of the year for which such additional tax is imposed. Such lien shall have priority as provided in chapter 84.60 RCW: PROVIDED, That for purposes of all periods of limitation of actions specified in Title 84 RCW, the year in which the tax became payable shall be as specified in RCW 84.34.100. [1970 ex.s. c 87 § 9.]

84.34.100 Payment of additional tax, penalties, and/or interest. The additional tax, penalties, and/or interest provided by RCW 84.34.070 and 84.34.080 shall be payable in full thirty days after the date which the treasurer's statement therefor is rendered. Such additional tax when collected shall be distributed by the county treasurer in the same manner in which current taxes applicable to the subject land are distributed. [1980 c 134 § 4; 1970 ex.s. c 87 § 10.]

84.34.108 Removal of classification—Factors—Notice of continuance—Additional tax—Lien—Delinquencies—Exemptions (as amended by 2014 c 58). (1) When land has once been classified under this chapter, a notation of the classification (classifier) must be made each year upon the assessment and tax rolls and the land (classifier) must be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of the classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of the land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner (classifier) or transfer by a transfer on death deed does not, by itself, result in removal of classification. The notice of continuance (classifier) must be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section (classifier) become due and payable by the seller or transferee at time of sale. The auditor (classifier) may [Title 84 RCW—page 47]
not accept an instrument of conveyance regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferee, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.05.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d)(i) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

(ii) The granting authority, upon request of an assessor, (shall must) provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance (shall must) be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:
(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or
(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after the removal of all or a portion of the land from classification under subsection (1) of this section, the assessor (shall must) notify the owner in writing, setting forth the reasons for the removal. The seller, transferee, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.05.038. The removal notice must explain the steps needed to appeal the removal decision, including when a notice of appeal must be filed, where the form may be obtained, and how to contact the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor (shall must) revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification (shall must) be listed and taxes (shall must) be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty (shall must) be imposed which (shall be) are due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor (shall must) compute the amount of additional tax, applicable interest, and penalty and the treasurer (shall must) mail notice to the owner of the amount thereof and the date on which payment is due. The amount of the additional tax, applicable interest, and penalty (shall must) be determined as follows:

(a) The amount of additional tax (shall be) is equal to the difference between the property tax paid as "open space land," "farm and agricultural land," or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified.

(b) The amount of applicable interest (shall be) is equal to the interest upon the amounts of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty (shall be) is as provided in RCW 84.34.080. The penalty (shall may not) be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty (shall become) become a lien on the land (which shall attach) that attaches at the time the land is removed from classification under this chapter and (shall have) have priority to and (shall be) must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.34.050. A delinquent real property tax unpaid on its date due is not in default for the purposes of this chapter.

The thereupon become delinquent. From the date of delinquency until paid, interest (shall must) be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section (shall may) may not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)i A taking through the exercise of the power of eminent domain, or
(ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official act;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of the land;

(e) Transfer of land to a church when the land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections. At such time after the property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section (shall must) be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(f);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(j) The creation, sale, or transfer of a conservation easement of private for-profit forest land within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040; or

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k); or

(l)(i) The discovery that the land was classified under this chapter in error through no fault of the owner. For purposes of this subsection (6)(l), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval of classification under this chapter or the failure of the assessor to remove the land from classification under this chapter.

(ii) For purposes of this subsection (6), the discovery that land was classified under this chapter in error through no fault of the owner is not the sole reason for removal of classification pursuant to subsection (1) of this section if an independent basis for removal exists. Examples of an independent basis for removal include the owner changing the use of the land or failing to meet any applicable income criteria required for classification under this chapter. [2014 c 58 § 28. Prior: 2009 c 513 § 2; 2009 c 354 § 3; 2009 c 255 § 2; 2009 c 246 § 3; 2007 c 54 § 25; 2003 c 170 § 6; prior: 2001 c 305 § 5; 2001 c 249 § 14; 2001 c 185 § 7; prior: 1999 sp.s. c 4 § 706; 1999 c 233 § 22; 1999 c 139 § 2; 1992 c 69 § 12; 1989 c 378 § 25; 1985 c 319 § 1; 1983 c 41 § 1; 1980 c 134 § 5; 1973 1st ex.s. c 212 § 12.]

Uniformity of application and construction—Relation to electronic signatures in global and national commerce act—2014 c 58: See RCW 64.80.903 and 64.80.904.

84.34.108 Removal of classification—Factors—Notice of continuance—Additional tax—Lien—Delinquencies—Exemptions (as amended by 2014 c 97). (1) When land has once been classified under this chapter, a notation of the classification (shall must) be made each year upon the assessment and tax rolls of the land (shall must) be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of the classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or does not, by itself, result in removal of classification. The notice of continuance (shall must) be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes, applicable interest, and penalty calculated pursuant to subsection (4) of this section (shall must) become due and
payable by the seller or transferor at time of sale. The auditor ((shall)) may not accept an instrument of conveyance regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax, applicable interest, and penalty has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals; 

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, ((shall)) must provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance ((shall)) must be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after the removal of all or a portion of the land from current use classification under subsection (1) of this section, the assessor ((shall)) must notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038. The removal notice must explain the steps needed to appeal the removal decision, including when a notice of appeal must be filed, where the forms may be obtained, and how to contact the county board of equalization.

(4) Unless the removal is reversed on appeal, the assessor ((shall)) must revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification ((shall)) must be listed and taxes ((shall)) must be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty ((shall)) must be imposed, which ((shall)) are due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax, applicable interest, and penalty. As soon as possible, the assessor ((shall)) must compute the amount of additional tax, applicable interest, and penalty and the treasurer ((shall)) must mail notice to the owner of the amount thereof and the date on which payment is due. The amount of the additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land," "farm and agricultural land," or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest ((shall)) must be equal to the interest on the unpaid amount of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty ((shall)) must be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty ((shall)) become a lien on the land which ((shall) attached) at the time the land is removed from classification under this chapter and ((shall)) have priority to and ((shall)) must be fully paid and satisfied before any recognition, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any additional tax unpaid on ((in)) the due date ((shall between)) are ((is)) delinquent as of the due date. From the date of delinquency until paid, interest ((shall)) must be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section ((shall)) may not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b) (i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of the land or property;

(d) Official action by an agency of the state of Washington or by the city or county within which the land is located which disallows the present use of the land;

(e) Transfer of land classified as farm and agricultural land under RCW 84.34.020(2)(f);

(f) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(g) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(h) The creation, sale, or transfer of a conservation easement of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040;

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k);

(i) The discovery that the land was classified under this chapter in error through no fault of the owner. For purposes of this subsection (6)(i), "fault" means a knowingly false or misleading statement, or other act or omission not in good faith, that contributed to the approval or classification under this chapter or the failure of the assessor to remove the land from classification under this chapter;

(ii) For purposes of this subsection (6), the discovery that land was classified under this chapter in error through no fault of the owner is not the sole reason for removal of classification pursuant to subsection (1) of this section if an independent basis for removal exists. Examples of an independent basis for removal include the owner changing the use of the land or failing to meet any applicable income criteria required for classification under this chapter. (2014 c 97 § 311. Prior: 2009 e 513 § 2; 2009 c 354 § 2; 2009 c 255 § 2; 2009 c 246 § 3; 2007 c 54 § 25; 2003 c 170 § 6; prior: 2001 c 305 § 3; 2001 c 249 § 14; 2001 c 185 § 7; prior: 1999 sp.s. c 4 § 706; 1999 c 233 § 22; 1999 c 139 § 2; 1992 c 69 § 12; 1989 c 378 § 35; 1985 c 319 § 1; 1983 c 41 § 1; 1980 c 134 § 5; 1973 1st ex.s. c 212 § 12.)

Reviser's note: RCW 84.34.108 was amended twice during the 2014 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Finding—Intent—2009 c 354: See note following RCW 84.33.140.

Severability—2007 e 54: See note following RCW 82.04.050.

Purpose—2003 c 170 § 6: "During the regular session of the 2001 legislature, RCW 84.34.108 was amended by section 7, chapter 185, by section 14, chapter 249, and by section 3, chapter 305, each without reference to the other. The purpose of section 6 of this act is to reenact and amend RCW 84.34.108 so that it reflects all amendments made by the legislature and to clarify any misunderstanding as to how the exemption contained in chapter 305, Laws of 2001 is to be applied." [2003 c 170 § 3.]

Purpose—Intent—2003 c 170: See note following RCW 84.33.130.

Additional notes found at www.leg.wa.gov

84.34.111 Remedies available to owner liable for additional tax. The owner of any land as to which additional tax is imposed as provided in this chapter shall have with respect to valuation of the land and imposition of the additional tax all remedies provided by this title. [1998 c 311 § 14; 1973 1st ex.s. c 212 § 13.]
84.34.121  Information required. The assessor may require owners of land classified under this chapter to submit pertinent data regarding the use of the land, productivity of typical crops, and such similar information pertinent to continued classification and appraisal of the land. [1973 1st ex.s. c 212 § 14.]

84.34.131  Valuation of timber not affected. Nothing in this chapter shall be construed as in any manner affecting the method for valuation of timber standing on timber land which has been classified under this chapter. [1998 c 311 § 15; 1973 1st ex.s. c 212 § 16.]

84.34.141  Rules and regulations. The department of revenue of the state of Washington shall make such rules and regulations consistent with this chapter as shall be necessary or desirable to permit its effective administration. [1998 c 311 § 16; 1973 1st ex.s. c 212 § 17.]

84.34.145  Advisory committee. The county legislative authority shall appoint a five member committee representing the active farming community within the county to serve in an advisory capacity to the assessor in implementing assessment guidelines as established by the department of revenue for the assessment of open space, farms and agricultural lands, and timber lands classified under this chapter. [1998 c 311 § 17; 1992 c 69 § 13; 1973 1st ex.s. c 212 § 11.]

84.34.150  Reclassification of land classified under prior law which meets definition of farm and agricultural land. Land classified under the provisions of chapter 84.34 RCW prior to July 16, 1973 which meets the criteria for classification under this chapter, is hereby reclassified under this chapter. This change in classification shall be made without additional tax, applicable interest, penalty, or other requirements, but subsequent to such reclassification, the land shall be fully subject to this chapter. A condition imposed by a granting authority prior to July 16, 1973, upon land classified pursuant to RCW 84.34.020 (1) or (3) shall remain in effect during the period of classification. [1998 c 311 § 18; 1992 c 69 § 14; 1973 1st ex.s. c 212 § 15.]

84.34.155  Reclassification of land classified as timber land which meets definition of forest land under chapter 84.33 RCW. Land classified under the provisions of RCW 84.34.020 (2) or (3) which meets the definition of forest land under the provisions of chapter 84.33 RCW, upon request for such change made by the owner to the granting authority, shall be reclassified by the assessor under the provisions of chapter 84.33 RCW. This change in classification shall be made without additional tax, applicable interest, penalty, or other requirements set forth in chapter 84.34 RCW: PROVIDED, That subsequent to such reclassification, the land shall be fully subject to the provisions of chapter 84.33 RCW, as now or hereafter amended. [1992 c 69 § 15; 1973 1st ex.s. c 212 § 19.]

84.34.160  Information on current use classification—Publication and dissemination. The department of revenue and each granting authority is hereby directed to publicize the qualifications and manner of making applications and availability of further information on current use classification shall be included with every notice of change in valuation. [1992 c 69 § 16; 1973 1st ex.s. c 212 § 18.]

84.34.164  Administration of current use classification. The department of revenue shall administer the provisions of chapter 84.34 RCW for public use or enjoyment. Among interests that may be so acquired are mineral rights. Any county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation, nonprofit nature conservancy corporation, or association, as such are defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may acquire by purchase, gift, grant, bequest, devise, lease, or otherwise, except by eminent domain, the fee simple or any lesser interest, development right, easement, covenant, or other contractual right necessary to protect, preserve, maintain, improve, restore, limit the future use of, or otherwise conserve, selected open space land, farm and agricultural land, and timber land as such are defined in chapter 84.34 RCW for public use or enjoyment. Among interests that may be so acquired are mineral rights. Any county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation, nonprofit nature conservancy corporation, or association, as such are defined in RCW 84.34.250, may acquire such property for the purpose of conveying or leasing the property back to its original owner or other person under such covenants or other contractual arrangements as will limit the future use of the property in accordance with the purposes of chapter 243, Laws of 1971 ex. sess. [1993 c 248 § 1; 1987 c 341 § 2; 1975-76 2nd ex.s. c 22 § 1; 1971 ex.s. c 243 § 2.]

84.34.166  Administration of current use classification in special areas. The department of revenue shall administer the provisions of chapter 84.34 RCW for public use or enjoyment. Among interests that may be so acquired are mineral rights. Any county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation, nonprofit nature conservancy corporation, or association, as such are defined in RCW 84.34.250, may acquire such property for the purpose of conveying or leasing the property back to its original owner or other person under such covenants or other contractual arrangements as will limit the future use of the property in accordance with the purposes of chapter 243, Laws of 1971 ex. sess. [1993 c 248 § 1; 1987 c 341 § 2; 1975-76 2nd ex.s. c 22 § 1; 1971 ex.s. c 243 § 2.]

84.34.168  Administration of current use classification in special areas. The department of revenue shall administer the provisions of chapter 84.34 RCW for public use or enjoyment. Among interests that may be so acquired are mineral rights. Any county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation, nonprofit nature conservancy corporation, or association, as such are defined in RCW 84.34.250, may acquire such property for the purpose of conveying or leasing the property back to its original owner or other person under such covenants or other contractual arrangements as will limit the future use of the property in accordance with the purposes of chapter 243, Laws of 1971 ex. sess. [1993 c 248 § 1; 1987 c 341 § 2; 1975-76 2nd ex.s. c 22 § 1; 1971 ex.s. c 243 § 2.]

84.34.220  Acquisition of open space, land, or rights to future development by certain entities—Developmental rights—Conservation futures—Acquisition—Restrictions. In accordance with the authority granted in property tax exemption for conservation futures on agricultural land: RCW 84.34.220.
RCW 84.34.210, a county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may specifically purchase or otherwise acquire, except by eminent domain, rights in perpetuity to future development of any open space land, farm and agricultural land, and timber land which are so designated under the provisions of chapter 84.34 RCW and taxed at current use assessment as provided by that chapter. For the purposes of chapter 243, Laws of 1971 ex. sess., such developmental rights shall be termed “conservation futures”. The private owner may retain the right to continue any existing open space use of the land, and to develop any other open space use, but, under the terms of purchase of conservation futures, the county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, may forbid or restrict building thereon, or may require that improvements cannot be made without county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, permission. The land may be alienated or sold and used as formerly by the new owner, subject to the terms of the agreement made by the county, city, town, metropolitan park district, metropolitan municipal corporation, nonprofit historic preservation corporation as defined in RCW 64.04.130, or nonprofit nature conservancy corporation or association, as such are defined in RCW 84.34.250, with the original owner. [1993 c 248 § 2; 1987 c 341 § 3; 1975-76 2nd ex.s. c 22 § 2; 1971 ex.s. c 243 § 3.]

84.34.230 Acquisition of open space, etc., land or rights to future development by certain entities—Additional property tax levy authorized. Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

For the purpose of acquiring conservation futures and other rights and interests in real property pursuant to RCW 84.34.210 and 84.34.220, and for maintaining and operating any property acquired with these funds, a county may levy an amount not to exceed six and one-quarter cents per thousand dollars of assessed valuation against the assessed valuation of all taxable property within the county. The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. Any rights or interests in real property acquired under this section after July 24, 2005, must be located within the assessing county. Further, the county must determine if the rights or interests in real property acquired with these funds would reduce the capacity of land suitable for development necessary to accommodate the allocated housing and employment growth, as adopted in the countywide planning policies. When actions are taken that reduce capacity to accommodate planned growth, the jurisdiction shall adopt reasonable measures to increase the capacity lost by such actions. [2005 c 449 § 1; 1995 c 318 § 8; 1994 c 301 § 33; 1973 1st ex.s. c 195 § 94; 1973 1st ex.s. c 195 § 145; 1971 ex.s. c 243 § 4.]

Additional notes found at www.leg.wa.gov

84.34.240 Acquisition of open space, etc., land or rights to future development by certain entities—Conservation futures fund—Additional requirements, authority. Conservation futures are a useful tool for counties to preserve lands of public interest for future generations. Counties are encouraged to use some conservation futures as one tool for salmon preservation purposes.

(1) Any board of county commissioners may establish by resolution a special fund which may be termed a conservation futures fund to which it may credit all taxes levied pursuant to RCW 84.34.230. Amounts placed in this fund may be used for the purpose of acquiring rights and interests in real property pursuant to the terms of RCW 84.34.210 and 84.34.220, and for the maintenance and operation of any property acquired with these funds. The amount of revenue used for maintenance and operations of parks and recreational land may not exceed fifteen percent of the total amount collected from the tax levied under RCW 84.34.230 in the preceding calendar year. Revenues from this tax may not be used to supplant existing maintenance and operation funding. Any rights or interests in real property acquired under this section must be located within the assessing county. Further, the county must determine if the rights or interests in real property acquired with these funds would reduce the capacity of land suitable for development necessary to accommodate the allocated housing and employment growth, as adopted in the countywide planning policies. When actions are taken that reduce capacity to accommodate planned growth, the jurisdiction shall adopt reasonable measures to increase the capacity lost by such actions.

(2) In counties greater than one hundred thousand in population, the board of county commissioners or county legislative authority shall develop a process to help ensure distribution of the tax levied under RCW 84.34.230, over time, throughout the county.

(3)(a) Between July 24, 2005, and July 1, 2008, the county legislative authority of a county with a population density of fewer than four persons per square mile may enact an ordinance offering a ballot proposal to the people of the county to determine whether or not the county legislative authority may make a one-time emergency reallocation of unspent conservation futures funds to pay for other county government purposes, where such conservation futures funds were originally levied under RCW 84.34.230 but never spent to acquire rights and interests in real property.

(b) Upon adoption by the county legislative authority of a ballot proposal ordinance under (a) of this subsection the county auditor shall: (i) Confer with the county legislative authority and review any proposal to the people as to form and style; (ii) give the ballot proposal a number, which thereafter shall be the identifying number for the proposal; (iii) transmit a copy of the proposal to the prosecuting attorney; and (iv) submit the proposal to the people at the next general or special election that is not less than ninety days after the adoption of the ordinance by the county legislative authority.

(c) The county prosecuting attorney shall within fifteen working days of receipt of the proposal compose a concise
statement, posed as a positive question, not to exceed twenty-five words, which shall express and give a true and impartial statement of the proposal. Such concise statement shall be the ballot title.

(d) If the measure is affirmed by a majority voting on the issue it shall become effective ten days after the results of the election are certified.

(4) Nothing in this section shall be construed as limiting in any manner methods and funds otherwise available to a county for financing the acquisition of such rights and interests in real property. [2005 c 449 § 2; 1971 ex.s. c 243 § 5.]

84.34.250 Nonprofit nature conservancy corporation or association defined. As used in RCW 84.34.210, as now or hereafter amended, RCW 84.34.220, as now or hereafter amended, and RCW 79A.15.010, "nonprofit nature conservancy corporation or association" means an organization which qualifies as being tax exempt under 26 U.S.C. section 501(c) (of the Internal Revenue Code) as it exists on June 25, 1976 and one which has as one of its principal purposes the conducting or facilitating of scientific research; the conserving of natural resources, including but not limited to biological resources, for the general public; or the conserving of open spaces, including but not limited to wildlife habitat to be utilized as public access areas, for the use and enjoyment of the general public. [2009 c 341 § 6; 1975-'76 2nd ex.s. c 22 § 4.]

84.34.300 Special benefit assessments for farm and agricultural land or timber land—Legislative findings—Purpose. (1) The legislature finds that farming, timber production, and the related agricultural and forest industries have historically been and currently are central factors in the economic and social lifeblood of the state; that it is a fundamental policy of the state to protect agricultural and timber lands as a major natural resource in order to maintain a source to supply a wide range of agricultural and forest products; and that the public interest in the protection and stimulation of farming, timber production, and the agricultural and forest industries is a basic element of enhancing the economic viability of this state. The legislature further finds that farmland and timber land in urbanizing areas are often subjected to high levels of property taxation and benefit assessment, and that such levels of taxation and assessment encourage and even force the removal of such lands from agricultural and forest uses. The legislature further finds that because of this level of taxation and assessment, such farmland and timber land in urbanizing areas are either converted to nonagricultural and nonforest uses when significant amounts of nearby nonagricultural and nonforest area could be suitably used for such nonagricultural and nonforest uses, or, much of this farmland and timber land is left in an unused state. The legislature further finds that with the approval by the voters of the Fifty-third Amendment to the state Constitution, and with the enactment of chapter 84.34 RCW, the owners of farmlands and timber lands were provided with an opportunity to have such land valued on the basis of its current use and not its "highest and best use" and that such current use valuation is one mechanism to protect agricultural and timber lands. The legislature further finds that despite this potential property tax reduction, farmlands and timber lands in urbanized areas are still subject to high levels of benefit assessments and continue to be removed from farm and forest uses.

(2) It is therefore the purpose of the legislature to establish, with the enactment of RCW 84.34.300 through 84.34.380, another mechanism to protect agricultural and timber land which creates an analogous system of relief from certain benefit assessments for farm and agricultural land and timber land. It is the intent of the legislature that special benefit assessments not be imposed for the availability of sanitary and/or storm sewerage service, or domestic water service, or for road construction and/or improvement purposes on farm and agricultural lands and timber lands which have been designated for current use classification as farm and agricultural lands or timber lands until such lands are withdrawn or removed from such classification or unless such lands benefit from or cause the need for the local improvement district.

(3) The legislature finds, and it is the intent of RCW 84.34.300 through 84.34.380 and 84.34.922, that special benefit assessments for the improvement or construction of sanitary and/or storm sewerage service, or domestic water service, or certain road construction do not generally benefit land which has been classified as farm and agricultural land or timber land under the open space act, chapter 84.34 RCW, until such land is withdrawn or removed from such classification. The purpose of RCW 84.34.300 through 84.34.380 and 84.34.922 is to provide an exemption from certain special benefit assessments which do not benefit timber land or open space farm and agricultural land, and to provide the means for local governmental entities to recover such assessments in current dollar value in the event such land is no longer devoted to farming or timber production under chapter 84.34 RCW. Where the owner of such land chooses to make limited use of improvements related to special benefit assessments, RCW 84.34.300 through 84.34.380 provides the means for the partial assessment on open space timber and farmland to the extent the land is directly benefited by the improvement. [2014 c 97 § 312; 1992 c 52 § 14; 1979 c 84 § 1.]

84.34.310 Special benefit assessments for farm and agricultural land or timber land—Definitions. As used in RCW 84.34.300 through 84.34.380, unless a different meaning is required, the words defined in this section shall have the meanings indicated.

(1) The term "average rate of inflation" shall mean the annual rate of inflation as determined by the department of revenue averaged over the period of time as provided in *RCW 84.34.330 (1) and (2). Such determination shall be published not later than January 1 of each year for use in that assessment year.

(2) "Farm and agricultural land" shall mean the same as defined in RCW 84.34.020(2).

(3) "Local government" shall mean any city, town, county, water-sewer district, public utility district, port district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special benefit assessments for sanitary and/or storm sewerage systems, domestic water supply and/or distribution systems, or road construction or improvement purposes. "Local government" does not include an irrigation district with respect to any local improvement district.
84.34.320 Special benefit assessments for farm and agricultural land or timber land—Exemption from assessment—Procedures relating to exemption—Constructive notice of potential liability—Waiver of exemption. (1) Any land classified as farm and agricultural land or timber land pursuant to chapter 84.34 RCW at the earlier of the times the legislative authority of a local government adopts a resolution, ordinance, or legislative act to: (a) Create a local improvement district, in which such land is included or would have been included but for such classification; or (b) approve or confirm a final special benefit assessment roll relating to a sanitary and/or storm sewerage system, domestic water supply and/or distribution system, or road construction and/or improvement, which roll would have included such land but for such classification, is exempt from special benefit assessments or charges in lieu of assessment for such purposes as long as that land remains in such classification, except as otherwise provided in RCW 84.34.360.

(2) Whenever a local government creates a local improvement district, the levying, collection and enforcement of assessments shall be in the manner and subject to the same procedures and limitations as are provided pursuant to the law concerning the initiation and formation of local improvement districts for the particular local government. Notice of the creation of a local improvement district that includes farm and agricultural land or timber land must be filed with the county assessor and the legislative authority of the county in which such land is located. The assessor, upon receiving notice of the creation of such a local improvement district, must send a notice to the owner of the farm and agricultural land or timber land listed on the tax rolls of the applicable county treasurer of: (a) The creation of the local improvement district; (b) the exemption of that land from special benefit assessments; (c) the fact that the farm and agricultural land or timber land may become subject to the special benefit assessments if the owner waives the exemption by filing a notarized document with the governing body of the local government creating the local improvement district before the confirmation of the final special benefit assessment roll; and (d) the potential liability, pursuant to RCW 84.34.330, if the exemption is not waived and the land is subsequently removed or withdrawn from the farm and agricultural land or timber land classification. When a local government approves and confirms a special benefit assessment roll, from which farm and agricultural land or timber land has been exempted pursuant to this section, it shall file a notice of such action with the assessor and the legislative authority of the county in which such land is located and with the treasurer of that local government, which notice must describe the action taken, the type of improvement involved, the land exempted, and the amount of the special benefit assessment which would have been levied against the land if it had not been exempted. The filing of such notice with the assessor and the treasurer of that local government constitutes constructive notice to a purchaser or encumbrancer of the affected land, and every person whose conveyance or encumbrance is subsequently executed or subsequently recorded, that such exempted land is subject to the charges provided in RCW 84.34.330 and 84.34.340 if such land is withdrawn or removed from its current use classification as farm and agricultural land or timber land.

(3) The owner of the land exempted from special benefit assessments pursuant to this section may waive that exemption by filing a notarized document to that effect with the legislative authority of the local government upon receiving notice from said local government concerning the assessment roll hearing and before the local government confirms the final special benefit assessment roll. A copy of that waiver must be filed by the local government with the assessor, but the failure of such filing does not affect the waiver.

(4) Except to the extent provided in RCW 84.34.360, the local government has no duty to furnish service from the improvement financed by the special benefit assessment to such exempted land. [2014 c 97 § 313. Prior: 1992 c 69 § 17; 1992 c 52 § 16; 1979 c 84 § 3.]

84.34.330 Special benefit assessments for farm and agricultural land or timber land—Withdrawal from classification or change in use—Liability—Amount—Due date—Lien. (1) Whenever farm and agricultural land or timber land has once been exempted from special benefit assessments under RCW 84.34.320, and except as provided in subsection (2) of this section, any withdrawal or removal from classification as farm and agricultural land or timber land under chapter 84.34 RCW results in the following:

(a) If the bonds used to fund the improvement in the local improvement district have not been completely retired, the land immediately becomes liable for: (i) The amount of the special benefit assessment listed in the notice provided for in RCW 84.34.320; plus (ii) interest on the amount determined in (a)(i) of this subsection (1), compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.34.320 to
the time the land is withdrawn or removed from the exemption category provided by this chapter.

(b) If the bonds used to fund the improvement in the local improvement district have been completely retired, the land immediately becomes liable for: (i) The amount of the special benefit assessment listed in the notice provided for in RCW 84.34.320; plus (ii) interest on the amount determined in (b)(i) of this subsection (1) compounded annually at a rate equal to the average rate of inflation from the time the initial notice is filed by the governmental entity that created the local improvement district as provided in RCW 84.34.320, to the time the bonds used to fund the improvement have been retired; plus (iii) interest on the total amount determined in (b)(i) and (ii) of this subsection (1) at a simple per annum rate equal to the average rate of inflation from the time the bonds used to fund the improvement have been retired to the time the land is withdrawn or removed from the exemption category provided by this chapter.

(c) The amount payable under this section becomes due on the date the land is withdrawn or removed from its farm and agricultural land or timber land classification and is [must be] a lien on the land prior and superior to any other lien whatsoever except for the lien for general taxes, and is enforceable in the same manner as the collection of special benefit assessments are enforced by that local government.

(2) Designation as forest land under RCW 84.33.130(1) as a result of a merger of programs adopted under RCW 84.34.400 is not considered a withdrawal, removal, or a change in use. [2014 c 137 § 9; 2014 c 97 § 314; 1992 c 52 § 17; 1979 c 84 § 4.]

Reviser’s note: This section was amended by 2014 c 97 § 314 and by 2014 c 137 § 9, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

84.34.340 Special benefit assessments for farm and agricultural land or timber land—Withdrawal or removal from classification—Notice to local government—Statement to owner of amounts payable—Delinquency date—Enforcement procedures. (1) Whenever farm and agricultural land or timber land is withdrawn or removed from its current use classification as farm and agricultural land or timber land, except as provided in subsection (2) of this section, the county assessor of the county in which the land is located must give written notice of the withdrawal or removal to the local government or its successor that filed with the assessor the notice required by RCW 84.34.320.

Upon receipt of the notice from the assessor, the local government must mail a written statement to the owner of the land for the amounts payable as provided in RCW 84.34.330. The amounts due are delinquent if not paid within one hundred eighty days after the date of mailing of the statement, and are subject to the same interest, penalties, lien priority, and enforcement procedures that are applicable to delinquent assessments on the assessment roll from which that land had been exempted, except that the rate of interest charged may not exceed the rate provided in RCW 84.34.330.

(2) Designation as forest land under RCW 84.33.130(1) as a result of a merger adopted under RCW 84.34.400 is not considered a withdrawal or removal under this section. [2014 c 137 § 10; 1992 c 52 § 18; 1979 c 84 § 5.]

84.34.350 Special benefit assessments for farm and agricultural land—Use of payments collected. Payments collected pursuant to RCW 84.34.330 and 84.34.340, or by enforcement procedures referred to therein, after the payment of the expenses of their collection, shall first be applied to the payment of general or special debt incurred to finance the improvements related to the special benefit assessments, and, if such debt is retired, then into the maintenance fund or general fund of the governmental entity which created the local improvement district, or its successor, for any of the following purposes: (1) Redemption or servicing of outstanding obligations of the district; (2) maintenance expenses of the district; or (3) construction or acquisition of any facilities necessary to carry out the purpose of the district. [1979 c 84 § 6.]

84.34.360 Special benefit assessments for farm and agricultural land or timber land—Rules to implement RCW 84.34.300 through 84.34.380. The department of revenue shall adopt rules it shall deem necessary to implement RCW 84.34.300 through 84.34.380 which shall include, but not be limited to, procedures to determine the extent to which a portion of the land otherwise exempt may be subject to a special benefit assessment for the actual connection to the domestic water system or sewerage facilities, and further to determine the extent to which all or a portion of such land may be subject to a special benefit assessment for access to the road improvement in relation to its value as farm and agricultural land or timber land as distinguished from its value under more intensive uses. The provision for limited special benefit assessments shall not relieve such land from liability for the amounts provided in RCW 84.34.330 and 84.34.340 when such land is withdrawn or removed from its current use classification as farm and agricultural land or timber land. [1992 c 69 § 18; 1992 c 52 § 19; 1979 c 84 § 7.]

Reviser’s note: This section was amended by 1992 c 52 § 19 and by 1992 c 69 § 18, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

84.34.370 Special benefit assessments for farm and agricultural land or timber land—Assessments due on land withdrawn or removed (as amended by 2014 c 97). Whenever a portion of a parcel of land which was classified as farm and agricultural or timber land pursuant to this chapter is withdrawn or removed from classification ([or there is a change in use]), and such land has been exempt from any benefit assessments pursuant to RCW 84.34.320, the previously exempt benefit assessments ([shall]) become due on only that portion of the land which is withdrawn or ([changed]) removed. [2014 c 97 § 315; 1992 c 52 § 20; 1979 c 84 § 8.]

84.34.370 Special benefit assessments for farm and agricultural land or timber land—Assessments due on land withdrawn or changed (as amended by 2014 c 137). (1) Except as provided in subsection (2) of this section, whenever a portion of a parcel of land ([which]) that was classified as farm and agricultural or timber land ([puruant to]) under this chapter is withdrawn or removed from classification or there is a change in use, and ([such]) the land has been exempted from any benefit assessments ([puruant to]) under RCW 84.34.320, the previously exempt benefit assessments ([shall]) become due on only that portion of the land ([which]) that is withdrawn, removed, or changed.

Reviser’s note: RCW 84.34.370 was amended twice during the 2014 legislative session, each without reference to the other. For rule of construc-
84.34.380 Special benefit assessments for farm and agricultural land or timber land—Application of exemption to rights and interests preventing nonagricultural or nonforest uses. Farm and agricultural land or timber land on which the right to future development has been acquired by any local government, the state of Washington, or the United States government shall be exempt from special benefit assessments in lieu of assessment for such purposes in the same manner, and under the same liabilities for payment and interest, as land classified under this chapter as farm and agricultural land or timber land, for as long as such classification applies.

Any interest, development right, easement, covenant, or other contractual right which effectively protects, preserves, maintains, improves, restores, prevents the future nonagricultural or nonforest use of, or otherwise conserves farm and agricultural land or timber land shall be exempt from special benefit assessments as long as such development right or other such interest effectively serves to prevent nonagricultural or nonforest development of such land. [1992 c 52 § 21; 1979 c 84 § 9.]

84.34.390 Application—Chapter 79.44 RCW—Assessments against public lands. Nothing in RCW 84.34.300 through 84.34.360 or 84.34.360 through 84.34.380 shall amend the provisions of chapter 79.44 RCW. [1992 c 52 § 25.]

84.34.400 County option to merge timber land and designated forest land programs. (1) A county legislative authority may opt to merge its timber land classification with its designated forest land program. To merge the programs, the authority must enact an ordinance that:

(a) Terminates the timber land classification; and
(b) Declares that the land that had been classified as timber land is designated forest land under chapter 84.33 RCW.

(2) After a county timber land program is terminated:

(a) Land that had been classified as timber land within the county is deemed to be designated forest land under the provisions of RCW 84.33.130(1) and is no longer considered to be classified timber land for the purposes of this chapter; and
(b) Any agreement prepared by the granting authority when an application was approved classifying land as timber land is terminated and no longer in effect.

(3) A county must notify the department after taking action under this section. The department must maintain a list of all counties that have provided this notice on their agency internet web site. [2014 c 137 § 5.]

84.34.410 Application—Marijuana land uses. The provisions of this chapter do not apply with respect to land used in the growing, raising, or producing of marijuana, usable marijuana, or marijuana-infused products as those terms are defined under RCW 69.50.101. [2014 c 140 § 27.]

84.34.900 Severability—1970 ex.s. c 87. If any provision of this act or its application to any person or circum-
stance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1970 ex.s. c 87 § 15.]

84.34.910 Effective date—1970 ex.s. c 87. The provisions of this act shall take effect on January 1, 1971. [1970 ex.s. c 87 § 16.]

84.34.920 Severability—1971 ex.s. c 243. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1971 ex.s. c 243 § 9.]

84.34.921 Severability—1973 1st ex.s. c 212. If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1973 1st ex.s. c 212 § 20.]

84.34.922 Severability—1979 c 84. If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1979 c 84 § 11.]

84.34.923 Effective date—1992 c 69. This act shall take effect January 1, 1993. [1992 c 69 § 22.]

Chapter 84.36 RCW

EXEMPTIONS

Sections
84.36.005 Property subject to taxation.
84.36.010 Public, certain public-private and tribal property exempt.
84.36.012 Tribal property exemption—Application.
84.36.015 Property valued at less than five hundred dollars—Exceptions.
84.36.020 Cemeteries, churches, parsonages, convents, and grounds.
84.36.030 Property used for character building, benevolent, protective or rehabilitative social services—Camp facilities—Veteran or relief organization owned property—Property of nonprofit organizations that issue debt for student loans or that are guarantee agencies.
84.36.031 Clarification of exemption in RCW 84.36.030.
84.36.032 Administrative offices of nonprofit religious organizations.
84.36.035 Property used by qualifying blood, tissue, or blood and tissue banks.
84.36.037 Nonprofit organization property connected with operation of public assembly hall or meeting place.
84.36.040 Nonprofit child day care centers, libraries, orphanages, homes or hospitals for the sick or infirm, outpatient dialysis facilities.
84.36.041 Nonprofit homes for the aging.
84.36.042 Nonprofit organization, corporation, or association property used to provide housing for persons with developmental disabilities.
84.36.043 Nonprofit organization property used in providing emergency or transitional housing to low-income homeless persons or victims of domestic violence.
84.36.045 Nonprofit organization property available without charge for medical research or training of medical personnel.
84.36.046 Nonprofit cancer clinic or center.
84.36.047 Nonprofit organization property used for transmission or reception of radio or television signals originally broadcast by governmental agencies.
84.36.050 Schools and colleges.
84.36.060 Art, scientific and historical collections and property used to maintain, etc., such collections—Property of associations engaged in production and performance of musical, dance, artistic, etc., works—Fire engines, implements, and buildings of cities, towns, or fire companies—Humane societies.

[Title 84 RCW—page 55]
84.36.005 Property subject to taxation. All property now existing, or that is hereafter created or brought into this state, shall be subject to assessment and taxation for state, county, and other taxing district purposes, upon equalized valuations thereof, fixed with reference thereto on the first day of January at twelve o'clock meridian in each year, excepting such as is exempted from taxation by law. [1961 c 15 § 84.36.005. Prior: 1955 c 196 § 2; prior: 1939 c 206 § 8, part; 1933 ex.s. c 19 § 1, part; 1933 c 115 § 1, part; 1929 c 126 § 1, part; 1925 ex.s. c 130 § 7, part; 1915 c 131 § 1, part; 1903 c 178 § 1, part; 1901 c 176 § 1, part; 1899 c 141 § 2, part; 1897 c 71 §§ 1, 5, part; 1895 c 176 § 2, part; 1893 c 124 §§ 1, 5, part; 1891 c 140 §§ 1, 5, part; 1890 p 532 §§ 1, 5, part; 1886 p 47 § 1, part; Code 1881 § 2829, part; 1871 p 37 § 4, part; 1869 p 176 § 4, part; 1867 p 61 § 2, part; 1854 p 331 § 2, part; RRS § 11111, part. Formerly RCW 84.40.010.]

[Title 84 RCW—page 56]
(a) "Community center" means property, including a building or buildings, determined to be surplus to the needs of a district by a local school board, and purchased or acquired by a nonprofit organization for the purposes of converting them into community facilities for the delivery of nonresidential coordinated services for community members. The community center may make space available to businesses, individuals, or other parties through the loan or rental of space in or on the property.

(b) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, sewer, water, environmental and land use, transportation, utility services, and economic development.

(c) "Economic development" means commercial activities, including those that facilitate the creation or retention of businesses or jobs, or that improve the standard of living or economic health of tribal communities.

(3) The joint legislative audit and review committee must perform an economic impact report to the legislature as required in section 10 of this act to provide the information necessary to measure the effectiveness of this act.

Expiration date—2014 c 207: "This act expires January 1, 2022." [2014 c 207 § 1.]

Application—2014 c 207: "This act applies to taxes levied for collection in 2015 and thereafter." [2014 c 207 § 13.]

Application—2010 c 281: "This act applies to taxes levied for collection in 2011 and thereafter." [2010 c 281 § 4.]

Additional notes found at www.leg.wa.gov
84.36.012 Tribal property exemption—Application. (Expires January 1, 2022.) (1) To qualify in any year for exempt status for real or personal property used exclusively for essential government services under RCW 84.36.010, a federally recognized Indian tribe must file an initial application with the department of revenue on or before October 1st of the prior year. All applications must be filed on forms prescribed by the department and signed by an authorized agent of the federally recognized tribe.

(2) If the use for essential government services is based in whole or in part on economic development, the application must also include:

(a) If the economic development activities are those of a lessee, a declaration from both the federally recognized tribe and the lessee confirming a lease agreement exists for the exempt tax year.

(b) If the property is subject to the payment in lieu of leasehold excise tax as described in RCW 82.29A.055, a declaration from both the federally recognized tribe and the county in which the property is located confirming that an agreement exists for the exempt tax year regarding the amount for the payment in lieu of leasehold excise tax.

(3) A federally recognized Indian tribe which files an application under the requirements of subsection (2) of this section, must file an annual renewal application, on forms prescribed by the department of revenue, on or before October 1st of each year. The application must contain a declaration certifying the continuing exempt status of the real or personal property, and that the lease agreement or agreement for payment in lieu of leasehold excise tax continue in good standing, or that a new lease or agreement exists. [2014 c 207 § 9.]

Expiration date—Application—2014 c 207: See notes following RCW 84.36.010.

84.36.015 Property valued at less than five hundred dollars—Exceptions. (1) Each parcel of real property, and each personal property account, that has an assessed value of less than five hundred dollars is exempt from taxation.

(2) This section does not apply to personal property to which the exemption from taxation under RCW 84.36.110(2) may be applied or to real property which qualifies for preferential tax treatment under this chapter or chapter 84.14, 84.26, 84.33, or 84.34 RCW. [1997 c 244 § 1.]

Additional notes found at www.leg.wa.gov

84.36.020 Cemeteries, churches, parsonages, convents, and grounds. (Effective until December 31, 2020.) The following real and personal property is exempt from taxation:

(1) All lands, buildings, and personal property required for necessary administration and maintenance, used, or to the extent used, exclusively for public burying grounds or cemeteries without discrimination as to race, color, national origin or ancestry;

(2)(a) All churches, personal property, and the ground, not exceeding five acres in area, upon which a church of any nonprofit recognized religious denomination is or will be built, together with a parsonage, convent, and buildings and improvements required for the maintenance and safeguarding of such property. The area exempted in any case includes all ground covered by the church, parsonage, convent, and buildings and improvements required for the maintenance and safeguarding of such property and the structures and ground necessary for street access, parking, light, and ventilation, but the area of unoccupied ground exempted in such cases, in connection with church, parsonage, convent, and buildings and improvements required for the maintenance and safeguarding of such property, does not exceed the equivalent of one hundred twenty by one hundred twenty feet except where additional unoccupied land may be required to conform with state or local codes, zoning, or licensing requirements. The parsonage and convent need not be on land contiguous to the church property. Except as otherwise provided in this subsection, to be exempt the property must be wholly used for church purposes.

(b) If the rental income or donations, if applicable, are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented, the exemption provided by this subsection (2) is not nullified by:

(i) The loan or rental of property otherwise exempt under this subsection to a nonprofit organization, association, or corporation, or school to conduct an eleemosynary activity or to conduct activities related to a farmers market. However, activities related to a farmers market may not occur on the property more than fifty-three days each assessment year. For the purposes of this section, "farmers market" has the same meaning as "qualifying farmers market" as defined in RCW 66.24.170;

(ii) The rental or use of the property by any individual, group, or entity, where such rental or use is not otherwise authorized by this subsection (2), for not more than fifty days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than fifteen of the fifty days in each calendar year. The fifty and fifteen-day limitations provided in this subsection (2)(b)(ii) do not include days used for setup and takedown activities preceding or following a meeting or other event by an individual, group, or entity using the property as provided in this subsection (2)(b)(ii); or

(iii) An inadvertent use of the property in a manner inconsistent with the purpose for which exemption is granted, if the inadvertent use is not part of a pattern of use. A pattern of use is presumed when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years. [2014 c 99 § 2; 2010 c 186 § 2; 1994 c 124 § 16; 1975 1st ex.s. c 291 § 12; 1973 2nd ex.s. c 40 § 1; 1971 ex.s. c 64 § 3; 1961 c 103 § 3; 1961 c 15 § 84.36.020. Prior: 1955 c 196 § 4; prior: 1939 c 206 § 8, part; 1933 ex.s. c 19 § 1, part; 1933 c 115 § 1, part; 1929 c 126 § 1, part; 1925 ex.s. c 130 § 7, part; 1915 c 131 § 1, part; 1903 c 178 § 1, part; 1901 c 176 § 1, part; 1899 c 141 § 2, part; 1897 c 71 §§ 1, 5, part; 1895 c 176 § 2, part; 1893 c 124 §§ 1, 5, part; 1891 c 140 §§ 1, 5,
part; 1890 p 532 §§ 1, 5, part; 1886 p 47 § 1, part; Code 1881 § 2829, part; 1871 p 37 § 4, part; 1869 p 176 § 4, part; 1867 p 61 § 2, part; 1854 p 331 § 2, part; RRS § 11111, part. Formerly RCW 84.40.010."

Expiration date—2014 c 99 §§ 2 and 7: "Sections 2 and 7 of this act expire December 31, 2020." [2014 c 99 § 16.]

Findings—Intent—2014 c 99: "The legislature finds that tax-exempt property of nonprofit organizations may generally be used for nonexempt purposes on a limited basis. However, the legislature further finds that these allowable nonexempt uses, and the conditions applicable to such uses, vary depending on the specific exemption. The legislature further finds that these inconsistencies create inequities and confusion for nonprofits, leads to piecemeal legislation, and complicates the administration of nonprofit property tax exemptions. Therefore, this act is intended to address these problems by providing greater consistency with respect to how nonprofits may use their tax-exempt property for nonexempt purposes. This act is not intended to place any additional limits or restrictions on any existing statutorily authorized nonexempt uses of exempt property of nonprofit organizations." [2014 c 99 § 1.]

Application—Expiration date—2010 c 186: See notes following RCW 84.36.037.

Burial lot for particular person: RCW 68.24.220.

Nonprofit cemetery associations, certain exemptions: RCW 68.20.110, 68.20.120.

Additional notes found at www.leg.wa.gov

84.36.020 Cemeteries, churches, parsonages, convents, and grounds. (Effective December 31, 2020.) The following real and personal property shall be exempt from taxation:

(1) All lands, buildings, and personal property required for necessary administration and maintenance, used, or to the extent used, exclusively for public burying grounds or cemeteries without discrimination as to race, color, national origin or ancestry;

(2)(a) All churches, personal property, and the ground, not exceeding five acres in area, upon which a church of any nonprofit recognized religious denomination is or must be built, together with a parsonage, convent, and buildings and improvements required for the maintenance and safeguarding of such property. The area exempted must in any case include all ground covered by the church, parsonage, convent, and buildings and improvements required for the maintenance and safeguarding of such property and the structures and ground necessary for street access, parking, light, and ventilation, but the area of unoccupied ground exempted in such cases, in connection with church, parsonage, convent, and buildings and improvements required for the maintenance and safeguarding of such property, shall not exceed the equivalent of one hundred twenty by one hundred twenty feet except where additional unoccupied land may be required to conform with state or local codes, zoning, or licensing requirements. The parsonage and convent need not be on land contiguous to the church property. Except as otherwise provided in this subsection, to be exempt the property must be wholly used for church purposes.

(b) If the rental income or donations, if applicable, are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented, the exemption provided by this subsection (2) is not nullified by:

(i) The loan or rental of property otherwise exempt under this subsection (2) to a nonprofit organization, association, or corporation, or school to conduct an eleemosynary activity;

(ii) The rental or use of the property by any individual, group, or entity, where such rental or use is not otherwise authorized by this subsection (2), for not more than fifty days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than fifteen of the fifty days in each calendar year. The fifty and fifteen-day limitations provided in this subsection (2)(b)(ii) do not include days during which setup and takedown activities take place immediately preceding or following a meeting or other event by an individual, group, or entity using the property as provided in this subsection (2)(b)(ii); or

(iii) An inadvertent use of the property in a manner inconsistent with the purpose for which exemption is granted, if the inadvertent use is not part of a pattern of use. A pattern of use is presumed when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years. [2014 c 99 § 3; 1994 c 124 § 16; 1975 1st ex.s. c 291 § 12; 1973 2nd ex.s. c 40 § 1; 1971 ex.s. c 64 § 3; 1961 c 103 § 3; 1961 c 15 § 84.36.020. Prior: 1955 c 196 § 4; prior: 1939 c 206 § 8, part; 1933 c 19 § 1, part; 1933 c 115 § 1, part; 1929 c 126 § 1, part; 1925 ex.s. c 130 § 7, part; 1915 c 131 § 1, part; 1903 c 178 § 1, part; 1901 c 176 § 1, part; 1899 c 141 § 2, part; 1897 c 71 §§ 1, 5, part; 1895 c 176 § 2, part; 1893 c 124 §§ 1, 5, part; 1891 c 140 §§ 1, 5, part; 1890 p 532 §§ 1, 5, part; 1886 p 47 § 1, part; Code 1881 § 2829, part; 1871 p 37 § 4, part; 1869 p 176 § 4, part; 1867 p 61 § 2, part; 1854 p 331 § 2, part; RRS § 11111, part. Formerly RCW 84.40.010.]

Effective date—2014 c 99 §§ 3 and 8: "Sections 3 and 8 of this act take effect December 31, 2020." [2014 c 99 § 15.]

Burial lot for particular person: RCW 68.24.220.

Nonprofit cemetery associations, certain exemptions: RCW 68.20.110, 68.20.120.

Additional notes found at www.leg.wa.gov

84.36.030 Property used for character building, benevolent, protective or rehabilitative social services—Camp facilities—Veteran or relief organization owned property—Property of nonprofit organizations that issue debt for student loans or that are guarantee agencies. The following real and personal property is exempt from taxation:

(1)(a) Property owned by nonprofit organizations or associations, organized and conducted for nonsectarian purposes, which shall be used for character-building, benevolent, protective or rehabilitative social services directed at persons of all ages.

(b) The sale of donated merchandise is not considered a nonexempt use of the property under this section if the proceeds are devoted to the furtherance of the purposes of the selling organization or association as specified in this subsection (1).

(2) Property owned by any nonprofit church, denomination, group of churches, or an organization or association, the membership of which is comprised solely of churches or their qualified representatives, which is utilized as a camp facility if used for organized and supervised recreational activities and church purposes as related to such camp facilities. The exemption provided by this paragraph shall apply to a maxi-
84.36.031 Clarification of exemption in RCW 84.36.030. (1) Except as provided otherwise in subsection (2) of this section, property leased, loaned, sold with the option to repurchase, or otherwise made available to organizations described in RCW 84.36.030 is not exempt from taxation.

(2) Property remains eligible for the exemption under RCW 84.36.030, if:

(a) The property is owned by an organization exempt under RCW 84.36.020 or 84.36.030 that loans, leases, or rents the property to another organization for the exempt purposes provided in RCW 84.36.030; or

(b) The property is owned by an entity formed exclusively for the purpose of leasing the property to an organization that will use the property for the exempt purpose provided in RCW 84.36.030, if:

(i) The lessee uses the property for the exempt purposes provided in RCW 84.36.030;

(ii) The immediate previous owner of the property had received an exemption under RCW 84.36.020 or 84.36.030 for the property; and

(iii) The benefit of the exemption inures to the benefit of the lessee organization. [2012 c 76 § 1; 2006 c 305 § 2; 1969 c 137 § 2.]

84.36.032 Administrative offices of nonprofit religious organizations. The real and personal property of the administrative offices of nonprofit recognized religious organizations shall be exempt to the extent that the property is used for the administration of the religious programs of the organization and such other programs as would be exempt under RCW 84.36.020 and 84.36.030 as now or hereafter amended. The provisions of RCW 84.36.020(2)(b) apply to this section. [2014 c 99 § 5; 1975 1st ex.s. c 291 § 13.]

Additional notes found at www.leg.wa.gov

84.36.035 Property used by qualifying blood, tissue, or blood and tissue banks. (1) The following property is exempt from taxation: All property, whether real or personal, belonging to or leased by any nonprofit corporation or association and used exclusively in the business of a qualifying blood bank, a qualifying tissue bank, or a qualifying blood and tissue bank, or in the administration of these businesses. If the real or personal property is leased, the benefit of the exemption shall inure to the nonprofit corporation or association.

(2) The definitions in RCW 82.04.324 apply to this section.

(3) To be exempt under this section, the property must be used exclusively for the purposes for which exemption is granted, except as provided in RCW 84.36.805. [2014 c 99 § 6; 2004 c 82 § 4; 1995 2nd sp.s. c 9 § 1; 1971 ex.s. c 206 § 1.]

Additional notes found at www.leg.wa.gov

Title 84 RCW: Property Taxes
Nonprofit organization property connected with operation of public assembly hall or meeting place. (Effective until December 31, 2020.) (1) Real or personal property owned by a nonprofit organization, association, or corporation in connection with the operation of a public assembly hall or meeting place is exempt from taxation. The area exempt under this section includes the building or buildings, the land under the buildings, and an additional area necessary for parking, not exceeding a total of one acre. When property for which exemption is sought is essentially unimproved except for restroom facilities and structures and this property has been used primarily for annual community celebration events for at least ten years, the exempt property may not exceed twenty-nine acres.

(2) To qualify for this exemption the property must be used exclusively for public gatherings and be available to all organizations or persons desiring to use the property, but the owner may impose conditions and restrictions which are necessary for the safekeeping of the property and promote the purposes of this exemption. Membership shall not be a prerequisite for the use of the property.

(3) The use of the property for pecuniary gain or for business activities, except as provided in this section and RCW 84.36.805, nullifies the exemption otherwise available for the property for the assessment year. If all income received from rental or use of the exempt property is used for capital improvements to the exempt property, maintenance and operation of the exempt property, or exempt purposes, the exemption is not nullified as provided by RCW 84.36.805 or by:

(a) The use of the property to conduct a qualifying farmers market, as defined in RCW 66.24.170, for not more than fifty-three days each assessment year, if the rental income or donations, if any, are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented; or

(b) In a county with a population of less than twenty thousand, the use of the property to promote the following business activities, if the rental income or donations, if any, are reasonable and do not exceed the maintenance and operation expenses attributable to the portion of the property loaned or rented: Dance lessons, art classes, or music lessons.

(4) The department of revenue must narrowly construe this exemption. [2014 c 99 § 8; 2006 c 305 § 3. Prior: 1998 c 311 § 19; 1998 c 189 § 1; 1997 c 298 § 1; 1993 c 327 § 1; 1987 c 327 § 1; 1987 c 505 § 80; 1981 c 141 § 2.]

Expiration date—2014 c 99 §§ 2 and 7: See note following RCW 84.36.020.

Application—2010 c 186: "This act applies to taxes levied for collection in 2011 through 2020." [2010 c 186 § 3.]

Expiration date—2010 c 186: "This act expires December 31, 2020." [2010 c 186 § 4.]

Additional notes found at www.leg.wa.gov

Nonprofit child day care centers, libraries, orphanages, homes or hospitals for the sick or infirm, outpatient dialysis facilities. (1) The real and personal property used by, and for the purposes of, the following nonprofit organizations is exempt from property taxation:

(a) Child day care centers as defined in subsection (4) of this section;

(b) Free public libraries;

(c) Orphanages and orphan asylums;

(d) Homes for the sick or infirm;

(e) Hospitals for the sick; and

(f) Outpatient dialysis facilities.

(2) The real and personal property leased to and used by a hospital for hospital purposes is exempt from property taxation if the hospital is established under chapter 36.62 RCW or is owned and operated by a public hospital district established under chapter 70.44 RCW.

(3) To be exempt under this section, the property must be used exclusively for the purposes for which exemption is granted, except as provided in RCW 84.36.805, and the benefit of the exemption must inure to the user.
84.36.041 Nonprofit homes for the aging. (1) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (1)(b), consistent with the purposes of this section.

(2) All real and personal property used by a nonprofit home for the aging that is reasonably necessary for the purposes of the home is exempt from taxation if the benefit of the exemption inures to the home and:

(a) At least fifty percent of the occupied dwelling units in the home are occupied by eligible residents; or

(b) The home is subsidized under a federal department of housing and urban development program. The department of revenue shall provide by rule a definition of homes eligible for exemption under this subsection (1)(b), consistent with the purposes of this section.

(3) A home for the aging is eligible for a partial exemption on the real property and a total exemption for the home's personal property if the home does not meet the requirements of subsection (1) of this section because fewer than fifty percent of the occupied dwelling units are occupied by eligible residents, as follows:

(a) A partial exemption shall be allowed for each dwelling unit in a home occupied by a resident requiring assistance with activities of daily living.

(b) A partial exemption shall be allowed for each dwelling unit in a home occupied by an eligible resident.

(c) A partial exemption shall be allowed for an area jointly used by a home for the aging and by a nonprofit organization, association, or corporation currently exempt from property taxation under one of the other provisions of this chapter. The shared area must be reasonably necessary for the purposes of the nonprofit organization, association, or corporation exempt from property taxation under one of the other provisions of this chapter, such as kitchen, dining, and laundry areas.

(d) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary for the purposes of the home, less the assessed value of any area exempt under (c) of this subsection, by a fraction. The numerator of the fraction is the number of dwelling units occupied by eligible residents and by residents requiring assistance with activities of daily living. The denominator of the fraction is the total number of occupied dwelling units as of December 31st of the first assessment year the home becomes operational for which exemption is claimed and January 1st of each subsequent assessment year for which exemption is claimed.

(4) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(5) A home for the aging is exempt from taxation only if the organization operating the home is exempt from income tax under section 501(c) of the federal internal revenue code as existing on January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purposes of this section.

(6) In order for the home to be eligible for exemption under subsections (1)(a) and (3)(b) of this section, each eligible resident of a home for the aging shall submit an income verification form to the county assessor by July 1st of the assessment year for which exemption is claimed. However, during the first year a home becomes operational, the county assessor shall accept income verification forms from eligible residents up to December 31st of the assessment year. The income verification form shall be prescribed and furnished by the department of revenue. An eligible resident who has filed a form for a previous year need not file a new form until there is a change in status affecting the person's eligibility.

(7) In determining the true and fair value of a home for the aging for purposes of the partial exemption provided by subsection (3) of this section, the assessor shall apply the computation method provided by RCW 84.34.060 and shall consider only the use to which such property is applied during the years for which such partial exemptions are available and shall not consider potential uses of such property.

(8) As used in this section:

[Title 84 RCW—page 62]
(a) "Eligible resident" means a person who:

(i) Occupied the dwelling unit as a principal place of residence as of December 31st of the first assessment year the home becomes operational. In each subsequent year, the eligible resident must occupy the dwelling unit as a principal place of residence as of January 1st of the assessment year for which the exemption is claimed. Confinement of the person to a hospital or nursing home does not disqualify the claim of exemption if the dwelling unit is temporarily unoccupied or if the dwelling unit is occupied by a spouse or a domestic partner, a person financially dependent on the claimant for support, or both; and

(ii) Is sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or is, at the time of filing, retired from regular gainful employment by reason of physical disability. Any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death shall qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this subsection; and

(iii) Has a combined disposable income of no more than the greater of twenty-two thousand dollars or eighty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the person resides. For the purposes of determining eligibility under this section, a "cotenant" means a person who resides with an eligible resident and who shares personal financial resources with the eligible resident.

(b) "Combined disposable income" means the disposable income of the person submitting the income verification form, plus the disposable income of his or her spouse or domestic partner, and the disposable income of each cotenant occupying the dwelling unit for the preceding calendar year, less amounts paid by the person submitting the income verification form or his or her spouse or domestic partner or cotenant during the previous year for the treatment or care of either person received in the dwelling unit or in a nursing home. If the person submitting the income verification form was retired for two months or more of the preceding year, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person submitting the income verification form is reduced for two or more months of the preceding year by reason of the death of the person's spouse or domestic partner, the combined disposable income of such person shall be calculated by multiplying the average monthly combined disposable income of such person after the death of the spouse or domestic partner by twelve.

(c) "Disposable income" means adjusted gross income as defined in the federal internal revenue code, as amended prior to January 1, 1989, or such subsequent date as the director may provide by rule consistent with the purpose of this section, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:

(i) Capital gains, other than gain excluded from income under section 121 of the federal internal revenue code to the extent it is reinvested in a new principal residence;

(ii) Amounts deducted for loss;

(iii) Amounts deducted for depreciation;

(iv) Pension and annuity receipts;

(v) Military pay and benefits other than attendant-care and medical-aid payments;

(vi) Veterans benefits other than attendant-care and medical-aid payments;

(vii) Federal social security act and railroad retirement benefits;

(viii) Dividend receipts; and

(ix) Interest received on state and municipal bonds.

(d) "Resident requiring assistance with activities of daily living" means a person who requires significant assistance with the activities of daily living and who would be at risk of nursing home placement without this assistance.

(e) "Home for the aging" means a residential housing facility that (i) provides a housing arrangement chosen voluntarily by the resident, the resident's guardian or conservator, or another responsible person; (ii) has only residents who are at least sixty-one years of age or who have needs for care generally compatible with persons who are at least sixty-one years of age; and (iii) provides varying levels of care and supervision, as agreed to at the time of admission or as determined necessary at subsequent times of reappraisal.

(9) A for-profit home for the aging that converts to nonprofit status after June 11, 1992, and would otherwise be eligible for tax exemption under this section may not receive the tax exemption until five years have elapsed since the conversion. The exemption shall then be ratably granted over the next five years. [2008 c 6 § 707; 2001 c 187 § 14. Prior: 1999 c 358 § 16; 1999 c 356 § 1; 1998 c 311 § 20; 1997 c 3 § 124 (Referendum Bill No. 47, approved November 4, 1997); 1993 c 151 § 1; 1992 c 213 § 1; 1991 sp.s. c 24 § 1; 1991 c 203 § 2; 1989 c 379 § 2.]

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

Additional notes found at www.leg.wa.gov

84.36.042 Nonprofit organization, corporation, or association property used to provide housing for persons with developmental disabilities. (1) All real and personal property owned or leased by a nonprofit organization, corporation, or association to provide housing for eligible persons with developmental disabilities is exempt from property taxation.

(a) To qualify for this exemption, the nonprofit organization, corporation, or association must be qualified for exemption under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3)). It must also have been organized for charitable purposes to create and preserve long-term affordable housing for low-income developmentally disabled persons.

(b) The housing must be occupied by eligible persons who have a low income.

(2) As used in this section:

(a) "Developmental disability" means the same as defined in RCW 71A.10.020;

(b) "Eligible person" means the same as defined in RCW 71A.10.020; and

(c) "Low income" means the adjusted gross income of the resident is at eighty percent or less of the median income
adjusted for family size, as most recently determined by the federal department of housing and urban development for the county in which the housing is located and in effect as of January 1st of the assessment year for which the exemption is sought. "Adjusted gross income" is as defined in the federal internal revenue code of 1986, as it exists on June 11, 1998, or such subsequent date as the director may provide by rule consistent with the purpose of this section.

(3) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(4) If the real or personal property for which exemption is sought is leased, the benefit of the exemption must inure to the nonprofit organization, corporation, or association leasing the property to provide the housing for developmentally disabled persons. [1998 c 202 § 1.]

84.36.043 Nonprofit organization property used in providing emergency or transitional housing to low-income homeless persons or victims of domestic violence.

(1) The real and personal property used by a nonprofit organization in providing emergency or transitional housing for low-income homeless persons as defined in RCW 35.21.685 or 36.32.415 or victims of domestic violence who are homeless for personal safety reasons is exempt from taxation if:

(a) The charge, if any, for the housing does not exceed the actual cost of operating and maintaining the housing; and

(b)(i) The property is owned by the nonprofit organization; or

(ii) The property is rented or leased by the nonprofit organization and the benefit of the exemption inures to the nonprofit organization.

(2) As used in this section:

(a) "Homeless" means persons, including families, who, on one particular day or night, do not have decent and safe shelter or sufficient funds to purchase or rent a place to stay.

(b) "Emergency housing" means a project that provides housing and supportive services to homeless persons or families for up to sixty days.

(c) "Transitional housing" means a project that provides housing and supportive services to homeless persons or families for up to two years and that has as its purpose facilitating the movement of homeless persons and families into independent living.

(3) This exemption is subject to the administrative provisions contained in RCW 84.36.800 through 84.36.865. [1998 c 174 § 1; 1991 c 198 § 1; 1990 c 283 § 2; 1983 1st ex.s. c 55 § 12.]

Additional notes found at www.leg.wa.gov

84.36.047 Nonprofit organization property used for transmission or reception of radio or television signals originally broadcast by governmental agencies. The following property shall be exempt from taxation:

Real and personal property owned by or leased to any nonprofit corporation or association and, except as provided in RCW 84.36.805, used exclusively to rebroadcast, amplify,
or otherwise facilitate the transmission and/or reception of radio and/or television signals originally broadcast by foreign or domestic governmental agencies for reception by the general public: PROVIDED, That in the event such property is leased, the benefit of the exemption shall inure to the user. [1984 c 220 § 4; 1977 ex.s. c 348 § 1.]

Additional notes found at www.leg.wa.gov

**84.36.050 Schools and colleges.** The following property is exempt from taxation:

1. Property owned or used by or for any nonprofit school or college in this state for educational purposes or cultural or art educational programs as defined in RCW 82.04.4328. Real property so exempt may not exceed four hundred acres including, but not limited to, buildings and grounds designed for the educational, athletic, or social programs of the institution, the housing of students, religious faculty, and the chief administrator, athletic buildings, and all other school or college facilities, the need for which would be nonexistent but for the presence of the school or college. The property must be principally designed to further the educational, athletic, or social functions of the college or school. If the property is leased, the benefit of the exemption must inure to such school or college.

2. Real or personal property owned by a not-for-profit foundation that is established for the exclusive support of an institution of higher education, as defined in RCW 28B.10.016. If the property is leased and used by the institution for college or campus purposes, it must be principally designed to further the educational, athletic, or social functions of the institution. The exemption is only available for property actively utilized by currently enrolled students. The benefit of the exemption must inure to the college.

3. Subject to RCW 84.36.805(2)(a)(i), if the property exempt under subsection (1) or (2) of this section is used by an individual or organization not entitled to a property tax exemption, except as provided in this subsection, the exemption is nullified for the assessment year in which such use occurs. The exemption is not nullified as a result of any of the uses listed in (a) or (b) of this subsection or RCW 84.36.805(8):

   a. The property is used by students, alumni, faculty, staff, or other persons or entities in a manner consistent with the educational, social, or athletic programs, including property used for related administrative and support functions, of the school or college and not for pecuniary gain or to promote business activities. Notwithstanding the foregoing, the school or college may contract with and permit the use of school or college property by persons or entities to provide school or college-related programs or services including, but not limited to, the provision of food services to students, faculty, and staff, the operation of a bookstore on campus, and the provision to the school or college of maintenance, operational, or administrative services without nullifying the exemption; or

   b. The property is used for pecuniary gain or to promote business activities as authorized by RCW 84.36.805, such uses to be measured separately with respect to each specific portion of such property. If exempt property is used as a sports or educational camp or program taught, operated, or conducted by a faculty member who is required or permitted to do so as part of his or her compensation package, the days when the property is so used will not be considered to be days when the property is used for nonexempt purposes. [2014 c 99 § 9; 2006 c 226 § 2; 2001 c 126 § 2; 1984 c 220 § 5; 1973 2nd ex.s. c 40 § 4; 1971 ex.s. c 206 § 2; 1970 ex.s. c 55 § 1; 1961 c 15 § 84.36.050. Prior: 1955 c 196 § 7; prior: 1939 c 206 § 8, part; 1933 ex.s. c 19 § 1, part; 1933 c 115 § 1, part; 1929 c 126 § 1, part; 1925 ex.s. c 130 § 7, part; 1915 c 131 § 1, part; 1903 c 178 § 1, part; 1901 c 176 § 1, part; 1899 c 141 § 2, part; 1897 c 71 §§ 1, 5, part; 1895 c 176 § 2, part; 1893 c 124 §§ 1, 5, part; 1891 c 140 §§ 1, 5, part; 1890 p 532 §§ 1, 5, part; 1886 p 47 § 1, part; Code 1881 § 2829, part; 1871 p 37 § 4, part; 1869 p 176 § 4, part; 1867 p 61 § 2, part; 1854 p 331 § 2, part; RRS § 11111, part. Formerly RCW 84.40.010.]

   Findings—Intent—2006 c 226: "The legislature finds that independent nonprofit schools, colleges, and universities are vital educational resources to the state of Washington. For the state to be competitive in a global economy, all educational resources must be competitive and provide high-quality programs and services for students. The legislature recognizes that independent nonprofit schools, colleges, and universities are important economic drivers in their communities, and encourages institutions to support local communities, to provide public benefit, and to respond to community expectations that they share facilities, offer programs, and attract students on par with Washington's publicly owned institutions and out-of-state schools and colleges. Further, the legislature encourages innovative programs and educational opportunities, sustainable practices, and increased use of facilities so that operations of institutions can be more cost-effective. The legislature wishes to remove barriers that discourage institutions from being more collaborative, that make it more difficult to provide high-quality services and necessities to their students, and that discourage appropriate and beneficial use of institutional facilities by the broader community. To this end, the legislature seeks to provide consistent, predictable, and easily administrable rules for reference by the state department of revenue and schools and colleges." [2006 c 226 § 1.]

**84.36.060 Art, scientific and historical collections and property used to maintain, etc., such collections—Property of associations engaged in production and performance of musical, dance, artistic, etc., works—Fire engines, implements, and buildings of cities, towns, or fire companies—Humane societies.** (1) The following property is exempt from taxation:

   a. All art, scientific, or historical collections of associations maintaining and exhibiting such collections for the benefit of the general public and not for profit, together with all real and personal property of such associations used exclusively for the safekeeping, maintaining and exhibiting of such collections;

   b. All the real and personal property owned by or leased to associations engaged in the production and performance of musical, dance, artistic, dramatic, or literary works for the benefit of the general public and not for profit, which real and personal property is used exclusively for this production or performance;

   c. All fire engines and other implements used for the extinguishment of fire, and the buildings used exclusively for their safekeeping, and for meetings of fire companies, as long as the property belongs to any city or town or to a fire company; and

   d. All property owned by humane societies in this state in actual use by the societies.

(2014 Ed.)
(2) To receive an exemption under subsection (1)(a) or (b) of this section:

(a) An organization must be organized and operated exclusively for artistic, scientific, historical, literary, musical, dance, dramatic, or educational purposes and receive a substantial part of its support (exclusive of income received in the exercise or performance by such organization of its purpose or function) from the United States or any state or any political subdivision thereof or from direct or indirect contributions from the general public.

(b) If the property is not currently being used for an exempt purpose but will be used for an exempt purpose within a reasonable period of time, the nonprofit organization, association, or corporation claiming the exemption must submit proof that a reasonably specific and active program is being carried out to construct, remodel, or otherwise enable the property to be used for an exempt purpose. The property does not qualify for an exemption during this interim period if the property is used by, loaned to, or rented to a for-profit organization or business enterprise. Proof of a specific and active program to build or remodel the property so it may be used for an exempt purpose may include, but is not limited to:

(i) Affirmative action by the board of directors, trustees, or governing body of the nonprofit organization, association, or corporation toward an active program of construction or remodeling;

(ii) Itemized reasons for the proposed construction or remodeling;

(iii) Clearly established plans for financing the construction or remodeling;

(iv) Building permits.

(3) The use of property exempt under subsection (1)(a) or (b) of this section by entities not eligible for a property tax exemption under this chapter, except as provided in RCW 84.36.805, nullifies the exemption otherwise available for the property for the assessment year. [2014 c 99 § 10; 2009 c 58 § 1; 2003 c 121 § 1; 1995 c 306 § 1; 1981 c 141 § 1; 1973 2nd ex.s. c 40 § 5; 1961 c 15 § 84.36.060. 84.36.070 Intangible personal property—Appraisal. (1) Intangible personal property is exempt from ad valorem taxation.

(2) "Intangible personal property" means:

(a) All moneys and credits including mortgages, notes, accounts, certificates of deposit, tax certificates, judgments, state, county and municipal bonds and warrants and bonds and warrants of other taxing districts, bonds of the United States and of foreign countries or political subdivisions thereof and the bonds, stocks, or shares of private corporations;

(b) Private nongovernmental personal service contracts, private nongovernmental athletic or sports franchises, or private nongovernmental athletic or sports agreements provided that the contracts, franchises, or agreements do not pertain to the use or possession of tangible personal or real property or to any interest in tangible personal or real property; and

(c) Other intangible personal property such as trademarks, trade names, brand names, patents, copyrights, trade secrets, franchise agreements, licenses, permits, core deposits of financial institutions, noncompete agreements, customer lists, patient lists, favorable contracts, favorable financing agreements, reputation, exceptional management, prestige, good name, or integrity of a business.

(3) "Intangible personal property" does not include zoning, location, view, geographic features, easements, covenants, proximity to raw materials, condition of surrounding property, proximity to markets, the availability of a skilled workforce, and other characteristics or attributes of property.

(4) This section does not preclude the use of, or permit a departure from, generally accepted appraisal practices and the appropriate application thereof in the valuation of real and tangible personal property, including the appropriate consideration of licenses, permits, and franchises granted by a government agency that affect the use of the property. [1997 c 181 § 1; 1974 ex.s. c 118 § 1; 1961 c 15 § 84.36.070. Prior: 1931 c 96 § 1; RRS § 11111-1. FORMER PART OF SECTION: 1925 ex.s. c 130 § 5, part, now codified in RCW 84.04.080.]

Intent—No relation to other state's law—1997 c 181: "Nothing in this act is intended to incorporate and nothing in this act is based on any other state's statutory or case law." [1997 c 181 § 4.]

84.36.079 Rights, title, interest, and materials of certain vessels under construction. All rights, title or interest in or to any vessel of more than one thousand ton burden, and the materials and parts held by the builder of the vessel at the site of construction for the specific purpose of incorporation therein, shall be exempt from taxation while the vessel is under construction within this state. [1961 c 15 § 84.36.079. Prior: 1959 c 295 § 1.]

84.36.080 Certain ships and vessels. (1) All ships and vessels which are exempt from excise tax under RCW 82.49.020(2) and excepted from the registration requirements of RCW 88.02.570(10) shall be and are hereby made exempt from all ad valorem taxes, except taxes levied for any state purpose.

(2) All ships and vessels listed in the state or federal register of historical places are exempt from all ad valorem taxes. [2011 c 171 § 126; 2000 c 103 § 24; 1998 c 335 § 5; 1986 c 229 § 1; 1983 2nd ex.s. c 3 § 51; 1983 c 7 § 23; 1961 c 15 § 84.36.080. Prior: 1945 c 82 § 1; 1931 c 81 § 1; Rem. Supp. 1945 § 11111-2.]

Intent—Effective date—2011 c 171: See notes following RCW 84.36.020.

Listing of taxable ships and vessels with department of revenue: RCW 84.40.065.

Valuation of vessels—Apportionment: RCW 84.40.036.
**84.36.090 Exemption for other ships and vessels.** All ships and vessels, other than those partially exempt under RCW 84.36.080 and those described in RCW 84.36.079, are exempt from all ad valorem taxes. [1983 c 7 § 24; 1961 c 15 § 84.36.090. Prior: 1959 c 295 § 2; 1945 c 82 § 2; 1931 c 81 § 2; Rem. Supp. 1945 § 11111-3.] Additional notes found at www.leg.wa.gov

**84.36.100 Size of vessel immaterial.** RCW 84.36.080 and 84.36.090 shall apply to all ships, vessels and boats, irrespective of size, and to the taxes thereon becoming due and payable. [1961 c 15 § 84.36.100. Prior: 1945 c 82 § 3; 1931 c 81 § 3; Rem. Supp. 1945 § 11111-4.] Additional notes found at www.leg.wa.gov

**84.36.105 Cargo containers used in ocean commerce.** All cargo containers principally used for the transportation of cargo by vessels in ocean commerce shall be exempt from taxation. The term "cargo container" means a receptacle:

1. Of a permanent character and accordingly strong enough to be suitable for repeated use;
2. Specially designed to facilitate the carriage of goods, by one or more modes of transport, one of which shall be by vessels, without intermediate reloading;
3. Fitted with devices permitting its ready handling, particularly its transfer from one mode of transport to another; and
4. Designed to be easy to fill and empty. [1975 1st ex.s. c 20 § 1.]

**84.36.110 Household goods and personal effects—Fifteen thousand dollars actual value to head of family.** The following property shall be exempt from taxation:

1. All household goods and furnishings in actual use by the owner thereof in equipping and outfitting his or her residence or place of abode and not for sale or commercial use, and all personal effects held by any person for his or her exclusive use and benefit and not for sale or commercial use.
2. The personal property, other than specified in subsection (1) of this section, of each head of a family liable to assessment and taxation of which the individual is the actual and bona fide owner to an amount of fifteen thousand dollars of true and fair value. This exemption shall not apply to any private motor vehicle or mobile home. If the county assessor is satisfied that all of the personal property of any person is exempt from taxation under the provisions of this statute or any other statute providing exemptions for personal property, no listing of such property shall be required. However, if the personal property described in this subsection exceeds in value the amount allowed as exempt, then a complete list of said personal property shall be made as provided by law, and the county assessor shall deduct the amount of the exemption authorized by this subsection from the total amount of the assessment and impose taxes on the remainder. [2006 c 281 § 2; 1988 c 10 § 1; 1971 ex.s. c 299 § 71; 1961 c 15 § 84.36.110. Prior: 1935 c 27 § 1; RRS § 11111-7.]

Contingent effective date—2006 c 281: "This act takes effect January 1, 2007, if the proposed amendment to Article VII, section 1 of the state Constitution authorizing an increased personal exemption for the head of a family is validly submitted to and is approved and ratified by the voters at the next general election. If the proposed amendment is not approved and ratified, this act is void in its entirety." [2006 c 281 § 3.]

Finding—Intent—2006 c 281: "The legislature finds that it is in the public interest of the people of the state of Washington to ease the burden of property taxes paid by the head of a family. To achieve this purpose, this act increases the amount of personal property exemption for the head of a family from three thousand dollars to fifteen thousand dollars. The last time this exemption was increased was 1988. It is the clear and unambiguous intent of the legislature that the property described within this measure shall be exempt for [from] taxation, as authorized by Article VII, section 1 of the state Constitution." [2006 c 281 § 1.]

**84.36.120 Household goods and personal effects—Definitions.** For the purposes of RCW 84.36.110 "head of a family" shall be construed to include a surviving spouse or surviving domestic partner who has neither remarried nor entered into a subsequent domestic partnership, any person receiving an old age pension under the laws of this state and any citizen of the United States, over the age of sixty-five years, who has resided in the state of Washington continuously for ten years.

"Personal effects" shall be construed to mean and include such tangible property as usually and ordinarily attends the person such as wearing apparel, jewelry, toilet articles and the like.

"Private motor vehicle" shall be construed to mean and include all motor vehicles used for the convenience or pleasure of the owner and carrying a licensing classification other than motor vehicle for hire, auto stage, auto stage trailer, motor truck, motor truck trailer or dealers' licenses.

"Mobile home" shall be construed to mean and include all trailers of the type designed as facilities for human habitation and which are capable of being moved upon the public streets and highways and which are more than thirty-five feet in length or more than eight feet in width. [2008 c 6 § 708; 1973 1st ex.s. c 154 § 120; 1971 ex.s. c 299 § 72; 1961 c 15 § 84.36.120. Prior: 1935 c 27 § 2; RRS § 11111-8.]

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

**84.36.130 Airport property in this state for smaller airports belonging to municipalities of adjoining states.** All property, whether real or personal, belonging exclusively to any municipal corporation in an adjoining state legally empowered by the laws of such adjoining state to acquire and hold property within this state, and which property is used primarily for airport purposes and other facilities for landing, terminals, housing, repair and care of dirigibles, airplanes and seaplanes for the aerial transportation of persons, property or mail, or in the armed forces of the United States, and upon which property there is expended funds by the federal, county or state agencies, or upon which funds are allocated by the federal government agencies on national defense projects, is hereby exempted from ad valorem taxation. The exemption in this section applies only to airports five hundred acres or less in size. [1998 c 201 § 1; 1961 c 15 § 84.36.130. Prior: 1941 c 13 § 1; Rem. Supp. 1941 § 11111-10.]

**84.36.133 Aircraft owned and operated by a commuter air carrier.** (1) An aircraft owned and operated by a commuter air carrier in respect to which the tax imposed
under RCW 82.48.030 has been paid for a calendar year is exempt from property taxation for that calendar year.

(2) For the purposes of this section, "aircraft" and "commuter air carrier" have the same meanings as provided in RCW 82.48.010. [2013 c 56 § 4.]

Effective date—2013 c 56: "This act takes effect January 1, 2014." [2013 c 56 § 5.]

84.36.135 Real and personal property of housing finance commission. The real and personal property of the state housing finance commission established by chapter 43.180 RCW are exempt from taxation. [1983 c 161 § 26.]

Additional notes found at www.leg.wa.gov

84.36.210 Public right-of-way easements. Whenever the state, or any town, county, or other municipal corporation has obtained a written easement for a right-of-way over and across any private property and the written instrument has been placed of record in the county auditor's office of the county in which the property is located, the easement rights shall be exempt from taxation and exempt from general tax foreclosure and sale for delinquent property taxes of the property over and across which the easement exists; and all property tax records of the county and tax statements relating to the servient property shall show the existence of such easement and that it is exempt from the tax; and any notice of sale and tax deed relating to the servient property shall show that such easement exists and is excepted from the sale of the servient property. [1961 c 15 § 84.36.210. Prior: 1947 c 150 § 1; Rem. Supp. 1947 § 11188-1.]

84.36.230 Interstate bridges—Reciprocity. Any bridge, including its approaches, over rivers or bodies of water forming interstate boundaries, which bridge has been constructed or acquired and is being operated by any foreign state bordering upon such common interstate boundary, or which has been constructed or acquired and is being operated by any county, city or other municipality of such foreign state, shall be exempt from all property and other taxes in the state of Washington, if the foreign state exempts from all taxation any bridge or bridges constructed or acquired and being operated by the state of Washington or any county, city or other municipality thereof. [1961 c 15 § 84.36.230. Prior: 1949 c 224 § 1; Rem. Supp. 1949 § 11111-12.]

84.36.240 Soil and water conservation districts, personal property. All personal property belonging solely to soil and water conservation districts shall be exempt from taxation: PROVIDED, That the exemption contained herein shall not apply to property of any such district which engages in contract work for persons or firms not landowners or cooperators of a district. [1963 c 179 § 1.]

84.36.250 Water distribution property owned by nonprofit corporation or cooperative association. The following property shall be exempt from taxation:

All property, whether real or personal belonging to any nonprofit corporation or cooperative association and used exclusively for the distribution of water to its shareholders or members. [1965 ex.s. c 173 § 31.]

Additional notes found at www.leg.wa.gov

84.36.255 Improvements to benefit fish and wildlife habitat, water quality, and water quantity—Cooperative assistance to landowners—Certification of best management practice—Limitation—Landowner claim and certification. (1) All improvements to real and personal property that benefit fish and wildlife habitat, water quality, or water quantity are exempt from taxation if the improvements are included under a written conservation plan approved by a conservation district. The conservation districts must cooperate with the federal natural resource conservation service, other conservation districts, the department of ecology, the department of fish and wildlife, and nonprofit organizations to assist landowners by working with them to obtain approved conservation plans so as to qualify for the exemption provided for in this section. As provided in subsection (3) of this section and RCW 89.08.440(2), a conservation district must initially certify that the best management practice benefits fish and wildlife habitat, water quality, or water quantity. A habitat conservation plan under the terms of the federal endangered species act is not considered a conservation plan for purposes of this exemption.

(2) The exemption remains in effect only if improvements identified in the written best management practices agreement are maintained as originally approved or amended. Improvements made as a requirement to mitigate for impacts to fish and wildlife habitat, water quality, or water quantity are not eligible for exemption under this section.

(3) A claim for exemption under this section must be filed annually with the county assessor on or before October 31st during the year for exemption from taxes levied for collection in the following year when submitted on forms prescribed by the department of revenue developed in consultation with the conservation district. The landowner must certify each subsequent year that the improvements for which exemption is sought were maintained as originally approved or amended in the written conservation plan. In the first filing year, the claim must contain the initial certification by the conservation district that the improvements for which exemption is sought were included under a written conservation plan approved by the conservation district including best management practices that benefit fish and wildlife habitat, water quality, or water quantity. Each subsequent filing year, the claim must contain a copy of the conservation district's initial certification made in the first filing year, along with the landowner's own certification for the current filing year. [2013 c 236 § 1; 1997 c 295 § 2.]

Purpose—1997 c 295: "The purpose of this act is to improve fish and wildlife habitat, water quality, and water quantity for the benefit of the public at large. Private property owners should be encouraged to make voluntary improvements to their property as recommended by governmental agencies without the penalty of paying higher property taxes as a result of those improvements." [1997 c 295 § 1.]

Additional notes found at www.leg.wa.gov

84.36.260 Property, interests, etc., used for conservation of ecological systems, natural resources, or open space—Conservation or scientific research organizations. (1) All real property interests, including fee simple or any lesser interest, development rights, easements, covenants and conservation futures, as that latter term is defined in RCW 84.34.220 as now or hereafter amended, used exclusively for
the conservation of ecological systems, natural resources, or open space, including park lands, held by any nonprofit corporation or association the primary purpose of which is the conducting or facilitating of scientific research or the conserving of natural resources or open space for the general public, shall be exempt from ad valorem taxation if either of the following conditions are met:

(a) To the extent feasible considering the nature of the property interest involved, such property interests shall be used and effectively dedicated primarily for the purpose of providing scientific research or educational opportunities for the general public or the preservation of native plants or animals, or biotic communities, or works of ancient human beings or geological or geographical formations, of distinct scientific and educational interest, and not for the pecuniary benefit of any person or company, as defined in RCW 82.04.030, and shall be open to the general public for educational and scientific research purposes subject to reasonable restrictions designed for its protection; or

(b) Such property interests are subject to an option, accepted in writing by the state, a city or a county, or department of the United States government, for the purchase thereof by the state, a city or a county, or the United States, at a price not exceeding the lesser of the following amounts: (i) The sum of the original purchase cost to such nonprofit corporation or association plus interest from the date of the exercise of the option; or (ii) the appraised value of the property at the time of the granting of the option, as determined by the department of revenue or when the option is held by the United States, or by an appropriate agency thereof.

(2) To be exempt under this section, the property must be used exclusively for the purposes for which exemption is granted, except as provided by RCW 84.36.805. [2014 c 99 § 11; 2009 c 549 § 1034; 1979 ex.s. c 193 § 1; 1975-'76 2nd ex.s. c 22 § 3; 1973 c 112 § 1; 1967 ex.s. c 149 § 43.]

Additional notes found at www.leg.wa.gov

84.36.262 Cessation of use giving rise to exemption. Upon cessation of the use which has given rise to an exemption hereunder, the county treasurer shall collect all taxes which would have been paid had the property not been exempt during the ten years preceding, or the life of such exemption if such be less, together with interest at the same rate and computed in the same way as that upon delinquent property taxes. [1973 c 112 § 2.]

Additional tax payable at time of sale—Appeal of assessed values: RCW 84.36.812.

84.36.264 Application for exemption under RCW 84.36.260, conservation of ecological systems. Owners of property desiring tax exempt status pursuant to the provisions of RCW 84.36.260 must make an application for the exemption with the department. If such property qualifies pursuant to RCW 84.36.260(1)(b), a copy of the option must also be submitted to the department. Such option must clearly state the purchase price pursuant to the option or the appraisal value as determined by the department of revenue. [2014 c 99 § 12; 1994 c 124 § 17; 1973 c 112 § 3.]

84.36.300 Stocks of merchandise, goods, wares, or material—Aircraft parts, etc.—When eligible for exemption. There shall be exempt from taxation a portion of each separately assessed stock of merchandise, as that word is defined in this section, owned or held by any taxpayer on the first day of January of any year computed by first multiplying the total amount of that stock of such merchandise, as determined in accordance with RCW 84.40.020, by a percentage determined by dividing the amount of such merchandise brought into this state by the taxpayer during the preceding year for that stock by the total additions to that stock by the taxpayer during that year, and then multiplying the result of the latter computation by a percentage determined by dividing the total out-of-state shipments of such merchandise by the taxpayer during the preceding year from that stock (and regardless of whether or not any such shipments involved a sale of, or a transfer of title to, the merchandise within this state) by the total shipments of such merchandise by the taxpayer during the preceding year from that stock. As used in this section, the word "merchandise" means goods, wares, merchandise, or material which were not manufactured in this state by the taxpayer and which were acquired by him or her (in any other manner whatsoever, including manufacture by him or her outside of this state) for the purpose of sale or shipment in substantially the same form in which they were acquired by him or her within this state or were brought into this state by him or her. Breaking of packages or of bulk shipments, packaging, repackaging, labeling, or relabeling shall not be considered as a change in form within the meaning of this section. A taxpayer who has made no shipments of merchandise, either out-of-state or in-state, during the preceding year, may compute the percentage to be applied to the stock of merchandise on the basis of his or her experience from March 1st of the preceding year to the last day of February of the current year, in lieu of computing the percentage on the basis of his or her experience during the preceding year. The rule of strict construction shall not apply to this section.

All rights, title, or interest in or to any aircraft parts, equipment, furnishings, or accessories (but not engines or major structural components) which are manufactured outside of the state of Washington and are owned by purchasers of the aircraft constructed, under construction or to be constructed in the state of Washington, and are shipped into the state of Washington for installation in or use in connection with the operation of such aircraft shall be exempt from taxation prior to and during construction of such aircraft and while held in this state for periods preliminary to and during the transportation of such aircraft from the state of Washington. [2013 c 23 § 348; 1973 c 149 § 2; 1969 ex.s. c 124 § 1.]

Additional notes found at www.leg.wa.gov

84.36.301 Legislative finding and declaration for RCW 84.36.300. The legislature hereby finds and declares that to promote the policy of a free and uninhibited flow of commerce as established by federal constitutional and legislative dictate, it is desirable to exempt from property taxation,
84.36.310 Requirements for exemption under RCW 84.36.300. Any person claiming the exemption provided for in RCW 84.36.300 shall file such claim with his or her listing of personal property as provided by RCW 84.40.040. The claim shall be in the form prescribed by the department of revenue, and shall require such information as the department deems necessary to substantiate the claim. [2003 c 302 § 6; 1969 ex.s. c 124 § 2.]

84.36.320 Inspection of books and records for exemption under RCW 84.36.300. An owner or agent filing a claim under RCW 84.36.310 shall consent to the inspection of the books and records upon which the claim has been based, such inspection to be similar in manner to that provided by RCW 84.40.340, or if the owner or agent does not maintain records within this state, the consent shall apply to the records of a warehouse, person, or agent having custody of the inventory to which the claim applies. Consent to the inspection of the records shall be executed as a part of the claim. The owner, his or her agent, or other person having custody of the inventory referred to herein shall retain within this state, for a period of at least two years from the date of the claim, the records referred to above. If adequate records are not made available to the assessor within the county where the claim is made, then the exemption shall be denied. [2013 c 23 § 349; 1969 ex.s. c 124 § 3.]

84.36.350 Property owned or used for sheltered workshops for handicapped. (1) The following property shall be exempt from taxation:

(a) Real or personal property owned and used by a nonprofit corporation in connection with the operation of a sheltered workshop for handicapped persons, and used primarily in connection with the manufacturing and the handling, sale or distribution of goods constructed, processed, or repaired in such workshops or centers; and

(b) Inventory owned by a sheltered workshop for sale or lease by the sheltered workshop or to be furnished under a contract of service, including raw materials, work in process, and finished products.

(2) Unless a different meaning is plainly required by the context, "sheltered workshop" means a rehabilitation facility, or that part of a rehabilitation facility operated by a nonprofit corporation, where any manufacture or handiwork is carried on and operated for the primary purpose of: (a) Providing gainful employment or rehabilitation services to the handicapped as an interim step in the rehabilitation process for those who cannot be readily absorbed in the competitive labor market or during such time as employment opportuni-

ties for them in the competitive labor market do not exist; or (b) providing evaluation and work adjustment services for handicapped individuals. [1999 c 358 § 17; 1975 1st ex.s. c 3 § 1; 1970 ex.s. c 81 § 1.]

Additional notes found at www.leg.wa.gov

84.36.379 Residences—Property tax exemption—Findings. The legislature finds that the property tax exemption authorized by Article VII, section 10 of the state Constitution should be made available on the basis of a retired person's ability to pay property taxes and that the best measure of a retired person's ability to pay taxes is that person's disposable income as defined in RCW 84.36.383. The legislature further finds that veterans with one hundred percent service-connected disabilities have given so much to our country that they deserve property tax relief. [2005 c 248 § 1; 2000 c 103 § 25; 1980 c 185 § 3.]

Application—2005 c 248: See note following RCW 84.36.381. Additional notes found at www.leg.wa.gov

84.36.381 Residences—Property tax exemptions—Qualifications. A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, assisted living facility, or adult family home does not disqualify the claim of exemption if:

(a) The residence is temporarily unoccupied;

(b) The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or

(c) The residence is rented for the purpose of paying nursing home, hospital, assisted living facility, or adult family home costs;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

(3)(a) The person claiming the exemption must be:

(i) Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or
Exemptions 84.36.383

(ii) A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at a total disability rating for a service-connected disability.

(b) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person is exempt from an obligation to pay is calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse or the person's domestic partner, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less is exempt from all excess property taxes; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income of thirty thousand dollars or less but greater than twenty-five thousand dollars is exempt from all regular property taxes on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income of twenty-five thousand dollars or less is exempt from all regular property taxes on the greater of sixty thousand dollars or thirty-five percent of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income of thirty-five thousand dollars or less, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence is the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Application—2012 c 10: See note following RCW 18.20.010.
Effective date—2010 c 106: See note following RCW 35.102.145.
Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

Application—2005 c 248: "This act applies to taxes levied for collection in 2006 and thereafter." [2005 c 248 § 3.]

Application—1983 1st ex.s. c 11: "The legislature finds that inflation has significant detrimental effects on the senior citizen property tax relief program. Inflation increases incomes without increasing real buying power. Inflation also raises the values of homes, and thus the taxes on those homes. This act addresses the problem of inflation in two ways. First, the assessed value exemption is tied to home value so it will increase as values rise. Secondly, though the income of most senior citizens does not keep pace with inflation, it is the legislature's intent that inflationary increases in incomes will not result in program disqualification. Therefore, the income levels are adjusted to reflect the forecasted increase in inflation. The legislature also recommends that similar adjustments be examined by future legislatures." [1983 1st ex.s. c 11 § 1.]

Additional notes found at www.leg.wa.gov

84.36.383 Residences—Definitions. As used in RCW 84.36.381 through 84.36.389, except where the context clearly indicates a different meaning:

(1) The term "residence" means a single family dwelling unit whether such unit be separate or part of a multifamily dwelling, including the land on which such dwelling stands not to exceed one acre, except that a residence includes any additional property up to a total of five acres that comprises the residential parcel if this larger parcel size is required under land use regulations. The term also includes a share ownership in a cooperative housing association, corporation, or partnership if the person claiming exemption can establish that his or her share represents the specific unit or portion of such structure in which he or she resides. The term also includes a single family dwelling situated upon lands the fee of which is vested in the United States or any instrumentality thereof including an Indian tribe or in the state of Washington, and notwithstanding the provisions of RCW 84.04.080 and 84.04.090, such a residence is deemed real property.

(2) The term "real property" also includes a mobile home which has substantially lost its identity as a mobile unit by virtue of its being fixed in location upon land owned or leased by the owner of the mobile home and placed on a foundation (posts or blocks) with fixed pipe, connections with sewer, water, or other utilities. A mobile home located on land
leased by the owner of the mobile home is subject, for tax billing, payment, and collection purposes, only to the personal property provisions of chapter 84.56 RCW and RCW 84.60.040.

(3) "Department" means the state department of revenue.

(4) "Combined disposable income" means the disposable income of the person claiming the exemption, plus the disposable income of his or her spouse or domestic partner, and the disposable income of each cotenant occupying the residence for the assessment year, less amounts paid by the person claiming the exemption or his or her spouse or domestic partner during the assessment year for:

(a) Drugs supplied by prescription of a medical practitioner authorized by the laws of this state or another jurisdiction to issue prescriptions;

(b) The treatment or care of either person received in the home or in a nursing home, assisted living facility, or adult family home; and

(c) Health care insurance premiums for medicare under Title XVIII of the social security act.

(5) "Disposable income" means adjusted gross income as defined in the federal internal revenue code, as amended prior to January 1, 2008, or such subsequent date as the director may provide by rule consistent with the purpose of this section, plus all of the following items to the extent they are not included in or have been deducted from adjusted gross income:

(a) Capital gains, other than gain excluded from income under section 121 of the federal internal revenue code to the extent it is reinvested in a new principal residence;

(b) Amounts deducted for loss;

(c) Amounts deducted for depreciation;

(d) Pension and annuity receipts;

(e) Military pay and benefits other than attendant-care and medical-aid payments;

(f) Veterans benefits, other than:

(i) Attendant-care payments;

(ii) Medical-aid payments;

(iii) Disability compensation, as defined in Title 38, part 3, section 3.4 of the code of federal regulations, as of January 1, 2009;

(iv) Dependency and indemnity compensation, as defined in Title 38, part 3, section 3.5 of the code of federal regulations, as of January 1, 2008;

(g) Federal social security act and railroad retirement benefits;

(h) Dividend receipts; and

(i) Interest received on state and municipal bonds.

(6) "Cotenant" means a person who resides with the person claiming the exemption and who has an ownership interest in the residence.

(7) "Disability" has the same meaning as provided in 42 U.S.C. Sec. 423(d)(1)(A) as amended prior to January 1, 2005, or such subsequent date as the department may provide by rule consistent with the purpose of this section. [2012 c 10 § 74; 2010 c 106 § 307. Prior: 2008 c 182 § 1; 2008 c 6 § 709; 2006 c 62 § 1; 2004 c 270 § 2; 1999 c 358 § 18; 1995 1st sp.s. c 8 § 2; 1994 sp.s. c 8 § 2; 1991 c 213 § 4; 1991 c 219 § 1; 1989 c 379 § 6; 1987 c 155 § 2; 1985 c 395 § 3; 1983 1st ex.s. c 11 § 4; 1980 c 185 § 5; 1979 ex.s. c 214 § 2; 1975 1st ex.s. c 291 § 15; 1974 ex.s. c 182 § 2.]

84.36.385 Residences—Claim for exemption—Forms—Change of status—Publication and notice of qualifications and manner of making claims. (1) A claim for exemption under RCW 84.36.381 as now or hereafter amended, may be made and filed at any time during the year for exemption from taxes payable the following year and thereafter and solely upon forms as prescribed and furnished by the department of revenue. However, an exemption from tax under RCW 84.36.381 continues for no more than six years unless a renewal application is filed as provided in subsection (3) of this section.

(2) A person granted an exemption under RCW 84.36.381 must inform the county assessor of any change in status affecting the person’s entitlement to the exemption on forms prescribed and furnished by the department of revenue.

(3) Each person exempt from taxes under RCW 84.36.381 in 1993 and thereafter, must file with the county assessor a renewal application not later than December 31 of the year the assessor notifies such person of the requirement to file the renewal application. Renewal applications must be on forms prescribed and furnished by the department of revenue.

(4) At least once every six years, the county assessor must notify those persons receiving an exemption from taxes under RCW 84.36.381 of the requirement to file a renewal application. The county assessor may also require a renewal application following an amendment of the income requirements set forth in RCW 84.36.381.

(5) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption must be denied but such denial is subject to appeal under the provisions of RCW 84.40.010 and in accordance with the provisions of RCW 84.40.038. If the applicant had received exemption in prior years based on erroneous information, the taxes must be collected subject to penalties as provided in RCW 84.40.130 for a period of not to exceed five years.

(6) The department and each local assessor is hereby directed to publicize the qualifications and manner of making claims under RCW 84.36.381 through 84.36.389, through communications media, including such paid advertisements or notices as it deems appropriate. Notice of the qualifications, method of making applications, the penalties for not reporting a change in status, and availability of further information must be included on or with property tax statements and revaluation notices for all residential property including mobile homes, except rental properties. [2011 c 174 § 106; 2010 c 106 § 308; 2001 c 185 § 8; 1992 c 206 § 13; 1988 c 8 § 5.

Application—2012 c 10: See note following RCW 18.20.010.

Effective date—2010 c 106: See note following RCW 35.102.145.

Application—2008 c 182: "This act applies to taxes levied for collection in 2009 and thereafter."

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

Intent—Applicability—Effective dates—1983 1st ex.s. c 11: See notes following RCW 84.36.381.

Additional notes found at www.leg.wa.gov
(1) All claims for exemption shall be made and signed by the person entitled to the exemption, by his or her attorney-in-fact or in the event the residence of such person is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, by such holder or by the owner, either before two witnesses or the county assessor or his or her deputy in the county where the real property is located: PROVIDED, That if a claim for exemption is made by a person living in a cooperative housing association, corporation, or partnership, such claim shall be made and signed by the person entitled to the exemption and by the authorized agent of such cooperative.

(2) If the taxpayer is unable to submit his or her own claim, the claim shall be submitted by a duly authorized agent or by a guardian or other person charged with the care of the person or property of such taxpayer.

(3) All claims for exemption and renewal applications shall be accompanied by such documented verification of income as shall be prescribed by rule adopted by the department of revenue.

(4) Any person signing a false claim with the intent to defraud or evade the payment of any tax is guilty of perjury under chapter 9A.72 RCW.

(5) The tax liability of a cooperative housing association, corporation, or partnership shall be reduced by the amount of tax exemption to which a claimant residing therein is entitled and such cooperative shall reduce any amount owed by the claimant to the cooperative by such exact amount of tax exemption or, if no amount be owed, the cooperative shall make payment to the claimant of such exact amount of exemption.

(6) A remainderman or other person who would have otherwise paid the tax on real property that is the subject of an exemption granted under RCW 84.36.381 for an estate for life shall reduce the amount which would have been payable by the life tenant to the remainderman or other person to the extent of the exemption. If no amount is owed or separately stated as an obligation between these persons, the remainderman or other person shall make payment to the life tenant in the exact amount of the exemption. [2003 c 53 § 48; 1992 c 206 § 14; 1980 c 185 § 6; 1975 1st ex.s. c 291 § 16; 1974 ex.s. c 182 § 41.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

84.36.400 Improvements to single-family dwellings. Any physical improvement to single-family dwellings upon real property shall be exempt from taxation for the three assessment years subsequent to the completion of the improvement to the extent that the improvement represents thirty percent or less of the value of the original structure. A taxpayer desiring to obtain the exemption granted by this section must file notice of his or her intention to construct the improvement prior to the improvement being made on forms prescribed by the department of revenue and furnished to the taxpayer by the county assessor: PROVIDED, That this exemption cannot be claimed more than once in a five-year period.

The department of revenue shall promulgate such rules and regulations as are necessary and convenient to properly administer the provisions of this section. [2013 c 23 § 350; 1972 ex.s. c 125 § 3.]

Additional notes found at www.leg.wa.gov

84.36.451 Right to occupy or use certain public property, including leasehold interests. (Effective until January 1, 2022.) (1) The following property is exempt from taxation: Any and all rights to occupy or use any real or personal property owned in fee or held in trust by:

(a) The United States, the state of Washington, or any political subdivision or municipal corporation of the state of Washington, or a federally recognized Indian tribe for property exempt under RCW 84.36.010; or

(b) A public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites; and

(c) Any leasehold interest arising from the property identified in (a) and (b) of this subsection as defined in RCW 82.29A.020.

(2) The department may conduct such audits of the administration of RCW 84.36.381 through 84.36.389 and the claims for exemption filed thereunder as it considers necessary. The powers of the department under chapter 84.08 RCW apply to these audits.

(3) Any information or facts concerning confidential income data obtained by the assessor or the department, or their agents or employees, under subsection (2) of this section shall be used only to administer RCW 84.36.381 through 84.36.389. Notwithstanding any provision of law to the contrary, absent written consent by the person about whom the information or facts have been obtained, the confidential income data shall not be disclosed by the assessor or the assessor's agents or employees to anyone other than the department or the department's agents or employees or by anyone other than the assessor or the assessor's agents or employees except in a judicial proceeding pertaining to the taxpayer's entitlement to the tax exemption under RCW 84.36.381 through 84.36.389. Any violation of this subsection is a misdemeanor. [1979 ex.s. c 214 § 4; 1974 ex.s. c 182 § 5.]

Additional notes found at www.leg.wa.gov
84.36.451 Right to occupy or use certain public property, including leasehold interests. (Effective January 1, 2022.) (1) The following property shall be exempt from taxation: Any and all rights to occupy or use any real or personal property owned in fee or held in trust by:
   (a) The United States, the state of Washington, or any political subdivision or municipal corporation of the state of Washington; or
   (b) A public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites; and
   (c) Including any leasehold interest arising from the property identified in (a) and (b) of this subsection as defined in RCW 82.29A.020.

(2) The exemption under this section shall not apply to:
   (a) Any such leasehold interests which are a part of operating properties of public utilities subject to assessment under chapter 84.12 RCW; or
   (b) Any such leasehold interest consisting of three thousand or more residential and recreational lots that are or may be subleased for residential and recreational purposes.

(3) The exemption under this section may not be construed to modify the provisions of RCW 84.40.230. [2014 c 207 § 6; 2001 c 26 § 2; 1979 ex.s.c 196 § 10; 1975-76 2nd ex.s.c 61 § 14.]

Expiration date—Application—2014 c 207: See notes following RCW 84.36.010.
Leasehold excise tax: Chapter 82.29A RCW.

84.36.477 Business inventories. (1) Business inventories are exempt from property taxation.

(2) As used in this section:
   (a)(i) "Business inventories" means all livestock, inventories of finished goods and work in process, and personal property not under lease or rental, acquired, or produced solely for the purpose of sale or lease or for the purpose of consuming the property in producing for sale or lease a new article of tangible personal property of which the property becomes an ingredient or component.
   (ii) "Business inventories" also includes:
      (A) All grains and flour, fruit and fruit products, unprocessed timber, vegetables and vegetable products, and fish and fish products, while being transported to or held in storage in a public or private warehouse or storage area if actually shipped to points outside the state on or before April 30th of the first year for which they would otherwise be taxable;
      (B) All finished plywood, hardboard, and particleboard panels shipped from outside this state to any processing plant within this state, if the panels are moving under a through freight rate to final destination outside this state and the carrier grants the shipper the privilege of stopping the shipment in transit for the purpose of storing, milling, manufacturing, or other processing, while the panels are in the process of being treated or shaped into flat component parts to be incorporated into finished products outside this state and for thirty days after completion of the processing or treatment;
      (C) All ore or metal shipped from outside this state to any smelter or refining works within this state, while in process of reduction or refinement and for thirty days after completion of the reduction or refinement; and
      (D) All metals refined by electrolytic process into cathode or bar form while in this form and held under negotiable warehouse receipt in a public or private warehouse recognized by an established incorporated commodity exchange and for sale through the exchange.
   (iii) "Business inventories" does not include personal property acquired or produced for the purpose of lease or rental if the property was leased or rented at any time during the calendar year immediately preceding the year of assessment and was not thereafter remanufactured, nor does it include property held within the normal course of business for lease or rental for periods of less than thirty days.
   (iv) "Business inventories" does not include agricultural or horticultural property fully or partially exempt under RCW 84.36.470.
   (v) "Business inventories" does not include timber that is standing on public land and that is sold under a contract entered into after August 1, 1982;
   (b) "Fish and fish products" means all fish and fish products suitable and designed for human consumption, excluding all others;
   (c) "Fruit and fruit products" means all raw edible fruits, berries, and hops and all processed products of fruits, berries, or hops, suitable and designed for human consumption, while in the hands of the first processor;
(d) "Processed" means canning, barreling, bottling, preserving, refining, freezing, packing, milling, or any other method employed to keep any grain, fruit, vegetable, or fish in an edible condition or to put it into more suitable or convenient form for consuming, storing, shipping, or marketing;

(e) "Remanufactured" means the restoration of property to essentially its original condition, but does not mean normal maintenance or repairs; and

(f) "Vegetables and vegetable products" means all raw edible vegetables such as peas, beans, beets, sugar beets, and other vegetables, and all processed products of vegetables, suitable and designed for human consumption, while in the hands of the first processor. [2001 c 187 § 15; 1983 1st ex.s. c 62 § 6.]

Short title—Intent—1983 1st ex.s. c 62: "(1) This act shall be known as the homeowner's property tax relief act of 1983.

(2) The intent of the inventory tax phaseout was to stimulate the economy of the state and to increase the revenues of the state and local taxing districts by attracting new business, encouraging the expansion of existing business, and thereby increasing economic activity and tax revenue on noninventory property. The inventory tax phaseout will cause certain unforeseen and heretofore unprepared for tax shifts among property owners.

(3) This act is intended to lessen the impact of the property tax shift. Relief is provided by the following means:

(a) The state will provide fourteen million dollars over a four-year period to lessen the impact on the most severely affected districts.

(b) Persons purchasing timber on public lands after August 1, 1982, are required to continue to pay property tax on those timber inventories. They will receive a credit against the timber excise tax for these property tax payments.

(c) Local governments are granted the ability to lessen their short-term reliance on the property tax without reducing their future ability to levy property taxes." [1983 1st ex.s. c 62 § 1.]

Rules and regulations, procedures: RCW 84.40.405.

Additional notes found at www.leg.wa.gov

84.36.480 Nonprofit fair associations. (1) Except as provided otherwise in subsections (2) and (3) of this section, the real and personal property of a nonprofit fair association that sponsors or conducts a fair or fairs that is eligible to receive support from the fair fund, as created in RCW 15.76.115 and allocated by the director of the department of agriculture, is exempt from taxation. To be exempt under this subsection (1), the property must be used exclusively for fair purposes, except as provided in RCW 84.36.805. However, the loan or rental of property otherwise exempt under this section to a private concessionaire or to any person for use as a concession in conjunction with activities permitted under this section shall not nullify the exemption if the concession charges are subject to agreement and the rental income, if any, is reasonable and is devoted solely to the operation and maintenance of the property.

(2)(a) Except as provided otherwise in subsection (3) of this section, the real and personal property owned by a nonprofit fair association organized under chapter 24.06 RCW and used for fair purposes is exempt from taxation if the majority of such property, as determined by assessed value, was purchased or acquired by the same nonprofit fair association from a county or a city between 1995 and 1998.

(b) The exemption under this subsection (2) may not be claimed for taxes levied for collection in 2019 and thereafter.

(3) A nonprofit fair association with real and personal property having an assessed value of more than fifteen million dollars is not eligible for the exemptions under this section.

84.36.487 Air pollution control equipment in thermal electric generation facilities—Records—Payments on cessation of operation. (1) Air pollution control equipment constructed or installed after May 15, 1997, by businesses engaged in the generation of electric energy at thermal electric generation facilities first placed in operation after December 31, 1969, and before July 1, 1975, shall be exempt from property taxation. The owners shall maintain the records in such a manner that the annual beginning and ending asset balance of the pollution control facilities and depreciation method can be identified.

(2) For the purposes of this section, "air pollution control equipment" means any treatment works, control devices and disposal systems, machinery, equipment, structures, property, property improvements, and accessories, that are installed or acquired for the primary purpose of reducing, controlling, or disposing of industrial waste that, if released to the outdoor atmosphere, could cause air pollution, or that are required to meet regulatory requirements applicable to their construction, installation, or operation.

(3) RCW 82.32.393 applies to this section. [1997 c 368 § 11.]

Findings—Intent—2013 c 212: "(1) The legislature finds that nonprofit fairs provide educational opportunities for youth and promote agricultural and the welfare of rural Washington. The legislature further finds that publicly owned fairgrounds can be rented or loaned out on a temporary basis without jeopardizing the property's exempt status for property tax purposes. The legislature further finds that many cities and counties have transferred ownership in fairground properties to nonprofit fair associations to achieve operational efficiencies. The legislature further finds that properties previously owned by cities or counties, and now owned and operated by nonprofit fair associations, may be subject to property tax even though the use of the property has not changed.

(2) It is the intent of the legislature to mitigate an unintended consequence of the property tax code that would otherwise interfere with a city's or county's ability to achieve operational efficiencies and follows best practices by transferring fairgrounds to nonprofit fair associations for an identical use of the property. It is the further intent of the legislature to expire the property tax exemption in five years to evaluate if the exemption has created any unintended consequences, including any unfair competitive advantage that may be conferred by the property tax exemption over private businesses, and identify other similar tax situations where ownership of property may be transferred from a public entity to a nonprofit association." [2013 c 212 § 1.]

Additional notes found at www.leg.wa.gov

84.36.500 Conservation futures on agricultural land. All conservation futures on agricultural lands acquired pursuant to RCW 64.04.130 or 84.34.200 through 84.34.240, that are held by any nonprofit corporation or association, the primary purpose of which is conserving agricultural lands and preventing the conversion of such lands to nonagricultural uses, shall be exempt from ad valorem taxation if:

(1) The conservation futures are of an unlimited duration;

(2) The conservation futures are effectively restricted to preclude nonagricultural uses on such agricultural land; and

(3) The lands are classified as farm and agricultural lands under chapter 84.34 RCW: PROVIDED, That at such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax
84.36.510 Mobile homes in dealer's inventory. Any mobile home which is a part of a dealer's inventory and held solely for sale in the ordinary course of the dealer's business and is not used for any other purpose shall be exempt from property taxation: PROVIDED, That this exemption shall not apply to property taxes already levied or delinquent on such mobile home at the time it becomes part of a dealer's inventory. [1985 c 395 § 7.]

84.36.550 Nonprofit organizations—Property used for solicitation or collection of gifts, donations, or grants. The real and personal property owned by nonprofit organizations and used for solicitation or collection of gifts, donations, or grants is exempt from taxation if the organization meets all of the following conditions:

(1) The organization is organized and conducted for nongovernmental purposes.

(2) The organization is affiliated with a state or national organization that authorizes, approves, or sanctions volunteer charitable fund-raising organizations.

(3) The organization is qualified for exemption under section 501(c)(3) of the federal internal revenue code.

(4) The organization is governed by a volunteer board of directors.

(5) The gifts, donations, and grants are used by the organization for character-building, benevolent, protective, or rehabilitative social services directed at persons of all ages, or for distribution under subsection (6) of this section.

(6) The organization distributes gifts, donations, or grants to at least five other nonprofit organizations or associations that are organized and conducted for nongovernmental purposes and provide character-building, benevolent, protective, or rehabilitative social services directed at persons of all ages. [1993 c 79 § 1.]

Additional notes found at www.leg.wa.gov

84.36.560 Nonprofit organizations that provide rental housing or used space to very low-income households. (1) The real and personal property owned or used by a nonprofit entity in providing rental housing for very low-income households or used to provide space for the placement of a mobile home for a very low-income household within a mobile home park is exempt from taxation if:

(a) The benefit of the exemption inures to the nonprofit entity;

(b) At least seventy-five percent of the occupied dwelling units in the rental housing or lots in a mobile home park are occupied by a very low-income household; and

(c) The rental housing or lots in a mobile home park are occupied by a very low-income household.

(i) A federal or state housing program administered by the federal department of community, trade, and economic development;

(ii) A federal housing program administered by a city or county government;

(iii) An affordable housing levy authorized under RCW 84.52.105; or

(iv) The surcharges authorized by RCW 36.22.178 and any of the surcharges authorized in chapter 43.185C RCW.

(2) If less than seventy-five percent of the occupied dwelling units within the rental housing or lots in the mobile home park are occupied by very low-income households, the rental housing or mobile home park is eligible for a partial exemption on the real property and a total exemption of the housing or park's personal property as follows:

(a) A partial exemption shall be allowed for each dwelling unit in the rental housing or for each lot in a mobile home park occupied by a very low-income household.

(b) The amount of exemption shall be calculated by multiplying the assessed value of the property reasonably necessary to provide the rental housing or to operate the mobile home park by a fraction. The numerator of the fraction is the number of dwelling units or lots occupied by very low-income households as of December 31st of the assessment year in which the rental housing or mobile home park becomes operational or on January 1st of each subsequent assessment year for which the exemption is claimed. The denominator of the fraction is the total number of dwelling units or lots occupied as of December 31st of the first assessment year in which the rental housing or mobile home park becomes operational and January 1st of each subsequent assessment year for which exemption is claimed.

(3) If a currently exempt rental housing unit in a facility with ten units or fewer or mobile home lot in a mobile home park with ten lots or fewer was occupied by a very low-income household at the time the exemption was granted and the income of the household subsequently rises above fifty percent of the median income but remains at or below eighty percent of the median income, the exemption will continue as long as the housing continues to meet the certification requirements of a very low-income housing program listed in subsection (1) of this section. For purposes of this section, median income, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located, shall be adjusted for family size. However, if a dwelling unit or a lot becomes vacant and is subsequently reentered, the income of the new household must be at or below fifty percent of the median income adjusted for family size, as most recently determined by the federal department of housing and urban development for the county in which the rental housing or mobile home park is located to remain exempt from property tax.

(4) If at the time of initial application the property is unoccupied, or subsequent to the initial application the property is unoccupied because of renovations, and the property is not currently being used for the exempt purpose authorized by this section but will be used for the exempt purpose within two assessment years, the property shall be eligible for a property tax exemption for the assessment year in which the claim for exemption is submitted under the following conditions:

(a) A commitment for financing to acquire, construct, renovate, or otherwise convert the property to provide housing for very low-income households has been obtained, in
whole or in part, by the nonprofit entity claiming the exemption from one or more of the sources listed in subsection (1)(c) of this section;

(b) The nonprofit entity has manifested its intent in writing to construct, remodel, or otherwise convert the property to housing for very low-income households; and

(c) Only the portion of property that will be used to provide housing or lots for very low-income households shall be exempt under this section.

(5) To be exempt under this section, the property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805.

(6) The nonprofit entity qualifying for a property tax exemption under this section may agree to make payments to the city, county, or other political subdivision for improvements, services, and facilities furnished by the city, county, or political subdivision for the benefit of the rental housing. However, these payments shall not exceed the amount last levied as the annual tax of the county, or political subdivision upon the property prior to exemption.

(7) As used in this section:

(a) "Group home" means a single-family dwelling financed, in whole or in part, by one or more of the sources listed in subsection (1)(c) of this section. The residents of a group home shall not be considered to jointly constitute a household, but each resident shall be considered to be a separate household occupying a separate dwelling unit. The individual incomes of the residents shall not be aggregated for purposes of this exemption;

(b) "Mobile home lot" or "mobile home park" means the same as these terms are defined in RCW 59.20.030;

(c) "Occupied dwelling unit" means a living unit that is occupied by an individual who has obtained a lease or tenancy of a dwelling unit in December 31st of the first assessment year the rental housing becomes operational or is occupied by an individual or household on January 1st of each subsequent assessment year in which the claim for exemption is submitted. If the housing facility is comprised of three or fewer dwelling units and there are any unoccupied units on January 1st, the department shall base the amount of the exemption upon the number of occupied dwelling units as of December 31st of the first assessment year the rental housing becomes operational and on May 1st of each subsequent assessment year in which the claim for exemption is submitted;

(d) "Rental housing" means a residential housing facility or group home that is occupied but not owned by very low-income households;

(e) "Very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income adjusted for family size as most recently determined by the federal department of housing and urban development for the county in which the rental housing is located and in effect as of January 1st of the year the application for exemption is submitted; and

(f) "Nonprofit entity" means a:

(i) Nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code;

(ii) Limited partnership where a nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code, a public corporation established under RCW 35.21.660, 35.21.670, or 35.21.730, a housing authority created under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a general partner; or

(iii) Limited liability company where a nonprofit as defined in RCW 84.36.800 that is exempt from income tax under section 501(c) of the federal internal revenue code, a public corporation established under RCW 35.21.660, 35.21.670, or 35.21.730, a housing authority established under RCW 35.82.030 or 35.82.300, or a housing authority meeting the definition in RCW 35.82.210(2)(a) is a managing member. [2007 c 301 § 1; 2001 1st sp.s. c 7 § 1; 1999 c 203 § 1.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Additional notes found at www.leg.wa.gov

84.36.570 Nonprofit organizations—Property used for agricultural research and education programs. (1) All real and personal property owned by a nonprofit organization, corporation, or association to provide a demonstration farm with research and extension facilities, a public agricultural museum, and an educational tour site, which is used by a state university for agricultural research and education programs, is exempt from property taxation. This exemption includes all real and personal property that may be used in the production and sale of agricultural products, not to exceed fifty acres, if the income is used to further the purposes of the organization, corporation, or association.

(2) To qualify for this exemption:

(a) The nonprofit organization, corporation, or association must be qualified for exemption under section 501(c)(3) of the internal revenue code of 1986 (26 U.S.C. Sec. 501(c)(3)); and

(b) The property must be used exclusively for the purposes for which the exemption is granted, except as provided in RCW 84.36.805. [1999 c 139 § 1.]

84.36.575 Nonprofit organizations—Aircraft. (Expires January 1, 2020.) An aircraft is exempt from taxation if:

(1) The aircraft is owned by a nonprofit organization that is exempt from federal income taxation under 26 U.S.C. Sec. 501(c)(3);

(2) The aircraft is used to provide emergency medical transportation services; and

(3) The exemption inures to the benefit of the nonprofit organization that owns the aircraft. [2010 1st sp.s. c 12 § 1.]

Application—2010 1st sp.s. c 12: “This act applies to taxes levied for collection in 2011 and thereafter.” [2010 1st sp.s. c 12 § 3.]

Expiration date—2010 1st sp.s. c 12: “This act expires January 1, 2020.” [2010 1st sp.s. c 12 § 4.]

84.36.590 Property used in connection with privatization contract at Hanford reservation. (1)(a) Beginning with taxes levied for collection in calendar year 2006, all personal property located on land owned by the United States, or an instrumentality of the United States, at the Hanford reservation that is used exclusively in the performance of a privatization contract to pretreat, treat, vitrify, and immobilize
tank waste under subsection (2) of this section is exempt from taxation.

(b) Beginning with taxes levied for collection in calendar year 2002, and until the application of (a) of this subsection, all personal property located on land owned by the United States, or an instrumentality of the United States, at the Hanford reservation that is used exclusively in the performance of a privatization contract to pretreat, treat, vitrify, and immobilize tank waste under subsection (3) of this section is exempt from taxes levied by the state.

(2) To qualify for the exemption provided in subsection (1)(a) of this section, the personal property must be owned by a person that has a privatization contract to pretreat, treat, vitrify, and immobilize tank waste located at the Hanford reservation. For the purposes of this section, a privatization contract means a contract in which the United States, or an instrumentality of the United States, has designated the other contracting party as a party responsible for carrying out tank waste clean-up operations at the Hanford reservation.

(3) To qualify for the exemption provided in subsection (1)(b) of this section, the personal property must be owned by a person that has, and complies with, a privatization contract to pretreat, treat, vitrify, and immobilize tank waste located at the Hanford reservation. The personal property must be acquired or constructed, and operated, in compliance with the tank waste treatment complex requirements of the Hanford federal facility agreement and consent order, including schedules for tank waste treatment complex start of construction, initiation of hot commissioning, and schedules for tank waste pretreatment processing and vitrification. The privatization contractor shall submit annually, on or before August 1st, a progress report to the Washington state department of ecology documenting compliance with the requirements of the agreement and consent order and the terms of the privatization contract. The department of ecology shall annually issue, on or before October 1st, a determination to the department of revenue indicating whether the privatization contractor is in compliance with the requirements of the agreement and consent order.

(4) An inadvertent use of property, which otherwise qualifies for an exemption under this section, in a manner inconsistent with the purpose for which the exemption is granted, does not nullify the exemption if the inadvertent use is not part of a pattern of use. A pattern of use is presumed when an inadvertent use is repeated in the same assessment year or in two or more successive assessment years. [2000 c 246 § 1.]

84.36.595 Motor vehicles, travel trailers, campers, and vehicles carrying exempt licenses. (1) For the purposes of this section, the following definitions apply:

(a) "Motor vehicle" means all motor vehicles, trailers, and semitrailers used, or of the type designed primarily to be used, upon the public streets and highways, for the convenience or pleasure of the owner, or for the conveyance, for hire or otherwise, of persons or property, including fixed loads and facilities for human habitation; but shall not include (i) vehicles carrying exempt licenses; (ii) dock and warehouse tractors and their cars or trailers, lumber carriers of the type known as spiders, and all other automotive equip-

ment not designed primarily for use upon public streets or highways; (iii) motor vehicles or their trailers used entirely upon private property; (iv) mobile homes as defined in RCW 46.04.302; or (v) motor vehicles owned by nonresident military personnel of the armed forces of the United States stationed in the state of Washington, provided personnel were also nonresident at the time of their entry into military service.

(b) "Travel trailer" has the meaning given in RCW 46.04.623. However, if a park trailer, as defined in RCW 46.04.622, has substantially lost its identity as a mobile unit by virtue of its being permanently sited in location and placed on a foundation of either posts or blocks with connections with sewer, water, or other utilities for the operation of installed fixtures and appliances, it will be considered real property and will be subject to ad valorem property taxation imposed in accordance with this title, including the provisions with respect to omitted property, except that a park trailer located on land not owned by the owner of the park trailer will be subject to the personal property provisions of chapter 84.56 RCW and RCW 84.60.040.

(c) "Camper" has the meaning given in RCW 46.04.085.

(2) Motor vehicles, vehicles carrying exempt licenses, travel trailers, and campers are exempt from property taxation. [2004 c 156 § 1; 2000 c 136 § 1.]

Additional notes found at www.leg.wa.gov

84.36.600 Computer software. (1) All custom computer software, except embedded software, is exempt from property taxation.

(2) Retained rights in computer software are exempt from property taxation.

(3) Modifications to canned software are exempt from property taxation, but the underlying canned software remains subject to taxation as provided in RCW 84.40.037.

(4) Master or golden copies of computer software are exempt from property taxation. [1991 sp.s. c 29 § 3.]

Findings, intent—Severability—Application—1991 sp.s. c 29: See notes following RCW 84.04.150.

84.36.605 Sales/leasebacks by regional transit authorities. All real and personal property subject to a sale/leaseback agreement under RCW 81.112.300 is exempt from taxation. [2000 2nd sp.s. c 4 § 27.]

84.36.630 Farming machinery and equipment. (1) All machinery and equipment owned by a farmer that is personal property is exempt from property taxes levied for any state purpose if it is used exclusively in growing and producing agricultural products during the calendar year for which the claim for exemption is made.

(2) "Farmer" and "agricultural product" have the same meaning as defined in RCW 82.04.213.

(3) A claim for exemption under this section must be filed with the county assessor together with the statement required under RCW 84.40.190, for exemption from taxes payable the following year. The claim must be made solely upon forms as prescribed and furnished by the department of
84.36.635 Property used for the manufacture of alcohol fuel or biodiesel fuel. (1) For the purposes of this section:
   (a) "Alcohol fuel" means any alcohol made from a product other than petroleum or natural gas, which is used alone or in combination with gasoline or other petroleum products for use as a fuel for motor vehicles, farm implements, and machines or implements of husbandry.
   (b) "Anaerobic digester" has the same meaning as provided in RCW 82.08.900.
   (c) "Biodiesel feedstock" means oil that is produced from an agricultural crop for the sole purpose of ultimately producing biodiesel fuel.
   (d) "Biodiesel fuel" means a mono alkyl ester of long chain fatty acids derived from vegetable oils or animal fats for use in compression-ignition engines and that meets the requirements of the American society of testing and materials specification D 6751 in effect as of January 1, 2003.

   (2)(a) All buildings, machinery, equipment, and other personal property which are used primarily for the manufacturing of alcohol fuel, biodiesel fuel, biodiesel feedstock, or the operation of an anaerobic digester, the land upon which this property is located, and land that is reasonably necessary in the manufacturing of alcohol fuel, biodiesel fuel, biodiesel feedstock, or the operation of an anaerobic digester, but not land necessary for growing of crops, which together comprise a new manufacturing facility or an addition to an existing manufacturing facility, are exempt from property taxation for the six assessment years following the date on which the facility or the addition to the existing facility becomes operational.
   (b) For manufacturing facilities which produce products in addition to wood biomass fuel, the amount of the property tax exemption is based upon the annual percentage of the total value of all products manufactured that is the value of the wood biomass fuel manufactured.

   (3) Claims for exemptions authorized by this section must be filed with the county assessor on forms prescribed by the department of revenue and furnished by the assessor. Once filed, the exemption is valid for six years and may not be renewed. The assessor must verify and approve claims as the assessor determines to be justified and in accordance with this section. No claims may be filed after December 31, 2015.

   The department of revenue may promulgate such rules, pursuant to chapter 34.05 RCW, as necessary to properly administer this section. [2010 1st sp.s. c 11 § 5; 2003 c 339 § 9.]

84.36.645 Semiconductor materials. (Contingent effective date; contingent expiration date.) (1) Machinery and equipment exempt under RCW 82.08.02565 or 82.12.02565 used in manufacturing semiconductor materials at a building exempt from sales and use tax and in compliance with the employment requirement under RCW 82.08.965 and 82.12.965 are exempt from property taxation. "Semiconductor materials" has the same meaning as provided in RCW 82.04.240(2).

   (2) A person seeking this exemption must make application to the county assessor, on forms prescribed by the department.

   (3) A person claiming an exemption under this section must file a complete annual report with the department under RCW 82.32.534.

   (4) This section is effective for taxes levied for collection one year after *the effective date of this act and thereafter.

   (5) This section expires December 31st of the year occurring twelve years after *the effective date of this act, for taxes levied for collection in the following year. [2010 c 114 § 150; 2003 c 149 § 10.]

   Finding—Intent—2010 c 114: See note following RCW 82.32.585.
   *Contingent effective date—2010 c 114: See RCW 82.32.790.
   Findings—Intent—2003 c 149: See note following RCW 82.04.426.

84.36.650 Property used by certain nonprofits to solicit or collect money for artists. The real and personal property owned or used by a nonprofit organization is exempt
from taxation if the property is used for solicitation or collection of gifts, donations, or grants for the support of individual artists and the organization meets all of the following conditions:

(1) The organization is organized and conducted for non-sectarian purposes.

(2) The organization is qualified for exemption under section 501(c)(3) of the federal internal revenue code.

(3) The organization is governed by a volunteer board of directors of at least eight members.

(4) If the property is leased, the benefit of the exemption inures to the user.

(5) The gifts, donations, and grants are used by the organization for grants, fellowships, information services, and educational resources in support of individual artists engaged in the production or performance of musical, dance, artistic, dramatic, or literary works. [2003 c 344 § 1.]

Additional notes found at www.leg.wa.gov

84.36.655 Property related to the manufacture of superefficient airplanes. (Expires July 1, 2040.) (1) Effective January 1, 2005, all buildings, machinery, equipment, and other personal property of a lessee of a port district eligible under RCW 82.08.980 and 82.12.980, used exclusively in manufacturing superefficient airplanes, are exempt from property taxation. A person taking the credit under RCW 82.04.4463 is not eligible for the exemption under this section. For the purposes of this section, "superefficient airplane" and "component" have the meanings given in RCW 82.32.550.

(2) In addition to all other requirements under this title, a person claiming the exemption under this section must file a complete annual report with the department under RCW 82.32.534.

(3) Claims for exemption authorized by this section must be filed with the county assessor on forms prescribed by the department and furnished by the assessor. The assessor must verify and approve claims as the assessor determines to be justified and in accordance with this section. No claims may be filed after December 31, 2009. The department may adopt rules, under the provisions of chapter 34.05 RCW, as necessary to properly administer this section.

(4) This section applies to taxes levied for collection in 2006 and thereafter.

(5) This section expires July 1, 2040. [2013 3rd sp.s. c 2 § 14; 2010 c 114 § 151; 2003 2nd sp.s. c 1 § 14.]

Contingent effective date—2013 3rd sp.s. c 2: See RCW 82.32.850.

Findings—Intent—2013 3rd sp.s. c 2: See note following RCW 82.32.850.

Application—Finding—Intent—2010 c 114: See notes following RCW 82.32.585.

Finding—2003 2nd sp.s. c 1: See note following RCW 82.04.4461.

84.36.660 Installation of automatic sprinkler system under RCW 19.27.500 through 19.27.520. (1) Prior to installation of an automatic sprinkler system under RCW 19.27.500 through 19.27.520, an owner or lessee of property who meets the requirements of this section may apply to the assessor of the county in which the property is located for a special property tax exemption. This application shall be made upon forms prescribed by the department of revenue and supplied by the county assessor.

(a)(i) If a lessee of the property has paid for all expenses associated with the installation and purchase of the automatic sprinkler system, then the benefit of the exemption must inure to the lessee.

(ii) A lessee, otherwise eligible to receive the benefit of the exemption under this section, is entitled to receive such benefit only to the extent that the lessee maintains a valid lease agreement with the property owner for the property in which the automatic sprinkler system was installed pursuant to RCW 19.27.500.

(b) An exemption may be granted under this section only to the property owner or lessee that pays for all expenses associated with the installation and purchase of the automatic sprinkler system. In no event may both the property owner and the lessee receive an exemption under this section in the same calendar year for the installation and purchase of the same automatic sprinkler system.

(c) After December 31, 2009, no new application for a special tax exemption under this section may be: Made by a property owner or lessee; or accepted by the county assessor.

(2) As used in this chapter, "special property tax exemption" means the determination of the assessed value of the property subtracting, for ten years, the increase in value attributable to the installation of an automatic sprinkler system under RCW 19.27.500 through 19.27.520.

(3) The county assessor shall, for ten consecutive assessment years following the calendar year in which application is made, place a special property tax exemption on property classified as eligible. [2007 c 434 § 3; 2005 c 148 § 4.]

84.36.665 Military housing. (1) Military housing is exempt from taxation if the housing meets the following requirements:

(a) The military housing must be situated on land owned in fee by the United States;

(b) The military housing must be used for the housing of military personnel and their families; and

(c) The military housing must be a development project awarded under the military housing privatization initiative.

(2) To qualify property for the exemption under this section, the project owner must submit an application to the department in a form and manner prescribed by the department. Any change in the use of the property that affects the qualification of the property must be reported to the department.

(3) The definitions in this subsection apply to this section.

(a) "Ancillary supporting facilities" means facilities related to military housing units, including facilities to provide or support elementary or secondary education, child care centers, day care centers, child development centers, tot lots, community centers, housing offices, dining facilities, unit offices, and other similar facilities for the support of military housing.

(b) "Military housing" means military housing units and ancillary supporting facilities.

(c) "Military housing privatization initiative" means the military housing privatization initiative of 1996, 10 U.S.C. Secs. 2871 through 2885, as existing on June 12, 2008, or
some later date as the department may provide. [2008 c 84 § 1.]

GENERAL PROVISIONS

84.36.800 Definitions. As used in this chapter:

(1) "Church purposes" means the use of real and personal property owned by a nonprofit religious organization for religious worship or related administrative, educational, eleemosynary, and social activities. This definition is to be broadly construed;

(2) "Convent" means a house or set of buildings occupied by a community of clergy or nuns devoted to religious life under a superior;

(3) "Hospital" means any portion of a hospital building, or other buildings in connection therewith, used as a residence for persons engaged or employed in the operation of a hospital, or operated as a portion of the hospital unit;

(4) "Nonprofit" means an organization, association or corporation no part of the income of which is paid directly or indirectly to its members, stockholders, officers, directors or trustees except in the form of services rendered by the organization, association, or corporation in accordance with its purposes and bylaws and the salary or compensation paid to officers of such organization, association or corporation is for actual services rendered and compares to the salary or compensation of like positions within the public services of the state;

(5) "Parsonage" means a residence occupied by a member of the clergy who has been designated for a particular congregation and who holds regular services therefor. [1998 c 311 § 24; 1998 c 202 § 2. Prior: 1997 c 156 § 7; 1997 c 143 § 2; 1994 c 124 § 18; 1993 c 79 § 2; 1989 c 379 § 3; 1981 c 141 § 3; 1973 2nd ex.s. c 40 § 6.]

Additional notes found at www.leg.wa.gov

84.36.805 Conditions for obtaining exemptions by nonprofit organizations, associations, or corporations.

(1) In order to qualify for an exemption under this chapter, the nonprofit organizations, associations, or corporations must satisfy the conditions in this section.

(2) The property must be used exclusively for the actual operation of the activity for which exemption is granted, unless otherwise provided, and does not exceed an amount reasonably necessary for that purpose. Notwithstanding anything to the contrary in this section:

(a) The use of property exempt under this chapter, other than as specifically authorized by this chapter, nullifies the exemption otherwise available for the property for the assessment year. However, the exemption is not nullified by the use of the property by any individual, group, or entity, where such use is not otherwise authorized by this chapter, for not more than fifty days in each calendar year, and the property is not used for pecuniary gain or to promote business activities for more than fifteen of the fifty days in each calendar year. The fifty and fifteen-day limitations provided in this subsection (8)(a) do not include days during which setup and takedown activities take place immediately preceding or following a meeting or other event by an individual, group, or entity using the property as provided in this subsection (8)(a).

(b) If uses of the exempt property exceed the fifty and fifteen-day limitations provided in (a) of this subsection (8) during an assessment year, the exemption is removed for the affected portion of the property for that assessment year. [2014 c 99 § 13; 2013 c 212 § 3. Prior: 2006 c 319 § 1; 2006 c 226 § 3; 2003 c 121 § 2; 2001 1st sp.s. c 7 § 2; prior: 1999 c 203 § 2; 1999 c 139 § 3; prior: 1998 c 311 § 25; 1998 c 202 § 3; 1998 c 184 § 2; prior: 1997 c 156 § 8; 1997 c 143 § 3; 1995 2nd sp.s. c 9 § 2; 1993 c 79 § 3; prior: 1990 c 283 § 3 and 7; 1989 c 379 § 4; 1987 c 468 § 1; 1984 c 220 § 7, 1981 c 141 § 4; 1973 2nd ex.s. c 40 § 7.]

[Title 84 RCW—page 81]
84.36.810 Cessation of use under which exemption granted—Collection of taxes. (1)(a) Upon cessation of a use under which an exemption has been granted pursuant to RCW 84.36.030, 84.36.037, 84.36.040, 84.36.041, 84.36.042, 84.36.043, 84.36.046, 84.36.050, 84.36.060, 84.36.550, 84.36.560, 84.36.570, and 84.36.650, except as provided in (b) of this subsection, the county treasurer shall collect all taxes which would have been paid had the property not been exempt during the three years preceding, or the life of such exemption, if such be less, together with the interest at the same rate and computed in the same way as that upon delinquent property taxes. If the property has been granted an exemption for more than ten consecutive years, taxes and interest shall not be assessed under this section.

(b) Upon cessation of use by an institution of higher education of property exempt under RCW 84.36.050(2) the county treasurer shall collect all taxes which would have been paid had the property not been exempt during the seven years preceding, or the life of the exemption, whichever is less.

(2) Subsection (1) of this section applies only when ownership of the property is transferred or when fifty-one percent or more of the area of the property loses its exempt status. The additional tax under subsection (1) of this section shall not be imposed if the cessation of use resulted solely from:

(a) Transfer to a nonprofit organization, association, or corporation for a use which also qualifies and is granted exemption under this chapter;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) Official action by an agency of the state of Washington or by the county or city within which the property is located which disallows the present use of such property;

(d) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the organization, association, or corporation changing the use of such property;

(e) Relocation of the activity and use of another location or site except for undeveloped properties of camp facilities exempted under RCW 84.36.030;

(f) Cancellation of a lease on leased property that had been exempt under this chapter;

(g) A change in the exempt portion of a home for the aging under RCW 84.36.041(3), as long as some portion of the home remains exempt; or

(h) Transfer to an agency of the state of Washington or the city or county within which the property is located.

(3) Subsection (2)(e) and (f) of this section do not apply to property leased to a state institution of higher education and exempt under RCW 84.36.050(2). [2006 c 305 § 4; 2003 c 344 § 2; 2001 c 126 § 3. Prior: 1999 c 203 § 3; 1999 c 139 § 4; prior: 1998 c 311 § 26; 1998 c 202 § 4; prior: 1997 c 156 § 9; 1997 c 143 § 4; 1994 c 124 § 19; 1993 c 79 § 4; 1990 c 283 § 4; 1989 c 379 § 5; 1987 c 468 § 2; 1984 c 220 § 8; 1983 c 185 § 1; 1981 c 141 § 5; 1977 ex.s. c 209 § 1; 1973 2nd ex.s. c 40 § 8.]

Additional notes found at www.leg.wa.gov

84.36.812 Additional tax payable at time of sale—Appeal of assessed values. All additional taxes imposed under RCW 84.36.262 or 84.36.810 shall become due and payable by the seller or transferor at the time of sale. The county auditor shall not accept an instrument of conveyance unless the additional tax has been paid or the department of revenue has determined that the property is not subject to RCW 84.36.262 or 84.36.810. The seller, the transferor, or the new owner may appeal the assessed values upon which the additional tax is based to the county board of equalization in accordance with the provisions of RCW 84.40.038. [2001 c 185 § 9; 1984 c 220 § 9.]

Additional notes found at www.leg.wa.gov

84.36.813 Change in use—Duty to notify county assessor—Examination—Recommendation. An exempt property owner shall notify the department of revenue of any change of use prior to each assessment year. Any other person believing that a change in the use of exempt property has occurred shall report same to the county assessor, who shall examine the property and if the use is not in compliance with chapter 43.64 RCW he or she shall report the information to the department with a recommendation that the exempt status be canceled. The final determination shall be made by the department. [2013 c 23 § 351; 1977 ex.s. c 209 § 3.]

84.36.815 Tax exempt status—Initial application—Renewal. (1) In order to qualify for exempt status for any real or personal property under this chapter except personal property under RCW 84.36.600, all foreign national governments; cemeteries; nongovernmental nonprofit corporations, organizations, and associations; hospitals owned and operated by a public hospital district for purposes of exemption under RCW 84.36.040(2); and soil and water conservation districts shall file an initial application on or before March 31st with the state department of revenue. All applications shall be filed on forms prescribed by the department and shall be signed by an authorized agent of the applicant.

(2) In order to requalify for exempt status, all applicants except nonprofit cemeteries shall file an annual renewal declaration on or before March 31st each year. The renewal declaration shall be on forms prescribed by the department of revenue and shall contain a statement certifying the exempt status of the real or personal property owned by the exempt organization. This renewal declaration may be submitted electronically in a format provided or approved by the department. Information may also be required with the renewal declaration to assist the department in determining whether the property tax exemption should continue.

(3) When an organization acquires real property qualified for exemption or converts real property to exempt status, the organization shall file an initial application for the property within sixty days following the acquisition or conversion in accordance with all applicable provisions of subsection (1) of this section. If the application is filed after the expiration of
the sixty-day period, a late filing penalty shall be imposed under RCW 84.36.825.

(4) When organizations acquire real property qualified for exemption or convert real property to an exempt use, the property, upon approval of the application for exemption, is entitled to a property tax exemption for property taxes due and payable the following year. If the owner has paid taxes for the year following the year the property qualified for exemption, the owner is entitled to a refund of the amount paid on the property so acquired or converted. [2007 c 111 § 301; 2001 c 126 § 4; 1998 c 311 § 27; 1994 c 123 § 1; 1991 sp.s. c 29 § 6; 1988 c 131 § 1; 1984 c 220 § 10; 1975 1st ex.s. c 291 § 18; 1973 2nd ex.s. c 40 § 9.]

Part headings not law—2007 c 111: See note following RCW 82.16.120.

Findings, intent—Severability—Application—1991 sp.s. c 29: See notes following RCW 84.04.150.

Additional notes found at www.leg.wa.gov

84.36.820 Renewal notice for exempt property—Failure to file before due date, effect. On or before January 1st of each year, the department of revenue shall notify the owners of record of property exempted from property taxation at their last known address about the obligation to file an annual renewal declaration for continued exemption. When a continued exemption is not approved, the department shall notify the assessor of the county in which the property is located who, in turn, shall remove the tax exemption from the property. The failure to file an annual renewal declaration for continued exemption and subsequent removal of the exemption shall not be subject to review as provided in RCW 84.36.850. The department of revenue shall review applications received after the March 31st due date, but these applications shall be subject to late filing penalties provided in RCW 84.36.825. [2007 c 111 § 302; 1984 c 220 § 11; 1975–76 2nd ex.s. c 127 § 1; 1973 2nd ex.s. c 40 § 10.]

Part headings not law—2007 c 111: See note following RCW 82.16.120.

84.36.825 Late filing penalty. A late filing penalty of ten dollars per month for each month an application or annual renewal declaration is past due shall be required and shall be deposited in the general fund. [2007 c 111 § 303; 1998 c 311 § 28; 1994 c 123 § 2; 1977 ex.s. c 209 § 2; 1975–76 2nd ex.s. c 127 § 2; 1975 1st ex.s. c 291 § 19; 1973 2nd ex.s. c 40 § 11.]

Part headings not law—2007 c 111: See note following RCW 82.16.120.

Additional notes found at www.leg.wa.gov

84.36.830 Review of applications for exemption—Procedure—Approval or denial—Notice. (1) The department of revenue shall review each application for exemption and approve or deny the application before August 1st of the assessment year for which the application is made. However, exemption applications received after March 31st shall be reviewed and determination made thereon within thirty days of the date received or by August 1st, whichever is later.

(2) The department may request additional relevant information as it deems necessary. The department may also physically inspect the property and satisfy itself as to the use of all parcels before approving or denying the application. After approving an application, the department may also physically inspect the property at regular intervals to ensure compliance with this chapter.

(3) When the department has examined the application and, if applicable, the subject property, it shall either approve or deny the request and clearly state the reasons for denial in written notification by mail to the applicant. The department shall also notify the assessor of the county in which the property is located. The county assessor shall place the property on the assessment roll for the current year. [2007 c 111 § 304; 1998 c 310 § 1; 1984 c 220 § 12; 1975–76 2nd ex.s. c 127 § 3; 1973 2nd ex.s. c 40 § 12.]

Part headings not law—2007 c 111: See note following RCW 82.16.120.

Additional notes found at www.leg.wa.gov

84.36.833 Application for exemption or renewal may include all contiguous exempt property. Each application for property tax exemption, or renewal thereof, may include all the real and personal property eligible for exempt status under any of the sections of chapter 84.36 RCW which are contiguous and part of a homogenous unit. Properties separated by public streets and roads shall be considered to be contiguous for purposes of this section. [1975–76 2nd ex.s. c 127 § 4.]

84.36.835 List of exempt properties to be prepared and furnished each county assessor. On or before August 31st, the department of revenue shall prepare a list by county of those properties exempted by the department under this chapter and shall forward a list to each county assessor of the property exempt in that county. [1998 c 311 § 29; 1973 2nd ex.s. c 40 § 13.]

84.36.840 Statements—Reports—Information—Filing—Requirements. (1) In order to determine whether organizations, associations, corporations, or institutions, except those exempted under RCW 84.36.020 and 84.36.030, are exempt from property taxes, and before the exemption shall be allowed for any year, the superintendent or manager or other proper officer of the organization, association, corporation, or institution claiming exemption from taxation shall file with the department of revenue a statement certifying that the income and the receipts thereof, including donations to it, have been applied to the actual expenses of operating and maintaining its business or for its capital expenditures, and to no other purpose. This report shall also include a statement of the receipts and disbursements of the exempt organization, association, corporation, or institution.

(2) Educational institutions claiming exemption under RCW 84.36.050 shall also include a list of all property claimed to be exempt, the purpose for which it is used, the revenue derived from it for the preceding year, the use to which the revenue was applied, the number of students who attended the school or college, the total revenues of the institution with the source from which they were derived, and the purposes to which the revenues were applied, listing the items of such revenues and expenditures in detail.

(3) The reports required under subsections (1) and (2) of this section may be submitted electronically, in a format provided or approved by the department, or mailed to the depart-
ment. The reports shall be submitted on or before March 31st of each year. The department shall remove the tax exemption from the property of any organization, association, corporation, or institution that does not file the required report with the department on or before the due date. However, the department shall allow a reasonable extension of time for filing upon receipt of a written request on or before the required filing date and for good cause shown therein. [2007 c 111 § 305; 1973 2nd ex.s. c 40 § 14.]

84.36.845 Revocation of exemption approved or renewed due to inaccurate information. If subsequent to the time that the exemption of any property is initially approved or renewed, it shall be determined that such exemption was approved or renewed as the result of inaccurate information provided by the authorized agent of the applicant, the exemption shall be revoked and taxes shall be levied against such property pursuant to the provisions of RCW 84.36.810. [1973 2nd ex.s. c 40 § 15.]

84.36.850 Review—Appeals. Any applicant aggrieved by the department of revenue's denial of an exemption application may petition the state board of tax appeals to review an application for either real or personal property tax exemption and the board shall consider any appeals to determine (1) if the property is entitled to an exemption, and (2) the amount or portion thereof.

A county assessor of the county in which the exempted property is located shall be empowered to appeal to the state board of tax appeals to review any real or personal property tax exemption approved by the department of revenue which he or she feels is not warranted.

Appeals from a department of revenue decision must be made within thirty days after the mailing of the approval or denial. [2013 c 23 § 352; 1989 c 378 § 13; 1973 2nd ex.s. c 40 § 16.]

Additional notes found at www.leg.wa.gov

84.36.855 Property changing from exempt to taxable status—Procedure. Property which changes from exempt to taxable status shall be subject to the provisions of RCW 84.36.810 and 84.40.350 through 84.40.390, and the assessor shall also place the property on the assessment roll for taxes due and payable in the following year. [1973 2nd ex.s. c 40 § 17.]

84.36.860 Public notice of provisions of act. Each county assessor and the director of the department of revenue shall each issue public notice of the provisions of chapter 40, Laws of 1973 2nd ex. sess. in such a manner as will give constructive notice to all taxpayers of that county or of the state, as the case may be, prior to the first year in which an application for exemption is required by RCW 84.36.815 through 84.36.845. [1973 2nd ex.s. c 40 § 18.]

84.36.865 Rules and regulations. The department of revenue of the state of Washington shall make such rules and regulations consistent with chapter 34.05 RCW and the provisions of this chapter as shall be necessary or desirable to permit its effective administration. [1975 1st ex.s. c 291 § 20; 1973 2nd ex.s. c 40 § 19.]

Additional notes found at www.leg.wa.gov

84.36.900 Severability—1973 2nd ex.s. c 40. If any provision of this 1973 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1973 2nd ex.s. c 40 § 22.]

84.36.905 Effective date—Construction—1973 2nd ex.s. c 40. This 1973 amendatory act is necessary for the immediate preservation of the public peace, health and safety, the support of the state government and its existing public institutions, shall take effect immediately and shall be effective for assessment in 1973 for taxes due and payable in 1974. [1973 2nd ex.s. c 40 § 23.]

Chapter 84.37 RCW

PROPERTY TAX DEFERRAL PROGRAM

Sections
84.37.010 Findings—Intent. 84.37.020 Definitions. 84.37.030 Deferral program qualifications. 84.37.040 Deferral program administration. 84.37.050 Renewals—Requirement to reside on property. 84.37.060 Right to defer not reduced by contract or agreement. 84.37.070 State lien on property. 84.37.080 Conditions under which deferment ends. 84.37.090 Applicable statutory provisions. 84.37.900 Severability—2007 sp.s. c 2. 84.37.901 Application—2007 sp.s. c 2. 84.37.903 Effective date—2007 sp.s. c 2.

84.37.010 Findings—Intent. (1) The legislature finds that there are an increasing number of economic and financial pressures causing hardships to many homeowners in the state of Washington. The legislature finds that the current housing crisis is a key barometer of the insecure economic situation facing working Washington families. The legislature finds that, among those hardships, increases in property taxes lead to undue stress on family budgets causing some homeowners to be at risk of losing their homes. The legislature finds that financial practices nationwide have led to an increasingly destabilized housing market across the country with impacts now being felt here in Washington. The legislature further finds that by establishing a property tax deferral program homeowners will be able to remain in their homes. The legislature further finds that acting now to stabilize the housing market is an important public purpose.

(2) It is the intent of the legislature to: (a) Provide a property tax safe harbor for families in economic crisis; and (b) prevent existing homeowners from being driven from their homes because of overly burdensome property taxes. [2007 sp.s. c 2 § 1.]

84.37.020 Definitions. The definitions in RCW 84.38.020 apply to this chapter. For purposes of this chapter, references to "this chapter" in any of the definitions in RCW 84.38.020 shall be interpreted to refer to chapter 84.37 RCW, unless the context clearly requires otherwise. [2007 sp.s. c 2 § 3.]

[Title 84 RCW—page 84] (2014 Ed.)
84.37.030 Deferral program qualifications. A claimant may defer payment of fifty percent of special assessments or real property taxes, or both, listed on the annual tax statement in any year in which all of the following conditions are met:

(1) The special assessments or property taxes must be imposed upon a residence that was occupied by the claimant as a principal place of residence as of January 1st of the year in which the assessments and taxes are due, subject to the exceptions allowed under RCW 84.36.381(1);

(2) The claimant must have combined disposable income, as defined in RCW 84.36.383, of fifty-seven thousand dollars or less in the calendar year preceding the filing of the declaration;

(3) The claimant must have paid one-half of the total amount of special assessments and property taxes listed on the annual tax statement for the year in which the deferral claim is made;

(4) A deferral is not allowed for special assessments, property taxes, or both, levied for collection in the first five calendar years in which the person owns the residence;

(5) The claimant who defers payment of special assessments or real property taxes, or both, listed on the annual tax statement under this section must also meet the conditions of RCW 84.38.030 (4) and (5);

(6) The total amount deferred by a claimant under this chapter must not exceed forty percent of the amount of the claimant's equity value in the claimant's residence; and

(7) The claimant may not defer taxes under both this chapter and chapter 84.38 RCW in the same tax year. [2010 c 106 § 201; 2007 sp.s. c 2 § 5.]

Effective date—2010 c 106: See note following RCW 35.102.145.

84.37.040 Deferral program administration. (1) Each claimant electing to defer payment of special assessments or real property tax obligations, or both, under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed no later than the first day of September of the year for which the deferral is sought: PROVIDED, That for good cause shown, the department may waive this requirement.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his or her residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization, in accordance with the provisions of RCW 84.40.038, whose decision shall be final as to the deferral of that year. [2007 sp.s. c 2 § 4.]

84.37.050 Renewals—Requirement to reside on property. (1) The provisions of RCW 84.38.050(1)(b) apply to declarations to defer special assessments or property taxes, or both, for all years following the first year.

(2) The provisions of RCW 84.38.070 apply to claimants ceasing to reside permanently on the property for which the declaration to defer is made between the date of filing the declaration and December 15th of that year. [2007 sp.s. c 2 § 5.]

84.37.060 Right to defer not reduced by contract or agreement. A person's right to defer special assessments or property tax obligations, or both, under this chapter may not be reduced by contract or agreement. [2007 sp.s. c 2 § 6.]

84.37.070 State lien on property. Whenever a person's special assessment or real property tax obligation, or both, is deferred under this chapter, the amount deferred and required to be paid pursuant to RCW 84.38.120 becomes a lien in favor of the state upon his or her property and has priority as provided in chapters 35.49, 35.50, 36.35, and 84.60 RCW. However, the interest of a mortgage or purchase contract holder who requires an accumulation of reserves out of which real estate taxes are paid has priority to said deferred lien. This lien may accumulate up to forty percent of the amount of the claimant's equity value in the property and the rate of interest must be an average of the federal short-term rate as defined in 26 U.S.C. Sec. 1274(d) plus two percentage points. The rate set for each new year is computed by taking an arithmetical average to the nearest percentage point of the federal short-term rate, compounded annually. That average must be calculated using the rates from four months: January, April, and July of the calendar year immediately preceding the new year, and October of the previous preceding year. The interest is calculated from the time it could have been paid before delinquency until such obligation is paid or the date that the obligation is charged off as finally uncollectible. In the case of a mobile home, the department of licensing must show the state's lien on the certificate of title for the mobile home. In the case of all other property, the department of revenue must file a notice of the deferral with the county recorder or auditor. [2013 c 221 § 7; 2010 c 161 § 1167; 2007 sp.s. c 2 § 7.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

84.37.080 Conditions under which deferral ends. Special assessments or real property tax obligations, or both, deferred under this chapter shall become payable together with interest as provided in RCW 84.37.070:

(1) Upon the sale of property which has a deferred special assessment lien or real property tax lien, or both, upon it;

(2) Upon the death of the claimant with an outstanding deferred special assessment lien or real property tax lien, or both, except a surviving spouse or surviving domestic partner who is qualified under this chapter may elect to incur the special assessment lien or real property tax lien, or both, which shall then be payable by that spouse or that domestic partner as provided in this section;

(3) Upon the condemnation of property with a deferred special assessment lien or real property tax lien, or both, upon it by a public or private body exercising eminent domain power, except as otherwise provided in RCW 84.60.070; or
84.37.090 Applicable statutory provisions. The provisions of RCW 84.38.110, 84.38.120, 84.38.140, 84.38.150, 84.38.160, 84.38.170, and 84.38.180 apply to this chapter to the extent that they do not conflict with the provisions of this chapter. For purposes of this chapter, references to "this chapter" in any of the statutes listed in this section shall be interpreted to refer to chapter 84.37 RCW unless the context clearly requires otherwise. [2007 sp.s. c 2 § 9.]

84.37.900 Severability—2007 sp.s. c 2. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2007 sp.s. c 2 § 11.]

84.37.901 Application—2007 sp.s. c 2. This act applies to taxes due and payable after April 30, 2008, and thereafter. [2007 sp.s. c 2 § 12.]

84.37.903 Effective date—2007 sp.s. c 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [November 29, 2007]. [2007 sp.s. c 2 § 14.]

84.38.910 Effective dates—1975 1st ex.s. c 291.

84.38.010 Legislative finding and purpose. Savings once deemed adequate for retirement living have been rendered inadequate by increased tax rates, increased property values, and the failure of pension systems to adequately reflect such factors. It is therefore deemed necessary that the legislature, in addition to that tax exemption as provided for in RCW 84.36.381 through 84.36.389 as now or hereafter amended, allow retired persons to defer payment of special assessments on their residences, and to defer their real property tax obligations on their residences, an amount of up to eighty percent of their equity in said property. This deferral program is intended to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs. [1975 1st ex.s. c 291 § 26.]

84.38.020 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as hereinafter used in this chapter shall have the following meanings:
(1) "Claimant" means a person who either elects or is required under RCW 84.64.050 to defer payment of the special assessments and/or real property taxes accrued on the claimant's residence by filing a declaration to defer as provided by this chapter.
When two or more individuals of a household file or seek to file a declaration to defer, they may determine between them as to who the claimant shall be.
(2) "Department" means the state department of revenue.
(3) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.
(4) "Local government" means any city, town, county, water-sewer district, public utility district, port district, irrigation district, flood control district, or any other municipal corporation, quasi-municipal corporation, or other political subdivision authorized to levy special assessments.
(5) "Real property taxes" means ad valorem property taxes levied on a residence in this state in the preceding calendar year.
(6) "Residence" has the meaning given in RCW 84.36.383.
(7) "Special assessment" means the charge or obligation imposed by a local government upon property specially benefited. [2006 c 62 § 2; 1997 c 93 § 1; 1996 c 230 § 1614; 1995 c 329 § 1; 1991 c 213 § 1; 1984 c 220 § 20; 1979 ex.s.c. 214 § 5; 1975 1st ex.s. c 291 § 27.]
Application—2006 c 62: See note following RCW 84.36.383.
Additional notes found at www.leg.wa.gov

84.38.030 Conditions and qualifications for claiming deferral. A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:
(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381.
(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability: PROVIDED, That any surviving spouse or surviving domestic partner of a person who was receiving a deferral at the time of
the person's death shall qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section.

(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, of forty thousand dollars or less.

(4) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community, owned by domestic partners, or owned by cotenants shall be deemed to be owned by each spouse, each domestic partner, or each cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value: PROVIDED, That if the claimant fails to keep fire and casualty insurance in force to the extent of the state's interest in the claimant's equity value, the amount deferred shall not exceed one hundred percent of the claimant's equity value in the land or lot only.

(6) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available.

(2) Declarations to defer special assessments shall be made by filing with the assessor no later than thirty days before the special assessment is due on a form to be prescribed by the department of revenue and supplied by the county assessor. Upon approval, the full amount of special assessments upon such claimant's residence shall be deferred but not to exceed an amount equal to eighty percent of the claimant's equity value in said property. [1979 ex.s. c 214 § 8; 1975 1st ex.s. c 291 § 28.]

Additional notes found at www.leg.wa.gov

84.38.050 Renewal of deferral—Forms—Notice to renew—Limitation upon special assessment deferral amount. (1)(a) Declarations to defer property taxes for all years following the first year may be made by filing with the county assessor no later than thirty days before the tax is due a renewal form in duplicate, prescribed by the department of revenue and supplied by the county assessor, which affirms the continued eligibility of the claimant.

(b) In January of each year, the county assessor shall send to each claimant who has been granted deferral of ad valorem taxes for the previous year renewal forms and notice to renew.

(2) Declarations to defer special assessments shall be made by filing with the assessor no later than thirty days before the special assessment is due on a form to be prescribed by the department of revenue and supplied by the county assessor. Upon approval, the full amount of special assessments upon such claimant's residence shall be deferred but not to exceed an amount equal to eighty percent of the claimant's equity value in said property. [1979 ex.s. c 214 § 8; 1975 1st ex.s. c 291 § 30.]

84.38.060 Declaration of deferral by agent, guardian, etc. If the claimant is unable to make his or her own declaration of deferral, it may be made by a duly authorized agent or by a guardian or other person charged with care of the person or property of such claimant. [2013 c 23 § 354; 1975 1st ex.s. c 291 § 31.]

84.38.070 Ceasing to reside permanently on property subject to deferral declaration. If the claimant declaring his or her intention to defer special assessments or real property tax obligations under this chapter ceases to reside permanently on the property for which the declaration to defer is made between the date of filing the declaration and December 15th of that year, the deferral otherwise allowable under this chapter shall not be allowed on such tax roll. However, this section shall not apply where the claimant dies, leaving a spouse or domestic partner surviving, who is also eligible for deferral of special assessment and/or property taxes. [2008 c 6 § 703; 1975 1st ex.s. c 291 § 32.]

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

Additional notes found at www.leg.wa.gov

84.38.040 Declaration to defer special assessments and/or real property taxes—Filing—Contents—Appeal. (1) Each claimant electing to defer payment of special assessments and/or real property tax obligations under this chapter shall file with the county assessor, on forms prescribed by the department and supplied by the assessor, a written declaration thereof. The declaration to defer special assessments and/or real property taxes for any year shall be filed no later than thirty days before the tax or assessment is due or thirty days after receiving notice under RCW 84.64.050, whichever is later: PROVIDED, That for good cause shown, the department may waive this requirement.

(2) The declaration shall designate the property to which the deferral applies, and shall include a statement setting forth (a) a list of all members of the claimant's household, (b) the claimant's equity value in his or her residence, (c) facts establishing the eligibility for the deferral under the provisions of this chapter, and (d) any other relevant information required by the rules of the department. Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing. The first declaration to defer filed in a county shall include proof of the claimant's age acceptable to the assessor.

(3) The county assessor shall determine if each claimant shall be granted a deferral for each year but the claimant shall have the right to appeal this determination to the county board of equalization, in accordance with the provisions of RCW 84.40.038, whose decision shall be final as to the deferral of that year. [2013 c 23 § 353; 2001 c 185 § 10; 1994 c 301 § 34; 1984 c 220 § 22; 1979 ex.s. c 214 § 7; 1975 1st ex.s. c 291 § 29.]

84.38.080 Right to deferral not reduced by contract or agreement. A person's right to defer special assessments and/or property tax obligations on his or her residence shall not be reduced by contract or agreement, from January 1, 1976 onward. [2013 c 23 § 355; 1975 1st ex.s. c 291 § 33.]

84.38.090 Procedure where residence under mortgage or purchase contract. If any residence is under mortgage or purchase contract requiring accumulation of reserves out of which the holder of the mortgage or contract is required to pay real estate taxes, said holder shall consign the
84.38.100  Lien of state, mortgage or purchase contract holder—Priority—Amount—Interest. Whenever a person’s special assessment and/or real property tax obligation is deferred under the provisions of this chapter, the amount deferred and required to be paid pursuant to RCW 84.38.120 becomes a lien in favor of the state upon his or her property and has priority as provided in chapters 35.49, 35.50, 36.35, and 84.60 RCW. However, the interest of a mortgage or purchase contract holder who is required to cosign a declaration of deferral under RCW 84.38.090, has priority to such deferred lien. This lien may accumulate up to eighty percent of the amount of the claimant’s equity value in the property and must bear interest at the rate of five percent per year from the time it could have been paid before delinquency until said obligation is paid. However, when taxes are deferred as provided in RCW 84.64.050, the amount must bear interest at the rate of five percent per year from the date the declaration is filed until the obligation is paid or the date that the obligation is charged off as finally uncollectible.

In the case of a mobile home, the department of licensing must show the state’s lien on the certificate of title for the mobile home. In the case of all other property, the department of revenue shall file a notice of the deferral with the county recorder or auditor. [2013 c 221 § 8; 2010 c 161 § 1168; 2006 c 275 § 1; 2000 c 103 § 26; 1988 c 222 § 12; 1984 c 220 § 23; 1981 c 322 § 1; 1975 1st ex.s. c 291 § 35.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Application—2006 c 275: “This act only applies to property tax deferrals granted under RCW 84.38.040 after June 7, 2006, for taxes levied for collection in 2007 and thereafter.” [2006 c 275 § 2.]

Finding—DOR report to legislature—2006 c 275: “The legislature finds that the intent of the property tax deferral program is to assist retired persons in maintaining their dignity and a reasonable standard of living by residing in their own homes, providing for their own needs, and managing their own affairs without requiring assistance from public welfare programs. The department of revenue shall review the adequacy and appropriateness of the interest rate provided in RCW 84.38.100 in relation to these objectives. The department shall report its findings to the finance committee of the house of representatives and the ways and means committee of the senate by December 1, 2012.” [2006 c 275 § 3.]

Additional notes found at www.leg.wa.gov

84.38.110  Duties of county assessor. The county assessor shall:

1. Immediately transmit one copy of each declaration to defer to the department of revenue. The department may audit any declaration and shall notify the assessor as soon as possible of any claim where any factor appears to disqualify the claimant for the deferral sought.

2. Transmit one copy of each declaration to defer a special assessment to the local improvement district which imposed such assessment.

3. Compute the dollar tax rate for the county as if any deferrals provided by this chapter did not exist.

4. As soon as possible notify the department of revenue and the county treasurer of the amount of real property taxes deferred for that year and notify the department of revenue and the respective treasurers of municipal corporations of the amount of special assessments deferred for each local improvement district within such unit. [1984 c 220 § 24; 1975 1st ex.s. c 291 § 36.]

84.38.120  Payments to local improvement or taxing districts. After receipt of the notification from the county assessor of the amount of deferred special assessments and/or real property taxes the department shall pay, from amounts appropriated for that purpose, to the treasurers of such municipal corporations said amounts, equivalent to the amount of special assessments and/or real property taxes deferred, to be distributed to the local improvement or taxing districts which levied the taxes so deferred: PROVIDED, That when taxes are deferred as provided in RCW 84.64.050, the department shall pay to the treasurer of the county the amount equivalent to all taxes, foreclosure costs, interest, and penalties accrued to the date the declaration to defer is filed. [2000 c 103 § 27; 1988 c 222 § 13; 1984 c 220 § 25; 1975 1st ex.s. c 291 § 37.]

*Reviser’s note: Due to a Senate amendment to House Bill No. 1201 (1984 c 220), “section 23” became “section 25.” During enrolling, “section 23” was renumbered as “section 25” under the mandate in the amendment to “renumber the sections consecutively and correct any internal references accordingly,” but the internal reference to “section 23” was not changed. “Section 23 of this act” consists of the 1984 c 220 amendment to RCW 84.38.100. “Section 25 of this act” consists of the 1984 c 220 amendment to RCW 84.38.120.

Additional notes found at www.leg.wa.gov

84.38.130  When deferred assessments or taxes become payable. Special assessments and/or real property tax obligations deferred under this chapter shall become payable together with interest as provided in RCW 84.38.100:

1. Upon the sale of property which has a deferred special assessment and/or real property tax lien upon it.

2. Upon the death of the claimant with an outstanding deferred special assessment and/or real property tax lien except a surviving spouse or surviving domestic partner who is qualified under this chapter may elect to incur the special assessment and/or real property tax lien which shall then be payable by that spouse or that domestic partner as provided in this section.

3. Upon the condemnation of property with a deferred special assessment and/or real property tax lien upon it by a public or private body exercising eminent domain power, except as otherwise provided in RCW 84.60.070.

4. At such time as the claimant ceases to reside permanently in the residence upon which the deferral has been granted.

5. Upon the failure of any condition set forth in RCW 84.38.030. [2008 c 6 § 704; 1984 c 220 § 26; 1975 1st ex.s. c 291 § 38.]

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

84.38.140  Collection of deferred assessments or taxes. (1) The department must collect all the amounts deferred together with interest under this chapter. However, in the event that the department is unable to collect an amount deferred together with interest, that amount deferred together with interest must be collected by the county treasurer in the manner provided for in chapter 84.56 RCW. For purposes of
collection of deferred taxes, the provisions of chapters 84.56, 84.60, and 84.64 RCW are applicable.

(2) When any deferred special assessment and/or real property taxes together with interest are collected the moneys must be deposited in the state general fund.

(3) The department may charge off as finally uncollectible any amount deferred under this chapter or chapter 84.37 RCW, including accrued interest, if the department is satisfied that there are no cost-effective means of collecting the amount due. [2013 c 221 § 9; 2001 c 299 § 18; 1984 c 220 § 27; 1975 1st ex.s. c 291 § 39.]

84.38.150 Election to continue deferral by surviving spouse or surviving domestic partner. (1) A surviving spouse or surviving domestic partner of the claimant may elect to continue the property in its deferred tax status if the property is the residence of the spouse or domestic partner of the claimant and the spouse or domestic partner meets the requirements of this chapter.

(2) The election under this section to continue the property in its deferred status by the spouse or the domestic partner of the claimant shall be filed in the same manner as an original claim for deferral is filed under this chapter; not later than ninety days from the date of the claimant's death. Thereupon, the property with respect to which the deferral of special assessments and/or real property taxes is claimed shall continue to be treated as deferred property. When the property has been continued in its deferred status by the filing of the spouse or the domestic partner of the claimant of an election under this section, the spouse or the domestic partner of the claimant may continue the property in its deferred status in subsequent years by filing a claim under this chapter so long as the spouse or the domestic partner meets the qualifications set out in this section. [2008 c 6 § 705; 1975 1st ex.s. c 291 § 40.]

Part headings not law—Severability—2008 c 6: See RCW 26.60.900 and 26.60.901.

84.38.160 Payment of part or all of deferred taxes authorized. Any person may at any time pay a part or all of the deferred taxes but such payment shall not affect the deferred tax status of the property. [1975 1st ex.s. c 291 § 41.]

84.38.170 Collection of personal property taxes not affected. Nothing in this chapter is intended to or shall be construed to prevent the collection, by foreclosure, of personal property taxes which become a lien against tax-deferred property. [1975 1st ex.s. c 291 § 42.]

84.38.180 Forms—Rules and regulations. The department of revenue of the state of Washington shall devise the forms and make rules and regulations consistent with chapter 34.05 RCW and the provisions of this chapter as shall be necessary or desirable to permit its effective administration. [1975 1st ex.s. c 291 § 43.]

84.38.900 Severability—1975 1st ex.s. c 291. See note following RCW 82.04.050.

(2014 Ed.)

84.38.910 Effective dates—1975 1st ex.s. c 291. See note following RCW 82.04.050.

Chapter 84.39 RCW

PROPERTY TAX EXEMPTION—WIDOWS OR WIDOWERS OF VETERANS

Sections
84.39.010 Exemption authorized—Qualifications.
84.39.020 Filing claim for exemption—Requirements.
84.39.030 Continued eligibility—Renewal forms.
84.39.040 Agent or guardian filing claim on behalf of claimant.
84.39.050 Failure to reside on property—Repayment.
84.39.060 Determination of assistance—Biennial budget request.

84.39.010 Exemption authorized—Qualifications. A person is entitled to a property tax exemption in the form of a grant as provided in this chapter. The person is entitled to assistance for the payment of all or a portion of the amount of excess and regular real property taxes imposed on the person's residence in the year in which a claim is filed in accordance with the following:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the income limits under RCW 84.36.381.

(2) The person making the claim must be:

(i) Sixty-two years of age or older on December 31st of the year in which the claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of physical disability; and

(ii) A widow or widower of a veteran who:

(A) Died as a result of a service-connected disability;

(B) Was rated as one hundred percent disabled by the United States veterans' administration for the ten years prior to his or her death;

(C) Was a former prisoner of war as substantiated by the United States veterans' administration and was rated as one hundred percent disabled by the United States veterans' administration for one or more years prior to his or her death; or

(D) Died on active duty or in active training status as a member of the United States uniformed services, reserves, or national guard; and

(b) The person making the claim must not have remarried.

(3) The claimant must have a combined disposable income of forty thousand dollars or less.

(4) The claimant must have owned, at the time of filing, the residence on which the real property taxes have been imposed. For purposes of this subsection, a residence owned by cotenants shall be deemed to be owned by each cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) A person who otherwise qualifies under this section is entitled to assistance in an amount equal to regular and excess property taxes imposed on the difference between the value of the residence eligible for exemption under RCW 84.36.381(5) and:

(a) The first one hundred thousand dollars of assessed value of the residence for a person who has a combined disposable income of thirty thousand dollars or less;
(b) The first seventy-five thousand dollars of assessed value of the residence for a person who has a combined disposable income of thirty-five thousand dollars or less but greater than thirty thousand dollars; or
(c) The first fifty thousand dollars of assessed value of the residence for a person who has a combined disposable income of forty thousand dollars or less but greater than thirty-five thousand dollars.
(6) As used in this section:
(a) "Veteran" has the same meaning as provided under RCW 41.04.005.
(b) The meanings attributed in RCW 84.36.383 to the terms "residence," "combined disposable income," "disposable income," and "disability" apply equally to this section.
[2005 c 253 § 1.]

Application—2005 c 253: "This act applies to taxes levied for collection in 2006 and thereafter." [2005 c 253 § 9.]

84.39.020 Filing claim for exemption—Requirements. (1) Each claimant applying for assistance under RCW 84.39.010 shall file a claim with the department, on forms prescribed by the department, no later than thirty days before the tax is due. The department may waive this requirement for good cause shown. The department shall supply forms to the county assessor to allow persons to apply for the program at the county assessor's office.
(2) The claim shall designate the property to which the assistance applies and shall include a statement setting forth:
(a) A list of all members of the claimant's household;
(b) Facts establishing the eligibility under this section, and
(c) Any other relevant information required by the rules of the department.
Each copy shall be signed by the claimant subject to the penalties as provided in chapter 9A.72 RCW for false swearing.
The first claim shall include proof of the claimant's age acceptable to the department.
(3) The following documentation shall be filed with a claim along with any other documentation required by the department:
(a) The deceased veteran's DD 214 report of separation, or its equivalent, that must be under honorable conditions;
(b) A copy of the applicant's certificate of marriage to the deceased;
(c) A copy of the deceased veteran's death certificate; and
(d) A letter from the United States veterans' administration certifying that the death of the veteran meets the requirements of RCW 84.39.010(2).
The department of veterans affairs shall assist an eligible widow or widower in the preparation and submission of an application and the procurement of necessary substantiating documentation.
(4) The department shall determine if each claimant is eligible each year. Any applicant aggrieved by the department's denial of assistance may petition the state board of tax appeals to review the denial and the board shall consider any appeals to determine (a) if the claimant is entitled to assistance and (b) the amount or portion thereof. [2005 c 253 § 2.]

Application—2005 c 253: See note following RCW 84.39.010.

84.39.030 Continued eligibility—Renewal forms. (1) Claims for assistance for all years following the first year may be made by filing with the department no later than thirty days before the tax is due a renewal form in duplicate, prescribed by the department, that affirms the continued eligibility of the claimant.
(2) In January of each year, the department shall send to each claimant who has been granted assistance for the previous year renewal forms and notice to renew. [2005 c 253 § 3.]

Application—2005 c 253: See note following RCW 84.39.010.

84.39.040 Agent or guardian filing claim on behalf of claimant. If the claimant is unable to make his or her own claim, it may be made by a duly authorized agent or by a guardian or other person charged with care of the person or property of the claimant. [2005 c 253 § 4.]

Application—2005 c 253: See note following RCW 84.39.010.

84.39.050 Failure to reside on property—Repayment. If the claimant receiving assistance under RCW 84.39.010 ceases to reside permanently on the property for which the claim is made between the date of filing the declaration and December 15th of that year, the amount of assistance otherwise allowable under RCW 84.39.010 shall not be allowed for that portion of the year in which the claimant was not qualified, and that amount shall constitute a lien on the property in favor of the state and shall have priority as provided in chapter 84.60 RCW until repaid to the department. [2005 c 253 § 5.]

Application—2005 c 253: See note following RCW 84.39.010.

84.39.060 Determination of assistance—Biennial budget request. (1) The department shall consult with the appropriate county assessors and county treasurers to determine the amount of assistance to which each claimant is eligible and the appropriate method of providing the assistance. The department shall pay, from amounts appropriated for this purpose, to the claimant, the claimant's mortgage company, or the county treasurer, as appropriate for each claimant, the amount of assistance to which the claimant is entitled under RCW 84.39.010.
(2) The department shall request in its biennial budget request an appropriation to satisfy its obligations under this section. [2005 c 253 § 6.]

Application—2005 c 253: See note following RCW 84.39.010.

Chapter 84.40 RCW LISTING OF PROPERTY

Sections
84.40.020 Assessment date—Average inventory basis may be used—Public inspection of listing, documents, and records.
84.40.025 Access to property required.
84.40.030 Basis of valuation, assessment, appraisal—One hundred percent of true and fair value—Exceptions—Leasehold estates—Real property—Appraisal—Comparable sales.
84.40.0301 Determination of value by public official—Review—Revaluation—Presumptions.
84.40.031 Valuation of timber and timberlands—Criteria established.
84.40.032 Valuation of timber and timberlands—"Timberlands" defined and declared lands devoted to reforestation.
84.40.033 Valuation of timber and timberlands—Legislative findings.
84.40.036 Valuation of vessels—Appraignment.
84.40.037 Valuation of computer software—Embedded software.
84.40.030 Basis of valuation, assessment, appraisal—One hundred percent of true and fair value—Exceptions—Leasehold estates—Real property—Appraisal—Comparable sales. (1) All property must be valued at one hundred percent of its true and fair value in money and assessed on the same basis unless specifically provided otherwise by law.

(2) Taxable leasehold estates must be valued at such price as they would bring at a fair, voluntary sale for cash without any deductions for any indebtedness owed including rentals to be paid.

(3) The true and fair value of real property for taxation purposes (including property upon which there is a coal or other mine, or stone or other quarry) must be based upon the following criteria:

(a) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal must be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. An assessment may not be determined by a method that assumes a land usage or highest and best use not permitted, for that property being appraised, under existing zoning or land use planning ordinances or statutes or other government restrictions. The appraisal must also take into account:

(b) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal must be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. An assessment may not be determined by a method that assumes a land usage or highest and best use not permitted, for that property being appraised, under existing zoning or land use planning ordinances or statutes or other government restrictions. The appraisal must also take into account:

(c) Any sales of the property being appraised or similar properties with respect to sales made within the past five years. The appraisal must be consistent with the comprehensive land use plan, development regulations under chapter 36.70A RCW, zoning, and any other governmental policies or practices in effect at the time of appraisal that affect the use of property, as well as physical and environmental influences. An assessment may not be determined by a method that assumes a land usage or highest and best use not permitted, for that property being appraised, under existing zoning or land use planning ordinances or statutes or other government restrictions. The appraisal must also take into account:
(i) In the use of sales by real estate contract as similar sales, the extent, if any, to which the stated selling price has been increased by reason of the down payment, interest rate, or other financing terms; and (ii) the extent to which the sale of a similar property actually represents the general effective market demand for property of such type, in the geographical area in which such property is located. Sales involving deed releases or similar seller-developer financing arrangements may not be used as sales of similar property.

(b) In addition to sales as defined in subsection (3)(a) of this section, consideration may be given to cost, cost less depreciation, reconstruction cost less depreciation, or capitalization of income that would be derived from prudent use of the property, as limited by law or ordinance. Consideration should be given to any agreement, between an owner of rental housing and any government agency, that restricts rental income, appreciation, and liquidity; and to the impact of government restrictions on operating expenses and on ownership rights in general of such housing. In the case of property of a complex nature, or being used under terms of a franchise from a public agency, or operating as a public utility, or property not having a record of sale within five years and not having a significant number of sales of similar property in the general area, the provisions of this subsection must be the dominant factors in valuation. When provisions of this subsection are relied upon for establishing values the property owner must be advised upon request of the factors used in arriving at such value.

(c) In valuing any tract or parcel of real property, the true and fair value of the land, exclusive of structures thereon must be determined; also the true and fair value of structures thereon, but the valuation may not exceed the true and fair value of the total property as it exists. In valuing agricultural land, growing crops must be excluded. For purposes of this subsection (3)(c), "growing crops" does not include marijuana as defined under RCW 69.50.101. [2014 c 140 § 29; 2007 c 301 § 2; 2001 c 187 § 17; 1998 c 320 § 9. Prior: 1997 c 429 § 34; 1997 c 134 § 1; 1997 c 3 § 104 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 124 § 20; 1993 c 436 § 1; 1988 c 222 § 14; 1980 c 155 § 2; prior: 1973 1st ex.s. c 195 § 96; 1973 1st ex.s. c 187 § 1; 1972 ex.s. c 125 § 2; 1971 ex.s. c 288 § 1; 1971 ex.s. c 43 § 1; 1961 c 15 § 84.40.030; prior: 1939 c 206 § 15; 1925 ex.s. c 130 § 52; 1919 c 142 § 4; 1913 c 140 § 1; 1897 c 71 § 42; 1893 c 124 § 44; 1891 c 140 § 44; 1890 p 547 § 48; RRS § 11135. FORMER PART OF SECTION: 1939 c 116 § 1, part, now codified in RCW 84.40.220.]

Additional notes found at www.leg.wa.gov

84.40.031 Valuation of timber and timberlands—Criteria established. Based upon the study as directed by house concurrent resolution No. 10 of the thirty-seventh session of the legislature relating to the taxation of timber and timberlands, the legislature hereby establishes the criteria set forth in RCW 84.40.031 through 84.40.033 as standards for the valuation of timber and timberlands for tax purposes. [1983 c 3 § 228; 1963 c 249 § 1.]

Additional notes found at www.leg.wa.gov

84.40.032 Valuation of timber and timberlands—"Timberlands" defined and declared lands devoted to reforestation. As used in RCW 84.40.031 through 84.40.033 "timberlands" means land primarily suitable and used for growing a continuous supply of forest products, whether such lands be cutover, selectively harvested, or containing merchantable or immature timber, and includes the timber thereon. Timberlands are lands devoted to reforestation within the meaning of Article VII, section 1 of the state Constitution as amended. [1983 c 3 § 229; 1963 c 249 § 2.]

Additional notes found at www.leg.wa.gov

84.40.033 Valuation of timber and timberlands—Legislative findings. It is hereby found and declared that:

(1) Timber constitutes the primary renewable resource of this state.

(2) It is the public policy of this state that timberlands be managed in such a way as to assure a continuous supply of forest products.

(3) It is in the public interest that forest valuation and taxation policy encourage and permit timberland owners to manage their lands to sustain maximum production of raw materials for the forest industry, to maintain other public benefits, and to maintain a stable and equitable tax base.

(4) Forest management entails continuous and accumulative burdens of taxes, protection, management costs, interest on investment, and risks of loss from fire, insects, disease and the elements over long periods of time prior to harvest and realization of income.

(5) Existing timberland valuation and taxation procedures under the general property tax system are consistent with the public interest and the public policy herein set forth only when due consideration and recognition is given to all relevant factors in determining the true and fair value in money of each tract or lot of timberland.

(6) To assure equality and uniformity of taxation of timberland, uniform principles should be applied for determining the true and fair value in money of such timberlands, taking into account all pertinent factors such as regional differences in species and growing conditions.

(7) The true and fair value in money of timberlands must be determined through application of sound valuation principles based upon the highest and best use of such properties. The highest and best use of timberlands, whether cut-over, selectively harvested, or containing merchantable or immature timber, is to manage, protect and harvest them in a manner which will realize the greatest economic value and assure the maximum continuous supply of forest products. This requires that merchantable timber originally on timberlands be harvested gradually to maintain a continuous supply until immature timber reaches the optimum age or size for harvest-
ing, that immature timber on timberlands be managed and
protected for extensive periods until it reaches such optimum
age or size and that such timberlands be continually
restocked as harvested.

(8) Reforestation entails an integrated forest manage-
ment program which includes gradual harvesting of existing
merchantable timber, management and protection of imma-
ture timber during its growth cycle until it reaches the opti-
 mum size or age for harvesting and a continual preparation
and restocking of areas after harvest. Such management of
timberlands is now generally followed and practiced in this
state and it is in the public interest that such management be
continued and encouraged.

(9) The prices at which merchantable timber is sold gen-
erally reflect values based upon immediate harvesting, and
the prices at which both merchantable and immature timber
are sold frequently reflect circumstances peculiar to the par-
ticular purchaser. Such prices generally make little or no
allowance for the continuous and accumulative burdens of
taxes, protection, management costs, interest on investment,
and risks of loss from fire, insects, disease, and the elements
which must be borne by the owner of timberlands over long
periods of time prior to the time timber is harvested and
income is realized. Such prices do not, therefore, provide a
reliable measure of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation require that in
the determination of the true and fair value in money. Accord-
ingly, both the public policy and the public interest of this
state and sound principles of timber valuation. 

84.40.036 Valuation of vessels—Apportionment. (1)
As used in this section, "apportionable vessel" means a ship
or vessel which is:
(a) Engaged in interstate commerce;
(b) Engaged in foreign commerce; and/or
(c) Engaged exclusively in fishing, tendering, harvest-
ing, and/or processing seafood products on the high seas or
waters under the jurisdiction of other states.

(2) The value of each apportionable vessel shall be
apportioned to this state based on the number of days or frac-
tions of days that the vessel is within this state during the pre-
ceding calendar year: PROVIDED, That if the total number of
days the vessel is within the limits of the state does not exceed
one hundred twenty for the preceding calendar year,
no value shall be apportioned to this state. For the purposes
of this subsection (2), a fraction of a day means more than
sixteen hours in a calendar day.

(3) Time during which an apportionable vessel is in the
state for one or more of the following purposes shall not be
considered as time within this state, if the length of time is
reasonable for the purpose:
(a) Undergoing repair or alteration;
(b) Taking on or discharging cargo, passengers, or sup-
plies; and
(c) Serving as a tug for a vessel under (a) or (b) of this
subsection.

(4) Days during which an apportionable vessel leaves
this state only while navigating the high seas in order to travel
between points in this state shall be considered as days within
this state. [1998 c 335 § 6; 1986 c 229 § 2.]

84.40.037 Valuation of computer software—Embed-
ded software. (1) Computer software, except embedded
software, shall be valued in the first year of taxation at one
hundred percent of the acquisition cost of the software and in
the second year at fifty percent of the acquisition cost. Com-
puter software, other than embedded software, shall have no
value for purposes of property taxation after the second year.

(2) Embedded software is a part of the computer system
or other machinery or equipment in which it is housed and
shall be valued in the same manner as the machinery or
equipment. [1991 sp.s. c 29 § 4.]

Findings, intent—Severability—Application—1991 sp.s. c 29; See
notes following RCW 84.04.150.

84.40.038 Petition county board of equalization—
Limitation on changes to time limit—Waiver of filing
deadline—Direct appeal to state board of tax appeals. (1) The owner or person responsible for payment of taxes on any
property may petition the county board of equalization for a
change in the assessed valuation placed upon such property
by the county assessor or for any other reason specifically
authorized by statute. Such petition must be made on forms
prescribed or approved by the department of revenue.

(2) The board of equalization may waive the filing dead-
line if the petition is filed within a reasonable time after
the filing deadline and the petitioner shows good cause for the
late filing. However, the board of equalization must waive
the filing deadline for the circumstance described under (f) of
this subsection if the petition is filed within a reasonable time
after the filing deadline. The decision of the board of equal-
ization regarding a waiver of the filing deadline is final and
not appealable under RCW 84.08.130. Good cause may be
shown by one or more of the following events or circum-
stances:
(a) Death or serious illness of the taxpayer or his or her
immediate family;
(b) The taxpayer was absent from the address where the
taxpayer normally receives the assessment or value change

84.40.039 Reducing valuation after government restriction—Petitioning assessor—Establishing new valuation—Notice—Appeal—Refund. (1) The owner or person responsible for payment of taxes on any real property may petition the assessor for a reduction in the assessed value of the real property at any time within three years of adoption of a restriction by a government entity.

(2) Notwithstanding the revaluation cycle for the county, the assessor shall reconsider the valuation of the real property within one hundred twenty days of the filing of a petition under subsection (1) of this section. If the new valuation is established after June 1st in any year, the new valuation shall be used for purposes of imposing property taxes in the following year, but the property owner shall be eligible for a refund under RCW 84.69.020.

(3) A new valuation established under this section may be appealed under RCW 84.40.038.

(4) If the assessor reduces the valuation of real property using the process under this section, the property owner shall be entitled to a refund on property taxes paid on this property calculated as follows:

(a) A property owner is entitled to receive a refund for each year after the restriction was adopted, but not to exceed three years, that the taxpayer paid property taxes on the real property based upon the prior higher valuation; and

(b) The amount of the refund in each year shall be the amount of reduced valuation on the real property for that year, multiplied by the rate of property taxes imposed on the property in that year.

(5) As used in this section, "restriction" means a limitation, requirement, regulation, or restriction that limits the use of the property, including those imposed by the application of ordinances, resolutions, rules, regulations, policies, statutes, and conditions of land use approval. [1998 c 306 § 1.]

84.40.040 Time and manner of listing. The assessor shall begin the preliminary work for each assessment not later than the first day of December of each year in all counties in the state. The assessor shall also complete the duties of listing and placing valuations on all property by May 31st of each year, except that the listing and valuation of construction and mobile homes under RCW 36.21.080 and 36.21.090 shall be completed by August 31st of each year, and in the following manner, to wit:

The assessor shall actually determine as nearly as practicable the true and fair value of each tract or lot of land listed for taxation and of each improvement located thereon and shall enter one hundred percent of the true and fair value of such land and value of such improvements, together with the total of such one hundred percent valuations, opposite each description of property on the assessment list and tax roll.

The assessor shall make an alphabetical list of the names of all persons in the county liable to assessment of personal property, and require each person to make a correct list and statement of such property according to the standard form prescribed by the department of revenue, which statement and list shall include, if required by the form, the year of acquisition and total original cost of personal property in each category of the prescribed form. However, the assessor may list and value improvements on publicly owned land in the same manner as real property is listed and valued, including conformance with the revaluation program required under chapter 84.41 RCW. Such list and statement shall be filed on or before the last day of April. The assessor shall on or before the 1st day of January of each year mail, or electronically transmit, a notice to all such persons at their last known address that such statement and list is required. This notice must be accompanied by the form on which the statement or list is to be made. The notice mailed, or electronically transmitted, by the assessor to each taxpayer each year shall, if practicable, include the statement and list of personal property of the taxpayer for the preceding year. Upon receipt of such statement and list the assessor shall thereupon determine the true and fair value of the property included in such statement and enter one hundred percent of the same on the assessment roll opposite the name of the party assessed; and in making such entry in the assessment list, the assessor shall give the name and post office address of the party listing the
property, and if the party resides in a city the assessor shall give the street and number or other brief description of the party's residence or place of business. The assessor may, after giving written notice of the action to the person to be assessed, add to the assessment list any taxable property which should be included in such list.  [2003 c 302 § 1; 2001 c 187 § 18; 1997 c 3 § 106 (Referendum Bill No. 47, approved November 4, 1997); 1988 c 222 § 15; 1982 1st ex.s. c 46 § 5; 1973 1st ex.s. c 195 § 97; 1967 ex.s. c 149 § 36; 1961 c 15 § 84.40.040. Prior: 1939 c 206 § 16, part; 1925 ex.s. c 130 § 57, part; 1897 c 71 § 46, part; 1895 c 176 § 5, part; 1893 c 124 § 48, part; 1891 c 140 § 48, part; RRS § 11140, part.]

Additional notes found at www.leg.wa.gov

84.40.042 Valuation and assessment of divided or combined property. (1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30th of the year following the recording of the plat, replat, or altered plat. The value established shall be the value of the lot as of January 1st of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030 except when property is being acquired by a government for public use. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010 subsequent to completing the tax roll for current year collection.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after July 27, 1997, as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after July 27, 1997, as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.  [2009 c 350 § 1; 2008 c 17 § 1; 2002 c 168 § 8; 1997 c 393 § 17.]

84.40.045 Notice of change in valuation of real property to be given taxpayer—Copy to person making payment pursuant to mortgage, contract, or deed of trust—Procedure—Penalty. (1) The assessor must give written notice of any change in the true and fair value of real property for the tract or lot of land and any improvements thereon no later than thirty days after appraisal. However, no such notice may be mailed during the period from January 15th to February 15th of each year. Furthermore, no notice need be sent with respect to changes in valuation of publicly owned property exempt from taxation under provisions of RCW 84.36.010 or of forest land made pursuant to chapter 84.33 RCW.

(2) The notice must contain a statement of both the prior and the new true and fair value, stating separately land and improvement values, and a brief statement of the procedure for appeal to the board of equalization and the time, date, and place of the meetings of the board.

(3) The notice must be mailed by the assessor to the taxpayer.

(4) If any taxpayer, as shown by the tax rolls, holds solely a security interest in the real property which is the subject of the notice, pursuant to a mortgage, contract of sale, or deed of trust, such taxpayer must, upon written request of the assessor, supply, within thirty days of receipt of such request, to the assessor the name and address of the person making payments pursuant to the mortgage, contract of sale, or deed of trust, and thereafter such person must also receive a copy of the notice provided for in this section. Willful failure to comply with such request within the time limitation provided for in this section makes such taxpayer subject to a maximum civil penalty of five thousand dollars. The penalties provided for in this section are recoverable in an action by the county prosecutor, and when recovered must be deposited in the county current expense fund. The assessor must make the request provided for by this section during the month of January.  [2013 c 235 § 1; 2001 c 187 § 19; 1997 c 3 § 107 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 36; 1977 ex.s. c 181 § 1; 1974 ex.s. c 187 § 8; 1972 ex.s. c 125 § 1; 1971 ex.s. c 288 § 16; 1967 ex.s. c 146 § 10.]

Additional notes found at www.leg.wa.gov

84.40.060 Personal property assessment. Upon receipt of the statement of personal property, the assessor shall assess the value of such property. If any property is listed or assessed on or after the 31st day of May, the same shall be legal and binding as if listed and assessed before that time.  [2003 c 302 § 2; 1988 c 222 § 16; 1967 ex.s. c 149 § 37; 1961 c 15 § 84.40.060. Prior: 1939 c 206 § 17; 1925 ex.s. c 130 § 58; 1897 c 71 § 47; 1893 c 124 § 49; 1891 c 140 § 49; 1890 p 548 § 49; RRS § 11141.]
(3) The department shall assess all ships and vessels and shall, on or before January 31st of each year, mail to the owner of a ship or vessel, or to the person listing the ship or vessel if different from the owner, a notice showing the valuation of the ship or vessel assessed. Taxes due the following year shall be based upon the valuation. On or after February 15, but no later than thirty days before April 30, the department shall mail to the owner of a ship or vessel, or to the person listing the ship or vessel if different from the owner, a tax statement showing the valuation for the previous year of the ship or vessel assessed and the amount of tax owed for the current year.

(4) Any ship or vessel owner, or person listing the ship or vessel if different from the owner, disputing the assessment or disputing whether the ship or vessel is subject to taxation under this section shall have the same right of review as any other ship or vessel owner subject to the excise tax contained in chapter 82.49 RCW in accordance with RCW 82.49.060. [1993 c 33 § 2; 1986 c 229 § 3; 1984 c 250 § 5. Formerly RCW 84.08.200.]

Collection of ad valorem taxes: RCW 84.56.440.
Partial exemption for ships and vessels: RCW 84.36.080.
Valuation of vessels—Apportionment: RCW 84.40.036.
Additional notes found at www.leg.wa.gov

84.40.070 Companies, associations—Listing. The president, secretary, or principal accounting officer or agent of any company or association, whether incorporated or unincorporated, except as otherwise provided for in this title, shall make out and deliver to the assessor a statement of its property, setting forth particularly (1) the name and location of the company or association; (2) the real property of the company or association, and where situated; and (3) the nature and value of its personal property. The real and personal property of such company or association shall be assessed the same as other real and personal property. In all cases of failure or refusal of any person, officer, company, or association to make such return or statement, it shall be the duty of the assessor to make such return or statement from the best information he or she can obtain. [2013 c 23 § 357; 2003 c 302 § 3; 1961 c 15 § 84.40.070. Prior: 1925 ex.s. c 130 § 27; 1897 c 71 § 20; 1893 c 124 § 20; 1891 c 140 § 20; 1890 p 538 § 21; Code 1881 § 2839; RRS § 11131.]

84.40.080 Listing omitted property or improvements. An assessor shall enter on the assessment roll in any year any property shown to have been omitted from the assessment roll of any preceding year, at the value for the preceding year, or if not then valued, at such value as the assessor shall determine for the preceding year, and such value shall be stated separately from the value of any other year. Where improvements have not been valued and assessed as a part of the real estate upon which the same may be located, as evidenced by the assessment rolls, they may be separately valued and assessed as omitted property under this section. No such assessment shall be made in any case where a bona fide purchaser, encumbrancer, or contract buyer has acquired any interest in said property prior to the time such improvements are assessed. When such an omitted assessment is made, the taxes levied thereon may be paid within one year of the due date of the taxes for the year in which the assessment is made without penalty or interest. In the assessment of personal property, the assessor shall assess the omitted value not reported by the taxpayer as evidenced by an inspection of either the property or the books and records of said taxpayer by the assessor. [1995 c 134 § 14. Prior: 1994 c 301 § 37; 1994 c 124 § 21; 1973 2nd ex.s. c 8 § 1; 1961 c 15 § 84.40.080; prior: 1951 1st ex.s. c 8 § 1; 1925 ex.s. c 130 § 59; 1897 c 71 § 48; RRS § 11142.]

84.40.085 Limitation period for assessment of omitted property or value—Notification to taxpayer of omission—Procedure. No omitted property or omitted value assessment shall be made for any period more than three years preceding the year in which the omission is discovered. The assessor, upon discovery of such omission, shall forward a copy of the amended personal property affidavit along with a letter of particulars informing the taxpayer of the findings and of the taxpayer's right of appeal to the county board of equalization. Upon request of either the taxpayer or the assessor, the county board of equalization may be reconvened to act on the omitted property or omitted value assessments. [1994 c 124 § 22; 1973 2nd ex.s. c 8 § 2.]

84.40.090 Taxing districts to be designated—Separate assessments. It shall be the duty of assessors, when assessing real or personal property, to designate the name or number of each taxing district in which each person and each description of property assessed is liable for taxes. When the real and personal property of any person is assessable in several taxing districts, the amount in each shall be assessed separately. [1994 c 301 § 38; 1961 c 15 § 84.40.090. Prior: 1925 ex.s. c 130 § 62; 1897 c 71 § 51; 1893 c 124 § 52; 1891 c 140 § 52; 1890 p 551 § 57; RRS § 11145.]

84.40.110 Examination under oath—Default listing. When the assessor shall be of opinion that the person listing property for himself or herself or for any other person, company, or corporation, has not made a full, fair, and complete list of such property, he or she may examine such person under oath, and a full discovery make, the assessor may list the property of such person, or his or her principal, according to his or her best judgment and information. [2013 c 23 § 358; 1961 c 15 § 84.40.110. Prior: 1925 ex.s. c 130 § 24; 1897 c 71 § 17; 1893 c 124 § 17; 1891 c 140 § 17; 1890 p 535 § 15; Code 1881 § 2831; 1867 p 62 § 8; RRS § 11128.]

84.40.120 Oaths, who may administer—Criminal penalty for willful false listing. (1) Any oath authorized to be administered under this title may be administered by any assessor or deputy assessor, or by any other officer having authority to administer oaths.

(2) Any person willfully making a false list, schedule, or statement under oath is guilty of perjury under chapter 9A.72 RCW. [2003 c 53 § 409; 1961 c 15 § 84.40.120. Prior: 1925 ex.s. c 130 § 67; 1897 c 71 § 57; 1893 c 124 § 58; 1891 c 140 § 58; 1890 p 553 § 63; RRS § 11150.]

84.40.130 Penalty for failure or refusal to list—False or fraudulent listing, additional penalty—Penalty waiver. (1) If any person or corporation fails or refuses to deliver to the assessor, on or before the date specified in RCW 84.40.040, a list of the taxable personal property which is required to be listed under this chapter, unless it is shown that such failure is due to reasonable cause and not due to willful neglect, there must be added to the amount of tax assessed against the taxpayer on account of such personal property five percent of the amount of such tax, not to exceed fifty dollars per calendar day, if the failure is for not more than one month, with an additional five percent for each additional month or fraction thereof during which such failure continues not exceeding twenty-five percent in the aggregate. Such penalty must be collected in the same manner as the tax to which it is added and distributed in the same manner as other property tax interest and penalties.

(2) If any person or corporation willfully gives a false or fraudulent list, schedule or statement required by this chapter, or, with intent to defraud, fails or refuses to deliver any list, schedule or statement required by this chapter, such person or corporation is liable for the additional tax properly due or, in the case of willful failure or refusal to deliver such list, schedule or statement, the total tax properly due; and in addition such person or corporation is liable for a penalty of one hundred percent of such additional tax or total tax as the case may be. Such penalty is in lieu of the penalty provided for in subsection (1) of this section. A person or corporation giving a false list, schedule or statement is not subject to this penalty if it is shown that the misrepresentations contained therein are entirely attributable to reasonable cause. The taxes and penalties provided for in this subsection must be recovered in an action in the name of the state of Washington on the complaint of the county assessor or the county legislative authority and must, when collected, be paid into the county treasury in the same manner as other property tax interest and penalties.

(3)(a) The county legislative authority may authorize the assessor to waive penalties otherwise due under this section for assessment years 2011 and prior for a person or corporation failing or refusing to deliver to the assessor a list of taxable personal property, if all of the following circumstances are met:

(i) On or before July 1, 2012, the taxpayer files with the assessor:

(A) A correct list and statement of the taxable personal property required to be listed under this chapter; and

(B) A completed application for penalty waiver in the form and manner prescribed by the assessor; and

(ii) On or before September 1, 2012, the taxpayer remits full payment to the county of the entire balance due on all tax liabilities for which a penalty waiver under this section is requested, other than the penalty amount eligible for waiver under this section.

(b) A taxpayer receiving penalty relief under this subsection (3) may not seek a refund or otherwise challenge the amount of any tax liability paid under (a)(ii) of this subsection (3). Personal property listed under (a)(i) of this subsection (3) is subject to verification by the assessor, and any unreported or misreported property discovered by the assessor remains subject to taxes, penalties, and interest. [2012 c 59 § 1; 2004 c 79 § 5; 1988 c 222 § 17; 1967 ex.s. c 149 § 38; 1961 c 15 § 84.40.130. Prior: 1925 ex.s. c 130 § 51; 1897 c 71 § 41; 1893 c 124 § 41; 1891 c 140 § 41; 1890 p 546 § 45; Code 1881 § 2835; RRS § 11132.]

Effective date—2012 c 59: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 20, 2012]." [2012 c 59 § 2.]

Additional notes found at www.leg.wa.gov

84.40.150 Sick or absent persons—May report to board of equalization. If any person required to list property for taxation and provide the assessor with the list, is prevented by sickness or absence from giving to the assessor such statement, such person or his or her agent having charge of such property, may, at any time before the close of the session of the board of equalization, make out and deliver to said board a statement of the same as required by this title, and the board shall, in such case, make an entry thereof, and correct the corresponding item or items in the return made by the assessor, as the case may require; but no such statement shall be received by the said board from any person who refused or neglected to make oath to his or her statement when required by the assessor as provided herein; nor from any person unless he or she makes and files with the said board an affidavit that he or she was absent from his or her county, without design to avoid the listing of his or her property, or was prevented by sickness from giving to the assessor the required statement when called on for that purpose. [1993 c 33 § 3; 1961 c 15 § 84.40.150. Prior: 1925 ex.s. c 130 § 66; 1897 c 71 § 55; 1893 c 124 § 56; 1891 c 141 § 56; 1890 p 553 § 62; RRS § 11149.]

Additional notes found at www.leg.wa.gov

84.40.160 Manner of listing real estate—Maps. The assessor shall list all real property according to the largest legal subdivision as near as practicable. The assessor shall make out in the plat and description book in numerical order a complete list of all lands or lots subject to taxation, showing the names and owners, if to him or her known and if unknown, so stated; the number of acres and lots or parts of lots included in each description of property and the value per acre or lot: PROVIDED, that the assessor shall give to each tract of land where described by metes and bounds a number, to be designated as Tax No. . . . . , which said number shall be placed on the tax rolls to indicate that certain piece of real property bearing such number, and described by metes and bounds in the plat and description book herein mentioned, and it shall not be necessary to enter a description by metes and bounds on the tax roll of the county, and the assessor's plat and description book shall be kept as a part of the tax collector's records: AND PROVIDED, FURTHER, That the board of county commissioners of any county may by order direct that the property be listed numerically according to lots and blocks or section, township and range, in the smallest platted or government subdivision, and when so listed the value of each block, lot or tract, the value of the improvements thereon and the total value thereof, including improvements thereon, shall be extended after the description of each lot, block or tract, which last extension shall be in the column.
head "Total value of each tract, lot or block of land assessed with improvements as returned by the assessor." In carrying the values of said property into the column representing the equalized value thereof, the county assessor shall include and carry over in one item the equalized valuation of all lots in one block, or land in one section, listed consecutively, which belong to any one person, firm, or corporation, and are situated within the same taxing district, and in the assessed value of which the county board of equalization has made no change. Where assessed valuations are changed, the equalized valuation must be extended and shown by item.

The assessor shall prepare and possess a complete set of maps drawn to indicate parcel configuration for lands in the county. The assessor shall continually update the maps to reflect transfers, conveyances, acquisitions, or any other transaction or event that changes the boundaries of any parcel and shall renumber the parcels or prepare new map pages for any portion of the maps to show combinations or divisions of parcels. [2013 c 23 § 359; 1997 c 135 § 1; 1961 c 15 § 84.40.160. Prior: 1925 ex.s. c 130 § 54; 1901 c 79 § 1; 1899 c 141 § 3; 1897 c 71 § 43; 1895 c 176 § 4; 1893 c 124 § 45; 1891 c 140 § 45; 1890 p 548 § 49; RRS § 11137.]

84.40.170 Plat of irregular subdivided tracts—Notice to owner—Surveys—Costs. (1) In all cases of irregular subdivided tracts or lots of land other than any regular government subdivision the assessor shall outline a plat of such tracts or lots and notify the owner or owners thereof with a request to have the same surveyed by the county engineer, and cause the same to be platted into numbered (or lettered) lots or tracts. If any county has in its possession the correct field notes of any such tract or lot of land a new survey shall not be necessary and such tracts may be mapped from such field notes. In case the owner of such tracts or lots neglects or refuses to have the same surveyed or platted, the assessor shall notify the county legislative authority in and for the county, who may order and direct the county engineer to make the proper survey and plat of the tracts and lots. A plat shall be made on which said tracts or lots of land shall be accurately described by lines, and numbered (or lettered), which numbers (or letters) together with number of the section, township and range shall be distinctly marked on such plat, and the field notes of all such tracts or lots of land shall describe each tract or lot according to the survey, and such tract or lot shall be numbered (or lettered) to correspond with its number (or letter) on the map. The plat shall be given a designated name by the surveyor thereof. When the survey, plat, field notes and name of plat, shall have been approved by the county legislative authority, the plat and field notes shall be filed and recorded in the office of the county auditor, and the description of any tract or lot of land described in said plats by number (or letter), section, township and range, shall be a sufficient and legal description for revenue and all other purposes.

(2) Upon the request of eighty percent of the owners of the property to be surveyed and the approval of the county legislative authority, the county assessor may charge for actual costs and file a lien against the subject property if the costs are not repaid within ninety days of notice of completion, which may be collected as if such charges had been levied as a property tax. [1994 c 301 § 39; 1994 c 124 § 23; 1961 c 15 § 84.40.170. Prior: 1925 ex.s. c 130 § 53; 1901 c 124 §§ 1, 2, 3; 1891 c 140 § 45; RRS § 11136.]

Reviser's note: This section was amended by 1994 c 124 § 23 and by 1994 c 301 § 39, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

84.40.175 Listing of exempt property—Proof of exemption—Valuation of publicly owned property. At the time of making the assessment of real property, the assessor must enter each description of property exempt under the provisions of chapter 84.36 RCW, and value and list the same in the manner and subject to the same rule as the assessor is required to assess all other property, designating in each case to whom such property belongs. The valuation requirements of this section do not apply to publicly owned property exempt from taxation under provisions of RCW 84.36.010. However, when the exempt status of such property no longer applies as a result of a sale or change in use, the assessor must value and list such property as of the January 1st assessment date for the year of the status change. The owner or person responsible for payment of taxes may thereafter petition the county board of equalization for a change in the assessed value in accordance with the timing and procedures set forth in RCW 84.40.038. [2014 c 97 § 408; 2013 c 235 § 2; 1994 c 124 § 24; 1986 c 285 § 3; 1975-76 2nd ex.s. c 61 § 15; 1961 c 15 § 84.40.175. Prior: 1925 ex.s. c 130 § 9; 1891 c 140 § 5; 1890 p 532 § 5; RRS § 11113. Formerly RCW 84.36.220.] Leasehold excise tax: Chapter 82.29A RCW.

84.40.178 Exempt residential property—Maintenance of assessed valuation—Notice of change. The assessor shall maintain an assessed valuation in accordance with the approved revaluation cycle for a residence owned by a person qualifying for exemption under RCW 84.36.381 in addition to the valuation required under RCW 84.36.381(6). Upon a change in the true and fair value of the residence, the assessor shall notify the person qualifying for exemption under RCW 84.36.381 of the new true and fair value and that the new true and fair value will be used to compute property taxes if the property fails to qualify for exemption under RCW 84.36.381. [1995 1st sp.s. c 8 § 3.] Additional notes found at www.leg.wa.gov

84.40.185 Individuals, corporations, limited liability companies, associations, partnerships, trusts, or estates required to list personalty. Every individual, corporation, limited liability company, association, partnership, trust, or estate shall list all personal property in his or her or its own possession or under his or her control, and

84.40.190 Statement of personal property. Every person required by this title to list personal property shall make out and deliver to the assessor, or to the department as required by RCW 84.40.065, either in person, by mail, or by electronic transmittal if available, a statement of all the personal property in his or her possession or under his or her control, and
which, by the provisions of this title, he or she is required to list for taxation, either as owner or holder thereof. When any list, schedule, or statement is made, the principal required to make out and deliver the same shall be responsible for the contents and the filing thereof and shall be liable for the penalties imposed pursuant to RCW 84.40.130. No person shall be required to list for taxation in his statement to the assessor any share or portion of the capital stock, or of any of the property of any company, association or corporation, which such person may hold in whole or in part, where such company, being required so to do, has listed for assessment and taxation its capital stock and property with the department of revenue, or as otherwise required by law. 

Additional notes found at www.leg.wa.gov

84.40.220 Merchant's personalty held for sale—Consignment from out of state—Nursery stock assessable as growing crops. Whoever owns, or has in his or her possession or subject to his or her control, any goods, merchandise, grain, or produce of any kind, or other personal property within this state, with authority to sell the same, which has been purchased either in or out of this state, with a view to being sold at an advanced price or profit, or which has been consigned to him or her from any place out of this state for the purpose of being sold at any place within the state, shall be held to be a merchant, and when he or she is by this title required to make out and to deliver to the assessor a statement of his or her other personal property, he or she shall state the value of such property pertaining to his or her business as a merchant. No consignee shall be required to list for taxation the value of any property the product of this state, nor the value of any property consigned to him or her from any other place for the sole purpose of being stored or forwarded, if he or she has no interest in such property nor any profit to be derived from its sale. The growing stock of nursery dealers, which is owned by the original producer thereof or which has been held or possessed by the nursery dealers for one hundred eighty days or more, shall, whether personal or real property, be considered the same as growing crops on cultivated lands: PROVIDED, That the nursery dealers be licensed by the department of agriculture: PROVIDED FURTHER, That an original producer, within the meaning of this section, shall include a person who, beginning with seeds, cuttings, bulbs, corms, or any form of immature plants, grows such plants in the course of their development into either a marketable partially grown product or a marketable consumer product.

84.40.230 Contract to purchase public land. (Effective until January 1, 2022.) When any real property is sold on contract by the United States of America, the state, any county or municipality, or any federally recognized Indian tribe, and the contract expresses or implies that the vendee is entitled to the possession, use, benefits[,] and profits thereof and therefrom so long as the vendee complies with the terms of the contract, it is deemed that the vendor retains title merely as security for the fulfillment of the contract, and the property must be assessed and taxed in the same manner as other similar property in private ownership is taxed, and the tax roll must contain, opposite the description of the property so assessed the following notation: "Subject to title remaining in the vendor" or other notation of similar significance. No foreclosure for delinquent taxes nor any deed issued pursuant thereto may extinguish or otherwise affect the title of the vendor. In any case under former law where the contract and not the property was taxed no deed of the property described in such contract may ever be executed and delivered by the state or any county or municipality until all taxes assessed against such contract and local assessments assessed against the land.
48.40.230 Contract to purchase public land. (Effective January 1, 2022.) When any real property is sold on contract by the United States of America, the state, or any county or municipality, and the contract expresses or implies that the vendee is entitled to the possession, use, benefits and profits thereof and therefrom so long as the vendee complies with the terms of the contract, it shall be deemed that the vendor retains title merely as security for the fulfillment of the contract, and the property shall be assessed and taxed in the same manner as other similar property in private ownership is taxed, and the tax roll shall contain, opposite the description of the property so assessed the following notation: "Subject to title remaining in the vendor" or other notation of similar significance. No foreclosure for delinquent taxes nor any deed issued pursuant thereto shall extinguish or otherwise affect the title of the vendor. In any case under former law where the contract and not the property was taxed no deed of the property described in such contract shall ever be executed and delivered by the state or any county or municipality until all taxes assessed against such contract and local assessments assessed against the land described thereon are fully paid. [1994 c 124 § 25; 1961 c 15 § 84.40.230. Prior: 1947 c 231 § 1; 1941 c 79 § 1; 1925 ex.s.c 137 § 33; 1897 c 71 § 26; 1893 c 124 § 26; 1891 c 140 § 26; 1890 p 540 § 25; Rem. Supp. 1947 § 11133.]

Expiration date—Application—2014 c 207: See notes following RCW 84.36.010.

84.40.230 Contract to purchase public land. (Effective January 1, 2022.) When any real property is sold on contract by the United States of America, the state, or any county or municipality, and the contract expresses or implies that the vendee is entitled to the possession, use, benefits and profits thereof and therefrom so long as the vendee complies with the terms of the contract, it shall be deemed that the vendor retains title merely as security for the fulfillment of the contract, and the property shall be assessed and taxed in the same manner as other similar property in private ownership is taxed, and the tax roll shall contain, opposite the description of the property so assessed the following notation: "Subject to title remaining in the vendor" or other notation of similar significance. No foreclosure for delinquent taxes nor any deed issued pursuant thereto shall extinguish or otherwise affect the title of the vendor. In any case under former law where the contract and not the property was taxed no deed of the property described in such contract shall ever be executed and delivered by the state or any county or municipality until all taxes assessed against such contract and local assessments assessed against the land described thereon are fully paid. [1994 c 124 § 25; 1961 c 15 § 84.40.230. Prior: 1947 c 231 § 1; 1941 c 79 § 1; 1925 ex.s.c 137 § 33; 1897 c 71 § 26; 1893 c 124 § 26; 1891 c 140 § 26; 1890 p 540 § 25; Rem. Supp. 1947 § 11133.]

48.40.240 Annual list of lands sold or contracted to be sold to be furnished assessor. The assessor of each county shall, on or before the first day of January of each year, obtain from the department of natural resources, and from the local land offices of the state, lists of public lands sold or contracted to be sold during the previous year in his or her county, and certify them for taxation, together with the various classes of state lands sold during the same year, and it shall be the duty of the department of natural resources to certify a list or lists of all public lands sold or contracted to be sold during the previous year, on application of the assessor of any county applying therefor. [2013 c 23 § 363; 1961 c 15 § 84.40.240. Prior: 1939 c 206 § 10; 1925 ex.s.c 130 § 10; 1897 c 71 § 91; 1893 c 124 § 94; 1891 c 140 § 26; 1890 p 540 § 25; RRS § 11114.]

48.40.315 Federal agencies and property taxable when federal law permits. Notwithstanding the provisions of RCW 84.36.010 or anything to the contrary in the laws of the state of Washington, expressed or implied, the United States and its agencies and instrumentalities and their property are hereby declared to be taxable, and shall be taxed under the existing laws of this state or any such laws hereafter enacted, whenever and in such manner as such taxation may be authorized or permitted under the laws of the United States. [1961 c 15 § 84.40.315. Prior: 1945 c 142 § 1; Rem. Supp. 1945 § 11150-1. Formerly RCW 84.08.180.]

84.40.320 Detail and assessment lists to board of equalization. The assessor shall add up and note the amount of each column in the detail and assessment lists in such manner as prescribed or approved by the state department of revenue, as will provide a convenient and permanent record of assessment. The assessor shall also make, under proper headings, a certification of the assessment rolls and on the 15th day of July shall file the same with the clerk of the county board of equalization for the purpose of equalization by the said board. Such certificate shall be verified by an affidavit, substantially in the following form:

State of Washington, . . . . . . . County, ss.

I . . . . . . . , Assessor . . . . . . . , do solemnly swear that the assessment rolls and this certificate contain a correct and full list of all the real and personal property subject to taxation in this county for the assessment year 19 . . . . . . . . so far as I have been able to ascertain the same; and that the assessed value set down in the proper column, opposite the several kinds and descriptions of property, is in each case, except as otherwise provided by law, one hundred percent of the true and fair value of such property, to the best of my knowledge and belief; and that the assessment rolls and this certificate are correct, as I verily believe.

. . . . . . . . , Assessor.

Subscribed and sworn to before me this . . . . day of . . . . . . . . . , 19 . . . . (L. S.) . . . . . . . , Auditor of . . . . . . . county.

Provided, That the failure of the assessor to complete the certificate shall in nowise invalidate the assessment. After the same has been duly equalized by the county board of equalization, the same shall be delivered to the county assessor. [1988 c 222 § 18; 1975 1st ex.s.c 278 § 195; 1973 1st ex.s.c 195 § 98; 1961 c 15 § 84.40.320. Prior: 1937 c 121 § 1; 1925 ex.s.c 130 § 65; 1897 c 71 § 54; 1893 c 124 § 55; 1891 c 140 § 55; 1890 p 552 § 60; RRS § 11148.]

Additional notes found at www.leg.wa.gov

84.40.335 Lists, schedules or statements to contain declaration that falsification subject to perjury. Except for personal property under RCW 84.40.190, any list, schedule or statement required by this chapter shall contain a written declaration that any person signing the same and knowing the same to be false shall be subject to the penalties of perjury. [2003 c 302 § 5; 1967 ex.s.c 149 § 42.]

Additional notes found at www.leg.wa.gov

84.40.340 Verification by assessor of any list, statement, or schedule—Confidentiality, penalty. (1) For the purpose of verifying any list, statement, or schedule required to be furnished to the assessor by any taxpayer, any assessor or his or her trained and qualified deputy at any reasonable time may visit, investigate and examine any personal property, and for this purpose the records, accounts and inventories also shall be subject to any such visitation, investigation and examination which shall aid in determining the amount and valuation of such property. Such powers and duties may be performed at any office of the taxpayer in this state, and the taxpayer shall furnish or make available all such information pertaining to property in this state to the assessor.
although the records may be maintained at any office outside this state.

(2) Any information or facts obtained pursuant to this section shall be used by the assessor only for the purpose of determining the assessed valuation of the taxpayer's property: PROVIDED, That such information or facts shall also be made available to the department of revenue upon request for the purpose of determining any sales or use tax liability with respect to personal property, and except in a civil or criminal judicial proceeding or an administrative proceeding in respect to penalties imposed pursuant to RCW 84.40.130, to such sales or use taxes, or to the assessment or valuation for tax purposes of the property to which such information and facts relate, shall not be disclosed by the assessor or the department of revenue without the permission of the taxpayer to any person other than public officers or employees whose duties relate to valuation of property for tax purposes or to the imposition and collection of sales and use taxes, and any violation of this secrecy provision is a gross misdemeanor.

[2003 c 53 § 410; 1997 c 239 § 3; 1973 1st ex.s. c 74 § 1; 1967 ex.s.c. 149 § 40; 1961 ex.s.c. 24 § 6.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Additional notes found at www.leg.wa.gov

84.40.343 Mobile homes—Identification of. In the assessment of any mobile home, the assessment record shall contain a description of the mobile home including the make, model, and serial number. The property tax roll shall identify any mobile home. [1985 c 395 § 8.]

84.40.344 Mobile homes—Avoidance of payment of tax—Penalty. Every person who wilfully avoids the payment of personal property taxes on mobile homes subject to such tax under the laws of this state shall be guilty of a misdemeanor. [1971 ex.s.c. 299 § 75.]

Additional notes found at www.leg.wa.gov

84.40.350 Assessment and taxation of property losing exempt status. Real property, previously exempt from taxation, shall be assessed and taxed as provided in RCW 84.40.350 through 84.40.390 when transferred to private ownership by any exempt organization including the United States of America, the state or any political subdivision thereof by sale or exchange or by a contract under conditions provided for in RCW 84.40.230 or when the property otherwise loses its exempt status. [1984 c 220 § 13; 1971 ex.s.c. 44 § 2.]

84.40.360 Loss of exempt status—Property subject to pro rata portion of taxes for remainder of year. Property which no longer retains its exempt status shall be subject to a pro rata portion of the taxes allocable to the remaining portion of the year after the date that the property lost its exempt status. If a portion of the property has lost its exempt status, only that portion shall be subject to tax under this section. [1984 c 220 § 14; 1971 ex.s.c. 44 § 3.]

84.40.370 Loss of exempt status—Valuation date—Extension on rolls. The assessor shall list the property and assess it with reference to its value on the date the property lost its exempt status unless such property has been previously listed and assessed. He or she shall extend the taxes on the tax roll using the rate of percent applicable as if the property had been assessed in the previous year. [2013 c 23 § 364; 1984 c 220 § 15; 1971 ex.s.c. 44 § 4.]

84.40.380 Loss of exempt status—When taxes due and payable—Dates of delinquency—Interest. All taxes made payable pursuant to the provisions of RCW 84.40.350 through 84.40.390 shall be due and payable to the county treasurer on or before the thirtieth day of April in the event the date of execution of the instrument of transfer occurs prior to that date unless the time of payment is extended under the provisions of RCW 84.56.020. Such taxes shall be due and payable on or before the thirty-first day of October in the event the date the property lost its exempt status is subsequent to the thirtieth day of April but prior to the thirty-first day of October. In all other cases such taxes shall be due and payable within thirty days after the date the property lost its exempt status. In no case, however, shall the taxes be due and payable less than thirty days from the date the property lost its exempt status. All taxes due and payable after the dates herein shall become delinquent, and interest at the rate specified in RCW 84.56.020 for delinquent property taxes shall be charged upon such unpaid taxes from the date of delinquency until paid. [1984 c 220 § 16; 1971 ex.s.c. 44 § 5.]

84.40.390 Loss of exempt status—Taxes constitute lien on property. Taxes made due and payable under RCW 84.40.350 through 84.40.390 shall be a lien on the property from the date the property lost its exempt status. [1984 c 220 § 17; 1971 ex.s.c. 44 § 6.]

84.40.405 Rules for agricultural products and business inventories. The department of revenue shall promulgate such rules and regulations, and prescribe such procedures as it deems necessary to carry out RCW 84.36.470 and 84.36.477. [2001 c 187 § 20; 2000 c 103 § 28; 1985 c 7 § 156; 1983 1st ex.s.c. 62 § 10; 1974 ex.s.c. 169 § 9.]

Short title—Intent—Effective dates—Applicability—1983 1st ex.s.c. 62: See notes following RCW 84.36.477.

Severability—Effective date—Intent—1974 ex.s.c. 169: See notes following RCW 82.04.444.

84.40.410 Valuation and assessment of certain leasehold interests. A leasehold interest consisting of three thousand or more residential and recreational lots that are or may be subleased for residential and recreational purposes, together with any improvements thereon, shall be assessed and taxed in the same manner as privately owned real property. The sublessee of each lot, or the lessee if not subleased, is liable for the property tax on the lot and improvements thereon. If property tax for a lot or improvements thereon remains unpaid for more than three years from the date of delinquency, including any property taxes that are delinquent as of July 22, 2001, the county treasurer may proceed to collect the tax in the same manner as for other property, except that the lessor's interest in the property shall not be extinguished as a result of any action for the collection of tax. Collection of property taxes assessed on any such lot shall be

REVALUATION OF PROPERTY

Sections

84.41.010 Declaration of policy.
84.41.020 Scope of chapter.
84.41.030 Revaluation program to be on continuous basis—Revaluation schedule—Effect of other proceedings on valuation.
84.41.041 Physical inspection and valuation of taxable property required—Adjustments during intervals based on statistical data.
84.41.050 Budget, levy, to provide funds.
84.41.060 Assistance by department of revenue at request of assessor.
84.41.070 Finding of unsatisfactory progress—Notice—Duty of county legislative authority.
84.41.080 Contracts for special assistance.
84.41.090 Department to establish statistical methods—Publication of rules, regulations, and guides—Compliance required.
84.41.100 Assessor may appoint deputies and engage expert appraisers.
84.41.110 Appraisers to act in advisory capacity.
84.41.120 Assessor to keep records—Orders of department of revenue, compliance enjoined, remedies.
84.41.130 Assessor's annual reports.

84.41.010 Declaration of policy. Recent comprehensive studies by the legislative council have disclosed gross inequality and nonuniformity in valuation of real property for tax purposes throughout the state. Serious nonuniformity in valuations exists both between similar property within the various taxing districts and between general levels of valuation of the various counties. Such nonuniformity results in inequality in taxation contrary to standards of fairness and uniformity required and established by the Constitution and is of such flagrant and widespread occurrence as to constitute a grave emergency adversely affecting state and local government and the welfare of all the people.

Traditional public policy of the state has vested large measure of control in matters of property valuation in county government, and the state hereby declares its purpose to continue such policy. However, present statutes and practices thereunder have failed to achieve the measure of uniformity required by the Constitution; the resultant widespread inequality and nonuniformity in valuation of property can and should no longer be tolerated. It thus becomes necessary to require general revaluation of property throughout the state. [1961 c 15 § 84.41.010. Prior: 1955 c 251 § 1.]

84.41.020 Scope of chapter. This chapter does not, and is not intended to affect procedures whereby taxes are imposed either for local or state purposes. This chapter concerns solely the administrative procedures by which the true and fair value in money of property is determined. The process of valuation, which is distinct and separate from the process of levying and imposing a tax, does not result either in the imposition of a tax or the determination of the amount of a tax. This chapter is intended to, and applies only to procedures and methods whereby the value of property is ascertained. [1961 c 15 § 84.41.020. Prior: 1955 c 251 § 2.]

84.41.030 Revaluation program to be on continuous basis—Revaluation schedule—Effect of other proceed-

[Title 84 RCW—page 102]
48.41.050 Budget, levy, to provide funds. Each county assessor in budgets hereafter submitted, shall make adequate provision to effect countywide revaluations as herein directed. The several boards of county commissioners in passing upon budgets submitted by the several assessors, shall authorize and levy amounts which in the judgment of the board will suffice to carry out the directions of this chapter. [1961 c 15 § 84.41.050. Prior: 1955 c 251 § 5.]

48.41.060 Assistance by department of revenue at request of assessor. Any county assessor may request special assistance from the department of revenue in the valuation of property which either (1) requires specialized knowledge not otherwise available to the assessor's staff, or (2) because of an inadequate staff, cannot be completed by the assessor within the time required by this chapter. After consideration of such request the department of revenue shall advise the assessor that such request is either approved or rejected in whole or in part. Upon approval of such request, the department of revenue may assist the assessor in the valuation of such property in such manner as the department of revenue, in its discretion, considers proper and adequate. [1975 1st ex.s. c 278 § 197; 1961 c 15 § 84.41.060. Prior: 1955 c 251 § 6.]

48.41.070 Finding of unsatisfactory progress—Notice—Duty of county legislative authority. If the department of revenue finds upon its own investigation, or upon a showing by others, that the revaluation program for any county is not proceeding for any reason as herein directed, the department of revenue shall advise both the county legislative authority and the county assessor of such finding. Within thirty days after receiving such advice, the county legislative authority, at regular or special session, either (1) shall authorize such expenditures as will enable the assessor to complete the revaluation program as herein directed, or (2) shall direct the assessor to request special assistance from the department of revenue for aid in effectuating the county's revaluation program. [1994 c 301 § 40; 1975 1st ex.s. c 278 § 198; 1961 c 15 § 84.41.070. Prior: 1955 c 251 § 7.]

84.41.080 Contracts for special assistance. Upon receiving a request from the county assessor, either upon his or her initiation or at the direction of the board of county commissioners, for special assistance in the county's revaluation program, the department of revenue may, before undertaking to render such special assistance, negotiate a contract with the board of county commissioners of the county concerned. Such contracts as are negotiated shall provide that the county will reimburse the state for fifty percent of the costs of such special assistance within three years of the date of expenditure of such costs. All such reimbursements shall be paid to the department of revenue for deposit to the state general fund. The department of revenue shall keep complete records of such contracts, including costs incurred, payments received, and services performed thereunder. [2013 c 23 § 365; 1975 1st ex.s. c 278 § 199; 1961 c 15 § 84.41.080. Prior: 1955 c 251 § 8.]

84.41.090 Department to establish statistical methods—Publication of rules, regulations, and guides—Compliance required. The department of revenue shall by rule establish appropriate statistical methods for use by assessors in adjusting the valuation of property between physical inspections. The department of revenue shall make and publish such additional rules, regulations and guides which it determines are needed to supplement materials presently published by the department of revenue for the general guidance and assistance of county assessors. Each assessor is hereby directed and required to value property in accordance with the standards established by RCW 84.40.030 and in accordance with the applicable rules, regulations and valuation manuals published by the department of revenue. [1982 1st ex.s. c 46 § 3; 1975 1st ex.s. c 278 § 200; 1961 c 15 § 84.41.090. Prior: 1955 c 251 § 9.]

84.41.100 Assessor may appoint deputies and engage expert appraisers. See RCW 36.21.011.

84.41.110 Appraisers to act in advisory capacity. Appraisers whose services may be obtained by contract or who may be assigned by the department of revenue to assist any county assessor shall act in an advisory capacity only, and valuations made by them shall not in any manner be binding upon the assessor, it being the intent herein that all valuations made pursuant to this chapter shall be made and entered by the assessor pursuant to law as directed herein. [1975 1st ex.s. c 278 § 201; 1961 c 15 § 84.41.110. Prior: 1955 c 251 § 11.]

84.41.120 Assessor to keep records—Orders of department of revenue, compliance enjoined, remedies. Each county assessor shall keep such books and records as are required by the rules and regulations of the department of revenue and shall comply with any lawful order, rule, or regulation of the department of revenue.

Whenever it appears to the department of revenue that any assessor has failed to comply with any of the provisions of this chapter relating to his or her duties or the rules of the
department of revenue made in pursuance thereof, the department of revenue, after a hearing on the facts, may issue an order directing such assessor to comply with such provisions of this chapter or rules of the department of revenue. Such order shall be mailed by registered mail to the assessor at the county courthouse. If, upon the expiration of fifteen days from the date such order is mailed, the assessor has not complied therewith or has not taken measures that will insure compliance within a reasonable time, the department of revenue may apply to a judge of the superior court or court commissioner of the county in which such assessor holds office, for an order returnable within five days from the date thereof to compel him or her to comply with such provisions of law or of the order of the department of revenue or to show cause why he or she should not be compelled so to do. Any order issued by the judge pursuant to such order to show cause shall be final. The remedy herein provided shall be cumulative and shall not exclude the department of revenue from exercising any powers or rights otherwise granted. [2013 c 23 § 366; 1975 1st ex.s. c 278 § 202; 1961 c 15 § 84.41.120. Prior: 1955 c 251 § 12.]

Additional notes found at www.leg.wa.gov

**84.41.130 Assessor's annual reports.** Each county assessor, before October 15th each year, shall prepare and submit to the department of revenue a detailed report of the progress made in the revaluation program in his or her county to the date of the report and be made a matter of public record. Such report shall be submitted upon forms supplied by the department of revenue and shall consist of such information as the department of revenue requires. [1998 c 245 § 171; 1975 1st ex.s. c 278 § 203; 1961 c 15 § 84.41.130. Prior: 1955 c 251 § 13.]

Additional notes found at www.leg.wa.gov

**Chapter 84.44 RCW TAXABLE SITUS**

- **Sec. 84.44.010 Situs of personality generally.** Personal property, except such as is required in this title to be listed and assessed otherwise, shall be listed and assessed in the county where it is situated. [1994 c 301 § 41; 1961 c 15 § 84.44.010. Prior: 1925 ex.s. c 130 § 16; RRS § 11120; prior: 1897 c 71 § 9; 1893 c 124 § 9; 1891 c 140 § 9; 1890 p 533 § 8; 1871 p 39 § 9; 1869 p 179 § 9.]

- **Sec. 84.44.020 Gas, electric, water companies—Mains and pipes, as personalty.** The personal property of gas, electric and water companies shall be listed and assessed in the town or city where the same is located. Gas and water mains and pipes laid in roads, streets or alleys, shall be held to be personal property. [1961 c 15 § 84.44.020. Prior: 1925 ex.s. c 130 § 18; RRS § 11122; prior: 1897 c 71 § 11; 1893 c 124 § 11; 1891 c 140 § 11; 1890 p 534 § 10.]

**84.44.030 Lumber and sawlogs.** Lumber and sawlogs shall be assessed and taxed in the county and taxing district where the same may be situated at noon on the first day of January of the assessment year: PROVIDED, That if any lumber or sawlogs shall, at said time, be in intrastate transit from one point to another within the state, the same shall be assessed and taxed in the county and taxing districts of their destination. [1961 c 15 § 84.44.030. Prior: 1941 c 155 § 1; 1939 c 206 § 12; 1925 ex.s. c 130 § 13; Rem. Supp. 1941 § 11117; prior: 1907 c 108 § 3.]

**84.44.050 Personality of automobile transportation companies—Vessels, boats and small craft.** The personal property of automobile transportation companies owning, controlling, operating or managing any motor propelled vehicle used in the business of transporting persons and/or property for compensation over any public highway in this state between fixed termini or over a regular route, shall be listed and assessed in the various counties where such vehicles are operated, in proportion to the mileage of their operations in such counties: PROVIDED, That vehicles subject to chapter 82.44 RCW and trailer units exempt under RCW 82.44.020(4) shall not be listed or assessed for ad valorem taxation so long as chapter 82.44 RCW remains in effect. All vessels of every class which are by law required to be registered, licensed or enrolled, must be assessed and the taxes thereon paid only in the county of their actual situs: PROVIDED, That such interest shall be taxed but once. All boats and small craft not required to be registered must be assessed in the county of their actual situs: PROVIDED, That if such person has been assessed or county, he or she shall not be again assessed for such year. The owner of personal property moving into this state from another state between the first day of January and the first day of July shall list the property owned by him or her on the first day of January of the assessment year: PROVIDED, That if any lumber or sawlogs shall, at said time, be in intrastate transit from one point to another within the state, the same shall be assessed and taxed in the county and taxing districts of their destination. [1961 c 15 § 84.44.030. Prior: 1941 c 155 § 1; 1939 c 206 § 12; 1925 ex.s. c 130 § 13; Rem. Supp. 1941 § 11117; prior: 1907 c 108 § 3.]

**84.44.080 Owner moving into state or to another county after January 1st.** The owner of personal property removing from one county to another between the first day of January and the first day of July shall be assessed in either in which he or she is first called upon by the assessor. The owner of personal property moving into this state from another state between the first day of January and the first day of July shall list the property owned by him or her on the first day of January of such year in the county in which he or she resides: PROVIDED, That if such person has been assessed and can make it appear to the assessor that he or she is held for the tax of the current year on the property in another state or county, he or she shall not be again assessed for such year. [2013 c 23 § 367; 1961 c 15 § 84.44.080. Prior: 1939 c 206 § 13; 1925 ex.s. c 130 § 14; RRS § 11118; prior: 1891 c 140 § 7; 1890 p 534 § 13.]
84.48.010 County board of equalization—Formation—Per diem—Meetings—Duties—Records—Correction of rolls—Extending taxes—Change in valuation, release or commutation of taxes by county legislative authority prohibited. Prior to July 15th, the county legislative authority shall form a board for the equalization of the assessment of the property of the county. The members of said board shall receive a per diem amount as set by the county legislative authority for each day of actual attendance of the meeting of the board of equalization to be paid out of the current expense fund of the county: PROVIDED, That when the county legislative authority constitute the board they shall only receive their compensation as members of the county legislative authority. The board of equalization shall meet in open session for this purpose annually on the 15th day of July and, having each taken an oath fairly and impartially to perform their duties as members of such board, they shall examine and compare the returns of the assessment of the property of the county and proceed to equalize the same, so that each tract or lot of real property and each article or class of personal property shall be entered on the assessment list at its true and fair value, according to the measure of value used by the county assessor in such assessment year, which is presumed to be correct under RCW 84.40.0301, and subject to the following rules:

First. They shall raise the valuation of each tract or lot or item of real property which is returned below its true and fair value to such price or sum as to be the true and fair value thereof, after at least five days' notice shall have been given in writing to the owner or agent.

Second. They shall reduce the valuation of each tract or lot or item which is returned above its true and fair value to such price or sum as to be the true and fair value thereof.

Third. They shall raise the valuation of each class of personal property which is returned below its true and fair value to such price or sum as to be the true and fair value thereof, and they shall raise the aggregate value of the personal property of each individual whenever the aggregate value is less than the true valuation of the taxable personal property possessed by such individual, to such sum or amount as to be the true value thereof, after at least five days' notice shall have been given in writing to the owner or agent thereof.

Fourth. They shall reduce the valuation of each class of personal property enumerated on the detail and assessment list of the current year, which is returned above its true and fair value, to such price or sum as to be the true and fair value thereof; and they shall reduce the aggregate valuation of the personal property of such individual who has been assessed at too large a sum to such sum or amount as was the true and fair value of the personal property.

Fifth. The board may review all claims for either real or personal property tax exemption as determined by the county assessor, and shall consider any taxpayer appeals from the decision of the assessor thereon to determine (1) if the taxpayer is entitled to an exemption, and (2) if so, the amount thereof.

The clerk of the board shall keep an accurate journal or record of the proceedings and orders of said board showing the facts and evidence upon which their action is based, and the said record shall be published the same as other proceedings of county legislative authority, and shall make a true record of the changes of the descriptions and assessed values ordered by the county board of equalization. The assessor shall correct the real and personal assessment rolls in accordance with the changes made by the said county board of equalization, and the assessor shall make duplicate abstracts of such corrected values, one copy of which shall be retained in the office, and one copy forwarded to the department of revenue on or before the eighteenth day of August next following the meeting of the county board of equalization.

The county board of equalization shall meet on the 15th day of July and may continue in session and adjourn from time to time during a period not to exceed four weeks, but shall remain in session not less than three days: PROVIDED,
That the county board of equalization with the approval of the county legislative authority may convene at any time when petitions filed exceed twenty-five, or ten percent of the number of appeals filed in the preceding year, whichever is greater.

No taxes, except special taxes, shall be extended upon the tax rolls until the property valuations are equalized by the department of revenue for the purpose of raising the state revenue.

County legislative authorities as such shall at no time have any authority to change the valuation of the property of any person or to release or commute in whole or in part the taxes due on the property of any person. [2001 c 187 § 22; 1997 c 3 § 109 (Referendum Bill No. 47, approved November 4, 1997); 1988 c 222 § 20; 1979 c 13 § 1. Prior: 1977 ex.s. c 290 § 2; 1977 c 33 § 1; 1970 ex.s. c 55 § 2; 1961 c 15 § 84.48.010; prior: 1939 c 206 § 35; 1925 ex.s. c 130 § 68; RRS § 11220; prior: 1915 c 122 § 1; 1907 c 129 § 1; 1897 c 71 § 84.48.014; prior: 1939 c 206 § 35; 1925 ex.s. c 130 § 68; RRS § 11220; prior: 1915 c 122 § 1; 1907 c 129 § 1; 1897 c 71 § 84.48.014.]

84.48.014 County board of equalization—Composition of board—Qualifications. The board of equalization of each county shall consist of not less than three nor more than seven members alternates. Such members shall be appointed by a majority of the members of the county legislative authority, and shall be selected based upon the qualifications established by rule by the department of revenue and shall not be a holder of any elective office nor be an employee of any elected official: PROVIDED, HOWEVER, The county legislative authority may itself constitute the board at its discretion. Any member who does not attend the school required by RCW 84.48.042 within one year of appointment or reappointment shall be barred from serving as a member of the board of equalization unless this requirement is waived for the member by the department for just cause. [1988 c 222 § 21; 1970 ex.s. c 55 § 3.]

Additional notes found at www.leg.wa.gov

84.48.018 County board of equalization—Chair—Quorum. The members of each board of equalization shall meet and choose a chair. A majority of the board shall constitute a quorum. [2013 c 23 § 368; 1970 ex.s. c 55 § 4.]

Additional notes found at www.leg.wa.gov

84.48.022 County board of equalization—Meetings. All meetings of the board of equalization shall be held at the county courthouse, or other suitable place within the county, and the county legislative authority shall make provision for a suitable meeting place. [1994 c 124 § 26; 1970 ex.s. c 55 § 5.]

Additional notes found at www.leg.wa.gov

84.48.026 County board of equalization—Terms—Removal. The terms of each appointed member of the board shall be for three years or until their successors are appointed. Each appointed member may be removed by a majority vote of the county legislative authority. [1994 c 124 § 27; 1970 ex.s. c 55 § 6.]

Additional notes found at www.leg.wa.gov

84.48.028 County board of equalization—Clerk—Assistants. The board may appoint a clerk of the board and any assistants the board might need, all to serve at the pleasure of the members of the board, and the clerk or assistant shall attend all sessions thereof, and shall keep the record. Neither the assessor nor any of the assessor’s staff may serve as clerk. [1994 c 124 § 28; 1970 ex.s. c 55 § 7.]

Additional notes found at www.leg.wa.gov

84.48.032 County board of equalization—Appraisers. The board may hire one or more appraisers accredited by the department of revenue or certified by the Washington state department of licensing, society of real estate appraisers, American institute of real estate appraisers, or international association of assessing officers, and not otherwise employed by the county, and other necessary personnel for the purpose of aiding the board and carrying out its functions and duties. In addition, the boards of the various counties may make reciprocal arrangements for the exchange of the appraisers with other counties. Such appraisers need not be residents of the county. [1994 c 124 § 29; 1970 ex.s. c 55 § 8.]

Additional notes found at www.leg.wa.gov

84.48.034 County board of equalization—Duration of order. The board of equalization may enter an order that has effect up to the end of the assessment cycle used by the assessor, if there has been no intervening change in the value during that time. [1994 c 301 § 47.]

84.48.036 County board of equalization—Annual budget. The county legislative authority may provide an adequate annual budget and funds for operation and needs of the board of equalization, including, but not limited to the costs and expenses of the board, such as the meeting place, the necessary equipment and facilities, materials, the salaries of the clerk of the board and the clerk’s assistants, the expenses of the members of the board during the sessions, travel, in-service training, and payment of salaries of all such employees hired by the board, to facilitate its work. [1994 c 124 § 30; 1970 ex.s. c 55 § 9.]

Additional notes found at www.leg.wa.gov

84.48.038 County board of equalization—Legal advisor. The prosecuting attorney of each county shall serve as legal advisor to the board of equalization. [1970 ex.s. c 55 § 10.]

Additional notes found at www.leg.wa.gov

84.48.042 County board of equalization—Training school. The department of revenue shall establish a school for the training of members of the several boards of equalization throughout the state. Sessions of such schools shall, so far as practicable, be held in each district of the Washington state association of counties. Every member of the board of equalization of each county shall attend such school within
Equalization of Assessments

84.48.046 County board of equalization—Operating manual. The department of revenue shall provide a manual for the operation procedures of the several boards of equalization so that uniformity of assessment may be obtained throughout the state, and the several boards of equalization shall follow such manual in all of its operations and procedures. [1970 ex.s. c 55 § 12.]

Additional notes found at www.leg.wa.gov

84.48.050 Abstract of rolls—State action if assessor does not transmit, when. (1) The county assessor must, on or before the fifteenth day of January in each year, prepare a complete abstract of the tax rolls of the county, showing the number of acres that have been assessed and the total value of the real property, including the structures on the real property; the total value of all taxable personal property in the county; the aggregate amount of all taxable property in the county; the total amount as equalized and the total amount of taxes levied in the county for state, county, city, and other taxing district purposes, for that year.

(2) If an assessor of any county fails to transmit to the department of revenue the abstract provided for in RCW 84.48.010, and if a county fails to collect and pay to the state its due proportion of the state tax for any year because of that failure, the department of revenue must ascertain what amount of state tax the county failed to collect. The department must certify to the county auditor the amount of state tax the county failed to collect. This sum is due and payable immediately by warrant in favor of the state on the current expense fund of the county. [2010 c 106 § 311; 1995 c 134 § 15. Prior: 1994 c 301 § 42; 1994 c 124 § 31; 1961 c 15 § 84.48.050; prior: 1925 ex.s. c 130 § 69; RRS § 11221; prior: 1890 p 557 § 74. Formerly RCW 84.48.050 and 84.48.070.]

Effective date—2010 c 106: See note following RCW 35.102.145.

84.48.065 Cancellation and correction of erroneous assessments and assessments on property on which land use designation is changed. (1) The county assessor or treasurer may cancel or correct assessments on the property on which tax rolls which are erroneous due to manifest errors in description, double assessments, clerical errors in extending the rolls, and such manifest errors in the listing of the property which do not involve a revaluation of property, except in the case that a taxpayer produces proof that an authorized land use authority has made a definitive change in the property's land use designation. In such a case, correction of the assessment or tax rolls may be made notwithstanding the fact that the action involves a revaluation of property. Manifest errors that do not involve a revaluation of property include the assessment of property exempted by law from taxation or the failure to deduct the exemption allowed by law to the head of a family. When the county assessor cancels or corrects an assessment, the assessor shall send a notice to the taxpayer in accordance with RCW 84.40.045, advising the taxpayer that the action has been taken and notifying the taxpayer of the right to appeal the cancellation or correction to the county board of equalization, in accordance with RCW 84.40.038. When the county assessor or treasurer cancels or corrects an assessment, a record of such action shall be prepared, setting forth therein the facts relating to the error. The record shall also set forth by legal description all property belonging exclusively to the state, any county, or any municipal corporation whose property is exempt from taxation, upon which there remains, according to the tax roll, any unpaid taxes. No manifest error cancellation or correction, including a cancellation or correction made due to a definitive change of land use designation, shall be made for any period more than three years preceding the year in which the error is discovered.

(2)(a) In the case of a definitive change of land use designation, an assessor shall make corrections that involve a revaluation of property to the assessment roll when:

(i) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and

(ii) The assessment roll has previously been certified in accordance with RCW 84.40.320.

(b) In all other cases, an assessor shall make corrections that involve a revaluation of property to the assessment roll when:

(i) The assessor and taxpayer have signed an agreement as to the true and fair value of the taxpayer's property setting forth in the agreement the valuation information upon which the agreement is based; and

(ii) The following conditions are met:

(A) The assessment roll has previously been certified in accordance with RCW 84.40.320;

(B) The taxpayer has timely filed a petition with the county board of equalization pursuant to RCW 84.40.038 for the current assessment year;

(C) The county board of equalization has not yet held a hearing on the merits of the taxpayer's petition.

(3) The assessor shall issue a supplementary roll or rolls including such cancellations and corrections, and the assessment and levy shall have the same force and effect as if made in the first instance, and the county treasurer shall proceed to collect the taxes due on the rolls as modified. [2001 c 187 § 23; 1997 c 3 § 110 (Referendum Bill No. 47, approved November 4, 1997); 1996 c 296 § 1; 1992 c 206 § 12; 1989 c 378 § 14; 1988 c 222 § 25.]

Additional notes found at www.leg.wa.gov

84.48.075 County indicated ratio—Determination by department—Submission of preliminary ratio to assessor—Rules—Use classes—Review of preliminary ratio—Certification—Examination of assessment procedures—Adjustment of ratio. (1) The department of revenue shall annually, prior to the first Monday in September, determine and submit to each assessor a preliminary indicated ratio for each county: PROVIDED, That the department shall establish rules and regulations pertinent to the determination of the indicated ratio, the indicated real property ratio and the indicated personal property ratio: PROVIDED FURTHER, That these rules and regulations may provide that data, as is necessary for said determination, which is available from the county assessor of any county and which has been audited as
84.48.080 Title 84 RCW: Property Taxes

84.48.080  Equalization of assessments—Taxes for state purposes—Procedure—Levy and apportionment—Hypothetical levy for establishing consolidated levy—Rules—Record.

(1) Annually during the months of September and October, the department of revenue shall examine and compare the returns of the assessment of the property in the several counties of the state, and the assessment of the property of railroad and other companies assessed by the department, and proceed to equalize the same, so that each county in the state shall pay its due and just proportion of the taxes for state purposes for such assessment year, according to the ratio the valuation of the property in each county bears to the total valuation of all property in the state.

(a) The department shall classify all property, real and personal, and shall raise and lower the valuation of any class of property in any county to a value that shall be equal, so far as possible, to the true and fair value of such class as of January 1st of the current year for the purpose of ascertaining the just amount of tax due from each county for state purposes. In equalizing personal property as of January 1st of the current year, the department shall use valuation data with respect to personal property from the three years immediately preceding the current assessment year in a manner it deems appropriate. Such classification may be on the basis of types of property, geographical areas, or both. For purposes of this section, for each county that has not provided the department with an assessment return by December 1st, the department shall proceed, using facts and information and in a manner it deems appropriate, to estimate the value of each class of property in the county.

(b) The department shall keep a full record of its proceedings and the same shall be published annually by the department.

(2) The department shall levy the state taxes authorized by law. The amount levied in any one year for general state purposes shall not exceed the lawful dollar rate on the dollar of the assessed value of the property of the entire state, which assessed value shall be one hundred percent of the true and fair value of the property in money. The department shall apportion the amount of tax for state purposes levied by the department, among the several counties, in proportion to the valuation of the taxable property of the county for the year as equalized by the department: PROVIDED, That for purposes of this apportionment, the department shall recompute the previous year's levy and the apportionment thereof to correct for changes and errors in taxable values reported to the department after October 1 of the preceding year and shall adjust the apportioned amount of the current year's state levy for each county by the difference between the apportioned amounts established by the original and revised levy computations for the previous year. For purposes of this section, changes in taxable values mean a final adjustment made by a county board of equalization, the state board of tax appeals, or a court of competent jurisdiction and shall include additions of omitted property, other additions or deletions from the assessment or tax rolls, any assessment return provided by a county to the department subsequent to December 1st, or a change in the indicated ratio of a county. Errors in taxable values mean errors corrected by a final reviewing body.

(3) The department shall have authority to adopt rules and regulations to enforce obedience to its orders in all matters in relation to the returns of county assessments, the equalization of values, and the apportionment of the state levy by the department.

(4) After the completion of the duties prescribed in this section, the director of the department shall certify the record of the proceedings of the department under this section, the tax levies made for state purposes and the apportionment thereof among the counties, and the certification shall be available for public inspection. [2008 c 86 § 502; 2001 c 185 § 12; 1997 c 3 § 112 (Referendum Bill No. 47, approved November 4, 1997); 1995 2nd sp.s. c 13 § 3; 1994 c 301 § 43; 1990 c 283 § 1; 1988 c 222 § 24; 1982 1st ex.s. c 28 § 1; 1979 ex.s. c 86 § 3; 1973 1st ex.s. c 195 § 99; 1971 ex.s. c 288 § 9; 1961 c 15 § 84.48.080. Prior: 1949 c 66 § 1; 1939 c 206 § 36; 1925 ex.s. c 130 § 70; Rem. Supp. 1949 § 11222; prior: 1917 c 55 § 1; 1915 c 7 § 1; 1907 c 215 § 1; 1899 c 141 § 4; 1897 c 71 § 60; 1893 c 124 § 61; 1890 p 557 § 75. Formerly RCW 84.48.080, 84.48.090, and 84.48.100.]

[Title 84 RCW—page 108]
84.48.110 Transcript of proceedings to county assessors—Delinquent tax for certain preceding years included. After certifying the record of the proceedings of the department in accordance with RCW 84.48.080, the department shall transmit to each county assessor a copy of the record of the proceedings of the department, specifying the amount to be levied and collected for state purposes for such year, and in addition thereto it shall certify to each county assessor the amount due to each state fund and unpaid from such county for the fifth preceding year, and such delinquent state taxes shall be added to the amount levied for the current year. The department shall close the account of each county for the fifth preceding year and charge the amount of such delinquency to the tax levy of the current year. These delinquent taxes shall not be subject to chapter 84.55 RCW. All taxes collected on and after the first day of July last preceding such certificate, on account of delinquent state taxes for the fifth preceding year shall belong to the county and by the county treasurer be credited to the current expense fund of the county in which collected. [1994 c 301 § 32; 1987 c 168 § 1; 1984 c 132 § 4; 1981 c 260 § 17. Prior: 1979 ex.s. c 86 § 4; 1979 c 151 § 185; 1973 c 95 § 11; 1961 c 15 § 84.48.110; prior: 1925 ex.s. c 130 § 71; RRS § 11223; prior: 1899 c 141 § 5; 1897 c 71 § 61; 1893 c 124 § 62; 1890 p 558 § 76.]

Reviser's note: This section was amended by 1994 c 124 § 32 and by 1994 c 301 § 44, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2).

84.48.120 Extension of state taxes. It shall be the duty of the assessor of each county, when the assessor shall have received from the state department of revenue the assessed valuation of the property of railroad and other companies assessed by the department of revenue and apportioned to the county, and placed the same on the tax rolls, and received the report of the department of revenue of the amount of taxes levied for state purposes, to compute the required percent on the assessed value of property in the county, and such state taxes shall be extended on the tax rolls. The rates so computed shall not be such as to raise a surplus of more than five percent over the total amount required by the department of revenue. Any surplus raised shall be remitted to the state in accordance with RCW 84.56.280. [1994 c 301 § 45; 1994 c 124 § 33; 1987 c 168 § 2; 1979 ex.s. c 86 § 5; 1975 1st ex.s. c 278 § 206; 1961 c 15 § 84.48.120. Prior: 1939 c 206 § 37; 1925 ex.s. c 130 § 72; RRS § 11224; prior: 1890 p 544 § 38.]

Reviser's note: This section was amended by 1994 c 124 § 33 and by 1994 c 301 § 45, each without reference to the other. Both amendments are incorporated in the publication of this section pursuant to RCW 1.12.025(2).

For rule of construction, see RCW 1.12.025(1).

84.48.130 Certification of assessed valuation to taxing districts. It shall be the duty of the assessor of each county, when the assessor shall have received from the state department of revenue the certificate of the assessed valuation of the property of railroad and/or other companies assessed by the department of revenue and apportioned to the county, and shall have distributed the value so certified, to the several taxing districts in the county entitled to a proportionate share thereof, and placed the same upon the tax rolls of the county, to certify to the county legislative authority and to the officers authorized by law to estimate expenditures and/or levy taxes for any taxing district coextensive with the county, the total assessed value of property in the county as shown by the completed tax rolls, and to certify to the officers authorized by law to estimate expenditures and/or levy taxes for each taxing district in the county not coextensive with the county, the total assessed value of the property in such taxing district. [1994 c 124 § 34; 1975 1st ex.s. c 278 § 207; 1961 c 15 § 84.48.130. Prior: 1939 c 206 § 38; 1925 ex.s. c 130 § 73; RRS § 11234.]

Additional notes found at www.leg.wa.gov

84.48.140 Property tax advisor. The county legislative authority of any county may designate one or more persons to act as a property tax advisor to any person liable for payment of property taxes in the county. A person designated as a property tax advisor shall not be an employee of the assessor's office or have been associated in any way with the determination of any valuation of property for taxation purposes that may be the subject of an appeal. A person designated as a property tax advisor may be compensated on a fee basis or as an employee by the county from any funds available to the county for use in property evaluation including funds available from the state for use in the property tax revaluation program.

The property tax advisor shall perform such duties as may be set forth by resolution of the county legislative authority.

If any county legislative authority elects to designate a property tax advisor, it shall publicize the services available. [1994 c 124 § 35; 1971 ex.s. c 288 § 11.]

Additional notes found at www.leg.wa.gov

84.48.150 Valuation criteria including comparative sales to be made available to taxpayer—Change. The assessor shall, upon the request of any taxpayer who petitions the board of equalization for review of a tax claim or valuation dispute, make available to said taxpayer a compilation of comparable sales utilized by the assessor in establishing such taxpayer's property valuation. If valuation criteria other than comparable sales were used, the assessor shall furnish the taxpayer with such other factors and the addresses of such other property used in making the determination of value.

The assessor shall within sixty days of such request but at least fourteen business days, excluding legal holidays, prior to such taxpayer's appearance before the board of equalization make available to the taxpayer the valuation criteria.
84.48.200 Rules. The department of revenue shall make such rules consistent with this chapter as shall be necessary or desirable to permit its effective administration. The rules may provide for changes of venue for the various boards of equalization. [1988 c 222 § 26.]

Chapter 84.52 RCW

LEY OF TAXES

Sections

84.52.010 Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations.
84.52.018 Calculation of tax levy rates when the assessment of highly valued property is in dispute.
84.52.020 City and district budgets to be filed with county legislative authority.
84.52.025 Budgets of taxing districts filed with county commissioners to indicate estimate of cash balance.
84.52.030 Time of levy.
84.52.040 Levies to be made on assessed valuation.
84.52.043 Limitations upon regular property tax levies.
84.52.044 Limitations upon regular property tax levies—Participating fire protection jurisdictions.
84.52.050 Limitation of levies.
84.52.052 Rules for administration.
84.52.054 Excess levies—with credit—When—Procedure.
84.52.055 Levies by school districts authorized—When—Procedure.
84.52.0531 Levies by school districts—Maximum dollar amount for maintenance and operation support—Restrictions—Maximum levy percentage—Levy reduction funds—Rules.
84.52.054 Excess levies—Ballot contents—Eventual dollar rate on tax rolls.
84.52.056 Excess levies for capital purposes authorized.
84.52.063 Rural library district levies.
84.52.065 State levy for support of common schools.
84.52.067 State levy for support of common schools—Disposition of funds.
84.52.069 Emergency medical care and service levies.
84.52.070 Certification of levies to assessor.
84.52.080 Extension of taxes on rolls—Form of certificate—Delivery to treasurer.
84.52.085 Property tax errors.
84.52.105 Affordable housing levies authorized—Declaration of emergency and plan required.
84.52.120 Metropolitan park districts—Protection of levy from prorationing—Ballot proposition.
84.52.125 Fire protection districts—Protection from levy prorationing.
84.52.130 Fire protection district excess levies.
84.52.135 County levy for criminal justice purposes.
84.52.140 Additional regular property tax levy authorized.
84.52.160 County airport district levy authorized.
84.52.203 Mosquito control district levies authorized.
84.52.206 Rural county library district levy authorized.

84.52.709 Intercounty rural library district levy authorized.
84.52.712 Reduction of city levy if part of library district.
84.52.713 Island library district levy authorized.
84.52.718 Levy by receiver of disincorporated city authorized.
84.52.719 Second-class city levies.
84.52.721 Unclassified city sewer fund levy authorized.
84.52.744 City accident fund levy authorized.
84.52.747 City emergency fund levy authorized.
84.52.749 City lowlands and waterway projects levy authorized.
84.52.733 Metropolitan municipal corporation levy authorized.
84.52.736 Metropolitan park district levy authorized.
84.52.739 Code city accident fund levy authorized.
84.52.742 County lands assessment fund levy authorized.
84.52.745 General county levy authorized.
84.52.749 County rail district tax levies authorized.
84.52.750 Solid waste disposal district—Excess levies authorized.
84.52.751 County hospital maintenance levy authorized.
84.52.754 Park and recreation service area levies authorized.
84.52.757 Park and recreation district levies authorized.
84.52.760 County road fund levy authorized.
84.52.761 Road and bridge service district levies authorized.
84.52.763 Fireman’s pension fund levy authorized.
84.52.766 Reduction of city levy if part of fire protection district.
84.52.772 Fire protection district levies authorized.
84.52.775 Port district levies authorized.
84.52.777 Public utility district levy authorized.
84.52.784 Water-sewer district levies authorized.
84.52.786 Cultural arts, stadium and convention district tax levies authorized.
84.52.787 Cemetery district levy authorized.
84.52.790 Public hospital district levy authorized.
84.52.793 Air pollution control agency levy authorized.
84.52.799 Veteran’s relief fund levy authorized.
84.52.802 Acquisition of open space, etc., land or rights to future development by certain entities—Property tax levy authorized.
84.52.808 River improvement fund levy authorized.
84.52.811 Intercounty river control agreement levy authorized.
84.52.814 Flood control zone district levy authorized.
84.52.815 Flood control zone district—Coextensive with county—Prorationing protection.
84.52.817 Irrigation and rehabilitation district special assessment authorized.
84.52.820 Reclamation district levy authorized.
84.52.823 Levy for tax refund funds.
84.52.825 Tax preferences—Expiration dates.

Levy for refunds: RCW 84.68.040.

Levy for services for persons with developmental disabilities or mental health services: RCW 71.20.110.

84.52.010 Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations. (Effective until January 1, 2018.) (1) Except as is permitted under RCW 84.55.050, all taxes must be levied or voted in specific amounts.

(2) The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county must be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

(3) When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor must recompute and establish a consolidated levy in the following manner:
(a) The full certified rates of tax levy for state, county, county road district, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion of the levy under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a metropolitan park district that has a population of less than one hundred fifty thousand and is located in a county with a population of one million five hundred thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the protected portion of the levy imposed under RCW 86.15.160 by a flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district with a population of one hundred fifty thousand or more that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(ix) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.815 must be reduced on a pro rata basis or eliminated;

(iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

(iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;

(v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1)(b) and (c) must be reduced on a pro rata basis or eliminated; and

(vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts
created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, must be reduced on a pro rata basis or eliminated. [2011 1st sp.s. c 28 § 2; 2011 c 275 § 1; 2009 c 551 § 7; 2007 c 54 § 26; 2005 c 122 § 2. Findings—Intent—Captions, part headings not law—Severability—Effective date—2003 c 83: See notes following RCW 36.57A.200.

Intent—1995 2nd sps. c 13: See note following RCW 84.48.080.

Finding—1993 c 337: See note following RCW 84.52.105.

Purpose—1988 c 274: *(The legislature finds that, due to statutory and constitutional limitations, the interdependence of the regular property tax levies of the state, counties, county road districts, cities and townships, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional tax limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained.)* [1988 c 274 § 1.]

Intent—1970 ex.s. c 92: *(It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section.)* [1970 ex.s. c 92 § 1.]

Additional notes found at www.leg.wa.gov

84.52.010 Taxes levied or voted in specific amounts—Effect of constitutional and statutory limitations. *(Effective January 1, 2018.)* Except as is permitted under RCW 84.55.050, all taxes shall be levied or voted in specific amounts.

The rate percent of all taxes for state and county purposes, and purposes of taxing districts coextensive with the county, shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the county, as shown by the completed tax rolls of the county, and the rate percent of all taxes levied for purposes of taxing districts within any county shall be determined, calculated and fixed by the county assessors of the respective counties, within the limitations provided by law, upon the assessed valuation of the property of the taxing districts respectively.

When a county assessor finds that the aggregate rate of tax levy on any property, that is subject to the limitations set forth in RCW 84.52.043 or 84.52.050, exceeds the limitations provided in either of these sections, the assessor shall recompute and establish a consolidated levy in the following manner:

(1) The full certified rates of tax levy for state, county, county road district, and city or town purposes shall be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy shall take precedence over all other levies and shall not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, and 84.52.140, the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies shall be reduced as follows:

(a) The levy imposed by a county under RCW 84.52.140 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated;

(b) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated;

(c) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(d) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(e) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.125 shall be reduced until the combined
rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated;

(f) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, shall be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or shall be eliminated; and

(g) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 shall be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(2) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property shall be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(a) First, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 shall be reduced on a pro rata basis or eliminated;

(b) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts shall be reduced on a pro rata basis or eliminated;

(c) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, shall be reduced on a pro rata basis or eliminated;

(d) Fourth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, shall be reduced on a pro rata basis or eliminated;

(e) Fifth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) shall be reduced on a pro rata basis or eliminated; and

(f) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, shall be reduced on a pro rata basis or eliminated. [2009 c 551 § 7; 2007 c 54 § 26; 2005 c 122 § 2. Finding—1993 c 337: See note following RCW 84.52.105.

Purpose—1988 c 274: "It is the legislature that finds, that due to statutory and constitutional limitations, the interdependence of the regular property tax levies of the state, counties, county road districts, cities and towns, and junior taxing districts can cause significant reductions in the otherwise authorized levies of those taxing districts, resulting in serious disruptions to essential services provided by those taxing districts. The purpose of this act is to avoid unnecessary reductions in regular property tax revenue without exceeding existing statutory and constitutional limitations on cumulative regular property tax levy rates. The legislature declares that it is a purpose of the state, counties, county road districts, cities and towns, public hospital districts, library districts, fire protection districts, metropolitan park districts, and other taxing districts to participate in the methods provided by this act by which revenue levels supporting the services provided by all taxing districts might be maintained." [1988 c 274 § 1.]

Intent—1970 ex.s. c 92: "It is the intent of this 1970 amendatory act to prevent a potential doubling of property taxes that might otherwise result from the enforcement of the constitutionally required fifty percent assessment ratio as of January 1, 1970, and to adjust property tax millage rates for subsequent years to levels which will conform to the requirements of any constitutional amendment imposing a one percent limitation on property taxes. It is the further intent of this 1970 amendatory act that the statutory authority of any taxing district to impose excess levies shall not be impaired by reason of the reduction in millage rates for regular property tax levies. This 1970 amendatory act shall be construed to effectuate the legislative intent expressed in this section." [1970 ex.s. c 92 § 1.]

Additional notes found at www.leg.wa.gov

84.52.018 Calculation of tax levy rates when the assessment of highly valued property is in dispute. Whenever any property value or claim for exemption or cancellation of a property assessment is appealed to the state board of tax appeals or court of competent jurisdiction and the dollar difference between the total value asserted by the taxpayer and the total value asserted by the opposing party exceeds one-fourth of one percent of the total assessed value of property in the county, the assessor shall use only that portion of the total value which is not in controversy for purposes of computing the levy rates and extending the tax on the tax roll in accordance with this chapter, unless the state board of tax appeals has issued its determination at the time of extending the tax.

When the state board of tax appeals or court of competent jurisdiction makes its final determination, the proper amount of tax shall be extended and collected for each taxing district if this has not already been done. The amount of tax collected and extended shall include interest at the rate of nine percent per year on the amount of the board's final determination minus the amount not in controversy. The interest...
shall accrue from the date the taxes on the amount not in controversy were first due and payable. Any amount extended in excess of that permitted by chapter 84.55 RCW shall be held in abeyance and used to reduce the levy rates of the next succeeding levy. [1994 c 124 § 37; 1989 c 378 § 15; 1987 c 156 § 1.]

84.52.020 City and district budgets to be filed with county legislative authority. It shall be the duty of the city council or other governing body of every city, other than a city having a population of three hundred thousand or more, the board of directors of school districts of the first class, the superintendent of each educational service district for each constituent second-class school district, commissioners of port districts, commissioners of metropolitan park districts, and of all officials or boards of taxing districts within or coextensive with any county required by law to certify to the county legislative authority, for the purpose of levying district taxes, budgets or estimates of the amounts to be raised by taxation on the assessed valuation of the property in the city or district, through their chair and clerk, or secretary, to make and file such certified budget or estimates with the clerk of the county legislative authority on or before the thirtieth day of November. [2005 c 52 § 1; 1994 c 81 § 85; 1988 c 222 § 27; 1975-76 2nd ex.s. c 118 § 33; 1975 c 43 § 33; 1961 c 15 § 84.52.020. Prior: 1939 c 37 § 1; 1925 ex.s. c 130 § 75; RRS § 11236; prior: 1909 c 138 § 1, 1893 c 71 §§ 2, 3.]

Additional notes found at www.leg.wa.gov

84.52.025 Budgets of taxing districts filed with county commissioners to indicate estimate of cash balance. The governing body of all taxing districts within or coextensive with any county, which are required by law to certify to a board of county commissioners, for the purpose of levying district taxes, budgets or estimates of the amounts to be raised by taxation on the assessed valuation of the property in the district, shall clearly indicate an estimate of cash balance at the beginning and ending of each budget period in said budget or estimate. [1961 c 52 § 1.]

84.52.030 Time of levy. For the purpose of raising revenue for state, county, and other taxing district purposes, the county legislative authority of each county, and all other officials or boards authorized by law to levy taxes for taxing district purposes, must levy taxes on all the taxable property in the county or district, as the case may be, sufficient for such purposes, and within the limitations permitted by law. [2010 c 106 § 312; 1994 c 124 § 38; 1961 c 15 § 84.52.030. Prior: 1927 c 303 § 1; 1925 ex.s. c 130 § 77; RRS § 11238; prior: 1903 c 165 § 1; 1897 c 71 § 63; 1893 c 124 § 64; 1890 p 559 § 78; Code 1881 § 2880.] Effective date—2010 c 106: See note following RCW 35.102.145.

84.52.040 Levies to be made on assessed valuation. Whenever any taxing district or the officers thereof shall, pursuant to any provision of law or of its charter or ordinances, levy any tax, the assessed value of the property of such taxing district shall be taken and considered as the taxable value upon which such levy shall be made. [1961 c 15 § 84.52.040. Prior: 1919 c 142 § 3; RRS § 11228.]

84.52.043 Limitations upon regular property tax levies. (Effective until January 1, 2018.) Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named are as follows:

(1) Levies of the senior taxing districts are as follows: (a) The levy by the state may not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county may not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district may not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town may not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) The aggregate levies of junior taxing districts and senior taxing districts, other than the state, may not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. The limitations provided in this subsection do not apply to: (a) Levies at the rates provided by existing law by or for any port or public utility district; (b) excess property tax levies authorized in Article VII, section 2 of the state Constitution; (c) levies for acquiring conservation futures as authorized under RCW 84.34.230; (d) levies for emergency medical care or emergency medical service imposed under RCW 84.52.069; (e) levies to finance affordable housing for very low-income housing imposed under RCW 84.52.105; (f) the portions of levies by metropolitan park districts that are protected under RCW 84.52.120; (g) levies imposed by ferry districts under RCW 36.54.130; (h) levies for criminal justice purposes under RCW 84.52.135; (i) the portions of levies by fire protection districts that are protected under RCW 84.52.125; (j) levies by counties for transit-related purposes under RCW 84.52.140; and (k) the protected portion of the levies imposed under RCW 86.15.160 by flood control zone districts in a county with a population of seven hundred seventy-five thousand or more that are coextensive with a county. [2011 c 275 § 2; 2009 c 551 § 6; 2005 c 122 § 3; 2004 c 80 § 4; 2003 c 83 § 311; 1995 c 99 § 3; 1993 c 337 § 3; 1990 c 234 § 1; 1989 c 378 § 36; 1988 c 274 § 5; 1973 1st ex.s. c 195 § 134.]

[Title 84 RCW—page 114]
84.52.043 Limitations upon regular property tax levies. (Effective January 1, 2018.) Within and subject to the limitations imposed by RCW 84.52.050 as amended, the regular ad valorem tax levies upon real and personal property by the taxing districts hereafter named shall be as follows:

(1) Levies of the senior taxing districts shall be as follows: (a) The levy by the state shall not exceed three dollars and sixty cents per thousand dollars of assessed value adjusted to the state equalized value in accordance with the indicated ratio fixed by the state department of revenue to be used exclusively for the support of the common schools; (b) the levy by any county shall not exceed one dollar and eighty cents per thousand dollars of assessed value; (c) the levy by any road district shall not exceed two dollars and twenty-five cents per thousand dollars of assessed value; and (d) the levy by any city or town shall not exceed three dollars and thirty-seven and one-half cents per thousand dollars of assessed value. However any county is hereby authorized to increase its levy from one dollar and eighty cents to a rate not to exceed two dollars and forty-seven and one-half cents per thousand dollars of assessed value for general county purposes if the total levies for both the county and any road district within the county do not exceed four dollars and five cents per thousand dollars of assessed value, and no other taxing district has its levy reduced as a result of the increased county levy.

(2) The aggregate levies of junior taxing districts and senior taxing districts, other than the state, shall not exceed five dollars and ninety cents per thousand dollars of assessed valuation. The term "junior taxing districts" includes all taxing districts other than the state, counties, road districts, cities, towns, port districts, and public utility districts. The limitations provided in this subsection shall not apply to: (a) Levies at the rates provided by existing law by or for any port or public utility district; (b) excess property tax levies authorized in Article VII, section 2 of the state Constitution; (c) levies for acquiring conservation futures as authorized under RCW 84.34.230; (d) levies for emergency medical care or emergency medical services imposed under RCW 84.52.069; (e) levies to finance affordable housing for very low-income housing imposed under RCW 84.52.105; (f) the portions of levies by metropolitan park districts that are protected under RCW 84.52.120; (g) levies imposed by ferry districts under RCW 36.54.130; (h) levies for criminal justice purposes under RCW 84.52.135; (i) the portions of levies by fire protection districts that are protected under RCW 84.52.125; and (j) levies by counties for transit-related purposes under RCW 84.52.140. [2009 c 551 § 6; 2005 c 122 § 3; 2004 c 80 § 4; 2003 c 83 § 311; 1995 c 99 § 3; 1993 c 337 § 3; 1990 c 234 § 1; 1989 c 378 § 3; 1988 c 274 § 5; 1973 1st ex.s. c 195 § 2003 c 83 § 311; 1995 c 99 § 3; 1993 c 337 § 3; 1990 c 234 § 1; 1989 c 378 § 3; 1988 c 274 § 5; 1973 1st ex.s. c 195 § 134.]

Application—2005 c 122: See note following RCW 84.52.125.
Effective date—2004 c 80: See note following RCW 84.52.135.
Findings—Intent—Captions, part headings not law—Severability—Effective date—2003 c 83: See notes following RCW 36.57A.200.
Finding—1993 c 337: See note following RCW 84.52.105.

84.52.044 Limitations upon regular property tax levies—Participating fire protection jurisdictions. (1) If a fire protection district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular property tax levies of the fire protection district are limited as follows:

(a) The regular levy of the district under RCW 52.16.130 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under RCW 52.26.140(1)(a);

(b) The levy of the district under RCW 52.16.140 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under RCW 52.26.140(1)(b); and

(c) The levy of the district under RCW 52.16.160 shall not exceed fifty cents per thousand dollars of assessed value of taxable property in the district less the amount of any levy imposed by the authority under RCW 52.26.140(1)(c).

(2) If a city or town is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levies of the city or town shall not exceed the applicable rates provided in RCW 27.12.390, 52.04.081, and 84.52.043(1) less the aggregate rates of any regular levies made by the authority under RCW 52.26.140(1).

(3) If a port district is a participating fire protection jurisdiction in a regional fire protection service authority, the regular levy of the port district under RCW 53.36.020 shall not exceed forty-five cents per thousand dollars of assessed value of taxable property in the district less the aggregate rates of any regular levies imposed by the authority under RCW 52.26.140(1).

(4) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority or annexed into a regional fire protection service authority. [2011 c 271 § 3; 2011 c 141 § 4; 2004 c 129 § 20.]

84.52.050 Limitation of levies. Except as hereinafter provided, the aggregate of all tax levies upon real and personal property by the state and all taxing districts, now existing or hereafter created, shall not in any year exceed one per cent of the true and fair value of such property in money: PROVIDED, HOWEVER, That nothing herein shall prevent levies at the rates now provided by law by or for any port or public utility district. The term "taxing district" for the purposes of this section shall mean any political subdivision, municipal corporation, district, or other governmental agency authorized by law to levy, or have levied for it, ad valorem taxes on property, other than a port or public utility district. Such aggregate limitation or any specific limitation imposed
by law in conformity therewith may be exceeded only as authorized by law and in conformity with the provisions of Article VII, section 2(a), (b), or (c) of the Constitution of the state of Washington.

Nothing herein contained shall prohibit the legislature from allocating or reallocating the authority to levy taxes between the taxing districts of the state and its political subdivisions in a manner which complies with the aggregate tax limitation set forth in this section. [1973 1st ex.s. c 194 § 1; 1973 c 2 § 1 (Initiative Measure No. 44, approved November 7, 1972). Prior: 1972 ex.s.s. c 124 § 8; 1971 ex.s.c. 299 § 24; 1970 ex.s.s. c 92 § 5; 1970 ex.s.s. c 8 § 4; prior: 1969 ex.s.s. c 262 § 65; 1969 ex.s.s. c 216 § 1; 1967 ex.s.s. c 133 § 3; 1961 c 143 § 1; 1961 c 15 § 84.52.050; prior: 1957 c 262 § 1; 1953 c 175 § 1; 1951 2nd ex.s.s. c 23 § 2; 1951 c 255 § 1, part; 1950 ex.s.s. c 11 § 1, part; 1945 c 253 § 1, part; 1941 c 176 § 1, part; 1939 c 83 § 1, part; 1939 c 2 (Initiative Measure No. 129); 1937 c 1 (Initiative Measure No. 114); 1935 c 2 (Initiative Measure No. 94); 1933 c 4 (Initiative Measure No. 64); cf. RRS § 11238, 11238-1a, 11238-1b, 11238-1c, 11238-1d; Rem. Supp. 1941 § 11238; Rem. Supp. 1945 § 11238-1e.]

Purpose—Severability—1988 c 274: See notes following RCW 84.52.010.

Limitation on taxes: State Constitution Art. 7 § 2.

State levy for support of common schools: RCW 84.52.065 and 84.52.067.

Additional notes found at www.leg.wa.gov

**84.52.0502 Rules for administration.** The department of revenue shall adopt such rules consistent with chapter 274, Laws of 1988 as shall be necessary or desirable to permit its effective administration. [2000 c 103 § 29; 1988 c 274 § 9.]

Purpose—Severability—1988 c 274: See notes following RCW 84.52.010.

**84.52.052 Excess levies authorized—When—Procedure.** The limitations imposed by RCW 84.52.050 through 84.52.056, and RCW 84.52.043 shall not prevent the levy of additional taxes by any taxing district, except school districts and fire protection districts, in which a larger levy is necessary in order to prevent the impairment of the obligation of contracts. As used in this section, the term "taxing district" means any county, metropolitan park district, park and recreation service area, park and recreation district, water-sewer district, solid waste disposal district, public facilities district, flood control zone district, county rail district, service district, public hospital district, road district, rural county library district, island library district, rural partial-county library district, intercounty rural library district, cemetery district, city, town, transportation benefit district, emergency medical service district with a population density of less than one thousand per square mile, cultural arts, stadium, and convention district, ferry district, city transportation authority, or regional fire protection service authority.

Any such taxing district may levy taxes at a rate in excess of the rate specified in RCW 84.52.050 through 84.52.056, 84.52.043, or 84.55.010 through 84.55.050, when authorized so to do by the voters of such taxing district in the manner set forth in Article VII, section 2(a) of the Constitution of this state at a special or general election to be held in the year in which the levy is made.

A special election may be called and the time therefor fixed by the county legislative authority, or council, board of commissioners, or other governing body of any such taxing district, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no." [2004 c 129 § 22; 2003 c 83 § 312. Prior: 2002 c 248 § 16; 2002 c 180 § 1; 1996 c 230 § 1615; 1993 c 284 § 4; 1991 c 138 § 1; 1989 c 53 § 4; 1988 ex.s.s. c 1 § 18; prior: 1983 c 315 § 10; 1983 c 303 § 16; 1983 c 130 § 11; 1983 c 2 § 19; prior: 1982 1st ex.s.s. c 22 § 17; 1982 c 175 § 7; 1982 c 123 § 19; 1981 c 210 § 20; 1977 ex.s.s. c 325 § 1; 1977 c 4 § 1; 1973 1st ex.s.s. c 195 § 102; 1973 1st ex.s.s. c 195 § 147; 1973 c 3 § 1; 1971 ex.s.s. c 288 § 26; 1965 ex.s.s. c 113 § 1; 1963 c 112 § 1; 1961 c 15 § 84.52.052; prior: 1959 c 304 § 8; 1959 c 290 § 1; 1957 c 58 § 15; 1957 c 32 § 1; 1955 c 93 § 1; 1953 c 189 § 1; 1951 2nd ex.s.s. c 23 § 3; prior: 1951 c 255 § 1, part; 1950 ex.s.s. c 11 § 1, part; 1945 c 253 § 1, part; 1941 c 176 § 1, part; 1939 c 83 § 1, part; 1939 c 2 (Init. Meas. No. 129); 1937 c 1 (Init. Meas. No. 114); 1935 c 2 (Init. Meas. No. 94); 1933 c 4 (Init. Meas. No. 64); Rem. Supp. 1945 § 11238-1e, part.]
(i) An election for a proposition authorizing two-year through four-year levies for maintenance and operation support of a school district may be called and held before the effective date of dissolution to replace existing maintenance and operation levies and to provide for increases due to the dissolution.

(ii) An election for a proposition authorizing additional tax levies may be called and held before the effective date of dissolution to provide for increases due to the dissolution.

(iii) In the event a replacement levy election under (b)(i) of this subsection is held but does not pass, the affected school district may subsequently hold a supplemental levy election pursuant to (b)(ii) of this subsection if the supplemental levy election is held before the effective date of dissolution. In the event a supplemental levy election is held under subsection (b)(ii) of this subsection but does not pass, the affected school district may subsequently hold a replacement levy election pursuant to (b)(i) of this subsection if the replacement levy election is held before the effective date of dissolution. Failure of a replacement levy or supplemental levy election does not affect any previously approved and existing maintenance and operation levy within the affected school district or districts.

(c) For the purpose of applying the limitation of this subsection (2), a two-year through six-year levy to support the construction, modernization, or remodeling of school facilities shall not be deemed to be a tax levy for maintenance and operation support of a school district.

(3) A special election may be called and the time therefor fixed by the board of school directors, by giving notice thereof by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing such excess levy shall be submitted in such form as to enable the voters favoring the proposition to vote "yes" and those opposed thereto to vote "no." 84.52.0531 Levies by school districts—Maximum dollar amount for maintenance and operation support—Restrictions—Maximum levy percentage—Levy reduction funds—Rules. (Effective until January 1, 2018.) The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b), (c), and (d) of this subsection minus (e) of this subsection:

(a) The district's levy base as defined in subsections (3) and (4) of this section multiplied by the district's maximum levy percentage as defined in subsection (7) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.030(3) and 28A.545.050 for the school year commencing the year of the levy;

(c) Except for nonhigh districts under (d) of this subsection, for districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (7) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(d) The levy bases of nonhigh districts participating in an innovation academy cooperative established under RCW 28A.340.080 shall be adjusted by the office of the superintendent of public instruction to reflect each district's proportional share of student enrollment in the cooperative;

(e) The district's maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

(3) For excess levies for collection in calendar year 2005 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year and the amounts determined under subsection (4) of this section, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

(b) State and federal categorical allocations for the following programs:
(i) Pupil transportation;
(ii) Special education;
(iii) Education of highly capable students;
(iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;
(v) Food services; and
(vi) Statewide block grant programs; and
(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.

(4) For levy collections in calendar years 2005 through 2017, in addition to the allocations included under subsection (3)(a) through (c) of this section, a district's levy base shall also include the following:

(a)(i) For levy collections in calendar year 2010, the difference between the allocation the district would have received in the current school year had RCW 84.52.068 not been amended by chapter 19, Laws of 2003 1st sp. sess. and the allocation the district received in the current school year pursuant to RCW 28A.505.220;

(ii) For levy collections in calendar years 2011 through 2017, the allocation rate the district would have received in the prior school year using the Initiative 728 rate multiplied by the full-time equivalent student enrollment used to calculate the Initiative 728 allocation for the prior school year; and

(b) The difference between the allocations the district would have received the prior school year using the Initiative 732 base and the allocations the district actually received the prior school year pursuant to RCW 28A.400.205.

(5) For levy collections in calendar years 2011 through 2017, in addition to the allocations included under subsections (3)(a) through (c) and (4)(a) and (b) of this section, a district's levy base shall also include the difference between an allocation of fifty-three and two-tenths certificated instructional staff units per thousand full-time equivalent students in grades kindergarten through four that the district actually received in the prior school year and the allocation of certificated instructional staff units per thousand full-time equivalent students in grades kindergarten through four that the student achievement program would have been calculated under chapter 4, Laws of 2001, if each annual adjustment (a) that are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(6) For levy collections beginning in calendar year 2014 and thereafter, in addition to the allocations included under subsections (3)(a) through (c), (4)(a) and (b), and (5) of this section, a district's levy base shall also include the funds allocated by the superintendent of public instruction under RCW 28A.715.040 to a school that is the subject of a state-tribal education compact and that formerly contracted with the school district to provide educational services through an interlocal agreement and received funding from the district.

(7)(a) A district's maximum levy percentage shall be twenty-four percent in 2010 and twenty-eight percent in 2011 through 2017 and twenty-four percent every year thereafter; for qualifying districts, in addition to the percentage in (a) of this subsection the grandfathered percentage determined as follows:

(i) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and

(ii) For 2011 through 2017, the percentage calculated as follows:

(A) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;

(B) Reduce the result of (b)(ii)(A) of this subsection by any levy reduction funds as defined in subsection (8) of this section that are to be allocated to the district for the current school year;

(C) Divide the result of (b)(ii)(B) of this subsection by the district's levy base; and

(D) Take the greater of zero or the percentage calculated in (b)(ii)(C) of this subsection.

(8) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsections (3) and (4) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.

(9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.

(b) "Current school year" means the year immediately following the prior school year.

(c) "Initiative 728 rate" means the allocation rate at which the student achievement program would have been funded under chapter 3, Laws of 2001, if all annual adjustments to the initial 2001 allocation rate had been made in previous years and in each subsequent year as provided for under chapter 3, Laws of 2001.

(d) "Initiative 732 base" means the prior year's state allocation for annual salary cost-of-living increases for district employees in the state-funded salary base as it would have been calculated under chapter 4, Laws of 2001, if each annual cost-of-living increase allocation had been provided in previous years and in each subsequent year.

(10) Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.

(11) The superintendent of public instruction shall develop rules and inform school districts of the pertinent data necessary to carry out the provisions of this section.

(12) For calendar year 2009, the office of the superintendent of public instruction shall recalculate school district levy authority to reflect levy rates certified by school districts for calendar year 2009. [2013 c 242 § 8; 2012 1st sp.s. c 10 § 8. Prior: 2010 c 237 § 1; 2010 c 99 § 11; (2010 c 99 § 10 expired [Title 84 RCW—page 118] (2014 Ed.)]

Levy of Taxes 84.52.0531

Levies by school districts—Maximum dollar amount for maintenance and operation support—Restrictions—Maximum levy percentage—Levy reduction funds—Rules. (Effective January 1, 2018.)

The maximum dollar amount which may be levied by or for any school district for maintenance and operation support under the provisions of RCW 84.52.053 shall be determined as follows:

(1) For excess levies for collection in calendar year 1997, the maximum dollar amount shall be calculated pursuant to the laws and rules in effect in November 1996.

(2) For excess levies for collection in calendar year 1998 and thereafter, the maximum dollar amount shall be the sum of (a) plus or minus (b), (c), and (d) of this subsection minus (e) of this subsection:

(a) The district's levy base as defined in subsection (3) of this section multiplied by the district's maximum levy percentage as defined in subsection (4) of this section;

(b) For districts in a high/nonhigh relationship, the high school district's maximum levy amount shall be reduced and the nonhigh school district's maximum levy amount shall be increased by an amount equal to the estimated amount of the nonhigh payment due to the high school district under RCW 28A.545.050 for the school year commencing the year of the levy;

(c) Except for nonhigh districts under (d) of this subsection, for districts in an interdistrict cooperative agreement, the nonresident school district's maximum levy amount shall be reduced and the resident school district's maximum levy amount shall be increased by an amount equal to the per pupil basic education allocation included in the nonresident district's levy base under subsection (3) of this section multiplied by:

(i) The number of full-time equivalent students served from the resident district in the prior school year; multiplied by:

(ii) The serving district's maximum levy percentage determined under subsection (4) of this section; increased by:

(iii) The percent increase per full-time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year divided by fifty-five percent;

(d) The levy bases of nonhigh districts participating in an innovation academy cooperative established under RCW 28A.340.080 shall be adjusted by the office of the superintendent of public instruction to reflect each district's proportional share of student enrollment in the cooperative;

(e) The district's maximum levy amount shall be reduced by the maximum amount of state matching funds for which the district is eligible under RCW 28A.500.010.

January 1, 2012); (2009 c 4 § 908 expired January 1, 2012); 2006 c 119 § 2; 2004 c 21 § 2; 1997 c 259 § 2; 1995 1st sp.s. c 11 § 1; 1994 c 116 § 2; 1993 c 465 § 1; 1992 c 49 § 1; 1990 c 33 § 601; 1989 c 141 § 1; 1988 c 252 § 1; 1987 1st ex.s. c 2 § 101; 1987 c 185 § 40; 1985 c 374 § 1; prior: 1981 c 264 § 10; 1981 c 168 § 1; 1979 ex.s.c. 172 § 1; 1977 ex.s.c. 325 § 4.

Revisor's note: *(1) RCW 84.52.068 was repealed by 2009 c 479 § 75. **(2) RCW 28A.505.220 was repealed by 2012 1st sp.s. c 10 § 9.

Expiration date—2013 c 242 § 8: "Section 8 of this act expires January 1, 2018." [2013 c 242 § 10.]

Purpose—Construction—2012 1st sp.s. c 10: "(1) Legislation enacted in 2009 (chapter 548, Laws of 2009) and in 2010 (chapter 236, Laws of 2010) revised the definition of the program of basic education, established new methods for distributing state funds to school districts to support this program of basic education, and provided an outline of specific enhancements to the program of basic education that are required to be implemented by 2018. In order to meet the required deadlines to implement full funding of the enhancements, the joint task force in section 2 of this act is created to develop and recommend options for a permanent funding mechanism.

(2) Initiative Measure No. 728 (chapter 3, Laws of 2001) dedicated a portion of state revenues to fund class size reductions and other education improvements. Because class size reductions and similar improvements are incorporated in the reforms that were enacted in chapter 548, Laws of 2009, and chapter 236, Laws of 2010, and that are being incrementally implemented through 2018, Initiative Measure No. 728 is repealed in order to make these dedicated revenues available for implementation of basic education reform and to facilitate the funding reform recommendations of the joint task force in section 2 of this act.

(3) Nothing in chapter 10, Laws of 2012 1st sp.s. alters or amends the elements included in the school district levy base set forth in RCW 84.52.0531."

Expiration date—2012 1st sp.s. c 10 § 8: "Section 8 of this act expires January 1, 2018." [2012 1st sp.s. c 10 § 10.]

Expiration date—2010 c 237 §§ 1, 5, and 6: "Sections 1, 5, and 6 of this act expire January 1, 2018." [2010 c 237 § 9.]

Effective date—2010 c 237 §§ 1 and 3-9: "Sections 1 and 3 through 9 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect immediately [March 29, 2010]." [2010 c 237 § 11.]

Intent—2010 c 237: "The legislature recognizes that school districts request voter approval for two-year through four-year levies based on their projected levy capacities at the time that the levies are submitted to the voters. It is the intent of the legislature to permit school districts with voter-approved maintenance and operation levies to seek an additional approval from the voters, if subsequently enacted legislation would permit a higher levy." [2010 c 237 § 3.]

Effective date—2010 c 99 § 11: "Section 11 of this act takes effect January 1, 2012." [2010 c 99 § 15.]

Expiration date—2010 c 99 § 10: "Section 10 of this act expires January 1, 2012." [2010 c 99 § 14.]

Effective date—2009 c 4: See note following RCW 43.79.460.

Expiration date—2009 c 4 § 908: "Section 908 of this act expires January 1, 2012." [2009 c 4 § 909.]

Expiration date—2010 c 237; 2006 c 119; 2004 c 21: "This act expires January 1, 2018." [2010 c 237 § 8; 2006 c 119 § 3; 2004 c 21 § 3.]

Intent—1987 1st ex.s. c 2: "The legislature intends to establish the limitation on school district maintenance and operations levies at twenty percent, with ten percent to be equalized on a statewide basis. The legislature further intends to establish a modern school financing system for compensation of school staff and provide a class size reduction in grades kindergarten through three. The legislature intends to give the highest funding priority to strengthening support for existing school programs.

The legislature finds that providing for the adoption of a statewide salary allocation schedule for certificated instructional staff will encourage recruitment and retention of able individuals to the teaching profession, and limit the administrative burden associated with implementing state teacher salary policies."

(3) For excess levies for collection in calendar year 1998 and thereafter, a district's levy base shall be the sum of allocations in (a) through (c) of this subsection received by the district for the prior school year, including allocations for compensation increases, plus the sum of such allocations multiplied by the percent increase per full time equivalent student as stated in the state basic education appropriation section of the biennial budget between the prior school year and the current school year and divided by fifty-five percent. A district's levy base shall not include local school district property tax levies or other local revenues, or state and federal allocations not identified in (a) through (c) of this subsection.

(a) The district's basic education allocation as determined pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;
(b) State and federal categorical allocations for the following programs:
   (i) Pupil transportation;
   (ii) Special education;
   (iii) Education of highly capable students;
   (iv) Compensatory education, including but not limited to learning assistance, migrant education, Indian education, refugee programs, and bilingual education;
   (v) Food services; and
   (vi) Statewide block grant programs; and
(c) Any other federal allocations for elementary and secondary school programs, including direct grants, other than federal impact aid funds and allocations in lieu of taxes.
(4)(a) A district's maximum levy percentage shall be twenty-four percent in 2010 and twenty-eight percent in 2011 through 2017 and twenty-four percent every year thereafter;
(b) For qualifying districts, in addition to the percentage determined in (a) of this subsection the grandfathered percentage determined as follows:
   (i) For 1997, the difference between the district's 1993 maximum levy percentage and twenty percent; and
   (ii) For 2011 through 2017, the percentage calculated as follows:
      (A) Multiply the grandfathered percentage for the prior year times the district's levy base determined under subsection (3) of this section;
      (B) Reduce the result of (b)(ii)(A) of this subsection by any levy reduction funds as defined in subsection (5) of this section that are to be allocated to the district for the current school year;
      (C) Divide the result of (b)(ii)(B) of this subsection by the district's levy base; and
      (D) Take the greater of zero or the percentage calculated in (b)(iii)(C) of this subsection.
      (5) "Levy reduction funds" shall mean increases in state funds from the prior school year for programs included under subsection (3) of this section: (a) That are not attributable to enrollment changes, compensation increases, or inflationary adjustments; and (b) that are or were specifically identified as levy reduction funds in the appropriations act. If levy reduction funds are dependent on formula factors which would not be finalized until after the start of the current school year, the superintendent of public instruction shall estimate the total amount of levy reduction funds by using prior school year data in place of current school year data. Levy reduction funds shall not include moneys received by school districts from cities or counties.
(6) For the purposes of this section, "prior school year" means the most recent school year completed prior to the year in which the levies are to be collected.
(7) For the purposes of this section, "current school year" means the year immediately following the prior school year.
(8) Funds collected from transportation vehicle fund tax levies shall not be subject to the levy limitations in this section.
(9) The superintendent of public instruction shall develop rules and regulations and inform school districts of the pertinent data necessary to carry out the provisions of this section. [2010 c 237 § 2; 2010 c 99 § 11; 1997 c 259 § 2; 1995 1st sp.s. c 11 § 1; 1994 c 116 § 2; 1993 c 465 § 1; 1992 c 49 § 1; 1990 c 33 § 601; 1989 c 141 § 1; 1988 c 252 § 1; 1987 1st ex.s. c 2 § 101; 1987 c 185 § 40; 1985 c 374 § 1; 1984 c 314 § 4; 1982 c 264 § 10; 1981 c 168 § 1; 1979 ex.s. c 172 § 1; 1977 ex.s. c 325 § 4.]
Reviser's note: This section was amended by 2010 c 99 § 11 and by 2010 c 237 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).
Effective date—2010 c 237 § 2: "Section 2 of this act takes effect January 1, 2018." [2010 c 237 § 10.]

84.52.054 Excess levies—Ballot contents—Eventual dollar rate on tax rolls. The additional tax provided for in Article VII, section 2 of the state Constitution, and specifically authorized by RCW 84.52.052, 84.52.053, 84.52.0531, and 84.52.130, shall be set forth in terms of dollars on the ballot of the proposition to be submitted to the voters, together with an estimate of the dollar rate of tax levy that will be required to produce the dollar amount; and the county assessor, in spreading this tax upon the rolls, shall determine the eventual dollar rate required to produce the amount of dollars so voted upon, regardless of the estimate of the dollar rate of tax levy carried in said proposition. In the case of a school district or fire protection district proposition for a particular period, the dollar amount and the corresponding estimate of the dollar rate of tax levy shall be set forth for each of the years in that period. The dollar amount for each annual levy in the particular period may be equal or in different amounts. [1973 c 105 § 1.

2001 c 3 (Initiative Measure No. 728): See notes following RCW 67.70.240.
84.52.069 Emergency medical care and service levies.

(1) As used in this section, “taxing district” means a county, emergency medical service district, city or town, public hospital district, urban emergency medical service district, regional fire protection service authority, or fire protection district.

(2) Except as provided in subsection (10) of this section, a taxing district may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the taxing district. A tax is imposed (a) each year for six consecutive years, (b) each year for ten consecutive years, or (c) permanently. A permanent tax levy under this section, or the initial imposition of a six-year or ten-year levy under this section, must be specifically authorized by a majority of at least three-fifths of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election, at which election the number of persons voting "yes" on the proposition shall constitute three-fifths of a number equal to forty percent of the total number of voters voting in such taxing district at the last preceding general election when the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in such taxing district in the last preceding general election; or by a majority of at least three-fifths of the registered voters thereof voting on the proposition when the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in such taxing district in the last preceding general election. The uninterrupted continuation of a six-year or ten-year tax levy under this section must be specifically authorized by a majority of the registered voters thereof approving a proposition authorizing the levies submitted at a general or special election. Ballot propositions must conform with RCW 29A.36.210. A taxing district may not submit to the voters at the same election multiple propositions to impose a levy under this section.

(3) A taxing district imposing a permanent levy under this section shall provide for separate accounting of expenditures of the revenues generated by the levy. The taxing district must maintain a statement of the accounting which must be updated at least every two years and must be available to the public upon request at no charge.

(4)(a) A taxing district imposing a permanent levy under this section must provide for a referendum procedure to apply to the ordinance or resolution imposing the tax. This referendum procedure must specify that a referendum petition may be filed at any time with a filing officer, as identified in the ordinance or resolution. Within ten days, the filing officer must confer with the petitioner concerning form and style of the petition, issue the petition an identification number, and secure an accurate, concise, and positive ballot title from the designated local official. The petitioner has thirty days in which to secure the signatures of not less than fifteen percent of the registered voters of the taxing district, as of the last general election, upon petition forms which contain the ballot title and the full text of the measure to be referred. The filing officer must verify the sufficiency of the signatures on the petition and, if sufficient valid signatures are properly submitted, must certify the referendum measure to the next election within the taxing district if one is to be held within one hundred eighty days from the date of filing of the referendum petition, or at a special election to be called for that purpose in accordance with RCW 29A.04.330.

(b) The referendum procedure provided in this subsection (4) is exclusive in all instances for any taxing district imposing the tax under this section and supersedes the procedures provided under all other statutory or charter provisions for initiative or referendum which might otherwise apply.

(5) Any tax imposed under this section may be used only for the provision of emergency medical care or emergency medical services, including related personnel costs, training for such personnel, and related equipment, supplies, vehicles and structures needed for the provision of emergency medical care or emergency medical services.

(6) If a county levies a tax under this section, no taxing district within the county may levy a tax under this section. If a regional fire protection service authority imposes a tax under this section, no other taxing district that is a participating fire protection jurisdiction in the regional fire protection service authority may levy a tax under this section. No other taxing district may levy a tax under this section if another taxing district has levied a tax under this section within its boundaries: PROVIDED, That if a county levies less than fifty cents per thousand dollars of the assessed value of property, then any other taxing district may levy a tax under this section equal to the difference between the rate of the levy by the county and fifty cents: PROVIDED FURTHER, That if a taxing district within a county levies this tax, and the voters of the county subsequently approve a levying of this tax, then the amount of the taxing district levy within the county must be reduced, when the combined levies exceed fifty cents. Whenever a tax is levied countywide, the service must, so far as is feasible, be provided throughout the county: PROVIDED, That no countywide levy proposal may be placed on the ballot without the approval of the legislative authority of each city exceeding fifty thousand population within the county: AND PROVIDED FURTHER, That this section and RCW 36.32.480 shall not prohibit any city or town from levying an annual excess levy to fund emergency medical services: AND PROVIDED, FURTHER, That if a county proposes to impose tax levies under this section, no other ballot proposition authorizing tax levies under this section by another taxing district in the county may be placed before the voters at the same election at which the county ballot proposition is placed: AND PROVIDED FURTHER, That any taxing district emergency medical service levy that is limited in duration and that is authorized subsequent to a county emergency medical service levy that is limited in duration, expires concurrently with the county emergency medical service levy. A fire protection district that has annexed an area described in subsection (10) of this section may levy the maximum amount of tax that would otherwise be allowed, notwithstanding any limitations in this subsection (6).

(7) The limitations in RCW 84.52.043 do not apply to the tax levy authorized in this section.

(8) If a ballot proposition approved under subsection (2) of this section did not impose the maximum allowable levy amount authorized for the taxing district under this section, any future increase up to the maximum allowable levy amount must be specifically authorized by the voters in
accordance with subsection (2) of this section at a general or special election.

(9) The limitation in RCW 84.55.010 does not apply to the first levy imposed pursuant to this section following the approval of such levy by the voters pursuant to subsection (2) of this section.

(10) For purposes of imposing the tax authorized under this section, the boundary of a county with a population greater than one million five hundred thousand does not include all of the area of the county that is located within a city that has a boundary in two counties, if the locally assessed value of all the property in the area of the city within the county having a population greater than one million five hundred thousand is less than two hundred fifty million dollars.

(11) For purposes of this section, the following definitions apply:

(a) "Fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district; and

(b) "Participating fire protection jurisdiction" means a fire protection district, city, town, Indian tribe, or port district that is represented on the governing board of a regional fire protection service authority. [2012 c 115 § 1; 2011 c 365 § 2; 2004 c 129 § 23; 1999 c 224 § 1; 1995 c 318 § 9; 1994 c 79 § 2; 1993 c 337 § 5; 1991 c 175 § 1; 1985 c 348 § 1; 1984 c 131 § 5; 1979 ex.s. c 200 § 1.]

Findings—Intention—2011 c 365: "(1) The legislature finds that King county currently imposes an emergency medical services levy throughout the entire county. The legislature further finds that the city of Milton is located partially within King and Pierce counties and the residents of Milton within King county pay the county emergency medical services levy. The legislature further finds that King county, through an interlocal agreement with the city of Milton, has not provided emergency medical services to the city for many years and instead has remitted the county emergency medical services levy collected within the city back to the city. The legislature further finds that the city of Milton has collected only twenty cents per thousand dollars of assessed valuation under its city emergency medical services levy, and not the full fifty cents authorized by the city's voters, because state law limits the city's levy, as well as any other taxing district's emergency medical services levy, if the county also imposes the tax. The legislature further finds that the city of Milton is exploring the possibility of being annexed by a fire protection district located in Pierce county; however, if the district annexes the entire city, including the portion in King county, the district would have to lower its emergency medical services levy because state law limits the city's levy, as well as any other taxing district's emergency medical services levy, if the county also imposes the tax.

(2) It is the duty of the council of each city having a population of three hundred thousand or more, and of the council of each town, and of all officials or boards of taxing districts within or coextensive with the county, authorized by law to levy taxes directly and not through the county legislative authority, on or before the thirtieth day of November in each year, to certify to the county assessor the amount of taxes levied upon the property within the city, town, or district for city, town, or district purposes.

(3) If a levy amount is certified to the county assessor after the thirtieth day of November, the county assessor may use no more than the certified levy amount for the previous year for the taxing district. This subsection (3) does not apply to the state levy or when the assessor has not certified assessed values as required by RCW 84.48.130 at least twelve working days before November 30th. [2010 c 106 § 313; 1994 c 81 § 86; 1988 c 222 § 28; 1961 c 15 § 84.52.070. Prior: 1925 ex.s. c 130 § 78; RRS § 11239; prior: 1890 p 558 §§ 77, 78; Code 1881 § 2881.]

Effective date—2010 c 106: See note following RCW 35.102.145.

Additional notes found at www.leg.wa.gov

84.52.080 Extension of taxes on rolls—Form of certificate—Delivery to treasurer. (1) The county assessor must extend the taxes upon the tax rolls in the form prescribed in this section. The rate percent necessary to raise the amounts of taxes levied for state and county purposes, and for purposes of taxing districts coextensive with the county, must be computed upon the assessed value of the property of the county. The rate percent necessary to raise the amount of taxes levied for any taxing district within the county must be computed upon the assessed value of the property of the district. All taxes assessed against any property must be added together and extended on the rolls in a column headed consolidated or total tax. In extending any tax, whenever the tax amounts to a fractional part of a cent greater than one-half of a cent it must be rounded up to one cent, and whenever it amounts to one-half of a cent or less it must be dropped. The amount of all taxes must be entered in the proper columns, as shown by entering the rate percent necessary to raise the consolidated or total tax and the total tax assessed against the property.

(2) For the purpose of computing the rate necessary to raise the amount of any excess levy in a taxing district entitled to a distribution under RCW 84.33.081, other than the state, the county assessor must add the district's timber assessed value, as defined in RCW 84.33.035, to the assessed value of the property. However, for school districts maintenance and operations levies, only one-half of the district's timber assessed value or eighty percent of the timber roll of the district in calendar year 1983 as determined under chapter 84.33 RCW, whichever is greater, must be added to the assessed value of the property.

(3) Upon the completion of such tax extension, it is the duty of the county assessor to make in each assessment book, tax roll or list a certificate in the following form:

84.52.070 Certification of levies to assessor. (1) It is the duty of the county legislative authority of each county, on or before the thirtieth day of November in each year, to certify to the county assessor the amount of taxes levied upon the property in the county for county purposes, and the respective amounts of taxes levied by the board for each taxing district, within or coextensive with the county, for district purposes.
84.52.085 Property tax errors. (1) If an error has occurred in the levy of property taxes that has caused all taxpayers within a taxing district, other than the state, to pay an incorrect amount of property tax, the assessor shall correct the error by making an appropriate adjustment to the levy for that taxing district in the succeeding year. The adjustment shall be made without including any interest. If the governing authority of the taxing district determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship to the taxing district or districts affected, determines that the amount of the adjustment to the amount distributed to that taxing district in the succeeding year. The adjustment shall be made within a county, the treasurer of the county in which the taxing district is located.

(b) When calculating the levy limitation under chapter 84.55 RCW for levies made following the discovery of an error, the assessor shall determine and use the correct levy amount for the year or years being corrected as though the error had not occurred. The amount of the adjustment determined under this subsection (1) shall not be considered when calculating the levy limitation.

(c) If the taxing district in which a levy error has occurred does not levy property taxes in the year the error is discovered, or for a period of more than three years subsequent to the year the error was discovered, an adjustment shall not be made.

(2) If an error has occurred in the distribution of property taxes so that property tax collected has been incorrectly distributed to a taxing district or taxing districts wholly or partially within a county, the treasurer of the county in which the error occurred shall correct the error by making an appropriate adjustment to the amount distributed to that taxing district or districts in the succeeding year. The adjustment shall be made without including any interest. If the treasurer, in consultation with the governing authority of the taxing district or districts affected, determines that the amount of the adjustment in the succeeding year is so large as to cause a hardship for the taxing district or districts, the adjustment may be made on a proportional basis over a period of not more than three consecutive years. A correction of an error in the distribution of property taxes shall not be made for any period more than three years preceding the year in which the error is discovered. [2001 c 185 § 14.]

Additional notes found at www.leg.wa.gov

84.52.105 Affordable housing levies authorized—Declaration of emergency and plan required. (1) A county, city, or town may impose additional regular property tax levies of up to fifty cents per thousand dollars of assessed value of property in each year for up to ten consecutive years to finance affordable housing for very low-income households when specifically authorized to do so by a majority of the voters of the taxing district voting on a ballot proposition authorizing the levies. If both a county, and a city or town within the county, impose levies authorized under this section, the levies of the last jurisdiction to receive voter approval for the levies shall be reduced or eliminated so that the combined rates of these levies may not exceed fifty cents per thousand dollars of assessed valuation in any area within the county. A ballot proposition authorizing a levy under this section must conform with RCW 84.52.054.

(2) The additional property tax levies may not be imposed until:

(a) The governing body of the county, city, or town declares the existence of an emergency with respect to the availability of housing that is affordable to very low-income households in the taxing district; and

(b) The governing body of the county, city, or town adopts an affordable housing financing plan to serve as the plan for expenditure of funds raised by a levy authorized under this section, and the governing body determines that the affordable housing financing plan is consistent with either the locally adopted or state-adopted comprehensive housing affordability strategy, required under the Cranston-Gonzalez national affordable housing act (42 U.S.C. Sec. 12701, et seq.), as amended.

(3) For purposes of this section, the term "very low-income household" means a single person, family, or unrelated persons living together whose income is at or below fifty percent of the median income, as determined by the United States department of housing and urban development, with adjustments for household size, for the county where the taxing district is located.

(4) The limitations in RCW 84.52.043 shall not apply to the tax levy authorized in this section. [1995 c 318 § 10; 1993 c 337 § 2.]

Finding—1993 c 337: "The legislature finds that:

(1) Many very low-income residents of the state of Washington are unable to afford housing that is decent, safe, and appropriate to their living needs;

(2) Recent federal housing legislation conditions funding for affordable housing on the availability of local matching funds;

(3) Current statutory debt limitations may impair the ability of counties, cities, and towns to meet federal matching requirements and, as a consequence, may impair the ability of such counties, cities, and towns to develop appropriate and effective strategies to increase the availability of safe, decent, and appropriate housing that is affordable to very low-income households; and

(4) It is in the public interest to encourage counties, cities, and towns to develop locally based affordable housing financing plans designed to expand the availability of housing that is decent, safe, affordable, and appropriate to the living needs of very low-income households of the counties, cities, and towns." [1993 c 337 § 1.]
84.52.120 Metropolitan park districts—Protection of levy from prorationing—Ballot proposition. (Effective January 1, 2018.) A metropolitan park district with a population of one hundred fifty thousand or more, or any metropolitan park district located in a county with a population of one million five hundred thousand or more, may submit a ballot proposition to voters of the district authorizing the protection of the district's tax levy from prorationing under RCW 84.52.010(3)(b) by imposing all or any portion of the district's twenty-five cent per thousand dollars of assessed valuation tax levy outside of the five dollar and ninety cent per thousand dollar of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(3)(b)(iii), for taxes imposed in any year on or before the first day of January six years after the ballot proposition is approved. A simple majority vote of voters voting on the proposition is required for approval. [2011 1st sp.s. c 28 § 3; 1995 c 99 § 1.]

Application—Expiration date—2011 1st sp.s. c 28: See notes following RCW 84.52.010.

84.52.125 Fire protection districts—Protection from levy prorationing. A fire protection district may protect the district's tax levy from prorationing under *RCW 84.52.010 by imposing up to a total of twenty-five cents per thousand dollars of assessed value of the tax levies authorized under RCW 52.16.140 and 52.16.160 outside of the five dollars and ninety cents per thousand dollar of assessed valuation limitation established under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(2)(c), for taxes imposed in any year on or before the first day of January six years after the ballot proposition is approved. A simple majority vote of voters voting on the proposition is required for approval. [1995 c 99 § 1.]

84.52.135 County levy for criminal justice purposes. (1) A county with a population of ninety thousand or less may impose additional regular property tax levies in an amount equal to fifty cents or less per thousand dollars of the assessed value of property in the county in accordance with the terms of this section.

(2) The tax proposition may be submitted at a general or special election.

(3) The tax may be imposed each year for six consecutive years when specifically authorized by the registered voters voting on the proposition, subject to the following:

(a) If the number of registered voters voting on the proposition does not exceed forty percent of the total number of voters voting in the taxing district at the last general election, the number of persons voting "yes" on the proposition shall constitute at least three-fifths of a number equal to forty percent of the total number of voters voting in the taxing district at the last general election.

(b) If the number of registered voters voting on the proposition exceeds forty percent of the total number of voters voting in the taxing district at the last preceding general election, the number of persons voting "yes" on the proposition shall be at least three-fifths of the registered voters voting on the proposition.

(5) Any tax imposed under this section shall be used exclusively for criminal justice purposes.

(6) The limitations in RCW 84.52.043 do not apply to the tax authorized in this section.

(7) The limitation in RCW 84.55.010 does not apply to the first tax levy imposed pursuant to this section following the approval of the levy by the voters pursuant to subsection (3) of this section. [2004 c 80 § 1.]

Effective date—2004 c 80: "This act takes effect July 1, 2004." [2004 c 80 § 5.]

84.52.140 Additional regular property tax levy authorized. (1) A county with a population of one million five hundred thousand or more may impose an additional reg-

(2014 Ed.)
ular property tax levy in an amount not to exceed seven and one-half cents per thousand dollars of the assessed value of property in the county in accordance with the terms of this section.

(2) Any tax imposed under this section shall be used as follows:
   (a) The first one cent for expanding transit capacity along state route number 520 by adding core and other supporting bus routes;
   (b) The remainder for transit-related expenditures.
(3) The limitations in RCW 84.52.043 do not apply to the tax authorized in this section.
(4) The limitation in RCW 84.55.010 does not apply to the first tax levy imposed under this section. [2009 c 551 § 5.]

84.52.700 County airport district levy authorized. See RCW 14.08.290.

84.52.703 Mosquito control district levies authorized. See RCW 17.28.100, 17.28.252, and 17.28.260.

84.52.706 Rural county library district levy authorized. See RCW 27.12.050 and 27.12.222.

84.52.709 Intercounty rural library district levy authorized. See RCW 27.12.150 and 27.12.222.

84.52.712 Reduction of city levy if part of library district. See RCW 27.12.390.

84.52.713 Island library district levy authorized. See RCW 27.12.420 and 27.12.222.

84.52.718 Levy by receiver of disincorporated city authorized. See RCW 35.07.180.

84.52.719 Second-class city levies. See RCW 35.23.470.

84.52.721 Unclassified city sewer fund levy authorized. See RCW 35.30.020.

84.52.724 City accident fund levy authorized. See RCW 35.31.060.

84.52.727 City emergency fund levy authorized. See RCW 35.32A.060.

84.52.730 City lowlands and waterway projects levy authorized. See RCW 35.56.190.

84.52.733 Metropolitan municipal corporation levy authorized. See RCW 35.58.090.

84.52.736 Metropolitan park district levy authorized. See RCW 35.61.210.

84.52.739 Code city accident fund levy authorized. See RCW 35A.31.070.
84.52.802 Acquisition of open space, etc., land or rights to future development by certain entities—Property tax levy authorized. See RCW 84.34.230.

84.52.808 River improvement fund levy authorized. See RCW 86.12.010.

84.52.811 Intercounty river control agreement levy authorized. See RCW 86.13.010 and 86.13.030.

84.52.814 Flood control zone district levy authorized. See RCW 86.15.160.

84.52.815 Flood control zone district—Coextensive with county—Prorating protection. (Expires January 1, 2018.) A flood control zone district in a county with a population of seven hundred seventy-five thousand or more that is coextensive with a county may protect the levy under RCW 86.15.160(1) from prorating under RCW 84.52.010(3)(b)(ii) by imposing up to a total of twenty-five cents per thousand dollars of assessed value of the tax levy authorized under RCW 86.15.160 outside of the five dollars and ninety cents per thousand dollars of assessed value limitation under RCW 84.52.043(2), if those taxes otherwise would be prorated under RCW 84.52.010(3)(b)(ii). [2011 1st sp. s. c 28 § 4; 2011 c 275 § 3.]

Application—Expiration date—2011 1st sp. s. c 28: See notes following RCW 84.52.010.

Application—Expiration date—2011 c 275: See notes following RCW 84.52.043.

84.52.817 Irrigation and rehabilitation district special assessment authorized. See RCW 87.84.070.

84.52.820 Reclamation district levy authorized. See RCW 89.30.391 through 89.30.397.

84.52.823 Levy for tax refund funds. See RCW 84.68.040.

84.52.825 Tax preferences—Expiration dates. (1) See RCW 82.32.805 for the expiration date of new tax preferences for the tax imposed under RCW 84.52.065.

(2) See RCW 82.32.808 for reporting requirements for any new tax preference for the tax imposed under RCW 84.52.065. [2013 2nd sp. s. c 13 § 1721.]

Effective date—2013 2nd sp. s. c 13: See note following RCW 82.04.43393.

Chapter 84.55 RCW
LIMITATIONS UPON REGULAR PROPERTY TAXES

Sections
84.55.005 Definitions.
84.55.010 Limitations prescribed.
84.55.0101 Limit factor—Authorization for taxing district to use one hundred one percent or less—Ordinance or resolution.
84.55.015 Restoration of regular levy.
84.55.020 Limitation upon first levy for district created from consolidation.
84.55.030 Limitation upon first levy following annexation.
84.55.035 Inapplicability of limitation to newly-formed taxing district created other than by consolidation or annexation.
84.55.040 Increase in statutory dollar rate limitation.
84.55.045 Applicability of chapter to levy by port district for industrial development district purposes.
84.55.047 Applicability of chapter to community revitalization financing increment areas.
84.55.050 Election to authorize increase in regular property tax levy—Limited propositions—Procedure.
84.55.060 Rate rules—Educational program—Other necessary action.
84.55.070 Inapplicability of chapter to levies for certain purposes.
84.55.092 Protection of future levy capacity.
84.55.100 Determination of limitations.
84.55.110 Withdrawal of certain areas of a library district, metropolitan park district, fire protection district, or public hospital district—Calculation of taxes due.
84.55.120 Public hearing—Taxing district's revenue sources—Adoption of tax increase by ordinance or resolution.
84.55.125 Limitation adjustment for certain leasehold interests.

84.55.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Inflation" means the percentage change in the implicit price deflator for personal consumption expenditures for the United States as published for the most recent twelve-month period by the bureau of economic analysis of the federal department of commerce by September 25th of the year before the taxes are payable;

(2) "Limit factor" means:

(a) For taxing districts with a population of less than ten thousand in the calendar year prior to the assessment year, one hundred one percent;

(b) For taxing districts for which a limit factor is authorized under RCW 84.55.0101, the lesser of the limit factor authorized under that section or one hundred one percent;

(c) For all other districts, the lesser of one hundred one percent or one hundred percent plus inflation; and

(3) "Regular property taxes" has the meaning given it in RCW 84.04.140. [2014 c 97 § 316; 2007 sp. s. c 1 § 1. Prior: 1997 c 393 § 20; 1997 e 3 § 201 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 49; 1983 1st ex.s. c 62 § 11.]

Application—Effective date—2007 sp.s. c 11: See notes following RCW 84.55.0101.

Intent—1997 c 3 § 201-207: See note following RCW 84.55.010.

Short title—Intent—Effective dates—Applicability—1993 1st ex.s. c 62: See notes following RCW 84.36.477.

Additional notes found at www.leg.wa.gov

84.55.010 Limitations prescribed. Except as provided in this chapter, the levy for a taxing district in any year must be set so that the regular property taxes payable in the following year does [do] not exceed the limit factor multiplied by the amount of regular property taxes lawfully levied for such district in the highest of the three most recent years in which such taxes were levied for such district plus an additional dollar amount calculated by multiplying the regular property tax levy rate of that district for the preceding year by the increase in assessed value in that district resulting from:

(1) New construction;

(2) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of provid-
84.55.0101 Limit factor—Authorization for taxing district to use one hundred one percent or less—Ordinance or resolution. Upon a finding of substantial need, the legislative authority of a taxing district other than the state may provide for the use of a limit factor under this chapter of one hundred one percent or less. In districts with legislative authorities of four members or less, two-thirds of the members must approve an ordinance or resolution under this section. In districts with more than four members, a majority plus one vote must approve an ordinance or resolution under this section. The new limit factor shall be effective for taxes collected in the following year only. [2007 sp.s. c 1 § 2; 1997 c 3 § 204 (Referendum Bill No. 47, approved November 4, 1997).]

Application—2007 sp.s. c 1: “This act applies both prospectively and retroactively to taxes levied for collection in 2002 and thereafter.” [2007 sp.s. c 1 § 3.]

Effective date—2007 sp.s. c 1: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [November 29, 2007].” [2007 sp.s. c 1 § 4.]

Intent—1997 c 3 §§ 201-207: See note following RCW 84.55.010. Additional notes found at www.leg.wa.gov

84.55.015 Restoration of regular levy. If a taxing district has not levied since 1985 and elects to restore a regular property tax levy subject to applicable statutory limitations then such first restored levy must be set so that the regular property tax payable does not exceed the amount which was last levied, plus an additional dollar amount calculated by multiplying the property tax rate which is proposed to be restored, or the maximum amount which could be lawfully levied in the year such a restored levy is proposed, by the increase in assessed value in the district since the last levy resulting from:

(1) New construction;
(2) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of providing an additional dollar amount. The property may be classified as real or personal property;
(3) Improvements to property; and
(4) Any increase in the assessed value of state-assessed property. [2014 c 4 § 2; 2006 c 184 § 2; 1999 c 96 § 1; 1979 ex.s. c 218 § 4.]

Application—2014 c 4: See note following RCW 84.55.010.

84.55.020 Limitation upon first levy for district created from consolidation. Notwithstanding the limitation set forth in RCW 84.55.010, the first levy for a taxing district created from consolidation of similar taxing districts must be set so that the regular property taxes payable in the following year do not exceed the limit factor multiplied by the sum of the amount of regular property taxes lawfully levied for each component taxing district in the highest of the three most recent years in which such taxes were levied for such district plus the additional dollar amount calculated by multiplying the regular property tax rate of each component district for the preceding year by the increase in assessed value in each component district resulting from:

(1) New construction;
(2) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of providing an additional dollar amount. The property may be classified as real or personal property;

(3) Improvements to property; and
(4) Any increase in the assessed value of state-assessed property. [2014 c 4 § 3; 2006 c 184 § 3; 1997 c 3 § 203 (Referendum Bill No. 47, approved November 4, 1997); 1971 ex.s. c 288 § 21.]

Application—2014 c 4: See note following RCW 84.55.010.

Additional notes found at www.leg.wa.gov.

84.55.030 Limitation upon first levy following annexation. For the first levy for a taxing district following annexation of additional property, the limitation set forth in RCW 84.55.010 must be increased by an amount equal to the aggregate assessed valuation of the newly annexed property as shown by the current completed and balanced tax rolls of the county or counties within which such property lies, multiplied by the dollar rate that would have been used by the annexing unit in the absence of such annexation, plus the additional dollar amount calculated by multiplying the regular property tax levy rate of that annexing taxing district for the preceding year by the increase in assessed value in the annexing district resulting from:

(1) New construction;
(2) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of providing an additional dollar amount. The property may be classified as real or personal property;

(3) Improvements to property; and
(4) Any increase in the assessed value of state-assessed property. [2014 c 4 § 4; 2006 c 184 § 4; 1973 1st ex.s. c 195 § 107; 1971 ex.s. c 288 § 22.]

Application—2014 c 4: See note following RCW 84.55.010. Additional notes found at www.leg.wa.gov.

[Title 84 RCW—page 128]
84.55.050 Election to authorize increase in regular property tax levy—Limited propositions—Procedure.

(1) Subject to any otherwise applicable statutory dollar rate limitations, regular property taxes may be levied by or for a newly-formed taxing district created other than by consolidation or annexation.

(2) Subject to statutory dollar limitations, a proposition placed before the voters under this section may authorize annual increases in levies for multiple consecutive years, up to six consecutive years, during which period each year’s authorized maximum legal levy shall be used as the base upon which an increased levy limit for the succeeding year is computed, but the ballot proposition must state the dollar rate proposed only for the first year of the consecutive years and must state the limit factor, or a specified index to be used for determining a limit factor, such as the consumer price index, which need not be the same for all years, by which the regular tax levy for the district may be increased in each of the subsequent consecutive years. Elections for this purpose must be held at a primary or general election. The title of each ballot measure must state the limited purposes for which the proposed annual increases during the specified period of up to six consecutive years shall be used.

(b)(i) Except as otherwise provided in this subsection (2)(b), funds raised by a levy under this subsection may not supplant existing funds used for the limited purpose specified in the ballot title. For purposes of this subsection, existing funds means the actual operating expenditures for the calendar year in which the ballot measure is approved by voters. Actual operating expenditures excludes lost federal funds, lost or expired state grants or loans, extraordinary events not likely to reoccur, changes in contract provisions beyond the control of the taxing district receiving the services, and nonrecurring capital expenditures.

(i) The supplanting limitations in (b)(i) of this subsection do not apply to levies approved by the voters in calendar years 2009, 2010, and 2011, in any county with a population of one million five hundred thousand or more. This subsection (2)(b)(i) only applies to levies approved by the voters after July 26, 2009.

(ii) The supplanting limitations in (b)(i) of this subsection do not apply to levies approved by the voters in calendar year 2009 and thereafter in any county with a population less than one million five hundred thousand. This subsection (2)(b)(ii) only applies to levies approved by the voters after July 26, 2009.

(iii) The supplanting limitations in (b)(i) of this subsection do not apply to levies approved by the voters in calendar year 2009 and thereafter in any county with a population less than one million five hundred thousand. This subsection (2)(b)(iii) only applies to levies approved by the voters after July 26, 2009.

(3) After a levy authorized pursuant to this section is made, the dollar amount of such levy may not be used for the purpose of computing the limitations for subsequent levies provided for in this chapter, unless the ballot proposition expressly states that the levy made under this section will be used for this purpose.

(4) If expressly stated, a proposition placed before the voters under subsection (1) or (2) of this section may:

(a) Use the dollar amount of a levy under subsection (1) of this section, or the dollar amount of the final levy under subsection (2) of this section, for the purpose of computing the limitations for subsequent levies provided for in this chapter;

(b) Limit the period for which the increased levy is to be made under (a) of this subsection;

(c) Limit the purpose for which the increased levy is to be made under (a) of this subsection, but if the limited purpose includes making redemption payments on bonds, the period for which the increased levies are made shall not exceed nine years;
(d) Set the levy or levies at a rate less than the maximum rate allowed for the district; or
(e) Include any combination of the conditions in this subsection.

(5) Except as otherwise expressly stated in an approved ballot measure under this section, subsequent levies shall be computed as if:
   (a) The proposition under this section had not been approved; and
   (b) The taxing district had made levies at the maximum rates which would otherwise have been allowed under this chapter during the years levies were made under the proposition. [2009 c 551 § 3; 2008 c 319 § 1; 2007 c 380 § 2; 2003 1st sp.s. c 24 § 4; 1989 c 287 § 1; 1986 c 169 § 1; 1979 ex.s. c 218 § 3; 1973 1st ex.s. c 195 § 109; 1971 ex.s. c 288 § 24.]

Application—2008 c 319: "This act applies prospectively only to levy lid lift ballot propositions under RCW 84.55.050 that receive voter approval on or after April 1, 2008." [2008 c 319 § 2.]

Effective date—2008 c 319: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 1, 2008]." [2008 c 319 § 3.]

Finding—Intent—Effective date—Severability—2003 1st sp.s. c 24: See notes following RCW 82.14.450.

Additional notes found at www.leg.wa.gov

84.55.060 Rate rules—Educational program—Other necessary action. The department of revenue shall adopt rules relating to the calculation of tax rates and the limitation in RCW 84.55.010, conduct an educational program on this subject, and take any other action necessary to insure compliance with the statutes and rules on this subject. [1979 ex.s. c 218 § 6.]

84.55.070 Inapplicability of chapter to levies for certain purposes. The provisions of this chapter do not apply to a levy, including the state levy, or that portion of a levy, made by or for a taxing district:

(1) For the purpose of funding a property tax refund paid under the provisions of chapter 84.68 RCW;
(2) Under RCW 84.69.180; or
(3) Attributable to amounts of state taxes withheld under RCW 84.56.290 or the provisions of chapter 84.69 RCW, or otherwise attributable to state taxes lawfully owing by reason of adjustments made under RCW 84.48.080. [2009 c 350 § 11; 1982 1st ex.s. c 28 § 2; 1981 c 228 § 3.]

Application—2009 c 350 §§ 10 and 11: See note following RCW 84.69.180.

Additional notes found at www.leg.wa.gov

84.55.092 Protection of future levy capacity. The regular property tax levy for each taxing district other than the state may be set at the amount which would be allowed otherwise under this chapter if the regular property tax levy for the district for taxes due in prior years beginning with 1986 had been set at the full amount allowed under this chapter including any levy authorized under RCW 52.16.160 that would have been imposed but for the limitation in RCW 52.18.065, applicable upon imposition of the benefit charge under chapter 52.18 RCW.

The purpose of this section is to remove the incentive for a taxing district to maintain its tax levy at the maximum level permitted under this chapter, and to protect the future levy capacity of a taxing district that reduces its tax levy below the level that it otherwise could impose under this chapter, by removing the adverse consequences to future levy capacities resulting from such levy reductions. [1998 c 16 § 3; 1988 c 274 § 4; 1986 c 107 § 3.]

Reviser's note: Restored to the RCW September 20, 2001, under the Washington Supreme Court decision in City of Burien et al v. Frederick C. Kiga et al, 31 P.3d 659, 144 Wn.2d 819, which declared Initiative Measure No. 722 (2001 c 2) unconstitutional in its entirety.

Purpose—Severability—1988 c 274: See notes following RCW 84.52.010.

Additional notes found at www.leg.wa.gov

84.55.100 Determination of limitations. The property tax limitation contained in this chapter shall be determined by the county assessors of the respective counties in accordance with the provisions of this chapter: PROVIDED, That the limitation for any state levy shall be determined by the department of revenue and the limitation for any intercounty rural library district shall be determined by the library district in consultation with the respective county assessors. [1983 c 223 § 1.]

84.55.110 Withdrawal of certain areas of a library district, metropolitan park district, fire protection district, or public hospital district—Calculation of taxes due. Whenever a withdrawal occurs under RCW 27.12.355, 35.61.360, 52.04.056, or 70.44.235, restrictions under chapter 84.55 RCW on the taxes due for the library district, metropolitan park district, fire protection district, or public hospital district, and restrictions under chapter 84.55 RCW on the taxes due for the city or town if an entire city or town area is withdrawn from a library district or fire protection district, shall be calculated as if the withdrawn area had not been part of the library district, metropolitan park district, fire protection district, or public hospital district, and as if the library district or fire protection district had not been part of the city or town. [1987 c 138 § 6.]

84.55.120 Public hearing—Taxing district's revenue sources—Adoption of tax increase by ordinance or resolution. (1) A taxing district, other than the state, that collects regular levies must hold a public hearing on revenue sources for the district's following year's current expense budget. The hearing must include consideration of possible increases in property tax revenues and must be held prior to the time the taxing district levies the taxes or makes the request to have the taxes levied. The county legislative authority, or the taxing district's governing body if the district is a city, town, or other type of district, must hold the hearing. For purposes of this section, "current expense budget" means that budget which is primarily funded by taxes and charges and reflects the provision of ongoing services. It does not mean the capital, enterprise, or special assessment budgets of cities, towns, counties, or special purpose districts.

(2) If the taxing district is otherwise required to hold a public hearing on its proposed regular tax levy, a single public hearing may be held on this matter.

(3)(a) Except as provided in (b) of this subsection (3), no increase in property tax revenue may be authorized by a taxing district, other than the state, except by adoption of a sep-
arate ordinance or resolution, pursuant to notice, specifically authorizing the increase in terms of both dollars and percentage. The ordinance or resolution may cover a period of up to two years, but the ordinance must specifically state for each year the dollar increase and percentage change in the levy from the previous year.

(b) Exempt from the requirements of (a) of this subsection are increases in revenue resulting from the addition of:

(i) New construction;

(ii) Increases in assessed value due to construction of wind turbine, solar, biomass, and geothermal facilities, if such facilities generate electricity and the property is not included elsewhere under this section for purposes of providing an additional dollar amount. The property may be classified as real or personal property;

(iii) Improvements to property; and

(iv) Any increase in the value of state-assessed property.

[2014 c 4 § 5; 2006 c 184 § 6; 1997 c 3 § 209 (Referendum Bill No. 47, approved November 4, 1997); 1995 c 251 § 1.]

Application—2014 c 4: See note following RCW 84.55.010.

Additional notes found at www.leg.wa.gov

84.55.125 Limitation adjustment for certain leasehold interests. For taxes levied for collection in 2002, the limitation set forth in RCW 84.55.010 for a taxing district shall be increased by an amount equal to the aggregate assessed valuation of leasehold interests subject to tax by the district under RCW 84.40.410, multiplied by the regular property tax levy rate of that district for the preceding year. [2001 c 26 § 4.]

Chapter 84.56 RCW

COLLECTION OF TAXES

Sections

84.56.010 Establishment of tax rolls by treasurer—Public record—Tax roll account—Authority to receive, collect taxes.

84.56.020 Taxes collected by treasurer—Dates of delinquency—Tax statement notice concerning payment by check—Interest—Penalties—Extensions during state of emergency.

84.56.022 Tax statement to show voter-approved levies.

84.56.025 Waiver of interest and penalties—Circumstances—Provision of death certificate and affidavit for certain waivers.

84.56.035 Special assessments, excise taxes, or rates and charges—Collection by county treasurer authorized.

84.56.050 Treasurer’s duties on receiving rolls—Notice of taxes due.

84.56.060 Tax receipts—Current tax only may be paid.

84.56.070 Personal property—Distrain and sale, notice, property incapable of manual delivery, property about to be removed or disposed of.

84.56.075 Issuance of warrant by court for property subject to distrain.

84.56.090 Distrain and sale of property about to be removed, dissipated, sold, or disposed of—Computation of taxes, entry on rolls, tax liens.

84.56.120 Removal of property from county or state after assessment without paying tax.

84.56.150 Removal of personality—Certification of tax by treasurer.

84.56.160 Certification of statement of taxes and delinquency.

84.56.170 Collection of certified taxes—Remittance.

84.56.200 Removal of timber or improvements on which tax is delinquent—Penalty.

84.56.210 Severance of standing timber assessed as realty—Timber tax may be collected as personality tax.

84.56.220 Lien of personality tax follows insurance.

84.56.230 Monthly distribution of taxes collected.

84.56.240 Cancellation of uncollectible personality taxes.

84.56.250 Penalty for willful noncollection or failure to file delinquent list.

84.56.260 Continuing responsibility to collect taxes, special assessments, fees, rates, or other charges.

84.56.270 Court cancellation of personality taxes more than four years delinquent.

84.56.280 Settlement with state for state taxes—Penalty.

84.56.290 Adjustment with state for reduced or canceled taxes and for taxes on assessments not on the certified assessment list.

84.56.300 Annual report of collections to county auditor.

84.56.310 Interested person may pay real property taxes—Limitation.

84.56.320 Recovery by occupant or tenant paying realty taxes.

84.56.330 Payment by mortgagee or other lien holder.

84.56.335 Manufactured/mobile home or park model trailer landlord tax responsibility.

84.56.340 Payment on part of parcel or tract or on undivided interest or fractional interest—Division—Certification—Appeal.

84.56.345 Alteration of property lines—Payment of taxes and assessments.

84.56.360 Separate ownership of improvements—Separate payment authorized.

84.56.370 Separate ownership of improvements—Procedure for segregation of improvement tax.

84.56.380 Separate ownership of improvements—Segregation or payment not to release lien.

84.56.430 Relisting and relvey of tax adjudged void.

84.56.440 Ships and vessels—Collection of taxes—Delinquent taxes—Valuation and assessment of unlisted ships or vessels—Extensions during state of emergency.

84.56.010 Establishment of tax rolls by treasurer—Public record—Tax roll account—Authority to receive, collect taxes. On or before the first Monday in January next succeeding the date of levy of taxes the county treasurer shall establish tax rolls of his or her county as certified by the county assessor for such assessment year, and said rolls shall be preserved as a public record in the office of the county treasurer. The amount of said taxes levied and extended upon said rolls shall be charged to the treasurer in an account to be designated as treasurer’s "Tax roll account" for . . . . . . and said rolls shall be full and sufficient authority for the county treasurer to receive and collect all taxes therein levied: PROVIDED, That the county treasurer shall in no case collect such taxes or issue receipts for the same or enter payment or satisfaction of such taxes upon said assessment rolls before the county treasurer has completed the tax roll for the current year’s collection and provided the notification required by RCW 84.56.020. [2007 c 105 § 1; 1994 c 301 § 50; (1975-'76 2nd ex.s. c 10 § 1 expired December 31, 1976); 1965 ex.s. c 7 § 2; 1961 c 15 § 84.56.010. Prior: 1935 c 30 § 1; 1925 ex.s. c 130 § 82; RRS § 11243; prior: 1890 p 561 § 83.]

84.56.020 Taxes collected by treasurer—Dates of delinquency—Tax statement notice concerning payment by check—Interest—Penalties—Extensions during state of emergency. (1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year’s collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.
(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of . . . . . . County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the thirty-first day of October following and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the amount of tax delinquent from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the amount of tax delinquent is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (11)(b) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those costs that can be identified specifically with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted and identified specifically to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended specifically for the purpose of administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, the tax foreclosure avoidance costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict on delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

(8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

(9) For purposes of this chapter, "interest" means both interest and penalties.

(10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of future foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

(11)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic bill presentment and payment. Electronic bill presentment and payment may be utilized as an option by the taxpayer, but the treasurer may not require the use of electronic bill presentment and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer must provide, by electronic means or otherwise, a payment agreement that provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes. The treasurer may accept partial payment of current and delinquent taxes including interest and penalties using electronic bill presentment and payments.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the
treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the thirty-first day of October following and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfer payments on a monthly basis. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

(12) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic bill presentment and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person’s checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010. [2014 c 13 § 1; 2013 c 239 § 3; 2010 c 200 § 1; 2008 c 181 § 510; 2007 c 105 § 2; 2005 c 502 § 7; 2004 c 161 § 6; 1996 c 153 § 1. Prior: 1991 c 245 § 16; 1991 c 52 § 1; 1988 c 222 § 30; 1987 c 211 § 1; 1984 c 131 § 1; 1981 c 322 § 2; 1974 ex.s. c 196 § 1; 1974 ex.s. c 116 § 1; 1971 ex.s. c 288 § 3; 1969 ex.s. c 216 § 3; 1961 c 15 § 84.56.020; prior: 1949 c 21 § 1; 1935 c 30 § 2; 1931 c 113 § 1; 1925 ex.s. c 130 § 83; Rem. Supp. 1949 § 11244; prior: 1917 c 141 § 1; 1899 c 141 § 6; 1897 c 71 § 68; 1895 c 176 § 14; 1893 c 124 § 69; 1890 p 561 § 84; Code 1881 § 2892. Formerly RCW 84.56.020 and 84.56.030.]

Application—2014 c 13: "This act applies to taxes levied for collection in 2015 and thereafter." [2014 c 13 § 3.]

Findings—2013 c 239: "The legislature finds that it is difficult for many property owners to pay property taxes under the current system where past due property tax payments must be paid in full, including penalties and interest. The legislature further finds that providing counties and property owners some flexibility in structuring past due property tax payments may provide some relief for property owners with delinquent tax payments." [2013 c 239 § 2.]

Part headings not law—2008 c 181: See note following RCW 43.06.220.

Application—2005 c 502 § 7: "Section 7 of this act applies to all taxes levied for collection in 2005 and thereafter." [2005 c 502 § 10.]

Effective date—2005 c 502: See note following RCW 1.12.070.

Effective date—2004 c 161: See note following RCW 28B.10.270.

Advance deposit of taxes on certain platted property: RCW 58.08.040.

Payment of taxes upon loss of exempt status: RCW 84.40.380.

Additional notes found at www.leg.wa.gov

84.56.022 Tax statement to show voter-approved levies. Each tax statement shall show the amount of voter-approved: (1) Regular levies except those authorized in RCW 84.55.050; and (2) excess levies. Such amounts may be shown either as a dollar amount or as a percentage of the total amount of taxes. [1995 c 180 § 1; 1994 c 301 § 48.]

(2014 Ed.)

84.56.025 Waiver of interest and penalties—Circumstances—Provision of death certificate and affidavit for certain waivers. (1) The interest and penalties for delinquent property taxes must be waived by the county treasurer if the notice for these taxes due, as provided in RCW 84.56.050, is not sent to a taxpayer due to error by the county. Where waiver of interest and penalties has occurred, the full amount of interest and penalties must be reinstated if the taxpayer fails to pay the delinquent taxes within thirty days of receiving notice that the taxes are due. Each county treasurer must, subject to guidelines prepared by the department of revenue, establish administrative procedures to determine if taxpayers are eligible for this waiver.

(2) In addition to the waiver under subsection (1) of this section, the interest and penalties for delinquent property taxes must be waived by the county treasurer under the following circumstances:

(a) The taxpayer fails to make one payment under RCW 84.56.020 by the due date on the taxpayer’s personal residence because of hardship caused by the death of the taxpayer's spouse if the taxpayer notifies the county treasurer of the hardship within sixty days of the tax due date; or

(b) The taxpayer fails to make one payment under RCW 84.56.020 by the due date on the taxpayer’s parent’s or stepparent’s personal residence because of hardship caused by the death of the taxpayer’s parent or stepparent if the taxpayer notifies the county treasurer of the hardship within sixty days of the tax due date.

(3) In addition to the waivers under subsections (1) and (2) of this section, the county treasurer, at his or her discretion, may waive interest and penalties for delinquencies on property taxes where the taxpayer paid an erroneous amount due to apparent taxpayer error and the taxpayer pays the delinquent taxes within thirty days of receiving notice that the taxes are due.

(4) Before allowing a hardship waiver under subsection (2) of this section, the county treasurer may require a copy of the death certificate along with an affidavit signed by the taxpayer. [2014 c 13 § 2; 2003 c 12 § 1; 1998 c 327 § 1; 1984 c 185 § 1.]

Application—2014 c 13: See note following RCW 84.56.020.

84.56.035 Special assessments, excise taxes, or rates and charges—Collection by county treasurer authorized. A local government authorized both to impose and to collect any special assessments, excise taxes, or rates or charges may contract with the county treasurer or treasurers within which the local government is located to collect the special assessments, excise taxes, rates or charges. If such a contract is entered into, notice of the special assessments, excise taxes, or rates or charges due may be included on the notice of property taxes due, may be included on a separate notice that is mailed with the notice of property taxes due, or may be sent separately from the notice of property taxes due. County treasurers may impose an annual fee for collecting special assessments, excise taxes, or rates or charges not to exceed one percent of the dollar value of special assessments, excise taxes, or rates or charges collected. [1987 c 355 § 1.]
shall post all real and personal property taxes from the rolls to the treasurer's tax roll, and shall carry forward to the current tax rolls a memorandum of all delinquent taxes on each and every description of property, and enter the same on the property upon which the taxes are delinquent showing the amounts for each year. The treasurer shall notify each taxpayer in the county, at the expense of the county, of the amount of the real and personal property, and the current and delinquent amount of tax due on the same; and the treasurer shall have printed on the notice the name of each tax and the levy made on the same. The county treasurer shall be the sole collector of all delinquent taxes and all other taxes due and collectible on the tax rolls of the county: PROVIDED, That the term “taxpayer” as used in this section shall mean any person charged, or whose property is charged, with property tax; and the person to be notified is that person whose name appears on the tax roll herein mentioned: PROVIDED, FURTHER, That if no name so appears the person to be notified is that person shown by the treasurer’s tax rolls or duplicate tax receipts of any preceding year as the payer of the tax last paid on the property in question. [1991 c 245 § 17; 1963 c 94 § 1; 1961 c 15 § 84.56.050. Prior: 1941 c 32 § 1; 1939 c 206 § 41; 1937 c 121 § 2; 1925 ex.s. c 130 § 84; Rem. Supp. 1941 § 11245; prior: 1897 c 71 § 69; 1893 c 124 § 70; 1890 p 561 § 85; Code 1881 §§ 2894, 2895.]

84.56.060 Tax receipts—Current tax only may be paid. The county treasurer upon receiving any tax paid in cash, shall give to the person paying the same a receipt. The treasurer shall record the payment of all taxes in the treasurer’s records by parcel. The owner or owners of property against which there are delinquent taxes, shall have the right to pay the current tax without paying any delinquent taxes there may be against the property. [1991 c 245 § 18; 1971 ex.s. c 35 § 1; 1961 c 15 § 84.56.060. Prior: 1925 ex.s. c 130 § 85; RRS § 11246; prior: 1897 c 71 § 70; 1893 c 124 § 71; 1890 p 561 § 86; Code 1881 § 2899.]

84.56.070 Personal property—Distraint and sale, notice, property incapable of manual delivery, property about to be removed or disposed of. (1) The county treasurer must proceed to collect all personal property taxes after first completing the tax roll for the current year’s collection. (2) The treasurer must give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer must commence delinquent collection efforts. A delinquent collection charge for costs incurred by the treasurer may be added to the account. (3) In the event that the treasurer is unable to collect the taxes when due under this section, the treasurer must prepare papers in distraint, which must contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner. (a) The treasurer must without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and must proceed to advertise the same by posting written notices in three public places in the county in which such property has been distraint, one of which places must be at the county courthouse, such notice to state the time when and place where such property will be sold. (b) The county treasurer, or the treasurer’s deputy, must tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint. (c) If the taxes for which such property is distraint, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which may not be less than ten days after the taking of such property, such treasurer or treasurer’s designee must proceed to sell such property at public auction, or so much thereof as is sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer must pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative. (d) If necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net, or drag seine fishing location, or any other personal property as the treasurer determines to be incapable or reasonably impracticable of manual delivery, it is deemed to have been distraint and taken into possession when the treasurer has, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distraint such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale. A copy of the notice must also be sent to the owner or reputed owner at his or her last known address, by registered letter at least thirty days prior to the date of sale. (e) If the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold, or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may distraint sufficient goods and chattels to pay the same. [2013 c 239 § 4; 2009 c 350 § 2; 2007 c 295 § 5; 1991 c 245 § 19; (1975-76 2nd ex.s. c 10 § 2 expired December 31, 1976); 1961 c 15 § 84.56.070. Prior: 1949 c 21 § 2; 1935 c 30 § 4; 1933 c 33 § 1; 1925 ex.s. c 130 § 86; Rem. Supp. 1949 § 11247; prior: 1915 c 137 § 1; 1911 c 24 § 2; 1899 c 141 § 7; 1897 c 71 § 71; 1895 c 176 § 15; 1893 c 124 § 72; 1890 p 561 § 87; Code 1881 § 2903. Formerly RCW 84.56.070, 84.56.080, and 84.56.100.] Findings—2013 c 239: See note following RCW 84.56.020. Issuance of warrant: RCW 84.56.075.

84.56.075 Issuance of warrant by court for property subject to distraint. (1) When there is probable cause to believe that there is property within the county subject to distraint pursuant to RCW 84.56.070 or 84.56.090, any judge of the superior court or district court in the county in which such property is located may, upon the request of the county treasurer or their deputy, issue a warrant directed to the county
treasurer or their deputy commanding the search for and seizure of the property described in the request for warrant at the place or places described in the request for warrant.

(2) The procedure for the issuance and execution and return of the warrant authorized by this section and for return of any property seized shall be the criminal rules of the superior court and the district court.

(3) Property seized under this section shall be disposed of as provided in RCW 84.56.070 or 84.56.090.

(4) This section does not require the application for or issuance of any warrant not otherwise required by law. [2006 c 286 § 1.]

84.56.090 Distraint and sale of property about to be removed, dissipated, sold, or disposed of—Computation of taxes, entry on rolls, tax liens. Whenever in the judgment of the assessor or the county treasurer personal property is being removed or is about to be removed without the limits of the state, or is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the treasurer shall immediately prepare papers in distraint, which shall contain a description of the personal property, including mobile homes, manufactured homes, or park model trailers, being or about to be removed, dissipated, sold, disposed of, or removed from the county so as to jeopardize collection of taxes, the amount of the tax, the amount of accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner, and he or she shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall advertise and sell said property as provided in RCW 84.56.070.

If said personal property is being removed or is about to be removed from the limits of the state, is being dissipated or about to be dissipated, or is being or about to be sold, disposed of, or removed from the county so as to jeopardize collection of taxes, at any time subsequent to the first day of January in any year, and prior to the levy of taxes thereon, the taxes upon such property so distraint shall be computed upon the rate of levy for state, county, and local purposes for the preceding year; and all taxes collected in advance of levy under this section and RCW 84.56.120, together with the name of the owner and a brief description of the property assessed shall be entered forthwith by the county treasurer upon the personal property tax rolls of such preceding year, and all collections thereon shall be considered and treated in all respects, and without recourse by either the owner or any taxing unit, as collections for such preceding year. Property on which taxes are thus collected shall thereupon become discharged from the lien of any taxes that may thereafter be levied in the year in which payment or collection is made.

Whenever property has been removed from the county wherein it has been assessed, on which the taxes have not been paid, then the county treasurer, or his or her deputy, shall have the same power to distraint and sell said property for the satisfaction of said taxes as he or she would have if said property were situated in the county in which the property was taxed, and in addition thereto said treasurer, or his or her deputy, in the distraint and sale of property for the payment of taxes, shall have the same powers as are now by law given to the sheriff in making levy and sale of property on execution. [2013 c 23 § 369; 2007 c 295 § 6; 1985 c 83 § 1; 1961 c 15 § 84.56.090. Prior: 1949 c 21 § 3; 1939 c 206 § 43; 1937 c 20 § 1; 1925 ex.s. c 130 § 89; Rem. Supp. 1949 § 11250; prior: 1907 c 29 § 1. Formerly RCW 84.56.090, 84.56.110, 84.56.130, and 84.56.140.]

Issuance of warrant. RCW 84.56.075.

84.56.120 Removal of property from county or state after assessment without paying tax. After personal property has been assessed, it shall be unlawful for any person to remove the personal property subject to tax liens created pursuant to RCW 84.60.010 and 84.60.020 from the county in which the property was assessed and from the state until taxes and interest are paid, or until notice has been given to the county treasurer describing the property to be removed and in case of public or private sales of personal property, a list of the property desired to be sold shall be sent to the treasurer, the tax will be computed upon the consolidated tax levy for the previous year. Any taxes owed shall become an automatic lien upon the proceeds of any auction and shall be remitted to the county treasurer before final distribution to any person, as defined in this section. If proceeds are distributed in violation of this section, the seller or agent of the seller shall assume all liability for taxes, interest, and penalties owed to the county treasurer. Any person violating the provisions of this section shall be guilty of a misdemeanor. For the purposes of this section, "person" includes a property owner, mortgagor, creditor, or agent. [2004 c 79 § 6; 2003 c 23 § 2; 1991 c 245 § 20; 1961 c 15 § 84.56.120. Prior: 1925 ex.s. c 130 § 88; RRS § 11249; prior: 1907 c 29 § 2.]

84.56.150 Removal of personality—Certification of tax by treasurer. If any person, firm or corporation shall remove from one county to another in this state personal property which has been assessed in the former county for a tax which is unpaid at the time of such removal, the treasurer of the county from which the property is removed shall certify to the treasurer of the county to which the property has been removed a statement of the tax together with all delinquencies and penalties. [1961 c 15 § 84.56.150. Prior: 1925 ex.s. c 130 § 90; RRS § 11251; prior: 1899 c 32 § 1.]

84.56.160 Certification of statement of taxes and delinquency. The treasurer of any county of this state shall have the power to certify a statement of taxes and delinquencies of any person, firm, company or corporation, or of any tax on personal property together with all penalties and delinquencies, which statement shall be under seal and contain a transcript of the tax collection records and so much of the tax roll as shall affect the person, firm, company or corporation or personal property to the treasurer of any county of this state, wherein any such person, firm, company or corporation has any real or personal property. [1994 c 301 § 51; 1961 c 15 § 84.56.160. Prior: 1925 ex.s. c 130 § 91; RRS § 11252; prior: 1899 c 32 § 2.]

84.56.170 Collection of certified taxes—Remittance. The treasurer of any county of this state receiving the certi-
84.56.200 Removal of timber or improvements on which tax is delinquent—Penalty. It shall be unlawful for any person, firm or corporation to remove any timber from timbered lands, no portion of which is occupied for farming purposes by the owner thereof, or to remove any building or improvements from lands, upon which taxes are delinquent until the taxes thereon have been paid.

Any person violating the provisions of this section shall be guilty of a gross misdemeanor. [1961 c 15 § 84.56.200. Prior: 1925 ex.s. c 130 § 11; RRS § 11115.]

84.56.210 Severance of standing timber assessed as realty—Timber tax may be collected as personalty tax. Whenever standing timber which has been assessed as real estate is severed from the land as part of which it was so assessed, it may be considered by the county assessor as personal property, and the county treasurer shall thereafter be entitled to pursue all of the rights and remedies provided by law for the collection of personal property taxes in the collection of taxes levied against such timber: PROVIDED, That whenever the county assessor elects to treat severed timber as personalty under the provisions of this section, he or she shall immediately give notice by mail to the person or persons charged with the tax of the fact of his or her election, and the amount of tax standing against the timber. [2013 c 23 § 370; 1961 c 15 § 84.56.210. Prior: 1939 c 206 § 42; 1929 c 70 § 1; RRS § 11247-1.]

84.56.220 Lien of personalty tax follows insurance. In the event of the destruction of personal property, the lien of the personal property tax shall attach to and follow any insurance that may be upon the property and the insurer shall pay to the county treasurer from the insurance money all taxes, interest and costs that may be due. [1991 c 245 § 21; 1961 c 15 § 84.56.220. Prior: 1935 c 30 § 5; 1925 ex.s. c 130 § 87; RRS § 11248; prior: 1921 c 117 § 1; 1911 c 24 § 3.]

84.56.230 Monthly distribution of taxes collected. On the first day of each month the county treasurer shall distribute pro rata those taxing districts for which the county treasurer also serves as the district treasurer, according to the rate of levy for each fund, the amount collected as consolidated tax during the preceding month: PROVIDED, HOWEVER, that the county treasurer, at his or her option, may distribute the total amount of such taxes collected according to the ratio that the levy of taxes made for each taxing district in the county bears to such total amount collected. On or before the tenth day of each month the county treasurer shall remit to the respective city treasurers and all other taxing districts for which the county treasurer does not serve as district treasurer, their pro rata share of all taxes collected for the previous month as provided for in RCW 36.29.110. [2002 c 81 § 1; 1991 c 245 § 22; 1973 1st ex.s. c 43 § 1; 1961 c 15 § 84.56.230. Prior: 1925 ex.s. c 130 § 93; RRS § 11254; prior: 1890 p 564 § 95.]

84.56.240 Cancellation of uncollectible personalty taxes. If the county treasurer is unable, for the want of goods or chattels whereupon to levy, to collect by distress or otherwise, the taxes, or any part thereof, which may have been assessed upon the personal property of any person or corporation, or an executor or administrator, guardian, receiver, accounting officer, agent or factor, the treasurer shall file with the county legislative authority, on the first day of February following, a list of such taxes, with an affidavit of the treasurer or of the deputy treasurer entrusted with the collection of the taxes, stating that the treasurer had made diligent search and inquiry for goods and chattels wherewith to make such taxes, and was unable to make or collect the same. The county legislative authority shall cancel such taxes as the county legislative authority is satisfied cannot be collected. [1997 c 393 § 14; 1961 c 15 § 84.56.240. Prior: 1925 ex.s. c 130 § 94; RRS § 11255; prior: 1899 c 141 § 8; 1897 c 71 § 72; 1895 c 176 § 16; 1893 c 124 § 73; 1890 p 562 § 88.]

84.56.250 Penalty for willful noncollection or failure to file delinquent list. If any county treasurer willfully refuses or neglects to collect any taxes assessed upon personal property, where the same is collectible, or to file the delinquent list and affidavit, as herein provided, the treasurer shall be held, in his or her next settlement with the county legislative authority, liable for the whole amount of such taxes uncollected, and the same shall be deducted from his or her salary and applied to the several funds for which they were levied. [2001 c 299 § 19; 1961 c 15 § 84.56.250. Prior: 1925 ex.s. c 130 § 95; RRS § 11256; prior: 1897 c 71 § 73; 1893 c 124 § 74; 1890 p 562 § 91.]

84.56.260 Continuing responsibility to collect taxes, special assessments, fees, rates, or other charges. The power and duty to levy on property and collect any tax due and unpaid shall be the responsibility of the county treasurer until the tax is paid; and the certification of the assessment roll shall continue in force and confer authority upon the treasurer to whom the same was issued to collect any tax due and uncollected thereon. This section shall apply to all assessment rolls, special assessments, fees, rates, or other charges for which the treasurer has the responsibility for collection. [1991 c 245 § 23; 1984 c 250 § 7; 1961 c 15 § 84.56.260. Prior: 1925 ex.s. c 130 § 96; RRS § 11257; prior: 1897 c 71 § 74; 1893 c 124 § 75.]

84.56.270 Court cancellation of personalty taxes more than four years delinquent. The county treasurer of any county of the state of Washington, after he or she has first received the approval of the board of county commissioners of such county, through a resolution duly adopted, is hereby empowered to petition the superior court in or for his or her county to finally cancel and completely extinguish the lien of any delinquent personal property tax which appears on the tax rolls of his or her county, which is more than four years...
edelincquent, which he or she attests to be beyond hope of collection, and the cancellation of which will not impair the obligation of any bond issue nor be precluded by any other legal impediment that might invalidate such cancellation. The superior court shall have jurisdiction to hear any such petition and to enter such order as it shall deem proper in the premises. [2013 c 23 § 372; 1984 c 132 § 5; 1961 c 15 § 84.56.270. Prior: 1945 c 59 § 1; Rem. Supp. 1945 § 11265-1.]

84.56.280 Settlement with state for state taxes—Penalty. Immediately after the last day of each month, the county treasurer shall pay over to the state treasurer the amount collected by the county treasurer and credited to the various state funds, but every such payment shall be subject to correction for error discovered. If they are not paid to the state treasurer before the twentieth day of the month the state treasurer shall make a sight draft on the county treasurer for such amount. Should any county treasurer fail or refuse to honor the draft or make payment of the amount thereon, except for manifest error or other good and sufficient cause, the county treasurer shall be guilty of nonfeasance in office and upon conviction thereof shall be punished according to law. [1991 c 245 § 24; 1979 ex.s. c 86 § 7; 1961 c 15 § 84.56.280. Prior: 1955 c 113 § 2; prior: 1949 c 69 § 1, part; 1933 c 35 § 1, part; 1925 ex.s. c 130 § 97, part; Rem. Supp. 1949 § 11258, part; prior: 1899 c 141 § 9, part; 1897 c 71 § 76, part; 1895 c 176 § 17, part; 1893 c 124 § 77, part; 1890 p 565 § 96, part; Code 1881 § 2942, part.]

Additional notes found at www.leg.wa.gov

84.56.290 Adjustment with state for reduced or canceled taxes and for taxes on assessments not on the certified assessment list. Whenever any tax shall have been herefore, or shall be hereafter, canceled, reduced or modified in any final judicial, county board of equalization, state board of tax appeals, or administrative proceeding; or whenever any tax shall have been heretofore, or shall be hereafter canceled by sale of property to any irrigation district under foreclosure proceedings for delinquent irrigation district assessments; or whenever any contracts or leases on public lands shall have been heretofore, or shall be hereafter, canceled and the tax thereon remains unpaid for a period of two years, the director of revenue shall, upon receipt from the county treasurer of a certified copy of the final judgment, order, or decree canceling, reducing, or modifying taxes, or of a certificate from the county treasurer of the cancellation by sale to an irrigation district, or of a certificate from the commissioner of public lands and the county treasurer of the cancellation of public land contracts or leases and nonpayment of taxes thereon, as the case may be, make corresponding entries and corrections on the director's records of the state's portion of reduced or canceled tax.

Upon canceling taxes deemed uncollectible, the county commissioners shall notify the county treasurer of such action, whereupon the county treasurer shall deduct on the treasurer's records the amount of such uncollectible taxes due the various state funds and shall immediately notify the department of revenue of the treasurer's action and of the reason therefore; which uncollectible tax shall not then nor thereafter be due or owing the various state funds and the necessary corrections shall be made by the county treasurer upon the quarterly settlement next following.

When any assessment of property is made which does not appear on the assessment list certified by the county board of equalization to the department of revenue the county assessor shall indicate to the county treasurer the assessments and the taxes due therefrom when the list is delivered to the county treasurer on December 15th. The county treasurer shall then notify the department of revenue of the taxes due the state from the assessments which did not appear on the assessment list certified by the county board of equalization to the department of revenue. The county treasurer shall make proper accounting of all sums collected as either advance tax, compensating or additional tax, or supplemental or omitted tax and shall notify the department of revenue of the amounts due the various state funds according to the levy used in extending such tax, and those amounts shall immediately become due and owing to the various state funds, to be paid to the state treasurer in the same manner as taxes extended on the regular tax roll. [1991 c 245 § 37; 1987 c 168 § 3; 1979 ex.s. c 86 § 8; 1961 c 15 § 84.56.290. Prior: 1955 c 113 § 3; prior: 1949 c 69 § 1, part; 1933 c 35 § 1, part; 1925 ex.s. c 130 § 97, part; Rem. Supp. 1949 § 11258, part; prior: 1899 c 141 § 9, part; 1897 c 71 § 76, part; 1895 c 176 § 17, part; 1893 c 124 § 77, part; 1890 p 565 § 96, part; Code 1881 § 2942, part.]

Additional notes found at www.leg.wa.gov

84.56.300 Annual report of collections to county auditor. On the first Monday of February of each year the county treasurer shall balance up the tax rolls as of December 31 of the prior year in the treasurer's hands and with which the treasurer stands charged on the roll accounts of the county auditor. The treasurer shall then report to the county auditor in full the amount of taxes collected and specify the amount collected on each fund. The treasurer shall also report the amount of taxes that remain uncollected and delinquent upon the tax rolls, which, with collections and credits on account of errors and double assessments, should balance the tax rolls as the treasurer stands charged. The treasurer shall then report the amount of collections on account of interest since the taxes became delinquent, and as added to the original amounts when making such collections, and with which the treasurer is now to be charged by the auditor, such reports to be duly verified by affidavit. [1997 c 393 § 15; 1973 1st ex.s. c 45 § 1; 1961 c 15 § 84.56.300. Prior: 1925 ex.s. c 130 § 98; RRS § 11259; prior: 1899 c 141 § 10; 1897 c 71 § 77; 1895 c 176 § 18; 1893 c 124 § 78; 1890 p 565 § 99.]

84.56.310 Interested person may pay real property taxes—Limitation. Any person being the owner or having an interest in an estate or claim to real property against which taxes have not been paid may pay the same and satisfy the lien at any time before the filing of a certificate of delinquency against the real property. The person or authority who shall collect or receive the same shall give a certificate that such taxes have been so paid to the person or persons entitled to demand such certificate. After the filing of a certificate of delinquency, the redemption rights shall be controlled by RCW 84.64.060. [2005 c 502 § 8; 1961 c 15 § 84.56.310. (2014 Ed.)]
84.56.320 Recovery by occupant or tenant paying realty taxes. When any tax on real property is paid by or collected of any occupant or tenant, or any other person, which, by agreement or otherwise, ought to have been paid by the owner, lessor, or other party in interest, such occupant, tenant, or other person may recover by action the amount which such owner, lessor, or party in interest ought to have paid, with interest thereon at the rate of ten percent per annum, or he or she may retain the same from any rent due or accruing from him or her to such owner or lessor for real property on which such tax is so paid; and the same shall, until paid, constitute a lien upon such real property. [2013 c 23 § 373; 1961 c 15 § 84.56.320. Prior: 1925 ex.s. c 130 § 102; RRS § 11263; prior: 1897 c 71 § 81; 1893 c 124 § 86; 1890 p 583 § 133.]

84.56.330 Payment by mortgagee or other lien holder. Any person who has a lien by mortgage or otherwise, upon any real property upon which any taxes have not been paid, may pay such taxes, and the interest, penalty and costs thereon; and the receipt of the county treasurer or other collecting official shall constitute an additional lien upon such land, to the amount therein stated, and the amount so paid and the interest thereon at the rate specified in the mortgage or other instrument shall be collectible with, or as a part of, and in the same manner as the amount secured by the original lien: PROVIDED, That the person paying such taxes shall pay the same as mortgagee or other lien holder and shall procure the receipt of the county treasurer therefor, showing the mortgage or other lien relationship of the person paying such taxes, and the same shall have been recorded with the county auditor of the county wherein the said real estate is situated, within ten days after the payment of such taxes and the issuance of such receipt. It shall be the duty of any treasurer issuing such receipt to make notation thereon of the lien relationship claim of the person paying such taxes. It shall be the duty of the county auditor in such cases to index and record such receipts in the same manner as provided for the recording of liens on real estate, upon the payment to the county auditor of the appropriate recording fees by the person presenting the same for recording: AND PROVIDED FURTHER, That in the event the above provision be not complied with, the lien created by any such payment shall be subordinate to the liens of all mortgages or encumbrances upon such real property, which are senior to the mortgage or other lien of the person so making such payment. [1999 c 233 § 23; 1961 c 15 § 84.56.330. Prior: 1933 c 171 § 1; RRS § 11263-1.]

Additional notes found at www.leg.wa.gov

84.56.335 Manufactured/mobile home or park model trailer landlord tax responsibility. (1) Except as provided in subsection (2) of this section, if the landlord of a manufactured/mobile home or park model trailer with the intent to resell or rent the same after (a) the manufactured/mobile home or park model trailer has been abandoned; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the manufactured/mobile home or park model trailer.

2) Upon notification by the assessor, the county treasurer must remove from the tax rolls any outstanding taxes, as well as interest and penalties, on a manufactured/mobile home or park model trailer if the landlord of a manufactured/mobile home park:

(a) Submits a signed affidavit to the assessor indicating that the landlord has taken ownership of the manufactured/mobile home or park model trailer with the intent to resell or rent after: (i) The manufactured/mobile home or park model trailer has been abandoned; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the manufactured/mobile home or park model trailer and title has been lawfully transferred to the landlord; and

(b) The most current assessed value of the manufactured/mobile home or park model trailer is less than eight thousand dollars.

3) For the purposes of this section, "abandoned," "manufactured/mobile home," and "park model" have the same meanings as provided in RCW 59.20.030. [2013 c 198 § 1.]

84.56.340 Payment on part of parcel or tract or on undivided interest or fractional interest—Division—Certification—Appeal. Any person desiring to pay taxes upon any part or parts of real property heretofore or hereafter assessed as one parcel, or tract, or upon such person's undivided fractional interest in such a property, may do so by applying to the county assessor, who must carefully investigate and ascertain the relative or proportionate value said part or part interest bears to the whole tract assessed, on which basis the assessment must be divided, and the assessor shall forthwith certify such proportionate value to the county treasurer: PROVIDED, That excepting when property is being acquired for public use, or where a person or financial institution desires to pay the taxes and any penalties and interest on a mobile home upon which they have a lien by mortgage or otherwise, no segregation of property for tax purposes shall be made under this section unless all current year and delinquent taxes and assessments on the entire tract have been paid in full. The county treasurer, upon receipt of certification, shall duly accept payment and issue receipt on the apportionment certified by the county assessor. In cases where protest is filed to said division appeal shall be made to the county legislative authority at its next regular session for final division, and the county treasurer shall accept and receipt for said taxes as determined and ordered by the county legislative authority. Any person desiring to pay on an undivided interest in any real property may do so by paying to the county treasurer a sum equal to such proportion of the entire taxes charged on the entire tract as interest paid on bears to the whole. [2003 c 23 § 3; 1997 c 393 § 16; 1996 c 153 § 2; 1994 c 301 § 53; 1985 c 395 § 4; 1971 ex.s. c 48 § 1; 1961 c 15 § 84.56.340. Prior: 1939 c 206 § 44; 1933 c 171 § 2; 1925
84.56.345  Alteration of property lines—Payment of taxes and assessments. Every person who offers a document to the auditor of the proper county for recording that results in any division, alteration, or adjustment of real property boundary lines, except as provided for in RCW 58.04.007(1) and 84.40.042(1)(c), shall present a certificate of payment from the proper officer who is in charge of the collection of taxes and assessments for the affected property or properties. All taxes and assessments, both current and delinquent must be paid. For purposes of chapter 502, Laws of 2005, liability shall begin on January 1st. Taxes not yet levied and certified shall be collected as an advance tax under RCW 58.08.040. [2005 c 502 § 6.]

Effective date—2005 c 502: See note following RCW 1.12.070.

84.56.360  Separate ownership of improvements—Separate payment authorized. In any case where buildings, structures or improvements are held in separate ownership from the fee as a part of which they have been assessed for the purpose of taxation, any person desiring to pay separately the tax upon the buildings, structures or improvements may do so under the provisions of this section, RCW 84.56.370 and 84.56.380. [1961 c 15 § 84.56.360. Prior: 1939 c 155 § 1; RRS § 11264-1.]

84.56.370  Separate ownership of improvements—Procedure for segregation of improvement tax. Such person may apply to the county assessor for a certificate showing the total assessed value of the land together with all buildings, structures or improvements located thereon and the assessed value of the building, structure or improvement the tax upon which the applicant desires to pay. It shall be the duty of the county assessor to issue such certificate of segregation upon written application accompanied by an affidavit attesting to the fact of separate ownership of land and improvements. Upon presentation of such certificate of segregation to the county treasurer, that officer shall segregate the total tax in accordance therewith and accept and receipt for the payment of that proportion of total tax which is shown to be due against any building, structure or improvement upon which the applicant desires to pay. [1961 c 15 § 84.56.370. Prior: 1939 c 155 § 2; RRS § 11264-2.]

84.56.380  Separate ownership of improvements—Segregation or payment not to release lien. A segregation or payment under RCW 84.56.360 and 84.56.370 shall not release the land or the building, structure or improvement paid on from any tax lien to which it would otherwise be subject. [1961 c 15 § 84.56.380. Prior: 1939 c 155 § 3; RRS § 11264-3.]

84.56.430  Relisting and relevy of tax adjudged void. If any tax or portion of any tax heretofore or hereafter levied on any property liable to taxation is prevented from being collected for any year or years, by reason of any erroneous proceeding connected with either the assessment, listing, equalization, levying or collection thereof, or failure of any taxing, assessing or equalizing officer or board to give notice of any hearing or proceeding connected therewith, or, if any such tax or any portion of any such tax heretofore or hereafter levied has heretofore or is hereafter recovered back after payment by reason of any such erroneous proceedings, the amount of such tax or portion of such tax which should have been paid upon such property except for such erroneous proceeding, shall be added to the tax levied on such property for the year next succeeding the entry of final judgment adjudging such tax or portion of tax to have been void. If any tax or portion of a tax levied against any property for any year has been, or is hereafter adjudged void because of any such erroneous proceeding as hereinafter set forth, the county and state officers authorized to levy and assess taxes on said property shall proceed, in the year next succeeding, to relist and reassess said property and to reequalize such assessment, and to relevy and collect the taxes thereon as of the year that said void tax or portion of tax was levied, in the same manner, and with the same effect as though no part of said void tax had ever been levied or assessed upon said property: PROVIDED, That such tax as reassessed and releved shall be figured and determined at the same tax-rate as such erroneous tax was or should have been figured and determined, and in paying the tax so reassessed and releved the taxpayer shall be credited with the amount of any taxes paid upon property retaxed for the year or years for which the reassessment is made. [1961 c 15 § 84.56.430. Prior: 1927 c 290 § 1; 1925 ex.s. c 130 § 108; RRS § 11269; prior: 1897 c 71 § 87; 1893 c 124 § 90. Formerly RCW 84.24.080.]

84.56.440  Ships and vessels—Collection of taxes—Delinquent taxes—Valuation and assessment of unlisted ships or vessels—Extensions during state of emergency. (Effective until January 1, 2015.) (1) The department of revenue shall collect all ad valorem taxes upon ships and vessels listed with the department in accordance with RCW 84.40.065 and all applicable interest and penalties.

The taxes shall be due and payable to the department on or before the thirtieth day of April and shall be delinquent after that date.

(2) If payment of the tax is not received by the department by the due date, there shall be imposed a penalty of five percent of the amount of the tax; and if the tax is not received within thirty days after the due date, there shall be imposed a total penalty of ten percent of the amount of the tax; and if the tax is not received within sixty days after the due date, there shall be imposed a total penalty of twenty percent of the amount of the tax. No penalty so added shall be less than five dollars.

(3) Delinquent taxes under this section are subject to interest at the rate set forth in RCW 82.32.050 from the date of delinquency until paid. Interest or penalties collected on delinquent taxes under this section shall be paid by the department into the general fund of the state treasury.

(4) If upon information obtained by the department it appears that any ship or vessel required to be listed according to the provisions of RCW 84.40.065 is not so listed, the department shall value the ship or vessel and assess against the owner of the vessel the taxes found to be due and shall add thereto interest at the rate set forth in RCW 82.32.050.

(2014 Ed.)

Additional notes found at www.leg.wa.gov
from the original due date of the tax until the date of payment. The department shall notify the vessel owner by mail of the amount and the same shall become due and shall be paid by the vessel owner within thirty days of the date of the notice. If payment is not received by the department by the due date specified in the notice, the department shall add a penalty of ten percent of the tax found due. A person who willfully gives a false listing or willfully fails to list a ship or vessel as required by RCW 84.40.065 shall be subject to the penalty imposed by RCW 84.40.130(2), which shall be assessed and collected by the department.

(5) Delinquent taxes under this section, along with all penalties and interest thereon, shall be collected by the department according to the procedures set forth in chapter 82.32 RCW for the filing and execution of tax warrants, including the imposition of warrant interest. In the event a warrant is issued by the department for the collection of taxes under this section, the department shall add a penalty of five percent of the amount of the delinquent tax, but not less than ten dollars.

(6) The department shall also collect all delinquent taxes pertaining to ships and vessels appearing on the records of the county treasurers for each of the counties of this state as of December 31, 1993, including any applicable interest or penalties. The provisions of subsection (5) of this section shall apply to the collection of such delinquent taxes.

(7) During a state of emergency declared under RCW 43.06.010(12), the department, on its own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the department deems proper. [2008 c 181 § 511; 1993 c 33 § 6.]

Part headings not law—2008 c 181: See note following RCW 43.06.220.

84.56.440 Ships and vessels—Collection of fees and taxes—Delinquent fees and taxes—Extensions during state of emergency—Withholding decal for failure to pay taxes or fees. (Effective January 1, 2015.) (1) The department of revenue shall collect the delinquent vessel removal fee imposed under RCW 79.100.180 and all ad valorem taxes upon ships and vessels listed with the department in accordance with RCW 84.40.065, and all applicable interest and penalties on such taxes and fees. The taxes and delinquent vessel removal fee shall be due and payable to the department on or before the thirtieth day of April and shall be delinquent after that date.

(2) If payment of the tax, delinquent vessel removal fee, or both, is not received by the department by the due date, there shall be imposed a penalty of five percent of the amount of the unpaid tax and fee; and if the tax and fee are not received within thirty days after the due date, there shall be imposed a total penalty of ten percent of the amount of the unpaid tax and fee; and if the tax and fee are not received within sixty days after the due date, there shall be imposed a total penalty of twenty percent of the amount of the unpaid tax and fee. No penalty so added shall be less than five dollars.

(3) Delinquent taxes under this section are subject to interest at the rate set forth in RCW 82.32.050 from the date of delinquency until paid. Delinquent derelict vessel removal fees are also subject to interest at the same rate and in the same manner as provided for delinquent taxes under RCW 82.32.050. Interest or penalties collected on delinquent taxes and derelict vessel removal fees under this section shall be paid by the department into the general fund of the state treasury.

(4) If upon information obtained by the department it appears that any ship or vessel required to be listed according to the provisions of RCW 84.40.065 is not so listed, the department shall value the ship or vessel and assess against the owner of the vessel the taxes and derelict vessel removal fees found to be due and shall add thereto interest at the rate set forth in RCW 82.32.050 from the original due date of the tax and fee until the date of payment. The department shall notify the vessel owner by mail of the amount and the same shall become due and shall be paid by the vessel owner within thirty days of the date of the notice. If payment is not received by the department by the due date specified in the notice, the department shall add a penalty of ten percent of the tax and fee found due. A person who willfully gives a false listing or willfully fails to list a ship or vessel as required by RCW 84.40.065 shall be subject to the penalty imposed by RCW 84.40.130(2), which shall be assessed and collected by the department.

(5) Delinquent taxes and fees under this section, along with all penalties and interest thereon, shall be collected by the department according to the procedures set forth in chapter 82.32 RCW for the filing and execution of tax warrants, including the imposition of warrant interest. In the event a warrant is issued by the department for the collection of taxes, delinquent vessel removal fees, or both, under this section, the department shall add a penalty of five percent of the amount of the delinquent tax and fee, but not less than ten dollars.

(6) During a state of emergency declared under RCW 43.06.010(12), the department, on its own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes and fees payable under this section as the department deems proper. [2008 c 181 § 511; 1993 c 33 § 6.]

Chapter 84.60 RCW
LIEN OF TAXES

Sections
84.60.010 Priority of tax lien.
84.60.020 Attachment of tax liens.
84.60.040 Charging personality tax against realty.
84.60.050 Acquisition by governmental unit of property subject to tax lien or placement under agreement or order of immediate possession or use—Effect.
84.60.070 Acquisition by governmental unit of property subject to tax lien or placement under agreement or order of immediate possession or use—Segregation of taxes if only part of parcel required.

84.60.010 Priority of tax lien. All taxes and levies which may hereafter be lawfully imposed or assessed are declared to be a lien respectively upon the real and personal property upon which they may hereafter be imposed or assessed, which liens include all charges and expenses of and concerning the taxes which, by the provisions of this title, are directed to be made. The lien has priority to and must be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation, or responsibility to or with which the real and personal property may become charged or liable, except that the lien is of equal rank with liens for amounts deferred under chapter 84.37 or 84.38 RCW. [2013 c 221 § 10; 1969 ex.s. c 251 § 1; 1961 c 15 § 84.60.010. Prior: 1925 ex.s. c 130 § 99; RRS § 11260; prior: 1897 c 71 § 78; 1895 c 176 § 19; 1893 c 124 § 79; 1890 p 584 § 135.]

84.60.020 Attachment of tax liens. The taxes assessed upon real property, including mobile homes assessed thereon, and other mobile homes as defined in RCW 82.50.010 shall be a lien thereon from and including the first day of January in the year in which they are levied until the same are paid, but as between the grantor or vendor and the grantee or purchaser of any real property or any such mobile home, when there is no express agreement as to payment of the taxes thereon due and payable in the calendar year of the sale or the contract to sell, the grantor or vendor shall be liable for the same proportion of such taxes as the part of the calendar year prior to the day of the sale or the contract to sell bears to the whole of such calendar year, and the grantee or purchaser shall be liable for the remainder of such taxes and subsequent taxes. The lien for the property taxes assessed on a mobile home shall be terminated and absolved for the year subsequent to the year of its removal from the state, when notice is given to the county treasurer describing the mobile home, if all property taxes due at the time of removal are satisfied. The taxes assessed upon each item of personal property assessed shall be a lien upon such personal property except mobile homes as above provided from and after the date upon which the same is listed with and valued by the county assessor, and no sale or transfer of such personal property shall in any way affect the lien for such taxes upon such property. The taxes assessed upon personal property shall be a lien upon each item of personal property of the person assessed, distrained by the treasurer as provided in RCW 84.56.070, from and after the date of the distraint and no sale or transfer of such personal property so distrained shall in any way affect the lien for such taxes upon such property. The taxes assessed upon personal property shall be a lien upon the real property of the person assessed, selected by the county treasurer and designated and charged upon the tax rolls as provided in RCW 84.60.040, from and after the date of such selection and charge and no sale or transfer of such real property so selected and charged shall in any way affect the lien for such personal property taxes upon such property. [1985 c 393 § 5; 1977 ex.s. c 22 § 8; 1961 c 15 § 84.60.020. Prior: 1943 c 34 § 1; 1939 c 206 § 45; 1935 c 30 § 7; 1925 ex.s. c 130 § 104; Rem. Supp. 1943 § 11265; prior: 1903 c 59 § 3; 1897 c 71 § 83; 1895 c 176 § 21; 1893 c 124 § 88. Formerly RCW 84.60.020 and 84.60.030.]

84.60.040 Charging personality tax against realty. When it becomes necessary, in the opinion of the county treasurer, to charge the tax on personal property against real property, in order that such personal property tax may be collected, such county treasurer shall select for that purpose some particular tract or lots of real property owned by the person owing such personal property tax, and in his or her tax roll and certificate of delinquency shall designate the particular tract or lots of real property against which such personal property tax is charged, and such real property shall be chargeable therewith. [2013 c 23 § 374; 1961 c 15 § 84.60.040. Prior: 1925 ex.s. c 130 § 112, part; RRS § 11273, part; prior: 1897 c 71 § 93, part; 1893 c 124 § 97, part.]

84.60.050 Acquisition by governmental unit of property subject to tax lien or placement under agreement or order of immediate possession or use—Effect. (1) When real property is acquired by purchase or condemnation by the state of Washington, any county or municipal corporation or is placed under a recorded agreement for immediate possession and use or an order of immediate possession and use pursuant to RCW 8.04.090, such property shall continue to be subject to the tax lien for the years prior to the year in which the property is so acquired or placed under such agreement or order, of any tax levied by the state, county, municipal corporation or other tax levying public body, except as is otherwise provided in RCW 84.60.070.

(2) The lien for taxes applicable to the real property being acquired or placed under immediate possession and use for the year in which such real property is so acquired or placed under immediate possession and use shall be for only the pro rata portion of taxes allocable to that portion of the year prior to the date of execution of the instrument vesting title, date of recording such agreement of immediate possession and use, date of such order of immediate possession and use, or date of judgment. No taxes levied or tax lien on such property allocable to a period subsequent to the dates identified in this subsection shall be valid and any such taxes levied shall be canceled as provided in RCW 84.48.065. In the event the owner has paid taxes allocable to that portion of the year subsequent to the dates identified in this subsection he or she shall be entitled to a pro rata refund of the amount paid on the property so acquired or placed under a recorded agreement or an order of immediate possession and use. If the dates identified in this subsection precede the completion of the property tax rolls for the current year's collection in the year in which such taxes become payable, no lien for such taxes shall be valid and any such taxes levied but not payable shall be canceled as provided in RCW 84.48.065. [2009 c 350 § 4; 1994 c 301 § 54; 1994 c 124 § 39; 1971 ex.s. c 260 § 2; 1967 ex.s. c 145 § 36; 1961 c 15 § 84.60.050. Prior: 1957 c 277 § 1.]

Exemption of property under order of immediate possession and use: RCW 84.36.010.

84.60.070 Acquisition by governmental unit of property subject to tax lien or placement under agreement or

(2014 Ed.)
order of immediate possession or use—Segregation of taxes if only part of parcel required. When only part of a parcel of real property is required by a public body either of the parties may require the assessor to segregate the taxes and the assessed valuation as between the portion of property so required and the remainder thereof. If the assessed valuation of the portion of the property not required exceeds the amount of all delinquent taxes and taxes payable on the entire parcel, and if the owner so elects the lien for the taxes owing and payable on all the property shall be set over to the property retained by the owner. All county assessors are hereby authorized and required to segregate taxes as provided above. [1971 ex.s. c 260 § 3; 1961 c 15 § 84.60.070. Prior: 1957 c 277 § 3.]

Chapter 84.64 RCW
LIEN FORECLOSURE
(Formerly: Certificates of delinquency)

Sections
84.64.005 Definitions.
84.64.040 Prosecuting attorney to foreclose on request.
84.64.050 Certificate to county—Foreclosure—Notice—Sale of certain residential property eligible for deferral prohibited.
84.64.060 Payment by interested person before day of sale.
84.64.070 Redemption before day of sale—Redemption of property of minors and legally incompetent persons.
84.64.080 Foreclosure proceedings—Judgment—Sale—Notice—Form of deed—Recording.
84.64.120 Appellate review—Deposit.
84.64.130 Certified copies of records as evidence.
84.64.180 Deeds as evidence—Estoppel by judgment.
84.64.190 Certified copy of deed as evidence.
84.64.200 Prior taxes deemed delinquent—County as bidder at sale—Purchaser to pay all delinquent taxes, interest, or costs.
84.64.215 Deed recording fee—Transmittal to county auditor and purchaser.

84.64.005 Definitions. Unless the context clearly requires otherwise, for purposes of this chapter:
(1) "Interest" means interest and penalties; and
(2) "Taxes;" "taxes, interest and costs;" and "taxes, interest, or costs" include any assessments and amounts deferred under chapters 84.37 and 84.38 RCW, where such assessments and deferred amounts are included in a certificate of delinquency by the county treasurer. [2013 c 221 § 11.]

84.64.040 Prosecuting attorney to foreclose on request. The county prosecuting attorney shall furnish to holders of certificates of delinquency, at the expense of the county, forms of applications for judgment and forms of notice and summons when the same are required, and shall prosecute to final judgment all actions brought by holders of certificates under the provisions of this chapter for the foreclosure of tax liens, when requested so to do by the holder of any certificate of delinquency: PROVIDED, Said holder has duly paid to the clerk of the court the sum of two dollars for each action brought as per RCW 84.64.120: PROVIDED, FURTHER, That nothing herein shall be construed to prevent said holder from employing other and additional counsel, or prosecuting said action independent of and without assistance from the prosecuting attorney, if he or she so desires, but in such cases, no other and further costs or charge whatever shall be allowed than the costs provided in this section and RCW 84.64.120: AND PROVIDED, ALSO, That in no event shall the county prosecuting attorney collect any fee for the services herein enumerated. [2013 c 23 § 375; 1961 c 15 § 84.64.040. Prior: 1925 ex.s. c 130 § 116; RRS § 11277; prior: 1903 c 165 § 1; 1899 c 141 § 14.]

84.64.050 Certificate to county—Foreclosure—Notice—Sale of certain residential property eligible for deferral prohibited. (1) After the expiration of three years from the date of delinquency, when any property remains on the tax rolls for which no certificate of delinquency has been issued, the county treasurer must proceed to issue certificates of delinquency on the property to the county for all years' taxes, interest, and costs. However, the county treasurer, with the consent of the county legislative authority, may elect to issue a certificate for fewer than all years' taxes, interest, and costs to a minimum of the taxes, interest, and costs for the earliest year.
(2) Certificates of delinquency are prima facie evidence that:
(a) The property described was subject to taxation at the time the same was assessed;
(b) The property was assessed as required by law;
(c) The taxes or assessments were not paid at any time before the issuance of the certificate;
(d) Such certificate has the same force and effect as a lis pendens required under chapter 4.28 RCW.
(3) The county treasurer may include in the certificate of delinquency any assessments which are due on the property and are the responsibility of the county treasurer to collect. However, if the department of revenue has previously notified the county treasurer in writing that the property has a lien on it for deferred property taxes, the county treasurer must include in the certificate of delinquency any amounts deferred under chapters 84.37 and 84.38 RCW that remain unpaid, including accrued interest and costs.
(4) The treasurer must file the certificates when completed with the clerk of the court at no cost to the treasurer, and the treasurer must thereupon, with legal assistance from the county prosecuting attorney, proceed to foreclose in the name of the county, the tax liens embraced in such certificates. Notice and summons must be served or notice given in a manner reasonably calculated to inform the owner or owners, and any person having a recorded interest in or lien of record upon the property, of the foreclosure action to appear within thirty days after service of such notice and defend such action or pay the amount due. Either (a) personal service upon the owner or owners and any person having a recorded interest in or lien of record upon the property, or (b) publication once in a newspaper of general circulation, which is circulated in the area of the property and mailing of notice by certified mail to the owner or owners and any person having a recorded interest in or lien of record upon the property, or, if a mailing address is unavailable, personal service upon the occupant of the property, if any, is sufficient. If such notice is returned as unclaimed, the treasurer must send notice by regular first-class mail. The notice must include the legal description on the tax rolls, the year or years for which assessed, the amount of tax and interest due, and the name of owner, or reputed owner, if known, and the notice must include the local street address, if any, for informational purposes only. The certificates of delinquency issued to the
county may be issued in one general certificate in book form including all property, and the proceedings to foreclose the liens against the property may be brought in one action and all persons interested in any of the property involved in the proceedings may be made codefendants in the action, and if unknown may be therein named as unknown owners, and the publication of such notice is sufficient service thereof on all persons interested in the property described therein, except as provided above. The person or persons whose name or names appear on the treasurer's rolls as the owner or owners of the property must be considered and treated as the owner or owners of the property for the purpose of this section, and if upon the treasurer's rolls it appears that the owner or owners of the property are unknown, then the property must be proceeded against, as belonging to an unknown owner or owners, as the case may be, and all persons owning or claiming to own, or having or claiming to have an interest therein, are hereby required to take notice of the proceedings and of any and all steps thereunder. However, prior to the sale of the property, the treasurer must order or conduct a title search of the property to be sold to determine the legal description of the property to be sold and the record title holder, and if the record title holder or holders differ from the person or persons whose name or names appear on the treasurer's rolls as the owner or owners, the record title holder or holders must be considered and treated as the owner or owners of the property for the purpose of this section, and are entitled to the notice provided for in this section. Such title search must be included in the costs of foreclosure.

(5) If the title search required by subsection (4) of this section reveals a lien in favor of the state for deferred taxes on the property under RCW 84.37.070 or 84.38.100 and such deferred taxes are not already included in the certificate of delinquency, the county treasurer must issue an amended certificate of delinquency on the property to include the outstanding amount of deferred taxes, including accrued interest. The amended certificate of delinquency must be filed with the clerk of the court as provided in subsection (4) of this section.

(6) The county treasurer may not sell property that is eligible for deferral of taxes under chapter 84.38 RCW but must require the owner of the property to file a declaration to defer taxes under chapter 84.38 RCW. [2013 c 221 § 12; 1999 c 18 § 7; 1991 c 245 § 25; 1989 c 378 § 37; 1986 c 278 § 64. Prior: 1984 c 220 § 19; 1984 c 179 § 2; 1981 c 322 § 4; 1972 ex.s.c 84 § 2; 1961 c 15 § 84.64.050; prior: 1937 c 17 § 1; 1925 ex.s.c 130 § 117; RRS § 11278; prior: 1917 c 113 § 1; 1901 c 178 § 3; 1899 c 141 § 15; 1897 c 71 § 98.]

84.64.080 Foreclosure proceedings—Judgment—Sale—Notice—Form of deed—Recording. The court shall examine each application for judgment foreclosing tax lien, and if defense (specifying in writing the particular cause of objection) be offered by any person interested in any of the lands or lots to the entry of judgment against the same, the court shall hear and determine the matter in a summary manner, without other pleadings, and shall pronounce judgment as the right of the case may be; or the court may, in its discretion, continue such individual cases, wherein defense is offered, to such time as may be necessary, in order to secure substantial justice to the contestants therein; but in all other cases the court shall proceed to determine the matter in a summary manner as above specified. In all judicial proceedings of any kind for the collection of taxes, and interest and costs thereon, all amendments which by law can be made in

[Title 84 RCW—page 143]
any personal action pending in such court shall be allowed, and no assessments of property or charge for any of the taxes shall be considered illegal on account of any irregularity in the tax list or assessment rolls or on account of the assessment rolls or tax list not having been made, completed or returned within the time required by law, or on account of the property having been charged or listed in the assessment or tax lists without name, or in any other name than that of the owner, and no error or informality in the proceedings of any of the officers connected with the assessment, levying or collection of the taxes, shall vitiate or in any manner affect the tax or the assessment thereof, and any irregularities or informality in the assessment rolls or tax lists or in any of the proceedings connected with the assessment or levy of such taxes or any omission or defective act of any officer or officers connected with the assessment or levying of such taxes, may be, in the discretion of the court, corrected, supplied and made to conform to the law by the court. The court shall give judgment for such taxes, interest and costs as shall appear to be due upon the several lots or tracts described in the notice of application for judgment or complaint, and such judgment shall be a several judgment against each tract or lot or part of a tract or lot for each kind of tax included therein, including all interest and costs, and the court shall order and direct the clerk to make and enter an order for the sale of such real property against which judgment is made, or vacate and set aside the certificate of delinquency or make such other order or judgment as in the law or equity may be just. The order shall be signed by the judge of the superior court, shall be delivered to the county treasurer, and shall be full and sufficient authority for him or her to proceed to sell the property for the sum as set forth in the order and to take such further steps in the matter as are provided by law. The county treasurer shall immediately after receiving the order and judgment of the court proceed to sell the property as provided in this chapter to the highest and best bidder for cash. The acceptable minimum bid shall be the total amount of taxes, interest, and costs. All sales shall be made at a location in the county on a date and time (except Saturdays, Sundays, or legal holidays) as the county treasurer may direct, and shall continue from day to day (Saturdays, Sundays, and legal holidays excepted) during the same hours until all lots or tracts are sold, after first giving notice of the time, and place where such sale is to take place for ten days successively by posting notice thereof in three public places in the county, one of which shall be in the office of the treasurer. The notice shall be substantially in the following form:

TAX JUDGMENT SALE

Public notice is hereby given that pursuant to real property tax judgment of the superior court of the county of . . . . . . in the state of Washington, and an order of sale duly issued by the court, entered the . . . . . . day of . . . . . . , in proceedings for foreclosure of tax liens upon real property, as per provisions of law, I shall on the . . . . . . day of . . . . . . , at . . . . o’clock a.m., at . . . . in the city of . . . . , and county of . . . . , state of Washington, sell the real property to the highest and best bidder for cash, to satisfy the full amount of taxes, interest and costs adjudged to be due.

In witness whereof, I have hereunto affixed my hand and seal this . . . . day of . . . . . .

Treasurer of . . . . . . county.

No county officer or employee shall directly or indirectly be a purchaser of such property at such sale.

If any buildings or improvements are upon an area encompassing more than one tract or lot, the same must be advertised and sold as a single unit.

If the highest amount bid for any such separate unit tract or lot is in excess of the minimum bid due upon the whole property included in the certificate of delinquency, the excess shall be refunded following payment of all recorded water-sewer district liens, on application therefor, to the record owner of the property. The record owner of the property is the person who held title on the date of issuance of the certificate of delinquency. Assignments of interests, deeds, or other documents executed or recorded after filing the certificate of delinquency shall not affect the payment of excess funds to the record owner. In the event no claim for the excess is received by the county treasurer within three years after the date of the sale he or she shall at expiration of the three year period deposit such excess in the current expense fund of the county which shall extinguish all claims by any owner to the excess funds. The county treasurer shall execute to the purchaser of any piece or parcel of land a tax deed. The deed so made by the county treasurer, under the official seal of his or her office, shall be recorded in the same manner as other conveyances of real property, and shall vest in the grantee, his or her heirs and assigns the title to the property therein described, without further acknowledgment or evidence of such conveyance, and shall be substantially in the following form:

State of Washington ss.

County of . . . . . .

This indenture, made this . . . . day of . . . . . . , between . . . . , as treasurer of . . . . county, state of Washington, party of the first part, and . . . . , party of the second part:

Witnesseth, that, whereas, at a public sale of real property held on the . . . . day of . . . . . . , pursuant to a real property tax judgment entered in the superior court in the county of . . . . on the . . . . day of . . . . . . , in proceedings to foreclose tax liens upon real property and an order of sale duly issued by the court, . . . . duly purchased in compliance with the laws of the state of Washington, the following described real property, to wit: (Here place description of real property conveyed) and that the . . . . . . has complied with the laws of the state of Washington necessary to entitle (him, or her or them) to a deed for the real property.

Now, therefore, know ye, that, I . . . . . . , county treasurer of the county of . . . . . . , state of Washington, in consideration of the premises and by virtue of the statutes of the state of Washington, in such cases provided, do hereby grant and convey unto . . . . . . , his or her heirs and assigns, forever, the real property hereinafter described.

\textbf{84.64.120 Appellate review—Deposit.} Appellate review of the judgment of the superior court may be sought as in other civil cases. However, review must be sought within thirty days after the entry of the judgment and the party taking such appeal shall deposit a sum equal to all taxes, interest, and costs with the clerk of the court, conditioned that the appellant shall prosecute the appeal with effect, and will pay the amount of any taxes, interest and costs which may be finally adjudged against the real property involved in the appeal by any court having jurisdiction of the cause. No appeal shall be allowed from any judgment for the sale of land or lot for taxes unless the party taking such appeal shall before the time of notice of such appeal, and within thirty days herein allowed within which to appeal, deposit with the clerk of the court in which the land or lots are situated, an amount of money equal to the amount of the judgment and costs rendered in such cause by the trial court. If, in case of an appeal, the judgment of the lower court shall be affirmed, in whole or in part, the supreme court or the court of appeals shall enter judgment for the amount of taxes, interest and costs, with damages not to exceed twenty percent, and shall order that the amount deposited with the clerk of the court, or so much thereof as may be necessary, be credited upon the judgment so rendered, and execution shall issue for the balance of the judgment, damages and costs. The clerk of the supreme court or the clerk of the division of the court of appeals in which the appeal is pending shall transmit to the county treasurer of the county in which the land or lots are situated a certified copy of the order of affirmance, and it shall be the duty of such county treasurer upon receiving the same to apply so much of the amount deposited with the clerk of the court, as shall be necessary to satisfy the amount of the judgment of the supreme court, and to account for the same as collected taxes. If the judgment of the superior court shall be reversed and the cause remanded for a rehearing, and if, upon a rehearing, judgment shall be rendered for the sale of the land or lots for taxes, or any part thereof, and such judgment be not appealed from, as herein provided, the clerk of such superior court shall certify to the county treasurer the amount of such judgment, and thereupon it shall be the duty of the county treasurer to certify to the county clerk the amount deposited with the clerk of the court, and the county clerk shall credit such judgment with the amount of such deposit, or so much thereof as will satisfy the judgment, and the county treasurer shall be chargeable and accountable for the amount so credited as collected taxes. Nothing herein shall be construed as requiring an additional deposit in case of more than one appeal being prosecuted in the proceeding. If, upon a final hearing, judgment shall be refused for the sale of the land or lots for the taxes, interest, and costs, or any part thereof, in the proceedings, the county treasurer shall pay over to the party who shall have made such deposit, or his or her legally authorized agent or representative, the amount of the deposit, or so much thereof as shall remain after the satisfaction of the judgment against the land or lots in respect to which such deposit shall have been made. [1999 c 18 § 9; 1991 c 245 § 28; 1988 c 202 § 70; 1971 c 81 § 154; 1961 c 15 § 84.64.120. Prior: 1925 ex.s. c 130 § 121; RRS § 11282; prior: 1903 c 59 § 4; 1897 c 71 § 104; 1893 c 124 § 106.]

\textbf{84.64.130 Certified copies of records as evidence.} The books and records belonging to the office of county treasurer, certified by said treasurer, shall be deemed prima facie evidence to prove the issuance of any certificate, the sale of any land or lot for taxes, the redemption of the same or payment of taxes thereon. The county treasurer shall, at the expiration of his or her term of office, pay over to his or her successor in office all moneys in his or her hands received for redemption from sale for taxes on real property. [2013 c 23 § 376; 1961 c 15 § 84.64.130. Prior: 1925 ex.s. c 130 § 123; RRS § 11284; prior: 1897 c 71 § 108; 1893 c 124 § 123.]

\textbf{84.64.180 Deeds as evidence—Estoppel by judgment.} Deeds executed by the county treasurer, as aforesaid, shall be prima facie evidence in all controversies and suits in relation to the right of the purchaser, his or her heirs and assigns, to the real property thereby conveyed of the following facts: First, that the real property conveyed was subject to taxation at the time the same was assessed, and had been listed and assessed in the time and manner required by law; second, that the taxes were not paid at any time before the issuance of deed; third, that the real property conveyed had not been redeemed from the sale at the date of the deed; fourth, that the real property was sold for taxes, interest, and costs, as stated in the deed; fifth, that the grantee in the deed was the purchaser, or assignee of the purchaser; sixth, that the sale was conducted in the manner required by law. And any judgment for the deed to real property sold for delinquent taxes rendered after January 9, 1926, except as otherwise provided in this section, shall estop all parties from raising any objections thereto, or to a tax title based thereon, which existed at or before the rendition of such judgment, and could have been presented as a defense to the application for such judgment in the court wherein the same was rendered, and as to all such questions the judgment itself shall be conclusive evidence of its regularity and validity in all collateral proceedings, except in cases where the tax has been paid, or the real property was not liable to the tax. [2013 c 23 § 377; 1961 c 15 § 84.64.180. Prior: 1925 ex.s. c 130 § 127; RRS § 11288; prior: 1897 c 71 § 114; 1893 c 124 § 132; 1890 p 574 § 114.]

\textbf{84.64.190 Certified copy of deed as evidence.} Whenever it shall be necessary in any action in any court of law or equity, wherein the title to any real property is in controversy, to prove the conveyance to any county of such real property
in pursuance of a foreclosure of a tax certificate and sale thereunder, a copy of the tax deed issued to the county containing a description of such real property, exclusive of the description of all other real property therein described, certified by the county auditor of the county wherein the real property is situated, to be such, shall be admitted in evidence by the court, and shall be proof of the conveyance of the real property in controversy to such county, to the same extent as would a certified copy of the entire record of such tax deed. [1961 c 15 § 84.64.190. Prior: 1925 ex.s.c 130 § 128; RRS § 11289; prior: 1890 p 575 § 115.]

84.68.200 Prior taxes deemed delinquent—County as bidder at sale—Purchaser to pay all delinquent taxes, interest, or costs. All lots, tracts and parcels of land upon which taxes levied prior to January 9, 1926 remain due and unpaid at the date when such taxes would have become delinquent as provided in the act under which they were levied shall be deemed to be delinquent under the provisions of this title, and the same proceedings may be had to enforce the payment of such unpaid taxes, with interest and costs, and payment enforced and liens foreclosed under and by virtue of the provisions of this chapter. For the purposes of foreclosure under this chapter, the date of delinquency shall be construed to mean the date when the taxes first became delinquent. At all sales of property for which certificates of delinquency are held by the county, if no other bids are received, the county shall be considered a bidder for the full area of each tract or lot to the amount of all taxes, interest and costs due thereon, and where no bidder appears, acquire title in trust for the taxing districts as absolutely as if purchased by an individual under the provisions of this chapter; all bidders except the county at sales of property for which certificates of delinquency are held by the county shall pay the full amount of taxes, interest and costs which are delinquent at the time of sale, regardless of whether the taxes, interest, or costs are included in the judgment. [2007 c 295 § 7; 1981 c 322 § 6; 1961 c 15 § 84.64.200. Prior: 1925 ex.s.c 130 § 129; RRS § 11290; prior: 1901 c 178 § 4; 1899 c 141 § 24; 1897 c 71 § 116; 1893 c 124 § 136.]

84.68.215 Deed recording fee—Transmittal to county auditor and purchaser. In addition to a five dollar fee for preparing the deed, the treasurer shall collect the proper recording fee. This recording fee together with the deed shall then be transmitted by the treasurer to the county auditor who will record the same and mail the deed to the purchaser. [1991 c 245 § 29; 1961 c 15 § 84.64.215. Prior: 1947 c 60 § 1; Rem. Supp. 1947 § 11295a. Formerly RCW 84.64.210, part.]

Chapter 84.68 RCW
RECOVERY OF TAXES PAID OR PROPERTY SOLD FOR TAXES

Sections
84.68.010 Injunctions prohibited—Exceptions.
84.68.020 Payment under protest—Claim not required.
84.68.030 Judgment—Payment—County tax refund fund.
84.68.040 Levy for tax refund fund.
84.68.050 Venue of action—Intercounty property.
county by the county treasurer upon warrants drawn by the county auditor against a fund in said treasury hereby created to be known and designated as the county tax refund fund. Such warrants shall be so issued upon the filing with the county auditor and the county treasurer of duly authenticated copies of such judgment, and shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in such county tax refund fund for the payment of such warrants, then such warrants shall bear interest in such cases and shall be callable under such conditions as are provided by law for county warrants, and such interest, if any, shall also be paid out of said fund. [1989 c 378 § 28; 1961 c 15 § 84.68.030. Prior: 1931 c 62 § 3; RRS § 11315-3.]

84.68.040 Levy for tax refund fund. Annually, at the time required by law for the levying of taxes for county purposes, the proper county officers required by law to make and enter such tax levies shall make and enter a tax levy or levies for said county tax refund fund, which said levy or levies shall be given precedence over all other tax levies for county and/or taxing district purposes, as follows:

(1) A levy upon all of the taxable property within the county for the amount of all taxes collected by the county for county and/or state purposes held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed, together with the additional amounts hereinafter provided for;

(2) A levy upon all of the taxable property of each taxing district within the county for the amount of all taxes collected by the county for the purposes of such taxing district, and which have been held illegal and recoverable by such judgments rendered against the county within the preceding twelve months, including legal interest and a proper share of the costs, where allowed.

The aforesaid levy or levies shall also include a proper share of the interest paid out of the county tax refund fund during said twelve months upon warrants issued against said fund in payment of such judgments, legal interests and costs, plus such an additional amount as such levying officers shall deem necessary to meet the obligations of said fund, taking into consideration the probable portions of such taxes that will not be collected or collectible during the year in which they are due and payable, and also any unobligated cash on hand in said fund. [1961 c 15 § 84.68.040. Prior: 1937 c 11 § 2; 1931 c 62 § 4; RRS § 11315-4.]

84.68.050 Venue of action—Intercounty property. The action for the recovery of taxes so paid under protest shall be brought in the superior court of the county wherein the tax was collected or in any federal court of competent jurisdiction: PROVIDED, That where the property against which the tax is levied consists of the operating property of a railroad company, telegraph company or other public service company whose operating property is located in more than one county and is assessed as a unit by any state board or state officer or officers, the complaining taxpayer may institute such action in the superior court of any one of the counties in which such tax is payable, or in any federal court of competent jurisdiction, and may join as parties defendant in said action all of the counties to which the tax or taxes levied upon such operating property were paid or are payable, and may recover in one action from each of the county defendants the amount of the tax, or any portion thereof, so paid under protest, and adjudged to have been unlawfully collected, together with interest thereon at the rate specified in RCW 84.69.100 from date of payment, and costs of suit. [1989 c 378 § 29; 1961 c 15 § 84.68.050. Prior: 1937 c 11 § 3; 1931 c 62 § 5; RRS § 11315-5.]

84.68.060 Limitation of actions. No action instituted pursuant to this chapter or otherwise to recover any tax levied or assessed shall be commenced after the 30th day of the next succeeding June following the year in which said tax became payable. [1961 c 15 § 84.68.060. Prior: 1939 c 206 § 48; 1931 c 62 § 6; RRS § 11315-6.]

Limitation of action to cancel tax deed: RCW 4.16.090.

84.68.070 Remedy exclusive—Exception. Except as permitted by RCW 84.68.010 through 84.68.070 and chapter 84.69 RCW, no action shall ever be brought or defense interposed attacking the validity of any tax, or any portion of any tax: PROVIDED, HOWEVER, That this section shall not be construed as depriving the defendants in any tax foreclosure proceeding of any valid defense allowed by law to the tax sought to be foreclosed therein except defenses based upon alleged excessive valuations, levies or taxes. [1989 c 378 § 30; 1961 c 15 § 84.68.070. Prior: 1939 c 206 § 49; 1931 c 62 § 7; RRS § 11315-7.]

84.68.080 Action to recover property sold for taxes—Tender is condition precedent. Hereafter no action or proceeding shall be commenced or instituted in any court of this state for the recovery of any property sold for taxes, unless the person or corporation desiring to commence or institute such action or proceeding shall first pay, or cause to be paid, or shall tender to the officer entitled under the law to receive the same, all taxes, penalties, interest and costs justly due and unpaid from such person or corporation on the property sought to be recovered. [1961 c 15 § 84.68.080. Prior: 1888 c 22 (p 43) § 1; RRS § 955.]

Limitation of action to cancel tax deed: RCW 4.16.090.

84.68.090 Action to recover property sold for taxes—Complaint. In all actions for the recovery of lands or other property sold for taxes, the complainant must state and set forth specially in the complaint the tax that is justly due, with penalties, interest and costs, that the taxes for that and previous years have been paid; and when the action is against the person or corporation in possession thereof that all taxes, penalties, interest and costs paid by the purchaser at tax-sale, the purchaser's assignees or grantees have been fully paid or tendered, and payment refused. [1994 c 124 § 41; 1961 c 15 § 84.68.090. Prior: 1888 c 22 (p 44) § 2; RRS § 956.]

84.68.100 Action to recover property sold for taxes—Restrictions construed as additional. The provisions of RCW 84.68.080 and 84.68.090 shall be construed as imposing additional conditions upon the complainant in actions for the recovery of property sold for taxes. [1961 c 15 § 84.68.100. Prior: 1888 c 22 (p 44) § 3; RRS § 957.]

(2014 Ed.)

[Title 84 RCW—page 147]
84.68.110 Small claims recoveries—Recovery of erroneous taxes without court action. Whenever a taxpayer believes or has reason to believe that, through error in description, double assessments, or manifest errors in assessment which do not involve a revaluation of the property, he or she has been erroneously assessed or that a tax has been incorrectly extended against him or her upon the tax rolls, and the tax based upon such erroneous assessment or incorrect extension has been paid, such taxpayer may initiate a proceeding for the cancellation or reduction of the assessment of his or her property and the tax based thereon for correction of the error in extending the tax on the tax rolls, and for the refund of the claimed erroneous tax or excessive portion thereof, by filing a petition therefor with the county assessor of the county in which the property is or was located or taxed, which petition shall legally describe the property, show the assessed valuation and tax placed against the property for the year or years in question and the taxpayer’s reasons for believing that there was an error in the assessment within the meaning of RCW 84.68.110 through 84.68.150, or in extending the tax upon the tax rolls and set forth the sum to which the taxpayer desires to have the assessment reduced or the extended tax corrected. [2013 c 23 § 378; 1961 c 15 § 84.68.110. Prior: 1939 c 16 § 1; RRS § 11241-1.]

84.68.120 Small claims recoveries—Petition—Procedure of county officers—Transmittal of findings to department of revenue. Upon the filing of the petition with the county assessor that officer shall proceed forthwith to conduct such investigation as may be necessary to ascertain and determine whether or not the assessment in question was erroneous or whether or not the tax was incorrectly extended upon the tax rolls and if he or she finds there is probable cause to believe that the property was erroneously assessed, and that such erroneous assessment was due to an error in description, double assessment, or manifest error in assessment which does not involve a revaluation of the property, or that the tax was incorrectly extended upon the tax rolls, he or she shall endorse his or her findings upon the petition, and thereupon within ten days after the filing of the petition by the taxpayer forward the same to the county treasurer. If the assessor’s findings be in favor of cancellation or reduction or correction he or she shall include therein a statement of the amount to which he or she recommends that the assessment and tax be reduced. It shall be the duty of the county treasurer, upon whom a petition with endorsed findings is served, as in RCW 84.68.110 through 84.68.150 provided, to endorse thereon a statement whether or not the tax against which complaint is made has in fact been paid and, if paid, the amount thereof, whereupon the county treasurer shall immediately transmit the petition to the prosecuting attorney and the prosecuting attorney shall make such investigation as he or she deems necessary and, within ten days after receipt of the petition and findings by him or her, transmit the same to the state department of revenue with his or her recommendation in respect to the granting or denial of the petition. [2013 c 23 § 379; 1975 1st ex.s. c 278 § 208; 1961 c 15 § 84.68.120. Prior: 1939 c 16 § 2; RRS § 11241-2.]

84.68.130 Small claims recoveries—Procedure of department of revenue. Upon receipt of the petition, findings and recommendations the department of revenue shall proceed to consider the same, and it may require evidence to be submitted and make such investigation as it deems necessary and for such purpose the department of revenue shall be empowered to subpoena witnesses in order that all material and relevant facts may be ascertained. Upon the conclusion of its consideration of the petition and within thirty days after receipt thereof, the department of revenue shall enter an order either granting or denying the petition and if the petition be granted the department of revenue may order the assessment canceled or reduced or the extended tax corrected upon the tax rolls in any amount it deems proper but in no event to exceed the amount of reduction or correction recommended by the county assessor. [1975 1st ex.s. c 278 § 209; 1961 c 15 § 84.68.130. Prior: 1939 c 16 § 3; RRS § 11241-3.]

Additional notes found at www.leg.wa.gov

84.68.140 Small claims recoveries—Payment of refunds—Procedure. Certified copies of the order of the department of revenue shall be forwarded to the county assessor, the county auditor and the taxpayer, and the taxpayer shall immediately be entitled to a refund of the difference, if any, between the tax already paid and the canceled or reduced or corrected tax based upon the order of the department with interest on such amount from the date of payment of the original tax. Upon receipt of the order of the department the county auditor shall draw a warrant against the county tax refund fund in the amount of any tax reduction so ordered, plus interest at the rate specified in RCW 84.69.100 to the date such warrant is issued, and such warrant shall be paid by the county treasurer out of any moneys on hand in said fund. If no funds are available in the county tax refund fund for the payment of such warrant the warrant shall bear interest and shall be callable under such conditions as are provided by law for county warrants and such interest, if any, shall also be paid out of said fund. The order of the department shall for all purposes be considered as a judgment against the county tax refund fund and the obligation thereof shall be discharged in the same manner as provided by law for the discharge of judgments against the county for excessive taxes under the provisions of RCW 84.68.010 through 84.68.070 or any act amendatory thereof. [1989 c 378 § 31; 1975 1st ex.s. c 278 § 210; 1961 c 15 § 84.68.140. Prior: 1939 c 16 § 4; RRS § 11241-4.]

Additional notes found at www.leg.wa.gov

84.68.150 Small claims recoveries—Limitation as to time and amount of refund. No petition for cancellation or reduction of assessment or correction of tax rolls and the refund of taxes based thereon under RCW 84.68.110 through 84.68.150 shall be considered unless filed within three years after the year in which the tax became payable or purported to become payable. The maximum refund under the authority of RCW 84.68.110 through 84.68.150 for each year involved in the taxpayer’s petition shall be two hundred dollars. Should the amount of excess tax for any such year be in excess of two hundred dollars, a refund of two hundred dollars shall be allowed under RCW 84.68.110 through 84.68.150, without

84.69.010 Definitions. As used in this chapter, unless the context indicates otherwise:

1) "Taxing district" means any county, city, town, port district, school district, road district, metropolitan park district, water-sewer district, or other municipal corporation now or hereafter authorized by law to impose burdens upon property within the district in proportion to the value thereof, for the purpose of obtaining revenue for public purposes, as distinguished from municipal corporations authorized to impose burdens, or for which burdens may be imposed, for such purposes, upon property in proportion to the benefits accruing thereto.

2) "Tax" includes penalties and interest. [1999 c 153 § 73; 1961 c 15 § 84.69.010. Prior: 1957 c 120 § 1.] Additional notes found at www.leg.wa.gov

84.69.020 Grounds for refunds—Determination—Payment—Report. On the order of the county treasurer, ad valorem taxes paid before or after delinquency shall be refunded if they were:

1) Paid more than once;
2) Paid as a result of manifest error in description;
3) Paid as a result of a clerical error in extending the tax rolls;
4) Paid as a result of other clerical errors in listing property;
5) Paid with respect to improvements which did not exist on assessment date;
6) Paid under levies or statutes adjudicated to be illegal or unconstitutional;
7) Paid as a result of mistake, inadvertence, or lack of knowledge by any person exempted from paying real property taxes or a portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now or hereafter amended;
8) Paid as a result of mistake, inadvertence, or lack of knowledge by either a public official or employee or by any person with respect to real property in which the person paying the same has no legal interest;
9) Paid on the basis of an assessed valuation which was appealed to the county board of equalization and ordered reduced by the board;
10) Paid on the basis of an assessed valuation which was appealed to the state board of tax appeals and ordered reduced by the board: PROVIDED, That the amount refunded under subsections (9) and (10) of this section shall only be for the difference between the tax paid on the basis of the appealed valuation and the tax payable on the valuation adjusted in accordance with the board's order;
11) Paid as a state property tax levied upon property, the assessed value of which has been established by the state board of tax appeals for the year of such levy: PROVIDED, HOWEVER, That the amount refunded shall only be for the difference between the state property tax paid and the amount of state property tax which would, when added to all other property taxes within the one percent limitation of Article VII, section 2 of the state Constitution equal one percent of the assessed value established by the board;
12) Paid on the basis of an assessed valuation which was adjudicated to be unlawful or excessive: PROVIDED, That the amount refunded shall be for the difference between the amount of tax which was paid on the basis of the valuation adjudged unlawful or excessive and the amount of tax payable on the basis of the assessed valuation determined as a result of the proceeding;
13) Paid on property acquired under RCW 84.60.050, and canceled under RCW 84.60.050(2);
14) Paid on the basis of an assessed valuation that was reduced under RCW 84.48.065;
15) Paid on the basis of an assessed valuation that was reduced under RCW 84.40.039; or
16) Abated under RCW 84.70.010.

No refunds under the provisions of this section shall be made because of any error in determining the valuation of property, except as authorized in subsections (9), (10), (11), and (12) of this section nor may any refunds be made if a bona fide purchaser has acquired rights that would preclude the assessment and collection of the refunded tax from the property that should properly have been charged with the tax. Any refunds made on delinquent taxes shall include the proportionate amount of interest and penalties paid. However, no refunds as a result of an incorrect payment authorized under subsection (8) of this section made by a third party payee shall be granted. The county treasurer may deduct from monies collected for the benefit of the state's levy, refunds of the state levy including interest on the levy as provided by this section and chapter 84.68 RCW.

The county treasurer of each county shall make all refunds determined to be authorized by this section, and by the first Monday in February of each year, report to the county legislative authority a list of all refunds made under this section during the previous year. The list is to include the name of the person receiving the refund, the amount of the refund, and the reason for the refund. [2005 c 502 § 9; 2002 (14 Ed.)
84.69.030 Refunds—Procedure—When claim for an order required. (1) Except as provided in this section, no orders for a refund under this chapter may be made except on a claim:

(a) Verified by the person who paid the tax, the person's guardian, executor or administrator; and

(b)Filed with the county treasurer within three years after the due date of the payment sought to be refunded; and

(c) Stating the statutory ground upon which the refund is claimed.

(2) No claim for an order of refund is required for a refund that is based upon:

(a) An order of the board of equalization, state board of tax appeals, or court of competent jurisdiction justifying a refund under RCW 84.69.020 (9) through (12);

(b) A decision by the treasurer or assessor that is rendered within three years after the due date of the payment to be refunded, justifying a refund under RCW 84.69.020; or

(c) A decision by the assessor or department approving an exemption application that is filed under chapter 84.36 RCW within three years after the due date of the payment to be refunded. [2014 c 16 § 1; 2009 c 350 § 9; 1991 c 245 § 32; 1989 c 378 § 32; 1961 c 15 § 84.69.030. Prior: 1957 c 120 § 3.]

84.69.040 Refunds may include amounts paid to state, and county and taxing district taxes. Refunds ordered by the county legislative authority may include:

(1) A portion of amounts paid to the state treasurer by the county treasurer as money belonging to the state; and also

(2) County taxes and taxes collected by county officers for taxing districts. [1991 c 245 § 33; 1961 c 15 § 84.69.040. Prior: 1957 c 120 § 4.]

84.69.050 Refund with respect to amounts paid state. The part of the refund representing amounts paid to the state, including interest as provided in RCW 84.69.100, shall be paid from the county general fund and the department of revenue shall, upon the next succeeding settlement with the county, certify this amount refunded to the county: PROVIDED, That when a refund of tax funds pursuant to state levies is required, the department of revenue shall authorize adjustment procedures whereby counties may deduct from property tax remittances to the state the amount required to cover the state's portion of the refunds. [2003 c 23 § 6; 1988 c 222 § 31; 1973 2nd ex.s. c 5 § 1; 1961 c 15 § 84.69.050. Prior: 1957 c 120 § 5.]

84.69.060 Refunds with respect to county, state, and taxing district taxes. Refunds ordered under this chapter with respect to county, state, and taxing district taxes shall be paid by checks drawn upon the appropriate fund by the county treasurer: PROVIDED, That in making refunds on a levy code or tax code basis, the county treasurer may make an adjustment on the subsequent year's property tax payment due for the amount of the refund. [1991 c 245 § 34; 1989 c 378 § 18; 1988 c 222 § 32; 1973 2nd ex.s. c 5 § 2; 1961 c 15 § 84.69.060. Prior: 1957 c 120 § 6.]

84.69.070 Refunds with respect to taxing districts—Administrative expenses—Disposition of funds upon expiration of refund orders. Refunds ordered with respect to taxing districts, including interest as provided in RCW 84.69.100, shall be paid by checks drawn by the county treasurer upon such available funds, if any, as the taxing districts and/or the state on a pro rata basis until the county current expense fund is fully reimbursed for the administrative expenses incurred in making such refund: PROVIDED, That whenever orders for refunds of ad valorem taxes promulgated by the county treasurer or county legislative authority and unpaid checks shall expire and become void as provided in RCW 84.69.110, then any moneys remaining in a refund account established by the county treasurer for any taxing district may be transferred by the county treasurer from such refund account to the county current expense fund to reimburse the county for the administrative expense incurred in making refunds as prescribed herein. Any excess then remaining in the taxing district refund account may then be transferred by the county treasurer to the current expense fund of the taxing district for which the tax was originally levied and collected. [2003 c 23 § 7; 1991 c 245 § 38; 1973 2nd ex.s. c 5 § 3; 1963 c 114 § 1; 1961 c 270 § 2; 1961 c 15 § 84.69.070. Prior: 1957 c 120 § 7.]

84.69.080 Refunds with respect to taxing districts—Not to be paid from county funds. Neither any county nor its officers shall refund amounts on behalf of a taxing district from county funds. [1961 c 15 § 84.69.080. Prior: 1957 c 120 § 8.]

84.69.090 To whom refund may be paid. The payment of refunds shall be made payable, at the election of the appropriate treasurer, to the taxpayer, his or her guardian, executor, or administrator or the owner of record of the property taxed, his or her guardian, executor, or administrator.
84.69.100 Refunds shall include interest—Written protests not required—Rate of interest. Unless otherwise stated, refunds of taxes made pursuant to RCW 84.69.010 through 84.69.090 shall include interest from the date of collection of the portion refundable: PROVIDED, That refunds on a state, county, or district-wide basis shall not commence to accrue interest until six months following the date of the final order of the court. No written protest by individual taxpayers need to be filed to receive a refund on a state, county, or district-wide basis. The rate of interest shall be the equivalent coupon issue yield (as published by the Board of Governors of the Federal Reserve System) of the average bill rate for twenty-six week treasury bills as determined at the first bill market auction conducted after June 30th of the calendar year preceding the date the taxes were paid. The department of revenue shall adopt this rate of interest by rule. [2002 c 168 § 12; 1997 c 67 § 1; 1989 c 14 § 6; 1987 c 319 § 1; 1973 2nd ex.s. c 5 § 4; 1961 c 15 § 84.69.100. Prior: 1957 c 120 § 10.]

84.69.110 Expiration date of refund orders. Every order for refund of ad valorem taxes promulgated by the county treasurer or county legislative authority under authority of this chapter as hereafter amended shall expire and be void three years from the date of the order and all unpaid checks shall become void. [1991 c 245 § 39; 1961 c 15 § 84.69.110. Prior: 1957 c 120 § 11.]

84.69.120 Action on rejected claim—Time for commencement. If the county treasurer rejects a claim or fails to act within six months from the date of filing of a claim for refund in whole or in part, the person who paid the taxes, the person’s guardian, executor, or administrator may within one year after the date of the filing of the claim commence an action in the superior court upon a ground not asserted in the claim for refund. [1991 c 245 § 40; 1989 c 378 § 33; 1981 c 228 § 2; 1961 c 15 § 84.69.120. Prior: 1957 c 120 § 12.]

84.69.130 Claim prerequisite to action—Recovery limited to ground asserted. No action shall be commenced or maintained under this chapter unless a claim for refund shall have been filed in compliance with the provisions of this chapter, and no recovery of taxes shall be allowed in any such action upon a ground not asserted in the claim for refund. [1961 c 15 § 84.69.130. Prior: 1957 c 120 § 13.]

84.69.140 Interest shall be allowed on amount recovered. In any action in which recovery of taxes is allowed by the court, the plaintiff is entitled to interest on the taxes for which recovery is allowed at the rate specified in RCW 84.69.100 from the date of collection of the tax to the date of entry of judgment, and such accrued interest shall be included in the judgment. [1989 c 378 § 34; 1988 c 222 § 33; 1961 c 15 § 84.69.140. Prior: 1957 c 120 § 14.]

84.69.150 Refunds within sixty days. Notwithstanding any other laws to the contrary, any taxes paid before or after delinquency may be refunded, without interest, by the county treasurer within sixty days after the date of payment if:
(1) Paid more than once; or
(2) The amount paid exceeds the amount due on the property as shown on the roll. [1961 c 15 § 84.69.150. Prior: 1957 c 120 § 15.]

84.69.160 Chapter does not supersede existing law. This chapter is enacted as a concurrent refund procedure and shall not be construed to displace or supersede any portion of the existing laws relating to refunding procedures. [1961 c 15 § 84.69.160. Prior: 1957 c 120 § 16.]

84.69.170 Payment under protest not required. The remedies herein provided shall be available regardless of whether the taxes in question were paid under protest. [1961 c 15 § 84.69.170. Prior: 1957 c 120 § 17.]

84.69.180 Property tax authority for funding refunds and abatements. (1) Taxing districts other than the state may levy a tax upon all the taxable property within the district for the purpose of:
(a) Funding refunds paid or to be paid under this chapter, except for refunds under RCW 84.69.020(1), including interest, as ordered by the county treasurer or county legislative authority within the preceding twelve months; and
(b) Reimbursing the taxing district for taxes abated or cancelled, offset by any supplemental taxes collected under this title, other than amounts collected under RCW 84.52.018 within the preceding twelve months. This subsection (1)(b) only applies to abatements and cancellations that do not require a refund under this chapter. Abatements and cancellations that require a refund are included within the scope of (a) of this subsection.
(2) As provided in RCW 84.55.070, the provisions of chapter 84.55 RCW do not apply to a levy made by or for a taxing district under this section. [2013 c 239 § 1; 2009 c 350 § 10.]

Findings—2013 c 239: See note following RCW 84.56.020.
Application—2009 c 350 §§ 10 and 11: "Sections 10 and 11 of this act apply retroactively to January 1, 2009, and apply to taxes levied under section 10 of this act for collection in 2010 and thereafter." [2009 c 350 § 12.]

Chapter 84.70 RCW
DESTROYED PROPERTY—ABATEMENT OR REFUND
Sections
84.70.010 Reduction in value—Abatement—Formulas—Appeal. 84.70.040 Arson destroyed property.

84.70.010 Reduction in value—Abatement—Formulas—Appeal. (1) If, on or before December 31 in any calendar year, any real or personal property placed upon the assessment roll of that year is destroyed in whole or in part, or is in an area that has been declared a disaster area by the governor or the county legislative authority and has been reduced in value by more than twenty percent as a result of a natural disaster, the true and fair value of such property shall be reduced for that assessment year by an amount determined...
by taking the true and fair value of such taxable property before destruction or reduction in value and deduct therefrom the true and fair value of the remaining property after destruction or reduction in value.

(2) Taxes levied for collection in the year in which the true and fair value has been reduced under subsection (1) of this section shall be abated in whole or in part as provided in this subsection. The amount of taxes to be abated shall be determined by first multiplying the amount deducted from the true and fair value under subsection (1) of this section by the rate of levy applicable to the property in the tax year. Then divide the product by the number of days in the year and multiply the quotient by the number of days remaining in the calendar year after the date of the destruction or reduction in value of the property. If taxes abated under this section have been paid, the amount paid shall be refunded under RCW 84.69.020. The tax relief provided for in this section for the tax year in which the damage or destruction occurred does not apply to property damaged or destroyed voluntarily.

(3) No reduction in the true and fair value or abatements shall be made more than three years after the date of destruction or reduction in value.

(4) The assessor shall make such reduction on his or her own motion; however, the taxpayer may make application for reduction on forms prepared by the department and provided by the assessor. The assessor shall notify the taxpayer of the amount of reduction.

(5) If destroyed property is replaced prior to the valuation dates contained in RCW 36.21.080 and 36.21.090, the total taxable value for that assessment year shall not exceed the value as of the appropriate valuation date in RCW 36.21.080 or 36.21.090, whichever is appropriate.

(6) The taxpayer may appeal the amount of reduction to the county board of equalization in accordance with the provisions of RCW 84.40.038. The board shall reconvene, if necessary, to hear the appeal. [2005 c 56 § 1; 2001 c 187 § 26; 1999 sp.s. c 8 § 1; 1997 c 3 § 126 (Referendum Bill No. 47, approved November 4, 1997); 1994 c 301 § 56; 1987 c 319 § 6; 1981 c 274 § 1; 1975 1st ex.s. c 120 § 2; 1974 ex.s. c 196 § 3.]

Reviser’s note: No proposed amendment to Article VII, section 1 of the state Constitution was submitted to the voters.

Refund of property taxes: Chapter 84.69 RCW.

Additional notes found at www.leg.wa.gov

84.72.010 State treasurer authorized to receive in lieu payments—Department of revenue to apportion. The state treasurer is hereby authorized and directed to receive any moneys that may be paid to the state by the United States or any agency thereof in lieu of ad valorem property taxes, and to transfer the same to the respective county treasurers in compliance with apportionments made by the state department of revenue; and the state treasurer shall immediately notify the department of revenue of the receipt of any such payment. [1975 1st ex.s. c 278 § 212; 1961 c 15 § 84.72.010. Prior: 1941 c 199 § 1; Rem. Supp. 1941 § 11337-15.]

Additional notes found at www.leg.wa.gov

84.72.020 Basis of apportionment. Any such moneys so paid to the state treasurer shall be apportioned to the state and to the taxing districts thereof that would be entitled to share in the property taxes in lieu of which such payments are made in the same proportion that the state and such taxing units would have shared in such property taxes if the same had been levied. The basis of apportionment shall be the same as that of property taxes first collectible in the year in which such lieu payment is made: PROVIDED, That if any such lieu payment cannot be so apportioned the apportionment shall be made on such basis as the department of revenue shall deem equitable and proper. [1975 1st ex.s. c 278 § 212; 1961 c 15 § 84.72.020. Prior: 1941 c 199 § 2; Rem. Supp. 1941 § 11337-16.]

Additional notes found at www.leg.wa.gov

84.72.030 Certification of apportionment to state treasurer—Distribution to county treasurers. The department of revenue may indicate either the exact apportionment to taxing units or it may direct in general terms that county treasurers shall apportion any such lieu payment in the manner provided in RCW 84.72.020. In either event the department of revenue shall certify to the state treasurer the basis of apportionment and the state treasurer shall thereupon forthwith transmit any such lieu payment, together with a statement of the basis of apportionment, to the county treasurer in accordance with such certification. [1975 1st ex.s. c 278 § 213; 1961 c 15 § 84.72.030. Prior: 1941 c 199 § 3; Rem. Supp. 1941 § 11337-17.]

(2014 Ed.)
85.05.010  Districts authorized—Powers—Management.  Any portion of a county requiring diking may be organized into a diking district, and when so organized, such district, and the board of commissioners hereinafter provided for, have shall and possess the power herein conferred or that may hereafter be conferred by law upon such district and board of commissioners, and said district shall be known and designated as diking district No. . . . . (here insert number) of the county of . . . . . (here insert the name of county) of the state of Washington, and shall have the right to sue and be sued by and in the name of its board of commissioners hereinafter provided for, and shall have perpetual succession, and shall adopt and use a seal. The commissioners hereinafter provided for, and their successors in office, shall, from the time of the organization of such diking district, have the power, and it shall be their duty, to manage and conduct the business and affairs of the district; make and execute all necessary contracts, employ and appoint such agents, officers and employees as may be required, and prescribe their duties, and perform such other acts as hereinafter provided, or that may hereafter be provided by law.  [1921 c 146 § 1; 1895 c 117 § 1; RRS § 4236.  Cf. 1888 p 90 § 1; Code 1881 § 2519.  Formerly RCW 85.04.005, part.]

85.05.065  Certain powers and rights governed by chapter 85.38 RCW.  Diking districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW.  [1985 c 396 § 31.]

Additional notes found at www.leg.wa.gov

85.05.070  Eminent domain—Powers of district.  All diking districts organized under the provisions of this act shall have the right of eminent domain with the power by and through its board of commissioners to cause to be condemned and appropriated private property for the use of said organization, in the construction and maintenance of a system of dikes and make just compensation therefor; that the property of private corporations may be subjected to the same rights of eminent domain as private individuals, and said board of commissioners shall have the power to acquire by purchase all of the real property necessary to make the improvements provided for by this act. All diking districts and the commissioners thereof now organized and existing, and all diking districts hereafter to be organized, and the commissioners thereof shall have in addition to the rights, powers and authority now conferred by any law of this state:

(1) The right, power and authority to straighten, widen, deepen and improve any and all rivers, watercourses or streams, whether navigable or otherwise, flowing through or located within the boundaries of such diking district, or any rivers, watercourses or streams which shall at any time by their overflow damage the land within the boundaries of any such diking district.

(2) To construct all needed and auxiliary dikes, drains, ditches, canals, flumes, locks and all other necessary artificial appliances, wherever situated, in the construction of a diking system and which may be necessary or advisable to protect the land in any diking district from overflow, or to provide an efficient system of drainage for the land situated within such diking district, or to assist and become necessary in the preservation and maintenance of such diking system.

(3) In the accomplishment of the foregoing objects, the commissioners of such diking districts are hereby given, in addition to the right and power of eminent domain now conferred by law upon the commissioners of any diking district,
the right, power and authority by purchase, or the exercise of
the power and authority of eminent domain, or otherwise, to
acquire all necessary or needed rights-of-way in the straight-
eening, deepening or widening of such rivers, watercourses or
streams, and such auxiliary drains, ditches or canals herein-
above mentioned, and when so acquired shall have and are
hereby given the right, power and authority, by and with the
consent and approval of the United States government, in
cases where such consent is necessary, to divert, alter or
change the bed or course of any such river, watercourse or
stream aforesaid, or to deepen or widen the same.

All diking districts and the commissioners thereof are
further given the right, power and authority to join and con-
tract with any other diking district or districts for the joint
construction of any of the foregoing works, appliances, or
improvements, whether such works, appliances or improve-
ments are located within the boundaries of any or all of the
contracting districts. [1939 c 117 § 1; 1915 c 153 § 1; 1907 c
95 § 1; 1895 c 117 § 7; RRS § 4243. Prior: 1883 p 30 § 1;
Code 1881 § 2523. Formerly RCW 85.04.410.]

**85.05.071 Resolution to construct drainage system.**
Before entering upon the construction of any system of drain-
age for the land situated within such diking district, the
commissioners thereof shall adopt a resolution which shall con-
tain a brief and general description of the proposed improve-
ment, a statement that the costs thereof shall be paid by
warrants drawn and payable in like manner as for the original
construction of the dikes of such district, and fixing a time
and place within such district for hearing objections to such
proposed improvement or for the proposed method of paying
the costs thereof. The time so fixed shall be not less than
thirty days or more than sixty days from the date said resolu-
tion shall be adopted. Such resolution may be adopted by the
commissioners upon their own motion and it shall be their
duty to adopt such resolution at any time when a petition
signed by the owners of sixty percent or more of the acreage
within such diking district is presented, requesting them to do
so. [1915 c 153 § 2; RRS § 4244. Formerly RCW 85.04.450.]

**85.05.072 Resolution to construct drainage system—
Notice of hearing.** Notice of the hearing shall be given by
posting in three public places within the district a true copy of
the resolution signed by the commissioners of the diking dis-
trict and attested with the seal thereof, which notice shall be
posted for at least ten days prior to the day fixed in the reso-
lution for the hearing. Notice shall also be published at least
once in a newspaper of general circulation in the district at
least ten days before the date of the hearing. [1985 c 469 §
67; 1915 c 153 § 3; RRS § 4245. Formerly RCW 85.04.455.]

**85.05.073 Resolution to construct drainage system—
Procedure in absence of objections.** At the time fixed, the
commissioners shall meet and if no objections have been
made to the proposed improvement or to the proposed
method of paying the costs thereof, they shall adopt an order
reciting that fact and shall thereupon proceed to construct
such system of drainage and pay the costs thereof in accor-
dance with the terms specified in the resolution. [1915 c 153
§ 4; RRS § 4246. Formerly RCW 85.04.460, part.]

**85.05.074 Resolution to construct drainage system—
Objections to improvement.** But if objections in writing are
filed either to the proposed improvement or to the proposed
method of paying the costs thereof, the commissioners shall
proceed to hear and consider the same and may, thereupon,
order that such proposed improvement be abandoned for the
time being or may direct such improvement to be constructed
and the order of the commissioners in that regard shall be
final and conclusive on all parties interested: PROVIDED,
HOWEVER, That no such proceeding shall be abandoned
unless the owners of at least twenty-five percent of the acre-
age within said district shall have at or prior to said hearing,
filed protests against the same. But nothing contained in *this
act shall be held to forbid the commissioners in their discre-
ion overruling all protests and directing the construction of
such improvement.

Commissioners shall likewise hear and consider all
objections that may be filed to the proposed method of paying
the cost of such improvement. [1915 c 153 § 5; RRS § 4247.
Formerly RCW 85.04.460, part.]

*Reviser's note: "this act" appears in 1915 c 153 codified as RCW
85.05.070 through 85.05.079. See also reviser's note following chapter
digest.

**85.05.075 Resolution to construct drainage system—
Assessment of benefits.** In case the commissioners at such
hearing shall determine that the benefits accruing to any lot or
parcel of lands within said district by reason of the construc-
tion of such drainage system are greater or less than the
amount theretofore fixed in the original or any subsequent
proceeding for the construction of dikes, they shall determine
the amount of such benefits to each lot or parcel of land and
certify their findings and determination in that regard to the
county auditor and the county auditor shall note the same on
the transcript of the judgment (and in case there has been any
readjustment of assessments of such diking district, then
upon such transcript as readjusted). [1915 c 153 § 6; RRS §
4248. Formerly RCW 85.04.465.]

**85.05.076 Resolution to construct drainage system—
Appeal to supreme court—Trial de novo.** Any person
deeming himself or herself aggrieved by the assessment for
benefits made against any lot or parcel of land owned by him
or her, may appeal therefrom to the superior court for the
county in which the diking district is situated; such appeal
shall be taken within the time and substantially in the manner
prescribed by the laws of this state for appeals from justices'
courts and all notices of appeal shall be filed with the said
board, and the board of diking commissioners shall at the
appellant's expense certify to the superior court so much of
the record as appellant may request, and the hearing in said
superior court shall be de novo, and the superior court shall
have power and authority to reverse or modify the determina-
tion of the commissioners and to certify the result of its deter-
mation to the county auditor and shall have full power and
authority to do anything in the premises necessary to adjust
the assessment upon the lots or parcels of land involved in the
appeal in accordance with the benefits. [2013 c 23 § 382;
1915 c 153 § 7; RRS § 4249. Formerly RCW 85.04.475,
part.]
85.05.077 Resolution to construct drainage system—Assessments for drains and dikes to be segregated. In all cases wherein it is finally determined that the assessments for the system of drainage differ from the assessment theretofore made, as to any tract or parcel of land within said diking district, the diking commissioners in making their annual estimate shall segregate the amount necessary to be raised for the construction, repair and maintenance of the system of drainage or for the payment of the principal or interest of any bonds issued for drainage purposes from the amount necessary to be raised for all other diking purposes and the county auditor in apportioning said estimate for drainage purposes to the lands in such district shall base such apportionment upon the assessment fixed for drainage purposes and shall apportion the remainder of such estimate upon the basis fixed in the original or any subsequent proceeding for all other diking purposes. But in all other cases, the estimate and apportionment shall be made in accordance with existing laws. [1915 c 153 § 8; RRS § 4250. Formerly RCW 85.04.415.]

85.05.078 Resolution to construct drainage system—Bonds to construct drainage system. Authority is hereby given to any diking district heretofore organized, or that may be hereafter organized, to issue bonds of such diking district for the purpose of procuring funds with which to construct a drainage system, such bonds to be issued in accordance with the terms of *RCW 85.05.480. [1915 c 153 § 9; RRS § 4251. Formerly RCW 85.04.480.]

*Reviser's note: RCW 85.05.480 was repealed by 1986 c 278 § 46.

85.05.079 Resolution to construct drainage system—Appellate review. Either the dike commissioners or any landowner who has appealed to the superior court in accordance with the provisions of *this act may seek appellate review within the time and in the manner prescribed by existing law. [1988 c 202 § 72; 1971 c 81 § 156; 1915 c 153 § 10; RRS § 4252. Formerly RCW 85.04.475, part.]

*Reviser's note: "this act," see note following RCW 85.05.074.

Additional notes found at www.leg.wa.gov

85.05.080 Rights-of-way on public land. The right, power and authority to acquire the necessary and needed rights-of-way for any and all purposes now existing by law or created by this act, may be acquired by the commissioners of any diking district over, across and upon any land, or interest therein, of the state of Washington or any county of this state, and streets, avenues, alleys or public places of any city, town or municipal corporation of this state: PROVIDED, HOWEVER, That the construction of such dike or dikes shall not have the effect of impairing any right, power or authority now existing on the part of any city or town to construct in, upon, underneath, above or across such dike or dikes, sewers, water pipes, mains, or the granting of any franchise thereon, or the improvement by way of planking, replanking, paving, repaving or any other power, right or authority which but for this act such city or town would have in or to such street, avenue, alley or public place; except, however, that such right, power or authority on behalf of such city or town shall not be exercised either by such city or town or by any person, persons, firms or corporations to whom it might grant any right or franchise, which will materially impair the efficiency of such dike or dikes. The provisions of this section as regards said system of dikes to be located within the boundaries of any incorporated city or town shall apply to the extension or enlargement of any dike or dikes already existing upon, over and across any street, avenue, alley or public place of any city or town, as well as the original construction thereof. [1907 c 95 § 2; RRS § 4253. Formerly RCW 85.04.415.]

85.05.081 Organization—Matters to be set in notices, petitions or proceedings. In all proceedings hereafter had to organize diking districts, all notices, petitions or proceedings shall contain and set forth all matters and things required by existing law, and in addition thereto shall contain and set forth, so far as is necessary or applicable, all matters and things required by the provisions of this act, and all diking districts now existing, which may exercise any of the rights, powers or authority conferred by the provisions of this act, the proceedings to obtain the benefits hereof, must contain such allegations, and such steps and proceedings must be taken, as is rendered necessary by the provisions of this act; and the commissioners of existing diking districts are hereby given the right, power and authority to institute all proceedings and to take all necessary steps to secure the benefits of the provisions of this act, and all proceedings to secure the benefits thereof and all judgments to be rendered in such proceedings, including the filing of transcripts and the making of levies, and all other proceedings, shall be in addition to proceedings, assessments or levies, theretofore made in any prior proceedings. [1907 c 95 § 3; RRS § 4254.]

85.05.082 Beds and shores of streams granted to district. All the right, title and interest of the state of Washington in and to so much of the beds and shores of any navigable river, stream, waterway or watercourse located within the boundaries of any diking district up to and including the line of ordinary high tide in waters where the tide ebbs and flows, and up to and including the line of ordinary high water within the banks of all navigable rivers and lakes, to the extent that the same under any proceedings to be had under this act shall cease to become a part of such river, stream, waterway or watercourse by reason of the diversion of such river, stream, waterway or watercourse, under any proceedings had under this act, are hereby given, granted and vested in the respective diking districts now existing, which may exercise any of the rights, powers or authority conferred by the provisions of this act, are hereby given the right, power and authority to sell such beds and shores in such manner and upon such notices and proceedings as govern, under existing laws of this state, the board of county commissioners in the sale and disposition of any real estate belonging to counties of this state. The proceeds of such sales are to be used for the benefits of such diking district in the payment of any expenses connected with the construction of such dikes or maintenance thereof: PROVIDED, HOWEVER, That the commissioners of such diking district may, in their discretion, exchange such abandoned beds and shores for other property needed in the straightening, deepening or widening of such rivers, watercourses or streams; and which exchange may be made upon such terms, conditions and in such areas as in the discretion of such commissioners they may deem advisable and for the best interests of such diking district, without any notice or other formality
of proceedings whatever. [1907 c 95 § 4; RRS § 4255. Formerly RCW 85.04.445.]

85.05.083 Auditor to sign petition for his county, when. Whenever the county owns any land situated within the boundaries of a proposed diking district, the county auditor, when so directed by the board of county commissioners of the county in which such lands are situated, is hereby authorized to sign the petition praying for the formation of such diking district for and on behalf and as the act and deed of such county, and when so signed the same shall be considered in determining the question of a majority signature in acreage to the petition for the formation of such district. [1907 c 95 § 5; RRS § 4256. Formerly RCW 85.04.430.]

85.05.085 Commissioners, duty of. The board of dike commissioners shall consist of three elected commissioners. The initial commissioners shall be appointed, and the elected commissioners elected, as provided in chapter 85.38 RCW. The board of dike commissioners shall have the exclusive charge of the construction and maintenance of all dikes or dike systems which may be constructed within the district, and shall be the executive officers thereof, with full power to bind the district by their acts in the performance of their duties, as provided by law. [1985 c 396 § 37; 1921 c 146 § 5; 1895 c 117 § 8; RRS § 4257. Cf. 1883 p 31 § 2; Code 1881 § 2527. Formerly RCW 85.04.045, part.]

Additional notes found at www.leg.wa.gov

85.05.090 Petition for improvement—Contents. Whenever it is desired to prosecute the construction of a system of dikes within said district, said district, by and through its board of commissioners, shall file a petition in the superior court of the county in which said district is located, setting forth therein the route over which the same is to be constructed, with a complete description thereof, together with specifications for its construction, with all necessary plats and plans thereof, together with the estimated cost of such proposed improvement, showing therein the names of the landowners whose lands are to be benefited by such proposed improvement; the number of acres owned by each landowner, and the maximum amount of benefits per acre to be derived by each landowner set forth therein from the construction of said proposed improvement, and that the same will be conducive to the public health, convenience and welfare, and increase the value of all of said property for purposes of public revenue. Said petition shall further set forth the names of the landowners through whose land the right-of-way is desired for the construction of said dikes; the amount of land necessary to be taken therefor, and an estimate of the value of said lands so sought to be taken for such right-of-way, and the damages sustained by any person or corporation interested therein, if any, by reason of such appropriation, irrespective of the benefits to be derived by such landowners by reason of the construction of said system. Such estimate shall be made, respectively, to each person through whose land said right-of-way is sought to be appropriated. Said petition shall set forth as defendants therein all the persons or corporations to be benefited by said improvement, and all persons or corporations through whose land the right-of-way is sought to be appropriated, and all persons or corporations having any interest therein, as mortgagee or otherwise, appearing of record, and shall set forth that said proposed system of dikes is necessary for the protection of all the lands from overflow described in said petition, and that all lands sought to be appropriated for said right-of-way are necessary to be used as a right-of-way in the construction and maintenance of said improvements; and when the proposed improvement will protect or benefit the whole or any part of any public or corporate road or railroad, so that the traveled track or roadbed thereof will be improved by the construction of said dikes, such fact shall be set forth in said petition, and such public or private corporations owning said road or railroad shall be made parties defendant therein, and the maximum amount of benefits to be derived from such proposed improvement shall be estimated in said petition against said road or railroad. [1895 c 117 § 9; RRS § 4258. Formerly RCW 85.04.050, part.]

85.05.100 Petition for improvement—Employment of assistants—Compensation as costs in suits. In the preparation of the facts and data to be inserted in said petition and filed therewith for the purpose of presenting the matter to the said superior court, the board of commissioners of said diking district may employ one or more good and competent surveyors and drafters to assist them in compiling data required to be presented to the court with said petition as hereinafore provided, and such legal assistance as may be necessary, with full power to bind said district for the compensation of such assistants or employees employed by them, and such services shall be taxed as costs in the suit. [2013 c 23 § 383; 1895 c 117 § 10; RRS § 4259. Formerly RCW 85.04.055, part.]

85.05.110 Summons—Contents—Service. A summons stating briefly the objects of the petition and containing a description of the land, real estate, premises or property sought to be appropriated, and those which it is claimed will be benefited by the improvement, and stating the court wherein the petition is filed, the date of the filing thereof and when the defendants are required to appear (which shall be ten days, exclusive of the day of service, if served within the county in which the petition is pending, and if in any other county, then twenty days after such service, and if served by publication, within thirty days from the date of the first publication), shall be served on each and every person named therein as owner, encumbrancer, tenant or otherwise interested therein. The summons must be subscribed by the commissioners, or their attorney, running in the name of the state of Washington and directed to the defendants; and service thereof shall be made by delivering a copy of such summons to each of the persons or parties so named therein, if a resident of the state, or in case of the absence of such person or party from his or her usual place of abode, by leaving a copy of the notice at his or her usual place of abode; or in case of a foreign corporation, at its principal place of business in this state with some person of more than sixteen years of age; in case of domestic corporations service shall be made upon the president, secretary or other director or trustee of the corporation; in case of persons under eighteen years of age, on their guardians, or in case no guardian shall have been appointed, then on the person who has the care and custody of the person; in case of idiots, lunatics or insane persons, on their
guardian, or in case no guardian shall have been appointed, then on the person in whose care or charge they are found. *In case the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited by the improvement, is state, tide, school or county land, the summons shall be served on the auditor of the county in which the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited, is situated. In all cases where the owner or person claiming an interest in the real or other property is a nonresident of this state, or where the residence of the owner or person is unknown, and an affidavit of one or more of the commissioners of the district shall be filed that owner or person is a nonresident of this state, or that after diligent inquiry his residence is unknown or cannot be ascertained by such deponent, service may be made by publication thereof in a newspaper of general circulation in the county where such lands are situated once a week for three successive weeks. The publication shall be deemed service upon each nonresident person or persons whose residence is unknown. The summons may be served by any competent person eighteen years of age or over. Due proof of service of the summons by affidavit of the person serving the same, or by the printer's affidavit of publication, shall be filed with the clerk of the court before the court shall proceed to hear the matter. Want of service of the notice shall render the subsequent proceedings void as to the person not served; but all persons or parties having been served with summons as herein provided, either by publication or otherwise, shall be bound by the subsequent proceedings. In all cases not otherwise provided for, service of notice, order and other papers in the proceeding authorized by this chapter may be made as the superior court, or the judge thereof, may direct: PROVIDED, That personal service upon any party outside of this state shall be of like effect as service by publication. [1985 c 469 § 68; 1971 ex.s. c 292 § 56; 1895 c 117 § 11; RRS § 4260. Formerly RCW 85.04.060, part.]

*Reviser's note: Subsequent legislation provides for service of summons on budget director (now director of financial management; chapter 43.41 RCW), see chapter 79.44 RCW; see also note following RCW 85.06.110.

Additional notes found at www.leg.wa.gov

85.05.120 Appearance of defendants—Jury—Verdict—Decree. Any or all of said defendants may appear jointly or separately, and admit or deny the allegations of said petition, and plead any affirmative matter in defense thereof, at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable, and conducive to the public health, welfare, and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises, or other property sought to be appropriated is really a public use, and that the land, real estate, premises, or other property sought to be appropriated are required and necessary for the establishment of said improvement, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits as herein provided, if in attendance upon his or her court; and if not, he or she may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his or her county to summon from the citizens of the county in which said petition is filed as many qualified persons as may be necessary to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary to complete the jury in any case, the sheriff, under direction of the court or judge thereof, shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned, the cost thereof shall be taxed as part of the costs in the proceeding, and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation or company, or to the state, by reason of the appropriation and use of such land, real estate, premises, or other property for said improvement, and shall ascertain, determine, and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, encumbrancers, and others interested, for the taking or injuriously affecting such land, real estate, premises, or other property for the establishment of said improvement; and shall further find the maximum amount of benefits, per acre, to be derived by each of the landowners from the construction of said improvement. And upon a return of the verdict into court, the same shall be recorded as in other cases; whereupon a decree shall be entered in accordance with the verdict so rendered, setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said diking district to draw their warrant on the county treasurer for the amount awarded by the jury to each person, for damages sustained by reason of the establishment of said improvement, payable out of the funds of said diking district. [2013 c 23 § 384; 1895 c 117 § 12; RRS § 4261. Formerly RCW 85.04.065, part.]

85.05.130 Assessment of benefited lands formerly omitted—Procedure—Appeals. If at any time it shall appear to the board of diking commissioners that any lands within or without said district as originally established are being benefited by the diking system of said district and that said lands are not being assessed for the benefits received, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the diking system of said district, and said board of diking commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the diking system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands shall be assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, set-
ting forth the facts, describing the lands not previously assessed and the lands the assessments on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land, and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessment or equalizing the assessments upon lands already assessed, or both.

Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other diking district, said summons shall also be served upon the commissioners of such other diking district.

In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other diking district, and the diking commissioners of such other district believe that the maintenance of the dike or dikes of such other district is benefiting lands within the district instituting the proceedings, said diking commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the diking system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the diking system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the diking district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention.

In the case of any such new lands sought to be assessed in said proceedings shall be maintaining a private dike against salt or freshwater for the benefit of said lands, and shall believe that the maintenance of such private dike is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other diking district and are being assessed for the maintenance of the dikes of such other district, and the owner of such lands believes that the maintenance of the dike or dikes of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective dikes may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various dikes benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such dikes, and may interplead in said proceeding such other diking district in which his or her lands sought to be assessed in said proceeding are being assessed for the maintenance of the dike or dikes of such other district.

No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence.

Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the dike or dikes to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from any dike, structure, or improvement, and to credit, or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvements or structures thereon or easements granted in connection therewith affecting any other tract or tracts included in such proceedings and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the diking commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the future maintenance of any dike or dikes described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or herself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be allowed on such appeals. Nothing in this section contained shall be construed as affecting the right of diking districts to consolidate in any manner provided by law. [2013 c 23 § 385; 1971 c 81 § 157; 1913 c 89 § 1; 1901 c 111 § 1; 1895 c 117 § 13; RRS § 4262.]

Rules of court: Cf. RAP 5.2, 8.1, 18.22.

Reviser’s note: This section was declared unconstitutional in *Malim v. Benthien*, 114 Wash. 533 (1921). Prior enactments are set forth below:

1901 c 111 § 1. "If the board of diking commissioners shall, at any time, discover that any lands within said district are being benefited by the diking system and the same were by mistake, inadvertence or other cause omitted from the assessment of benefits as provided for in *the last preceding section*, or which were omitted for the reason that they were not at the time of assessing the benefits as provided for in said preceding section, for any cause, subject to a legal assessment, said commissioners shall file a petition in the Superior Court in the original cause setting forth the fact of such benefits, describing the lands omitted, the reason the same were omitted in said original proceedings and giving the name of the owners or reputed owners thereof and praying that said original cause, as to such lands, be opened up for further proceedings for the assessment of the alleged benefits, and upon the filing of said petition summons shall issue thereon and be served on the defendants named in said petition the same as summons is served and issued in original proceedings, as near as may be, except the court may, to avoid costs, and in its discretion, call a jury of not less than three jurors, and the jury, in assessing the benefits, shall take into consideration the length of time said lands are to receive the benefits from said improvement and its future maintenance, estimating said time from the date when said lands first became legally assessable, which date must be found by the jury in their ver-

(2014 Ed.)
dict as to each tract or parcel found to be benefited: AND PROVIDED FURTHER, That in case the expenses and costs of the improvement have been paid for by assessments levied against the lands assessed in the original proceeding before the lands provided for in this section are assessed, as provided for herein, then, in such case, the assessments levied from time to time on said last mentioned land shall be paid into the maintenance fund of said district. Every person or corporation feeing himself or itself aggrieved by any judgment for damages or any assessment of benefits provided in this act, may appeal to the Supreme Court of the state within thirty days after the entry of the judgment, and such appeal shall bring before the Supreme Court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

"Reviser's note: "the last preceding section" refers to 1895 c 117 § 12 codified as RCW 85.05.120.

1895 c 117 § 13. "Every person or corporation feeing himself or itself aggrieved by the judgment for damages, or the assessment of benefits, may appeal to the supreme court of this state, within thirty days after the entry of the judgment, and such appeal shall bring before the supreme court the propriety and justness of the amount of damage or assessment of benefit in respect to the parties to the appeal. Upon such appeal no bond shall be required and no stay shall be allowed."

85.05.135 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which diking districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which diking districts created after July 28, 1985, may measure and impose special assessments and adopt budgets.

[1985 c 396 § 24.]

Additional notes found at www.leg.wa.gov

85.05.140 Proceedings may be dismissed when. In case the damages or amount of compensation for such right-of-way, together with the estimated cost of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. [1895 c 117 § 14; RRS § 4263. Formerly RCW 85.04.070, part.]

85.05.150 Procedure to claim awards. Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this act, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he or she is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or she or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate, or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate, or premises be determined according to law.

[2013 c 23 § 387; 1895 c 117 § 15; RRS § 4264. Formerly RCW 85.04.210, part.]

85.05.160 Transcript of benefits to auditor—Assessments—Collection. Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person or corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his or her office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption and the lands sold for the collection of said taxes shall be subject to the same right of redemption as in the sale of lands for general taxes: PROVIDED, That said assessment shall not become due and payable except at such time or times and in such amount as may be designated by the board of commissioners of said diking district, which designation shall be made to the county auditor by said board of commissioners of said diking district, by serving a written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits, to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons, or corporations, according to said notice, upon the assessment rolls in his or her said office, and collected therewith: AND PROVIDED FURTHER, That no one call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the actual amount necessary to pay the costs of the proceedings, and the establishment of said district and system of dikes and the cost of construction of said work.

[2013 c 23 § 387; 1895 c 117 § 16; RRS § 4265. Formerly RCW 85.04.080, part.]

85.05.170 Tax to pay cost on dismissal. In the event of the dismissal of said proceedings and the rendition of judgment against said district, as hereinbefore provided, said diking commissioners shall levy a tax upon all of the real estate within said district, taking as a basis the last equalized assessment of said real estate for state and county purposes, sufficient to pay said judgment, and the cost of levying said tax, and shall cause said tax roll to be filed in the office of the clerk of the superior court in which such judgment was rendered. If said tax is not paid within sixty days after the filing of said tax roll, the court shall, upon the application of any party interested, direct said real estate to be sold in payment of said tax, said sale to be made in the same manner and by the same officer, as is or may be provided by law for the sale of real estate for taxes for general purposes; and the same rate of redemption shall exist as in the sale of real estate for the payment of taxes for general purposes. [1895 c 117 § 17; RRS § 4266. Formerly RCW 85.04.075, part.]

85.05.180 Construction—Contractors—Performance bonds. After the filing of said certificate said com-
missioners of such diking district shall proceed at once in the construction of said improvements, and in carrying on said construction or any extension thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary, and purchase all material that may be necessary in the construction and carrying on of the work of said improvement, and shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: PROVIDED, That in case the whole or any portion of said improvement is let to any contractor, said commissioners shall require such contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by such contract, with two or more good and sufficient sureties to be approved by the board of commissioners of said diking district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his or her executors, administrators, or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further and additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said diking district in the name of said district as obligee therein, conditioned that said contractor, his or her executors, administrators, or assigns, or subcontractor, his or her executors, administrators, or assigns, shall perform the whole or any portion of said work under contract of said original contractor; shall pay or cause to be paid all just claims of all persons performing labor or rendering services in the construction of said work, or furnishing materials, merchandise, or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: PROVIDED FURTHER, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporations performing said labor and furnishing said materials, goods, wares, merchandise, and provisions, shall, within ninety days after the completion of such improvement, file their claim, duly verified, that the amount is just and due and remains unpaid, with the commissioners of said diking district. [2013 c 23 § 388; 1895 c 117 § 18; RRS § 4267. Formerly RCW 85.04.095, part.]

85.05.200 Payments on contracts—Retained percentage. During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: PROVIDED, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor, and twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until such work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvement; and upon the completion of said work and the payment of all claims hereinafter provided for, according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 117 § 19; RRS § 4268. Formerly RCW 85.04.100, part.]
85.05.210 Private dikes, how connected—Additional plans—Costs. In case any diking district organized under the provisions of this act desires to connect its system of dikes with the system of dikes of any other district theretofore organized or constructed, said last mentioned diking district shall be made a party defendant in the proceedings in the superior court for the establishment of the improvement proposed to be constructed by such first mentioned diking district, and the petition to be filed in said court, in addition to the facts to be set forth therein as hereinbefore provided for, shall set forth the further fact that said district is desirous of connecting its said system of dikes with the system of other diking district, and shall set forth an estimate of the additional cost per annum, if any, for the future maintenance of the diking system so sought to be connected with, and also an estimate of the cost of any additional improvement in said system so sought to be connected with, if any, by reason of such connection, and shall also set forth the amount of compensation which should be made by said diking district for the privilege of connecting with the said system of dikes; and in case it shall be deemed necessary to enlarge or strengthen the system of dikes to be connected with by reason of such connection, there shall be filed with said petition, in addition to the plans, specifications and data hereinbefore provided to be filed, plans and specifications and the estimated cost of the proposed improvement to be made in the system sought to be connected with by reason of such connection, and the proceedings thereon shall be the same as in other cases for the establishment of diking districts under the provisions of this act; PROVIDED, That the jury shall, in addition to the other findings provided for in other cases under the provisions of this act, find the amount of compensation to be paid said district with whose system connection is sought to be made, for any additional cost, if any, which may be thrown upon said district by reason of the increased cost of maintenance by reason of such connection, and shall estimate the amount of such increased cost of maintenance per annum, and also the amount of compensation to be made to said district for the privilege of joining on to its system of dikes; the compensation to be made for the increased cost of maintenance shall be paid per annum out of the revenue derived from the assessments to be levied as in other cases, and the compensation to be made as may be found by the jury to said district whose system is sought to be connected with for the privilege thereof, shall be paid such district as damages are paid in other cases under the provisions of this act; and all amounts so paid to said district sought to be connected with, as compensation for the cost of maintenance, shall be used as an additional fund for the maintenance of said diking system of such district, and the amount of compensation paid for the privilege of connecting with the system of such district shall also be added to the general fund of said district, to be used for the payment of the cost of maintenance of the system of such district sought to be connected with. [1895 c 117 § 21; RRS § 4270. Formerly RCW 85.04.435, part 85.04.440.]

85.05.220 Connecting with other diking systems. In case it shall be found necessary to enlarge or strengthen the system of dikes sought to be connected with, by reason of such connection, the jury shall determine the cost of such enlarging or strengthening, and said petitioner district shall have the right, by and through its representatives, assistants and employees, to make such improvement on the system of such other district as may have been found necessary upon the hearing of said petition, and the costs thereof shall be assessed against the landowners of said petitioner district to be benefited by the construction of said entire system, and no additional cost or burden, by reason of such improvement, shall be thrown upon the landowners of said district sought to be connected with. [1895 c 117 § 22; RRS § 4271. Formerly RCW 85.04.435, part and 85.04.440.]

85.05.230 Action by district to prevent washing away of stream banks. Where any diking system is sought to be constructed by any district organized under the provisions of this act along any river or watercourse to prevent overflow therefrom, and it shall become necessary to provide against the washing away of the banks of said river or watercourse so as to prevent injury to such proposed diking system, or any system which may have already been completed, such district, by and through its board of commissioners, may make such portions of lands lying along said dikes which are threatened to be washed away by said river or watercourse part of the right-of-way of said dike system, and may construct along the banks of said river or watercourse, as a part of said diking system, such protection as may be necessary to protect said dikes, and in such cases such tract or parcel of land may be condemned and appropriated under the law of eminent domain as provided herein as a part of the right-of-way of such dike system; and when not condemned or appropriated at the time said system is established and constructed, said diking district, by and through its board of commissioners, may, at any time thereafter, when any portion of said system is threatened to be washed away by such river or watercourse, file their petition with the court condemning and appropriating for the use of said district so much of the land lying along said river or watercourse as may be necessary to be used for the protection of said diking system, and the proceedings therein for the making of compensation therefor and the payment of damages by reason of such appropriation shall be the same, or as near as may be applicable, as other proceedings for the condemnation of right-of-way provided for in this act. [1895 c 117 § 23; RRS § 4272. Formerly RCW 85.04.420, part.]

85.05.240 Action by district to prevent washing away of stream banks—Expenses for appropriation of land. Whenever any land is appropriated along the bank of any river or watercourse, as provided for in the last preceding section, the expenses of such appropriation, including the costs and damages to be paid therefor—when such appropriation is taken subsequently to the construction of any system of dikes under the provisions of this act—shall be added to the annual cost of the maintenance of said system and be paid as such, as provided herein. [1895 c 117 § 24; RRS § 4273. Formerly RCW 85.04.420, part.]

85.05.250 Dikes along public road. In the construction of any diking system under the provisions of this act, where it is desired to construct the same along the right-of-way of any public road which has theretofore been legally established, said district shall have a right to construct its dikes along such
85.05.260 Incorporated town may act as or be included in diking district. Any town or city already incorporated, or which may hereafter be incorporated, may exercise the functions of a diking district under the provisions of this act, or the whole or any portion of any such town or city may be included with other territory in a common district under the provisions for the establishment thereof as provided for herein. [1895 c 117 § 26; RRS § 4275. Formerly RCW 85.04.115, part.]

85.05.270 Estimate for maintenance and repair—Emergency expenditures. On or before the first day of November of each year the diking commissioners shall, and on or before the first Monday in October of each year the drainage commissioners shall, make and certify to the county auditor an estimate of the cost of maintenance and repair of the improvement for the ensuing year. The amount thereof shall be levied against the land in the district in proportion to the maximum benefits assessed, and shall be added to the general taxes and collected therewith. If such estimate of the cost of maintenance and repair against any tract or contiguous tracts owned by one person or corporation is less than two dollars, then the county auditor shall levy such a minimum amount of two dollars against such tract or contiguous tracts, and upon the collection thereof as herein provided shall pay all sums collected into the maintenance and/or repair fund of the district. In case of an emergency the commissioners may incur additional obligations and issue warrants therefor in excess of the estimate. [1959 c 209 § 10. Prior: (i) 1913 c 89 § 2; 1905 c 7 § 2; 1895 c 117 § 27; RRS § 4276. (ii) 1917 c 133 § 2; 1907 c 120 § 1; 1905 c 173 § 3; 1895 c 115 § 24; RRS § 4324. Formerly RCW 85.04.120.]

85.05.280 Organization of board—Warrants, how issued. The board of commissioners of such district shall elect one of their number chair and shall either elect one of their number, or appoint a voter of the district, as secretary, who shall keep minutes of all the district's proceedings. The board of commissioners may issue warrants of such district in payment of all claims of indebtedness against such district. Such warrants shall be in form and substance the same as county warrants and shall draw the legal rate of interest from the date of their presentation to the treasurer for payment, as hereinafter provided, and shall be signed by the chair and attested by the secretary of the board: PROVIDED, That no warrants shall be issued by the board of commissioners in payment of any indebtedness of such district for less than the face or par value. [1991 c 245 § 35; 1985 c 396 § 38; 1895 c 117 § 28; RRS § 4277. Formerly RCW 85.04.040, part and RCW 85.04.165, part.]

Additional notes found at www.leg.wa.gov

85.05.355 Special assessment bonds. Special assessment bonds and notes shall be issued and sold in accordance with chapter 85.38 RCW. [1986 c 278 § 23.]

Additional notes found at www.leg.wa.gov

85.05.360 Warrants—When and how paid. All warrants issued under the provisions of this chapter shall be presented by the owners thereof to the county treasurer in accordance with chapter 36.29 RCW. [1991 c 245 § 36; 1986 c 278 § 29; 1895 c 117 § 36; RRS § 4286. Formerly RCW 85.04.170, part.]

Additional notes found at www.leg.wa.gov

85.05.365 Certificates of delinquency—Foreclosure—Sale—Use of proceeds. Whenever any diking district assessments levied under this act shall remain unpaid for a period of four years from the date when such assessment becomes due and payable, the diking district, which levied said assessment or assessments is hereby empowered and authorized, through its board of commissioners, to make application to the county treasurer of the county in which said diking district is located, for a certificate of delinquency to be issued to it for said delinquent assessments and delinquent interest thereon. And the county treasurer shall issue to said diking district a certificate of delinquency in the same manner and form as to an individual: PROVIDED, HOWEVER, that it shall not be necessary or required for said diking district to pay to said county treasurer any part or portion of said delinquent assessments or interest thereon, but payment of general taxes and interest due upon said general taxes, upon said diked lands will be sufficient payment by said diking district to entitle it to have said certificate of delinquency issued to it. Said diking district shall be empowered to foreclose said certificate or certificates and take title in said district the same as delinquent tax certificates are foreclosed by individuals. After acquiring title to any such lands through such foreclosure proceedings, the diking district, through its commissioners, may offer for sale and sell all, or any part, of such lands, in the same manner as counties are authorized to offer for sale and sell lands acquired by counties through delinquent tax foreclosure sales; and to issue a deed of conveyance therefor to the purchaser, executed by the commissioners of the diking district in behalf of the district, and attested by the clerk of the district. All revenue derived by the diking district from the sale of any such lands shall be first used for the redemption of any bonds and interest outstanding against said diking district which is due and payable, and the remainder thereof, if any, shall be applied to the payment of maintenance warrants, or other indebtedness, of the district, which is due and owing, in the priority deemed best by the board of diking commissioners. [1931 c 55 § 1; 1929 c 111 § 1; RRS § 4286-1. Formerly RCW 85.04.510, part.]

85.05.366 Funds to purchase delinquent certificates. For the purpose of raising funds to purchase certificates of delinquency each diking district is authorized to levy an annual assessment upon the acreage contained within the diking district at the same time and in the same manner as other assessments of the district are levied; and for the purpose of raising funds to purchase certificates of delinquency upon delinquent diking district assessments during the year 1929,
each diking district is authorized to issue emergency warrants, the payment and redemption of which shall be provided for at regular annual meeting in the year 1929; and thereafter all amounts raised for the purchase of delinquent diking assessment certificates shall be provided for at the regular annual meeting set for such purpose. [1929 c 111 § 2; RRS § 4286-2. Formerly RCW 85.04.515.]

85.05.367 Lands owned by district exempt from taxation. Any and all lands purchased and acquired by the diking district through foreclosure of delinquent assessment certificates shall, so long as owned by, or until sold by, such diking district, be exempt from general state and county taxes. [1929 c 111 § 3; RRS § 4286-3. Formerly RCW 85.04.515.]

85.05.370 Trial—Findings and forms of verdict. Upon the trial of any questions of issue by a jury under the provisions of this act, the trial court may, in its discretion, submit all questions to be found by the jury in the form of separate findings, or may submit to such jury separate forms of verdict on all such questions to be found by the jury therein. [1895 c 117 § 37; RRS § 4287. Formerly RCW 85.04.205, part.]

85.05.380 Public lands subject to assessment—Rights and liabilities of public corporations. All state, county, school district or other lands belonging to other public corporations requiring to be diked as a protection from overflow shall be subjected to the provisions of this act, and such corporations, by and through the proper authorities, shall be made parties in all proceedings therein affecting said lands and shall have the same rights and liable to the same right of eminent domain as private persons, and their lands shall be subject to the right of eminent domain the same as the lands of private persons or corporations. [1895 c 117 § 38; RRS § 4288. Formerly RCW 85.04.110, part.]

85.05.390 Assessments on public lands—How paid. In case lands belonging to the state, county, school district or other public corporations are benefited by any improvement instituted under the provisions of this chapter, all benefits shall be assessed against such lands, and the same shall be paid by the proper authorities of such public corporations at the times and in the same manner as assessments are called and paid in case of private persons out of any general fund of such corporation; and also all costs of repair and maintenance of such diking system shall be levied against and apportioned to such lands of such public corporations, whether owned at the time of the original improvement or subsequently acquired either by deed through delinquent tax foreclosure or otherwise, in the same manner as such costs of repair and maintenance are levied against and apportioned to lands belonging to private persons, and the same shall also be paid out of any general fund of such corporation. [1927 c 277 § 1; 1895 c 117 § 39; RRS § 4289. Formerly RCW 85.04.110, part.]

85.05.400 Fees for service of process. Fees for service of all process necessary to be served under the provisions of this act shall be the same as for like services in other civil cases, or as is or may be provided by law. [1895 c 117 § 40; RRS § 4290. Formerly RCW 85.04.200, part.]

85.05.410 Commissioners—Compensation and expenses. Members of the board of diking commissioners of any diking district in this state may receive as compensation the sum of up to ninety dollars for actual attendance at official meetings of the district and for each day or part thereof, or in performance of other official services or duties on behalf of the district and shall receive the same compensation as other labor of a like character for all other necessary work or services performed in connection with their duties: PROVIDED, That such compensation shall not exceed eight thousand six hundred forty dollars in one calendar year, except when the commissioners declare an emergency. Allowance of such compensation shall be established and approved at regular meetings of the board, and when a copy of the extracts of minutes of the board meeting relative thereto showing such approval is certified by the secretary of such board and filed with the county auditor, the allowance made shall be paid as are other claims against the district.

Each commissioner is entitled to reimbursement for reasonable expenses actually incurred in connection with such business, including subsistence and lodging, while away from the commissioner's place of residence, and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW.

Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the commissioner's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commis-
85.05.420 Powers of court—Injunctions. The court may compel the performance of the duties imposed by this act and may, in its discretion, on proper application therefor, issue its mandatory injunction for such purpose. [1933 c 39 § 2; RRS § 4247-2. Formerly RCW 85.04.553.]

85.05.430 Sale of unneeded property—Authorized. Whenever, in the judgment of a board of commissioners of any diking district heretofore or hereafter organized, real or personal property, or any part thereof, owned by said district, is no longer of use to or needed by such district, or if personal property has become obsolete, the same may be sold by the board of commissioners of said district at public or private sale. [1955 c 342 § 2. Formerly RCW 85.04.550.]

85.05.440 Sale of unneeded property—Resolution of intention—Notice of hearing—Publication and posting. Whenever in the judgment of the commissioners of any diking district, it is advisable so to sell real or personal property, the board of commissioners of such district shall pass a resolution declaring its intention to make such sale, describing the property to be sold and stating the terms of such sale. The resolution shall set a date upon which the board shall meet, to determine whether or not such sale shall be made. Thereafter a copy of such declaratory resolution and a notice of hearing thereon shall be posted under the direction of the board, in three public places in such district at least ten days before the date of hearing. The notice shall state the time and place of hearing, describe the property to be sold and the terms of the proposed sale. In addition a copy of such resolution and of such notice of hearing thereon shall be published twice, at least two weeks prior to such proposed sale in some newspaper qualified for legal publication in accordance with the provisions of chapter 65.16 RCW, of general publication in the county in which such diking district is located. [1955 c 342 § 2. Formerly RCW 85.04.551.]

85.05.450 Sale of unneeded property—Protests—Resolution of final action—Conveyance. At the time set for hearing, or at any time to which said hearing may be adjourned, any district elector within such district may appear and file a written protest against the proposed action of the board, which protest shall state clearly the basis thereof. At such hearing, which shall be public, the board shall give full consideration to the proposed sale and all protests filed, either written or oral and on said date or at any adjourned date, take final action thereon by resolution of the board. This resolution shall provide that upon payment of the purchase price involved, conveyance of the property shall be made by a majority of the board of said district, by deed if the property be real property; by bill of sale if the property be personal property, conveying the property sold to the purchaser thereof, and such conveyance shall pass to the purchaser such title as the district has to the property. [1955 c 342 § 4. Formerly RCW 85.04.552.]

85.05.460 Sale of unneeded property—Conveyance delayed if protests filed—Appeal. If protests be filed against such sale, such conveyance shall not be executed or delivered until more than ten days elapse from the date of the hearing at which the resolution directing the sale, was passed. If appeal be taken by a protestant from the action of the board, such conveyance shall not be executed until termination of proceedings on appeal is had, and then only if the result of such appeal does not prevent such sale. [1955 c 342 § 5. Formerly RCW 85.04.553.]

85.05.470 Sale of unneeded property—Direct action in superior court by protestant on final order. Any protestant who filed a protest prior to the final order of the board, may appeal from such final order, but to do so must within ten days from the date said order was entered, bring direct action in the superior court in the county wherein such district or portion thereof is situated, against such board of commissioners in their official capacity, which action shall be prosecuted under the procedure of civil actions, with appellate review as provided in civil actions. In any such action so brought, the order of the board shall be conclusive of the regularity and propriety of the proceedings, and all other matters, except it shall be open to attack upon the ground of fraud, unfair dealing, arbitrary or unreasonable action of the board. [1988 c 202 § 73; 1971 c 81 § 158; 1955 c 342 § 6. Formerly RCW 85.04.554.]

85.05.490 Levy for preliminary expenses. Whenever the board of county commissioners have passed a resolution establishing a diking district and prior to the commencement or the completion of the work of such improvement, the county commissioners may, and at the request of the diking commission shall, at the time of levying taxes each year until the improvement has been completed and a statement of the total costs has been filed, levy an assessment against the property within the district to defray the preliminary expenses of the district; the levy to be based upon the estimated benefits as shown by the report of the county engineer on file with the auditor, if such report is on file, and if not, as shown by the certificate or resolution of the diking commissioners of said diking district. The assessment so made shall be credited to the respective pieces of property. The preliminary assessment herein provided for shall be levied and collected in the same manner as county and state taxes are levied and collected, which amount shall be credited to the construction fund and used for the redemption of warrants issued against the same, which warrants shall be called and paid in numerical order. [1933 c 39 § 1; RRS § 4247-1. Formerly RCW 85.04.405, part.]

85.05.500 Levy for preliminary expenses—Preliminary expenses defined. Preliminary expenses shall mean all of the expenses incurred in the proceedings for the organization of said district and in other ways to be incurred prior to the beginning of actual construction of the improvement and shall be paid from the fund hereby created from time to time upon call of the treasurer. [1933 c 39 § 2; RRS § 4247-2. Formerly RCW 85.04.405, part.]
85.05.540 Plat of reclaimed land—Benefits to be determined and paid. Where tide or other unsurveyed lands are reclaimed by a diking district and the owner of said lands shall desire to plat the same into lots, tracts or subdivisions, such plat shall specify and acknowledge the total benefits then a charge against each lot, tract or subdivision in said plat. Before a plat shall be approved or filed, same shall be submitted to the board of dike commissioners for their consideration. In case the owner and such board cannot agree as to the adjudged maximum benefits to be charged as the lien of the district and acknowledged to be such against each lot, tract or subdivision in such plat, any interested party may cause an action to be brought in the superior court of the county to have the just amount determined, and the decree of the court in such cause shall fix the amount of such lien and the same shall be conclusive and binding. In fixing the amount to be charged against the several lots, tracts and subdivisions, the adjudged benefits per acre, allowing credits for the benefits levied and paid at said time, shall be taken as the basis for determining the sum to be charged. The amount of adjudged benefits dedicated to the public for roads and highways in such plat shall be charged back against the abutting subdivisions and tracts in a just and equitable manner. All diking district assessments levied against the lands included in the plat shall be paid in full at the time said plat is approved. When approved such plat shall be filed with the county auditor of the county. Thereafter the lands within said plat shall be conveyed, assessed and taxed with reference to said plat. [1925 ex.s. c 69 § 4; RRS § 4292-4. Formerly RCW 85.04.505.]

85.05.550 Plat of reclaimed land—Construction, application of RCW 85.05.510 through 85.05.550. Nothing in RCW 85.05.510 through 85.05.550 shall be construed as repealing or modifying any act or statute now in force pertaining to diking districts, but the rights and remedies hereby granted shall be deemed cumulative as to the districts to which RCW 85.05.510 through 85.05.550 is limited. RCW 85.05.510 through 85.05.550 shall apply to districts heretofore or hereafter organized and to property owners' petitions heretofore or hereafter filed; provided that the decision of the board of dike commissioners of a district to which RCW 85.05.510 through 85.05.550 applies to issue bonds of a district under existing law or under RCW 85.05.510 through 85.05.550, shall be conclusive of such election. [1925 ex.s. c 69 § 5; RRS § 4292-5. Formerly RCW 85.04.490, part.]

85.05.605 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Diking districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 38.38 RCW. [1986 c 278 § 11.]

Additional notes found at www.leg.wa.gov

85.05.610 Authority to annex and assume diking and drainage systems erected and operated by United States upon permissive legislation by congress. Notwithstanding the provisions of *RCW 85.05.020, any diking or drainage district or diking and drainage district organized pursuant to chapter 85.05 RCW as now or hereafter amended, may annex and assume, or such district may be organized for the purpose of assuming, and may take over, maintain, operate and extend any diking and drainage systems which have been heretofore erected and operated or may be hereafter erected and operated by the government of the United States of America or any political subdivision or agency thereof, whenever the congress of the United States by permissive legislation authorizes the transfer of maintenance and operations functions to state and local nonfederal agencies. [1967 c 184 § 21.]

85.05.620 Authority to annex and assume diking and drainage systems erected and operated by United States upon permissive legislation by congress—Indian trust lands and restricted lands may be included, when. Any district organized pursuant to RCW 85.05.610 or pursuant to any other provisions of chapter 85.05 RCW as now or hereafter amended may include any Indian trust lands and restricted lands whenever the congress of the United States (1) authorizes the inclusion of such lands in such district and (2) provides authority for such district to assess and to tax such lands for necessary expenses in the maintenance, operations and capital improvements on such diking and drainage system. [1967 c 184 § 20.]

85.05.630 Authority to annex and assume diking and drainage systems erected and operated by United States upon permissive legislation by congress—Vesting of right, title and interest to dikes and land. Whenever the congress of the United States provides for the transfer of all right, title and interest to any dikes and to the lands upon which they are situated to any state or local nonfederal agency, the title to such land and to the dikes shall pass to the county wherein the dikes are situated for the use and benefit of any district which may be organized pursuant to RCW 85.05.610 or pursuant to any other provisions of chapter 85.05 RCW as now or hereafter amended, until completion of organization of such district. In any case in which a district has been organized, all right, title and interest to such lands and dikes shall vest immediately in the diking and drainage district. [1967 c 184 § 21.]

85.05.640 Authority to annex and assume diking and drainage systems erected and operated by United States upon permissive legislation by congress—Definitions. For purposes of RCW 85.05.610 through 85.05.650:

(1) The word "owner" as it appears in chapter 85.05 RCW shall include the owner of any undivided interest in any tract of land within the district boundaries, whether Indian trust land or restricted land, or non-Indian land;

(2) The "acreage" owned by any owner in any undivided estate interest shall be computed by multiplying the owner's fractional undivided interest against the total acreage embraced within a particular tract or lot assessed; and

(3) The names of the owners of Indian lands, the size of Indian tracts and lots, the fractional undivided interest therein and the "acreage" of each owner as determined according to the provisions of subsection (2) of this section shall, in any proceeding to organize and operate a district under the provi-

### Reviser's note

Part I of this chapter consists of chapter 115, Laws of 1895 as it has been amended and added to; thus the term "this act" has been translated to read "this chapter" throughout Part I. In Part II a number of miscellaneous acts relating to drainage districts have been codified; throughout Part II interval translations of the term "this act" have been made where they occur.

### Special district creation and operation: Chapter 85.38 RCW

### PART I—DRAINAGE DISTRICTS

85.06.010 **Districts authorized—Powers—Management.** Any portion of a county, requiring drainage, which contains five or more inhabitants and freeholders therein may be organized into a drainage district, and when so organized such district and the board of commissioners hereinafter provided for shall have and possess the power herein conferred or that may hereafter be conferred by law upon such district and board of commissioners, and said district shall be known and designated as drainage district No. . . . . (here insert number), of the county of . . . . . . . (here insert name of the county), of the state of Washington, and shall have the right to sue and be sued by and in the name of its board of commissioners hereinafter provided for, and shall have perpetual succession, and shall adopt and use a seal. The commissioners hereinafter provided for and their successors in office shall, from the time of the organization of such drainage district, have the power, and it shall be their duty, to manage and conduct the business and affairs of the district, make and execute all necessary contracts, employ and appoint such agents, officers and employees as may be required, and prescribe their duties, and perform such other acts as hereinafter provided, or
that may hereafter be provided by law. [1895 c 115 § 1; RRS § 4298. Formerly RCW 85.04.005, part.]

85.06.015 Certain powers and rights governed by chapter 85.38 RCW. Drainage districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW. [1985 c 396 § 32.]

Additional notes found at www.leg.wa.gov

85.06.070 Eminent domain powers—Purchase of real property authorized. All drainage districts organized or that may hereafter be organized under the provisions of this chapter or the acts amendatory thereof shall have the right of eminent domain, with the power by and through its board of commissioners, to cause to be condemned and appropriated private property for the use of said corporation in the construction and maintenance of a system or systems of drainage, and make just compensation therefor, and such right of eminent domain may be exercised either within or without the boundaries of such districts, and may be exercised with respect to rights-of-way for ditches, drains, dams, outlets or any other necessary appliances or structures and whether for the original system or any additions, enlargements or extensions thereof or for additional outlets or systems of drainage: PROVIDED, That the property of private corporations may be subjected to the same rights of eminent domain as that of private individuals: PROVIDED, FURTHER, That the said board of commissioners shall have the power to acquire by purchase all the real property necessary to make the improvements herein provided for. [1919 c 179 § 2; 1895 c 115 § 7; RRS § 4305. Formerly RCW 85.04.605, part.]

85.06.080 Commissioners—Powers and duties. The board of drainage commissioners shall consist of three elected commissioners. The initial commissioners shall be appointed, and the elected commissioners elected, as provided in chapter 85.38 RCW. The board shall have exclusive charge of the construction and maintenance of all drainage systems which may be constructed by said district and shall be the executive officers thereof, with full power to bind said district by their acts in the performance of their duties as provided by law. [1985 c 396 § 41; 1913 c 86 § 3; 1895 c 115 § 8; RRS § 4306. Formerly RCW 85.04.045, part.]

Additional notes found at www.leg.wa.gov

85.06.090 Petition for improvement—Contents. Whenever it is desired to prosecute the construction of a system of drainage by said drainage district, said district, by and through its board of commissioners, shall file a petition in the superior court of the county in which said district is located, setting forth therein the route and termini of said system, with a complete description thereof, together with specifications for its construction, with all necessary plats and plans thereof, with draughts of any artificial appliances or equipment necessary in aid thereof, together with the estimated cost of such proposed improvement, showing therein the names of the landowners whose lands are to be benefited by such proposed improvement; the number of acres owned by each landowner, and the maximum amount of benefits per acre to be derived by each landowner set forth therein from the construction of said proposed improvement, and that the same will be conducive to the public health, convenience and welfare, and increase the value of all of said property for purposes of public revenue. Said petition shall further set forth the names of the landowners through whose land the right-of-way is desired for said improvement; the amount of land necessary to be taken therefor, and an estimate of the value of said lands so sought to be taken for such right-of-way, and the damages sustained by any person or corporation interested therein, if any, by reason of such appropriation, irrespective of any benefits to be derived by such landowners by reason of the construction of said improvement. Such estimate shall be made, respectively, to each person through whose land said right-of-way is sought to be appropriated. Said petition shall set forth as defendants therein all the persons or corporations to be benefited by said improvement, and all persons or corporations through whose land the right-of-way is sought to be appropriated, and all persons or corporations having any interest therein, as mortgagee or otherwise, appearing of record, and shall set forth that said proposed system of drainage is necessary to drain all of said lands described in said petition, and that all lands sought to be appropriated for said right-of-way are necessary to be used as a right-of-way in the construction and maintenance of said improvement; and when the proposed improvement will protect or benefit the whole or any part of any public or corporate road or railroad, so that the traveled track or roadbed thereof will be improved by its construction, such fact shall be set forth in said petition, and such public or private corporations owning said road or railroad shall be made parties defendant therein, and the maximum amount of benefits to be derived from said proposed improvement shall be estimated in said petition against said road or railroad: PROVIDED, HOWEVER, That all maps, plats, field notes, surveys, plans, specifications, or other data heretofore made, ascertained or prepared under laws heretofore enacted on the subject of this chapter, may be used under the provisions of this chapter. [1913 c 86 § 4; 1905 c 175 § 2; 1895 c 115 § 9; RRS § 4307. Formerly RCW 85.04.050, part.]

85.06.100 Petition for improvement—Employment of assistants—Compensation as costs in suit. In the preparation of the facts and data to be inserted in said petition and filed therewith for the purpose of presenting the matter to the superior court, the board of commissioners of said drainage district may employ one or more good and competent surveyors and drafters to assist them in compiling data required to be presented to the court with said petition, as hereinafter provided, and such legal assistance as may be necessary, with full power to bind said district for the compensation of such assistants or employees employed by them, and such services shall be taxed as costs in the suit. [2013 c 23 § 389; 1895 c 115 § 10; RRS § 4259. Formerly RCW 85.04.055, part.]

85.06.110 Summons—Contents—Service. A summons stating briefly the objects of the petition and containing a description of the land, real estate, premises or property sought to be appropriated, and those which it is claimed to be benefited by the improvement, and stating the court wherein the petition is filed, the date of the filing thereof and when the
defendants are required to appear (which shall be ten days, exclusive of the day of service, if served within the county in which the petition is pending, and if in any other county, then twenty days after such service, and if served by publication, then within thirty days from the date of the first publication), shall be served on each and every person named therein as owner, encumbrancer, tenant or otherwise interested therein. The summons must be subscribed by the commissioners, or their attorney, running in the name of the state of Washington and directed to the defendants; and service thereof shall be made by delivering a copy of such summons to each of the persons or parties so named therein, if a resident of the state, or in case of the absence of that person or party from his or her usual place of abode, by leaving a copy of the notice at his or her usual place of abode, or in case of a foreign corporation, at its principal place of business in this state with some person of more than sixteen years of age; in case of domestic corporations, the service shall be made upon the president, secretary or other director or trustee of the corporation; in case of persons under eighteen years of age, on their guardians; or in case no guardian shall have been appointed, then on the person who has the care and custody of the person; in the case of mentally ill or mentally incompetent persons, on their guardian or limited guardian; or in case no guardian or limited guardian shall have been appointed, then on the person and on the person in whose care or charge the person is found. *In case the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited by such improvement, is state, tide, school or county land, the summons shall be served on the auditor of the county in which the land, real estate, premises or other property sought to be appropriated, or which it is claimed will be benefited, is situated. In all cases where the owner or person claiming an interest in the real or other property is a non-resident of this state, or where the residence of the owner or person is unknown, and an affidavit of one or more of the commissioners of the district shall be filed that the owner or person is a nonresident of this state, or that after diligent inquiry his residence is unknown or cannot be ascertained by the deponent, service may be made by publication thereof in a newspaper of general circulation in the county where the lands are situated, once a week for three successive weeks. The publication shall be deemed service upon each nonresident person or persons whose residence is unknown. The summons may be served by any competent person eighteen years of age or over. Due proof of service of the summons by affidavit or publication shall be filed with the clerk of the court before the court shall proceed to hear the matter. Want of service of notice shall render the subsequent proceedings void as to the person not served; but all persons or parties having been served with summons as herein provided, either by publication or otherwise, shall be bound by the subsequent proceedings. In all cases not otherwise provided for service of notice, order and other papers in the proceedings authorized by this chapter may be made as the superior court, or the judge thereof, may direct: PROVIDED, That personal service upon any party outside of the state shall be of like effect as service by publication. [1985 c 469 § 72; 1977 ex.s. c 80 § 74; 1971 ex.s. c 292 § 57; 1895 c 115 § 11; RRS § 4309. Formerly RCW 85.04.060, part.]

*Reviser’s note: The case of Paine v. State, 156 Wash. 31 states that the provisions of this section relating to the service of summons on the county auditor were repealed by implication by 1909 c 154 § 6 which provided for such service upon the commissioner of public lands. Subsequently 1919 c 164 was enacted containing similar provisions and providing for service upon the commissioner of public lands, and was amended by 1963 c 20 §§ 4 and 5 to provide for service upon the budget director and the chief administrative officer of the agency having jurisdiction over such land. Those sections, codified as RCW 47.20.020 and 47.20.030, were repealed by 1970 ex.s. c 51 § 178.

Purpose—Intent—Severability—1977 ex.s. c 80: See notes following RCW 4.16.190.

Additional notes found at www.leg.wa.gov

85.06.120 Appearance of defendants—Jury—Verdict—Assessment of damages and benefits—Decree. Any or all of said defendants may appear jointly or separately and admit or deny the allegations of said petition and plead any affirmative matter in defense thereof at the time and place appointed for hearing said petition, or to which the same may have been adjourned. If the court or judge thereof shall have satisfactory proof that all of the defendants in said action have been duly served with said summons, as above provided, and shall be further satisfied by competent proof that said improvement is practicable and conducive to the public health, welfare, and convenience, and will increase the value of said lands for the purpose of public revenue, and that the contemplated use for which the land, real estate, premises, or other property sought to be appropriated is really a public use, and that the land, real estate, premises, or other property sought to be appropriated are required and necessary for the establishment of said improvement, and that said improvement has a good and sufficient outlet, the court or judge thereof shall cause a jury of twelve qualified persons to be impaneled to assess the damages and benefits, as herein provided, if in attendance upon his or her court; and if not he or she may, if satisfied that the public interests require the immediate construction of said improvement, direct the sheriff of his or her county to summons from the citizens of the county in which petition is filed as many qualified persons as may be necessary in order to form a jury of twelve persons, unless the parties to the proceedings consent to a less number, such number to be not less than three, and such consent shall be entered by the clerk in the minutes of the trial. If necessary, to complete the jury in any case, the sheriff, under the directions of the court or the judge thereof shall summon as many qualified persons as may be required to complete the jury from the citizens of the county in which the petition is filed. In case a special jury is summoned the cost thereof shall be taxed as part of the cost in the proceedings and paid by the district seeking to appropriate said land, the same as other costs in the case; and no person shall be competent as a juror who is a resident of, or landowner in, the district seeking to appropriate said land. The jurors at such trial shall make in each case a separate assessment of damages which shall result to any person, corporation, or company, or to the state, by reason of the appropriation and use of such land, real estate, premises, or other property for said improvements and shall ascertain, determine and award the amount of damages to be paid to said owner or owners, respectively, and to all tenants, encumbrancers, and others interested, for the taking or injuriously affecting such land, real estate, premises, or other property for the establishment of said improvement;
and shall further find a maximum amount of benefits per acre to be derived by each of the landowners, and also the maximum amount of benefits resulting to any municipality, public highway, corporate road, or district from construction of said improvement. And upon a return of the verdict into court the same shall be reported as in other cases; whereupon, a decree shall be entered in accordance with the verdict so rendered setting forth all the facts found by the jury, and decreeing that said right-of-way be appropriated, and directing the commissioners of said drainage district to draw their warrant on the county treasurer for the amount awarded by the jury to each person for damages sustained by reason of the establishment of said improvement, payable out of the funds of said drainage district. [2013 c 23 § 390; 1909 c 143 § 2; 1895 c 115 § 12; RRS § 4310. Formerly RCW 85.04.065, part.]

85.06.125 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which drainage districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which drainage districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 25.]

Additional notes found at www.leg.wa.gov

85.06.130 Assessment of benefited lands formerly omitted—Procedure—Appeals. If at any time it shall appear to the board of drainage commissioners that any lands within or without said district as originally established are being benefited by the drainage system of said district and that said lands are not being assessed for the benefits received, or if after the construction of any drainage system, it appears that lands embraced therein have in fact received or are receiving benefits different from those found in the original proceedings, and which could not reasonably have been foreseen before the final completion of the improvement, or that any lands within said district are being assessed out of or not in proportion to the benefits which said lands are receiving from the maintenance of the drainage system of said district, and said board of drainage commissioners shall determine that certain lands, either within or without the boundaries of the district as originally established, should be assessed for the purpose of raising funds for the future maintenance of the drainage system of the district, or that the assessments on land already assessed should be equalized by diminishing or increasing the same so that said lands are being assessed in proportion to the benefits received, said commissioners shall file a petition in the superior court in the original cause, setting forth the facts, describing the lands not previously assessed and the lands the assessment on which should be equalized, stating the estimated amount of benefits per acre being received by each tract of land respectively, giving the name of the owner or reputed owner of each such tract of land and praying that such original cause be opened for further proceedings for the purpose of subjecting new lands to assessments or equalizing the assessments upon lands already assessed, or both. Upon the filing of such petition, summons shall issue thereon and be served on the owners of all lands affected, in the same manner as summons is issued and served in original proceedings, as near as may be, and if such new lands lie within the boundaries of any other drainage district, said summons shall also be served upon the commissioners of such other drainage district. In case any of the new lands sought to be assessed in said proceeding lie within the boundaries of any other drainage district, and the drainage commissioners of such other district believe that the maintenance of the drain or drains of such other district is benefiting lands within the district instituting the proceeding, said drainage commissioners of such other districts shall intervene in such proceedings by petition, setting forth the facts, describing the lands in the district instituting the proceeding which they believe are being benefited by the maintenance of the drainage system of their district, and praying that the benefits to such lands may be determined and such lands subjected to assessment for the further maintenance of the drainage system of their district, to the end that all questions of benefits to lands in the respective districts may be settled and determined in one proceeding, and such petitioners in intervention shall cause summons to be issued upon such petition in intervention and served upon the commissioners of the drainage district instituting the proceeding and upon the owners of all lands sought to be affected by such petition in intervention. In case the owner of any such new lands sought to be assessed in said proceedings shall be maintaining a private drain against salt or freshwater for the benefit of said lands, and shall believe that the maintenance of such private drain is benefiting any lands within or without the district instituting the proceedings, or in case any such new lands sought to be assessed are included within the boundaries of some other drainage district and are being assessed for the maintenance of the drains of such other district, and the owner of such lands believes that the maintenance of the drain or drains of such other district is benefiting lands included within the district instituting said proceedings, such owner or owners may by answer and cross-petition set forth the facts and pray that at the hearing upon said petition and cross-petition the benefits accruing from the maintenance of the respective drains may be considered, to the end that a fair and equitable adjustment of the benefits being received by any lands from the maintenance of the various drains benefiting the same, may be determined for the purpose of fixing the assessments for the future maintenance of such drains, and may interplead in said proceeding such other drainage district in which his or her lands sought to be assessed in said proceeding are being assessed for the maintenance of the drain or drains of such other district. No answer to any petition or petition in intervention shall be required, unless the party served with summons desires to offset benefits or to ask other affirmative relief, and no default judgment shall be taken for failure to answer any petition or petition in intervention, but the petitioners or petitioners in intervention shall be required to establish the facts alleged by competent evidence. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons, the court shall impanel a jury to hear and determine the matters in issue, and the jury shall determine and assess the benefits, if any, which the respective tracts of land are receiving or will receive from the maintenance of the drain or drains to be maintained, taking into consideration any and all matters relating to the benefits, if any, received or to be received from

[Title 85 RCW—page 18] (2014 Ed.)
any drain, structure or improvement, and to credit or charge, as the case may be, to each tract so situated as to affect any other tract or tracts, or having improvement or structures thereon or easements granted in connection therewith, affecting any other tract or tracts included in such proceedings, and shall specify in their verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. Upon the return of the verdict of the jury, the court shall enter its judgment in accordance therewith, as supplemental to the original decree, or in case a petition in intervention be filed by the drainage commissioners of some other district than that instituting the proceeding, such judgment to be supplemental to all such original decrees, and thereafter, all assessments and levies for the cost of construction or future maintenance of any drain or drains described in said judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in said judgment. Every person or corporation feeling himself or herself or itself aggrieved by any such judgment may appeal to the supreme court or the court of appeals within thirty days after the entry thereof, and such appeal shall bring before the supreme court or the court of appeals the propriety and justness of the verdicts of the jury in respect to the parties to the appeal. No bonds shall be required on such appeals. Nothing in this section contained shall be construed as affecting the right of drainage districts to consolidation in any manner provided by law. [2013 c 23 § 391; 1971 c 81 § 159; 1917 c 133 § 1; 1901 c 86 § 1; 1895 c 115 § 13; RRS § 4311.]

Rules of court: Cf. RAP 5.2, 8.1, 18.22.

85.06.140 Dismissal of proceedings, when—Costs. In case the damages or amount of compensation for such right-of-way, together with the estimated costs of the improvement, amount to more than the maximum amount of benefits which will be derived from said improvement, or, if said improvement is not practicable, or will not be conducive to the public health, welfare and convenience, or will not increase the public revenue, or will not have sufficient outlet, the court shall dismiss such proceedings, and in such case a judgment shall be rendered for the costs of said proceedings against said district, and no further proceedings shall be had or done therein; and upon the payment of the costs, said organization shall be dissolved by decree of said court. [1895 c 115 § 14; RRS § 4312. Formerly RCW 85.04.070, part.]

85.06.150 Procedure to claim awards. Any person or corporation claiming to be entitled to any money ordered paid by the court, as provided in this chapter, may apply to the court therefor, and upon furnishing evidence satisfactory to the court that he or she is entitled to the same, the court shall make an order directing the payment to such claimant of the portion of such money as he or she or it may be found entitled to; but if, upon application, the court or judge thereof shall decide that the title to the land, real estate, or premises specified in the application of such claimant is in such condition as to require that an action be commenced to determine the title of claimants thereto, it shall refuse such order until such action is commenced and the conflicting claims to such land, real estate, or premises be determined according to law. [2013 c 23 § 392; 1895 c 115 § 15; RRS § 4313. Formerly RCW 85.04.210, part.]

85.06.160 Transcript of benefits to auditor—Assessments—Collection—Supplemental assessment. Upon the entry of the judgment upon the verdict of the jury, the clerk of said court shall immediately prepare a transcript, which shall contain a list of the names of all the persons and corporations benefited by said improvement and the amount of benefit derived by each, respectively, and shall duly certify the same, together with a list of the lands benefited by said improvement belonging to each person and corporation, and shall file the same with the auditor of the county, who shall immediately enter the same upon the tax rolls of his or her office, as provided by law for the entry of other taxes, against the land of each of the said persons named in said list, together with the amounts thereof, and the same shall be subject to the same interest and penalties in case of delinquency as in case of general taxes, and shall be collected in the same manner as other taxes and subject to the same right of redemption, and the lands sold for the collection of said taxes shall be subject to the same right of redemption as the sale of lands for general taxes: PROVIDED, That said assessments shall not become due and payable except at such time or times and in such amounts as may be designated by the board of commissioners of said drainage district, which designation shall be made to the county auditor by said board of commissioners of said drainage district, by serving written notice upon the county auditor designating the time and the amount of the assessment, said assessment to be in proportion to benefits to become due and payable, which amount shall fall due at the time of the falling due of general taxes, and the amount so designated shall be added by the auditor to the general taxes of said person, persons, or corporation, according to said notice, upon the assessment rolls in his or her said office, and collected therewith; PROVIDED FURTHER, That no call for assessments by said commissioners shall be in an amount to exceed twenty-five percent of the amount estimated by the board of commissioners to be necessary to pay the costs of the proceedings, and the establishment of said district and drainage system and the cost of construction of said work; PROVIDED FURTHER, That where the amount realized from the original assessment and tax shall not prove sufficient to complete the original plans and specifications of any drainage system, alterations, extensions, or changes therein, for which the said original assessment was made, the board of commissioners of said district shall make such further assessment as may be necessary to complete said system according to the original plans and specifications, which assessment shall be made and collected in the manner provided in this section for the original assessment. [2013 c 23 § 393; 1907 c 242 § 1; 1895 c 115 § 16; RRS § 4313. Formerly RCW 85.04.080, part.]

85.06.180 Construction—Contractors—Performance bonds. After the filing of said certificate said commissioners of such drainage district shall proceed at once in the construction of said improvement, and in carrying on said construction or any extensions thereof they shall have full charge and management thereof, and shall have the power to employ such assistance as they may deem necessary and pur-
chase all material that may be necessary in the construction and carrying on of the work of said improvement, and shall have power to let the whole or any portion of said work to any responsible contractor, and shall in such case enter into all necessary agreements with such contractor that may be necessary in the premises: PROVIDED, That in case the whole or any portion of said improvement is let to any contractor said commissioners shall require said contractor to give a bond in double the amount of the contract price of the whole or of such portion of said work covered by said contract, with two or more sureties to be approved by the board of commissioners of said drainage district and running to said district as obligee therein, conditioned for the faithful and accurate performance of said contract by said contractor, his or her executors, administrators, or assigns, according to the terms and conditions of said agreement, and shall cause said contractor to enter into a further or additional bond in the same amount, with two or more good and sufficient sureties to be approved by said board of commissioners of said drainage district in the name of said district as obligee therein, conditioned that said contractor, his or her executors, administrators, or assigns, or subcontractor, his or her executors, administrators, or assigns, performing the whole or any portion of said work under contract of said original contractor, shall pay or cause to be paid all just claims for all persons performing labor or rendering services in the construction of said work, or furnishing materials, merchandise, or provisions of any kind or character used by said contractor or subcontractor, or any employee thereof in the construction of said improvement: PROVIDED FURTHER, That no sureties on said last mentioned bond shall be liable thereon unless the persons or corporation performing said labor and furnishing said materials, goods, wares, merchandise, and provisions, shall, within ninety days after the completion of said improvement, file their claim, duly verified; that the amount is just and due and remains unpaid, with the board of commissioners of said drainage district. [2013 c 23 § 394; 1895 c 115 § 18; RRS § 4318. Formerly RCW 85.04.095, part.]

85.06.190 Substantial changes in plans—Procedure.
The work on said improvement shall begin and shall be completed with all expedition possible, and said board of commissioners of such drainage district, or any contractor thereunder, shall have no power whatever to change said route or system of improvement or the manner of doing the work therein so as to make any radical changes in said improvement, without the written consent of all the landowners to be benefited thereby, and the landowners which may be damaged thereby. And in case any substantial changes in said system of improvement or the manner of the construction thereof shall be deemed necessary by said board of commissioners at any time during the progress thereof, and if the written consent to such changes cannot be procured from said landowners, then said commissioners, for and on behalf of said district, shall file a petition in the superior court of the county within which said district is located, setting forth therein the changes which they deem necessary to be made in the plan or manner of the construction of said improvement, and praying therein to be permitted to make such changes, and upon the filing thereof, the commissioners shall cause a summons to be served, setting forth the prayer of said petition, under the seal of said court, which summons shall be served in the same manner as the service of summons in the case of the original petition, upon all the landowners or others claiming any lien or interest therein appearing of record in said district, and any or all of said parties so served may appear in said cause and submit their objections thereto, and after the time for the appearance of all of said parties has expired, the court shall proceed to hear said petition at once without further delay, and if it appears during the course of said proceedings that the property rights of any of said landowners will be affected by such proposed change in said improvements, then the court, after having passed upon all preliminary questions as in the original proceedings may call a jury to be impaneled as in the case of the original proceeding for the establishment of said improvements, and upon the final hearing of said cause, the jury shall return a verdict finding the amount of damages, if any, sustained by all persons and corporations, the same as upon the original petition, by reason of such proposed change, and shall readjust the amount of benefits claimed to have been increased or diminished by any of said landowners by reason of said proposed change in said improvements, and the proceedings thereafter shall be the same as to rendering judgment, appeal therefrom, payment of compensation and damages and filing of the certificate with the auditor, as hereinbefore provided for in the proceedings upon the original petition, and said commissioners shall have a right thereafter to proceed with the construction of said improvements according to the changes made therein. [1909 ex.s. c 13 § 1; 1895 c 115 § 19; RRS § 4319. Formerly RCW 85.04.100, part.]

85.06.200 Payments on contracts—Retained percentage. During the construction of said improvement said commissioners shall have the right to allow payment thereof, in installments as the work progresses, in proportion to the amount of work completed: PROVIDED, That no allowance or payment shall be made for said work to any contractor or subcontractor to exceed seventy-five percent of the proportionate amount of the work completed by such contractor or subcontractor. And twenty-five percent of the contract price shall be reserved at all times by said board of commissioners until said work is wholly completed, and shall not be paid upon the completion of said work until ninety days have expired for the presentation of all claims for labor performed and materials, goods, wares, merchandise and provisions furnished or used in the construction of said improvements; and upon the completion of said work and the payment of all claims hereinafter provided for according to the terms and conditions of said contract, said commissioners shall accept said improvement and pay the contract price therefor. [1895 c 115 § 20; RRS § 4320. Formerly RCW 85.04.105, part.]

85.06.210 Connecting private drains—Procedure—Costs. Any person or corporation owning land within said district shall have a right to connect any private drains or ditches for the proper drainage of such land with said system, and in case any persons or corporations shall desire to drain such lands into said system and shall find it necessary, in order to do so, to procure the right-of-way over the land of another, or others, and if consent thereto cannot be procured from such person or persons, then such landowner may pres-
ent in writing a request to the board of commissioners of said district, setting forth therein the necessity of being able to connect his or her private drainage with said system, and pray therein that said system be extended to such point as he or she may designate in said writing, and immediately thereon said board of commissioners shall cause a petition to be filed in the superior court, for and in the name of said drainage district, requesting in said petition that said system be extended as requested, setting forth therein the necessity thereof and praying that leave be granted by the board to extend the system in accordance with the prayer of said petition, and the proceedings in such case, upon the presentation of such petition and the hearing thereof, shall be, in all matters, the same as in the hearing and presentation of the original petition for the establishment of the original system of drainage in said district, as far as applicable. That the costs in such proceedings shall be paid from the assessment of benefits to be made on the lands of the person or persons benefited by such extension, and the assessment and compensation for the right-of-way, damages and benefits, and payment of damages and compensation, and the collection of the assessments for benefits, shall be the same as in the proceedings under the original petition, and the construction of the said extension shall be made under the same provisions as the construction of the original improvement; and all things that may be done or performed in connection therewith shall be, as near as may be applicable, in accordance with the provisions already set forth herein for the establishment and construction of said original improvement: PROVIDED, That such petitioner or petitioners shall, at the time of filing such petition by said drainage commissioners, enter into a good and sufficient bond to said drainage district in the full penal sum of five hundred dollars, with two or more sureties, to be approved by the court, conditioned for the payment of all costs in case the prayer of said petition should not be granted, which bond shall be filed in said cause. [2013 c 23 § 395; 1895 c 115 § 21; RRS § 4321. Formerly RCW 85.04.640.]

85.06.220 Connecting with lower districts—Procedure. In case of the establishment of a drainage district and system of drainage under the provisions of this chapter above any other district that may have theretofore been established and above any other system of drainage that may have theretofore been constructed in said district, and in case said district to be established above may desire to connect its drainage system with the lower or servient district, shall be made a party to the proceedings for the establishment of such system, and the petition to be filed in the superior court for the establishment of the system of drainage in said upper district shall, in addition to the facts hereinbefore provided and required to be set forth therein, set forth the fact that said lower system in said lower district is necessary to be used as an outlet for the system of drainage of said upper district, and that the same will be a sufficient outlet and will afford sufficient capacity to carry the drainage of both said upper and lower districts; and in case said system of said lower district will be required to be enlarged by widening or deepening the same, or both, in order to give sufficient outlet to said upper district and afford sufficient drainage for said upper and lower districts, then the plans and specifications for enlarging the system of said lower district shall be filed with said petition in addition to the other data hereinbefore provided for in this chapter. All the landowners in said lower district, or any person claiming any interest therein as mortgagee or otherwise, shall be made parties defendant in said petition, and the proceedings therein as to the assessment of damages and compensation for land taken, if any be necessary to be taken in enlarging said lower system, shall be the same as in the establishment of systems of drainage in the lower or servient district as hereinbefore provided for; but the jury, in addition to the facts to be found by them as provided for in the establishment of a drainage system in the lower district, shall find and determine whether said lower system, when improved according to the plans and specifications filed with the said petition, will afford sufficient drainage for both said upper and lower districts, which finding shall be made by the jury before considering any other question at issue in said proceeding; and in case said jury should find that the system of said lower district when improved as proposed in said petition would not be sufficient, then, in that case, said finding shall terminate the proceedings, and no further proceedings in said case shall be had, and the costs of said proceeding shall be paid as costs in other proceedings, as hereinbefore provided for; but in such case the finding of said jury shall not terminate the objects of said upper district or operate to disorganize the same, but said upper district may begin new proceedings for the establishment of a system of drainage with some new outlet provided therein. All costs for the enlarging or improving of said lower system that may be required shall be assessed to the landowners in the upper district according to the benefits to be derived from the construction of said entire system, and no additional cost shall be thrown upon the lower district, and all compensation for taking any right-of-way that may be necessary to be taken in enlarging said lower system, and all damages occurring therefrom, if any, to the landowners of said lower district, shall be ascertained and paid in the same manner as hereinbefore provided for for the adjustment of compensation and damages in the establishment of drainage systems in lower districts. Said lower district, by and through its board of commissioners, may appear in said cause and show therein any injury it may sustain as a district by reason of the additional cost of maintenance of said lower system as improved and enlarged, and such fact shall be determined in said cause and the jury shall find the amount of the increased costs of maintenance per annum, which will be sustained by said lower district by reason of said enlarging or improving of the same, and judgment shall be rendered in favor of said lower district against said upper district for such amount so found, and the same shall be paid each year as the cost of construction is paid as provided for in this chapter, and the amount so paid shall be held by said lower district as an additional fund for the maintenance of its said system as improved and enlarged by said upper district. [1895 c 115 § 22; RRS § 4322. Formerly RCW 85.04.645.]

85.06.230 City or town may act as or be included in drainage district. Any town or city already incorporated, or which may hereafter be incorporated, may exercise the functions of a drainage district under the provisions of this chapter, or the whole or any portion of any such town or city may be included with other territory in a common district under the provisions for the establishment thereof as provided for.
herein. [1895 c 115 § 23; RRS § 4323. Formerly RCW 85.04.115, part.]

85.06.240 Estimate for maintenance and repair—Emergency expenditures. See RCW 85.05.270.

85.06.250 Organization of board—Warrants, how issued. The board of commissioners of such district shall elect one of their number chair and shall either elect one of their number, or appoint a voter of the district, as secretary, who shall keep minutes of all the district's proceedings. The board of commissioners may issue warrants of such district in payment of all claims of indebtedness against such district, which shall be in form and substance the same as county warrants, or as near the same as may be practicable, and shall draw the legal rate of interest from the date of their presentation to the treasurer for payment, as hereinafter provided, and shall be signed by the chair and attested by the secretary of said board: PROVIDED, That no warrants shall be issued by said board in payment of any indebtedness of such district for less than the face or par value. [2013 c 23 § 10; 1985 c 396 § 42; 1895 c 115 § 25; RRS § 4325. Formerly RCW 85.04.040, part and 85.04.165, part.]

85.06.330 Warrants presented for indorsement—When and how paid. All warrants issued under the provisions of this chapter shall be presented to the owners thereof to the county treasurer, who shall indorse thereon the day of presentation for payment, with the additional indorsement thereon, in case of nonpayment, that they are not paid for want of funds; and no warrant shall draw interest under the provisions of this chapter until it is so presented and indorsed by the county treasurer. And it shall be the duty of such treasurer, from time to time, when he or she has sufficient funds in his or her hands for that purpose, to advertise in the newspaper doing the county printing for the presentation to him or her for payment of as many of the outstanding warrants as he or she may be able to pay: PROVIDED, That thirty days after the first publication of said notice of the treasurer calling in any of said outstanding warrants said warrants shall cease to bear interest, which shall be stated in the notice. Said notice shall be published two weeks consecutively, and said warrants shall be called in and paid in the order of their indorsement. [2013 c 23 § 396; 1985 c 396 § 42; 1895 c 115 § 25; RRS § 4325. Formerly RCW 85.04.040, part and 85.04.165, part.]

85.06.350 Public lands subject to assessment—Rights and liabilities of public corporations. All state, county, school district or other lands belonging to other public corporations requiring drainage shall be subject to the provisions of this chapter, and such corporations, by and through the proper authorities, shall be made parties in all proceedings herein affecting said lands, and shall have the same rights as private persons, and their lands shall be subject to the right of eminent domain the same as the lands of private persons or corporations. [1895 c 115 § 35; RRS § 4335. Formerly RCW 85.04.110, part.]

85.06.360 Assessments on public lands—How paid. In case lands belonging to the state, county, school district or other public corporations are benefited by any improvement instituted under the provisions of this chapter, all benefits shall be assessed against such lands, and the same shall be paid by the proper authorities of such public corporation at the times and in the same manner as assessments are called and paid in case of private persons, out of any general fund of such corporation. [1895 c 115 § 36; RRS § 4336. Formerly RCW 85.04.110, part.]

85.06.370 Fees for service of process. Fees for service of all process necessary to be served under the provisions of this chapter shall be the same as for like services in other civil cases, or as is or may be provided by law. [1895 c 115 § 37; RRS § 4337. Formerly RCW 85.04.200, part.]

85.06.380 Commissioners—Compensation and expenses. In performing their duties under the provisions of this chapter, the board and members of the board of drainage commissioners may receive as compensation up to ninety dollars per day or portion thereof spent in actual attendance at official meetings of the district, or in performance of other official services or duties on behalf of the district: PROVIDED, That such compensation shall not exceed eight thousand six hundred forty dollars in one calendar year: PROVIDED FURTHER, That such services and compensation are allowed and approved at a regular meeting of the board. Upon the submission of a copy, certified by the secretary, of the extracts of the relevant minutes of the board showing such approval, to the county auditor, the same shall be paid as other claims against the district are paid. Each commissioner is entitled to reimbursement for reasonable expenses actually incurred in connection with such business, including subsistence and lodging, while away from the commissioner's place of residence and mileage for use of a privately-owned vehicle in accordance with chapter 42.24 RCW.

Any commissioner may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the commissioner's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made. The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. *Con-
Drainage Districts and Miscellaneous Drainage Provisions

85.06.560

85.06.390 Improvement of watercourses—Preservation of vested rights. The whole or any portion of any natural watercourse, the whole or any portion of which lies within any district established under this chapter, or the whole or any portion of any ditch or drainage system already constructed or partially constructed prior to the passage of this chapter, may be improved and completed as a system under the provisions of this chapter: PROVIDED, That vested rights in any such watercourse acquired by appropriation of the water thereof for irrigation, mining or manufacturing purposes under existing law, shall not be disturbed. [1903 c 38 § 1; 1895 c 115 § 39; RRS § 4339. Formerly RCW 85.04.650.]

85.06.400 Powers of court—Injunctions. The superior court may compel the performance of the duties imposed by this chapter, and may, in its discretion, on proper application therefor, issue its mandatory injunction for such purpose. [1895 c 115 § 40; RRS § 4340. Formerly RCW 85.04.755.]

PART II—MISCELLANEOUS DRAINAGE PROVISIONS

85.06.500 Extension or enlargement of system. Whenever it shall appear to the board of commissioners of any drainage district now organized or that may be hereafter organized under the laws of the state of Washington, that existing drainage systems or improvements are inadequate or insufficient to properly drain the lands within said district or any portion or portions thereof, such commissioners shall have the power and they are hereby authorized to construct such additional system or systems or to extend, add to, or enlarge any existing system as in their judgment is necessary. In such event the procedure for the establishment of such additional system or extension of existing system and the manner and method of the payment of the cost of construction and maintenance of the same by the assessment of the lands particularly benefited thereby, as well as the obtaining of necessary rights-of-way shall be the same as that provided by existing laws for the establishment of the original drainage system within said district. In the exercise of any of the powers herein granted it shall be immaterial whether the outlet of any of the ditches, drains, or other necessary structures or appliances are to be located within or without the boundaries of said district. This section is intended to grant supplemental and additional powers to such drainage districts and shall not be construed to limit or repeal any existing powers of such districts, nor to repeal any existing laws relating thereto. [1919 c 179 § 1; RRS § 4304. Formerly RCW 85.04.635.]

85.06.545 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Drainage districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 12.]

Additional notes found at www.leg.wa.gov

85.06.550 Payment of preliminary expense where proceedings are dropped. When any drainage district has been or shall be established and created under the provisions of an act of the legislature of the state of Washington, entitled "An act to provide for the establishment and creation of drainage districts, and the construction and maintenance of a system of drainage, and to provide for the means of payment thereof, and declaring an emergency", approved *March 20, 1895, and when the drainage commissioners of such district have employed surveyors or drafters, or legal assistance as provided in RCW 85.06.100, and have incurred expenses for the compensation of such surveyors, drafters, and legal assistance, and have issued to such surveyors, drafters, or persons rendering said legal assistance any warrants, orders, vouchers, or other evidence of indebtedness for said expenses so incurred, and when such warrants, orders, vouchers, or other evidences of indebtedness remain outstanding and unpaid, and when from any cause no further proceedings are had as provided for in said act approved *March 20, 1895, within a reasonable time, it shall be the duty of the county commissioners of the county in which such drainage district is located to assess in accordance with the provisions of RCW 85.06.550 through 85.06.630, the lands constituting and embraced within such drainage district for the purpose of paying such outstanding warrants, orders, vouchers, or other evidences of indebtedness, together with interest thereon. [2013 c 23 § 398; 1903 c 67 § 1; RRS § 4492. Formerly RCW 85.04.710.]

*Reviser's note: The act of "March 20, 1895" is chapter 115, Laws of 1895, the basic drainage district law, codified as Part 1 of chapter 85.06 RCW as it has been amended and added to.

85.06.560 Payment of preliminary expense where proceedings are dropped—Notice to present claims—Registration. The county auditor of any county in which such drainage district is located upon the written request of any holder or owner of any such warrant, order, voucher, or other evidences of indebtedness, mentioned in the preceding
section, shall forthwith cause to be published in the newspaper doing the county printing, if any such there be, and if not, then in some newspaper of general circulation in the county, a notice directing any and all holders or owners of any such warrants, orders, vouchers, or other evidences of indebtedness, to present the same to him or her, at his or her office, for registration within ninety days from the date of the first publication of such notice; and such notice shall be published once a week for six consecutive weeks. Said notice shall be directed to all holders and owners of warrants, orders, vouchers, or other evidences of indebtedness issued by the drainage commissioners of the particular district giving its name and number, and shall designate the character of the warrants, orders, vouchers, or other evidences of indebtedness, the registration of which is called for by said notice. Upon the presentation to him or her of such warrants, orders, vouchers, or other evidences of indebtedness, the county auditor shall register the same in a separate book to be kept for that purpose, showing the date of registration, the date of issue, the purpose of issue when the same is shown upon the face, the name of the person by whom presented, and the face value thereof. Any such warrants, orders, vouchers, or other evidences of indebtedness, not presented within the time prescribed in such notice, shall not share in the benefits of RCW 85.06.550 through 85.06.630, and no assessment or reassessment shall be made for the purpose of paying the same. [2013 c 23 § 400; 1903 c 67 § 3; RRS § 4494. Formerly RCW 85.04.720.]

85.06.580  Payment of preliminary expense where proceedings are dropped—Hearing to be fixed—Order for publication of notice. Upon the filing of such petition it shall be the duty of the judge of the said superior court to fix a time for a hearing of said petition, which time shall be not less than sixty days from the time of the filing of said petition, and to enter an order directed to the sheriff of the said county ordering said sheriff to cause to be published and posted the notice as provided for in the next succeeding section. [1903 c 67 § 4; RRS § 4495. Formerly RCW 85.04.725.]

85.06.590  Payment of preliminary expense where proceedings are dropped—Notice—Contents, publication, etc. Upon the issuance of the order as provided for in the next preceding section it shall be the duty of the sheriff of said county to post, at the courthouse of said county and at three public places in said drainage district, and to cause to be published in a newspaper of general circulation in said county a notice of the time and place fixed by said order of court for the hearing of said petition. Said notice shall contain a statement that said petition has been filed as above provided for, that the said court has fixed a time and place for the hearing of said petition, which time and place shall be stated in said notice, a brief statement of the object of said proceeding upon said petition, a statement of the issuance of the said order of court directing the posting and publishing of said notice, a statement that all persons having any interest in any land in such drainage district, describing the same by its corporate name, may at or before the time fixed for said hearing appear and file objections or exceptions to the granting of the prayer of said petition: A statement that upon the hearing of said petition in case no objections or exceptions have been filed in said proceeding, or in case any objections or exceptions filed be not sustained, and that the allegations of said petition are proven to the satisfaction of the court an order will be entered in accordance with the prayer of said petition. That said notice shall be signed by the sheriff of said county. [1903 c 67 § 5; RRS § 4496. Formerly RCW 85.04.730.]

85.06.600  Payment of preliminary expense where proceedings are dropped—Hearing—Order for levy—Costs. At the time and place fixed in said order for the hearing of said petition, or at such time to which the court may continue said hearing, the court shall proceed to a hearing upon said petition and upon any objections or exceptions which have been filed thereto. And upon it appearing to the satisfaction of the court from the proofs offered in support thereof that the allegations of said petition are true, the court shall ascertain the total amount of said registered warrants, orders, vouchers, or other evidences of indebtedness with the accrued interest and the costs of said proceedings, and thereupon the said court shall enter an order directing the board of county commissioners to levy a tax upon all the real estate within said drainage district exclusive of improvements, taking as a basis the last equalized assessment of said real estate for state and county purposes, sufficient to pay said outstanding registered warrants, orders, vouchers, or

[Title 85 RCW—page 24]
other evidences of indebtedness with interest as aforesaid and the costs of said proceeding, and the cost of levying said tax, and further directing the county auditor to issue a warrant on the county treasurer to the petitioner for the costs advanced by him or her in such proceeding, which shall be paid in the same manner as the said registered warrants, orders, vouchers, or other evidences of indebtedness. [2013 c 23 § 401; 1903 c 67 § 6; RRS § 4497. Formerly RCW 85.04.735.]

85.06.610 Payment of preliminary expense where proceedings are dropped—Certification of order to tax levy ing officers. The clerk of said superior court shall certify the said order to the board of county commissioners, and to the county auditor and upon receipt of said order by said board it shall proceed forthwith to execute said order, and upon said levy being made it shall be extended upon the tax rolls, certified and collected at the same time, in the same manner as other special district taxes. [1903 c 67 § 7; RRS § 4498. Formerly RCW 85.04.740.]

85.06.620 Payment of preliminary expense where proceedings are dropped—Dismissal of petition. If upon said hearing the court shall find that the petitioner is not entitled to an order granting the prayer of said petition the court shall enter an order dismissing said petition and taxing the costs against said petitioner. [1903 c 67 § 8; RRS § 4499. Formerly RCW 85.04.745.]

85.06.630 Payment of preliminary expense where proceedings are dropped—Appellate review. From any final order entered by the said superior court as above provided for, any party to said proceeding feeling himself or herself aggrieved thereby may seek appellate review, as provided by the general appeal law of this state. [2013 c 23 § 402; 1988 c 202 § 74; 1903 c 67 § 9; RRS § 4500. Formerly RCW 85.04.750.]

Additional notes found at www.leg.wa.gov

85.06.640 Additional improvements—Authorized—Change in plans. Whenever in the judgment of the commissioners of any drainage district general benefits to the entire district will accrue therefrom, or the general plan for improvement as adopted by such district will be more fully or properly carried out thereby, the board of commissioners of such district is hereby given and granted authority and power to do the following things:

(1) Straighten, widen, deepen, improve, or alter the course of or discontinue the use and maintenance of, or abandon any existing drains or ditches in said district, and when abandoned or discontinued, the right-of-way may be held or disposed of by said district in the discretion of the commissioners;

(2) Dig or construct any additional and auxiliary drains or ditches therein;

(3) Obtain, improve, or alter any existing reservoirs, spillways or outlets;

(4) Lease, acquire, build, or construct additional, new, or better reservoirs, spillways, and outlets;

(5) Lease, acquire, erect, build, or construct and operate any pumping plant and acquire equipment necessary therefor;

(6) Divert, dam, or carry off the waters of any stream or water endangering or damaging said district and protect against damage or flood from any waters whatsoever; and

(7) Implement the provisions of a drainage maintenance plan adopted by the district.

PROVIDED, That in carrying out such powers, said commissioners shall not be authorized under RCW 85.06.640 through 85.06.700 to tap new sources of water which have other outlets and do not endanger the system or property of such district. [2008 c 77 § 1; 1941 c 133 § 1; 1935 c 170 § 1; Rem. Supp. 1941 § 4342-1. Formerly RCW 85.04.610.]

85.06.650 Additional improvements—Methods of payment. To pay for any work done under RCW 85.06.640 through 85.06.700, or matters incident thereto, the commissioners of said district may use any money raised or to be raised by collection of any unexhausted balance of assessed benefits as theretofore established upon the lands of said district and/or by assessments for maintenance, levied as provided by law; or they may issue warrants of such district redeemable by levies which shall be added to the annual cost of the maintenance of said system and be paid from the maintenance fund from time to time; or they may combine such methods of payment. [1935 c 170 § 2; RRS § 4342-2. Formerly RCW 85.04.625.]

85.06.660 Additional improvements—Resolution—Notice and hearing—Protests—Appellate review, conclusiveness of order of board. Whenever the board of commissioners of any district desire[s] to exercise any of the foregoing powers under *this act, it shall pass a resolution declaring its intention to do so, which shall describe in general terms the proposed improvement to be undertaken. The resolution shall set a date upon which the board shall meet to determine whether such work shall be done. Thereafter a copy of such declaratory resolution and a notice of hearing shall be posted by the secretary or member of the board, in three public places in such district at least ten days before the date of hearing. The notice shall state the time and place of hearing and that plans therefor are on file with the secretary of the board subject to inspection by any party interested.

Any property owner affected by such proposed improvement, or any property owner within such district, may appear at said hearing and object to said proposed improvement by filing a written protest against the proposed action of the board. The protest shall clearly state the basis thereof. At such hearing, which shall be public, the board shall give full consideration to the proposed project and all protests filed, and on said date or any adjourned date, take final action thereon. If protests be filed before said hearing by owners of more than forty percent of the property in said district, the board shall not have power to make the proposed improvement nor again initiate the same for one year. If the board determines to proceed with such project in its original or modified form, it shall thereupon adopt a resolution so declaring and adopt general plans therefor, which resolution may authorize the acquisition by condemnation, or otherwise, of the necessary rights and properties to complete the same. Any protestant who filed a written protest prior to said hearing may appeal from the order of the board, but to do so must, within ten days from the date of entering of such order, bring
direct action in the superior court of the state of Washington in the county wherein such district is situated, against such board of directors in their official capacity, which action shall be prosecuted under the procedure for civil actions, with the right of appellate review, as provided in other civil actions. In any action so brought, the order of the board shall be conclusive of the regularity and propriety of the proceedings and all other matters except it shall be open to attack upon the ground of fraud, unfair dealing, arbitrary, or unreasonable action of the board. [1988 c 202 § 75; 1971 c 81 § 160; 1935 c 170 § 3; RRS § 4342-3. Formerly RCW 85.04.620.]

Additional notes found at www.leg.wa.gov

**85.06.670** Additional improvements—Acquisition, sale of property—Contracts to share expense. In carrying out the foregoing powers, or any other powers possessed by the board of commissioners of such district, said board shall have authority to acquire by lease, contract, private purchase, or purchase at any sale, any real or personal property and to sell any real or personal property, or any part thereof, owned by said district when they find that the usefulness thereof to such district has ceased. Such board shall also have authority to enter into contracts with any other diking and/or drainage district, person, public or municipal corporation, flood control district, state, or the United States, with reference to sharing the costs or expenses of improvements for said district or the protection thereof, and bind its district by such contract. [1935 c 170 § 4; RRS § 4342-4. Formerly RCW 85.04.615.]

**85.06.680** Additional improvements—Private property not to be taken without compensation. In carrying out any of the foregoing powers, said district shall not impair, damage, injure, or take any private property or interest therein, or vested rights, without just compensation being paid. [1935 c 170 § 5; RRS § 4342-5. Formerly RCW 85.04.605, part.]

**85.06.690** Additional improvements—Right of eminent domain. In carrying out any of the foregoing powers, or any powers possessed by said district, it shall have the right of eminent domain to acquire any property or rights or interest therein, within or outside of the district, necessary for the use of such district for the construction and maintenance of any ditches, drains, dikes, dams, spillways, outlets, necessary appliances and structures in connection with the operation, alteration, enlargement, extension, or protection of its drainage system. The procedure for exercising the right of eminent domain shall be that provided by law for private corporations. [1935 c 170 § 6; RRS § 4342-6. Formerly RCW 85.04.605, part.]

_Eminent domain by corporations generally: Chapter 8.20 RCW._

**85.06.700** Additional improvements—Powers are additional—"Drainage district" defined. The powers and rights herein granted are additional to, but not in substitution of, existing rights or powers of drainage districts. Drainage district as used herein shall mean a regularly established drainage, or drainage improvement district, combined diking and drainage improvement district, or drainage district exercising combined diking and drainage power. [1935 c 170 § 7; RRS § 4342-7. Formerly RCW 85.04.630.]

*Reviser's note: "this act" refers to chapter 170, Laws of 1935, codified as RCW 85.06.640 through 85.06.700.

Additional notes found at www.leg.wa.gov

**85.06.710** Costs in excess of estimate—Authorized—Warrants validated. Whenever any drainage district has been organized, established and created since January 1st, 1911, and extending to January 1st, 1921, in the manner provided by law, and the board of commissioners of such district have been authorized to proceed with the work of constructing a system of drainage for such district in the manner provided by law and have begun such work and expended the whole, or the major portion of the estimated cost of such improvement, and it shall have appeared to such board of commissioners that such improvement could not be completed within the estimated cost thereof so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement without expending a greater sum than the estimated cost of such improvement and that the benefits which would actually accrue to the lands of the district would be sufficient to warrant the increased expenditure necessary to complete the improvement, and such board of commissioners shall have incurred indebtedness in the name of the district to such an amount as would complete the authorized system of drainage for the benefit of the lands of the district found by the jury to be benefited by the proposed improvement, and issued the warrants of the district to cover the additional cost of completing such improvement all warrants heretofore issued for such purposes are hereby declared to be valid and legal obligations of the district so issuing the same. [1921 c 187 § 1; RRS § 4460.]

**85.06.720** Costs in excess of estimate—Petition to reopen original proceedings—Damages and benefits. Whenever the board of commissioners of any drainage district shall have heretofore issued any warrants of the district for the purpose of completing a system of drainage for such district so as to produce the benefits to the lands of the district found by the jury to be benefited by the proposed improvement as provided in the preceding section, and the total estimated maximum benefits found by the jury that would accrue to the lands of the district by reason of such proposed improvement are not sufficient to cover the actual cost of such improvement, including the cost of completing the same as hereinabove provided, the board of commissioners of such district shall file a petition in the superior court in the original proceeding for the determination of the damages and benefits to accrue from the proposed improvement, setting forth the facts, describing the lands that have been, in the judgment of the commissioners, actually benefited by the completed improvement, stating the estimated amount of benefits per acre that have accrued to each tract of land respectively, giving the name of the owner or reputed owner of such tract of land, and praying that the original proceedings be opened for further proceedings for the purpose of determining the benefits which have accrued to each tract of land actually benefited by the completed improvement. If the said board of commissioners fail or refuse to file such petition within sixty days after receipt of a written request so to do, signed by any
warrant-holder, then the said warrant-holder shall have the right to file same. [1921 c 187 § 2; RRS § 4461.]

85.06.730 Costs in excess of estimate—Summons on petition—Contents—Service—Answer. Upon the filing of the petition provided for in the preceding section, summons shall issue thereon and be served on the owners of all lands described in the petition as having been benefited, in the same manner as summons is issued and served in the original proceedings for the determination of damages and benefits by reason of a proposed drainage improvement, as near as may be. No answer to any such petition shall be required unless the party served with summons desires to offset damages claimed to have been actually sustained by reason of the completed improvement in addition to the damages found by the jury in the original proceeding, and no default judgment shall be taken for failure to answer any such petition. [1921 c 187 § 3; RRS § 4462.]

85.06.740 Costs in excess of estimate—Hearing by jury—Verdict. Upon the issues being made up, or upon the lapse of time within which the parties served are required to appear by any summons issued as provided in the preceding section, the court shall empanel a jury to hear and determine the matters in issue, and if the jury shall find that the matters set forth in the petition are true and that any of the lands of the district have been benefited by the completed improvement, after offsetting any additional damages found to have been sustained by reason thereof, it shall determine and assess the benefits which have actually accrued, and shall specify in its verdict the respective amount of benefits per acre, if any, assessed to each particular tract of land, by legal subdivisions. [1921 c 187 § 4; RRS § 4463.]

85.06.750 Costs in excess of estimate—Judgment—Appellate review. Upon the return of the verdict of the jury as provided in the preceding section, if it shall appear to the court that the total benefits found by the jury to have accrued to the lands of the district is equal to or exceeds the actual cost of the improvement including the increased cost of completing the same, the court shall enter its judgment in accordance therewith, as supplemental to and in lieu of the original decree fixing the benefits to the respective tracts of land, and thereafter the assessment and levy for the original cost of the construction of the improvement, including the indebtedness incurred for completing the improvement together with interest at the legal rate on the warrants issued therefor, and all assessments and levies if any, for the future maintenance of the drainage system described in the judgment shall be based upon the respective benefits determined and assessed against the respective tracts of land as specified in the judgment. Every person or corporation feeling himself or herself or itself aggrieved by any such judgment may seek appellate review within thirty days after the entry thereof, and such review shall bring before the appellate court the propriety and justness of the verdict of the jury in respect to the parties to the proceeding. [2013 c 23 § 403; 1988 c 202 § 76; 1971 c 81 § 161; 1921 c 187 § 5; RRS § 4464.]

Chapter 85.07 RCW
MISCELLANEOUS DIKING AND DRAINAGE PROVISIONS

Sections
85.07.010 Lease of equipment authorized—Disposition of proceeds.
85.07.040 Benefit to public road, how paid.
85.07.050 Basis of supplemental assessments.
85.07.060 Funding bonds—Authority to issue.
85.07.070 Funding bonds—Form, term, execution, interest.
85.07.090 Funding bonds—Outstanding warrants due when sale proceeds received—Call.
85.07.100 Funding bonds—Exchange for warrants.
85.07.110 Funding bonds—Assessments for payment—Special fund.
85.07.120 Funding bonds—Call—Payment.
85.07.130 Civil action to strike land from assessment roll—Costs.
85.07.140 Civil action to strike land from assessment roll—Court decree—Subsequent restoration to rolls, procedure.
85.07.170 Additional powers relating to diking and drainage works—Duties of department of transportation.

85.07.010 Lease of equipment authorized—Disposition of proceeds. The commissioners of any diking or drainage district organized under the laws of this state, shall have power and authority to rent any machinery, tools or equipment belonging to such district, to any individual or corporation for hire under such conditions regarding the care and maintenance thereof as the commissioners may determine; and all sums of money received for the rent thereof shall be paid into the county treasury, to the credit of the district. [1979 ex.s. c 30 § 18; 1917 c 104 § 1; RRS § 4517. Formerly RCW 85.04.215.]

85.07.040 Benefit to public road, how paid. Whenever, upon the trial to fix and assess the benefits and damages resulting from the construction of any diking or drainage system under the laws of this state, the jury shall find by its verdict that any public or county road will be benefited from the construction of such improvement, the clerk of the court in which such trial is had shall, upon the entry of the judgment upon such verdict, certify to the board of county commissioners of the county in which such road is situated the amount of benefits to such road so found and adjudged. The said county commissioners shall, upon the receipt of such certified statement, allow the same as for other road work and shall order the amount thereof to be paid out of the road and bridge fund of the road district in which the road so benefited is situated, and shall direct the auditor of said county to issue a warrant for the amount of such benefits against the road and bridge fund of such road district in favor of the county treasurer of said county. The said county treasurer shall, upon the payment of said warrant, place the proceeds therefrom to the credit of the drainage or diking district from which such benefits resulted. [1909 c 194 § 1; RRS § 4314. Formerly RCW 85.04.085.1; 85.04.085.2; 85.04.240.1.]

Counts to contribute for benefit to road: RCW 85.24.240.

85.07.050 Basis of supplemental assessments. Any additional assessments for the construction of any diking or drainage system, and also all assessments for the maintenance of same shall be based upon the benefits so found and adjudged, and the proportion of benefits resulting to such public or county road therefrom, on such basis, shall be allowed and paid for by such county in the same manner as in
the case of the original construction. [1909 c 194 § 2; RRS § 4315. Formerly RCW 85.04.085, part and 85.04.090.]

85.07.060 Funding bonds—Authority to issue. (1) Any board of commissioners of any diking or drainage district may, at any time, without petition and on its own motion, issue bonds of such district for the purpose of funding any outstanding warrants of such district. No bonds so issued shall be sold for less than their par value. They may be sold at public or private sale. Any department or agency of the state of Washington having power to invest funds is hereby authorized and empowered to use the same to buy such bonds.

(2) Such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 189; 1935 c 103 § 1; RRS § 4459-11. Formerly RCW 85.04.140, part.]

Additional notes found at www.leg.wa.gov

85.07.070 Funding bonds—Form, term, execution, interest. (1) Said bonds shall be numbered consecutively from one upwards and shall be in denominations of not less than one hundred dollars nor more than one thousand dollars each. They shall bear the date of issue, shall be made payable in not more than ten years from the date of their issue, and shall bear interest at a rate or rates as authorized by the board of commissioners, payable annually. The bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030. The bonds and any coupon shall be signed by the chair of the board of commissioners of each district and shall be attested by the secretary of said board. The seal, if any, of such district shall be affixed to each bond, but it need not be affixed to any coupon.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [2013 c 23 § 404; 1983 c 167 § 190; 1970 ex.s. c 56 § 91; 1969 ex.s. c 232 § 53; 1935 c 103 § 2; RRS § 4459-12. Formerly RCW 85.04.145.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Additional notes found at www.leg.wa.gov

85.07.090 Funding bonds—Outstanding warrants due when sale proceeds received—Call. All outstanding warrants of such district so sought to be redeemed shall become due and payable immediately upon receipt by the county treasurer of the money from the sale of said bonds; and upon a call of such outstanding warrants or obligations issued by him or her, the same shall cease to draw interest at the end of thirty days after the date of the first publication of such call. The call shall be made by the treasurer by publishing notice thereof for two consecutive weeks in the county paper authorized to do the county printing. The notice shall designate the number of each warrant sought to be redeemed. [2013 c 23 § 405; 1935 c 103 § 4; RRS § 4459-14. Formerly RCW 85.04.175.]

85.07.100 Funding bonds—Exchange for warrants. Said bonds may be exchanged at not less than their par value for an equal amount of the outstanding warrants of the district issuing such bonds. [1935 c 103 § 5; RRS § 4459-15. Formerly RCW 85.04.140, part.]

85.07.110 Funding bonds—Assessments for payment—Special fund. It shall be the duty of the commissioners of such district annually to levy assessments sufficient to pay interest on such bonds as they fall due. They may at any time levy such additional assessment as they deem best to redeem and retire such bonds. Commencing not less than five years before the due date of such bonds, they shall determine the number of equal annual levies necessary to retire such bonds at maturity, and annually thereafter levy an assessment sufficient to liquidate all of said bonds by maturity. Such levies for interest and redemption of the bonds shall be added to the annual cost of the maintenance of the diking or drainage system of said district. Such assessments shall be collected by the county treasurer and kept as a special fund for the sole purpose of paying interest upon and liquidating said bonds. [1983 c 167 § 192; 1935 c 103 § 6; RRS § 4459-16. Formerly RCW 85.04.160, part.]

Additional notes found at www.leg.wa.gov

85.07.120 Funding bonds—Call—Payment. It shall be the duty of the county treasurer of each county in which there may be a district issuing bonds under the provisions of RCW 85.07.060 through 85.07.120, whenever he or she has on hand one thousand dollars over and above interest requirements in the special fund for the payment of said bonds and interest, to advertise in the newspaper doing the county printing, for the presentation to him or her for payment of as many of the bonds issued under the provisions of RCW 85.07.060 through 85.07.120 as he or she may be able to pay with the funds in his or her hands. The bonds shall be redeemed and paid in their numerical order, beginning with bond No. 1 and continuing until all of said bonds are paid. The treasurer's call for presentation and redemption of such bonds shall state the number of the bond or bonds so called. Thirty days after the first publication of said notice of the treasurer calling any of said bonds by their numbers, such bonds shall cease to bear interest, and the notice of call shall so state. If any bond so called is not presented, the treasurer shall hold in said fund until presentation of such bond is made, the amount of money sufficient to redeem the same with interest thereon to the date of interest was terminated by such call. [2013 c 23 § 406; 1935 c 103 § 7; RRS § 4459-17. Formerly RCW 85.04.150.]

85.07.130 Civil action to strike land from assessment roll—Costs. Whenever any piece of land in any diking or drainage district in this state shall cease to be susceptible to benefit from the diking and/or drainage improvement of such district, the owner thereof may bring civil action in the superior court of the county wherein such property is situated, against the board of commissioners of such district in their official capacity, to have such property stricken from the assessment roll for such district. The procedure shall be that of other civil actions, except no judgment for costs shall be entered against such district in such proceedings. [1935 c 102 § 1; RRS § 4360-1. Formerly RCW 85.04.180.]

85.07.140 Civil action to strike land from assessment roll—Court decree—Subsequent restoration to rolls, procedure. If the court is satisfied that the status of said property has changed so that it is no longer susceptible to benefit from the improvement of such district and should be removed from
the assessment roll thereof, and it be established that all benefits assessed against said lands up to the date of trial have been paid, such court may enter a decree striking such land from the assessment roll of said district, and it shall not be subject to future assessment for benefits or maintenance by such district, unless, thereafter, it is again brought into such districts by the proceedings provided by law to extend the district or include benefited property which is not assessed. Nothing herein shall prevent such property from being again brought into said district in the manner provided by law generally for the inclusion of benefited property, if it appear at a future date that said property will receive benefits from the improvement in such district. Upon entry of such decree of the court a certified copy thereof shall be filed in the office of the auditor of such county wherein the property is situated, and upon receipt thereof, he or she shall correct the assessment roll of said district accordingly and strike the property therefrom. [2013 c 23 § 407; 1935 c 102 § 2; RRS § 4360-2. Formerly RCW 85.04.185.]

85.07.170 Additional powers relating to diking and drainage works—Duties of department of transportation.

(1) The commissioners of any drainage or diking district shall have power, on behalf of the district, to acquire, place, repair and maintain, dikes and dams, ditches, drains and outlets therefor, together with right-of-way therefor and access thereto, or obtain rights therein or full or joint use and maintenance thereof, when deemed by them necessary or beneficial for the protection of the district's system or its improvements, by eminent domain, purchase, or contract, with the owners or other districts through their commissioners, or other entities or persons together with power to contract by and with other districts or entities with reference to such matters and their performance.

(2) If the commissioners of any drainage or diking district determine that repair or maintenance is required on any drainage facilities, including dikes and dams, ditches, drains and outlets, that are on land owned by or under the jurisdiction of the department of transportation, they may give notice in writing to the department requesting that the department make the necessary repair or maintenance pursuant to the department's obligations under RCW 47.01.260. If the specified repair or maintenance is not conducted by the department within fourteen days upon receipt of the notice, the district commissioners may independently make the repair or maintenance. The department shall then reimburse the district for all reasonable costs incurred by the district associated with the repair or maintenance.

(3) The provisions of this section shall be construed as cumulative and shall not derogate from any other powers authorized by law for such districts. [2006 c 368 § 1; 1963 c 96 § 1.]

Chapter 85.08 RCW

DIKING, DRAINAGE, AND SEWERAGE IMPROVEMENT DISTRICTS

Sections

85.08.010 Definitions.
85.08.015 Certain powers and rights governed by chapter 85.38 RCW.
85.08.025 Voting rights.

(2014 Ed.)

85.08.190 Eminent domain—Consolidation of actions.
85.08.200 Verdict to fix damages and benefits—Judgment.
85.08.210 Warrant for damages.
85.08.220 Construction to be directed, when.
85.08.230 Levy for preliminary expenses—Collection—"Preliminary expenses" defined.
85.08.285 Special assessment bonds.
85.08.300 Supervisors—Election—Duties.
85.08.305 Supervisors—Terms of office—County engineer to act as supervisor.
85.08.310 Construction of improvements—Contracts with United States.
85.08.320 Compensation and expenses of officers and employees—Costs paid by voucher, payroll, or warrant.
85.08.340 Crossing roads or public utilities—Procedure—Costs.
85.08.360 Total costs—Apportionment—Board of appraisers.
85.08.370 Benefits to public roads, sewer systems—Apportionment of cost against city, county, and state.
85.08.375 Benefits to state lands—Apportionment of costs.
85.08.380 Benefits to and protection from irrigation system.
85.08.385 Drainage ditches along highway, etc.
85.08.390 Schedule of payments and recoupment.
85.08.400 Hearing on schedule—Notice—Levy of assessment—State lands.
85.08.410 Schedule approved or modified—Maintenance assessment.
85.08.420 Assessment roll—Form—Notice—Publication.
85.08.430 Payment of assessments—Interest—Lien.
85.08.440 Appeal from apportionment—Procedure—Appellate review.
85.08.450 Regularity and validity of proceedings conclusive.
85.08.460 District liable on judgments—Supplemental levy.
85.08.470 District funds.
85.08.480 Collection of assessments—Certificates of delinquency—Foreclosure.
85.08.490 Title acquired at sale—Foreclosure for general taxes—Lien of assessments preserved.
85.08.500 Resale or lease by county—Disposition of proceeds—Tax statements.
85.08.510 Invalid levy—Reassessment.
85.08.520 Supplemental assessments.
85.08.530 Levies against county, city or town, how paid.
85.08.540 Abandonment or change in system—Subdistricts.
85.08.560 Extension of existing system—Apportionment of cost.
85.08.565 Special assessments—Budgets—Alternative methods.
85.08.570 Districts in two or more counties—Notice—Hearings.
85.08.590 Waters developed— Defined—Disposal of.
85.08.640 Waters developed—Contracts for use and sale.
85.08.650 Waters developed—Application for use.
85.08.660 Waters developed—Notice of hearing—Form of application—Bond.
85.08.670 Prosecuting attorney—Duties.
85.08.680 Rules and regulations.
85.08.690 Penalty for injury to or interference with improvement.
85.08.820 Drainage bonds owned by state—Cancellation of interest and assessments—Levy omitted.
85.08.830 Merger of improvement district with irrigation district—Authorized.
85.08.840 Merger of improvement district with irrigation district—Jurisdiction to hear, supervise, and conduct proceedings—Clerk, notice, records.
85.08.850 Merger of improvement district with irrigation district—Petition—Signing—Presentation.
85.08.860 Merger of improvement district with irrigation district—Assent by irrigation district—Election, order, notice.
85.08.870 Merger of improvement district with irrigation district—Notice, contents—Election, ballots.
85.08.880 Merger of improvement district with irrigation district—Proceedings and costs on approval or disapproval.
85.08.890 Merger of improvement district with irrigation district—Prior indebtedness.
85.08.895 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation.
85.08.900 Alternative methods of formation of improvement districts.
85.08.905 Sewerage improvement districts—Powers.
85.08.910 Sewerage improvement districts located in counties with populations of from forty thousand to less than seventy thousand become water-sewer districts.
85.08.920 Sewerage improvement districts operating as sewer districts become water-sewer districts—Procedure.

Reviser's note: Chapter 85.08 RCW is almost entirely composed of chapter 176, Laws of 1913, the basic drainage improvement district act, as it has been amended and added to by subsequent legislation. Chapter 130, Laws of 1917 and chapter 157, Laws of 1921 are primarily express amendments to such basic act, however, also contained in such acts were several sections not expressly amendingatory of the basic act but which are in pari mate.
85.08.010  Definitions.  "System", "improvement", and "system of improvement", as used in this chapter, shall be held to include a dike, ditch, drain or watercourse, or sewer, and any side, lateral, spur or branch dike, ditch, drain or watercourse, or sewer, or other structure, necessary to secure the object of the improvement. Any number of dikes, ditches, drains or watercourses, or sewers, with their laterals, spurs, and branches with separate outlets, or in the case of sewers with one or more septic tanks, may constitute one system for the protection or reclamation of the land included in any district. But no system shall be established or constructed unless sufficient outlet or outlets, or in the case of sewers, sufficient septic tank or tanks, are provided for any drainage or sewerage of such district. Such outlet or outlets, or septic tank or tanks, may be either within or without the boundaries of the improvement district hereinafter provided for. Any natural watercourse may be improved in accordance with the provisions of this chapter.

"Damages", as used in this chapter, shall be held to include the value of the property taken and injury to property not taken, or either, as the case may be. "Property benefited" and "property damaged", as used in this chapter, shall be held to include land, platted or unplatted, whether subject to or exempt from general taxation, and roads other than public roads. "Public roads", as used in this chapter, shall be held to include state and county roads, streets, alleys and other public places; and "other roads", as used in this chapter shall be held to include railroads, street railroads, interurban railroads, logging roads, tramways and private roads and the right-of-way, roadbeds and tracks thereof.

"Public utilities", as used in this chapter, shall be held to include irrigation, power and other canals, flumes, conduits and ditches, telegraph, telephone and electric transmission and pole lines, and oil, gas and other pipe lines. "County engineer", as used in this chapter, shall be held to include any engineer specially employed by the board of county commissioners or the board of supervisors to report upon and prepare plans for or to superintend the construction of a system or the maintenance thereof under the provisions of this chapter. "Prosecuting attorney", as used in this chapter, shall be held to include any attorney specially employed by the board of county commissioners in connection with the carrying out of the provisions of this chapter to advise or carry on proceedings in court with reference to a system of improvement initiated and constructed under the provisions of this chapter. [1923 c 46 § 2; 1917 c 130 § 13; 1913 c 176 § 2; RRS § 4406. FORMER PART OF SECTION: 1925 ex.s. c 189 § 1, part, now codified as RCW 85.08.230.]

Reviser's note: The term "county engineer" is defined in the last paragraph of this section. Throughout this chapter the terms "engineer," "district engineer," and "county engineer" appear to have been used interchangeably in the session laws and the usage of the latest session law language has been retained herein.

Inapplicability of prior laws (1917 c 130 § 39): "Sec. 39. Nothing in this act contained shall be construed as in anywise modifying or repealing any of the provisions of chapter CVX of the Laws of 1895, or the acts amendatory thereof or supplemental thereto, or affecting any proceedings hereinafter or that may hereafter be held under the provisions of said act."

Applicability of prior laws (1913 c 176 § 40): "Sec. 40. Except as specified in the foregoing section, all of the provisions of this act, instead of said chapter LXVI of the Laws of 1901, shall be applicable to and shall govern and construct the laws now existing, initiated or applied for under said chapter LXVI of the Laws of 1901, and all powers hereby vested in or granted to all boards and officers under this act shall be vested in such boards and officers that shall hereafter have charge of the work, or administering the affairs of such ditches and drainage systems, and the districts in which they lie."

Severability (1913 c 176 § 41): "Sec. 41. An adjudication that any section, paragraph, or portion of this act, or any provision thereof, or proceeding provided for therein, is unconstitutional or invalid shall not affect or determine the constitutionality, or validity, of this act as a whole or of any other portion or provisions thereof, and all provisions of this act not adjudicated to be unconstitutional shall be and remain in full force and effect and shall be operative until specifically adjudicated to be unconstitutional or invalid."

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

Local governmental organizations, actions affecting boundaries, etc., review by boundary review boards: Chapter 36.93 RCW.

Special district creation and operation: Chapter 85.38 RCW.

[Title 85 RCW—page 30]
improvement districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW.

[1985 c 396 § 33.]

Additional notes found at www.leg.wa.gov

85.08.025 Voting rights. Each qualified voter of a diking improvement or drainage improvement district who owns more than ten acres of land within the district shall be entitled to two additional votes for each ten acres or major fraction thereof located within the district, up to a maximum total of forty votes for any voter, or in the case of community property, a maximum total of twenty votes per member of the marital community: PROVIDED, That this additional voting provision shall only apply in districts that were not in operation and did not have improvements as of May 14, 1925. [1991 c 349 § 3; 1985 c 396 § 21. Formerly RCW 85.05.015.]

Additional notes found at www.leg.wa.gov

85.08.190 Eminent domain—Consolidation of actions. For the purpose of taking or damaging property for the purposes of this chapter, counties shall have and exercise the power of eminent domain in behalf of the proposed improvement district, and the mode of procedure therefor shall be as provided by law for the condemnation of lands by counties for public highways: PROVIDED, That the county, at its option, pursuant to resolution to that end duly passed by the board of county commissioners, may unite in a single action, proceedings for the acquisition and condemnation of different tracts of land required for rights-of-way which are held by separate owners. The court may, on motion of any party, consolidate into a single action separate suits for the condemnation of different tracts of land held by separate owners whenever from motives of economy or the expediting of business it appears advisable to do so. In such cases the jury shall render separate verdicts for the different tracts of land. [1917 c 130 § 21; 1913 c 176 § 13; RRS § 4418.]

85.08.200 Verdict to fix damages and benefits—Judgment. The jury in such condemnation proceedings shall find and return a verdict for the amount of damages sustained: PROVIDED, That the jury, in determining the amount of damages, shall take into consideration the benefits, if any, that will accrue to the property damaged by reason of the proposed improvement, and shall make special findings in the verdict of the gross amount of damages to be sustained and the gross amount of benefits that will accrue. If it shall appear by the verdict of the jury that the gross damages exceed the gross benefits, judgment shall be entered against the county, and in favor of the owner or owners of the property damaged, in the amount of the excess of damages over the benefits, and for the costs of the proceedings, and upon payment of the judgment into the registry of the court for the owner or owners, a decree of appropriation shall be entered, vesting the title to the property appropriated in the county for the benefit of the improvement district. The verdict and findings of the jury as to damages and benefits shall be binding upon the board appointed to apportion the cost of the improvement upon the property benefited as hereinafter provided. [1913 c 176 § 14; RRS § 4419.]

85.08.210 Warrant for damages. Upon the entry of judgment as provided in RCW 85.08.200, the county auditor shall, under the direction of the county legislative authority, draw a warrant upon the county treasurer for the payment of the amount of damages agreed to or the amount of the judgment, as the case may be, to be paid out of the current expense fund of the county. [1986 c 278 § 31; 1913 c 176 § 15; RRS § 4420.]

Additional notes found at www.leg.wa.gov

85.08.220 Construction to be directed, when. When the board of county commissioners shall have finally determined and fixed the route and plans for the proposed system of improvement and the boundaries of the improvement district, and when it shall appear that the damages for property to be taken or damaged have been settled in the manner hereinafore provided, or when it shall appear that such damages have been settled as to a particular portion of the proposed improvement, and that construction of such portion of such proposed improvement is feasible, thereupon such system of improvement or such portion thereof, as the case may be, shall be constructed in the manner hereinafter provided. [1917 c 130 § 22; 1913 c 176 § 16; RRS § 4421.]

85.08.230 Levy for preliminary expenses—Collection—"Preliminary expenses" defined. Whenever the board of county commissioners has passed a resolution establishing a district, the county commissioners may at their meeting on the first Monday in October next ensuing and at the same time in each year thereafter until the improvement has been completed and a statement of total costs has been filed, levy an assessment against the property within the district to defray the preliminary expenses of the district, the levy to be based upon the estimated benefits as shown by the report of the county engineer on file in the auditor’s office. The assessment so made shall be considered and credited to the respective pieces of property by the board of appraisers and by the county commissioners at the hearing on the assessment roll and the final apportionment. The preliminary assessments herein provided for shall be levied and collected in the same manner as the final assessment and shall be credited to the construction fund and used for the redemption of warrants issued against the same. Preliminary expenses shall mean all of the expenses incurred in the proceedings for the organization of the district and in other ways prior to the beginning of the actual construction of the improvement. [1925 ex.s. c 189 § 1; RRS § 4421-1. Formerly RCW 85.08.010, part and 85.08.230.]

85.08.285 Special assessment bonds. Special assessment bonds and notes shall be issued and sold in accordance with chapter 85.38 RCW. [1986 c 278 § 25.]

Additional notes found at www.leg.wa.gov

(2014 Ed.)
85.08.300 Supervisors—Election—Duties. The board of supervisors of the district shall consist of three elected supervisors. The initial supervisors shall be appointed, and the first elected supervisor elected, as provided in chapter 85.38 RCW. The board of supervisors shall have charge of the construction and maintenance of the systems of improvements, subject to the limitations hereinafter set forth, and may employ a superintendent of construction and maintenance who may be one of the two elected supervisors. The supervisors may be employed upon the construction or maintenance, receiving the same compensation as other labor of like character.

When a district contains not more than five hundred acres, or when a petition is presented to the county legislative authority signed by the owners of fifty percent of the acreage of the district praying for such action, the county engineer shall act as the sole supervisor of the district; and in such case the allowance of all claims against the district shall be by the county legislative authority. [1985 c 396 § 45; 1965 c 120 § 1; 1955 c 338 § 1; 1921 c 157 § 4; 1917 c 130 § 26; 1913 c 176 § 20; RRS § 4425.]

Additional notes found at www.leg.wa.gov

85.08.305 Supervisors—Terms of office—County engineer to act as supervisor. The county engineer shall continue to act as a supervisor of a diking, drainage, or sewerage improvement district that is governed by a three-member board of supervisors until a replacement assumes office after being elected at the 1987 special district general election. At that election two supervisors shall be elected, with the person receiving the greatest number of votes being elected to a six-year term, and the person receiving the second greatest number of votes being elected to a four-year term. Thereafter, all supervisors shall be elected to six-year terms. [1985 c 396 § 23.]

Additional notes found at www.leg.wa.gov

85.08.310 Construction of improvements—Contracts with United States. The said board of supervisors shall, immediately upon their election and qualification, begin the construction of such system of improvement and shall proceed with the construction thereof in accordance with the plans adopted therefor. In the construction of any system of drainage, construction shall be begun at the outlet or outlets thereof and at such other points as may be deemed advisable from time to time. In the construction of any system of improvement the board of supervisors with the approval of the board of county commissioners may modify, curtail, enlarge or add to the original plans wherever the same may be found necessary or advisable in the course of actual construction. But such changes shall not in the aggregate exceed the estimated cost of the entire system by more than one-fifth, and all additional or different rights-of-way required shall be obtained as hereinbefore provided. The board of county commissioners may in its discretion let the construction of said system or any portion thereof by contract, in the manner provided for letting contracts for the construction of county roads and bridges. The board of county commissioners may, upon such terms as may be agreed upon by the United States acting in pursuance of the National Reclamation Act approved June 17, 1902 (32 Statutes at Large 388), and the acts amendatory thereof and supplemental thereto, or in pursuance to any other act of congress appropriate to the purpose, contract for the construction of the system of improvement or any part thereof, by the United States, or in cooperation with the United States therein. In such case, no bond shall be required, and the work shall be done under the supervision and control of the proper officers of the United States.

Unless the work of construction is let by contract as hereinbefore provided, or for such part of such work as is not covered by contract, the board of supervisors shall employ such number of persons as shall be necessary to successfully carry on the work of such construction, and shall give preference in such employment to persons owning land to be benefited by the improvement.

The provisions of this section shall not be construed as denying to the supervisors, in case the construction work is left in their hands, the power to enter into an agreement with any contractor to furnish labor, material, equipment and skilled supervision, the contractor to be compensated upon the basis of a specific sum, or upon a percentage of the cost of the work, the services of the contractor to cover the use of equipment and the value of skilled supervision: PROVIDED, HOWEVER, That there is retained in the said board by the contract the right of termination thereof at any time, on reasonable notice, and fixing in the said contract, or reserving in said board, the right to fix the rates of wages to be paid to the persons employed in said work. The board of supervisors may also let contracts in such manner and on such notice as they deem advisable for items of construction not exceeding one thousand dollars in amount of expenditures. [2009 c 549 § 1035; 1921 c 157 § 5; 1917 c 130 § 27; 1913 c 176 § 22; RRS § 4427.]

85.08.320 Compensation and expenses of officers and employees—Costs paid by voucher, payroll, or warrant. The compensation of the superintendent of construction, the board of appraisers hereinafter provided for, and any special engineer, attorney or agent employed by the district in connection with the improvement, the maximum wages to be paid, and the maximum price of materials to be used, shall be fixed by the district board of supervisors. Members of the board of supervisors may receive compensation up to ninety dollars per day or portion thereof spent in actual attendance at official meetings of the district, or in performance of other official services or duties on behalf of the district: PROVIDED, That such compensation shall not exceed eight thousand six hundred forty dollars in one calendar year. Each supervisor shall be entitled to reimbursement for reasonable expenses actually incurred in connection with business, including subsistence and lodging while away from the supervisor's place of residence and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW. All costs of construction or maintenance done under the direction of the board of supervisors shall be paid upon vouchers or payrolls verified by two of the said supervisors. All costs of construction and all other expenses, fees and charges on account of such improvement shall be paid by warrants drawn by the county auditor upon the county treasurer upon the proper fund, and shall draw interest at a rate determined by the county legislative authority until paid or
called by the county treasurer as warrants of the county are called.

Any supervisor may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the supervisor's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. [2007 c 469 § 10; 1998 c 121 § 10; 1991 c 349 § 22; 1986 c 278 § 32; 1985 c 396 § 46; 1981 c 156 § 23; 1917 c 130 § 28; 1913 c 176 § 23; RRS § 4428. Formerly RCW 85.08.320 and 85.08.330.]

Additional notes found at www.leg.wa.gov

85.08.340 Crossing roads or public utilities—Procedure—Costs. Whenever in the progress of the construction of the system of improvement it shall become necessary to construct a portion of such system across any public or other road or public utility, the board of supervisors, or in case the work is being done by contract the board of county commissioners, shall serve notice in writing upon the public officers, corporation, or person having charge of, or controlling or owning such road or public utility, as the case may be, of the present necessity of such crossing, giving the location, kind, dimensions, and requirement thereof, for the purpose of the system of improvement, and stating a reasonable time, to be fixed by the county engineer, within which plans for such crossing must be filed for approval in case the public officers, corporation, or person controlling or owning such road or public utility desire to construct such crossing. As soon as convenient, within the time fixed in the notice, the public officers, corporation, or person shall, if they desire to construct such crossing, prepare and submit to the county engineer for approval duplicate detailed plans and specifications for such crossing. Upon submission of such plans, the county engineer shall examine and may modify the same to meet the requirements of the system of improvement, and when such plans or modified plans are satisfactory to the county engineer, he or she shall approve the same and return one thereof to the public officers, corporation, or person submitting the same, and file the duplicate in his or her office, and shall notify such public officers, corporation, or person of the time within which said crossing must be constructed. Upon the return of such approved plans, the public officers, corporation, or person controlling such road or public utility shall, within the time fixed by the county engineer, construct such crossing in accordance with the approved plans, and shall thereafter maintain the same. In case such public officers, corporation, or person controlling or owning such road or public utility shall fail to file plans for such crossing within the time prescribed in the notice, the board of supervisors or of county commissioners, as the case may be, shall proceed with the construction of such crossing in such manner as will cause no unnecessary injury to or interference with such road or public utility. The cost of construction and maintenance of only such crossings or such portion of such cost as would not have been necessary but for the construction of the system of improvement shall be a proper charge against the improvement district, and only so much of such cost as the board of county commissioners shall deem reasonable shall be allowed as a charge against the district in the case of crossings constructed by others than the district. The amount of costs of construction allowed as a charge against the district by the board of county commissioners shall be credited on the assessments against the property on which the crossing is constructed, and any excess over such assessment shall be paid out of the funds of the district. [2013 c 23 § 408; 1917 c 130 § 29; 1913 c 176 § 24; RRS § 4429. Formerly RCW 85.08.340 and 85.08.350.]

85.08.360 Total costs—Apportionment—Board of appraisers. When the improvement is fully completed and accepted by the county engineer, the clerk of the board shall compile and file with the board of county commissioners an itemized statement of the total cost of construction, including engineering and election expenses, the cost of publishing and posting notices, damages, and costs allowed or awarded for property taken or damaged, including compensation of attorneys, including the costs of crossings constructed by the district and the cost of crossings constructed by others and allowed by the board of county commissioners, and including the sum paid or to be paid to the United States, and the discount, if any, on the bonds and warrants sold and including all other costs and expenses, including fees, per diem, and necessary expenses of nonsalaried officers incurred in connection with the improvement, together with interest on such costs and expenses from the time when incurred at the rate of interest borne by the warrants issued for the cost of construction. There shall also be included in said statement, in case the county engineer is a salaried officer, a statement of the services performed by him or her in connection with said improvement at a per diem of five dollars per day and his or her necessary expenses, and a reasonable sum to be fixed by the board of county commissioners on account of the services
rendered by the prosecuting attorney. Upon the filing of such statement of costs and expenses the board of county commissioners shall revise and correct the same if necessary and add thereto a reasonable sum which shall be not less than five percent nor more than ten percent of the total thereof in drainage improvement districts, and not less than ten percent nor more than fifteen percent of the total thereof in diking improvement districts, to cover possible errors in the statement or the apportionment hereinafter provided for, and the cost of such apportionment and other subsequent expenses, and interest on the costs of construction from the date of the statement until fifty days after the filing of the assessment roll with the treasurer; and unless the same have been previously appointed, shall appoint a board of appraisers consisting of the county engineer and two other competent persons, to apportion the grand total as contained in said statement as hereinafter provided. Each member of said board of appraisers shall take, subscribe, and file with the board of county commissioners an oath to faithfully and impartially perform his or her duties to the best of his or her ability in making said apportionment, and said board of appraisers shall proceed to carefully examine the system and the public and private property within the district and fairly, justly, and equitably apportion the grand total cost of the improvement against the property and the county or counties, cities, and towns within the district, in proportion to the benefits accruing thereto. [1913 c 176 § 28; RRS § 4433. Formerly RCW 85.08.370, part.]

85.08.380 Benefits to and protection from irrigation system. In the plans for and in the construction of a drainage system in an irrigated region, under the provisions of this chapter, provision may be made for the prevention of, or affording an outlet for drains to prevent, injury to land from seepage of or saturation by irrigation water, and for the carrying off of necessary waste water from irrigation, and benefits resulting from such provision shall be considered in making the apportionment of the cost of such system. [1913 c 176 § 27; RRS § 4432. FORMER PART OF SECTION: 1921 c 160 § 3 now codified as RCW 85.08.385.]

85.08.385 Drainage ditches along highway, etc. Drainage ditches of any drainage improvement district hereafter created may be constructed and maintained along any public highway, street, alley or road within the limits of any drainage district. [1921 c 160 § 3; RRS § 4409. Formerly RCW 85.08.380, part.]

85.08.390 Schedule of property and benefits—Filing. Upon the completion of the apportionment the board of appraisers shall prepare upon suitable blanks, to be prescribed by the *bureau of inspection and supervision of public offices, sign and file with the clerk of the board of county commissioners a schedule giving the name of each county, city and town and the description of each piece of property found to be benefited by the improvement in the following order: First, counties, cities and towns and the respective amounts apportioned thereto for benefits accruing to public roads and sewer systems therein; second, other roads (1) railroads, (2) street railroads, (3) interurban railroads, (4) logging roads, and (5) tramways, giving the location of the particular portion or portions of each road benefited and the respective amounts apportioned thereto; third, unplatted lands giving a description of each tract arranged in the numerical order of the townships, ranges and sections, and giving the legal subdivisions and such other subdivisions and metes and bounds descriptions as may be necessary to show a different rate of apportionment, or different ownership, and giving the respective amounts apportioned to each tract; fourth, platted lands arranged by cities and towns and platted acrege in alphabetical order, giving under each the names of the plats in alphabetical order and the numbers of blocks and lots, and such other subdivisions and metes and bounds descriptions as may be necessary to show a different rate of apportionment, or different ownership, and giving the respective amounts apportioned to each plat, block, lot, or other description, as the case may be. [1913 c 176 § 29; RRS § 4434.]

*Reviser's note: The "bureau of inspection and supervision of public offices" has been abolished and its powers and duties transferred and devolved upon the state auditor through the division of municipal corporations by a chain of statutes as follows: 1921 c 7 §§ 55, 135; 1925 c 18 § 11; and 1927 c 280 § 11. The division of municipal corporations was repealed by 1995 c 301 § 79.

85.08.400 Hearing on schedule—Notice—Levy of assessment—State lands. Upon the filing of the schedule of apportionment, the county legislative authority shall fix the time and place for a hearing thereon, which time shall be not

[Title 85 RCW—page 34]  
(2014 Ed.)
more than sixty days from the date of the filing of the schedule. Notice of the hearing shall be given in the manner provided for giving notice of a hearing in *RCW 85.08.150. The notice shall fix the time and place of the hearing on the roll, and shall state that the schedule of apportionment showing the amount of the cost of the improvement apportioned to each county, city, town, and piece of property benefited by the improvement is on file in the office of the county legislative authority and is open to public inspection, and shall notify all persons who may desire to object thereto that they may make their objections in writing and file them with the clerk of the county legislative authority at or before the date fixed for the hearing. The notice shall also state that at the time and place fixed and at such other times and places as the hearing may be continued to, the county legislative authority will sit as a board of equalization for the purpose of considering the schedule and at the hearing or hearings will also consider any objections made thereto, or any part thereof, and will correct, revise, raise, lower, change, or modify the schedule or any part thereof, or set aside the schedule and order that the apportionment be made de novo as to such body shall appear just and equitable, and that at the hearing the board will confirm the schedule as finally approved by them and will levy an assessment against the property described thereon for the amounts as fixed by them. The county legislative authority shall serve by mail, at least ten days before the hearing, upon the commissioner of public lands of the state of Washington a like notice, in duplicate, showing the amount of the cost of the improvements apportioned against all state, school, granted, or other lands owned by the state of Washington in the district. The county legislative authority shall serve a like notice upon the state secretary of transportation showing the amount apportioned against any state primary or secondary highways. Upon receipt of the notice the commissioner of public lands or the secretary of transportation, as the case may be, shall endorse thereon a statement either that he or she elects to accept or that he or she elects to contest the apportionment, and shall return the notice, so endorsed, to the county legislative authority. At or before the hearing any person interested may file with the clerk of the county legislative authority written objections to any item or items of the apportionment. [2013 c 23 § 411; 1983 c 3 § 230; 1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-1.]

Reviser's note: *(1) RCW 85.08.150 was repealed by 1985 c 396 § 87. See RCW 85.38.040, 85.38.050.*

**2** The powers and duties of the commissioner of public lands have been transferred to the department of natural resources. See 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.411.

Additional notes found at www.leg.wa.gov

**85.08.420** Assessment roll—Form—Notice—Publication. Upon the approval of said roll the county auditor shall immediately prepare a completed assessment roll which shall contain, first, a map of the district showing each separate description of property assessed; second, an index of the schedule of apportionments; third, an index of the record of the proceedings had in connection with the improvement; fourth, a copy of the resolution of the board of county commissioners fixing the method of payment of assessments; fifth, the warrant of the auditor authorizing the county treasurer to collect assessments; and sixth, the approved schedule of apportionments of assessments; and shall charge the county treasurer with the total amount of assessment and turn the roll over to the treasurer, for collection in accordance with the resolution of the board of county commissioners fixing the method of payment of assessments. As soon as the assessment roll has been turned over to the treasurer for collection, he or she shall publish a notice in the official newspaper of the county for once a week for at least two consecutive weeks, that the said roll is in his or her hands for collection and that any assessment thereon or any portion of any such assessment may be paid at any time on or before a date stated in such notice, which date shall be thirty days after the date of the first publication, without interest, and the treasurer shall accept such payment as in said notice provided. Upon the expiration of such thirty-day period the county treasurer shall certify to the county auditor the total amount of assessments so collected by him or her and the total amount of assessments remaining unpaid upon said roll. [2013 c 23 § 412;
85.08.430 Payment of assessments—Interest—Lien. After the expiration of said thirty-day period, payment of assessments in full, with interest to the next interest payment date which is more than thirty days from the date of such payment, may be made at any time; PROVIDED, That the aggregate amount of such advance payments in any year, together with the total amount of the assessments due at the beginning of said year, shall not exceed the total amount of the bonds which may be called in that year according to the applicable bond redemption schedule. The treasurer shall accept payments of assessments in advance, in the order tendered, until the limit herein set forth has been reached.

The assessments contained in the assessment roll shall bear interest from the expiration of the thirty-day period at a rate determined by the county legislative authority and interest upon the entire assessment then unpaid shall be due and payable at the time each of said installments becomes due and payable as a part thereof.

The assessments contained in said assessment roll shall be liens upon the property assessed, such lien shall be of equal rank with other liens assessed against the property for local improvements and paramount to all other liens except the lien of general taxes, and shall relate back to and take effect as of the date when the county legislative authority determined to proceed with the construction of the improvement as provided in RCW 85.08.220. [1983 c 167 § 195; 1981 c 156 § 24; 1923 c 46 § 9, part; 1917 c 130 § 32; 1913 c 176 § 30; RRS § 4435-4.]

Additional notes found at www.leg.wa.gov

85.08.440 Appeal from apportionment—Procedure—Appellate review. The decision of the board of county commissioners upon any objections made within the time and in the manner prescribed in RCW 85.08.400 through 85.08.430, may be reviewed by the superior court upon an appeal thereto taken in the following manner. Such appeal shall be made by filing written notice of appeal with the clerk of such board and with the clerk of the superior court of the county in which such drainage or diking improvement district is situated, or in case of joint drainage or diking improvement districts with the clerk of the court of the county in which the greater part of such drainage or diking improvement system lies, within ten days after the order confirming such assessment roll shall have become effective, and such notice shall describe the property and set forth the objections of such appellant to such assessment; and, within ten days from the filing of such notice of appeal with the clerk of the superior court, the appellant shall file with the clerk of said court a transcript consisting of the assessment roll and any or her objections thereto, together with the order confirming such assessment roll, and the record of the board of county commissioners with reference to said assessment, which transcript, upon payment of the necessary fees therefor, shall be furnished by such clerk of the board of county commissioners, and by him or her certified to contain full, true, and correct copies of all matters and proceedings required to be included in such transcript. Such fees shall be the same as the fees payable to the county clerk for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court, the appellant shall execute and file with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with good and sufficient surety, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county or the drainage or diking improvement district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require; within three days after such transcript is filed in the superior court as aforesaid, the appellant shall give written notice to the prosecuting attorney of the county, and to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court of said county shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury. The judgment of the court shall confirm, correct, modify, or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he or she shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. [1983 c 23 § 413; 1988 c 202 § 77; 1971 c 81 § 162; 1921 c 157 § 1; RRS § 4436.]

Rules of court: Cf. RAP 5.2, 8.1, 18.22.

Additional notes found at www.leg.wa.gov

85.08.450 Regularity and validity of proceedings conclusive. Whenever any schedule of apportionment of any drainage or diking improvement district shall have been confirmed, and the assessment therefor shall have been levied, by the board of county commissioners, as provided by RCW 85.08.400 through 85.08.430, the regularity, validity and correctness of the proceedings relating to such improvement, and to the assessment therefor, including the action of the board of county commissioners upon such assessment roll and the confirmation thereof, shall be conclusive in all things upon all parties, and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll in the manner and within the time provided in RCW 85.08.400 through 85.08.430, and not appealing from the action of the board of county commissioners in confirming such assessment roll in the manner and within the time in this chapter provided. No proceeding of any kind shall be commenced or prosecuted for the purpose of defeating or contesting any such assessment, or the sale of any property to pay such assessment, or any certificate of delinquency issued therefor, or the foreclosure of any lien for the preparation and certification of transcripts on appeal to the supreme court or the court of appeals in civil actions. At the time of the filing of the notice of appeal with the clerk of the superior court, the appellant shall execute and file with the clerk of the superior court a sufficient bond in the penal sum of two hundred dollars, with good and sufficient surety, to be approved by the judge of said court, conditioned to prosecute such appeal without delay, and if unsuccessful, to pay all costs to which the county or the drainage or diking improvement district is put by reason of such appeal. The court may order the appellant upon application therefor, to execute and file such additional bond or bonds as the necessity of the case may require; within three days after such transcript is filed in the superior court as aforesaid, the appellant shall give written notice to the prosecuting attorney of the county, and to the clerk of the board of county commissioners that such transcript is filed. Said notice shall state a time (not less than three days from the service thereof) when the appellant will call up the said cause for hearing; and the superior court of said county shall, at said time or at such further time as may be fixed by order of the court, hear and determine such appeal without a jury. The judgment of the court shall confirm, correct, modify, or annul the assessment insofar as the same affects the property of the appellant. A certified copy of the decision of the court shall be filed with the officer who shall have custody of the assessment roll, and he or she shall modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court. A certified copy of the order of the supreme court or the court of appeals upon such appeal shall be filed with the officer having custody of such assessment roll, who shall thereupon modify and correct such assessment roll in accordance with such decision. Appellate review of the judgment of the superior court may be sought as in other civil cases. However, the review must be sought within fifteen days after the date of the entry of the judgment of such superior court.

issued therefor: PROVIDED, That this section shall not be construed as prohibiting the bringing of injunction proceedings to prevent the sale of any real estate upon the grounds:

1. That the property about to be sold does not appear upon the assessment roll, or
2. That said assessment has been paid. [1921 c 157 § 2; RRS § 4437.]

85.08.460 District liable on judgments—Supplemental levy. Any judgment that heretofore has been obtained or that hereafter may be obtained against a county on account of any contract lawfully made by its officials for or on behalf of any drainage, diking, or sewerage improvement district, or on account of the construction or maintenance of any drainage, diking, or sewerage system of a drainage, diking, or sewerage improvement district shall be collected and reimbursed to the county from said improvement district, and the amount of such judgment shall be included in the construction costs of said district: PROVIDED, That if such judgment be recovered after the assessment to pay the construction costs shall have been levied, then the county commissioners are hereby empowered and they shall make a supplemental levy upon the lands of the district, and from the funds collected under such levy said reimbursements shall be made. [1923 c 46 § 10; 1921 c 157 § 3; RRS § 4438.]

85.08.470 District funds. There shall be established in the county treasury of any county in which any drainage or diking or sewerage improvement is established under the provisions of this chapter, appropriate funds as follows:

1. The construction fund, into which shall be paid the proceeds of all bonds or warrants sold and the proceeds of all assessments paid prior to the sale of bonds or warrants. In case no bonds have been issued or warrants have been sold, the proceeds of all assessments levied to pay the cost of construction shall be paid into such fund. All warrants including temporary warrants, issued in payment of cost of construction shall be paid out of such fund.

2. A fund for the redemption of all bonds issued or warrants sold, to be known as the redemption fund, into which shall be paid all proceeds derived from assessments levied to pay cost of construction which shall not have been paid prior to the sale of bonds or warrants, in case bonds have been issued or warrants sold, and also all moneys, if any, remaining in the construction fund after the payment of all warrants drawn against it as above provided. The redemption fund shall be applied, first, to the payment of the interest due upon all such outstanding bonds issued or warrants sold and, second, to the payment of the principal thereof. After the payment of the principal and interest of all such bonds or warrants, the balance, if any, remaining in such fund shall be applied to the payment of any warrants outstanding, including temporary warrants, which may have been issued in payment of cost of construction which for any reason may remain unpaid. Any balance, if any, thereafter remaining shall be paid into the maintenance fund.

3. The maintenance fund, into which shall be paid the proceeds of all assessments for maintenance, and all other funds received by the district which are not required by the provisions of this chapter to be paid into the construction fund or the redemption fund. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-1.]

85.08.480 Collection of assessments—Certificates of delinquency—Foreclosure. The respective installments of assessments for construction or maintenance of improvements made under the provisions of this chapter, shall be collected in the same manner and shall become delinquent at the same time as general taxes, certificates of delinquency shall be issued, and the lien of the assessment shall be enforced by foreclosure and sale of the property assessed, as in the case of general taxes, all according to the laws in force on January 1, 1923, except as hereinafter specifically provided.

The annual assessments or installments of assessments, both for construction and for maintenance and repairs of the diking and/or drainage system shall become due in two equal installments, one-half being payable on or before April 30th, and the other half on or before October 31st; and delinquency interest thereon shall run from said dates on said respective halves of said assessments.

The rate of interest thereon after delinquency, also the rate of interest borne by certificates of delinquency, shall be twelve percent per annum. Certificates of delinquency for any assessment or installment thereof shall be issued upon demand and payment of such delinquent assessment and the fee for the same at any time after the expiration of twelve months after the date of delinquency thereof. In case no certificate of delinquency be issued after the expiration of four years from date of delinquency of assessments for construction costs, or after the expiration of two years from date of delinquency of assessments for maintenance or repairs, certificates of delinquency shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided in chapter 84.64 RCW.

The holder of a certificate of delinquency for any drainage, diking or sewerage improvement district or consolidated district assessment or installment thereof may pay any delinquent general taxes upon the property described therein, and may redeem any certificate of delinquency for general taxes against said property and the amount so paid together with interest thereon at the rate provided by law shall be included in the lien of said certificate of delinquency.

The expense of foreclosure proceedings by the county shall be paid by the districts whose liens are foreclosed: Costs of foreclosure by the county or private persons as provided by law, shall be included in the judgment of foreclosure. [2009 c 350 § 7; 1933 c 125 § 2; 1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-2.]

85.08.490 Title acquired at sale—Foreclosure for general taxes—Lien of assessments preserved. The purchaser, upon the foreclosure of any certificate of delinquency for any assessment or installment thereof, shall acquire title to such property subject to the installments of the assessment not yet due at the date of the decree of foreclosure, and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state.

The holder of any certificate of delinquency for general taxes may, before commencing any action to foreclose the lien of such certificate, pay in full all drainage or diking or sewerage improvement district assessments or any install-
ment thereof due and outstanding against the whole or any portion of the property included in such certificate of delinquency and the amount of all assessments so paid together with interest at ten percent per annum thereon shall be included in the amount for which foreclosure may be had; or, if he or she elects to foreclose such certificate without paying such assessments in full, the purchaser at such foreclosure sale shall acquire title to such property subject to all such drainage or diking or sewerage improvement district assessments. Any property in any drainage or diking or sewerage improvement district sold under foreclosure for general taxes shall remain subject to the lien of all drainage and diking or sewerage improvement district assessments or installments thereof not yet due at the time of the decree of foreclosure and the complaint, decree of foreclosure, order of sale, sale, certificate of sale and deed shall so state. [2013 c 23 § 414; 1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-3.]

85.08.500 Resale or lease by county—Disposition of proceeds—Tax statements. Property subject to a drainage or diking or sewerage improvement district assessment, acquired by a county pursuant to a foreclosure and sale for general taxes, when offered for sale by the county, shall be offered for the amount of the general taxes for which the same was struck off to the county, together with all drainage or diking or sewerage improvement district assessments or installments thereof, due at the time of such resale, including maintenance assessments, and supplemental assessments levied pursuant to the provisions of RCW 85.08.520, coming due while the property was held in the name of the county; and the property shall be sold subject to the lien of all drainage or diking or sewerage improvement district assessments or installments thereof not yet due at the time of such sale, and the notice of sale and deed shall so state. PROVIDED, That the county board may in its discretion, sell said property at a lesser sum than the amount for which the property is offered in the notice of sale. The proceeds of such sale shall be applied first to discharge in full the lien or liens for general taxes for which said property was sold, and the remainder, or such portion thereof as may be necessary, shall be applied toward the discharge of all drainage or diking or sewerage improvement district assessment liens upon such property, and the surplus, if any, shall be applied toward the payment of any delinquent or due local assessments or local assessment installments outstanding against the property levied by any authority other than that of the county, taking them in the order of their maturities, beginning with the earliest; after which if any money remains the treasurer shall hold the same for the person whose interest in the property entitles him or her thereto. If there be no purchaser, the property shall again be offered for sale within one year thereafter, and shall be successively offered for sale each year until a sale thereof be effected.

Property struck off to or bid in by a county may be leased pursuant to resolution of the county commissioners on such terms as the commissioners shall determine for a period ending not later than the time at which such property shall again be offered for sale as required by law. Rentals received under such lease shall be applied in the manner hereinabove provided for the proceeds of sale of such property. All statements of general state taxes where drainage, diking, or sewer improvement district assessments against the land described therein are due shall include a notation thereon or be accompanied by a statement showing such fact. [2013 c 23 § 415; 1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-4.]

85.08.510 Invalid levy—Reassessment. Whenever any improvement, any extension or betterment thereof shall have been constructed in whole or in part, either heretofore in a district established or attempted to be established under and by virtue of *chapter 66 of the Laws of 1901, or in a district heretofore or hereafter established or attempted to be established under this chapter, and the assessment therefor or any part thereof shall be invalid by reason of any omission, irregularity or defect in any proceeding whatever, a reassessment shall be made upon the property benefited by the improvement to provide a fund for the payment of the costs thereof, and any bonds or warrants issued therefor in the following manner:

The board of county commissioners shall by order cause the clerk of the board to compile and file with the board an itemized statement of the total cost of the improvement in the manner prescribed by RCW 85.08.360. Upon the filing of such statement the same proceedings shall be had assessing the costs of said improvement against the lands benefited thereby and the counties, cities and towns within the district, as are prescribed by RCW 85.08.360 and **subsequent sections of this act. In case no bonds have been issued or warrants sold to pay the costs of said improvement, the same may be issued and sold and disposed of as hereinafoe provided. In case an assessment for such improvement shall have been heretofore made or attempted, and any payment has been made thereon, proper credit for the amount of such payment shall be made upon the reassessment. [1923 c 46 § 11, part; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-5.]

Reviser’s note: *(1) “chapter 66 of the Laws of 1901” refers to a prior drainage district law which was repealed by the basic act, 1913 c 176, codified in this chapter; see 1913 c 176 §§ 39, 40; see notes following chapter digest.

**(2) The language “subsequent sections of this act” first appears in 1917 c 130 § 33 amending 1913 c 176 § 31. The 1917 amendatory act was a 39 section act with sections 34 through 39 being codified as RCW 85.08.530, 85.08.540, 85.08.560, and 85.08.680. Section 34 thereof was repealed by 1949 c 26 § 18 and new subject matter thereof is chapter 85.16 RCW. Section 39 was a construction section. The basic act in chapter 176, Laws of 1913 was a 42 section act with sections 32 through 41 being codified as RCW 85.08.530, 85.08.540, 85.08.560, 85.08.570, 85.08.670, and 85.08.680. Section 32 was repealed in the 1949 act and the new subject matter is in chapter 85.16 RCW. The other sections being construction sections are footnoted herein following the chapter digest. Notice that this section itself was a single section in the basic act of 1913 but it was divided into separate sections in 1923 c 46 § 11 codified herein as RCW 85.08.470 through 85.08.520.

85.08.520 Supplemental assessments. If upon the foreclosure of the assessment upon any property the same shall not sell for enough to pay the assessment against it, or if any property assessed was not subject to assessment, or if any assessment made shall have been eliminated by foreclosure of a tax lien or made void in any other manner, the board of county commissioners shall cause a supplemental assessment to be made on the property benefited by the improvement, including property upon which any assessment shall have

[Title 85 RCW—page 38]
been so eliminated or made void, and against the county, cities, and towns chargeable therewith in the manner provided for the original assessment, to cover the deficiency so caused in the original assessment.

If by inadvertence or for any cause the assessment levied shall be found to be insufficient to meet the entire cost of construction, a supplemental assessment shall be made by the board of county commissioners upon the lands of the district in the same proportion as the original assessment is levied, same being spread over not to exceed three years as the commissioners may determine.

Duplicate assessments or other errors that may by inadvertence be found to have been incorporated in the assessment roll may be corrected by order of the county commissioners upon same being certified to them by the treasurer. [1923 c 46 § 11; 1917 c 130 § 33; 1913 c 176 § 31; RRS § 4439-6.]

85.08.530 Levies against county, city or town, how paid. The amount of the costs of construction or maintenance of any system of improvement assessed against any city, town or county may be met by levies to be paid in similar installments and extending over a like period of time as the assessments against property benefited are spread, or such amounts may be met by the issue and sale of the bonds of such city, town or county in the manner in which bonds to meet general indebtedness of such city, town or county are issued. The proper authorities of such city, town or county shall make the necessary levies to meet such amounts thus apportioned thereto as a general levy on all property therein. [1917 c 130 § 35; 1913 c 176 § 33; RRS § 4441.]

85.08.540 Abandonment or change in system—Subdistricts. Upon a petition and bond being filed by one or more landowners, either within or without the boundaries of a district, and like proceedings being had as in the case of the original establishment and construction of a system of improvement, the county commissioners may declare any system of improvement or any part thereof, abandoned or may strike from the district lands no longer benefited or served thereby, or they may cause any system of improvement to be altered, reduced, enlarged, added to or in any other manner bettered or improved, either within or without the district, and to effect such subsequent improvements, may exercise any of the powers which are in this chapter, or may be hereafter conferred upon such districts. But the striking of any lands from a district shall not in any way affect any assessment theretofore levied against such lands. When such improvements shall have been completed the costs thereof shall be apportioned and assessed against the lands benefited thereby in the manner hereinbefore provided for such apportionment and assessment in the case of original proceedings. New lands assessed for any such improvement shall become a part of such district. The construction and maintenance of any such new improvement, unless let by contract by the board of county commissioners, shall be under the direction of the board of supervisors of the district in which they are made or to which said improvement is added. The lands assessed for such new improvements, of less than the entire district, shall be designated, alphabetically, "subdistrict . . . . of . . . . improvement district No. . . . ." [1917 c 130 § 36; 1913 c 176 § 34; RRS § 4442.]

85.08.560 Extension of existing system—Apportionment of cost. When any extension of or addition to any existing system of improvement shall be thus constructed, the cost thereof shall be assessed to all the property, counties, cities and towns in the enlarged district benefited thereby in proportion to the benefits received therefrom. Any new lands thus brought into the district shall be assessed in addition a proper and equitable share of the then value of the original system of improvement in proportion to the benefits which such new lands derive therefrom. In determining the value to be so assessed the board of appraisers shall take into consideration the amount, if any, which the property to be assessed has already paid toward the construction of the original system and all other matters that may be pertinent. If at any time it shall appear to the board of supervisors of any drainage or diking improvement district that any lands without the boundaries of such district are being benefited by the improvements of the district and are not being assessed for the benefits received, they shall file a petition with the board of county commissioners praying the benefits received by such lands be determined and an assessment made upon such lands for the benefits so received. Thereupon, the board of county commissioners shall appoint a board of appraisers as provided in RCW 85.08.360 for the apportionment of the cost of construction of the original system of improvement, and an apportionment of the then value of the improvements of the district shall be made to such lands in proportion to the benefits received therefrom as nearly as may be in the manner provided for the apportionment of the cost of the original system of improvement. In determining what share of the value of the improvements of the district shall be apportioned to such lands the board of appraisers shall take into consideration the benefits already received by such lands and all other matters that may be pertinent. The amount of the value of the original system assessed upon any new property brought within the district shall be rebated pro rata upon the assessments, if any, outstanding against the lands of the district on account of the construction of such original system. If the assessment against any land has been paid in full, or if the assessment remaining outstanding against such land is less than the rebate apportioned to such land, the amount so rebated or excess of rebate over assessment shall be paid into the maintenance fund of the district and a proper credit on any existing or future assessment for maintenance shall be entered in favor of the land entitled thereto. The lands in the original district shall remain bound for the whole of the original unpaid assessment thereon for the payment of any outstanding unpaid warrants or bonds secured to be paid by such assessments. [1917 c 130 § 37; 1913 c 176 § 35; RRS § 4443.]

85.08.565 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which diking, drainage, or sewerage improvement districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which diking, drainage, or sewerage improvement districts created after July 28, 1985,
may measure and impose special assessments and adopt budgets. [1985 c 396 § 26.]

Additional notes found at www.leg.wa.gov

85.08.570 Districts in two or more counties—Notice—Hearings. When a drainage, diking, or sewerage system is proposed which will require a location, or the assessment of lands, in more than one county, application therefor shall be made to the board of county commissioners in each of said counties, and the county engineers shall make preliminary reports for their respective counties. The lines of such proposed improvement shall be examined by the county engineers of the counties wherein said improvements will lie, jointly. The hearings in regard to such improvements, provided for by RCW *85.08.150, and 85.08.400 through 85.08.430 shall be had by the boards of county commissioners of the two counties in joint sessions, and all other matters required to be done by the county commissioners in regard to such improvement and the improvement district shall be had and done by the boards of county commissioners of the counties wherein such system of improvements shall lie, either in joint session at such place as the said board shall order, or by concurrent order entered into by the said boards at their respective offices. Notice of the hearings shall be given by the auditors of both counties jointly by publication in the official paper of each of said counties. The county engineer of the county wherein the greatest length of drainage, diking, or sewerage system will lie, shall have charge of the engineering work and be ex officio a member of the boards in this chapter provided for. The schedule of apportionment shall be prepared in separate parts for the land in the respective counties; and that part of said roll containing the assessments upon the lands in each respective county shall be transmitted to the treasurer thereof, and the treasurer of said county shall give notice of said assessments as provided in RCW 85.08.400 through 85.08.430, and shall collect the assessments therein contained and shall also extend and collect the annual maintenance levies of said district upon the lands of said district lying in his or her county. The auditor of the county in which the greater length of the drainage, diking, or sewerage system shall lie shall act as clerk of the joint session of the boards of county commissioners, and shall issue the warrants of the improvement district, and shall attest the signatures of the two boards of county commissioners on the bonds. He or she shall furnish to the auditor of the other county duplicate copies of the records of proceedings of such joint sessions. Duplicate records of all proceedings had and papers filed in connection with such improvements shall be kept, one with the auditor of each county. Protests or other papers filed with the auditor who is not clerk of the joint sessions shall be forwarded forthwith by him or her to the auditor who acts as clerk of such joint sessions. The treasurer of said county shall register and certify and pay the warrants and the bonds, and shall have charge of the funds of the district; and to him or her, the treasurer of the county in which the lesser portion of such system of improvements lie, shall remit semiannually, in time for the semiannual warrant and bond calls, all such collections made in such other county. A drainage, diking, or sewerage improvement district lying in more than one county shall be designated "joint drainage (or diking) or sewerage improvement district No. . . . of . . . . and . . . . coun-
ties." All proceedings in regard to joint drainage, diking improvement districts, which have heretofore been had and done substantially in accordance with the amendatory provisions of this chapter are hereby approved and declared to be valid. [2013 c 23 § 416; 1923 c 46 § 13; 1921 c 157 § 6; 1913 c 176 § 38; RRS § 4446.]

*Reviser's note: RCW 85.08.150 was repealed by 1985 c 396 § 87. See RCW 85.38.040, 85.38.050.

85.08.630 Waters developed—Defined—Disposal of. The use of any waters developed by the drainage system of any drainage improvement district shall be subject to the control of the drainage improvement district and such district shall have the right to dispose of and contract for the use of such waters for irrigation or other uses, as hereinafter provided: PROVIDED, That the waters developed by any existing drainage system, and the waters developed by any drainage system hereafter constructed which shall remain undisposed of for three years after the completion of the improvement and the levy of the assessment to pay the cost thereof, shall not be subject to disposal by such district where such waters shall have been appropriated by any person at a point below the outlet of the drainage system of such district. The term "waters developed" as used in this chapter shall not be held to include surface waste waters from irrigation. [1917 c 130 § 7; RRS § 4455.]

85.08.640 Waters developed—Contracts for use and sale. The board of supervisors may enter into any contract for the use, sale or disposal of such waters that in their judgment shall be for the best interests of the district; but no such sale, contract or disposition shall be made except by the unanimous vote of the board. The district shall not guarantee nor warrant the amount or flow of, nor the title to, such waters; and no use, sale or disposition of such waters shall be lawful that will interfere with the efficiency of said drainage system. [1917 c 130 § 8; RRS § 4456.]

85.08.650 Waters developed—Application for use. Any person or corporation desiring to acquire and use the waters developed by any drainage system, may make application therefor in writing to the board of supervisors of the district, accompanying such application with a bond to be approved by the board, conditioned that the applicant will pay the costs of the investigation and hearing in case no disposal of said waters be made thereat. Successive applications and proceedings may be made and had as long as there is any water remaining undisposed of in said drainage system. [1917 c 130 § 9; RRS § 4457.]

85.08.660 Waters developed—Notice of hearing—Form of application—Bond. When any such application shall be filed, the board of supervisors of the district shall cause to be published in the county official paper, once a week for three successive weeks prior to the date of the hearing hereinafter referred to, a notice fixing the time and place within the district when the board will hear and consider such applications. All applications shall be in writing and contain a statement of the proposed use to be made of the water, specifying the time, place and manner of such proposed use; and in entering into any such contract, the board of supervisors of
the district may require such security as they may deem reasonable for the proper construction and installation of works of diversion and for the use of said water by the party proposing to use the same. [1917 c 130 § 10; RRS § 4458.]

85.08.670 Prosecuting attorney—Duties. It shall be the duty of the prosecuting attorney of each county to prepare suitable blanks for the use of the board of county commissioners under this chapter, not otherwise provided for, and to advise the board of county commissioners and other officers of the county and the boards provided for by this chapter in regard to the proceedings and in the performance of their duties under this chapter, and perform such other duties as in this chapter provided and required. [1913 c 176 § 36; RRS § 4444.]

85.08.680 Rules and regulations. The board of supervisors of each district shall make reasonable rules and regulations whereby any owner of land in the district may make connection for drainage, or sewerage purposes, with any drainage, or sewerage system thereof. They shall also maintain and keep efficient the system of improvement of the district. [1923 c 46 § 12; 1917 c 130 § 38; 1913 c 176 § 37; RRS § 4445.]

85.08.690 Penalty for injury to or interference with improvement. Every person who shall wilfully damage or interfere with the operation of any dikes, drains, ditches or other improvements of any diking or drainage improvement district shall be guilty of a misdemeanor. [1917 c 130 § 11; RRS § 4459.]

85.08.820 Drainage bonds owned by state—Cancellation of interest and assessments—Levy omitted. Whenever the department of ecology shall have purchased and the state of Washington owns the entire issue of any series of bonds of any county in the state, the payment of which is to be made from and is secured by assessments upon the property included within any drainage improvement district organized and existing in such county, and it shall appear to the satisfaction of the director of ecology that owing to and by reason of the nature of the soil within and the topography of such drainage improvement district the lands contained therein were not or will not be drained sufficiently to permit the cultivation thereof within the time when assessments for the payment of the interest on said bonds and to constitute a sinking fund to retire said bonds as provided by law became or will become due, and that by reason thereof the owners of said lands were or will be unable to meet said assessment, the director of ecology shall have the power and he or she is hereby authorized under such terms and conditions as he or she shall deem advisable to enter into a contract in writing with the board of county commissioners of the county issuing such bonds, waiving the payment of interest upon such bonds from the date of their issue for not to exceed five years, and extending the time of payment of said bonds for not to exceed five years; and upon the execution of said contract the board of county commissioners of said county shall have the power and is hereby authorized to cancel all assessments made upon the lands included within such drainage improvement district for the payment of principal and/or interest on said bonds prior to the date of said contract, and to omit the levy of any assessments for said purposes until the expiration of the time of the waiver of interest payments upon said bonds specified in said contract. [2013 c 23 § 417; 1988 c 127 § 38; 1925 ex.s.c 140 § 1; RRS § 4332-1.]

85.08.830 Merger of improvement district with irrigation district—Authorized. Whenever a drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within an irrigation district or irrigation districts desires to merge with an irrigation district or irrigation districts in which lands of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district are located, it may petition the board or boards of county commissioners, as the case may be, to do so: PROVIDED, That only that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district within a particular irrigation district may merge with the irrigation district within which it is situated. [1957 c 94 § 2.]

Merger of improvement district with irrigation district: RCW 87.03.720 through 87.03.745.

85.08.840 Merger of improvement district with irrigation district—Jurisdiction to hear, supervise, and conduct proceedings—Clerk, notice, records. The boards of county commissioners of the counties in which a joint drainage improvement district is situated shall have jurisdiction in joint session to hear, supervise, and conduct the merger proceedings relating to such a district. The auditor of the county in which the greater length of the system of improvements lies shall act as clerk of the joint sessions of the boards of county commissioners, and shall give the notice provided for in RCW 85.08.870. He or she shall furnish to the auditor of the other county duplicate copies of the records of proceedings of the joint sessions. Duplicate records of all proceedings had and papers filed in connection with the merger of a joint drainage improvement district shall be kept with the auditor of each county. The board of county commissioners of the county in which a drainage improvement district or consolidated drainage improvement district is situated shall have exclusive jurisdiction to hear, supervise, and conduct merger proceedings relating to such districts. [2013 c 23 § 418; 1957 c 94 § 3.]

85.08.850 Merger of improvement district with irrigation district—Petition—Signing—Presentation. The petition requesting the merger shall be signed by the board of supervisors of, or by ten landowners located within, the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and presented to the clerk or clerks of the appropriate county legislative authority or authorities, at a regular or special meeting. [2001 c 149 § 2; 1996 c 313 § 1; 1957 c 94 § 4.]

85.08.860 Merger of improvement district with irrigation district—Assent by irrigation district—Election, order, notice. If it appears to the board or boards of county commissioners that all portions of the drainage improvement district, joint drainage improvement district, or consolidated
drainage improvement district will, as a result of the proceedings, be merged with the irrigation district or irrigation districts and that the board or boards of directors of the irrigation district or irrigation districts into which the drainage improvement, joint drainage improvement district, or consolidated drainage improvement district will be merged, which irrigation district or irrigation districts shall be named in the petition, are agreeable to the merger, and that the assent or assents thereto, in writing, by said irrigation district board or boards have been filed with the board or boards of county commissioners, the board or boards of county commissioners shall order an election to be held in the drainage improvement district, joint drainage improvement district or consolidated drainage improvement district to approve or disapprove the merger and shall fix the time thereof and cause notice to be published. [1957 c 94 § 5.]

85.08.870 Merger of improvement district with irrigation district—Notice, contents—Election, ballots. The notice shall be given and the election conducted in the manner, so far as is applicable, as for the election of members of the board of supervisors of a drainage improvement district. The notice shall advise of the election so ordered and the date, time and place thereof, state the filing of the petition, the names of those signing the petition and prayer thereof, and shall require the voters to cast ballots with the words "Merger, Yes" or "Merger, No." [1957 c 94 § 6.]

85.08.880 Merger of improvement district with irrigation district—Proceedings and costs on approval or disapproval. If a majority of the votes cast favor merger, the board or boards of county commissioners shall enter an order approving the petition and ordering the merger and file a certified copy thereof with the county auditor or auditors of the county or counties in which the district is situated, and the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district shall thereupon be dissolved and its system of improvements vested in the irrigation district or irrigation districts without further proceedings. If a majority of the votes cast are against merger, the board of commissioners shall enter an order dismissing the proceedings. If the merger is approved, the expenses of the county or counties in connection with the election will be paid by the irrigation district or irrigation districts, with each irrigation district, if there is more than one, paying the same portion of the expenses as that portion of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district which is merged into the irrigation district. If the merger is not approved, the expenses of the county or counties in connection with the election will be paid by the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district. [1957 c 94 § 7.]

85.08.890 Merger of improvement district with irrigation district—Prior indebtedness. None of the indebtedness of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district, or of the drainage improvement districts taken into the consolidated drainage improvement district, shall be affected by the merger and dissolution, and all lands liable to be assessed to pay such indebtedness shall remain liable to the same extent as if the merger and dissolution had not taken place, and all assessments theretofore levied shall remain unimpaired and shall be collected in the same manner as if no merger had taken place. The board or boards of directors of the irrigation district or irrigation districts with which the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district was merged shall have all the powers possessed at the time of the merger by the board of supervisors of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district and the board or boards of county commissioners may levy and cause to be collected any and all assessments against any of the lands formerly within the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district necessary for the payment of all indebtedness thereof, and of the drainage improvement districts taken into the consolidated drainage improvement district. Until the assessments are collected and all indebtedness of each drainage improvement district or joint drainage improvement district included in the merger, either as such or, in the case of the former, as a part of a consolidated drainage improvement district, is paid, separate funds shall be maintained for each such drainage improvement district or joint drainage improvement district as were maintained before the merger. [1957 c 94 § 8.]

85.08.895 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Diking or drainage improvement districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 13.]

Additional notes found at www.leg.wa.gov

85.08.900 Alternative methods of formation of improvement districts. Whenever an improvement district is sought to be established, in addition to the procedures authorized by this chapter there may be employed any other method authorized by law for the formation of districts or improvement districts so that the improvement district will qualify under the provisions of chapter 89.16 RCW. [1959 c 104 § 6.]

85.08.905 Sewerage improvement districts—Powers. Sewerage improvement districts may investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities to collect, treat, and dispose of sanitary, industrial, and other sewage. Such facilities include on-site and off-site sewerage facilities, including approved septic tanks or septic tank systems. [1985 c 396 § 30.]

Additional notes found at www.leg.wa.gov

85.08.910 Sewerage improvement districts located in counties with populations of from forty thousand to less than seventy thousand become water-sewer districts. See RCW 57.04.120.
85.12.010 Commissioners may accept federal aid, or contract for work by federal agency—No bond required.
Whenever, under the provisions of any act of the congress of the United States, the corps of engineers of the United States army, or any other agency of the United States, shall be authorized to reconstruct, improve, repair or maintain any system of improvements of any diking, drainage or sewerage improvement district under the laws of the state of Washington, the board of county commissioners of the county in which such district is situated, on behalf of such district may consent to and permit the United States, or any agency thereof, to perform any work or service upon or with regard to such district's system of improvements which shall by the board be found to be for the benefit of such district and the property therein, or, if the enlargement, betterment or other improvement of such district's system of improvements, or the performance of extraordinary maintenance work upon or with respect to its existing system of improvements shall have been authorized, the board may contract, on behalf of said district, upon such terms as may be agreed upon by the United States and the board for the performance of the work so authorized by said corps of engineers, or other agency of the United States. No bond shall be required by the district for any work performed by or under the supervision of said corps of engineers, or other agency of the United States. [1949 c 175 § 2; RRS § 4459-51.]

85.12.030 Disposition of federal aid funds. If at any time, whether prior or subsequent to the making of any contract authorized by the preceding section, there shall be made available and paid to a district fund appropriated by the congress of the United States to pay the costs and expenses of reconstruction, improvement, repair or maintenance of the district's system of improvements or any part thereof, said funds shall be paid into the district's maintenance or construction fund, according as the work is maintenance or new construction, and thereafter used and disbursed upon the order of the board, provided that if the district shall have theretofore issued extraordinary maintenance warrants or maintenance bonds or construction bonds, said funds shall be used to pay and retire said bonds or warrants to the extent of said funds. When all said warrants or bonds have been paid, the assessment levied to pay said warrants or bonds, or those installments of such assessment not then due and payable, shall be canceled. If the funds made available and paid to the district by the United States shall be more than sufficient to pay and retire all then outstanding warrants or bonds issued to pay the cost of the particular work, whether maintenance or new construction, then the excess of such federal aid funds, up to the amount of the total of the assessments to pay for such work theretofore paid, shall be paid by the treasurer to those who have paid such assessment or assessments in the proportion that the total of all such assessments paid by any one bears to the total of all such assessments theretofore paid, and any balance of such federal aid funds remaining shall become and be part of the maintenance fund of the district. Any assessment or installment of assessment not canceled under the provisions hereof, or any balance thereof which when collected shall not be required for the payment of interest or principal of any of said warrants or bonds, shall, after all said warrants or bonds have been paid, be paid into and become part of the maintenance fund of the district. [1949 c 175 § 2; RRS § 4459-51.]

Chapter 85.15 RCW
DIKING, DRAINAGE, SEWERAGE IMPROVEMENT DISTRICTS—1967 ACT

85.15.010 Declaration of purpose. The maintenance, enlargement and extension of diking, drainage and sewerage improvement districts formed under chapter 85.08 RCW is essential to the public welfare and economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete, expensive and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of their systems of improvement. [1967 c 184 § 2.]

Additional notes found at www.leg.wa.gov

85.15.020 Definitions. As used in this chapter:
"District" means a diking, drainage or sewerage improvement district organized under chapter 85.08 RCW.
"Maintenance" means and includes not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's systems of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also the making of such changes in and betterments to the
original works, improvements and installations as shall, sub-
ject to approval of the board of county commissioners, be by
the board deemed necessary to put the systems of improve-
ments into such condition as will provide protection and ser-
vices as contemplated and intended by the original construc-
tion and any enlargement and extensions thereof thereafter
made. [1967 c 184 § 3.]

85.15.030 Property roll—Basis and requisites—Sep-
arate levies for prior indebtedness. To operate under this
chapter, the board of commissioners of the improvement
district shall cause to be prepared and filed with the board of
county commissioners a property roll. The roll shall contain:
(1) A description of all properties benefited and improve-
ments thereon which receive protection and service from the
systems of the district with the name of the owner or the
reputed owner thereof and his or her address as shown on the
tax rolls of the assessor or treasurer of the county wherein
the property is located and (2) the determined value of such land
and improvements thereon as last assessed and equalized by
the assessor of such county or counties. Such assessed and
equalized values shall be deemed prima facie to be just, fair,
and correct valuations against which annual taxes shall be
levied for the operation of the district and the maintenance
and expansion of its facilities.

If property outside of the limits of the original district are
upon the roll as adopted ultimately, and the original district
has outstanding bonds or long-term warrants, the board of
county commissioners shall set up separate dollar rate levies
for the full retirement thereof. [2013 c 23 § 419; 1973 1st
ex.s. c 195 § 111; 1967 c 184 § 4.]

Additional notes found at www.leg.wa.gov

85.15.040 Public hearing—Notice, publication.
When a property roll is filed with the county legislative
authority, the county legislative authority shall hold a public
hearing to determine whether the facts and conditions hereto-
fore recited in this chapter as a prerequisite to its application
do or do not exist, and shall give notice of hearing as follows:
The notice shall be published at least once a week for
two consecutive weeks in a newspaper having general circu-
lation in the area involved. The last publication shall be more
than十五 days prior to date of hearing. [1985 c 469 § 75;
1967 c 184 § 5.]

85.15.050 Written objections—Filing—Grounds—
Waiver. Any person, owner or reputed owner having any
interest in any property against which the board of county
commissioners seeks to make a protection and service charge
under this chapter, may object thereto. All such objections
must be in writing and filed with the board of county com-
misioners before the hearing is commenced upon the roll
containing such properties and must state clearly the grounds
of such objection. Objections not made within this time and
in this manner shall be deemed conclusively to have been
waived. [1967 c 184 § 6.]

85.15.060 Reexamination of properties on roll—
Adjustment, periodic revision, of valuations. The board of
county commissioners may at any time reexamine the proper-
ties on any roll, and upon receipt of a petition from the board
of supervisors of the district or the written request of a prop-
erty owner shall do so. If it is found that the condition of such
property or properties has changed so that such property
should be eliminated from any rolls on file, or the valuation
against which dollar rate is levied should be lowered, it shall
so determine and enter an order adjusting the valuation as to
such properties and shall certify and file a copy thereof with
the treasurer of the county wherein the property is situated,
and the treasurer shall alter and change the existing rolls
accordingly. Valuations may be revised periodically to
reflect changes in real property valuations by the county
assessor. [1973 1st ex.s. c 195 § 112; 1967 c 184 § 7.]

Additional notes found at www.leg.wa.gov

85.15.070 Roll constitutes valuations against which
levy made and collected—Hearing on adjustments. The
roll approved and certified to the county officers by the board
of county commissioners as in this chapter provided shall
constitute the valuations of land, buildings and improvements
furnished protection and services by the systems of the dis-
trict against which valuation taxes shall be levied and col-
lected annually in the same manner as general taxes for the
continuing operations of the district and its systems. The val-
uations on said roll shall be subject to adjustment from time
to time in the manner provided in RCW 85.15.060.

The board of county commissioners shall hold a hearing
on such adjustments at the county seat at the time of equaliza-
tion of real property assessments for the purpose of consider-
ing written objections to any revision of valuations filed at
least ten days prior to the hearing and shall give published
notice only of such hearing as provided in RCW 85.15.040.
[1973 1st ex.s. c 195 § 113; 1967 c 184 § 8.]

Additional notes found at www.leg.wa.gov

85.15.080 Roll and proceedings conclusive—Reme-
dies. Wherever any roll shall have been adopted by the board
of county commissioners, the regularity, validity and correct-
ness of the proceedings relating thereto shall be conclusive
upon all parties, and it cannot in any manner be contested or
questioned in any proceeding whatsoever by any person not
filing written objections to the roll as provided in RCW
85.15.050 and appealing from the action of said board in con-
firming the roll in the manner and within the time in this
chapter provided. No proceeding of any kind, except pro-
ceedings had throughout the process of appeal as in this chap-
ter provided, shall be commenced or prosecuted or may be
maintained, for the purpose of defeating or contesting any
assessment or charge made through levies under this chapter,
or the sale of any property to pay such charges: PROVIDED,
That suit in injunction may be brought to prevent collection
of charges of assessments or sale of property thereunder upon
the following grounds and no other:
(1) That the property charged or about to be sold does not
appear upon the district roll, or
(2) The charge has been paid. [1967 c 184 § 9.]

85.15.090 Review by superior court—How taken.
The decision of the board of county commissioners upon any
objection made within the time and in the manner prescribed
may be reviewed by the superior court of the county wherein
the property in question is located, upon appeal thereto taken
in the following manner: Any person aggrieved must file his or her petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the county treasurer. The petition shall describe the property in question, shall set forth the written objections which were made to the decision, and the date of filing of such objections, and shall be signed by such party or someone in his or her behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [2013 c 23 § 420; 1967 c 184 § 10.]

85.15.100 Review by superior court—Transcript—Contents—Filing. Within ten days from the filing of such petition for review, the county treasurer, unless the court shall grant additional time, shall file with the clerk of the superior court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before the roll was adopted, and a copy of the resolution adopting the roll. [1967 c 184 § 11.]

85.15.110 Review by superior court—Filing fees—Bond—Priority of cause. The county clerk shall charge the same filing fees for petitions for review as in civil actions. At the time of the filing of such a petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of the court, conditioned upon his or her prosecuting his or her appeal without delay and to guarantee all costs which may be assessed against him or her by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set the cause for trial at the earliest time available to the court, fixing a date for hearing and trial without a jury. The cause shall have preference over all civil actions pending in the court except eminent domain and forcible entry and detainer proceedings. As assessment collections are made, the county clerk shall charge the same to the funds of the district. As assessment collections are made a part of any general tax foreclosure proceedings, such warrants so issued shall be valid and legal obligations of the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made available, and shall cause its chair or secretary to file the same with the board of county commissioners of the district containing the district and other benefited area. The board of county commissioners shall, on or before the first Monday in October next ensuing, certify the amount of the district’s estimate, or such amount as it shall deem advisable, to the county treasurer. The amount so certified shall be applied by the regular taxing agencies against the benefit valuation of lands, buildings and improvements as shown by the then current complete roll of such properties certified to and filed with such county treasurer by the board of county commissioners. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of the district. [2013 c 23 § 422; 1967 c 184 § 16.]

85.15.120 Review by superior court—Scope—Judgment. At the trial the court shall determine whether the board of county commissioners has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county treasurer, who shall change, modify, or correct the roll as and if required by the judgment. [1967 c 184 § 13.]

85.15.130 Appellate review. Appellate review may be sought as in other civil cases: PROVIDED, That review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals may change, conform, correct, or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county treasurer having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such judgment as and if required. [1988 c 202 § 78; 1971 c 81 § 163; 1967 c 184 § 14.]

Additional notes found at www.leg.wa.gov

85.15.140 Levy is for continuous benefits to protected property. The dollar rate levies collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection and services. [1973 1st ex.s. c 195 § 114; 1967 c 184 § 15.]

Additional notes found at www.leg.wa.gov

85.15.150 Annual estimate of costs—Levy added to general taxes—Delinquencies—Disposition of revenue. The board of any improvement district proceeding under this chapter shall, on or before the first day of September of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of the district during the ensuing year and until further revenue therefor can be made available, and shall cause its chair or secretary to file the same with the board of county commissioners of the county containing the district and other benefited area. The board of county commissioners shall, on or before the first Monday in October next ensuing, certify the amount of the district’s estimate, or such amount as it shall deem advisable, to the county treasurer. The amount so certified shall be applied by the regular taxing agencies against the benefit valuation of lands, buildings and improvements as shown by the then current complete roll of such properties certified to and filed with such county treasurer by the board of county commissioners. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the same to the funds of the district. [2013 c 23 § 422; 1967 c 184 § 16.]

85.15.160 Emergency expenditures—Warrants. In the case of an emergency or disaster occurring after the time of making the annual estimate of costs, declared to be such by resolution of the board, the board of the district may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by districts and the servicing thereof. All such warrants so issued shall be valid and legal obligations of the district and its taxable lands and improvements as shown upon the then current roll of the district filed with the county treasurer. [1967 c 184 § 17.]

85.15.170 Concurrent use of other methods of raising revenue. Any diking, drainage, or sewerage improvement district operating under this chapter shall not use concurrently the processes provided for raising revenue for mainte-
Chapter 85.16 Title 85 RCW: Diking and Drainage

Maintenance purposes under any other law: PROVIDED, That any other method of raising such revenue provided by law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedures of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1967 c 184 § 18.]

Chapter 85.16 RCW
MAINTENANCE COSTS AND LEVIES—IMPROVEMENT DISTRICTS

Sections
85.16.010 Definitions.
85.16.020 Maintenance estimate and levy.
85.16.030 Excess expenditures.
85.16.040 Determination of special benefits—Hearing.
85.16.050 Notice of hearing.
85.16.060 Appraisal of special benefits.
85.16.070 Factors to be considered in making appraisal—Report and schedule.
85.16.080 Separate appraisals and schedules for diking and drainage benefits.
85.16.090 Conduct of hearing on appraisers' report—Correction, etc., of schedules.
85.16.100 Approval of schedules—Separate funds for diking, drainage systems.
85.16.110 Roll of benefits—Benefits to be basis of levies.
85.16.120 Levy for extraordinary expenditures—Appraisal and hearing.
85.16.130 Other provisions shall apply—Exceptions.
85.16.140 Errors assessment—Correction.
85.16.150 Severability—1949 c 26.

85.16.010 Definitions. As used in this chapter:
(1) "Appraisers" means the board of appraisers;
(2) "Supervisors" means the district board of supervisors;
(3) "Board" means the board of county commissioners;
(4) "Auditor" means the county auditor;
(5) "Treasurer" means the county treasurer; and
(6) "Maintenance", "maintenance of the system of improvements", "maintenance work", and other terms of similar import, mean and include not merely operating expenses and such upkeep and other work commonly classed as maintenance as shall be necessary to restore and preserve the district's system of improvement and the machinery and equipment operated in connection therewith in the same or as good condition as when originally constructed and installed, but also: (a) The making of such changes in and betterments to the original works, improvements and installations as shall, subject to the approval of the board, be by the supervisors deemed necessary to put the system of improvements into such condition that it shall provide adequate drainage and protection from overflow for the lands within the district as contemplated and intended by the original construction and any enlargement and extension thereof thereafter made; and (b) all costs and expenses incident to any determination or redetermination of benefits and apportionment of costs made under the terms of this chapter. [1949 c 26 § 1; Rem. Supp. 1949 § 4459-20.]

85.16.020 Maintenance estimate and levy. On or before the first Monday in September in each year the supervisors of each diking, drainage or sewerage improvement district shall make and file with the board of the county containing such district, a statement and estimate in writing of the amount required for the maintenance of the system of improvements of said district for the ensuing fiscal year. The board shall, on or before the first Monday in October next ensuing, levy assessments for the amount of said estimate, or such amount as it shall deem advisable, upon the property within the district and against the state, the county containing such district, and the cities, towns and other municipal corporations within such district in respect of all highways, roads and streets and other lands, improvements, and facilities chargeable therewith owned by them respectively within such district. Said assessments shall be levied in the same proportion as the assessments to pay the original cost of construction of said system of improvements: PROVIDED HOWEVER, That when a determination or redetermination of benefits accruing to the properties within the district from the maintenance of the district's system of improvements or from the maintenance of the district's diking system and drainage system separately shall have been made, as hereinafter in this chapter provided, then the assessments for maintenance shall be levied in proportion to the benefits accruing to each piece or parcel of property and improvements benefited according to the latest determination of such benefits. Each such levy as made shall be certified by the auditor to the treasurer, who shall extend the same upon the district assessment roll. [1949 c 26 § 2; Rem. Supp. 1949 § 4459-21.]

85.16.030 Excess expenditures. In maintaining a system of improvements of any such district the supervisors thereof may at any time, with the approval of the county legislative authority and upon determination by such county legislative authority that an emergency exists, make expenditures in excess of the last annual maintenance assessments theretofore made, which excess amount or amounts shall in such event be included in the maintenance assessments for the succeeding year except as otherwise herein provided. [1986 c 278 § 33; 1983 c 167 § 197; 1949 c 26 § 3; Rem. Supp. 1949 § 4459-22. Formerly RCW 85.16.030, 85.16.040, part and 85.16.050.]

Additional notes found at www.leg.wa.gov

85.16.060 Determination of special benefits—Hearing. At any time and from time to time, after completion of the original construction of any such district's system of improvements or after the completion of any alteration, reduction, enlargement, addition to, or other improvement of the system not constituting maintenance, as herein defined, the board may upon their own initiative, or upon petition filed by at least ten percent of the total number of owners of property within the district subject to assessments for maintenance, as shown by the latest assessment roll of the district shall, fix a date for and hold a hearing at the county seat for the purpose of determining or redetermining the special benefits accruing from the maintenance of the district's system of improvements to all property benefited thereby. [1961 c 16 § 2. Prior: 1951 c 63 § 1; 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]
85.16.070 Notice of hearing. Notice of the hearing shall be given by publication in the official county newspaper and in such other newspaper published in or near the district as the county legislative authority may in its discretion direct, once a week for two consecutive weeks, the last publication of which shall be not less than seven nor more than fourteen days before the date of the hearing. Also, the county legislative authority shall serve by mail, at least ten days before the hearing, upon the commissioner of public lands of the state two copies of the published notice of the hearing together with a statement showing the amount of special benefits determined by the appraisers in respect of each parcel of state, school, granted, or other lands owned by the state in the district, and shall similarly serve notice of the hearing upon the secretary of transportation, with a statement showing the amount of benefits determined by the appraisers in respect of any state primary or secondary highways within the district. [1984 c 7 § 378; 1949 c 26 § 6; Rem. Supp. 1949 § 4459-25.]

Reviser's note: The powers and duties of the commissioner of public lands have been transferred to the department of natural resources; see 1957 c 38 §§ 1, 13; RCW 43.30.010, 43.30.411.

Additional notes found at www.leg.wa.gov

85.16.080 Appraisal of special benefits. At or within two weeks of the time of fixing the date for such hearing the board shall appoint three qualified appraisers, at least one of whom shall be a resident of the county in which said district is situated, who shall qualify as provided in RCW 85.08.360. Thereupon said appraisers shall proceed immediately to carefully examine the district's system of improvements and the public and private property within the district, and fairly, justly and equitably determine and apportion the special benefits which will accrue from the maintenance of the district's system of improvements to each piece or parcel of privately and publicly owned land, together with the buildings and other permanent improvements thereon, and to the state, county, cities, towns and other municipal corporations for their roads and streets and other property within the district. The fact that any such property shall be exempt from general taxes shall not exempt the same from the provisions hereof. [1961 c 16 § 3. Prior: 1949 c 26 § 4, part; Rem. Supp. 1949 § 4459-23, part.]

85.16.090 Factors to be considered in making appraisal—Report and schedule. The appraisers shall carefully consider and take into account all factors, situations and conditions which lawfully may be taken into consideration as bearing upon and determining such benefits and to that end may make such investigations, hold such hearings, and receive such evidence as they may deem proper and shall file their sworn report, with a complete schedule of all property within the district and the special benefits determined by them as accruing to each piece and parcel thereof, not less than twenty days prior to the date fixed for the hearing by the board. [1949 c 26 § 5; Rem. Supp. 1949 § 4459-24. Formerly RCW 85.16.090 and 85.16.100.]

85.16.110 Separate appraisals and schedules for diking and drainage benefits. In a district which functions both as a diking and a drainage improvement district, the appraisers, if so directed in the order of the board appointing them, shall determine separately, in accordance with RCW 85.16.060 and 85.16.080, the special benefits accruing to the various properties within the district from the maintenance of the diking system and from the maintenance of the drainage system, and in such case their report shall contain separate schedules of the respective benefits accruing from the maintenance of the diking and drainage systems of improvement considered separately and, so far as may be, independently of each other. [1961 c 16 § 4; 1949 c 26 § 7; Rem. Supp. 1949 § 4459-26.]

85.16.115 Determining special benefit to portion of lot, tract, or parcel. When any person applies to the county treasurer to pay the diking, drainage or sewerage improvement district assessments upon a portion of a lot, tract or parcel upon which special benefits have been confirmed, the county treasurer shall refer such matter to the county engineer for investigation. The county engineer shall apportion the total benefits found as to such lot, tract or parcel between the portions thereof in such manner as may be fair, just and equitable taking into account all factors, situations and conditions which may be lawfully taken into consideration in determining such special benefits. Unless the several owners interested in said lot, tract or parcel assent to the apportionment so made, the county engineer shall give notice to the apportionment by mail to them, if known. Upon assent of the interested owners or after the expiration of five days from the date of notice without the filing of a written protest to the apportionment, the county engineer shall certify in writing the apportioned benefit valuations to the county treasurer. The county treasurer, upon receipt of such certification, shall accept payment and issue receipt on the certified apportionment. If a written protest to such apportionment is filed with the county treasurer, the matter shall be heard by the county commissioners at their next regular session for final apportionment and the county treasurer shall accept and receive for such assessments as determined and ordered by the county commissioners. [1951 c 63 § 4.]

County road engineer: Chapter 36.80 RCW.

District engineer: RCW 85.08.010.

85.16.120 Apportionment of levy for extraordinary expenditures—Appraisal and hearing. Whenever the board shall provide that a levy to meet extraordinary maintenance expenditures shall be spread over a term of years and warrants or bonds issued as provided in RCW 85.16.030, said board shall fix a date for and hold a hearing and appoint appraisers as provided in RCW 85.16.060 and 85.16.080. Said appraisers, in addition to discharging the duties imposed upon the appraisers by RCW 85.16.060, 85.16.080 and 85.16.090, shall: (1) Apportion the estimated costs of such extraordinary maintenance work to the properties within the district in proportion to the benefits accruing to said properties from the maintenance of the district's system of improvements as determined by them; and (2) file a complete schedule of said apportionment of costs with the board. [1961 c 16 § 5; 1949 c 26 § 8; Rem. Supp. 1949 § 4459-27.]

85.16.130 Conduct of hearing on appraisers' report—Correction, etc., of schedules. At the hearing upon the report of the appraisers, which may be adjourned from time to time until finally completed, the board shall carefully
examine and consider the special benefits and the apportionment of estimated costs determined by the appraisers and reported in the schedule or schedules, and any objections thereto which shall have been made in writing and filed with the board on or prior to ten o'clock a.m. of the date fixed for such hearing. Each objector shall be given reasonable time and opportunity to submit evidence and be heard on the merits of his or her objections. At the conclusion of such hearing, the board shall so correct, revise, raise, lower, change, or modify such schedule or schedules, or any part thereof, or strike therefrom any property not specially benefited, as to said board shall appear equitable and just. The board shall cause the clerk of the board to enter on each such schedule or said board shall appear equitable and just. The board shall cause the clerk of the board to enter on each such schedule or schedules all such additions, cancellations, changes, and modifications made by it. [2013 c 23 § 423; 1949 c 26 § 9; Rem. Supp. 1949 § 4459-28. Formerly RCW 85.16.130 and 85.16.140.]

85.16.150 Approval of schedules—Separate funds for diking, drainage systems. When the board shall have determined that the schedule or schedules of benefits and/or apportionment of costs as filed or as changed and modified by it are fair, just and equitable and, if estimated costs have been apportioned, that said benefits equal or exceed said costs apportioned, the members of the board approving the same shall sign said schedule or schedules and cause the clerk of the board to attest their signatures under his or her seal, and shall enter an order in the journal approving and confirming the final determination of such benefits and apportionment of costs and all proceedings leading thereto and in connection therewith. If separate schedules be established for maintenance of the diking system and of the drainage system, the board shall by order establish two separate maintenance funds, one for the maintenance of the diking system and one for the maintenance of the drainage system. [2013 c 23 § 424; 1949 c 26 § 10; Rem. Supp. 1949 § 4459-29.]

85.16.160 Roll of benefits—Benefits to be basis of levies. Upon the approval and final determination of benefits the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said benefits as finally determined, and shall deliver said roll to the treasurer. Said benefits shall be the basis for the apportionment and collection of maintenance levies thereafter made by the board. [1949 c 26 § 11; Rem. Supp. 1949 § 4459-30.]

85.16.170 Levy for extraordinary expenditures—Roll. Upon the approval and final determination of the apportionment of estimated costs of extraordinary maintenance expenditures as provided in RCW 85.16.120 and 85.16.130, the board shall levy the amounts so apportioned against all the properties benefited and the amounts assessed against the state, county, cities and towns, and other municipal corporations benefited, and the auditor shall immediately prepare a completed roll thereof, which shall contain a copy of the order of the board approving and confirming said apportionment of estimated costs as finally determined and fixing and levying the assessments therefor, and shall deliver said roll to the treasurer for collection in accordance with the order of the board. [1949 c 26 § 12; Rem. Supp. 1949 § 4459-31.]

85.16.180 Authorizing extraordinary work—Temporary construction warrants. The county legislative authority shall thereupon enter an order authorizing the contemplated extraordinary maintenance work to be done and authorizing the issuance of temporary construction warrants to pay the cost of said work as it progresses, which warrants may bear interest at such rate or rates of interest as the county legislative authority shall determine. Warrants to pay the costs of such extraordinary maintenance may be issued and sold at one time or from time to time and in such series and amounts as may be found practicable and as determined by the board. [1986 c 278 § 34; 1983 c 167 § 198; 1970 ex.s. c 56 § 92; 1969 ex.s. c 232 § 54; 1949 c 26 § 13; Rem. Supp. 1949 § 4459-32. Formerly RCW 85.16.040 and 85.16.180.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Additional notes found at www.leg.wa.gov

85.16.190 Judicial review—Regularity, validity of proceedings. The decision of the board upon any objections to the determination of benefits and/or apportionment of costs and/or the levy of the assessments therefor, made within the time and in the manner prescribed in RCW 85.16.130, may be reviewed by the superior court of the county in which the district is situated and thereafter by the supreme court or the court of appeals within the time and in the manner and upon the conditions, so far as applicable, provided in RCW 85.08.440, with respect to appeals from and appellate review of the board's apportionment of the cost of construction of the district's system of improvements. The provisions of RCW 85.08.450, shall be controlling as to the regularity, validity, and conclusiveness of all the proceedings hereunder. [1988 c 202 § 79; 1971 c 81 § 164; 1949 c 26 § 14; Rem. Supp. 1949 § 4459-33.]

Additional notes found at www.leg.wa.gov

85.16.200 Redetermination of special benefits—Hearing. Whenever, after the determination of special benefits accruing from the maintenance of the district's system of improvements, it appears to the board from a petition filed by the affected property owner or owners or otherwise, that by reason of permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty, or of other changes in the character or condition of the property, the benefits theretofore determined in respect to any one or more properties are no longer fair, just and equitable, the board shall qualify as in RCW 85.08.360 hereof. Said appraisers shall proceed immediately to carefully examine the properties or parts of property as to which since the last determination of special benefits thereto there have been permanent improvements or additions made, removed, abandoned or destroyed by fire or other casualty, or of other changes in the character or condition of the property, the benefits theretofore determined in respect to any one or more properties are no longer fair, just and equitable, then the board shall appoint three appraisers who shall qualify as in RCW 85.08.360 hereof. Said appraisers shall proceed immediately to carefully examine each property and report to the board setting forth the special benefits determined by them as accruing to each piece and parcel of property examined by them not less than ten days prior to the date of hearing. The board shall hold a hearing thereon at the county seat at the time of equalization of the real property.

[Title 85 RCW—page 48] (2014 Ed.)
assessment and shall give notice thereof as provided in RCW 85.16.070. [1951 c 63 § 2; 1949 c 26 § 15; Rem. Supp. 1949 § 4459-34.]

85.16.210 Conduct of hearing on special benefits—Modification of schedules—Judicial review. At such hearing, which may be adjourned from time to time as may be necessary to give all persons interested or affected a reasonable opportunity to be heard, and after consideration of all evidence offered and all factors, situations, and conditions bearing upon or determinative of the benefits accruing and to accrue to such pieces or parcels of property, the board shall correct, revise, raise, lower, or otherwise change or confirm the benefits as theretofore determined, in respect of such pieces or parcels of property, as to it shall seem fair, just, and equitable under the circumstances, and thereafter such proceedings shall be had with respect to the confirmation or determination of the benefits and making and filing of a roll thereof, as are in RCW 85.16.130, 85.16.150, and 85.16.160 provided. Any property owner affected by any change thus made, in the determination of benefits accruing to his or her property who shall have appeared at the hearing by the board and made written objections thereto as provided in RCW 85.16.130, may appeal from the action of the board to the superior court and seek appellate review by the supreme court.

85.16.900 Severability—1949 c 26. The adjudication of invalidity of any section, clause or part of a section of this act shall not impair or otherwise affect the validity of this act as a whole, or any other part hereof. [1949 c 26 § 19.]

85.18.180 Levy is exclusive method for raising revenue—Exception.
85.18.900 Severability—1951 c 45.

85.18.005 Declaration of purpose. The state declares that it has an interest in protecting and preserving productive land and buildings needed to make business function continuously. Where organized diking districts, through their improvements, have reclaimed land or protected it from overflow waters or have furnished such land and buildings protection against flood water, it is necessary to provide a just and equitable method to enable such diking districts continuously to function effectively. It is declared that there is a direct relationship, where such conditions exist, between the continuous functioning of such districts and the fair value of the lands and buildings thereon, or to be erected thereon, thus afforded protection. [1951 c 45 § 1.]

85.18.010 Levy for continuous benefits authorized—Base benefits. When any diking district has been organized and the improvements made afford protection to land and buildings within such district against damage or destruction from overflow waters in that the level of the land and of the foundational structures of buildings thereon is below the water level at flood or high tide stages of the waters, fresh or salt, against which such district improvements furnished protection, the board of diking commissioners of such district may, under the procedure established in this chapter, deter-
mine such fact and by resolution so declare; and may provide that the cost of continued functioning of the district shall be paid through levies of dollar rates made and collected according to this chapter against the land and buildings thus protected, based upon the determined base benefits received by such land and buildings. [1973 1st ex.s. c 195 § 115; 1951 c 45 § 2.]

Additional notes found at www.leg.wa.gov

85.18.020 Roll of protected property. To operate under this chapter, the board shall cause to be prepared and filed with it a roll containing descriptions of the land and buildings thereon within the district to which its improvements furnish the nature of protection set forth in RCW 85.18.010. The roll shall show descriptions of the land and the name of its owner, or reputed owner, and such owner's address, as shown upon the tax roll of the treasurer of the county wherein the property is located, and the determined value of such land and any buildings thereon as last assessed and equalized by the taxing agencies of such county. [1951 c 45 § 3.]

85.18.030 Hearing on roll—Determining continuous base benefit. After the roll is prepared the board shall give notice of a time and place at which the board will hold a public hearing to determine whether the facts and conditions heretofore recited in this chapter as a prerequisite to its application do or do not exist, and if so found to exist by said board at said hearing, then the board shall by resolution so declare. The notice shall also state that at said hearing, or any continuance thereof, the board will sit to consider said roll and to determine the continuous base benefits which each of the properties thereon are receiving and will receive from the continued operation and functioning of such district, which shall in no instance exceed one hundred percent of the true and fair value of such property in money, will consider all objections made thereto or to any part thereof, and will correct, revise, lower, change, or modify such roll as shall appear just and equitable; that when correct benefits are fixed upon said roll by said board, it will adopt said roll by resolution as establishing, until modified as hereinafter provided, the continuous base benefit to said protected lands and buildings against which will be levied and collected dollar rates to provide funds for the continuous functioning of said district. [1973 1st ex.s. c 195 § 116; 1951 c 45 § 4.]

Additional notes found at www.leg.wa.gov

85.18.040 Notice of hearing. The notice of the time and place of hearing shall be given to any owner, or reputed owner, of the property which is listed on the roll as aforesaid, by mailing a copy thereof at least thirty days before the date fixed for the hearing to the owner or owners at his or her or their address as shown on the tax rolls of the county treasurer for the property described. In addition thereto, the notice shall be published at least once a week for three consecutive weeks in a newspaper of general circulation in the district. At least fifteen days must elapse between the last date of publication thereof and the date fixed for the hearing. [2013 c 23 § 428; 1985 c 469 § 76; 1951 c 45 § 5.]

[Title 85 RCW—page 50]

85.18.050 Procedure on hearing—Objections. At said hearing, or adjournments thereof, the board shall review said roll and determine the continuous base benefits to land and buildings furnished continuous protection by the improvement system of the district; hear objections to the adoption of said roll; correct, revise, change, modify or set aside such roll, or any part thereof, as to the board shall appear equitable and just; and then adopt the same by resolution. All objections to this or any subsequent roll must be in writing and filed with the board during the hearing before the roll is adopted and must state clearly the grounds of objection. Objections not made within the time and in the manner herein prescribed shall be conclusively presumed to have been waived. [1951 c 45 § 6.]

85.18.060 Additional roll as to particular property—Procedure. The board shall, from time to time, examine the properties within said district, and if it finds that any protected land or buildings thereon have been omitted from the existing roll, or new buildings have been added to lands, or the condition of land or buildings has changed, and in the initial judgment of the board such land or the buildings thereon was such that it was furnished the protective benefits of the improvements of the district, the board shall cause at each such time an additional roll of such property to be filed with it, and hold a hearing to determine and make such corrections, additions, alterations and modifications of the benefits to such property only, and to hear any objections filed as to such property only. The board shall give notice of such hearing to the owner, or reputed owner, of the property involved, at the address of such owner as then shown on the tax rolls of the treasurer of the county wherein the property is located, in the same way and manner as herein provided for consideration of the original roll, but such notice need not be published.

At the hearing, or any adjournment thereof, the board shall have power to correct, revise, change, modify, or set aside such roll, or any part thereof, as shall be deemed just and equitable, and then adopt the same by resolution. [1951 c 45 § 7.]

85.18.070 Roll to be certified and filed. When any roll or additional or supplemental roll be adopted by the board of commissioners, the same shall be certified to, and filed with, the auditor of the county wherein the property contained on said roll is situated, and shall supplement said original roll. [1951 c 45 § 8.]

85.18.080 Roll to provide basis for levy. Until further modified, amended, or changed by an additional or supplemental roll certified to the county auditor after the foregoing procedure is had, the original roll, as modified or supplemented, if the same is done, shall serve as the base of benefits to the land and buildings protected by the improvement system of said district against which dollar rate is levied and collected from time to time for the continued functioning of said districting district. [1973 1st ex.s. c 195 § 117; 1951 c 45 § 9.]

Additional notes found at www.leg.wa.gov

85.18.090 Roll and proceedings conclusive—Exceptions—Right to injunction. Whenever any roll shall have
been adopted by the board of commissioners, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties, and it cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained, for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, HOWEVER, That suit in injunction may be brought to prevent collection of charges of assessments or sale of property thereunder upon the following grounds and no other:

1. That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or
2. The charge has been paid. [1951 c 45 § 10.]

85.18.100 Review by superior court—How taken. The decision of the board of commissioners upon any objection made within the time and in the manner prescribed may be reviewed by the superior court of the county wherein the property in question is located, upon appeal thereto taken in the following manner: Any person aggrieved must file his or her petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and serve a copy thereof upon the commissioners. The petition shall describe the property in question, set forth the written objections which were made to the decision, the date of filing of such objections, and be signed by such party or one in his or her behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this chapter. [2013 c 23 § 429; 1951 c 45 § 11.]

85.18.110 Review by superior court—Transcript—Contents—Filing. Within ten days from the filing of such petition for review, the commission, unless the court shall grant additional time, shall file with the clerk of such court its certified transcript containing such portion of the roll as is subject to review, any written objections thereto filed with the board by the person reviewing before said roll was adopted, and a copy of the resolution adopting the roll. [1951 c 45 § 12.]

85.18.120 Review by superior court—Filing fee—Bond—Priority of cause. The county clerk shall charge the same filing fees for petitions for review as in civil actions. At the time of the filing of such petition with the clerk, the appellant shall execute and file a bond in the penal sum of two hundred dollars, with at least two sureties, to be approved by the judge of said court, conditioned upon his or her prosecuting his or her appeal without delay and to guarantee all costs which may be assessed against him or her by reason of such review. The court shall, on motion of either party to the cause, with notice to the other party, set said cause for trial at the earliest time available to the court, fixing a date for hearing and trial without a jury. Said cause shall have preference over all civil actions pending in said court except eminent domain and forcible entry and detainer proceedings. [2013 c 23 § 430; 1951 c 45 § 13.]

85.18.130 Review by superior court—Scope—Judgment. At the trial the court shall determine whether the board has acted within its discretion and has correctly construed and applied the law. If it finds that it has, the finding of the board shall be affirmed; otherwise it shall be reversed or modified. The judgment of the court may change, confirm, correct, or modify the values of the property in question as shown upon the roll, and a certified copy thereof shall be filed with the county auditor, who shall change, modify or correct as and if required. [1951 c 45 § 14.]

85.18.140 Appellate review. Appellate review may be sought as in other civil cases: PROVIDED, HOWEVER, That review must be sought within fifteen days after the date of entry of the judgment of the superior court. The supreme court or the court of appeals, on such appeal, may change, confirm, correct or modify the values of the property in question as shown upon the roll. A certified copy of any judgment of the supreme court or the court of appeals shall be filed with the county auditor having custody of such roll, who shall thereupon change, modify, or correct such roll in accordance with such decision if required. [1988 c 202 § 81; 1971 c 81 § 166; 1951 c 45 § 15.]

Additional notes found at www.leg.wa.gov

85.18.150 Levy is for continuous benefits only. The dollar rate levy returns collected from time to time under this chapter are solely assessments for benefits received continuously by the protected properties, calculated in the manner specified in this chapter as a just and equitable way for all protected property to share the expense of such required protection. [1973 1st ex.s. c 195 § 118; 1951 c 45 § 16.]

Additional notes found at www.leg.wa.gov

85.18.160 Annual estimate of costs—Levy as part of general taxes. The board of commissioners of any diking district proceeding under this chapter shall, on or before the first day of November of each year, make an estimate of the costs reasonably anticipated to be required for the effective functioning of such district during the ensuing year and until further revenue therefor can be made available, and cause its chair or secretary to certify the same on or before said date to the county auditor, and the amount so certified shall be levied by the regular taxing agencies against the base benefits to the lands and buildings within such district as shown by the then current complete roll of such properties and the determined benefits thereto as therefore certified to and filed with such county auditor by the commissioners of such district. When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings, according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit the
same to the funds of such district. [2013 c 23 § 425; 1951 c 45 § 17.]

### 85.18.170 Emergency expenditures—Warrants

In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs, declared to be such by resolution of such board, the diking commissioners may incur additional obligations and issue valid warrants therefor in excess of such estimate, in the manner provided by law for issuance of warrants by diking districts and the servicing thereof, and all such warrants so issued shall be valid and legal obligations of such district and its taxable lands and improvements as shown upon the then current roll of said district filed with the county auditor. [1951 c 45 § 18.]

### 85.18.180 Levy is exclusive method for raising revenue—Exception

Any diking district operating under this chapter shall not use the processes provided for raising revenue under any other law: PROVIDED, That any such other method of raising revenue provided by law may be used concurrently for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, and no funds raised hereunder shall be used to pay such prior indebtedness. [1951 c 45 § 19.]

### 85.18.900 Severability—1951 c 45.

Should any section or provision of this act be declared unconstitutional or ineffectual, such action shall not affect or nullify any other provision or section thereof. [1951 c 45 § 20.]

---

Chapter 85.20 RCW  
**REORGANIZATION OF DISTRICTS INTO IMPROVEMENT DISTRICTS—1917 ACT**

**Sections**

85.20.010 Reorganization authorized.  
85.20.020 Petition to reorganize—Contents.  
85.20.030 Elections—Notice—Publication—Costs.  
85.20.050 Reorganized district—Board—Indebtedness not affected.  
85.20.070 Refunding bonds.  
85.20.120 Sale and issuance of refunding bonds.  
85.20.140 Powers of board.  
85.20.150 Extensions to compensate for inadequate benefits—Payment.

### 85.20.010 Reorganization authorized

Any drainage district or diking district organized under the provisions of chapter 115 or chapter 117 of the Laws of 1895, and the acts amendatory thereof, may be reorganized as a drainage improvement district or a diking improvement district, upon proceedings had in accordance with the provisions of this chapter. [1917 c 131 § 1; RRS § 4347. FORMER PART OF SECTION: 1933 c 182 § 1, now codified as RCW 85.22.010.]

**Reviser’s note:** Chapter 115, Laws of 1895 referred to herein is the basic diking district act codified as chapter 85.06 RCW, Part I, and chapter 117, Laws of 1895 is the basic drainage district act codified as chapter 85.05 RCW.

### 85.20.020 Petition to reorganize—Contents

For the purpose of securing such reorganization, a petition shall be presented to the clerk of the board of county commissioners of the county in which such district is located, at a regular or special meeting of the board. The petition shall be signed by the board of commissioners of the district and shall state the number of the district seeking to reorganize, and shall pray that such district be reorganized as a drainage or a diking improvement district. [1917 c 131 § 2; RRS § 4348. FORMER PART OF SECTION: 1933 c 182 § 2 now codified as RCW 85.22.020.]

### 85.20.030 Elections—Notice—Publication—Costs

Whenever a petition is presented as provided in RCW 85.20.020, the county legislative authority shall order an election to be held to determine if the district shall be reorganized. The county legislative authority shall specify the election date which may or may not be at the normal special district general election. Notice of the election shall be posted and published, and the election shall be conducted, as for any special district election. The notice shall state the number of the district so petitioning to reorganize, the place where and the time when the election is to be held. The auditor shall certify the results of the election to the county legislative authority. If the proposition to reorganize the district is approved by a simple majority vote of the voters voting on the proposition, the district shall be reorganized as either a diking improvement district or drainage improvement district upon the county legislative authority ordering the reorganization. The district shall be liable to the county for its costs incurred for the election. [1985 c 396 § 48; 1917 c 131 § 3; RRS § 4349. FORMER PART OF SECTION: 1933 c 182 § 3 now codified as RCW 85.22.030.]

Additional notes found at www.leg.wa.gov

### 85.20.050 Reorganized district—Board—Indebtedness not affected

The board of commissioners of the drainage or diking district shall constitute the board of supervisors of the reorganized district. From the entry of an order under RCW 85.20.030 reorganizing the district, such reorganized district, and its board of supervisors, shall have all the rights and powers of and be subject to all laws applicable to a diking or drainage improvement district, and such district so reorganized shall be dissolved without any further proceedings therefor. Notwithstanding such dissolution and reorganization, none of the outstanding bonds, warrants or other indebtedness of the district, shall be affected thereby; and all lands liable to be assessed to pay any of such bonds, warrants or other indebtedness shall remain liable to the same extent as if such reorganization had not been made, and any and all assessments theretofore levied or made against any such lands shall be and remain unimpaired and shall be collected in the same manner as if no such reorganization had been had. The legislative authority of the county in which such reorganized district is situated shall have all the powers possessed at the time of the reorganization by the board of commissioners of such district to levy, assess, and cause to be collected any and all assessments or charges against any of the lands within such district that may be necessary or required to provide funds for the payment of all the bonds, warrants and other indebtedness thereof. [1985 c 396 § 49; 1917 c 131 § 5; RRS § 4351. FORMER PART OF SECTION: 1933 c 182 § 5, part, now codified in RCW 85.22.050. Formerly RCW 85.20.050, part and 85.20.060, part.]

Additional notes found at www.leg.wa.gov
85.20.070 Refunding bonds. Whenever in any district reorganized under the provisions of this chapter any bonds issued prior to such reorganization shall become payable and the county legislative authority determines that it is in the interest of the property owners of the district to have refunding bonds issued, the county legislative authority may authorize the district to issue refunding bonds in accordance with chapter 85.38 RCW. [1986 c 278 § 35; 1917 c 131 § 6; RRS § 4352. FORMER PART OF SECTION: 1933 c 182 § 6, now codified as RCW 85.22.060.]

Additional notes found at www.leg.wa.gov

85.20.120 Sale and issuance of refunding bonds. Upon the expiration of thirty days from the first publication of the notice given by the treasurer as provided herein, the county legislative authority of the county in which all or the major part of the district is located may issue and sell refunding bonds of the district subject to chapter 85.38 RCW. [1986 c 278 § 36; 1917 c 131 § 11; RRS § 4357. FORMER PART OF SECTION: 1933 c 182 § 11 now codified as RCW 85.22.110.]

Additional notes found at www.leg.wa.gov

85.20.140 Powers of board. The board of county commissioners shall have all the powers possessed by the board of commissioners of any district reorganized under the provisions of this chapter prior to such reorganization, to levy assessments for the payment of the interest on any other bonds of the district not then payable and refunded under the provisions of this chapter, and to levy assessments to provide a sinking fund for the liquidation of such bonds at their maturity. Such assessments shall be called and collected in the manner provided by the law under which they were assessed, and such bonds shall be paid as provided by the law under which they were issued. Proper funds shall be established in the county treasury for the proceeds of the payments of such assessments, and such funds shall be applied to the payment of the bonds for the payment of which they were levied. [1917 c 131 § 13; RRS § 4359. FORMER PART OF SECTION: 1933 c 182 § 13 now codified as RCW 85.22.130.]

85.20.150 Extensions to compensate for inadequate benefits—Payment. Whenever in any district reorganized under the provisions of this chapter, extensions or additions are made to the system of improvements of the district to provide drainage or protection from overflow for lands previously found benefited and assessed for the construction of the original system of improvement which are not receiving benefits therefrom in proportion to the benefits found and the assessments levied against such lands, the costs of such extensions or additions shall be included as a cost of maintenance of the improvements of the district and shall be levied and collected in the manner provided for the levy and collection of such costs. [1917 c 131 § 14; RRS § 4360. FORMER PART OF SECTION: 1933 c 182 § 14 now codified as RCW 85.22.140.]

Chapter 85.22 RCW
REORGANIZATION OF DISTRICTS INTO IMPROVEMENT DISTRICTS—1933 ACT

Sections
85.22.010 Reorganization authorized.
85.22.020 Petition to reorganize—Contents.
85.22.030 Elections—Notice—Publication—Costs.
85.22.050 Reorganized district—Commissioners retained, powers—Effect of reorganization.
85.22.060 Refunding bonds.
85.22.130 Powers of board.
85.22.140 Extensions to compensate for inadequate benefits—Payment.

85.22.010 Reorganization authorized. Any diking district; drainage district; irrigation improvement district; intercounty diking and drainage district; diking, drainage, and/or sewerage improvement district; consolidated diking district, drainage district, diking improvement district, and/or drainage improvement district; or flood control district may reorganize as a drainage and irrigation improvement district or as a diking, drainage and irrigation improvement district in the manner provided in this chapter. [1993 c 464 § 1; 1933 c 182 § 1; RRS § 4477-1. Formerly RCW 85.20.010, part.]

85.22.020 Petition to reorganize—Contents. For the purpose of securing such reorganization, a petition shall be presented to the clerk of the board of county commissioners of the county in which such district is located, at a regular or special meeting of the board. The petition shall be signed by the board of commissioners of the district and shall state the number of the district seeking to reorganize, and shall pray that such district be reorganized as a drainage and irrigation improvement district or diking, drainage and irrigation improvement district. [1933 c 182 § 2; RRS § 4477-2. Formerly RCW 85.20.020, part.]

85.22.030 Elections—Notice—Publication—Costs. Whenever a petition is presented as provided in RCW 85.22.020, the county legislative authority shall order an election to be held to determine if the district shall be reorganized. The county legislative authority shall specify the election date which may or may not be the same as the regular special district general election. Notice of the election shall be posted and published, and the election shall be conducted, as for any special district election. The notice shall state the number of the district so petitioning to reorganize, the place where and the time when the election is to be held. The auditor shall certify the results of the election to the county legislative authority. If the proposition to reorganize the district is approved by a simple majority vote of the voters voting on the proposition, the district shall be reorganized as either a diking improvement district or drainage improvement district upon the county legislative authority ordering the reorganization. The district shall be liable to the county for its costs incurred for the election. [1985 c 396 § 50; 1933 c 182 § 3; RRS § 4477-3. Formerly RCW 85.20.030, part.]

Additional notes found at www.leg.wa.gov

85.22.050 Reorganized district—Commissioners retained, powers—Effect of reorganization. The commissioners of the old district shall become the supervisors of the reorganized district and shall have all the rights and powers
and be subject to all laws applicable to a diking or drainage improvement district. The supervisors shall also have the power of using such drainage ditches and equipment in the district for irrigation purposes at proper times and may adapt such ditches to such purposes by making the necessary improvements therein. The supervisors shall also have the right to purchase and install machinery, pumps and other equipment for the carrying on of such irrigation within the district. Notwithstanding such dissolution and reorganization, none of the outstanding bonds, warrants or other indebtedness of the district, shall be affected thereby; and all lands liable to be assessed to pay any of such bonds, warrants or other indebtedness shall remain liable to the same extent as if such reorganization had not been made, and any and all assessments theretofore levied or made against any such lands shall be and remain unimpaired and shall be collected in the same manner as if no such reorganization had been had. The legislative authority of the county in which such reorganized district is situated shall have all the powers possessed at the time of the reorganization by the board of commissioners of such district to levy, assess, and cause to be collected any and all assessments or charges against any of the lands within such district that may be necessary or required to provide funds for the payment of all the bonds, warrants and other indebtedness thereof. [1985 c 396 § 51; 1933 c 182 § 5; RRS § 4477-5. Formerly RCW 85.20.050, part and 85.20.060, part.]

Additional notes found at www.leg.wa.gov

85.22.060 Refunding bonds. Whenever in any district reorganized under the provisions of this chapter any bonds issued prior to such reorganization shall become payable and reorganized under the provisions of this chapter any bonds issued, the county legislative authority may authorize the district to issue refunding bonds in accordance with the county legislative authority determines that it is in the interest of the property owners of the district to have refunding bonds issued, the county legislative authority may authorize the district to issue refunding bonds in accordance with chapter 85.38 RCW. [1986 c 278 § 37; 1933 c 182 § 6; RRS § 4477-6. Formerly RCW 85.20.070, part.]

Additional notes found at www.leg.wa.gov

85.22.130 Powers of board. The board of county commissioners shall have all the powers possessed by the board of commissioners of any district reorganized under the provisions of this chapter prior to such reorganization, to levy assessments for the payment of the interest on any other bonds of the district not then payable and refunded under the provisions of this chapter, and to levy assessments to provide a sinking fund for the liquidation of such bonds at their maturity. Such assessments shall be called and collected in the manner provided by the law under which they were assessed, and such bonds shall be paid as provided by the law under which they were issued. Proper funds shall be established in the county treasury for the proceeds of the payments of such assessments, and such funds shall be applied to the payment of the bonds for the payment of which they were levied. [1933 c 182 § 13; RRS § 4477-13. Formerly RCW 85.20.140, part.]

85.22.140 Extensions to compensate for inadequate benefits—Payment. Whenever in any district reorganized under the provisions of this chapter, extensions or additions are made to the system of improvements of the district to provide drainage or protection from overflow for lands previously found benefited and assessed for the construction of the original system of improvement which are not receiving benefits therefrom in proportion to the benefits found and the assessments levied against such lands, the costs of such extensions or additions shall be included as a cost of maintenance of the improvements of the district and shall be levied and collected in the manner provided for the levy and collection of such costs. [1933 c 182 § 14; RRS § 4477-14. Formerly RCW 85.20.150, part.]

Special district creation and operation: Chapter 85.38 RCW.

85.24.010 Districts authorized—Powers—Designation. Whenever a portion of two or more counties require diking, drainage, or the erection of flood dams or drift barriers to prevent inundations, such portion of two or more counties may be organized into a district; and the board of commissioners, hereinafter provided for, shall have and possess the powers herein conferred, or that may hereafter be conferred by law upon such districts and board of commissioners, and all such powers not in conflict with those herein granted, which now exist under the provisions of the laws of the state relating to the establishment, construction and main-
Diking and Drainage Districts in Two or More Counties 85.24.015

Certain powers and rights governed by chapter 85.38 RCW. Intercounty diking and drainage districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW. [1985 c 396 § 34.]

Additional notes found at www.leg.wa.gov

85.24.025  Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Intercounty diking and drainage improvement districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 14.]

Additional notes found at www.leg.wa.gov

85.24.065  Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which intercounty diking and drainage districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which intercounty diking and drainage districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 27.]

Additional notes found at www.leg.wa.gov

85.24.070  Board of commissioners—Oath, bond—Plan of improvement—Levy of assessment, procedure. A three-member board of commissioners shall be the governing body of an intercounty diking and drainage district. The initial commissioners shall be appointed, and the elected commissioners elected, as provided in chapter 85.38 RCW.

The members of such board, before entering upon their duties, shall take and subscribe on oath substantially as follows:

State of Washington

County of . . . . . . . . . . .

I, the undersigned, a member of the board of commissioners of the diking and drainage district No. . . . ., in . . . . . . and . . . . . . counties, do solemnly swear (or affirm) that I will faithfully discharge my duties as a member of the commission.

Upon the taking of such oath and the entering into a bond, as provided in RCW 85.38.080, the county legislative authority shall enter an order upon its records that the three persons named have qualified as the board of commissioners for diking and drainage district No. . . . ., in . . . . . . and . . . . . . counties, and that those persons and their successors do and shall constitute a board of commissioners for the diking and drainage district. The order when made shall be conclusive of the regularity of the election and qualification of the board of diking and drainage commissioners for the particular district, and the persons named therein shall constitute the board of diking and drainage commissioners.

The board of diking and drainage commissioners shall thereupon immediately organize and elect one of their number as chair and may either appoint a voter of the district or another diking and drainage commissioner to act as secretary. The board shall then proceed to make and cause to be made specifications and details of a system which may be adopted by the board for the improvements to be made, together with an estimate of the total cost thereof; and shall, upon the adoption of the plan of improvement of the district, proceed to acquire the necessary property and property rights for the construction, establishment, and maintenance of the system either by purchase or by power of eminent domain as hereinafter provided. Upon such acquisition being had, the board shall then proceed with the construction of the diking and drainage system and in doing so shall have the power to do the work directly or in its discretion to have all or any part of the work done by contract. In case the board shall decide upon doing the same by contract, it shall advertise for bids for the construction work, or such part thereof as they may determine to have done by contract, and shall have the authority to let a contract to the lowest responsible bidder after advertising for bids.

Any contractor doing work hereunder shall be required to furnish a bond as provided by the laws of the state of Washington relating to contractors of public work.

The board shall have the right, power, and authority to issue vouchers or warrants in payment or evidence of payment of any and all expenses incurred under this chapter, and shall have the power to issue the same to any contractor as the work progresses, the same to be based upon the partial estimates furnished from time to time by engineers of the district. All warrants issued hereunder shall draw interest at a rate determined by the board.

Upon the completion of the construction of the system, and ascertained of the total cost thereof including all compensation and damages and costs and expenses incident to the acquiring of the necessary property and property right, the board shall then proceed to levy an assessment upon the taxable real property within the district which the board may find to be specially benefited by the proposed improvements; and shall make and levy such assessment upon each piece, lot, parcel, and separate tract of real estate in proportion to the particular and special benefits thereto. Upon determining the amount of the assessment against each particular tract of real estate as aforesaid, the commissioners shall make or cause to be made an assessment roll, in which shall appear the names of the owners of the property assessed, so far as known, and a general description of each lot, block, parcel, or tract of land within the district, and the amount assessed against the same, as separate, special, or particular benefits. The board shall thereupon make an order setting and fixing a day for hearing any objections to the assessment roll by any one affected thereby, which day shall be at least twenty days after the
mailing of notices thereof, postage prepaid, as herein pro-
vided. The board shall send or cause to be sent by mail to
each owner of the premises assessed, whose name and place
of residence is known, a notice, substantially in the following
form:
To . . . . . : Your property (here describe the property) is
assessed $ . . . . . A hearing on the assessment roll will be had
before the undersigned at the office of the board at . . . . . on
the . . . day of . . . . at which time you are notified to be
and appear and to make any and all objections which you
may have as to the amount of the assessment against your
property, or as to whether it should be assessed at all; and to
make any and all objections which you may have to the
assessment against your lands, or any part or portion thereof.

The failure to send or cause to be sent such notice shall
not be fatal to the proceedings herein described. The secre-
tary of the board on the mailing of the notices shall certify
generally that he or she has mailed such notices to the known
address of all owners, and such certificate shall be prima
facie evidence of the mailing of all such notices at the date
mentioned in the certificate.

The board shall cause at least ten days' notice of the hear-
ing to be given by posting notice in at least ten public places
within the boundaries of the district, and by publishing the
same at least five successive times in a daily newspaper pub-
lished in each of the counties affected; and for at least two
successive weeks in one or more weekly newspapers within
the boundaries of the district, in each county if there are such
newspapers published therein, and if there is no such newspa-
paper published, then in one or more weekly newspapers, hav-
ing a circulation in the district, for two successive weeks. The
notice shall be signed by the chair or secretary of the board
of commissioners, and shall state the date and place of hearing
of objections to the assessment roll and levy, and of all other
objections; and that all interested parties will be heard as to
objections to the assessment roll and levy, and of all other
objections; and that all interested parties will be heard as to
any objection to the assessment roll and the levies as therein
made. [2013 c 23 § 43; 1985 c 396 § 53; 1981 c 156 § 26;
1923 c 140 § 4; 1909 c 225 § 5; RRS § 4365. FORMER
PART OF SECTION: 1909 c 225 §§ 9, 11, 21, 28, 32 now
codified as RCW 85.24.071, 85.24.073, 85.24.075,
85.24.077, and 85.24.079. Formerly RCW 85.24.070,
85.24.090, 85.24.100, 85.24.110, and 85.24.120.]

Additional notes found at www.leg.wa.gov

85.24.071 Board of commissioners—Power to con-
duct business, make contracts, etc. The commissioners
herein provided for and their successors in office, shall from
the time of their election and qualifications aforesaid, have
the power, and it shall be their duty, to manage and conduct
the business affairs of the district, making and executing all
necessary contracts, appoint such agents and employees as
may be required, and prescribe their duties, and perform any
and all acts which may be necessary, proper or requisite to
carry into effect their duties as commissioners, and all such
other acts as may be provided in this chapter or in any other
act. [1909 c 225 § 9; RRS § 4369. Formerly RCW 85.24.070, part.]

85.24.073 Board of commissioners—Construction
and maintenance powers. Said board of commissioners
herein provided for shall have the exclusive charge of the
construction and maintenance of all dikes and drainage sys-
tems which may be constructed within the said district, and
shall be the executive officers thereof, with full power to bind
said district by their acts in the performance of their duties as
provided by law. [1909 c 225 § 11; RRS § 4371. Formerly
RCW 85.24.070, part.]

85.24.075 Board of commissioners—Duties of board
officers—Quorum. The chair of the board shall preside at
all meetings and shall have the right to vote upon all ques-
tions the same as other members, and shall perform such
duties in addition to those in this chapter prescribed as may
be fixed by the board. The secretary of the board shall per-
duct the duties in this chapter prescribed, and such other
duties as may be fixed by the board. A majority of the board
shall constitute a quorum for the transaction of business, but
it shall require a majority of the entire board to authorize any
action by the board. [2013 c 23 § 43; 1909 c 225 § 21; RRS
§ 4381. Formerly RCW 85.24.070, part.]

85.24.077 Board of commissioners—Power to
adjourn proceedings. The board of commissioners shall
have power to adjourn any and all proceedings before them
from time to time. [1909 c 225 § 28; RRS § 4388. Formerly
RCW 85.24.070, part.]

85.24.079 Board of commissioners—Rules and regu-
lations. The board shall have power and authority to make
rules and regulations for the purpose of carrying into effect
any of the provisions of this chapter. [1909 c 225 § 32; RRS
§ 4392. Formerly RCW 85.24.070, part.]

85.24.080 Board of commissioners—Compensation
and expenses. The members of the board may receive as
compensation up to ninety dollars per day or portion thereof
spent in actual attendance at official meetings of the district,
or in performance of other official services or duties on
behalf of the district: PROVIDED, That such compensation
shall not exceed eight thousand six hundred forty dollars in
one calendar year: PROVIDED FURTHER, That the board
may fix a different salary for the secretary thereof in lieu of
the per diem. Each commissioner is entitled to reimburse-
ment for reasonable expenses actually incurred in connection
with such business, including subsistence and lodging, while
away from the commissioner's place of residence, and mile-
age for use of a privately owned vehicle in accordance with
chapter 42.24 RCW. The salary and expenses shall be paid by
the treasurer of the fund, upon orders made by the board.
Each member of the board must before being paid for
expenses, take vouchers therefore from the person or persons
to whom the particular amount was paid, and must also make
affidavit that the amounts were necessarily incurred and
expended in the performance of his or her duties.

Any commissioner may waive all or any portion of his or
her compensation payable under this section as to any month
or months during his or her term of office, by a written waiver
filed with the secretary as provided in this section. The
waiver, to be effective, must be filed any time after the com-
mmissioner's election and prior to the date on which the com-
ensation would otherwise be paid. The waiver shall specify
the month or period of months for which it is made.

[Title 85 RCW—page 56] (2014 Ed.)
The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions.

Any person aggrieved by any final order or judgment made by the superior court concerning any assessment authorized by this chapter, may seek appellate review of the order or judgment as in other civil cases. [2013 c 23 § 434; 1988 c 202 § 83; 1971 c 81 § 168; 1909 c 225 § 7; RRS § 4367.]

Additional notes found at www.leg.wa.gov

85.24.130 Objections to assessment—Procedure. Any person interested in any real estate affected by said assessment may, within the time fixed, appear and file objections. As to all parcels, lots, or blocks as to which no objections are filed, within the time as aforesaid, the assessment thereon shall be confirmed and shall be final. On the hearing, each person may offer proof, and proof may also be offered on behalf of the assessment, and the board shall affirm, modify, change, and determine the assessment, in such sum as to the board appears just and right. The commissioners may increase the assessment during such hearing upon any particular tract by mailing notice to the owner at his or her last known address, to be and appear within a time not less than ten days after the date of the notice, to show cause why his or her assessment should not be increased. When the assessment is finally equalized and fixed by the board, the secretary thereof shall certify the same to the county treasurer of each county in which the lands are situated, for collection; or if appeal has been taken from any part thereof, then so much thereof as has not been appealed from shall be certified. In case any owner of property appeals to the superior court in relation to the assessment or other matter when the amount of the assessment is determined by the court finally, either upon determination of the superior court, or review by the supreme court or the court of appeals, then the assessment as finally fixed and determined by the court shall be certified by the clerk of the proper court to the county treasurer of the county in which the lands are situated and shall be spread upon and become a part of the assessment roll hereinbefore referred to. [2013 c 23 § 433; 1988 c 202 § 82; 1971 c 81 § 167; 1909 c 225 § 6; RRS § 4366.]

Additional notes found at www.leg.wa.gov

85.24.140 Judicial review. Any person who feels aggrieved by the final assessment made against any lot, block, or parcel of land owned by him or her, may appeal therefrom to the superior court of the county in which the land is situated. Such appeal shall be taken within the time and substantially in the manner prescribed by the laws of this state for appeals from justices' courts. All notice of appeal shall be filed with the said board, and shall be served upon the prosecuting attorney of the county in which the action is brought. The secretary of the board shall, at appellant's expense, certify to the superior court so much of the record as appellant may request, and the cause shall be tried in the superior court de novo.

Any person aggrieved by any final order or judgment made by the superior court concerning any assessment authorized by this chapter, may seek appellate review of the order or judgment as in other civil cases. [2013 c 23 § 434; 1988 c 202 § 83; 1971 c 81 § 168; 1909 c 225 § 7; RRS § 4367.]

Additional notes found at www.leg.wa.gov

85.24.150 Lien of assessments—Notice and collection. The final assessment shall be a lien paramount to all other liens except liens for taxes and other special assessments upon the property assessed, from the time the assessment roll shall have been finally approved by the board, and placed in the hands of the county treasurers as collectors. After the roll shall have been delivered to the county treasurers for collection, each treasurer shall proceed to collect the amounts due in the manner that other taxes are collected as to all lands situated within the county of which he or she is treasurer. The treasurer shall give at least ten days' notice in one or more newspapers of general circulation in the counties in which the lands are situated for two successive weeks, that the roll has been certified to him or her for collection, and that unless payment be made within thirty days from the date of the notice, that the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged, at a rate not to exceed seven percent per annum. The interest shall be paid annually. The county treasurer shall proceed to collect the amount due each year upon the publication of notice as hereinafter provided. In such publication notice it shall not be necessary to give a description of each tract, piece or parcel of land, or of the names of the owners thereof.

The treasurer shall also mail a copy of the notice to the owner of the property assessed, when the post office address of the owner is known to the treasurer; but the failure to mail the notice shall not be necessary to the validity of the collection of the tax. [2013 c 23 § 435; 1985 c 469 § 83; 1909 c 225 § 8; RRS § 4368.]

85.24.160 Payment of assessment without interest. The owner of any lot or parcel of land charged with any assessment, as hereinbefore provided, may redeem the same from all liability by paying the entire assessment charged against such lot or parcel of land, or part thereof, without interest, within thirty days after notice to him or her of such assessment, as herein provided. [2013 c 23 § 436; 1986 c 278 § 38; 1983 c 167 § 199; 1909 c 225 § 17; RRS § 4377.]

(2014 Ed.)
85.24.170 District treasurer—Collection, remittance and disbursement of assessments. The treasurer of each county shall collect the taxes levied and assessed hereunder upon all that portion of the property situated within the county for which the treasurer is acting. The treasurer of the county in which the smaller or minor portion of the taxes are to be collected shall forward the amount collected by him or her quarterly each year on the first Monday in January, April, July, and October, to the treasurer of the county in which the larger or major portion of the taxes are to be collected. The treasurer of the county in which the larger portion of the taxes have been levied and assessed shall be the disbursing officer of such diking and drainage district, and shall pay out the funds of such district upon orders drawn by the chair and secretary of the board acting under authority of the board, and shall be the treasurer of the fund. [2013 c 23 § 437; 1909 c 225 § 22; RRS § 4382.]

85.24.180 Sale of property for delinquency—Procedure—Purchaser's interest. If any of the installment of taxes are not paid as herein provided, the county treasurer shall sell all lots or parcels of land on which taxes have been levied and assessed, whether in the name of the designated owner or the name of an unknown owner, to satisfy all delinquent and unpaid assessments, interest, penalties, and costs. The treasurer must commence the sale of property upon which taxes are delinquent within sixty days after the same become delinquent, and continue such sale from day to day thereafter until all the lots and parcels of land upon which taxes have not been paid are sold. Such sales shall take place at the front door of the courthouse. The proper treasurer shall give notice of such sales by publishing a notice thereof once a week for two successive weeks in two or more newspapers published within the district, or if no such newspaper is published, within the district, then within two or more newspapers having a general circulation in such district; such notice shall contain a list of all lots and parcels of land upon which such assessments are delinquent, with the amount of interest, penalty, and cost at the date of sale, including costs of advertising had upon each of such lots, pieces, or parcels of land, together with the names of the owners thereof, if known to the treasurer, or the word "unknown" if unknown to the treasurer, and shall specify the time and place of sale, and that the several lots or parcels of land therein described, or so much as may be necessary, will be sold to satisfy the assessment, interest, penalty, and cost due upon each. All such sales shall be made between the hours of ten o'clock a.m. and three o'clock p.m. Such sales shall be made in the manner now prescribed by the general laws of this state for the sale of property for delinquent taxes, and certificates and deeds shall be made to the purchasers and redemptions made as is now prescribed by the general laws of this state in the manner and upon the terms therein specified: PROVIDED, That no tax deeds shall be made until after the expiration of one year after the issuance of the certificate, and during such year any person interested may redeem. A certificate of purchase shall be issued to the district for all lots and parcels of land not sold. Certificates issued to the district shall be delivered to the board of commissioners of the district. The board of commissioners of the district may sell and transfer any such certificate to any person who is willing to pay to the district the amount for which the lot or parcel of land therein described was stricken off to the district, with the interest subsequently accrued thereon. Within ten days after the completion of sale of all lots, pieces, and parcels of land authorized to be sold as aforesaid, the treasurer must make a return to the board of commissioners with a statement of the doings thereon, showing all lots and parcels of land sold by him or her, to whom sold and the sum paid therefor. The purchaser at improvement sales acquires a lien on the lot, piece, or parcel of land sold for the amount paid by him or her at such sales for all delinquent taxes and assessments, and all costs and charges thereon, whether levied previously or subsequently to such sale, subsequently paid by him or her on the lot or parcel of land, and shall be entitled to interest thereon at the rate of ten percent per annum from the date of such payment. [2013 c 23 § 438; 1909 c 225 § 23; RRS § 4383. Formerly RCW 85.24.180 and 85.24.190, part.]

85.24.190 Disposal by commissioners of lands not redeemed from sale—Use of proceeds. The board of commissioners of the district shall have the power to sell, lease and dispose of any and all lands which may be acquired by it by virtue of deeds issued to it by the treasurer for lands not redeemed from sale, and the funds derived from any disposition of such land shall become the fund of the district to be used for the benefit of the district under the direction of its board of commissioners. [1909 c 225 § 24; RRS § 4384. FORMER PART OF SECTION: 1909 c 225 § 23, part, now codified as RCW 85.24.180.]

85.24.200 Reassessments. If because of a substantial reduction of the amount of the assessment upon any lands, the result would be to leave the amount of the assessment upon other lands insufficient, or if for any cause the assessment should be held invalid or become inoperative, then the board shall have power to make a reassessment of all lands to the same extent as the original assessment. [1909 c 225 § 30; RRS § 4390.]

85.24.220 Segregation of assessments. When a piece, lot, or tract of land has been assessed in one body, if the same is subsequently subdivided by the owner, or there should be purchasers of different portions of such tract, then the owner or purchaser may pay the taxes upon such piece or tract of land, paying the proportion which is proper upon such separate piece or tract. [1909 c 225 § 25; RRS § 4385.]

85.24.235 Special assessment bonds. Special assessment bonds and notes shall be issued and sold in accordance with chapter 85.38 RCW. [1986 c 278 § 26.]

Additional notes found at www.leg.wa.gov

85.24.240 Counties to contribute for benefits to roads, bridges, or health of people. Whenever any highways, roads, or bridges are maintained by either county in which a diking and drainage district may be established, as herein provided, and it shall appear that the construction and maintenance of such diking and drainage system will be beneficial to such highways, roads, and bridges, or which will be

[Title 85 RCW—page 58]
beneficial to such highways, roads and bridges as may thereafter be constructed or maintained by the county, in which any part of the system of dikes and drains is situated, then the board of county commissioners of such county may, and it shall be the duty of such board to appropriate to such diking and drainage district an amount of money sufficient to pay the proportionate share of such county in accordance with the benefits received or to be received; and whenever it may appear to the board of county commissioners of any county that any improvements made or to be made in any diking or drainage district under the provisions of this chapter, shall on account of the health of the people of the county be beneficial in respect thereto, the board of county commissioners may make an appropriation of money to such diking and drainage district in such an amount to such board as may seem proper. [1909 c 225 § 18; RRS § 4378.]

Basis of supplemental assessments: RCW 85.07.050.

Benefits to public roads, how paid: RCW 85.07.040.

85.24.250 Municipality may contribute. Whenever it appears to the council of any incorporated city or town not included or not wholly included within the limits of any diking or drainage district established hereunder, which incorporated city or town may be within a county in which a portion of such district is located that the construction and maintenance of such diking and drainage system will be beneficial to the health and general welfare of the inhabitants of the incorporated city or town, then the city or town council may appropriate money out of the general funds of the city or town to such diking and drainage system, or the council may for such purpose impose assessments upon all the property in the city or town that benefits from facilities and activities of the diking or drainage district, and give the assessments to the city or town to such diking and drainage system, or the council may hereafter be, provided by the laws of this state for the exercise of the right of eminent domain by ordinary railroad corporations. [1909 c 225 § 20; RRS § 4380. Formerly RCW 85.24.260, part.]

85.24.250 Municipality may contribute.

Any district created hereunder is hereby granted the right to exercise the power of eminent domain against any lands or other property belonging to the state of Washington or any municipality thereof, and such power of eminent domain shall be exercised under and by the same procedure as is now, or may hereafter be, provided by the laws of this state for the exercise of the right of eminent domain by ordinary railroad corporations. [1909 c 225 § 27; RRS § 4387. Formerly RCW 85.24.260, part.]

85.24.265 Eminent domain—Against public lands.

Any district created hereunder is hereby granted the right to exercise the power of eminent domain against any lands or other property belonging to the state of Washington or any municipality thereof, and such power of eminent domain shall be exercised under and by the same procedure as is now, or may hereafter be, provided by the laws of this state for the exercise of the right of eminent domain by ordinary railroad corporations. [1909 c 225 § 27; RRS § 4387. Formerly RCW 85.24.260, part.]

85.24.260 Acquisition of property—Eminent domain. The districts organized under the provisions of this chapter, and the commissioners appointed and qualified as such shall have the right of eminent domain with the power by and through the board of commissioners to condemn and cause to be condemned and appropriated private property for the use of said district in the construction and maintenance of the system of dikes, drains, flood dams and drift barriers, and for any other purpose proper, necessary and convenient for the purpose of carrying into effect the powers vested in said district and the commissioners thereof; and that the property of private corporations shall be subject to the same rights of eminent domain as private individuals. Said board of commissioners shall also have the power to acquire by purchase, in the name of the district, any and all real property necessary to make the improvements herein provided for. [1909 c 225 § 10; RRS § 4370. FORMER PART OF SECTION: 1909 c 225 §§ 12, 20, 27, now codified as RCW 85.24.261, 85.24.263, and 85.24.265.]

85.24.261 Eminent domain—Procedure. In the exercise of the right of eminent domain, all proceedings shall be prosecuted by the board of commissioners for and on behalf of the district, or in the name of the district itself, and such proceedings shall be conducted in the superior court of the county in which the lands sought to be condemned are situated, and shall be in the manner and in accordance with the procedure now provided by law regulating the mode of procedure to appropriate lands, real estate, or property by corporations for corporate purposes. [1909 c 225 § 12; RRS § 4372. Formerly RCW 85.24.260, part.]

85.24.263 Eminent domain—Rights-of-way. In the construction and maintenance of the improvements herein provided for, the said district may acquire by purchase or otherwise, and by the exercise of the right of eminent domain, any right-of-way through, over and across any property situated without said district which may be necessary or proper to the completion of the system of improvements. [1909 c 225 § 12; RRS § 4372. Formerly RCW 85.24.260, part.]

85.24.270 Cities may be included in district. Within the limits of said diking or drainage district may be included any incorporated city or town, or any part thereof. [1909 c 225 § 14; RRS § 4374. FORMER PART OF SECTION: 1909 c 225 § 15, now codified as RCW 85.24.275.]

85.24.275 Assessment of state lands. Any of the state, school, or granted land within the district, shall also be assessed the same as other lands are assessed in proportion to the benefit, but any such lands shall not be sold for delinquencies, but the amount of the assessment shall be paid by the state at the time, in the manner, under the circumstances, and in accordance with the provisions of the act relating to the payment by the state of assessments made on state, school and granted lands for the construction and maintenance of dikes and drains benefiting such lands, approved March 5, 1907; Laws of 1907, pp. 125-126. [1909 c 225 § 15; RRS § 4375. Formerly RCW 85.24.270, part.]

Reviser's note: The 1907 act referred to herein appears to be superseded by chapter 164, Laws of 1919 codified as section 79.44 RCW. See Paine v. State, 156 Wash. 31, 40. See also reviser's notes following RCW 85.05.110 and 85.06.110.

85.24.280 Improvement of streams—Scope of powers. Any district so established as aforesaid through its board of commissioners shall have the right, power and authority to straighten, deepen and improve any and all rivers, watercourses, or streams, whether navigable or otherwise, flowing through, or located within the boundaries of said diking or drainage district, whenever necessary or proper in carrying out the objects of the system. The district by and through its
85.24.285 Title 85 RCW: Diking and Drainage

board of commissioners shall also have the power to construct all needed auxiliary ditches, canals, flumes, locks, flood barriers, and all necessary artificial appliances in the construction of the system, and which shall be necessary and advisable to protect the land in any such district from overflow or to assist, or which may become necessary in the preservation or maintenance of such system. [1909 c 225 § 13; RRS § 4373. FORMER PART OF SECTION: 1909 c 225 § 26, now codified as RCW 85.24.285.]

85.24.285 Improvement of streams—Stream beds are property of district—Disposition. The board shall have power and authority to straighten, widen, deepen and improve any and all rivers, watercourses or streams, whether navigable or otherwise, flowing through or located within the boundaries of such district; and the beds of any streams or rivers which may be changed, shall become the property of the district, and the board shall have the power to sell and dispose of the same, or exchange the same or any portion thereof for other lands. [1909 c 225 § 26; RRS § 4386. Formerly RCW 85.24.280, part.]

85.24.290 Service of notices on agent of owner. When any notice is required to be given to the owner under any of the provisions of this chapter, such notice shall be given to the agent instead of the owner, in case the owner prior to the giving of the notice required by the board or proper officer has filed with the board or proper officer the name of the agent with his or her post office address. [2013 c 23 § 439; 1909 c 225 § 29; RRS § 4389.]

85.24.900 Validation of existing districts—1923 c 140. The organization, establishment and creation of all diking and drainage districts in this state situated in two or more counties heretofore had or made, or attempted to be had or made, pursuant to the provisions of chapter 4, Title XXVII of Remington's Compiled Statutes, relating to the creation and establishment of such diking and drainage districts, and all acts, steps or proceedings had or attempted to be had by any such district, are hereby for all purposes declared legal and valid, and such districts situated in two or more counties are hereby declared duly organized, established and created, and all contracts, obligations or debts heretofore made or incurred by or in favor of such diking and drainage district situated in two or more counties so attempted to be organized, established and created, and all official bonds or other obligations executed in connection with or in pursuance of such organization, are hereby declared legal and valid, and of full force and effect. [1923 c 140 § 6; RRS § 4376-1.]

Chapter 85.28 RCW
PRIVATE DITCHES AND DRAINS

Sections
85.28.010 Private parties authorized to establish ditches and drains.
85.28.020 Petition to appropriate—Contents.
85.28.030 Cost bond by petitioner.
85.28.040 Viewers to be appointed—Duties.
85.28.050 Report of viewers and plat to be filed.
85.28.060 Summons to landowners—Contents and form.
85.28.080 Service by publication.
85.28.090 Trial—Findings or verdict—Decree—Time for payment of award.
85.28.100 Appeal.
85.28.110 Compensation of viewers—Costs.
85.28.120 New viewers may be appointed if report not adopted.
85.28.130 Drainage of tide or marsh lands—Division of cost between contiguous tracts.
85.28.140 Dike or ditch as common boundary—Division of costs.
85.28.150 Dike, dam, or causeway at Bachelor Slough.

85.28.010 Private parties authorized to establish ditches and drains. The owner or owners of any land which requires drainage and which is so situated that it is necessary to the proper drainage of the same to construct ditches or drains across the lands of others, may obtain the location and establishment of such ditch or drain across such lands, in the manner provided in this chapter. [1899 c 125 § 1; RRS § 4394. Prior: 1883 p 77 § 1; 1875 p 92 § 2; 1863 p 485 § 1; 1858 p 31 § 1.]

85.28.020 Petition to appropriate—Contents. The person or persons desiring the location and establishment of such ditch or drain may file in the superior court of the county in which the lands sought to be appropriated are situated, a petition showing the name of the petitioner or petitioners; a description of the lands to be benefited, and of those over which the ditch would pass, and setting forth the name of every owner, incumbrancer, or other person or party interested in the lands over which said ditch would pass, or any part thereof, so far as the same can be ascertained from the public records of the county. Such petition shall also show the object for which the lands are sought to be appropriated, the necessity for the appropriation, and the length, width and depth of the ditch on the lands of each separate owner, with a description of said ditch, as nearly as practicable; and shall also set out the estimated damage to the lands of each owner to be crossed by such ditch. [1899 c 125 § 2; RRS § 4395. Prior: 1883 p 77 § 2, part.]

85.28.030 Cost bond by petitioner. The petitioner, or someone in his or her behalf, shall enter into a bond in the penal sum of one hundred dollars, with two or more sureties, to be approved by the clerk of said court, payable to the state of Washington, conditioned that the petitioner or petitioners will pay all costs and expenses incurred in the proceeding; which said bond shall be filed with the petition. [2013 c 23 § 440; 1899 c 125 § 3; RRS § 4396. Prior: 1883 p 77 § 2, part.]

85.28.040 Viewers to be appointed—Duties. Upon the filing of said petition the court shall appoint three viewers, two of whom shall be resident freeholders of said county, and not interested in the result of the proceeding, and the other the *county surveyor of the county in which the lands are situated (unless said *county surveyor shall be a party in interest, in which case some other competent surveyor shall be appointed in his or her place who shall receive the same compensation as is allowed by law to *county surveyors) who shall, upon a day to be fixed by the court, in the order appointing them, view the lands of the petitioner and the lands which said proposed ditch or drain is to cross, for the purpose of determining: First, whether there is a necessity for the establishment of a ditch; and, second, the most practicable route for said ditch to run, if the same be necessary. The clerk of said court shall furnish to said viewers a certified copy of the order appointing them, which shall warrant them...
entering upon the lands described in the petition for the purpose of viewing the same. [2013 c 23 § 441; 1899 c 125 § 4; RRS § 4397. Prior: 1883 p 78 § 4; Code 1881 § 2504; 1877 p 314 § 2; 1875 p 93 § 3; 1863 p 485 § 1; 1858 p 31 § 1.]

*Reviser's note: This section refers to the "county surveyor." 1907 c 160 § 1 designated the county surveyor as county engineer; 1925 ex.s. c 167 § 1 abolished the elective office of engineer, except in Class A and first-class counties, and the powers and duties were transferred to the county commissioners with power to employ an engineer; 1937 c 187 § 4 provided duties to vest in county commissioners who were directed to employ a county road engineer. See RCW 36.75.050 and chapter 36.80 RCW.

85.28.050 Report of viewers and plat to be filed. When said viewers shall have made said examination they shall, within ten days after the day appointed by the court for such examination, report to the court, in writing, (filing the same with the clerk of said court) their decision as to the necessity for said ditch and if they deem such ditch necessary, then the *county surveyor shall file with such report an accurate description and plat of the proposed ditch, showing the course thereof as recommended by the viewers. The viewers shall also estimate the amount of damage which each separate owner would suffer by reason of the construction thereof. [1899 c 125 § 5; RRS § 4398. Prior: 1883 p 79 § 8; Code 1881 § 2507; 1877 p 314 § 2; 1875 p 94 § 6.]

*Reviser's note: "county surveyor," see note following RCW 85.28.040.

85.28.060 Summons to landowners—Contents and form. Upon the filing of the report of the viewers aforesaid, a summons shall be issued in the same manner as summons are issued in civil actions, and served upon each person owning or interested in any lands over which the proposed ditch or drain will pass. Said summons must inform the person to whom it is directed of the appointment and report of the viewers; a description of the land over which said ditch will pass of which such person is the owner, or in which he or she has an interest; the width and depth of said proposed ditch, and the distance which it traverses said land, also an accurate description of the course thereof. It must also show the amount of damages to said land as estimated by said viewers; a description of the land over which said ditch will pass. Said summons must inform the person to whom it is directed of the appointment and report of the viewers; a description of the land over which said ditch will pass of which such person is the owner, or in which he or she has an interest; the width and depth of said proposed ditch, and the distance which it traverses said land, also an accurate description of the course thereof. In case any person interested in any of the lands to be crossed by such ditch, as aforesaid, does not reside in the county, or cannot be found therein, or conceals himself or herself so that personal service cannot be had upon him or her, upon proof thereof being made satisfactorily to appear to said court, said summons may be served by publication, in the same manner and with like effect as is done in civil actions: PROVIDED, That no other or different form of summons shall be required for publication than is required for personal service. [2013 c 23 § 443; 1899 c 125 § 7; RRS § 4400.]

85.28.080 Service by publication. In case any person interested in any of the lands to be crossed by such ditch, as aforesaid, does not reside in the county, or cannot be found therein, or conceals himself or herself so that personal service cannot be had upon him or her, upon proof thereof being made satisfactorily to appear to said court, said summons may be served by publication, in the same manner and with like effect as is done in civil actions: PROVIDED, That no other or different form of summons shall be required for publication than is required for personal service. [2013 c 23 § 443; 1899 c 125 § 7; RRS § 4400.]

85.28.090 Trial—Findings or verdict—Decree—Time for payment of award. Upon the expiration of the time within which exceptions may be filed to the report of the viewers aforesaid, the court shall set a day upon which the petition and the report of the viewers shall be heard and considered by the court. In case exceptions have been filed by any party or parties, which exceptions must have been served upon the petitioner or petitioners prior to the hearing, the court shall hear evidence in regard thereto, and without a jury, pass upon the questions of the necessity for said ditch and the location thereof. If the court finds that such ditch is necessary, and the route selected is the best and most practicable, and that the compensation allowed by the viewers is just and reasonable, then the court shall file his or her findings to this effect and cause an order to be entered approving the petition and report of the viewers. If, within twenty days from the filing of the findings of facts aforesaid, the petitioner or petitioners shall pay into court all the costs and sums awarded to the owner or owners of the land over which said ditch shall pass, a decree shall be entered establishing the same: PROVIDED, If any party shall except to the amount of damages found by the viewers, then the amount of such damages shall be tried by jury, unless a jury trial be waived by the parties, in which case trial thereof may be had by the court. Such trial shall be at a regular term of said court, at which a jury shall be present, and shall be conducted and verdict rendered in the same manner as in civil actions: PROVIDED FURTHER, That it shall not be incumbent on the petitioner to pay into court the amount of the award or awards of said

(2014 Ed.)
 jury, until within twenty days after said verdict shall have been rendered and entered. [2013 c 23 § 444; 1899 c 125 § 8; RRS § 4401.]

85.28.100 Appeal. No appeal shall be taken from the finding of the court as to the necessity of such ditch or as to the route thereof until after final judgment or decree is entered: PROVIDED, That exceptions shall be taken and allowed to such orders at the time that they are made, and appeal from such orders and from the award of damages shall be taken at the same time. All the provisions of the law in regard to appeals in civil actions shall apply to the proceedings provided for in this chapter. [1899 c 125 § 10; RRS § 4402.]

85.28.110 Compensation of viewers—Costs. The viewers appointed under the provisions of this chapter shall receive the sum of two dollars per day for their services, and the county surveyor shall receive such compensation as is allowed by law for like services, the same to be taxed as costs and paid by the petitioner. All other costs shall be the same as in civil actions in the superior court. [1899 c 125 § 11; RRS § 4403.]

*Reviser’s note:* "county surveyor,” see note following RCW 85.28.040.

85.28.120 New viewers may be appointed if report not adopted. In case the court should not for any reason adopt the report of the viewers, or the same should be deemed insufficient for any reason, the court may appoint other viewers whose duties shall be the same as the duties of the viewers first appointed. [1899 c 125 § 12; RRS § 4404.]

85.28.130 Drainage of tide or marsh lands—Division of cost between contiguous tracts. Persons owning or desiring to improve contiguous tracts of tide marsh or swampy lands exposed to the overflow of the tide and capable of being made dry, may separate their respective tracts by a dike or ditch, which shall make and designate their common boundary. In all such cases said dike or ditch shall be constructed at the equal cost and expense of the respective parties, and either party failing to pay his or her contributive share of such expense shall be liable to the party constructing the dike or ditch for such contributive share, or so much thereof as may remain due and unpaid, to be recovered in a civil action in a court of competent jurisdiction and the party constructing such dike shall also be entitled to a lien upon the tract of the party failing to pay his or her contributive share for the construction of said dike, or so much thereof as shall be due, which lien shall be secured and enforced as liens of material suppliers and mechanics are now by law enforced. [2007 c 218 § 95; Code 1881 § 2517; No RRS. Prior: 1877 p 258 § 1.]  

*Intent—Finding—2007 c 218: See note following RCW 1.08.130.*

85.28.140 Dike or ditch as common boundary—Division of costs. Any person or persons who may hereafter take a tract of tide land or marsh and shall desire to adopt as his or her boundary line any dike or ditch heretofore constructed upon and entirely within the boundary line of a neighboring contiguous tract he or she may join on to said tract and adopt said dike as his or her boundary by paying to the owner of the tract upon which said dike is constructed one-half of the cost and expense of the construction thereof, and any person so adopting the dike or ditch of another without contributing his or her half share of the cost or expense thereof shall be liable for his or her said half share, which may be recovered in a civil action in any court of competent jurisdiction, or the owner of the dike or ditch so used may secure a lien upon the tract of land bounded by said dike for the amount due for the use of said dike in accordance with the provisions of the law securing a lien to material suppliers and mechanics: PROVIDED ALWAYS, That when such dike has become the common boundary of two adjacent tracts, it shall be and remain the common boundary and the persons owning the said tracts shall be mutually liable for the expense of keeping it in repair, share and share alike. [2007 c 218 § 96; Code 1881 § 2518; No RRS. Prior: 1877 p 258 § 2.]

*Intent—Finding—2007 c 218: See note following RCW 1.08.130.*

85.28.150 Dike, dam, or causeway at Bachelor Slough. It shall be lawful for any adjacent or abutting owner or owners, to construct a dike, dam, or causeway over or in the waters of the state of Washington described as: That certain body of water lying between Bachelor Island and the mainland, appearing on the state survey map made by Edw. C. Dohm, state field engineer, as Columbia Slough and designated on the map as compiled by the U.S. Coast and Geodetic Survey of September, 1937, Number "U.S.C.&G.S. 6154" as Bachelor Island Slough from its point of confluence with Lake River South to the Columbia River, in sections 13, 23, 24, 26 and 35, township 4 north, range 1 west of the Willamette Meridian, in Clark county, Washington: PROVIDED, That the location and plans thereto are submitted to and approved by the chief of engineers of the United States and the secretary of war of the United States, before construction is commenced subject to the terms of section 9 of the River & Harbor Act, approved March 3, 1899 (30 Stat. 115; 33 U.S.C. 401) and: PROVIDED FURTHER, That all such dikes, dams, causeways, or other structures, shall be constructed at the expense of the owners. [1947 c 23 § 1; No RRS.]

85.32.150 Owners of extraterritorial lands on roll are electors and may be commissioners—Corporations.
85.32.010 Declaration of necessity and purpose. The maintenance of drainage districts is essential to the economy of the state. The influx of population and changes in land use since many such districts were formed, has made obsolete and unjust the method used under existing law to provide funds for the operation of such districts and for the maintenance and expansion of its drainage systems. Also, in many instances, properties lying outside of the territorial limits of such districts, have been and are being developed in such a manner that waters therefrom, through artificial rather than natural processes, are accumulated and discharged for outlet upon lands within such districts, and the facilities of such district are used without charge to furnish service and benefit to such lands. To furnish remedy for such situations where they are found to exist the state declares that it has an interest therein and this chapter is passed. [1961 c 131 § 2.]

85.32.020 Definitions. As used in this chapter:
"District" means a regularly formed and established drainage district under the provisions of this title.
"Board" means the board of commissioners of a regularly formed and established drainage district under the provisions of this title. [1961 c 131 § 3.]

85.32.030 Powers of board in general. The board may: (1) Make initial determination that the district's facilities furnish benefit to improvements upon land as well as land alone within the district in protecting against and furnishing run-off for surface and/or flood waters; (2) make initial determination that lands and improvements thereon outside of the territorial limits of the district are receiving a service from the facilities of the district, and are benefited thereby in that waters from such lands through ditches, drains, or other artificial methods, other than by natural flow or seepage, are so cast as to have outlet through the district's facilities; (3) determine that properties so found to be served should pay a just proportion of the operational and maintenance costs of the district; (4) in connection with so finding, cause a roll of property thus served and benefited by the district's facilities to be prepared and filed with it, and give notice of a hearing thereon as provided in this chapter; (5) hold public hearings to determine the ultimate facts and approve an ultimate roll of properties served and benefited by the facilities of the district and valuations thereof to serve as a basis against which annual dollar rate levy may be assessed for continuous benefits furnished such properties; make revision thereof as the facts warrant from time to time; provide for the levying of such dollar rate levy; and make return of such roll finally adopted by certifying and filing a copy thereof with the auditor, assessor and treasurer of the county wherein the properties involved are located. [1973 1st ex.s. c 195 § 120; 1961 c 131 § 4.]

85.32.040 Initial determination—Roll—Resolution, contents. In the initial instance, when the board of any district, desires to use the method and procedure provided in this chapter, and in order that uniformity may be had, it may cause a roll of all properties within the district claimed to be benefited by its drainage system, and in addition or as a part thereof, a roll of all properties outside of the territorial limits of said district claimed to be served and benefited by the drainage systems of said district, to be prepared and filed with it. Thereupon, the board shall by resolution declare:
(1) That it has made initial determination that the district's facilities are furnishing and will furnish service and benefit to the properties, including improvements thereon, described in such roll;
(2) That such roll has been filed with it and will remain so filed and open to inspection by any party interested therein at all reasonable times;
(3) That a public hearing will be held by the board at a time and place stated to give consideration to the facts and make ultimate determination of the same and to said roll;
(4) That when said roll is finally adopted, annual dollar rate levies will be made by the district against said properties based upon the valuation thereof as shown on said roll when ultimately adopted to raise money based on benefit and service for the continuous operation and maintenance of said district;
(5) That at the time of hearing, it will hear all objections filed and will review, adopt, modify, or revise said roll consistent with existing facts to the end that property receiving service and benefit from the facilities of the district shall pay justly and equitably therefor in proportion to benefit received and;
(6) That upon said hearing or adjournments thereof, the board will determine the ultimate facts concerning service and benefit received by all properties ultimately contained in said roll and as to such properties it will adopt the roll in final form and proceed as in this chapter provided. [1973 1st ex.s. c 195 § 121; 1961 c 131 § 5.]

85.32.050 Contents of roll—Assessed, equalized value prima facie correct—Separate levies for prior indebtedness—Adjustment of roll. The roll of properties referred to in this chapter shall contain (1) a description of all properties and improvements thereon, with the name of the owner or the reputed owner thereof and his or her address as shown on the tax rolls of the assessor or treasurer of the county wherein the property is located, and (2) the determined value of such land and improvements thereon as last assessed and equalized by the taxing agencies of such county. Such assessed and equalized values shall be deemed prima facie as a just, fair, and correct base of value for consideration by the board in its determination ultimately of the just and correct base of value in each instance against which annual dollar rates shall be levied by the district for the operation of the district and the expansion and maintenance of its facilities.

If property outside of the territorial limits of the district are upon the roll as adopted ultimately, and the district has
prior indebtedness existing, the board shall set up separate dollar rate levies for the retirement thereof until it is extinguished, which levies shall be applied solely against the properties within the territorial limits of the district. Adjustments of the roll shall be made before final adoption in such a manner that the money raised through annual dollar rate levies for maintenance, expansion, and operational costs of the district in no instance shall exceed the value of the service rendered or to be rendered and the benefit received and to be received by the property involved. [2013 c 23 § 445; 1973 1st ex.s. c 195 § 122; 1961 c 131 § 6]

Additional notes found at www.leg.wa.gov

85.32.060 Notice of hearing—Contents. When the board causes a property roll to be filed with it and a hearing to be held thereon as provided in this chapter, it shall give notice of the hearing in the following manner:

The notice shall be published at least three times in consecutive issues in a weekly newspaper, or once a week for three consecutive weeks in a daily newspaper having general circulation in the area involved. The last publication shall be more than fifteen days prior to date of hearing. The board also shall cause a copy of the notice to be mailed in regular course of the federal mail at least thirty days prior to the date of the hearing to the owner or reputed owner of the property at his or her address, all as shown on the tax rolls or records of the county tax agencies of the county wherein the property is situated, such notice being deemed adequate and sufficient. The sworn affidavit of the one doing such mailing shall be deemed conclusive of the fact that the notice was mailed.

The notice shall state the following:

(1) That the board has tentatively determined that the property of the owner or reputed owner named is receiving and will receive service and benefit to be filed with it; and

(2) That the board has caused a tentative roll of the properties with any improvements thereon which are receiving and will receive service and benefit to be filed with it; and that the roll shows a base of valuation thereon for the property to which dollar rate is levied and collected in the same manner as general taxes to pay the fair value of the benefit and service received and to be received by the property through use of the facilities of the district, and to pay the annual cost of operation, development, and maintenance of the district and its facilities;

(3) That on a date, time, and place stated, the board will give consideration to the facts and the roll, will hear all objections filed, will review the roll and alter, modify, or change the same consistent with facts established and with equity and fair dealing concerning the properties involved to the end that just levies will be made for service and benefits received and to be received against each property for the purposes mentioned; and at the hearing or continuance thereof, it will adopt the roll in final form and certify and file a copy thereof with the assessor and treasurer of the county wherein the property is located; and will cause annual millage to be levied against such established valuations for the purposes stated;

(4) That all persons desiring to object to the proceedings, to the proposed base valuations, or to any other thing or matter in connection with the proceedings, must file written objections with the board stating clearly the basis of the objection before the time of the hearing, or all objections will be deemed waived. [2013 c 23 § 446; 1985 c 469 § 84; 1973 1st ex.s. c 195 § 123; 1961 c 131 § 7]

Additional notes found at www.leg.wa.gov

85.32.070 Written objections—Filing—Grounds—Waiver. Any person, owner or reputed owner having any interest in any property against which the board seeks to make a service and benefit charge under this chapter, may object thereto. All such objections must be in writing and filed with the board before the hearing is commenced upon the roll containing such properties and must state clearly the grounds of such objection. Objections not made within this time and in this manner shall be deemed conclusively to have been waived. [1961 c 131 § 8]

85.32.080 Additional roll due to omitted property or changed conditions. The board shall from time to time examine the properties within and without said district, and if it finds tentatively that property, including improvements thereon, has been omitted from the existing roll, or conditions have changed so that there are new properties or additional properties receiving benefit and service from the facilities of the district without charge, it shall cause from time to time an additional roll of such property to be filed with it and shall proceed in the same manner as provided in this chapter where the board causes property roll to be filed with it. [1961 c 131 § 9]

85.32.090 Certification and filing of roll—Additional, supplemental roll supplements original. When any roll or additional or supplemental roll is adopted by the board, a copy thereof shall be certified to and filed with the auditor, the assessor and the treasurer of the county wherein the property contained on said roll is situated. Where the roll is a supplemental or additional roll, it shall supplement the original roll. [1961 c 131 § 10]

85.32.100 Reexamination of properties—Supplemental roll—Certification and filing. The board may at any time reexamine the properties on any roll, and upon request of an owner shall do so, and if it is found that the condition of such property or properties has changed so that justly such property should be eliminated from any rolls on file, or the base against which dollar rate is levied should be lowered, it shall so determine and make a supplemental roll with reference to such property or properties. When adopted by it, the board shall certify and file a copy thereof with the auditor, assessor and treasurer of the county wherein the property is situated, and such officer shall alter and change the existing rolls accordingly. [1973 1st ex.s. c 195 § 124; 1961 c 131 § 11]

Additional notes found at www.leg.wa.gov

85.32.110 Roll is base for benefits against which levy made. The roll certified to the county officers as in this chapter provided, and any modification thereof as provided, shall serve as the base of benefits as to land, buildings and improvements furnished service and benefit by the systems of the district against which valuations dollar rates shall be levied and collected in the same manner as general taxes from
time to time for the continuing functioning of the district and its systems. The dollar rate shall be levied in the manner required by law for dollar rate levies by drainage districts. [1973 1st ex.s. c 195 § 125; 1961 c 131 § 12.]

Additional notes found at www.leg.wa.gov

85.32.120 Levy for outstanding indebtedness. If any property outside of the territorial limits of the district is placed upon a roll as finally adopted, and at the time such property becomes subject to charge for service and benefit from the district's system, there is an existing outstanding indebtedness owing by the district, the board shall make a separate estimate of the revenue required to be raised to pay or apply upon such indebtedness until it is extinguished, and it shall proceed and certify the same as hereinabove provided, and no dollar rate for raising revenue to extinguish such indebtedness shall be included in the levies made against any properties lying outside of the territorial limits of said district.

When thus levied, the amount of assessment produced thereby shall be added by the general taxing authorities to the general taxes against said lands and collected therewith as a part thereof. If unpaid, any delinquencies in such assessments shall bear interest at the same rate and in the same manner as general taxes and they shall be included in and be made a part of any general tax foreclosure proceedings according to the provisions of law with relation to such foreclosures. As assessment collections are made, the county treasurer shall credit same to the funds of such district. [1973 1st ex.s. c 195 § 126; 1961 c 131 § 13.]

Additional notes found at www.leg.wa.gov

85.32.130 Emergency warrants in excess of estimates. In the case of an emergency or disaster not in contemplation at the time of making the annual estimate of costs and declared to be such by resolution of the board, the board may incur additional obligations and issue valid warrants therefor in excess of such estimate in the manner provided by law for issuance of warrants by drainage districts and the servicing thereof, and all such warrants so issued shall be valid as shown upon the then current roll of said district filed with the county auditor. [1961 c 131 § 14.]

85.32.140 Chapter exclusive method—Concurrent use of other method to extinguish prior indebtedness—Special assessment bonds. Any district choosing to operate under this chapter shall not use the processes provided for raising revenue under any other law: PROVIDED, That if for any reason it is deemed more just and advisable by the board, any such other method or process for raising revenue as provided by law may be used concurrently against properties solely within the territorial limits of the district for the sole purpose of extinguishing indebtedness incurred before the district adopts the procedure of this chapter, in which event no funds raised under this chapter shall be used to pay such prior indebtedness. However, when a drainage district issues special assessment bonds or notes after June 1, 1986, the process of raising revenue related to the bonds or notes shall be as specified in chapter 85.38 RCW. [1986 c 278 § 39; 1961 c 131 § 15.]

Additional notes found at www.leg.wa.gov

85.32.150 Owners of extraterritorial lands on roll are electors and may be commissioners—Corporations. Whenever lands, or lands with improvements thereon, lying outside of the existing territorial limits of such district are ultimately placed upon the assessment roll of such district in the manner provided by this chapter so that such lands are subject to maintenance benefits as provided, the owner of such land shall be deemed to be an elector within such district, and shall have the same right to participate in all district affairs and to vote upon all matters submitted to the electors of said district, including that of electing or becoming commissioners for the district, all in the manner provided for voting and elections under existing law pertaining to drainage districts. If such owner is a corporation, one of its duly constituted officers shall be deemed to have the right as an elector to vote on behalf of such corporation. [1961 c 131 § 16.]

85.32.160 Roll proceedings are conclusive—Injunction upon limited grounds. Whenever any roll shall have been adopted by the board, the regularity, validity and correctness of the proceedings relating thereto shall be conclusive upon all parties and cannot in any manner be contested or questioned in any proceeding whatsoever by any person not filing written objections to such roll as provided in RCW 85.18.050 and appealing from the action of the board in confirming such roll in the manner and within the time in this chapter provided. No proceeding of any kind, except proceedings had through the process of appeal as in this chapter provided, shall be commenced or prosecuted or may be maintained for the purpose of defeating or contesting any assessment or charge made through levies under this chapter, or the sale of any property to pay such charges: PROVIDED, That a suit in injunction may be brought to prevent collection of charges or assessments or sale of property thereunder upon the following grounds and no other: (1) That the property charged or about to be sold does not appear upon the district roll filed with the county auditor, or (2) the charge or assessment has been paid. [1961 c 131 § 17.]

85.32.170 Judicial review—Petition to superior court. The decision of the board upon any objection made within the time and in the manner prescribed in this chapter may be reviewed by the superior court of the county wherein the property in question is located. Any person aggrieved must file his or her petition for writ of review with the clerk of the superior court wherein the property is located within ten days after the roll affecting such aggrieved party was adopted by resolution, and he or she shall serve a copy thereof upon the board. The petition shall describe the property in question, set forth the written objections which were made to the decision, give the date of filing of such objections, and shall be signed by such party or someone in his or her behalf. The court shall forthwith grant such petition if correct as to form and filed in accordance with this section. [2013 c 23 § 447; 1961 c 131 § 18.]

85.32.180 Judicial review—Filing of transcript, objections, resolution—Filing fees—No bond required—Notice of hearing and trial. Within ten days after the filing of such petition for review, the board, unless the court shall grant additional time, shall file with the clerk of such court its
certified transcript containing such portion of the roll as is
subject to review, any written objections thereto filed with
the board by the petitioner before such roll was adopted, and
a copy of the resolution adopting the roll. The filing fee shall
be a cost recoverable by petitioner against the district.

The clerk of the court shall charge the same filing fees
for petitions for review as in other civil actions. The appellant
need not file any bond to cause review to be had by the supe-
rior court. The court shall, on motion of either party to the
case, with notice to the other party, set the same for hearing
and trial without jury at the earliest time available. [1961 c
131 § 19.]

85.32.190  Judicial review—Scope of trial.  At the trial
the court shall determine whether the board has acted within
its discretion and has correctly construed and applied the law.
If it finds that it has, the findings and decision of the board
shall be affirmed; otherwise it shall be reversed or modified.
The judgment of the court may change, confirm, correct, or
modify the values of the property in question as shown upon
the roll, and a certified copy thereof shall be filed with the
county auditor, who shall change, modify or correct as and if
required. [1961 c 131 § 20.]

85.32.200  Appellate review.  Appellate review may be
sought as in other civil cases: PROVIDED, That such review
must be sought within fifteen days after the date of entry of
the judgment of the superior court. The supreme court or the
court of appeals on such review may change, confirm, correct,
or modify the values of the property in question as shown
upon the roll, and a certified copy thereof shall be filed with
the county auditor having custody of such roll, who shall there-
upon change, modify, or correct such roll in accordance with
such decision, if required. [1988 c 202 § 84; 1971 c 81 § 169;
1961 c 131 § 21.] Additional notes found at www.leg.wa.gov

85.32.210  Levies are for continuous benefits.  The
dollar rate levy returns collected from time to time under this
chapter are solely assessments for benefits received continu-
ously by the benefited properties, calculated in the manner
specified in this chapter as a just and equitable way for all
benefited property to share the expense of such required ser-
vices. [1973 1st ex.s. c 195 § 127; 1961 c 131 § 22.]

Additional notes found at www.leg.wa.gov

85.32.220  Annual estimate of costs.  The board of any
drainage district proceeding under this chapter shall, on or
before the first day of November of each year, make an esti-
mate of the costs reasonably anticipated to be required.
[1961 c 131 § 23.]

85.32.900  Powers and duties of chapter are supple-
mental.  The rights, powers and duties granted and imposed
by this chapter are supplemental and in addition to any exist-
ing rights, powers and duties of drainage districts established
under this title. [1961 c 131 § 24.]

85.32.910  Severability—1961 c 131.  If any provision
of this chapter, or its application to any person or circum-
stance is held invalid, the remainder of the chapter, or the
application of the provision to other persons or circumstances
is not affected. [1961 c 131 § 25.]

Chapter 85.36 RCW
POWERS OF SPECIAL DISTRICTS
(Formerly: Consolidation of districts)

Sections
85.36.005  Certain powers and rights governed by chapter 85.38 RCW.
85.36.025  Special assessments—Budgets—Alternative methods.
85.36.040  Special assessment bonds.
85.36.050  Annexation of territory—Consolidation of special districts—
Suspension of operations—Reactivation.

Additional notes found at www.leg.wa.gov

85.36.005  Certain powers and rights governed by
chapter 85.38 RCW.  Consolidated diking districts, drainage
districts, diking improvement districts, and drainage
improvement districts shall possess the authority and shall be
created, district voting rights shall be determined, and district
elections shall be held as provided in chapter 85.38 RCW.
[1985 c 396 § 35.]

Additional notes found at www.leg.wa.gov

85.36.025  Special assessments—Budgets—Alterna-
tive methods.  RCW 85.38.140 through 85.38.170 constitute
a mutually exclusive alternative method by which consoli-
dated diking districts, drainage districts, diking improvement
districts, and/or drainage improvement districts in existence
as of July 28, 1985, may measure and impose special assess-
ments and adopt budgets. RCW 85.38.150 through 85.38.170
constitute the exclusive method by which consolidated diking
districts, drainage districts, diking improvement districts,
and/or drainage improvement districts created after July 28,
1985, may measure and impose special assessments and adopt
budgets. [1985 c 396 § 28.]

Additional notes found at www.leg.wa.gov

85.36.040  Special assessment bonds.  Special assess-
ment bonds and notes shall be issued and sold in accordance
with chapter 85.38 RCW. [1986 c 278 § 27.]

Additional notes found at www.leg.wa.gov

85.36.050  Annexation of territory—Consolidation of
special districts—Suspension of operations—Reactiva-
tion.  Consolidated diking districts, drainage districts, diking
improvement districts, and/or drainage improvement districts
may annex territory, consolidate with other special districts,
and have their operations suspended and be reactivated, in
accordance with chapter 85.38 RCW. [1986 c 278 § 15.]

SPECIAL DISTRICT CREATION AND OPERATION

Sections
85.38.001  Actions subject to review by boundary review board.
85.38.005  Purpose.
85.38.010  Definitions.
85.38.020  Establishment of special districts—Petition or resolution—
Contents.
85.38.030  Investigation of proposed boundaries and districts—Report.

[Title 85 RCW—page 66]
85.38.001 Actions subject to review by boundary review board. The establishment of a drainage district, drainage improvement district, or drainage or diking improvement district may be subject to potential review by a boundary review board under chapter 36.93 RCW. Annexations, consolidations, or transfers of territory by a drainage district, drainage improvement district, or drainage or diking improvement district may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 64.]

85.38.005 Purpose. The purpose of this chapter is to provide uniform and simplified procedures for the creation, elections, and operations of various special districts that provide diking, drainage, and flood control facilities and services. The legislature finds that it is in the public interest to clarify and standardize the laws relating to these special districts. [1985 c 396 § 1.]

85.38.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter:

(1) "Governing body" means the board of commissioners, board of supervisors, or board of directors of a special district.

(2) "Owner of land" means the record owner of at least a majority ownership interest in a separate and legally created lot or parcel of land, as determined by the records of the county auditor, except that if the lot or parcel has been sold under a real estate contract, the vendee or grantee shall be deemed to be the owner of such land for purposes of authorizing voting rights. It is assumed, unless shown otherwise, that the name appearing as the owner of property on the property tax roll is the current owner.

(3) "Qualified voter of a special district" means a person who is either: (a) A natural person who is a voter under general state election laws, registered to vote in the state of Washington for a period of not less than thirty days before the election, and the owner of land located in the special district for a period of not less than thirty days before the election; (b) a corporation or partnership that has owned land located in the special district for a period of not less than sixty days before the election; or (c) the state, its agencies or political subdivisions that own land in the special district or lands proposed to be annexed into the special district except that the state, its agencies and political subdivisions shall not be eligible to vote to elect a member of the governing board of a special district.

(4) "Special district" means: (a) A diking district; (b) a drainage district; (c) a diking, drainage, and/or sewerage improvement district; (d) an intercounty diking and drainage district; (e) a consolidated diking district, drainage district, diking improvement district, and/or drainage improvement district; or (f) a flood control district.

(5) "Special district general election" means the election of a special district regularly held on the first Tuesday after the first Monday in February in each even-numbered year at which a member of the special district governing body is regularly elected. [1991 c 349 § 1; 1986 c 278 § 41; 1985 c 396 § 2.]

Additional notes found at www.leg.wa.gov

85.38.020 Establishment of special districts—Petition or resolution—Contents. The establishment of a special district may be initiated by either petition of the owners of property located within the proposed special district, or by resolution of the county legislative authority or authorities within which the proposed special district is located.

A petition calling for the creation of a special district, which is signed by at least ten owners of land located within the proposed district, shall be filed with the county legislative authority within which a proposed special district, or the largest portion of a special district, is located. If the proposed special district is proposed to be located within more than one county, the county legislative authority receiving the petition shall notify the other county legislative authorities of the proposal. The petition shall set forth in general terms: (1) The objects sought by the creation of the special district; (2) the projects proposed to be completed by the special district that will accomplish these objects; (3) the boundaries of the proposed special district, which may be stated in terms of sections, townships, and ranges; and (4) any other matters deemed material by the petitioners. The jurisdiction of the
county legislative authority to proceed with consideration of the creation of the proposed special district shall not be affected by the form of the petition or allegations on the petition. The petition shall be accompanied by proof of land ownership that is sufficient in the opinion of the county legislative authority to evidence the ownership of land by the petitioners within the proposed special district. A petition calling for the creation of a special district shall be accompanied by a bond of five thousand dollars to defray the costs incurred by the county, or counties, in considering the creation of the special district.

A resolution proposing the creation of a special district shall contain the same items as are required and permitted to be contained in a petition to create a special district. [1985 c 396 § 3.]

85.38.030 Investigation of proposed boundaries and districts—Report. Upon the filing of a valid petition or upon the adoption of the resolution, the county legislative authority shall direct the county engineer to investigate the proposed boundaries of the special district and the feasibility of the projects located in the county as proposed in the petition or resolution. The engineer shall report to the county legislative authority within ninety days of such direction on the proposed boundaries of the special district within the county and feasibility of that portion of the proposed project. If the proposed special district is located in more than one county, the county legislative authority of each county shall direct its county engineer to investigate and report on the proposal within its boundaries. [1985 c 396 § 4.]

85.38.040 Proposed special districts—Public hearing—Notice. The county legislative authority shall schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are feasible. If the engineers of each of the counties within which a proposed special district is located indicate that the proposed projects are feasible, the county legislative authorities shall schedule a joint public hearing on the proposed special district. The county legislative authority may, on its own initiative, schedule a public hearing on the proposed special district if the county engineer's report indicates that the proposed projects are not feasible. The county legislative authorities of counties within which a proposed special district is located may, on their own initiative, schedule a joint public hearing on the proposed special district if one or more of the county engineers' reports indicate that the proposed projects are not feasible.

Notice of the public hearing shall be published in a newspaper of general circulation within the proposed special district, which notice shall be purchased in the manner of a general advertisement, not to be included with legal advertisements or with classified advertisements. This notice shall be published at least twice, not more than twenty nor less than three days before public hearing. Additional notice shall be made as required in RCW 79.44.040.

The notice must contain the following: (1) The date, time, and place of the public hearing; (2) a statement that a particular special district is proposed to be created; (3) a general description of the proposed projects to be completed by the special district; (4) a general description of the proposed special district boundaries; and (5) a statement that all affected persons may appear and present their comments in favor of or against the creation of the proposed special district. [1991 c 349 § 8; 1985 c 396 § 5.]

85.38.050 Public hearing—Elections. The county legislative authority or authorities shall conduct the public hearing at the date, time, and place indicated in the notice. Public hearings may be continued to other dates, times, and places specified by the county legislative authority or authorities before the adjournment of the public hearing. Each county legislative authority may alter those portions of boundaries of the proposed special district that are located within the county, but if territory is added that was not described in the original proposed boundaries, an additional hearing on the proposal shall be held with notice being published as provided in RCW 85.38.040.

After receiving the public testimony, the county legislative authority may cause an election to be held to authorize the creation of a special district if it finds:

1. That creation of the special district will be conducive to the public health, convenience and welfare;
2. That the creation of the special district will be of special benefit to a majority of the lands included within the special district; and
3. That the proposed improvements are feasible and economical, and that the benefits of these improvements exceed costs for the improvements.

If the proposed special district is located within two or more counties, the county legislative authorities may cause an election to be held to authorize the creation of the special district upon making the findings set forth in subsections (1) through (3) of this section.

The county legislative authority or authorities may also choose not to allow such an election to be held by either failing to act or finding that one or more of these factors are not met. [1991 c 349 § 9; 1985 c 396 § 6.]

85.38.060 Elections—Notice—Costs. The county legislative authority or authorities shall cause an election on the question of creating the special district to be held if findings as provided in RCW 85.38.050 are made. The county legislative authority or authorities shall designate a time and date for such election, which shall be one of the special election dates provided for in *RCW 29.13.020, together with the site or sites at which votes may be cast. The persons allowed to vote on the creation of a special district shall be those persons who, if the special district were created, would be qualified voters of the special district as described in RCW 85.38.010. The county auditor or auditors of the counties within which the proposed special district is located shall conduct the election and prepare a list of presumed eligible voters.

Notices for the election shall be published as provided in RCW 85.38.040. The special district shall be created if the proposition to create the special district is approved by a simple majority vote of the voters voting on the proposition and the special district may assume operations whenever the initial members of the governing body are appointed as provided in RCW 85.38.070.

Any special district created after July 28, 1985, may only have special assessments measured and imposed, and bud-
gets adopted, as provided in RCW 85.38.140 through 85.38.170.

If the special district is created, the county or counties may charge the special district for the costs incurred by the county engineer or engineers pursuant to RCW 85.38.030 and the costs of the auditor or auditors related to the election to authorize the creation of the special district pursuant to this section. Such county actions shall be deemed to be special benefits of the property located within the special district that are paid through the imposition of special assessments. [1991 c 349 § 10; 1985 c 396 § 7.]

*Reviser’s note: RCW 29.13.020 was recodified as RCW 29A.04.330 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**85.38.070 Governing board—Terms of office—Election—Appointment—Vacancies—Qualifications.** (1) Except as provided in RCW 85.38.090, each special district shall be governed by a three-member governing body. The term of office for each member of a special district governing body shall be six years and until his or her successor is elected and qualified. One member of the governing body shall be elected at the time of special district general elections in each even-numbered year for a term of six years beginning as soon as the election returns have been certified for assumption of office by elected officials of cities.

(2) The terms of office of members of the governing bodies of special districts, who are holding office on July 28, 1985, shall be altered to provide staggered six-year terms as provided in this subsection. The member who on July 28, 1985, has the longest term remaining shall have his or her term altered so that the position will be filled at the February 1992, special district general election; the member with the second longest term remaining shall have his or her term altered so that the position will be filled at the December 1989, special district general election; and the member with the third longest term of office shall have his or her term altered so that the position will be filled at the December 1987, special district general election.

(3) The initial members of the governing body of a newly created special district shall be appointed by the legislative authority of the county within which the special district, or the largest portion of the special district, is located. These initial governing body members shall serve until their successors are elected and qualified at the next special district general election held at least ninety days after the special district is established. At that election the first elected members of the governing body shall be elected. No primary elections may be held. Any voter of a special district may become a candidate for such a position by filing written notice of this intention with the county auditor at least thirty, but not more than sixty, days before a special district general election. The county auditor in consultation with the special district shall establish the filing period. The names of all candidates for such positions shall be listed alphabetically. At this first election, the candidate receiving the greatest number of votes shall have a six-year term, the candidate receiving the second greatest number of votes shall have a four-year term, and the candidate receiving the third greatest number of votes shall have a two-year term of office. The initially elected members of a governing body shall take office immediately when qualified as defined in *RCW 29.01.135. Thereafter the candidate receiving the greatest number of votes shall be elected for a six-year term of office. Members of a governing body shall hold their office until their successors are elected and qualified, and assume office as soon as the election returns have been certified.

(4) The requirements for the filing period and method for filing declarations of candidacy for the governing body of the district and the arrangement of candidate names on the ballot for all special district elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a special district.

(5) Whenever a vacancy occurs in the governing body of a special district, the legislative authority of the county within which the special district, or the largest portion of the special district, is located, shall appoint a district voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in *RCW 29.01.135.

If an election for the position which became vacant would otherwise have been held at this special district election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in *RCW 29.01.135 and serve both the remainder of the unexpired term and the succeeding term. A vacancy occurs upon the death, resignation, or incapacity of a governing body member or whenever the governing body member ceases being a qualified voter of the special district.

(6) An elected or appointed member of a special district governing body, or a candidate for a special district governing body, must be a qualified voter of the special district: PROVIDED, That the state, its agencies and political subdivisions, or their designees under RCW 85.38.010(3) shall not be eligible for election or appointment. [1991 c 349 § 11; 1987 c 298 § 2; 1986 c 278 § 42; 1985 c 396 § 8.]

*Reviser’s note: RCW 29.01.135 was recodified as RCW 29A.04.133 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

Additional notes found at www.leg.wa.gov

**85.38.075 Governing body—Compensation and expenses.** The members of the governing body may each receive up to ninety dollars per day or portion thereof spent in actual attendance at official meetings of the governing body or in performance of other official services or duties on behalf of the district. The governing body shall fix the compensation to be paid to the members, secretary, and all other agents and employees of the district. Compensation for the members shall not exceed eight thousand six hundred forty dollars in one calendar year. A member is entitled to reimbursement for reasonable expenses actually incurred in connection with such business, including subsistence and lodging, while away from the member's place of residence, and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW.

Any member may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The
or the largest portion of the special district, is located.  

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. [2007 c 469 § 15; 1998 c 121 § 12.]

85.38.080 Governing body—Bond. Each member of a governing body of a special district, whether elected or appointed, shall enter into a bond, payable to the special district. The bond shall be in the sum of not less than one thousand dollars nor more than five thousand dollars, as determined by the county legislative authority of the county within which the special district, or the largest portion of the special district, is located. The bond shall be conditioned on the faithful performance of his or her duties as a member of the governing body of a special district, whether elected or appointed, shall enter into a bond, payable to the special district, or the largest portion of the special district, is located. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. [2007 c 469 § 15; 1998 c 121 § 12.]

85.38.090 Governing body—Reduction in size. (1) Whenever the governing body of a special district has more than three members, the governing body shall be reduced to three members as of January 1, 1986, by eliminating the positions of those district governing body members with the shortest remaining terms of office. The remaining three governing body members shall have staggered terms with the one having the shortest remaining term having his or her position filled at the 1987 special district general election, the one with the next shortest remaining term having his or her position filled at the 1989 special district general election, and the one with the longest remaining term having his or her position filled at the 1992 special district general election. If any of these remaining three governing body members have identical remaining terms of office, the newly calculated remaining terms of these persons shall be determined by lot with the county auditor who assists the special district in its elections managing such lot procedure. The newly established terms shall be recorded by the county auditor.

(2) However, whenever five or more special districts have consolidated under chapter 85.36 RCW and the consolidated district has five members in its governing body on July 28, 1985, the consolidated district may adopt a resolution retaining a five-member governing body. At any time thereafter, such a district may adopt a resolution and reduce the size of the governing body to three members with the reduction occurring as provided in subsection (1) of this section, but the years of the effective dates shall be extended so that the reduction occurs at the next January 1st occurring after the date of the adoption of the resolution. Whenever a special district is so governed by a five-member governing body, two members shall be elected at each of two consecutive special district general elections, and one member shall be elected at the following special district general election, each to serve a six-year staggered term.

(3) Nothing in this section permits the governing body of a flood control district that is subject to RCW 85.38.290 to reduce the size of its governing body. [2010 c 131 § 1; 1991 c 349 § 12; 1985 c 396 § 10.]

85.38.105 Voting rights. (1) The owner of land located in a special district who is a qualified voter of the special district shall receive two votes at any election. This section does not apply to special flood control districts consisting of three or more counties.

(2) If multiple undivided interests, other than community property interests, exist in a lot or parcel and no person owns a majority undivided interest, the owners of undivided interests at least equal to a majority interest may designate in writing:

(a) Which owner is eligible to vote and may cast two votes; or
(b) Which two owners are eligible to vote and may cast one vote each.

(3) If land is owned as community property, each spouse is entitled to one vote if both spouses otherwise qualify to vote, unless one spouse designates in writing that the other spouse may cast both votes.

(4) A corporation, partnership, or governmental entity shall designate:

(a) A natural person to cast its two votes; or
(b) Two natural persons to each cast one of its votes.

(5) Except as provided in RCW 85.08.025 and 86.09.377, no owner of land may cast more than two votes or have more than two votes cast for him or her in a special district election. [2009 c 144 § 1; 1991 c 349 § 2.]
85.38.110 Presumed eligible voters' list—Notice of requirements of voting authority—Copy of voter's list to county auditor. A list of presumed eligible voters shall be prepared and maintained by each special district. The list shall include the assessor's tax number for each lot or parcel in the district, the name or the names of the owners of such lots and parcels and their mailing address, the extent of the ownership interest of such persons, and if such persons are natural persons, whether they are known to be registered voters in the state of Washington. Whenever such a list is prepared, the district shall attempt to notify each owner of the requirements necessary to establish voting authority to vote. Whenever lots or parcels in the district are sold, the district shall attempt to notify the purchasers of the requirements necessary to establish voting authority. Each special district shall provide a copy of this list, and any revised list, to the auditor of the county within which all or the largest portion of the special district is located. The special district must compile the list of eligible voters and provide it to the county auditor by the first day of November preceding the special district general election. In the event the special district does not provide the county auditor with the list of qualified voters by this date, the county auditor shall compile the list and charge the special district for the costs required for its preparation. The county auditor shall not be held responsible for any errors in the list. [1991 c 349 § 13; 1985 c 396 § 12.]

85.38.115 Elections—When not required. No election shall be held to elect a member of a special district governing body, or to fill the remainder of an unexpired term which arose from a vacancy on the governing body, if no one or only one person files for the position.

If only one person files for the position, he or she shall be considered to have been elected to the position at the election that otherwise would have taken place for such position.

If no one files for the position and the upcoming election is one at which someone would have been elected to fill the expired term, the position shall be treated as vacant at the expiration of the term.

If no one files for the position and the upcoming election is one at which someone would have been elected to fill the remaining term of office, the person appointed to fill the vacancy shall be considered to have been elected to the position at the election and shall serve for the remainder of the unexpired term. [1991 c 349 § 6.]

85.38.120 Elections—Auditor's assistance—Notice—Auditor's costs. The auditor of the county within which a special district, or the largest portion of a special district, is located shall assist such special district with its elections as provided in this section.

(1) The county auditor shall publish notice of an election to create a special district and notice of all special district elections not conducted by mail in a newspaper of general circulation in the special district at least once not more than ten nor less than three days before the election. The notices shall describe the election, give its date and times to be held, and indicate the election site or sites in the special district where ballots may be cast.

(2) If a special district has at least five hundred qualified voters, then the county auditor shall publish in a newspaper of general circulation in the special district a notice of the filing period and place for filing a declaration of candidacy to become a member of the governing body. This notice shall be published at least seven days prior to the closing of the filing period. If the special district has less than five hundred qualified voters, then the special district shall mail or deliver this notice to each qualified voter of the special district at least seven days prior to the closing of the filing period.

(3) All costs of the county auditor incurred related to such elections shall be reimbursed by the special district. [1991 c 349 § 14; 1985 c 396 § 13.]

85.38.125 Elections—Auditor to conduct. (1) If a special district has less than five hundred qualified voters, then the special district must contract with the county auditor to conduct the special district elections.

(2) If a special district has at least five hundred qualified voters, the special district may contract with the county auditor to conduct the election. A special district with at least five hundred qualified voters may also choose to conduct its own elections. A special district that conducts its own elections must enter into an agreement with the county auditor that specifies the responsibilities of both parties. [2011 c 10 § 83; 1991 c 349 § 15.]

Notice to registered poll voters—Elections by mail—2011 c 10: See note following RCW 29A.04.008.

85.38.127 Elections—Special flood control districts—Qualified voters. All registered voters within a special flood control district consisting of three or more counties are qualified voters in special flood control district elections. [2009 c 144 § 2.]

85.38.130 Election officials—Duties—Voting hours—Challenged ballots—Absentee ballots. For special district elections that are not conducted by mail, the governing body of each special district shall appoint three voters of the special district, who may be members of the governing body, to act as election officials, unless the special district contracts with the county auditor to staff the election site. The election officials shall distribute a ballot or ballots to each voter of the special district who arrives at the voting place during the hours for the election on the day of the election and requests a ballot. Ballots shall also be provided to those persons arriving at the polling place during the hours for the election on the day of the election who present documents or evidence sufficient to establish their eligibility to vote. A person arriving at the polling place at such times who demands a ballot, but who fails to present documents or evidence which in the opinion of the election officials is sufficient to establish eligibility to vote, shall be given a ballot clearly marked as "challenged" and shall be allowed to vote. Each challenged ballot shall be numbered consecutively and a list of such persons and their ballot numbers shall be made.

The governing body of each special district shall designate those hours from 7 a.m. to 8 p.m. during which the election shall be held: PROVIDED, That at least six consecutive hours must be designated. When the election is over, the election officials shall secure the ballots and transport the ballots to the county auditor's office by noon of the day following the election. The auditor may, at his or her discretion, station a
deputy auditor or auditors at the election site who shall observe the election and transport the ballots to the auditor's office. The auditor shall count the ballots and certify the count of votes for and against each measure and for each candidate appearing on the ballot. A separate count shall be made of any challenged ballots. A challenged ballot shall be counted as a normal ballot if documents or evidence are supplied to the auditor before 4:00 p.m. on the day after the election that, in the opinion of the auditor, are sufficient to establish the person's eligibility to vote.

Additionally, voting by absentee ballot shall be allowed in every special district. A request for an absentee ballot may be made by an eligible voter by mail or in person to the county auditor who supervises the special district elections. An absentee ballot shall be provided to each voter of a special district requesting such a ballot under this section. A person requesting such a ballot may present information establishing his or her eligibility to vote in such a special district. The auditor shall provide an absentee ballot to each person requesting an absentee ballot who is either included on the list of presumed eligible voters or who submits information which, in the auditor's opinion, establishes his or her eligibility to vote. The names of these persons so determined to be eligible to vote shall be added to the list of presumed eligible voters for the appropriate special district. The request for an absentee ballot must be made no more than forty-five days before the election. To be valid, absentee ballots must be postmarked on or before the day of the election and mailed to the county auditor. [1991 c 349 § 16; 1985 c 396 § 14.]

85.38.140 Special district financing—Alternative method. The process by which budgets are adopted, special assessments are measured and imposed, rates and charges are fixed, and assessment zones are established, is provided in RCW 85.38.140 through 85.38.170, shall constitute an alternative optional method of financing special districts. A special district in existence prior to July 28, 1985, may conform with RCW 85.38.140 through 85.38.170 when its governing body adopts a resolution indicating its intention to conform with such laws. Whenever such a resolution is adopted, or a new special district is created on or after July 28, 1985, RCW 85.38.140 through 85.38.170 shall be the exclusive method by which the special district measures and imposes special assessments and adopts its budget. The governing body of a special district that was created before July 28, 1985, and which operates under RCW 85.38.140 through 85.38.170 when its governing body adopts a resolution removing the special district from operating under RCW 85.38.140 through 85.38.170, may operate under alternative procedures available to the special district. A county may charge a special district for costs the county incurs in establishing a system or systems of assessment for the special district pursuant to RCW 85.38.140 through 85.38.170. [1993 c 464 § 3; 1985 c 396 § 15.]

85.38.145 Rates and charges. Regardless of whether any special assessments have been or may be imposed on a particular parcel of real property pursuant to this chapter, in order to implement the authority granted under RCW 85.38.180(3), a special district may fix rates and charges payable by owners or occupiers of real estate within the special district. When fixing rates and charges, the district may consider the degree to which activities on a parcel of real property, including on-site septic systems, contribute to the problems that the special district is authorized to address under RCW 85.38.180(3). [1993 c 464 § 4.]

85.38.150 Special assessments—Valuation—Assessment zones—Criteria for assessments. (1) Special district special assessments shall be imposed only on real property within the district that uses or will use the special district's facilities or receives or will receive special benefits from the special district's operations and facilities. Both privately owned and publicly owned real property, including real property owned by the state, is subject to these special assessments. Mobile homes located on real property within a special district shall be considered an improvement to the real property for purposes of imposing special assessments.

(2) Special assessments imposed upon real property, other than improvements, shall be a function of the dollar value of benefit or use per acre and the assessment zone in which the real property is located. Special assessments imposed upon an improvement shall be a function of the dollar value of benefit or use assigned to the type or class of improvements and the assessment zone in which the improvement is located.

(3) Assessment zones shall be established in which each zone reflects a different relative ratio of benefit or use that the real property within such a zone receives, or will receive, from the special district's operations and facilities. That real property receiving the greatest benefits, or which uses the special district's facilities to the greatest extent, shall be placed into class No. 1 and assigned a value of one hundred percent; that real property receiving the next greatest benefits, or which uses the special district's facilities to the next greatest extent, shall be placed into class No. 2 and assigned a lower percentage value; and so on, extending to the class of least benefits or use. That real property receiving no benefits or use shall be designated "nonbenefit." If all real property in the special district is found to have the same relative ratio of benefit or use, a single assessment zone may be established.

(4) Any one or more of the following criteria shall be used in measuring the manifest degrees or ratios of benefit or use: (a) Proximity to the special district's facilities; (b) height above or below dikes and levees; (c) easier accessibility; (d) facility of drainage; (e) minimization of flood or inundation damage; (f) actual flood protection; (g) use of the special district's facilities; and (h) any other criteria established by the county under RCW 85.38.160 that measure manifest degrees of benefit or use from the special district's facilities and operations.

(5) Special assessments may be imposed to pay for the construction, repair, and maintenance of special district facilities and for special district operations. Administrative and operational costs of the special district shall be proportionally included in these special assessments. [1985 c 396 § 16.]

85.38.160 Systems of assessment—Hearing—Notice—Adoption of ordinance—Appeals—Review—Emergency assessment. (1) The county within which each special district is located shall establish a system or systems of assessment for the special district as provided in this section. A differing system of assessment shall be established for
different classes of facilities that a special district provides or will provide, including a separate system of assessment for diking and drainage facilities if both classes of facilities are provided. Whenever a special district is located in more than one county, the county within which the largest portion of the special district is located shall establish the system or systems of assessment for the entire special district. A system of assessment shall include assessment zones, the acreage included in each assessment zone, a dollar value of benefit or use per acre, and various classes or types of improvements together with a dollar value of benefit or use for an improvement included in each of the classes or types of improvements. The county shall establish which improvements shall be subject to special assessments and shall establish one or more types or classes of such improvements.

(2) The engineer of the county shall prepare a preliminary system or systems of assessment for each special district. Each system of assessment that is prepared for a special district shall be designed to generate a total of one thousand dollars in revenue for the special district.

The preliminary system or systems of assessment shall be filed with the county legislative authority. A public hearing on the preliminary system or systems of assessment shall be held by the county legislative authority. Notice of the public hearing shall be published in a newspaper, in general circulation in the special district, for two consecutive weeks with the final notice being published not less than fourteen, nor more than twenty-one days, before the public hearing. Notice shall also be mailed to each owner or reputed owner, as shown on the assessor’s tax rolls, of each lot or parcel subject to such assessments. The mailed notice shall indicate the amount of assessment on the lot or parcel that, together with all other assessments in the system of assessment, would raise one thousand dollars. The mailed notice shall indicate that this assessment amount is not being imposed, but is a hypothetical assessment that, if combined with all other hypothetical assessments in the system of assessment, would generate one thousand dollars, and that this hypothetical assessment is proposed to be used to establish a system or systems of assessment for the special district. Where a special district currently is imposing special assessments and a property owner’s property is subject to these special assessments, the mailed notice to this property owner also shall use the hypothetical special assessment in conjunction with the total special assessments imposed by the special district in that year to provide a comparison special assessment value to the property owner. This notice shall indicate that the comparison special assessment value is not being imposed, and should be considered for comparative purposes only. Where a special district is not currently imposing special assessments, the mailed notice may include, if deemed appropriate by the county engineer and if such figures are available, an estimated special assessment value for the property owner’s property using this hypothetical special assessment in conjunction with special district-wide level of special assessments that possibly would be imposed in the following year. Where a county is imposing rates and charges for storm water or surface water control facilities pursuant to chapters 36.89 or 36.94 RCW, the county shall credit such rates and charges with assessments imposed under this section by a special district to fund drainage facilities and the maintenance of drainage facilities.

(3) The county legislative authority shall hold a public hearing on the preliminary system or systems of assessment on the day specified in the notices. Persons objecting to the preliminary system or systems of assessment may present their objections at this public hearing, which may be continued if necessary. The county legislative authority shall adopt an ordinance finalizing the system or systems of assessment after making any changes that in its discretion are necessary. The county legislative authority shall have broad discretion in establishing systems of assessment. The decision of the county legislative authority shall be final, except for appeals. Any person objecting to the system or systems of assessment must appeal such decision to the superior court of the county within which all, or the largest portion, of the special district is located within twenty days of the adoption of the ordinance.

(4) The system or systems of assessment of each special district shall be reviewed by the county engineer and finalized by the county legislative authority at least once every four years. A system or systems of assessment shall be finalized on or before the first of September in the year that it is finalized. The legislative authority of a county that is responsible for establishing a system or systems of assessment for more than one special district may, at its option, stagger the initial finalization of such systems of assessment for different special districts over a period of up to four years. Assessments shall be collected in special districts pursuant to the district’s previous system of assessment until the system or systems of assessment under this chapter is finalized under this section.

(5) New improvements shall be noted by the special district as they are made and shall be subject to special assessments in the year after the improvement is made.

(6) The county legislative authority, upon request by a special district, may authorize the special district to impose and collect emergency assessments pursuant to the special district’s system or systems of assessment whenever the emergent protection of life or property is necessary. [1985 c 396 § 17.]

85.38.165 Applicable assessed value. (1) Every special district must use the assessed value applicable to forest land, farm and agricultural land, or open space land, under chapter 84.33 or 84.34 RCW, when the land has been designated as such and the assessed value is used as a component in determining the district assessment.

(2) If a district uses a fractional amount of assessed value as a component in determining the district assessment, then a fractional amount of the value applicable to forest land, farm and agricultural land, or open space land, under chapter 84.33 or 84.34 RCW, shall be used. [2005 c 181 § 1.]

85.38.170 Budgets—Special assessments—Notice—Delinquent special assessments—Collection fee. Budgets for each special district shall be adopted, and special assessments imposed, annually for the succeeding calendar year. On or before December 1st of each year, the governing body of the special district shall adopt a resolution approving a budget for the succeeding year and special assessments suffi-
85.38.180 Special districts—Powers. A special district may:

(1) Engage in flood control activities, and investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities necessary to prevent inundation or flooding from rivers, streams, tidal waters or other waters. Such facilities include dikes, levees, dams, banks, revetments, channels, canals, drainage ditches, tide gates, flood gates, and other works, appliances, machinery, and equipment.

(2) Engage in drainage control, storm water control, and surface water control activities, and investigate, plan, construct, acquire, repair, maintain, and operate improvements, works, projects, and facilities necessary to control and treat storm water, surface water, and flood water. Such facilities include drains, flood gates, drainage ditches, tide gates, ditches, canals, nonsanitary sewers, pumps, and other works, appliances, machinery, and equipment.

(3) Engage in lake or river restoration, aquatic plant control, and water quality enhancement activities.

(4) Take actions necessary to protect life and property from inundation or flow of flood waters, storm waters, or surface waters.

(5) Acquire, purchase, condemn by power of eminent domain pursuant to chapters 8.08 and 8.25 RCW, or lease, in its own name, necessary property, property rights, facilities, and equipment.

(6) Sell or exchange surplus property, property rights, facilities, and equipment.

(7) Accept funds and property by loan, grant, gift, or otherwise from the United States, the state of Washington, or any other public or private source.

(8) Hire staff, employees, or services, or use voluntary labor.

(9) Sue and be sued.

(10) Cooperate with or join the United States, the state of Washington, or any other public or private entity or person for district purposes.

(11) Enter into contracts.

(12) Exercise any of the usual powers of a corporation for public purposes. [2003 c 392 § 1; 1991 c 349 § 17; 1985 c 396 § 19.]

85.38.190 Construction of improvements—When public bidding not required—Use of district employees or volunteers. Any proposed improvement or part thereof, not exceeding five thousand dollars in cost, may be constructed by district employees: PROVIDED, That this shall not restrict a special district from using volunteer labor and equipment on improvements, and providing reimbursement for actual expenses. [1987 c 298 § 4; 1986 c 278 § 50.]

Additional notes found at www.leg.wa.gov

85.38.200 Annexation of contiguous territory—Procedures. (1) Territory that is contiguously located to a special district may be annexed by the special district as provided in this section under the petition and election, resolution and election, or direct petition method of annexation.

(2) An annexation under the election method may be initiated by the filing of a petition requesting the action that is signed by at least ten owners of property in the area proposed to be annexed or the adoption of a resolution requesting such action by the governing body of the special district. The petition shall be filed with the governing body of the special district that is requested to annex the territory. An election to authorize an annexation initiated under the petition and election method may be held only if the governing body approves the annexation. An annexation under either election method shall be authorized if the voters of the area proposed to be annexed approve a ballot proposition favoring the annexation by a simple majority vote. The annexation shall be effective when results of an election so favoring the annexation are certified by the county auditor or auditors. The election, notice of the election, and eligibility to vote at the election shall be as provided for the creation of a special district.

(3) An annexation under the direct petition method of annexation may be accomplished if the owners of a majority of the acreage proposed to be annexed sign a petition requesting the annexation, and the governing body of the special district approves the annexation. The petition shall be filed with the governing body of the special district. The annexation shall be effective when the governing body approves the annexation.

(4) Whenever a special district annexes territory under this section, the exclusive method by which the special district measures and imposes special assessments upon real property within the entire enlarged area shall be as set forth in RCW 85.38.150 through 85.38.170. [1986 c 278 § 8.]

Additional notes found at www.leg.wa.gov

85.38.210 Consolidation of contiguous districts—Procedures. Two or more special districts that are contiguously located with each other, or which occupy all or part of the same territory, may consolidate as provided in this section. The consolidation shall result in the creation of a flood control district.

A consolidation may be initiated by: (1) The filing of a petition requesting the action that is signed by eligible voters of each special district who constitute at least ten percent of the property within the entire enlarged area.
the eligible voters of the special district, or who own at least a majority of the acreage in the special district; or (2) the adoption of a resolution requesting such action by the governing body of each special district. The petitions shall be filed with, and the resolutions shall be submitted to, the county legislative authority of the county within which all or the largest portion of the special districts is located. The auditor of the county, or auditors of the counties, within which these districts are located shall authenticate the signatures on the petitions and certify the results. An election to authorize the consolidation shall be held not more than one hundred eighty days after the date of the filing of the resolutions, or the determination that sufficient valid signatures are included on the petition from the voters of each of the special districts.

The consolidation shall be authorized if voters in each of the special districts approve a ballot proposition favoring the consolidation by a simple majority vote. Members of the governing body of the consolidated special district shall be selected as provided in RCW 85.38.070 for a newly created special district and the consolidation shall be effective when these initial members of the governing body are so appointed.

All moneys, rights, property, assets and liabilities of the consolidating special districts shall vest in and become the obligation of the new consolidated special district, except that any indebtedness of a consolidating special district shall remain an indebtedness of the original consolidating special district and lands within the original consolidating special district. The governing body of the new consolidated special district shall impose special assessments on lands in the original consolidating special district to redeem this indebtedness. However, the new consolidated special district may issue funding or refunding bonds or notes and fund or refund such indebtedness. The new consolidated special district may continue imposing special assessments pursuant to the various systems of assessment used by the original consolidating special districts, or may establish a new system or systems of assessment in all or part of the new consolidated special district to finance its operations. [1986 c 278 § 9.]

Additional notes found at www.leg.wa.gov

85.38.213 Withdrawal of area within city or town. A special district may withdraw area from its boundaries that is located within the boundaries of a city or town, or area that includes area both within and adjacent to the boundaries of any city or town, under this section.

(1) The withdrawal of area is authorized upon the following conditions being met: (a) Adoption of a resolution by the special district requesting withdrawal of the area from the district; (b) adoption of a resolution by the city or town council approving the withdrawal of the special district from the area; (c) assumption by the city or town of full responsibility for the maintenance, improvements, and collection of payment for the operation of the system previously operated by the special district in the area; (d) transfer by the special district of all rights-of-way or easements in the area to the city or town by quit claim or deed; and (e) adoption of an interlocal agreement between the special district and the city or town that reimburses the special district for lost assessment revenue from the withdrawn area, that transfers any facilities or improvements owned by the special district to the city or town as agreed between the parties, and that requires the city or town to maintain existing water run-off and water quality levels in the area.

(2) Property in the territory withdrawn from the boundaries of a special district under this section shall remain liable for any special assessments of the special district from which it was withdrawn, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the withdrawal of property had not occurred. [1993 c 464 § 2.]

85.38.215 Transfer of territory from one special district to another. Territory that is located in one special district may be transferred from that special district to another special district as provided in this section, if a portion of this territory is coterminous with a portion of the boundaries of the special district to which it is transferred. Such a transfer shall be accomplished using the procedures in RCW 85.38.200 for annexing territory, except that the governing body of both special districts must approve the transfer and make findings that the transfer is in the public interest and that the special district to which the territory is transferred is better able to provide the activities and facilities serving the territory than the special district from which the territory is transferred.

Property in the territory so transferred shall remain liable for any special assessments of the special district from which it was transferred, if the special assessments are associated with bonds or notes used to finance facilities serving the property, to the same extent as if the transfer had not occurred.

A transfer of territory also may include the transfer of property, facilities, and improvements owned by one special district to the other special district, with or without consideration being paid. [1987 c 298 § 1.]

85.38.217 Drainage and drainage improvement districts—Removal of area by first-class city—Notice. Any portion of a drainage district or drainage improvement district located within the boundaries of a first-class city operating a storm drain utility pursuant to RCW 35.67.030 may be removed from the drainage district or drainage improvement district by ordinance of the city. The removal of an area shall not result in the impairment of any contract nor remove the liability or obligation to finance district improvements that serve the area so removed as of the effective date of the ordinance. Residents of the district to be removed shall be given substantial notice of the impending action and the opportunity to respond to the action. [1991 c 28 § 3.]

85.38.220 Suspension of operations—Procedure—Reactivation. Any special district may have its operations suspended as provided in this section. The process of suspending a special district's operations may be initiated by: (1) The adoption of a resolution proposing such action by the governing body of the special district; (2) the filing of a petition proposing such action with the county legislative authority of the county in which all or the largest portion of the special district is located, which petition is signed by voters of the special district who own at least ten percent of the acreage in the special district or is signed by ten or more voters of the special district; or (3) the adoption of a resolution proposing
such action by the county legislative authority of the county in which all or the largest portion of the special district is located.

A public hearing on the proposed action shall be held by the county legislative authority at which it shall inquire into whether such action is in the public interest. Notice of the public hearing shall be published in a newspaper of general circulation in the special district, posted in at least four locations in the special district to attract the attention of the public, and mailed to the members of the governing body of the special district, if there are any. After the public hearing, the county legislative authority may adopt a resolution suspending the operations of the special district if it finds such suspension to be in the public interest, and shall provide a copy of the resolution to the county treasurer. When a special district is located in more than one county, the legislative authority of each of such counties must so act before the operations of the special district are suspended.

After holding a public hearing on the proposed reactivation of a special district that has had its operations suspended, the legislative authority or authorities of the county or counties in which the special district is located may reactivate the special district by adopting a resolution finding such action to be in the public interest. Notice of the public hearing shall be posted and published as provided for the public hearing on a proposed suspension of a special district's operations. The governing body of a reactivated special district shall be appointed as in a newly created special district.

No special district that owns drainage or flood control improvements may be suspended unless the legislative authority of a county accepts responsibility for operation and maintenance of the improvements during the suspension period. [2001 c 299 § 20; 1986 c 278 § 10.]

Additional notes found at www.leg.wa.gov

85.38.225 Alternative dissolution procedure—Drainage and drainage improvement districts—Conditions. As an alternative to this chapter a drainage district or drainage improvement district located within the boundaries of a county storm drainage and surface water management utility, and which is not currently imposing assessments, may be dissolved by ordinance of the county legislative authority. If the alternative dissolution procedure in this section is used the following shall apply:

(1) The county storm drainage and surface water management utility shall assume responsibility for payment or settlement of outstanding debts of the dissolved drainage district or drainage improvement district, and shall notify the county treasurer at such time of the assumption of responsibility.

(2) All assets, including money, funds, improvements, or property, real or personal, shall become assets of the county in which the dissolved drainage district or drainage improvement district was located.

(3) Notwithstanding RCW 85.38.220, the county storm drainage and surface water management utility may determine how to best manage, operate, maintain, improve, exchange, sell, or otherwise dispose of all property, real and personal, of the dissolved drainage district or drainage improvement district, and may determine to modify, cease the operation of, and/or remove any or all facilities or improvements to real property of the dissolved drainage district or drainage improvement district. [2001 c 299 § 21; 1991 c 28 § 2.]

85.38.230 Special assessment bonds authorized. A special district may issue special assessment bonds or notes to finance costs related to providing, improving, expanding, or enlarging improvements and facilities if the county legislative authority within which all or the major part of the special district is located authorizes the issuance of such bonds or notes. The decision of a county legislative authority authorizing or failing to authorize a proposed issue of special assessment bonds or notes constitutes a discretionary function, and shall not give rise to a cause of action against the county, county legislative authority, or any member of the county legislative authority. [1986 c 278 § 18.]

Additional notes found at www.leg.wa.gov

85.38.240 Special assessment bonds—Issuance—Terms. (1) Special assessment bonds and notes issued by special districts shall be issued and sold in accordance with chapter 39.46 RCW, except as otherwise provided in this chapter. The maximum term of any special assessment bond issued by a special district shall be twenty years. The maximum term of any special assessment note issued by a special district shall be five years.

(2) The governing body of a special district issuing special assessment bonds or notes shall create a special fund or funds, or use an existing special fund or funds, from which, along with any special assessment bond guaranty fund the special district has created, the principal of and interest on the bonds or notes exclusively are payable.

(3) The governing body of a special district may provide such covenants as it may deem necessary to secure the payment of the principal of and interest on special assessment bonds or notes, and premiums on special assessment bonds or notes, if any. Such covenants may include, but are not limited to, depositing certain special assessments into a special fund or funds, and establishing, maintaining, and collecting special assessments which are to be placed into the special fund or funds. The special assessments covenanted to be placed into such a special fund or funds after June 11, 1986, only may include all or part of the new system of special assessments imposed for such purposes, pursuant to RCW 85.38.150 and 85.38.160. Special assessment bonds or notes issued after July 26, 1987, may not be payable from special assessments imposed under authorities other than those provided in chapter 85.38 RCW.

(4) A special assessment bond or note issued by a special district shall not constitute an indebtedness of the state, either general or special, nor of the county, either general or special, within which all or any part of the special district is located. A special assessment bond or note shall not constitute a general indebtedness of the special district issuing the bond or note, but is a special obligation of the special district and the interest on and principal of the bond or note shall be payable only from special assessments covenanted to be placed into the special fund or funds, and any special assessment bond guaranty fund the special district has created.

The owner of a special assessment bond or note, or the owner of an interest coupon, shall not have any claim for the
payment thereof against the special district arising from the special assessment bond or note, or interest coupon, except for payment from the special fund or funds, the special assessments covenant to be placed into the special fund or funds, and any special assessment bond guarantee fund the special district has created. The owner of a special assessment bond or note, or the owner of an interest coupon, issued by a special district shall not have any claim against the state, or any county within which all or part of the special district is located, arising from the special assessment bond, note, or interest coupon. The special district issuing the special assessment bond or note shall not be liable to the owner of any special assessment bond or note, or owner of any interest coupon, for any loss occurring in the lawful operation of its special assessment bond guarantee fund.

The substance of the limitations included in this subsection shall be plainly printed, written, engraved, or reproduced on: (a) Each special assessment bond or note that is a physical instrument; (b) the official notice of sale; and (c) each official statement associated with the bonds or notes. [1987 c 298 § 5; 1986 c 278 § 19.]

Additional notes found at www.leg.wa.gov

85.38.250 Special assessment bonds—Guaranty fund. The governing body of a special district issuing special assessment bonds or notes may create and pay money into a special assessment bond guaranty fund to guarantee special assessment bonds and notes issued by the special district. A portion of the special assessments collected by a special district may be placed into its special assessment bond guaranty fund. [1986 c 278 § 20.]

Additional notes found at www.leg.wa.gov

85.38.260 Special assessment bonds—Refunding. A special district may issue funding or refunding special assessment bonds or notes to refund outstanding bonds or notes. Such funding or refunding bonds or notes shall be subject to the provisions of law governing other special assessment bonds or notes. [1986 c 278 § 21.]

Additional notes found at www.leg.wa.gov

85.38.270 Special assessment bonds issued prior to July 1, 1986. Special assessment bonds or notes issued by a special district prior to July 1, 1986, shall continue to be retired and be subject to the laws under which they were issued. [1986 c 278 § 22.]

Additional notes found at www.leg.wa.gov

85.38.280 Cooperative watershed management. In addition to the authority provided throughout this title, diking, drainage, sewerage improvement, and similar districts organized pursuant to this title may participate in and expend revenue on cooperative watershed management actions, including watershed management partnerships under RCW 39.34.210 and other intergovernmental agreements, for purposes of water supply, water quality, and water resource and habitat protection and management. [2003 c 327 § 17.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

85.38.290 Flood control districts—Three or more counties—Governing body. The following provisions apply to the governing bodies of flood control districts that, upon creation, have territory in three or more counties:

(1) The governing body shall include one member from each county within the district, and two additional members selected as provided by this section. No more than two governing members may be from the same county.

(2) The initial members of the governing body must be chosen by each county legislative authority within which the district resides, with each county choosing one member, and the two counties with the largest populations within the district choosing one additional member each. The initial governing body members shall serve until their successors are elected and qualified at the next special district general election.

(3) At this first election, the members receiving the two greatest number of votes shall serve six-year terms, the members receiving the third and fourth greatest number of votes shall serve four-year terms, and the remaining members shall serve two-year terms of office.

(4) The requirements for the filing period, method for filing declarations of candidacy, and the arrangement of candidate names on the ballot for all special district general elections conducted after the initial election in the district shall be the same as the requirements for the initial election in the district. No primary elections may be held for the governing body of a flood control district that, upon creation, has territory in three or more counties.

(5) A vacancy occurs upon the death, resignation, or incapacity of a governing body member, or whenever the governing body member ceases to be a registered voter of the district.

(6)(a) Whenever a vacancy occurs in the governing body, the legislative authority of the county within which the largest geographic portion of the district is located shall appoint a registered voter to serve until a person is elected, at the next special district general election occurring sixty or more days after the vacancy has occurred, to serve the remainder of the unexpired term. The person so elected shall take office immediately when qualified as defined in RCW 29A.04.133.

(b) If an election for the position that became vacant would otherwise have been held at this special district general election, only one election shall be held and the person elected to fill the succeeding term for that position shall take office immediately when qualified as defined in RCW 29A.04.133 and shall serve both the remainder of the unexpired term and the succeeding term.

(7) An elected or appointed member of the governing body, or a candidate for the governing body, must be a registered voter of the flood control district who has resided within the district for [a] period of not less than thirty days before the election. In accordance with RCW 85.38.127, land ownership is not a requirement for serving on the governing body of the district. [2010 c 131 § 2.]

85.38.900 Severability—1985 c 396. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 396 § 88.]
85.38.901 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, genderspecific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 196.]

Sections
86.05.920 Repeal of RCW 86.05.010 through 86.05.910—Saving—Option to conform to chapter 86.09 RCW—Validation. Sections 1 through 79, chapter 160, Laws of 1935, section 1, chapter 82, Laws of 1949, section 1, chapter 20, Laws of 1953 and RCW 86.05.010 through 86.05.910 are each repealed: PROVIDED, That districts heretofore established pursuant to said laws may continue to be operated and maintained as provided herein (except that the tort liability immunity provided for in section 32, chapter 160, Laws of 1935 and RCW 86.05.320 shall no longer apply); or may take such action as may be required to conform to the provisions of chapter 72, Laws of 1937 and chapter 86.09 RCW regulating the maintenance and operation of flood control districts to the same extent and to the same effect as if originally organized under said act: PROVIDED TO THE FURTHER, That the organization of such districts and the validation of indebtedness heretofore incurred and the limitations upon indebtedness incurred after the effective date of this 1970 amendatory act shall be governed as follows:
(1) Each and all of the flood control districts heretofore organized and established under sections 1 through 79, chapter 160, Laws of 1935, section 1, chapter 82, Laws of 1949, section 1, chapter 20, Laws of 1953 and RCW 86.05.010 through 86.05.910 are hereby validated and declared to be duly existing flood control districts having their respective boundaries as set forth in their organization proceedings as shown by the files in the offices of the auditors of each of the counties affected;
(2) All debts, contracts, and obligations heretofore made by or in favor of, and all bonds or other obligations heretofore executed in connection with or in pursuance of attempted organization, and all other things and proceedings heretofore done or taken by any flood control district heretofore established, operated and maintained under sections 1 through 79, chapter 160, Laws of 1935, section 1, chapter 82, Laws of 1949, section 1, chapter 20, Laws of 1953 and RCW 86.05.010 through 86.05.910 are hereby declared legal and valid and of full force and effect until such are fully satisfied and/or discharged.
Chapter 86.09 Flood Control

(3) The limitation upon indebtedness prescribed in repealed section RCW 86.05.380 to an amount not exceeding one and one-half percent of the taxable property in such district without the assent of three-fifths of the voters therein and three percent of such property with such assent shall henceforth be to an amount not exceeding three-fourths of one percent of the value of the taxable property in such district without the assent of three-fifths of the voters therein and one and one-half percent of such property with such assent. The limitation upon indebtedness referred to in repealed section RCW 86.05.720 of one and one-half percent of the taxable property in such district shall henceforth be three-fourths of one percent of the value of the taxable property in such district. The term "value of the taxable property" as used in this paragraph shall have the meaning set forth in RCW 39.36.015. [1970 ex.s. c 42 § 40; 1967 c 164 § 8; 1965 c 26 § 16.]

Purpose—Severability—1967 c 164: See notes following RCW 4.96.010.

Tortious conduct of political subdivisions, municipal corporations and quasi municipal corporations, liability for damages: Chapter 4.96 RCW.

Chapter 86.09 RCW

FLOOD CONTROL DISTRICTS—1937 ACT

Sections

86.09.001 Districts authorized—Purpose.
86.09.004 Districts to provide control of water—Territory includable—Powers of district wholly within city or town.
86.09.010 Authorized purposes.
86.09.013 State school or other public lands includable.
86.09.016 Interest in public lands considered as private property—State or public title not affected.
86.09.019 Federal lands includable.
86.09.020 Certain powers and rights governed by chapter 85.38 RCW.
86.09.021 District's corporate powers.
86.09.025 General powers of districts.
86.09.027 Board of directors—Special meetings—When notice required—Authorized business.
86.09.028 Board of directors—Meetings and records public—Printing of bylaws and rules.
86.09.029 Board of directors—Compensation and expenses of members and employees.
86.09.029A Board of directors—Personal interest in contracts prohibited—Penalty—Officer may be employed.
86.09.032 Board of directors—Chair of county commissioners may act when quorum not present.
86.09.033 Board of directors—Oath.
86.09.034 Bond of officer or employee handling funds.
86.09.038 Bonds—Cost charged to district.
86.09.039 Delivery of property to successor.
86.09.041 Nearest county treasurer as ex officio district treasurer.
86.09.042 Treasurer's liability.
86.09.043 County treasurers to collect and remit assessments.
86.09.045 Disbursement of funds by district treasurer.
86.09.049 Monthly report by district treasurer.
86.09.050 Voting rights.
86.09.051 Elections—Informality not fatal.
86.09.052 Special assessments—Budgets—Alternative methods.
86.09.055 Assessments—Presumption that land benefited by class—Benefit ratio basis of assessment.
86.09.056 Assessments—Base map of lands within the district.
86.09.057 Assessments—Appointment of appraisers—Determination of benefit ratios.
86.09.058 Assessments—Appraisers' board, chair, and secretary—Compensation and expenses.
86.09.059 Assessments—Classification of lands according to benefits—Factors considered.
86.09.060 Assessments—Classification of lands by appraisers—Classes described.
86.09.061 Assessments—Percentage of benefits to lands as classed—Relative ratios.
86.09.062 Assessments—Surveys, investigations to determine classification and benefits.
86.09.063 Assessments—Permanency of ratios of benefits as fixed.
86.09.064 Assessments—Alternative method of determining benefit ratios.
86.09.065 Assessments—Percentage shall fix the class.
86.09.066 Assessments—Determining relative values—General tax rolls.
86.09.067 Assessments—Revision of benefit classification—Appointment of reappraisers—Effect of reexamination.
86.09.068 Assessments—Descriptions of lands as appraised and classified—Map and filing thereof.
86.09.069 Assessments—Hearing on objections to assessment ratios—Time—Place.
86.09.070 Assessments—Notice of hearing, publication.
86.09.071 Assessments—Contents of notice of hearing.
86.09.072 Assessments—Conduct of hearing—Order.
86.09.073 Assessments—Conclusiveness of base assessment map.
86.09.074 Assessments—Copies of base assessment map to be filed with county assessors.
86.09.075 Assessments—Levies to be made according to base assessment map.
86.09.076 Assessments—Appeal to courts.
86.09.077 Assessments—Notice of appeal.
86.09.078 Assessments—Stay bond, when required.
86.09.079 Assessments—Civil practice to apply—Costs, liability of district.
86.09.080 Assessments—Appeal from superior to supreme court.
86.09.081 Assessments—County legislative authority's determination deemed prima facie correct on appeal.
86.09.082 Assessments—District budget—Approval—Basis for assessment roll.
86.09.083 Assessments—Assessment roll, contents—Headings.
86.09.084 Assessments—Margin for anticipated delinquencies.
86.09.085 Assessments—Amounts calculated.
86.09.086 Assessments—Omitted property may be back-assessed.
86.09.087 Assessments—Land in more than one county.
86.09.088 Equalization of assessments—Notice and time for meeting of board of equalization.
86.09.089 Equalization of assessments—Meeting of directors as board, length of time—Completion of roll.
86.09.090 Levy where total assessment less than two dollars.
86.09.091 Assessment lien—Priority.
86.09.092 Payment of assessment—Date of delinquency—Notice to pay—Assessment book—Statements.
86.09.093 Delinquency list—Posting and publication.
86.09.094 Sale for delinquent assessments—Postponement.
86.09.502 Sale for delinquent assessments—How conducted—Certificate of sale—District as purchaser.—Fee.
86.09.505 Sale for delinquent assessments—Entries in assessment book—Book open to inspection—Lien vested in purchaser.
86.09.508 Sale for delinquent assessments—Redemption, when and how made.
86.09.511 Sale for delinquent assessments—Entry of redemption—Deed on demand if not redeemed in two years.—Fee.
86.09.514 Sale for delinquent assessments—Effect and validity of deed.
86.09.517 Sale for delinquent assessments—Mistake, misnomer does not affect sale.
86.09.520 District lands exempt from general taxes—Leasing, application of proceeds.
86.09.523 Liability of city, town or subdivision for benefits to roads, streets, or sewer systems.
86.09.526 Liability of public and private lands for benefits.
86.09.529 Assessment payment by city, county, subdivision—Payment by state for highway benefit.
86.09.532 District funds—Created.
86.09.535 District funds—Expense fund—Composition—Use.
86.09.538 District funds—Surplus fund—Composition—Use.
86.09.541 District funds—Suspense fund—Composition—Use.
86.09.544 District funds—General bond fund—Composition—Use.
86.09.547 District funds—Utility bond fund—Composition—Use.
86.09.550 District funds—Contract fund—Composition—Use.
86.09.553 District funds—Custody and disbursement.
86.09.556 Claims against district.
86.09.559 Claims against district—For administrative expenses, cost, maintenance—Payroll.
86.09.562 District funds paid by warrant—Exception.
86.09.565 Warrants paid in order of issuance.
86.09.569 Utility revenue bonds—Authorized.
86.09.572 Utility revenue bonds—Limited obligation—Payment from special fund.
86.09.594 Sale for delinquent assessments—Mistake, misnomer does not affect sale.
86.09.597 Sale for delinquent assessments—Effect and validity of deed.
86.09.599 Claims against district.
86.09.602 Claims against district—For administrative expenses, cost, maintenance—Payroll.
86.09.605 Warrants paid in order of issuance.
86.09.609 Utility revenue bonds—Authorized.
86.09.612 Utility revenue bonds—Limited obligation—Payment from special fund.
86.09.615 Sale for delinquent assessments—Redemption, when and how made.
86.09.618 Sale for delinquent assessments—Entry of redemption—Deed on demand if not redeemed in two years.—Fee.
86.09.621 District funds—Created.
86.09.624 District funds—Expense fund—Composition—Use.
86.09.627 District funds—Surplus fund—Composition—Use.
86.09.630 District funds—Suspense fund—Composition—Use.
86.09.633 District funds—General bond fund—Composition—Use.
86.09.636 District funds—Utility bond fund—Composition—Use.
86.09.639 District funds—Contract fund—Composition—Use.
86.09.642 District funds—Custody and disbursement.
86.09.645 Claims against district.
86.09.648 Claims against district—For administrative expenses, cost, maintenance—Payroll.
86.09.651 District funds paid by warrant—Exception.
86.09.654 Warrants paid in order of issuance.
86.09.658 Utility revenue bonds—Authorized.
86.09.661 Utility revenue bonds—Limited obligation—Payment from special fund.

86.09.004 Districts to provide control of water—Territory includable—Powers of district wholly within city or town. Such flood control districts shall be organized to provide for the ultimate necessary control of the entire part, or all, of the stream system of any stream or tributary, or for the protection against tidal or any bodies of water, within this state and may include all or part of the territory of any county and may combine the territory in two or more such counties, in which any of the lands benefited from the organization and maintenance of a flood control district are situated.

86.09.016 Interest in public lands considered as private property—State or public title not affected. All leases, contracts or other form of holding any interest in any state or public land shall be treated as the private property of the lessee or owner of the contractual or possessory interest therein: PROVIDED, That nothing in this chapter or in any proceeding authorized thereunder shall be construed to affect the title of the state or other public ownership.

86.09.019 Federal lands includable. Lands of the federal government may be included within such districts in the manner and subject to the conditions, now or hereafter specified in the statutes of the United States. [1937 c 72 § 5; RRS § 9663E-5. Formerly RCW 86.08.010, part.]

86.09.020 Certain powers and rights governed by chapter 85.38 RCW. Flood control districts shall possess the authority and shall be created, district voting rights shall be determined, and district elections shall be held as provided in chapter 85.38 RCW. [1985 c 396 § 36.]

Additional notes found at www.leg.wa.gov

86.09.148 District's corporate powers. A flood control district created under this chapter shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all powers that may now or hereafter be conferred by law. [1967 c 164 § 9; 1937 c 72 § 50; RRS § 9663E-50. Formerly RCW 86.08.260, part.]

Purpose—Severability—1967 c 164: See notes following RCW 4.96.010.

A district established wholly within the boundaries of any city or town may also provide for the collection, control, and safe and suitable conveyance over and across the district, of intermittent surface and drainage water, originating within or without its boundaries, to suitable and adequate outlets. [1965 c 26 § 1; 1937 c 72 § 2; RRS § 9663E-2. Formerly RCW 86.08.005, part.]
### 86.09.151 General powers of districts.

1. Said flood control districts shall have full authority to carry out the objects of their creation and to that end are authorized to acquire, purchase, hold, lease, manage, improve, repair, occupy, and sell real and personal property or any interest therein, either inside or outside the boundaries of the district, to enter into and perform any and all necessary contracts, to appoint and employ the necessary officers, agents and employees, to sue and be sued, to exercise the right of eminent domain, to levy and enforce the collection of special assessments and in the manner herein provided against the lands within the district, for district revenues, and to do any and all lawful acts required and expedient to carry out the purpose of this chapter.

2. In addition to the powers conferred in this chapter and those in chapter 85.38 RCW, flood control districts may engage in activities authorized under RCW 36.61.020 for lake or beach management districts using procedures granted in this chapter and in chapter 85.38 RCW. [2008 c 301 § 27; 1986 c 278 § 52; 1937 c 72 § 51; RRS § 9663E-51. Formerly RCW 86.08.260, part.]

Additional notes found at www.leg.wa.gov

### 86.09.154 Sale, lease, use of water by district.

Duly created flood control districts, when maintaining and operating flood control works, shall have authority incidental thereto to lease, acquire, construct, operate and maintain appropriate instrumentalities for the use and sale or lease of water for any and all beneficial purposes and for the drainage, diking, or irrigation of lands upon the payment to the district of the reasonable cost of such service on a semiannual or monthly toll basis. [1937 c 72 § 52; RRS § 9663E-52. Formerly RCW 86.08.260, part.]

### 86.09.157 Special assessment bonds authorized—Payment from income.

Said flood control districts shall also have authority to issue and sell special assessment bonds or notes of the district in accordance with chapter 85.38 RCW. [1986 c 278 § 40; 1937 c 72 § 53; RRS § 9663E-53. Formerly RCW 86.08.790, part.]

Additional notes found at www.leg.wa.gov

### 86.09.160 Power of district to act for United States.

Flood control districts created under the provisions of this chapter shall have authority to act as fiscal agent or other authority for the United States to make collections of money for or on behalf of the United States or any federal agency thereof in connection with the operations of said district, whereupon said district and the county treasurer for said district shall be authorized to act and to assume the duties and liabilities incident to such action and the district board shall have full power to do any and all things required by any statute now or hereafter enacted in connection therewith and to do all things required by the rules and regulations now or that may hereafter be established by any department or agency of the state or federal government in regard thereto. [1937 c 72 § 54; RRS § 9663E-54. Formerly RCW 86.08.260, part.]

### 86.09.163 Contracts with United States or state—Supervision of works.

The district board shall have authority to enter into any obligation or contract authorized by law with the United States or with the state of Washington for the supervision of the construction, for the construction, reconstruction, betterment, extension, purchase, operation or maintenance of the necessary works for the control of floods or for any other service furthering the objects for which said flood control district is created under the provisions of the law of the state of Washington or of the United States and all amendments or extensions thereof and the rules and regulations established thereunder. [1937 c 72 § 55; RRS § 9663E-55. Formerly RCW 86.08.260, part.]

### 86.09.166 Contracts with United States or state—Control, management of works—Contribution of funds.

Flood control districts created under this chapter shall have authority to enter into contracts with, and/or contribute funds to, the United States or any agency thereof, or with, and/or contribute funds to, the state of Washington, under any act of congress or of the state of Washington now in force or hereafter enacted for the assumption of the control and management of the works for such period as may be designated in the contract, or other cooperative arrangement. [1937 c 72 § 56; RRS § 9663E-56. Formerly RCW 86.08.270, part.]

### 86.09.169 Contracts with United States or state—Bonds as security—Annual assessment and levy.

In case a contract has been or shall be hereafter made between the district and the United States, or any agency thereof, or with the state of Washington, as herein provided, bonds of the district may be deposited with the United States, or any agency thereof, or with the state of Washington, as payment or as security for future payment at not less than ninety percent of the par value, the interest on said bonds to be provided for by assessment and levy as in the case of bonds of the district sold to private persons and regularly paid to the United States, or any agency thereof, or to the state of Washington, to be applied as provided in such contract and if bonds of the district are not so deposited it shall be the duty of the board of directors to include as part of any levy or assessment against the lands of the district, an amount sufficient to meet each year all payments accruing under the terms of any such contract. [1937 c 72 § 57; RRS § 9663E-57. Formerly RCW 86.08.270, part.]

### 86.09.172 Contracts with United States or state—When submission to electors required.

No contract, however, requiring the levy of assessments for more than one year shall be entered into by the district as above provided unless a proposition of entering into such a contract shall have first been submitted to the electors of the district as herein provided for the calling, noticing, conducting and canvassing of special district elections, and by said electors approved. [1937 c 72 § 58; RRS § 9663E-58. Formerly RCW 86.08.270, part.]

### 86.09.175 Installment contracts—Approval.

Contracts entered into by districts for construction or for services or materials, may provide that payments shall be made in such monthly proportion of the contract price, as the board
shall determine thereon, as the work progresses, or as the services or materials are furnished, on monthly estimates of the value thereof, approved by the state director. Before the district shall enter into any contract, the plans, specifications and form of contract therefor shall be approved by the state director. [1937 c 72 § 59; RRS § 9663E-59. Formerly RCW 86.08.280, part.]

86.09.178 Construction contracts—Public bids, procedure. Contracts for construction, or for labor or materials entering into the construction of any improvement authorized by the district shall be awarded at public bidding except as herein otherwise provided. A notice calling for sealed proposals shall be published in such newspaper or newspapers of general circulation as the board shall designate for a period of not less than two weeks (three weekly issues) prior to the day of the opening of the bids. Such proposals shall be accompanied by a certified check for such amount as the board shall decide upon, to guarantee a compliance with the bid and shall be opened in public at the time and place designated in the notice. The contract shall be awarded to the lowest and best responsible bidder: PROVIDED, That the board shall have authority to reject any or all bids, in which event they shall readvertise for bids and, when no satisfactory bid is then received and with the written approval of the director, may proceed to construct the works by force account. [1965 c 26 § 2; 1937 c 72 § 60; RRS § 9663E-60. Formerly RCW 86.08.280, part.]

86.09.181 Contractor's bond. Any person, except the state of Washington and the United States, acting under the provisions of this chapter, to whom or to which a contract may have been awarded by the district for construction purposes, or for labor or materials entering therein when the total amount to be paid therefor exceeds one thousand dollars, shall enter into a bond to the state of Washington, with good and sufficient sureties, to be approved and filed with the state director, for one hundred percent of the contract price, conditioned for the faithful performance of said contract and with such further conditions as may be required by law. [1965 c 26 § 3; 1937 c 72 § 61; RRS § 9663E-61. Formerly RCW 86.08.290, part.]

Contractor's bond. Chapter 39.08 RCW.

86.09.196 Construction in parts or units—Liability for assessment. The district shall have authority upon the adoption of a comprehensive plan of flood control with the approval of the state director to provide for the construction of the same partially and in parts or units and all the benefited lands in the district shall be liable for assessment to defray the costs of such partial construction or such parts or units until the entire plan has been completed and fully paid for. [1937 c 72 § 66; RRS § 9663E-66. Formerly RCW 86.08.310.]

86.09.202 Eminent domain—Authorized. The taking and damaging of property or rights therein or thereto by a flood control district to construct an improvement or to fully carry out the purposes of its organization are hereby declared to be for a public use, and any district organized under the provisions of this chapter, shall have and exercise the power of eminent domain to acquire any property or rights therein or thereto either inside or outside the operation of the district and outside the state of Washington, if necessary, for the use of the district. [1937 c 72 § 68; RRS § 9663E-68. Formerly RCW 86.08.260, part.]

86.09.205 Eminent domain—Procedure. Flood control districts exercising the power of eminent domain shall proceed in the name of the district in the manner provided by law for the appropriation of real property or of rights therein or thereto, by private corporations, except as otherwise expressly provided herein. [1937 c 72 § 69; RRS § 9663E-69. Formerly RCW 86.08.320, part.]

Eminent domain by private corporations generally: Chapter 8.20 RCW.

86.09.208 Eminent domain—Consolidation of actions—Separate verdicts. The district may at its option unite in a single action proceedings to condemn, for its use, property which is held by separate owners. Two or more condemnation suits instituted separately may also, in the discretion of the court, be consolidated upon motion of any interested party, into a single action. In such cases, the jury shall render separate verdicts for the different tracts of land. [1937 c 72 § 70; RRS § 9663E-70. Formerly RCW 86.08.320, part.]

86.09.211 Eminent domain—Damages, how determined—Judgment when damages exceed benefits. The jury, or court if the jury be waived, in such condemnation proceedings shall find and return a verdict for the amount of damages sustained: PROVIDED, That the court or jury, in determining the amount of damages, shall take into consideration the special benefits, if any, that will accrue to the property damaged by reason of the improvement for which the land is sought to be condemned, and shall make special findings in the verdict of the gross amount of damages to be sustained and the gross amount of special benefits that will accrue. If it shall appear by the verdict of findings, that the gross damages exceed said gross special benefits, judgment shall be entered against the district, and in favor of the owner or owners of the property damaged, in the amount of the excess of damages over said benefits, and for the costs of the proceedings, and upon payment of the judgment to the clerk of the court for the owner or owners, a decree of appropriation shall be entered, vesting the title to the property appropriated in the district. [1937 c 72 § 71; RRS § 9663E-71. Formerly RCW 86.08.330, part.]

86.09.214 Eminent domain—Judgment, when benefits equal or exceed damages. If it shall appear by the verdict that the gross special benefits equal or exceed the gross damages, judgment shall be entered against the district in favor of the owner or owners for the costs only, and upon payment of the judgment for costs a decree of appropriation shall be entered vesting the title to the property in the district. [1937 c 72 § 72; RRS § 9663E-72. Formerly RCW 86.08.330, part.]

86.09.217 Eminent domain—Right to levy on other land not affected. If the damages found in any condemnation proceedings are to be paid for from funds of the flood control district, no finding of the jury or court as to benefits or damages shall in any manner abridge the right of the dis-
86.09.220 Eminent domain—Unpaid damages to be applied in satisfaction of levies—Deficiency assessments.  

The damages thus allowed but not paid shall be applied pro tanto to the satisfaction of the levies made for such construction costs upon the lands on account of which the damages were awarded: PROVIDED, That nothing herein contained shall be construed to prevent the district from assessing the remaining lands of the owner or owners, so damaged, for deficiencies on account of the principal and interest on bonds and for other benefits not considered by the jury in the condemnation proceedings. [1937 c 72 § 74; RRS § 9663E-74. Formerly RCW 86.08.340, part.]

86.09.221 Right of entry to make surveys and locate works. The district board and its agents and employees shall have the right to enter upon any land, to make surveys and may locate the necessary flood control works and the line for canal or canals, dike or dikes and other instrumentalities and the necessary branches and parts for the same on any lands which may be deemed necessary for such location. [1937 c 72 § 75; RRS § 9663E-75. Formerly RCW 86.08.340, part.]

86.09.222 Crossing road or public utility—Notice, plan, cost, etc. Whenever in the progress of the construction of the system of district improvement, it shall become necessary to construct a portion of such system across any public or other road or public utility, the district board shall serve notice in writing upon the public officers, corporation or person having charge of or controlling or owning such road or public utility, as the case may be, of the present necessity of such crossing, giving the location, kind, dimensions and requirement thereof, for the purpose of the system of improvement, and stating a reasonable time, to be fixed by the board, within which plans for such crossing must be filed for approval in case the public officer, corporation or person controlling or owning such road or public utility desire to design and construct such crossing. As soon as convenient, within the time fixed in the notice, the public officers, corporation or person shall, if they desire to construct such crossing, prepare and submit to the board for approval duplicate detailed plans and specifications for such crossing. Upon the return of such approved plans, the public officers, corporation or person controlling such road or public utility shall, within the time fixed by the board, construct such crossing in accordance with the approved plans. In case such public officers, corporation or person controlling or owning such road or public utility shall fail to file plans for such crossing within the time prescribed in the notice, the district board shall proceed with the construction of such crossing in such manner as will cause no unnecessary injury to or interference with such road or public utility. The cost of construction and maintenance of only such crossings or such portion of such cost as would not have been necessary but for the construction of the system of improvement shall be a proper charge against the district, and only the actual cost of such improvement constructed in accordance with the approved plans shall be charged against the district in the case of crossings constructed by others than the district. The amount of costs of construction allowed as a charge against the district shall be credited ratably on the assessments against the property on which the crossing is constructed if chargeable therewith, until the same is fully satisfied. [1965 c 26 § 5; 1937 c 72 § 77; RRS § 9663E-77. Formerly RCW 86.08.360.]

86.09.223 Right-of-way on state land, exception. The right-of-way hereby given, dedicated and set apart to locate, construct and maintain district works over and through any of the lands which are now or may hereafter be the property of the state of Washington, except lands of said state actually dedicated to public use. [1937 c 72 § 78; RRS § 9663E-78. Formerly RCW 86.08.370, part.]

86.09.225 Board of directors—Number—Officers. A flood control district shall be managed by a board of directors consisting of three members. The initial directors shall be appointed, and the elected directors elected, as provided in chapter 85.38 RCW. The directors shall elect a chair from their number and shall either elect one of their number, or appoint a voter of the district, as secretary to hold office at its pleasure and who shall keep a record of its proceedings. [2013 c 23 § 448; 1985 c 396 § 58; 1967 c 154 § 7; 1937 c 72 § 87; RRS § 9663E-87. Formerly RCW 86.08.390, part.]

Provisions cumulative: "The provisions of this act are cumulative with and shall not amend, repeal or supersede any other powers heretofore or hereafter granted such districts." [1967 c 154 § 5.]

Additional notes found at www.leg.wa.gov

86.09.229 Board of directors—Quorum—Majority vote required. A majority of the directors shall constitute a quorum for the transaction of business, and in all matters requiring action by the board, there shall be a concurrence of at least a majority of the directors. [1937 c 72 § 89; RRS § 9663E-89. Formerly RCW 86.08.205, part.]

86.09.230 Board of directors—Powers and duties. The board shall have the power and it shall be its duty to adopt a seal of the district, to manage and conduct the business affairs of the district, to employ and appoint such agents, engineers, attorneys, officers and employees as may be necessary, and prescribe their duties, to establish reasonable bylaws, rules and regulations for the government and management of affairs of the district, and generally to perform any and all acts necessary to carry out the purpose of the dis-
86.09.271 Board of directors—Location of district office—Change of location. The office of the directors and principal place of business of the district shall be located, if possible, at some place within the county to be designated by the board. If a place convenient and suitable for conducting district business and public hearings required by this chapter cannot be found within the district, the office may be located in the county within which the major portion of district lands is situated. The office and place of business cannot thereafter be changed, except with the previous written consent of the county legislative authority of the county within which the major portion of the district is situated, and without passing a resolution to that effect at a previous regular meeting of the board, entered in the minutes thereof and without posting a notice of the change in a conspicuous public place at or near the place of business which is to be changed at least ten days prior thereto and by the previous posting of a copy of the notice for the same length of time at or near the new location of the office. [1985 c 396 § 59; 1965 c 26 § 7; 1937 c 72 § 91; RRS § 9663E-91. Formerly RCW 86.08.200.]

Additional notes found at www.leg.wa.gov

86.09.274 Board of directors—Meetings—Change of date. The directors shall hold a regular meeting at their office at least once a year, or more frequently, on the date or dates the board shall designate in their bylaws, and may adjourn any meeting from time to time as may be required for the proper transaction of business: PROVIDED, That the day of the regular meeting cannot be changed, except in the manner prescribed herein for changing the place of business of the district. [1985 c 396 § 60; 1937 c 72 § 92; RRS § 9663E-92. Formerly RCW 86.08.205. part.]

Additional notes found at www.leg.wa.gov

86.09.277 Board of directors—Special meetings—When notice required—Authorized business. Special meetings of the board may be called at any time by order of a majority of the directors. Any member not joining in said order shall be given, by United States mail, at least a three days' notice of such meeting, unless the same is waived in writing, which notice shall also specify the business to be transacted and the board at such special meeting shall have no authority to transact any business other than that specified in the notice, unless the transaction of any other business is agreed to in writing by all the members of the board. [1937 c 72 § 93; RRS § 9663E-93. Formerly RCW 86.08.205. part.]

86.09.280 Board of directors—Meetings and records public—Printing of bylaws and rules. All meetings of the directors must be public. All records of the board shall be open for the inspection of any elector of the district during business hours of the day in which any meeting of the board is held. The bylaws, rules, and regulations of the board shall be printed in convenient form for distribution in the district. [1937 c 72 § 94; RRS § 9663E-94. Formerly RCW 86.08.205, part. and 86.08.210, part.]

Meetings of public officials declared public: Chapter 42.32 RCW.

(2014 Ed.)

86.09.283 Board of directors—Compensation and expenses of members and employees. The board of directors may each receive up to ninety dollars per day or portion thereof spent in actual attendance at official meetings of the board, or in performance of other official services or duties on behalf of the board. The board shall fix the compensation to be paid to the directors, secretary, and all other agents and employees of the district. Compensation for the directors shall not exceed eight thousand six hundred forty dollars in one calendar year. A director is entitled to reimbursement for reasonable expenses actually incurred in connection with such business, including subsistence and lodging, while away from the director's place of residence, and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW.

Any director may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the director's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made.

The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if approved by resolution of all boards of the affected commissions. [2007 c 469 § 12; 1998 c 121 § 13; 1991 c 349 § 24; 1985 c 396 § 61; 1965 c 26 § 8; 1937 c 72 § 95; RRS § 9663E-95. Formerly RCW 86.08.175, part. and 86.08.195, part.]

Additional notes found at www.leg.wa.gov

86.09.286 Board of directors—Personal interest in contracts prohibited—Penalty—Officer may be employed. No director or any other officer named in this chapter shall in any manner be interested, directly or indirectly, in any contract awarded or to be awarded by the board, or in the profits to be derived therefrom; and for any violation
of this provision, such officer shall be deemed guilty of a misdeemeanor, and such conviction shall work a forfeiture of his office, and he shall be punished by a fine not exceeding five hundred dollars, or by imprisonment in the county jail not exceeding six months, or by both fine and imprisonment: PROVIDED, That nothing in this section contained shall be construed to prevent any district officer from being employed by the district as foreman or as a day laborer: PROVIDED FURTHER, That this section shall have no application to any person who is a state employee as defined in RCW 42.52.010. [1994 c 154 § 316; 1969 ex.s. c 234 § 35; 1937 c 72 § 96; RRS § 9663E-96. Formerly RCW 86.08.215.]

*Ethics in public service act: Chapter 42.52 RCW.*

Additional notes found at www.leg.wa.gov

86.09.292 Board of directors—Chair of county commissioners may act when quorum not present. In case any member of the district board is absent at the time of any regular monthly meeting of said board, and a quorum of said board cannot be obtained by reason of the absence of said member, it shall be the duty of the chair of the board of county commissioners of the county in which the office of the district board is located to act in place of said absent member, and the acts of the district board at said meeting shall be valid so far as a quorum is concerned and shall have the same effect as though said absent member were present and acting thereat. [2013 c 23 § 449; 1937 c 72 § 98; RRS § 9663E-98. Formerly RCW 86.08.205, part.]

86.09.301 Board of directors—Oath. Every district officer, upon taking office, shall take and subscribe an official oath for the faithful discharge of the duties of his or her office during the term of his or her incumbency. [2013 c 23 § 450; 1985 c 396 § 62; 1937 c 72 § 101; RRS § 9663E-101. Formerly RCW 86.08.195, part.]

Additional notes found at www.leg.wa.gov

86.09.304 Bond of officer or employee handling funds. Every district officer or employee handling any district funds shall execute a surety bond payable to the district in the sum of double the estimated amount of funds handled monthly, conditioned that the principal will strictly account for all moneys or credit received by him or her for the use of the district. Each bond and the amount thereof shall be approved by the county legislative authority of the county within which the major portion of the district is situated, and thereafter filed with the secretary of the district. [2013 c 23 § 451; 1985 c 396 § 63; 1937 c 72 § 102; RRS § 9663E-102. Formerly RCW 86.08.220, part.]

Additional notes found at www.leg.wa.gov

86.09.307 Bonds—Cost charged to district. All official bonds executed by district officers under the provisions of this chapter shall be secured at the cost of the district. [1937 c 72 § 103; RRS § 9663E-103. Formerly RCW 86.08.220, part.]

86.09.310 Delivery of property to successor. Every person, upon the expiration or sooner termination of his or her term of office as an officer of the district, shall immediately turn over and deliver, under oath, to his or her successor in office, all records, books, papers, and other property under his or her control and belonging to such office. In case of the death of any officer, his or her legal representative shall turn over and deliver such records, books, papers, and other property to the successor in office of such deceased person. [2013 c 23 § 452; 1937 c 72 § 104; RRS § 9663E-104.]

86.09.313 Nearest county treasurer as ex officio district treasurer. The county treasurer of any county in which lands within the flood control district are situated, whose office is nearest distant by public highway to the office of the district board and principal place of business of the district, shall be and is hereby constituted ex officio district treasurer, who shall collect all district assessments and shall keep all district funds required by law. [1937 c 72 § 105; RRS § 9663E-105. Formerly RCW 86.08.225, part.]

86.09.319 Treasurer’s liability. Any county treasurer collecting or handling funds of the district shall be liable upon his or her official bond and to criminal prosecution for malfeasance, misfeasance, or nonfeasance in office relative to any of his or her duties prescribed herein. [2013 c 23 § 453; 1937 c 72 § 107; RRS § 9663E-107. Formerly RCW 86.08.230.]

86.09.322 County treasurers to collect and remit assessments. It shall be the duty of the county treasurer of each county, in which lands included within the operation of the district are located, to collect and receive for all assessments levied as herein provided, and forward monthly all sums so collected to the ex officio district treasurer who shall place the same to the credit of the proper fund of the district. [1937 c 72 § 108; RRS § 9663E-108. Formerly RCW 86.08.240.]

86.09.325 Disbursement of funds by district treasurer. The ex officio district treasurer shall pay out moneys collected or deposited with him or her in behalf of the district, or portions thereof, upon warrants issued by the county auditor against the proper funds of the districts, except the sums to be paid out of the bond fund for interest and principal payments on bonds. [2013 c 23 § 454; 1983 c 167 § 201; 1937 c 72 § 109; RRS § 9663E-109. Formerly RCW 86.08.250, part.]

Additional notes found at www.leg.wa.gov

86.09.328 Monthly report by district treasurer. The ex officio district treasurer shall report in writing on or before the fifteenth day of each month to the district board, the amount of money held by him or her, the amount in each fund, the amount of receipts for the month preceding in each fund, and the amount or amounts paid out of each fund, and said report shall be filed with the secretary of the board. [2013 c 23 § 455; 1937 c 72 § 110; RRS § 9663E-110. Formerly RCW 86.08.250, part.]

86.09.377 Voting rights. Each qualified voter of a flood control district who owns more than ten acres of land within the district shall be entitled to two additional votes for each ten acres or major fraction thereof located within the district, up to a maximum total of forty votes for any voter, or
in the case of community property, a maximum total of twenty votes per member of the marital community. [1991 c 349 § 4; 1985 c 396 § 22.]

Additional notes found at www.leg.wa.gov

86.09.379 Elections—Informality not fatal. No informality in conducting any election authorized by this chapter shall invalidate the same, if the election shall have been otherwise fairly conducted. [1937 c 72 § 127; RRS § 9663E-127. Formerly RCW 86.08.165.]

86.09.380 Special assessments—Budgets—Alternative methods. RCW 85.38.140 through 85.38.170 constitute a mutually exclusive alternative method by which flood control districts in existence as of July 28, 1985, may measure and impose special assessments and adopt budgets. RCW 85.38.150 through 85.38.170 constitute the exclusive method by which flood control districts created after July 28, 1985, may measure and impose special assessments and adopt budgets. [1985 c 396 § 29.]

Additional notes found at www.leg.wa.gov

86.09.382 Assessments—Presumption that land benefited by class—Benefit ratio basis of assessment. It shall be and hereby is presumed that lands within flood control districts organized under the provisions of this chapter, shall be benefited in relation to their respective classes to be determined as herein provided, and that the relative ratios of benefits for said lands arising from their locations in said respective classes shall be the basis upon which the same shall be assessed to raise district revenues for any and all purposes now or hereafter authorized by law. [1937 c 72 § 128; RRS § 9663E-128. Formerly RCW 86.08.450, part.]

86.09.385 Assessments—Base map of lands within the district. As a basis for the levy of all assessments authorized under this chapter, the county legislative authority of the county within which the major portion of the district is situated, soon after the creation of the district, shall cause to be prepared a base map of the lands within the district and deliver the same to the secretary of the district: PROVIDED, That said county legislative authority shall not be required to prepare said base map unless ample appropriation of funds for the purpose has been made. [1985 c 396 § 64; 1965 c 26 § 10; 1937 c 72 § 129; RRS § 9663E-129. Formerly RCW 86.08.420, part.]

Additional notes found at www.leg.wa.gov

86.09.388 Assessments—Appointment of appraisers—Determination of benefit ratios. Upon receipt of the base map the board of directors of the district shall appoint a board of three appraisers subject to the written approval of the county legislative authority of the county within which the major portion of the district is situated, whose duty it shall be to determine the ratio of benefits which the several tracts of land shall receive with respect to each other from the organization and operation of the district and the construction and maintenance of the district works in accordance with the comprehensive plan therefor adopted by the directors of the district. [1985 c 396 § 65; 1965 c 26 § 11; 1937 c 72 § 130; RRS § 9663E-130. Formerly RCW 86.08.420, part, and 86.08.430, part.]

Additional notes found at www.leg.wa.gov

86.09.391 Assessments—Appraisers' board, chair, and secretary—Compensation and expenses. The board of appraisers shall elect a member as chair and the secretary of the district or his or her deputy shall be ex officio secretary of the board of appraisers. The appraisers shall receive such compensation and expenses as the board of directors of the district, with the approval of the county legislative authority of the county within which the major portion of the district is situated, shall determine, and which may forthwith be paid by the issuance of district warrants. [2013 c 23 § 456; 1985 c 396 § 66; 1937 c 72 § 131; RRS § 9663E-131. Formerly RCW 86.08.420, part.]

Additional notes found at www.leg.wa.gov

86.09.394 Assessments—Classification of lands according to benefits—Factors considered. For the purpose of determining said ratios of benefits, said board of appraisers shall segregate the acreage of the respective lands within the district into such number of classes as in the sole judgment of the members of the board of appraisers shall fairly represent the manifest degrees of benefits, including benefits from better sanitation, easier accessibility, facility of drainage, promotion of land development as well as from minimization of flood damages and from actual flood protection, accruing to the several lands from the organization and operation of the district and the construction and maintenance of the district works in accordance with the comprehensive plan therefor adopted by the directors of the district. [1937 c 72 § 132; RRS § 9663E-132. Formerly RCW 86.08.440, part.]

86.09.397 Assessments—Classification of lands by appraisers—Classes described. Said board of appraisers shall have full authority and it shall be its duty to segregate and classify the acreage of the lands and subdivisions of the same with respect to their respective relative benefits received and to be received from the organization and operation of the district and the construction and maintenance of the district works in accordance with the comprehensive plan therefor adopted by the directors of the district. Those lands receiving the greatest benefits shall be placed in class No. 1; those lands receiving the next greatest benefits shall be placed in class No. 2, and so on down to the class of the least benefits. Those lands receiving no benefits shall be designated "nonbenefited." [1937 c 72 § 133; RRS § 9663E-133. Formerly RCW 86.08.430, part.]

86.09.400 Assessments—Percentage of benefits to lands as classed—Relative ratios. Said board of appraisers shall have full authority and it shall be its duty to determine the percentage of benefits which the acreage of the lands in each class shall have with respect to the lands in class No. 1. Those lands falling in class No. 1 shall have the ratio or percentage of one hundred and those lands in the other respective classes shall be given such percentages of the lands in class No. 1 as said board of appraisers shall determine. [1937

86.09.403 Assessments—Surveys, investigations to determine classification and benefits. In determining the classification of said lands and their relative percentages of benefits, as herein provided, said board of appraisers shall consider the benefits of every kind accruing to said lands, as aforesaid, and shall make such investigation and surveys of the same as said board of appraisers shall deem necessary. The board of appraisers shall also examine and consider the data and records of the commission which fixed the boundaries of the district. [1937 c 72 § 135; RRS § 9663E-135. Formerly RCW 86.08.430, part.]

86.09.406 Assessments—Permanency of ratios of benefits as fixed. The ratio of percentage determined by said board of appraisers for each class of lands aforesaid shall constitute the ratio of benefits of each acre or fraction thereof in its respective class for all district assessment purposes until changed in the manner herein provided. [1937 c 72 § 136; RRS § 9663E-136. Formerly RCW 86.08.450, part.]

86.09.409 Assessments—Alternative method of determining benefit ratios. As an independent and alternative method to any other method herein authorized and subject to the prior written approval of the county legislative authority of the county within which the major portion of the district is situated, the ratio of benefits herein mentioned may be determined in their relation to the relative values of the respective benefited lands, including the improvements thereon, and the same shall be expressed on a relative percentage basis. [1985 c 396 § 67; 1937 c 72 § 137; RRS § 9663E-137. Formerly RCW 86.08.460, part.]

Additional notes found at www.leg.wa.gov

86.09.412 Assessments—Alternative method, percentage shall fix the class. In case said alternative method of determining the ratio of benefits is adopted by any such district the percentage given a tract of land shall fix the class to which said tract belongs for assessment purposes. [1937 c 72 § 138; RRS § 9663E-138. Formerly RCW 86.08.460, part.]

86.09.415 Assessments—Determining relative values—General tax rolls. In determining the relative values of such lands, including improvements thereon, the assessed valuation of the same for general tax purposes last equalized shall be construed to be prima facie correct: PROVIDED, That nothing herein contained shall be construed to prevent the fixing of values where none are shown on the general tax roll or the revision of such values on the general tax roll in any instance where in the sole judgment of the revising officers for the district the value for general tax purposes is manifestly and grossly erroneous in its relation to value of like property in the district similarly situated: AND PROVIDED FURTHER, That in any instance where any tract of land is protected or partially protected from floods and is financially supporting the works affording such protection the revising officers for the district shall take the value of such existing flood protection into consideration and give such land equita-

86.09.418 Assessments—Revision of benefit classification—Appointment of reappraisers—Effect of reexamination. Upon completion of the control works of the district or of any unit thereof, the board of directors of the district may, with the written consent of the county legislative authority of the county within which the major portion of the district is situated, and upon petition signed by landowners representing twenty-five percent of the acreage of the lands in the district shall, appoint three qualified persons who shall be approved in writing by the county legislative authority, to act as a board of appraisers and who shall reconsider and revise and/or reaffirm the classification and relative percentages, or any part or parts thereof, in the same manner and with the same legal effect as that provided herein for the determination of such matters in the first instance: PROVIDED, That such reexamination shall have no legal effect on any assessments regularly levied prior to the order of appraisal by the reexamining board of appraisers. [1985 c 396 § 68; 1937 c 72 § 140; RRS § 9663E-140. Formerly RCW 86.08.470, part.]

Additional notes found at www.leg.wa.gov

86.09.424 Assessments—Hearing on objections to assessment ratios—Time—Place. The secretary of the district shall immediately fix a time for hearing objections to the assessment ratios determined by said board of appraisers as shown on said base map. The meeting shall be at the office of the district board and principal place of business of the district and shall be held not less than twenty-five, nor more than thirty-five, days from the date of the first publication of the notice of the hearing. [1937 c 72 § 141; RRS § 9663E-141. Formerly RCW 86.08.470, part.]

86.09.427 Assessments—Notice of hearing, publication. Notice of said hearing shall be given by the secretary of the district by causing a copy of the same to be published for three consecutive weekly issues in a newspaper of general circulation, to be selected by said secretary, published in each of the counties in which any part of the district is located. [1937 c 72 § 143; RRS § 9663E-143. Formerly RCW 86.08.475, part.]

86.09.430 Assessments—Contents of notice of hearing. Said notice of hearing on said determination of assessment ratios shall state that the base assessment map designating the classes in which the lands in the district have been placed for assessment purposes on the ratios authorized by

[Title 86 RCW—page 10]
law, has been prepared by the board of appraisers and is on file at the office of the district board and may be inspected at any time during office hours; that a hearing on said map will be held before the county legislative authority at the office of the district board on . . . . . . , the . . . day of . . . . . . . . , at the hour of . . . o'clock (naming the time), where any person may appear and present such objections, if any, he or she may have to said map, and shall be signed by the secretary of the district. [2013 c 23 § 457; 1986 c 278 § 43; 1937 c 72 § 144; RRS § 9663E-144. Formerly RCW 86.08.480.]

Additional notes found at www.leg.wa.gov

86.09.433 Assessments—Conduct of hearing—Order. At the time set for said hearing the county legislative authority shall be present at the place designated in the notice and if it appears that due notice of the hearing has been given, shall proceed to hear such objections to the base map as shall be presented and shall hear all pertinent evidence that may be offered. The county legislative authority shall have authority to adjourn said hearings from time to time to study the record and evidence presented, to make such independent investigation as it shall deem necessary and to correct, modify, or confirm the things set out on said base map or any part thereof and to determine all questions concerning the matter and shall finally make an order confirming said map with such substitutions, changes, or corrections, if any, as may have been made thereon, which order shall be signed by the chair of the county legislative authority and attached to said map. [2013 c 23 § 458; 1985 c 396 § 69; 1937 c 72 § 145; RRS § 9663E-145. Formerly RCW 86.08.485, part.]

Additional notes found at www.leg.wa.gov

86.09.439 Assessments—Conclusiveness of base assessment map. Upon the signing of said order by said county legislative authority and the attachment of the same to said base assessment map, said base assessment map and all things set out on the face thereof shall be conclusive in all things upon all parties, unless appealed from to the superior court in the manner and with in the time herein provided. [1986 c 278 § 44; 1937 c 72 § 147; RRS § 9663E-147. Formerly RCW 86.08.485, part.]

Additional notes found at www.leg.wa.gov

86.09.442 Assessments—Copies of base assessment map to be filed with county assessors. When confirmed by order of said county legislative authority as aforesaid, or by order of said county legislative authority making any changes decreed by the court on appeal to the superior court, it shall be the duty of the secretary of the district to prepare a correct copy of so much of said base assessment map as includes the lands in the district situated in each county in which the lands in the district are situated, with the assessment classes and ratios properly designated thereon, and file the same with the respective county assessors of said counties for record therein. [1985 c 396 § 70; 1937 c 72 § 148; RRS § 9663E-148. Formerly RCW 86.08.500, part.]

Additional notes found at www.leg.wa.gov

86.09.445 Assessments—Levies to be made according to base assessment map. Assessments made against the respective lands in the district to carry out any of the purposes of this chapter shall be levied in accordance with their respective classifications and in proportion to their respective ratios of benefits, set out on the base assessment map. [1937 c 72 § 149; RRS § 9663E-149. Formerly RCW 86.08.500, part.]

86.09.448 Assessments—Appeal to courts. Any person, firm, or corporation feeling aggrieved at any determination by said county legislative authority of the classification or relative percentage of his or her or its lands, aforesaid, may have the same reviewed by a proceeding for that purpose, in the nature of an appeal, initiated in the superior court of the county in which the land affected is situated. The matter shall be heard and tried by the court and shall be informal and summary but full opportunity to be heard and present evidence shall be given before judgment is pronounced. [2013 c 23 § 459; 1985 c 396 § 71; 1937 c 72 § 150; RRS § 9663E-150. Formerly RCW 86.08.490, part.]

Additional notes found at www.leg.wa.gov

86.09.451 Assessments—Notice of appeal. No such appeal shall be entertained by the court unless notice of the same containing a statement of the substance of the matter complained of and the manner in which the same injuriously affects the appellant's interests shall have been served personally or by registered mail, upon the county legislative authority of the county within which the major portion of the district is situated, and upon the secretary of the district, within twenty days following the date of the determination appealed from. [1985 c 396 § 72; 1937 c 72 § 151; RRS § 9663E-151. Formerly RCW 86.08.490, part.]

Additional notes found at www.leg.wa.gov

86.09.454 Assessments—Appeal—Stay bond, when required. No bond shall be required unless a stay is desired, and an appeal shall not be a stay, unless within five days following the service of notice of appeal aforesaid, a bond shall be filed in an amount to be fixed by the court and with sureties satisfactory to the court, conditioned to perform the judgment of the court. [1937 c 72 § 152; RRS § 9663E-152. Formerly RCW 86.08.490, part.]

Additional notes found at www.leg.wa.gov

86.09.457 Assessments—Civil practice to apply—Costs, liability of district. Costs shall be paid as in civil cases brought in the superior court, and the practices in civil cases shall apply: PROVIDED, That any costs awarded against said county legislative authority shall be in its official capacity only and shall be against and paid by the district. [1985 c 396 § 73; 1937 c 72 § 153; RRS § 9663E-153. Formerly RCW 86.08.495, part.]

Civil practice generally: Title 4 RCW; Rules of court.

Costs, generally: Chapter 4.84 RCW.

Additional notes found at www.leg.wa.gov

86.09.460 Assessments—Appeal from superior to supreme court. An appeal shall lie from the judgment of the superior court as in other civil cases. [1937 c 72 § 154; RRS § 9663E-154. Formerly RCW 86.08.495, part.]

86.09.463 Assessments—County legislative authority's determination deemed prima facie correct on appeal. In all said appeals from the determination of said county leg-
is legislative authority, as herein provided, said determination and all parts thereof shall be deemed to be prima facie correct. [1985 c 396 § 74; 1937 c 72 § 155; RRS § 9663E-155. Formerly RCW 86.08.490, part.]

Additional notes found at www.leg.wa.gov

**86.09.466 Assessments—District budget—Approval—Basis for assessment roll.** The secretary of the district on or before the first day of November in each year shall estimate the amount of money necessary to be raised for any and all district purposes during the ensuing year based upon a budget furnished him or her by the district board and submit the same to the county legislative authority of the county within which the major portion of the district is situated for its suggestions, approval, and revision and upon the approval of the budget by said county legislative authority, either as originally submitted or as revised, the secretary shall prepare an assessment roll with appropriate headings in which must be listed all the lands in each assessment classification shown on the base assessment map. [2013 c 23 § 460; 1985 c 396 §§ 75; 1937 c 72 § 156; RRS § 9663E-156. Formerly RCW 86.08.510, part.]

Additional notes found at www.leg.wa.gov

**86.09.469 Assessments—Assessment roll, contents—Headings.** On such assessment roll in separate columns, must be specified under the appropriate headings:

1. The reputed owner of the property assessed. If the reputed owner is not known to the secretary, the reputed owner may be stated as "unknown";

2. The description of the land of the reputed or unknown owner sufficiently definite to identify the land. Where the land is described in the records of the county assessor's office in terms of the assessor's plat tax number, such designation shall be sufficient description of such land on the district's assessment roll. In instances where the district has adopted the alternative method of determining the ratio of benefits as herein authorized the secretary shall annually revise and specify in an appropriate column on the roll the cash value of the respective tracts of lands, including improvements thereon, described on the roll;

3. The estimated assessable acreage of such respective lands;

4. The designated classification and their respective ratios of benefits shown on the base assessment map in which the land is situated, with the per acre final ratio or percentage upon which every acre or fraction thereof of the respective lands are to be charged with assessments;

5. The total amount of the assessment in dollars and cents against each tract of land. [1937 c 72 § 157; RRS § 9663E-157. Formerly RCW 86.08.520, part.]

**86.09.472 Assessments—Margin for anticipated delinquencies.** For the purpose of apportioning the amount of money to be raised by assessment, to the several tracts of land in accordance with their respective classifications, the secretary shall add to the amount of money to be raised fifteen percent thereof for anticipated delinquencies. [1937 c 72 § 158; RRS § 9663E-158. Formerly RCW 86.08.510, part.]

**86.09.475 Assessments—How calculated.** In calculating the amount of assessments to be charged against the respective tracts of land included in the annual district assessment roll, the per acre charge against the lands in class No. 1 on the base map shall be taken as one hundred percent and the per acre charge against the lands in other classes shall be reckoned on their respective final per acre percentages of the per acre assessment against the lands in said class No. 1. [1937 c 72 § 159; RRS § 9663E-159. Formerly RCW 86.08.530.]

**86.09.478 Assessments—Omitted property may be back-assessed.** Any property which may have escaped assessment for any year or years, shall in addition to the assessment for the then current year, be assessed for such year or years with the same effect and with the same penalties as are provided for such current year and any property delinquent in any year may be directly assessed during the current year for any expenses caused the district on account of such delinquency. [1937 c 72 § 160; RRS § 9663E-160. Formerly RCW 86.08.550.]

**86.09.481 Assessments—Lands in more than one county.** Where the district embraces lands lying in more than one county the assessment roll shall be so arranged that the lands lying in each county shall be segregated and grouped according to the county in which the same are situated. [1937 c 72 § 161; RRS § 9663E-161. Formerly RCW 86.08.520, part.]

**86.09.484 Equalization of assessments—Notice and time for meeting of board of equalization.** Upon completion of the assessment roll the secretary shall deliver the same to the district board and immediately give notice thereof and of the time of the board of directors, acting as a board of equalization will meet to equalize assessments, by publication in a newspaper published in each of the counties comprising the district. The time fixed for the meeting shall not be less than twenty nor more than thirty days from the first publication of the notice, and in the meantime the assessment roll must remain in the office of the secretary for the inspection of all persons interested. [1937 c 72 § 162; RRS § 9663E-162. Formerly RCW 86.08.540, part.]

**86.09.487 Equalization of assessments—Meeting of directors as board, length of time—Completion of roll.** Upon the day specified in the notice required by the preceding section for the meeting, the board of directors, which is hereby constituted a board of equalization for that purpose, shall meet and continue in session from day to day as long as may be necessary, not to exceed ten days, exclusive of Sundays, to hear and determine such objections to the said assessment roll as may come before them; and the board may decide the same. The secretary of the board shall be present during its session, and note all changes made at said hearing, and on or before the fifteenth day of January thereafter shall have the assessment roll completed as finally equalized by the board. [1937 c 72 § 163; RRS § 9663E-163. Formerly RCW 86.08.540, part.]
86.09.489 Levy where total assessment less than two dollars. When the assessment roll is completed as finally equalized by the board of directors and the total assessment against any tract or contiguous tracts owned by one person or corporation is less than two dollars, the county treasurer shall levy such a minimum amount of two dollars against such tract or contiguous tracts. [1965 c 26 § 13.]

86.09.490 Assessment lien—Priority. The assessment upon real property shall be a lien against the property assessed, from and after the first day of January in the year in which the assessment becomes due and payable, but as between grantor and grantee such lien shall not attach until the county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020. The lien shall be paramount and superior to any other lien theretofore or hereafter created, whether by mortgage or otherwise, except a lien for undelinquent flood control district assessments, diking or drainage, or diking or drainage improvement, district assessments and for unpaid and outstanding general ad valorem taxes, and such lien shall not be removed until the assessments are paid or the property sold for the payment thereof as provided by law. [2009 c 350 § 3; 1937 c 72 § 164; RRS § 9663E-164. Formerly RCW 86.08.560, part.]

86.09.493 Payment of assessment—Date of delinquency—Notice to pay—Assessment book—Statements. On or before the fifteenth day of January in each year the secretary must deliver the assessment roll or the respective segregations thereof to the county treasurer of each respective county in which the lands described are located, with a statement of the amounts and/or percentages of the collections on said roll which shall be apportioned to the respective district funds, and said assessments shall become due and payable at the time or times general taxes accrue payable. One-half of all assessments on said roll shall become delinquent on the first day of June following the filing of the roll unless said one-half is paid on or before the thirty-first day of May of said year, and the remaining one-half shall become delinquent on the first day of December following, unless said one-half is paid on or before the thirtieth day of November. All delinquent assessments shall bear interest at the rate of ten percent per annum from the date of delinquency until paid.

Within twenty days after the filing of the assessment roll as aforesaid the respective county treasurers shall each publish a notice in a newspaper published in their respective counties in which any portion of the district may lie, that said assessments are due and payable at the office of the county treasurer of the county in which said land is located and will become delinquent unless paid as herein provided. Said notice shall state the dates of delinquency as fixed in this chapter and the rate of interest charged thereon and shall be published once a week for four successive weeks and shall be posted within said period of twenty days in some public place in said district in each county in which any portion of the district is situated.

Upon receiving the assessment roll, the county treasurer shall prepare therefrom an assessment book in which shall be written the description of the land as it appears in the assessment roll, the name of the owner or owners where known, and if assessed to the unknown owners, then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying, and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed.

It shall be the duty of the county treasurer of the county in which any land in the district is located to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his or her office upon land described in such request, and all statements of general taxes covering any land in the district shall be accompanied by a statement showing the condition of district assessments against such lands: PROVIDED, That the failure of the county treasurer to render any statement herein required of him or her shall not render invalid any assessments made by any district or proceedings had for the enforcement and collection of district assessments pursuant to this chapter. [2013 c 23 § 461; 1937 c 72 § 165; RRS § 9663E-165. Formerly RCW 86.08.540, part, 86.08.560, part, and 86.08.570.]

86.09.496 Delinquency list—Posting and publication. On or before the thirty-first day of December of each year, the county treasurer of the county in which the land is located shall cause to be posted the delinquency list which must contain the names of persons to whom the property is assessed and a description of the property delinquent and the amount of the assessment and costs due, opposite each name and description. He or she must append to and post with the delinquency list a notice that unless the assessments delinquent, together with costs and accrued interest, are paid, the real property upon which such assessments are a lien will be sold at public auction. The said notice and delinquent list shall be posted at least twenty days prior to the time of sale. Concurrent as nearly as possible with the date of the posting aforesaid, the said county treasurer shall publish the location of the place where said notice is posted and in connection therewith a notice that unless delinquent assessments together with costs and accrued interest are paid, the real property upon which such assessments are a lien will be sold at public auction. Such notice must be published once a week for three successive weeks in a newspaper of general circulation published in the county within which the land is located; but said notice of publication need not comprise the delinquent list where the same is posted as herein provided. Both notices must designate the time and place of sale. The time of sale must not be less than twenty-one nor more than twenty-eight days from the date of posting and from the date of the first publication of the notice thereof, and the place must be at some point designated by the treasurer. [2013 c 24 § 462; 1937 c 72 § 166; RRS § 9663E-166. Formerly RCW 86.08.580.]
86.09.499 Sale for delinquent assessments—Postponement. The treasurer of the county in which the land is situated shall conduct the sale of all lands situated therein and must collect in addition to the assessment due as shown on the delinquent list the costs and expenses of sale and interest at the rate of ten percent per annum from the date or dates of delinquency as hereinafter provided. On the day fixed for the sale, or some subsequent day to which he or she may have postponed it, and between the hours of ten o'clock a.m. and three o'clock p.m., the county treasurer making the sale must commence the same, beginning at the head of the list, and continuing alphabetically, or in the numerical order of the parcels, lots, or blocks, until completed. He or she may postpone the day of commencing the sale, or the sale from day to day, by giving oral notice thereof at the time of the postponement, but the sale must be completed within three weeks from the first day fixed. [2013 c 23 § 464; 1937 c 72 § 168; RRS § 9663E-169. Formerly RCW 86.08.590.]

86.09.502 Sale for delinquent assessments—How conducted—Certificate of sale—District as purchaser—Fee. The owner or person in possession of any real estate offered for sale for assessments due thereon may designate in writing to the county treasurer, by whom the sale is to be made, and prior to the sale, what portion of the property he or she wishes sold, if less than the whole: but if the owner or possessor does not, then the treasurer may designate it, and the person who will take the least quantity of the land, or in case an undivided interest is assessed, then the smallest portion of the interest, and pay the assessment and costs due, including one dollar to the treasurer for duplicate of the certificate of sale, is the purchaser. The treasurer shall account to the district for said one dollar. If the purchaser does not pay the assessment and costs before ten o'clock a.m. the following day, the property must be resold on the next sale day for the assessments and costs. In case there is no purchaser in good faith for the same on the first day that the property is offered for sale, and if there is no purchaser in good faith when the property is offered thereafter for sale, the whole amount of the property assessed shall be struck off to the district as the purchaser, and the duplicate certificate shall be delivered to the secretary of the district, and filed by him or her in the office of the district. No charge shall be made for the duplicate certificate where the district is the purchaser, and in such case the treasurer shall make an entry, "Sold to the district", and he or she will be credited with the amount thereof in settlement. The district, as a purchaser at said sale, shall be entitled to the same rights as a private purchaser, and may assign or transfer the certificate of sale upon the payment of the amount which would be due if redemption were being made by the owner. If no redemption is made of land for which the district holds a certificate of purchase, the district will be entitled to receive the treasurer's deed therefor in the same manner as a private person would be entitled thereto.

After receiving the amount of assessments and costs, the county treasurer must make out in duplicate a certificate, dated on the day of sale, stating (when known) the names of the persons assessed, a description of the land sold, the amount paid therefor, that it was sold for assessments, giving the amount and the year of assessment, and specifying the time when the purchaser will be entitled to a deed. The certificate must be signed by the treasurer making the sale and one copy delivered to the purchaser, and the other filed in the office of the county treasurer of the county in which the land is situated: PROVIDED, That upon the sale of any lot, parcel, or tract of land not larger than an acre, the fee for a duplicate certificate shall be twenty-five cents and in case of a sale to a person or a district, of more than one parcel or tract of land, the several parcels or tracts may be included in one certificate. [2013 c 23 § 464; 1937 c 72 § 168; RRS § 9663E-168. Formerly RCW 86.08.600.]

86.09.505 Sale for delinquent assessments—Entries in assessment book—Book open to inspection—Lien vested in purchaser. The county treasurer, before delivering any certificate must file the same and enter in the assessment book opposite the description of the land sold, the date of sale, the purchaser's name and the amount paid therefor, and must regularly number the description on the margin of the assessment book and put a corresponding number on each certificate. Such book must be open to public inspection without fee during office hours, when not in actual use.

On filing the certificate of sale as provided in the preceding paragraph, the lien of the assessment vests in the purchaser and is only divested by the payment to the county treasurer making the sale of the purchase money and interest at the rate of ten percent per annum, from the day of sale until redemption for the use of the purchaser. [1937 c 72 § 169; RRS § 9663E-169. Formerly RCW 86.08.610.]

86.09.508 Sale for delinquent assessments—Redemption, when and how made. A redemption of the property sold may be made by the owner or any person on behalf and in the name of the owner or by any party in interest at any time before deed issues, by paying the amount of the purchase price and interest as in this chapter provided, and the amount of any assessments which such purchaser may have paid thereon after purchase by him or her and during the period of redemption in this section provided, together with like interest on such amount, and if the district is the purchaser, the redemptioner shall not be required to pay the amount of any district assessment levied subsequent to the assessment for which said land was sold, but all subsequent and unpaid assessments levied upon said land to the date of such redemption shall remain a lien and be payable and the land be subject to sale and redemption at the times applicable to such subsequent annual district assessment. Redemption must be made in legal tender, as provided for the collection of state and county taxes, and the county treasurer must credit the amount paid to the person named in the certificate and pay it on demand to such person or his or her assignees. No redemption shall be made except to the county treasurer of the county in which the land is situated. [2013 c 23 § 465; 1937 c 72 § 170; RRS § 9663E-170. Formerly RCW 86.08.620.]

86.09.511 Sale for delinquent assessments—Entry of redemption—Deed on demand if not redeemed in two years—Fee. Upon completion of redemption, the county treasurer to whom redemption has been made shall enter the word "redeemed", the date of redemption and by whom

[Title 86 RCW—page 14]
redeemed on the certificate and on the margin of the assessment book where the entry of the certificate is made. If the property is not redeemed within two years, after the fifteenth day of January of the year in which such property was sold, the county treasurer of the county in which the land sold is situated must thereafter, upon demand of the owner of the certificate of sale, make to the purchaser, or his or her assignee a deed of the property, reciting in the deed substantially the matters contained in the certificate, and that no person redeemed the property during the time allowed by law for its redemption. The treasurer shall receive from the purchaser, for the use of the district, one dollar for making such deed: PROVIDED, If redemption is not made of any lot, parcel, or tract of land not larger than one acre, the fee for a deed shall be twenty-five cents and when any person or district holds a duplicate certificate covering more than one tract of land, the several parcels, or tracts of lands, mentioned in the certificate may be included in one deed. [2013 c 23 § 466; 1937 c 72 § 171; RRS § 9663E-171. Formerly RCW 86.08.630.]

86.09.514 Sale for delinquent assessments—Effect and validity of deed. The matter recited in the certificate of sale must be recited in the deed, and such deed duly acknowledged or proved is prima facie evidence that:

First. The property was assessed as required by law.
Second. The property was equalized as required by law.
Third. That the assessments were levied in accordance with law.
Fourth. The assessments were not paid.
Fifth. At a proper time and place the property was sold as prescribed by law and by the proper officers.
Sixth. The property was not redeemed.
Seventh. The person who executed the deed was the proper officer.
Such deed, duly acknowledged or proved, is (except as against actual fraud) conclusive evidence of the regularity of all the proceedings from the assessments by the secretary, inclusive, up to the execution of the deed. The deed conveys to the grantee the absolute title to the lands described therein, free from all incumbrances except the lien of outstanding general ad valorem taxes and of unmatured special assessments. When title to the land is in the United States or this state, such deed shall be prima facie evidence of the right of possession. [1937 c 72 § 172; RRS § 9663E-172. Formerly RCW 86.08.640, part.]

86.09.517 Sale for delinquent assessments—Mistake, misnomer does not affect sale. When land is sold for assessments correctly imposed, as the property of a particular person, no misnomer of the owner or supposed owner, or other mistake relating to the ownership thereof, affects the sale or renders it void or avoidable. [1937 c 72 § 173; RRS § 9663E-173. Formerly RCW 86.08.640, part.]

86.09.520 District lands exempt from general taxes—Leasing, application of proceeds. All unsold lands owned by the district shall be exempt from general ad valorem taxes while title to same remains in the district. The district shall not be authorized to lease any of its lands for a term longer than one year, and the proceeds for such lease shall first be applied on account of outstanding ad valorem tax liens, if any. [1937 c 72 § 174; RRS § 9663E-174. Formerly RCW 86.08.650.]

86.09.523 Liability of city, town or subdivision for benefits to roads, streets, or sewer systems. Whenever any system of improvement constructed under the provisions of this chapter results in benefit to the whole or any part of a public street or road, street or road bed or track thereof within the district, or will facilitate the construction or maintenance of any sewer system in any city or town within the district, the city, town or subdivision or any of them responsible for the maintenance of said public road, street or sewer, shall be liable for assessment for any or all district purposes. [1937 c 72 § 175; RRS § 9663E-175. Formerly RCW 86.08.660, part.]

86.09.526 Liability of public and private lands for benefits. All school, granted, and other state lands, and lands owned by the United States, when legally possible, and all county, city and other municipally owned property, not used for governmental purposes, and all privately owned lands within the corporate limits of any county, school district, city or other municipal corporation included within the operation of the district and benefited by the district improvement, shall be liable for assessment as provided herein for other property. [1937 c 72 § 176; RRS § 9663E-176. Formerly RCW 86.08.660, part.]

86.09.529 Assessment payment by city, county, subdivision—Payment by state for highway benefit. Assessments charged to any city, town, county, or subdivision thereof shall be paid from any fund of the city, town, county, or subdivision, as its governing body determines. Assessments charged on account of benefits to state highways shall be approved by the secretary of transportation and shall be paid from the state motor vehicle fund. [1984 c 7 § 379; 1937 c 72 § 177; RRS § 9663E-177. Formerly RCW 86.08.660, part.]

Additional notes found at www.leg.wa.gov

86.09.532 District funds—Created. There are hereby created for district purposes the following special funds: (1) Expense fund, (2) surplus fund, (3) suspense fund, (4) general bond fund, (5) utility bond fund, (6) contract fund. [1937 c 72 § 178; RRS § 9663E-178. Formerly RCW 86.08.670.]

86.09.535 District funds—Expense fund—Composition—Use. All assessments collected for administrative, operative and maintenance purposes, all money collected and not otherwise provided for, and any transfers authorized by law from other funds made specifically to the fund, shall be placed by the county treasurer, ex officio treasurer of the district, in the expense fund, and it shall be the duty of the district board to make ample provision for the requirements of this fund by the levy of assessments or by the use of other revenues of the district. [1937 c 72 § 179; RRS § 9663E-179. Formerly RCW 86.08.675.]

86.09.538 District funds—Surplus fund—Composition—Use. The district shall have authority at its option of turning any district revenues not probably required during the
current year to the surplus fund by adopting a resolution to that effect and filing a copy of the same with the county treasurer in charge of such fund. For this purpose unrequired moneys may be transferred from other funds, except from either of the two bond funds.

Assessments, not exceeding twenty percent of the total levy for a given year, may be levied for the purpose of supplying moneys for the surplus fund.

The surplus fund may be used for any district purpose authorized by law, by resolution of the board of directors specifying said purpose, and the duration of such use. [1937 c 72 § 180; RRS § 9663E-180. Formerly RCW 86.08.680.]

### District funds—Suspense fund—Composition—Use

All district indebtedness, not otherwise provided for, which has not been or will not be paid on substantially a cash basis, shall be paid from the suspense fund and it shall be the duty of the district board to make ample provision for the requirements of this fund by the levy of assessments or by the use of other revenues of the district, authorized by law to be used for this purpose. [1937 c 72 § 181; RRS § 9663E-181. Formerly RCW 86.08.685.]

### District funds—General bond fund—Composition—Use

Moneys in the general bond fund shall be used exclusively for the payment of outstanding general obligation bonds of the district with interest thereon according to their terms. It shall be the duty of the district board to make ample provision for the requirements of this fund by the levy of assessments or by the use of other district revenues, authorized by law to be used for this purpose. [1937 c 72 § 182; RRS § 9663E-182. Formerly RCW 86.08.695.]

### District funds—Utility bond fund—Composition—Use

Revenues from the use, sale or lease of water and/or other service furnished by the district to the extent pledged to the payment of district utility bonds, as herein provided, shall be placed in the utility bond fund and used exclusively for the payment of such bonds with interest according to their terms. [1937 c 72 § 183; RRS § 9663E-183. Formerly RCW 86.08.700.]

### District funds—Contract fund—Composition—Use

The proceeds from bond sales and revenues from other sources authorized by law to be used for district contract purposes shall be placed in the contract fund and shall be used for the purposes for which the bonds were issued or for which any other contract was entered into by the district. [1937 c 72 § 184; RRS § 9663E-184. Formerly RCW 86.08.690.]

### District funds—Custody and disbursement

All district moneys shall be paid to the county treasurer having charge of the district funds and by that officer disbursed in the manner provided by law. [1937 c 72 § 185; RRS § 9663E-185. Formerly RCW 86.08.710, part.]

### Claims against district

Any claim against the district shall be presented to the district board for allowance or rejection. Upon allowance, the claim shall be attached to a voucher verified by the claimant or his or her agent and approved by the chair of the board and countersigned by the secretary and directed to the county auditor of the county in which the office of the district treasurer is located, for the issuance of a warrant against the proper fund of the district in payment of said claim. [2013 c 23 § 467; 1937 c 72 § 186; RRS § 9663E-186. Formerly RCW 86.08.720, part.]

### Claims against district—For administrative expenses, cost, maintenance—Payroll

Claims against the district for administrative expenses and for the costs of operation and maintenance of the system of improvement, shall be allowed by the district board and presented to the county auditor with proper vouchers attached for the issuance of warrants against the expense fund of the district. The payroll of the district shall be verified by the foreman in charge and may be presented in one claim for the individual claimants involved. The warrants for said claim shall be issued in the name of the individual claimants, but may be receipted for by said foreman. [1937 c 72 § 187; RRS § 9663E-187. Formerly RCW 86.08.720, part.]

### District funds paid by warrant—Exception

 Said county treasurer shall pay out the moneys received or deposited with him or her or any portion thereof upon warrants issued by the county auditor of the same county of which the district treasurer is an officer against the proper funds of the district except the sums to be paid out of the special funds for interest and principal payments on bonds or notes. [2013 c 23 § 468; 1986 c 278 § 45; 1983 c 167 § 202; 1937 c 72 § 188; RRS § 9663E-188. Formerly RCW 86.08.710, part.]

Additional notes found at www.leg.wa.gov

### Warrants paid in order of issuance

Warrants drawn on any district fund shall be paid from any moneys in said fund in the order of their issuance. [1937 c 72 § 189; RRS § 9663E-189. Formerly RCW 86.08.710, part.]

### Utility revenue bonds—Authorized

In any instance where the district is using, selling or leasing water for beneficial purposes or furnishing other service under the provisions of this chapter and there is reasonable certainty of a permanent fixed income from this source, the district board, upon previous written approval of the county legislative authority of the county within which the major portion of the district is situated, shall have authority to pledge the revenues derived from a fixed proportion of the gross income thus obtained and to issue bonds of the district payable from the utility bond fund and to sell the same to raise money for district purposes. [1985 c 396 § 78; 1937 c 72 § 198; RRS § 9663E-198. Formerly RCW 86.08.790, part.]

Additional notes found at www.leg.wa.gov

### Utility revenue bonds—Limited obligation—Payment from special fund

Bonds payable from the utility bond fund shall not be an obligation of the district and they shall state on their face that they are payable solely from a special fund derived from a certain fixed proportion (naming it) of the gross income derived by the district from the sale or lease of water or from other service, as the case may be, and such fixed proportion of such gross income shall be
irrevocably devoted to the payment of such bonds with interest until the same are fully paid. [1937 c 72 § 199; RRS § 9663E-199. Formerly RCW 86.08.790, part, and 86.08.800, part.]

86.09.598 Utility revenue bonds—Form, terms, interest, etc. (1) Said utility bonds shall be numbered consecutively, shall mature in series amortized in a definite schedule during a period not to exceed twenty years from the date of their issuance, shall be in such denominations and form and shall be payable, with annual or semiannual interest at such rate or rates and at such place as the county legislative authority of the county within which the major portion of the district is situated shall provide. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1985 c 396 § 79; 1983 c 167 § 207; 1970 ex.s.c 56 § 94; 1969 ex.s. c 232 § 45; 1937 c 72 § 200; RRS § 9663E-200. Formerly RCW 86.08.800, part.]

Purpose—1970 ex.s.c 56: See note following RCW 39.52.020.

Additional notes found at www.leg.wa.gov

86.09.601 Utility revenue bonds—Election to authorize. For the purpose of authorizing such utility bonds, an election shall be called, noticed, held and canvassed by the same officers, and in the same manner, as provided herein for the calling, noticing, holding and canvassing of an election to authorize general obligation bonds. [1937 c 72 § 201; RRS § 9663E-201. Formerly RCW 86.08.790, part.]

86.09.616 Utility revenue bonds and coupons—Order of payment—When funds deficient. Utility bonds and interest thereon shall be paid in the order of their respective due dates and the bonds and interest of a prior issue shall carry preference in payment over those of a subsequent issue: PROVIDED, That where there is not sufficient money in the utility bond fund to pay all matured demands against the same in accordance with the preference right above mentioned, the county treasurer shall pay the interest on the bonds having the preference right of payment in their numerical order beginning with the bond having the smallest number, to the extent of the available money in the utility bond fund. [1937 c 72 § 206; RRS § 9663E-206. Formerly RCW 86.08.800, part.]

86.09.619 District directors to make provision for payment—Procedure on failure of directors. It shall be the duty of the board of directors of the district to make adequate provision for the payment of all district bonds in accordance with their terms by levy and collection of assessments or otherwise and upon its failure so to do said levy and collection of assessments shall be made as follows:

(1) If the annual assessment roll has not been delivered to the county treasurer on or before the fifteenth day of January, he or she shall notify the secretary by registered mail that the roll must be delivered to him or her forthwith.

(2) If the roll is not delivered within ten days from the date of mailing the notice, or if the roll has not been equalized and the levy made, the treasurer shall immediately notify the county commissioners of the county in which the office of the directors is situated, and such commissioners shall cause an assessment roll for the district to be prepared and shall equalize it if necessary, and make the levy in the same manner and with like effect as if it had been made and equalized by the directors, and all expenses incident thereto shall be borne by the district.

(3) In case of neglect or refusal of the secretary to perform his or her duties, the district treasurer shall perform them, and shall be accountable therefor, on his or her official bond, as in other cases. [2013 c 23 § 469; 1965 c 26 § 12; 1937 c 72 § 207; RRS § 9663E-207. Formerly RCW 86.08.820, part.]

86.09.621 Special assessment bonds. Special assessment bonds and notes shall be issued and sold in accordance with chapter 85.38 RCW. [1986 c 278 § 28.]

Additional notes found at www.leg.wa.gov

86.09.622 Dissolution of districts—Procedure. Flood control districts may be dissolved upon a favorable sixty percent vote of the electors voting at an election for that purpose called, noticed, conducted and canvassed in the manner provided in this chapter for special elections and no further district obligations shall thereafter be incurred: PROVIDED, That the election shall not abridge or cancel any of the outstanding obligations of the district, and the county legislative authority of the county within which the major portion of the district is situated shall each year at the time and in the manner provided in this chapter for the levy of district assessments, levy assessments against the lands in the district and the same shall be collected and enforced in the manner provided herein, until the outstanding obligations of the district are fully paid. [1985 c 396 § 83; 1937 c 72 § 208; RRS § 9663E-208. Formerly RCW 86.08.830, part.]

Dissolution of districts: Chapter 53.48 RCW.

Additional notes found at www.leg.wa.gov

86.09.625 Dissolution of districts—When complete. When the obligations have been fully paid, all moneys in any of the funds of the district and all collections of unpaid district assessments shall be transferred to the general fund of the county within which the major portion of the district is situated as partial reimbursement for moneys expended and services rendered by the county for and in behalf of the district, and thereupon the county legislative authority of that county shall file a statement of the full payment of the district's obligations for record in the county auditor's office in each county in which any lands in the district were situated and thereafter the dissolution of the district shall be complete and its corporate existence ended. [1985 c 396 § 84; 1937 c 72 § 209; RRS § 9663E-209. Formerly RCW 86.08.830, part.]

Reclamation revolving fund abolished, moneys transferred to reclamation revolving account. RCW 43.79.330 through 43.79.334.

Additional notes found at www.leg.wa.gov

86.09.700 Revision of district—Petition. A board may amend the district comprehensive plan of flood control, alter, reduce or enlarge the district system of improvement, within or without the district, and change the district boundaries so
as to include land likely to be benefited by said amendment, alteration, reduction or enlargement by filing a petition to that effect with the county legislative authority of the county within which the major portion of the district is situated. [1985 c 396 § 85; 1965 c 26 § 14.]

Additional notes found at www.leg.wa.gov

86.09.703 Revision of district—Establishment of revised district—Review of benefits—Liability of original district—Segregation of funds. If funds are available the county legislative authority shall, at the expense of the county, refer the petition to the county engineer for a preliminary investigation as to the feasibility of the objects sought by the petition. If the investigation discloses that the matter petitioned for is feasible, conducive to the public welfare, consistent with a comprehensive plan of development and in the best interest of the district and will promote the purposes for which the district was organized, the county legislative authority shall so find, approve the petition, enter an order in his or her records declaring the establishment of the new boundaries as petitioned for, or as modified by him or her, and file a certified copy of the order with each county auditor, without filing fee, and with the board.

The board shall forthwith cause a review of the classifications and ratio of benefits, in the same manner and with the same effect as for the determination of such matters in the first instance.

The lands in the original district shall remain bound for the whole of the original unpaid assessment thereon for the payment of any outstanding warrants or bonds to be paid by such assessments. Until the assessments are collected and all indebtedness of the original district paid, separate funds shall be maintained for the original district and the revised district. [2013 c 23 § 470; 1985 c 396 § 86; 1965 c 26 § 15.]

Additional notes found at www.leg.wa.gov

86.09.710 Annexation of territory—Consolidation of special districts—Suspension of operations—Reactivation. Flood control districts may annex territory, consolidate with other special districts, and have their operations suspended and be reactivated, in accordance with chapter 85.38 RCW. [1986 c 278 § 16.]

Additional notes found at www.leg.wa.gov

86.09.720 Cooperative watershed management. In addition to the authority provided in this chapter, flood control districts may participate in and expend revenue on cooperative watershed management arrangements and actions, including without limitation those under chapter 39.34 RCW, under chapter 39.106 RCW, and under other intergovernmental agreements authorized by law, for purposes of water supply, water quality, and water resource and habitat protection and management. [2011 c 258 § 15; 2003 c 327 § 18.]

86.09.900 Other statutes preserved. Nothing in this chapter contained shall be construed as affecting or in any wise limiting the powers of counties, cities, towns, diking districts, drainage districts, or other municipal or public agencies in the manner authorized by law to construct and maintain dikes, levees, embankments or other structures and works, or to open, deepen, straighten and otherwise enlarge natural water courses, waterways and other channels, for the purpose of protecting such organizations from overflow. [1937 c 72 § 210; RRS § 9663E-210.]

86.09.910 Chapter supplemental to other acts. Nothing in this chapter contained shall be held or construed as in any manner abridging, enlarging or modifying any statute now or hereafter existing relating to the organization, operation and dissolution of flood control districts. This chapter is intended as an independent chapter providing for a separate and an additional authority from and to any other authority now existing for the organization, operation and dissolution of flood control districts, as provided in this chapter. [1937 c 72 § 211; RRS § 9663E-211.]

86.09.920 Chapter liberally construed. The provisions of this chapter and all proceedings thereunder shall be liberally construed with a view to effect their objects. [1937 c 72 § 212; RRS § 9663E-212.]

86.09.930 Severability—1937 c 72. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1937 c 72 § 213; RRS § 9663E-213.]

COUNTY FLOOD CONTROL

86.12.010 County tax for river improvement fund—Flood control maintenance account. The county commissioners of any county may annually levy a tax, beginning with the year 1907, in such amount as, in their judgment they may deem necessary or advisable, but not to exceed twenty-five cents per thousand dollars of assessed value upon all taxable property in such county, for the purpose of creating a fund to be known as "river improvement fund." There is hereby created in each such river improvement fund an account to be known as the "flood control maintenance account." [1973 1st ex.s. c 195 § 129; 1941 c 204 § 8; 1907
**86.12.020 Authority to make improvements—Condemnation.** Said fund shall be expended for the purposes in this chapter provided. Any county, for the control of waters subject to flood conditions from streams, tidal or other bodies of water affecting such county, may inside or outside the boundaries of such county, construct, operate and maintain dams and impounding basins and dikes, levees, revetments, bulkheads, rip-rap or other protection; may remove bars, logs, snags and debris from and clear, deepen, widen, straighten, change, relocate or otherwise improve and maintain stream channels, main or overflow; may acquire any real or personal property or rights and interest therein for the prosecution of such works or to preserve any floodplain or regular or intermittent stream channels from any interference to the free or natural flow of flood or storm water; and may construct, operate and maintain any and all other works, structures and improvements necessary for such control; and for any such purpose may purchase, condemn or otherwise acquire land, property or rights, including beds of nonnavigable waters and state, county and school lands and property and may damage any land or other property for any such purpose, and may condemn land and other property and rights and interests therein and damage the same for any other public use after just compensation having been first made or paid into court for the owner in the manner prescribed in this chapter. The purposes in this chapter specified are hereby declared to be county purposes. [1970 ex.s. c 30 § 10; 1941 c 204 § 9; 1935 c 162 § 1; 1919 c 109 § 1; 1907 c 66 § 2; Rem. Supp. 1941 § 9626.]

**Authority and power of counties are supplemental: RCW 36.89.062.**

Additional notes found at www.leg.wa.gov

**86.12.030 Eminent domain, how exercised.** The taking and damaging of land, property or rights therein or thereto by any county, either inside or outside of such county, for flood control purposes of the county is hereby declared to be for a public use. Such eminent domain proceedings shall be in the name of the county, shall be had in the county where the property is situated, and may unite in a single action proceedings to condemn for county use property held by separate owners, the jury to return separate verdicts for the several lots, tracts or parcels of land, or interest therein, so taken or damaged. The proceedings may conform to the provisions of sections 921 to 926, inclusive, of Remington's Revised Statutes, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The title so acquired by the county shall be the fee simple title or such lesser estate as shall be designated in the decree of appropriation. The awards in and costs of such proceedings shall be payable out of the river improvement fund. [1941 c 204 § 10; 1907 c 66 § 3; Rem. Supp. 1941 § 9627.]

**Reviser’s note:** "Sections 921 to 926, inclusive, of Remington's Revised Statutes" (except for section 923) are codified as RCW 8.20.010 through 8.20.080. Section 923 was repealed by 1935 c 115 § 1 but compare the first paragraph of RCW 8.28.010 relating to the same subject matter as the repealed section.

---

**86.12.033 Expenses to be paid out of river improvement fund.** All expenses to be incurred in accomplishing the objects authorized by this act shall be paid out of said river improvement fund and which fund shall be used for no other purpose than the purposes contemplated by this chapter. [1907 c 66 § 4; RRS § 9628. Formerly RCW 86.12.010, part.]

**86.12.034 County entitled to abandoned channels, beds, and banks.** Whenever a county of this state, acting pursuant to RCW 86.12.010 through 86.12.033, shall make an improvement in connection with the course, channel or flow of a navigable river, thereby causing it to abandon its existing channel, bed, bank or banks for the entire distance covered by said improvement, or for any part or portion thereof, or by said improvement shall prevent a river from resuming at a future time an ancient or abandoned channel or bed, or shall construct improvements intended so to do, all the right, title and interest of the state of Washington in and to said abandoned channel or channels, bed or beds, bank or banks, up to and including the line of ordinary high water, shall be and the same is hereby given, granted and conveyed to the county making such improvement: PROVIDED, HOWEVER, That any such gift, grant or conveyance shall be subject to any right, easement or interest heretofore given, granted or conveyed to any agency of the state. [1963 c 90 § 1.]

**Immunty from liability**

**86.12.037 Liability of counties, cities, and other special purpose districts to others.** No action shall be brought or maintained against any county, city, diking district, or flood control zone district when acting alone or when acting jointly with any other county, city, or flood control zone district under any law, or any of its or their agents, officers, or employees, for any noncontractual acts or omissions of such county or counties, city or cities, diking district or districts, flood control zone district or districts, or any of its or their agents, officers, or employees, relating to the improvement, protection, regulation, and control for flood prevention and navigation purposes of any river or its tributaries and the beds, banks, and waters thereof: PROVIDED, That nothing contained in this section shall apply to or affect any action now pending or begun prior to the passage of this section. [2010 c 46 § 1; 1921 c 185 § 1; RRS § 9663. Formerly RCW 87.12.180.]

**Comprehensive Flood Control Management Plans**

**86.12.200 Comprehensive flood control management plan—Elements.** The county legislative authority of any county may adopt a comprehensive flood control management plan for any drainage basin that is located wholly or partially within the county.

A comprehensive flood control management plan shall include the following elements:
86.12.210 Comprehensive flood control management plan—Participation of local officials—Arbitration of disputed issues. A comprehensive flood control management plan that includes an area within which a city or town, or a special district subject to chapter 85.38 RCW, is located shall be developed by the county with the full participation of officials from the city, town, or special district, including conservation districts, and appropriate state and federal agencies.

Where a comprehensive flood control management plan is being prepared for a river basin that is part of the common boundary between two counties, the county legislative authority of the county preparing the plan may allow participation by officials of the adjacent county.

Following adoption by the county, city, or town, a comprehensive flood control management plan shall be binding on each jurisdiction and special district that is located within an area included in the plan. If within one hundred twenty days of the county's adoption, a city or town does not adopt the comprehensive flood control management plan, the city or county shall request arbitration on the issue or issues in dispute. If parties cannot agree to the selection of an arbitrator, the arbitrator shall be selected according to the process described in *RCW 7.04.050. The cost of the arbitrator shall be shared equally by the participating parties and the arbitrator’s decision shall be binding. Any land use regulations and restrictions on construction activities contained in a comprehensive flood control management plan applicable to a city or town shall be minimum standards that the city or town may exceed. A city or town undertaking flood or storm water control activities consistent with the comprehensive flood control management plan shall retain authority over such activities. [1991 c 322 § 4.]

*Reviser's note: RCW 7.04.050 was repealed by 2005 c 433 § 50, effective January 1, 2006.

86.12.220 Advisory committees. A county may create one or more advisory committees to assist in the development of proposed comprehensive flood control management plans and to provide general advice on flood problems. The advisory committees may include city and town officials, officials of special districts subject to chapter 85.38 RCW, conservation districts, appropriate state and federal officials, and officials of other counties and other interested persons. [1991 c 322 § 5.]

JOINT COUNTY CONTROL—1913 ACT

86.13.010 Boundary line rivers—Contract to control.
Wherever and whenever a river is or shall be the boundary line or part of the boundary line between two counties, or it, or its tributaries or outlet or part thereof, flows through parts of two counties, and the waters thereof have in the past been the cause of damage, by inundation or otherwise, to the roads, bridges or other public property situate in or to other public interests of both such counties, or the flow of such waters shall have alternated between the said counties so at one time or times such waters shall have caused damage to one county and at another time or times to the other county, and it shall be deemed by the boards of county commissioners of both counties to be for the public interests of their respective counties that the flow of such waters be definitely confined to a particular channel, situate in whole or in part in either county, in a manner calculated to prevent such alternation or to prevent or lessen damage in the future, it shall be lawful for the two counties, and their boards of county commissioners are hereby empowered, pursuant to resolution, to enter into a contract in writing in the names of the respective counties for the purpose of settling all disputes in relation to any such situation, and providing ways and means for the control and disposition of such waters. Any such contract may provide: (1) That it shall be operative in perpetuity, or only for a term of years or other measure of time to be specified therein.
(2) The amount of money to be expended by each county during each year of the life of said contract, or such other method of determining the amount of expenditure or dividing the financial burden as may be agreed upon.
(3) That an annual tax shall be levied, at the same time and in the same manner as other county taxes are levied, each year during the life of the contract, by the county commissioners of each county. The annual tax herein provided for need not be levied at the same rate for each county, but shall be at such rate in each county as will produce annually the amount of money for each county as is required for the fulfillment of the contract on its part: PROVIDED, HOWEVER, That in no event shall any such tax levy by either county exceed twenty-five cents per thousand dollars of assessed value for any one year.
(4) That the general scheme for the improvement of such river shall be as stated in such contract, but by consent of the contracting parties, pursuant to resolution of each board of county commissioners, such scheme may be modified from time to time during the life of the contract. The contract may but need not provide the details of such scheme, but must designate the general purpose to be accomplished. So far as details are not specified in the contract, same shall be for future determination by joint action of the two boards of county commissioners. Any such contract may be subsequently modified or abrogated by mutual consent evidenced by separate resolution of both boards of county commissioners. [1973 1st ex.s. c 195 § 130; 1913 c 54 § 1; RRS § 9651. Formerly RCW 86.12.040.]

Additional notes found at www.leg.wa.gov

86.13.020 Expenditure of funds—Joint action generally. When such a contract shall have been entered into the prosecution of the work of improvement and the expenditure of funds thereof shall be determined upon, controlled and provided for by joint action of the boards of county commissioners of the two counties. So acting jointly, they shall have power to employ subordinates, purchase material or equipment in open market or by contract, let contracts for work, or cause work to be done by day labor, and to reject any and all bids received for work or material. All vouchers, pay rolls, reports, contracts and bonds on contracts shall be in duplicate, one copy to be filed in the office of the county auditor of each county: PROVIDED, HOWEVER, That the expenditure of said funds must be made in such manner so that the fund from each county is drawn on or expended alternately and such alternate expenditure shall be in proportion to the amount contributed by each county as nearly as may be practicable. [1913 c 54 § 2; RRS § 9652. Formerly RCW 86.12.050 and 86.12.060, part.]

86.13.030 Tax levy in each county—Intercounty river improvement fund. When such a contract shall have been entered into it shall be the duty of each of the boards of county commissioners to make for their respective counties, each year, a tax levy at a rate sufficient to meet the requirements of the contract to be performed by the county, or sufficient to provide such lesser amount as the boards of county commissioners shall agree upon for such year, to be evidenced by separate resolution of each board, and when such levy shall be made the same shall be extended upon the tax rolls of the county levying the same as other taxes shall be extended, and shall be collected in the same manner and shall be a lien upon the property as in the case of other taxes. The fund realized in each county by such tax levy shall go into a separate fund in the treasury of the county collecting the same, to be designated intercounty river improvement fund, and the entire fund so collected in the two counties shall be devoted to and be disbursed for the purposes specified in such contract and as in this chapter provided, and for no other purpose, but without regard to the particular county in which the work is performed, material required or expenditure made, it being the intent that the entire fund realized in the two counties shall be devoted to the one common purpose as if the two
Limitation on levies: State Constitution Art. 7 § 2 (Amendments 55 and 59); the life of the contract furnish the other a complete statement Monday of January, April, July and October each year during drawn upon the fund of his or her county from time to time, of the other county a statement of payments into and warrants board of county commissioners of such county, or a majority of such county upon warrants signed by the county auditor of that county. Such warrants shall be issued by order of the board of county commissioners of such county, or a majority thereof. Each county auditor shall, whenever requested by the county auditor of the other county, furnish the county auditor of the other county a statement of payments into and warrants drawn upon the fund of his or her county from time to time, and in addition thereto, each county auditor shall on the first Monday of January, April, July and October each year during the life of the contract furnish the other a complete statement thereof. Obligations incurred in the prosecution of such improvement and warrants issued shall be payable only out of said special funds, and no general obligation against or debt of either county shall be created thereby or by any contract entered into by virtue of this chapter, but it is not the intent of this chapter to deny to either county the right to have in the courts any proper proceeding to compel compliance with such contract on the part of the other county. [2013 c 23 § 471; 1913 c 54 § 3; RRS § 9653. Formerly RCW 86.12.100.]

86.13.040 Eminent domain—Procedure—Acquisition by purchase authorized. When such a contract shall have been entered into the power of eminent domain is hereby vested in each of such counties, to acquire any lands necessary to straighten, widen, deepen, dike or otherwise improve any such river, its tributaries or outlet or to strengthen the banks thereof, or to acquire any land adjacent to such river, or its tributaries, or the right to cut and remove timber upon the same for the purpose of preventing or lessening the falling of timber or brush into the waters of such river or tributaries, or to acquire any rock quarry, gravel deposit or timber for material for the prosecution of such improvement, together with the necessary rights-of-way for the same, or to acquire any dam site or other property necessary for flood control purposes. Any such land, property or rights may be acquired by purchase instead of by condemnation proceedings. Said right of eminent domain shall extend to lands or other property owned by the state or any municipality thereof. The title to any such lands, property or rights so acquired shall vest in the county in which situate for the benefit of such enterprise and said fund, but when said contract shall have terminated by lapse of time or for any other reason, then such title shall be held by such county independent of any claims whatsoever of the other county, but any material, equipment or other chattel property on hand shall be converted into money and the money divided between the two counties in the ratio of their respective contributions to the fund. The exercise of such rights of eminent domain or purchase shall rest in the joint control of the two boards of county commissioners. Such eminent domain proceedings shall be in the name of and had in the county where the property to be acquired is situated: PROVIDED, If either county shall fail or refuse to institute and prosecute any condemnation proceedings when directed so to do by any legal meeting provided for in RCW 86.13.050, such proceeding may be instituted and prosecuted by and in the name of the other county. The proceedings may conform to the provisions of sections 921 to 926, inclusive, of Remington & Ballinger’s Annotated Codes and Statutes of Washington, or to any general law now or hereafter enacted governing eminent domain proceedings by counties. The awards in and costs of such proceedings shall be payable out of such funds. The purposes in this act specified are hereby declared to be county purposes of each and both of such counties. [1937 c 117 § 1; 1913 c 54 § 4; RRS § 9654. Formerly RCW 86.12.060, part, and 86.12.070.]

86.13.050 Joint county meeting—Procedure. When such a contract shall have been entered into and occasion shall arise for the joint action of the two boards of county commissioners whether such joint action is provided for in this chapter or otherwise desired upon any matter having relation to such contract or the prosecution of such improvement, such joint action may be secured by a notice calling a joint meeting signed by two county commissioners, designating the time and place in either county of such meeting, served by one of the two county auditors upon the remaining county commissioners at least seven days (exclusive of the date of service or mailing) prior to the time so designated. If the notice is signed by two county commissioners of the same county the place of meeting shall be at some place in the other county designated in the notice. Such service may be personal or by mail addressed to the member in care of the county auditor of his or her county. The six county commissioners may constitute a legal meeting without notice by being present together for that purpose. The auditor’s certificate of such personal service or mailing, attached to a copy of the notice, shall be made a part of the records of the meeting and be competent proof of the fact. Except in the case hereinafter provided for, the presence of four of the county commissioners shall be necessary to constitute a legal meeting. Each meeting shall be presided over by one of those present selected by vote. The county auditor of the county wherein the meeting is held shall be secretary of the meeting, and shall make duplicate record of its proceedings, one of which, with his or her certificate thereon, shall be forwarded to the county auditor of the other county, and such record shall be a part of the record of the board of county commissioners of each county. A majority vote of those present at any legal meeting shall be determinative upon any question properly considered at the meeting, and shall be binding upon each county as if enacted or adopted by its own board of county commissioners separately, but no joint meeting whatsoever shall in any manner continue, extend, change, alter, modify, or abrogate the contract when made or any of the terms and conditions contained therein. Each county commissioner shall be paid out of said fund in his or her own county all disbursements made by him or her for traveling and other expenses incurred in attending any joint meeting or in any way connected with the prosecution of the improvement. Any legal meeting shall have power to adjourn to another time and place. An adjourned meeting shall have all the powers of the meeting of which it is an adjournment, but shall have no power after the
end of the thirtieth day following the date of the original meeting of which it is an adjournment. If the three county commissioners of either county shall fail to attend any two meetings consecutively called, the notice for the next succeeding meeting may be also served upon the special commissioner hereinafter provided for, and if he or she and three county commissioners attend pursuant to such notice the four shall constitute a legal meeting, but if he or she does not so attend and three county commissioners do attend, the same shall constitute a legal meeting: PROVIDED, All notices calling a joint meeting shall specify distinctly and separately each question to be considered at said meeting; and it shall be unlawful to consider any question at such meeting or at any adjourned meeting thereof except those which have been distinctly and separately specified, except in cases where all six county commissioners are present or five county commissioners are present are unanimous on the question, and in any action which may be taken on any question other than those specified in the notice shall be void and shall not be binding on either county, except in cases where all six county commissioners are present or the action was by unanimous vote of five county commissioners present at such meeting. [2013 c 23 § 473; 1913 c 54 § 5; RRS § 9655. Formerly RCW 86.12.060, part, and 86.12.120 through 86.12.140.]

86.13.060 Special commissioner—Powers and duties—Compensation. When such a contract shall have been entered into there shall be designated at the first legal joint meeting, or adjournment thereof, held in each calendar year a special commissioner to serve as such until the first joint meeting held in the ensuing year. If such designation shall not be made at any such first annual meeting, the United States engineer in charge of the district in which such improvement is located shall be such special commissioner until the next succeeding first annual meeting. If a special commissioner shall for any reason fail to serve as such officer, or be removed by unanimous vote of any legal meeting, a successor to him or her may be chosen at any subsequent legal joint meeting during his or her term. Such special commissioner shall have power to attend and vote at any joint meeting in the following cases and none other, to wit: (1) In cases specially so provided in RCW 86.13.050 hereof; (2) in any case where the vote of any such joint meeting shall stand equally divided upon any question arising under this chapter or such contract or in the prosecution of the work of improvement. The special commissioner shall have no voice or vote except upon questions on which the vote of the county commissioners is equally divided. The procedure in cases covered by the foregoing subdivision (2) of this section shall be substantially as follows: It shall be the duty of the secretary of the meeting at which the division shall occur, if the attendance of the special commissioner at that meeting is not secured, to forthwith transmit to the special commissioner written notice of the fact of disagreement and the question involved, and of the time and place to which the meeting shall have been adjourned or at which the question will recur. If there shall be no such adjournment of the meeting, or if the secretary shall not give such notice, any two commissioners may in the manner provided in RCW 86.13.050 call a joint meeting for the consideration of the question in dispute, and in such event either county auditor may give such notice to the special commissioner. No informality in the mode of securing the attendance of the special commissioner shall invalidate the proceedings of or any vote taken at any meeting which he or she shall attend and which he or she is empowered to attend by the provisions of this chapter. The special commissioner shall receive, to be paid equally out of the two funds, his or her traveling and other expenses incurred in attending meetings or otherwise in connection with the work of improvement, and such compensation for his or her services as shall be fixed by the joint meeting which shall have selected him or her, or failing to be so fixed, his or her compensation shall be ten dollars per day of actual service. [2013 c 23 § 473; 1913 c 54 § 6; RRS § 9656. Formerly RCW 86.12.150 and 86.12.160.]

86.13.070 Chapter not exclusive. Nothing in this chapter contained shall be construed to prevent any county which may be a party to such contract from further caring for any such river or the banks thereof, as authorized so to do by existing laws or by such laws as may be hereafter enacted, provided the rights of neither county, as fixed by contract, shall be impaired thereby. [1913 c 54 § 7; RRS § 9657. Formerly RCW 86.12.190.]

86.13.080 Liability as between counties. No legal claim of any kind or character whatsoever in favor of one county and against the other shall be based upon or created by the enactment hereof, except such as may arise when the contract herein provided for shall have been entered into. After such contract shall have been entered into, should any loss or damage be sustained by either county occasioned by the overflow of any such river, if caused by any act or omission to act of the other county, its officers or agents, or any other cause whatsoever, then such county so suffering or sustaining said loss shall not be entitled to recover therefor from the other county, nor shall any cause of action, legal or equitable be based thereon: PROVIDED, HOWEVER, That if either county shall suffer loss or damage because of the failure or refusal of the other county to perform any such contract on its part to be performed, the injured county shall have a cause of action against the defaulting county to recover the same, but the limit of recovery for any loss or damage suffered in any one year shall not exceed the sum of ten thousand dollars, and any such recovery shall be limited to such special fund, and in no event be recoverable out of the general fund of such defaulting county. If any such loss or damage shall be liquidated in an amount by agreement or by judgment, the defaulting county shall increase its tax levy for said special fund for each year sufficient to provide for such liquidated amount: AND PROVIDED FURTHER, That either county may have any proper action in the courts to compel the performance of the contract or any duty imposed thereby or by this chapter. [1913 c 54 § 8; RRS § 9658. Formerly RCW 86.12.170.]

86.13.090 Issuance of warrants. When such a contract shall have been entered into, it shall be lawful to issue warrants upon said fund though there be at the time of such issuance no money in the fund, but in such cases the aggregate of such warrants so issued in any year shall not exceed one-half the amount of the next annual tax levy required by such con-
tract. Such warrants shall be stamped by the county treasurer when presented to him or her for payment, to bear interest at a certain rate thereafter until paid, such rate to be the then current rate as determined by the county auditor. [2013 c 23 § 474; 1913 c 54 § 9; RRS § 9659. Formerly RCW 86.12.110.]

JOINT COUNTY CONTROL—SUPPLEMENTAL ACTS

86.13.100 Lease or disposal of property—Disposition of proceeds. Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel, or flow of a river, shall acquire property by statute, purchase, gift, or otherwise, said counties, acting through their boards of county commissioners jointly shall have the power, and are hereby authorized to sell, transfer, trade, lease, or otherwise dispose of said property by public or private, negotiation or sale. The deeds to the property so granted, transferred, leased, or sold shall be executed by the chair of the meeting of the joint boards of county commissioners, and attested by the secretary of said joint meeting where the sale is authorized. The proceeds of the sale of said property shall be used by said counties for the carrying on, completion or maintenance of said improvement, as directed by the boards of county commissioners of said counties acting jointly. [2013 c 23 § 475; 1915 c 103 § 1; RRS § 9660. Formerly RCW 86.12.080.]

Additional notes found at www.leg.wa.gov

86.13.110 State's title to abandoned channels granted to counties. Whenever two counties of this state, acting under a contract made pursuant to RCW 86.13.010 through 86.13.090, shall make an improvement in connection with the course, channel or flow of a river, thereby causing it to abandon its existing channel, bed, bank or banks for the entire distance covered by said improvement, or for any part or portion thereof, or by said improvement shall prevent a river from resuming at a future time an ancient or abandoned channel or bed, or shall construct improvements intended so to do, all the right, title and interest of the state of Washington in and to said abandoned channel or channels, bed or beds, bank or banks, up to and including the line of ordinary high water, shall be and the same is hereby given, granted and conveyed jointly to the counties making such improvement. [1915 c 140 § 1; RRS § 9662. Formerly RCW 86.12.090.]

IMMUNITY FROM LIABILITY

86.13.120 Liability of county or counties to others. See RCW 86.12.037.

86.15.910 Construction of chapter.
86.15.920 Titles not part of the chapter.

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

86.15.001 Actions subject to review by boundary review board. The creation of a flood control zone district may be subject to potential review by a boundary review board under chapter 36.93 RCW. Extensions of service outside of the boundaries of a flood control zone district may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 65.]

86.15.010 Definitions. The definitions set forth in this section apply through this chapter.
(1) "Board" means the county legislative authority.
(2) "Flood control improvement" means any works, projects, or other facilities necessary for the control of flood waters within the county or any zone or zones.
(3) "Flood waters" and "storm waters" means any storm waste or surplus waters, including surface water, wherever located within the county or a zone or zones where such waters endanger public highways, streams and water courses, harbors, life, or property.
(4) "Participating zones" means two or more zones found to benefit from a single flood control improvement or storm water control improvement.
(5) "Storm water control improvement" means any works, projects, or other facilities necessary to control and treat storm water within the county or any zone or zones.
(6) "Supervisors" means the board of supervisors, or governing body, of a zone.
(7) "Zones" means flood control zone districts which are quasi municipal corporations of the state of Washington created by this chapter. [1983 c 315 § 11; 1961 c 153 § 1.]

Additional notes found at www.leg.wa.gov

86.15.020 Zones—Creation. The board may initiate, by affirmative vote of a majority of the board, the creation of a zone or additional zones within the county, and without reference to an existing zone or zones, for the purpose of undertaking, operating, or maintaining flood control projects or storm water control projects or groups of projects that are of special benefit to specified areas of the county. Formation of a zone may also be initiated by a petition signed by twenty-five percent of the electors within a proposed zone based on the vote cast in the last county general election. If the formation of the zone is initiated by petition, the board shall incorporate the terms of the petition in a resolution within forty days after receiving the petition from the county auditor. Thereafter, the procedures for establishing a zone shall be the same whether initiated by motion of the board or by a petition of electors.

Petitions shall be in a form prescribed and approved by the county auditor and shall include the necessary legal descriptions and other information necessary for establishment of a zone by resolution. When the sponsors of a petition have acquired the necessary signatures, they shall present the petition to the county auditor who shall thereafter certify the sufficiency of the petition within forty-five days. If the petition is found to meet the requirements specified in this chapter, the auditor shall transmit the petition to the board for their action; if the petition fails to meet the requirements of this chapter, it shall be returned to the sponsors. [1983 c 315 § 12; 1961 c 153 § 2.]

Additional notes found at www.leg.wa.gov

86.15.023 Zones not to include area in other zones. A board may not establish a zone including an area located in another zone unless this area is removed from the other zone, or the other zone is dissolved, as part of the action creating the new zone. [1991 c 322 § 9.]

86.15.025 Districts incorporating watersheds authorized—Subzones authorized—Creation, procedure—Administration—Powers. (1) The board is authorized to establish a countywide flood control zone district incorporating the boundaries of any and all watersheds located within the county which are not specifically organized into flood control zone districts established pursuant to chapter 86.15 RCW. Upon establishment of a countywide flood control zone district as authorized by this section, the board is authorized and may divide any or all of the zone so created into separately designated subzones and such subzones shall then be operated and be legally established in the same manner as any flood control zone district established pursuant to chapter 86.15 RCW.

(2) Countywide flood control zone districts shall be established pursuant to the requirements of RCW 86.15.020, 86.15.030 and *86.15.040 as now law of [or] hereafter amended. Subzones established from countywide flood control zone districts shall be established by resolution of the board and the provisions of RCW 86.15.020, 86.15.030 and shall not apply to the establishment of such subzone as authorized by this section.

(3) Such subzones shall be operated and administered in the same manner as any other flood control zone district in accordance with the provisions of chapter 86.15 RCW.

(4) Such subzones shall have authority to exercise any and all powers conferred by the provisions of RCW 86.15.080 as now law or hereafter amended.

(5) The board shall exercise the same power, authority, and responsibility over such subzones as it exercises over flood control zone districts in accordance with the provisions of chapter 86.15 RCW as now law or hereafter amended, and without limiting the generality of this subsection, the board may exercise over such subzones, the powers granted to it by RCW 86.15.160, 86.15.170, 86.15.176 and 86.15.178 as now law or hereafter amended. [1969 ex.s. c 195 § 1.]

*Reviser's note: RCW 86.15.040 was repealed by 1991 c 322 § 13.

86.15.030 Districts incorporating watersheds authorized—Formation, hearing and notice. Upon receipt of a petition asking that a zone be created, or upon motion of the board, the board shall adopt a resolution which shall describe the boundaries of such proposed zone; describe in general terms the flood control needs or requirements within the zone; set a date for public hearing upon the creation of such zone, which shall be not more than thirty days after the adoption of such resolution. Notice of such hearing and public notice shall be had in the manner provided in RCW 36.32.120(7).

At the hearing scheduled upon the resolution, the board shall permit all interested parties to be heard. Thereafter, the board may reject the resolution or it may modify the boundaries of such zone and make such other corrections or additions to the resolutions as they deem necessary to the accomplishment of the purpose of this chapter: PROVIDED, That if the boundaries of such zone are enlarged, the board shall hold an additional hearing following publication and notice of such new boundaries: PROVIDED FURTHER, That the boundaries of any zone shall generally follow the boundaries of the watershed area affected: PROVIDED FURTHER, That the immediately preceding proviso shall in no way limit or be construed to prohibit the formation of a countywide flood control zone district authorized to be created by RCW 86.15.025.

Within ten days after final hearing on a resolution, the board shall issue its order. [1969 ex.s. c 195 § 2; 1961 c 153 § 3.]

86.15.035 Cooperative watershed management. In addition to the authority provided in this chapter, flood control zone districts may participate in and expend revenue on cooperative watershed management arrangements and actions, including without limitation those under chapter 39.34 RCW, under chapter 39.106 RCW, and under other intergovernmental agreements authorized by law, for purposes of water supply, water quality, and water resource and habitat protection and management. [2011 c 258 § 16; 2003 c 327 § 19.]

86.15.050 Zones—Supervisors—Election of supervisors. (1) The board of county commissioners of each county shall be ex officio, by virtue of their office, supervisors of the zones created in each county. In any zone with more than two thousand residents, an election of supervisors other than the board of county commissioners may be held as provided in this section.

(2) When proposed by citizen petition or by resolution of the board of county commissioners, a ballot proposition authorizing election of the supervisors of a zone shall be submitted by ordinance to the voters residing in the zone at any general election, or at any special election which may be called for that purpose.

(3) The ballot proposition shall be submitted (a) if the board of county supervisors enacts an ordinance submitting the proposition after adopting a resolution proposing the election of supervisors of a zone; or (b) if a petition proposing the election of supervisors of a zone is submitted to the county auditor of the county in which the zone is located that is signed by registered voters within the zone, numbering at least fifteen percent of the votes cast in the last county general election by registered voters within the zone.

(4) Upon receipt of a citizen petition under subsection (3)(b) of this section, the county auditor shall determine whether the petition is signed by a sufficient number of registered voters, using the registration records and returns of the preceding general election, and, no later than forty-five days after receipt of the petition, shall attach to the petition the auditor's certificate stating whether or not sufficient signatures have been obtained. If the signatures are found by the auditor to be insufficient, the petition shall be returned to the person filing it.

(5) The ballot proposition authorizing election of supervisors of zones shall appear on the ballot of the next general election or at the next special election date specified under RCW 29.13.020 occurring sixty or more days after the last resolution proposing election of supervisors or the date the county auditor certifies that the petition proposing such election contains sufficient valid signatures.

(6) The petition proposing the election of zone supervisors, or the ordinance submitting the question to the voters, shall describe the proposed election process. The ballot proposition shall include the following:

☐ "For the direct election of flood control zone district supervisors."

☐ "Against the direct election of flood control zone district supervisors."

(7) The ordinance or petition submitting the ballot proposition shall designate the proposed composition of the supervisors of zones, which shall be clearly described in the ballot proposition. The ballot proposition shall state that the zone supervisors shall thereafter be selected by election, and, at the same election at which the proposition is submitted to the voters as to whether to elect zone supervisors, three zone supervisors shall be elected. The election of zone supervisors is null and void if the voters, by a simple majority, do not approve the direct election of the zone supervisors. Candidates shall run for specific supervisor positions. No primary may be held to nominate candidates. The person receiving the greatest number of votes for each position shall be elected as a supervisor. The staggering of the terms of office shall occur as follows: (a) The person who is elected receiving the greatest number of votes shall be elected to a six-year term of office if the election is held in an odd-numbered year or a five-year term of office if the election is held in an even-numbered year; (b) the person who is elected receiving the second greatest number of votes shall be elected to a four-year term of office if the election is held in an odd-numbered year or a three-year term of office if the election is held in an even-numbered year; and (c) the other person who is elected shall be elected to a two-year term of office if the election is held in an odd-numbered year or a one-year term of office if the election is held in an even-numbered year. The initial supervisors shall take office immediately when they are elected and qualified, and for purposes of computing their terms of office the terms shall be assumed to commence on the first day of January in the year after they are elected. Thereafter, all supervisors shall be elected to six-year terms of office. All supervisors shall serve until their respective successors are elected and qualified and assume office in accordance with RCW 29.04.170. Vacancies may occur and shall be filled as provided in chapter 42.12 RCW.

(8) The costs and expenses directly related to the election of zone supervisors shall be borne by the zone. [2003 c 304 § 1; 1961 c 153 § 5.]

Reviser's note: *(1) RCW 29.13.020 was recodified as RCW 29A.04.330 pursuant to 2003 c 111 § 2401, effective July 1, 2004.

**(2) RCW 29.04.170 was recodified as RCW 29A.20.040 pursuant to 2003 c 111 § 2401, effective July 1, 2004. RCW 29A.20.040 was subsequently recodified as RCW 29A.60.280 pursuant to 2013 c 11 § 93.*

86.15.055 Elected supervisors—Compensation. In a zone with supervisors elected pursuant to RCW 86.15.050, the supervisors may each receive up to seventy dollars for attendance at official meetings of the supervisors and for each day or major part thereof for all necessary services actually performed in connection with their duties as a supervisor. The board of county commissioners shall fix any such compensation to be paid to the initial supervisors during their initial terms of office. The supervisors shall fix the compensation to be paid to the supervisors thereafter. Compensation for the supervisors shall not exceed six thousand seven hundred twenty dollars in one calendar year. A supervisor is entitled to reimbursement for reasonable expenses actually incurred in connection with performance of the duties of a supervisor, including subsistence and lodging, while away from the supervisor's place of residence, and mileage for use of a privately owned vehicle in accordance with chapter 42.24 RCW.

Any supervisor may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the supervisors as provided in this section. The waiver, to be effective, must be filed any time after the member's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or period of months for which it is made. [2005 c 127 § 2.]

Effective date—2005 c 127: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state gov-
86.15.060 Administration. (1) Except as provided in subsection (2) of this section, administration of the affairs of zones shall be in the county engineer. The engineer may appoint such deputies and engage such employees, specialists, and technicians as may be required by the zone and as are authorized by the zone's budget. Subject to the approval of the supervisors, the engineer may organize, or reorganize as required, the zone into such departments, divisions, or other administrative relationships as he or she deems necessary to its efficient operation.

(2) In a zone with supervisors elected pursuant to RCW 86.15.050, the supervisors may provide for administration of the affairs of the zone by other than the county engineer, pursuant to the authority established in RCW 86.15.095 to hire employees, staff, and services and to enter into contracts. [2013 c 23 § 476; 2005 c 127 § 1; 1961 c 153 § 6.]

Effective date—2005 c 127: See note following RCW 86.15.055.

86.15.070 Advisory committees. The board may appoint a countywide advisory committee, which shall consist of not more than fifteen members. The board also may appoint an advisory committee for any zone or combination of two or more zones which committees shall consist of not more than five members. Members of an advisory committee shall serve without pay and shall serve at the pleasure of the board. [1967 ex.s. c 136 § 6; 1961 c 153 § 7.]

86.15.080 General powers. A zone or participating zone may:

(1) Exercise all the powers and immunities vested in a county for flood water or storm water control purposes under the provisions of chapters 86.12, 86.13, 36.89, and 36.94 RCW: PROVIDED, That in exercising such powers, all actions shall be taken in the name of the zone and title to all property or property rights shall vest in the zone;

(2) Plan, construct, acquire, repair, maintain, and operate all necessary equipment, facilities, improvements, and works to control, conserve, and remove flood waters and storm waters and to otherwise carry out the purposes of this chapter including, but not limited to, protection of the quality of water sources;

(3) Take action necessary to protect life and property within the district from flood water damage, including in the context of an emergency, as defined in RCW 38.52.010, using covered volunteer emergency workers, as defined in RCW 38.52.010 and 38.52.180(5)(a), subject to and in accordance with the terms of RCW 38.52.180;

(4) Control, conserve, retain, reclaim, and remove flood waters and storm waters, including waters of lakes and ponds within the district, and dispose of the same for beneficial or useful purposes under such terms and conditions as the board may deem appropriate, subject to the acquisition by the board of appropriate water rights in accordance with the statutes;

(5) Acquire necessary property, property rights, facilities, and equipment necessary to the purposes of the zone by purchase, gift, or condemnation: PROVIDED, That property of municipal corporations may not be acquired without the consent of such municipal corporation;

(6) Sue and be sued in the name of the zone;

(7) Acquire or reclaim lands when incidental to the purposes of the zone and dispose of such lands as are surplus to the needs of the zone in the manner provided for the disposal of county property in chapter 36.34 RCW;

(8) Cooperate with or join with the state of Washington, United States, another state, any agency, corporation or political subdivision of the United States or any state, Canada, or any private corporation or individual for the purposes of this chapter;

(9) Accept funds or property by loan, grant, gift or otherwise from the United States, the state of Washington, or any other public or private source;

(10) Remove debris, logs, or other material which may impede the orderly flow of waters in streams or water courses: PROVIDED, That such material shall become property of the zone and may be sold for the purpose of recovering the cost of removal: PROVIDED FURTHER, That valuable material or minerals removed from public lands shall remain the property of the state;

(11) Provide grant funds to political subdivisions of the state that are located within the boundaries of the zone, so long as the use of the grant funds is within the purposes authorized under this chapter. [2010 c 46 § 2, 1983 c 315 § 13; 1961 c 153 § 8.]

Additional notes found at www.leg.wa.gov

86.15.090 Extraterritorial powers. A zone may, when necessary to protect life and property within its limits from flood water, exercise any of its powers specified in RCW 86.15.080 outside its territorial limits. [1961 c 153 § 9.]

86.15.095 Zones constitute quasi municipal corporation—Constitutional and statutory powers. A flood control zone district is a quasi municipal corporation, an independent taxing "authority" within the meaning of Article VII, section 1 of the state Constitution, and a "taxing district" within the meaning of Article VII, section 2 of the state Constitution.

A flood control zone district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may now or hereafter be specifically conferred by statute, including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, and to sue and be sued. [1983 c 315 § 6.]

Additional notes found at www.leg.wa.gov

86.15.100 Flood control or storm water control improvements—Authorization. The supervisors may authorize the construction, extension, enlargement, or acquisition of necessary flood control or storm water control improvements within the zone or any participating zones. The improvements may include, but shall not be limited to the extension, enlargement, construction, or acquisition of dikes and levees, drain and drainage systems, dams and reservoirs, or other flood control or storm water control improvements; widening, straightening, or relocating of stream or water courses; and the acquisition, extension, enlargement, or construction of any works necessary for the
86.15.110 Flood control or storm water control improvements—Initiation—Comprehensive plan. Flood control or storm water control improvements may be extended, enlarged, acquired, or constructed by a zone pursuant to a resolution adopted by the supervisors. The resolution shall specify:

(1) Whether the improvement is to be extended, enlarged, acquired, or constructed;
(2) That either:
   (a) A comprehensive plan of development for flood control has been prepared for the stream or water course upon which the improvement will be extended, enlarged, acquired, or constructed, and that the improvement generally contributes to the objectives of the comprehensive plan of development: PROVIDED, That the plan shall be first submitted to the state department of ecology at least ninety days in advance of the beginning of any flood control project or improvement; and shall be subject to all the regulatory control provisions by the department of ecology as provided in chapter 86.16 RCW; or
   (b) A comprehensive plan of development for storm water control has been prepared for the area that will be served by the proposed storm water control facilities;
(3) If the improvement is to be constructed, that preliminary engineering studies and plans have been made, and that the plans and studies are on file with the county engineer;
(4) The estimated cost of the acquisition or construction of the improvement, together with such supporting data as will reasonably show how the estimates were arrived at; and
(5) That the improvement will benefit:
   (a) Two or more zones, hereinafter referred to as participating zones; or
   (b) A single zone; or
   (c) The county as a whole, as well as a zone or participating zones. [1983 c 315 § 15; 1961 c 153 § 11.]

86.15.120 Flood control or storm water control improvements—Hearing, notice. Before finally adopting a resolution to undertake any flood control improvement or storm water control improvement, the supervisors shall hold a hearing thereon. Notice and publication of the hearing shall be given under RCW 36.32.120(7). The supervisors may conduct any such hearing concurrently with a hearing on the establishment of a flood control zone, and may in such case designate the proposed zone a beneficiary of any improvement. [1983 c 315 § 16; 1961 c 153 § 12.]

86.15.130 Zone treasurer—Funds. The treasurer of each zone shall be the county treasurer. He or she shall establish within his or her office a zone flood control fund for each zone into which shall be deposited the proceeds of all tax levies, assessments, gifts, grants, loans, or other revenues which may become available to a zone.

The treasurer shall also establish the following accounts within the zone fund:

(1) For each flood control improvement financed by a bond issue, an account to which shall be deposited the proceeds of any such bond issue; and
(2) An account for each outstanding bond issue to which will be deposited any revenues collected for the retirement of such outstanding bonds or for the payment of interest or charges thereon; and
(3) A general account to which all other receipts of the zone shall be deposited. [2013 c 23 § 477; 1961 c 153 § 13.]

86.15.140 Budget. The supervisors shall annually at the same time county budgets are prepared adopt a budget for the zone, which budget shall be divided into the following appropriation items: (1) Overhead and administration; (2) maintenance and operation; (3) construction and improvements; and (4) bond retirement and interest. In preparing the budget, the supervisors shall show the total amount to be expended in each appropriation item and the proportionate share of each appropriation item to be paid from each account of the zone.

In preparing the annual budget, the supervisors shall under the appropriation item of construction and improvement list each flood control improvement or storm water control improvement and the estimated expenditure to be made for each during the ensuing year. The supervisors may at any time during the year, if additional funds become available to the zone, adopt a supplemental budget covering additional authorized improvements.

The zone budget or any supplemental budget shall be approved only after a public hearing, notice of which shall be given as provided by RCW 36.32.120(7). [1983 c 315 § 17; 1961 c 153 § 14.]

86.15.150 County aid. Whenever the supervisors have found under the provisions of RCW 86.15.110 that a flood control improvement or storm water control improvement initiated by any zone will be of benefit to the county as a whole, as well as to the zone or participating zones; or whenever the supervisors have found that the maintenance and operation of any flood control improvement or storm water control improvement within any zone will be of benefit to the overall flood control program or storm water control program of the county, the board may authorize the transfer of any funds available to the county for flood control or storm water control purposes to any zone or participating zones for flood control or storm water control purposes. [1983 c 315 § 18; 1961 c 153 § 15.]

86.15.160 Excess levies, assessments, regular levies, and charges—Local improvement districts. For the purposes of this chapter the supervisors may authorize:

(1) An annual excess ad valorem tax levy within any zone or participating zones when authorized by the voters of the zone or participating zones under RCW 84.52.052 and 84.52.054;
(2) An assessment upon property, including state property, specially benefited by flood control improvements or storm water control improvements imposed under chapter 86.09 RCW;
86.15.175 General obligation bonds. The supervisors may authorize the issuance of general obligation bonds to finance any flood control improvement or storm water control improvement and provide for the retirement of the bonds with ad valorem property tax levies. The general obligation bonds may be issued and the bond retirement levies imposed only when the voters of the flood control zone district approve a ballot proposition authorizing both the bond issuance and imposition of the excess bond retirement levies pursuant to Article VIII, section 6 and Article VII, section 2(b) of the state Constitution and RCW 84.52.056. Elections shall be held as provided in RCW 39.36.050. The bonds shall be issued on behalf of the zone or participating zones and be approved by the voters of the zone or participating zones when the improvement has by the resolution, provided in RCW 86.15.110, been found to be of benefit to a zone or participating zones. The bonds may not exceed an amount, together with any outstanding general obligation indebtedness, equal to three-fourths of one percent of the value of taxable property within the zone or participating zones, as the term "value of the taxable property" is defined in RCW 39.36.015. The bonds shall be issued and sold in accordance with chapter 39.46 RCW. [1984 c 186 § 62. Prior: 1983 c 315 § 21; 1983 c 167 § 211; 1961 c 153 § 17.]

Purpose—1984 c 186: See note following RCW 39.46.110.
Additional notes found at www.leg.wa.gov

86.15.170 Voluntary assessments for flood control or storm water control improvements—Procedure—Disposition of proceeds—Use. The supervisors may provide by resolution for levying voluntary assessments, under a mode of annual installments extending over a period not exceeding fifteen years, on property benefited from a flood control improvement or storm water control improvement. The voluntary assessment shall be imposed only after each owner of property benefited by the flood control improvement has agreed to the assessment by written agreement with the supervisors. The agreement shall be recorded with the county auditor and the obligations under the agreement shall be binding upon all heirs and all successors in interest of the property.

The voluntary assessments need not be uniform or directly related to benefits to the property from the flood control improvement or storm water control improvement.

The levying, collection, and enforcement authorized in this section shall be in the manner now and hereafter provided by law for the levying, collection, and enforcement of local improvement assessments by cities and towns, insofar as those provisions are not inconsistent with the provisions of this chapter.

The disposition of all proceeds from voluntary assessments shall be in accordance with RCW 86.15.130.

The proceeds from voluntary assessments may be used for any flood control improvement or storm water control improvement not inconsistent with the provisions of this chapter, and in addition the proceeds may be used for operation and maintenance of flood control improvements or storm water control improvements constructed under the authority of this chapter. [1983 c 315 § 20; 1969 ex.s. c 195 § 3.]

Additional notes found at www.leg.wa.gov

86.15.165 Voluntary assessments for flood control or storm water control improvements—Procedure—Disposition of proceeds—Use. The supervisors may provide by resolution for levying voluntary assessments, under a mode of annual installments extending over a period not exceeding fifteen years, on property benefited from a flood control improvement or storm water control improvement. The voluntary assessment shall be imposed only after each owner of property benefited by the flood control improvement has agreed to the assessment by written agreement with the supervisors. The agreement shall be recorded with the county auditor and the obligations under the agreement shall be binding upon all heirs and all successors in interest of the property.

The voluntary assessments need not be uniform or directly related to benefits to the property from the flood control improvement or storm water control improvement.

The levying, collection, and enforcement authorized in this section shall be in the manner now and hereafter provided by law for the levying, collection, and enforcement of local improvement assessments by cities and towns, insofar as those provisions are not inconsistent with the provisions of this chapter.

The disposition of all proceeds from voluntary assessments shall be in accordance with RCW 86.15.130.

The proceeds from voluntary assessments may be used for any flood control improvement or storm water control improvement not inconsistent with the provisions of this chapter, and in addition the proceeds may be used for operation and maintenance of flood control improvements or storm water control improvements constructed under the authority of this chapter. [1983 c 315 § 20; 1969 ex.s. c 195 § 3.]

Additional notes found at www.leg.wa.gov

86.15.162 Delinquent assessment—Sale of parcel—Accrual of interest. If the delinquent assessment remains unpaid on the date fixed for the sale under RCW 86.09.496 and 86.09.499, the parcel shall be sold in the same manner as provided under *RCW 87.03.310 through 87.03.330. If the district reconveys the land under *RCW 87.03.325 due to accident, inadvertence, or misfortune, however, interest shall accrue not at the rate provided in RCW 87.03.270, but at the rate provided in RCW 86.09.505. [1983 c 315 § 7.]

*Reviser's note: RCW 87.03.310 through 87.03.330 were repealed by 1988 c 134 § 15. Later enactment, see chapter 87.06 RCW.

Additional notes found at www.leg.wa.gov

86.15.160 Rates and charges for storm water control facilities—Limitations—Definitions. Storm water control improvement or storm water control improvement. The unpaid on the date fixed for the sale under RCW 86.09.496.

§ 8; 1986 c 278 § 60; 1983 c 315 § 19; 1973 1st ex.s. c 195 § 131; 1961 c 153 § 16.]

Rates and charges for storm water control facilities—Limitations—Definitions: RCW 90.03.500 through 90.03.525. See also RCW 35.67.025, 35.92.021, 36.89.085, and 36.94.145.

Additional notes found at www.leg.wa.gov

86.15.150 Additional notes found at www.leg.wa.gov

86.15.145 Public improvements. In addition to other authority that a flood control zone district possesses, a flood control zone district may provide any public improvement as defined under RCW 39.89.020, but this additional authority is limited to participating in the financing of the public improvements as provided under RCW 39.89.050.
86.15.176  Service charges authorized—Disposition of revenue. The supervisors may provide by resolution for revenues by fixing rates and charges for the furnishing of service to those served or receiving benefits from a flood control improvement including public entities, except as otherwise provided in RCW 90.03.525. The service charge shall be uniform for the same class of benefits or service. In classifying services furnished or benefits received the board may in its discretion consider the character and use of land and its water runoff characteristics and any other matters that present a reasonable difference as a ground for distinction. Service charges shall be applicable to a zone or participating zones. The disposition of all revenue from service charges shall be in accordance with RCW 86.15.130. [1986 c 278 § 61; 1983 c 315 § 22; 1967 ex.s. c 136 § 7.] Additional notes found at www.leg.wa.gov

86.15.178  Revenue bonds—Lien for delinquent service charges. (1) The supervisors may authorize the issuance of revenue bonds to finance any flood control improvement or storm water control improvement. The bonds may be issued by the supervisors in the same manner as prescribed in RCW 36.67.510 through 36.67.570 pertaining to counties. The bonds shall be issued on behalf of the zone or participating zones when the improvement has by the resolution, provided in RCW 86.15.110, been found to be of benefit to a zone or participating zones. The bonds may be in any form, including bearer bonds or registered bonds.

Each revenue bond shall state on its face that it is payable from a special fund, naming the fund and the resolution creating the fund.

Revenue bond principal, interest, and all other related necessary expenses shall be payable only out of the appropriate special fund.

A zone or participating zones shall have a lien for delinquent service charges, including interest thereon, against the premises benefited by a flood control improvement or storm water control improvement, which lien shall be superior to all other liens and encumbrances except general taxes and local and special assessments. The lien shall be effective and shall be enforced and foreclosed in the same manner as provided for sewerage liens of cities and towns by RCW 35.67.200 through 35.67.290.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1991 c 322 § 10. Prior: 1983 c 315 § 23; 1983 c 167 § 212; 1967 ex.s. c 136 § 8.]

Additional notes found at www.leg.wa.gov

86.15.180  Protection of public property. Any agency or department of the state of Washington, or any political subdivision or municipal corporation of the state may contribute funds to the county or any zone or zones to assist the county, zone or zones in carrying out the purposes of this chapter when such agency, department, subdivision or municipal corporation finds such action will materially contribute to the protection of publicly owned property under its jurisdiction. [1961 c 153 § 18.]

86.15.190  Abatement of nuisances. The supervisors may order, on behalf of the zone or participating zones, that an action be brought in the superior court of the county to require the removal of publicly or privately owned structures, improvements, facilities, or accumulations of debris or materials that materially contribute to the dangers of loss of life or property from flood waters. Where the structures, improvements, facilities, or accumulations of debris or materials are found to endanger the public health or safety the court shall declare them a public nuisance, and forthwith order their abatement. If the abatement is not completed within the time ordered by the court, the county may abate the nuisance and charge the cost of the action against the land upon which the nuisance is located, and the payment of the charge may be enforced and collected in the same manner at the same time as county property taxes. [1983 c 315 § 24; 1961 c 153 § 19.]

Additional notes found at www.leg.wa.gov

86.15.200  Flood control zones—Consolidation, abolishment. The board may consolidate any two or more zones or abolish any zone pursuant to a resolution adopted by the board providing for such action. Before adopting such a resolution, the board shall conduct a public hearing notice of which shall be given as provided by RCW 36.32.120(7). Any indebtedness of any zone or zones which are abolished or consolidated shall not be impaired by their abolishment or consolidation, and the board shall continue to levy and collect all necessary taxes and assessments until such debts are retired. Whenever twenty-five percent of the electors of any zone file a petition, meeting the requirements of sufficiency set forth in RCW 86.15.020, asking that a zone be abolished, the board shall: (1) Adopt a resolution abolishing the zone or (2) at the next general election place a proposition on the ballot calling for a yes or no vote on the abolition of the zone. [1961 c 153 § 20.]

86.15.210  Transfer of property. A diking, drainage, or sewerage improvement district, flood control district, diking district, drainage district, intercounty diking and drainage district, or zone may convey title to any property improvements or assets of the districts or zone to the county or a zone for flood control purposes. If the property improvements or assets are surplus to the needs of the district or zone the transfer may be made by private negotiations, but in all other cases the transfers are subject to the approval of a majority of the registered voters within the district or zone. Nothing in this section permits any district or zone to impair the obligations of any debt or contract of the district or zone. [1983 c 315 § 25; 1961 c 153 § 21.]

Additional notes found at www.leg.wa.gov

86.15.220  Planning of improvements. Nothing in this chapter shall be construed as limiting the right of counties under the provisions of chapters 86.12 and 86.13 RCW to undertake the planning or engineering studies necessary for
flood control improvements or financing the same from any funds available for such purposes. [1961 c 153 § 22.]

86.15.230 Public necessity of chapter. This chapter is hereby declared to be necessary for the public health, safety, and welfare and that the taxes and special assessments authorized hereby are found to be for a public purpose. [1961 c 153 § 23.]

86.15.900 Severability—Construction—1961 c 153. If any provision of this chapter, as now or hereafter amended, or its application to any person or circumstance is held invalid, the remainder of the chapter, and its application to other persons or circumstances shall not be affected. [1961 c 153 § 24.]

86.15.910 Construction of chapter. This chapter shall be complete authority for the accomplishment of purposes hereby authorized, and shall be liberally construed to accomplish its purposes. Any restrictions, limitations or regulations contained shall not apply to this chapter. Any act inconsistent herewith shall be deemed modified to conform with the provisions of this chapter for the purpose of this chapter only. [1961 c 153 § 25.]

86.15.920 Titles not part of the chapter. The section titles shall not be considered a part of this chapter. [1961 c 153 § 26.]

Chapter 86.16 RCW
FLOODPLAIN MANAGEMENT
(Formerly: Flood control zones by state)

Sections
86.16.010 Statement of policy—State control assumed.
86.16.020 Floodplain management regulation.
86.16.025 Authority of department.
86.16.031 Duties of the department of ecology.
86.16.035 Department of ecology—Control of dams and obstructions.
86.16.041 Floodplain management ordinances and amendments—Filing with the department of ecology—Disapproval by the department—Adoption of rules for repair or replacement of existing residential structures.
86.16.045 Adoption of ordinances or requirements that exceed minimum federal requirements.
86.16.051 Basis for state and local floodplain management.
86.16.061 Adoption of rules.
86.16.071 Chapter not to create liability for damages against the state.
86.16.081 Enforcement of chapter—Civil penalty—Review by pollution control hearings board or local legislative authority.
86.16.110 Appeals.
86.16.120 Flood damages defined.
86.16.150 Severability—1935 c 159.
86.16.160 Local programs not prevented.
86.16.180 Processing of permits and authorizations for emergency water withdrawal and facilities to be expedited.
86.16.190 Livestock flood sanctuary areas.
86.16.200 Chapter liberally construed.

86.16.010 Statement of policy—State control assumed. The legislature finds that the alleviation of recurring flood damages to public and private property and to the public health and safety is a matter of public concern. As an aid in effecting such alleviation the state of Washington, in the exercise of its sovereign and police powers, hereby assumes full regulatory control over the navigable and non-navigable waters flowing or lying within the borders of the state subject always to the federal control of navigation, to the extent necessary to accomplish the objects of this chapter. In addition, in an effort to alleviate flood damage and expenditures of government funds, the federal government adopted the national flood insurance act of 1968 and subsequently the flood disaster protection act of 1973. The department of ecology is the state agency in Washington responsible for coordinating the floodplain management regulation elements aspects of the national flood insurance program. [1987 c 523 § 1; 1935 c 159 § 1; RRS § 9663A-1.]

86.16.020 Floodplain management regulation. State-wide floodplain management regulation shall be exercised through: (1) Local governments' administration of the national flood insurance program regulation requirements, (2) the establishment of minimum state requirements for floodplain management that equal the minimum federal requirements for the national flood insurance program, and (3) the issuance of regulatory orders. This regulation shall be exercised over the planning, construction, operation and maintenance of any works, structures and improvements, private or public, which might, if improperly planned, constructed, operated and maintained, adversely influence the regimen of a stream or body of water or might adversely affect the security of life, health and property against damage by flood water. [1989 c 64 § 1; 1987 c 523 § 2; 1935 c 159 § 3; RRS § 9663A-3. FORMER PART OF SECTION: 1939 c 85 § 1 now codified as RCW 86.16.025 and 86.16.027.]

86.16.025 Authority of department. Subject to RCW 43.21A.068, with respect to such features as may affect flood conditions, the department shall have authority to examine, approve or reject designs and plans for any structure or works, public or private, to be erected or built or to be reconstructed or modified upon the banks or in or over the channel or over and across the floodway of any stream or body of water in this state. [1995 c 8 § 4; 1989 c 64 § 2; 1987 c 109 § 50; 1939 c 85 § 1; 1935 c 159 § 6; RRS § 9663A-6. Formerly RCW 86.16.020, part.]

Findings—1995 c 8: See note following RCW 43.21A.064.

86.16.031 Duties of the department of ecology. The department of ecology shall:
(1) Review and approve county, city, or town floodplain management ordinances pursuant to RCW 86.16.041;
(2) When requested, provide guidance and assistance to local governments in development and amendment of their floodplain management ordinances;
(3) Provide technical assistance to local governments in the administration of their floodplain management ordinances;
(4) Provide local governments and the general public with information related to the national flood insurance program;
(5) When requested, provide assistance to local governments in enforcement actions against any individual or individuals performing activities within the floodplain that are not in compliance with local, state, or federal floodplain management requirements;
(6) Establish minimum state requirements that equal minimum federal requirements for the national flood insurance program;

(7) Assist counties, cities, and towns in identifying the location of the one hundred year floodplain, and petitioning the federal government to alter its designations of where the one hundred year floodplain is located if the federally recognized location of the one hundred year floodplain is found to be inaccurate; and

(8) Establish minimum state requirements for specific floodplains that exceed the minimum federal requirements for the national flood insurance program, but only if: (a) The location of the one hundred year floodplain has been reexamined and is certified by the department as being accurate; (b) negotiations have been held with the affected county, city, or town over these regulations; (c) public input from the affected community has been obtained; and (d) the department makes a finding that these increased requirements are necessary due to local circumstances and general public safety. [1989 c 64 § 3; 1987 c 523 § 3.]

86.16.035 Department of ecology—Control of dams and obstructions. Subject to RCW 43.21A.068, the department of ecology shall have supervision and control over all dams and obstructions in streams, and may make reasonable regulations with respect thereto concerning the flow of water which he or she deems necessary for the protection to life and property below such works from flood waters. [1989 c 64 § 3; 1987 c 523 § 3.]

Findings—1995 c 8: See note following RCW 43.21A.064.

86.16.041 Floodplain management ordinances and amendments—Filing with the department of ecology—Disapproval by the department—Adoption of rules for repair or replacement of existing residential structures. (1) Beginning July 26, 1987, every county and incorporated city and town shall submit to the department of ecology any new floodplain management ordinance or amendment to any existing floodplain management ordinance. Such ordinance or amendment shall take effect thirty days from filing with the department unless the department disapproves such ordinance or amendment within that time period.

(2) The department may disapprove any ordinance or amendment submitted to it under subsection (1) of this section if it finds that an ordinance or amendment does not comply with any of the following:

(a) Restriction of land uses within designated floodways including the prohibition of construction or reconstruction, repair, or replacement of residential structures, except for: (i) Repairs, reconstruction, or improvements to a structure which do not increase the ground floor area; and (ii) repairs, reconstruction, or improvements to a structure the cost of which does not exceed fifty percent of the market value of the structure either, (A) before the repair, reconstruction, or repair is started, or (B) if the structure has been damaged, and is being restored, before the damage occurred. Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications that have been identified by the local code or building enforcement official and which are the minimum necessary to ensure safe living conditions shall not be included in the fifty percent determination. However, the floodway prohibition in this subsection does not apply to existing farmhouses in designated floodways that meet the provisions of subsection (3) of this section, or to substantially damaged residential structures other than farmhouses that meet the depth and velocity and erosion analysis in subsection (4) of this section, or to structures identified as historic places;

(b) The minimum requirements of the national flood insurance program; and

(c) The minimum state requirements adopted pursuant to RCW 86.16.031(8) that are applicable to the particular county, city, or town.

(3) Repairs, reconstruction, replacement, or improvements to existing farmhouse structures located in designated floodways and which are located on lands designated as agricultural lands of long-term commercial significance under RCW 36.70A.170 shall be permitted subject to the following:

(a) The new farmhouse is a replacement for an existing farmhouse on the same farm site;

(b) There is no potential building site for a replacement farmhouse on the same farm outside the designated floodway;

(c) Repairs, reconstruction, or improvements to a farmhouse shall not increase the total square footage of encroachment of the existing farmhouse;

(d) A replacement farmhouse shall not exceed the total square footage of encroachment of the farmhouse it is replacing;

(e) A farmhouse being replaced shall be removed, in its entirety, including foundation, from the floodway within ninety days after occupancy of a new farmhouse;

(f) For substantial improvements, and replacement farmhouses, the elevation of the lowest floor of the improvement and farmhouse respectively, including basement, is a minimum of one foot higher than the base flood elevation;

(g) New and replacement water supply systems are designed to eliminate or minimize infiltration of flood waters into the system;

(h) New and replacement sanitary sewerage systems are designed and located to eliminate or minimize infiltration of flood water into the system and discharge from the system into the flood waters; and

(i) All other utilities and connections to public utilities are designed, constructed, and located to eliminate or minimize flood damage.

(4) For all substantially damaged residential structures other than farmhouses that are located in a designated floodway, the department, at the request of the town, city, or county with land use authority over the structure, is authorized to assess the risk of harm to life and property posed by the specific conditions of the floodway, and, based upon scientific analysis of depth, velocity, and flood-related erosion, may exercise best professional judgment in recommending to the permitting authority, repair, replacement, or relocation of such damaged structures. The effect of the department's recommendation, with the town, city, or county's concurrence, to allow repair or replacement of a substantially damaged res-
(5) The department shall develop a rule or rule amendment guiding the assessment procedures and criteria described in subsections (3) and (4) of this section no later than December 31, 2000.

(6) For the purposes of this section, "farmhouse" means a single-family dwelling located on a farm site where resulting agricultural products are not produced for the primary consumption or use by the occupants and the farm owner.

[2000 c 222 § 1; 1999 c 9 § 1; 1989 c 64 § 4; 1987 c 523 § 4.]

Additional notes found at www.leg.wa.gov

86.16.045 Adoption of ordinances or requirements that exceed minimum federal requirements. A county, city, or town may adopt floodplain management ordinances or requirements that exceed the minimum federal requirements of the national flood insurance program without following the procedures provided in RCW 86.16.031(8). [1989 c 64 § 6.]

86.16.051 Basis for state and local floodplain management. The basis for state and local floodplain management regulation shall be the areas designated as special flood hazard areas on the most recent maps provided by the federal emergency management agency for the national flood insurance program. Best available information shall be used if these maps are not available or sufficient. [1987 c 523 § 5.]

86.16.061 Adoption of rules. The department of ecology after consultation with the public shall adopt such rules as are necessary to implement this chapter. [1989 c 64 § 5; 1987 c 523 § 6.]

86.16.071 Chapter not to create liability for damages against the state. The exercise by the state of the authority, duties, and responsibilities as provided in this chapter shall not imply or create any liability for any damages against the state. [1987 c 523 § 7.]

86.16.081 Enforcement of chapter—Civil penalty—Review by pollution control hearings board or local legislative authority. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, the attorney general or the attorney for the local government shall bring such injunctive, declaratory, or other actions as are necessary to ensure compliance with this chapter.

(2) Any person who fails to comply with this chapter shall also be subject to a civil penalty not to exceed one thousand dollars for each violation. Each violation or each day of noncompliance shall constitute a separate violation.

(3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation or violations to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

(4) Any penalty imposed pursuant to this section by the department shall be subject to review by the pollution control hearings board. Any penalty imposed pursuant to this section by local government shall be subject to review by the local government legislative authority. Any penalty jointly imposed by the department and local government shall be appealed to the pollution control hearings board. [1995 c 403 § 634; 1987 c 523 § 8.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

Additional notes found at www.leg.wa.gov

86.16.110 Appeals. Any person, association, or corporation, public, municipal, or private, feeling aggrieved at any order, decision, or determination of the department or director pursuant to this chapter, affecting his or her interest, may have the same reviewed pursuant to RCW 43.21B.310. [1991 c 322 § 11. Prior: (Repealed by 1987 c 523 § 12); 1987 c 109 § 23; 1935 c 159 § 17; RRS § 9663A-17.]

Reviser's note: This section was repealed by 1987 c 523 § 12 without cognizance of its amendment by 1987 c 109 § 23, and was subsequently reenacted by 1991 c 322 § 11.

86.16.120 Flood damages defined. Damages within the meaning of this chapter shall include harmful inundation, water erosion of soil, stream banks and beds, stream channel shifting and changes, harmful deposition by water of eroded and shifting soils and debris upon property or in the beds of streams or other bodies of water, damages by high water to public roads, highways, bridges, utilities and to works built for protection against floods or inundation, the interruption by floods of travel, communication and commerce, and all other high water influences and results which injuriously affect the public health and the safety of property. [1935 c 159 § 2; RRS § 9663A-2.]

86.16.150 Severability—1935 c 159. If any section or provisions of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1935 c 159 § 20; RRS § 9663A-20.]

86.16.160 Local programs not prevented. Nothing in this chapter shall prevent any county, city or town from establishing, pursuant to any authority otherwise available to them, flood control regulation programs and related land use control measures in areas which are subject to flooding or flood damages. [1973 c 75 § 2.]

86.16.180 Processing of permits and authorizations for emergency water withdrawal and facilities to be expedited. All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the
applicant within fifteen calendar days of the date of application. [1989 c 171 § 9; 1987 c 343 § 7.]

Additional notes found at www.leg.wa.gov

86.16.190 Livestock flood sanctuary areas. Local governments that have adopted floodplain management regulations pursuant to this chapter shall include provisions that allow for the establishment of livestock flood sanctuary areas at a convenient location within a farming unit that contains domestic livestock. Local governments may limit the size and configuration of the livestock flood sanctuary areas, but such limitation shall provide adequate space for the expected number of livestock on the farming unit and shall be at an adequate elevation to protect livestock. Modification to floodplain management regulations required pursuant to this section shall be within the minimum federal requirements necessary to maintain coverage under the national flood insurance program. [1991 c 322 § 17.]

86.16.900 Chapter liberally construed. The provisions of this chapter and all proceedings thereunder shall be liberally construed with a view to effect their object. [1935 c 159 § 19; RRS § 9663A-19.]

Chapter 86.18 RCW

FLOOD CONTROL CONTRIBUTIONS

Sections
86.18.010 Declaration of purpose.
86.18.030 Conditions and limitations on expenditures and contributions from appropriations—Warrants.
86.18.900 Construction—1967 ex.s. c 136.
86.18.910 Severability—1967 ex.s. c 136.

86.18.010 Declaration of purpose. Economic development and growth of the state is dependent on the control of flood waters. The legislature declares, in the exercise of its sovereign and police powers, that the purpose of this chapter is to provide for contributions of funds for assisting political subdivisions of the state in the protection of lands from inundation; the protection of public highways; the control of storm drainage; the maintenance of stream channels and water courses; and the protection of life and property.

It is the intent of the legislature that funds be provided to political subdivisions of the state to assist in the development of those flood control improvements and projects, which cannot be reasonably and practicably financed through the normal methods of financing available to such political subdivisions. [1967 ex.s. c 136 § 1.]

86.18.030 Conditions and limitations on expenditures and contributions from appropriations—Warrants. Funds shall be expended and contributions made to a political subdivision of the state from flood control appropriations only after:
(1) The project for which the funds are to be used has been approved by the department of ecology in accordance with the regulatory provisions of chapter 86.16 RCW.
(2) Engineering studies and plans have been made and filed with the county engineer of the county in which the project is located, or the county engineers of all counties in which the project is located, if it is located in more than one county.
(3) The estimate of cost of acquisition of necessary lands, rights-of-way and construction of the project or improvements, together with adequate supporting data have been completed and filed with the department of ecology.
(4) A comprehensive plan for the area involved has been completed and filed with the department.
(5) The political subdivision desiring a contribution has made an application for a contribution to the department showing the estimated cost of the project and the requested contribution.
(6) Federal funds are available for contribution for payment of a portion of the cost of the project.

The director of ecology is authorized to determine when these conditions have been met and to request the proper warrant for the state's contribution. Contributions to a political subdivision for a specific project shall not exceed fifty percent of the cost of acquisition of necessary lands and rights-of-way, and construction of the project or works of improvement. [1987 c 109 § 63; 1980 c 32 § 12; 1967 ex.s. c 136 § 3.]

86.18.900 Construction—1967 ex.s. c 136. This legislative proposal shall be complete authority for the accomplishment of purposes hereby authorized, and shall be liberally construed to accomplish its purposes. [1967 ex.s. c 136 § 4.]

86.18.910 Severability—1967 ex.s. c 136. If any provision of this chapter, or its application to any person or circumstance is held invalid, the remainder of the chapter, or the application of the provision to other persons or circumstances is not affected. [1967 ex.s. c 136 § 5.]

Chapter 86.24 RCW

FLOOD CONTROL BY STATE IN COOPERATION WITH FEDERAL AGENCIES, ETC.

Sections
86.24.010 Declaration of policy.
86.24.020 Cooperation authorized.
86.24.030 Contracts authorized—Extent of participation.
86.24.040 Contracts between flood control districts and other governmental units.
86.24.050 State participation where state interest affected.

86.24.010 Declaration of policy. It is the purpose of the state of Washington, in the exercise of its sovereign and police powers, and in the interests of public welfare, to establish a state policy for the control of floods to the extent practicable and by economically feasible methods. [1935 c 163 § 1; RRS § 9662-1.]

86.24.020 Cooperation authorized. The department of ecology, in cooperation with the corps of engineers of the United States army, and any other agencies of the United States, and in cooperation with any official, agency or institution of the state and any flood control district created under the laws of the state, and any county, or any counties acting jointly pursuant to RCW 86.13.010 through 86.13.090, shall
act for the state in the formulation of plans for the control of floods in the several flood areas of the state, and shall consider the extent to which the state should participate therein with the United States and/or any flood control district, or county, or counties so acting jointly. In case of federal participation, the plan of development and the surveys, plans and specifications for such flood control projects shall be in accordance with the federal requirements therefor. [1987 c 109 § 64; 1935 c 163 § 2; RRS § 9662-2.]

86.24.030 Contracts authorized—Extent of participation. The state director of ecology, when state funds shall be available therefor, shall have authority on behalf of the state to enter into contracts with the United States or any agency thereof and/or with any such flood control district, county, or counties so acting jointly, for flood control purposes for any such flood control district, county, or counties so acting jointly, the amount of the state's participation in any such contract to be such sum as may be appropriated therefor, or, in event of unallocated state appropriations for flood control purposes, in such necessary sum as to any such contract as he or she shall determine. [2013 c 23 § 479; 1988 c 127 § 39; 1935 c 163 § 4; RRS § 9662-4.]

86.24.040 Contracts between flood control districts and other governmental units. In any case where the boundaries of any flood control district shall embrace all or any part of any county, city, town, diking, or drainage district, subject to flood conditions, the governing authorities thereof may contract with the directors of such flood control district, with the written approval of the state director, for the maintenance, repair, renewal and extension of any existing flood control works of such county, city, town, diking, or drainage district, situated within the flood control district, and for the construction and maintenance of specific flood control projects, for such term of years and for the payment to such flood control district therefor of such annual sums as in said contract specified. [1979 ex.s. c 30 § 19; 1935 c 163 § 6; RRS § 9662-6.]

86.24.050 State participation where state interest affected. State participation in flood control projects shall be in such as are affected with a state interest and to such extent as the legislature may determine. [1935 c 163 § 3; RRS § 9662-3.]

Chapter 86.26 RCW
STATE PARTICIPATION IN FLOOD CONTROL MAINTENANCE

Sections
86.26.005 Declaration of purpose.
86.26.007 Flood control assistance account—Use.
86.26.010 Administration and enforcement.
86.26.040 Duties of local engineer—Approval of plans, etc., by department of ecology—Grants to prepare comprehensive flood control management plan.
86.26.050 Projects in which state will participate—Allocation of funds.
86.26.060 Allocation of funds.
86.26.070 Flood control maintenance fund of municipal corporation—Composition—Use.

[Title 86 RCW—page 35]
Projects in which state will participate—Allocation of funds. (1) State participation shall be in such preparation of comprehensive flood control management plans under this chapter and chapter 86.12 RCW, cost sharing feasibility studies for new flood control projects, projects pursuant to section 33, chapter 322, Laws of 1991, and flood control maintenance projects as are affected with a general public and state interest, as differentiated from a private interest, and as are likely to bring about public benefits commensurate with the amount of state funds allocated thereto.

(2) No participation for flood control maintenance projects may occur with a county or other municipal corporation unless the director of ecology has approved the floodplain management activities of the county, city, or town having planning jurisdiction over the area where the flood control maintenance project will be, on the one hundred year floodplain surrounding such area.

The department of ecology shall adopt rules concerning the floodplain management activities of a county, city, or town that are adequate to protect or preclude flood damage to structures, works, and improvements, including the restriction of land uses within a river's meander belt or floodway to only flood-compatible uses. Whenever the department has approved county, city, and town floodplain management activities, as a condition of receiving an allocation of funds under this chapter, each revision to the floodplain management activities must be approved by the department of ecology, in consultation with the department of fish and wildlife.

No participation with a county or other municipal corporation for flood control maintenance projects may occur unless the county engineer of the county within which the flood control maintenance project is located certifies that a comprehensive flood control management plan has been completed and adopted by the appropriate local authority, or is being prepared for all portions of the river basin or other area, within which the project is located in that county, that are subject to flooding with a frequency of one hundred years or less.

(3) Participation for flood control maintenance projects and preparation of comprehensive flood control management plans shall be made from grants made by the department of ecology from the flood control assistance account. Comprehensive flood control management plans, and any revisions to the plans, must be approved by the department of ecology, in consultation with the department of fish and wildlife. The department may only grant financial assistance to local governments that, in the opinion of the department, are making good faith efforts to take advantage of, or comply with, federal and state flood control programs. [1994 c 264 § 77; 1988 c 36 § 63; 1986 c 46 § 2; 1984 c 212 § 3; 1951 c 240 § 6.]

Allocation of funds. Grants for flood control maintenance shall be so employed that as far as possible, funds will be on hand to meet unusual, unforeseeable and emergent flood conditions. Allocations by the department of ecology, for emergency purposes, shall in each instance be in amounts which together with funds provided by local authority, if any, under reasonable exercise of its emergency powers, shall be adequate for the preservation of life and property, and with due regard to similar needs elsewhere in the state. [1984 c 212 § 5; 1951 c 240 § 8.]

Flood control maintenance fund of municipal corporation—Composition—Use. Any municipal corporation subject to flood conditions, may establish in its treasury a flood control maintenance fund. Such fund may be maintained by transfer thereto of moneys derived from regular or special lawful levies for flood control purposes, moneys which may be lawfully transferred to it from any other municipal fund; and gifts and contributions received for flood control purposes. All costs and expenses for flood control maintenance purposes shall be paid out of said flood control maintenance fund, which fund shall not be used for any other purpose. [1951 c 240 § 9.]

Annual budget reports of municipal corporations—Allocation of funds. Any municipal corporation intending to seek state participating funds shall, within thirty days after final adoption of its annual budget for flood control purposes, report the amount thereof, to the engineer of the county within whose boundaries the municipal corporation lies. The county engineer shall submit such reports, together with reports from the county itself, to the department of ecology. On the basis of all such budget reports received, the department may thereupon prepare a tentative and preliminary plan for the orderly and most beneficial allocation of funds from the flood control assistance account for the ensuing calendar year. Soil conservation districts shall be exempted from the provisions of this section. [1984 c 212 § 6; 1951 c 240 § 10.]

Scope of maintenance in which state will participate. The state shall participate with eligible local authorities in maintaining and restoring the normal and reasonably stable river and stream channel alignment and the normal and reasonably stable river and stream channel capacity for carrying off flood waters with a minimum of damage from bank erosion or overflow of adjacent lands and property; and in restoring, maintaining and repairing natural conditions, works and structures for the maintenance of such conditions. State participation in the repair of flood control facilities may include the enhancement of such facilities. The state shall likewise participate in the restoration and maintenance of natural conditions, works or structures for the protection of lands and other property from inundation or other damage by the sea or other bodies of water. Funds from the flood control assistance account shall not be available for maintenance of works or structures maintained solely for the detention or storage of flood waters. [1991 c 322 § 7; 1984 c 212 § 7; 1951 c 240 § 11.]

Agreement as to participation—Limit on amount. State participation in the cost of any flood control
maintenance project shall be provided for by a written memorandum agreement between the director of ecology and the legislative authority of the county submitting the request, which agreement, among other things, shall state the estimated cost and the percentage thereof to be borne by the state. In no instance, except on emergency projects, shall the state's share exceed seventy-five percent of the total cost of the project, to include project planning and design. Grants for cost sharing feasibility studies for new flood control projects shall not exceed fifty percent of the matching funds that are required by the federal government, and shall not exceed twenty-five percent of the total costs of the feasibility study. However, grants to prepare a comprehensive flood control management plan required under RCW 86.26.050 shall not exceed seventy-five percent of the full planning costs, but not to exceed amounts for either purpose specified in rule and regulation by the department of ecology. [2000 c 20 § 1; 1991 c 322 § 8; 1986 c 46 § 4; 1984 c 212 § 8; 1951 c 240 § 12.]

86.26.105 Comprehensive flood control management plan—Requirements—Time for completion. A comprehensive flood control management plan shall determine the need for flood control work, consider alternatives to in-stream flood control work, identify and consider potential impacts of in-stream flood control work on the state's in-stream resources, and identify the river's meander belt or floodway. A comprehensive flood control management plan shall be completed and adopted within at least three years of the certification that it is being prepared, as provided in RCW 86.26.050.

If after this three-year period has elapsed such a comprehensive flood control plan has not been completed and adopted, grants for flood control maintenance projects shall not be made to the county or municipal corporations in the county until a comprehensive flood control plan is completed and adopted by the appropriate local authority. These limitations on grants shall not preclude allocations for emergency purposes made pursuant to RCW 86.26.060. [1986 c 46 § 5; 1984 c 212 § 9.]

87.03.210 Sale or pledge of bonds.
87.03.215 Payment of bonds and interest, other indebtedness—Lien, enforcement of—Scope of section.
87.03.225 Rights of federal agencies as to certain district bonds.
87.03.240 Assessments, how and when made—Assessment roll.
87.03.245 Deputy secretaries for assessment.
87.03.250 Assessment roll to be filed—Notice of equalization.
87.03.255 Equalization of assessments.

(2014 Ed.)
Chapter 87.03 Title 87 RCW: Irrigation

87.03.260 Levies, amount—Special funds—Failure to make levy, procedure.
87.03.265 Lien of assessment.
87.03.270 Assessments, when delinquent—Assessment book, purpose—Statement of assessments due—Collection—Additional fee for delinquency.
87.03.271 Lien for delinquent assessment to include costs and interest.
87.03.272 Secretary may act as collection agent of nondelinquent assessments—Official bond—Collection procedures—Delinquency list.
87.03.275 Medium of payment of assessments.
87.03.277 Payment by credit cards, charge cards, and other electronic communication.
87.03.280 Cancellation of assessments due United States—Procedure.
87.03.285 Segregation of assessment—Authorization.
87.03.290 Segregation of assessment—Hearing.
87.03.295 Segregation of assessment—Notice of hearing.
87.03.300 Segregation of assessment—Order.
87.03.305 Segregation of assessment—Amendment of roll—Effect.
87.03.320 Evidence of assessment, what is.
87.03.340 Bonds—Interest payments.
87.03.435 Construction work—Notice—Bids—Contracts—Bonds.
87.03.436 Small works roster.
87.03.437 Competitive bids—Use of purchase contract process in RCW 49.18.010.
87.03.439 County treasurer." treasurer of the county," defined.
87.03.440 Treasurer—County treasurer as ex officio district treasurer—Designated district treasurer—Duties and powers—Bond—Claims—Preliminary notice requirements when claim for crop damage.
87.03.441 Temporary funds.
87.03.442 Bonds of secretary and depositaries.
87.03.443 Incorporation and improvement fund authorized—Deposits—Use of funds.
87.03.445 Acquisition, construction and operating funds—Tolls and assessments, alternative methods of—Liens, foreclosure of—Delinquencies by tenants.
87.03.450 Income from sale of electricity.
87.03.455 District's right to cross other property.
87.03.460 Compensation and expenses of directors, officers, employees.
87.03.470 Special assessment—Election—Notes.
87.03.475 Power as to incurring indebtedness.
87.03.480 Local improvement districts—Petition.
87.03.485 Local improvement districts—Notice—Hearing—Initiation by board, procedure.
87.03.486 Local improvement districts—Notice to contain statement that assessments may vary from estimates.
87.03.487 Local improvement districts—Sanitary sewer or potable water facilities—Notice to certain property owners.
87.03.490 Local improvement districts—Adoption of plan—Bonds, form and contents—New lands may be included.
87.03.492 Local improvement districts—Bonds, valid claim—General indebtedness to bondholders—Proceedings—Election—Notes.
87.03.495 Local improvement districts—Costs of the improvement—Assessments—Disposal of bonds.
87.03.500 Local improvement districts—Payment of bonds.
87.03.505 Local improvement districts—I.I.D. unable to pay costs—Survey—Reassessments.
87.03.510 Local improvement districts—Irrigation district I.I.D. guarantee fund.
87.03.515 Local improvement districts—Refunding bonds.
87.03.520 Local improvement districts—Contracts with state or United States for local improvement work.
87.03.522 Irrigation district authorized to finance local improvements with general district funds.
87.03.525 Local improvement districts—Provisions applicable to districts formerly organized.
87.03.526 Local improvement districts—Safeguarding open canals or ditches—Assessments and benefits.
87.03.527 Local improvement districts—Alternative methods of formation.
87.03.530 Consolidation of irrigation districts—Authorization—Merger of smaller irrigation districts.
87.03.535 Consolidation of irrigation districts—Proceedings for consolidation—Elections.
87.03.540 Consolidation of irrigation districts—Directors—Disposition of affairs of included districts.
87.03.545 Consolidation of irrigation districts—Obligations of included districts unaffected.
87.03.550 Consolidation of irrigation districts—Property vested in new district—Credit.
87.03.551 Consolidation of irrigation districts—Procedures supplemental to boundary change provisions.
87.03.553 Consolidated local improvement districts for bond issuance.
87.03.555 Change of boundaries authorized—Effect.
87.03.560 Adding lands to district—Petition, contents—Acknowledgment.
87.03.565 Adding lands to district—Notice—Contents—Service.
87.03.570 Adding lands to district—Hearing—Assent.
87.03.575 Adding lands to district—Payment for benefits received required.
87.03.580 Adding lands to district—Order.
87.03.585 Adding lands to district—Resolution.
87.03.590 Adding lands to district—Election—Notice—How conducted.
87.03.595 Adding lands to district—Order changing boundaries—Record.
87.03.600 Adding lands to district—Change of boundaries recorded—Effect.
87.03.605 Adding lands to district—Petition to be recorded—Admissable as evidence.
87.03.610 Adding lands to district—Guardian, administrator or executor may act.
87.03.615 Adding lands to districts of two hundred thousand acres—Petition.
87.03.620 Adding lands to districts of two hundred thousand acres—Time and place of hearing—Notice.
87.03.625 Adding lands to districts of two hundred thousand acres—Contents of notice.
87.03.630 Adding lands to districts of two hundred thousand acres—Hearing—Order including lands.
87.03.635 Adding lands to districts of two hundred thousand acres—Denial of petition.
87.03.640 Adding lands to districts of two hundred thousand acres—Order filed—Effect.
87.03.645 Exclusion of lands from district—Effect.
87.03.650 Exclusion of lands from district—Petition to exclude lands—Resolution.
87.03.655 Exclusion of lands from district—Notice—Content—Service.
87.03.660 Exclusion of lands from district—Hearing—Assent.
87.03.665 Exclusion of lands from district—Order denying or granting petition.
87.03.670 Exclusion of lands from district—Assent of bondholders.
87.03.675 Exclusion of lands from district—Order for election—Notice—Contest of election.
87.03.680 Exclusion of lands from district—Procedure following election—Order of exclusion.
87.03.685 Exclusion of lands from district—Orders to be recorded—Effect.
87.03.690 Exclusion of lands from district—Guardian, executor or administrator may sign and acknowledge.
87.03.695 Exclusion of lands from district—Refunds—Cancellation of assessments.
87.03.700 Connecting system to lower drainage district—Procedure.
87.03.705 Connecting system to lower drainage district—Negative finding by jury or court.
87.03.710 Connecting system to lower drainage district—Affirmative finding by jury or court—Assessments.
87.03.715 Connecting system to lower drainage district—Increased maintenance costs.
87.03.720 Merger of district with drainage, joint drainage, consolidated drainage improvement, or water-sewer district—Notice—Elections.
87.03.725 Merger of district with drainage, joint drainage, consolidated drainage improvement, or water-sewer district—Notice—Content—Publication—Show cause against merger.
87.03.730 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Hearing—Failure to show cause deemed assent.
87.03.735 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Assent, refusal to assent—Effect of show cause against merger.
87.03.740 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Election.
87.03.745 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Order of assent or refusal—Filing.
87.03.750 Exclusion of nonirrigable land when state holds all outstanding bonds—Resolution.
87.03.755 Exclusion of nonirrigable land when state holds all outstanding bonds—Notice of hearing—Contents.
87.03.760 Exclusion of nonirrigable land when state holds all outstanding bonds—Adoption of resolution—Appelate review.
87.03.765 Exclusion of nonirrigable land when state holds all outstanding bonds—Indebtedness may be reduced.
87.03.770 Exclusion of nonirrigable land when state holds all outstanding bonds—Reconveyance of excluded land formerly foreclosed to district.
Irrigation Districts Generally

87.03.001 Actions subject to review by boundary review board—Exceptions. The formation of an irrigation district may be subject to potential review by a boundary review board under chapter 36.93 RCW. The alteration of the boundaries of an irrigation district, including but not limited to a consolidation, addition of lands, exclusion of lands, or merger, may be subject to potential review by a boundary review board under chapter 36.93 RCW, except that additions or exclusions of land to an irrigation district, when those lands are within the boundary of a federal reclamation project, are not subject to review by a boundary review board under chapter 36.93 RCW. [2010 c 201 § 1; 1989 c 84 § 66.]

87.03.005 District proposed—Powers, when organized. Whenever fifty or a majority of the holders of title to, or of evidence of title to land susceptible of "irrigation" desire to organize an irrigation district for any or all of the purposes mentioned in RCW 87.03.010 and 87.03.015, they may propose the organization of an irrigation district in the manner provided herein; and when so organized, such district shall have all the powers that may now or hereafter be conferred by law. [1923 c 138 § 1; 1917 c 162 § 1; 1915 c 179 § 1; 1895 c 165 § 1; 1889-90 p 671 § 1; RRS § 7417. Formerly RCW 87.01.020, part.]

87.03.010 Certain purposes for which district may be formed. An irrigation district may be organized or maintained for any or all the following purposes:

(1) The construction or purchase of works, or parts of works, for the irrigation of lands within the operation of the district.

(2) The reconstruction, repair or improvement of existing irrigation works.

(3) The operation or maintenance of existing irrigation works.

(4) The construction, reconstruction, repair or maintenance of a system of diverting conduits from a natural source of water supply to the point of individual distribution for irrigation purposes.

(5) The execution and performance of any contract authorized by law with any department of the federal government or of the state of Washington, for reclamation and irrigation purposes.

(6) The performance of all things necessary to enable the district to exercise the powers herein granted. [1923 c 138 § 2, part; RRS § 7417-1. Formerly RCW 87.01.010.]

87.03.013 Development of hydroelectric generation capabilities—Legislative finding, intent—Limitation. The legislature finds that a significant potential exists for the development of the hydroelectric generation capabilities of present and future irrigation systems serving irrigation districts. The legislature also finds that the development of such hydroelectric generation capabilities is beneficial to the present and future electrical needs of the citizens of the state of Washington, furthers a state purpose and policy, and is in the

Deferral of special assessments: Chapter 84.38 RCW.

Disposal of real property on abandonment of irrigation district right-of-way—Right of adjacent owners: RCW 57.90.100.

Local governmental organizations, actions affecting boundaries, etc., review by boundary review board: Chapter 36.93 RCW.

(2014 Ed.)
public interest. The legislature further finds that it is necessary to revise and add to the authority of irrigation districts to obtain the most favorable interest rates possible in the financing of irrigation district projects which serve the agricultural community and hydroelectric facilities. It is the intent of the legislature to provide irrigation districts with the authority to develop these hydroelectric generation capabilities in connection with irrigation facilities. Further, it is the intent of the legislature that the development of hydroelectric generation capabilities pursuant to "this 1979 act not become the sole purpose or function of irrigation districts in existence on May 14, 1979, nor become a major function of irrigation districts created after that date. Nothing herein shall authorize an irrigation district to sell electric power or energy to any municipal corporation not engaged in the distribution of electric power or energy. [1979 ex.s. c 185 § 1.]

*Reviser's note: For codification of "this 1979 act" [1979 ex.s. c 185], see Codification Tables.

Additional notes found at www.leg.wa.gov

87.03.015 Certain powers of district enumerated.

Any irrigation district, operating and maintaining an irrigation system, in addition to other powers conferred by law, shall have authority:

(1) To purchase and sell electric power to the inhabitants of the irrigation district for the purposes of irrigation and domestic use, to acquire, construct, and lease dams, canals, plants, transmission lines, and other power equipment and the necessary property and rights therefor and to operate, improve, repair, and maintain the same, for the generation and transmission of electrical energy for use in the operation of pumping plants and irrigation systems of the district and for sale to the inhabitants of the irrigation district for the purposes of irrigation and domestic use; and, as a further and separate grant of authority and in furtherance of a state purpose and policy of developing hydroelectric capability in connection with irrigation facilities, to construct, finance, acquire, own, operate, and maintain, alone or jointly with other irrigation districts, boards of control, other municipal or quasi-municipal corporations or cooperatives authorized to engage in the business of distributing electricity, or electrical companies subject to the jurisdiction of the utilities and transportation commission, hydroelectric facilities including but not limited to dams, canals, plants, transmission lines, other power equipment, and the necessary property and rights therefor, located within or outside the district, for the purpose of utilizing for the generation of electricity, water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, waste ways, and drainage works which serve irrigation districts, and to sell any and all the electric energy generated at any such hydroelectric facilities or the irrigation district's share of such energy, to municipal or quasi-municipal corporations and cooperatives subject to the jurisdiction of the utilities and transportation commission, and electrical companies subject to the jurisdiction of the utilities and transportation commission, or to other irrigation districts, and on such terms and conditions as the board of directors shall determine, and to enter into contracts with other irrigation districts, boards of control, other municipal or quasi-municipal corporations and cooperatives authorized to engage in the business of distributing electric-
ity of the water-sewer district's voters voting at a general or special election.

(9) To approve and condition placement of hydroelectric generation facilities by entities other than the district on water conveyance facilities operated or maintained by the district.

This section shall not be construed as in any manner abridging any other powers of an irrigation district conferred by law. [2014 c 2 § 6; 1999 c 153 § 74; 1979 ex.s.c 185 § 2; 1967 c 206 § 1; 1965 c 141 § 1; 1943 c 57 § 1; 1941 c 143 § 1; 1933 c 31 § 1; 1923 c 138 § 2, part; RRS § 7417-2. Formerly RCW 87.01.210, part.]

District bond elections: RCW 87.03.200.

Heating systems authorized: RCW 35.97.020.

Prerequisite to furnishing water or power outside of district: RCW 87.03.115.

Additional notes found at www.leg.wa.gov

87.03.0155 Contract and formation powers. (1) An irrigation district may enter into any contract or agreement with, or form a separate legal entity with, one or more of the entities or utilities specified in subsection (3) of this section for any of the following purposes:

(a) Purchasing and selling electric power; and

(b) Developing or owning, or both, electric power generating or transmitting facilities, or both, including, but not limited to, facilities for generating or transmitting electric power generated by wind.

(2) The contract or agreement may provide:

(a) For purchasing the capability of a project to produce or transmit electric power, in addition to actual output of a project;

(b) For making payments whether or not a project is completed, operative, or operating, and notwithstanding the suspension, interruption, interference, reduction, or curtailment of output or use of a project, the power, power and energy contracted for or agreed to;

(c) That payments are not subject to reduction, whether by offset or otherwise; and

(d) That performance is not conditioned upon performance or nonperformance of any party or entity.

(3) Pursuant to authority granted under this section, irrigation districts may contract or enter into agreements with one or more:

(a) Agencies of the United States government;

(b) States;

(c) Municipalities;

(d) Public utility districts;

(e) Irrigation districts;

(f) Joint operating agencies;

(g) Rural electric cooperatives;

(h) Mutual corporations or associations;

(i) Investor-owned utilities; or

(j) Associations or legal entities composed of any such entities or utilities. [2009 c 145 § 4.]

87.03.016 District may provide street lighting—Limitations. In addition to other powers conferred by law, an irrigation district is authorized to construct, purchase, lease, or otherwise acquire, maintain, and operate a system for lighting public streets and highways and to enter into contracts or contracts with electric utilities, either public or private, to provide that service. However, no contract entered into by the board for providing street lighting for a period exceeding ten years is binding upon the district unless ratified by a majority vote of the electors of the district at an election called, held, and canvassed for that purpose in the same manner as provided by law for district bond elections.

The authority granted by this section applies only to an irrigation district that has begun the construction, purchase, lease, or acquisition of a street lighting system by January 1, 1984, or has entered into a contract for that service by that date. [1984 c 168 § 1.]

87.03.017  District may assist residential owners in financing for conservation of energy—When—Plan—Limitations. Any irrigation district engaged in the distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners of residential structures in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures pursuant to an energy conservation plan adopted by the irrigation district if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the irrigation district could acquire to meet future demand. Except where otherwise authorized, such assistance shall be limited to:

(1) Providing an inspection of the residential structure, either directly or through one or more inspectors under contract, to determine and inform the owner of the estimated cost of purchasing and installing conservation materials and equipment for which financial assistance will be approved and the estimated life cycle savings in energy costs that are likely to result from the installation of such materials or equipment.

(2) Providing a list of businesses who sell and install such materials and equipment within or in close proximity to the service area of the irrigation district, each of which businesses shall have requested to be included and shall have the ability to provide the products in a workmanlike manner and to utilize such materials in accordance with the prevailing national standards.

(3) Arranging to have approved conservation materials and equipment installed by a private contractor whose bid is acceptable to the owner of the residential structure and verifying such installation.

(4) Arranging or providing financing for the purchase and installation of approved conservation materials and equipment. Such materials and equipment shall be purchased from a private business and shall be installed by a private business or the owner.

(5) Pay back shall be in the form of incremental additions to the utility bill, billed either together with use charge or separately. Loans shall not exceed two hundred forty months in length. [2010 1st sp.s. c 4 § 2; 1982 c 42 § 1. Prior: 1981 c 345 § 3.]

87.03.0175 District assistance for conservation, improvement, preservation, and efficient use. (1) Any irrigation district organized under this chapter may, for compen-
programs, and systems. The equipment, fixtures, programs, preservation, improvement, and preservation equipment, fixtures, financing to purchase, lease, install, and use approved conservation may include, but is not limited to, grants, loans, and the land into irrigation district-maintained facilities. Assistance, improve, preserve, and efficiently use the land, water delivered by the irrigation district, or water discharged from the land into irrigation district-maintained facilities. Assistance may include, but is not limited to, grants, loans, and financing to purchase, lease, install, and use approved conservation, improvement, and preservation equipment, fixtures, programs, and systems. The equipment, fixtures, programs, and systems may be leased, purchased, or installed by a private business, the owner of the land, or the irrigation district. "Conserve," "improve," and "preserve" as used in this section, include enhancing the quality of water delivered by the irrigation district or discharged from the land into irrigation district-maintained facilities.

(2) The district may charge the owner and the land if district money or credit is used or extended to provide the assistance in subsection (1) of this section. The district's board of directors may also levy and fix assessments, rates, tolls, and charges and collect them from all persons for whom, and all land on which, district money or credit is provided, or the board may require landowner repayment for landowner assistance by assessments, charges, rates, or tolls in the same manner as provided by RCW 87.03.445. [1999 c 234 § 1.]

87.03.018 Creation of legal authority to carry out powers—Method—Indebtedness. Two or more irrigation districts may create a separate legal authority to carry out any or all of the powers described in RCW 87.03.015. To enable such a legal authority to carry out its delegated powers, the irrigation districts creating the authority may assign, convey, or otherwise transfer to it any or all of their respective property, rights, or obligations, including, without limitation, the power to issue revenue obligations and the power of condemnation. Such a legal authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity.

A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority; and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. [1984 c 168 § 5; 1981 c 62 § 1.]

87.03.019 Cooperative watershed management. In addition to the authority provided throughout this title, an irrigation district, reclamation district, and similar districts organized pursuant to the authority of this title may participate in and expend revenue on cooperative management actions, including watershed management partnerships under RCW 39.34.210 and other intergovernmental agreements, for purposes of water supply, water quality, and water resource and habitat protection and management. [2003 c 327 § 15.]

Finding—Intent—2003 c 327: See note following RCW 39.34.190.

87.03.020 Organization of district—Petition—Bond—Notice—Hearing—Order—Notice of election. For the purpose of organizing an irrigation district, a petition, signed by the required number of holders of title or evidence of title to land within the proposed district, shall be presented to the board of county commissioners of the county in which the lands, or the greater portion thereof, are situated, which petition shall contain the following:

(1) A description of the lands to be included in the operation of the district, in legal subdivisions or fractions thereof, and the name of the county or counties in which said lands are situated.

(2) The signature and post office address of each petitioner, together with the legal description of the particular lands within the proposed district owned by said respective petitioners.

(3) A general statement of the probable source or sources of water supply and a brief outline of the plan of improvement, which may be in the alternative, contemplated by the organization of the district.

(4) A statement of the number of directors, either three or five, desired for the administration of the district and of the name by which the petitioners desire the district to be designated.

(5) Any other matter deemed material.

(6) A prayer requesting the board to take the steps necessary to organize the district.

The petition must be accompanied by a good and sufficient bond, to be approved by the board of county commissioners, in double the amount of the probable cost of organizing the district, and conditioned that the bondpersons will pay all of the cost in case such organization shall not be effected. Said petition shall be presented at a regular meeting of the said board, or at any special meeting ordered to consider and act upon said petition, and shall be published once a week, for at least two weeks (three issues) before the time at which the same is to be presented, in some newspaper of general circulation printed and published in the county where said petition is to be presented, together with a notice signed by the clerk of the board of county commissioners stating the time of the meeting at which the same will be presented. There shall also be published a notice of the hearing on said petition in a newspaper published at Olympia, Washington, to be designated by the director of ecology from year to year, which said notice shall be published for at least two weeks (three issues) prior to the date of said meeting and shall contain the name of the county or counties and the number of each township and range in which the lands embraced within the boundaries of the proposed district are situated, also the time, place and purpose for said meeting, which said notice shall be signed by the petitioner whose name first appears upon the said petition. If any portion of the lands within said

[Title 87 RCW—page 6] (2014 Ed.)
proposed district lie within another county or counties, then the said petition and notice shall be published for the time above provided in one newspaper printed and published in each of said counties. The said notice, together with a map of the district, shall also be served by registered mail at least thirty days before the said hearing upon the state director of ecology at Olympia, Washington, who shall, at the expense of the district in case it is later organized, otherwise at the expense of the petitioners' bondspersons, make such investigation of the sufficiency of the source and supply of water for the purposes of the proposed district, as he or she may deem necessary, and file a report of his or her findings, together with a statement of his or her costs, with the board of county commissioners at or prior to the time set for said hearing. When the petition is presented, the board of county commissioners shall hear the same, shall receive such evidence as it may deem material, and may adjourn such hearing from time to time, not exceeding four weeks in all, and on the final hearing shall establish and define the boundaries of the district along such lines as in the judgment of the board will best reclaim the lands involved and enter an order to that effect: PROVIDED, That said board shall not modify the boundaries so as to except from the operation of the district any territory within the boundaries outlined in the petition, which is susceptible of irrigation by the same system of works applicable to other lands in such proposed district and for which a water supply is available; nor shall any lands which, in the judgment of said board, will not be benefited, be included within such district; any lands included within any district, which have a partial or full water right shall be given equitable credit therefor in the apportionment of the assessments in this act provided for: AND PROVIDED FURTHER, That any owner, whose lands are susceptible of irrigation from the same source, and in the judgment of the board it is practicable to irrigate the same by the proposed district system, shall, upon application to the board at the time of the hearing, be entitled to have such lands included in the district.

At said hearing the board shall also give the district a name and shall order that an election be held therein for the purpose of determining whether or not the district shall be organized under the provisions of this act and for the purpose of electing directors.

The clerk of the board of county commissioners shall then give notice of the election ordered to be held as aforesaid, which notice shall describe the district boundaries as established, and shall give the name by which said proposed district has been designated, and shall state the purposes and objects of said election, and shall be published once a week, for at least two weeks (three issues) prior to said election, in a newspaper of general circulation published in the county where the petition aforesaid was presented; and if any portion of said proposed district lies within another county or counties, then said notice shall be published in like manner in a newspaper within each of said counties. Said election notice shall also require the electors to cast ballots which shall contain the words "Irrigation District—Yes," and "Irrigation District—No," and also the names of persons to be voted for as directors of the district: PROVIDED, That where in this act publication is required to be made in a newspaper of any county, the same may be made in a newspaper of general circulation in such county, selected by the person or body charged with making the publication and such newspaper shall be the official paper for such purpose. [2007 c 218 § 79; 1988 c 127 § 40; 1923 c 138 § 3; 1921 c 129 § 1; 1919 c 180 § 1; 1915 c 179 § 2; 1913 c 165 § 1; 1895 c 165 § 2; 1889-90 p 671 § 2; RRS § 7418. Formerly RCW 87.01.020, part, 87.01.030, 87.01.040, and 87.01.050.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

87.03.025 State lands situated in or taken into district—Procedure—Assessments, collection. Whenever public lands of the state are situated in or taken into an irrigation district they shall be treated the same as other lands, except as hereinafter provided. The commissioner of public lands shall be served with a copy of the petition proposing to include such lands, together with a map of the district and notice of the time and place of hearing thereon, at least thirty days before the hearing, and if he or she determines that such lands will be benefited by being included in the district he or she shall give his or her consent thereto in writing. If he or she determines that they will not be benefited he or she shall file with the board a statement of his or her objections thereto.

Any public lands of the state which are situated within the boundaries of an irrigation district, but which were not included in the district at the time of its organization, may be included after a hearing as herein provided.

Whenever the commissioner or any interested person desires to have state public lands included in an existing district, he or she shall file a request to that effect in writing with the district board, which shall thereupon fix a time and place for hearing the request and post notice thereof in three public conspicuous places in the district, one of which shall be at the place of hearing, at least twenty days before the hearing, and send by registered mail a copy of the notice to the commissioner. The notice shall describe the lands to be included and direct all persons objecting to such inclusion to appear at the time and place stated and present their objections. At the hearing the district board shall consider all objections and may adjourn to a later date, and by resolution determine the matter, and its determination shall be final: PROVIDED, That no such lands shall be included in a district without the written consent of the commissioner of public lands.

Any public lands of the state situated in any irrigation district shall be subject to the provisions of the laws of this state relating to the collection of irrigation district assessments to the same extent and in the same manner in which lands of like character held under private ownership are subject thereto, but collection and payment of the assessments shall be governed solely by the provisions of chapter 79.44 RCW. [2013 c 23 § 480; 1963 c 20 § 13; 1951 2nd ex.s. c 15 § 1; 1951 c 212 § 1; 1923 c 138 § 4; 1921 c 129 § 2; 1919 c 180 § 2; RRS § 7419. Formerly RCW 87.01.060.]

Irrigation district assessments: RCW 87.03.240 through 87.03.305.

87.03.030 Elections are governed by irrigation district laws. All elections of irrigation districts, general or special, for any district purpose and in any county of the state shall be called, noticed, and conducted in accordance with the laws of the state, specifically relating to irrigation districts. [1951 c 201 § 1. Formerly RCW 87.01.095.]

Ballots, declaration of candidacy: RCW 87.03.075.
87.03.031 Absentee voting—Certification of inconvenience. Any qualified district elector who certifies as provided in RCW 87.03.032 through 87.03.034 that he or she cannot conveniently be present to cast his or her ballot at his or her proper election precinct on the day of any irrigation district election shall be entitled to vote by absentee ballot in such election in the manner herein provided. [2013 c 23 § 481; 1961 c 105 § 2. Formerly RCW 87.01.096.]

87.03.032 Absentee voting—Notice of election, contents—Ballot and form of certificate of qualifications to be furnished. The notice of election shall conform to the requirements for election notices provided by Title 87 RCW for the election being held, and shall specify in addition that any qualified district elector who certifies that he or she cannot conveniently be present at his or her proper election precinct on the day of election may vote by absentee ballot, and that a ballot and form of certificate of qualifications will be furnished to him or her on written request being made of the district’s secretary. The requisite ballot and a form of certificate of qualifications shall be furnished by the district’s secretary to any person who prior to the date of election makes written request therefor, stating that he or she is a qualified district elector. Such ballot and form may be furnished also to qualified district electors in any way deemed to be convenient without regard to requests having been made therefor. [2013 c 23 § 482; 1961 c 105 § 3. Formerly RCW 87.01.097.]

87.03.033 Absentee voting—Requirements for ballot to be counted—Statement of qualifications—Form of ballot. (1) To be counted in a given election, an absentee ballot must conform to these requirements:

(a) It must be sealed in an unmarked envelope and delivered to the district’s principal office prior to the close of the polls on the day of that election; or be sealed in an unmarked envelope and mailed to the district’s secretary, postmarked not later than midnight of that election day and received by the secretary within five days of that date.

(b) The sealed envelope containing the ballot shall be accompanied by a certificate of qualifications stating, with respect to the voter, his or her name, age, citizenship, residence, that he or she holds title or evidence of title to lands within the district which, under RCW 87.03.045 entitles him or her to vote in the election, and that he or she cannot conveniently be present to cast his or her ballot at his or her proper election precinct on election day.

(c) The statements in the certificate of qualifications shall be certified as correct by the voter by the affixing of his or her signature thereto in the presence of a witness who is acquainted with the voter, and the voter shall enclose and seal his or her ballot in the unmarked envelope in the presence of this witness but without disclosing his or her vote. The witness, by affixing his or her signature to the certificate of qualifications, shall certify that he or she is acquainted with the voter, that in his or her presence the voter’s signature was affixed and the ballot enclosed as required in this paragraph.

(2) The form of statement of qualifications and its certification shall be substantially as prescribed by the district’s board of directors. This form may also provide that the voter shall describe all or some part of his or her lands within the district which, under RCW 87.03.045 entitles him or her to vote in the election, but a voter otherwise qualified shall not be disqualified because of the absence or inaccuracy of the description so given. The regular form of irrigation district ballot shall be used by absentee voters. [2013 c 23 § 483; 1961 c 105 § 4. Formerly RCW 87.01.098.]

87.03.034 Absentee voting—How incoming ballots are handled—Canvass—Statement of result of both regular and absentee ballots. (1) Absentee ballots shall be accumulated and kept, unopened, by the district’s secretary until the time in which such ballots may be received is closed. The secretary shall deliver them to the board of directors as early as practicable on the following day. That board shall proceed at once to determine whether the voters submitting absentee ballots are qualified so to vote and to count and tally the votes of those so determined to be qualified. The board shall make, record, and certify the result of its determinations and count; and promptly thereafter it shall deliver the ballots, certificates of qualifications, and its certificate to the district’s secretary. The provisions of RCW 87.03.100 with respect to recount shall govern also in the case of absentee ballots.

(2) On the completion of the canvass of the regular returns of the several election precincts as provided in RCW 87.03.105, the board of directors shall canvass the returns of the absentee votes and declare the result thereof in substantially the same manner as provided for the returns of the votes cast in the regular manner. Thereupon the statement of the result conforming as nearly as practicable to the requirements of RCW 87.03.110 shall be made covering both regular and absentee votes. [1961 c 105 § 5. Formerly RCW 87.01.099.]

87.03.035 Elections to form district—How conducted. The board of county commissioners shall establish a convenient number of election precincts in the proposed district and define the boundaries thereof, and designate a polling place and appoint the necessary election officers for each precinct; which precincts may thereafter be changed by the district board. The election shall be conducted as nearly as practicable in the manner provided for the election of directors. Where a nonassessable area is situated in a district, any notice, delinquent list, or other announcement required by this title to be posted, may be posted in the area and any election may be held therein. [1955 c 57 § 2. Prior: 1921 c 129 § 3, part; 1917 c 162 § 2, part; 1913 c 165 § 2, part; 1889-90 p 672 § 3, part; RRS § 7420, part. Formerly RCW 87.01.070.]

87.03.040 Elections to form district—Canvass of returns—Order. The board of county commissioners shall meet on the second Monday after the election and canvass the returns, and if it appears that at least two-thirds of all the votes cast are in favor of the district the board shall by an order declare the district duly organized and shall declare the qualified persons receiving the highest number of votes to be duly elected directors, and shall cause a certified copy of the
order to be filed for record in the offices of the auditor and assessor of each county in which any portion of the district is situated. From the date of the filing the organization of the district shall be complete and the directors may, upon qualifying, enter immediately upon the duties of their office, and shall hold office until their successors are elected and qualified. Upon filing the order, the county assessor shall write the name of the district on the permanent tax roll in a column provided for that purpose opposite each description of land in the district. Such column shall be carried forward each year on the current tax roll. In the event of a change in the boundaries of a district, the assessor shall note it in the column upon the tax roll. [1955 c 57 § 3. Prior: 1921 c 129 § 3, part; 1917 c 162 § 2, part; 1913 c 165 § 2, part; 1889-90 p 672 § 3, part; RRS § 7420, part. Formerly RCW 87.01.080.]

**87.03.045 Qualifications of voters and directors—Districts of two hundred thousand acres.** In districts with two hundred thousand acres or more, a person eighteen years old, being a citizen of the United States and a resident of the state and who holds title or evidence of title to land in the district or proposed district shall be entitled to vote therein. He or she shall be entitled to one vote for the first ten acres of said land or fraction thereof and one additional vote for all of said land over ten acres. A majority of the directors shall be residents of the county or counties in which the district is situated and all shall be electors of the district. If more than one elector residing outside the county or counties is voted for as director, only that one who receives the highest number of votes shall be considered in ascertaining the result of the election. Where land is community property both the husband and wife may vote if otherwise qualified. An agent of a corporation owning land in the district, duly authorized in writing, may vote on behalf of the corporation by filing with the election officers his or her instrument of authority. An elector resident in the district shall vote in the precinct in which he or she resides, all others shall vote in the precinct nearest their residence. [2013 c 23 § 484; 1985 c 66 § 1; 1971 ex.s.c 292 § 72; 1961 c 192 § 12; 1955 c 57 § 4. Prior: 1953 c 122 § 1; 1921 c 129 § 3, part; 1917 c 162 § 2, part; 1913 c 165 § 2, part; 1889-90 p 672 § 3; RRS § 7420, part. Formerly RCW 87.01.090.]

Certain elections—Districts of two hundred thousand acres: RCW 87.68.060.

Additional notes found at www.leg.wa.gov

**87.03.051 Qualifications of voters and directors—Districts of less than two hundred thousand acres.** In districts with less than two hundred thousand acres, a person eighteen years old, being a citizen of the United States and a resident of the state and who holds title or evidence of title to assessable land in the district or proposed district shall be entitled to vote therein, and to be recognized as an elector. A corporation, general partnership, limited partnership, limited liability company, or other legal entity formed pursuant to the laws of the state of Washington or qualified to do business in the state of Washington. "Ownership" shall mean the aggregate of all assessable acres owned by an elector, individually or jointly, within one district. Voting rights shall be allocated as follows: Two votes for each five acres of assessable land or fraction thereof. No one ownership may accumulate more than forty-nine percent of the votes in one district. If assessments are on the basis of shares instead of acres, an elector shall be entitled to two votes for each five shares or fraction thereof. The ballots cast for each ownership of land or shares shall be exercised by common agreement between electors or when land is held as community property, the accumulated votes may be divided equally between husband and wife. Except for community property ownership, in the absence of the submission of the common agreement to the secretary of the district at least twenty-four hours before the opening of the polls, the election board shall recognize the first elector to appear on election day as the elector having the authority to cast the ballots for that parcel of land for which there is more than one ownership interest. A majority of the directors shall be residents of the county or counties in which the district is situated and all shall be electors of the district. If more than one elector residing outside the county or counties is voted for as director, only that one who receives the highest number of votes shall be considered in ascertaining the result of the election. An agent of an entity owning land in the district, duly authorized in writing, may vote on behalf of the entity by filing with the election officers his or her instrument of authority. An elector resident in the district shall vote in the precinct in which he or she resides, all others shall vote in the precinct nearest their residence. No director shall be qualified to take or retain office unless the director holds title or evidence of title to land within the district. [1997 c 354 § 1; 1985 c 66 § 2.]

Additional notes found at www.leg.wa.gov

**87.03.071 Certain districts—Individual ownerships—Two votes.** In any irrigation district where more than fifty percent of the total acreage of the district is owned in individual ownerships of less than five acres, each elector who is otherwise qualified to vote pursuant to RCW 87.03.045 shall be entitled to two votes regardless of the size of ownership. Each ownership shall be represented by two votes. If there are multiple owners or joint owners of a single ownership, the owners shall decide among themselves what their two votes shall be. If the ownership is held as community property, the husband shall be entitled to one vote and the wife shall be entitled to one vote or they may vote by common agreement. [1985 c 66 § 3.]

Additional notes found at www.leg.wa.gov

**87.03.075 Ballots in all elections—Declaration of candidacy—Petition of nomination—When election not required.** Voting in an irrigation district shall be by ballot. Ballots shall be of uniform size and quality, provided by the district, and for the election of directors shall contain only the names of the candidates who have filed with the secretary of the district a declaration in writing of their candidacy, or a petition of nomination as hereinafter provided, not later than five o'clock p.m. on the first Monday in November. Ballots shall contain space for sticker voting or for the writing in of the name of an undeclared candidate. Ballots shall be issued
87.03.080 Directors—Election—Terms—Increase and decrease. An election of directors in an irrigation district shall be held on the second Tuesday of December of each year, and the term of each director shall be three years from the first Tuesday of January following his or her election. The directors elected at the organization election shall serve until their successors are elected and qualified. At the first annual election occurring thirty days or more after the date of the order establishing the district, there shall be elected directors to succeed those chosen at the organization election. If the board consists of three directors the candidate receiving the highest number of votes shall serve a term of three years; the next highest, two years; and the next highest, one year. In case of five directors, the two candidates receiving the highest number of votes shall each serve a term of three years; the next two highest, two years; and the next highest, one year; or until successors are elected and qualified. In case of seven directors, the three candidates receiving the highest number of votes shall each serve a term of three years, the next two highest, two years, and the next two highest, one year, or until their successors are elected and qualified. Whenever a district with three directors desires to increase the number of its directors to five directors or whenever a district with five directors desires to increase the number of its directors to seven directors, the board of directors, acting on its own initiative or on the written petition of at least twenty electors of the district, shall submit the question to the electors of the district at a regular or special district election. In the event the electors by a majority of the votes cast favor an increase in the number of directors, there shall be elected at the next annual district election two additional directors. The person receiving the highest number of votes shall serve for a three year term and the next highest, a two year term.

The number of directors may be decreased to five or three, as the case may be, substantially in the same manner as that provided for the increase of directors. In case of three directors the term of one director only shall expire annually.

87.03.081 Directors—Vacancies, how filled. A vacancy in the office of director shall be filled by appointment by the board of county commissioners of the county in which the proceedings for the organization of the district were had. At the next annual election occurring thirty days or more after the date of the appointment, a successor shall be elected who shall take office on the first Tuesday in January following and shall serve for the remainder of the unexpired term.

A director appointed to fill a vacancy occurring after the expiration of the term of a director shall serve until his or her successor is elected and qualified. At the next election of directors occurring thirty days or more after the appointment, a successor shall be elected who shall take office on the first Tuesday in January next and shall serve for the term for which he or she was elected.

Failure on the part of any irrigation district to hold one or more annual elections for selection of officers, or otherwise to provide district officers shall not dissolve the district or impair its powers, where later officers for the district are appointed or elected and qualify as such and exercise the powers and duties of their offices in the manner provided by law.

87.03.082 Directors—Oaths of office and official bonds—Secretary. Each director shall take and subscribe an official oath for the faithful discharge of the duties of his or her office, and shall execute a bond to the district in the sum of one thousand dollars, conditioned for the faithful discharge of his or her duties, which shall be approved by the judge of the superior court of the county where the district was organized, and the oath and bond shall be recorded in the office of the county clerk of that county and filed with the secretary of the board of directors. The secretary shall take and subscribe a written oath of office and execute a bond in the sum of not less than one thousand dollars to be fixed by the directors, which shall be approved and filed as in the case of the bond of a director. If a district is appointed fiscal agent of the United States to collect money for it, the secretary and directors of the district may execute a bond conditioned for the faithful discharge of the duties of the secretary and for the faithful discharge of the duties of the directors, in the manner prescribed by law for the collection of money by an agent of the United States.

Additional notes found at www.leg.wa.gov
87.03.083 Directors—Recall and discharge. Every member of an irrigation district board of directors is subject to recall and discharge by the legal voters of such district pursuant to the provisions of *chapter 29.82 RCW. [1979 ex.s. c 185 § 15.]

*Reviser’s note: Chapter 29.82 RCW was reclassified as chapter 29A.56 RCW pursuant to 2003 c 111 § 2401, effective July 1, 2004.

Additional notes found at www.leg.wa.gov

87.03.085 Post-organization district elections—Election boards—Notice. Fifteen days before any election held under this chapter, subsequent to the organization of any district, the secretary of the board of directors shall cause notices to be posted in three public places in each election precinct, of the time and place of holding the election. The secretary shall also post a general notice of the same in the office of the board, which shall be established and kept at some fixed place to be determined by the board, specifying the polling places of each precinct. Prior to the time for posting the notices, the board must appoint for each precinct, from the electors thereof, one inspector and two judges, who shall constitute a board of election for the precinct. If the board fails to appoint a board of election, or the members appointed do not attend at the opening of the polls on the morning of election, the electors of the precinct present at that hour may appoint the board, or supply the place of an absent member thereof. The board of directors must, in its order appointing the board of election, designate the house or place within the precinct where the election must be held. However, in any irrigation district that is less than two hundred thousand acres in size and is divided into director divisions, the board of directors in its discretion may designate one polling place within the district to serve more than one election precinct. The board of directors of any irrigation district may designate the principal business office of the district as a polling place to serve one or more election precincts and may do so regardless of whether the principal business office is located within or outside of the boundaries of the district. If the board of directors does designate a single polling place for more than one election precinct, then the election officials appointed by the board of directors may serve more than one election precinct and the election officials may be electors of any of the election precincts for which they are the election board. [1987 c 123 § 1; 1984 c 168 § 2; 1889-90 p 674 § 5; RRS § 7422. Formerly RCW 87.01.140.]

87.03.090 Post-organization district elections—Election officers—Voting hours. The inspector is chair of the election board, and may

First: Administer all oaths required in the progress of an election.

Second: Appoint judges and clerks, if, during the progress of the election, any judge or clerk cease to act. Any member of the board of election, or any clerk thereof, may administer and certify oaths required to be administered during the progress of an election. The board of election for each precinct may, if they deem it necessary, before opening the polls, appoint two persons to act as clerks of the election. Before opening the polls, each member of the board and each clerk must take and subscribe an oath to faithfully perform the duties imposed upon them by law. Any elector of the precinct may administer and certify such oath. The polls must be opened at one o’clock p.m. on the afternoon of the election, and be kept open until eight o’clock p.m., when the same must be closed. The provisions of the general election law of this state, concerning the form of ballots to be used shall not apply to elections held under this act: PROVIDED, That any district elections called *before this act shall take effect shall be noticed and conducted in the manner prescribed by law in effect at the time the election is called. [2013 c 23 § 489; 1931 c 60 § 1; 1889-90 p 674 § 6; RRS § 7423. Formerly RCW 87.01.150.]

*Reviser’s note: The language “before this act shall take effect” in the proviso refers to 1931 c 60 which became effective on midnight June 10, 1931; see preface, 1931 session laws.

87.03.095 Post-organization district elections—Counting votes—Record of ballots. Voting may commence as soon as the polls are opened, and may be continued during all the time the polls remain open. As soon as the polls are closed, the judges shall open the ballot box and commence counting the votes; and in no case shall the ballot box be removed from the room in which the election is held until all the ballots have been counted. The counting of ballots shall in all cases be public. The ballots shall be taken out, one by one, by the inspector or one of the judges, who shall open them and read aloud the names of each person contained therein and the office for which every such person is voted for. Each clerk shall write down each office to be filled, and the name of each person voted for for such office, and shall keep the number of votes by tallies, as they are read aloud by the inspector or judge. The counting of votes shall be continued without adjournment until all have been counted. [1889-90 p 675 § 7; RRS § 7424. Formerly RCW 87.01.160.]

87.03.100 Post-organization district elections—Certification of returns—Preservation for recount. As soon as all the votes are read off and counted, a certificate shall be drawn upon each of the papers containing the poll list and tallies, or attached thereto, stating the number of votes each one voted for has received, and designating the office to fill which he or she was voted for, which number shall be written in figures and in words at full length. Each certificate shall be signed by the clerks, judges, and the inspector. One of said certificates, with the poll list and the tally paper to which it is attached, shall be retained by the inspector, and preserved by him or her at least six months. The ballots, together with the other of said certificates, with the poll list and tally paper to which it is attached, shall be sealed by the inspector, in the presence of the judges and clerks, and endorsed "Election returns of [naming the precinct] precinct," and be directed to the secretary of the board of directors, and shall be immediately delivered by the inspector, or by some other safe and responsible carrier designated by said inspector, to said secretary, and the ballots shall be kept unopened for at least six years.
months, and if any person be of the opinion that the vote of any precinct has not been correctly counted, he or she may appear on the day appointed for the board of directors to open and canvass the returns, and demand a recount of the vote of the precinct that is so claimed to have been incorrectly counted. [2013 c 23 § 490; 1981 c 345 § 2; 1981 c 208 § 2; 1889-90 p 675 § 8; RRS § 7425. Formerly RCW 87.01.170 and 87.01.210, part.]

87.03.105 Post-organization district elections—Canvass. No list, tally paper or certificate returned from any election shall be set aside or rejected for want of form, if it can be satisfactorily understood. The board of directors must meet at its usual place of meeting on the first Monday after each election, to canvass the returns. If, at the time of meeting, the returns from each precinct in the district in which the polls were opened have been received, the board of directors must then and there proceed to canvass the returns, but if all the returns have not been received, the canvass must be postponed from day to day until all the returns have been received, or until six postponements have been had. The canvass must be made in public, and by opening the returns and estimating the vote of the district for each person voted for, and declaring the result thereof. [1889-90 p 676 § 9; RRS § 7426. Formerly RCW 87.01.180.]

87.03.110 Post-organization district elections—Statement of result of election—Certificate of election. The secretary of the board of directors must, as soon as the result is declared, enter in the records of such board a statement of such result, which statement must show:

(1) The whole number of votes cast in the district;
(2) The name of the persons voted for;
(3) The office to fill which each person was voted for;
(4) The number of votes given in each precinct to each of such persons;
(5) The number of votes given in each precinct for and against any proposition voted upon.

The board of directors must declare elected the person having the highest number of votes given for each office. The secretary must immediately make out, and deliver to such person a certificate of election signed by him or her and authenticated by the seal of the district. [2013 c 23 § 491; 1913 c 165 § 4; 1895 c 165 § 4; 1889-90 p 676 § 10; RRS § 7427. Formerly RCW 87.01.190.]

Statement of result covering both absentee and regular ballots: RCW 87.03.034.

87.03.115 Organization of board—Meetings—Quorum—Certain powers and duties. The directors of the district shall organize as a board and shall elect a president from their number, and appoint a secretary, who shall keep a record of their proceedings. The office of the directors and principal place of business of the district shall be at some place in the county in which the organization was effected, to be designated by the directors. The directors serving districts of five thousand acres or more shall hold a regular monthly meeting at their office on the first Tuesday in every month, or on such other day in each month as the board shall direct in its bylaws, and may adjourn any meeting from time to time as may be required for the proper transaction of business. Directors serving districts of less than five thousand acres shall hold at least quarterly meetings on a day designated by the board's bylaws, and may adjourn any meeting from time to time as may be required for the proper transaction of business. Special meetings shall be called and conducted in the manner required by chapter 42.30 RCW. All meetings of the directors must be public. A majority of the directors shall constitute a quorum for the transaction of business, and in all matters requiring action by the board there shall be a concurrence of at least a majority of the directors. All records of the board shall be open to the inspection of any electors during business hours. The board shall have the power, and it shall be its duty, to adopt a seal of the district, to manage and conduct the business and affairs of the district, to make and execute all necessary contracts, to employ and appoint such agents, officers, and employees as may be necessary and prescribe their duties, and to establish equitable bylaws, rules, and regulations for the government and management of the district, and for the equitable distribution of water to the lands within the district, upon the basis of the beneficial use thereof, and generally to perform all such acts as shall be necessary to fully carry out the provisions of this chapter: PROVIDED, That all water, the right to the use of which is acquired by the district under any contract with the United States shall be distributed and apportioned by the district in accordance with the acts of congress, and rules and regulations of the secretary of the interior until full reimbursement has been made to the United States, and in accordance with the provisions of said contract in relation thereto. The bylaws, rules, and regulations must be on file and open to inspection of any elector during regular business hours. All leases, contracts, or other form of holding any interest in any state or other public lands shall be, and the same are hereby declared to be title to and evidence of title to lands and for all purposes within this act, shall be treated as the private property of the lessee or owner of the contractual or possessory interest: PROVIDED, That nothing in this section shall be construed to affect the title of the state or other public ownership, nor shall any lien for such assessment attach to the fee simple title of the state or other public ownership. The board of directors shall have authority to develop and to sell, lease, or rent the use of: (1) Water derived from the operation of the district water facilities to such municipal and quasi municipal entities, the state of Washington, and state entities and agencies, and public and private corporations and individuals located within and outside the boundaries of the district and on such terms and conditions as the board of directors shall determine; and (2) power derived from hydroelectric facilities authorized by RCW 87.03.015(1) as now or hereafter amended, to such municipal or quasi municipal corporations and cooperatives authorized to engage in the business of distributing electricity, electrical companies subject to the jurisdiction of the utilities and transportation commission, and other irrigation districts and on such terms and conditions as the board of directors shall determine: PROVIDED, No water shall be furnished for use outside of said district until all demands and requirements for water for use in said district are furnished and supplied by said district; AND PROVIDED FURTHER, That as soon as any public lands situated within the limits of the district shall be acquired by any private person, or held under any title of private ownership, the owner

[Title 87 RCW—page 12]
thereof shall be entitled to receive his or her proportion of water as in case of other land owners, upon payment by him or her of such sums as shall be determined by the board, and at the time to be fixed by the board, which sums shall be such equitable amount as such lands should pay having regard to placing said lands on the basis of equality with other lands in the district as to benefits received, and giving credit if equitable for any sums paid as water rent by the occupant of said lands prior to the vesting of private ownership, and such lands shall also become subject to all taxes and assessments of the district thereafter imposed. [2013 c 23 § 492; 1983 c 262 § 1; 1979 ex.s. c 185 § 3; 1921 c 129 § 5; 1919 c 180 § 4; 1915 c 179 § 4; 1913 c 165 § 5; 1889-90 p 677 § 11; RRS § 7428. Formerly RCW 87.01.200 and 87.32.010, part.]

87.03.120 System of drainage, sanitary sewers, or sewage disposal or treatment plants—Question—Notice—Meeting—Resolution. Whenever, in the judgment of the district board, a system of drainage, sanitary sewers, or sewage disposal or treatment plants for any lands included in the operation of the district will be of special benefit to the lands of the district as a whole, it shall pass a resolution to that effect and call a further meeting of the board to determine the question. Notice of said meeting shall be given by the secretary for the same length of time and in the same manner as required by law for the meeting of the county board to hear the petition for the organization of the district. At the time and place mentioned in the notice the board shall meet, hear such evidence as shall be presented, and fully determine the matter by resolution which said resolution shall be final and conclusive upon all persons as to the benefit of said system of drainage, sanitary sewers, or sewage disposal or treatment plants to the lands in the district. [1965 c 141 § 3; 1923 c 138 § 5, part; RRS § 7428-1. Formerly RCW 87.08.130, part.]

Organization of district—Notice: RCW 87.03.020.

87.03.125 System of drainage, sanitary sewers, or sewage disposal or treatment plants—Powers upon passage of resolution. Upon the passing of said resolution, the district shall in all respects have the same power and authority as is now, or may hereafter be, conferred respecting irrigation and all powers in this act conferred upon irrigation districts with respect to irrigation shall be construed to include drainage systems, sanitary sewers, and sewage disposal or treatment plants in conjunction therewith as herein provided. [1965 c 141 § 4; 1923 c 138 § 5, part; RRS § 7428-2. Formerly RCW 87.08.130, part.]

87.03.130 District change of name. Any district here- tofore or hereafter organized and existing, may change its name by filing with the board of county commissioners of the county in which was filed the original petition for the organization of the district, a certified copy of a resolution of its board of directors adopted by the unanimous vote of all the members of said board at a regular meeting thereof providing for such change of name; and thereafter all proceedings of such district shall be had under such changed name, but all existing obligations and contracts of the district entered into under its former name shall remain outstanding without change and with the validity thereof unimpaired and unaffected by such change of name, and a change of name hereto- fore made by any existing irrigation district in this state, substantially in the manner above provided is hereby ratified, confirmed and validated. [1965 c 141 § 5; 1923 c 138 § 5, part; RRS § 7428-3. Formerly RCW 87.08.140.]

87.03.135 Sale or lease of district personal property. An irrigation district has the power to sell or lease personal property owned by the district whenever its board of directors, by resolution: Determines that the property is not necessary or needed for the use of the district; and authorizes the sale or lease. No sale or lease of such property shall be made until notice of the sale or lease is given by publication in at least twenty days before the date of the sale or lease in a newspaper of general circulation in the county where the property or part of the property is located or, if there is no such newspaper in the county, in a newspaper of general circulation published in an adjoining county. The publication shall be made at least once a week during three consecutive weeks before the day fixed for making the sale or lease. The publication shall contain notice of the intention of the board of directors to make the sale or lease and shall state the time and place at which proposals for the sale or lease will be considered and at which the sale or lease will be made. Any such property so sold or leased shall be sold or leased to the highest and best bidder.

The provisions of this section relating to publication of notice shall not apply when the value of the property to be sold or leased is less than ten thousand dollars. [2014 c 2 § 1; 1994 c 117 § 1; 1975 1st ex.s. c 163 § 1; 1967 ex.s. c 144 § 7; 1933 c 43 § 1; 1931 c 82 § 1; RRS § 7428-4. Formerly RCW 87.08.150.]

Official paper for publication: RCW 87.03.020.
Organization of board (holding of interest in public lands as evidence of title): RCW 87.03.115.

Additional notes found at www.leg.wa.gov

87.03.136 Sale or lease of district real property. An irrigation district has the power to sell or lease real property owned by the district whenever its board of directors, by resolution: Determines that the property is not necessary or needed for the use of the district; and authorizes the sale or lease. Notice of the district's intention to sell or lease the property shall be made by publication at least twenty days before the transaction is executed regarding the property in a newspaper of general circulation in the county where the property or part of the property is located or, if there is no such newspaper in the county, in a newspaper of general circulation published in an adjoining county. The publication shall be made at least once a week during three consecutive weeks. The notice shall state whether the sale or lease will be negotiated by the district or will be awarded by bid.

The district may lease the property for a duration determined by the board, afford the lessee the option to purchase the property, sell the property on contract for deferred payments, sell the property pursuant to a promissory note secured by a mortgage or deed of trust, or sell the property for cash and conveyance by deed. The appropriate documents
shall be executed by the president of the board and acknowledged by the secretary.

The resolution authorizing the sale or lease shall be entered in the minutes of the board and shall fix the price at which the lease, option, or sale may be made. The price shall be not less than the reasonable market value of the property; however, the board may, without consideration, dedicate, grant, or convey district land or easements in district land for highway or public utility purposes that convenience the inhabitants of the district if the board deems that the action will enhance the value of the remaining district land to an extent equal to or greater than the value of the land or easement dedicated, granted, or conveyed. [2011 c 50 § 1; 1994 c 117 § 2.]

87.03.137 Purchase or condemnation for developing hydroelectric generation capabilities—Limitations. For the purpose of developing hydroelectric generation capabilities in connection with irrigation facilities, the board of directors of an irrigation district shall have the power, in accordance with procedures provided in this chapter, to acquire, either by purchase or condemnation, or other legal means, all lands, waters, water rights, and other property located within or outside the boundaries of the district necessary for the construction, use, supply, maintenance, repair, or improvement of hydroelectric facilities to the extent authorized by RCW 87.03.015(1), as now or hereafter amended.

Irrigation districts are prohibited from condemning: (1) Any hydroelectric power plants, hydroelectric power sites, power lines or other power facilities or any lands, water rights, or other property of municipal and quasi municipal corporations, cooperatives authorized to engage in the business of distributing electricity, and electrical companies subject to the jurisdiction of the utilities and transportation commission; and (2) water rights held by private individual landowners where such waters are being put to beneficial use. [1979 ex.s. c 185 § 4.]

Additional notes found at www.leg.wa.gov

87.03.138 Civil immunity of directors, officers, employees, or agents for good faith performance of official duties. Directors, officers, employees, or agents of irrigation districts shall be immune from civil liability for any cause of action or claim for damages for any mistakes and errors of judgment in the good faith performance of acts within the scope of their official duties involving any discretionary decision or failure to make a discretionary decision which relate solely to their responsibilities for electrical utilities, hydroelectric facilities, potable water facilities, or irrigation works. This grant of immunity shall not be construed as modifying the liability of the irrigation district. [2004 c 215 § 1; 1983 1st ex.s. c 48 § 3.]

Additional notes found at www.leg.wa.gov

87.03.139 Lawful disposal of sewage and waste by others—Immunity. No irrigation district, its directors, officers, employees, or agents operating and maintaining irrigation works for any purpose authorized by law, including the production of food for human consumption and other agricultural and domestic purposes, is liable for damages to persons or property arising from the disposal of sewage and waste discharged by others into the irrigation works pursuant to federal or state statutes, rules, or regulations permitting the discharge. [1997 c 354 § 2.]

87.03.140 Board’s powers and duties generally—Condemnation procedure. The board, and its agents and employees, shall have the right to enter upon any land to make surveys, and may locate the necessary irrigation or drainage works, power plants, power sites or power lines and the line for any canal or canals, and the necessary branches of laterals for the same, on any lands which may be deemed best for such location. Said board shall also have the power to acquire, either by purchase or condemnation, or other legal means, all lands, waters, water rights, and other property necessary for the construction, use, supply, maintenance, repair and improvements of said canal or canals and irrigation and drainage works, including canals and works constructed or being constructed by private owners, or any other person, lands for reservoirs for the storage of needful waters and all necessary appurtenances. The board may also construct the necessary dams, reservoirs and works for the collection of water for the said district, and may enter into contracts for a water supply to be delivered to the canals and works of the district, and do any and every lawful act necessary to be done in order to carry out the purposes of this act; and in carrying out the aforesaid purposes the bonds of the district may be used by the board, at not less than ninety percent of their par value in payment. The board may enter into any obligation or contract with the United States or with the state of Washington for the supervision of the construction, for the construction, reconstruction, betterment, extension, sale or purchase, or operation and maintenance of the necessary works for the delivery and distribution of water therefrom under the provisions of the state reclamation act, or under the provisions of the federal reclamation act, and all amendments or extensions thereof, and the rules and regulations established thereunder, or it may contract with the United States for a water supply or for reclamation purposes in general under any act of congress which, for the purposes of this act, shall be deemed to include any act of congress for reclamation purposes heretofore or hereafter enacted providing for and permitting such contract, or for the collection of money due or to become due to the United States, or for the assumption of the control and management of the works; and in case contract has been or may hereafter be made with the United States, as herein provided, bonds of the district may be deposited with the United States as payment or as security for future payment at not less than ninety percent of their par value, the interest on said bonds to be provided for by assessment and levy as in the case of other bonds of the district, and regularly paid to the United States to be applied as provided in such contract, and if bonds of the district are not so deposited, it shall be the duty of the board of directors to include as part of any levy or assessment provided in RCW 87.03.260 an amount sufficient to meet each year all payments accruing under the terms of any such contract. The board may accept on behalf of the district appointment of the district as fiscal agent of the United States or the state of Washington or other authorization of the district by the United States or the state of Washington to make collections of money for or on behalf of the United States or the state of Washington in connection with any federal or other...
reclamation project, whereupon the district, and the county treasurer for the district, shall be authorized to so act and to assume the duties and liability incident to such action, and the said board shall have full power to do any and all things required by the federal statutes now or hereafter enacted in connection therewith, and all things required by the rules and regulations now or that may hereafter be established by any department of the federal government in regard thereto.

The use of all water required for the irrigation of the lands within any district, together with rights-of-way for canals, laterals, ditches, sites for reservoirs, power plants, sites, and lines, and all other property required in fully carrying out the purposes of the organization of the district is hereby declared to be a public use; and in condemnation proceedings to acquire any property or property rights for the use of the district, the board of directors shall proceed in the name of the district, in the manner provided in this state in cases of appropriation of lands, real estate and other property by private corporations: PROVIDED, That the irrigation district, at its option, pursuant to resolution to that end duly passed by its board of directors may unite in a single action proceedings for the acquisition and condemnation of different tracts of land needed by it for rights-of-way for canals, laterals, power plants, sites, and lines and other irrigation works which are held by separate owners. And the court may, on the motion of any party, consolidate into a single action separate suits for the condemnation of rights-of-way for such irrigation works whenever from motives of economy or the expediting of business it appears desirable so to do: PROVIDED FURTHER, That there shall be a separate finding of the court or jury as to each tract held in separate ownership.

In any condemnation proceeding brought under the provisions of this act to acquire canals, laterals and ditches and rights-of-way therefor, sites, reservoirs, power plants and pumping plants and sites therefor, power canals, transmission lines, electrical equipment and any other property, and if the owner or owners thereof or their predecessors shall have issued contracts or deeds agreeing to deliver to the holders of said contracts or deeds water for irrigation purposes, or authorizing the holders thereof to take or receive water for irrigation purposes from any portion of said property or works, and if the delivery of said water or the right to take or receive the same shall in any manner constitute a charge upon, or a right in the property and works sought to be acquired, or any portion thereof, the district shall be authorized to institute and maintain said condemnation proceedings for the purpose of acquiring said property and works, and the interest of the owners therein subject to the rights of the holders of such contracts or deeds, and the court or jury making the award shall determine and award to such owner or owners the value of the interest to be so appropriated in said condemnation proceedings. [1921 c 129 § 6; 1919 c 180 § 5; 1915 c 179 § 5; 1913 c 165 § 6; 1913 c 13 § 1; 1889-90 p 678 § 12; RRS § 7429. Formerly RCW 87.01.210, part and 87.08.080.] Bonds of director, secretary or county treasurer when fiscal agent of United States: RCW 87.03.082. Cancellation of assessments due United States—Procedure: RCW 87.03.280.

Certain powers of district enumerated: RCW 87.03.015. Certain purposes for which district may be formed: RCW 87.03.010.
87.03.155 Conveyances—Actions by and against district. The said board is hereby authorized and empowered to take conveyances or other assurances for all property acquired by it under the provisions of this act, in the name of such irrigation district, to and for the uses and purposes herein expressed, and to institute and maintain any and all actions and proceedings, suits at law or in equity, necessary or proper in order to fully carry out the provisions of this act, or to enforce, maintain, protect or preserve any and all rights, privileges and immunities created by this act, or acquired in pursuance thereof; and in all courts, actions, suits or proceedings, the said board may sue, appear and defend, in person or by attorneys, and in the name of such irrigation district. [1889-90 p 679 § 14; RRS § 7431. Formerly RCW 87.01.230.]

87.03.158 Officers, employees, agents—Legal representation—Costs of defense. The board of directors of an irrigation district may authorize an attorney of its choosing to defend an officer, employee, or agent of the district, present or former, who requests representation as a result of an action, claim, or proceeding instituted against him or her. The costs of defense, including attorney's fees and any obligation for payment arising from the action, may be paid from district funds. Costs of defense, and judgment or settlement not in the person's favor, shall not be paid by the district if the court finds the person was not acting in good faith or within the scope of the person's employment or duties for the district. [1986 c 8 § 1.]

87.03.160 Group insurance—Purchase. The board of directors of irrigation districts shall have the authority and power to contract for and to pay the premium upon group life, health and accident insurance upon its employees; and to make all such insurance available to its directors, subject to payment by the directors of all costs of insurance for directors. [1975 c 14 § 1; 1951 c 159 § 1. Formerly RCW 87.01.225.]

Hospitalization and medical insurance authorized: RCW 41.04.180.

Hospitalization and medical insurance not deemed additional compensation: RCW 41.04.190.

87.03.162 Liability insurance for officials and employees. The board of directors of each irrigation district may purchase liability insurance with such limits as they may deem reasonable for the purpose of protecting their officials and employees against liability for personal or bodily injuries and property damage arising from their acts or omissions while performing or in good faith purporting to perform their official duties. [1973 c 125 § 8.]

87.03.165 Proposed works—Surveys, maps and plans to be prepared. For the purpose of construction, reconstruction, betterment, extension or acquisition of the necessary property and rights therefor, and otherwise carrying out the provisions of law relating to irrigation districts, the board of directors of any such district must, as soon after such district has been organized as may be practicable, and whenever thereafter the board deems it necessary or expedient to raise additional money for said purpose, cause the necessary surveys, examinations, maps and plans to be made and shall demonstrate the practicability of the general plan of the district's proposed works and furnish the proper basis for an estimate of the cost of carrying out the same. [1923 c 138 § 7, part; RRS § 7431 1/2. Formerly RCW 87.12.010, part and 87.16.010.]

Map of district: RCW 87.03.775.

87.03.170 Proposed works—Certification filed with director of ecology. Such examinations, surveys, maps, plans and specifications with estimates of cost as are deemed necessary for an understanding of the proposed plan of development shall be certified by the district board and its engineer and filed with the state director of ecology at Olympia, Washington. [1988 c 127 § 41; 1923 c 138 § 7, part; RRS § 7431 1/2-1. Formerly RCW 87.12.020, part.]

87.03.175 Proposed works—Director's findings to district board. Said director shall forthwith consider said certified report and if he or she deem it advisable make, through the appropriate divisions of his or her department, additional studies of the project at the expense of the district, and as soon as practicable thereafter, but in any event within ninety days from the receipt of said certified report, make his or her findings and submit the same to the district board. [2013 c 23 § 493; 1923 c 138 § 7, part; RRS § 7431 1/2-2. Formerly RCW 87.12.020, part.]

87.03.180 Proposed works—Substance of director's findings. In his or her findings said state director shall give generally his or her conclusions regarding the supply of water available for the project, the nature of the soil proposed to be irrigated and its susceptibility to irrigation, the duty of water for irrigation and the probable need of drainage, the probable cost of works, water rights, and other property necessary for the project, the conditions of land settlement therein, and the proper amount and dates of maturity of the bonds proposed to be issued, and such other matters as he or she deems pertinent to the success of the project, provided that said findings and conclusions shall be advisory only and shall not be binding upon the directors of the irrigation district. [2013 c 23 § 494; 1923 c 138 § 7, part; RRS § 7431 1/2-3. Formerly RCW 87.12.030.]

87.03.185 Proposed works—Reclamation Service may make findings. In the case of an irrigation district under contract or in cooperation with the United States under the provisions of the United States Reclamation Act, the investigation and findings above required to be made by the state director of ecology may be made by the United States Reclamation Service with the same authority and under like
Elections are governed by irrigation district laws: RCW 87.03.085 through 87.03.110.
and it shall be the duty of the district's board of directors, within ninety days after receipt of the completed bonds or any coupons, to ascertain that such plate or plates have been destroyed. Every printer, engraver, or lithographer who, with the intent to defraud, prints, engravels, or lithographs a facsimile signature upon any bond or any coupon without written order of the district's board of directors, or fails to destroy such plate or plates containing the facsimile signature upon direction of such issuing authority, is guilty of a class B felony punishable according to chapter 9A.20 RCW.

(3) Whenever the electors shall vote to authorize the issuance of bonds of the district such authorization shall nullify and cancel all unsold bonds previously authorized, and if the question is submitted to and carried by the electors at the bond election, any bond issue may be exchanged in whole or in part, at par, for any or all of a valid outstanding bond issue of the district when mutually agreeable to the owner or owners thereof and the district, and the amount of the last bond issue in excess, if any, of that required for exchange purposes, may be sold as in the case of an original issue. The bonds of any issue authorized to be exchanged in whole or in part for outstanding bonds shall state on their face the amount of such issue so exchanged, and shall contain a certificate of the treasurer of the district as to the amount of the bonds exchanged, and that the outstanding bonds have been surrendered and canceled: PROVIDED FURTHER, That where bonds have been authorized and unsold, the board of directors may submit to the qualified voters of the district the question of canceling the previous authorization, which question shall be submitted upon the same notice and under the same regulations as govern the submission of the original question of authorizing a bond issue. At such election the ballots shall contain the words "Cancellation Yes," and "Cancellation No," or words equivalent thereto. If at such election a majority of the votes are "Cancellation Yes," the issue shall be thereby canceled and no bonds may be issued thereunder. If the majority of ballots are "Cancellation No," the original authorization shall continue in force with like effect as though the cancellation election had not been held: PROVIDED, That bonds deposited with the United States in payment or in pledge may call for the payment of such interest at such rate or rates, may be of such denominations, and calle 4.8.180.

(5) Notwithstanding subsections (1) through (4) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [2003 c 53 § 411; 1983 c 167 § 213; 1977 ex.s. c 119 § 1; 1970 ex.s. c 56 § 95; 1969 ex.s. c 232 § 46; 1963 c 68 § 2; 1923 c 138 § 9; 1921 c 129 § 8; 1917 c 162 § 3A; 1915 c 179 § 7; 1895 c 165 § 5; 1889-90 p 679 § 15; RRS § 7432. Formerly RCW 87.16.020 through 87.16.070.]

Reviser's note: *(1) This act" appears to refer to 1921 c 129. **(2) This act" appears to refer to 1889-90 p. 679.

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020. Additional notes found at www.leg.wa.gov

87.03.205 Sections exclusive of other bonding methods—Validation. The procedure outlined in RCW 87.03.165 through 87.03.190, 87.03.200, and in 87.03.210, for the authorization, issuance and disposal of bonds as here-tofofe constituted and shall hereafter constitute a method independent and exclusive of that provided by any other statute or statutes, for the authorization, issuance and disposal of bonds of the district for any and all of the objects and purposes in said sections provided, and any or all proceedings heretofore had, official acts heretofore performed or any bonds heretofore authorized or issued or disposed of in substantial accordance with the provisions of said sections are hereby validated and confirmed. [1933 ex.s. c 11 § 5; RRS § 7432 1/2. Formerly RCW 87.16.130.]

87.03.210 Sale or pledge of bonds. (1) The board may sell the bonds of the district or pledge the same to the United
States from time to time in such quantities as may be necessary and most advantageous to raise money for the construction, reconstruction, betterment or extension of such canals and works, the acquisition of said property and property rights, the payment of outstanding district warrants when consented to in writing by the director of ecology, and to such extent as shall be authorized at said election, the assumption of indebtedness to the United States for the district lands, and otherwise to fully carry out the objects and purposes of the district organization, and may sell such bonds, or any of them, at private sale whenever the board deems it for the best interest of the district so to do: PROVIDED, That no election to authorize bonds to refund outstanding warrants shall be held and canvassed after the expiration of the year 1934. The board of directors shall also have power to sell said bonds, or any portion thereof, at private sale, and accept in payment thereof, property or property rights, labor and material necessary for the construction of its proposed canals or irrigation works, power plants, power sites and lines in connection therewith, whenever the board deems it for the best interests of the district so to do. If the board shall determine to sell the bonds of the district, or any portion thereof, at public sale, the secretary shall publish a notice of such sale for at least three weeks in such newspaper or newspapers as the board may order. The notice shall state that sealed proposals will be received by the board, at its office, for the purchase of the bonds to be sold, until the day and hour named in the notice. At the time named in the notice, the board shall open the proposals and award the purchase of the bonds to the highest responsible bidder and may reject all bids: PROVIDED, That such bonds shall not be sold for less than ninety percent of their face value: AND PROVIDED, FURTHER, That the proceeds of all bonds sold for cash must be paid by the purchaser to the county treasurer of the county in which the office of the board is located, and credited to the bond fund. (2) Notwithstanding subsection (1) of this section, such bonds may also be issued and sold in accordance with chapter 39.46 RCW. [1988 c 127 § 44; 1983 c 167 § 214; 1933 c 43 § 2; 1921 c 129 § 9; 1915 c 179 § 8; 1913 c 165 § 7; 1895 c 165 § 6; 1889-90 p 681 § 16; RRS § 7433. Formerly RCW 87.16.080.]

Additional notes found at www.leg.wa.gov

87.03.215 Payment of bonds and interest, other indebtedness—Lien, enforcement of—Scope of section. Said bonds and interest thereon and all payments due or to become due to the United States or the state of Washington under any contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington shall be and remain liable to be assessed for such payments until fully paid and any assessment lien which attaches thereto shall be the exclusive lien notwithstanding other liens provided for in this section. In the event of a contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington as provided in RCW 87.03.140 and the contract covers real property in only a portion or portions of the district, the question of whether the district should enter the contract shall be submitted only to those qualified electors who hold title or evidence of title to real property within that portion or portions of the district covered by the contract and the real property shall be and remain liable to be assessed for such payments until fully paid and any assessment lien which attaches thereto shall be the exclusive lien notwithstanding other liens provided for in this section. In the event of a contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington as provided in RCW 87.03.200. [1983 c 167 § 215; 1981 c 209 § 16; 1921 c 129 § 10; 1915 c 179 § 9; 1913 c 165 § 8; 1895 c 165 § 7; 1889-90 p 681 § 17; RRS § 7434. Formerly RCW 87.16.090.]

Additional notes found at www.leg.wa.gov

87.03.235 Rights of federal agencies as to certain district bonds. If the United States under any act of congress or under rules and regulations adopted by the secretary of the interior, shall be willing to guarantee the interest upon bonds of any irrigation district, or shall be willing to receive bonds of any such district in payment of, or as security for payment upon, any contract of the United States, or which may hereafter be issued or made by any district: PROVIDED, That when any such contract made after December 1, 1981, between any district and the United States or the state of Washington covers only the real property in a portion or portions of the district, all payments due or to become due to the United States or the state of Washington shall be paid by revenue derived from an annual assessment upon the real property only in that portion or portions of the district covered by the contract and the real property shall be and remain liable to be assessed for such payments until fully paid and any assessment lien which attaches thereto shall be the exclusive lien notwithstanding other liens provided for in this section. In the event of a contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington as provided in RCW 87.03.140 and the contract covers real property in only a portion or portions of the district, the question of whether the district should enter the contract shall be submitted only to those qualified electors who hold title or evidence of title to real property within that portion or portions of the district and in the same manner as provided in RCW 87.03.200. [1983 c 167 § 215; 1981 c 209 § 16; 1921 c 129 § 10; 1915 c 179 § 9; 1913 c 165 § 8; 1895 c 165 § 7; 1889-90 p 681 § 17; RRS § 7434. Formerly RCW 87.16.090.]

**87.03.240 Assessments, how and when made—Assessment roll.** Assessments made in order to carry out the purpose of this act shall be made in proportion to the benefits accruing to the lands assessed and equitable credit shall be given to the lands having a partial or full water right: PROVIDED, That nothing herein shall be construed to affect or impair the obligation of any existing contract providing for a water supply to lands so assessed, unless the right under such contract shall first have been acquired by said district, and in acquiring such rights, the district may exercise the right of eminent domain.

The secretary must between the first Monday in March and the first Tuesday in November each year prepare an assessment roll with appropriate headings in which must be listed all the lands within the district. In such book must be specified, in separate columns, under the appropriate headings:

First, the name of the person to whom the property is assessed. If the name is not known to the secretary, the property shall be assessed to "unknown owners".

Second, land by township, range and section or fractional section, and when such land is not a legal subdivision, by metes and bounds, or other description sufficient to identify it, giving an estimate of the number of acres, city and town lots, naming the city or town, and the number and block according to the system of numbering in such city or town.

Assessors’ plat tax numbers used by county assessors for general state and county taxes in the county where such land is situate may be used for such identification in such assessment roll.

Third, in further columns with appropriate headings shall be specified the ratio of benefits, or, when deemed by the secretary more practicable, the per acre value, or the amount of benefits, for general and special district and local improvement district purposes, and the total amount assessed against each tract of land.

Any property which may have escaped assessment for any year or years, shall in addition to the assessment for the then current year, be assessed for such year or years with the same effect and with the same penalties as are provided for such current year and any property delinquent in any year may be directly assessed during the current year for any expenses caused the district on account of such delinquency.

Where the district embraces lands lying in more than one county the assessment roll shall be so arranged that the lands lying in each county shall be segregated and grouped according to the county in which the same are situated. [1933 c 43 § 3; 1921 c 129 § 11; 1919 c 180 § 7; 1917 c 162 § 4; 1915 c 179 § 10; 1913 c 165 § 9; 1895 c 165 § 8; 1889-90 p 681 § 18; RRS § 7436. Formerly RCW 87.32.010, part and 87.32.020.]

**Evidence of assessment, what is: RCW 87.03.420.**

**87.03.245 Deputy secretaries for assessment.** The board of directors must allow the secretary as many deputies, to be appointed by them, as will, in the judgment of the board, enable him or her to complete the assessment within the time herein prescribed. The board must fix the compensation of such deputies for the time actually engaged. [2013 c 23 § 495; 1919 c 180 § 8; 1895 c 165 § 9; 1889-90 p 682 § 19; RRS § 7437. Formerly RCW 87.08.180.]

**87.03.250 Assessment roll to be filed—Notice of equalization.** On or before the first Tuesday in September in each year to and including the year 1923, and on or before the first Tuesday in November beginning with the year 1924 and each year thereafter, the secretary must complete his or her assessment roll and deliver it to the board, who must immediately give a notice thereof, and of the time the board of directors, acting as a board of equalization will meet to equalize assessments, by publication in a newspaper published in each of the counties comprising the district. The time fixed for the meeting shall not be less than twenty nor more than thirty days from the first publication of the notice, and in the meantime the assessment roll must remain in the office of the secretary for the inspection of all persons interested. [2013 c 23 § 496; 1921 c 129 § 12; 1919 c 180 § 9; 1895 c 165 § 10; 1889-90 p 682 § 20; RRS § 7438. Formerly RCW 87.32.030.]

**87.03.255 Equalization of assessments.** Upon the day specified in the notice required by RCW 87.03.250 for the meeting, the board of directors, which is hereby constituted a board of equalization for that purpose, shall meet and continue in session from day to day as long as may be necessary, not to exceed ten days, exclusive of Sundays, to hear and determine such objections to the said assessment roll as may come before them; and the board may take the same as may be just. The secretary of the board shall be present during its session, and note all changes made at said hearing; and on or before the 30th day of October in each year to and including the year 1923, and on or before the 15th day of January beginning with the year 1925 and each year thereafter he or she shall have the assessment roll completed as finally equalized by the board. [2013 c 23 § 497; 1921 c 129 § 13; 1919 c 180 § 10; 1915 c 179 § 11; 1889-90 p 682 § 21; RRS § 7439. Formerly RCW 87.32.040.]

**87.03.260 Levies, amount—Special funds—Failure to make levy, procedure.** The board of directors shall in each year before said roll is delivered by the secretary to the respective county treasurers, levy an assessment sufficient to raise the ensuing annual interest on the outstanding bonds, and all payments due or to become due in the ensuing year to the United States or the state of Washington under any contract between the district and the United States or the state of Washington accompanying which bonds of the district have not been deposited with the United States or the state of Washington as in this act provided. Beginning in the year preceding the maturity of the first series of the bonds of any issue, the board must from year to year increase said assessment for the ensuing years in an amount sufficient to pay and...
discharge the outstanding bonds as they mature. Similar levy and assessment shall be made for the expense fund which shall include operation and maintenance costs for the ensuing year. The board shall also at the time of making the annual levy, estimate the amount of all probable delinquencies on said levy and shall thereupon levy a sufficient amount to cover the same and a further amount sufficient to cover any deficit that may have resulted from delinquent assessments for any preceding year. The board shall also, at the time of making the annual levy, estimate the amount of the assessments to be made against lands owned by the district, including local improvement assessments, and shall levy a sufficient amount to pay said assessments. All lands owned by the district shall be exempt from general state and county taxes: PROVIDED, HOWEVER, That in the event any lands, and any improvements located thereon, acquired by the district by reason of the foreclosure of irrigation district assessments, shall be by said district resold on contract, then and in that event, said land, and any such improvements, shall be by the county assessor immediately placed upon the tax rolls for taxation as real property and shall become subject to general property taxes from and after the date of said contract, and the secretary of the said irrigation district shall be required to immediately report such sale within ten days from the date of said contract to the county assessor who shall cause the property to be entered on the tax rolls as of the first day of January following.

The board may also at the time of making the said annual levy, levy an amount not to exceed twenty-five percent of the whole levy for the said year for the purpose of creating a surplus fund. This fund may be used for any of the district purposes authorized by law. The assessments, when collected by the county treasurer, shall constitute a special fund, or funds, as the case may be, to be called respectively, the "Bond Fund of . . . . . . Irrigation District," the "Contract Fund of . . . . . . Irrigation District," the "Expense Fund of . . . . . . Irrigation District," the "Warrant Fund of . . . . . . Irrigation District," the "Surplus Fund of . . . . . . Irrigation District".

If the annual assessment roll of any district has not been delivered to the county treasurer on or before the 15th day of January in the year 1927, and in each year thereafter, he or she shall notify the secretary of the district by registered mail that said assessment roll must be delivered to the office of the county treasurer forthwith. If said assessment roll is not delivered within ten days from the date of mailing of said notice to the secretary of the district, or if said roll when delivered is not equalized and the required assessments levied as required by law, or if for any reason the required assessment or levy has not been made, the county treasurer shall immediately notify the legislative authority of the county in which the office of the board of directors is situated, and said county legislative authority shall cause an assessment roll for the said district to be prepared and shall equalize the same if necessary and make the levy required by this chapter in the same manner and with like effect as if the same had been equalized and made by the said board of directors, and all expenses incident thereto shall be borne by the district. In case of neglect or refusal of the secretary of the district to perform the duties imposed by law, then the treasurer of the county in which the office of the board of directors is situated must perform such duties, and shall be accountable therefor, on his or her official bond, as in other cases.

At the time of making the annual levy in the year preceding the final maturity of any issue of district bonds, the board of directors shall levy a sufficient amount to pay and redeem all bonds of said issue then remaining unpaid. All surplus remaining in any bond fund after all bonds are paid in full must be transferred to the surplus fund of the district.

Any surplus moneys in the surplus fund or any surplus moneys in the bond fund when so requested by the board of directors shall be invested by the treasurer of said county under the direction of said board of directors in United States bonds or bonds of the state of Washington, or any bonds pronounced by the treasurer of the state of Washington as valid security for the deposit of public funds, and in addition thereto any bonds or warrants of said district, all of which shall be kept in the surplus fund until needed by the district for the purposes authorized by law. [2013 c 23 § 498; 1983 c 167 § 216; 1967 c 169 § 1; 1941 c 157 § 1; 1929 c 185 § 1; 1927 c 243 § 1; 1923 c 138 § 10; 1921 c 129 § 14; 1919 c 180 § 11; 1915 c 179 § 12; 1913 c 165 § 10; 1895 c 165 § 11; 1889-90 p 683 § 22; Rem. Supp. 1941 § 7440. Formerly RCW 87.32.060, 87.32.070, 87.32.080, and 87.32.090.]

87.03.265 Lien of assessment. The assessment upon real property shall be a lien against the property assessed, from and after the first day of January in the year in which it is levied, but as between grantor and grantee such lien shall not attach until the county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020 in the year in which the assessment is payable, which lien shall be paramount and superior to any other lien theretofore or thereafter created, whether by mortgage or otherwise, except for a lien for prior assessments, and such lien shall not be removed until the assessments are paid or the property sold for the payment thereof as provided by law. And the lien for the bonds of any issue shall be a preferred lien to that of any subsequent issue. Also the lien for all payments due or to become due under any contract with the United States, or the state of Washington, accompanying which bonds of the district have not been deposited with the United States or the state of Washington, as in RCW 87.03.140 provided, shall be a preferred lien to any issue of bonds subsequent to the date of such contract. [2009 c 350 § 5; 1939 c 171 § 2; 1921 c 129 § 15; 1915 c 179 § 13; 1913 c 165 § 11; 1889-90 p 684 § 23; RRS § 7441. Formerly RCW 87.32.100.]
87.03.270 Assessments, when delinquent—Assessment book, purpose—Statement of assessments due—Collection—Additional fee for delinquency. The assessment roll, before its equalization and adoption, shall be checked and compared as to descriptions and ownerships, with the county treasurer's land rolls. On or before the fifteenth day of January in each year the secretary must deliver the assessment roll or the respective segregation thereof to the county treasurer of each respective county in which the lands therein described are located, and said assessments shall become due and payable after the county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020.

All assessments on said roll shall become delinquent on the first day of May following the filing of the roll unless the assessments are paid on or before the thirtieth day of April of said year: PROVIDED, That if an assessment is ten dollars or more for said year and if one-half of the assessment is paid on or before the thirtieth day of April, the remainder shall be due and payable on or before the thirty-first day of September following and shall be delinquent after that date. All delinquent assessments shall bear interest at the rate of twelve percent per annum, computed on a monthly basis and without compounding, from the date of delinquency until paid.

Upon receiving the assessment roll the county treasurer shall prepare therefrom an assessment book in which shall be written the description of the land as it appears in the assessment roll, the name of the owner or owners where known, and if assessed to the unknown owners, then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

On or before April 1st of each year, the treasurer of the district shall send a statement of assessments due. County treasurers who collect irrigation district assessments may send the statement of irrigation district assessments together with the statement of general taxes.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed.

It shall be the duty of the treasurer of the district to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his or her office upon land described in such request. All statements of irrigation district assessments covering any land in the district shall show the amount of the irrigation district assessment, the dates on which the assessment is due, the place of payment, and, if the property was sold for delinquent assessments in a prior year, the amount of the delinquent assessment and the notation "certificate issued": PROVIDED, That the failure of the treasurer to render any statement herein required of him or her shall not render invalid any assessments made by any irrigation district.

It shall be the duty of the county treasurer of any county, other than the county in which the office of the board of directors is located, to make monthly remittances to the county treasurer of the county in which the office of the board of directors is located covering all amounts collected by him or her for the irrigation district during the preceding month.

When the treasurer collects a delinquent assessment, the treasurer shall collect any other amounts due by reason of the delinquency, including any accrued costs, which shall be deposited to the treasurer's operation and maintenance fund. [2013 c 23 § 499; 2009 c 350 § 6; 1988 c 134 § 13; 1982 c 102 § 1; 1981 c 209 § 1; 1967 c 169 § 2; 1939 c 171 § 3; 1933 c 43 § 4; 1931 c 60 § 2; 1929 c 181 § 1; 1921 c 129 § 16; 1919 c 180 § 12; 1917 c 162 § 5; 1915 c 179 § 14; 1913 c 165 § 12; 1913 c 13 § 2; 1895 c 165 § 12; 1889–90 p 684 § 24; RRS § 7442. Formerly RCW 87.32.050.]

Assessments districts under contract with United States: Chapter 87.68 RCW.

Evidence of assessment, what is: RCW 87.03.420.

Additional notes found at www.leg.wa.gov

87.03.271 Lien for delinquent assessment to include costs and interest. The lien for delinquent assessments shall include the district's and treasurer's costs attributable to the delinquency and interest at the rate of twelve percent per year, computed monthly and without compounding, on the assessments and costs. The word "costs" as used in this section includes all costs of collection, including but not limited to reasonable attorneys’ fees, publication costs, costs of preparing certificates of delinquency, title searches, and the costs of foreclosure proceedings. [1988 c 134 § 14.]

87.03.272 Secretary may act as collection agent of nondelinquent assessments—Official bond—Collection procedure—Delinquency list. Notwithstanding the provisions of RCW 87.03.260, 87.03.270, 87.03.440, and 87.03.445, the board of directors of any district acting as fiscal agent for the United States or the state of Washington for the collection of any irrigation charges may authorize the secretary of the district to act as the exclusive collection agent for the collection of all nondelinquent irrigation assessments of the district pursuant to such rules and regulations as the board of directors may adopt.

When the secretary acts as collection agent, his or her official bond shall be of a sufficient amount as determined by the board of directors of the district to cover any amounts he or she may be handling while acting as collection agent, in addition to any other amount required by reason of his or her other duties.

The assessment roll of such district shall be delivered to the county treasurer in accordance with the provisions of RCW 87.03.260 and 87.03.270 and the assessment roll shall be checked and verified by the county treasurer as provided in RCW 87.03.270.

After the assessment roll has been checked and verified by the county treasurer, the secretary of the district shall pro-
ceed to publish the notice as required under RCW 87.03.270; except that the notice shall provide that until the assessments and tolls become delinquent on November 1st they shall be due and payable in the office of the secretary of the district.

When the secretary of such district receives payments, he or she shall issue a receipt for such payments and shall be accountable on his or her official bond for the safekeeping of such funds and shall remit the same, along with an itemized statement of receipts, at least once each month to the county treasurer wherein the land is located on which the payment was made.

When the county treasurer receives the monthly statement of receipts from the secretary, he or she shall enter the payments shown thereon on the assessment roll maintained in his or her office.

On the fifteenth day of November of each year it shall be the duty of the secretary to transmit to the county treasurer the delinquency list which shall include the names, amounts, and such other information as the county treasurer shall require, and thereafter the secretary shall not accept any payment on the delinquent portion of any account. Upon receipt of the list of delinquent accounts, the county treasurer shall proceed under the provisions of this chapter as though he or she were the collection agent for such district to the extent of such delinquent accounts. [2013 c 23 § 500; 1982 c 102 § 2; 1967 c 169 § 3.]

Additional notes found at www.leg.wa.gov

87.03.275 Medium of payment of assessments. All assessments and tolls authorized under this act shall be paid in legal tender of the United States except that assessments and tolls levied for the expense fund of the district may be paid with district warrants issued in payment for labor hired by the district, at par without interest drawn on the expense fund in the year in which the assessment to be paid thereby is payable, or in the preceding year, and such warrants shall be so accepted notwithstanding their serial numbers or their order of issue as to then outstanding warrants: PROVIDED, HOWEVER, That in no case shall the county treasurer be authorized to pay any cash difference to the holders of any warrant so offered in payment of such assessments and in the event such warrant shall exceed the amount so applied on assessments, the county treasurer shall issue to the holder thereof a certificate directing the county auditor to issue to such holder a district warrant on the same fund, bearing date on which such lieu warrant is issued, for the difference between the face or par amount of the warrant received by the treasurer, without interest, and the amount credited on said assessment. Upon the surrender of such lien warrant certificate the county auditor shall be authorized to issue and deliver such lien warrant. [1933 c 43 § 5; 1923 c 138 § 11; RRS § 7442-1. Formerly RCW 87.32.120.]

87.03.277 Payment by credit cards, charge cards, and other electronic communication. Irrigation districts that have designated their own treasurers as provided in RCW 87.03.440 may accept credit cards, charge cards, debit cards, smart cards, stored value cards, federal wire, automatic clearinghouse system transactions, or other electronic communication, for any payment of any kind including, but not limited to, assessments, fines, interest, penalties, special assessments, fees, rates, tolls and charges, or moneys due irrigation districts. A payer desiring to pay by a credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication shall bear the cost of processing the transaction in an amount determined by the treasurer, unless the board of directors finds that it is in the best interests of the district to not charge transaction processing costs for all payment transactions made for a specific category of payments due the district, including, but not limited to, assessments, fines, interest, penalties, special assessments, fees, rates, tolls, and charges. The treasurer's cost determination shall be based upon costs incurred by the treasurer and may not, in any event, exceed the additional direct costs incurred by the district to accept the specific form of payment used by the payer. [2004 c 215 § 2; 2002 c 53 § 1.]

87.03.280 Cancellation of assessments due United States—Procedure. Where any district under contract with the United States has levied any assessment for the collection of money payable to the United States under such contract, and the secretary of the interior has by agreement with the board of directors of said district, authorized the extension or cancellation of any payments due to the United States by the cancellation of assessments already levied therefor but remaining unpaid, the board of directors of such district shall certify to the county treasurer of the county in which the land is located, a statement of the year and amounts assessed against each tract for which such cancellation has been authorized, and the county treasurer, upon receipt of such certificate, shall, in all cases where the assessment remains unpaid and the lands have not been sold, endorse upon the district's assessment roll, "Corrected under Certificate of Board of Directors" and shall deduct and cancel from the assessment against each such tract the amount of such assessment so authorized to be canceled; and in all cases where such cancellations have been certified to the county treasurer after such lands assessed have been sold and before the period of redemption shall have expired, the county treasurer shall, in those cases where the tract assessed has been sold to the district, and the district is the owner of the certificate of sale, require the district to surrender its certificate of sale and shall thereupon deduct the amount of such cancellation plus the penalties thereon upon the original assessment roll with an endorsement, "Corrected under Certificate of Board of Directors" and he or she shall thereupon issue to the district in lieu of the certificate surrendered, a substitute certificate of sale for the correct amount of such assessment, if any, remaining uncanceled, and shall file a copy thereof in the office of the county auditor as in the case of the original certificate surrendered, and such substitute certificate shall entitle the holder thereof to all rights possessed under the original certificate so corrected as to amount: PROVIDED, HOWEVER, That such cancellation shall have the same effect as though the lands had originally not been assessed for the amounts so deducted and shall not operate to bar the district of the right in making subsequent annual assessments to levy and collect against such tracts the amount of any money due the United States, including the amount of any assessments so canceled. [2013 c 23 § 501; 1925 c 3 § 1; RRS § 7442-2. Formerly RCW 87.32.130.]
87.03.285 Segregation of assessment—Authorization. Whenever in the discretion of the board of directors of any irrigation district of the state as determined by resolution, after an assessment roll has been filed with the county treasurer of the appropriate county in accordance with the laws of the state pertaining thereto, the irrigation district assessments against any tract or parcel of land may be segregated to apply against, and the lien may be divided among, the various parcels of said tract as the same may be hereafter divided, all in accordance herewith. [1951 c 205 § 1. Formerly RCW 87.32.102.]

87.03.280 Segregation of assessment—Notice of hearing. Not less than ten days prior to the time and date fixed for said hearing the directors of said irrigation district shall cause notice of the time and place of said hearing to be given by registered mail to every person, firm or corporation having any interest in said property as shown by the county assessor's records or by the record of the irrigation district within which said property is located and to the address shown by said records, authorizing and directing that they appear and be heard at said time and place. [1951 c 205 § 3. Formerly RCW 87.32.103.]

87.03.290 Segregation of assessment—Hearing. When the irrigation district directors shall deem it advisable to make such segregation of assessments they shall by resolution fix the time and place for the hearing of the question concerning the segregation of assessments, which hearing may be at the next regular meeting of the directors of said irrigation district at its principal office. [1951 c 205 § 2. Formerly RCW 87.32.104.]

87.03.300 Segregation of assessment—Order. In the event said hearing shall result in a determination that in the discretion of the directors of said irrigation district it is advisable that said assessments be segregated and apportioned among the various parcels of said tracts against which the original total assessment was levied, then an order shall be entered on the records of the directors of said irrigation district determining said segregation, and a certified copy thereof shall be filed with the county treasurer of the county in which said assessment roll is filed. [1951 c 205 § 4. Formerly RCW 87.32.105.]

87.03.305 Segregation of assessment—Amendment of roll—Effect. Upon the filing of the certified copy of said order the county treasurer shall alter and amend the original assessment roll in accordance with said order and thereafter the assessments will be a lien only as shown by said order of segregation and the amended assessment roll as the same shall affect the property upon which said segregation was ordered. [1951 c 205 § 5. Formerly RCW 87.32.106.]

87.03.420 Evidence of assessment, what is. The assessment book or delinquent list, or a copy thereof, certified by the secretary, showing unpaid assessments against any person or property, is prima facie evidence of the assessment of the property assessed, the delinquency, the amount of assessments due and unpaid, and that all the forms of law in relation to the assessment and levy of such assessment have been complied with. [1895 c 165 § 18; 1889-90 p 688 § 31; RRS § 7449. Formerly RCW 87.32.260.]

87.03.430 Bonds—Interest payments. Whenever interest payments on bonds are due, the treasurer of the county shall pay the same from the bond fund belonging to the district and deposited with the treasurer. Whenever, after ten years from the issuance of the bonds, the fund shall amount to the sum of ten thousand dollars, the board of directors may direct the treasurer to pay such an amount of the bonds not due as the money in the fund will redeem, at the lowest value at which they may be offered for liquidation, after advertising in a newspaper of general circulation in the county for such period of time not less than four weeks as the board shall order for sealed proposals for the redemption of the bonds. The proposals shall be opened by the board in open meeting, at a time to be named in the notice, and the lowest bid for the bonds must be accepted: PROVIDED, That no bond shall be redeemed under the foregoing provision at a rate above par. In case the bids are equal, the lowest numbered bond shall have the preference. In case none of the owners of the bonds shall desire to have the same redeemed, as herein provided for, the money shall be invested by the treasurer of the county, under the direction of the board, in United States bonds, or the bonds of the state, which shall be kept in the bond fund, and may be used to redeem the district bonds whenever the owners thereof may desire. [1985 c 469 § 48; 1983 c 167 § 217; 1921 c 129 § 22; 1895 c 165 § 20; 1889-90 p 688 § 34; RRS § 7451. Formerly RCW 87.16.110.]

Power as to incurring indebtedness: RCW 87.03.475.

Additional notes found at www.leg.wa.gov

87.03.435 Construction work—Notice—Bids—Contracts—Bonds. (1) Except as provided in subsections (2) and (3) of this section and RCW 87.03.436, whenever in the construction of the district canal or canals, or other works, or the furnishing of materials therefor, the board of directors shall determine to let a contract or contracts for the doing of the work or the furnishing of the materials, a notice calling for sealed proposals shall be published. The notice shall be published in a newspaper in the county in which the office of the board is situated, and in any other newspaper which may be designated by the board, and for such length of time, not less than once each week for two weeks, as may be fixed by the board. At the time and place appointed in the notice for the opening of bids, the sealed proposals shall be opened in public, and as soon as convenient thereafter, the board shall let the work or the contract for the purchase of materials, either in portions or as a whole, to the lowest responsible bidder, or the board may reject any or all bids and readvertise, or may proceed to construct the work under its own superintendence. All work shall be done under the direction and to the satisfaction of the engineer of the district, and be approved by the board. The board of directors may require bidders submitting bids for the construction or maintenance for any of the works of the district, or for the furnishing of labor or material, to accompany their bids by a deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five per-
cent of the amount of the bid and a bid shall not be considered unless the deposit is enclosed with it. If the contract is let, then all the bid deposits shall be returned to the unsuccessful bidders. The bid deposit of the successful bidder shall be retained until a contract is entered into for the purchase of the materials or doing of such work, and a bond given to the district in accordance with chapter 39.08 RCW for the performance of the contract. The performance bond shall be conditioned as may be required by law and as may be required by resolution of the board, with good and sufficient sureties satisfactory to the board, payable to the district for its use, for at least twenty-five percent of the contract price. If the successful bidder fails to enter into a contract and furnish the necessary bond within twenty days from the award, exclusive of the day of the award, the bid deposit shall be forfeited to the district and the contract may then be awarded to the second lowest bidder.

(2) The provisions of this section in regard to public bidding shall not apply in cases where the board is authorized to exchange bonds of the district in payment for labor and material.

(3) The provisions of this section do not apply:
(a) In the case of any contract between the district and the United States;
(b) In the case of an emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board of directors or proclamation of an official designated by the board to act for the board during such emergencies. The resolution or proclamation shall declare the existence of the emergency and recite the facts constituting the emergency; or
(c) To purchases which are clearly and legitimately limited to a single source of supply or to purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation. [1997 c 354 § 3; 1990 c 39 § 1; 1984 c 168 § 3; 1915 c 179 § 17; 1913 c 165 § 18; 1895 c 165 § 21; 1889-90 p 689 § 35; RRS § 7452. Formerly RCW 87.08.020.]

Official paper for publication: RCW 87.03.020.
Public contracts—Contractor's bond: Chapter 39.08 RCW.

87.03.436 Small works roster. All contract projects, the estimated cost of which is less than three hundred thousand dollars, may be awarded using the small works roster process under RCW 39.04.155. [2010 c 201 § 2; 1990 c 39 § 2.]

87.03.437 Competitive bids—Use of purchase contract process in RCW 39.04.190. (1) Purchases of any materials, supplies, or equipment by the district shall be based on competitive bids except as provided in RCW 87.03.435 and 39.04.280. A formal sealed bid procedure shall be used as standard procedure for the purchases made by irrigation districts. However, the board may by resolution adopt a policy to waive formal sealed bidding procedures for purchases of any materials, supplies, or equipment for an amount set by the board not to exceed fifty thousand dollars for each purchase.

(2) The directors may by resolution adopt a policy to use the process provided in RCW 39.04.190 for purchases of materials, supplies, or equipment when the estimated cost is between the amount established by the board under subsection (1) of this section and a maximum amount set by resolution adopted by the board for purchases up to fifty thousand dollars exclusive of sales tax. [2014 c 2 § 5; 2009 c 229 § 13; 1999 c 234 § 2.]

87.03.438 "County treasurer," "treasurer of the county," defined. As used in this chapter, in accordance with RCW 87.03.440, the term "county treasurer" or "treasurer of the county" or other reference to that office means the treasurer of the district, if the district has designated its own treasurer, unless the context clearly requires otherwise. [1979 ex.s.c. 185 § 16.]

Additional notes found at www.leg.wa.gov

87.03.440 Treasurer—County treasurer as ex officio district treasurer—Designated district treasurer—Duties and powers—Bond—Claims—Preliminary notice requirements when claim for crop damage. The treasurer of the county in which is located the office of the district shall be ex officio treasurer of the district, and any county treasurer handling district funds shall be liable upon his or her official bond and to criminal prosecution for malfeasance and misfeasance, or failure to perform any duty as county or district treasurer. The treasurer of each county in which lands of the district are located shall collect and receipt for all assessments levied on lands within his or her county. There shall be deposited with the district treasurer all funds of the district. The district treasurer shall pay out such funds upon warrants issued by the county auditor against the proper funds of the district, except the sums to be paid out of the bond fund for interest and principal payments on bonds: PROVIDED, That in those districts which designate their own treasurer, the treasurer may issue the warrants or any checks when the district is authorized to issue checks. All warrants shall be paid in the order of their issuance. The district treasurer shall report, in writing, on the first Monday in each month to the directors, the amount in each fund, the receipts for the month preceding each fund, and file the report with the secretary of the board. The secretary shall report to the board, in writing, at the regular meeting in each month, the amount of receipts and expenditures during the preceding month, and file the report in the office of the board.

The preceding paragraph of this section notwithstanding, the board of directors or board of control of an irrigation district which lies in more than one county and which had assessments in each of two of the preceding three years equal to at least five hundred thousand dollars, or a board of joint control created under chapter 87.80 RCW, may designate some other person having experience in financial or fiscal matters as treasurer of the district. In addition, the board of directors of an irrigation district which lies entirely within one county may designate some other person having experience in financial or fiscal matters as treasurer of the district if the board has the approval of the county treasurer to designate some other person. If a board designates a treasurer, it shall require a bond with a surety company authorized to do business in the state of Washington in an amount of two hundred fifty thousand dol-

(2014 Ed.)
Tortious conduct of political subdivisions, municipal corporations and quasi
duties, and restrictions in RCW *87.56.110 and 87.56.210
matters pertaining to irrigation districts, except the powers,
duties, and restrictions in RCW 4.96.020 and 4.96.010
which shall continue to be those of county treasurers.

In those districts which have designated their own treasurers, the provisions of law pertaining to irrigation districts
which require certain acts to be done and which refer to and
involve a county treasurer or the office of a county treasurer
or the county officers charged with the collection of irrigation
district assessments, except RCW *87.56.110 and 87.56.210
shall be construed to refer to and involve the designated dis-
trict treasurer or the office of the designated district treasurer.

Any claim against the district for which it is liable under
existing laws shall be presented to the board as provided in
RCW 4.96.020 and upon allowance it shall be attached to a
voucher and approved by the chair and signed by the secre-
tary and directed to the proper official for payment: PRO-
VIDED, That in the event claimant's claim is for crop dam-
age, the claimant in addition to filing his or her claim within
the applicable period of limitations within which an action
must be commenced and in the manner specified in RCW
4.96.020 must file with the secretary of the district, or in the
secretary's absence one of the directors, not less than three
days prior to the severance of the crop alleged to be damaged,
a written preliminary notice pertaining to the crop alleged to
be damaged. Such preliminary notice, so far as claimant is
able, shall advise the district; that the claimant has filed a
claim or intends to file a claim against the district for alleged
crop damage; shall give the name and present residence of the
claimant; shall state the cause of the damage to the crop
alleged to be damaged and the estimated amount of damage;
and shall accurately locate and describe where the crop
alleged to be damaged is located. Such preliminary notice
may be given by claimant or by anyone acting in his or her
behalf and need not be verified. No action may be com-
mented against an irrigation district for crop damages unless claimant has complied with the provisions of RCW 4.96.020
and also with the preliminary notice requirements of this sec-

87.03.441 Temporary funds. The directors may pro-
vide by resolution that the secretary may deposit the follow-
ing temporary funds in a local bank in the name of the dis-

  (1) A fund to be known as "general fund" in which shall be
  deposited all moneys received from the sale of land, except such portion thereof as may be obligated for bond
  redemption, and all rentals, tolls, and all miscellaneous col-
  lections. This fund shall be transmitted to the district trea-
  surer or disbursed in such manner as the directors may design-
  nate. (2) A fund to be known as "fiscal fund" in which shall be
  deposited all collections made by the district as fiscal agent of the United States. (3) A "revolving fund" in such
  amount as the directors shall by resolution determine,
  acquired by the issue of coupon or registered warrants or by
  transfer of funds by warrant drawn upon the expense fund.

This fund may be disbursed by check signed by the secretary
or such other person as the board may designate, in the pay-
ment of such expenditures as the board may deem necessary.
This fund shall be reimbursed by submitting copies of
approved vouchers and/or copy of payrolls to the county
auditor with a claim voucher specifying the fund upon which
warrants for such reimbursements shall be drawn. The warr-

[Title 87 RCW—page 26]
87.03.443 Upgrading and improvement fund authorized—Deposits—Use of funds. There may be created by each irrigation district or separate legal authority pursuant to RCW 87.03.018 a fund to be known as the upgrading and improvement fund. The board of directors shall determine what portion of the annual revenue of the irrigation district or separate legal authority will be placed into its upgrading and improvement fund, including all or any part of the funds received by a district or separate legal authority from the sale, delivery, and distribution of electrical energy. Money from the upgrading and improvement fund may be used to modernize, improve, or upgrade irrigation and hydroelectric power facilities or to respond to an emergency affecting such facilities. The funds may also be used for licensing hydroelectric power facilities and for payment of capital improvements. [2010 c 201 § 3; 2004 c 215 § 3; 1979 ex.s. c 263 § 4.]

87.03.445 Acquisition, construction and operating funds—Tolls and assessments, alternative methods of—Liens, foreclosure of—Delinquencies by tenants. (1) The cost and expense of purchasing and acquiring property, and construction, reconstruction, extension, and betterment of the works and improvements herein provided for, and the expenses incidental thereto, and indebtedness to the United States for district lands assumed by the district, and for the carrying out of the purposes of this chapter, may be paid for by the board of directors out of the funds received from bond sales as well as other district funds.

(2) For the purpose of defraying the costs and expenses of the organization of the district, and of the care, operation, management, maintenance, repair, and improvement of the district and its irrigation water, domestic water, electric power, drainage, or sewer facilities or of any portion thereof, or for the payment of any indebtedness due the United States or the state of Washington, or for the payment of district bonds, the board may either fix rates or tolls and charges, and collect the same from all persons for whom district service is made available for irrigation water, domestic water, electric power, drainage or sewerage, and other purposes, or it may provide for the payment of said costs and expenses by a levy of assessment therefor, or by both said rates or tolls and charges and assessment.

(3) If the assessment method is utilized, the levy of assessments shall be made on the completion and equalization of the assessment roll each year, and the board shall have the same powers and functions for the purpose of said levy as possessed by it in case of levy to pay bonds of the district. The procedure for the collection of assessments by such levy shall in all respects conform with the provisions of this chapter, relating to the collection of assessments for the payment of principal and interest of bonds herein provided for, and shall be made at the same time.

(4) If the rates or tolls and charges method is adopted in whole or in part, the secretary shall deliver to the board of directors, within the time for filing the assessment roll, a schedule containing the names of the owners or reputed owners, as shown on the rolls of the county treasurer as of the first Tuesday in November of each year such a schedule is filed of the various parcels of land against which rates or tolls and charges are to be levied, the description of each such parcel of land and the amount to be charged against each parcel for irrigation water, domestic water, electric power, drainage, sewerage, and other district costs and expenses. Said schedule of rates or tolls and charges shall be equalized pursuant to the same notice, in the same manner, at the same time and with the same legal effect as in the case of assessments. Such schedule of rates or tolls and charges for a given year shall be filed with the proper county treasurer within the same time as that provided by law for the filing of the annual assessment roll, and the county treasurer shall collect and receive for the payment of said rates or tolls and charges and credit them to the proper funds of the district. The board may designate the time and manner of making such collections and shall require the same to be paid in advance of delivery of water and other service. All tolls and charges levied shall also at once become and constitute an assessment upon and against the lands for which they are levied, with the same force and effect, and the same manner of enforcement, and with the same rate of interest from date of delinquency, in case of nonpayment, as other district assessments.

(5) As an alternative method of imposing, collecting, and enforcing such rates or tolls and charges, the board may also base such rates or tolls and charges upon the quantity of irrigation water, domestic water, or electric power delivered, or drainage or sewerage disposed of, and may fix a minimum rate or toll and charge to be paid by each parcel of land or use within the district for the delivery or disposal of a stated quantity of each such service with a graduated charge for additional quantities of such services delivered or disposed of. If the board elects to utilize this alternative method of imposing, collecting, and enforcing such rates or tolls and charges, there shall be no requirement that the schedule referred to in the preceding paragraph be prepared, be filed with the board of directors by the secretary, be equalized, or be filed with a county treasurer. The board shall enforce collection of such rates or tolls and charges against property to which and its owners to whom the service is available, such rates or tolls and charges being deemed charges and a lien against the property to which the service is available, until paid in full. Prior to furnishing services, a board may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(6) The board may provide by resolution that where such rates or tolls and charges are delinquent for any specified period of time, the district shall certify the delinquencies to the treasurer of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate not to exceed twelve percent per annum fixed by resolution shall be a lien against the property to which the service was available, subject only to the lien for general taxes. The district may, at any time after such rates or tolls and charges and penalties provided for herein are delin-
78.03.450 Income from sale of electricity. All income derived from the sale, delivery and distribution of electrical energy, shall be deposited with the county treasurer of the county in which the office of the board of directors of the district is located, and shall be apportioned to such fund or funds of the district authorized by law, as the board of directors shall deem advisable, including, but not limited to the payment of district bonds or any portion of the same for which such revenues have been pledged and thereafter said income, or such portion thereof so pledged, shall be placed by the county treasurer to the credit of the fund from which said bonds are required to be paid until the same or the portion thereof secured by such pledge are fully paid. [1979 ex.s. c 185 § 6; 1933 c 31 § 2; RRS § 7454-1. Formerly RCW 87.08.070.]

Office of board: RCW 87.03.115.
Additional notes found at www.leg.wa.gov

87.03.455 District's right to cross other property. The board of directors shall have power to construct the *said works* across any stream of water, water course, street, avenue, highway, railway, canal, ditch or flume, which the route of said canal or canals may intersect or cross, in such manner as to afford security for life and property; but said board shall restore the same when so crossed or intersected, to its former state as near as may be, or in a sufficient manner not to have impaired unnecessarily its usefulness; and every company whose railroad shall be intersected or crossed by *said works*, shall unite with said board in forming said intersections and crossings, and grant the privileges aforesaid; and if such railroad company and said board, or the owners and controllers of the said property, thing or franchise so to be crossed, cannot agree upon the amount to be paid therefor, or the points or the manner of said crossings or intersections, the same shall be ascertained and determined in all respects as is herein provided in respect to the taking of land. The right-of-way is hereby given, dedicated and set apart, to locate, construct and maintain said works over and through any of the lands which are now or may be the property of the state; and also there is given, dedicated and set apart, for the uses and purposes aforesaid, all waters and water rights belonging to this state within the district. [1889-90 p 691 § 38; RRS § 7455. Formerly RCW 87.08.160.]

*Reviser's note:* The "said works" apparently refers to those specified in RCW 87.03.445.
Condemnation: RCW 87.03.140 through 87.03.150.

87.03.460 Compensation and expenses of directors, officers, employees. (1) In addition to their reasonable expenses in accordance with chapter 42.24 RCW, the directors shall each receive ninety dollars for each day or portion thereof spent by a director for such actual attendance at official meetings of the district, or in performance of other official services or duties on behalf of the district. The total amount of such additional compensation received by a director may not exceed eight thousand six hundred forty dollars in a calendar year. The board shall fix the compensation of the secretary and all other employees.
(2) Any director may waive all or any portion of his or her compensation payable under this section as to any month or months during his or her term of office, by a written waiver filed with the secretary as provided in this section. The waiver, to be effective, must be filed any time after the director's election and prior to the date on which the compensation would otherwise be paid. The waiver shall specify the month or periods of months for which it is made.

(3) The dollar thresholds established in this section must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2008, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, for Washington state, for wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. If the bureau of labor and statistics develops more than one consumer price index for areas within the state, the index covering the greatest number of people, covering areas exclusively within the boundaries of the state, and including all items shall be used for the adjustments for inflation in this section. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the new dollar threshold is to take effect.

(4) A person holding office as commissioner for two or more special purpose districts shall receive only that per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing more than one of his or her districts. However, such commissioner may receive additional per diem compensation if conducting official services or duties while representing more than one of his or her districts. The amount of such additional per diem compensation shall be equal to the amount of per diem compensation authorized for one of his or her commissioner positions as compensation for attending an official meeting or conducting official services or duties while representing one of his or her districts.

87.03.470 Special assessments—Election—Notes.
(1) The board of directors may, at any time when in their judgment it may be advisable, call a special election and submit to the qualified electors of the district the question whether or not a special assessment shall be levied for the purpose of raising money to be applied to any of the purposes provided in this chapter including any purpose for which the bonds of the district or the proceeds thereof might be lawfully used. Such election must be called upon the notice prescribed, and the manner as other assessments provided for herein, and when collected shall be paid to the county treasurer of the county to the credit of said district, for the purposes specified in the notice of such special election: PROVIDED, HOWEVER, that the board of directors may at their discretion issue said notes in payment for labor or material, or both, used in connection with the purposes for which such indebtedness was authorized. Notes issued under this section shall bear interest at a rate determined by the board, payable semiannually. Such notes may be in any form, including bearer notes or registered notes as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such notes may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 20; 1981 c 156 § 28; 1921 c 129 § 24; 1915 c 179 § 19; 1895 c 165 § 24; 1889-90 p 692 § 41; RRS § 7458. Formerly RCW 87.32.110.]

Assessments: RCW 87.03.240 through 87.03.255, 87.03.265 through 87.03.305.

Ballots in all elections: RCW 87.03.075.

Elections are governed by irrigation district laws: RCW 87.03.030.

Additional notes found at www.leg.wa.gov

87.03.475 Power as to incurring indebtedness. (1) The board shall incur no debt or liability in excess of the express provisions of this title. It may make necessary and proper expenditures, contracts, and agreements in carrying out the purposes of this title. It may make necessary and proper expenditures, contracts, and agreements in carrying out the purposes of this title.

The board may issue warrants for the payment of any indebtedness incurred under this section, which shall bear interest at a rate or rates determined by the board, and it shall include in its next annual levy for the payment of the expenses of operation and maintenance, the amount of all warrants issued by virtue hereof.
The board may issue as a general obligation of the district coupon or registered warrants in denominations not in excess of five hundred dollars, bearing interest as determined by the board. Such warrants may be registered as provided in RCW 39.46.030. Such warrants shall mature in not more than five years and may be used, or the proceeds thereof, in the purchase of grounds and buildings, machinery, vehicles, tools or other equipment for use in operation, maintenance, betterment, reconstruction or local improvement work, and for creating a revolving fund for carrying on such work as in this title provided. The proceeds of the warrants shall be paid to the district treasurer who shall place them in an appropriate fund and pay them out upon warrants of the district. The maximum indebtedness hereby authorized shall not exceed one dollar per acre of the total irrigable area within the district. No warrant shall be sold for less than par. They shall state on their face that they are a general obligation of the district, the purposes for which they are used, and that they are payable by the board. Such warrants may be registered as provided in chapter 165 § 25; 1889-90 p 693 § 42; RRS § 7459. Formerly RCW 87.03.480.

Additional notes found at www.leg.wa.gov

87.03.480 Local improvement districts—Petition.

Any desired special construction, reconstruction, betterment or improvement or purchase or acquisition of improvements already constructed, for any authorized district service, including but not limited to the safeguarding of open canals or ditches for the protection of the public therefrom, which are for the special benefit of the lands tributary thereto and within an irrigation district may be constructed or acquired and provision made to meet the cost thereof as follows:

The holders of title or evidence of title to one-quarter of the acreage proposed to be assessed, may file with the district board their petition reciting the nature and general plan of the desired improvement and specifying the lands proposed to be specially assessed therefor. A local improvement district may include adjoining, vicinal, or neighboring improvements even though the improvements and the properties benefited are not connected or continuous. Such improvements may be owned by the United States, the state of Washington, the irrigation district, or another local government. Upon approval of the board of an adjoining irrigation district, an irrigation district may form local improvement districts or utility local improvement districts that are composed entirely or in part of territory within that adjoining district. Upon the filing of the petition the board, with the assistance of a competent engineer, shall make an investigation of the feasibility, cost, and need of the proposed local improvement together with the ability of the lands to pay the cost, and if it appears feasible, they may elect to have plans and an estimate of the cost prepared. If a protest against the establishment of the proposed improvement signed by a majority of the holders of title in the proposed local district is presented at or before the hearing, or if the proposed improvement should be found not feasible, too expensive, or not in the best interest of the district, or the lands to be benefited insufficient security for the costs, they shall dismiss the petition. [2013 c 177 § 3; 1959 c 75 § 9; 1941 c 171 § 1; 1919 c 180 § 15; 1917 c 162 § 10; Rem. Supp. 1941 § 7460. Formerly RCW 87.36.010.]

Safeguarding open canals or ditches: RCW 35.43.040, 35.43.045, 35.44.045, 36.88.015, 36.88.350, 36.88.380 through 36.88.400, and 87.03.526.
within such district. The board of directors may exclude any land specified in the notice from the district provided, that in the judgment of the board, the inclusion thereof will not be practicable.

As an alternative plan and subject to all of the provisions of this chapter, the board of directors may initiate the organization of a local improvement district as herein provided. To so organize a local improvement district the board shall adopt and record in its minutes a resolution specifying the lands proposed to be included in such local improvement district or by describing the exterior boundaries of such proposed district or by both. The resolution shall state generally the plan, character and extent of the proposed improvements, that the land proposed to be included in such improvement district will be assessed for such improvements; and that local improvement district bonds of the irrigation district will be issued or a contract entered into as hereinabove in this section provided to meet the cost thereof and that such bonds or contract will be the obligation of such local improvement district. The resolution shall fix a time and place of hearing thereon and shall state that unless a majority of the holders of title or of evidence of title to lands within the proposed local improvement district file their written protest at or before the hearing, consent to the improvement will be implied.

A notice containing a copy of the resolution must be published once a week for two consecutive weeks preceding the date of such hearing and the last publication shall not be more than seven days before such date, and shall be mailed on or before the second publication date by first-class mail, postage prepaid, to each owner or reputed owner of real property within the proposed local improvement district, as shown on the rolls of the county treasurer as of a date not more than twenty days immediately prior to the date such notice was mailed, and the hearing thereon shall not be held in less than twenty days from the adoption of such resolution. Such notice must be published in one newspaper, of general circulation, in each county in which any portion of the land proposed to be included in such local improvement district lies. The hearing shall be held and all subsequent proceedings conducted in accordance with the provisions of this act relating to the organization of local improvement districts initiated upon petition. [1987 c 315 § 7.]

87.03.490 Local improvement districts—Adoption of plan—Bonds, form and contents—New lands may be included. (1) If decision shall be rendered in favor of the improvement, the board shall enter an order establishing the boundaries of the improvement district and shall adopt plans for the proposed improvement and determine the number of annual installments not exceeding fifty in which the cost of the improvement shall be paid. The cost of the improvement shall be provided for by the issuance of local improvement district bonds of the district from time to time, therefor, either directly for the payment of the labor and material or for the securing of funds for such purpose, or by the irrigation district entering into a contract with the United States or the state of Washington, or both, to repay the cost of the improvement. The bonds shall bear interest at a rate or rates determined by the board, payable semiannually, and shall state upon their face that they are issued as bonds of the irrigation district; that all lands within the local improvement district shall be liable to assessment for the principal and interest of the local improvement district bonds. The bonds may be in such denominations as the board of directors may in its discretion determine, except that bonds other than bond number one of any issue shall be in a denomination that is a multiple of one thousand dollars. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) No election shall be necessary to authorize the issuance of such local improvement bonds or the entering into of such a contract.

(3) The proceeds from the sale of such bonds shall be deposited with the treasurer of the district, who shall place them in a special fund designated "Construction fund of local improvement district number . . . . . . . ."

(4) Whenever such improvement district has been organized, the board may enlarge the boundaries of the improvement district to include other lands which can be served or will be benefited by the proposed improvement upon petition of the owners thereof and the consent of the United States or the state of Washington, or both, in the event the irrigation district has contracted with the United States or the state of Washington, or both, to repay the cost of the improvement: PROVIDED, That at such time the lands so included shall pay their equitable proportion upon the basis of benefits of the improvement theretofore made by the local improvement district and shall be liable for the indebtedness of the local improvement district in the same proportion and same manner and subject to assessment as if the lands had been incorporated in the improvement district at the beginning of its organization.

(5) Notwithstanding this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW.
87.03.492 Local improvement districts—Bonds, valid claim—General indebtedness. Any local improvement district bonds, and interest thereon, issued against a bond redemption fund of a local improvement district pursuant to RCW 87.03.485 shall be a valid claim of the owner thereof only as against the local improvement guarantee fund, the local improvement district redemption fund, and the assessments or revenues pledged to such fund or funds and do not constitute a general indebtedness against the issuing irrigation district unless the board of directors by resolution expressly provides for a pledge of general indebtedness. Except where the board provides for a pledge of general indebtedness, each such bond must state upon its face that it is payable from the local improvement district redemption fund and the local improvement guarantee fund only. [2013 c 177 § 1.]

87.03.495 Local improvement districts—Costs of the improvement—Assessments—Disposal of bonds. (1)(a) The cost of the improvement and of the operation and maintenance thereof, if any, shall be especially assessed against the lands within such local improvement district in proportion to the benefits accruing thereto, and shall be levied and collected in the manner provided by law for the levy and collection of land assessments or toll assessments or both such form of assessments.

(b) The costs of the improvement must include, but not be limited to:

(i) The cost of all of the construction or improvement authorized for the district;

(ii) The estimated cost and expense of all engineering and surveying necessary for the improvement done under the supervision of the irrigation district engineer;

(iii) The estimated cost and expense of ascertaining the ownership of the lots or parcels of land included in the assessment district;

(iv) The estimated cost and expense of advertising, mailing, and publishing all necessary notices;

(v) The estimated cost and expense of accounting and clerical labor, and of books and blanks extended or used on the part of the irrigation district treasurer in connection with the improvement;

(vi) All cost of the acquisition of rights-of-way, property, easements, or other facilities or rights, including without limitation rights to use property, facilities, or other improvements appurtenant, related to, or useful in connection with the local improvement, whether by eminent domain, purchase, gift, payment of connection charges, capacity charges, or other similar charges or in any other manner; and

(vii) The cost for legal, financial, and appraisal services and any other expenses incurred by the irrigation district for the district or in the formation thereof, or by irrigation district in connection with such construction or improvement and in the financing thereof, including the issuance of any bonds and the cost of providing for increases in the local improvement guaranty fund, or providing for a separate reserve fund or other security for the payment of principal of and interest on such bonds.

(c) Any of the costs set forth in this section may be excluded from the cost and expense to be assessed against the property in the local improvement district and may be paid from any other moneys available therefor if the board of directors so designates by resolution at any time.

(d) The board may give credit for all or any portion of any property or other donation against an assessment, charge, or other required financial contribution for improvements within a local improvement district.

(2) All provisions for the assessment, equalization, levy, and collection of assessments for irrigation district purposes shall be applicable to assessments for local improvements except that no election shall be required to authorize the improvement or the expenditures therefor or the bonds issued to meet the cost thereof or the contract authorized in RCW 87.03.485 to repay the cost thereof. In addition or as an alternative, an irrigation district may elect to apply all or a portion of the provisions for the assessment, equalization, levy, and collection of assessments applicable to city or town local improvement districts; however any duties of the city or town treasurer shall be the duties of the treasurer of the county in which the office of the district is located or other treasurer of the district if appointed pursuant to RCW 87.03.440. In connection with a hearing on the assessment roll, the board may designate a hearing officer to conduct the hearing, and the hearing officer must report recommendations on the assessment roll to the board for final action. Assessments when collected by the county treasurer for the payment for the improvement of any local improvement district shall constitute a special fund to be called "bond redemption or contract repayment fund of local improvement district No. . . . . . ."

(3) Bonds issued under this chapter shall be eligible for disposal to and purchase by the director of ecology under the provisions of the state reclamation act.

(4) The cost or any unpaid portion thereof, of any such improvement, charged or to be charged or assessed against any tract of land may be paid in one payment under and pursuant to such rules as the board of directors may adopt, and all such amounts shall be paid over to the county treasurer who shall place the same in the appropriate fund. No such payment shall thereby release such tract from liability to assessment for deficiencies or delinquencies of the levies in such improvement district until all of the bonds or the contract, both principal and interest, issued or entered into for such local improvement district have been paid in full. The receipt given for any such payment shall have the foregoing provision printed thereon. The amount so paid shall be included on the annual assessment roll for the current year, provided, such roll has not then been delivered to the treasurer, with an appropriate notation by the secretary that the amount has been paid. If the roll for that year has been delivered to the treasurer then the payment so made shall be added to the next annual assessment roll with appropriate notation that the amount has been paid. [2013 c 177 § 6; 1988 c 127 § 45; 1970 ex.s. c 70 § 3; 1957 c 68 § 1; 1949 c 103 § 2; 1921 c 129 § 27; 1919 c 180 § 16; 1917 c 162 § 12; RRS § 7462. Formerly RCW 87.36.040.]
Assessment, equalization, levy and collection of assessments for irrigation district purposes: RCW 87.03.240 through 87.03.280.

87.03.500 Local improvement districts—Payment of bonds. In the event of the failure of the lands within the local improvement district to furnish money sufficient for the payment of principal or interest of the bonds or the contract as provided for in RCW 87.03.485 for such local improvement work and there shall be a default in the payment of principal or interest as aforesaid, the amount delinquent shall be paid by the general warrants of the irrigation district at large or, in the event of a contract, by whatever means of payment is called for thereunder, but the lands of the local improvement district shall not thereby become released from liability for special assessment therefor. Such warrants, if issued, shall be redeemed as soon as there shall be available money in the bond redemption fund of the local improvement district. [1970 ex.s. c 70 § 4; 1921 c 129 § 29; 1917 c 162 § 14; RRS § 7464. Formerly RCW 87.36.060.]

87.03.505 Local improvement districts—L.I.D. unable to pay costs—Survey—Reassessments. Whenever, by reason of the sale of land within a local improvement district for unpaid taxes or assessments, or for any other reason, it may appear apparent that the remaining lands within any such local improvement district are and will be unable to pay out the cost of such improvement or the bond issue or contract indebtedness therefor, the landowners of the local improvement district may petition the directors of the irrigation district or the directors of the district may upon their own initiative, and either upon receipt of such petition or the passing of such resolution the directors of the irrigation district shall cause a complete survey to be made of the affairs of the local improvement district pertaining to the payment of the cost of said improvement, and shall determine the amount of property remaining in the hands of private owners that is still subject to assessment for the improvement, the amount of land standing in the name of the district which is subject to assessment for said improvement and the amount of any lands which may have been entirely removed from the liability of any such assessments, and such other and pertinent data as may be necessary, in order to determine the ability of said remaining private property to pay the remaining balance of the cost of said improvement, and if as a result thereof it shall appear that the remaining private property will be unable to pay the said remaining cost of the improvement, the said board of directors shall determine what amount and to what extent the remaining private property will be able to equitably pay on the cost of said improvement which shall include the privately owned property and district owned property and such remaining portion of the cost of said improvement which the directors find said land can equitably pay and in such amounts as in the judgment of the directors shall appear equitable after taking all circumstances into consideration, shall be assessed against the lands within such local improvement district and shall be levied and collected in the manner as in this act provided for the assessment and collection of construction costs and shall be payable over a period of not more than twenty years. Notwithstanding all provisions in this chapter contained for the assessment, equalization, levy and collection of assessments no election shall be required to authorize the issue of bonds or the entering into a contract to cover the cost thereof. Assessments when collected by the county treasurer for the payment shall constitute a special fund to be called "bond redemption or contract repayment fund of local improvement district No. . . . . . .".

The costs or any unpaid portion thereof, of any such assessment, charged or to be charged or assessed against any tract of land may be paid in one payment by the owner or by any one acting for such owner, under and pursuant to such rules as the board of directors may adopt, and all such amounts shall be paid to the county treasurer who shall place the same in the appropriate fund. Upon the payment in full of the amount charged or to be charged or assessed against any particular tract of land, said tract of land shall be thereupon entirely, fully and finally released of any and all further liability by reason of such improvement and the amount charged or to be charged and assessed against each tract of land as designated by said board shall be the limit of the liability of said tract of land for the costs of said improvement, except insofar as said land may be additionally liable by reason of being within the irrigation district and being liable for its portion of the general obligation of the district. The determination of the amount charged or to be charged or assessed against any tract of land may be appealed by the owner of said tract from the decision of the board of directors to the superior court of the county in which the property is located at any time within twenty days from the date of the passage of a resolution by the board of directors with reference thereto: PROVIDED, HOWEVER, That in the event said irrigation district shall have borrowed or have an application on file for the borrowing of money from the reconstruction finance corporation, or its successor, or has entered into a contract with the United States or the state of Washington, or both, then in that event before any such reassessment shall be made it shall first receive the approval of said reconstruction finance corporation, or its successor or the United States or the state of Washington, or both, as the case may be. [1970 ex.s. c 70 § 5; 1935 c 128 § 1; RRS § 7464-1. Formerly RCW 87.36.070 and 87.36.080.]

Assessment, equalization, levy and collection of assessments for irrigation district purposes: RCW 87.03.240 through 87.03.280.

87.03.510 Local improvement districts—Irrigation district L.I.D. guarantee fund. There is hereby established for each irrigation district in this state having local improvement districts therein a fund for the purpose of guaranteeing to the extent of such fund and in the manner herein provided, the payment of its local improvement bonds and warrants issued or contract entered into to pay for the improvements provided for in this act. Such fund shall be designated "local improvement guarantee fund" and for the purpose of maintaining the same, every irrigation district shall hereafter levy from time to time, as other assessments authorized by RCW 87.03.240 are levied, such sums as may be necessary to meet the financial requirements thereof: PROVIDED, That such sums so assessed pursuant to RCW 87.03.240 in any year shall not be more than sufficient to pay the outstanding warrants or contract indebtedness on the fund and to establish therein a balance which shall not exceed ten percent of the
bonds. Whenever any bond redemption payment, interest payment, or contract payment of any local improvement district shall become due and there is insufficient funds in the local improvement district fund for the payment thereof, there shall be paid from the local improvement district guarantee fund, by warrant or by such other means as is called for in the contract, a sufficient amount, which together with the balance in the local improvement district fund shall be sufficient to redeem and pay the bond or coupon or contract payment in full. The warrants against the guarantee fund shall draw interest at a rate determined by the board and the bonds and interest payments shall be paid in their order of presentation or serial order. Whenever there shall be paid out of the guarantee fund any sum on account of principal or interest of a local improvement bond or warrant or contract the irrigation district, as trustee for the fund, shall be subrogated to all of the rights of the owner of the bond or contract amount so paid, and the proceeds thereof, or of the assessment underlying the same shall become part of the guarantee fund. There shall also be paid into such guarantee fund any interest received from bank deposits of the fund, as well as any surplus remaining in any local improvement district fund, after the payment of all of its outstanding bonds or warrants or contract indebtedness which are payable primarily out of such local improvement district fund. [2013 c 177 § 7; 1983 c 167 § 224; 1981 c 156 § 31; 1970 ex.s. c 70 § 6; 1935 c 128 § 2; RRS § 7464-2. Formerly RCW 87.36.090.]

Additional notes found at www.leg.wa.gov

87.03.515 Local improvement districts—Refunding bonds. It shall be lawful for any irrigation district which has issued local improvement district bonds for the improvements, as in this chapter provided, to issue in place thereof an amount of local improvement district or revenue refunding bonds of the irrigation district in accordance with chapter 39.53 RCW: PROVIDED, HOWEVER, That the issuance of the bonds shall not release the lands of the local improvement district or districts from liability for special assessments for the payment thereof: AND PROVIDED FURTHER, That the lien of any issue of bonds of the district prior in point of time to the issue of bonds or local improvement district bonds herein provided for shall be deemed a prior lien. [2013 c 177 § 8; 1983 c 167 § 225; 1921 c 129 § 30; 1917 c 162 § 15; RRS § 7465. Formerly RCW 87.36.100.]

Additional notes found at www.leg.wa.gov

87.03.520 Local improvement districts—Contracts with state or United States for local improvement work. Any irrigation district may contract with the United States, or the state of Washington, for local improvement work, and for such purpose may form local improvement districts as herein provided. Authorization of local improvement district bonds or of contract with the United States, or the state of Washington, for local improvement work may be confirmed in the same manner as provided in RCW 87.03.785 to 87.03.805, inclusive. [1921 c 129 § 31; 1917 c 162 § 16; RRS § 7466. Formerly RCW 87.36.110.]

87.03.522 Irrigation district authorized to finance local improvements with general district funds. In lieu of the issuance of local improvement district bonds or the entering into a contract with the United States or the state of Washington, or both, to secure the funds for or to repay the cost of any improvement to be charged, in whole or in part, against any local improvement district organized pursuant to this chapter, any irrigation district may finance the cost of said local improvement with any general district funds which may be available for said purpose and provide, in such manner as the district's directors may determine, for the repayment, with or without interest as the district's directors determine, through assessments against the lands in the local improvement district levied in the same manner authorized by this chapter of said general district moneys thus advanced. [1983 c 167 § 226; 1970 ex.s. c 70 § 8.]

Additional notes found at www.leg.wa.gov

87.03.525 Local improvement districts—Provisions applicable to districts formerly organized. Any local improvement district heretofore duly organized may avail itself of and be subject to any of the provisions of this chapter increasing the number of annual installments, not to exceed fifty, after the directors of the irrigation district duly adopt a resolution to that effect, and it shall be the duty of the board of directors to adopt such resolution whenever in the judgment of the board the best interests of the local improvement district will be served thereby, and the interests of the irrigation district will not be jeopardized. [1970 ex.s. c 70 § 7; 1919 c 180 § 17; RRS § 7467. Formerly RCW 87.36.120.]

87.03.526 Local improvement districts—Safeguarding open canals or ditches—Assessments and benefits. Whenever a local improvement district is established within an irrigation district for the safeguarding of the public from the dangers of open canals or ditches the rate of assessment per square foot in the local district may be determined by any of the methods provided for assessment of similar improvements in cities or towns in chapter 35.44 RCW, and the lands specially benefited by such improvements shall be the same as provided in chapter 35.43 RCW for similar improvements in cities or towns. [1959 c 75 § 10. Formerly RCW 87.36.130.]

Safeguarding open canals or ditches: RCW 35.43.040, 35.43.045, 35.44.045, 36.88.015, 36.88.350, 36.88.380 through 36.88.400, and 87.03.480.

87.03.527 Local improvement districts—Alternative methods of formation. Whenever the board establishes a local improvement district, in addition or as an alternative to the procedures provided in RCW 87.03.480 through 87.03.525, there may be employed any method authorized by law for the formation of improvement districts and the levying, collection, and enforcement by foreclosure of assessments therein, including without limitation the formation method employed by cities or towns. [2013 c 177 § 9; 1959 c 104 § 7. Formerly RCW 87.36.140.]
87.03.530 Consolidation of irrigation districts—Authorization—Merger of smaller irrigation districts. (1) Two or more irrigation districts may be consolidated into one district as provided in RCW 87.03.535 through 87.03.551 and may include in such district other lands susceptible of irrigation in the manner provided in this act, and upon the organization of such consolidated district it shall be an organized irrigation district subject to the provisions of this chapter. (2) A smaller irrigation district may be merged into a larger irrigation district as provided in RCW 87.03.845 through 87.03.855 if the assessed acreage in the smaller district constitutes not more than thirty percent of the combined assessed acreage of the two districts. In such a proceeding, the smaller district is referred to as the "minor" irrigation district and the larger district is referred to as the "major" irrigation district. The district resulting from such a merger shall be an organized district subject to the provisions of this chapter. [1919 c 180 § 19; RRS § 7469. Formerly RCW 87.40.020.]

87.03.535 Consolidation of irrigation districts—Procedures for consolidation—Elections. For the purpose of organizing a consolidated irrigation district a petition signed by fifty or a majority of the holders of title to, or evidence of title to land susceptible of irrigation within the proposed district shall be presented to the board of county commissioners of the county in which the lands or the greater portion thereof are situated, which petition shall set forth and particularly describe the proposed boundaries of such district, and the name of each existing irrigation district proposed to be included therein, and shall pray that the territory embraced within the boundaries of such proposed district may be organized as a consolidated irrigation district. Such petition shall be accompanied by bond as provided in RCW 87.03.020 and thereupon the same proceedings shall be had for the organization of such consolidated district as is provided in RCW 87.03.020 and 87.03.035 through 87.03.045, and the organization of such consolidated district shall be perfected in the same manner as provided in this chapter for the organization of new districts, except as otherwise provided in this section. The board of directors of each irrigation district proposed to be included in such consolidated district shall be served with a copy of the petition for the organization of such consolidated district together with notice at the time and place of hearing of such petition, at least twenty days prior to such hearing, and the board of county commissioners upon the hearing of such petition shall not grant the same or call an election if it shall appear that the board of directors of any existing irrigation district proposed to be included in such consolidated district have by resolution, regularly passed and entered upon the minutes of the directors meetings of such district, voted against the inclusion of such district into such proposed consolidated district. The board of county commissioners upon the hearing of such petition, shall not modify the boundaries of the proposed district to exclude any of the lands which are contained in any of the existing districts proposed to be included in such consolidated districts, and the order calling an election shall provide an election by the electors of each existing district proposed to be included in such consolidated district, and for an election by the electors of that part of the proposed district not included in any existing district, but no elector may cast more than one vote at such election. Such proposed district shall not be declared organized unless two-thirds of all votes cast in each existing district shall be Irrigation District—Yes, and unless two-thirds of all the votes cast in that part of the proposed district not included in any existing district shall be Irrigation District—Yes. If the organization of such consolidated district is not effected the organization of the district proposed to be included in such consolidated district shall not be affected. [1919 c 180 § 19; RRS § 7469. Formerly RCW 87.40.020.]

87.03.540 Consolidation of irrigation districts—Directors—Disposition of affairs of included districts. The board of directors of each included district shall hold office until the board of directors of the consolidated district shall have been elected and shall have qualified, and thereupon the term of office of the directors of such included district shall terminate, and the board of directors of such consolidated district shall have and exercise all the powers and duties in regard to such included district as were vested in the board of directors of such district. Each organized district included in a consolidated district shall either retain its corporate existence so far as necessary for the purpose of carrying out all contracts of such district, and until its indebtedness has been paid in full, or the board of directors of the consolidated district may constitute each such included district a local improvement district for the purpose of carrying out the obligations of, such included district and shall have all the power possessed by the board of directors of such included district to carry out all contracts of such included district to levy, assess and cause to be collected any and all assessments or charges against all of the land within such local improvement district that may be necessary or required to provide for the payment of all the bonds, warrants, and other indebtedness thereof, and to provide for the construction, reconstruction, betterment, improvement, maintenance and operation of all such work as are for the special benefit of the land in such local improvement district. Until such assessments shall have been collected and all indebtedness of the respective included districts paid, separate funds shall be maintained for each such district as were maintained in such included districts prior to the consolidation. A petition shall not be required for the establishment of the lands of such included districts as local improvement districts. [1919 c 180 § 20; RRS § 7470. Formerly RCW 87.40.030.]

Board's powers and duties generally: RCW 87.03.140.

87.03.545 Consolidation of irrigation districts—Obligations of included districts unaffected. The inclusion of an organized district into a consolidated district shall not affect or impair any bonds or obligations of such included district and the holders of the bonds of any such included district shall be entitled to all remedies for the enforcement of the same as if such district had not been consolidated, and all obligations that shall have been incurred by any district prior to its being included in a consolidated district shall be a prior lien to any obligation that may be incurred against such land under such consolidated district; PROVIDED, HOWEVER, that the board of directors of the consolidated district may when authorized thereto, exchange any bonds of the consoli-
dated district for the bonds of such included districts upon obtaining the consent of such bond holders. If any included district shall prior to the time of its inclusion into a consolidated district have entered into any contract with the United States pursuant to the provisions of this chapter, and the board of directors of such consolidated district propose to enter into a contract with the United States by the consolidated district, said board of directors, when authorized thereto, shall enter into such contract with the United States, and may in such event, with the consent of the United States, cancel any contract previously entered into between any included district and the United States. [1919 c 180 § 21; RRS § 7471. Formerly RCW 87.40.040.]

Bonds: RCW 87.03.200 through 87.03.235.

Powers and duties of board (contracts with the state and United States): RCW 87.03.140.

### 87.03.550 Consolidation of irrigation districts—Property vested in new district—Credit

The board of directors of an included district shall be able to prepare and file with the board of directors of the consolidated district a statement of all property of such included district, and upon the organization of such consolidated district, the property of such included district, subject to the rights of the holders of the bonds or other obligations of such district, become the property of such consolidated district, and the board of directors of such consolidated district shall in making assessments for such consolidated district cause equitable credit to be given to the lands of such included district for such property received as is of value and benefit to the consolidated district. [1919 c 180 § 22; RRS § 7472. Formerly RCW 87.40.050.]

### 87.03.551 Consolidation of irrigation districts—Procedures supplementary to boundary change provisions

The procedure herein provided for the consolidation of districts shall not supersede or repeal any provisions of this act providing for changing the boundaries of any irrigation district, but shall be additional and supplemental thereto. [1919 c 180 § 23; RRS § 7473.]

### 87.03.553 Consolidated local improvement districts for bond issuance

For the purpose of issuing bonds only, the governing body of any irrigation district may authorize the establishment of consolidated local improvement districts. The local improvements within such consolidated districts need not be adjoining, vicinal, or neighboring. If the governing body orders the creation of such consolidated local improvement districts, the moneys received from the installment payment of the principal of and interest on assessments levied within original local assessment districts shall be deposited in a consolidated local improvement district bond redemption fund to be used to redeem outstanding consolidated local improvement district bonds. [1991 c 8 § 1.]

### 87.03.555 Change of boundaries authorized—Effect

The boundaries of any irrigation district now or hereafter organized under the provisions of this chapter may be changed in the manner herein prescribed, but such change of the boundaries of the district shall not impair or affect its organization, or its rights in or to property, or any of its rights or privileges of whatsoever kind or nature; nor shall it affect, impair or discharge any contract, obligation, lien or charge for or upon which it was or might become liable or chargeable, had such change of its boundaries not been made, except as hereinafter expressly in RCW 87.03.645 prescribed: PROVIDED, That in case contract has been made between the district and the United States, or the state of Washington, as in RCW 87.03.140 provided, no change shall be made in the boundaries of the district, and the board of directors shall make no order changing the boundaries of the district until the secretary of the interior or the director of ecology shall assent thereto in writing and such assent be filed with the board of directors. [1988 c 127 § 46; 1921 c 129 § 32; 1915 c 179 § 21; 1889-90 p 694 § 47; RRS § 7474. Formerly RCW 87.44.010.]

Consolidation of irrigation districts: RCW 87.03.530 through 87.03.551.

### 87.03.560 Adding lands to district—Petition, contents—Acknowledgment

The holder or holders of title, or evidence of title, representing one-half or more of any body of lands may file with the board of directors of an irrigation district a petition in writing, praying that the boundaries of the district may be so changed as to include such lands. The petition shall describe the boundaries of the parcel or tract of land, and shall also describe the boundaries of the several parcels owned by the petitioners, if the petitioners be the owners respectively of distinct parcels, but such descriptions need not be more particular than they are required to be when such lands are entered by the county assessor in the assessment book. Such petition must contain the assent of the petitioners to the inclusion within the district of the parcels or tracts of land described in the petition, and of which the petition alleges they are respectively the owners; and it must be acknowledged in the same manner that conveyances of land are required to be acknowledged. [2001 c 149 § 3; 1889-90 p 694 § 48; RRS § 7475. Formerly RCW 87.44.020, part.]

Acknowledgments: Chapter 64.08 RCW.

### 87.03.565 Adding lands to district—Notice—Contents—Service

The secretary of the board of directors shall cause a notice of the filing of such petition to be published in the same manner and for the same time that notice of special elections for the issue of bonds are required by this chapter to be given. The notice shall state the filing of such petition and the names of the petitioners, a description of the lands mentioned in said petition, and the prayer of said petition, and it shall notify all persons interested in or that may be affected by such change of the boundaries of the district to appear at the office of said board at a time named in said notice, and show cause in writing, if any they have, why the change in the boundaries of said district, as proposed in said petition, should not be made. The time to be specified in the notice at which they shall be required to show cause shall be the regular meeting of the board next after the expiration of the time for the publication of the notice. The petitioners shall advance to the secretary sufficient money to pay the estimated costs of all proceedings under this chapter. [1963 c 68 § 3; 1921 c 129 § 33; 1889-90 p 695 § 49; RRS § 7476. Formerly RCW 87.44.030.]

Notice of special elections for the issue of bonds: RCW 87.03.200.

Official paper for publication: RCW 87.03.020.
87.03.570  Adding lands to district—Hearing—Assent. The board of directors, at the time and place mentioned in said notice, or at such other time or times to which the hearing of said petition may be adjourned, shall proceed to hear the petition and all the objections thereto presented in writing by any person showing cause, as aforesaid, why said proposed change of the boundaries of the district should not be made. The failure by any person interested in said district, or in the matter of the proposed change of its boundaries, to show cause in writing, as aforesaid, shall be deemed and taken as an assent on his or her part to a change of the boundaries of the district as prayed for in said petition, or to such a change thereof as will include a part of said lands. And the filing of such petition with said board, as aforesaid, shall be deemed and taken as an assent on the part of each and all of such petitioners to such a change of said boundaries that they may include the whole or any portion of the lands described in said petition. [2013 c 23 § 504; 1889-90 p 695 § 50; RRS § 7477. Formerly RCW 84.44.040.]

87.03.575  Adding lands to district—Payment for benefits received required. The board of directors to whom such petition to include other lands in the district is presented, shall require, as a condition precedent to the granting of the petition, that the petitioners shall severally pay, or give approved security upon such terms as may be prescribed by the board to pay, to such district such respective sums as shall be determined by the board at the hearing above provided for, which sums shall be such equitable amount as such land shall pay having regard to placing said lands on the basis of equality with other lands in the district as to benefits received, and such lands shall also become subject to all taxes and assessments of the district thereafter imposed. [1915 c 179 § 22; 1913 c 165 § 21; 1889-90 p 696 § 51; RRS § 7478. Formerly RCW 84.44.050.]

87.03.580  Adding lands to district—Order. The board of directors, if they deem it not for the best interests of the district that a change of its boundaries be so made as to include therein the lands mentioned in the petition, shall order that the petition be rejected. But if they deem it for the best interests of the district that the boundaries of said district be changed, and if no person interested in said district, or the proposed change of its boundaries, shows cause in writing why the proposed change should not be made, or if, having shown cause, withdraws the same, the board may order that the boundaries of the district be so changed as to include therein the lands mentioned in said petition, or some part thereof. The order shall describe the boundaries of lands included, as aforesaid; and for that purpose the board may cause a survey to be made of such portions of such boundary as is deemed necessary and may at its option redefine the boundaries of the district, or so much of the same as it deems advisable. [1947 c 241 § 1; 1889-90 p 696 § 52; Rem. Supp. 1947 § 7479. Formerly RCW 84.44.060, part.]

87.03.585  Adding lands to district—Resolution. If any person interested in said district, or the proposed change of its boundaries, shall show cause, as aforesaid, why such boundaries should not be changed and shall not withdraw the same, and if the board of directors deem it for the best inter-

(2014 Ed.)
87.03.605 Adding lands to district—Petition to be recorded—Admissible as evidence. Upon the filing of the copies of the order, as in RCW 87.03.600 mentioned, the secretary shall record in the minutes of the board the petition aforesaid; and the said minutes, or a certified copy thereof, shall be admissible in evidence with the same effect as the petition. [1889-90 p 698 § 57; RRS § 7484. Formerly RCW 87.44.090.]

87.03.610 Adding lands to district—Guardian, administrator or executor may act. A guardian, an executor or administrator of an estate, who is appointed as such under the laws of this state, and who, as such guardian, executor or administrator, is entitled to the possession of the lands belonging to the estate which he or she represents, may, on behalf of his or her ward or the estate which he or she represents, upon being thereunto authorized by the proper court, sign and acknowledge the petition in this act mentioned, and may show cause, as in this act mentioned, why the boundaries of the district should not be changed. [2013 c 23 § 505; 1889-90 p 698 § 58; RRS § 7485. Formerly RCW 87.44.020, part.]

Reviser's note: (1) "Petition in this act mentioned" apparently refers to the petition provided for in RCW 87.03.560.
(2) "Show cause, as in this act mentioned" apparently refers to the show cause provided for in RCW 87.03.565.

Guardians, etc., when land excluded from district: RCW 87.03.690.

87.03.615 Adding lands to districts of two hundred thousand acres—Petition. Whenever five or a majority of the holders of title to or evidence of title to any land susceptible of irrigation from the water supply and system of works of any irrigation district in this state, comprising within its boundaries two hundred thousand or more acres of land now existing or hereafter organized, desire to have such land included in said irrigation district, they may file a petition, in writing, with the board of directors thereof praying that such land be included in such district. [1939 c 150 § 1; RRS § 7485-1. Formerly RCW 87.44.100.]

87.03.620 Adding lands to districts of two hundred thousand acres—Time and place of hearing—Notice. Upon the filing of the petition, the board shall fix a time and place for the hearing of the same which shall not be less than thirty days and not more than one hundred eighty days from the date of said filing; and the board shall cause a notice of such hearing to be published prior to said hearing in three consecutive weekly issues of the official newspaper of each county in which any of said land prayed to be included is situated. [2014 c 2 § 2; 1939 c 150 § 2; RRS § 7485-2. Formerly RCW 87.44.110.]

Official paper for publication: RCW 87.03.020.

87.03.625 Adding lands to districts of two hundred thousand acres—Contents of notice. Said notice shall state the filing of the petition, describe generally the lands petitioned to be included within the operation of the district and the prayer of the petition and shall notify all persons interested in or that may be affected by such inclusion to appear at the time and place named in the notice, and show cause in writing, if any they have, why such lands or any part of the same should not be included within operation of the district. Such notice shall have the name of the secretary and of the district either subscribed or subprinted thereto. [1939 c 150 § 3; RRS § 7485-3. Formerly RCW 87.44.120.]

87.03.630 Adding lands to districts of two hundred thousand acres—Hearing—Order including lands. The board of directors of the district shall meet at the time and place specified in the notice and shall have full authority to determine all matters pertaining to the petition, including the denial as well as the granting of said petition or any part thereof; and if it appears at said hearing, or at any adjournment thereof which may be had not to exceed in all one hundred eighty days, that the land or any portion thereof petitioned to be included within the district, is susceptible of irrigation from the water supply and system of works of the said district and will be benefited by such irrigation; and if at said hearing or at any adjournment thereof as aforesaid, not more than fifty percent of the holders of title or evidence of title to the lands described in the petition and proposed to be included file their objections in writing to the inclusion of such land within the time and as provided in RCW 87.03.615 through 87.03.640, the said board shall make and enter in the records of their proceedings an order including said land, or such portion thereof as in their judgment is susceptible of irrigation and will be benefited as aforesaid, within the operation of said district. [2014 c 2 § 3; 1939 c 150 § 4; RRS § 7485-4. Formerly RCW 87.44.130, part and 87.44.140, part.]

87.03.635 Adding lands to districts of two hundred thousand acres—Denial of petition. If at said hearing or at any adjournment thereof, the board of directors shall determine that said land is not susceptible of irrigation and will not be benefited as aforesaid by inclusion in the district, or if more than fifty percent of the holders of title to or evidence of title to the land described in the petition file their objections in writing within the time and as aforesaid, then the board of directors shall deny said petition and shall make and enter in the records of their proceedings an order to that effect. [1939 c 150 § 5; RRS § 7485-5. Formerly RCW 87.44.130, part.]

87.03.640 Adding lands to districts of two hundred thousand acres—Order filed—Effect. A certified copy of the order of the board of directors including any lands within the operation of the district under the provisions of this act shall be filed with the county assessor and with the county auditor of each county in which any part of such included lands is situated, and from and after the date of such filing such land shall be subject to all the obligations and entitled to all the privileges of lands within the operation of the district. [1939 c 150 § 6; RRS § 7485-6. Formerly RCW 87.44.140, part.]

Reviser's note: "This act" is codified as RCW 87.03.615 through 87.03.640.

87.03.645 Exclusion of lands from district—Effect. The boundaries of any irrigation district or consolidated irrigation district, now or hereafter organized under the provisions of this chapter, may be changed, and tracts of land which were included within the boundaries of such district, or
former irrigation districts which were included within the boundaries of such consolidated district, at or after its organization under the provisions of this chapter, may be excluded therefrom in the manner herein prescribed; but neither such change of the boundaries of the district or consolidated district, nor such exclusion of lands from the district, nor such exclusion of a former district from a consolidated district, shall impair or affect its organization or the rights of the district in or to property, except that all property of a consolidated district, the title to which was derived from a former district by, and at the time of, the consolidation shall revert to and become the property of such former district when reestablished as herein provided; nor shall it affect, impair or discharge any contract, obligation, lien, or charge for or upon which such district or such consolidated district was or might become liable or chargeable had such change of its boundaries not been made, or had not any such land been excluded from such district, or any such former district been excluded from such consolidated district, unless the holders of such lien, obligation, charge or contract right chargeable against the district, or consolidated district consent to such exclusion in the manner hereinafter provided in RCW 87.03.670 for the consent of the bondholders. [1921 c 129 § 35; 1915 c 179 § 23; 1889-90 p 698 § 60; RRS § 7486. Formerly RCW 87.44.150.]

87.03.650 Exclusion of lands from district—Petition to exclude lands—Contents. The owner or owners in fee of one or more tracts of land which constitute a portion of an irrigation district, or fifty or a majority of the holders of title to lands constituting any portion of an irrigation district, or consolidated district as the case may be, for which lands similar grounds for exclusion may exist, or fifty or a majority of the holders of title to lands which constituted a former irrigation district included with a consolidated district, may file with the board of directors of such district, or of such consolidated district, as the case may be, a petition praying that such tracts, and any other tracts contiguous thereto, or such land which constituted such former district, may be excluded and taken from said district, or consolidated district, as the case may be, and in the latter case that such former district may be reestablished. The petition for the exclusion of tracts of land from a district shall describe the boundaries of the land which the petitioners desire to have excluded from the district, and also describe the land of such of said petitioners which are included within such boundaries; but the description of such lands need not be more particular or certain than is required to show cause, in writing, why the tract or tracts of land mentioned in the petition, or some defined portion thereof, or the lands of such of said petitioners which are included within such boundaries, or the description of such lands need not be more particular or certain than is required to show cause, in writing, why the prayer of the petition should not be granted, and the filing of such petition should not be excluded from said district, or the former district mentioned should not be excluded from the consolidated district, as the case may be, shall be deemed and taken as an assent by him or her to such exclusion, and the filing of such petition with such board, as afore-said, shall be deemed and taken as an assent by each and all of such petitioners to such exclusion. [1985 c 469 § 89; 1921 c 129 § 37; 1889-90 p 699 § 62; RRS § 7488. Formerly RCW 87.44.150.]

Acknowledgments: Chapter 64.08 RCW.

Property taxes—Listing of property: Chapter 84.40 RCW.
the district, or consolidated district, as the case may be, and
the former district be reestablished. [1921 c 129 § 39; 1915 c
179 § 24; 1889-90 p 700 § 64; RRS § 7490. Formerly RCW
87.44.190.]

Board’s powers and duties generally (contracts with state and United
States): RCW 87.03.140.

87.03.670 Exclusion of lands from district—Assent of
bondholders. If there be outstanding bonds of the district, or
consolidated district, as the case may be, or if such district
shall have entered into a contract with the United States, or
the state of Washington, then the board may adopt a resolu-
tion to the effect that the board deems it to the best interest of
the district that the lands mentioned in the petition, or some
portion thereof, or the former district mentioned in the peti-
tion, as the case may be, should be excluded from the district,
or consolidated district, and the former district reestablished.
The resolution shall describe such lands so that the boundar-
ies can readily be traced, or shall give the corporate name and
number of the former district. The holders of such outstand-
ing bonds may give their assent, in writing, to the effect that
they severally consent that the board may make an order by
which the lands, or the former district, mentioned in the reso-
lution may be excluded from the district, and in case contract
has been made with the United States, or the state of Wash-
ington, the secretary of the interior or the director of ecology
may assent to such change. The assent must be acknowledged
by the several holders of such bonds in the same manner and
form as is required in case of a conveyance of land, and the
acknowledgment shall have the same force and effect, as evi-
dence, as the acknowledgment of such conveyance. The
assent of the secretary of the interior need not be acknowl-
edged. The assent shall be filed with the board, and in the
office of the county clerk in each county comprised within
the district and must be recorded in the minutes of the board;
and said minutes, or certified copy thereof, shall be admissi-
ble in evidence with the same effect as the said assent; but if
such assent of the bondholders, and in case of contract with
the United States, or the state of Washington, such assent of
the secretary of the interior or the director of ecology, be not
filed, the board shall deny and dismiss said petition. [1988 c
127 § 47; 1921 c 129 § 40; 1915 c 179 § 25; 1889-90 p 701 §
65; RRS § 7491. Formerly RCW 87.44.200.]

Acknowledgments: Chapter 64.08 RCW.
Board’s powers and duties generally (contracts with state and United
States): RCW 87.03.140.

Certificate of acknowledgment—Evidence: RCW 64.08.050.

87.03.675 Exclusion of lands from district—Order
for election—Notice—Conduct of election. If the assent
aforsaid of the holders of said bonds be filed and entered of
record as aforesaid, and if there be objections presented by
any person showing cause as aforesaid, which have not been
withdrawn, then the board may order an election to be held in
each district to determine whether an order shall be made
excluding said land from said district, or excluding said for-
mer district from said consolidated district, as the case may
be, and such former district be reestablished, as mentioned in
said resolution. The notice of such election shall describe the
boundary of all lands, or shall give the corporate name and
number of the former district, which it is proposed to exclude,
and such notice shall be published for at least two weeks prior
to such election, in a newspaper published within the county
where the office of the board of directors is situated; and if
any portion of such territory to be excluded lie within another
county or counties, then said notice shall be so published in a
newspaper published within each of such counties. Such
notice shall require the electors to cast ballots, which shall
contain the words "For exclusion" and "Against exclusion",
or words equivalent thereto. Such election shall be conducted
in the manner prescribed in this chapter for the holding of
special elections on the issuance of bonds. In every case
where the petition is for the exclusion of a former district
from a consolidated district the resolution of the board order-
ing an election shall provide for the holding of such election
separately in the territory comprising such former district and
in the territory comprising that portion of the consolidated
district not included in such former district, and for canvassing
and counting of the votes cast at such election separately.
[1921 c 129 § 41; 1915 c 179 § 26; 1889-90 p 701 § 66; RRS
§ 7492. Formerly RCW 87.44.210.]

Special elections on the issuance of bonds: RCW 87.03.200.

87.03.680 Exclusion of lands from district—Proce-
dure following election—Order of exclusion. If at any
such election a majority of all the votes cast shall be against
exclusion the board shall deny and dismiss said petition and
proceed no further in said matter; but if in the case of a peti-
tion for the exclusion of lands from a district a majority of
such votes be in favor of the exclusion of said lands from the
district, the board shall thereupon order that the said lands
mentioned in said resolution be excluded from the district; if
in the case of a petition for the exclusion of a former district
from a consolidated district, a majority of the votes cast in
such former district shall be against exclusion, or a majority
of the votes cast in the remaining portion of the consolidated
district shall be against exclusion, the board shall deny and
dismiss the petition and proceed no further in the matter; but
if in the case of a petition for such exclusion of a former dis-
trict a majority of the votes cast in such former district and a
majority of the votes cast in the remaining portion of the con-
solidated district shall be in favor of the exclusion of such
former district, the board shall thereupon order that the lands
comprising such former district be excluded from the consol-
dated district and that such former district shall be and is
reestablished as an irrigation district created and established
under the provision of this chapter and that the title to all
property formerly belonging to, and all property within the
boundaries of said former district, shall be and is vested in
such reestablished district, and shall call an election to be
held in such reestablished district for the election of a board
of directors thereof, and direct the publication of notices of
such election in the manner provided in this chapter for the
publication of notice of special elections. The board entering
such order shall continue to administer the affairs of such
reestablished district until the directors elected at such elec-
tion shall have qualified.

The said order excluding land from a district shall
describe the boundaries of the lands excluded, should the
exclusion change the boundaries of the district, and in case of
the exclusion of a former district from a consolidated district,
shall describe the boundaries of the reestablished district and
the boundaries of the district remaining; and for that purpose the board may cause a survey to be made of such portions of the boundaries as the board may deem necessary. [1961 c 18 § 4. Prior: 1947 c 241 § 2; 1921 c 129 § 42; 1889-90 p 702 § 67; Rem. Supp. 1947 § 7482 (RRS § 7493). Formerly RCW 87.44.220.]

87.03.685 Exclusion of lands from district—Orders to be recorded—Effect. Upon the entry in the minutes of the board of any of the orders hereinbefore mentioned, a copy thereof, certified by the president and the secretary of the board, shall be filed for record in the offices of the county auditor and the county assessor of each county within which are situated any of the lands of the district, and thereupon said district, and said consolidated district and said reestablished district, if any, shall each be and remain an irrigation district as fully, as to every intent and purpose, as it would be had no change been made in the boundaries thereof, or had the lands excluded therefrom never constituted a portion thereof. [1921 c 129 § 43; 1889-90 p 702 § 68; RRS § 7494. Formerly RCW 87.44.230.]

87.03.690 Exclusion of lands from district—Guardian, executor or administrator may sign and acknowledge. A guardian, and executor or an administrator of an estate who is appointed as such under the laws of this state, and who, as such guardian, executor or administrator, is entitled to the possession of the lands belonging to the estate which he or she represents, may, on behalf of his or her ward or the estate which he or she represents, upon being thereto properly authorized by the proper court, sign and acknowledge the petition in this act mentioned, and may show cause, as in this act provided, why the boundaries of the district should not be changed. [2013 c 23 § 507; 1889-90 p 703 § 71; RRS § 7496. Formerly RCW 87.44.160, part.]

Reviser's note: (1) "Petition in this act mentioned" apparently refers to the petition provided for in RCW 87.03.650.
(2) "Show cause, as in this act provided" apparently refers to the show cause provided for in RCW 87.03.655.

Guardians, etc., when land added to district: RCW 87.03.610.

87.03.695 Exclusion of lands from district—Refunds—Cancellation of assessments. In case of the exclusion of any lands under the provisions of this act, the board of directors shall determine what refund, if any, shall be made to any person or persons who have paid any assessments to such district on any lands so excluded, but such refund, if any, shall be on a basis equitable alike to lands remaining in the district and lands excluded therefrom. Such payment shall be made in the manner as other claims against the district, and from such fund or funds as the board of directors may designate, and which may be legally applied to such payments. The board may, in its discretion, determine what portion, if any, of the assessments remaining unpaid shall be canceled. Said cancellation, if any, shall be accomplished by an order entered upon the minutes of the board and certified to the office of the county treasurer. Upon the filing of such certified order, said assessments, or any portion thereof, canceled by said order shall be marked "Canceled" upon the treasurer's records. The lien of such portion of said assessments, if any, as the board shall refuse to cancel, shall continue against the lands excluded, and the district shall retain all of its rights to such assessments or portions thereof as if said lands had not been excluded. [1921 c 129 § 44; 1913 c 165 § 22; 1889-90 p 703 § 72; RRS § 7497. Formerly RCW 87.44.240.]

87.03.700 Connecting system to lower drainage district—Procedure. When an irrigation district desires to connect its system of drainage with that of a lower drainage district or districts, it shall make the lower district or districts a party to the proceedings to construct its system, and allege in its petition that the connection is needed to afford a proper outlet and that the outlet is sufficient for both districts. If the lower system or systems must be improved to support the additional burden, the petition shall be accompanied by plans and specifications therefor. The owners of all lands in the lower district or districts affected thereby and also persons having an interest therein shall be made parties to the action and assessment for damages shall be the same as is provided by law for the establishment of the drainage system in the irrigation district. [1955 c 367 § 2. Formerly RCW 87.08.250.]

87.03.705 Connecting system to lower drainage district—Negative finding by jury or court. The jury, or the court if jury be waived, shall first determine whether the lower drainage system or systems when so improved will afford a sufficient drainage and outlet for both the drainage district and irrigation district, and if it finds that it will not, the finding shall terminate the proceedings so far as the connecting with the lower drainage district or districts is concerned and the costs shall be paid as in other suits: PROVIDED, That the irrigation district may maintain said suit for the purpose of acquiring the necessary rights-of-way from the lower drainage district or districts and the landowners in said lower district or districts that will not interfere with the operation and maintenance of the drainage system in the lower district or districts. [1955 c 367 § 3. Formerly RCW 87.08.260.]

87.03.710 Connecting system to lower drainage district—Affirmative finding by jury or court—Assessments. If the jury, or the court if jury be waived, finds the outlet and drainage sufficient it shall assess the damages sustained by the lands in the lower drainage district or districts by reason of the improvement, together with awards for damaging and taking lands for rights-of-way required, which shall be paid by the irrigation district in the same manner as such payments are made in establishing the system in the irrigation district, and the cost of improving the lower system or systems to the extent the improvement benefits lands in the irrigation district shall be assessed to the lands in the irrigation district as other costs of drainage improvement are assessed. [1955 c 367 § 4. Formerly RCW 87.08.270.]

87.03.715 Connecting system to lower drainage district—Increased maintenance costs. The lower district or districts may require the jury or court to determine any increased cost to it in annual maintenance of its system as improved, and judgment shall be rendered against the irrigation district in favor of the lower drainage district or districts for any amount so found, and it shall be paid annually as the cost of construction is paid, and the amount so paid shall be
used by the lower drainage district or districts for maintenance. [1955 c 367 § 5. Formerly RCW 87.08.280.]

87.03.720 Merger of district with drainage, joint drainage, consolidated drainage improvement, or water-sewer district—Power to assent. The board of directors of an irrigation district shall, after being notified by the legislative authority of the county or counties within which the irrigation district lies of the filing of the petition thereof, have the power to assent to the proposed merger with the irrigation district of that portion of a drainage improvement district, joint drainage improvement district, consolidated drainage improvement district, or water-sewer district within its boundaries at a hearing duly called by the board to consider the proposed merger if sufficient objections thereto have not been presented, as hereinafter provided. [1999 c 153 § 75; 1977 ex.s. c 208 § 1; 1957 c 94 § 10. Formerly RCW 87.01.240.]

Merger of drainage improvement district with irrigation district: RCW 85.08.830 through 85.08.890.
Additional notes found at www.leg.wa.gov

87.03.725 Merger of district with drainage, joint drainage, consolidated drainage improvement, or water-sewer district—Notice—Contents—Publication—Show cause against merger. The secretary of the board of directors shall cause a notice of the proposed merger to be posted and published in the same manner and for the same time as notice of a special election for the issue of bonds. The notice shall state that a petition has been filed with the legislative authority of the county or counties within which the irrigation districts lies by the board of supervisors of the drainage improvement district, joint drainage improvement district, or consolidated drainage improvement district or by the board of commissioners of a water-sewer district requesting that the drainage improvement district, joint drainage improvement district, consolidated drainage improvement district, or water-sewer district be merged with the irrigation district or irrigation districts, the names of the petitioners and the prayer thereof, and it shall notify all persons interested in the irrigation district to appear at the office of the board at the time named in the notice, and show cause in writing why the proposed merger should not take place. The time to show cause shall be the regular meeting of the board of directors of the irrigation district next after the expiration of the time for the publication of the notice. [1999 c 153 § 76; 1977 ex.s. c 208 § 2; 1957 c 94 § 11. Formerly RCW 87.01.250.]

Official paper for publication: RCW 87.03.020.
Additional notes found at www.leg.wa.gov

87.03.730 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Hearing—Failure to show cause deemed assent. At the time of hearing, or at such other time to which the hearing may be adjourned, the board of directors of the irrigation district shall hear the proposal of merger and any objections thereto. Failure to show cause shall be deemed as assent to the proposed merger. [1957 c 94 § 12. Formerly RCW 87.01.260.]

87.03.735 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Assent, refusal to assent—Effect of show cause against merger. The board of directors of the irrigation district, if it deems it not for the best interest of the irrigation district that the proposed merger take place, shall enter an order refusing to assent to the merger. But, if it deems it to be to the best interest of the irrigation district that the merger take place and, if twenty-five or more persons interested in the irrigation district have not shown cause in writing why the proposed merger should not take place, or, if having shown cause, withdraw the same, the board of directors of the irrigation district may enter an order assenting to the proposed merger.

If twenty-five or more persons interested in the irrigation district shall show cause, as aforesaid, why the proposed merger should not take place and shall not withdraw the same, and if the irrigation district board nevertheless deems it for the best interest of the irrigation district that the proposed merger take place, the board shall adopt a resolution to that effect. [1957 c 94 § 13. Formerly RCW 87.01.270.]

87.03.740 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Election. Upon the adoption of the resolution, the board shall order an election held within the irrigation district on the question of the proposed merger and shall fix the time thereof and cause notice to be published. The notice shall be given and the election conducted in the manner as for special elections on a bond issue of the district. The ballots shall contain the words "Merger, Yes" and "Merger, No" or words equivalent thereto. [1957 c 94 § 14. Formerly RCW 87.01.280.]

Bonds—Election: RCW 87.03.200.

87.03.745 Merger of district with drainage, joint drainage, or consolidated drainage improvement district—Order of assent or refusal—Filing. If a majority of the voters cast at the election are against the merger, the irrigation district board shall enter an order refusing to assent to the merger. If a majority of the votes cast favor the merger, the board shall enter an order assenting to the proposed merger. A copy of the order certified by the president and secretary of the board shall be filed with the board of county commissioners or, in case the merger involves a joint drainage improvement district, with the boards of county commissioners of the counties in which the joint drainage improvement district is situated. [1957 c 94 § 15. Formerly RCW 87.01.290.]

87.03.750 Exclusion of nonirrigable land when state holds all outstanding bonds—Resolution. Whenever any irrigation district organized and existing under the laws of this state, shall have entered into a contract, or contracts with the department of ecology, for the sale to and purchase by the department of an entire authorized issue of the bonds of the district, for the purpose of procuring funds for district purposes, including the construction of an irrigation system for the district, and the department of ecology has advanced, under such contract, or contracts, funds for such purposes, and such funds have been expended for the purposes
advanced, and there are no outstanding bonds of the district other than those which the district has contracted to sell to the department of ecology, and it shall appear to the satisfaction of the board of directors of the district that the irrigation system, for the construction of which such funds were advanced and expended, will not furnish sufficient water for the successful irrigation of all of the lands within the district and that the district as constituted will be unable by assessments upon the lands of the district, as provided by law, to collect sufficient funds to meet the interest payments upon and pay the bonds at maturity, the board of directors of the district shall have the power by unanimous resolution to adopt a comprehensive proposed plan for reducing the boundaries of the district, excluding therefrom such portions of the lands of the district as in the judgment of the board cannot be furnished with sufficient water for successful irrigation, and refunding to the owners of such excluded lands, respectively, any monies paid for assessments levied by the district upon the lands excluded, and to release any such excluded lands from all unpaid assessments levied by the district, which resolution shall give the boundaries to which it is proposed to reduce the district and the description of the lands it is proposed to exclude from the district by government subdivisions, or metes and bounds. [1988 c 127 § 48; 1925 ex.s. c 138 § 1; RRS § 7505-1. Formerly RCW 87.44.250.]

87.03.755 Exclusion of nonirrigable land when state holds all outstanding bonds—Notice of hearing—Contents. Upon the adoption of the resolution as provided in RCW 87.03.750, the board of directors of the district shall cause to be served upon the director of the department of ecology, and to be published once a week for four successive weeks in a newspaper of general circulation in the county in which the district is situated a notice that at the time and place fixed in the notice, the board will hold a public hearing for the further consideration of the plan proposed, which notice shall set forth a copy of the resolution adopted by the board, and state that at the hearing the board will receive and consider any objections to the proposed plan and/or suggestions for modification thereof, of any person interested, and at the conclusion of the hearing, or the final adjournment thereof, the board will proceed by resolution to adopt the plan proposed, or the modification of the plan as may be determined by the board, and reduce the boundaries of the district and exclude therefrom such lands as cannot be furnished with sufficient water for successful irrigation, and provide for the repayment to the owners of the excluded lands of any assessments paid thereon, and the cancellation of all unpaid assessments against excluded lands. [1985 c 469 § 90; 1925 ex.s. c 138 § 2; RRS § 7505-2. Formerly RCW 87.44.260.]

87.03.760 Exclusion of nonirrigable land when state holds all outstanding bonds—Adoption of resolution—Appellate review. At the conclusion, or final adjournment, of the hearing provided for in RCW 87.03.755, the board of directors of the district shall have the power, by unanimous resolution to adopt the proposed plan, or such modification thereof as may be determined by the board, and reduce the boundaries of the district to such area as, in the judgment of the board, can be furnished with sufficient water for successful irrigation by the irrigation system of the district, and to exclude from the district all lands lying outside of such reduced boundaries, and provide for the repayment to the owners of any such excluded lands, respectively, of any sums paid for assessments levied by the district, and to cancel all unpaid assessments levied by the district against the lands excluded and release such lands from further liability therefor. Any person interested and feeling himself or herself aggrieved by the adoption of such final resolution reducing the boundaries of the district and excluding lands therefrom, shall have a right of appeal from the action of the board to the superior court of the county in which the district is situated, which appeal may be taken in the manner provided by law for appeals from justices' courts, and if upon the hearing of such appeal it shall be determined by the court that the irrigation system of the district will not furnish sufficient water for the successful irrigation of the lands included within the reduced boundaries of the district, or that any lands have been excluded from the district unnecessarily, arbitrarily, capriciously, or fraudulently or without substantial reason for such exclusion, the court shall enter a decree canceling and setting aside the proceedings of the board of directors, otherwise the court shall enter a decree confirming the action of the board. Any party to the proceedings on appeal in the superior court, feeling himself or herself aggrieved by the decree of the superior court confirming the action of the board of directors of the district reducing the boundaries of the district and excluding lands therefrom, may seek appellate review within thirty days after the entry of the decree of the superior court in the manner provided by law. If, at the expiration of thirty days from the entry of the final resolution of the board of directors of the district reducing the boundaries of the district and excluding lands therefrom, no appeal has been taken to the superior court of the county in which the district is situated, or if, after hearing upon appeal the superior court shall confirm the action of the district, and at the expiration of thirty days from the entry of such decree, no appellate review is sought, the boundaries of the district shall thereafter be in accordance with the resolution of the board reducing the boundaries, and all lands excluded from the district by such resolution shall be relieved from all further liability for any indebtedness of the district or any unpaid assessments therefore levied against such lands, and the owners of excluded lands, upon which assessments have been paid, shall be entitled to warrants of the district for all sums paid by reason of such assessments, payable from a special fund created for that purpose, for which levies shall be made upon the lands remaining in the district, as the board of directors may provide. [2013 c 23 § 508; 1988 c 202 § 86; 1971 c 81 § 171; 1925 ex.s. c 138 § 3; RRS § 7505-3. Formerly RCW 87.44.270.]

District courts—Civil procedure—Appeals: Chapter 12.36 RCW.

Additional notes found at www.leg.wa.gov
incapable of furnishing sufficient water for the successful irrigation of all of the lands of such district, and that the board of directors of such district has reduced the boundaries thereof and excluded from the district, as provided in RCW 87.03.750 through 87.03.760, sufficient lands to render such irrigation system adequate for the successful irrigation of the lands of the district, and that more than thirty days have elapsed since the adoption of the resolution by the board of directors reducing the boundaries of the district and excluding lands therefrom, and no appeal has been taken from the action of the board, or that the action of the board has been confirmed by the superior court of the county in which the district is situated and no appeal has been taken to the supreme court or the court of appeals, or that upon review by the supreme court or the court of appeals the action of the board of directors of the district has been confirmed, the director of ecology shall be and he or she is hereby authorized to cancel and reduce the obligation of the district to the department of ecology, for the repayment of moneys advanced for the construction of an irrigation system for the district, to such amount as, in his or her judgment, the district will be able to pay from revenues derived from assessments upon the remaining lands of the district, and to accept, in payment of the balance of the obligation of the district, the authorized bonds of the district, in numerical order beginning with the lowest number, on the basis of the percentage of the face value thereof fixed in contracts between the district and the department of ecology, in an amount equal to said balance of the obligation of the district, in full and complete satisfaction of all claims of the department of ecology against the district. [1931 c 60 § 7; 1921 c 129 § 45; 1917 c 162 § 17; 1915 c 179 § 27; 1889-90 p 703 § 73; RRS § 7499. Formerly RCW 87.08.190.]

Additional notes found at www.leg.wa.gov

87.03.770 Exclusion of nonirrigable land when state holds all outstanding bonds—Reconveyance of excluded land formerly foreclosed to district. Whenever the boundaries of any irrigation district have been reduced and lands excluded from such district, as provided in *this act, the directors of such district shall be authorized and directed to execute and deliver to the owners, respectively, of any lands excluded from the district, which have been deeded to the district for the nonpayment of assessments theretofo levied, deeds of reconveyance and quit claim of all right, title and interest of the district in such lands, respectively. [1925 ex.s. c 138 § 5; RRS § 7505-5. Formerly RCW 87.44.290.]

*Reviser's note: "This act" is codified as RCW 87.03.750 through 87.03.770.

87.03.775 Map of district. Said board of directors shall cause a map to be made of the irrigation districts showing each forty acres, subdivision or fraction thereof, and place the same on file in their office. [1895 c 165 § 28; RRS § 7495. Formerly RCW 87.08.120.]

Surveys, maps and plans to be prepared: RCW 87.03.165 through 87.03.170.

87.03.780 Proceedings for judicial confirmation—Authorization. The board of directors of an irrigation district, now or hereafter organized under the provisions of this chapter, may commence a special proceeding in and by which the proceedings for organizing such district or the proceedings of said board and of said district, providing for and authorizing the issue and sale of the bonds or refunding bonds of said district whether said bonds or refunding bonds or any of them have or have not then been sold or any contract entered or proposed to be entered into by the district, or any contract made or entered into, or to be made or entered into, for the payment of moneys to the United States or the state of Washington in connection with which bonds be not deposited with the United States or the state of Washington as provided in RCW 87.03.140, may be judicially examined, approved and confirmed.

There may be combined with the proceeding for the confirmation of the organization and formation of said district, either of the other confirmation proceedings above mentioned. [1931 c 60 § 7; 1917 c 162 § 18; 1915 c 179 § 28; 1889-90 p 703 § 74; RRS § 7500. Formerly RCW 87.08.200.]

87.03.785 Proceedings for judicial confirmation—Petition—Contents. The board of directors of the irrigation district shall file in the superior court of the county in which the lands of the district, or some portion thereof, are situated, a petition praying in effect, that the proceedings aforesaid may be examined, approved, and confirmed by the court. The petition shall state the facts, showing the proceedings had for the organization of said district or the proceedings had for the issue and sale of said bonds or for the issue and sale of said refunding bonds, or for the authorization of contract with the United States, or other contract described in said petition; and shall state generally that the irrigation district was duly organized, and that the first board of directors was duly elected; but the petition need not state the facts showing such organization of the district, or the election of said first board of directors. [1931 c 60 § 7; 1917 c 162 § 18; 1915 c 179 § 28; 1889-90 p 703 § 74; RRS § 7500. Formerly RCW 87.08.200.]

87.03.790 Proceedings for judicial confirmation—Notice of hearing. The court shall fix the time for the hearing of said petition, and shall order the clerk of the court to give and publish a notice of the filing of said petition. The notice shall be given and published in the same manner and for the same length of time that a notice of a special election provided for by this chapter to determine whether the bonds of said district shall be issued is required to be given and published. The notice shall state the time and place fixed for the hearing of the petition, and the prayer of the petition, and that any person interested in the organization of said district or in the proceedings for the issue or sale of said bonds or refunding bonds or for the authorization of contract with the United States, or the state of Washington, or any other contract, may, on or before the day fixed for the hearing of said petition, demur to or answer said petition. The petition may be referred to and described in said notice as the petition of the board of directors of irrigation district (giving its name) praying that the proceedings for the organization of said district or the proceedings for the issue and sale of the bonds of said district or for the authorization of contract with the United States, or the state of Washington, or other contracts, may be examined, approved, and confirmed by said court. [1931 c
87.03.795 Proceedings for judicial confirmation—Demurrer or answer—Procedure. Any person interested in said district or in the issue or sale of said bonds in the issue or sale of refunding bonds or in the making of a contract with the United States or any contract referred to in said petition may demur to or answer said petition. The statutes of this state respecting the demurrer, and the answer to a verified complaint, shall be applicable to a demurrer and answer to said petition. The person so demurring to or answering said petition shall be the defendant to said special proceeding, and the board of directors shall be the plaintiff. Every material statement of the petition not specifically controverted by the answer must, for the purposes of said special proceeding, be taken as true, and each person failing to answer the petition shall be deemed to admit as true all the material statements of the petition. The rules of pleading and practice provided by the statutes of this state, which are not inconsistent with the provisions of this chapter, are applicable to the special proceeding herein provided for. A motion for a new trial must be made upon the minutes of the court. The order granting a new trial must specify the issue to be reexamined on such new trial, and the findings of the court upon the other issues shall not be affected by such order granting a new trial. [1931 c 60 § 9; 1915 c 179 § 30; 1889-90 p 704 § 76; RRS § 7502. Formerly RCW 87.08.220.]

Rules of court: Cf. Superior Court Civil Rules.

Civil procedure: Title 4 RCW.

87.03.800 Proceedings for judicial confirmation—Jurisdiction of court—Order—Costs. Upon the hearing of such special proceedings, the court shall have full power and jurisdiction to examine and determine the legality and validity of and approve and confirm each and all of the proceedings for the organization of said district under the provisions of this chapter from and including the petition for the organization of the district, and all other proceedings which may affect the legality of the formation of said district or the legality or validity of said bonds, or refunding bonds, and the order for the sale, and the sale thereof, and all proceedings which may affect the authorization or validity of the contract with the United States, or the state of Washington, or other contract. The court, in inquiring into the regularity, legality or correctness of said proceedings, must disregard any error, irregularity or omission which does not affect the substantial rights of the parties to said special proceedings, and it may approve and confirm such proceedings, in part, and disapprove and declare illegal or invalid other or subsequent parts of the proceedings. The court shall find and determine whether the notice of the filing of said petition has been duly given and published for the time and in the manner in this chapter prescribed. The costs of the special proceedings may be allowed and apportioned between all of the parties, in the discretion of the court. [1931 c 60 § 10; 1921 c 129 § 47; 1917 c 162 § 20; 1915 c 179 § 31; 1889-90 p 705 § 77; RRS § 7503. Formerly RCW 87.08.230.]

87.03.805 Proceedings for judicial confirmation—Appeal. An appeal from an order granting or refusing a new trial, or from the judgment, must be taken by the party aggrieved within thirty days after the entry of said order or said judgment. [1915 c 179 § 32; 1889-90 p 705 § 78; RRS § 7504. Formerly RCW 87.08.240.]

87.03.810 Lump sum payment to district for irrigable lands acquired for highway purposes. Whenever lands situated in an irrigation district are acquired by the department of transportation, and the lands, at the time of their acquisition by the department of transportation, were irrigable and were being served or were capable of being served by facilities of the district to the same extent and in the same manner as lands of like character held under private ownership were served, the department of transportation, as part of the cost and expense of the acquisition of rights-of-way and with funds available for the acquisition and at the time of the acquisition, shall make a lump sum payment to the irrigation district in an amount that is:

(1) Sufficient to pay the pro rata share of the district's bonded indebtedness, if any, and the pro rata share of the district's contract indebtedness to the United States or to the state of Washington, if any, allocable to the lands, plus interest on the pro rata share if the indebtedness is not callable in advance of maturity; and

(2) Further, sufficient to pay any deferred installments of local improvement district assessments against the lands, if any; and

(3) Further, sufficient to produce, if invested at an annual rate of interest equivalent to that set forth in current tables issued by the state insurance commissioner, a sum of money equal to the annual increase in operation and maintenance costs against remaining lands in the district resulting from the severance of the district of the lands thus acquired by the department of transportation. For the purposes of determining the amount of the lump sum payment, the annual maintenance and operation assessment of the district shall be considered to be the average for the ten years, or so many years as the district has assessment experience if less than ten years, preceding the date of acquisition. [1984 c 7 § 380; 1959 c 303 § 1. Formerly RCW 87.01.300.]

Additional notes found at www.leg.wa.gov

87.03.815 Lump sum payment to district for irrigable lands acquired for highway purposes—Order relieving further district assessments. Upon the department of transportation making the lump sum payment to the district under RCW 87.03.810, the district shall make and enter an order relieving the lands from further district assessments for the delivery of water to the lands. [1984 c 7 § 381; 1959 c 303 § 2. Formerly RCW 87.01.310.]

Additional notes found at www.leg.wa.gov

87.03.820 Disposal of real property—Right of adjacent owners. Whenever as the result of abandonment of an irrigation district right-of-way real property held by an irrigation district is to be sold or otherwise disposed of, notice shall be given to the owners of lands adjoining that real property
and such owners shall have a right of first refusal to purchase at the appraised price all or any part of the real property to be sold or otherwise disposed of which adjoins or is adjacent to their land.

Real property to be sold or otherwise disposed of under this section shall have been first appraised by the county assessor or by a person designated by him or her.

Notice under this section shall be sufficient if sent by registered mail to the owner, and at the address, as shown in the tax records of the county in which the land is situated. Notice under this section shall be in addition to any other notice required by law.

After sixty days from the date of sending of notice, if no applications for purchase have been received by the irrigation district or other person or entity sending notice, the rights of first refusal of owners of adjoining lands shall be deemed to have been waived, and the real property may be sold or otherwise disposed of.

If two or more owners of adjoining lands apply to purchase the same real property, or apply to purchase overlapping parts of the real property, the respective rights of the applicants may be determined in the superior court of the county in which the real property is situated; and the court may divide the real property in question between some or all of the applicants or award the whole to one applicant, as justice may require.

Any sale or other disposal of real property pursuant to chapters 87.52, 87.53, and 87.56 RCW shall be made in accordance with the requirements of this section. [2013 c 23 § 510; 1973 c 150 § 1; 1971 ex.s. c 125 § 2.]

### 87.03.825 Hydroelectric resources—Development—Legislative findings

The legislature finds that a significant potential exists for the development of cost-effective renewable hydroelectric resources by irrigation districts, cities, towns, and public utility districts and further finds that it is in the best interests of the state and its citizens for such entities to develop that hydroelectric generating resource cooperatively whenever possible through the use of separate legal authorities. The legislature also finds that the development of such hydroelectric resources will be beneficial in meeting the present and future energy needs of the citizens of the state, will further a state purpose and policy, and will be in the public interest. [1983 c 47 § 1.]

Additional notes found at [www.leg.wa.gov](http://www.leg.wa.gov)

### 87.03.828 Hydroelectric resources—Separate legal authority—Creation by irrigation districts and cities, towns, or public utility districts—Powers

One or more irrigation districts and any combination of cities, towns, or public utility districts may create a separate legal authority to construct, finance, acquire, own, operate, and maintain hydroelectric facilities including, but not limited to, dams, canals, plants, transmission lines, other power equipment and the necessary property and property rights therefor, located within or outside the boundaries of the entities creating the authority, for the purpose of utilizing for the generation of electricity water power made available by and as a part of the irrigation water storage, conveyance, and distribution facilities, wasteways, and drainage water facilities which serve or may in the future serve irrigation districts, and to sell by contract on such terms and conditions as deemed appropriate by the legislative body of the authority the electric power and energy created by or generated at such hydroelectric facilities to municipal or quasi municipal corporations or cooperatives authorized to engage in the business of distributing electric, electrical companies subject to the jurisdiction of the utilities and transportation commission, or irrigation districts. Any authority so created shall have the same powers and only those powers granted to irrigation districts by chapter 185, Laws of 1979 ex. sess. and has such additional powers relating to its organization, right to contract in its own name, and general ability to exist and function as a separate legal authority as deemed appropriate by the entities creating it. The authority shall be created and organized by contract in the manner described in chapter 39.34 RCW and shall be a separate legal entity capable of exercising in its own name the powers granted it. No provision of chapter 39.34 RCW or any other provision of law may be interpreted to require the entities creating the authority to submit the contract creating the authority to any state, county, or municipal officer, entity, agency, or board for approval or disapproval. [1983 c 47 § 2.]

Additional notes found at [www.leg.wa.gov](http://www.leg.wa.gov)

### 87.03.831 Hydroelectric resources—Separate legal authority—Procedures for membership and for construction and acquisition of facilities

Cities, towns, and public utility districts not engaged in the generation, transmission, or distribution of electricity on April 19, 1983, may be members of a separate legal authority created under the provisions of RCW 87.03.828 without the necessity of obtaining prior approval of their voters. However, no such city, town, or public utility district member of such a separate legal authority may construct or acquire facilities for the generation, transmission, or distribution of electricity independently of the separate legal authority without complying with the election requirements applicable to each individual entity. [1983 c 47 § 4.]

Additional notes found at [www.leg.wa.gov](http://www.leg.wa.gov)

### 87.03.834 Hydroelectric resources—Separate legal authority—Voter ratification of actions

After demand made by a majority of the authority's members, the actions of an authority shall become subject to ratification and approval by the voters of its members in accordance with procedures agreed to by its members. Every contract establishing an authority shall provide appropriate procedures for ratification and approval of actions taken by the authority by the voters of its members. [1983 c 47 § 5.]

Additional notes found at [www.leg.wa.gov](http://www.leg.wa.gov)

### 87.03.837 Hydroelectric resources—Separate legal authority—Repayment of indebtedness—Powers

A separate legal authority shall only have power to incur indebtedness that is repayable from rates, tolls, charges, or contract payments for services or electricity provided by the authority and to pledge such revenues for the payment and retirement of indebtedness issued for the construction or acquisition of hydroelectric facilities. An authority shall not have power to levy taxes or to impose assessments for the payment of obligations of the authority. Every bond or other evidence of

[Title 87 RCW—page 46] (2014 Ed.)
indebtedness issued by an authority shall provide (1) that repayment shall be limited solely to the revenues of the authority, and (2) that no member of the authority shall be obligated to repay directly or indirectly any obligation of the authority except to the extent of fair value for services actually received from the authority. No member may pledge its revenues to support the issuance of revenue bonds or other indebtedness of an authority. This section shall not be construed to prohibit members of an authority from paying the necessary expenses of organizing and administering the authority and of studies performed, applications prepared, and consultants retained with regard to projects the authority is studying, developing, constructing, or operating. [1983 c 47 § 6.]

Additional notes found at www.leg.wa.gov

87.03.840 Chapter supplementary—When. This chapter supplements and neither restricts nor limits any powers which a city, town, public utility district, or irrigation district might otherwise have under any laws of this state, except that no such authority created by RCW 87.03.828 and no city, town, or public utility district member of an authority may convey for the benefit of the authority any plant, works, dam, facility, right, or property owned by any city, town, irrigation district, public utility district, or electrical company subject to the jurisdiction of the utilities and transportation commission. [1983 c 47 § 3.]

Additional notes found at www.leg.wa.gov

87.03.845 Merger of minor irrigation district into major irrigation district—Proceedings to initiate—Notice—Hearing. This section and RCW 87.03.847 through 87.03.855 provide the procedures by which a minor irrigation district may be merged into a major irrigation district as authorized by RCW 87.03.530(2).

To institute proceedings for such a merger, the board of directors of the minor district shall adopt a resolution requesting the board of directors of the major district to consider the merger, or proceedings for such a merger may be instituted by a petition requesting the board of directors of the major district to consider the merger, signed by ten owners of land within the minor district or five percent of the total number of landowners within the minor district, whichever is greater. However, if there are fewer than twenty owners of land within the minor irrigation district, the petition shall be signed by a majority of the landowners and filed with the board of directors of the major irrigation district.

For the purpose of determining the number of landowners required to initiate merger proceedings under this section, a husband and wife owning property as community property shall be considered a single landowner; two or more persons or entities holding title to property as tenants in common, joint tenants, tenants in partnership, or other form of joint ownership shall be considered a single landowner; and the petition requesting the merger shall be considered by the board of directors of the major irrigation district may be [if the petition is] signed by either the husband or wife and by any one of the co-owners of jointly owned property.

The board of directors of the major irrigation district shall consider the request at the next regularly scheduled meeting of the board of directors of the major district following its receipt of the minor district's request or at a special meeting called for the purpose of considering the request. If the board of the major district denies the request of the minor district, no further action on the request shall be taken.

If the board of the major district does not deny the request, it shall conduct a public hearing on the request and shall give notice regarding the hearing. The notice shall describe the proposed merger and shall be published once a week for two consecutive weeks preceding the date of the hearing and the last publication shall be not more than seven days before the date of the hearing. The notice shall contain a statement that unless the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the hearing, the board is free to approve the request for the merger without an election being conducted in the major district on the request. If the board of the major district is considering requests from more than one minor district, the hearing shall be conducted on all such requests. [2001 c 149 § 1; 1998 c 84 § 1; 1993 c 235 § 2.]

87.03.847 Merger of minor irrigation district into major irrigation district—Denial or adoption of request for merger—Notice—Elections—Notification of merger. (1) If, following the public hearing conducted under RCW 87.03.845, the board of directors of the major irrigation district denies the request for a merger, no further action shall be taken on the request. If, following the public hearing, the board adopts a resolution approving the merger, the merger is approved by the major irrigation district and no election shall be held in the major district to approve the merger. However, if the holders of title or evidence of title to at least twenty percent of the assessed lands within the major district file a protest opposing the merger with the board of the major district at or before the public hearing, the board shall call a special election and submit to the voters of the major district the question of whether the merger should or should not be approved. Votes shall be cast as "Merger - Yes" or "Merger - No." If such a special election must be conducted and a majority of all votes cast in the district approve the merger, the merger is approved by the major district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.

(2) The board of directors of the minor irrigation district shall, within thirty days of the date the merger is approved by the major district or of the date the board of the major district issues its call for a special election on the merger, call a special election within the minor district and submit to the voters of the minor district the question of whether the merger should or should not be approved. If special elections must be conducted in both districts, both elections shall be conducted on the date set by the board of the major district. If only the minor district must conduct such a special election, the election shall be held not later than sixty days after the date the merger has been approved by the board of the major district. Votes on the question shall be cast as "Merger - Yes" or "Merger - No." If a majority of all votes cast in the district are cast for "Merger - Yes," the merger is approved by the minor irrigation district. Such an approval is effective on the date the returns of the election are canvassed under RCW 87.03.105.
87.03.849  Merger of minor irrigation district into major irrigation district—Board of directors—Transfer of property and assets. The members of the board of directors of the major irrigation district shall hold office as directors of the district formed by the merger until the end of their terms of office. If the major district is divided into director divisions, the board of the major district shall propose a plan for redividing the district into divisions that reflect the boundaries of the district created by the merger and this requirement regarding the directors of the major district. If the major district is considering a merger with more than one minor district, the board shall submit plans for the various possible mergers. The proposal or proposals shall be filed with the county legislative authority before the merger is approved in the major district or the minor district or districts. The board or boards of county commissioners of the county or counties containing territory of the merged districts and the director of the department of ecology shall be notified that the districts have merged.  [1993 c 235 § 3.]

87.03.851  Merger of minor irrigation district into major irrigation district—Bonds or obligations not impaired—Enforcement of assessments and obligations—Establishment of local improvement district to carry out obligations. 
(1) The merger of irrigation districts shall not affect or impair any bonds or obligations of the merged districts and the holders of the bonds of any merged district shall be entitled to all remedies for their enforcement as if the district had not been merged. All obligations incurred by the district prior to its merger shall be a prior lien to any obligation that may be incurred against the district created by the merger. However, the board of directors of the merged district may, when authorized under RCW 87.03.200 and with the consent of the bondholders, exchange the bonds of the district created by the merger for the bonds of the districts that merged. If the major or minor district entered, prior to the merger, into a contract with the United States under this chapter and the board of directors of the district created by the merger proposes that the merged district enter into a contract with the United States, the board may do so when authorized under RCW 87.03.200 and may, with the consent of the United States, cancel any contract previously entered into between the major or minor district and the United States.

(2) The district created by the merger shall be entitled to all remedies for the enforcement of the irrigation district assessments and other obligations of lands to the districts that merged as if the districts had not merged. All obligations incurred for irrigation district or local improvement district purposes by the lands within the major or minor district prior to its merger shall be a prior lien to any obligation that may be incurred against those lands after the merger.

(3) Until premerger assessments have been collected and all of the premerger indebtedness of the major and minor districts that merged have been paid, separate funds shall be maintained for each district as were maintained in each prior to the merger. The board of directors of the irrigation district created by the merger may establish a local improvement district for each district included in the merger to carry out the obligations of each such district. This board shall have all the powers possessed by the boards of directors of the districts included in the merger to carry out all contracts of the included districts and to levy, assess, and cause to be collected any and all assessments or charges against the lands of each of the included districts. A petition shall not be required for the formation of a local improvement district created for this purpose.  [1993 c 235 § 5.]

87.03.853  Merger of minor irrigation district into major irrigation district—Statement of property and assets of minor district. Prior to or on the effective date of a merger of a minor irrigation district and a major irrigation district, the board of directors of the minor district shall cause to be prepared a statement of all property and other assets of the minor district. The statement shall be filed with the board of directors of the district created by the merger and on the effective date of the merger. The statement shall also be filed with the county auditor of the county containing the majority of the territory of the district after the merger. Upon the filing with the board, the property and other assets of the minor district shall, subject to the rights of the holders of bonds or other obligations of the minor district, become the property and other assets of the district created by the merger.  [1993 c 235 § 6.]
87.03.857 Merger of minor irrigation district into major irrigation district—Existing water rights not impaired. Nothing in RCW 87.03.530(2) and 87.03.845 through 87.03.853 shall authorize the impairment or operate to impair any existing water rights. [1993 c 235 § 7.]

87.03.860 Assumption of substandard water system—Limited immunity from liability. An irrigation district assuming responsibility for a water system that is not in compliance with state or federal requirements for public drinking water systems, and its agents and employees, are immune from lawsuits or causes of action, based on noncompliance with state or federal requirements for public drinking water systems, which predate the date of assuming responsibility and continue after the date of assuming responsibility, provided that the irrigation district has submitted and is complying with a plan and schedule of improvements approved by the department of health. This immunity shall expire on the earlier of the date the plan of improvements is completed or four years from the date of assuming responsibility. This immunity does not apply to intentional injuries, fraud, or bad faith. [1994 c 292 § 11.]

87.03.870 Mutual aid agreements for emergency interdistrict assistance—Authority—Liability. (1) Under the interlocal cooperation act, chapter 39.34 RCW, an irrigation district may enter into a mutual aid agreement with any other irrigation district to provide emergency interdistrict assistance to respond to a breach or other failure of an irrigation water conveyance system when the required response exceeds the existing resources available to the district requesting assistance. Assistance may be provided without compensation.

(2) Whenever the employees of an irrigation district are rendering outside aid pursuant to the authority contained in this section, the employees have the same powers, duties, rights, privileges, and immunities as if they were performing their duties in the irrigation district in which they are normally employed. Supervision of the employees may be temporarily delegated as provided by the mutual aid agreement.

(3) The irrigation district in which any equipment is used pursuant to this section is liable for any loss or damage caused to the equipment and shall pay any ordinary expense incurred in the daily operation and maintenance of the equipment. No claim for loss, damage, or expense may be allowed unless, within sixty days after the loss, damage, or expense is sustained or incurred, an itemized notice of the claim under oath is served by mail or otherwise upon the secretary of the irrigation district where the equipment was used. [1996 c 214 § 3.]

87.03.880 Tariff for irrigation pumping service—Authority to buy back electricity. The board may approve a tariff for irrigation pumping service that allows the irrigation district to buy back electricity from customers to reduce electricity usage by those customers during the irrigation district's particular irrigation season. [2001 c 122 § 6.]

Additional notes found at www.leg.wa.gov

87.03.885 Merger of minor irrigation district into major irrigation district—Existing water rights not impaired. Nothing in RCW 87.03.530(2) and 87.03.845 through 87.03.853 shall authorize the impairment or operate to impair any existing water rights. [1993 c 235 § 8.]

87.03.890 Construction—1913 c 165. All irrigation districts in the state of Washington, and all proceedings had for the organization of any irrigation district, and all proceedings now pending in or relating to any irrigation district, shall be governed and controlled by the terms of this act, and this act shall not be construed as abridging or abrogating any of the rights or privileges of any irrigation district now organized, or being organized, and any contract, obligation, lien or charge, or bonds of any district, which may have been made, incurred, authorized or issued, prior to the taking effect of this act shall not be abridged or impaired by the terms of this act, but this act shall be construed as being a continuation of, and in aid of the previously existing laws relating to irrigation districts, except as to the sections specially repealed; and if in any instance relating to an existing district or any of its proceedings, the term of this amendatory act shall not be legally applicable, the district may proceed, and any contract, obligation, lien or charge against it may be enforced, under the terms and provisions of the law relating to irrigation districts in force and in effect prior to the taking effect of this act. [1913 c 165 § 23.]

87.03.905 Severability—1921 c 129. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole, or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1921 c 129 § 49.]

87.03.910 Severability—1923 c 138. If any section or provision of this act shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the act as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1923 c 138 § 14.]

87.03.915 Severability—1935 c 128. In case any part or portion of this act shall be held unconstitutional, such holding shall not affect the validity of this act as a whole or any other part or portion of this act not adjudged unconstitutional. [1935 c 128 § 3.]

87.03.920 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have
87.04 DIRECTOR DIVISIONS

Chapter 87.04 RCW

Sections
87.04.010 Divisions of certain districts required—Number—Directors—Who are electors.
87.04.020 Director vacancies, how filled.
87.04.030 New district to be divided by county commissioners—Objections, denial, election.
87.04.040 Petition to divide or redivide.
87.04.050 Redivision when number of directors changed or new lands included.
87.04.055 Procedure for adding land to director divisions when new land included in district.
87.04.058 Application of RCW 87.04.030 through 87.04.055 following merger of minor irrigation district into major irrigation district.
87.04.060 Time for hearing on petition—Notice, contents.
87.04.070 Hearing—Order of denial or rejection—Election to divide or redivide.
87.04.080 Election of directors—Terms.
87.04.090 Levy limitation until water received when federal works or contracts involved—Exception.
87.04.100 Certain excess lands under federal contracts, assessment limitation—Exception.
87.04.900 Chapter supplemental to other laws—General repealer.
87.04.910 Severability—1939 c 13.

87.04.010 Divisions of certain districts required—Number—Directors—Who are electors. An irrigation district comprising two hundred thousand or more acres, or irrigation districts comprising less than two hundred thousand acres which have followed the optional procedure specified in *this amendatory act, shall be divided into divisions of as nearly equal area as practical, consistent with being fair and equitable to the electors of the district. The number of divisions shall be the same as the number of directors, which shall be numbered first, second, third, etc. One director, who shall be an elector of the division, shall be elected for each division of the district by the electors of his or her division. A district elector shall be considered an elector of the division in which he or she holds title to or evidence of title to land. An elector holding title to or evidence of title to land in more than one division shall be considered an elector of the division nearest his or her place of residence. [1961 c 192 § 1; 1939 c 13 § 1; RRS § 7505-5a.]

87.04.020 Director vacancies, how filled. Vacancies in the representation of director divisions on the board of directors of the irrigation district shall be filled by appointment of an elector of the division concerned, in the same manner and for the same time as provided by law for the filling of vacancies on the board of directors of irrigation districts generally. [1961 c 192 § 2; 1939 c 13 § 2; RRS § 7505-5b.]

87.04.030 New district to be divided by county commissioners—Objections, denial, election. When a new irrigation district comprising more than two hundred thousand acres has been authorized, pursuant to law, the board of county commissioners shall, within thirty days from the canvassing of the returns, divide the district into director divisions equal to the number of directors, and in the resolution organizing the district, they shall include an order designating the director divisions and describing the boundaries thereof. When a petition for the formation of a new irrigation district comprising less than two hundred thousand acres has been filed pursuant to law and said petition includes a request that the district be divided into director divisions, the board of county commissioners shall divide the district into director divisions as provided in this section unless objections to director divisions are made at the hearing held pursuant to RCW 87.03.020; and in the event objections to director divisions are made and not withdrawn, the board of county commissioners may deny the request for director divisions or if it determines that it is to the best interests of the district that director divisions be established, it may, in its order calling an election for organization of the district, include a separate proposition on the question of director divisions; and if a majority of the votes cast on said proposition are in favor of director divisions, then the resolution organizing the district shall include an order designating the director divisions and describing the boundaries thereof. [1961 c 192 § 3; 1939 c 13 § 3; RRS § 7505-5c.]

87.04.040 Petition to divide or redivide. Proceedings to divide or redivide a district comprising less than two hundred thousand acres into director divisions, or to redivide the director divisions hereinafore established for districts comprising more than two hundred thousand acres, may be initiated by a petition filed with the county commissioners of the county in which the principal office of the district is situated. The petition shall designate the name of the district and pray that it be divided into director divisions, or that existing director divisions be redivided, and shall be signed by at least two-thirds of the directors of the district or in lieu thereof by at least twenty electors of the district. A petition to divide or redivide a district shall not be filed more than once in each five-year period except for redivisions necessitated by reason of a change in the total number of directors of the district. [1961 c 192 § 4; 1939 c 13 § 4; RRS § 7505-5d.]

87.04.050 Redivision when number of directors changed or new lands included. If the number of directors is changed for a district which is divided into director divisions or new lands outside of existing director divisions are included into a district but cannot be added to director divisions as provided in RCW 87.04.055 due to geographic limitations, a petition for redivision or addition shall be filed with the board of county commissioners by the directors of the district and all proceedings thereon shall be conducted in the manner as provided in RCW 87.04.060 and 87.04.070: PROVIDED, That even if objections are filed at the hearing on
said petition, no election shall be held but the board of county commissioners shall make such division or addition that they determine to be fair and equitable to the electors of the district. [1967 c 205 § 1; 1961 c 192 § 5; 1939 c 13 § 7; RRS § 7505-5g.]

87.04.055 Procedure for adding land to director divisions when new land included in district. When land located outside existing director divisions is included in an irrigation district such land shall thereby be added to the nearest director division, except that where added lands are adjacent to two or more director divisions, the common boundary lines between the divisions shall be extended in a straight line so as to include the new lands in such divisions: PROVIDED, That where the provisions of this section cannot be applied due to geographic limitations, the procedures provided for in RCW 87.04.050 shall apply. [1967 c 205 § 2.]

87.04.058 Application of RCW 87.04.030 through 87.04.055 following merger of minor irrigation district into major irrigation district. RCW 87.04.030 through 87.04.055 do not apply to redividing a district immediately following a merger as provided in RCW 87.03.849. [1993 c 235 § 9.]

87.04.060 Time for hearing on petition—Notice, contents. Upon the filing of the petition the board of county commissioners shall fix a time and place for hearing thereon, which shall be not less than thirty days nor more than forty-five days from the date of filing, and shall cause notice thereof, stating the time, place, and general purpose of the hearing, to be published in a newspaper of general circulation in each county in which any of the lands of the district are situated, in at least three consecutive weekly issues; if there is no such newspaper published in a county, then in a newspaper of general circulation therein, designated by the county commissioner. The notice shall state the filing of the petition and its prayer, but need not describe with particularity the boundaries of the divisions recommended in the petition, and shall notify all electors of the district to appear at the time and place named in the notice to show cause, if any they have, why the district should not be divided or redivided into director divisions. [1961 c 192 § 6; 1939 c 13 § 5; RRS § 7505-5e.]

87.04.070 Hearing—Order of denial or rejection—Election to divide or redivide. At the hearing or adjournments thereof, which shall not be for more than sixty days in all, the board of county commissioners shall consider the petition and shall hear electors of the district for or against the division or redivision of director divisions and recommendations for the manner in which division should be made. If the board deems it against the best interests of the district to divide the district into director divisions or to redivide existing divisions, it shall order the petition rejected, but if it deems it for the best interests of the district that the petition be granted, and if no elector of the district files cause in writing at said hearing why the petition should not be granted, or if having filed said cause in writing withdraws the same, the board shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and describing the boundaries thereof. The division to be made shall be such as the commissioners consider fair and equitable to the electors of the district. A copy of the commissioners’ order shall be filed for record, without charge, with the auditor of each county in which any part of the district is situated, and thereafter the directors shall be elected or appointed as provided in this chapter. If any elector shall appear in person at said hearing and shall file cause in writing as aforesaid why the petition should not be granted and shall not withdraw the same, and if the board nevertheless deems it for the best interests of the district that the petition be granted, the board shall adopt a resolution to that effect and shall order an election held within the district on whether the district should be divided into director divisions or its existing director divisions be redivided, and shall fix the time thereof and cause notice to be published. The notice shall be given and the election conducted in the manner as for special elections on a bond issue of the district. The notice shall state the general plan of division or redivision but need not describe with particularity the boundaries of the proposed division or redivision. Such boundaries shall be described on the ballot. If the majority of votes cast at the election are in favor of dividing or redividing the district into director divisions, the board of county commissioners shall enter an order dividing or redividing the district into the same number of director divisions as there are directors of the district, and designating the divisions and designating the boundaries thereof. If a majority of the votes cast are against division or redivision into director districts, the board shall order the petition denied. [1961 c 192 § 7; 1939 c 13 § 6; RRS § 7505-5f.]

87.04.080 Election of directors—Terms. At the next general election of directors of a district which has been divided into director divisions, the electors of the first division shall select the director then to be elected on the board, and if more than one director is to be selected, the second division shall select one, and so on in numerical order, until, as the terms of incumbent directors expire, all the divisions are represented on the board, and thereafter directors shall be elected from the divisions in rotation, as their respective terms of office expire: PROVIDED, That if following the numerical order of director divisions will result in any year in one division having more than one director and one division having no director, then the numerical order of the divisions shall not be followed for the year or years in question but the electors of the next highest numbered division without representation on the board of directors shall select the director then to be elected on the board. If such a district is organized but has not yet held an annual election of officers, it shall, at its next annual election, select directors for three, two and one-year terms respectively, and if the district is managed by a board of three directors, the first division shall select a director for the three-year term, the second division shall select one for the two-year term, and the third division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms, respectively. If the district has five directors, the first and second divisions shall each select a director for the three-year term, the third and fourth divisions shall each select one for the two-year term,
and the fifth division shall select one for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. If the district has seven directors, the first, second and third divisions shall each select a director for the three-year term, the fourth and fifth divisions shall each select a director for the two-year term, and the sixth and seventh divisions shall each select a director for the one-year term, and thereafter their successors shall be elected for three-year terms respectively. [1961 c 192 § 8; 1939 c 13 § 8; RRS § 7505-5h.]

Ballots, declaration of candidacy, nominating petitions: RCW 87.03.075. Elections are governed by irrigation district laws: RCW 87.03.030.

87.04.090 Levy limitation until water received when federal works or contracts involved—Exception. Lands in a district so divided into director divisions, which are to receive water from a system of works to be constructed by the federal government or under a contract between the district and the federal government shall not be assessed more than five cents an acre in any one calendar year until the secretary of the interior announces that water is ready for delivery to the land: PROVIDED, That this section shall not be applicable to districts comprising less than two hundred thousand acres. [1969 ex.s. c 93 § 1; 1961 c 192 § 9; 1939 c 13 § 9; RRS § 7505-5i.]

Assessment: RCW 87.03.240 through 87.03.305. Board’s powers and duties (contracts with state or United States): RCW 87.03.140.

87.04.100 Certain excess lands under federal contracts, assessment limitation—Exception. Lands in such a district, which are designated as excess lands under the act of congress of May 27, 1937, and which have been subscribed by the owner thereof to the excess land contract, shall not be assessed more than above specified until after the date fixed in the contract for the sale of such excess lands, unless they have been sooner sold or the owner has sooner called for water thereon: PROVIDED, That this section shall not be applicable to districts comprising less than two hundred thousand acres. [1961 c 192 § 10; 1939 c 13 § 10; RRS § 7505-5j.]

Assessments: RCW 87.03.240 through 87.03.305.

87.04.900 Chapter supplemental to other laws—General repealer. This chapter is intended, and shall be construed, to be supplemental to and shall become a part of the law relating to irrigation districts, and any act or part of the same inconsistent or in conflict with the provisions of this act or any part thereof are hereby repealed. [1961 c 192 § 11; 1939 c 13 § 11; RRS § 7505-5k.]

87.04.910 Severability—1939 c 13. Each section and provision of this chapter shall be considered separable from every other section and provision of the chapter, and should any section or provision thereof be held unconstitutional, the unconstitutionality of such section or provision shall not affect or impair the validity of the remainder of the chapter but in that event the unconstitutional section or provision shall be eliminated and the remainder of the chapter remain in full force and effect. [1939 c 13 § 12; RRS § 7505-5l.]

87.06.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Date of delinquency" means the date when the assessment first became delinquent under chapter 87.03 RCW.

(2) "Description of property" means a legal description, the parcel number, tax number, or other description that sufficiently describes the property or specific parcel of land.

(3) "Minimum bid sheet" means the informational sheet which is prepared by the treasurer for use at the treasurer's sale and which contains a description of the various properties and the minimum bid required for each.

(4) "Party in interest" means an occupant of the property, the owner of record, and any other person having a financial interest in the property.

(5) "Treasurer" means the irrigation district treasurer. However, if the county treasurer acts as ex officio district treasurer in accordance with RCW 87.03.440, then "treasurer" means the county treasurer. [1988 c 134 § 1.]

87.06.020 Certificates of delinquency—Posting of certificates. (1) After thirty-six calendar months from the month of the date of delinquency, or twenty-four months from the month of the date of delinquency with respect to any local improvement district assessment, the treasurer shall prepare certificates of delinquency on the property for the unpaid irrigation district assessments, and for costs and interest. An individual certificate of delinquency may be prepared for each property or the individual certificates may be compiled and issued in one general certificate including all delinquent properties. Each certificate shall contain the following information:

(a) Description of the property assessed;
(b) Street address of property, if available;
(c) Years for which assessed;
(d) Amount of delinquent assessments, costs, and interest;

Lien of assessment: RCW 87.03.265.
87.06.030 Provision and review of list of delinquent properties subject to foreclosure—Cost comparison, determination not to foreclose. Before preparing a certificate of delinquency, the treasurer of a district that has designated its own treasurer as provided in RCW 87.03.440, shall provide to the board of directors a list of properties that may be subject to foreclosure for delinquent assessments. The board of directors shall review the list of delinquent properties. After comparing the amount of the delinquent assessment against the costs of foreclosure, including but not limited to the costs of service, and attorneys’ fees, the board of directors may determine that it is not in the best interest of the district to commence legal action to foreclose the delinquent assessment lien. Nothing in this section precludes a county treasurer from proceeding with foreclosure on parcels otherwise delinquent and, in those actions, from collecting delinquent assessments due under this title. [2014 c 177 § 10; 1988 c 134 § 2.]

87.06.040 Commencement of action to foreclose assessment liens—Notice and summons—Recording of notice of lis pendens. (1) After the completion of the title searches, the treasurer, in the name of the irrigation district, shall commence legal action to foreclose on the assessment liens. The treasurer shall give notice of application for judgment foreclosing the lien against the property for delinquent assessments, costs, and interest. The notice and summons shall be served in a manner reasonably calculated to inform each party in interest of the foreclosure action. At a minimum, service shall be accomplished by either (a) personal service upon a party in interest, or (b) publication once in a newspaper of general circulation that is circulated in the area in which the property is located and mailing of notice by certified mail to the party in interest. (4) It shall be the duty of the treasurer to mail a copy of the notice and summons, within fifteen days after the first publication or service thereof, to the treasurer of each county, city, or town within which any property involved in an assessment foreclosure is situated, but the treasurer’s failure to do so shall not affect the jurisdiction of the court nor the priority of any assessment lien sought to be foreclosed. [1988 c 134 § 4.]

87.06.050 Payment on certificate of delinquency before foreclosure. (1) Any party in interest of property for which a certificate of delinquency has been prepared, but against which a foreclosure judgment has not been entered, may pay to the treasurer, in person or by agent, the total amount of the assessment lien, as listed under RCW 87.06.020(1)(d), plus any additional costs and interest, including any title search costs. If a foreclosure judgment has been entered, then any party in interest may pay to the treasurer, in person or by agent, the lien amount for which the judgment has been rendered, so long as payment is received by the treasurer during regular business hours before the day of the foreclosure sale. The treasurer shall give a receipt for each payment received under this subsection. (2) Upon receipt of payment under this section, the district shall abandon any foreclosure proceedings commenced against the property. If a notice of lis pendens has been filed with the county auditor, the treasurer shall record a release of lis pendens with the auditor. [1988 c 134 § 5.]

87.06.060 Combining foreclosure proceedings—Irregularities or informalities in assessment role not illegal—Correction—Interested party may file written answer—Court’s proceedings. (1) The proceedings to foreclose the liens against all properties on a general certificate of delinquency or on more than one individual certificate may be brought in one action. (2) No assessment, costs, or interest may be considered illegal because of any irregularity in the assessment roll or because the assessment roll has not been made, completed, or returned within the time required by law, or because the property has been charged or listed in the assessment roll without name, or in any other name than that of the owner, and no error or informality in the proceedings of any of the officers.
connected with the assessment may invalidate or in any other manner affect the assessment thereof. Any irregularities or informality in the assessment roll or in any of the proceedings connected with the assessment or any omission or defective act of any officer or officers connected with the assessment may be, at the discretion of the court corrected, supplied, and made to conform to the law by the court. This subsection does not apply if the court finds that failure to conform to the law unfairly prejudices a party with an interest in the property.

(3) A party with an interest in real property subject to foreclosure within the district may file a written answer within the time permitted by RCW 87.06.040(1)(d) asserting an objection or defense to the entry of a foreclosure judgment against the property. However, defenses or objections shall be limited to: (a) The form of pleading; (b) manner of service; (c) invalidity of the assessments claimed delinquent; (d) payment of the assessments claimed delinquent; or (e) that the real property against which foreclosure is sought is not subject to district assessment. No counterclaim shall be permitted. The court shall liberally permit amendment or supplementation of the district’s challenged pleading or procedure to cure the claimed defect.

(4) The court shall determine timely objections or defenses to the district’s foreclosure in a summary proceeding based only on the district’s pleading and the interested party’s answer and shall promptly pronounce judgment granting or denying the foreclosure; or the court may, in its discretion, to provide substantial justice to the parties, continue the case to a later time to hear evidence on the issues raised by the answer. Hearings under this section shall be limited to affidavits or declarations, and shall be expedited. [2004 c 215 § 5; 1988 c 134 § 6.]

87.06.070 Sale of foreclosed property. (1) If the court renders a judgment of foreclosure, the court shall direct the treasurer to proceed with the sale of the property and shall specify the minimum sale price below which the property is not to be sold.

(2) The treasurer shall sell the property to the highest and best bidder. All sales shall be made on Friday between the hours of nine a.m. and five p.m. at a location designated by the treasurer. However, sales not concluded on Friday shall be continued from day to day, Saturdays, Sundays, and holidays excluded, during the same hours until all properties are sold. [1988 c 134 § 7.]

87.06.080 Notice of foreclosure sale—Conduct of sale—Remittal of excess moneys. (1) The treasurer shall post notice of the foreclosure sale, at least ten days before the sale, at the following locations: At the courthouse of the county in which the property is located, at the district office, and at a public place in the district. The treasurer shall also publish, at least once and not fewer than ten days before the sale, the notice in any daily or weekly legal newspaper of general circulation in the district.

(2) The notice shall be in substantially the following form:

IRIGATION ASSESSMENT JUDGMENT SALE

Public notice is hereby given that pursuant to judgment, rendered on . . . . . . . , of the superior court of the county of . . . . . . . in the state of Washington, that I shall sell the property described below, at a foreclosure sale beginning at . . . . . . (time), on . . . . . (date), at . . . . . (location), in the city of . . . . . . . , and county of . . . . . . . , state of Washington. This sale is made in order to pay for delinquent assessments, costs, and interest owed to . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . .
TREASURER'S DEED

State of Washington
County of ...........

This indenture, made this ...... day of ..........., 2014, between ..........., as treasurer of ..........., irrigation district, state of Washington, party of the first part, and ..........., party of the second part:

Witnesseth, that whereas, at the public sale of real property held on the ...... day of ..........., pursuant to an irrigation assessment judgment entered in the superior court in the county of ..........., on the ...... day of ..........., in proceedings to foreclose assessment liens upon real property and an order of sale duly issued by the court, ..........., duly purchased in compliance with the laws of the state of Washington, for and in consideration of the sum of .......... dollars the following described real property, to wit: (Here place description of real property conveyed) and that ..........., has complied with the laws of the state of Washington necessary to entitle (him, her, or them) to a deed for the real property.

Now, therefore know ye, that, I ..........., treasurer of said irrigation district of ..........., state of Washington, in consideration of the premises and by virtue of the statutes of the state of Washington, in such cases provided, do hereby grant and convey unto ..........., his or her heirs and assigns, forever, the real property hereinbefore described, as fully and completely as said party of the first part can by virtue of the premises convey the same.

Given under my hand and seal of office this ...... day of ..........., A.D. ...........

[Signature]
Treasurer for ..........., Irrigation District

(2) The title shall be free from all encumbrances except for the following taxes and assessments if they are not due at the time of the foreclosure sale: Property taxes, drainage or diking district assessments, drainage or diking improvement district assessments, mosquito district assessments, and irrigation district assessments. [1994 c 24 § 1; 1988 c 134 § 9.]

87.06.120 Required payments before acquisition at foreclosure sale—Acquisition by irrigation district—District's property stricken from tax rolls—Subsequent purchasers to pay assessments. (1) Prior to the treasurer executing and conveying the deed, all persons or entities acquiring property at the foreclosure sale shall be required to pay the full amount of all assessments, costs, and interest for which judgment is rendered; and the full amount of the following if due at the time of the foreclosure sale: Property taxes, drainage or diking district assessments, drainage or diking improvement assessments, irrigation district assessments, and costs and interests relating to such taxes or assessments. This subsection does not apply to the irrigation district's acquisition of property.

(2) At all sales of property, if no other bids are received, title to the property shall vest in the irrigation district and the district shall pay to the county any costs that may have been incurred by the county under this chapter for the foreclosure action. The district's acquisition of the title shall be as absolute as if the property had been purchased by an individual under the provisions of this chapter. The deed provided for in RCW 87.06.090 shall be conveyed to the irrigation district.

(3) All property deeded to the district under the provisions of this chapter shall be stricken from the tax rolls as district property and exempt from taxation and shall not be taxed while property of the district.

(4) If the irrigation district sells any property it has acquired under this chapter, then it shall not provide a deed to the purchaser until the purchaser pays all drainage or diking district assessments, drainage or diking improvement district assessments, irrigation district assessments, property taxes, costs, and interest that were due at the time the irrigation district acquired title to the property. [1988 c 134 § 10.]

87.06.110 Combined foreclosure for district and county assessments. The board of directors of the irrigation district and the county treasurer may through the interlocal cooperation agreement act, chapter 39.34 RCW, choose to have one of the treasurers proceed with a combined foreclosure for all property taxes, irrigation assessments, and all costs and interest owing to both entities. Any such agreement shall include a specific statement as to which entity shall assume title if no bids are received equal to or greater than the amount listed on the minimum bid sheet. The agreement shall also clearly specify how any unclaimed excess funds from the sale will be divided between the county and the irrigation district.

With a combined foreclosure for all property taxes, all irrigation district assessments, and all costs and interest owing to both entities, the county treasurer may use the foreclosure procedure under chapter 84.64 RCW or the irrigation district treasurer may use the foreclosure procedure under this chapter. When acting as the treasurer for the irrigation district, the county treasurer may use the foreclosure procedure under chapter 84.64 RCW. [2004 c 215 § 6; 1988 c 134 § 11.]

87.06.120 Application of chapter to properties with assessments delinquent three or more years or acquired by the district under possibly legally defective proceedings. (1) Except as provided in subsection (2) of this section, certificates of delinquency shall also be issued, and foreclosure proceedings instituted under this chapter, for properties for which assessments have been delinquent for a period of three or more years, if all or part of such period occurred before June 9, 1988. If foreclosure actions have been commenced but not completed under the law as it existed prior to June 9, 1988, the district shall abandon such actions and proceed against such properties under this chapter.

(2) Certificates of delinquency shall not be issued under this chapter for properties that have been sold (other than to the irrigation district) under foreclosure proceedings which occurred prior to June 9, 1988. This section does not apply to any foreclosure sale declared to be invalid by a court of competent jurisdiction or if district assessments again become delinquent after the date of sale.

(3) A certificate of delinquency may be issued, and foreclosure proceedings instituted, under this chapter for property acquired by an irrigation district under foreclosure proceedings which occurred prior to June 9, 1988, and which the dis-
Chapter 87.19  Title 87 RCW: Irrigation

District believes might be legally defective. "Acquired" as used in this subsection also includes the district's obtaining a certificate of sale under such foreclosure proceedings. [1988 c 134 § 12.]

REFUNDING BONDS—1923 ACT

Sections
87.19.005 Method not exclusive.
87.19.010 Refunding bonds authorized—Election.
87.19.020 Notice and conduct of election.
87.19.030 Form of bonds, interest, maturity, etc.
87.19.040 Bonds to be refunded in series.
87.19.050 Refunding bonds may be exchanged or sold—Record.

87.19.005 Method not exclusive. In addition to any other method of refunding irrigation district bonds authorized by law, bonds heretofore or hereafter issued by any irrigation district in this state may be refunded in whole or in part in the manner hereinafter provided. [1933 ex.s. c 11 § 1; 1923 c 161 § 1; RRS § 7434-1. Formerly RCW 87.19.060.]

Additional notes found at www.leg.wa.gov

87.19.010 Refunding bonds authorized—Election. Whenever the board of directors of any irrigation district shall deem it for the best interest of said district that any or all outstanding bonds of said district be refunded, they shall so declare by resolution duly adopted and recorded in the minutes of said board and shall, with the written approval of the state director of the department of ecology, submit the question to the legally qualified electors of said district at a general election or at a special election called for that purpose and if a majority of said electors voting at said election vote in favor thereof the directors of said district shall issue and exchange said bonds for those outstanding, or sell said bonds and retire said outstanding bonds. The bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 227; 1923 c 161 § 2; RRS § 7434-2.]

Additional notes found at www.leg.wa.gov

87.19.020 Notice and conduct of election. The notice of election provided for in this chapter shall be given and the election held in all respects in accordance with RCW 87.03.200, except in each county with a population of one hundred twenty-five thousand or more, where the notice and election shall be held in the manner provided by law for such counties. [1991 c 363 § 160; 1923 c 161 § 6; RRS § 7434-6.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.
Elections by lesser constituencies—Special elections: RCW 29A.04.330.
Times for holding elections and primaries: RCW 29A.04.311 through 29A.04.330.

87.19.030 Form of bonds, interest, maturity, etc. (1) Said bonds shall be issued in series and in denominations of not less than one hundred dollars nor more than one thousand dollars. The first series shall mature not later than ten years and the last series not later than forty years. Each series shall be numbered from one, up consecutively, shall bear the date of their issue, and shall bear interest at any rate or rates as authorized by the board of directors of said district, payable semiannually on the first day of January and July of each year, and the principal and interest may be made payable at the office of the county treasurer of the county in which the office of the board of directors is situated, or at any fiscal agency of the state of Washington. Said bonds shall be negotiable in form and the bonds shall be signed by the president and secretary of the board of directors of said district and the seal of said district, affixed. The signatures of the president and secretary may, however, appear by lithographic facsimile. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 228; 1970 ex.s. c 56 § 96; 1969 ex.s. c 232 § 55; 1923 c 161 § 3; RRS § 7434-3.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.
Facsimile signatures: RCW 39.44.100.

Additional notes found at www.leg.wa.gov

87.19.040 Bonds to be refunded in series. Where the bonds to be refunded are serial bonds and not subject to call, the refunding bonds or any part of the same may be issued in such series as the board of directors of the district shall deem necessary to take up the series or any part thereof to be refunded, and shall be dated as of the maturity of the series or any part of the same to be refunded. The election aforesaid shall be sufficient authority for the directors to issue sufficient bonds to retire the entire outstanding issue of bonds to be refunded, but none of said refunding bonds shall be signed before the date of their issue, and until signed shall be deposited and kept in the office of the county treasurer; with the consent of the holders of all or any portion of the outstanding bonds of any issue the directors may retire all or any portion of such bonds before their maturity and may issue refunding bonds for that purpose. [1933 ex.s. c 11 § 3; 1927 c 259 § 2; 1923 c 161 § 5; RRS § 7434-5.]

87.19.050 Refunding bonds may be exchanged or sold—Record. Bonds issued under and by virtue of this chapter may be exchanged for outstanding bonds at not less than the par value of the bonds refunded or may be sold at not less than ninety percent of their par value, and all money derived from the sale of such bonds shall be applied to the redemption of any or all of the outstanding bonds of said district to be refunded and any such outstanding bonds so refunded shall be endorsed in red ink "Refunded Bonds" and filed and preserved for one year and then destroyed by the county treasurer in the presence of witnesses: and the secretary of said district and the county treasurer of said county shall keep a record of such bonds so refunded and shall note the date of the refunding and the date of the destruction of the refunded bonds and in whose presence they were destroyed. [1933 ex.s. c 11 § 2; 1923 c 161 § 4; RRS § 7434-4.]

Chapter 87.22 RCW  
REFUNDING BONDS—1929 ACT

Sections
87.22.010 Refunding authorized.
87.22.020 When proceedings may be instituted.
87.22.030 Petition—Contents.

[Title 87 RCW—page 56]  (2014 Ed.)
Refunding Bonds—1929 Act

87.22.010 Refunding authorized. Any or all bonds heretofore issued by any irrigation district in this state may be refunded as hereinafter provided. [1929 c 120 § 1; RRS § 7530-1. FORMER PART OF SECTION: 1929 c 120 § 40; RRS § 7530-40, now codified as RCW 87.22.910.]

87.22.020 When proceedings may be instituted. Before any proposition for the issuance of limited liability refunding bonds, as provided for in this chapter, of an irrigation district in this state shall be submitted to the electors thereof, the board of directors of said district shall at their option have authority, upon the written consent of the owners of at least fifty-one percent of the face value of the bonds proposed to be refunded, and upon the written approval of the state department of ecology, and of the owners of fifty-one percent of the acreage of the land within the district, to institute proceedings in the superior court of the proper county to determine the irrigable acreage of the lands which shall be subject to assessment for the payment of said refunding bonds and the interest thereon, and to determine the maximum benefits to be received by said lands from said proposed refunding bonds, in the manner herein provided. [1929 c 120 § 42; 1929 c 120 § 4; RRS § 7530-4.]

87.22.050 Hearing, time and place of. Upon the filing of said petition with the schedule of irrigable acreage and maximum benefits, the court shall fix a time and place for hearing the same and shall order the secretary of the district to give and publish a notice of said hearing. Said hearing may be held at the place fixed in the order and may be adjourned to a place certain in any county in which any lands within the district are situated, and may be continued from time to time and adjourned from county to county for the convenience of landowners and other interested persons. [1929 c 120 § 5; RRS § 7530-5.]

Official paper for publication: RCW 87.03.020.

87.22.060 Notice—Service. The notice of said hearing shall be given and published in the same manner, except as herein otherwise provided, and for the same length of time that a notice of a special election to determine whether the bonds of the district shall be issued is required to be given and published. [1929 c 120 § 6; RRS § 7530-6. FORMER PART OF SECTION: 1929 c 120 § 7; RRS § 7530-7, now codified as RCW 87.22.065.]

Bonds, election for, etc. (notice): RCW 87.03.200.

Additional notes found at www.leg.wa.gov
have been instituted in the superior court of the state of Washington in and for the specified county to determine the maximum benefits to be received by the lands within the operation of said district from the issuance and disposal of said proposed bond issue, and further to determine the irrigable acreage which will be assessed for the payment of said bonds, shall state that a schedule of the lands involved together with a statement of the amount of maximum benefits received by the amount of irrigable acreage in each respectively, is on file in said proceedings and may be inspected by any interested person, shall state the time and place fixed for the hearing of the petition and shall state that any person interested in such proceedings may on or before the day fixed for said hearing file his or her written objections thereto with the clerk of said court, or he or she will be forever bound by such orders as the court shall make in such proceedings. [2013 c 23 § 512; 1929 c 120 § 7; RRS § 7530-7. Formerly RCW 87.22.060, part.]

87.22.070 Hearing—Decree. At the time and place stated in the notice of said hearing, the court shall consider said petition and shall receive such pertinent evidence as may be offered in support thereof or against the same, shall enter a decree fully determining the maximum benefits received by and the irrigable acreage in, the several tracts of land involved as shown by the schedule and as prayed for in said petition. Said action shall be an equitable one in rem and the court shall have full authority to make and issue any and all necessary orders and to do any and all things proper or incidental to the exercise of its jurisdiction in this connection. At said hearing the matters set forth in said petition and accompanying schedule shall be presumed to be true and correct in the absence of sufficient evidence to the contrary. [1929 c 120 § 8; RRS § 7530-8.]

Refunding bonds—Form—Manner of payment—Interest rate (de cree may determine): RCW 87.22.150.

87.22.080 Benefits, how determined—Dismissal—Continuance—Waiver. The maximum benefits accruing to the several tracts of land in the district from the proposed refunding bond issue shall be considered as new and independent of that accruing from the bonds to be refunded and in determining the maximum benefits as prayed for in said petition, the court shall not be limited to a consideration of the enhancement of market value of the lands involved arising immediately from the issuance and disposal of the proposed refunding bonds but shall have authority to consider such benefits as shall accrue to said lands from the plan of financing provided by the proposed bonds and from the continued operation of the irrigation system under the administration of the district during the life of said refunding bonds and any other benefits that may accrue. If the court finds that the aggregate amount of said maximum benefits shall not equal at least double the amount of the principal of the proposed refunding bonds, to which shall be added the interest computed at the rate specified in the refunding bonds, it shall enter a decree dismissing the proceedings and the district shall have no authority to issue the proposed refunding bonds until a satisfactory decree has been obtained under the provisions of this chapter: PROVIDED, That nothing herein contained shall be construed to prevent the district from continuing the hearing for the purpose of modifying the proposed refunding bond plan or for the purpose of otherwise meeting the objection of the court, nor shall the dismissal of the proceeding be in anywise prejudicial to the institution of a subsequent action for the same purpose; AND PROVIDED FURTHER, That nothing herein contained shall be construed to prevent the court from entering a decree upon stipulation of the holders of the bonds to be refunded to waive their right to part of the indebtedness represented by the bonds to be refunded, so that the proposed refunding bond issue comes within the statutory requirements as to maximum benefits, or to accept refunding bonds based on a lesser aggregate maximum benefit than that required by the statute. [1931 c 42 § 2; 1929 c 120 § 9; RRS § 7530-9. FORMER PART OF SECTION: 1929 c 120 § 10; RRS § 7530-10, now codified as RCW 87.22.085.]

87.22.085 Irrigable acreage, how determined. In determining the irrigable acreage as provided herein, the court shall consider all lands included in the district capable of being used for agricultural purposes, provided that no lands shall be found to be irrigable which are not irrigable from the plan of the irrigation works of the district; and provided that nothing herein contained shall be construed to prevent a reconsideration of the irrigability of lands found nonirrigable upon the modification or enlargement of the irrigation system whereby said lands at first found nonirrigable may be irrigated by the district system. [1929 c 120 § 10; RRS § 7530-10. Formerly RCW 87.22.080, part.]

87.22.090 Appellate review. Appellate review of the judgment entered in said proceedings may be sought in the same manner as in other cases in equity. [1988 c 202 § 88; 1971 c 81 § 173; 1929 c 120 § 11; RRS § 7530-11.]

Additional notes found at www.leg.wa.gov

87.22.100 Final judgment conclusive. The judgment of the court determining maximum benefits and the irrigable acreage in such proceedings, unless appealed from within the time prescribed by law, and upon final judgment on appeal, shall be conclusive, except as herein otherwise provided, upon and against each and every owner of said bonds issued as proposed and upon and against every tract of land in the district, upon and against those owning the same or having any interest therein, including minors, insane persons, those convicted of crime as well as those free from disability, and upon and against those who may have appeared in said proceedings. [1929 c 120 § 12; RRS § 7530-12. FORMER PART OF SECTION: 1929 c 120 § 13; RRS § 7530-13, now codified in RCW 87.22.105.]

87.22.105 Final judgment conclusive—Exception. Said judgment shall be final and conclusive upon and against all lands in the district on appeal as aforesaid, except as to the particular tract or tracts involved in the appeal. [1929 c 120 § 13; RRS § 7530-13. Formerly RCW 87.22.100, part.]

87.22.110 Transcript to other counties. A transcript of so much of the judgment in said proceedings as pertain to the lands situated in each county other than the one in which the proceedings were instituted shall be certified by the clerk
of the court and mailed to the county clerk of each of said other counties respectively for record among the recorded judgments therein. [1929 c 120 § 14; RRS § 7530-14.]

87.22.120 Election—Question to electroms. Upon final determination of maximum benefits and irrigable acreage aforesaid, the board of directors of the district shall submit to the electors of the district possessing the qualifications prescribed by the irrigation district law the question whether refunding bonds of the district in amount and of the maturity proposed by said board shall be issued and exchanged for outstanding bonds as herein provided. [1929 c 120 § 15; RRS § 7530-15. FORMER PART OF SECTION: 1929 c 120 § 16; RRS § 7530-16, now codified as RCW 87.22.125.]

Qualification of voters and directors: RCW 87.03.045.

87.22.125 Election—Procedure. Except as herein otherwise specifically provided said election shall be called, noticed, conducted and the results thereof determined in the same manner and by the same officials as that provided by law for the calling, noticing, conducting and canvassing of original bond elections in irrigated districts. [1929 c 120 § 16; RRS § 7530-16. Formerly RCW 87.22.120, part.]

Bond elections: RCW 87.03.200.

87.22.130 Election—Notice, contents. The notice of said election shall specify the time and place of the election, the amount of the proposed refunding bonds, the maturity, the schedule of the minimum annual payments of the principal thereof and the maximum annual rate of interest said bonds shall bear, as approved by the court in the decree determining maximum benefits and irrigable acreage. [1929 c 120 § 17; RRS § 7530-17.]

87.22.140 Election—Majority vote affirmative, procedure. If a majority of the votes cast at said election are in favor of the proposed refunding issue the board of directors shall thereupon have authority to cause refunding bonds of the district in the amount and on the basis of the plan of payment and rate of interest proposed, to be issued and exchanged as herein provided. [1929 c 120 § 18; RRS § 7530-18. FORMER PART OF SECTION: 1929 c 120 § 19; RRS § 7530-19, now codified in RCW 87.22.145.]

87.22.145 Exchange of bonds. Refunding bonds provided for under this chapter may be exchanged for any or all of the bonds to be refunded on such basis as may be agreed upon between the board of directors of the district and the bond owners: PROVIDED, That said refunding bonds shall not be issued in a greater sum than the total aggregate face value of the bonds to be refunded. [1983 c 167 § 231; 1929 c 120 § 19; RRS § 7530-19. Formerly RCW 87.22.140, part.]

Additional notes found at www.leg.wa.gov

87.22.150 Form of bonds—Manner of payment—Interest rate. (1) Said refunding bonds shall be issued in such denominations as the board shall determine, but in the same denominations so far as practicable as the bonds to be refunded and shall mature at the date specified in the notice of election but not in any event later than thirty years from the date thereof, and shall be payable in minimum annual installments specified on a percentage basis and amortized to provide for full payment of the bonds with interest at maturity: PROVIDED, That in lieu of the annual payments of principal and semiannual payments of interest as provided in this chapter, the court may prescribe the form, manner of payment, and interest rate or rates of the refunding bonds, in the decree determining maximum benefits and irrigable acreage; and said decree may grant the district the right to pay at the date of any annual or semiannual payment, one or more next accruing annual or semiannual installments less the interest on that part of the principal thus paid in advance: AND PROVIDED, In all cases in which the court determines the form, manner of payment, and interest rate of the refunding bonds in the decree determining maximum benefits, all notices provided in this chapter and any other provision thereof, shall be given and construed in conformity with the terms and conditions of said bond prescribed in said decree. Such bonds may be in any registered form as provided for in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued in any registered form and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 232; 1970 ex.s. c 56 § 97; 1969 ex.s. c 232 § 56; 1931 c 42 § 3; 1929 c 120 § 20; RRS § 7530-20.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Hearing—Decree: RCW 87.22.070.

Additional notes found at www.leg.wa.gov

87.22.160 Interest on unpaid bond installments—When payable. All unpaid installments on account of the principal of said refunding bonds shall bear interest from the date of the bonds at a rate or rates as authorized by the board of directors of the district. Different installments of the principal of said bonds may bear different rates of interest if it is so provided in the bond plan. Interest shall be payable semi-annually on the first day of January and July of each year. [1970 ex.s. c 56 § 98; 1969 ex.s. c 232 § 57; 1929 c 120 § 21; RRS 7530-21. FORMER PART OF SECTION: 1929 c 120 § 22; RRS § 7530-22, now codified as RCW 87.22.165.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Additional notes found at www.leg.wa.gov

87.22.165 Bond payments, where payable. Both principal and interest shall be made payable at the office of the county treasurer of the county in which the office of the board of directors of the district is situated. [1929 c 120 § 22; RRS § 7530-22. Formerly RCW 87.22.160, part.]

87.22.170 Bond contents—Transferability—Priority. Said bonds shall express upon their face that they were issued by authority of this chapter, stating its title and date of approval, that the district reserves the right to pay on account of the principal thereof annual installments at a greater rate than the minimum rate stated in the bonds, that said bonds are transferable only on the registration book of the county treasurer's office at which said bonds are payable; that any attempted transfer of said bonds not recorded in said registration book shall be void so far as the rights of the district are concerned and that said bonds are of equal priority, payable with interest on a pro rata basis from revenues derived from annual assessments levied against the irrigable benefited

(2014 Ed.)
lands within the district. [1929 c 120 § 23; RRS § 7530-23.
FORMER PART OF SECTION: 1929 c 120 § 24; RRS § 7530-24, now codified as RCW 87.22.175.]

87.22.175 Bonds—Signature—Registration book.
Said bonds shall be signed by the president of the board and secretary of the district and the seal of the district shall be impressed thereon. The term "registration book" as used in chapter 87.22 RCW shall constitute the method of registration adopted in conformance with RCW 39.46.030. [1983 c 167 § 233; 1929 c 120 § 24; RRS § 7530-24. Formerly RCW 87.22.170, part.]

Additional notes found at www.leg.wa.gov

87.22.190 Transfer on registration book required.
Said bonds shall be transferable only on the registration book and any attempted transfer of said bonds not recorded in said registration book shall be void so far as the rights of the district are concerned. [1983 c 167 § 234; 1929 c 120 § 26; RRS § 7530-26. FORMER PART OF SECTION: 1929 c 120 § 27; RRS § 7530-27, now codified as RCW 87.22.195.]

Additional notes found at www.leg.wa.gov

87.22.200 Bonds of equal priority.
Said bonds shall be of equal priority and shall be paid on a pro rata basis, in proportion to their respective face values, PROVIDED, That for purposes of identification only said bonds may be numbered consecutively. [1929 c 120 § 28; RRS § 7530-28.]

87.22.210 Payment to record owner.
Payment by the said county treasurer of any installment of or interest on said bonds, or any of the same, to the recorded owner thereof as shown on said registration book shall constitute a valid payment, without surrender of said bonds or any of the same, provided that final payment on account of any bond shall not be made until and unless the same is surrendered. [1929 c 120 § 29; RRS § 7530-29. FORMER PART OF SECTION: 1929 c 120 § 30; RRS § 7530-30, now codified as RCW 87.22.215.]

87.22.215 Payment to agent. Any bondholder or group of bondholders shall have the right to request said county treasurer in writing to pay the interest and installments of principal of his or her or their bond or bonds to such agent as may be designated in said request and payment to said agent shall constitute a valid payment to the record owner or owners of said bond or bonds within the provisions of this chapter. [2013 c 23 § 513; 1929 c 120 § 30; RRS § 7530-30. Formerly RCW 87.22.210, part.]

87.22.230 Assessments—Limitations.
No tract of land shall be assessed by the district during the life of the proposed bonds when issued for the purpose of paying the principal of or interest on said bonds in an aggregate amount in excess of double the amount determined in the decree fixing maximum benefits under subdivision (1) of RCW 87.22.040, together with the interest on the principal computed at the rates specified in the bond, and any assessment in excess thereof shall be void. In addition to its regular normal assessment for the principal or interest of said bonds, no tract of land shall be assessed in any one year to make up past or anticipated delinquencies of assessments or both levied or to be levied against the lands in the district for said purposes, in excess of fifty percent of its regular normal assessment for said bonds. [1931 c 42 § 4; 1929 c 120 § 31; RRS § 7530-31.]

87.22.240 Assessments—Methods of payment.
The owner of any land within said irrigation district which shall be liable for payment of said refunding bonds shall have the right to pay the same in said annual or semiannual installments or to make payment at any time when installments are due as in this section provided: (1) To pay an amount equal to the amount fixed in said decree determining the maximum benefits under subdivisions (1) and (2) of RCW 87.22.040 or the amount of the unpaid balance of said sums if such payment is not made until one or more installments have been paid, together with the amount fixed by said decree under subdivision (1) of RCW 87.22.040, and thereafter no further assessment shall be levied against such tract of land; (2) to pay the amount of benefits fixed in the decree determining the maximum benefits under subdivision (1) of RCW 87.22.040 or the unpaid balance thereof if such payment is made after one or more installments shall have been paid, with interest on the amount paid to the time of making payment, and thereafter such lands shall not be subject to assessments except to meet delinquencies of principal and/or interest on said bonds, for which purpose additional assessments shall be levied against said tract of land to an amount not exceeding the amount found in the decree fixing the maximum benefits under subdivision (1) of RCW 87.22.040, or (3) to pay any additional installments of the principal with interest accrued on the amount so paid at the time of the payment, and thereafter, in levying assessments against said tracts of land, said owner shall be given credit for such advance payment. The treasurer of the proper county shall have authority to receive for the benefit of the refunding bond fund of the district the payments herein authorized to be made. [1931 c 42 § 5; 1929 c 120 § 32; RRS § 7530-32. FORMER PART OF SECTION: 1931 c 42 § 6; 1929 c 120 § 33; RRS § 7530-33, now codified as RCW 87.22.245.]
decreed as accruing to said tract by reason of said refunding bonds. [1929 c 120 § 34; RRS § 7530-34.]

87.22.260 Sale or lease of foreclosed land—Disposition of proceeds. In any instance where an irrigation district having outstanding refunding bonds issued under the provision of this chapter, sells or rents a tract of land previously acquired by sale on account of delinquent district assessments, the proceeds of said sale or lease shall be distributed to the expense fund and the refunding bond fund of the district in proportion to the respective amounts of the district exactions made against said tract of land for the benefit of these two funds payable in the year in which the district assessment for which said tract was sold, became delinquent. [1929 c 120 § 35; RRS § 7530-35.]

87.22.270 Excess in bond fund—Apportionment. When the money in the refunding bond fund reaches an excess of ten percent of the amount necessary to meet the total aggregate minimum annual installment of the principal of said bonds and interest next payable, it shall be the duty of said treasurer to apportion said excess to the several bond-holders on a pro rata basis in proportion to the par value of their respective bonds and include the same with the payments of the next annual installment of the principal of said bonds. [1929 c 120 § 36; RRS § 7530-36.]

87.22.275 Rights of bond owners—Lien of bonds—Manner of payment. Except as herein otherwise specifically provided, refunding bonds, authorized, issued and disposed of under the provisions of this chapter shall entitle the owners thereof to the same rights and privileges, shall constitute a lien on the same property and shall be paid in the same manner as the original bonds refunded by said bond issue, and said refunding bonds shall be retired by the exaction of annual assessments levied against all the lands in the district: PROVIDED, HOWEVER, That any lands in the district against which no benefits are determined by the decree determining maximum benefits may be excluded from the district in the same manner in which lands may now be excluded from the districts against which there are no bond issues, and said lands so excluded shall be forever free of the liens of said refunding bonds; AND PROVIDED FURTHER, That no assessments against any tract of land shall exceed the amount specified under RCW 87.22.220. [1983 c 167 § 235; 1931 c 42 § 7; 1929 c 120 § 37; RRS § 7530-37. Formerly RCW 87.22.220.]

Additional notes found at www.leg.wa.gov

87.22.280 Judicial confirmation. Proceedings had for the authorization, issuance and disposal of refunding bonds provided for herein may be considered, confirmed and approved by the board of directors by the irrigation district act in the same manner and with the same effect, as proceedings had for authorization, issuance and disposal of other irrigation district bonds provided for by law, are considered, confirmed and approved. [1929 c 120 § 38; RRS § 7530-38.]

Proceedings for judicial confirmation: RCW 87.03.780 through 87.03.805.

87.22.900 Severability—1929 c 120. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1929 c 120 § 39; RRS § 7530-39.]

87.22.910 Construction—Chapter additional method. Nothing in this chapter contained shall be deemed or construed as abridging, enlarging or modifying any existing statute relating to refunding bonds of irrigation districts. This chapter is intended as an independent act providing an additional method for the issuance of refunding bonds of such districts. [1929 c 120 § 40; RRS § 7530-40. Formerly RCW 87.22.010, part.]

Chapter 87.25 RCW

CERTIFICATION OF BONDS

Sections
87.25.010 Resolution to certify—Investigation.
87.25.020 Request for information—Compliance.
87.25.030 Transcript to attorney general—Report filed with secretary of state.
87.25.040 Contents of director's report.
87.25.050 Certificates to be attached to reports.
87.25.060 Supplemental report.
87.25.070 Form of secretary of state's certificate.
87.25.090 Expense to be paid by district.
87.25.100 Expenditures of bond proceeds—Employment and payment of attorneys.
87.25.120 Inspection of work as it progresses.
87.25.125 Certification in installments.
87.25.130 Forms prescribed.
87.25.140 Expenditures for construction—Approval—Budget.
87.25.900 Severability—1923 c 51.

87.25.010 Resolution to certify—Investigation. Whenever the board of directors of any irrigation district, organized and existing under and pursuant to the laws of the state of Washington, shall by resolution declare that it deems it desirable that any contemplated or outstanding bonds of such district, including any of its bonds authorized but not sold, be certified under the provisions of this chapter, such board of directors shall thereupon file a certified copy of such resolution with the director of ecology. Such director on receipt of a certified copy of such resolution shall, without delay, make or cause to be made a full investigation of the affairs of the district. [1988 c 127 § 49; 1923 c 51 § 1; RRS § 7432-1.]

87.25.020 Request for information—Compliance. In connection with the investigation and report provided for in this chapter, the director of ecology is authorized and directed to make written request upon any state officer, institution or department for information, opinion or advice relative to any features of such investigation pertinent to the work of such officer or department. Upon receipt of such written request from said director, such officer or department shall, without delay, make such investigation as may be necessary and shall then furnish the said director with a report in writing giving the information, opinion or advice required by said director. [1988 c 127 § 50; 1923 c 51 § 2; RRS § 7432-2.]
87.25.030 Transcript to attorney general—Report filed with secretary of state. If, after the investigation herein provided for, the director finds that the project of the district is feasible, that the bond issue proposed to be certified is necessary and in sufficient amount to complete the improvement contemplated and that the district shows a clear probability of successful operation, he or she shall submit a complete transcript, to be furnished and certified by the district, of the proceedings relating to the organization and establishment of the district and relating to or affecting the validity of the bond issue involved, to the attorney general, for his or her written opinion as to the legality of the same. If the attorney general finds that any of the matters submitted in the transcript are not legally sufficient he or she shall so state in his or her opinion to the director of ecology. The district shall then be given an opportunity, if possible, to correct the proceeding or thing complained of to the satisfaction of the attorney general. If the attorney general finds that all the matters submitted in the transcript as originally submitted or as subsequently corrected are legally sufficient said director shall thereupon file his or her report with the secretary of state and forward a copy to the secretary of the district, to be kept among the records of the district. [2013 c 23 § 514; 1988 c 127 § 51; 1923 c 51 § 3; RRS § 7432-3.]

87.25.040 Contents of director's report. Said report filed with the secretary of state shall contain conclusions upon the following points:

1. The supply of water available for the project and the right of the district to so much water as may be needed.
2. The nature of the soil as to its fertility and susceptibility to irrigation, the probable amount of water needed for its irrigation and the probable need of drainage.
3. The feasibility of the district's irrigation system and of the specific unit for which the bonds under consideration are desired, whether such system and unit be constructed, projected or partially completed; and the sufficiency of the amount of the proposed bond issue to complete the improvement contemplated.
4. The reasonable market value of the water, water rights, canals, reservoirs, reservoir sites and irrigation works owned by such district or to be acquired or constructed by it with the proceeds of any such bonds.
5. The reasonable market value of the lands included within the district.
6. The plan of operation and maintenance used or contemplated by the district.
7. The method of accounting employed or proposed to be employed by the district.
8. Any other matter material to the investigation. [1923 c 51 § 4; RRS § 7432-4.]

87.25.050 Certificates to be attached to reports. Attached to said report of said director shall be the following:

1. A certificate signed by the director of ecology certifying to the amount and sufficiency of water rights available for the project.
2. A certificate signed by a soil expert of the Washington State University, certifying as to the character of the soil and the classification of the lands in the district.
3. A certificate signed by the director of ecology approving the general feasibility of the system of irrigation.
4. A certificate signed by the attorney general of the state of Washington approving the legality of the organization and establishment of the district and the legality of the bond issue offered for certification. [1988 c 127 § 52; 1977 ex.s.c 169 § 112; 1923 c 51 § 5; RRS § 7432-5.]

Additional notes found at www.leg.wa.gov

87.25.060 Supplemental report. When the proposed bond issue has been finally approved by the director, he or she shall file a supplemental report with the secretary of state giving the numbers, date or dates of issue, and denominations of said bonds which shall then be entitled to certification as herein provided. [2013 c 23 § 515; 1923 c 51 § 6; RRS § 7432-6.]

87.25.070 Form of secretary of state's certificate. All bonds issued by any eligible district availing itself of the provisions of this chapter shall, before sale by the district, have attached thereto the certificate of the secretary of state, essentially in the following form:

Olympia, Washington. . . . .(Insert date). . . . I, . . . . , secretary of state of the state of Washington, do hereby certify that the above named district has been investigated and its project approved by the department of ecology of the state of Washington; that the legality of the bond issue of which this bond is one has been approved by the attorney general of the state of Washington, and that the carrying out of the purposes for which this bond was issued is under the supervision of said department, as provided by law.

[Seal] . . . . . . . . . . . . . . . . . . . .
Secretary of State.
[1988 c 127 § 53; 1923 c 51 § 7; RRS § 7432-7.]

87.25.090 Expense to be paid by district. All necessary expenses incurred in making the investigation, examination, opinions and reports in this chapter provided for shall be paid at such times and in such manner as the director of ecology shall require, by the irrigation district, the affairs of which have been investigated and reported on by the said director: PROVIDED, That the benefit of any service that may have been performed and any data that may have been obtained in pursuance of the requirements of any law other than this chapter, shall be available for the use of the director without charge to said district. [1988 c 127 § 54; 1923 c 51 § 8; RRS § 7432-8.]

87.25.100 Expenditures of bond proceeds—Employment and payment of attorneys. Whenever the bonds of any irrigation district have been certified, as provided in this chapter, no expenditures shall be made from the proceeds of such bonds, nor shall any liability chargeable against such proceeds be incurred, until there shall have been filed with and approved by the director of ecology a schedule of proposed expenditures in such form as said director shall prescribe, and no expenditures from the proceeds of said bonds shall be made for any purpose in excess of the amount allowed therefor in such schedule without the written consent [Title 87 RCW—page 62]
of said director. PROVIDED, FURTHER, That, if it shall be necessary, the attorney general may employ competent attorneys to assist him or her in the performance of his or her duties under this chapter, said attorneys to be paid by the irrigation district for which services are rendered from any of the funds of said district at such time and in such manner as the attorney general shall require. [2013 c 23 § 51; 1923 c 51 § 9; RRS § 7432-9.]

87.25.120 Inspection of work as it progresses. During the progress of any work to be paid for from the proceeds of any bond issue certified as in this chapter provided, the director of ecology shall make or cause to be made, from time to time, at the expense of the district, such inspection of the work as may be necessary to enable the said department to know that the plans approved by the director are being carried out without material modification, unless such modification has been approved by the director. [1988 c 127 § 56; 1923 c 51 § 10; RRS § 7432-10.]

87.25.125 Certification in installments. Whenever the survey, examinations, drawings, and plans of an irrigation district, and the estimate of cost based thereon, shall provide that the works necessary for a completed project shall be constructed progressively over a period of years in accordance with a plan or schedule adopted by resolution of the board of directors of the district, it shall not be necessary for the secretary of state to certify at one time all of the bonds that have been voted for the said completed project; but such bonds may be certified from time to time, when approved by the director of ecology, as needed by the district. If the secretary of state shall certify all of the bonds necessary for the said completed project, even if said project is to be constructed progressively over a period of years in accordance with the aforesaid resolution of the board of directors, the bonds so voted and certified shall only be sold after prior written approval of said director. [1988 c 127 § 57; 1923 c 51 § 11; RRS § 7432-11. Formerly RCW 87.25.080.]

87.25.130 Forms prescribed. Districts coming within the provisions of this chapter shall prepare and maintain all records of their operation and proceedings upon forms prescribed by the director of ecology. [1988 c 127 § 58; 1923 c 51 § 12; RRS § 7432-12.]

87.25.140 Expenditures for construction—Approval—Budget. When the bonds of any district have been certified as provided herein, it shall be unlawful for the district, during the life of said bonds to expend any money or incur any obligation for construction purposes without the written approval of the director of ecology, nor shall such district issue and sell any bonds not certified as herein provided, and the district shall annually at such time as said director shall prescribe, prepare and file with the director, on forms furnished by that officer, a budget of its contemplated expenditures for maintenance and operation during the ensuing year. [1988 c 127 § 59; 1923 c 51 § 13; RRS § 7432-13. Formerly RCW 87.25.110.]

87.25.900 Severability—1923 c 51. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1923 c 51 § 14; RRS § 7432-14.]

Chapter 87.28 RCW
REVENUE BONDS FOR WATER, POWER, DRAINS, ETC.

87.28.005 "County treasurer," "treasurer of the county," defined. As used in this chapter, in accordance with RCW 87.03.440, the term "county treasurer" or "treasurer of the county" or other reference to that office means the treasurer of the district, if the district has designated its own treasurer, unless the context clearly requires otherwise. [1979 ex.s. c 185 § 17.]

Additional notes found at www.leg.wa.gov

87.28.010 Revenue bonds authorized. The board of directors of any irrigation district in this state which is furnishing or may furnish irrigation water, domestic water, electric power, drainage or sewerage services for which rates or tolls and charges are imposed or contract payments made, or any combination of such services, shall have authority to issue and sell bonds of the district payable from revenues derived from district rates or tolls and charges or contract payments for such service or services, and to pledge such revenues from one or more of such services for the payment and retirement of bonds issued for irrigation water, domestic water, electric power, and drainage or sewer improvements: PROVIDED, That nothing in this section shall authorize a district which is not on March 8, 1973, engaged in providing electrical service permission to pledge revenue from water and sewer service to support the issuance of revenue bonds for the acquisition or construction of electrical power facilities other than those authorized by RCW 87.03.015(1), as now or hereafter amended. [1979 ex.s. c 185 § 8; 1973 c 74 § 1; 1949 c 57 § 1; Rem. Supp. 1949 § 7434-10.]

Additional notes found at www.leg.wa.gov

87.28.015 Interest bearing warrants authorized—Form, covenants, issuance and sale. Irrigation districts
may also issue interest bearing warrants to provide interim financing pending the issuance of district revenue bonds. The items, form and content, and the manner of the issuance and sale of such interest bearing warrants as well as any covenants for the redemption of such warrants shall be established by resolution of the district’s board of directors. Such warrants may be in any form, including bearer warrants or registered warrants as provided in RCW 39.46.030. Such warrants may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 236; 1979 ex.s. c 185 § 18.]

Additional notes found at www.leg.wa.gov

87.28.020 Form and terms of bonds. (1) Said bonds shall be in such form as the board of directors shall determine; shall be in bearer form or registered as to principal or interest or both as provided in RCW 39.46.030, and may provide for conversion between registered and coupon bonds; shall be in such denominations, shall be numbered, shall bear such date and shall be payable at such time or times up to a maximum of not to exceed forty years as shall be determined by the board of directors; shall bear interest at such rate or rates, payable at such time or times as authorized by the board of directors; shall be payable at the office of the county treasurer of the county in which the principal office of the district is located or at such other place as the board of directors shall provide and specify in the bonds; shall be executed by the president of the board of directors and attested and sealed by the secretary thereof and may have facsimile signatures of the president and secretary imprinted on any interest coupons in lieu of original signatures and the facsimile seal of the district and the facsimile signature of either the president or the secretary on the bonds in lieu of a manual signature. Said bonds may provide that the same or any part thereof at the option of the board of directors may be redeemed in advance of maturity on any interest payment date upon the terms and conditions established by the board, may include in the amount of the issue funds for the purpose of paying interest on the bonds during the period of construction of the facility being financed by the proceeds of the bonds, and may include in the amount of the issue funds for the purpose of establishing, maintaining, or increasing reserves in the manner, for the purposes, and subject to the restrictions set forth in RCW 39.44.140.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 237; 1979 ex.s. c 185 § 9; 1973 c 74 § 2; 1970 ex.s. c 56 § 99; 1969 ex.s. c 232 § 58; 1949 c 57 § 2; Rem. Supp. 1949 § 7434-11.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Facsimile signatures: RCW 39.44.100.

Additional notes found at www.leg.wa.gov

87.28.035 Determining amount payable into special funds. In creating such special fund or funds the board of directors of the district shall have due regard for the cost of the operation and maintenance of the district system required by the district to furnish said irrigation water, domestic water, electric power, drainage, or sewer service, as the case may be, and shall not set aside into such special fund a greater amount or proportion of the revenue of such service or services, than, in its judgment, will be available over and above such cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged to such special fund or funds. [1979 ex.s. c 185 § 11; 1949 c 57 § 4; Rem. Supp. 1949 § 7434-13. Formerly RCW 87.28.080.]

Additional notes found at www.leg.wa.gov

87.28.040 Bonds do not constitute general debt of district. Any such bonds, and interest thereon, issued against a special fund as herein provided shall be a valid claim of the owner thereof only as against said special fund or funds and its fixed proportion or amount of the revenue pledged to such fund or funds and shall not constitute a general indebtedness against the issuing irrigation district. Each such bond shall state upon its face that it is payable from a special fund or funds only, naming the special fund or funds and the resolution creating the fund or funds. [1983 c 167 § 238; 1979 ex.s. c 185 § 12; 1949 c 57 § 5; Rem. Supp. 1949 § 7434-13a.]

Additional notes found at www.leg.wa.gov

87.28.070 Sale of bonds. (1) Such revenue bonds shall be sold in such manner as the board of directors shall deem for the best interests of the irrigation district, either at public or at private sale and at any price and at any rate or rates of interest, but if the board of directors shall dispose of said bonds in exchange for construction of improvements or for materials, such bonds shall not be disposed of for less than par for value received by the district.

(2) Notwithstanding subsection (1) of this section, such bonds may be sold in accordance with chapter 39.46 RCW. [1983 c 167 § 239; 1970 ex.s. c 56 § 100; 1969 ex.s. c 232 § 59; 1949 c 57 § 6; Rem. Supp. 1949 § 7434-14.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.

Additional notes found at www.leg.wa.gov

87.28.090 Board to set rates to provide necessary revenues. The board of directors of any irrigation district issu-
ing such revenue bonds shall provide for revenues by fixing rates and charges for furnishing the service involved as the board shall deem necessary, in the manner provided by law and as fixed by resolution, the total revenues to be so estimated and determined as to be sufficient to take care of costs of maintenance, operation interest and principal amortization requirements and other charges involved. [1949 c 57 § 7; Rem. Supp. 1949 § 7434-15.]

Assessments and levies: RCW 87.03.240 through 87.03.305.

**87.28.100 Fixed share of revenues must be paid into special fund.** When a special fund has been created and bonds have been issued as herein provided, the fixed proportion or amount of the revenues pledged to the payment of the bonds and interest shall be set aside and paid into the special fund monthly as collected, as provided in the resolution creating the fund, and in case any irrigation district shall fail thus to set aside and pay said fixed proportion or amount as aforesaid, the owner of any bond against the special fund may bring appropriate court action against the district and compel such setting aside and payment. [1983 c 167 § 240; 1979 ex.s. c 185 § 13; 1949 c 57 § 8; Rem. Supp. 1949 § 7434-16.]

Additional notes found at www.leg.wa.gov

**87.28.103 Election on proposed bond issue—Exception.** When the directors of the district have decided to issue revenue bonds as herein provided, they shall call a special election in the irrigation district at which election shall be submitted to the electors thereof possessing the qualifications prescribed by law the question whether revenue bonds of the district in the amount and payable according to the plan of payment adopted by the board and for the purposes therein stated shall be issued. The election shall be called, noticed, conducted, and canvassed in the same manner as provided by law for irrigation district elections to authorize an original issue of bonds payable from revenues derived from annual assessments upon the real property in the district: PROVIDED, That the board of directors shall have full authority to issue revenue bonds as herein provided payable within a maximum period of forty years without a special election. [2013 c 177 § 11; 1979 ex.s. c 185 § 14; 1949 c 57 § 9; Rem. Supp. 1949 § 7434-17. Formerly RCW 87.28.050.]

Bonds, election for, etc.: RCW 87.03.200.
Qualification of voters: RCW 87.03.045.
Additional notes found at www.leg.wa.gov

**87.28.108 Payment of bonds—Covenants for securing authorized—Scope.** The board of directors may make such covenants as it may deem necessary to secure and guarantee the payment of the principal of and interest on revenue bonds of the district, including but not being limited to covenants for: The establishment and maintenance of adequate reserves to secure or guarantee the payment of such principal and interest; the protection and disposition of the proceeds of sale of such bonds; the use and disposition of the gross revenues of the service or services of the district providing revenues for the payment of such bonds and any additions or betterments thereto or extensions thereof; the use and disposition of any utility local improvement district assessments; the creation and maintenance of funds for renewals and replacements of the service or services providing revenues for the payment of such bonds; the establishment and maintenance of rates and charges adequate to pay principal and interest of such bonds and to maintain adequate coverage over debt service; the maintenance, operation, and management of the service or services providing revenues for the payment of such bonds and the accounting, insuring, and auditing of the business in connection therewith; the terms upon which such bonds or any of them may be redeemed at the election of the district; limitations upon the right of the district to dispose of its service or services providing revenues for the payment of such bonds or any part thereof; the appointment of trustees, depositaries, and paying agents to receive, hold, disburse, invest, and reinvest all or any part of the income, revenue, and receipts of the district; and the board of directors may make such other covenants as it may deem necessary to accomplish the most advantageous sale of such bonds. The board of directors may also provide that revenue bonds payable out of the same source or sources may later be issued on a parity with any revenue bonds being issued and sold. [1979 ex.s. c 185 § 21.]

Additional notes found at www.leg.wa.gov

**87.28.110 Payment of bonds.** Said county treasurer shall have authority to pay said bonds and any appurtenant coupons in accordance with their terms from any moneys on hand in said special fund and when said bonds with interest have been fully paid, any moneys remaining in the fund shall be transferred to the expense fund of the district and the special fund closed. [1983 c 167 § 241; 1949 c 57 § 11; Rem. Supp. 1949 § 7434-19.]

Additional notes found at www.leg.wa.gov

**87.28.120 Objects executed by resolution—Determining legality of proceedings.** The board of directors of the issuing district shall have full authority by resolution to carry out the objects of this chapter in accordance with the provisions hereof and the same shall be liberally construed. The court shall have full jurisdiction under the irrigation district law to examine and determine the legality of the proceedings held to authorize and dispose of such revenue bonds, in the same manner and with the same legal effect as that provided in the case of other bonds of the district. [1949 c 57 § 12; Rem. Supp. 1949 § 7434-20. Formerly RCW 87.28.120 and 87.28.130.]

Bonds: RCW 87.03.200 through 87.03.235.

**87.28.150 Refunding revenue bonds authorized—Revenue bond redemption fund established—Use.** The board of directors of any irrigation district may, by resolution, without submitting the matter to the voters of the district, provide for the issuance of refunding revenue bonds to refund one or more of the following: Outstanding assessment bonds, revenue bonds, contracts with the United States or state of Washington, or any part thereof, and all outstanding local improvement district bonds, at maturity thereof, or before maturity thereof if they are subject to call for prior redemption or if all of the owners thereof consent thereto. The refunding bonds shall be issued in the manner and for the purposes set forth in chapter 39.53 RCW.
Chapter 87.48 RCW
INDEMNITY TO STATE ON LAND SETTLEMENT CONTRACTS

Sections
87.48.010 Contracts for indemnity authorized.
87.48.020 Approval of contract—Execution—State obligation to enter into land settlement contract with federal government.
87.48.030 Assessments—Indemnity fund—Transfer to maintenance fund, when.
87.48.040 Estimate of expenses and losses—Payment.

87.48.010 Contracts for indemnity authorized. Any irrigation district by and through its board of directors is hereby authorized and shall have the power to enter into a contract with the state of Washington whereby it shall agree to repay to the state of Washington any expenses incurred by the state of Washington and to indemnify the state of Washington against any and all losses and damages which the state of Washington may suffer, under any contract between the state of Washington and the United States relating to land settlement in said district. This chapter shall apply to all irrigation districts and shall not be otherwise construed. [1925 ex.s. c 34 § 1; RRS § 7525-1.]

87.48.020 Approval of contract—Execution—State obligation to enter into land settlement contract with federal government. When any such irrigation district shall have duly executed and tendered to the state of Washington the contract of indemnity as it is herein empowered to do, the director of ecology is hereby authorized, empowered and required to sign and execute such contract on behalf of the state of Washington. After having received any such contract of indemnity from any such irrigation district the said director of ecology is hereby authorized, empowered and required to enter into a contract on behalf of the state of Washington with the United States relating to the land settlement in such district if such contract shall be presented, or tendered by the United States, which contract, if entered into on or before June 30, 1926, shall have the same terms and provisions of the contract of indemnity as it is herein empowered to do, the director of ecology is hereby authorized, empowered and required to enter into a contract on behalf of the state of Washington with the United States relating to the land settlement in such district if such contract shall be presented, or tendered by the United States, which contract, if entered into on or before June 30, 1926, shall have the same terms and provisions of that certain contract submitted to the state of Washington under authority of the act of congress approved March 3rd, 1925, entitled "An Act making appropriations for the Department of the Interior for the fiscal year ending June 30, 1926, and for other purposes." PROVIDED, That the liability of the state of Washington to the United States under such contract, if entered into on or before June 30, 1926, shall be limited to three hundred thousand dollars and be subject to appropriation therefor being made by the legislature. PROVIDED, FURTHER, That the said director of ecology or any other officer of the state of Washington shall not enter into any such contract with the United States after June 30, 1926, unless and until any such contract shall have been presented to the legislature by the governor through the director of ecology and approved by a joint resolution of the legislature, which resolution shall be passed by a constitutional majority of both branches of the legislature by roll call. [1925 ex.s. c 34 § 2; RRS § 7525-2.]

87.48.030 Assessments—Indemnity fund—Transfer to maintenance fund, when. Any such irrigation district which shall have entered into any such contract of indemnity with the state of Washington is hereby empowered and shall
annually be required to levy assessments against all the property within said district from time to time in such amounts as shall enable it to reasonably anticipate and promptly comply with its said contract with the state of Washington. Such assessments shall be levied and be payable at the time and in the manner that its regular assessments are made and shall have the same validity, force and effect as assessments for any other purposes. Such assessments shall be levied for and shall be paid into a fund to be known as "The Indemnity Fund" and such fund shall not be used for any purpose other than to fulfill its obligations under its indemnity contract with the state of Washington. PROVIDED, That when all expenses, losses or damages for which the district may have the same validity, force and effect as assessments for any other purposes. Such assessments shall be levied for and shall be paid into a fund to be known as "The Indemnity Fund" and such fund shall not be used for any purpose other than to fulfill its obligations under its indemnity contract with the state of Washington. PROVIDED, That when all expenses, losses or damages for which the district may become liable to the state of Washington under RCW 87.48.010 shall have been paid to the state of Washington any money then remaining in "The Indemnity Fund" shall be transferred to the maintenance fund of said district. [1925 ex.s. c 34 § 3; RRS § 7525-3.]

87.48.040 Estimate of expenses and losses—Payment. When the state of Washington shall be required to make any payment or expend any money in the performance of any such contract entered into with the United States, an estimate of the amount of expenses likely to be incurred in such performance, together with an estimate of future losses or damages that may occur under such contract shall be made by the director of ecology, who shall thereupon return a statement thereof to such district, and the board of directors of such district shall from time to time as required by the director of ecology levy against all the property within said district such assessments as may be necessary to repay to the state of Washington such estimated expenses, losses and damages. PROVIDED, If such district has no money in the "The Indemnity Fund" to repay such expenses when the same shall be incurred or to pay such losses and damages as the same shall accrue it shall be the duty of the board of directors to cause warrants of the district to be issued in payment of such indebtedness, which warrants shall bear interest at a rate determined by the board and be paid from moneys paid into the indemnity fund by assessments levied as hereinbefore provided. [1988 c 127 § 61; 1981 c 156 § 32; 1925 ex.s. c 34 § 4; RRS § 7525-4.]

87.52.030 Election—Ballots—Qualified electors. 1897 ACT
87.52.040 Vote required—Petition to court—Notice and publication of hearing—Court order. If three-fifths of the votes cast at any election under the provisions of RCW 87.52.010 through 87.52.060 shall contain the words "Disorganize, Yes," then the board of directors shall present to the superior judge of the county in which said irrigation district is located an application for an order of said superior court that such irrigation district shall cast ballots which shall contain the words "Disorganize, Yes," or "Disorganize, No." No person shall be entitled to vote at any election held under the provisions of RCW 87.52.010 through 87.52.060 unless he or she is a qualified voter under the election laws of the state, and holds title or evidence of title to lands within said district who shall be qualified electors thereof, reciting the fact that said district has no bonded indebtedness outstanding, may be dissolved and its business and affairs liquidated and wound up in the manner hereinafter provided. [1897 c 79 § 2; RRS § 7527. Formerly RCW 87.52.010, part.]

87.52.040 Vote required—Petition to court—Notice and publication of hearing—Court order. If three-fifths of the votes cast at any election under the provisions of RCW 87.52.010 through 87.52.060 shall contain the words "Disorganize, Yes," then the board of directors shall present to the superior judge of the county in which said irrigation district is located an application for an order of said superior court that such irrigation district shall cast ballots which shall contain the words "Disorganize, Yes," or "Disorganize, No." No person shall be entitled to vote at any election held under the provisions of RCW 87.52.010 through 87.52.060 unless he or she is a qualified voter under the election laws of the state, and holds title or evidence of title to land in said district. [2013 c 23 § 517; 1897 c 79 § 3; RRS § 7528. FORMER PART OF SECTION: 1939 c 149 § 3, part; RRS § 7527-3, part, now codified in RCW 87.52.090.]

Irrigation district elections: RCW 87.03.030 through 87.03.110. Voter registration: Chapter 29A.08 RCW.

(2014 Ed.)

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.
87.52.060  Board of directors as trustees—Duties—Records to be delivered to clerk.  Upon the disorganization of any irrigation district under the provisions of RCW 87.52.010 through 87.52.060, the board of directors at the time of the disorganization shall be trustees of the creditors and of the property holders of said district for the purpose of collecting and paying all indebtedness of said district, in which actual construction work has been done, and shall have the power to sue and be sued. It shall be the duty of said board of directors, and they shall have the power and authority, to levy and collect a tax sufficient to pay all such indebtedness, which tax shall be levied and collected in the manner prescribed by law for the levying and collection of taxes of irrigation districts. Any balance of moneys of said district remaining over after all outstanding indebtedness and the cost of the proceedings under RCW 87.52.010 through 87.52.060 have been paid shall be divided and refunded to the assessment payers in said irrigation district, to each in proportion to the amount contributed by him or her to the total amount of assessments collected by said district. Said board of directors shall report to the court from time to time as the court may direct, and upon a showing to the court that all indebtedness has been paid, an order shall be entered discharging said board of directors. Upon the entry of such order said board of directors and all the officers of said district shall deliver over to the clerk of said court all books, papers, records, and documents belonging to said district, or under their control as officers thereof: PROVIDED, That nothing herein contained shall be construed to validate or authorize the payment of any indebtedness of said district exceeding the legal limitation of indebtedness specified by law for irrigation districts; or any indebtedness contracted by such irrigation district or its officers without lawful authority. [2013 c 23 § 519; 1897 c 79 § 5; RRS § 7530.]

Assessments, levy and collection of taxes: RCW 87.03.240 through 87.03.305.

Powers as to incurring indebtedness: RCW 87.03.475.

87.52.070  Dissolution when not brought under irrigation for twenty years.  Any irrigation district of the state of Washington, now existing or hereafter organized, which has no bonded indebtedness outstanding, and which has been in existence for more than twenty years without having secured the irrigation of any of its lands, may be disorganized and its business and affairs liquidated and wound up in the manner hereinafter provided. [1939 c 149 § 1; RRS § 7527-1. Formerly RCW 87.52.020, part.]

87.52.080  Petition.  A petition signed by twenty-five or more holders of title or evidence of title to lands within said district who shall be qualified electors, reciting the fact that said district has no bonded indebtedness, has been in existence for more than twenty years, and has secured no irrigation for any of its lands, and praying that said district be disorganized under the provisions of RCW 87.52.070 through 87.52.090, shall be delivered to the secretary of the board of directors of said district or to one of the directors thereof. [1939 c 149 § 2; RRS § 7527-2. Formerly RCW 87.52.020, part.]

87.52.090  Election—Procedure when three-fifths vote for disorganization.  Upon the delivery of said petition, as aforesaid, the board of directors of said district, the secretary thereof, and all other officials provided by law, shall call, notice, conduct and canvass an election, and if three-fifths of the votes cast at said election are in favor of the disorganization of the district, shall proceed with the disorganization of the district, all in the manner, with the same powers and with the same force and effect and in accordance with RCW 87.52.030 through 87.52.060. [1939 c 149 § 3; RRS § 7527-3. Formerly RCW 87.52.030, part and 87.52.040, part.]

Chapter 87.53 RCW

DISSOLUTION OF DISTRICTS WITH BONDS

Sections
87.53.001  Actions subject to review by boundary review board.
87.53.010  Dissolution authorized—Consent of bondholders recorded.
87.53.020  Bondholders' consent necessary—Offer to buy district property.

87.53.140  Assessments for unpaid obligations.
87.53.150  State's consent to dissolution.

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

87.53.001  Actions subject to review by boundary review board.  Actions taken under chapter 87.53 RCW may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 68.]
Dissolution of Districts with Bonds

87.53.010 Dissolution authorized—Consent of bondholders recorded. An irrigation district may be dissolved and its affairs liquidated as herein prescribed. If there are outstanding bonds of the district the acknowledged uniform consent in writing of at least two-thirds in amount of the holders of the bonds must be recorded in the office of the auditor of the county in which the district board has its office. [1951 c 237 § 1. Prior: 1899 c 102 §§ 1, 2; RRS §§ 7531, 7532.]

Reviser's note: For prior laws on this subject see 1899 c 102; RRS §§ 7531-7543.

87.53.020 Bondholders' consent necessary—Offer to buy district property. The acknowledged uniform written consent of one hundred percent of the holders of bonds may provide for cancellation of part of the bonds and for the manner and terms of payment of the balance. The bondholders may also make a firm offer for all property and rights of the district, except property in the district sold for taxes and district assessments, to be paid for by turning over for cancellation an appropriate amount in bonds with accrued interest. [1951 c 237 § 2.]

87.53.030 Petition for dissolution. At least one-third of the electors of the district shall sign and file with the auditor a petition, reciting the substance of the uniform text of the bondholders' consent, that the consent has been filed, and praying that the district be dissolved and its affairs liquidated. [1951 c 237 § 3. Prior: 1899 c 102 § 3; RRS § 7533.]

87.53.040 Election to be called. The board of commissioners of the county shall at their present or next regular meeting, call an election to submit to the electors of the district the question of whether the district shall be so dissolved. They shall direct the auditor to give notice of the election and shall appoint the election officials. [1951 c 237 § 4. Prior: 1899 c 102 § 5; RRS § 7535.]

87.53.050 Manner of calling, noticing, conducting election—Ballot—Qualification of electors. The election shall be called upon the same notice and conducted in like manner as other elections of the district: PROVIDED, That when the bondholder's consent to dissolution provides for an adjustment of the bonded debt and/or the terms and method of its payment the notice of election shall recite the substance thereof.

The ballot shall contain the words "For dissolution, Yes" and "For dissolution, No." No person not a qualified elector under the general election laws and a freeholder of the district shall be deemed a qualified elector under this chapter. [1951 c 237 § 5. Prior: 1899 c 102 § 4; RRS § 7534.]

District elections: RCW 87.03.030 through 87.03.110.

Qualification of voters: RCW 87.03.045.

87.53.060 Election returns, effect—Records to auditor. The election officials shall file with the auditor the returns within ten days of the election, and at their next meeting the commissioners shall canvass the returns, and if a majority of the votes cast favor dissolution, the commissioners shall declare the election carried. All records of the district shall, upon demand, be delivered to the auditor. [1951 c 237 § 6. Prior: 1899 c 102 § 6; RRS § 7536.]

87.53.070 Transcript of proceedings—Financial statement. The auditor shall deliver to the county clerk a certified copy of the transcript of the proceedings of the commissioners on the matter together with a statement of the district's cash assets, segregated as to the bond fund and the total of all other funds, and a statement of the debts of the district as they appear on the records, taking into account any reduction in bond debt offered by the bondholders in their consent to dissolution; also a general inventory of the district property segregated only as to main classes, together with any offer for same submitted in the bondholders' consent to dissolution. [1951 c 237 § 7. Prior: 1899 c 102 § 7; RRS § 7537.]

87.53.080 Proceedings docketed in court—Notice to file claims—Claims barred, when. The clerk shall docket the proceedings entitled "In the matter of the dissolution of . . . . . . . irrigation district," and the court shall direct the clerk to give notice thereof. The notice shall contain a general statement of the nature of the proceedings, and notify all persons having claims against the district to present them on or before a day specified therein, and shall be published once a week for at least six weeks in a newspaper of general circulation in the county. Any claim not so filed shall be barred. [1985 c 469 § 91; 1951 c 237 § 8. Prior: 1899 c 102 § 8; RRS § 7538.]

Official paper for publication: RCW 87.03.020.

87.53.090 Determination of claims—Court order—Appeal. If the court finds that the provisions of this chapter have been complied with, it shall then determine the validity and amount of the claims so filed. No claim barred by the statute of limitations shall be allowed. It shall separately determine the validity and amount of outstanding bonds with accrued interest, making allowances for any offer of adjustments contained in the bondholders' consent to dissolution, and shall order that all cash in the district's bond fund together with the proceeds from a sale of all the property and rights of the district shall be first applied to the redemption of outstanding bonds with interest; that other cash funds of the district be applied on payment of valid unsecured claims, and the remainder on the redemption of any balance of outstanding bonds with interest. The court shall further order that in the event the district's cash funds together with proceeds from the sale of district property and rights shall prove insufficient to discharge all valid obligations of the district, one or more annual assessments shall be made against the assessable property in the district, as herein provided, sufficient in amounts to discharge all valid debt. The district or any person affected by the judgment may appeal therefrom within ten days of the entry of judgment. [1951 c 237 § 9. Prior: 1899 c 102 § 9; RRS § 7539.]

87.53.100 Trustee—Appointment—Compensation—Bond. Upon the entry of final judgment, the court shall issue an order appointing a trustee for the district and shall deliver to him or her a certified copy of the order. The court shall fix the compensation of the trustee and the amount of his or her bond to be obtained at the cost of the district. [2013 c 23 § 520; 1951 c 237 § 10. Prior: 1899 c 102 § 10, part; RRS § 7540, part.]
87.53.110 Sale of district assets. The trustee shall give notice that all the property and rights of the district, except property in the district sold for taxes or district assessments, will be sold pursuant to order of the court. The notice shall be given in the same manner and for the same time as for sale of real property on execution, except that it need not be posted.

The sale shall be made at public auction at the front door of the courthouse and may be adjourned from time to time not exceeding three weeks in all, by public announcement at the time and place of the sale.

Any claim established by the previous judgment of the court or any securities of the district may be accepted at face value on the purchase price: PROVIDED, That any offer made in the bondholders' written consent to dissolution shall be considered a bid and shall be accepted in the absence of a better offer. No bid shall be considered nor shall any sale be made for less than all the property and rights of the district. The trustee shall forthwith disburse the cash funds of the district in accordance with the order of the court. [1951 c 237 § 11. Prior: 1899 c 102 § 10, part; RRS § 7540, part.]

Executions: Chapter 6.17 RCW.

87.53.120 Report of sale—Rights of purchasers. The trustee shall file with the clerk a report of the disposition made of the cash funds and of the sale and if the court finds the sale was fairly conducted, it shall enter an order confirming the sale, and the trustee shall execute and deliver to the purchaser an instrument conveying to him or her all property and rights of the district, free from all claims of the district or its creditors, which shall entitle the purchaser to immediate possession. [2013 c 23 § 521; 1951 c 237 § 12. Prior: 1899 c 102 § 11; RRS § 7541.]

87.53.130 Order of dissolution—Effect. Upon verification of the disposition of the cash funds and confirmation of the sale the court shall enter an order dissolving the district and discharging the trustee, and a certified copy of the order shall be recorded in the office of the auditor. Thereupon the district shall cease to exist, except for the purpose of collecting its indebtedness. All records of the proceedings shall be delivered to the auditor. [1951 c 237 § 13. Prior: 1899 c 102 § 13; RRS § 7543.]

87.53.140 Assessments for unpaid obligations. Upon the dissolution of the district the county commissioners shall determine from the records the remaining bond and other indebtedness of the district, and shall determine the proper number of annual assessments, not over five, necessary to discharge the debt. They shall cause the county assessor to prepare the annual assessment roll for the lands in the district, based upon the acreages shown on the last district assessment roll. The commissioners shall levy annual assessments, not exceeding five, upon all property in the district assessed for the bond fund on the district's last assessment roll and according to the ratios of benefits there shown, sufficient to pay any remaining claims, including bonds. They shall levy and equalize the assessments, after the same notice of hearing as are required of district directors on irrigation assessments. The county auditor shall perform the duties of the secretary of the district and the county treasurer shall be ex officio trea- surer of the district and shall collect the assessments. In all other respects the general irrigation district laws shall govern.

Any funds remaining after all assessments have been collected and all indebtedness and costs liquidated shall be paid over to the bondholders in cases where they have accepted a compromise settlement. Otherwise the surplus shall be distributed as by law provided. [1951 c 237 § 14. Prior: 1899 c 102 § 12; RRS § 7542.]

General irrigation district laws: Chapter 87.03 RCW.

87.53.150 State's consent to dissolution. Whenever any bonds of the district are held in the state reclamation revolving account, and, in the opinion of the director of ecology, the district is or will be unable to meet its obligations, and that the state's investment can be best preserved by the dissolution of the district the director may give his or her consent to dissolution under such stipulations and adjustments of the indebtedness as he or she deems best for the state. [2013 c 23 § 522; 1988 c 127 § 62; 1951 c 237 § 15.]

Dissolution of inactive special purpose districts: Chapter 36.96 RCW.

87.56.001 Actions subject to review by boundary review board. Actions taken under chapter 87.56 RCW may be subject to potential review by a boundary review board under chapter 36.93 RCW. [1989 c 84 § 69.]

87.56.010 When district insolvent—Election to dissolve. In all instances where fifty percent of the acreage within an irrigation district has been sold to the district on account of delinquent district assessments, and more than one year has elapsed since the sale of said property to the district without redemption by the owners thereof, and the district is unable to raise sufficient revenue to meet its obligations when the same become due and payable, such district shall be deemed insolvent and the district board shall have authority to call an election in the district to determine whether the district shall discontinue operation and dissolve: PROVIDED, That in case there are bonds of the district outstanding, writ-
ten consent of the holders of at least fifty-one percent in amount of such outstanding bonds shall be obtained by the district board before calling said election: PROVIDED, FURTHER, That if any portion of such outstanding bonds are owned by the state of Washington the board of directors of such district shall give written notice to the director of ecology of the intention of the board of directors to call such election, and unless the director of ecology shall sign written objection to the calling of such election within ten days after the giving of such notice the state shall be deemed as consenting thereto. 

Said election shall be called, shall be conducted and the results canvassed in the same manner substantially provided by law for a bond election in the district. [1988 c 127 § 63; 1931 c 60 § 11; 1925 ex.s. c 124 § 1; RRS § 7543-1.] 

Bonds, election for: RCW 87.03.200.

87.56.020 Majority vote—Action for dissolution. If a majority of the votes cast at said election is in favor of dissolution of the district, the district board shall institute an action in the superior court of the county in which the office of the board is located to determine the indebtedness of the district and to adopt a plan of appropriating the available resources of the district to the satisfaction of such indebtedness as in this chapter provided. [1925 ex.s. c 124 § 2; RRS § 7543-2.] 

87.56.030 Powers of court. The superior court in the exercise of its jurisdiction in matters of this kind shall have full authority to determine the indebtedness of the district and to determine the status and priorities thereof in accordance with the laws of the state relating to irrigation districts, shall have power to apportion the obligation of such indebtedness against the district and the several lands included therein; the court may award process and cause to come before it all persons whom it may deem necessary to examine and have and cause to be issued all such writs as may be proper or necessary, and do all things proper or incidental to the exercise of such jurisdiction. [1925 ex.s. c 124 § 3; RRS § 7543-3.] 

87.56.040 Service of process. Such action shall be one in rem and personal service of process shall not be required to be made on any interested person: PROVIDED, That the court shall be authorized in proper instances to order issuance and personal service of process specifying such time for appearance as the court shall require, AND PROVIDED FURTHER, That any owner of land within the district or any creditor of the district or their respective attorneys may file with the receiver provided for in this chapter, a written request that his or her name and address be placed on the receiver's mailing list and thereafter the receiver shall mail to such person at his or her given address at least ten days' written notice of all subsequent hearings before the court. Personal service of said notice may be made in any instance in lieu of mailing at the option of the receiver. [2013 c 23 § 523; 1925 ex.s. c 124 § 4; RRS § 7543-4.] 

87.56.050 Complaint—Contents. The complaint in said action shall recite the holding of the election and the result thereof and shall give in general terms a summary of the district assets and the amount and character of its obligations and the maturities thereof; shall state that the district desires to discontinue operation and dissolve its corporate existence and shall pray that the court take the necessary steps to effect such an object. [1925 ex.s. c 124 § 5; RRS § 7543-5.] 

87.56.060 Notice of hearing—Publication. The court shall thereupon fix a time and place for a hearing of the complaint and notice of the hearing shall be published once a week for two successive weeks in a newspaper of general circulation in each county in which any lands in the district are located. [1985 c 469 § 92; 1925 ex.s. c 124 § 6; RRS § 7543-6. FORMER PART OF SECTION: 1925 ex.s. c 124 § 7; RRS § 7543-7, now codified as RCW 87.56.065.] 

87.56.065 Hearing—Decree—Receiver. At the time and place fixed in the notice the court shall hear the objections of interested persons and shall determine whether the district is insolvent within the provisions of this chapter and whether the district shall be dissolved. If the court concludes that the district shall not dissolve, the court shall so find and dismiss the action. If the court concludes that the district should be dissolved, the court shall appoint a receiver to take charge of the district assets and perform such other duties as may be required by the court or by law. [2004 c 165 § 45; 1925 ex.s. c 124 § 7; RRS § 7543-7. Formerly RCW 87.56.060, part.] 

Purpose—Captions not law—2004 c 165: See notes following RCW 7.60.005.

87.56.100 Unmatured claims—Acceleration. If the owner or holder of a claim of indebtedness against the district not yet due or matured files a claim in any case in which a receiver is appointed under RCW 87.56.065, the maturity of the indebtedness owing to the person by the district shall be accelerated to such date as the court shall determine upon. [2004 c 165 § 46; 1925 ex.s. c 124 § 12; RRS § 7543-12.] 

Purpose—Captions not law—2004 c 165: See notes following RCW 7.60.005.

87.56.160 Liquidation—Assessments to pay remaining debts. In the execution of a plan of liquidation, the court shall have authority to order the sale of any or all of the district property or the exchange of any of the district property for any evidence of district indebtedness in accordance with the rights of the district and of all the creditors concerned, and if upon the exhaustion of the district property in the payment of the district indebtedness including the costs of dissolution and receivership proceedings, any district indebtedness remain undischarged, the court shall have authority to order district assessments against the lands included within the operation of the district to continue to be made in accordance with the rights of the persons interested in the manner provided by law to pay the remaining indebtedness until sufficient revenue has been raised to pay fully all the obligations of the district. [1925 ex.s. c 124 § 21; RRS § 7543-21.] 

Assessments, levies: RCW 87.03.240 through 87.03.305.

87.56.170 Judgment upon stipulation—Payment. Upon stipulation of the owners of lands within the district, and holders of bond liens against said lands, and the district creditors concerned, the court shall have authority in such
87.56.180 Trustee for creditors—Bond—Duties. The judgment shall also name a trustee to be nominated by the creditors representing a majority of the indebtedness who shall give bond conditioned for the faithful performance of his or her duties and the strict accounting of all funds received by him or her in such amount as the court shall determine, and who shall have authority to receive payment on account of said judgment and to satisfy said judgment against the several lands at the time payment thereon is made by the landowners in proportion to the amount of said payment. When any landowner shall make full payment of the amount of the judgment apportioned against his or her land, he or she shall be entitled to full satisfaction thereof of record. [1925 c 124 § 23; 1925 ex.s. c 124 § 23; RRS § 7543-23.]

87.56.190 Enforcement of judgment. In case any landowner fails to pay the judgment against his or her land or any installment thereof, when the same shall become due and payable, said judgment may be enforced by the trustee named in the decree in the manner provided by law for the enforcement of judgments in the superior court, and the costs of execution and sale shall be charged to the defaulting land. If the judgment rendered by the court shall be for the payment of all unpaid installments at such rate as the court shall fix not in excess of the rate to which the respective creditors may be entitled in their original evidences of indebtedness. [1925 ex.s. c 124 § 27; RRS § 7543-27.]

87.56.200 Distribution of funds—Court to retain jurisdiction. The trustee named in the decree shall make distribution of all funds collected on account of said decree in such manner as the creditors shall agree upon, or in case of disagreement, then in such manner as the court shall direct, and jurisdiction of the court in the dissolution proceedings shall continue until full disbursement of funds collected on account of said judgment has been made to the judgment creditors. [1925 ex.s. c 124 § 25; RRS § 7543-25.]

87.56.205 Judgment upon stipulation—Prerequisites. Before the court shall enter judgment upon stipulation of the parties as in this chapter provided, the creditors concerned shall file all evidences of district indebtedness held by them into the registry of the court to be held subject to the order of the court. [1925 ex.s. c 124 § 27; RRS § 7543-27. Formerly RCW 87.56.170, part.]

Judgment upon stipulation—Evidences of indebtedness to be canceled. If the judgment rendered by the court, upon stipulation, be not appealed from as in this chapter provided and the time for appeal has expired, or having been appealed from has been finally determined upon appeal, the court shall upon application of the receiver, order all evidences of indebtedness filed in the registry of the court under the provisions relating to judgment upon stipulation to be delivered to the office of the county treasurer, who shall have authority and it shall be his or her duty to cancel the same, and said evidences of indebtedness shall thereafter cease to be obligations of the district, and the district thereafter shall be discharged of said indebtedness. [2013 c 23 § 527; 1925 ex.s. c 124 § 28; RRS § 7543-28.]

87.56.225 Appellate review. Any interested person feeling aggrieved at the judgment of the superior court dismissing the proceedings or determining the indebtedness of the district and the status and priority thereof and determining the plan of liquidation, may seek appellate review of such judgment in the same manner as in other cases in equity, except that notice of appeal must be both served and filed within sixty days from the entry thereof. [1988 c 202 § 89; 1971 c 81 § 174; 1925 ex.s. c 124 § 29; RRS § 7543-29. Formerly RCW 87.56.250.]

Additional notes found at www.leg.wa.gov

87.56.230 Final report of receiver—Apportionment of excess assets—Decree of dissolution. When all district indebtedness has been discharged as in this chapter provided, and all expenses of the dissolution proceedings have been paid, the receiver shall report such fact to the court with a full account of all assets and moneys received and disbursed. The court shall examine said report and if found satisfactory shall approve the same; shall order any funds remaining after the payment of all indebtedness apportioned to the several owners of land within the district in accordance with the ratio of the last assessment roll of the district, and shall enter a decree dissolving and annulling the district, which shall thereafter cease to exist as a corporate entity. [1925 ex.s. c 124 § 30; RRS § 7543-30.]

87.56.240 Decree to be filed in each county. A copy of said decree shall be filed for record forthwith by the receiver in the office of the county auditor and in the office of the county assessor, of the counties in which any of the lands within the district are situated, and said decree shall be recorded by each of said offices without charge of fee. [1925 ex.s. c 124 § 31; RRS § 7543-31.]

87.56.900 Chapter alternative method—Saving. This chapter is designed to provide an alternative method for the
dissolution of irrigation districts and shall not be deemed to repeal any other statute or statutes. [1925 ex.s. c 124 § 32; RRS § 7543-32.]

87.56.910  Construction—1925 ex.s. c 124. Nothing in this chapter contained shall be construed to enlarge, abridge, modify or otherwise affect the rights, privileges or obligations of solvent districts, the lands therein or creditors thereof. [1925 ex.s. c 124 § 33; RRS § 7543-33.]

Chapter 87.64 RCW
ADJUSTMENT OF IRRIGATION, DIKING, AND DRAINAGE DISTRICT INDEBTEDNESS

Sections
87.64.010  State authorized to adjust indebtedness—When state owns entire bond issue.
87.64.020  State authorized to adjust indebtedness—When state owns part of bond issue.
87.64.040  Claim for moneys expended may be settled and compromised.
87.64.060  Cancellation of district's assessments and taxes.
87.64.070  Powers of district.

87.64.010  State authorized to adjust indebtedness—When state owns entire bond issue. Whenever the state shall now or hereafter own, the entire issue of the bonds of any irrigation, diking or drainage district, and in the judgment of the director of ecology such district is, or will be, unable to meet its obligations as they mature, and in the judgment of the director of ecology the investment of the state can be made more secure by extending, without refunding, the time of payment of any or all said bonds and interest payments or by exchanging the bonds held by the state for the refunding bonds of the district issued in the manner provided by law at the same or a lower rate of interest and/or for a longer term, or by the cancellation of a portion of the bonds held by the state and/or interest accrued thereon, and the exchange of the remaining bonds held by the state for the refunding bonds of the district issued in the manner provided by law at the same or a lower rate of interest and/or for a longer term, the director of ecology shall be and is hereby authorized and empowered to enter into contract with the district so extending the time of payment of said bonds and interest payments, without refunding, or to so exchange the bonds held by the state for such refunding bonds or to cancel a portion of the bonds held by the state and/or interest accrued thereon, and exchange the remaining bonds held by the state for such refunding bonds as in his or her judgment will be for the best interest of the state: PROVIDED, That the owners of at least ninety percent of all the other bonds of said district shall make and execute the same arrangement with the district: AND PROVIDED FURTHER, That when, in addition to owning a portion of the first issue of bonds of any such irrigation, diking, or drainage district, the state also owns all the outstanding second issue of bonds of such district, the director of ecology shall be and he or she is hereby authorized and empowered to surrender and cancel said second issue of bonds held by the state upon whatsoever terms and conditions he or she shall deem to the best interest of the state: AND PROVIDED FURTHER, That whenever the owners of at least ninety percent of all other bonds of such district and/or other evidences of indebtedness are willing to release their existing obligations against said district and to substitute therefor a contract to pay such existing indebtedness in whole or in part from the proceeds of the sale of lands owned by the district at the time of such settlement, or acquired by the district through levies then existing, the director of ecology shall be and he or she is hereby authorized and empowered to cancel the bonds held by the state upon whatsoever terms that he or she shall deem most beneficial for the state, or if deemed beneficial to the state, he or she may release the state's bonds and join with the other holders in the above mentioned contract for the sale of the district land as hereinafter stated: AND PROVIDED FURTHER, That the director of ecology be and he or she is hereby authorized to accept in any settlement made under this chapter, refunding bonds of any irrigation district that may be issued in accordance with chapter 87.22 RCW, or any amendment thereto, and he or she is hereby authorized, when in his or her judgment it is to the interest of the state, to participate in the refunding of bonds of an irrigation district held under said chapter 87.22 RCW, or any amendment thereto. [2013 c 23 § 529; 1983 c 167 § 244; 1941 c 39 § 1; 1929 c 121 § 2; Rem. Supp. 1941 § 7530-41. FORMER PART OF SECTION: 1941 c 39 § 3, part, last am’ds 1929 c 121 § 3; Rem. Supp. 1941 § 7530-42, part, now codified in RCW 87.64.020.]

Dissolution: Chapter 87.53 RCW.
Refunding bonds: Chapters 87.19 and 87.22 RCW.
Additional notes found at www.leg.wa.gov

87.64.020  State authorized to adjust indebtedness—When state owns part of bond issue. Whenever the state shall, now or hereafter, own a portion of the bonds of any irrigation, diking, or drainage district, and in the judgment of the director of ecology such district is, or will be, unable to meet its obligations as they mature, and in the judgment of the director of ecology the investment of the state can be made more secure by extending, without refunding, the time of payment of any or all said bonds and interest payments or by exchanging the bonds held by the state for the refunding bonds of the district issued in the manner provided by law at the same or a lower rate of interest and/or for a longer term, or by the cancellation of a portion of the bonds held by the state and/or interest accrued thereon, and the exchange of the remaining bonds held by the state for the refunding bonds of the district issued in the manner provided by law at the same or a lower rate of interest and/or for a longer term, the director of ecology shall be and is hereby authorized and empowered to enter into contract with the district so extending the time of payment of said bonds and interest payments, without refunding, or to so exchange the bonds held by the state for such refunding bonds or to cancel a portion of the bonds held by the state and/or interest accrued thereon, and exchange the remaining bonds held by the state for such refunding bonds as in his or her judgment will be for the best interest of the state: PROVIDED, That the owners of at least ninety percent of all the other bonds of said district shall make and execute the same arrangement with the district: AND PROVIDED FURTHER, That when, in addition to owning a portion of the first issue of bonds of any such irrigation, diking, or drainage district, the state also owns all the outstanding second issue of bonds of such district, the director of ecology shall be and he or she is hereby authorized and empowered to surrender and cancel said second issue of bonds held by the state upon whatsoever terms and conditions he or she shall deem to the best interest of the state: AND PROVIDED FURTHER, That whenever the owners of at least ninety percent of all other bonds of such district and/or other evidences of indebtedness are willing to release their existing obligations against said district and to substitute therefor a contract to pay such existing indebtedness in whole or in part from the proceeds of the sale of lands owned by the district at the time of such settlement, or acquired by the district through levies then existing, the director of ecology shall be and he or she is hereby authorized and empowered to cancel the bonds held by the state upon whatsoever terms that he or she shall deem most beneficial for the state, or if deemed beneficial to the state, he or she may release the state's bonds and join with the other holders in the above mentioned contract for the sale of the district land as hereinafter stated: AND PROVIDED FURTHER, That the director of ecology be and he or she is hereby authorized to accept in any settlement made under this chapter, refunding bonds of any irrigation district that may be issued in accordance with chapter 87.22 RCW, or any amendment thereto, and he or she is hereby authorized, when in his or her judgment it is to the interest of the state, to participate in the refunding of bonds of an irrigation district held under said chapter 87.22 RCW, or any amendment thereto. [2013 c 23 § 529; 1983 c 167 § 244; 1941 c 39 § 1; 1931 c 43 § 1; 1929 c 121 § 3; Rem. Supp. 1941 § 7530-42. Formerly RCW 87.64.010, part, 87.64.020, and 87.64.030.]

Additional notes found at www.leg.wa.gov

87.64.040  Claim for moneys expended may be settled and compromised. Whenever the department of ecology shall have heretofore entered, or shall hereafter enter, into a

(2014 Ed.)
87.68.010 Resolution to fix time of paying assessments. At the option of the board of directors of irrigation districts in this state under contract with the United States involving payments thereto for the development and operation of their respective projects shall be payable on or before December 31st of the year in which the assessment is levied and upon the resolution of the board of directors of the district to that effect, adopted and entered at a regular meeting thereof not later than the second Tuesday of September of the year in which the levy is made. Such resolution shall thereafter remain in full force and effect until revoked by the board. [1941 c 141 § 1; Rem. Supp. 1941 § 7525-13.]

Additional notes found at www.leg.wa.gov

87.68.020 Discount on advance payments. In the event of the adoption and entering of such resolution by the board of directors, a person paying all or one-half of the current district assessment against any tract of land on or before December 31st of the year in which said assessment is levied shall be entitled to a discount of ten percent of said assessment if paid in full and ten percent of one-half of said assessment if one-half only is paid. In the event one-half of said assessment is paid on or before December 31st as aforesaid, the payer of the second half of said assessment shall be entitled to a discount of ten percent of the amount of said second half of said assessment if the same is paid on or before May 31st, next following the December payment. No discount shall be made for payment of district assessments except as herein specifically provided. [1941 c 141 § 2; Rem. Supp. 1941 § 7525-14.]

Additional notes found at www.leg.wa.gov

87.68.030 Meeting of board of equalization—Resolution—Notice. Said board of directors shall adopt and enter a resolution fixing the day, hour, and place when and where the board will convene as a board of equalization to equalize the assessment roll and a copy of the resolution adopting December 31st as the day on or before which assessments shall be paid, together with a notice signed by the secretary stating the day, hour, and place of the meeting of the board of equalization, shall be published for two consecutive weekly issues prior to the day of the convening of the board of equalization in some newspaper of general circulation in the district to be previously designated by the district board. [1941 c 141 § 3; Rem. Supp. 1941 § 7525-15.]

Additional notes found at www.leg.wa.gov

87.68.040 Assessment rolls, resolution, to county treasurers. The officers of said district shall cause said assessments to be made, levied and equalized and the assessment roll and any parts thereof to be delivered to the proper
county treasurers on or before December 10th of said year
and upon receipt of a certified copy of said resolution adopt-
ing December 31st as the day on or before which assessments
shall be paid, the county officers charged with the collection
of irrigation district assessments shall be authorized and it
shall be their duty respectively to collect the same in ac-
cordance with the provisions of RCW 87.68.010 through
87.68.050 and of said resolution and to account for collec-
tions in the manner provided by the irrigation district law.
[1941 c 141 § 4; Rem. Supp. 1941 § 7525-16.]
Assessments and levies: RCW 87.03.240 through 87.03.305.
Claims, how paid, etc.: RCW 87.03.440.
Additional notes found at www.leg.wa.gov

87.68.050 Payment and collection of assessments.
Irrigation district assessments levied and becoming payable
under the provisions of RCW 87.68.010 through 87.68.050
shall be payable on and after December 10th next following
the levy and except as in RCW 87.68.010 through 87.68.050
otherwise provided shall become delinquent, shall be col-
clected by the same officials and lands charged with said
assessments shall be sold when delinquent; all at the same
times in the same manner with the same kind and length of
notice and with the same force, effect, obligations, and privi-
leges as provided by the irrigation district law generally for
the collection of assessments, and for the sale and redemption
of lands charged with delinquent district assessments. [1941
c 141 § 5; Rem. Supp. 1941 § 7525-17.]
Assessments, sale, redemption: RCW 87.03.240 through 87.03.475.
Additional notes found at www.leg.wa.gov

87.68.060 Certain elections—Districts of two hun-
dred thousand acres—Notice of election. In any election
called and held in an irrigation district organized and existing
under the laws of this state, comprising two hundred thou-
sand or more acres of land within its boundaries, for the pur-
pose of voting on any proposed contract between the district
and the United States or any agency thereof where the pro-
posed contract is to include a provision in accordance with
the fourth proviso in section 1(b) of the act of congress of
May 27, 1937 (50 Stat. 208), the notice of said election shall
state, in addition to the other matters and things required by
law relating to elections in such districts, that the proposed
contract shall include a provision in accordance with the
fourth proviso in section 1(b) of the act of congress of May
27, 1937 (50 Stat. 208), and shall also set forth the provisions
of section 1(a) and (b) of said federal act. [1939 c 190 § 1;
RRS § 7402-283.]
Qualification of voters: RCW 87.03.045.

87.68.070 Deposit of funds in bank of board of con-
trol's choice. Funds in the custody of the board of control of the
Sunnyside Division, Yakima Project, or any similar board
created or operated by contract or otherwise under or pursu-
ant to the federal reclamation laws, or acting as operating
agent for the United States and/or irrigation districts of this
state or of other states, may be deposited on general deposit
in any one or more banks in this state which such board of
control may designate. All such deposits shall be made in
the name of the board and be subject to payment on demand on
the check of any officer or agent fully authorized and design-
ated by such board. The board of control of the Sunnyside
Division, Yakima Project, referred to herein, is the board of
control created by the respective contracts entered into by and
between the United States of America and the Sunnyside
Valley Irrigation District and other irrigation districts of the
Sunnyside Division of the Yakima Project, in the state of
Washington, under the provisions of the act of congress of
June 17, 1902 (32 Stat. 388), and acts amendatory thereof or
supplementary thereto, all generally referred to as the federal
reclamation laws. [1945 c 163 § 1; Rem. Supp. 1945 § 7525-
40. FORMER PART OF SECTION: 1947 c 265 § 2, part;
1945 c 163 § 7, part; Rem. Supp. 1945 § 7525-46, part, now
codified in RCW 87.68.140. Formerly RCW 87.68.070 and
87.68.080.]

87.68.090 Security for deposits. Upon the designation
of any bank by the board of control as in RCW 87.68.070
through 87.68.140 provided, the bank shall furnish security
for any deposits by mortgage, pledge or hypothecation of
bank assets or otherwise in such manner as may be agreed
upon between the board of control and the bank, or in lieu
thereof, the bank shall file with the board of control a surety
bond to such board of control, properly executed by some
reliable surety company qualified under the laws of this state
to do business therein, in the maximum amount of deposits
designated by said board to be carried in such bank, condi-
tioned for the prompt and faithful payment thereof on checks
drawn by the officer or agent fully authorized and designated
by such board. [1945 c 163 § 2; Rem. Supp. 1945 § 7525-
41.]

87.68.100 Audit of board’s records. The state auditor
shall audit the books, records and affairs of the board of con-
trol every two years, or at such other times as the board shall
request, and the costs of the audit shall be paid by said board.
[1945 c 163 § 3; Rem. Supp. 1945 § 7525-42.]

87.68.110 Costs, assessments for—Special funds—
Investment of. Each irrigation district which has or hereafter
may enter into a contract with the United States providing for
the operation and maintenance, by means of a board of con-
trol, of irrigation works used in common with other districts,
shall include in the annual levy of assessments a sufficient
amount to pay the annual estimated pro rata proportion of the
costs chargeable to such district and also such reserve fund as
may be fixed by the contract: PROVIDED, That any district
may appropriate moneys from other funds to pay said costs.
When assessments are paid to the county treasurer for
the board of control fund, they shall be deposited in a special
fund, known as the "Board of Control Fund," and when assessments are paid to the county treasurer for the board of
control reserve fund they shall be deposited in a special fund
known as the "Board of Control Reserve Fund," and said funds may be disbursed only upon vouchers approved by a
majority of the voting power of the members of the board of
control, and the county auditor shall issue warrants for the
payments of such claims which shall be payable out of the
funds on which the same are drawn.
Any moneys in the "Board of Control Reserve Fund,"
when so requested by the board of control, shall be invested

(2014 Ed.)
87.68.120  Contract for use of canal. Any irrigation district, city, town, or other water user or users whose lands are irrigated by water carried in works transferred by the United States to a board of control are hereby authorized to enter into contract with another irrigation district whose lands are irrigated by water carried in the same canal to operate and maintain the main canal and other works known as transferred works, and to pay such district in a lump sum its pro rata proportion of the cost of maintenance and operation of such transferred works: PROVIDED, That the amount said pro rata proportion may be estimated and such estimated amount paid at the beginning of any year, and at the end of the year the board shall after determining the true pro rata amount of such user's cost, require such user to pay the balance, if any, of said true pro rata amount. [1945 c 163 § 5; Rem. Supp. 1945 § 7525-44.]

87.68.130  Contract with board to operate works. Any irrigation district, city, town, or other water user or users whose lands are irrigated by water carried in works transferred by the United States to a board of control are hereby authorized to enter into contract with the board of control for the operation and maintenance of the irrigation works within the district by the board of control and to pay such district in a lump sum the cost of maintenance and operation of such works within the district: PROVIDED, That the amount of the cost of operation of the works in the district may be estimated and the estimated amount paid to the board. At the end of each year the board shall, after determining the true amount of such costs of operation, require such district to pay the balance, if any, of such true amount. [1945 c 163 § 6; Rem. Supp. 1945 § 7525-45.]

87.68.140  Disposal of property authorized—Board may sue and be sued. Any such board of control shall have authority to be exercised by a majority of the voting power of the board to sell at such price and upon such terms as may be fixed by said board and any real or personal property owned by the board of control and to authorize the execution by the president and secretary of said board of a good and sufficient conveyance therefor, and said board may sue or be sued in any of the courts of this state without joining the person, corporation or district for whose benefit the suit may be prosecuted or defended. [1947 c 265 § 2; 1945 c 163 § 7; Rem. Supp. 1947 § 7525-46. Formerly RCW 87.68.070, part and 87.68.140.]

Rules of court: Cf. Superior Court Civil Rules.

Chapter 87.76 RCW

ASSOCIATION OF IRRIGATION DISTRICTS

Sections
87.76.010  Coordination of programs—Reports.
87.76.020  Coordinating agency—Expense, how defrayed.
87.76.030  General powers of directors.
87.76.040  Cooperation with other agencies authorized—Financial contributions—Contracts with public and private agencies.

87.76.010  Coordination of programs—Reports. The directors of the several irrigation districts in the state shall take such action as they deem necessary to effect coordination of their common programs for the economical and efficient operation of their districts and the reclamation of lands therein, and prepare reports annually for such operations. [1947 c 193 § 1; Rem. Supp. 1947 § 7505-10.]

87.76.020  Coordinating agency—Expense, how defrayed. The directors of such irrigation districts may designate a statewide association dedicated to the promotion of irrigated agriculture as a coordinating agency in the execution of the duties imposed by this chapter, and pay dues or assessments, or both, to the association from district expense funds, and the several districts may levy assessments against the lands therein for this purpose. Such dues and assessments shall be paid only on vouchers approved by the board of directors of the contributing district in the manner provided for the approval of district vouchers generally. The total of such voucher claims for any district in any calendar year shall not exceed two percent of the total amount or its equivalent of the expense fund levy of the district for that year. [1987 c 124 § 1; 1947 c 193 § 2; Rem. Supp. 1947 § 7505-11.]

Claims, how paid. RCW 87.03.440.
Power as to incurring indebtedness: RCW 87.03.475.

87.76.030  General powers of directors. The board of directors of the several districts may effect the state organization herein contemplated and take such further and other action in behalf of their respective districts as they deem necessary to carry out the intent of this chapter, including support of and attendance at such meetings as may be required to promote and perfect the organization and to effect its purposes. [1947 c 193 § 3; Rem. Supp. 1947 § 7505-12.]

87.76.040  Cooperation with other agencies authorized—Financial contributions—Contracts with public and private agencies. To avoid duplication of effort the state association may, in the discretion of its officers, affiliate and cooperate with other organizations and agencies engaged in the furthering of reclamation of lands in the state and make financial contributions to them for such purpose. In carrying out the powers authorized by this chapter, the association of irrigation districts is authorized to enter into contracts with the federal government, the state, irrigation districts, boards of control, municipal or quasi-municipal corporations, cooperatives, other public or private agencies, and associate organizations. The association of irrigation districts is authorized to advance funds to promote the development and utilization of agricultural water and power resources and to employ the technical and professional assistance necessary to survey, plan, investigate, study, print, and publish information and literature to promote the development and utilization of such resources and provide and present data and information to members of congress, any committee of congress, and to other federal officials as an aid in securing needed legislation, contracts, and timely appropriations. [1996 c 214 § 2; 1987 c
Joint Control of Irrigation Districts

87.80.010 Board of joint control authorized. A board of joint control may be created as provided in this chapter to administer: (1) The construction, operation, maintenance, betterments, and regulations of the joint use facilities, including reservoirs, canals, hydroelectric facilities within the works of the irrigation water supply system, pumping stations, drainage works, reserved works, and system interconnections, of two or more irrigation entities which are the owners of, have an ownership interest in, or are trustees for owners of water rights having the same source or which use common works for the diversion and either transportation, or drainage, or both, of all or any part of their respective irrigation water supplies; and (2) activities and programs that promote more effective and efficient water management for the benefit of member entities of a board of joint control. [1996 c 320 § 1; 1949 c 56 § 1; Rem. Supp. 1949 § 7505-20.]

87.80.020 Petition to create board required—Signatures—Filing. (1) For the purpose of creating a board of joint control a petition signed by two or more entities that are owners of or hold an ownership interest in water rights having the same source of water or use common works for the diversion, transportation, or drainage of all or any part of their respective irrigation water supplies, must be filed with the board of county commissioners of the county in which the greater part of the land irrigated from the source of water supply is situated.

(2) The petition shall also be filed with the board of commissioners of each county containing lands irrigated from the source of water supply of the entities signing the petition. The board of county commissioners making the review under RCW 87.80.090 shall consider any comments of other boards of county commissioners provided within the public hearing and comment period on the petition. [1996 c 320 § 3; 1949 c 56 § 2; Rem. Supp. 1949 § 7505-21.]

87.80.030 Form and contents of petition—Map. The petition for the creation of a board of joint control shall be addressed to the board of county commissioners, shall describe generally the relationship, if any, of the irrigation entities to an established federal reclamation project, the primary works of the entities including reservoirs, main canals, hydroelectric facilities, pumping stations, and drainage facilities, giving them their local names, if any they have, and shall show generally the physical relationship of the lands being watered from the water facilities. However, lands included in any irrigation entity involved need not be described individually but shall be included by stating the name of the irrigation entity and all the irrigable lands in the irrigation entity named shall by that method be deemed to be involved unless otherwise specifically stated in the petition. Further, the petition must propose the composition of the board of joint control as to membership, chair, and voting structure. When a board of joint control includes irrigation entities other than an irrigation district or an operating entity for a division within a federal reclamation project as provided in RCW 87.80.005, the join control member entities appropriate water. [2003 c 306 § 1; 1996 c 320 § 2.]
petition may be adjourned, shall proceed to hear the petition and all evidence submitted against and in support of the same. The board of county commissioners shall have full authority to adjourn the hearing from time to time not exceeding four weeks in all and to grant or reject the petition, and to determine the matter; any irregularities or omissions in the allegations of the petition shall not be held or construed to deprive the board of county commissioners of jurisdiction and authority to consider and determine the matter of any such petition accepted by it for consideration and said board of county commissioners shall have full authority to make such independent investigation of the matter of such petition as it shall deem advisable and to base its judgment on such independent investigation as well as upon the evidence submitted for and against the petition upon a hearing thereon as hereinafter provided. [1949 c 56 § 7; Rem. Supp. 1949 § 7505-26. Formerly RCW 87.80.070 and 87.80.080.]

87.80.070  Conduct and scope of hearing—Independent investigation authorized.  The board of county commissioners, at the time and place mentioned in the notice of hearing or at the time or times to which the hearing on said
selected and have qualified. Any irrigation entity that fails to designate its representative and to file the same as provided in this section is not entitled to representation on the board unless and until the requirements are complied with. [1996 c 320 § 8; 1949 c 56 § 9; Rem. Supp. 1949 § 7505-28.]

87.80.110 Organization of board—Meetings—Quorum. In the month of March, or another time as determined by the board of joint control, in each year the members of the board of joint control shall meet and organize as a board for the ensuing year and shall select a chair from their number and appoint a secretary who may, but need not, be a member of the board, and who shall keep a record of their proceedings, and perform other duties as the board prescribes. Business of the board shall be transacted at meetings thereof and a majority of the qualified membership of the board constitutes a quorum for the transaction of business and in all matters requiring action by the board there shall be a concurrence of at least a majority of the members present. However, if an alternative voting structure was proposed in the petition and adopted in the board of county commissioners' resolution, this structure will govern the voting procedures of the board of joint control. All meetings of the board shall be public. [1996 c 320 § 9; 1949 c 56 § 10; Rem. Supp. 1949 § 7505-29.]

87.80.120 Compensation of board members and employees. Each member of the board of joint control shall be compensated for services in accordance with the provisions of RCW 87.03.460. The amount must be fixed by resolution and entered in the minutes of the proceedings of the board. The board shall fix the compensation to be paid the secretary and all other agents and employees of the board. [1996 c 320 § 10; 1949 c 56 § 11; Rem. Supp. 1949 § 7505-30.]

87.80.130 Powers of board of joint control—Limitation. (1) A board of joint control created under the provisions of this chapter shall have full authority within its area of jurisdiction to enter into and perform any and all necessary contracts; to accept grants and loans, including, but not limited to, those provided under chapters 43.83B and 43.99E RCW, to appoint and employ and discharge the necessary officers, agents, and employees; to sue and be sued as a board but without personal liability of the members thereof in any and all matters in which all the irrigation entities represented on the board as a whole have a common interest without making the irrigation entities parties to the suit; to represent the entities in all matters of common interest as a whole within the scope of this chapter; and to do any and all lawful acts required and expedient to carry out the purposes of this chapter. A board of joint control may, subject to the same limitations as an irrigation district operating under chapter 87.03 RCW, acquire any property or property rights for use within the board's area of jurisdiction by power of eminent domain; acquire, purchase, or lease in its own name all necessary real or personal property or property rights; and sell, lease, or exchange any surplus real or personal property or property rights. Any transfers of water, however, are limited to transfers authorized under subsection (2) of this section.

(2)(a) A board of joint control is authorized and encouraged to pursue conservation and system efficiency improvements to optimize the use of appropriated waters and to either redistribute the saved water within its area of jurisdiction, or transfer the water to others, or both. A redistribution of saved water as an operational practice internal to the board of joint control's area of jurisdiction, may be authorized if it can be made without detriment or injury to rights existing outside of the board of control's area of jurisdiction, including instream flow water rights established under state or federal law.

(b) Prior to undertaking a water conservation or system efficiency improvement project that will result in a redistribution of saved water, the board of joint control must consult with the department of ecology and, if the board's jurisdiction is within a United States reclamation project, the board must obtain the approval of the bureau of reclamation. The purpose of such consultation is to assure that the proposal will not impair the rights of other water holders or bureau of reclamation contract water users.

(c) A board of joint control does not have the power to authorize a change of any water right that would change the point or points of diversion, purpose of use, or place of use outside the board's area of jurisdiction, without the approval of the department of ecology pursuant to RCW 90.03.380 and, if the board's jurisdiction is within a United States reclamation project, the approval of the bureau of reclamation. Any change in place of use that results from a transfer of water between the individual entities of the board of joint control shall not result in any reduction in the total water supply available in a federal reclamation project. In making the determination of whether a change of place of use in an area covered by a federal reclamation project will result in a reduction in the total water supply available, the board of joint control shall consult with the bureau of reclamation.

(d) The board of joint control shall notify the department of ecology, and any Indian tribe requesting notice, of transfers of water between the individual entities of the board of joint control. This subsection (2)(d) applies only to a board of joint control created after January 1, 2003.

(3) A board of joint control is authorized to design, construct, and operate either drainage projects, or water quality enhancement projects, or both.

(4) Where the board of joint control area of jurisdiction is totally within a federal reclamation project, the board is authorized to accept operational responsibility for federal reserved works.

(5) Nothing contained in this chapter gives a board of joint control the authority to abridge the existing rights, responsibilities, and authorities of an individual irrigation entity or others within the area of jurisdiction; nor in a case where the board of joint control consists of representatives of two or more divisions of a federal reclamation project shall the board of joint control abridge any powers of an existing board of control created through federal contract; nor shall a board of joint control have any authority to abridge or modify a water right benefiting lands within its area of jurisdiction without consent of the party holding the ownership interest in the water right.

(6) A board of joint control created under this chapter may not use any authority granted to it by this chapter or by RCW 90.03.380 to authorize a transfer of or change in a
87.80.135 Board's limitations. A board of joint control created under this chapter is limited to the membership, area of jurisdiction, and other terms and conditions contained in the resolution of the board of county commissioners filed under RCW 87.80.090. Amendments may be proposed at any time by the board of joint control to the board of county commissioners and acted upon through the petition process contained in RCW 87.80.030 through 87.80.090. [1996 c 320 § 16.]

87.80.140 Annual budget of board—Hearing—Notice. In September of each year the board of joint control shall prepare a budget of its estimated expenses and outlay for the ensuing calendar year and the apportionment thereof chargeable against the several irrigation entities coming within the jurisdiction of the board and shall fix a time and place when the budget shall be considered and adopted by the board. Notice of the hearing of the budget signed by the secretary of the board shall be published in at least two weekly issues of a newspaper of general circulation in each county in which any lands chargeable with the expense and outlay of the board are situated. The date of the first publication of the notice shall not be less than ten days prior to the day of the hearing. [1996 c 320 § 12; 1949 c 56 § 13; Rem. Supp. 1949 § 7505-32.]

87.80.150 Hearing and adoption of budget. At the time and place stated in said notice the board shall meet and consider any objections and suggestions as to the items of said budget which may be offered by any interested person and may adjourn its meeting from time to time not exceeding ten days in all and shall finally determine the same and adopt a budget for its operations for the ensuing calendar year. [1949 c 56 § 14; Rem. Supp. 1949 § 7505-33.]

87.80.160 Entity's levy to include budget apportionment. Immediately after final adoption of the budget the secretary of the board shall mail or deliver a copy thereof showing the apportionment of the charge to each irrigation entity, to the secretary of each irrigation entity coming under the jurisdiction of the board of joint control and it shall be the duty of each irrigation entity to include in its levy for the ensuing year, the amount apportioned and charged to it in the budget. [1996 c 320 § 13; 1949 c 56 § 15; Rem. Supp. 1949 § 7505-34.]

87.80.190 Control fund created—Deposits and remittances. There is created in the county treasurer's office of the county in which the board of joint control was created, a special fund to be designated Control Fund of the (naming the county) County Joint Control Board No. (specifying the number). The county treasurer shall distribute all collections for this fund to the control fund. The treasurer of any other county collecting assessments for this fund shall remit the assessments monthly to the county treasurer of the county in which the board of joint control was created. However, at the option of the board of joint control, a treasurer other than the county treasurer may be designated under RCW 87.03.440. [1996 c 320 § 14; 1949 c 56 § 18; Rem. Supp. 1949 § 7505-37.]

87.80.200 Payments from control fund. When the county treasurer serves as treasurer for the board of joint control, the board of joint control shall issue vouchers for its operations against the control fund and the county treasurer shall pay out moneys from the fund upon warrants drawn by the county auditor of said county. [1996 c 320 § 15; 1949 c 56 § 19; Rem. Supp. 1949 § 7505-38.]

87.80.220 Agencies under contract with federal government—Ability to participate in board. An irrigation entity under contract with an agency of the federal government for the construction or operation of its irrigation system may not participate in a board of joint control under this chapter if this action is in conflict with provisions of the subject contract. If a responsible official of the federal agency notifies the board of county commissioners in writing on or before the day of hearing provided under RCW 87.80.060 of a conflict in contract provisions and evidences the conflict, the board of county commissioners must deny the irrigation entity's proposed participation. If subsequent to formation of a board of joint control, a judicial decision determines a conflict in contract conditions, the irrigation entity must not participate in a project or activity inconsistent with the court determination. [1996 c 320 § 17.]

87.80.230 Board created among entities using Yakima river and tributaries—Coordination with federal and state programs. A board of joint control created among irrigation entities utilizing waters of the Yakima river and tributaries shall, when undertaking water conservation projects, fully coordinate those projects with federal and state programs adopted under the Yakima river basin water enhancement project, P.L. 103-434. The projects shall be developed and implemented, consistent with the board's development schedule, within the framework of the Yakima river basin water enhancement project policies and procedures provided by the state and federal governments, as funds are available to the board of joint control for the projects. However, should there be no reasonable prospect of funding for construction by the federal and state government within three years of the date of the publication of the Yakima river basin conservation plan under P.L. 103-434, the board of joint control may pursue the projects under alternative funding programs and conditions. [1996 c 320 § 22.]

87.80.900 Effect of chapter on general water rights adjudications. This chapter shall not affect the final decree of a general adjudication conducted under RCW 90.03.110 through 90.03.245. [1996 c 320 § 23.]

87.80.901 Construction—2003 c 306. The provisions of chapter 306, Laws of 2003 shall not be construed or interpreted to authorize the impairment of any existing water rights. [2003 c 306 § 4.]
Chapter 87.84 RCW

IRRIGATION AND REHABILITATION DISTRICTS

Sections

87.84.005 Purpose—Districts authorized.
87.84.010 Eligibility.
87.84.020 Petition to convert irrigation district to an irrigation and rehabilitation district, contents—Bond for costs.
87.84.040 Notice and election.
87.84.050 Purposes of organization.
87.84.060 Directors—Powers, rights and authority of directors and district.
87.84.061 Directors—Additional powers.
87.84.070 Special assessments—Notice and election—Collection.
87.84.080 Rules and regulations—Authorized—Publication—Hearing.
87.84.090 Rules and regulations—Violation as misdemeanor—Jurisdiction—Penalty—Review.
87.84.100 Rules and regulations—Sheriff to enforce.
87.84.110 Corporate powers and authority.
87.84.120 City, town, county, powers not restricted—Title 79 RCW not modified.

87.84.005 Purpose—Districts authorized. The growing population of the state of Washington, coupled with increasing amounts of available leisure time have greatly expanded the need for and use of the larger lakes in the state of Washington, both by Washington state residents and guests from other states and countries. In order to make the use of such larger lakes safer, and more beneficial to all concerned, the state of Washington to further the health, safety, recreation and welfare of its citizens has authorized the conversion of certain irrigation districts to irrigation and rehabilitation districts. [1963 c 221 § 1.]

Additional notes found at www.leg.wa.gov

87.84.010 Eligibility. Any irrigation district having the major portion of an inland navigable body of water within its exterior boundaries and which has filed with the department of ecology and been granted a water right certificate for fifty thousand acre feet of water or more shall be eligible to become an irrigation and rehabilitation district as provided in this chapter. [1988 c 127 § 67; 1963 c 221 § 2; 1961 c 226 § 2.]

Additional notes found at www.leg.wa.gov

87.84.020 Petition to convert irrigation district to an irrigation and rehabilitation district, contents—Bond for costs. A petition to convert an existing irrigation district to an irrigation and rehabilitation district shall be signed by at least fifty holders of title or evidence of title to land within the district. The petition shall contain the following:

(1) The legal description of the property to be served.
(2) The signature and address of each petitioner, together with the legal description of the lands within the district owned by each.
(3) Any other matter deemed material.

The petition shall be accompanied by a bond, to be approved by the board, in double the amount of the probable cost of organizing the district, and conditioned that the bondsperson will pay all the costs if the organization is not effected. [2007 c 218 § 80; 1961 c 226 § 3.]

Intent—Finding—2007 c 218: See note following RCW 1.08.130.

87.84.030 Notice and hearing on petition. A notice of hearing and a hearing on the petition shall be held as provided by RCW 87.03.020. [1961 c 226 § 4.]

87.84.040 Notice and election. A notice of election and election shall be held to determine whether the electors desire to convert the existing irrigation district to an irrigation and rehabilitation district.

The notice of election and election shall be governed by the applicable provisions of chapter 87.03 RCW relating to the original formation of districts. [1961 c 226 § 5.]

87.84.050 Purposes of organization. In addition to the purposes for which irrigation districts may be organized under RCW 87.03.010, an irrigation and rehabilitation district may also be organized or maintained to further the recreational potential of the area and to further the rehabilitation or improvement of inland lakes and shore lines and the modification or improvement of existing or planned control structures located in the district in order to further the health, recreation, and welfare of the residents in the area. [1963 c 221 § 3; 1961 c 226 § 6.]

Additional notes found at www.leg.wa.gov

87.84.060 Directors—Powers, rights and authority of directors and district. The directors of the irrigation and rehabilitation district shall be the same as of the irrigation district and the directors shall retain all power, rights and authority heretofore granted to them or hereafter granted to them as directors of an irrigation district under any provision of Title 87 RCW or any amendments thereto or any authority granted to directors of irrigation districts under any other law of the state of Washington. The irrigation and rehabilitation district shall also retain all power, rights and authority heretofore or hereafter granted to irrigation districts under Title 87 RCW or any other law or laws of the state of Washington, and use said power and authority including local improvement district provisions to further irrigation and rehabilitation district purposes and in addition shall have authority to rehabilitate or improve all or a portion of any inland body of water including adjacent shore lines located in the district and shall have the further power of modifying or improving any existing or planned water control structure located in the district in order to further the health, recreation, and welfare of the residents in the district.

All rights held by the irrigation district to water located wholly or partially in the district including but not limited to rights granted by the department of ecology shall upon formation of the irrigation and rehabilitation district immediately vest in the irrigation and rehabilitation district and in addition all water in the newly formed district as to which the prior district had any rights shall be held by the new district for all the beneficial uses and purposes for which the irrigation and rehabilitation district is formed. [1988 c 127 § 68; 1963 c 221 § 4; 1961 c 226 § 7.]

Additional notes found at www.leg.wa.gov

87.84.061 Directors—Additional powers. The water in any natural or impounded lake, wholly or partially within the boundaries of an irrigation and rehabilitation district, together with all use of said water and the bottom and shore
lines to the line established by the highest level where water has been or shall be stored in said lake, shall be regulated, controlled and used by the irrigation and rehabilitation district in order to further the health, safety, recreation and welfare of the residents in the district and the citizens and guests of the state of Washington, subject to rights of the United States bureau of reclamation and any irrigation districts organized under the laws of the state of Washington.

In addition to the powers expressly or impliedly enumerated above, the directors of an irrigation and rehabilitation district shall have the power and authority to:

1) Control and regulate the use of boats, skiers, skin divers, aircraft, ice skating, ice boats, swimmers or any other use of said lake, by means of appropriate rules and regulations not inconsistent with state fish, game or aeronautics laws.

2) Expend district funds for the control of mosquitoes or other harmful insects which may affect the use of any lake located in the district: PROVIDED, That the state department of social and health services gives its approval in writing to any district program instituted under the authority of this item. District funds may be expended for mosquito and insect control or other district projects or activities even though it may be necessary to place chemicals or carry on activities on areas located outside of an irrigation and rehabilitation district's boundaries. These funds may be transferred to the jurisdictional health department for the purpose of carrying out the provisions of this item.

3) Except for state highways, control, regulate or prohibit by means of rules and regulations, the building, construction, placing or allowing to be placed from adjoining land, sand, gravel, dirt, rock, tires, lumber, logs, bottles, cans, garbage and trash, or any loathsome, noxious substances or materials of any kind, and any piling, causeways, fill, roads, culverts, wharfs, bulkheads, buildings, structures, floats, or markers, in, on or above the line established by the highest level where water has been or shall be stored in said lake, located in the district, in order to further the interests of the citizens of the state of Washington, and residents of the district.

4) Except for state highways, control, regulate and require the placing, maintenance and use of culverts and boat accesses under and through existing fills constructed over and/or across any lake located within the district to facilitate water circulation, navigation and the reduction of flood danger.

5) Control the taking of carp or other rough fish located in the district and including the right to grant or sell an exclusive or concurrent franchise for the taking of carp or other rough fish, providing the department of fish and wildlife give their approval in writing to any district project regarding the capture, or sale of fish.

6) Control and regulate by means of rules and regulations the direct or indirect introduction into any lake within the district of any human, animal or industrial waste products, sewage, effluent or by-products, treated or untreated: PROVIDED, That the state department of ecology gives its approval in writing to any district program instituted under this section, and nothing herein shall be deemed to amend, repeal, supersede, or otherwise modify any laws or regulations relating to public health or to the department of ecology.

(7) Except for state highways, construct, maintain, place, and/or restore roads, buildings, docks, dams, canals, locks, mechanical lifts or any other type of transportation facility; dredge, purchase land, or lease land, or enter into agreements with other agencies or conduct any other activity within or without the district boundaries in order to carry out district projects or activities to further the recreational potential of the area. [1994 c 264 § 79; 1988 c 127 § 69; 1979 c 141 § 383; 1963 c 221 § 5.]

Additional notes found at www.leg.wa.gov

87.84.070 Special assessments—Notice and election—Collection. The directors shall be empowered to specially assess land located in the district for benefits thereto taking as a basis the last equalized assessment for county purposes: PROVIDED, That such assessment shall not exceed twenty-five cents per thousand dollars of assessed value upon such assessed valuation without securing authorization by vote of the electors of the district at an election called for that purpose.

The board shall give notice of such an election, for the time and in the manner and form provided for irrigation district elections. The manner of conducting and voting at such an election, opening and closing polls, canvassing the votes, certifying the returns, and declaring the result shall be nearly as practicable the same as in irrigation district elections.

The special assessment provided for herein shall be due and payable at such times and in such amounts as designated by the district directors, which designation shall be made to the county auditor in writing, and the amount so designated shall be added to the general taxes, and entered upon the assessment rolls in his or her office, and collected therewith. [2013 c 23 § 531; 1973 1st ex.s. c 195 § 132; 1961 c 226 § 8.]

Additional notes found at www.leg.wa.gov

87.84.071 Special assessments inferior to existing city or town L.I.D. assessments. The special assessments provided for in RCW 87.84.070 shall be subject to and inferior to existing local improvement district assessments of any city or town which is included within the boundaries of an irrigation and rehabilitation district. The collection of local improvement district assessments of a city or town, and the right to foreclose the same when delinquent, shall not be impaired in any manner whatsoever by subsequent special assessments of an irrigation and rehabilitation district. In the event that the county treasurer forecloses on land located within the corporate limits of a city or town for nonpayment of irrigation and rehabilitation district assessments, the certificates of sale and the deeds issued pursuant to the foreclosure proceedings shall contain a recital that the certificate of sale and/or deed is subject to outstanding local improvement district assessments of the city or town. [1965 ex.s. c 6 § 5.]

Additional notes found at www.leg.wa.gov

87.84.080 Rules and regulations—Authorized—Publication—Hearing. The directors of an irrigation and rehabilitation district shall have the authority to pass rules and regulations to accomplish district purposes. The rules and regulations shall (except in case of emergency) be published at least once in a newspaper of general circulation in the dis-
district and a public hearing shall be held prior to adoption by the directors, at a regular public meeting. [1963 c 221 § 6.]

Additional notes found at www.leg.wa.gov

87.84.090  Rules and regulations—Violation as misdemeanor—Jurisdiction—Penalty—Review. The directors may enact rules and regulations, the violation of which shall be punishable as a misdemeanor, and the district judges in said district shall have exclusive jurisdiction over such offenses. Penalty for violation shall not exceed a five hundred dollar fine or six months in jail: PROVIDED, That where a violation is designated a misdemeanor, the directors shall submit such rules and regulations to the county commissioners of the county or counties in which the district is located who shall review same and approve or disapprove thereof. Rules or regulations disapproved by county commissioners within thirty days of submission shall be of no force or effect. [1987 c 202 § 246; 1963 c 221 § 7.]

Intent—1987 c 202: See note following RCW 2.04.190.

Additional notes found at www.leg.wa.gov

87.84.100  Rules and regulations—Sheriff to enforce. The sheriff's department of any county in which an irrigation and rehabilitation district is located shall enforce the rules and regulations of the district. [1963 c 221 § 8.]

Additional notes found at www.leg.wa.gov

87.84.110  Corporate powers and authority. An irrigation and rehabilitation district shall possess all the usual powers of a municipal corporation and shall have the authority to sue and enforce its rules and regulations. [1963 c 221 § 9.]

Additional notes found at www.leg.wa.gov

87.84.120  City, town, county, powers not restricted—Title 79 RCW not modified. The provisions of this chapter shall not be construed so as to restrict the governing body of any city, town or county located on or adjacent to an inland body of water controlled by an irrigation and rehabilitation district from conducting or carrying out governmental or proprietary functions of said city, town or county: PROVIDED, That nothing herein shall be deemed to amend, repeal, supersede or otherwise modify any provisions of Title 79 RCW. [1963 c 221 § 10.]

Chapter 88.01 RCW
BOATING OFFENSE COMPACT

Sections
88.01.010 Compact provisions.

88.01.010 Compact provisions. The Boating Offense Compact is enacted into law and entered into on behalf of this state with all other states legally joining therein in a form substantially as follows:

ARTICLE I
Findings and Declaration of Policy

(1) The party states find that:
   (a) The safety of their waters is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of boats;
   (b) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property;
   (2) It is the policy of each of the party states to promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of boats by their operators in each of the jurisdictions where such operators operate boats.

ARTICLE II
Definition

As used in this compact, "state" means a state that has entered into this compact.

ARTICLE III
Concurrent Jurisdiction

(1) If conduct is prohibited by two adjoining party states, courts and law enforcement officers in either state who have jurisdiction over boating offenses committed where waters form a common interstate boundary have concurrent jurisdiction to arrest, prosecute, and try offenders for the prohibited conduct committed anywhere on the boundary water between the two states.

(2) This compact does not authorize:
   (a) Prosecution of any person for conduct that is unlawful in the state where it was committed, but lawful in the other party state;
   (b) A prohibited conduct by the party state.

ARTICLE IV
Entry Into Force and Withdrawal

(1) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(2) Any party state may withdraw from this compact by enacting a statute repealing the same.

ARTICLE V
Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

[1992 c 33 § 1.]
Chapter 88.02 RCW  
Vessel Registration
(Formerly: Watercraft registration)

GENERAL PROVISIONS

88.02.310 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Dealer" means a person, partnership, association, or corporation engaged in the business of selling vessels at wholesale or retail in this state.

(2) "Department" means the department of licensing.

(3) "Director" means the director of the department of licensing.

(4) "Owner" means a person who has a lawful right to possession of a vessel by purchase, exchange, gift, lease, inheritance, or legal action whether or not the vessel is subject to a security interest, and means registered owner where the reference to owner may be construed as either to registered or legal owner.

(5) "Person" has the same meaning as in RCW 46.04.405.

(6) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water, other than a seaplane.

(7) "Waters of this state" means any waters within the territorial limits of this state as described in 43 U.S.C. Sec. 1312. [2010 c 161 § 1001; 1983 c 7 § 14. Formerly RCW 88.02.010.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.320 Department—Powers and duties. The department:

(1) Shall provide for the issuance of vessel certificates of title and registration certificates;

(2) May appoint county auditors or other agents or sub-agents under chapter 46.01 RCW for collecting fees and issuing vessel registration certificates, numbers, and decals; and

(3) May adopt rules under chapter 34.05 RCW to implement this chapter. [2010 c 161 § 1002.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.330 Confidential vessel registrations—Rules.

(1) The department may issue confidential vessel registrations to units of local government and to agencies of the federal government for law enforcement purposes only.

(2) The department shall limit confidential vessel registrations owned or operated by the state of Washington or by any officer or employee of the state, to confidential, investigative, or undercover work of state law enforcement agencies.

(3) The director may adopt rules governing applications for and the use of confidential vessel registrations. [2010 c 161 § 1003; 1991 c 339 § 32. Formerly RCW 88.02.035.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Boat trailer fee: RCW 46.17.305.
Leases: Chapter 62A.2A RCW.

[Title 88 RCW—page 2] (2014 Ed.)
88.02.340 Inspection of registration certificates, out-of-state vessels. (1) Any person charged with the enforcement of this chapter may inspect the registration certificate of a vessel to ascertain the legal and registered ownership of the vessel. A vessel owner or operator who fails to provide the registration certificate for inspection upon the request of any person charged with enforcement of this chapter may be found to be in violation of this chapter.

(2) The department may require the inspection of vessels that are brought into this state from another state and for which a certificate of title has not been issued and for any other vessel if the department determines that inspection of the vessel will help to verify the accuracy of the information set forth on the application. [2013 c 291 § 30; 2010 c 161 § 1004.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.350 Refunds, overpayments, and underpayments—Penalty for false statement. (1) A person who has paid all or part of a vessel registration fee under this chapter is entitled to a refund if the amount was paid in error or if the vessel:

(a) Was destroyed before the new registration period began;
(b) Was permanently removed from Washington state before the new registration period began;
(c) Registration was purchased after the owner sold the vessel;
(d) Was registered in another jurisdiction after the Washington state registration had been purchased. Any full months of Washington state registration fees remaining after the application for out-of-state registration was made are refundable; or
(e) Registration was purchased before the vessel was sold and before the new registration period began. The person who paid the fee must return the unused, never-affixed decals to the department before the new registration period begins.

(2) The department shall refund overpayments of registration fees and watercraft excise tax under chapter 82.49 RCW that are ten dollars or more. A request for a refund is not required.

(3) The department shall certify refunds to the state treasurer as correct and being claimed in the time required by law. The state treasurer shall mail or deliver the amount of each refund to the person who is entitled to the refund.

(4) The department shall not authorize refunds of fees paid in error unless the claim is filed with the director within three years after the fees were paid.

(5) If, due to error, the department, county auditor or other agent, or subagent appointed by the director has failed to collect the full amount of the registration fee and watercraft excise tax due, and the underpayment is in the amount of ten dollars or more, the department shall charge and collect the additional amount to constitute full payment of the tax and fee.

(6) Any person who makes a false statement under which he or she obtains a refund to which he or she is not entitled under this section is guilty of a gross misdemeanor. [2010 c 161 § 1005; 2003 c 53 § 413; 1997 c 22 § 2; 1996 c 31 § 2; 1989 c 68 § 5. Formerly RCW 88.02.055.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.360 Contaminated vessels. (1) A local health officer may notify the department that a vessel has been:

(a) Declared unfit and prohibited from use as authorized in chapter 64.44 RCW if the vessel has become contaminated as defined in RCW 64.44.010;
(b) Satisfactorily decontaminated and the vessel has been retested according to the written work plan approved by the local health officer.

(2) The department shall brand vessel records and certificates of title when it receives the notification from a local health officer as provided in subsection (1) of this section.

(3) A person is guilty of a gross misdemeanor if he or she advertises for sale or sells a vessel that has been declared unfit and prohibited from use by a local health officer if:

(a) The person has knowledge that the local health officer has issued an order declaring the vessel unfit and prohibiting its use; or
(b) A notification has been placed on the certificate of title under subsection (2) of this section that the vessel has been declared unfit and prohibited from use.

(4) A person may advertise or sell a vessel if a release for reuse document has been issued by a local health officer under chapter 64.44 RCW or a notification has been placed on the certificate of title under subsection (2) of this section that the vessel has been decontaminated and released for reuse. [2010 c 161 § 1016.]

Reviser's note: 2010 c 161 § 1016 directed that this section be codified under the subchapter heading "certificates of title" in chapter 88.02 RCW, but codification under the subchapter heading "general provisions" in chapter 88.02 RCW appears to be more appropriate.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.370 Five business-day notice—Vessel disposition or filing of report of sale. (1) A vessel owner shall notify the department in writing within five business days after a vessel is or has been:

(a) Sold;
(b) Given as a gift to another person;
(c) Traded, either privately or to a vessel dealer;
(d) Donated to charity;
(e) Turned over to an insurance company or wrecking yard; or
(f) Disposed of.

(2) A report of sale is properly filed if it is received by the department within five business days after the date of sale or transfer and it includes:

(a) The date of sale or transfer;
(b) The owner's name and address;
(c) The name and address of the person acquiring the vessel;
(d) The vessel hull identification number and vessel registration number; and
(e) A date stamp by the department showing it was received on or before the fifth business day after the date of sale or transfer. [2010 c 161 § 1014.]

Reviser's note: 2010 c 161 § 1014 directed that this section be codified under the subchapter heading "certificates of title" in chapter 88.02 RCW, but codification under the subchapter heading "general provisions" in chapter 88.02 RCW appears to be more appropriate.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.375 Fifteen-day notice—Owner address change or destruction, loss, etc. of vessel or registration certificate. A vessel owner shall notify the department within fifteen days of any of the following:
(1) A change of address of the owner;
(2) Destruction, loss, abandonment, theft, or recovery of the vessel; or
(3) Loss or destruction of a valid registration certificate issued for the vessel. [2010 c 161 § 1013.]

Reviser's note: 2010 c 161 § 1013 directed that this section be codified under the subchapter heading "certificates of title" in chapter 88.02 RCW, but codification under the subchapter heading "general provisions" in chapter 88.02 RCW appears to be more appropriate.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.380 Penalties—Disposition of moneys collected—Enforcement authority. (1) Except as otherwise provided in this chapter, and, in part, in order to prevent the future potential dereliction or abandonment of a vessel, a violation of this chapter and the rules adopted by the department is a class 2 civil infraction.
(2) A civil infraction issued under this chapter must be processed under chapter 7.80 RCW.
(3) After the subtraction of court costs and administrative collection fees, moneys collected under this section must be credited to the ticketing jurisdiction and used only for the support of the enforcement agency, department, division, or program that issued the violation.
(4) All law enforcement officers may enforce this chapter and the rules adopted by the department within their respective jurisdictions. A city, town, or county may contract with a fire protection district for enforcement of this chapter, and fire protection districts may engage in enforcement activities. [2013 c 291 § 29; 2010 c 161 § 1006; 2006 c 29 § 3; 1993 c 244 § 4; 1987 c 149 § 13; 1984 c 183 § 2; 1983 2nd ex.s. c 3 § 50; 1983 c 7 § 22. Formerly RCW 88.02.110.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Intent—1993 c 244: See note following RCW 79A.60.010.

Additional notes found at www.leg.wa.gov

88.02.390 Carbon monoxide warning sticker—Display required. (1) The department shall:
(a) Develop and approve a carbon monoxide warning sticker;
(b) Approve a carbon monoxide warning sticker that has been approved by the United States coast guard for similar uses in other states;
(c) Provide the carbon monoxide warning sticker when an application for a certificate of title is made and the ownership of the vessel is transferred between natural persons; and
(d) Notify the new vessel owner described in (c) of this subsection that the carbon monoxide sticker must be affixed to the vessel as described in subsection (2) of this section.
(2) A new or used motor driven vessel, as defined in RCW 79A.60.010, other than a personal watercraft, as defined in RCW 79A.60.010, sold within this state must display a carbon monoxide warning sticker as provided in subsection (1) of this section.
(3) A vessel dealer shall ensure that a carbon monoxide warning sticker has been affixed to any vessel sold by the dealer before completing the sale.
(4) A carbon monoxide warning sticker already developed by a vessel manufacturer satisfies the requirements of this section if it has been approved by the department. [2010 c 161 § 1024; 2006 c 140 § 2. Formerly RCW 88.02.250.]

Reviser's note: RCW 88.02.250 was directed to be recodified under the subchapter heading "registration certificates" in chapter 88.02 RCW pursuant to 2010 c 161 § 1233, but recodification under the subchapter heading "general provisions" in chapter 88.02 RCW appears to be more appropriate.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Effective date—2006 c 140 §§ 2 and 3: "Sections 2 and 3 of this act take effect January 1, 2007." [2006 c 140 § 6.]

Short title—2006 c 140: See note following RCW 79A.60.660.

88.02.400 Evasive registration and excise tax evasion—Penalty. (1) It is a gross misdemeanor punishable as provided under chapter 9A.20 RCW for any person owning a vessel subject to taxation under chapter 82.49 RCW to:
(a) Register a vessel in another state to avoid Washington state vessel excise tax required under chapter 82.49 RCW; or
(b) Obtain a vessel dealer's license for the purpose of evading excise tax on vessels under chapter 82.49 RCW.
(2) For a second or subsequent offense, the person convicted is also subject to a fine equal to four times the amount of avoided taxes and fees, which may not be suspended or deferred.
(3) Excise taxes owed and fines assessed must be deposited in the manner provided under RCW 46.16A.030(6). [2010 c 161 § 1007; 2003 c 53 § 414; 2000 c 229 § 6; 1999 c 277 § 10; 1996 c 184 § 4; 1993 c 238 § 4; 1987 c 149 § 7. Formerly RCW 88.02.118.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Additional notes found at www.leg.wa.gov

88.02.410 Department and state immune from suit for administration of chapter. A suit or action may not be commenced or prosecuted against the department or the state of Washington by reason of any act done or omitted to be done in the administration of the duties and responsibilities imposed upon the department under this chapter. [2010 c 161 § 1008; 1985 c 258 § 11. Formerly RCW 88.02.200.]

(2014 Ed.)
88.02.420 Moorage providers—Long-term moorage—Required information. (1) A moorage provider that provides long-term moorage must obtain the following information and documentation from persons entering into long-term moorage agreements with the moorage provider:

(a) The name of the legal owner of the vessel;
(b) A local contact person and that person’s address and telephone number, if different than the owner;
(c) The owner’s address and telephone number;
(d) The vessel’s hull identification number;
(e) If applicable, the vessel’s coast guard registration;
(f) The vessel’s home port;
(g) The date on which the moorage began;
(h) The vessel’s country or state of registration and registration number; and
(i) Proof of vessel registration, a written statement of the lessee’s intent to register a vessel, or an affidavit in a form and manner approved by the department certifying that the vessel is exempt from state vessel registration requirements as provided by RCW 88.02.570.

(2) For moorage agreements entered into effective on or after July 1, 2014, a long-term moorage agreement for vessels not registered in this state must include, in a form and manner approved by the department and the department of revenue, notice of state vessel registration requirements as provided by this chapter and tax requirements as provided by chapters 82.08, 82.12, and 82.49 RCW and listing requirements as provided by RCW 84.40.065.

(3) A moorage provider must maintain records of the information and documents required under this section for at least two years. Upon request, a moorage provider must:

(a) Permit any authorized agent of a requesting agency to:
   (i) Inspect the moorage facility for vessels that are not registered as required by this chapter or listed as required under RCW 84.40.065; and
   (ii) Inspect and copy records identified in subsection (1) of this section for vessels that the requesting agency determines are not properly registered or listed as required by law; or
   (b) Provide to the requesting agency:
      (i) Information as provided in subsection (1)(a), (c), (d), and (e) of this section; and
      (ii) Information as provided in subsection (1)(f), (g), (h), and (i) of this section for those vessels that the requesting agency subsequently determines are not registered as required by this chapter or listed as required under RCW 84.40.065.

(4) Requesting agencies must coordinate their requests to ensure that a moorage provider does not receive more than two requests per calendar year. For the purpose of enforcing vessel registration and vessel listing requirements, requesting agencies may share the results of information requests with each other.

(5) The information required to be collected under this section must be collected at the time the long-term moorage agreement is entered into and at the time of any renewals of the agreement. The moorage provider is not responsible for updating any changes in the information that occurs after the initial agreement is entered into or in the time period between agreement renewals.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) “Long-term moorage” means moorage provided for more than thirty consecutive days, unless the moorage is for a vessel that has been taken into custody under RCW 79.100.040.

(b) “Moorage facility” means any properties or facilities located in this state that are used for the moorage of vessels and are owned or operated by a moorage provider.

(c) “Moorage facility operator” has the same meaning as defined in RCW 53.08.310.

(d) “Moorage provider” means any public or private entity that owns or operates any moorage facility, including a moorage facility operator, private moorage facility operator, the state of Washington, or any other person.

(e) “Private moorage facility operator” has the same meaning as defined in RCW 88.26.010.

(f) “Requesting agency” means the department, the department of revenue, or the department of natural resources. [2014 c 195 § 501.]

Findings—Intent—2014 c 195: See notes following RCW 79.100.170 and 79.100.180.

CERTIFICATES OF TITLE

88.02.500 Certificate of title system—Intent. It is the intention of the legislature:

(1) To establish a system of certificates of title for vessels similar to that in existence for motor vehicles under chapter 46.12 RCW;

(2) That certificates of title become sufficient evidence of ownership of the vessel it describes so that persons may rely upon that certificate; and

(3) That security interest in vessels be perfected solely by notation of a secured party upon the certificate of title. [2010 c 161 § 1009; 1985 c 258 § 1. Formerly RCW 88.02.120.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov

88.02.510 Application—When, by whom. (1) An application for a certificate of title must be made at the same time when a vessel is registered for the first time as required under this chapter.

(2) A person who purchases or otherwise obtains majority ownership of any vessel subject to this chapter shall, within fifteen days of purchase or obtainment, apply for a new certificate of title that shows the vessel’s change of ownership.

(3) This section does not apply to a vessel that has a valid marine document as a vessel of the United States. [2010 c 161 § 1011.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov
88.02.515 Application—Form and contents. (1) The application for a certificate of title of a vessel must be made by the owner or the owner's representative to the department, county auditor or other agent, or subagent appointed by the director on a form furnished or approved by the department and must contain:
   (a) A description of the vessel, including make, model, hull identification number, and type of body;
   (b) The name and address of the person who is to be the registered owner of the vessel and, if the vessel is subject to a security interest, the name and address of the secured party; and
   (c) Other information the department may require.
   (2) The application for a certificate of title must be signed by the person applying to be the registered owner and be sworn to by that person under penalty of the perjury laws of this state that:
      (a) The applicant is the owner or an authorized agent of the owner of the vessel; and
      (b) The vessel is free of any claim of lien, mortgage, conditional sale, or other security interest of any person except the person or persons on the application as secured parties.
   (3) The application for a certificate of title must be accompanied by:
      (a) A draft, money order, certified bank check, or cash for all fees and taxes due for the application for the certificate of title; and
      (b) The most recent certificate of title or other satisfactory evidence of ownership. [2010 c 161 § 1012; 1985 c 258 § 6. Formerly RCW 88.02.180.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov

88.02.520 Security interests. (1) Security interests in vessels subject to the requirements of this chapter must be perfected only by indication upon the vessel's certificate of title. The provisions of chapters 46.12 and *46.16 RCW relating to vehicle registration certificates, certificates of title, certificate issuance, ownership transfer, and perfection of security interests, and other provisions that may be applied to vessels subject to this chapter, may be so applied by rule of the department if they are not inconsistent with this chapter.

(2) Security interests may be released or acted upon as provided by the law under which they arose or were perfected. A new security interest or renewal or extension of an existing security interest is not affected except as provided under the terms of this chapter and *RCW 46.12.095. [2010 c 161 § 1010; 1996 c 315 § 5; 1991 c 339 § 31; 1985 c 258 § 4; 1983 2nd ex.s. c 3 § 46. Formerly RCW 88.02.070.]

Reviser's note: *(1) Although directed to be recodified within chapter 46.16 RCW pursuant to chapter 161, Laws of 2010, a majority of chapter 46.16 RCW was recodified under chapter 46.16A RCW pursuant to RCW 1.08.015 (2)(k) and (3).
   *(2) RCW 46.12.095 was repealed by 2010 c 161 § 325, effective July 1, 2011. For later enactment, see RCW 46.12.675 (1) through (3).

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov

88.02.530 Duplicate certificates of title. (1) A legal owner or the legal owner's authorized representative shall promptly apply for a duplicate certificate of title if a certificate of title is lost, stolen, mutilated, or destroyed, or becomes illegible. The application for a duplicate certificate of title must:
   (a) Include information required by the department;
   (b) Be accompanied by an affidavit of loss or destruction;
   (c) Be accompanied by the fee required in *RCW 88.02.640(1)(k).
   (2) The duplicate certificate of title must contain the word "duplicate." It must be mailed to the first priority secured party named in it or, if none, to the registered owner.
   (3) A person recovering a certificate of title for which a duplicate has been issued shall promptly return the certificate of title that has been recovered to the department. [2011 c 171 § 127; 2010 c 161 § 1015; 1997 c 241 § 12; 1986 c 71 § 1. Formerly RCW 88.02.075.]

Reviser's note: The reference to RCW 88.02.640(1)(k) appears to be erroneous. RCW 88.02.640(1)(d) is the appropriate reference.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.540 Quick title—Application requirements—Subagents. (1) The application for a quick title of a vessel must be made by the owner or the owner's representative to the department, participating county auditor or other agent, or subagent appointed by the director on a form furnished or approved by the department and must contain:
   (a) A description of the vessel, including make, model, hull identification number, series, and body;
   (b) The name and address of the person who is to be the registered owner of the vessel and, if the vessel is subject to a security interest, the name and address of the secured party; and
   (c) Other information as may be required by the department.
   (2) The application for a quick title must be signed by the person applying to be the registered owner and be sworn to by that person in the manner described under RCW 9A.72.085. The department must keep a copy of the application.
   (3) The application for a quick title must be accompanied by:
      (a) All fees and taxes due for an application for a certificate of title, including a quick title service fee under RCW 88.02.640(1); and
      (b) The most recent certificate of title or other satisfactory evidence of ownership.
   (4) All applications for quick title must meet the requirements established by the department.
   (5) For the purposes of this section, "quick title" means a certificate of title printed at the time of application.
   (6) A subagent may process a quick title under this section only after (a) the department has instituted a process in which blank certificates of title can be inventoried; (b) the county auditor of the county in which the subagent is located has processed quick titles for a minimum of six months; and
(c) the county auditor approves a request from a subagent in its county to process quick titles. [2011 c 326 § 4.]

Application—Effective date—2011 c 326: See notes following RCW 46.12.555.

VEssel REGISTRATION

88.02.550 Registration and display of registration number and decal required—Exemptions. (1) Except as provided in this chapter, a person may not own or operate any vessel, including a rented vessel, on the waters of this state unless the vessel has been registered and displays a registration number and a valid decal in accordance with this chapter. A vessel that has or is required to have a valid marine document as a vessel of the United States is only required to display a valid decal.

(2) A vessel numbered in this state under the federal boat safety act of 1971 (85 Stat. 213, 46 U.S.C. 4301 et seq.) is not required to be registered under this chapter until the certificate of number issued for the vessel under the federal boat safety act expires. When registering under this chapter, this type of vessel is subject to the amount of excise tax due under chapter 82.49 RCW that would have been due under chapter 82.49 RCW if the vessel had been registered at the time otherwise required under this chapter. [2013 c 291 § 31; 2010 c 161 § 1017; 2006 c 29 § 1; 1985 c 267 § 1; 1983 2nd ex.s. c 3 § 47; 1983 c 7 § 15. Formerly RCW 88.02.020.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov.

88.02.560 Application—Form and contents—Registration number and decal—Renewals—Marine oil refuse dump and holding tank information—Transfer. (1) An application for a vessel registration must be made by the owner or the owner's authorized representative to the department, county auditor or other agent, or subagent appointed by the director for transfer of the vessel registration, and the application must be accompanied by a transfer fee as required in *RCW 88.02.640(1)(l). [2011 c 171 § 129; (2011 c 171 § 128 expired June 30, 2012); 2010 c 161 § 1020; (2010 c 161 § 1019 expired June 30, 2012); 2007 c 342 § 6; (2007 c 342 § 5 expired June 30, 2012); (2005 c 464 § 2 expired June 30, 2012); 2002 c 286 § 13; 1993 c 244 § 38; 1989 c 17 § 1; 1983 2nd ex.s. c 3 § 45; 1983 c 7 § 18. Formerly RCW 88.02.050.]

*Reviser's note: RCW 88.02.640 was amended by 2012 c 74 § 16, changing subsection (1)(i), (e), (f), (g), and (l) to subsection (1)(j), (f), (g), (h), and (m), respectively. RCW 88.02.640 was subsequently amended by 2013 c 291 § 1, deleting subsection (3)(b).]

Effective date—2011 c 171 § 129: "Section 129 of this act takes effect June 30, 2012." [2011 c 171 § 141.]

Expiration date—2011 c 171 § 128: "Section 128 of this act expires June 30, 2012." [2011 c 171 § 140.]

Effective date—2010 c 161 § 1020: "Section 1020 of this act takes effect June 30, 2012." [2010 c 161 § 1239.]

Expiration date—2010 c 161 § 1019: "Section 1019 of this act expires June 30, 2012." [2010 c 161 § 1240.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Effective date—2007 c 342 § 6: "Section 6 of this act takes effect June 30, 2012." [2007 c 342 § 10.]

(2014 Ed.)
Exemptions. Vessel registration is required under this chapter except for the following:

(1) A military vessel owned by the United States government;
(2) A public vessel owned by the United States government, unless the vessel is a type used for recreation;
(3) A vessel clearly identified as being:
   (a) Owned by a state, county, or city; and
   (b) Used primarily for governmental purposes;
(4) A vessel either (a) registered or numbered under the laws of a country other than the United States or (b) having a valid United States customs service cruising license issued pursuant to 19 C.F.R. Sec. 4.94. Either vessel is exempt from registration only for the first sixty days of use on Washington state waters. On or before the sixty-first day of use on Washington state waters, any vessel in the state under this subsection must obtain a vessel visitor permit as required under RCW 88.02.610;
(5) A vessel that is currently registered or numbered under the laws of the state of principal operation or that has been issued a valid number under federal law. However, either vessel must be registered in Washington state if the state of principal operation changes to Washington state by the sixty-first day after the vessel arrives in Washington state;
(6) A vessel owned by a nonresident if:
   (a) The vessel is located upon the waters of this state exclusively for repairs, alteration, or reconstruction, or any testing related to these services;
   (b) An employee of the facility providing these services is on board the vessel during any testing; and
   (c) The nonresident files an affidavit with the department of revenue by the sixty-first day verifying that the vessel is located upon the waters of this state for these services.

The nonresident shall continue to file an affidavit every sixty days thereafter, as long as the vessel is located upon the waters of this state exclusively for repairs, alteration, reconstruction, or testing;

(7) A vessel equipped with propulsion machinery of less than ten horsepower that:
   (a) Is owned by the owner of a vessel for which a valid vessel number has been issued;
   (b) Displays the number of that numbered vessel followed by the suffix "1" in the manner prescribed by the department; and
   (c) Is used as a tender for direct transportation between the numbered vessel and the shore and for no other purpose;
(8) A vessel under sixteen feet in overall length that has no propulsion machinery of any type or that is not used on waters subject to the jurisdiction of the United States or on the high seas beyond the territorial seas for vessels owned in the United States and are powered by propulsion machinery of ten or less horsepower;
(9) A vessel with no propulsion machinery of any type for which the primary mode of propulsion is human power;
(10) A vessel primarily engaged in commerce that has or is required to have a valid marine document as a vessel of the United States. A commercial vessel that the department of revenue determines has the external appearance of a vessel that would otherwise be required to register under this chapter, must display decals issued annually by the department of revenue that indicate the vessel’s exempt status;
(11) A vessel primarily engaged in commerce that is owned by a resident of a country other than the United States;
(12) A vessel owned by a nonresident natural person brought into the state for use or enjoyment while temporarily within the state for not more than six months in any continuous twelve-month period that (a) is currently registered or numbered under the laws of the state of principal use or (b) has been issued a valid number under federal law. This type of vessel is exempt from registration only for the first sixty days of use on Washington state waters. On or before the sixty-first day of use on Washington state waters, any vessel under this subsection must obtain a nonresident vessel permit as required under RCW 88.02.620;
(13) A vessel used in this state by a nonresident individual possessing a valid use permit issued under RCW 82.08.700 or 82.12.700; and
(14) A vessel held for sale by any licensed dealer. [2010 c 161 § 1018; 2007 c 22 § 3; 2002 c 286 § 12; 1998 c 198 § 1; 1997 c 83 § 1; 1991 c 339 § 30. Prior: 1989 c 393 § 13; 1989 c 102 § 1; 1985 c 452 § 1; 1984 c 250 § 2; 1983 2nd ex.s. c 3 § 44; 1983 c 7 § 16. Formerly RCW 88.02.030.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Effective date—2007 c 22: See note following RCW 82.08.700.

Commission to adopt rules: RCW 79A.60.595.
Partial exemption from ad valorem taxes of ships and vessels exempt from excise tax under RCW 88.02.570(10): RCW 84.36.080.

Additional notes found at www.leg.wa.gov

88.02.580 Voluntary donations—Maritime historic restoration and preservation. The department shall provide an opportunity for each person registering a vessel under this chapter to make a voluntary donation to support the maritime historic restoration and preservation activities of the Grays Harbor Historical Seaport and the Steamer Virginia V Foundation. All voluntary donations collected under this sec-
tion must be deposited in the maritime historic restoration and preservation account created under RCW 88.02.660. [2010 c 161 § 1023; 1996 c 3 § 1. Formerly RCW 88.02.052.] Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.590 Duplicate registration certificates. (1) A registered owner or the registered owner’s authorized representative shall promptly apply for a duplicate registration certificate when a registration certificate is lost, stolen, mutilated, or destroyed, or becomes illegible. The application for a duplicate registration certificate must:
   (a) Be accompanied by an affidavit of loss or destruction;
   (b) Include information required by the department; and
   (c) Be accompanied by the fee required in *RCW 88.02.640(1)(d), in addition to any other fees or taxes required for the transaction.
   (2) A person recovering a registration certificate for which a duplicate has been issued shall promptly return the registration certificate that has been recovered to the department. [2011 c 171 § 130; 2010 c 161 §1021.]
*Reviser’s note: RCW 88.02.640 was amended by 2012 c 74 § 16, changing subsection (1)(d) to subsection (1)(e).

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.595 Replacement decals. (1) A registered owner or the registered owner’s authorized representative shall promptly apply for a pair of replacement decals when the decals are lost, stolen, mutilated, or destroyed, or become illegible. The application for replacement decals must:
   (a) Be accompanied by an affidavit of loss or destruction;
   (b) Include information required by the department; and
   (c) Be accompanied by the fee required in *RCW 88.02.640(1)(j), in addition to any other fees or taxes required for the transaction.
   (2) A person recovering decals for which a replacement has been issued shall promptly return the decals that have been recovered to the department. [2011 c 171 § 131; 2010 c 161 § 1022.]
*Reviser’s note: RCW 88.02.640 was amended by 2012 c 74 § 16, changing subsection (1)(j) to subsection (1)(k).

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.600 Carbon monoxide poisoning informational brochure. The department shall include an informational brochure about the dangers of carbon monoxide poisoning and vessels and the warning stickers required under RCW 88.02.390 as part of the registration materials mailed by the department for two consecutive years for registrations that are due or become due on or after January 1, 2007, upon recommendation by the director. The materials must instruct the vessel owner to affix the stickers as required under RCW 88.02.390. [2010 c 161 § 1025; 2006 c 140 § 3. Formerly RCW 88.02.260.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Effective date—2006 c 140 §§ 2 and 3: See note following RCW 88.02.390.

Short title—2006 c 140: See note following RCW 79A.60.660.

PERMITS

88.02.610 Vessel visitor permit. (1) A vessel owner shall apply for a vessel visitor permit if the vessel is:
   (a) Currently registered or numbered under the laws of a country other than the United States or has a valid United States customs service cruising license issued under 19 C.F.R. Sec. 4.94; and
   (b) Being used on Washington state waters for the personal use of the owner for more than sixty days.
   (2) A vessel visitor permit:
      (a) May be obtained from the department, county auditor or other agent, or subagent appointed by the director;
      (b) Must show the date the vessel first came into Washington state; and
      (c) Is valid as long as the vessel remains currently registered or numbered under the laws of a country other than the United States or the United States customs service cruising license remains valid.
   (3) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee required in *RCW 88.02.640(1)(m) when issuing a vessel visitor permit.
   (4) The department shall adopt rules to implement this section, including rules on issuing and displaying the vessel visitor permit. [2011 c 171 § 132; 2010 c 161 § 1026.]
*Reviser’s note: The reference to RCW 88.02.640(1)(m) appears to be erroneous. RCW 88.02.640(1)(n) was apparently intended. RCW 88.02.640 was amended by 2012 c 74 § 16, changing subsection (1)(n) to subsection (1)(o).

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

88.02.620 Nonresident vessel permit. (1) A vessel owner who is a nonresident natural person shall apply for a nonresident vessel permit on or before the sixty-first day of use in Washington state if the vessel:
   (a) Is currently registered or numbered under the laws of the state of principal operation or has been issued a valid number under federal law; and
   (b) Has been brought into Washington state for personal use for not more than six months in any continuous twelve-month period.
   (2) A nonresident vessel permit:
      (a) May be obtained from the department, county auditor or other agent, or subagent appointed by the director;
      (b) Must show the date the vessel first came into Washington state; and
      (c) Is valid for two months.
   (3) The department, county auditor or other agent, or subagent appointed by the director shall collect the fee
required in *RCW 88.02.640(1)(h) when issuing nonresident vessel permits.

(4) A nonresident vessel permit is not required under this section if the vessel is used in conducting temporary business activity within Washington state.

(5) The department shall adopt rules to implement this section, including rules on issuing and displaying the nonresident vessel permit. [2011 c 171 § 133; 2010 c 161 § 1027.]

*Reviser's note: RCW 88.02.640 was amended by 2012 c 74 § 16, changing subsection (1)(h) to subsection (1)(i).*

(2) The five dollar dealer temporary permit fee required in subsection (1) of this section must be credited to the payment of registration fees at the time application for registration is made.

(3) The derelict vessel and invasive species removal fee required in subsection (1) of this section is five dollars and must be distributed as follows:

(a) One dollar and fifty cents must be deposited in the aquatic invasive species prevention account created in RCW 77.12.879;

(b) One dollar must be deposited into the aquatic algae control account created in RCW 43.21A.667;

(c) Fifty cents must be deposited into the aquatic invasive species enforcement account created in RCW 43.43.400; and

(d) Two dollars must be deposited in the derelict vessel removal account created in RCW 79.100.100.

(4) In addition to other fees required in this section, an annual derelict vessel removal surcharge of one dollar must be charged with each vessel registration. The surcharge is to address the significant backlog of derelict vessels accumulated in Washington waters that pose a threat to the health and safety of the people and to the environment and must be deposited into the derelict vessel removal account created in RCW 79.100.100.

(5) The twenty-five dollar nonresident vessel permit fee must be paid by the vessel owner to the department for the cost of providing the identification document by the department. Any moneys remaining from the fee after the payment of costs must be allocated to counties by the state treasurer for approved boating safety programs under RCW 88.02.650.

(6) The thirty dollar vessel visitor permit fee must be distributed as follows:

(a) Five dollars must be deposited in the derelict vessel removal account created in RCW 79.100.100;

(b) The department may keep an amount to cover costs for providing the vessel visitor permit;

(c) Any moneys remaining must be allocated to counties by the state treasurer for approved boating safety programs under RCW 88.02.650; and

(d) Any fees required for licensing agents under RCW 46.17.005 are in addition to any other fee or tax due for the titling and registration of vessels.

(7)(a) The fifty dollar quick title service fee must be distributed as follows:

(i) If the fee is paid to the director, the fee must be deposited to the general fund.

(ii) If the fee is paid to the participating county auditor or other agent or subagent appointed by the director, twenty-five dollars must be deposited to the general fund. The remainder must be retained by the county treasurer in the same manner as other fees collected by the county auditor.

(b) For the purposes of this subsection, "quick title" has the same meaning as in RCW 88.02.540. [2013 c 291 § 1; 2012 c 74 § 16. Prior: 2011 c 326 § 5; 2011 c 171 § 134; 2011 c 169 § 1; 2010 c 161 § 1028.]
88.02.650 Deposit of fees in general fund—Allocation for boating safety and education and law enforcement purposes. General fees for vessel registrations collected by the director must be deposited in the general fund. Any amount above one million one hundred thousand dollars per fiscal year must be allocated to counties by the state treasurer for boating safety/education and law enforcement programs. Eligibility for boating safety/education and law enforcement program allocations is contingent upon approval of the local boating safety program by the state parks and recreation commission. Fund allocation must be based on the numbers of registered vessels by county of moorage. Each benefiting county is responsible for equitable distribution of such allocation to other jurisdictions with approved boating safety programs within the county. Any fees not allocated to counties due to the absence of an approved boating safety program must be allocated to the state parks and recreation commission for awards to local governments to offset law enforcement and boating safety impacts of boaters recreating in jurisdictions other than where registered. Jurisdictions receiving funds under this section shall deposit the funds into an account dedicated solely for supporting the jurisdiction’s boating safety programs. These funds may not replace existing local funds used for boating safety programs. [2011 c 171 § 135; 2010 c 161 § 1029; 2002 c 286 § 14; 1989 c 393 § 12; 1983 c 7 § 17. Formerly RCW 88.02.040.]

88.02.660 Maritime historic restoration and preservation account. (1) The maritime historic restoration and preservation account is created in the custody of the state treasurer. All receipts from the voluntary donations made simultaneously with the registration of vessels under this chapter must be deposited into this account. These deposits are not public funds and are not subject to allotment procedures under chapter 43.88 RCW.

(2) At the end of each fiscal year, the state treasurer shall pay from this account to the department an amount equal to the reasonable administrative expenses of that agency for that fiscal year for collecting the voluntary donations and transmitting them to the state treasurer and shall pay to the state treasurer an amount equal to the reasonable administrative expenses of that agency for that fiscal year for maintaining the account and disbursing funds from the account.

(3) At the end of each fiscal year, the state treasurer shall pay one-half of the balance of the funds in the account after payment of the administrative costs provided in subsection (2) of this section, to the Grays Harbor historical seaport or its corporate successor and the remainder to the Steamer Virginia V foundation or its corporate successor.

(4) If either the Grays Harbor historical seaport and its corporate successors or the Steamer Virginia V foundation and its corporate successors legally cease to exist, the state treasurer shall, at the end of each fiscal year, pay the balance of the funds in the account to the remaining organization.

(5) If both the Grays Harbor historical seaport and its corporate successors and the Steamer Virginia V foundation and its corporate successors legally cease to exist, the department shall discontinue the collection of the voluntary donations in conjunction with the registration of vessels under RCW 88.02.580, and the balance of the funds in the account escheat to the state. If funds in the account escheat to the state, one-half of the fund balance must be provided to the department of archaeology and historic preservation, and the remainder must be deposited into the parks renewal and stewardship account.

(6) The secretary of state, the directors of the state historical societies, the director of the department of archaeology and historic preservation within the department of commerce, and two members representing the recreational boating community appointed by the secretary of state, shall review the success of the voluntary donation program for maritime historic restoration and preservation established under RCW 88.02.580. [2010 c 161 § 1031; 1996 c 3 § 2. Formerly RCW 88.02.053.]

88.02.710 Requirements—Surety bond—Fees. (1) Each vessel dealer in this state shall:

(a) Obtain a vessel dealer license from the department in a manner prescribed by the department in accordance with rules adopted under chapter 34.05 RCW;

(b) File a surety bond in the amount of five thousand dollars, running to the state of Washington. The surety bond must be:

(i) Issued by a surety company authorized to do business in the state of Washington;

(ii) Approved by the attorney general as to form; and

(iii) Conditioned that the vessel dealer shall conduct business as required under this chapter; and

(c) Pay the vessel dealer license and vessel dealer display decal fees as provided by rules adopted by the department. All vessel dealer license and vessel dealer display decal fees collected under this section must be deposited with the state treasurer and credited to the general fund.

(2) A vessel dealer selling fewer than sixteen vessels per year having a retail value of no more than two thousand dollars each is not required to file a bond as provided in subsection (1)(b) of this section.

(3) The director shall establish by rule vessel dealer license and vessel dealer display decal fees at a sufficient level to defray the costs of administering the vessel dealer license program.

(4) The department shall issue vessel dealer licenses with staggered annual expiration dates when:
(a) The completed vessel dealer application has been satisfactorily filed;
(b) The department determines that the applicant is eligible as determined by department rules; and
(c) No denial proceeding is in effect.

(5) A vessel consignor or purchaser who has suffered any loss or damage by reason of an act or omission by a vessel dealer that constitutes a violation of this chapter may institute an action for recovery against the vessel dealer and the surety upon the bond. Successive recoveries against the bond are permitted, but the aggregate liability of the surety to all persons may not exceed the amount of the bond. Upon exhaustion of the penalty of the bond or cancellation of the bond by the surety, the vessel dealer license must automatically be deemed canceled.

(6) Vessel dealer license numbers are not transferable.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.
Additional notes found at www.leg.wa.gov

88.02.720 Exemptions. (1) The department may exempt from compliance with the vessel dealer requirements of this chapter, any person who is engaged in the business of selling in this state at wholesale or retail, human-powered watercraft that is: (a) Under sixteen feet in length; (b) unable to be powered by propulsion machinery or wind propulsion as designed by the manufacturer; and (c) not designed for use on commonly-used navigable waters.

(2) Any person engaged in the business of selling at wholesale or retail, exempt and nonexempt watercraft under this section is only required to comply with this chapter in regard to the sale of nonexempt watercraft.

(3) An auction company licensed under chapter 18.11 RCW and licensed as a motor vehicle dealer under chapter 46.70 RCW may sell at auction, without being licensed as a vessel dealer, all vessels that a vessel dealer is authorized to sell, so long as the sale of vessels is incidental to the auction company’s primary business of service and the length of any vessel being sold is no greater than twenty-five feet. The auction company shall comply with all other vessel dealer requirements of this chapter and rules adopted by the department if the vessel dealer license fees and surety bond requirements in RCW 88.02.710 are determined to not be due.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.
Additional notes found at www.leg.wa.gov

88.02.730 Business address—Office—Identification of business. (1) A vessel dealer must have and maintain an office in which to conduct business at the business address of the dealer.

(2) The vessel dealer's place of business must be identified by an exterior sign with the business name. In the absence of other identifiers that the business conducted is a marine business, the sign must identify the nature of the business, such as marine sales, service, repair, or manufacturing.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.
Additional notes found at www.leg.wa.gov

88.02.740 Vessel dealer license required—Penalty.
Any person engaging in vessel dealer activities without first obtaining a vessel dealer license is guilty of a gross misdemeanor. [2010 c 161 § 1036; 1987 c 149 § 3. Formerly RCW 88.02.112.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.
Additional notes found at www.leg.wa.gov

88.02.750 Denial, suspension, or revocation of vessel dealer license—Penalties—Subterfuge. (1) Except as otherwise provided in this chapter, the director may by order deny, suspend, or revoke a vessel dealer license, or in lieu of or in addition to, may by order assess monetary penalties of a civil nature not to exceed one thousand dollars per violation, if the director finds that the applicant or licensee:

(a) Is applying for a dealer's license or has obtained a dealer's license for the purpose of evading excise taxes on vessels;

(b) Has been adjudged guilty of a felony that directly relates to marine trade and the time elapsed since the adjudication is less than ten years. For purposes of this section, "adjudged guilty" means, in addition to a final conviction in court, an unvacated forfeiture of bail or collateral deposited to secure a defendant's appearance in court, the payment of a fine, a plea of guilty, or a finding of guilt regardless of whether the sentence is deferred or the penalty is suspended;

(c) Has failed to comply with the trust account requirements of this chapter;

(d) Has failed to transfer a certificate of title to a purchaser as required in this chapter;

(e) Has misrepresented the facts at the time of application for registration or renewal; or

(f) Has failed to comply with applicable provisions of this chapter or any rules adopted under it.

(2) The director may deny a vessel dealer license under this chapter if the application is a subterfuge that conceals the real person in interest whose vessel dealer license has been denied, suspended, or revoked for cause under this chapter and (a) the terms have not been fulfilled or a civil penalty has not been paid or (b) the director finds that the application was not filed in good faith. This subsection does not prevent the department from taking an action against a current vessel dealer license. [2010 c 161 § 1035; 1987 c 149 § 12. Formerly RCW 88.02.188.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.
Additional notes found at www.leg.wa.gov

88.02.755 Vessel registration or vessel dealer license suspension—Noncompliance with support order—Reissuance. The department shall immediately suspend the ves-
Vessel Registration

88.02.760 Evidence of ownership by vessel dealers—Sales of consigned vessels—Assignment and warranty of certificates of title. (1) A vessel dealer shall possess a certificate of title, a manufacturer's statement of origin, a carpenter's certificate, or a factory invoice or other evidence of ownership approved by the department for each vessel in the vessel dealer's inventory unless the vessel for sale is consigned or subject to an inventory security agreement. Evidence of ownership must be either in the name of the dealer or in the name of the dealer's immediate vendor properly assigned.

(2) A vessel dealer may display and sell consigned vessels or vessels subject to an inventory security agreement if there is a written and signed consignment agreement for each vessel or an inventory security agreement covering all inventory vessels. The consignment agreement must include verification by the vessel dealer that evidence of ownership by the consignor exists and its location, the name and address of the registered owner, and the legal owner, if any. Vessels that are subject to an inventory security interest must be supported with evidence of ownership that is in the dealer's possession or the possession of the inventory security party. Upon payment of the debt secured for that vessel, the secured party shall deliver the ownership document, appropriately released, to the dealer. It is the vessel dealer's responsibility to ensure that ownership documents are available for ownership transfer upon the sale of the vessel.

(3) Following the retail sale of any vessel, the dealer shall promptly make application and execute the assignment and warranty of the certificate of title. The assignment must show any secured party holding a security interest created at the time of sale. The dealer shall deliver the certificate of title and application for registration to the department, county auditor or other agent, or subagent appointed by the director. [2010 c 161 § 1043; 1994 c 262 § 27; 1987 c 149 § 8. Formerly RCW 88.02.220.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov

88.02.780 Records of the purchase and sale of vessels. (1) A vessel dealer shall complete and maintain for a period of at least three years a record of the purchase and sale of all vessels purchased or consigned and sold by the vessel dealer. Records must be made available for inspection by the department during normal business hours.

(2) Before renewal of the vessel dealer license, the department shall require, on the forms prescribed, a record of the number of vessels sold during the license year. Vessel dealers who assert that they qualify for the exemption provided in RCW 88.02.710(2) shall also record, on forms prescribed, the highest retail value of any vessel sold in the license year. [2010 c 161 § 1040; 1987 c 149 § 11. Formerly RCW 88.02.220.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

Additional notes found at www.leg.wa.gov

88.02.790 Vessel dealer display decals—Use. (1) Vessel dealer display decals must only be used:

(a) To demonstrate vessels held for sale when operated by a prospective customer holding a dated demonstration permit. The demonstration permit must be carried in the vessel at all times when it is being operated by a prospective customer;

(b) On vessels owned or consigned for sale that are available for sale and being used only for vessel dealer business purposes by an officer of the corporation, a partner, a proprietor, or by a bona fide employee of the firm. A card identifying the individual as described in this section must be carried in the vessel at all times it is being operated.

(2) A vessel held for sale by a licensed vessel dealer is not required to be registered and display a registration number and a valid vessel decal. [2010 c 161 § 1041; 1987 c 149 § 4. Formerly RCW 88.02.023.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.
88.04.005 Purposes. The purposes of this chapter are as follows:

1. Regulate charter boats for the carrying of more than six passengers, which are operated on state waters and which are not regulated by the United States coast guard;
2. Protect the safety and health of employees, passengers, and persons utilizing charter boats;
3. Authorize the department of labor and industries to adopt rules regulating the use of charter boats operating on state waters and to issue licenses; and
4. Provide penalties for violations of this chapter. [1999 c 111 § 1; 1989 c 295 § 1.]

88.04.015 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

1. "Department" means the department of labor and industries.
2. "Carrying passengers or cargo" means the transporting of any person or persons or cargo on a vessel for a fee or other consideration.
3. "Charter boat" means a vessel or barge operating on state waters that is not inspected or licensed by the United States coast guard and over which the United States coast guard does not exercise jurisdiction and which is rented, leased, or chartered to carry more than six persons or cargo.
4. "Equipment" means a system, part, or component of a vessel as originally manufactured, or a system, part, or component manufactured or sold for replacement, repair, or improvement of a system, part, or component of a vessel; an accessory or equipment for, or appurtenance to a vessel; or a marine safety article, accessory, or equipment, including radio equipment, intended for use by a person on board a vessel.
5. "State waters" means all waters within the territorial limits of the state of Washington, and not subject to the jurisdiction of the United States coast guard.
6. "Operate" means to start or operate any engine which propels a vessel, or to physically control the motion, direction, or speed of a vessel.
7. "Owner" means a person who claims lawful possession of a vessel by virtue of legal title or an equitable interest in a vessel which entitles that person to possession of the vessel; but does not include charterers and lessees.
8. "Passenger" means a person carried on board a charter boat except:
   a. The owner of the vessel or the owner's agent; or
   b. The captain and members of the vessel's crew.
9. "Operator's license" means a vessel operator's license issued by the United States coast guard or department for the specified tonnage and operational waters of the vessel.
10. "Vessel" means every description of motorized watercraft, other than a bare-boat charter boat, seaplane, or sailboat, used or capable of being used to transport more than six passengers or cargo on water for rent, lease, or hire.
11. "Bare-boat charter" means the unconditional lease, rental, or charter of a boat by the owner, or his or her agent, to a person who by written agreement, or contract, assumes all responsibility and liability for the operation, navigation, and provisioning of the boat during the term of the agreement or contract, except when a captain or crew is required or pro-
vided by the owner or owner's agents to be hired by the charterer to operate the vessel. [1999 c 111 § 2; 1991 c 45 § 1; 1989 c 295 § 2.]

88.04.025 Operating on state waters—Conditions. A person shall not rent, lease, or hire out a charter boat, nor carry, advertise for the carrying of, nor arrange for the carrying of, more than six passengers on a vessel for a fee or other consideration on state waters unless each of the following conditions is satisfied:

(1)(a) The department has inspected the vessel within the previous twelve months and has issued for the vessel a certificate of inspection that is still valid and current which allows the carrying of more than six passengers; or

(b) The United States coast guard has inspected the vessel and has issued a certificate of inspection that is still valid and current which allows the carrying of more than six passengers.

(2) The operator of the vessel is licensed as an operator by either the United States coast guard or the department. The operator must carry such license at all times while operating the vessel and must display such license upon demand by the department.

(3) The vessel has a valid and current registration certificate which is available for inspection by the department.

(4) The vessel is covered by current and valid liability insurance. Proof of such coverage must be provided to the department upon demand. [1999 c 111 § 3; 1989 c 295 § 3.]

88.04.035 Inspection of charter boats—Certificate of inspection. The department shall inspect or provide for the inspection of every charter boat once every twelve months with the vessel in the water to determine if the vessel and its equipment comply with the rules promulgated by the department and with the applicable state and federal laws and regulations. Beginning no later than January 1, 2002, the department shall also inspect or provide for the inspection of every charter boat that carries more than six passengers once every sixty months with the vessel in drydock. In addition, the department may at any time inspect or provide for the inspection of any charter boat if the department has reasonable cause to believe either that a provision of this chapter has been violated or that an inspection is necessary to ensure the safety of persons or property on the vessel.

(1) Ninety days before any certificate of inspection expires, the department shall mail written notification to the owner of the vessel that a twelve-month or sixty-month inspection must be completed before the expiration date. The department shall include with the notification an application for inspection, which must be completed and returned by the owner no later than sixty days before the expiration date of the current certificate of inspection. The owner shall include the registration fee with the completed application form. A person filing an application shall certify by the person's signature that the information furnished on the application is true and correct.

(2) If, after the inspection, the department determines that the charter boat and its equipment comply with the rules promulgated by the department and with the applicable state and federal laws and regulations, the department shall issue to the owner of the charter boat a certificate of inspection. Such certificate shall specify the maximum passenger, crew, and total person capacity of the charter boat. The certificate shall be valid for one year from the date of issuance. The certificate shall be prominently displayed on the charter boat while the charter boat is operating upon state waters.

(3) The department shall determine the minimum number of crew necessary for the safe operation of the charter boat.

(4) If the department determines that the charter boat or its equipment does not comply with the rules promulgated by the department and with the applicable state and federal laws and regulations, the department shall not issue a certificate of inspection and any current certificate of inspection shall be revoked by the department. [1999 c 111 § 4; 1989 c 295 § 4.]

88.04.045 Application for inspection—Inspection fee—Deposit of fees. (1) The owner of a vessel which does not have a current certificate of inspection or which has not previously been inspected by the department and which must be inspected by the department shall file an application for inspection, accompanied by the required fee, no later than sixty days before the scheduled or requested inspection date. A person filing an application shall certify by the person's signature that the information furnished on the application is true and correct.

(2) When the department inspects or provides for the inspection of any charter boat because the department has reasonable cause to believe either that a provision of this chapter has been violated or that an inspection is necessary to ensure the safety of persons or property, the owner shall not be required to pay an inspection fee for that inspection.

(3) When a twelve-month in-water inspection and a sixty-month drydock inspection are required in the same year, the owner shall only be required to pay the fee for the drydock inspection.

(4) All sums received from licenses, inspection fees, or other sources described in this chapter shall be deposited in the industrial insurance trust funds and shall be used for administrative, education, and enforcement costs associated with this chapter. [1999 c 111 § 5; 1989 c 295 § 5.]

88.04.055 Evidentiary hearings. (1) A person who has been denied a certificate of inspection or a license may petition the department for an evidentiary hearing.

(2) A person who owns a charter boat may petition the department for an evidentiary hearing regarding the determination of the maximum passengers, crew, or total capacity of the charter boat. [1989 c 295 § 9.]

88.04.065 Reciprocal agreements—Annual operating permits—Education and enforcement programs. (1) The department may enter into reciprocal agreements with other states concerning the operation and inspection of charter boats from those states that operate on the waters of the state of Washington. Reciprocity shall be granted only if a state can establish to the satisfaction of the department that their laws and standards concerning charter boats meet or exceed the laws and rules of the state of Washington. A charter boat that operates on state waters under a reciprocal agreement pursuant to this section shall obtain an annual operating permit from the department for a fee for each year the charter boat operates.
boat does business on the waters of the state of Washington. The department shall deposit the fees from annual operating permits issued pursuant to this section in the industrial insurance trust funds.

(2) The department shall develop an education and enforcement program designed to eliminate the operation of charter boats that have not been inspected and certified as required by this chapter, and shall provide the public with information regarding the safety features and requirements necessary for the lawful operation of charter boats. [1999 c 111 § 6; 1989 c 295 § 10.]

88.04.075 Exemptions from chapter. The provisions of this chapter shall not apply to:

(1) A vessel that is a charter boat but is being used by the documented or registered owner of the charter boat exclusively for the owner's own noncommercial or personal pleasure purposes;

(2) A vessel owned by a person or corporate entity which is donated and used by a person or nonprofit organization to transport passengers for charitable or noncommercial purposes, regardless of whether consideration is directly or indirectly paid to the owner;

(3) A vessel that is rented, leased, or hired by an operator to transport passengers for noncommercial or personal pleasure purposes;

(4) A vessel used exclusively for, or incidental to, an educational purpose; or

(5) A bare-boat charter boat. [1991 c 45 § 2; 1989 c 295 § 11.]

88.04.085 Application of Washington industrial safety and health act. Unless specifically provided by statute this chapter and the rules adopted thereunder shall be implemented and enforced, including penalties, violations, citations, appeals, and other administrative procedures, pursuant to the Washington industrial safety and health act, chapter 49.17 RCW. [1989 c 295 § 12.]

88.04.310 Inspection program fee. The owner or operator of every vessel inspected by the department shall pay the department a fee for each inspection. The fee shall be established by rule and shall cover the full cost of the inspection program including travel, per diem, and administrative and legal support costs for the program. [1999 c 111 § 7; 1989 c 295 § 6; 1979 c 74 § 2.]

88.04.320 Operating violations enumerated—Penalties. (1) It is unlawful for any person to operate a vessel unless that person holds a valid license issued by the United States coast guard or the department to operate a vessel of that class.

(2) It is unlawful for any person to operate a vessel unless the vessel is operated in compliance with the rules of the department of labor and industries and has a current certificate of inspection posted.

(3) Any violation of the licensing and inspection provisions of this chapter is punishable pursuant to the penalties provided under the Washington industrial safety and health act, chapter 49.17 RCW. [1989 c 295 § 7; 1979 c 74 § 3.]

88.04.330 Rule-making authority. The department shall adopt by rule, under chapter 34.05 RCW:

(1) Procedures, standards, and fees for the licensing of operators of any vessel used as a charter boat, as defined under RCW 88.04.015, operating on state waters for rent, lease, or hire;

(2) Standards and fees for the inspection of vessels;

(3) Minimum safety and health standards for passengers and crew on board charter boats consistent with the rules adopted by the United States coast guard in 46 C.F.R., subchapter T, small passenger vessels under one hundred gross tons; and

(4) Any other rules needed for the efficient administration of the purposes of this chapter. [1999 c 111 § 8; 1989 c 295 § 8; 1979 c 74 § 4.]

88.04.900 Short title. This chapter may be known and cited as the charter boat safety act. [1989 c 295 § 13.]

Chapter 88.08 RCW
SPECIFIC ACTS PROHIBITED

Sections
88.08.020 Tampering with lights or signals.
88.08.030 Bringing certain foreign convicts into state.
88.08.050 Injury to lighthouses or United States light.
88.08.060 Unlicensed pilotage.

Construction projects in state waters: Chapter 77.55 RCW.
Damage by vessel to underwater cable: RCW 80.36.070.
Excessive steam in boilers, penalty: RCW 70.54.080.
Intoxication of steamship employees: RCW 9.91.020.

88.08.020 Tampering with lights or signals. Every person who, in such manner as might, if not discovered, endanger a vessel, railway engine, motor, train, or car, shall show, mask, extinguish, alter, or remove any light or signal, or exhibit any false light or signal, is guilty of a class B felony and shall be punished by imprisonment in a state correctional facility for not more than ten years. [2003 c 53 § 415; 1992 c 7 § 62; 1909 c 249 § 402; RRS § 2654.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

88.08.030 Bringing certain foreign convicts into state. Every person who, being the master or commander of any vessel or boat arriving from a foreign country, shall knowingly bring into this state a person who has been or is a foreign convict of any offense, which, if committed in this state would be punishable under the laws thereof, shall be guilty of a misdemeanor. [1909 c 249 § 435; RRS § 2687.]

Reviser's note: Caption for 1909 c 249 § 435 reads as follows: "Sec. 435. Master of Vessel Bringing Foreign Convict."

88.08.050 Injury to lighthouses or United States light. Every person who shall willfully break, injure, deface, or destroy any lighthouse station, post, platform, step, lamp, or other structure pertaining to such lighthouse station, or shall extinguish or tamper with any light erected by the United States upon or along the navigable waters of this state in aid of the navigation thereof, in case no punishment is provided therefor by the laws of the United States, shall be punished:

[Title 88 RCW—page 16] (2014 Ed.)
88.16.010 Board of pilotage commissioners—Created—Chairperson—Members—Terms—Qualifications—Vacancies—Quorum. (1) The board of pilotage commissioners of the state of Washington is hereby created and shall consist of the assistant secretary of marine operations of the department of transportation of the state of Washington, or the assistant secretary's designee who shall be an employee of the marine division, who shall be chairperson, the director of the department of ecology, or the director's designee, and seven members appointed by the governor and confirmed by the senate. Each of the appointed commissioners shall be appointed for a term of four years from the date of the member's commission. No person shall be eligible for appointment to the board unless that person is at the time of appointment eighteen years of age or over and a citizen of the United States and of the state.

The legislature further finds and declares that it is the policy of the state of Washington to have pilots experienced in the handling of vessels aboard vessels in certain of the state waters with prescribed qualifications and licenses issued by the state.

It is the intent of the legislature to ensure against the loss of lives, loss or damage to property and vessels, and to protect the marine environment through the establishment of a board of pilotage commissioners representing the interests of the people of the state of Washington.

It is the further intent of the legislature not to place in jeopardy Washington's position as an able competitor for waterborne commerce from other ports and nations of the world, but rather to continue to develop and encourage such commerce. [1977 ex.s. c 337 § 1.]

88.16.010 Board of pilotage commissioners—Created—Chairperson—Members—Terms—Qualifications—Vacancies—Quorum. (1) The board of pilotage commissioners of the state of Washington is hereby created and shall consist of the assistant secretary of marine operations of the department of transportation of the state of Washington, or the assistant secretary's designee who shall be an employee of the marine division, who shall be chairperson, the director of the department of ecology, or the director's designee, and seven members appointed by the governor and confirmed by the senate. Each of the appointed commissioners shall be appointed for a term of four years from the date of the member's commission. No person shall be eligible for appointment to the board unless that person is at the time of appointment eighteen years of age or over and a citizen of the United States and of the state of Washington. Two of the appointed commissioners shall be pilots licensed under this chapter and actively engaged in piloting upon the waters covered by this chapter for at least three years immediately preceding the time of appointment and while serving on the board. One pilot shall be from the Puget Sound pilotage district and the other pilot shall be from either the Grays Harbor pilotage district or the Puget Sound pilotage district. Two of the appointed commissioners shall be actively engaged in the ownership, operation, or management of deep sea cargo and/or passenger carrying vessels for at least three years immediately preceding the time of appointment and while serving on the board. One of the shipping commissioners shall be a representative of American and one of foreign shipping. One of the commissioners shall be a representative of the shipping industry.
from a recognized environmental organization concerned with marine waters. The remaining commissioners shall be persons interested in and concerned with pilotage, maritime safety, and marine affairs, with broad experience related to the maritime industry exclusive of experience as either a state licensed pilot or as a shipping representative.

(2) Any vacancy in an appointed position on the board shall be filled by the governor for the remainder of the unfilled term, subject to confirmation by the senate.

(3) Five members of the board shall constitute a quorum. At least one pilot, one shipping representative, and one public member must be present at every meeting. All commissioners and the chairperson shall have a vote. [2008 c 128 § 1; 2003 c 58 § 1; 2001 c 36 § 4; 1991 c 200 § 1001; 1987 c 485 § 1; 1979 ex.s. c 207 § 1; 1977 ex.s. c 337 § 2; 1977 ex.s. c 151 § 73; 1971 ex.s. c 292 § 58; 1935 c 18 § 1; RRS § 9871-1. Prior: 1888 p 175 § 1.]

88.16.020 Board of pilotage commissioners—Office—Compensation and travel expenses of members—Employment of personnel.

(1) The board of pilotage commissioners shall:

(a) Adopt rules, pursuant to chapter 34.05 RCW, necessary for the enforcement and administration of this chapter;

(b)(i) Issue training licenses and pilot licenses to pilot applicants meeting the qualifications provided for in RCW 88.16.090 and such additional qualifications as may be determined by the board;

(ii) Establish a comprehensive training program to assist in the training and evaluation of pilot applicants before final licensing; and

(iii) Establish additional training requirements, including a program of continuing education developed after consultation with pilot organizations, including those located within the state of Washington, as required to maintain a competent pilotage service;

(c) Maintain a register of pilots, records of pilot accidents, and other history pertinent to pilotage;

(d) Determine from time to time the number of pilots necessary to be licensed in each district of the state to optimize the operation of a safe, fully regulated, efficient, and competent pilotage service in each district;

(e) Annually fix the pilotage tariffs for pilotage services provided under this chapter: PROVIDED, That the board may fix extra compensation for extra services to vessels in distress, for awaiting vessels, for all vessels in direct transit to or from a Canadian port where Puget Sound pilotage is required for a portion of the voyage, or for being carried to sea on vessels against the will of the pilot, and for such other services as may be determined by the board: PROVIDED FURTHER, That as an element of the Puget Sound pilotage district tariff, the board may consider pilot retirement plan expenses incurred in the prior year in either pilotage district. However, under no circumstances shall the state be obligated to fund or pay for any portion of retirement payments for pilots or retired pilots;

(f) File annually with the governor and the chairs of the transportation committees of the senate and house of representatives a report which includes, but is not limited to, the following: The number, names, ages, pilot license number, training license number, and years of service as a Washington licensed pilot of any person licensed by the board as a Washington state pilot or trainee; the names, employment, and other information of the members of the board; the total number of pilotage assignments by pilotage district, including information concerning the various types and sizes of vessels and the total annual tonnage; the annual earnings or stipends of individual pilots and trainees before and after deduction for expenses of pilot organizations, including extra compensation as a separate category; the annual expenses of private pilot associations, including personnel employed and capital expenditures; the status of pilotage tariffs, extra compensation, and travel; the retirement contributions paid to pilots and the disposition thereof; the number of groundings, marine occurrences, or other incidents which are reported to or investigated by the board, and which are determined to be accidents, as defined by the board, including the vessel name, location of incident, pilot's or trainee's name, and disposition of the case together with information received before the board acted from all persons concerned, including the United States coast guard; the names, qualifications, time scheduled for examinations, and the district of persons desiring to apply for Washington state pilotage licenses; summaries of dispatch records, quarterly reports from pilots, and the bylaws and operating rules of pilotage organizations; the names, sizes in deadweight tons, surcharges, if any, port of call, name of the pilot or trainee, and names and horsepower of tug boats for any and all oil tankers subject to the provisions of RCW 88.16.190 together with the names of any and all vessels for which the United States coast guard requires special handling pursuant to their authority under the Ports and Waterways Safety Act of 1972; the expenses of the board; and any and all other information which the board deems appropriate to include;

(g) Make available information that includes the pilotage act and other statutes of Washington state and the federal government that affect pilotage, including the rules of the board, together with such additional information as may be informative for pilots, agents, owners, operators, and masters;

88.16.035 Board of pilotage commissioners—Powers and duties. (1) The board of pilotage commissioners shall:

(2) Any vacancy in an appointed position on the board shall be filled by the governor for the remainder of the unfilled term, subject to confirmation by the senate.

(3) Five members of the board shall constitute a quorum. At least one pilot, one shipping representative, and one public member must be present at every meeting. All commissioners and the chairperson shall have a vote. [2008 c 128 § 1; 2003 c 58 § 1; 2001 c 36 § 4; 1991 c 200 § 1001; 1987 c 485 § 1; 1979 ex.s. c 207 § 1; 1977 ex.s. c 337 § 2; 1977 ex.s. c 151 § 73; 1971 ex.s. c 292 § 58; 1935 c 18 § 1; RRS § 9871-1. Prior: 1888 p 175 § 1.]

88.16.020 Board of pilotage commissioners—Office—Compensation and travel expenses of members—Employment of personnel.

(1) The board of pilotage commissioners shall:

(a) Adopt rules, pursuant to chapter 34.05 RCW, necessary for the enforcement and administration of this chapter;

(b)(i) Issue training licenses and pilot licenses to pilot applicants meeting the qualifications provided for in RCW 88.16.090 and such additional qualifications as may be determined by the board;

(ii) Establish a comprehensive training program to assist in the training and evaluation of pilot applicants before final licensing; and

(iii) Establish additional training requirements, including a program of continuing education developed after consultation with pilot organizations, including those located within the state of Washington, as required to maintain a competent pilotage service;

(c) Maintain a register of pilots, records of pilot accidents, and other history pertinent to pilotage;

(d) Determine from time to time the number of pilots necessary to be licensed in each district of the state to optimize the operation of a safe, fully regulated, efficient, and competent pilotage service in each district;

(e) Annually fix the pilotage tariffs for pilotage services provided under this chapter: PROVIDED, That the board may fix extra compensation for extra services to vessels in distress, for awaiting vessels, for all vessels in direct transit to or from a Canadian port where Puget Sound pilotage is required for a portion of the voyage, or for being carried to sea on vessels against the will of the pilot, and for such other services as may be determined by the board: PROVIDED FURTHER, That as an element of the Puget Sound pilotage district tariff, the board may consider pilot retirement plan expenses incurred in the prior year in either pilotage district. However, under no circumstances shall the state be obligated to fund or pay for any portion of retirement payments for pilots or retired pilots;

(f) File annually with the governor and the chairs of the transportation committees of the senate and house of representatives a report which includes, but is not limited to, the following: The number, names, ages, pilot license number, training license number, and years of service as a Washington licensed pilot of any person licensed by the board as a Washington state pilot or trainee; the names, employment, and other information of the members of the board; the total number of pilotage assignments by pilotage district, including information concerning the various types and sizes of vessels and the total annual tonnage; the annual earnings or stipends of individual pilots and trainees before and after deduction for expenses of pilot organizations, including extra compensation as a separate category; the annual expenses of private pilot associations, including personnel employed and capital expenditures; the status of pilotage tariffs, extra compensation, and travel; the retirement contributions paid to pilots and the disposition thereof; the number of groundings, marine occurrences, or other incidents which are reported to or investigated by the board, and which are determined to be accidents, as defined by the board, including the vessel name, location of incident, pilot's or trainee's name, and disposition of the case together with information received before the board acted from all persons concerned, including the United States coast guard; the names, qualifications, time scheduled for examinations, and the district of persons desiring to apply for Washington state pilotage licenses; summaries of dispatch records, quarterly reports from pilots, and the bylaws and operating rules of pilotage organizations; the names, sizes in deadweight tons, surcharges, if any, port of call, name of the pilot or trainee, and names and horsepower of tug boats for any and all oil tankers subject to the provisions of RCW 88.16.190 together with the names of any and all vessels for which the United States coast guard requires special handling pursuant to their authority under the Ports and Waterways Safety Act of 1972; the expenses of the board; and any and all other information which the board deems appropriate to include;

(g) Make available information that includes the pilotage act and other statutes of Washington state and the federal government that affect pilotage, including the rules of the board, together with such additional information as may be informative for pilots, agents, owners, operators, and masters;
(b) Appoint advisory committees and employ marine experts as necessary to carry out its duties under this chapter;
(i) Provide for the maintenance of efficient and competent pilotage service on all waters covered by this chapter; and do such other things as are necessary, necessary, and expedient to insure proper and safe pilotage upon the waters covered by this chapter and facilitate the efficient administration of this chapter.

(2) The board may pay stipends to pilot trainees under subsection (1)(b) of this section. [2009 c 496 § 1; 2008 c 128 § 2; 2006 c 53 § 1; 2005 c 26 § 1; 1987 c 264 § 1; 1977 ex.s. c 337 § 4.]

Retroactive application—2006 c 53: "This act is intended to clarify the authority of the board of pilotage commissioners to pay stipends to pilot trainees that have indicated they wish to receive a stipend during the board of pilotage commissioners' training program. Section 1 of this act is remedial and curative in nature and applies retroactively to December 1, 2005. Specifically, the board may pay stipends, pursuant to the rules established by the board, to any pilot trainees that qualified for the stipends on, or after, December 1, 2005." [2006 c 53 § 3.]

Effective date—2006 c 53: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 14, 2006]." [2006 c 53 § 4.]

Effective date—2005 c 26: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 12, 2005]." [2005 c 26 § 4.]

Additional notes found at www.leg.wa.gov

88.16.040 Oaths and subpoenas—Compelling attendance of witnesses—Contempt. Any member of the board shall have power to administer oaths in any matter before the board for consideration or inquiry and to issue subpoenas requiring witnesses to appear before the board. Such subpoenas shall be signed by a member of the board and issued in the name of the state of Washington and be served and returned, and mileage and witness fees shall be paid in like manner and effect as in a civil action. A witness wilfully disobeying such subpoena served upon the witness shall be proceeded against upon complaint of the board to the attorney general or the prosecuting attorney of the county where the attendance of the witness was demanded as for a contempt of the authority of the superior court of said county. [1987 c 485 § 2; 1967 c 15 § 9; 1935 c 18 § 14; RRS § 9871-14.]

88.16.050 Pilotage districts and waters affected. This chapter shall apply to the pilotage districts of this state as defined in this section.

(1) "Puget Sound pilotage district", whenever used in this chapter, shall be construed to mean and include all the waters of the state of Washington inside the international boundary line between the state of Washington, the United States and the province of British Columbia, Canada and east of one hundred twenty-three degrees twenty-four minutes west longitude.

(2) "Grays Harbor pilotage district" shall include all inland waters, channels, waterways, and navigable tributaries within Grays Harbor and Willapa Harbor. The boundary line between Grays Harbor and Willapa Harbor and the high seas shall be defined by the board. [1987 c 485 § 3; 1979 ex.s. c 207 § 2; 1977 ex.s. c 337 § 5; 1971 ex.s. c 297 § 2; 1967 c 15 § 2; 1935 c 18 § 3; RRS § 9871-3.]

88.16.061 Pilotage account. The account in the general fund designated in *RCW 43.79.330(17) as the "Puget Sound pilotage account" is hereby redesignated as the "pilotage account".

The pilotage account is hereby redesignated as a nonappropriated account, and is therefore created in the custody of the state treasurer. All receipts designated, credited, or transferred to the pilotage account must be deposited into the account. Expenditures from the account may be used only for the purposes of the board of pilotage commissioners as prescribed under this chapter. Only the board or the board's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2008 c 128 § 17; 1967 c 15 § 11.]

*Reviser's note: RCW 43.79.330(17) was renumbered in 1979, 1980, and 1981, and was subsequently deleted by 2008 c 128 § 18, effective July 1, 2009.

Effective date—2008 c 128 §§ 17-20: "Sections 17 through 20 of this act take effect July 1, 2009." [2008 c 128 § 21.]

88.16.070 Vessels exempted and included under chapter—Fee—Penalty. Every vessel not exempt under this section that operates in the waters of the Puget Sound pilotage district or Grays Harbor pilotage district is subject to compulsory pilotage under this chapter.

(1) A United States vessel on a voyage in which it is operating exclusively on its coastwise endorsement, its fishery endorsement (including catching and processing its own catch outside United States waters and economic zone for delivery in the United States), and/or its recreational (or pleasure) endorsement, and all United States and Canadian vessels engaged exclusively in the coasting trade on the west coast of the continental United States (including Alaska) and/or British Columbia shall be exempt from the provisions of this chapter unless a pilot licensed under this chapter be actually employed, in which case the pilotage rates provided for in this chapter shall apply.

(2) The board may, upon the written petition of any interested party, and upon notice and opportunity for hearing, grant an exemption from the provisions of this chapter to any vessel that the board finds is (a) a small passenger vessel that is not more than five hundred gross tons (international), does not exceed two hundred feet in overall length, and is operated in the waters of the Puget Sound pilotage district or lower British Columbia, or (b) a yacht that is not more than seven hundred fifty gross tons (international) and does not exceed two hundred feet in overall length. Such an exemption shall be granted only if it is determined that an exemption shall not be detrimental to the public interest in regard to safe operation preventing loss of human lives, loss of property, and protecting the marine environment of the state of Washington. Such petition shall set out the general description of the vessel, the contemplated use of same, the proposed area of operation, and the name and address of the vessel's owner. The board shall annually, or at any other time when in the public interest, review any exemptions granted to this specified class of small vessels to insure that each exempted vessel remains in compliance with the original exemption. The board shall have the authority to revoke such exemption where there is not continued compliance with the

Additional notes found at www.leg.wa.gov
requirements for exemption. The board shall maintain a file which shall include all petitions for exemption, a roster of vessels granted exemption, and the board's written decisions which shall set forth the findings for grants of exemption. Each applicant for exemption or annual renewal shall pay a fee, payable to the pilotage account. Fees for initial applications and for renewals shall be established by rule, and shall not exceed one thousand five hundred dollars. The board shall report annually to the legislature on such exemptions.

(3) Every vessel not exempt under subsection (1) or (2) of this section shall, while navigating the Puget Sound and Grays Harbor pilotage districts, employ a pilot licensed under the provisions of this chapter and shall be liable for and pay pilotage rates in accordance with the pilotage rates herein established or which may hereafter be established under the provisions of this chapter: PROVIDED, That any vessel inbound to or outbound from Canadian ports is exempt from the provisions of this section, if said vessel actually employs a pilot licensed by the Pacific pilotage authority (the pilot licensing authority for the western district of Canada), and if it is communicating with the vessel traffic system and has appropriate navigational charts, and if said vessel uses only those waters east of the international boundary line which are west of a line which begins at the southwestern edge of Point Roberts then to Alden Point (Patos Island), then to Skipjack Island light, then to Turn Point (Stuart Island), then to Kellet Bluff (Henry Island), then to Lime Kiln (San Juan Island) then to the intersection of one hundred twenty-three degrees seven minutes west longitude and forty-eight degrees twenty-five minutes north latitude then to the international boundary. The board shall correspond with the Pacific pilotage authority from time to time to ensure the provisions of this section are enforced. If any exempted vessel does not comply with these provisions it shall be deemed to be in violation of this section and subject to the penalties provided in RCW 88.16.150 as now or hereafter amended and liable to pilotage fees as determined by the board. The board shall investigate any accident on the waters covered by this chapter involving a Canadian pilot and shall include the results in its annual report. [2012 c 81 § 1; 2008 c 128 § 3; 1996 c 144 § 1; 1995 c 174 § 1; 1987 c 194 § 2; 1977 ex.s. c 337 § 6; 1971 ex.s. c 297 § 3; 1967 c 15 § 3; 1935 c 18 § 4; RRS § 9871-4.]

Intent—1987 c 194: "The legislature intends to provide a limited exemption from the provisions of this chapter for a specified class of small vessels registered as passenger vessels or yachts. It is not the intent of the legislature that such an exemption shall be a precedent for future exemptions of other classes of vessels from the provisions of this chapter." [1987 c 194 § 1.]

Additional notes found at www.leg.wa.gov

88.16.090 Pilot and pilot trainee licenses—Qualifications—Duration—Annual fee—Examinations and evaluations—Training program and license—Penalty—Reporting requirements. (1) A person may pilot any vessel subject to this chapter on waters covered by this chapter only if licensed to pilot such vessels on such waters under this chapter.

(2)(a) A person is eligible to be licensed as a pilot or a pilot trainee if the person:

(i) Is a citizen of the United States;
(ii) Is over the age of twenty-five years and under the age of seventy years;

(iii)(A) Holds at the time of application, as a minimum, a United States government license as master of steam or motor vessels of not more than one thousand six hundred gross register tons (three thousand international tonnage convention tons) upon oceans, near coastal waters, or inland waters; or the then most equivalent federal license as determined by the board; any such license to have been held by the applicant for a period of at least two years before application;

(B) Holds at the time of licensure as a pilot, after successful completion of the board-required training program, a first class United States endorsement without restrictions on the United States government license for the pilotage district in which the pilot applicant desires to be licensed; however, all applicants for a pilot examination scheduled to be given before July 1, 2008, must have the United States pilotage endorsement at the time of application; and

(C) The board may require that applicants and pilots have federal licenses and endorsements as it deems appropriate; and

(iv) Successfully completes a board-specified training program.

(b) In addition to the requirements of (a) of this subsection, a pilot applicant must meet such other qualifications as may be required by the board.

(c) A person applying for a license under this section shall not have been convicted of an offense involving drugs or the personal consumption of alcohol in the twelve months prior to the date of application. This restriction does not apply to license renewals under this section.

(3) The board may establish such other training license and pilot license requirements as it deems appropriate.

(4) Pilot applicants shall be evaluated and may be ranked for entry into a board-specified training program in a manner specified by the board based on their performance on a written examination or examinations established by the board, performance on other evaluation exercises as may be required by the board, and other criteria or qualifications as may be set by the board.

When the board determines that the demand for pilots requires entry of an applicant into the training program it shall issue a training license to that applicant, but under no circumstances may an applicant be issued a training license more than four years after taking the written entry examination. The training license authorizes the trainee to do such actions as are specified in the training program.

After the completion of the training program the board shall evaluate the trainee's performance and knowledge. The board, as it deems appropriate, may then issue a pilot license, delay the issuance of the pilot license, deny the issuance of the pilot license, or require further training and evaluation.

(5) The board may (a) appoint a special independent committee or (b) contract with private or governmental entities knowledgeable and experienced in the development, administration, and grading of licensing examinations or simulator evaluations for marine pilots, or (c) do both. Active, licensed pilots designated by the board may participate in the development, administration, and grading of examinations and other evaluation exercises. If the board does appoint a special examination or evaluation development committee, it is authorized to pay the members of the committee the same compensation and travel expenses as received by members of...
Pilotage Act 88.16.100

88.16.100 Pilots' licenses—Revocation, suspension, etc., of—Reprimand or fine—Other disciplinary actions—Procedure—Judicial review. (1) The board shall have power on its own motion or, in its discretion, upon the written request of any interested party, to investigate the performance of pilotage services subject to this chapter and to issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the license of any pilot, or any combination of the above, for misconduct, incompetency, inattention to duty, intoxication, or failure to perform his duties under this chapter, or violation of any of the rules or regulations provided by the board for the government of pilots. The board may partially or totally stay any disciplinary action authorized in this subsection and subsection (2) of this section. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(2) In all instances where a pilot licensed under this chapter performs pilot services on a vessel exempt under RCW 88.16.070, the board may on its own motion, or in its discretion upon the written request of any interested party, investigate whether the services were performed in a professional manner consistent with sound maritime practices. If the board finds that the pilotage services were performed in a manner that constitutes an act of incompetence, misconduct, or negligence so as to endanger life, limb, or property, or vio-
lated or failed to comply with state laws or regulations intended to promote marine safety or to protect navigable waters, the board may issue a reprimand, impose a fine against a pilot in an amount not to exceed five thousand dollars, suspend, withhold, or revoke the state pilot license, or any combination of the above. The board shall have the power to require that a pilot satisfactorily complete a specific course of training or treatment.

(3) The board shall implement a system of specified disciplinary actions or corrective actions, including training or treatment, that will be taken when a state licensed pilot in a specified period of time has had multiple disciplinary actions taken against the pilot's license pursuant to subsections (1) and (2) of this section. In developing these disciplinary or corrective actions, the board shall take into account the cause of the disciplinary action and the pilot's previous record.

(4) The board shall immediately review the pilot's license of a pilot who has been charged with any offense involving drugs or the personal consumption of alcohol while on duty, including an offense of operation of a vehicle or vessel while under the influence of alcohol or drugs. After a hearing held pursuant to subsection (5) of this section:

(a) The board shall order a pilot who has been found to have been convicted of an offense involving drugs or the personal consumption of alcohol while on duty and who has not been convicted of another offense involving drugs or the personal consumption of alcohol in the previous five years to actively participate in and satisfactorily complete a specific program of treatment. The board may impose other sanctions it determines are appropriate. If the pilot does not satisfactorily complete the program of treatment, the board shall suspend, revoke, or withhold the pilot's license until the treatment is completed; and

(b) The board shall suspend for not less than one year the license of a pilot found to have been convicted of a second or subsequent offense involving drugs or the personal consumption of alcohol while on duty.

(5) When the board determines that reasonable cause exists to issue a reprimand, impose a fine, suspend, revoke, or withhold any pilot's license or require training or treatment under subsection (1), (2), or (4) of this section, it shall prepare and personally serve upon such pilot a notice advising him or her of the board's intended action, the specific grounds for the action, and the right to request a hearing to challenge the board's action. The pilot shall have thirty days from the date on which notice is served to request a full hearing before an administrative law judge on the issue of the reprimand, fine, suspension, revocation, or withholding of his or her pilot's license, or requiring treatment or training. The board's proposed reprimand, fine, suspension, revocation, or withholding of a license, or requiring treatment or training shall become final upon the expiration of thirty days from the date notice is served, unless a hearing has been requested prior to that time. When a hearing is requested, the board shall request the appointment of an administrative law judge under chapter 34.12 RCW who has sufficient experience and familiarity with pilotage matters to be able to conduct a fair and impartial hearing. The hearing shall be governed by the provisions of Title 34 RCW. All final decisions of the administrative law judge shall be subject to review by the superior court of the state of Washington for Thurston county, by the superior court of the county in which the pilot maintains his or her residence or principal place of business, or by the superior court of the county in which the board maintains its office, to which court any case with all the papers and proceedings therein shall be immediately certified by the administrative law judge if requested to do so by any party to the proceedings at any time within thirty days after the date of any such final decision. No appeal may be taken after the expiration of thirty days after the date of final decision. Any case so certified to the superior court shall be tried de novo and after certification of the record to said superior court the proceedings shall be had as in a civil action. Moneys collected from fines under this section shall be deposited in the pilotage account.

(6) The board shall have the power, on an emergency basis, to temporarily suspend a state pilot's license: (a) When a pilot has been involved in any vessel accident where there has been major property damage, loss of life, or loss of a vessel, or (b) where there is a reasonable cause to believe that a pilot has diminished mental capacity or is under the influence of drugs, alcohol, or other substances, when in the opinion of the board, such an accident or physical or mental impairment would significantly diminish that pilot's ability to carry out pilotage duties and that the public health, safety, and welfare requires such emergency action. The board shall make a determination within seventy-two hours whether to continue the suspension. The board shall develop rules for exercising this authority including procedures for the chairperson or vice chairperson of the board to temporarily order such suspensions, emergency meetings of the board to consider such suspensions, the length of suspension, opportunities for hearings, and an appeal process. The board shall develop rules under chapter 34.05 RCW.

(7) The board shall immediately notify the United States coast guard that it has revoked or suspended a license pursuant to this section and that a suspended or revoked license has been reinstated. [2008 c 128 § 5; 1990 c 116 § 28; 1987 c 392 § 1; 1986 c 121 § 1; 1981 c 67 § 36; 1977 ex.s. c 337 § 12; 1971 ex.s. c 297 § 4; 1935 c 18 § 13; RRS § 9871-13. Prior: 1888 p 178 § 10.]

Additional notes found at www.leg.wa.gov

88.16.102  Pilots' licenses—Mandatory termination of. The license of a pilot is terminated upon the pilot reaching the age of seventy. [2008 c 128 § 6; 1979 ex.s. c 207 § 4.]

88.16.103  Mandatory rest periods for pilots and pilot trainees—Rules—Assignment refusal—Penalty. (1) Pilots and pilot trainees, after completion of an assignment or assignments which are seven hours or longer in duration, shall receive a mandatory rest period of seven hours.

(2) A pilot or pilot trainee shall refuse a pilotage assignment if the pilot or pilot trainee is physically or mentally fatigued or if the pilot or pilot trainee has a reasonable belief that the assignment cannot be carried out in a competent and safe manner. Upon refusing an assignment under this subsection, a pilot or pilot trainee shall submit a written explanation to the board within forty-eight hours. If the board finds that the pilot's or pilot trainee's written explanation is without
merit, or reasonable cause did not exist for the assignment refusal, such pilot or pilot trainee may be subject to the provisions of RCW 88.16.100.

(3) The board shall quarterly review the dispatch records of pilot organizations or pilot's quarterly reports to ensure the provisions of this section are enforced. The board may prescribe rules for rest periods pursuant to chapter 34.05 RCW. [2008 c 128 § 7; 1986 c 122 § 2; 1977 ex.s. c 337 § 9.]

88.16.105 Size and type of vessels prescribed for newly licensed pilot—Rules. The board shall prescribe, pursuant to chapter 34.05 RCW, rules governing the size and type of vessels which a newly licensed pilot may be assigned to pilot on the waters of this state and whether the assignment involves docking or undocking a vessel. The rules shall also prescribe required familiarization trips before a newly licensed pilot may pilot a larger or different type of vessel. [2008 c 128 § 8; 1991 c 200 § 1003; 1987 c 264 § 3; 1977 ex.s. c 337 § 10.]

88.16.107 Pilots or pilot trainees may testify without sanctions for doing so. Any pilot or pilot trainee licensed pursuant to this chapter may appear or testify before the legislature or board of pilotage commissioners and no person shall place any sanction against said pilot or pilot trainee for having testified or appeared. [2008 c 128 § 9; 1977 ex.s. c 337 § 15.]

88.16.110 Pilots to file quarterly report—Contents. (1) Every pilot licensed under this chapter shall file with the board not later than the tenth day of January, April, July, and October of each year a report for the preceding quarter. The report shall contain an account of all moneys received for pilotage services, that pilot or pilot trainee becomes a servant of the vessel and its owner and operator. Nothing in this section exempts the vessel, its owner, or its operator from liability for damage or loss occasioned by that ship to a person or property on the ground that (a) the ship was piloted by a Washington state licensed pilot or pilot trainee, or (b) the damage or loss was occasioned by the error, omission, fault, or neglect of a Washington state licensed pilot or pilot trainee.

(2) When a pilot or pilot trainee boards a vessel to provide pilotage services, that pilot or pilot trainee becomes a servant of the vessel and its owner and operator. Nothing in this section exempts the vessel, its owner, or its operator from liability for damage or loss occasioned by that ship to a person or property on the ground that (a) the ship was piloted by a Washington state licensed pilot or pilot trainee, or (b) the damage or loss was occasioned by the error, omission, fault, or neglect of a Washington state licensed pilot or pilot trainee.

(3) Pilots, pilot trainees, and board members are immune from civil liability to any party for damages or other relief that is in any way based on the communication of, to a pilot or pilot trainee, to the board, or to any other appropriate governmental authority or person, any of the following: (a) Information about any incident or occurrence involving collision, allision, or grounding of any vessel, including near-miss occurrences; (b) information about any other marine occurrence that the pilot or pilot trainee believes involved or involves undue risk in the navigation of any vessel that could result in damage to any person, vessel, structure, aid to navigation, or the marine environment of this state; or (c) any report or other written, oral, or electronic evaluation of the performance of any pilot or pilot trainee. "Performance" includes, but is not limited to, professional ability, attitude, performance of duties, effort, knowledge, skills, and other relevant factors. This protection and immunity does not apply.
when a pilot or pilot trainee intentionally releases or discloses information known to be false. The immunity granted to a person under this section is in addition to any common law or statutory privilege or immunity enjoyed by the person, and this section is not intended to abrogate or modify any such common law or statutory privilege or immunity. The immunity from civil liability provided under this section shall be liberally construed to accomplish the purposes of this chapter and to encourage the free flow of information and opinions to the board. [2008 c 128 § 11. Prior: 2005 c 123 § 2; 2005 c 26 § 3; 1984 c 69 § 1] Effective date—2005 c 26: See note following RCW 88.16.035.

88.16.120 Failure to observe pilotage rate—Penalty. No pilot shall charge, collect or receive and no person, firm, corporation or association shall pay for pilotage or other services performed hereunder any greater, less or different amount, directly or indirectly, than the rates or charges herein established or which may be hereafter fixed by the board pursuant to this chapter. Any pilot, person, firm, corporation or association violating the provisions of this section shall be guilty of a misdemeanor and shall be punished pursuant to RCW 88.16.150 as now or hereafter amended, said prosecution to be conducted by the attorney general or the prosecuting attorney of any county wherein the offense or any part thereof was committed. [1987 c 485 § 4; 1977 ex.s. c 337 § 13; 1967 c 15 § 4; 1935 c 18 § 6; RRS § 9871-6.]

Additional notes found at www.leg.wa.gov

88.16.130 Unlicensed pilot liable for payment of rates—Penalty for refusing to employ licensed pilot. Any person not holding a license as pilot under the provisions of this chapter who pilots any vessel subject to the provisions of this chapter on waters covered by this chapter shall pay to the board the pilotage rates payable under the provisions of this chapter. Any master or owner of a vessel required to employ a pilot licensed under the provisions of this chapter who refuses to do so when such a pilot is available shall be punished pursuant to RCW 88.16.150 as now or hereafter amended and shall be imprisoned in the county jail of the county wherein he or she is so convicted until said fine and the costs of his or her prosecution are paid. [2013 c 23 § 533; 1977 ex.s. c 337 § 14; 1967 c 15 § 8; 1935 c 18 § 11; RRS § 9871-11. Prior: 1907 c 147 § 4.]

Additional notes found at www.leg.wa.gov

88.16.133 Deviations from state law—Duty to submit pilot's report. A master, pilot, or pilot trainee who deviates from the provisions of this chapter or Title 363 WAC in order to comply with any federal or international law or treaty, such as 46 U.S.C. Sec. 2304 et seq., or any other provision of law of the state, or who deviates in order to ensure the safety of the vessel or its crew under the control of the master, pilot, or pilot trainee, shall submit a pilot's report of marine safety occurrence as prescribed by the board of pilotage commissioners in WAC 363-116-200 in the case of a near-miss occurrence. If the deviation occurred while the vessel was operating under the control of a pilot or pilot trainee licensed in this state, then the report must be submitted by the pilot or pilot trainee with input provided by the master. The report must describe the circumstances leading to the deviation from the provisions of this chapter and the consequences of that deviation. If the consequences of the deviation include an incident as defined in WAC 363-116-200, then the pilot's report of marine safety occurrence must be submitted in addition to any reports required as a result of the incident. The board shall investigate the circumstances surrounding the deviation and, if the facts of the situation so warrant, may waive enforcement action against the master, pilot, or pilot trainee if the board finds that the deviation was: Taken in order to comply with any other law that may have precedence; required by the ordinary practice of seamen; or justified by the special circumstances of the case. [2008 c 128 § 15.]

88.16.135 Assignment of pilots to vessels—Request that pilot not be assigned—Hearing on request. Any ship operator or ship husbanding agent may submit a request in writing to the board that a particular pilot not be assigned to pilot that company's vessels. The request shall be based on specific safety concerns of the ship operator or ship husbanding agent.

The board shall notify interested persons and hold a hearing on that request, and either approve or disapprove the request. If the request is approved, the board shall notify the affected pilot and give the pilot a specific list of vessels for which that pilot shall not provide pilotage services. [2008 c 128 § 12; 1987 c 485 § 6.]

88.16.140 Pilot's lien for compensation. Each vessel, its tackle, apparel and furniture and the owner thereof shall be jointly and severally liable for the compensation of any pilot employed thereon and such pilot shall have a lien upon such vessel, her tackle, apparel and furniture for such compensation. [1935 c 18 § 15; RRS § 9871-15. Prior: 1907 c 147 § 2; 1888 p 178 § 23.]

88.16.150 General penalty—Civil penalty—Jurisdiction—Disposition of fines—Failure to inform of special directions, gross misdemeanor. (1) In all cases where no other penalty is prescribed in this chapter, any violation of this chapter or of any rule or regulation of the board shall be punished as a gross misdemeanor, and all violations may be prosecuted in any court of competent jurisdiction in any county where the offense or any part thereof was committed. In any case where the offense was committed upon a ship, boat or vessel, and there is doubt as to the proper county, the same may be prosecuted in any county through any part of which the ship, boat or vessel passed, during the trip upon which the offense was committed. All fines collected for any violation of this chapter or any rule or regulation of the board shall within thirty days be paid by the official collecting the same to the state treasurer and shall be credited to the pilotage account: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended.

(2) Notwithstanding any other penalty imposed by this section, any person who shall violate the provisions of this chapter, shall be liable to a maximum civil penalty of ten thousand dollars for each violation. The board may request the attorney general or the prosecuting attorney of the county
in which any violation of this chapter occurs to bring an action for imposing the civil penalties provided for in this subsection.

Moneys collected from civil penalties shall be deposited in the pilotage account.

(3) Any master of a vessel who shall knowingly fail to inform the pilot dispatched to said vessel or any agent, owner, or operator, who shall knowingly fail to inform the pilot dispatcher, or any dispatcher who shall knowingly fail to inform the pilot actually dispatched to said vessel of any special directions mandated by the coast guard captain of the port under authority of the Ports and Waterways Safety Act of 1972, as amended, for the handling of such vessel shall be guilty of a gross misdemeanor. [1995 c 174 § 2. Prior: 1987 c 485 § 5; 1987 c 202 § 247; 1977 ex.s. c 337 § 8; 1969 ex.s. c 199 § 41; 1967 c 15 § 7; 1935 c 18 § 10; RRS § 9871-10; prior: 1888 p 179 § 27.]

Intent—1987 c 202: See note following RCW 2.04.190.

Additional notes found at www.leg.wa.gov

88.16.155 Vessel master to make certification before pilotage service offered—Procedure upon refusal—Rules—Penalties—Exception. (1) The master of any vessel which employs a Washington licensed pilot shall certify on a form prescribed by the board of pilotage commissioners that the vessel complies with:

(a) Such provisions of the United States coast guard regulations governing the safety and navigation of vessels in United States waters, as codified in Title 33 of the code of federal regulations, as the board may prescribe; and

(b) The provisions of current international agreements governing the safety, radio equipment, and pollution of vessels and other matters as ratified by the United States Senate and prescribed by the board.

(2) The master of any vessel which employs a Washington licensed pilot shall be prepared to produce, and any Washington licensed pilot employed by a vessel shall request to see, certificates of the vessel which certify and indicate that the vessel complies with subsection (1) of this section and the rules of the board promulgated pursuant to subsection (1) of this section.

(3) If the master of a vessel which employs a Washington licensed pilot cannot certify that the vessel complies with subsection (1) of this section and the rules of the board adopted pursuant to subsection (1) of this section, the master shall certify that:

(a) The vessel will comply with subsection (1) of this section before the time the vessel is scheduled to leave the waters of Washington state; and

(b) The coast guard captain of the port was notified of the noncomplying items when they were determined; and

(c) The coast guard captain of the port has authorized the vessel to proceed under such conditions as prescribed by the coast guard pursuant to its authority under federal statutes and regulations.

(4) After the board has prescribed the form required under subsection (1) of this section, no Washington licensed pilot shall offer pilotage services to any vessel on which the master has failed to make a certification required by this section. If the master fails to make a certification the pilot shall:

(a) Disembark from the vessel as soon as safely practicable; and

(b) Immediately inform the coast guard captain of the port of the conditions and circumstances by the best possible means; and

(c) Forward a written report to the board no later than twenty-four hours after disembarking from the vessel.

(5) Any Washington licensed pilot who offers pilotage services to a vessel on which the master has failed to make a certification required by this section or the rules of the board adopted under this section shall be subject to RCW 88.16.150, as now or hereafter amended, and RCW 88.16.100, as now or hereafter amended.

(6) The board shall revise the requirements enumerated in this section as necessary to reflect changes in coast guard regulations, federal statutes, and international agreements. All actions of the board under this section shall comply with chapters 34.05 and 42.30 RCW. The board shall prescribe the time and method for retention of forms which have been signed by the master of a vessel in accordance with the provisions of this section.

(7) This section shall not apply to the movement of dead ships. The board shall prescribe pursuant to chapter 34.05 RCW, after consultation with the coast guard and interested persons, for the movement of dead ships and the certification process thereon. [2008 c 128 § 13; 1977 ex.s. c 337 § 11.]

Additional notes found at www.leg.wa.gov

88.16.160 Severability and short title. If any section, subsection, sentence, clause or phrase of this chapter is for any reason held to be invalid, such decision shall not affect the validity of the remaining provisions of this chapter. This chapter may be cited as the "Pilotage Act." [1967 c 15 § 10; 1935 c 18 § 17; RRS § 9871-16.]

88.16.170 Oil tankers—Intent and purpose. Because of the danger of spills, the legislature finds that the transportation of crude oil and refined petroleum products by tankers on the Columbia river and on Puget Sound and adjacent waters creates a great potential hazard to important natural resources of the state and to jobs and incomes dependent on these resources.

The legislature recognizes that the Columbia river has many natural obstacles to navigation and shifting navigation channels that create the risk of an oil spill. The legislature also recognizes Puget Sound and adjacent waters are a relatively confined salt water environment with irregular shorelines and therefore there is a greater than usual likelihood of long-term damage from any large oil spill.

The legislature further recognizes that certain areas of the Columbia river and Puget Sound and adjacent waters have limited space for maneuvering a large oil tanker and that these waters contain many natural navigational obstacles as well as a high density of commercial and pleasure boat traffic.

For these reasons, it is important that large oil tankers be piloted by highly skilled persons who are familiar with local waters and that such tankers have sufficient capability for rapid maneuvering responses.

It is therefore the intent and purpose of RCW 88.16.180 and 88.16.190 to decrease the likelihood of oil spills on the
Columbia river and on Puget Sound and its shorelines by requiring all oil tankers above a certain size to employ licensed pilots and to be escorted by a tug or tugs while navigating on certain areas of Puget Sound and adjacent waters. [1991 c 200 § 602; 1975 1st ex.s. c 125 § 1.]

**Study authorized and directed:** "The House and Senate Transportation and Utilities Committees are authorized and directed to study the feasibility, benefits, and disadvantages of requiring similar pilot and tug assistance for vessels carrying other potentially hazardous materials and to submit their findings and recommendations prior to the 45th session of the Washington legislature in January, 1977. Such study shall also include a report on the feasibility, benefits and disadvantages of requiring vessels under tug escort to observe a speed limit, and such study shall include a discussion of the impact of a speed limit on the maneuverability of the vessel, the effectiveness of the tug escort and other legal and technical considerations material and relevant to the required study. Such study shall also include an evaluation and recommendations as to whether there should be a transfer of all duties and responsibilities of the board of pilotage commissioners to the Washington utilities and transportation commission or other state agency, and alternate methods for establishing fair and equitable rates for tug escort and pilot transfer." [1975 1st ex.s. c 125 § 5.]

Discharge of oil and hazardous substances into state waters: RCW 90.56.010 through 90.56.040.

Additional notes found at www.leg.wa.gov

88.16.180 Oil tankers—State licensed pilot required. Notwithstanding the provisions of RCW 88.16.070, any registered oil tanker of five thousand gross tons or greater, shall be required:

(1) To take a Washington state licensed pilot while navigating Puget Sound and adjacent waters and shall be liable for and pay pilotage rates pursuant to RCW 88.16.035; and

(2) To take a licensed pilot while navigating the Columbia river. [1991 c 200 § 602; 1983 c 3 § 231; 1975 1st ex.s. c 125 § 2.]

Additional notes found at www.leg.wa.gov

88.16.190 Oil tankers—Restricted waters—Standard safety features required—Exemptions. (1) Any oil tanker, whether enrolled or registered, of greater than one hundred and twenty-five thousand deadweight tons shall be prohibited from proceeding beyond a point east of a line for tug escort and pilot transfer. [1975 1st ex.s. c 125 § 5.]

Discharge of oil and hazardous substances into state waters: RCW 90.56.010 through 90.56.040.

Additional notes found at www.leg.wa.gov

88.16.195 Oil tankers—Not to exceed speed of escorting tug. An oil tanker under escort of a tug or tugs pursuant to the provisions of RCW 88.16.190 shall not exceed the service speed of the tug or tugs that are escorting the oil tanker. [1990 c 116 § 26.]

88.16.200 Vessel designed to carry liquefied natural or petroleum gas to adhere to oil tanker provisions. Any vessel designed for the purpose of carrying as its cargo liquefied natural or liquefied petroleum gas shall adhere to the provisions of RCW 88.16.190(2) as though it were an oil tanker. [2008 c 128 § 14; 1991 c 200 § 603; 1977 ex.s. c 337 § 16.]

Additional notes found at www.leg.wa.gov

Chapter 88.24 RCW

WHARVES AND LANDINGS

Sections
88.24.010 Right of riparian owner to construct—Rates.
88.24.020 County may authorize wharves and prescribe rates.
88.24.030 City or town may authorize wharves—Rates—Liability.
88.24.040 Construction requirements of wharves—When deemed incomplete.
88.24.070 County acquisition by condemnation of right-of-way.

Powers of cities and towns relative to docks and other appurtenances to harbors and shipping: RCW 35.22.280, 35.23.440, and 354.11.020.

Powers of port districts as to wharves, landings, etc.: Chapter 53.08 RCW.

88.24.010 Right of riparian owner to construct—Rates. Any person owning land adjoining any navigable waters or watercourse, within or bordering upon this state, may erect upon his or her own land any wharf or wharves, and may extend them so far into said waters or watercourses as the convenience of shipping may require; and he or she may charge for wharfage such rates shall be reasonable: PROVIDED, That he or she shall at all times leave sufficient room in the channel for the ordinary purposes of navigation. [2013 c 23 § 534; Code 1881 § 3271; 1863 p 531 § 1; 1860 p 326 § 1; 1854 p 357 § 1; RRS § 9613.]

88.24.020 County may authorize wharves and prescribe rates. (1) Whenever any person shall be desirous of erecting any wharf at the terminus of any public highway, or at any accustomed landing place, he or she may apply to the county commissioners of the proper county, who, if they shall be satisfied that the public convenience requires said wharf, may authorize the same to be erected and kept up for any length of time not exceeding twenty years. And they shall
annually prescribe the rates of wharfage and charges thereon, but there shall be no charge for the landing of passengers or their baggage.

(2) No such authority shall be granted to any person other than the owner of the land where the wharf is proposed to be erected, unless such owner shall neglect to apply for such authority; and whenever application shall be made for such authority by any person other than such owner, the board of county commissioners shall not grant the same unless proof shall be made that the applicant caused notice in writing of his or her intention to make such application, to be given by posting up at least three notices in public places in the neighborhood where the proposed wharf is to be erected and one notice at the county courthouse, twenty days prior to any regular session of the board of county commissioners at which application shall be made and by serving a copy of said notice in writing upon such owner of the land, if residing in the county, at least ten days before the session of the board of county commissioners at which the application is made.

(3) When such application is heard, if the owner of such land applies for such authority and files his or her undertaking with one or more sureties to be approved by the county commissioners in a sum not less than one hundred dollars nor more than five hundred dollars, to be fixed by the county commissioners, conditioned that such person will erect said wharf within the time therein limited, to be fixed by the county commissioners, and maintain the same and keep said wharf according to law; and if default shall at any time be made in the condition of such undertaking damages not exceeding the penalty may be recovered by any person aggrieved before any court having competent jurisdiction, then said county commissioners shall authorize such owner of the land to erect and keep such wharf.

(4) If such owner of the land does not apply as aforesaid the commissioners may authorize the same to be erected and kept by such applicant upon his or her entering into an undertaking as required of such owner of the land. [2013 c 23 § 535; 1893 c 49 § 1; Code 1881 § 3272; 1863 p 531 § 2; 1854 p 537 § 2; RRS § 9614.]

§ 240.030 City or town may authorize wharves—Rates—Liability. Whenever any person or persons shall be desirous of erecting a wharf at the terminus of any street of any incorporated town or city in the state, he or she or they may apply to the municipal authorities of such town or city who, if they shall be satisfied that the public convenience requires said wharf, may authorize the same to be erected and kept in repair for any length of time not exceeding ten years; and every person building, owning or occupying a wharf in this state, upon which wharfage is charged and received, shall be held accountable to the owner or owners, consignees or agents, for any and all damage done to property stored upon, or passing over said wharf, in consequence of the unfinished, incomplete, or insufficient condition of said wharf; and every such person shall post or cause to be posted in a conspicuous place on said wharf the established rates of wharfage, noting passengers and their baggage free. [2013 c 23 § 536; Code 1881 § 3273; 1863 p 531 § 3; RRS § 9615.]

§ 240.040 Construction requirements of wharves—When deemed incomplete. All wharves now standing, or hereafter to be built, in this state, shall be deemed insufficient, incomplete and unfinished unless they have good and substantial banisters or railing on the sides thereof, or a strip of hewn timber at least eight by ten inches square, well secured all around said wharves within ten inches of the outer edge thereof, except at the ends. [Code 1881 § 3274; 1863 p 532 § 4; 1860 p 327 § 2; RRS § 9616.]
(5) "Transient vessel" means a vessel using a private moorage facility and that belongs to an owner who does not have a moorage agreement with the private moorage facility operator. Transient vessels include, but are not limited to, vessels seeking a harbor or refuge, day use, or overnight use of a private moorage facility on a space-as-available basis. Transient vessels may also include vessels taken into custody under RCW 79.100.040.

(6) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water. "Vessel" includes any trailer used for the transportation of watercraft. [2014 c 195 § 204; 1993 c 474 § 1.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Findings—Intent—2014 c 195: See notes following RCW 79.100.170 and 79.100.180.

88.26.020 Securing vessels—Notice—Moving vessels ashore—Regaining possession—Abandoned vessels—
Public sale. (1) Any private moorage facility operator may take reasonable measures, including the use of chains, ropes, and locks, or removal from the water, to secure vessels within the private moorage facility so that the vessels are in the possession and control of the operator and cannot be removed from the facility. These procedures may be used if an owner mooring or storing a vessel at the facility fails, after being notified that charges are owing and of the owner's right to commence legal proceedings to contest that such charges are owing, to pay charges owed or to commence legal proceedings. Notification shall be by two separate letters, one sent by first-class mail and one sent by registered mail to the owner and any lienholder of record at the last known address. In the case of a transient vessel, or where no address was furnished by the owner, the operator need not give notice prior to securing the vessel. At the time of securing the vessel, an operator shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

(a) The date and time the notice was attached;

(b) A statement that if the account is not paid in full within ninety days from the time the notice is attached the vessel may be sold at public auction to satisfy the charges; and

(c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner and any lienholder of record by registered mail in order to give the owner the information contained in the notice.

(2) A private moorage facility operator, at his or her discretion, may move moored vessels ashore for storage within properties under the operator's control or for storage with a private person under their control as bailees of the private moorage facility, if the vessel is, in the opinion of the operator, a nuisance, in danger of sinking or creating other damage, or is owing charges. The costs of any such procedure shall be paid by the vessel's owner.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the private operator for charges may regain possession of the vessel by:

(a) Making arrangements satisfactory with the operator for the immediate removal of the vessel from the facility or for authorized moorage; and

(b) Making payment to the operator of all charges, or by posting with the operator a sufficient cash bond or other acceptable security, to be held in trust by the operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the operator shall receive so much of the bond or other security as agreed, or as is necessary, to satisfy any judgment, costs, and interest as may be awarded to the operator. The balance shall be refunded immediately to the owner at the last known address.

(4) If a vessel has been secured by the operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel is conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a private moorage facility is abandoned, the operator may authorize the public sale of the vessel by authorized personnel, consistent with this section, to the highest and best bidder for cash as follows:

(a) Before the vessel is sold, the vessel owner and any lienholder of record shall be given at least twenty days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the facility is located. This notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The operator may bid all or part of its charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of charges owing. This lawsuit must be commenced within sixty days of the date the notification was provided under subsection (1) of this section, or the right to a hearing is deemed waived and the owner is liable for any charges owing the operator. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall be applied first to the payment of any liens superior to the claim for charges, then to payment of the charges, then to satisfy any other liens on the vessel in the order of their priority. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the operator within one year of the date of the sale, the excess funds from
the sale shall revert to the department of revenue under chapter 63.29 RCW. If the sale is for a sum less than the applicable charges, the operator is entitled to assert a claim for deficiency, however, the deficiency judgment shall not exceed the moorage fees owed for the previous six-month period.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the operator.

(e) Either a minimum bid may be established or a letter of credit may be required from the buyer, or both, to discourage the future abandonment of the vessel.

(6) The rights granted to a private moorage facility operator under this section are in addition to any other legal rights an operator may have to hold and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel. [2013 c 291 § 41; 1993 c 474 § 2.]

88.26.030 Insurance requirements. (1) Every private moorage facility operator must:

(a) Obtain and maintain insurance coverage for the private moorage facility;

(b) Require, as a condition of moorage, all vessels other than transient vessels to provide proof of marine insurance to the moorage facility.

(2) Unless rules adopted by the department of natural resources require otherwise, insurance maintained by private moorage facility operators and required of moored vessels must:

(a) Provide coverage at liability limits of at least three hundred thousand dollars per occurrence; and

(b) Include, at a minimum, general, legal, and pollution liability coverage.

(3) The purchaser of marine insurance under this section may satisfy the requirements of this section through the purchase of multiple policies as necessary.

(4) The requirement under this section for private moorage facility operators to require proof of marine insurance from mooring vessels applies whenever a private moorage facility operator enters an initial or renewal moorage agreement after June 12, 2014. The private moorage facility operator is not required to verify independently whether a mooring vessel's insurance policy meets the requirements of this section and is not responsible for any change in insurance coverage applicable to the vessel that occurs after the initial agreement is entered into or in the time period between agreement renewals.

(5) Any private moorage facility operator who fails to satisfy the requirements of this section incurs secondary liability under RCW 79.100.060 for any vessel located at the private moorage facility that meets the definition of derelict vessel or abandoned vessel as those terms are defined in RCW 79.100.010. [2014 c 195 § 202.]

Findings—Intent—2014 c 195: See notes following RCW 79.100.170 and 79.100.180.

88.32.010 Districts authorized. Every county in this state is hereby authorized and empowered, by and through its county commissioners, whenever the government of the United States is intending or proposing the construction or operation of any river, lake, canal or harbor improvement, partly or wholly within such county, and whenever said board of county commissioners shall adjudge, upon a petition there-
River and Harbor Improvements
mission to be notified of their appointment in a notice that
shall name all such persons and shall designate the time and
place of the first meeting of the commission. The commission, having come together pursuant to such notice, and its
members having taken the oath hereinbefore prescribed, shall
have full powers to organize and proceed with its business as
a deliberative body. [1907 c 236 § 18; RRS § 9686.]
88.32.040 Establishment of assessment district—
Assessments—State lands. It shall be the duty of such commission to define and establish an assessment district, within
such county, comprising all the taxable real property, and
also (with the limitations hereinafter expressed) the state
shorelands, which shall be specially benefited by said river,
lake, canal, or harbor improvement, and to apportion and
assess the amount of separate, special, and particular benefits
against each lot, block, parcel, or tract of land or shoreland
within such district, by reason of such improvement. The
commission in making the assessment shall include in the
properties upon which the assessment is laid, all shorelands
of the state, whether unsold or under contract of sale and subject to sale by it and as against all purchasers from the state or
under contract to purchase such lands, the assessment shall be
a charge upon such land and the purchaser's interest therein.
The county auditor shall certify to the state commissioner of
public lands a schedule of the state shorelands so assessed
and of the assessment thereon, and the purchaser shall from
time to time pay to the proper county treasurer the sums due
and unpaid under such assessment, and at the time of such
payment the county treasurer shall give him or her, in addition to a regular receipt for such payment, a certificate that
such payment has been made, which certificate the purchaser
shall immediately file with the commissioner of public lands,
and no patent from the state nor deed shall issue to such purchaser, nor shall any assignment of his or her contract to purchase be approved by the commissioner of public lands until
every matured installment of such assessment shall have first
been fully paid and satisfied: PROVIDED, HOWEVER, That
no such assessment shall create any charge against such
shoreland or affect the title thereof as against the state, and
the state shall be as free to forfeit or annul such contract and
again sell such land as if the assessment had never been
made, and in case of such forfeiture or annulment the state
shall be free to sell again such land entirely disembarrassed
and unencumbered of all right and claim of such former purchaser, and such purchaser shall have no right, interest, or
claim upon or against such land or the state or such new purchaser or at all, but every such sum paid by such former purchaser upon such assessment shall be utterly forfeited as
against him or her, his or her personal representatives and
assigns, and shall inure to the benefit of such new purchaser.
[2013 c 23 § 538; 1907 c 236 § 3; RRS § 9671. Formerly

88.32.040 Establishment of assessment district—Assessments—State lands.
88.32.040

88.32.060 Assessment roll. Such commission shall
also make, or cause to be made, an assessment roll, in which
shall appear the names of the owners of the property
assessed, so far as known, the description of each lot, block,
parcel or tract of land within such assessment district, and the
amount assessed against the same, as separate, special or particular benefits, and certify such assessment roll to the board

of county commissioners, of such county, within ten weeks
after their appointment, or within such further time as may be
allowed by the board of county commissioners of such
county. [1907 c 236 § 4; RRS § 9672. Prior: 1905 c 104 § 1;
1903 c 143 § 21.]
88.32.070 Hearing on roll—Date—Notice. After the
return of the assessment roll to the county legislative authority it shall make an order setting a day for the hearing upon
any objections to the assessment roll by any parties affected
thereby who shall be heard by the county legislative authority
as a board of equalization, which date shall be at least twenty
days after the filing of such roll. It shall be the duty of the
county legislative authority to give, or cause to be given,
notice of such assessment, and of the day fixed for the hearing, as follows:
(1) They shall send or cause to be sent, by mail, to each
owner of premises assessed, whose name and place of residence is known to them, a notice, substantially in this form,
to wit:
88.32.070 Hearing on roll—Date—Notice.
88.32.070

". . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . . .
"Your property (here describe the property) is assessed
$. . . . . . for river and harbor improvement to be made in this
county.
"Hearing on the assessment roll will be had before the
undersigned, at the office of the county commissioners, on
the . . . . day of . . . . . . 19. . .
...............................
...............................
...............................
"Board of county commissioners."
But failure to send, or cause to be sent, such notice, shall
not be fatal to the proceedings herein prescribed.
(2) They shall cause at least ten days' notice of the hearing to be given by posting notice in at least ten public places
in the county, three of which shall be in the neighborhood of
the proposed improvement, and by publishing the same at
least once a week for two consecutive weeks in the official
newspaper of the county which notice shall be signed by the
county legislative authority, and shall state the day and place
of the hearing of objections to the assessment roll, and the
nature of the improvement, and that all interested parties will
be heard as to any objections to said assessment roll. [1985 c
469 § 95; 1907 c 236 § 5; RRS § 9673.]
88.32.080 Hearing on roll—Objections—Certification for collection. Any person interested in any real estate
affected by such assessment may appear and file objections
to the assessment roll, and the board of county commissioners may make an order regarding the time of filing such
objections, as to them seems proper. As to all parcels, lots or
blocks as to which no objections are filed within the time so
fixed, the assessment thereon shall be confirmed. On the
hearing, each party may offer proof and the board shall then
have authority to affirm, modify, change and determine the
assessment in such sum as to them appears just and right.
When the assessment is finally equalized and fixed by the
board of county commissioners, the clerk thereof shall certify
the same to the county treasurer for collection, or if appeal
88.32.080 Hearing on roll—Objections—Certification for collection.
88.32.080

[Title 88 RCW—page 31]


88.32.090 Appeal from final assessment. Any person who feels aggrieved by the final assessment made against any lot, block, or parcel of land owned by him or her may appeal therefrom to the superior court of such county. Such appeal shall be taken within the time, and substantially in the manner prescribed by the laws of this state for appeals from justice's courts. All notices of appeal shall be filed with the board of county commissioners, and served upon the prosecuting attorney of the county. The clerk of the board of county commissioners shall at appellant's expense certify to the superior court so much of the record, as appellant may request, and the cause shall be tried in the superior court de novo.

Any person aggrieved by any final order or judgment, made by the superior court concerning any assessment authorized by RCW 88.32.010 through 88.32.220, may seek appellate review of the order or judgment in accordance with the laws of this state relative to such review, except that review authorized by RCW 88.32.010 through 88.32.220, may seek appellate review of the order or judgment in accordance with the laws of this state relative to such review, except that review shall be sought within thirty days after the entry of such judgment. All notices of appeal shall be filed with the board of county commissioners and served upon the prosecuting attorney of the county. The clerk of the board of county commissioners shall at appellant's expense certify to the superior court so much of the record, as appellant may request, and the cause shall be tried in the superior court de novo.

88.32.100 Lien of assessment—Collection—Payment—Interest. The final assessment shall be a lien, paramount to all other liens, except liens for taxes and other special assessments, upon the property assessed, from the time the assessment roll shall be approved by said board of county commissioners and placed in the hands of the county treasurer, as collector. After said roll shall have been delivered to the county treasurer for collection, he or she shall proceed to collect the same, in the manner as other taxes are collected: PROVIDED, That such treasurer shall give at least ten days' notice in the official newspaper (and shall mail a copy of such notice to the owner of the property assessed, when the post office address of such owner is known, but failure to mail such notice shall not be fatal when publication thereof is made), that such roll has been certified to him or her for collection, and that unless payment be made within thirty days from the date of such notice, that the sum charged against each lot or parcel of land shall be paid in not more than ten equal annual payments, with interest upon the whole sum so charged at a rate not to exceed seven percent per annum. Said interest shall be paid semiannually, and the county treasurer shall proceed to collect the amount due each year by the publication of notice as hereinabove provided.

88.32.130 Local improvement fund—Disbursements. All moneys paid or collected on account of any assessments made pursuant to RCW 88.32.010 through 88.32.220, shall be kept by the county treasurer in the county depository separate and apart from the other funds of the county, in a fund to be established by the board of county commissioners and to be known as "Local Improvement Fund, District No. . . . . of . . . . . . County"; and said money shall at all times be subject to the order of the United States government engineer, having said river and harbor improvement in said county in charge, and the county treasurer shall pay said money out upon drafts, drawn upon said fund, for the cost of said improvement, by said United States government engineer. If such government engineer is unable or unauthorized to act in the premises, then the county treasurer shall pay out said money for the costs of said improvement, upon the order of the board of county commissioners.

88.32.140 Bonds—Issuance—Sale—Form. (1) In all cases, the county, as the agent of the local improvement district, shall, by resolution of its county legislative authority, cause to be issued in the name of the county, the bonds for such local improvement district for the whole estimated cost of such improvement, less such amounts as shall have been paid within the thirty days provided for redemption, as hereinafore specified. Such bonds shall be called "Local Improvement Bonds, District No. . . . ., County of . . . . . ., State of Washington", and shall be payable not more than ten years after date, and shall be subject to annual call by the county treasurer, in such manner and amounts as he or she may have cash on hand to pay the same in the respective local improvement fund from which such bonds are payable, interest to be paid at the office of the county treasurer. Such bonds shall be issued and delivered to the contractor for the work from month to month in such amounts as the engineer of the government, in charge of the improvement, shall certify to be due on account of work performed, or, if said county legislative authority resolves so to do, such bonds may be offered for sale after thirty days public notice thereof given, to be delivered to the highest bidder therefor, but in no case shall such bonds be sold for less than par, the proceeds to be applied in payment for such improvement: PROVIDED, That unless the contractor for the work shall agree to take such bonds in payment for his or her work at par, such work shall not be begun until the bonds shall have been sold and the proceeds shall have been paid into a fund to be called "Local Improvement Fund No. . . . ., County of . . . . . .", and the owner or owners of such bonds shall look only to such fund for the payment of either the principal or interest of such bonds.

Such bonds shall be issued in denominations of one hundred dollars each, and shall be substantially in the following form:

"Local Improvement Bond, District Number . . . . of the County of . . . . . ., State of Washington.

No. . . . . N.B. . . . . $ . . . .

This bond is not a general debt of the county of . . . . . . and has not been authorized by the voters of said county as a part of its general indebtedness. It is issued in pursuance of an act of the legislature of the state of Washington, passed the . . . . day of . . . . A.D. 1907, and is a charge against the fund herein specified and its issuance and sale is authorized by the resolution of the county legislative authority, passed on the . . . . day of . . . . A.D. 1907. The county of . . . . , a municipal corporation of the state of Washington, hereby promises to pay to . . . . , or bearer, one hundred dollars, lawful money of the United States of America, out of the fund.
River and Harbor Improvements

88.32.180

Improvement by counties jointly. Two or more adjoining counties, in which are lands to be benefited by any such improvement as is hereinbefore mentioned, and as will be partly or wholly within one or more of them, may jointly take advantage of the provisions of RCW 88.32.010 through 88.32.220, and the procedure in such cases shall, as nearly as may be, conform to the procedure above prescribed.

(2014 Ed.)
but with the modifications hereinafter expressed. [1907 c 236 § 13; RRS § 9681.]

88.32.190 Improvement by counties jointly—Procedure. In every case of such joint action, the preliminary procedure of RCW 88.32.010 having been first had in each county severally, the board of county commissioners of the several counties proposing to join shall unite in such an application as is prescribed in RCW 88.32.020, and the application shall be made to any person, who, for the time being, shall be a judge of the United States district court in any district in which such counties, or any of them, may lie, and the list mentioned in RCW 88.32.020 shall be made in as many counterparts as there are counties so joining, and one counterpart shall be filed with the board of county commissioners of each county, and if the person who is such United States judge shall decline or be unable to act, then, the board of such counties shall meet in joint session, at the county seat of such one of the counties as shall be agreed upon and shall organize as a joint board by appointing a chair and clerk, and by resolution in which a majority of all the commissioners present, and at least one commissioner from each county, shall concur, name the eleven persons for the commission, which eleven in such case shall be citizens of the counties concerned, and as nearly as may be the same number from each county. A counterpart of such resolution shall be recorded in the minutes of the proceedings of the board of each county. The commission shall make as many assessment rolls as there are counties joining and one counterpart roll shall be certified by such chair and clerk of the joint board, and by such clerk filed with the board of each of such counties. [2013 c 23 § 544; 1907 c 236 § 14; RRS § 9682.]

88.32.200 Improvement by counties jointly—Joint board of equalization. For purposes of a board of equalization, said boards shall from time to time meet as a joint board as aforesaid, and have a chair and clerk as aforesaid, and for all purposes under RCW 88.32.070 and 88.32.080, in case of counties joining, the word board wherever occurring in said sections shall be interpreted to mean such joint board, and the word clerk shall be deemed to mean the clerk of such joint board, and the posting of notices shall be in at least ten public places in each county, and the publication of the same shall be in a newspaper of each county, and the objections mentioned in RCW 88.32.080 shall be filed with the clerk of the joint board, who shall cause a copy thereof, certified by him or her to be filed with the clerk of the board of county commissioners of the county where the real estate of the party objecting is situated. [2013 c 23 § 545; 1907 c 236 § 15; RRS § 9683.]

88.32.210 Improvement by counties jointly—Joint assessment roll—Filing, appeals, subsequent proceedings. The minutes of the proceedings of the joint board and the assessment roll as finally settled by such board shall be made up in as many counterparts as there are counties joining as aforesaid, and shall be signed by the chair and clerk of said board, and one of said counterparts so signed shall be filed by said clerk with the clerk of the board of county commissioners of each of said counties, and any appeals and subsequent proceedings under RCW 88.32.090 to 88.32.170, inclusive, as far as relates to real estate in any individual county, shall be as nearly as may be the same as if the local improvement district and bond issue concerned that county only. [2013 c 23 § 546; 1907 c 236 § 16; RRS § 9684.]

88.32.220 Improvement by counties jointly—Expenses of joint board. The joint board shall keep careful account of its necessary expenses and shall apportion and charge the same to the counties joining, and certify to the board of county commissioners of each such county an itemized statement of the entire account and of the proportionate part of such expense charged to such county and the board of county commissioners of such county shall cause the same to be paid out of the general fund of the county. [1907 c 236 § 17; RRS § 9685.]

County current expense fund: RCW 36.33.010.

88.32.230 Joint aid river and harbor improvements—Bonds—Election. Whenever the county legislative authority of any county with a population of one hundred twenty-five thousand or more deems it for the interest of the county to engage in or to aid the United States of America, the state of Washington, or any adjoining county or any city of this state, or any of them, in construction, enlargement, improvement, modification, repair or operation of any harbor, canal, waterway, river channel, slip, dock, wharf, or other public improvement, or any of the same, for the purposes of commerce, navigation, sanitation and drainage, or any thereof, or to acquire or operate wharf sites, dock sites, or other properties, rights or interests, or any thereof, necessary or proper to be acquired or operated for public enjoyment of any such public improvement, and to incur indebtedness to meet the cost thereof and expenses connected therewith, and issue bonds of the county for the payment of such indebtedness, or any thereof, such county is hereby authorized and empowered, by and through its county legislative authority, to engage in or aid in any such public work or works, operation or acquisition, as aforesaid, and to incur indebtedness for such purpose or purposes to an amount, which, together with the then existing indebtedness of such county, shall not exceed two and one-half percent of the value of the taxable property in said county, as the term "value of the taxable property" is defined in RCW 39.36.015, and to issue the negotiable bonds of the county for all or any of such indebtedness and for the payment thereof, in the manner and form and as provided in chapter 39.46 RCW, and other laws of this state which shall then be in force, and to make part or all of such payment in bonds or in moneys derived from sale or sales thereof, or partly in such bonds and partly in such money: PROVIDED, That the county legislative authority shall have first submitted the question of incurring such indebtedness to the voters of the county at a general or special election, and three-fifths of the voters voting upon the question shall have voted in favor of incurring the same. [1991 c 363 § 161; 1970 ex.s. c 42 § 37; 1911 c 3 § 1; RRS § 9666. FORMER PART OF SECTION: 1911 c 3 § 2 now codified as RCW 88.32.235.]

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180. Bonds, generally as to form, etc.: Chapter 39.44 RCW.

Additional notes found at www.leg.wa.gov
88.40.025 Evidence of financial responsibility for onshore or offshore vessels. Any county, city, or port district designated in such a contract shall participate in the joint board. The joint board shall employ such help and services as may be required and fix the compensation to be paid for the services. The joint board shall consult with the corps of engineers, department of the army, and with the state secretary of transportation and the state director of ecology in furtherance of federal and state of Washington interests in the purposes of this chapter. [1984 c 7 § 383; 1951 c 33 § 1.]

88.40.040 Entry or operation on state waters—Financial responsibility. (1) "Barge" means a vessel that is not self-propelled.

(2) "Cargo vessel" means a self-propelled ship in commerce, other than a tank vessel, fishing vessel, or a passenger vessel, of three hundred or more gross tons.

(3) "Bulk" means material that is stored or transported in a loose, unpackaged liquid, powder, or granular form capable of being conveyed by a pipe, bucket, chute, or belt system.

(4) "Covered vessel" means a tank vessel, cargo vessel, or passenger vessel.

(5) "Department" means the department of ecology.

(6) "Director" means the director of the department of ecology.

(7)(a) "Facility" means any structure, group of structures, equipment, pipeline, or device, other than a vessel, located on or near the navigable waters of the state that transfers oil in bulk to or from any vessel with an oil-carrying capacity over two hundred fifty barrels or pipeline, that is used for producing, storing, handling, transferring, processing, or transporting oil in bulk.

(b) A facility does not include any: (i) Railroad car, motor vehicle, or other rolling stock while transporting oil over the highways or rail lines of this state; (ii) retail motor vehicle motor fuel outlet; (iii) facility that is operated as part of an exempt agricultural activity as provided in RCW 88.32.235; (iv) underground storage tank regulated by the department or a local government under chapter 90.76 RCW; or (v) marine fuel outlet that does not dispense more than three thousand gallons of fuel to a ship that is not a covered vessel, in a single transaction.

(8) "Fishing vessel" means a self-propelled commercial vessel of three hundred or more gross tons that is used for catching or processing fish.

(9) "Gross tons" means tonnage as determined by the United States coast guard under 33 C.F.R. section 138.30.

(10) "Hazardous substances" means any substance listed as of March 1, 2003, in Table 302.4 of 40 C.F.R. Part 302 adopted under section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980, as amended by P.L. 99-499. The following are not hazardous substances for purposes of this chapter:

(a) Wastes listed as F001 through F028 in Table 302.4; and

(b) Wastes listed as K001 through K136 in Table 302.4.

(11) "Navigable waters of the state" means those waters of the state, and their adjoining shorelines, that are subject to the ebb and flow of the tide and/or are presently used, have

88.40.005 Intent. The legislature recognizes that oil and hazardous substance spills and other forms of incremental pollution present serious danger to the fragile marine environment of Washington state. It is the intent and purpose of this chapter to define and prescribe financial responsibility requirements for vessels that transport petroleum products as cargo or as fuel across the waters of the state of Washington and for facilities that store, handle, or transfer oil or hazardous substances in bulk on or near the navigable waters. [1991 c 200 § 701; 1990 c 116 § 29; 1989 1st ex.s. c 2 § 1.]

Additional notes found at www.leg.wa.gov
been used in the past, or may be susceptible for use to transport intrastate, interstate, or foreign commerce.

(12) "Oil" or "oils" means oil of any kind that is liquid at atmospheric temperature and any fractionation thereof, including, but not limited to, crude oil, petroleum, gasoline, fuel oil, diesel oil, biological oils and blends, oil sludge, oil refuse, and oil mixed with wastes other than dredged spoil. Oil does not include any substance listed as of March 1, 2003, in Table 302.4 of 40 C.F.R. Part 302 adopted under section 101 (14) of the federal comprehensive environmental response, compensation, and liability act of 1980, as amended by P.L. 99-499.

(13) "Offshore facility" means any facility located in, on, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, on, or under any land of the state, other than submerged land.

(14) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(15)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

(16) "Passenger vessel" means a ship of three hundred or more gross tons with a fuel capacity of at least six thousand gallons carrying passengers for compensation.

(17) "Ship" means any boat, ship, vessel, barge, or other floating craft of any kind.

(18) "Spill" means an unauthorized discharge of oil into the waters of the state.

(19) "Tank vessel" means a ship that is constructed or adapted to carry, or that carries, oil in bulk as cargo or cargo residue, and that:

(a) Operates on the waters of the state; or
(b) Transfers oil in a port or place subject to the jurisdiction of this state.

(20) "Waters of the state" includes lakes, rivers, ponds, streams, inland waters, underground water, salt waters, estuaries, tidal flats, beaches and lands adjoining the seacoast of the state, sewers, and all other surface waters and watercourses within the jurisdiction of the state of Washington. [2007 c 347 § 4; 2003 c 56 § 2; 2000 c 69 § 30; 1992 c 73 § 12; 1991 c 200 § 702. ]

Finding—Intent—2003 c 56: "The legislature finds that the current financial responsibility laws for vessels are in need of update and revision. The legislature intends that, whenever possible, the standards set for Washington state provide the highest level of protection consistent with other western states and to ultimately achieve a more uniform system of financial responsibility on the Pacific Coast." [2003 c 56 § 1.]

Additional notes found at www.leg.wa.gov

88.40.020 Evidence of financial responsibility for vessels. (1) Any barge that transports hazardous substances in bulk as cargo, using any port or place in the state of Washington or the navigable waters of the state shall establish evidence of financial responsibility in the amount of the greater of five million dollars, or three hundred dollars per gross ton of such vessel.

(2)(a) Except as provided in (b) or (c) of this subsection, a tank vessel that carries oil as cargo in bulk shall demonstrate financial responsibility to pay at least five hundred million dollars. The amount of financial responsibility required under this subsection is one billion dollars after January 1, 2004.

(b) The director by rule may establish a lesser standard of financial responsibility for tank vessels of three hundred gross tons or less. The standard shall set the level of financial responsibility based on the quantity of cargo the tank vessel is capable of carrying. The director shall not set the standard for tank vessels of three hundred gross tons or less below that required under federal law.

(c) The owner or operator of a tank vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a tank vessel to prove membership in such an organization.

(3)(a) A cargo vessel or passenger vessel that carries oil as fuel shall demonstrate financial responsibility to pay at least three hundred million dollars. However, a passenger vessel that transports passengers and vehicles between Washington state and a foreign country shall demonstrate financial responsibility to pay the greater of at least six hundred dollars per gross ton or five hundred thousand dollars.

(b) The owner or operator of a cargo vessel or passenger vessel who is a member of an international protection and indemnity mutual organization and is covered for oil pollution risks up to the amounts required under this section is not required to demonstrate financial responsibility under this chapter. The director may require the owner or operator of a cargo vessel or passenger vessel to prove membership in such an organization.

(4) A fishing vessel while on the navigable waters of the state must demonstrate financial responsibility in the following amounts: (a) For a fishing vessel carrying predominantly nonpersistent product, one hundred thirty-three dollars and forty cents per incident, for each barrel of total oil storage capacity, persistent and nonpersistent product, on the vessel or one million three hundred thirty-four thousand dollars, whichever is greater; or (b) for a fishing vessel carrying predominantly persistent product, four hundred dollars and twenty cents per incident, for each barrel of total oil storage capacity, persistent product and nonpersistent product, on the vessel or six million six hundred seventeen thousand dollars, whichever is greater.

(5) The documentation of financial responsibility shall demonstrate the ability of the document holder to meet state and federal financial liability requirements for the actual costs for removal of oil spills, for natural resource damages, and for necessary expenses.

(6) This section shall not apply to a covered vessel owned or operated by the federal government or by a state or local government. [2003 c 91 § 3; 2003 c 56 § 3; 2000 c 69 §
Vessel Oil Spill Prevention and Response

88.46.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Best achievable protection" means the highest level of protection that can be achieved through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The director's determination of best achievable protection shall be guided by the critical requirements of this chapter or rules adopted under this chapter, except when necessary to avoid injury to the vessel's crew or passengers. Any vessel owner or operator that does not meet the financial responsibility requirements of this chapter and any rules prescribed thereunder or the federal oil pollution act of 1990 shall be reported by the department to the United States coast guard.

(2) The department shall enforce section 1016 of the federal oil pollution act of 1990 as authorized by section 1019 of the federal act. [2003 c 56; 2000 c 69 § 33; 1992 c 73 § 14; 1991 c 200 § 706; 1989 1st ex.s. c 2 § 5.]

Additional notes found at www.leg.wa.gov
need to protect the state's natural resources and waters, while considering:

(a) The additional protection provided by the measures;  
(b) The technological achievability of the measures; and  
(c) The cost of the measures.

(2)(a) "Best achievable technology" means the technology that provides the greatest degree of protection taking into consideration:

(i) Processes that are being developed, or could feasibly be developed, given overall reasonable expenditures on research and development; and  
(ii) Processes that are currently in use.  
(b) In determining what is best achievable technology, the director shall consider the effectiveness, engineering feasibility, and commercial availability of the technology.

(3) "Bulk" means material that is stored or transported in a loose, unpackaged liquid, powder, or granular form capable of being conveyed by a pipe, bucket, chute, or belt system.

(4) "Cargo vessel" means a self-propelled ship in commerce, other than a tank vessel or a passenger vessel, of three hundred or more gross tons, including but not limited to, commercial fish processing vessels and freighters.

(5) "Covered vessel" means a tank vessel, cargo vessel, or passenger vessel.

(6) "Department" means the department of ecology.

(7) "Director" means the director of the department of ecology.

(8) "Discharge" means any spilling, leaking, pumping, pouring, emitting, emptying, or dumping.

(9)(a) "Facility" means any structure, group of structures, equipment, pipeline, or device, other than a vessel, located on or near the navigable waters of the state that transfers oil in bulk to or from a tank vessel or pipeline, that is used for producing, storing, handling, transferring, processing, or transporting oil in bulk.

(b) A facility does not include any: (i) Railroad car, motor vehicle, or other rolling stock while transporting oil over the highways or rail lines of this state; (ii) retail motor vehicle motor fuel outlet; (iii) facility that is operated as part of an exempt agricultural activity as provided in RCW 82.04.330; (iv) underground storage tank regulated by the department or a local government under chapter 90.76 RCW; or (v) marine fuel outlet that does not dispense more than three thousand gallons of fuel to a ship that is not a covered vessel, in a single transaction.

(10) "Marine facility" means any facility used for tank vessel wharfage or anchorage, including any equipment used for the purpose of handling or transferring oil in bulk to or from a tank vessel.

(11) "Navigable waters of the state" means those waters of the state, and their adjoining shorelines, that are subject to the ebb and flow of the tide and/or are presently used, have been used in the past, or may be susceptible for use to transport intrastate, interstate, or foreign commerce.

(12) "Offshore facility" means any facility located in, on, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, on, or under any land of the state, other than submerged land. "Offshore facility" does not include a marine facility.

(13) "Oil" or "oils" means oil of any kind that is liquid at atmospheric temperature and any fractionation thereof, including, but not limited to, crude oil, petroleum, gasoline, fuel oil, diesel oil, biological oils and blends, oil sludge, oil refuse, and oil mixed with wastes other than dredged spoil. Oil does not include any substance listed in Table 302.4 of 40 C.F.R. Part 302 adopted August 14, 1989, under section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980, as amended by P.L. 99-499.

(14) "Onshore facility" means any facility any part of which is located in, on, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(15)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

(16) "Passenger vessel" means a ship of three hundred or more gross tons with a fuel capacity of at least six thousand gallons carrying passengers for compensation.

(17) "Person" means any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual, or any other entity whatsoever.

(18) "Race Rocks light" means the nautical landmark located southwest of the city of Victoria, British Columbia.

(19) "Regional vessels of opportunity response group" means a group of nondedicated vessels participating in a vessels of opportunity response system to respond when needed and available to spills in a defined geographic area.

(20) "Severe weather conditions" means observed nautical conditions with sustained winds measured at forty knots and wave heights measured between twelve and eighteen feet.

(21) "Ship" means any boat, ship, vessel, barge, or other floating craft of any kind.

(22) "Spill" means an unauthorized discharge of oil into the waters of the state.

(23) "Strait of Juan de Fuca" means waters off the northern coast of the Olympic Peninsula seaward of a line drawn from New Dungeness light in Clallam county to Discovery Island light on Vancouver Island, British Columbia, Canada.

(24) "Tank vessel" means a ship that is constructed or adapted to carry, or that carries, oil in bulk as cargo or cargo residue, and that:

(a) Operates on the waters of the state; or  
(b) Transfers oil in a port or place subject to the jurisdiction of this state.

(25) "Umbrella plan holder" means a nonprofit corporation established consistent with this chapter for the purposes of providing oil spill response and contingency plan coverage.

(26) "Vessel emergency" means a substantial threat of pollution originating from a covered vessel, including loss or
serious degradation of propulsion, steering, means of navigation, primary electrical generating capability, and seakeeping capability.

(27) "Vessels of opportunity response system" means nondedicated boats and operators, including fishing and other vessels, that are under contract with and equipped by contingency plan holders to assist with oil spill response activities, including on-water oil recovery in the near shore environment and the placement of oil spill containment booms to protect sensitive habitats.

(28) "Volunteer coordination system" means an oil spill response system that, before a spill occurs, prepares for the coordination of volunteers to assist with appropriate oil spill response activities, which may include shoreline protection and cleanup, wildlife recovery, field observation, light construction, facility maintenance, donations management, clerical support, and other aspects of a spill response.

(29) "Waters of the state" includes lakes, rivers, ponds, streams, inland waters, underground water, salt waters, estuaries, tidal flats, beaches and lands adjoining the seacoast of the state, sewers, and all other surface waters and watercourses within the jurisdiction of the state of Washington.

(30) "Worst case spill" means: (a) In the case of a vessel, a spill of the entire cargo and fuel of the vessel complicated by adverse weather conditions; and (b) in the case of an onshore or offshore facility, the largest foreseeable spill in construction, facility maintenance, donations management, clerical support, and other aspects of a spill response.

(3) The state tank vessel inspection program shall ensure that all tank vessels entering state waters are inspected at least annually. To the maximum extent feasible, the state program shall consist of the monitoring of existing tank vessel inspection programs conducted by the federal government. The department shall consult with the coast guard regarding the tank vessel inspection program. Any tank vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port.

(4) Any violation of coast guard or other federal regulations uncovered during a state tank vessel inspection shall be immediately reported to the appropriate agency. [2000 c 69 § 3; 1991 c 200 § 416.]

88.46.040 Prevention plans. (1) The owner or operator for each tank vessel shall prepare and submit to the department an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the department in the time and manner directed by the department. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 88.46.060. The department may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The department, by rule, shall establish standards for spill prevention plans.

(2) The spill prevention plan for a tank vessel or a fleet of tank vessels operated by the same operator shall:

(a) Establish compliance with the federal oil pollution act of 1990 and state and federal financial responsibility requirements, if applicable;

(b) State all discharges of oil of more than twenty-five barrels from the vessel within the prior five years and what measures have been taken to prevent a reoccurrence;

(c) Describe all accidents, collisions, groundings, and near miss incidents in which the vessel has been involved in the prior five years, analyze the causes, and state the measures that have been taken to prevent a reoccurrence;

(d) Describe the vessel operations with respect to staffing standards;

(e) Describe the vessel inspection program carried out by the owner or operator of the vessel;

(f) Describe the training given to vessel crews with respect to spill prevention;

(g) Establish compliance with federal drug and alcohol programs;

(h) Describe all spill prevention technology that has been incorporated into the vessel;

(i) Describe the procedures used by the vessel owner or operator to ensure English language proficiency of at least one bridge officer while on duty in waters of the state;

(j) Describe relevant prevention measures incorporated in any applicable regional marine spill safety plan that have not been adopted and the reasons for that decision; and

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) The department shall only approve a prevention plan if it provides the best achievable protection from damages
caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(4) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the vessels covered by the plan, and other information the department determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a tank vessel shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(6) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(7) Approval of a prevention plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

(8) This section does not authorize the department to modify the terms of a collective bargaining agreement. [2000 c 69 § 4; 1991 c 200 § 417.]

88.46.050 Vessel screening. (1) In order to ensure the safety of marine transportation within the navigable waters of the state and to protect the state's natural resources, the department shall adopt rules for determining whether cargo vessels and passenger vessels entering the navigable waters of the state pose a substantial risk of harm to the public health and safety and the environment.

(2) The rules may include:
(a) Examining available information sources for evidence that a cargo or passenger vessel may pose a substantial risk to safe marine transportation or the state's natural resources. Information sources may include: Vessel casualty lists, United States coast guard casualty reports, maritime insurance ratings, the index of contingency plans compiled by the department of ecology, other data gathered by the maritime commission, or any other resources;
(b) Requesting the United States coast guard to deny a cargo vessel or passenger vessel entry into the navigable waters of the state, if the vessel poses a substantial environmental risk;
(c) Notifying the state's spill response system that a cargo or passenger vessel entering the state's navigable waters poses a substantial environmental risk;
(d) Inspecting a cargo or passenger vessel that may pose a substantial environmental risk, to determine whether the vessel complies with applicable state or federal laws. Any vessel inspection conducted pursuant to this section shall be performed during the vessel's scheduled stay in port; and
(e) Enforcement actions. [2000 c 69 § 5; 1992 c 73 § 19; 1991 c 200 § 418.]

Additional notes found at www.leg.wa.gov

88.46.060 Contingency plans. (1) Each covered vessel shall have a contingency plan for the containment and cleanup of oil spills from the covered vessel into the waters of the state and for the protection of fisheries and wildlife, shellfish beds, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically revise standards for the preparation of contingency plans. The department shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any vessel which is covered by the plan;
(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the department, removing oil and minimizing any damage to the environment resulting from a worst case spill;
(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;
(d) Provide procedures for early detection of spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;
(e) State the number, training, preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;
(f) Incorporate periodic training and drill programs consistent with this chapter to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;
(g) Describe important features of the surrounding environment, including fish and wildlife habitat, shellfish beds, environmentally and archaeologically sensitive areas, and public facilities. The departments of ecology, fish and wildlife, natural resources, and archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;
(h) State the means of protecting and mitigating effects on the environment, including fish, shellfish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;
(i) Establish guidelines for the use of equipment by the crew of a vessel to minimize vessel damage, stop or reduce any spilling from the vessel, and, only when appropriate and only when vessel safety is assured, contain and clean up the spilled oil;
(j) Provide arrangements for the prepositioning of spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;
(k) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;
(l) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;
(m) Until a spill prevention plan has been submitted pursuant to RCW 88.46.040, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a vessel, train-
Vessel Oil Spill Prevention and Response

88.46.062 Nonprofit corporation providing contingency plan—Findings—Termination of maritime commission.

(1) The legislature finds that there is a need to continue to provide oil spill response and contingency plan coverage for vessels that do not have their own contingency plans that transit the waters of this state. A nonprofit corporation shall be established for the sole purpose of providing oil spill response equipment caches and shall be known as the regional oil spill response equipment caches.

(2) The owner or operator of a covered vessel shall notify the department in writing immediately of any significant change of which it is aware affecting its contingency plan, and the department shall provide to the person submitting the plan a statement including changes in any factor set forth in this section or in rules adopted by the department.

(3) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries and wildlife, shellfish beds, and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the director; and

(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ensure that the contingency plan is consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;
spill response and contingency plan coverage in compliance with RCW 88.46.060.

(2) The maritime commission may conduct activities and make expenditures necessary for the transition of services presently provided by the commission and its contractors to the nonprofit corporation established pursuant to this section.

(3) Once the nonprofit corporation is established and the transfers under RCW 88.46.063 are completed, the maritime commission may cease operation. [1995 c 148 § 1.]

Additional notes found at www.leg.wa.gov

88.46.063 Nonprofit corporation providing contingency plan—Transfer of functions and assets from maritime commission. All reports, documents, surveys, books, records, files, papers, written materials, tangible property, and assets, including contracts and assessment moneys held by the maritime commission shall be transferred to the nonprofit corporation created under RCW 88.46.062. Funds transferred under this section shall be used for the sole purpose of providing oil spill response and contingency plan coverage and related activities in compliance with RCW 88.46.060. No funds may be transferred under this section until all liabilities of the maritime commission have been provided for or satisfied. All liabilities not provided for or satisfied by the maritime commission before cessation of its operations shall be transferred to the nonprofit corporation at the time the maritime commission’s assets are transferred to the corporation. [1995 c 148 § 2.]

Additional notes found at www.leg.wa.gov

88.46.065 Nonprofit corporation providing contingency plan—Liability limited. A nonprofit corporation established for the sole purpose of providing contingency plan coverage for any vessel in compliance with RCW 88.46.060 is entitled to liability protection as provided in this section. Obligations incurred by the corporation and any other liabilities or claims against the corporation may be enforced only against the assets of the corporation, and no liability for the debts or actions of the corporation exists against a director, officer, member, employee, incident commander, agent, contractor, or subcontractor of the corporation in his or her individual or representative capacity. Except as otherwise provided in this chapter, neither the directors, officers, members, employees, incident commander[s], or agents of the corporation, nor the business entities by whom they are regularly employed may be held individually responsible for discretionary decisions, errors in judgment, mistakes, or other acts, either of commission or omission, that are directly related to the operation or implementation of contingency plans, other than for acts of gross negligence or willful or wanton misconduct. The corporation may insure and defend and indemnify the directors, officers, members, employees, incident commanders, and agents to the extent permitted by chapters 23B.08 and 24.03 RCW. This section does not alter or limit the responsibility or liability of any person for the operation of a motor vehicle. [1994 sp.s. c 9 § 853.]

Additional notes found at www.leg.wa.gov

88.46.068 Adequacy of contingency plans—Practice drills—Rules. The department shall by rule adopt procedures to determine the adequacy of contingency plans approved under RCW 88.46.060. The rules shall require random practice drills without prior notice that will test the adequacy of the responding entities. The rules may provide for unannounced practice drills of individual contingency plans. The department shall review and publish a report on the drills, including an assessment of response time and available equipment and personnel compared to those listed in the contingency plans relying on the responding entities, and requirements, if any, for changes in the plans or their implementation. The department may require additional drills and changes in arrangements for implementing approved plans which are necessary to ensure their effective implementation. [2006 c 316 § 4.]

Severability—2006 c 316: See note following RCW 88.46.167.

88.46.070 Enforcement of prevention plans and contingency plans—Determination of violation—Order or directive—Notice. (1) The provisions of prevention plans and contingency plans approved by the department pursuant to this chapter shall be legally binding on those persons submitting them to the department and on their successors, assigns, agents, and employees. The superior court shall have jurisdiction to restrain a violation of, compel specific performance of, or otherwise to enforce such plans upon application by the department. The department may issue an order pursuant to chapter 34.05 RCW requiring compliance with a contingency plan or a prevention plan and may impose administrative penalties for failure to comply with a plan.

(2) If the director believes a person has violated or is violating or creates a substantial potential to violate the provisions of this chapter, the director shall notify the person of the director’s determination by registered mail. The determination shall not constitute an order or directive under RCW 43.21B.310. Within thirty days from the receipt of notice of the determination, the person shall file with the director a full report stating what steps have been and are being taken to comply with the determination of the director. The director shall issue an order or directive, as the director deems appropriate under the circumstances, and shall notify the person by registered mail.

(3) If the director believes immediate action is necessary to accomplish the purposes of this chapter, the director may issue an order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (2) of this section. An order or directive issued pursuant to this subsection shall be served by registered mail or personally upon any person to whom it is directed. [2000 c 69 § 7; 1992 c 73 § 21; 1991 c 200 § 420.]

Additional notes found at www.leg.wa.gov

88.46.073 Violations of rules—Enforcement. If the director believes a person has violated or is violating or creates a substantial potential to violate the provisions of any rules adopted under this chapter, the director may institute such actions as authorized under RCW 88.46.070 (2) and (3). [2006 c 316 § 3.]

Severability—2006 c 316: See note following RCW 88.46.167.

88.46.080 Unlawful operation of a covered vessel—Penalties—Evidence of approved contingency plan or prevention plan. (1) Except as provided in subsection (3) of
§ 417; 2000 c 69 § 8; 1992 c 73 § 22; 1991 c 200 § 421.

... separate and additional violation. [2011 c 96 § 59; 2003 c 53 ... of the provisions of this chapter occurs may be deemed a discretion of the court. Each day upon which a willful viola-

sixty-four days, or by both such fine and imprisonment in the... of up to ten thousand dollars and costs of prosecution, or

RCW, and upon conviction thereof shall be punished by a... as provided in chapter 9A.20 RCW.

... directive of the director or a court in pursuance thereof is... spill prevention plan, or financial responsibility;

(b) All required plans have been submitted to the depart-
ment as required by this chapter and rules adopted by the
department and the department is reviewing the plan and has
not denied approval; or

(c) The covered vessel has entered state waters after the
United States coast guard has determined that the vessel is in
distress.

A person may rely on a copy of the statement issued by
the department pursuant to RCW 88.46.060 as evidence that
a vessel has an approved contingency plan and the state-
ment issued pursuant to RCW 88.46.040 that a vessel has an
approved prevention plan.

Any person found guilty of willfully violating any of
the provisions of this chapter, or any final written orders or
directive of the director or a court in pursuance thereof is
guilty of a gross misdemeanor, as provided in chapter 9A.20
RCW, and upon conviction thereof shall be punished by a
fine of up to ten thousand dollars and costs of prosecution, or
by imprisonment in the county jail for up to three hundred
sixty-four days, or by both such fine and imprisonment in the
discretion of the court. Each day upon which a willful viola-
tion of the provisions of this chapter occurs may be deemed a
separate and additional violation. [2011 c 96 § 59; 2003 c 53
§ 417; 2000 c 69 § 8; 1992 c 73 § 22; 1991 c 200 § 421.]

Intent—Effective date—2003 c 53: See notes following RCW
2.48.180.

Additional notes found at www.leg.wa.gov

88.46.090 Unlawful acts—Civil penalty. (1) Except as
provided in subsection (4) of this section, it shall be unlawful
for a covered vessel to enter the waters of the state without an
approved contingency plan required by RCW 88.46.060, a
spill prevention plan required by RCW 88.46.040, or financial
responsibility in compliance with chapter 88.40 RCW and the
federal oil pollution act of 1990. The department may
deny entry onto the waters of the state to any covered vessel
that does not have a required contingency or spill prevention
plan or financial responsibility.

(2) Except as provided in subsection (4) of this section, it
shall be unlawful for a covered vessel to transfer oil to or
from an onshore or offshore facility that does not have an
approved contingency plan required under RCW 90.56.210, a
spill prevention plan required by RCW 90.56.200, or financial
responsibility in compliance with chapter 88.40 RCW and the
federal oil pollution act of 1990.

(3) The director may assess a civil penalty of up to one
hundred thousand dollars against the owner or operator of a
vessel who is in violation of subsection (1) or (2) of this sec-
tion. Each day that the owner or operator of a covered vessel
is in violation of this section shall be considered a separate
violation.

(4) It shall not be unlawful for a covered vessel to oper-
ate on the waters of the state if:

(a) A contingency plan, a prevention plan, or financial
responsibility is not required for the covered vessel;

(b) A contingency plan and prevention plan has been
submitted to the department as required by this chapter and
rules adopted by the department and the department is
reviewing the plan and has not denied approval; or

(c) The covered vessel has entered state waters after the
United States coast guard has determined that the vessel is in
distress.

(5) Any person may rely on a copy of the statement
issued by the department to RCW 88.46.060 as evidence that
the vessel has an approved contingency plan and the state-
ment issued pursuant to RCW 88.46.040 as evidence that the
vessel has an approved spill prevention plan.

(6) Except for violations of subsection (1) or (2) of this
section, any person who violates the provisions of this chap-
ter or rules or orders adopted or issued pursuant thereto, shall
incur, in addition to any other penalty as provided by law, a
penalty in an amount of up to ten thousand dollars a day for
each violation. Each violation is a separate offense, and in
case of a continuing violation, every day's continuance is a
separate violation. Every act of commission or omission
which procures, aids, or abets in the violation shall be consid-
ered a violation under the provisions of this subsection and
subject to penalty. The penalty amount shall be set in consid-
eration of the previous history of the violator and the severity
of the violation's impact on public health and the environ-
ment in addition to other relevant factors. The penalty shall
be imposed pursuant to the procedures set forth in RCW
43.21B.300. [2000 c 69 § 9; 1992 c 73 § 23; 1991 c 200 §
422.]

Additional notes found at www.leg.wa.gov

88.46.100 Notification of vessel emergencies resulting
in discharge of oil. In addition to any notifications that the
owner or operator of a covered vessel must provide to the
United States coast guard regarding a vessel emergency, the
owner or operator of a covered vessel must notify the state of
any vessel emergency that results in the discharge or substan-
tial threat of discharge of oil to state waters or that may affect
the natural resources of the state within one hour of the onset
of that emergency. The purpose of this notification is to
enable the department to coordinate with the vessel operator,
contingency plan holder, and the United States coast guard to
protect the public health, welfare, and natural resources of the
state and to ensure all reasonable spill preparedness and
response measures are in place prior to a spill occurring.
[2011 c 122 § 8; 2000 c 69 § 10; 1995 c 391 § 9; 1991 c 200 §
423.]

Request for federal contribution to establish regional oil spill
response equipment caches—2011 c 122: See note following RCW
88.46.180.

Additional notes found at www.leg.wa.gov
88.46.120 Tank vessel response equipment standards. The department may adopt rules including but not limited to standards for spill response equipment to be maintained on tank vessels. The standards adopted under this section shall be consistent with spill response equipment standards adopted by the United States coast guard. [2000 c 69 § 11; 1991 c 200 § 425.]

88.46.125 Emergency response system—Funding—Intent—Finding. (1) It is the intent of the legislature to provide the various components of the maritime industry with the tools necessary to satisfy the requirements of RCW 88.46.130 in the most cost-effective manner. In doing so, the legislature encourages, but does not mandate, the maritime industry to unite behind their mutual interests and responsibilities and identify or form a single umbrella organization that allows all affected covered vessels to equitably share the costs inherent in the implementation of RCW 88.46.130.

(2) The legislature further finds that, given the broad range of covered vessel types and sizes, an equitable sharing of the costs of implementing RCW 88.46.130 will likely mean that not all covered vessels will be responsible for providing the same amount of funding. Any umbrella organization that is identified or formed to satisfy the requirements of chapter 11, Laws of 2009 should consider the multitude of factors that comprise the risk of vessel emergencies and the likelihood of initiating a response from the emergency response vessel required by RCW 88.46.130.

(3) The legislature intends to provide the authority for any operator of a covered vessel that feels as though an umbrella organization that is identified, formed, or proposed for formation does not equitably share the costs of compliance with RCW 88.46.130 with the covered vessel in question, or the class of vessel to which the covered vessel belongs, to either contract directly with an adequate emergency response vessel or form or join a discreet umbrella organization representing the appropriate segment of the maritime industry. However, if the operator of a covered vessel chooses not to join a proposed or existing umbrella organization, or finds that negotiations leading to the formation of an umbrella organization are not progressing in an adequate manner, the legislature requests, but does not require, that the vessel operator contact the department and provide official notice of their concern as to how the umbrella group in question failed in establishing an equitable cost-share strategy.

(4) The department shall collect and maintain all notices received under this section and shall summarize any reports received by the operators of covered vessels and report the summation to the appropriate committees of the legislature upon request by a legislative committee. [2009 c 11 § 4.]

Findings—Intent—2009 c 11: See note following RCW 88.46.130.

88.46.130 Emergency response system. (1) By July 1, 2010, the owner or operator of a covered vessel transiting to or from a Washington port through the Strait of Juan de Fuca, except for transits extending no further west than Race Rocks light, shall establish and fund an emergency response system that provides for an emergency response towing vessel to be stationed at Neah Bay.

(2) Any emergency response towing vessel provided under this section must:

(a) Be available to serve vessels in distress in the Strait of Juan de Fuca and off of the western coast of the state from Cape Flattery light in Clallam county south to Cape Disappointment light in Pacific county; and

(b) Meet the requirements specified in RCW 88.46.135.

(3) In addition to meeting requirements specified in RCW 88.46.060, contingency plans for covered vessels operating in the Strait of Juan de Fuca must provide for the emergency response system required by this section. Documents describing how compliance with this section will be achieved must be submitted to the department by December 1, 2009. An initial contingency plan submitted to the department after December 1, 2009, must be accompanied by documents demonstrating compliance with this section.

(4) The requirements of this section are met if:

(a) Owners or operators of covered vessels provide an emergency response towing vessel that complies with subsection (2) of this section; or

(b) The United States government implements a system of protective measures that the department determines to be substantially equivalent to the requirements of this section as long as the emergency response towing vessel required by this section is stationed at Neah Bay. [2009 c 11 § 2; 1991 c 200 § 426.]

Findings—Intent—2009 c 11: "(1) The legislature finds that the northern coast of the Olympic Peninsula and Washington's west coast from Cape Flattery south to Cape Disappointment:

(a) Possess uniquely rich and highly vulnerable biological, marine, and cultural resources supporting some of the nation's most valuable commercial, sport, and tribal fisheries;

(b) Sustain endangered species and numerous species of vulnerable marine mammals; and

(c) Are internationally recognized through extraordinary designations including a world heritage site, a national park, a national marine sanctuary, national wildlife refuges, a maritime area off-limits to shipping, and tribal lands and fishing areas of federally recognized coastal Indian tribes.

(2) The legislature further finds that these coasts are periodically beset by severe storms with dangerously high seas and by strong currents, obscuring fog, and other conditions that imperil vessels and crews. When vessels suffer damage or founder, the coasts are likewise imperiled, particularly if oil is spilled into coastal waters. Oil spills pose great potential risks to treasured resources.

(3) The legislature further finds that Washington has maintained an emergency response tug at Neah Bay since 1999 to protect state waters from maritime casualties and resulting oil spills. The tug is necessary because of the peculiarities of local waters that call for special precautionary measures. The tug has demonstrated its necessity and capability by responding to forty-two vessels in need of assistance. State funding for the tug is scheduled to end June 30, 2009.

(4) The legislature intends that the maritime industry should provide and fully fund at least one year-round emergency response tug at Neah Bay, with necessary logistical and operational support, and that any tug provided by the maritime industry pursuant to this act should meet or exceed technical performance requirements specified in the state's fiscal year 2009 contract for the Neah Bay emergency response tug." [2009 c 11 § 1.]

88.46.135 Emergency response system—Vessel planning standards. (1) An emergency response towing vessel that is a part of the emergency response system required by RCW 88.46.130 must be stationed at Neah Bay and be available to respond to vessel emergencies. The towing vessel must be able to satisfy the following minimum planning standards:

(a) Be underway within twenty minutes of a decision to deploy;

(b) Be able to deploy at any hour of any day to provide emergency assistance within the capabilities of the minimum
planning standards and be safely manned to remain underway for at least forty-eight hours;

c In severe weather conditions, be capable of making up to, stopping, holding, and towing a drifting or disabled vessel of one hundred eighty thousand metric dead weight tons;

d In severe weather conditions, be capable of holding position within one hundred feet of another vessel;

e Be equipped with and maneuverable enough to effectively employ a ship anchor chain recovery hook and line throwing gun;

(f) Be capable of a bollard pull of at least seventy short tons; and

g Be equipped with appropriate equipment for:
(i) Damage control patching;
(ii) Vessel dewatering;
(iii) Air safety monitoring; and
(iv) Digital photography.

(2) The requirements of this section may be fulfilled by one or more private organizations or nonprofit cooperatives providing umbrella coverage under contract to single or multiple covered vessels.

(3)(a) The department must be authorized to contract with the emergency response towing vessel, at the discretion of the department, in response to a potentially emerging maritime casualty or as a precautionary measure during severe storms. All instances of use by the department must be paid for by the department.

(b) Covered vessels that are required to provide an emergency response towing vessel under RCW 88.46.130 may not restrict the emergency response towing vessel from responding to distressed vessels that are not covered vessels.

(4) Nothing in this section limits the ability of a covered vessel to contract with an emergency response towing vessel with capabilities that exceed the minimum capabilities provided for a towing vessel in this section.

(5) The covered vessel owner or operator shall submit a written report to the department as soon as practicable regarding an emergency response system deployment, including photographic documentation determined by the department to be of adequate quality. The report must provide a detailed description of the incident necessitating a response and the actions taken to render assistance under the emergency response system. [2009 c 11 § 3.]

Findings—Intent—2009 c 11: See note following RCW 88.46.130.

88.46.139 Emergency response system—Adequacy determination—Practice drills. (1) As part of reviewing contingency plans submitted under RCW 88.46.130, the department may determine the adequacy of the emergency response system required in RCW 88.46.130 through practice drills that test compliance with the requirements of RCW 88.46.135. Practice drills may be conducted without prior notice.

(2) Each successful response to a vessel emergency may be considered by the department to satisfy a drill covering this portion of a covered vessel's contingency plan.

(3) Drills of the emergency response system required in RCW 88.46.130 must emphasize the system's ability to respond to a potentially worst case vessel emergency scenario. [2009 c 11 § 6.]

88.46.160 Refueling, bunkering, or lightering operations—Availability of containment and recovery equipment—Rules. Any person or facility conducting ship refueling and bunkering operations, or the lightering of petroleum products, and any person or facility transferring oil between an onshore or offshore facility and a tank vessel shall have containment and recovery equipment readily available for deployment in the event of the discharge of oil into the waters of the state and shall deploy the containment and recovery equipment in accordance with standards adopted by the department. All persons conducting refueling, bunkering, or lightering operations, or oil transfer operations shall be trained in the use and deployment of oil spill containment and recovery equipment. The department shall adopt rules as necessary to carry out the provisions of this section by June 30, 2006. The rules shall include standards for the circumstances under which containment equipment should be deployed including standards requiring deployment of containment equipment prior to the transfer of oil when determined to be safe and effective by the department. The department may require a person or facility to employ alternative measures including but not limited to automatic shutoff devices and alarms, extra personnel to monitor the transfer, or containment equipment that is deployed quickly and effectively. The standards adopted by rule must be suitable to the specific environmental and operational conditions and characteristics of the facilities that are subject to the standards, and the department must consult with the United States coast guard with the objective of developing state standards that are compatible with federal requirements applicable to the activities covered by this section. An onshore or offshore facility shall include the procedures used to contain and recover discharges in the facility's contingency plan. It is the responsibility of the person providing bunkering, refueling, or lightering services to provide any containment or recovery equipment required under this section. This section does not apply to a person operating a ship for personal pleasure or for recreational purposes. [2004 c 226 § 3; 2000 c 69 § 12; 1991 c 200 § 438; 1987 c 479 § 2. Formerly RCW 90.48.510.]

88.46.165 Oil transfers—Scope of rules—Reporting volumes of oil transferred. (1) The department's rules authorized under RCW 88.46.160 and this section shall be scaled to the risk posed to people and to the environment, and be categorized by type of transfer, volume of oil, frequency of transfers, and such other risk factors as identified by the department.

(2) The rules may require prior notice be provided before an oil transfer, regulated under this chapter, occurs in situations defined by the department as posing a higher risk. The notice may include the time, location, and volume of the oil transfer. The rules may not require prior notice when marine fuel outlets are transferring less than three thousand gallons of oil in a single transaction to a ship that is not a covered vessel and the transfers are scheduled less than four hours in advance.

(3) The department may require semiannual reporting of volumes of oil transferred to ships by a marine fuel outlet.
(4) The rules may require additional measures to be taken in conjunction with the deployment of containment equipment or with the alternatives to deploying containment equipment. However, these measures must be scaled appropriately to the risks posed by the oil transfer.

(5) The rules shall include regulations to enhance the safety of oil transfers over water originating from vehicles transporting oil over private roads or highways of the state. [2006 c 316 § 1.]

Severability—2006 c 316: See note following RCW 88.46.167.

88.46.167 Inspection authority. In addition to other inspection authority provided for in this chapter and chapter 90.56 RCW, the department may conduct inspections of oil transfer operations regulated under RCW 88.46.160 or 88.46.165. [2006 c 316 § 2.]

Severability—2006 c 316: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2006 c 316 § 5.]

88.46.170 Field operations program—Coordination with United States coast guard. (1) The department shall establish a field operations program to enforce the provisions of this chapter. The field operations program shall include, but is not limited to, the following elements:

(a) Education and public outreach;

(b) Review of lightering and bunkering operations to prevent oil spills;

(c) Evaluation and boarding of tank vessels for compliance with prevention plans prepared pursuant to this chapter;

(d) Evaluation and boarding of covered vessels that may pose a substantial risk to the public health, safety, and the environment;

(e) Evaluation and boarding of covered vessels for compliance with rules adopted by the department to implement recommendations of regional marine safety committees; and

(f) Collection of vessel information to assist in identifying vessels which pose a substantial risk to the public health, safety, and the environment.

(2) The department shall coordinate the field operations program with similar activities of the United States coast guard. To the extent feasible, the department shall coordinate its boarding schedules with those of the United States coast guard to reduce the impact of boardings on vessel operators, to more efficiently use state and federal resources, and to avoid duplication of United States coast guard inspection operations.

(3) In developing and implementing the field operations program, the department shall give priority to activities designed to identify those vessels which pose the greatest risk to the waters of the state. The department shall consult with the marine transportation industry, individuals concerned with the marine environment, other state and federal agencies, and the public in developing and implementing the program required by this section. [2000 c 69 § 13; 1993 c 162 § 1.] Additional notes found at www.leg.wa.gov

88.46.180 Planning standards for equipment—Updates. (1) The department shall evaluate and update planning standards for oil spill response equipment required under contingency plans required by this chapter, including aerial surveillance, in order to ensure access in the state to equipment that represents the best achievable protection to respond to a worst case spill and provide for continuous operation of oil spill response activities to the maximum extent practicable and without jeopardizing crew safety, as determined by the incident commander or the unified command.

(2) The department shall by rule update the planning standards at five-year intervals to ensure the maintenance of best available protection over time. Rule updates to covered nontank vessels shall minimize potential impacts to discretionary cargo moved through the state.

(3) The department shall evaluate and update planning standards for tank vessels by December 31, 2012. [2011 c 122 § 2.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: “(1) The director of the department of ecology must formally request that the federal government contribute to the establishment of regional oil spill response equipment caches in Washington to ensure adequate response capabilities during a multiple spill event.

(2) This section expires December 31, 2014.” [2011 c 122 § 11.]

88.46.190 Rule making for vessels of opportunity response system. By December 31, 2012, the department shall complete rule making for purposes of improving the effectiveness of the vessels of opportunity [response] system to participate in spill response. [2011 c 122 § 3.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

88.46.200 Advisory marine safety committees—Recommendations. The director may appoint ad hoc, advisory marine safety committees to solicit recommendations and technical advice concerning vessel traffic safety. The department may implement recommendations made in regional marine safety plans that are approved by the department and over which the department has authority. If federal authority or action is required to implement the recommendations, the department may petition the appropriate agency or the congress. [2000 c 69 § 14; 1994 sp.s. c 9 § 854.]

Additional notes found at www.leg.wa.gov

88.46.210 Volunteer coordination system. (1) The department shall establish a volunteer coordination system. The volunteer coordination system may be included as a part of the state’s overall oil spill response strategy, and may be implemented by local emergency management organizations, in coordination with any analogous federal efforts, to supplement the state’s timely and effective response to spills.

(2) The department should consider how the volunteer coordination system will:

(a) Coordinate with the incident commander or unified command of an oil spill and any affected local governments to receive, screen, and register volunteers who are not affiliated with the emergency management organization or a local nongovernmental organization;

(b) Coordinate the management of volunteers with local nongovernmental organizations and their affiliated volunteers;
(c) Coordinate appropriate response operations with different classes of volunteers, including pretrained volunteers and convergent volunteers, to fulfill requests by the department or an oil spill incident commander or unified command;
(d) Coordinate public outreach regarding the need for and use of volunteers;
(e) Determine minimum participation criteria for volunteers; and
(f) Identify volunteer training requirements and, if applicable, provide training opportunities for volunteers prior to an oil spill response incident.

(3) An act or omission by any volunteer participating in a spill response or training as part of a volunteer coordination system, while engaged in such activities, does not impose any liability on any state agency, any participating local emergency management organization, or the volunteer for civil damages resulting from the act or omission. However, the immunity provided under this subsection does not apply to an act or omission that constitutes gross negligence or willful or wanton misconduct.

(4) The decisions to utilize volunteers in an oil spill response, which volunteers to utilize, and to determine which response activities are appropriate for volunteer participation in any given response are the sole responsibilities of the designated incident commander or unified command. [2011 c 122 § 4.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

88.46.220 Equipment deployment drills of tank vessels. (1) The department is responsible for requiring joint large-scale, multiple plan equipment deployment drills of tank vessels to determine the adequacy of the owner's or operator's compliance with the contingency plan requirements of this chapter. The department must order at least one drill as outlined in this section every three years.

(2) Drills required under this section must focus on, at a minimum, the following:
(a) The functional ability for multiple contingency plans to be simultaneously activated with the purpose of testing the ability for dedicated equipment and trained personnel cited in multiple contingency plans to be activated in a large scale spill; and
(b) The operational readiness during both the first six hours of a spill and, at the department's discretion, over multiple operational periods of response.

(3) Drills required under this section may be incorporated into other drill requirements under this chapter to avoid increasing the number of drills and equipment deployments otherwise required.

(4) Each successful drill conducted under this section may be considered by the department as a drill of the underlying contingency plan and credit may be awarded to the plan holder accordingly.

(5) The department shall, when practicable, coordinate with applicable federal agencies, the state of Oregon, and the province of British Columbia to establish a drill incident command and to help ensure that lessons learned from the drills are evaluated with the goal of improving the underlying contingency plans. [2011 c 122 § 5.]

88.46.230 Umbrella plan holders. (1) When submitting a contingency plan to the department under RCW 88.46.060, any umbrella plan holder that enrolls both tank vessels and covered vessels that are not tank vessels must, in addition to satisfying the other requirements of this chapter, specify:
(a) The maximum worst case discharge volume from covered vessels that are not tank vessels to be covered by the umbrella plan holder's contingency plan; and
(b) The maximum worst case discharge volume from tank vessels to be covered by the umbrella plan holder's contingency plan.

(2) Any owner or operator of a covered vessel having a worst case discharge volume that exceeds the maximum volume covered by an approved umbrella plan holder may enroll with the umbrella plan holder if the owner or operator of the covered vessel maintains an agreement with another entity to provide supplemental equipment sufficient to meet the requirements of this chapter.

(3) The department must approve an umbrella plan holder that covers vessels having a worst case discharge volume that exceeds the maximum volume if:
(a) The department determines that the umbrella plan holder should be approved for a lower discharge volume;
(b) The vessel owner or operator provides documentation to the umbrella plan holder authorizing the umbrella plan holder to activate additional resources sufficient to meet the worst case discharge volume of the vessel; and
(c) The department has previously approved a plan that provides access to the same resources identified in (3)(b) [(b) of this subsection] to meet the requirements of this chapter for worst case discharge volumes equal to or greater than the worst case discharge volume of the vessel.

(4) The umbrella plan holder must describe in the plan how the activation of additional resources will be implemented and provide the department the ability to review and inspect any documentation that the umbrella plan holder relies on to enroll a vessel with a worst case discharge that exceeds the plan's maximum volume. [2011 c 122 § 7.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

88.46.900 Captions not law. Section headings as used in this chapter do not constitute any part of the law. [1991 c 200 § 427.]

88.46.901 Effective dates—Severability—1991 c 200. See RCW 90.56.901 and 90.56.904.

88.46.921 Office of marine safety abolished. The office of marine safety is hereby abolished and its powers, duties, and functions are hereby transferred to the department of ecology. All references to the administrator or office of marine safety in the Revised Code of Washington shall be construed to mean the director or department of ecology. [1991 c 200 § 430.]

88.46.926 Apportionments of budgeted funds. If apportionments of budgeted funds are required because of the transfers directed by RCW 88.46.922 through 88.46.925, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification. [1991 c 200 § 435.]

*Reviser's note: (1) RCW 88.46.922 was repealed by 2000 c 69 § 37. (2) RCW 88.46.924 and 88.46.925 were decodified by 2000 c 69 § 36.

CONSERVATION DISTRICTS

Sections
89.08.005 Short title.
89.08.010 Preamble.
89.08.020 Definitions.
89.08.030 Conservation commission.
89.08.040 Members—Compensation and travel expenses—Records,
rules, hearings, etc.
89.08.050 Employees—Delegation—Quorum.
89.08.060 Assistance of other state agencies and institutions.
89.08.070 General duties of commission.
89.08.080 Petition to form district—Contents.
89.08.090 Notice of hearing—Hearing.
89.08.100 Findings—Order.
89.08.110 Election—How conducted.
89.08.120 Ballots.
89.08.130 Notice of election.
89.08.140 Expense of hearing and election.
89.08.150 Procedure after canvass.
89.08.160 Appointment of supervisors—Application to secretary of state.
89.08.170 Secretary of state's certificate—Change of name.
89.08.180 Annexation of territory—Boundary change—Combining two
or more districts.
89.08.185 Petition to withdraw from district—Approval or rejection—
Disputed petitions.
89.08.190 Nomination and election of supervisors—Annual meeting of
voters.
89.08.200 Supervisors—Term, vacancies, removal, etc.—Compensation.
89.08.210 Powers and duties of supervisors.
89.08.215 Treasurer—Powers and duties—Bond.

[Title 89 RCW—page 1]
blown and washed off of lands; that there has been an accelerated washing of sloping lands; that these processes of erosion by wind and water speed up with removal of absorptive topsoil, causing exposure of less absorptive and less protective but more erosive subsoil; that failure by any land occupier to conserve the soil and control erosion upon his or her lands may cause a washing and blowing of soil from his or her lands onto other lands and makes the conservation of soil and control of erosion on such other lands difficult or impossible, and that extensive denuding of land for development creates critical erosion areas that are difficult to effectively regenerate and the resulting sediment causes extensive pollution of streams, ponds, lakes, and other waters.

(2) That the consequences of such soil erosion in the form of soil blowing and soil washing are the silting and sedimentation of stream channels, reservoirs, dams, ditches, and harbors, and loading the air with soil particles; the loss of fertile soil material in dust storms; the piling up of soil on lower slopes and its deposit over alluvial plains; the reduction in productivity or outright ruin of rich bottom lands by overwash of poor subsoil material, sand, and gravel swept out of the hills; deterioration of soil and its fertility, deterioration of crops grown thereon, and declining acre yields despite development of scientific processes for increasing such yields; loss of soil and water which causes destruction of food and cover for wildlife; a blowing and washing of soil into streams which silts over spawning beds, and destroys water plants, diminishing the food supply of fish; a diminishing of the underground water reserve, which causes water shortages, intensifies periods of drought, and causes crop failures; an increase in the speed and volume of rainfall run-off, causing severe and increasing floods, which bring suffering, disease, and death; impoverishment of families attempting to farm eroding and eroded lands; damage to roads, highways, railways, buildings, and other property from floods and from dust storms; and losses in navigation, hydroelectric power, municipal water supply, irrigation developments, farming, and grazing.

(3) That to conserve soil resources and control and prevent soil erosion and prevent flood water and sediment damages, and further agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water, it is necessary that land-use practices contributing to soil wastage and soil erosion be discouraged and discontinued, and appropriate soil-conserving land-use practices, and works of improvement for flood prevention of agricultural and nonagricultural phases of the conservation, development, utilization, and disposal of water be adopted and carried out; that among the procedures necessary for widespread adoption, are the carrying on of engineering operations such as the construction of terraces, terrace outlets, check-dams, desilting basins, flood water retarding structures, channel floodways, dikes, ponds, ditches, and the like; the utilization of strip cropping, contour cultivating, and contour furrowing; land irrigation; seeding and planting of waste, sloping, abandoned, or eroded lands to water-conserving and erosion-preventing plants, trees, and grasses; forestation and reforestation; rotation of crops; soil stabilizations with trees, grasses, legumes, and other thick-growing, soil-holding crops, retardation of run-off by increasing absorption of rainfall; and retirement from cultivation of steep, highly erosive areas and areas now badly gullied or otherwise eroded.

(4) Whereas, there is a pressing need for the conservation of renewable resources in all areas of the state, whether urban, suburban, or rural, and that the benefits of resource practices, programs, and projects, as carried out by the state conservation commission and by the conservation districts, should be available to all such areas; therefore, it is hereby declared to be the policy of the legislature to provide for the conservation of the renewable resources of this state, and for the control and prevention of soil erosion, and for the prevention of flood water and sediment damages, and for furthering agricultural and nonagricultural phases of conservation, development, utilization, and disposal of water, and thereby to preserve natural resources, control floods, prevent impairment of dams and reservoirs, assist in maintaining the navigability of rivers and harbors, preserve wildlife, protect the tax base, protect public lands, and protect and promote the health, safety, and general welfare of the people of this state. To this end all incorporated cities and towns heretofore excluded from the boundaries of a conservation district established pursuant to the provisions of the state conservation district law, as amended, may be approved by the conservation commission as being included in and deemed a part of the district upon receiving a petition for annexation signed by the governing authority of the city or town and the conservation district within the exterior boundaries of which it lies in whole or in part or to which it lies closest. [2013 c 23 § 547; 1973 1st ex.s. c 184 § 2; 1939 c 187 § 2; RRS § 10726-2.]

89.08.020 Definitions. Unless the context clearly indicates otherwise, as used in this chapter:

"Commission" and "state conservation commission" means the agency created hereunder. All former references to "state soil and water conservation committee", "state committee" or "committee" shall be deemed to be references to the "state conservation commission";

"District", or "conservation district" means a governmental subdivision of this state and a public body corporate and politic, organized in accordance with the provisions of chapter 184, Laws of 1973 1st ex. sess., for the purposes, with the powers, and subject to the restrictions set forth in this chapter. All districts created under chapter 184, Laws of 1973 1st ex. sess. shall be known as conservation districts and shall have all the powers and duties set out in chapter 184, Laws of 1973 1st ex. sess. All references in chapter 184, Laws of 1973 1st ex. sess. to "districts", or "soil and water conservation districts" shall be deemed to be reference to "conservation districts";

"Board" and "supervisors" mean the board of supervisors of a conservation district;

"Land occupier" or "occupier of land" includes any person, firm, political subdivision, government agency, municipality, public or private corporation, copartnership, association, or any other entity whatsoever which holds title to, or is in possession of, any lands lying within a district organized under the provisions of chapter 184, Laws of 1973 1st ex. sess., whether as owner, lessee, renter, tenant, or otherwise;

"District elector" or "voter" means a registered voter in the county where the district is located who resides within the district boundary or in the area affected by a petition;

[Title 89 RCW—page 2]
"Due notice" means a notice published at least twice, with at least six days between publications, in a publication of general circulation within the affected area, or if there is no such publication, by posting at a reasonable number of public places within the area, where it is customary to post notices concerning county and municipal affairs. Any hearing held pursuant to due notice may be postponed from time to time without a new notice;

"Renewable natural resources", "natural resources" or "resources" includes land, air, water, vegetation, fish, wildlife, wild rivers, wilderness, natural beauty, scenery and open space;

"Conservation" includes conservation, development, improvement, maintenance, preservation, protection and use, and alleviation of floodwater and sediment damages, and the disposal of excess surface waters.

"Farm and agricultural land" means either (a) land in any contiguous ownership of twenty or more acres devoted primarily to agricultural uses; (b) any parcel of land five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to one hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter; or (c) any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income of one thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Agricultural lands shall also include farm woodlots of less than twenty and more than five acres and the land on which appurtenances necessary to production, preparation or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands shall also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands".

89.08.030 Conservation commission. There is hereby established to serve as an agency of the state and to perform the functions conferred upon it by law, the state conservation commission, which shall succeed to all powers, duties and property of the state soil and water conservation committee.

The commission shall consist of ten members, five of whom are ex officio. Two members shall be appointed by the governor, one of whom shall be a landowner or operator of a farm. At least two of the three elected members shall be landowners or operators of a farm and shall be elected as herein provided. The appointed members shall serve for a term of four years.

The three elected members shall be elected for three-year terms, one shall be elected each year by the district supervisors at their annual statewide meeting. One of the members shall reside in eastern Washington, one in central Washington and one in western Washington, the specific boundaries to be determined by district supervisors. At the first such election, the term of the member from western Washington shall be one year, central Washington two years and eastern Washington three years, and successors shall be elected for three years.

Unexpired term vacancies in the office of appointed commission members shall be filled by appointment by the governor in the same manner as full-term appointments. Unexpired terms of elected commission members shall be filled by the regional vice president of the Washington association of conservation districts who is serving that part of the state where the vacancy occurs, such term to continue only until district supervisors can fill the unexpired term by electing the commission member.

The director of the department of ecology, the director of the department of agriculture, the commissioner of public lands, the president of the Washington association of conservation districts, and the dean of the college of agriculture at Washington State University shall be ex officio members of the commission. An ex officio member of the commission shall hold office so long as he or she retains the office by virtue of which he or she is a member of the commission. Ex officio members may delegate their authority.

The commission may invite appropriate officers of cooperating organizations, state and federal agencies to serve as advisers to the conservation commission. [1987 c 180 § 1; 1983 c 248 § 13; 1973 1st ex.s. c 184 § 4; 1967 c 217 § 1; 1961 c 240 § 3; 1955 c 304 § 3. Prior: 1951 c 216 § 3; 1949 c 106 § 1, part; 1939 c 187 § 4, part; Rem. Supp. 1949 § 10726-4, part.]

89.08.040 Members—Compensation and travel expenses—Records, rules, hearings, etc. Members shall be compensated in accordance with RCW 43.03.250 and shall be entitled to travel expenses in accordance with RCW 43.03.050 and 43.03.060 incurred in the discharge of their duties.

The commission shall keep a record of its official actions, shall adopt a seal, which shall be judicially noticed, and may perform such acts, hold such public hearings, and adopt such rules as may be necessary for the execution of its functions under chapter 184, Laws of 1973 1st ex. sess. The state department of ecology is empowered to pay the travel expenses of the elected and appointed members of the state conservation commission, and the salaries, wages and other expenses of such administrative officers or other employees as may be required under the provisions of this chapter. [2009 c 55 § 1; 1984 c 287 § 112; 1975-76 2nd ex.s. c 34 § 179; 1973 1st ex.s. c 184 § 5; 1961 c 240 § 4; 1955 c 304 § 4. Prior: 1951 c 216 § 4; 1949 c 106 § 1, part; 1939 c 187 § 4, part; Rem. Supp. 1949 § 10726-4, part.]

Legislative findings—Severability—Effective date—1984 c 287: See notes following RCW 43.03.220.

Additional notes found at www.leg.wa.gov

89.08.050 Employees—Delegation—Quorum. The commission may employ an administrative officer, and such technical experts and such other agents and employees, permanent and temporary as it may require, and shall determine their qualifications, duties, and compensation. The commission may call upon the attorney general for such legal services as it may require.

It shall have authority to delegate to its chair, to one or more of its members, to one or more agents or employees...
such duties and powers as it deems proper. As long as the commission and the office of financial management under the provisions of chapter 43.82 RCW deems it appropriate and financially justifiable to do so, the commission shall be supplied with suitable office accommodations at the central office of the department of ecology, and shall be furnished the necessary supplies and equipment.

The commission shall organize annually and select a chair from among its members, who shall serve for one year from the date of the chair's selection. A majority of the commission shall constitute a quorum and all actions of the commission shall be by a majority vote of the members present and voting at a meeting at which a quorum is present. [2009 c 55 § 2; 1973 1st ex.s. c 184 § 6; 1961 c 240 § 5; 1955 c 304 § 5. Prior: 1949 c 106 § 1, part; 1939 c 187 § 4, part; Rem. Supp. 1949 § 10726-4, part.]

89.08.060 Assistance of other state agencies and institutions. Upon request of the commission, for the purpose of carrying out any of its functions, the supervising officer of any state agency or state institution of learning may, insofar as may be possible under available appropriations and having due regard to the needs of the agency to which the request is directed, assign or detail to the commission, members of the staff or personnel of such agency or institution of learning, and make such special reports, surveys, or studies as the commission may request. [1973 1st ex.s. c 184 § 7; 1955 c 304 § 6. Prior: 1949 c 106 § 1, part; 1939 c 187 § 4, part; Rem. Supp. 1949 § 10726-4, part.]

89.08.070 General duties of commission. In addition to the duties and powers hereinafter conferred upon the commission, it shall have the following duties and powers:

(1) To offer such assistance as may be appropriate to the supervisors of conservation districts organized under the provisions of chapter 184, Laws of 1973 1st ex. sess., in the carrying out of any of their powers and programs:

   (a) To assist and guide districts in the preparation and carrying out of programs for resource conservation authorized under chapter 184, Laws of 1973 1st ex. sess.;
   (b) To review district programs;
   (c) To coordinate the programs of the several districts and resolve any conflicts in such programs;
   (d) To facilitate, promote, assist, harmonize, coordinate, and guide the resource conservation programs and activities of districts as they relate to other special purpose districts, counties, and other public agencies.

(2) To keep the supervisors of each of the several conservation districts organized under the provisions of chapter 184, Laws of 1973 1st ex. sess. informed of the activities and experience of all other districts organized hereunder, and to facilitate an interchange of advice and experience between such districts and cooperation between them.

(3) To review agreements, or forms of agreements, proposed to be entered into by districts with other districts or with any state, federal, interstate, or other public or private agency, organization, or individual, and advise the districts concerning such agreements or forms of agreements.

(4) To secure the cooperation and assistance of the United States and any of its agencies, and of agencies of this state in the work of such districts.

(5) To recommend the inclusion in annual and longer term budgets and appropriation legislation of the state of Washington of funds necessary for appropriation by the legislature to finance the activities of the commission and the conservation districts; to administer the provisions of any law hereinafter enacted by the legislature appropriating funds for expenditure in connection with the activities of conservation districts; to distribute to conservation districts funds, equipment, supplies and services received by the commission for that purpose from any source, subject to such conditions as shall be made applicable thereto in any state or federal statute or local ordinance making available such funds, property or services; to adopt rules establishing guidelines and suitable controls to govern the use by conservation districts of such funds, property and services; and to review all budgets, administrative procedures and operations of such districts and advise the districts concerning their conformance with applicable laws and rules.

(6) To encourage the cooperation and collaboration of state, federal, regional, interstate and local public and private agencies with the conservation districts, and facilitate arrangements under which the conservation districts may serve county governing bodies and other agencies as their local operating agencies in the administration of any activity concerned with the conservation of renewable natural resources.

(7) To disseminate information throughout the state concerning the activities and programs of the conservation districts organized hereunder, and to encourage the formation of such districts in areas where their organization is desirable; to make available information concerning the needs and the work of the conservation district and the commission to the governor, the legislature, executive agencies of the government of this state, political subdivisions of this state, cooperating federal agencies, and the general public.

(8) Pursuant to procedures developed mutually by the commission and other state and local agencies that are authorized to plan or administer activities significantly affecting the conservation of renewable natural resources, to receive from such agencies for review and comment suitable descriptions of their plans, programs and activities for purposes of coordination with district conservation programs; to arrange for and participate in conferences necessary to avoid conflict among such plans and programs, to call attention to omissions, and to avoid duplication of effort.

(9) To compile information and make studies, summaries and analysis of district programs in relation to each other and to other resource conservation programs on a statewide basis.

(10) To assist conservation districts in obtaining legal services from state and local legal officers.

(11) To require annual reports from conservation districts, the form and content of which shall be developed by the commission.

(12) To establish by rule, with the assistance and advice of the state auditor's office, adequate and reasonably uniform accounting and auditing procedures which shall be used by conservation districts.

(13) To seek and accept grants from any source, public or private, to fulfill the purposes of the agency. The commission may also accept gifts or endowments that are made from...
time to time, in trust or otherwise, including real and personal property, for the use and benefit consistent with the purposes of this chapter.

(14) To conduct conferences, seminars, and training sessions consistent with the purposes of this chapter, and may accept grants, gifts, and contributions, and may contract for services, to accomplish these activities. The commission may recover costs for these activities, whether the activity is sponsored or cosponsored by the commission, at a rate determined by the commission. The commission may provide reimbursement to participants in these activities and other commission sponsored meetings and events, as appropriate and approved by the commission, consistent with applicable statutes. The commission may provide meals for participants in working meetings.

(15) To adopt rules to implement this section as it deems appropriate. [2009 c 55 § 3; 1973 1st ex.s. c 184 § 8; 1961 c 240 § 6; 1955 c 304 § 7. Prior: 1949 c 106 § 1, part; 1939 c 187 § 4, part; Rem. Supp. 1949 § 10726-4, part.]

89.08.080 Petition to form district—Contents. To form a conservation district, twenty percent of the voters within the area to be affected may file a petition with the commission asking that the area be organized into a district.

The petition shall give the name of the proposed district, state that it is needed in the interest of the public health, safety, and welfare, give a general description of the area proposed to be organized and request that the commission determine that it be created, and that it define the boundaries thereof and call an election on the question of creating the district.

If more than one petition is filed covering parts of the same area, the commission may consolidate all or any of them. [1999 c 305 § 2; 1973 1st ex.s. c 184 § 9; 1961 c 240 § 7; 1961 c 17 § 1. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.090 Notice of hearing—Hearing. Within thirty days after a petition is filed, the commission shall give due notice of the time and place of a public hearing thereon. At the hearing all interested persons shall be heard.

If it appears to the commission that additional land should be included in the district, the hearing shall be adjourned and a new notice given covering the entire area and a new date fixed for further hearing, unless waiver of notice by the owners of the additional land is filed with the commission.

No district shall include any portion of a railroad right-of-way, or another similar district. The lands included in a district need not be contiguous. [1973 1st ex.s. c 184 § 10; 1955 c 304 § 9. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.100 Findings—Order. After the hearing, if the commission finds that the public health, safety, and welfare warrant the creation of the district, it shall enter an order to that effect and define the boundaries thereof by metes and bounds or by legal subdivisions.

In making its findings the commission shall consider the topography of the particular area and of the state generally; the composition of the soil; the distribution of erosion; the prevailing land use practices; the effects upon and benefits to the land proposed to be included; the relation of the area to existing watersheds and agricultural regions and to other similar districts organized or proposed; and consider such other physical, geographical, and economic factors as are relevant.

If the commission finds there is no need for the district, it shall enter an order denying the petition, and no petition covering the same or substantially the same area may be filed within six months thereafter. [1973 1st ex.s. c 184 § 11; 1955 c 304 § 10. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.110 Election—How conducted. If the commission finds that the district is needed, it shall then determine whether it is practicable. To assist the commission in determining this question, it shall, within a reasonable time, submit the proposition to a vote of the district electors in the proposed district.

The commission shall fix the date of the election, designate the polling places, fix the hours for opening and closing the polls, and appoint the election officials. The election shall be conducted, the vote counted and returns canvassed and the results published by the commission. [1999 c 305 § 3; 1973 1st ex.s. c 184 § 12; 1955 c 304 § 11. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.120 Ballots. The commission shall provide the ballots for the election which shall contain the words

☐ For creation of a conservation district of the lands below described and lying in the county or counties of . . . . . . . . . and . . . . . . . . .

☐ Against creation of a conservation district of the lands below described and lying in the county or counties of . . . . . . . . . and . . . . . . . . .

The ballot shall set forth the boundaries of the proposed district, and contain a direction to insert an X in the square of the voter's choice. [1973 1st ex.s. c 184 § 13; 1961 c 240 § 8; 1955 c 304 § 12. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.130 Notice of election. The commission shall give due notice of the election, which shall state generally the purpose of the election, the date thereof, the place and hours of voting, and set forth the boundaries of the proposed district.

Only qualified district electors within the proposed district as determined by the commission may vote at the election. Each voter shall vote in the polling place nearest the voter's residence. [1999 c 305 § 4; 1973 1st ex.s. c 184 § 14; 1955 c 304 § 13. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.140 Expense of hearing and election. The commission shall bear all expense of giving the notices and conducting the hearings and election, and shall issue regulations governing all hearings and elections and supervise the conduct thereof. It shall provide for registration of eligible voters or prescribe the procedure to determine the eligible voters. No informality in connection with the election shall invalidate the results, if the notice thereof was substantially given, and the election fairly conducted. [1973 1st ex.s. c 184 § 15;
89.08.150 Procedure after canvass. If a majority of the votes cast at the election are against the creation of the district, the commission shall deny the petition. If a majority favor the district, the commission shall determine the practicability of the project.

In making such determination, the commission shall consider the attitude of the voters of the district; the number of eligible voters who voted at the election; the size of the majority vote; the wealth and income of the land occupiers; the probable expense of carrying out the project; and any other economic factors relevant thereto.

If the commission finds that the project is impracticable it shall enter an order to that effect and deny the petition. When the petition has been denied, no new petition covering the same or substantially the same area may be filed within six months therefrom. [1999 c 305 § 5; 1973 1st ex.s. c 184 § 16; 1955 c 304 § 15. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.160 Appointment of supervisors—Application to secretary of state. If the commission finds the project practicable, it shall appoint two supervisors, one of whom shall be a landowner or operator of a farm, who shall be qualified by training and experience to perform the specialized skilled services required of them. They, with the three elected supervisors, two of whom shall be landowners or operators of a farm, shall constitute the governing board of the district.

The two appointed supervisors shall file with the secretary of state a sworn application, reciting that a petition was filed with the commission for the creation of the district; that all required proceedings were had thereon; that they were appointed by the commission as such supervisors; and that the application is being filed to complete the organization of the district. It shall contain the names and residences of the applicants, a certified copy of their appointments, the name of the district, the location of the office of the supervisors and the term of office of each applicant.

The application shall be accompanied by a statement of the commission, reciting that a petition was filed, notice issued, and hearing held thereon as required; that it determined the need for the district and defined the boundaries thereof; that notice was given and an election held on the question of creating the district; that a majority vote favored the district, and that the commission had determined the district practicable; and shall set forth the boundaries of the district. [1973 1st ex.s. c 184 § 17; 1955 c 304 § 16. Prior: 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.170 Secretary of state's certificate—Change of name. If the secretary of state finds that the name of the proposed district is such as will not be confused with that of any other district, he or she shall enter the application and statement in his or her records. If he or she finds the name may be confusing, he or she shall certify that fact to the commission, which shall submit a new name free from such objections, and he or she shall enter the application and statement as modified, in his or her records. Thereupon the district shall be considered organized into a body corporate.

The secretary of state shall then issue to the supervisors a certificate of organization of the district under the seal of the state, and shall record the certificate in his or her office. Proof of the issuance of the certificate shall be evidence of the establishment of the district, and a certified copy of the certificate shall be admissible as evidence and shall be proof of the filing and contents thereof. The name of a conservation district may be changed upon recommendation by the supervisors of a district and approval by the state conservation commission and the secretary of state. The new name shall be recorded by the secretary of state following the same general procedure as for the previous name. [2013 c 23 § 549; 1973 1st ex.s. c 184 § 18; 1961 c 240 § 9; 1955 c 304 § 17. Prior: 1951 c 216 § 1; 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.180 Annexation of territory—Boundary change—Combining two or more districts. Territory may be added to an existing district upon filing a petition as in the case of formation with the commission by twenty percent of the voters of the affected area to be included. The same procedure shall be followed as for the creation of the district.

As an alternate procedure, the commission may upon the petition of a majority of the voters in any one or more districts or in unorganized territory adjoining a conservation district change the boundaries of a district, or districts, if such action will promote the practical and feasible administration of such district or districts.

Upon petition of the boards of supervisors of two or more districts, the commission may approve the combining of all or parts of such districts and name the district, or districts, with the approval of the name by the secretary of state. A public hearing and/or a referendum may be held if deemed necessary or desirable by the commission in order to determine the wishes of the voters.

When districts are combined, the joint boards of supervisors will first select a chair, secretary, and other necessary officers and select a regular date for meetings. All elected supervisors will continue to serve as members of the board until the expiration of their current term of office, and/or until the election date nearest their expiration date. All appointed supervisors will continue to serve until the expiration of their current term of office, at which time the commission will make the necessary appointments. In the event that more than two districts are combined, a similar procedure will be set up and administered by the commission.

When districts are combined or territory is moved from one district to another, the property, records, and accounts of the districts involved shall be distributed to the remaining district or districts as approved by the commission. A new certificate of organization, naming and describing the new district or districts, shall be issued by the secretary of state. [2013 c 23 § 549; 1999 c 305 § 6; 1973 1st ex.s. c 184 § 19; 1961 c 240 § 10; 1955 c 304 § 18. Prior: 1951 c 216 § 2; 1939 c 187 § 5, part; RRS § 10726-5, part.]

89.08.185 Petition to withdraw from district—Approval or rejection—Disputed petitions. The local governing body of any city or incorporated town within an existing district may approve by majority vote a petition to withdraw from the district. The petition shall be submitted to the district for its approval. If approved by the district, the peti-
tion shall be sent to the commission. The commission shall approve the petition and forward it to the secretary of state and the boundary of the district shall be adjusted accordingly. If the petition is not approved by the district, the district shall adopt a resolution specifying the reasons why the petition is not approved. The petition and the district's resolution shall be sent to the commission for its review. The commission shall approve or reject the petition based upon criteria it has adopted for the evaluation of petitions in dispute. If the commission approves the petition, it shall forward the petition to the secretary of state and the boundaries of the district shall be adjusted accordingly. The criteria used by the commission to evaluate petitions which are in dispute shall be adopted as rules by the commission under chapter 34.05 RCW, the administrative procedure act. [1999 c 305 § 7.]

89.08.190 Nomination and election of supervisors—Annual meeting of voters. Within thirty days after the issuance of the certificate of organization, unless the time is extended by the commission, petitions shall be filed with the commission to nominate candidates for the three elected supervisors. The petition shall be signed by not less than twenty-five district electors, and a district elector may sign petitions nominating more than one person.

In the case of a new district, the commission shall give due notice to elect the three supervisors. All provisions pertaining to elections on the creation of a district shall govern this election so far as applicable. The names of all nominees shall appear on the ballot in alphabetical order, together with instructions to vote for three. The three candidates receiving the most votes shall be declared elected supervisors, the one receiving the most being elected for a three-year term, the next for two and the last for one year. An alternate method of dividing the district into three zones may be used when requested by the board of supervisors and approved by the commission. In such case, instructions will be to vote for one in each zone. The candidate receiving the most votes in a zone shall be declared elected.

Each year after the creation of the first board of supervisors, the board shall by resolution and by giving due notice, set a date during the first quarter of each calendar year at which time it shall conduct an election, except that for elections in 2002 only, the board shall set the date during the second quarter of the calendar year at which time it shall conduct an election. Names of candidates nominated by petition shall appear in alphabetical order on the ballots, together with an extra line wherein may be written in the name of any other candidate. The commission shall establish procedures for elections, canvass the returns and announce the official results thereof. Election results may be announced by polling officials at the close of the election subject to official canvass of ballots by the commission. Supervisors elected shall take office at the first board meeting following the election. [2002 c 43 § 3; 1973 1st ex.s. c 184 § 20; 1967 c 217 § 2; 1961 c 240 § 11; 1955 c 304 § 19; 1939 c 187 § 6; RRS § 10726-6.]

89.08.200 Supervisors—Term, vacancies, removal, etc.—Compensation. The term of office of each supervisor shall be three years and until his or her successor is appointed or elected and qualified, except that the supervisors first appointed shall serve for one and two years respectively from the date of their appointments, as designated in their appointments.

In the case of elected supervisors, the term of office of each supervisor shall be three years and until his or her successor is elected and qualified, except that for the first election, the one receiving the largest number of votes shall be elected for three years; the next largest two years; and the third largest one year. Successors shall be elected for three-year terms.

Vacancies in the office of appointed supervisors shall be filled by the state conservation commission. Vacancies in the office of elected supervisors shall be filled by appointment made by the remaining supervisors for the unexpired term.

A majority of the supervisors shall constitute a quorum and the concurrence of a majority is required for any official action or determination.

Supervisors shall serve without compensation, but they shall be entitled to expenses, including traveling expenses, necessarily incurred in discharge of their duties. A supervisor may be removed by the state conservation commission upon notice and hearing, for neglect of duty or malfeasance in office, but for no other reason.

89.08.210 Powers and duties of supervisors. The supervisors may employ a secretary, treasurer, technical experts, and such other officers, agents, and employees, permanent and temporary, as they may require, and determine their qualifications, duties, and compensation. It may call upon the attorney general for legal services, or may employ its own counsel and legal staff. The supervisors may delegate to their chair, to one or more supervisors, or to one or more agents or employees such powers and duties as it deems proper. The supervisors shall furnish to the commission, upon request, copies of such internal rules, regulations, orders, contracts, forms, and other documents as they shall adopt or employ, and such other information concerning their activities as the commission may require in the performance of its duties under chapter 184, Laws of 1973 1st ex. sess. The supervisors shall provide for the execution of surety bonds for officers and all employees who shall be entrusted with funds or property.

The supervisors shall provide for the keeping of a full and accurate record of all proceedings, resolutions, regulations, and orders issued or adopted. The supervisors shall provide for an annual audit of the accounts of receipts and disbursements in accordance with procedures prescribed by regulations of the commission.

The board may invite the legislative body of any municipality or county near or within the district, to designate a representative to advise and consult with it on all questions of program and policy which may affect the property, water supply, or other interests of such municipality or county. The governing body of a district shall appoint such advisory committees as may be needed to assure the availability of appropriate channels of communication to the board of supervisors,
to persons affected by district operations, and to local, regional, state and interstate special-purpose districts and agencies responsible for community planning, zoning, or other resource development activities. The district shall keep such committees informed of its work, and such advisory committees shall submit recommendations from time to time to the board of supervisors. [2013 c 23 § 551; 2000 c 45 § 1; 1973 1st ex.s. c 184 § 22; 1955 c 304 § 22. Prior: 1949 c 106 § 2, part; 1939 c 187 § 7, part; Rem. Supp. 1949 § 10726-7, part.]

89.08.215 Treasurer—Powers and duties—Bond. (1) The treasurer of the county in which a conservation district is located is ex officio treasurer of the district. However, the board of supervisors by resolution may designate some other person having experience in financial or fiscal matters as treasurer of the conservation district. The board of supervisors shall require a bond, with a surety company authorized to do business in the state of Washington, in an amount and under the terms and conditions which the board of supervisors by resolution from time to time finds will protect the district against loss. The premium on this bond shall be paid by the district.

(2) All district funds shall be paid to the treasurer and disbursed only on warrants issued by an auditor appointed by the board of supervisors, upon orders or vouchers approved by it. The treasurer shall establish a conservation district fund into which shall be paid all district funds. The treasurer shall maintain any special funds created by the board of supervisors for the placement of all money as the board of supervisors may, by resolution, direct.

(3) If the treasurer of the district is the treasurer of the county all district funds shall be deposited with the county depositaries under the same restrictions, contracts, and security as provided for county depositaries. If the treasurer of the district is some other person, all funds shall be deposited in a bank or banks authorized to do business in this state as the board of supervisors, by resolution, designates.

(4) A district may provide and require a reasonable bond of any other person handling moneys or securities of the district, if the district pays the premium.

(5)(a) A district may disburse funds in payment of salaries, wages, and any other approved financial reimbursement to any employee or contractor of the district to any financial institution for either: (i) Credit to the employees' or contractors' accounts in such financial institution; or (ii) immediate transfer therefrom to the employees' or contractors' accounts in any other financial institutions.

(b) As used in this subsection (5), "financial institution" has the definition in RCW 41.04.240. [2013 c 164 § 2; 2000 c 45 § 2.]

89.08.220 Corporate status and powers of district. A conservation district organized under the provisions of chapter 184, Laws of 1973 1st ex. sess. shall constitute a governmental subdivision of this state, and a public body corporate and politic exercising public powers, but shall not levy taxes or issue bonds and such district, and the supervisors thereof, shall have the following powers, in addition to others granted in other sections of chapter 184, Laws of 1973 1st ex. sess.: (1) To conduct surveys, investigations, and research relating to the conservation of renewable natural resources and the preventive and control measures and works of improvement needed, to publish the results of such surveys, investigations, or research, and to disseminate information concerning such preventive and control measures and works of improvement: PROVIDED, That in order to avoid duplication of research activities, no district shall initiate any research program except in cooperation with the government of this state or any of its agencies, or with the United States or any of its agencies;

(2) To conduct educational and demonstrational projects on any lands within the district upon obtaining the consent of the occupier of such lands and such necessary rights or interests in such lands as may be required in order to demonstrate by example the means, methods, measures, and works of improvement by which the conservation of renewable natural resources may be carried out;

(3) To carry out preventative and control measures and works of improvement for the conservation of renewable natural resources, within the district including, but not limited to, engineering operations, methods of cultivation, the growing of vegetation, changes in use of lands, and the measures listed in RCW 89.08.010, on any lands within the district upon obtaining the consent of the occupier of such lands and such necessary rights or interests in such lands as may be required;

(4) To cooperate or enter into agreements with, and within the limits of appropriations duly made available to it by law, to furnish financial or other aid to any agency, governmental or otherwise, or any occupier of lands within the district in the carrying on of preventive and control measures and works of improvement for the conservation of renewable natural resources within the district, subject to such conditions as the supervisors may deem necessary to advance the purposes of this subsection only, land occupiers who are also district supervisors are not subject to the provisions of RCW 42.23.030;

(5) To obtain options upon and to acquire in any manner, except by condemnation, by purchase, exchange, lease, gift, bequest, devise, or otherwise, any property, real or personal, or rights or interests therein; to maintain, administer, and improve any properties acquired, to receive income from such properties and to expend such income in carrying out the purposes and provisions of chapter 184, Laws of 1973 1st ex. sess.; and to sell, lease, or otherwise dispose of any of its property or interests therein in furtherance of the purposes and the provisions of chapter 184, Laws of 1973 1st ex. sess.;

(6) To make available, on such terms, as it shall prescribe, to land occupiers within the district, agricultural and engineering machinery and equipment, fertilizer, seeds, seedlings, and such other equipment and material as will assist them to carry on operations upon their lands for the conservation of renewable natural resources;

(7) To prepare and keep current a comprehensive long-range program recommending the conservation of all the renewable natural resources of the district. Such programs shall be directed toward the best use of renewable natural resources and in a manner that will best meet the needs of the district and the state, taking into consideration, where appro-
appropriate, such uses as farming, grazing, timber supply, forest, parks, outdoor recreation, potable water supplies for urban and rural areas, water for agriculture, minimal flow, and industrial uses, watershed stabilization, control of soil erosion, retardation of water run-off, flood prevention and control, reservoirs and other water storage, restriction of developments of floodplains, protection of open space and scenery, preservation of natural beauty, protection of fish and wildlife, preservation of wilderness areas and wild rivers, the prevention or reduction of sedimentation and other pollution in rivers and other waters, and such location of highways, schools, housing developments, industries, airports and other facilities and structures as will fit the needs of the state and be consistent with the best uses of the renewable natural resources of the state. The program shall include an inventory of all renewable natural resources in the district, a compilation of current resource needs, projections of future resource requirements, priorities for various resource activities, projected timetables, descriptions of available alternatives, and provisions for coordination with other resource programs.

The district shall also prepare an annual work plan, which shall describe the action programs, services, facilities, materials, working arrangements and estimated funds needed to carry out the parts of the long-range programs that are of the highest priorities.

The districts shall hold public hearings at appropriate times in connection with the preparation of programs and plans, shall give careful consideration to the views expressed and problems revealed in hearings, and shall keep the public informed concerning their programs, plans, and activities. Occupiers of land shall be invited to submit proposals for consideration to such hearings. The districts may supplement such hearings with meetings, referenda and other suitable means to determine the wishes of interested parties and the general public in regard to current and proposed plans and programs of a district. They shall confer with public and private agencies, individually and in groups, to give and obtain information and understanding of the impact of district operations upon agriculture, forestry, water supply and quality, flood control, particular industries, commercial concerns and other public and private interests, both rural and urban.

Each district shall submit to the commission its proposed long-range program and annual work plans for review and comment.

The long-range renewable natural resource program, together with the supplemental annual work plans, developed by each district under the foregoing procedures shall have official status as the authorized program of the district, and it shall be published by the districts as its "renewable resources program". Copies shall be made available by the districts to the appropriate counties, municipalities, special purpose districts and state agencies, and shall be made available in convenient places for examination by public land occupier or private interest concerned. Summaries of the program and selected material therefrom shall be distributed as widely as feasible for public information;

(8) To administer any project or program concerned with the conservation of renewable natural resources located within its boundaries undertaken by any federal, state, or other public agency by entering into a contract or other appropriate administrative arrangement with any agency administering such project or program;

(9) Cooperate with other districts organized under chapter 184, Laws of 1973 1st ex. sess. in the exercise of any of its powers;

(10) To accept donations, gifts, and contributions in money, services, materials, or otherwise, from the United States or any of its agencies, from this state or any of its agencies, or from any other source, and to use or expend such moneys, services, materials, or any contributions in carrying out the purposes of chapter 184, Laws 1973 1st ex. sess.;

(11) To sue and be sued in the name of the district; to have a seal which shall be judicially noticed; have perpetual succession unless terminated as hereinafter provided; to make and execute contracts and other instruments, necessary or convenient to the exercise of its powers; to borrow money and to pledge, mortgage and assign the income of the district and its real or personal property therefor; and to make, amend rules and regulations not inconsistent with chapter 184, Laws of 1973 1st ex. sess. and to carry into effect its purposes;

(12) Any two or more districts may engage in joint activities by agreement between or among them in planning, financing, constructing, operating, maintaining, and administering any program or project concerned with the conservation of renewable natural resources. The districts concerned may make available for purposes of the agreement any funds, property, personnel, equipment, or services available to them under chapter 184, Laws of 1973 1st ex. sess.;

Any district may enter into such agreements with a district or districts in adjoining states to carry out such purposes if the law in such other states permits the districts in such states to enter into such agreements.

The commission shall have authority to propose, guide, and facilitate the establishment and carrying out of any such agreement;

(13) Every district shall, through public hearings, annual meetings, publications, or other means, keep the general public, agencies and occupiers of land within the district, informed of the works and activities planned and administered by the district, of the purposes these will serve, of the income and expenditures of the district, of the funds borrowed by the district and the purposes for which such funds are expended, and of the results achieved annually by the district; and

(14) The supervisors of conservation districts may designate an area, state, and national association of conservation districts as a coordinating agency in the execution of the duties imposed by this chapter, and to make gifts in the form of dues, quotas, or otherwise to such associations for costs of services rendered, and may support and attend such meetings as may be required to promote and perfect the organization and to effect its purposes. [1999 c 305 § 8; 1973 1st ex.s. c 184 § 23; 1963 c 110 § 1; 1961 c 240 § 13; 1955 c 304 § 23. Prior: (i) 1939 c 187 § 8; RRS § 10726-8. (ii) 1939 c 187 § 13; RRS § 10726-13.]
that such arrangements will promote administrative efficiency or economy.

In connection with any such arrangements, any state or local agency or political subdivision of this state is authorized, within the limits of funds available to it, to contribute funds, equipment, property or services to any district; and to collaborate with a district in jointly planning, constructing, financing or operating any work or activity provided for in such arrangements and in the joint acquisition, maintenance and operation of equipment or facilities in connection therewith.

State agencies, the districts, and other local agencies are authorized to make available to each other maps, reports and data in their possession that are useful in the preparation of their respective programs and plans for resource conservation. The districts shall keep the state and local agencies fully informed concerning the status and progress of the preparation of their resource conservation programs and plans.

The state conservation commission and the counties of the state may provide respective conservation districts such administrative funds as will be necessary to carry out the purpose of chapter 184, Laws of 1973 1st ex.sess. [1973 1st ex.s. c 184 § 24.]

89.08.350 Petition to dissolve district—Election. At any time after five years from the organization of a district, twenty percent of the voters in the district may file with the commission a petition, praying that the district be dissolved. The commission may hold public hearings thereon, and within sixty days from receipt of the petition, shall give due notice of an election on the question of dissolution. It shall provide appropriate ballots, conduct the election, canvass the returns, and declare the results in the same manner as for elections to create a district.

All district electors may vote at the election. No informality relating to the election shall invalidate it if notice is substantially given and the election is fairly conducted.

89.08.360 Result of election—Dissolution. If a majority of the votes cast at the election are for dissolution, the district shall be dissolved. [1999 c 305 § 9; 1973 1st ex.s. c 184 § 25; 1955 c 304 § 25. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.370 Disposition of affairs upon dissolution. If the district is ordered dissolved, the supervisors shall forthwith terminate the affairs of the district and dispose of all district property at public auction, and pay the proceeds therefrom to pay any debts of the district and any remaining balance to the state treasurer.

They shall then file a verified application with the secretary of state for the dissolution of the district, accompanied by a certificate of the commission reciting the determination that further operation of the district is impracticable. The application shall recite that the property of the district has been disposed of, that the proceeds therefrom have been used to pay any debts of the district and any remaining balance paid to the treasurer, and contain a full accounting of the property and proceeds. Thereupon the secretary shall issue to the supervisors a certificate of dissolution and file a copy thereof in his or her records. [1999 c 305 § 11; 1973 1st ex.s. c 184 § 27; 1955 c 304 § 27. Prior: 1939 c 187 § 15, part; RRS § 10726-15, part.]

89.08.390 Water rights preserved—1939 c 187. Insofar as any of the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling: PROVIDED, HOWEVER, That none of the provisions of this chapter shall be construed so as to impair water rights appurtenant to lands within or without the boundaries of any district or districts organized hereunder. [1939 c 187 § 17; RRS § 10726-17.]

89.08.391 Water rights preserved—1973 1st ex.s. c 184. Insofar as any of the provisions of this chapter are inconsistent with the provisions of any other law, the provisions of this chapter shall be controlling: PROVIDED, HOWEVER, That none of the provisions of this chapter shall be construed so as to impair water rights appurtenant to lands within or without the boundaries of any district or districts organized hereunder. [1973 1st ex.s. c 184 § 30.]

89.08.400 Special assessments for natural resource conservation. (1) Special assessments are authorized to be imposed for conservation districts as provided in this section. Activities and programs to conserve natural resources, including soil and water, are declared to be of special benefit to lands and may be used as the basis upon which special assessments are imposed.

(2) Special assessments to finance the activities of a conservation district may be imposed by the county legislative authority of the county in which the conservation district is located for a period or periods each not to exceed ten years in duration.

The supervisors of a conservation district shall hold a public hearing on a proposed system of assessments prior to the first day of August in the year prior to which it is proposed that the initial special assessments be collected. At that public hearing, the supervisors shall gather information and shall alter the proposed system of assessments when appropriate, including the number of years during which it is proposed that the special assessments be imposed.

On or before the first day of August in that year, the supervisors of a conservation district shall file the proposed system of assessments, indicating the years during which it is proposed that the special assessments shall be imposed, and a proposed budget for the succeeding year with the county legislative authority of the county within which the conservation district is located. The county legislative authority shall hold a public hearing on the proposed system of assessments. After the hearing, the county legislative authority may accept, or modify and accept, the proposed system of assessments, including the number of years during which the special assessments shall be imposed, if it finds that both the public interest will be served by the imposition of the special assessments and that the special assessments to be imposed on any land will not exceed the special benefit that the land receives or will receive from the activities of the conservation district. The findings of the county legislative authority shall be final and conclusive. Special assessments may be altered.
during this period on individual parcels in accordance with the system of assessments if land is divided or land uses or other factors change.

Notice of the public hearings held by the supervisors and the county legislative authority shall be posted conspicuously in at least five places throughout the conservation district, and published once a week for two consecutive weeks in a newspaper in general circulation throughout the conservation district, with the date of the last publication at least five days prior to the public hearing.

(3) A system of assessments shall classify lands in the conservation district into suitable classifications according to benefits conferred or to be conferred by the activities of the conservation district, determine an annual per acre rate of assessment for each classification of land, and indicate the total amount of special assessments proposed to be obtained from each classification of lands. Lands deemed not to receive benefit from the activities of the conservation district shall be placed into a separate classification and shall not be subject to the special assessments. An annual assessment rate shall be stated as either uniform annual per acre amount, or an annual flat rate per parcel plus a uniform annual rate per acre amount, for each classification of land. The maximum annual per acre special assessment rate shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars, except that for counties with a population of over one million five hundred thousand persons, the maximum annual per parcel rate shall not exceed ten dollars.

Public land, including lands owned or held by the state, shall be subject to special assessments to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the special assessments of a conservation district.

Forest lands used solely for the planting, growing, or harvesting of trees may be subject to special assessments if such lands benefit from the activities of the conservation district, but the per acre rate of special assessment on benefited forest lands shall not exceed one-tenth of the weighted average per acre assessment on all other lands within the conservation district that are subject to its special assessments. The calculation of the weighted average per acre special assessment shall be a ratio calculated as follows: (a) The numerator shall be the total amount of money estimated to be derived from the imposition of per acre special assessments on the nonforest lands in the conservation district; and (b) the denominator shall be the total number of nonforest land acres in the conservation district that receive benefit from the activities of the conservation district and which are subject to the special assessments of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the special assessments that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate of assessment.

(4) A conservation district shall prepare an assessment roll that implements the system of assessments approved by the county legislative authority. The special assessments from the assessment roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of a special assessment shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest rate and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected special assessments, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the special assessments, but not to exceed the actual costs of such work. All remaining funds collected under this section shall be transferred to the conservation district and used by the conservation district in accordance with this section.

(5) The special assessments for a conservation district shall not be spread on the tax rolls and shall not be collected with property tax collections in the following year if, after the system of assessments has been approved by the county legislative authority but prior to the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such special assessments, which petition has been signed by at least twenty percent of the owners of land that would be subject to the special assessments to be imposed for a conservation district. [2005 c 466 § 1; 1992 c 70 § 1; 1989 c 18 § 1.]

89.08.405 Rates and charges system. (1) Any county legislative authority may approve by resolution revenues to a conservation district by fixing rates and charges. The county legislative authority may provide for this system of rates and charges as an alternative to, but not in addition to, a special assessment provided by RCW 89.08.400. In fixing rates and charges, the county legislative authority may in its discretion consider the information proposed to the county legislative authority by a conservation district consistent with this section.

(2) A conservation district, in proposing a system of rates and charges, may consider:

(a) Services furnished, to be furnished, or available to the landowner;

(b) Benefits received, to be received, or available to the property;

(c) The character and use of land;

(d) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user;

(e) The income level of persons served or provided benefits under this chapter, including senior citizens and disabled persons; or

(f) Any other matters that present a reasonable difference as a ground for distinction.

(3)(a) The system of rates and charges may include an annual per acre amount, an annual per parcel amount, or an annual per parcel amount plus an annual per acre amount. If included in the system of rates and charges, the maximum annual per acre rate or charge shall not exceed ten cents per acre. The maximum annual per parcel rate shall not exceed five dollars, except that for counties with a population of over
one million five hundred thousand persons, the maximum annual per parcel rate shall not exceed ten dollars.

(b) Public land, including lands owned or held by the state, shall be subject to rates and charges to the same extent as privately owned lands. The procedures provided in chapter 79.44 RCW shall be followed if lands owned or held by the state are subject to the rates and charges of a conservation district.

(c) Forest lands used solely for the planting, growing, or harvesting of trees may be subject to rates and charges if such lands are served by the activities of the conservation district. However, if the system of rates and charges includes an annual per acre amount or an annual per parcel amount plus an annual per acre amount, the per acre rate or charge on such forest lands shall not exceed one-tenth of the weighted average per acre rate or charge on all other lands within the conservation district that are subject to rates and charges. The calculation of the weighted average per acre shall be a ratio calculated as follows: (i) The numerator shall be the total amount of money estimated to be derived from the per acre special rates and charges on the nonforest lands in the conservation district; and (ii) the denominator shall be the total number of nonforest land acres in the conservation district that are served by the activities of the conservation district and that are subject to the rates or charges of the conservation district. No more than ten thousand acres of such forest lands that is both owned by the same person or entity and is located in the same conservation district may be subject to the rates and charges that are imposed for that conservation district in any year. Per parcel charges shall not be imposed on forest land parcels. However, in lieu of a per parcel charge, a charge of up to three dollars per forest landowner may be imposed on each owner of forest lands whose forest lands are subject to a per acre rate or charge.

(4) The consideration, development, adoption, and implementation of a system of rates and charges shall follow the same public notice and hearing process and be subject to the same procedure and authority of RCW 89.08.400(2).

(5)(a) Following the adoption of a system of rates and charges, the conservation district board of supervisors shall establish by resolution a process providing for landowner appeals of the individual rates and charges as applicable to a parcel or parcels.

(b) Any appeal must be filed by the landowner with the conservation district no later than twenty-one days after the date property taxes are due. The decision of the board of supervisors regarding any appeal shall be final and conclusive.

(c) Any appeal of the decision of the board shall be to the superior court of the county in which the district is located, and served and filed within twenty-one days of the date of the board's written decision.

(6) A conservation district shall prepare a roll that implements the system of rates and charges approved by the county legislative authority. The rates and charges from the roll shall be spread by the county assessor as a separate item on the tax rolls and shall be collected and accounted for with property taxes by the county treasurer. The amount of the rates and charges shall constitute a lien against the land that shall be subject to the same conditions as a tax lien, and collected by the treasurer in the same manner as delinquent real property taxes, and subject to the same interest and penalty as for delinquent property taxes. The county treasurer shall deduct an amount from the collected rates and charges, as established by the county legislative authority, to cover the costs incurred by the county assessor and county treasurer in spreading and collecting the rates and charges, but not to exceed the actual costs of such work. All remaining funds collected under this section shall be transferred to the conservation district and used by the conservation district in accordance with this section.

(7) The rates and charges for a conservation district shall not be spread on the tax rolls and shall not be allocated with property tax collections in the following year if, after the system of rates and charges has been approved by the county legislative authority but before the fifteenth day of December in that year, a petition has been filed with the county legislative authority objecting to the imposition of such rates and charges, which petition has been signed by at least twenty percent of the owners of land that would be subject to the rate or charge to be imposed for a conservation district. [2012 c 60 § 1]

Effective date—2012 c 60: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 20, 2012]." [2012 c 60 § 3.]

89.08.410 Grants to conservation districts—Rules—Report to the legislature. The state conservation commission may authorize grants to conservation districts from monies appropriated to the commission for such purposes as provided in this section. Such grants shall be awarded annually on or before the last day of June of each year and shall be made only to those conservation districts that apply for the grants. The conservation commission may adopt rules pertaining to eligibility and distribution of these funds. The conservation commission shall submit a report on the distribution of these funds to the appropriate committees of the legislature by September 30, 2007. [2005 c 31 § 1; 1989 c 18 § 2.]

Effective date—2005 c 31: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 13, 2005]." [2005 c 31 § 2.]

89.08.440 Best management practices for fish and wildlife habitat, water quality, and water quantity property tax exemption—List—Forms—Certification of claims. (1) For the purpose of identifying property that may qualify for the exemption provided under RCW 84.36.255, each conservation district shall develop and maintain a list of best management practices that qualify for the exemption.

(2) Each conservation district shall ensure that the appropriate forms approved by the department of revenue are made available to property owners who may qualify for the exemption under RCW 84.36.255 and shall certify claims for exemption as provided in RCW 84.36.255(3). [1997 c 295 § 3.]

Purpose—1997 c 295: See note following RCW 84.36.255.

89.08.450 Watershed restoration projects—Intent. The legislature declares that it is the goal of the state of Washington to preserve and restore the natural resources of the state and, in particular, fish and wildlife and their habitat.
It is further the policy of the state insofar as possible to utilize the volunteer organizations who have demonstrated their commitment to these goals.

To this end, it is the intent of the legislature to minimize the expense and delays caused by unnecessary bureaucratic process in securing permits for projects that preserve or restore native fish and wildlife habitat. [1995 c 378 § 1.]

**89.08.460 Watershed restoration projects—Definitions.** Unless the context clearly requires otherwise, the definitions in this section shall apply throughout RCW 89.08.450 through 89.08.510.

1) "Watershed restoration plan" means a plan, developed or sponsored by the department of fish and wildlife, the department of ecology, the department of natural resources, the department of transportation, a federally recognized Indian tribe acting within and pursuant to its authority, a city, a county, or a conservation district, that provides a general program and implementation measures or actions for the preservation, restoration, re-creation, or enhancement of the natural resources, character, and ecology of a stream, stream segment, drainage area, or watershed, and for which agency and public review has been conducted pursuant to chapter 43.21C RCW, the state environmental policy act. If the implementation measures or actions would have a probable significant, adverse environmental impact, a detailed statement under RCW 43.21C.031 must be prepared on the plan.

2) "Watershed restoration project" means a public or private project authorized by the sponsor of a watershed restoration plan that implements the plan or a part of the plan and consists of one or more of the following activities:

a) A project that involves less than ten miles of streamreach, in which less than twenty-five cubic yards of sand, gravel, or soil is removed, imported, disturbed, or discharged, and in which no existing vegetation is removed except as minimally necessary to facilitate additional plantings;

b) A project for the restoration of an eroded or unstable stream bank that employs the principles of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water; or

c) A project primarily designed to improve fish and wildlife habitat, remove or reduce impediments to migration of fish, or enhance the fishery resource available for use by all of the citizens of the state, provided that any structure other than a bridge or culvert or instream habitat enhancement structure associated with the project is less than two hundred square feet in floor area and is located above the ordinary high water mark of the stream. [1995 c 378 § 2.]

**89.08.470 Watershed restoration projects—Consolidated permit application process—Fish habitat enhancement project.** (1) By January 1, 1996, the Washington conservation commission shall develop, in consultation with other state agencies, tribes, and local governments, a consolidated application process for permits for a watershed restoration project developed by an agency or sponsored by an agency on behalf of a volunteer organization. The consolidated process shall include a single permit application form for use by all responsible state and local agencies. The commission shall encourage use of the consolidated permit application process by any federal agency responsible for issuance of related permits. The permit application forms to be consolidated shall include, at a minimum, applications for: (a) Approvals related to water quality standards under chapter 90.48 RCW; (b) hydraulic project approvals under chapter 77.55 RCW; and (c) section 401 water quality certifications under 33 U.S.C. Sec. 1341 and chapter 90.48 RCW.

2) If a watershed restoration project is also a fish habitat enhancement project that meets the criteria of *RCW 77.55.290*(1), the project sponsor shall instead follow the permit review and approval process established in *RCW 77.55.290* with regard to state and local government permitting requirements. The sponsor shall so notify state and local permitting authorities. [2003 c 39 § 47; 1998 c 249 § 13; 1995 c 378 § 3.]

**Reviser's note:** RCW 77.55.290 was recodified as RCW 77.55.181 pursuant to 2005 c 146 § 1001.

**Findings—Purpose—Report—Effective date—1998 c 249:** See notes following RCW 77.55.181.

**89.08.480 Watershed restoration projects—Designated recipients of project applications—Notice to commission.** Each agency of the state and unit of local government that claims jurisdiction or the right to require permits, other approvals, or fees as a condition of allowing a watershed restoration project to proceed shall designate an office or official as a designated recipient of project applications and shall inform the conservation commission of the designation. [1995 c 378 § 4.]

**89.08.490 Watershed restoration projects—Acceptance of applications—Permit decisions.** All agencies of the state and local governments shall accept the single application developed under RCW 89.08.470. Unless the procedures under RCW 89.08.500 are invoked, the application shall be processed without charge and permit decisions shall be issued within forty-five days of receipt of a complete application. [1995 c 378 § 5.]

**89.08.500 Watershed restoration projects—Appointment of project facilitator by *permit assistance center—Coordinated process for permit decisions.** The applicant or any state agency, tribe, or local government with permit processing responsibility may request that the *permit assistance center created by chapter 347, Laws of 1995 appoint a project facilitator to develop in consultation with the applicant and permit agencies a coordinated process for permit decisions on the application. The process may incorporate procedures for coordinating state permits under chapter 347, Laws of 1995. The *center shall adopt a target of completing permit decisions within forty-five days of receipt of a complete application.

If **House Bill No. 1724 is not enacted by June 30, 1995, this section shall be null and void. [1995 c 378 § 6.]**

**Reviser's note:** *(1)* The permit assistance center and its powers and duties were terminated effective June 30, 1999, pursuant to 1995 c 347 § 617.

**(2) House Bill No. 1724 [1995 c 347] was enacted.**

**89.08.510 Watershed restoration projects—General permits—Cooperative permitting agreements.** State agencies, tribes, and local governments responsible for per-
mits or other approvals of watershed restoration projects as defined in RCW 89.08.460 may develop general permits or permits by rule to address some or all projects required by an approved watershed restoration plan, or for types of watershed restoration projects. Nothing in chapter 378, Laws of 1995 precludes local governments, state agencies, and tribes from working out other cooperative permitting agreements outside the procedures of chapter 378, Laws of 1995. [1995 c 378 § 7.]

89.08.520 Water quality and habitat protection grant programs—Development of outcome-focused performance measures. (1) In administering grant programs to improve water quality and protect habitat, the commission shall:
   (a) Require grant recipients to incorporate the environmental benefits of the project into their grant applications;
   (b) In its grant prioritization and selection process, consider:
      (i) The statement of environmental benefits;
      (ii) Whether, except as conditioned by RCW 89.08.580, the applicant is a Puget Sound partner, as defined in RCW 90.71.010, and except as otherwise provided in RCW 89.08.590, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the applicant is an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030; and
      (iii) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310; and
   (c) Not provide funding, after January 1, 2010, for projects designed to address the restoration of Puget Sound that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.
   (2)(a) The commission shall also develop appropriate outcome-focused performance measures to be used both for management and performance assessment of the grant program.
   (b) The commission shall work with the districts to develop uniform performance measures across participating districts and, to the extent possible, the commission should coordinate its performance measure system with other natural resource-related agencies as defined in RCW 43.41.270. The commission shall consult with affected interest groups in implementing this section. [2008 c 299 § 27; 2007 c 341 § 28; 2001 c 227 § 3.]

89.08.530 Agricultural conservation easements program. (1) The agricultural conservation easements program is created. The state conservation commission shall manage the program and adopt rules as necessary to implement the legislature’s intent.
   (2) The commission shall report to the legislature on an ongoing basis regarding potential funding sources for the purchase of agricultural conservation easements under the program and recommend changes to existing funding authorized by the legislature.
   (3) All funding for the program shall be deposited into the agricultural conservation easements account created in RCW 89.08.540. Expenditures from the account shall be made to local governments and private nonprofits on a match or no match required basis at the discretion of the commission. Moneys in the account may be used to purchase easements in perpetuity or to purchase or lease easements for a fixed term.
   (4) Easements purchased with money from the agricultural conservation easements account run with the land. [2007 c 352 § 4; 2002 c 280 § 2.]

Intent—2002 c 280: “Among the rising costs that are increasingly driving Washington farmers out of business is the cost of land. Many of our oldest, well-established farms, often on the fringes of established communities, are under growing pressure to be sold for uses other than agriculture. In the face of these rising land costs, new farmers are finding it increasingly difficult to be able to afford to purchase farmland.

At the same time, the conversion of these prime farmlands to development costs our communities open and green space, reduces our access to local quality food, diminishes our cultural and historic roots, often represents a fiscal loss for governments, and frequently results in environmental costs including reduced flood detention, loss of surface water filtration, diminished aquifer recharge, loss of habitat and connective wildlife migration corridors, and loss of opportunities to protect riparian lands.

These concerns, among others, are leading the federal government and local jurisdictions around our state to provide funding for local programs to purchase agricultural conservation easements that help keep farmers in farming and farmland in agriculture. It is the intent of the legislature to create a Washington purchase of agricultural conservation easements program that will facilitate the use of federal funds, ease the burdens of local governments launching similar programs at the local level, and help local governments fight the conversion of agricultural lands they have not otherwise protected through their planning processes.” [2002 c 280 § 1.]

89.08.540 Agricultural conservation easements account. (1) The agricultural conservation easements account is created in the custody of the state treasurer. All receipts from legislative appropriations, other sources as directed by the legislature, and gifts, grants, or endowments from public or private sources must be deposited into the account. Expenditures from the account may be used only for the purchase of easements in perpetuity or for the purchase or lease of easements for a fixed term under the agricultural conservation easements program. Only the state conservation commission, or the executive director of the commission on the commission’s behalf, may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.
   (2) The commission is authorized to receive and expend gifts, grants, or endowments from public or private sources that are made available, in trust or otherwise, for the use and benefit of the agricultural conservation easements program. [2007 c 352 § 5; 2002 c 280 § 3.]

Intent—2002 c 280: See note following RCW 89.08.530.

89.08.550 Conservation assistance revolving account. (1) The conservation assistance revolving account is created in the custody of the state treasurer. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other
moneys appropriated to the account by the legislature. Expenditures from the account may be used only to make loans to landowners for projects enrolled in the conservation reserve enhancement program and the continuous conservation reserve program.

(2) In order to aid the financing of conservation reserve enhancement program projects and continuous conservation reserve program projects, the conservation commission, through the conservation districts, may make interest-free loans to these enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section. [2005 c 30 § 1; 2004 c 277 § 901.]

Severability—2004 c 277: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2004 c 277 § 919.]

Effective dates—2004 c 277: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 1, 2004], except for sections 117 and 202 of this act, which take effect April 16, 2004." [2004 c 277 § 920.]

89.08.560  Farm plans—Disclosure of information.
(1) Conservation districts, before developing a farm plan, shall inform the landowner or operator in writing of the types of information that is [are] subject to disclosure to the public under chapter 42.56 RCW. Before completion of the final draft of a farm plan, the district shall send the final draft farm plan to the requesting landowner or operator for verification of the information. The final farm plan shall not be disclosed by the conservation district until the requesting owner or operator confirms the information in the farm plan and a signed copy of the farm plan is received by the conservation district.

(2) For the purposes of this section and RCW 42.56.270, "farm plan" means a plan prepared by a conservation district in cooperation with a landowner or operator for the purpose of conserving, monitoring, or enhancing renewable natural resources. Farm plans include, but are not limited to, provisions pertaining to:
(a) Developing and prioritizing conservation objectives;
(b) Taking an inventory of soil, water, vegetation, livestock, and wildlife;
(c) Implementing conservation measures, including technical assistance provided by the district;
(d) Developing and implementing livestock nutrient management measures;
(e) Developing and implementing plans pursuant to business and financial objectives; and
(f) Recording, or records of, decisions. [2006 c 369 § 1.]

89.08.570  Crop purchase contracts for dedicated energy crops. In addition to any other authority provided by law, conservation districts are authorized to enter into crop purchase contracts for a dedicated energy crop for the purposes of producing, selling, and distributing biodiesel produced from Washington state feedstocks, cellulosic ethanol, and cellulosic ethanol blend fuels. [2007 c 348 § 207.]

Findings—Part headings not law—2007 c 348: See RCW 43.325.005 and 43.325.903.

89.08.580  Puget Sound partners. When administering water quality and habitat protection grants under this chapter, the commission shall give preference only to Puget Sound partners, as defined in RCW 90.71.010, in comparison to other entities that are eligible to be included in the definition of Puget Sound partner. Entities that are not eligible to be a Puget Sound partner due to geographic location, composition, exclusion from the scope of the Puget Sound action agenda developed by the Puget Sound partnership under RCW 90.71.310, or for any other reason, shall not be given less preferential treatment than Puget Sound partners. [2007 c 341 § 29.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

89.08.590  Administering funds—Preference to an evergreen community. When administering funds under this chapter, the commission shall give preference only to an evergreen community recognized under RCW 35.105.030 in comparison to other entities that are eligible to receive evergreen community designation. Entities not eligible for designation as an evergreen community shall not be given less preferential treatment than an evergreen community. [2008 c 299 § 32.]

Short title—2008 c 299: See note following RCW 35.105.010.

89.08.600  Water quality trading program—Assessment—Report. (Expires June 30, 2018.) (1) The state conservation commission, in partnership with the department of ecology, shall build upon the report on conservation markets produced pursuant to chapter 133, Laws of 2008 and explore whether there are potential buyers and sellers in Washington watersheds for a water quality trading program. Specifically, the state conservation commission should examine watersheds in which total maximum daily loads have been produced, and assess whether there are potential buyers, or permit holders, and sellers of credit to support a water quality trading program consistent with the water quality trading framework developed by the department of ecology.

(2) The state conservation commission must coordinate with Indian tribes, the department of agriculture and other state agencies, local governments, and other interested stakeholders in completing the assessment and report required by this section. Prior to finalizing the assessment and report, the state conservation commission must ensure that the department of ecology concurs with its determination of whether or
not there is the potential for a viable water quality trading program.

(3) The state conservation commission must report its findings to the legislature consistent with RCW 43.01.036 by October 31, 2017.

(4) This section expires June 30, 2018. [2014 c 73 § 2.]

Findings—2014 c 73: "(1) The legislature finds that water quality trading is an innovative approach adopted in at least seventeen other states that can lead to a more efficient achievement of water quality goals. The premise of water quality trading is based on the fact that certain sources in a given watershed can have very different costs to control the same pollutant. Trading programs allow facilities facing higher pollution control costs to meet their regulatory obligations by purchasing environmentally equivalent or superior pollution reductions from another source at a lower cost. This trading achieves the same water quality improvement at lower overall cost.

(2) The legislature further finds that the United States environmental protection agency has been supportive of water quality trading programs since 1993 when it issued an initial document called the National Water Quality Trading Policy. With this publication, the environmental protection agency sent a clear signal of federal support for this innovative, market-based approach to improving water quality.

(3) The legislature further finds that water quality trading is, and should remain, a voluntary option that regulated point sources can use to meet the discharge limits in their national pollutant discharge elimination system permits.

(4) The legislature recognizes that setting up a water quality trading program can be a complex task that needs to be transparent, must have real, accountable deductions in pollution inputs, must be defensible, and must be enforceable. A water quality trading program may not be suitable for many watersheds in the state. However, the legislature also finds that the state of Washington should explore the option as a tool for achieving water quality goals and investigate whether this tool is viable given the specific, local water quality concerns facing Washington's waterbodies.

(5) The legislature further recognizes that the department of ecology has produced a draft water quality trading framework that enables trading in Washington and that to date a major barrier to trading is a lack of interested credit purchasers." [2014 c 73 § 1.]

89.08.900 Severability—1939 c 187. If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby. [1939 c 187 § 16; RRS § 10726-16.]

89.08.901 Severability—1973 1st ex.s. c 184. If any provision of this chapter, or the application of any provision to any person or circumstances, is held invalid, the remainder of the chapter and the application of such provision to other persons or circumstances shall not be affected thereby. [1973 1st ex.s. c 184 § 31.]

89.08.902 Severability—1989 c 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 18 § 3.]

Chapter 89.10 RCW
FARMLAND PRESERVATION

Sections
89.10.005 Findings.
89.10.010 Office of farmland preservation.
89.10.900 Captions not law—2007 c 352.

[Title 89 RCW—page 16]

89.10.005 Findings. The legislature finds that maintaining the capacity to provide adequate food and fiber resources is essential to the long-term sustainability of the state's citizens and economy. The nation's population has reached three hundred million and will continue to increase for the foreseeable future. Further, the world population is now over six billion and is projected to reach nine billion by the year 2050.

In Washington state, the population is growing by over one million people every decade with much of this growth occurring in western Washington. This growth is increasing the competition for land not only for housing, but also associated retail, commercial, industrial, and leisure industries.

The legislature finds that many once-productive agricultural areas in western Washington have been overtaken and irreversibly converted to nonagricultural uses. Other agricultural areas in the state have diminished to the point that they are dangerously close to losing the land mass necessary to be economically viable. Further, only a limited number of areas in western Washington still retain a sufficient agricultural land base and the necessary agricultural infrastructure to continue to be economically viable both in the short term and the long term.

The legislature recognizes that because this significant decline has largely occurred in less than a half century, it is imperative that mechanisms be established at the state level to focus attention, take the action needed to retain agricultural land, and ensure the opportunity for future generations to farm these lands.

The legislature finds that history shows that previous advanced civilizations in the world were founded on highly productive agricultural lands and food production systems but when the land or its productivity was lost, the civilizations declined. In contrast, other civilizations have existed for millennia because they maintained their agricultural land base, its productivity, and economic conditions sufficient to maintain stewardship of their land.

The legislature finds that there is a finite quantity of high quality agricultural land and that often this agricultural land is mistakenly viewed as an expendable resource. The legislature finds that the retention of agricultural land is desirable, not only to produce food, livestock, and other agricultural products, but also to maintain our state economy and preferable environmental conditions. For these reasons, and because it is essential that agricultural production be sufficient to meet the needs of our growing population, commitment to the retention of agricultural land should be reflected at the state policy level by the creation of an office of farmland preservation to support the retention of farmland and the viability of farming for future generations. [2007 c 352 § 1.]

89.10.010 Office of farmland preservation. (1) The office of farmland preservation is created and shall be located within the state conservation commission.

(2) Staff support for the office shall be provided by the state conservation commission.

(3) The office of farmland preservation may:
(a) Provide advice and assist the state conservation commission in implementing the provisions of RCW 89.08.530 and 89.08.540, including the merits of leasing or purchasing
easements for fixed terms in addition to purchasing easements in perpetuity;

(b) Develop recommendations for the funding level and for the use of the agricultural conservation easements account established in RCW 89.08.540 with the guidance of the farmland preservation task force established under *RCW 89.10.020;

(c) With input from the task force created in *RCW 89.10.020, provide an analysis of the major factors that have led to past declines in the amount and use of agricultural lands in Washington and of the factors that will likely affect retention and economic viability of these lands into the future including, but not limited to, pressures to convert land to non-agricultural uses, loss of processing plants and markets, loss of profitability, productivity, and competitive advantage, urban sprawl, water availability and quality, restrictions on agricultural land use, and conversion to recreational or other uses;

(d) Develop model programs and tools, including innovative economic incentives for landowners, to retain agricultural land for agricultural production, with the guidance from the farmland preservation task force created under *RCW 89.10.020;

(e) Provide technical assistance to localities as they develop and implement programs, mechanisms, and tools to encourage the retention of agricultural lands;

(f) Develop a grant process and an eligibility certification process for localities to receive grants for local programs and tools to retain agricultural lands for agricultural production;

(g) Provide analysis and recommendations as to the continued development and implementation of the farm transition program including, but not limited to, recommending:

(i) Assistance in the preparation of business plans for the transition of business interests;

(ii) Assistance in the facilitation of transfers of existing properties and agricultural operations to interested buyers; and

(iii) Research assistance on agricultural, financial, marketing, and other related transition matters;

(h) Begin the development of a farm transition program to assist in the transition of farmland and related businesses from one generation to the next, aligning the farm transition program closely with the farmland preservation effort to assure complementary functions; and

(i) Serve as a clearinghouse for incentive programs that would consolidate and disseminate information relating to conservation programs that are accessible to landowners and assist owners of agricultural lands to secure financial assistance to implement conservation easements and other projects. [2007 c 352 § 2.]

*Reviser's note: RCW 89.10.020 expired January 1, 2011.

89.10.900 Captions not law—2007 c 352. Captions used in this act are not any part of the law. [2007 c 352 § 8.]
The term "lands" shall mean, unless otherwise indicated, lands within the boundaries of a district contracting or intending to contract with the United States under the terms of this chapter.

The term "owner," "landowner," and "any one landowner" shall mean any person, corporation, joint stock association or family owning lands that are within the scope of this chapter.

The term "family" shall mean a group consisting of either or both husband and wife, together with their children under eighteen years of age, or all of such children if both parents are dead, the term "their children" including the issue and lawfully adopted children of either or both husband and wife.

Within the meaning of this chapter, lands shall be deemed to be held by a family if held as separate property of husband or wife, or if held as a part or all of their community property, or if they are the property of any or all of their children under eighteen years of age. [2013 c 23 § 552; 1943 c 275 § 3; Rem. Supp. 1943 § 7525-22.]

89.12.040 Units and legal subdivisions authorized—Size—Plats—Excess land. In connection with a district contracting or intending to contract with the United States under the federal reclamation laws and of providing for the delivery of water thereto, the method thereof, and the turnout therefor may segregate such lands, or any part thereof, into units and/or legal subdivisions, having in mind the character of soil, topography, method or methods of irrigation best suited therefor, location with respect to the irrigation system, type of irrigation system, and such other relevant factors as enter into the determination of the area and boundaries thereof and the method or methods of irrigating the same. Plats or revisions thereof showing the units and/or the legal subdivisions and the exclusive method or methods of irrigating such units and/or legal subdivisions or portions thereof when approved, may be filed by the United States for record with the auditor of the county in which the land is located. Lands in excess of the acreage in the amount specified by applicable federal law as not being excess lands held by any one landowner shall be deemed excess land. [1970 ex.s. c 71 § 1; 1963 c 3 § 1; 1957 c 165 § 2; 1943 c 275 § 4; Rem. Supp. 1943 § 7525-23.]

89.12.050 Contracts with United States—Permissible provisions. (1) A district may enter into repayment and other contracts with the United States under the terms of the federal reclamation laws in matters relating to federal reclamation projects, and may with respect to lands within its boundaries include in the contract, among others, an agreement that:

(a) The district will not deliver water by means of the project works provided by the United States to or for excess lands not eligible therefor under applicable federal law.

(b) As a condition to receiving water by means of the project works, each excess landowner in the district, unless his or her excess lands are otherwise eligible to receive water under applicable federal law, shall be required to execute a recordable contract covering all of his or her excess lands within the district.

(c) All excess lands within the district not eligible to receive water by means of the project works shall be subject to assessment in the same manner and to the same extent as lands eligible to receive water, subject to such provisions as the secretary may prescribe for postponement in payment of all or part of the assessment but not beyond a date five years from the time water would have become available for such lands had they been eligible therefor.

(d) The secretary is authorized to amend any existing contract, deed, or other document to conform to the provisions of applicable federal law as it now exists. Any such amendment may be filed for record under RCW 89.12.080.

(2) A district may enter into a contract with the United States for the transfer of operations and maintenance of the works of a federal reclamation project, but the contract does not impair to the district negligence for design or construction defects or deficiencies of the transferred works. Any contract, covenant, promise, agreement, or understanding purporting to indemnify against liability for damages caused by or resulting from the negligent acts or omissions of the United States, its employees, or agents is not enforceable unless expressly authorized by state law. [2013 c 177 § 13; 2013 c 23 § 553; 2009 c 145 § 3; 1963 c 3 § 2; 1957 c 165 § 3; 1951 c 200 § 1; 1943 c 275 § 5; Rem. Supp. 1943 § 7525-24.]

Reviser's note: This section was amended by 2013 c 23 § 553 and by 2013 c 177 § 13, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

89.12.060 Covenants running with the land—Contract provisions to govern. Any or all of the provisions which may be required to be included in recordable contracts may be made covenants running with any tract of land covered by the contract by expressly so providing therein. Recordable contracts expressly providing that any or all of such provisions shall be covenants running with the land covered thereby shall not be destroyed or extinguished by any tax or assessment foreclosure or deed issued pursuant thereto.
Such of the limitations and provisions of RCW 89.12.050 as are included in the repayment contract between the district and the United States, shall govern all the lands within the district unless otherwise provided in such contract and shall govern notwithstanding any other provisions of the laws of this state. [1963 c 3 § 3; 1953 c 148 § 1; 1943 c 275 § 6; Rem. Supp. 1943 § 7525-25.]

89.12.071 Fraudulent and unlawful conveyances—Preservation of rights acquired prior to repeal of RCW 89.12.070. The rights of any vendee or grantee as defined in section 7(b), chapter 275, Laws of 1943 as amended by section 2(b), chapter 200, Laws of 1951 and in RCW 89.12.070(2) are hereby preserved as to any transactions that were consummated by contract or deed prior to the repeal of said sections by this chapter. [1963 c 3 § 6.]

89.12.080 Instruments may be filed—Filing imparts notice. There may be filed for record in the office of the county auditor in the county in which the land lies any of the following: (1) Copies of any plat of established farm units approved by the secretary as provided in RCW 89.12.040, when authenticated in the manner authorized by law; (2) copies of any instrument, action, determination, rule or regulation of the secretary made in connection with the provisions of RCW 89.12.050 or otherwise under the federal reclamation laws and which is or may be determinative of title to lands or interest in lands, when authenticated in the manner authorized by law; and (3) any contract or instrument required to be executed by an owner, land purchaser or other person in connection with provisions incorporated in repayment contracts between a district and the United States as authorized by RCW 89.12.050. Such filing shall impart legal notice to the public of the matters and things set out therein. [1943 c 275 § 8; Rem. Supp. 1943 § 7525-27.]

89.12.090 State lands in district—State consent to assessment, conditions. Whenever a district to which this chapter applies is organized or in process of organization, the state of Washington, by and through its proper officials, is authorized and directed to have any state lands within the exterior boundaries of such district included as a part of the lands of such district. The state hereby consents to the assessment by the district of such state lands so included in any such irrigation district, and to the enforcement of the payment of such assessments in like manner and to the same extent as applicable to private lands in such districts, except that the payment of such assessment against such state lands shall not be enforced by transfer of title, by tax sale, tax foreclosure or otherwise, until the state has sold or transferred such lands to a private party. [1943 c 275 § 9; Rem. Supp. 1943 § 7525-28.]

89.12.100 State lands—Terms and conditions of sale. If state lands within a district have been segregated into farm units and the appraised value thereof established, the state shall recognize and accept the appraisal as determining the market value of such lands, and shall offer the state lands for sale for cash on the following terms and conditions:

(1) Sales shall be made only at the appraised value; (2) only the number of farm units or acreage specified by appli-
89.12.140 Subdivision and sale of state lands in reclamation project. The commissioner of public lands of the state of Washington is authorized to cooperate with the secretary of the interior for subdivision and disposal of lands under federal reclamation projects constructed or to be constructed under the provisions of the act of congress of June 17, 1902, (32 Stat., 388) and acts amendatory thereof or supplementary thereto in farm units bounded by lines considered more economical and convenient for irrigation and reclamation than the lines of legal subdivisions and for such purpose is authorized to cause to be prepared and filed a plat or plats of any state lands in any such federal reclamation project showing said state lands subdivided into blocks, lots or farm units, with boundary lines other than those of legal subdivisions, and located with a view to greater convenience, economy or efficiency in irrigation and reclamation, and such subdivision into lots, blocks or farm units may be made in harmony with any general plan approved by the secretary of the interior for subdivision of the lands of any such federal reclamation project or any part or division of any such project into blocks, lots or farm units with boundary lines other than the boundary lines of legal subdivisions and designed for more convenient, economical or efficient reclamation and irrigation. And the commissioner of public lands is authorized to offer for sale and to sell such state lands, in the lots, blocks or farm units designated on such plat or plats instead of offering and selling the same in the legal subdivisions of the U.S. public land surveys. [1927 c 246 § 1; RRS § 7402-280.]

Additional notes found at www.leg.wa.gov

89.12.150 Exchange of state and federal lands. From and after the date that the consent of the United States shall be given thereto by act of congress, the department of natural resources is authorized, upon request from the secretary of the interior, to cause an appraisel to be made by the board of natural resources of state lands in any division of any federal reclamation project which the secretary of the interior shall advise the department that he or she desires to have subdivided into farm units of class referred to in RCW 89.12.140, and also to cause to be appraised by the board of natural resources such public lands of the United States on the same project, or elsewhere in the state of Washington, as the secretary of the interior may propose to exchange for such state land, and when the secretary of the interior shall have secured from congress authority to make such exchange the department is authorized to exchange such state lands in any federal reclamation project for public lands of the United States on the same project or elsewhere in the state of Washington of approximately equal appraised valuation, and in making such exchange is authorized to execute suitable instruments in writing conveying or relinquishing to the United States such state lands and accepting in lieu thereof such public land of approximately equal appraised valuation. [2013 c 23 § 554; 1988 c 128 § 75; 1927 c 246 § 2; RRS § 7402-281.]

89.12.170 Columbia Basin project—Authorization for agreements to allocate water—Conditions. The department of ecology is authorized to enter into agreements with the United States for the allocation of groundwaters that exist as a result of the Columbia Basin project. The agreements and any allocation of water pursuant to the agreements must be consistent with authorized project purposes, federal and state reclamation laws, including federal rate requirements, and provisions of United States’ repayment contracts pertaining to the project. The agreements must provide that the department grant an application to beneficially use such water only if the department determines that the application will not impair existing water rights or project operations or harm the public interest. Use of water allocated pursuant to the terms of the agreements must be contingent upon issuance of licenses by the United States to approved applicants. This section is not intended to alter or affect any ownership interest or rights in groundwaters that are not allocated pursuant to the agreements. Before implementing any such agreements, the department, with the concurrence of the United States, shall adopt a rule setting forth the procedures for implementing the agreements and the priorities for processing of applications. The department is authorized to accept funds for administrative and staff expenses that it incurs in connection with entering into or implementing the agreements. [2002 c 330 § 3.]

Finding—2002 c 330: “The legislature finds that delivery of Columbia Basin project water through canals and its application to land through irrigation over approximately the past fifty years has dramatically affected groundwater in the Pasco basin, located in western Franklin county, along the Columbia river and north of the city of Pasco. According to studies conducted by the United States geological survey, the volume of groundwater has increased by about five million acre feet. About eighty-five percent of this increase is the result of percolation following irrigation and seepage from the distribution system. Groundwater levels have also risen as a result of reservoirs formed behind the dams on the Columbia and Snake rivers. As a result of drainage management, the system is reported to be at equilibrium. The studies provide the information needed to determine which groundwater is a result of the project and which is naturally occurring. Potential problems associated with the raised groundwater levels include landslides and loss of arable land through ponding. Benefits include dilution of concentrations of nitrate and increase in volume of water potentially available for beneficial use over the naturally occurring volume otherwise available.” [2002 c 330 § 1.]

Intent—2002 c 330: “It is the intent of the legislature to grant authority to the department of ecology to enter into agreements with the United States for allocation of groundwaters that exist as a result of the Columbia Basin project, adopt rules for implementing the agreements and establishing priorities for processing applications, and accept funds for expenses incurred, consistent with applicable state and federal law. As much as rules adopted by the department will be significant legislative rules, the legislature intends to assure that it will be able to properly carry out its responsibility to both give direction and review the rules after their adoption by requiring periodic reports by the department.” [2002 c 330 § 2.]

89.12.180 Reports to legislature regarding activities under RCW 89.12.170. The department of ecology shall report annually to the standing committees of the legislature with jurisdiction over water resources regarding the activities authorized by RCW 89.12.170, beginning December 1, 2002, and ending December 1, 2007. [2002 c 330 § 4.]

89.12.190 Columbia Basin project—Findings—Source of surface water—Management of groundwater depletions. (1) The legislature finds that conserved water from the developed portions of the federal Columbia Basin project can provide an immediate source of surface water to offset a limited portion of groundwater depletions within the undeveloped portions of the federal project extending the
availability of groundwater for domestic, municipal, industrial, and agricultural uses. The department of ecology has adopted rules establishing groundwater management subareas within the federal Columbia Basin project. A primary purpose of some of the rules was to manage groundwater depletions that are occurring as a result of the department's decision to allow continued deep well agricultural irrigation in anticipation that development of the federal Columbia Basin project would continue at its historic pace and that project water would replace groundwater and recharge the depleted aquifer.

(2) The legislature also finds that recent studies have documented water conservation in areas served by project irrigation districts as a result of distribution system lining and piping and use of more efficient conveyance system technology. [2004 c 195 § 1.]

89.12.200 Columbia Basin project—Intent—Allocation of conserved waters to deep well irrigated lands. It is the intent of the legislature that the department of ecology enter into agreements with the United States and Columbia Basin project irrigation districts regarding the allocation of water conserved from within areas currently served by project waters to deep well irrigated lands within the federal Columbia Basin project and for other authorized project beneficial uses. The department may provide the irrigation districts data identifying areas with the most serious groundwater depletions. The irrigation districts shall consider and may rely on the department's data and recommendations in making allocation decisions to offset groundwater withdrawals consistent with the operational constraints of the distribution system. [2004 c 195 § 2.]

89.12.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 198.]
the director of ecology may, by written contract with a reclamation district, loan moneys from the reclamation account to said district for use in financing a project of construction, reconstruction or improvement of district facilities, or a project of additions to such facilities. No such contract shall exceed fifty thousand dollars per project or a term of ten years, or provide for an interest rate of more than eight percent per annum. The director shall not execute any contract as provided in this section until he or she determines that the project for which the moneys are furnished is within the scope of the district's powers to undertake, that the project is feasible, that its construction is in the best interest of the state and the district, and that the district proposing the project is in a sound financial condition and capable of repaying the loan with interest in not more than ten annual payments. Any district is empowered to enter into a contract, as provided for in this section, and to levy assessments based on the special benefits accruing to lands within the district as are necessary to satisfy the contract, when a resolution of the governing body of the reclamation district authorizing its execution is approved by the body: PROVIDED, That no district shall be empowered to execute with the director any such contract during the term of any previously executed contract authorized by this section. [2013 c 23 § 556; 1972 ex.s. c 51 § 4; 1967 c 181 § 1.]

89.16.050 Powers and duties of director of ecology.

In carrying out the purposes of this chapter, the director of the department of ecology of the state of Washington shall be authorized and empowered:

To make surveys and investigations of the wholly or partially unreclaimed and undeveloped lands in this state and to determine the relative agricultural values, productiveness and uses, and the feasibility and cost of reclamation and development thereof;

To formulate and adopt a sound policy for the reclamation and development of the agricultural resources of the state, and from time to time select for reclamation and development such lands as may be deemed advisable, and the director may in his or her discretion advise as to the formation and assist in the organization of reclamation districts under the laws of this state;

To purchase the bonds of any reclamation district whose project is approved by the director and which is found to be upon a sound financial basis, to contract with any such district for making surveys and furnishing engineering plans and supervision for the construction of its project, or for constructing or completing its project and to advance money to the credit of the district for any or all of such purposes, and to accept the bonds, notes, or warrants of such district in payment therefor, and to expend the moneys appropriated from the reclamation account in the purchase of such bonds, notes, or warrants or in carrying out such contracts: PROVIDED, That interest not to exceed the annual rate provided for in the bonds, notes, or warrants agreed to be purchased, shall be charged and received for all moneys advanced to the district prior to the delivery of the bonds, notes, or warrants and the amount of such interest shall be included in the purchase price of such bonds, notes, or warrants: PROVIDED FURTHER, That no district, the bonds, notes, or warrants of which have been purchased by the state under the provisions of the state reclamation act, shall thereafter during the life of said bonds, notes, or warrants make expenditures of any kind from the bond or warrant funds of the district or incur obligations chargeable against such funds or issue any additional notes without previous written approval of the director of ecology of the state of Washington, and any obligations incurred without such approval shall be void;

To sell and dispose of any reclamation district bonds acquired by the director, at public or private sale, and to pay the proceeds of such sale into the reclamation account: PROVIDED, That such bonds shall not be sold for less than the purchase price plus accrued interest, except in case of a sale to an agency supplied with money by the United States of America, or to the United States of America in furtherance of refunding operations of any irrigation district, diking or drainage district, or diking or drainage improvement district, now pending or hereafter carried on by such district, in which case the director shall have authority to sell any bonds of such district owned by the state of Washington under the provisions of the state reclamation act, to the United States of America, or other federal agency on such terms as said United States of America, or other federal agency shall prescribe for bonds of the same issue of such district as that held by the state of Washington in connection with such refunding operations;

To borrow money upon the security of any bonds, including refunding bonds, of any reclamation district, acquired by the director, on such terms and rate of interest and over such period of time as the director may see fit, and to hypothecate and pledge reclamation district bonds or refunding bonds acquired by the director as security for such loan. Such loans shall have, as their sole security, the bonds so pledged and the revenues therefrom, and the director shall not have authority to pledge the general credit of the state of Washington: PROVIDED, That in reloaning any money so borrowed, or obtained from a sale of bonds it shall be the duty of the director to fix such rates of interest as will prevent impairment of the reclamation revolving account;

To purchase delinquent general tax or delinquent special assessment certificates chargeable against lands included within any reclamation district obligated to the state under the provisions of the state reclamation act, and to purchase lands included in such districts and placed on sale on account of delinquent taxes or delinquent assessments with the same rights, privileges, and powers with respect thereto as a private holder and owner of said certificates, or as a private purchaser of said lands: PROVIDED, That the director shall be entitled to a delinquent tax certificate upon application to the proper county treasurer therefor without the necessity of a resolution of the county legislative authority authorizing the issuance of certificates of delinquency required by law in the case of the sale of such certificates to private purchasers;

To sell said delinquent certificates or the lands acquired at sale on account of delinquent taxes or delinquent assessments at public or private sale, and on such conditions as the director shall determine;

To, whenever the director shall deem it advisable, require any district with which he or she may contract, to provide such safeguards as he or she may deem necessary to assure bona fide settlement and development of the lands within such district, by securing from the owners of lands

[Title 89 RCW—page 22]
therein agreements to limit the amount of their holdings to such acreage as they can properly farm and to sell their excess landholdings at reasonable prices;

To employ all necessary experts, assistants, and employees and fix their compensation and to enter into any and all contracts and agreements necessary to carry out the purposes of this chapter;

To have the assistance, cooperation and services of, and the use of the records and files in, all the departments and institutions of the state, particularly the office of the commissioner of public lands, the state department of agriculture, Washington State University, and the University of Washington; and all state officers and the governing authorities of all state institutions are hereby authorized and directed to cooperate with the director in furthering the purpose of this chapter;

To cooperate with the United States in any plan of land reclamation, land settlement or agricultural development which the congress of the United States may provide and which may effect the development of agricultural resources within the state of Washington, and the director shall have full power to carry out the provisions of any cooperative land settlement act that may be enacted by the United States. [1919 c 158 § 8; RRS § 3011.]

89.16.055 Additional powers and duties enumerated—Payment from reclamation account. In addition to the powers provided in RCW 89.16.050, the department of ecology is authorized and empowered to:

(1) Conduct surveys, studies, investigations, and water right examinations for proposed reclamation projects or the rehabilitation of existing reclamation projects that may be funded fully or partially from the receipts of the sale of bonds issued by the state of Washington.

(2) Support the preparation for and administration of proceedings, provided in RCW 90.03.110 or 90.44.220, or both, pertaining to river systems or other water bodies that are associated with existing or proposed reclamation projects.

(3) Conduct a regulatory program for well construction as provided in chapter 18.104 RCW.

Funds of the account established by RCW 89.16.020 may, as appropriated by the legislature, be used in relation to the powers provided in this section, notwithstanding any other provisions of chapter 89.16 RCW that may be to the contrary. [1993 c 387 § 27; 1981 c 216 § 1.]

89.16.060 Contracts with United States. The department of ecology shall have the power to cooperate and to contract with the United States for the reclamation of lands in this state by the United States, and shall have the power to contract with the United States for the handling of such reclamation work by the United States and for the repayment of such moneys as the department of ecology shall invest from the reclamation account, under such terms and conditions as the United States laws and the regulations of the interior department shall provide for the repayment of reclamation costs by the lands reclaimed. [1972 ex.s. c 51 § 6; 1919 c 158 § 6; RRS § 3009.]

89.16.070 Contracts with districts. A diking, drainage, diking and drainage, and irrigation district, and improvement districts thereof through the parent district, or such other district as is authorized and organized for the reclamation or development of waste or undeveloped lands, may enter into contracts with the director for the reclamation of the lands of the district in the manner provided herein, or in such manner as such districts may contract with the United States or with individuals or corporations, for making surveys and furnishing engineering plans and supervision for the construction of all works and improvements necessary for the reclamation of its lands, and for the sale or delivery of its bonds, and may issue bonds of the district for such purposes. [1959 c 104 § 5; 1923 c 132 § 2; 1919 c 158 § 7; RRS § 3010.]

89.16.080 State lands may be included—Procedure. Whenever in the judgment of the department of natural resources any state, school, granted, or other public lands of the state will be specially benefited by any proposed reclamation project approved by the department of ecology, it may consent that such lands be included in any reclamation district organized for the purpose of carrying out such reclamation project, and in that event the department of natural resources shall be authorized to pay, out of current appropriations, the district assessments levied as provided by law against such lands, and any such assessments paid shall be made a charge against the lands upon which they were levied, and the amount thereof, but without interest, shall be included in the appraised value of such lands when sold or leased. [1972 ex.s. c 51 § 7; 1919 c 158 § 8; RRS § 3011.]

89.16.130 Severability—1919 c 158. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged invalid or unconstitutional. [1919 c 158 § 14; RRS § 3017.]

89.16.131 Severability—1972 ex.s. c 51. If any provision of this 1972 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1972 ex.s. c 51 § 8.]
Chapter 89.30  Title 89 RCW: Reclamation, Soil Conservation, and Land Settlement

89.30.025 Possessory interest in federal lands—Water rent, credit for prior payment.
89.30.028 Petitioners to describe their lands—Petitioners deemed owners thereof.
89.30.031 Proof of ownership by tax roll.
89.30.034 Petition on separate sheets—Withdrawals.
89.30.037 Correction of deficient petition.
89.30.040 Conflicting petitions—Largest territory considered first.
89.30.043 Order for hearing—Notice.
89.30.046 Publication of notice.
89.30.049 Contents of notice.
89.30.052 Copy of notice to each member of commission.
89.30.055 Commission—Creation—Composition.
89.30.058 Commission—Chair—Clerk—Quorum.
89.30.061 Commission—Clerk not to vote unless tie.
89.30.064 Commission—General powers.
89.30.067 Commission—Adjournments.
89.30.070 Commission—Expenditures.
89.30.073 Hearing on petition—Place.
89.30.076 Hearing on petition—Proof of notice.
89.30.079 Hearing on petition—Consideration of petition—Evidence.
89.30.082 Hearing on petition—Boundaries to be fixed.
89.30.085 Hearing on petition—Name—Election to be ordered.
89.30.088 Order for election to county auditors.
89.30.091 Records of commissioners to be preserved.
89.30.094 Election—How conducted—Qualifications of electors.
89.30.097 Election—Notice, contents—Ballots.
89.30.100 Election—Canvas of returns.
89.30.103 Order organizing district.
89.30.106 Order organizing district—Copy to be filed with county commissioners of other counties.
89.30.109 Certified statement to be filed for record.
89.30.112 When creation complete—Proceedings conclusive, exception.
89.30.115 District liable for formation costs.
89.30.118 Change of name procedure—Effect.
89.30.121 District is political subdivision.
89.30.124 Judgments against district—When chargeable against improvement and divisional districts.
89.30.127 District a corporate body—Powers.
89.30.130 Powers—In general.
89.30.133 Powers—Improvement and divisional districts, purposes.
89.30.136 Powers—Development, sale, use, etc., of water or electric energy.
89.30.139 Powers—Bonds payable from income.
89.30.142 Powers—Sale or lease of water—Drains—Land settlement.
89.30.145 Powers—Fiscal agent for United States.
89.30.148 Surety bond from contractor.
89.30.151 Payments under contracts—Retained percentage.
89.30.154 Contracts—Public bidding—Notice.
89.30.157 Contracts with United States or any state for construction, etc.
89.30.160 Contracts with United States or state of Washington—Assumption of control or management.
89.30.163 Contracts with United States or state of Washington—Bonds as payment or security—Levy for interest or payment.
89.30.166 Contracts with United States or state of Washington—Substitution of contracts to electors.
89.30.169 Contracts with United States or state of Washington—Election procedure.
89.30.172 Contracts with United States or state of Washington—Liability of district for improvement and divisional district obligations.
89.30.175 Drainage system—Authorization—Notice—Hearing.
89.30.178 Drainage system—Powers.
89.30.181 Drainage system—Benefit to public road or city sewer system—Assessment.
89.30.184 Eminent domain—Authorized.
89.30.187 Eminent domain—Procedural.
89.30.190 Eminent domain—Joiner, consolidation of actions—Separate verdicts.
89.30.193 Eminent domain—Damages and benefits—Judgment when damages exceed benefits, costs.
89.30.196 Eminent domain—Damages and benefits—Judgment for costs when benefits equal or exceed damages.
89.30.199 Eminent domain—Levy on uncondemned lands unaffected.
89.30.202 Eminent domain—Verdict and findings binding as to levy.
89.30.205 Eminent domain—Damages applied pro tanto to satisfy levies.
89.30.208 Eminent domain—Title required.
89.30.211 Right of entry to make surveys, etc.
89.30.214 Right to construct across streams, highways, railways, etc.—Duty to restore.
89.30.217 Right to construct across streams, highways, railways, etc.—Railroads to cooperate.
89.30.220 Right to construct across streams, highways, railways, etc.—Disagreements, how determined.
89.30.223 Right-of-way on state lands.
89.30.226 Board of directors—Composition.
89.30.229 Board of directors—Term of office.
89.30.232 Director districts.
89.30.235 Director districts—Geographical boundaries—Designation.
89.30.238 First board—Appointment.
89.30.241 First board—Term.
89.30.244 First directors—Election.
89.30.247 First directors—Nominations.
89.30.250 First directors—Terms.
89.30.253 Directors—Term.
89.30.256 Directors—Vacancies.
89.30.259 Directors—Oath—Bond.
89.30.262 Secretary's oath and bond.
89.30.265 Additional official bonds when fiscal agent of United States.
89.30.268 Additional official bonds when fiscal agent of United States—Suit on.
89.30.271 Official bonds, cost of.
89.30.274 Directors—Organization—President, secretary.
89.30.277 District office—Change of location.
89.30.280 District office—Change of location.
89.30.283 Directors—Regular meetings, change of day.
89.30.286 Directors—Special meetings—Notice—Business permissible.
89.30.289 Directors—Meetings and records public.
89.30.292 Directors—Orders of commission to be preserved.
89.30.295 Directors—Seal, bylaws, rules.
89.30.298 Compensations, directors, officers, employees.
89.30.301 Interest in contracts prohibited—Penalty.
89.30.304 Delivery of records, etc., to successor.
89.30.307 Employees on termination to deliver records to board—Penalty.
89.30.310 County treasurer is ex officio district treasurer.
89.30.313 Liability of county treasurers.
89.30.316 County treasurers to collect assessments.
89.30.319 Funds to be deposited with county treasurer.
89.30.322 Claims against district.
89.30.325 Disbursement of funds by county treasurer.
89.30.328 Treasurer's monthly report.
89.30.331 Secretary's monthly report of expenditures.
89.30.334 Elections—When general held.
89.30.337 Elections—In special held.
89.30.340 Elections—How noticed and conducted.
89.30.343 Elections—Voting precincts.
89.30.346 Elections—Polling places.
89.30.349 Elections—Polls outside district precinct.
89.30.352 Elections—List of registered voters.
89.30.355 Elections—Certification of propositions.
89.30.358 Elections—Ballots to be separate.
89.30.361 Elections—Checking names of voters against registration list.
89.30.364 Elections—Returns—Canvassing boards.
89.30.367 Elections—Abstract of result.
89.30.370 Elections—District board to tabulate abstracts and declare result.
89.30.373 Director district to be represented on board.
89.30.376 Election of subsequent directors.
89.30.379 Director district elections.
89.30.382 Declaration of candidacy for board—Fee.
89.30.385 Ballots for director.
89.30.388 District elections—Primary law not to apply.
89.30.391 Annual tax—Authorization.
89.30.394 Annual tax—How equalized and levied.
89.30.397 Annual tax—How collected.
89.30.400 Debt limit—General.
89.30.403 Exceeding debt limit—Procedure.
89.30.412 General obligation bonds—Authorized.
89.30.427 Special fund from fixed income—Bonds payable from special fund—Contract to purchase or lease electricity—Powers of reclamation district conferred.
89.30.430 Special fund from fixed income—Contents—Pledge of income—Not district obligation.
89.30.433 Special fund from fixed income—Maturity—Form—Interest rates.
89.30.436 General improvement districts—Authorized.
89.30.439 General improvement districts—Resolution, survey and investigation.
89.30.442 General improvement districts—Cost of survey and investigation—Limitation of levy.
89.30.445 General improvement districts—Board may make survey and investigation.
89.30.448 General improvement districts—Contract with state or United States for survey and investigation.
89.30.454 General improvement districts—Notice for hearing on report.
89.30.457 General improvement districts—Contents of notice for hearing.
89.30.460 General improvement districts—Hearing—Adjournments.
89.30.463 General improvement districts—Objections and evidence at hearing.
89.30.466 General improvement districts—Change of plans.
89.30.469 General improvement districts—Order on approval.
89.30.472 General improvement districts—Findings conclusive, exception.
89.30.475 General improvement districts—Special benefits deemed continuing.
89.30.478 General improvement districts—Power of board—Act on behalf of improvement or divisional district not to render reclamation district liable.
89.30.481 Power of board as to assessments in improvement or divisional districts.
89.30.484 Divisional districts—Authorized.
89.30.487 Divisional districts—Powers of board, officers and electors.
89.30.490 Divisional districts—Organization.
89.30.493 Divisional districts—Liability.
89.30.496 Divisional districts—Assessments, contracts, etc.
89.30.499 Exclusion of nonirrigable lands from general improvement or divisional districts—Petition—Prior obligations.
89.30.502 Exclusion of nonirrigable lands from general improvement or divisional districts—Time for hearing—Notice.
89.30.505 Exclusion of nonirrigable lands from general improvement or divisional districts—Hearing.
89.30.508 Exclusion of nonirrigable lands from general improvement or divisional districts—Levy to pay bonds preserved.
89.30.511 Exclusion of nonirrigable lands from general improvement or divisional districts—Unconditional relief—Effect.
89.30.514 Exclusion of nonirrigable lands from general improvement or divisional districts—Power to reduce assessments.
89.30.517 Negotiable bonds of general improvement or divisional district—Authorized.
89.30.520 Negotiable bonds of general improvement or divisional district—Form, contents, payment, interest.
89.30.523 Negotiable bonds of general improvement or divisional district—Obligation of improvement and divisional district—Reclamation district not obligated—Deferred assessments.
89.30.526 Negotiable bonds of general improvement or divisional district—Election, how conducted.
89.30.529 Negotiable bonds of general improvement or divisional district—Election precincts and officials.
89.30.532 Negotiable bonds of general improvement or divisional district—Contents of notice of election.
89.30.535 Negotiable bonds of general improvement or divisional district—Notice and election in nonassessable area.
89.30.538 Negotiable bonds of general improvement or divisional district—Mailing returns—Canvass.
89.30.541 Negotiable bonds of general improvement or divisional district—Abstract of election results.
89.30.544 Negotiable bonds of general improvement or divisional district—Resolution authorizing issuance of bonds.
89.30.547 Negotiable bonds of general improvement or divisional district—Sale or exchange price.
89.30.550 Negotiable bonds of general improvement or divisional district—Pledge of bonds to United States.
89.30.553 Negotiable bonds of general improvement or divisional district—Public or private sale—Payment in property, labor, etc.
89.30.556 Negotiable bonds of general improvement or divisional district—Negotiability—Execution.
89.30.560 Negotiable bonds of general improvement or divisional district—Moneys paid to county treasurer.
89.30.563 Negotiable bonds of general improvement or divisional district—Bonds paramount lien on moneys in fund.
89.30.566 Negotiable bonds of general improvement or divisional district—After default, when valid.
89.30.569 Negotiable bonds of general improvement or divisional district—Sale or purchase.
89.30.572 Negotiable bonds of general improvement or divisional district—Payment in cash or property.
89.30.575 Negotiable bonds of general improvement or divisional district—Liability.
89.30.578 Negotiable bonds of general improvement or divisional district—Interest.
89.30.581 Negotiable bonds of general improvement or divisional district—Interest, when.
89.30.584 Negotiable bonds of general improvement or divisional district—Bonds subject to levy for taxes.
89.30.587 Negotiable bonds of general improvement or divisional district—Charter of improvement not to be impaired.
89.30.590 Negotiable bonds of general improvement or divisional district—Long-term bond.
89.30.593 Negotiable bonds of general improvement or divisional district—Leases.
89.30.596 Negotiable bonds of general improvement or divisional district—Certificate of sale in duplicate, contents.
89.30.599 Negotiable bonds of general improvement or divisional district—Resale upon breach of bond contract.
89.30.602 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.605 Negotiable bonds of general improvement or divisional district—Mails return—Powers of officers.
89.30.608 Negotiable bonds of general improvement or divisional district—Removal of lien.
89.30.611 Negotiable bonds of general improvement or divisional district—Prepayment of bonds.
89.30.614 Negotiable bonds of general improvement or divisional district—Transfer.
89.30.617 Negotiable bonds of general improvement or divisional district—Registration.
89.30.620 Negotiable bonds of general improvement or divisional district—Abatement of lien.
89.30.623 Negotiable bonds of general improvement or divisional district—Forfeiture of lien.
89.30.626 Negotiable bonds of general improvement or divisional district—Forfeiture of lien.
89.30.629 Negotiable bonds of general improvement or divisional district—Bonds payable in money.
89.30.632 Negotiable bonds of general improvement or divisional district—When and how.
89.30.635 Negotiable bonds of general improvement or divisional district—Payment by other improvement districts.
89.30.638 Negotiable bonds of general improvement or divisional district—Payment by other improvement districts.
89.30.641 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.644 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.647 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.650 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.653 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.656 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.659 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.662 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.665 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.668 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.671 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.674 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.677 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.680 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.683 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.686 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.689 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.692 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.695 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.698 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.701 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.704 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.707 Negotiable bonds of general improvement or divisional district—Proceeds of sale or lease.
89.30.001 District authorized—Area not less than one million acres—No fees. Reclamation districts including an area of not less than one million acres of land may be created and maintained in this state, as herein provided, for the reclamation and improvement of arid and semiarid lands situated in such districts, and for the generation and/or sale of hydroelectric energy: PROVIDED, That no appropriation, license, filing, recording, examination or other fee or fees, as provided in RCW 90.16.050 through 90.16.090 or in RCW 90.03.470 shall be applicable to a district or districts created under this chapter. [1933 c 149 § 1; 1927 c 254 § 1; RRS § 7402-1. Formerly RCW 89.20.020 and 89.20.040, part.]

89.30.004 Lands in one or more counties. Such reclamation districts may include all or part of the territory of any county and may combine the territory in two or more counties, in which any of the lands to be reclaimed and improved are situated, or in which hydroelectric energy may be generated in connection with project works. [1933 c 149 § 2; 1927 c 254 § 2; RRS § 7402-2. Formerly RCW 89.20.200.]

89.30.007 General purposes of district. Such reclamation districts may be organized or maintained for any or all the following general purposes:

(1) The construction or purchase and the operation and maintenance of dams, power and pumping works, transmission power lines, reservoirs, pipe lines, and other works or parts of same for the irrigation of lands within the operation of the district or districts and for the transmission and sale of power generated by such works.

(2) The reconstruction, repair or improvement of existing irrigation works.

(3) The operation or maintenance of existing irrigation works.

(4) The construction, reconstruction, repair or maintenance of a system of diverting canals or conduits, from a natural source of water supply to the point of individual distribution for irrigation purposes.

(5) The execution and performance of any contract authorized by law with any department of the United States or any state therein for power, reclamation and irrigation purposes.

(6) The performance of all things necessary to enable the district or districts to exercise the powers granted in this chapter.

(7) That no permits or licenses for the appropriation of water for irrigation and/or power purposes shall be granted by the state of Washington which will interfere with the irrigation and/or power requirements of the district or districts created under this chapter. [1933 c 149 § 3; 1927 c 254 § 3; RRS § 7402-3. Formerly RCW 89.20.030 and 89.20.040, part.]

89.30.010 Petition—Filing. Whenever fifty, or a majority of the holders of title to, or of evidence of title to, lands susceptible of irrigation in each of the several counties in which lands coming within the proposed district are located, desire to organize an irrigation [reclamation] district for any, or all, of the purposes mentioned in RCW 89.30.007, they may propose the organization of an irrigation [reclamation] district by filing a petition signed by the required number of holders of title, or evidence of title, to land within the proposed district with the board of county commissioners of the county in which the greatest portion of the land susceptible of irrigation, to be included in the proposed district, is.
subject to the conditions specified in the statutes of the federal government may be included within such districts; under the provisions of this chapter. [1927 c 254 § 5; RRS § 7402-5. Formerly RCW 89.20.510.]

89.30.016 Public lands of state may be included. State, granted, school or other public lands of the state of Washington may be included in such districts, and may be included in any general improvement district or divisional district authorized herein within the reclamation district and subject to special assessments for general improvement or divisional district purposes. [1927 c 254 § 6; RRS § 7402-6. Formerly RCW 89.20.210.]

89.30.019 Interest in public lands treated as private property—Public title unaffected, liens barred. All leases, contracts, or other form of holding any interest in any state or public land shall be treated as the private property of the lessee or owner of the contractual or possessory interest; PROVIDED, That nothing in this chapter shall be construed to affect the title of the state or other public ownership, nor shall any lien for assessments or taxes attach to the fee simple title of the state or other public ownership. [1927 c 254 § 7; RRS § 7402-7. Formerly RCW 89.20.220.]

89.30.022 Federal lands may be included. Lands of the federal government may be included within such districts; and such lands may be included in any general improvement or divisional district authorized herein, in the manner and subject to the conditions specified in the statutes of the United States. [1927 c 254 § 8; RRS § 7402-8. Formerly RCW 89.20.230.]

89.30.025 Possessory interest in federal lands—Water rent, credit for prior payment. Lands held by private persons under possessory rights from the federal government may be included within the operation of the district, and as soon as such lands are held under title of private ownership, the owner thereof shall be entitled to receive his or her proportion of water as in case of other landowners upon payment by him or her of such sums as shall be determined by the district board and at the time to be fixed by said district board, which sum shall be such equitable amount as such lands should pay having regard to placing said lands on the basis of equality with other lands in the district as to benefits received, and giving credit if equitable for any sums paid as water rent by the occupant of said lands prior to the vesting of private ownership, and such lands shall also become subject to all taxes and assessments of the district thereafter imposed. [2013 c 23 § 559; 1927 c 254 § 9; RRS § 7402-9. Formerly RCW 89.20.240.]

89.30.028 Petitioners to describe their lands—Petitioners deemed owners thereof. Persons signing said petition shall state following their respective names, in a place provided in said petition for that purpose, the legal description of the lands owned by them and the estimated irrigable acreage contained in the same: PROVIDED, That the petitioners shall be prima facie deemed to be the owners of lands susceptible of irrigation for the purposes of the petition in the absence of evidence to the contrary submitted prior to the day of the hearing hereinafter provided for on said petition. [1927 c 254 § 10; RRS § 7402-10. Formerly RCW 89.20.520.]

89.30.031 Proof of ownership by tax roll. The ownership of land of any of the petitioners may be shown by the county general tax roll of the county in which such land is situated, last equalized prior to the time of the filing of said petition with the county board. Any item on said assessment roll may be proved by a certificate of the county officer having the custody of said tax roll at the time of making said certificate. [1927 c 254 § 11; RRS § 7402-11. Formerly RCW 89.20.530.]

89.30.034 Petition on separate sheets—Withdrawals. The petition for organization of such reclamation district shall consist of any number of separate instruments of uniform similarity, numbered consecutively. For convenience, lands represented on said instruments may be grouped separately according to the county in which said lands are situated. No petitioner shall have the right to withdraw his or her name from the petition after the same has been filed with said county board. [2013 c 23 § 559; 1927 c 254 § 12; RRS § 7402-12. Formerly RCW 89.20.540.]

89.30.037 Correction of deficient petition. If it shall appear that said petition or any part thereof does not contain the matters and things required by the statute, said county board shall make an order specifying the deficiency and shall return said petition or the part thereof found to be deficient to the persons filing the same. [1927 c 254 § 13; RRS § 7402-13. Formerly RCW 89.20.550.]

89.30.040 Conflicting petitions—Largest territory considered first. In the event that more than one petition for the organization of a reclamation district covering any of the same territory, is filed with the same board or with different boards of county commissioners prior to the date of the issuance of the order fixing the time and place for a hearing on one of said petitions as herein provided, the petition covering the largest territory shall first be determined and voted upon by the electors concerned. [1927 c 254 § 14; RRS § 7402-14. Formerly RCW 89.20.560.]

(2014 Ed.)
Order for hearing—Notice. If and when said county board finds that the petition is sufficient it shall enter an order to that effect and shall fix a time and place for a hearing on said petition which said time shall be not less than thirty days nor more than ninety days from the date of said order and shall direct the clerk of the board to publish notice of said hearing, setting forth the matters and things hereinafter required in a newspaper of general circulation published in each county in which any lands to be included in the district are situated. If there should be no newspaper of general circulation published in any county involved, then the county board shall designate some newspaper of general circulation published outside said county for the publication of said notice as to the lands situated in said county. [1927 c 254 § 15; RRS § 7402-15. Formerly RCW 89.20.570, part.]

Publication of notice. Said notice shall be published once a week for at least two weeks (three issues) before the time when the hearing on said petition is to be held. [1927 c 254 § 16; RRS § 7402-16. Formerly RCW 89.20.570, part.]

Contents of notice. Said notice shall state that a petition has been filed with said county board for the purpose of creating a reclamation district under the provisions of this chapter and may be inspected during office hours by any interested person, shall specify the boundaries of the district proposed in the petition, shall mention the time and place of hearing on said petition and shall state that all persons having or claiming any interest in said land, or any part thereof, and all persons otherwise interested are required at or before the time of said hearing to file in writing with the clerk of the county board such objections as they may have, if any, to the creation of said district. Said notice shall be signed by the clerk of the board. [1927 c 254 § 17; RRS § 7402-17. Formerly RCW 89.20.590.]

Copy of notice to each member of commission. Said clerk shall also mail a copy of said notice to each member of the commission hereinafter provided for, at least two weeks before the day of said hearing. [1927 c 254 § 18; RRS § 7402-18. Formerly RCW 89.20.580.]

Commission—Creation—Composition. Upon the giving of notice of hearing on the petition by the clerk of the county board aforesaid, there is hereby authorized and created a commission composed of the chair of the board of county commissioners of each of the counties in which any of the lands to be included in the proposed reclamation district are situated, and of the state director of ecology, which commission shall consider and determine said petition. [2013 c 23 § 560; 1988 c 127 § 70; 1933 c 149 § 6; 1927 c 254 § 20; RRS § 7402-20. Formerly RCW 89.20.710, part.]

Commission—Chair—Clerk—Quorum. The state director of ecology shall be ex officio chair of said commission, and the clerk of the county board of the county in which the petition is filed, shall be ex officio clerk of said commission. A majority of the members of said commission shall constitute a quorum for the transaction or exercise of any of its powers, functions, duties and business. [2013 c 23 § 561; 1988 c 127 § 71; 1933 c 149 § 6; 1927 c 254 § 20; RRS § 7402-20. Formerly RCW 89.20.710, part.]

Commission—Clerk not to vote unless tie. The clerk of the commission shall not be entitled to vote on matters coming before it, except in case of a tie vote of the members thereof, in which event said clerk shall cast the deciding vote. [1927 c 254 § 21; RRS § 7402-21. Formerly RCW 89.20.710, part.]

Commission—General powers. Said commission is hereby given full authority to receive evidence, to make independent investigation, to determine and establish the boundaries of the district, to adjourn its meeting from time to time and place to place, and to do any and all things necessary or incidental to the determination of the petition and the establishment of the boundaries of the reclamation district. [1927 c 254 § 22; RRS § 7402-22. Formerly RCW 89.20.770.]

Commission—Adjournments. The period of such adjournments, however, shall not exceed ninety days in all and in case of lack of a quorum, one or more members of the commission may adjourn to a day certain and notify the absent members of the day to which said hearing was adjourned. [1927 c 254 § 23; RRS § 7402-23. Formerly RCW 89.20.740.]

Commission—Expenses. Except as otherwise herein provided the necessary expenses of the commission and of the members thereof in performing the duties and functions of said commission shall be borne by the respective counties concerned in proportion to the taxable value of the acreage of each included in the proposed reclamation district and said respective counties are hereby made liable for such expenses. The individual expenses of the state director of ecology shall be borne by the state. [1988 c 127 § 72; 1933 c 149 § 7; 1927 c 254 § 24; RRS § 7402-24. Formerly RCW 89.20.720.]

Hearing on petition—Place. The hearing on said petition shall be held at the office of the county board of the county where the petition is filed or at such other convenient place as said county board shall designate. [1927 c 254 § 25; RRS § 7402-25. Formerly RCW 89.20.730.]

Hearing on petition—Proof of notice. At the time and place designated in said notice the commission shall meet to consider said petition. Said commission shall first determine whether notice of the hearing on said petition has been published in the manner and for the time required by this chapter and shall file the affidavits of the publishers as to the time of publication in their respective newspapers among the records of the hearing. [1927 c 254 § 26; RRS § 7402-26. Formerly RCW 89.20.750.]
89.30.082 Hearing on petition—Boundaries to be fixed. Said commission shall have full authority to increase or diminish and change the boundaries of the proposed district and to fix the same so as to subserve the best interests of the district and to enable it to carry out the objects of its creation, and shall establish and define said boundaries. [1927 c 254 § 28; RRS § 7402-28. Formerly RCW 89.20.780.]

89.30.085 Hearing on petition—Name—Election to be ordered. At said hearing the commission shall give the district a name, shall fix a day for and order an election to be held therein for the purpose of determining whether or not the district shall be created under the provisions of this chapter. [1927 c 254 § 29; RRS § 7402-29. Formerly RCW 89.20.790.]

89.30.088 Order for election to county auditors. The clerk of the commission shall forthwith mail by registered mail a copy of said order for an election to the county auditors of each of the counties in which any lands within the boundaries of the proposed reclamation district are located. [1927 c 254 § 30; RRS § 7402-30. Formerly RCW 89.20.870.]

89.30.091 Records of commission to be preserved. Upon full determination of the petition and the ordering of said election, the commission shall turn all papers and records involved in its deliberations over to the board of the county where the petition to organize the reclamation district was filed, and said papers and records shall be preserved among the records of said county board. [1927 c 254 § 31; RRS § 7402-31. Formerly RCW 89.20.800.]

89.30.094 Election—How conducted—Qualifications of electors. Notice of said election shall be given by the same officer in the same manner and for the same length of time, electors shall have the same qualifications, and said election shall be provided for, held and conducted by the same officers and the results thereof determined by the same officers in the same manner, and with the same force and effect as nearly as may be as that provided in this chapter for general reclamation district elections. [1927 c 254 § 32; RRS § 7402-32. Formerly RCW 89.20.890.]

89.30.097 Election—Notice, contents—Ballots. The notice of said election shall specify the boundaries of the proposed district as established by the commission and shall state that the object of said election is to determine whether or not said district shall be created under the provisions of this chapter, shall state that votes will be received at the regular polling places of the county precincts, except in the following new precincts for such election, (new precincts and voting places for the same shall be specified) and shall state that the polls will be open from eight o’clock a.m. to eight o’clock p.m. on said election day. The ballot for said election shall contain the words: Reclamation district—"Yes", and Reclamation district—"No". [1927 c 254 § 33; RRS § 7402-33. Formerly RCW 89.20.880.]

89.30.100 Election—Canvass of returns. The board of county commissioners of the county in which the petition to organize the district is filed shall receive from the several county auditors concerned their abstracts of election returns herein provided for, shall tabulate the same and declare the result of the election. [1927 c 254 § 34; RRS § 7402-34. Formerly RCW 89.20.900.]

89.30.103 Order organizing district. If upon the tabulation of said abstracts of the returns of said election as herein provided, it appears that a majority of the votes cast at said election were in favor of the creation of the district, the said county board shall by order entered in the minutes of its proceedings declare the territory included within the boundaries defined in the notice of election duly organized into a reclamation district within the provisions of this chapter, under the name and style theretofore designated and thereafter no other reclamation district including any of the same territory shall be organized under the provisions of this chapter. [1927 c 254 § 35; RRS § 7402-35. Formerly RCW 89.20.910.]

89.30.106 Order organizing district—Copy to be filed with county commissioners of other counties. Said county board shall then cause a copy of such order, duly certified by the clerk of the board to be immediately filed for record in the office of the county commissioners of any other county in which any portion of the territory embraced in such district is situated. [1927 c 254 § 36; RRS § 7402-36. Formerly RCW 89.20.920.]

89.30.109 Certified statement to be filed for record. It shall be the duty of the clerk of the board of county commissioners of every county in which any lands included in the district are situated forthwith to certify and file for record in the county auditor’s office of his or her county, a statement to the effect that, under the provisions of this chapter, certain lands (describing them in township and range and in case of smaller bodies of land in legal subdivisions or fractions thereof) were, by order of the board of county commissioners of . . . . . . county (naming the county) entered on the . . . . . . day of . . . . . . (naming the day, month and year) included in the . . . . . . reclamation district (using the name designated in the order of the county board establishing the district). Said statement certified by the clerk of the county board shall be entitled to record in the office of the county auditor without payment of filing or recording fee. [2013 c 23 § 562; 1927 c 254 § 37; RRS § 7402-37. Formerly RCW 89.20.930.]

89.30.112 When creation complete—Proceedings conclusive, exception. From and after such filing the creation of the district shall be complete and its existence cannot thereafter be legally questioned by any person except the state of Washington in an appropriate court action brought within six months from the date of the order of the county board tabulating the abstracts of the returns of the organization election and creating said district. If the existence of said district is not challenged within the period above specified, the state of Washington shall thereafter be forever barred from questioning the legal existence of said district by reason of any defect in the organization thereof. [1927 c 254 § 38; RRS § 7402-38. Formerly RCW 89.20.940.]

(2014 Ed.)
89.30.115 District liable for formation costs. Any reclamation district created under the provisions of this chapter shall be liable for the necessary costs preliminary to and involved in preparing the petition for the organization of the district, in publishing any notice required and in conducting the election approving the creation of the district. [1927 c 254 § 39; RRS § 7402-39. Formerly RCW 89.20.080.]

89.30.118 Change of name procedure—Effect. Any reclamation district created under the provisions of this chapter may change its corporate name by filing with the board of county commissioners of each of the counties in which any of the lands included within the operation of the district are situated a certified copy of a resolution of its board of directors adopted by a unanimous vote of all the members of said board at a regular meeting thereof providing for such change of name; and thereafter all proceedings of such district shall be had under such changed name, but all existing obligations and contracts of the district entered into under its former name shall remain outstanding without change and with the validity thereof unimpaired and unaffected by such change of name. [1927 c 254 § 40; RRS § 7402-40. Formerly RCW 89.20.050.]

89.30.121 District is political subdivision. Reclamation districts created under this chapter shall be political subdivisions of the state and shall be held and construed to be municipal corporations within the provisions of the state Constitution relating to exemptions from taxation and within the provisions relating to the debt limits of municipal corporations: PROVIDED, That nothing herein contained shall be construed as a limitation on general improvement and divisional districts, authorized herein, to contract obligations. [1967 c 164 § 10; 1927 c 254 § 41; RRS § 7402-41. Formerly RCW 89.20.070.]

Purpose—Severability—1967 c 164: See notes following RCW 4.96.010.

Tortious conduct of political subdivisions, municipal corporations and quasi municipal corporations, liability for damages: Chapter 4.96 RCW.

89.30.124 Judgments against district—When chargeable against improvement and divisional districts. Any judgment obtained against the reclamation district on account of any contract or transaction, made for or on behalf of any general improvement district or divisional district within the district on such terms and under such regulations as may be determined by the district board or as shall be set out and prescribed in the contract between the district and the United States or the state of Washington for the construction of the district irrigation works, and to use the income derived therefrom for district purposes. [1933 c 149 § 8; 1927 c 254 § 46; RRS § 7402-46. Formerly RCW 89.20.330.]

89.30.127 District a corporate body—Powers. A reclamation district created under this chapter shall constitute a body corporate and shall possess all the usual powers of a corporation for public purposes as well as all powers that may now or hereafter be specifically conferred by law. [1927 c 254 § 43; RRS § 7402-43. Formerly RCW 89.20.300.]

89.30.130 Powers—In general. Said reclamation districts shall have full authority to carry out the objects of their creation and to that end are authorized to acquire, purchase, hold, lease, manage, occupy, and sell real and personal property or any interest therein, to enter into and perform any and all necessary contracts, to appoint and employ the necessary officers, agents and employees, to sue and be sued, to exercise the right of eminent domain, to levy and enforce the collection of taxes and special assessments in the manner herein provided against the lands within the district, for district revenues, and to do any and all lawful acts required and expedient to carry out the purpose of this chapter. [1927 c 254 § 44; RRS § 7402-44. Formerly RCW 89.20.310.]

89.30.133 Powers—Improvement and divisional districts, purposes. Said reclamation districts shall have authority to create general improvement districts and divisional districts to include any or all the lands within the reclamation district, to provide for the levy and collection of special assessments against the respective lands benefited, and to issue bonds, and other evidences of indebtedness, as in this chapter provided. [1927 c 254 § 45; RRS § 7402-45. Formerly RCW 89.24.010.]

89.30.136 Powers—Development, sale, use, etc., of water or electric energy. Said reclamation districts shall have authority to develop and sell, lease or rent the use of water or electric energy for use or distribution within or without the district on such terms and under such regulations as may be determined by the district board or as shall be set out and prescribed in the contract between the district and the United States or the state of Washington for the construction of the district irrigation works, and to use the income derived therefrom for district purposes. [1933 c 149 § 8; 1927 c 254 § 46; RRS § 7402-46. Formerly RCW 89.20.330.]

89.30.139 Powers—Bonds payable from income. Said reclamation districts shall also have authority to issue and sell bonds of the district payable from the income derived from the sale or rental of water or electric power as in this chapter provided. [1927 c 254 § 47; RRS § 7402-47. Formerly RCW 89.26.240.]

89.30.142 Powers—Sale or lease of water—Drains—Land settlement. Said reclamation districts shall also have authority:

(1) To construct, repair, purchase, maintain, or lease a system or systems for the sale of lease or rental of water to the owners of irrigated lands within the district for domestic purposes.

(2) To construct, repair, operate and maintain a system of drains as in this chapter provided.

(3) To regulate the settlement of lands within the district under the provisions of any contract with the state of Washington or the United States.

This section shall not be construed as in any manner affecting or abridging any other powers of said reclamation district conferred by law. [1927 c 254 § 48; RRS § 7402-48. Formerly RCW 89.20.320.]

89.30.145 Powers—Fiscal agent for United States. Reclamation districts created under this chapter may accept appointment as fiscal agent or other authority of the United States to make collections of money for or on behalf of the
United States in connection with any federal or other reclamation project whereupon the reclamation district and the county treasurer for said district shall be authorized to act and to assume the duties and liabilities incident to such action and the district board shall have full power to do any and all things required by the said statute now or hereafter enacted in connection therewith and to do all things required by the rules and regulations now or that may hereafter be established by any department of the federal government in regard thereto.

[1927 c 254 § 49; RRS § 7402-49. Formerly RCW 89.20.340.]

89.30.148 Surety bond from contractor. Any person, firm or corporation except the state of Washington or the United States, to whom or to which a contract may have been awarded by the district for construction purposes, or for labor or material entered into when the total amount to be paid therefor exceeds one thousand dollars, shall enter into a surety bond to be approved by the district board, payable to the district for at least seventy-five percent of the contract price conditioned for the faithful performance of said contract and with such further conditions as may be required by law. [1927 c 254 § 50; RRS § 7402-50. Formerly RCW 89.24.510.]

89.30.151 Payments under contracts—Retained percentage. Contracts entered into by reclamation districts authorized under this chapter for construction or for services or materials, may provide that payments shall be made in such monthly amounts or in such monthly proportion of the contract price as the board shall determine as the work progresses or as the services or materials are furnished on monthly estimates of the value thereof approved by the board; PROVIDED, That at least ten percent of each of the monthly estimates shall be retained until the contract is completed and its completion approved by the district board. [1927 c 254 § 51; RRS § 7402-51. Formerly RCW 89.24.520.]

89.30.154 Contracts—Public bidding—Notice. Contracts for labor or materials entering into the construction of any improvement authorized by the district shall be awarded at public bidding except as herein otherwise provided. A notice calling for sealed proposals shall be published in such newspaper or newspapers of such general circulation as the board shall designate for a period of not less than two weeks (three issues) prior to the date of the opening of the bids. Such proposals shall be accompanied by a certified check for such amount as the board shall provide for the faithful performance of said contract and with such further conditions as may be required by law; PROVIDED, That the board shall have authority to reject any and all bids. [1927 c 254 § 52; RRS § 7402-52. Formerly RCW 89.24.500.]

89.30.157 Contracts with United States or any state for construction, etc. The board shall have authority to enter into any obligation or contract authorized by law with the United States or with any state therein for the supervision of the construction, for the construction, reconstruction, betterment, extension, sale or purchase, or operation or maintenance of the necessary works for the delivery and distribution of water therefrom or for any other service furthering the objects for which said reclamation district is created under the provisions of the law of the state of Washington or of the United States and all amendments or extensions thereof and the rules and regulations established thereunder. [1927 c 254 § 53; RRS § 7402-53. Formerly RCW 89.24.530.]

89.30.160 Contracts with United States or state of Washington—Assumption of control or management. Reclamation districts created under this chapter shall have authority to enter into contracts with the state of Washington or the United States under any act of congress for the assumption of the control and management of the works for such period as may be designated in the contract. [1933 c 149 § 9; 1927 c 254 § 54; RRS § 7402-54. Formerly RCW 89.24.540.]

89.30.163 Contracts with United States or state of Washington—Bonds as payment or security—Levy for interest or payment. In case a contract has been or shall be hereafter made between the district and the state of Washington and/or the United States as herein provided, bonds of any general improvement district or of any divisional district herein authorized, may be deposited with the state of Washington and/or the United States as payment or as security for future payment at not less than ninety percent of the par value, the interest on said bonds to be provided for by assessment and levy as in the case of bonds of the district sold to private persons and regularly paid to the state of Washington and/or the United States to be applied as provided in such contract and if bonds of the district are not so deposited it shall be the duty of the board of directors to include as part of any levy or assessment against the lands of any general improvement district or of any divisional district concerned, an amount sufficient to meet each year all payments accruing under the terms of any such contract. [1933 c 149 § 10; 1927 c 254 § 55; RRS § 7402-55. Formerly RCW 89.24.550.]

89.30.166 Contracts with United States or state of Washington—Submission of contracts to electors. No contract, however, providing for the levy of such assessments shall be entered into with the state of Washington or the United States as above provided unless a proposition of entering into such a contract shall have first been submitted to the electors of the general improvement district or divisional district concerned, and by said electors approved. [1927 c 254 § 56; RRS § 7402-56. Formerly RCW 89.24.560.]

89.30.169 Contracts with United States or state of Washington—Election procedure. Elections held for the purpose of approving a contract with the state of Washington or the United States as herein provided, shall be called, noticed, conducted and canvassed in the same manner and with the same force and effect as in the case of bond elections held in general improvement districts or in divisional districts as authorized in this chapter. [1927 c 254 § 57; RRS § 7402-57. Formerly RCW 89.24.570.]

89.30.172 Contracts with United States or state of Washington—Liability of district for improvement and
divisional district obligations. The reclamation district shall not be liable under any contract creating an obligation chargeable against the lands of any general improvement district or of any divisional district authorized herein unless such liability is specifically stated in such contract. [1927 c 254 § 58; RRS § 7402-58. Formerly RCW 89.24.580.]

89.30.175 Drainage system—Authorization—Notice—Hearing. Whenever in the judgment of the reclamation district board a system of drainage for any lands included in the operation of any general improvement or divisional district therein will be of special benefit to the lands of the general improvement or divisional district as a whole, it shall pass a resolution to that effect and call a further meeting of the board to determine the question. Notice of said meeting shall be given by the secretary for the same length of time and in the same manner as required by law for the meeting of the commission to hear the petition for the organization of the reclamation district. At the time and place mentioned in the notice the board shall meet, hear such evidence as shall be presented, and fully determine the matter by resolution, which said resolution shall be final and conclusive upon all persons as to the benefit of said system of drainage to the lands in the district. [1927 c 254 § 59; RRS § 7402-59. Formerly RCW 89.24.020.]

89.30.178 Drainage system—Powers. Upon the passing of said resolution, the district shall in all respects have the same power and authority as is now or may hereafter be conferred respecting irrigation, and all powers in this chapter conferred upon the reclamation district with respect to irrigation shall be construed to include drainage in conjunction therewith as herein provided. [1927 c 254 § 60; RRS § 7402-60. Formerly RCW 89.24.030.]

89.30.181 Drainage system—Benefit to public road or city sewer system—Assessment. Whenever any drainage improvement constructed under the provisions of this chapter results in benefit to the whole or any part of a public road, road bed or track thereof, or will facilitate the construction or maintenance of any sewer system in any city or town, the state, county, city, town or subdivision or any of them responsible for the maintenance of said public road, or sewer, shall be liable for assessment for the cost and maintenance of such drainage improvement. [1927 c 254 § 61; RRS § 7402-61. Formerly RCW 89.24.040.]

89.30.184 Eminent domain—Authorized. The taking and damaging of property or rights therein or thereto by a reclamation district to construct an improvement or to fully carry out the purposes of its organization are hereby declared to be for a public use, and any district organized under the provisions of this chapter, shall have and exercise the power of eminent domain to acquire any property or rights therein or thereto either inside or outside the operation of the district and outside the state of Washington if necessary, for the use of the district. [1927 c 254 § 62; RRS § 7402-62. Formerly RCW 89.22.800.]

89.30.187 Eminent domain—Procedure. Reclamation districts exercising the power of eminent domain shall proceed in the name of the district in the manner provided by law for the appropriation of real property or of rights therein or thereto, by private corporations, except as otherwise expressly provided herein. [1927 c 254 § 63; RRS § 7402-63. Formerly RCW 89.22.810.]

89.30.190 Eminent domain—Joinder, consolidation of actions—Separate verdicts. The district may at its option unite in a single action proceedings to condemn, for its use, property which is held by separate owners. Two or more condemnation suits instituted separately may also, in the discretion of the court, be consolidated upon motion of any interested party, into a single action. In such cases, the jury shall render separate verdicts for the different tracts of land. [1927 c 254 § 64; RRS § 7402-64. Formerly RCW 89.22.820.]

89.30.193 Eminent domain—Damages and benefits—Judgment when damages exceed benefits, costs. The jury, or the court if the jury be waived, in such condemnation proceedings shall find and return a verdict for the amount of damages sustained: PROVIDED, That the court or jury, in determining the amount of damages, shall take into consideration the special benefits, if any, that will accrue to the property damaged by reason of the improvement for which the land is sought to be condemned, and shall make special findings in the verdict of the gross amount of damages to be sustained and the gross amount of special benefits that will accrue. If it shall appear by the verdict or findings, that the gross damages exceed said gross special benefits, judgment shall be entered against the district, and in favor of the owner or owners of the property damaged, in the amount of the excess of damages over said special benefits, and for the costs of the proceedings, and upon payment of the judgment to the clerk of the court for the owner or owners, a decree of appropriation shall be entered, vesting the title to the property appropriated in the district. [1927 c 254 § 65; RRS § 7402-65. Formerly RCW 89.22.830.]

89.30.196 Eminent domain—Damages and benefits—Judgment for costs when benefits equal or exceed damages. If it shall appear by the verdict that the gross special benefits equal or exceed the gross damages, judgment shall be entered against the district and in favor of the owner or owners for the costs only, and upon payment of the judgment for costs a decree of appropriation shall be entered, vesting the title to the property in the district. [1927 c 254 § 66; RRS § 7402-66. Formerly RCW 89.22.840.]

89.30.199 Eminent domain—Levy on uncondemned lands unaffected. If the damages found in any condemnation proceedings are to be paid for from funds of the reclamation district, no finding of the jury or court as to benefits or damages shall in any manner abridge the right of the district to levy and collect taxes for district purposes against the uncondemned lands situated within the reclamation district. [1927 c 254 § 67; RRS § 7402-67. Formerly RCW 89.22.850.]

89.30.202 Eminent domain—Verdict and findings binding as to levy. If the damages found in any condemnation proceedings are to be paid for from special assessments

[Title 89 RCW—page 32]
levied in behalf of any general improvement or divisional district, the verdict and findings of the court or jury as to damages and benefits shall be binding upon the board of directors of the district in their levy of assessments to pay the cost of the system or improvements on behalf of which the condemnation was had, as herein provided. [1927 c 254 § 68; RRS § 7402-68. Formerly RCW 89.22.860.]

89.30.205 Eminent domain—Damages applied pro tanto to satisfy levies. The damages thus allowed but not paid shall be applied pro tanto to the satisfaction of the levies made for such construction costs upon the lands on account of which the damages were awarded: PROVIDED, That nothing herein contained shall be construed to prevent the district from assessing the remaining lands of the owner or owners, so damaged, for deficiencies on account of the principal and interest on bonds and for other benefits not considered by the jury in the condemnation proceedings. [1927 c 254 § 69; RRS § 7402-69. Formerly RCW 89.22.870.]

89.30.208 Eminent domain—Title acquired. The title acquired by the reclamation district in condemnation proceedings shall be the fee simple title or such lesser estate as shall be designated in the decree of appropriation and in case such proceedings are brought in behalf of any general improvement or divisional district, the reclamation district shall hold title to lands so acquired as trustee for said general improvement or divisional district as the case may be. [1927 c 254 § 70; RRS § 7402-70. Formerly RCW 89.22.880.]

89.30.211 Right of entry to make surveys, etc. The reclamation district board and its agents and employees shall have the right to enter upon any land, to make surveys and may locate the necessary irrigation works and the line for canal or canals and the necessary branches for the same or for necessary transmission power lines on any lands which may be deemed necessary for such location. [1933 c 149 § 11; 1927 c 254 § 71; RRS § 7402-71. Formerly RCW 89.20.350.]

89.30.214 Right to construct across streams, highways, railways, etc.—Duty to restore. The board of directors of any reclamation district authorized under this chapter, shall have power to construct district works across any stream of water, water course, street, avenue, highway, railway, canal, ditch or flume which works may intersect or cross in such manner as to afford security for life and property, but said board shall restore the same when so crossed or intersected to its former state as near as may be or in a sufficient manner not to have impaired unnecessarily its usefulness. [1933 c 149 § 12; 1929 c 254 § 72; RRS § 7402-72. Formerly RCW 89.20.360.]

89.30.217 Right to construct across streams, highways, railways, etc.—Railroads to cooperate. Every company whose railroad shall be intersected or crossed by district works shall unite with said board in forming said intersections and crossings and shall grant the privileges aforesaid. [1927 c 254 § 73; RRS § 7402-73. Formerly RCW 89.20.370.]

89.30.220 Right to construct across streams, highways, railways, etc.—Disagreements, how determined. If such railroad company and said board or the owners or controllers of said property, thing or franchise so to be crossed, cannot agree upon the amount to be paid therefor or the points or manner of said crossings or intersections, the same shall be ascertained and determined in all respects as herein provided for the taking of land under the power of eminent domain. [1927 c 254 § 74; RRS § 7402-74. Formerly RCW 89.20.380.]

89.30.223 Right-of-way on state lands. The right-of-way is hereby given, dedicated and set apart to locate construction and maintenance works over and through any of the lands which are now or may be the property of the state of Washington. [1927 c 254 § 75; RRS § 7402-75. Formerly RCW 89.20.390.]

89.30.226 Board of directors—Composition. The affairs of the district shall be managed by a board of directors composed of a number of qualified resident electors of the district equal to the number of director districts contained in said reclamation district. [1927 c 254 § 76; RRS § 7402-76. Formerly RCW 89.22.020, part.]

89.30.229 Board of directors—Term of office. Except as herein otherwise provided, the term of the office of director shall be six years from and after the second Monday in January next succeeding his or her election. [2013 c 23 § 563; 1927 c 254 § 77; RRS § 7402-77. Formerly RCW 89.22.050, part.]

89.30.232 Director districts. The county board at the time of making the order creating a reclamation district under the provisions of this chapter, shall divide the territory of the reclamation district into regional divisions to be known as "director districts". [1927 c 254 § 78; RRS § 7402-78. Formerly RCW 89.22.010, part.]

89.30.235 Director districts—Geographical boundaries—Designation. All the territory of each county included within the boundaries of the reclamation district shall constitute a director district which shall be designated by the name of the county in which it is located. [1927 c 254 § 79; RRS § 7402-79. Formerly RCW 89.22.010, part.]

89.30.238 First board—Appointment. The county board of the county in which each director district is located shall within ten days after receipt of the order creating the reclamation district appoint and certify to the county board of the county in which the reclamation district was affected, the appointment of a resident director from said director district to act as a member of the first board of directors of said reclamation district. [1927 c 254 § 80; RRS § 7402-80. Formerly RCW 89.22.030, part.]

89.30.241 First board—Term. The first members of the district board so appointed shall hold office until their successors have been elected at the time of the next general state and county election, and have been qualified. [1927 c 254 § 81; RRS § 7402-81. Formerly RCW 89.22.030, part.]

(2014 Ed.)
89.30.244 First directors—Election. At the time of the next general state and county election, an election shall be held in each of the director districts in the reclamation district for the purpose of electing directors of the district. [1927 c 254 § 82; RRS § 7402-82. Formerly RCW 89.22.600.]

89.30.247 First directors—Nominations. Candidates for the office of district director shall be nominated in the manner herein provided for such nominations. [1927 c 254 § 83; RRS § 7402-83.]

89.30.250 First directors—Terms. The terms of the first directors of the district to be elected shall be determined in relation to the amount of the taxable wealth in their respective director districts. The candidates of the wealthiest one-third of the total number of director districts shall serve for a term of six years; the candidates of the next wealthiest one-third of the total number of director districts shall serve for a term of four years; the candidates of the next wealthiest one-third or lesser number of the total number of director districts shall serve for a term of two years. [1933 c 149 § 13; 1927 c 254 § 84; RRS § 7402-84. Formerly RCW 89.22.040.]

89.30.253 Directors—Term. After the first terms have been served, all directors shall serve for a term of six years. [1927 c 254 § 85; RRS § 7402-85. Formerly RCW 89.22.050, part.]

89.30.256 Directors—Vacancies. In case of any vacancy occurring in the office of director, such vacancy shall be filled by appointment of a resident elector of the director district represented by the former incumbent by the board of directors of the reclamation district, and the person so appointed shall serve until the time of the next general state and county election when the vacancy shall be filled for the remainder of the unexpired term by an election in the director district concerned. [1927 c 254 § 86; RRS § 7402-86. Formerly RCW 89.22.070.]

89.30.259 Directors—Oath—Bond. Each director shall take and subscribe an official oath for the faithful discharge of the duties of his or her office and shall execute an official bond to the district in the sum of twenty-five hundred dollars conditioned for the faithful discharge of his or her office, which bond shall be approved by the judge of the superior court of the county where the organization of the district was effected, and said oath and bond shall be recorded in the office of the clerk of the superior court and filed with the secretary of the district. [2013 c 23 § 564; 1927 c 254 § 87; RRS § 7402-87. Formerly RCW 89.22.060.]

89.30.262 Secretary's oath and bond. The secretary of the district shall take and subscribe a written oath of office and execute an official bond in the sum of not less than twenty-five hundred dollars to be fixed by the board of directors, and said bond shall be approved and filed as in the case of the bond of a director. [1927 c 254 § 88; RRS § 7402-88. Formerly RCW 89.22.290.]

89.30.265 Additional official bonds when fiscal agent of United States. In case any district authorized in this chapter shall be appointed fiscal agent of the United States or is authorized by the United States in connection with any irrigation project in which the United States is interested to make collections of money for or on behalf of the United States, such secretary and each such director and the county treasurer of the county where the organization of the district was effected shall each execute a further additional official bond in such sum respectively as the secretary of the interior may require conditioned for the faithful discharge of the duties of his or her respective office and the faithful discharge by the district of its duties as fiscal or other agent of the United States in such appointment or authorization; such additional bonds to be approved, recorded, filed, and paid for as herein provided for other official bonds. [2013 c 23 § 565; 1927 c 254 § 89; RRS § 7402-89. Formerly RCW 89.22.300.]

89.30.268 Additional official bonds when fiscal agent of United States—Suit on. Any such additional bonds required by the secretary of interior as above provided may be sued upon by the United States or any person injured by the failure of such officer or the district to fully, promptly and completely perform their respective duties. [1927 c 254 § 90; RRS § 7402-90. Formerly RCW 89.22.310.]

89.30.271 Official bonds, cost of. All official bonds executed by district officers under the provisions of this chapter shall be secured at the cost of the district. [1927 c 254 § 91; RRS § 7402-91. Formerly RCW 89.22.320.]

89.30.274 Directors—Organization—President, secretary. The directors of the reclamation district shall organize as a board and shall elect a president from their number and appoint a secretary who shall be secretary of the district and who shall keep a record of the proceedings of the board and shall have custody of the official records of the district. [1927 c 254 § 92; RRS § 7402-92. Formerly RCW 89.22.080 and 89.22.280.]

89.30.277 District office. The office of the directors and principal place of business of the reclamation district shall be some place in the reclamation district to be designated by the directors. [1927 c 254 § 93; RRS § 7402-93. Formerly RCW 89.22.090.]

89.30.280 District office—Change of location. Said office and official place of business may be changed by passing a resolution to that effect at a previous meeting of the board entered in the minutes thereof and by posting a notice of the same in a conspicuous public place at or near the place of business which is to be changed at least ten days prior thereto, and by the previous posting of a copy of said notice for the same length of time at or near the new location of the office. [1927 c 254 § 94; RRS § 7402-94. Formerly RCW 89.22.100.]

89.30.283 Directors—Regular meetings, change of day. The directors shall hold a regular monthly meeting at their office on such day in each month as the board shall designate in their bylaws and may adjourn any meeting from time to time as may be required for the proper transaction of business; PROVIDED, That the day of the regular monthly
89.30.306 Directors—Special meetings—Notice—Business permissible. Special meetings of the board may be called at any time by order of a majority of the directors. Any member not joining in said order shall be given at least a three days' notice of such meeting, unless the same is waived in writing, which notice shall also specify the business to be transacted and the board at such special meetings shall have no authority to transact any business other than that specified in the notice, unless the transaction of any other business is agreed to in writing by all the members of the board. [1927 c 254 § 96; RRS § 7402-96. Formerly RCW 89.22.120.]

89.30.307 Employees on termination to deliver records to board—Penalty. Every person hired by the district and having in his or her custody or under his or her control, in connection with his or her contract of hire, any records, books, papers, or other property belonging to the district shall immediately upon the expiration of his or her services, turn over and deliver, under oath, to the district board or any member thereof, all such records, books, papers, or other property. Any person violating any of the provisions of this section shall be guilty of a misdemeanor. [2013 c 23 § 568; 1927 c 254 § 103; RRS § 7402-103. Formerly RCW 89.22.170.]

89.30.308 County treasurers to collect assessments. It shall be the duty of the county treasurer of each county in which lands of the district are located to collect and receipt for all assessments and taxes levied as in this chapter provided, and he or she shall account to the district for all interest received on such funds from any public depository with which the same may be deposited. [2013 c 23 § 570; 1927 c 254 § 106; RRS § 7402-106. Formerly RCW 89.22.420.]

89.30.309 Funds to be deposited with county treasurer. There shall be deposited with the county treasurer of the county in which the organization of the reclamation dis-
89.30.322 Claims against district. Any claim against the district shall be presented to the district board for allowance or rejection. Upon allowance the claim shall be attached to a voucher verified by the claimant or his or her agent and approved by the president and countersigned by the secretary and directed to the county auditor of the county in which the organization of the reclamation district was effected, for the issuance of a warrant against the proper fund of the district in payment of said claim. [1927 c 254 § 107; RRS § 7402-107. Formerly RCW 89.22.410.]

89.30.325 Disbursement of funds by county treasurer. Said county treasurer shall pay out the moneys received or deposited with him or her or any portion thereof upon warrants issued by the county auditor against the proper funds of the district except the sums to be paid out of the bond fund for principal and interest payments on bonds. [2013 c 23 § 572; 1983 c 167 § 249; 1927 c 254 § 109; RRS § 7402-109. Formerly RCW 89.22.450.]

89.30.328 Treasurer's monthly report. The said treasurer shall report in writing during the first week in each month to the board of directors of the district the amount of money held by him or her, the amount in the fund, the amount of receipts for the month preceding in each fund, and the amount or amounts paid out of each fund, and said report shall be filed with the secretary of the district. [2013 c 23 § 573; 1927 c 254 § 110; RRS § 7402-110. Formerly RCW 89.22.440.]

89.30.331 Secretary's monthly report of expenditures. The secretary shall also report to the board in writing during the first week in each month the amount and items of expenditures during the preceding month and said report shall be filed in the office of the board. [1927 c 254 § 111; RRS § 7402-111. Formerly RCW 89.22.330.]

89.30.334 Elections—When general held. General elections may be held in the reclamation district at the same time that general and county elections are held to determine any proposition that may be legally submitted to the electors. [1927 c 254 § 112; RRS § 7402-112. Formerly RCW 89.22.570.]

89.30.337 Elections—When special held. Special elections may be held at any time upon resolution of the district board. [1927 c 254 § 113; RRS § 7402-113. Formerly RCW 89.22.580.]

89.30.340 Elections—How noticed and conducted. Notice of any general or special reclamation district election held under the provisions of this chapter shall be given by the same officials in the same manner and for the same length of time, and said election shall be provided for, held and conducted by the same officials and the results thereof determined by the same officials in the same manner and with the same force and effect as nearly as may be as that provided by the general laws of the state of Washington relating to state and county elections. [1927 c 254 § 114; RRS § 7402-114. Formerly RCW 89.22.590.]

89.30.343 Elections—Voting precincts. All county voting precincts lying wholly within the reclamation district shall also constitute the voting precincts of such district. In any instance where the county voting precinct lies only partly within the district, that part of the county voting precinct lying within the reclamation district shall constitute the voting precinct of such district. [1927 c 254 § 115; RRS § 7402-115. Formerly RCW 89.22.660.]

89.30.346 Elections—Polling places. The polling places for the county voting precincts shall also be the polling places for all voting precincts of the reclamation district, which coincide with or are a part of said county voting precincts. [1927 c 254 § 116; RRS § 7402-116. Formerly RCW 89.22.670.]

89.30.349 Elections—Polls outside district precinct. No reclamation district election, otherwise regular, shall be invalid by reason of the fact that some of the polling places for said election were located outside the district voting precinct. [1927 c 254 § 117; RRS § 7402-117. Formerly RCW 89.22.680.]

89.30.352 Elections—List of registered voters. The registration clerk of any county voting precinct, partially included in a reclamation district voting precinct, is hereby authorized and it shall be his or her duty to prepare and certify at the expense of the district a poll list of all registered voters of said reclamation district voting precinct and to attach the same to the poll books for his or her county voting precinct. [2013 c 23 § 574; 1927 c 254 § 118; RRS § 7402-118. Formerly RCW 89.22.690.]

89.30.355 Elections—Certification of propositions. At least thirty days prior to any general district election, the secretary of the reclamation district shall certify to the county auditor of each county in which the election is to be held, any proposition to be voted on in such precincts. [1927 c 254 § 119; RRS § 7402-119. Formerly RCW 89.22.710.]

89.30.358 Elections—Ballots to be separate. The reclamation district ballot for any district election shall be separate from that for any other election held at the same time and place and shall be printed by the county auditor of each county concerned. [1927 c 254 § 120; RRS § 7402-120. Formerly RCW 89.22.720.]

89.30.361 Elections—Checking names of voters against registration list. In any case where the reclamation
district voting precinct includes only part of the county voting precinct, the precinct election officials for said precinct shall check the names of the electors offering to vote the district election against the registered poll list attached to the registration book, and any said elector whose name appears on said poll list shall receive a district ballot and shall be entitled to vote at said district election. [1927 c 254 § 121; RRS § 7402-121. Formerly RCW 89.22.700.]

89.30.364 Elections—Returns—Canvassing boards. Precinct election officials shall make return of reclamation district elections to their respective county canvassing boards, which boards are hereby constituted canvassing boards for all district voting precincts in their respective counties. [1927 c 254 § 122; RRS § 7402-122. Formerly RCW 89.22.730.]

89.30.367 Elections—Abstract of result. Immediately upon conclusion of the canvass of the returns of the reclamation district election held in the precincts located in his or her county, the county auditor shall mail to the chair of said district board, an abstract of the result of said district election in his or her county. [2013 c 23 § 575; 1927 c 254 § 123; RRS § 7402-123. Formerly RCW 89.22.740, part.]

89.30.370 Elections—District board to tabulate abstracts and declare result. Upon receipt of all the required abstracts of any said reclamation district election, the district board shall meet and tabulate the same, and by resolution declare the result of the district election. [1927 c 254 § 124; RRS § 7402-124. Formerly RCW 89.22.740, part.]

89.30.373 Director district to be represented on board. Each director district shall be entitled to representation on the reclamation district board. [1927 c 254 § 125; RRS § 7402-125. Formerly RCW 89.22.020, part.]

89.30.376 Election of subsequent directors. At the time of the general state and county election next prior to the expiration of the term of office of any director representing a director district on the reclamation district board, a candidate for such position shall be elected from such director district by the electors of such district. [1927 c 254 § 126; RRS § 7402-126. Formerly RCW 89.22.610.]

89.30.379 Director district elections. Director district elections shall be provided for, noticed, conducted, canvassed and abstracts of the returns mailed to the reclamation district board, by the same respective officials and in the same manner substantially, the voters thereat shall have the same qualifications and shall vote at the same respective polling places, as that provided herein for general reclamation district elections held in said director districts. [1927 c 254 § 127; RRS § 7402-127. Formerly RCW 89.22.640.]

89.30.382 Declaration of candidacy for board—Fee. Any qualified resident elector of any director district which is entitled at that time to elect a candidate for the office of reclamation district director may become a candidate for such office by filing, at least thirty days prior to the election, his or her declaration of candidacy with the county auditor of his or her county and by paying a fee of one dollar for said filing. [2013 c 23 § 576; 1927 c 254 § 128; RRS § 7402-128. Formerly RCW 89.22.620.]

89.30.385 Ballots for director. The ballots for the election of any reclamation district director shall contain the names of all candidates for such office, who have filed and paid the fee for their respective declarations as aforesaid. [1927 c 254 § 129; RRS § 7402-129. Formerly RCW 89.22.630.]

89.30.388 District elections—Primary law not to apply. The provisions of the law of the state relating to primary elections shall not apply to district elections authorized in this chapter. [1927 c 254 § 130; RRS § 7402-130.]

89.30.391 Annual tax—Authorization. For the purpose of raising revenue for any of the purposes of the reclamation district, an annual tax shall be levied on all the taxable real and personal property within the district: PROVIDED, That no such tax shall be levied without the approval of the electors of said district at a general election, or at a special election called for that purpose. [1933 c 149 § 14; 1927 c 254 § 131; RRS § 7402-131. Formerly RCW 89.26.010.]

89.30.394 Annual tax—How equalized and levied. Said taxes shall be assessed by the county Assessors of each county in which any land within the reclamation district is situated, the valuations of the property assessed shall be equalized by the board of equalization of each said respective county, and the levy made on estimates furnished by the district board, by the board of county commissioners of each said respective county, at the same time general state and county taxes are assessed, property values equalized and taxes levied respectively. [1927 c 254 § 132; RRS § 7402-132. Formerly RCW 89.26.020.]

89.30.397 Annual tax—How collected. Taxes so levied shall become a part of the general tax roll of the county and shall be collected and the property charged therewith sold in the same manner, at the same time, with the same penalties attached in case of delinquency, as the general state and county tax, and the proceeds thereof credited to the reclamation district in the office of the county treasurer of the county in which the organization of the reclamation district was effected, as herein provided. [1927 c 254 § 133; RRS § 7402-133. Formerly RCW 89.26.030.]

89.30.400 Debt limit—General. Reclamation districts created under the provisions of this chapter are hereby authorized and empowered to contract indebtedness for district purposes in any manner, when they deem it advisable, not exceeding an amount, together with the existing nonvoter approved indebtedness of such district, of three-fourths of one percent of the value of the taxable property in such district, as the term "value of the taxable property" is defined in RCW 39.36.015. [1984 c 186 § 63; 1970 ex.s. c 42 § 38; 1927 c 254 § 134; RRS § 7402-134. Formerly RCW 89.26.060.]

Purpose—1984 c 186: See note following RCW 39.46.110.
89.30.403  Exceeding debt limit—Procedure. Such reclamation districts may contract indebtedness for strictly district purposes in excess of the amount specified in the preceding section, but not exceeding in amount, together with existing indebtedness, two and one-half percent of the value of the taxable property, as the term "value of the taxable property" is defined in RCW 39.36.015, whenever three-fifths of the voters therein voting at an election held for that purpose assent thereto. Elections shall be held as provided in RCW 39.36.050. [1984 c 186 § 64; 1970 ex.s. c 42 § 39; 1927 c 254 § 135; RRS § 7402-135. Formerly RCW 89.26.070.]

Purpose—1984 c 186: See note following RCW 39.46.110.

Additional notes found at www.leg.wa.gov

89.30.412  General obligation bonds—Authorized. The reclamation district board shall have authority to evidence district indebtedness by the issuance and sale of negotiable general obligation bonds of the district. Such bonds shall be issued and sold in accordance with chapter 39.46 RCW. [1984 c 186 § 65; 1983 c 167 § 250; 1927 c 254 § 138; RRS § 7402-138. Formerly RCW 89.26.200.]

Purpose—1984 c 186: See note following RCW 39.46.110.

Additional notes found at www.leg.wa.gov

89.30.427  Special fund from fixed income—Bonds payable from special fund—Contract to purchase or lease electricity—Powers of reclamation district conferred. (1) In any instance where the district, general improvement or divisional district is selling, renting or leasing water or electric energy under the provisions of this chapter and there is reasonable certainty of a permanent fixed income from this source, the district board shall have authority to create a special fund derived from a fixed proportion of the gross income thus obtained and to issue bonds of the district payable from such special fund and to sell the same to raise revenue for the payment or amortization of the cost of the construction and/or the operation and maintenance of the reclamation district or general improvement or divisional district works and for such other purposes as the state of Washington and/or the United States may require: PROVIDED, That the state of Washington may, through the director of ecology, enter into a contract with the reclamation district, improvement or divisional district or districts or the United States to purchase, rent or lease and to sell or resell and/or distribute all or any part of the electric energy developed or to be developed at the reclamation, improvement or divisional district works at a price sufficient to amortize the cost of power development over a period of fifty years after the completion of such power development and to provide a surplus sufficient to reduce the cost of reclaiming the lands of the district or districts within economic limits: AND PROVIDED FURTHER, That no contract or contracts as in this section provided shall be finally consummated or become binding in any way whatsoever until the legislature of the state of Washington in special or regular session shall approve the same, and provided further in such sale and/or distribution of power by the director of ecology preference in the purchase and/or distribution thereof shall be given to municipal corporations and cooperative associations: AND PROVIDED FURTHER, That general improvement and divisional districts shall have (in addition to the powers granted them in chapter 254 of the Session Laws of 1927 and in this act) the same powers as are given to the reclamation districts under RCW 89.30.007.

(2) Such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 254; 1933 c 149 § 15; 1927 c 254 § 143; RRS § 7402-143. Formerly RCW 89.24.270, 89.24.590 and 89.26.250.]

Additional notes found at www.leg.wa.gov

89.30.430  Special fund from fixed income—Contents—Pledge of income—Not district obligation. Bonds payable from such special fund shall not be an obligation of the reclamation district and they shall state on their face that they are payable solely from a special fund derived from a certain fixed proportion (naming it) of the gross income derived by the district from the sale, rent or lease of water or power, as the case may be, and such fixed proportion of such gross income shall be irrevocably devoted to the payment of such bonds until the same are fully paid. [1927 c 254 § 144; RRS § 7402-144. Formerly RCW 89.26.260.]

89.30.432  Special fund from fixed income—Maturity—Form—Interest rates. Said bonds shall mature in series amortized in a definite schedule during a period not to exceed sixty years from the date of their issuance, shall be in such denominations and form including bearer bonds or registered bonds as provided in RCW 39.46.030, and shall be payable, with annual or semiannual interest at a rate or rates the board shall provide: PROVIDED, That such bonds may also be issued in accordance with chapter 39.46 RCW. [1983 c 167 § 255; 1981 c 156 § 33; 1933 c 149 § 16; 1927 c 254 § 145; RRS § 7402-145. Formerly RCW 89.26.270.]

Additional notes found at www.leg.wa.gov

89.30.436  General improvement districts—Authorized. In any instance where the construction, reconstruction, betterment or extension of power and/or irrigation works or the acquisition of property and rights therein appropriate for the purpose of carrying out the provisions of this chapter, will specially benefit any or all the lands within the reclamation district susceptible of irrigation, the district board shall have authority to organize said lands into a general improvement district and to provide for the levy and collection of special assessments against said lands to raise revenue in support of any or all of said purposes. [1933 c 149 § 17; 1927 c 254 § 146; RRS § 7402-146. Formerly RCW 89.24.050.]

89.30.439  General improvement districts—Resolution, survey and investigation. For the purpose of organizing such an improvement district, the district board shall pass a resolution outlining in general terms the proposed improvement to be constructed or property or rights to be acquired, finding that the same will be of special benefit to any or all the lands susceptible of irrigation within the reclamation district, and ordering a survey and investigation with respect to the matter. [1927 c 254 § 147; RRS § 7402-147. Formerly RCW 89.24.060.]

[Title 89 RCW—page 38] (2014 Ed.)
89.30.442 General improvement districts—Cost of survey and investigation—Limitation of levy. The cost of making said survey and investigation shall be paid from any funds available for the purpose in the treasury of the reclamation district; PROVIDED, That the annual tax levy made by the reclamation district for such purpose shall not exceed one mill in any year. [1927 c 254 § 148; RRS § 7402-148. Formerly RCW 89.24.070.]

89.30.445 General improvement districts—Board may make survey and investigation. The district board shall have full authority to make such survey and investigation as in its judgment shall be necessary to obtain reliable information upon which to determine whether the proposed improvement shall be made or property or rights acquired, and for this purpose the district board shall employ such services of every nature as may be required. [1927 c 254 § 149; RRS § 7402-149. Formerly RCW 89.24.080.]

89.30.448 General improvement districts—Contract with state or United States for survey and investigation. The district board shall also have authority to enter into contracts with the proper department of the state of Washington or the federal government, to make such survey and investigation, or any part of same or to render any other service as may be deemed advisable. [1927 c 254 § 150; RRS § 7402-150. Formerly RCW 89.24.090.]

89.30.451 General improvement districts—Report on survey and investigation—Estimate of cost. Upon the completion of said survey and investigation, the district board shall cause to be filed in its office a written report of the same. Said report shall specify the character of the proposed improvement to be made, or property or rights to be acquired, shall state in reasonable detail the probable cost of same, including integral parts thereof; PROVIDED, That such estimate of the cost shall be held to be preliminary only and shall not be binding as a limit on the amount that may be expended in carrying out the proposed project. Said report shall also outline a plan for financing the proposed project, shall contain any recommendations that may be deemed advisable, and shall be identified by the signature of the secretary of the district as the official report of the survey and investigation in the proceedings to organize said improvement district. [1927 c 254 § 151; RRS § 7402-151. Formerly RCW 89.24.100.]

89.30.454 General improvement districts—Notice for hearing on report. The district board shall thereupon fix a time and place for a hearing on said report and shall cause notice of said hearing to be published in the same manner and for the same length of time as provided herein in case of notice of hearing on the petition to organize the reclamation district. [1927 c 254 § 152; RRS § 7402-152. Formerly RCW 89.24.110.]

89.30.457 General improvement districts—Contents of notice for hearing. Said notice shall state that all or part of the lands included in the reclamation district (naming it) are proposed to be organized as a general improvement district for the purpose of making a certain improvement (stating its nature generally) or acquiring certain property or rights (naming the same) as the case may be, that the lands within the proposed improvement district (where part only of the lands in the reclamation district are to be included, such part shall be described in township, ranges and where necessary in lesser legal subdivisions) are to be assessed to pay for said improvement, or property or rights therein; that a report containing further information concerning the matter is on file in the office of the board of the reclamation district and may be inspected at any time, during business hours, by any interested person; that a hearing thereon will be held (stating the time and place); that all persons interested may appear before the board at the time and place named in the notice and show cause, if any they have, why the proposed district should not be organized, the proposed project carried out, and said lands assessed for that purpose. Said notice shall be signed by the secretary of the reclamation district. [1927 c 254 § 153; RRS § 7402-153. Formerly RCW 89.24.120.]

89.30.460 General improvement districts—Hearing—Adjournments. On the date set for said hearing, the district board shall meet at the place designated in the notice, and if it appears that due notice of such hearing has been given, shall proceed with the hearing and may adjourn said hearing from time to time and place to place. [1927 c 254 § 154; RRS § 7402-154. Formerly RCW 89.24.130.]

89.30.463 General improvement districts—Objections and evidence at hearing. At said hearing, the district board shall hear all objections and receive all pertinent evidence offered and shall, in any event, receive evidence as to whether all the lands included in the proposed improvement district will be benefited by the proposed project. [1927 c 254 § 155; RRS § 7402-155. Formerly RCW 89.24.140.]

89.30.466 General improvement districts—Change of plans. The district board at said hearing may adopt, or for good reason, change, add to or modify the plans for the system of improvement, and shall decline lands not benefited; said board shall have full authority to determine all the questions properly before it at said hearing. [1927 c 254 § 156; RRS § 7402-156. Formerly RCW 89.24.150.]

89.30.469 General improvement districts—Order on approval. If at said hearing the district board approves the plan of improvement or acquisition of property or rights therein, it shall make and enter an order to that effect, shall specify the lands that will be specially benefited by the proposed project and shall declare the improvement district duly organized under the name of general improvement district No. . . . . of . . . . . . reclamation district. [1927 c 254 § 157; RRS § 7402-157. Formerly RCW 89.24.160.]

89.30.472 General improvement districts—Findings conclusive, exception. The finding of the board that the lands included within the general improvement district will be benefited by the proposed improvement or acquisition of property or rights therein, shall be a legislative determination that such lands will be specially benefited to the extent necessary to pay in full all costs and obligations of every nature required in making and maintaining such improvement or for the acquisition of property or rights, and such determination
89.30.475 General improvement districts—Special benefits deemed continuing. The special benefits conferred upon the lands involved in the general improvement district by any such improvement or by the acquisition of any property or rights therein shall not be deemed to accrue at any one time but shall be deemed to be benefits continuing throughout the period of the life of the project, which render said lands subject to assessment, from year to year as herein provided, to pay for and carry out the object for which such improvement was made or property or rights therein acquired. [1927 c 254 § 159; RRS § 7402-159. Formerly RCW 89.24.170.]

89.30.478 General improvement districts—Powers of board—Act on behalf of improvement or divisional district not to render reclamation district liable. The board of directors of the reclamation district shall have full authority to manage and conduct the business affairs of the general improvement district, to employ and appoint such agents, officers and employees as may be necessary and prescribe their duties, to establish reasonable bylaws, rules and regulations for the government and management of the affairs of the improvement district, and generally to perform any and all acts necessary to carry out the purpose of the general improvement district: PROVIDED, That no act done nor contract entered into by the district board for or in behalf of any improvement district or in behalf of any divisional district herein authorized, shall in any manner bind the reclamation district or render the same liable except as herein specifically provided, but such act or contract shall be chargeable exclusively to the lands of the improvement district or divisional district concerned. [1927 c 254 § 160; RRS § 7402-160. Formerly RCW 89.24.190.]

89.30.481 Power of board as to assessments in improvement or divisional districts. Said board district shall have authority to levy assessments as herein provided against the benefited lands included within the operation of the general improvement or divisional district for any of the objects or purposes for which the general improvement or divisional district was organized. [1927 c 254 § 161; RRS § 7402-161. Formerly RCW 89.24.260.]

89.30.484 Divisional districts—Authorized. For the purpose of carrying out any of the objects for which a reclamation district may be created and maintained, under the provisions of this chapter in units of development of lesser area than that contemplated in the organization of a general improvement district, the district board shall have authority to organize the lands susceptible of irrigation in one or more of such units of development, into divisional districts. [1927 c 254 § 162; RRS § 7402-162. Formerly RCW 89.24.200.]

89.30.487 Divisional districts—Powers of board, officers and electors. All the powers which the district board, other officers and the electors therein, now or shall hereafter have under the provisions of this chapter to organize, manage, finance and operate a general improvement district, said board, other officers and said electors, shall have to organize, manage, finance and operate divisional districts, and such divisional districts may be organized, managed, financed and operated to develop and improve the lands susceptible of irrigation within their operation for any of the purposes for which a general improvement district may be organized, managed, financed and operated. [1927 c 254 § 163; RRS § 7402-163. Formerly RCW 89.24.210.]

89.30.490 Divisional districts—Organization. Divisional districts shall be organized in the same manner as that provided herein for the organization of general improvement districts. [1927 c 254 § 164; RRS § 7402-164. Formerly RCW 89.24.220.]

89.30.493 Divisional districts—Liability. Any assessments levied against the lands included in any said divisional district, any contracts entered into, any evidences of indebtedness issued, or obligations arising, in behalf of any said divisional district, shall be in addition to and independent of any assessments, contracts, evidences of indebtedness, or obligations arising in behalf of any general improvement district, authorized under the provisions of this chapter. [1927 c 254 § 165; RRS § 7402-165. Formerly RCW 89.24.230.]

89.30.496 Divisional districts—Assessments, contracts, etc. The district board and other proper officers shall have authority to levy and collect assessments against the lands included in any said divisional district, enter into contracts, issue evidences of indebtedness, and do everything that may be necessary to carry out the purposes of the divisional district organization, in similar form and manner as that provided in this chapter with respect to general improvement districts. [1927 c 254 § 166; RRS § 7402-166. Formerly RCW 89.24.240.]

89.30.499 Exclusion of nonirrigable lands from general improvement or divisional districts—Petition—Prior obligations. In any instance in which any tract of land not susceptible of irrigation in its natural state has been included in any general improvement district or divisional district herein authorized through inadvertency or mistake on the part of the district board at the time of the organization of such general improvement district or divisional district, the same may be excluded from the district concerned by a petition made by the owner or owners thereof and filed with the district board: PROVIDED, That the exclusion of said land or lands shall not relieve the same of its obligation to pay assessments for bonds outstanding at the time said petition is filed with the district board without written consent of the holders of said bonds. [1927 c 254 § 167; RRS § 7402-167. Formerly RCW 89.24.400.]

89.30.502 Exclusion of nonirrigable lands from general improvement or divisional districts—Time for hearing—Notice. Upon the receipt of any petition for exclusion of lands from any general improvement district or divisional district, the board shall fix a time and place for hearing said petition and give notice thereof at the expense of the land-
owner concerned by publication in a newspaper of general circulation published in the county where the lands petitioned to be excluded are situated, for a period of two weeks (three issues) prior to the date of the hearing. [1927 c 254 § 168; RRS § 7402-168. Formerly RCW 89.24.410.]

89.30.505 Exclusion of nonirrigable lands from general improvement or divisional districts—Hearing. At the time and place named in the notice, the board shall consider the petition and shall have full authority to grant or deny the same. [1927 c 254 § 169; RRS § 7402-169. Formerly RCW 89.24.420.]

89.30.508 Exclusion of nonirrigable lands from general improvement or divisional districts—Levy to pay bonds preserved. In the event that there are outstanding bonds, the board shall have authority, if it believes that the petition should otherwise be granted, to grant the same for all purposes except that of the levy of assessments to pay the principal and interest of outstanding bonds. [1927 c 254 § 170; RRS § 7402-170. Formerly RCW 89.24.430.]

89.30.511 Exclusion of nonirrigable lands from general improvement or divisional districts—Unconditional relief—Effect. In the event that a petition for exclusion as herein provided is unconditionally granted by the district board, said land shall thereafter be relieved from any obligation to pay special assessments levied in behalf of the district from which the same is excluded. [1927 c 254 § 171; RRS § 7402-171. Formerly RCW 89.24.440.]

89.30.514 Exclusion of nonirrigable lands from general improvement or divisional districts—Power to reduce assessments. In the event that lands petitioned to be excluded cannot be relieved of the obligation to pay assessments for outstanding bonds, the board shall have authority, when sitting as a board of equalization, to make an equitable reduction in the amount of assessments levied against such land for bond purposes. [1927 c 254 § 172; RRS § 7402-172. Formerly RCW 89.24.450.]

89.30.517 Negotiable bonds of general improvement or divisional district—Authorized. (1) For the purpose of furthering or carrying out any of the objects for which a general improvement or divisional district was organized, for the purpose of raising additional moneys for that purpose or for refunding outstanding improvement or divisional district bonds, the district board shall have authority to issue and sell negotiable bonds in such amounts as shall be approved by the electors of the general improvement or divisional district at an election called for that purpose, as herein provided.

(2) Notwithstanding the provisions of RCW 89.30.520 through 89.30.568, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 256; 1927 c 254 § 173; RRS § 7402-173. Formerly RCW 89.26.400.]

Additional notes found at www.leg.wa.gov

89.30.520 Negotiable bonds of general improvement or divisional district—Form, contents, payment, interest. (1) Bonds issued under the provisions of this chapter shall be negotiable, serial bonds, in such series, maturities and denominations as the board shall determine, payable in legal currency of the United States, at such place as the board shall provide, from funds derived from the levy and collection of special assessments against the benefited lands within the operation of the general improvement or divisional district and shall draw interest at a rate or rates as the board shall authorize. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued in accordance with chapter 39.46 RCW. [1983 c 167 § 257; 1970 ex.s. c 56 § 103; 1969 ex.s. c 232 § 62; 1927 c 254 § 174; RRS § 7402-174. Formerly RCW 89.26.480.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.
Additional notes found at www.leg.wa.gov

89.30.523 Negotiable bonds of general improvement or divisional district—Obligation of improvement and divisional district—Reclamation district not obligated—Deferred assessments. Such bonds shall not constitute an obligation of the reclamation district and shall so specify on their face, but said bonds shall constitute a general obligation of the general improvement or divisional district for the benefit of which the same are issued and all the lands included in such general improvement or divisional district shall be and remain liable to be assessed for their payment until the principal and interest of said bonds are fully paid: PROVIDED, That in case the plan of improvement contemplates the construction of units progressively, the levy and collection of assessments against lands in any undeveloped unit, may at the option of the district board be deferred until such lands are sufficiently developed to equitably bear such exactions. [1927 c 254 § 175; RRS § 7402-175. Formerly RCW 89.26.500.]

89.30.526 Negotiable bonds of general improvement or divisional district—Election, how conducted. Elections held in a general improvement or divisional district for the purpose of determining whether bonds of the district shall be issued, shall except as otherwise herein provided, be called by the district board, shall be provided for, noticed, conducted and the results thereof determined in the same manner and by the same officers respectively in each county concerned as nearly as may be as provided in the general election laws of the state for special municipal and district elections. [1927 c 254 § 176; RRS § 7402-176. Formerly RCW 89.26.410.]

89.30.529 Negotiable bonds of general improvement or divisional district—Election precincts and officials. The several county election boards of the respective counties concerned shall have full authority and it shall be their duty to establish election precincts within the general improvement or divisional district for such bond elections and to appoint the necessary election officials, and to do such other things as may be necessary and proper for the holding of such an election: PROVIDED, That wherever possible the regular county voting precincts, polling places and election officials shall be used for said elections. [1927 c 254 § 177; RRS § 7402-177. Formerly RCW 89.26.420.]

(2014 Ed.)
89.30.532 Negotiable bonds of general improvement or divisional district—Contents of notice of election. Notice of said election shall state the amount and maturities of the proposed bonds and in general terms the objects for which said bonds are to be issued, shall specify any precincts and the location of any polling places other than the regular county precincts and polling places therein, shall state that the polling places will be open from eight o’clock a.m. to eight o’clock p.m. on the day of said election and shall be signed by the clerk of said respective county election boards. [1927 c 254 § 178; RRS § 7402-178. Formerly RCW 89.26.430.]

89.30.535 Negotiable bonds of general improvement or divisional district—Notice and election in nonassessable area. Where any nonassessable area is situated within any voting precinct within the general improvement or divisional district, any notice or other announcement required by law to be posted, may be so posted in such area, and any election held or to be held pursuant to the provisions of this chapter, may be held within such area. [1927 c 254 § 179; RRS § 7402-179. Formerly RCW 89.26.440.]

89.30.538 Negotiable bonds of general improvement or divisional district—Mailing returns—Canvass. The election officials for every voting precinct for said bond elections shall mail their returns to the county election board of the county in which such precincts are located, and such board shall canvass the returns of said election. [1927 c 254 § 180; RRS § 7402-180. Formerly RCW 89.26.450.]

89.30.541 Negotiable bonds of general improvement or divisional district—Abstract of election results. Immediately upon the canvass of said election, the county auditors of the several counties concerned shall mail an abstract of the result of said election in the precincts of their respective counties to the board of directors of the reclamation district. [1927 c 254 § 181; RRS § 7402-181. Formerly RCW 89.26.460.]

89.30.544 Negotiable bonds of general improvement or divisional district—Resolution authorizing issuance of bonds. The reclamation district board shall tabulate said abstracts of election returns and if it appears that a majority of the votes cast at any such election are in favor of the proposition submitted at said election, the board shall so declare and enter a resolution authorizing the issuance of bonds in the amounts and maturities and for the objects proposed. Such bonds may be issued in accordance with chapter 39.46 RCW. [1983 c 167 § 258; 1927 c 254 § 182; RRS § 7402-182. Formerly RCW 89.26.470.]

Additional notes found at www.leg.wa.gov

89.30.547 Negotiable bonds of general improvement or divisional district—Sale or exchange price. (1) General improvement or divisional district bonds issued under the provisions of this chapter shall not be sold for less than ninety percent of their par value, and refunding bonds shall not be sold or exchanged for less than their par value.

(2) Notwithstanding subsection (1) of this section, such bonds may be sold in accordance with chapter 39.46 RCW. [1983 c 167 § 259; 1927 c 254 § 183; RRS § 7402-183. Formerly RCW 89.26.520.]

Additional notes found at www.leg.wa.gov

89.30.550 Negotiable bonds of general improvement or divisional district—Pledge of bonds to United States. Such bonds may be pledged to the United States under any contract with the United States authorized by federal statute, for the purpose of furthering any of the objects and purposes of the district organization. [1927 c 254 § 184; RRS § 7402-184. Formerly RCW 89.26.530.]

89.30.553 Negotiable bonds of general improvement or divisional district—Public or private sale—Payment in property, labor, etc. Such bonds, or any portion thereof, may be sold at public or private sale, and property or property rights, labor and material, necessary to carry out the objects and purposes of said bond issue may be received by the district board in payment therefor. [1927 c 254 § 185; RRS § 7402-185. Formerly RCW 89.26.540.]

89.30.556 Negotiable bonds of general improvement or divisional district—Negotiability—Execution. (1) All general improvement or divisional district bonds issued under the provisions of this chapter shall be negotiable in form, shall be signed by the president of the reclamation district board and secretary of said district and shall have the seal of the district impressed thereon.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued in accordance with chapter 39.46 RCW. [1983 c 167 § 260; 1927 c 254 § 186; RRS § 7402-186. Formerly RCW 89.26.490.]

Additional notes found at www.leg.wa.gov

89.30.565 Negotiable bonds of general improvement or divisional district—Moneys paid to county treasurer. The proceeds of bond sales for cash shall be paid by the purchaser to the county treasurer of the county in which the organization of the district was effected or to his or her duly authorized agent and credited to the proper fund. [2013 c 23 § 577; 1927 c 254 § 189; RRS § 7402-189. Formerly RCW 89.26.560.]

89.30.568 Negotiable bonds of general improvement or divisional district—Bonds paramount lien on moneys in fund. Bonds issued for or in behalf of any general improvement district or any divisional district under the provisions of this chapter, shall constitute a lien upon the moneys in any fund set apart for their payment paramount and superior to that of any other obligation of whatsoever nature against said fund except that of a prior bond issue payable from said fund. [1927 c 254 § 190; RRS § 7402-190. Formerly RCW 89.26.570.]

89.30.571 Assessments in general improvement or divisional district—Annual ad valorem basis. Assessments made in order to carry out the purposes of any general improvement district or of any divisional district, authorized in this chapter, shall be made annually on an ad valorem basis against the lands and improvements thereon, included within the operation of any such district; PROVIDED, That in
assessing lands having and using a water right independent of the district system, the value of such water right shall be deducted from the assessable value of said lands. [1927 c 254 § 19; RRS § 7402-191. Formerly RCW 89.26.720.]

89.30.574 Assessments in general improvement or divisional district—Assessment roll. On or before the first Tuesday in November of each year, the secretary of the district shall prepare and file with the district board for the use of any general improvement or divisional district authorized under this chapter, an assessment roll on which must be listed all the assessable property within such general improvement or divisional district. [1927 c 254 § 192; RRS § 7402-192. Formerly RCW 89.26.700.]

89.30.577 Assessments in general improvement or divisional district—Contents of assessment roll. On such assessment roll must be specified in separate columns, under appropriate headings, the following:

1. The name of the person to whom the property is assessed, if not known then to "unknown owners".
2. Land by township, range, section or fractional section and when such land is not a congressional division or subdivision, by metes and bounds, or other description sufficient to identify it, giving an estimate of the number of acres, locality, and the improvements thereon.
3. City and town lots, naming the city or town, and the number and block according to the system of numbering in such city or town, and the improvements thereon.
4. The cash value of real estate other than city or town lots.
5. The cash value of improvements on city and town lots.
6. The cash value of improvements on such real estate.
7. The total value of all property assessed.
8. The total value of all property after equalization by the board of directors.
9. Such other things as the board of directors may require. [1927 c 254 § 193; RRS § 7402-193. Formerly RCW 89.26.710.]

89.30.580 Assessments in general improvement or divisional district—Basis of valuation. The value of such lands and improvements thereon shown on the county general tax roll, last equalized, shall be taken as the basis of valuation wherever possible in preparing said district assessment roll. [1927 c 254 § 194; RRS § 7402-194. Formerly RCW 89.26.730.]

89.30.583 Assessments in general improvement or divisional district—Valuation of lands not on tax roll. Lands and improvements not shown on the county general tax roll shall be given such valuation on the district assessment roll as the secretary shall determine having regard to the equalized valuation of similar private lands in the vicinity for general tax purposes. [1927 c 254 § 195; RRS § 7402-195. Formerly RCW 89.26.740, part.]

89.30.586 Assessments in general improvement or divisional district—Values on roll are conclusive, when.

The values of land fixed by the secretary on the district assessment roll shall be conclusive upon all persons unless challenged before the district board at the time of the equalization of said roll. [1927 c 254 § 196; RRS § 7402-196. Formerly RCW 89.26.740, part.]

89.30.589 Assessments in general improvement or divisional district—Assessments for prior years—Expense for delinquencies. Any property which may have escaped assessment for any year or years shall in addition to the assessment for the then current year be assessed for such year or years with the same effect and with the same penalties as are provided for such current year, and any property delinquent in any year may be directly assessed during the current year for any expense caused the district on account of such delinquency. [1927 c 254 § 197; RRS § 7402-197. Formerly RCW 89.26.750.]

89.30.592 Assessments in general improvement or divisional district—Roll to segregate lands as to counties. Where the general improvement or divisional district embraces lands lying in more than one county, the assessment roll shall be so arranged that the lands lying in each county shall be segregated and grouped according to the county in which the same are situated. [1927 c 254 § 198; RRS § 7402-198. Formerly RCW 89.26.760.]

89.30.595 Assessments in general improvement or divisional district—Roll to district board—Notice of equalization. On or before the first Tuesday in November each year, the secretary shall complete the general improvement or divisional district assessment roll and deliver it to the district board who shall immediately direct the secretary to give a notice thereof and of the time the board of directors, acting as a board of equalization, will meet to equalize assessments, by publication in a newspaper in each of the counties comprising such district. [1927 c 254 § 199; RRS § 7402-199. Formerly RCW 89.26.770.]

89.30.598 Assessments in general improvement or divisional district—Time for equalization meeting—Inspection of roll. The time fixed for said meeting shall not be less than twenty nor more than thirty days from the day of the first publication of the notice and in the meantime the assessment roll shall remain in the office of the secretary for the inspection of all persons interested. [1927 c 254 § 200; RRS § 7402-200. Formerly RCW 89.26.780.]

89.30.601 Assessments in general improvement or divisional district—Hearing before equalization board—Authority. Upon the day specified in the notice of the meeting of the board of equalization, the board of directors which is hereby constituted a board of equalization for that purpose, shall meet and continue in session from day to day as long as may be necessary, not to exceed ten days exclusive of Sundays, to hear and determine such objections to the valuation and assessment as may come before them and the board may change the valuation as may be just. [1927 c 254 § 201; RRS § 7402-201. Formerly RCW 89.26.790.]
89.30.604 Assessments in general improvement or divisional district—Changes on roll to be noted—Completed roll to county treasurers. The secretary shall be present during the sessions of the board of equalization, and note all changes made in the valuation of property and in the names of the persons whose property is assessed and on or before the first day of January next following, he or she shall complete the assessment roll as finally equalized by the board and deliver the segregations of the same to the respective county treasurers concerned. [2013 c 23 § 578; 1927 c 254 § 202; RRS § 7402-202. Formerly RCW 89.26.800.]

89.30.607 Assessments in general improvement or divisional district—Annual levy for bonds and interest. The board of directors shall in each year before said assessment roll for any general improvement or divisional district herein authorized, is delivered to the respective county treasurers, levy an assessment sufficient to raise the ensuing annual interest on the outstanding bonds issued for the benefit of said district, and shall beginning in the year preceding the maturity of any series of the bonds of any issue, levy an assessment for the ensuing year and from year to year in an amount sufficient to pay and discharge said outstanding bonds as they mature. [1927 c 254 § 203; RRS § 7402-203. Formerly RCW 89.26.830.]

89.30.610 Assessments in general improvement or divisional district—Levy for contracts with state or United States or for other charges. Said board shall also levy an assessment sufficient to provide for all payments due or to become due in the ensuing year to the United States or the state of Washington under any contract between the district and the United States or the state of Washington authorized under this chapter. A similar levy of assessment shall be made by the board for any other item chargeable against the lands of such district under the provisions of this chapter. [1927 c 254 § 204; RRS § 7402-204. Formerly RCW 89.26.840.]

89.30.613 Assessments in general improvement or divisional district—Levy for delinquencies. The board shall also at the time of making the annual levy for any general improvement or divisional district authorized under this chapter, estimate all probable delinquencies on said levy and shall thereupon levy a sufficient amount to cover the same and a further amount to cover any deficit that may have resulted from any delinquent assessments for any preceding year. [1927 c 254 § 205; RRS § 7402-205. Formerly RCW 89.26.850.]

89.30.616 Assessments in general improvement or divisional district—Collected assessments to constitute designated special funds. Assessments against lands in any general improvement or divisional district authorized under this chapter, when collected by the county treasurer shall constitute a special fund or funds as the case may be, to be called respectively, the "bond fund of general improvement or divisional district No. . . . ". the "contract fund of general improvement or divisional district No. . . . ", the "warrant fund of general improvement or divisional district No. . . . ", and any other special fund authorized by law. [1983 c 167 § 261; 1927 c 254 § 206; RRS § 7402-206. Formerly RCW 89.26.860.]

Additional notes found at www.leg.wa.gov

89.30.619 Assessments in general improvement or divisional district—Procedure on failure to deliver roll—Preparation, equalization, levy by county commissioners. If the annual assessment roll or segregation thereof for any general improvement or divisional district authorized under this chapter, has not been delivered to the respective county treasurers concerned on or before the first day of January following the equalization thereof, any said county treasurer shall immediately notify the secretary of the district by registered mail that unless said roll is delivered to said county treasurer within ten days from the receipt of said notice, the board of county commissioners of the county in which the organization of the reclamation district was effected will cause an assessment roll for the district to be prepared and shall equalize the same if necessary and make the levy required by this chapter. [1927 c 254 § 207; RRS § 7402-207. Formerly RCW 89.26.810.]

89.30.622 Assessments in general improvement or divisional district—Manner and effect of levy by county commissioners—Expenses. Any levy of assessments so made by said board of county commissioners shall be made in the same manner and with like effect as if the same had been made and equalized by the board of directors of the reclamation district and all expenses incidental thereto shall be borne by the district. [1927 c 254 § 208; RRS § 7402-208. Formerly RCW 89.26.820.]

89.30.625 Assessments in general improvement or divisional district—County treasurer may perform duties of district secretary, when. In case of the neglect or refusal of the secretary of the reclamation district to perform the duties imposed by law, then the treasurer of the county in which the organization of the reclamation district was effected may perform such duties and shall be accountable therefor on his or her official bond as in other cases. [2013 c 23 § 579; 1927 c 254 § 209; RRS § 7402-209. Formerly RCW 89.22.460.]

89.30.628 Assessments in general improvement or divisional district—Lien of assessment, when attaches. The assessment upon the real property in any general improvement or divisional district authorized under this chapter, shall be a lien against the property assessed from and after the first day of March in the year in which it is levied but as between a grantor and a grantee such lien shall not attach until the first Monday of February of the succeeding year. [1927 c 254 § 210; RRS § 7402-210. Formerly RCW 89.28.200.]

89.30.631 Assessments in general improvement or divisional district—Assessment lien paramount—When extinguished. The lien for said assessments shall be paramount and superior to any other lien theretofore or thereafter created, whether by mortgage, judgment or otherwise except a lien for prior assessments and for general taxes, and such lien shall not be extinguished until the assessments are paid
or the property sold for the payment thereof and deed issued as provided by law. [1927 c 254 § 211; RRS § 7402-211. Formerly RCW 89.28.210.]

89.30.634 Assessments in general improvement or divisional district—When assessments due and payable—Delinquency date. The assessments specified in said assessment roll shall become due and payable on the first Monday of February of the year succeeding the equalization of said assessments at the office of each respective county treasurer and said assessments shall become delinquent at five o'clock in the afternoon of the thirty-first day of May thereafter unless fifty percent thereof shall have been paid. [1927 c 254 § 212; RRS § 7402-212. Formerly RCW 89.28.220, part.]

89.30.637 Assessments in general improvement or divisional district—When assessment delinquent—Interest rate. If the whole or fifty percent thereof shall not have been paid on or before five o'clock in the afternoon on the thirty-first day of May as above provided, the said assessments shall become delinquent and shall draw interest at the rate of twelve percent per annum until paid. [1927 c 254 § 213; RRS § 7402-213. Formerly RCW 89.28.220, part.]

89.30.640 Installment payments—Delinquency. If fifty percent of said assessments against any tract of land is paid on or before five o'clock in the afternoon of the thirty-first day of May aforesaid, then the remainder thereof will not become delinquent until the thirtieth day of November next following. The second installment of assessments shall become delinquent at five o'clock in the afternoon on the thirtieth day of November unless sooner paid and the same interest shall attach thereto as provided in the case of the delinquency of the entire assessment. [1927 c 254 § 214; RRS § 7402-214. Formerly RCW 89.28.230.]

89.30.643 Installment payments—Assessment book—Contents. Upon receiving the assessment roll for any general improvement or divisional district authorized herein, the county treasurer shall prepare therefrom an assessment book in which shall be written the descriptions of the land as they appear in the assessment roll, the name of the owner or owners where known, and if assessed to unknown owners then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be provided in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments. [1927 c 254 § 215; RRS § 7402-215. Formerly RCW 89.28.240.]

89.30.646 Installment payments—Entry of payments—Receipt. Upon the payment of any said assessment, the county treasurer shall enter the date of payment in said assessment book opposite the description of the land and the name of the person paying, and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed. [1927 c 254 § 216; RRS § 7402-216. Formerly RCW 89.28.250.]

89.30.649 Installment payments—Statement of assessments levied to be furnished on request. It shall be the duty of the county treasurer of the county in which any land in the general improvement or divisional district is located, to furnish upon request of the owner or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his or her office upon land described in such request and all statements of general taxes covering any land in such district shall be accompanied by a statement showing the condition of district assessments against such lands: PROVIDED, That the failure of the county treasurer to render any statement herein required of him or her, shall not render invalid any assessments made for any general improvement or divisional district or proceeding had for the enforcement and collection of such assessments pursuant to this chapter. [2013 c 23 § 580; 1927 c 254 § 217; RRS § 7402-217. Formerly RCW 89.28.260.]

89.30.652 Installment payments—County treasurers to make monthly remittances to district treasurer. It shall be the duty of the county treasurer of any county other than the county in which the organization of the reclamation district was effected to make monthly remittances to the county treasurer of the county in which the organization of the reclamation district was effected, covering all amounts collected by him or her for any said general improvement or divisional district during the preceding month. [2013 c 23 § 581; 1927 c 254 § 218; RRS § 7402-218. Formerly RCW 89.22.430.]

89.30.655 Delinquency and sale in general improvement and divisional districts—List to be posted. On or before the thirtieth day of June in each year each respective county treasurer concerned shall post the delinquency list which must contain the names of persons and the descriptions of the property delinquent and the amount of assessments, interest, and costs opposite each name and the description in all cases where payment of fifty percent or more of the assessment against any tract of land has not been made on or before the thirty-first day of May next preceding. Likewise on or before the fifteenth day of December in each year he or she must post the delinquency list of all persons delinquent in the payment of the final installment of the fifty percent of said assessments as in this chapter provided. [2013 c 23 § 582; 1927 c 254 § 219; RRS § 7402-219. Formerly RCW 89.28.400.]

89.30.658 Delinquency and sale in general improvement and divisional districts—Notice of delinquency, contents, posting. Said county treasurer must append to and post with the delinquency list a notice that unless the assessment delinquent together with interest and costs are paid, the real property upon which said assessments are a lien will be sold at public auction. Said notice and delinquent list shall be posted at least twenty days prior to the date of the sale. One copy thereof shall be posted in the office of the county treasurer making the collection, one copy in the office of the board of directors, and one copy in each of three public places in the portion of said general improvement or divisional district lying in said county. [1927 c 254 § 220; RRS § 7402-220. Formerly RCW 89.28.410.]

89.30.661 Delinquency and sale in general improvement and divisional districts—Publication of list of posted

(2014 Ed.)
places and notice of sale. Concurrent as nearly as possible with the day of the posting required in the preceding section, the said county treasurer shall publish a list of the places where said notices are posted and in connection therewith a notice that unless said delinquent assessments together with the interest and costs are paid, the real property upon which the said assessments are a lien will be sold at public auction. [1927 c 254 § 221; RRS § 7402-221. Formerly RCW 89.28.420.]

89.30.664 Delinquency and sale in general improvement and divisional districts—Publication of notices—Contents—Time and place of sale. Such notice must be published once a week for two successive weeks (three issues) in a newspaper of general circulation published in the county within which the land is located but said notice of publication need not comprise the delinquent list where the same is posted as herein provided. Both notices must designate the time and place of sale. The time of sale must not be less than thirty nor more than forty-five days from the date of posting and from the date of the first publication of the notice thereof and the place must be at some point designated in said notices by said treasurer. [1927 c 254 § 222; RRS § 7402-222. Formerly RCW 89.28.430.]

89.30.667 Delinquency and sale in general improvement and divisional districts—Sale of land for delinquency. The treasurer of the county in which the land is situated shall conduct the sale of all land situated therein and must collect the assessments due as shown on the delinquency list together with interest from the date of delinquency at the rate of twelve percent per annum, and the costs of sale. [1927 c 254 § 223; RRS § 7402-223. Formerly RCW 89.28.440.]

89.30.670 Delinquency and sale in general improvement and divisional districts—How conducted. On the day fixed for the sale or on some subsequent day to which the treasurer may have postponed it, of which postponement he or she must give notice at the time of making such postponement, and between the hours of ten o'clock a.m. and three o'clock p.m., the county treasurer making the sale must commence the same beginning at the head of the list and continuing alphabetically or in numerical order of the parcels, lots, and blocks until completed. [2013 c 23 § 583; 1927 c 254 § 224; RRS § 7402-224. Formerly RCW 89.28.460.]

89.30.673 Delinquency and sale in general improvement and divisional districts—Postponement of sale. The county treasurer may postpone the date of commencing the sale or may postpone the sale from day to day by making oral notice thereof at the time of the postponement, but the sale must be completed within three weeks from the first day fixed. [1927 c 254 § 225; RRS § 7402-225. Formerly RCW 89.28.450.]

89.30.676 Delinquency and sale in general improvement and divisional districts—Designation of portion to be sold—Sale by parts. The owner or person in possession of any real estate offered for sale for assessments thereon may designate in writing to the county treasurer by whom the sale is to be made and prior to the sale, what portion of the property he or she wishes sold, if less than the whole, but if the owner or possessor does not, then the treasurer may designate it and the person who will take the least quantity of the land or in case an undivided interest is assessed the smallest portion of the interest, and pay the assessment, interest, and cost due including one dollar to the treasurer for a duplicate of the certificate of sale, is the purchaser. The treasurer shall account to the district for said one dollar. [2013 c 23 § 584; 1927 c 254 § 226; RRS § 7402-226. Formerly RCW 89.28.470.]

89.30.679 Delinquency and sale in general improvement and divisional districts—Resale upon purchaser's default. If the purchaser does not pay the assessment, interest and costs before ten o'clock a.m. the day following the sale, the property must be resold on the next day for the assessment, interest and costs. [1927 c 254 § 227; RRS § 7402-227. Formerly RCW 89.28.480.]

89.30.682 Delinquency and sale in general improvement and divisional districts—Reclamation district as purchaser. In case there is no purchaser in good faith for the property on the first day that the property is offered for sale and if there is no purchaser in good faith when the property is offered thereafter for sale, the whole amount of the property assessed shall be struck off to the reclamation district as the purchaser, and the duplicate certificate shall be held with the original in the office of the county treasurer. [1927 c 254 § 228; RRS § 7402-228. Formerly RCW 89.28.490.]

89.30.685 Delinquency and sale in general improvement and divisional districts—Entry of sale when district is purchaser—Credit. In case the district is the purchaser, the treasurer shall make an entry "sold to the district", and he or she shall receive proper credit for the amount of the sale in his or her settlement with the district. [2013 c 23 § 585; 1927 c 254 § 229; RRS § 7402-229. Formerly RCW 89.28.500.]

89.30.688 Delinquency and sale in general improvement and divisional districts—Rights of district as purchaser. A reclamation district as purchaser at said sale shall be entitled to the same rights as a private purchaser and may assign or transfer the certificate of sale upon the payment of the amount which would be due as redemption were it made by the owner. Such transfer shall be made by the president and secretary of the district on the duplicate certificate which shall be delivered by the county treasurer to the assignee. The assignee shall be required to pay a fee of one dollar for such duplicate certificate. [1927 c 254 § 230; RRS § 7402-230. Formerly RCW 89.28.510.]

89.30.691 Delinquency and sale in general improvement and divisional districts—Deed to district in absence of redemption—Conveyance. If no redemption is made of land for which a reclamation district holds a certificate of purchase, the district will be entitled to receive a treasurer's deed therefor in the same manner as a private person would be entitled thereto, and may convey the title so acquired by deed executed by the president and secretary of the board.
89.30.694 Delinquency and sale in general improvement and divisional districts—Resolution to convey property acquired by district—Price. Authority to convey any property thus acquired must be conferred by resolution of the board entered on its minutes fixing the price at which such sale may be made. [1927 c 254 § 232; RRS § 7402-232. Formerly RCW 89.28.820, part.]

89.30.697 Delinquency and sale in general improvement and divisional districts—Lease of property acquired by district. In the event that the district board shall determine that the best interests of the district will be conserved by the leasing of any property acquired for delinquent assessments, it shall have authority to lease the same for a period not exceeding five years on such terms and conditions as the board may require. [1927 c 254 § 233; RRS § 7402-233. Formerly RCW 89.28.830.]

89.30.700 Delinquency and sale in general improvement and divisional districts—Disposition of proceeds of sale or lease by district. All moneys received by the reclamation district for transfers of certificates of sale, or through sale or lease of property acquired on account of sales for delinquent assessments, shall be paid to the county treasurer of the county in which the lands involved are situated and by him or her credited to the funds for which the assessments were levied in proportion to the right of each fund respectively. [2013 c 23 § 586; 1927 c 254 § 234; RRS § 7402-234. Formerly RCW 89.28.840.]

89.30.703 Delinquency and sale in general improvement and divisional districts—Reconveyance to person entitled to redemption, when. When lands have been deeded by the county treasurer to the reclamation district on account of delinquent assessments, if title shall remain vested in the district and if in the judgment of the board of directors said sale for delinquent assessments shall have resulted from unavoidable accident, inadvertency or misfortune and without intent of the owner or persons entitled to make redemption, to permit said assessments to become delinquent and the land to be sold, the board of directors may, pursuant to an order entered upon the minutes of the board, cause said land to be reconveyed to the owner or person entitled to redemption within the period of one year after deed is issued, upon the payment by said owner or person who would have been entitled to make redemption before issuance of deed, of the total amount of assessments, interest and costs, subsequent assessments and an additional penalty of twenty-five percent of the amount for which the land was sold: PROVIDED, That nothing herein contained shall be construed to prevent the district from selling or leasing property acquired at sales for delinquent assessments immediately after the deed has been delivered to the district. [1927 c 254 § 235; RRS § 7402-235. Formerly RCW 89.28.850.]

89.30.706 Delinquency and sale in general improvement and divisional districts—Certificate of sale in duplicate, contents. After receiving the amount of assessments, interest and costs, the county treasurer must make out in duplicate a certificate dated on the day of the sale stating (when known) the names of the persons assessed, a description of the land sold, the amount paid therefor, that it was sold for assessments giving the amount and year of assessment, and specifying the time when the purchaser shall be entitled to a deed. [1927 c 254 § 236; RRS § 7402-236. Formerly RCW 89.28.520.]

89.30.709 Delinquency and sale in general improvement and divisional districts—Certificate of sale—Form, filing, delivery. The certificate of sale must be signed by the treasurer making the sale and filed in his or her office. A duplicate of said certificate shall be delivered to any purchaser, other than the district. [2013 c 23 § 587; 1927 c 254 § 237; RRS § 7402-237. Formerly RCW 89.28.530.]

89.30.712 Delinquency and sale in general improvement and divisional districts—Certificate of sale may include several tracts. In case of a sale to a person or a district of more than one parcel or tract of land, the several parcels or tracts may be included in one certificate. [1927 c 254 § 238; RRS § 7402-238. Formerly RCW 89.28.540.]

89.30.715 Delinquency and sale in general improvement and divisional districts—Entry of sale in assessment book, inspection—Filing certificate. The county treasurer before delivering any copy of a certificate of sale, must file the same and enter in the assessment book opposite the description of the land sold the date of sale, the purchaser's name and the amount paid therefor, and must regularly number the descriptions on the margin of the assessment book and put a corresponding number on each certificate. Such book must be open to public inspection without fee during office hours when not in actual use. [1927 c 254 § 239; RRS § 7402-239. Formerly RCW 89.28.550.]

89.30.718 Delinquency and sale in general improvement and divisional districts—Lien of assessment vested in purchaser—When divested. On filing the certificate of sale as provided herein, the lien of the assessment vests in the purchaser and is only divested by the payment to the county treasurer making the sale of the purchase money, the costs of the certificate, and interest thereon at twelve percent per annum from the date of sale until redemption for the use of the purchaser. [1927 c 254 § 240; RRS § 7402-240. Formerly RCW 89.28.560.]

89.30.721 Delinquency and sale in general improvement and divisional districts—Redemption of property sold. A redemption of the property sold may be made by the owner or any person on behalf and in the name of the owner or by any party in interest within one year from the date of purchase by paying the amount of the purchase price, cost of certificate and interest and the amount of any assessments which any such purchaser may have paid thereon after purchase by him or her together with like interest on such amount, and if the reclamation district is the purchaser, the redemptioner shall pay in addition to the purchase price and interest, the amount of any assessments levied against said land during the period of redemption and which are at that
89.30.724 Delinquency and sale in general improvement and divisional districts—Redemption in coin to treasurer. Redemption must be made in gold or silver coin, as provided for the collection of state and county taxes, and the county treasurer must credit the amount paid to the person named in the certificate or his or her assignee and pay it on demand to such person or his or her assignee. No redemption shall be made except to the county treasurer of the county in which the land is situated. [2013 c 23 § 589; 1927 c 254 § 242; RRS § 7402-242. Formerly RCW 89.28.710.]

89.30.727 Delinquency and sale in general improvement and divisional districts—Entry of redemption in book and on certificate. Upon completion of redemption, the county treasurer to whom redemption has been made, shall enter the word "redeemed", the date of redemption and by whom redeemed on the certificate and on the margin of the assessment book where the entry of the certificate is made. [1927 c 254 § 243; RRS § 7402-243. Formerly RCW 89.28.720.]

89.30.730 Delinquency and sale in general improvement and divisional districts—Deed in absence of redemption, contents. If the property is not redeemed within one year from the date of sale, the county treasurer of the county in which the land sold is situated, must make to the purchaser or his or her assignee a deed of the property reciting in the deed substantially the matters contained in the certificate and that no person redeemed the property during the time allowed by law for its redemption. [2013 c 23 § 590; 1927 c 254 § 244; RRS § 7402-244. Formerly RCW 89.28.730.]

89.30.733 Delinquency and sale in general improvement and divisional districts—Fee for deed. Several parcels may be included in one deed. The treasurer shall receive from the purchaser for the use of the district one dollar for making such deed. When any person or district holds a duplicate certificate covering more than one tract of land, the several parcels or tracts of land mentioned in the certificate may be included in one deed. [1927 c 254 § 245; RRS § 7402-245. Formerly RCW 89.28.740.]

89.30.736 Delinquency and sale in general improvement and divisional districts—Recitals in deed—Evidentiary effect. The matter recited in the certificate of sale must be recited in the deed and such deed duly acknowledged or proved is prima facie evidence that:

1. The property was assessed as required by law.
2. The property was equalized as required by law.
3. The assessments were levied in accordance with law.
4. The assessments were not paid.
5. At a proper time and place the property was sold as prescribed by law, and by the proper officers.
6. The person who executed the deed was the proper officer. [1927 c 254 § 246; RRS § 7402-246. Formerly RCW 89.28.750.]

89.30.739 Delinquency and sale in general improvement and divisional districts—Deed conclusive, exception. Such deed duly acknowledged or proved is (except as against actual fraud) conclusive evidence of the regularity of all the proceedings from the assessment by the secretary inclusive up to the execution of the deed. [1927 c 254 § 247; RRS § 7402-247. Formerly RCW 89.28.760.]

89.30.742 Delinquency and sale in general improvement and divisional districts—Title conveyed by deed. The deed conveys to the grantee the absolute title to the lands described therein free from all encumbrances except when the land is owned by the United States or the state of Washington in which case it is prima facie evidence of the right of possession. [1927 c 254 § 248; RRS § 7402-248. Formerly RCW 89.28.770.]

89.30.745 Delinquency and sale in general improvement and divisional districts—Probative force of assessment book and delinquency list. The assessment book or delinquency list, or a copy thereof, certified by the secretary showing unpaid assessments against any person or property is prima facie evidence of the assessment of the property, the delinquency, the amount of the assessments due and unpaid and that all the forms of law in relation to the assessment and levy of such assessment have been complied with. [1927 c 254 § 249; RRS § 7402-249. Formerly RCW 89.28.570.]

89.30.748 Delinquency and sale in general improvement and divisional districts—Sale not avoided by misnomer or mistake as to ownership. When land is sold for assessments correctly imposed as the property of a particular person no misnomer of the owner or supposed owner or other mistake relating to the ownership thereof affects the sale or renders it void or voidable. [1927 c 254 § 250; RRS § 7402-250. Formerly RCW 89.28.780.]

89.30.751 Foreclosure of lien for general taxes—Payment in full or sale subject to assessments due. The holder of any certificate of delinquency for general taxes may, before commencing any action to foreclose the lien of such certificate, pay in full all general improvement or divisional district assessments due and outstanding against the whole or any portion of the property included in such certificate of delinquency, and the amount of all assessments so paid together with interest at the rate of twelve percent per annum reckoned from the date of delinquency of said assessments shall be included in the amount for which foreclosure may be had or if said certificate holder elects to foreclose such certificate without paying such assessments, the purchaser at such foreclosure sale shall acquire title to such property subject to all such district assessments. [1927 c 254 § 251; RRS § 7402-251. Formerly RCW 89.28.790.]

89.30.754 Liability of county for assessments after sale to county for general taxes. Property within a general improvement or divisional district authorized under the provisions of this chapter, acquired by a county pursuant to a foreclosure and sale for general taxes, shall, nevertheless, be liable for all assessments levied by the district subsequent to the date of the sale for delinquent general taxes to the county,
which assessments the board of county commissioners may at its option pay from the current expense fund of the county or execute and deliver to the district a deed from the county to the district in lieu of the payment of said assessments. [1927 c 254 § 252; RRS § 7402-252. Formerly RCW 89.28.800.]

89.30.757 Sale of county lands for delinquent assessments. The county treasurer shall have authority to sell lands, owned by the county, for delinquent assessments levied against the same subsequent to the acquisition of said property by the county in the same manner and with the same force and effect as though said property were owned by a private individual. [1927 c 254 § 253; RRS § 7402-253. Formerly RCW 89.28.810.]

89.30.760 Special assessments by general improvement or divisional district—Authorization by electors. Special assessments may be voted by the electors of any general improvement district or divisional district within the reclamation district for any of the purposes for which bonds of the district as herein authorized may be issued. [1927 c 254 § 254; RRS § 7402-254. Formerly RCW 89.28.010.]

89.30.763 Special assessments by general improvement or divisional district—Levy and collection. In the event that special assessments are voted by the electors of the district, levy for the same against the lands within such district shall be made on the completion and equalization of the assessment roll each year, which special assessment roll shall be prepared, equalized, the levy made and assessments collected at the same time and in the same manner and by the same officers that the assessment roll is prepared, equalized and assessments collected for the payment of bonds and the district board and other officers shall have the same powers and functions for the purposes of said voted special assessment as possessed by them in case of levy of assessments to pay bonds of the district. [1927 c 254 § 255; RRS § 7402-255. Formerly RCW 89.28.060.]

89.30.766 Special assessments by general improvement or divisional district—Proposition to be submitted to electors. When it is desired to levy special assessments for any of the purposes for which bonds of the district may be issued, the proposition to levy such special assessments shall be submitted to the electors of the general improvement district or divisional district as the case may be, at an election called for that purpose. [1927 c 254 § 256; RRS § 7402-256. Formerly RCW 89.28.020.]

89.30.769 Special assessments by general improvement or divisional district—Election, how called, conducted, etc. Such election shall be called, provided for, notice thereof given, shall be conducted, and the results thereof canvassed by the same officers in the same manner and with the same force and effect as provided herein for bond elections in such districts. [1927 c 254 § 257; RRS § 7402-257. Formerly RCW 89.28.030.]

89.30.772 Special assessments by general improvement or divisional district—Notice of election—Ballots. The notice of election must specify the amount of money proposed to be raised and the purpose for which it is intended to be used and the number of installments in which it is to be paid. The ballot at such election shall contain the words "Assessment—Yes" and "Assessment—No". [1927 c 254 § 258; RRS § 7402-258. Formerly RCW 89.28.040.]

89.30.775 Special assessments by general improvement or divisional district—Indebtedness authorized. If the majority of the votes cast at such election are "Assessment—Yes", the board may immediately or at intervals thereafter incur indebtedness to the amount of said special assessment for any of the purposes for which the proceeds of said assessment may be used. [1927 c 254 § 259; RRS § 7402-259. Formerly RCW 89.28.050.]

89.30.778 Special assessments by general improvement or divisional district—Notes—Terms. Said board in such event may provide for the payment of said indebtedness by the issue and sale of notes of the district to an amount equal to said authorized indebtedness which notes shall be payable in such equal installments, not exceeding three in number, as the board shall direct. Such notes may be in any form, including bearer notes or registered notes as provided in RCW 39.46.030. Such notes may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 262; 1927 c 254 § 260; RRS § 7402-260. Formerly RCW 89.28.070, part.]

Additional notes found at www.leg.wa.gov

89.30.781 Special assessments by general improvement or divisional district—Notes payable exclusively by assessments. Said notes shall be payable exclusively by assessments levied at the time of the regular annual levy each year thereafter until fully paid. All the lands within the general improvement district or divisional district as the case may be, shall be and remain liable to an annual assessment for the payment of said notes with interest until fully paid. [1983 c 167 § 263; 1927 c 254 § 261; RRS § 7402-261. Formerly RCW 89.28.080.]

Additional notes found at www.leg.wa.gov

89.30.784 Special assessments by general improvement or divisional district—Interest on notes. (1) Notes issued under the provisions of this chapter shall bear interest at a rate or rates authorized by the district board, payable semiannually.

(2) Notwithstanding subsection (1) of this section, such notes may be issued in accordance with chapter 39.46 RCW. [1983 c 167 § 264; 1927 c 254 § 262; RRS § 7402-262. Formerly RCW 89.28.070, part.]

Additional notes found at www.leg.wa.gov

89.30.787 Tolls for electricity and water—Collection, deposit. The district board shall have authority to fix and charge tolls for the sale or lease and/or distribution of electric power or water, as herein provided, and to collect said tolls from all persons using such service. All tolls shall be collected by such officer as the board shall designate and shall be deposited monthly with the county treasurer of the county in which the organization of the reclamation district was
89.30.790 Tolls for electricity and water—Toll collector’s bond. Any officer of the district collecting tolls as herein provided, shall be required to give a surety bond in double the probable amount of monthly collections conditioned that he or she will faithfully account to the reclamation district for all tolls collected under the provisions of this chapter. [2013 c 23 § 591; 1927 c 254 § 264; RRS § 7402-264. Formerly RCW 89.26.050.]

89.30.793 Jurisdiction of courts. At the instance of the board of directors of any reclamation district created under this chapter, the superior court of the state of Washington shall have original jurisdiction to judicially examine, approve and confirm any or all proceedings pertaining to the organization of the reclamation district or of any general improvement or divisional district therein, and any or all proceedings had or contemplated in the exercise of any of the functions or powers of any of such districts. [1927 c 254 § 265; RRS § 7402-265. Formerly RCW 89.24.710.]

89.30.796 Jurisdiction of courts—Petition for judicial determination. For the purpose of securing such judicial determination, the board of directors of the reclamation district shall file in the superior court of the county in which the lands of said district or some portion thereof are situated, a petition praying in effect that the proceedings aforesaid be examined, approved and confirmed by the court. [1927 c 254 § 266; RRS § 7402-266. Formerly RCW 89.24.710, part.]

89.30.799 Jurisdiction of courts—Contents of petition. The petition shall state the facts generally showing the proceedings which are sought to be judicially examined. [1927 c 254 § 267; RRS § 7402-267. Formerly RCW 89.24.710, part.]

89.30.802 Jurisdiction of courts—Notice of hearing of petition. The court shall fix a time for the hearing of said petition and shall order the clerk of the court to give and publish a notice of the filing of said petition. The notice shall mention the time and place fixed for the hearing of the petition and the prayer of the petition, and shall state that any person interested in said proceedings may on or before the day fixed for the hearing of said petition demur to or answer the same. [1927 c 254 § 268; RRS § 7402-268. Formerly RCW 89.24.720.]

89.30.805 Jurisdiction of courts—Notice, how given and published. The notice shall be given and published in the same manner and for the same length of time as that required herein for the notice of hearing on the petition to organize a reclamation district. [1927 c 254 § 269; RRS § 7402-269. Formerly RCW 89.24.730.]

89.30.808 Jurisdiction of courts—Demurrer or answer to petition. Any person interested in the proceedings sought to be judicially examined may demur to or answer said petition. [1927 c 254 § 270; RRS § 7402-270. Formerly RCW 89.24.750.]

89.30.811 Jurisdiction of courts—Rules which govern. The rules of pleading, practice and appeal provided by the statutes of this state which are not inconsistent with any of the provisions herein, are applicable to and shall govern the special proceedings for the judicial examination and determination of any of the district proceedings aforesaid. [1927 c 254 § 271; RRS § 7402-271. Formerly RCW 89.24.740.]

89.30.814 Jurisdiction of courts—Motion and order for new trial. A motion for a new trial must be made upon the minutes of the court. The order granting a new trial shall specify the issues to be reexamined on such new trial and the findings of the court upon the other issues shall not be affected by such order granting a new trial. [1927 c 254 § 272; RRS § 7402-272. Formerly RCW 89.24.780.]

89.30.817 Jurisdiction of courts—Action in rem—Power of court. Said action shall be one in rem against all persons claiming any right or interest in the proceedings concerned and upon the hearing of such special proceedings the court shall have full power and jurisdiction to examine and determine the legality and validity of and to approve and confirm each and all of the proceedings mentioned in the petition seeking judicial determination and all other proceedings which may affect the proceedings in question. [1927 c 254 § 273; RRS § 7402-273. Formerly RCW 89.24.760.]

89.30.820 Jurisdiction of courts—Errors disregarded—Approval in whole or part. The court in inquiring into the regularity, legality and correctness of said proceedings, must disregard any error, determination or omission which does not affect the substantial rights of the parties to said special proceedings and it may approve and confirm such proceedings in part and disapprove and declare illegal or invalid other and subsequent parts of the proceedings. [1927 c 254 § 274; RRS § 7402-274. Formerly RCW 89.24.770.]

89.30.823 Jurisdiction of courts—Conclusiveness of judgment. The judgment rendered in such action unless appealed from within the time prescribed herein and upon final judgment upon appeal, shall be conclusive as to all matters determined by the court in said action against every person including those under disability as well as those free from disability. [1927 c 254 § 275; RRS § 7402-275. Formerly RCW 89.24.800.]

89.30.826 Jurisdiction of courts—Costs. The cost of the special judicial proceedings authorized herein may be allowed and apportioned between all of the parties in the discretion of the court. [1927 c 254 § 276; RRS § 7402-276. Formerly RCW 89.24.810.]

89.30.829 Jurisdiction of courts—Time for appeal. An appeal from an order granting or refusing a new trial or from the judgment in said action must be taken by the parties aggrieved within thirty days after the entry of said order or said judgment. [1927 c 254 § 277; RRS § 7402-277. Formerly RCW 89.24.790.]
89.30.832 Liberal construction. The provisions of this chapter and all proceedings thereunder shall be liberally construed with a view to effect their objects. [1927 c 254 § 278; RRS § 7402-278.]

89.30.835 Severability—1927 c 254. If any section or provision of this chapter shall be adjudged to be invalid or unconstitutional, such adjudication shall not affect the validity of the chapter as a whole or any section, provision or part thereof not adjudged to be invalid or unconstitutional. [1927 c 254 § 279; RRS § 7402-279.]
Title 90
WATER RIGHTS—ENVIRONMENT

Chapters

90.03  Water code.
90.08  Stream patrollers.
90.14  Water rights—Registration—Waiver and relinquishment, etc.
90.16  Appropriation of water for public and industrial purposes.
90.22  Minimum water flows and levels.
90.24  Regulation of outflow of lakes.
90.28  Miscellaneous rights and duties.
90.36  Artesian wells.
90.38  Yakima river basin water rights.
90.40  Water rights of United States.
90.42  Water resource management.
90.44  Regulation of public groundwaters.
90.46  Reclaimed water use.
90.48  Water pollution control.
90.50  Water pollution control facilities—Bonds.
90.50A  Water pollution control facilities—Federal capitalization grants.
90.52  Pollution disclosure act of 1971.
90.54  Water resources act of 1971.
90.56  Oil and hazardous substance spill prevention and response.
90.58  Shoreline management act of 1971.
90.64  Dairy nutrient management.
90.66  Family farm water act.
90.71  Puget Sound water quality protection.
90.72  Shellfish protection districts.
90.74  Aquatic resources mitigation.
90.76  Underground storage tanks.
90.80  Water conservancy boards.
90.82  Watershed planning.
90.84  Wetlands mitigation banking.
90.86  Joint legislative committee on water supply during drought.
90.88  Aquatic rehabilitation zones.
90.90  Columbia river basin water supply.
90.92  Pilot local water management program.

Actionable nuisances defined—Closing of channel stream: RCW 7.48.010.
Annexation of water, sewer, and fire districts (to city or town): RCW 35.02.200, chapter 35.13A RCW.
Aquatic lands: Chapters 79.105 through 79.140 RCW.
Authority to construct viaducts, bridges, drawbridges (first-class cities): Chapter 35.85 RCW.
Board of natural resources—Powers and duties (commission on harbor lines): RCW 43.30.215.
Bridges across and obstructions in navigable waters: Chapter 88.28 RCW.
Canal commission: Chapter 47.72 RCW.

Cities and towns
auxiliary water systems for protection from fire: RCW 35.21.030.
dikes, levees, embankments, authority to construct: RCW 35.21.090.
first-class cities
specific powers enumerated: RCW 35.22.280.
utilities, collective bargaining with employees (waterworks system): RCW 35.22.350.
wharves, city may let wharves or privileges thereon: RCW 35.22.410.
jurisdiction over adjacent waters: RCW 35.21.160.

streets and alleys over first-class tidelands, control of: RCW 35.21.250.
streets over tidelands, control of: RCW 35.21.240.
swimming pools, power to acquire: RCW 35.21.020.
utility services, lien for (waterworks): RCW 35.21.290 through 35.21.300.
City in adjoining state may condemn watershed property: RCW 8.28.050.
Dams, height on tributaries of Columbia River: Chapter 77.55 RCW.
Department of natural resources, to locate line between tide and shore land in tidal rivers: RCW 79.125.010.
Deschutes Basin, project embraces: RCW 79.24.160.
Diking, drainage and sewerage improvement districts: Chapters 85.05 through 85.16 RCW.
Diking and drainage districts: Chapters 85.05 through 85.24 RCW.
Director of fish and wildlife, may modify inadequate fishways and fish guards: RCW 77.57.040, 77.57.060.
Easements over public lands, waterway rights: Chapter 79.36 RCW.
Ferries
county-owned—Ferry districts: Chapter 36.54 RCW.
privately owned (licensed by county): Chapter 36.53 RCW.
Fisheries code: Title 77 RCW.
Flood control districts: Chapter 86.09 RCW.
Food fish, shellfish
compacts: Chapter 77.75 RCW.
construction projects in state waters: Chapter 77.55 RCW.
taxes: Chapter 82.27 RCW.
unlawful acts: Chapter 77.50 RCW.
Franchises on roads and bridges (by counties): Chapter 36.55 RCW.
Furnishing impure water, penalty: RCW 70.54.020.
Game and game fish, unlawful acts: Chapter 77.50 RCW.
Geological survey (objects as to water supplies, etc.): RCW 43.92.020.
Harbor improvements: Chapter 53.20 RCW.
Harbor line commission: RCW 79.115.010.
Highway commission (bridges): Chapter 47.01 RCW.
Irrigation: Title 87 RCW.
Irrigation districts
limits of levy until water is received: RCW 87.04.090.
right to cross other property: RCW 87.03.455.
Joint canal construction (by counties): RCW 36.64.060.
Jurisdiction in special cases
additional right-of-way: RCW 37.08.250.
Lake Washington ship canal: RCW 37.08.240.
Lease or conveyance (by county) to United States for flood control, navigation and allied purposes: RCW 36.34.220 through 36.34.240.
Limitation on municipal indebtedness, exception for water supply: State Constitution Art. 8 § 6 (Amendment 27).
Local improvements (cities and towns)
filling and draining of lowlands—waterways: Chapter 35.56 RCW.
filling lowlands: Chapter 35.55 RCW.
harbor area leaseholds—assessment: RCW 35.44.150.
leases on tidelands—assessment: RCW 35.44.160.
Marine employees—Public employment relations: Chapter 47.64 RCW.
Master plan of development (including flood control): RCW 43.21A.350.
Material removed for channel or harbor improvement or flood control—Use for public purposes: RCW 79.140.110.
Merger of minor irrigation district into major irrigation district—Existing water rights not impaired: RCW 87.03.857.
Municipal utilities
acquisition of out-of-state waterworks: RCW 35.92.014 through 35.92.015.
acquisition of water rights: RCW 35.92.220.
authority to acquire and operate waterworks: RCW 35.92.010.
cannot condemn irrigation system: RCW 35.92.190.
city may extend water system outside limits: RCW 35.92.170.
may acquire property outside city: RCW 35.92.180.

Navigation and harbor improvements: Title 88 RCW.
Nuisance (deposit of unwholesome substance into any lake, creek or river): RCW 9.66.050.

Operating agencies (power commission)—Policy declaration as to water resources: Chapter 43.52 RCW.

Parks, bathing beaches, public camps: Chapter 67.20 RCW.
Penalties imposed by parks and recreation commission: RCW 79A.05.165.
Planning commissions (cities and towns)—Restrictions on buildings—Use of land: RCW 35.63.080.
Pollution of drinking water supply—Penalty: RCW 70.54.010.
Pollution of watershed of city outside state—Penalty: RCW 70.54.030.
Port districts: Title 53 RCW.
Private ditches and drains: Chapter 85.28 RCW.
Private way of necessity defined—Maintaining drain, flume or ditch: RCW 8.24.010.
Prohibited parking places (upon any bridge): RCW 46.61.570.
Public lands: Title 79 RCW.
Public nuisance (tend to obstruct, or render dangerous for passage, a lake, navigable river, bay, stream, canal or basin): RCW 9.66.010.
Public nuisances enumerated: RCW 7.48.140.
Public utilities and transportation commission: Chapter 80.01 RCW.
Public utilities—Gas, electrical and water companies: Chapter 80.28 RCW.
Public utility districts—Powers: Chapter 54.16 RCW.
Public waterways: Chapter 91.08 RCW.
Public works: Chapters 39.04 through 39.28 RCW.
Puget Sound ferry and toll bridge system: Chapter 47.60 RCW.

Railroads
bridges over navigable streams: RCW 81.36.100.
lines across or along watercourses: RCW 81.36.040.
may construct and operate canals and ditches: RCW 81.36.130.
structures across state waterways: RCW 81.36.100.

Reclamation and irrigation in United States reclamation areas: Chapter 89.12 RCW.
Reclamation districts of one million acres
general improvement and divisional districts: Chapter 89.30 RCW.
limitation on water appropriation: RCW 89.30.001, 89.30.007.
powers: Chapter 89.30 RCW.
purposes: RCW 89.30.007.
right to cross streams, highways, etc.: RCW 89.30.214.
tolls for electricity and water: RCW 89.30.787.

Regulation of watercourses (counties): RCW 36.32.280.
Relocation of inner harbor line: RCW 79.115.020.
Removal of obstructions (from watercourses, by counties): RCW 36.32.290.
Restrictions on sale of certain water rights by state: State Constitution Art. 21, § 1 (Amendment 15).
Roads and bridges (county): Chapters 36.75 through 36.87 RCW.
Sales and leases of public lands and materials—Water right as improvement: RCW 79.13.170.
Second-class cities
acquisition of property for municipal purposes (waterfront leases, etc.): RCW 35.23.452.
specific powers enumerated: RCW 35.23.440.
utilities (supply city with water): RCW 35.23.515 through 35.23.535.
waterworks: RCW 35.23.560 through 35.23.580.

Sewerage systems (cities and towns)—Waterworks: RCW 35.67.331 through 35.67.340.

Shellfish: Chapter 77.60 RCW.
Small boat facilities for Puget Sound authorized: RCW 79A.05.185.

Soil conservation (conservation of water): Chapter 89.08 RCW.
Soil conservation—Water rights preserved: RCW 89.08.390.

Speed in traversing bridge, tunnels, etc.: RCW 46.61.450.
State board of health—Powers and duties (investigation of water supply): RCW 43.20.050.

Street grades—Sanitary fills (cities and towns): Chapter 35.73 RCW.

Streets—Drawbridges (cities and towns): Chapter 35.74 RCW.

Tidelands, shorelands, and harbor areas: Chapters 79.115, 79.125 RCW.

Towns, specific powers enumerated: RCW 35.27.370.

Transfer of territory where city’s harbor lies in two counties: Chapter 36.08 RCW.

Trees may be removed from river banks (by counties): RCW 36.32.300.

Unclassified cities, additional indebtedness for municipal utilities (water supply): RCW 35.30.060.
Use of waters for irrigation, mining, manufacturing, deemed public use: State Constitution Art. 21, § 15.

Washington utilities and transportation commission: Chapter 80.01 RCW.
Water pollution—Protection from (cities and towns): Chapter 35.88 RCW.
redemption bonds (cities and towns): Chapter 35.89 RCW.

Water-sewer districts
generally: Title 57 RCW.
powers: Chapter 57.08 RCW.

Watacraft adrift: Chapter 79A.60 RCW.
Wharves and landings: Chapter 88.24 RCW.
90.03.247 Minimum flows and levels—Departmental authority exclusive—Other recommendations considered.
90.03.250 Appropriation procedure—Application for permit—Temporary permit.
90.03.252 Use of reclaimed water by wastewater treatment facility—Permit requirements inapplicable.
90.03.255 Applications for water right, transfer, or change—Consideration of water impoundment or other resource management technique.
90.03.260 Appropriation procedure—Application—Contents.
90.03.265 Appropriation procedure—Cost-reimbursement agreement for expedited review of application—Adoption of rules.
90.03.270 Appropriation procedure—Record of application.
90.03.280 Appropriation procedure—Notice.
90.03.290 Appropriation procedure—Department to investigate—Preliminary permit—Findings and action on application.
90.03.300 Appropriation procedure—Diversion of water for out-of-state use—Reciprocity.
90.03.310 Appropriation procedure—Assignability of permit or application.
90.03.320 Appropriation procedure—Construction work.
90.03.330 Appropriation procedure—Water right certificate.
90.03.340 Appropriation procedure—Effective date of water right.
90.03.345 Establishment of reservations of water for certain purposes and minimum flows or levels as constituting appropriations with priority dates.
90.03.350 Construction or modification of storage dam—Plans and specifications—Additional dam safety inspection requirements for metals mining and milling operations.
90.03.360 Controlling works and measuring devices—Metering of diversions—Impact on fish stock.
90.03.370 Reservoir permits—Secondary permits—Expedited processing—Underground artificial storage and recovery project standards and rules—Exemptions—Report to the legislature.
90.03.380 Right to water attaches to land—Transfer or change in point of diversion—Transfer of rights from one district to another—Priority of water rights applications—Exemption for small irrigation impoundments—Electronic notice of an application for an interbasin water rights transfer.
90.03.383 Interties—Findings—Definitions—Review and approval.
90.03.386 Coordination of approval procedures for compliance and consistency with approved water system plan.
90.03.390 Temporary changes—Emergency interties—Rotation in use.
90.03.395 Change of point of diversion to downstream intake structure—Intent.
90.03.397 Department may approve change of the point of diversion prescribed in a permit to appropriate surface water—Requirements.
90.03.400 Crimes against water code—Unauthorized use of water.
90.03.410 Crimes against water code—Interference with works—Wrongful use of water—Property destruction—Penalty.
90.03.420 Crimes against water code—Obstruction of right-of-way.
90.03.430 Partnership ditches—Action for reimbursement for work done.
90.03.440 Partnership ditches—Procedure for division of water between joint owners.
90.03.450 Partnership ditches—Lien for labor performed.
90.03.460 Inchoate rights not affected.
90.03.470 Schedule of fees.
90.03.471 Disposition of fees.
90.03.500 Storm water control facilities—Imposition of rates and charges—Legislative findings.
90.03.510 Storm water control facilities—Imposition of rates and charges—Credit for other improvements.
90.03.520 Storm water control facilities—Imposition of rates and charges—Definitions.
90.03.525 Storm water control facilities—Imposition of rates and charges with respect to state highway rights-of-way.
90.03.540 Highway construction improvement projects—Joint storm water treatment facilities.
90.03.550 Municipal water supply purposes—Beneficial uses.
90.03.560 Municipal water supply purposes—Identification.
90.03.570 Change or transfer of an unperfected surface water right for municipal water supply purposes.
90.03.580 Failing public water system—Conditions.
90.03.590 Municipal water suppliers—Watershed agreement—Pilot project.
90.03.591 New watershed agreements prohibited after July 1, 2008.
90.03.600 Civil penalties.
90.03.605 Compliance—Sequence of enforcement measures—Location of compliance personnel.
90.03.615 Calculating annual consumptive quantity.
90.03.620 Water rights adjudication—Disqualification of judge.
90.03.625 Water rights adjudication—Motion for default.

90.03.005 State water policy—Cooperation with other agencies—Reduction of wasteful practices. It is the policy of the state to promote the use of the public waters in a fashion which provides for obtaining maximum net benefits arising from both diversionary uses of the state's public waters and the retention of waters within streams and lakes in sufficient quantity and quality to protect instream and natural values and rights. Consistent with this policy, the state supports economically feasible and environmentally sound development of physical facilities through the concerted efforts of the state with the United States, public corporations, Indian tribes, or other public or private entities. Further, based on the tenet of water law which precludes wasteful practices in the exercise of rights to the use of waters, the department of ecology shall reduce these practices to the maximum extent practicable, taking into account sound principles of water management, the benefits and costs of improved water use efficiency, and the most effective use of public and private funds, and, when appropriate, to work to that end in concert with the agencies of the United States and other public and private entities. [1989 c 348 § 2; 1979 ex.s. c 216 § 8.]

Additional notes found at www.leg.wa.gov

90.03.010 Appropriation of water rights—Existing rights preserved. The power of the state to regulate and control the waters within the state shall be exercised as hereinafter in this chapter provided. Subject to existing rights all waters within the state belong to the public, and any right thereto, or to the use thereof, shall be hereafter acquired only by appropriation for a beneficial use and in the manner provided and not otherwise; and, as between appropriations, the first in time shall be the first in right. Nothing contained in this chapter shall be construed to lessen, enlarge, or modify the existing rights of any riparian owner, or any existing right acquired by appropriation, or otherwise. They shall, however, be subject to condemnation as provided in RCW 90.03.040, and the amount and priority thereof may be determined by the procedure set out in RCW 90.03.110 through 90.03.240. [1917 c 117 § 1; RRS § 7351. Prior: 1891 p 127 § 1. Formerly RCW 90.04.020.]
**Title 90 RCW—Water Rights—Environment**

**90.03.015 Definitions.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1. "Department" means the department of ecology.
2. "Director" means the director of ecology.
3. "Municipal water supplier" means an entity that supplies water for municipal water supply purposes.
4. "Municipal water supply purposes" means a beneficial use of water: (a) For residential purposes through fifteen or more residential service connections or for providing residential use of water for a nonresidential population that is, on average, at least twenty-five people for at least sixty days a year; (b) for governmental or governmental proprietary purposes by a city, town, public utility district, county, sewer district, or water district; or (c) indirectly for the purposes in (a) or (b) of this subsection through the delivery of treated or raw water to a public water system for such use. If water is beneficially used under a water right for the purposes listed in (a), (b), or (c) of this subsection, any other beneficial use of water under the right generally associated with the use of water within a municipality is also for "municipal water supply purposes," including, but not limited to, beneficial use for commercial, industrial, irrigation of parks and open spaces, institutional, landscaping, fire flow, water system maintenance and repair, or related purposes. If a governmental entity holds a water right that is for the purposes listed in (a), (b), or (c) of this subsection, its use of water or its delivery of water for any other beneficial use generally associated with the use of water within a municipality is also for "municipal water supply purposes," including, but not limited to, beneficial use for commercial, industrial, irrigation of parks and open spaces, institutional, landscaping, fire flow, water system maintenance and repair, or related purposes.
5. "Person" means any firm, association, water users' association, corporation, irrigation district, or municipal corporation, as well as an individual. [2003 1st sp.s. c 5 § 1; 1987 c 109 § 65.]

**Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109:** See notes following RCW 43.21B.001.

**90.03.020 Units of water measurement.** The legally recognized units of water measurement shall be as follows: For flowing water—one cubic foot of water per second of time, and to be designated "secondfoot." For absolute volume or quantity of water—forty-three thousand five hundred sixty cubic feet of water, and to be designated "acrefoot." [1917 c 117 § 2; RRS § 7352. Prior: 1890 p 729 § 1. Formerly RCW 90.04.010, part.]

**90.03.030 Right to convey water along lake or stream—Conveyance to intake structure in neighboring state.** Any person may convey any water which he or she may have a right to use along any of the natural streams or lakes of this state, but so as to raise the water thereof above ordinary highwater mark, without making just compensation to persons injured thereby; but due allowance shall be made for evaporation and seepage, the amount of such seepage to be determined by the department, upon the application of any person interested. Water conveyed under this section may be conveyed to an approved intake structure located in a neighboring state in order to accomplish an approved modification of the point of diversion in a permit to appropriate water for a beneficial use, if approval of the neighboring state is documented to the satisfaction of the department. [1999 c 232 § 3; 1987 c 109 § 68; 1917 c 117 § 3; RRS § 7353. Formerly RCW 90.28.050.]

**Purpose—Short title—Construction—Rules—Severability—Captions—1987 c 109:** See notes following RCW 43.21B.001.

**90.03.040 Eminent domain—Use of water declared public use.** The beneficial use of water is hereby declared to be a public use, and any person may exercise the right of eminent domain to acquire any property or rights now or hereafter existing when found necessary for the storage of water for, or the application of water to, any beneficial use, including the right to enlarge existing structures employed for the public purposes mentioned in this chapter and use the same in common with the former owner, and including the right and power to condemn an inferior use of water for a superior use. In condemnation proceedings the court shall determine what use will be for the greatest public benefit, and that use shall be deemed a superior one: PROVIDED, That no property right in water or the use of water shall be acquired hereunder by condemnation for irrigation purposes, which shall deprive any person of such quantity of water as may be reasonably necessary for the irrigation of his or her land then under irrigation to the full extent of the soil, by the most economical method of artificial irrigation applicable to such land according to the usual methods of artificial irrigation employed in the vicinity where such land is situated. In any case, the court shall determine what is the most economical method of irrigation. Such property or rights shall be acquired in the manner provided by law for the taking of private property for public use by private corporations. [2013 c 23 § 592; 1917 c 117 § 4; RRS § 7354. Formerly RCW 90.04.030.]

**Eminent domain by corporations: Chapter 8.20 RCW.**

**90.03.060 Water masters—Appointment, compensation.** (1) Water masters shall be appointed by the department whenever it shall find the interests of the state or of the water users to require them. The districts for or in which the water masters serve shall be designated water master districts, which shall be fixed from time to time by the department, as required, and they shall be subject to revision as to boundaries or to complete abandonment as local conditions may indicate to be expedient, the spirit of this provision being that no district shall be created or continued where the need for the same does not exist. Water masters shall be supervised by the department, shall be compensated for services from funds of the department, and shall be technically qualified to the extent of understanding the elementary principals of hydraulics and irrigation, and of being able to make water measurements in streams and in open and closed conduits of all characters, by the usual methods employed for that purpose. Counties and municipal and public corporations of the state are authorized to contribute moneys to the department to be used as compensation to water masters in carrying out their duties. All such moneys received by the department shall be used exclusively for said purpose.

(2) A water master may be appointed by the department for a watershed management area for which a plan adopted

[Title 90 RCW—page 4]
by a planning unit and by the counties with territory in the watershed management area under RCW 90.82.130 contains a requirement or request that a water master be appointed, subject to availability of state or nonstate funding. [1999 c 237 § 1; 1987 c 109 § 69; 1967 c 80 § 1; 1947 c 123 § 2; 1917 c 117 § 9; Rem. Supp. 1947 § 7359. Formerly RCW 90.08.010.]

Stream patrollers (approval, supervision of, by water masters): Chapter 90.08 RCW.

90.03.070 Water masters—Duties—Office space and equipment—Clerical assistance. It shall be the duty of the water master, acting under the direction of the department, to divide in whole or in part, the water supply of his or her district among the several water conduits and reservoirs using said supply, according to the right and priority of each, respectively. He or she shall divide, regulate, and control the use of water within his or her district by such regulation of headgates, conduits, and reservoirs as shall be necessary to prevent the use of water in excess of the amount to which the owner of the right is lawfully entitled. Whenever, in the pursuance of his or her duties, the water master regulates a headgate of a water conduit or the controlling works of a reservoir, he or she shall attach to such headgate or controlling works a written notice, properly dated and signed, stating that such headgate or controlling works has been properly regulated and is wholly under his or her control and such notice shall be a legal notice to all parties. In addition to dividing the available waters and supervising the stream patroller in his or her district, he or she shall enforce such rules and regulations as the department shall from time to time prescribe.

The county or counties in which water master districts are created shall deputize the water masters appointed hereunder, and may without charge provide to each water master suitable office space, supplies, equipment, and clerical assistance as are necessary to the water master in the performance of his or her duties. [2013 c 23 § 593; 1987 c 109 § 70; 1967 c 80 § 2; 1917 c 117 § 10; RRS § 7360. Formerly RCW 90.08.020.]

Water master’s power of arrest: RCW 90.03.090.

90.03.090 Water master’s power of arrest. The water master shall have the power, within his or her district, to arrest any person in the act of violating any of the provisions of this chapter and to deliver such person promptly into the custody of the sheriff or other competent officer within the county and immediately upon such delivery the water master making the arrest shall, in writing and upon oath, make complaint before the proper district judge against the person so arrested. [1987 c 202 § 250; 1917 c 117 § 12; RRS § 7362. Formerly RCW 90.08.030.]

Intent—1987 c 202: See note following RCW 2.04.190.

90.03.100 Prosecuting attorney, legal assistant. It shall be the duty of the prosecuting attorney of any county to appear for or on behalf of the department or any water master, upon request of any such officer in any case which may arise in the performance of the official duties of any such officer within the jurisdiction of said prosecuting attorney. [1987 c 109 § 71; 1917 c 117 § 13; RRS § 7363.]

Prosecuting attorney, duties: RCW 36.27.020(3), (4).

90.03.105 Petition by planning units for general adjudication. The legislature finds that the lack of certainty regarding water rights within a water resource basin may impede management and planning for water resources. The legislature further finds that planning units conducting water resource planning under chapter 90.82 RCW may find that the certainty provided by a general adjudication of water rights under this chapter is required for water planning or water management in a water resource inventory area or in a portion of the area. Therefore, such planning units may petition the department to conduct such a general adjudication and the department shall give high priority to such a request in initiating any such general adjudications under this chapter. [1997 c 442 § 301.]

Additional notes found at www.leg.wa.gov

90.03.110 Determination of water rights—Petition—Statement and plan. (1) Upon the filing of a petition with the department by a planning unit or by one or more persons claiming the right to any waters within the state or when, after investigation, in the judgment of the department, the public interest will be served by a determination of the rights thereto, the department shall prepare a statement of the facts, together with a plan or map of the locality under investigation, and file such statement and plan or map in the superior court of the county in which said water is situated, or, in case such water flows or is situated in more than one county, in the county which the department shall determine to be the most convenient to the parties interested therein. Such a statement shall:

(a) Either (i) identify each person or entity owning real property situated within the area to be adjudicated but outside the boundaries of a city, town, or special purpose district that provides water to property within its service area; (ii) identify all known persons claiming a right to the water sought to be determined; or (iii) identify both; and

(b) Include a brief statement of the facts in relation to such water, and the necessity for a determination of the rights thereto.

(2) Prior to filing an adjudication under this chapter, the department shall:

(a) Consult with the administrative office of the courts to determine whether sufficient judicial resources are available to commence and to prosecute the adjudication in a timely manner; and

(b) Report to the appropriate committees of the legislature on the estimated budget needs for the court and the department to conduct the adjudication. [2009 c 332 § 1; 1987 c 109 § 72; 1917 c 117 § 14; RRS § 7364. Formerly RCW 90.12.010.]

Application—2009 c 332: “Except for section 14 of this act, this act applies only to adjudications initiated after July 26, 2009.” [2009 c 332 § 21.]
90.03.120 Determination of water rights—Order—Summons—Necessary parties—Use of innovative practices and technologies encouraged. (1) Upon the filing of the statement and map as provided in RCW 90.03.110 the judge of such superior court shall make an order directing summons to be issued, and fixing the return day thereof, which shall be not less than one hundred nor more than one hundred thirty days, after the making of such order: PROVIDED, That for good cause, the court, at the request of the department, may modify said time period.

(2) A summons issued under this section shall be issued out of said superior court, signed and attested by the clerk thereof, in the name of the state of Washington, as plaintiff, against all known persons identified by the department under RCW 90.03.110. The summons shall contain a brief statement of the objects and purpose of the proceedings and shall require the defendants to appear on the return day thereof, and make and file an adjudication claim to, or interest in, the water involved and a statement that unless they appear at the time and place fixed and assert such right, judgment will be entered determining their rights according to the evidence: PROVIDED, HOWEVER, That any persons claiming the right to water by virtue of a contract with a claimant to the right to divert the same, shall not be necessary parties to the proceeding.

(3) To the extent consistent with court rules and subject to the availability of funds provided either by direct appropriation or funded through the administrative office of the courts for this specific adjudicative proceeding, the court is encouraged to conduct the water rights adjudication employing innovative practices and technologies appropriate to large scale and complex cases, such as: (a) Electronic filing of documents, including notice and claims; (b) appearance via teleconferencing; (c) prefiling of testimony; and (d) other practices and technologies consistent with court rules and emerging technologies. [2009 c 332 § 2; 1987 c 109 § 73; 1977 ex.s. c 357 § 1; 1917 c 117 § 15; RRS § 7365. Formerly RCW 90.12.020.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.140 Determination of water rights—Adjudication claim by defendant. (1) On or before the date specified in the summons, each defendant shall file with the clerk of the superior court an adjudication claim on a form and in a manner provided by the department, and mail or electronically mail a copy to the department. The department shall provide information that will assist claimants of small uses of water in completing their adjudication claims. The adjudication claim must contain substantially the following, except that when the legal basis for the claimed right is a federally reserved right, the information must be filed only as applicable:

(a) The name, mailing address, and telephone contact number of each defendant on the claim, and e-mail address, if available;

(b) The purpose or purposes of use of the water and the annual and instantaneous quantities of water put to beneficial use;

(c) For each use, the date the first steps were taken under the law to put the water to beneficial use;

(d) The date of beginning and completion of the construction of wells, ditches, or other works to put the water to use;

(e) The maximum amount of land ever under irrigation and the maximum annual and instantaneous quantities of water ever used thereon prior to the date of the statement and if for power, or other purposes, the maximum annual and instantaneous quantities of water ever used prior to the date of the adjudication claim;

(f) The dates between which water is used annually;

(g) If located outside the boundaries of a city, town, or special purpose district that provides water to property within its service area, the legal description and county tax parcel

Application—2009 c 332: See note following RCW 90.03.110.

90.03.130 Determination of water rights—Service of summons. Service of said summons shall be made in the same manner and with the same force and effect as service of summons in civil actions commenced in the superior courts of the state: PROVIDED, That as an alternative to personal service, service may be made by certified mail, with return receipt signed and dated by defendant, a spouse of a defendant, or another person authorized to accept service. If the defendants, or either of them, cannot be found within the state of Washington, of which the return of the sheriff of the county in which the proceeding is pending or the failure to sign a receipt for certified mail shall be prima facie evidence, upon the filing of an affidavit by the department, or its attorney, in conformity with the statute relative to the service of summons by publication in civil actions, such service may be made by publication in a newspaper of general circulation in the county in which such proceeding is pending, and also publication of said summons in a newspaper of general circulation in each county in which any portion of the water is situated, once a week for six consecutive weeks (six publications). The summons by publication shall state that adjudication claims must be filed within sixty days after the last publication or before the return date, whichever is later. In cases where personal service or service by certified mail is had, summons must be served at least sixty days before the return day thereof. For summons by certified mail, completion of service occurs upon the date of receipt by the defendant.

Personal service of summons may be made by department of ecology employees for actions pertaining to water rights. [2009 c 332 § 6; 1987 c 109 § 74; 1979 ex.s. c 216 § 2; 1977 ex.s. c 357 § 2; 1929 c 122 § 1; 1917 c 117 § 16; RRS § 7366. Formerly RCW 90.12.030.]

Commencement of actions (service of summons): Chapter 4.28 RCW.

Manner of publication and form of summons: RCW 4.28.110.

Service of summons by publication—When authorized: RCW 4.28.100.

Additional notes found at www.leg.wa.gov
number of the land upon which the water as presently claimed has been, or may be, put to beneficial use;

(h) The legal description and county tax parcel number of the subdivision of land on which the point of diversion or withdrawal is located as well as land survey and geographic positioning coordinates of the same if available;

(i) Whether a right to surface or groundwater, or both, is claimed and the source of the surface water and the location and depth of all wells;

(j) The legal basis for the claimed right;

(k) Whether a statement of claim relating to the water right was filed under chapter 90.14 RCW or whether a declaration relating to the water right was filed under chapter 90.44 RCW and, if so, the claim or declaration number, and whether the right is documented by a permit or certificate and, if so, the permit number or certificate number. When the source is a well, the well log number must be provided, when available;

(l) The amount of land and the annual and instantaneous quantities of water used thereon, or used for power or other purposes, that the defendant claims as a present right.

(2) The adjudication claim shall be verified on oath by the defendant. The department shall furnish the form for the adjudication claim. A claimant may file an adjudication claim electronically if authorized under state and local court rules. The department may assist claimants in their effort by making the department's pertinent records and information accessible electronically or by other means and through conferring with claimants. [2009 c 332 § 7; 1987 c 109 § 75; 1929 c 122 § 2; 1917 c 117 § 17; RRS § 7367. Formerly RCW 90.12.040.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.150 Determination of water rights—Guardian ad litem for defendant. Whenever any defendant in any proceeding instituted under this chapter is an infant, or an alleged incompetent or disabled person for whom the court has not yet appointed either a guardian or a limited guardian, the court shall appoint a guardian ad litem for such minor or alleged incompetent or disabled defendant. [1977 ex.s. c 80 § 75; 1917 c 117 § 18; RRS § 7368. Formerly RCW 90.12.050.]

Purpose—Intent—Severability—1977 ex.s. c 80: See notes following RCW 4.16.190.

Guardian ad litem
for infant: RCW 4.08.050.
for incapacitated person: RCW 4.08.060.

90.03.160 Determination of water rights—Response to motions under RCW 90.03.640(3)—Notice of intent to cross-examine—Appointment of a referee—Special rules. (1) Upon filing of the department's motion or motions under RCW 90.03.640(3), any party with a claim filed under RCW 90.03.140 for the appropriation of water or waters of the subject adjudication may file and serve a response to the department's motion or motions within the time set by the court for such a response. Objections must include specific information in regard to the particular disposition against which the objection is being made. Objections must also state the underlying basis of the objection being made, including general information about the forms of evidence that support the objection. Any party may file testimony with the court and serve it on other parties. If a party intends to cross-examine a claimant or witness based on another party's prefiled testimony, the party intending to cross-examine shall file a notice of intent to cross-examine no later than fifteen days in advance of the hearing. If no notice of intent to cross-examine based on the prefiled testimony is given, then the claimant or witness is not required to appear at the hearing. Any party may present evidence in support of or in response to an objection.

(2) The superior court may appoint a referee or other judicial officer to assist the court.

(3) The superior court may adopt special rules of procedure for an adjudication of water rights under this chapter, including simplified procedures for claimants of small uses of water. The rules of procedure for a superior court apply to an adjudication of water rights under this chapter unless superseded by special rules of the court under this subsection. The superior court is encouraged to consider entering, after notice and hearing and as the court determines appropriate, pretrial orders from an adjudication commenced on October 12, 1977. [2009 c 332 § 10; 1989 c 80 § 1; 1987 c 109 § 76; 1917 c 117 § 19; RRS § 7369. Formerly RCW 90.12.060.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.180 Determination of water rights—Filing fee. At the time of filing the adjudication claim as provided in RCW 90.03.140, each defendant, except the United States or an Indian tribe under 43 U.S.C. Sec. 666, shall pay to the clerk of the superior court a fee as set under RCW 36.18.016. [2009 c 332 § 12; 1995 c 292 § 21; 1982 c 15 § 2; 1979 ex.s. c 216 § 3; 1929 c 122 § 3; 1919 c 71 § 2; 1917 c 117 § 21; RRS § 7371. Formerly RCW 90.12.080, part.]

Application—2009 c 332: See note following RCW 90.03.110.

Additional notes found at www.leg.wa.gov

90.03.200 Determination of water rights—Final decree and notice of decree—Payment of fees—Appellate review of decree. Upon the court's determination of all issues, the court shall issue a final decree and provide notice of the decree to all parties. The final decree must order each party whose rights have been confirmed, except the United States or an Indian tribe under 43 U.S.C. Sec. 666, to pay the department the fees required by RCW 90.03.470(10) and any other applicable fee schedule within ninety days after the department sends notice to the party under RCW 90.03.240. Appellate review of the decree shall be in the same manner as in other cases in equity, except that review must be sought within sixty days from the entry thereof. [2009 c 332 § 13; 1988 c 202 § 91; 1987 c 109 § 79; 1971 c 81 § 176; 1917 c 117 § 23; RRS § 7373. Formerly RCW 90.12.100.]

Application—2009 c 332: See note following RCW 90.03.110.

Additional notes found at www.leg.wa.gov

(2014 Ed.)
90.03.210 Determination of water rights—Interim regulation of water—Appeals. (1) During the pendency of such adjudication proceedings prior to judgment or upon review by an appellate court, the stream or other water involved shall be regulated or partially regulated according to the schedule of rights specified in the department's report upon an order of the court authorizing such regulation: PROVIDED, Any interested party may file a bond and obtain an order staying the regulation of said stream as to him or her, in which case the court shall make such order regarding the regulation of the stream or other water as he or she may deem just. The bond shall be filed within five days following the service of notice of appeal in an amount to be fixed by the court and with sureties satisfactory to the court, conditioned to perform the judgment of the court.

(2) Any appeal of a decision of the department on an application to change or transfer a water right subject to an adjudication that is being litigated actively shall be conducted as follows:

(a) The appeal shall be filed with the court conducting the adjudication and served under RCW 34.05.542(3). The content of the notice of appeal shall conform to RCW 34.05.546. Standing to appeal shall be based on the requirements of RCW 34.05.530 and is not limited to parties to the adjudication.

(b) If the appeal includes a challenge to the portion of the department's decision that pertains to tentative determinations of the validity and extent of the water right, review of those tentative determinations shall be conducted by the court consistent with the provisions of RCW 34.05.510 through 34.05.598, except that the review shall be de novo.

(c) If the appeal includes a challenge to any portion of the department's decision other than the tentative determinations of the validity and extent of the right, the court must certify to the pollution control hearings board for review and decision those portions of the department's decision. Review by the pollution control hearings board shall be conducted consistent with chapter 43.21B RCW and the board's implementing regulations, except that the requirements for filing, service, and content of the notice of appeal shall be governed by (a) of this subsection. Any party to an appeal may move the court to certify portions of the appeal to the pollution control hearings board, but the appellant must file a motion for certification no later than ninety days after the appeal is filed under this section.

(d) Appeals shall be scheduled to afford all parties full opportunity to participate before the superior court and the pollution control hearings board.

(e) Any person wishing to appeal the decision of the board made under (c) of this subsection shall seek review of the decision in accordance with chapter 34.05 RCW, except that the petition for review must be filed with the superior court conducting the adjudication.

(3) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, or the rights of any federal agency or other person or entity arising under federal law. Nothing in this section is intended or shall be construed as affecting or modifying any existing right of a federally recognized Indian tribe to protect from impairment its federally reserved water rights in federal court. [2013 c 23 § 594; 2009 c 332 § 14; 2001 c 220 § 5; 1988 c 202 § 92; 1987 c 109 § 80; 1921 c 103 § 1; RRS § 7374. Formerly RCW 90.12.110.]

Intent—Construction—Effective date—2001 c 220: See notes following RCW 43.21B.110.

Additional notes found at www.leg.wa.gov

90.03.220 Determination of water rights—Failure to appear—Estoppel. Whenever proceedings shall be instituted for the determination of the rights to the use of water, any defendant who shall fail to appear in such proceedings, after legal service, and submit proof of his or her claim, shall be estopped from subsequently asserting any right to the use of such water embraced in such proceeding, except as determined by such decree. [2013 c 23 § 595; 1917 c 117 § 24; RRS § 7375. Formerly RCW 90.12.120.]

90.03.230 Determination of water rights—Copy of decree to director. The clerk of the superior court, immediately upon the entry of any decree by the superior court, shall transmit a certified copy thereof to the director, who shall immediately enter the same upon the records of the department. [1987 c 109 § 81; 1917 c 117 § 25; RRS § 7376. Formerly RCW 90.12.130.]

90.03.240 Determination of water rights—Certificate of adjudicated water right—Notice—Fees. Upon the court's final determination of the rights to water, the department shall issue to each person entitled to a water right by such a determination, a certificate of adjudicated water right, setting forth the name and mailing address of record with the court of such person; the priority and purpose of the right; the period during which said right may be exercised, the point of diversion or withdrawal, and the place of use; the land to which said water right is appurtenant; the maximum annual and instantaneous quantities of water allowed; and specific provisions or limitations or both under which the water right has been confirmed.

The department shall provide notice to the water right holder that the certificate has been prepared for issuance and that fees for the issuance of the certificate are due in accordance with RCW 90.03.470 and any other applicable fee schedule. If the water right holder fails to submit the required fees within one year from the date the notice was issued by the department, the department may move the court for sanctions of violation of the court's order in the final decree requiring payment. [2009 c 332 § 15; 1987 c 109 § 82; 1917 c 117 § 26; RRS § 7377. Formerly RCW 90.12.140.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.243 Determination of water rights—State to bear its expenses, when—County must be provided extraordinary costs imposed due to adjudication. The expenses incurred by the state in a proceeding to determine rights to water initiated under RCW 90.03.110 or 90.44.220 or upon appeal of such a determination shall be borne by the
state. Subject to the availability of state funding provided either by direct appropriation or funded through the administrative office of the courts for this specific purpose, the county in which an adjudication or a suit to administer an adjudication is being held must be provided the extraordinary costs imposed on the superior court of that county due to the adjudication. [2009 c 332 § 16; 1982 c 15 § 1.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.245 Determination of water rights—Scope. Rights subject to determination proceedings conducted under RCW 90.03.110 through 90.03.240 and 90.44.220 include all rights to the use of water, including all diversionary and instream water rights, and include rights to the use of water claimed by the United States.

Nothing in this section may be construed as establishing or creating any new rights to the use of water. This section relates exclusively to the confirmation of water rights established or created under other provisions of state law or under federal laws. [1979 ex.s. c 216 § 1.]

Additional notes found at www.leg.wa.gov

90.03.247 Minimum flows and levels—Departmental authority exclusive—Other recommendations considered. Whenever an application for a permit to make beneficial use of public waters is approved relating to a stream or other water body for which minimum flows or levels have been adopted and are in effect at the time of approval, the permit shall be conditioned to protect the levels or flows. No agency may establish minimum flows and levels or similar water flow or level restrictions for any stream or lake of the state other than the department of ecology whose authority to establish is exclusive, as provided in chapter 90.03 RCW and RCW 90.22.010 and 90.54.040. The provisions of other statutes, including but not limited to *RCW 77.55.100 and chapter 43.21C RCW, may not be interpreted in a manner that is inconsistent with this section. In establishing such minimum flows, levels, or similar restrictions, the department shall, during all stages of development by the department of ecology of minimum flow proposals, consult with, and carefully consider the recommendations of, the department of fish and wildlife, the **department of community, trade, and economic development, the department of agriculture, and representatives of the affected Indian tribes. Nothing herein shall preclude the department of fish and wildlife, the **department of community, trade, and economic development, or the department of agriculture from presenting its views on minimum flow needs at any public hearing or to any person or agency, and the department of fish and wildlife, the **department of community, trade, and economic development, and the department of agriculture are each empowered to participate in proceedings of the federal energy regulatory commission and other agencies to present its views on minimum flow needs. [2003 c 39 § 48; 1996 c 186 § 523; 1994 c 264 § 82. Prior: 1987 c 506 § 95; 1987 c 505 § 81; 1980 c 87 § 46; 1979 ex.s. c 166 § 1.]

Reviser's note: *(1) RCW 77.55.100 was repealed by 2005 c 146 § 1006.

**(2) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Findings—Intent—Part headings not law—Effective date—1996 c 186: See notes following RCW 43.330.904.

90.03.250 Appropriation procedure—Application for permit—Temporary permit. Any person, municipal corporation, firm, irrigation district, association, corporation or water users' association hereafter desiring to appropriate water for a beneficial use shall make an application to the department for a permit to make such appropriation, and shall not use or divert such waters until he or she has received a permit from the department as in this chapter provided. The construction of any ditch, canal or works, or performing any work in connection with said construction or appropriation, or the use of any waters, shall not be an appropriation of such water nor an act for the purpose of appropriating water unless a permit to make said appropriation has first been granted by the department: PROVIDED, That a temporary permit may be granted upon a proper showing made to the department to be valid only during the pendency of such application for a permit unless sooner revoked by the department: PROVIDED, FURTHER, That nothing in this chapter contained shall be deemed to affect RCW 90.40.010 through 90.40.080 except that the notice and certificate therein provided for in RCW 90.40.030 shall be addressed to the department, and the department shall exercise the powers and perform the duties prescribed by RCW 90.40.030. [2013 c 23 § 596; 1987 c 109 § 83; 1917 c 117 § 27; RRS § 7378. Formerly RCW 90.20.010.]

Schedule of fees: RCW 90.03.470.

90.03.252 Use of reclaimed water by wastewater treatment facility—Permit requirements inapplicable. The permit requirements of RCW 90.03.250 do not apply to the use of reclaimed water by the owner of a wastewater treatment facility under the provisions of RCW 90.46.120 and do not apply to the use of agricultural industrial process water as provided under RCW 90.46.150. [2001 c 69 § 6; 1997 c 444 § 2.]

Additional notes found at www.leg.wa.gov

90.03.255 Applications for water right, transfer, or change—Consideration of water impoundment or other resource management technique. The department shall, when evaluating an application for a water right, transfer, or change filed pursuant to RCW 90.03.250 or 90.03.380 that includes provision for any water impoundment or other resource management technique, take into consideration the benefits and costs, including environmental effects, of any water impoundment or other resource management technique that is included as a component of the application. The department's consideration shall extend to any increased water supply that results from the impoundment or other resource management technique, including but not limited to any recharge of groundwater that may occur, as a means of making water available or otherwise offsetting the impact of the diversion of surface water proposed in the application for the water right, transfer, or change. Provision for an impoundment or other resource management technique in an application shall be made solely at the discretion of the appli-
90.03.260 Appropriation procedure—Application—Contents. (1) Each application for permit to appropriate water shall set forth the name and post office address of the applicant, the source of water supply, the nature and amount of the proposed use, the time during which water will be required each year, the location and description of the proposed ditch, canal, or other work, the time within which the completion of the construction and the time for the complete application of the water to the proposed use.

(2) If for agricultural purposes, the application shall give the legal subdivision of the land and the acreage to be irrigated, as near as may be, and the amount of water expressed in acre feet to be supplied per season. If for power purposes, it shall give the nature of the works by means of which the power is to be developed, the head and amount of water to be utilized, and the uses to which the power is to be applied.

(3) If for construction of a reservoir, the application shall give the height of the dam, the capacity of the reservoir, and the uses to be made of the impounded waters.

(4) If for community or multiple domestic water supply, the application shall give the projected number of service connections sought to be served. However, for a municipal water supplier that has an approved water system plan under chapter 43.20 RCW or an approval from the department of health to serve a specified number of service connections, the service connection figure in the application or any subsequent water right document is not an attribute limiting exercise of the water right as long as the population to be provided water under the right is consistent with the approved water system plan or specified number.

(5) If for municipal water supply, the application shall give the present population to be served, and, as near as may be estimated, the future requirement of the municipality. However, for a municipal water supplier that has an approved water system plan under chapter 43.20 RCW or an approval from the department of health to serve a specified number of service connections, the population figures in the application or any subsequent water right document are not an attribute limiting exercise of the water right as long as the population

90.03.265 Appropriation procedure—Cost-reimbursement agreement for expedited review of application—Adoption of rules. (1)(a) Any applicant for a new withdrawal or a change, transfer, or amendment of a water right pending before the department may initiate a cost-reimbursement agreement with the department to provide expedited review of the application. A cost-reimbursement agreement may be initiated under this section if the applicant agrees to pay for, or as part of a cooperative effort agrees to pay for, the cost of processing his or her application and all other applications from the same source of supply which must be acted upon before the applicant's request because they were filed prior to the date of when the applicant filed.

(b) The requirement to pay for the cost of other applications under (a) of this subsection does not apply to an application for a new appropriation that would not diminish the water available to earlier pending applicants for new appropriations from the same source of supply.

(c) The requirement to pay for the cost of processing other applications under (a) of this subsection does not apply to an application for a change, transfer, or other amendment that would not diminish the water available to earlier pending applicants for changes or transfers from the same source of supply.

(d) In determining whether an application would not diminish the water available to earlier pending applicants, the department shall consider any water impoundment or other water resource management mitigation technique proposed by the applicant under RCW 90.03.255 or 90.44.055.

(e) The department may enter into cost-reimbursement agreements provided resources are available and shall use the process established under RCW 43.21A.690 for entering into cost-reimbursement agreements. The department's share of the work related to a cost-reimbursement application, such as final certificate approval, must be prioritized within the framework of other water right processing needs and as determined by agency rule.

(f) Each individual applicant is responsible for his or her own appeal costs that may result from a water right decision made by the department under this section. In the event that the department's approval of an application under this section is appealed under chapter 43.21B RCW by a third party, the applicant for the water right in question must reimburse the department for the cost of defending the decision before the
pollution control hearings board unless otherwise agreed to by the applicant and the department. If an applicant appeals either an approval or a denial made by the department under this section, the applicant is responsible only for its own appeal costs.

(2) In pursuing a cost-reimbursement project, the department must determine the source of water proposed to be diverted or withdrawn from, including the boundaries of the area that delimits the source. The department must determine if any other water right permit applications are pending from the same source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department finds they are hydraulically connected. The department shall consider technical information submitted by the applicant in making its determinations under this subsection. The department may recover from a cost-reimbursement applicant its own costs in making the same source determination under this subsection.

(3) Upon request of the applicant seeking cost-reimbursement processing, the department may elect to initiate a coordinated cost-reimbursement process. To initiate this process, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that cost-reimbursement processing of applications within the described water source is being initiated;
(b) Provide to individual applicants the criteria under which the applications will be examined and determined;
(c) Provide to individual applicants the estimated cost for having an application processed on a cost-reimbursement basis;
(d) Provide an estimate of how long the cost-reimbursement process will take before an application is approved or denied; and
(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the cost-reimbursement process.

(4) The applicant initiating the cost-reimbursement request must pay for the cost of the determination under subsections (2) and (3) of this section and other costs necessary for the initial phase of cost-reimbursement processing. The cost for each applicant for conducting processing under a coordinated cost-reimbursement agreement must be based primarily on the proportionate quantity of water requested by each applicant. The cost may be adjusted if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity.

(5)(a) Only the department may approve or deny a water right application processed under this section, and such a final decision remains solely the responsibility and function of the department. The department retains full authority to amend, refuse, or approve any work product provided by any consultant under this section. The department may recover its costs related to: (i) The review of a consultant to ensure that no conflict of interest exists; (ii) the management of consultant contracts and cost-reimbursement agreements; and (iii) the review of work products provided by participating consultants.

(b) For any cost-reimbursement process initiated under subsection (1) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned such a prequalified consultant by the department.

(c) For any coordinated cost-reimbursement process initiated under subsection (3) of this section, the applicant may, after consulting with the department, select a prequalified consultant listed by the department under subsection (7) of this section or may be assigned a prequalified consultant by the department.

(d) In lieu of having one or more of the work products performed by a prequalified consultant listed under subsection (7) of this section, the department may, at its discretion, recognize specific work completed by an applicant or an applicant's consultant prior to the initiation of cost-reimbursement processing. The department may also, at its discretion, authorize the use of such a consultant to perform a specific scope of the work that would otherwise be assigned to prequalified consultants listed under subsection (7) of this section.

(e) At any point during the cost-reimbursement process, the department may request or accept technical information, data, and analysis from the applicant or the applicant's consultant to support the cost-reimbursement process or the department's decision on the application.

(6) The department is authorized to adopt rules or guidance providing minimum qualifications and standards for any consultant's submission of work products under this section, including standards for submission of technical information, scientific analysis, work product documentation, review for conflict of interest, and report presentation that such a consultant must meet.

(7) The department must provide notice to potential consultants of the opportunity to be considered for inclusion on the list of cost-reimbursement consultants to whom work assignments will be made. The department must competitively select an appropriate number of consultants who are qualified by training and experience to investigate and make recommendations on the disposition of water right applications. The prequalified consultant list must be renewed at least every six years, though the department may add qualifications. The prequalified consultant list must be renewed at least every six years, though the department may add qualified cost-reimbursement consultants to the list at any time. The department must enter a master contract with each consultant selected and thereafter make work assignments based on availability and qualifications.

(8) The department may remove any consultant from the consultant list for poor performance, malfeasance, or excessive complaints from cost-reimbursement participants. The department may interview any cost-reimbursement consultant to determine whether the person is qualified for this work, and must spot-check the work of consultants to ensure that the public is being competently served.

(9) When a prequalified cost-reimbursement consultant from the department's list described in subsection (7) of this
section is assigned or selected to investigate an application or set of applications, the consultant must document its findings and recommended disposition in the form of written draft technical reports and preliminary draft reports of examination. Within two weeks of the department receiving draft technical reports and preliminary draft reports of examination, the department shall provide the applicant such documents for review and comment prior to their completion by the consultant. The department shall consider such comments by the applicant prior to the department's issuance of a draft report of examination. The department may modify the preliminary draft reports of examination submitted by the consultant. The department's decision on a permit application is final unless it is appealed to the pollution control hearings board under chapter 43.21B RCW.

(10) If an applicant elects not to participate in a cost-reimbursement process, the application remains on file with the department, retains its priority date, and may be processed under regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing authorized under chapter 90.80 RCW. [2010 c 285 § 3; 2003 c 70 § 6; 2000 c 251 § 7.]

Intent—2010 c 285: "Water is an essential element for economic prosperity and it generates new, family-wage jobs and state revenues. It is the intent of the legislature to provide both water right applicants and the department of ecology with the necessary tools to expedite the processing of water right applications depending on the needs of the project and agency workload." [2010 c 285 § 1.]

Intent—Captions not law—Effective date—2000 c 251: See notes following RCW 43.21A.690.

90.03.270 Appropriation procedure—Record of application. Upon receipt of an application it shall be the duty of the department to make an endorsement thereon of the date of its receipt, and to keep a record of same. If upon examination, the application is found to be defective, it shall be returned to the applicant for correction or completion, and the date and the reasons for the return thereof shall be endorsed thereon and made a record in his or her office. No application shall lose its priority of filing on account of such defects, provided acceptable maps, drawings, and such data as is required by the department shall be filed with the department within such reasonable time as it shall require. [2013 c 23 § 597; 1987 c 109 § 85; 1917 c 117 § 29; RRS § 7380. Formerly RCW 90.20.030.]

90.03.290 Appropriation procedure—Department to investigate—Preliminary permit—Findings and action on application. (1) When an application complying with the provisions of this chapter and with the rules of the department has been filed, the same shall be placed on record with the department, and it shall be its duty to investigate the application, and determine what water, if any, is available for appropriation, and find and determine to what beneficial use or uses it can be applied. If it is proposed to appropriate water for irrigation purposes, the department shall investigate, determine and find what lands are capable of irrigation by means of water found available for appropriation. If it is proposed to appropriate water for the purpose of power development, the department shall investigate, determine and find whether the proposed development is likely to prove detrimental to the public interest, having in mind the highest feasible use of the waters belonging to the public.

(2)(a) If the application does not contain, and the applicant does not promptly furnish sufficient information on which to base such findings, the department may issue a preliminary permit, for a period of not to exceed three years, requiring the applicant to make such surveys, investigations, studies, and progress reports, as in the opinion of the department may be necessary. If the applicant fails to comply with the conditions of the preliminary permit, it and the application or applications on which it is based shall be automatically canceled and the applicant so notified. If the holder of a preliminary permit shall, before its expiration, file with the department a verified report of expenditures made and work done under the preliminary permit, which, in the opinion of the department, establishes the good faith, intent, and ability of the applicant to carry on the proposed development, the preliminary permit may, with the approval of the governor, be extended, but not to exceed a maximum period of five years from the date of the issuance of the preliminary permit.

(b) For any application for which a preliminary permit was issued and for which the availability of water was directly affected by a moratorium on further diversions from the Columbia river during the years from 1990 to 1998, the preliminary permit is extended through June 30, 2002. If such an application and preliminary permit were canceled during the moratorium, the application and preliminary permit shall be reinstated until June 30, 2002, if the application and permit: (i) Are for providing regional water supplies in more than one urban growth area designated under chapter 36.70A RCW and in one or more areas near such urban growth areas, or the application and permit are modified for providing such supplies, and (ii) provide or are modified to provide such regional supplies through the use of existing intake or diversion structures. The authority to modify such a canceled application and permit to accomplish the objectives of (b)(i) and (ii) of this subsection is hereby granted.

(3) The department shall make and file as part of the record in the matter, written findings of fact concerning all things investigated, and if it shall find that there is water available for appropriation for a beneficial use, and the appropriation thereof as proposed in the application will not impair existing rights or be detrimental to the public welfare,
it shall issue a permit stating the amount of water to which the applicant shall be entitled and the beneficial use or uses to which it may be applied: PROVIDED, That where the water applied for is to be used for irrigation purposes, it shall become appurtenant only to such land as may be reclaimed thereby to the full extent of the soil for agricultural purposes. But where there is no unappropriated water in the proposed source of supply, or where the proposed use conflicts with existing rights, or threatens to prove detrimental to the public interest, having due regard to the highest feasible development of the use of the waters belonging to the public, it shall be duty of the department to reject such application and to refuse to issue the permit asked for.

(4) If the permit is refused because of conflict with existing rights and such applicant shall acquire same by purchase or condemnation under RCW 90.03.040, the department may thereupon grant such permit. Any application may be approved for a less amount of water than that applied for, if there exists substantial reason therefor, and in any event shall not be approved for more water than can be applied to beneficial use for the purposes named in the application. In determining whether or not a permit shall issue upon any application, it shall be the duty of the department to investigate all facts relevant and material to the application. After the department approves said application in whole or in part and before any permit shall be issued thereon to the applicant, such applicant shall pay the fee provided in RCW 90.03.470: PROVIDED FURTHER, That in the event a permit is issued by the department upon any application, it shall be its duty to notify the director of fish and wildlife of such issuance. [2001 c 239 § 1; 1994 c 264 § 84; 1988 c 36 § 66; 1987 c 109 § 86; 1947 c 133 § 1; 1939 c 127 § 2; 1929 c 122 § 4; 1917 c 117 § 31; Rem. Supp. 1947 § 7382. Formerly RCW 90.20.050 and 90.20.060.]

**Appropriation procedure—Assignability of permit or application.** Any permit to appropriate water may be assigned subject to the conditions of the permit, but no such assignment shall be binding or valid unless filed for record with the department. Any application for permits to appropriate water prior to permit issuing, may be assigned by the applicant, but no such assignment shall be valid or binding unless the written consent of the department is first obtained therefor, and unless such assignment is filed for record with the department. [1987 c 109 § 88; 1917 c 117 § 32; RRS § 7384. Prior: 1891 c 142 § 6. Formerly RCW 90.20.080.]

**Appropriation procedure—Construction work.** Actual construction work shall be commenced on any project for which permit has been granted within such reasonable time as shall be prescribed by the department, and shall thereafter be prosecuted with diligence and completed within the time prescribed by the department. The department, in fixing the time for the commencement of the work, or for the completion thereof and the application of the water to the beneficial use prescribed in the permit, shall take into consideration the cost and magnitude of the project and the engineering and physical features to be encountered, and shall allow such time as shall be reasonable and just under the conditions then existing, having due regard for the public welfare and public interests affected. For good cause shown, the department shall extend the time or times fixed as aforesaid, and shall grant such further period or periods as may be reasonably necessary, having due regard to the good faith of the applicant and the public interests affected. Good cause includes prevention or restriction of water use by operation of federal laws for the time or times fixed for commencing work, completing work, and applying water to beneficial use otherwise authorized under a water right permit issued for a federal reclamation project. In fixing construction schedules and the time, or extension of time, for application of water to beneficial use for municipal water supply purposes, the department shall also take into consideration the term and amount of financing required to complete the project, delays that may result from planned and existing conservation and water use efficiency measures implemented by the public water system, and the supply needs of the public water system's service area, consistent with an approved comprehensive plan under chapter 36.70A RCW, or in the absence of such a plan, a county-approved comprehensive plan under chapter 36.70 RCW or a plan approved under chapter 35.63 RCW, and related water demand projections prepared by public water systems in accordance with state law. An existing comprehensive plan under chapter 36.70A or 36.70 RCW, plan under chapter 35.63 RCW, or demand projection may be used. If the terms of the permit or extension thereof, are not complied with the department shall give notice by registered mail that such permit will be canceled unless the holders thereof shall show cause within sixty days why the same should not be so canceled. If cause is not shown, the
permit shall be canceled. [1999 c 400 § 1; 1997 c 445 § 3; 1987 c 109 § 67; 1917 c 117 § 33; RRS § 7385. Formerly RCW 90.20.090.]

90.03.330 Appropriation procedure—Water right certificate. (1) Upon a showing satisfactory to the department that any appropriation has been perfected in accordance with the provisions of this chapter, it shall be the duty of the department to issue to the applicant a certificate stating such facts in a form to be prescribed by the director, and such certificate shall thereupon be recorded with the department. Any original water right certificate issued, as provided by this chapter, shall be recorded with the department and thereafter, at the expense of the party receiving the same, be transmitted by the department to the county auditor of the county or counties where the distributing system or any part thereof is located, and be recorded in the office of such county auditor, and thereafter be transmitted to the owner thereof.

(2) Except as provided for the issuance of certificates under RCW 90.03.240 and for the issuance of certificates following the approval of a change, transfer, or amendment under RCW 90.03.380 or 90.44.100, the department shall not revoke or diminish a certificate for a surface or ground water right for municipal water supply purposes as defined in RCW 90.03.015 unless the certificate was issued with ministerial errors or was obtained through misrepresentation. The department may adjust such a certificate under this subsection if ministerial errors are discovered, but only to the extent necessary to correct the ministerial errors. The department may diminish the right represented by such a certificate if the certificate was obtained through a misrepresentation on the part of the applicant or permit holder, but only to the extent of the misrepresentation. The authority provided by this subsection does not include revoking, diminishing, or adjusting a certificate to the extent of the misrepresentation. The authority provided by this subsection may diminish the right represented by such a certificate if the certificate was obtained through a misrepresentation on the part of the applicant or permit holder, but only to the extent of the misrepresentation. The authority provided by this subsection may not be construed as providing any authority to the department to revoke, diminish, or adjust any other water right.

(3) This subsection applies to the water right represented by a water right certificate issued prior to September 9, 2003, for municipal water supply purposes as defined in RCW 90.03.015 where the certificate was issued based on an administrative policy for issuing such certificates. The department shall issue a certificate stating such facts in a form to be prescribed by the director, and such certificate shall be recorded with the department and thereafter be transmitted to the owner thereof.

(4) After September 9, 2003, the department must issue a new certificate under subsection (1) of this section for a water right represented by a water right permit only for the perfected portion of a water right as demonstrated through actual beneficial use of water. [2003 1st sp. s. c 5 § 6; 1987 c 109 § 89; 1929 c 122 § 5; 1917 c 117 § 34; RRS § 7386. Formerly RCW 90.20.100.]

[Title 90 RCW—page 14]
additional inspections as needed during the construction phase of the mining operation in order to ensure the safe construction of the tailings impoundment. [1995 c 8 § 6; 1994 c 232 § 20; 1987 c 109 § 91; 1955 c 362 § 1; 1939 c 107 § 1; 1917 c 117 § 36; RRS § 7388. Formerly RCW 90.28.060.] [1954 SLC-RO-18.]

Findings—1995 c 8: See note following RCW 43.21A.064.

Height of dams on tributaries of Columbia river: RCW 77.55.191.

Additional notes found at www.leg.wa.gov

90.03.360 Controlling works and measuring devices—Metering of diversions—Impact on fish stock. (1) The owner or owners of any water diversion shall maintain, to the satisfaction of the department of ecology, substantial controlling works and a measuring device constructed and maintained to permit accurate measurement and practical regulation of the flow of water diverted. Every owner or manager of a reservoir for the storage of water shall construct and maintain, when required by the department, any measuring device necessary to ascertain the natural flow into and out of said reservoir.

Metering of diversions or measurement by other approved methods shall be required as a condition for all new surface water right permits, and except as provided in subsection (2) of this section, may be required as a condition for all previously existing surface water rights. The department may also require, as a condition for all water rights, metering of diversions, and reports regarding such metered diversions as to the amount of water being diverted. Such reports shall be in a form prescribed by the department.

(2) Where water diversions are from waters in which the salmonid stock status is depressed or critical, as determined by the department of fish and wildlife, or where the volume of water being diverted exceeds one cubic foot per second, the department shall require metering or measurement by other approved methods as a condition for all new and previously existing surface water rights. The department shall also require, as a condition for all water rights, metering of diversions, and reports regarding such metered diversions as to the amount of water being diverted. Such reports shall be in a form prescribed by the department.

This subsection (2) shall not apply to diversions for public or private hatcheries or fish rearing facilities if the diverted water is returned directly to the waters from which it was diverted. [1994 c 264 § 85; 1993 sp.s. c 4 § 12; 1989 c 348 § 6; 1987 c 109 § 92; 1917 c 117 § 37; RRS § 7389. Formerly RCW 90.28.070.]

Instream flows: RCW 90.03.370

Reservoir permits—Secondary permits—Expedited processing—Underground artificial storage and recovery project standards and rules—Exemptions—Report to the legislature. (1) All applications for reservoir permits are subject to the provisions of RCW 90.03.250 through 90.03.320. But the party or parties proposing to apply to a beneficial use the water stored in any such reservoir shall also file an application for a permit, to be known as the secondary permit, which shall be in compliance with the provisions of RCW 90.03.250 through 90.03.320. Such secondary application shall refer to such reservoir as its source of water supply and shall show documentary evidence that an agreement has been entered into with the owners of the reservoir for a permanent and sufficient interest in said reservoir to impound enough water for the purposes set forth in said application. When the beneficial use has been completed and perfected under the secondary permit, the department shall take the proof of the water users under such permit and the final certificate of appropriation shall refer to both the ditch and works described in the secondary permit and the reservoir described in the primary permit. The department may accept for processing a single application form covering both a proposed reservoir and a proposed secondary permit or permits for use of water from that reservoir.

(b) The department shall expedite processing applications for the following types of storage proposals:

(i) Development of storage facilities that will not require a new water right for diversion or withdrawal of the water to be stored;

(ii) Adding or changing one or more purposes of use of stored water;

(iii) Adding to the storage capacity of an existing storage facility; and

(iv) Applications for secondary permits to secure use from existing storage facilities.

(c) A secondary permit for the beneficial use of water shall not be required for use of water stored in a reservoir where the water right for the source of the stored water authorizes the beneficial use.

(2)(a) For the purposes of this section, "reservoir" includes, in addition to any surface reservoir, any naturally occurring underground geological formation where water is collected and stored for subsequent use as part of an underground artificial storage and recovery project. To qualify for issuance of a reservoir permit an underground geological formation must meet standards for review and mitigation of adverse impacts identified, for the following issues:

(i) Aquifer vulnerability and hydraulic continuity;

(ii) Potential impairment of existing water rights;

(iii) Geotechnical impacts and aquifer boundaries and characteristics;

(iv) Chemical compatibility of surface waters and groundwater;

(v) Recharge and recovery treatment requirements;

(vi) System operation;

(vii) Water rights and ownership of water stored for recovery; and

(viii) Environmental impacts.

(b) Standards for review and standards for mitigation of adverse impacts for an underground artificial storage and recovery project shall be established by the department by rule. Notwithstanding the provisions of RCW 90.03.250 through 90.03.320, analysis of each underground artificial storage and recovery project and each underground geologi-
(3) For the purposes of this section, "underground artificial storage and recovery project" means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a groundwater subarea is established.

(4) Nothing in chapter 98, Laws of 2000 changes the requirements of existing law governing issuance of permits to appropriate or withdraw the waters of the state.

(5) The department shall report to the legislature by December 31, 2001, on the standards for review and standards for mitigation developed under subsection (3) of this section and on the status of any applications that have been filed with the department for underground artificial storage and recovery projects by that date.

(6) Where needed to ensure that existing storage capacity is effectively and efficiently used to meet multiple purposes, the department may authorize reservoirs to be filled more than once per year or more than once per season of use.

(7) This section does not apply to facilities to recapture and reuse return flow from irrigation operations serving a single farm under an existing water right as long as the acreage irrigated is not increased beyond the acreage allowed to be irrigated under the water right.

(8) In addition to the facilities exempted under subsection (7) of this section, this section does not apply to small irrigation impoundments. For purposes of this section, "small irrigation impoundments" means lined surface storage ponds less than ten acre feet in volume used to impound irrigation water under an existing water right where use of the impoundment: (a)(i) Facilitates efficient use of water; or (ii) promotes compliance with an approved recovery plan for endangered or threatened species; and (b) does not expand the number of acres irrigated or the annual consumptive quantity of water used. Such ponds must be lined unless a licensed engineer determines that a liner is not needed to retain water in the pond and to prevent groundwater contamination. Although it may also be composed of other materials, a properly maintained liner may be composed of bentonite. Water remaining in a small irrigation impoundment at the end of an irrigation season may be carried over for use in the next season. However, the limitations of this subsection (8) apply. Development and use of a small irrigation impoundment does not constitute a change or amendment for purposes of RCW 90.03.380 or 90.44.055. [2003 c 329 § 1; 2002 c 329 § 10; 2000 c 98 § 3; 1987 c 109 § 93; 1917 c 117 § 38; RRS § 7390. Formerly RCW 90.28.080.]

90.03.380 Right to water attaches to land—Transfer or change in point of diversion—Transfer of rights from one district to another—Priority of water rights applications—Exemption for small irrigation impoundments—Electronic notice of an application for an interbasin water rights transfer. (Effective until June 30, 2019.) (1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. A change in the place of use, point of diversion, and/or purpose of use of a water right to enable irrigation of additional acreage or the addition of new uses may be permitted if such change results in no increase in the annual consumptive quantity of water used under the water right. For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water diverted pursuant to the water right, reduced by the estimated annual amount of return flows, averaged over the two years of greatest use within the most recent five-year period of continuous beneficial use of the water right. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and the application shall not be granted until notice of the application is published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water. The time period that the water right was banked under RCW 90.92.070, in an approved local water plan created under RCW 90.92.090, or the water right was subject to an agreement to not divert under RCW 90.92.050 will not be included in the most recent five-year period of continuous beneficial use for the purpose of determining the annual consumptive quantity under this section. If the water right has not been used during the previous five years but the nonuse of which qualifies for one or more of the statutory good causes or exceptions to relinquishment in RCW 90.14.140 and 90.44.520, the period of nonuse is not included in the most recent five-year period of continuous beneficial use for purposes of determining the annual consumptive quantity of water under this section.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence.
from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(5)(a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(b) Applications relating to existing surface or ground water rights may be processed and decisions on them rendered independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin. The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time. This subsection (5)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection (5) is intended to stop the processing of applications for new water rights.

(6) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant’s valid water right or claim to a state agency, the trust water rights program, or to other persons as a condition of processing the application.

(7) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(8) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring a change or transfer of any existing water right to enable the holder of the right to store water governed by the right.

(9) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090, a water right that is subject to an agreement not to divert under RCW 90.92.050, or a banked water right under RCW 90.92.070.

(10)(a) The department may only approve an application submitted after July 22, 2011, for an interbasin water rights transfer after providing notice electronically to the board of county commissioners in the county of origin upon receipt of an application.

(b) For the purposes of this subsection:

(i) "Interbasin water rights transfer" means a transfer of a water right for which the proposed point of diversion is in a different basin than the proposed place of beneficial use.

(ii) "County of origin" means the county from which a water right is transferred or proposed to be transferred.

(c) This subsection applies to counties located east of the crest of the Cascade mountains. [2011 c 112 § 2; 2009 c 183 § 15; 2003 c 329 § 2; 2001 c 237 § 5; 1997 c 442 § 801; 1996 c 320 § 19; 1991 c 347 § 15; 1987 c 109 § 94; 1929 c 122 § 6; 1917 c 117 § 39; RRS § 7391. Formerly RCW 90.28.090.]

Expiration date—2011 c 112 § 2: "Section 2 of this act expires June 30, 2019. ["2011 c 112 § 4.]

Findings—Intent—2011 c 112: "The legislature finds that because it is increasingly difficult for water users to acquire new water rights, transfers are a valuable and necessary water management tool. The legislature further finds that interbasin water rights transfers may impact the economic and social welfare of rural communities. Therefore, the legislature intends for the department of ecology to provide notice electronically of a proposed interbasin water rights transfer to the board of commissioners in the county of origin before issuing a change authorization." [2011 c 112 §1.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Reports—1991 c 347: See note following RCW 90.66.065.

Purposes—1991 c 347: See note following RCW 90.42.005.

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.03.380 Right to water attaches to land—Transfer or change in point of diversion—Transfer of rights from one district to another—Priority of water rights applications—Exemption for small irrigation impoundments—Electronic notice of an application for an interbasin water rights transfer. (Effective June 30, 2019.)

(1) The right to the use of water which has been applied to a beneficial use in the state shall be and remain appurtenant to the land or place upon which the same is used: PROVIDED, HOWEVER, That the right may be transferred to another or to others and become appurtenant to any other land or place of use without loss of priority of right theretofore established if such change can be made without detriment or injury to existing rights. The point of diversion of water for beneficial use or the purpose of use may be changed, if such change can be made without detriment or injury to existing rights. A change in the place of use, point of diversion, and/or purpose of use of a water right to enable irrigation of additional acreage or the
addition of new uses may be permitted if such change results in no increase in the annual consumptive quantity of water used under the water right. For purposes of this section, "annual consumptive quantity" means the estimated or actual annual amount of water diverted pursuant to the water right, reduced by the estimated annual amount of return flows, averaged over the two years of greatest use within the most recent five-year period of continuous beneficial use of the water right. Before any transfer of such right to use water or change of the point of diversion of water or change of purpose of use can be made, any person having an interest in the transfer or change, shall file a written application therefor with the department, and the application shall not be granted until notice of the application is published as provided in RCW 90.03.280. If it shall appear that such transfer or such change may be made without injury or detriment to existing rights, the department shall issue to the applicant a certificate in duplicate granting the right for such transfer or for such change of point of diversion or of use. The certificate so issued shall be filed and be made a record with the department and the duplicate certificate issued to the applicant may be filed with the county auditor in like manner and with the same effect as provided in the original certificate or permit to divert water.

(2) If an application for change proposes to transfer water rights from one irrigation district to another, the department shall, before publication of notice, receive concurrence from each of the irrigation districts that such transfer or change will not adversely affect the ability to deliver water to other landowners or impair the financial integrity of either of the districts.

(3) A change in place of use by an individual water user or users of water provided by an irrigation district need only receive approval for the change from the board of directors of the district if the use of water continues within the irrigation district, and when water is provided by an irrigation entity that is a member of a board of joint control created under chapter 87.80 RCW, approval need only be received from the board of joint control if the use of water continues within the area of jurisdiction of the joint board and the change can be made without detriment or injury to existing rights.

(4) This section shall not apply to trust water rights acquired by the state through the funding of water conservation projects under chapter 90.38 RCW or RCW 90.42.010 through 90.42.070.

(5)(a) Pending applications for new water rights are not entitled to protection from impairment, injury, or detriment when an application relating to an existing surface or ground water right is considered.

(b) Applications relating to existing surface or ground water rights may be processed and decisions on them rendered independently of processing and rendering decisions on pending applications for new water rights within the same source of supply without regard to the date of filing of the pending applications for new water rights.

(c) Notwithstanding any other existing authority to process applications, including but not limited to the authority to process applications under WAC 173-152-050 as it existed on January 1, 2001, an application relating to an existing surface or ground water right may be processed ahead of a previously filed application relating to an existing right when sufficient information for a decision on the previously filed application is not available and the applicant for the previously filed application is sent written notice that explains what information is not available and informs the applicant that processing of the next application will begin. The previously filed application does not lose its priority date and if the information is provided by the applicant within sixty days, the previously filed application shall be processed at that time. This subsection (5)(c) does not affect any other existing authority to process applications.

(d) Nothing in this subsection (5) is intended to stop the processing of applications for new water rights.

(6) No applicant for a change, transfer, or amendment of a water right may be required to give up any part of the applicant's valid water right or claim to a state agency, the trust water rights program, or to other persons as a condition of processing the application.

(7) In revising the provisions of this section and adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised.

(8) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring a change or transfer of any existing water right to enable the holder of the right to store water governed by the right.

(9)(a) The department may only approve an application submitted after June 30, 2019, for an interbasin water rights transfer after providing notice electronically to the board of county commissioners in the county of origin upon receipt of an application.

(b) For the purposes of this subsection:

(i) "Interbasin water rights transfer" means a transfer of a water right for which the proposed point of diversion is in a different basin than the proposed place of beneficial use.

(ii) "County of origin" means the county from which a water right is transferred or proposed to be transferred.

(c) This subsection applies to counties located east of the crest of the Cascade mountains. [2011 c 112 § 3; 2003 c 329 § 2; 2001 c 237 § 5; 1997 c 442 § 801; 1996 c 320 § 19; 1991 c 347 § 15; 1987 c 109 § 94; 1929 c 122 § 6; 1917 c 117 § 39; RRS § 7391. Formerly RCW 90.28.090.]

Effective date—2011 c 112 § 3: "Section 3 of this act takes effect June 30, 2019."

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237:

Purposes—1991 c 347:

Application to Yakima river basin trust water rights: RCW 90.38.040.

[Title 90 RCW—page 18]
the increasingly limited resource. Given the continued growth in the most populous areas of the state, the increased complexity of public water supply management, and the trend toward regional planning and regional solutions to resource issues, interconnections of public water systems through interties provide a valuable tool to ensure reliable public water supplies for the citizens of the state. Public water systems have been encouraged in the past to utilize interties to achieve public health and resource management objectives. The legislature finds that it is in the public interest to recognize interties existing and in use as of January 1, 1991, and to have associated water rights modified by the department of ecology to reflect current use of water through those interties, pursuant to subsection (3) of this section. The legislature further finds it in the public interest to develop a coordinated process to review proposals for interties commencing use after January 1, 1991.

(2) For the purposes of this section, the following definitions shall apply:

(a) "Interties" are interconnections between public water systems permitting exchange or delivery of water between those systems for other than emergency supply purposes, where such exchange or delivery is within established instantaneous and annual withdrawal rates specified in the systems' existing water right permits or certificates, or contained in claims filed pursuant to chapter 90.14 RCW, and which results in better management of public water supply consistent with existing rights and obligations. Interties include interconnections between public water systems permitting exchange or delivery of water to serve as primary or secondary sources of supply, but do not include development of new sources of supply to meet future demand.

(b) "Service area" is the area designated in a water system plan or a coordinated water system plan pursuant to chapter 43.20 or 70.116 RCW respectively. When a public water system does not have a designated service area subject to the approval process of those chapters, the service area shall be the designated place of use contained in the water right permit or certificate, or contained in the claim filed pursuant to chapter 90.14 RCW.

(3) Public water systems with interties existing and in use as of January 1, 1991, or that have received written approval from the department of health prior to that date, shall file written notice of those interties with the department of health and the department of ecology. The notice may be incorporated into the public water system's five-year update of its water system plan, but shall be filed no later than June 30, 1996. The notice shall identify the location of the intertie; the dates of its first use; the purpose, capacity, and current use; the intertie agreement of the parties and the service areas assigned; and other information reasonably necessary to modify the water right permit. Notwithstanding the provisions of RCW 90.03.380 and 90.44.100, for public water systems with interties existing and in use as of January 1, 1991, the department of ecology, upon receipt of notice meeting the requirements of this subsection, shall, as soon as practicable, modify the place of use descriptions in the water right permits, certificates, or claims to reflect the actual use through such interties, provided that the place of use is within service area designations established in a water system plan approved pursuant to chapter 43.20 RCW, or a coordinated water system plan approved pursuant to chapter 70.116 RCW, and further provided that the water used is within the instantaneous and annual withdrawal rates specified in the water right permit and that no outstanding complaints of impairment to existing water rights have been filed with the department of ecology prior to September 1, 1991. Where such complaints of impairment have been received, the department of ecology shall make all reasonable efforts to resolve them in a timely manner through agreement of the parties or through available administrative remedies.

(4) Notwithstanding the provisions of RCW 90.03.380 and 90.44.100, exchange or delivery of water through interties commencing use after January 1, 1991, shall be permitted when the intertie improves overall system reliability, enhances the manageability of the systems, provides opportunities for conjunctive use, or delays or avoids the need to develop new water sources, and otherwise meets the requirements of those sections regarding notice and protest as appropriate, except that, notwithstanding the application for change pursuant to RCW 90.03.380 or 90.44.100 as appropriate, except that, notwithstanding the provisions of this section, provided that each public water system's water use shall not exceed the instantaneous or annual withdrawal rate specified in its water right authorization, shall not adversely affect existing water rights, and shall not be inconsistent with state-approved plans such as water system plans or other plans which include specific proposals for construction of interties. Interties commencing use after January 1, 1991, shall not be inconsistent with regional water resource plans developed pursuant to chapter 90.54 RCW.

(5) For public water systems subject to the approval process of chapter 43.20 RCW or chapter 70.116 RCW, proposals for interties commencing use after January 1, 1991, shall be incorporated into water system plans pursuant to chapter 43.20 RCW or coordinated water system plans pursuant to chapter 70.116 RCW and submitted to the department of health and the department of ecology for review and approval as provided for in subsections (5) through (9) of this section. The plan shall state how the proposed intertie will improve overall system reliability, enhance the manageability of the systems, provide opportunities for conjunctive use, or delay or avoid the need to develop new water sources.

(6) The department of health shall be responsible for review and approval of proposals for new interties. In its review the department of health shall determine whether the intertie satisfies the criteria of subsection (4) of this section, with the exception of water rights considerations, which are the responsibility of the department of ecology, and shall determine whether the intertie is necessary to address emergent public health or safety concerns associated with public water supply.

(7) If the intertie is determined by the department of health to be necessary to address emergent public health or safety concerns associated with public water supply, the public water system shall amend its water system plan as required and shall file an application with the department of ecology to change its existing water right to reflect the proposed use of the water as described in the approved water system plan. The department of ecology shall process the application for change pursuant to RCW 90.03.380 or 90.44.100 as appropriate, except that, notwithstanding the requirements of those sections regarding notice and protest periods, applicants shall be required to publish notice one time, and the comment period shall be fifteen days from the date of publication of the notice. Within sixty days of receiv-
(1) Within service areas established pursuant to chapter 43.20 or 70.116 RCW, the department of ecology and the department of health shall coordinate approval procedures to ensure compliance and consistency with the approved water system plan or small water system management program.

(2) The effect of the department of health's approval of a planning or engineering document that describes a municipal water supplier's service area under chapter 43.20 RCW, or the local legislative authority's approval of service area boundaries in accordance with procedures adopted pursuant to chapter 70.116 RCW, is that the place of use of a surface water right or groundwater right used by the supplier includes any portion of the approved service area that was not previously within the place of use for the water right if the supplier is in compliance with the terms of the water system plan or small water system management program, including those regarding water conservation, and the alteration of the place of use is not inconsistent, regarding an area added to the place of use, with: Any comprehensive plans or development regulations adopted under chapter 36.70A RCW; any other applicable comprehensive plan, land use plan, or development regulation adopted by a city, town, or county; or any watershed plan approved under chapter 90.82 RCW, or a comprehensive watershed plan adopted under RCW 90.54.040(1) after September 9, 2003, if such a watershed plan has been approved for the area.

(3) A municipal water supplier must implement cost-effective water conservation in accordance with the requirements of RCW 70.119A.180 as part of its approved water system plan or small water system management program. In preparing its regular water system plan update, a municipal water supplier with one thousand or more service connections must describe: (a) The projects, technologies, and other cost-effective measures that comprise its water conservation program; (b) improvements in the efficiency of water system use resulting from implementation of its conservation program over the previous six years; and (c) projected effects of delaying the use of existing inchoate rights over the next six years through the addition of further cost-effective water conservation measures before it may divert or withdraw further amounts of its inchoate right for beneficial use. When establishing or extending a surface or ground water right construction schedule under RCW 90.03.320, the department must take into consideration the public water system's use of conserved water. [2003 1st sp.s. c 5 § 5; 1991 c 350 § 2.]

Additional notes found at www.leg.wa.gov

90.03.390 Temporary changes—Emergency interties—Rotation in use. RCW 90.03.380 shall not be construed to prevent water users from making a seasonal or temporary change of point of diversion or place of use of water when such change can be made without detriment to existing rights, but in no case shall such change be made without the permission of the water master of the district in which such proposed change is located, or of the department. Nor shall RCW 90.03.380 be construed to prevent construction of emergency interties between public water systems to permit exchange of water during short-term emergency situations, or rotation in the use of water for bringing about a more economical use of the available supply, provided however, that the department of health in consultation with the department of ecology shall adopt rules or develop written guidelines setting forth standards for determining when a short-term emergency exists and the circumstances in which emergency interties are permitted. The rules or guidelines shall be consistent with the procedures established in RCW 43.83B.400 through 43.83B.420. Water users owning lands to which water rights are attached may rotate in the use of water to which they are collectively entitled, or an individual water user having lands to which are attached water rights of a different priority, may in like manner rotate in use when such rotation can be made without detriment to other existing water rights, and has the approval of the water master or department. [1991 c 350 § 3; 1987 c 109 § 95; 1929 c 122 § 7; RRS § 7391a. Formerly RCW 90.28.100.]

allow modification of the point of diversion in a water right permit when such a modification will provide both environmental benefits and water supply benefits and nothing in RCW 90.03.397 is to be construed as allowing any other change or transfer of a right to the use of surface water which has not been applied to a beneficial use. [1999 c 232 § 1.]

90.03.397 Department may approve change of the point of diversion prescribed in a permit to appropriate surface water—Requirements. (1) The department may approve a change of the point of diversion prescribed in a permit to appropriate surface water for a beneficial use if the ownership, purpose of use, season of use, and place of use of the permit remain the same to an approved intake structure with capacity to transport the additional diversion to either: (a) A point of diversion that is located downstream; or (b) a point of diversion located between Columbia river miles 215.6 and 292, if the existing point of diversion is contained therein.

(2) This section may not be construed as limiting in any manner whatsoever other authorities of the department under RCW 90.03.380 or other changes that may be approved under RCW 90.03.380 under authorities existing before July 25, 1999. [2011 c 117 § 1; 1999 c 232 § 2.]

90.03.400 Crimes against water code—Unauthorized use of water. (1)(a) The unauthorized use of water to which another person is entitled or the willful or negligent waste of water to the detriment of another, is a misdemeanor.

(b) For instances of the waste of water under this subsection, the department may alternatively follow the sequence of enforcement actions as provided in RCW 90.03.605.

(2) The possession or use of water without legal right shall be prima facie evidence of the guilt of the person using it.

(3) It is also a misdemeanor to use, store, or divert any water until after the issuance of permit to appropriate such water. [2003 1st sp.s. c 15 § 2; 2003 c 53 § 418; 1917 c 117 § 40; RRS § 7392. Formerly RCW 90.32.010.]

Reviser’s note: The effective date of 2003 c 53 § 418 is July 1, 2004. However, 2003 c 53 § 418 was amended by 2003 1st sp.s. c 15 § 2 which has an effective date of September 9, 2003. Consequently, the effective date of this section is September 9, 2003.

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Punishment of misdemeanor when not fixed by statute: RCW 9.92.030.

90.03.410 Crimes against water code—Interference with works—Wrongful use of water—Property destruction—Penalty. (1) Any person or persons who shall willfully interfere with, or injure or destroy any dam, dike, headgate, weir, canal or reservoir, flume, or other structure or appliance for the diversion, carriage, storage, apportionment, or measurement of water for irrigation, reclamation, power, or other beneficial uses, or who shall willfully use or conduct water into or through his or her ditch, which has been lawfully denied him or her by the water master or other competent authority, or shall willfully injure or destroy any telephone, electric transmission line, or any other property owned, occupied, or controlled by any person, association, or corporation, or by the United States and used in connection with said beneficial use of water, shall be guilty of a misdemeanor or, if there is actual physical injury to or destruction of any real or personal property, of property destruction and shall incur the penalties set forth in *RCW 9.61.070.

(2) Any person or persons who shall willfully or unlawfully take or use water, or conduct the same into his or her ditch or to his or her land, or land occupied by him or her, and for such purpose shall cut, dig, break down, or open any headgate, bank, embankment, canal or reservoir, flume, or conduit, or interfere with, injure, or destroy any weir, measuring box, or other appliance for the apportionment and measurement of water, or unlawfully take or cause to run or pour out of such structure or appliance any water, shall be guilty of a misdemeanor or, if there is actual physical injury to or destruction of any real or personal property, of property destruction and shall incur the penalties set forth in *RCW 9.61.070.

(3) The use of water through such structure or structures, appliance or appliances hereinafter named after its or their having been interfered with, injured or destroyed, shall be prima facie evidence of the guilt of the person using it. [2013 c 23 § 598; 1971 ex.s. c 152 § 8; 1921 c 103 § 2; 1917 c 117 § 41; RRS § 7393. Formerly RCW 90.32.020.]

*Reviser’s note: RCW 9.61.070 was repealed by 1975 1st ex.s. c 260 § 9A.92.010, effective July 1, 1976.

90.03.420 Crimes against water code—Obstruction of right-of-way. Whenever any appropriator of water has the lawful right-of-way for the storage, diversion, or carriage of water, it shall be unlawful to place or maintain any obstruction that shall interfere with the use of the works, or prevent convenient access thereto or trespass thereon. [1917 c 117 § 42; RRS § 7394. Formerly RCW 90.32.030.]

90.03.430 Partnership ditches—Action for reimbursement for work done. In all cases where irrigating ditches are owned by two or more persons and one or more of such persons shall fail or neglect to do his, her or their proportionate share of the work necessary for the proper maintenance and operation of such ditch or ditches or to construct suitable headgates or measuring devices at the points where water is diverted from the main ditch, such owner or owners desiring the performance of such work as is reasonably necessary to maintain the ditch, may, after having given ten days' written notice to such owner or owners who have failed to perform his, her or their proportionate share of such work, necessary for the operation and maintenance of said ditch or ditches, perform his, her or their share of such work, and recover therefrom from such person or persons so failing to perform his, her or their share of such work in any court having jurisdiction of the matter the expense or value of such work or labor so performed: PROVIDED, That no improvement involving an expenditure in excess of one hundred dollars shall be made without the written approval of the department having first been obtained. [1987 c 109 § 96; 1919 c 71 § 3; RRS § 7395. Formerly RCW 90.28.110.]

90.03.440 Partnership ditches—Procedure for division of water between joint owners. When two or more
persons, joint owners in an irrigation ditch or reservoir, not incorporated, or their lessees, are unable to agree relative to the division or distribution of water received through their ditch or from their reservoir, and where there is no disagreement as to the ownership of said water, it shall be lawful for any such owner or owners, his or her or their lessee or lessees, or either of them, to apply to the department, in writing, setting forth such fact and giving such information as shall enable the department to estimate the probable expense of such service, asking the department to appoint some suitable person to take charge of such ditch or reservoir for the purpose of making a just division or distribution of the water from the same to the parties entitled to the use thereof. The department shall upon the receipt of such application notify the applicant of the probable expense of such division and upon receipt of certified check for said amount, the department shall appoint a suitable person to make such division. The person so appointed shall take exclusive charge of such ditch or reservoir for the purpose of dividing the water therefrom in accordance with the established rights of the diverters therefrom, and continue the said work until the necessity therefor shall cease to exist. The expense of such investigation and division shall be a charge upon all of the co-owners and the person advancing the payment to the department shall be entitled to recover in any court of competent jurisdiction from his or her co-owners their proportionate share of the expense. [2013 c 23 § 599; 1987 c 109 § 97; 1919 c 71 § 4; RRS § 7396. Formerly RCW 90.28.130.]

90.03.450 Partnership ditches—Lien for labor performed. Upon the failure of any co-owner to pay his or her proportionate share of such expense as mentioned in RCW 90.03.430 within thirty days after receiving a statement of the same as performed by his or her co-owner or owners, such person or persons so performing such labor may secure payment of said claim by filing an itemized and sworn statement thereof, setting forth the date of the performance and the nature of the labor so performed, with the county auditor of the county wherein said ditch is situated, and when so filed it shall constitute a valid lien against the interest of such person or persons who shall fail to perform their proportionate share of the work requisite to the proper maintenance of said ditch, which said lien when so taken may be enforced in the same manner as provided by law for the enforcement of mechanics' and builders' liens. [2013 c 23 § 600; 1919 c 71 § 5; RRS § 7397. Formerly RCW 90.28.130.]

90.03.460 Inchoate rights not affected. Nothing in this chapter contained shall operate to effect an impairment of any inchoate right to divert and use water while the application of the water in question to a beneficial use is being prosecuted with reasonable diligence, having due regard to the circumstances surrounding the enterprise, including the magnitude of the project for putting the water to a beneficial use and the market for the resulting water right for irrigation or power or other beneficial use, in the locality in question. [1917 c 117 § 43; RRS § 7398. Formerly RCW 90.28.140.]

90.03.470 Schedule of fees. The fees specified in this section shall be collected by the department in advance of the requested action.

(1) For the examination of an application for a permit to appropriate water, a minimum fee of fifty dollars must be remitted with the application. For an amount of water exceeding one-half cubic foot per second, the examination fee shall be assessed at the rate of one dollar per one hundredth cubic foot per second. In no case will the examination fee be less than fifty dollars or more than twenty-five thousand dollars. No fee is required under this subsection (1) for an application filed by a party to a cost-reimbursement agreement made under RCW 90.03.265.

(2) For the examination of an application to store water, a fee of two dollars for each acre foot of storage proposed shall be charged, but a minimum fee of fifty dollars must be remitted with the application. In no case will the examination fee for a storage project be less than fifty dollars or more than twenty-five thousand dollars. No fee is required under this subsection (2) for an application filed by a party to a cost-reimbursement agreement made under RCW 90.03.265.

(3)(a) For the examination of an application to transfer, change, or amend a water right certificate, permit, or claim as authorized by RCW 90.44.100, 90.44.105, or 90.03.380, a minimum fee of fifty dollars must be remitted with the application. For an application for change involving an amount of water exceeding one cubic foot per second, the total examination fee shall be assessed at the rate of fifty cents per one hundredth cubic foot per second. For an application for change of a storage water right, the total examination fee shall be assessed at the rate of one dollar for each acre foot of water involved in the change. The fee shall be based on the amount of water subject to change as proposed in the application, not on the total amount of water reflected in the water right certificate, permit, or claim. In no case will the examination fee charged for a change application be less than fifty dollars or more than twelve thousand five hundred dollars.

(b) The examination fee for a temporary or seasonal change under RCW 90.03.390 is fifty dollars and must be remitted with the application.

(c) No fee is required under this subsection (3) for:

(i) An application to process a change relating to donation of a trust water right to the state;
(ii) An application to process a change when the department otherwise acquires a trust water right for purposes of improving instream flows or for other public purposes;
(iii) An application filed with a water conservancy board according to chapter 90.80 RCW or for the review of a water conservancy board's record of decision submitted to the department according to chapter 90.80 RCW; or
(iv) An application filed by a party to a cost-reimbursement agreement made under RCW 90.03.265.

(d) For a change, transfer, or amendment involving a single project operating under more than one water right, including related secondary diversion rights, or involving the consolidation of multiple water rights, only one examination fee and one certificate fee are required to be paid.

(4) The fifty-dollar minimum fee payable with the application shall be a credit to the total amount whenever the examination fee totals more than fifty dollars under the schedule specified in subsections (1) through (3) of this sec-
tion and in such case the further fee due shall be the total computed amount, less the amount previously paid. Within five working days from receipt of an application, the department shall notify the applicant by registered mail of any additional fees due under subsections (1) through (3) of this section.

(5) The fees specified in subsections (1) through (3) of this section do not apply to any filings for emergency withdrawal authorizations or temporary drought-related water right changes authorized under RCW 43.83B.410 that are received by the department while a drought condition order issued under RCW 43.83B.405 is in effect.

(6) For applying for each extension of time for beginning construction work under a permit to appropriate water, for completion of construction work, or for completing application of water to a beneficial use, a fee of fifty dollars is required. These fees also apply to similar extensions of time requested under a change or transfer authorization.

(7) For the inspection of any hydraulic works to insure safety to life and property, a fee based on the actual cost of the inspection, including the expense incident thereto, is required except as follows: (a) For any hydraulic works less than ten years old, that the department examined and approved the construction plans and specifications as to its safety when required under RCW 90.03.350, there shall be no fee charged; or (b) for any hydraulic works more than ten years old, but less than twenty years old, that the department examined and approved the construction plans and specifications as to its safety when required under RCW 90.03.350, the fee charged shall not exceed the fee for a significant hazard dam.

(8) For the examination of plans and specifications as to safety of controlling works for storage of ten acre feet or more of water, a minimum fee of ten dollars, or a fee equal to the actual cost, is required.

(9) For recording an assignment either of a permit to appropriate water or of an application for such a permit, a fee of fifty dollars is required.

(10) For preparing and issuing all water right certificates, a fee of fifty dollars is required.

(11) For filing and recording a formal protest against granting any application, a fee of fifty dollars is required. No fee is required to submit a comment, by mail or otherwise, regarding an application.

(12) For filing an application to amend a water right claim filed under chapter 90.14 RCW, a fee of fifty dollars is required.

(13) An application or request for an action as provided for under this section is incomplete unless accompanied by the fee or the minimum fee. If no fee or an amount less than the minimum fee accompanies an application or other request for an action as provided under this section, the department shall return the application or request to the applicant with advice as to the fee that must be remitted with the application or request for it to be accepted for processing. If additional fees are due, the department shall provide timely notification by certified mail with return receipt requested to the applicant. No action may be taken by the department until the fee is paid in full. Failure to remit fees within sixty days of the department's notification is grounds for rejecting the application or request or canceling the permit. Cash shall not be accepted. Fees must be paid by check or money order and are nonrefundable.

(14) For purposes of calculating fees for groundwater filings, one cubic foot per second shall be regarded as equivalent to four hundred fifty gallons per minute.

(15) Eighty percent of the fees collected by the department under this section shall be deposited in the state general fund. Twenty percent of the fees collected by the department under this section shall be deposited in the water rights tracking system account established in RCW 90.14.240.

(16) Except for the fees relating to the inspection of hydraulic works and the examination of plans and specifications of controlling works provided for in subsections (7) and (8) of this section, nothing in this section is intended to grant authority to the department to amend the fees in this section by adoption of rules or otherwise. [2005 c 412 § 2; 1993 c 495 § 2; 1987 c 109 § 98; 1965 ex.s. c 160 § 1; 1951 c 57 § 5; 1929 c 122 § 8; 1925 ex.s. c 161 § 2; 1917 c 117 § 44; RRS § 7399. Formerly RCW 90.04.040.]

Findings—Intent—2005 c 412: "The legislature finds that the fees associated with various actions of the department of ecology relating to the processing and administration of water rights are outdated and are insufficient even to recover the cost of handling the funds submitted. The legislature also finds that water right processing fees are currently collected at three different stages of the water rights process; that reducing the number of instances of fee collection to two stages of the process would increase efficiency and reduce administrative costs. The legislature further finds that several current statutory fees are archaic or are otherwise covered by other general statutes, including the state's public disclosure laws. The legislature therefore intends to update and modernize the fee schedule associated with water right-related actions of the department of ecology." [2005 c 412 § 1.]

Findings—1993 c 495: "The legislature finds that a water right confers significant economic benefits to the water right holder. The fees associated with acquiring a water right have not changed significantly since 1917. Water rights applicants pay less than two percent of the costs of the administration of the water rights program. The legislature finds that, since water rights are of significant value, water rights applicants should contribute more to the cost of administration of the water rights program.

The legislature also finds that an abrupt increase in water rights fees could be disruptive to water rights holders and applicants. The legislature further finds that water rights applicants have a right to know that the water rights program is being administered efficiently and that the fees charged for various services relate directly to the cost of providing those services. Therefore, the legislature creates a task force to review the water rights program to make recommendations for streamlining the application process and increasing the overall efficiency and accountability of the administration of the program, and to return to the legislature with a proposal for a fee schedule where the fee levels relate clearly to the cost of services provided." [1993 c 495 § 1.]

Revisor's note: 1993 c 495 § 3 created a water rights task force that expired June 30, 1994.

90.03.471 Disposition of fees. All fees, collections and revenues derived under RCW 90.03.470 or by virtue of RCW 90.03.180, shall be used exclusively for the purpose of carrying out the work and performing the functions of the division of water resources of the department. [1987 c 109 § 99; 1925 ex.s. c 161 § 3; RRS § 7399-1.]

90.03.500 Storm water control facilities—Imposition of rates and charges—Legislative findings. The legislature finds that increasing the surface water or storm water accumulation on or flow over real property, beyond that which
naturally occurs on the real property, may cause severe damage to the real property and limit the gainful use or enjoyment of the real property, resulting in a tort, nuisance, or taking. The damage can arise from activities increasing the point or nonpoint flow of surface water or storm water over the real property, or altering or interrupting the natural drainage from the real property. The legislature finds that it is in the public interest to permit the construction and operation of public improvements to lessen the damage. The legislature further finds that it is in the public interest to provide for the equitable imposition of special assessments, rates, and charges to fund such improvements. This shall include the imposition of special assessments, rates, and charges on real property to fund that reasonable portion of the public improvements that alleviate the damage arising from activities that are the proximate cause of the damage on other real property. Except as otherwise provided in RCW 90.03.525, these special assessments, rates, and charges may be imposed on any publicly-owned, including state-owned, real property that causes such damage. [1986 c 278 § 6; 1983 c 315 § 8.]

Flood control zone districts—Storm water control improvements: Chapter 86.15 RCW.

Public property subject to rates and charges for storm water control facilities: RCW 35.67.025, 35.92.021, 36.89.085, and 36.94.145.

Additional notes found at www.leg.wa.gov

90.03.510 Storm water control facilities—Imposition of rates and charges—Credit for other improvements. Whenever a county, town, water-sewer district, or flood control zone district imposes rates or charges to fund storm water control facilities or improvements and the operation and maintenance of such facilities or improvements under RCW 35.67.020, 35.92.020, 36.89.080, 36.94.140, 57.08.005, or 57.08.081, it may provide a credit for the value of storm water control facilities or improvements that a person or entity has installed or located that mitigate or lessen the impact of storm water which otherwise would occur. [1996 c 230 § 1616; 1986 c 278 § 63; 1983 c 315 § 9.]

Additional notes found at www.leg.wa.gov

90.03.520 Storm water control facilities—Imposition of rates and charges—Definitions. The definitions set forth in this section apply to RCW 90.03.525 and 35.67.025.

(1) "State highway right-of-way" means the right-of-way for a state highway. The phrase includes the right-of-way of a state limited-access highway inside or outside a city or town but does not include city or town streets forming a part of the route of state highways that are not limited-access highways. The term does not include state property under the jurisdiction of the department of transportation that is outside the right-of-way lines of a state highway.

(2) "Storm water control facility" means any facility, improvement, development, property, or interest therein, made, constructed, or acquired for the purpose of controlling, or protecting life or property from, any storm, waste, flood, or surplus waters.

(3) "Rate" means the dollar amount charged per unit of surface area of a parcel of real property based upon factors established by the local government utility.

(4) "Comparable real property" means real property equal to the state highway right-of-way or a section of state highway right-of-way in terms of the factors considered by the local government utility in establishing rates. [1986 c 278 § 53.]

Public property subject to rates and charges for storm water control facilities: RCW 35.67.025.

Additional notes found at www.leg.wa.gov

90.03.525 Storm water control facilities—Imposition of rates and charges with respect to state highway right-of-way. (Effective until June 30, 2015.) (1) The rate charged by a local government utility to the department of transportation with respect to state highway right-of-way or any section of state highway right-of-way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right-of-way or any section of state highway right-of-way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights-of-way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce runoff impacts or implementation of best management practices that will reduce the need for such facilities.

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities. If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, either may commence an action in the superior court for the county in which the state highway right-of-way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights-of-way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights-of-way shall be deemed an actual benefit to the state highway rights-of-way. The rate for sections of state highway right-of-way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights-of-way owned by the
90.03.525 Storm water control facilities—Imposition of rates and charges with respect to state highway rights-of-way—Annual plan for expenditure of charges. (Effective June 30, 2015.) (1) The rate charged by a local government utility to the department of transportation with respect to state highway right-of-way or any section of state highway right-of-way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right-of-way or any section of state highway right-of-way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights-of-way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce state highway runoff impacts or implementation of best management practices that will reduce the need for such facilities. By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in *RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities based upon the annual plan prescribed in subsection (2) of this section. If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, either may commence an action in the superior court for the county in which the state highway right-of-way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights-of-way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights-of-way shall be deemed an actual benefit to the state highway rights-of-way. The rate for sections of state highway right-of-way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national pollutant discharge elimination system, 40 C.F.R. parts 122-124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights-of-way owned by the department of transportation. Appropriations made by the legislature to the department for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state. [2005 c 319 § 140. Prior: 1996 c 285 § 1; 1996 c 230 § 1617; 1986 c 278 § 54.]

Additional notes found at www.leg.wa.gov

90.03.540 Highway construction improvement projects—Joint storm water treatment facilities. In the development of highway construction improvement projects, the department of transportation shall coordinate with adjacent local governments, ports, and other public and private organizations to determine opportunities for cost-effective joint storm water treatment facilities for both new and existing impervious surfaces. [1996 c 285 § 6.]

90.03.550 Municipal water supply purposes—Beneficial uses. Beneficial uses of water under a municipal water supply purposes water right may include water withdrawn or diverted under such a right and used for:

(1) Uses that benefit fish and wildlife, water quality, or other instream resources or related habitat values; or

(2) Uses that are needed to implement environmental obligations called for by a watershed plan approved under chapter 90.82 RCW, or a comprehensive watershed plan adopted under RCW 90.54.040(1) after September 9, 2003, a federally approved habitat conservation plan prepared in response to the listing of a species as being endangered or threatened under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq., a hydropower license of the federal energy regulatory commission, or a comprehensive irrigation district management plan. [2003 1st sp.s. c § 2.]

Additional notes found at www.leg.wa.gov
90.03.560 Municipal water supply purposes—Identification. When requested by a municipal water supplier or when processing a change or amendment to the right, the department shall amend the water right documents and related records to ensure that water rights that are for municipal water supply purposes, as defined in RCW 90.03.015, are correctly identified as being for municipal water supply purposes. This section authorizes a water right or portion of a water right held or acquired by a municipal water supplier that is for municipal water supply purposes as defined in RCW 90.03.015 to be identified as being a water right for municipal water supply purposes. However, it does not authorize any other water right or other portion of a right held or acquired by a municipal water supplier to be so identified without the approval of a change or transfer of the right or portion of the right for such a purpose. [2003 1st sp.s. c 5 § 3.]

Additional notes found at www.leg.wa.gov

90.03.570 Change or transfer of an unperfected surface water right for municipal water supply purposes. (1) An unperfected surface water right for municipal water supply purposes or a portion thereof held by a municipal water supplier may be changed or transferred in the same manner as provided by RCW 90.03.380 for any purpose if:

(a) The supplier is in compliance with the terms of an approved water system plan or small water system management program under chapter 43.20 or 70.116 RCW that applies to the supplier, including those regarding water conservation;

(b) Instream flows have been established by rule for the water resource inventory area, as established in chapter 173-500 WAC as it exists on September 9, 2003, that is the source of the water for the transfer or change;

(c) A watershed plan has been approved for the water resource inventory area referred to in (b) of this subsection under chapter 90.82 RCW and a detailed implementation plan has been completed that satisfies the requirements of RCW 90.82.043 or a watershed plan has been adopted after September 9, 2003, for that water resource inventory area under RCW 90.54.040(1) and a detailed implementation plan has been completed that satisfies the requirements of RCW 90.82.043; and

(d) Streamflows that satisfy the instream flows referred to in (b) of this subsection are met or the milestones for satisfying those instream flows required under (c) of this subsection are being met.

(2) If the criteria listed in subsection (1)(a) through (d) of this section are not satisfied, an unperfected surface water right for municipal water supply purposes or a portion thereof held by a municipal water supplier may nonetheless be changed or transferred in the same manner as provided by RCW 90.03.380 if the change or transfer is:

(a) To provide water for an instream flow requirement that has been established by the department by rule;

(b) Subject to streamflow protection or restoration requirements contained in: A federally approved habitat conservation plan under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq., a hydropower license of the federal energy regulatory commission, or a watershed agreement established under RCW 90.03.590;

(c) For a water right that is subject to instream flow requirements or agreements with the department and the change or transfer is also subject to those instream flow requirements or agreements; or

(d) For resolving or alleviating a public health or safety emergency caused by a failing public water supply system currently providing potable water to existing users, as such a system is described in RCW 90.03.580, and if the change, transfer, or amendment is for correcting the actual or anticipated cause or causes of the public water system failure. Inadequate water rights for a public water system to serve existing hookups or to accommodate future population growth or other future uses do not constitute a public health or safety emergency.

(3) If the recipient of water under a change or transfer authorized by subsection (1) of this section is a water supply system, the receiving system must also be in compliance with the terms of an approved water system plan or small water system management program under chapter 43.20 or 70.116 RCW that applies to the system, including those regarding water conservation.

(4) The department must provide notice to affected tribes of any transfer or change proposed under this section. [2003 1st sp.s. c 5 § 14.]

Additional notes found at www.leg.wa.gov

90.03.580 Failing public water system—Conditions. To be considered a failing public water system for the purposes of RCW 90.03.570, the department of health, in consultation with the department and the local health authority, must make a determination that the system meets one or more of the following conditions:

(1) A public water system has failed, or is in danger of failing within two years, to meet state board of health standards for the delivery of potable water to existing users in adequate quantity or quality to meet basic human drinking, cooking, and sanitation needs or to provide adequate fire protection flows;

(2) The current water source has failed or will fail so that the public water system is or will become incapable of exercising its existing water rights to meet existing needs for drinking, cooking, and sanitation purposes after all reasonable conservation efforts have been implemented; or

(3) A change in source is required to meet drinking water quality standards and avoid unreasonable treatment costs, or the state department of health determines that the existing source of supply is unacceptable for human use. [2003 1st sp.s. c 5 § 15.]

Additional notes found at www.leg.wa.gov

90.03.590 Municipal water suppliers—Watershed agreement—Pilot project. (1) On a pilot project basis, the department may enter into a watershed agreement with one or more municipal water suppliers in water resource inventory area number one to meet the objectives established in a water resource management program approved or being developed under chapter 90.82 RCW with the consent of the initiating governments of the water resource inventory area. The term of an agreement may not exceed ten years, but the agreement may be renewed or amended upon agreement of the parties.

(2) A watershed agreement must be consistent with:
(a) Growth management plans developed under chapter 36.70A RCW where these plans are adopted and in effect;
(b) Water supply plans and small water system management programs approved under chapter 43.20 or 70.116 RCW;
(c) Coordinated water supply plans approved under chapter 70.116 RCW; and
(d) Water use efficiency and conservation requirements and standards established by the state department of health or such requirements and standards as are provided in an approved watershed plan, whichever are the more stringent.
(3) A watershed agreement must:
(a) Require the public water system operated by the participating municipal water supplier to meet obligations under the watershed plan;
(b) Establish performance measures and timelines for measures to be completed;
(c) Provide for monitoring of streamflows and metering of water use as needed to ensure that the terms of the agreement are met; and
(d) Require annual reports from the water users regarding performance under the agreement.
(4) As needed to implement watershed agreement activities, the department may provide or receive funding, or both, under its existing authorities.
(5) The department must provide opportunity for public review of a proposed agreement before it is executed. The department must make proposed and executed watershed agreements and annual reports available on the department’s internet web site.
(6) The department must consult with affected local governments and the state departments of health and fish and wildlife before executing an agreement.
(7) Before executing a watershed agreement, the department must conduct a government-to-government consultation with affected tribal governments. The municipal water suppliers operating the public water systems that are proposing to enter into the agreements must be invited to participate in the consultations. During these consultations, the department and the municipal water suppliers shall explore the potential interest of the tribal governments or governments in participating in the agreement.
(8) Any person aggrieved by the department’s failure to satisfy the requirements in subsection (3) of this section as embodied in the department’s decision to enter into a watershed agreement under this section may, within thirty days of the execution of such an agreement, appeal the department’s decision to the pollution control hearings board under chapter 43.21B RCW.
(9) Any projects implemented by a municipal water system under the terms of an agreement reached under this section may be continued and maintained by the municipal water system after the agreement expires or is terminated as long as the conditions of the agreement under which they were implemented continue to be met.
(10) Before December 31, 2003, and December 31, 2004, the department must report to the appropriate committees of the legislature the results of the pilot project provided for in this section. Based on the experience of the pilot project, the department must offer any suggested changes in law that would improve, facilitate, and maximize the implementation of watershed plans adopted under this chapter. [2003 1st sp.s. c 5 § 16.]

Additional notes found at www.leg.wa.gov

90.03.591 New watershed agreements prohibited after July 1, 2008. The department may not enter into new watershed agreements under RCW 90.03.590 after July 1, 2008. This section does not apply to the renewal of agreements in effect prior to that date. [2003 1st sp.s. c 5 § 17.]

Additional notes found at www.leg.wa.gov

90.03.600 Civil penalties. In determining the amount of a penalty to be levied, the department shall consider the seriousness of the violation, whether the violation is repeated or continuous after notice of the violation is given, and whether any damage has occurred to the health or property of other persons. Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, the department of ecology may levy civil penalties ranging from one hundred dollars to five thousand dollars per day for violation of any of the provisions of this chapter and chapters 43.83B, 90.22, and 90.44 RCW, and rules, permits, and similar documents and regulatory orders of the department of ecology adopted or issued pursuant to such chapters. The procedures of RCW 90.48.144 shall be applicable to all phases of the levying of a penalty as well as review and appeal of the same. [2003 1st sp.s. c 15 § 3; 1995 c 403 § 635; 1987 c 109 § 157; 1977 ex.s. c 1 § 8. Formerly RCW 43.83B.335.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.
Additional notes found at www.leg.wa.gov

90.03.605 Compliance—Sequence of enforcement measures—Location of compliance personnel. (1) The department shall, through a network of water masters appointed under this chapter, stream patrollers appointed under chapter 90.08 RCW, and other assigned compliance staff to the extent such a network is funded, achieve compliance with the water laws and rules of the state of Washington in the following sequence:
(a) The department shall prepare and distribute technical and educational information to the general public to assist the public in complying with the requirements of their water rights and applicable water laws;
(b) When the department determines that a violation has occurred or is about to occur, it shall first attempt to achieve voluntary compliance. As part of this first response, the department shall offer information and technical assistance to the person in writing identifying one or more means to accomplish the person’s purposes within the framework of the law; and
(c) If education and technical assistance do not achieve compliance the department shall issue a notice of violation, a formal administrative order under RCW 43.27A.190, or assess penalties under RCW 90.03.600 unless the noncompliance is corrected expeditiously or the department determines no impairment or harm.
(2) Nothing in the section is intended to prevent the department of ecology from taking immediate action to cause
90.03.615 Calculating annual consumptive quantity. For purposes of calculating annual consumptive quantity as defined under RCW 90.03.380(1), if, within the most recent five-year period, the water right has been in the trust water rights program under chapter 90.38 or 90.42 RCW, or the nonuse of the water right has been excused from relinquishment under RCW 90.14.140, the department shall look to the most recent five-year period of continuous beneficial use preceding the date where the excuse for nonuse under RCW 90.14.140 was established and remained in effect. [2009 c 283 § 7.]

Findings—Intent—2009 c 283: See note following RCW 90.42.100.

90.03.620 Water rights adjudication—Disqualification of judge. (1) A judge in a water right adjudication filed under this chapter may be partially or fully disqualified from hearing the adjudication. Partial disqualification means disqualification from hearing specified claims. Full disqualification means disqualification from hearing any aspect of the adjudication.

(a) A judge is partially disqualified when the judge's impartiality might reasonably be questioned and the apparent or actual partiality is limited to specified claims.

(b) A judge is fully disqualified when the judge's impartiality might reasonably be questioned and the apparent or actual partiality extends beyond limited claims such that the judge should not hear any part of the adjudication.

(2) A judge may recuse himself or herself under this section or a party may file a motion for disqualification. A motion for disqualification must state whether the remedy being sought is full or partial disqualification.

(3)(a) For parties who are named in the original pleadings, a motion for disqualification is timely if it is filed before the judge issues a discretionary order or ruling in the adjudication.

(b) For a party who is joined in the adjudication after the original pleadings have been filed, a motion for disqualification is timely if it is filed within the earliest of either (i) thirty days of being joined in the adjudication; or (ii) after the joiner of the party, before the judge issues a discretionary order or ruling relating to the joined party.

(c) When a motion for disqualification is untimely filed under this subsection (3), the motion will be granted only when necessary to correct a substantial injustice.

(d) For purposes of this section, "discretionary order or ruling" has the same meaning as "order or ruling involving discretion" in RCW 4.12.050.

(4) A party filing a motion for disqualification under this section has the burden of proving by a preponderance of the evidence that the judge should be disqualified under the standards of subsection (1) of this section.

(5) The motion for disqualification may not be heard by the judge against whom the motion is filed. Subject to this limitation, the court may assign the disqualification motion to any superior court judge of the judicial district in which the adjudication was filed or to a visiting superior court judge under RCW 2.56.040.

(6) The standards set forth in RCW 2.28.030, which govern the disqualification of judicial officers generally, may be grounds for disqualification under this section. [2009 c 332 § 3.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.625 Water rights adjudication—Motion for default. Upon expiration of the filing period established under RCW 90.03.120(2), the department shall file a motion for default against defendants who have been served but who have failed to file an adjudication claim under RCW 90.03.140. A party in default may file a late claim under the same circumstances the party could respond or defend under court rules on default judgments. [2009 c 332 § 4.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.630 Water rights adjudication—Use for which a statement of claim is required. If an adjudication claim is for a use for which a statement of claim was required to be filed under chapter 90.14 RCW and no such claim was filed, the department may move that the adjudication claim be denied. The court shall grant the department's motion unless the claimant shows good cause why the motion should not be granted. [2009 c 332 § 5.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.635 Water rights adjudication—Filing of evidence. Within the date set by the court for filing evidence, each claimant shall file with the court evidence to support the claimant's adjudication claims. The court is encouraged to set a date for filing evidence that is reasonable and fair for the timely processing of the adjudication. The evidence may include, without limitation, permits or certificates of water right, statements of claim made under chapter 90.14 RCW, deeds, documents related to issuance of a land patent, aerial photographs, decrees of previous water rights adjudications, crop records, records of livestock purchases and sales, records of power use, metering records, declarations containing testimonial evidence, records of diversion, withdrawal or storage and delivery by irrigation districts or ditch companies, and any other evidence to support that a water right was obtained and was not thereafter abandoned or relinquished. The evidence filed may include matters that are outside the original adjudication claim filed, and within the date set by the court for filing evidence, the claimant may amend the adjudication claim to conform to the evidence filed. Thereafter, except for good cause shown, a claimant may not file additional evidence to support the claim. [2009 c 332 § 8.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.640 Water rights adjudication—Preliminary investigation—Department's report of findings. (1) Upon the receipt of adjudication claims and the filing of claimants' evidence, the department shall conduct a preliminary investigation for the purpose of examining:

[Title 90 RCW—page 28]
(a) The uses of the subject waters by and any physical works in connection with the persons to whom the adjudication applies; and

(b) The uses for which a statement of claim has been filed under chapter 90.14 RCW or for which the department has a permit or certificate of water right on record.

(2)(a) The examination may include, as the department deems appropriate:

(i) An estimation of the amount of water that is reasonably necessary to accomplish various beneficial uses within the area;

(ii) The measurement of streamflows;

(iii) The measurement of any diversion or withdrawal rates;

(iv) An estimation of storage capacity and the amount of water stored;

(v) The types and numbers of stock watered;

(vi) The number of residences served;

(vii) The location and size of any irrigated land areas; and

(viii) Any other information pertinent to the determination of water rights in an adjudication under this chapter.

(b) The department may also take other necessary steps and gather other data and information as may be essential to the proper understanding of the water uses and associated rights of the affected water users, including review of each claimant’s adjudication claim and evidence the claimant filed to support the claim. The claimants and the department are encouraged to confer as may be beneficial to clarify the factual and legal basis for the claim. To the extent consistent with court rules, the court may deem it appropriate to encourage claimants and the department to work closely together to reach agreement on a claimed water right that may result in timely settlement of water rights, reduced costs for the parties, greater equity and general public service, and better information that may be used for overall water management.

(3) The department shall file with the court the department’s report of findings as to each adjudication claim filed timely under RCW 90.03.140. The department may divide its report of findings into two or more segments, covering particular drainages, uses, or other appropriate bases for dividing the report on adjudication claims. Based on the evidence filed by claimants and the department’s report of findings, the department shall file with the superior court either or both of the following motions:

(a) A motion for a partial decree in favor of all stated claims under RCW 90.03.140 that the department finds to be substantiated with factual evidence; or

(b) A motion seeking determination of contested claims before the court. [2009 c 332 § 9.]

Application—2009 c 332: See note following RCW 90.03.110.

90.03.650 Water rights processing account. The water rights processing account is created in the state treasury. All receipts from the fees collected under RCW 90.03.655, 90.03.665, and 90.44.540 must be deposited into the account. Money in the account may be spent only after appropriation. Expenditures from the account may only be used to support the processing of water right applications for a new appropriation, change, transfer, or amendment of a water right as provided in this chapter and chapters 90.42 and 90.44 RCW or for the examination, certification, and renewal of certification of water right examiners as provided in RCW 90.03.665. [2010 c 285 § 4.]

Application—2010 c 285: See note following RCW 90.03.265.

90.03.655 Expedited processing of applications—On department’s own volition—Notice—Fees. (1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department’s web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(2014 Ed.)
(a) Inform those applicants that expedited processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in the expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that the application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in RCW 90.03.650. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants.

[2010 c 285 § 5.]

Intent—2010 c 285: See note following RCW 90.03.265.

90.03.665 Certified water right examiners—Fees—Rules. (1) The department shall establish and maintain a list of certified water right examiners. Certified water right examiners on the list are eligible to perform final proof examinations of permitted water uses leading to the issuance of a water right certificate under RCW 90.03.330. The list must be updated annually and must be made available to the public through written and electronic media.

(2) In order to qualify, an individual must be registered in Washington as a professional engineer, professional land surveyor, or registered hydrogeologist, or an individual must demonstrate at least five years of applicable experience to the department, or be a board member of a water conservancy board. Qualified individuals must also pass a written examination prior to being certified by the department. Such an examination must be administered by either the department or an entity formally approved by the department. Each certified water right examiner must demonstrate knowledge and competency regarding:

(a) Water law in the state of Washington;

(b) Measurement of the flow of water through open channels and enclosed pipes;

(c) Water use and water level reporting;

(d) Estimation of the capacity of reservoirs and ponds;

(e) Irrigation crop water requirements;

(f) Aerial photo interpretation;

(g) Legal descriptions of land parcels;

(h) Location of land and water infrastructure through the use of maps and global positioning;

(i) Proper construction and sealing of well bores; and

(j) Other topics related to the preparation and certification of water rights in Washington state.

(3) Except as provided in subsection (9) of this section, upon completion of a water appropriation and putting water to beneficial use, in order to receive a final water right certificate, the permit holder must secure the services of a certified water right examiner who has been tested and certified by the department. The examiner shall carry out a final examination of the project to verify its completion and to determine and document for the permit holder and the department the amount of water that has been appropriated for beneficial use, the location of diversion or withdrawal and conveyance facilities, and the actual place of use. The examiner shall take measurements or make estimates of the maximum diversion or withdrawal, the capacity of water storage facilities, the acreage irrigated, the type and number of residences served, the type and number of stock watered, and other information relevant to making a final determination of the amount of water beneficially used. The examiner shall take photographs of the facilities to document the use or uses of water and the photographs must be submitted with the examiner's report to the department. The department shall specify the format and required content of the reports and may provide a form for that purpose.
(4) The department may suspend or revoke a certification based on poor performance, malfeasance, failure to acquire continuing education credits, or excessive complaints from the examiner’s customers. The department may require the retesting of an examiner. The department may interview any examiner to determine whether the person is qualified for this work. The department shall spot-check the work of examiners to ensure that the public is being competently served. Any person aggrieved by an order of the department including the granting, denial, revocation, or suspension of a certificate issued by the department under this chapter may appeal pursuant to chapter 43.21B RCW.

(5) The decision regarding whether to issue a final water right certificate is solely the responsibility and function of the department.

(6) The department shall make its final decision under RCW 90.03.330 within sixty days of the date of receipt of the proof of examination from the certified water right examiner, unless otherwise requested by the applicant or returned for correction by the department. The department may return an initial proof of examination for correction within thirty days of the department’s receipt of such initial proof from a certified water right examiner. Such proof must be returned to both the certified water right examiner and the applicant. Within thirty days of the department’s receipt of such returned proof from the certified water right examiner, the department shall make its final decision under RCW 90.03.330, unless otherwise requested by the applicant.

(7) Each certified water right examiner must complete eight hours annually of qualifying continuing education in the water resources field. The department shall determine and specify the qualifying continuing education and shall inform examiners of the opportunities. The department shall track whether examiners are current in their continuing education and may suspend the certification of an examiner who has not complied with the continuing education requirement.

(8) Each certified water right examiner must furnish evidence of insurance or financial responsibility in a form acceptable to the department.

(9) The department may waive the requirement to secure the services of a certified water right examiner in situations in which the department has already conducted a final proof of examination or finds it unnecessary for purposes of issuing a certificate of water right.

(10) The department shall establish and collect fees for the examination, certification, and renewal of certification of water right examiners. Revenue collected from these fees must be deposited into the water rights processing account created in RCW 90.03.650. Pursuant to RCW 43.135.055, the department is authorized to set fees for examination, certification, and renewal of certification for water right examiners.

(11) The department may adopt rules appropriate to carry out the purposes of this section. [2013 c 70 § 1; 2010 c 285 § 7.]

Intent—2010 c 285: See note following RCW 90.03.265.

90.03.670 Processing of water right applications—Scope of chapter 285, Laws of 2010. Nothing in chapter 285, Laws of 2010 affects or diminishes the processing of water right applications under any other existing authority, including but not limited to existing authority for the priority processing of applications by the department. [2010 c 285 § 13.]

Intent—2010 c 285: See note following RCW 90.03.265.

90.03.675 Storm water retention ponds—Mosquito abatement. (1) A county, city, town, water-sewer district, or flood control zone district constructing, improving, operating, or maintaining storm water control facilities under chapter 35.67, 35.92, 36.89, 36.94, 57.08, or 86.15 RCW that include storm water retention ponds, also known as wet ponds, wet retention ponds, or wet extended detention ponds, as part of a storm water control facility for which the primary function of the pond is to detain storm water, must:

(a) Consider and to the extent possible consistent with department design guidelines, and without compromising the intended function of the storm water retention pond, construct storm water retention ponds to maintain and control vegetation to minimize mosquito propagation;

(b) Consult with the local mosquito control district, where established, in the development of construction plans that include storm water retention ponds; and

(c) Provide for maintenance and control of vegetation growth in storm water retention ponds to reduce mosquito habitat and inhibit mosquito propagation without compromising the intended function of a storm water retention pond.

(2) A county, city, town, water-sewer district, or flood control zone district operating or maintaining storm water control facilities must, except where mosquito control districts are established, when notified by the department of health or a local health jurisdiction of the positive identification of west Nile virus or other mosquito-borne human disease viruses in mosquitoes, birds, or mammals, including humans, consult with the department of health or a mosquito control district concerning which integrated pest management strategies, as defined under chapter 17.15 RCW, for mosquito control or abatement in storm water retention ponds would be most effective to prevent the spread of the disease.

(3) Where a mosquito control district is established, when notified by the department of health or a local health jurisdiction of the positive identification of west Nile virus or other mosquito-borne human disease viruses in mosquitoes, birds, or mammals, including humans, the mosquito control district is responsible for mosquito control or abatement in storm water retention ponds. [2013 c 209 § 1.]

Chapter 90.08 RCW
STREAM PATROLLERS

Sections
90.08.040 Stream patroller—Appointment—Powers.
90.08.050 Stream patrollers—Compensation, travel expenses.
90.08.060 Stream patrollers—Users to share in payment of compensa-
tion.
90.08.070 Right of county to sue user for unpaid share of expenses.

90.08.040 Stream patroller—Appointment—Powers. Where water rights of a stream have been adjudicated a stream patroller shall be appointed by the director of the department of ecology upon application of water users having adjudicated water rights in each particular water resource making a reasonable showing of the necessity therefor, which application shall have been approved by the district water
90.08.050 Stream patrollers—Compensation, travel expenses. Each stream patroller shall receive a wage per day for each day actually employed in the duties of his or her office, or if employed by the month, he or she shall receive a salary per month, which wage or salary shall be fixed in the manner provided by law for the fixing of the salaries or compensation of other state officers or employees, plus travel expenses in accordance with RCW 43.03.050 and 43.03.060 as now existing or hereafter amended, to be paid by the county in which the work is performed. In case the service extends over more than one county, each county shall pay its equitable part of such wage to be apportioned by the director. He or she shall be reimbursed for actual necessary expenses when absent from his or her designated headquarters in the performance of his or her duties, such expense to be paid by the county in which he or she renders the service. The accounts of the stream patroller shall be audited and certified by the director and the county auditor shall issue a warrant therefor upon the current expense fund. [2013 c 23 § 602; 1977 c 22 § 2; 1975-76 2nd ex.s. c 34 § 180; 1947 c 123 § 1; 1925 ex.s. c 162 § 2; Rem. Supp. 1947 § 7351-2.]

Public officers, salaries and fees: Chapter 42.16 RCW.
State government, salaries and expenses: Chapter 43.03 RCW.

90.08.060 Stream patrollers—Users to share in payment of compensation. The salary of the stream patroller shall be borne by the water users receiving the benefits and shall be paid to the county or counties in the following manner:

The county or counties may assess each water user for his or her proportionate share of the total stream patroller expense in the same ratio that the amount of water diverted by him or her bears to the total amount diverted from the stream during each season, on an annual basis, to recover all such county expenses. The stream patroller shall keep an accurate record of the amount of water diverted by each water user coming under his or her supervision. On the first of each month the stream patroller shall present his or her record of water diversion to the county or counties for the preceding month. Where the water users are organized into an irrigation district or water users' association, such organization may enter into an agreement with the county or counties for direct payment to the stream patroller in order to minimize administrative costs. [2013 c 23 § 603; 1977 c 22 § 3; 1925 ex.s. c 162 § 3; RRS § 7351-3.]

Irrigation districts generally: Chapter 87.03 RCW.

90.08.070 Right of county to sue user for unpaid share of expenses. Upon failure of any water user to pay his or her proportionate share of the expense referred to in RCW 90.08.050 and 90.08.060, the county or counties shall be entitled to sue for and recover any such unpaid portion in any court of competent jurisdiction. [2013 c 23 § 604; 1977 c 22 § 4; 1925 ex.s. c 162 § 4; RRS § 7351-4.]

Chapter 90.14 RCW
WATER RIGHTS—REGISTRATION—WAIVER AND RELINQUISHMENT, ETC.

Sections
90.14.010 Purpose.
90.14.020 Legislative declaration.
90.14.031 Definitions.
90.14.041 Claim of right to withdraw, divert or use ground or surface waters—Filing statement of claim required—Exemptions.
90.14.043 Claim of right to withdraw, divert or use ground or surface waters—Claim upon certification by board—Procedure—Cut-off date for accepting petitions.
90.14.044 Existing water rights not impaired.
90.14.051 Statement of claim—Contents—Short form.
90.14.065 Statement of claim—Amendment—Surface water right claim change or transfer—Review of department of ecology's determination.
90.14.068 Statement of claim—New filing period.
90.14.071 Failure to file claim waives and relinquishes right.
90.14.081 Filing of claim not deemed adjudication of right—Prima facie evidence.
90.14.111 Water rights claims registry.
90.14.121 Penalty for overstating claim.
90.14.130 Reversion of rights to state due to nonuse—Notice by order—Relinquishment determinations—Appeal.
90.14.140 "Sufficient cause" for nonuse defined—Rights exempted.
90.14.150 Rights arising from permit to withdraw public waters not affected—Extensions.
90.14.160 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Rights acquired due to ownership of land abutting stream, lake, or watercourse.
90.14.170 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Prior rights acquired through appropriation, custom or general adjudication.
90.14.180 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Future rights acquired through appropriation.
90.14.190 Water resources decisions—Appeals—Attorneys' fees.
90.14.210 Chapter applies to all rights to withdraw groundwaters.
90.14.215 Chapter not applicable to trust water rights under chapter 90.38 or 90.42 RCW.
90.14.220 No rights to be acquired by prescription or adverse use.
90.14.240 Water rights tracking system account.

90.14.010 Purpose. The future growth and development of the state is dependent upon effective management and efficient use of the state's water resources. The purpose of this chapter is to provide adequate records for efficient administration of the state's waters, and to cause a return to
the state of any water rights which are no longer exercised by putting said waters to beneficial use. [1967 c 233 § 1.]

90.14.020 Legislative declaration. The legislature finds that:

(1) Extensive uncertainty exists regarding the volume of private claims to water in the state;
(2) Such uncertainty seriously retards the efficient utilization and administration of the state's water resources, and impedes the fullest beneficial use thereof;
(3) A strong beneficial use requirement as a condition precedent to the continued ownership of a right to withdraw or divert water is essential to the orderly development of the state;
(4) Enforcement of the state's beneficial use policy is required by the state's rapid growth;
(5) All rights to divert or withdraw water, except riparian rights which do not diminish the quantity of water remaining in the source such as boating, swimming, and other recreational and aesthetic uses must be subjected to the beneficial use requirement;
(6) The availability for appropriation of additional water as a result of the requirements of this chapter will accelerate growth, development, and diversification of the economy of the state;
(7) Water rights will gain sufficient certainty of ownership as a result of this chapter to become more freely transferable, thereby increasing the economic value of the uses to which they are put, and augmenting the alienability of titles to land. [1967 c 233 § 2.]

90.14.031 Definitions. Unless a different meaning is plainly required by the context, the following words and phrases as used in RCW 90.14.031 through 90.14.121 shall have the following meanings:

(1) "Person" shall mean an individual, partnership, association, public or private corporation, city or other municipality, county, or a state agency, and the United States of America when claiming water rights established under the laws of the state of Washington.
(2) "Beneficial use" shall include, but not be limited to, use for domestic water, irrigation, fish, shellfish, game and other aquatic life, municipal, recreation, industrial water, generation of electric power, and navigation. [1969 ex. s. c 284 § 12.]

90.14.041 Claim of right to withdraw, divert or use ground or surface waters—Filing statement of claim required—Exemptions. All persons using or claiming the right to withdraw or divert and make beneficial use of public surface or ground waters of the state, except as provided in this section, RCW 90.14.043, and 90.14.068, shall file with the department of ecology not later than June 30, 1974, a statement of claim for each water right asserted on a form provided by the department. Neither this section nor RCW 90.14.068 apply to any water rights which are based on the authority of a permit or certificate issued by the department of ecology or one of its predecessors. Further, RCW 90.14.068 does not apply to the beneficial uses of water which are the subject of statements of claim in the water rights claims registry prior to September 1, 1997, or which are exempted from permit and application requirements by RCW 90.44.050 and neither this section nor RCW 90.14.068 requires that statements of claims for such uses be filed during the filing period established by RCW 90.14.068. [1997 c 440 § 2; 1988 c 127 § 73; 1969 ex. s. c 284 § 13.]

90.14.043 Claim of right to withdraw, divert or use ground or surface waters—Claim upon certification by board—Procedure—Cut-off date for accepting petitions. (1) Notwithstanding any time restrictions imposed by the provisions of chapter 90.14 RCW, a person may file a claim pursuant to RCW 90.14.041 if such person obtains a certification from the pollution control hearings board as provided in this section.

(2) A certification shall be issued by the pollution control hearings board if, upon petition to the board, it is shown to the satisfaction of the board that:
(a) Waters of the state have been applied to beneficial use continuously (with no period of nonuse exceeding five consecutive years) in the case of surface water beginning not later than June 7, 1917, and in the case of groundwater beginning not later than June 7, 1945, or
(b) Waters of the state have been applied to beneficial use continuously (with no period of nonuse exceeding five consecutive years) from the date of entry of a court decree confirming a water right and any failure to register a claim resulted from a reasonable misinterpretation of the requirements as they related to such court decreed rights.

(3) The board shall have jurisdiction to accept petitions for certification from any person through September 1, 1985, and not thereafter.

(4) A petition for certification shall include complete information on the claim pursuant to RCW 90.14.051 (1) through (8), and any such information as the board may require.

(5) The department of ecology is directed to accept for filing any claim certified by the board as provided in subsection (2) of this section. The department of ecology, upon request of the board, may provide assistance to the board pertinent to any certification petition.

(6) A certification by the pollution control hearings board or a filing with the department of ecology of a claim under this section shall not constitute a determination or confirmation that a water right exists.

(7) The provisions of RCW 90.14.071 shall have no applicability to certified claims filed pursuant to this section.

(8) This section shall have no applicability to groundwaters resulting from the operations of reclamation projects. [1985 c 435 § 1; 1979 ex. s. c 216 § 4.]

90.14.044 Existing water rights not impaired. The provisions of chapter 435, Laws of 1985 authorizing the acceptance of a petition for certification filed during the period beginning on July 28, 1985, and ending on midnight, September 1, 1985, shall not affect or impair in any respect whatsoever any water right existing prior to July 28, 1985. [1985 c 435 § 2.]
90.14.051 Statement of claim—Contents—Short form. The statement of claim for each right shall include substantially the following:

(1) The name and mailing address of the claimant.

(2) The name of the watercourse or water source from which the right to divert or make use of water is claimed, if available.

(3) The quantities of water and times of use claimed.

(4) The legal description, with reasonable certainty, of the point or points of diversion and places of use of waters.

(5) The purpose of use, including, if for irrigation, the number of acres irrigated.

(6) The approximate dates of first putting water to beneficial use for the various amounts and times claimed in subsection (3).

(7) The legal doctrine or doctrines upon which the right claimed is based, including if statutory, the specific statute.

(8) The sworn statement that the claim set forth is true and correct to the best of claimant's knowledge and belief.

Except, however, that any claim for diversion or withdrawal of surface or ground water for those uses described in the exemption from the permit requirements of RCW 90.44.050 may be filed on a short form to be provided by the department. Such short form shall only require inclusion of sufficient data to identify the claimant, source of water, purpose of use and legal description of the land upon which the water is used: PROVIDED, That the provisions of RCW 90.14.081 pertaining to evidentiary value of filed claims shall not apply to claims submitted in short form: AND PROVIDED FURTHER, That claimants for such minimal uses may, at their option, file statements of claim on the standard form used by all other claimants. [1973 1st ex.s. c 113 § 1; 1969 ex.s. c 284 § 14.]

Additional notes found at www.leg.wa.gov

90.14.061 Statement of claim—Filing procedure—Processing of claim—Fee. Filing of a statement of a claim shall take place and be completed upon receipt by the department of ecology, at its office in Olympia, of an original statement signed by the claimant or his or her authorized agent, and two copies thereof. Any person required to file hereunder may file through a designated representative. A company, district, public or municipal corporation, or the United States when furnishing to persons water pertaining to water rights required to be filed under RCW 90.14.041, shall have the right to file one claim on behalf of said persons on a form prepared by the department for the total benefits of each person served; provided that a separate claim shall be filed by such company, district, public or private corporation, or the United States for each operating unit of the filing entity providing such water and for each water source. Within thirty days after receipt of a statement of claim the department shall acknowledge the same by a notation on one copy indicating receipt thereof and the date of receipt, together with the wording of the first sentence of RCW 90.14.081, and shall return said copy by certified or registered mail to the claimant at the address set forth in the statement of claim. No statement of claim shall be accepted for filing by the department of ecology unless accompanied by a two dollar filing fee. [2013 c 23 § 605; 1988 c 127 § 74; 1969 ex.s. c 284 § 15.]

Additional notes found at www.leg.wa.gov

90.14.065 Statement of claim—Amendment—Surface water right claim change or transfer—Review of department of ecology's determination. (1)(a) Any person or entity, or successor to such person or entity, having a statement of claim on file with the water rights claims registry may submit to the department of ecology for filing an amendment to such a statement of claim if the submitted amendment is based on:

(i) An error in estimation of the quantity of the applicant's water claim prescribed in RCW 90.14.051 if the applicant provides reasons for the failure to claim such right in the original claim;

(ii) A change in circumstances not foreseeable at the time the original claim was filed, if such change in circumstances relates only to the manner of transportation or diversion of the water and not to the use or quantity of such water; or

(iii) The amendment is ministerial in nature.

(b) The department shall accept any such submission and file the same in the registry unless the department by written determination concludes that the requirements of (a)(i), (ii), or (iii) of this subsection have not been satisfied.

(2) In addition to subsection (1) of this section, a surface water right claim may be changed or transferred in the same manner as a permit or certificate under RCW 90.03.380, and a water right claim for groundwater may be changed or transferred as provided under RCW 90.03.380 and 90.44.100.

(3) Any person aggrieved by a determination of the department may obtain a review thereof by filing a petition for review with the pollution control hearings board within thirty days of the date of the determination by the department. The provisions of RCW 90.14.081 shall apply to any amendment filed or approved under this section. [2010 c 285 § 8; 1987 c 93 § 1.]

Intent—2010 c 285: See note following RCW 90.03.265.

90.14.068 Statement of claim—New filing period. (1) A new period for filing statements of claim for water rights is established. The filing period shall begin September 1, 1997, and shall end at midnight June 30, 1998. Each person or entity claiming under state law a right to withdraw or divert and beneficially use surface water under a right that was established before *the effective date of [the] water code established by chapter 117, Laws of 1917, and any person claiming under state law a right to withdraw and beneficially use groundwater under a right that was established before **the effective date of the groundwater code established by chapter 263, Laws of 1945, shall register the claim with the department during the filing period unless the claim has been filed in the state water rights claims registry before July 27, 1997. A person who claims such a right and fails to register the claim as required is conclusively deemed to have waived and relinquished any right, title, or interest in the right. A statement filed during this filing period shall be filed as provided in RCW 90.14.051 and 90.14.061 and shall be subject to the provisions of this chapter regarding statements of claim. This reopening of the period for filing statements of claim shall not affect or impair in any respect whatsoever any other right existing prior to July 27, 1997. A water right embodied in a statement of claim filed under this section is subordinate to any water right embodied in a permit or certif-
icate issued under chapter 90.03 or 90.44 RCW prior to the date the statement of claim is filed with the department and is subordinate to any water right embodied in a statement of claim filed in the water rights claims registry before July 27, 1997.

(2) The department of ecology shall, at least once each week during the month of August 1997 and at least once each month during the filing period, publish a notice regarding this new filing period in newspapers of general circulation in the various regions of the state. The notice shall contain the substance of the following notice:

**WATER RIGHTS NOTICE**

Each person or entity claiming a right to withdraw or divert and beneficially use surface water under a right that was established before June 7, 1917, or claiming a right to withdraw and beneficially use groundwater under a right that was established before June 7, 1945, under the laws of the state of Washington must register the claim with the department of ecology, Olympia, Washington. The claim must be registered on or after September 1, 1997, and not later than five o’clock on June 30, 1998.

**FAILURE TO REGISTER THE CLAIM WILL RESULT IN A WAIVER AND RELINQUISHMENT OF THE WATER RIGHT OR CLAIMED WATER RIGHT**

Registering a claim is NOT required for:

1. A water right that is based on the authority of a permit or certificate issued by the department of ecology or one of its predecessors;

2. A water right that is based on the exemption from permitting requirements provided by RCW 90.44.050 for certain very limited uses of groundwater; or

3. A water right that is based on a statement of claim that has previously been filed in the state's water rights claims registry during other registration periods.

For further information, for a copy of the law establishing this filing period, and for an explanation of the law and its requirements, contact the department of ecology, Olympia, Washington.

The department shall also prepare, make available to the public, and distribute to the communications media information describing the types of rights for which statements of claim need not be filed, the effect of filing, the effect of RCW 90.14.071, and other information relevant to filings and statements of claim.

(3) The department of ecology shall ensure that employees of the department are readily available to respond to inquiries regarding filing statements of claim and that all of the information the department has at its disposal that is relevant to an inquiry regarding a particular potential claim, including information regarding other rights and claims in the vicinity of the potentially claimed right, is available to the person making the inquiry. The department shall dedicate additional staff in each of the department's regional offices and in the department's central office to ensure that responses and information are provided in a timely manner during each of the business days during the month of August 1997 and during the new filing period.

(4) To assist the department in avoiding unnecessary duplication, the department shall provide to a requestor, within ten working days of receiving the request, the records of any water right claimed, listed, recorded, or otherwise existing in the records of the department or its predecessor agencies, including any report of a referee in a water rights adjudication. This information shall be provided as required by this subsection if the request is provided in writing from the owner of the water right or from the holder of a possessory interest in any real property for water right records associated with the property or if the requestor is an attorney for such an owner. The information regarding water rights in the area served by a regional office of the department shall also be provided within ten working days to any requestor who requests to review the information in person in the department's regional office. The information held by the headquarters office of the department shall also be provided within ten working days to any requestor who requests to review the information in person in the department's headquarters office. The requirements of this subsection that records and information be provided to requestors within ten working days may not be construed as limiting in any manner the obligations of the department to provide public access to public records as required by chapter 42.56 RCW.

(5) This section does not apply to claims for the use of groundwater withdrawn in an area that is, during the period established by subsection (2) of this section, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to groundwater rights. This section does not apply to claims for the use of surface water withdrawn in an area that is, during the period established by subsection (2) of this section, the subject of a general adjudication proceeding for water rights in superior court under RCW 90.03.110 through 90.03.245 and the proceeding applies to surface water rights.

(6) This section does not apply to claims for the use of water in a groundwater area or subarea for which a management program adopted by the department by rule and in effect on July 27, 1997, establishes acreage expansion limitations for the use of groundwater. [2005 c 274 § 365; 1997 c 440 § 1.]

**Revisor's note:** *(1) The effective date of chapter 117, Laws of 1917, is June 7, 1917.

**(2) The effective date of chapter 263, Laws of 1945, is June 7, 1945.**

Part headings not law—Effective date—2005 c 274: See RCW 42.56.901 and 42.56.902.

90.14.071 Failure to file claim waives and relinquishes right. Except as provided in *section 5 of this act or as exempted from filing by RCW 90.14.041, any person claiming the right to divert or withdraw waters of the state as set forth in RCW 90.14.041, who fails to file a statement of claim as provided in RCW 90.14.041, 90.14.043, or 90.14.068 and in RCW 90.14.051 and 90.14.061, shall be
90.14.081 Filing of claim not deemed adjudication of right—Prima facie evidence. The filing of a statement of claim does not constitute an adjudication of any claim to the right to use of waters as between the water use claimant and the state, or as between one or more water use claimants and another or others. A statement of claim filed pursuant to RCW 90.14.061 shall be admissible in a general adjudication of water rights as prima facie evidence of the times of use and the quantity of water the claimant was withdrawing or diverting as of the year of the filing, if, but only if, the quantities of water in use and the time of use when a controversy is mooted are substantially in accord with the times of use and quantity of water claimed in the statement of claim. A statement of claim shall not otherwise be evidence of the priority of the claimed water right. [1969 ex.s. c 284 § 17.]

Additional notes found at www.leg.wa.gov

90.14.091 Definitions—Water rights notice—Form. For the purpose of RCW 90.14.031 through 90.14.121 the following words and phrases shall have the following meanings:

(1) "Statement of taxes due" means the statement required under RCW 84.56.050.

(2) "Notice in writing" means a notice substantially in the following form:

WATER RIGHTS NOTICE

Every person, including but not limited to an individual, partnership, association, public or private corporation, city or other municipality, county, state agency and the state of Washington, and the United States of America, when claiming water rights established under the laws of the state of Washington, are hereby notified that all water rights or claimed water rights relating to the withdrawal or diversion of public surface or ground waters of the state, except those water rights based upon authority of a permit or certificate issued by the department of ecology or one of its predecessors, must be registered with the department of ecology, Olympia, Washington not later than June 30, 1974. FAILURE TO REGISTER AS REQUIRED BY LAW WILL RESULT IN A WAIVER AND RELINQUISHMENT OF SAID WATER RIGHT OR CLAIMED WATER RIGHT. For further information contact the Department of Ecology, Olympia, Washington, for a copy of the act and an explanation thereof. [1988 c 127 § 75; 1969 ex.s. c 284 § 18.]

Additional notes found at www.leg.wa.gov

90.14.101 Notice of chapter provisions—How given—Requirements. To insure that all persons referred to in RCW 90.14.031 and 90.14.041 are notified of the registration provisions of this chapter, the department of ecology is directed to give notice of the registration provisions of this chapter as follows:

(1) It shall cause a notice in writing to be placed in a prominent and conspicuous place in all newspapers of the state having a circulation of more than fifty thousand copies for each week day, and in at least one newspaper published in each county of the state, at least once each year for five consecutive years.

(2) It shall cause a notice substantially the same as a notice in writing to be broadcast by each commercial television station operating in the United States and viewed in the state, and by at least one commercial radio station operating from each county of the state having such a station regularly at six month intervals for five consecutive years.

(3) It shall cause a notice in writing to be placed in a prominent and conspicuous location in each county courthouse in the state.

(4) The county treasurer of each county shall enclose with each mailing of one or more statements of taxes due issued in 1972 a copy of a notice in writing and a declaration that it shall be the duty of the recipient of the statement of taxes due to forward the notice to the beneficial owner of the property. A sufficient number of copies of the notice and declaration shall be supplied to each county treasurer by the director of ecology before the fifteenth day of January, 1972. In the implementation of this subsection the department of ecology shall provide reimbursement to the county treasurer for the reasonable additional costs, if any there may be, incurred by said treasurer arising from the inclusion of a notice in writing as required herein.

The director of the department may also in his or her discretion give notice in any other manner which will carry out the purposes of this section. Where notice in writing is given pursuant to subsections (1) and (3) of this section, RCW 90.14.041, 90.14.051, and 90.14.071 shall be set forth and quoted in full. [2013 c 23 § 606; 1988 c 127 § 76; 1969 ex.s. c 284 § 19.]

Reviser's note: "this 1969 amendatory act" has been changed to "this chapter" in the first paragraph. "This 1969 amendatory act" [1969 ex.s. c 284] consists of RCW 90.48.290, former RCW 90.48.295, since repealed, RCW 90.22.010 through 90.22.040, 90.14.031 through 90.14.121, 43.27A.190 through 43.27A.220, 43.27A.075, and repeals RCW 43.21.145 and 90.14.030 through 90.14.120.

Additional notes found at www.leg.wa.gov

90.14.111 Water rights claims registry. The department of ecology is directed to establish a registry entitled the "Water Rights Claims Registry". All claims set forth pursuant to RCW 90.14.041, 90.14.051 and 90.14.061 shall be filed in the registry alphabetically and consecutively by control number, and by such other manner as deemed appropriate by the department. [1988 c 127 § 77; 1969 ex.s. c 284 § 20.]

Additional notes found at www.leg.wa.gov

90.14.121 Penalty for overstating claim. The filing of a statement of claim pursuant to RCW 90.14.061 which knowingly provides for an overstatement of a right either in quantities of water or times of use claimed shall constitute a misdemeanor punishable by a fine of not more than two hundred fifty dollars or by imprisonment for not more than ninety days, or both. [1969 ex.s. c 284 § 21.]

Additional notes found at www.leg.wa.gov
90.14.130 Reversion of rights to state due to non-use—Notice by order—Relinquishment determinations—Appeal. When it appears to the department of ecology that a person entitled to the use of water has not beneficially used his or her water right or some portion thereof, and it appears that said right has or may have reverted to the state because of such nonuse, as provided by RCW 90.14.160, 90.14.170, or 90.14.180, the department of ecology shall notify such person by order: PROVIDED, That where a company, association, district, or the United States has filed a blanket claim under the provisions of *RCW 90.14.060 for the total benefits of those served by it, the notice shall be served on such company, association, district or the United States and not upon any of its individual water users who may not have used the water or some portion thereof which they were entitled to use. The order shall contain: (1) A description of the water right, including the approximate location of the point of diversion, the general description of the lands or places where such waters were used, the water source, the amount involved, the purpose of use, and the apparent authority upon which the right is based; (2) a statement that unless sufficient cause be shown on appeal the water right will be declared relinquished; and (3) a statement that such order may be appealed to the pollution control hearings board. Any person aggrieved by such an order may appeal it to the pollution control hearings board pursuant to RCW 43.21B.310. The order shall be served by registered or certified mail to the last known address of the person and be posted at the point of diversion or withdrawal. The order by itself shall not alter the recipient's right to use water, if any. [2013 c 23 § 607; 1987 c 109 § 13; 1967 c 233 § 13.]

*Reviser's note: RCW 90.14.060 was repealed by 1969 ex.s. c 284 § 23, which act added new sections relating to the registration of claims for water rights as codified in this chapter.

Proceedings under this section deemed adjudicative—Application of RCW sections to specific proceedings: RCW 90.14.200.

90.14.140 "Sufficient cause" for nonuse defined—Rights exempted. (Effective until June 30, 2019.) (1) For the purposes of RCW 90.14.130 through 90.14.180, "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:
(a) Drought, or other unavailability of water;
(b) Active service in the armed forces of the United States during military crisis;
(c) Nonvoluntary service in the armed forces of the United States;
(d) The operation of legal proceedings;
(e) Federal or state agency leases of or options to purchase lands or water rights which preclude or reduce the use of the right by the owner of the water right;
(f) Federal laws imposing land or water use restrictions either directly or through the voluntary enrollment of a landowner in a federal program implementing those laws, or acreage limitations, or production quotas;
(g) Temporarily reduced water need for irrigation use where such reduction is due to varying weather conditions, including but not limited to precipitation and temperature, that warranted the reduction in water use, so long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right;
(h) Temporarily reduced diversions or withdrawals of irrigation water directly resulting from the provisions of a contract or similar agreement in which a supplier of electricity buys back electricity from the water right holder and the electricity is needed for the diversion or withdrawal or for the use of the water diverted or withdrawn for irrigation purposes;
(i) Water conservation measures implemented under the Yakima river basin water enhancement project, so long as the conserved water is reallocated in accordance with the provisions of P.L. 103-434;
(j) Reliance by an irrigation water user on the transitory presence of return flows in lieu of diversion or withdrawal of water from the primary source of supply, if such return flows are measured or reliably estimated using a scientific methodology generally accepted as reliable within the scientific community;
(k) The reduced use of irrigation water resulting from crop rotation. For purposes of this subsection, crop rotation means the temporary change in the type of crops grown resulting from the exercise of generally recognized sound farming practices. Unused water resulting from crop rotation will not be relinquished if the remaining portion of the water continues to be beneficially used; or
(l) Waiting for a final determination from the department of ecology on a change application filed under RCW 90.03.250, 90.03.380, or 90.44.100.

(2) Notwithstanding any other provisions of RCW 90.14.130 through 90.14.180, there shall be no relinquishment of any water right:
(a) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW;
(b) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion facilities are maintained in good operating condition for the use of such reserve or standby water supply;
(c) If such right is claimed for a determined future development to take place either within fifteen years of July 1, 1967, or the most recent beneficial use of the water right, whichever date is later;
(d) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW;
(e) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030;
(f) If such right or portion of the right is leased to another person for use on land other than the land to which the right is appurtenant as long as the lessee makes beneficial use of the right in accordance with this chapter and a transfer or change of the right has been approved by the department in accordance with RCW 90.03.380, 90.03.383, 90.03.390, or 90.44.100;
(g) If such a right or portion of the right is authorized for a purpose that is satisfied by the use of agricultural industrial process water as authorized under RCW 90.46.150;
(h) If such right is a trust water right under chapter 90.38 or 90.42 RCW;

(i) If such a right is involved in an approved local water plan created under RCW 90.92.090, provided the right is subject to an agreement not to divert under RCW 90.92.050, or provided the right is banked under RCW 90.92.070.

(3) In adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised. [2012 c 7 § 1; 2009 c 183 § 14. Prior: 2001 c 240 § 1; 2001 c 237 § 27; 2001 c 69 § 5; 1998 c 258 § 1; 1987 c 125 § 1; 1967 c 233 § 14.]

Expiration date—2012 c 7 § 1: "Section 1 of this act expires June 30, 2019." [2012 c 7 § 3.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 98.82.040.

Intent—2001 c 237: See note following RCW 96.66.065.

Application to Yakima river basin trust water rights: RCW 90.38.040.

Additional notes found at www.leg.wa.gov

90.14.140 "Sufficient cause" for nonuse defined—Rights exempted. (Effective June 30, 2019.) (1) For the purposes of RCW 90.14.130 through 90.14.180, "sufficient cause" shall be defined as the nonuse of all or a portion of the water by the owner of a water right for a period of five or more consecutive years where such nonuse occurs as a result of:

(a) Drought, or other unavailability of water;

(b) Active service in the armed forces of the United States during military crisis;

(c) Nonvoluntary service in the armed forces of the United States;

(d) The operation of legal proceedings;

(e) Federal or state agency leases of or options to purchase lands or water rights which preclude or reduce the use of the right by the owner of the water right;

(f) Federal laws imposing land or water use restrictions either directly or through the voluntary enrollment of a landowner in a federal program implementing those laws, or acreage limitations, or production quotas;

(g) Temporarily reduced water need for irrigation use where such reduction is due to varying weather conditions, including but not limited to precipitation and temperature, that warranted the reduction in water use, so long as the water user's diversion and delivery facilities are maintained in good operating condition consistent with beneficial use of the full amount of the water right;

(h) Temporarily reduced diversions or withdrawals of irrigation water directly resulting from the provisions of a contract or similar agreement in which a supplier of electricity buys back electricity from the water right holder and the electricity is needed for the diversion or withdrawal or for the use of the water diverted or withdrawn for irrigation purposes;

(i) Water conservation measures implemented under the Yakima river basin water enhancement project, so long as the conserved water is reallocated in accordance with the provisions of P.L. 103–434;

(j) Reliance by an irrigation water user on the transitory presence of return flows in lieu of diversion or withdrawal of water from the primary source of supply, if such return flows are measured or reliably estimated using a scientific methodology generally accepted as reliable within the scientific community;

(k) The reduced use of irrigation water resulting from crop rotation. For purposes of this subsection, crop rotation means the temporary change in the type of crops grown resulting from the exercise of generally recognized sound farming practices. Unused water resulting from crop rotation will not be relinquished if the remaining portion of the water continues to be beneficially used;

(l) Waiting for a final determination from the department of ecology on a change application filed under RCW 90.03.250, 90.03.380, or 90.44.100.

(2) Notwithstanding any other provisions of RCW 90.14.130 through 90.14.180, there shall be no relinquishment of any water right:

(a) If such right is claimed for power development purposes under chapter 90.16 RCW and annual license fees are paid in accordance with chapter 90.16 RCW;

(b) If such right is used for a standby or reserve water supply to be used in time of drought or other low flow period so long as withdrawal or diversion facilities are maintained in good operating condition for the use of such reserve or standby water supply;

(c) If such right is claimed for a determined future development to take place either within fifteen years of July 1, 1967, or the most recent beneficial use of the water right, whichever date is later;

(d) If such right is claimed for municipal water supply purposes under chapter 90.03 RCW;

(e) If such waters are not subject to appropriation under the applicable provisions of RCW 90.40.030;

(f) If such right or portion of the right is leased to another person for use on land other than the land to which the right is appurtenant as long as the lessee makes beneficial use of the right in accordance with this chapter and a transfer or change of the right has been approved by the department in accordance with RCW 90.03.380, 90.03.383, 90.03.390, or 90.44.100;

(g) If such a right or portion of the right is authorized for a purpose that is satisfied by the use of agricultural industrial process water as authorized under RCW 90.46.150; or

(h) If such right is a trust water right under chapter 90.38 or 90.42 RCW.

(3) In adding provisions to this section by chapter 237, Laws of 2001, the legislature does not intend to imply legislative approval or disapproval of any existing administrative policy regarding, or any existing administrative or judicial interpretation of, the provisions of this section not expressly added or revised. [2012 c 7 § 2. Prior: 2001 c 240 § 1; 2001 c 237 § 27; 2001 c 69 § 5; 1998 c 258 § 1; 1987 c 125 § 1; 1967 c 233 § 14.]

Effective date—2012 c 7 § 2: "Section 2 of this act takes effect June 30, 2019." [2012 c 7 § 4.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 96.66.065.

Application to Yakima river basin trust water rights: RCW 90.38.040.
90.14.150 Rights arising from permit to withdraw public waters not affected—Extensions. Nothing in this chapter shall be construed to affect any rights or privileges arising from any permit to withdraw public waters or any application for such permit, but the department of ecology shall grant extensions of time to the holder of a preliminary permit only as provided by RCW 90.03.290. [1987 c 109 § 100; 1967 c 233 § 15.] 

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.14.160 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Prior rights acquired through appropriation, custom or general adjudication. Any person entitled to divert or withdraw waters of the state through any appropriation authorized by enactments of the legislature prior to enactment of chapter 117, Laws of 1917, or by custom, or by general adjudication, who abandons the same, or who voluntarily fails, without sufficient cause, to beneficially use all or any part of said right to divert or withdraw for any period of five successive years after July 1, 1967, shall relinquish such right or portion thereof, and said right or portion thereof shall revert to the state, and the waters affected by said right shall become available for appropriation in accordance with RCW 90.03.250. [1981 c 291 § 1; 1979 ex.s. c 216 § 5; 1967 c 233 § 16.]

Application to Yakima river basin trust water rights: RCW 90.38.040.
Additional notes found at www.leg.wa.gov

90.14.170 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Rights acquired due to ownership of land abutting stream, lake, or watercourse. Any person entitled to divert or withdraw waters of the state by virtue of his or her ownership of land abutting a stream, lake, or watercourse, who abandons the same, or who voluntarily fails, without sufficient cause, to beneficially use all or any part of said right to divert or withdraw said water for any period of five successive years after July 1, 1967, shall relinquish such right or portion thereof, and such right or portion thereof shall revert to the state, and the waters affected by said right shall become available for appropriation in accordance with the provisions of RCW 90.03.250. [2013 c 23 § 608; 1967 c 233 § 17.]

Application to Yakima river basin trust water rights: RCW 90.38.040.
Availability for other uses qualified: RCW 90.14.160.
Implementation and enforcement of chapter—Application of RCW sections to specific proceedings: RCW 90.14.200.
Additional notes found at www.leg.wa.gov

90.14.180 Relinquishment of right for abandonment or failure to beneficially use without sufficient cause—Future rights acquired through appropriation. Any person hereafter entitled to divert or withdraw waters of the state through an appropriation authorized under RCW 90.03.330, 90.44.080, or 90.44.090 who abandons the same, or who voluntarily fails, without sufficient cause, to beneficially use all or any part of said right to withdraw for any period of five successive years shall relinquish such right or portion thereof, and such right or portion thereof shall revert to the state, and the waters affected by said right shall become available for appropriation in accordance with RCW 90.03.250. All certific-ates hereafter issued by the department of ecology pursuant to RCW 90.03.330 shall expressly incorporate this section by reference. [1987 c 109 § 101; 1967 c 233 § 18.]

Application to Yakima river basin trust water rights: RCW 90.38.040.
Availability for other uses qualified: RCW 90.14.160.
Implementation and enforcement of chapter—Application of RCW sections to specific proceedings: RCW 90.14.200.

90.14.190 Water resources decisions—Appeals—Attorneys’ fees. Any person feeling aggrieved by any decision of the department of ecology may have the same reviewed pursuant to RCW 43.21B.310. In any such review, the findings of fact as set forth in the report of the department of ecology shall be prima facie evidence of the fact of any waiver or relinquishment of a water right or portion thereof. If the hearings board affirms the decision of the department, a party seeks review in superior court of that hearings board decision pursuant to chapter 34.05 RCW, and the court determines that the party was injured by an arbitrary, capricious, or erroneous order of the department, the court may award reasonable attorneys' fees. [1987 c 109 § 14; 1967 c 233 § 19.]

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.14.200 Implementation and enforcement of chapter—Procedures under RCW 90.14.130 deemed adjudicative—Application of RCW sections to specific proceedings. (1) All matters relating to the implementation and enforcement of this chapter by the department of ecology shall be carried out in accordance with chapter 34.05 RCW, the Administrative Procedure Act, except where the provisions of this chapter expressly conflict with chapter 34.05 RCW. Proceedings held pursuant to RCW 90.14.130 are adjudicative proceedings within the meaning of chapter 34.05 RCW. Final decisions of the department of ecology in these proceedings are subject to review in accordance with chapter 43.21B RCW.

(2) RCW 90.14.130 provides nonexclusive procedures for determining a relinquishment of water rights under RCW 90.14.160, 90.14.170, and 90.14.180. RCW 90.14.160, 90.14.170, and 90.14.180 may be applied in, among other proceedings, general adjudication proceedings initiated under RCW 90.03.110 or 90.44.220: PROVIDED, That nothing herein shall apply to litigation involving determinations of the department of ecology under RCW 90.03.290 relating to the impairment of existing rights. [1989 c 175 § 180; 1979 ex.s. c 216 § 6; 1967 c 233 § 20.]

Application to Yakima river basin trust water rights: RCW 90.38.040.
Additional notes found at www.leg.wa.gov
90.14.210 Chapter applies to all rights to withdraw groundwaters. The provisions of this chapter shall apply to all rights to withdraw groundwaters of the state, whether authorized by chapter 90.44 RCW or otherwise. [1967 c 233 § 21.]

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.14.215 Chapter not applicable to trust water rights under chapter 90.38 or 90.42 RCW. This chapter shall not apply to trust water rights held or exercised by the department of ecology under chapter 90.38 or 90.42 RCW. [1991 c 347 § 14.]

Purposes—1991 c 347: See note following RCW 90.42.005.

Additional notes found at www.leg.wa.gov

90.14.220 No rights to be acquired by prescription or adverse use. No rights to the use of surface or ground waters of the state affecting either appropriated or unappropriated waters thereof may be acquired by prescription or adverse use. [1967 c 233 § 22.]

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.14.230 Rules and regulations. The department of ecology is authorized to promulgate such rules and regulations as are necessary to carry out the provisions of this chapter. [1987 c 109 § 102; 1967 c 233 § 23.]

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.14.240 Water rights tracking system account. The water rights tracking system account is created in the state treasury. Twenty percent of the fees collected by the department of ecology according to RCW 90.03.470 must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used by the department of ecology for the development, implementation, and management of a water rights tracking system, including a water rights mapping system and a water rights database. [2005 c 412 § 3.]

Findings—Intent—2005 c 412: See note following RCW 90.03.470.

90.14.900 Effective date—1967 c 233. The effective date of this act is July 1, 1967. [1967 c 233 § 25.]

Application to Yakima river basin trust water rights: RCW 90.38.040.

90.14.910 Severability—1967 c 233. If any provisions of this act or the application thereof to any person or circumstance is held invalid, the act can be given effect without the invalid provision or application; and to this end the provisions of this act are declared to be severable. This act shall be liberally construed to effectuate its purpose. [1967 c 233 § 26.]

Application to Yakima river basin trust water rights: RCW 90.38.040.

Chapter 90.16 RCW

APPROPRIATION OF WATER
FOR PUBLIC AND INDUSTRIAL PURPOSES

Sections
90.16.010 Appropriation by certain water companies.

[Title 90 RCW—page 40]
any such stream or its tributaries, or above or below such
dam, canal, reservoir, ditch, pipe, flume or aqueduct, or of the
owners of the land through or upon which such dam, canal, reservoirs,
ditch, pipe, flume or aqueduct, may pass through or over, or
be situated upon, unless just and adequate compensation be
previously ascertained and paid therefor. [Code 1881 Bagley's Supp. p 38-39 § 1; 1879 p 124 § 1; RRS § 11575.]

90.16.025 Appropriation for industrial purposes—
Procedure. The mode of proceeding to appropriate, take
possession of and divert such waters and to build such dam,
canal, ditch, reservoir, pipe, flume, or aqueduct, as prescribed
in RCW 90.16.020, when the parties cannot agree upon the
purchase thereof, shall be the same as prescribed in chapter
four of an act to provide for the formation of corporations,
approved November thirteenth, eighteen hundred and sev-
enty-three, except that the amount of the benefits accruing to
the residue of the property of the same individual or corpora-
tion, by reason of the use made of that taken, to be estimated
by the parties assessing the damages, shall be deducted from
the value of the property taken. [Code 1881 Bagley's Supp. p
39 § 2; 1879 p 125 § 2.]

90.16.030 Right of eminent domain by water power
companies. The right of eminent domain for the purpose of
appropriating real estate is hereby extended to all corpo-
rateations that are now or that may hereafter be incorporated under
the laws of this state, or of any state or territory of the United
States and doing business in this state, for the purpose of con-
voying water by ditches, flumes, pipe lines, tunnels or any other
means for the utilization of water: PROVIDED,
HOWEVER, That said right of eminent domain shall not be
exercised in respect to any residence or business structure or
structures. [1901 c 143 § 1; RRS § 11572. FORMER PART
OF SECTION: 1901 c 143 § 3; RRS § 11574, now codified as
RCW 90.16.045.]

90.16.040 Right of eminent domain by water power
companies—Right of entry. Every corporation that is now
or that may hereafter be incorporated under the laws of this
state, or of any other state or territory of the United States and
doing business in this state, for the purpose of conveying
water by ditches, flumes, pipe lines, tunnels or any other
means for the utilization of water power, shall have the right
to enter upon any land between the termini of the proposed
ditches, flumes, pipe lines, tunnels or any other means for the
utilization of water power, for the purpose of examining,
locating and surveying such ditches, flumes, pipe lines, tun-
nels or any other means for the utilization of water power,
doing no unnecessary damage thereby. [1901 c 143 § 2; RRS
§ 11573.]

90.16.045 Right of eminent domain by water power
companies—Procedure. Every such corporation shall have
the right, subject to the proviso contained in RCW 90.16.030
to appropriate real estate or other property for a right-of-way
for such ditches, flumes, pipe lines, tunnels or other means of
conveying water, and for any other corporate purposes, in
the same manner and under the same procedure as now is or may
be hereafter provided by law in the case of other corporations
authorized by the laws of the state to exercise the right of
eminent domain. [1901 c 143 § 3; RRS § 11574. Formerly
RCW 90.16.030, part.]

Eminent domain by corporations: Chapter 8.20 RCW.

90.16.050 Use of water for power development—
Annual license fee—Progress report—Exceptions to the
fee schedule. (1) Every person, firm, private or municipal
corporation, or association hereinafter called "claimant",
claiming the right to the use of water within or bordering
upon the state of Washington for power development, shall
on or before the first day of January of each year pay to the
state of Washington in advance an annual license fee, based
upon the theoretical water power claimed under each and
every separate claim to water according to the following
schedule:

(a) For projects in operation: For each and every theoretical
horsepower claimed up to and including one thousand
horsepower, at the rate of eighteen cents per horsepower; for
each and every theoretical horsepower in excess of one thou-
sand horsepower, up to and including ten thousand horse-
power, at the rate of three and six-tenths cents per horse-
power; for each and every theoretical horsepower in excess of
ten thousand horsepower, at the rate of one and eight-tenths
cents per horsepower.

(b) For federal energy regulatory commission projects in
operation, the following fee schedule applies in addition to
the fees in (a) of this subsection: For each theoretical horse-
power of capacity up to and including one thousand
horsepower, at the rate of thirty-two cents per horsepower; for
each theoretical horsepower in excess of one thousand
horsepower, up to and including ten thousand horsepower,
at the rate of six and four-tenths cents per horsepower; for each the-
oretical horsepower in excess of ten thousand horsepower, at the rate of three and two-tenths
cents per horsepower.

(c) To justify the appropriate use of fees collected under
(b) of this subsection, the department of ecology shall submit a
progress report to the appropriate committees of the legisla-
ture prior to December 31, 2009, and biennially thereafter
until December 31, 2017.

(i) The progress report will: (A) Describe how license
fees were expended in the federal energy regulatory commis-
sion licensing process during the current biennium, and
expected workload and full-time equivalent employees for
federal energy regulatory commission licensing in the next
biennium; (B) include any recommendations based on con-
sultation with the departments of ecology and fish and wild-
life, hydropower project operators, and other interested par-
ties; and (C) recognize hydropower operators that exceed
their environmental regulatory requirements.

(ii) The fees required in (b) of this subsection expire June
30, 2017. The biennial progress reports submitted by the
department of ecology will serve as a record for considering
the extension of the fee structure in (b) of this subsection.

(2) The following are exceptions to the fee schedule in
subsection (1) of this section:

(a) For undeveloped projects, the fee shall be at one-half
the rates specified for projects in operation; for projects
partly developed and in operation the fees paid on that por-
tion of any project that shall have been developed and in
operation shall be the full annual license fee specified in sub-
section (1) of this section for projects in operation, and for the
remainder of the power claimed under such project the fees
shall be the same as for undeveloped projects.

(b) The fees required in subsection (1) of this section do
not apply to any hydropower project owned by the United
States.

(c) The fees required in subsection (1) of this section do
not apply to the use of water for the generation of fifty horse-

power or less.

(d) The fees required in subsection (1) of this section for
projects developed by an irrigation district in conjunction
with the irrigation district's water conveyance system shall be
reduced by fifty percent to reflect the portion of the year
when the project is not operable.

(e) Any irrigation district or other municipal subdivision
of the state, developing power chiefly for use in pumping of
water for irrigation, upon the filing of a statement showing
the amount of power used for irrigation pumping, is exempt
from the fees in subsection (1) of this section to the extent of
the power used for irrigation pumping. [2007 c 286 § 1; 1929
c 105 § 1; RRS § 11575-1.1.]

90.16.060 Schedule of fees for claimants of water
power—Statement of claim—Penalties—Excessive
claim—Abandonment. The license fee herein required
shall be paid in advance to the state department of ecology
and shall be accompanied by written statement, showing the
extent of the claim. Said statement shall set forth the name
and address of the claimant, the name of the stream from
which the water is appropriated or claimed for power devel-

opment, a description of the forty acres or smallest legal sub-

division in which the point of diversion and point of return
are located, the date of the right as claimed, the maximum
amount of water claimed, expressed in cubic feet per second
of time, the total average fall utilized under such claim, the
manner of developing power and the use to which the power
is applied. If the regular flow is supplemented by water stored
in a reservoir, the location of such reservoir, its capacity in
acre feet, and the stream from which it is filled and fed,
should be given, also the date of the right as claimed for stor-

age purposes.

Should any claimant fail or neglect to file such statement
within the time specified, or fail or neglect to pay such fees
within the time specified, the fees due and payable shall be at
the schedule rates set out in RCW 90.16.050, increased
twenty-five percent, and the state shall have preference lien
therefor, with interest at the rate of ten percent per annum
from the date of delinquency, upon the property of claimant
used or necessary for use in the development of the right or
claim, together with any improvements erected thereon for
such development, and upon request from the director of
ecology the attorney general shall proceed to foreclose the
lien, and collect the amount due, as herein provided, in the
same manner as other liens for general state and county taxes
on real property are foreclosed.

The filing of a claim to water in excess of the amount to
which the claimant is legally entitled shall not operate to vest
in such claimant any right to the use of such excess water, nor
shall the payment of the annual license fees, provided for
herein, operate to vest in any claimant any right to the use of
such water beyond the amount to which claimant is legally
entitled. The filing of such claim, or claims to water shall be
conclusive evidence of abandonment by the claimant of all
right to water for power purposes not covered by the claim, or
claims, as filed; and the failure to file statement and pay the
fees, as herein required, for any power site or claim of power
rights on account of riparian ownership within two years after
June 12, 1929, shall be conclusive evidence of abandonment.
The amount of the theoretical horsepower upon which fees
shall be paid shall be computed by multiplying the maximum
amount of water claimed, expressed in cubic feet per second
of time, by the average fall utilized, expressed in feet, and
dividing the product by 8.8. [1988 c 127 § 2; 1929 c 105 §
2; RRS § 11575-2. Formerly RCW 90.16.060, 90.16.070 and
90.16.080.]

90.16.090 Disposition of fees. (1) All fees paid under
provisions of this chapter, shall be credited by the state trea-
urer to the reclamation account created in RCW 89.16.020
and subject to legislative appropriation, be allocated and
expended by the director of ecology for:

(a) Investigations and surveys of natural resources in
cooperation with the federal government, or independently
thereof, including stream gaging, hydrographic, topographic,
river, underground water, mineral and geological surveys;
and

(b) Expenses associated with staff at the departments of
ecology and fish and wildlife working on federal energy reg-
ulatory commission relicensing and license implementation.

(2) Unless otherwise required by the omnibus biennial
appropriations acts, the expenditures for these purposes must
be proportional to the revenues collected under RCW
90.16.050(1). [2007 c 286 § 2; 1988 c 127 § 79; 1973 c 106
§ 39; 1939 c 209 § 1; 1929 c 105 § 3; RRS § 11575-3.]

90.16.100 Appropriation of lands by corporations
conveying water. All corporations, authorized to do busi-
ness in the state, and who have been, or may hereafter be
organized, for the purpose of erecting and maintaining flumes
and aqueducts to convey water for consumption or for min-
ing, irrigation, milling or other industrial purposes, shall have
the same right to appropriate lands for necessary corporate
purposes, and under the same regulations and instructions as
are provided for other corporations; and such corporations
organized for such purposes, in order to carry out the object
of their incorporation, are authorized to take and use any
water not otherwise legally appropriated. [Code 1881 §
2472; 1879 p 134 § 1; RRS § 11576.]

90.16.110 Water for use outside state. Whenever the
use of water shall be necessary for domestic, manufacturing,
irrigation, or in interstate transportation at or for any incorpo-
rated or unincorporated city, town, village or hamlet situated
partly in Washington and partly in an adjoining state or where
any city, town, village or hamlet is incorporated on one side
of the state line and there are inhabitants living in adjacent
and contiguous territory on the other side, it shall be lawful
for any person, association or corporation to locate, appropri-
ate, divert and deliver any of the unappropriated public waters of this state necessary for the use of such city, town, village or hamlet and the inhabitants thereof and those residing in and embracing such contiguous territory both within this state and such adjoining state; and locations may be made and authority is hereby granted for such purpose the same as for any other appropriation within the state and a diversion and delivery for such purpose shall have the same force and effect as if made for use wholly within this state and any appropriation, diversion or use heretofore made for such purpose shall be deemed as valid and legal as if made for a use wholly within this state and priority thereof shall date from the appropriation and diversion the same as if it had been made for use wholly within this state. [1919 c 41 § 1; RRS § 11577.]

90.16.120 Water for use outside state—Reciprocity. The provisions of *this act* shall not apply to any territory or the inhabitants thereof situated or located in any adjoining state which does not by its laws, usages or legal regulations grant similar or reciprocal rights, privileges and opportunities to this state and its inhabitants and adjacent and contiguous territory whether incorporated or unincorporated as in *this act* specified. [1919 c 41 § 2; RRS § 11578.]

*Reviser's note:* "this act" [1919 c 41], is codified in RCW 90.16.110 and 90.16.120.

Chapter 90.22 RCW

MINIMUM WATER FLOWS AND LEVELS

Sections

90.22.010 Establishment of minimum water flows or levels—Authorized—Purposes. The department of ecology may establish minimum water flows or levels for streams, lakes or other public waters for the purposes of protecting fish, game, birds or other wildlife resources, or recreational or aesthetic values of said public waters whenever it appears to be in the public interest to establish the same. In addition, the department of ecology shall, when requested by the department of fish and wildlife to protect fish, game or other wildlife resources under the jurisdiction of the requesting state agency, or if the department of ecology finds it necessary to preserve water quality, establish such minimum flows or levels as are required to protect the resource or preserve the water quality described in the request or determination. Any request submitted by the department of fish and wildlife shall include a statement setting forth the need for establishing a minimum flow or level. When the department acts to preserve water quality, it shall include a similar statement with the proposed rule filed with the code reviser. This section shall not apply to waters artificially stored in reservoirs, provided that in the granting of storage permits by the department of ecology in the future, full recognition shall be given to downstream minimum flows, if any there may be, which have theretofore been established hereunder. [1997 c 32 § 4; 1994 c 264 § 86; 1988 c 47 § 6. Prior: 1987 c 506 § 96; 1987 c 109 § 103; 1969 ex.s. c 284 § 3.]

Legislative findings and intent—1987 c 506: See note following RCW 77.04.020.

90.22.020 Establishment of minimum water flows or levels—Hearings—Notice—Rules. Flows or levels authorized for establishment under RCW 90.22.010, or subsequent modification thereof by the department shall be provided for through the adoption of rules. Before the establishment or modification of a water flow or level for any stream or lake or other public water, the department shall hold a public hearing in the county in which the stream, lake, or other public water is located. If it is located in more than one county the department shall determine the location or locations therein and the number of hearings to be conducted. Notice of the hearings shall be given by publication in a newspaper of general circulation in the county or counties in which the stream, lake, or other public waters is located, once a week for two consecutive weeks before the hearing. The notice shall include the following:

1. The name of each stream, lake, or other water source under consideration;
2. The place and time of the hearing;
3. A statement that any person, including any private citizen or public official, may present his or her views either orally or in writing.

Notice of the hearing shall also be served upon the administrators of the departments of social and health services, natural resources, fish and wildlife, and transportation. [1994 c 264 § 87; 1987 c 506 § 97; 1985 c 196 § 1; 1984 c 7 § 384; 1969 ex.s. c 284 § 4.]

Legislative findings and intent—1987 c 506: See note following RCW 77.04.020.

Additional notes found at www.leg.wa.gov

90.22.030 Existing water and storage rights—Right to divert or store water. The establishment of levels and flows pursuant to RCW 90.22.010 shall in no way affect existing water and storage rights and the use thereof, including but not limited to rights relating to the operation of any hydroelectric or water storage reservoir or related facility. No right to divert or store public waters shall be granted by the department of ecology which shall conflict with regulations adopted pursuant to RCW 90.22.010 and 90.22.020 establishing flows or levels. All regulations establishing flows or levels shall be filed in a "Minimum Water Level and Flow Register" of the department of ecology. [1988 c 127 § 81; 1969 ex.s. c 284 § 5.]

Additional notes found at www.leg.wa.gov

90.22.040 Stockwatering requirements. It shall be the policy of the state, and the department of ecology shall be so guided in the implementation of RCW 90.22.010 and 90.22.020, to retain sufficient minimum flows or levels in...
streams, lakes or other public waters to provide adequate waters in such water sources to satisfy stockwatering requirements for stock on riparian grazing lands which drink directly therefrom where such retention shall not result in an unconditionally waste of public waters. The policy hereof shall not apply to stockwatering relating to fed lots and other activities which are not related to normal stockgrazing land uses.

[1987 c 109 § 104; 1969 ex.s. c 284 § 6.]

Additional notes found at www.leg.wa.gov

90.24.050 Civil penalties. See RCW 90.03.600.

90.24.060 Instream flow evaluations—Statewide list of priorities—Salmon impact. By December 31, 1993, the department of ecology shall, in cooperation with the Indian tribes, and the department of fish and wildlife, establish a statewide list of priorities for evaluation of instream flows. In establishing these priorities, the department shall consider the achievement of wild salmonid production as its primary goal.

[1998 c 245 § 172; 1993 sp.s. c 4 § 13.]

Findings—Grazing lands—1993 sp.s. c 4: See RCW 79.13.600.

Chapter 90.24 RCW
REGULATION OF OUTFLOW OF LAKES

Sections
90.24.010 Petition to regulate flow—Order—Exceptions.
90.24.020 Contents of petition.
90.24.030 Title of petition—Service of petition and order—Notice.
90.24.040 Hearing on petition—Order—Continuing jurisdiction.
90.24.050 Devices to protect the fish—Cost—Special fund.
90.24.060 Installation of devices.
90.24.066 Jurisdiction over weed control.
90.24.070 Appellate review.

90.24.010 Petition to regulate flow—Order—Exceptions. Ten or more owners of real property abutting on a lake may petition the superior court of the county in which the lake is situated, for an order to provide for the regulation of the outflow of the lake in order to maintain a certain water level therein. If there are fewer than ten owners, a majority of the owners abutting on a lake may petition the superior court for such an order. The court, after notice to the department of fish and wildlife and a hearing, is authorized to make an order fixing the water level thereof and directing the department of ecology to regulate the outflow therefrom in accordance with the purposes described in the petition. This section shall not apply to any lake or reservoir used for the storage of water for irrigation or other beneficial purposes, or to lakes navigable from the sea. [1999 c 162 § 1; 1985 c 398 § 28; 1959 c 258 § 1; 1939 c 107 § 2; RRS § 7388-1.]

Lake and beach management districts: Chapter 36.61 RCW.

Additional notes found at www.leg.wa.gov

90.24.020 Contents of petition. Such petition shall contain a complete description of the property surrounding said lake with the number of front feet contained in each tract with the name of the owner thereof and his or her address together with a brief statement of the reasons and necessity for such application; that the level sought to be established will in no wise interfere with the navigability of said lake or in any manner affect or interfere with fish or game fish which may be then contained or may thereafter be deposited in said lake, but that in order to protect fish or game fish in said lake the construction of fish ladders or other devices may be required to conserve and protect such fish or game fish, then in that event the property owners to be benefited by the establishment of said water level in such lake shall be required to pay the cost thereof, in proportion to linear feet of water front owned by each. [2013 c 23 § 609; 1939 c 107 § 3; RRS § 7388-2.]

90.24.030 Title of petition—Service of petition and order—Notice. The petition shall be entitled "In the matter of fixing the level of Lake ... in ... county, Washington", and shall be filed with the clerk of the court and a copy thereof, together with a copy of the order fixing the time for hearing the petition, shall be served on each owner of property abutting on the lake, not less than ten days before the hearing. Like copies shall also be served upon the director of fish and wildlife and the director of ecology. The copy of the petition and of the order fixing the time for hearing shall be served in the manner provided by law for the service of summons in civil actions, or in such other manner as may be prescribed by order of the court. For the benefit of every riparian owner abutting on a stream or river flowing from such lake, a copy of the notice of hearing shall be published at least once a week for two consecutive weeks before the time set for hearing in a newspaper in each county or counties wherein located, said notice to contain a brief statement of the reasons and necessity for such application. [1994 c 264 § 88; 1988 c 36 § 67; 1987 c 109 § 105; 1963 c 243 § 1; 1959 c 258 § 2; 1947 c 210 § 1; 1939 c 107 § 4; Rem. Supp. 1947 § 7388-3.]

90.24.040 Hearing on petition—Order—Continuing jurisdiction. At the hearing evidence shall be introduced in support of the petition and all interested parties may be heard for or against it. The court shall make findings and conclusions and enter an order granting or refusing the petition, and if the petition is granted, shall fix the water level to be maintained and direct the department of ecology to regulate and control the outflow of the lake so as to properly maintain the water level so far as practicable within maximum and minimum limits when the proper control devices are installed: PROVIDED, That the court shall have continuing jurisdiction after a petition is once granted and shall, upon subsequent petition filed and heard in accordance with the preceding sections, make such further findings and conclusions and enter such further orders as are necessary to accomplish fully the objectives sought in the initial petition: AND PROVIDED FURTHER, That the court find any such riparian owners abutting on a stream or river flowing from such lake be adversely affected in any way by the granting of such a petition, such petition shall be refused. [1985 c 398 § 29; 1959 c 258 § 3; 1939 c 107 § 5; RRS § 7388-4.]

Additional notes found at www.leg.wa.gov

90.24.050 Devices to protect the fish—Cost—Special fund. In the event the court shall find that to protect fish and game fish in said lake that fish ladders or other devices
should be constructed therein or that other construction shall be necessary in order to maintain the determined lake level, the court shall find the proper device to be constructed, the probable cost thereof and by its order and judgment shall apportion the cost thereof among the persons whose property abuts on said lake in proportion to the lineal feet of waterfront owned by each, which sum so found shall constitute a lien against said real property and shall be paid to the county treasurer and by him or her placed in a special fund to be known as "Lake . . . . . . Improvement Fund." The director of ecology shall appoint a suitable person to be compensated by the property owners to regulate the determined level as decreed by the court. [2013 c 23 § 610; 1988 c 127 § 82; 1939 c 107 § 6; RRS § 7388-5.]

90.24.060 Installation of devices. Such improvement or device in said lake for the protection of the fish and game fish therein shall be installed and by under the direction of the board of county commissioners of said county with the approval of the respective directors of the department of fish and wildlife and the department of ecology of the state of Washington and paid for out of the special fund provided for in RCW 90.24.050. [1994 c 264 § 89; 1988 c 36 § 68; 1987 c 109 § 106. Prior: 1939 c 107 § 7; RRS § 7388-6.]

90.24.066 Jurisdiction over weed control. A superior court may continue its jurisdiction over weed control in those lakes that had been under the court's jurisdiction for such purposes prior to July 28, 1985. The continuing jurisdiction of a superior court for such weed control purposes shall be subject to the provisions of chapter 90.24 RCW in the same manner as the continuing jurisdiction of a superior court over the maintenance of lake water levels.

The superior court shall hold hearings under RCW 90.24.040 whenever subsequent petitions are filed with it concerning weed control on a lake over which it has continuing jurisdiction for weed control purposes. If the court finds that the weed control proposals are in the best interests of the abutting property owners, it shall determine what measures should be taken to accomplish these objectives, the probable annual cost thereof, and by its order apportion the cost among the persons whose property abuts on the lake in proportion to the lineal feet of waterfront owned by each, which sum shall constitute a lien against the real property. Payments of these sums shall be made to the county treasurer who shall place these payments into a special fund to be known as "Lake . . . . . . weed removal fund." The court shall appoint a suitable person, to be compensated by the property owners, to undertake weed control activities as decreed by the court. [1988 c 133 § 1.]

90.24.070 Appellate review. Any person aggrieved by the order of judgment of the superior court may seek appellate review in the same manner as in other civil actions. [1988 c 202 § 93; 1971 c 81 § 177; 1939 c 107 § 8; RRS § 7388-7.]

Additional notes found at www.leg.wa.gov
the state of Washington shall be made a party defendant when the road affected is a state highway. If the road is a county road or permanent highway the county in which the road or permanent highway is situated shall be made a party defendant, and when any street or alley in any town is affected the city or town shall be made a party defendant. Any person or corporation may acquire the right to overflow as against the owner of the fee in any such highway, road, street, or alley by making the owner of the fee or of any part thereof a party defendant in the condemnation suit provided for herein or by instituting a separate condemnation suit against any such owner. The damages sustained by any such owner as a result of the overflow of any such highway, road, street, or alley shall be determined as in other condemnation cases, separate and apart from any damage sustained by the state, county, city, or town. [1994 c 81 § 88; 1984 c 7 § 385; 1929 c 154 § 1; 1927 c 202 § 1; RRS § 7354-1.]

Eminent domain by corporations: Chapter 8.20 RCW.

Private ways of necessity: Chapter 8.24 RCW.

Additional notes found at www.leg.wa.gov

90.28.020 Right to back and hold waters over roads, streets, and alleys—Relocation—Acquisition of rights—Abandonment. It shall be the duty of the department of transportation, if the road to be affected shall be a state highway, or of the county legislative authority of the county in which such road is located, if the road to be affected shall be a county road, or permanent highway, or of the council of any town in which the road is located, if the road to be affected shall be a street or alley, within thirty days after entry of said order or decree of public use and the filing of the bond mentioned in RCW 90.28.010, to enter an appropriate order or resolution directing the relocation and reestablishment and completion forthwith of such highway, road, street or alley in place of that so to be overflowed or inundated, and promptly thereafter to acquire all property and rights-of-way necessary therefor, instituting and diligently prosecuting such condemnation suits as may be necessary in order to secure such property and rights-of-way. The decision of the committee, board or council as to relocation and reestablishment set forth in such order or resolution shall be final and conclusive as to all matters and things set forth therein, including the question of public use and necessity in any and all condemnation suits to be brought under RCW 90.28.010 and 90.28.020. After the reestablishment and relocation of any such highway, road, street or alley and the construction and opening thereof in its entirety to public travel and the signing of the grant authorized in RCW 90.28.010, the state highway, county road or permanent highway, street or alley or such part thereof described in said grant shall be deemed to be abandoned and thereafter cease to be a highway, road, street or alley. [1994 c 81 § 88; 1927 c 202 § 2; RRS § 7354-2.]

Eminent domain by corporations: Chapter 8.20 RCW.

Private ways of necessity: Chapter 8.24 RCW.

90.28.040 Limitation on number of irrigation ditches across land. No tract or parcel of improved or occupied land in this state shall, without the written consent of the owner thereof, be subjected to the burden of two or more irrigating ditches constructed for the purpose of conveying water through said property to lands adjoining or beyond the same, when the same object can feasibly and practicably be attained by uniting and conveying all the water necessary to be conveyed through such property in one ditch. [1890 p 717 § 39; RRS § 7401.1]

90.28.160 Fencing across streams. Owners of land or their agents shall have the right to fence across all unmeandered streams at any time when such streams are not used for a public highway, or by making a fence that will not be an obstruction. [1891 c 120 § 3; no RRS.]

90.28.170 Dams across streams. There is hereby granted to persons, firms and corporations organized among other things, for irrigation and power purposes, the right to construct and maintain dams and works incident thereto over, upon and across the beds of the rivers of the state of Washington in connection with such power and irrigation purposes, and there is hereby granted to such persons, firms and corporations an easement over, upon and across the beds of such rivers for such purposes. Such easement shall be limited however, to so much of the beds of such rivers as may be reasonably convenient and necessary for such uses. All such dams and works shall be completed within five years after the commencement of construction work upon the same. The rights and privileges granted by this section shall inure to the benefit of such persons, firms or corporations from the date of the commencement of construction work upon such dams and works incident thereto, and such construction work shall be diligently prosecuted to completion, and the rights, privileges and easements granted by this section shall continue so long as the same shall be utilized by the grantees for the purposes herein specified, and the failure to maintain and use such dams and works after the same shall have been constructed, for a continuous period of two years, shall operate as a forfeiture of all the rights hereby granted and the same shall revert to the state of Washington: PROVIDED, That nothing in this section shall be construed in such a way as to interfere with the use of said rivers for navigation purposes, and all of such rights, privileges and easements granted hereby shall be subject to the paramount control of such rivers for navigation purposes by the United States: AND, PROVIDED FURTHER, That the use and enjoyment of the grants and privileges of this section shall not interfere with the lawful and rightful diversion of the waters of said rivers by other parties under water appropriations in existence at the time any such persons, firms or corporations shall avail themselves of the benefits and privileges of this section, but no such persons, firms or corporations shall have any right to construct any such dams or works over, upon or across the land between ordinary high water and extreme low water of any river of this state without first having acquired the right to do so from the owner or owners of the lands adjoining the land between ordinary high water and extreme low water over or across which said dam or works are constructed. [1911 c 95 § 1; RRS § 7416.1]

Reviser’s note: For later enactment, see chapter 90.03 RCW.

Height of dams on tributaries of Columbia river: Chapter 77.35 RCW.

ARTESIAN WELLS

Sections
90.36.010 Right-of-way to wells.
90.36.020 Flow limited during certain period—Exceptions.
90.36.030 Capping well—Exceptions.
90.36.040 Right of neighboring owner to cap well—Lien.
90.36.050 Penalty—1901 c 121.

Aquifer protection areas: Chapter 36.36 RCW.

90.36.010 Right-of-way to wells. Any person who may be entitled to water from any artesian well shall have the right to condemn the right-of-way for a ditch to convey such water for the purpose of irrigation over the lands intervening between such well and the place where the party owning such water wishes to use the same, and such right-of-way may be condemned sufficient for the purposes of conveying the water, together with the right of ingress and egress, to construct, maintain and repair said ditch, as is hereinafter provided for in this act. [1890 p 711 § 18; RRS § 7403.]

*Reviser's note: The language "as is hereinafter provided for in this act" refers to 1889-90 pp 706-728 §§ 1-67 which has since been repealed with the exception of those sections now codified as RCW 90.28.030 and 90.28.040. Compare the provisions of later enactment in chapter 90.03 RCW.

90.36.020 Flow limited during certain period—Exceptions. It shall be unlawful for any person, firm, corporation or company having possession or control of any artesian well within the state, whether as contractor, owner, lessee, agent or manager, to allow or permit water to flow or escape from such well between the fifteenth day of October in any year and the fifteenth day of March next ensuing; PROVIDED, That *this act shall only apply to sections and communities wherein the use of water for the purpose of irrigation is necessary or customary; and PROVIDED FURTHER, That nothing herein contained shall prevent or prohibit the use of water from any such well between said fifteenth day of October and the fifteenth day of March next ensuing, for household, stock and domestic purposes only, water for said last named purposes to be taken from such well through a three-quarters inch stop and waste cock to be inserted in the piping of such well for that purpose. [1929 c 138 § 1; 1901 c 121 § 1; RRS § 7404.]

*Reviser's note: "this act" refers to 1901 c 121 codified in RCW 90.36.020 through 90.36.050.

90.36.030 Capping well—Exceptions. It shall be the duty of every person, firm, corporation or company having possession or control of any artesian well, as provided in RCW 90.36.020, to securely cap the same over on or before the fifteenth day of October in each and every year in such manner as to prevent the flow or escape of water therefrom, and to keep the same securely capped and prevent the flow or escape of water therefrom until the fifteenth day of March next ensuing; PROVIDED, HOWEVER, It shall and may be lawful for any such person, firm, corporation or company to insert a three-quarters inch stop and waste cock in the piping of such well, and to take and use water therefrom through such stop and waste cock at any time for household, stock, or domestic purposes, but not otherwise. [1929 c 138 § 2; 1901 c 121 § 2; RRS § 7405.]

90.36.040 Right of neighboring owner to cap well—Lien. Whenever any person, firm, corporation or company in possession or control of an artesian well shall fail to comply with the provisions of *this act, any person, firm, corporation or company lawfully in the possession of land situate adjacent to or in the vicinity or neighborhood of such well and within five miles thereof may enter upon the land upon which such well is situate, and take possession of such from which water is allowed to flow or escape in violation of the provisions of RCW 90.36.020, and cap such well and shut in and secure the flow or escape of water therefrom, and the necessary expenses incurred in so doing shall constitute a lien upon said well, and a sufficient quantity of land surrounding the same for the convenient use and operation thereof; which lien may be foreclosed in a civil action in any court of competent jurisdiction, and the court in any such case shall allow the plaintiff a reasonable attorney's fee to be taxed as a part of the cost. This shall be in addition to the penalty provided for in RCW 90.36.050. [1901 c 121 § 4; RRS § 7407.]

*Reviser's note: "this act," see note following RCW 90.36.020.

90.36.050 Penalty—1901 c 121. Any person whether as owner, lessee, agent or manager having possession or control of any such well, violating the provisions of *this act shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not exceeding two hundred dollars for each and every such offense, and the further sum of two hundred dollars for each ten days during which such violation shall continue. [1901 c 121 § 3; RRS § 7406.]

*Reviser's note: "this act," see note following RCW 90.36.020.

Chapter 90.38 RCW
YAKIMA RIVER BASIN WATER RIGHTS

Sections
90.38.005 Findings—Purpose.
90.38.010 Definitions.
90.38.020 Acquisition or donation of trust water rights.
90.38.030 Water conservation projects—Contracts for financial assistance.
90.38.040 Trust water rights program.

90.38.060 Integrated water resource management plan.
90.38.070 Yakima integrated plan implementation account.
90.38.080 Yakima integrated plan implementation taxable bond account.
90.38.090 Yakima integrated plan implementation revenue recovery account.
90.38.100 Report to the legislature and governor.
90.38.110 Construction of a water supply project—Prior review by the state of Washington water research center.
90.38.120 Legislative intent—Cost to implement the integrated plan.
90.38.130 Authorization to purchase land—Management and disposal of land.
90.38.902 Existing rights not impaired.
90.38.901 Transfer of rights between irrigation districts not intended.
90.38.900 Yakima integrated plan implementation revenue recovery account.
90.38.902 Existing rights not impaired.

90.38.005 Findings—Purpose. (1) The legislature finds that:
(a) Under present physical conditions in the Yakima river basin there is an insufficient supply of ground and surface water to satisfy the present needs of the basin, and that the general health, welfare, and safety of the people of the Yakima river basin depend upon the conservation, management, development, and optimum use of all the basin's water resources;

[Title 90 RCW—page 47]
(b) The future competition for water among municipal, domestic, industrial, agricultural, and instream water interests in the Yakima river basin will be intensified by continued population growth, and by changes in climate and precipitation anticipated to reduce the basin's snow pack and thereby reduce the total water supply available to existing water users, instream flows, and carryover storage;

(c) To address the challenges described in this subsection, Congress has enacted several bills to promote Yakima river basin water enhancement, each of which was urged for enactment by this state, the United States has completed a study of ways to provide needed waters through improvements of the federal water project presently existing in the Yakima river basin, and federal, tribal, state, and local cooperators have developed an integrated water resource management plan for improving water supply, habitat, and streamflow conditions in the Yakima river basin;

(d) As part of the Yakima river basin water enhancement project, the United States department of the interior's bureau of reclamation is now seeking funding to support implementation of the integrated water resource management plan for the Yakima river basin, which was jointly prepared by the Washington state department of ecology and the United States bureau of reclamation and published in a final programmatic environmental impact statement in March 2012;

(e) The interests of the state will be served by developing programs, in cooperation with the United States and the various water users in the basin, that increase the overall ability to manage basin waters in order to better satisfy both present and future needs for water in the Yakima river basin;

(f) The interests of the state will also be served through coordination of federal and state policies and procedures in order to develop and implement projects within the framework of the integrated water resource management plan for the Yakima river basin. The pace of integrated plan implementation over the long term depends upon adequate funding and is subject to the availability of amounts appropriated for this purpose;

(g) The current real estate market provides opportunities to acquire community forest lands that are useful for protecting and enhancing watershed function at affordable prices;

(h) Although significant benefits are anticipated to result from the implementation of the Yakima integrated plan, in light of its substantial costs and the state's limited capacity to absorb them within existing resources, there is a need to identify and evaluate potential new state and local revenue sources to assist in paying the state and local share of implementation costs.

(2) It is the purpose of this chapter, consistent with these findings, to:

(a) Improve the ability of the state to work with the United States and various water users of the Yakima river basin in a program designed to satisfy both existing rights, and other presently unmet as well as future needs of the basin;

(b) Establish legislative intent to promote timely and effective implementation of the integrated plan in the Yakima river basin, and to promote the aggressive pursuit of water supply solutions that provide concurrent benefits to both instream and out-of-stream uses in the Yakima river basin as rapidly as possible; and

(c) Take advantage of affordable real estate prices to acquire community forest lands that are useful for protecting and enhancing watershed function.

(3) The provisions of this chapter apply only to waters of the Yakima river basin. [2013 2nd sp.s. c 11 § 1; 1989 c 429 § 1.]

90.38.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Integrated plan" means the Yakima river basin integrated water resource management plan developed through a consensus-based approach by a diverse work group of representatives of the Yakama Nation, federal, state, county, and city governments, environmental organizations, and irrigation districts, which is to be implemented consistent with congressional Yakima river basin water enhancement project enactments and for which the final programmatic environmental impact statement was made available for review through public notice published in the federal register (77 FR 12076 (2012)).

(3) "Net water savings" means the amount of water that through hydrological analysis is determined to be conserved and usable for other purposes without impairing existing water rights, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other water users.

(4) "Trust water right" means that portion of an existing water right, constituting net water savings, that is no longer required to be diverted for beneficial use due to the installation of a water conservation project that improves an existing system. The term "trust water right" also applies to any other right acquired by the department under this chapter for management in the Yakima river basin trust water rights program.

(5) "Water conservation project" means any project funded to further the purposes of this chapter and that achieves physical or operational improvements of efficiency in existing systems for diversion, conveyance, or application of water under existing water rights.

(6) "Water supply facility permit and funding milestone" means a date prior to June 30, 2025, when required permits have been approved, and funding has been secured to begin construction on one or more water supply facilities designed to provide at least two hundred fourteen thousand acre feet of water to be used for instream and out-of-stream uses.

90.38.020 Acquisition or donation of trust water rights. (1)(a) The department may acquire water rights, including but not limited to storage rights, by purchase, lease,
gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights. A water right acquired by the state that is expressly conditioned to limit its use to instream purposes shall be administered as a trust water right in compliance with that condition.

(b) If the holder of a right to water from a body of water chooses to donate all or a portion of the person's water right to the trust water system to assist in providing instream flows on a temporary or permanent basis, the department shall accept the donation on such terms as the person may prescribe as long as the donation satisfies the requirements of subsection (4) of this section and the other applicable requirements of this chapter and the terms prescribed are relevant and material to protecting any interest in the water right retained by the donor. Once accepted, such rights are trust water rights within the conditions prescribed by the donor.

(2) The department may make such other arrangements, including entry into contracts with other persons or entities as appropriate to ensure that trust water rights acquired in accordance with this chapter can be exercised to the fullest possible extent.

(3) The trust water rights may be acquired on a temporary or permanent basis.

(4) A water right donated under subsection (1)(b) of this section shall not exceed the extent to which the water right was exercised during the five years before the donation nor may the total of any portion of the water right remaining with the donor plus the donated portion of the water right exceed the extent to which the water right was exercised during the five years before the donation. A water right holder who believes his or her water right has been impaired by a trust water right donated under subsection (1)(b) of this section may request that the department review the impairment claim. If the department determines that exercising the trust water right resulting from the donation or exercising a portion of that trust water right donated under subsection (1)(b) of this section is impairing existing water rights in violation of RCW 90.38.902, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not to alter a trust water right leased under this subsection is appealable to the pollution control hearings board under RCW 43.21B.230. The department's leasing of a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(7) For a water right donated to or acquired by the trust water rights program on a temporary basis, the full quantity of water diverted or withdrawn to exercise the right before the donation or acquisition shall be placed in the trust water rights program and shall revert to the donor or person from whom it was acquired when the trust period ends. [2002 c 329 § 7; 2001 c 237 § 28; 1989 c 429 § 3.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.38.030 Water conservation projects—Contracts for financial assistance. (1) For the purposes of this chapter, the department is authorized to enter into contracts with water users for the purpose of providing moneys to users to assist in the financing of water conservation projects. In exchange for the financial assistance provided for purposes of this chapter, the water users shall convey the trust water rights, created as a result of the assistance, to the department of ecology.

(2) No contract shall be entered into by the department with a water user under this chapter unless it appears to the department that, upon the completion of a water conservation project financed with moneys as provided in this section, a valid water right exists for conveyance to the department.

(3) The department shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(4) When water is proposed to be acquired by or conveyed to the department as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders must be submitted to, and for the satisfaction of, the department.

(5) The department shall not acquire an individual's water right under this chapter that is appurtenant to land lying within an irrigation district without the approval of the board of directors of the irrigation district. [1989 c 429 § 4.]

90.38.040 Trust water rights program. (1) All trust water rights acquired by the department shall be placed in the Yakima river basin trust water rights program to be managed by the department. The department shall issue a water right certificate in the name of the state of Washington for each trust water right it acquires.
(2) Trust water rights shall retain the same priority date as the water right from which they originated. Trust water rights may be modified as to purpose or place of use or point of diversion, including modification from a diversionary use to a nondiversionary instream use.

(3) Trust water rights may be held by the department for instream flows, irrigation use, or other beneficial use. Trust water rights may be acquired on a temporary or permanent basis. To the extent practicable and subject to legislative appropriation, trust water rights acquired in an area with an approved watershed plan developed under chapter 90.82 RCW shall be consistent with that plan if the plan calls for such acquisition.

(4) A schedule of the amount of net water saved as a result of water conservation projects carried out in accordance with this chapter, shall be developed annually to reflect the predicted hydrologic and water supply conditions, as well as anticipated water demands, for the upcoming irrigation season. This schedule shall serve as the basis for the distribution and management of trust water rights each year.

(5)(a) No exercise of a trust water right may be authorized unless the department first determines that no existing water rights, junior or senior in priority, will be impaired as to their exercise or injured in any manner whatever by such authorization.

(b) Before any trust water right is exercised, the department shall publish notice thereof in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in such other newspapers as the department determines are necessary, once a week for two consecutive weeks. At the same time the department may also send notice thereof containing pertinent information to the director of fish and wildlife.

(c) Subsections (4) and (5)(b) of this section do not apply to a trust water right resulting from a donation for instream flows described in RCW 90.38.020(1)(b) or from the lease of a water right under RCW 90.38.020(6) if the period of the lease does not exceed five years. However, the department shall provide the notice described in (b) of this subsection the first time the trust water right resulting from the donation is exercised.

(6) RCW 90.03.380 and 90.14.140 through 90.14.910 shall have no applicability to trust water rights held by the department under this chapter or exercised under this section.

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.38.050 Rules. The department may adopt rules as appropriate to ensure full implementation of this chapter. [1989 c 429 § 6.]

90.38.060 Integrated water resource management plan. The department is authorized to implement the integrated water resource management plan in the Yakima river basin, through a coordinated effort of affected federal, state, and local agencies and resources, to develop water supply solutions that provide concurrent benefits to both instream and out-of-stream uses, and to address a variety of water resource and ecosystem problems affecting fish passage, habitat functions, and agricultural, municipal, and domestic water supply in the Yakima river basin, consistent with the integrated plan.

(1) Authorized department actions include, but are not limited to:

(a) Accepting funds from any entity, public or private, as necessary to implement the objectives of this chapter;

(b) Assessing, planning, and developing projects under the Yakima river basin integrated water resource management plan, or for any other action designed to provide access to new water supplies within the Yakima river basin, consistent with the integrated plan and including but not limited to: Enhanced water conservation and efficiency measures, water reallocation markets, in-basin surface and groundwater storage facilities, fish passage at existing in-basin reservoirs, structural and operational modifications to existing facilities, habitat protection and restoration, and general watershed enhancements as necessary to implement the objectives of this chapter and the integrated plan; and

(c) Entering into contracts to ensure the effective delivery of water and to provide for the design and construction of facilities necessary to implement the objectives of the integrated plan and this chapter.

(2) Consistent with the integrated plan, the goals and objectives of department actions authorized under this chapter include, but are not limited to:

(a) Protection, mitigation, and enhancement of fish and wildlife through improved water management; improved instream flows; improved water quality; protection, creation, and enhancement of wetlands; improved fish passage, and by other appropriate means of habitat improvement, including the protection and enhancement of natural wetlands, floodplains, and groundwater storage systems;

(b) Improved water availability and reliability, and improved efficiency of water delivery and use, to enhance basin water supplies for agricultural irrigation, municipal, commercial, industrial, domestic, and environmental water uses;

(c) Establishment of more efficient water markets and more effective operational and structural changes to manage variability of water supplies and to prepare for the uncertainties of climate change, including but not limited to the facilitation of water banking, water right transfers, dry year options, the voluntary sale and lease of land, water, or water rights from any entity or individual willing to limit or forego water use on a temporary or permanent basis, and any other innovative water allocation tools used to maximize the utility of existing Yakima river basin water supplies, as long as the establishment and use of these tools is consistent with the integrated plan.

(3) Water supplies secured through the development of new storage facilities or expansion of existing storage facilities made possible with funding from the Yakima integrated plan implementation account, the Yakima integrated plan implementation taxable bond account, and the Yakima integrated plan implementation revenue recovery account must be allocated for out-of-stream uses and to augment instream flows consistent with the Yakima river basin integrated water resource management plan. Water to be made available to benefit out-of-stream uses under this subsection, but not yet appropriated, must be temporarily available to augment...
instream flows to the extent that it does not impair existing
water rights and is consistent with the integrated plan. [2013
2nd sp.s. c 11 § 3.]

90.38.070 Yakima integrated plan implementation
account. (1) The Yakima integrated plan implementation
account is created in the state treasury. All receipts from
direct appropriations from the legislature, moneys directed to
the account pursuant to this chapter, or moneys directed to
the account from any other sources must be deposited in the
account. The account is intended to fund projects using tax
exempt bonds. Moneys in the account may be spent only after
appropriation. Expenditures from the account may be used
only as provided in this section. Interest earned by deposits in
the account will be retained in the account.

(2) Expenditures from the account created in this section
may be used to assess, plan, and develop projects under the
Yakima river basin integrated water resource management
plan or for any other actions designed to provide access to
new water supplies within the Yakima river basin for both
instream and out-of-stream uses, consistent with the inte-
grated plan and the authorities, goals, and objectives set forth
in RCW 90.38.060.

(3)(a) Funds may not be expended from the account for
the construction of a new storage facility until the department
evaluates the following:

(i) Water uses to be served by the facility;
(ii) The quantity of water necessary to meet the needs of
those uses;
(iii) The benefits and costs to the state of serving those
uses, including short-term and long-term economic, cultural,
and environmental effects; and
(iv) Alternative means of supplying water to meet those
uses, including the costs of those alternatives and an analysis
of the extent to which the long-term water supply needs are
able to be met using those alternatives.

(b) The department may rely on studies and information
developed through compliance with other state and federal
requirements and other sources. The department shall com-
pile its findings and conclusions and provide a summary of
the information it reviewed.

(c) Before finalizing its evaluation under the provisions
of this subsection, the department shall make the preliminary
evaluation available to the public. Public comment may be
made to the department within thirty days of the date the pre-
liminary evaluation is made public.

(4) For water supplies developed under the integrated
plan to support future municipal and domestic water needs,
the department shall give preference to other entities in man-
aging water service contracts. Where the department deter-
mines that the management of such contracts by other entities
is not feasible or suitable, the department may enter into
water service contracts with applicants receiving water from
the program to recover all or a portion of the cost of develop-
ing water supplies made possible with funding from the
account created in this section. The department may deny an
application if the applicant does not enter into a water service
contract. Revenue collected from water service contracts
must be deposited into the Yakima integrated plan implement-

90.38.080 Yakima integrated plan implementation
taxable bond account. (1) The Yakima integrated plan
implementation taxable bond account is created in the state
treasury. All receipts from direct appropriations from the leg-
islature, moneys directed to the account pursuant to this chap-
ter, or moneys directed to the account from any other sources
must be deposited in the account. The account is intended to
fund projects using taxable bonds. Moneys in the account
may be spent only after appropriation. Expenditures from the
account may be used only as provided in this section. Interest
earned by deposits in the account will be retained in the account.

(2) Expenditures from the account created in this section
may be used to assess, plan, and develop projects under the
Yakima river basin integrated water resource management
plan or for any other actions designed to provide access to
new water supplies within the Yakima river basin for both
instream and out-of-stream uses, consistent with the inte-
grated plan and the authorities, goals, and objectives set forth
in RCW 90.38.060.

(3)(a) Funds may not be expended from the account for
the construction of a new storage facility until the department
evaluates the following:

(i) Water uses to be served by the facility;
(ii) The quantity of water necessary to meet the needs of
those uses;
(iii) The benefits and costs to the state of serving those
uses, including short-term and long-term economic, cultural,
and environmental effects; and
(iv) Alternative means of supplying water to meet those
uses, including the costs of those alternatives and an analysis
of the extent to which the long-term water supply needs are
able to be met using those alternatives.

(b) The department may rely on studies and information
developed through compliance with other state and federal
requirements and other sources. The department shall com-
pile its findings and conclusions and provide a summary of
the information it reviewed.

(c) Before finalizing its evaluation under the provisions
of this subsection, the department shall make the preliminary
evaluation available to the public. Public comment may be
made to the department within thirty days of the date the pre-
liminary evaluation is made public.

(4) For water supplies developed under the integrated
plan to support future municipal and domestic water needs,
the department shall give preference to other entities in man-
aging water service contracts. Where the department deter-
mines that the management of such contracts by other entities
is not feasible or suitable, the department may enter into
water service contracts with applicants receiving water from
the program to recover all or a portion of the cost of develop-
ing water supplies made possible with funding from the
account created in this section. The department may deny an
application if the applicant does not enter into a water service
contract. Revenue collected from water service contracts
must be deposited into the Yakima integrated plan implemen-
The department may adopt rules describing the methodology as to how charges will be established and direct costs recovered for water supply developed under the Yakima river basin integrated water resource management plan implementation program. [2013 2nd sp.s. c 11 § 5.]

90.38.090 Yakima integrated plan implementation revenue recovery account. (1) The Yakima integrated plan implementation revenue recovery account is created in the state treasury. All receipts from direct appropriations from the legislature, moneys directed to the account pursuant to this chapter, or moneys directed to the account from any other sources must be deposited in the account. The account is intended to fund projects using revenues from water service contracts as authorized in this chapter. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as provided in this section. Interest earned by deposits in the account will be retained in the account.

(2) Expenditures from the account created in this section may be used to assess, plan, and develop projects under the Yakima river basin integrated water resource management plan or for any other actions designed to provide access to new water supplies within the Yakima river basin for both instream and out-of-stream uses, consistent with the integrated plan and the authorities, goals, and objectives set forth in RCW 90.38.060.

(3) (a) Funds may not be expended from the account for the construction of a new storage facility until the department evaluates the following:

(i) Water uses to be served by the facility;

(ii) The quantity of water necessary to meet the needs of those uses;

(iii) The benefits and costs to the state of serving those uses, including short-term and long-term economic, cultural, and environmental effects; and

(iv) Alternative means of supplying water to meet those uses, including the costs of those alternatives and an analysis of the extent to which the long-term water supply needs are able to be met using those alternatives.

(b) The department may rely on studies and information developed through compliance with other state and federal requirements and other sources. The department shall compile its findings and conclusions and provide a summary of the information it reviewed.

(c) Before finalizing its evaluation under the provisions of this subsection, the department shall make the preliminary evaluation available to the public. Public comment may be made to the department within thirty days of the date the preliminary evaluation is made public.

(4) For water supplies developed under the integrated plan to support future municipal and domestic water needs in the Yakima basin, the department shall give preference to other entities in managing water service contracts. Where the department determines that the management of such contracts by other entities is not feasible or suitable, the department may enter into water service contracts with applicants receiving water from the program to recover all or a portion of the cost of developing water supplies made possible with funding from the account created in this section. The department may deny an application if the applicant does not enter into a water service contract. Revenue collected from water service contracts must be deposited into the Yakima integrated plan implementation revenue recovery account created in this section. The department may adopt rules describing the methodology as to how charges will be established and direct costs recovered for water supply developed under the Yakima river basin integrated water resource management plan implementation program. [2013 2nd sp.s. c 11 § 6.]

90.38.100 Report to the legislature and governor. (Expires December 31, 2045.) (1) By December 1, 2015, and by December 1st of every odd-numbered year thereafter, and in compliance with RCW 43.01.036, the department, in consultation with the United States bureau of reclamation, the Yakama Nation, Yakima river basin local governments, and key basin stakeholders, shall provide a Yakima river basin integrated water resource management plan implementation status report to the legislature and to the governor that includes: A description of measures that have been funded and implemented in the Yakima river basin and their effectiveness in meeting the objectives of chapter 11, Laws of 2013 2nd sp. sess., a project funding list that represents the state's percentage cost share to implement the integrated plan measures for the current biennium and cost estimates for subsequent biennia, a description of progress toward concurrent realization of the integrated plan's fish passage, watershed enhancement, and water supply goals, and an annual summary of all associated costs to develop and implement projects within the framework of the integrated water resource management plan for the Yakima river basin.

(2) The status report required in this section for December 1, 2021, must include a statement of progress in achieving the water supply facility permit and funding milestone, as defined in RCW 90.38.010. If, after a good faith effort to achieve the water supply facility permit and funding milestone, it appears that the milestone cannot or may not be met, the department, in consultation with the United States bureau of reclamation, the Yakama Nation, Yakima river basin local governments, and key basin stakeholders, shall provide a detailed description of the impediments to achieving the milestone, describe the strategy for resolving the identified impediments, and, if necessary, recommend modifications to the milestone.

(3) This section expires December 31, 2045. [2013 2nd sp.s. c 11 § 9.]

90.38.110 Construction of a water supply project—Prior review by the state of Washington water research center. (Expires July 1, 2025.) (1) Prior to the appropriation of funding for the construction of a water supply project proposed in the integrated plan with a cost of greater than one hundred million dollars, the state of Washington water research center shall review, evaluate, and prepare comments on the cost benefit analysis prepared for the project by the department and the United States bureau of reclamation.

(2) To the greatest extent possible, the center must use information from existing studies, supplemented by primary research, to measure and evaluate each project's benefits and costs.
(3) The center must measure and report the economic benefits of each project subject to subsection (1) of this section, so that it is clear the extent to which an individual project is expected to result in increases in fish populations, increases in the reliability of irrigation water during severe drought years, and improvements in municipal and domestic water supply.

(4) The center may enter into agreements with other state universities and with private consultants as needed to accomplish the scope of work.

(5) The center may consult, as necessary, with the department of ecology and the Yakima river basin water enhancement project work group.

(6) No more than twelve percent of any appropriations provided for the implementation of this section may be retained for administrative overhead expenses.

(7) This section expires July 1, 2025. [2013 2nd sp.s. c 11 § 10.]

90.38.120 Legislative intent—Cost to implement the integrated plan. (1)(a) It is the intent of the legislature for the state to pay its fair share of the cost to implement the integrated plan. At least one-half of the total costs to finance the implementation of the integrated plan must be funded through federal, private, and other nonstate sources, including a significant contribution of funding from local project beneficiaries. This section applies to the total costs of the integrated plan and not to individual projects within the plan.

(b) The state's continuing support for the integrated plan shall be formally reevaluated independently by the governor and the legislature if, after December 31, 2021, and periodically thereafter, the actual funding provided through nonstate sources is less than one-half of all costs and if funding from local project beneficiaries does not comprise a significant portion of the nonstate sources.

(2) The department shall deliver, consistent with the intent of this section, a cost estimate and financing plan that addresses the total estimated cost to implement the integrated plan and analyzes various financing options. The cost estimate and financing plan must include a description of state expenditures as of September 28, 2013, incurred implementing the integrated plan and proposed state expenditures in the 2015-2017 biennium and beyond with proposed financing sources for each project.

(3) In addition, the office of the state treasurer shall prepare supplementary chapters to the cost estimate and financing plan for the department that:

(a) Identifies and evaluates potential new state financing sources to pay for the state's contribution towards the overall costs of the Yakima integrated plan's implementation;

(b) Identifies and evaluates potential new local financing sources to pay for a significant local contribution towards the overall costs of the Yakima integrated plan's implementation;

(c) Considers the viability, and evaluates the advantages and disadvantages of various financing mechanisms such as revenue bonds, general obligation bonds, and other financing models;

(d) Identifies past, current, and anticipated future costs that will be, or are anticipated to be, paid by nonstate sources such as federal sources, private sources, and local sources; and

(e) Considers how cost overruns of projects associated with the integrated plan could affect long-term financing of the overall integrated plan and provides options for how cost overruns can be addressed.

(4) The department may, in the sole discretion of the department, contract with state universities or private consultants for any part of the cost estimate and financing plan required under this section.

(5) The initial cost estimate and financing plan required by this section must be provided to the governor and the legislature, consistent with RCW 43.01.036, by no later than December 15, 2014, for consideration in preparing the 2015-2017 biennial budget and future budgets. The cost estimate and financing plan must be updated by September 1st of each successive even-numbered year. [2013 2nd sp.s. c 11 § 11.]

90.38.130 Authorization to purchase land—Management and disposal of land. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of natural resources is authorized to purchase land to be held in the community forest trust under RCW 79.155.040 to serve the purposes of the community forest trust including the protection of Yakima river basin functioning, without complying with the requirements of RCW 79.155.030(1), 79.155.060, or 79.155.070, relating to the identification, prioritization, local commitment, and financial contribution normally prerequisite to nominating and acquiring community forest trust lands. The purchase must be reviewed and approved by the board of natural resources. In its evaluation of this acquisition pursuant to RCW 79.155.040(3), the board is relieved from considering the criteria for identifying and prioritizing land set forth in RCW 79.155.050. Once purchased, the land must be managed by the department of natural resources in consultation with the department of fish and wildlife. Any investment in the land purchase with funds belonging to the common school trust constitutes a loan from the irreducible principal of the common school trust and may only be made if first determined to be a prudent investment by the board of natural resources. An annual interest payment on the loan of nine percent must be paid, with six percent deposited into the common school construction account and three percent deposited into the real property replacement account. Interest begins to accrue on the date the land purchase is completed and is due and payable July 1st following the completion of the state fiscal year. The principal of the loan must be repaid in accordance with the provisions of subsection (3) of this section.

(2) The land purchased under this authority must be managed under a transitional postacquisition management plan during the period between the date of purchase and the water supply facility permit and funding milestone or until June 30, 2025, whichever is sooner. The plan must be consistent with RCW 79.155.080(1), provided that the lands acquired as community forest trust lands are not required to generate financial support for their management as would otherwise be required by RCW 79.155.020(2), 79.155.030(2)(d), and 79.155.080(3), and provided further that the authority granted to the department to divest of the property under RCW 79.155.080(4) does not apply to these lands. The department of natural resources must develop the
transitional postacquisition management plan in consultation with the department of fish and wildlife.

(a) The plan must ensure that the land is managed in a manner that is consistent with the Yakima basin integrated plan principles for forest land acquisitions, including the following:

(i) To protect and enhance the water supply and protect the watershed;
(ii) To maintain working lands for forestry and grazing while protecting key watershed functions and aquatic habitat;
(iii) To maintain and where possible expand recreational opportunities consistent with watershed protection, for activities such as hiking, fishing, hunting, horseback riding, camping, birding, and snowmobiling;
(iv) To conserve and restore vital habitat for fish, including steelhead, spring chinook, and bull trout, and wildlife, including deer, elk, large predators, and spotted owls; and
(v) To support a strong community partnership, in which the Yakama Nation, residents, business owners, local governments, conservation groups, and others provide advice about ongoing land management.

(b) The department of natural resources, in consultation with the department of fish and wildlife, must establish the Teanaway community forest advisory committee that includes representatives from the department of ecology, the local community, land conservation organizations, the Yakama Nation, the Kittitas county commission, and local agricultural interests.

(c) By June 30, 2015, the department of natural resources must complete the transitional postacquisition management plan with a public process that involves interested stakeholders, particularly residents from Kittitas county, friends of the Teanaway, back country horsemen, off-road vehicle and snowmobile users, a representative from Kittitas field and stream, hikers and wildlife watchers, and ranchers who graze cattle.

(3) After the water supply facility permit and funding milestone or June 30, 2025, whichever is sooner, the land must be disposed of in the following manner:

(a) If the water supply facility permit and funding milestone conditions have been met, the land remains in the community forest trust and the transitional postacquisition management plan must be converted to a permanent postacquisition management plan with whatever updates and amendments are periodically adopted. Under these conditions, the remaining principal of any investment in the land purchased with funds belonging to the common school trust must be repaid to the real property replacement account.

(b) If the water supply facility permit and funding milestone conditions have not been met, the board of natural resources must decide between the following dispositions of the land:

(i) Deposit of the entire amount of land purchased into the ownership of the common school trust for management or disposition for the benefit of the common schools; or
(ii) Disposition under the terms of (a) of this subsection.

[Title 90 RCW—page 54]
store, divert, or store and divert, and may again divert and reclaim said waters from said water course for irrigation purposes subject to existing rights. [1905 c 88 § 2; RRS § 7409.]

90.40.030 Notice and certificate, effect of. Whenever the secretary of the interior of the United States, or any officer of the United States duly authorized, shall notify the commissioner of public lands of this state that pursuant to the provisions of the act of congress approved June 17, 1902, entitled, "An act appropriating the receipts from the sale and disposal of public lands in certain states and territories to the construction of irrigation works for the reclamation of arid lands," or any amendment of said act or substitute therefor, the United States intends to make examinations or surveys for the utilization of certain specified waters, the waters so described shall not thereafter be subject to appropriation under any law of this state for a period of one year from and after the date of the receipt of such notice by such commissioner of public lands; but such notice shall not in any wise affect the appropriation of any water theretofore in good faith initiated under any law of this state, but such appropriation may be completed in accordance with the law in the same manner and to the same extent as though such notice had not been given. No adverse claim to any of such waters initiated subsequent to the receipt by the commissioner of public lands of such notice shall be recognized, under the laws of this state, except as to such amount of the waters described in such notice or certificate hereinafter provided as may be formally released in writing by a duly authorized officer of the United States. If the said secretary of the interior or other duly authorized officer of the United States shall, before the expiration of said period of one year, certify in writing to the said commissioner of public lands that the project contemplated in such notice appears to be feasible and that the investigation will be made in detail, the waters specified in such notice shall not be subject to appropriation under any law of this state for the further period of three years following the date of receipt of such certificate, and such further time as the commissioner of public lands may grant, upon application of the United States or some one of its authorized officers and notice thereof first published once in each week for four consecutive weeks in a newspaper published in the county where the works for the utilization of such waters are to be constructed, and if such works are to be in or extend into two or more counties, then for the same period in a newspaper in each of such counties: PROVIDED, That in case such certificate shall not be filed with said commissioner of public lands within the period of one year herein limited therefor the waters specified in such notice shall, after the expiration of said period of one year, become unappropriated by such notice and subject to appropriation as they would have been had such notice never been given: AND PROVIDED FURTHER, That in case such certificate be filed within said one year and the United States does not authorize the construction of works for the utilization of such waters within said three years after the filing of said certificate, then the waters specified in such notice and certificate shall, after the expiration of said last named period of three years, become unappropriated by such notice or certificate and subject to appropriation as they would have been had such notice never been given and such certificate never filed. [1905 c 88 § 3; RRS § 7410.]

Reviser's note: This section refers to the "commissioner of public lands" in several instances. Note that a later act, the 1917 Water Code, in section 27 (RCW 90.03.250) states in part:

"PROVIDED, FURTHER. That nothing in this act contained shall be deemed to affect chapter 88 of the Laws of 1905 except that the notice and certificate therein provided for in section 3 thereof shall be addressed to the state hydraulic engineer after the passage of this act, and the state hydraulic engineer shall exercise the powers and perform the duties prescribed by said section 3."

Chapter 88, Laws of 1905 referred to in the above quotation is the instant chapter and "section 3" is the instant section. The language "this act" in the above quotation refers to the 1917 Water Code codified as chapter 90.03 RCW. The "state hydraulic engineer" referred to in the quotation has been changed throughout the remainder of this title because of the devolution of the powers and duties to "supervisor of water resources", see note following the title digest. Thus, the language "commissioner of public lands" is retained in the instant section and in RCW 90.40.050 and 90.40.060 because while some of the duties have been transferred to the hydraulic engineer thence to the supervisor of water resources not all of such duties prescribed in this chapter have so devolved.

90.40.040 Appropriation of water—Title to beds and shores. Whenever said secretary of the interior or other duly authorized officer of the United States shall cause to be let a contract for the construction of any irrigation works or any works for the storage of water for use in irrigation, or any portion or section thereof, for which the withdrawal has been effected as provided in RCW 90.40.030, any authorized officer of the United States, either in the name of the United States or in such name as may be determined by the secretary of the interior, may appropriate, in behalf of the United States, so much of the unappropriated waters of the state as may be required for the project, or projects, for which such withdrawal has been made, any and all divisions thereof, theretofore constructed, in whole or in part, by the United States or proposed to be thereafter constructed by the United States, such appropriation to be made, maintained and perfected in the same manner and to the same extent as though such appropriation had been made by a private person, corporation or association, except that the date of priority as to all rights under such appropriation in behalf of the United States shall relate back to the date of the first withdrawal or reservation of the waters so appropriated, and in case of filings on water previously withdrawn under RCW 90.40.030, no payment of fees will be required. Such appropriation by or on behalf of the United States shall inure to the United States, and its successors in interest, in the same manner and to the same extent as though said appropriation had been made by a private person, corporation or association. The title to the beds and shores of any navigable lake or stream utilized by the construction of any reservoir or other irrigation works created or constructed as a part of such appropriation hereinafter in this section provided for, shall vest in the United States to the extent necessary for the maintenance, operation and control of such reservoir or other irrigation works. [1929 c 95 § 1; 1905 c 88 § 4; RRS § 7411.]

90.40.050 Reservation of needed lands—Procedure. When the notice provided for in RCW 90.40.030 shall be given to the commissioner of public lands the proper officers of the United States may file with the said commissioner a list of lands (including in the term "lands" as here used, the beds and shores of any lake, river, stream, or other waters) owned by the state, over or upon which the United States may

(2014 Ed.)
require rights-of-way for canals, ditches or laterals or sites for reservoirs and structures therefor or appurtenant thereto, or such additional rights-of-way and quantity of land as may be required for the operation and maintenance of the completed works for the irrigation project contemplated in such notice, and the filing of such list shall constitute a reservation from the sale or other disposal by the state of such lands so described, which reservation shall, upon the completion of such works and upon the United States by its proper officers filing with the commissioner of public lands of the state a description of such lands by metes and bounds or other definite description, ripen into a grant from the state to the United States for the construction, operation and maintenance of irrigation works. [1905 c 88 § 5; RRS § 7412.]

Reviser's note: See note following RCW 90.40.030.

90.40.060 Restrictions on sale of state lands within project. After the receipt by the commissioner of public lands of the notice from the secretary of the interior or other officer of the United States provided for in RCW 90.40.030, no lands belonging to the state, susceptible of irrigation and within the area to be irrigated from the works projected by the United States and specified in such notice shall be sold except in conformity to the classification of farm units by the United States, and the title to such lands shall not pass from the state until the applicant therefor shall have fully complied with the provisions of the laws of the United States and the regulations thereunder concerning the acquisition of the right to use water from such works and shall produce the evidence thereof duly issued: PROVIDED, That the restrictions upon the sale or other disposal by the state of any state lands provided for in this section shall continue for the same periods, respectively, and upon the same conditions, as specified in RCW 90.40.030 for the withdrawal of waters from appropriation: AND PROVIDED FURTHER, That in case the authorization by the United States for the construction of irrigation works pursuant to RCW 90.40.030 shall be made within the period of three years specified therefor in said section, then the restrictions upon and conditions prescribed for the sale or other disposal of said lands in this section shall continue so long as any such lands shall remain unsold or not disposed of. [1905 c 88 § 6; RRS § 7413.]

Reviser's note: See note following RCW 90.40.030.

90.40.070 Federal water users' association—Exemption from fees. Any water users' association which is organized in conformity with the requirements of the United States under said act of congress, and which under its articles of incorporation is authorized to furnish water only to its stockholders, shall be exempt from the payment of any incorporation tax, and from the payment of any annual franchise tax; but shall be required to pay, as preliminary to its incorporation, only a fee of twenty dollars for the filing and recording of its articles of incorporation and the issuance of certificates of incorporation. Whenever, with the consent of the secretary of the interior of the United States, the stockholders of any such association shall adopt any other form of organization to manage the affairs of such reclamation project in connection with which any such water users' association has been organized, such association may dissolve or disincorporate itself by the procedure and subject to the laws relating to the disincorporation of corporations in this state when such dissolution is authorized by a vote of two-thirds of all the stockholders represented at a meeting of the stockholders called for such purpose. [1919 c 42 § 1; 1905 c 88 § 7; RRS § 7414.]

Corporations and associations (nonprofit): Title 24 RCW.

90.40.080 Federal water users' association—Records by county auditor. It shall be the duty of the county auditor to provide record books containing printed forms of the articles of incorporation and stock subscriptions to the stock of water users' associations organized in conformity with the requirements of the United States under said act of congress, and to use such books for recording stock subscriptions of such associations; and the charges for the recording thereof shall be made on the basis of the number of words actually written therein and not for the printed form. [1905 c 88 § 8; RRS § 7415.]

90.40.090 Permit for Grand Coulee project. An application filed by the department of ecology or its assignee, the United States Bureau of Reclamation, for a permit to appropriate waters of the Columbia River under chapter 90.03 RCW, for the development of the Grand Coulee project shall be perfected in the same manner and to the same extent as though such appropriation had been made by a private person, corporation or association, but no fees, as provided for in RCW 90.03.470, shall be required. [1988 c 127 § 83; 1933 ex.s.c 13 § 14; RRS § 7399-1, pocket part.]

Additional notes found at www.leg.wa.gov

90.40.100 Columbia Basin Project—Water appropriated pursuant to RCW 90.40.030—Periodic renewal not required. Any water withdrawn from appropriation pursuant to RCW 90.40.030 associated with the Columbia Basin Project shall continue as withdrawn from appropriation, without need for periodic renewal, until the project is declared completed or abandoned by the United States acting by and through the secretary of the interior or such other duly authorized officer of the United States. [1987 c 491 § 1.]

Chapter 90.42 RCW

WATER RESOURCE MANAGEMENT

Sections
90.42.005 Policy—Findings.
90.42.010 Findings—Intent.
90.42.020 Definitions.
90.42.030 Contracts to finance water conservation projects—Public benefits—Trust water rights. 90.42.040 Trust water rights program—Water right certificate—Notice of creation or modification.
90.42.050 Guidelines governing trust water rights—Submission of guidelines to joint select committee.
90.42.060 Chapter 43.83B or 43.99E RCW not replaced or amended.
90.42.070 Involuntary impairment of existing water rights not authorized.
90.42.080 Trust water rights—Acquisition, donation, exercise, and transfer—Appropriation required for expenditure of funds.
90.42.090 Jurisdictional authorities not altered.
90.42.100 Water banking.
90.42.110 Water banking—Application to transfer water rights.
90.42.005 Policy—Findings. (1) It is the policy of the state of Washington to recognize and preserve water rights in accordance with RCW 90.03.010.

(2) The legislature finds that:

(a) The state of Washington is faced with a shortage of water with which to meet existing and future needs, particularly during the summer and fall months and in dry years when the demand is greatest;

(b) Consistent with RCW 90.54.180, issuance of new water rights, voluntary water transfers, and conservation and water use efficiency programs, including storage, are all acceptable methods of addressing water uses because they can relieve current critical water situations, provide for presently unmet needs, and assist in meeting future water needs. Presently unmet needs or current needs includes the water required to increase the frequency of occurrence of base or minimum flow levels in streams of the state, the water necessary to satisfy existing water rights, or the water necessary to provide full supplies to existing water systems with current supply deficiencies;

(c) The interests of the state and its citizens will be served by developing programs and regional water resource plans, in cooperation with local governments, federally recognized tribal governments, appropriate federal agencies, private citizens, and the various water users and water interests in the state, that increase the overall ability to manage the state's waters in order to resolve conflicts and to better satisfy both present and future needs for water; and

(d) Water banking as a function of the trust water [rights] program and as authorized by this chapter can provide an effective means to facilitate the voluntary transfer of water rights established through conservation, purchase, lease, or donation, to preserve water rights and provide water for presently unmet needs and assist in meeting future water needs.

Purposes—1991 c 347: “The purposes of this act are to:

(1) Improve the ability of the state to work with the United States, local governments, federally recognized tribal governments, water right holders, water users, and various water interests in water conservation and water use efficiency programs designed to satisfy existing rights, presently unmet needs, and future needs, both instream and out-of-stream;

(2) Establish new incentives, enhance existing incentives, and remove disincentives for efficient water use;

(3) Establish improved means to disseminate information to the public and provide technical assistance regarding ways to improve the efficiency of water use;

(4) Create a trust water rights mechanism for the acquisition of water rights on a voluntary basis to be used to meet presently unmet needs and future needs;

(5) Prohibit the sale of nonconforming plumbing fixtures and require the marking and labeling of fixtures meeting state standards;

(6) Reduce tax disincentives to water conservation, reuse, and improved water use efficiency; and

(7) Add achievement of water conservation as a factor to be considered by water supply utilities in setting water rates.” [1991 c 347 § 2.]

Additional notes found at www.leg.wa.gov

90.42.010 Findings—Intent. The legislature finds that a need exists to develop and test a means to facilitate the voluntary transfer of water and water rights, including conserved water, to provide water for presently unmet needs and emerging needs. Further, the legislature finds that water conservation activities have the potential of affecting the quantity of return flow waters to which existing water right holders have a right to and rely upon. It is the intent of the legislature that persons holding rights to water, including return flows, not be adversely affected in the implementation of the provisions of this chapter. [1998 c 245 § 173. Prior: 1993 sp.s. c 4 § 14; 1993 c 98 § 1; 1991 c 347 § 5.]

Findings—Grazing lands—1993 sp.s. c 4: See RCW 79.13.600.

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of ecology.

(2) "Local government" means a city, town, public utility district, irrigation district, public port, county, sewer district, or water district.

(3) "Net water savings" means the amount of water that is determined to be conserved and usable within a specified stream reach or reaches for other purposes without impairment or detriment to water rights existing at the time that a water conservation project is undertaken, reducing the ability to deliver water, or reducing the supply of water that otherwise would have been available to other existing water uses.

(4) "Pilot planning areas" means the geographic areas designated under RCW 90.54.045(2).

(5) "Trust water right" means any water right acquired by the state under this chapter for management in the state's trust water rights program.

(6) "Water conservation project" means any project or program that achieves physical or operational improvements that provide for increased water use efficiency in existing systems of diversion, conveyance, application, or use of water under water rights existing on July 28, 1991. [2009 c 283 § 3; 1991 c 347 § 6.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Findings—Intent—2009 c 283: See note following RCW 90.42.100.

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.030 Contracts to finance water conservation projects—Public benefits—Trust water rights. (1) For purposes of this chapter, the state may enter into contracts to provide monies to assist in the financing of water conservation projects. In consideration for the financial assistance provided, the state shall obtain public benefits defined in guidelines developed under RCW 90.42.050.

(2) If the public benefits to be obtained require conveyance or modification of a water right, the recipient of funds shall convey to the state the recipient's interest in that part of the water right or claim constituting all or a portion of the resulting net water savings for deposit in the trust water rights...
program. The amount to be conveyed shall be finitely determined by the parties, in accordance with the guidelines developed under RCW 90.42.050, before the expenditure of state funds. Conveyance may consist of complete transfer, lease contracts, or other legally binding agreements. When negotiating for the acquisition of conserved water or net water savings, or a portion thereof, the state may require evidence of a valid water right.

(3) As part of the contract, the water right holder and the state shall specify the process to determine the amount of water the water right holder would continue to be entitled to once the water conservation project is in place.

(4) The state shall cooperate fully with the United States in the implementation of this chapter. Trust water rights may be acquired through expenditure of funds provided by the United States and shall be treated in the same manner as trust water rights resulting from the expenditure of state funds.

(5) If water is proposed to be acquired by or conveyed to the state as a trust water right by an irrigation district, evidence of the district's authority to represent the water right holders shall be submitted to and for the satisfaction of the department.

(6) The state shall not contract with any person to acquire a water right served by an irrigation district without the approval of the board of directors of the irrigation district. Disapproval by a board shall be factually based on probable adverse effects on the ability of the district to deliver water to other members or on maintenance of the financial integrity of the district. [1993 c 98 § 2; 1991 c 347 § 7.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.040 Trust water rights program—Water right certificate—Notice of creation or modification. (1) A trust water right acquired by the state shall be placed in the state trust water rights program to be managed by the department. The department shall exercise its authorities under the law in a manner that protects trust water rights. Trust water rights acquired by the state shall be held in trust and authorized for use by the department for instream flows, irrigation, municipal, or other beneficial uses consistent with applicable regional plans for pilot planning areas, or to resolve critical water supply problems. The state may acquire a groundwater right to be placed in the state trust water rights program. To the extent practicable and subject to legislative appropriation, trust water rights acquired in an area with an approved watershed plan developed under chapter 90.82 RCW shall be consistent with that plan if the plan calls for such acquisition.

(2) The department shall issue a water right certificate in the name of the state of Washington for each permanent trust water right conveyed to the state indicating the quantity of water transferred to trust, the reach or reaches of the stream or the body of public groundwater that constitutes the place of use of the trust water right, and the use or uses to which it may be applied. A superseding certificate shall be issued that specifies the amount of water the water right holder would continue to be entitled to as a result of the water conservation project. The superseding certificate shall retain the same priority date as the original right. For nonpermanent conveyances, the department shall issue certificates or such other instruments as are necessary to reflect the changes in purpose or place of use or point of diversion or withdrawal.

(3) A trust water right retains the same priority date as the water right from which it originated, but as between the two rights, the trust right shall be deemed to be inferior in priority unless otherwise specified by an agreement between the state and the party holding the original right.

(4)(a) Exercise of a trust water right may be authorized only if the department first determines that neither water rights existing at the time the trust water right is established, nor the public interest will be impaired.

(b) If impairment becomes apparent during the time a trust water right is being exercised, the department shall cease or modify the use of the trust water right to eliminate the impairment.

(c) A trust water right acquired by the state and held or authorized for beneficial use by the department is considered to be exercised as long as it is in the trust water rights program.

(d) For the purposes of RCW 90.03.380(1) and 90.42.080(9), the consumptive quantity of a trust water right acquired by the state and held or authorized for use by the department is equal to the consumptive quantity of the right prior to transfer into the trust water rights program.

(5)(a) Before any trust water right is created or modified, the department shall, at a minimum, require that a notice be published in a newspaper of general circulation published in the county or counties in which the storage, diversion, and use are to be made, and in other newspapers as the department determines is necessary, once a week for two consecutive weeks.

(b) At the same time the department shall send a notice containing pertinent information to all appropriate state agencies, potentially affected local governments and federally recognized tribal governments, and other interested parties.

(c) For a trust water right donation described in RCW 90.42.080(1)(b), or for a trust water right lease described in RCW 90.42.080(8) that does not exceed five years, the department may post equivalent information on its web site to meet the notice requirements in (a) of this subsection and may send pertinent information by e-mail to meet the notice requirements in (b) of this subsection.

(6) RCW 90.14.140 through 90.14.230 have no applicability to trust water rights held by the department under this chapter or exercised under this section.

(7) RCW 90.03.380 has no applicability to trust water rights acquired by the state through the funding of water conservation projects.

(8) Subsection (4)(a) of this section does not apply to a trust water right resulting from a donation for instream flows described in RCW 90.42.080(1)(b) or to a trust water right leased under RCW 90.42.080(8) if the period of the lease does not exceed five years.

(9) Where a portion of an existing water right that is acquired or donated to the trust water rights program will assist in achieving established instream flows, the department shall process the change or amendment of the existing right without conducting a review of the extent and validity of the portion of the water right that will remain with the water right holder. [2009 c 283 § 4; 2002 c 329 § 8; 2001 c 237 § 30; 1993 c 98 § 3; 1991 c 347 § 8.]

Findings—Intent—2009 c 283: See note following RCW 90.42.100.
90.42.050 Guidelines governing trust water rights—Submission of guidelines to joint select committee. The department, in cooperation with federally recognized Indian tribes, local governments, state agencies, and other interested parties, shall establish guidelines by July 1, 1992, governing the acquisition, administration, and management of trust water rights. The guidelines shall address at a minimum the following:

1. Methods for determining the net water savings resulting from water conservation projects or programs carried out in accordance with this chapter, and other factors to be considered in determining the quantity or value of water available for potential designation as a trust water right;
2. Criteria for determining the portion of net water savings to be conveyed to the state under this chapter;
3. Criteria for prioritizing water conservation projects;
4. A description of potential public benefits that will affect consideration for state financial assistance in RCW 90.42.030;
5. Procedures for providing notification to potentially interested parties;
6. Criteria for the assignment of uses of trust water rights acquired in areas of the state not addressed in a regional water resource plan or critical area agreement; and
7. Contracting procedures and other procedures not specifically addressed in this section.

These guidelines shall be submitted to the joint select committee on water resource policy before adoption. [1991 c 347 § 9.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.060 Chapter 43.83B or 43.99E RCW not replaced or amended. The policies and purposes of this chapter shall not be construed as replacing or amending the policies or the purposes for which funds available under chapter 43.83B or 43.99E RCW may be used. [1991 c 347 § 10.]

Purposes—1991 c 347: See notes following RCW 90.42.005.

90.42.070 Involuntary impairment of existing water rights not authorized. Nothing in this chapter authorizes the involuntary impairment of any existing water rights. [1991 c 347 § 11.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.080 Trust water rights—Acquisition, donation, exercise, and transfer—Appropriation required for expenditure of funds. (1)(a) The state may acquire all or portions of existing surface water or groundwater rights, by purchase, gift, or other appropriate means other than by condemnation, from any person or entity or combination of persons or entities. Once acquired, such rights are trust water rights. A water right acquired by the state that is expressly conditioned to limit its use to instream purposes shall be administered as a trust water right in compliance with that condition.

(b) If the holder of a right to surface water or groundwater chooses to donate all or a portion of the person’s water right to the trust water system to assist in providing instream flows or to preserve surface water or groundwater resources on a temporary or permanent basis, the department shall accept the donation on such terms as the person may prescribe as long as the donation satisfies the requirements of subsection (4) of this section and the other applicable requirements of this chapter and the terms prescribed are relevant and material to protecting any interest in the water right retained by the donor. Once accepted, such rights are trust water rights within the conditions prescribed by the donor.

(2) The department may enter into leases, contracts, or such other arrangements with other persons or entities as appropriate, to ensure that trust water rights acquired in accordance with this chapter may be exercised to the fullest possible extent.

(3) Trust water rights may be acquired by the state on a temporary or permanent basis.

(4) Except as provided in subsections (10) and (11) of this section, a water right donated under subsection (1)(b) of this section shall not exceed the extent to which the water right was exercised during the five years before the donation nor may the total of any portion of the water right remaining with the donor plus the donated portion of the water right exceed the extent to which the water right was exercised during the five years before the donation. A water right holder who believes his or her water right has been impaired by a trust water right donated under subsection (1)(b) of this section may request that the department review the impairment claim. If the department determines that a trust water right resulting from a donation under subsection (1)(b) of this section is impairing existing water rights in violation of RCW 90.42.070, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not to alter a trust water right donated under subsection (1)(b) of this section is appealable to the pollution control hearings board under RCW 43.21B.230. A donated water right’s status as a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(5) The provisions of RCW 90.03.380 and 90.03.390 do not apply to donations for instream flows described in subsection (1)(b) of this section, but do apply to other transfers of water rights under this section except that the consumptive quantity of a trust water right acquired by the state and held or authorized for use by the department is equal to the consumptive quantity of the right prior to transfer into the trust water rights program.

(6) No funds may be expended for the purchase of water rights by the state pursuant to this section unless specifically appropriated for this purpose by the legislature.

(7) Any water right conveyed to the trust water right system as a gift that is expressly conditioned to limit its use to instream purposes shall be managed by the department for public purposes to ensure that it qualifies as a gift that is deductible for federal income taxation purposes for the person or entity conveying the water right.

(8) Except as provided in subsections (10) and (11) of this section, if the department acquires a trust water right by lease, the amount of the trust water right shall not exceed the extent to which the water right was exercised during the five
years before the acquisition was made nor may the total of any portion of the water right remaining with the original water right holder plus the portion of the water right leased by the department exceed the extent to which the water right was exercised during the five years before the acquisition. A water right holder who believes his or her water right has been impaired by a trust water right leased under this subsection may request that the department review the impairment claim. If the department determines that a trust water right resulting from the leasing of that trust water right leased under this subsection is impairing existing water rights in violation of RCW 90.42.070, the trust water right shall be altered by the department to eliminate the impairment. Any decision of the department to alter or not to alter a trust water right leased under this subsection is appealable to the pollution control hearings board under RCW 43.21B.230. The department's leasing of a trust water right under this subsection is not evidence of the validity or quantity of the water right.

(9) For a water right donated to or acquired by the trust water rights program on a temporary basis, the full quantity of water diverted or withdrawn to exercise the right before the donation or acquisition shall be placed in the trust water rights program and shall revert to the donor or person from whom it was acquired when the trust period ends. For a trust water right acquired by the state and held or authorized for use by the department, the consumptive quantity of the right when it reverts to the donor or person from whom it was acquired is equal to the consumptive quantity of the right prior to transfer into the trust water rights program.

(10) For water rights donated or leased under subsection (4) or (8) of this section where nonuse of the water right is excused under RCW 90.14.140(1):

(a) The department shall calculate the amount of water eligible to be acquired by looking at the extent to which the right was exercised during the most recent five-year period preceding the date where nonuse of the water right was excused under RCW 90.14.140(1); and

(b) The total of the donated or leased portion of the water right and the portion of the water right remaining with the water right holder shall not exceed the extent to which the water right was exercised during the most recent five-year period preceding the date nonuse of the water right was excused under RCW 90.14.140(1).

(11) For water rights donated or leased under subsection (4) or (8) of this section where nonuse of the water right is exempt under RCW 90.14.140(2) (a) or (d):

(a) The amount of water eligible to be acquired shall be based on historical beneficial use; and

(b) The total of the donated or leased portion of the water right and the portion of the water right the water right holder continues to use shall not exceed the historical beneficial use of that right during the duration of the trust. [2009 c 283 § 5; 2002 c 329 § 9; 2001 c 237 § 31; 1993 c 98 § 4; 1991 c 347 § 12.]

Findings—Intent—2009 c 283: See note following RCW 90.42.100.

Findings—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.090 Jurisdictional authorities not altered. It is the intent of the legislature that jurisdictional authorities that exist in law not be expanded, diminished, or altered in any manner whatsoever by this chapter. [1991 c 347 § 13.]

Purposes—1991 c 347: See note following RCW 90.42.005.

90.42.100 Water banking. (1) The department is hereby authorized to use the trust water rights program for water banking purposes statewide.

(2) Water banking may be used for one or more of the following purposes:

(a) To authorize the use of trust water rights to mitigate for water resource impacts, future water supply needs, or any beneficial use under chapter 90.03, 90.44, or 90.54 RCW, consistent with any terms and conditions established by the transferor, except that within the Yakima river basin return flows from water rights authorized in whole or in part for any purpose shall remain available as part of the Yakima basin's total water supply available and to satisfy existing rights for other downstream uses and users;

(b) To document transfers of water rights to and from the trust water rights program; and

(c) To provide a source of water rights the department can make available to third parties on a temporary or permanent basis for any beneficial use under chapter 90.03, 90.44, or 90.54 RCW.

(3) The department shall not use water banking to:

(a) Cause detriment or injury to existing rights;

(b) Issue temporary water rights or portions thereof for new potable uses requiring an adequate and reliable water supply under RCW 19.27.097;

(c) Administer federal project water rights, including federal storage rights; or

(d) Allow carryover of stored water in the Yakima basin from one water year to another water year if it would negatively impact the total water supply available.

(4) The department shall provide electronic notice and opportunity for comment to affected local governments and affected federally recognized tribal governments prior to initiating use of the trust water rights program for water banking purposes for the first time in each water resource inventory area.

(5) Nothing in this section may be interpreted or administered in a manner that precludes the use of the department's existing authority to process trust water rights applications under this chapter or to process water right applications under chapter 90.03 or 90.44 RCW.

(6) For purposes of this section and RCW 90.42.135, "total water supply available" shall be defined as provided in the 1945 consent decree between the United States and water users in the Yakima river basin, and consistent with later interpretation by state and federal courts. [2009 c 283 § 2; 2003 c 144 § 2.]

Findings—Intent—2009 c 283: "The legislature finds that many watershed groups and programs, including but not limited to watershed planning units operating under chapter 90.82 RCW, have proposed or considered using the state trust water rights program for water banking purposes to meet vital instream and out-of-stream needs within a watershed or region. The legislature also finds that water banking can: Provide critical tools to make water supplies available when and where needed during times of drought; improve streamflows and preserve instream values during fish critical periods; reduce water transaction costs, time, and risk to purchasers; facilitate fair and efficient reallocation of water from one beneficial use to another;
provide water supplies to offset impacts related to future development and the issuance of new water rights; and facilitate water agreements that protect upstream community values while retaining flexibility to meet critical downstream water needs in times of scarcity. The legislature therefore declares that the intent of this act is to provide clear authority for water banking throughout the state and to improve the effectiveness of the state trust water rights program.  

[2009 c 283 § 1.]

In the best interests of water users, the legislature further declares that the intent of this act is to provide clear authority for water banking throughout the state and to improve the effectiveness of the state trust water rights program by:  

(1) The department shall

(2) An application to transfer a water right to the trust water [rights] program shall be reviewed under RCW 90.03.380 at the time the water right is transferred to the trust water [rights] program for administration for water banking purposes, including trust water rights established before May 7, 2003.

(3) The department shall issue documentation for that water right or portion thereof to the new water right holder based on the requirements applicable to the transfer of other water rights from the trust water rights program. Such documentation shall include a description of the property to which the water right will be appurtenant after the water right or portion thereof is transferred from the trust water [rights] program to a third party.

(4) The department's decision on the transfer of a water right or portion thereof from the trust water [rights] program for water banking purposes may be appealed to the pollution control hearings board under RCW 43.21B.230, or to a superior court conducting a general adjudication under RCW 90.03.210.  

[2003 c 144 § 4.]

Additional notes found at www.leg.wa.gov
90.44.020 Purpose of chapter. This chapter regulating and controlling groundwater use of the state of Washington shall be supplemental to chapter 90.03 RCW, which regulates the surface waters of the state, and is enacted for the purpose of extending the application of such surface water statutes to the appropriation and beneficial use of groundwater within the state. [1945 c 263 § 1; Rem. Supp. 1945 § 7400-1.]

90.44.030 Chapter not to affect surface water rights. The rights to appropriate the surface waters of the state and the rights acquired by the appropriation and use of surface waters shall not be affected or impaired by any of the provisions of this supplementary chapter and, to the extent that any underground water is part of or tributary to the source of any surface stream or lake, or that the withdrawal of groundwater may affect the flow of any spring, water course, lake, or other body of surface water, the right of an appropriator and owner of surface water shall be superior to any subsequent right hereby authorized to be appropriated in or to groundwater. [1945 c 263 § 2; Rem. Supp. 1945 § 7400-2.]

90.44.035 Definitions. For purposes of this chapter:
(1) "Department" means the department of ecology;
(2) "Director" means the director of ecology;
(3) "Groundwaters" means all waters that exist beneath the land surface or beneath the bed of any stream, lake or reservoir, or other body of surface water within the boundaries of this state, whatever may be the geological formation or structure in which such water stands or flows, percolates or otherwise moves. There is a recognized distinction between natural groundwater and artificially stored groundwater;
(4) "Natural groundwater" means water that exists in underground storage owing wholly to natural processes;
(5) “Artificially stored groundwater” means water that is made available in underground storage artificially, either intentionally, or incidentally to irrigation and that otherwise would have been dissipated by natural processes; and

(6) “Underground artificial storage and recovery project” means any project in which it is intended to artificially store water in the ground through injection, surface spreading and infiltration, or other department-approved method, and to make subsequent use of the stored water. However, (a) this subsection does not apply to irrigation return flow, or to operational and seepage losses that occur during the irrigation of land, or to water that is artificially stored due to the construction, operation, or maintenance of an irrigation district project, or to projects involving water reclaimed in accordance with chapter 90.46 RCW; and (b) RCW 90.44.130 applies to those instances of claimed artificial recharge occurring due to the construction, operation, or maintenance of an irrigation district project or operational and seepage losses that occur during the irrigation of land, as well as other forms of claimed artificial recharge already existing at the time a groundwater subarea is established. [2000 c 98 § 2; 1987 c 109 § 107; 1973 c 94 § 2; 1945 c 263 § 3; RRS § 7400-3. Formerly RCW 90.44.010.]

Purpose—1973 c 94: "It is the purpose of this 1973 amendatory act to state as well as reaffirm the intent of the legislature that "groundwaters," as defined in chapter 263, Laws of 1945, means all waters within the state existing beneath the land surface, and to remove any possible ambiguity which may exist as a result of the dissenting opinion in State v. Fonten, 77 Wn.2d 463 (1969), or otherwise, with regard to the meaning of "groundwaters" in the present wording of RCW 90.44.035. The definition set forth in section 2 of this 1973 amendatory act accords with the interpretation given by all of the various administrative agencies having responsibility for administration of the act since its enactment in 1945." [1973 c 94 § 1.] This applies to the amendment to RCW 90.44.035 by 1973 c 94 § 2.

90.44.040 Public groundwaters subject to appropriation. Subject to existing rights, all natural groundwaters of the state as defined in RCW 90.44.035, also all artificial groundwaters that have been abandoned or forfeited, are hereby declared to be public groundwaters and to belong to the public and to be subject to appropriation for beneficial use under the terms of this chapter and not otherwise. [1945 c 263 § 4; Rem. Supp. 1945 § 7400-4.]

90.44.050 Permit to withdraw. After June 6, 1945, no withdrawal of public groundwaters of the state shall be begun, nor shall any well or other works for such withdrawal be constructed, unless an application to appropriate such waters has been made to the department and a permit has been granted by it as herein provided: EXCEPT, HOWEVER, That any withdrawal of public groundwaters for stock-watering purposes, or for the watering of a lawn or of a noncommercial garden not exceeding one-half acre in area, or for single or group domestic uses in an amount not exceeding five thousand gallons a day, or as provided in RCW 90.44.052, or for an industrial purpose in an amount not exceeding five thousand gallons a day, is and shall be exempt from the provisions of this section, but, to the extent that it is regularly used beneficially, shall be entitled to a right equal to that established by a permit issued under the provisions of this chapter: PROVIDED, HOWEVER, That the department from time to time may require the person or agency making any such small withdrawal to furnish information as to the means for and the quantity of that withdrawal: PROVIDED, FURTHER, That at the option of the party making withdrawals of groundwaters of the state not exceeding five thousand gallons per day, applications under this section or declarations under RCW 90.44.090 may be filed and permits and certificates obtained in the same manner and under the same requirements as is in this chapter provided in the case of withdrawals in excess of five thousand gallons a day. [2000 c 307 § 1; 1987 c 109 § 108; 1947 c 122 § 1; 1945 c 263 § 5; Rem. Supp. 1947 § 7400-5.]

90.44.052 Whitman county clustered residential developments pilot project—Exemption from permit requirements. (1) On a pilot project basis, the use of water for domestic use in clustered residential developments is exempt as described in subsection (2) of this section from the permit requirements of RCW 90.44.050 in Whitman county. The department must review the use of water under this section and its impact on water resources in the county and maintain information regarding the pilot project on its website.

(2) For the pilot project, the domestic use of water for a clustered residential development is exempt from the permit requirements of RCW 90.44.050 for an amount of water that is not more than one thousand two hundred gallons a day per residence for a residential development that has an overall density equal to or less than one residence per ten acres and a minimum of six homes.

(3) No new right to use water may be established for a clustered development under this section where the first residential use of water for the development begins after December 31, 2015. [2014 c 76 § 10; 2003 c 307 § 2.]

90.44.055 Applications for water right or amendment—Consideration of water impoundment or other resource management technique. The department shall, when evaluating an application for a water right or an amendment filed pursuant to RCW 90.44.050 or 90.44.100 that includes provision for any water impoundment or other resource management technique, take into consideration the benefits and costs, including environmental effects, of any water impoundment or other resource management technique that is included as a component of the application. The department's consideration shall extend to any increased water supply that results from the impoundment or other resource management technique, including but not limited to any recharge of groundwater that may occur, as a means of making water available or otherwise offsetting the impact of the withdrawal of groundwater proposed in the application for the water right or amendment in the same water resource inventory area. Provision for an impoundment or other resource management technique in an application shall be made solely at the discretion of the applicant and shall not be made by the department as a condition for approving an application that does not include such provision.

This section does not lessen, enlarge, or modify the rights of any riparian owner, or any existing water right

(2014 Ed.)
acquired by appropriation or otherwise. [1997 c 360 § 3; 1996 c 306 § 2.]

Findings—Purpose—1997 c 360: See note following RCW 90.03.255.

90.44.060 Laws governing withdrawal. Applications for permits for appropriation of underground water shall be made in the same form and manner provided in RCW 90.03.250 through 90.03.340, as amended, the provisions of which sections are hereby extended to govern and to apply to groundwater, or groundwater right certificates and to all permits that shall be issued pursuant to such applications, and the rights to the withdrawal of groundwater acquired thereby shall be governed by RCW 90.03.250 through 90.03.340, inclusive: PROVIDED, That each application to withdraw public groundwater by means of a well or wells shall set forth the following additional information: (1) the name and post office address of the applicant; (2) the name and post office address of the owner of the land on which such well or wells or works will be located; (3) the location of the proposed well or wells or other works for the proposed withdrawal; (4) the groundwater area, sub-area, or zone from which withdrawal is proposed, provided the department has designated such area, sub-area, or zone in accord with RCW 90.44.130; (5) the amount of water proposed to be withdrawn, in gallons a minute and in acre feet a year, or millions of gallons a year; (6) the depth and type of construction proposed for the well or wells or other works: AND PROVIDED FURTHER, That any permit issued pursuant to an application for constructing a well or wells to withdraw public groundwater may specify an approved type and manner of construction for the purposes of preventing waste of said public waters and of conserving their head. [1987 c 109 § 109; 1945 c 263 § 6; Rem. Supp. 1945 § 7400-6.]

90.44.062 Use of reclaimed water by wastewater treatment facility—Permit requirements inapplicable. The permit requirements of RCW 90.44.060 do not apply to the use of reclaimed water by the owner of a wastewater treatment facility under the provisions of RCW 90.46.120 and do not apply to the use of agricultural industrial process water as provided under RCW 90.46.150. [2001 c 69 § 7; 1997 c 444 § 3.]

Additional notes found at www.leg.wa.gov

90.44.070 Limitations on granting permit. No permit shall be granted for the development or withdrawal of public groundwaters beyond the capacity of the underground bed or formation in the given basin, district, or locality to yield such water within a reasonable or feasible pumping lift in case of pumping developments, or within a reasonable or feasible reduction of pressure in the case of artesian developments. The department shall have the power to determine whether the granting of any such permit will injure or damage any vested or existing right or rights under prior permits and may in addition to the records of the department, require further evidence, proof, and testimony before granting or denying any such permits. [1987 c 109 § 110; 1945 c 263 § 7; Rem. Supp. 1945 § 7400-7.]

[Title 90 RCW—page 64]
the land to which such water has been applied and the name of the owner thereof; and (5) so far as it may be available, descriptive information concerning each well or other works for the withdrawal of public groundwater, as required of original permittees under the provisions of RCW 90.44.080: PROVIDED, HOWEVER, That in case of failure to comply with the provisions of this section within the three years allotted, the claimant may apply to the department for a reasonable extension of time, which shall not exceed two additional years and which shall be granted only upon a showing of good cause for such failure.

Each such declaration shall be certified, either on the basis of the personal knowledge of the declarant or on the basis of information and belief. With respect to each such declaration there shall be publication, and findings in the same manner as provided in RCW 90.44.060 in the case of an original application to appropriate water. If the department's findings sustain the declaration, the department shall approve said declaration, which then shall be recorded at length with the department and may also be recorded in the office of the county auditor of the county within which the claimed withdrawal and beneficial use of public groundwater have been made. When duly approved and recorded as herein provided, each such declaration or copies thereof shall have the same force and effect as an original permit granted under the provisions of RCW 90.44.060, with a priority as of the date of the earliest beneficial use of the water.

Declarations heretofore filed with the department in substantial compliance with the provisions of this section shall have the same force and effect as if filed after June 6, 1945.

The same fees shall be collected by the department in the case of applications for the issuance of certificates of vested rights, as are required to be collected in the case of application for permits for withdrawal of groundwater and for the issuance of certificates of groundwater withdrawal rights under this chapter. [1987 c 109 § 112; 1947 c 122 § 2; 1945 c 263 § 9; Rem. Supp. 1947 § 7400-9.9]

90.44.100 Amendment to permit or certificate—Replacement or new additional wells—Exemption for small irrigation impoundments. (Effective until June 30, 2019.) (1) After an application to, and upon the issuance by the department of an amendment to the appropriate permit or certificate of groundwater right be permitted by the department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwater may, without losing the right or rights for the original well or wells; (e) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (f) the department may specify an approved manner of construction of the well; and (g) the department shall require a showing of compliance with the conditions of this subsection (3).

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (a) The well shall tap the same body of public groundwater as the original well or wells; (b) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (c) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (d) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(4) As used in this section, the "location of the original well or wells" is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right.

(6) This section does not apply to a water right involved in an approved local water plan created under RCW 90.92.090 or a banked water right under RCW 90.92.070. [2009 c 183 § 16; 2003 c 329 § 3; 1997 c 316 § 2; 1987 c 109 § 113; 1945 c 263 § 10; Rem. Supp. 1945 § 7400-10.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

Intent—1997 c 316: "The legislature intends that the holder of a valid permit or certificate of groundwater right be permitted by the department of ecology to amend a valid permit or certificate to allow full and complete development of the valid right by the construction of replacement or additional wells at the original location or new locations." [1997 c 316 § 1.]

90.44.100 Amendment to permit or certificate—Replacement or new additional wells—Exemption for small irrigation impoundments. (Effective June 30, 2019.) (1) After an application to, and upon the issuance by the [Title 90 RCW—page 65]
department of an amendment to the appropriate permit or certificate of groundwater right, the holder of a valid right to withdraw public groundwater may, without losing the holder's priority of right, construct wells or other means of withdrawal at a new location in substitution for or in addition to those at the original location, or the holder may change the manner or the place of use of the water.

(2) An amendment to construct replacement or a new additional well or wells at a location outside of the location of the original well or wells or to change the manner or place of use of the water shall be issued only after publication of notice of the application and findings as prescribed in the case of an original application. Such amendment shall be issued by the department only on the conditions that: (A) The additional or replacement well or wells shall tap the same body of public groundwater as the original well or wells; (B) where a replacement well or wells is approved, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (C) where an additional well or wells is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original permit or certificate; and (D) other existing rights shall not be impaired. The department may specify an approved manner of construction and shall require a showing of compliance with the terms of the amendment, as provided in RCW 90.44.080 in the case of an original permit.

(3) The construction of a replacement or new additional well or wells at the location of the original well or wells shall be allowed without application to the department for an amendment. However, the following apply to such a replacement or new additional well: (A) The well shall tap the same body of public groundwater as the original well or wells; (B) if a replacement well is constructed, the use of the original well or wells shall be discontinued and the original well or wells shall be properly decommissioned as required under chapter 18.104 RCW; (C) if a new additional well is constructed, the original well or wells may continue to be used, but the combined total withdrawal from the original and additional well or wells shall not enlarge the right conveyed by the original water use permit or certificate; (D) the construction and use of the well shall not interfere with or impair water rights with an earlier date of priority than the water right or rights for the original well or wells; (E) the replacement or additional well shall be located no closer than the original well to a well it might interfere with; (F) the department may specify an approved manner of construction of the well; and (G) the department shall require a showing of compliance with the conditions of this subsection (3).

(4) As used in this section, the "location of the original well or wells" is the area described as the point of withdrawal in the original public notice published for the application for the water right for the well.

(5) The development and use of a small irrigation impoundment, as defined in RCW 90.03.370(8), does not constitute a change or amendment for the purposes of this section. The exemption expressly provided by this subsection shall not be construed as requiring an amendment of any existing water right to enable the holder of the right to store water governed by the right. [2003 c 329 § 3; 1997 c 316 § 2; 1987 c 109 § 113; 1945 c 263 § 10; Rem. Supp. 1945 § 7400-10.]

Intent—1997 c 316: "The legislature intends that the holder of a valid permit or certificate of groundwater right be permitted by the department of ecology to amend a valid permit or certificate to allow full and complete development of the valid right by the construction of replacement or additional wells at the original location or new locations." [1997 c 316 § 1.]

scoping water usages in various regions of the state to aid the department and applicants in identifying average amounts used for these purposes. The presumption does not apply if the department finds credible evidence of nonuse of the well during the required period or credible evidence that the use of water from the exempt well or the intensity of the use of the land supported by water from the exempt well is substantially different than such uses in the general area in which the exempt well is located. The department shall also accord a presumption in favor of approval of such consolidation if the requirements of this subsection are met and the discontinuance of the exempt well is consistent with an adopted coordinated water system plan under chapter 70.116 RCW, an adopted comprehensive land use plan under chapter 36.70A RCW, or other comprehensive watershed management plan applicable to the area containing an objective of decreasing the number of existing and newly developed small groundwater withdrawal wells. The department shall provide a priority to reviewing and deciding upon applications subject to this subsection, and shall make its decision within sixty days of the end of the comment period following publication of the notice by the applicant or within sixty days of the date on which compliance with the state environmental policy act, chapter 43.21C RCW, is completed, whichever is later. The applicant and the department may by prior mutual agreement extend the time for making a decision. [1997 c 446 § 1.]

90.44.110 Waste of water prohibited—Exceptions. No public groundwaters that have been withdrawn shall be wasted without economical beneficial use. The department shall require all wells producing waters which contaminate other waters to be plugged or capped. The department shall also require all flowing wells to be so capped or equipped with valves that the flow of water can be completely stopped when the wells are not in use under the terms of their respective permits or approved declarations of vested rights. Likewise, the department shall also require both flowing and nonflowing wells to be so constructed and maintained as to prevent the waste of public groundwaters through leaky casings, pipes, fittings, valves, or pumps—either above or below the land surface: PROVIDED, HOWEVER, That the withdrawal of reasonable quantities of public groundwater in connection with the construction, development, testing, or repair of a well shall not be construed as waste; also, that the inadvertent loss of such water owing to breakage of a pump, valve, pipe, or fitting shall not be construed as waste if reasonable diligence is shown by the permittee in effecting the necessary repair.

In the issuance of an original permit, or of an amendment to an original permit or certificate of vested right to withdraw and appropriate public groundwaters under the provisions of this chapter, the department may, as in his or her judgment is necessary, specify for the proposed well or wells or other works a manner of construction adequate to accomplish the provisions of this section. [2013 c 23 § 611; 1987 c 109 § 114; 1949 c 63 § 1; 1945 c 263 § 11; Rem. Supp. 1949 § 7400-11.]

90.44.120 Penalty for waste or unauthorized use of water. The unauthorized use of groundwater to which another person is entitled, or the willful or negligent waste of groundwater, or the failure, when required by the department, to cap flowing wells or equip the same with valves, fittings, or casings to prevent waste of groundwaters, or to cap or plug wells producing waters which contaminate other waters, shall be a misdemeanor. [1987 c 109 § 115; 1949 c 63 § 2; 1947 c 122 § 3; Rem. Supp. 1949 § 7400-11A.]

90.44.130 Priorities as between appropriators—Department in charge of groundwater withdrawals—Establishment and modification of groundwater areas and depth zones—Declarations by claimant of artificially stored water. As between appropriators of public groundwater, the prior appropriator shall as against subsequent appropriators from the same groundwater body be entitled to the preferred use of such groundwater to the extent of his or her appropriation and beneficial use, and shall enjoy the right to have any withdrawals by a subsequent appropriator of groundwater limited to an amount that will maintain and provide a safe sustaining yield in the amount of the prior appropriation. The department shall have jurisdiction over the withdrawals of groundwater and shall administer the groundwater rights under the principle just set forth, and it shall have the jurisdiction to limit withdrawals by appropriators of groundwater so as to enforce the maintenance of a safe sustaining yield from the groundwater body. For this purpose, the department shall have authority and it shall be its duty from time to time, as adequate factual data become available, to designate groundwater areas or subareas, to designate separate depth zones within any such area or subarea, or to modify the boundaries of such existing area, or subarea, or zones to the end that the withdrawals therefrom may be administratively controlled as prescribed in RCW 90.44.180 in order that overdraft of public groundwaters may be prevented so far as is feasible. Each such area or zone shall, as nearly as known facts permit, be so designated as to enclose a single and distinct body of public groundwater. Each such subarea may be so designated as to enclose all or any part of a distinct body of public groundwater, as the department deems will most effectively accomplish the purposes of this chapter.

Designation of, or modification of the boundaries of such a groundwater area, subarea, or zone may be proposed by the department on its own motion or by petition to the department signed by at least fifty or one-fourth, whichever is the lesser number, of the users of groundwater in a proposed groundwater area, subarea, or zone. Before any proposed groundwater area, subarea, or zone shall be designated, or before the boundaries or any existing groundwater area, subarea, or zone shall be modified the department shall publish a notice setting forth: (1) In terms of the appropriate legal subdivisions a description of all lands enclosed within the proposed area, subarea, or zone, or within the area, subarea, or zone whose boundaries are proposed to be modified; (2) the object of the proposed designation or modification of boundaries; and (3) the day and hour, and the place where written objections may be submitted and heard. Such notice shall be published in three consecutive weekly issues of a newspaper.
of general circulation in the county or counties containing all or the greater portion of the lands involved, and the newspaper of publication shall be selected by the department. Publication as just prescribed shall be construed as sufficient notice to the landowners and water users concerned.

Objections having been heard as herein provided, the department shall make and file in its office written findings of fact with respect to the proposed designation or modification and, if the findings are in the affirmative, shall also enter a written order designating the groundwater area, or subarea, or zone or modifying the boundaries of the existing area, subarea, or zone. Such findings and order shall also be published substantially in the manner herein prescribed for notice of hearing, and when so published shall be final and conclusive unless an appeal therefrom is taken within the period and in the manner prescribed by RCW 43.21B.310. Publication of such findings and order shall give force and effect to the remaining provisions of this section and to the provisions of RCW 90.44.180, with respect to the particular area, subarea, or zone.

Priorities of right to withdraw public groundwater shall be established separately for each groundwater area, subarea, or zone and, as between such rights, the first in time shall be the superior in right. The priority of the right acquired under a certificate of groundwater right shall be the date of filing of the original application for a withdrawal with the department, or the date or approximate date of the earliest beneficial use of water as set forth in a certificate of a vested groundwater right, under the provisions of RCW 90.44.090.

Within ninety days after the designation of a groundwater area, subarea, or zone as herein provided, any person, firm, or corporation then claiming to be the owner of artificially stored groundwater within such area, subarea, or zone shall file a certified declaration to that effect with the department on a form prescribed by the department. Such declaration shall cover: (1) The location and description of the works by whose operation such artificial groundwater storage is purported to have been created, and the name or names of the owner or owners thereof; (2) a description of the lands purported to be underlain by such artificially stored groundwater, and the name or names of the owner or owners thereof; (3) the amount of such water claimed; (4) the date or approximate date of the earliest artificial storage; (5) evidence competent to show that the water claimed is in fact water that would have been dissipated naturally except for artificial improvements by the claimant; and (6) such additional factual information as reasonably may be required by the department. If any of the purported artificially stored groundwater has been or then is being withdrawn, the claimant also shall file (1) the declarations which this chapter requires of claimants to a vested right to withdraw public groundwater, and (2) evidence competent to show that none of the water withdrawn under those declarations is in fact public groundwater from the area, subarea, or zone concerned: PROVIDED, HOWEVER, That in case of failure to file a declaration within the ninety-day period herein provided, the claimant may apply to the department for a reasonable extension of time, which shall not exceed two additional years and which shall be granted only upon a showing of good cause for such failure.

Following publication of the declaration and findings— as in the case of an original application, permit, or certificate of right to appropriate public groundwaters—the department shall accept or reject such declaration or declarations with respect to ownership or withdrawal of artificially stored groundwater. Acceptance of such declaration or declarations by the department shall convey to the declarant no right to withdraw public groundwaters from the particular area, subarea, or zone, nor to impair existing or subsequent rights to such public waters.

Any person, firm, or corporation hereafter claiming to be the owner of groundwater within a designated groundwater area, subarea, or zone by virtue of its artificial storage subsequent to such designation shall, within three years following the earliest artificial storage file a declaration of claim with the department, as herein prescribed for claims based on artificial storage prior to such designation: PROVIDED, HOWEVER, That in case of such failure the claimant may apply to the department for a reasonable extension of time, which shall not exceed two additional years and which shall be granted upon a showing of good cause for such failure.

Any person, firm, or corporation hereafter withdrawing groundwater claimed to be owned by virtue of artificial storage subsequent to designation of the relevant groundwater area, subarea, or zone shall, within ninety days following the earliest such withdrawal, file with the department the declarations required by this chapter with respect to withdrawals of public groundwater. [2013 c 23 § 612; 1987 c 109 § 116; 1947 c 122 § 4; 1945 c 263 § 12; Rem. Supp. 1947 § 7400-12. Formerly RCW 90.44.130 through 90.44.170.]

90.44.180 Hearing to adjust supply to current needs. At any time the department may hold a hearing on its own motion, and shall hold a hearing upon petition of at least fifty or one-fourth, whichever is the lesser number, of the holders of valid rights to withdraw public groundwaters from any designated groundwater area, sub-area, or zone, to determine whether the water supply in such area, sub-area, or zone is adequate for the current needs of all such holders. Notice of any such hearing, and the findings and order resulting therefrom shall be published in the manner prescribed in RCW 90.44.130 with respect to the designation or modification of a groundwater area, or sub-area, or zone.

If such hearing finds that the total available supply is inadequate for the current needs of all holders of valid rights to withdraw public groundwaters from the particular groundwater area, sub-area, or zone, the department shall order the aggregate withdrawal from such area, sub-area, or zone decreased so that it shall not exceed such available supply. Such decrease shall conform to the priority of the pertinent valid rights and shall prevail for the term of shortage in the available supply. Except that by mutual agreement among the respective holders and with the department, the ordered decrease in aggregate withdrawal may be accomplished by the waiving of all or some specified part of a senior right or rights in favor of a junior right or rights: PROVIDED, That such waiving of a right or rights by agreement shall not modify the relative priorities of such right or rights as recorded in

[Title 90 RCW—page 68]
the department. [1987 c 109 § 117; 1945 c 263 § 13; Rem. Supp. 1945 § 7400-13.]

90.44.200 Water supervisors—Duties—Compensation. The department, as in its judgment is deemed necessary and advisable, may appoint one or more groundwater supervisors for each designated groundwater area, sub-area, or zone, or may appoint one or more groundwater supervisors-at-large. Within their respective jurisdictions and under the direction of the department, such supervisor and supervisors-at-large shall supervise the withdrawal of public groundwaters and the carrying out of orders issued by the department under the provisions of this chapter.

The duties, compensation, and authority of such supervisors or supervisors-at-large shall be those prescribed for water masters under the terms of RCW 90.03.060 and 90.03.070. [1987 c 109 § 118; 1945 c 263 § 15; Rem. Supp. 1945 § 7400-15.]

Water master's power of arrest: RCW 90.03.090.

90.44.220 Petition to conduct an adjudication to determine rights to water. Upon the filing of a petition with the department by a planning unit or by one or more persons claiming a right to any waters within the state or when, after investigation, in the judgment of the department, the public interest will be served by a determination of the rights thereto, the department shall file a petition to conduct an adjudication with the superior court of the county for the determination of the rights of appropriators of any particular groundwater body and all the provisions of RCW 90.03.110 through 90.03.240 and 90.03.620 through 90.03.645, shall govern and apply to the adjudication and determination of such groundwater body and to the ownership thereof. Hereafter, in any proceedings for the adjudication and determination of water rights—either rights to the use of surface water or to the use of groundwater, or both—pursuant to chapter 90.03 RCW, all appropriators of groundwater or of surface water in the particular basin or area may be included as parties to such adjudication, as set forth in chapter 90.03 RCW. [2009 c 332 § 17; 1987 c 109 § 119; 1945 c 263 § 17; Rem. Supp. 1945 § 7400-17.]

Application—2009 c 332: See note following RCW 90.03.110.

Additional powers and duties enumerated—Payment for reclamation account: RCW 89.16.055. Application of RCW sections to specific proceedings: RCW 90.14.200. Determination of water rights scope: RCW 90.03.245. state to bear its expenses incurred in and on appeal: RCW 90.03.243.

90.44.230 Effect of findings and judgment. In any determination of the right to withdrawal of groundwater under RCW 90.44.220, the department's findings and the court's findings and judgment shall determine the priority of right and the quantity of water to which each appropriator who is a party to the proceedings shall be entitled, shall deter-

mine the level below which the groundwater body shall not be drawn down by appropriators, or shall reserve jurisdiction for the determination of a safe sustaining water yield as necessary from time to time to preserve the rights of the several appropriators and to prevent depletion of the groundwater body. [1987 c 109 § 120; 1945 c 263 § 18; Rem. Supp. 1945 § 7400-18.]

90.44.250 Investigations—Reports of appropriators. The department is hereby authorized to make such investigations as may be necessary to determine the location, extent, depth, volume, and flow of all groundwaters within the state and in making such examination, hereby is authorized and directed to cooperate with the federal government, with any county or municipal corporation, or any person, firm, association or corporation, and upon such terms as may seem appropriate to it.

In connection with such investigation, the department from time to time may require reports from each groundwater appropriator as to the amount of public groundwater being withdrawn and as to the manner and extent of the beneficial use. Such reports shall be in a form prescribed by the department. [1987 c 109 § 121; 1945 c 263 § 19; Rem. Supp. 1945 § 7400-19. Formerly RCW 90.44.210.]

90.44.400 Groundwater management areas—Purpose—Standards—Identification—Designation. (1) This legislation is enacted for the purpose of identifying groundwater management procedures that are consistent with both local needs and state water resource policies and management objectives; including the protection of water quality, assurance of quantity, and efficient management of water resources to meet future needs.

In recognition of existing water rights and the need to manage groundwater aquifers for future use, the department of ecology shall, by rule, establish standards, criteria, and a process for the designation of specific groundwater areas or sub-areas, or separate depth zones within such area or sub-area, and provide for either the department of ecology, local governments, or groundwater users of the area to initiate development of a groundwater management program for each area or sub-area, consistent with state and local government objectives, policies, and authorities. The department shall develop and adopt these rules by January 1, 1986.

(2) The department of ecology, in cooperation with other state agencies, local government, and user groups, shall identify probable groundwater management areas or sub-areas. The department shall also prepare a general schedule for the development of groundwater management programs that recognizes the available local or state agency staff and financial resources to carry out the intent of RCW 90.44.400 through 90.44.420. The department shall also provide the option for locally initiated studies and for local government to assume the lead agency role in developing the groundwater management program and in implementing the provisions of RCW 90.44.400 through 90.44.420. The criteria to guide identifica-
90.44.410 Requirements for groundwater management programs—Review of programs. (1) The groundwater area or sub-area management programs shall include:

(a) A description of the specific groundwater area or sub-areas, or separate depth zones within any such area or sub-area, and the relationship of this zone or area to the land use management responsibilities of county government;

(b) A management program based on long-term monitoring and resource management objectives for the area or sub-area;

(c) Identification of water resources and the allocation of the resources to meet state and local needs;

(d) Projection of water supply needs for existing and future identified user groups and beneficial uses;

(e) Identification of water resource management policies and/or practices that may impact the recharge of the designated area or policies that may affect the safe yield and quantity of water available for future appropriation;

(f) Identification of land use and other activities that may impact the quality and efficient use of the groundwater, including domestic, industrial, solid, and other waste disposal, underground storage facilities, or storm water management practices;

(g) The design of the program necessary to manage the resource to assure long-term benefits to the citizens of the state;

(h) Identification of water quality objectives for the aquifer system that recognize existing and future uses of the aquifer and that are in accordance with department of ecology and department of social and health services drinking and surface water quality standards;

(i) Long-term policies and construction practices necessary to protect existing water rights and subsequent facilities installed in accordance with the groundwater area or sub-area management programs and/or other water right procedures;

(j) Annual withdrawal rates and safe yield guidelines which are directed by the long-term management programs that recognize annual variations in aquifer recharge;

(k) A description of conditions and potential conflicts and identification of a program to resolve conflicts with existing water rights;

(l) Alternative management programs to meet future needs and existing conditions, including water conservation plans; and

(m) A process for the periodic review of the groundwater management program and monitoring of the implementation of the program.

(2) The groundwater area or sub-area management programs shall be submitted for review in accordance with the state environmental policy act. [1988 c 186 § 1; 1985 c 453 § 2.]

Additional notes found at www.leg.wa.gov

90.44.420 Groundwater management programs—Consideration by department of ecology—Public hearing—Findings—Adoption of regulations, ordinances, and programs. The department of ecology shall consider the groundwater area or sub-area management plan for adoption in accordance with this chapter and chapter 90.54 RCW.

Upon completion of the groundwater area or sub-area management program, the department of ecology shall hold a public hearing within the designated groundwater management area for the purpose of taking public testimony on the proposed program. Following the public hearing, the department of ecology and affected local governments shall (1) prepare findings which either provide for the subsequent adoption of the program as proposed or identify the revisions necessary to ensure that the program is consistent with the intent of this chapter, and (2) adopt regulations, ordinances, and/or programs for implementing those provisions of the groundwater management program which are within their respective jurisdictional authorities. [1985 c 453 § 3.]

90.44.430 Groundwater management programs—Guidance to local governments and certain departments. The department of ecology, the department of social and health services, and affected local governments shall be guided by the adopted program when reviewing and considering approval of all studies, plans, and facilities that may utilize or impact the implementation of the program. [1985 c 453 § 4.]

90.44.440 Existing rights not affected. RCW 90.44.400 through 90.44.430 shall not affect any water rights existing as of May 21, 1985. [1985 c 453 § 5.]

90.44.445 Acreage expansion program—Authorization—Certification. In any acreage expansion program adopted by the department as an element of a groundwater management program, the authorization for a water right certificate holder to participate in the program shall be on an annual basis for the first two years. After the two-year period, the department may authorize participation for ten-year periods. The department may authorize participation for ten-year periods for certificate holders who have already participated in an acreage expansion program for two years. The department may require annual certification that the certificate holder has complied with all requirements of the program. The department may terminate the authority of a certificate holder to participate in the program for one calendar year if the certificate holder fails to comply with the requirements of the program. [1993 c 99 § 1.]
90.44.450 Metering or measuring groundwater withdrawals—Reports. The department of ecology may require withdrawals of groundwater to be metered, or measured by other approved methods, as a condition for a new water right permit. The department may also require, as a condition for such permits, reports regarding such withdrawals as to the amount of water being withdrawn. These reports shall be in a form prescribed by the department. [1989 c 348 § 7.]

Additional notes found at www.leg.wa.gov

90.44.460 Reservoir permits. The legislature recognizes the importance of sound water management. In an effort to promote new and innovative methods of water storage, the legislature authorizes the department of ecology to issue reservoir permits that enable an entity to artificially store and recover water in any underground geological formation, which qualifies as a reservoir under RCW 90.03.370. [2000 c 98 § 1.]

90.44.500 Civil penalties. See RCW 90.03.600.

90.44.510 Superseding water right permit or certificate—Water delivered from federal Columbia Basin project. The department shall issue a superseding water right permit or certificate for a groundwater right where the source of water is an aquifer for which the department adopts rules establishing a groundwater management subarea and water from the federal Columbia Basin project is delivered for use by a person who holds such a groundwater right. The superseding water right permit or certificate shall designate that portion of the groundwater right that is replaced by water from the federal Columbia Basin project as a standby or reserve right that may be used when water delivered by the federal project is curtailed or otherwise not available. The period of curtailment or unavailability shall be deemed a low flow period under RCW 90.14.140(2)(b). The total number of acres irrigated by the person under the groundwater right and through the use of water delivered from the federal project must not exceed the quantity of water authorized by the federal bureau of reclamation and number of acres irrigated under the person's water right permit or certificate for the use of water from the aquifer. [2011 c 72 § 1; 2004 c 195 § 3.]

90.44.520 Odessa groundwater subarea—Involuntary nonuse of water rights—Conditions—Notice—Report to the legislature. (Expires July 1, 2021.) (1) In order to encourage more efficient use of water, where the source of water is an aquifer within the Odessa groundwater subarea as defined in chapter 173-128A WAC:

(a) Any period of nonuse of a right to withdraw groundwater from the aquifer is deemed to be involuntary due to a drought or low flow period under RCW 90.14.140(2)(b); and

(b) Such unused water is deemed a standby or reserve water supply that may again be used after the period of nonuse, as long as: (i) Reductions in water use are a result of conservation practices, irrigation or water use efficiencies, long or short-term changes in the types or rotations of crops grown, economic hardship, pumping or system infrastructure costs, unavailability or unsuitability of water, or willing and documented participation in cooperative efforts to reduce aquifer depletion and optimize available water resources; (ii) withdrawal or diversion facilities are maintained in good operating condition; and (iii) the department has not issued a superseding water right permit or certificate to designate a portion of the groundwater right replaced by federal Columbia Basin project water as a standby or reserve right under RCW 90.44.510.

(2)(a) A water right holder choosing to not exercise a water right in accordance with the provisions of this section must provide notice to the department in writing within one hundred eighty days of such choice. The notice shall include the name of the water right holder and the number of the permit, certificate, or claim.

(b) When a water right holder chooses to discontinue nonuse under the provisions of this section, notice of such action must be provided to the department in writing. Notice is not required under this subsection (2)(b) for seasonal fluctuations in use if the right is not fully exercised as reflected in the notice provided under (a) of this subsection.

(3) The provisions of this section relating to the nonuse of all or a portion of a water right are in addition to any other provisions relating to such nonuse under existing law.

(4) If water from the federal Columbia Basin project has been delivered to a place of use authorized under a right to withdraw groundwater from the aquifer, the provisions of RCW 90.44.510 apply and supersede the provisions of this section.

(5) Portions of rights protected under this section may not be transferred outside Odessa subarea boundaries as defined in WAC 173-128A-040. Transfers within Odessa subarea boundaries remain subject to the provisions of RCW 90.03.380, 90.03.390, 90.44.100, and WAC 173-130A-200.

(6) The department shall submit a report to the legislature as to the status of the aquifer, participation in the nonuse program set forth in this section, and the outcome of the United States bureau of reclamation's study on feasible alternatives to Odessa groundwater use. This report must be submitted six months after completion of the United States bureau of reclamation's study, which is expected to be completed in February 2011. The department's report must also suggest viable solutions and the actions needed by the state to move forward with such solutions. [2006 c 168 § 2.]

Expiration date—2006 c 168 § 2: "Section 2 of this act expires July 1, 2021." [2006 c 168 § 3.]

Effective date—2006 c 168: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 22, 2006]." [2006 c 168 § 4.]

Findings—2006 c 168: "(1) The legislature finds that the department of ecology adopted groundwater management subarea rules to manage aquifer depletions in the Odessa subarea, which includes undeveloped portions of the federal Columbia Basin project.

(2) The legislature also finds that deep well agricultural irrigation was permitted within the Odessa subarea under the expectation that federal Columbia Basin project water would be delivered to replace the temporary groundwater withdrawals in time to stabilize aquifer levels.

(3) The legislature further finds that because federal project water has not been delivered as anticipated, aquifer levels have continued to decline despite department of ecology and community efforts to manage groundwater withdrawals in a sustainable manner.

(4) The legislature further finds that, because substantial project expansion and aquifer recharge is a long-term effort, the continued availability of groundwater for domestic, municipal, industrial, and agricultural uses in the region is in great jeopardy.

(5) The legislature therefore declares that immediate relief is needed to encourage more efficient use of water and to protect the region's citizens at www.leg.wa.gov
from economic hardships and public health and safety risks that can result from declining aquifer levels." [2006 c 168 § 1.]

90.44.530 Applications to appropriate groundwater under a cost-reimbursement agreement. Applications to appropriate groundwater under a cost-reimbursement agreement must be processed in accordance with RCW 90.03.265 when an applicant requests the assignment of a cost-reimbursement consultant as provided in RCW 43.21A.690. [2010 c 285 § 11.]

Intent—2010 c 285: See note following RCW 90.03.265.

90.44.540 Expedited processing of applications—Notification—Fees. (1) The department may expedite processing of applications within the same source of water on its own volition when there is interest from a sufficient number of applicants or upon receipt of written requests from at least ten percent of the applicants within the same source of water.

(2) If the conditions of subsection (1) of this section have been met and the department determines that the public interest is best served by expediting applications within a water source, the department must notify in writing all persons who have pending applications on file for a new appropriation, change, transfer, or amendment of a water right from that water source. A water source may include surface water only, groundwater only, or surface and groundwater together if the department determines that they are hydraulically connected. The notice must be posted on the department's web site and published in a newspaper of general circulation in the area where affected properties are located. The notice must also be made individually by way of mail to:

(a) Inform those applicants that expedited processing of applications within the described water source is being initiated;

(b) Provide to individual applicants the criteria under which the applications will be examined and determined;

(c) Provide to individual applicants the estimated cost for having an application processed on an expedited basis;

(d) Provide an estimate of how long the expedited process will take before an application is approved or denied; and

(e) Provide at least sixty days for the applicants to respond in writing regarding the applicant's decision to participate in expedited processing of their applications.

(3) In addition to the application fees provided in RCW 90.03.470, the department must recover the full cost of processing all the applications from applicants who elect to participate within the water source through expedited processing fees. The department must calculate an expedited processing fee based primarily on the proportionate quantity of water requested by each applicant and may adjust the fee if it appears that an application will require a disproportionately greater amount of time and effort to process due to its complexity. Any application fees that were paid by the applicant under RCW 90.03.470 must be credited against the applicant's share of the cost of processing applications under the provisions of this section.

(4) The expedited processing fee must be collected by the department prior to the expedited processing of an application. Revenue collected from these fees must be deposited into the water rights processing account created in RCW 90.03.650. An applicant who has stated in writing that he or she wants his or her application processed using the expedited procedures in this section must transmit the processing fee within sixty days of the written request. Failure to do so will result in the applicant not being included in expedited processing for that water source.

(5) If an applicant elects not to participate in expedited processing, the application remains on file with the department, the applicant retains his or her priority date, and the application may be processed through regular processing, priority processing, expedited processing, coordinated cost-reimbursement processing, cost-reimbursement processing, or through conservancy board processing as authorized under chapter 90.80 RCW. Such an application may not be processed through expedited processing within twelve months after the department's issuance of decisions on participating applications at the conclusion of expedited processing unless the applicant agrees to pay the full proportionate share that would otherwise have been paid during such processing. Any proceeds collected from an applicant under this delayed entry into expedited processing shall be used to reimburse the other applicants who participated in the previous expedited processing of applications, provided sufficient proceeds remain to fully cover the department's cost of processing the delayed entry application and the department's estimated administrative costs to reimburse the previously expedited applicants. [2010 c 285 § 12.]

Intent—2010 c 285: See note following RCW 90.03.265.

Chapter 90.46 RCW

RECLAIMED WATER USE

Sections
90.46.005 Findings—Coordination of efforts—Development of facilities encouraged.
90.46.010 Definitions.
90.46.015 Rules—Coordination with department of health—Consultation with advisory committee.
90.46.020 Interim standards for pilot projects for use of reclaimed water.
90.46.030 Standards, procedures, and guidelines for industrial and commercial use of reclaimed water—Reclaimed water permits—Fee structure for permits—Formal agreements between the departments of health and ecology.
90.46.040 Standards, procedures, and guidelines for land applications of reclaimed water.
90.46.042 Standards, procedures, and guidelines for direct recharge.
90.46.044 Standards, procedures, and guidelines for discharge to wetlands.
90.46.050 Advisory committee—Development of standards, procedures, and guidelines.
90.46.070 Exemption from standards, procedures, and guidelines.
90.46.072 Conflict resolution—Reclaimed water projects and chapter 372-32 WAC.
90.46.080 Use of reclaimed water for surface percolation—Establishment of discharge limit for contaminants.
90.46.090 Use of reclaimed water for discharge into constructed beneficial use wetlands and constructed treatment wetlands—Standards for discharge.
90.46.100 Discharge of reclaimed water for streamflow augmentation.
90.46.110 Reclaimed water demonstration program—Demonstration projects.
90.46.120 Use of water from wastewater treatment facility—Consideration in regional water supply plan or potable water supply plans—Consideration in reviewing provisions for water supplies for short plat, short subdivision, or subdivision—Report to the legislature.
90.46.130 Impairment of water rights downstream from freshwater discharge points.
90.46.140 Greywater reuse—Standards, procedures, and guidelines—Rules.

[Title 90 RCW—page 72]
90.46.150 Agricultural industrial process water—Permit—Use—Referral to department of health.
90.46.160 Industrial reuse water—Permit.
90.46.200 Authority of the departments of ecology and health—Lead agency—Duties.
90.46.210 Lead agency—Authority to bring legal proceeding.
90.46.220 Permit.
90.46.230 Right to enter and inspect property related to the purpose of the permit—Administrative search warrant.
90.46.240 Plans, reports, specifications, and proposed methods of operation and maintenance to be submitted to departments.
90.46.250 Violation of chapter—Notification—Immediate action.
90.46.260 Penalty.
90.46.270 Violations—Civil penalty—Procedure.
90.46.280 Application of administrative procedure act to chapter.

90.46.005 Findings—Coordination of efforts—Development of facilities encouraged. The legislature finds that by encouraging the use of reclaimed water while assuring the health and safety of all Washington citizens and the protection of its environment, the state of Washington will continue to use water in the best interests of present and future generations.

To facilitate the immediate use of reclaimed water for uses approved by the departments of ecology and health, the state shall expand both direct financial support and financial incentives for capital investments in water reuse and reclaimed water to effectuate the goals of this chapter. The legislature further directs the department of health and the department of ecology to coordinate efforts towards developing an efficient and streamlined process for creating and implementing processes for the use of reclaimed water.

It is hereby declared that the people of the state of Washington have a primary interest in the development of facilities to provide reclaimed water to replace potable water in nonpotable applications, to supplement existing surface and ground water supplies, and to assist in meeting the future water requirements of the state.

The legislature further finds and declares that the utilization of reclaimed water by local communities for domestic, agricultural, industrial, recreational, and fish and wildlife habitat creation and enhancement purposes, including wetland enhancement, will contribute to the peace, health, safety, and welfare of the people of the state of Washington. To the extent reclaimed water is appropriate for beneficial uses, it should be so used to preserve potable water for drinking purposes, contribute to the restoration and protection of instream flows that are crucial to preservation of the state's salmonid fishery resources, contribute to the restoration of Puget Sound by reducing wastewater discharge, provide a drought resistant source of water supply for nonpotable needs, or be a source of supply integrated into state, regional, and local strategies to respond to population growth and global warming. Use of reclaimed water constitutes the development of new basic water supplies needed for future generations and local and regional water management planning should consider coordination of infrastructure, development, storage, water reclamation and reuse, and source exchange as strategies to meet water demands associated with population growth and impacts of global warming.

The legislature further finds and declares that the use of reclaimed water is not inconsistent with the policy of antidegradation of state waters announced in other state statutes, including the water pollution control act, chapter 90.48 RCW and the water resources act, chapter 90.54 RCW.

The legislature finds that other states, including California, Florida, and Arizona, have successfully used reclaimed water to supplement existing water supplies without threatening existing resources or public health.

It is the intent of the legislature that the department of ecology and the department of health undertake the necessary steps to encourage the development of water reclamation facilities so that reclaimed water may be made available to help meet the growing water requirements of the state.

The legislature further finds and declares that reclaimed water facilities are water pollution control facilities as defined in chapter 70.146 RCW and are eligible for financial assistance as provided in chapter 70.146 RCW. The legislature finds that funding demonstration projects will ensure the future use of reclaimed water. The demonstration projects in RCW 90.46.110 are varied in nature and will provide the experience necessary to test different facets of the standards and refine a variety of technologies so that water purveyors can begin to use reclaimed water technology in a more cost-effective manner. This is especially critical in smaller cities and communities where the feasibility for such projects is great, but there are scarce resources to develop the necessary facilities.

The legislature further finds that the agricultural processing industry can play a critical and beneficial role in promoting the efficient use of water by having the opportunity to develop and reuse agricultural industrial process water from food processing. [2007 c 445 § 2; 2001 c 69 § 1; 1997 c 355 § 1; 1995 c 342 § 1; 1992 c 204 § 1.]

Findings—Intent—2007 c 445: "(1) Since the 1992 enactment of the reclaimed water act, the value of reclaimed water as a new source of supply has received increasing recognition across the state and across the nation. New information on the matters in this section has increased awareness of the need to better manage, protect, and conserve water resources and to use reclaimed water in that process. The legislature now finds the following:

(a) Global warming and climate change. Global warming has reduced the volume of glaciers in the North Cascade mountains to between eighteen to thirty-two percent since 1983, and up to seventy-five percent of the glaciers are at risk of disappearing under projected temperatures for this century. Mountain snow pack has declined at virtually every measurement location in the Pacific Northwest, reducing the proportion of annual river flow to Puget Sound during summer months by eighteen percent since 1948. Global warming has also shifted peak streamflows earlier in the year in watersheds covering much of Washington state, including the Columbia river basin, jeopardizing the state's salmon fisheries. The state's recent report on the economic impacts of climate change indicate that water resources will be one of the areas most affected, and that many utilities may need to invest major resources in new supply and conservation measures. Developing and implementing adaptation strategies, such as water conservation that includes the use of reclaimed water, can extend existing water supply systems to help address the global warming impacts. In particular, because reclaimed water uses existing sources of supply and fairly constant base flows of wastewater, it has year-round dependability, without regard to any given year's climate variability. This is particularly important during summer months, when outdoor demands peak and streamflows are critical for fish.

(b) Puget Sound. The governor has initiated a Puget Sound partnership, with a request for an initial strategy to address high priority problems. In December, the partnership delivered a strategy that includes expanded use of reclaimed water both in order to improve the Puget Sound's water quality by reducing wastewater discharges and by replacing current sources of supply for nonpotable uses that detrimentally affect streamflows and habitat.

(c) Salmon recovery. The federal fisheries services recently approved a salmon recovery plan for the Puget Sound, which was developed across multiple watersheds by numerous local governments, tribal governments, and other parties to achieve sustainable populations of salmon and other species. That plan includes an adaptive management component where continued efforts will be made to address issues, including problems with instream flows, identified as a limiting factor in virtually all the watersheds, through

(2014 Ed.)
strategies that will be developed by regional and watershed implementation groups. A potentially significant strategy may be the substitution of reclaimed water for nonpotable uses where it will benefit streams and habitats.

(d) Water quality. Increasingly stringent federal standards for water quality are forcing a number of communities to develop strategies for wastewater treatment that, in addition to providing higher treatment levels, will reduce the quantity of discharges. For many of those communities, facilities to produce reclaimed water will be a necessary approach to achieve both water quality and water supply objectives.

(e) Watershed plans. Under the watershed planning act of 1997, approximately two-thirds of the watersheds in the state have used a bottom-up approach to developing collaborative plans for meeting future water supply needs. Many of those plans include the use of reclaimed water for meeting those needs.

(f) Columbia river water management. Pursuant to legislation and funding provided in 2006, federal, state, and local governments and agencies, along with tribal governments, user groups, environmental organizations, and others are developing a comprehensive strategy for the mainstream Columbia that will ensure supplies for future growth while protecting streamflows and fish habitat. The strategy will include multiple tools that may include the potential development of new storage, conservation measures, and water use efficiency. One pathway toward conservation and efficiency is likely to be identification and implementation of reclaimed water opportunities.

(g) Development schedule. The time frame required to plan, design, construct, and begin use of reclaimed water can be extensive due to the public information and acceptance efforts required in addition to planning, design, and environmental assessment required for infrastructure projects. This extended time frame necessitates the initiation of reclaimed water projects as soon as possible.

(2) It is therefore the intent of the legislature to:

(a) Effectuate and reinvigorate the original intent behind the reclaimed water act to expand the use of reclaimed water for nonpotable uses throughout the state;

(b) Restate and emphasize the use of reclaimed water as a matter of water resource management policy;

(c) Address current barriers to the use of reclaimed water, where changes in state law will resolve such issues;

(d) Develop information from the state agencies responsible for promoting the use of reclaimed water and address regulatory, financial, planning, and other barriers to the expanded use of reclaimed water, relying on state agency expertise and experience with reclaimed water;

(e) Facilitate achieving state, regional, and local objectives through use of reclaimed water for water supply purposes in high priority areas of the state, and in regional and local watershed and water planning;

(f) Provide planning tools to local governments to incorporate reclaimed water and related water conservation into land use plans, consistent with water planning;

(g) Expand the scope of work of the advisory committee established under chapter 279, Laws of 2006 to identify other reclaimed water issues that should be addressed; and

(h) Provide initial funding, and evaluate options for providing additional direct state funding, for reclaimed water projects. [* 2007 c 445 § 1.]

90.46.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agricultural industrial process water" means water that has been used for the purpose of agricultural processing and has been adequately and reliably treated, so that as a result of that treatment, it is suitable for other agricultural water use.

(2) "Agricultural processing" means the processing of crops or milk to produce a product primarily for wholesale or retail sale for human or animal consumption, including but not limited to potato, fruit, vegetable, and grain processing.

(3) "Agricultural water use" means the use of water for irrigation and other uses related to the production of agricultural products. These uses include, but are not limited to, construction, operation, and maintenance of agricultural facilities and livestock operations at farms, ranches, dairies, and nurseries. Examples of these uses include, but are not limited to, dust control, temperature control, and fire control.

(4) "Constructed beneficial use wetlands" means those wetlands intentionally constructed on nonwetland sites to produce or create natural wetland functions and values.

(5) "Constructed treatment wetlands" means wetland-like impoundments intentionally constructed on nonwetland sites and managed for the primary purpose of further treatment or retention of reclaimed water as distinct from creating natural wetland functions and values.

(6) "Direct groundwater recharge" means the controlled subsurface addition of water directly into groundwater for the purpose of replenishing groundwater.

(7) "Domestic wastewater" means wastewater from greywater, toilet, or urinal sources.

(8) "Greywater or gray water" means domestic type flows from bathtubs, showers, bathroom sinks, washing machines, dishwashers, and kitchen or utility sinks. Gray water does not include flow from a toilet or urinal.

(9) "Industrial reuse water" means water that has been used for the purpose of industrial processing and has been adequately and reliably treated so that, as a result of that treatment, it is suitable for other uses.

(10) "Land application" means use of reclaimed water as permitted under this chapter for the purpose of irrigation or watering of landscape vegetation.

(11) "Lead agency" means either the department of health or the department of ecology that has been designated by rule as the agency that will coordinate, review, issue, and enforce a reclaimed water permit issued under this chapter.

(12) "Nonlead agency" means either the department of health or the department of ecology, whichever is not the lead agency for purposes of this chapter.

(13) "Person" means any state, individual, public or private corporation, political subdivision, governmental subdivision, governmental agency, municipality, copartnership, association, firm, trust estate, or any other legal entity whatever.

(14) "Planned groundwater recharge project" means any reclaimed water project designed for the purpose of recharging groundwater.

(15) "Reclaimed water" means water derived in any part from wastewater with a domestic wastewater component that has been adequately and reliably treated, so that it can be used for beneficial purposes. Reclaimed water is not considered a wastewater.

(16) "State drinking water contaminant criteria" means the contaminant criteria found in the drinking water quality standards adopted by the state board of health pursuant to chapter 43.20 RCW and the department of health pursuant to chapter 70.119A RCW.

(17) "Streamflow or surface water augmentation" means the intentional use of reclaimed water for rivers and streams of the state or other surface water bodies, for the purpose of increasing volumes.

(18) "Surface percolation" means the controlled application of water to the ground surface or to unsaturated soil for the purpose of replenishing groundwater.

(19) "User" means any person who uses reclaimed water.
(20) "Wastewater" means water-carried wastes from residences, buildings, industrial and commercial establishments, or other places, together with such groundwater infiltration and inflow as may be present.

(21) "Wetland or wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted to life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands regulated under this chapter shall be delineated in accordance with the manual adopted by the department of ecology pursuant to RCW 90.58.380. [2009 c 456 § 1; 2006 c 279 § 4; 2002 c 329 § 3; 2001 c 69 § 2; 1997 c 444 § 5; 1995 c 342 § 2; 1992 c 204 § 2.]

Alphabetization—2009 c 456: "The code reviser shall alphabetize and renumber the definitions in RCW 90.46.010." [2009 c 456 § 19.]

Alphabetization—2006 c 279: "The code reviser shall alphabetize and renumber the definitions in RCW 90.46.010." [2006 c 279 § 12.]

90.46.015 Rules—Coordination with department of health—Consultation with advisory committee. (1) The department of ecology shall, in coordination with the department of health, adopt rules for reclaimed water use consistent with this chapter. The rules must address all aspects of reclaimed water use, including commercial and industrial uses, land applications, direct groundwater recharge, wetland discharge, surface percolation, constructed wetlands, and streamflow or surface water augmentation. The department of health shall, in coordination with the department of ecology, adopt rules for greywater reuse. The rules must also designate whether the department of ecology or the department of health will be the lead agency responsible for a particular aspect of reclaimed water use. In developing the rules, the departments of health and ecology shall amend or rescind any existing rules on reclaimed water in conflict with the new rules.

(2) All rules required to be adopted pursuant to this section must be completed no later than December 31, 2010, except that the department of ecology shall adopt rules for reclaimed water use no earlier than June 30, 2013.

(3) The department of ecology must consult with the advisory committee created under RCW 90.46.050 in all aspects of rule development required under this section. [2011 c 353 § 11; 2009 c 456 § 2; 2006 c 279 § 1.]

Intent—2011 c 353: See note following RCW 36.70A.130.

90.46.020 Interim standards for pilot projects for use of reclaimed water. (1) The department of ecology shall, in coordination with the department of health, develop interim standards for pilot projects under subsection (3) of this section on or before July 1, 1992, for the use of reclaimed water in land applications.

(2) The department of health shall, in coordination with the department of ecology, develop interim standards for pilot projects under subsection (3) of this section on or before November 15, 1992, for the use of reclaimed water in commercial and industrial activities.

(3) The department of ecology and the department of health shall assist interested parties in the development of pilot projects to aid in achieving the purposes of this chapter. [1992 c 204 § 3.]

90.46.030 Standards, procedures, and guidelines for industrial and commercial use of reclaimed water—Reclaimed water permits—Fee structure for permits—Formal agreements between the departments of health and ecology. (1)(a) The department of health shall, in consultation with the department of ecology, adopt a single set of standards, procedures, and guidelines on or before August 1, 1993, for the industrial and commercial use of reclaimed water.

(b) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to the industrial and commercial use of reclaimed water.

(2) Unless the department of ecology adopts rules pursuant to RCW 90.46.015 that relate to the industrial and commercial use of reclaimed water specifying otherwise, the department of health may issue a reclaimed water permit for industrial and commercial uses of reclaimed water to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purposes of use. Permits issued after the adoption of rules under RCW 90.46.015 must be consistent with the adopted rules.

(3) The department of health in consultation with the advisory committee established in RCW 90.46.050, shall develop recommendations for a fee structure for permits issued under subsection (2) of this section. Fees shall be established in amounts to fully recover, and not exceed, expenses incurred by the department of health in processing permit applications and modifications, monitoring and evaluating compliance with permits, and conducting inspections and supporting the reasonable overhead expenses that are directly related to these activities. Permit fees may not be used for research or enforcement activities. The department of health shall not issue permits under this section until a fee structure has been established.

(4) A permit under this section for use of reclaimed water may be issued only to:
   (a) A municipal, quasi-municipal, or other governmental entity;
   (b) A private utility as defined in RCW 36.94.010; or
   (c) The holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law with regard to sewage and wastewater collection, treatment, and disposal for the protection of health and safety of the state's waters. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.

(6) Unless the department of ecology adopts rules pursuant to RCW 90.46.015 that relate to the industrial and commercial use of reclaimed water specifying otherwise, the department of health may implement the requirements of this section through the department of ecology by execution of a formal agreement between the departments. Upon execution of such an agreement, the department of ecology may issue reclaimed water permits for industrial and commercial uses of reclaimed water by issuance of permits under chapter
90.48 RCW, and may establish and collect fees as required for permits issued under chapter 90.48 RCW.

(7) Unless the department of ecology adopts rules pursuant to RCW 90.46.015 that relate to the industrial and commercial use of reclaimed water specifying otherwise, and before deciding whether to issue a permit under this section to a private utility, the department of health may require information that is reasonable and necessary to determine whether the private utility has the financial and other resources to ensure the reliability, continuity, and supervision of the reclaimed water facility. [2006 c 279 § 5; 2005 c 59 § 1; 2002 c 329 § 4; 1992 c 204 § 4.]

90.46.040 Standards, procedures, and guidelines for land applications of reclaimed water. (1) The department of ecology shall, in coordination with the department of health, adopt a single set of standards, procedures, and guidelines, on or before August 1, 1993, for land applications of reclaimed water.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to the land application of reclaimed water. [2009 c 456 § 3; 2006 c 279 § 6; 2005 c 59 § 2; 1992 c 204 § 5.]

90.46.042 Standards, procedures, and guidelines for direct recharge. (1) The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before December 31, 1996, for direct recharge using reclaimed water. The standards shall address both water quality considerations and avoidance of property damage from excessive recharge.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to direct recharge using reclaimed water. [2006 c 279 § 7; 1995 c 342 § 6.]

Additional notes found at www.leg.wa.gov

90.46.044 Standards, procedures, and guidelines for discharge to wetlands. (1) The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before June 30, 1996, for discharge of reclaimed water to wetlands.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to discharge of reclaimed water to wetlands. [2006 c 279 § 8; 1995 c 342 § 7.]

Additional notes found at www.leg.wa.gov

90.46.050 Advisory committee—Development of standards, procedures, and guidelines. The department of ecology shall, before July 1, 2006, form an advisory committee, in coordination with the department of health and the department of agriculture, which will provide technical assistance in the development of standards, procedures, and guidelines required by this chapter. The advisory committee shall be composed of a broad range of interested individuals representing the various stakeholders that utilize or are potentially impacted by the use of reclaimed water. The advisory committee must also contain individuals with technical expertise and knowledge of new advancements in technology. [2006 c 279 § 2; 1995 c 342 § 9; 1992 c 204 § 6.]

Additional notes found at www.leg.wa.gov

90.46.070 Exemption from standards, procedures, and guidelines. Any person lawfully using reclaimed water before April 2, 1992, may continue to do so and is not required to comply with the standards, procedures, and guidelines under chapter 90.46 RCW before July 1, 1995. [1992 c 204 § 8.]

90.46.072 Conflict resolution—Reclaimed water projects and chapter 372-32 WAC. On or before December 31, 1995, the department of ecology and department of health shall, in consultation with local interested parties, jointly review and, if required, propose amendments to chapter 372-32 WAC to resolve conflicts between the development of reclaimed water projects in the Puget Sound region and chapter 372-32 RCW [WAC]. [1995 c 342 § 8.]

Additional notes found at www.leg.wa.gov

90.46.080 Use of reclaimed water for surface percolation—Establishment of discharge limit for contaminants. (1) Except as otherwise provided in this section, reclaimed water may be beneficially used for surface percolation provided the reclaimed water meets the state drinking water contaminant criteria as measured in groundwater beneath or down gradient of the recharge project site, and has been incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) If the state drinking water contaminant criteria do not contain a standard for a constituent or contaminant, the department of ecology shall establish a discharge criteria consistent with the goals of this chapter, except as otherwise provided in this section.

(3) Except as otherwise provided in this section, reclaimed water that does not meet the state drinking water contaminant criteria may be beneficially used for surface percolation where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standard.

(4) The provisions of this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to surface percolation. [2009 c 456 § 4; 2006 c 279 § 9; 1997 c 444 § 6; 1995 c 342 § 3.]

Additional notes found at www.leg.wa.gov

90.46.090 Use of reclaimed water for discharge into constructed beneficial use wetlands and constructed treatment wetlands—Standards for discharge. (1) Reclaimed water may be beneficially used for discharge into constructed beneficial use wetlands and constructed treatment wetlands provided the reclaimed water meets the class A or B reclaimed water standards as defined in the reclamation criteria, and the discharge is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.
(2) Reclaimed water that does not meet the class A or B reclaimed water standards may be beneficially used for discharge into constructed treatment wetlands where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standards.

(3)(a) The department of ecology and the department of health must develop appropriate standards for discharging reclaimed water into constructed beneficial use wetlands and constructed treatment wetlands. These standards must be considered as part of the approval process under subsections (1) and (2) of this section.

(b) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to discharge into constructed beneficial use wetlands and constructed treatment wetlands. [2006 c 279 § 10; 1997 c 444 § 7; 1995 c 342 § 4.]

Additional notes found at www.leg.wa.gov

90.46.100 Discharge of reclaimed water for streamflow augmentation. (1) Reclaimed water intended for beneficial reuse may be discharged for streamflow augmentation provided the reclaimed water meets the requirements of the federal water pollution control act, chapter 90.48 RCW, and is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to RCW 90.46.015 as they relate to discharge of reclaimed water for streamflow augmentation. [2006 c 279 § 11; 1995 c 342 § 5.]

Additional notes found at www.leg.wa.gov

90.46.110 Reclaimed water demonstration program—Demonstration projects. (1) The department of ecology shall establish and administer a reclaimed water demonstration program for the purposes of funding and monitoring the progress of five demonstration projects. The department shall work in cooperation with the department of health.

(2) The five demonstration projects will be:

(a) The city of Ephrata, to use class A reclaimed water for surface spreading that will recharge the groundwater and reduce the nitrate concentrations that currently exceed drinking water standards in domestic wells;

(b) Lincoln county, for a study of the use of reclaimed water to transport twenty-two million gallons a day from Spokane to water sources that will rehydrate and restore long depleted streambeds;

(c) The city of Royal City to replace an interim emergency sprayfield by using one hundred percent of its discharge as class A reclaimed water to enhance local wetlands and lakes in the winter, and potentially irrigate a golf course;

(d) The city of Sequim to implement a tertiary treatment system and reuse one hundred percent of the city’s wastewater to reopen an existing shellfish closure area to benefit state and tribal resources, improve streamflows in the Dungeness river, and provide a sustainable water supply for irrigation purposes;

(e) The city of Yelm to use one hundred percent of its wastewater to provide alternative water supply for irrigation and industrial uses in order to offset increased demand for water supply, to protect the Nisqually river chum salmon runs, and to develop experimental artificial wetlands to test low cost treatment options.

(3) By September 30, 1997, the department of ecology shall enter into a grant agreement with the demonstration project jurisdictions that includes reporting requirements, timelines, and a fund disbursement schedule based on the agreed project milestones.

(4) Upon completion of the projects, the department of ecology shall report to the appropriate committees of the legislature on the results of the program.

(5) Demonstration projects which will discharge or otherwise deliver reclaimed water to federal reclamation project facilities or irrigation district facilities shall meet the requirements of the facilities' operating entity for such discharges or deliveries.

(6) No irrigation district, its directors, officers, employees, or agents operating and maintaining irrigation works for any purpose authorized by law, including the production of food for human consumption and other agricultural and domestic purposes, is liable for damages to persons or property arising from the implementation of the demonstration projects in this section. [1997 c 355 § 2.]

90.46.120 Use of water from wastewater treatment facility—Consideration in regional water supply plan or potable water supply plans—Consideration in reviewing provisions for water supplies for short plat, short subdivision, or subdivision—Report to the legislature. (1) The owner of a wastewater treatment facility that is reclaiming water with a permit issued under this chapter has the exclusive right to any reclaimed water generated by the wastewater treatment facility. Use, distribution, storage, and the recovery from storage of reclaimed water permitted under this chapter is exempt from the permit requirements of RCW 90.03.250 and 90.44.060, provided that a permit for recovery of reclaimed water from aquifer storage shall be reviewed under the standards established under RCW 90.03.370(2) for aquifer storage and recovery projects. Revenues derived from the reclaimed water facility shall be used only to offset the cost of operation of the wastewater utility fund or other applicable source of systemwide funding.

(2) If the proposed use of reclaimed water is to augment or replace potable water supplies or to create the potential for the development of an additional new potable water supply, then regional water supply plans, or any other potable water supply plans prepared by multiple water purveyors, must consider the proposed use of the reclaimed water as they are developed or updated.

(a) Regional water supply plans include those adopted under state board of health laws (chapter 43.20 RCW), the public water system coordination act of 1977 (chapter 70.116 RCW), groundwater protection laws (chapter 90.44 RCW), and the watershed planning act (chapter 90.82 RCW).

(b) The requirement to consider the use of reclaimed water does not change the plan approval process established under these statutes.
90.46.130 Impairment of water rights downstream from freshwater discharge points. (1) Except as provided in subsection (2) of this section, facilities that reclaim water under this chapter shall not impair any existing water right downstream from any freshwater discharge points of such facilities unless compensation or mitigation for such impairment is agreed to by the holder of the affected water right.

(2) Agricultural water use of agricultural industrial process water and use of industrial reuse water under this chapter shall not impair existing water rights within the water source that is the source of supply for the agricultural processing plant or the industrial processing and, if the water source is surface water, the existing water rights are downstream from the agricultural processing plant's discharge points existing on July 22, 2001, or from the industrial processing's discharge points existing on June 13, 2002. [2002 c 329 § 5; 2001 c 69 § 4; 1997 c 444 § 4.]

90.46.140 Greywater reuse—Standards, procedures, and guidelines—Rules. (1) The department of health shall develop standards, procedures, and guidelines for the reuse of greywater, consistent with RCW 43.20.230(2), by January 1, 1998.

(2) Standards, procedures, and guidelines developed by the department of health for reuse of greywater shall encourage the application of this technology for conserving water resources, or reducing the wastewater load, on domestic wastewater facilities, individual on-site sewage treatment and disposal systems, or community on-site sewage treatment and disposal systems.

(3) The department of health and local health officers may permit the reuse of greywater according to rules adopted by the department of health. [1997 c 444 § 8.]

Additional notes found at www.leg.wa.gov

90.46.150 Agricultural industrial process water—Permit—Use—Referral to department of health. The permit to apply agricultural industrial process water to agricultural water use shall be the permit issued under chapter 90.48 RCW to the owner of the agricultural processing plant who may then distribute the water through methods including, but not limited to, irrigation systems, subject to provisions in the permit governing the location, rate, water quality, and purpose. In cases where the department of ecology determines that a significant risk to public health exists, in land application of the water, the department must refer the application to the department of health for review and consultation.

The owner of the agricultural processing plant who obtains a permit under this section has the exclusive right to the use of any agricultural industrial process water generated from the plant and the distribution of such water through facilities including irrigation systems. Use and distribution of the water by the owner is exempt from the permit requirements of RCW 90.03.250, 90.03.380, 90.44.060, and 90.44.100.

Nothing in chapter 69, Laws of 2001 shall be construed to affect any right to reuse agricultural industrial discharge water in existence on or before July 22, 2001. [2001 c 69 § 3.]

90.46.160 Industrial reuse water—Permit. (1) The permit to use industrial reuse water shall be the permit issued under chapter 90.48 RCW to the owner of the plant that is the source of the industrial process water, who may then distribute the water according to provisions in the permit governing the location, rate, water quality, and purpose. In cases where the department of ecology determines that a proposed use may pose a significant risk to public health, the department shall refer the permit application to the department of health for review and consultation.

(2) The owner of the industrial plant who obtains a permit under this section has the exclusive right to the use of any industrial reuse water generated from the plant and to the distribution of such water. Use and distribution of the water by the owner is exempt from the permit requirements of RCW 90.03.250, 90.03.380, 90.44.060, and 90.44.100.

(3) Nothing in this section affects any right to reuse industrial process water in existence on or before June 13, 2002. [2002 c 329 § 6.]

90.46.200 Authority of the departments of ecology and health—Lead agency—Duties. (1) The department of ecology and the department of health shall have authority to carry out all the provisions of this chapter including, but not limited to, permitting and enforcement. Only the department of ecology or the department of health may act as a lead agency for purposes of this chapter and will be established as
such by rule. Enforcement of a permit issued under this chapter shall be at the sole discretion of the lead agency that issued the permit.

(2) All permit applications shall be referred to the nonlead agency for review and consultation. The nonlead agency may choose to limit the scope of its review.

(3) The authority and duties created in this chapter are in addition to any authority and duties already provided in law. Nothing in this chapter limits the powers of the state or any political subdivision to exercise such authority. [2009 c 456 § 7.]

90.46.210 Lead agency—Authority to bring legal proceeding. The lead agency, with the assistance of the attorney general, is authorized to bring any appropriate action at law or in equity, including action for injunctive relief, as may be necessary to carry out the provisions of this chapter. The lead agency may bring the action in the superior court of the county in which the violation occurred or in the superior court of Thurston county. The court may award reasonable attorneys' fees for the cost of the attorney general's office in representing the lead agency. [2009 c 456 § 8.]

90.46.220 Permit. (1) Any person proposing to generate any type of reclaimed water for a use regulated under this chapter shall obtain a permit from the lead agency prior to distribution or use of that water. The permittee may then distribute and use the water, subject to the provisions in the permit. The permit must include provisions that protect human health and the environment. At a minimum, the permit must:

(a) Assure adequate and reliable treatment; and

(b) Govern the water quality, location, rate, and purpose of use.

(2) A permit under this chapter may be issued only to:

(a) A municipal, quasi-municipal, or other governmental entity;

(b) A private utility as defined in RCW 36.94.010;

(c) The holder of a waste disposal permit issued under chapter 90.48 RCW; or

(d) The owner of an agricultural processing facility that is generating agricultural industrial process water for agricultural use, or the owner of an industrial facility that is generating industrial process water for reuse.

(3) Before deciding whether to issue a permit under this section to a private utility, the lead agency may require information that is reasonable and necessary to determine whether the private utility has the financial and other resources to ensure the reliability, continuity, and supervision of the reclaimed water facility.

(4) Permits shall be issued for a fixed term specified by the rules adopted under RCW 90.46.015. A permittee shall apply for permit renewal prior to the end of the term. The rules adopted under RCW 90.46.015 shall specify the process of renewal, modification, change of ownership, suspension, and termination.

(5) The lead agency may deny an application for a permit or modify, suspend, or revoke a permit for good cause, including but not limited to, any case in which it finds that the permit was obtained by fraud or misrepresentation, or there is or has been a failure, refusal, or inability to comply with the requirements of this chapter or the rules adopted under this chapter.

(6) The lead agency shall provide for adequate public notice and opportunity for review and comment on all initial permit applications and renewal applications. Methods for providing notice may include electronic mail, posting on the lead agency's internet site, publication in a local newspaper, press releases, mailings, or other means of notification the lead agency determines appropriate. The lead agency shall also publicize notice of final permitting decisions.

(7) Any person aggrieved by a permitting decision has the right to an adjudicative proceeding. An adjudicative proceeding conducted under this subsection is governed by chapter 34.05 RCW. For any permit decision for which the department of ecology is the lead agency under this chapter, any appeal shall be in accordance with chapter 43.21B RCW. For any permit decision for which department of health is the lead agency under this chapter, any application for an adjudicative proceeding must be in writing, state the basis for contesting the action, include a copy of the decision, be served on and received by the department of health within twenty-eight days of receipt of notice of the final decision, and be served in a manner that shows proof of receipt.

(8) Permit requirements for the distribution and use of greywater will be established in rules adopted by the department of health under RCW 90.46.015. [2009 c 456 § 9.]

90.46.230 Right to enter and inspect property related to the purpose of the permit—Administrative search warrant. (1)(a) Except as otherwise provided in (b) of this subsection, the lead agency or its designee shall have the right to enter and inspect any property related to the purpose of the permit, public or private, at reasonable times with prior notification in order to determine compliance with laws and rules administered by the lead agency. During such inspections, the lead agency shall have free and unimpeded access to all data, facilities, and property involved in the generation, distribution, and use of reclaimed water.

(b) The lead agency or its designee need not give prior notification to enter property under (a) of this subsection if the purpose of the entry is to ensure compliance by the permittee with a prior order of the lead agency or if the lead agency or its designee has reasonable cause to believe there is a violation of the law that poses a serious threat to public health and safety or the environment.

(2) The lead agency or its designee may apply for an administrative search warrant to a court of competent jurisdiction and an administrative search warrant may issue where:

(a) The lead agency has attempted an inspection under this chapter and access has been actually or constructively denied; or

(b) There is reasonable cause to believe that a violation of this chapter or rules adopted under this chapter is occurring or has occurred. [2009 c 456 § 10.]

90.46.240 Plans, reports, specifications, and proposed methods of operation and maintenance to be submitted to departments. All required feasibility studies, planning documents, engineering reports, and plans and specifications for the construction of new reclaimed water, agric-
cultural industrial process water, and industrial reuse water facilities, including generation, distribution, and use facilities, or for improvements or extensions to existing facilities, and the proposed method of future operation and maintenance of said facility or facilities, shall be submitted to and be approved by the lead agency, before construction thereof may begin. No approval shall be given until the lead agency is satisfied that the plans, reports, and specifications and the methods of operation and maintenance submitted are adequate to protect the quality of the water for the intended use as provided for in this chapter and are adequate to protect public health and safety as necessary. [2009 c 456 § 11.]

90.46.250 Violation of chapter—Notification—Immediate action. (1) When, in the opinion of the lead agency, a person violates or creates a substantial potential to violate this chapter, the lead agency shall notify the person of its determination by registered mail. The determination shall not constitute an appealable order or directive. Within thirty days from the receipt of notice of such determination, the person shall file with the lead agency a full report stating what steps have been and are being taken to comply with the determination of the lead agency. After the full report is filed or after the thirty days have elapsed, the lead agency may issue the order or directive as it deems appropriate under the circumstances, shall notify the person by registered mail, and shall inform the person of the process for requesting an adjudicative hearing.

(2) When it appears to the lead agency that water quality conditions or other conditions exist which require immediate action to protect human health and safety or the environment, the lead agency may issue a written order to the person or persons responsible without first issuing a notice of determination pursuant to subsection (1) of this section. An order or directive issued pursuant to this subsection shall be served by registered mail or personally upon any person to whom it is directed, and shall inform the person or persons responsible of the process for requesting an adjudicative hearing. [2009 c 456 § 12.]

90.46.260 Penalty. Any person found guilty of willfully violating any of the provisions of this chapter, or any final written orders or directive of the lead agency or a court in pursuance thereof, is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment in the county jail for up to three hundred sixty-four days, or both, in the discretion of the court. Each day upon which a willful violation of the provisions of this chapter occurs may be deemed a separate and additional violation. [2011 c 96 § 60; 2009 c 456 § 13.]

90.46.270 Violations—Civil penalty—Procedure. (1) Except as provided in RCW 43.05.060 through 43.05.080, 43.05.100, 43.05.110, and 43.05.150, any person who:

(a) Generates any reclaimed water for a use regulated under this chapter and distributes or uses that water without a permit;

(b) Violates the terms or conditions of a permit issued under this chapter; or

(c) Violates rules or orders adopted or issued pursuant to this chapter,

shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ten thousand dollars per day for every violation. Each violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be a separate and distinct violation. Every act of commission or omission which procures, aids, or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health, the environment, or both, in addition to other relevant factors.

(2) A penalty imposed by a final administrative order is due upon service of the final administrative order. A person who fails to pay a penalty assessed by a final administrative order within thirty days of service of the final administrative order shall pay, in addition to the amount of the penalty, interest at the rate of one percent of the unpaid balance of the assessed penalty for each month or part of a month that the penalty remains unpaid, commencing within the month in which the notice of penalty was served, and reasonable attorneys' fees as are incurred if civil enforcement of the final administrative order is required to collect penalty.

(3) A person who institutes proceedings for judicial review of a final administrative order assessing a civil penalty under this chapter shall place the full amount of the penalty in an interest bearing account in the registry of the reviewing court. At the conclusion of the proceeding the court shall, as appropriate, enter a judgment on behalf of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court or shall enter a judgment in favor of the person appealing the penalty assessment and order return of the moneys paid into the registry of the court together with accrued interest to the person appealing. The judgment may award reasonable attorneys' fees for the cost of the attorney general's office in representing the lead agency.

(4) If no appeal is taken from a final administrative order assessing a civil penalty under this chapter, the lead agency may file a certified copy of the final administrative order with the clerk of the superior court in which the person resides, or in Thurston county, and the clerk shall enter judgment in the name of the lead agency and in the amount of the penalty assessed in the final administrative order.

(5) When the penalty herein provided for is imposed by the department of ecology, it shall be imposed pursuant to the procedures set forth in RCW 43.21B.300. All penalties imposed by the department of ecology pursuant to RCW 43.21B.300 shall be deposited into the state treasury and credited to the general fund.

(6) When the penalty is imposed by the department of health, it shall be imposed pursuant to the procedures set forth in RCW 43.70.095. All receipts from penalties shall be deposited into the health reclaimed water account. The department of health shall use revenue derived from penalties only to provide training and technical assistance to reclaimed water system owners and operators. [2009 c 456 § 14.]
90.46.280 Application of administrative procedure act to chapter. The provisions of chapter 34.05 RCW, the administrative procedure act, apply to all rule-making and adjudicative proceedings authorized by or arising under the provisions of this chapter. [2009 c 456 § 15.]

Chapter 90.48 RCW

WATER POLLUTION CONTROL

Sections

90.48.010 Policy enunciated.
90.48.020 Definitions.
90.48.030 Jurisdiction of department.
90.48.035 Rule-making authority.
90.48.037 Authority of department to bring enforcement actions.
90.48.039 Hazardous substance remedial actions—Procedural requirements not applicable.
90.48.045 Environmental excellence program agreements—Effect on chapter.
90.48.050 Discharge of polluting matter in waters prohibited.
90.48.090 Right of entry—Special inspection requirements for metals mining and milling operations.
90.48.095 Authority of department to compel attendance and testimony of witnesses, production of books and papers—Contempt proceedings to enforce—Fees.
90.48.100 Request for assistance.
90.48.110 Plans and proposed methods of operation and maintenance of sewerage or disposal systems to be submitted to department—Exceptions—Time limitations.
90.48.112 Plan evaluation—Consideration of reclaimed water.
90.48.120 Notice of department's determination that violation has or will occur—Report to department of compliance with determination—Order or directive to be issued—Notice.
90.48.140 Penalty.
90.48.142 Violations—Liability in damages for injury or death of fish, animals, vegetation—Action to recover.
90.48.150 Construction of chapter.
90.48.153 Cooperation with federal government—Federal funds.
90.48.156 Cooperation with other states and provinces— Interstate and state-provincial projects.
90.48.160 Waste disposal permit—Required—Exemptions.
90.48.162 Waste disposal permits required of counties, municipalities and public corporations.
90.48.165 Waste disposal permits required of counties, municipalities and public corporations—Cities, towns or municipal corporations may be granted authority to issue permits—Revocation—Termination of permits.
90.48.170 Waste disposal permits required of counties, municipalities and public corporations—Application—Notice as to new operation or increase in volume—Investigation—Notice to other state departments.
90.48.180 Waste disposal permits required of counties, municipalities and public corporations—Issuance—Conditions—Duration.
90.48.190 Waste disposal permits required of counties, municipalities and public corporations—Termination—Grounds.
90.48.195 Waste disposal permits required of counties, municipalities and public corporations—Modification or additional conditions may be ordered.
90.48.200 Waste disposal permits required of counties, municipalities and public corporations—Nonaction upon application—Temporary permit—Duration.
90.48.220 Marine finfish rearing facilities—Waste discharge standards—Discharge permit applications—Exemption.
90.48.230 Application of administrative procedure law to rule making and adjudicative proceedings.
90.48.240 Water pollution orders for conditions requiring immediate action—Appeal.
90.48.250 Agreements or contracts to monitor waters and effluent discharge.
90.48.260 Federal clean water act—Department designated as state agency, authority—Delegation of authority—Powers, duties, and functions.
90.48.261 Exercise of powers under RCW 90.48.260—Aquatic resource mitigation.
90.48.262 Implementation of RCW 90.48.260—Permits for energy facilities—Rules and procedures.

Federal clean water act—Rules for on-site sewage disposal systems adjacent to marine waters.
Sewage drainage basins—Authority of department to delineate and establish.
Sewage drainage basins—Comprehensive plans for sewage drainage basins.
Contracts with municipal or public corporations and political subdivisions to finance water pollution control projects—Requisites—Priorities.
Grants to municipal or public corporations or political subdivisions to aid water pollution control projects—Limitations.
Application of barley straw to waters of the state.
Discharge of oil into waters of the state—Definitions.
Discharge of oil into waters of the state—Compensation schedule.
Discharge of oil into waters of the state—Assessment of compensation.
Discharge of oil into waters of the state—Preassessent screening.
Department of natural resources leases.
Coastal protection fund—Established—Moneys credited to—Use.
Coastal protection fund—Disbursement of moneys from.
Water quality standards affected by forest practices—Department of ecology solely responsible for water quality standards—Forest practices rules—Adoption—Examination—Enforcement procedures.
Water quality standards—Compliance methods—Department authority.
Forest practices act and regulations relating to water quality protection to be utilized to satisfy federal water pollution act.
Watershed restoration projects—Approval process—Waiver of public review.
Aquatic noxious weed control—Water quality permits—Definition.
Aquatic plant management program—Commercial herbicide information—Experimental application of herbicides—Appropriation for study.
Eurasion water milfoil—Pesticide 2,4-D application.
Discharges from agricultural activity—Consideration to be given as to whether enforcement action would contribute to conversion of land to nonagricultural use—Minimize the possibility.
Discharge of chlorinated organics—Engineering reports by pulp and paper mills—Permits limiting discharge.
Water discharge fees—Report to the legislature.
Reduction of sewer overflows—Plans—Compliance schedule.
Sewage treatment facilities—Plans to upgrade or construct.
Water conservation measures to be considered in sewer plans.
Review of operations before issuance or renewal of wastewater discharge permits—Incorporation of permit conditions.
Construction projects involving fill material—Leaching test.
Leaching tests—Identification—Report to the legislature.
Use attainability analysis of water within federal reclamation project boundaries—Rules.
Storm water technical resource center—Duties—Advisory committee—Report to legislative committees.
Construction and industrial storm water general permits—Effluent limitations—Report.
Construction and industrial storm water general permits—Inspection and compliance.
Construction and industrial storm water general permits—Fees.
Water quality data—Findings—Intent.
Water quality data—Definitions.
Water quality data—Credible data, information, literature.
Water quality data—When credible.
Water quality data—Falsified data—Penalty.
Water quality data—Incorporation of permit conditions.
Water quality data—When changes to aid water pollution control projects—Limitations.
County water and sewerage systems, approval of the department of social and health services and the department of ecology: RCW 36.94.100.
Domestic waste treatment plants—Certification and regulation of operators: Chapter 70.95B RCW.

[Title 90 RCW—page 81]
90.48.010 Policy enunciated. It is declared to be the public policy of the state of Washington to maintain the highest possible standards to insure the purity of all waters of the state consistent with public health and public enjoyment thereof, the propagation and protection of wild life, birds, game, fish and other aquatic life, and the industrial development of the state, and to that end require the use of all known available and reasonable methods by industries and others to prevent and control the pollution of the waters of the state of Washington. Consistent with this policy, the state of Washington will exercise its powers, as fully and as effectively as possible, to retain and secure high quality for all waters of the state. The state of Washington in recognition of the federal government's interest in the quality of the navigable waters of the United States, of which certain portions thereof are within the jurisdictional limits of this state, proclaims a public policy of working cooperatively with the federal government in a joint effort to extinguish the sources of water quality degradation, while at the same time preserving and vigorously exercising state powers to insure that present and future standards of water quality within the state shall be determined by the citizenry, through and by the efforts of state government, of the state of Washington. [1973 c 155 § 1; 1945 c 216 § 1; Rem. Supp. 1945 § 10964a.]

90.48.020 Definitions. Whenever the word "person" is used in this chapter, it shall be construed to include any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual or any other entity whatsoever.

Wherever the words "waters of the state" shall be used in this chapter, they shall be construed to include lakes, rivers, ponds, streams, inland waters, underground waters, salt waters and all other surface waters and watercourses within the jurisdiction of the state of Washington.

Whenever the word "pollution" is used in this chapter, it shall be construed to mean such contamination, or other alteration of the physical, chemical or biological properties, of any waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental or injurious to the public health, safety or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish or other aquatic life.

Wherever the word "department" is used in this chapter it shall mean the department of ecology.

Whenever the word "director" is used in this chapter it shall mean the director of ecology.

Whenever the words "aquatic noxious weed" are used in this chapter, they have the meaning prescribed under RCW 17.26.020.

Whenever the words "general sewer plan" are used in this chapter they shall be construed to include all sewerage general plans, sewer general comprehensive plans, plans for a system of sewerage, and other plans for sewer systems adopted by a local government entity including but not limited to cities, towns, public utility districts, and water-sewer districts. [2002 c 161 § 4; 1995 c 255 § 7; 1987 c 109 § 122; 1967 c 13 § 1; 1945 c 216 § 2; Rem. Supp. 1945 § 10964k.]

Additional notes found at www.leg.wa.gov

90.48.030 Jurisdiction of department. The department shall have the jurisdiction to control and prevent the pollution of streams, lakes, rivers, ponds, inland waters, salt waters, water courses, and other surface and underground waters of the state of Washington. [1987 c 109 § 123; 1945 c 216 § 10; Rem. Supp. 1945 § 10964j. FORMER PART OF SECTION: 1945 c 216 § 11; Rem. Supp. 1945 § 10964k, now codified as RCW 90.48.035.]

90.48.035 Rule-making authority. The department shall have the authority to, and shall promulgate, amend, or rescind such rules and regulations as it shall deem necessary to carry out the provisions of this chapter, including but not limited to rules and regulations relating to standards of quality for waters of the state and for substances discharged therein in order to maintain the highest possible standards of all waters of the state in accordance with the public policy as declared in RCW 90.48.010. [1987 c 109 § 124; 1970 ex.s. c 88 § 11; 1967 c 13 § 6; 1945 c 216 § 11; Rem. Supp. 1945 § 10964k. Formerly RCW 90.48.030, part.]

90.48.037 Authority of department to bring enforcement actions. The department, with the assistance of the attorney general, is authorized to bring any appropriate action at law or in equity, including action for injunctive relief, in the name of the people of the state of Washington as may be necessary to carry out the provisions of this chapter or chapter 90.56 RCW. [1991 c 200 § 1102; 1987 c 109 § 125; 1967 c 13 § 7.]

Additional notes found at www.leg.wa.gov

90.48.039 Hazardous substance remedial actions—Procedural requirements not applicable. The procedural requirements of this chapter shall not apply to any person conducting a remedial action at a facility pursuant to a consent decree, order, or agreed order issued pursuant to chapter
90.48.080 Discharge of polluting matter in waters prohibited. It shall be unlawful for any person to throw, drain, run, or otherwise discharge into any of the waters of this state, or to cause, permit or suffer to be thrown, run, drained, allowed to seep or otherwise discharged into such waters any organic or inorganic matter that shall cause or tend to cause pollution of such waters according to the determination of the department, as provided for in this chapter. [1987 c 109 § 126; 1967 c 13 § 8; 1945 c 216 § 14; Rem. Supp. 1945 § 10964n.]

90.48.090 Right of entry—Special inspection requirements for metals mining and milling operations. The department or its duly appointed agent shall have the right to enter at all reasonable times in or upon any property, public or private, for the purpose of inspecting and investigating conditions relating to the pollution of or the possible pollution of any of the waters of this state. The department shall have special inspection requirements for metals mining and milling operations regulated under chapter 232, Laws of 1994. The department shall inspect these mining and milling operations at least quarterly in order to ensure compliance with the intent and any permit issued pursuant to this chapter. The department shall conduct additional inspections as needed during the construction phase of these mining operations in order to ensure compliance with this chapter. [1994 c 232 § 21; 1987 c 109 § 127; 1945 c 216 § 15; Rem. Supp. 1945 § 10964o.]

Additional notes found at www.leg.wa.gov

90.48.100 Request for assistance. The department shall have the right to request and receive the assistance of any educational institution or state agency when it is deemed necessary by the department to carry out the provisions of this chapter or chapter 90.56 RCW. [1991 c 200 § 1104; 1987 c 109 § 129; 1945 c 216 § 16; Rem. Supp. 1945 § 10964p.]

Additional notes found at www.leg.wa.gov

90.48.110 Plans and proposed methods of operation and maintenance of sewerage or disposal systems to be submitted to department—Exceptions—Time limitations. (1) Except under subsection (2) of this section, all engineering reports, plans, and specifications for the construction of new sewerage systems, sewage treatment or disposal plants or systems, or for improvements or extensions to existing sewerage systems or sewage treatment or disposal plants, and the proposed method of future operation and maintenance of said facility or facilities, shall be submitted to and be approved by the department, before construction thereof may begin. No approval shall be given until the department is satisfied that said plans and specifications and the methods of operation and maintenance submitted are adequate to protect the quality of the state's waters as provided for in this chapter. Approval under this chapter is not required for large on-site sewage systems permitted by the department of health under chapter 70.118B RCW or for on-site sewage systems regulated by local health jurisdictions under rules of the state board of health.

(2) To promote efficiency in service delivery and intergovernmental cooperation in protecting the quality of the state's waters, the department may delegate the authority for review and approval of engineering reports, plans, and specifications for the construction of new sewerage systems, sew-
age treatment or disposal plants or systems, or for improvements or extensions to existing sewerage system or sewage treatment or disposal plants, and the proposed method of future operations and maintenance of said facility or facilities and industrial pretreatment systems, to local units of government requesting such delegation and meeting criteria established by the department.

(3) For any new or revised general sewer plan submitted for review under this section, the department shall review and either approve, conditionally approve, reject, or request amendments within ninety days of the receipt of the submission of the plan. The department may extend this ninety-day time limitation for new submittals by up to an additional ninety days if insufficient time exists to adequately review the general sewer plan. For rejections of plans or extensions of the timeline, the department shall provide in writing to the local government entity the reason for such action. In addition, the governing body of the local government entity and the department may mutually agree to an extension of the deadlines contained in this section. [2007 c 343 § 13; 2002 c 161 § 5; 1994 c 118 § 1; 1987 c 109 § 130; 1967 c 13 § 10; 1945 c 216 § 17; Rem. Supp. 1945 § 10964g.]

Captions and part headings not law—2007 c 343: See RCW 70.118B.900.

90.48.112 Plan evaluation—Consideration of reclaimed water. The evaluation of any plans submitted under RCW 90.48.110 must include consideration of opportunities for the use of reclaimed water as defined in RCW 90.46.010. Wastewater plans submitted under RCW 90.48.110 must include a statement describing how applicable reclamation and reuse elements will be coordinated as required under RCW 90.46.120(2). [2003 1st sp.s. c 5 § 12; 1997 c 444 § 9.]

Additional notes found at www.leg.wa.gov

90.48.120 Notice of department's determination that violation has or will occur—Report to department of compliance with determination—Order or directive to be issued—Notice. (1) Whenever, in the opinion of the department, any person shall violate or creates a substantial potential to violate the provisions of this chapter or chapter 90.56 RCW, or fails to control the polluting content of waste discharged or to be discharged into any waters of the state, the department shall notify such person of its determination by registered mail. Such determination shall not constitute an order or directive under RCW 43.21B.310. Within thirty days from the receipt of notice of such determination, such person shall file with the department a full report stating what steps have been and are being taken to control such waste or pollution or to otherwise comply with the determination of the department. Whereupon the department shall issue such order or directive as it deems appropriate under the circumstances, and shall notify such person thereof by registered mail.

(2) Whenever the department deems immediate action is necessary to accomplish the purposes of this chapter or chapter 90.56 RCW, it may issue such order or directive, as appropriate under the circumstances, without first issuing a notice or determination pursuant to subsection (1) of this section. An order or directive issued pursuant to this subsection shall be served by registered mail or personally upon any person to whom it is directed. [1992 c 73 § 25; 1987 c 109 § 131; 1985 c 316 § 3; 1973 c 155 § 2; 1967 c 13 § 11; 1945 c 216 § 18; Rem. Supp. 1945 § 10964r.]

Additional notes found at www.leg.wa.gov

90.48.140 Penalty. Any person found guilty of willfully violating any of the provisions of this chapter or chapter 90.56 RCW, or any final written orders or directive of the department or a court in pursuance thereof is guilty of a gross misdemeanor, and upon conviction thereof shall be punished by a fine of up to ten thousand dollars and costs of prosecution, or by imprisonment in the county jail for up to three hundred sixty-four days, or by both such fine and imprisonment in the discretion of the court. Each day upon which a willful violation of the provisions of this chapter or chapter 90.56 RCW occurs may be deemed a separate and additional violation. [2011 c 96 § 61; 2003 c 53 § 419; 1992 c 73 § 26; 1973 c 155 § 8; 1945 c 216 § 20; Rem. Supp. 1945 § 10964t.]

Intent—Effective date—2003 c 53: See notes following RCW 2.48.180.

Additional notes found at www.leg.wa.gov

90.48.142 Violations—Liability in damages for injury or death of fish, animals, vegetation—Action to recover. (1) Any person who:

(a)(i) Violates any of the provisions of this chapter or chapter 90.56 RCW;

(ii) Fails to perform any duty imposed by this chapter or chapter 90.56 RCW;

(iii) Violates an order or other determination of the department or the director made pursuant to the provisions of this chapter or chapter 90.56 RCW;

(iv) Violates the conditions of a waste discharge permit issued pursuant to RCW 90.48.160; or

(v) Otherwise causes a reduction in the quality of the state's waters below the standards set by the department or, if no standards have been set, causes significant degradation of water quality, thereby damaging the same; and

(b) Causes the death of, or injury to, fish, animals, vegetation, or other resources of the state;

shall be liable to pay the state and affected counties and cities damages in an amount determined pursuant to RCW 90.48.367.

(2) No action shall be authorized under this section against any person operating in compliance with the conditions of a waste discharge permit issued pursuant to RCW 90.48.160. [1991 c 200 § 810; 1989 c 262 § 2; 1988 c 36 § 69; 1987 c 109 § 132; 1985 c 316 § 6; 1970 ex.s. c 88 § 12; 1967 ex.s. c 139 § 13.]

Findings—1989 c 262: “The legislature finds that there is confusion regarding the measure of damages authorized under RCW 90.48.142. The intent of this act is to clarify existing law on the measure of damages authorized under RCW 90.48.142, not to change the law.” [1989 c 262 § 1.]

90.48.144 Violations—Civil penalty—Procedure. Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, every person who:

(1) Violates the terms or conditions of a waste discharge permit issued pursuant to RCW 90.48.180 or 90.48.260 through 90.48.262, or

(2) Conducts a commercial or industrial operation or other point source discharge operation without a waste discharge permit as required by RCW 90.48.160 or 90.48.260 through 90.48.262, or

(3) Violates the provisions of RCW 90.48.080, or other sections of this chapter or chapter 90.56 RCW or rules or orders adopted or issued pursuant to either of those chapters, shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to ten thousand dollars a day for each violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty amount shall be set in consideration of the previous history of the violator and the severity of the violation's impact on public health and/or the environment in addition to other relevant factors. The penalty herein provided for shall be imposed pursuant to the procedures set forth in RCW 43.21B.300. [1995 c 403 § 636; 1992 c 73 § 27; 1987 c 109 § 17; 1985 c 316 § 2; 1973 c 155 § 9; 1970 ex.s. c 88 § 13; 1967 ex.s. c 139 § 14.]

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

Additional notes found at www.leg.wa.gov

90.48.150 Construction of chapter. This chapter shall not be construed as repealing any of the laws governing the pollution of the waters of the state, but shall be held and construed as ancillary to and supplementing the same and an addition to the laws now in force, except as the same may be in direct conflict herewith. [1945 c 216 § 21; Rem. Supp. 1945 § 10964a.]

90.48.153 Cooperation with federal government—Federal funds. The department is authorized to cooperate with the federal government and to accept grants of federal funds for carrying out the purposes of this chapter. The department is empowered to make any application or report required by an agency of the federal government as an incident to receiving such grants. [1987 c 109 § 133; 1949 c 58 § 1; Rem. Supp. 1949 § 10964pp. Formerly RCW 90.48.040.]

90.48.156 Cooperation with other states and provinces—Interstate and state-provincial projects. The department is authorized to cooperate with appropriate agencies of neighboring states and neighboring provinces, to enter into contracts, and make contributions toward interstate and state-provincial projects to carry out the purposes of this chapter and chapter 90.56 RCW. [1991 c 200 § 1105; 1987 c 109 § 134; 1949 c 58 § 2; Rem. Supp. 1949 § 10964pp-1. Formerly RCW 90.48.050.]

Additional notes found at www.leg.wa.gov

90.48.160 Waste disposal permit—Required—Exemptions. Any person who conducts a commercial or industrial operation of any type which results in the disposal of solid or liquid waste material into the waters of the state, including commercial or industrial operators discharging solid or liquid waste material into sewerage systems operated by municipalities or public entities which discharge into public waters of the state, shall procure a permit from either the department or the *thermal power plant site evaluation council as provided in RCW 90.48.262(2) before disposing of such waste material: PROVIDED, That this section shall not apply to any person discharging domestic sewage only into a sewerage system.

The department may, through the adoption of rules, eliminate the permit requirements for disposing of wastes into publicly operated sewerage systems for:

(1) Categories of or individual municipalities or public corporations operating sewerage systems; or

(2) Any category of waste disposer;

if the department determines such permit requirements are no longer necessary for the effective implementation of this chapter. The department may by rule eliminate the permit requirements for disposing of wastes by upland finfish rearing facilities unless a permit is required under the federal clean water act's national pollutant discharge elimination system. [1989 c 293 § 2; 1973 c 155 § 3; 1967 c 13 § 13; 1955 c 71 § 1.]

*Reviser's note: The "thermal power plant site evaluation council" was redesignated the "energy facility site evaluation council" by 1975-76 2nd ex.s. c 108.

90.48.162 Waste disposal permits required of counties, municipalities and public corporations. Any county or any municipal or public corporation operating or proposing to operate a sewerage system, including any system which collects only domestic sewerage, which results in the disposal of waste material into the waters of the state shall procure a permit from the department of ecology before so disposing of such materials. This section is intended to extend the permit system of RCW 90.48.160 to counties and municipal or public corporations and the provisions of RCW 90.48.170 through 90.48.200 and 90.52.040 shall be applicable to the permit requirement imposed under this section. A permit under this chapter is not required for large on-site sewage systems permitted by the department of health under chapter 70.118B RCW for or on-site sewage systems permitted by local health jurisdictions under rules of the state board of health. [2007 c 343 § 12; 1972 ex.s. c 140 § 1.]

Captions and part headings not law—2007 c 343: See RCW 70.118B.900.
90.48.165 Waste disposal permits required of counties, municipalities and public corporations—Cities, towns or municipal corporations may be granted authority to issue permits—Revocation—Termination of permits. Any city, town or municipal corporation operating a sewerage system including treatment facilities may be granted authority by the department to issue permits for the discharge of wastes to such system provided the department ascertain its satisfaction that the sewerage system and the inspection and control program operated and conducted by the city, town or municipal corporation will protect the public interest in the quality of the state's waters as provided for in this chapter. Such authority may be granted by the department upon application by the city, town or municipal corporation and may be revoked by the department if it determines that such city, town, or municipal corporation is not, there after, operated and conducted in a manner to protect the public interest. Persons holding municipal permits to discharge into sewerage systems operated by a municipal corporation authorized by this section to issue such permits shall not be required to secure a waste discharge permit provided for in RCW 90.48.160 as to the wastes discharged into such sewerage systems. Authority granted by the department to cities, towns, or municipal corporations to issue permits under this section shall be in addition to any authority or power now or hereafter granted by law to cities, towns and municipal corporations for the regulation of discharges into sewerage systems operated by such cities, towns, or municipal corporations. Permits issued under this section shall automatically terminate if the authority to issue the same is revoked by the department. [1987 c 109 § 135; 1967 c 13 § 14.]

90.48.170 Waste disposal permits required of counties, municipalities and public corporations—Application—Notice as to new operation or increase in volume—Investigation—Notice to other state departments. Applications for permits shall be made on forms prescribed by the department and shall contain the name and address of the applicant, a description of the applicant's operations, the quantity and type of waste material sought to be disposed of, the proposed method of disposal, and any other relevant information deemed necessary by the department. Application for permits shall be made at least sixty days prior to commencement of any proposed discharge or permit expiration date, whichever is applicable. Upon receipt of a proper application relating to a new operation, or an operation previously under permit for which an increase in volume of wastes or change in character of effluent is requested over that previously authorized, the department shall instruct the applicant to publish notices thereof by such means and within such time as the department shall prescribe. The department shall require that the notice so prescribed shall be published twice in a newspaper of general circulation within the county in which the disposal of waste material is proposed to be made and in such other appropriate information media as the department may direct. Said notice shall include a statement that any person desiring to present his or her views to the department with regard to said application may do so in writing to the department, or any person interested in the department's action on an application for a permit, may submit his or her views or notify the department of his or her interest within thirty days of the last date of publication of notice. Such notification or submission of views to the department shall entitle said persons to a copy of the action taken on the application. Upon receipt by the department of an application, it shall immediately send notice thereof containing pertinent information to the director of fish and wildlife and to the secretary of social and health services. When an application complying with the provisions of this chapter and the rules and regulations of the department has been filed with the department, it shall be its duty to investigate the application, and determine whether the use of public waters for waste disposal as proposed will pollute the same in violation of the public policy of the state. [1994 c 264 § 91; 1988 c 36 § 70; 1987 c 109 § 136; 1967 c 13 § 15; 1955 c 71 § 2.]

90.48.180 Waste disposal permits required of counties, municipalities and public corporations—Issuance—Conditions—Duration. The department shall issue a permit unless it finds that the disposal of waste material as proposed in the application will pollute the waters of the state in violation of the public policy declared in RCW 90.48.010. The department shall have authority to specify conditions necessary to avoid such pollution in each permit under which waste material may be disposed of by the permittee. Permits may be temporary or permanent but shall not be valid for more than five years from date of issuance. [1987 c 109 § 137; 1967 c 13 § 16; 1955 c 71 § 3.]

90.48.190 Waste disposal permits required of counties, municipalities and public corporations—Termination—Grounds. A permit shall be subject to termination upon thirty days' notice in writing if the department finds:
(1) That it was procured by misrepresentation of any material fact or by lack of full disclosure in the application;
(2) That there has been a violation of the conditions thereof;
(3) That a material change in quantity or type of waste disposal exists. [1987 c 109 § 138; 1967 c 13 § 17; 1955 c 71 § 4. (1987 3rd ex.s. c 2 § 43 repealed by 1989 c 2 § 24, effective March 1, 1989.)]

90.48.195 Waste disposal permits required of counties, municipalities and public corporations—Modification or additional conditions may be ordered. In the event that a material change in the condition of the state waters occurs the department may, by appropriate order, modify permit conditions or specify additional conditions in permits previously issued. [1987 c 109 § 139; 1967 c 13 § 18.]

90.48.200 Waste disposal permits required of counties, municipalities and public corporations—Nonaction

[Title 90 RCW—page 86]
upon application—Temporary permit—Duration. In the event of failure of the department to act upon an application within sixty days after it has been filed the applicant shall be deemed to have received a temporary permit. Said permit shall authorize the applicant to discharge wastes into waters of the state as requested in its application only until such time as the department shall have taken action upon said application. [1987 c 109 § 140; 1967 c 13 § 19; 1955 c 71 § 5.]

90.48.215 Upland finfish facilities—Waste discharge standards—Waste disposal permit. (1) The following definition shall apply to this section: "Upland finfish hatching and rearing facilities" means those facilities not located within waters of the state where finfish are hatched, fed, nurtured, held, maintained, or reared to reach the size of release or for market sale. This shall include fish hatcheries, rearing ponds, spawning channels, and other similarly constructed or fabricated public or private facilities.

(2) Not later than September 30, 1989, the department shall adopt standards pursuant to chapter 34.05 RCW for waste discharges from upland finfish hatching and rearing facilities. In establishing these standards, the department shall incorporate, to the extent applicable, studies conducted by the United States environmental protection agency on finfish rearing facilities and other relevant information. The department shall also issue a general permit as authorized by the federal clean water act, 33 U.S.C. 1251 et seq., or RCW 90.48.160 by September 30, 1989, for upland finfish hatching and rearing facilities. The department shall approve or deny applications for coverage under the general permit for upland finfish hatching and rearing facilities within one hundred eighty days from the date of application, unless a longer time is necessary to satisfy public participation requirements of the state environmental policy act.

(4) The department may adopt rules to exempt marine finfish hatching and rearing facilities not requiring national pollutant discharge elimination system permits under the federal water pollution control act from the discharge permit requirement. [1993 c 296 § 1.]

90.48.230 Application of administrative procedure law to rule making and adjudicative proceedings. The provisions of chapter 34.05 RCW, the Administrative Procedure Act, apply to all rule making and adjudicative proceedings authorized by or arising under the provisions of chapter 90.48 RCW. [1989 c 175 § 181; 1967 c 13 § 21.]

Additional notes found at www.leg.wa.gov

90.48.240 Water pollution orders for conditions requiring immediate action—Appeal. Notwithstanding any other provisions of this chapter or chapter 90.56 RCW, whenever it appears to the director that water quality conditions exist which require immediate action to protect the public health or welfare, or that a person required by RCW 90.48.160 to obtain a waste discharge permit prior to discharge is discharging without the same, or that a person conducting an operation which is subject to a permit issued pursuant to RCW 90.48.160 conducts the same in violation of the terms of said permit, causing water quality conditions to exist which require immediate action to protect the public health or welfare, the director may issue a written order to the person or persons responsible without prior notice or hearing, directing and awarding the person or persons responsible the alternative of either (1) immediately discontinuing or modifying the discharge into the waters of the state, or (2) appearing before the department at the time and place specified in said written order for the purpose of providing to the department information pertaining to the violations and conditions alleged in said written order. The responsible person or persons shall be afforded not less than twenty-four hours notice of such an information meeting. If following such a meeting the department determines that water quality conditions exist which require immediate action as described herein, the department may issue a written order requiring immediate discontinuance or modification of the discharge into the waters of the state. In the event an order is not immediately complied with the attorney general, upon request of the department, shall seek and obtain an order of the superior court.
court of the county in which the violation took place directing compliance with the order of the department. Such an order is appealable pursuant to RCW 43.21B.310. [1991 c 200 § 1106; 1987 c 109 § 15; 1967 c 13 § 22.]

Additional notes found at www.leg.wa.gov

90.48.250 Agreements or contracts to monitor waters and effluent discharge. The department is authorized to make agreements and enter into such contracts as are appropriate to carry out a program of monitoring the condition of the waters of the state and the effluent discharged therein, including contracts to monitor effluent discharged into public waters when such monitoring is required by the terms of a waste discharge permit or as part of the approval of a sewageage system, if adequate compensation is provided to the department as a term of the contract. [1987 c 109 § 141; 1967 c 13 § 23.]

90.48.260 Federal clean water act—Department designated as state agency, authority—Delegation of authority—Powers, duties, and functions. (1) The department of ecology is hereby designated as the state water pollution control agency for all purposes of the federal clean water act as it exists on February 4, 1987, and is hereby authorized to participate fully in the programs of the act as well as to take all action necessary to secure to the state the benefits and to meet the requirements of that act. With regard to the national estuary program established by section 320 of that act, the department shall exercise its responsibility jointly with the Puget Sound partnership, created in RCW 90.71.210. The department of ecology may delegate its authority under this chapter, including its national pollutant discharge elimination permit system authority and duties regarding animal feeding operations and concentrated animal feeding operations, to the department of agriculture through a memorandum of understanding. Until any such delegation receives federal approval, the department of agriculture's adoption or issuance of animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology. Adoption or issuance and implementation shall be accomplished so that compliance with such animal feeding operation and concentrated animal feeding operation rules, permits, programs, and directives pertaining to water quality shall be accomplished after reaching agreement with the director of the department of ecology.

The powers granted herein include, but are not limited to: (i) Effluent treatment and limitation requirements together with timing requirements related thereto; (ii) applicable receiving water quality standards requirements; (iii) requirements of standards of performance for new sources; (iv) pretreatment requirements; (v) termination and modification of permits for cause; (vi) requirements for public notices and opportunities for public hearings; (vii) appropriate relationships with the secretary of the army in the administration of his or her responsibilities which relate to anchorage and navigation, with the administrator of the environmental protection agency in the performance of his or her duties, and with other governmental officials under the federal clean water act; (viii) requirements for inspection, monitoring, entry, and reporting; (ix) enforcement of the program through penalties, emergency powers, and criminal sanctions; (x) a continuing planning process; and (xi) user charges.

(b) The power to establish and administer state programs in a manner which will ensure the procurement of moneys, whether in the form of grants, loans, or otherwise; to assist in the construction, operation, and maintenance of various water pollution control facilities and works; and the administering of various state water pollution control management, regulatory, and enforcement programs.

(c) The power to develop and implement appropriate programs pertaining to continuing planning processes, area-wide waste treatment management plans, and basin planning.

(2) The governor shall have authority to perform those actions required of him or her by the federal clean water act.

(3) By July 31, 2012, the department shall:

(a) Reissue without modification and for a term of one year any national pollutant discharge elimination system municipal storm water general permit applicable to western Washington municipalities first issued on January 17, 2007; and

(b) Issue an updated national pollutant discharge elimination system municipal storm water general permit applicable to western Washington municipalities for any permit first issued on January 17, 2007. An updated permit issued under this subsection shall become effective beginning August 1, 2013.

(i) Provisions of the updated permit issued under (b) of this subsection relating to new requirements for low-impact development and review and revision of local development codes, rules, standards, or other enforceable documents to incorporate low-impact development principles must be implemented simultaneously. These requirements may go into effect no earlier than December 31, 2016, or the time of the scheduled update under RCW 36.70A.130(5), as existing on July 10, 2012, whichever is later.

(ii) Provisions of the updated permit issued under (b) of this subsection related to increased catch basin inspection and illicit discharge detection frequencies and application of new storm water controls to projects smaller than one acre may go into effect no earlier than December 31, 2016, or the time of the scheduled update under RCW 36.70A.130(5), as existing on July 10, 2012, whichever is later.

(4) By July 31, 2012, the department shall:

(a) Reissue without modification and for a term of two years any national pollutant discharge elimination system municipal storm water general permit applicable to eastern municipalities first issued on January 17, 2007; and
Washington municipalities first issued on January 17, 2007; and

(b) Issue an updated national pollutant discharge elimination system municipal storm water general permit for any permit first issued on January 17, 2007, applicable to eastern Washington municipalities. An updated permit issued under this subsection becomes effective August 1, 2014. [2012 1st sp.s. c 1 § 313; 2011 c 353 § 12; 2007 c 341 § 55; 2003 c 325 § 7; 1988 c 220 § 1; 1983 c 270 § 1; 1979 ex.s. c 267 § 1; 1973 c 155 § 4; 1967 c 13 § 24.]

Authority of department of fish and wildlife under act—2012 1st sps. c 1: See note following RCW 76.09.040.

Intent—2011 c 353: See note following RCW 36.70A.130.

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

Intent—Finding—2003 c 325: See note following RCW 90.64.030.

Additional notes found at www.leg.wa.gov

90.48.261 Exercise of powers under RCW 90.48.260—Aquatic resource mitigation. When exercising its powers under RCW 90.48.260, the department shall, at the request of the project proponent, follow the guidance contained in RCW 90.74.005 through 90.74.030. [1997 c 424 § 7.]

90.48.262 Implementation of RCW 90.48.260—Permits for energy facilities—Rules and procedures. (1) The powers established under RCW 90.48.260 shall be implemented by the department through the adoption of rules in every appropriate situation. The permit program authorized under *RCW 90.48.260(1) shall constitute a continuation of the established permit program of RCW 90.48.160 and other applicable sections within chapter 90.48 RCW. The appropriate modifications as authorized in **this 1973 amendatory act are designed to avoid duplication and other wasteful practices and to insure that the state permit program contains all required elements of and is compatible with the requirements of any national permit system.

(2) Permits for energy facilities subject to chapter 80.50 RCW shall be issued by the energy facility site evaluation council: PROVIDED, That such permits shall become effective only if the governor approves an application for certification and executes a certification agreement pursuant to said chapter. The council shall have all powers necessary to establish and administer a point source discharge permit program pertaining to such plants, consistent with applicable receiving water quality standards established by the department, and to qualify for full participation in any national waste discharge or pollution discharge elimination permit system. The council and the department shall each adopt, by rules, procedures which will provide maximum coordination and avoid duplication between the two agencies with respect to permits in carrying out the requirements of **this act including, but not limited to, monitoring and enforcement of certification agreements, and in qualifying for full participation in any such national system. [1975-76 2nd ex.s. c 108 § 41; 1973 c 155 § 5.]

Reviser’s note: *(1) RCW 90.48.260 was amended by 2011 c 353 § 12, changing subsection (1) to subsection (1)(a).

***(2) “This 1973 amendatory act” and “this act” apparently refer to 1973 c 155, which consists of this section, amendments to RCW 90.48.010, 90.48.120, 90.48.140, 90.48.144, 90.48.160, and 90.48.260, and the repeal of RCW 90.48.070.

Additional notes found at www.leg.wa.gov

90.48.264 Federal clean water act—Rules for on-site sewage disposal systems adjacent to marine waters. In implementing this chapter and in participating in programs under the federal clean water act, the department may consult with the department of social and health services concerning standards for repair of existing, failing on-site sewage disposal systems that are adjacent to marine waters. By January 1, 1989, the department of social and health services shall propose rules for adoption by the state board of health identifying the standards for repair of existing, failing on-site sewage disposal systems at single-family residences that were legally occupied prior to June 9, 1988, and that are adjacent to marine waters. The rules may specify the design, operation and maintenance standards for such repaired systems so as to ensure protection of the public health, attainment of state water quality standards and the protection of shellfish and other public resources. The rules shall also provide that any proposed discharge to marine water shall be considered only if on-site sewage disposal systems are not feasible and that such discharges shall meet the requirements of this chapter and department of ecology regulations. The state board of health shall adopt such proposed rules unless the board finds modification or rejection of them necessary to protect the public health. [1988 c 220 § 2.]

90.48.270 Sewage drainage basins—Authority of department to delineate and establish. The department shall have authority to delineate and establish sewage drainage basins in the state for the purpose of developing and/or adopting comprehensive plans for the control and abatement of water pollution within such basins. Basins may include, but are not limited to, rivers and their tributaries, streams, coastal waters, sounds, bays, lakes, and portions or combinations thereof, as well as the lands drained thereby. [1987 c 109 § 142; 1967 c 13 § 26.]

Aquifer protection areas: Chapter 36.36 RCW.

90.48.280 Sewage drainage basins—Comprehensive plans for sewage drainage basins. The department is authorized to prepare and/or adopt a comprehensive water pollution control and abatement plan and to make subsequent amendments thereto, for each basin established pursuant to RCW 90.48.270. Comprehensive plans for sewage drainage basins may be prepared by any municipality and submitted to the department for adoption.

Prior to adopting a comprehensive plan for any basin or any subsequent amendment thereof the department shall hold a public hearing thereon. Notice of such hearing shall be given by registered mail, together with copies of the proposed plan, to each municipality, or other political subdivision, within the basin exercising a sewage disposal function, at least twenty days prior to the hearing date. Such hearing may be continued from time to time and, at the termination
thereof, the department may reject the plan proposed or adopt it with such modifications as it shall deem proper.

Following adoption of a comprehensive plan for any basin, the department shall require compliance with such plan by any municipality or person operating or constructing a sewage collection, treatment or disposal system or plant, or any improvement to or extension of an existing sewage collection, treatment or disposal system or plant, within the basin. [1987 c 109 § 143; 1967 c 13 § 27.]

90.48.285 Contracts with municipal or public corporations and political subdivisions to finance water pollution control projects—Requisites—Priorities. The department is authorized to enter into contracts with any municipal or public corporation or political subdivision within the state for the purpose of assisting such agencies to finance the design and construction of water pollution control projects, whether procured through chapter 39.10 or 70.150 RCW, or otherwise, that are necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state, including but not limited to, systems for the control of storm or surface waters which will provide for the removal of waste or polluting materials in a manner conforming to the comprehensive plan of water pollution control and abatement proposed by the agencies and approved by the department. Any such contract may provide for:

The payment by the department to a municipal or public corporation or political subdivision on a monthly, quarterly, or annual basis of varying amounts of moneys as advances which shall be repayable by said municipal or public corporation, or political subdivision under conditions determined by the department.

Contracts made by the department shall be subject to the following limitations:

(1) No contract shall be made unless the department shall find that the project cannot be financed at reasonable cost or within statutory limitations by the borrower without the making of such contract.

(2) No contract shall be made with any public or municipal corporation or political subdivision to assist in the financing of any project located within a drainage basin for which the department shall have previously adopted a comprehensive water pollution control and abatement plan unless the project is found by the department to conform with the basin comprehensive plan.

(3) The department shall determine the interest rate, not to exceed ten percent per annum, which such advances shall bear.

(4) The department shall provide such reasonable terms and conditions of repayment of advances as it may determine.

(5) The total outstanding amount which the department may at any time be obligated to pay under all outstanding contracts made pursuant to this section shall not exceed the moneys available for such payment.

(6) Municipal or public corporations or political subdivisions shall meet such qualifications and follow such procedures in applying for contract assistance as shall be established by the department.

In making such contracts the department shall give priority to projects which will provide relief from actual or potential public health hazards or water pollution conditions and which provide substantial capacity beyond present requirements to meet anticipated future demand. [2005 c 469 § 4; 1987 c 109 § 143; 1987 c 109 § 143; 1980 c 32 § 13; 1969 ex.s. c 141 § 1.]

Additional notes found at www.leg.wa.gov

90.48.290 Grants to municipal or public corporations or political subdivisions to aid water pollution control projects—Limitations. The department is authorized to make and administer grants within appropriations authorized by the legislature to any municipal or public corporation, or political subdivision within the state for the purpose of aiding in the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state including, but not limited to, projects for the control of storm or surface waters which will provide for the removal of waste or polluting materials therefrom.

Grants so made by the department shall be subject to the following limitations:

(1) No grant shall be made in an amount which exceeds the recipient's contribution to the estimated cost of the project; PROVIDED, That the following shall be considered a part of the recipient's contribution:

(a) Any grant received by the recipient from the federal government pursuant to section 8(f) of the Federal Water Pollution Control Act (33 U.S.C. 466) for the project;

(b) Any expenditure which is made by any municipal or public corporation, or political subdivision within the state as a part of a joint effort with the recipient to carry out the project and which has not been used as a matching contribution for another grant made pursuant to this chapter;

(c) Any expenditure for the project made by the recipient out of moneys advanced by the department from a revolving fund and repayable to said fund.

(2) No grant shall be made for any project which does not qualify for and receive a grant of federal funds under the provisions of the Federal Water Pollution Control Act as now or hereafter amended: PROVIDED, That this restriction shall not apply to state grants made in any biennium over and above the amount of such grants required to match all federal funds allocated to the state for such biennium.

(3) No grant shall be made to any municipal or public corporation, or political subdivision for any project located within a drainage basin unless the department shall have previously adopted a comprehensive water pollution control and abatement plan and unless the project is found by the department to conform with such basin comprehensive plan: PROVIDED, That the requirement for a project to conform to a comprehensive water pollution control and abatement plan may be waived by the department for any grant application filed with the department prior to July 1, 1974, in those situations where the department finds the public interest would be served better by approval of any grant application made prior to adoption of such plan than by its denial.
(4) Recipients of grants shall meet such qualifications and follow such procedures in applying for grants as shall be established by the department.

(5) Grants may be made to reimburse recipients for expenditures made after July 1, 1967 for projects which meet the requirements of this section and were commenced after the recipient had filed a grant application with the department. [1987 c 109 § 145; 1969 ex. s. c 284 § 1; 1967 c 13 § 28.]

90.48.310 Application of barley straw to waters of the state. (1) Notwithstanding any other provisions of this chapter, the application of barley straw to waters of the state for the purposes of water clarification does not require a state waste discharge permit as long as the following provisions are met:

(a) The barley straw is applied at a rate of up to two hundred twenty-five pounds per acre of surface water;
(b) Whole bales or tightly packed straw are not used. Straw must be loosely packed in nylon or mesh bags;
(c) Bags of straw are placed where control is desired, such as around docks and swim areas, and around inlets to aid in aeration or mixing;
(d) The bags must be staked or anchored in place;
(e) Straw is placed in early spring, prior to the growth of algae; and
(f) Bags are removed four to six months after placement and must not be left in the water over winter.

(2) The placement of barley straw into waters of the state in any other instance is not authorized absent a permit.

(3) This section does not alter any permit requirement that may exist under chapter 77.55 RCW. [2007 c 30 § 1.]

90.48.364 Discharge of oil into waters of the state—Definitions. For the purposes of this chapter, "technical feasibility" or "technically feasible" means that given available technology, a restoration or enhancement project can be successfully completed at a cost that is not disproportionate to the value of the resource before the injury. [1991 c 200 § 811.]

Additional notes found at www.leg.wa.gov

90.48.366 Discharge of oil into waters of the state—Compensation schedule. (1) The department, in consultation with the departments of fish and wildlife and natural resources, and the parks and recreation commission, shall adopt rules establishing a compensation schedule for the discharge of oil in violation of this chapter and chapter 90.56 RCW. The amount of compensation assessed under this schedule shall be:

(a) For spills totaling one thousand gallons or more in any one event, no less than three dollars per gallon of oil spilled and no greater than three hundred dollars per gallon of oil spilled; and

(b) For spills totaling less than one thousand gallons in any one event, no less than one dollar per gallon of oil spilled and no greater than one hundred dollars per gallon of oil spilled.

(2) Persistent oil recovered from the surface of the water within forty-eight hours of a discharge must be deducted from the total spill volume for purposes of determining the amount of compensation assessed under the compensation schedule.

(3) The compensation schedule adopted under this section shall reflect adequate compensation for unquantifiable damages or for damages not quantifiable at reasonable cost for any adverse environmental, recreational, aesthetic, or other effects caused by the spill and shall take into account:

(a) Characteristics of any oil spilled, such as toxicity, dispersibility, solubility, and persistence, that may affect the severity of the effects on the receiving environment, living organisms, and recreational and aesthetic resources;
(b) The sensitivity of the affected area as determined by such factors as:
   (i) The location of the spill;
   (ii) Habitat and living resource sensitivity;
   (iii) Seasonal distribution or sensitivity of living resources;
   (iv) Areas of recreational use or aesthetic importance;
   (v) The proximity of the spill to important habitats for birds, aquatic mammals, fish, or to species listed as threatened or endangered under state or federal law;
   (vi) Significant archaeological resources as determined by the department of archaeology and historic preservation; and
   (vii) Other areas of special ecological or recreational importance, as determined by the department; and
(c) Actions taken by the party who spilled oil or any party liable for the spill that:
   (i) Demonstrate a recognition and affirmative acceptance of responsibility for the spill, such as the immediate removal of oil and the amount of oil removed from the environment; or
   (ii) Enhance or impede the detection of the spill, the determination of the quantity of oil spilled, or the extent of damage, including the unauthorized removal of evidence such as injured fish or wildlife. [2011 c 122 § 9; 2007 c 347 § 1; 1994 sp.s. c 9 § 855; 1992 c 73 § 28; 1991 c 200 § 812; 1989 c 388 § 2.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

Intent—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

Additional notes found at www.leg.wa.gov

90.48.367 Discharge of oil into waters of the state—Assessment of compensation. (1) After a spill or other incident causing damages to the natural resources of the state, the department shall conduct a formal preassessment screening as provided in RCW 90.48.368.

(2) The department shall use the compensation schedule established under RCW 90.48.366 to determine the amount of damages if the preassessment screening committee determines that: (a) Restoration or enhancement of the injured resources is not technically feasible; (b) damages are not quantifiable at a reasonable cost; and (c) the restoration and enhancement projects or studies proposed by the liable par-
ties are insufficient to adequately compensate the people of the state for damages.

(3) If the preassessment screening committee determines that the compensation schedule should not be used, compensation shall be assessed for the amount of money necessary to restore any damaged resource to its condition before the injury, to the extent technically feasible, and compensate for the lost value incurred during the period between injury and restoration.

(4) Restoration shall include the cost to restock such waters, replenish or replace such resources, and otherwise restore the stream, lake, or other waters of the state, including any estuary, ocean area, submerged lands, shoreline, bank, or other lands adjoining such waters to its condition before the injury, as such condition is determined by the department. The lost value of a damaged resource shall be equal to the sum of consumptive, nonconsumptive, and indirect use values, as well as lost taxation, leasing, and licensing revenues. Indirect use values may include existence, bequest, option, and aesthetic values. Damages shall be determined by generally accepted and cost-effective procedures, including, but not limited to, contingent valuation method studies.

(5) Compensation assessed under this section shall be recoverable in an action brought by the attorney general on behalf of the people of the state of Washington and affected counties and cities in the superior court of Thurston county or any county in which damages occurred. Moneys recovered by the attorney general under this section shall be deposited in the coastal protection fund established under RCW 90.48.390, and shall only be used for the purposes stated in RCW 90.48.400.

(6) Compensation assessed under this section shall preclude claims under this chapter by local governments for compensation for damages to publicly owned resources resulting from the same incident. [1991 c 200 § 813; 1989 c 388 § 3]

Intent—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

Additional notes found at www.leg.wa.gov

90.48.368 Discharge of oil into waters of the state—Preassessment screening. (1) The department shall adopt rules establishing a formal process for preassessment screening of damages resulting from spills to the waters of the state causing the death of, or injury to, fish, animals, vegetation, or other resources of the state. The rules shall specify the conditions under which the department shall convene a preassessment screening committee. The preassessment screening process shall occur concurrently with reconnaissance activities. The committee shall use information obtained from reconnaissance activities as well as any other relevant resource and resource use information. For each incident, the committee shall determine whether a damage assessment investigation should be conducted, or, whether the compensation schedule authorized under RCW 90.48.366 and 90.48.367 should be used to assess damages. The committee may accept restoration or enhancement projects or studies proposed by the liable parties in lieu of some or all of: (a) The compensation schedule authorized under RCW 90.48.366 and 90.48.367; or (b) the claims from damage assessment studies authorized under RCW 90.48.142.

(2) A preassessment screening committee may consist of representatives of the departments of ecology, archaeology and historic preservation, fish and wildlife, health, and natural resources, and the parks and recreation commission, as well as other federal, state, and local agencies, and tribal and local governments whose presence would enhance the reconnaissance or damage assessment aspects of spill response. The department shall chair the committee and determine which representatives will be needed on a spill-by-spill basis.

(3) The committee shall consider the following factors when determining whether a damage assessment study authorized under RCW 90.48.367 should be conducted: (a) Whether evidence from reconnaissance investigations suggests that injury has occurred or is likely to occur to publicly owned resources; (b) the potential loss in services provided by resources injured or likely to be injured and the expected value of the potential loss; (c) whether a restoration project to return lost services is technically feasible; (d) the accuracy of damage quantification methods that could be used and the anticipated cost-effectiveness of applying each method; (e) the extent to which likely injury to resources can be verified with available quantification methods; and (f) whether the injury, once quantified, can be translated into monetary values with sufficient precision or accuracy.

(4) When a resource damage assessment is required for an oil spill in the waters of the state, as defined in RCW 90.56.010, the state trustee agency responsible for the resource and habitat damaged shall conduct the damage assessment and pursue all appropriate remedies with the responsible party.

(5) Oil spill damage assessment studies authorized under RCW 90.48.367 may only be conducted if the committee, after considering the factors enumerated in subsection (3) of this section, determines that the damages to be investigated are quantifiable at a reasonable cost and that proposed assessment studies are clearly linked to quantification of the damages incurred.

(6) As new information becomes available, the committee may reevaluate the scope of damage assessment using the factors listed in subsection (3) of this section and may reduce or expand the scope of damage assessment as appropriate.

(7) The preassessment screening process shall provide for the ongoing involvement of persons who may be liable for damages resulting from an oil spill. The department may negotiate with a potentially liable party to perform restoration and enhancement projects or studies which may substitute for all or part of the compensation authorized under RCW 90.48.366 and 90.48.367 or the damage assessment studies authorized under RCW 90.48.367.

(8) For the purposes of this section and RCW 90.48.367, the cost of a damage assessment shall be considered "reasonable" when the anticipated cost of the damage assessment is expected to be less than the anticipated damage that may have occurred or may occur. [2007 c 347 § 2; 1994 c 264 § 92; 1992 c 73 § 29; 1991 c 200 § 814; 1989 c 388 § 4]

Intent—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

90.48.386 Department of natural resources leases. After May 15, 1991, the department of natural resources shall
include in its leases for onshore and offshore facilities the following provisions:

(1) Require those wishing to lease, sublease, or re-lease state-owned aquatic lands to comply with the provisions of this chapter;

(2) Require lessees and sublessees to operate according to the plan of operations and to keep the plan current in compliance with this chapter; and

(3) Include in its leases provisions that a violation by the lessee or sublessee of the provisions of this chapter may be grounds for termination of the lease. [1991 c 200 § 1101.]

Additional notes found at www.leg.wa.gov

90.48.390 Coastal protection fund—Established—Moneys credited to—Use. The coastal protection fund is established to be used by the department as a revolving fund for carrying out the purposes of restoration of natural resources under this chapter and chapter 90.56 RCW. To this fund there shall be credited penalties, fees, damages, charges received pursuant to the provisions of this chapter and chapter 90.56 RCW, compensation for damages received under this chapter and chapter 90.56 RCW, and an amount equivalent to one cent per gallon from each marine use refund claim under *RCW 82.36.330.

Moneys in the fund not needed currently to meet the obligations of the department in the exercise of its powers, duties, and functions under RCW 90.48.142, 90.48.366, 90.48.367, and 90.48.368 shall be deposited with the state treasurer to the credit of the fund. During the 2007-2009 fiscal biennium, the coastal protection fund may also be used for a standby rescue tug at Neah Bay. During the 2011-2013 fiscal biennium, the legislature may transfer from the coastal protection fund to the state general fund such amounts as reflect excess fund balance derived from penalties, forfeits, and seizures. [2012 2nd sp. s.c 7 § 933; 2008 c 329 § 925; 1991 sp.s. c 13 § 84; 1991 c 200 § 815; 1989 c 388 § 7; 1989 c 262 § 3; 1971 ex.s.s. c 180 § 4.]

*Reviser's note: Chapter 82.36 RCW was repealed in its entirety by 2013 c 225 § 501, effective July 1, 2015.

Effective date—2012 2nd sp.s.c 7: See note following RCW 2.68.020.

Severability—Effective date—2008 c 329: See notes following RCW 28B.105.110.

Intent—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

Findings—1989 c 262: See note following RCW 90.48.142.

Additional notes found at www.leg.wa.gov

90.48.400 Coastal protection fund—Disbursal of moneys from. (1) Moneys in the coastal protection fund shall be disbursed for the following purposes and no others:

(a) Environmental restoration and enhancement projects intended to restore or enhance environmental, recreational, archaeological, or aesthetic resources for the benefit of Washington's citizens;

(b) Investigations of the long-term effects of oil spills; and

(c) Development and implementation of an aquatic land geographic information system.

(2) The director may allocate a portion of the fund to be devoted to research and development in the causes, effects, and removal of pollution caused by the discharge of oil or other hazardous substances.

(3) A steering committee consisting of representatives of the departments of ecology, fish and wildlife, and natural resources, and the parks and recreation commission shall authorize the expenditure of the moneys collected under RCW 90.48.366 through 90.48.368, after consulting impacted local agencies and local and tribal governments.

(4) Agencies may not be reimbursed from the coastal protection fund for the salaries and benefits of permanent employees for routine operational support. Agencies may only be reimbursed under this section if money for reconnaissance and damage assessment activities is unavailable from other sources. [1994 c 264 § 93; 1992 c 73 § 30; 1991 c 200 § 816; 1990 c 116 § 14. Prior: 1989 c 388 § 8; 1989 c 262 § 4; 1971 ex.s.s. c 180 § 5.]

Intent—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

Findings—1989 c 262: See note following RCW 90.48.142.

Additional notes found at www.leg.wa.gov

90.48.420 Water quality standards affected by forest practices—Department of ecology solely responsible for water quality standards—Forest practices rules—Adoption—Examination—Enforcement procedures. (1) The department of ecology, pursuant to powers vested in it previously by chapter 90.48 RCW and consistent with the policies of said chapter and RCW 90.54.020(3), shall be solely responsible for establishing water quality standards for waters of the state. On or before January 1, 1975, the department of ecology shall examine existing rules containing water quality standards and other applicable rules of said department pertaining to waters of the state affected by non-point sources of pollution arising from forest practices and, when it appears appropriate to the department of ecology, modify said rules. In any such examination or modification the department of ecology shall consider such factors, among others, as uses of the receiving waters, diffusion, down-stream cooling, and reasonable transient and short-term effects resulting from forest practices.

Adoption of forest practices rules pertaining to water quality by the forest practices board shall be accomplished after reaching agreement with the director of the department or the director's designee on the board. Adoption shall be accomplished so that compliance with such forest practice[s] rules will achieve compliance with water pollution control laws.

(2) The department of ecology shall monitor water quality to determine whether revisions in such water quality standards or revisions in such forest practices rules are necessary to accomplish the foregoing result, and either adopt appropriate revisions to such water quality standards or propose appropriate revisions to such forest practices rules or both.

(3) Notwithstanding any other provisions of chapter 90.48 RCW or of the rules adopted thereunder, no permit system pertaining to nonpoint sources of pollution arising from forest practices shall be authorized, and no civil or criminal penalties shall be imposed with respect to any forest practices conducted in full compliance with the applicable provisions

(2014 Ed.)
of RCW 76.09.010 through 76.09.280, forest practices rules, and any approvals or directives of the department of natural resources thereunder.

(4) Prior to the department of ecology taking action under statutes or rules relating to water quality, regarding violations of water quality standards arising from forest practices, the department of ecology shall notify the department of natural resources. [1999 sp.s.c 4 § 1101; 1975 1st ex.s.s. c 200 § 13; 1974 ex.s.s. c 137 § 30.]

Forest practices: Chapter 76.09 RCW.

Right of entry to administer this section: RCW 76.09.160.

Additional notes found at www.leg.wa.gov

90.48.422 Water quality standards—Compliance methods—Department authority. (1) The legislature finds that the courts have rendered decisions in Elkhorn (Public Utility District No. 1 v. Washington Department of Ecology, 511 U.S. 700, 114 S. Ct. 1900, 128 L.Ed. 2d 716 (1994)) and Sullivan Creek (Public Utility District No. 1 of Pend Oreille County v. Washington Department of Ecology, 146 Wn.2d 778, 51 P.3d 744 (2002)) related to water quality certifications issued under section 401 of the clean water act, 33 U.S.C. 1251 et seq. Enactment of this legislation does not expand or contract the legal holdings of these decisions and does not affect in any way the application of these holdings to any future case or fact pattern related to water quality certifications issued for federally licensed hydropower facilities under section 401 of the clean water act, 33 U.S.C. 1251 et seq.

(2) When a water quality standard cannot be reasonably met through the issuance of permits or regulatory orders issued under the authority of this chapter, the department may use voluntary, incentive-based methods including funding of water conservation projects, lease and purchase of water rights, development of new storage projects, or habitat restoration projects in an attempt to meet water quality standards.

(3) The department may not abrogate, supersede, impair, or condition the ability of a water right holder to fully divert or withdraw water under a water right permit, certificate, statutory exemption, or claim granted or recognized under chapter 90.03, 90.14, or 90.44 RCW through the authority granted to the department in this chapter. However, nothing in chapter 15, Laws of 2003 1st sp. sess. shall be construed to affect the department's authority related to the issuance of certifications under section 401 of the federal clean water act, 33 U.S.C. 1251 et seq., with respect to the application of federally authorized water quality standards, for federal energy regulatory commission licensed hydropower projects as provided under this chapter and chapter 90.74 RCW. With respect to federal energy regulatory commission licensed hydropower projects, the department may only require a person to mitigate or remedy a water quality violation or problem to the extent there is substantial evidence such person has caused such violation or problem. [2003 1st sp.s.s. c 15 § 1.]

90.48.425 Forest practices act and regulations relating to water quality protection to be utilized to satisfy federal water pollution act. The forest practices act, chapter 76.09 RCW, and the forest practices regulations adopted thereunder relating to water quality protection shall be utilized to satisfy the planning and program requirements of sections 208, 209, and 305 of the federal Water Pollution Control Act, as regards silvicultural activities, unless it is determined by the department of ecology that extraordinary conditions exist which make forest practices regulations unsuitable to satisfy such federal requirements. [1975 1st ex.s.s. c 200 § 14.]

Provisions of state law pertaining to federal clean water act: RCW 90.48.260, 90.48.262.

90.48.430 Watershed restoration projects—Approval process—Waiver of public review. A permit, certification, or other approval required by the department for a watershed restoration project as defined in RCW 89.08.460 shall be processed in compliance with RCW 89.08.450 through 89.08.510. Public review of proposed watershed restoration projects may be shortened or waived by the department. [1995 c 378 § 15.]

90.48.445 Aquatic noxious weed control—Water quality permits—Definition. (1) The director shall issue or approve water quality permits for use by federal, state, or local governmental agencies and licensed applicators for the purpose of using, for aquatic noxious weed control, herbicides and surfactants registered under state or federal pesticide control laws, and for the purpose of experimental use of herbicides on aquatic sites, as defined in 40 C.F.R. Sec. 172.3. The issuance of the permits shall be subject only to compliance with: Federal and state pesticide label requirements, the requirements of the federal insecticide, fungicide, and rodenticide act, the Washington pesticide control act, the Washington pesticide application act, and the state environmental policy act, except that:

(a) When the director issues water quality permits for the purpose of using glyphosate and surfactants registered by the department of agriculture to control Spartina, as defined by RCW 17.26.020, the water quality permits shall contain the following criteria:

(i) Spartina treatment shall occur between June 1st and October 31st of each year unless the department, the department of agriculture and the department of fish and wildlife agree to add additional dates beyond this period, except that no aerial application shall be allowed on July 4th or Labor Day and for ground application on those days the applicator shall post signs at each corner of the treatment area;

(ii) The applicator shall take all reasonable precautions to prevent the spraying of nontarget vegetation and nonvegetated areas;

(iii) A period of fourteen days between treatments is required prior to re-treating the previously treated areas;

(iv) Aerial or ground broadcast application shall not be made when the wind speed exceeds ten miles per hour; and

(v) An application shall not be made when a tidal regime leaves the plants dry for less than four hours.

(b) The director shall issue water quality permits for the purpose of using herbicides or surfactants registered by the department of agriculture to control aquatic noxious weeds, other than Spartina, and the permit shall state that aerial and ground broadcast applications may not be made when the wind speed exceeds ten miles per hour.

(c) The director shall issue water quality permits for the experimental use of herbicides on aquatic sites, as defined in
40 C.F.R. Sec. 172.3, when the department of agriculture has issued an experimental use permit, under the authority of RCW 15.58.405(3). Because of the small geographic areas involved and the short duration of herbicide application, water quality permits issued under this subsection are not subject to state environmental policy act review.

(2) Applicable requirements established in an option or options recommended for controlling the noxious weed by a final environmental impact statement published under chapter 43.21C RCW by the department prior to May 5, 1995, by the department of agriculture, or by the department of agriculture jointly with other state agencies shall be considered guidelines for the purpose of granting the permits issued under this chapter. This section may not be construed as requiring the preparation of a new environmental impact statement to replace a final environmental impact statement published before May 5, 1995, but instead shall authorize the department of agriculture, as lead agency for the control of spartina under RCW 17.26.015, to supplement, amend, or issue addenda to the final environmental impact statement published before May 5, 1995, which may assess the environmental impact of the application of stronger concentrations of active ingredients, altered application patterns, or other changes as the department of agriculture deems appropriate.

(3) The director of ecology may not utilize this permit authority to otherwise condition or burden weed control efforts. Except for permits issued by the director under subsection (1)(c) of this section, permits issued under this section are effective for five years, unless a shorter duration is permitted issued under this subsection. This section may not be construed as requiring the preparation of a new environmental impact statement to replace a final environmental impact statement published before May 5, 1995, but instead shall authorize the department of agriculture, as lead agency for the control of spartina under RCW 17.26.015, to supplement, amend, or issue addenda to the final environmental impact statement published before May 5, 1995, which may assess the environmental impact of the application of stronger concentrations of active ingredients, altered application patterns, or other changes as the department of agriculture deems appropriate.

(4) As used in this section, "aquatic noxious weed" means an aquatic weed on the state noxious weed list adopted under RCW 17.10.080. [1999 sp.s. c 11 § 1; 1995 c 255 § 3.]

Additional notes found at www.leg.wa.gov

90.48.447 Aquatic plant management program—Commercial herbicide information—Experimental application of herbicides—Appropriation for study. (1) The department of ecology shall update the final supplemental environmental impact statement completed in 1992 for the aquatic plant management program to reflect new information on herbicides evaluated in 1992 and new, commercially available herbicides. The department shall maintain the currency of the information on herbicides and evaluate new herbicides as they become commercially available.

(2) For the 1999 treatment season, the department shall permit by May 15, 1999, municipal experimental application of herbicides such as hydrothol 191 for algae control in lakes managed under chapter 90.24 RCW. If experimental use is determined to be ineffective, then the department shall within fourteen days consult with other state, federal, and local agencies and interested parties, and may permit the use of copper sulfate. The Washington institute for public policy shall contract for a study on the lake-wide effectiveness of any herbicide used under this subsection. Prior to issuing the contract for the study, the institute for public policy shall determine the parameters of the study in consultation with licensed applicators who have recent experience treating the lake and with the nonprofit corporation that participated in centennial clean water fund phase one lake management studies for the lake. The parameters must include measurement of the lake-wide effectiveness of the application of the herbicide in maintaining beneficial uses of the lake, including any uses designated under state or federal water quality standards. The effectiveness of the application shall be determined by objective criteria such as turbidity of the water, the effectiveness in killing algae, any harm to fish or wildlife, any risk to human health, or other criteria developed by the institute. The results of the study shall be reported to the appropriate legislative committees by December 1, 1999. A general fund appropriation in the amount of $35,000 is provided to the Washington institute for public policy for fiscal year 1999 for the study required under this subsection. [1999 c 255 § 2.]

Findings—Purpose—1999 c 255: "The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by the invasion of nuisance and noxious aquatic weeds. Once established, these nuisance and noxious aquatic weeds can colonize the shallow shorelines and other areas of lakes with dense surface vegetation mats that degrade water quality, pose a threat to swimmers, and restrict use of lakes. Algae can generate health and safety conditions dangerous to fish, wildlife, and humans. The current environmental impact statement is causing difficulty in responding to environmentally damaging weed and algae problems. Many commercially available herbicides have been demonstrated to be effective in controlling nuisance and noxious aquatic weeds and algae and do not pose a risk to the environment or public health. The purpose of this act is to allow the use of commercially available herbicides that have been approved by the environmental protection agency and the department of agriculture and subject to rigorous evaluation by the department of ecology through an environmental impact statement for the aquatic plant management program." [1999 c 255 § 1.]

Additional notes found at www.leg.wa.gov

90.48.448 Eurasian water milfoil—Pesticide 2,4-D application. (1) Subject to restrictions in this section, a government entity seeking to control a limited infestation of Eurasian water milfoil may use the pesticide 2,4-D to treat the milfoil infestation, without obtaining a permit under RCW 90.48.445, if the milfoil infestation is either recently documented or remaining after the application of other control measures, and is limited to twenty percent or less of the littoral zone of the lake. Any pesticide application made under this section must be made according to all label requirements for the product and must meet the public notice requirements of subsection (2) of this section.

(2) Before applying 2,4-D, the government entity shall: (a) Provide at least twenty-one days' notice to the department of ecology, the department of fish and wildlife, the department of agriculture, the department of health, and all lake residents; (b) post notices of the intent to apply 2,4-D at all public access points; and (c) place informational buoys around the treatment area.

(3) The department of fish and wildlife may impose timing restrictions on the use of 2,4-D to protect salmon and other fish and wildlife.

(4) The department may prohibit the use of 2,4-D if the department finds the product contains dioxin in excess of the standard allowed by the United States environmental protection agency. Sampling protocols and analysis used by the department under this section must be consistent with those...
used by the United States environmental protection agency for testing this product.

(5) Government entities using this section to apply 2,4-D may apply for funds from the freshwater aquatic weeds account consistent with the freshwater aquatic weeds management program as provided in RCW 43.21A.660.

(6) Government entities using this section shall consider development of long-term control strategies for eradication and control of the Eurasian water milfoil.

(7) For the purpose of this section, "government entities" includes cities, counties, state agencies, tribes, special purpose districts, and county weed boards. [1999 c 255 § 3.]

Findings—Purpose—Effective date—1999 c 255: See notes following RCW 90.48.447.

90.48.450 Discharges from agricultural activity—Consideration to be given as to whether enforcement action would contribute to conversion of land to nonagricultural use—Minimize the possibility. (1) Prior to issuing a notice of violation related to discharges from agricultural activity on agricultural land, the department shall consider whether an enforcement action would contribute to the conversion of agricultural land to nonagricultural uses. Any enforcement action shall attempt to minimize the possibility of such conversion.

(2) As used in this section:

(a) "Agricultural activity" means the growing, raising, or production of horticultural or viticultural crops, berries, poultry, livestock, grain, mint, hay and dairy products.

(b) "Agricultural land" means at least five acres of land devoted primarily to the commercial production of livestock or agricultural commodities. [1981 c 297 § 31.]

Legislative finding, intent—1981 c 297: See note following RCW 70.94.640.

Additional notes found at www.leg.wa.gov

90.48.455 Discharge of chlorinated organics—Engineering reports by pulp and paper mills—Permits limiting discharge. (1) The department may require each pulp mill and paper mill discharging chlorinated organics to conduct and submit an engineering report on the cost of installing technology designed to reduce the amount of chlorinated organic compounds discharged into the waters of the state. The department shall allow at least twenty-four months from June 11, 1992, for each pulp mill and each paper mill to submit an engineering report.

(2) The department may not issue a permit establishing limits to the discharge of chlorinated organic compounds by a pulp mill or a paper mill under RCW 90.48.160 or 90.48.260 until at least nine months after receiving an engineering report from a Kraft mill and at least fifteen months after receiving an engineering report from a sulfite mill.

(3) Nothing in this section shall apply to dioxin compounds. [1992 c 201 § 1.]

90.48.465 Water discharge fees—Report to the legislature. (1) The department shall establish fees to collect expenses for issuing and administering each class of permits under RCW 90.48.160, 90.48.162, and 90.48.260. An initial fee schedule shall be established by rule and be adjusted no more often than once every two years. This fee schedule shall apply to all permits, regardless of date of issuance, and fees shall be assessed prospectively. All fees charged shall be based on factors relating to the complexity of permit issuance and compliance and may be based on pollutant loading and toxicity and be designed to encourage recycling and the reduction of the quantity of pollutants. Fees shall be established in amounts to fully recover and not to exceed expenses incurred by the department in processing permit applications and modifications, monitoring and evaluating compliance with permits, conducting inspections, securing laboratory analysis of samples taken during inspections, reviewing plans and documents directly related to operations of permittees, overseeing performance of delegated pretreatment programs, and supporting the overhead expenses that are directly related to these activities.

(2) The annual fee paid by a municipality, as defined in 33 U.S.C. Sec. 1362, for all domestic wastewater facility permits issued under RCW 90.48.162 and 90.48.260 shall not exceed the total of a maximum of eighteen cents per month per residence or residential equivalent contributing to the municipality's wastewater system.

(3) The department shall ensure that indirect dischargers do not pay twice for the administrative expense of a permit. Accordingly, administrative expenses for permits issued by a municipality under RCW 90.48.165 are not recoverable by the department.

(4) In establishing fees, the department shall consider the economic impact of fees on small dischargers and the economic impact of fees on public entities required to obtain permits for storm water runoff and shall provide appropriate adjustments.

(5) The fee for an individual permit issued for a dairy farm as defined under chapter 90.64 RCW shall be fifty cents per animal unit up to one thousand two hundred fourteen dollars for fiscal year 1999. The fee for a general permit issued for a dairy farm as defined under chapter 90.64 RCW shall be fifty cents per animal unit up to eight hundred fifty dollars for fiscal year 1999. Thereafter, these fees may rise in accordance with the fiscal growth factor as provided in chapter 43.135 RCW.

(6) The fee for a general permit or an individual permit developed solely as a result of the federal court of appeals decision in Headwaters, Inc. v. Talent Irrigation District, 243 F.3rd 526 (9th Cir. 2001) is limited, until June 30, 2003, to a maximum of three hundred dollars. Such a permit is required only, and as long as, the interpretation of this court decision is not overturned or modified by future court rulings, administrative rule making, or clarification of scope by the United States environmental protection agency or legislative action. In such case the department shall take appropriate action to rescind or modify these permits.

(7) All fees collected under this section shall be deposited in the water quality permit account hereby created in the state treasury. Moneys in the account may be appropriated only for purposes of administering permits under RCW 90.46.220, 90.48.160, 90.48.162, and 90.48.260.

(8) The department shall present a biennial progress report on the use of moneys from the account to the legislature. The report will be due December 31st of odd-numbered years. The report shall consist of information on fees collected, actual expenses incurred, and anticipated expenses for...
the current and following fiscal years. [2009 c 456 § 6; 2009 c 249 § 1; 2002 c 361 § 2; 1998 c 262 § 16; 1997 c 398 § 2; 1996 c 37 § 3; 1992 c 174 § 17; 1991 c 307 § 1; 1989 c 2 § 13 (initiative measure no. 97, approved November 8, 1988).]

Revisor's note: This section was amended by 2009 c 456 § 1 and by 2009 c 456 § 6, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Findings—Intent—2002 c 361: "The legislature finds that the recent federal court of appeals decision in Headwaters, Inc. v. Talent Irrigation District, 243 F.3rd 526 (9th Cir. 2001) imposes a duty to obtain a national pollutant discharge elimination system permit under the clean water act for the application of pesticides to irrigation canals. This duty is also extended to other individuals and organizations that apply pesticides to other waters, where no duty existed before the Talent decision.

The legislature finds that the costs associated with the issuance of the national pollutant discharge elimination system permit now required by the department of ecology as a result of the federal decision is burdensome to the affected individuals and organizations. The legislature intends to temporarily reduce the burden of the federal decision on those individuals and organizations." [2002 c 361 § 1.]

Additional notes found at www.leg.wa.gov

90.48.480 Reduction of sewer overflows—Plans—Compliance schedule. The department of ecology shall work with local governments to develop reasonable plans and compliance schedules for the greatest reasonable reduction of combined sewer overflows. The plan shall address various options, including construction of storage tanks for sewage and separation of sewage and stormwater transport systems. The compliance schedule shall be designed to achieve the greatest reasonable reduction of combined sewer overflows at the earliest possible date. The plans and compliance schedules shall be completed by January 1, 1988. A compliance schedule will be a condition of any waste discharge permit issued or renewed after January 1, 1988. [1998 c 245 § 174; 1985 c 249 § 2.]

90.48.490 Sewage treatment facilities—Plans to upgrade or construct. Plans for upgrading sewage treatment facilities and plans for new sewage treatment facilities shall address the greatest reasonable reduction of combined sewer overflows and implementation of pretreatment standards. [1985 c 249 § 3.]

90.48.495 Water conservation measures to be considered in sewer plans. The department of ecology shall require sewer plans to include a discussion of water conservation measures considered or underway that would reduce flows to the sewerage system and an analysis of their anticipated impact on public sewer service and treatment capacity. [2003 1st sp.s. c 5 § 11; 1989 c 348 § 10.]

Additional notes found at www.leg.wa.gov

90.48.520 Review of operations before issuance or renewal of wastewater discharge permits—Incorporation of permit conditions. In order to improve water quality by controlling toxicants in wastewater, the department of ecology shall in issuing and renewing state and federal wastewater discharge permits review the applicant's operations and incorporate permit conditions which require all known, available, and reasonable methods to control toxicants in the applicant's wastewater. Such conditions may include, but are not limited to: (1) Limits on the discharge of specific chemicals, and (2) limits on the overall toxicity of the effluent. The toxicity of the effluent shall be determined by techniques such as chronic or acute bioassays. Such conditions shall be required regardless of the quality of receiving water and regardless of the minimum water quality standards. In no event shall the discharge of toxicants be allowed that would violate any water quality standard, including toxicant standards, sediment criteria, and dilution zone criteria. [1987 c 500 § 1.]

90.48.530 Construction projects involving fill material—Leaching test. (1) In order to ensure that construction projects involving the use of fill material do not pose a threat to water quality, the department may require that the suitability of potential fill material be evaluated using a leaching test included in the soil clean-up rules adopted by the department under chapter 70.105D RCW in any water quality certification issued under section 401 of the federal clean water act and in any administrative order issued under this chapter, where such certification or administrative order authorizes the placement of fill material, some or all of which will be placed in waters of the state. Any such requirement imposed by the department in a water quality certification or administrative order issued prior to May 9, 2003, is ratified and approved by the legislature as a valid and reliable method for determining concentrations of chemical constituents that can be present in fill material without posing an unacceptable risk of violating water quality standards, and shall be in effect as imposed by the department for all work not completed by June 1, 2003.

(2) Nothing in this section limits, in any way, the department's authority under this chapter. [2003 c 210 § 1.]

Additional notes found at www.leg.wa.gov

90.48.531 Leaching tests—Identification—Report to the legislature. The department shall identify the leaching tests utilized for evaluating the potential impacts to water quality in situations where fill material is imported. The tests may include those identified in the soil clean-up rules adopted by the department under chapter 70.105D RCW. Within existing resources, the department shall assess whether this list of testing provides appropriate methods for analyzing water quality impacts for all types of projects and in all circumstances where fill material is imported. The department shall also identify any gaps in leaching test methodology. The department shall report both the leaching test list and the list of test methodology gaps to the appropriate committees of the legislature by December 31, 2003. [2003 c 210 § 2.]

Additional notes found at www.leg.wa.gov

90.48.540 Use attainability analysis of water within federal reclamation project boundaries—Rules. (1) The department, as resources allow, shall at the request of the United States bureau of reclamation or federal reclamation project irrigation districts cooperatively conduct a use attainability analysis of water bodies located within the boundaries of the federal reclamation project.

(2) If necessary because of the use attainability analysis conducted under subsection (1) of this section, the department, consistent with applicable federal water quality laws.
and regulations, shall adopt rules designating uses for water bodies within the federal reclamation project that support beneficial uses consistent with the primary authorized project purposes of constructed storage and conveyance facilities and other water transport systems and that recognize the unique site-specific characteristics of the arid and semiarid regions of the state of Washington where federal reclamation projects are located. The rules shall also recognize the need to deliver project irrigation water and to construct, operate, and maintain project facilities. [2004 c 214 § 1.]

90.48.545 Storm water technical resource center—Duties—Advisory committee—Report to legislative committees. (1) As funding to do so becomes available, the department shall create a storm water technical resource center in partnership with a university, nonprofit organization, or other public or private entity to provide tools for storm water management. The center shall use its authority to support the duties listed in this subsection through research, development, technology demonstration, technology transfer, education, outreach, recognition, and training programs. The center may:

(a) Review and evaluate emerging storm water technologies;
(b) Research and develop innovative and cost-effective technical solutions to remove pollutants from runoff and to reduce or eliminate storm water discharges;
(c) Conduct pilot projects to test technical solutions;
(d) Serve as a clearinghouse and outreach center for information on storm water technology;
(e) Assist in the development of storm water control methods to better protect water quality, including source control, product substitution, pollution prevention, and storm water treatment;
(f) Coordinate with federal, state, and local agencies and private organizations in administering programs related to storm water control measures; and
(g) Collaborate with existing storm water outreach programs.

(2) The department shall consult with an advisory committee in the development of the storm water technical resource center. The advisory committee must include representatives from relevant state agencies, local governments, the business community, the environmental community, tribes, and the building and development industry.

(3) The department, in consultation with the storm water technical resource center advisory committee, shall identify a funding strategy for funding the storm water technical resource center.

(4) The department shall encourage all interested parties to help and support the technical resource center with in-kind services.

(5) The department and other partners in the center shall in even-numbered years inform the appropriate legislative committees of the progress made in achieving the objectives of this section. [2014 c 76 § 11; 2009 c 449 § 2.]

90.48.555 Construction and industrial storm water general permits—Effluent limitations—Report. (Expires January 1, 2015.) The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(1) Effluent limitations shall be included in construction and industrial storm water general permits as required under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and its implementing regulations. In accordance with federal clean water act requirements, pollutant specific, water quality-based effluent limitations shall be included in construction and industrial storm water general permits if there is a reasonable potential to cause or contribute to an excursion of a state water quality standard.

(2) Subject to the provisions of this section, both technology and water quality-based effluent limitations may be expressed as:

(a) Numeric effluent limitations;
(b) Narrative effluent limitations; or
(c) A combination of numeric and narrative effluent discharge limitations.

(3) The department must condition storm water general permits for industrial and construction activities issued under the national pollutant discharge elimination system of the federal clean water act to require compliance with numeric effluent discharge limits when such discharges are subject to:

(a) Numeric effluent limitations established in federally adopted, industry-specific effluent guidelines;
(b) State developed, industry-specific performance-based numeric effluent limitations;
(c) Numeric effluent limitations based on a completed total maximum daily load analysis or other pollution control measures; or
(d) A determination by the department that:
(i) The discharges covered under either the construction or industrial storm water general permits have a reasonable potential to cause or contribute to violation of state water quality standards; and
(ii) Effluent limitations based on nonnumeric best management practices are not effective in achieving compliance with state water quality standards.

(4) In making a determination under subsection (3)(d) of this section, the department shall use procedures that account for:

(a) Existing controls on point and nonpoint sources of pollution;
(b) The variability of the pollutant or pollutant parameter in the storm water discharge; and
(c) As appropriate, the dilution of the storm water in the receiving waters.

(5) Narrative effluent limitations requiring both the implementation of best management practices, when designed to satisfy the technology and water quality-based requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and compliance with water quality standards, shall be used for construction and industrial storm water general permits, unless the provisions of subsection (3) of this section apply.

(6) Compliance with water quality standards shall be presumed, unless discharge monitoring data or other site specific information demonstrates that a discharge causes or contributes to violation of water quality standards, when the permittee is:
(a) In full compliance with all permit conditions, including planning, sampling, monitoring, reporting, and record-keeping conditions; and

(b)(i) Fully implementing storm water best management practices contained in storm water technical manuals approved by the department, or practices that are demonstrably equivalent to practices contained in storm water technical manuals approved by the department, including the proper selection, implementation, and maintenance of all applicable and appropriate best management practices for on-site pollution control.

(ii) For the purposes of this section, "demonstrably equivalent" means that the technical basis for the selection of all storm water best management practices are documented within a storm water pollution prevention plan. The storm water pollution prevention plan must document:

(A) The method and reasons for choosing the storm water best management practices selected;
(B) The pollutant removal performance expected from the practices selected;
(C) The technical basis supporting the performance claims for the practices selected, including any available existing data concerning field performance of the practices selected;
(D) An assessment of how the selected practices will comply with state water quality standards; and
(E) An assessment of how the selected practices will satisfy both applicable federal technology-based treatment requirements and state requirements to use all known, available, and reasonable methods of prevention, control, and treatment.

(7)(a) By November 1, 2009, except for discharges identified in (b) of this subsection, the department shall modify or reissue the industrial storm water general permit to require compliance with appropriately derived numeric water quality-based effluent limitations for existing discharges to water bodies listed as impaired according to 33 U.S.C. Sec. 1313(d) (Sec. 303(d) of the federal clean water act, 33 U.S.C. Sec. 1251 et seq.).

(b) For pollutants other than bacteria, the industrial storm water general permit must require permittees to comply with appropriately derived numeric water quality-based effluent limitations in the permit, as described in (a) of this subsection, by no later than six months after the effective date of the modified or reissued industrial storm water general permit. By July 1, 2012, the industrial storm water general permit must require permittees with discharges to water bodies listed as impaired for bacteria to comply with numeric, narrative effluent limitations.

(c) For permittees that the department determines are unable to comply with the numeric water quality-based effluent limitations required by (a) of this subsection, within the timeline established in (b) of this subsection, the department shall establish a compliance schedule as follows:

(i) Any compliance schedule provided by the department must require compliance as soon as possible, and must require compliance by no later than twenty-four months, or two complete wet seasons, after the effective date of the industrial storm water general permit. For purposes of this subsection (7)(c)(i), "wet seasons" means October 1st through June 30th.

(ii) The department shall post on its web site the name, location, industrial storm water permit number, and the reason for requesting a compliance schedule for each permittee who requests a compliance schedule according to this subsection (7)(c). The department shall post this information no later than thirty days after receiving a permittee's request for a compliance schedule under this subsection (7)(c). The department shall also prepare a list of organizations and individuals seeking to be notified when such requests for compliance schedules are made, and notify them within thirty days after receiving a permittee's request for a compliance schedule. Notification under this subsection may be accomplished electronically.

(d) The department shall report to the appropriate committees of the legislature specifying how the numeric effluent limitation in (a) of this subsection would be implemented. The report shall identify the number of dischargers to impaired water bodies and provide an assessment of anticipated compliance with the numeric effluent limitation established by (a) of this subsection.

(8)(a) Construction and industrial storm water general permits issued by the department shall include an enforceable adaptive management mechanism that includes appropriate monitoring, evaluation, and reporting. The adaptive management mechanism shall include elements designed to result in permit compliance and shall include, at a minimum, the following elements:

(i) An adaptive management indicator, such as monitoring benchmarks;
(ii) Monitoring;
(iii) Review and revisions to the storm water pollution prevention plan;
(iv) Documentation of remedial actions taken; and
(v) Reporting to the department.

(b) Construction and industrial storm water general permits issued by the department also shall include the timing and mechanisms for implementation of treatment best management practices.

(9) Construction and industrial storm water discharges authorized under general permits must not cause or have the reasonable potential to cause or contribute to a violation of an applicable water quality standard. Where a discharge has already been authorized under a national pollutant discharge elimination system storm water permit and it is later determined to cause or have the reasonable potential to cause or contribute to the violation of an applicable water quality standard, the department may notify the permittee of such a violation.

(10) Once notified by the department of a determination of reasonable potential to cause or contribute to the violation of an applicable water quality standard, the permittee must take all necessary actions to ensure future discharges do not cause or contribute to the violation of a water quality standard and document those actions in the storm water pollution prevention plan and a report timely submitted to the department. If violations remain or recur, coverage under the construction or industrial storm water general permits may be terminated by the department, and an alternative general permit or individual permit may be issued. Compliance with the requirements of this subsection does not preclude any enforcement
activity provided by the federal clean water act, 33 U.S.C. Sec. 1251 et seq., for the underlying violation. (11) Receiving water sampling shall not be a requirement of an industrial or construction storm water general permit except to the extent that it can be conducted without endangering the health and safety of persons conducting the sampling. (12) The department may authorize mixing zones only in compliance with and after making determinations mandated by the procedural and substantive requirements of applicable laws and regulations. [2012 c 110 § 1; 2009 c 449 § 1; 2004 c 225 § 2] Expiration date—2012 c 110 § 1: "Section 1 of this act expires January 1, 2015." [2012 c 110 § 2] Expiration date—2009 c 449 § 1: "Section 1 of this act expires January 1, 2015." [2009 c 449 § 3] Expiration date—2004 c 225: "This act expires January 1, 2015." [2004 c 225 § 7] Conflict with federal clean water act—2004 c 225 §§ 2 and 3: "If any portion of sections 2 and 3 of this act are found to be in conflict with the federal clean water act, that portion alone is void." [2004 c 225 § 6] Findings—2004 c 225: "(1) The legislature finds that the federal permit program under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control laws provide numerous environmental and public health benefits to the citizens of Washington and to the state. The legislature also finds that failure to prevent and control pollution discharges, including those associated with storm water runoff, can degrade water quality and damage the environment, public health, and industries dependent on clean water such as shellfish production. (2) The legislature finds the nature of storm water presents unique challenges and difficulties in meeting the permitting requirements under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control laws provide numerous environmental and public health benefits to the citizens of Washington and to the state. The legislature also finds that failure to prevent and control pollution discharges, including those associated with storm water runoff, can degrade water quality and damage the environment, public health, and industries dependent on clean water such as shellfish production. (3) The legislature finds that the federal clean water act, 33 U.S.C. Sec. 1251 et seq., requires certain larger construction sites and industrial facilities to obtain storm water permits under the national pollutant discharge elimination system permit program. The legislature also finds that under phase two of this program, smaller construction sites are also required to obtain storm water permits for their discharges. (4) The legislature finds the department of ecology has been using general permits to permit categories of similar dischargers, including storm water associated with industrial and construction activities. The legislature also finds general permits must comply with all applicable requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and the state water pollution control law including technology and water quality-based permitting requirements and the state water pollution control law including technology and water quality-based permitting requirements. The legislature further finds general permits may not always be the best solution for an individual discharger, especially when establishing water quality-based permitting requirements. (5) The legislature finds that where sources within a specific category or subcategory of dischargers are subject to water quality-based limits imposed under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., the sources in that specific category or subcategory must be subject to the same water quality-based limits. (6) For this reason, the legislature encourages, to the extent allowed under existing state and federal law, an adaptive management approach to permitting storm water discharges. (7) The legislature finds that storm water management must satisfy state and federal water quality requirements while also providing for flexibility in meeting such requirement to help ensure cost-effective storm water management. (8) The legislature finds that the permitting of new and existing dischargers into waters listed under 33 U.S.C. Sec. 1313(d) (section 303(d) of the federal clean water act) presents specific challenges and is subject to additional permitting restrictions under the federal clean water act, 33 U.S.C. Sec. 1251 et seq. (9) The legislature declares that general permits can be an effective and efficient permitting mechanism for permitting large numbers of similar dischargers. (10) The legislature declares that an inspection and technical assistance program for industrial and construction storm water general permits is needed to ensure an effective permitting program. The legislature also declares that such a program should be fully funded to ensure its success." [2004 c 225 § 1.] Report to legislature—2004 c 225: "No later than December 31, 2006, the department of ecology shall submit a report to the appropriate committee of the legislature regarding methods to improve the effectiveness of permit monitoring requirements in construction and industrial storm water general permits. The department of ecology shall study and evaluate how monitoring requirements could be improved to determine the effectiveness of storm water best management practices and compliance with state water quality standards. In this study the department also shall evaluate monitoring requirements that are necessary for determining compliance or noncompliance with state water quality standards and shall evaluate the feasibility of including such monitoring in future permits. When conducting this study, the department shall consult with experts in the fields of monitoring, storm water management, and water quality, and when necessary the department shall conduct field work to evaluate the practicality and usefulness of alternative monitoring proposals." [2004 c 225 § 4.]

90.48.560 Construction and industrial storm water general permits—Inspection and compliance. (Expires January 1, 2015.) The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter. (1) By January 1, 2005, the department shall initiate an inspection and compliance program for all permittees covered under the construction and industrial storm water general permits. The program shall include, but may not be limited to, the: (a) Provision of compliance assistance and survey for evidence of permit violations and violations of water quality standards; (b) Identification of corrective actions for actual or imminent discharges that violate or could violate the state's water quality standards; (c) Monitoring of the development and implementation of storm water pollution prevention plans and storm water monitoring plans; (d) Identification of dischargers who would benefit from follow-up inspection or compliance assistance programs; and (e) Collection and analysis of discharge and receiving water samples whenever practicable and when deemed appropriate by the department, and other evaluation of discharges to determine the potential for causing or contributing to violations of water quality standards. (2) The department's inspections under this section shall be conducted without prior notice to permittees whenever practicable. (3) Follow-up inspections shall be conducted by the department to ensure that corrective and other actions as identified in the course of initial inspections are being carried out. The department shall also take such additional actions as are necessary to ensure compliance with state and federal water quality requirements, provided that all permittees must be inspected once within two years of the start of this program and each permittee must be inspected at least once each permit cycle thereafter. (4) Permits must be prioritized for inspection based on the development of criteria that include, but are not limited to, the following factors: (a) Compliance history, including submittal or nonsubmittal of discharge monitoring reports; (b) Monitoring results in relationship to permit benchmarks; and [Title 90 RCW—page 100]
Water Pollution Control

90.48.565 Construction and industrial storm water general permits—Fees. (Expires January 1, 2015.) (1) The department shall establish permit fees for construction and industrial storm water general permits as necessary to fund the provisions of RCW 90.48.555 and 90.48.560. When calculating appropriate fee amounts, the department shall take into consideration differences between large and small businesses and the economic impacts caused by permit fees on those businesses. Fees established under this section shall be adopted in accordance with chapter 34.05 RCW.

(2) In its biennial discharge fees progress report required by RCW 90.48.465, the department shall include a detailed accounting regarding the method used to establish permit fees, the amount of permit fees collected, and the expenditure of permit fees. The detailed accounting shall include data on inspections conducted and the staff hired to implement the provisions of RCW 90.48.555 and 90.48.560. [2004 c 225 § 5.]

Expiration date—Findings—Report to legislature—2004 c 225: See notes following RCW 90.48.555.

90.48.570 Water quality data—Findings—Intent. (1) The legislature finds that:

(a) The proper collection and review of credible water quality data is necessary to ensure compliance with the requirements of the federal clean water act (33 U.S.C. Sec. 1251 et seq.);

(b) The state needs to assemble and evaluate all existing and readily available water quality-related data and information from sources other than the state water quality agency, such as federal agencies, tribes, universities, and volunteer monitoring groups, if the data meets the state's requirements for data quality; and

(c) Developing and implementing water quality protection measures based on credible water quality data ensures that the financial resources of state and local governments and regulated entities are prioritized to address our state's most important water quality issues.

(2) The legislature intends to ensure that credible water quality data is used as the basis for the assessment of the status of a water body relative to the surface water quality standards.

(3) It is the intent of the legislature that a water body in which pollutant loadings from naturally occurring conditions are the sole cause of a violation of applicable surface water quality standards not be listed as impaired. [2004 c 228 § 1.]

90.48.575 Water quality data—Definitions. The definitions in this section apply to RCW 90.48.580 and 90.48.585 unless the context clearly requires otherwise.

(1) "Credible data" means data meeting the requirements of RCW 90.48.585.

(2) "Department" means the Washington state department of ecology.

(3) "Impaired water" means a water body or segment for which credible data exists that: (a) Satisfies the requirements of RCW 90.48.580 and 90.48.585; and (b) demonstrates the water body should be identified pursuant to 33 U.S.C. Sec. 1313(d).

(4) "Naturally occurring condition" means any condition affecting water quality that is not caused by human influence.

(5) "Section 303(d)" has the same meaning as in the federal clean water act (33 U.S.C. Sec. 1313(d)).

(6) "Total maximum daily load" has the same meaning as in the federal clean water act (33 U.S.C. Sec. 1313(d)).

90.48.580 Water quality data—Credible data, information, literature. (1) The department shall use credible information and literature for developing and reviewing a surface water quality standard or technical model used to establish a total maximum daily load for any surface water of the state.

(2) The department shall use credible data for the following actions after June 10, 2004:

(a) Determining whether any water of the state is to be placed on or removed from any section 303(d) list;

(b) Establishing a total maximum daily load for any surface water of the state; or

(c) Determining whether any surface water of the state is supporting its designated use or other classification.

(3) The department shall respond to questions regarding the data, information, and other information it uses under this section. The department shall reply to requests within five business days acknowledging that the department has received the request and provide a reasonable estimate of the time the department will require to respond to the request.

(4) The department, the United States environmental protection agency, and the Indian tribes in Washington state have developed a voluntary agreement relating to the cooperative management of the clean water act section 303(d) program. The department shall consider water quality data that has been collected by Indian tribes under a quality assurance project plan that has been approved by the United States environmental protection agency if that data meets the objectives of the plan. [2004 c 228 § 3.]

90.48.585 Water quality data—When credible. (1) In collecting and analyzing water quality data for any purpose identified in RCW 90.48.580(2), data is considered credible data if:

(a) Appropriate quality assurance and quality control procedures were followed and documented in collecting and analyzing water quality samples;

(b) The samples or measurements are representative of water quality conditions at the time the data was collected;

(c) The data consists of an adequate number of samples based on the objectives of the sampling, the nature of the water in question, and the parameters being analyzed; and

(d) Sampling and laboratory analysis conform to methods and protocols generally acceptable in the scientific community as appropriate for use in assessing the condition of the water.
(2) Data interpretation, statistical, and modeling methods shall be those methods generally acceptable in the scientific community as appropriate for use in assessing the condition of the water.

(3) The department shall develop policy:
(a) Explaining how it uses scientific research and literature for developing and reviewing any water quality standard or technical model used to establish a total maximum daily load for any water of the state;
(b) Describing the specific criteria that determine data credibility; and
(c) Recommending the appropriate training and experience for collection of credible data. [2004 c 228 § 4.]

90.48.590 Water quality data—Falsified data—Penalty. Any person who knowingly falsifies data is guilty of a gross misdemeanor. [2004 c 228 § 5.]

90.48.595 On-site sewage disposal system repair and replacement—Loan and grant programs. The department shall offer financial and technical assistance to local governments and tribal entities in Puget Sound counties to establish or expand on-site sewage disposal system repair and replacement through local loan and grant programs. The programs must give priority to low-income and financially distressed homeowners. [2006 c 18 § 10.]

90.48.605 Amending state water quality standards—Compliance schedules in excess of ten years authorized. The department shall amend the state water quality standards to authorize compliance schedules in excess of ten years for discharge permits issued under this chapter that implement allocations contained in a total maximum daily load under certain circumstances. Any such amendment must be submitted to the United States environmental protection agency under the clean water act. Compliance schedules for the permits may exceed ten years if the department determines that:
(1) The permittee is meeting its requirements under the total maximum daily load as soon as possible;
(2) The actions proposed in the compliance schedule are sufficient to achieve water quality standards as soon as possible;
(3) A compliance schedule is appropriate; and
(4) The permittee is not able to meet its waste load allocation solely by controlling and treating its own effluent. [2009 c 457 § 1.]

90.48.900 Severability—1945 c 216. Should any section or provision of this act be held invalid by any court of competent jurisdiction, the same shall not affect the validity of the act as a whole or any part thereof other than that portion so held to be invalid. [1945 c 216 § 23.]

90.48.901 Severability—1967 c 13. If any provision of this 1967 amendatory act or its application to any person or circumstance is held invalid the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1967 c 13 § 30.]

90.48.902 Severability—1970 ex.s. c 88. If any provision of this 1970 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1970 ex.s. c 88 § 15.]

90.48.903 Severability—1971 ex.s. c 180. If any provision of this 1971 amendatory act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1971 ex.s. c 180 § 12.]

90.48.904 Severability—1989 c 262. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 262 § 6.]

90.48.906 Short title—1971 ex.s. c 180. This 1971 amendatory act may be cited as the "Coastal Waters Protection Act of 1971". [1971 ex.s. c 180 § 13.]

Tax exemptions and credits: Chapter 82.34 RCW.

90.50.010 Bond issue—Authorized. For the purpose of providing state matching funds to assist public bodies in the construction and improvement of water pollution control facilities the state finance committee is hereby authorized to issue general obligation bonds of the state of Washington in the sum of twenty-five million dollars to be paid and discharged within twenty years of the date of issuance. The state finance committee is authorized to prescribe the form of such bonds, the maximum rate of interest the same shall bear, and the time of sale of all or any portion or portions of such bonds, and the conditions of sale and issuance thereof: PROVIDED, That none of the bonds herein authorized shall be sold for less than the par value thereof. The bonds shall pledge the full faith and credit of the state of Washington and contain an unconditional promise to pay the interest and principal when due. The committee may prescribe such terms and conditions of sale and issuance of such bonds: PROVIDED, That none of the bonds herein authorized shall be sold for less than the par value thereof. The bonds shall pledge the full faith and credit of the state of Washington and contain an unconditional promise to pay the interest and principal when due. The committee may prescribe such terms and conditions of sale and issuance of such bonds:

Additional notes found at www.leg.wa.gov

90.50.020 Grants to public bodies authorized. The department of ecology is authorized to make and administer
grants to any public bodies for the purpose of aiding in the construction and improvement of water pollution control facilities in conjunction with federal grants authorized pursuant to the Federal Water Pollution Control Act. [1987 c 109 § 154; 1967 c 106 § 2.]

90.50.030 Bond proceeds—Administration. The proceeds from the sale of the bonds authorized herein, together with all grants, donations, transferred funds and all other moneys which the state finance committee may direct shall be administered by the department of ecology under the authority granted by RCW 90.50.020. [1987 c 109 § 155; 1980 c 32 § 14; 1967 c 106 § 3.]

Additional notes found at www.leg.wa.gov

90.50.040 Water pollution control facilities bond redemption fund—Bonds payable from sales tax revenues—Remedies of bondholders. The water pollution control facilities bond redemption fund is hereby created in the state treasury, which fund shall be exclusively devoted to the payment of interest and retirement of the bonds authorized by this chapter. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount needed in the ensuing twelve months to meet bond retirement and interest requirements and on July 1st of each year the state treasurer shall deposit such amount in said water pollution control facilities redemption fund from moneys transmitted to the state treasurer by the department of revenue and certified by the department of revenue to be sales tax collections and such amount certified by the state finance committee to the state treasurer shall be a prior charge against all retail sales tax revenues of the state of Washington, except that portion thereof heretofore pledged for the payment of bond principal and interest.

The owner and holder of each of said bonds or the trustee for any of the bonds may by mandamus or other appropriate proceeding require and compel the transfer and payment of funds as directed herein. [1975 1st ex.s. c 278 § 214; 1967 c 106 § 4.]

Additional notes found at www.leg.wa.gov

90.50.050 Legislature may provide additional means for bond payment. The legislature may provide additional means for raising moneys for the payment of the interest and principal of the bonds authorized herein and this shall not be deemed to provide an exclusive method for such payment. [1967 c 106 § 5.]

90.50.060 Bonds legal investment for state and municipal corporation funds. The bonds herein authorized shall be a legal investment for all state funds or for funds under state control and all funds of municipal corporations. [1967 c 106 § 6.]

90.50.080 Definitions. For the purposes of this chapter the terms:

(1) "Water pollution control facilities" means the various devices used in the treatment of sewage or industrial wastes of a liquid nature, including the necessary intercepting sewers, outfall sewers, pumping, power, and other equipment, and their appurtenances, and includes any extensions, improvements, remodeling, additions, and alterations thereof;

(2) "Public bodies" means municipal or public corporations, counties, or departments or agencies of state government. [1967 c 106 § 8.]

90.50.900 Referral of act to electorate. This act shall be submitted to the people for their adoption and ratification, or rejection, at the next general election to be held in this state in accordance with the provisions of section 3, Article VIII of the state Constitution; and in accordance with the provisions of section 1, Article II of the state Constitution as amended, and the laws adopted to facilitate the operation thereof. [1967 c 106 § 9.]

Reviser's note: Chapter 90.50 RCW was adopted and ratified by the people at the November 5, 1968, general election (Referendum Bill No. 17). Governor's proclamation declaring approval of measure is dated December 5, 1968. State Constitution Art. 2 § 1(d) provides: "... Such measure [initiatives and referendums] shall be in operation on and after the thirtieth day after the election at which it is approved..."

Chapter 90.50A RCW

WATER POLLUTION CONTROL FACILITIES—FEDERAL CAPITALIZATION GRANTS

Sections
90.50A.005 Purpose.
90.50A.010 Definitions.
90.50A.020 Water pollution control revolving fund.
90.50A.030 Use of moneys in fund.
90.50A.040 Administration of fund.
90.50A.050 Loans from fund—Requirements for recipients.
90.50A.060 Defaults.
90.50A.070 Establishment of policies for loan terms and interest rates.

90.50A.900 Severability—1988 c 284.

90.50A.005 Purpose. The long-range health and environmental goals for the state of Washington require the protection of the state's surface and underground waters for the health, safety, use, enjoyment, and economic benefit of its people. It is the purpose of this chapter to provide an account to receive federal capitalization grants to provide financial assistance to the state and to local governments for the planning, design, acquisition, construction, and improvement of water pollution control facilities and related activities in the achievement of state and federal water pollution control requirements for the protection of the state's waters. [1988 c 284 § 1.]

90.50A.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Debt service" means the total of all principal, interest, and administration charges associated with a water pollution control revolving fund loan that must be repaid to the department by the public body.

(2) "Department" means the department of ecology.
(3) "Eligible cost" means the cost of that portion of a water pollution control facility or activity that can be financed under this chapter.

(4) "Federal capitalization grants" means grants from the federal government provided by the water quality act of 1987 (P.L. 100-4).

(5) "Fund" means the water pollution control revolving fund in the custody of the state treasurer.

(6) "Nonpoint source water pollution" means pollution that enters any waters of the state from any dispersed water-based or land-use activities, including, but not limited to, atmospheric deposition, surface water runoff from agricultural lands, urban areas, and forest lands, subsurface or underground sources, and discharges from boats or other marine vessels.

(7) "Public body" means the state of Washington or any agency, county, city or town, other political subdivision, municipal corporation or quasi-municipal corporation, and those Indian tribes now or hereafter recognized as such by the federal government.

(8) "Water pollution" means such contamination, or other alteration of the physical, chemical, or biological properties of any waters of the state, including change in temperature, taste, color, turbidity, or odor of the waters, or such discharge of any liquid, gaseous, solid, radioactive, or other substance into any waters of the state as will or is likely to create a nuisance or render such waters harmful, detrimental, or injurious to the public health, safety, or welfare, or to domestic, commercial, industrial, agricultural, recreational, or other legitimate beneficial uses, or to livestock, wild animals, birds, fish, or other aquatic life.

(9) "Water pollution control activities" means actions taken by a public body for the following purposes: (a) To control nonpoint sources of water pollution; (b) to develop and implement a comprehensive management plan for estuaries; and (c) to maintain or improve water quality through the use of water pollution control facilities or other means.

(10) "Water pollution control facility" or "water pollution control facilities" means any facilities or systems owned or operated by a public body for the control, collection, storage, treatment, disposal, or recycling of wastewater, including but not limited to sanitary sewage, storm water, combined sewer overflows, residential, commercial, industrial, and agricultural wastes, which are causing water quality degradation due to concentrations of conventional, nonconventional, or toxic pollutants. Water pollution control facilities include all equipment, utilities, structures, real property, and interests in and improvements on real property necessary for or incidental to such purpose. Water pollution control facilities also include such facilities, equipment, and collection systems as are necessary to protect federally designated sole source aquifers. [2013 c 96 § 1; 1988 c 284 § 2.]

90.50A.030 Use of moneys in fund. The department shall use the moneys in the water pollution control revolving fund to provide financial assistance as provided in the water quality act of 1987 and as provided in RCW 90.50A.040:

(1) To make loans, on the condition that:
(a) Such loans are made at or below market interest rates, including interest free loans, at terms not to exceed twenty years;
(b) Annual principal and interest payments will commence not later than one year after completion of any project and all loans will be fully amortized not later than twenty years after project completion;
(c) The recipient of a loan will establish a dedicated source of revenue for repayment of loans; and
(d) The fund will be credited with all payments of principal and interest on all loans.

(2) Loans may be made for the following purposes:
(a) To public bodies for the construction or replacement of water pollution control facilities as defined in section 212 of the federal water quality act of 1987;
(b) For the implementation of a management program established under section 319 of the federal water quality act of 1987 relating to the management of nonpoint sources of pollution, subject to the requirements of that act; and
(c) For development and implementation of a conservation and management plan under section 320 of the federal water quality act of 1987 relating to the national estuary program, subject to the requirements of that act.

(3) The department may also use the moneys in the fund for the following purposes:
(a) To buy or refinance the water pollution control facilities' debt obligations of public bodies at or below market rates, if such debt was incurred after March 7, 1985;
(b) To guarantee, or purchase insurance for, public body obligations for water pollution control facility construction or replacement or activities if the guarantee or insurance would improve credit market access or reduce interest rates, or to provide loans to a public body for this purpose;
(c) As a source of revenue or security for the payment of principal and interest on revenue or general obligation bonds.
issued by the state if the proceeds of the sale of such bonds will be deposited in the fund;

(d) To earn interest on fund accounts; and

(e) To pay the expenses of the department in administering the water pollution control revolving fund according to administrative reserves authorized by federal and state law.

(4) The department shall present a biennial progress report on the use of moneys from the account to the appropriate committees of the legislature. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

(5) The department may not use the moneys in the water pollution control revolving fund for grants. [2007 c 341 § 38; 1996 c 37 § 4; 1988 c 284 § 4.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

90.50A.040 Administration of fund. Moneys deposited in the water pollution control revolving fund shall be administered by the department. In administering the fund, the department shall:

(1) Consistent with RCW 90.50A.030 and 90.50A.080, allocate funds for loans in accordance with the annual project priority list in accordance with section 212 of the federal water pollution control act as amended in 1987, and allocate funds under sections 319 and 320 according to the provisions of that act;

(2) Use accounting, audit, and fiscal procedures that conform to generally accepted government accounting standards;

(3) Prepare any reports required by the federal government as a condition to awarding federal capitalization grants;

(4) Adopt by rule any procedures or standards necessary to carry out the provisions of this chapter;

(5) Enter into agreements with the federal environmental protection agency;

(6) Cooperate with local, substate regional, and interstate entities concerning state assessment reports and state management programs related to the nonpoint source management programs as noted in section 319(c) of the federal water pollution control act amendments of 1987 and estuary programs developed under section 320 of that act;

(7) Comply with provisions of the water quality act of 1987; and

(8) After January 1, 2010, not provide funding for projects designed to address the restoration of Puget Sound that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. [2007 c 341 § 39; 1988 c 284 § 5.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

90.50A.050 Loans from fund—Requirements for recipients. Any public body receiving a loan from the fund shall:

(1) Appear on the annual project priority list to be identified for funding under section 212 of the federal water pollution control act amendments of 1987 or be eligible under sections 319 and 320 of that act;

(2) Submit an application to the department;

(3) Establish and maintain a dedicated source of revenue or other acceptable source of revenue for the repayment of the loan; and

(4) Demonstrate to the satisfaction of the department that it has sufficient legal authority to incur the debt for which it is applying. [1988 c 284 § 6.]

90.50A.060 Defaults. If a public body defaults on payments due to the fund, the state may withhold any amounts otherwise due to the public body and direct that such funds be applied to the indebtedness and deposited into the account. [1988 c 284 § 7.]

90.50A.070 Establishment of policies for loan terms and interest rates. The department shall establish by rule policies for establishing loan terms and interest rates for loans made from the fund that assure that the objectives of this chapter are met and that adequate funds are maintained in the fund to meet future needs. [1988 c 284 § 8.]

90.50A.080 Puget Sound partners. (1) In administering the fund, the department shall give priority consideration to:

(a) A public body that is a Puget Sound partner, as defined in RCW 90.71.010; and

(b) A project that is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(2) When implementing this section, the department shall give preference only to Puget Sound partners, as defined in RCW 90.71.010, in comparison to other entities that are eligible to be included in the definition of Puget Sound partner. Entities that are not eligible to be a Puget Sound partner due to geographic location, composition, exclusion from the scope of the Puget Sound action agenda developed under RCW 90.71.310, or for any other reason, shall not be given less preferential treatment than Puget Sound partners. [2007 c 341 § 40.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

90.50A.090 Water pollution control revolving administration account—Creation—Report to the legislature. (1) The water pollution control revolving administration account is created in the state treasury. All receipts from charges authorized in this section must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only in a manner consistent with this section.

(2) The department is authorized to assess administration charges as a portion of the debt service for loans issued under the water pollution control revolving fund created in RCW 90.50A.020. The sole purpose of assessing administration charges is to predictably and adequately fund the department’s costs of administering the water pollution control revolving fund loan program, as identified in subsection (5) of this section. The department must assess administration charges on each water pollution control revolving fund loan at the point the loan enters repayment status, after July 28, 2013, and rule changes are adopted to implement the administration charge. Loans that are at an interest rate below the
established administration charge rate are exempt from the administration charge.

(3) The water pollution control revolving administration account consists of:
   (a) Any administration charge levied by the department in conjunction with administration of the water pollution control revolving fund; and
   (b) Any other revenues derived from gifts, grants, or bequests pledged to the state for the purpose of administering the water pollution control revolving fund.

(4) The state treasurer may invest and reinvest moneys in the water pollution control revolving administration account in the manner provided by law. All earnings from such investment and reinvestment must be credited to the water pollution control revolving administration account.

(5) Moneys in the water pollution control revolving administration account are to be used for the following water pollution control fund loan program costs:
   (a) Administration costs associated with conducting application processes, managing contracts, collecting loan repayments, managing the revolving fund, providing technical assistance, and meeting state and federal reporting requirements; and
   (b) Information and data system costs associated with loan tracking and fund management.

(6) Each biennium, the department may spend from the water pollution control revolving administration account an amount no greater than four percent of the water pollution control revolving fund new capital appropriation.

(7) For its 2017-2019 biennial operating budget submittal, and every biennium thereafter, the department must compare the projected water pollution control revolving administration account balance and the projected administration charge income with projected program costs, including an adequate working capital reserve as defined by the office of financial management. In its submittal to the office of financial management, the department may:
   (a) Find that the projected administration charge income is inadequate to fund the cost of administering the program, and that the rate of the charge must be increased. However, the administration charge may never exceed one percent on the declining principal loan balance;
   (b) Find that the projected administration charge income exceeds what is needed to fund the cost of administering the program, and that the rate of the charge must be decreased;
   (c) Find that there is an excess balance in the revolving administration account, and that the excess must be transferred to the water pollution control revolving fund to be used for loans; or
   (d) Find that there is no need for any rate adjustments or balance transfers.

(8) At the point where the water pollution control revolving administration account adequately covers the program administration costs, the department may no longer use the federal administration allowance. If a federal capitalization grant is awarded after that point, all federal capitalization dollars must be used for making loans.

(9) By December 1, 2018, the department must submit to the appropriate legislative fiscal committees a report on implementation of the administration charge, including information on: The amount of income the administration charge has produced since its inception; the uses and adequacy of the income for administrative costs; any excess balances that have been transferred to the water pollution control revolving fund; and any additional sources that the department is using for program administration. [2013 c 96 § 2.]

90.50A.900 Severability—1988 c 284. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1988 c 284 § 14.]

Chapter 90.52 RCW
POLLUTION DISCLOSURE ACT OF 1971

Sections
90.52.005 Environmental excellence program agreements—Effect on chapter.
90.52.010 Annual reports required—Contents—Critical materials designated.
90.52.020 Confidentiality as to manufacturing processes.
90.52.030 Operation subject to injunction, when—Civil penalties.
90.52.040 Wastes to be provided with available methods of treatment prior to discharge into waters of the state.
90.52.900 Short title.

90.52.005 Environmental excellence program agreements—Effect on chapter. Notwithstanding any other provision of law, any legal requirement under this chapter, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.21K RCW. [1997 c 381 § 27.]

Purpose—1997 c 381: See RCW 43.21K.005.

90.52.010 Annual reports required—Contents—Critical materials designated. Every person conducting a commercial or industrial operation within this state who discharges wastes, other than sanitary sewage, into waters of the state or into any sewer system which discharges into waters of the state, and every person conducting a commercial or industrial operation within the state who discharges wastes into the air of the state, shall file, annually, during the month of January, reports, on forms provided by the department of ecology, setting forth:

(1) The nature of the enterprise;
(2) A list of materials used in, and incidental to, its manufacturing processes, including by-products and waste products;
(3) The estimated annual total gallons or pounds (or other appropriate measurement) of wastes, including, but not limited to, process and cooling water to be discharged into the water or air, or into any sewer system.

The list of materials provided for in subsection (2) hereof shall relate to all materials designated by the director of the department of ecology, after consultation with a committee on [of] environmental specialists of not less than five appointed by the director, as critical materials which have substantial potential to adversely affect the quality of waters or environment of the state, or the uses made thereof, if allowed to enter the same. Formal designation shall be adopted by the director as a rule and filed in a "critical materials" registry of the department of ecology. "Person" as used

[Title 90 RCW—page 106]
herein means an individual partnership, firm, corporation, association or other entity. [1971 ex.s. c 160 § 1.]

90.52.020 Confidentiality as to manufacturing processes. The department of ecology shall provide proper and adequate procedures to safeguard the confidentiality of manufacturing processes: PROVIDED, That the confidentiality shall not extend to waste products discharged into the waters or air of the state. [1971 ex.s. c 160 § 2.]

90.52.030 Operation subject to injunction, when—Civil penalties. Operation of an industrial or commercial operation in violation of RCW 90.52.010 may be enjoined on petition of the attorney general to the superior court of Thurston county or of the county in which the operation is located.

Operation of an industrial or commercial operation in violation of this chapter shall provide the basis of a civil penalty under RCW 90.48.144 or 70.94.431 as now or hereafter amended. No person may discharge wastes into the waters or air of the state who fails to satisfy the requirements of RCW 90.52.010 and 90.52.040. [1971 ex.s. c 160 § 3.]

90.52.040 Wastes to be provided with available methods of treatment prior to discharge into waters of the state. Except as provided in RCW 90.54.020(3)(b), in the administration of the provisions of chapter 90.48 RCW, the director of the department of ecology shall, regardless of the quality of the water of the state to which wastes are discharged or proposed for discharge, and regardless of the minimum water quality standards established by the director for said wastes, require wastes to be provided with all known, available, and reasonable methods of treatment prior to their discharge or entry into waters of the state. [1987 c 399 § 1; 1971 ex.s. c 160 § 4.]

90.52.900 Short title. This act shall be known and may be cited as the Pollution Disclosure Act of 1971. [1971 ex.s. c 160 § 5.]

Chapter 90.54 RCW
WATER RESOURCES ACT OF 1971

Sections
90.54.005 Findings—Objectives—2002 c 329.
90.54.010 Purpose.
90.54.020 General declaration of fundamentals for utilization and management of waters of the state.
90.54.030 Water and related resources—Department to be advised—Water resources data program.
90.54.035 State funding of water resource programs—Priorities.
90.54.040 Comprehensive state water resources program—Modifying existing and adopting new regulations and statutes.
90.54.045 Water resource planning—Pilot process—Report to the legislature.
90.54.050 Setting aside or withdrawing waters—Rules—Consultation with legislative committees—Public hearing, notice—Review.
90.54.060 Department to seek involvement of other persons and entities, means—Assistance grants.
90.54.080 State to vigorously represent its interests before federal agencies, interstate agencies.
90.54.090 State, local governments, municipal corporations to comply with chapter.
90.54.100 Department to evaluate needs for projects and alternative methods of financing.
90.54.110 Authority to secure and obtain benefits, including grants.
90.54.120 "Department," "utilize," and "utilization" defined.

(2014 Ed.)
resources and associated values can be utilized and enjoyed today and protected for tomorrow.

(c) Diverse hydrologic, climatic, cultural, and socioeconomic conditions exist throughout the regions of the state. Water resource issues vary significantly across regions. Comprehensive water resource planning is best accomplished through a regional planning process sensitive to the unique characteristics and issues of each region.

(d) Comprehensive water resource planning must provide interested parties adequate opportunity to participate. Water resource issues are best addressed through cooperation and coordination among the state, Indian tribes, local governments, and interested parties.

(e) The long-term needs of the state require ongoing assessment of water availability, use, and demand. A thorough inventory of available resources is essential to water resource management. Current state water resource data and data management is inadequate to meet changing needs and respond to competing water demands. Therefore, a state water resource data program is needed to support an effective water resource management program. Efforts should be made to coordinate and consolidate into one resource data system all relevant information developed by the department of ecology and other agencies relating to the use, protection, and management of the state's water resources.

(2) It is the purpose of this chapter to set forth fundamentals of water resource policy for the state to insure that waters of the state are protected and fully utilized for the greatest benefit to the people of the state of Washington and, in relation thereto, to provide direction to the department of ecology, other state agencies and officials, and local government in carrying out water and related resources programs. It is the intent of the legislature to work closely with the executive branch, Indian tribes, local government, and interested parties to ensure that water resources of the state are wisely managed. [1990 c 295 § 1; 1971 ex.s. c 225 § 1.]

90.54.020 General declaration of fundamentals for utilization and management of waters of the state. Utilization and management of the waters of the state shall be guided by the following general declaration of fundamentals:

(1) Uses of water for domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, mining, fish and wildlife maintenance and enhancement, recreational, and thermal power production purposes, and preservation of environmental and aesthetic values, and all other uses compatible with the enjoyment of the public waters of the state, are declared to be beneficial.

(2) Allocation of waters among potential uses and users shall be based generally on the securing of the maximum net benefits for the people of the state. Maximum net benefits shall constitute total benefits less costs including opportunities lost.

(3) The quality of the natural environment shall be protected and, where possible, enhanced as follows:

(a) Perennial rivers and streams of the state shall be retained with base flows necessary to provide for preservation of wildlife, fish, scenic, aesthetic and other environmental values, and navigational values. Lakes and ponds shall be retained substantially in their natural condition. Withdrawals of water which would conflict therewith shall be authorized only in those situations where it is clear that overriding considerations of the public interest will be served.

(b) Waters of the state shall be of high quality. Regardless of the quality of the waters of the state, all wastes and other materials and substances proposed for entry into said waters shall be provided with all known, available, and reasonable methods of treatment prior to entry. Notwithstanding that standards of quality established for the waters of the state would not be violated, wastes and other materials and substances shall not be allowed to enter such waters which will reduce the existing quality thereof, except in those situations where it is clear that overriding considerations of the public interest will be served. Technology-based effluent limitations or standards for discharges for municipal water treatment plants located on the Chehalis, Columbia, Cowlitz, Lewis, or Skagit river shall be adjusted to reflect credit for substances removed from the plant intake water if:

(i) The municipality demonstrates that the intake water is drawn from the same body of water into which the discharge is made; and

(ii) The municipality demonstrates that no violation of receiving water quality standards or appreciable environmental degradation will result.

(4) The development of multipurpose water storage facilities shall be a high priority for programs of water allocation, planning, management, and efficiency. The department, other state agencies, local governments, and planning units formed under *section 107 or 108 of this act shall evaluate the potential for the development of new storage projects and the benefits and effects of storage in reducing damage to stream banks and property, increasing the use of land, providing water for municipal, industrial, agricultural, power generation, and other beneficial uses, and improving streamflow regimes for fisheries and other instream uses.

(5) Adequate and safe supplies of water shall be preserved and protected in potable condition to satisfy human domestic needs.

(6) Multiple-purpose impoundment structures are to be preferred over single-purpose structures. Due regard shall be given to means and methods for protection of fishery resources in the planning for and construction of water impoundment structures and other artificial obstructions.

(7) Federal, state, and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out practices of conservation as they relate to the use of the waters of the state. In addition to traditional development approaches, improved water use efficiency, conservation, and use of reclaimed water shall be emphasized in the management of the state's water resources and in some cases will be a potential new source of water with which to meet future needs throughout the state. Use of reclaimed water shall be encouraged through state and local planning and programs with incentives for state financial assistance recognizing programs and plans that encourage the use of conservation and reclaimed water use, and state agencies shall continue to review and reduce regulatory barriers and streamline permitting for the use of reclaimed water where appropriate.

(8) Development of water supply systems, whether publicly or privately owned, which provide water to the public generally in regional areas within the state shall be encouraged. Development of water supply systems for multiple
(9) Full recognition shall be given in the administration of water allocation and use programs to the natural interrelationships of surface and groundwaters.

(10) Expressions of the public interest will be sought at all stages of water planning and allocation discussions.

(11) Water management programs, including but not limited to, water quality, flood control, drainage, erosion control and storm runoff are deemed to be in the public interest.

*Reviser's note: Sections 107 and 108 of this act were vetoed by the governor.

Findings—Intent—2007 c 445: See note following RCW 90.46.005.

Additional notes found at www.leg.wa.gov

90.54.030 Water and related resources—Department to be advised—Water resources data program. For the purpose of ensuring that the department is fully advised in relation to the performance of the water resources program provided in RCW 90.54.040, the department is directed to become informed with regard to all phases of water and related resources of the state. To accomplish this objective the department shall:

(1) Develop a comprehensive water resource data program that provides the information necessary for effective planning and management on a regional and statewide basis. The data program shall include an information management plan describing the data requirements for effective water resource planning, and a system for collecting and providing access to water resource data on a regional and statewide basis;

(2) Collect, organize and catalog existing information and studies available to it from all sources, both public and private, pertaining to water and related resources of the state;

(3) Develop such additional data and studies pertaining to water and related resources as are necessary to accomplish the objectives of this chapter; and

(4) Develop alternate courses of action to solve existing and foreseeable problems of water and related resources and include therein, to the extent feasible, the economic and social consequences of each such course, and the impact on the natural environment.

All the foregoing shall be included in a "water resources information system" established and maintained by the department. The department shall develop a system of cataloging, storing and retrieving the information and studies of the information system so that they may be made readily available to and effectively used not only by the department but by the public generally. [1997 c 32 § 1; 1990 c 295 § 2; 1988 c 47 § 4; 1971 ex.s.c 225 § 3.]

Additional notes found at www.leg.wa.gov

90.54.040 Comprehensive state water resources program—Modifying existing and adopting new regulations and statutes. (1) The department, through the adoption of appropriate rules, is directed, as a matter of high priority to insure that the waters of the state are utilized for the best interests of the people, to develop and implement in accordance with the policies of this chapter a comprehensive state water resources program which will provide a process for making decisions on future water resource allocation and use. The department may develop the program in segments so that immediate attention may be given to waters of a given physioeconomic region of the state or to specific critical problems of water allocation and use.

(2) In relation to the management and regulatory programs relating to water resources vested in it, the department is further directed to modify existing regulations and adopt new regulations, when needed and possible, to insure that existing regulatory programs are in accord with the water resource policy of this chapter and the program established in subsection (1) of this section.

(3) The department is directed to review all statutes relating to water resources which it is responsible for implementing. When any of the same appear to the department to be ambiguous, unclear, unworkable, unnecessary, or otherwise deficient, it shall make recommendations to the legislature including appropriate proposals for statutory modifications or additions. Whenever it appears that the policies of any such statutes are in conflict with the policies of this chapter, and the department is unable to fully perform as provided in subsection (2) of this section, the department is directed to submit statutory modifications to the legislature which, if enacted, would allow the department to carry out such statutes in harmony with this chapter. [1997 c 32 § 2; 1988 c 47 § 5; 1971 ex.s.c 225 § 4.]

Additional notes found at www.leg.wa.gov

90.54.045 Water resource planning—Pilot process—Report to the legislature. (1) In the development and implementation of the comprehensive state water resources program required in RCW 90.54.040(1), the process described therein shall involve participation of appropriate state agencies, Indian tribes, local governments, and interested parties, and shall be applied on a regional basis pursuant to subsection (2) of this section.

(2) Prior to July 1, 1991, the department, with advice from appropriate state agencies, Indian tribes, local government, and interested parties, shall identify regions and establish regional boundaries for water resource planning and shall designate two regions in which the process shall be initiated on a pilot basis. One region shall encompass an area within the Puget Sound basin in which critical water resource issues
exist. A concurrent pilot process may encompass a region east of the Cascade mountains.

(3) The department shall report to the chairs of the appropriate legislative committees prior to July 1st each year summarizing the progress of the pilot process in the two regions. The pilot process in each region shall be completed and shall produce a regional water plan by December 31, 1993.

(4) Appropriate state agencies, Indian tribes, local governments, and interested parties in regions not selected for the pilot program are strongly encouraged to commence water resource planning within their regions. [1991 c 347 § 4; 1990 c 295 § 3.]

Purposes—1991 c 347: See note following RCW 90.42.005.
Additional notes found at www.leg.wa.gov

90.54.050 Setting aside or withdrawing waters—Rules—Consultation with legislative committees—Public hearing, notice—Review. In conjunction with the programs provided for in RCW 90.54.040(1), whenever it appears necessary to the director in carrying out the policy of this chapter, the department may by rule adopted pursuant to chapter 34.05 RCW:

(1) Reserve and set aside waters for beneficial utilization in the future, and

(2) When sufficient information and data are lacking to allow for the making of sound decisions, withdraw various waters of the state from additional appropriations until such data and information are available. Before proposing the adoption of rules to withdraw waters of the state from additional appropriation, the department shall consult with the standing committees of the house of representatives and the senate having jurisdiction over water resource management issues.

Prior to the adoption of a rule under this section, the department shall conduct a public hearing in each county in which waters relating to the rule are located. The public hearing shall be preceded by a notice placed in a newspaper of general circulation published within each of said counties. Rules adopted hereunder shall be subject to review in accordance with the provisions of RCW 34.05.240. [1997 c 439 § 2; 1997 c 32 § 3; 1988 c 47 § 7; 1971 ex.s. c 225 § 5.]

Reviser's note: This section was amended by 1997 c 32 § 3 and by 1997 c 439 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025 (2). For rule of construction, see RCW 1.12.025 (1).

Additional notes found at www.leg.wa.gov

90.54.060 Department to seek involvement of other persons and entities, means—Assistance grants. To ensure that all of the various persons and entities having an interest in the water resources of the state and the programs of the chapter are provided with a full opportunity for involvement not only with the development of the program but the implementation by the department under this chapter, the following directions are given:

(1) The department shall make reasonable efforts to inform the people of the state about the state's water and related resources and their management. The department in the performance of the responsibilities provided in this chapter shall not only invite but actively encourage participation by all persons and private groups and entities showing an interest in water resources programs of this chapter.

(2) The department shall similarly invite and encourage participation by all agencies of federal, state and local government, including counties, municipal and public corporations, having interests or responsibilities relating to water resources. Said state and local agencies are directed to fully participate to insure that their interests are considered by the department. The department shall, when funds are made available to it for such purposes, provide assistance grants to said state and local agencies for the purposes of financing activities directed to be performed by them under this subsection. [1971 ex.s. c 225 § 6.]

90.54.080 State to vigorously represent its interests before federal agencies, interstate agencies. The state shall vigorously represent its interest before water resource regulation, management, development, and use agencies of the United States, including among others the federal power commission, environmental protection agency, army corps of engineers, department of the interior, department of agriculture and the atomic energy commission, and of interstate agencies with regard to planning, licensing, permit proposals, and proposed construction, development and utilization plans. Where federal or interstate agency plans, activities, or procedures conflict with state water policies, all reasonable steps available shall be taken by the state to preserve the integrity of this state's policies. [1971 ex.s. c 225 § 8.]

90.54.090 State, local governments, municipal corporations to comply with chapter. All agencies of state and local government, including counties and municipal and public corporations, shall, whenever possible, carry out powers vested in them in manners which are consistent with the provisions of this chapter. [1987 c 505 § 82; 1977 c 75 § 95; 1971 ex.s. c 225 § 10.]

90.54.100 Department to evaluate needs for projects and alternative methods of financing. The department of ecology shall as a matter of high priority evaluate the needs for water resource development projects and the alternative methods of financing of the same by public and private agencies, including financing by federal, state and local governments and combinations thereof. Such evaluations shall be broadly based and be included as a part of the comprehensive state water resources program relating to uses and management as defined in RCW 90.54.030. [1997 c 32 § 5; 1971 ex.s. c 225 § 11.]

90.54.110 Authority to secure and obtain benefits, including grants. The department of ecology is authorized to obtain the benefits including acceptance of grants, of any program of the federal government or any other source to carry out the provisions of this chapter and is empowered to take such actions as are necessary and appropriate to secure such benefits. [1971 ex.s. c 225 § 12.]

90.54.120 "Department," "utilize," and "utilization" defined. For the purposes of this chapter, unless the
context is clearly to the contrary, the following definitions shall be used:

2. “Utilize” or “utilization” shall not only mean use of water for such long recognized consumptive or nonconsumptive beneficial purposes as domestic, stock watering, industrial, commercial, agricultural, irrigation, hydroelectric power production, thermal power production, mining, recreational, maintenance of wildlife and fishlife purposes, but includes the retention of water in lakes and streams for the protection of environmental, scenic, aesthetic and related purposes, upon which economic values have not been placed historically and are difficult to quantify. [1971 ex.s. c 225 § 13.]

90.54.130 Land use management policy modifications—Advisory recommendations. The department of ecology may recommend land use management policy modifications it finds appropriate for the further protection of ground and surface water resources in this state. Such advisory recommendations may be made to other state regulatory agencies, local governments, water systems, and other appropriate bodies. [1984 c 253 § 4.]

90.54.140 Protection of groundwater aquifers if sole drinking water source. The legislature hereby declares that the protection of groundwater aquifers which are the sole drinking water source for a given jurisdiction shall be of the uppermost priority of the state department of ecology, department of social and health services, and all local government agencies with jurisdiction over such areas. In administration of programs related to the disposal of wastes and other practices which may impact such water quality, the department of ecology, department of social and health services, and such affected local agencies shall explore all possible measures for the protection of the aquifer, including any appropriate incentives, penalties, or other measures designed to bring about practices which provide for the least impact on the quality of the groundwater. [1984 c 253 § 5.]

90.54.150 Water supply projects—Cooperation with other agencies—Scope of participation. When feasible, the department of ecology shall cooperate with the United States and other public entities, including Indian tribes, in the planning, development, and operation of comprehensive water supply projects designed primarily to resolve controversies and conflicts over water use by increasing water quantity and improving water quality within a stream or river system, or other bodies of water, as well as to enhance opportunities for both instream and diversionary water uses within the system, and, in relation thereto, the department may:

1. Participate with the federal government and other public entities in the planning, development, operation, and management of various phases of water projects hereafter authorized by congress;

2. Provide rights to the use of public waters under the state’s surface and ground water codes for these projects when the waters are available for allocation; and

3. Provide financial assistance through grants and loans for projects when moneys are made available to the department for this assistance by other provisions of this code. [1979 ex.s. c 216 § 9.]

Additional notes found at www.leg.wa.gov

90.54.160 Department to report on dam safety. The department of ecology shall report to the legislature on the last working day of December of 1984, 1985, and 1986, and thereafter as deemed appropriate by the department, on dam facilities that exhibit safety deficiencies sufficient to pose a significant threat to the safety of life and property. The report shall identify the owner or owners of such facilities, detail the owner’s ability and attitude towards correcting such deficiencies, and provide an estimate of the cost of correcting the deficiencies if a study has been completed. [1984 c 83 § 1.]

90.54.170 Electric generation facility—Evaluation of application to appropriate water. In addition to other requirements of this chapter, when the proposed water resource development project involves a new water supply combined with an electric generation facility where such electricity generated may be sold to an entity authorized by law to distribute electricity, the department shall evaluate and utilize, in connection with any application to appropriate water pursuant to the water code, chapter 90.03 RCW, sufficient information furnished by the project applicant regarding the need for the project, alternative means of serving the purposes of the project, the cumulative effects of the project and similar projects that are built, under construction or permitted in the relevant river basin or basins, the impact, if any, on flood control plans and an estimate of the impact, if any, of the sale of the project’s electricity on the rates of utility customers of the Bonneville power administration. Such information shall be furnished at the project applicant’s own cost and expense. [1985 c 444 § 6.]

Intent—Construction—Severability—1985 c 444: See notes following RCW 35.92.010.

90.54.180 Water use efficiency and conservation programs and practices. Consistent with the fundamentals of water resource policy set forth in this chapter, state and local governments, individuals, corporations, groups and other entities shall be encouraged to carry out water use efficiency and conservation programs and practices consistent with the following:

1. Water efficiency and conservation programs should utilize an appropriate mix of economic incentives, cost share programs, regulatory programs, and technical and public information efforts. Programs which encourage voluntary participation are preferred.

2. Increased water use efficiency and reclaimed water should receive consideration as a potential source of water in state and local water resource planning processes. In determining the cost-effectiveness of alternative water sources, consideration should be given to the benefits of conservation, waste water recycling, and impoundment of waters. Where reclaimed water is a feasible replacement source of water, it shall be used by state agencies and state facilities for nonpotable water uses in lieu of the use of potable water. For purposes of this requirement, feasible replacement source means (a) the reclaimed water is of adequate quality and quantity for the proposed use; (b) the proposed use is approved by the
Departments of ecology and health; (c) the reclaimed water can be reliably supplied by a local public agency or public water system; and (d) the cost of the reclaimed water is reasonable relative to the costs of conservation or other potentially available supplies of potable water, after taking into account all costs and benefits, including environmental costs and benefits.

(3) In determining the cost-effectiveness of alternative water sources, full consideration should be given to the benefits of storage which can reduce the damage to stream banks and property, increase the utilization of land, provide water for municipal, industrial, agricultural, and other beneficial uses, provide for the generation of electric power from renewable resources, and improve streamflow regimes for fishery and other instream uses.

(4) Entities receiving state financial assistance for construction of water source expansion or acquisition of new sources shall develop, and implement if cost-effective, a water use efficiency and conservation element of a water supply plan pursuant to RCW 43.20.230(1).

(5) State programs to improve water use efficiency should focus on those areas of the state in which water is overappropriated; areas that experience diminished streamflows or aquifer levels; regional areas that the governor has identified as high priority for investments in improved water quality and quantity, including the Spokane river, the Columbia river basin, and the Puget Sound; areas most likely to be affected by global warming; and areas where projected water needs, including those for instream flows, exceed available supplies.

(6) Existing and future generations of citizens of the state of Washington should be made aware of the importance of the state's water resources and the need for wise and efficient use and development of this vital resource. In order to increase this awareness, state agencies should integrate public information programs on increasing water use efficiency into existing public information efforts. This effort shall be coordinated with other levels of government, including local governments and Indian tribes. [2007 c 445 § 9; 1989 c 348 § 5.]

Findings—Intent—2007 c 445: See note following RCW 90.46.005.

Additional notes found at www.leg.wa.gov

90.54.191 Streamflow restoration a priority. The department shall prioritize the expenditure of funds and other resources for programs related to streamflow restoration in watersheds where the exercise of inchoate water rights may have a larger effect on streamflows and other water uses. [2003 1st sp.s. c 5 § 10.]

Additional notes found at www.leg.wa.gov

90.54.800 Policy guidelines. Future development of hydropower and protection of river-related resources shall be guided by policies and programs which:

(1) Create opportunities for balanced development of cost-effective and environmentally sound hydropower projects by a range of development interests;

(2) Protect significant values associated with the state's rivers, including fish and wildlife populations and habitats, water quality and quantity, unique physical and botanical features, archeological sites, and scenic and recreational resources;

(3) Protect the interests of the citizens of the state regarding river-related economic development, municipal water supply, supply of electric energy, flood control, recreational opportunity, and environmental integrity;

(4) Fully utilize the state's authority in the federal hydropower licensing process. [1989 c 159 § 3.]

Legislative findings—1989 c 159: "The legislature finds that the task force on hydroelectric development and resource protection has recommended that:

(1) The state adopt goals to direct future development of hydropower and protection of river-related resources;

(2) The state take steps to enhance the existing hydropower permit review process; and

(3) The state develop, in concert with appropriate interests, a comprehensive state hydropower plan." [1989 c 159 § 1.]

Additional notes found at www.leg.wa.gov

90.54.900 Certain rights, authority, not to be affected by chapter. Nothing in this chapter shall affect any existing water rights, riparian, appropriative, or otherwise; nor shall it affect existing rights relating to the operation of any hydroelectric or water storage reservoir or related facility; nor shall it affect any exploratory work, construction or operation of a thermal power plant by an electric utility in accordance with the provisions of chapter 80.50 RCW. Nothing in this chapter shall enlarge or reduce the department of ecology's authority to regulate the surface use of waters of this state or structures on the underlying beds, tidelands or shorelands. [1971 ex.s. c 225 § 9.]

90.54.910 Short title. This chapter shall be known and may be cited as the "Water Resources Act of 1971". [1971 ex.s. c 225 § 14.]

90.54.920 Rights not impaired. (1) Nothing in this act shall affect or operate to impair any existing water rights.

(2) Nothing in this act shall be used to prevent future storage options, recognizing that storage may be necessary as a method of conserving water to meet both instream and out-of-stream needs.

(3) Nothing in this act shall infringe upon the rate-making prerogatives of any public water purveyor.

(4) Nothing in this act shall preclude the joint select committee on water resource policy from reviewing any subject matter contained herein for any future modifications. [1989 c 348 § 3.]

90.56.070 Coordination with federal law.

(2014 Ed.)
Oil and Hazardous Substance Spill Prevention and Response

90.56.005 Findings—Purpose.

(1) The legislature declares that waterborne transportation as a source of supply for oil and hazardous substances poses special concern for the state of Washington. Each year billions of gallons of crude oil and refined petroleum products are transported as cargo and fuel by vessels on the navigable waters of the state. These shipments are expected to increase in the coming years. Vessels transporting oil into Washington travel on some of the most unique and special marine environments in the United States. These marine environments are a source of natural beauty, recreation, and economic livelihood for many residents of this state. As a result, the state has an obligation to ensure the citizens of the state that the waters of the state will be protected from oil spills.

(2) The legislature finds that prevention is the best method to protect the unique and special marine environments in this state. The technology for containing and cleaning up a spill of oil or hazardous substances is at best only partially effective. Preventing spills is more protective of the environment and more cost-effective when all the response and damage costs associated with responding to a spill are considered. Therefore, the legislature finds that the primary objective of the state is to achieve a zero spills strategy to prevent any oil or hazardous substances from entering waters of the state.

(3) The legislature also finds that:

(a) Recent accidents in Washington, Alaska, southern California, Texas, Pennsylvania, and other parts of the nation have shown that the transportation, transfer, and storage of oil have caused significant damage to the marine environment;

(b) Even with the best efforts, it is nearly impossible to remove all oil that is spilled into the water, and average removal rates are only fourteen percent;

(c) Washington’s navigable waters are treasured environmental and economic resources that the state cannot afford to place at undue risk from an oil spill;

(d) The state has a fundamental responsibility, as the trustee of the state’s natural resources and the protector of public health and the environment to prevent the spill of oil; and

(e) In section 5002 of the federal oil pollution act of 1990, the United States congress found that many people believed that complacency on the part of industry and government was one of the contributing factors to the Exxon Valdez spill and, further, that one method to combat this complacency is to involve local citizens in the monitoring and oversight of oil spill plans. Congress also found that a mechanism should be established that fosters the long-term partnership of industry, government, and local communities in overseeing compliance with environmental concerns in the operation of crude oil terminals. Moreover, congress concluded that, in addition to Alaska, a program of citizen monitoring and oversight should be established in other major crude oil terminals in the United States because recent oil spills indicate that the safe transportation of oil is a national problem.

(4) In order to establish a comprehensive prevention and response program to protect Washington’s waters and natural resources from spills of oil, it is the purpose of this chapter:

(a) To establish state agency expertise in marine safety and to centralize state activities in spill prevention and response activities;

(b) To prevent spills of oil and to promote programs that reduce the risk of both catastrophic and small chronic spills;

(c) To ensure that responsible parties are liable, and have the resources and ability, to respond to spills and provide compensation for all costs and damages;

(d) To provide for state spill response and wildlife rescue planning and implementation;

(e) To support and complement the federal oil pollution act of 1990 and other federal law, especially those provisions relating to the national contingency plan for cleanup of oil spills and discharges, including provisions relating to the responsibilities of state agencies designated as natural resource trustees. The legislature intends this chapter to be interpreted and implemented in a manner consistent with federal law;

(f) To provide broad powers of regulation to the department of ecology relating to spill prevention and response;

(g) To provide for independent review on an ongoing basis the adequacy of oil spill prevention, preparedness, and response activities in this state; and

(h) To provide an adequate funding source for state response and prevention programs. [2010 1st sp.s. c 7 § 72; 2005 c 304 § 1; 2004 c 226 § 2; 1991 c 200 § 101; 1990 c 116 § 1.]
90.56.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Best achievable protection" means the highest level of protection that can be achieved through the use of the best achievable technology and those staffing levels, training procedures, and operational methods that provide the greatest degree of protection achievable. The director's determination of best achievable protection shall be guided by the critical need to protect the state's natural resources and waters, while considering (a) the additional protection provided by the measures; (b) the technological achievability of the measures; and (c) the cost of the measures.

(2) "Best achievable technology" means the technology that provides the greatest degree of protection taking into consideration (a) processes that are being developed, or could feasibly be developed, given overall reasonable expenditures on research and development, and (b) processes that are currently in use. In determining what is best achievable technology, the director shall consider the effectiveness, engineering feasibility, and commercial availability of the technology.

(3) "Board" means the pollution control hearings board.

(4) "Cargo vessel" means a self-propelled ship in commerce, other than a tank vessel or a passenger vessel, three hundred or more gross tons, including but not limited to, commercial fish processing vessels and freighters.

(5) "Bulk" means material that is stored or transported in a loose, unpackaged liquid, powder, or granular form capable of being conveyed by a pipe, bucket, chute, or belt system.

(6) "Committee" means the preassessment screening committee established under RCW 90.48.368.

(7) "Covered vessel" means a tank vessel, cargo vessel, or passenger vessel.

(8) "Department" means the department of ecology.

(9) "Director" means the director of the department of ecology.

(10) "Discharge" means any spilling, leaking, pumping, pouring, emitting, emptying, or dumping.

(11) "Facility" means any structure, group of structures, equipment, pipeline, or device, other than a vessel, located on or near the navigable waters of the state that transfers oil in bulk to or from a tank vessel or pipeline, that is used for producing, storing, handling, transferring, processing, or transporting oil in bulk.

(b) A facility does not include any: (i) Railroad car, motor vehicle, or other rolling stock while transporting oil over the highways or rail lines of this state; (ii) underground storage tank regulated by the department or a local government under chapter 90.76 RCW; (iii) motor vehicle motor fuel outlet; (iv) facility that is operated as part of an exempt agricultural activity as provided in RCW 82.04.330; or (v) marine fuel outlet that does not dispense more than three thousand gallons of fuel to a ship that is not a covered vessel, in a single transaction.

(12) "Fund" means the state coastal protection fund as provided in RCW 90.48.390 and 90.48.400.

(13) "Having control over oil" shall include but not be limited to any person using, storing, or transporting oil immediately prior to entry of such oil into the waters of the state, and shall specifically include carriers and bailees of such oil.

(14) "Marine facility" means any facility used for tank vessel wharfage or anchorage, including any equipment used for the purpose of handling or transferring oil in bulk to or from a tank vessel.

(15) "Navigable waters of the state" means those waters of the state, and their adjoining shorelines, that are subject to the ebb and flow of the tide and/or are presently used, have been used in the past, or may be susceptible for use to transport intrastate, interstate, or foreign commerce.

(16) "Necessary expenses" means the expenses incurred by the department and assisting state agencies for (a) investigating the source of the discharge; (b) investigating the extent of the environmental damage caused by the discharge; (c) conducting actions necessary to clean up the discharge; (d) conducting predamage and damage assessment studies; and (e) enforcing the provisions of this chapter and collecting for damages caused by a discharge.

(17) "Oil" or "oils" means oil of any kind that is liquid at atmospheric temperature and any fractionation thereof, including, but not limited to, crude oil, petroleum, gasoline, fuel oil, diesel oil, biological oils and blends, oil sludge, oil refuse, and oil mixed with wastes other than dredged spoil. Oil does not include any substance listed in Table 302.4 of 40 C.F.R. Part 302 adopted August 14, 1989, under section 101(14) of the federal comprehensive environmental response, compensation, and liability act of 1980, as amended by P.L. 99-499.

(18) "Offshore facility" means any facility located in, or under any of the navigable waters of the state, but does not include a facility any part of which is located in, or under any land of the state, other than submerged land.

(19) "Onshore facility" means any facility any part of which is located in, or under any land of the state, other than submerged land, that because of its location, could reasonably be expected to cause substantial harm to the environment by discharging oil into or on the navigable waters of the state or the adjoining shorelines.

(20)(a) "Owner or operator" means (i) in the case of a vessel, any person owning, operating, or chartering by demise, the vessel; (ii) in the case of an onshore or offshore facility, any person owning or operating the facility; and (iii) in the case of an abandoned vessel or onshore or offshore facility, the person who owned or operated the vessel or facility immediately before its abandonment.

(b) "Operator" does not include any person who owns the land underlying a facility if the person is not involved in the operations of the facility.

(21) "Passenger vessel" means a ship of three hundred or more gross tons with a fuel capacity of at least six thousand gallons carrying passengers for compensation.

(22) "Person" means any political subdivision, government agency, municipality, industry, public or private corporation, copartnership, association, firm, individual, or any other entity whatsoever.

(23) "Ship" means any boat, ship, vessel, barge, or other floating craft of any kind.

(24) "Spill" means an unauthorized discharge of oil or hazardous substances into the waters of the state.
"Tank vessel" means a ship that is constructed or adapted to carry, or that carries, oil in bulk as cargo or cargo residue, and that:

(a) Operates on the waters of the state; or

(b) Transfers oil in a port or place subject to the jurisdiction of this state.

(26) "Waters of the state" includes lakes, rivers, ponds, streams, inland waters, underground water, salt waters, estuaries, tidal flats, beaches and lands adjoining the seacoast of the state, sewers, and all other surface waters and watercourses within the jurisdiction of the state of Washington.

(27) "Worst case spill" means: (a) In the case of a vessel, a spill of the entire cargo and fuel of the vessel complicated by adverse weather conditions; and (b) In the case of an onshore or offshore facility, the largest foreseeable spill in adverse weather conditions. [2007 c 347 § 6; 2000 c 69 § 15; 1992 c 73 § 31; 1991 c 200 § 102; 1990 c 116 § 2; 1989 c 388 § 6; 1985 c 316 § 5; 1971 ex.s.c. 180 § 1; 1970 ex.s.c. 88 § 1; 1969 ex.s.c. 133 § 10. Formerly RCW 90.48.315.]

Intent—1989 c 388: "The legislature finds that oil spills can cause significant damage to the environment and natural resources held in trust by and for the people of this state. Some of these damages are unquantifiable, and others cannot be quantified at a reasonable cost. Both quantifiable and unquantifiable damages often occur despite prompt containment and cleanup measures. Due to the inability to measure the exact nature and extent of certain types of damages, current damage assessment methodologies used by the state inadequately assess the damage caused by oil spills. In light of the magnitude of environmental and natural resource damage which may be caused by oil spills, and the importance of fishing, tourism, recreation, and Washington's natural abundance and beauty to the quality of life and economic future of the people of this state, the legislature declares that compensation should be sought for those damages that cannot be quantified at a reasonable cost and for those unquantifiable damages that result from oil spills. This compensation is intended to ensure that the public does not bear substantial losses caused by oil pollution for which compensation may not otherwise be received." [1989 c 388 § 1.]

Marine oil pollution—Baseline study program: RCW 43.21A.405 through 43.21A.420.

Additional notes found at www.leg.wa.gov

90.56.020 Director responsible for spill response. Except as otherwise specifically provided in this chapter or other law, the director has the primary authority, in conformance with the statewide master oil and hazardous substance spill prevention and contingency plan adopted pursuant to RCW 90.56.060 and any applicable contingency plans prepared pursuant to this chapter and chapter 88.46 RCW, to oversee prevention, abatement, response, containment, and cleanup efforts with regard to any oil or hazardous substance spill in the navigable waters of the state. The director is the head of the state incident command system in response to a spill of oil or hazardous substances and shall coordinate the response efforts of all state agencies and local emergency response personnel. If a discharge of oil or hazardous substances is subject to the national contingency plan, in responding to the discharge, the director shall to the greatest extent practicable act in accordance with the national contingency plan and cooperate with the federal on-scene coordinator or other federal agency or official exercising authority under the national contingency plan. [1991 c 200 § 103.]

90.56.030 Powers and duties. The powers, duties, and functions conferred by this chapter shall be exercised by the department of ecology and shall be deemed an essential government function in the exercise of the police power of the state. Such powers, duties, and functions of the department shall extend to all waters under the jurisdiction of the state. [1991 c 200 § 104; 1971 ex.s.c. 180 § 2. Formerly RCW 90.48.370.]

90.56.040 Authority supplemental. This chapter grants authority to the department which is supplemental to and in no way reduces or otherwise modifies the powers granted to the department by other statutes. [1991 c 200 § 105; 1987 c 109 § 153; 1969 ex.s.c. 133 § 11. Formerly RCW 90.48.365.]

90.56.050 Rules. The department may adopt rules including but not limited to the following matters:

(1) Procedures and methods of reporting discharges and other occurrences prohibited by this chapter;

(2) Procedures, methods, means, and equipment to be used by persons subject to regulation by this chapter and such rules may prescribe the times, places, and methods of transfer of oil;

(3) Coordination of procedures, methods, means, and equipment to be used in the removal of oil;

(4) Development and implementation of criteria and plans to meet oil spills of various kinds and degrees;

(5) When and under what circumstances, if any, chemical agents, such as coagulants, dispersants, and bioremediation, may be used in response to an oil spill;

(6) The disposal of oil recovered from a spill; and

(7) Such other rules and regulations as the exigencies of any condition may require or such as may be reasonably necessary to carry out the intent of this chapter. [1991 c 200 § 106; 1971 ex.s.c. 180 § 3. Formerly RCW 90.48.380.]

90.56.060 Statewide master oil and hazardous substance spill prevention and contingency plan—Evaluation and revision or elimination of advisory committees. (1) The department shall prepare and annually update a statewide master oil and hazardous substance spill prevention and contingency plan. In preparing the plan, the department shall consult with an advisory committee representing diverse interests concerned with oil and hazardous substance spills, including the United States coast guard, the federal environmental protection agency, state agencies, local governments, port districts, private facilities, environmental organizations, oil companies, shipping companies, containment and cleanup contractors, tow companies, and hazardous substance manufacturers.

(2) The state master plan prepared under this section shall at a minimum:

(a) Take into consideration the elements of oil spill prevention and contingency plans approved or submitted for approval pursuant to this chapter and chapter 88.46 RCW and oil and hazardous substance spill contingency plans prepared pursuant to other state or federal law or prepared by federal agencies and regional entities;
(b) State the respective responsibilities as established by relevant statutes and rules of each of the following in the prevention of and the assessment, containment, and cleanup of a worst case spill of oil or hazardous substances into the environment of the state: (i) State agencies; (ii) local governments; (iii) appropriate federal agencies; (iv) facility operators; (v) property owners whose land or other property may be affected by the oil or hazardous substance spill; and (vi) other parties identified by the department as having an interest in or the resources to assist in the containment and cleanup of an oil or hazardous substance spill;

(c) State the respective responsibilities of the parties identified in (b) of this subsection in an emergency response;

(d) Identify actions necessary to reduce the likelihood of spills of oil and hazardous substances;

(e) Identify and obtain mapping of environmentally sensitive areas at particular risk to oil and hazardous substance spills;

(f) Establish an incident command system for responding to oil and hazardous substances spills; and

(g) Establish a process for immediately notifying affected tribes of any oil spill.

(3) In preparing and updating the state master plan, the department shall:

(a) Consult with federal, provincial, municipal, and community officials, other state agencies, the state of Oregon, and with representatives of affected regional organizations;

(b) Submit the draft plan to the public for review and comment;

(c) Submit to the appropriate standing committees of the legislature for review, not later than November 1st of each year, the plan and any annual revision of the plan; and

(d) Require or schedule unannounced oil spill drills as required by RCW 90.56.260 to test the sufficiency of oil spill contingency plans approved under RCW 90.56.210.

(4) The department shall evaluate the functions of advisory committees created by the department regarding oil spill prevention, preparedness, and response programs, and shall revise or eliminate those functions which are no longer necessary. [2010 1st sp.s. c 7 § 73; 2005 c 304 § 4; 2004 c 226 § 4; 2000 c 69 § 16; 1991 c 200 § 107; 1990 c 116 § 10. Formerly RCW 90.48.378.]

Effective date—2010 1st sp.s. c 26; 2010 1st sp.s. c 7: See note following RCW 43.03.027.

90.56.070 Coordination with federal law. In carrying out the purposes of this chapter, including the adoption of rules for contingency plans, the department shall to the greatest extent practicable implement this chapter in a manner consistent with federal law. [1991 c 200 § 108.]

90.56.080 Hazardous substances incident response training and education program. The division of fire protection services shall establish and manage the Washington oil and hazardous substances incident response training and education program to provide approved classes in hazardous substance response, taught by trained instructors. To carry out this program, the division of fire protection services shall:

(1) Adopt rules necessary to implement the program;

(2) Establish a training and education program by developing the curriculum to be used in the program in colleges, academies, and other educational institutions;

(3) Provide training to local oil and hazardous materials emergency response personnel; and

(4) Establish and collect admission fees and other fees that may be necessary to the program. [2000 c 69 § 17; 1991 c 200 § 109.]

90.56.100 Washington wildlife rescue coalition. (1) The Washington wildlife rescue coalition is established for the purpose of coordinating the rescue and rehabilitation of wildlife injured or endangered by oil spills or the release of other hazardous substances into the environment.

(2) The Washington wildlife rescue coalition shall be composed of:

(a) A representative of the department of fish and wildlife designated by the director of fish and wildlife. The department of fish and wildlife shall be designated as lead agency in the operations of the coalition. The coalition shall be chaired by the representative from the department of fish and wildlife;

(b) A representative of the department of ecology designated by the director;

(c) A representative of the Washington military department emergency management division, designated by the director of the Washington military department;

(d) A licensed veterinarian, with experience and training in wildlife rehabilitation, appointed by the veterinary board of governors;

(e) A lay person, with training and experience in the rescue and rehabilitation of wildlife appointed by the department; and

(f) A person designated by the legislative authority of the county where oil spills or spills of other hazardous substances may occur. This member of the coalition shall serve on the coalition until wildlife rescue and rehabilitation is completed in that county. The completion of any rescue or rehabilitation project shall be determined by the director of fish and wildlife.

(3) The duties of the Washington wildlife rescue coalition are to:

(a) Develop an emergency mobilization plan to rescue and rehabilitate waterfowl and other wildlife that are injured or endangered by an oil spill or the release of other hazardous substances into the environment;

(b) Develop and maintain a resource directory of persons, governmental agencies, and private organizations that may provide assistance in an emergency rescue effort;

(c) Provide advance training and instruction to volunteers in rescuing and rehabilitating waterfowl and wildlife injured or endangered by oil spills or the release of other hazardous substances into the environment. The training may be provided through grants to community colleges or to groups that conduct programs for training volunteers. The coalition representatives from the agencies described in subsection (2) of this section shall coordinate their training efforts and work to provide training opportunities for young citizens;

(d) Obtain and maintain equipment and supplies used in emergency rescue efforts.
Oil and Hazardous Substance Spill Prevention and Response 90.56.200

(4)(a) Expenses for the coalition may be provided by the coastal protection fund administered according to RCW 90.48.400.

(b) The coalition is encouraged to seek grants, gifts, or donations from private sources in order to carry out the provisions of this section and RCW 90.56.110. Any private funds donated to the commission shall be deposited into the wildlife rescue account hereby created within the *wildlife fund as authorized under Title 77 RCW. [2000 c 69 § 18; 1998 c 245 § 175; 1994 c 264 § 94; 1992 c 73 § 32; 1990 c 116 § 12. Formerly RCW 90.48.387.]

*Revisor's note: The "state wildlife fund" was renamed the "state wildlife account" pursuant to 2005 c 224 § 4 and 2005 c 225 § 4.

Additional notes found at www.leg.wa.gov

90.56.110  Rehabilitation of wildlife—Rules. The department of fish and wildlife may adopt rules including, but not limited to, the following:

(1) Procedures and methods of handling and caring for waterfowl or other wildlife affected by spills of oil and other hazardous materials;

(2) The certification of persons trained in the removal of pollutants from waterfowl or other wildlife;

(3) Development of procedures with respect to removal of oil and other hazardous substances from waterfowl or other wildlife;

(4) The establishment of training exercises, courses, and other training procedures as necessary;

(5) Such other rules as may be reasonably necessary to carry out the intent of RCW 90.56.100. [1994 c 264 § 95; 1990 c 116 § 13. Formerly RCW 90.48.388.]

90.56.200 Prevention plans. (1) The owner or operator for each onshore and offshore facility shall prepare and submit to the department an oil spill prevention plan in conformance with the requirements of this chapter. The plans shall be submitted to the department in the time and manner directed by the department. The spill prevention plan may be consolidated with a spill contingency plan submitted pursuant to RCW 90.56.210. The department may accept plans prepared to comply with other state or federal law as spill prevention plans to the extent those plans comply with the requirements of this chapter. The department, by rule, shall establish standards for spill prevention plans.

(2) The spill prevention plan for an onshore or offshore facility shall:

(a) Establish compliance with the federal oil pollution act of 1990, if applicable, and financial responsibility requirements under federal and state law;

(b) Certify that supervisory and other key personnel in charge of transfer, storage, and handling of oil have received certification pursuant to RCW 90.56.220;

(c) Certify that the facility has an operations manual required by RCW 90.56.230;

(d) Certify the implementation of alcohol and drug use awareness programs;

(e) Describe the facility's maintenance and inspection program and contain a current maintenance and inspection record of the storage and transfer facilities and related equipment;

(f) Describe the facility's alcohol and drug treatment programs;

(g) Describe spill prevention technology that has been installed, including overflow alarms, automatic overflow cutoff switches, secondary containment facilities, and storm water retention, treatment, and discharge systems;

(h) Describe any discharges of oil to the land or the water of more than twenty-five barrels in the prior five years and the measures taken to prevent a reoccurrence;

(i) Describe the procedures followed by the facility to contain and recover any oil that spills during the transfer of oil to or from the facility;

(j) Provide for the incorporation into the facility during the period covered by the plan of those measures that will provide the best achievable protection for the public health and the environment; and

(k) Include any other information reasonably necessary to carry out the purposes of this chapter required by rules adopted by the department.

(3) The department shall only approve a prevention plan if it provides the best achievable protection from damages caused by the discharge of oil into the waters of the state and if it determines that the plan meets the requirements of this section and rules adopted by the department.

(4) Upon approval of a prevention plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities covered by the plan, and other information the department determines should be included.

(5) The approval of a prevention plan shall be valid for five years. An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its prevention plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a prevention plan as a result of these changes.

(6) The department by rule shall require prevention plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(7) Approval of a prevention plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law.

(8) This section does not authorize the department to modify the terms of a collective bargaining agreement. [2000 c 69 § 19; 1991 c 200 § 201.]

Revisor's note: Chapter 226, Laws of 2004 (Substitute Senate Bill No. 6641) directed that: "If specific funding for the purposes of sections 5 and 6 of this act, referencing sections 5 and 6 of this act by bill or chapter or section number, is not provided by June 30, 2004, in the omnibus transportation appropriations act, sections 5 and 6 of this act are null and void." Substitute Senate Bill No. 6641 was referenced by bill number in chapter 276, Laws of 2004, the omnibus operating appropriations act, in section 301(9), however neither the bill nor the chapter number were mentioned in chapter 229, Laws of 2004, the omnibus transportation appropriations act. Therefore, the chapter 226, Laws of 2004 amendments to RCW 90.56.200 and 90.56.210, did not take effect.
90.56.210 Contingency plans. (1) Each onshore and offshore facility shall have a contingency plan for the containment and cleanup of oil spills from the facility into the waters of the state and for the protection of fisheries and wildlife, shellfish beds, natural resources, and public and private property from such spills. The department shall by rule adopt and periodically revise standards for the preparation of contingency plans. The department shall require contingency plans, at a minimum, to meet the following standards:

(a) Include full details of the method of response to spills of various sizes from any facility which is covered by the plan;

(b) Be designed to be capable in terms of personnel, materials, and equipment, of promptly and properly, to the maximum extent practicable, as defined by the department removing oil and minimizing any damage to the environment resulting from a worst case spill;

(c) Provide a clear, precise, and detailed description of how the plan relates to and is integrated into relevant contingency plans which have been prepared by cooperatives, ports, regional entities, the state, and the federal government;

(d) Provide procedures for early detection of oil spills and timely notification of such spills to appropriate federal, state, and local authorities under applicable state and federal law;

(e) State the number, training preparedness, and fitness of all dedicated, prepositioned personnel assigned to direct and implement the plan;

(f) Incorporate periodic training and drill programs to evaluate whether personnel and equipment provided under the plan are in a state of operational readiness at all times;

(g) Describe important features of the surrounding environment, including fish and wildlife habitat, shellfish beds, environmentally and archaeologically sensitive areas, and public facilities. The departments of ecology, fish and wildlife, and natural resources, and the *office of archaeology and historic preservation, upon request, shall provide information that they have available to assist in preparing this description. The description of archaeologically sensitive areas shall not be required to be included in a contingency plan until it is reviewed and updated pursuant to subsection (9) of this section;

(h) State the means of protecting and mitigating effects on the environment, including fish, shellfish, marine mammals, and other wildlife, and ensure that implementation of the plan does not pose unacceptable risks to the public or the environment;

(i) Provide arrangements for the prepositioning of oil spill containment and cleanup equipment and trained personnel at strategic locations from which they can be deployed to the spill site to promptly and properly remove the spilled oil;

(j) Provide arrangements for enlisting the use of qualified and trained cleanup personnel to implement the plan;

(k) Provide for disposal of recovered spilled oil in accordance with local, state, and federal laws;

(l) Until a spill prevention plan has been submitted pursuant to RCW 90.56.200, state the measures that have been taken to reduce the likelihood that a spill will occur, including but not limited to, design and operation of a facility, training of personnel, number of personnel, and backup systems designed to prevent a spill;

(m) State the amount and type of equipment available to respond to a spill, where the equipment is located, and the extent to which other contingency plans rely on the same equipment; and

(n) If the department has adopted rules permitting the use of dispersants, the circumstances, if any, and the manner for the application of the dispersants in conformance with the department’s rules.

(2)(a) The following shall submit contingency plans to the department within six months after the department adopts rules establishing standards for contingency plans under subsection (1) of this section:

(i) Onshore facilities capable of storing one million gallons or more of oil; and

(ii) Offshore facilities.

(b) Contingency plans for all other onshore and offshore facilities shall be submitted to the department within eighteen months after the department has adopted rules under subsection (1) of this section. The department may adopt a schedule for submission of plans within the eighteen-month period.

(3)(a) The owner or operator of a facility shall submit the contingency plan for the facility.

(b) A person who has contracted with a facility to provide containment and cleanup services and who meets the standards established pursuant to RCW 90.56.240, may submit the plan for any facility for which the person is contractually obligated to provide services. Subject to conditions imposed by the department, the person may submit a single plan for more than one facility.

(4) A contingency plan prepared for an agency of the federal government or another state that satisfies the requirements of this section and rules adopted by the department may be accepted by the department as a contingency plan under this section. The department shall ensure that to the greatest extent possible, requirements for contingency plans under this section are consistent with the requirements for contingency plans under federal law.

(5) In reviewing the contingency plans required by this section, the department shall consider at least the following factors:

(a) The adequacy of containment and cleanup equipment, personnel, communications equipment, notification procedures and call down lists, response time, and logistical arrangements for coordination and implementation of response efforts to remove oil spills promptly and properly and to protect the environment;

(b) The nature and amount of vessel traffic within the area covered by the plan;

(c) The volume and type of oil being transported within the area covered by the plan;

(d) The existence of navigational hazards within the area covered by the plan;

(e) The history and circumstances surrounding prior spills of oil within the area covered by the plan;

(f) The sensitivity of fisheries, shellfish beds, and wildlife and other natural resources within the area covered by the plan;

(g) Relevant information on previous spills contained in on-scene coordinator reports prepared by the department; and
(h) The extent to which reasonable, cost-effective measures to prevent a likelihood that a spill will occur have been incorporated into the plan.

(6) The department shall approve a contingency plan only if it determines that the plan meets the requirements of this section and that, if implemented, the plan is capable, in terms of personnel, materials, and equipment, of removing oil promptly and properly and minimizing any damage to the environment.

(7) The approval of the contingency plan shall be valid for five years. Upon approval of a contingency plan, the department shall provide to the person submitting the plan a statement indicating that the plan has been approved, the facilities or vessels covered by the plan, and other information the department determines should be included.

(8) An owner or operator of a facility shall notify the department in writing immediately of any significant change of which it is aware affecting its contingency plan, including changes in any factor set forth in this section or in rules adopted by the department. The department may require the owner or operator to update a contingency plan as a result of these changes.

(9) The department by rule shall require contingency plans to be reviewed, updated, if necessary, and resubmitted to the department at least once every five years.

(10) Approval of a contingency plan by the department does not constitute an express assurance regarding the adequacy of the plan nor constitute a defense to liability imposed under this chapter or other state law. [2005 c 78 § 1; 2000 c 69 § 20; 1992 c 73 § 33; 1991 c 200 § 202; 1990 c 116 § 3. Formerly RCW 90.48.371.]

Reviser's note: *(1) Powers, duties, and functions of the office of archaeology and historic preservation were transferred to the department of archaeology and historic preservation pursuant to 2005 c 333 § 12.

(2) Chapter 226, Laws of 2004 (Substitute Senate Bill No. 6641) directed that: "If specific funding for the purposes of sections 5 and 6 of this act, referencing sections 5 and 6 of this act by bill or chapter or section number, is not provided by June 30, 2004, in the omnibus transportation appropriations act, sections 5 and 6 of this act are null and void." Substitute Senate Bill No. 6641 was referenced by bill number in chapter 276, Laws of 2004, the omnibus operating appropriations act, in section 301(9), however neither the bill nor the chapter number were mentioned in chapter 226, Laws of 2004, the omnibus transportation appropriations act. Therefore, the chapter 226, Laws of 2004 amendments to RCW 90.56.200 and 90.56.210, did not take effect.

Additional notes found at www.leg.wa.gov

90.56.220 Facility operation standards. (1) The department by rule shall adopt standards for onshore and offshore facilities regarding the equipment and operation of the facilities with respect to the transfer, storage, and handling of oil to ensure that the best achievable protection of the public health and the environment is employed at all times. The department shall implement a program to provide for the inspection of all onshore and offshore facilities on a regular schedule to ensure that each facility is in compliance with the standards.

(2) The department shall adopt rules for certification of supervisory and other key personnel in charge of the transfer, storage, and handling of oil at onshore and offshore facilities. The rules shall include, but are not limited to:

(a) Minimum training requirements for all facility workers involved in the transfer, storage, and handling of oil at a facility;

(b) Provisions for periodic renewal of certificates for supervisory and other key personnel involved in the transfer, storage, and handling of oil at the facility; and

(c) Continuing education requirements.

(3) The rules adopted by the department shall not conflict with or modify standards imposed pursuant to federal or state laws regulating worker safety. [1991 c 200 § 203.]

90.56.230 Operations manuals. (1) Each owner or operator of an onshore or offshore facility shall prepare an operations manual describing equipment and procedures involving the transfer, storage, and handling of oil that the operator employs or will employ for best achievable protection for the public health and the environment and to prevent oil spills in the navigable waters. The operations manual shall also describe equipment and procedures required for all vessels to or from which oil is transferred through use of the facility. The operations manual shall be submitted to the department for approval.

(2) Every existing onshore and offshore facility shall prepare and submit to the department its operations manual within eighteen months after the department has adopted rules governing the content of the manual.

(3) The department shall approve an operations manual for an onshore or offshore facility if the manual complies with the rules adopted by the department. If the department determines a manual does not comply with the rules, it shall provide written reasons for the decision. The owner or operator shall resubmit the manual within ninety days of notification of the reasons for noncompliance, responding to the reasons and incorporating any suggested modifications.

(4) The approval of an operations manual shall be valid for five years. The owner or operator of the facility shall notify the department in writing immediately of any significant change in its operations affecting its operations manual. The department may require the owner or operator to modify its operations manual as a result of these changes.

(5) All equipment and operations of an operator's onshore or offshore facility shall be maintained and carried out in accordance with the facility's operations manual. The owner or operator of the facility shall ensure that all covered vessels docked at an onshore or offshore facility comply with the terms of the operations manual for the facility. [1991 c 200 § 204.]

90.56.240 Standards for cleanup and containment services contractors. The department shall by rule establish standards for persons who contract to provide cleanup and containment services under contingency plans approved under RCW 90.56.210. [1990 c 116 § 4. Formerly RCW 90.48.372.]

90.56.250 Index of prevention plans and contingency plans—Equipment inventory. The department shall annually publish an index of available, up-to-date descriptions of prevention plans and contingency plans for oil spills submit-
90.56.260 Adequacy of contingency plans—Practice drills—Report. The department shall by rule adopt procedures to determine the adequacy of contingency plans approved under RCW 90.56.210. The rules shall require random practice drills without prior notice that will test the adequacy of the responding entities. The rules may provide for unannounced practice drills of individual contingency plans. The department shall review and publish a report on the drills, including an assessment of response time and available equipment and personnel compared to those listed in the contingency plans relying on the responding entities, and requirements, if any, for changes in the plans or their implementation. The department may require additional drills and changes in arrangements for implementing approved plans which are necessary to ensure their effective implementation. [1990 c 116 § 6. Formerly RCW 90.48.374.]  

90.56.270 Enforcement of contingency plans. (1) The provisions of contingency plans approved by the department under RCW 90.56.210 and prevention plans approved by the department pursuant to RCW 90.56.220 shall be legally binding on those persons submitting them to the department and on their successors, assigns, agents, and employees. The superior court shall have jurisdiction to restrain a violation of, compel specific performance of, or otherwise to enforce such plans upon application by the department. The department may issue an order pursuant to chapter 34.05 RCW requiring compliance with a contingency plan or a prevention plan and may impose administrative penalties under RCW 43.21B.300 for failure to comply with a plan. An order under this section is not subject to review by the pollution control hearings board as provided in RCW 43.21B.110.  

(2)(a) Any person responsible or potentially responsible for a discharge, all of the agents and employees of that person, the operators of all vessels docked at an onshore or offshore facility that is a source of a discharge, and all state and local agencies shall carry out response and cleanup operations in accordance with applicable contingency plans, unless directed otherwise by the director or the coast guard. Except as provided in (b) of this subsection, the responsible party, potentially responsible parties, their agents and employees, the operators of all vessels docked at an onshore or offshore facility that is the source of the discharge, and all state and local agencies shall carry out whatever direction is given by the director in connection with the response, containment, and cleanup of the spill, if the directions are not in direct conflict with the directions of the coast guard.  

(b) If a responsible party or potentially responsible party reasonably, and in good faith, believes that the directions or orders given by the director pursuant to (a) of this subsection will substantially endanger the public safety or the environment, the party may refuse to act in compliance with the orders or directions of the director. The responsible party or potentially responsible party shall give the director written notice of the reasons for the refusal within forty-eight hours of refusing to follow the orders or directions of the director. In any civil or criminal proceeding commenced pursuant to this section, the burden of proof shall be on the responsible party or potentially responsible party to demonstrate, by clear and convincing evidence, why the refusal to follow the orders or directions of the director was justified under the circumstances. [1991 c 200 § 206; 1990 c 116 § 7. Formerly RCW 90.48.375.]

90.56.280 Duty to notify coast guard and division of emergency management of discharge. It shall be the duty of any person discharging oil or hazardous substances or otherwise causing, permitting, or allowing the same to enter the waters of the state, unless the discharge or entry was expressly authorized by the department prior thereto or authorized by operation of law under RCW 90.48.200, to immediately notify the coast guard and the division of emergency management. The notice to the division of emergency management within the *department of community, trade, and economic development shall be made to the division's twenty-four hour statewide toll-free number established for reporting emergencies. [1995 c 399 § 218; 1990 c 116 § 24; 1987 c 109 § 152; 1969 ex.s. c 133 § 9. Formerly RCW 90.48.360.]

*Reviser's note: The powers, duties, and functions of the department of community, trade, and economic development relating to emergency management were transferred to the state military department pursuant to 1995 c 391 § 10. The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

90.56.300 Unlawful operation of facility—Criminal penalties. (1) Except as provided in subsection (3) of this section, it shall be unlawful for the owner or operator to knowingly and intentionally operate in this state or on the waters of this state an onshore or offshore facility without an approved contingency plan or an approved prevention plan as required by this chapter, or financial responsibility in compliance with chapter 88.40 RCW and the federal oil pollution act of 1990.  

(2)(a) The first conviction under this section is a gross misdemeanor under chapter 9A.20 RCW.  

(b) A second or subsequent conviction is a class C felony under chapter 9A.20 RCW.  

(3) It shall not be unlawful for the owner or operator to operate an onshore or offshore facility if:  

(a) The facility is not required to have a contingency plan, spill prevention plan, or financial responsibility; or  

(b) All required plans have been submitted to the department as required by RCW 90.56.210 and rules adopted by the

[Title 90 RCW—page 120]
department and the department is reviewing the plan and has not denied approval.

(4) A person may rely on a copy of the statement issued by the department pursuant to RCW 90.56.210(7) as evidence that a facility has an approved contingency plan and the statement issued pursuant to RCW 90.56.200(4) that a facility has an approved prevention plan. [2003 c 53 § 420; 1992 c 73 § 34; 1991 c 200 § 301; 1990 c 116 § 8. Formerly RCW 90.48.376.]

Additional notes found at www.leg.wa.gov

90.56.310 Operation of a facility or vessel without contingency or prevention plan or financial responsibility—Civil penalty. (1) Except as provided in subsection (3) of this section, it shall be unlawful:

(a) For the owner or operator to operate an onshore or offshore facility without an approved contingency plan as required under RCW 90.56.210, a spill prevention plan required by RCW 90.56.200, or financial responsibility in compliance with chapter 88.40 RCW and the federal oil pollution act of 1990; or

(b) For the owner or operator of an onshore or offshore facility to transfer cargo or passengers to or from a covered vessel that does not have an approved contingency plan or an approved prevention plan required under chapter 88.46 RCW or financial responsibility in compliance with chapter 88.40 RCW and the federal oil pollution act of 1990.

(2) The department may assess a civil penalty under RCW 43.21B.300 of up to one hundred thousand dollars against any person who in violation of this section. Each day that a facility or person is in violation of this section shall be considered a separate violation.

(3) It shall not be unlawful for a facility or other person to operate or accept cargo or passengers from a covered vessel if:

(a) A contingency plan, a prevention plan, or financial responsibility is not required for the facility; or

(b) A contingency and prevention plan has been submitted to the department as required by this chapter and rules adopted by the department and the department is reviewing the plan and has not denied approval.

(4) Any person may rely on a copy of the statement issued by the department pursuant to RCW 90.56.210(7) as evidence that the facility has an approved contingency plan and the statement issued pursuant to RCW 90.56.200(4) as evidence that the facility has an approved spill prevention plan. Any person may rely on a copy of the statement issued by the *office of marine safety, or its successor agency, the department, pursuant to RCW 88.46.060 as evidence that the vessel has an approved contingency plan and the statement issued pursuant to RCW 88.46.040 as evidence that the vessel has an approved prevention plan. [2000 c 69 § 34; 1992 c 73 § 35; 1991 c 200 § 302; 1990 c 116 § 9. Formerly RCW 90.48.377.]

*Reviser’s note: The office of marine safety was abolished and its powers, duties, and functions transferred to the department of ecology by 1991 c 200 § 430, effective July 1, 1997.

Additional notes found at www.leg.wa.gov

90.56.320 Unlawful for oil to enter waters—Exceptions. It shall be unlawful, except under the circumstances hereafter described in this section, for oil to enter the waters of the state from any ship or any fixed or mobile facility or installation located offshore or onshore whether publicly or privately operated, regardless of the cause of the entry or fault of the person having control over the oil, or regardless of whether it be the result of intentional or negligent conduct, accident or other cause. This section shall not apply to discharges of oil in the following circumstances:

(1) The person discharging was expressly authorized to do so by the department prior to the entry of the oil into state waters; or

(2) The person discharging was authorized to do so by operation of law as provided in RCW 90.48.200. [1990 c 116 § 17; 1987 c 109 § 146; 1970 ex.s. c 88 § 2; 1969 ex.s. c 133 § 1. Formerly RCW 90.48.320.]

90.56.330 Additional penalties. Except as otherwise provided in RCW 90.56.390, any person who negligently discharges oil, or causes or permits the entry of the same, shall incur, in addition to any other penalty as provided by law, a penalty in an amount of up to one hundred thousand dollars for every such violation, and for each day the spill poses risks to the environment as determined by the director. Any person who intentionally or recklessly discharges or causes or permits the entry of oil into the waters of the state shall incur, in addition to any other penalty authorized by law, a penalty of up to five hundred thousand dollars for every such violation and for each day the spill poses risks to the environment as determined by the director. The amount of the penalty shall be determined by the director after taking into consideration the size of the business of the violator, the gravity of the violation, the previous record of the violator in complying, or failing to comply, with the provisions of chapter 90.48 RCW, the speed and thoroughness of the collection and removal of the oil, and such other considerations as the director deems appropriate. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty herein provided for. The penalty provided for in this section shall be imposed pursuant to RCW 43.21B.300. [2007 c 347 § 3; 1992 c 73 § 36; 1990 c 116 § 20; 1989 c 388 § 9; 1987 c 109 § 20; 1985 c 316 § 7; 1970 ex.s. c 88 § 9; 1969 ex.s. c 133 § 7. Formerly RCW 90.48.350.]

Purpose—Application—Captions—Severability—1989 c 388: See notes following RCW 90.56.010.

Additional notes found at www.leg.wa.gov
90.56.335 Vessel response account—Dedicated rescue tug. (Expires July 1, 2020.) The vessel response account is created in the state treasury. Grants, gifts, and federal funds may be deposited into the account. Oil spill penalties assessed against ships under RCW 90.56.330 and 90.48.144 shall also be deposited into the account as well as the money distributed under *RCW 46.68.020(2). Moneys in the account may be spent only after appropriation. The department of ecology is authorized to utilize the vessel response account to preposition a dedicated rescue tug at the entrance to the Strait of Juan de Fuca to reduce the risk of major maritime accidents and oil spills on the outer coast and western strait. Prior to authorizing the rescue tug to respond to a distressed vessel, the department shall work with the United States coast guard and industry to determine if another capable, unencumbered commercial tug is available in the area that can respond. If such a tug can respond without increasing the risk of a casualty, it should be deployed as the tug of choice and the state-contracted rescue tug should not be taken off standby duty. The department is also authorized to spot charter tugs as needed during major storms and other high risk periods to protect maritime commerce and the environment anywhere in state waters.

The department shall not proceed with rule making related to emergency towing pursuant to chapter 88.46 RCW, so long as the deposit of the fee into the vessel response account under *RCW 46.68.020(2) is continued and is appropriated for the purpose of the dedicated rescue tug. [2003 c 264 § 3.]

*Reviser’s note: The deposit of moneys into the vessel response account as referenced here in RCW 46.68.020(2) appears to have expired on July 1, 2008. RCW 46.68.020 was subsequently amended by 2011 c 122:21; 2000 c 69 § 21; 1990 c 116 § 3; 1987 c 109 § 147; 1970 ex.s. c 88 § 4; 1969 ex.s. c 133 § 3. Formerly RCW 90.48.330.]

Purpose Short title Construction Rules Severability Captions—1987 c 109: See notes following RCW 43.21B.001.

90.56.360 Liability for expenses. Any person who unlawfully discharges oil or hazardous substances into the waters of the state or who poses a substantial threat of discharging oil or hazardous substances into the waters of the state shall be responsible for the necessary expenses incurred by the state in carrying out a project or activity authorized under RCW 90.56.350. [1990 c 116 § 22; 1970 ex.s. c 88 § 5; 1969 ex.s. c 133 § 4. Formerly RCW 90.48.335.]

90.56.370 Strict liability of owner or controller of oil—Damages—Exceptions. (1) Any person owning oil or having control over oil that enters the waters of the state in violation of RCW 90.56.320 shall be strictly liable, without regard to fault, for the damages to persons or property, public or private, caused by such entry. (2) Damages for which responsible parties are liable under this section include loss of income, net revenue, the means of producing income or revenue, or an economic benefit resulting from an injury to or loss of real or personal property or natural resources. (3) Damages for which responsible parties are liable under this section include damages provided in subsections (1) and (2) of this section resulting from the use and deployment of chemical dispersants or from in situ burning in response to a violation of RCW 90.56.320. (4) In any action to recover damages resulting from the discharge of oil in violation of RCW 90.56.320, the owner or person having control over the oil shall be relieved from strict liability, without regard to fault, if that person can prove that the discharge was caused solely by: (a) An act of war or sabotage; (b) An act of God; (c) Negligence on the part of the United States government; or (d) Negligence on the part of the state of Washington. (5) The liability established in this section shall in no way affect the rights which: (a) The owner or other person having control over the oil may have against any person whose acts may in any way have caused or contributed to the discharge of oil, or (b) the state of Washington may have against any person whose actions may have caused or contributed to the discharge of oil. [2011 c 122 § 10; 2000 c 69 § 21; 1990 c 116 § 18; 1970 ex.s. c 88 § 6. Formerly RCW 90.48.336.]

Request for federal contribution to establish regional oil spill response equipment caches—2011 c 122: See note following RCW 88.46.180.

Additional notes found at www.leg.wa.gov

[Title 90 RCW—page 122]
90.56.380 Liability of others for cleanup expenses. In addition to any cause of action the state may have to recover necessary expenses for the cleanup of oil pursuant to RCW 90.56.340 and 90.56.330, and except as otherwise provided in RCW 90.56.390, any other person causing the entry of oil shall be directly liable to the state for the necessary expenses of oil cleanup arising from such entry and the state shall have a cause of action to recover from any or all of said persons. Except as otherwise provided in RCW 90.56.390, any person liable for cost of oil cleanup as provided in RCW 90.56.340 and 90.56.330 shall have a cause of action to recover for costs of cleanup from any other person causing the entry of oil into the waters of the state including any amount recoverable by the state as necessary expenses under RCW 90.56.330. [1992 c 73 § 37; 1990 c 116 § 19; 1970 ex.s. c 88 § 7. Formerly RCW 90.48.338.]

Additional notes found at www.leg.wa.gov

90.56.390 Liability for removal costs. (1)(a) A person is not liable for removal costs or damages that result from actions taken or omitted to be taken in the course of rendering care, assistance, or advice consistent with the national contingency plan or as otherwise directed by the federal on-scene coordinator or by the official in the department with responsibility for oil spill response. This subsection (1)(a) does not apply:

(i) To a responsible party;
(ii) With respect to personal injury or wrongful death; or
(iii) If the person is grossly negligent or engages in willful misconduct.

(b) A responsible party is liable for any removal costs and damages that another person is relieved of under (a) of this subsection.

(c) Nothing in this section affects the liability of a responsible party for oil spill response under state law.

(2) For the purposes of this section:

(a) "Damages" means damages of any kind for which liability may exist under the laws of this state resulting from, arising out of, or related to the discharge or threatened discharge of oil.

(b) "Federal on-scene coordinator" means the federal official presiding over the United States environmental protection agency or the United States coast guard to coordinate and direct federal responses under subpart D, or the official designated by the lead agency to coordinate and direct removal under subpart E, of the national contingency plan.

(c) "National contingency plan" means the national contingency plan prepared and published under section 311(d) of the federal water pollution control act (33 U.S.C. Sec. 1321(d)), as amended by the oil pollution act of 1990 (P.L. 101-380, 104 Stat. 484 (1990)).

(d) "Removal costs" means the costs of removal that are incurred after a discharge of oil has occurred or, in any case in which there is a substantial threat of a discharge of oil, the costs to prevent, minimize, or mitigate oil pollution from such an incident.

(e) "Responsible party" means a person liable under RCW 90.56.370. [1992 c 73 § 38; 1991 c 200 § 304.]

(2014 Ed.)

Oil and Hazardous Substance Spill Prevention and Response 90.56.410

90.56.400 Department investigation of circumstances of entry of oil—Order for reimbursement of expenses—Modification—Action to recover necessary expenses. The department shall investigate each activity or project conducted under RCW 90.56.350 to determine, if possible, the circumstances surrounding the entry of oil into waters of the state and the person or persons allowing said entry or responsible for the act or acts which result in said entry. Whenever it appears to the department, after investigation, that a specific person or persons are responsible for the necessary expenses incurred by the state pertaining to a project or activity as specified in RCW 90.56.360, the department shall notify said person or persons by appropriate order. The department may not issue an order pertaining to a project or activity which was completed more than five years prior to the date of the proposed issuance of the order. The order shall state the findings of the department, the amount of necessary expenses incurred in conducting the project or activity, and a notice that said amount is due and payable immediately upon receipt of said order. The department may, upon application from the recipient of an order received within thirty days from the receipt of the order, reduce or set aside in its entirety the amount due and payable, when it appears from the application, and from any further investigation the department desires to undertake, that a reduction or setting aside is just and fair under all the circumstances. If the amount specified in the order issued by the department notifying said person or persons is not paid within thirty days after receipt of notice imposing the same, or if an application has been made within thirty days as herein provided and the amount provided in the order issued by the department subsequent to such application is not paid within fifteen days after receipt thereof, the attorney general, upon request of the department, shall bring an action on behalf of the state in the superior court of Thurston county or any county in which the person to which the order is directed does business, or in any other court of competent jurisdiction, to recover the amount specified in the final order of the department. No order issued under this section shall be construed as an order within the meaning of RCW 43.21B.310 and shall not be appealable to the hearings board. In any action to recover necessary expenses as herein provided said person shall be relieved from liability for necessary expenses if the person can prove that the oil to which the necessary expenses relate entered the waters of the state by causes set forth in *RCW 90.56.370(2). [1992 c 73 § 39; 1991 c 200 § 305; 1987 c 109 § 148; 1985 c 316 § 4; 1970 ex.s. c 88 § 10; 1969 ex.s. c 133 § 5. Formerly RCW 90.48.340.]

*Reviser's note: RCW 90.56.370 was amended by 2011 c 122 § 10, changing subsection (2) to subsection (4).

Additional notes found at www.leg.wa.gov

90.56.410 Right of entry and access to records pertinent to investigations. (1) The department, through its duly authorized representatives, shall have the power to enter upon any private or public property, including the boarding of any ship, at any reasonable time, and the owner, managing agent, master, or occupant of such property shall permit such entry for the purpose of investigating conditions relating to violations or possible violations of this chapter, and to have access to the records pertinent to the investigation.
to any pertinent records relating to such property, including but not limited to operation and maintenance records and logs. The authority granted in this section shall not be construed to require any person to divulge trade secrets or secret processes. The director may issue subpoenas for the production of any books, records, documents, or witnesses in any hearing conducted pursuant to this chapter.

(2) The department may utilize the authority granted to it in RCW 79.100.140 for the purposes of mitigating a potential threat to health, safety, or the environment from a vessel. [2013 c 291 § 36; 1990 c 116 § 23; 1987 c 109 § 151; 1969 ex.s. c 133 § 8. Formerly RCW 90.48.355.]

90.56.420 Authorized discharges of oil—Permits. Any person who proposes to discharge oil or cause or permit the entry of same into waters of the state shall prior to such discharge obtain permission from the director. The director is authorized to permit the discharge of oil into waters of the state consistent with the pertinent effluent and receiving water standards and treatment requirements established by the department. Permission for industrial or commercial discharges shall be given through the terms of a waste discharge permit issued pursuant to RCW 90.48.180. Permission shall be given in all other cases on a form prescribed by the director. [1987 c 109 § 149; 1970 ex.s. c 88 § 8. Formerly RCW 90.48.343.]

90.56.500 Oil spill response account. (1) The state oil spill response account is created in the state treasury. All receipts from RCW 82.23B.020(1) shall be deposited in the account. All costs reimbursed to the state by a responsible party or any other person for responding to a spill of oil shall also be deposited in the account. Moneys in the account shall be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than nine million dollars and the balance of the oil spill prevention account exceeds the unexpended appropriation for the current biennium, then the tax under RCW 82.23B.020(2) shall be suspended on the first day of the next calendar month until the beginning of the following biennium, provided that the tax shall not be suspended during the last six months of the biennium. If the tax imposed under RCW 82.23B.020(2) is suspended during two consecutive biennia, the department shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1999, and the biennium ending June 30, 2001, the state treasurer may transfer a total of up to one million dollars from the oil spill response account to the oil spill prevention account to support appropriations made from the oil spill prevention account in the omnibus appropriations act adopted not later than June 30, 1999.

(2) Expenditures from the oil spill prevention account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill prevention account. Costs of prevention include the costs of:

(a) Natural resource damage assessment and related activities;
(b) Spill related response, containment, wildlife rescue, cleanup, disposal, and associated costs;
(c) Interagency coordination and public information related to a response; and
(d) Appropriate travel, goods and services, contracts, and equipment. [2009 c 11 § 9; 1991 c 200 § 805.]

Findings—Intent—2009 c 11: See note following RCW 88.46.130.

90.56.510 Oil spill prevention account. (1) The oil spill prevention account is created in the state treasury. All receipts from RCW 82.23B.020(2) shall be deposited in the account. Moneys from the account may be spent only after appropriation. The account is subject to allotment procedures under chapter 43.88 RCW. If, on the first day of any calendar month, the balance of the oil spill response account is greater than fifty thousand dollars, the account shall by November 1st after the end of the second biennium, recommend to the appropriate standing committees an adjustment in the tax rate. For the biennium ending June 30, 1999, and the biennium ending June 30, 2001, the state treasurer may transfer a total of up to one million dollars from the oil spill prevention account to the oil spill response account to support appropriations made from the oil spill prevention account in the omnibus appropriations act adopted not later than June 30, 1999.

(2) Expenditures from the oil spill prevention account shall be used exclusively for the administrative costs related to the purposes of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. Starting with the 1995-1997 biennium, the legislature shall give activities of state agencies related to prevention of oil spills priority in funding from the oil spill prevention account. Costs of prevention include the costs of:

(a) Routine responses not covered under RCW 90.56.500;
(b) Management and staff development activities;
(c) Development of rules and policies and the statewide plan provided for in RCW 90.56.060;
(d) Facility and vessel plan review and approval, drills, inspections, investigations, enforcement, and litigation;
(e) Interagency coordination and public outreach and education;
(f) Collection and administration of the tax provided for in chapter 82.23B RCW; and
(g) Appropriate travel, goods and services, contracts, and equipment. [2000 c 69 § 22; 1999 sp.s. c 7 § 2; 1997 c 449 § 3; 1995 2nd sp.s. c 14 § 525; 1994 sp.s. c 6 § 903; 1993 c 162 § 2; 1992 c 73 § 41; 1991 c 200 § 806.]

Additional notes found at www.leg.wa.gov

90.56.530 Reckless operation of a tank vessel—Penalty. (1) A person commits the crime of reckless operation of a tank vessel if, while (a) navigating a tank vessel, (b) pilot-
ing a tank vessel, or (c) on the vessel control bridge and in
control of the motion, direction, or speed of a tank vessel, the
person, with recklessness as defined in RCW 9A.08.010,
causes a release of oil.

(2) Reckless operation of a tank vessel is a class C felony
under chapter 9A.20 RCW. [1991 c 200 § 604. Formerly
RCW 88.16.210.]

Additional notes found at www.leg.wa.gov

90.56.540 Operation of a vessel while under influence
of liquor or drugs—Penalty. (1) A person is guilty of oper-
ating a vessel while under the influence of intoxicating liquor
or drugs if the person operates a covered vessel within this
state while:

(a) The person has 0.06 grams or more of alcohol per two
hundred ten liters of breath, as shown by analysis of the per-
son's breath made under RCW 90.56.550; or

(b) The person has 0.06 percent or more by weight of
alcohol in the person's blood as shown by analysis of the per-
son's blood made under RCW 90.56.550; or

(c) The person is under the influence of or affected by
intoxicating liquor or drugs; or

(d) The person is under the combined influence of or
affected by intoxicating liquor or drugs.

(2) The fact that any person charged with a violation of
this section is or has been entitled to use such drug under the
laws of this state shall not constitute a defense against any
charge of violating this section.

(3) Operating a vessel while intoxicated is a class C fel-
ony under chapter 9A.20 RCW. [2000 c 69 § 23; 1991 c 200
§ 605. Formerly RCW 88.16.220.]

Additional notes found at www.leg.wa.gov

90.56.550 Breath or blood analysis. (1) Upon the trial
of any civil or criminal action or proceeding arising out of
acts alleged to have been committed by a person while oper-
ating a vessel while under the influence of intoxicating liquor
or drugs, if the amount of alcohol in the person's blood or
breath at the time alleged as shown by analysis of his blood or
breath is less than 0.06 percent by weight of alcohol in his
blood or 0.06 grams of alcohol per two hundred ten liters of
the person's breath, it is evidence that may be considered with
blood or 0.06 grams of alcohol per two hundred ten liters of
breath is less than 0.06 percent by weight of alcohol in his
or drugs, if the amount of alcohol in the person's blood or
ating a vessel while under the influence of intoxicating liquor
acts alleged to have been committed by a person while oper-

90.56.570 Limited immunity for blood withdrawal.
No physician, registered nurse, qualified technician, or hospi-
tal, or duly licensed clinical laboratory employing or using
services of the physician, registered nurse, qualified techni-
cian, may incur any civil or criminal liability as a result of
the act of withdrawing blood from any person when directed
by a law enforcement officer to do so for the purpose of alood
test under RCW 90.56.550. This section shall not relieve
any physician, registered nurse, qualified technician,
or hospital or duly licensed clinical laboratory from civil lia-

90.56.900 Construction—Appeal not to stay order,
rule, or regulation. This chapter, being necessary for the
general welfare, the public health, and the public safety of the
state and its inhabitants, shall be liberally construed to effect
their purposes. No rule, regulation, or order of the department
shall be stayed pending appeal under this chapter. [1991 c
200 § 1107; 1971 ex.s. c 180 § 10. Formerly RCW
90.48.907.]

90.56.901 Effective dates—1991 c 200. (1) Sections
101 through 429, 501 through 706, 805 through 807, 810
through 817, and 901 through 1118 of this act are necessary
for the immediate preservation of the public peace, health, or
safety, or support of the state government and its existing
public institutions, and shall take effect immediately [May
15, 1991].

(2) Sections 801 through 804, 808, and 809 of this act
shall take effect October 1, 1991. [1991 c 200 § 1119.]

90.56.902 Captions not law. Section headings and part
headings as used in this chapter shall constitute no part of the
law. [1991 c 200 § 1113.]

90.56.904 Severability—1991 c 200. If any provision
of this act or its application to any person or circumstance is
held invalid, the remainder of the act or the application of
the
provision to other persons or circumstances is not affected.
[1991 c 200 § 1118.]

90.56.905 Severability—1992 c 73. If any provision of
this act or its application to any person or circumstance is
held invalid, the remainder of the act or the application of the
provision to other persons or circumstances is not affected.
[1992 c 73 § 43.]

Chapter 90.58 RCW
SHORELINE MANAGEMENT ACT OF 1971

Sections

90.58.010 Short title.
90.58.020 Legislative findings—State policy enunciated—Use preference.
90.58.030 Definitions and concepts.
90.58.040 Program applicable to shorelines of the state.
90.58.045 Environmental excellence program agreements—Effect on chapter.
90.58.050 Program as cooperative between local government and state—Responsibilities differentiated.
90.58.060 Review and adoption of guidelines—Public hearings, notice of—Amendments.
90.58.065 Application of guidelines and master programs to agricultural activities.
90.58.070 Local governments to submit letters of intent—Department to act upon failure of local government.
90.58.080 Timetable for local governments to develop or amend master programs—Review of master programs—Grants.
90.58.090 Approval of master program or segments or amendments—Procedure—Departmental alternatives when shorelines of statewide significance—Later adoption of master program supersedes departmental programs.
90.58.100 Programs as constituting use regulations—Duties when preparing programs and amendments thereto—Program content.
90.58.110 Development of program within two or more adjacent local government jurisdictions—Development of program in segments, when.
90.58.120 Adoption of rules, programs, etc., subject to RCW 34.05.310 through 34.05.395—Public hearings, notice of—Public inspection after approval or adoption.
90.58.130 Involvement of all persons and entities having interest, means.
90.58.140 Development permits—Grounds for granting—Administration by local government, conditions—Applications—Notices—Recision—Approval when permit for variance or conditional use.
90.58.143 Time requirements—Substantial development permits, variances, conditional use permits.
90.58.147 Substantial development permit—Exemption for projects to improve fish or wildlife habitat or fish passage.
90.58.150 Selective commercial timber cutting, when.
90.58.160 Prohibition against surface drilling for oil or gas, where.
90.58.170 Shorelines hearings board—Established—Members—Chair—Quorum for decision—Expenses of members.
90.58.175 Rules and regulations.
90.58.180 Review of granting, denying, or rescinding permits by shorelines hearings board—Board to act—Local government appeals to board—Grounds for declaring rule, regulation, or guideline invalid—Appeals to court.
90.58.185 Appeals involving single-family residences, involving penalties of fifteen thousand dollars or less, or other designated cases—Composition of board—Rules to expedite appeals.
90.58.190 Appeal of department's decision to adopt or amend a master program.
90.58.195 Shoreline master plan review—Local governments with coastal waters or coastal shorelines.
90.58.200 Rules and regulations.
90.58.210 Court actions to ensure against conflicting uses and to enforce—Civil penalty—Review.
90.58.220 General penalty.
90.58.230 Violators liable for damages resulting from violation—Attorney's fees and costs.
90.58.240 Additional authority granted department and local governments.
90.58.250 Intent—Department to cooperate with local governments—Grants for development of master programs.
90.58.260 State to represent its interest before federal agencies, interstate agencies and courts.
90.58.270 Nonapplication to certain structures, docks, developments, etc., placed in navigable waters—Nonapplication to certain rights of action, authority—Floating homes and floating on-water residences must be classified as a conforming permitted use.
90.58.280 Application to all state agencies, counties, public and municipal corporations.
90.58.290 Restrictions as affecting fair market value of property.
90.58.300 Department as regulating state agency—Special authority.
90.58.310 Designation of shorelines of statewide significance by legislature—Recommendation by director, procedure.
90.58.320 Height limitation respecting permits.
90.58.340 Use policies for land adjacent to shorelines, development of.
90.58.350 Nonapplication to treaty rights.
90.58.355 Persons not required to obtain certain permits or variances.
90.58.360 Existing requirements for permits, certificates, etc., not obviated.
90.58.370 Processing of permits or authorizations for emergency water withdrawal and facilities to be expedited.
90.58.380 Adoption of wetland manual.
90.58.515 Watershed restoration projects—Exemption.
90.58.550 Oil or natural gas exploration in marine waters—Definitions—Application for permit—Requirements—Review—Enforcement.
90.58.560 Oil or natural gas exploration—Violations of RCW 90.58.550—Penalty—Appeal.
90.58.570 Consultation before responding to federal coastal zone management certificates.
90.58.580 Shoreline restoration projects—Relief from shoreline master program development standards and use regulations.
90.58.590 Local governments authorized to adopt moratoria—Requirements—Public hearing.
90.58.600 Conformance with chapter 43.97 RCW required.
90.58.610 Relationship between shoreline master programs and development regulations under growth management act governed by RCW 36.70A.480.
90.58.620 New or amended master programs—Authorized provisions.
90.58.900 Liberal construction—1971 ex.s. c 286.
90.58.910 Severability—1971 ex.s. c 286.
90.58.911 Severability—1983 c 138.
90.58.920 Effective date—1971 ex.s. c 286.

Marine oil pollution—Baseline study program: RCW 43.21A.405 through 43.21A.420.

90.58.010 Short title. This chapter shall be known and may be cited as the "Shoreline Management Act of 1971". [1971 ex.s. c 286 § 1.]

90.58.020 Legislative findings—State policy enunciated—Use preference. The legislature finds that the shorelines of the state are among the most valuable and fragile of its natural resources and that there is great concern throughout the state relating to their utilization, protection, restoration, and preservation. In addition it finds that ever increasing pressures of additional uses are being placed on the shorelines necessitating increased coordination in the management and development of the shorelines of the state. The legislature further finds that much of the shorelines of the state and the uplands adjacent thereto are in private ownership; that unrestricted construction on the privately owned or publicly owned shorelines of the state is not in the best public interest; and therefore, coordinated planning is necessary in order to protect the public interest associated with the shorelines of the state while, at the same time, recognizing and protecting private property rights consistent with the public interest. There is, therefore, a clear and urgent demand for a planned, rational, and concerted effort, jointly performed by federal, state, and local governments, to prevent the inherent harm in an uncoordinated and piecemeal development of the state's shorelines.
It is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses. This policy is designed to insure the development of these shorelines in a manner which, while allowing for limited reduction of rights of the public in the navigable waters, will promote and enhance the public interest. This policy contemplates protecting against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incidental thereto.

The legislature declares that the interest of all of the people shall be paramount in the management of shorelines of statewide significance. The department, in adopting guidelines for shorelines of statewide significance, and local government, in developing master programs for shorelines of statewide significance, shall give preference to uses in the following order of preference which:

1. Recognize and protect the statewide interest over local interest;
2. Preserve the natural character of the shoreline;
3. Result in long term over short term benefit;
4. Protect the resources and ecology of the shoreline;
5. Increase public access to publicly owned areas of the shorelines;
6. Increase recreational opportunities for the public in the shoreline;
7. Provide for any other element as defined in RCW 90.58.100 deemed appropriate or necessary.

In the implementation of this policy the public's opportunity to enjoy the physical and aesthetic qualities of natural shorelines of the state shall be preserved to the greatest extent feasible consistent with the overall best interest of the state and the people generally. To this end uses shall be preferred which are consistent with control of pollution and prevention of damage to the natural environment, or are unique to or dependent upon use of the state's shoreline. Alterations of the natural condition of the shorelines of the state, in those limited instances when authorized, shall be given priority for single-family residences and their appurtenant structures, ports, shoreline recreational uses including but not limited to parks, marinas, piers, and other improvements facilitating public access to shorelines of the state, industrial and commercial developments which are particularly dependent on their location on or use of the shorelines of the state and other development that will provide an opportunity for substantial numbers of the people to enjoy the shorelines of the state. Alterations of the natural condition of the shorelines and shorelands of the state shall be recognized by the department. Shorelines and shorelands of the state shall be appropriately classified and the classifications shall be revised when circumstances warrant regardless of whether the change in circumstances occurs through man-made causes or natural causes. Any areas resulting from alterations of the natural condition of the shorelines and shorelands of the state no longer meeting the definition of "shorelines of the state" shall not be subject to the provisions of chapter 90.58 RCW.

Permitted uses in the shorelines of the state shall be designed and conducted in a manner to minimize, insofar as practical, any resultant damage to the ecology and environment of the shoreline area and any interference with the public's use of the water. [1995 c 347 § 301; 1992 c 105 § 1; 1982 1st ex.s. c 13 § 1; 1971 ex.s. c 286 § 2.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

90.58.030 Definitions and concepts. As used in this chapter, unless the context otherwise requires, the following definitions and concepts apply:

(1) Administration:
   (a) "Department" means the department of ecology;
   (b) "Director" means the director of the department of ecology;
   (c) "Hearings board" means the shorelines hearings board established by this chapter;
   (d) "Local government" means any county, incorporated city, or town which contains within its boundaries any lands or waters subject to this chapter;
   (e) "Person" means an individual, partnership, corporation, association, organization, cooperative, public or municipal corporation, or agency of the state or local governmental unit however designated.

(2) Geographical:
   (a) "Extreme low tide" means the lowest line on the land reached by a receding tide;
   (b) "Floodway" means the area, as identified in a master program, that either: (i) Has been established in federal emergency management agency flood insurance rate maps or floodway maps; or (ii) consists of those portions of a river valley lying streamward from the outer limits of a watercourse upon which flood waters are carried during periods of flooding that occur with reasonable regularity, although not necessarily annually, said floodway being identified, under normal condition, by changes in surface soil conditions or changes in types or quality of vegetative ground cover condition, topography, or other indicators of flooding that occurs with reasonable regularity, although not necessarily annually. Regardless of the method used to identify the floodway, the floodway shall not include those lands that can reasonably be expected to be protected from flood waters by flood control devices maintained by or maintained under license from the federal government, the state, or a political subdivision of the state;
   (c) "Ordinary high water mark" on all lakes, streams, and tidal water is that mark that will be found by examining the bed and banks and ascertaining where the presence and action of waters are so common and usual, and so long continued in all ordinary years, as to mark upon the soil a character distinct from that of the abutting upland, in respect to vegetation as that condition exists on June 1, 1971, as it may naturally change thereafter, or as it may change thereafter in accordance with permits issued by a local government or the department: PROVIDED, That in any area where the ordinary high water mark cannot be found, the ordinary high water mark adjoining salt water shall be the line of mean higher high tide and the ordinary high water mark adjoining fresh water shall be the line of mean high water;
   (d) "Shorelands" or "shoreland areas" means those lands extending landward for two hundred feet in all directions as measured on a horizontal plane from the ordinary high water mark; floodways and contiguous floodplain areas landward two hundred feet from such floodways; and all wetlands and
river deltas associated with the streams, lakes, and tidal waters which are subject to the provisions of this chapter; the same to be designated as to location by the department of ecology.

(i) Any county or city may determine that portion of a one-hundred-year-flood plain to be included in its master program as long as such portion includes, as a minimum, the floodway and the adjacent land extending landward two hundred feet therefrom.

(ii) Any city or county may also include in its master program land necessary for buffers for critical areas, as defined in chapter 36.70A RCW, that occur within shorelines of the state, provided that forest practices regulated under chapter 76.09 RCW, except conversions to nonforest land use, on lands subject to the provisions of this subsection (2)(d)(ii) are not subject to additional regulations under this chapter;

(e) "Shorelines" means all of the water areas of the state, including reservoirs, and their associated shorelands, together with the lands underlying them; except (i) shorelines of statewide significance; (ii) shorelines on segments of streams upstream of a point where the mean annual flow is twenty cubic feet per second or less and the wetlands associated with such upstream segments; and (iii) shorelines on lakes less than twenty acres in size and wetlands associated with such small lakes;

(f) "Shorelines of statewide significance" means the following shorelines of the state:

(i) The area between the ordinary high water mark and the western boundary of the state from Cape Disappointment on the south to Cape Flattery on the north, including harbors, bays, estuaries, and inlets;

(ii) Those areas of Puget Sound and adjacent salt waters and the Strait of Juan de Fuca between the ordinary high water mark and the line of extreme low tide as follows:

(A) Nisqually Delta—from DeWolf Bight to Tatsolo Point,

(B) Birch Bay—from Point Whitehorn to Birch Point,

(C) Hood Canal—from Tala Point to Foulweather Bluff,

(D) Skagit Bay and adjacent area—from Brown Point to Yokoke Point,

(E) Padilla Bay—from March Point to William Point;

(iii) Those areas of Puget Sound and the Strait of Juan de Fuca and adjacent salt waters north to the Canadian line and lying seaward from the line of extreme low tide;

(iv) Those lakes, whether natural, artificial, or a combination thereof, with a surface acreage of one thousand acres or more measured at the ordinary high water mark;

(v) Those natural rivers or segments thereof as follows:

(A) Any west of the crest of the Cascade range downstream of a point where the mean annual flow is measured at one thousand cubic feet per second or more,

(B) Any east of the crest of the Cascade range downstream of a point where the annual flow is measured at two hundred cubic feet per second or more, or those portions of rivers east of the crest of the Cascade range downstream from the first three hundred square miles of drainage area, whichever is longer;

(vi) Those shorelands associated with (f)(i), (ii), (iv), and (v) of this subsection (2);

(g) "Shorelines of the state" are the total of all "shorelines" and "shorelines of statewide significance" within the state;

(h) "Wetlands" means areas that are inundated or saturated by water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas to mitigate the conversion of wetlands.

(3) Procedural terms:

(a) "Development" means a use consisting of the construction or exterior alteration of structures; dredging; drilling; dumping; filling; removal of any sand, gravel, or minerals; bulkheading; driving of piling; placing of obstructions; or any project of a permanent or temporary nature which interferes with the normal public use of the surface of the waters overlying lands subject to this chapter at any state of water level;

(b) "Guidelines" means those standards adopted to implement the policy of this chapter for regulation of use of the shorelines of the state prior to adoption of master programs. Such standards shall also provide criteria to local governments and the department in developing master programs;

(c) "Master program" shall mean the comprehensive use plan for a described area, and the use regulations together with maps, diagrams, charts, or other descriptive material and text, a statement of desired goals, and standards developed in accordance with the policies enunciated in RCW 90.58.020. "Comprehensive master program update" means a master program that fully achieves the procedural and substantive requirements of the department guidelines effective January 17, 2004, as now or hereafter amended;

(d) "State master program" is the cumulative total of all master programs approved or adopted by the department of ecology;

(e) "Substantial development" shall mean any development of which the total cost or fair market value exceeds five thousand dollars, or any development which materially interferes with the normal public use of the surface of the waters overlying lands of the state. The dollar threshold established in this subsection (3)(e) must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2007, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The office of financial management must calculate the new dollar threshold and transmit it to the office of the code reviser for publication in the Washington State Register at least one month before the
new dollar threshold is to take effect. The following shall not be considered substantial developments for the purpose of this chapter:

1. Normal maintenance or repair of existing structures or developments, including damage by accident, fire, or elements;
2. Construction of the normal protective bulkhead common to single family residences;
3. Emergency construction necessary to protect property from damage by the elements;
4. Construction and practices normal or necessary for farming, irrigation, and ranching activities, including agricultural service roads and utilities on shorelands, and the construction and maintenance of irrigation structures including but not limited to head gates, pumping facilities, and irrigation channels. A feedlot of any size, all processing plants, other activities of a commercial nature, alteration of the contour of the shorelands by leveling or filling other than that which results from normal cultivation, shall not be considered normal or necessary farming or ranching activities. A feedlot shall be an enclosure or facility used or capable of being used for feeding livestock hay, grain, silage, or other livestock feed, but shall not include land for growing crops or vegetation for livestock feeding and/or grazing, nor shall it include normal livestock wintering operations;
5. Construction or modification of navigational aids such as channel markers and anchor buoys;
6. Construction on shorelands by an owner, lessee, or contract purchaser of a single family residence for his own use or for the use of his or her family, which residence does not exceed a height of thirty-five feet above average grade level and which meets all requirements of the state agency or local government having jurisdiction thereof, other than requirements imposed pursuant to this chapter;
7. Construction of a dock, including a community dock, designed for pleasure craft only, for the private non-commercial use of the owner, lessee, or contract purchaser of single and multiple family residences. This exception applies if either: (A) In salt waters, the fair market value of the dock does not exceed two thousand five hundred dollars; or (B) in fresh waters, the fair market value of the dock does not exceed: (I) Twenty thousand dollars for docks that are constructed to replace existing docks, are of equal or lesser square footage than the existing dock being replaced, and are located in a county, city, or town that has updated its master program consistent with the master program guidelines in chapter 173-26 WAC as adopted in 2003; or (II) ten thousand dollars for all other docks constructed in fresh waters. However, if subsequent construction occurs within five years of completion of the prior construction, and the combined fair market value of the subsequent and prior construction exceeds the amount specified in either (e)(vii)(A) or (B) of this subsection (3), the subsequent construction shall be considered a substantial development for the purpose of this chapter.

All dollar thresholds under (e)(vii)(B) of this subsection (3) must be adjusted for inflation by the office of financial management every five years, beginning July 1, 2018, based upon changes in the consumer price index during that time period. "Consumer price index" means, for any calendar year, that year's annual average consumer price index, Seattle, Washington area, for urban wage earners and clerical workers, all items, compiled by the bureau of labor and statistics, United States department of labor. The office of financial management must calculate the new dollar thresholds, rounded to the nearest hundred dollar, and transmit them to the department of the code reviser for publication in the Washington State Register at least one month before the new dollar thresholds are to take effect;
8. Operation, maintenance, or construction of canals, waterways, drains, reservoirs, or other facilities that now exist or are hereafter created or developed as a part of an irrigation system for the primary purpose of making use of system waters, including return flow and artificially stored groundwater for the irrigation of lands;
9. The marking of property lines or corners on state owned lands, when such marking does not significantly interfere with normal public use of the surface of the water;
10. Operation and maintenance of any system of dikes, ditches, drains, or other facilities existing on September 8, 1975, which were created, developed, or utilized primarily as a part of an agricultural drainage or diking system;
11. Site exploration and investigation activities that are prerequisite to preparation of an application for development authorization under this chapter, if:
   (A) The activity does not interfere with the normal public use of the surface waters;
   (B) The activity will have no significant adverse impact on the environment including, but not limited to, fish, wildlife, fish or wildlife habitat, water quality, and aesthetic values;
   (C) The activity does not involve the installation of a structure, and upon completion of the activity the vegetation and land configuration of the site are restored to conditions existing before the activity;
   (D) A private entity seeking development authorization under this section first posts a performance bond or provides other evidence of financial responsibility to the local jurisdiction to ensure that the site is restored to preexisting conditions; and
   (E) The activity is not subject to the permit requirements of RCW 90.58.550;
12. The process of removing or controlling an aquatic noxious weed, as defined in RCW 17.26.020, through the use of an herbicide or other treatment methods applicable to weed control that are recommended by a final environmental impact statement published by the department of agriculture or the department jointly with other state agencies under chapter 43.21C RCW, or the central Puget Sound growth management hearings board was a case of first impression interpreting the addition of the shoreline management act into the growth management act, and that the board considered the appeal and issued its final order and decision without the benefit of shoreline guidelines to provide guidance on the implementation of the Shoreline Management Act of 1971 90.58.030
90.58.040 Program applicable to shorelines of the state. The shoreline management program of this chapter shall apply to the shorelines of the state as defined in this chapter. [1971 ex.s. c 286 § 4.]

90.58.045 Environmental excellence program agreements—Effect on chapter. Notwithstanding any other provision of law, any legal requirement under this chapter, including any standard, limitation, rule, or order is superseded and replaced in accordance with the terms and provisions of an environmental excellence program agreement, entered into under chapter 43.21K RCW. [1997 c 381 § 28.]

Purpose—1997 c 381: See RCW 43.21K.005.

90.58.050 Program as cooperative between local government and state—Responsibilities differentiated. This chapter establishes a cooperative program of shoreline management between local government and the state. Local government shall have the primary responsibility for initiating the planning required by this chapter and administering the regulatory program consistent with the policy and provisions of this chapter. The department shall act primarily in a supportive and review capacity with an emphasis on providing assistance to local government and on insuring compliance with the policy and provisions of this chapter. [1995 c 347 § 303; 1971 ex.s. c 286 § 5.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

90.58.060 Review and adoption of guidelines—Public hearings, notice of—Amendments. (1) The department shall periodically review and adopt guidelines consistent with RCW 90.58.020, containing the elements specified in RCW 90.58.100 for:

(a) Development of master programs for regulation of the uses of shorelines; and

(b) Development of master programs for regulation of the uses of shorelines of statewide significance.

(2) Before adopting or amending guidelines under this section, the department shall provide an opportunity for public review and comment as follows:

(a) The department shall mail copies of the proposal to all cities, counties, and federally recognized Indian tribes; and to any other person who has requested a copy, and shall publish the proposed guidelines in the Washington state register. Comments shall be submitted in writing to the department within sixty days from the date the proposal has been published in the register.

(b) The department shall hold at least four public hearings on the proposal in different locations throughout the state to provide a reasonable opportunity for residents in all parts of the state to present statements and views on the proposed guidelines. Notice of the hearings shall be published at least once in each of the three weeks immediately preceding the hearing in one or more newspapers of general circulation in each county of the state. If an amendment to the guidelines addresses an issue limited to one geographic area, the number and location of hearings may be adjusted consistent with the intent of this subsection to assure all parties a reasonable opportunity to comment on the proposed amendment. The department shall accept written comments on the proposal during the sixty-day public comment period and for seven days after the final public hearing.

(c) At the conclusion of the public comment period, the department shall review the comments received and modify the proposal consistent with the provisions of this chapter. The proposal shall then be published for adoption pursuant to the provisions of chapter 34.05 RCW.

(3) The department may adopt amendments to the guidelines not more than once each year. Such amendments shall be limited to: (a) Addressing technical or procedural issues that result from the review and adoption of master programs under the guidelines; or (b) issues of guideline compliance with statutory provisions. [2003 c 262 § 1; 1995 c 347 § 304; 1971 ex.s. c 286 § 6.]

Additional notes found at www.leg.wa.gov

(2014 Ed.)
90.58.065 Application of guidelines and master programs to agricultural activities. (1) The guidelines adopted by the department and master programs developed or amended by local governments according to RCW 90.58.080 shall not require modification of or limit agricultural activities occurring on agricultural lands. In jurisdictions where agricultural activities occur, master programs developed or amended after June 13, 2002, shall include provisions addressing new agricultural activities on land not meeting the definition of agricultural land, conversion of agricultural lands to other uses, and development not meeting the definition of agricultural activities. Nothing in this section limits or changes the terms of the current exception to the definition of substantial development in RCW 90.58.030(3)(e)(iv). This section applies only to this chapter, and shall not affect any other authority of local governments.

(2) For the purposes of this section:
(a) "Agricultural activities" means agricultural uses and practices including, but not limited to: Producing, breeding, or increasing agricultural products; rotating and changing agricultural crops; allowing land used for agricultural activities to lie fallow in which it is plowed and tilled but left unseeded; allowing land used for agricultural activities to lie dormant as a result of adverse agricultural market conditions; allowing land used for agricultural activities to lie dormant because the land is enrolled in a local, state, or federal conservation program, or the land is subject to a conservation easement; conducting agricultural operations; maintaining, repairing, and replacing agricultural equipment; maintaining, repairing, and replacing agricultural facilities, provided that the replacement facility is no closer to the shoreline than the original facility; and maintaining agricultural lands under production or cultivation;

(b) "Agricultural products" includes but is not limited to horticultural, viticultural, floricultural, vegetable, fruit, berry, grain, hops, hay, straw, turf, sod, seed, and apiary products; feed or forage for livestock; Christmas trees; hybrid cottonwood and similar hardwood trees grown as crops and harvested within twenty years of planting; and livestock including both the animals themselves and animal products including but not limited to meat, upland finfish, poultry and poultry products, and dairy products;

(c) "Agricultural equipment" and "agricultural facilities" includes, but is not limited to: (i) The following used in agricultural operations: Equipment; machinery; constructed shelters, buildings, and ponds; fences; upland finfish rearing facilities; water diversion, withdrawal, conveyance, and use equipment and facilities including but not limited to pumps, pipes, tapes, canals, ditches, and drains; (ii) corridors and facilities for transporting personnel, livestock, and equipment to, from, and within agricultural lands; (iii) farm residences and associated equipment, lands, and facilities; and (iv) roadside stands and on-farm markets for marketing fruit or vegetables; and

(d) "Agricultural land" means those specific land areas on which agriculture activities are conducted.

(3) The department and local governments shall assure that local shoreline master programs use definitions consistent with the definitions in this section. [2002 c 298 § 1.]

Additional notes found at www.leg.wa.gov

90.58.070 Local governments to submit letters of intent—Department to act upon failure of local government. (1) Local governments are directed with regard to shorelines of the state in their various jurisdictions to submit to the director of the department, within six months from June 1, 1971, letters stating that they propose to complete an inventory and develop master programs for these shorelines as provided for in RCW 90.58.080.

(2) If any local government fails to submit a letter as provided in subsection (1) of this section, or fails to adopt a master program for the shorelines of the state within its jurisdiction in accordance with the schedule provided in this chapter, the department shall carry out the requirements of RCW 90.58.080 and adopt a master program for the shorelines of the state within the jurisdiction of the local government. [1971 ex.s. c 286 § 7.]

90.58.080 Timetable for local governments to develop or amend master programs—Review of master programs—Grants. (1) Local governments shall develop or amend a master program for regulation of uses of the shorelines of the state consistent with the required elements of the guidelines adopted by the department in accordance with the schedule established by this section.

(2)(a) Subject to the provisions of subsections (5) and (6) of this section, each local government subject to this chapter shall develop or amend its master program for the regulation of uses of shorelines within its jurisdiction according to the following schedule:

(i) On or before December 1, 2005, for the city of Port Townsend, the city of Bellingham, the city of Everett, Snohomish county, and Whatcom county;

(ii) On or before December 1, 2009, for King county and the cities within King county greater in population than ten thousand;

(iii) Except as provided by (a)(i) and (ii) of this subsection, on or before December 1, 2011, for Clallam, Clark, Jefferson, King, Kitsap, Pierce, Snohomish, Thurston, and Whatcom counties and the cities within those counties;

(iv) On or before December 1, 2012, for Cowlitz, Island, Lewis, Mason, San Juan, Skagit, and Skamania counties and the cities within those counties;

(v) On or before December 1, 2013, for Benton, Chelan, Douglas, Grant, Kittitas, Spokane, and Yakima counties and the cities within those counties; and

(vi) On or before December 1, 2014, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(b) Nothing in this subsection (2) shall preclude a local government from developing or amending its master program prior to the dates established by this subsection (2).

(3)(a) Following approval by the department of a new or amended master program, local governments required to
develop or amend master programs on or before December 1, 2009, as provided by subsection (2)(a)(i) and (ii) of this section, shall be deemed to have compli ed with the schedule established by subsection (2)(a)(iii) of this section and shall not be required to complete master program amendments until the applicable dates established by subsection (4)(b) of this section. Any jurisdiction listed in subsection (2)(a)(i) of this section that has a new or amended master program approved by the department on or after March 1, 2002, but before July 27, 2003, shall not be required to complete master program amendments until the applicable date provided by subsection (4)(b) of this section.

(b) Following approval by the department of a new or amended master program, local governments choosing to develop or amend master programs on or before December 1, 2009, shall be deemed to have complied with the schedule established by subsection (2)(a)(iii) through (vi) of this section and shall not be required to complete master program amendments until the applicable dates established by subsection (4)(b) of this section.

(4)(a) Following the updates required by subsection (2) of this section, local governments shall conduct a review of their master programs at least once every eight years as required by (b) of this subsection. Following the review required by this subsection (4), local governments shall, if necessary, revise their master programs. The purpose of the review is:

(i) To assure that the master program complies with applicable law and guidelines in effect at the time of the review; and

(ii) To assure consistency of the master program with the local government’s comprehensive plan and development regulations adopted under chapter 36.70A RCW, if applicable, and other local requirements.

(b) Counties and cities shall take action to review and, if necessary, revise their master programs as required by (a) of this subsection as follows:

(i) On or before June 30, 2019, and every eight years thereafter, for King, Pierce, and Snohomish counties and the cities within those counties;

(ii) On or before June 30, 2020, and every eight years thereafter, for Clallam, Clark, Island, Jefferson, Kitsap, Mason, San Juan, Skagit, Thurston, and Whatcom counties and the cities within those counties;

(iii) On or before June 30, 2021, and every eight years thereafter, for Benton, Chelan, Cowlitz, Douglas, Grant, Kittitas, Lewis, Skamania, Spokane, and Yakima counties and the cities within those counties;

(iv) On or before June 30, 2022, and every eight years thereafter, for Adams, Asotin, Columbia, Ferry, Franklin, Garfield, Grant, Grays Harbor, Klickitat, Lincoln, Okanogan, Pacific, Pend Oreille, Stevens, Wahkiakum, Walla Walla, and Whitman counties and the cities within those counties.

(5) In meeting the update requirements of subsection (2) of this section, local governments are encouraged to begin the process of developing or amending their master programs early and are eligible for grants from the department as provided by RCW 90.58.250, subject to available funding. Except for those local governments listed in subsection (2)(a)(i) and (ii) of this section, the deadline for completion of the new or amended master programs shall be two years after the date the grant is approved by the department. Subsequent master program review dates shall not be altered by the provisions of this subsection.

(6) In meeting the update requirements of subsection (2) of this section, the following shall apply:

(a) Grants to local governments for developing and amending master programs pursuant to the schedule established by this section shall be provided at least two years before the adoption dates specified in subsection (2) of this section. To the extent possible, the department shall allocate grants within the amount appropriated for such purposes to provide reasonable and adequate funding to local governments that have indicated their intent to develop or amend master programs during the biennium according to the schedule established by subsection (2) of this section. Any local government that applies for but does not receive funding to comply with the provisions of subsection (2) of this section may delay the development or amendment of its master program until the following biennium.

(b) Local governments with delayed compliance dates as provided in (a) of this subsection shall be the first priority for funding in subsequent biennia, and the development or amendment compliance deadline for those local governments shall be two years after the date of grant approval.

(c) Failure of the local government to apply in a timely manner for a master program development or amendment grant in accordance with the requirements of the department shall not be considered a delay resulting from the provisions of (a) of this subsection.

(7) In meeting the update requirements of subsection (2) of this section, all local governments subject to the requirements of this chapter that have not developed or amended master programs on or after March 1, 2002, shall, no later than December 1, 2014, develop or amend their master programs to comply with guidelines adopted by the department after January 1, 2003.

(8) In meeting the update requirements of subsection (2) of this section, local governments may be provided an additional year beyond the deadlines in this section to complete their master program or amendment. The department shall grant the request if it determines that the local government is likely to adopt or amend its master program within the additional year. [2011 c 353 § 13; 2007 c 170 § 1; 2003 c 262 § 2; 1995 c 347 § 305; 1974 ex.s. c 61 § 1; 1971 ex.s. c 286 § 8.]

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.
The department shall strive to achieve final action on a submitted master program within one hundred eighty days of receipt and shall post an annual assessment related to this performance benchmark on the agency web site.

(2) Upon receipt of a proposed master program or amendment, the department shall:

(a) Provide notice to and opportunity for written comment by all interested parties of record as part of the local government review process for the proposal and to all persons, groups, and agencies that have requested in writing notice of proposed master programs or amendments generally or for a specific area, subject matter, or issue. The comment period shall be at least thirty days, unless the department determines that the level of complexity or controversy involved supports a shorter period;

(b) In the department's discretion, conduct a public hearing during the thirty-day comment period in the jurisdiction proposing the master program or amendment;

(c) Within fifteen days after the close of public comment, request the local government to review the issues identified by the public, interested parties, groups, and agencies and provide a written response as to how the proposal addresses the identified issues;

(d) Within thirty days after receipt of the local government response pursuant to (c) of this subsection, make written findings and conclusions regarding the consistency of the proposal with the policy of RCW 90.58.020 and the applicable guidelines, provide a response to the issues identified in (c) of this subsection, and either approve the proposal as submitted, recommend specific changes necessary to make the proposal approvable, or deny approval of the proposal in those instances where no alteration of the proposal appears likely to be consistent with the policy of RCW 90.58.020 and the applicable guidelines. The written findings and conclusions shall be provided to the local government, and made available to all interested persons, parties, groups, and agencies of record on the proposal;

(e) If the department recommends changes to the proposed master program or amendment, within thirty days after the department mails the written findings and conclusions to the local government, the local government may:

(i) Agree to the proposed changes by written notice to the department; or

(ii) Submit an alternative proposal. If, in the opinion of the department, the alternative is consistent with the purpose and intent of the changes originally submitted by the department and with this chapter it shall approve the changes and provide notice to all recipients of the written findings and conclusions. If the department determines the proposal is not consistent with the purpose and intent of the changes proposed by the department, the department may resubmit the proposal for public and agency review pursuant to this section or reject the proposal.

(3) The department shall approve the segment of a master program relating to shorelines unless it determines that the submitted segments are not consistent with the policy of RCW 90.58.020 and the applicable guidelines.

(4) The department shall approve the segment of a master program relating to critical areas as defined by RCW 36.70A.030(5) provided the master program segment is consistent with RCW 90.58.020 and applicable shoreline guidelines, and if the segment provides a level of protection of critical areas at least equal to that provided by the local government's critical areas ordinances adopted and thereafter amended pursuant to RCW 36.70A.060(2).

(5) The department shall approve those segments of the master program relating to shorelines of statewide significance only after determining the program provides the optimum implementation of the policy of this chapter to satisfy the statewide interest. If the department does not approve a segment of a local government master program relating to a shoreline of statewide significance, the department may develop and by rule adopt an alternative to the local government's proposal.

(6) In the event a local government has not complied with the requirements of RCW 90.58.070 it may thereafter upon written notice to the department elect to adopt a master program for the shorelines within its jurisdiction, in which event it shall comply with the provisions established by this chapter for the adoption of a master program for such shorelines.

Upon approval of such master program by the department it shall supersede such master program as may have been adopted by the department for such shorelines.

(7) A master program or amendment to a master program takes effect when and in such form as approved or adopted by the department. The effective date is fourteen days from the date of the department's written notice of final action to the local government stating the department has approved or rejected the proposal. For master programs adopted by rule, the effective date is governed by RCW 34.05.380. The department's written notice to the local government must conspicuously and plainly state that it is the department's final decision and that there will be no further modifications to the proposal.

(a) Shoreline master programs that were adopted by the department prior to July 22, 1995, in accordance with the provisions of this section then in effect, shall be deemed approved by the department in accordance with the provisions of this section that became effective on that date.

(b) The department shall maintain a record of each master program, the action taken on any proposal for adoption or amendment of the master program, and any appeal of the department's action. The department's approved document of record constitutes the official master program.

(8) Promptly after approval or disapproval of a local government's shoreline master program or amendment, the department shall publish a notice consistent with RCW 36.70A.290 that the shoreline master program or amendment has been approved or disapproved. This notice must be filed for all shoreline master programs or amendments. If the notice is for a local government that does not plan under RCW 36.70A.040, the department must, on the day the notice is published, notify the legislative authority of the applicable local government by telephone or electronic means, followed by written communication as necessary, to ensure that the local government has received the full written decision of the approval or disapproval. [2011 c 353 § 14; 2011 c 277 § 2; 2003 c 321 § 3; 1997 c 429 § 50; 1995 c 347 § 306; 1971 ex.s. c 286 § 9]

Reviser's note: This section was amended by 2011 c 277 § 2 and by 2011 c 353 § 14, each without reference to the other. Both amendments are
90.58.100 Programs as constituting use regulations—Duties when preparing programs and amendments thereto—Program contents. (1) The master programs provided for in this chapter, when adopted or approved by the department shall constitute use regulations for the various shorelines of the state. In preparing the master programs, and any amendments thereto, the department and local governments shall to the extent feasible:

(a) Utilize a systematic interdisciplinary approach which will insure the integrated use of the natural and social sciences and the environmental design arts;

(b) Consult with and obtain the comments of any federal, state, regional, or local agency having any special expertise with respect to any environmental impact;

(c) Consider all plans, studies, surveys, inventories, and systems of classification made or being made by federal, state, regional, or local agencies, by private individuals, or by organizations dealing with pertinent shorelines of the state;

(d) Conduct or support such further research, studies, surveys, and interviews as are deemed necessary;

(e) Utilize all available information regarding hydrology, geography, topography, ecology, economics, and other pertinent data;

(f) Employ, when feasible, all appropriate, modern scientific data processing and computer techniques to store, index, analyze, and manage the information gathered.

(2) The master programs shall include, when appropriate, the following:

(a) An economic development element for the location and design of industries, projects of statewide significance, transportation facilities, port facilities, tourist facilities, commerce and other developments that are particularly dependent on their location on or use of the shorelines of the state;

(b) A public access element making provision for public access to publicly owned areas;

(c) A recreational element for the preservation and enlargement of recreational opportunities, including but not limited to parks, tidelands, beaches, and recreational areas;

(d) A circulation element consisting of the general location and extent of existing and proposed major thoroughfares, transportation routes, terminals, and other public utilities and facilities, all correlated with the shoreline use element;

(e) An use element which considers the proposed general distribution and general location and extent of the use on shorelines and adjacent land areas for housing, business, industry, transportation, agriculture, natural resources, recreation, education, public buildings and grounds, and other categories of public and private uses of the land;

(f) A conservation element for the preservation of natural resources, including but not limited to scenic vistas, aesthetics, and vital estuarine areas for fisheries and wildlife protection;

(g) An historic, cultural, scientific, and educational element for the protection and restoration of buildings, sites, and areas having historic, cultural, scientific, or educational values;

(h) An element that gives consideration to the statewide interest in the prevention and minimization of flood damages; and

(i) Any other element deemed appropriate or necessary to effectuate the policy of this chapter.

(3) The master programs shall include such map or maps, descriptive text, diagrams and charts, or other descriptive material as are necessary to provide for ease of understanding.

(4) Master programs will reflect that state-owned shorelines of the state are particularly adapted to providing wilderness beaches, ecological study areas, and other recreational activities for the public and will give appropriate special consideration to same.

(5) Each master program shall contain provisions to allow for the varying of the application of use regulations of the program, including provisions for permits for conditional uses and variances, to insure that strict implementation of a program will not create unnecessary hardships or thwart the policy enumerated in RCW 90.58.020. Any such varying shall be allowed only if extraordinary circumstances are shown and the public interest suffers no substantial detriment.

The concept of this subsection shall be incorporated in the rules adopted by the department relating to the establishment of a permit system as provided in RCW 90.58.140(3).

(6) Each master program shall contain standards governing the protection of single-family residences and appurtenant structures against damage or loss due to shoreline erosion.

The standards shall govern the issuance of substantial development permits for shoreline protection, including structural methods such as construction of bulkheads, and nonstructural methods of protection. The standards shall provide for methods which achieve effective and timely protection against loss or damage to single-family residences and appurtenant structures due to shoreline erosion.

The standards shall provide a preference for permit issuance for measures to protect single-family residences occupied prior to January 1, 1992, where the proposed measure is designed to minimize harm to the shoreline natural environment.

Effective date—2009 c 421: See note following RCW 43.157.005.

90.58.110 Development of program within two or more adjacent local government jurisdictions—Development of program in segments, when. (1) Whenever it shall appear to the director that a master program should be developed for a region of the shorelines of the state which includes lands and waters located in two or more adjacent local government jurisdictions, the director shall designate such region and notify the appropriate units of local government thereof.

It shall be the duty of the notified units to develop coopera-
tively an inventory and master program in accordance with and within the time provided in RCW 90.58.080.

(2) At the discretion of the department, a local government master program may be adopted in segments applicable to particular areas so that immediate attention may be given to those areas of the shorelines of the state in most need of a use regulation. [1971 ex.s. c 286 § 11.]

90.58.120 Adoption of rules, programs, etc., subject to RCW 34.05.310 through 34.05.395—Public hearings, notice of—Public inspection after approval or adoption. All rules, regulations, designations, and guidelines, issued by the department, and master programs and amendments adopted by the department pursuant to RCW 90.58.070(2) or *90.58.090(4) shall be adopted or approved in accordance with the provisions of RCW 34.05.310 through 34.05.395 insofar as such provisions are not inconsistent with the provisions of this chapter. In addition:

(1) Prior to the adoption by the department of a master program, or portion thereof pursuant to RCW 90.58.070(2) or *90.58.090(4), at least one public hearing shall be held in each county affected by a program or portion thereof for the purpose of obtaining the views and comments of the public. Notice of each such hearing shall be published at least once in each of the weeks immediately preceding the hearing in one or more newspapers of general circulation in the county in which the hearing is to be held.

(2) All guidelines, regulations, designations, or master programs adopted or approved under this chapter shall be available for public inspection at the office of the department or the appropriate county and city. The terms "adopt" and "approve" for purposes of this section, shall include modifications and rescission of guidelines. [1995 c 347 § 308; 1989 c 175 § 182; 1975 1st ex.s. c 182 § 2; 1971 ex.s. c 286 § 12.]

*Reviser's note: RCW 90.58.090 was amended by 2003 c 321 § 3, changing subsection (4) to subsection (5).

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

90.58.130 Involvement of all persons and entities having interest, means. To insure that all persons and entities having an interest in the guidelines and master programs developed under this chapter are provided with a full opportunity for involvement in both their development and implementation, the department and local governments shall:

(1) Make reasonable efforts to inform the people of the state about the shoreline management program of this chapter and in the performance of the responsibilities provided in this chapter, shall not only invite but actively encourage participation by all persons and private groups and entities showing an interest in shoreline management programs of this chapter; and

(2) Invite and encourage participation by all agencies of federal, state, and local government, including municipal and public corporations, having interests or responsibilities relating to the shorelines of the state. State and local agencies are directed to participate fully to insure that their interests are fully considered by the department and local governments. [1971 ex.s. c 286 § 13.]

90.58.140 Development permits—Grounds for granting—Administration by local government, conditions—Applications—Notices—Rescission—Approval when permit for variance or conditional use. (1) A development shall not be undertaken on the shorelines of the state unless it is consistent with the policy of this chapter and, after adoption or approval, as appropriate, the applicable guidelines, rules, or master program.

(2) A substantial development shall not be undertaken on shorelines of the state without first obtaining a permit from the government entity having administrative jurisdiction under this chapter.

A permit shall be granted:

(a) From June 1, 1971, until such time as an applicable master program has become effective, only when the development proposed is consistent with: (i) The policy of RCW 90.58.020; and (ii) after their adoption, the guidelines and rules of the department; and (iii) so far as can be ascertained, the master program being developed for the area;

(b) After adoption or approval, as appropriate, by the department of an applicable master program, only when the development proposed is consistent with the applicable master program and this chapter.

(3) The local government shall establish a program, consistent with rules adopted by the department, for the administration and enforcement of the permit system provided in this section. The administration of the system so established shall be performed exclusively by the local government.

(4) Except as otherwise specifically provided in subsection (11) of this section, the local government shall require notification of the public of all applications for permits governed by any permit system established pursuant to subsection (3) of this section by ensuring that notice of the application is given by at least one of the following methods:

(a) Mailing of the notice to the latest recorded real property owners as shown by the records of the county assessor within at least three hundred feet of the boundary of the property upon which the substantial development is proposed;

(b) Posting of the notice in a conspicuous manner on the property upon which the project is to be constructed; or

(c) Any other manner deemed appropriate by local authorities to accomplish the objectives of reasonable notice to adjacent landowners and the public.

The notices shall include a statement that any person desiring to submit written comments concerning an application, or desiring to receive notification of the final decision concerning an application as expeditiously as possible after the issuance of the decision, may submit the comments or requests for decisions to the local government within thirty days of the last date the notice is to be published pursuant to this subsection. The local government shall forward, in a timely manner following the issuance of a decision, a copy of the decision to each person who submits a request for the decision.

If a hearing is to be held on an application, notices of such a hearing shall include a statement that any person may submit oral or written comments on an application at the hearing.

(5) The system shall include provisions to assure that construction pursuant to a permit will not begin or be authorized until twenty-one days from the date the permit decision
was filed as provided in subsection (6) of this section; or until all review proceedings are terminated if the proceedings were initiated within twenty-one days from the date of filing as defined in subsection (6) of this section except as follows:

(a) In the case of any permit issued to the state of Washington, department of transportation, for the construction and modification of SR 90 (I-90) on or adjacent to Lake Washington, the construction may begin after thirty days from the date of filing, and the permits are valid until December 31, 1995;

(b)(i) In the case of any permit or decision to issue any permit to the state of Washington, department of transportation, for the replacement of the floating bridge and landings of the state route number 520 Evergreen Point bridge on or adjacent to Lake Washington, the construction may begin twenty-one days from the date of filing. Any substantial development permit granted for the floating bridge and landings is deemed to have been granted on the date that the local government's decision to grant the permit is issued. This authorization to construct is limited to only those elements of the floating bridge and landings that do not preclude the department of transportation's selection of a four-lane alternative for state route number 520 between Interstate 5 and Medina. Additionally, the Washington state department of transportation shall not engage in or contract for any construction on any portion of state route number 520 between Interstate 5 and the western landing of the floating bridge until the legislature has authorized the imposition of tolls on the Interstate 90 floating bridge and/or other funding sufficient to complete construction of the state route number 520 bridge replacement and HOV program. For the purposes of this subsection (5)(b), the "western landing of the floating bridge" means the least amount of new construction necessary to connect the new floating bridge to the existing state route number 520 and anchor the west end of the new floating bridge;

(ii) Nothing in this subsection (5)(b) precludes the shorelines hearings board from concluding that the project or any element of the project is inconsistent with the goals and policies of the shoreline management act or the local shoreline master program;

(iii) This subsection (5)(b) applies retroactively to any appeals filed after January 1, 2012, and to any appeals filed on or after March 23, 2012, and expires June 30, 2014.

(c) Except as authorized in (b) of this subsection, construction may be commenced no sooner than thirty days after the date of the appeal of the board's decision is filed if a permit is granted by the local government and (i) the granting of the permit is appealed to the shorelines hearings board within twenty-one days of the date of filing, (ii) the hearings board approves the granting of the permit by the local government or approves a portion of the substantial development for which the local government issued the permit, and (iii) an appeal for judicial review of the hearings board decision is filed pursuant to chapter 34.05 RCW. The appellant may request, within ten days of the filing of the appeal with the court, a hearing before the court to determine whether construction pursuant to the permit approved by the hearings board or to a revised permit issued pursuant to the order of the hearings board should not commence. If, at the conclusion of the hearing, the court finds that construction pursuant to such a permit would involve a significant, irreversible damaging of the environment, the court shall prohibit the permittee from commencing the construction pursuant to the approved or revised permit until all review proceedings are final. Construction pursuant to a permit revised at the direction of the hearings board may begin only on that portion of the substantial development for which the local government had originally issued the permit, and construction pursuant to such a revised permit on other portions of the substantial development may not begin until after all review proceedings are terminated. In such a hearing before the court, the burden of proving whether the construction may involve significant irreversible damage to the environment and demonstrating whether such construction would or would not be appropriate is on the appellant;

(d) Except as authorized in (b) of this subsection, if the permit is for a substantial development meeting the requirements of subsection (11) of this section, construction pursuant to that permit may not begin or be authorized until twenty-one days from the date the permit decision was filed as provided in subsection (6) of this section.

If a permittee begins construction pursuant to (a), (b), (c), or (d) of this subsection, the construction is begun at the permittee's own risk. If, as a result of judicial review, the courts order the removal of any portion of the construction or the restoration of any portion of the environment involved or require the alteration of any portion of a substantial development constructed pursuant to a permit, the permittee is barred from recovering damages or costs involved in adhering to such requirements from the local government that granted the permit, the hearings board, or any appellant or intervenor.

(6) Any decision on an application for a permit under the authority of this section, whether it is an approval or a denial, shall, concurrently with the transmittal of the ruling to the applicant, be filed with the department and the attorney general. This shall be accomplished by return receipt requested mail. A petition for review of such a decision must be commenced within twenty-one days from the date of filing of the decision.

(a) With regard to a permit other than a permit governed by subsection (10) of this section, "date of filing" as used in this section refers to the date of actual receipt by the department of the local government's decision.

(b) With regard to a permit for a variance or a conditional use governed by subsection (10) of this section, "date of filing" means the date the decision of the department is transmitted by the department to the local government.

(c) When a local government simultaneously transmits to the department its decision on a shoreline substantial development with its approval of either a shoreline conditional use permit or variance, or both, "date of filing" has the same meaning as defined in (b) of this subsection.

(d) The department shall notify in writing the local government and the applicant of the date of filing by telephone or electronic means, followed by written communication as necessary, to ensure that the applicant has received the full written decision.

(7) Applicants for permits under this section have the burden of proving that a proposed substantial development is consistent with the criteria that must be met before a permit is granted. In any review of the granting or denial of an applica-
tion for a permit as provided in RCW 90.58.180 (1) and (2), the person requesting the review has the burden of proof.

(8) Any permit may, after a hearing with adequate notice to the permittee and the public, be rescinded by the issuing authority upon the finding that a permittee has not complied with conditions of a permit. If the department is of the opinion that noncompliance exists, the department shall provide written notice to the local government and the permittee. If the department is of the opinion that the noncompliance continues to exist thirty days after the date of the notice, and the local government has taken no action to rescind the permit, the department may petition the hearings board for a rescission of the permit upon written notice of the petition to the local government and the permittee if the request by the department is made to the hearings board within fifteen days of the termination of the thirty-day notice to the local government.

(9) The holder of a certification from the governor pursuant to chapter 80.50 RCW shall not be required to obtain a permit under this section.

(10) Any permit for a variance or a conditional use issued with approval by a local government under their approved master program must be submitted to the department for its approval or disapproval.

(11)(a) An application for a substantial development permit for a limited utility extension or for the construction of a bulkhead or other measures to protect a single-family residence and its appurtenant structures from shoreline erosion shall be subject to the following procedures:

(i) The public comment period under subsection (4) of this section shall be twenty days. The notice provided under subsection (4) of this section shall state the manner in which the public may obtain a copy of the local government decision on the application no later than two days following its issuance;

(ii) The local government shall issue its decision to grant or deny the permit within twenty-one days of the last day of the comment period specified in (a)(i) of this subsection; and

(iii) If there is an appeal of the decision to grant or deny the permit to the local government legislative authority, the appeal shall be finally determined by the legislative authority within thirty days.

(b) For purposes of this section, a limited utility extension means the extension of a utility service that:

(i) Is categorically exempt under chapter 43.21C RCW for one or more of the following: Natural gas, electricity, telephone, water, or sewer;

(ii) Will serve an existing use in compliance with this chapter; and

(iii) Will not extend more than twenty-five hundred linear feet within the shorelines of the state. [2012 c 84 § 2; 2011 c 277 § 3; 2010 c 210 § 36; 1995 c 347 § 309; 1992 c 105 § 3; 1990 c 201 § 2; 1988 c 22 § 1; 1984 c 7 § 386; 1977 ex.s. c 358 § 1; 1975-76 2nd ex.s. c 51 § 1; 1975 1st ex.s. c 182 § 3; 1973 2nd ex.s. c 19 § 1; 1971 ex.s. c 286 § 14.]

Findings—2012 c 84: "In adopting the shoreline management act in 1971, the legislature declared that it is the policy of the state to provide for the management of the shorelines of the state by planning for and fostering all reasonable and appropriate uses, to ensure the development of these shorelines in a manner that will promote and enhance the public interest, and to protect against adverse effects to the public health, the land and its vegetation and wildlife, and the waters of the state and their aquatic life, while protecting generally public rights of navigation and corollary rights incident thereto. The legislature declares that the policies recognized in 1971 are still vital to the protection of shorelines of the state.

The legislature recognizes that the replacement of the Evergreen Point bridge and its approaches in danger of structural failure and that it is highly likely that the bridge will sustain serious structural damage from an earthquake or windstorm over the next fifteen years. The floating span sustained serious damage during the 1993 storm, which required major repair and retrofit. Retrofitting the span has added weight, which causes the floating span to sit lower in the water, increasing the likelihood of waves breaking over the span and causing traffic hazards. The floating span cannot be further retrofitted to withstand severe windstorms. Recent storms have continued to cause damage to the floating span, including cracks in the pontoons that allow water to enter the pontoons.

The legislature further finds that replacement of the floating span and its approaches presents unique challenges in that it is subject to narrow windows in which work on Lake Washington can be performed because of weather and environmental constraints.

The legislature further finds that significant delays in replacing the floating span and east approach of the Evergreen Point bridge must be avoided in order to: Avoid the catastrophic loss of the bridge; protect the safety of the traveling public; prevent injury, loss of life, and property damage; and provide for a strong economy in the Puget Sound region and in Washington state. In the past, the legislature has only provided exemptions to the shoreline management act for bridges that have sunk, and it is the intent of the legislature to only allow this exemption to the automatic stay provision of the shoreline management act because the Evergreen Point floating bridge is in danger of further damage and sinking." [2012 c 84 § 1.]

Effective date—2012 c 84: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [March 23, 2012]." [2012 c 84 § 3.]

Intent—Effective dates—Application—Pending cases and rules—2010 c 210: See notes following RCW 43.21B.001.

Finding—Severability—Part headings and table of contents not law—1995 c 347: See notes following RCW 36.70A.470.

Finding—Intent—1990 c 201: "The legislature finds that delays in substantial development permit review for the extension of vital utility services to existing and lawful uses within the shorelines of the state have caused hardship upon existing residents without serving any of the purposes and policies of the shoreline management act. It is the intent of this act to provide a more expeditive permit review process for that limited category of utility extension activities only, while fully preserving safeguards of public review and appeal rights regarding permit applications and decisions." [1990 c 201 § 1.]

90.58.143 Time requirements—Substantial development permits, variances, conditional use permits. (1) The time requirements of this section shall apply to all substantial development permits and to any development authorized pursuant to a variance or conditional use permit authorized under this chapter. Upon a finding of good cause, based on the requirements and circumstances of the project proposed and consistent with the policy and provisions of the master program and this chapter, local government may adopt different time limits from those set forth in subsections (2) and (3) of this section as a part of action on a substantial development permit.

(2) Construction activities shall be commenced or, where no construction activities are involved, the use or activity shall be commenced within two years of the effective date of a substantial development permit. However, local govern-
ment may authorize a single extension for a period not to exceed one year based on reasonable factors, if a request for extension has been filed before the expiration date and notice of the proposed extension is given to parties of record on the substantial development permit and to the department.

(3) Authorization to conduct construction activities shall terminate five years after the effective date of a substantial development permit. However, local government may authorize a single extension for a period not to exceed one year based on reasonable factors, if a request for extension has been filed before the expiration date and notice of the proposed extension is given to parties of record and to the department.

(4) The effective date of a substantial development permit shall be the date of filing as provided in RCW 90.58.140(6). The permit time periods in subsections (2) and (3) of this section do not include the time during which a use or activity was not actually pursued due to the pendency of administrative appeals or legal actions or due to the need to obtain any other government permits and approvals for the development that authorize the development to proceed, including all reasonably related administrative or legal actions on any such permits or approvals. [1997 c 429 § 51; 1996 c 62 § 1.]

Additional notes found at www.leg.wa.gov

90.58.147 Substantial development permit—Exemption for projects to improve fish or wildlife habitat or fish passage. (1) A public or private project that is designed to improve fish or wildlife habitat or fish passage shall be exempt from the substantial development permit requirements of this chapter when all of the following apply:

(a) The project has been approved by the department of fish and wildlife;

(b) The project has received hydraulic project approval by the department of fish and wildlife pursuant to chapter 77.55 RCW; and

(c) The local government has determined that the project is substantially consistent with the local shoreline master program. The local government shall make such determination in a timely manner and provide it by letter to the project proponent.

(2) Fish habitat enhancement projects that conform to the provisions of *RCW 77.55.290 are determined to be consistent with local shoreline master programs. [2003 c 39 § 49; 1998 c 249 § 4; 1995 c 333 § 1.]

*Reviser’s note: RCW 77.55.290 was recodified as RCW 77.55.181 pursuant to 2005 c 146 § 1001.

90.58.150 Selective commercial timber cutting, when. With respect to timber situated within two hundred feet abutting landward of the ordinary high water mark within shorelines of statewide significance, the department or local government shall allow only selective commercial timber cutting, so that no more than thirty percent of the merchantable trees may be harvested in any ten year period of time: PROVIDED, That other timber harvesting methods may be permitted in those limited instances where the topography, soil conditions or silviculture practices necessary for regeneration render selective logging ecologically detrimental: PROVIDED FURTHER, That clear cutting of timber which is solely incidental to the preparation of land for other uses authorized by this chapter may be permitted. [1971 ex.s. c 286 § 15.]

90.58.160 Prohibition against surface drilling for oil or gas, where. Surface drilling for oil or gas is prohibited in the waters of Puget Sound north to the Canadian boundary and the Strait of Juan de Fuca seaward from the ordinary high water mark and on all lands within one thousand feet landward from said mark. [1971 ex.s. c 286 § 16.]

90.58.170 Shorelines hearings board—Established—Members—Chair—Quorum for decision—Expenses of members. A shoreline hearings board sitting as a quasi-judicial body is hereby established within the environmental and land use hearings office under *RCW 43.21B.005. The shoreline hearings board shall be made up of six members: Three members shall be members of the pollution control hearings board; two members, one appointed by the association of Washington cities and one appointed by the association of county commissioners, both to serve at the pleasure of the associations; and the commissioner of public lands or his or her designee. The chair of the pollution control hearings board shall be the chair of the shorelines hearings board. Except as provided in RCW 90.58.185, a decision must be agreed to by at least four members of the board to be final. The members of the shorelines hearings board shall receive the compensation, travel, and subsistence expenses as provided in RCW 43.03.050 and 43.03.060. [2013 c 23 § 614; 1994 c 253 § 1; 1988 c 128 § 76; 1979 ex.s. c 47 § 6; 1971 ex.s. c 286 § 17.]

*Reviser’s note: RCW 43.21B.005 was amended by 2010 c 210 § 4, changing the “environmental hearings office” to the “environmental and land use hearings office”, effective July 1, 2011.

Intent—1979 ex.s. c 47: See note following RCW 43.21B.005.

90.58.175 Rules and regulations. The shorelines hearings board may adopt rules and regulations governing the administrative practice and procedure in and before the board. [1973 1st ex.s. c 203 § 3.]

90.58.180 Review of granting, denying, or rescinding permits by shorelines hearings board—Board to act—Local government appeals to board—Grounds for declaring rule, regulation, or guideline invalid—Appeals to court. (1) Any person aggrieved by the granting, denying, or rescinding of a permit on shorelines of the state pursuant to RCW 90.58.140 may seek review from the shorelines hearings board by filing a petition for review within twenty-one days of the date of filing of the decision as defined in RCW 90.58.140(6).

Within seven days of the filing of any petition for review with the board as provided in this section pertaining to a final decision of a local government, the petitioner shall serve copies of the petition on the department, the office of the attorney general, and the local government. The department and the attorney general may intervene to protect the public interest and ensure that the provisions of this chapter are complied with at any time within fifteen days from the date of the
receipt by the department or the attorney general of a copy of the petition for review filed pursuant to this section. The shorelines hearings board shall schedule review proceedings on the petition for review without regard as to whether the period for the department or the attorney general to intervene has or has not expired.

(2) The department or the attorney general may obtain review of any final decision granting a permit, or granting or denying an application for a permit issued by a local government by filing a written petition with the shorelines hearings board and the appropriate local government within twenty-one days from the date the final decision was filed as provided in RCW 90.58.140(6).

(3) The review proceedings authorized in subsections (1) and (2) of this section are subject to the provisions of chapter 34.05 RCW pertaining to procedures in adjudicative proceedings. Judicial review of such proceedings of the shorelines hearings board is governed by chapter 34.05 RCW. The board shall issue its decision on the appeal authorized under subsections (1) and (2) of this section within one hundred eighty days after the date the petition is filed with the board or a petition to intervene is filed by the department or the attorney general, whichever is later. The time period may be extended by the board for a period of thirty days upon a showing of good cause or may be waived by the parties.

(4) Any person may appeal any rules, regulations, or guidelines adopted or approved by the department within thirty days of the date of the adoption or approval. The board shall make a final decision within sixty days following the hearing held thereon.

(5) The board shall find the rule, regulation, or guideline to be valid and enter a final decision to that effect unless it determines that the rule, regulation, or guideline:
(a) Is clearly erroneous in light of the policy of this chapter; or
(b) Constitutes an implementation of this chapter in violation of constitutional or statutory provisions; or
(c) Is arbitrary and capricious; or
(d) Was developed without fully considering and evaluating all material submitted to the department during public review and comment; or
(e) Was not adopted in accordance with required procedures.

(6) If the board makes a determination under subsection (5)(a) through (e) of this section, it shall enter a final decision declaring the rule, regulation, or guideline invalid, remanding the rule, regulation, or guideline to the department with a statement of the reasons in support of the determination, and directing the department to adopt, after a thorough consultation with the affected local government and any other interested party, a new rule, regulation, or guideline consistent with the board's decision.

(7) A decision of the board on the validity of a rule, regulation, or guideline shall be subject to review in superior court, if authorized pursuant to chapter 34.05 RCW. A petition for review of the decision of the shorelines hearings board on a rule, regulation, or guideline shall be filed within thirty days after the date of final decision by the shorelines hearings board. [2011 c 277 § 4; 2010 c 210 § 37; 2003 c 393 § 22; 1997 c 199 § 1; 1995 c 347 § 310; 1994 c 253 § 3; 1989 c 175 § 183; 1986 c 292 § 2; 1975-’76 2nd ex.s. c 51 § 2; 1975 1st ex.s. c 182 § 4; 1973 1st ex.s. c 203 § 2; 1971 ex.s. c 286 § 18.]

90.58.185 Appeals involving single-family residences, involving penalties of fifteen thousand dollars or less, or other designated cases—Composition of board—Rules to expedite appeals. (1) In the case of an appeal involving a single-family residence or appurtenance to a single-family residence, including a dock or pier designed to serve a single-family residence, appeals involving a penalty of fifteen thousand dollars or less, or other cases designated by the chair of the hearings board, the request for review may be heard by a panel of three board members, at least one and not more than two of whom shall be members of the pollution control hearings board. Two members of the three must agree to issue a final decision of the board. In designating appeals for review by panels of three hearings board members, the chair shall consider factors such as the complexity and precedential nature of the case and the efficiency and cost-effectiveness of using a short board versus a full board.

(2) The board shall define by rule alternative processes to expedite appeals, including those involving a single-family residence or appurtenance to a single-family residence, including a dock or pier designed to serve a single-family residence, or involving a penalty of fifteen thousand dollars or less. These alternatives may include: Mediation, upon agreement of all parties; submission of testimony by affidavit; or other forms that may lead to less formal and faster resolution of appeals. [2009 c 422 § 1; 2005 c 34 § 1; 1994 c 253 § 2.]

90.58.190 Appeal of department's decision to adopt or amend a master program. (1) The appeal of the department's decision to adopt a master program or amendment pursuant to RCW 90.58.070(2) or 90.58.090(5) is governed by RCW 34.05.510 through 34.05.598.

(2)(a) The department's final decision to approve or reject a proposed master program or master program amendment by a local government planning under RCW 36.70A.040 shall be appealed to the growth management hearings board by filing a petition as provided in RCW 36.70A.290.

(b) If the appeal to the growth management hearings board concerns shorelines, the growth management hearings board shall review the proposed master program or amendment solely for compliance with the requirements of this chapter, the policy of RCW 90.58.020 and the applicable guidelines, the internal consistency provisions of RCW 36.70A.070, 36.70A.040(4), 35.63.125, and 35A.63.105, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under chapter 90.58 RCW.

(c) If the appeal to the growth management hearings board concerns a shoreline of statewide significance, the board shall uphold the decision by the department unless the board, by clear and convincing evidence, determines that the
decision of the department is noncompliant with the policy of RCW 90.58.020 or the applicable guidelines, or chapter 43.21C RCW as it relates to the adoption of master programs and amendments under this chapter.

(d) The appellant has the burden of proof in all appeals to the growth management hearings board under this subsection.

(e) Any party aggrieved by a final decision of the growth management hearings board under this subsection may appeal the decision to superior court as provided in RCW 36.70A.300.

(3)(a) The department's final decision to approve or reject a proposed master program or master program amendment by a local government not planning under RCW 36.70A.040 shall be appealed to the shorelines hearings board by filing a petition within thirty days of the date that the department publishes notice of its final decision under RCW 90.58.090(8).

(b) In an appeal relating to shorelines, the shorelines hearings board shall review the proposed master program or master program amendment and, after full consideration of the presentations of the parties, shall determine the validity of the local government's master program or amendment in light of the policy of RCW 90.58.020 and the applicable guidelines, and chapter 43.21C RCW as it relates to the adoption of master programs and amendments under this chapter.

(c) In an appeal relating to shorelines of statewide significance, the shorelines hearings board shall uphold the decision by the department unless the board determines, by clear and convincing evidence that the decision of the department is noncompliant with the policy of RCW 90.58.020 or the applicable guidelines, or chapter 43.21C RCW as it relates to the adoption of master programs and amendments under this chapter.

(d) Review by the shorelines hearings board shall be considered an adjudicative proceeding under chapter 34.05 RCW, the administrative procedure act. The appellant shall have the burden of proof in all such reviews.

(e) Whenever possible, the review by the shorelines hearings board shall be heard within the county where the land subject to the proposed master program or master program amendment is primarily located. The department and any party aggrieved by a final decision of the hearings board may appeal the decision to superior court as provided in chapter 34.05 RCW.

(4) A master program amendment shall become effective after the approval of the department or after the decision of the growth management hearings board or shorelines hearings board to uphold the master program or master program amendment, provided that either the growth management hearings board or the shorelines hearings board may remand the master program or master program amendment to the local government or the department for modification prior to the final adoption of the master program or master program amendment. [2012 c 172 § 1; 2011 c 277 § 5; Prior: 2010 c 211 § 14; 2010 c 210 § 38; 2003 c 321 § 4; 1995 c 347 § 311; 1989 c 175 § 184; 1986 c 292 § 3; 1971 ex.s. c 286 § 19.]

Effective date—Transfer of power, duties, and functions—2010 c 211: See notes following RCW 36.70A.250.

Intent—Effective dates—Application—Pending cases and rules—2010 c 210: See notes following RCW 43.21B.001.

90.58.195 Shoreline master plan review—Local governments with coastal waters or coastal shorelines. (1) The department of ecology, in cooperation with other state agencies and coastal local governments, shall prepare and adopt ocean use guidelines and policies to be used in reviewing and, where appropriate, amending, shoreline master programs of local governments with coastal waters or coastal shorelines within their boundaries. These guidelines shall be finalized by April 1, 1990.

(2) After the department of ecology has adopted the guidelines required in subsection (1) of this section, counties, cities, and towns with coastal waters or coastal shorelines shall review their shoreline master programs to ensure that the programs conform with RCW 43.143.010 and 43.143.030 and with the department of ecology's ocean use guidelines. Amended master programs shall be submitted to the department of ecology for its approval under RCW 90.58.090 by June 30, 1991. [1989 1st ex.s. c 2 § 13.]

90.58.200 Rules and regulations. The department and local governments are authorized to adopt such rules as are necessary and appropriate to carry out the provisions of this chapter. [1971 ex.s. c 286 § 20.]

90.58.210 Court actions to ensure against conflicting uses and to enforce—Civil penalty—Review. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, the attorney general or the attorney for the local government shall bring such injunctive, declaratory, or other actions as are necessary to ensure that no uses are made of the shorelines of the state in conflict with the provisions and programs of this chapter, and to otherwise enforce the provisions of this chapter.

(2) Any person who shall fail to conform to the terms of a permit issued under this chapter or who shall undertake development on the shorelines of the state without first obtaining any permit required under this chapter shall also be subject to a civil penalty not to exceed one thousand dollars for each violation. Each permit violation or each day of continued development without a required permit shall constitute a separate violation.

(3) The penalty provided for in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department or local government, describing the violation with reasonable particularity and ordering the act or acts constituting the violation or violations to cease and desist or, in appropriate cases, requiring necessary corrective action to be taken within a specific and reasonable time.

(4) The person incurring the penalty may appeal within thirty days from the date of receipt of the penalty. The term "date of receipt" has the same meaning as provided in RCW 43.21B.001. Any penalty imposed pursuant to this section by the department shall be subject to review by the shorelines hearings board. Any penalty imposed pursuant to this section
by local government shall be subject to review by the local government legislative authority. Any penalty jointly imposed by the department and local government shall be appealed to the shorelines hearings board. [2010 c 210 § 39; 1995 c 403 § 637; 1986 c 292 § 4; 1971 ex.s. c 286 § 21.]

Intent—Effective dates—Application—Pending cases and rules—2010 c 210: See notes following RCW 43.21B.001.

Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.

Additional notes found at www.leg.wa.gov

90.58.220 General penalty. In addition to incurring civil liability under RCW 90.58.210, any person found to have wilfully engaged in activities on the shorelines of the state in violation of the provisions of this chapter or any of the master programs, rules, or regulations adopted pursuant thereto shall be guilty of a gross misdemeanor, and shall be punished by a fine of not less than twenty-five nor more than one thousand dollars or by imprisonment in the county jail for not more than ninety days, or by both such fine and imprisonment: PROVIDED, That the fine for the third and all subsequent violations in any five-year period shall be not less than five hundred nor more than ten thousand dollars: PROVIDED FURTHER, That fines for violations of RCW 90.58.550, or any rule adopted thereunder, shall be determined under RCW 90.58.560. [1983 c 138 § 3; 1971 ex.s. c 286 § 22.]

90.58.230 Violators liable for damages resulting from violation—Attorney's fees and costs. Any person subject to the regulatory program of this chapter who violates any provision of this chapter or permit issued pursuant thereto shall be liable for all damage to public or private property arising from such violation, including the cost of restoring the affected area to its condition prior to violation. The attorney general or local government attorney shall bring suit for damages under this section on behalf of the state or local governments. Private persons shall have the right to bring suit for damages under this section on their own behalf and on the behalf of all persons similarly situated. If liability has been established for the cost of restoring an area affected by a violation the court shall make provision to assure that restoration will be accomplished within a reasonable time at the expense of the violator. In addition to such relief, including money damages, the court in its discretion may award attorney's fees and costs of the suit to the prevailing party. [1971 ex.s. c 286 § 23.]

90.58.240 Additional authority granted department and local governments. In addition to any other powers granted hereunder, the department and local governments may:

(1) Acquire lands and easements within shorelines of the state by purchase, lease, or gift, either alone or in concert with other governmental entities, when necessary to achieve implementation of master programs adopted hereunder;

(2) Accept grants, contributions, and appropriations from any agency, public or private, or individual for the purposes of this chapter;

(3) Appoint advisory committees to assist in carrying out the purposes of this chapter;

(4) Contract for professional or technical services required by it which cannot be performed by its employees. [1972 ex.s. c 53 § 1; 1971 ex.s. c 286 § 24.]

90.58.250 Intent—Department to cooperate with local governments—Grants for development of master programs. (1) The legislature intends to eliminate the limits on state funding of shoreline master program development and amendment costs. The legislature further intends that the state will provide funding to local governments that is reasonable and adequate to accomplish the costs of developing and amending shoreline master programs consistent with the schedule established by RCW 90.58.080. Except as specifically described herein, nothing in chapter 262, Laws of 2003 is intended to alter the existing obligation, duties, and benefits provided by chapter 262, Laws of 2003 to local governments and the department.

(2) The department is directed to cooperate fully with local governments in discharging their responsibilities under this chapter. Funds shall be available for distribution to local governments on the basis of applications for preparation of master programs and the provisions of RCW 90.58.080(7). Such applications shall be submitted in accordance with regulations developed by the department. The department is authorized to make and administer grants within appropriations authorized by the legislature to any local government within the state for the purpose of developing a master shorelines program. [2003 c 262 § 3; 1971 ex.s. c 286 § 25.]

90.58.260 State to represent its interest before federal agencies, interstate agencies and courts. The state, through the department of ecology and the attorney general, shall represent its interest before water resource regulation management, development, and use agencies of the United States, including among others, the federal power commission, environmental protection agency, corps of engineers, department of the interior, department of agriculture and the atomic energy commission, before interstate agencies and courts with regard to activities or uses of shorelines of the state and the program of this chapter. Where federal or interstate agency plans, activities, or procedures conflict with state policies, all reasonable steps available shall be taken by the state to preserve the integrity of its policies. [1971 ex.s. c 286 § 26.]

90.58.270 Nonapplication to certain structures, docks, developments, etc., placed in navigable waters—Nonapplication to certain rights of action, authority—Floating homes and floating on-water residences must be classified as a conforming preferred use. (1) Nothing in this section shall constitute authority for requiring or ordering the removal of any structures, improvements, docks, fills, or developments placed in navigable waters prior to December 4, 1969, and the consent and authorization of the state of Washington to the impairment of public rights of navigation, and corollary rights incidental thereto, caused by the retention and maintenance of said structures, improvements, docks, fills or developments are hereby granted: PROVIDED, That the consent herein given shall not relate to any structures, improvements, docks, fills, or developments.
placed on tidelands, shorelands, or beds underlying said waters which are in trespass or in violation of state statutes.

(2) Nothing in this section shall be construed as altering or abridging any private right of action, other than a private right which is based upon the impairment of public rights consented to in subsection (1) of this section.

(3) Nothing in this section shall be construed as altering or abridging the authority of the state or local governments to suppress or abate nuisances or to abate pollution.

(4) Subsection (1) of this section shall apply to any case pending in the courts of this state on June 1, 1971 relating to the removal of structures, improvements, docks, fills, or developments based on the impairment of public navigational rights.

(5)(a) A floating home permitted or legally established prior to January 1, 2011, must be classified as a conforming preferred use.

(b) For the purposes of this subsection:
   (i) "Conforming preferred use" means that applicable development and shoreline master program regulations may only impose reasonable conditions and mitigation that will not effectively preclude maintenance, repair, replacement, and remodeling of existing floating homes and floating home moorages by rendering these actions impracticable.
   (ii) "Floating home" means a single-family dwelling unit constructed on a float, that is moored, anchored, or otherwise secured in waters, and is not a vessel, even though it may be capable of being towed.

(6)(a) A floating on-water residence legally established prior to July 1, 2014, must be considered a conforming use and accommodated through reasonable shoreline master program regulations, permit conditions, or mitigation that will not effectively preclude maintenance, repair, replacement, and remodeling of existing floating on-water residences and their moorages by rendering these actions impracticable.

(b) For the purpose of this subsection, "floating on-water residence" means any floating structure other than a floating home, as defined under subsection (5) of this section, that:
   (i) Is designed or used primarily as a residence on the water and has detachable utilities; and
   (ii) whose owner or primary occupant has held an ownership interest in space in a marina, or has held a lease or sublease to use space in a marina, since a date prior to July 1, 2014. [2014 c 56 § 2; 2011 c 212 § 2; 1971 ex.s. c 286 § 27.]

Findings—Intent—2014 c 56: "(1) The legislature recognizes that all Washington residents benefit from the unique aesthetic, recreational, and economic opportunities that are derived from the state’s aquatic resources, including its navigable waters and shoreline areas. The legislature also recognizes that, as affirmed in chapter 212, Laws of 2011, existing floating homes are an important cultural amenity and an element of the state’s maritime history and economy. The 2011 legislation, which clarified the legal status of floating homes, was intended to ensure the vitality and long-term survival of existing floating single-family home communities.

(2) The legislature finds that further clarification of the status of other residential uses on water that meet specific requirements and share important cultural, historical, and economic commonalities with floating homes, is necessary.

(3) The legislature, therefore, intends to: Preserve the existence and vitality of current, floating on-water residential uses; establish greater clarity and regulatory uniformity for these uses; and respect the well-established authority of local governments to determine compliance with regulatory requirements applicable to their jurisdiction." [2014 c 56 § 1.]

Finding—2011 c 212: "The legislature recognizes that existing floating homes, as part of our state’s existing houseboat communities, are an important cultural amenity and element of our maritime history. These surviving floating home communities are a linkage to the past, when our waterways were the focus of commerce, transport, and development. In order to ensure the vitality and long-term survival of these existing floating home communities, consistent with the legislature’s goal of allowing their continued use, improvement, and replacement without undue burden, the legislature finds that it is necessary to clarify their legal status." [2011 c 212 § 1.]

90.58.280  Application to all state agencies, counties, public and municipal corporations. The provisions of this chapter shall be applicable to all agencies of state government, counties, and public and municipal corporations and to all shorelines of the state owned or administered by them. [1971 ex.s. c 286 § 28.]

90.58.290  Restrictions as affecting fair market value of property. The restrictions imposed by this chapter shall be considered by the county assessor in establishing the fair market value of the property. [1971 ex.s. c 286 § 29.]

90.58.300  Department as regulating state agency—Special authority. The department of ecology is designated the state agency responsible for the program of regulation of the shorelines of the state, including coastal shorelines and the shorelines of the inner tidal waters of the state, and is authorized to cooperate with the federal government and sister states and to receive benefits of any statutes of the United States whenever enacted which relate to the programs of this chapter. [1971 ex.s. c 286 § 30.]

90.58.310  Designation of shorelines of statewide significance by legislature—Recommendation by director, procedure. Additional shorelines of the state shall be designated shorelines of statewide significance only by affirmative action of the legislature.

The director of the department may, however, from time to time, recommend to the legislature areas of the shorelines of the state which have statewide significance relating to special economic, ecological, educational, developmental, recreational, or aesthetic values to be designated as shorelines of statewide significance.

Prior to making any such recommendation the director shall hold a public hearing in the county or counties where the shoreline under consideration is located. It shall be the duty of the county commissioners of each county where such a hearing is conducted to submit their views with regard to a proposed designation to the director at such date as the director determines but in no event shall the date be later than sixty days after the public hearing in the county. [1971 ex.s. c 286 § 31.]

90.58.320  Height limitation respecting permits. No permit shall be issued pursuant to this chapter for any new or expanded building or structure of more than thirty-five feet above average grade level on shorelines of the state that will obstruct the view of a substantial number of residences on areas adjoining such shorelines except where a master program does not prohibit the same and then only when overriding considerations of the public interest will be served. [1971 ex.s. c 286 § 32.]

[Title 90 RCW—page 142]
90.58.340 Use policies for land adjacent to shorelines, development of. All state agencies, counties, and public and municipal corporations shall review administrative and management policies, regulations, plans, and ordinances relative to lands under their respective jurisdictions adjacent to the shorelines of the state so as to achieve a use policy on said land consistent with the policy of this chapter, the guidelines, and the master programs for the shorelines of the state. The department may develop recommendations for land use control for such lands. Local governments shall, in developing use regulations for such areas, take into consideration any recommendations developed by the department as well as any other state agencies or units of local government. [1971 ex.s. c 286 § 34.]

90.58.350 Nonapplication to treaty rights. Nothing in this chapter shall affect any rights established by treaty to which the United States is a party. [1971 ex.s. c 286 § 35.]

90.58.355 Persons not required to obtain certain permits or variances. Requirements to obtain a substantial development permit, conditional use permit, or variance shall not apply to any person:

(1) Conducting a remedial action at a facility pursuant to a consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or to the department of ecology when it conducts a remedial action under chapter 70.105D RCW. The department must ensure compliance with the substantive requirements of this chapter through the consent decree, order, or agreed order issued pursuant to chapter 70.105D RCW, or during the department-conducted remedial action, through the procedures developed by the department pursuant to RCW 70.105D.090; or

(2) Installing site improvements for storm water treatment in an existing boatyard facility to meet requirements of a national pollutant discharge elimination system storm water general permit. The department must ensure compliance with the substantive requirements of this chapter through the review of engineering reports, site plans, and other documents related to the installation of boatyard storm water treatment facilities. [2012 c 169 § 1; 1994 c 257 § 20.]

90.58.360 Existing requirements for permits, certificates, etc., not obviated. Nothing in this chapter shall obviate any requirement to obtain any permit, certificate, license, or approval from any state agency or local government. [1971 ex.s. c 286 § 36.]

90.58.370 Processing of permits or authorizations for emergency water withdrawal and facilities to be expedited. All state and local agencies with authority under this chapter to issue permits or other authorizations in connection with emergency water withdrawals and facilities authorized under RCW 43.83B.410 shall expedite the processing of such permits or authorizations in keeping with the emergency nature of such requests and shall provide a decision to the applicant within fifteen calendar days of the date of application. [1989 c 171 § 11; 1987 c 343 § 5.]

90.58.380 Adoption of wetland manual. The department by rule shall adopt a manual for the delineation of wetlands under this chapter that implements and is consistent with the 1987 manual in use on January 1, 1995, by the United States army corps of engineers and the United States environmental protection agency. If the corps of engineers and the environmental protection agency adopt changes to or a different manual, the department shall consider those changes and may adopt rules implementing those changes. [1995 c 382 § 11.]

90.58.515 Watershed restoration projects—Exemption. Watershed restoration projects as defined in RCW 89.08.460 are exempt from the requirement to obtain a substantial development permit. Local government shall review the projects for consistency with the locally adopted shoreline master program in an expeditious manner and shall issue its decision along with any conditions within forty-five days of receiving a complete consolidated application form from the applicant. No fee may be charged for accepting and processing applications for watershed restoration projects as used in this section. [1995 c 378 § 16.]

90.58.550 Oil or natural gas exploration in marine waters—Definitions—Application for permit—Requirements—Review—Enforcement. (1) Within this section the following definitions apply:

(a) "Exploration activity" means reconnaissance or survey work related to gathering information about geologic features and formations underlying or adjacent to marine waters;

(b) "Marine waters" include the waters of Puget Sound north to the Canadian border, the waters of the Strait of Juan de Fuca, the waters between the western boundary of the state and the ordinary high water mark, and related bays and estuaries;

(c) "Vessel" includes ships, boats, barges, or any other floating craft.

(2) A person desiring to perform oil or natural gas exploration activities by vessel located on or within marine waters of the state shall first obtain a permit from the department of ecology. The department may approve an application for a permit only if it determines that the proposed activity will not:

(a) Interfere materially with the normal public uses of the marine waters of the state;

(b) Interfere with activities authorized by a permit issued under RCW 90.58.140(2);

(c) Injure the marine biota, beds, or tidelands of the waters;

(d) Violate water quality standards established by the department; or

(e) Create a public nuisance.

(3) Decisions on an application under subsection (2) of this section are subject to review only by the pollution control hearings board under chapter 43.21B RCW.

(4) This section does not apply to activities conducted by an agency of the United States or the state of Washington.

(5) This section does not lessen, reduce, or modify RCW 90.58.160.

(6) The department may adopt rules necessary to implement this section.
(7) The attorney general shall enforce this section. [1983 c 138 § 1.]

Ocean resources management act: Chapter 43.14 RCW.
Transport of petroleum products or hazardous substances: Chapter 88.40 RCW.

90.58.560 Oil or natural gas exploration—Violations of RCW 90.58.550—Penalty—Appeal. (1) Except as provided in RCW 43.05.060 through 43.05.080 and 43.05.150, a person who violates RCW 90.58.550, or any rule adopted thereunder, is subject to a penalty in an amount of up to five thousand dollars a day for every such violation. Each and every such violation shall be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided for in this section.

(2) The penalty shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the penalty from the director or the director's representative describing such violation with reasonable particularity.

(3) Any person incurring any penalty under this section may appeal the penalty to the hearings board as provided for in chapter 43.21B RCW. Such appeals shall be filed within thirty days from the date of receipt of the penalty. Any penalty imposed under this section shall become due and payable thirty days after receipt of a notice imposing the same unless an appeal is filed. Whenever an appeal of any penalty incurred under this section is filed, the penalty shall become due and payable only upon completion of all review proceedings and the issuance of a final order confirming the penalty in whole or in part.

(4) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the director, shall bring an action in the name of the state of Washington in the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise provided in this chapter. All penalties recovered under this section shall be and be deemed to be a separate and distinct offense, and in case of a continuing violation, every day's continuance shall be and be deemed to be a separate and distinct violation. Every act of commission or omission which procures, aids or abets in the violation shall be considered a violation under the provisions of this section and subject to the penalty provided for in this section.

(5) Any amount not collected from any person incurring a penalty under this section shall be paid into the state treasury and credited to the general fund. [2010 c 210: 1995 c 403 § 638; 1983 c 138 § 2.]

Intent—Effective dates—Application—Pending cases and rules—2010 c 210: See notes following RCW 43.21B.001.
Findings—Short title—Intent—1995 c 403: See note following RCW 34.05.328.
Additional notes found at www.leg.wa.gov

90.58.570 Consultation before responding to federal coastal zone management certificates. The department of ecology shall consult with affected state agencies, local governments, Indian tribes, and the public prior to responding to federal coastal zone management consistency certifications for uses and activities occurring on the federal outer continental shelf. [1989 1st ex.s. c 2 § 15.]

Additional notes found at www.leg.wa.gov

90.58.580 Shoreline restoration projects—Relief from shoreline master program development standards and use regulations. (1) The local government may grant relief from shoreline master program development standards and use regulations within urban growth areas when the following apply:

(a) A shoreline restoration project causes or would cause a landward shift in the ordinary high water mark, resulting in the following:

(i) (A) Land that had not been regulated under this chapter prior to construction of the restoration project is brought under shoreline jurisdiction; or
(B) Additional regulatory requirements apply due to a landward shift in required shoreline buffers or other regulations of the applicable shoreline master program; and

(ii) Application of shoreline master program regulations would preclude or interfere with use of the property permitted by local development regulations, thus presenting a hardship to the project proponent;

(b) The proposed relief meets the following criteria:

(i) The proposed relief is the minimum necessary to relieve the hardship;

(ii) After granting the proposed relief, there is net environmental benefit from the restoration project;

(iii) Granting the proposed relief is consistent with the objectives of the shoreline restoration project and consistent with the shoreline master program; and

(iv) Where a shoreline restoration project is created as mitigation to obtain a development permit, the project proponent required to perform the mitigation is not eligible for relief under this section; and

(c) The application for relief must be submitted to the department for written approval or disapproval. This review must occur during the department's normal review of a shoreline substantial development permit, conditional use permit, or variance. If no such permit is required, then the department shall conduct its review when the local government provides a copy of a complete application and all supporting information necessary to conduct the review.

(i) Except as otherwise provided in subsection (2) of this section, the department shall provide at least twenty-days notice to parties that have indicated interest to the department in reviewing applications for relief under this section, and post the notice on their website.

(ii) The department shall act within thirty calendar days of close of the public notice period, or within thirty days of receipt of the proposal from the local government if additional public notice is not required.

(2) The public notice requirements of subsection (1)(c) of this section do not apply if the relevant shoreline restoration project was included in a shoreline master program or shoreline restoration plan as defined in WAC 173-26-201, as follows:

(a) The restoration plan has been approved by the department under applicable shoreline master program guidelines;

(b) The shoreline restoration project is specifically identified in the shoreline master program or restoration plan or is located along a shoreline reach identified in the shoreline master program or restoration plan as appropriate for granting relief from shoreline regulations; and
(c) The shoreline master program or restoration plan includes policies addressing the nature of the relief and why, when, and how it would be applied.

(3) A substantial development permit is not required on land within urban growth areas as defined in RCW 36.70A.030 that is brought under shoreline jurisdiction due to a shoreline restoration project creating a landward shift in the ordinary high water mark.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Shoreline restoration project" means a project designed to restore impaired ecological function of a shoreline.

(b) "Urban growth areas" has the same meaning as defined in RCW 36.70A.030. 

Finding—Intent—2009 c 405: "The legislature finds that restoration of degraded shoreline conditions is important to the ecological function of our waters. However, restoration projects that shift the location of the shoreline can inadvertently create hardships for property owners, particularly in urban areas. Hardship may occur when a shoreline restoration project shifts shoreline management act regulations into areas that had not previously been regulated under the act or shifts the location of required shoreline buffers. The legislature intends to provide relief to property owners in such cases, while protecting the viability of shoreline restoration projects." [2009 c 405 § 1.]

90.58.590 Local governments authorized to adopt moratoria—Requirements—Public hearing.

(1) Local governments may adopt moratoria or other interim official controls as necessary and appropriate to implement this chapter.

(2)(a) A local government adopting a moratorium or control under this section must:

(i) Hold a public hearing on the moratorium or control;

(ii) Adopt detailed findings of fact that include, but are not limited to justifications for the proposed or adopted actions and explanations of the desired and likely outcomes;

(iii) Notify the department of the moratorium or control immediately after its adoption. The notification must specify the time, place, and date of any public hearing required by this subsection;

(iv) Provide that all lawfully existing uses, structures, or other development shall continue to be deemed lawful conforming uses and may continue to be maintained, repaired, and redeveloped, so long as the use is not expanded, under the terms of the land use and shoreline rules and regulations in place at the time of the moratorium.

(b) The public hearing required by this section must be held within sixty days of the adoption of the moratorium or control.

(3) A moratorium or control adopted under this section may be effective for up to six months if a detailed work plan for remediating the issues and circumstances necessitating the moratorium or control is developed and made available for public review. A moratorium or control may be renewed for two six-month periods if the local government complies with subsection (2)(a) of this section before each renewal. If a moratorium or control is in effect on the date a proposed master program or amendment is submitted to the department, the moratorium or control must remain in effect until the department's final action under RCW 90.58.090; however, the moratorium expires six months after the date of submittal if the department has not taken final action.

(4) Nothing in this section may be construed to modify county and city moratoria powers conferred outside this chapter. [2009 c 444 § 2.]

Intent—2009 c 444: "The legislature recognizes that cities and counties have moratoria authority granted through constitutional and statutory provisions and that this authority, when properly exercised, is an important aspect of complying with environmental stewardship and protection requirements. Recognizing the fundamental role and value of properly exercised moratoria, the legislature intends to establish new moratoria procedures and to affirm moratoria authority that local governments have and may exercise when implementing the shoreline management act, while recognizing the legitimate interests of existing shoreline-related developments during the period of interim moratoria." [2009 c 444 § 1.]

90.58.600 Conformance with chapter 43.97 RCW required. With respect to the National Scenic Area, as defined in the Columbia [River] Gorge National Scenic Area Act, P.L. 99-663, the exercise of any power or authority by a local government or the department of ecology pursuant to this chapter shall be subject to and in conformity with the requirements of chapter 43.97 RCW, including the management plan regulations and ordinances adopted by the Columbia River Gorge commission pursuant to the Compact. [1987 c 499 § 10.]

90.58.610 Relationship between shoreline master programs and development regulations under growth management act governed by RCW 36.70A.480. RCW 36.70A.480 governs the relationship between shoreline master programs and development regulations to protect critical areas that are adopted under chapter 36.70A RCW. [2010 c 107 § 4.]

Intent—Retroactive application—Effective date—2010 c 107: See notes following RCW 36.70A.480.

90.58.620 New or amended master programs—Authorized provisions.

(1) New or amended master programs approved by the department on or after September 1, 2011, may include provisions authorizing:

(a) Residential structures and appurtenant structures that were legally established and are used for a conforming use, but that do not meet standards for the following to be considered a conforming structure: Setbacks, buffers, or yards; area; bulk; height; or density; and

(b) Redevelopment, expansion, change with the class of occupancy, or replacement of the residential structure if it is consistent with the master program, including requirements for no net loss of shoreline ecological functions.

(2) For purposes of this section, "appurtenant structures" means garages, sheds, and other legally established structures. "Appurtenant structures" does not include bulkheads and other shoreline modifications or over-water structures.

(3) Nothing in this section: (a) Restricts the ability of a master program to limit redevelopment, expansion, or replacement of over-water structures located in hazardous areas, such as floodplains and geologically hazardous areas; or (b) affects the application of other federal, state, or local government requirements to residential structures. [2011 c 323 § 2.]

Findings—2011 c 323: "(1) The legislature recognizes that there is concern from property owners regarding legal status of existing legally developed shoreline structures under updated shoreline master programs. Significant concern has been expressed by residential property owners during
shoreline master program updates regarding the legal status of existing shoreline structures that may not meet current standards for new development.

(2) Engrossed House Bill No. 1653, enacted as chapter 107, Laws of 2010 clarified the status of existing structures in the shoreline area under the growth management act prior to the update of shoreline regulations. It is in the public interest to clarify the legal status of these structures that will apply after shoreline regulations are updated.

(3) Updated shoreline master programs must include provisions to ensure that expansion, redevelopment, and replacement of existing structures will result in no net loss of the ecological function of the shoreline. Classifying existing structures as legally conforming will not create a risk of degrading shoreline natural resources. * [2011 c 323 § 1.]

90.58.900 Liberal construction—1971 ex.s. c 286.
This chapter is exempted from the rule of strict construction, and it shall be liberally construed to give full effect to the objectives and purposes for which it was enacted. [1971 ex.s. c 286 § 37.]

90.58.910 Severability—1971 ex.s. c 286. If any provision of this chapter, or its application to any person or legal entity or circumstances, is held invalid, the remainder of the act, or the application of the provision to other persons or legal entities or circumstances, shall not be affected. [1971 ex.s. c 286 § 40.]

90.58.911 Severability—1983 c 138. If any provision of this act or its application to any person or circumstances is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1983 c 138 § 4.]

90.58.920 Effective date—1971 ex.s. c 286. This chapter is necessary for the immediate preservation of the public peace, health and safety, the support of the state government, and its existing institutions. This 1971 act shall take effect on June 1, 1971. The director of ecology is authorized to immediately take such steps as are necessary to insure that this 1971 act is implemented on its effective date. [1971 ex.s. c 286 § 41.]

Chapter 90.64 RCW
DAIRY NUTRIENT MANAGEMENT
(Formerly: Dairy waste management)

90.64.603 Information subject to public records disclosure.
90.64.700 Database.
90.64.800 Effective date—1998 c 262.
90.64.900 Transfer of powers, duties, and functions to the department of agriculture.

90.64.005 Findings. The legislature finds that there is a need to establish a clear and understandable process that provides for the proper and effective management of dairy nutrients that affect the quality of surface or ground waters in the state of Washington. The legislature finds that there is a need for a program that will provide a stable and predictable business climate upon which dairy farms may base future investment decisions.

The legislature finds that federal regulations require a permit program for dairies with over seven hundred head of mature cows and, other specified dairy farms that directly discharge into waters or are otherwise significant contributors of pollution. The legislature finds that significant work has been ongoing over a period of time and that the intent of this chapter is to take the consensus that has been developed and place it into statutory form.

It is also the intent of this chapter to establish an inspection and technical assistance program for dairy farms to address the discharge of pollution to surface and ground waters of the state that will lead to water quality compliance by the industry. A further purpose is to create a balanced program involving technical assistance, regulation, and enforcement with coordination and oversight of the program by a *committee composed of industry, agency, and other representatives. Furthermore, it is the objective of this chapter to maintain the administration of the water quality program as it relates to dairy operations at the state level.

It is also the intent of this chapter to recognize the existing working relationships between conservation districts, the conservation commission, and the department of ecology in protecting water quality of the state. A further purpose of this chapter is to provide statutory recognition of the coordination of the functions of conservation districts, the conservation commission, and the department of ecology pertaining to development of dairy waste management plans for the protection of water quality. [1998 c 262 § 1; 1993 c 221 § 1.]

*Reviser's note: The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.

90.64.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Advisory and oversight committee" means a balanced committee of agency, dairy farm, and interest group representatives convened to provide oversight and direction to the dairy nutrient management program.

(2) "Bypass" means the intentional diversion of waste streams from any portion of a treatment facility.
"Catastrophic" means a tornado, hurricane, earthquake, flood, or other extreme condition that causes an overflow from a required waste retention structure.

(4) "Certification" means:

(a) The acknowledgment by a local conservation district that a dairy producer has constructed or otherwise put in place the elements necessary to implement his or her dairy nutrient management plan; and

(b) The acknowledgment by a dairy producer that he or she is managing dairy nutrients as specified in his or her approved dairy nutrient management plan.

(5) "Chronic" means a series of wet weather events that precludes the proper operation of a dairy nutrient management system that is designed for the current herd size.

(6) "Conservation commission" or "commission" means the conservation commission under chapter 89.08 RCW.

(7) "Conservation districts" or "district" means a subdivision of state government organized under chapter 89.08 RCW.

(8) "Concentrated dairy animal feeding operation" means a dairy animal feeding operation subject to regulation under this chapter which the director designates under RCW 90.64.020 or meets the following criteria:

(a) Has more than seven hundred mature dairy cows, whether milked or dry cows, that are confined; or

(b) Has more than two hundred head of mature dairy cattle, whether milked or dry cows, that are confined and either:

(i) From which pollutants are discharged into navigable waters through a man-made ditch, flushing system, or other similar man-made device; or

(ii) From which pollutants are discharged directly into surface or ground waters of the state that originate outside of and pass over, across, or through the facility or otherwise come into direct contact with the animals confined in the operation.

(9) "Dairy animal feeding operation" means a lot or facility where the following conditions are met:

(a) Dairy animals that have been, are, or will be stabbed or confined and fed for a total of forty-five days or more in any twelve-month period; and

(b) Crops, vegetation forage growth, or postharvest residues are not sustained in the normal growing season over any portion of the lot or facility. Two or more dairy animal feeding operations under common ownership are considered, for the purposes of this chapter, to be a single dairy animal feeding operation if they adjoin each other or if they use a common area for land application of wastes.

(10) "Dairy farm" means any farm that is licensed to produce milk under chapter 15.36 RCW.

(11) "Dairy nutrient" means any organic waste produced by dairy cows or a dairy farm operation.

(12) "Dairy nutrient management plan" means a plan meeting the requirements established under RCW 90.64.026.

(13) "Dairy producer" means a person who owns or operates a dairy farm.

(14) "Department" means the department of ecology under chapter 43.21A RCW.

(15) "Director" means the director of the department of ecology, or his or her designee.

(16) "Upset" means an exceptional incident in which there is an unintentional and temporary noncompliance with technology-based permit effluent limitations because of factors beyond the reasonable control of the dairy. An upset does not include noncompliance to the extent caused by operational error, improperly designed treatment facilities, inadequate treatment facilities, lack of preventive maintenance, or careless or improper operation.

(17) "Violation" means the following acts or omissions:

(a) A discharge of pollutants into the waters of the state, except those discharges that are due to a chronic or catastrophic event, or to an upset as provided in 40 C.F.R. Sec. 122.41, or to a bypass as provided in 40 C.F.R. Sec. 122.41, and that occur when:

(i) A dairy producer has a current national pollutant discharge elimination system permit with a wastewater system designed, operated, and maintained for the current herd size and that contains all process-generated wastewater plus average annual precipitation minus evaporation plus contaminated storm water runoff from a twenty-five year, twenty-four hour rainfall event for that specific location, and the dairy producer has complied with all permit conditions, including dairy nutrient management plan conditions for appropriate land application practices; or

(ii) A dairy producer does not have a national pollutant discharge elimination system permit, but has complied with all of the elements of a dairy nutrient management plan that: Prevents the discharge of pollutants to waters of the state, is commensurate with the dairy producer's current herd size, and is approved and certified under RCW 90.64.026;

(b) Failure to register as required under RCW 90.64.017;

(c)(i) Until July 1, 2011, failure to keep for a period of three years all records necessary to show that applications of nutrients to the land were within acceptable agronomic rates, unless otherwise required by law; and

(ii) Beginning July 1, 2011, failure to keep for a period of five years all records necessary to show that applications of nutrients to the land were within acceptable agronomic rates;

(d) The lack of an approved dairy nutrient management plan by July 1, 2002; or

(e) The lack of a certified dairy nutrient management plan for a dairy farm after December 31, 2003. [2009 c 143 § 2; 1998 c 262 § 2; 1993 c 221 § 2.]

*Reviser's note: The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.

90.64.017 Registration of dairy producers—Information required—Information to producers regarding chapter. (1) Every dairy producer licensed under chapter 15.36 RCW shall register with the department by September 1, 1998, and shall reregister with the department by September 1st of every even-numbered year. Every dairy producer licensed after September 1, 1998, shall register with the department within sixty days of licensing. The purpose of registration is to provide and update baseline information for the dairy nutrient management program.

(2) To facilitate registration, the department shall obtain from the food safety and animal health division of the department of agriculture a current list of all licensed dairy producers in the state and mail a registration form to each licensed dairy producer no later than July 15, 1998.
(3) At a minimum, the form shall require the following information as of the date the form is completed:

(a) The name and address of the operator of the dairy farm;
(b) The name and address of the dairy farm;
(c) The telephone number of the dairy farm;
(d) The number of cows in the dairy farm;
(e) The number of young stock in the dairy farm;
(f) The number of acres owned and rented in the dairy farm;
(g) Whether the dairy producer, to the best of his or her knowledge, has a plan for managing dairy nutrient discharges that is commensurate with the size of his or her herd, and whether the plan is being fully implemented; and
(h) If the fields where dairy nutrients are being applied belong to someone other than the dairy producer whose farm operation generated the nutrients, the name, address, and telephone number of the owners of the property accepting the dairy nutrients.

(4) In the mailing to dairy producers containing the registration form, the department shall also provide clear and comprehensive information regarding the requirements of this chapter.

(5) The department shall require the registrant to provide only information that is not already available from other sources accessible to the department, such as dairy licensing information. [1998 c 262 § 3.]

90.64.020 Concentrated dairy animal feeding operation—Designation—Permit. (1) The director of the department of ecology may designate any dairy animal feeding operation as a concentrated dairy animal feeding operation upon determining that it is a significant contributor of pollution to the surface or ground waters of the state. In making this designation the director shall consider the following factors:

(a) The size of the animal feeding operation and the amount of wastes reaching waters of the state;
(b) The location of the animal feeding operation relative to waters of the state;
(c) The means of conveyance of animal wastes and process waters into the waters of the state;
(d) The slope, vegetation, rainfall, and other factors affecting the likelihood or frequency of discharge of animal wastes and process waste waters into the waters of the state; and
(e) Other relevant factors as established by the department by rule.

(2) A notice of intent to apply for a permit shall not be required from a concentrated dairy animal feeding operation designated under this section until the director has conducted an on-site inspection of the operation and determined that the operation should and could be regulated under the permit program. [1993 c 221 § 3.]

90.64.023 Inspection program. (1) By October 1, 1998, the department shall initiate an inspection program of all dairy farms in the state. The purpose of the inspections is to:

(a) Survey for evidence of violations;
(b) Identify corrective actions for actual or imminent discharges that violate or could violate the state's water quality standards;
(c) Monitor the development and implementation of dairy nutrient management plans; and
(d) Identify dairy producers who would benefit from technical assistance programs.

(2) Local conservation district employees may, at their discretion, accompany department inspectors on any scheduled inspection of dairy farms except random, unannounced inspections.

(3) Follow-up inspections shall be conducted by the department to ensure that corrective and other actions as identified in the course of initial inspections are being carried out. The department shall also conduct such additional inspections as are necessary to ensure compliance with state and federal water quality requirements, provided that all licensed dairy farms shall be inspected once within two years of the start of this program. The department, in consultation with the *advisory and oversight committee established in section 8 of this act, shall develop performance-based criteria to determine the frequency of inspections.

(4) Dairy farms shall be prioritized for inspection based on the development of criteria that include, but are not limited to, the following factors:

(a) Existence or implementation of a dairy nutrient management plan;
(b) Proximity to impaired waters of the state; and
(c) Proximity to all other waters of the state. The criteria developed to implement this subsection (4) shall be reviewed by the *advisory and oversight committee. [1998 c 262 § 5.]

*Reviser's note: The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.

90.64.026 Dairy nutrient management plans—Elements—Approval—Timelines—Certification. (1) Except for those producers who already have a certified dairy nutrient management plan as required under the terms and conditions of an individual or general national pollutant discharge elimination system permit, all dairy producers licensed under chapter 15.36 RCW, regardless of size, shall prepare a dairy nutrient management plan. If at any time a dairy nutrient management plan fails to prevent the discharge of pollutants to waters of the state, it shall be required to be updated.

(2) By November 1, 1998, the conservation commission, in conjunction with the *advisory and oversight committee established under section 8 of this act shall develop a document clearly describing the elements that a dairy nutrient management plan must contain to gain local conservation district approval.

(3) In developing the elements that an approved dairy nutrient management plan must contain, the commission may authorize the use of other methods and technologies than those developed by the natural resources conservation service when such alternatives have been evaluated by the *advisory and oversight committee. Alternative methods and technologies shall meet the standards and specifications of:

(a) The natural resources conservation service as modified by the geographically based standards developed under **RCW 90.64.140; or
Dairy Nutrient Management

(4) In evaluating alternative technologies and methods, the principal objectives of the committee's evaluation shall be determining:

(a) Whether there is a substantial likelihood that, once implemented, the alternative technologies and methods would not violate water quality requirements.
(b) Whether more cost-effective methods can be successfully implemented in some or all categories of dairy operations.
(c) Whether the technologies and methods approved or provided by the natural resources conservation service for use by confined animal feeding operations are necessarily required for other categories of dairy operations.

In addition, the committee shall encourage the conservation commission and the conservation districts to apply in dairy nutrient management plans technologies and methods that are appropriate to the needs of the specific type of operation and the specific farm site and to avoid imposing requirements that are not necessary for the specific dairy producer to achieve compliance with water quality requirements.

(5) Such plans shall be submitted for approval to the local conservation district where the dairy farm is located, and shall be approved by conservation districts no later than by July 1, 2002. The conservation commission, in conjunction with conservation districts, shall develop a statewide schedule of plan development and approval to ensure adequate resources are available to have all plans approved by July 1, 2002.

(6) If a dairy producer leases land for dairy production from an owner who has prohibited the development of capital improvements, such as storage lagoons, on the leased property, the dairy producer shall indicate in his or her dairy nutrient management plan that such improvements are prohibited by the landowner and shall describe other methods, such as land application, that will be employed by the dairy producer to manage dairy nutrients.

(7) Notwithstanding the timelines in this section, any dairy farm licensed after September 1, 1998, shall have six months from the date of licensing to develop a dairy nutrient management plan and another eighteen months to fully implement that plan.

(8) If a plan contains the elements identified in subsection (2) of this section, a conservation district shall approve the plan no later than ninety days after receiving the plan. If the plan does not contain the elements identified in subsection (2) of this section, the local conservation district shall notify the dairy producer in writing of modifications needed in the plan no later than ninety days after receiving the plan. The dairy producer shall provide a revised plan that includes the needed modifications within ninety days of the date of the local conservation district notification. If the dairy producer does not agree with, or otherwise takes exception to, the modifications requested by the local conservation district, the dairy producer may initiate the appeals process described in RCW 90.64.028 within thirty days of receiving the letter of notification.

(9) An approved plan shall be certified by a conservation district and a dairy producer when the elements necessary to implement the plan have been constructed or otherwise put in place, and are being used as designed and intended. A certification form shall be developed by the conservation commission for use statewide and shall provide for a signature by both a conservation district representative and a dairy producer. Certification forms shall be signed by December 31, 2003, and a copy provided to the department for recording in the database established in RCW 90.64.130.

(10) The ability of dairy producers to comply with the planning requirements of this chapter depends, in many cases, on the availability of federal and state funding to support technical assistance provided by local conservation districts. Dairy producers shall not be held responsible for non-compliance with the planning requirements of this chapter if conservation districts are unable to perform their duties under this chapter because of insufficient funding. [1998 c 262 § 6.]

Reviser's note: *1(1) The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed. **(2) RCW 90.64.140 was repealed by 2009 c 143 § 3.

90.64.028 Appeals from denial of plan approval or certification—Dairy producer-requested hearings—Extension of timelines.

(1) Conservation district decisions pertaining to denial of approval or denial of certification of a dairy nutrient management plan; modification or amendment of a plan; conditions contained in a plan; application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and the failure to adhere to plan review and approval timelines identified in RCW 90.64.026 are appealable under this chapter. Department actions pertaining to water quality violations are appealable under chapter 90.48 RCW.

In addition, a dairy producer who is constrained from complying with the planning requirements of this chapter because of financial hardship or local permitting delays may request a hearing before the conservation commission and may request an extension of up to one year beyond the approval and certification dates prescribed in this chapter for plan approval and certification.

(2) Within thirty days of receiving a local conservation district notification regarding any of the decisions identified in subsection (1) of this section, a dairy producer who disagrees with any of these decisions may request an informal hearing before the conservation commission or may appeal directly to the pollution control hearings board. The commission shall issue a written decision no later than thirty days after the informal hearing.

(3) If the conservation commission reverses the decision of the conservation district, the conservation district may appeal this reversal to the pollution control hearings board according to the procedure in chapter 43.21B RCW within thirty days of receipt of the commission's decision.

(4) When an appeals process is initiated under this section, the length of time extending from the start of the appeals process to its conclusion shall be added onto the timelines provided in this chapter for plan development, approval, and certification only if an appeal is heard by the pollution control hearings board. [1998 c 262 § 7.]

90.64.030 Investigation of dairy farms—Report of findings—Corrective action—Violations of water quality
laws—Waivers—Penalties. (1) Under the inspection program established in RCW 90.64.023, the department may investigate a dairy farm to determine whether the operation is discharging pollutants or has a record of discharging pollutants into surface or ground waters of the state. Upon concluding an investigation, the department shall make a written report of its findings, including the results of any water quality measurements, photographs, or other pertinent information, and provide a copy of the report to the dairy producer within twenty days of the investigation.

(2) The department shall investigate a written complaint filed with the department within three working days and shall make a written report of its findings including the results of any water quality measurements, photographs, or other pertinent information. Within twenty days of receiving a written complaint, a copy of the findings shall be provided to the dairy producer subject to the complaint, and to the complainant if the person gave his or her name and address to the department at the time the complaint was filed.

(3) The department may consider past complaints against the same dairy farm from the same person and the results of its previous inspections, and has the discretion to decide whether to conduct an inspection if:

(a) The same or a similar complaint or complaints have been filed against the same dairy farm within the immediately preceding six-month period; and

(b) The department made a determination that the activity that was the subject of the prior complaint was not a violation.

(4) If the decision of the department is not to conduct an inspection, it shall document the decision and the reasons for the decision within twenty days. The department shall provide the decision to the complainant if the name and address were provided to the department, and to the dairy producer subject to the complaint, and the department shall place the decision in the department's administrative records.

(5) The report of findings of any inspection conducted as the result of either an oral or a written complaint shall be placed in the department's administrative records. Only findings of violations shall be entered into the database identified in RCW 90.64.130.

(6) A dairy farm that is determined to be a significant contributor of pollution based on actual water quality tests, photographs, or other pertinent information is subject to the provisions of this chapter and to the enforcement provisions of chapters 43.05 and 90.48 RCW, including civil penalties levied under RCW 90.48.144.

(7) If the department determines that an unresolved water quality problem from a dairy farm requires immediate corrective action, the department shall notify the producer and the district in which the problem is located. When corrective actions are required to address such unresolved water quality problems, the department shall provide copies of all final dairy farm inspection reports and documentation of all formal regulatory and enforcement actions taken by the department against that particular dairy farm to the local conservation district and to the appropriate dairy farm within twenty days.

(8) For a violation of water quality laws that is a first offense for a dairy producer, the penalty may be waived to allow the producer to come into compliance with water quality laws. The department shall record all legitimate violations and subsequent enforcement actions.

(9) A discharge, including a storm water discharge, to surface waters of the state shall not be considered a violation of this chapter, chapter 90.48 RCW, or chapter 173-201A WAC, and shall therefore not be enforceable by the department of ecology or a third party, if at the time of the discharge, a violation is not occurring under RCW 90.64.010 (17). In addition, a dairy producer shall not be held liable for violations of this chapter, chapter 90.48 RCW, chapter 173-201A WAC, or the federal clean water act due to the discharge of dairy nutrients to waters of the state resulting from spreading these materials on lands other than where the nutrients were generated, when the nutrients are spread by persons other than the dairy producer or the dairy producer's agent.

(10) As provided under RCW 7.48.305, agricultural activities associated with the management of dairy nutrients are presumed to be reasonable and shall not be found to constitute a nuisance unless the activity has a substantial adverse effect on public health and safety.

(11) This section specifically acknowledges that if a holder of a general or individual national pollutant discharge elimination system permit complies with the permit and the dairy nutrient management plan conditions for appropriate land application practices, the permit provides compliance with the federal clean water act and acts as a shield against citizen or agency enforcement for any additions of pollutants to waters of the state or of the United States as authorized by the permit.

(12) A dairy producer who fails to have an approved dairy nutrient management plan by July 1, 2002, or a certified dairy nutrient management plan by December 31, 2003, and for which no appeals have been filed with the pollution control hearings board, is in violation of this chapter. Each month beyond these deadlines that a dairy producer is out of compliance with the requirement for either plan approval or plan certification shall be considered separate violations of chapter 90.64 RCW that may be subject to penalties. Such penalties may not exceed one hundred dollars per month for each violation up to a combined total of five thousand dollars. The department has discretion in imposing penalties for failure to meet deadlines for plan approval or plan certification if the failure to comply is due to lack of state funding for implementation of the program. Failure to register as required in RCW 90.64.017 shall subject a dairy producer to a maximum penalty of one hundred dollars. Penalties shall be levied by the department. [2011 c 103 § 3; 2003 c 325 § 3; 2002 c 327 § 1; 1998 c 262 § 11; 1993 c 221 § 4.]

Purpose—2011 c 103: See note following RCW 15.26.120.

Intent—Finding—2003 c 325: "A livestock nutrient management program is essential to ensuring a healthy and productive livestock industry in Washington state. The goal of the program must be to provide clear guidance to livestock farms as to their responsibilities under state and federal law to protect water quality while maintaining a healthy business climate for these farms. The program should develop reasonable financial assistance resources, educational and technical assistance to meet these responsibilities, and provide for periodic inspection and enforcement actions to ensure compliance with state and federal water quality laws. The legislature intends that by 2006, there will be a fully functioning state program for concentrated animal feeding operations in the state, and that this program will be a single program for all livestock sectors. The legislature finds that a livestock nutrient management program is necessary to address the federal rule changes with which livestock opera-
90.64.040 Appeal from actions and orders of the department. Enforcement actions and administrative orders issued by the department of ecology may be appealed to the pollution control hearings board in accordance with the provisions of chapter 43.21B RCW. [1993 c 221 § 5.]

90.64.050 Duties of department—Annual report to commission. (1) The department has the following duties:

(a) Identify existing or potential water quality problems resulting from dairy farms through implementation of the inspection program in RCW 90.64.023;

(b) Inspect a dairy farm upon the request of a dairy producer;

(c) Receive, process, and verify complaints concerning discharge of pollutants from all dairy farms;

(d) Determine if a dairy-related water quality problem requires immediate corrective action under the Washington state water pollution control laws, chapter 90.48 RCW, or the Washington state water quality standards adopted under chapter 90.48 RCW. The department shall maintain the lead enforcement responsibility;

(e) Administer and enforce national pollutant discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations and state laws or upon request of a dairy producer;

(f) Participate on the *advisory and oversight committee;

(g) Encourage communication and cooperation between local department personnel and the appropriate conservation district personnel;

(h) Require the use of dairy nutrient management plans as required under this chapter for entities required to plan under this chapter; and

(i) Provide to the commission and the *advisory and oversight committee an annual report of dairy farm inspection and enforcement activities.

(2) The department may not delegate its responsibilities in enforcement. [1998 c 262 § 12; 1993 c 221 § 6.]

*Reviser's note: The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.

90.64.070 Duties of conservation district. (1) The conservation district has the following duties:

(a) Provide technical assistance to the department in identifying and correcting existing water quality problems resulting from dairy farms through implementation of the inspection program in RCW 90.64.023;

(b) Immediately refer complaints received from the public regarding discharge of pollutants to the department;

(c) Encourage communication and cooperation between the conservation district personnel and local department personnel;

(d) Provide technical assistance to dairy producers in developing and implementing a dairy nutrient management plan; and

(e) Review, approve, and certify dairy nutrient management plans that meet the minimum standards developed under this chapter.

(2) The district's capability to carry out its responsibilities under this chapter is contingent upon the availability of funding and resources to implement a dairy nutrient management program. [1998 c 262 § 13; 1993 c 221 § 8.]

90.64.080 Duties of conservation commission. (1) The conservation commission has the following duties:

(a) Provide assistance as may be appropriate to the conservation districts in the discharge of their responsibilities as management agencies in dairy nutrient management program implementation;

(b) Provide coordination for conservation district programs at the state level through special arrangements with appropriate federal and state agencies, including oversight of the review, approval, and certification of dairy nutrient management plans;

(c) Inform conservation districts of activities and experiences of other conservation districts relative to agricultural water quality protection, and facilitate an interchange of advice, experience, and cooperation between the districts;

(d) Provide an informal hearing for disputes between dairy producers and local conservation districts pertaining to:

(i) Denial of approval or denial of certification of dairy nutrient management plans; (ii) modification or amendment of plans; (iii) conditions contained in plans; (iv) application of any dairy nutrient management practices, standards, methods, and technologies to a particular dairy farm; and (v) the failure to adhere to the plan review and approval timelines identified in RCW 90.64.026. An informal hearing may also provide an opportunity for dairy producers who are constrained from timely compliance with the planning requirements of this chapter because of financial hardship or local permitting delays to petition for additional time to comply;

(e) Encourage communication between the conservation district personnel and local department personnel;

(f) Accept nominations and appoint members to serve on the *advisory and oversight committee with advice of the Washington association of conservation districts and the department;

(g) Provide a cochair to the *advisory and oversight committee;

(h) Report to the legislature by December 1st of each year until 2003 on the status of dairy nutrient management planning and on the technical assistance provided to dairy producers in carrying out the requirements of this chapter; and

(i) Work with the department to provide communication outreach to representatives of agricultural and environmental organizations to receive feedback on implementation of this chapter.

(2) The commission's capability to carry out its responsibilities under this chapter is contingent upon the availability of funding and resources to implement a dairy nutrient management program. [1998 c 262 § 14; 1993 c 221 § 9.]

*Reviser's note: The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.
90.64.100 Particles' liability. A party acting under this chapter is not liable for another party's actions under this chapter. [1993 c 221 § 11.]

90.64.102 Recordkeeping violations—Civil penalty. (1) Except as provided in chapter 43.05 RCW, the department of agriculture may impose a civil penalty on a dairy producer in an amount of not more than five thousand dollars for failure to comply with recordkeeping requirements in RCW 90.64.010(17)(c). The aggregate amount of the civil penalties issued under this section shall not exceed five thousand dollars in a calendar year.

(2) In determining the amount of the civil penalty to be levied, the department of agriculture shall take into consideration:

(a) The gravity and magnitude of the violation;
(b) Whether the violation was repeated or is continuous;
(c) Whether the cause of the violation was an unavoidable accident, negligence, or an intentional act;
(d) The violator's efforts to correct the violation; and
(e) The immediacy and extent to which the violation threatens the public health or safety or harms the environment.

(3) The department of agriculture may establish by rule a graduated civil penalty schedule that includes the factors listed in this section. [2010 c 84 § 1.]

90.64.110 Rules. The department may adopt rules as necessary to implement this chapter. [1993 c 221 § 12.]

90.64.120 Department's authority under federal law or chapter 90.48 RCW not affected. (1) Nothing in this chapter shall affect the department of ecology's authority or responsibility to administer or enforce the national pollutant discharge elimination system permits for operators of concentrated dairy animal feeding operations, where required by federal regulations or to administer the provisions of chapter 90.48 RCW.

(2) Unless the department of ecology delegates its authority under chapter 90.48 RCW to the department of agriculture pursuant to RCW 90.48.260, and until any such delegation of authority receives federal approval, the transfer of federal program authorization to the department of agriculture pursuant to section 17 of the Federal Water Pollution Control Act Amendments of 1972 [33 U.S.C. § 1256(17)] shall be subject to approval by the department of ecology. The transfer of federal program authorization to the department of agriculture may be used only to provide grants for research and education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The director of agriculture shall accept and prioritize research proposals and education proposals. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2003 c 325 § 5; 1998 c 262 § 15.]

Intent—Finding—2003 c 325: See note following RCW 90.64.030.

90.64.150 Livestock nutrient management account. The livestock nutrient management account is created in the custody of the state treasurer. All receipts from monetary penalties levied pursuant to violations of this chapter must be deposited into the account. Expenditures from the account may be used only to provide grants for research or education proposals that assist livestock operations to achieve compliance with state and federal water quality laws. The director of agriculture shall accept and prioritize research proposals and education proposals. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2003 c 325 § 5; 1998 c 262 § 9.]

Reviser's note: The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.

90.64.170 Livestock nutrient management program—Review of statutory authority—Recommendations for statutory changes—Prerequisite to administering federal program. (1) The legislature finds that a livestock nutrient management program is essential to protecting the quality of the waters of the state and ensuring a healthy and productive livestock industry.

(2) The departments of agriculture and ecology shall examine their current statutory authorities and provide the legislature with recommendations for statutory changes to fully implement a livestock nutrient management program within the department of agriculture for concentrated animal feeding operations, animal feeding operations, and dairies, as authorized in RCW 90.48.260, *90.64.813, and 90.64.901. In developing recommended statutory changes, the departments shall consult with the livestock nutrient management program development and oversight committee created in *RCW 90.64.813. The recommendations must be submitted to the legislature by the departments of agriculture and ecology prior to applying to the environmental protection agency for delegated authority to administer the CAFO portion of the national pollutant discharge elimination system permit program under the federal clean water act.

(3) For purposes of chapter 510, Laws of 2005, animal feeding operations (AFOs) and concentrated animal feeding operations (CAFOs) have the same meaning as defined in 40 C.F.R. 122.23.

[Title 90 RCW—page 152]
Dairy Nutrient Management

90.64.180 Protocol for monitoring waters near dairies and CAFOs. (1) The department of ecology shall develop and maintain a standard protocol for water quality monitoring of the waters of the state within the vicinity of dairies and CAFOs. The protocol shall include sampling methods and procedures and identify the water quality constituents to be monitored.

(2) The department of ecology shall submit the initial protocol developed according to this section to the appropriate committees of the legislature by December 1, 2005. [2005 c 510 § 3.]

90.64.190 Information subject to public records disclosure—Rules. This section applies to dairies, AFOs, and CAFOs, not required to apply for a permit. Information in plans, records, and reports obtained by state and local agencies from livestock producers under chapter 510, Laws of 2005 regarding (1) number of animals; (2) volume of livestock nutrients generated; (3) number of acres covered by the plan or used for land application of livestock nutrients; (4) livestock nutrients transferred to other persons; and (5) crop yields shall be disclosable in response to a request for public records under chapter 42.56 RCW only in ranges that provide meaningful information to the public while ensuring confidentiality of business information. The department of agriculture shall adopt rules to implement this section in consultation with affected state and local agencies. [2006 c 209 § 14; 2005 c 510 § 4.]

Effective date—2006 c 209: See RCW 42.56.903.

90.64.200 Inspecting and investigating conditions relating to the pollution of waters of the state—Access denied—Application for search warrant. The director of agriculture may enter at all reasonable times in or upon dairy farms for the purpose of inspecting and investigating conditions relating to the pollution of any waters of the state.

If the director of agriculture or the director’s duly appointed agent is denied access to a dairy farm, he or she may apply to a court of competent jurisdiction for a search warrant authorizing access to the property and facilities at a reasonable time for purposes of conducting tests and inspections, taking samples, and examining records. To show that access is denied, the director of agriculture shall file with the court an affidavit or declarations containing a description of his or her attempts to notify and locate the owner or the owner’s agent and to secure consent. Upon application, the court may issue a search warrant for the purposes requested. [2009 c 143 § 1.]

90.64.800 Reports to the legislature. The department, in conjunction with the conservation commission and *advisory and oversight committee, shall report to the legislature by December 1st of each year until 2003, on progress made in implementing chapter 262, Laws of 1998. At a minimum, the reports shall include data on inspections, the status of dairy nutrient planning, compliance with water quality standards, and enforcement actions. The report shall also provide recommendations on how implementation of chapter 262, Laws of 1998 could be facilitated for dairy producers and generally improved.

The conservation commission shall include in the report to the legislature filed December 1, 1999, an evaluation of whether the fiscal resources available to the commission, to conservation districts, and to Washington State University dairy nutrient management experts are adequate to fund the technical assistance teams established under **RCW 90.64.140 and to develop and certify plans as required by the schedule established in RCW 90.64.026. If the funding is insufficient, the report shall include an estimate of the amount of funding necessary to accomplish the schedule contained in RCW 90.64.026. [1998 c 262 § 17.]

Reviser’s note: *(1) The dairy nutrient management program advisory and oversight committee was created in section 8, chapter 262, Laws of 1998, which was vetoed.

**(2) RCW 90.64.140 was repealed by 2009 c 143 § 3.

90.64.900 Effective date—1998 c 262. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 1, 1998]. [1998 c 262 § 22.]

90.64.901 Transfer of powers, duties, and functions to the department of agriculture. (1) All powers, duties, and functions of the department of ecology pertaining to chapter 90.64 RCW are transferred to the department of agriculture. All references to the director of ecology or the department of ecology in the Revised Code of Washington shall be construed to mean the director of agriculture or the department of agriculture when referring to the functions transferred in this section.

(2)(a) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the department of ecology pertaining to the powers, functions, and duties transferred shall be delivered to the custody of the department of agriculture. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the department of ecology in carrying out the powers, functions, and duties transferred shall be made available to the department of agriculture. All funds, credits, or other assets held in connection with the powers, functions, and duties transferred shall be assigned to the department of agriculture.

(b) Any appropriations made to the department of ecology for carrying out the powers, functions, and duties transferred shall, on July 1, 2003, be transferred and credited to the department of agriculture.

(c) Whenever any question arises as to the transfer of any funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the department of ecology pertaining to the powers, functions, and

(2014 Ed.)
duties transferred shall be continued and acted upon by the department of agriculture. All existing contracts and obligations shall remain in full force and shall be performed by the department of agriculture.

(4) The transfer of the powers, duties, and functions of the department of ecology shall not affect the validity of any act performed before July 1, 2003.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification. [2003 c 325 § 6.]

Intent—Finding—2003 c 325: See note following RCW 90.64.030. Additional notes found at www.leg.wa.gov

Chapter 90.66 RCW

FAMILY FARM WATER ACT

Sections
90.66.010 Short title. This chapter shall be known and may be cited as the "Family Farm Water Act". [1979 c 3 § 1 (Initiative Measure No. 59, approved November 8, 1977).]

90.66.020 Prior existing rights to withdraw and use public waters not affected. Nothing in this chapter shall affect any right to withdraw and use public waters if such rights were in effect prior to the effective date of this act, and nothing herein shall modify the priority of any such existing right. [1979 c 3 § 2 (Initiative Measure No. 59, approved November 8, 1977).]

"Reviser's note: "The effective date of the act" [1979 c 3 (Initiative Measure No. 59)], consisting of RCW 90.66.010 through 90.66.080, 90.66.900, and 90.66.910, is "thirty days after the election at which it is approved" as mandated by Article II, section 1(d) of the Washington Constitution. Initiative Measure No. 59 was approved by the voters at the election November 8, 1977, and was so certified by the governor on December 8, 1977."

90.66.030 Public policy enunciated—Maximum benefit from use of public waters—Irrigation. The people of the state of Washington recognize that it is in the public interest to conserve and use wisely the public surface and ground waters of the state in a manner that will assure the maximum benefit to the greatest possible number of its citizens. The maximum benefit to the greatest number of citizens through the use of water for the irrigation of agricultural lands will result from providing for the use of such water on family farms. To assure that future permits issued for the use of public waters for irrigation of agricultural lands will be made on the basis of deriving such maximum benefits, in addition to any other requirements in the law, all permits for the withdrawal of public waters for the purpose of irrigating agricultural lands after the effective date of this act shall be issued in accord with the provisions of this chapter. [1979 c 3 § 3 (Initiative Measure No. 59, approved November 8, 1977).]

"Reviser's note: "the effective date of this act," see note following RCW 90.66.020."

90.66.040 Definitions. For the purposes of this chapter, the following definitions shall be applicable:

(1) "Family farm" means a geographic area including not more than six thousand acres of irrigated agricultural lands, whether contiguous or noncontiguous, the controlling interest in which is held by a person having a controlling interest in no more than six thousand acres of irrigated agricultural lands in the state of Washington which are irrigated under rights acquired after December 8, 1977.

(2) "Person" means any individual, corporation, partnership, limited partnership, organization, or other entity whatsoever, whether public or private. The term "person" shall include as one person all corporate or partnership entities with a common ownership of more than one-half of the assets of each of any number of such entities.

(3) "Controlling interest" means a property interest that can be transferred to another person, the percentage interest so transferred being sufficient to effect a change in control of the landlord's rights and benefits. Ownership of property held in trust shall not be deemed a controlling interest where no part of the trust has been established through expenditure or assignment of assets of the beneficiary of the trust and where the rights of the family farm permit which is a part of the trust cannot be transferred to another by the beneficiary of the trust under terms of the trust. Each trust of a separate donor origin shall be treated as a separate entity and the administration of property under trust shall not represent a controlling interest on the part of the trust officer.

(4) "Department" means the department of ecology of the state of Washington.

(5) "Application", "permit" and "public waters" shall have the meanings attributed to these terms in chapters 90.03 and 90.44 RCW.

(6) "Public water entity" means any public or governmental entity with authority to administer and operate a system to supply water for irrigation of agricultural lands. (7) "Transfer" means a transfer, change, or amendment to part or all of a water right authorized under RCW 90.03.380, 90.03.390, or 90.44.100 or chapter 90.80 RCW.

(8) "Withdrawal" means to withdraw groundwater or to divert surface water. [2001 c 237 § 24; 1979 c 3 § 4 (Initiative Measure No. 59, approved November 8, 1977).]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.66.050 Classes of permits for withdrawal of public waters for irrigation purposes—Conditions—Require-
After the effective date of this act, all permits issued for the withdrawal of public waters for the purpose of irrigating agricultural lands shall be classified as follows and issued with the conditions set forth in this chapter:

1. "Family farm permits". Such permits shall limit the use of water withdrawn for irrigation of agricultural lands to land qualifying as a family farm.

2. "Family farm development permits". Such permits may be issued to persons without any limit on the number of acres to be irrigated during a specified period of time permitted for the development of such land into family farms and the transfer of the controlling interest of such irrigated lands to persons qualifying for family farm permits. The initial period of time allowed for development and transfer of such lands to family farm status shall not exceed ten years. Such time limit may be extended by the department for not to exceed an additional ten years upon a showing to the department that an additional period of time is needed for orderly development and transfer of controlling interests to persons who can qualify for family farm permits.

3. "Publicly owned land permits". Such permits shall be issued only to governmental entities permitting the irrigation of publicly owned lands.

4. "Public water entity permits". Such permits may be issued to public water entities under provisions requiring such public water entity, with respect to delivery of water for use in the irrigation of agricultural lands, to make water deliveries under the same provisions as would apply if separate permits were issued for persons eligible for family farm permits, permits to develop family farms, or for the irrigation of publicly owned land: PROVIDED, HOWEVER, That such provisions shall not apply with respect to water deliveries on federally authorized reclamation projects if such federally authorized projects provide for acreage limitations in water delivery contracts. [1979 c 3 § 5 (Initiative Measure No. 59, approved November 8, 1977).]

"Reviser's note: "the effective date of this act," see note following RCW 90.66.020."

90.66.060 Withdrawal of water under family farm permit—Conditioned upon complying with definition of family farm—Suspension of permit, procedures, time.

(1) Except as provided in subsections (2) and (3) of this section, the right to withdraw water for use for the irrigation of agricultural lands under authority of a family farm permit shall have no time limit and shall be conditioned upon the land being irrigated complying with the definition of a family farm as defined at the time the permit is issued.

(2) If the acquisition by any person of land and water rights by gift, devise, bequest, or by way of bona fide satisfaction of a debt, would otherwise cause land being irrigated pursuant to a family farm permit to lose its status as a family farm, such acquisition shall be deemed to have no effect upon the status of family farm water permits pertaining to land held or acquired by the person acquiring such land and water rights if all lands held or acquired are again in compliance with the definition of a family farm within five years from the date of such acquisition.

(3) For family farm permits under this chapter, if the department determines that water is being withdrawn for use on land not in conformity with the definition of a family farm, the department shall notify the holder of such family farm permit by personal service of such fact and the permit shall be suspended two years from the date of receipt of notice unless the person having a controlling interest in said land satisfies the department that such land is again in conformity with the definition of a family farm. The department may, upon a showing of good cause and reasonable effort to attain compliance on the part of the person having the controlling interest in such land, extend the two year period prior to suspension. If conformity is not achieved prior to five years from the date of notice the rights of withdrawal shall be canceled. [2001 c 237 § 25; 1979 c 3 § 6 (Initiative Measure No. 59, approved November 8, 1977).]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.66.065 Transfers or change in purpose of family farm permits.

(1) Transfers of water rights established as family farm permits under this chapter may be approved as authorized under this section and under RCW 90.03.380, 90.03.390, or 90.44.100 or chapter 90.80 RCW as appropriate.

(2) A family farm permit may be transferred:

(a) For use for agricultural irrigation purposes as limited by RCW 90.66.060 (1) and (2);

(b) To any purpose of use that is a beneficial use of water if the transfer is made exclusively under a lease agreement, except that transfers for the use of water for agricultural irrigation purposes shall be limited as provided by RCW 90.66.060 (1) and (2);

(c) To any purpose of use that is a beneficial use of water if the water right is for the use of water at a location that is, at the time the transfer is approved, within the boundaries of an urban growth area designated under chapter 36.70A RCW or, in counties not planning under chapter 36.70A RCW, within a city or town or within areas designated for urban growth in comprehensive plans prepared under chapter 36.70 RCW, except that transfers for the use of water for agricultural irrigation purposes shall be limited as provided by RCW 90.66.060 (1) and (2);

(3) If a portion of the water governed by a water right established under the authority of a family farm permit is made surplus to the beneficial uses exercised under the right through the implementation of practices or technologies, including but not limited to conveyance practices or technologies, that are more water-use efficient than those under which the right was perfected, the right to use the surplus water may be transferred to any purpose of use that is a beneficial use of water. Nothing in this subsection authorizes a transfer of the portion of a water right that is necessary for the production of crops historically grown under the right; or a transfer of a water right or a portion of a water right that has not been perfected through beneficial use before the transfer. Water right transfers approved under this subsection must be consistent with the provisions of RCW 90.03.380(1).

(4) Before a change in purpose of a family farm water permit to municipal supply purpose or domestic purpose may be authorized, the public water system that is receiving the family farm water permit must be meeting the water conservation requirements of its current water system plan
approved by the department of health or its small water system management program.

(5) The place of use for a water right transferred under the authority of this section shall remain within: The water resource inventory area containing the place of use for the water right before the transfer; or the urban growth area or contiguous urban growth areas of the place of use for the water right before the transfer if the urban growth area or contiguous urban growth areas cross boundaries of water resource inventory areas.

(6) The authority granted by this section to transfer or alter the purpose of use of a water right established under the authority of a family farm permit shall not be construed as limiting in any manner the authority granted by RCW 90.03.380, 90.03.390, or 90.44.100 to alter other elements of such a water right. [2001 c 237 § 23.]

**Intent**—2001 c 237: "It is the intent of the legislature to help preserve the agricultural economy of the state by allowing changes of family farm water permits from agricultural irrigation to other agricultural purposes. Within the urbanizing areas of the state, the legislature recognizes the need to allow water from family farms to be converted to other purposes as the use of the land changes consistent with adopted land use plans. The legislature also intends to allow farmers to benefit from water conservation projects and from temporary leases of their family farm water permits. Water conservation and water leases will also allow farmers to contribute to instream flows and other purposes. However, outside of urbanizing areas, the legislature intends to preserve farmlands by ensuring that the quantity of water needed to grow the crops historically grown remains with the farm. In addition, to help retain family farms within the state, the legislature intends to allow family farms of a large enough size to be economically viable under modern agricultural market conditions." [2001 c 237 § 22.]

**Finding—Intent—Severability—Effective date**—2001 c 237: See notes following RCW 90.82.040.

**90.66.070 Transfer of property entitled to water under permit—Rights—Requirements.** (1) At any time that the holder of a family farm development permit or a publicly owned land permit shall transfer the controlling interest of all or any portion of the land entitled to water under such permit to a person who can qualify to receive water for irrigation of such land under a family farm permit, the department shall, upon request, issue a family farm permit to such person under the same conditions as would have been applicable if such request had been made at the time of the granting of the original family farm development permit. If the permit under which water is available is held by a public water entity prior to the transfer of the controlling interest to a person who qualifies for a family farm permit, such entity shall continue delivery of water to such land without any restriction on the length of time of delivery not applicable generally to all its water customers.

(2) The issuance of a family farm permit secured through the acquisition of land and water rights from the holder of a family farm development permit, or from the holder of a publicly owned land permit, where water delivery prior to the transfer is from a public water entity, may be conditioned upon the holder of the family farm permit issued continuing to receive water through the facilities of the public water entity. [1979 c 3 § 7 (Initiative Measure No. 59, approved November 8, 1977).]

**90.66.080 Rules and regulations—Decisions, review.** The department is hereby empowered to promulgate such rules as may be necessary to carry out the provisions of this chapter. Decisions of the department, other than rule making, shall be subject to review in accordance with chapter 43.21B RCW. [1979 c 3 § 8 (Initiative Measure No. 59, approved November 8, 1977).]

Pollution control hearings board of the state: Chapter 43.21B RCW.

**90.66.900 Liberal construction—Initiative Measure No. 59.** This chapter is exempted from the rule of strict construction and shall be liberally construed to give full effect to the objectives and purposes for which it was enacted. [1979 c 3 § 9 (Initiative Measure No. 59, approved November 8, 1977).]

**90.66.910 Severability—Initiative Measure No. 59.** If any provision of this act, or its application to any person, organization, or circumstance is held invalid or unconstitutional, the remainder of the act, or the application of the provision to other persons, organizations, or circumstances is not affected. [1979 c 3 § 10 (Initiative Measure No. 59, approved November 8, 1977).]

**90.71.010 Definitions.** Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Action agenda" means the comprehensive schedule of projects, programs, and other activities designed to achieve a healthy Puget Sound ecosystem that is authorized and further described in RCW 90.71.300 and 90.71.310.
(2) "Action area" means the geographic areas delineated as provided in RCW 90.71.260.

(3) "Benchmarks" means measurable interim milestones or achievements established to demonstrate progress towards a goal, objective, or outcome.

(4) "Board" means the ecosystem coordination board.

(5) "Council" means the leadership council.

(6) "Environmental indicator" means a physical, biological, or chemical measurement, statistic, or value that provides a proximate gauge, or evidence of, the state or condition of Puget Sound.

(7) "Implementation strategies" means the strategies incorporated on a biennial basis in the action agenda developed under RCW 90.71.310.

(8) "Nearshore" means the area beginning at the crest of coastal bluffs and extending seaward through the marine photic zone, and to the head of tide in coastal rivers and streams. "Nearshore" also means both shoreline and estuaries.

(9) "Panel" means the Puget Sound science panel.

(10) "Partnership" means the Puget Sound partnership.

(11) "Puget Sound" means Puget Sound and related inland marine waters, including all salt waters of the state of Washington inside the international boundary line between Washington and British Columbia, and lying east of the junction of the Pacific Ocean and the Strait of Juan de Fuca, and the rivers and streams draining to Puget Sound as mapped by water resource inventory areas 1 through 19 in WAC 173-500-040 as it exists on July 1, 2007.

(12) "Puget Sound partner" means an entity that has been recognized by the partnership, as provided in RCW 90.71.340, as having consistently achieved outstanding progress in implementing the 2020 action agenda.

(13) "Watershed groups" means all groups sponsoring or administering watershed programs, including but not limited to local governments, private sector entities, watershed planning units, watershed councils, shellfish protection areas, regional fishery enhancement groups, marine resource[s] committees including those working with the Northwest straits commission, nearshore groups, and watershed lead entities.

(14) "Watershed programs" means and includes all watershed-level plans, programs, projects, and activities that relate to or may contribute to the protection or restoration of Puget Sound waters. Such programs include jurisdiction-wide programs regardless of whether more than one watershed is addressed. [2007 c 341 § 2; 1996 c 138 § 2.]

90.71.060 Puget Sound assessment and monitoring program. In addition to other powers and duties specified in this chapter, the panel, with the approval of the council, shall guide the implementation and coordination of a Puget Sound assessment and monitoring program. [2007 c 341 § 22; 1996 c 138 § 7.]

90.71.110 Puget Sound scientific research account. The Puget Sound scientific research account is created in the state treasury. All gifts, grants, federal moneys, or appropriations made to the account must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for research programs and projects selected pursuant to the process developed and overseen by the Puget Sound science panel as provided in RCW 90.71.280(1)(c). [2009 c 99 § 1; 2007 c 345 § 3.]

Findings—2007 c 345: "Although research about conditions in Puget Sound have been studied during the past several decades, the legislature finds that there is no coordinated, focused, comprehensive Puget Sound science program capable of setting research priorities for Puget Sound science. The legislature finds that environmental problems in Puget Sound are complex and that research is needed to provide information that can guide protective and restorative actions, and to explore and understand the impacts of a changing environment. The legislature also finds that there is no predictable funding process for Puget Sound research projects, including the aquatic rehabilitation zone one. The legislature declares that the state needs a process to focus the scientific effort on the Puget Sound ecosystem and to distribute research funds." [2007 c 345 § 1.]

90.71.200 Findings—Intent. (1) The legislature finds that:

(a) Puget Sound, including Hood Canal, and the waters that flow to it are a national treasure and a unique resource. Residents enjoy a way of life centered around these waters that depends upon clean and healthy marine and freshwater resources.

(b) Puget Sound is in serious decline, and Hood Canal is in a serious crisis. This decline is indicated by loss of and damage to critical habitat, rapid decline in species populations, increases in aquatic nuisance species, numerous toxic contaminants sites, urbanization and attendant storm water drainage, closure of beaches to shellfish harvest due to disease risks, low-dissolved oxygen levels causing death of marine life, and other phenomena. If left unchecked, these conditions will worsen.

(c) Puget Sound must be restored and protected in a more coherent and effective manner. The current system is highly fragmented. Immediate and concerted action is necessary by all levels of government working with the public, nongovernmental organizations, and the private sector to ensure a thriving natural system that exists in harmony with a vibrant economy.

(d) Leadership, accountability, government transparency, thoughtful and responsible spending of public funds, and public involvement will be integral to the success of efforts to restore and protect Puget Sound.

(2) The legislature therefore creates a new Puget Sound partnership to coordinate and lead the effort to restore and protect Puget Sound, and intends that all governmental entities, including federal and state agencies, tribes, cities, counties, ports, and special purpose districts, support and help implement the partnership's restoration efforts. The legislature further intends that the partnership will:

(a) Define a strategic action agenda prioritizing necessary actions, both basin-wide and within specific areas, and creating an approach that addresses all of the complex connections among the land, water, web of species, and human needs. The action agenda will be based on science and include clear, measurable goals for the recovery of Puget Sound by 2020;

(b) Determine accountability for performance, oversee the efficiency and effectiveness of money spent, educate and engage the public, and track and report results to the legislature, the governor, and the public;

(c) Not have regulatory authority, nor authority to transfer the responsibility for, or implementation of, any state reg-
ulatory program, unless otherwise specifically authorized by the legislature.

(3) It is the goal of the state that the health of Puget Sound be restored by 2020. [2007 c 341 § 1.]

90.71.210 Puget Sound partnership—Created. An agency of state government, to be known as the Puget Sound partnership, is created to oversee the restoration of the environmental health of Puget Sound by 2020. The agency shall consist of a leadership council, an executive director, an ecosystem coordination board, and a Puget Sound science panel. [2007 c 341 § 3.]

90.71.220 Leadership council—Membership. (1) The partnership shall be led by a leadership council composed of seven members appointed by the governor, with the advice and consent of the senate. The governor shall appoint members who are publicly respected and influential, are interested in the environmental and economic prosperity of Puget Sound, and have demonstrated leadership qualities. The governor shall designate one of the seven members to serve as chair and a vice chair shall be selected annually by the membership of the council.

(2) The initial members shall be appointed as follows:
(a) Three of the initial members shall be appointed for a term of two years;
(b) Two of the initial members shall be appointed for a term of three years; and
(c) Two of the initial members shall be appointed for a term of four years.

(3) The initial members' successors shall be appointed for terms of four years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds.

(4) Members of the council are eligible for reappointment.

(5) Any member of the council may be removed by the governor for cause.

(6) Members whose terms expire shall continue to serve until reappointed or replaced by a new member.

(7) A majority of the council constitutes a quorum for the transaction of business.

(8) Council decisions and actions require majority vote approval of all council members. [2007 c 341 § 4.]

90.71.230 Leadership council—Powers and duties. (1) The leadership council shall have the power and duty to:
(a) Provide leadership and have responsibility for the functions of the partnership, including adopting, revising, and guiding the implementation of the action agenda, allocating funds for Puget Sound recovery, providing progress and other reports, setting strategic priorities and benchmarks, adopting and applying accountability measures, and making appointments to the board and panel;
(b) Adopt rules, in accordance with chapter 34.05 RCW;
(c) Create subcommittees and advisory committees as appropriate to assist the council;
(d) Enter into, amend, and terminate contracts with individuals, corporations, or research institutions to effectuate the purposes of this chapter;
(e) Make grants to governmental and nongovernmental entities to effectuate the purposes of this chapter;
(f) Receive such gifts, grants, and endowments, in trust or otherwise, for the use and benefit of the partnership to effectuate the purposes of this chapter;
(g) Promote extensive public awareness, education, and participation in Puget Sound protection and recovery;
(h) Work collaboratively with the Hood Canal coordinating council established in chapter 90.88 RCW on Hood Canal-specific issues;
(i) Maintain complete and consolidated financial information to ensure that all funds received and expended to implement the action agenda have been accounted for; and
(j) Such other powers and duties as are necessary and appropriate to carry out the provisions of this chapter.

(2) The council may delegate functions to the chair and to the executive director, however the council may not delegate its decisional authority regarding developing or amending the action agenda.

(3) The council shall work closely with existing organizations and all levels of government to ensure that the action agenda and its implementation are scientifically sound, efficient, and achieve necessary results to accomplish recovery of Puget Sound to health by 2020.

(4) The council shall support, engage, and foster collaboration among watershed groups to assist in the recovery of Puget Sound.

(5) When working with federally recognized Indian tribes to develop and implement the action agenda, the council shall conform to the procedures and standards required in a government-to-governmental relationship with tribes under the 1989 Centennial Accord between the state of Washington and the sovereign tribal governments in the state of Washington.

(6) Members of the council shall be compensated in accordance with RCW 43.03.220 and be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. [2007 c 341 § 5.]

90.71.240 Executive director—Appointment—Authority. (1) The partnership shall be administered by an executive director who serves as a communication link between all levels of government, the private sector, tribes, nongovernmental organizations, the council, the board, and the panel. The executive director shall be accountable to the council and the governor for effective communication, actions, and results.

(2) The executive director shall be appointed by and serve at the pleasure of the governor, in consultation with the council. The governor shall consider the recommendations of the council when appointing the executive director.

(3) The executive director shall have complete charge of and supervisory powers over the partnership, subject to the guidance from the council.

(4) The executive director shall employ a staff, who shall be state employees under Title 41 RCW.

(5) Upon approval of the council, the executive director may take action to create a private nonprofit entity, which may take the form of a nonprofit corporation, to assist the partnership in restoring Puget Sound by:
(a) Raising money and other resources through charitable giving, donations, and other appropriate mechanisms;
(b) Engaging and educating the public regarding Puget Sound’s health, including efforts and opportunities to restore Puget Sound ecosystems; and
(c) Performing other similar activities as directed by the partnership. [2007 c 341 § 6.]

90.71.250 Ecosystem coordination board—Membership—Duties. (1) The council shall convene the ecosystem coordination board not later than October 1, 2007.
(2) The board shall consist of the following:
(a) One representative from the geographic area of each of the action areas specified in RCW 90.71.260, appointed by the council. The council shall solicit nominations from, at a minimum, counties, cities, and watershed groups;
(b) Two members representing general business interests, one of whom shall represent in-state general small business interests, both appointed by the council;
(c) Two members representing environmental interests, appointed by the council;
(d) Three representatives of tribal governments located in Puget Sound, invited by the governor to participate as members of the board;
(e) One representative each from counties, cities, and port districts, appointed by the council from nominations submitted by statewide associations representing such local governments;
(f) Three representatives of state agencies with environmental management responsibilities in Puget Sound, representing the interests of all state agencies, one of whom shall be the commissioner of public lands or his or her designee; and
(g) Three representatives of federal agencies with environmental management responsibilities in Puget Sound, representing the interests of all federal agencies and invited by the governor to participate as members of the board.
(3) The president of the senate shall appoint two senators, one from each major caucus, as legislative liaisons to the board. The speaker of the house of representatives shall appoint two representatives, one from each major caucus, as legislative liaisons to the board.
(4) The board shall elect one of its members as chair, and one of its members as vice chair.
(5) The board shall advise and assist the council in carrying out its responsibilities in implementing this chapter, including development and implementation of the action agenda. The board's duties include:
(a) Assisting cities, counties, ports, tribes, watershed groups, and other governmental and private organizations in the compilation of local programs for consideration for inclusion in the action agenda as provided in RCW 90.71.260;
(b) Upon request of the council, reviewing and making recommendations regarding activities, projects, and programs proposed for inclusion in the action agenda, including assessing existing ecosystem scale management, restoration and protection plan elements, activities, projects, and programs for inclusion in the action agenda;
(c) Seeking public and private funding and the commitment of other resources for plan implementation;
(d) Assisting the council in conducting public education activities regarding threats to Puget Sound and about local implementation strategies to support the action agenda; and
(e) Recruiting the active involvement of and encouraging the collaboration and communication among governmental and nongovernmental entities, the private sector, and citizens working to achieve the recovery of Puget Sound.
(6) Members of the board, except for federal and state employees, shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060. [2007 c 341 § 7.]

90.71.260 Development of the action agenda—Integration of watershed programs and ecosystem-level plans. (1) The partnership shall develop the action agenda in part upon the foundation of existing watershed programs that address or contribute to the health of Puget Sound. To ensure full consideration of these watershed programs in a timely manner to meet the required date for adoption of the action agenda, the partnership shall rely largely upon local watershed groups, tribes, cities, counties, special purpose districts, and the private sector, who are engaged in developing and implementing these programs.
(2) The partnership shall organize this work by working with these groups in the following geographic action areas of Puget Sound, which collectively encompass all of the Puget Sound basin and include the areas draining to the marine waters in these action areas:
(a) Strait of Juan de Fuca;
(b) The San Juan Islands;
(c) Whidbey Island;
(d) North central Puget Sound;
(e) South central Puget Sound;
(f) South Puget Sound; and
(g) Hood Canal.
(3) The council shall define the geographic delineations of these action areas based upon the common issues and interests of the entities in these action areas, and upon the characteristics of the Sound's physical structure, and the water flows into and within the Sound.
(4) The executive director, working with the board representatives from each action area, shall invite appropriate tribes, local governments, and watershed groups to convene for the purpose of compiling the existing watershed programs relating or contributing to the health of Puget Sound. The participating groups should work to identify the applicable local plan elements, projects, and programs, together with estimated budget, timelines, and proposed funding sources, that are suitable for adoption into the action agenda. This may include a prioritization among plan elements, projects, and programs.
(5) The partnership may provide assistance to watershed groups in those action areas that are developing and implementing programs included within the action agenda, and to improve coordination among the groups to improve and accelerate the implementation of the action agenda.
(6) The executive director, working with the board, shall also compile and assess ecosystem scale management, restoration, and protection plans for the Puget Sound basin.
(a) At a minimum, the compilation shall include the Puget Sound nearshore estuary project, clean-up plans for contaminated aquatic lands and shorelands, aquatic land
management plans, state resource management plans, habitat conservation plans, and recovery plans for salmon, orca, and other species in Puget Sound that are listed under the federal endangered species act.

(b) The board should work to identify and assess applicable ecosystem scale plan elements, projects, and programs, together with estimated budget, timelines, and proposed funding sources, that are suitable for adoption into the action agenda.

(c) When the board identifies conflicts or disputes among ecosystem scale projects or programs, the board may convene the agency managers in an attempt to reconcile the conflicts with the objective of advancing the protection and recovery of Puget Sound.

(d) If it determines that doing so will increase the likelihood of restoring Puget Sound by 2020, the partnership may explore the utility of federal assurances under the endangered species act, 16 U.S.C. Sec. 1531 et seq., and shall confer with the federal services administering that act.

(7) The executive director shall integrate and present the proposed elements from watershed programs and ecosystem-level plans to the council for consideration for inclusion in the action agenda not later than July 1, 2008. [2007 c 341 § 8.]

90.71.270 Science panel—Creation—Membership. (1) The council shall appoint a nine-member Puget Sound science panel to provide independent, nonrepresentational scientific advice to the council and expertise in identifying environmental indicators and benchmarks for incorporation into the action agenda.

(2) In establishing the panel, the council shall request the Washington academy of sciences, created in chapter 70.220 RCW, to nominate fifteen scientists with recognized expertise in fields of science essential to the recovery of Puget Sound. Nominees should reflect the full range of scientific and engineering disciplines involved in Puget Sound recovery. At a minimum, the Washington academy of sciences shall consider making nominations from scientists associated with federal, state, and local agencies, tribes, the business and environmental communities, members of the K-12, college, and university communities, and members of the board. The solicitation should be to all sectors, and candidates may be from all public and private sectors. Persons nominated by the Washington academy of sciences must disclose any potential conflicts of interest, and any financial relationship with any leadership councilmember, and disclose sources of current financial support and contracts relating to Puget Sound recovery.

(3) The panel shall select a chair and a vice chair. Panel members shall serve four-year terms, except that the council shall determine initial terms of two, three, and four years to provide for staggered terms. The council shall determine reappointments and select replacements or additional members of the panel. No panel member may serve longer than twelve years.

(4) The executive director shall designate a lead staff scientist to coordinate panel actions, and administrative staff to support panel activities. The legislature intends to provide ongoing funding for staffing of the panel to ensure that it has sufficient capacity to provide independent scientific advice.

(5) The executive director of the partnership and the science panel shall explore a shared state and federal responsibility for the staffing and administration of the panel. In the event that a federally sponsored Puget Sound recovery office is created, the council may propose that such office provide for staffing and administration of the panel.

(6) The panel shall assist the council in developing and revising the action agenda, making recommendations to the action agenda, and making recommendations to the council for updates or revisions.

(7) Members of the panel shall be reimbursed for travel expenses under RCW 43.03.050 and 43.03.060, and based upon the availability of funds, the council may contract with members of the panel for compensation for their services under *chapter 39.29 RCW. If appointees to the panel are employed by the federal, state, tribal, or local governments, the council may enter into interagency personnel agreements. [2007 c 341 § 9.]

*Reviser’s note: Chapter 39.29 RCW was repealed by 2012 c 224 § 29, effective January 1, 2013. See chapter 39.26 RCW.

90.71.280 Science panel—Duties. (1) The panel shall:

(a) Assist the council, board, and executive director in carrying out the obligations of the partnership, including preparing and updating the action agenda;

(b) As provided in RCW 90.71.290, assist the partnership in developing an ecosystem level strategic science program that:

(i) Addresses monitoring, modeling, data management, and research; and

(ii) Identifies science gaps and recommends research priorities;

(c) Develop and provide oversight of a competitive peer-reviewed process for soliciting, strategically prioritizing, and funding research and modeling projects;

(d) Develop and implement an appropriate process for peer review of monitoring, research, and modeling conducted as part of the strategic science program;

(e) Provide input to the executive director in developing biennial implementation strategies; and

(f) Offer an ecosystem-wide perspective on the science work being conducted in Puget Sound and by the partnership.

(2) The panel should collaborate with other scientific groups and consult other scientists in conducting its work. To the maximum extent possible, the panel should seek to integrate the state-sponsored Puget Sound science program with the Puget Sound science activities of federal agencies, including working toward an integrated research agenda and Puget Sound science work plan.

(3) By July 31, 2008, the panel shall identify environmental indicators measuring the health of Puget Sound, and recommend environmental benchmarks that need to be achieved to meet the goals of the action agenda. The council shall confer with the panel on incorporating the indicators and benchmarks into the action agenda. [2009 c 99 § 2; 2007 c 341 § 10.]

90.71.290 Science panel—Strategic science program—Puget Sound science update—Biennial science work plan. (1) The strategic science program shall be devel-
oped by the panel with assistance and staff support provided by the executive director. The science program may include:

(a) Continuation of the Puget Sound assessment and monitoring program, as provided in RCW 90.71.060, as well as other monitoring or modeling programs deemed appropriate by the executive director;

(b) Development of a monitoring program, in addition to the provisions of RCW 90.71.060, including baselines, protocols, guidelines, and quantifiable performance measures, to be recommended as an element of the action agenda;

(c) Recommendations regarding data collection and management to facilitate easy access and use of data by all participating agencies and the public; and

(d) A list of critical research needs.

(2) The strategic science program may not become an official document until a majority of the members of the council votes for its adoption.

(3) A Puget Sound science update shall be developed by the panel with assistance and staff support provided by the executive director. The panel shall submit the initial update to the executive director by April 2010, and subsequent updates as necessary to reflect new scientific understandings. The update shall:

(a) Describe the current scientific understanding of various physical attributes of Puget Sound;

(b) Serve as the scientific basis for the selection of environmental indicators measuring the health of Puget Sound; and

(c) Serve as the scientific basis for the status and trends of those environmental indicators.

(4) The executive director shall provide the Puget Sound science update to the Washington academy of sciences, the governor, and appropriate legislative committees, and include:

(a) A summary of information in existing updates; and

(b) Changes adopted in subsequent updates and in the state of the Sound reports produced pursuant to RCW 90.71.370.

(5) A biennial science work plan shall be developed by the panel, with assistance and staff support provided by the executive director, and approved by the council. The biennial science work plan shall include, at a minimum:

(a) Identification of recommendations from scientific and technical reports relating to Puget Sound;

(b) A description of the Puget Sound science-related activities being conducted by various entities in the region, including studies, models, monitoring, research, and other appropriate activities;

(c) A description of whether the ongoing work addresses the recommendations and, if not, identification of necessary actions to fill gaps;

(d) Identification of specific biennial science work actions to be done over the course of the work plan, and how these actions address science needs in Puget Sound; and

(e) Recommendations for improvements to the ongoing science work in Puget Sound. [2007 c 341 § 11.]

90.71.300 Action agenda—Goals and objectives. (1) The action agenda shall consist of the goals and objectives in this section, implementation strategies to meet measurable outcomes, benchmarks, and identification of responsible entities. By 2020, the action agenda shall strive to achieve the following goals:

(a) A healthy human population supported by a healthy Puget Sound that is not threatened by changes in the ecosystem;

(b) A quality of human life that is sustained by a functioning Puget Sound ecosystem;

(c) Healthy and sustaining populations of native species in Puget Sound, including a robust food web;

(d) A healthy Puget Sound where freshwater, estuary, nearshore, marine, and upland habitats are protected, restored, and sustained;

(e) An ecosystem that is supported by groundwater levels as well as river and streamflow levels sufficient to sustain people, fish, and wildlife, and the natural functions of the environment;

(f) Fresh and marine waters and sediments of a sufficient quality so that the waters in the region are safe for drinking, swimming, shellfish harvest and consumption, and other human uses and enjoyment, and are not harmful to the native marine mammals, fish, birds, and shellfish of the region.

(2) The action agenda shall be developed and implemented to achieve the following objectives:

(a) Protect existing habitat and prevent further losses;

(b) Restore habitat functions and values;

(c) Significantly reduce toxics entering Puget Sound fresh and marine waters;

(d) Significantly reduce nutrients and pathogens entering Puget Sound fresh and marine waters;

(e) Improve water quality and habitat by managing storm water runoff;

(f) Provide water for people, fish and wildlife, and the environment;

(g) Protect ecosystem biodiversity and recover imperiled species; and

(h) Build and sustain the capacity for action. [2007 c 341 § 12.]
(d) Identify and prioritize the strategies and actions necessary to restore and protect Puget Sound and to achieve the goals and objectives described in RCW 90.71.300;

(e) Identify the agency, entity, or person responsible for completing the necessary strategies and actions, and potential sources of funding;

(f) Include prioritized actions identified through the assembled proposals from each of the seven action areas and the identification and assessment of ecosystem scale programs as provided in RCW 90.71.260;

(g) Include specific actions to address aquatic rehabilitation zone one, as defined in RCW 90.88.010;

(h) Incorporate any additional goals adopted by the council; and

(i) Incorporate appropriate actions to carry out the biennial science work plan created in RCW 90.71.290.

(2) In developing the action agenda and any subsequent revisions, the council shall, when appropriate, incorporate the following:

(a) Water quality, water quantity, sediment quality, watershed, marine resource, and habitat restoration plans created by governmental agencies, watershed groups, and marine and shoreline groups. The council shall consult with the board in incorporating these plans;

(b) Recovery plans for salmon, orca, and other species in Puget Sound listed under the federal endangered species act;

(c) Existing plans and agreements signed by the governor, the commissioner of public lands, other state officials, or by federal agencies;

(d) Appropriate portions of the Puget Sound water quality management plan existing on July 1, 2007.

(3) Until the action agenda is adopted, the existing Puget Sound management plan and the 2007-09 Puget Sound biennial plan shall remain in effect. The existing Puget Sound management plan shall also continue to serve as the comprehensive conservation and management plan for the purposes of the national estuary program described in section 320 of the federal clean water act, until replaced by the action agenda and approved by the United States environmental protection agency as the new comprehensive conservation and management plan.

(4) The council shall adopt the action agenda by December 1, 2008. The council shall revise the action agenda as needed, and revise the implementation strategies every two years using an adaptive management process informed by tracking actions and monitoring results in Puget Sound. In revising the action agenda and the implementation strategies, the council shall consult the panel and the board and provide opportunity for public review and comment. Biennial updates shall:

(a) Contain a detailed description of prioritized actions necessary in the biennium to achieve the goals, objectives, outcomes, and benchmarks of progress identified in the action agenda;

(b) Identify the agency, entity, or person responsible for completing the necessary action; and

(c) Establish biennial benchmarks for near-term actions.

(5) The action agenda shall be organized and maintained in a single document to facilitate public accessibility to the plan. [2008 c 329 § 926; 2007 c 341 § 13.]

Severability—Effective date—2008 c 329: See notes following RCW 28B.105.110.

90.71.320 Action agenda—Biennial budget requests.

(1) State agencies responsible for implementing elements of the action agenda shall:

(a) Provide to the partnership by June 1st of each even-numbered year their estimates of the actions and the budget resources needed for the forthcoming biennium to implement their portion of the action agenda; and

(b) Work with the partnership in the development of biennial budget requests to achieve consistency with the action agenda to be submitted to the governor for consideration in the governor's biennial budget request. The agencies shall seek the concurrence of the partnership in the proposed funding levels and sources included in this proposed budget.

(2) If a state agency submits an amount different from that developed in subsection (1)(a) of this section as part of its biennial budget request, the partnership and state agency shall jointly identify the differences and the reasons for these differences and present this information to the office of financial management by October 1st of each even-numbered year. [2007 c 341 § 14.]

90.71.330 Funding from partnership—Accountability.

(1) Any funding made available directly to the partnership from the Puget Sound recovery account created in RCW 90.71.400 and used by the partnership for loans, grants, or funding transfers to other entities shall be prioritized according to the action agenda developed pursuant to RCW 90.71.310.

(2) The partnership shall condition, with interagency agreements, any grants or funding transfers to other entities from the Puget Sound recovery account to ensure accountability in the expenditure of the funds and to ensure that the funds are used by the recipient entity in the manner determined by the partnership to be the most consistent with the priorities of the action agenda. Any conditions placed on federal funding under this section shall incorporate and be consistent with requirements under signed agreements between the entity and the federal government.

(3) If the partnership finds that the provided funding was not used as instructed in the interagency agreement, the partnership may suspend or further condition future funding to the recipient entity.

(4) The partnership shall require any entity that receives funds for implementing the action agenda to publicly disclose and account for expenditure of those funds. [2007 c 341 § 15.]

90.71.340 Fiscal accountability—Fiscal incentives and disincentives for implementation of the action agenda. (1) The legislature intends that fiscal incentives and disincentives be used as accountability measures designed to achieve consistency with the action agenda by:

(a) Ensuring that projects and activities in conflict with the action agenda are not funded;

(b) Aligning environmental investments with strategic priorities of the action agenda; and

(c) Using state grant and loan programs to encourage consistency with the action agenda.
(2) The council shall adopt measures to ensure that funds appropriated for implementation of the action agenda and identified by proviso or specifically referenced in the omnibus appropriations act pursuant to RCW 43.88.030(1)(g) are expended in a manner that will achieve the intended results. In developing such performance measures, the council shall establish criteria for the expenditure of the funds consistent with the responsibilities and timelines under the action agenda, and require reporting and tracking of funds expended. The council may adopt other measures, such as requiring interagency agreements regarding the expenditure of provisions or specifically referenced Puget Sound funds.

(3) The partnership shall work with other state agencies providing grant and loan funds or other financial assistance for projects and activities that impact the health of the Puget Sound ecosystem under chapters 43.155, 70.105D, 70.146, 77.85, 79.105, 79A.15, 89.08, and 90.50A RCW to, within the authorities of the programs, develop consistent funding criteria that prohibits funding projects and activities that are in conflict with the action agenda.

(4) The partnership shall develop a process and criteria by which entities that consistently achieve outstanding progress in implementing the action agenda are designated as Puget Sound partners. State agencies shall work with the partnership to revise their grant, loan, or other financial assistance allocation criteria to create a preference for entities designated as Puget Sound partners for funds allocated to the Puget Sound basin, pursuant to RCW 43.155.070, 70.105D.070, 70.146.070, 77.85.130, 79.105.150, 79A.15.040, 89.08.520, and 90.50A.040. This process shall be developed on a timeline that takes into consideration state grant and loan funding cycles.

(5) Any entity that receives state funds to implement actions required in the action agenda shall report biennially to the council on progress in completing the action and whether expected results have been achieved within the time frames specified in the action agenda. [2007 c 341 § 16.]

90.71.350 Accountability for achieving and implementing action agenda—Noncompliance. (1) The council is accountable for achieving the action agenda. The legislature intends that all governmental entities within Puget Sound will exercise their existing authorities to implement the applicable provisions of the action agenda.

(2) The partnership shall involve the public and implementing entities to develop standards and processes by which the partnership will determine whether implementing entities are taking actions consistent with the action agenda and achieving the outcomes identified in the action agenda. Among these measures, the council may hold management conferences with implementing entities to review and assess performance in undertaking implementation strategies with a particular focus on compliance with and enforcement of existing laws. Where the council identifies an inconsistency with the action agenda, the council shall offer support and assistance to the entity with the objective of remedying the inconsistency. The results of the conferences shall be included in the state of the Sound report required under RCW 90.71.370.

(3) In the event the council determines that an entity is in substantial noncompliance with the action agenda, it shall provide notice of this finding and supporting information to the entity. The council or executive director shall thereafter meet and confer with the entity to discuss the finding and, if appropriate, develop a corrective action plan. If no agreement is reached, the council shall hold a public meeting to present its findings and the proposed corrective action plan. If the entity is a state agency, the meeting shall include representatives of the governor’s office and office of financial management. If the entity is a local government, the meeting shall be held in the jurisdiction and electoral representatives from the jurisdictions shall be invited to attend. If, after this process, the council finds that substantial noncompliance continues, the council shall issue written findings and document its conclusions. The council may recommend to the governor that the entity be ineligible for state financial assistance until the substantial noncompliance is remedied. Instances of noncompliance shall be included in the state of the Sound report required under RCW 90.71.370.

(4) The council shall provide a forum for addressing and resolving problems, conflicts, or a substantial lack of progress in a specific area that it has identified in the implementation of the action agenda, or that citizens or implementing entities bring to the council. The council may use conflict resolution mechanisms such as but not limited to, technical and financial assistance, facilitated discussions, and mediation to resolve the conflict. Where the parties and the council are unable to resolve the conflict, and the conflict significantly impairs the implementation of the action agenda, the council shall provide its analysis of the conflict and recommendations resolution to the governor, the legislature, and to those entities with jurisdictional authority to resolve the conflict.

(5) When the council or an implementing entity identifies a statute, rule, ordinance or policy that conflicts with or is an impediment to the implementation of the action agenda, or identifies a deficiency in existing statutory authority to accomplish an element of the action agenda, the council shall review the matter with the implementing entities involved. The council shall evaluate the merits of the conflict, impediment, or deficiency, and make recommendations to the legislature, governor, agency, local government or other appropriate entity for addressing and resolving the conflict.

(6) The council may make recommendations to the governor and appropriate committees of the senate and house of representatives for local or state administrative or legislative actions to address barriers it has identified to successfully implementing the action agenda. [2007 c 341 § 17.]

90.71.360 Limitations on authority. (1) The partnership shall not have regulatory authority nor authority to transfer the responsibility for, or implementation of, any state regulatory program, unless otherwise specifically authorized by the legislature.

(2) The action agenda may not create a legally enforceable duty to review or approve permits, or to adopt plans or regulations. The action agenda may not authorize the adoption of rules under chapter 34.05 RCW creating a legally enforceable duty applicable to the review or approval of permits or to the adoption of plans or regulations. No action of the partnership may alter the forest practices rules adopted pursuant to chapter 76.09 RCW, or any associated habitat conservation plan. Any changes in forest practices identified
by the processes established in this chapter as necessary to fully recover the health of Puget Sound by 2020 may only be realized through the processes established in RCW 76.09.370 and other designated processes established in Title 76 RCW. Nothing in this subsection or subsection (1) of this section limits the accountability provisions of this chapter.

(3) Nothing in this chapter limits or alters the existing legal authority of local governments, nor does it create a legally enforceable duty upon local governments. When a local government proposes to take an action inconsistent with the action agenda, it shall inform the council and identify the reasons for taking the action. If a local government chooses to take an action inconsistent with the action agenda or chooses not to take action required by the action agenda, it will be subject to the accountability measures in this chapter which can be used at the discretion of the council. [2007 c 341 § 18.]

90.71.370 Report to the governor and legislature—State of the Sound report—Review of programs. (1) By December 1, 2008, and by September 1st of each even-numbered year beginning in 2010, the council shall provide to the governor and the appropriate fiscal committees of the senate and house of representatives its recommendations for the funding necessary to implement the action agenda in the succeeding biennium. The recommendations shall:

(a) Identify the funding needed by action agenda element;

(b) Address funding responsibilities among local, state, and federal governments, as well as nongovernmental funding; and

(c) Address funding needed to support the work of the partnership, the panel, the ecosystem work group, and entities assisting in coordinating local efforts to implement the plan.

(2) In the 2008 report required under subsection (1) of this section, the council shall include recommendations for projected funding needed through 2020 to implement the action agenda; funding needs for science panel staff; identify methods to secure stable and sufficient funding to meet these needs; and include proposals for new sources of funding to be dedicated to Puget Sound protection and recovery. In preparing the science panel staffing proposal, the council shall consult with the panel.

(3) By November 1st of each odd-numbered year beginning in 2009, the council shall produce a state of the Sound report that includes, at a minimum:

(a) An assessment of progress by state and nonstate entities in implementing the action agenda, including accomplishments in the use of state funds for action agenda implementation;

(b) A description of actions by implementing entities that are inconsistent with the action agenda and steps taken to remedy the inconsistency;

(c) The comments by the panel on progress in implementing the plan, as well as findings arising from the assessment and monitoring program;

(d) A review of citizen concerns provided to the partnership and the disposition of those concerns;

(e) A review of the expenditures of funds to state agencies for the implementation of programs affecting the protection and recovery of Puget Sound, and an assessment of whether the use of the funds is consistent with the action agenda; and

(f) An identification of all funds provided to the partnership, and recommendations as to how future state expenditures for all entities, including the partnership, could better match the priorities of the action agenda.

(4)(a) The council shall review state programs that fund facilities and activities that may contribute to action agenda implementation. By November 1, 2009, the council shall provide initial recommendations regarding program changes to the governor and appropriate fiscal and policy committees of the senate and house of representatives. By November 1, 2010, the council shall provide final recommendations regarding program changes, including proposed legislation to implement the recommendation, to the governor and appropriate fiscal and policy committees of the senate and house of representatives.

(b) The review in this subsection shall be conducted with the active assistance and collaboration of the agencies administering these programs, and in consultation with local governments and other entities receiving funding from these programs:

(i) Water pollution control facilities financing, chapter 70.146 RCW;

(ii) The water pollution control revolving fund, chapter 90.50A RCW;

(iii) The public works assistance account, chapter 43.155 RCW;

(iv) The aquatic lands enhancement account, RCW 79.105.150;

(v) The state toxics control account and local toxics control account and clean-up program, chapter 70.105D RCW;

(vi) The acquisition of habitat conservation and outdoor recreation land, chapter 79A.15 RCW;

(vii) The salmon recovery funding board, RCW 77.85.110 through 77.85.150;

(viii) The community economic revitalization board, chapter 43.160 RCW;

(ix) Other state financial assistance to water quality-related projects and activities; and

(x) Water quality financial assistance from federal programs administered through state programs or provided directly to local governments in the Puget Sound basin.

(c) The council's review shall include but not be limited to:

(i) Determining the level of funding and types of projects and activities funded through the programs that contribute to implementation of the action agenda;

(ii) Evaluating the procedures and criteria in each program for determining which projects and activities to fund, and their relationship to the goals and priorities of the action agenda;

(iii) Assessing methods for ensuring that the goals and priorities of the action agenda are given priority when program funding decisions are made regarding water quality-related projects and activities in the Puget Sound basin and habitat-related projects and activities in the Puget Sound basin;

(iv) Modifying funding criteria so that projects, programs, and activities that are inconsistent with the action agenda are ineligible for funding.
(v) Assessing ways to incorporate a strategic funding approach for the action agenda within the outcome-focused performance measures required by RCW 43.41.270 in administering natural resource-related and environmentally based grant and loan programs.

(5) During the 2009-2011 fiscal biennium, the council's review must result in a ranking of projects affecting the protection and recovery of the Puget Sound basin that are proposed in the governor's capital budget submitted under RCW 43.88.060. The ranking shall include recommendations for reallocation of total requested funds for Puget Sound basin projects to achieve the greatest positive outcomes for protection and recovery of Puget Sound and shall be submitted to the appropriate fiscal committees of the legislature no later than February 1, 2011.

(6) During the 2011-2013 fiscal biennium, the council shall by November 1, 2012, produce the state of the Sound report as defined in subsection (3) of this section. [2011 1st sp.s. c 50 § 977; 2010 1st sp.s. c 36 § 6013; 2009 c 479 § 74; 2008 c 329 § 927; 2007 c 341 § 19.]

Effective dates—2011 1st sp.s. c 50: See note following RCW 15.76.115.
Effective date—2010 1st sp.s. c 36: See note following RCW 43.155.050.
Effective date—2009 c 479: See note following RCW 2.56.030.
Severability—Effective date—2008 c 329: See notes following RCW 28B.105.110.

90.71.380 Assessment of basin-wide restoration progress. By December 1, 2010, and subject to available funding, the Washington academy of sciences shall conduct an assessment of basin-wide restoration progress. The assessment shall include, but not be limited to, a determination of the extent to which implementation of the action agenda is making progress toward the action agenda goals, and a determination of whether the environmental indicators and benchmarks included in the action agenda accurately measure and reflect progress toward the action agenda goals. [2007 c 341 § 20.]

The joint legislative audit and review committee shall conduct two performance audits of the partnership, with the first audit to be completed by December 1, 2011, and the second to be completed by December 1, 2016.

(2) The audit shall include but not be limited to:

(a) A determination of the extent to which funds expended by the partnership or provided in biennial budget acts expressly for implementing the action agenda have contributed toward meeting the scientific benchmarks and the recovery goals of the action agenda;

(b) A determination of the efficiency and effectiveness of the partnership's oversight of action agenda implementation, based upon the achievement of the objectives as measured by the established environmental indicators and benchmarks; and

(c) Any recommendations for improvements in the partnership's performance and structure, and to provide accountability for action agenda results by action entities.

(3) The partnership may use the audits as the basis for developing changes to the action agenda, and may submit any recommendations requiring legislative policy or budgetary action to the governor and to the appropriate committees of the senate and house of representatives. [2007 c 341 § 21.]

90.71.400 Puget Sound recovery account. The Puget Sound recovery account is created in the state treasury. To the account shall be deposited such funds as the legislature directs or appropriates to the account. Federal grants, gifts, or other financial assistance received by the Puget Sound partnership and other state agencies from nonstate sources for the specific purpose of recovering Puget Sound may be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used for the protection and recovery of Puget Sound. [2007 c 341 § 23.]

90.71.410 Lake Whatcom phosphorus loading demonstration program. (1) The partnership shall assist the city of Bellingham and Whatcom county to implement a demonstration program regarding phosphorus loading into Lake Whatcom. The partnership shall assist the city and county to secure funding from federal and nongovernmental sources and work to secure funding commitments from the city and county as well. The demonstration program must be implemented by the city and county and include elements for prevention, education, compliance, and monitoring to reduce to a minimum the introduction of phosphorus-bearing materials into Lake Whatcom. The partnership shall share the results of this program with other jurisdictions in Puget Sound seeking to reduce phosphorus loading.

(2) Any grant made under this section must be matched by at least an equal amount from nonstate sources. [2009 c 48 § 2.]

Findings—Intent—2009 c 48: "(1) The legislature finds that:
(a) The Puget Sound 2020 action agenda identifies water pollution as a primary threat to the health of Puget Sound and restoration of polluted waters as a top priority;
(b) Lake Whatcom is the drinking water reservoir for the city of Bellingham and the Lake Whatcom watershed provides fresh drinking water to one-half the population of Whatcom county;
(c) Whatcom creek flows out of Lake Whatcom and directly into Bellingham Bay which is the subject of a multiagency clean-up effort, the Bellingham Bay demonstration pilot project;
(d) The Puget Sound 2020 action agenda's area profile for Whatcom county identifies phosphorus pollution of Lake Whatcom as a key threat;
(e) Silver Beach creek is a major tributary to Lake Whatcom and its watershed is shared by the city of Bellingham and Whatcom county;
(f) Two decades of monitoring has shown that Silver Beach creek has some of the highest phosphorus loading of Lake Whatcom tributaries;
(g) Implementation of the recently completed watershed management plan and water cleanup plan for Lake Whatcom is identified as a priority strategy in the Puget Sound 2020 action agenda's priorities for Whatcom county;
(h) Implementation of operations and management plans to manage onsite sewage systems around Lake Whatcom is identified as a key restoration strategy in Whatcom county.

(2) The legislature intends by this act to assist the city of Bellingham and Whatcom county in implementing a demonstration program to reduce phosphorus loading in the Lake Whatcom and Whatcom creek watershed and to share the lessons learned from this program with other jurisdictions in the Puget Sound basin working to reduce phosphorus loading." [2009 c 48 § 1.]

90.71.904 Transfer of powers, duties, and functions—References to chair of the Puget Sound action team. (1) The Puget Sound action team is hereby abolished
and its powers, duties, and functions are hereby transferred to the Puget Sound partnership as consistent with this chapter. All references to the chair or the Puget Sound action team in the Revised Code of Washington shall be construed to mean the executive director or the Puget Sound partnership.

(2)(a) All employees of the Puget Sound action team are transferred to the jurisdiction of the Puget Sound partnership.

(b) All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Puget Sound action team shall be delivered to the custody of the Puget Sound partnership. All cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the Puget Sound action team shall be made available to the Puget Sound partnership. All funds, credits, or other assets held by the Puget Sound action team shall be assigned to the Puget Sound partnership.

(c) Any appropriations made to the Puget Sound action team shall, on July 1, 2007, be transferred and credited to the Puget Sound partnership.

(d) If any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

(3) All rules and all pending business before the Puget Sound action team shall be continued and acted upon by the Puget Sound partnership. All existing contracts and obligations shall remain in full force and shall be performed by the Puget Sound partnership.

(4) The transfer of the powers, duties, functions, and personnel of the Puget Sound action team shall not affect the validity of any act performed before July 1, 2007.

(5) If apportionments of budgeted funds are required because of the transfers directed by this section, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

(6) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the public employment relations commission as provided by law. [2007 c 341 § 41.]

90.71.905 Captions not law. Captions used in this chapter are not any part of the law. [2007 c 341 § 42.]

90.71.906 Severability—2007 c 341. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [2007 c 341 § 69.]

90.71.907 Effective date—2007 c 341. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect July 1, 2007. [2007 c 341 § 70.]

Chapter 90.72 RCW

SHELLFISH PROTECTION DISTRICTS

Sections
90.72.020 Shellfish tidelands. For purposes of this chapter, "shellfish tidelands" means all saltwater tidelands on which shellfish are grown or harvested for human consumption. [1985 c 417 § 2.]

90.72.030 Shellfish protection districts—Establishment—Governing body—Programs. The legislative authority of each county having shellfish tidelands within its boundaries is authorized to establish a shellfish protection district to include areas in which nonpoint pollution threatens the water quality upon which the continuation or restoration of shellfish farming or harvesting is dependent. The legislative authority shall constitute the governing body of the district and shall adopt a shellfish protection program with elements and activities to be effective within the district. The legislative authority may appoint a local advisory council to advise the legislative authority in preparation and implementation of shellfish protection programs. This program shall include any elements deemed appropriate to deal with the nonpoint pollution threatening water quality over shellfish tidelands, including, but not limited to, requiring the elimination or decrease of contaminants in storm water runoff, establishing monitoring, inspection, and repair elements to ensure that on-site sewage systems are adequately maintained and working properly, assuring that animal grazing and manure management practices are consistent with best management practices, and establishing educational and public involvement programs to inform citizens on the causes of the threatening nonpoint pollution and what they can do to decrease the amount of such pollution. The county legislative authority shall consult with the department of health, the department of ecology, the department of agriculture, or the conservation commission as appropriate as to the elements of the program. An element may be omitted where another program is effectively addressing those sources of nonpoint water pollution. Within the limits of RCW 90.72.040 and 90.72.070, the county legislative authority shall have full jurisdiction and authority to manage, regulate, and control its programs and to

[Title 90 RCW—page 166] (2014 Ed.)
fix, alter, regulate, and control the fees for services provided and charges or rates as provided under those programs. Programs established under this chapter, may, but are not required to, be part of a system of sewerage as defined in RCW 36.94.010. [2008 c 250 § 1; 2007 c 150 § 1; 1992 c 100 § 2, 1985 c 417 § 3.]

Findings—1992 c 100: "The legislature finds that shellfish harvesting is important to our economy and way of life. Washington state is an international leader in the cultivation and production of shellfish. However, large portions of the state's productive recreational and commercial shellfish beds are closed to harvesting, and more are threatened, because of water pollution. The legislature finds that the problem of shellfish beds closures demands a public policy solution and that the state, local governments, and individuals must each take strong and swift action or this precious resource will be lost.

It is the goal of the legislature to prevent further closures of recreational and commercial shellfish beds, to restore water quality in saltwater tidelands to allow the reopening of at least one restricted or closed shellfish bed each year, and to ensure Washington state's commanding international position in shellfish production.

The legislature finds that failing on-site sewage systems and animal waste are the two most significant causes of shellfish bed closures over the past decade. Remedial actions at the local level are required to effectively address these problems.

The legislature finds that existing entities, including conservation districts and local health departments, should be used by counties to address the water quality problems affecting the recreational and commercial shellfish harvest.

The legislature finds that local action in each watershed where shellfish are harvested is required to protect this vital resource. The legislature hereby encourages all counties having saltwater tidelands within their boundaries to establish shellfish protection districts and programs designed to prevent any further degradation and contamination and to allow for restoration and reopening of closed shellfish growing areas." [1992 c 100 § 1.]

90.72.040 Shellfish protection districts—Creation—Boundaries—Cooperation with governmental entities—Abolition—Referendum to repeal creation—Certain fees not permitted. (1) The county legislative authority may create a shellfish protection district on its own motion or by submitting the question to the voters of the proposed district and obtaining the approval of a majority of those voting. The boundaries of the district shall be determined by the legislative authority. The legislative authority may create more than one district. A district may include any area or areas within the county, whether incorporated or unincorporated. Counties shall coordinate and cooperate with cities, towns, and water-related special districts within their boundaries in establishing shellfish protection districts and carrying out shellfish protection programs. Where a portion of the proposed district lies within an incorporated area, the county shall develop procedures for the participation of the city or town in the determination of the boundaries of the district and the administration of the district, including funding of the district's programs. The legislative authority of more than one county may by agreement provide for the creation of a district including areas within each of those counties. County legislative authorities are encouraged to coordinate their plans and programs to protect shellfish growing areas, especially where shellfish growing areas are located within the boundaries of more than one county. The legislative authority or authorities creating a district may abolish a shellfish protection district on its or their own motion or by submitting the question to the voters of the district and obtaining the approval of a majority of those voting.

(2) If the county legislative authority creates a shellfish protection district by its own motion, any registered voter residing within the boundaries of the shellfish protection district may file a referendum petition to repeal the ordinance that created the district. Any referendum petition to repeal the ordinance creating the shellfish protection district shall be filed with the county auditor within seven days of passage of the ordinance. Within ten days of the filing of a petition, the county auditor shall confer with the petitioner concerning form and style of the petition, issue an identification number for the petition, and write a ballot title for the measure. The ballot title shall be posed as a question so that an affirmative answer to the question and an affirmative vote on the measure results in creation of the shellfish protection district and a negative answer to the question and a negative vote on the measure results in the shellfish protection district not being created. The petitioner shall be notified of the identification number and ballot title within this ten-day period.

After this notification, the petitioner shall have thirty days in which to secure on petition forms the signatures of not less than twenty-five percent of the registered voters residing within the boundaries of the shellfish protection district and file the signed petitions with the county auditor. Each petition form shall contain the ballot title and full text of the measure to be referred. The county auditor shall verify the sufficiency of the signatures on the petitions. If sufficient valid signatures are properly submitted, the county auditor shall submit the referendum measure to the registered voters residing in the shellfish protection district in a special election no later than one hundred twenty days after the signed petition has been filed with the county auditor.

(3) The county legislative authority shall not impose fees, rates, or charges for shellfish protection district programs upon properties on which fees, rates, or charges are imposed under chapter 36.89 or 36.94 RCW for substantially the same programs and services. [2011 c 10 § 84; 1997 c 447 § 20; 1992 c 100 § 3; 1985 c 417 § 4.]

Notice to registered poll voters—Elections by mail—2011 c 10: See note following RCW 29A.04.008.

Finding—Purpose—1997 c 447: See note following RCW 70.05.074.

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.045 Shellfish protection districts—Programs required after closure or downgrading of growing area classification—Annual report. The county legislative authority shall create a shellfish protection district and establish a shellfish protection program developed under RCW 90.72.030 or an equivalent program to address the causes or suspected causes of pollution within one hundred eighty days after the department of health, because of water quality degradation due to ongoing nonpoint sources of pollution has closed or downgraded the classification of a recreational or commercial shellfish growing area within the boundaries of the county. The county legislative authority shall initiate implementation of the shellfish protection program within sixty days after it is established.

A copy of the program must be provided to the departments of health, ecology, and agriculture. An agency that has regulatory authority for any of the sources of nonpoint pollution covered by the program shall cooperate with the county in its implementation. The county legislative authority shall submit a written report to the department of health annually that describes the status and progress of the program.
or fees are collected under RCW 90.72.070 for implementation of the shellfish protection district program, the annual report shall provide sufficient detail of the expenditure of the revenue collected to ensure compliance with RCW 90.72.070. [2008 c 250 § 2; 2007 c 150 § 2; 1992 c 100 § 4.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.060 Decisions addressing conflicting uses—Integration of the state environmental policy act and county ordinances and resolutions with programs. Whenever a governmental entity makes a decision which addresses a matter in which there is a conflict between (1) on the one hand, a proposed development, proposed change in land use controls, or proposed change in the provision of utility services; and (2) on the other hand, the long-term use of an area for the growing or harvesting of shellfish, which area is within the boundaries of a shellfish protection district, then the governmental entity making the decision must observe the requirements of chapter 43.21C RCW and county ordinances or resolutions integrating the state environmental policy act of 1971 into the various programs under county jurisdiction. [1985 c 417 § 6.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.065 Plans to control pollution effects of animal waste—Contracts with conservation districts. Within available funding and as specified in the shellfish protection program, counties creating shellfish protection districts shall contract with conservation districts to draft plans with landowners to control pollution effects of animal waste. [1992 c 100 § 5.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.070 Program financing—Activities not subject to fees, rates, or charges—Collection of charges or rates. The county legislative authority establishing a shellfish protection district may finance the protection program through (1) county tax revenues, (2) reasonable inspection fees and similar fees for services provided, (3) reasonable charges or rates specified in its protection program, or (4) federal, state, or private grants. A dairy animal feeding operation with a certified dairy nutrient management plan as required in chapter 90.64 RCW and any other commercial agricultural operation on agricultural lands as defined in RCW 36.70A.030 shall be subject to fees, rates, or charges by a shellfish protection district of no more than five hundred dollars in a calendar year. Facilities permitted and assessed fees for wastewater discharge under the national pollutant discharge elimination system shall not be subject to fees, rates, or charges for wastewater discharge by a shellfish protection district. Lands classified as forest land under chapter 84.33 RCW and timber land under chapter 84.34 RCW shall not be subject to fees, rates, or charges by a shellfish protection district. Counties may collect charges or rates in the manner determined by the county legislative authority. [2008 c 250 § 3; 1992 c 100 § 6; 1985 c 417 § 7.]

Findings—1992 c 100: See note following RCW 90.72.030.

90.72.080 State water quality financial assistance—Priority to counties with shellfish protection districts. Counties that have formed shellfish protection districts shall receive high priority for state water quality financial assis-
Aquatic Resources Mitigation

90.74.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1. "Compensatory mitigation" means the restoration, creation, enhancement, or preservation of uplands, wetlands, or other aquatic resources for the purposes of compensating for unavoidable adverse impacts that remain after all appropriate and practicable avoidance and minimization has been achieved. "Compensatory mitigation" includes mitigation that:
   (a) Occurs at the same time as, or in advance of, a project's planned environmental impacts;
   (b) Is located in a site either on, near, or distant from the project's impacts; and
   (c) Provides either the same or different biological functions and values as the functions and values impacted by the project.

2. "Family forest fish passage program" means the program administered by the recreation and conservation office created pursuant to RCW 76.09.410 that provides public cost assistance to small forest landowners associated with the road maintenance and abandonment processes.

3. "Forestry riparian easement program" means the program established in RCW 76.13.120.

4. "Infrastructure development" means an action that is critical for the maintenance or expansion of an existing infrastructure feature such as a highway, rail line, airport, marine terminal, utility corridor, harbor area, or hydroelectric facility and is consistent with an approved land use planning process. This planning process may include the growth management act, chapter 36.70A RCW, or the shoreline management act, chapter 90.58 RCW, in areas covered by those chapters.

5. "Mitigation" means sequentially avoiding impacts, minimizing impacts, or compensating for remaining unavoidable impacts.

6. "Mitigation plan" means a document or set of documents developed through joint discussions between a project proponent and environmental regulatory agencies that describe the unavoidable wetland or aquatic resource impacts of a proposed infrastructure development or noninfrastructure development and the proposed compensatory mitigation for those impacts.

7. "Noninfrastructure development" means a development project that requires the completion of compensatory mitigation that does not meet the definition of "infrastructure development" and is consistent with an approved land use planning process. This planning process may include the growth management act, chapter 36.70A RCW, or the shoreline management act, chapter 90.58 RCW, in areas covered by those chapters.

8. "Project proponent" means a public or private entity responsible for preparing a mitigation plan.

9. "Riparian open space program" means the program created pursuant to RCW 76.09.040.

10. "Watershed" means an area identified as a state of Washington water resource inventory area under WAC 173-500-040 as it exists on June 7, 2012. [2012 c 62 § 3; 1997 c 424 § 2.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

90.74.020 Mitigation plans. (1) Project proponents may use a mitigation plan to propose compensatory mitigation within a watershed. A mitigation plan shall:

(a) Contain provisions that guarantee the long-term viability of the created, restored, enhanced, or preserved habitat, including assurances for protecting any essential biological functions and values defined in the mitigation plan;

(b) Contain provisions for long-term monitoring of any created, restored, or enhanced mitigation site; and

(c) Be consistent with the local comprehensive land use plan and any other applicable planning process in effect for the development area, such as an adopted subbasin or watershed plan.

(2)(a) The departments of ecology and fish and wildlife may not limit the scope of options in a mitigation plan to areas on or near the project site, or to habitat types of the same type as contained on the project site. The departments of ecology and fish and wildlife shall fully review and give due consideration to compensatory mitigation proposals that improve the overall biological functions and values of the watershed or bay and accommodate the mitigation needs of the infrastructure development or noninfrastructure development, including proposals or portions of proposals that are explored or developed in RCW 90.74.040.

(b) The departments of ecology and fish and wildlife are not required to grant approval to a mitigation plan that the departments find does not provide equal or better biological functions and values within the watershed or bay.

(3) When making a permit or other regulatory decision under the guidance of this chapter, the departments of ecology and fish and wildlife shall consider whether the mitigation plan provides equal or better biological functions and values, compared to the existing conditions, for the target resources or species identified in the mitigation plan. This consideration shall be based upon the following factors:

(a) The relative value of the mitigation for the target resources, in terms of the quality and quantity of biological functions and values provided;

(b) The compatibility of the proposal with the intent of broader resource management and habitat management objectives and plans, such as existing resource management plans, watershed plans, critical areas ordinances, the forestry riparian easement program, the riparian open space program, the family forest fish passage program, and shoreline master programs;
90.76.005 Findings—Intent. The legislature finds that leaking underground storage tanks containing petroleum and other regulated substances pose a serious threat to human health and the environment. To address this threat, the legislature intends for the department of ecology to establish an underground storage tank program designed, operated, and enforced in a manner that, at a minimum, meets the requirements for delegation of the federal underground storage tank program of the resource conservation and recovery act of 1976, as amended (42 U.S.C. Sec. 6901, et seq.). The legislature intends that statewide requirements for underground storage tanks adopted by the department be consistent with and no less stringent than the requirements in the federal regulations and the underground storage tank compliance act of 2005 (42 U.S.C. Sec. 15801 et seq., energy policy act of 2005, P.L. 109-58, Title XV, subtitle B).

The legislature further finds that certain areas of the state possess physical characteristics that make them especially vulnerable to threats from leaking underground storage tanks and that in these environmentally sensitive areas, local requirements more stringent than the statewide requirements may apply. [2007 c 147 § 1; 1989 c 346 § 1.]

Sunset Act application: See note following chapter digest.

90.76.010 Definitions. (1) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(a) "Department" means the department of ecology.
(b) "Director" means the director of the department.
(c) "Facility compliance tag" means a marker, constructed of metal, plastic, or other durable material, that clearly identifies all qualifying underground storage tanks on the particular site for which it is issued.
(d) "Federal act" means the federal resource conservation and recovery act, as amended (42 U.S.C. Sec. 6901, et seq.).
(e) "Federal regulations" means the underground storage tanks regulations (40 C.F.R. Secs. 280 and 281) adopted by the United States environmental protection agency under the federal act.
(f) "License" means the business license underground storage tank endorsement issued by the department of revenue under chapter 19.02 RCW.
(g) "Underground storage tank compliance act of 2005" means Title XV and subtitle B of P.L. 109-58 (42 U.S.C. Sec. 15801 et seq.) which have amended the federal resource conservation and recovery act's subtitle I.
Underground Storage Tanks 90.76.040

(b) "Underground storage tank system" means an underground storage tank, connected underground piping, underground ancillary equipment, and containment system, if any.

(2) Except as provided in this section and any rules adopted by the department under this chapter, the definitions contained in the federal regulations apply to the terms in this chapter. [2013 c 144 § 53; 2011 c 298 § 39; 2007 c 147 § 2; 1998 c 155 § 1; 1989 c 346 § 2.]

Sunset Act application: See note following chapter digest.

90.76.020 Department's powers and duties—Rule-making authority. (1) The department must adopt rules establishing requirements for all underground storage tanks that are regulated under the federal act, taking into account the various classes or categories of tanks to be regulated. The rules must be consistent with and no less stringent than the federal regulations and the underground storage tank compliance act of 2005 and consist of requirements for the following:

(a) New underground storage tank system design, construction, installation, and notification;

(b) Upgrading existing underground storage tank systems;

(c) General operating requirements;

(d) Release detection;

(e) Release reporting;

(f) Out-of-service underground storage tank systems and closure;

(g) Financial responsibility for underground storage tanks containing regulated substances; and

(h) Groundwater protection measures, including secondary containment and monitoring for installation or replacement of all underground storage tank systems or components, such as tanks and piping, installed after July 1, 2007, and under dispenser spill containment for installation or replacement of all dispenser systems installed after July 1, 2007.

(2) The department must adopt rules:

(a) Establishing physical site criteria to be used in designating local environmentally sensitive areas;

(b) Establishing procedures for local government application for this designation; and

(c) Establishing procedures for local government adoption and department approval of rules more stringent than the statewide standards in these designated areas.

(3) The department must establish by rule an administrative and enforcement program that is consistent with and no less stringent than the program required under the federal regulations in the areas of:

(a) Compliance monitoring, including procedures for recordkeeping and a program for systematic inspections;

(b) Enforcement;

(c) Public participation;

(d) Information sharing;

(e) Owner and operator training; and

(f) Delivery prohibition for underground storage tank systems or facilities that are determined by the department to be ineligible to receive regulated substances.

(4) The department must establish a program that provides for the annual licensing of underground storage tanks. The license must take the form of a tank endorsement on the facility's annual business license issued by the department of revenue under chapter 19.02 RCW. A tank is not eligible for a license unless the owner or operator can demonstrate compliance with the requirements of this chapter and the annual tank fees have been remitted. The department may revoke a tank license if a facility is not in compliance with this chapter, or any rules adopted under this chapter. The business license must be displayed by the tank owner or operator in a location clearly identifiable.

(5)(a) The department must issue a one-time "facility compliance tag" to underground storage tank facilities that have installed the equipment required to meet corrosion protection, spill prevention, overfill prevention, leak detection standards, have demonstrated financial responsibility, and have paid annual tank fees. The facility must continue to maintain compliance with corrosion protection, spill prevention, overfill prevention, and leak detection standards, financial responsibility, and have remitted annual tank fees to display a facility compliance tag. The facility compliance tag must be displayed on or near the fire emergency shutoff device, or in the absence of such a device in close proximity to the fill pipes and clearly identifiable to persons delivering regulated substance to underground storage tanks.

(b) The department may revoke a facility compliance tag if a facility is not in compliance with the requirements of this chapter, or any rules adopted under this chapter.

(6) The department may place a red tag on a tank at a facility if the department determines that the owner or operator is not in compliance with this chapter or the rules adopted under this chapter regarding the compliance requirements related to that tank. Removal of a red tag without authorization from the department is a violation of this chapter.

(7) The department may establish programs to certify persons who install or decommission underground storage tank systems or conduct inspections, testing, closure, cathodic protection, interior tank lining, corrective action, site assessments, or other activities required under this chapter. Certification programs must be designed to ensure that each certification will be effective in all jurisdictions of the state.

(8) When adopting rules under this chapter, the department must consult with the state building code council to ensure coordination with the building and fire codes adopted under chapter 19.27 RCW. [2013 c 144 § 54; 2011 c 298 § 40; 2007 c 147 § 3; 1998 c 155 § 2; 1989 c 346 § 3.]

Sunset Act application: See note following chapter digest.

90.76.040 Environmentally sensitive areas. (1) A city, town, or county may apply to the department to have an area within its jurisdictional boundaries designated an environmentally sensitive area. A city, town, or county may submit a joint application with any other city, town, or county for joint administration under chapter 39.34 RCW of a single environmentally sensitive area located in both jurisdictions.

(2) A city, town, or county may adopt proposed ordinances or resolutions establishing requirements for underground storage tanks located within an environmentally sensitive area that are more stringent than the statewide stan-
90.76.050 Delivery of regulated substances. (1) A person delivering regulated substances to underground storage tanks shall not deliver or deposit regulated substances to underground storage tanks or facilities that do not have a facility compliance tag displayed as required in RCW 90.76.020(5)(a). Additionally, a person delivering regulated substances to underground storage tanks shall not deliver or deposit regulated substances to an individual underground storage tank on which the department has placed a red tag under RCW 90.76.020(6).

(2) An owner or operator of an underground storage tank system or facility shall not accept delivery or deposit of regulated substances to that underground storage tank system or facility, if the system does not have a facility compliance tag displayed as required in RCW 90.76.020(5)(a). Additionally, an owner or operator of an underground storage tank system or facility shall not accept delivery or deposit of regulated substances to an individual underground storage tank on which the department has placed a red tag under RCW 90.76.020(6).

(3) A supplier shall not refuse to deliver regulated substances to an underground storage tank regulated under this chapter on the basis of its potential to leak contents where the facility displays a valid facility compliance tag as required in this chapter, and the department has not placed a red tag on the underground storage tank. This section does not apply to a supplier who does not directly transfer a regulated substance into an underground storage tank. [2007 c 147 § 4; 1998 c 155 § 4; 1989 c 346 § 6.]

Sunset Act application: See note following chapter digest.

90.76.060 Investigation and access. (1) If necessary to determine compliance with the requirements of this chapter, an authorized representative of the state engaged in compliance inspections, monitoring, and testing may, by request, require an owner or operator to submit relevant information or documents. The department may subpoena witnesses, documents, and other relevant information that the department deems necessary. In the case of any refusal to obey the subpoena, the superior court for any county in which the person is found, resides, or transacts business has jurisdiction to issue an order requiring the person to appear before the department and give testimony or produce documents. Any failure to obey the order of the court may be punished by the court as contempt.

(2) Any authorized representative of the state may require an owner or operator to conduct monitoring or testing.

(3) Upon reasonable notice, an authorized representative of the state may enter a premises or site subject to regulation under this chapter or in which records relevant to the operation of an underground storage tank system are kept. In the event of an emergency or in circumstances where notice would undermine the effectiveness of an inspection, notice is not required. The authorized representative may copy these records, obtain samples of regulated substances, and inspect or conduct monitoring or testing of an underground storage tank system.

(4) For purposes of this section, the term "authorized representative" or "authorized representative of the state" means an enforcement officer, employee, or representative of the department. [1998 c 155 § 5; 1989 c 346 § 7.]

Sunset Act application: See note following chapter digest.

90.76.070 Enforcement. The director may seek appropriate injunctive or other judicial relief by filing an action in Thurston county superior court or issue such order as the director deems appropriate to:

(1) Enjoin any threatened or continuing violation of this chapter or rules adopted under this chapter;

(2) Restrain immediately and effectively a person from engaging in unauthorized activity that results in a violation of any requirement of this chapter or rules adopted under this chapter and is endangering or causing damage to public health or the environment;

(3) Require compliance with requests for information, access, testing, or monitoring under RCW 90.76.060; or

(4) Assess and recover civil penalties authorized under RCW 90.76.080. [2007 c 147 § 5; 1989 c 346 § 8.]

Sunset Act application: See note following chapter digest.

90.76.080 Penalties. (1) A person who fails to notify the department pursuant to tank notification requirements or who submits false information is subject to a civil penalty not to exceed five thousand dollars per violation.

(2) A person who violates this chapter or rules adopted under this chapter is subject to a civil penalty not to exceed five thousand dollars for each tank per day of violation.

(3) A person incurring a penalty under this chapter or rules adopted under this chapter may apply to the department in writing for the remission or mitigation of the penalty as set out in RCW 43.21B.300. A person also may appeal a penalty directly to the pollution control hearings board in accordance with RCW 43.21B.300. [2007 c 147 § 6; 1995 c 403 § 639; 1989 c 346 § 9.]

Sunset Act application: See note following chapter digest.
90.76.090 Annual tank fee. (1) An annual tank fee of one hundred twenty dollars per tank is effective July 1, 2007, to June 30, 2008. An annual tank fee of one hundred forty dollars per tank is effective from July 1, 2008, to June 30, 2009. Effective July 1, 2009, the annual tank fee will increase up to one hundred sixty dollars per tank unless the department has received sufficient additional federal grant funding to offset the increased cost of implementation of the underground storage tank compliance act of 2005 (Title XV, Subtitle B of the energy policy act of 2005). Annually, beginning on July 1, 2010, and upon a finding by the department that a fee increase is necessary, the previous tank fee amount may be increased up to the fiscal growth factor for the next year. The fiscal growth factor is calculated by the office of financial management under RCW 43.135.025 for the upcoming biennium. The department shall use the fiscal growth factor to calculate the fee for the next year and shall publish the new fee by March 1st before the year for which the new fee is effective. The new tank fee is effective from July 1st to June 30th of every year. The tank fee shall be paid by every person who:

(a) Owns an underground storage tank located in this state; and

(b) Was required to provide notification to the department under the federal act.

This fee is not required of persons who have (i) permanently closed their tanks, and (ii) if required, have completed corrective action in accordance with the rules adopted under this chapter.

(2) The department may authorize the imposition of additional annual local tank fees in environmentally sensitive areas designated under RCW 90.76.040. Annual local tank fees may not exceed fifty percent of the annual state tank fee.

(3) State and local tank fees collected under this section shall be deposited in the account established under RCW 90.76.100.

(4) Other than the annual local tank fee authorized for environmentally sensitive areas, no local government may levy an annual tank fee on the ownership or operation of an underground storage tank. [2007 c 147 § 8; 1991 c 83 § 1; 1989 c 346 § 12.]

Sunset Act application: See note following chapter digest.

90.76.900 captions not law. Section headings used in this chapter do not constitute any part of the law. [1989 c 346 § 15.]

Sunset Act application: See note following chapter digest.

90.76.901 severability—1989 c 346. If any provision of this act or its application to any person or circumstances is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 346 § 14.]

Sunset Act application: See note following chapter digest.

90.76.902 effective date—1989 c 346. (1) Except as provided in subsection (2) of this section, RCW 90.76.050, 90.76.110, and 19.27.080 take effect on July 1, 1990.

(2) This section shall apply only if this act becomes effective as provided under *section 20(2) of this act. [1989 c 346 § 18.]

*Reviser’s note: Section 20(2) is an uncodified section that made a state reinsurance program for owners and operators of underground storage tanks a prerequisite to 1989 c 346 taking effect. 1989 c 383 created such a program.

Sunset Act application: See note following chapter digest.

Chapter 90.80 RCW

WATER CONSERVANCY BOARDS

Sections
90.80.005 Findings.
90.80.010 Definitions.
90.80.020 Water conservancy boards—Creation.
90.80.030 Petition for board creation—Required information—Approval or denial—Description of training requirements.
90.80.035 Water conservancy boards for water resource inventory areas—Multicounty water conservancy boards—Petition for creation.
90.80.040 Rules—Minimum training requirements and continuing education.
90.80.050 Corporate powers—Board composition—Members’ terms, expenses—Alternates—Eligibility to be appointed.
90.80.005 Findings. The legislature finds:

(1) Voluntary water right transfers can reallocate water use in a manner that will result in more efficient use of water resources;

(2) Voluntary water right transfers can help alleviate water shortages, save capital outlays, reduce development costs, and provide an incentive for investment in water conservation efforts by water right holders; and

(3) The state should expedite the administrative process for water right transfers by authorizing the establishment of water conservancy boards. [2001 c 237 § 6; 1997 c 441 § 1.] Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.010 Definitions. The following definitions apply throughout this chapter, unless the context clearly requires otherwise.

(1) "Alternate" means an individual: (a) Who is appointed by the county legislative authority or authorities under RCW 90.80.050(3); (b) who is trained under the requirements of RCW 90.80.040; and (c) who, while serving as a replacement for an absent or recused commissioner: (i) May serve and vote as a commissioner; (ii) is subject to any requirement applicable to a commissioner; and (iii) counts toward a quorum.

(2) "Board" means a water conservancy board created under this chapter.

(3) "Commissioner" means an individual who is appointed by the county legislative authority or authorities as a member of a water conservancy board under RCW 90.80.050(1), or an alternate appointed under RCW 90.80.050(3) while serving as a replacement for an absent or recused commissioner.

(4) "Department" means the department of ecology.

(5) "Director" means the director of the department of ecology.

(6) "Record of decision" means the conclusion reached by a water conservancy board regarding an application for a transfer filed with the board.

(7) "Transfer" means a transfer, change, amendment, or other alteration of a part or all of a water right authorized under RCW 90.03.380, 90.03.390, or 90.44.100. [2004 c 10 § 1; 2001 c 237 § 7; 1997 c 441 § 2.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

90.80.020 Water conservancy boards—Creation. (1) The county legislative authority of a county may create a water conservancy board, subject to approval by the director, for the purpose of expediting voluntary water transfers within the county.

(2) A water conservancy board may be initiated by: (a) A resolution of the county legislative authority; (b) a resolution presented to the county legislative authority calling for the creation of a board by the legislative authority of an irrigation district, public utility district that operates a public water system, a reclamation district, a city operating a public water system, or a water-sewer district that operates a public water system; (c) a resolution by the governing body of a cooperative or mutual corporation that operates a public water system serving one hundred or more accounts; (d) a petition signed by five or more water rights holders, including their addresses, who divert water for use within the county; or (e) any combination of (a) through (d) of this subsection. The resolution or petition must state the need for the board, include proposed bylaws or rules and procedures that will govern the operation of the board, identify the geographic boundaries where there is an initial interest in transacting water sales or transfers, and describe the proposed method for funding the operation of the board.

(3) After receiving a resolution or petition to create a board, a county legislative authority shall determine its sufficiency. If the county legislative authority finds that the resolution or petition is sufficient, or if the county is initiating the creation of a board upon its own motion, it shall hold at least one public hearing on the proposed creation of the board. Notice of the hearing shall be published at least once in a newspaper of general circulation in the county not less than ten days nor more than thirty days before the date of the hearing. The notice shall describe the time, date, place, and purpose of the hearing, as well as the purpose of the board. Following the hearing, the county legislative authority may adopt a resolution approving the creation of the board if it finds that the board's creation is in the public interest. [1997 c 441 § 3.]

90.80.030 Petition for board creation—Required information—Approval or denial—Description of training requirements. (1) The county legislative authority shall forward a copy of the resolution or petition calling for the creation of the board, a copy of the resolution approving the creation of the board, and a summary of the public testimony presented at the public hearing to the director following the adoption of the resolution calling for the board's creation.

(2) The director shall approve or deny the creation of a board within forty-five days after the county legislative authority has submitted all information required under subsection (1) of this section. The director must determine whether the creation of the board would further the purposes of this chapter and is in the public interest. The director shall include a description of the necessary training requirements for commissioners in the notice of approval sent to the county legislative authority. [1997 c 441 § 4.]
Water Conservancy Boards

90.80.035 Water conservancy boards for water resource inventory areas—Multicounty water conservancy boards—Petition for creation. (1) If a county is the only county having lands comprising a water resource inventory area as defined in chapter 173-500 WAC, the county may elect to establish a water conservancy board for the water resource inventory area, rather than for the entire county.

(2) Counties having lands within a water resource inventory area may jointly petition the department for establishment of a water conservancy board for the water resource inventory area. Counties may jointly petition the department to establish boards serving multiple counties or one or more water resource inventory areas. For any of these multicounty options, the counties must reach their joint determination on the decision to file the petition, on the proposed bylaws, and on other matters relating to the establishment and operation of the board in accordance with the provisions of this chapter and chapter 39.34 RCW, the interlocal cooperation act. Each county must meet the requirements of RCW 90.80.020(2). The counties must jointly determine the sufficiency of a petition under RCW 90.80.020(3) and each county legislative authority must hold a hearing in its county.

(3) If establishment of a multicounty water conservancy board under any of the options provided in subsection (2) of this section is approved by the department, the counties must jointly appoint the board commissioners and jointly appoint members to fill vacancies as they occur, and may jointly appoint alternates in accordance with the provisions of this chapter and chapter 39.34 RCW.

(4) A board established for more than one county or for one or more water resource inventory areas has the same powers as other boards established under this chapter. The board has no jurisdiction outside the boundaries of the water resource inventory area or areas or the county or counties, as applicable, for which it has been established, except as provided in this chapter.

(5) The counties establishing a board for a multiple county area must designate a lead county for purposes of providing a single point of contact for communications with the department. The lead county shall forward the information required in RCW 90.80.030(1) for each county. [2004 c 10 § 2; 2001 c 237 § 8.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.040 Rules—Minimum training requirements and continuing education. The director of the department may, as deemed necessary by the director, adopt rules in accordance with chapter 34.05 RCW necessary to carry out this chapter, including minimum requirements for the training and continuing education of commissioners. Training courses for commissioners shall include an overview of state water law and hydrology. Prior to commissioners taking action on proposed water right transfers, the commissioners shall comply with training requirements that include state water law and hydrology. [1997 c 441 § 5.]

90.80.050 Corporate powers—Board composition—Members’ terms, expenses—Alternates—Eligibility to be appointed. (1) A water conservancy board constitutes a public body corporate and politic and a separate unit of local government in the state. Each board shall consist of three commissioners appointed by the county legislative authority or authorities as applicable for six-year terms. The county legislative authority or authorities shall stagger the initial appointment of commissioners so that the first commissioners who are appointed shall serve terms of two, four, and six years, respectively, from the date of their appointment. The county legislative authority or authorities may appoint two additional commissioners, for a total of five. If the county or counties elect to appoint five commissioners, the initial terms of the additional commissioners shall be for three and five-year terms respectively. All vacancies shall be filled for the unexpired term.

(2) The county legislative authority or authorities shall consider, but are not limited in appointing, nominations to the board by people or entities petitioning or requesting the creation of the board. The county legislative authority or authorities shall ensure that at least one commissioner is an individual water right holder who diverts or withdraws water for use within the area served by the board. The county legislative authority or authorities must appoint one person who is not a water right holder, except as provided in subsection (5) of this section. If the county legislative authority or authorities choose not to appoint five commissioners, and as of May 10, 2001, there is no commissioner on an existing board who is not a water right holder, the county or counties are not required to appoint a new commissioner until the first vacancy occurs. In making appointments to the board, the county legislative authority or authorities shall choose from among persons who are residents of the county or counties or a county that is contiguous to the county that the water conservancy board is to serve.

(3) The county legislative authority or authorities may appoint up to two alternates to serve in a reserve capacity as replacements for absent or recused commissioners, and while serving in that capacity an alternate may serve for all or any portion of a meeting of the board. Alternates do not hold an appointed commissioner position on a board as set forth under subsection (1) of this section. An alternate shall be appointed to serve a six-year term.

(4) No commissioner may participate in a record of decision of a board until he or she has successfully completed the necessary training required under RCW 90.80.040. Commissioners shall serve without compensation, but are entitled to reimbursement for necessary travel expenses in accordance with RCW 43.03.050 and 43.03.060 and costs incident to receiving training.

(5) For the purposes of determining a person’s eligibility to be appointed as a commissioner who is not a water right holder under this section, a person is not considered to be a water right holder: (a) By virtue of the person’s receiving water from a municipal water supplier as defined in RCW 90.03.015, or (b) if the only water right held by the person is a right to the type of residential use of water that is exempted from permit requirements by RCW 90.44.050 and that right is for water from a well located in a county with a population that is not greater than one hundred fifty thousand people. [2004 c 104 § 2; 2004 c 10 § 3; 2001 c 237 § 10; 1997 c 441 § 6.]

(2014 Ed.)
90.80.055 Additional board powers. (1) Except as provided in subsection (2) of this section, a board shall operate on a countywide basis or on an area-wide basis in the case of a board with jurisdiction in more than one county or water resource inventory area, and have the following powers, in addition to any other powers granted in this chapter:

(a) Except as provided in subsection (2) of this section, a board may act upon applications for the same kinds of transfers that the department itself is authorized to act upon, including an application to establish a trust water right under chapter 90.38 or 90.42 RCW. A board may not act upon an application for the type of transfer within an irrigation district as described in RCW 90.03.380(3). If a board receives an application for a transfer between two irrigation districts as described in RCW 90.03.380(2), the board must, before publication of notice of the application, receive the concurrence specified in that section.

(b) A board may act upon an application to transfer a water right claim under chapter 90.14 RCW. In acting upon such an application, the board must make a tentative determination as to the validity and extent of the right, if any, embodied in the claim and may only issue a record of decision regarding a transfer of such a claim to the extent it is tentatively determined to be valid. Neither the board’s tentative determination, nor the director’s acceptance of such a tentative determination, constitutes an adjudication of the right under RCW 90.03.110 through 90.03.240 or 90.44.220, and such a determination does not preclude or prejudice a subsequent challenge to the validity, priority, or quantity of the right in a general adjudication under those sections.

(c) A board may establish a water right transfer information exchange through which all or part of a water right may be listed for sale or lease. The board may also accept and post notices in the exchange from persons interested in acquiring or leasing water rights from willing sellers.

(d) The director shall assign a representative of the department to provide technical assistance to each board. If requested by the board, the representative shall work with the board as it reviews applications for formal acceptance, prepares draft records of decision, and considers other technical or legal factors affecting the board’s development of a final record of decision. A board may request and accept additional technical assistance from the department. A board may also request and accept assistance and support from the county government or governments of the county or counties in which it operates.

(2) The jurisdiction of a board shall not apply within the boundaries of a federal Indian reservation or to lands held in trust for an Indian band, tribe, or nation by the federal government. [2001 c 237 § 9.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.057 Quorum. For purposes of carrying out the official business of a board, a quorum consists of the physical presence of two of the three members of a three-member board or three of the five members of a five-member board. A board may operate with one or two vacant positions as long as it meets the quorum requirement. [2001 c 237 § 19.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.060 Board powers—Funding. (1) A water conservancy board may acquire, purchase, hold, lease, manage, occupy, and sell real and personal property or any interest therein, enter into and perform all necessary contracts, appoint and employ necessary agents and employees and fix their compensation, employ contractors including contracts for professional services, sue and be sued, and do any and all lawful acts required and expedient to carry out the purposes of this chapter.

(2) A board constitutes an independently funded entity, and may provide for its own funding as determined by the commissioners. The board may accept grants and may adopt fees for processing applications for transfers of water rights to fund the activities of the board. A board may not impose taxes or acquire property by the exercise of eminent domain. [1997 c 441 § 7.]

90.80.065 Dissolution of board. A water conservancy board may be formally dissolved by the county or jointly by the counties as applicable in which it operates by adoption of a resolution of the county legislative authority or authorities. Notice of the dissolution must be provided to the director. The department may petition the county legislative authority of the county or the lead county for a board to request that the board be dissolved for repeated statutory violations or demonstrated inability to perform the functions for which the board was created. [2001 c 237 § 16.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.070 Applications for water transfers—Notice—Record of decision—Review—Alternate serving as commissioner. (1) A person proposing a transfer of a water right may elect to file an application with a water conservancy board, if a board has been established for the geographic area where the water is or would be diverted, withdrawn, or used. If the person has already filed an application with the department, the person may request that the department convey the application to the conservancy board within jurisdiction and the department must promptly forward the application. A board is not required to process an application filed with the board. If a board decides that it will not process an application, it must return the application to the applicant and must inform the applicant that the application may be...
filed with the department. An application to the board for a transfer shall be made on a form provided by the department. A board may require an applicant to submit within a reasonable time additional information as may be required by the board in order to review and act upon the application. At a minimum, the application shall include information sufficient to establish to the board's satisfaction that a right to the quantity of water being transferred exists, and a description of any applicable limitations on the right to use water, including the point of diversion or withdrawal, place of use, source of supply, purpose of use, quantity of use permitted, time of use, period of use, and the place of storage.

(2) The applicant for any proposed water right transfer may apply to a board for a record of decision on a transfer if the water proposed to be transferred is currently diverted, withdrawn, or used within the geographic area in which the board has jurisdiction, or would be diverted, withdrawn, or used within the geographic area in which the board has jurisdiction if the transfer is approved. In the case of a proposed water right transfer in which the water is currently diverted or withdrawn or would be diverted or withdrawn outside the geographic boundaries of the county or the water resource inventory area where the use is proposed to be made, the board shall hold a public hearing in the county of the diversion or withdrawal or proposed diversion or withdrawal. The board shall provide for prominent publication of notice of the hearing in a newspaper of general circulation published in the county in which the hearing is to be held for the purpose of affording an opportunity for interested persons to comment upon the application. If an application is for a transfer of water out of the water resource inventory area that is the source of the water, the board shall consult with the department regarding the application.

(3) After an application for a transfer is filed with the board, the board shall publish notice of the application and send notice to state agencies in accordance with the requirements of RCW 90.03.280. In addition, the board shall send notice of the application to any Indian tribe with reservation lands that would be, but for RCW 90.80.055(2), within the area in which the board has jurisdiction. The board shall also provide notice of the application to any Indian tribe that has requested that it be notified of applications. Any person may submit comments and other information to the board regarding the application. The comments and information may be submitted in writing or verbally at any public meeting of the board to discuss or decide on the application. The comments must be considered by the board in making its record of decision.

(4) If a majority of the board determines that the application is complete, and that the transfer is in accordance with RCW 90.03.380, 90.03.390, or 90.44.100, the board must issue a record of decision approving the transfer, subject to review by the director. In making its record of decision, the board must consider among other things whether the proposed transfer can be made without detriment or injury to existing water rights, including rights established for instream flows. The board must include in its record of decision any conditions that are deemed necessary for the transfer to qualify for approval under the applicable laws of the state. The basis for the record of decision of the board must be documented in a report of examination. The board's proposed approval must clearly state that the applicant is not permitted to proceed to effect the proposed transfer until a final decision is made by the director. In making its record of decision, the board must consider among other things whether the proposed transfer can be made without detriment or injury to existing water rights, including rights established for instream flows.

(5) If a majority of the board determines that the application cannot be approved under the applicable laws of the state of Washington, the board must make a record of decision denying the application together with its report of examination documenting its record of decision. The board's record of decision is subject to review by the director under RCW 90.80.080.

(6) When alternates appointed under the provisions of RCW 90.80.050(3) are serving as commissioners on a board, a majority vote of the board must include at least one commissioner appointed under the provisions of RCW 90.80.050(1).

(7) An alternate when serving as a commissioner in the review of an application before the board shall:
   (a) Review the written record before the board and any exhibits provided for the review or provided at the hearing if a hearing was held;
   (b) Review any audio or video recordings made of the proceedings on the application; and
   (c) Conduct a site visit if a site visit by other commissioners acting on the application has been previously conducted.

(8) An alternate serving as a commissioner shall be guided by the conflict of interest standards applicable to all commissioners under RCW 90.80.120. The board shall provide notice of an alternate sitting as a commissioner to the applicant and other participants in proceedings before the board in a timely manner to provide sufficient time for any challenges for conflict of interest to be made prior to the board's decision on the application. [2004 c 10 § 4; 2001 c 237 § 11; 1997 c 441 § 9.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.
90.80.090 Appeals from director's decisions. The decision of the director to approve or deny an action to create a board, or to approve, deny, or modify a water right transfer either by action or inaction is appealable in the same manner as other water right decisions made pursuant to chapters 90.03 and 90.44 RCW. [2001 c 237 § 13; 1997 c 441 § 12.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.100 Damages arising from records of decisions on transfers—Immunity. Neither the county or counties, the department, a conservancy board, or its employees, nor individual conservancy board commissioners shall be subject to any cause of action or claim for damages arising out of records of decisions on transfers made by a board under this chapter. [2001 c 237 § 14; 1997 c 441 § 13.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.110 Approval of interties. Nothing in this chapter eliminates or lessens the requirements necessary for the approval of interties. [1997 c 441 § 15.]

90.80.120 Conflicts of interest. (1) A commissioner of a water conservancy board shall not engage in any act which is in conflict with the proper discharge of the official duties of a commissioner. A commissioner is deemed to have a conflict of interest if he or she:

(a) Has an ownership interest in a water right subject to an application for approval before the board;

(b) Receives or has a financial interest in an application submitted to the board or a project, development, or venture related to the approval of the application; or

(c) Solicits, accepts, or seeks anything of economic value as a gift, gratuity, or favor from any person, firm, or corporation involved in the application.

(2) In the event of a refusal of an appointed commissioner, an alternate may serve as a commissioner on a board and may act upon the official board business for which the conflict of interest exists.

(3) The department shall return a record of decision to a conservancy board without action where the department determines that any member of a board has violated subsection (1) of this section.

(a) If a person seeking to rely on this section to disqualify a commissioner knows of the basis for disqualification after the time the board issues a record of decision, the person must request the board to have the commissioner recuse himself or herself from further involvement in processing the application, or be barred from later raising that challenge.

(b) If the commissioner does not recuse himself or herself or if the person becomes aware of the basis for disqualification before the board issues a record of decision but within the time period under RCW 90.80.080(3) for filing objections with the department, the person must raise the challenge with the department. If the department determines that the commissioner should be disqualified under this section, the director must remand the record of decision to the board for reconsideration and resubmission of a record of decision. The disqualified commissioner shall not participate in any further board review of the application. The department's decision on whether to remand a record of decision under this section may only be appealed at the same time and in the same manner as an appeal of the department's decision to affirm, modify, or reverse the record of decision after remand.

(c) If the person becomes aware of the basis for disqualification after the time for filing objections with the department, the person may raise the challenge in an appeal of the department's final decision under RCW 90.80.090. [2004 c 10 § 5; 2001 c 237 § 15; 1997 c 441 § 16.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.130 Application of open public meetings act. Water conservancy board activities are subject to the open public meetings act, chapter 42.30 RCW and to chapter 42.32 RCW. This includes announcing meetings in advance. [2001 c 237 § 17; 1997 c 441 § 17.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.135 Application of public records act. (1) A board is subject to the requirements of chapter 42.56 RCW. Each board must establish and maintain records of its proceedings and determinations. While in the possession of the board, all such records must be made available for inspection and copies must be provided to the public on request under the provisions of chapter 42.56 RCW.

(2) Upon the conclusion of its business involving a water right transfer application, a board must promptly send the original copies of all records relating to that application to the department for recordkeeping. A board may keep a copy of
the original documents. After the records are transferred to the department, the responsibility for making the records available under chapter 42.56 RCW is transferred to the department. [2005 c 274 § 366; 2001 c 237 § 18.]

Part headings not law—Effective date—2005 c 274: See RCW 42.56.901 and 42.56.902.

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.140 Transfers approved under chapter 90.03 or 90.44 RCW not affected. Nothing in this chapter affects transfers that may be otherwise approved under chapter 90.03 or 90.44 RCW. [2001 c 237 § 20; 1997 c 441 § 18.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.150 Information required to be maintained on the department's web site. The department shall maintain information on its web site concerning the boards formed or sought to be formed under the authority of this chapter, the transfer applications reviewed and other activities conducted by the boards, and the funding of such boards. Conservancy boards must provide information regarding their activities to the department to assist in updating this information at least biennially in even-numbered years. [2014 c 76 § 12; 2001 c 237 § 21; 1997 c 441 § 19.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.80.900 Severability—1997 c 441. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1997 c 441 § 20.]

(2014 Ed.)

90.82.005 Purpose. The purpose of this chapter is to develop a more thorough and cooperative method of determining what the current water resource situation is in each water resource inventory area of the state and to provide local citizens with the maximum possible input concerning their goals and objectives for water resource management and development.

It is necessary for the legislature to establish processes and policies that will result in providing state agencies with more specific guidance to manage the water resources of the state consistent with current law and direction provided by local entities and citizens through the process established in accordance with this chapter. [1997 c 442 § 101.]

90.82.010 Finding. The legislature finds that the local development of watershed plans for managing water resources and for protecting existing water rights is vital to both state and local interests. The local development of these plans serves vital local interests by placing it in the hands of people: Who have the greatest knowledge of both the resources and the aspirations of those who live and work in the watershed; and who have the greatest stake in the proper, long-term management of the resources. The development of such plans serves the state's vital interests by ensuring that the state's water resources are used wisely, by protecting existing water rights, by protecting instream flows for fish, and by providing for the economic well-being of the state's citizenry and communities. Therefore, the legislature believes it necessary for units of local government throughout the state to engage in the orderly development of these watershed plans. [1997 c 442 § 102.]

90.82.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of ecology.

(2) "Implementing rules" for a WRIA plan are the rules needed to give force and effect to the parts of the plan that create rights or obligations for any party including a state agency or that establish water management policy.

(3) "Minimum instream flow" means a minimum flow under chapter 90.03 or 90.22 RCW or a base flow under chapter 90.54 RCW.

(4) "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997.

(5) "Water supply utility" means a water, combined water-sewer, irrigation, reclamation, or public utility district that provides water to persons or other water users within the district or a division or unit responsible for administering a publicly governed water supply system on behalf of a county.

(6) "WRIA plan" or "plan" means the product of the planning unit including any rules adopted in conjunction with the product of the planning unit. [1997 c 442 § 103.]

90.82.030 Principles. In order to have the best possible program for appropriating and administering water use in the state, the legislature establishes the following principles and criteria to carry out the purpose and intent of chapter 442, Laws of 1997.

[Title 90 RCW—page 179]
90.82.040 WRIA planning units—Watershed planning grants—Eligibility criteria—Administrative costs. (1) Once a WRIA planning unit has been initiated under RCW 90.82.060 and a lead agency has been designated, it shall notify the department and may apply to the department for funding assistance for conducting the planning and implementation. Funds shall be provided from and to the extent of appropriations made by the legislature to the department expressly for this purpose.

(2)(a) Each planning unit that has complied with subsection (1) of this section is eligible to receive watershed planning grants in the following amounts for the first three phases of watershed planning and phase four watershed plan implementation:

(i) Initiating governments may apply for an initial organizing grant of up to fifty thousand dollars for a single WRIA or up to seventy-five thousand dollars for a multi-WRIA management area in accordance with RCW 90.82.060(4);

(ii)(A) A planning unit may apply for up to two hundred thousand dollars for each WRIA in the management area for conducting watershed assessments in accordance with RCW 90.82.070, except that a planning unit that chooses to conduct a detailed assessment or studies under (a)(ii)(B) of this subsection or whose initiating governments choose or have chosen to include an instream flow or water quality component in accordance with RCW 90.82.080 or 90.82.090 may apply for up to one hundred thousand additional dollars for each instream flow and up to one hundred thousand additional dollars for each water quality component included for each WRIA to conduct an assessment on that optional component and for each WRIA in which the assessments or studies under (a)(ii)(B) of this subsection are conducted.

(B) A planning unit may elect to apply for up to one hundred thousand additional dollars to conduct a detailed assessment of multipurpose water storage opportunities or for studies of specific multipurpose storage projects which opportunities or projects are consistent with and support the other elements of the planning unit’s watershed plan developed under this chapter; and

(iii) A planning unit may apply for up to two hundred fifty thousand dollars for each WRIA in the management area for developing a watershed plan and making recommendations for actions by local, state, and federal agencies, tribes, private property owners, private organizations, and individual citizens, including a recommended list of strategies and projects that would further the purpose of the plan in accordance with RCW 90.82.060 through 90.82.100.

(b) A planning unit may request a different amount for phase two or phase three of watershed planning than is specified in (a) of this subsection, provided that the total amount of funds awarded do not exceed the maximum amount the planning unit is eligible for under (a) of this subsection. The department shall approve such an alternative allocation of funds if the planning unit identifies how the proposed alternative will meet the goals of this chapter and provides a proposed timeline for the completion of planning. However, the up to one hundred thousand additional dollars in funding for instream flow and water quality components and for watershed storage assessments or studies that a planning unit may apply for under (a)(ii)(A) of this subsection may be used only for those instream flow, water quality, and water storage purposes.

(c) By December 1, 2001, or within one year of initiating phase one of watershed planning, whichever occurs later, the initiating governments for each planning unit must inform the department whether they intend to have the planning unit establish or amend instream flows as part of its planning process. If they elect to have the planning unit establish or amend instream flows, the planning unit is eligible to receive one hundred thousand dollars for that purpose in accordance with (a)(ii) of this subsection. If the initiating governments for a planning unit elect not to establish or amend instream flows as part of the unit’s planning process, the department shall retain one hundred thousand dollars to carry out an assessment to support establishment of instream flows and to establish such flows in accordance with RCW 90.54.020(3)(a) and chapter 90.22 RCW. The department shall not use these funds to amend an existing instream flow unless requested to do so by the initiating governments for a planning unit.

(d) In administering funds appropriated for supplemental funding for optional plan components under (a)(ii) of this subsection, the department shall give priority in granting the available funds to proposals for setting or amending instream flows.

(e) A planning unit may apply for a matching grant for phase four watershed plan implementation following approval under the provisions of RCW 90.82.130. A match of ten percent is required and may include financial contributions or in-kind goods and services directly related to coordination and oversight functions. The match can be provided by the planning unit or by the combined commitments from federal agencies, tribal governments, local governments, special districts, or other local organizations. The phase four grant may be up to one hundred thousand dollars for each planning unit for each of the first three years of implementation. At the end of the three-year period, a two-year extension may be available for up to fifty thousand dollars each year. For planning units that cover more than one WRIA, additional matching funds of up to twenty-five thousand dollars may be available for additional WRIA per year for the first three years of implementation, and up to twelve thousand five hundred dollars per WRIA per year for each of the fourth and fifth years.

3(a) The department shall use the eligibility criteria in this subsection (3) instead of rules, policies, or guidelines...
when evaluating grant applications at each stage of the grants program.

(b) In reviewing grant applications under this subsection (3), the department shall evaluate whether:

(i) The planning unit meets all of the requirements of this chapter;

(ii) The application demonstrates a need for state planning funds to accomplish the objectives of the planning process; and

(iii) The application and supporting information evidences a readiness to proceed.

(c) In ranking grant applications submitted at each stage of the grants program, the department shall give preference to applications in the following order of priority:

(i) Applications from existing planning groups that have been in existence for at least one year;

(ii) Applications that address protection and enhancement of fish habitat in watersheds that have aquatic fish species listed or proposed to be listed as endangered or threatened, or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning;

(iii) Applications that address protection and enhancement of fish habitat in watersheds or for which there is evidence of an inability to supply adequate water for population and economic growth from:

(A) First, multi-WRIA planning; and

(B) Second, single WRIA planning.

(d) Except for phase four watershed plan implementation, the department may not impose any local matching fund requirement as a condition for grant eligibility or as a preference for receiving a grant.

(4) The department may retain up to one percent of funds allocated under this section to defray administrative costs.

(5) Planning under this chapter should be completed as expeditiously as possible, with the focus being on local stakeholders cooperating to meet local needs.

(6) Funding provided under this section shall be considered a contractual obligation against the moneys appropriated for this purpose. [2003 1st sp.s. c 4 § 2; 2001 c 237 § 2; 1998 c 247 § 1; 1997 c 442 § 105.]

Findings—2003 1st sp.s. c 4: "The legislature declares and reaffirms that a core principle embodied in chapter 90.82 RCW is that state agencies must work cooperatively with local citizens in a process of planning for future uses of water by giving local citizens and the governments closest to them the ability to determine the management of water in the WRIA or WRIAs being planned. The legislature further finds that this process of local planning must have all the tools necessary to accomplish this task and that it is essential for the legislature to provide a clear statutory process for implementation so that the locally developed plan will be the adopted and implemented plan to the greatest extent possible." [2003 1st sp.s. c 4 § 1.]

Finding—Intent—2001 c 237: "The legislature is committed to meeting the needs of a growing population and a healthy economy statewide; to meeting the needs of fish and healthy watersheds statewide; and to advancing these two principles together, in increments over time. The legislature finds that improved management of the state's water resources, clarifying the authorities, requirements, and timelines for establishing instream flows, providing timely decisions on water transfers, clarifying the authority of water conservancy boards, and enhancing the flexibility of our water management system to meet both environmental and eco-nomic goals are important steps to providing a better future for our state.

The need for these improvements is particularly urgent as we are faced with drought conditions. The failure to act now will only increase the potential negative effects on both the economy and the environment, including fisheries resources.

Deliberative action over several legislative sessions and interim periods between sessions will be required to address the long-term goal of improving the responsiveness of the state water code to meet the diverse water needs of the state's citizenry. It is the intent of the legislature to begin this work now by providing tools to enable the state to respond to imminent drought conditions and other immediate problems relating to water resources management. It is also the legislature's intent to lay the groundwork for future legislation for addressing the state's long-term water problems." [2001 c 237 § 1.]

Intent—2001 c 237: See note following RCW 90.66.065. Additional notes found at www.leg.wa.gov

90.82.043 Implementation plan. (1) Within one year of accepting funding under RCW 90.82.040(2)(e), the planning unit must complete a detailed implementation plan. Submission of a detailed implementation plan to the department is a condition of receiving grants for the second and all subsequent years of the phase four grant.

(2) Each implementation plan must contain strategies to provide sufficient water for: (a) Production agriculture; (b) commercial, industrial, and residential use; and (c) instream flows. Each implementation plan must contain timelines to achieve these strategies and interim milestones to measure progress.

(3) The implementation plan must clearly define coordination and oversight responsibilities; any needed interlocal agreements, rules, or ordinances; any needed state or local administrative approvals and permits that must be secured; and specific funding mechanisms.

(4) In developing the implementation plan, the planning unit must consult with other entities planning in the watershed management area and identify and seek to eliminate any activities or policies that are duplicative or inconsistent. [2014 c 76 § 13; 2007 c 445 § 6; 2003 1st sp.s. c 4 § 3.]

Findings—Intent—2007 c 445: See note following RCW 90.46.005.

Findings—2003 1st sp.s. c 4: See note following RCW 90.82.040.

90.82.048 Implementation plan—Timelines and milestones. (1) The timelines and interim milestones in a detailed implementation plan required by RCW 90.82.043 must address the planned future use of existing water rights for municipal water supply purposes, as defined in RCW 90.03.015, that are inchoate, including how these rights will be used to meet the projected future needs identified in the watershed plan, and how the use of these rights will be addressed when implementing instream flow strategies identified in the watershed plan.

(2) The watershed planning unit or other authorized lead agency shall ensure that holders of water rights for municipal water supply purposes not currently in use are asked to participate in defining the timelines and interim milestones to be included in the detailed implementation plan.

(3) The department of health shall annually compile a list of water system plans and plan updates to be reviewed by the department during the coming year and shall consult with the departments of *community, trade, and economic development, ecology, and fish and wildlife to: (a) Identify watersheds where further coordination is needed between water
system planning and local watershed planning under this chapter; and (b) develop a work plan for conducting the necessary coordination. [2003 1st sp.s. c 5 § 9.]

*Reviser's note:* The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

Additional notes found at www.leg.wa.gov

90.82.050 Limitations on liability. (1) This chapter shall not be construed as creating a new cause of action against the state or any county, city, town, water supply utility, conservation district, or planning unit.

(2) Notwithstanding RCW 4.92.090, 4.96.010, and 64.40.020, no claim for damages may be filed against the state or any county, city, town, water supply utility, tribal governments, conservation district, or planning unit that or member of a planning unit who participates in a WRIA planning unit for performing responsibilities under this chapter. [1997 c 442 § 106.]

90.82.060 Initiation of watershed planning—Scope of planning—Technical assistance from state agencies. (Effective until June 30, 2019.) (1) Planning conducted under this chapter must provide for a process to allow the local citizens within a WRIA or multi-WRIA area to join together in an effort to: (a) Assess the status of the water resources of their WRIA or multi-WRIA area; and (b) determine how best to manage the water resources of the WRIA or multi-WRIA area to balance the competing resource demands for that area within the parameters under RCW 90.82.120.

(2)(a) Watershed planning under this chapter may be initiated for a WRIA only with the concurrence of: (i) All counties within the WRIA; (ii) the largest city or town within the WRIA unless the WRIA does not contain a city or town; and (iii) the water supply utility obtaining the largest quantity of water from the WRIA or, for a WRIA with lands within the Columbia Basin project, the water supply utility obtaining from the Columbia Basin project the largest quantity of water for the WRIA. To apply for a grant for organizing the planning unit as provided for under RCW 90.82.040(2)(a), these entities shall designate the entity that will serve as the lead agency for the planning effort and indicate how the planning unit will be staffed.

(b) For purposes of this chapter, WRIA 40 shall be divided such that the portion of the WRIA located entirely within the Stelmit and Squilchuck subbasins shall be considered WRIA 40a and the remaining portion shall be considered WRIA 40b. Planning may be conducted separately for WRIA 40a and 40b. WRIA 40a shall be eligible for one-fourth of the funding available for a single WRIA, and WRIA 40b shall be eligible for three-fourths of the funding available for a single WRIA.

(c) For purposes of this chapter, WRIA 29 shall be divided such that the portion of the WRIA located entirely within the White Salmon subbasin and the subbasins east thereof shall be considered WRIA 29b and the remaining portion shall be considered WRIA 29a. Planning may be conducted separately for WRIA 29a and 29b. WRIA 29a shall be eligible for one-half of the funding available for a single WRIA and WRIA 29b shall be eligible for one-half of the funding available for a single WRIA.

(d) For purposes of this chapter, WRIA 14 shall be divided such that the portion of the WRIA where surface waters drain into Hood Canal shall be considered WRIA 14b, and the remaining portion shall be considered WRIA 14a. Planning for WRIA 14b under this chapter shall be conducted by the WRIA 16 planning unit. WRIA 14b shall be eligible for one-half of the funding available for a single WRIA, and WRIA 14a shall be eligible for one-half of the funding available for a single WRIA.

(3) Watershed planning under this chapter may be initiated for a multi-WRIA area only with the concurrence of: (a) All counties within the multi-WRIA area; (b) the largest city or town in each WRIA unless the WRIA does not contain a city or town; and (c) the water supply utility obtaining the largest quantity of water in each WRIA.

(4) If entities in subsection (2) or (3) of this section decide jointly and unanimously to proceed, they shall invite all tribes with reservation lands within the management area.

(5) The entities in subsection (2) or (3) of this section, including the tribes if they affirmatively accept the invitation, constitute the initiating governments for the purposes of this section.

(6) The organizing grant shall be used to organize the planning unit and to determine the scope of the planning to be conducted. In determining the scope of the planning activities, consideration shall be given to all existing plans and related planning activities. The scope of planning must include water quantity elements as provided in RCW 90.82.070, and may include water quality elements as contained in RCW 90.82.090, habitat elements as contained in RCW 90.82.100, and instream flow elements as contained in RCW 90.82.080. The initiating governments shall work with state government, other local governments within the management area, and affected tribal governments, in developing a planning process. The initiating governments may hold public meetings as deemed necessary to develop a proposed scope of work and a proposed composition of the planning unit. In developing a proposed composition of the planning unit, the initiating governments shall provide for representation of a wide range of water resource interests.

(7) Each state agency with regulatory or other interests in the WRIA or multi-WRIA area to be planned shall assist the local citizens in the planning effort to the greatest extent practicable, recognizing any fiscal limitations. In providing such technical assistance and to facilitate representation on the planning unit, state agencies may organize and agree upon their representation on the planning unit. Such technical assistance must only be at the request of and to the extent desired by the planning unit conducting such planning. The number of state agency representatives on the planning unit shall be determined by the initiating governments in consultation with the governor's office.

(8) As used in this section, "lead agency" means the entity that coordinates staff support of its own or of other local governments and receives grants for developing a watershed plan.

(9) A planning unit is dissolved when the department approves a water management board, as authorized in RCW 90.92.030, and all assets, funds, files, planning documents, [Title 90 RCW—page 182]
pending plans and grant applications, and other current activities of the planning unit are transferred to the approved water management board. The approved water management board must assume the duties, responsibilities, and activities of the planning unit and the initiating governments, as required in this chapter. [2009 c 183 § 18; 2008 c 210 § 1; 2007 c 245 § 1; 2003 c 328 § 1; 2001 c 229 § 1; 1998 c 247 § 2.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.82.060 Initiation of watershed planning—Scope of planning—Technical assistance from state agencies. (Effective June 30, 2019.) (1) Planning conducted under this chapter must provide for a process to allow the local citizens within a WRIA or multi-WRIA area to join together in an effort to: (a) Assess the status of the water resources of their WRIA or multi-WRIA area; and (b) determine how best to manage the water resources of the WRIA or multi-WRIA area to balance the competing resource demands for that area within the parameters under RCW 90.82.120.

(2)(a) Watershed planning under this chapter may be initiated for a WRIA only with the concurrence of: (i) All counties within the WRIA; (ii) the largest city or town within the WRIA unless the WRIA does not contain a city or town; and (iii) the water supply utility obtaining the largest quantity of water from the WRIA or, for a WRIA with lands within the Columbia Basin project, the water supply utility obtaining from the Columbia Basin project the largest quantity of water for the WRIA. To apply for a grant for organizing the planning unit as provided for under RCW 90.82.040(2)(a), these entities shall designate the entity that will serve as the lead agency for the planning effort and indicate how the planning unit will be staffed.

(b) For purposes of this chapter, WRIA 40 shall be divided such that the portion of the WRIA located entirely within the Stenil and Squilchuck subbasins shall be considered WRIA 40a and the remaining portion shall be considered WRIA 40b. Planning may be conducted separately for WRIA 40a and 40b. WRIA 40a shall be eligible for one-fourth of the funding available for a single WRIA, and WRIA 40b shall be eligible for three-fourths of the funding available for a single WRIA.

(c) For purposes of this chapter, WRIA 29 shall be divided such that the portion of the WRIA located entirely within the White Salmon subbasin and the subbasins east thereof shall be considered WRIA 29b and the remaining portion shall be considered WRIA 29a. Planning may be conducted separately for WRIA 29a and 29b. WRIA 29a shall be eligible for one-half of the funding available for a single WRIA and WRIA 29b shall be eligible for one-half of the funding available for a single WRIA.

(d) For purposes of this chapter, WRIA 14 shall be divided such that the portion of the WRIA where surface waters drain into Hood Canal shall be considered WRIA 14b, and the remaining portion shall be considered WRIA 14a. Planning for WRIA 14b under this chapter shall be conducted by the WRIA 16 planning unit. WRIA 14b shall be eligible for one-half of the funding available for a single WRIA, and WRIA 14a shall be eligible for one-half of the funding available for a single WRIA.

(3) Watershed planning under this chapter may be initiated for a multi-WRIA area only with the concurrence of: (a) All counties within the multi-WRIA area; (b) the largest city or town in each WRIA unless the WRIA does not contain a city or town; and (c) the water supply utility obtaining the largest quantity of water in each WRIA.

(4) If entities in subsection (2) or (3) of this section decide jointly and unanimously to proceed, they shall invite all tribes with reservation lands within the management area.

(5) The entities in subsection (2) or (3) of this section, including the tribes if they affirmatively accept the invitation, constitute the initiating governments for the purposes of this section.

(6) The organizing grant shall be used to organize the planning unit and to determine the scope of the planning to be conducted. In determining the scope of the planning activities, consideration shall be given to all existing plans and related planning activities. The scope of planning must include water quantity elements as provided in RCW 90.82.070, and may include water quality elements as contained in RCW 90.82.090, habitat elements as contained in RCW 90.82.100, and instream flow elements as contained in RCW 90.82.080. The initiating governments shall work with state government, other local governments within the management area, and affected tribal governments, in developing a planning process. The initiating governments may hold public meetings as deemed necessary to develop a proposed scope of work and a proposed composition of the planning unit. In developing a proposed composition of the planning unit, the initiating governments shall provide for representation of a wide range of water resource interests.

(7) Each state agency with regulatory or other interests in the WRIA or multi-WRIA area to be planned shall assist the local citizens in the planning effort to the greatest extent practicable, recognizing any fiscal limitations. In providing such technical assistance and to facilitate representation on the planning unit, state agencies may organize and agree upon their representation on the planning unit. Such technical assistance must only be at the request of and to the extent desired by the planning unit conducting such planning. The number of state agency representatives on the planning unit shall be determined by the initiating governments in consultation with the governor's office.

(8) As used in this section, "lead agency" means the entity that coordinates staff support of its own or of other local governments and receives grants for developing a watershed plan. [2008 c 210 § 1; 2007 c 245 § 1; 2003 c 328 § 1; 2001 c 229 § 1; 1998 c 247 § 2.]

90.82.070 Water quantity component. Watershed planning under this chapter shall address water quantity in the management area by undertaking an assessment of water supply and use in the management area and developing strategies for future use.

(1) The assessment shall include:

(a) An estimate of the surface and ground water present in the management area;

(b) An estimate of the surface and ground water available in the management area, taking into account seasonal and other variations;

(c) An estimate of the water in the management area represented by claims in the water rights claims registry, water use permits, certificated rights, existing minimum instream...
flow rules, federally reserved rights, and any other rights to water;

(d) An estimate of the surface and ground water actually being used in the management area;

(e) An estimate of the water needed in the future for use in the management area;

(f) An identification of the location of areas where aquifers are known to recharge surface bodies of water and areas known to provide for the recharge of aquifers from the surface; and

(g) An estimate of the surface and ground water available for further appropriation, taking into account the minimum instream flows adopted by rule or to be adopted by rule under this chapter for streams in the management area including the data necessary to evaluate necessary flows for fish.

(2) Strategies for increasing water supplies in the management area, which may include, but are not limited to, increasing water supplies through water conservation, water reuse, the use of reclaimed water, voluntary water transfers, aquifer recharge and recovery, additional water allocations, or additional water storage and water storage enhancements. The objective of these strategies is to supply water in sufficient quantities to satisfy the minimum instream flows for fish and to provide water for future out-of-stream uses for water identified in subsection (1)(e) and (g) of this section and to ensure that adequate water supplies are available for agriculture, energy production, and population and economic growth under the requirements of the state's growth management act, chapter 36.70A RCW. These strategies, in and of themselves, shall not be construed to confer new water rights. The watershed plan must address the strategies required under this subsection.

(3) The assessment may include the identification of potential site locations for water storage projects. The potential site locations may be for either large or small projects and cover the full range of possible alternatives. The possible alternatives include off-channel storage, underground storage, the enlargement or enhancement of existing storage, and on-channel storage. [2001 2nd sp.s. c 19 § 2; 1998 c 247 § 3.]

Intent—2001 2nd sps. c 19: "The legislature recognizes the potential for additional water storage as a solution to the water supply needs of the state. Last year the legislature created a task force to examine the role of increased water storage in providing water supplies to meet the needs of fish, population growth, and economic development, and to enhance the protection of people's lives and their property and the protection of aquatic habitat through flood control facilities. One solution discussed by the task force to address the state's water supply problem is to store water when there is excess runoff and streamflow, and deliver or release it during the low flow period when it is needed. The task force discussed the need for assessments of potential site locations for water storage projects. The legislature intends this act to assist in obtaining the assessments relating to water storage." [2001 2nd sps. c 19 § 1.]

90.82.080 Instream flow component—Rules—Report. (1)(a) If the initiating governments choose, by majority vote, to include an instream flow component, it shall be accomplished in the following manner:

(i) If minimum instream flows have already been adopted by rule for a stream within the management area, unless the members of the local governments and tribes on the planning unit by a recorded unanimous vote request the department to modify those flows, the minimum instream flows shall not be modified under this chapter. If the members of local governments and tribes request the planning unit to modify instream flows and unanimous approval of the decision to modify such flow is not achieved, then the instream flows shall not be modified under this section;

(ii) If minimum streamflows have not been adopted by rule for a stream within the management area, setting the minimum instream flows shall be a collaborative effort between the department and members of the planning unit. The department must attempt to achieve consensus and approval among the members of the planning unit regarding the minimum flows to be adopted by the department. Approval is achieved if all government members and tribes that have been invited and accepted on the planning unit present for a recorded vote unanimously vote to support the proposed minimum instream flows, and all nongovernmental members of the planning unit present for the recorded vote, by a majority, vote to support the proposed minimum instream flows.

(b) The department shall undertake rule making to adopt flows under (a) of this subsection. The department may adopt the rules either by the regular rules adoption process provided in chapter 34.05 RCW, the expedited rules adoption process as set forth in RCW 34.05.353, or through a rules adoption process that uses public hearings and notice provided by the county legislative authority to the greatest extent possible. Such rules do not constitute significant legislative rules as defined in RCW 34.05.328, and do not require the preparation of small business economic impact statements.

(c) If approval is not achieved within four years of the date the planning unit first receives funds from the department for conducting watershed assessments under RCW 90.82.040, the department may promptly initiate rule making under chapter 34.05 RCW to establish flows for those streams and shall have two additional years to establish the instream flows for those streams for which approval is not achieved.

(2)(a) Notwithstanding RCW 90.03.345, minimum instream flows set under this section for rivers or streams that do not have existing minimum instream flow levels set by rule of the department shall have a priority date of two years after funding is first received from the department under RCW 90.82.040, unless determined otherwise by a unanimous vote of the members of the planning unit but in no instance may it be later than the effective date of the rule adopting such flow.

(b) Any increase to an existing minimum instream flow set by rule of the department shall have a priority date of two years after funding is first received for planning in the WRIA or multi-WRIA area from the department under RCW 90.82.040 and the priority date of the portion of the minimum instream flow previously established by rule shall retain its priority date as established under RCW 90.03.345.

(c) Any existing minimum instream flow set by rule of the department that is reduced shall retain its original date of priority as established by RCW 90.03.345 for the revised amount of the minimum instream flow level.

(3) Before setting minimum instream flows under this section, the department shall engage in government-to-gov-ernment consultation with affected tribes in the management area regarding the setting of such flows.
(4) Nothing in this chapter either: (a) Affects the department's authority to establish flow requirements or other conditions under RCW 90.48.260 or the federal clean water act (33 U.S.C. Sec. 1251 et seq.) for the licensing or relicensing of a hydroelectric power project under the federal power act (16 U.S.C. Sec. 791 et seq.); or (b) affects or impairs existing instream flow requirements and other conditions in a current license for a hydroelectric power project licensed under the federal power act.

(5) If the planning unit is unable to obtain unanimity under subsection (1) of this section, the department may adopt rules setting such flows.

(6) The department shall report annually to the appropriate legislative standing committees on the progress of instream flows being set under this chapter, as well as progress toward setting instream flows in those watersheds not being planned under this chapter. The report shall be made by December 1, 2003, and by December 1st of each subsequent year. [2003 1st sp.s. c 4 § 4; 1998 c 247 § 4.]

Findings—2003 1st sp.s. c 4: See note following RCW 90.82.040.

90.82.085 Instream flows—Assessing and setting or amending. By October 1, 2001, the department of ecology shall complete a final nonproject environmental impact statement that evaluates streamflows to meet the alternative goals of maintaining, preserving, or enhancing instream resources and the technically defensible methodologies for determining these streamflows. Planning units and state agencies assessing and setting or amending instream flows must, as a minimum, consider the goals and methodologies addressed in the nonproject environmental impact statement. A planning unit or state agency may assess, set, or amend instream flows in a manner that varies from the final nonproject environmental impact statement if consistent with applicable instream flow laws. [2001 c 237 § 3.]

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.82.090 Water quality component. If the initiating governments choose to include a water quality component, the watershed plan shall include the following elements:

(1) An examination based on existing studies conducted by federal, state, and local agencies of the degree to which legally established water quality standards are being met in the management area;

(2) An examination based on existing studies conducted by federal, state, and local agencies of the causes of water quality violations in the management area, including an examination of information regarding pollutants, point and nonpoint sources of pollution, and pollution-carrying capacities of water bodies in the management area. The analysis shall take into account seasonal streamflow or level variations, natural events, and pollution from natural sources that occurs independent of human activities;

(3) An examination of the legally established characteristic uses of each of the nonmarine bodies of water in the management area;

(4) An examination of any total maximum daily load established for nonmarine bodies of water in the management area, unless a total maximum daily load process has begun in the management area as of the date the watershed planning process is initiated under RCW 90.82.060;

(5) An examination of existing data related to the impact of freshwater on marine water quality;

(6) A recommended approach for implementing the total maximum daily load established for achieving compliance with water quality standards for the nonmarine bodies of water in the management area, unless a total maximum daily load process has begun in the management area as of the date the watershed planning process is initiated under RCW 90.82.060; and

(7) Recommended means of monitoring by appropriate government agencies whether actions taken to implement the approach to bring about improvements in water quality are sufficient to achieve compliance with water quality standards.

This chapter does not obligate the state to undertake analysis or to develop strategies required under the federal clean water act (33 U.S.C. Sec. 1251 et seq.). This chapter does not authorize any planning unit, lead agency, or local government to adopt water quality standards or total maximum daily loads under the federal clean water act. [1998 c 247 § 5.]

90.82.100 Habitat component. If the initiating governments choose to include a habitat component, the watershed plan shall be coordinated or developed to protect or enhance fish habitat in the management area. Such planning must rely on existing laws, rules, or ordinances created for the purpose of protecting, restoring, or enhancing fish habitat, including the shoreline management act, chapter 90.58 RCW, the growth management act, chapter 36.70A RCW, and the forest practices act, chapter 76.09 RCW. Planning established under this section shall be integrated with strategies developed under other processes to respond to potential and actual listings of salmon and other fish species as being threatened or endangered under the federal endangered species act, 16 U.S.C. Sec. 1531 et seq. Where habitat restoration activities are being developed under chapter 246, Laws of 1998, such activities shall be relied on as the primary nonregulatory habitat component for fish habitat under this chapter. [1998 c 247 § 6.]

90.82.110 Identification of projects and activities. The planning unit shall review historical data such as fish runs, weather patterns, land use patterns, seasonal flows, and geographic characteristics of the management area, and also review the planning, projects, and activities that have already been completed regarding natural resource management or enhancement in the management area and the products or status of those that have been initiated but not completed for such management in the management area, and incorporate their products as appropriate so as not to duplicate the work already performed or underway.

The planning group is encouraged to identify projects and activities that are likely to serve both short-term and long-term management goals and that warrant immediate financial assistance from the state, federal, or local government. If there are multiple projects, the planning group shall give consideration to ranking projects that have the greatest
benefit and schedule those projects that should be implemented first. [1998 c 247 § 7.]

90.82.120  Plan parameters.  (1) Watershed planning developed and approved under this chapter shall not contain provisions that: (a) Are in conflict with existing state statutes, federal laws, or tribal treaty rights; (b) impair or diminish in any manner an existing water right evidenced by a claim filed in the water rights claims registry established under chapter 90.14 RCW or a water right certificate or permit; (c) require a modification in the basic operations of a federal reclamation project with a water right the priority date of which is before June 11, 1998, or alter in any manner whatsoever the quantity of water available under the water right for the reclamation project, whether the project has or has not been completed before June 11, 1998; (d) affect or interfere with an ongoing general adjudication of water rights; (e) modify or require the modification of any waste discharge permit issued under chapter 90.48 RCW; (f) modify or require the modification of activities or actions taken or intended to be taken under a habitat restoration work schedule developed under chapter 246, Laws of 1998; or (g) modify or require the modification of activities or actions taken to protect or enhance fish habitat if the activities or actions are: (i) Part of an approved habitat conservation plan and an incidental take permit, an incidental take statement, a management or recovery plan, or other cooperative or conservation agreement entered into with a federal or state fish and wildlife protection agency under its statutory authority for fish and wildlife protection that addresses the affected habitat; or (ii) part of a water quality program adopted by an irrigation district under chapter 87.03 RCW or a board of joint control under chapter 87.80 RCW. This subsection (1)(g) applies as long as the activities or actions continue to be taken in accordance with the plan, agreement, permit, or statement. Any assessment conducted under RCW 90.82.070, 90.82.090, or 90.82.100 shall take into consideration such activities and actions and those taken under the forest practices rules, including watershed analysis adopted under the forest practices act, chapter 76.09 RCW.

(2) Watershed planning developed and approved under this chapter shall not change existing local ordinances or existing state rules or permits, but may contain recommendations for changing such ordinances or rules.

(3) Notwithstanding any other provision of this chapter, watershed planning shall take into account forest practices rules under the forest practices act, chapter 76.09 RCW, and shall not create any obligations or restrictions on forest practices additional to or inconsistent with the forest practices act and its implementing rules, whether watershed planning is approved by the counties or the department. [1998 c 247 § 8.]

90.82.130  Plan approval—Public notice and hearing—Revisions.  (1)(a) Upon completing its proposed watershed plan, the planning unit may approve the proposal by consensus of all of the members of the planning unit or by consensus among the members of the planning unit appointed to represent units of government and a majority vote of the nongovernmental members of the planning unit.

(b) If the proposal is approved by the planning unit, the unit shall submit the proposal to the counties with territory within the management area. If the planning unit has received funding beyond the initial organizing grant under RCW 90.82.040, such a proposal approved by the planning unit shall be submitted to the counties within four years of the date that funds beyond the initial funding are first drawn upon by the planning unit.

(c) If the watershed plan is not approved by the planning unit, the planning unit may submit the components of the plan for which agreement is achieved using the procedure under (a) of this subsection, or the planning unit may terminate the planning process.

(2)(a) With the exception of a county legislative authority that chooses to opt out of watershed planning as provided in (c) of this subsection, the legislative authority of each of the counties within the management area shall provide public notice of and conduct at least one public hearing on the proposed watershed plan submitted under this section. After the public hearings, the legislative authorities of these counties shall convene in joint session to consider the proposal. The counties may approve or reject the proposed watershed plan for the management area, but may not amend it. Approval of such a proposal shall be made by a majority vote of the members of each of the counties with territory in the management area.

(b) If a proposed watershed plan is not approved, it shall be returned to the planning unit with recommendations for revisions. Approval of such a revised proposal by the planning unit and the counties shall be made in the same manner provided for the original watershed plan. If approval of the revised plan is not achieved, the process shall terminate.

(c) A county legislative authority may choose to opt out of watershed planning under this chapter and the public hearing processes under (a) and (b) of this subsection if the county's affected territory within a particular management area is: (i) Less than five percent of the total territory within the management area; or (ii) five percent or more of the total territory within the management area and all other initiating governments within the management area consent. A county meeting these conditions and choosing to opt out shall notify the department and the other initiating governments of that choice prior to commencement of plan adoption under the provisions of (a) of this subsection. A county choosing to opt out under the provisions of this section shall not be bound by obligations contained in the watershed plan adopted for that management area under this chapter. Even if a county chooses to opt out under the provisions of this section, the other counties within a management area may adopt a proposed watershed plan as provided in this chapter.

(3) The planning unit shall not add an element to its watershed plan that creates an obligation unless each of the governments to be obligated has at least one representative on the planning unit and the respective members appointed to represent those governments agree to adding the element that creates the obligation. A member's agreeing to add an element shall be evidenced by a recorded vote of all members of the planning unit in which the members record support for adding the element. If the watershed plan is approved under subsections (1) and (2) of this section and the plan creates obligations: (a) For agencies of state government, the agencies shall adopt by rule the obligations of both state and county governments and rules implementing the state obliga-
tions, or, with the consent of the planning unit, may adopt policies, procedures, or agreements related to the obligations or implementation of the obligations in addition to or in lieu of rules. The obligations on state agencies are binding upon adoption of the obligations, and the agencies shall take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; (b) for counties, the obligations are binding on the counties and the counties shall adopt any necessary implementing ordinances and take other actions to fulfill their obligations as soon as possible, and should annually review implementation needs with respect to budget and staffing; or (c) for an organization voluntarily accepting an obligation, the organization must adopt policies, procedures, agreements, rules, or ordinances to implement the plan, and should annually review implementation needs with respect to budget and staffing.

(4) After a plan is adopted in accordance with subsection (3) of this section, and if the department participated in the planning process, the plan shall be deemed to satisfy the watershed planning authority of the department with respect to the components included under the provisions of RCW 90.82.070 through 90.82.100 for the watershed or watersheds included in the plan. The department shall use the plan as the framework for making future water resource decisions for the planned watershed or watersheds. Additionally, the department shall rely upon the plan as a primary consideration in determining the public interest related to such decisions.

(5) Once a WRIA plan has been approved under subsection (2) of this section for a watershed, the department may develop and adopt modifications to the plan or obligations imposed by the plan only through a form of negotiated rule making that uses the same processes that applied in that watershed for developing the plan.

(6) As used in this section, "obligation" means any action required as a result of this chapter that imposes upon a tribal government, county government, or state government, either: A fiscal impact; a redeployment of resources; or a change of existing policy. [2003 1st sp.s. c 4 § 5; 2001 c 237 § 4; 1998 c 247 § 9.]

Findings—2003 1st sp.s. c 4: See note following RCW 90.82.040.

Finding—Intent—Severability—Effective date—2001 c 237: See notes following RCW 90.82.040.

Intent—2001 c 237: See note following RCW 90.66.065.

90.82.140 Use of monitoring recommendations in RCW 77.85.210. In conducting assessments and other studies that include monitoring components or recommendations, the department and planning units shall implement the monitoring recommendations developed under *RCW 77.85.210.

[2001 c 298 § 2.]

*Revisor's note: RCW 77.85.210 was repealed by 2005 c 309 § 10.

Finding—Intent—2001 c 298: *The legislature finds that a comprehensive program of monitoring is fundamental to making sound public policy and programmatic decisions regarding salmon recovery and watershed health. Monitoring provides accountability for results of management actions and provides the data upon which an adaptive management framework can lead to improvement of strategies and programs. Monitoring is also a required element of any salmon recovery plan submitted to the federal government for approval. While numerous agencies and citizen organizations are engaged in monitoring a wide range of salmon recovery and watershed health parameters, there is a greater need for coordination of monitoring efforts, for using limited monitoring resources to obtain information most useful for achieving relevant local, state, and federal requirements regarding watershed health and salmon recovery, and for making the information more accessible to those agencies and organizations implementing watershed health programs and projects. Regarding salmon recovery monitoring, the state independent science panel has concluded that many programs already monitor indicators relevant to salmonids, but the efforts are largely uncoordinated or unlinked among programs, have different objectives, use different indicators, lack support for sharing data, and lack shared statistical designs to address specific issues raised by listing of salmonid species under the federal endangered species act.

Therefore, it is the intent of the legislature to encourage the refocusing of existing agency monitoring activities necessary to implement a comprehensive watershed health monitoring program, with a focus on salmon recovery. The program should: Be based on a framework of greater coordination of existing monitoring activities; require monitoring activities most relevant to adopted local, state, and federal watershed health objectives; and facilitate the exchange of monitoring information with agencies and organizations carrying out watershed health, salmon recovery, and water resources management planning and programs." [2001 c 298 § 1.]

90.82.900 Part headings not law—1997 c 442. As used in this act, part headings constitute no part of the law. [1997 c 442 § 803.]

90.82.901 Severability—1997 c 442. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1997 c 442 § 805.]

90.82.902 Captions not law—1998 c 247. As used in this act, captions constitute no part of the law. [1998 c 247 § 15.]

Chapter 90.84 RCW

WETLANDS MITIGATION BANKING

Sections

90.84.005 Findings—Purpose—Intent. 1998 c 248.

90.84.010 Definitions. 1998 c 248.

90.84.020 Wetlands or wetlands banks—Authority for regulating. 1998 c 248.

90.84.030 Rules—Submission of proposed rules to legislative committees. 1998 c 248.

90.84.040 Certification of banks—Approval of use of credits by state and local governments. 1998 c 248.

90.84.050 Approval of use of credits by the department—Requirements. 1998 c 248.

90.84.060 Interpretation of chapter and rules. 1998 c 248.

90.84.070 Application to public and private mitigation banks. 1998 c 248.

90.84.090 Severability—1998 c 248.

90.84.005 Findings—Purpose—Intent. (1) The legislature finds that wetlands mitigation banks are an important tool for providing compensatory mitigation for unavoidable impacts to wetlands. The legislature further finds that the benefits of mitigation banks include: (a) Maintenance of the ecological functioning of a watershed by consolidating compensatory mitigation into a single large parcel rather than smaller individual parcels; (b) increased potential for the establishment and long-term management of successful mitigation by bringing together financial resources, planning, and scientific expertise not practicable for many project-specific mitigation proposals; (c) increased certainty over the success of mitigation and reduction of temporal losses of wetlands since mitigation banks are typically implemented and functioning in advance of project impacts; (d) potential enhanced protection and preservation of the state's highest value and highest functioning wetlands; (e) a reduction in permit pro-
cessing times and increased opportunity for more cost-effective compensatory mitigation for development projects; and (f) the ability to provide compensatory mitigation in an efficient, predictable, and economically and environmentally responsible manner. Therefore, the legislature declares that it is the policy of the state to authorize wetland mitigation banking.

(2) The purpose of this chapter is to support the establishment of mitigation banks by: (a) Authorizing state agencies and local governments, as well as private entities, to achieve the goals of this chapter; and (b) providing a predictable, efficient, regulatory framework, including timely review of mitigation bank proposals. The legislature intends that, in the development and adoption of rules for banks, the department establish and use a collaborative process involving interested public and private entities. [1998 c 248 § 1.]

90.84.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Banking instrument" means the documentation of agency and bank sponsor concurrence on the objectives and administration of the bank that describes in detail the physical and legal characteristics of the bank, including the service area, and how the bank will be established and operated.

(2) "Bank sponsor" means any public or private entity responsible for establishing and, in most circumstances, operating a bank.

(3) "Credit" means a unit of trade representing the increase in the ecological value of the site, as measured by acreage, functions, and/or values, or by some other assessment method.

(4) "Department" means the department of ecology.

(5) "Wetlands mitigation bank" or "bank" means a site where wetlands are restored, created, enhanced, or in exceptional circumstances, preserved expressly for the purpose of providing compensatory mitigation in advance of authorized impacts to similar resources.

(6) "Mitigation" means sequentially avoiding impacts, minimizing impacts, and compensating for remaining unavoidable impacts.

(7) "Practicable" means available and capable of being done after taking into consideration cost, existing technology, and logistics in light of overall project purposes.

(8) "Service area" means the designated geographic area in which a bank can reasonably be expected to provide appropriate compensation for unavoidable impacts to wetlands.

(9) "Unavoidable" means adverse impacts that remain after all appropriate and practicable avoidance and minimization have been achieved. [1998 c 248 § 3.]

90.84.020 Wetlands or wetlands banks—Authority for regulating. This chapter does not create any new authority for regulating wetlands or wetlands banks beyond what is specifically provided for in this chapter. No authority is granted to the department under this chapter to adopt rules or guidance that apply to wetland projects other than banks under this chapter. [1998 c 248 § 2.]

90.84.030 Rules—Submission of proposed rules to legislative committees. (1) Subject to the requirements of this chapter, the department, through a collaborative process, shall adopt rules for:

(a) Certification, operation, and monitoring of wetlands mitigation banks. The rules shall include procedures to assure that:

(i) Priority is given to banks providing for the restoration of degraded or former wetlands;

(ii) Banks involving the creation and enhancement of wetlands are certified only when there are adequate assurances of success and that the bank will result in an overall environmental benefit; and

(iii) Banks involving the preservation of wetlands or associated uplands are certified only when the preservation is in conjunction with the restoration, enhancement, or creation of a wetland, or in other exceptional circumstances as determined by the department consistent with this chapter;

(b) Determination and release of credits from banks. Procedures regarding credits shall authorize the use and sale of credits to offset adverse impacts and the phased release of credits as different levels of the performance standards are met;

(c) Public involvement in the certification of banks, using existing statutory authority;

(d) Coordination of governmental agencies, including early notification of the local government where the bank is located;

(e) Establishment of criteria for determining service areas for each bank in accordance with subsection (2) of this section;

(f) Performance standards; and

(g) Long-term management, financial assurances, and remediation for certified banks.

(2) The criteria for determining service areas under subsection (1)(e) of this section shall include a requirement that restricts the maximum extent of the service area of a wetlands mitigation bank to the water resource inventory area (WRIA) as established under chapter 173-500 WAC in which the bank is located except where a service area may include parts of other WRias if it is ecologically defensible and appropriate.

(3) Before adopting rules under this chapter, the department shall submit the proposed rules to the appropriate standing committees of the legislature. By January 30, 1999, the department shall submit a report to the appropriate standing committees of the legislature on its progress in developing rules under this chapter. [2008 c 80 § 1; 1998 c 248 § 4.]

90.84.040 Certification of banks—Approval of use of credits by state and local governments. (1) The department may certify only those banks that meet the requirements of this chapter. Certification shall be accomplished through a banking instrument. The local jurisdiction in which the bank is located shall be signatory to the banking instrument.

(2) For a bank for which an application for a banking instrument was filed January 1, 2008, or thereafter, the department may not certify a bank without local approval of the bank. The local jurisdiction in which the bank is located has final approval over the certification of the mitigation bank. If the local government approves the bank, it shall be a signatory to the banking instrument.
(3) State agencies and local governments may approve use of credits from a bank for any mitigation required under a permit issued or approved by that state agency or local government to compensate for the proposed impacts of a specific public or private project. [2008 c 80 § 2; 1998 c 248 § 5.]

90.84.050 Approval of use of credits by the department—Requirements. Prior to authorizing use of credits from a bank as a means of mitigation under a permit issued or approved by the department, the department must assure that all appropriate and practicable steps have been undertaken to first avoid and then minimize adverse impacts to wetlands. In determining appropriate steps to avoid and minimize adverse impacts to wetlands, the department shall take into consideration the functions and values of the wetland, including fish habitat, groundwater quality, and protection of adjacent properties. The department may approve use of credits from a bank when:

(1) The credits represent the creation, restoration, or enhancement of wetlands of like kind and in close proximity when estuarine wetlands are being mitigated;
(2) There is no practicable opportunity for on-site compensation; or
(3) Use of credits from a bank is environmentally preferable to on-site compensation. [1998 c 248 § 6.]

90.84.060 Interpretation of chapter and rules. The interpretation of this chapter and rules adopted under this chapter must be consistent with applicable federal guidance for the establishment, use, and operation of wetlands mitigation banks as it existed on June 11, 1998, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this chapter. [1998 c 248 § 7.]

90.84.070 Application to public and private mitigation banks. This chapter applies to public and private mitigation banks. [1998 c 248 § 8.]

90.84.900 Severability—1998 c 248. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1998 c 248 § 9.]

Chapter 90.86 RCW

JOINT LEGISLATIVE COMMITTEE ON WATER SUPPLY DURING DROUGHT

Sections
90.86.010 Joint legislative committee on water supply during drought.
90.86.020 Membership.
90.86.030 Meetings—Requests for information—Reports from department of ecology—Recommendations to the legislature.
90.86.900 Effective date—2005 c 60.

90.86.010 Joint legislative committee on water supply during drought. The joint legislative committee on water supply during drought is created. [2005 c 60 § 1.]

90.86.020 Membership. The committee shall consist of four senators and four representatives who shall be selected biennially as follows:

(1) The president of the senate shall appoint four members from the senate to serve on the committee, including the chair of the committee responsible for water resource issues. Two members from each major political party must be appointed.
(2) The speaker of the house of representatives shall appoint four members from the house of representatives to serve on the committee, including the chair of the committee responsible for water resource issues. Two members from each major political party must be appointed.
(3) The committee shall elect a chair and a vice chair. The chair shall be a member of the house of representatives in even-numbered years and a member of the senate in odd-numbered years.
(4) The presiding officer of the appropriate legislative chamber shall fill any vacancies occurring on the committee by appointment from the same political party as the departing member.
(5) Members shall serve until their successors are appointed as provided in this section, or until they are no longer members of the legislature, whichever is sooner. [2005 c 60 § 2.]

90.86.030 Meetings—Requests for information—Reports from department of ecology—Recommendations to the legislature. (1) The joint legislative committee on water supply during drought shall convene from time to time at the call of the chair when a drought conditions order under RCW 43.83B.405 is in effect, or when the chair determines, in consultation with the department of ecology, that it is likely that such an order will be issued within the next year.
(2) The committee may request and review information relating to water supply conditions in the state, and economic, environmental, and other impacts relating to decreased water supply being experienced or anticipated. The governor's executive water emergency committee, the department of ecology, and other state agencies with water management or related responsibilities shall cooperate in responding to requests from the committee.
(3) During drought conditions in which an order issued under RCW 43.83B.405 is in effect, the department of ecology shall provide to the committee no less than monthly a report describing drought response activities of the department and other state and federal agencies participating on the water supply availability committee. The report shall include information regarding applications for, and approvals and denials of emergency water withdrawals and temporary changes or transfers of, water rights under RCW 43.83B.410. (4) The committee from time to time shall make recommendations to the senate and house of representatives on budgetary and legislative actions that will improve the state's drought response programs and planning. [2010 1st sp.s. c 7 § 122; 2005 c 60 § 3.]

Effective date—2010 1st sp.s. c 26; 2010 1st sp.s. c 7: See note following RCW 43.03.027.

90.86.900 Effective date—2005 c 60. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [April 14, 2005]. [2005 c 60 § 5.]
Chapter 90.88
AQUATIC REHABILITATION ZONES

Sections
90.88.005 Findings—Intent. (1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature also finds that Hood Canal has great cultural significance for the tribes in the Hood Canal area. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance in this state.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds that this problem and various contributors to the problem were documented in the May 2004 Preliminary Assessment and Corrective Action Plan published by the state agency known as the Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature also finds numerous public, private, and community organizations are working to provide public education and identify potential solutions. The legislature recognizes that, while some information and research is now available and some potential solutions have been identified, more research and analysis is needed to fully develop a program to address Hood Canal's low-dissolved oxygen concentrations.

(4) The legislature finds a need exists for the state to take action to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds establishing an aquatic rehabilitation zone for Hood Canal will serve as a statutory framework for future regulations and programs directed at recovery of this important aquatic resource.

(5) The legislature therefore intends to establish an aquatic rehabilitation zone for Hood Canal as the framework to address Hood Canal's low-dissolved oxygen concentrations. The legislature also intends to incorporate provisions in the new statutory chapter creating the designation as solutions are identified regarding this problem. [2007 c 341 § 50; 2005 c 478 § 1.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

90.88.010 Designation by the legislature—Zone one established. (1) Aquatic rehabilitation zones may be designated by the legislature for areas whose surrounding marine water bodies pose serious environmental or public health concerns.

(2) Aquatic rehabilitation zone one is established. Aquatic rehabilitation zone one includes all watersheds that drain to Hood Canal south of a line projected from Tala Point in Jefferson county to Foulweather Bluff in Kitsap county. [2005 c 478 § 2.]

90.88.020 Hood Canal rehabilitation program—State lead agency—Local management board. (1) The development of a program for rehabilitation of Hood Canal is authorized in Jefferson, Kitsap, and Mason counties within the aquatic rehabilitation zone one.

(2) The Puget Sound partnership, created in RCW 90.71.210, is designated as the state lead agency for the rehabilitation program authorized in this section.

(3) The Hood Canal coordinating council is designated as the local management board for the rehabilitation program authorized in this section.

(4) The Puget Sound partnership and the Hood Canal coordinating council must each approve and must comanage projects under the rehabilitation program authorized in this section. [2007 c 341 § 51; 2005 c 479 § 2.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

Findings—2005 c 479: "(1) The legislature finds that Hood Canal is a precious aquatic resource of our state. The legislature finds that Hood Canal is a rich source of recreation, fishing, aquaculture, and aesthetic enjoyment for the citizens of this state. The legislature also finds that Hood Canal has great cultural significance for the tribes in the Hood Canal area. The legislature therefore recognizes Hood Canal's substantial environmental, cultural, economic, recreational, and aesthetic importance to Washington.

(2) The legislature finds that Hood Canal is a marine water of the state at significant risk. The legislature finds that Hood Canal has a "dead zone" related to low-dissolved oxygen concentrations, a condition that has recurred for many years. The legislature also finds this problem and various contributors to the problem were documented in the May 2004 Preliminary Assessment and Corrective Action Plan published by the state Puget Sound action team and the Hood Canal coordinating council.

(3) The legislature further finds that significant research, monitoring, and study efforts are currently occurring regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes that federal, state, tribal, and local governments and organizations and entities are coordinating research, monitoring, and modeling efforts through the Hood Canal low-dissolved oxygen program. The legislature also recognizes that these entities and others are continuing individual efforts to study and identify potential solutions for Hood Canal's low-dissolved oxygen concentrations. The legislature also recognizes numerous public, private, and community organizations are working to provide public education regarding Hood Canal's low-dissolved oxygen concentrations. The legislature recognizes and encourages the continuation of these efforts.

(4) The legislature finds a need exists for the state to provide additional resources to address Hood Canal's low-dissolved oxygen concentrations. The legislature also finds a need exists to designate the state and local entities to develop, coordinate, and administer a Hood Canal rehabilitation program and funding." [2005 c 479 § 1.]

Forest practices—Nonapplicability of act—2005 c 479: "This act does not apply to forest practices regulated under chapter 76.09 RCW." [2005 c 479 § 4.]

90.88.030 Aquatic zone one—Roles of Hood Canal coordinating council and Puget Sound partnership—Participation of governments and nonprofit organizations—Project funding, priorities, and criteria—Reports. (1) The Hood Canal coordinating council shall serve as the local management board for aquatic rehabilitation zone one. The
local management board shall coordinate local government efforts with respect to the program authorized according to RCW 90.88.020. In the Hood Canal area, the Hood Canal coordinating council also shall:

(a) Serve as the lead entity and the regional recovery organization for the purposes of chapter 77.85 RCW for Hood Canal summer chum; and

(b) Assist in coordinating activities under chapter 90.82 RCW.

(2) When developing and implementing the program authorized in RCW 90.88.020 and when establishing funding criteria according to subsection (7) of this section, the Puget Sound partnership, created in RCW 90.71.210, and the local management board shall solicit participation by federal, tribal, state, and local agencies and universities and nonprofit organizations with expertise in areas related to program activities. The local management board may include state and federal agency representatives, or additional persons, as non-voting management board members or may receive technical assistance and advice from them in other venues. The local management board also may appoint technical advisory committees as needed.

(3) The local management board and the Puget Sound partnership shall participate in the development of the program authorized under RCW 90.88.020.

(4) The local management board and its participating local and tribal governments shall assess concepts for a regional governance structure and shall submit a report regarding the findings and recommendations to the appropriate committees of the legislature by December 1, 2007.

(5) Any of the local management board's participating counties and tribes, any federal, tribal, state, or local agencies, or any universities or nonprofit organizations may continue individual efforts and activities for rehabilitation of Hood Canal. Nothing in this section limits the authority of units of local government to enter into interlocal agreements under chapter 39.34 RCW or any other provision of law.

(6) The local management board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of any units of local government.

(7) The local management board and the Puget Sound partnership each may receive and disburse funding for projects, studies, and activities related to Hood Canal's low-dissolved oxygen concentrations. The Puget Sound partnership and the local management board shall jointly coordinate a process to prioritize projects, studies, and activities for which the Puget Sound partnership receives state funding specifically allocated for Hood Canal corrective actions to implement this section. The local management board and the Puget Sound partnership shall establish criteria for funding these projects, studies, and activities based upon their likely value in addressing and resolving Hood Canal's low-dissolved oxygen concentrations. Final approval for projects under this section requires the consent of both the Puget Sound partnership and the local management board. Projects under this section must be co-managed by the Puget Sound partnership and the local management board. Nothing in this section prohibits any federal, tribal, state, or local agencies, universities, or nonprofit organizations from receiving funding for specific projects that may assist in the rehabilitation of Hood Canal.

(8) The local management board may hire and fire staff, including an executive director, enter into contracts, accept grants and other moneys, disburse funds, make recommendations to local governments about potential regulations and the development of programs and incentives upon request, pay all necessary expenses, and choose a fiduciary agent.

(9) The local management board shall report its progress on a quarterly basis to the legislative bodies of the participating counties and tribes and the participating state agencies. The local management board also shall submit an annual report describing its efforts and successes in implementing the program established according to RCW 90.88.020 to the appropriate committees of the legislature. [2007 c 341 § 52; 2005 c 479 § 3.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

Findings—Forest practices—Nonapplicability of act—2005 c 479: See notes following RCW 90.88.020.

90.88.040 Forest practices—Nonapplicability of chapter. This chapter does not apply to forest practices regulated under chapter 76.09 RCW. [2005 c 478 § 3.]

90.88.050 Scope of chapter. This chapter does not alter, diminish, or expand the jurisdictional authorities in other statutes or affect the application of other statutory requirements or programs that do not specifically refer to aquatic rehabilitation zones. [2005 c 478 § 4.]

90.88.900 Effective date—2005 c 478. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 2005]. [2005 c 478 § 6.]

90.88.901 Regulatory authority not conferred. Nothing in chapter 479, Laws of 2005 provides any regulatory authority to the Puget Sound partnership, created in RCW 90.71.210, or the Hood Canal coordinating council. [2007 c 341 § 53; 2005 c 479 § 5.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

90.88.902 Activities subject to appropriations. The activities of the Puget Sound partnership, created in RCW 90.71.210, and the Hood Canal coordinating council required by chapter 479, Laws of 2005 are subject to the availability of amounts appropriated for this specific purpose. [2007 c 341 § 54; 2005 c 479 § 6.]

Severability—Effective date—2007 c 341: See RCW 90.71.906 and 90.71.907.

90.88.903 Effective date—2005 c 479. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 2005]. [2005 c 479 § 8.]
Chapter 90.90 COLUMBIA RIVER BASIN WATER SUPPLY

Sections
90.90.005 Finding. (1) The legislature finds that a key priority of water resource management in the Columbia river basin is the development of new water supplies that includes storage and conservation in order to meet the economic and community development needs of people and the instream flow needs of fish.

(2) The legislature therefore declares that a Columbia river basin water supply development program is needed, and directs the department of ecology to aggressively pursue the development of water supplies to benefit both instream and out-of-stream uses. [2006 c 6 § 1.]

90.90.010 Columbia river basin water supply development account—Use for storage facilities and access to water supplies—Evaluation—Public comment—Use of net water savings—Water service contracts. (1) The Columbia river basin water supply development account is created in the state treasury. The account may receive direct appropriations from the legislature, receipts of any funds pursuant to RCW 90.90.020 and 90.90.030, or funds from any other sources. The account is intended to fund projects using tax exempt bonds.

(2) Expenditures from the Columbia river basin water supply development account may be used to assess, plan, and develop new storage, improve or alter operations of existing storage facilities, implement conservation projects, develop pump exchanges, or any other actions designed to provide access to new water supplies within the Columbia river basin for both instream and out-of-stream uses. Except for the development of new storage projects and pump exchanges, there shall be no expenditures from this account for water acquisition or transfers from one water resource inventory area to another without specific legislative authority. For purposes of this chapter, "pump exchanges" means water supply development projects that exchange water from one source to another or relocate an existing diversion downstream, with resulting instream benefit.

(b) Two-thirds of the funds placed in the account shall be used to support the development of new storage facilities and pump exchanges; the remaining one-third shall be used for the other purposes listed in this section.

(3)(a) Funds may not be expended from this account for the construction of a new storage facility until the department of ecology evaluates the following:

(i) Water uses to be served by the facility;
(ii) The quantity of water necessary to meet those uses;
(iii) The benefits and costs to the state of meeting those uses, including short-term and long-term economic, cultural, and environmental effects; and
(iv) Alternative means of supplying water to meet those uses, including the costs of those alternatives and an analysis of the extent to which long-term water supply needs can be met using these alternatives.

(b) The department of ecology may rely on studies and information developed through compliance with other state and federal permit requirements and other sources. The department shall compile its findings and conclusions, and provide a summary of the information it reviewed.

(c) Before finalizing its evaluation under the provisions of this section, the department of ecology shall make the preliminary evaluation available to the public. Public comment may be made to the department within thirty days of the date the preliminary evaluation is made public.

(4) Net water savings achieved through conservation measures funded by the account shall be placed in trust in proportion to the state funding provided to implement a project.

(5) Net water savings achieved through conservation measures funded by the account developed within the boundaries of the federal Columbia river reclamation project and directed to the Odessa subarea to reduce the use of groundwater for existing irrigation is exempt from the provisions of subsection (4) of this section.

(6) The department of ecology may enter into water service contracts with applicants receiving water from the program to recover all or a portion of the cost of developing the water supply. Costs recovered under water service contracts does not include staff time expended by the department on developing the water supply. With the applicant's concurrence, the department may receive power revenue generated by the water supply developed by the department through water service contracts. The department may deny an application if the applicant does not enter into a water service contract. Revenue collected from water service contracts must be deposited into the Columbia river basin water supply recovery account created in RCW 90.90.100. The department may adopt rules describing the methodology as to how charges will be established and direct costs recovered for water supply developed under the Columbia river basin water supply program. Water service contracts with federal agencies under RCW 90.42.150 are not required to be established by rule.

(7) Moneys in the Columbia river basin water supply development account created in this section may be spent only after appropriation.

(8) Interest earned by deposits in the account will be retained in the account. [2011 c 83 § 1; 2006 c 6 § 2.]
of new storage facilities made possible with funding from the Columbia river basin water supply development account, the Columbia river basin taxable bond water supply development account, and the Columbia river basin water supply revenue recovery account shall be allocated as follows:

(i) Two-thirds of active storage shall be available for appropriation for out-of-stream uses; and

(ii) One-third of active storage shall be available to augment instream flows and shall be managed by the department of ecology. The timing of releases of this water shall be determined by the department of ecology, in cooperation with the department of fish and wildlife and fisheries comanagers, to maximize benefits to salmon and steelhead populations.

(b) Water available for appropriation under (a)(i) of this subsection but not yet appropriated shall be temporarily available to augment instream flows to the extent that it does not impair existing water rights.

(2) Water developed under the provisions of this section to offset out-of-stream uses and for instream flows is deemed adequate mitigation for the issuance of new water rights provided for in subsection (1)(a) of this section and satisfies all consultation requirements under state law related to the issuance of new water rights.

(3) The department of ecology shall focus its efforts to develop water supplies for the Columbia river basin on the following needs:

(a) Alternatives to groundwater for agricultural users in the Odessa subarea aquifer;

(b) Sources of water supply for pending water right applications;

(c) A new uninterruptible supply of water for the holders of interruptible water rights on the Columbia river mainstem that are subject to instream flows or other mitigation conditions to protect streamflows; and

(d) New municipal, domestic, industrial, and irrigation water needs within the Columbia river basin.

(4) The one-third/two-thirds allocation of water resources between instream and out-of-stream uses established in this section does not apply to applications for changes or transfers of existing water rights in the Columbia river basin. [2011 c 83 § 4; 2006 c 6 § 3.]

90.90.030 Voluntary regional agreements—Scope and application—Definitions. (Expires June 30, 2018.) (1) The department of ecology may enter into voluntary regional agreements for the purpose of providing new water for out-of-stream use, streamlining the application process, and protecting instream flow.

(2) Such agreements shall ensure that:

(a) For water rights issued from the Columbia river mainstem, there is no negative impact on Columbia river mainstem instream flows in the months of July and August as a result of the new appropriations issued under the agreement;

(b) For water rights issued from the lower Snake river mainstem, there is no negative impact on Snake river mainstem instream flows from April through August as a result of the new appropriations issued under the agreement; and

(c) Efforts are made to harmonize such agreements with watershed plans adopted under the authority of chapter 90.82 RCW that are applicable to the area covered by the agreement.

(3) The protection of instream flow as set forth in subsection (2) of this section is adequate for purposes of mitigating instream flow impacts resulting from any appropriations for out-of-stream use made under a voluntary regional agreement, and the only applicable consultation provisions under state law regarding instream flow impacts shall be those set forth in subsection (4) of this section.

(4) Before executing a voluntary agreement under this section, the department of ecology shall:

(a) Provide a sixty-day period for consultation with county legislative authorities and watershed planning groups with jurisdiction over the area where the water rights included in the agreement are located, the department of fish and wildlife, and affected tribal governments, and federal agencies. The department of fish and wildlife shall provide written comments within that time period. The consultation process for voluntary regional agreements developed under the provisions of this section is deemed adequate for the issuance of new water rights provided for in this section and satisfies all consultation requirements under state law related to the issuance of new water rights; and

(b) Provide a thirty-day public review and comment period for a draft agreement, and publish a summary of any public comments received. The thirty-day review period shall not begin until after the department of ecology has concluded its consultation under (a) of this subsection and the comments that have been received by the department are made available to the public.

(5) The provisions of subsection (4) of this section satisfy all applicable consultation requirements under state law.

(6) The provisions of this section and any voluntary regional agreements developed under such provisions may not be relied upon by the department of ecology as a precedent, standard, or model that must be followed in any other voluntary regional agreements.

(7) Nothing in this section may be interpreted or administered in a manner that precludes the processing of water right applications under chapter 90.03 or 90.44 RCW that are not included in a voluntary regional agreement.

(8) Nothing in this section may be interpreted or administered in a manner that impairs or diminishes a valid water right or a habitat conservation plan approved for purposes of compliance with the federal endangered species act.

(9) If the department of ecology executes a voluntary agreement under this section that includes water rights appropriated from the lower Snake river mainstem, the department shall develop aggregate data in accordance with the provisions of RCW 90.90.050 for the lower Snake river mainstem.

(10) Any agreement entered into under this section shall remain in full force and effect through the term of the agreement regardless of the expiration of this section.

(11) The definitions in this subsection apply to this section and RCW 90.90.050, and may only be used for purposes of implementing these sections.

(a) "Columbia river mainstem" means all water in the Columbia river within the ordinary high water mark of the main channel of the Columbia river between the border of the United States and Canada and the Bonneville dam, and all groundwater within one mile of the high water mark.

(2014 Ed.)
(b) "Lower Snake river mainstem" means all water in the lower Snake river within the ordinary high water mark of the main channel of the lower Snake river from the head of Ice Harbor pool to the confluence of the Snake and Columbia rivers, and all groundwater within one mile of the high water mark.

(12) This section expires June 30, 2018. [2012 c 161 § 1; 2006 c 6 § 4.]

### Title 90 RCW: Water Rights—Environment

#### 90.90.040 Columbia river water supply inventory—Long-term water supply and demand forecast.

(1) To support the development of new water supplies in the Columbia river and to protect instream flow, the department of ecology shall work with all interested parties, including interested county legislative authorities and watershed planning groups in the Columbia river basin, and affected tribal governments, to develop a Columbia river water supply inventory and a long-term water supply and demand forecast. The inventory must include:

(a) A list of conservation projects that have been implemented under this chapter and the amount of water conservation they have achieved; and

(b) A list of potential water supply and storage projects in the Columbia river basin, including estimates of:

(i) Cost per acre-foot;
(ii) Benefit to fish and other instream needs;
(iii) Benefit to out-of-stream needs; and
(iv) Environmental and cultural impacts.

(2) The department of ecology shall complete the first Columbia river water supply inventory by November 15, 2006, and shall update the inventory annually thereafter.

(3) The department of ecology shall complete the first Columbia river long-term water supply and demand forecast by November 15, 2006, and shall update the report every five years thereafter. [2011 c 83 § 6; 2006 c 6 § 5.]

#### 90.90.050 Columbia river mainstem water resources information system.

(1) In order to better understand current water use and instream flows in the Columbia river mainstem, the department of ecology shall establish and maintain a Columbia river mainstem water resources information system that provides the information necessary for effective mainstem water resource planning and management.

(2) To accomplish the objective in subsection (1) of this section, the department of ecology shall use information compiled by existing local watershed planning groups, federal agencies, the Bonneville power administration, irrigation districts, conservation districts in the basin, and other available sources. The information shall include:

(a) The total aggregate quantity of water rights issued under state permits and certificates and filed under state claims on the Columbia river mainstem and for groundwater within one mile of the mainstem; and

(b) The total aggregate volume of current water use under these rights as metered and reported by water users under current law.

(3) The department of ecology shall publish the aggregate data on the department's web site no later than June 30, 2009, and shall periodically update the data.

[Title 90 RCW—page 194]
(3) Subject to appropriations, on July 1, 2008, and each July 1st thereafter, the state treasurer shall distribute moneys from the Columbia river water delivery account as follows:

(a) To the Confederated Tribes of the Colville Reservation, on July 1, 2008, the sum of three million seven hundred seventy-five thousand dollars; and on July 1, 2009, the sum of three million six hundred twenty-five thousand dollars. Each July 1st thereafter for the duration of the agreement, the treasurer shall distribute an amount equal to the previous year's distribution adjusted for inflation. The inflation adjustment shall be computed using the percentage change in the implicit price deflator for personal consumption expenditures for the United States for the previous calendar year, as compiled by the bureau of economic analysis of the United States department of commerce and reported in the most recent quarterly publication of the economic and revenue forecast council or successor agency.

(b) To the Spokane Tribe of Indians, on July 1, 2008, the sum of two million two hundred fifty thousand dollars. Each July 1st thereafter for the duration of the agreement, the treasurer shall distribute an amount equal to the previous year's distribution adjusted for inflation. The inflation adjustment shall be computed using the percentage change in the consumer price index for the Washington state Seattle-Tacoma-Bremerton consolidated metropolitan statistical area for the previous calendar year as compiled by the bureau of labor statistics, United States department of labor, and reported in the most recent quarterly publication of the economic and revenue forecast council or successor agency.

(4) The state treasurer may not distribute moneys from the Columbia river water delivery account to a tribe pursuant to this section unless the director of ecology has certified in writing to the state treasurer and the legislature that the agreement with the tribes is still in effect. [2008 c 82 § 2.]

Effective date—2008 c 82: See note following RCW 90.90.060.

90.90.080 Impacts of water release—Department of ecology's duties. (1) Because the potential impacts of water releases under agreements reached under this chapter on affected counties are unknown, the department of ecology shall, by November 15, 2009:

(a) Conduct an assessment of the potential impacts, including recommendations for mitigation, and report to [the] appropriate committees of the legislature; and

(b) Establish a process for identifying and reporting on future impacts on the affected counties, and for making recommendations for mitigation.

(2) Within the framework of Columbia river basin water resources management under this chapter, the department of ecology shall:

(a) Provide technical assistance to help affected counties identify and develop competitive project applications to benefit both instream and out-of-stream uses;

(b) Assist affected counties in exploring options to ensure water resources are available for their current and future needs. Such options include pursuing a memorandum of understanding with the affected counties that is consistent with RCW 90.90.005 to effectuate the purposes of this section. The memorandum of understanding shall be available for public comment for a period of thirty days before being signed by the department; and

(c) Consider regional equity when making funding decisions on water supply applications.

(3) As used in this section, "affected counties" means those counties east of the crest of the Cascade mountains with an international border, or those counties east of the crest of the Cascade mountains that border both a county with an international border and a county with four hundred thousand or more residents. [2008 c 82 § 3.]

Effective date—2008 c 82: See note following RCW 90.90.060.

90.90.090 Columbia river basin taxable bond water supply development account—Water service contracts.

(1) The Columbia river basin taxable bond water supply development account is created in the state treasury. All receipts from direct appropriations from the legislature, moneys directed to the account pursuant to RCW 90.90.020 and 90.90.030, or moneys directed to the account from any other sources must be deposited in the account. Moneys in the account may be spent only after appropriation. The account is intended to fund projects using taxable bonds. Expenditures from the account may be used only as provided in this section.

(2)(a) Expenditures from the Columbia river basin taxable bond water supply development account may be used to assess, plan, and develop new storage, improve or alter operations of existing storage facilities, implement conservation projects, develop pump exchanges, or any other actions designed to provide access to new water supplies within the Columbia river basin for both instream and out-of-stream uses. Except for the development of new storage projects and pump exchanges, there may be no expenditures from the account for water acquisition or transfers from one water resource inventory area to another without specific legislative authority. For the purposes of this section, the term "pump exchanges" means water supply development projects that exchange water from one source to another or relocate an existing diversion downstream, with resulting instream benefit.

(b) Two-thirds of the moneys placed in the account must be used to support the development of new storage facilities and pump exchanges; the remaining one-third of the moneys must be used for the other purposes listed in this section.

(3)(a) Funds may not be expended from the account for the construction of a new storage facility until the department of ecology evaluates the following:

(i) Water uses to be served by the facility;

(ii) The quantity of water necessary to meet those uses;

(iii) The benefits and costs to the state of meeting those uses, including short-term and long-term economic, cultural, and environmental effects; and

(iv) Alternative means of supplying water to meet those uses, including the costs of those alternatives and an analysis of the extent to which long-term water supply needs can be met using these alternatives.

(b) The department of ecology may rely on studies and information developed through compliance with other state and federal permit requirements and other sources. The department shall compile its findings and conclusions, and provide a summary of the information it reviewed.

(c) Before finalizing its evaluation under the provisions of this section, the department of ecology shall make the pre-
liminary evaluation available to the public. Public comment may be made to the department within thirty days of the date the preliminary evaluation is made public.

(4) Net water savings achieved through conservation measures funded by the account shall be placed in trust in proportion to the state funding provided to implement a project.

(5) Net water savings achieved through conservation measures funded by the account developed within the boundaries of the federal Columbia river reclamation project and directed to the Odessa subarea to reduce the use of groundwater for existing irrigation is exempt from the provisions of subsection (4) of this section.

(6) The department of ecology may enter into water service contracts with applicants receiving water from the program to recover all or a portion of the cost of developing the water supply. Costs recovered under water service contracts does not include staff time expended by the department on developing the water supply. With the applicant's concurrence, the department may receive power revenue generated by the water supply developed by the department through water service contracts. The department may deny an application if the applicant does not enter into a water service contract. Revenue collected from water service contracts must be deposited into the Columbia river basin water supply revenue recovery account created in RCW 90.90.100. The department may adopt rules describing the methodology as to how charges will be established and direct costs recovered for water supply developed under the Columbia river basin water supply program. Water service contracts with federal agencies under RCW 90.42.150 are not required to be established by rule.

(7) Interest earned by deposits in the account will be retained in the account. [2011 c 83 § 2.]

90.90.100 Columbia river basin water supply revenue recovery account—Water service contracts. (1) The Columbia river basin water supply revenue recovery account is created in the state treasury. All receipts from direct appropriations from the legislature, moneys directed to the account pursuant to RCW 90.90.020 and 90.90.030, revenue from water service contracts described in this chapter, or moneys directed into the account from any other sources must be deposited in the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as provided in this section.

(2)(a) Expenditures from the Columbia river basin water supply revenue recovery account may be used to assess, plan, and develop new storage, improve or alter operations of existing storage facilities, implement conservation projects, develop pump exchanges, or any other actions designed to provide access to new water supplies within the Columbia river basin for both instream and out-of-stream uses. Except for the development of new storage projects and pump exchanges, there may be no expenditures from the account for water acquisition or transfers from one water resource inventory area to another without specific legislative authority. For the purposes of this section, the term "pump exchanges" means water supply development projects that exchange water from one source to another or relocate an existing diversion downstream, with resulting instream benefit.

(b) Two-thirds of the moneys placed in the account must be used to support the development of new storage facilities and pump exchanges; the remaining one-third of the moneys must be used for the other purposes listed in this section.

(3)(a) Funds may not be expended from the account for the construction of a new storage facility until the department of ecology evaluates the following:

(i) Water uses to be served by the facility;

(ii) The quantity of water necessary to meet those uses;

(iii) The benefits and costs to the state of meeting those uses, including short-term and long-term economic, cultural, and environmental effects; and

(iv) Alternative means of supplying water to meet those uses, including the costs of those alternatives and an analysis of the extent to which long-term water supply needs can be met using these alternatives.

(b) The department of ecology may rely on studies and information developed through compliance with other state and federal permit requirements and other sources. The department shall compile its findings and conclusions, and provide a summary of the information it reviewed.

(c) Before finalizing its evaluation under the provisions of this section, the department of ecology shall make the preliminary evaluation available to the public. Public comment may be made to the department within thirty days of the date the preliminary evaluation is made public.

(4) Net water savings achieved through conservation measures funded by the account shall be placed in trust in proportion to the state funding provided to implement a project.

(5) Net water savings achieved through conservation measures funded by the account developed within the boundaries of the federal Columbia river reclamation project and directed to the Odessa subarea to reduce the use of groundwater for existing irrigation is exempt from the provisions of subsection (4) of this section.

(6) The department of ecology may enter into water service contracts with applicants receiving water from the program to recover all or a portion of the cost of developing the water supply. Costs recovered under water service contracts does not include staff time expended by the department on developing the water supply. With the applicant's concurrence, the department may receive power revenue generated by the water supply developed by the department through water service contracts. The department may deny an application if the applicant does not enter into a water service contract. Revenue collected from water service contracts must be deposited into the Columbia river basin water supply revenue recovery account created in RCW 90.90.100. The department may adopt rules describing the methodology as to how charges will be established and direct costs recovered for water supply developed under the Columbia river basin water supply program. Water service contracts with federal agencies under RCW 90.42.150 are not required to be established by rule.

(7) Interest earned by deposits in the account will be retained in the account. [2011 c 83 § 3.]

90.90.110 Use of certain water made available through reoperation of Sullivan lake. Two-thirds of the
water made available through reoperation of Sullivan lake funded from the Columbia river basin water supply development account created in RCW 90.90.010 must be used to supply or offset out-of-stream uses described in RCW 90.90.020(3) in Douglas, Ferry, Lincoln, Okanogan, Pend Oreille, and Stevens counties. At least one-half of this quantity must be made available for municipal, domestic, and industrial uses. [2011 c 83 § 5.]

90.90.900 Effective date—2006 c 6. This act takes effect July 1, 2006. [2006 c 6 § 10.]

Chapter 90.92 RCW

PILOT LOCAL WATER MANAGEMENT PROGRAM

Sections

90.92.010 Findings.
90.92.020 Definitions.
90.92.030 Establishing a water management board.
90.92.040 Composition of board—Members' terms—Policy advisory group—Conflicts of interest.
90.92.050 Board's authorities, duties, and responsibilities.
90.92.060 Report to the legislature.
90.92.070 Water banking.
90.92.080 Local water plan—Board to adopt guidelines and criteria for filing, review, and approval—Annual reports—Term.
90.92.090 Local water plan—Public notice period—Other requirements.
90.92.100 Appeal—Review of a claim of impairment.
90.92.110 Local water plan—Expiration—Making elements of the local water plan permanent.
90.92.120 Local water plan—Status of water rights.
90.92.130 Location of pilot program.

90.92.010 Findings. (Expires June 30, 2019.) The legislature finds that the Walla Walla watershed community faces substantial challenges in planning for future water use and meeting the needs of fish, farms, and people. The legislature further finds that the participants in the Walla Walla watershed planning group have demonstrated exceptional cooperation in developing an innovative water management concept that enhances flexibility in water use while protecting ecological functions. The legislature also recognizes the significant contribution of representative William Grant's leadership in the creation of a Walla Walla pilot design to authorize local water management activity. [2009 c 183 § 1.]

Expiration date—2009 c 183: "This act expires June 30, 2019." [2009 c 183 § 20.]

90.92.020 Definitions. (Expires June 30, 2019.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

1. "Basin" means the WRIA where the planning area is located.

2. "Board" means a water management board created under this chapter.

3. "Department" means the department of ecology.

4. "Director" means the director of the department of ecology.

5. "Initiating entities" means the county boards of commissioners within the planning area, the city council of the largest Washington city in the planning area, the largest water user in the planning area, and all affected federally recognized tribes within the planning area.

6. "Instream flow" means a minimum flow under chapter 90.03 or 90.22 RCW or a base flow under chapter 90.54 RCW that has been set by rule.

7. "Local water management program" means the water banking mechanism, any local water plans authorized by the board, and any other activities authorized by RCW 90.92.050.

8. "Local water plan" means a voluntary water management plan developed by local water rights holders within the planning area to manage their water use in a manner that enhances streamflows in exchange for greater flexibility in exercising the water rights.

9. "Planning area" means the entirety or a subsection of a single or multiple WRIA as identified in the creation of a board under this chapter.

10. "Trust water right" means any water right acquired by the state under chapter 90.42 RCW for management in the state's water rights program.

11. "Watershed plan" means a plan adopted under chapter 90.82 RCW.

12. "WRIA" means a water resource inventory area established in chapter 173-500 WAC as it existed on January 1, 1997. [2009 c 183 § 2.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.030 Establishing a water management board. (Expires June 30, 2019.) (1) Initiating entities may collectively petition the department in order to establish a water management board.

2. The department, in consultation with the initiating entities, may create a board if:

(a) The initiating entities demonstrate to the department that the following criteria are satisfied:

(i) Community support for the development of a local watershed management plan, including the affected federally recognized tribes, local governments, and general community support;

(ii) There is commitment on the part of the initiating entities and the affected community to enhance streamflows for fish; and

(iii) An adequate monitoring network is in place, as determined by the department;

(b) The department determines the following:

(i) An instream flow rule for the WRIA or WRIAs in the planning area has been adopted since 1998;

(ii) The planning area is located within one of the sixteen fish-critical basins designated by the department in its March 2003 "Washington Water Acquisition Program" report and demonstrates a significant history of severely impaired flows; and

(iii) The watershed planning unit has completed a watershed implementation plan adopted under chapter 90.82 RCW and salmon recovery implementation plan adopted under chapter 77.85 RCW.

3. The department, in determining whether to create a board, must give strong consideration to basins that have completed a judicial proceeding to adjudicate water rights under chapter 90.03 RCW. [2009 c 183 § 3.]

Expiration date—2009 c 183: See note following RCW 90.92.010.
90.92.040 Composition of board—Members’ terms—Policy advisory group—Conflicts of interest. (Expires June 30, 2019.) (1)(a) Each board must be composed of the following members:
   (i) All affected federally recognized tribes within the planning area will be invited to participate and may appoint one member each;
   (ii) The following entities must each appoint one member:
      (A) Each county board of commissioners within the planning area;
      (B) The city council of the largest Washington city in the planning area; and
      (C) The board of directors of the entity or the person who uses the greatest quantity of water in the planning area;
   (iii) The conservation districts’ board of supervisors in the planning area must jointly appoint one member; and
   (iv) The members under (a)(i) through (iii) of this subsection must appoint the remaining three members of the board. These three members must be residents of the planning area. One member must be a planning area water rights holder. One member must represent environmental interests in the planning area. One member must be a citizen at large.
   (b) If for any reason one of the required governments or entities to be represented on the board declines to participate, the remaining board members may invite another local government within the planning area to join the board.
   (2) Each member of the board serves a two-year term and may be reappointed for an additional term. Members may continue to serve on the board until a new appointment is made.
   (3) The board must create a policy advisory group and a water resource panel.
      (a) For the policy advisory group, the board must invite participation from the department and the department of fish and wildlife, other affected state agencies, and other interests as appropriate. The board may also appoint members from local government agencies, academia, watershed and salmon recovery entities, businesses, and agricultural and environmental organizations as the board deems appropriate.
      (b) The policy advisory group must assist and advise the board in coordinating and developing water resource-related programs, planning, and activities within the planning area, including the coordination of efforts with all jurisdictions of the planning area and development of the board’s strategic actions.
      (c) For the water resource panel, the board must appoint members to the water resource panel who have expertise and understanding regarding surface water and groundwater monitoring and hydrological analysis, irrigation management and engineering, water rights, and fisheries habitat and economic development. The board must invite participation from the department and the department of fish and wildlife.
      (d) The water resource panel must provide technical assistance for the development of the local water plans and provide advice to the board on the criteria for establishment of local water plans and the approval, denial, or modification of the local water plans.
   (4) A board member, employee, or contractor may not engage in any act that is in conflict with the proper discharge of their official duties. Such conflicts of interest include, but are not limited to, holding a financial interest in a matter before the board. [2009 c 183 § 4.]
   Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.050 Board’s authorities, duties, and responsibilities. (Expires June 30, 2019.) (1) The board has the following authority, duties, and responsibilities:
   (a) Assume the duties, responsibilities, and all current activities of the watershed planning unit and the initiating governments authorized in RCW 90.82.040;
   (b) Develop strategic actions for the planning area by building on the watershed plan;
   (c) Adopt and revise criteria, guidance, and processes to effectuate the purpose of this chapter;
   (d) Administer the local water plan process;
   (e) Oversee local water plan implementation;
   (f) Manage banked water as authorized under this chapter;
   (g) Acquire water rights by donation, purchase, or lease;
   (h) Participate in local, state, tribal, federal, and multi-state basin water planning initiatives and programs; and
   (i) Enter into agreements with water rights holders to not divert water that becomes available as a result of local water plans, water banking activities, or other programs and projects endorsed by the board and the department.
   (2) The board may acquire, purchase, hold, lease, manage, occupy, and sell real and personal property, including water rights, or any interest in water rights, enter into and perform all necessary contracts, appoint and employ necessary agents and employees, including an executive director and fix their compensation, employ contractors including contracts for professional services, and do all lawful acts required and expedient to carry out the purposes of this chapter.
   (3) The board constitutes an independently funded entity, and may provide for its own funding as determined by the board. The board may solicit and accept grants, loans, and donations and may adopt fees for services it provides. The board may not impose taxes or acquire property, including water rights, by the exercise of eminent domain. The board may distribute available funds as grants or loans to local water plans or other water initiatives and projects that will further the goals of the board.
   (4) The ability of the board to fully meet its duties under this chapter is dependent on the level of funding available to the board. If sufficient funding is not available to the board to carry out its duties, the board may, in consultation with the department, establish a plan that determines and sets priorities for implementation of the board’s duties.
   (5) The board, and its members and staff, acting in their official capacities, are immune from liability and are not subject to any cause of action or claim for damages arising from acts or omissions engaged in under this chapter.
   (6) Upon the creation of the board, and for the duration of the board, the existing planning unit for the planning area, established under RCW 90.82.040, is dissolved and all assets, funds, files, planning documents, pending plans and grant applications, and other current activities of the planning unit are transferred to the board. [2009 c 183 § 5.]
   Expiration date—2009 c 183: See note following RCW 90.92.010.

[Title 90 RCW—page 198]
90.92.060 Report to the legislature. *(Expires June 30, 2019).* The board, in collaboration with the department, must provide a written report to the legislature by December 1, 2012, December 1, 2015, and December 1, 2018. The report must summarize the actions, funding, and accomplishments of the board in the previous three years, and submit recommendations for improvement of the local water plan process. The 2018 report must also contain recommendations on the future of the board. [2009 c 183 § 6.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.070 Water banking. *(Expires June 30, 2019).*

(1) The board may establish a mechanism to bank water for the holders of water rights within the planning area to voluntarily deposit them on a temporary or permanent basis.

(2) The board has the following authority regarding banked water in the planning area:

(a) The board may accept a surface water right or a groundwater right on a permanent or temporary basis under terms and conditions agreed upon by the water rights holder and the board.

(b) On a temporary or permanent basis, the board may accept a water right, or portion thereof, that will be made available under local water plans for streamflow enhancement under the terms of the local water plan, as provided in this chapter.

(c) Except as provided in (d) of this subsection, the board must accept a water right temporarily banked for instream flow without conducting a review of the extent and validity of the water right. Such a water right may not thereafter be authorized for any other purposes. A banked water right that has not been tentatively determined as to its extent and validity is not entitled to be protected from impairment by another water right.

(d) The board may manage a water right that has been banked as mitigation for impairment to instream flows and other existing water rights. However, the water right may only be available for mitigation to the extent the department determines the water right is valid and use of the water right for mitigation will not cause detriment or injury to existing water rights.

(3)(a) A water right banked on a temporary basis remains in the ownership of the water rights holder and not the state of Washington or the board.

(b) A water right banked on a permanent basis must be transferred to the state of Washington as a trust water right consistent with RCW 90.42.080.

(4) A water right or portion of a water right banked under this chapter is not subject to loss by forfeiture under RCW 90.14.130 through 90.14.200. When a temporary water right is withdrawn from banking, the time period that the water right was banked may not be calculated as time water was not used for purposes of RCW 90.14.160, 90.14.170, and 90.14.180.

(5) When a temporarily deposited water right is withdrawn from banking, the time period that the water right was banked may not be included in the five years of prior water use for purposes of applications to add acreage or purposes of water use under RCW 90.03.380(1).

(6) Nothing in this chapter forecloses or diminishes the rights of any person to apply to the department to transfer a water right to the state trust water rights program under the authority of chapter 90.42 RCW or to apply for a change of a water right to the department or to a water conservancy board authorized under chapter 90.80 RCW. [2009 c 183 § 7.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.080 Local water plan—Board to adopt guidelines and criteria for filing, review, and approval—Annual reports—Term. *(Expires June 30, 2019).*

(1) The board shall adopt guidelines and criteria for filing, review, and approval of a local water plan. The board shall also develop a dispute resolution process that provides for water users, the board, and the department to resolve disputes regarding the implementation and enforcement of a local water plan.

(2) A water user or group of water users within the planning area, organized as provided in guidelines adopted by the board, may submit a proposed local water plan to the board.

(3) A local water plan must include:

(a) A determination by the board of the baseline water use for all water rights involved in the local water plan, based on the guidelines adopted by the board, and in consultation with the water resource panel. The baseline documents regarding water use that are submitted by the water users may not be used by the department to determine the validity of the water rights in any future administrative or regulatory actions;

(b) A clearly defined set of practices that provide for flexibility of water use as defined in subsection (4) of this section;

(c) An estimate of the amount of water that would remain instream either long term or during critical flow periods for fish;

(d) Performance measures and options for achieving reductions in total water use from baseline;

(e) Performance measures for tracking improved streamflows either long term or during critical flow periods for fish; and

(f) Measurement, tracking, and monitoring measures and procedures that ensure the implementation and enforcement of the measures for flexibility of water use, enhancement of the streamflows, and other elements, terms, and conditions in the local water plan.

(4) The local water plan may have elements and provide rights to the use and application of water that are not otherwise authorized in the water rights, including:

(a) The ability to use the quantity of water defined as baseline in RCW 90.92.120(1)(a) on new or additional places of use, from new or additional points of diversion or withdrawal, and at different times of the year;

(b) The ability to change or add a source of water supply including the use of groundwater to supplement surface water rights and the ability to implement the conjunctive use of the groundwater and surface water; and

(c) The storage of water and infiltration of the water to the groundwater to supplement shallow groundwater withdrawals or for the purpose of replenishing the aquifer.

(5) To participate in a local water plan, water rights holders must: (a) Agree to allow a portion or all of their baseline water use to remain instream, as specified in the approved local water plan; (b) have existing operable water convey-
Title 90 RCW: Water Rights—Environment

90.92.090 Local water plan—Public notice period—Other requirements. (Expires June 30, 2019.)

(1) The board must provide a thirty-day public notice period for the proposal for a local water plan and accept comments from all interested persons during that period.

(2) To become effective, the local water plan must be approved by both the board and the department. A proposed local water plan must not be approved if the board and the department determine the local water plan will not substantially enhance instream flow conditions.

(3) The approved local water plan must be signed by the executive director of the board, by the director, and by all water users participating in the local water plan. The local water plan is a contract among the board, the department, and the water users in which all parties agree to abide by all terms and conditions of the local water plan.

(4) If an approved local water plan is not in compliance with its terms and conditions, the board shall, consistent with the dispute resolution process adopted by the board, seek compliance. If the board revokes a local water plan due to noncompliance, the water users in the local water plan must thereafter exercise the water rights only as the water rights were authorized and conditioned prior to the approval of the local water plan, and all rights and duties that were terms in the local water plan lapse and are not valid or enforceable.

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.100 Appeal—Review of a claim of impairment. (Expires June 30, 2019.)

(1) Any person not party to the local water plan and aggrieved by the director's decision may appeal the decision to the pollution control hearings board as provided under RCW 43.21B.230.

(2) A water rights holder who believes the holder's water right has been impaired by any action under this chapter may request that the department review the impairment claim. If the department determines that some action under this chapter is impairing existing rights, the department, the board, and the water users must amend the local water plan to eliminate the impairment. Any decision of the department to alter or not alter a local water plan is appealable to the pollution control hearings board under RCW 43.21B.230. [2009 c 183 § 10.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.110 Local water plan—Expiration—Making elements of the local water plan permanent. (Expires June 30, 2019.)

(1) A local water plan expires by its terms, by withdrawal of one or more water users to the local water plan, or upon agreement by all parties to the contact. Upon the expiration of a local water plan that has been operating for five or more years, the water users may request that the board and the department make the elements of the local water plan, including water deposited to the water bank for placement in the trust water rights program, permanent authorizations and conditions for use of the water rights.

(2) The request under subsection (1) of this section must be evaluated based on whether:
   (a) The determination of the baseline water use adequately analyzed the extent and validity of the donated water right; and
   (b)(i) Whether there is injury or detriment to other existing water rights; or
   (ii) The written approval obtained from the holder of an impaired water right is continued or renewed.

(3) If the board and the department approve the request under subsection (1) of this section, the department shall issue superseding water rights consistent with the management and uses of the water under the local water plan. That portion of the water rights deposited in the water bank for placement in the trust water rights program must be made permanent and transferred in accordance with chapter 90.42 RCW.

(4) If the local water plan expires and the water management and uses under the local water plan are not granted approval to be permanent, the water users in the local water plan must thereafter exercise the water rights only as the water rights were authorized and conditioned prior to the local water plan, and all rights and duties that were terms in the local water plan lapse and are not valid or enforceable.

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.120 Local water plan—Status of water rights. (Expires June 30, 2019.)

(1) The water rights in the local water plan as authorized for the uses described in RCW 90.92.080(4) are:

   (a) Not subject to either the approval of the department under RCW 90.03.380 through 90.03.390, 90.44.100, and 90.44.105, or a tentative determination of the validity and extent of the water rights;
   (b) Not subject to loss by forfeiture under RCW 90.14.130 through 90.14.200 during the period of time from when the local water plan is approved to the expiration or nullification of the local water plan as provided in RCW 90.92.110; and
   (c) Not to be exercised in a manner that would result in injury or detriment to other existing water rights unless express written approval is obtained from the holder of the impaired water right. To allow impacts to existing instream flow rights, the board and the department must agree that the
flow benefits provided by a local water plan outweigh the impacts on existing instream flow rights.

(2) The years during the period of time when the local water plan is operational may not be considered or calculated as a period of time that the water was not applied to use for purposes of RCW 90.14.130 through 90.14.200. Further, the years during this period of time may not be considered or calculated as a period of time that the water was not applied to use and for purposes of future applications to change the water right for additional purposes or acreage under RCW 90.03.380.  [2009 c 183 § 12.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

90.92.130 Location of pilot program. (Expires June 30, 2019.) The local water management program authorized by this chapter must be piloted in WRIA 32, as defined in chapter 173-500 WAC as it existed on January 1, 1997.  [2009 c 183 § 13.]

Expiration date—2009 c 183: See note following RCW 90.92.010.

91.08.010 Public waterways authorized. Whenever in any
county of this state the owners of lands bordering upon or
accessible to any navigable water shall desire to improve
their said lands, hereinafter designated as the "district," by the
construction of a new public waterway, or the deepening or enlargement of an existing public waterway, for the floatage of vessels and the drainage of swamp and overflowed lands, and the proposed improvement will increase the public revenues and be of other public benefit, they may present the plan of such proposed waterway to the board of county commissioners of such county, hereinafter designated the "board," and have the same acted upon as provided in this chapter. [1911 c 23 § 1; RRS § 9777.]

91.08.020 Accessible lands defined. Lands shall be deemed accessible to such waterway when reason of their nearness to the same their value will be materially increased by the construction or deepening or widening of such waterway. [1911 c 23 § 2; RRS § 9778.]

91.08.030 Petition—By whom signed—Contents—Notice of filing—Discharge of proceedings. The plan of such proposed waterway shall be presented to the board by a written petition of owners of lands which it is represented will be improved by the construction, deepening or widening of such waterway; and such petition shall be signed by the owners of thirty-five percent or more of the area of lands in the district, and shall be verified by one or more of the petitioners to the effect that the signatures attached are the genuine signature of the persons or corporations signing the same. Each petitioner shall add a description of the lands he or she owns. If petitioners are unmarried persons they shall so state. If lands are owned by married persons, husband and wife shall join in the petition. If a petitioner is a corporation, the signature shall be accompanied by a certified copy of a resolution of the board of directors or trustees of the corporation authorizing the person signing the petition for the corporation to execute it. If lands included in the petition are owned by minors, insane persons, or other persons under guardianship in this state, the petition may be signed by the guardians of such persons: PROVIDED, That the signature be accompanied by a certified copy of an order of the superior court having the guardianship of such person in charge, authorizing the guardian to sign the petition. A petition may consist of one or more separate papers or sheets which are identified with the subject matter.

The petitioners shall file with the board, with their petition, a map of the lands in the district and a statement showing each separate ownership of lands as shown by the public records of the county, and their location in the county, with the names of the owners as shown by such records, and the location of the proposed waterway if a new waterway is to be constructed. If an existing waterway is to be deepened the map shall show its location, and if it is to be widened the map shall show its location and the extent to which it is to be widened. With the petition there shall also be presented satisfactory evidence from the real property records of the county that the petitioners are severally the owners in fee simple of their respective tracts of land, and that all taxes and assessments due thereon are paid. If it is proposed that any lands in the district shall be filled with the material dug or dredged from such waterway, the petition shall so state, and the map of the district and plan of the improvement shall show the location, depth, and yardage of such fill. The petition may also fix the price per cubic yard at which such fill shall be charged to the land filled, which charge shall be added to the assessment for the improvement to be made upon such lands and be paid as a part thereof. If the price of filling is not fixed by the petition it may be fixed by the board.

At any time after the filing of such petition one or more of the petitioners may file and record in the office of the auditor of the county, notice of the pendency of the proceeding, describing the boundaries of the proposed district, and from the time of such filing all persons shall be deemed to have notice of the pendency of the proceeding and be bound thereby. Upon the hearing upon such petition, hereinafter provided, if the same be denied any person interested may file in the office of said county auditor a certified copy of the order denying the same, whereupon the auditor shall enter the discharge of the notice of the pendency of the proceeding on the margin of the record thereof. And the like discharge may be filed whenever the proceeding is terminated for any other reason. [2013 c 23 § 615; 1911 c 23 § 3; RRS § 9779. Formerly RCW 91.08.030, 91.08.040, and 91.08.050.]

91.08.060 Cost bond filed with petition. Said petitioners shall at the time of filing their petition with the board, file a bond executed by one or more of their number as principals, and in behalf of all, and by a surety corporation authorized to become surety upon public bonds in this state, which bond shall run to the state of Washington as obligee and be in the sum of five hundred dollars, conditioned that they will pay all costs of the proceeding in case for any reason the petition shall not be granted, or in case no fund shall thereafter be created for the payment of the expense attending said proposed waterway improvement. And said petitioners shall, from time to time as the board shall estimate and order, pay the costs and expenses of such proceeding. [1911 c 23 § 4; RRS § 9780.]

91.08.070 Petition may be amended—Order for hearing—Notice—Record. The petition, after the filing thereof, shall be taken up and considered by the county legislative authority at the next regular or special meeting thereof, or as soon thereafter as may be convenient, and if the petition be defective in any particular it may be amended and an adjournment of the matter may be had to permit of the amendment, for a time not exceeding thirty days. If the petition be defective and be not sufficiently amended within the adjournment taken, it shall be dismissed. But if the petition is sufficient, or if by amendment it be made sufficient, it shall be the duty of the county legislative authority to enter an order setting a time for a public hearing thereon within thirty days from the date of the order, and directing the clerk of the county legislative authority to give notice of the time and place of the hearing in the official newspaper of the county by publication therein at least once each week for three successive weeks before the time of hearing. The notice shall be addressed to the owners of lands not petitioning, as shown by the petition or as may be ascertained to be the fact, and to all other persons known and unknown having or claiming an interest in the lands in the district, and shall state the pendency of the proceeding, its object, the names of the signers of the petition, the number of acres of land they claim to own, the whole number of acres proposed to be improved, the boundaries of the lands to be included in the improvement...
public waterways

91.08.100 Bridging part of cost. Whenever in aid of the construction or widening of any such waterway it shall be necessary to cross or disturb any existing public highway or railroad, the cost of bridging the waterway or otherwise substantially continuing the highway or railroad may be ascertained and paid as a part of the cost of the improvement if such cost is not otherwise provided for. [1911 c 23 § 9; RRS § 9785.]

91.08.120 Eminent domain—Order to acquire or condemn property. Whenever the said board shall desire to condemn and acquire land, or damage lands or property for any purpose authorized by this chapter, said board shall make an order therefor wherein it shall be provided that such land or damages shall be paid for wholly by special assessment upon the property within said waterway district, and the proceeding thereafter shall be as herein specified. [1911 c 23 § 10; RRS § 9786.]

91.08.130 Eminent domain—Petition to condemn. The board shall file a petition, verified by its chair and signed by the prosecuting attorney, in the superior court of the county, praying that the property described may be taken or damaged for the purpose specified and that compensation therefor be ascertained by a jury or by the court in case a jury be waived. Such petition shall allege the creation of the waterway district and contain a copy of the order directing the proceeding, a reasonably accurate description of the lots or parcels of land or other property which will be taken or damaged, and the names of the owners and occupants of said lands and of said persons having any interest therein so far as known to the said board, or as appears from the records in the office of the county auditor. [2013 c 23 § 617; 1911 c 23 § 11; RRS § 9787.]

91.08.140 Eminent domain—Summons. Upon the filing of the petition aforesaid a summons returnable as summons in other civil actions, shall be issued and served upon the persons made parties defendant, together with a copy of the petition, as in other civil actions; and in case any of the defendants are unknown or reside out of the state, a summons for publication shall issue and publication be made and proof thereof be made in the same manner as is or shall be provided by the laws of the state for service upon nonresident or unknown defendants in other civil actions. Notice so given by publication shall be sufficient to authorize the court to hear and determine the suit as though all parties had been sued by their proper names and had been personally served. [1911 c 23 § 12; RRS § 9788.]

Civil procedure—Commencement of actions: Chapter 4.28 RCW.

91.08.150 Eminent domain—Service in case of public lands—Legal counsel. In case the land or other property sought to be taken or damaged is state land, the summons and copy of petition shall be served upon the commissioner of public lands; if it is county land it shall be served upon the county auditor, and if school land, upon the county auditor and the chair of the board of directors of the school district. Service upon other parties defendant, public or private, shall be made in the same manner as is or shall be provided by law for service of summons in other civil actions. If the state is

91.08.080 Hearing—Findings—Order. At the time and place prescribed in the said notice any owner of land within said proposed improvement district may file with the board his or her written consent to the proposed improvement, and he or she shall then be considered as a petitioner; and if the owners of more than one half of the lands within the district, including the lands represented by the petition, shall assent to the prayer of said petition, the board shall then proceed to hear and consider any objections which may have been filed at that or any previous time, and may adjourn such hearing from day to day. If the board after full hearing on the merits of the proposed waterway shall be satisfied that the same will be of benefit to the public interests, and that private benefit will result to the lands within the district sufficient to equal the cost of the proposed improvement, they may make findings accordingly and declare their intention to establish the waterway district under the name of the " . . . . . Waterway District" and make the improvement as prayed for; but if the owners of less than one half of the lands in the district shall assent to the creation thereof and the making of the proposed improvement, the board shall deny the petition and the proceeding shall be dismissed. [2013 c 23 § 616; 1911 c 23 § 6; RRS § 9782.]

91.08.090 Board's powers and duties—In general—County immune from expense. Upon the entry of an order creating such waterway district by the board, it shall have power to perform all the duties and exercise all of the authority conferred upon it by this chapter, and shall have the right to sue and be sued in all matters pertaining to such district as the representative thereof, in the same manner and to the same extent as in all other county affairs. But such district shall bear all the expenses of such action on the part of the board, and the county shall be at no expense or charge therefor. [1911 c 23 § 7; RRS § 9783.]

91.08.100 Board's powers and duties—Right of eminent domain. Said board shall have the right of eminent domain for the acquisition of lands necessary to the construction or widening of the proposed waterway, and may cause all necessary lands to be condemned and appropriated or damaged for the use of said waterway, and make just compensation therefor. The private property of the state, the county, and other public or quasi-public corporations (except incorporated cities and towns), and of private corporations, shall be subject to the same rights of eminent domain at the suit of said board as the property of private individuals. [1911 c 23 § 8; RRS § 9784.]
made a defendant the attorney general shall represent it. If the county is a defendant the court shall appoint an attorney to represent it at all stages of the proceedings, and may allow him or her compensation for his or her services as costs of the proceeding. [2013 c 23 § 618; 1911 c 23 § 13; RRS § 9789.]

Public lands treated as private lands: RCW 91.08.570.

91.08.160 Eminent domain—Finding of public use—Jury—Dismissal. Upon the return of said summons, or as soon thereafter as the business of the court will permit, the said court shall proceed to the hearing of such petition and shall adjudicate whether the proposed condemnation is for a public use, and if its judgment is that the proposed use is public, it shall empanel a jury to ascertain the just compensation to be paid for the lands or property taken or damaged, unless a jury be waived; but if any defendant or party in interest shall demand, and the court shall deem it proper, separate juries may be empaneled as to the separate compensation or damages to be paid to any one or more of such defendants or parties in interest. Should the court determine that the proposed use is not public, it shall dismiss the proceeding. [1911 c 23 § 14; RRS § 9790.]

91.08.170 Eminent domain—New parties may be admitted. The jury or court shall also ascertain the just compensation to be paid to any person found to have an interest in any lot or parcel of land or property which may be taken or damaged for such improvement, whether or not such person's name or such lot or parcel of land or other property is mentioned or described in said petition: PROVIDED, That such person shall first be admitted as a party defendant to such suit by such court and shall file a statement of his or her interest in, and a description of, the lot or parcel of land or other property in respect to which he or she claims compensation. [2013 c 23 § 619; 1911 c 23 § 15; RRS § 9791.]

Substitute defendant: RCW 91.08.220.

91.08.180 Eminent domain—Jury may view property. The court may upon motion of the petitioners, or of any defendant, direct that the jury be empanelled to take a view of the premises of the owner, or of any person who may be appointed by the court to point out the property sought to be taken or damaged, shall view the lands or property taken or damaged for the proposed improvement. [1911 c 23 § 16; RRS § 9792.]

91.08.190 Eminent domain—Measure of damage to buildings. If there be any building standing in whole or in part upon any land to be taken, the jury or court shall add to the finding of the value of the land taken, the value or damage to such building as the case may require. If the entire building is taken, or if it is damaged so that it cannot be readjusted to premises of the owner, then the measure of damages shall include the fair market value of the building. If part of the building is taken, or it is damaged but can be readjusted or replaced on premises of the owner, then the measure of dam-

ages shall be the cost of readjusting or moving the building or part thereof left, together with the depreciation in the market value of said building by reason of said readjustment or moving. [1911 c 23 § 17; RRS § 9793.]

91.08.200 Eminent domain—Findings as interests appear—Interpleader. If the land and buildings belong to different parties, or if the title to the property be divided into different interests by lease or otherwise, the damage done to each of such parties or interests may be separately found by the jury or court on the written request of any party. And in making such findings the jury or court shall first find and set forth the total amount of the damage to said lands and buildings and all premises therein, estimating the same as an entire estate and as if the same were the sole property of one owner in fee simple; and they shall then apportion the damages so found among the several parties entitled to the same in proportion to their several interests and claims. But no delay in ascertaining the amount of compensation shall be occasioned by any doubt or contest which may arise as to the ownership of the property or any part thereof, or as to the extent of the interest of any defendant in the property to be taken or damaged, but in such case the jury or court shall ascertain the entire compensation or damage that should be paid for the property and the court may thereafter require adverse claimants to interplead so as to fully determine their rights and interests in the compensation so ascertained, and may make such order as may be necessary in regard to the deposit or payment of such compensation and the division thereof. [1911 c 23 § 18; RRS § 9794.]

91.08.210 Eminent domain—Procedure after findings. Upon the filing of the findings of the jury or court, the proceedings of the court regarding new trial and the entry of judgment thereon, shall be the same as in other civil actions, and the judgment shall be such as the nature of the case may require. The final judgment of the court shall be that the lands and property taken and damaged shall, upon payment of the sums awarded, vest in the county as and for a public waterway. The court shall continue or adjourn the case from time to time as to all defendants named in such petition who shall not have been served with process or brought in by publication, and new summons may issue or new publication be made at any time, and upon such defendants being brought in the court may empanel a jury to ascertain the compensation so to be made to such defendants for property taken or damaged, or may proceed without a jury if none be demanded, and like proceedings shall be had for such purpose as are herein provided. [1911 c 23 § 19; RRS § 9795.]

Civil procedure
judgments: Chapters 4.56 through 4.64, 4.72 RCW.
new parties may be admitted: RCW 91.08.170.
new trials: Chapter 4.76 RCW.

91.08.220 Eminent domain—Substitution of new owner as defendant. The court shall have power at any time, upon proof that any defendant who has not been served with process has ceased to be an owner since the filing of such petition, to substitute the new owner as a defendant, and after due service of the summons and petition upon him or her proceed as though he or she had been a party in the first
instance; and the court may upon any finding of the jury, or at any time during the course of the proceedings, enter every such order, rule, judgment, or decree as the nature of the case may require. [2013 c 23 § 620; 1911 c 23 § 20; RRS § 9796.]

New parties may be admitted: RCW 91.08.170.

91.08.230 Eminent domain—Guardian ad litem.
When it shall appear from said petition or otherwise, at any time during the proceedings upon such petition, that any infant, insane or distracted person is interested in any property that is to be taken or damaged, the court shall appoint a guardian ad litem for such infant or insane or distracted person to appear and defend for him, her or them; and the court shall make such order or decree as it shall deem proper to protect and secure the interest of such infant or insane or distracted person in such property, or the compensation which shall be awarded therefor. [1911 c 23 § 21; RRS § 9797.]

91.08.240 Eminent domain—Damage irrespective of benefits.
The compensation to be ascertained by the jury or court shall be irrespective of any benefit from the improvement proposed, and the finding shall state separately the value of land taken from any tract and the damage, if any, to remaining land by reason of the severance. [1911 c 23 § 22; RRS § 9798.]

91.08.250 Eminent domain—Finality of judgment—Appellate review—Waiver of review.
Any final judgment rendered by said court upon the findings of the court or a jury, shall be the lawful and sufficient condemnation of the land or property to be taken, or of the right to damage the same in the manner proposed, upon the payment of the amount of such findings and all costs which shall be taxed as in other civil cases: PROVIDED, That in case any defendant recovers no award, no costs shall be taxed. Such judgment shall be final and conclusive as to the damages caused by such improvement, unless appellate review is sought, and no review shall delay proceedings under the order of said board if it shall pay into court for the owners and parties interested, as directed by the court, the amount of the judgment and costs; but such board after making such payment into court shall be liable to such owner or owners, or parties interested, for the payment of any further compensation which may at any time be finally awarded to such parties seeking review in said proceeding, and his or her costs, and shall pay the same on the rendition of judgment therefor and abide any rule or order of the court in relation to the matter in controversy. In case of review by the supreme court or the court of appeals of the state, the money so paid into the superior court by the board, as aforesaid, shall remain in the custody of said superior court until the final determination of the proceedings. If the owner of the land, real estate, premises, or other property, accepts the sum awarded by the jury or the court, he or she shall be deemed thereby to have waived conclusively appellate review and final judgment may be rendered in the superior court as in other cases. [2013 c 23 § 621; 1988 c 202 § 94; 1971 c 81 § 180; 1911 c 23 § 23; RRS § 9799.]

Rules of court: Cf. RAP 2.5(b). Appellate review: RCW 91.08.580.

91.08.260 Eminent domain—Decree of appropriation.
The court upon proof that the judgment, together with costs, has been paid to the person entitled thereto, or has been paid into court, shall enter an order that the board shall have the right at any time thereafter to take possession of or damage the property in respect to which such compensation shall have been so made or paid into court as aforesaid, and thereupon the title to any property so taken shall be vested in fee simple in the public as a water highway. [1911 c 23 § 24; RRS § 9800.]

91.08.270 Assessment procedure—Petition—Assessment commissioners.
Said board shall, upon the entry of the condemnation judgment, file in the same proceeding a supplementary petition, praying the court that an assessment be made upon the lands in the district for the purpose of raising an amount necessary to pay the compensation and damages awarded for the property taken or damaged, with costs of the proceedings, and for the estimated cost of the proposed improvement; and the court shall thereupon appoint three competent disinterested persons as commissioners to make such assessment. Said commissioners shall include in such assessment the compensation and damages awarded for the property taken or damaged, with legal interest from the date of entry of the judgment, and with all costs and expenses of the proceedings incurred to the time of their appointment, or to the time when said proceedings was referred to them, together with the probable further costs and expenses of the proceeding, including therein the estimated cost of making and collecting such assessment. The petitioners for the improvement shall be entitled to have included in the costs of the proceeding, and repaid to them, such reasonable sums as they may have expended in preparing the maps and plans of the improvement and procuring the names of landowners for filing with the petition. Such expenditures to be approved and allowed by the court. [1911 c 23 § 25; RRS § 9801.]

Invalidity of assessments—Reassessment: RCW 91.08.520.
Public lands treated as private lands—Assessment of: RCW 91.08.575.

91.08.280 Assessment procedure—Oath and compensation of commissioners.
Said commissioners, before entering upon their duties, shall take and subscribe an oath that they will faithfully perform the duties of the office to which they are appointed, and will to the best of their abilities make true and impartial assessments according to the law. Every commissioner shall receive compensation at the rate of five dollars per day for each day actually spent in making the assessment herein provided for, upon his or her filing in the proceeding a verified statement showing the number of days he or she has actually spent therein; and upon the approval of said statement by the judge of the court in which the proceeding is pending, the board shall issue a warrant in the amount so approved, upon the special fund created to pay the awards and costs of said proceeding; and the fees of such commissioners so paid, and all expenses returned by them and allowed by the court shall be included in the cost and expense of such proceeding. [2013 c 23 § 623; 1911 c 23 § 26; RRS § 9802.]
91.08.290 Assessment procedure—Apportionment of assessment. It shall be the duty of such commissioners to examine the lands in the district and to apportion and assess the amount of the judgment, interest and costs as hereinbefore defined, of the condemnation proceeding, and of the estimated cost of the proposed improvement, and of the price of any fill made with material dug or dredged from such waterway, upon the several lots, blocks, tracts and parcels of land in said district, in the proportion in which they will be severally benefited; which assessment shall be a proportionate charge upon each square foot of land contained in each separate lot, block, tract or parcel of land. [1911 c 23 § 27; RRS § 9803.]

91.08.300 Assessment procedure—Assessment roll. The commissioners shall make or cause to be made an assessment roll in which shall appear the names of the owners, so far as known, a description of each lot, block, tract or parcel of land or other property, and the amounts assessed thereon as special benefits thereto, specifying separately the benefits from the opening of the waterway, for construction, and for fill if any, and certify such assessment roll to the court before which said proceeding is pending, within sixty days after the date of the order referring said proceeding to them, or within such extension of said period as shall be allowed by the court. In determining the benefit to be assessed upon any lot or parcel of land for the opening of the waterway, the commissioners shall ascertain from the finding of the court or jury whether or not it is remaining land after the severance of land taken from an original lot or parcel for right-of-way of such proposed waterway, and the damage awarded to such remaining land, if any, allowed by reason of the severance; and for such opening shall assess as benefits to such remaining land only the excess of the benefit accruing thereto over the damage awarded by the finding. [1911 c 23 § 28; RRS § 9804.]

91.08.310 Assessment procedure—Order for hearing on roll—Notice. Upon its completion the commissioners shall return their assessment roll into court, and thereupon the court shall make an order setting a time for the hearing thereon before the court, which day shall be at least thirty days after the entry of the order. The commissioners shall give notice of the assessment and of the date fixed by the court for the hearing thereon in the following manner:

(1) They shall at least twenty days prior to the date fixed for the hearing on the roll, mail to each owner of the property assessed, whose name and address is known to them, a notice substantially in the following form:

"(Title of cause.) To . . . . . .: Pursuant to an order of the superior court of the State of Washington, in and for the county of . . . . . . there will be a hearing in the above entitled cause on . . . . . . at . . . . . . upon the assessment roll prepared by the commissioners heretofore appointed by the court to assess the property specially benefited by the (here describe nature of improvement); and you are hereby required if you desire to make any objection to the assessment roll prepared by the commissioners heretofore appointed by the court, to file your objections to the same before the date herein fixed for the hearing upon the roll, a description of your property and the amount assessed against it for the aforesaid improvement is as follows: (Description of property and amount assessed against it.)"

[1985 c 469 § 97; 1911 c 23 § 29; RRS § 9805.]

91.08.320 Assessment procedure—Proof of service of notice. On or before the day fixed for the hearing, the affidavit of one or more of the commissioners shall be filed in said court showing the mailing of the notices above prescribed, and an affidavit of the publisher of the newspaper showing the publication of notice, with a copy of the published notice attached, which affidavit shall be received as prima facie proof of the giving of notice as herein required. [1911 c 23 § 30; RRS § 9806.]

91.08.330 Assessment procedure—Cause may be continued. If twenty days shall not have elapsed between the first publication of such notice and the day set for hearing, the hearing shall be continued until such time as the court shall order. The court shall retain full jurisdiction of the matter until final judgment on the assessments, and if the notice given shall prove invalid or insufficient the court shall order new notice to be given. [1911 c 23 § 31; RRS § 9807.]

91.08.340 Assessment procedure—Hearing—Findings—Judgment. Any person interested in any property assessed and desiring to object to the assessment thereon, shall file his or her objections to such report at any time before the day set for hearing said roll, and serve a copy thereof upon the prosecuting attorney. As to all property to the assessment upon which no objections are filed and served, as herein provided, default may be entered and the assessment confirmed by the court. On the hearing of objections the report of the commissioners shall be competent evidence to support the assessment, but either party may introduce such other evidence as may tend to establish the right of the matter. The hearing shall be conducted as in other cases at

[Title 91 RCW—page 6]
law tried by the court without a jury; and if it shall appear that
the property of the objector is assessed more or less than it
will be benefited, or more or less than its proportionate share
of the cost of the condemnation and improvement, the court
shall so find, and it shall also find the amount in which said
property ought to be assessed and correct the assessment
accordingly. Judgment shall be entered confirming the
assessment roll as originally filed or as corrected, as the case
may require. [2013 c 23 § 624; 1911 c 23 § 32; RRS § 9808.]

Civil procedure: Title 4 RCW.

91.08.350 Assessment procedure—Roll may be recast—New commissioners. The court before which any
such proceeding may be pending shall have authority at any
time before final judgment to modify, alter, change, annul or
confirm any assessment roll returned as aforesaid, or cause
any such assessment roll to be recast by the same commis-
sioners whenever it shall be necessary for the obtainment of
justice; or it may appoint other commissioners in the place of
all or any of the commissioners first appointed for the pur-
purpose of making such assessment or modifying, altering,
changing or recasting the same, and may take all such pro-
ceedings and make all such orders as may be necessary to
make a true and just assessment of the cost of such condem-
nation and improvement according to the principals of this
chapter, and may from time to time, as may be necessary,
continue the proceeding for that purpose as to the whole or
any part of the premises. [1911 c 23 § 33; RRS § 9809.]

Invalidity of assessments—Reassessment: RCW 91.08.520.

91.08.360 Assessment procedure—Judgment separate as to each tract—Effect of appeal. The judgment of
the court confirming the assessment roll shall have the effect
of a separate judgment as to each tract or parcel of land or
other property assessed, and any appeal from such judgment
shall not invalidate or delay the judgment except as to the
property concerning which the appeal is taken. Such judgment
shall be a proportionate lien on each square foot of
the property assessed from the date of entry until payment
shall be made. [1911 c 23 § 34; RRS § 9810.]

Appellate review: RCW 91.08.580.

91.08.370 Assessment procedure—Roll certified to treasurer—Interest on assessment upon appeal. The clerk
of the court in which such judgment is rendered shall certify
a copy of the assessment roll as confirmed, and of the judg-
ment confirming the same, to the treasurer of the county, or if
there has been an appeal taken from any part of such judg-
ment, then he or she shall certify such part of the roll and
judgment as is not included in such appeal, and the remainder
when final judgment is entered: PROVIDED, That if upon
such appeal the judgment of the superior court shall be
affirmed, the assessments on such property as to which
appeal has been taken shall bear interest at the same rate and
from the same date which other assessments not paid within
the time hereafter provided shall bear. Such copy of the
assessment roll shall be sufficient warrant to the county trea-
surer to collect the assessments therein specified in the man-
ner hereinafter provided. [2013 c 23 § 625; 1911 c 23 § 35;
RRS § 9811.]

Payment of assessments by satisfying judgment: RCW 91.08.590.

91.08.380 Payment of assessment—Alternate methods. The owner of any land charged with an assessment
under this chapter, may discharge the same from all liability
for the cost of such condemnation and improvement by pay-
ning the entire assessment charged against his or her land,
without interest, within the time fixed by the notice of the
county treasurer for the payment thereof; or within said time
he or she may pay a part of such assessment and allow the
remainder to continue as an assessment upon his or her land
to be collected and paid as hereinafter provided; or within
said time he or she may pay the entire assessment per square
foot within any part of his or her land, providing that he or she
shall when paying such partial assessment give to the trea-
surer a description of the tract paid for. [2013 c 23 § 626;
1911 c 23 § 37; RRS § 9813.]

Payment of assessments by satisfying judgment: RCW 91.08.590.

91.08.400 Payment of assessment—Record of payment without interest. When any assessment shall be paid
either in full or in part only, within the time for payment with-
out interest fixed by his or her notice, the treasurer shall note
the fact of such payment opposite the assessment. [2013 c 23
§ 627; 1911 c 23 § 38; RRS § 9814.]

91.08.410 Payment of assessment—Installments—Collection. Immediately after the expiration of the time
fixed by his or her notice for payment of assessments without
interest, the treasurer shall divide the several assessments
which remain unpaid in whole or in part into ten equal
amounts or installments, as near as may be, without fractional
cents, and enter said installments upon the roll opposite the
several assessments, numbering the same from one to ten

(2014 Ed.)
successively. And thereafter said treasurer shall annually for ten years, before the time fixed by law for the collection of state and county taxes, add one of the said assessment installments with interest for one year from the expiration of the time for payment without interest, or of the anniversary thereof, at a rate determined by the board on the entire unpaid assessment, to the tax levied upon the property assessed, where said tax appears upon the county tax roll, and collect said installment and interest, without reduction of percentage for prepayment, at the same time and in the same manner as state and county taxes are collected. And after delinquency said installments and interest shall be subject to the same charges for increased interest and penalties as are other delinquent taxes. But no tax sale of lands assessed under this chapter shall discharge the same from the lien of any unpaid installments of the assessment against it until all installments and interest are fully paid. [2013 c 23 § 629; 1981 c 156 § 35; 1911 c 23 § 39; RRS § 9815.]

Chapter 84.56 RCW.

91.08.420 Payment of assessment—Record of installment payments. As each assessment installment is paid the treasurer shall note the payment thereof in the proper place upon the assessment roll. [1911 c 23 § 40; RRS § 9816.]

91.08.430 Payment of assessment—Payment in full or in part—Interest—Segregation. The owner of any lands assessed under this chapter may at any time after the time fixed by the treasurer's notice for payment without interest, discharge his or her lands from the unpaid assessment by paying the principal of all installments unpaid with interest thereon at a rate determined by the board to the next anniversary of the time fixed as aforesaid; or he or she may pay one or more installments, with like interest, beginning with installment number ten and continuing in the inverse numerical order of installments. The successor in title to any part of his or her lands may have the proportionate assessment segregated on the roll and charged to such part upon his or her producing to the treasurer his or her recorded deed to such part. [2013 c 23 § 629; 1981 c 156 § 35; 1911 c 23 § 41; RRS § 9817.]

91.08.440 Payment of assessment—Interest on last installment. The last installment of any assessment paid shall include interest thereon at a rate determined by the board to the actual date of payment. [1981 c 156 § 36; 1911 c 23 § 42; RRS § 9818.]

91.08.450 Payment of assessment—Land taken for public use. Should any of the lands assessed under this chapter be taken for or dedicated to public use, for highway or any other public purpose, before the taking or dedication shall be complete or take effect there shall be paid to the county treasurer a sum equal to the principal of the unpaid assessment upon said land at its proportionate rate per square foot, with interest thereon for one year at a rate determined by the board; and the treasurer shall credit the principal sum paid to the unpaid installments upon the tract as originally assessed. [1981 c 156 § 38; 1911 c 23 § 43; RRS § 9819.]

91.08.460 Payment of assessment—Treasurer's report. Immediately after expiration of the time fixed by the treasurer for the payment of assessments levied under this chapter, he or she shall report to the board in writing the sums collected by him or her and in his or her hands to the credit of the assessment roll; and thereafter and on or before the first days of January and July in each year he or she shall make written reports to said board of the sums collected by him or her upon said roll, stating in detail the amount of principal, interest, and penalty so collected, the amount of principal remaining uncollected, and also, in detail, the principal and interest paid out by him or her under authority of the board, and the balance in his or her hands to the credit of the roll. [2013 c 23 § 630; 1911 c 23 § 44; RRS § 9820.]

91.08.465 Bonds—Authorized—Purposes for issuance. Should the owners of any lands assessed to pay for an improvement contemplated by this chapter, fail to pay the assessments thereon in full on or before the day fixed by the treasurer's notice as the time for payment without interest, the board shall provide and issue bonds of the district to the total amount of the unpaid assessments, which bonds may either be issued to persons contracting to perform the work of making the improvement, or exchange with them for warrants; or be issued in exchange for work or materials; or they may be sold outright as hereinafter provided. Such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 265; 1911 c 23 § 45; RRS § 9821. Formerly RCW 91.08.470, part.]

Additional notes found at www.leg.wa.gov

91.08.480 Bonds—Terms, form, interest, execution. (1) Such bonds shall be issued pursuant to an order made by the board and by their terms shall be made payable on or before a date not to exceed ten years from and after the date of their issue, which latter date shall also be fixed by such order. They shall bear interest at the rate or rates as authorized by the board, which interest shall be payable semiannually at periods named; shall be of such denomination as shall be provided in the order directing the issue, but not less than one hundred dollars nor more than one thousand dollars; shall be numbered from one upward consecutively and each bond shall be signed by the president of the board and attested by its clerk: PROVIDED, HOWEVER, That any coupons may, in lieu of being so signed, have printed thereon facsimile signatures of said officers. Each bond shall in the body thereof refer to the improvement to pay for which the same is issued; shall provide that the principal sum therein named and the interest thereon shall be payable out of the fund created for the payment of the cost and expense of said improvement, and not otherwise; and shall not be issued in an amount which, together with the assessments already paid, will exceed the cost and expense of the said condemnation and improvement. Such bonds may be in any form, including bearer bonds or registered bonds as provided in RCW 39.46.030.

(2) Notwithstanding subsection (1) of this section, such bonds may be issued and sold in accordance with chapter 39.46 RCW. [1983 c 167 § 266; 1970 ex.s. c 56 § 105; 1969 ex.s. c 232 § 48; 1911 c 23 § 46; RRS § 9822.]

Purpose—1970 ex.s. c 56: See note following RCW 39.52.020.
91.08.485 Bonds—Sale or exchange for par value. (1) Said bonds, whether sold or exchanged, shall be disposed of for not less than their par value and accrued interest.

(2) Notwithstanding subsection (1) of this section, such bonds may be sold in accordance with chapter 39.46 RCW. [1983 c 167 § 267; 1911 c 23 § 47; RRS § 9823. Formerly RCW 91.08.470, part.]

Additional notes found at www.leg.wa.gov

91.08.490 Bonds—Sale of. (1) Before making any sale of such bonds the board shall advertise the sale and invite sealed bids therefor, by publication in the county official newspaper at least once, and in such other manner as it sees fit, for a period of thirty days. At the time and place fixed for receiving bids the board shall open all bids presented and may either award the bonds to the highest bidder or reject all bids. Delivery of the bonds and payment therefor may be as required by the board. The purchaser of any such bonds shall pay the money due therefor to the county treasurer, who shall place it in the district fund.

(2) Notwithstanding subsection (1) of this section, such bonds may be sold in accordance with chapter 39.46 RCW. [1983 c 167 § 268; 1911 c 23 § 48; RRS § 9824.]

Additional notes found at www.leg.wa.gov

91.08.500 Bonds—Payment. The treasurer shall pay the interest on the bonds authorized to be issued by this chapter, on presentation of matured coupons therefor, out of the funds of the district in his or her hands. Whenever there shall be sufficient money in any such fund (not less than one thousand dollars) over and above sufficient for the payment of matured interest on all outstanding bonds, to pay the principal of one or more bonds, the treasurer shall call in and pay the bonds in their numerical order: PROVIDED, That the call for bonds shall be made by publication in the official newspaper of the county within five days after the semiannual interest period, and shall state that bonds numbered . . . . (giving the serial numbers of the bonds called) will be paid on presentation; and that after a date named, not more than fifteen days thereafter, interest on the bonds called shall cease. [2013 c 23 § 631; 1985 c 469 § 98; 1911 c 23 § 49; RRS § 9825.]

91.08.510 Bonds—Recourse of owner limited to special assessment—Bond to so state. The owner of any bond issued under authority of this chapter shall have no claim therefor against any person, body, or corporation, except from the special assessment made for the improvement for which such bond was issued; but his or her remedy in case of nonpayment shall be confined to the enforcement of such assessment. A copy of this section shall be plainly written, printed, or engraved on each bond so issued. [2013 c 23 § 632; 1983 c 167 § 269; 1911 c 23 § 50; RRS § 9826.]

Additional notes found at www.leg.wa.gov

91.08.520 Invalidity of assessments—Reassessment. In all cases of assessments for improvements under this chapter, wherein such assessment shall have failed to be valid in whole or in part for want of form or insufficiency, informality or irregularity, or nonconformance with the provisions of this chapter, the board is hereby authorized to cause such assessments to be reassessed and to enforce their collection in accordance herewith. [1911 c 23 § 51; RRS § 9827.]

Assessment procedure: RCW 91.08.270 through 91.08.380.

91.08.530 Construction—Contractor’s bond—Bidder’s deposit—Claims. After the confirmation of the assessment roll of any improvement district provided for herein, the board shall proceed at once with the construction of the improvement, and in carrying on the construction it shall have full charge and management thereof and the power to employ such assistants as it may deem necessary, and purchase all material required in such construction; and it shall have power to let the whole or any part of the work of the improvement to the lowest and best bidder therefor, after public advertisement and call for bids; and in case of such letting of a contract it shall have the power also to enter into all necessary agreements with the contractor in the premises: PROVIDED, That in the case of the letting of a contract the board shall require the contractor to give a bond in the amount of the contract price, with sureties to be approved by the board and running to the board as obligee therein, conditioned for the faithful and accurate performance of his or her contract by the contractor, and that he or she will pay, or cause to be paid, all just claims of all persons performing labor upon or rendering services in doing the work, or furnishing materials, merchandise or provisions used by the contractor in the construction of the improvement. The bond shall be filed and recorded in the office of the auditor of the county and every subcontractor on any such work shall file and record a like bond in the full amount of his or her subcontract. Unless otherwise paid their claims for labor or services, materials, merchandise or provisions, the claimants may have recourse by suit upon such bond in their own names: PROVIDED, That no such claim or suit shall be maintained unless the persons making the claim shall within thirty days after the completion of the improvement, file their claims, duly verified, to the effect that the amounts thereof are just and due and are unpaid, with the clerk of the board. Each bidder for a contract to be let under this section shall deliver with his or her bid a check for five percent of the amount of the bid, drawn upon a bank in this state and certified by the bank, as surety to the board that the bidder will enter into the contract with the board. The checks of unsuccessful bidders will be returned to them when an award of the contract has been made by the board. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. [1996 c 18 § 16; 1911 c 23 § 52; RRS § 9828.]

Contractor’s bond: Chapter 39.08 RCW.

91.08.540 Construction—Installment payments—Reserve. During the construction of the improvement said board shall have the right to allow payment therefor to contractors in installments as the work progresses, in proportion to the amount of work completed: PROVIDED, That no such allowance or payment shall be made for exceeding seventy-five percent of the proportionate amount of the work completed; and twenty-five percent of the contract price shall be reserved at all times by said board until such work is fully

(2014 Ed.)
completed, and shall not be paid until thirty days have expired after such completion. Upon completion of the work and the production of satisfactory evidence to the board that all just claims for labor, materials, goods, wares, merchandise and provisions furnished to the contractor have been paid, the board shall accept the improvement and pay the contract price therefor. [1911 c 23 § 53; RRS § 9829.]

91.08.550 Warrants. The indebtedness of any such district on contracts, or upon employment or for supplies, shall be paid by warrants on the district fund only, to be issued by the board upon allowed written claims. Such warrants shall be in form the same as county warrants, or as nearly the same as may be practicable; shall draw the legal rate of interest from the date of their presentation to the county treasurer for payment, and shall be signed by the chair and attested by the clerk: PROVIDED, That no warrants shall be issued in payment of any indebtedness of such district for less than the face or par value. [2013 c 23 § 633; 1911 c 23 § 54; RRS § 9830.]

Public contracts and indebtedness—Interest rate on warrants: Chapter 39.56 RCW.

91.08.560 Warrants—Payment. All warrants issued under RCW 91.08.550 may be presented by the holders thereof to the county treasurer, who shall pay them or endorse thereon the date of presentation for payment and if the same are not paid, and the reason for their nonpayment; and no warrant shall draw interest until it is so presented and endorsed by the county treasurer. It shall be the duty of the treasurer from time to time, when he or she has sufficient funds in his or her hands for the purpose, to give notice to warrant holders to present their warrants for payment; such notice to be given by advertisement in the county newspaper. And thirty days after the first publication of said notice the warrants called shall cease to bear interest. Said notice shall be published once each week for two weeks consecutively, and such warrants shall be called and paid in the order of their endorsement. [2013 c 23 § 634; 1911 c 23 § 55; RRS § 9831.]

91.08.570 Public lands not devoted to public use to be treated as private lands. State, school, county, school district, and other lands belonging to other public corporations which will be benefited by the construction, deepening or widening of any such waterway, and which are not devoted to public use, shall be subject to the provisions of this chapter, and the owners thereof by and through the proper authorities, shall be made parties in all proceedings affecting said lands, and shall have the same rights and be liable to the same right of eminent domain as the lands of private persons or corporations. [1911 c 23 § 56; RRS § 9832. FORMER PART OF SECTION: 1911 c 23 § 57; RRS § 9833, now codified as RCW 91.08.575.]

Eminent domain procedure—Service in case of public lands: RCW 91.08.150.

91.08.575 Public lands not devoted to public use to be treated as private lands—Assessment. Lands belonging to the state, and school, county, school district and other lands belonging to public corporations and which are not devoted to public use, which are benefited by any improvement instituted under the provisions of this chapter, shall be assessed in the same manner as lands of private persons and corporations, and the assessment shall be paid by the proper authorities. [1911 c 23 § 57; RRS § 9833. Formerly RCW 91.08.570, part.]

Assessment procedure: RCW 91.08.270 through 91.08.380, 91.08.520.

91.08.580 Appellate review. Any person aggrieved by any condemnation judgment for compensation or damages, or by any judgment confirming an assessment upon land for benefits under this chapter, may seek appellate review of the judgment as in other civil cases. [1988 c 202 § 95; 1971 c 81 § 181; 1911 c 23 § 58; RRS § 9834.]

Rules of court: Method of appellate review, Cf. Title 2 RAP, RAP 18.22.

Additional notes found at www.leg.wa.gov

91.08.590 Payment of assessments by satisfying judgment. Any defendant in a condemnation proceeding under this chapter, whose remaining land, or whose other lands in the district, shall be assessed for benefits arising from the improvement, may pay his or her assessments in full, if they be less than his or her condemnation judgment, at or before the time fixed by the treasurer for the payment of assessments without interest, by satisfying his or her judgment upon the judgment docket and producing to the treasurer the certificate of the county clerk that the judgment has been satisfied. And if his or her assessments be greater than his or her condemnation judgments he or she may, within the same time, pay his or her assessment to the extent of his or her judgment by the like satisfaction and the like production of the clerk’s certificate to the treasurer. In each case the treasurer shall note the payment and the manner thereof on the assessment roll and report the same to the board. [2013 c 23 § 635; 1911 c 23 § 59; RRS § 9835.]

Payment of assessment: RCW 91.08.390 through 91.08.460.

91.08.600 Purchase of filling material. At any time before the completion of excavations required for the construction, deepening, or widening of a waterway under this chapter, when there will be surplus material dug or dredged from such waterway, any owner of land within the district, for the filling of whose land no provision has heretofore been made, may have such surplus material delivered upon his or her land for filling purposes upon paying the cost of such delivery in a sum to be fixed by the board. The sum so fixed shall be paid to the treasurer at such time and in such manner as the board may prescribe, and shall be credited to the district fund. [2013 c 23 § 636; 1911 c 23 § 60; RRS § 9836.]

91.08.610 Surplus money in district fund transferred to road fund. Should there be any money remaining in the district fund after the payment in full of all of the obligations of the district, it shall be transferred to and become a part of the road fund of the county. [1911 c 23 § 61; RRS § 9837.]

“County road fund” created: RCW 36.82.010.

91.08.620 Unclaimed funds, disposal of. Should any sum of money paid into court as compensation or damages for land or property taken or damaged in any condemnation proceeding under this chapter be uncalled for the period of
Public Waterways

91.08.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 199.]

91.08.640 Fees for serving process. The fees for the service of all process necessary to be served under the provisions of this chapter shall be the same as those for like services in other civil cases. [1911 c 23 § 65; RRS § 9841.]

Fees of county officers: Chapter 36.18 RCW.

91.08.650 Enforcement. The superior court may compel the performance of duties imposed by this chapter, and may on proper application therefor issue its mandatory injunction for such purpose. [1911 c 23 § 66; RRS § 9842.]

91.08.660 Construction—1911 c 23. This chapter shall not be held to be an exclusive method of constructing, deepening or widening such waterways, nor in conflict with any other method which may be provided by law. [1911 c 23 § 64; RRS § 9840.]

two years, the county clerk shall satisfy the judgment therefor and pay the money in his or her hands to the treasurer for the road fund of the county. But upon application to the board of county commissioners within four years after such payment, the party entitled thereto shall be paid such money by the county without interest: PROVIDED, That if any such party, being a natural person, was under legal disabilities when such money was paid to the treasurer, the time within which he or she or his or her legal representatives shall make application for the payment thereof shall not expire until one year after his or her death or the removal of his or her disabilities. [2013 c 23 § 637; 1911 c 23 § 62; RRS § 9838.]

91.08.630 Waterways as highways—Control of. Every waterway constructed, deepened or widened under this chapter shall, from and after the completion thereof, be a public highway for vessels and an outlet for swamp or overflow water which may be drained into it from any lands in the district or tributary thereto, and shall be under the care and control of the board of county commissioners of the county as are other highways: PROVIDED, That whenever any such waterway shall thereafter be included within the limits of any city or town, the care and control thereof shall pass to the corporate authorities of such city or town. [1911 c 23 § 63; RRS § 9839.]

91.08.900 Construction—Chapter applicable to state registered domestic partnerships—2009 c 521. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family shall be interpreted as applying equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage shall apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. Where necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law shall be construed to be gender neutral, and applicable to individuals in state registered domestic partnerships. [2009 c 521 § 199.]
