Chapter 43.270 RCW

COMMUNITY MOBILIZATION AGAINST SUBSTANCE ABUSE

43.270.010 Intent. The legislature recognizes that statewide efforts aimed at reducing the incidence of substance abuse, including alcohol, tobacco, or other drug abuse, or violence must be increased. The legislature further recognizes that the most effective strategy for reducing the impact of alcohol, tobacco, other drug abuse, and violence is through the collaborative efforts of educators, law enforcement, local government officials, local treatment providers, and concerned community and citizens’ groups.

The legislature intends to support the development and activities of community mobilization strategies against alcohol, tobacco, or other drug abuse, and violence, through the following efforts:

(1) Providing funding support for prevention, treatment, and enforcement activities identified by communities that have brought together education, treatment, local government, law enforcement, and other key elements of the community;

(2) Providing technical assistance and support to help communities develop and carry out effective activities; and

(3) Providing communities with opportunities to share suggestions for state program operations and budget priorities. [2001 c 48 § 1; 1989 c 271 § 315.]

(v) Evidence of additional local resources committed to the applicant's strategy totaling at least twenty-five percent of funds awarded under this section. These resources may consist of public or private funds, donated goods or services, and other measurable commitments, including in-kind contributions such as volunteer services, materials, supplies, physical facilities, or a combination thereof; and

(iv) An explanation of who was involved in development of the strategy and what specific commitments have been made to carry it out;

(v) Identification of existing prevention, education, treatment, and law enforcement resources committed by the applicant, including financial and other support, and an explanation of how the applicant's strategy involves and builds on the efforts of existing organizations or coalitions that have been carrying out community efforts against alcohol, tobacco, or other drug abuse, or violence;

(vi) Identification of activities that address specific objectives in the strategy for which additional resources are needed;

(vii) Identification of additional local resources, including public or private funds, donated goods or services, and other measurable commitments, that have been committed to the activities identified in (c)(vi) of this subsection;

The legislature also recognizes that these services are most effectively planned and provided at the local level through the combined efforts of concerned community and citizens groups, treatment providers, and local government officials. The legislature further recognizes that adequate services for victims is not only a matter of justice for the victim, but also a method by which additional abuse can be prevented.

The legislature intends to enhance the community-based services available to the victims of sexual assault by:
1. Providing consolidated funding support for local programs which provide services to victims of sexual assault, as defined in RCW 70.125.030;
2. Providing technical assistance and support to communities in developing plans for and provide victim services;
3. Providing sexual assault services with a victim-focused mission, and consistent standards, policies, and granting and reporting requirements; and

43.280.011 Intent—Approval of committee recommendations. The Washington state sexual assault services advisory committee issued a report to the department of commerce and the department of social and health services in June of 1995. The committee made several recommendations to improve the delivery of services to victims of sexual assault: (1) Consolidate the administration and funding of sexual assault and abuse services in one agency instead of splitting those functions between the department of social and health services and the department of commerce; (2) adopt a funding allocation plan to pool all funds for sexual assault services and to distribute them across the state to ensure the delivery of core and specialized services; (3) establish service, data collection, and management standards and outcome measurements for recipients of grants; and (4) create a data collection system to gather pertinent data concerning the delivery of sexual assault services to victims.

The legislature approves the recommendations of the advisory committee and consolidates the functions and funding for sexual assault services in the department of commerce to implement the advisory committee's recommendations. [2012 c 29 § 2; 1996 c 123 § 1.]

Intent—Finding—2013 c 121: "The legislature recognizes there are many state agencies and private organizations that might be called on to provide services to victims of sex trafficking. Victims of human trafficking are often in need of services such as emergency medical attention, food and shelter, vocational and English language training, mental health counseling, and legal support. The state intends to improve the response of state, local, and private entities to incidents of trafficking of humans. Victims would be better served if there is an established, coordinated system of identifying the needs of sex trafficking victims, training of service delivery agencies and staff, timely and appropriate delivery of services, and better investigations and prosecutions of trafficking.

Leadership in providing services to victims of sex trafficking also extends beyond government efforts and is grounded in the work of dedicated individuals and community-based groups. Without these efforts the struggle against human trafficking will be very difficult to win. The legislature, therefore, finds that such efforts merit regular public recognition and appreciation. Such recognition and appreciation will encourage the efforts of all persons to end sex trafficking, and provide the public with information and education about the necessity of its involvement in this struggle." [2013 c 121 § 1.]

(1) The department of fish and wildlife may exchange the tidelands and shorelands it manages with private or public landowners if the exchange is in the public interest.

(2) As used in this section, an exchange of tidelands and shorelands is in the public interest if the exchange would provide significant fish and wildlife habitat or public access to the state's waterways. [1997 c 209 § 3.]

**Finding—1997 c 209:** "The legislature finds that the department of fish and wildlife manages a large amount of public land and that the department may have opportunities to improve the quality of its landholdings by participating in an exchange with private landowners or other public entities. ### 43.300.080 Cost-reimbursement agreements

(1) The department may enter into a written cost-reimbursement agreement with a permit applicant or project proponent to recover from the applicant or proponent the reasonable costs incurred by the department in carrying out the requirements of this chapter, as well as the requirements of other relevant laws, as they relate to permit coordination, environmental review, application review, technical studies, and permit processing.

(2) The cost-reimbursement agreement shall identify the tasks and costs for work to be conducted under the agreement. The agreement must include a schedule that states:

(a) The estimated number of weeks for initial review of the permit application;

(b) The estimated number of revision cycles;

(c) The estimated number of weeks for review of subsequent revision submittals;

(d) The estimated number of billable hours of employee time;

(e) The rate per hour; and

(f) A date for revision of the agreement if necessary.

(3) The written cost-reimbursement agreement shall be negotiated with the permit applicant or project proponent. Under the provisions of a cost-reimbursement agreement, funds from the applicant shall be used by the department to contract with an independent consultant to carry out the work covered by the cost-reimbursement agreement. The department may also use funds provided under a cost-reimbursement agreement to hire temporary employees, to assign current staff to review the work of the consultant, to provide necessary technical assistance when an independent consultant with comparable technical skills is unavailable, and to recover reasonable and necessary direct and indirect costs that arise from processing the permit. The department shall, in developing the agreement, ensure that final decisions that involve policy matters are made by the agency and not by the consultant. The department shall make an estimate of the number of permanent staff hours to process the permits, and shall contract with consultants or hire temporary employees to replace the time and functions committed by these permanent staff to the project. The billing process shall provide for accurate time and cost accounting and may include a billing cycle that provides for progress payments.

(4) The cost-reimbursement agreement must not negatively impact the processing of other permit applications. In order to maintain permit processing capacity, the agency may hire outside consultants, temporary employees, or make internal administrative changes. Consultants or temporary employees hired as part of a cost-reimbursement agreement or to maintain agency capacity are hired as agents of the state not of the permit applicant. The restrictions of chapter 42.52 RCW apply to any cost-reimbursement agreement, and to any person hired as a result of a cost-reimbursement agreement. [2009 c 97 § 11; 2007 c 94 § 13; 2003 c 70 § 4; 2000 c 251 § 5.]

**YOUTH GANGS**

Sections

43.310.005 Finding.

43.310.007 Intent—Prevention and intervention pilot programs.

43.310.010 Definitions.
43.310.005 Finding. The legislature finds and declares that:

1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

3) Among youth gang members the high school dropout rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled workforce, this high school dropout rate threatens the economic welfare of our future workforce, as well as the future economic growth of our state;

4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. The subcultural designation means that youth gang participation and violence can be effectively reduced in Washington communities and schools through the involvement of community, educational, criminal justice, and employment systems working in a unified manner with parents and individuals who have a first-hand knowledge of youth gangs and at-risk youth; and

6) A strong unified effort among parents and community, educational, criminal justice, and employment systems would facilitate: (a) The learning process; (b) the control and reduction of gang violence; (c) the prevention of youth joining negative gangs; and (d) the intervention into youth gangs. [1993 c 497 § 1.]

43.310.007 Intent—Prevention and intervention pilot programs. It is the intent of the legislature to cause the development of positive prevention and intervention pilot programs for elementary and secondary age youth through cooperation between individual schools, local organizations, and government. It is also the intent of the legislature that if the prevention and intervention pilot programs are determined to be effective in reducing problems associated with youth gang violence, that other counties in the state be eligible to receive special state funding to establish similar positive prevention and intervention programs. [1993 c 497 § 2.]

43.310.010 Definitions. Unless the context otherwise requires, the following definitions shall apply throughout RCW 43.310.005 through 43.310.040 and *sections 5 and 7 through 10, chapter 497, Laws of 1993:

(1) "School" means any public school within a school district any portion of which is in a county with a population of over one hundred ninety thousand.

(2) "Community organization" means any organization recognized by a city or county as such, as well as private, nonprofit organizations registered with the secretary of state.

(3) "Gang risk prevention and intervention pilot program" means a community-based positive prevention and intervention program for gang members, potential gang members, at-risk youth, and elementary through high school-aged youth directed at all of the following:

(a) Reducing the probability of youth involvement in gang activities and consequent violence.

(b) Establishing ties, at an early age, between youth and community organizations.

(c) Committing local business and community resources to positive programming for youth.

(d) Committing local business and community resources to positive programming for youth.

(4) "Cultural awareness retreat" means a program that temporarily relocates at-risk youth or gang members and their parents from their usual social environment to a different social environment, with the specific purpose of having them performing activities which will enhance or increase their positive behavior and potential life successes. [1993 c 497 § 3.]

*Reviser's note: Sections 5 and 7 through 10, chapter 497, Laws of 1993 were vetoed.

(3) The school district or community organization proposal shall include:

(a) A description of the program goals, activities, and curriculum. The description of the program goals shall include a list of measurable objectives for the purpose of evaluation by the *department of community, trade, and economic development. To the extent possible, proposals shall contain empirical data on current problems, such as drop-out rates and occurrences of violence on and off campus by school-age individuals.

(b) A description of the individual school or schools and the geographic area to be affected by the program.

(c) A demonstration of broad-based support for the program from business and community organizations.

(2) To develop youth decision-making ability.

(3) To assist with career development and educational development.

43.320.005 Finding. The legislature finds that, given the overlap of powers and products in the companies regulated, the consolidation of the agencies regulating financial institutions and securities into one department will better serve the public interest through more effective use of staff expertise. Therefore, for the convenience of administration and the centralization of control and the more effective use of state resources and expertise, the state desires to combine the regulation of financial institutions and securities into one department. [1993 c 472 § 1.]

43.320.007 Regulatory reform—Findings—Construction—1994 c 256. (1) The legislature finds that the financial services industry is experiencing a period of rapid change with the development and delivery of new products and services and advances in technology.

(2) The legislature further finds it in the public interest to strengthen the regulation, supervision, and examination of business entities furnishing financial services to the people of this state and that this can be accomplished by streamlining and focusing regulation to reduce costs, increase effectiveness, and foster efficiency by eliminating requirements that are not necessary for the protection of the public.

(3) The provisions of chapter 256, Laws of 1994 should not be construed to limit the ability of the director of financial institutions to implement prudent regulation, prevent unsafe, unsound, and fraudulent practices, and undertake necessary enforcement actions to protect the public and promote the public interest. [1994 c 256 § 1.]

43.320.010 Department created. A state department of financial institutions, headed by the director of financial institutions, is created. The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates. [1993 c 472 § 2.]

43.320.011 Department of general administration and department of licensing powers and duties transferred. (1) All powers, duties, and functions of the department of general administration under Titles *30, 31, 32, 33,* and 43 RCW and any other title pertaining to duties relating to banks, savings banks, foreign bank branches, savings and loan associations, credit unions, consumer loan companies, check cashers and sellers, trust companies and departments,
and other similar institutions are transferred to the department of financial institutions. All references to the *director of general administration, supervisor of banking, or the supervisor of savings and loan associations in the Revised Code of Washington are construed to mean the director of the department of financial institutions when referring to the functions transferred in this subsection. All references to the *department of general administration in the Revised Code of Washington are construed to mean the department of financial institutions when referring to the functions transferred in this subsection.

(2) All powers, duties, and functions of the department of licensing under chapters 18.44, 19.100, 19.110, 21.20, 21.30, and 48.18A RCW and any other statute pertaining to the regulation under the chapters listed in this subsection of escrow agents, securities, franchises, business opportunities, commodities, and any other speculative investments are transferred to the department of financial institutions. All references to the director or department of licensing in the Revised Code of Washington are construed to mean the director of financial institutions when referring to the functions transferred in this subsection. 43.325.001 Findings—2006 c 171. (Expires June 30, 2016.) The legislature finds that:

(1) Washington's dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington's dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthma and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

[Title 43 RCW—page 720]
The use of energy and fuel derived from these sources can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens. The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels.

Instead of leaving our economy at the mercy of global events, and the policies of foreign nations, Washington state should adopt a policy of energy independence; and the energy freedom program is meant to lead Washington state towards energy independence.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, to promote public research and development in bioenergy sources and markets, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to promote public research and development in bioenergy, and to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels.

The legislature finds that excessive dependence on fossil fuels jeopardizes Washington’s economic security, environmental integrity, and public health. Accelerated development and use of clean fuels and clean vehicle technologies will reduce the drain on Washington’s economy from importing fossil fuels. As fossil fuel prices rise, clean fuels and vehicles can save consumers money while promoting the development of a major, sustainable industry that provides good jobs and a new source of rural prosperity. In addition, clean fuels and vehicles protect public health by reducing toxic air and climate change emissions.

The legislature also finds that climate change is expected to have significant impacts in the Pacific Northwest region in the near and long-term future. These impacts include: increased temperatures, declining snowpack, more frequent heavy rainfall and flooding, receding glaciers, rising sea levels, increased risks to public health due to insect and rodent-borne diseases, declining salmon populations, and increased drought and risk of forest fires. The legislature recognizes the need at this time to continue to gather and analyze information related to climate protection. This analysis will allow prudent steps to be taken to avoid, mitigate, or respond to climate impacts and protect our communities.

Finally, the legislature finds that to reduce fossil fuel dependence, build our clean energy economy, and reduce climate impacts, the state should develop policies and incentives that help businesses, consumers, and farmers gain greater access to affordable clean fuels and vehicles and to produce clean fuels in the state. These policies and incentives should include: Incentives for replacement of the most polluting diesel engines, especially in school buses; transitional incentives for development of the most promising in-state clean fuels and fuel feedstocks, including biodiesel crops, ethanol from plant waste, and liquid natural gas from landfill or wastewater treatment gases; reduced fossil fuel consumption by state fleets; development of promising new technologies for displacing petroleum with electricity, such as “plug-in hybrids”; and impact analysis and emission accounting procedures that prepare Washington to respond and prosper as climate change impacts occur, and as policies and markets to reduce climate pollution are developed.

[Title 43 RCW—page 726]
43.330.005 Findings. The legislature finds that the long-term economic health of the state and its citizens depends upon the strength and vitality of its communities and businesses. It is the intent of this chapter to create a department of commerce that fosters new partnerships for strong and sustainable communities. The mission of the department is to grow and improve jobs in Washington and facilitate innovation. To carry out its mission, the department will bring together focused efforts to: Streamline access to business assistance and economic development services by providing them through sector-based, cluster-based, and regional partners; provide focused and flexible responses to changing economic conditions; generate greater local capacity to respond to both economic growth and environmental challenges; increase accountability to the public, the executive branch, and the legislature; manage growth and achieve sustainable development; diversify the state's economy and export goods and services; provide greater access to economic opportunity; stimulate private sector investment and entrepreneurship; provide stable family-wage jobs and meet the diverse needs of families; provide affordable housing and housing services; and construct public infrastructure.

The legislature further finds that as a result of the rapid pace of global social and economic change, the state and local communities will require coordinated and creative responses by every segment of the community. The state can play a role in assisting such local efforts by reorganizing state assistance efforts to promote such partnerships. The department has a primary responsibility to provide financial and technical assistance to the communities of the state, to assist in improving the delivery of federal, state, and local programs, and to provide communities with opportunities for productive and coordinated development beneficial to the well-being of communities and their residents. It is the intent of the legislature in creating the department to maximize the use of local expertise and resources in the delivery of community and economic development services. [2010 c 271 § 2; 1993 c 280 § 1.]

Purpose—2010 c 271: "In 2009, the legislature changed the name of the department of community, trade, and economic development to the department of commerce and directed the agency to, among other things, develop a report with recommendations on statutory changes to ensure that the department's efforts: Are organized around a concise core mission and aligned with the state's comprehensive plan for economic development; generate greater local capacity; maximize results through partnerships and the use of intermediaries; and provide transparency and increased accountability. Recommendations for creating or consolidating programs deemed important to meeting the department's core mission and recommendations for terminating or transferring specific programs if they are not consistent with the department's core mission were to be included in the report.

In accordance with that legislation, chapter 565, Laws of 2009, in November 2009 the department of commerce submitted a plan that establishes a mission of growing and improving jobs in the state and recognizes the need for an innovation-driven economy. The plan also outlines agency priorities, efficiencies, and program transfers that will help to advance the new mission.

The primary purpose of this act is to implement portions of the department of commerce plan by transferring certain programs from the department of commerce to other state agencies whose missions are more closely aligned with the core functions of those programs. This act also directs additional efficiencies in state government and directs development of a statewide clean energy strategy, which will better enable the department of commerce to focus on its new mission." [2010 c 271 § 1.]

Effective date—2010 c 271: "This act takes effect July 1, 2010." [2010 c 271 § 803.]

43.330.007 Management responsibility. (1) The purpose of this chapter is to establish the broad outline of the structure of the department of commerce, leaving specific details of its internal organization and management to those charged with its administration. This chapter identifies the broad functions and responsibilities of the department and is intended to provide flexibility to the director to reorganize these functions to more closely reflect its customers, its mission, and its priorities, and to make recommendations for changes.
(2) In order to generate greater local capacity, maximize results through partnerships and the use of intermediaries, and leverage the use of state resources, the department shall, in carrying out its business assistance and economic development functions, provide business and economic development services primarily through sector-based, cluster-based, and regionally based organizations rather than providing assistance directly to individual firms. [2010 c 271 § 3; 2009 c 565 § 1; 1993 c 280 § 2.]

Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

An international company investing in Washington is included within the definition of person in RCW 82.04.030 and is eligible for excise tax incentives provided in Title 82 RCW in the same manner as any domestic company. [2005 c 135 § 2.]

Finding—Intent—2005 c 135: "The legislature finds that many international companies with an interest in operating in Washington are not aware of the various tax incentives that are available. It is the intent of the legislature to ensure that these international companies understand that they are eligible for these business and occupation tax and sales and use tax deferrals when investing in Washington. It is the further intent of the legislature that the department of community, trade, and economic development and associate development organizations make clear to international companies that they are eligible for the state's various tax incentives." [2005 c 135 § 1.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

(i) The number of small businesses that received retention and expansion services, and the outcome of those services;

Findings—2003 c 153: "The legislature finds that tourism is a growing sector of the Washington economy. Washington has a diverse geography, geology, climate, and natural resources, and offers abundant opportunities for wildlife viewing. Nature-based tourism is the fastest growing outdoor activity and segment of the travel industry and the state can take advantage of this by marketing Washington's natural assets to international as well as national tourist markets. Expanding tourism efforts can provide Washington residents with jobs and local communities with needed revenues. The legislature also finds that current efforts to promote Washington's natural resources and nature-based tourism to national and international markets are too diffuse and limited by funding and that a collaborative effort among state and local governments, tribes, and private enterprises can serve to leverage the investments in nature-based tourism made by each." (10) The department must convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(11) An innovation partnership zone must annually provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

43.330.310 Comprehensive green economy jobs growth initiative—Establishment. (1) The legislature establishes a comprehensive green economy jobs growth initiative based on the goal of, by 2020, increasing the number of green economy jobs to twenty-five thousand from the eight thousand four hundred green economy jobs the state had in 2004.

(2) The department, in consultation with the employment security department, the state workforce training and education coordinating board, and the state board for community and technical colleges, shall develop a defined list of terms, consistent with current workforce and economic development terms, associated with green economy industries and jobs.

(3)(a) The employment security department, in consultation with the department, the state workforce training and education coordinating board, and the state board for community and technical colleges, Washington State University small business development center, and the Washington State University extension energy program, shall conduct labor market research to analyze the current labor market and projected job growth in the green economy, the current and projected recruitment and skill requirement of green economy industry employers, the wage and benefits ranges of jobs within green economy industries, and the education and training requirements of entry-level and incumbent workers in those industries.

(i) The employment security department shall conduct an analysis of occupations in the forest products industry to: (A) Determine key growth factors and employment projections in the industry; and (B) define the education and skill standards required for current and emerging green occupations in the industry.

(ii) The term "forest products industry" must be given a broad interpretation when implementing (a)(i) of this subsection and includes, but is not limited to, businesses that grow, manage, harvest, transport, and process forest, wood, and paper products.

(b) The University of Washington business and economic development center shall: Analyze the current opportunities for and participation in the green economy by minority and women-owned business enterprises in Washington; identify existing barriers to their successful participation in the green economy; and develop strategies with specific policy recommendations to improve their successful participation in the green economy. The research may be informed by the research of the Puget Sound regional council prosperity partnership, as well as other entities. The University of Washington business and economic development center shall report to the appropriate committees of the house of representatives and the senate on their research, analysis, and recommendations by December 1, 2008.

(4) Based on the findings from subsection (3) of this section, the employment security department, in consultation with the department and taking into account the requirements and goals of chapter 14, Laws of 2008 and other state clean energy and energy efficiency policies, shall propose which industries will be considered high-demand green industries, based on current and projected job creation and their strategic importance to the development of the state's green economy. The employment security department and the department shall take into account which jobs within green economy industries will be considered high-wage occupations and occupations that are part of career pathways to the same, based on family-sustaining wage and benefits ranges. These designations, and the results of the employment security department's broader labor market research, shall inform the planning and strategic direction of the department, the state workforce training and education coordinating board, and the state board for community and technical colleges.

(5) The department shall identify emerging technologies and innovations that are likely to contribute to advancements in the green economy, including the activities in designated innovation partnership zones established in RCW 43.330.270.

(6) The department shall:

(a) Develop targeting criteria for existing investments, and make recommendations for new or expanded financial incentives and comprehensive strategies, to recruit, retain, and expand green economy industries and small businesses; and

(b) Make recommendations for new or expanded financial incentives and comprehensive strategies to stimulate research and development of green technology and innovation, including designating innovation partnership zones linked to the green economy.

(7) For the purposes of this section, "target populations" means (a) entry-level or incumbent workers in high-demand green industries who are in, or are preparing for, high-wage occupations; (b) dislocated workers in declining industries who may be retrained for high-wage occupations in high-demand green industries; (c) dislocated agriculture, timber, or energy sector workers who may be retrained for high-wage occupations in high-demand green industries; (d) eligible veterans or national guard members; (e) disadvantaged populations; or (f) anyone eligible to participate in the state opportunity grant program under RCW 28B.50.271.

(8) The legislature directs the state workforce training and education coordinating board to create and pilot green
industry skill panels. These panels shall consist of business representatives from: Green industry sectors, including but not limited to forest product companies, companies engaged in energy efficiency and renewable energy production, companies engaged in pollution prevention, reduction, and mitigation, and companies engaged in green building work and green transportation; labor unions representing workers in those industries or labor affiliates administering state-approved, joint apprenticeship programs or labor-management partnership programs that train workers for these industries; state and local veterans agencies; employer associations; educational institutions; and local workforce development councils within the region that the panels propose to operate; and other key stakeholders as determined by the applicant. Any of these stakeholder organizations are eligible to receive grants under this section and serve as the intermediary that convenes and leads the panel. Panel applicants must provide labor market and industry analysis that demonstrates high demand, or demand of strategic importance to the development of the state’s clean energy economy as identified in this section, for high-wage occupations, or occupations that are part of career pathways to the same, within the relevant industry sector. The panel shall:

(a) Conduct labor market and industry analyses, in consultation with the employment security department, and drawing on the findings of its research when available;

(b) Plan strategies to meet the recruitment and training needs of the industry and small businesses; and

(c) Leverage and align other public and private funding sources. [2014 c 112 § 117. Prior: 2012 c 229 § 590; 2012 c 198 § 12; 2010 c 187 § 2; 2008 c 14 § 9.]

Effective date—2012 c 229 §§ 101, 117, 401, 402, 501 through 594, 601 through 609, 701 through 708, 801 through 821, 902, and 904: See note following RCW 288.77.005.

Effective date—2012 c 198: See note following RCW 70.94.6532.

Findings—2010 c 187: “(1) The legislature finds that:

(a) Washington’s forest products industry plays a critical economic and environmental role in the state. The industry provides a wide range of services and goods both to Washingtonians and people around the world and is vital to the well-being and lifestyle of the people of the state of Washington; and

(b) It is in the best interest of the state to support and enhance the forest products industry.

(2) The legislature further finds that the state’s forest practices are sustainably managed according to some of the most stringent riparian growing and harvest rules of any state in the nation or in the world, and that the state of Washington has received fifty-year assurances from the federal government that the state’s forest practices satisfy the requirements of the federal endangered species act for aquatic species. As part of their environmental stewardship, forest landowners in Washington have repaired or removed nearly three thousand fish passage barriers, returned nearly twenty-five hundred miles of forest roads to their natural condition, and opened up nearly fifteen hundred miles of riparian salmonid habitat.

(3) The legislature further finds that Washington’s forests naturally create habitat for fish and wildlife, clean water, and carbon storage; all environmental benefits that are lost when land is converted out of working forestry into another use. In recognition of forestry’s benefits, the international panel on climate change has reported that a sustainable forest management strategy aimed at maintaining or increasing forest carbon stocks, while producing an estimate of projected loan losses; and (iii) Provide the financial institution’s plan to manage loan loss risks, including the rationale for sizing a loan loss reserve and the use of other credit enhancements, as applicable. [2009 c 379 § 205.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

43.330.330 Funding energy efficiency improvements--Risk reduction mechanisms--Legislative intent. (1) The legislature finds that the creation and use of risk reduction mechanisms will promote greater involvement of local financial institutions and other financing mechanisms in funding energy efficiency improvements and will achieve greater leverage of state and federal dollars. Risk reduction mechanisms will allow financial institutions to lend to a broader pool of applicants on more attractive terms, such as potentially lower rates and longer loan terms. Placing a portion of funds in long-term risk reduction mechanisms will support a sustained level of energy efficiency investment by financial institutions while providing funding to projects quickly.

(2) It is the intent of the legislature to leverage new federal funding aimed at promoting energy efficiency projects, improving energy efficiency, and increasing family-wage jobs. To this end, the legislature intends to invest a portion of all federal funding, subject to federal requirements, for energy efficiency projects in financial mechanisms that will provide for maximum leverage of financing. [2009 c 379 § 206.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.
Appliance efficiency rebate program. The department may create an appliance efficiency rebate program with available funds from the energy efficient appliances rebate program authorized under the federal energy policy act of 2005 (P.L. 109-58). [2009 c 379 § 207.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

Use of moneys by local municipalities to leverage financing for energy efficiency projects. (1) Local municipalities receiving federal stimulus moneys through the federal energy efficiency and conservation block grant program or state energy program are authorized to use those funds, subject to federal requirements, to establish loan loss reserves or toward risk reduction mechanisms, such as loan loss reserves, to leverage financing for energy efficiency projects.

(2) Interest rate subsidies, financing transaction cost subsidies, capital grants to energy users, and other forms of grants and incentives that support financing energy efficiency projects are authorized uses of federal energy efficiency funding.

(3) Financing mechanisms offered by local municipalities under this section must conform to all applicable state and federal rules and regulations. [2009 c 379 § 208.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

Findings—Involvement of state bond authorities in financing energy efficiency projects. (1) The legislature finds that the state bond authorities have capacities that can be applied to financing energy efficiency projects for their respective eligible borrowers: Washington economic development finance authority for industry; Washington state housing finance commission for single-family and multifamily housing, commercial properties, agricultural properties, and nonprofit facilities; Washington higher education facilities authority for private, nonprofit higher education; and Washington health care facilities authority for hospitals and all types of health clinics.

(2)(a) Subject to federal requirements, the state bond authorities may accept and administer an allocation of the state's share of the federal energy efficiency funding for designing energy efficiency finance loan products and for developing and operating energy efficiency finance programs. The state bond authorities shall coordinate with the department on the design of the bond authorities' program.

(b) The department may make allocations of the federal funding to the state bond authorities and may direct and administer funding for outreach, marketing, and delivery of energy services to support the programs by the state bond authorities.

(c) The legislature authorizes a portion of the federal energy efficiency funds to be used by the state bond authorities for credit enhancements and reserves for such programs.

(3) The Washington state housing finance commission may:

(a) Issue revenue bonds as the term "bond" is defined in RCW 43.180.020 for the purpose of financing loans for energy efficiency and renewable energy improvement projects in accordance with RCW 43.180.150;

(b) Establish eligibility criteria for financing that will enable it to choose applicants who are likely to repay loans made or acquired by the commission and funded from the proceeds of federal funds or commission bonds; and

(c) Participate fully in federal and other governmental programs and take such actions as are necessary and consistent with chapter 43.180 RCW to secure to itself and the people of the state the benefits of programs to promote energy efficiency and renewable energy technologies. [2009 c 379 § 209.]

Finding—Intent—Effective date—2009 c 379: See notes following RCW 70.260.010.

Evergreen jobs initiative. The Washington state evergreen jobs initiative is established as a comprehensive green economy jobs growth initiative with the goals of:

(1) Creating fifteen thousand new green economy jobs by 2020, with a target of thirty percent of those jobs going to veterans, members of the national guard, and low-income and disadvantaged populations;

(2) Capturing and deploying federal funds in a focused, effective, and coordinated manner;

(3) Preparing the state's workforce to take full advantage of green economy job opportunities and to meet the recruitment and training needs of industry and small businesses;

(4) Attracting private sector investment that will create new and expand existing jobs, with an emphasis on services and products that have a high economic or environmental impact and can be exported domestically and internationally;

(5) Making Washington state a net exporter of green industry products and services, with special attention to renewable energy technology and components;

(6) Empowering local agencies and organizations to recruit green economy businesses and jobs into the state by providing state support and assistance;

43.330.418 Broadband deployment and adoption—Governor’s actions—Oversight and implementation by the department. (1) The governor may take all appropriate steps to seek federal funding in order to maximize investment in broadband deployment and adoption in the state of Washington. Such steps may include the designation of a broadband deployment and adoption coordinator; review and prioritization of grant applications by public and private entities as directed by the national telecommunications and information administration, the rural utility services, and the federal communications commission; disbursement of block grant funding; and direction to state agencies to provide staffing as necessary to carry out this section. The authority for overseeing broadband adoption and deployment efforts on behalf of the state is vested in the department.

(2) The department may apply for federal funds and other grants or donations, may deposit such funds in the Washington community technology opportunity account created in RCW 43.330.415, may oversee implementation of federally funded or mandated broadband programs for the state and may adopt rules to administer the programs. These programs may include but are not limited to the following:

(a) Engaging in periodic statewide surveys of residents, businesses, and nonprofit organizations concerning their use and adoption of high-speed internet, computer, and related information technology for the purpose of identifying barriers to adoption;

(b) Working with communities to identify barriers to the adoption of broadband service and related information technology services by individuals, nonprofit organizations, and businesses;

(c) Identifying broadband demand opportunities in communities by working cooperatively with local organizations, government agencies, and businesses;

(d) Creating, implementing, and administering programs to improve computer ownership, technology literacy, digital media literacy, and high-speed internet access for populations not currently served or underserved in the state. This may include programs to provide low-income families, community-based nonprofit organizations, nonprofit entities, and public entities that work in partnership with nonprofit entities to provide increased access to computers and broadband, with reduced cost internet access;

(e) Administering the community technology opportunity program under RCW 43.330.412 and 43.330.415;

(f) Creating additional programs to spur the development of high-speed internet resources in the state;

43.330.431 Developmental disabilities endowment—Trust fund. (1) The developmental disabilities endowment trust fund is created in the custody of the state treasurer. Expenditures from the fund may be used only for the purposes of the developmental disabilities endowment established under this chapter, except for expenses of the state investment board and the state treasurer as specified in subsection (2) of this section. Intent—1999 c 384: "The legislature recognizes that the main and most enduring support for persons with developmental disabilities, along with public resources, is their immediate and extended families. The legislature recognizes that these families are searching for ways to provide for the long-term continuing care of their disabled family member when the family can no longer provide that care. It is the intent of the legislature to encourage and assist families to engage in long-range financial planning and to contribute to the lifetime care of their disabled family member. To further these objectives, this chapter is enacted to finance lifetime services and supports for persons with developmental disabilities through an endowment funded jointly by the investment of public funds and dedicated family contributions. The establishment of this endowment is not intended to diminish the state's responsibility for funding services currently available to future endowment participants, subject to available funding, nor is it the intent of the legislature, by the creation of this public/private endowment, to impose additional, unintended financial liabilities on the public." [2000 c 120 § 1; 1999 c 384 § 1.]

43.330.434 Developmental disabilities endowment—Endowment principles. The design, implementation, and administration of the developmental disabilities endowment shall be governed by the following principles:

(1) The design and operation of the endowment should reward families who set aside resources for their child's future care and provide incentives for continued caregiving by the family.

(2) The endowment should encourage financial planning and reward caregiving by a broad range of families, not just those who have substantial financial resources.

(3) Families should not feel compelled to contribute to the endowment in order to meet the needs of continuing care for their child.

(4) All families should have equal access to developmental disabilities services not funded through the endowment regardless of whether they contribute to the endowment.

(5) Services funded through the endowment should be stable, ongoing, of reasonable quality, and respectful of individual and family preferences.

(6) Endowment resources should be expended economically in order to benefit as many families as possible.

(7) Endowment resources should be managed prudently so that families can be confident that their agreement with the endowment on behalf of their child will be honored.

(8) The private financial contribution on behalf of each person receiving services from the endowment shall be at least equal to the state's contribution to the endowment.

(9) In order to be matched with funding from the state's contribution to the endowment, the private contribution on behalf of a beneficiary must be sufficient to support the beneficiary's approved service plan for a significant portion of the beneficiary's anticipated remaining lifetime.

(10) The rate that state appropriations to the endowment are used to match private contributions shall be such that each legislative appropriation to the developmental disabilities endowment trust fund, including principal and investment income, is not depleted in a period of less than five years.

(11) Private contributions made on behalf of a particular individual, and the associated state match, shall only be used for services provided upon that person's behalf.

(12) State funds contributed to the developmental disabilities endowment trust fund are to support the individual trust accounts established by individual private contributions made by families or other interested persons for named individual beneficiaries.

(13) The governing board shall explore methods to solicit private donations. The governing board shall explore mechanisms to support individuals with developmental disabilities who do not have individual private contributions made on their behalf. The governing board shall establish policies for the use of any private donations.

(14) Types of services funded by money managed through the developmental disabilities endowment trust fund shall be approved by the governing board or its designee. [2000 c 120 § 6; 1999 c 384 § 5. Formerly RCW 43.70.734, 43.330.220.]

43.330.435 Developmental disabilities endowment—Development of operating plan—Elements. To the extent funds are appropriated for this purpose, the governing board shall contract with an appropriate organization for the development of a proposed operating plan for the developmental disabilities endowment program. The proposed operating plan shall be consistent with the endowment principles specified in *RCW 43.330.220. The plan shall address at least the following elements:

(1) The recommended types of services to be available through the endowment program and their projected average costs per beneficiary;

(2) An assessment of the number of people likely to apply for participation in the endowment under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(3) An actuarial analysis of the number of disabled beneficiaries who are likely to be supported under alternative levels of public contribution to the endowment, and the length of time the beneficiaries are likely to be served, under alternative rates of matching funds, minimum service year requirements, and contribution timing approaches;

(4) Recommended eligibility criteria for participation in the endowment program;

(5) Recommended policies regarding withdrawal of private contributions from the endowment in cases of movement out of state, death of the beneficiary, or other circumstances;

(6) Recommended matching rate of public and private contributions and, for each beneficiary, the maximum annual and lifetime amount of private contributions eligible for public matching funds;

(7) The recommended minimum years of service on behalf of a beneficiary that must be supported by private contributions in order for the contributions to qualify for public matching funds from the endowment;

(8) The recommended schedule according to which lump sum or periodic private contributions should be made to the endowment in order to qualify for public matching funds;
(9) A recommended program for educating families about the endowment, and about planning for their child's long-term future; and

(10) Recommended criteria and procedure for selecting an organization or organizations to administer the developmental disabilities endowment program, and projected administrative costs. [2000 c 120 § 7. Formerly RCW 43.70.735, 43.330.225.]

Based on the proposed operating plan under *RCW 43.330.225, and to the extent funds are appropriated for this purpose, the developmental disabilities endowment governing board shall implement and administer, or contract for the administration of, the developmental disabilities endowment program under the principles specified in *RCW 43.330.220. By December 1, 2000, and prior to implementation, the final program design shall be submitted to the appropriate committees of the legislature.

The secretary of the department of social and health services shall seek to maximize federal reimbursement and matching funds for expenditures made under the endowment program, and shall seek waivers from federal requirements as necessary for the receipt of federal funds.

The governing board may receive gifts, grants, and endowments from public or private sources as may be made from time to time, in trust or otherwise, for the use and benefit of the purposes of the endowment program and may expend the gifts, grants, and endowments according to their terms. Purpose—Effective date—2010 c 271: See notes following RCW 43.330.005.

43.330.440 Multijurisdictional regulatory streamlining projects—Establishment—Reports. (1) The department, in collaboration with the office of regulatory assistance and the office of accountability and performance, must conduct multijurisdictional regulatory streamlining projects that each impact a specific industry sector or subsector within a specific geographical location. Planning for an initial pilot project must begin by September 1, 2013, and the initial pilot project must be underway by December 31, 2013. One or more projects must be implemented in each subsequent calendar year through 2019.

(2) The department must establish and implement a competitive process and select a minimum of one applicant comprised of a public-private partnership for participation in each project. The initial pilot project must focus on the manufacturing sector. The department, in consultation with the economic development commission, must determine the sectors for subsequent projects. The criteria to be used to select projects must include:

(a) Evidence of strong business commitment to the project;

(b) Evidence of strong commitment by the local government jurisdictions where the project is located to allocate necessary staff to the project and to streamline laws, rules, and administrative process requirements both within their jurisdictions and collaboratively across jurisdictions;

(c) Willingness to apply lean principles and tools to streamline the business regulatory experience;

(d) Identification of a lead partner capable of providing project management and coordination of partners;

(e) Support of the stakeholders necessary to implement the project;

(f) A plan and capacity to complete the project within the time frame; and

(g) A minimum of fifty percent match must be provided from project partners. The match may be cash, in-kind, or a combination of cash and in-kind.

(3) The department is encouraged to collaborate with nonprofit industry organizations, the private sector, foundations, and other interested entities to successfully complete each project.

(4) The department must pursue opportunities for nonstate funding as the match to the fifty percent or more provided by project partners. A maximum of fifty thousand dollars of state funds may be used for a project.

(5) The department may contract with a third party for expertise and facilitation.

(6) All state agencies with regulatory requirements that impact the project's industry sector must participate.

(7) The state agencies, local jurisdictions, business partners, and other participants must jointly:

(a) Develop a project plan to conduct a cross-jurisdictional review process;

(b) Identify and review all laws, rules, and administrative processes and requirements pertaining to the selected sector;

(c) Apply specific criteria to evaluate the extent to which the laws, rules, and administrative processes and requirements provide for consistent, clear, and efficient customer experiences while continuing to maintain public health, safety, and environmental standards;

(d) Develop an implementation plan and schedule that identifies priority streamlining actions;

(e) Present their recommendations to the department for comment and endorsement; and

(f) Present their recommendations to the Washington state economic development commission for comment, endorsement, and evaluation.

(8) The department must document and distribute the streamlined laws, rules, processes, and other potentially rep-
licitable information, derived from the projects to the association of Washington cities and Washington state association of counties for distribution to their membership.

(9) The department must brief the economic development committees of the legislature by January 15, 2014, on the status of the initial pilot project, and must submit a report on the outcomes of the projects to the economic development committees of the legislature by January 15th of each calendar year, from 2015 through 2020. The department must include in the reports any streamlining recommendations identified in the projects that require statutory changes for implementation and any potentially replicable models, approaches, and tools that could be applied to other sectors and geographical areas. [2013 c 324 § 2.]

Findings—Intent—2013 c 324: "(1) The legislature finds that: Since 2010, the department of commerce and the office of regulatory assistance have convened and coordinated a number of cross-agency collaborative regulatory streamlining efforts focused on improving the regulatory experience for small businesses, while maintaining public health and safety; the department of commerce has established efficient and effective regulation as one of its four global priorities to support the mission to grow and improve jobs; the state auditor's office issued a regulatory performance audit in 2012 identifying many agency actions that can also improve the business community's ability to comply with regulatory requirements; and the Washington state economic development commission's 2012 comprehensive statewide strategy emphasized the need for smarter regulations in order to achieve long-term global competitiveness, prosperity, and economic opportunity for all the state's citizens.

(2) The legislature further finds that while individual agency streamlining activities result in improvements, businesses are required to interact with many state and local agencies, all with unique requirements, processes, forms, instructions, payment options, and electronic transaction capabilities. Cross-agency and cross-jurisdictional regulatory improvements are needed to meaningfully improve the overall business customer experience and ability to more easily understand and comply with requirements.

(3) Therefore, the legislature intends to authorize a business regulatory efficiency program administered by the department of commerce with the goal of providing an improved regulatory environment in Washington. By enhancing, simplifying, and better coordinating state and local regulatory processes for specific industry sectors, the amount of time it takes businesses to conduct their interactions with state government will decrease, compliance will increase, and businesses will have the opportunity to generate more revenue and create more jobs, thereby strengthening Washington's economy and overall global competitiveness." (7) The department of community, trade, and economic development shall direct the closure of the financial records of the state energy office.

(8) Responsibility for implementing energy education, applied research, and technology transfer programs rests with Washington State University. The department of community, trade, and economic development shall provide Washington State University available existing and future oil overcharge restitution and federal energy block funding for a minimum period of five years to carry out energy programs under an interagency agreement with the department of community, trade, and economic development. The interagency agreement shall also outline the working relationship between the department of community, trade, and economic development and Washington State University as it pertains to the relationship between energy policy development and public outreach. Nothing in chapter 186, Laws of 1996 prohibits Washington State University from seeking grant, contract, or fee-for-service funding for energy or related programs directly from other entities. [1996 c 186 § 101.]

*Reviser's note: The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.

**Findings—Intent—1996 c 186:** “The legislature finds responsibilities of state government need to be limited to core services in support of public safety and welfare. Services provided by the Washington state energy office are primarily advisory and can be eliminated. The legislature further finds a need to redefine the state’s role in energy-related regulatory functions. The state may be better served by allowing regulatory functions to be performed by other appropriate entities, simplifying state government while maintaining core services. Further, it is the intent of the legislature that the state continue to receive oil overcharge restitution funds for our citizens while every effort is being made to maximize federal funds available for energy conservation purposes.” [1996 c 186 § 1.]

Chapter 43.331 RCW

JOBS ACT—PUBLIC FACILITIES CAPITAL IMPROVEMENTS—ENERGY, UTILITY, AND OPERATIONAL COST SAVINGS

Sections
43.331.040 Program administration by department of commerce, in consultation with general administration and Washington State University energy program—Definitions. (1) The department of commerce, in consultation with the "department of general administration and the Washington State University energy program, shall administer the jobs act.

(2) The "department of general administration and Washington State University energy program" means the department of general administration and the Washington State University energy program described in this chapter and chapter 43.19.001. The definitions in this section apply throughout this chapter and RCW 43.331.050 unless the context clearly requires otherwise.

(a) "Cost-effectiveness" means that the present value of higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public school districts and public higher education institutions. [2010 1st sp.s. c 35 § 301.]

*Reviser’s note: The "department of general administration" was renamed the "department of enterprise services" by 2011 1st sp.s. c 43 § 107.
Contingent effective date—2010 1st sp.s. c 35: "This act takes effect if *Second Engrossed Substitute Senate Bill No. 6143 is enacted by the legislature during the 2010 1st special session." [2010 1st sp.s. c 35 § 601.]

Reviser's note: Second Engrossed Substitute Senate Bill No. 6143 became chapter 23, Laws of 2010 1st sp. sess.

43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature. (1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the *department of general administration, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to spend funds must be prioritized so that the legislative intent to expend funds quickly is met.

(4) Projects that do not use energy savings performance contracting must: (a) Verify energy and operational cost savings, as defined in RCW 43.331.040, for ten years or until the energy and operational costs savings pay for the project, whichever is shorter; (b) follow the *department of general administration's energy savings performance contracting project guidelines developed pursuant to RCW 43.331.040; and (c) employ a licensed engineer for the energy audit and construction. The department of commerce may require third-party verification of savings if a project is not implemented by an energy savings performance contractor selected by the *department of general administration through a request for qualifications process. Third-party verification must be conducted by an energy savings performance contractor selected by the *department of general administration through a request for qualifications, a licensed engineer specializing in energy conservation, or by a project resource conservation manager or educational service district resource conservation manager.

(5) To intensify competition, the department of commerce may only award funds to the top eighty-five percent of projects applying in a round until the department of commerce determines a final round is appropriate. Projects that do not receive a grant award in one round may reapply in subsequent rounds.

(6) To match federal grants and programs that require state matching funds and produce significantly higher efficiencies in operations and utilities, the level of innovation criteria may be increased for the purposes of weighted scoring to capture those federal dollars for selected projects that require a higher level of innovation and regional collaboration.

(7) Grant amounts awarded to each project must allow for the maximum number of projects funded with the greatest energy and cost benefit.

8(a) The department of commerce must use bond proceeds to pay one-half of the preliminary audit, up to five cents per square foot, if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the other one-half of the cost of the preliminary audit if the project does not meet their predetermined cost-effectiveness criteria.

(b) The energy savings performance contractor may not charge for an investment grade audit if the project does not meet the school district's and higher education institution's predetermined cost-effectiveness criteria. School districts and higher education institutions must pay the full price of an investment grade audit if they do not proceed with a project that meets the school district's and higher education institution's predetermined cost-effectiveness criteria.

(9) The department of commerce may charge projects administrative fees and may pay the *department of general administration and the Washington State University energy program administration fees in an amount determined through a memorandum of understanding.

(10) The department of commerce and the *department of general administration must submit a joint report to the appropriate committees of the legislature and the office of financial management on the timing and use of the grant funds, program administrative function, compliance with apprenticeship utilization requirements in RCW 39.04.320, compliance with prevailing wage requirements, and administrative fees by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled. [2010 1st sp.s. c 35 § 302.]

Reviser's note: The "department of general administration" was renamed the "department of enterprise services" by 2011 1st sp.s. c 43 § 107.

Contingent effective date—2010 1st sp.s. c 35: See note following RCW 43.331.040.

43.331.900 Referral to people—Spending restriction—Ballot title—2010 1st sp.s. c 35 §§ 101 through 203 and 401 through 405. (1) The secretary of state shall submit sections 101 through 203 and 401 through 405 of this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 and Article VIII, section 3 of the
state Constitution and the laws adopted to facilitate their operation.

This bill would promote job creation by authorizing bonds to construct energy efficiency savings improvements to schools, including higher education buildings." [2010 1st sp.s. c 35 § 501.]

Contingent effective date—2010 1st sp.s. c 35: See note following RCW 43.331.040.

Chapter 43.332 RCW
OFFICE OF THE WASHINGTON STATE TRADE REPRESENTATIVE

Sections
43.332.005 Findings—Purpose.
43.332.010 Office created—Duties.
43.332.020 Gifts, grants—Bank account.

43.332.005 Findings—Purpose. (1) The legislature finds that:
(a) The expansion of international trade is vital to the overall growth of Washington's economy;
(b) On a per capita basis, Washington state is the most international trade dependent state in the nation;
(c) The North American free trade agreement (NAFTA) and the general agreement on tariffs and trade (GATT) highlight the increased importance of international trade opportunities to the United States and the state of Washington;
(d) The passage of NAFTA and GATT will have a major impact on the state's agriculture, aerospace, computer software, and textiles and apparel sectors;
(e) There is a need to strengthen and coordinate the state's activities in promoting and developing its agricultural, manufacturing, and service industries overseas, especially for small and medium-sized businesses, and minority and women-owned business enterprises; and
(f) The importance of having a coherent vision for advancing Washington state's interest in the global economy has rarely been so consequential as it is now.

(2) The legislature declares that the purpose of the office of the Washington state trade representative is to:
(a) Strengthen and expand the state's activities in marketing its goods and services overseas;
(b) Review and analyze proposed international trade agreements to assess their impact on goods and services produced by Washington businesses; and
(c) Inform the legislature about ongoing trade negotiations, trade development, and the possible impacts on Washington's economy. [2003 c 346 § 1; 1995 c 350 § 1.]

43.332.010 Office created—Duties. (1) The office of the Washington state trade representative is created in the office of the governor. The office shall serve as the state's official liaison with foreign governments on trade matters.

(2) The office shall:
(a) Work with the department of community, trade, and economic development, the department of agriculture, and other appropriate state agencies, and within the agencies' existing resources, review and analyze proposed and enacted international trade agreements and provide an assessment of the impact of the proposed or enacted agreement on Washington's businesses and firms;
(b) Provide input to the office of the United States trade representative in the development of international trade, commodity, and direct investment policies that reflect the concerns of the state of Washington;
(c) Serve as liaison to the legislature on matters of trade policy oversight including, but not limited to, updates to the legislature regarding the status of trade negotiations, trade litigation, and the impacts of trade policy on Washington state businesses;
(d) Work with the international trade division of the department of community, trade, and economic development and the international marketing program of the Washington state department of agriculture to develop a statewide strategy designed to increase the export of Washington goods and services, particularly goods and services from small and medium-sized businesses; and
(e) Conduct other activities the governor deems necessary to promote international trade and foreign investment within the state.

(3) The office shall prepare and submit an annual report on its activities under subsection (2) of this section to the governor and appropriate committees of the legislature. [2003 c 346 § 2; 1995 c 350 § 2.]

Reviser's note: *(1) The "department of community, trade, and economic development" was renamed the "department of commerce" by 2009 c 565.
(2) Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 346, Laws of 2003.

43.332.020 Gifts, grants—Bank account. The office of the Washington state trade representative may accept or request grants or gifts from citizens and other private sources to be used to defray the costs of appropriate hosting of foreign dignitaries, including appropriate gift-giving and reciprocal gift-giving, or other activities of the office. The office shall open and maintain a bank account into which it shall deposit all money received under this section. Such money and the interest accruing thereon shall not constitute public funds, shall be kept segregated and apart from funds of the state, and shall not be subject to appropriation or allotment by the state or subject to chapter 43.88 RCW. (2) If an appellee proves by a preponderance of the evidence that an appellant is dissipating assets outside the ordinary course of business to avoid the payment of a judgment, a court may require the appellant to post a bond in an amount up to the amount of the judgment.  [2006 c 246 § 2.]

Findings—Intent—2006 c 246: "(1) The legislature finds that:
(a) Over the past five years, Washington has received more than seven hundred million dollars from the tobacco master settlement agreement;
(b) While the state has securitized a portion of the moneys it was promised under the master settlement agreement, the remainder of the master settlement agreement payments is used to fund important health programs such as the state's basic health plan, children's health insurance, childhood vaccines, and public health;
(c) Litigation now pending in the state or filed in the future could result in damage awards against master settlement agreement signatories or their successors or affiliates that are so large that the defendants could obtain a stay of the execution of the judgment while they appeal only by declaring bankruptcy, rather than posting an appeal bond under state law;
(d) Should a master settlement agreement signatory declare bankruptcy, issues might be raised about whether that disrupts or jeopardizes the payments that fund important state programs;
(e) The legislature has the substantive obligation to raise revenue and to protect the financial well-being of the state and its citizens. Pursuant to that obligation, it is the legislature's responsibility to ensure the continued receipt of master settlement agreement funds to the maximum extent possible.

(2) Therefore, the legislature intends to place a maximum limit on the appeal bond a master settlement agreement signatory or a successor or affiliate of a master settlement agreement signatory can be required to post in litigation in order to stay execution of the judgment without being forced into
bankruptcy while it exercises its right to appeal an adverse judgment." [2006 c 246 § 1.]

Application—2006 c 246: "This act applies to all actions pending on or filed on or after June 7, 2006." [2006 c 246 § 3.]

(1) Provide technical assistance to businesses, property owners, organizations, and local governments undertaking a comprehensive downtown or neighborhood commercial district revitalization initiative and management strategy. Technical assistance may include, but is not limited to, initial site evaluations and assessments, training for local programs, training for local program staff, site visits and assessments by technical specialists, local program design assistance and evaluation, and continued local program on-site assistance;

(2) To the extent funds are made available, provide financial assistance to local governments or local organizations to assist in initial downtown or neighborhood commercial district revitalization program start-up costs, specialized training, specific project feasibility studies, market studies, and design assistance;

(3) Develop objective criteria for selecting recipients of assistance under subsections (1) and (2) of this section, which shall include priority for downtown or neighborhood commercial district revitalization programs located in a rural county as defined in *RCW 43.160.020(12), and provide for designation of local programs under RCW 43.360.030;

(e) The department's existing downtown revitalization program's tier system;

(f) The national main street center's criteria for designating official main street cities; and

(g) Other factors the department deems necessary for the designation of a local program.

(2) The department shall designate local downtown or neighborhood commercial district revitalization programs and official local main street programs. The programs shall be limited to three categories of designation, one of which shall be the main street level.

(3) *RCW 82.73.010 does not apply to any local downtown or neighborhood commercial district revitalization program unless the boundaries of the program have been identified and approved by the department. The boundaries of a local downtown or neighborhood commercial district revitalization program are typically defined using the pedestrian core of a traditional commercial district.

(4) The department may not designate a local downtown or neighborhood commercial district revitalization program or official local main street program if the program is undertaken by a local government with a population of one hundred ninety thousand persons or more. [2005 c 514 § 910.]

REGIONAL TRANSFER OF DEVELOPMENT RIGHTS PROGRAM

43.362.005 Findings. (1) The legislature finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands, and that the creation of a regional transfer of development rights marketplace will assist in conserving these lands.

(2) A transfer of development rights is a market-based exchange mechanism that encourages the voluntary transfer of development rights from sending areas with lower population densities to receiving areas with higher population densities. When development rights are transferred through a transfer of development rights exchange, permanent deed restrictions are placed on the sending area properties to ensure that the land will be used only for approved activities, activities that may include farming, forest management, conservation, or passive recreation. Additionally, in a transfer of development rights exchange, the costs of purchasing the recorded development restrictions are borne by the developers who receive the transferred right in the form of a building credit or bonus.

(3) The legislature further finds that a successful transfer of development rights program must consider housing affordable to all economic segments of the population, and economic development programs and policies in designated receiving areas. Counties, cities, and towns that decide to participate in the regional transfer of development rights program for central Puget Sound are encouraged to adopt comprehensive plan policies and development regulations to implement the program that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing. Participating cities and towns are also encouraged to use the development of receiving areas to maximize opportunities for economic development that supports the creation or retention of jobs.

(4) Participation in a regional transfer of development rights program by counties, cities, and towns should be as simple as possible.

(5) Accordingly, the legislature has determined that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region. A regional transfer of development rights program in the central Puget Sound should be voluntary, incentive-driven, and separate, but compatible with existing local transfer of development rights programs. [2009 c 474 § 1; 2007 c 482 § 1.]

43.362.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "By-right permitting" means that project applications for permits that use transferable development rights would be subject to administrative review. Administrative review allows a local planning official to approve a project without noticed public hearings.

(2) "Department" means the department of commerce.

(3) "Nongovernmental entities" includes nonprofit or membership organizations with experience or expertise in transferring development rights.

(4) "Receiving area ratio" means the number or character of development rights that are assigned to a development right for use in a receiving area. Development rights in a receiving area may be used at the discretion of the receiving area jurisdiction, including but not limited to additional residential density, additional building height, additional commercial floor area, or to meet regulatory requirements.

(5) "Receiving areas" are lands within and designated by a city or town in which transferable development rights from the regional program established by this chapter may be used.

(6) "Regional transfer of development rights program" or "regional program" means the regional transfer of development rights program established by RCW 43.362.030 in central Puget Sound, including King, Pierce, Kitsap, and Snohomish counties and the cities and towns within these counties.

(7) "Sending area" includes those lands that meet conservation criteria as described in RCW 43.362.040.

(8) "Sending area ratio" means the number of development rights that a sending area landowner can sell per acre.

(9) "Transfer of development rights" includes methods for protecting land from development by voluntarily removing the development rights from a sending area and transferring them to a receiving area for the purpose of increasing development density or intensity in the receiving area.

(10) "Transferable development right" means a right to develop one or more residential units in a sending area that can be sold and transferred for use consistent with a receiving ratio adopted for development in a designated receiving area consistent with the regional program. [2009 c 565 § 45; 2009 c 474 § 2; 2007 c 482 § 2.]

Reviser's note: (1) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

(2) This section was amended by 2009 c 474 § 2 and by 2009 c 565 § 45, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

43.362.020 Regional transfer of development rights program. Subject to the availability of amounts appropriated for this specific purpose, the department shall fund a process to develop a regional transfer of development rights program that comports with chapter 36.70A RCW that:
(1) Encourages King, Kitsap, Pierce, and Snohomish counties, and the cities within these counties, to participate in the development and implementation of regional frameworks and mechanisms that make transfer of development rights programs viable and successful. The department shall encourage and embrace the efforts in any of these counties or cities to develop local transfer of development rights programs. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council and its growth management policy board to develop a process that satisfies the requirements of this chapter. In the development of a process to create a regional transfer of development rights program, the Puget Sound regional council and its growth management policy board shall develop policies to discourage, or prohibit if necessary, the transfer of development rights from a sending area that would negatively impact the future economic viability of the sending area. The department shall also work with an advisory committee to develop a regional transfer of development rights marketplace that includes, but is not limited to, supporting strategies for financing infrastructure and conservation. The department shall establish an advisory committee of nine stakeholders with representatives of the following interests:

(a) Two qualified nongovernmental organizations with expertise in the transfer of development rights. At least one organization must have a statewide expertise in growth management planning and in the transfer of development rights and at least one organization must have a local perspective on market-based conservation strategies and transfer of development rights;
(b) Two representatives from real estate and development;
(c) One representative with a county government perspective;
(d) Two representatives from cities of different sizes and geographic areas within the four-county region; and
(e) Two representatives of the agricultural industry; and

(2) Allows the department to utilize recommendations of the interested local governments, nongovernmental entities, and the Puget Sound regional council to develop recommendations and strategies for a regional transfer of development rights marketplace with supporting strategies for financing infrastructure and conservation that represents the consensus of the governmental and nongovernmental parties engaged in the process. However, if agreement between the parties cannot be reached, the department shall make recommendations to the legislature that seek to balance the needs and interests of the interested governmental and nongovernmental parties. The department may contract for expertise to accomplish any of the following tasks. Recommendations developed under this subsection must:

(a) Identify opportunities for cities, counties, and the state to achieve significant benefits through using transfer of development rights programs and the value in modifying criteria by which capital budget funds are allocated, including but not limited to, existing state grant programs to provide incentives for local governments to implement transfer of development rights programs;

(b) Address challenges to the creation of an efficient and transparent transfer of development rights market, including the creation of a transfer of development rights bank, brokerage, or direct buyer-seller exchange;

c) Address issues of certainty to buyers and sellers of development rights that address long-term environmental benefits and perceived inequities in land values and permitting processes;

d) Address the means for assuring that appropriate values are recognized and updated, as well as specifically addressing the need to maintain the quality of life in receiving neighborhoods and the protection of environmental values over time;

(e) Identify opportunities and challenges that, if resolved, would result in cities throughout the Puget Sound region participating in a transfer of development rights market;

(f) Compare the uses of a regional transfer of development rights program to other existing land conservation strategies to protect rural and resource lands and implement the growth management act; and

(g) Identify appropriate sending areas so as to protect future growth and economic development needs of the sending areas. [2007 c 482 § 3.]

43.362.030 Program established in central Puget Sound. (1) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall establish a regional transfer of development rights program in central Puget Sound, including King, Kitsap, Snohomish, and Pierce counties and the cities and towns within these counties. The program must be guided by the Puget Sound regional council’s multicity planning policies adopted under RCW 36.70A.210(7).

(2) The purpose of the program is to foster voluntary county, city, and town participation in the program so that interjurisdictional transfers occur between the counties, cities, and towns, including transfers from counties to cities and towns in other counties. Private transactions between buyers and sellers of transferable development rights are allowed and encouraged under this program. In fulfilling the requirements of this chapter, the department shall work with the Puget Sound regional council to implement a regional program.

(3) The department shall encourage participation by the cities, towns, and counties in the regional program. The regional program shall not be implemented in a manner that negatively impacts existing local programs. The department shall encourage and work to enhance the efforts in any of these counties, cities, or towns to develop local transfer of development rights programs or enhance existing programs.

(4) Subject to the availability of funds appropriated for this specific purpose or another source of funding made available for this specific purpose, the department shall do the following to implement a regional transfer of development rights program in central Puget Sound:

(a) Serve as the central coordinator for state government in the implementation of RCW 43.362.030 through 43.362.070.

(b) Offer technical assistance to cities, towns, and counties planning for participation in the regional transfer of...
43.21C.240; area, or adoption of a planned action under RCW exemption for infill under RCW 43.21C.229 for a receiving transferable development rights, adoption of a categorical subarea plan for the receiving area that includes the use of by-right permitting, substantial environmental review of a pate. Activities may include, but are not limited to, provision for by-right permitting, substantial environmental review incentive s for developers to partici- pation. Such incentives may include, but are not limited to, provision for by-right permitting, substantial environmental review of a subarea plan for the receiving area that includes the use of transferable development rights, adoption of a categorical exemption for infill under RCW 43.21C.229 for a receiving area, or adoption of a planned action under RCW 43.21C.240;

(iii) Provide guidance to counties, cities, and towns to negotiate receiving area ratios and foster private transactions;

(iv) Provide guidance and encourage planning for receiving areas that do not compete or conflict with comprehensive plan policies and development regulations that require or encourage affordable housing; and

(v) Provide guidance and encourage planning for receiving areas that maximizes opportunities for economic development through the creation or retention of jobs.

d) Based on information provided by the counties, cit- ties, and towns, post on a web site information regarding transfer of development rights transactions and a list of inter- ested buyers and sellers of transferable development rights.

e) Coordinate with and provide resources to state and local agencies and stakeholders to provide public outreach.

43.362.040 Designation of sending and receiving areas—inclusion of certain lands in programs for agricultural or forest land conservation. (1) Counties shall use the following criteria to guide the designation of sending areas for participation in the regional transfer of development rights program:

(a) Land designated as agricultural or forest land of long-term commercial significance;

(b) Land designated rural that is being farmed or managed for forestry;

(c) Land whose conservation meets other state and regionally adopted priorities; and

(d) Land that is in current use as a manufactured/mobile home park as defined in chapter 59.20 RCW.

Nothing in these criteria limits a county's authority to designate additional lands as a sending area for conservation under a local county transfer of development rights program.

(2) Upon purchase of a transferable development right from land designated rural that is being farmed or managed for forestry, a county must include the land from which the right was purchased in any programs it administers for conservation of agricultural land or forest land.

(3) The designation of receiving areas is limited to incor- porated cities or towns. Prior to designating a receiving area, a city or town should have adequate infrastructure planned and funded for development in the receiving area at densities or intensities consistent with what can be achieved under the local transfer of development rights program. Nothing in this subsection limits a city's, town's, or county's authority to designate additional lands for a receiving area under a local intrajurisdictional transfer of development rights program that is not part of the regional program.

43.362.050 Interlocal agreement for transfers of development rights—Rules. (1) To facilitate participation, the depart- ment shall develop and adopt by rule terms and conditions of an interlocal agreement for transfers of develop- ment rights between counties, cities, and towns. Counties, cities, and towns participating in the regional program have the option of adopting the rule by reference to transfer development rights across jurisdictional boundaries as an alternative to entering into an interlocal agreement under chapter 39.34 RCW.

(2) This section and the rules adopted under this section shall be deemed to provide an alternative method for the implementation of a regional transfer of development rights program, and shall not be construed as imposing any additional condition upon the exercise of any other powers vested in municipalities.

(3) Nothing in this section prohibits a county, city, or town from entering into an interlocal agreement under chapter 39.34 RCW to transfer development rights under the regional program.

43.362.060 Participation in regional transfer of development rights program—Requirements—Incentives for developers. (1) Counties, cities, and towns that choose to participate in the regional transfer of development rights program must:

(a) Enter into an interlocal agreement or adopt a resolution adopting by reference the provisions in the department rule authorized in RCW 43.362.050; and

(b) Adopt transfer of development rights policies or implement development regulations that:

(i) Comply with chapter 36.70A RCW;

(ii) Designate sending or receiving areas consistent with RCW 43.362.030 through 43.362.070; and

(iii) Adopt a sending or receiving area ratio in cooperation with the sending or receiving jurisdiction.

(2) Cities and towns that choose to participate in the regional transfer of development rights program are encour- aged to provide permitting or environmental review incen- tives for developers to participate. Such incentives may include, but are not limited to, provision for by-right permit- ting, substantial environmental review of a subarea plan for

43.365.005  Findings—Intent. The legislature finds in recent years that the state has realized a drastic decline in motion picture production that precludes economic expansion and threatens the state's reputation as a production destination. With the emergence of tax incentives in thirty states nationwide, in-state producers are taking their projects to more competitive economic climates, such as Oregon and Vancouver, British Columbia, where compelling tax incentive packages and subsidies are already in effect.

The legislature also finds that in recent years increasingly workers in Washington state are without health insurance coverage and retirement income protections, causing hardships on workers and their families and higher costs to the state.

Therefore, it is the intent of the legislature to recognize both national and international competition in the motion picture production marketplace. The legislature is committed to leveling the competitive playing field and interested in a partnership with the private sector to regain Washington's place as a premier destination to make motion pictures, television, and television commercials. While at the same time the legislature is committed to ensuring that workers in the motion picture and television industry are covered under health insurance and retirement income plans. [2006 c 247 § 1.]

43.371.005 Findings. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effec-
tiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services. [2014 c 223 § 9.]

Finding—2014 c 223: See note following RCW 41.05.800.

"Claims data" includes: (a) Claims data related to health care coverage and services funded, in whole or in part, in the omnibus appropriations act, including coverage and services funded by appropriated and nonappropriated state and federal moneys, for Medicaid programs and the public employees benefits board program; and (b) claims data voluntarily provided by other data suppliers, including carriers and self-funded employers.

43.371.020 Statewide all-payer health care claims database—Selection and duties of lead organization. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost.

(2) The director shall select a lead organization to coordinate and manage the database. The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;

(b) Design data collection mechanisms with consideration for the time and cost involved in collection and the benefits that measurement would achieve;

(c) Ensure protection of collected data and store and use any data with patient-specific information in a manner that protects patient privacy;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to RCW 43.371.060 using, but not limited to, the performance measures developed under RCW 41.05.690;

(f) Develop protocols and policies to ensure the quality of data releases;

(g) Develop a plan for the financial sustainability of the database and charge fees not to exceed five thousand dollars unless otherwise negotiated for reports and data files as needed to fund the database. Any fees must be approved by the office and must be comparable across data requesters and users; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include representation from key provider, hospital, payer, public health, health maintenance organization, purchaser, and consumer organizations.

(3) The lead organization governance structure and advisory committees must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees. [2014 c 223 § 10.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.030 Submission of claims data to database—Annual status report. (1) Data suppliers must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization.

(2) An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release any claims data related to persons receiving health coverage from the plan.

(3) Each data supplier shall submit an annual status report to the office regarding its compliance with this section. The report to the legislature required by *section 2 of this act must include a summary of these status reports. [2014 c 223 § 11.]

*Reviser's note: Section 2 of this act was vetoed.

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.040 Claims data and database—Exempt from public disclosure—Not subject to subpoena or compul-
sory process. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter. [2014 c 223 § 12.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.050 Availability of claims or data for retrieval—Confidentiality of claims or data—Duties of lead organization—Definitions. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in original or processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request.

(2) Except as otherwise required by law, the office shall direct the lead organization to maintain the confidentiality of claims or other data it collects for the database that include direct and indirect patient identifiers. Any agency, researcher, or other person that receives claims or other data under this section containing direct or indirect patient identifiers must also maintain confidentiality and may not release such claims or other data except as consistent with this section. The office shall oversee the lead organization’s release of data as follows:

(a) Claims or other data that include direct or indirect patient identifiers, as specifically defined in rule, may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and

(ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the office and the lead organization.

(b) Claims or other data that do not contain direct patient identifiers but that may contain indirect patient identifiers may be released to agencies, researchers, and other persons upon receipt of a signed data use agreement with the lead organization.

(c) Claims or other data that do not contain direct or indirect patient identifiers may be released upon request.

(3) Recipients of claims or other data under subsection (2)(a) or (b) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect direct and indirect patient identifying information as described in the agreement; and

(b) Not redisclose the data except as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.

(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.

(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise.

(a) "Direct patient identifier" means information that identifies a patient.

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information. [2014 c 223 § 13.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.060 Health care data reports—Preparation—Contents—Publication or release of reports. (1) Under the supervision of the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set, including only those measures that can be completed with readily available claims data. Prior to releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review and approval.

(2)(a) Health care data reports prepared by the lead organization that use claims data must assist the legislature and the public with awareness and promotion of transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in acuity of patients, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and governmental patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify patients;

(b) Disclose specific terms of contracts, discounts, or fixed reimbursement arrangements or other specific reimbursement arrangements between an individual provider and a specific payer; or

(c) Compares performance in a report generated for the general public that includes any provider in a practice with fewer than five providers.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless it:

(a) Allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the lead organization and submit to the lead organization any corrections of errors with supporting evidence and comments within forty-five days of receipt of the report; and

(b) Corrects data found to be in error within a reasonable amount of time.
(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall ensure that no individual data supplier comprises more than twenty-five percent of the claims data used in any report or other analysis generated from the database. For purposes of this subsection, a "data supplier" means a carrier and any self-insured employer that uses the carrier's provider contracts. [2014 c 223 § 14.]

Finding—2014 c 223: See note following RCW 41.05.800.

### 43.372.005 Findings—Purpose.
(1) The legislature finds that:

(a) Native American tribes have depended on the state's marine waters and its resources for countless generations and continue to do so for cultural, spiritual, economic, and subsistence purposes.

(b) The state has long demonstrated a strong commitment to protecting the state's marine waters, which are abundant in natural resources, contain a treasure of biological diversity, and are a source of multiple uses by the public supporting the economies of nearby communities as well as the entire state. These multiple uses include, but are not limited to: Marine-based industries and activities such as cargo, fuel, and passenger transportation; commercial, recreational, and tribal fishing; shellfish aquaculture; telecommunications and energy infrastructure; seafood processing; tourism; scientific research; and many related goods and services. These multiple uses as well as new emerging uses, such as renewable ocean energy, constitute a management challenge for sustaining resources and coordinating state decision making in a proactive, comprehensive and ecosystem-based manner.

(c) Washington's marine waters are part of a west coast-wide large marine ecosystem known as the California current, and the Puget Sound and Columbia river estuaries constitute two of the three largest estuaries that are part of this large marine ecosystem. Puget Sound and the Columbia river estuaries are estuaries of national significance under the national estuary program, and the outer coast includes the Olympic national marine sanctuary.

(d) Washington is working in cooperation with the states of Oregon and California and federal agencies on ocean and ocean health management issues through the west coast governors' agreement on ocean health, and with the government of British Columbia on shared waters management issues through the British Columbia-Washington coastal and ocean task force.

(e) Washington has initiated comprehensive management programs to protect and promote compatible uses of these waters. These include: The development of a comprehensive ecosystem-based management plan known as the Puget Sound action agenda; shoreline plans for shorelines around the state; management plans for state-owned aquatic lands and their associated waters statewide; and watershed and salmon recovery management plans in the upland areas of Puget Sound, the coast, and the Columbia river. Data and data management tools have also been developed to support these management and planning activities, such as the coastal atlas managed by the department of ecology and the shore zone database managed by the department of natural resources.

(f) For marine waters specifically, Washington has formed several mechanisms to improve coordination and management. A legislatively authorized task force formed by the governor identified priority recommendations for improving state management of ocean resources through Washington's ocean action plan in 2006. The governor further formed an ongoing interagency team that assists the department of ecology in implementing these recommendations. There is an extensive network of marine resources committees within Puget Sound and on the outer coast and the Columbia river to promote and support local involvement identifying and conducting local priority marine projects and some have been involved in local planning and management. Through the Olympic coast intergovernmental policy council, the state has also formalized its working relationship with coastal tribes and the federal government in the management of the Olympic coast national marine sanctuary.

(g) Reports by the United States commission on oceans policy, the Pew oceans commission, and the joint oceans commission initiative recommend the adoption of a national ocean policy under which states and coastal communities would have a principal role in developing and implementing ecosystem-based management of marine waters. Acting on these recommendations, the president of the United States recently formed an interagency ocean policy task force.
charged with developing a national ocean policy and a framework for marine spatial planning that involves all governmental levels, including state, tribal, and local governments. To further develop and implement such a planning framework, it is anticipated that federal cooperation and support will be available to coastal states that are engaged in marine and coastal resource management and planning, including marine spatial planning.

(2) The purpose of this chapter is to build upon existing statewide Puget Sound, coastal, and Columbia river efforts. When resources become available, the state intends to augment the marine spatial component of existing plans and to improve the coordination among state agencies in the development and implementation of marine management plans.

(3) It is also the purpose of this chapter to establish policies to guide state agencies and local governments when exercising jurisdiction over proposed uses and activities in these waters. Specifically, in conducting marine spatial planning, and in augmenting existing marine management plans with marine spatial planning components, the state must:

(a) Continue to recognize the rights of native American tribes regarding marine natural resources;

(b) Base all planning on best available science. This includes identifying gaps in existing information, recommend a strategy for acquiring science needed to strengthen marine spatial plans, and create a process to adjust plans once additional scientific information is available;

(c) Coordinate with all stakeholders, including marine resources committees and nongovernmental organizations, that are significantly involved in the collection of scientific information, ecosystem protection and restoration, or other activities related to marine spatial planning;

(d) Recognize that marine ecosystems span tribal, state, and international boundaries and that planning has to be coordinated with all entities with jurisdiction or authority in order to be effective;

(e) Establish or further promote an ecosystem-based management approach including linking marine spatial plans to adjacent nearshore and upland spatial or ecosystem-based plans;

(f) Ensure that all marine spatial plans are linked to measurable environmental outcomes;

(g) Establish a performance management system to monitor implementation of any new marine spatial plan;

(h) Establish an ocean stewardship policy that takes into account the existing natural, social, cultural, historic, and economic uses;

(i) Recognize that commercial, tribal, and recreational fisheries, and shellfish aquaculture are an integral part of our state's culture and contribute substantial economic benefits;

(j) Value biodiversity and ecosystem health, and protect special, sensitive, or unique estuarine and marine life and habitats, including important spawning, rearing, and migration areas for finfish, marine mammals, and productive shellfish habitats;

(k) Integrate this planning with existing plans and ongoing planning in the same marine waters and provide additional mechanisms for improving coordination and aligning management;

(l) Promote recovery of listed species under state and federal endangered species acts plans pursuant to those plans; and

(m) Fulfill the state's public trust and tribal treaty trust responsibilities in managing the state's ocean waters in a sustainable manner for current and future generations. [2010 c 145 § 1.]

43.372.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic lands" includes all tidelands, shorelands, harbor areas, and the beds of navigable waters, and must be construed to be coextensive with the term "aquatic lands" as defined in RCW 79.105.060.

(2) "Exclusive economic zone waters" means marine waters from the offshore state boundary to the boundary of the exclusive economic zone, over which the United States government has primary jurisdiction.

(3) "Marine counties" includes Clallam, Jefferson, Grays Harbor, Wahkiakum, San Juan, Whatcom, Skagit, Island, Snohomish, King, Pierce, Thurston, Mason, Kitsap, and Pacific counties.

(4) "Marine ecosystem" means the physical, biological, and chemical components and processes and their interactions in marine waters and aquatic lands, including humans.

(5) "Marine interagency team" or "team" means the marine interagency team created under RCW 43.372.020.

(6) "Marine management plan" and "marine waters management plan" means any plan guiding activities on and uses of the state's marine waters, and may include a marine spatial plan or element.

(7) "Marine resources committees" means those committees organized under RCW 36.125.020 or by counties within the Northwest straits marine conservation initiative.

(8) "Marine spatial planning" means a public process of analyzing and allocating the spatial and temporal distribution of human activities in marine areas to achieve ecological, economic, and social objectives. Often this type of planning is done to reduce conflicts among uses, to reduce environmental impacts, to facilitate compatible uses, to align management decisions, and to meet other objectives determined by the planning process.

(9) "Marine waters" means aquatic lands and waters under tidal influence, including saltwaters and estuaries to the ordinary high water mark lying within the boundaries of the state. This definition also includes the portion of the Columbia river bordering Pacific and Wahkiakum counties, Willapa Bay, Grays Harbor, the Strait of Juan de Fuca, and the entire Puget Sound. [2010 c 145 § 2.]

43.372.020 Marine interagency team. (1) The office of the governor shall chair a marine interagency team that is composed of representatives of each of the agencies in the governor's natural resources cabinet with management responsibilities for marine waters, including the independent agencies. A representative from a federal agency with lead responsibility for marine spatial planning must be invited to serve as a liaison to the team to help ensure consistency with federal actions and policy. The team must assist state agencies under RCW 43.372.030 with the review and coordina-
tion of such planning with their existing and ongoing planning and conduct the marine management planning authorized in RCW 43.372.040.

(2) The team may not commence any activities authorized under RCW 43.372.030 and 43.372.040 until federal, private, or other funding is secured specifically for these activities. [2012 c 252 § 1; 2010 c 145 § 3.]

43.372.030 Marine spatial data and marine spatial planning elements—Inclusion in planning—Joint plans and planning frameworks—Integration with comprehensive marine management plan. (1) Subject to available federal, private, or other funding for this purpose, all state agencies with marine waters planning and management responsibilities are authorized to include marine spatial data and marine spatial planning elements into their existing plans and ongoing planning.

(2) The director of the Puget Sound partnership under the direction of the leadership council created in RCW 90.71.220 must integrate marine spatial information and planning provisions into the action agenda. The information should be used to address gaps or improve the effectiveness of the spatial planning component of the action agenda, such as in addressing potential new uses such as renewable energy projects.

(3) The governor and the commissioner of public lands, working with appropriate marine management and planning agencies, should work cooperatively with the applicable west coast states, Canadian provinces, and with federal agencies, through existing cooperative entities such as the west coast governor's agreement on ocean health, the coastal and oceans task force, the Pacific coast collaborative, the Puget Sound federal caucus, and the United States and Canada cooperative agreement working group, to explore the benefits of developing joint marine spatial plans or planning frameworks in the shared waters of the Salish Sea, the Columbia river estuary, and in the exclusive economic zone waters. The governor and commissioner may approve the adoption of shared marine spatial plans or planning frameworks where they determine it would further policies of this chapter and chapter 43.143 RCW.

(4) On an ongoing basis, the director of the department of ecology shall work with other state agencies with marine management responsibilities, tribal governments, marine resources committees, local and federal agencies, and marine waters stakeholders to compile marine spatial information and to incorporate this information into ongoing plans. This work may be integrated with the comprehensive marine management plan authorized under RCW 43.372.040 when that planning process is initiated.

(5) All actions taken to implement this section must be consistent with RCW 43.372.060. [2012 c 252 § 2; 2010 c 145 § 5.]

43.372.040 Comprehensive marine management plan. (1) Upon the receipt of federal, private, or other funding for this purpose, the marine interagency team shall coordinate the development of a comprehensive marine management plan for the state's marine waters. The marine management plan must include marine spatial planning, as well as recommendations to the appropriate federal agencies regarding the exclusive economic zone waters.

(2) The comprehensive marine management plan may be developed in geographic segments, and may incorporate or be developed as an element of existing marine plans, such as the Puget Sound action agenda. If the team exercises the option to develop the comprehensive marine management plan in geographic segments, it may proceed with development and adoption of marine management plans for these geographic segments on different schedules.

(3) The chair of the team may designate a state agency with marine management responsibilities to take the lead in developing and recommending to the team particular segments or elements of the comprehensive marine management plan.

(4) The marine management plan must be developed and implemented in a manner that:

(a) Recognizes and respects existing uses and tribal treaty rights;

(b) Promotes protection and restoration of ecosystem processes to a level that will enable long-term sustainable production of ecosystem goods and services;

(c) Addresses potential impacts of climate change and sea level rise upon current and projected marine waters uses and shoreline and coastal impacts;

(d) Fosters and encourages sustainable uses that provide economic opportunity without significant adverse environmental impacts;

(e) Preserves and enhances public access;

(f) Protects and encourages working waterfronts and supports the infrastructure necessary to sustain marine industry, commercial shipping, shellfish aquaculture, and other water-dependent uses;

(g) Fosters public participation in decision making and significant involvement of communities adjacent to the state's marine waters; and

(h) Integrates existing management plans and authorities and makes recommendations for aligning plans to the extent practicable.

(5) To ensure the effective stewardship of the state's marine waters held in trust for the benefit of the people, the marine management plan must rely upon existing data and resources, but also identify data gaps and, as possible, procure missing data necessary for planning.

(6) The marine management plan must include but not be limited to:

(a) An ecosystem assessment that analyzes the health and status of Washington marine waters including key social, economic, and ecological characteristics and incorporates the best available scientific information, including relevant marine data. This assessment should seek to identify key threats to plan goals, analyze risk and management scenarios, and develop key ecosystem indicators. In addition, the plan should incorporate existing adaptive management strategies underway by local, state, or federal entities and provide an adaptive management element to incorporate new information and consider revisions to the plan based upon research, monitoring, and evaluation;

(b) Using and relying upon existing plans and processes and additional management measures to guide decisions among uses proposed for specific geographic areas of the state's marine and estuarine waters consistent with applicable
state laws and programs that control or address developments in the state's marine waters;

(c) A series of maps that, at a minimum, summarize available data on: The key ecological aspects of the marine ecosystem, including physical and biological characteristics, as well as areas that are environmentally sensitive or contain unique or sensitive species or biological communities that must be conserved and warrant protective measures; human uses of marine waters, particularly areas with high value for fishing, shellfish aquaculture, recreation, and maritime commerce; and appropriate locations with high potential for renewable energy production with minimal potential for conflicts with other existing uses or sensitive environments;

(d) An element that sets forth the state's recommendations to the federal government for use priorities and limitations, siting criteria, and protection of unique and sensitive biota and ocean floor features within the exclusive economic zone waters consistent with the policies and management criteria contained in this chapter and chapter 43.143 RCW;

(e) An implementation strategy describing how the plan's management measures and other provisions will be considered and implemented through existing state and local authorities; and

(f) A framework for coordinating state agency and local government review of proposed renewable energy development uses requiring multiple permits and other approvals that provide for the timely review and action upon renewable energy development proposals while ensuring protection of sensitive resources and minimizing impacts to other existing or projected uses in the area.

(7) If the director of the department of fish and wildlife determines that a fisheries management element is appropriate for inclusion in the marine management plan, this element may include the incorporation of existing management plans and procedures and standards for consideration in adopting and revising fisheries management plans in cooperation with the appropriate federal agencies and tribal governments.

(8) Any provision of the marine management plan that does not have as its primary purpose the management of commercial or recreational fishing but that has an impact on this fishing must minimize the negative impacts on the fishing. The team must accord substantial weight to recommendations from the director of the department of fish and wildlife for plan revisions to minimize the negative impacts.

(9) The marine management plan must recognize and value existing uses. All actions taken to implement this section must be consistent with RCW 43.372.060.

(10) The marine management plan must identify any provisions of existing management plans that are substantially inconsistent with the plan.

(11) (a) In developing the marine management plan, the team shall implement a strong public participation strategy that seeks input from throughout the state and particularly from communities adjacent to marine waters. Public review and comment must be sought and incorporated with regard to planning the scope of work as well as in regard to significant drafts of the plan and plan elements.

(b) The team must engage tribes and marine resources committees in its activities throughout the planning process. In particular, prior to finalizing the plan, the team must provide each tribe and marine resources committee with a draft of the plan and invite them to review and comment on the plan.

(12) The director of the department of ecology shall submit the completed marine management plan to the appropriate federal agency for its review and approval for incorporation into the state's federally approved coastal zone management program.

(13) Subsequent to the adoption of the marine management plan, the team may periodically review and adopt revisions to the plan to incorporate new information and to recognize and incorporate provisions in other marine management plans. The team must afford the public an opportunity to review and comment upon significant proposed revisions to the marine management plan. [2012 c 252 § 3; 2010 c 145 § 6.]

43.372.050 Marine management plans—Compliance—Consistency—Review—Report and recommendations. (1) Upon the adoption of the marine management plan under RCW 43.372.040, each state agency and local government must make decisions in a manner that ensures consistency with applicable legal authorities and conformance with the applicable provisions of the marine management plan to the greatest extent possible.

(2) The director of the department of ecology, in coordination with the team, shall periodically review existing management plans maintained by state agencies and local governments that cover the same marine waters as the marine management plan under RCW 43.372.040, and for any substantial inconsistency with the marine management plan the director shall make recommendations to the agency or to the local government for revisions to eliminate the inconsistency.

(3) Not later than four years following adoption of the marine management plan under RCW 43.372.040, the department of ecology, in coordination with the team, shall report to the appropriate marine waters committees in the senate and house of representatives describing provisions of existing management plans that are substantially inconsistent with the marine management plan under RCW 43.372.040, and making recommendations for eliminating the inconsistency.

(4) All actions taken to implement this section must be consistent with RCW 43.372.060. [2010 c 145 § 7.]

43.372.060 Authority limited. No authority is created under this chapter to affect in any way any project, use, or activity in the state's marine waters existing prior to or during the development and review of the marine management plan. No authority is created under this chapter to supercede the current authority of any state agency or local government. [2010 c 145 § 8.]

43.372.070 Marine resources stewardship trust account. (1) The marine resources stewardship trust account is created in the state treasury. All receipts from income derived from the investment of amounts credited to the account, any grants, gifts, or donations to the state for the purposes of marine management planning, marine spatial planning, data compilation, research, or monitoring, and any appropriations made to the account must be deposited in the

[Title 43 RCW—page 780]
account. Moneys in the account may be spent only after appropriation.

(2) Expenditures from the account may only be used for the purposes of marine management planning, marine spatial planning, research, monitoring, and implementation of the marine management plan.

(3) Until July 1, 2016, expenditures from the account may only be used for the purposes of:

(a) Conducting ecosystem assessment and mapping activities in marine waters consistent with RCW 43.372.040(6) (a) and (c), with a focus on assessment and mapping activities related to marine resource uses and developing potential economic opportunities;

(b) Developing a marine management plan for the state's coastal waters as that term is defined in RCW 43.143.020; and

(c) Coordination under the west coast governors' agreement on ocean health, entered into on September 18, 2006, and other regional planning efforts consistent with RCW 43.372.030.

(4) Expenditures from the account on projects and activities relating to the state's coastal waters, as defined in RCW 43.143.020, must be made, to the maximum extent possible, consistent with the recommendations of the Washington coastal marine advisory council as provided in RCW 43.143.060. If expenditures relating to coastal waters are made in a manner that differs substantially from the Washington coastal marine advisory council's recommendations, the responsible agency receiving the appropriation shall provide the council and appropriate committees of the legislature with a written explanation. [2013 c 318 § 3; 2012 c 252 § 4; 2011 c 250 § 2; 2010 c 145 § 10.]

Findings—2011 c 250: "(1) The legislature finds that the states of Washington, Oregon, and California have a common interest in the management and protection of ocean and coastal resources. This common interest stems from the many ocean and coastal resources that cross jurisdictional boundaries including winds, currents, fish, and wildlife, as well as the multi-jurisdictional reach of many uses of marine waters. These shared resources provide enormous economic, environmental, and social benefits to the states, and are an integral part of maintaining the high quality of life enjoyed by residents of the west coast.

(2) The legislature finds that the shared nature of ocean and coastal resources make coordination between the states of Washington, Oregon, and California essential in order to achieve effective ocean and coastal resource management and support sustainable coastal communities.

(3) The legislature recognizes the west coast governors' agreement on ocean health, entered into on September 18, 2006, as an important step towards achieving more coordinated management of these ocean and coastal resources.

(4) Ocean and coastal resource planning processes and funding opportunities recently initiated by the federal government contemplate action at the regional level. Early action on the part of Washington, Oregon, and California to collaboratively define and implement such planning efforts and projects will increase the states' ability to determine the course of federal planning processes for the west coast and receive nonstate support for the planning efforts, resource preservation and restoration projects, and projects to support ocean health and sustainable coastal communities.

(5) Therefore, collaboration on ocean and coastal resource management between Washington, Oregon, and California should be continued and enhanced through the respective legislatures, as well as through the respective executive branches through the west coast governors' agreement on ocean health." Sections
43.374.005 Finding—Intent—Purpose.
43.374.020 Washington global health technologies and product development account.

43.374.005 Finding—Intent—Purpose. The legislature finds that the global health sector develops new technologies and products for the improvement of health delivery locally and worldwide and that Washington is home to the world's richest collection of global health research and education programs creating new and innovative technologies on a daily basis. It is the intent of the legislature to stimulate the state's economy and foster job creation in the emerging field of global health while improving the health of people in Washington state and the world. The purpose of chapter 13, Laws of 2010 1st sp. sess. is to create a funding mechanism and a grant program to ensure that Washington remains competitive in global health innovation and to guarantee that the development, manufacture, and delivery of global health products will become an even more dynamic part of the state's economy. [2010 1st sp.s. c 13 § 1.]

43.374.020 Washington global health technologies and product development account. The Washington global health technologies and product development account is created in the custody of the state treasurer. Only the board of directors of the Washington global health technologies and product development competitiveness program or the board's designee may authorize expenditures from the account. All federal moneys received from the solicitations required in *RCW 43.374.010 and all state funds appropriated for the specific purposes of the Washington global health technologies and product development competitiveness program must be deposited in the account. Expenditures from the account may be used only for funding activities of the Washington global health technologies and product development competitiveness program created in *RCW 43.374.010. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2010 1st sp.s. c 13 § 3.]

*Reviser's note: RCW 43.374.010, which created the Washington global health technologies and product development competitiveness program, was repealed by 2014 c 112 § 201.

RESOLUTION OF REDISTRICTING

CONGRESSIONAL and LEGISLATIVE DISTRICTS

AS AMENDED BY EICHR 4409

WHEREAS, Article II, section 43 of the Washington state Constitution and chapter 44.05 RCW require that a commission be established in January of each year ending in one, to provide for the redistricting of state legislative and congressional districts as soon as possible following the federal decennial census, but no later than January 1st of each year ending in two; and

WHEREAS, The United States Bureau of the Census conducted a census of the United States on April 1, 2010, and reported the results of the census to the state of Washington on February 23, 2011; and

WHEREAS, The Washington State Redistricting Commission was duly constituted in January 2011, and undertook its constitutional and statutory responsibilities for preparing a redistricting plan for the state of Washington; and

WHEREAS, The Washington State Redistricting Commission held numerous public hearings throughout the state and solicited public comment and third-party plans in accordance with its rules, chapter 417-06 WAC; and

WHEREAS, The Washington State Redistricting Commission has adopted by a unanimous vote a Final Plan and Resolution of the Redistricting Commission on this date January 1, 2012, in conformity with the constitutional requirement that it do so as soon as possible following the federal decennial census, but no later than January 1st of each year ending in two;

NOW, THEREFORE, BE IT RESOLVED, THAT

FIRST, It is the intent of the Commission to redistrict the congressional and legislative districts of the state of Washington in accordance with the Constitution and laws of the United States and the state of Washington; and

SECOND, The definitions set forth in RCW 44.05.020 apply throughout this plan, unless the context requires otherwise; and

THIRD, In every case the population of the congressional and legislative districts described by this plan has been ascertained on the basis of the total number of persons found inhabiting such areas as of April 1, 2010, in accordance with the 2010 federal decennial census data submitted pursuant to P.L. 94-171; and

FOURTH, Pursuant to the most recent certificate of entitlement from the Clerk of the United States House of Representatives as required by 2 U.S.C. Sec. 2a, the territory of the state shall be divided into ten congressional districts. The congressional districts described by this plan have been recorded as *C-JOINTSUB 3-2, which are public records of the Commission. As soon as practicable after approval and submission of this plan to the Legislature, the Commission shall publish *C-JOINTSUB 3-2; and

SIXTH, The Commission recognizes that existing state law shall continue to govern such matters as the terms and dates of election for members of the state Senate to be elected from each district, the status of “hold-over” senators, and the elections to fill vacancies, when required. Districts referred to in existing law and designated by number shall refer to districts of the same number described in this plan, beginning with the next elections in 2012; and

SEVENTH, This Commission intends that this plan supersede the district boundaries established by chapters 29A.76A and 44.07D RCW for congressional and legislative districts, respectively; and

OF THE 2012 PLAN

(A) If any area is not included in any district as described herein, it shall be assigned to a district as follows:

(1) If the area is surrounded by or adjacent to a single district, it shall be a part of that district.

(e) If all districts that satisfy criterion (a) fail to satisfy criterion (b), and more than one district satisfies criteria (a) and (c), the area shall be a part of the adjacent district satisfying criteria (a) and (c) with which the area shares the longest land boundary.

(B) If any area is included within more than one district as described herein, it shall be assigned to only one district, following the criteria in (A) above, with the additional condition that the area must be assigned to one of the districts within which it is included as described herein.

If a land area is completely separated from the remaining land area of the district to which it has been assigned solely by Census blocks consisting entirely of water, and if the intervening Census water blocks have been assigned to a different district, and the area is accessible from the remainder of its district by bridge or ferry, then the area shall remain a part of the district to which it is assigned herein, and the intervening water Census blocks shall also be reassigned to that district.

(5) "Joint committee" means the joint legislative audit and review committee.

(6) "Local government" means a city, town, county, special purpose district, political subdivision, municipal corporation, or quasi-municipal corporation, including a public corporation created by such an entity.

(7) "Performance audit" means an objective and systematic assessment of a state agency or any of its programs, functions, or activities, or a unit of local government receiving state funds, by an independent evaluator in order to help public officials improve efficiency, effectiveness, and accountability. Performance audits include economy and efficiency audits and program audits. A performance audit of a local government may only be made to determine whether the
local government is using state funds for their intended purpose in an efficient and effective manner.

(8) "Performance measures" are a composite of key indicators of a program's or activity's inputs, outputs, outcomes, productivity, timeliness, and/or quality. They are means of evaluating policies and programs by measuring results against agreed upon program goals or standards.

(9) "Preliminary compliance report" means a written document that states the specific actions a state agency or unit of local government receiving state funds has taken to implement any recommendations contained in the final performance audit report.

(10) "Preliminary performance audit report" means a written document prepared for review and comment by the joint legislative audit and review committee after the completion of a performance audit. The preliminary performance audit report must contain the audit findings and any proposed recommendations to improve the efficiency, effectiveness, or accountability of the state agency or local government audited.

(11) "Program audits" means performance audits that determine: (a) The extent to which desired outcomes or results are being achieved; (b) the causes for not achieving intended outcomes or results; and (c) compliance with significant laws and rules applicable to the program.

(12) "State agency" or "agency" means a state agency, department, office, officer, board, commission, bureau, division, institution, or institution of higher education. "State agency" includes all elective offices in the executive branch of state government. [1996 c 288 § 2.]

Findings and intent—1996 c 288: "The public expects the legislature to address citizens' increasing demand for the basic services of state government, while limiting the growth in spending. The public demands that public officials and state employees be accountable to provide maximum value for every dollar entrusted to state government. The public believes that it is possible to improve the responsiveness of state government and to save the taxpayers' money, and that efficiency and effectiveness should result in savings. The legislature, public officials, state employees, and citizens need to know the extent to which state agencies, programs, and activities are achieving the purposes for which they were created. It is essential to compare the conditions, problems, and priorities that led to the creation of government programs with current conditions, problems, and priorities, and to examine the need for and performance of those programs in the current environment. Along with examining the performance of state agencies and programs, the legislature, public officials, state employees, and citizens must also consider the effect that state government programs can reasonably expect to have on citizens' lives, how the level of programs and services of Washington state government compares with that of other states, and alternatives for service delivery, including other levels of government and the private sector including not-for-profit organizations. It is essential that the legislature, public officials, state employees, and citizens share a common understanding of the role of state government. The performance and relative priority of state agency programs and activities must be the basis for managing and allocating resources within Washington state government.

It is the intent of the legislature to strengthen the role of the current legislative budget committee so that it may more effectively examine how efficiently state agencies perform their responsibilities and whether the agencies are achieving their goals, and whether units of local government are using state funds for their intended purpose in an efficient and effective manner. It is also the intent of the legislature to enact a clear set of definitions for different types of audits in order to eliminate confusion with regard to government reviews." [1996 c 288 § 1.]

In agencies and programs where effective systems for performance measurement exist, the measurements incorporated into those systems should be a basis for performance audits conducted under this chapter. [1996 c 288 § 9.]

44.28.075 Performance audits—Scope. (1) Subject to the requirements of the performance audit work plan approved by the joint committee under RCW 44.28.083, performance audits may, in addition to the determinations that may be made in such an audit as specified in RCW 44.28.005, include the following:

(a) An examination of the costs and benefits of agency programs, functions, and activities;

(b) Identification of viable alternatives for reducing costs or improving service delivery;

(c) Identification of gaps and overlaps in service delivery, along with corrective action; and

(d) Comparison with other states whose agencies perform similar functions, as well as their relative funding levels and performance.

(2) As part of a performance audit, the legislative auditor may review the costs of programs recently implemented by the legislature to compare actual agency costs with the appropriations provided and the cost estimates that were included in the fiscal note for the program at the time the program was enacted. [1996 c 288 § 10.]

44.28.080 Powers—Appropriations, expenses, revenues. The joint committee has the following powers:

state agencies, and to make recommendations and reports to the legislature.

(7) To develop internal tracking procedures that will allow the legislature to measure the effectiveness of performance audits conducted by the joint committee including, where appropriate, measurements of cost-savings and increases in efficiency and effectiveness in how state agencies deliver their services.

(8) To receive messages and reports in person or in writing from the governor or any other state officials and to study generally any and all business relating to economy, efficiency, and effectiveness in state government and state agencies. [1996 c 288 § 11; 1975 1st ex.s. c 293 § 14; 1955 c 206 § 10; 1951 c 43 § 4.]

44.28.083 Performance audit work plans. (1) At the conclusion of the regular legislative session of each odd-numbered year, the joint legislative audit and review committee shall develop and approve a performance audit work plan for the ensuing biennium. The biennial work plan may be modified, as necessary, at the conclusion of other legislative sessions to reflect actions taken by the legislature and the joint committee. The work plan shall include a description of each performance audit, and the cost of completing the audits on the work plan shall be limited to the funds appropriated to the joint committee. Approved performance audit work plans shall be transmitted to the entire legislature by July 1st following the conclusion of each regular session of an odd-numbered year and as soon as practical following other legislative sessions.

(2) Among the factors to be considered in preparing the work plans are:

(a) Whether a program newly created or significantly altered by the legislature warrants continued oversight because (i) the fiscal impact of the program is significant, or (ii) the program represents a relatively high degree of risk in terms of reaching the stated goals and objectives for that program;

(b) Whether implementation of an existing program has failed to meet its goals and objectives by any significant degree;

(c) Whether a follow-up audit would help ensure that previously identified recommendations for improvements were being implemented; and

(d) Whether an assignment for the joint committee to conduct a performance audit has been mandated in legislation.

(3) The legislative auditor may consult with the chairs and staff of appropriate legislative committees, the state auditor, and the director of financial management in developing the performance audit work plan. [2010 c 26 § 3; 1996 c 288 § 12; 1993 c 406 § 5. Formerly RCW 44.28.180.]

44.28.091 Compliance reports—Preliminary and final. (1) No later than nine months after the final performance audit has been transmitted by the joint committee to the appropriate standing committees of the house of representatives and the senate, the joint committee in consultation
with the standing committees may produce a preliminary compliance report on the agency’s or local government’s compliance with the final performance audit recommendations. The agency or local government may attach its comments to the joint committee’s preliminary compliance report as a separate addendum.

(2) Within three months after the issuance of the preliminary compliance report, the joint committee may hold at least one public hearing and receive public testimony regarding the findings and recommendations contained in the preliminary compliance report. The joint committee may waive the public hearing requirement if the preliminary compliance report demonstrates that the agency or local government is in compliance with the audit recommendations. The joint committee shall issue any final compliance report within four weeks after the public hearing or hearings. The legislative auditor shall transmit the final compliance report in the same manner as a final performance audit is transmitted under RCW 44.28.088. [1996 c 288 § 14.]

44.28.094 Quality control review of joint committee. Subject to the joint committee's approval, the office of the joint committee shall undergo an external quality control review within three years of June 6, 1996, and at regular intervals thereafter. The review must be conducted by an independent organization that has experience in conducting performance audits. The quality control review must include, at a minimum, an evaluation of the quality of the audits conducted by the joint committee, an assessment of the audit procedures used by the joint committee, and an assessment of the qualifications of the joint committee staff to conduct performance audits. [1996 c 288 § 15.]

(2) The authority in this section extends to accessing any confidential records needed to discharge the joint committee's performance audit duties. However, access to confidential records for the purpose of conducting performance audits does not change their confidential nature, and any existing confidentiality requirements shall remain in force and be similarly respected by the joint committee and its staff. (1) The joint legislative audit and review committee shall conduct an evaluation of the effectiveness of the WorkFirst program described in chapter 58, Laws of 1997, including the job opportunities and basic skills training program and any approved private, county, or local government WorkFirst program. The evaluation shall assess the success of the program in assisting clients to become employed and to reduce their use of temporary assistance for needy families. The study shall include but not be limited to the following:

(a) An assessment of employment outcomes, including hourly wages, hours worked, and total earnings, for clients;
(b) A comparison of temporary assistance for needy families outcomes, including grant amounts and program exits, for clients; and

44.28.156 Education performance agreement pilot—Evaluation. The joint committee shall conduct an evaluation of the higher education performance agreement pilot test under *RCW 28B.10.920 through 28B.10.922 and make recommendations regarding changes to the substance or process of creating the agreements, including whether the performance agreement process should be continued and expanded to include additional higher education institutions. The evaluation shall be submitted to the governor and the higher education committees of the senate and house of representatives by November 1, 2014. [2008 c 160 § 5.]

*Reviser’s note: RCW 28B.10.920 through 28B.10.922 were repealed by 2011 1st sp.s.c 26. RCW 28B.10.922 was also repealed by 2011 1st sp.s.c 21 § 18.

Findings—Intent—2008 c 160: "(1) The legislature finds that in the last ten years, significant progress has been made to identify and monitor accountability and performance measures in higher education, both internally in institutions and externally in the legislative and state policymaking environment.

(2) However, the legislature further finds that opportunities exist to promote greater visibility of performance measures among policymakers and among the public consumers of higher education. Policy decisions, including decisions about resource allocation, should be made with greater knowledge and a shared understanding about the tradeoffs between resources, flexibility, and desired outcomes. A forum should be created to allow discussion among policymakers and institution leaders about setting outcome-oriented priorities, targeting of investments, linking operating and capital planning, and creating a longer-term view than the biennial budget cycle typically permits.

(3) Therefore, the legislature intends to implement a process for such discussions, agreements, and planning to occur. The process of crafting higher education performance agreements will be pilot-tested over a six-year period with the public four-year institutions of higher education beginning in 2008." [2008 c 160 § 1.]

44.28.157 School district health benefits—Review—Recommendations—Performance grants—Report. (1) By December 31, 2015, the joint committee must review the reports on school district health benefits submitted to it by the office of the insurance commissioner and the health care authority and report to the legislature on the progress by school districts and their benefit providers in meeting the following legislative goals to:

(a) Improve the transparency of health benefit plan claims and financial data to assure prudent and efficient use of taxpayers’ funds at the state and local levels;

(b) Create greater affordability for full family coverage and greater equity between premium costs for full family coverage and employee only coverage for the same health benefit plan;

(c) Promote health care innovations and cost savings and significantly reduce administrative costs.

(2) The joint committee shall also make a recommendation regarding a specific target to realize the goal in subsection (1)(b) of this section.

(3) The joint committee shall report on the status of individual school districts’ progress in achieving the goals in subsection (1) of this section.

(4)(a) In the 2015-2016 school year, the joint committee shall determine which school districts have met the requirements of RCW 28A.400.350 (5) and (6), and shall rank order these districts from highest to lowest in term of their performance in meeting the requirements.

(b) The joint committee shall then allocate performance grants to the highest performing districts from a performance fund of five million dollars appropriated by the legislature for this purpose. Performance grants shall be used by school districts only to reduce employee health insurance copayments and deductibles. In determining the number of school districts to receive awards, the joint committee must consider the impact of the award on district employee copayments and deductibles in such a manner that the award amounts have a meaningful impact.

(5) If the joint committee determines that districts and their benefit providers have not made adequate progress, in the judgment of the joint committee, in achieving one or more of the legislative goals in subsection (1) of this section, the joint committee report to the legislature must contain advantages, disadvantages, and recommendations on the following:

(a) Why adequate progress has not been made, to the extent the joint committee is able to determine the reason or reasons for the insufficient progress;

(b) What legislative or agency actions would help remove barriers to improvement;

(c) Whether school district health insurance purchasing should be accomplished through a single consolidated school employee health benefits purchasing plan;

(d) Whether school district health insurance purchasing should be accomplished through the public employees’ benefits board program, and whether consolidation into the public employees’ benefits board program would be preferable to the creation of a consolidated school employee health benefits purchasing plan;

(e) Whether certificated or classified employees, as separate groups, would be better served by purchasing health insurance through a single consolidated school employee health benefits purchasing plan or through participation in the public employees’ benefits board program.

(6) The report shall contain any legislation necessary to implement the recommendations of the joint committee.

(7) The legislature shall take all steps necessary to implement the recommendations of the joint committee unless the legislature adopts alternative strategies to meet its goals during the 2016 session. [2012 2nd sp.s.c 3 § 7.]

Findings—Goals—Intent—2012 2nd sp.s.c 3: See note following RCW 28A.400.275.
44.28.800 Legislation affecting mentally ill persons—Report to legislature. (Effective until April 1, 2016.) Such an evaluation shall include the operation of the state mental hospitals and the regional support networks, as well as any other appropriate entity. The joint legislative audit and review committee shall prepare an interim report of its findings which shall be delivered to the appropriate legislative committees of the house of representatives and the senate no later than September 1, 2000. In addition, the joint legislative audit and review committee shall prepare a final report of its findings which shall be delivered to the appropriate legislative committees of the house of representatives and the senate no later than January 1, 2001. 44.28.805 Review of distributions to cities and counties—Report. During calendar year 2008, the joint legislative audit and review committee shall review the distributions to cities and counties under RCW 43.08.290 to determine the extent to which the distributions target the needs of cities and counties for which the repeal of the motor vehicle excise tax had the greatest fiscal impact. In conducting the study, the committee shall solicit input from the cities and counties. The department of revenue and the state treasurer shall provide the committee with any data within their purview that the committee considers necessary to conduct the review. The committee shall report to the legislature the results of its findings, and any recommendations for changes to the distribution formulas under RCW 43.08.290, by December 31, 2008. [2005 c 450 § 3.] Effective date—2005 c 450: See note following RCW 82.45.060.

44.28.810 Review of governor's interagency coordinating council on health disparities—Report to the legislature. The joint committee shall conduct a review of the governor's interagency coordinating council on health disparities and its functions. The review shall be substantially the same as a sunset review under chapter 43.131 RCW. Reviser's note: This section was amended by 2013 c 63 § 2 and by 2013 c 327 § 2, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Intent—2013 c 327: "The intent of the legislature is to make state capital and transportation budget appropriation and expenditure data as transparent and easy to use by the public as is feasible. It is important to provide information to the public on state capital and transportation investments by legislative district and county in a format that is easy to navigate and comprehend. Providing such information contributes to governmental accountability, public participation, agency efficiency, and open government." [2013 c 327 § 1.]

Intent—2008 c 326: "The intent of the legislature is to make state revenue and expenditure data as open, transparent, and publicly accessible as is feasible. Increasing the ease of public access to state budget data, particularly where the data are currently available from disparate internal government sources but are difficult for the public to collect and efficiently aggregate, significantly contributes to governmental accountability, public participation, agency efficiency, and open government." JOINT LEGISLATIVE OVERSIGHT COMMITTEE ON TRADE POLICY

Sections
44.55.010 Findings—Intent.
44.55.020 Committee membership.
44.55.030 Chair—Officers—Rules.
44.55.040 Powers, duties.
44.55.050 Staff support.
44.55.060 Compensation.

[Title 44 RCW—page 66]
44.55.010 Findings—Intent. The legislature finds that international trade is an important part of Washington's economy with Washington as the fifth largest exporting state in the nation. The legislature further finds that World Trade Organization agreements and the North American Free Trade Agreement have implications for Washington state laws governing agriculture, services, environmental regulation, and economic subsidies. The legislature further finds that future trade agreements such as the proposed Free Trade Area of the Americas may also impact Washington state. Therefore, it is the intent of the legislature to create a joint legislative oversight committee on trade policy to monitor the impact of these trade agreements on Washington state laws, and to provide a mechanism for legislators and citizens to voice their opinions and concerns about the potential impacts of these trade agreements to state and federal government officials. [2003 c 404 § 1.]

44.55.020 Committee membership. A joint legislative oversight committee on trade policy is created, to consist of four senators and four representatives from the legislature and three ex officio members. The president of the senate shall appoint the senate members of the committee, and the speaker of the house shall appoint the house members of the committee. No more than two members from each house may be from the same political party. A list of appointees must be submitted by July 1, 2003, and before the close of each regular session during an even-numbered year. Vacancies on the committee will be filled by appointment and must be filled from the same political party and from the same house as the member whose seat was vacated. The ex officio members shall be appointed by the speaker of the house and the president of the senate, and include a representative from the department of agriculture, the state trade representative, and a representative from the office of the attorney general. [2003 c 404 § 2.]

Reviser's note: Substitute House Bill No. 1059, Substitute House Bill No. 1173, and Engrossed Substitute House Bill No. 1827 were enacted during the 2003 regular session of the legislature, but were vetoed in part by the governor. A stipulated judgment, No. 03-2-01988-4 filed in the Superior Court of Thurston County, between the governor and the legislature, settled litigation over the governor's use of veto powers and declared the vetoes of SHB 1059, SHB 1173, and ESHB 1827 null and void. Consequently, the text of this section has been returned to the version passed by the legislature prior to the vetoes. For vetoed text and message, see chapter 404, Laws of 2003. [2003 c 404 § 1.]

44.55.030 Chair—Officers—Rules. The committee shall appoint its own chair and other officers and make rules for orderly procedure. [2003 c 404 § 3.]

44.55.040 Powers, duties. The committee has the following powers and duties:

1) At least once a year, hear public testimony on the actual and potential impacts of international trade agreements and negotiations on Washington state and submit an annual report to the state trade representative's office and to the legislature regarding the public testimony;

2) Maintain active communication with the state trade representative's office, the United States trade representative's office, Washington's congressional delegation, the national conference of state legislatures, and any other bodies the committee deems appropriate regarding ongoing developments in international trade agreements and policy;

3) Conduct an annual assessment of the impacts of international trade agreements upon Washington law and submit the report to the legislature;

4) Examine any aspects of international trade, international economic integration, and trade agreements that the members deem appropriate. [2003 c 404 § 4.]

44.55.050 Staff support. The committee will receive the necessary staff support from both the senate committee services and the house office of program research. [2003 c 404 § 5.]

44.55.060 Compensation. The members of the committee shall serve without additional compensation, but are entitled to receive per diem, mileage, and incidental expense allowances at the rates provided in chapter 44.04 RCW. [2003 c 404 § 6.]

44.73.020 Legislative gift center account.

**44.73.005 Findings.** The legislature finds that Washington is committed to economic development and supporting the tourism industry, and that economic development is achieved by promoting the state and the goods produced around the state. The legislature further finds that tourism is encouraged providing a memorable experience and an opportunity for visitors to take something back home with them to remind them of this experience. There are many visitors every day to the legislative building, including tourists, school children, and people from around the state visiting the state capitol. These visitors offer an opportunity for the state to showcase its products and history. Therefore, the legislature finds that a gift center in the legislative building would be an appropriate response to this opportunity, and further, that such a gift center could provide a source of revenue to help fund the oral history program and to pay for the restoration and repurchase of historical capitol furnishings. [2007 c 453 § 1.]

**44.73.010 Legislative gift center—Created—Retail sale of products—Governance—Planning.** (1) There is created in the legislature a legislative gift center for the retail sale of products bearing the state seal, Washington state souvenirs, other Washington products, and other products as

(5) **Subagent successorship.** A subagent appointed by the director who no longer wants his or her appointment may recommend a successor who is the subagent's sibling, spouse, or child, or a subagency employee. The recommended successor must participate in the open competitive process used to select an applicant. (a) If a subagency is held by a partnership or corporate entity, the nomination must be submitted on behalf of, and agreed to by, all partners or corporate officers;

(b) A subagent may not receive any direct or indirect compensation or remuneration from any party or entity in recognition of a successor nomination. A subagent may not receive any financial benefit from the transfer or termination of an appointment;

(c) The appointment of a successor is intended to assist in the efficient transfer of appointments to minimize public inconvenience. The appointment of a successor does not create a proprietary or property interest in the appointment;

(d) A subagent appointee who is planning to retire within twelve months may recommend a successor without resigning his or her appointment by submitting a letter of intent to retire with a successor recommendation to the county auditor or other agent appointed by the director. The county auditor or other agent appointed by the director shall, within sixty days, respond in writing to the subagent appointee indicating if the recommended successor would be considered in the open competitive process. If there are negative factors or deficiencies pertaining to the subagency operation or the recommended successor, the county auditor or other agent appointed by the director must state these factors in writing to the subagent appointee. The subagent appointee may withdraw the letter of intent to retire any time prior to the start of the open competitive process by writing to the county auditor or other agent appointed by the director and filing a copy with the director;

(e) A subagent appointee may name a recommended successor at any time during his or her appointment by notifying the county auditor or other agent appointed by the director in writing and filing a copy with the director. The purpose of this recommendation is for the county auditor or other agent appointed by the director to know the wishes of the subagent appointee in the event of the death or incapacitation of a sole subagent appointee or last remaining subagent appointee that could lead to the inability of the subagent to continue to fulfill the obligations of the appointment; and

(f) If the county auditor or other agent appointed by the director does not select the recommended successor for appointment as a result of the open competitive process, the county auditor or other agent appointed by the director must contact the subagent appointee by letter and explain the decision. The subagent appointee must be provided an opportunity to respond in writing. Any response by the subagent appointee must be included in the open competitive process materials submitted to the department;

(6) **Standard contracts.** The standard contracts provided by the director in this section may include provisions that the director deems necessary to ensure that readily accessible and acceptable service is provided to the citizens of the state, including the full collection of fees and taxes. The standard contracts must include provisions that:

(a) Describe responsibilities and liabilities of each party related to service expectations and levels;

(b) Describe the equipment to be supplied by the department and equipment maintenance;

(c) Require specific types of insurance or bonds, or both, to protect the state against any loss of collected revenue or loss of equipment;

(d) Specify the amount of training that will be provided by each of the parties;

(e) Describe allowable costs that may be charged for vehicle registration activities as described in subsection (7) of this section; and

(f) Describe causes and procedures for termination of the contract, which may include mediation and binding arbitration.

(7) **County auditor/agent cost reimbursement.** A county auditor or other agent appointed by the director who does not cover expenses for services provided by the standard contract may submit to the department a request for cost-coverage monies. The request must be submitted on a form developed by the department. The department must develop procedures to standardize and identify allowable costs and to verify whether a request is reasonable. Payment must be made on those requests found to be allowable from the licensing services account.

(8) **County auditor/agent revenue disbursement.** County revenues that exceed the cost of providing services described in the standard contract, calculated in accordance with the procedures in subsection (7) of this section, must be expended as determined by the county legislative authority during the process established by law for adoption of county budgets.

(9) **Appointment authority.** The director has final appointment authority for county auditors or other agents or subagents.

46.09.520 Refunds from motor vehicle fund—Distribution—Use. (Effective until July 1, 2015.) (1) From time to time, but at least once each year, the state treasurer shall refund from the motor vehicle fund one percent of the motor vehicle fuel tax revenues collected under chapter 82.36 RCW, based on a tax rate of: (a) Nineteen cents per gallon of motor vehicle fuel from July 1, 2003, through June 30, 2005; (b) twenty cents per gallon of motor vehicle fuel from July 1, 2005, through June 30, 2007; (c) twenty-one cents per gallon of motor vehicle fuel from July 1, 2007, through June 30, 2009; (d) twenty-two cents per gallon of motor vehicle fuel from July 1, 2009, through June 30, 2011; and (e) twenty-three cents per gallon of motor vehicle fuel beginning July 1, 2011, and thereafter, less proper deductions for refunds and costs of collection as provided in RCW 46.68.090.

(2) The treasurer shall place these funds in the general fund as follows:

(a) Thirty-six percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and...
information programs and maintenance of nonhighway roads;
(b) Three and one-half percent shall be credited to the ORV and nonhighway vehicle account and administered by the department of fish and wildlife solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and
(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities; and
(d) Fifty-eight and one-half percent shall be credited to the nonhighway and off-road vehicle activities program account to be administered by the board for planning, acquisition, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities and for education, information, and law enforcement programs. The funds under this subsection shall be expended in accordance with the following limitations:
(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(3) On a yearly basis an agency may not, except as provided in RCW 46.68.045, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.
(4) During the 2009-2011 fiscal biennium, the legislature may appropriate such amounts as reflect the excess fund balance in the NOVA account to the department of natural resources to install consistent off-road vehicle signage at department-managed recreation sites, and to implement the recreation opportunities on department-managed lands in the Reiter block and Ahtanum state forest, and to the state parks and recreation commission. The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. (a) A requirement that the department or its agent conduct both regular permissible use and data security audits subject to the following conditions and limitations:

(i) The data security audits must demonstrate compliance with the data security standards adopted by the office of the chief information officer.

(ii) When determining whether to conduct an audit under this subsection, the department must first take into consideration any independent third-party audit a data recipient has had before requiring that any additional audits be performed. If the independent third-party audit is a data security audit and it meets both recognized national or international standards and the standards adopted by the office of the chief information officer pursuant to (a)(i) of this subsection, the department must accept the audit and the audit is deemed to satisfy the conditions set out in subsection (4)(a). If the independent third-party audit is a permissible use audit and it meets recognized national or international standards, the department must accept the audit and the audit is deemed to satisfy the conditions set out in subsection (4)(a); and

(b) A provision that the cost of the audits performed pursuant to this subsection must be borne by the data recipient. A new data recipient must bear the initial cost to set up a system to disburse the data to the data recipient.

(c) The department must deposit any moneys collected under this subsection to the department of licensing technology improvement and data management account created in RCW 46.68.063.

(6) Where both a mailing address and residence address are recorded on the vehicle record and are different, only the mailing address will be disclosed. Both addresses will be disclosed in response to requests for disclosure from courts, law enforcement agencies, or government entities with enforcement, investigative, or taxing authority and only for use in the normal course of conducting their business.

(7) If a list of registered and legal owners of motor vehicles is used for any purpose other than that authorized in this section, the manufacturer, governmental agency, commercial parking company, contractor, financial institution, insurer, insurance support organization, self-insured entity, legitimate business entity, toll facility operator, or any authorized agent or contractor responsible for the unauthorized disclosure or use will be denied further access to such information by the department of licensing.

The notice must only include: (i) That the disclosing entity has disclosed the vehicle owner's name and address pursuant to a request made under this section; (ii) the date that the disclosure was made; and (iii) that the vehicle owner has five days from receipt of the notice to contact the disclosing entity to determine the occupation of the requesting party.

The legislature further finds and declares that it is a policy of the state of Washington to require commercial motor vehicles operating on state roadways to comply with rigorous federal and state safety regulations. The legislature also finds that intrastate and interstate commercial motor vehicles should comply with consistent state and federal commercial vehicle regulations." [2007 c 419 § 1.]

(a) The registered ownership of the vehicle is being transferred, except as provided in subsection (4) of this section. The renewed vehicle registration is valid for a full twelve-month period unless: (i) The vehicle changes ownership during the twelve-month period, in which case the registration expires; or (ii) a specific expiration date is required by law, rule, or program; or
(b) The Washington vehicle registration has expired and the registered owner:
(i) Is a member of the United States armed forces;
(ii) Was stationed outside of Washington under military orders during the prior vehicle registration year; and
(iii) Provides the department a copy of the military orders.
(2) Each registration year may be divided into twelve registration months. Each registration month begins at 12:01 a.m. on a day of the month assigned by the department and ends at 12:00 a.m. on the same day the following month.
(3) A registration period extends through the end of the next business day when the final day of a registration year or month falls on a Saturday, Sunday, or legal holiday.
(4) A vehicle registration does not expire when a change in vehicle ownership is the result of one or more of the following circumstances:
(a) When adding a lien holder to the certificate of title or removing a lien holder from the certificate of title;
(b) When a vehicle is transferred from one spouse or registered domestic partner to another;
(c) When removing a deceased spouse or registered domestic partner from the certificate of title;
(d) When a vehicle is transferred by gift or inheritance to one or more members of the registered owner's immediate family;

46.16A.025 Adjustment of vehicle registration periods to stagger renewal periods. The department may by rule extend or reduce vehicle registration periods for the purpose of staggering renewal periods. The rules may exclude any classes or classifications of vehicles from the staggered renewal system and may provide for the gradual introduction of classes or classifications of vehicles into the system. The rules shall provide for the collection of proportionately increased or decreased vehicle license fees and of excise or property taxes required to be paid at the time of registration.

It is the intent of the legislature that there shall be neither a significant net gain nor loss of revenue to the state general fund or the motor vehicle fund as the result of implementing and maintaining a staggered vehicle registration system.

Legislative intent—1989 c 192: "The legislature recognizes that there are residents of this state who intentionally register motor vehicles in other states to evade payment of taxes and fees required by the laws of this state. This results in a substantial loss of revenue to the state. It is the intent of the legislature to impose a stronger criminal penalty upon those residents who defraud the state, thereby enhancing compliance with the registration laws of this state and further enhancing enforcement and collection efforts.

In order to encourage voluntary compliance with the registration laws of this state, administrative penalties associated with failing to register a motor vehicle are waived until September 1, 1989. It is not the intent of the legislature to waive traffic infraction or criminal traffic violations imposed prior to July 23, 1989." [1989 c 192 § 1]

(b) Adding the scale weight to the product derived in (a) of this subsection; and

(a) Its empty scale weight plus the maximum load it will carry; and
(b) The empty scale weight of any trailer it will tow and the maximum load that the trailer will carry. The declared gross weight of the motor vehicle does not need to include the trailer if:

(i) The empty scale weight of the trailer and the maximum load the trailer will carry does not exceed four thousand pounds; or
(ii) The trailer is for personal use, such as a horse trailer, travel trailer, or utility trailer.

(b) The vehicle is a fixed load vehicle.

(4) Increasing declared gross weight. The following provisions apply when increasing declared gross weight for a motor vehicle licensed under this section:

(a) The declared gross weight must be increased to the end of the current registration year when the declared gross weight remains at 12,000 pounds or less.
(b) For motor vehicles increasing to a declared gross weight of 14,000 pounds or more, the declared gross weight must be increased, at a minimum, to the expiration of the current declared gross weight license.
(c) The new license fee is one-twelfth of the annual license fee listed in RCW 46.17.355 for each of the number of months remaining in the registration period. The department shall:
(i) Apply credit to any gross weight license fees already paid for the full months remaining in the registration period;

This sum must be multiplied by the number of full months for which the fees are paid if for less than a full year.

(6) Monthly license—Penalty. Operation of a vehicle registered under subsection (5) of this section by any person upon the public highways after the expiration of the monthly license is a traffic infraction. The person shall pay a license fee for the vehicle involved covering an entire registration year's operation, less the fees for any registration month or months of the registration year already paid. If, within five days, a license fee for a full registration year has not been paid as required, the Washington state patrol, county sheriff, or city police shall impound the vehicle until the fees have been paid.

(7) Camper, school bus—Exceptions. (a) The weight of a camper must not be included when determining declared gross weight.

Findings—Part headings not law—Severability—2003 c 361: See notes following RCW 82.36.025.

Policies and purposes—2003 c 1 (Initiative Measure No. 776): “This measure would require license tab fees to be $30 per year for motor vehicles and light trucks and would repeal certain government-imposed charges, including excise taxes and fees, levied on motor vehicles. Politicians promised "$30 license tabs are here to stay" and promised any increases in vehicle-related taxes, fees and surcharges would be put to a public vote. Politicians should keep their promises. As long as taxpayers must pay incredibly high sales taxes when buying motor vehicles (meaning state and local governments receive huge windfalls of sales tax revenue from these transactions), the people want license tab fees to not exceed the promised $30 per year. Without this follow-up measure, "tab creep" will continue until license tab fees are once again obscenely expensive, as they were prior to Initiative 695. The people want a public vote on any increases in vehicle-related taxes, fees and surcharges to ensure increased accountability. Voters will require more cost-effective use of existing revenues and fundamental reforms before approving higher charges on motor vehicles (such changes may remove the need for any increases). Also, dramatic changes to transportation plans and programs previously presented to voters must be resubmitted. This measure provides a strong directive to all taxing districts to obtain voter approval before imposing taxes, fees and surcharges on motor vehicles. However, if the legislature ignores this clear message, a referendum will be filed to protect the voters’ rights. Politicians should just do the right thing and keep their promises.” [2003 c 1 § 1 (Initiative Measure No. 776, approved November 5, 2002).]

Intent—2003 c 1 (Initiative Measure No. 776): “The people have made clear through the passage of numerous initiatives and referenda that taxes need to be reasonable and tax increases should always be a last resort. However, politicians throughout the state of Washington continue to ignore these repeated mandates.

The people expect politicians to keep their promises. The legislative intent of this measure is to ensure that they do.

Politicians are reminded:

(1) Washington voters want license tab fees to be $30 per year for motor vehicles unless voters authorize higher vehicle-related charges at an election.

(2) All political power is vested in the people, as stated in Article I, section 1 of the Washington state Constitution.

(3) The first power reserved by the people is the initiative, as stated in Article II, section 1 of the Washington state Constitution.

(4) When voters approve initiatives, politicians have a moral, ethical, and constitutional obligation to fully implement them. When politicians ignore this obligation, they corrupt the term "public servant."

(5) Any attempt to violate the clear intent and spirit of this measure undermines the trust of the people in their government and will increase the likelihood of future tax limitation measures.” [2003 c 1 § 11 (Initiative Measure No. 776, approved November 5, 2002).]

GENERAL PROVISIONS

46.18.005 Intent. The legislature has seen an increase in the demand from constituent groups seeking recognition and funding through the establishment of commemorative or special license plates. The high cost of implementing a new special license plate series coupled with the uncertainty of the state's ability to recoup its costs has led the legislature to delay the implementation of new special license plates. In order to address these issues, it is the intent of the legislature to create a mechanism that will allow for the evaluation of special license plate requests and establish a funding policy that will alleviate the financial burden currently placed on the state. Using these two strategies, the legislature will be better equipped to efficiently process special license plate legislation. [2010 c 161 § 601; 2003 c 196 § 1. Formerly RCW 46.16.700.]

Revisor's note: 2010 c 161 § 1226 directed that RCW 46.16.700 be recodified under the subchapter heading "review board" under chapter 46.18 RCW. However, recodification under the subchapter heading "general provisions" appears to be more appropriate.

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

46.18.010 Application. Persons applying to the department for special license plates shall apply on forms obtained from the department and in accordance with RCW 46.16A.040. The applicant shall provide all information as is required by the department in order to determine the applicant's eligibility for the special license plates. [2011 c 171 § 63; 1997 c 291 § 7; 1990 c 250 § 3. Formerly RCW 46.16.309.]

46.18.020 Rules. The director shall adopt rules to implement this chapter, including the setting of fees. [2011 c 171 § 64; 2010 c 161 § 631; 1990 c 250 § 10. Formerly RCW 46.16.335.]

46.18.050 Department duties—Applications, financial reports. The department shall:

1. Process special license plate applications and confirm that the sponsoring organization has submitted all required documentation. If an incomplete application is received, the department must return it to the sponsoring organization; and

2. Compile the annual financial reports submitted by sponsoring organizations with active special license plate series. [2011 c 171 § 65. Prior: 2010 1st sp.s. c 7 § 93; 2010 c 161 § 603; 2005 c 319 § 118; 2003 c 196 § 102. Formerly RCW 46.16.715.]

(2) Duties of the department include, but are not limited to, the following:

(c) Issue approval and rejection notification letters to sponsoring organizations, the executive committee of the
joint transportation committee, and the legislative sponsors identified in each application. The letters must be issued within seven days of making a determination on the status of an application; and

(d) Review annually the number of plates sold for each special license plate series created after January 1, 2003. The department may submit a recommendation to discontinue a special plate series to the executive committee of the joint transportation committee.

(3) In order to assess the effects and impact of the proliferation of special license plates, the legislature declares a temporary moratorium on the issuance of any additional plates until July 1, 2015. During this period of time, the department is prohibited from accepting, reviewing, processing, or approving any applications. Additionally, a special license plate may not be enacted by the legislature during the moratorium, unless the proposed license plate has been approved by the former special license plate review board before February 15, 2005.

Finding—1997 c 291: "The legislature finds that the proliferation of special license plate series has decreased the ready identification of vehicles by law enforcement, and increased the amount of computer programming conducted by the department of licensing, thereby increasing costs. Furthermore, rarely has the actual demand for special license plates met the requesters' projections. Most importantly, special plates detract from the primary purpose of license plates, that of vehicle identification." [1997 c 291 § 1.]

In addition to any penalty or fine imposed under this subsection, two hundred dollars must be assessed.

(3) Inaccessible access. It is a parking infraction, with a monetary penalty of two hundred fifty dollars, for a person to park in, block, or otherwise make inaccessible the access aisle located next to a space reserved for persons with physical disabilities. All time restrictions must be clearly posted.

(6) Allocation and use of funds - reimbursement. (a) The assessment imposed under subsections (2), (3), and (4) of this section must be allocated as follows:

When a reduced penalty is imposed under subsection (2), (3), or (4) of this section, the amount deposited in the accounts identified in (a) of this subsection must be reduced equally and proportionally.

(c) The penalty or fine amounts must be used by that local jurisdiction exclusively for law enforcement. The court may also impose an additional penalty sufficient to reimburse the local jurisdiction for any costs that it may have incurred in the removal and storage of the improperly parked vehicle.

(7) Illegal obtainment. If the request is refused, the person in charge of the vehicle may be issued a notice of infraction for a violation of this section.

46.20.037 Facial recognition matching system. (1) The department may implement a facial recognition matching system for drivers' licenses, permits, and identification cards. Any facial recognition matching system selected by the department must be used only to verify the identity of an applicant or holder of a driver's license, permit, or identification card under a different name or names.

(2) Any facial recognition matching system selected by the department must be capable of highly accurate matching, and must be compliant with appropriate standards established by the American association of motor vehicle administrators that exist on June 7, 2012, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(3) The department shall post notices in conspicuous locations at all department driver licensing offices, make written information available to all applicants at department driver licensing offices, and provide information on the department's web site regarding the facial recognition matching system. The notices, written information, and information on the web site must address how the facial recognition matching system works, all ways in which the department may use results from the facial recognition matching system, how an investigation based on results from the facial recognition matching system would be conducted, and a person's right to appeal any determinations made under this chapter.

(4) Results from the facial recognition matching system:

(a) Are not available for public inspection and copying under chapter 42.56 RCW;

(5) All personally identifying information derived from the facial recognition matching system must be stored with appropriate security safeguards. The office of the chief information officer shall develop the appropriate security standards for the department's use of the facial recognition matching system, subject to approval and oversight by the technology services board.

(6) The department shall develop procedures to handle instances in which the facial recognition matching system fails to verify the identity of an applicant for a renewal or duplicate driver's license, permit, or identification card. These procedures must allow an applicant to prove identity without using the facial recognition matching system. [2012 c 80 § 1; 2006 c 292 § 1; 2004 c 273 § 3.]

Intent—1999 c 6: See note following RCW 46.04.168.

Purpose—1977 ex.s. c 27: "The legislature finds that the falsification of cards and licenses is a serious social problem creating economic hardship and problems which impede the efficient conduct of commerce and government. The legislature is particularly concerned that the increasing use of false drivers' licenses and identicards to purchase liquor, to cash bad checks, and to obtain food stamps and other benefits is causing the loss of liquor licenses, the loss of jobs, the loss of income, and the loss of human life in addition to significant monetary losses in business and government. It is the purpose of RCW 46.20.114 to require an effective means of rendering drivers' licenses and identicards as immune as possible from alteration and counterfeiting in order to promote the public health and safety of the people of this state."

### 46.20.118 Negative file.

(1) The department shall maintain a negative file. It shall contain negatives of all pictures taken by the department of licensing as authorized by this chapter. Negatives in the file shall not be available for public inspection and copying under chapter 42.56 RCW.

(2) The department may make the file available to official governmental enforcement agencies to assist in the investigation by the agencies of suspected criminal activity or for the purposes of verifying identity when a law enforcement officer is authorized by law to request identification from an individual.

(3) The department shall make the file available to the office of the secretary of state, at the expense of the secretary of state, to assist in maintenance of the statewide voter registration database.

(4) The department may also provide a print to the driver's next of kin in the event the driver is deceased. [2009 c 366 § 1. Prior: 2005 c 274 § 307; 2005 c 246 § 23; 1990 c 250 § 37; 1981 c 22 § 1; 1979 c 158 § 149; 1969 ex.s. c 155 § 5.]

**Effective date—2005 c 246:** See note following RCW 10.64.140.

**Purpose—1969 ex.s. c 155:** "The identification of the injured or the seriously ill is often difficult. The need for an identification file to facilitate use by proper law enforcement officers has hampered law enforcement. Personal identification for criminal, personal and commercial reasons is becoming most important at a time when it is increasingly difficult to accomplish. The legislature finds that the public health and welfare requires a standard and readily recognizable means of identification of each person living within the state. The legislature further finds that the need for an identification file by law enforcement agencies must be met. The use of photographic drivers' licenses will greatly aid the problem, but some means of identification must be provided for persons who do not possess a driver's license. The purpose of this 1969 amendatory act is to provide for the positive identification of persons, both through an expanded use of drivers' licenses and also through issue of personal identification cards for nondrivers." ### 46.20.120 Examinations—Waiver—Fees—Renews—Administration.

An applicant for a new or renewed driver's license must successfully pass a driver licensing examination to qualify for a driver's license. The department must ensure that examinations are given at places and times reasonably available to the people of this state. If the department does not administer driver licensing examinations as a routine part of its licensing services within a department region because adequate testing sites are provided by driver training schools or school districts within that region, the department shall, at a minimum, administer driver licensing examinations by appointment to applicants eighteen years of age and older in at least one licensing office within that region.

(1) **Waiver.** The department may waive:
(a) All or any part of the examination of any person applying for the renewal of a driver's license unless the department determines that the applicant is not qualified to hold a driver's license under this title; or

   (i) Surrenders a valid driver's license issued by the person's previous home state; or
   (ii) Provides for verification a valid driver's license issued by a foreign driver licensing jurisdiction with which the department has an informal agreement under RCW 46.20.125; and
   (iii) Is otherwise qualified to be licensed.

   (a) Apply to the department to extend the validity of his or her license for no more than twelve months. If the person establishes to the department's satisfaction that he or she is unable to return to Washington before the date his or her license expires, the department shall extend the person's license. The department may grant consecutive extensions, but in no event may the cumulative total of extensions exceed twelve months.
   An extension granted under this section does not change the expiration date of the license for purposes of RCW 46.20.181. The department shall charge a fee of five dollars for each license extension;
   (b) Apply to the department to renew his or her license by mail or, if permitted by rule of the department, by electronic commerce when it last expired.

46.20.245 Mandatory revocation—Notice—Administrative, judicial review—Rules—Application. (1) Whenever the department proposes to withhold the driving privilege of a person or disqualify a person from operating a commercial motor vehicle and this action is made mandatory by the provisions of this chapter or other law, the department must give notice to the person in writing by posting in the United States mail, appropriately addressed, postage prepaid, or by personal service. Notice by mail is given upon deposit in the United States mail. Notice given under this subsection must specify the date upon which the driving privilege is to be withheld which shall not be less than forty-five days after the original notice is given.

(2) Within fifteen days after notice has been given to a person under subsection (1) of this section, the person may request in writing an administrative review before the department. If the request is mailed, it must be postmarked within fifteen days after the date the department has given notice. If a person fails to request an administrative review within fifteen days after the date the department gives notice, the person is considered to have defaulted and loses his or her right to an administrative review unless the department finds good cause for a request after the fifteen-day period.

(a) An administrative review under this subsection shall consist solely of an internal review of documents and records submitted or available to the department, unless the person requests an interview before the department, in which case all or any part of the administrative review may, at the discretion of the department, be conducted by telephone or other electronic means.

(b) The only issues to be addressed in the administrative review are:

(c) For the purposes of this section, the notice received from a court or other reporting agency or entity, regardless of form or format, is prima facie evidence that the information from the court or other reporting agency or entity regarding the person is accurate. A person requesting administrative review has the burden of showing by a preponderance of the evidence that the person is not subject to the withholding of the driving privilege.

(d) The action subject to the notification requirements of subsection (1) of this section shall be stayed during the administrative review process.

(e) Judicial review of a department order affirming the action subject to the notification requirements of subsection (1) of this section after an administrative review shall be available in the same manner as provided in *RCW 46.20.308(9). The department shall certify its record to the court within thirty days after service upon the department of the petition for judicial review. The action subject to the notification requirements of subsection (1) of this section shall not automatically be stayed during the judicial review. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury.

(3) The department may adopt rules that are considered necessary or convenient by the department for purposes of administering this section, including, but not limited to, rules regarding expedited procedures for issuing orders and expedited notice procedures.

(4) This section does not apply where an opportunity for an informal settlement, driver improvement interview, or formal hearing is otherwise provided by law or rule of the department. [2005 c 288 § 1.]

(2) The department shall require a driver reported under RCW 46.52.070 (2) and (3) to submit to an examination. The examination must be completed no later than one hundred twenty days after the accident report required under RCW 46.52.070(2) is received by the department unless the department, at the request of the operator, extends the time for examination.

46.20.308  Implied consent—Test refusal—Procedures. (1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath for the purpose of determining the alcohol concentration, THC concentration, or presence of any drug in his or her breath if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol or THC in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. The officer shall inform the person of his or her right to refuse the breath test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if:

(i) The driver is age twenty-one or over and the test indicates either that the alcohol concentration of the driver's breath is 0.08 or more or that the THC concentration of the driver's blood is 5.00 or more; or

(ii) The driver is under age twenty-one and the test indicates either that the alcohol concentration of the driver's breath is 0.02 or more or that the THC concentration of the driver's blood is above 0.00; or

(iii) The driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied, the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of felony driving under the influence of intoxicating liquor or drugs under RCW 46.61.502(6), felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug under RCW 46.61.504(6), vehicular homicide as provided in RCW 46.61.520, or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested pursuant to a search warrant, a valid waiver of the warrant requirement, or when exigent circumstances exist.

(4) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath, no test shall be given except as authorized by a search warrant.

(5) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more, or the THC concentration of the person's blood is 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood is 0.02 or more, or the THC concentration of the person's blood is above 0.00, if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, privilege to drive as required by subsection (6) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection (7) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver's license;

(c) Serve notice in writing that the license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, privilege to drive is sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit it replaces; and

(d) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person is age twenty-
one or over, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

(6) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection (5)(d) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first.

(7) A person receiving notification under subsection (5)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection (5) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, THC in his or her system in a concentration above 0.00, if the person was under the age of twenty-one, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person was age twenty-one or over at the time of the arrest, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse,
affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(9)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (6) of this section, other than as a result of a breath test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license under subsection (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not accepted by the person, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

(10) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license. 46.20.311 Duration of license sanctions—Reissuance or renewal. (1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.
(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars. 46.20.323 Notice of interview—Contents. The notice shall contain a statement setting forth the proposed action and the grounds therefor, and notify the person to appear for a driver improvement interview not less than ten days from the date notice is given. [1965 ex.s. c 121 § 30.]

46.20.324 Persons not entitled to interview or hearing. Unless otherwise provided by law, a person shall not be entitled to a driver improvement interview or formal hearing under the provisions of RCW 46.20.322 through 46.20.333 when the person:

46.20.325 Suspension or probation before interview—Alternative procedure. In the alternative to the procedure set forth in RCW 46.20.322 and 46.20.323 the department, whenever it determines from its records or other sufficient evidence that the safety of persons upon the highways requires such action, shall forthwith and without a driver improvement interview suspend the privilege of a person to operate a motor vehicle or impose reasonable terms and conditions of probation consistent with the safe operation of a motor vehicle. The department shall in such case, immediately notify such licensee in writing and upon his or her request shall afford him or her an opportunity for a driver improvement interview as early as practical within not to exceed seven days after receipt of such request, or the department, at the time it gives notice may set the date of a driver improvement interview, giving not less than ten days' notice thereof. [2010 c 8 § 9021; 1965 ex.s. c 121 § 32.]

46.20.326 Failure to appear or request interview constitutes waiver—Procedure. Failure to appear for a driver improvement interview at the time and place stated by the department in its notice as provided in RCW 46.20.322 and 46.20.323 or failure to request a driver improvement interview within ten days as provided in RCW 46.20.325 constitutes a waiver of a driver improvement interview, and the department may take action without such driver improvement interview, or the department may, upon request of the person whose privilege to drive may be affected, or at its own option, re-open the case, take evidence, change or set aside any order theretofore made, or grant a driver improvement interview. A driver improvement interview shall be conducted in a completely informal manner before a driver improvement analyst sitting as a referee. The applicant or licensee shall have the right to make or file a written answer or statement in which he or she may controvert any point at issue, and present any evidence or arguments for the consideration of the department pertinent to the action taken or proposed to be taken or the grounds therefor. The department may consider its records relating to the applicant or licensee. The driver improvement interview shall not be deemed an agency hearing. [2010 c 8 § 9022; 1965 ex.s. c 121 § 34.]

46.20.328 Findings and notification after interview—Request for formal hearing. Upon the conclusion of a driver improvement interview, the department's referee shall make findings on the matter under consideration and shall notify the person involved in writing by personal service of the findings. The referee's findings shall be final unless the person involved is notified to the contrary by personal service or by certified mail within fifteen days. The decision is effective upon notice. The person upon receiving such notice may, in writing and within ten days, request a formal hearing. [1979 c 61 § 11; 1965 ex.s. c 121 § 35.]

Any decision by the department suspending or revoking a person's driving privilege shall be stayed and shall not take effect while a formal hearing is pending as herein provided or during the pendency of a subsequent appeal to superior court: PROVIDED, That this stay shall be effective only so long as there is no conviction of a moving violation or a finding that the person has committed a traffic infraction which is a moving violation during pendency of hearing and appeal: PROVIDED FURTHER, That nothing in this section shall be construed as prohibiting the department from seeking an order setting aside the stay during the pendency of such appeal in those cases where the action of the department is based upon physical or mental incapacity, or a failure to successfully complete an examination required by this chapter.

A formal hearing shall be conducted by the director or by a person or persons appointed by the director from among the employees of the department. [1982 c 189 § 4; 1981 c 67 § 28; 1979 ex.s. c 136 § 61; 1972 ex.s. c 29 § 1; 1965 ex.s. c 121 § 36.]

driver's license or driving privilege, or in the imposition of requirements to be met prior to issuance or reissuance of a driver's license, under Title 46 RCW. The director may delegate to any such designees the authority to render the final decision of the department in such proceedings. Chapter 34.12 RCW shall not apply to such proceedings. In addition the department may require a reexamination of the licensee or applicant. Proceedings at a formal hearing shall be recorded stenographically or by mechanical device. Upon the conclusion of a formal hearing, if not heard by the director or a person authorized by him or her to make final decisions regarding the issuance, denial, suspension, or revocation of licenses, the referee or board shall make findings on the matters under consideration and may prepare and submit recommendations to the director or such person designated by the director who is authorized to make final decisions regarding the issuance, denial, suspension, or revocation of licenses. [2010 c 8 § 9023; 1972 ex.s. c 29 § 3; 1965 ex.s. c 121 § 37.]

(b) A fee of up to twenty dollars may be imposed by the court in addition to any fee required by the department for provision of the driving abstract.

(b) Eligibility for the relicensing diversion program shall be limited to violators with no more than four convictions under RCW 46.20.342(1)(c)(iv) in the ten years preceding the date of entering the relicensing diversion program, subject to a less restrictive rule imposed by the presiding judge of the county district court or municipal court. (b) The administrative office of the courts is directed, subject to available funds, to compile and analyze the data required to be submitted in this section and develop recommendations for a best practices model for relicensing diversion programs. [2009 c 490 § 1.]

46.20.342 Driving while license invalidated—Penalties—Extension of invalidation. (1) It is unlawful for any person to drive a motor vehicle in this state while that person is in a suspended or revoked status or when his or her privilege to drive is suspended or revoked in this or any other state. Any person who has a valid Washington driver's license is not guilty of a violation of this section.

For the purposes of this subsection, a person is not considered to be eligible to reinstate his or her driver's license or driving privilege if the person is eligible to obtain an ignition interlock driver's license but did not obtain such a license. **46.20.355 Alcohol violator—Probationary license.**

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect thirty days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW 10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon reinstatement or reissuance of a driver's license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate a motor vehicle in the state of Washington, except as otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of fifty dollars in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the fifty dollar fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

(5) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. Subject to the provisions of RCW 46.20.720(3)(b)(ii), the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720 and 46.61.5055. Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(ii), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010,
the applicant shall pay the cost of installing, removing, and
leasing the ignition interlock device and shall pay an addi-
tional fee of twenty dollars per month. Payments shall be
made directly to the ignition interlock company. The com-
pany shall remit the additional twenty dollar fee to the depart-
ment.

(b) The department shall deposit the proceeds of the
twenty dollar fee into the ignition interlock device revol-
ing account. Expenditures from the account may be used only
to administer and operate the ignition interlock device revol-
ing account program. The department shall adopt rules to provide
monetary assistance according to greatest need and when
funds are available.

(7) The department shall adopt rules to implement igni-
tion interlock licensing. The department shall consult with
the administrative office of the courts, the state patrol, the
Washington association of sheriffs and police chiefs, ignition
interlock companies, and any other organization or entity the
department deems appropriate.

(8)(a) Any person licensed under this chapter who is
convicted of a violation of RCW 46.61.500 when the charge
was originally filed as a violation of RCW 46.61.502 or
46.61.504, or an equivalent local ordinance, may submit to
the department an application for an ignition interlock
driver's license under this section.

(b) A person who does not have any driver's license
under this chapter, but who would otherwise be eligible under
this section to apply for an ignition interlock license, may
submit to the department an application for an ignition inter-
lock license. The department may require the person to take
any driver's licensing examination under this chapter and
may require the person to also apply and qualify for a tempo-
rary restricted driver's license under RCW 46.20.391. [2013

(2)(a) A person licensed under this chapter whose

to the driver that the occupational driver's license shall be
canceled. If at any time before the cancellation goes into
effect the driver submits evidence of continued enrollment in
the program, the cancellation shall be stayed. If the cancella-
tion becomes effective, the driver may obtain, at no addi-
tional charge, a new occupational driver's license upon sub-
mittal of evidence of enrollment in another program that
meets the criteria set forth in this subsection; and

The department must give notice of the cancellation as provided under RCW 46.20.245. These restrictions shall be prepared in written form by the department, which document shall be carried in the vehicle at all times and presented to a law enforcement officer under the same terms as the occupational or temporary restricted driver's license. Any violation of the restrictions constitutes a violation of RCW 46.20.342 and subjects the person to all procedures and penalties therefor. [2004 c 95 § 8; 1999 c 472 § 2; 1983 c 165 § 26.]

ALCOHOL DETECTION DEVICES

46.20.710 Legislative finding. The legislature finds and declares:

1) There is a need to reduce the incidence of drivers on the highways and roads of this state who, because of their use, consumption, or possession of alcohol, pose a danger to the health and safety of other drivers;

2) One method of dealing with the problem of drinking drivers is to discourage the use of alcohol by persons who possess or have consumed alcoholic beverages;

3) The installation of an ignition interlock breath alcohol device or other biological or technical device will provide a means of deterring the use of motor vehicles by persons who have consumed alcoholic beverages;

4) Ignition interlock and other biological and technical devices are designed to supplement other methods of punishment that prevent drivers from using a motor vehicle after using, possessing, or consuming alcohol;

5) It is economically and technically feasible to have an ignition interlock or other biological or technical device installed in a motor vehicle in such a manner that the vehicle will not start if the operator has recently consumed alcohol.

Additional notes found at www.leg.wa.gov

46.20.720 Drivers convicted of alcohol offenses. (1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock.

The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

2) Under RCW 46.61.5055 and subject to the exceptions listed in that statute, the court shall order any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(a) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.5249 or an equivalent local or out-of-state statute or ordinance. The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.5249 or 46.61.500 and is required under RCW 46.61.5249(4) or 46.61.500(3)(a) or (b) to install an ignition interlock device on all vehicles operated by the person.

(b) Except as provided in (b)(ii) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) The employer exemption does not apply:

(A) When the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment;

(B) For the first thirty days after an ignition interlock device has been installed as the result of a first conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(C) For the first three hundred sixty-five days after an ignition interlock device has been installed as the result of a second or subsequent conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance.

(c) The ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more.

Subject to the provisions of subsections (4) and (5) of this section, the period of time of the restriction will be no less than:

(i) For a person who has not previously been restricted under this section, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

(iii) For a person who has previously been restricted under (c)(ii) of this subsection, a period of ten years.

4) A restriction imposed under subsection (3) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the four consecutive months prior to the date of release:

(a) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;
(b) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) For a person required to install an ignition interlock device pursuant to RCW 46.61.5249(4) or 46.61.500(3), the period of time of the restriction shall be for six months and shall be subject to subsection (4) of this section.

(6) In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department to be deposited into the ignition interlock device revolving account. Finding—Intent—1998 c 210: "The legislature finds that driving is a privilege and that the state may restrict that privilege in the interests of public safety. One such reasonable restriction is requiring certain individuals, if they choose to drive, to drive only vehicles equipped with ignition interlock devices. The legislature further finds that the costs of these devices are minimal and are affordable. It is the intent of the legislature that these devices be paid for by the drivers using them and that neither the state nor entities of local government provide any public funding for this purpose." ### 46.20.745 Ignition interlock device revolving account program—Pilot program.

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from each region of the state, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720. ### 46.20.740 Notation on driving record—Verification of interlock—Penalty.

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is not so equipped, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped. [2010 c 269 § 8; 2008 c 282 § 13; 2004 c 95 § 12; 2001 c 55 § 1; 1997 c 229 § 10; 1994 c 275 § 24; 1987 c 247 § 4.]

[Title 46 RCW—page 142]
modifying, detaching, disconnecting, or otherwise disabling it, is guilty of a gross misdemeanor.

(2) A person who knowingly assists another person who is restricted to the use of a vehicle equipped with an ignition interlock device to circumvent the device or to start and operate that vehicle in violation of a court order is guilty of a gross misdemeanor. The provisions of this subsection do not apply if the starting of a motor vehicle, or the request to start a motor vehicle, equipped with an ignition interlock device is done for the purpose of safety or mechanical repair of the device or the vehicle and the person subject to the court order does not operate the vehicle. 46.20.755 Local verification of ignition interlock device installation—Immunity. If a person is required, as part of the person's judgment and sentence, to install an ignition interlock device on all motor vehicles operated by the person and the person is under the jurisdiction of the municipality or county probation or supervision department, the probation or supervision department must verify the installation of the ignition interlock device or devices. The municipality or county probation or supervision department satisfies the requirement to verify the installation or installations if the municipality or county probation or supervision department receives written verification by one or more companies doing business in the state that it has installed the required device on a vehicle owned or operated by the person. The municipality or county shall have no further obligation to supervise the use of the ignition interlock device or devices by the person and shall not be civilly liable for any injuries or damages caused by the person for failing to use an ignition interlock device or for driving under the influence of intoxicating liquor or any drug or being in actual physical control of a motor vehicle under the influence of intoxicating liquor or any drug. [2010 c 269 § 5.]

DRIVER LICENSE COMPACT

Sections
46.21.010 Compact enacted—Provisions.
46.21.020 "Licensing authority" defined—Duty to furnish information.
46.21.030 Expenses of compact administrator.
46.21.040 "Executive head" defined.

46.21.010 Compact enacted—Provisions. The driver license compact prepared pursuant to resolutions of the western governors' conference and the western interstate committee on highway policy problems of the council of state governments is hereby entered into and enacted into law, the terms and provisions of which shall be as follows:

DRIVER LICENSE COMPACT

ARTICLE I—Findings and Declaration of Policy
(a) The party states find that:
(1) The safety of their streets and highways is materially affected by the degree of compliance with state laws and local ordinances relating to the operation of motor vehicles.
(2) Violation of such a law or ordinance is evidence that the violator engages in conduct which is likely to endanger the safety of persons and property.
(3) The continuance in force of a license to drive is predicated upon compliance with laws and ordinances relating to the operation of motor vehicles, in whichever jurisdiction the vehicle is operated.
(b) It is the policy of each of the party states to:
(1) Promote compliance with the laws, ordinances, and administrative rules and regulations relating to the operation
of motor vehicles by their operators in each of the jurisdictions where such operators drive motor vehicles.

(2) Make the reciprocal recognition of licenses to drive and eligibility therefor more just and equitable by considering the over-all compliance with motor vehicle laws, ordinances and administrative rules and regulations as a condition precedent to the continuance or issuance of any license by reason of which the licensee is authorized or permitted to operate a motor vehicle in any of the party states.

ARTICLE II—Definitions

As used in this compact:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, or the Commonwealth of Puerto Rico.

(b) "Home state" means the state which has issued and has the power to suspend or revoke the use of the license or permit to operate a motor vehicle.

(c) "Conviction" means a conviction of any offense related to the use or operation of a motor vehicle which is prohibited by state law, municipal ordinance or administrative rule or regulation, or a forfeiture of bail, bond or other security deposited to secure appearance by a person charged with having committed any such offense, and which conviction or forfeiture is required to be reported to the licensing authority.

ARTICLE III—Reports of Conviction

The licensing authority of a party state shall report each conviction of a person from another party state occurring within its jurisdiction to the licensing authority of the home state of the licensee. Such report shall clearly identify the person convicted; describe the violation specifying the section of the statute, code or ordinance violated; identify the court in which action was taken; indicate whether a plea of guilty or not guilty was entered, or the conviction was a result of the forfeiture of bail, bond or other security; and shall include any special findings made in connection therewith.

ARTICLE IV—Effect of Conviction

(a) The licensing authority in the home state, for the purposes of suspension, revocation or limitation of the license to operate a motor vehicle, shall give the same effect to the conduct reported, pursuant to Article III of this compact, as it would if such conduct had occurred in the home state, in the case of convictions for:

(1) Vehicular homicide;

(2) Driving a motor vehicle while under the influence of intoxicating liquor or a narcotic drug, or under the influence of any other drug to a degree which renders the driver incapable of safely driving a motor vehicle;

(3) Any felony in the commission of which a motor vehicle is used;

(4) Failure to stop and render aid in the event of a motor vehicle accident resulting in the death or personal injury of another.

(b) If the laws of a party state do not provide for offenses or violations denominated or described in precisely the words employed in subdivision (a) of this Article, such party state shall construe the denominations and descriptions appearing in subdivision (a) hereof as being applicable to and identifying those offenses or violations of a substantially similar nature and the laws of such party state shall contain such provisions as may be necessary to ensure that full force and effect is given to this Article.

ARTICLE V—Applications for New Licenses

Upon application for a license to drive, the licensing authority in a party state shall ascertain whether the applicant has ever held, or is the holder of a license to drive issued by any other party state. The licensing authority in the state where application is made shall not issue a license to drive to the applicant if:

(1) The applicant has held such a license, but the same has been suspended by reason, in whole or in part, of a violation and if such suspension period has not terminated.

(2) The applicant has held such a license, but the same has been revoked by reason, in whole or in part, of a violation and if such revocation has not terminated, except that after the expiration of one year from the date the license was revoked, such person may make application for a new license if permitted by law. The licensing authority may refuse to issue a license to such applicant if, after investigation, the licensing authority determines that it will not be safe to grant to such person the privilege of driving a motor vehicle on the public highways.

(3) The applicant is the holder of a license to drive issued by another party state and currently in force unless the applicant surrenders such license.

ARTICLE VI—Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party state to apply any of its other laws relating to licenses to drive to any person or circumstance, nor to invalidate or prevent any driver license agreement or other cooperative arrangement between a party state and a non-party state.

ARTICLE VII—Compact Administrator and Interchange of Information

(a) The head of the licensing authority of each party state shall be the administrator of this compact for his state. The administrators, acting jointly, shall have the power to formulate all necessary and proper procedures for the exchange of information under this compact.

(b) The administrator of each party state shall furnish to the administrator of each other party state any information or documents reasonably necessary to facilitate the administration of this compact.

ARTICLE VIII—Entry into Force and Withdrawal

(a) This compact shall enter into force and become effective as to any state when it has enacted the same into law.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until six months after the executive head of the withdrawing state has given notice of the withdrawal to the executive heads of all other party states. No withdrawal shall affect the validity or applicability by the licensing
46.23.010 Compact established—Provisions. The nonresident violator compact, hereinafter called "the compact," is hereby established in the form substantially as follows, and the Washington state department of licensing is authorized to enter into such compact with all other jurisdictions legally joining therein:

NONRESIDENT VIOLATOR COMPACT

Article I — Findings, Declaration of Policy, and Purpose

(a) The party jurisdictions find that:

(1) In most instances, a motorist who is cited for a traffic violation in a jurisdiction other than his home jurisdiction: Must post collateral or bond to secure appearance for trial at a later date; or if unable to post collateral or bond, is taken into custody until the collateral or bond is posted; or is taken directly to court for his trial to be held.

(2) In some instances, the motorist's driver's license may be deposited as collateral to be returned after he has complied with the terms of the citation.

(3) The purpose of the practices described in paragraphs (1) and (2) above is to ensure compliance with the terms of a traffic citation by the motorist who, if permitted to continue on his way after receiving the traffic citation, could return to him [his] home jurisdiction and disregard his duty under the terms of the traffic citation.

(4) A motorist receiving a traffic citation in his home jurisdiction is permitted, except for certain violations, to accept the citation from the officer at the scene of the violation and to immediately continue on his way after promising or being instructed to comply with the terms of the citation.

(5) The practice described in paragraph (1) above, causes unnecessary inconvenience and, at times, a hardship for the motorist who is unable at the time to post collateral, furnish a bond, stand trial, or pay the fine, and thus is compelled to remain in custody until some arrangement can be made.

(6) The deposit of a driver's license as a bail bond, as described in paragraph (2) above, is viewed with disfavor.

(7) The practices described herein consume an undue amount of law enforcement time.

(b) It is the policy of the party jurisdictions to:

(1) Seek compliance with the laws, ordinances, and administrative rules and regulations relating to the operation of motor vehicles in each of the jurisdictions.

(2) Allow motorists to accept a traffic citation for certain violations and proceed on their way without delay whether or not the motorist is a resident of the jurisdiction in which the citation was issued.

(3) Extend cooperation to its fullest extent among the jurisdictions for obtaining compliance with the terms of a traffic citation issued in one jurisdiction to a resident of another jurisdiction.

(4) Maximize effective utilization of law enforcement personnel and assist court systems in the efficient disposition of traffic violations.

(c) The purpose of this compact is to:

(1) Provide a means through which the party jurisdictions may participate in a reciprocal program to effectuate the policies enumerated in paragraph (b) above in a uniform and orderly manner.

(2) Provide for the fair and impartial treatment of traffic violators operating within party jurisdictions in recognition of the motorist's right of due process and the sovereign status of a party jurisdiction.
Article III — Procedure for Issuing Jurisdiction

(a) When issuing a citation for a traffic violation or infraction, a police officer shall issue the citation to a motorist who possesses a driver's license issued by a party jurisdiction and shall not, subject to the exceptions noted in paragraph (b) of this article, require the motorist to post collateral to secure appearance, if the officer receives the motorist's personal recognizance that he or she will comply with the terms of the citation.

(b) Personal recognizance is acceptable only if not prohibited by law. If mandatory appearance is required, it must take place immediately following issuance of the citation.

(c) Upon failure of a motorist to comply with the terms of a traffic citation, the appropriate official shall report the failure to comply to the licensing authority of the jurisdiction in which the traffic citation was issued. The report shall be made in accordance with procedures specified by the issuing jurisdiction and insofar as practical shall contain information as specified in the compact manual as minimum requirements for effective processing by the home jurisdiction.

(d) Upon receipt of the report, the licensing authority of the issuing jurisdiction shall transmit to the licensing authority in the home jurisdiction of the motorist the information in a form and content substantially conforming to the compact manual.

(e) The licensing authority of the issuing jurisdiction may not suspend the privilege of a motorist for whom a report has been transmitted.

(f) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation if the date of transmission is more than six months after the date on which the traffic citation was issued.

(g) The licensing authority of the issuing jurisdiction shall not transmit a report on any violation where the date of issuance of the citation predates the most recent of the effective dates of entry for the two jurisdictions affected.

Article IV — Procedure for Home Jurisdiction

(a) Upon receipt of a report of a failure to comply from the licensing authority of the issuing jurisdiction, the licensing authority of the home jurisdiction shall notify the motorist and initiate a suspension action, in accordance with the home jurisdiction's procedures, to suspend the motorist's driver's license until satisfactory evidence of compliance with the terms of the traffic citation has been furnished to the home jurisdiction licensing authority. Due process safeguards will be accorded.

(b) The licensing authority of the home jurisdiction shall maintain a record of actions taken and make reports to issuing jurisdictions as provided in the compact manual.

Article V — Applicability of Other Laws

Except as expressly required by provisions of this compact, nothing contained herein shall be construed to affect the right of any party jurisdiction to apply any of its other laws relating to licenses to drive to any person or circumstance, or to invalidate or prevent any driver license agreement or other cooperative arrangement between a party jurisdiction and a nonparty jurisdiction.

Article VI — Compact Administrator Procedures

(a) For the purpose of administering the provisions of this compact and to serve as a governing body for the resolution of all matters relating to the operation of this compact, a board of compact administrators is established. The board shall be composed of one representative from each party jurisdiction to be known as the compact administrator. The compact administrator shall be appointed by the jurisdiction executive and will serve and be subject to removal in accordance with the laws of the jurisdiction he represents. A compact administrator may provide for the discharge of his duties and the performance of his functions as a board member by an alternate. An alternate may not be entitled to serve unless written notification of his identity has been given to the board.

(b) Each member of the board of compact administrators shall be entitled to one vote. No action of the board shall be binding unless taken at a meeting at which a majority of the total number of votes on the board are cast in favor. Action by the board shall be only at a meeting at which a majority of the party jurisdictions are represented.

(c) The board shall elect annually, from its membership, a chairman and a vice chairman.

(d) The board shall adopt bylaws, not inconsistent with the provisions of this compact or the laws of a party jurisdiction, for the conduct of its business and shall have the power to amend and rescind its bylaws.

(e) The board may accept for any of its purposes and functions under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, conditional or otherwise, from any jurisdiction, the United States, or any other governmental agency, and may receive, utilize, and dispose of the same.

(f) The board may contract with, or accept services or personnel from, any governmental or intergovernmental agency, person, firm, or corporation, or any private nonprofit organization or institution.
(g) The board shall formulate all necessary procedures and develop uniform forms and documents for administering the provisions of this compact. All procedures and forms adopted pursuant to board action shall be contained in the compact manual.

Article VII — Entry into Compact and Withdrawal

(a) This compact shall become effective when it has been adopted by at least two jurisdictions.

(b) Entry into the compact shall be made by a resolution of ratification executed by the department of licensing and submitted to the chairman of the board. The resolution shall be in a form and content as provided in the compact manual and shall include statements that in substance are as follows:

1. A citation of the authority by which the jurisdiction is empowered to become a party to this compact.
2. Agreement to comply with the terms and provisions of the compact.
3. That compact entry is with all jurisdictions then party to the compact and with any jurisdiction that legally becomes a party to the compact.
4. The effective date of entry shall be specified by the applying jurisdiction, but it shall not be less than thirty days after notice has been given by the chairman of the board of compact administrators or by the secretariat of the board to each party jurisdiction that the resolution from the applying jurisdiction has been received.
5. A party jurisdiction may withdraw from this compact by official written notice to the other party jurisdictions, but a jurisdiction has been received.
6. Such agreements shall provide that if a person licensed by either state or province is issued a citation by the other state or province for a moving traffic violation covered by the agreement, he or she shall not be detained or required to furnish bail or collateral, and that if he or she fails to comply with the terms of the citation, his or her license shall be suspended or renewal refused by the state or province that issued the license until the home jurisdiction is notified by the issuing jurisdiction that he or she has complied with the terms of the citation.
7. Such agreement shall also provide such terms and procedures as are necessary and proper to facilitate its administration.

Article VIII — Exceptions

The provisions of this compact shall not apply to parking or standing violations, highway weight limit violations, and violations of law governing the transportation of hazardous materials.

Article IX — Amendments to the Compact

(a) This compact may be amended from time to time. Amendments shall be presented in resolution form to the chairman of the board of compact administrators and may be initiated by one or more party jurisdictions.

(b) Adoption of an amendment shall require endorsement of all party jurisdictions and shall become effective thirty days after the date of the last endorsement.

(c) Failure of a party jurisdiction to respond to the compact chairman within one hundred twenty days after receipt of the proposed amendment shall constitute endorsement.

Article X — Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes stated herein. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the constitution of any party jurisdiction or of the United States or the applicability thereof to any government, agency, person, or circumstance, the compact shall not be affected thereby. If this compact shall be held contrary to the constitution of any jurisdiction party thereto, the compact shall remain in full force and effect as to the remaining jurisdictions and in full force and effect as to the jurisdiction affected as to all severable matters.

Article XI — Title

This compact shall be known as the nonresident violator compact. [1982 c 212 § 1.]

46.23.020 Reciprocal agreements authorized—Provisions. (1) The Washington state department of licensing is authorized and encouraged to execute a reciprocal agreement with the Canadian province of British Columbia, and with any other state which is not a member of the nonresident violator compact, concerning the rendering of mutual assistance in the disposition of traffic infractions committed by persons licensed in one state or province while in the jurisdiction of the other.

(h) Driving a commercial motor vehicle without the proper class of commercial driver's license endorsement or endorsements for the specific vehicle group being operated or for the passenger or type of cargo being transported; and
(i) Any other violation of a state or local law relating to motor vehicle traffic control, other than a parking violation, that the department determines by rule to be serious.

Part 391 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and is therefore not required to obtain a medical examiner's certificate under 49 C.F.R. (c) The notification requirements contained in (a) and (b) of this subsection as they relate to the federal, provincial, territorial, or municipal laws of Canada become effective only when the federal law or federal rules are changed to require the notification or a bilateral or multilateral agreement is entered into between the state of Washington and any Canadian province implementing essentially the same standards of regulation and penalties of all parties as encompassed in this chapter.

(2) A driver whose driver's license is suspended, revoked, or canceled by a state, who loses the privilege to drive a commercial motor vehicle in a state for any period, or who is disqualified from driving a commercial motor vehicle for any period, shall notify his or her employer of that fact before the end of the business day following the day the driver received notice of that fact.

(i) Controlled and operated by a farmer;

(ii) Used to transport either agricultural products, which in this section include Christmas trees and wood products harvested from private tree farms and transported by vehicles weighing no more than forty thousand pounds licensed gross vehicle weight, farm machinery, farm supplies, animal manure, animal manure compost, or any combination of those materials to or from a farm;

This exception is not applicable to United States reserve technicians.

(2) No person may drive a commercial motor vehicle while his or her driving privilege is suspended, revoked, or canceled, while subject to disqualification, or in violation of an out-of-service order. Violations of this subsection shall be punished in the same way as violations of RCW 46.20.342(1).

(3) The department must, to the extent possible, enter into reciprocity agreements with adjoining states to allow the waivers described in subsection (1) of this section to apply to drivers holding commercial driver's licenses from those adjoining states. [2013 c 224 § 4; 2011 c 142 § 1; 2006 c 327 § 3; 1995 c 393 § 1; 1990 c 56 § 1; 1989 c 178 § 7.]

(3) The holder of a CLP may drive a commercial motor vehicle on a highway only when in possession of a valid driver's license and accompanied by the holder of a valid CDL who has the proper CDL classification and endorsement or endorsements necessary to operate the commercial motor vehicle. The CDL holder must at all times be physically present in the front seat of the vehicle next to the CLP holder or, in the case of a passenger vehicle, directly behind or in the first row behind the driver and must have the CLP holder under observation and direct supervision.

(a) "P" restricts the driver from operating a bus with passengers;
(b) "X" restricts the driver from operating a tank vehicle that contains cargo; and
(c) Any restriction as established by rule of the department.

(7) The holder of a CLP is not authorized to operate a commercial motor vehicle transporting hazardous materials.

(8) A CLP may not be issued for a period to exceed one hundred eighty days. The department may renew the CLP for one additional one hundred eighty-day period without requiring the CLP holder to retake the general and endorsement knowledge examinations.

(9) The department must transmit the fees collected for CLPs to the state treasurer for deposit in the highway safety fund. [2013 c 224 § 5.]

Effective date—2013 c 224: See note following RCW 46.01.130.

46.25.055 Medical examiner's certificate—Required. A person may not drive a commercial motor vehicle unless he or she is physically qualified to do so and, except as provided in 49 C.F.R. Sec. 391.67, has on his or her person the original, or a photographic copy, of a medical examiner's certificate that he or she is physically qualified to drive a commercial motor vehicle. [2003 c 195 § 3.]

(2) A person who violates this section is subject to a penalty of two hundred fifty dollars. If the person appears in person before the court or submits by mail written proof that he or she had, at the time the infraction took place, the medical examiner's certificate, the court shall reduce the penalty to fifty dollars. [2003 c 195 § 4.]

Findings—2003 c 195: See note following RCW 46.25.070.

See note following RCW 46.25.070.

Part 383, subparts F, G, and H, in addition to other requirements imposed by state law or federal regulation.

The department may not allow the person to take the skills examination during the first fourteen days after initial issuance of the person's commercial learner's permit. The examinations must be prescribed and conducted by the department.

(b) In addition to the fee charged for issuance or renewal of any license, the applicant shall pay a fee of no more than ten dollars for each classified knowledge examination, classified endorsement knowledge examination, or any combination of classified license and endorsement knowledge examinations. The applicant shall pay a fee of no more than one hundred dollars for each classified skill examination or combination of classified skill examinations conducted by the department.

(b) An applicant who operates a commercial motor vehicle for agribusiness purposes is exempt from the course of instruction completion and employer skills and training certification requirements under this section. By January 1, 2010, the department shall submit recommendations regarding the continuance of this exemption to the transportation committees of the legislature. For purposes of this subsection (2)(b), "agribusiness" means a private carrier who in the normal course of business primarily transports:

(i) Farm machinery, farm equipment, implements of husbandry, farm supplies, and materials used in farming;

(ii) Agricultural inputs, such as seed, feed, fertilizer, and crop protection products;

(iii) Unprocessed agricultural commodities, as defined in RCW 17.21.020, where such commodities are produced by farmers, ranchers, vineyardists, or orchardists; or

(iv) Any combination of (b)(i) through (iii) of this subsection.

The department shall notify the transportation committees of the legislature if the federal government takes action affecting the exemption provided in this subsection (2)(b).

(3) A commercial driver's license or commercial learner's permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person's driver's license is suspended, revoked, or canceled in any state, nor may a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

46.25.070 Application—Change of address, name—Residency—Hazardous materials endorsement. (1) The application for a commercial driver's license or commercial learner's permit must include the following:

(a) The full name and current mailing and residential address of the person;

(h) Any other information required by the department; and

(i) A consent to release driving record information to parties identified in chapter 46.52 RCW and this chapter.

[Title 46 RCW—page 152]
(2) An applicant for a commercial driver's license or commercial learner's permit, and every licensee seeking to renew his or her license, must meet the requirements of 49 C.F.R. Sec. 383.71 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section.

(3) An applicant for a hazardous materials endorsement must submit an application and comply with federal transportation security administration requirements as specified in 49 C.F.R. Part 1572.

(4) When a licensee changes his or her name, mailing address, or residence address, the person shall notify the department as provided in RCW 46.20.205.

(5) No person who has been a resident of this state for thirty days may drive a commercial motor vehicle under the authority of a commercial driver's license issued by another jurisdiction. [2013 c 224 § 7; 2004 c 187 § 4; 2003 c 195 § 2; 1991 c 73 § 2; 1989 c 178 § 9.]

Effective date—2013 c 224: See note following RCW 46.01.130.

Findings—2003 c 195: "The legislature finds that current economic conditions impose severe hardships on many commercial vehicle drivers. The legislature finds that commercial drivers who may not currently be working may not be able to afford the expense of a required physical in order to maintain their commercial driver's license. The legislature finds that Washington's commercial driver's license statutes should be harmonized with federal requirements, which require proof of a physical capacity to drive a commercial vehicle, along with a valid commercial driver's license, but do not link the two requirements. The legislature finds that allowing commercial drivers to delay getting a physical until they are actually driving a commercial vehicle will prevent the imposition of unnecessary expense and hardship on Washington's commercial vehicle drivers." [2003 c 195 § 1.]

46.25.075 Certification—Recordkeeping and administration—Downgrade. (1) Any person applying for a CDL or CLP must certify that he or she is or expects to be engaged in one of the following types of driving:

(a) Nonexcepted interstate;
(b) Excepted interstate;
(c) Nonexcepted intrastate; or
(d) Excepted intrastate.

(2) A CDL or CLP applicant or holder who certifies under subsection (1)(a) of this section that he or she is or expects to be engaged in nonexcepted interstate commerce must provide a copy of a medical examiner's certificate prepared by a medical examiner, as defined in 49 C.F.R. Sec. 390.5 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section. Upon submission, a copy of the medical examiner's certificate must be date-stamped by the department. A CDL or CLP holder who certifies under subsection (1)(a) of this section must submit a copy of each subsequently issued medical examiner's certificate.

(3) For each operator of a commercial motor vehicle required to have a CDL or CLP, the department must meet the following requirements:

(a)(i) The driver's self-certification of type of driving under subsection (1) of this section must be maintained on the driver's record and the CDLIS driver record;
(ii) The copy of a medical examiner's certificate, when submitted under subsection (2) of this section, must be retained for three years beyond the date the certificate was issued; and

(iii) When a medical examiner's certificate is submitted under subsection (2) of this section, the information required under 49 C.F.R. Sec. 383.73 as it existed on July 8, 2014, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section must be posted to the CDLIS driver record within ten calendar days from the date submitted. The indicator of medical certification status, such as "certified" or "not-certified," must be maintained on the driver's record.

(b) Within ten calendar days of the driver's medical certification status expiring or a medical variance expiring or being rescinded, the medical certification status of the driver must be updated to "not-certified."

(c) Within ten calendar days of receiving information from the federal motor carrier safety administration regarding issuance or renewal of a medical variance for a driver, the department must update the CDLIS driver record to include the medical variance information.

(4)(a) If a driver's medical certification or medical variance expires, or the federal motor carrier safety administration notifies the department that a medical variance was removed or rescinded, the department must:

(i) Notify the driver of his or her "not-certified" medical certification status and that the privilege of operating a commercial motor vehicle will be removed from the CDL or CLP unless the driver submits a current medical certificate or medical variance, or changes his or her self-certification to driving only in excepted or intrastate commerce; and

(ii) Initiate procedures for downgrading the CDL or CLP. The CDL or CLP downgrade must be completed and recorded within sixty days of the driver's medical certification status becoming "not-certified" to operate a commercial motor vehicle.

(b) If a driver fails to provide the department with the certification required in subsection (1) of this section, or a current medical examiner's certificate if the driver self-certifies under subsection (1)(a) of this section that he or she is operating in nonexcepted interstate commerce as required in subsection (2) of this section, the department must mark the CDLIS driver record as "not-certified" and initiate a CDL or CLP downgrade in accordance with (a)(ii) of this subsection.

(c) A driver whose CDL or CLP has been downgraded under this subsection may restore the CDL or CLP privilege by providing the necessary certifications or medical variance information to the department. [2013 c 224 § 8; 2011 c 227 § 3.]

Effective date—2013 c 224: See note following RCW 46.01.130.

Effective date—2011 c 227 §§ 1-3: "Sections 1 through 3 of this act take effect January 30, 2012." [2011 c 227 § 7.]

When a person has been disqualified from operating a commercial motor vehicle, the person is not entitled to have the commercial driver's license or commercial learner's permit restored until after the expiration of the appropriate disqualification period required under RCW 46.25.090 or until the department has received a drug and alcohol assessment and evidence is presented of satisfactory participation in or completion of any required drug or alcohol treatment program for ending the disqualification under RCW 46.25.090(7). After expiration of the appropriate period and upon payment of a requalification fee of twenty dollars, or one hundred fifty dollars if the person has been disqualified under RCW 46.25.090(7), the person may apply for a new, duplicate, or renewal commercial driver's license or commercial learner's permit as provided by law. If the person has been disqualified for a period of one year or more, the person shall demonstrate that he or she meets the commercial driver's license or commercial learner's permit qualification standards specified in RCW 46.25.060. [2013 c 224 § 12; 2002 c 272 § 4; 1989 c 178 § 12.]

46.25.110 Driving with alcohol or THC in system. (1) Notwithstanding any other provision of Title 46 RCW, a person may not drive, operate, or be in physical control of a commercial motor vehicle while having alcohol or THC in his or her system.

(2) Law enforcement or appropriate officials shall issue an out-of-service order valid for twenty-four hours against a person who drives, operates, or is in physical control of a commercial motor vehicle while having alcohol or THC in his or her system or who refuses to take a test to determine his or her alcohol content or THC concentration as provided by RCW 46.25.120. [2013 2nd sp.s. c 35 § 11; 1989 c 178 § 13.]

46.25.120 Test for alcohol or drugs—Disqualification for refusal of test or positive test—Procedures. (1) A person who drives a commercial motor vehicle within this state is deemed to have given consent, subject to RCW 46.61.506, to take a test or tests of that person's blood or breath for the purpose of determining that person's alcohol concentration or the presence of other drugs.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has probable cause to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system or while under the influence of any drug.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more or any measurable amount of THC concentration, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more or any measurable amount of THC concentration.

(5) Upon receipt of the sworn report of a law enforcement officer under subsection (4) of this section, the department shall disqualify the driver from driving a commercial
motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system or while under the influence of any drug, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, and, if the test was administered, whether the results indicated an alcohol concentration of 0.04 percent or more or any measurable amount of THC concentration. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(6) If a motor carrier or employer who is required to have a testing program under 49 C.F.R. 382 knows that a commercial driver in his or her employ has refused to submit to testing under this section and has not been disqualified from driving a commercial motor vehicle, the employer may notify law enforcement or his or her medical review officer or breath alcohol technician that the driver has refused to submit to the required testing.

(7) The hearing provisions of this section do not apply to those persons disqualified from driving a commercial motor vehicle under RCW 46.25.090(7). [2013 2nd sp.s. c 35 § 12; 2006 c 327 § 5; 2002 c 272 § 5; 1998 c 41 § 6; 1990 c 250 § 50; 1989 c 178 § 14.]

46.25.125 Mandatory reporting of positive test. (1) All medical review officers or breath alcohol technicians hired by or under contract to a motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40 or to a consortium the carrier or employer belongs to, as defined in 49 C.F.R. 40.3, shall report the finding of a commercial motor vehicle driver's verified positive drug test or positive alcohol confirmation test to the department of licensing on a form provided by the department. If the employer is required to have a testing program under 49 C.F.R. 655, a report of a verified positive drug test or positive alcohol confirmation test must not be forwarded to the department under this subsection unless the test is a preemployment drug test conducted under 49 C.F.R. 655.41 or a preemployment alcohol test conducted under 49 C.F.R. 655.42.

(2)(a) A motor carrier or employer who employs drivers who operate commercial motor vehicles and who is required to have a testing program conducted under the procedures established by 49 C.F.R. 40, or the consortium the carrier or employer belongs to, must report a refusal by a commercial motor vehicle driver to take a drug or alcohol test, under circumstances that constitute the refusal of a test under 49 C.F.R. 40 and where such refusal has not been reported by a medical review officer or breath alcohol technician, to the department of licensing on a form provided by the department.

(b) An employer who is required to have a testing program under 49 C.F.R. 655 must report a commercial motor vehicle driver's verified positive drug test or a positive alcohol confirmation test when: (i) The driver's employment has been terminated or the driver has resigned; (ii) any grievance process, up to but not including arbitration, has been concluded; and (iii) at the time of termination or resignation the driver has not been cleared to return to safety-sensitive functions.

(3) Motor carriers, employers, or consortiums shall make it a written condition of their contract or agreement with a medical review officer or breath alcohol technician, regardless of the state where the medical review officer or breath alcohol technician is located, that the medical review officer or breath alcohol technician is required to report all Washington state licensed drivers who have a verified positive drug test or positive alcohol confirmation test to the department of licensing within three business days of the verification or confirmation. Failure to obtain this contractual condition or agreement with the medical review officer or breath alcohol technician by the motor carrier, employer, or consortium, or failure to report a refusal as required by subsection (2) of this section, will result in an administrative fine as provided in RCW 46.32.100 or 81.04.405.

(4) Substances obtained for testing may not be used for any purpose other than drug or alcohol testing under 49 C.F.R. 40. [2005 c 325 § 3; 2002 c 272 § 1.]

Intent—2005 c 325: See note following RCW 46.25.010.

46.25.125 Disqualification for positive test—Procedure. (1) When the department of licensing receives a report from a medical review officer, breath alcohol technician, employer, contractor, or consortium that a driver has a verified positive drug test or positive alcohol confirmation test, as part of the testing program conducted under 49 C.F.R. 40, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090(7) subject to a hearing as provided in this section. The department shall notify the person in writing of the disqualification by first-class mail. The notice must explain the procedure for the person to request a hearing.

(2) A person disqualified from driving a commercial motor vehicle for having a verified positive drug test or positive alcohol confirmation test may request a hearing to challenge the disqualification within twenty days from the date notice is given. If the request for a hearing is mailed, it must be postmarked within twenty days after the department has given notice of the disqualification.
(3) The hearing must be conducted in the county of the person's residence, except that the department may conduct all or part of the hearing by telephone or other electronic means.

(4) For the purposes of this section, or for the purpose of a hearing de novo in an appeal to superior court, the hearing must be limited to the following issues: (a) Whether the driver is the person who is the subject of the report; (b) whether the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and (c) whether the medical review officer or breath alcohol technician making the report accurately followed the protocols established to verify or confirm the results, or if the driver refused a test, whether the circumstances constitute the refusal of a test under 49 C.F.R. 40. Evidence may be presented to demonstrate that the test results are a false positive. For the purpose of a hearing under this section, a copy of a positive test result with a declaration by the tester or medical review officer or breath alcohol technician stating the accuracy of the laboratory protocols followed to arrive at the test result is prima facie evidence

(i) Of a verified positive drug test or positive alcohol confirmation test result;

(ii) That the motor carrier, employer, or consortium has a program that is subject to the federal requirements under 49 C.F.R. 40; and

(iii) That the medical review officer or breath alcohol technician making the report accurately followed the protocols for testing established to verify or confirm the results.

After the hearing, the department shall order the disqualification of the person either be rescinded or sustained.

(5) If the person does not request a hearing within the twenty-day time limit, or if the person fails to appear at a hearing, the person has waived the right to a hearing and the department shall sustain the disqualification.

(6) A decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation and the department receives no further report of a verified positive drug test or positive alcohol confirmation test during the pendency of the hearing and appeal. If the disqualification is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of his or her residence to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) The department of licensing may adopt rules specifying further requirements for requesting and conducting a hearing under this section.

(8) The department of licensing is not civilly liable for damage resulting from disqualifying a driver based on a verified positive drug test or positive alcohol confirmation test result as required by this section or for damage resulting from release of this information that occurs in the normal course of business. [2005 c 325 § 4; 2002 c 272 § 2.]

(2)(a) No later than ten days after disqualifying any nonresident holder of a commercial driver's license or commercial learner's permit from operating a commercial motor vehicle, or revoking, suspending, or canceling the nonresident driving privileges of the nonresident holder of a commercial driver's license or commercial learner's permit for at least sixty days, the department must notify the state that issued the license of the disqualification, revocation, suspension, or cancellation.

(b) The notification must include both the disqualification and the violation that resulted in the disqualification, revocation, suspension, or cancellation. The notification and the information it provides must be recorded on the driver's record. [2013 c 224 § 13; 2004 c 187 § 8; 1989 c 178 § 15.]

**46.25.150 Agreements to carry out chapter.** The department may enter into or make agreements, arrangements, or declarations to carry out this chapter. [1989 c 178 § 17.]

**46.25.160 Licenses issued by other jurisdictions.** Notwithstanding any law to the contrary, a person may drive a commercial motor vehicle if the person has a commercial driver's license or commercial learner's permit issued by any state or jurisdiction in accordance with the minimum federal standards for the issuance of commercial motor vehicle driver's licenses or permits, if the person's license or permit is not suspended, revoked, or canceled, and if the person is not disqualified from driving a commercial motor vehicle or is subject to an out-of-service order. SECURITY FOLLOWING ACCIDENT

46.29.060 Application of sections requiring deposit of security and suspensions for failure to deposit security. The provisions of this chapter, requiring deposit of security and suspensions for failure to deposit security, subject to certain exemptions, shall apply to the driver and owner of any vehicle of a type subject to registration under the motor vehicle laws of this state which is in any manner involved in an accident within this state, which accident has resulted in bodily injury or death of any person or damage to the property of any one person to an apparent extent equal to or greater than the minimum amount established by rule adopted by the director. The director shall adopt rules establishing the property damage threshold at which the provisions of this chapter apply with respect to the deposit of security and suspensions for failure to deposit security. Beginning October 1, 1987, the property damage threshold shall be five hundred dollars. The thresholds shall be revised when necessary, but not more frequently than every two years. The revisions shall only be for the purpose of recognizing economic changes as reflected by an inflationary index recommended by the office of financial management. The revisions shall be guided by the change in the index for the time period since the last revision and by the threshold established by the chief of the Washington state patrol for the filing of accident reports as provided in RCW 46.52.030. [1987 c 463 § 1; 1977 ex.s. c 369 § 1; 1971 ex.s. c 22 § 2; 1963 c 169 § 6.]

46.29.070 Department to determine amount of security required—Notices. (1) The department, not less than twenty days after receipt of a report of an accident as described in the preceding section, shall determine the amount of security which shall be sufficient in its judgment to satisfy any judgment or judgments for damages resulting from such accident as may be recovered against each driver or owner. Such determination shall not be made with respect to drivers or owners who are exempt under succeeding sections of this chapter from the requirements as to security and suspension.

(2) The department shall determine the amount of security deposit required of any person upon the basis of the reports or other information submitted. In the event a person involved in an accident as described in this chapter fails to make a report or submit information indicating the extent of his or her injuries or the damage to his or her property within one hundred eighty days after the accident and the department does not have sufficient information on which to base an evaluation of such injuries or damage, then the department after reasonable notice to such person, if it is possible to give such notice, otherwise without such notice, shall not require any deposit of security for the benefit or protection of such person.

(3) The department after receipt of report of any accident referred to herein and upon determining the amount of security to be required of any person involved in such accident or to be required of the owner of any vehicle involved in such accident shall give written notice to every such person of the amount of security required to be deposited by him or her and that an order of suspension will be made as hereinafter provided not less than twenty days and not more than sixty days after the sending of such notice unless within said time security be deposited as required by said notice. [2010 c 8 § 9029; 1981 c 309 § 1; 1979 c 78 § 1; 1963 c 169 § 7.]

Proof of financial security for the future required in addition to security after accident: RCW 46.29.420.

46.29.080 Exceptions as to requirement of security. The requirements as to security and suspension in this chapter shall not apply:

(1) To the driver or owner if the owner had in effect at the time of the accident an automobile liability policy or bond with respect to the vehicle involved in the accident, except that a driver shall not be exempt under this subsection if at the time of the accident the vehicle was being operated without the owner's permission, express or implied;

(2) To the driver, if not the owner of the vehicle involved in the accident, if there was in effect at the time of the accident an automobile liability policy or bond with respect to his or her driving of vehicles not owned by him or her;
(3) To the driver, if not the owner of the vehicle involved in the accident, if there was in effect at the time of the accident an automobile liability policy or bond as to which there is a bona fide dispute concerning coverage of such driver as evidenced by the pendency of litigation seeking a declaration of said driver's coverage under such policy or bond;

(4) To the driver, whether or not the owner, if there is a bona fide claim on the part of the driver that there was in effect at the time of the accident, an automobile liability policy or bond insuring or covering such driver;

(5) To any person qualifying as a self-insurer under RCW 46.29.630 or to any person operating a vehicle for such self-insurer;

(6) To the driver or the owner of a vehicle in an accident wherein no injury or damage was caused to the person or property of anyone other than such driver or owner;

(7) To the driver or owner of a vehicle which at the time of the accident was parked, unless such vehicle was parked at a place where parking was at the time of the accident prohibited under any applicable law or ordinance;

(8) To the owner of a vehicle if at the time of the accident the vehicle was being operated without his or her permission, express or implied, or was parked by a person who had been operating such vehicle without such permission, except if the vehicle was operated by his or her minor child or spouse;

(9) To the owner of a vehicle involved in an accident if at the time of the accident such vehicle was owned by or leased to the United States, this state or any political subdivision of this state or a municipality thereof, or to the driver of such vehicle if operating such vehicle with permission; or

(10) To the driver or the owner of a vehicle in the event at the time of the accident the vehicle was being operated by or under the direction of a police officer who, in the performance of his or her duties, shall have assumed custody of such vehicle. [2010 c 8 § 9030; 1965 c 124 § 1; 1963 c 169 § 8.]

46.29.090 Requirements as to policy or bond. (1) No policy or bond is effective under RCW 46.29.080 unless issued by an insurance company or surety company authorized to do business in this state, except as provided in subsection (2) of this section, nor unless such policy or bond is subject, if the accident has resulted in bodily injury or death, to a limit, exclusive of interest and costs, of not less than twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, to a limit of not less than fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and if the accident has resulted in injury to, or destruction of, property to a limit of not less than ten thousand dollars because of injury to or destruction of property of others in any one accident.

(2) No policy or bond is effective under RCW 46.29.080 with respect to any vehicle which was not registered in this state or was a vehicle which was registered elsewhere than in this state at the effective date of the policy or bond or the most recent renewal thereof, unless the insurance company or surety company issuing such policy or bond is authorized to do business in this state, or if said company is not authorized to do business in this state, unless it executes a power of attorney authorizing the director of licensing to accept service on its behalf of notice or process in any action upon such policy or bond arising out of such accident.

(3) The department may rely upon the accuracy of the information in a required report of an accident as to the existence of insurance or a bond unless and until the department has reason to believe that the information is erroneous. [1980 c 117 § 3; 1979 c 158 § 155; 1967 ex.s. c 3 § 1; 1963 c 169 § 9.]

46.29.100 Form and amount of security. (1) The security required under this chapter shall be in such form and in such amount as the department may require, but in no case in excess of the limits specified in RCW 46.29.090 in reference to the acceptable limits of a policy or bond.

(2) Every depositor of security shall designate in writing every person in whose name such deposit is made and may at any time change such designation, but any single deposit of security shall be applicable only on behalf of persons required to furnish security because of the same accident. [1963 c 169 § 10.]

46.29.110 Failure to deposit security—Suspensions. If a person required to deposit security under this chapter fails to deposit such security within sixty days after the department has sent the notice as hereinafter provided, the department shall thereupon suspend:

(1) The driver's license of each driver in any manner involved in the accident;

(2) The driver's license of each vehicle of a type subject to registration under the laws of this state involved in the accident;

(3) If the driver or owner is a nonresident, the privilege of operating within this state a vehicle of a type subject to registration under the laws of this state.

Such suspensions shall be made in respect to persons required by the department to deposit security who fail to deposit such security except as otherwise provided under succeeding sections of this chapter. [1990 c 250 § 51; 1987 c 378 § 1; 1967 c 32 § 37; 1963 c 169 § 11.]

46.29.120 Release from liability. (1) A person shall be relieved from the requirement for deposit of security for the benefit or protection of another person injured or damaged in the accident in the event he or she is released from liability by such other person.

(2) In the event the department has evaluated the injuries or damage to any minor the department may accept, for the purposes of this chapter only, evidence of a release from liability executed by a natural guardian or a legal guardian on behalf of such minor without the approval of any court or judge. [2010 c 8 § 9031; 1965 c 124 § 2; 1963 c 169 § 12.]

46.29.130 Adjudication of nonliability. A person shall be relieved from the requirement for deposit of security in respect to a claim for injury or damage arising out of the accident in the event such person has been finally adjudicated not to be liable in respect to such claim. [1963 c 169 § 13.]
46.29.140 Agreements for payment of damages. (1) Any two or more of the persons involved in or affected by an accident as described in RCW 46.29.060 may at any time enter into a written agreement for the payment of an agreed amount with respect to all claims of any of such persons because of bodily injury to or death or property damage arising from such accident, which agreement may provide for payment in installments, and may file a signed copy thereof with the department.

(2) The department, to the extent provided by any such written agreement filed with it, shall not require the deposit of security and shall terminate any prior order of suspension, or, if security has previously been deposited, the department shall immediately return such security to the depositor or his or her personal representative.

(3) In the event of a default in any payment under such agreement and upon notice of such default the department shall take action suspending the license of such person in default as would be appropriate in the event of failure of such person to deposit security when required under this chapter.

(4) Such suspension shall remain in effect and such license shall not be restored unless and until:

(a) Security is deposited as required under this chapter in such amount as the department may then determine,

(b) When, following any such default and suspension, the person in default has paid the balance of the agreed amount,

(c) When, following any such default and suspension, the person in default has resumed installment payments under an agreement acceptable to the creditor, or

(d) Three years have elapsed following the accident and evidence satisfactory to the department has been filed with it that during such period no action at law upon such agreement has been instituted and is pending. [2010 c 8 § 9032; 1981 c 309 § 2; 1963 c 169 § 14.]

46.29.150 Payment upon judgment. The payment of a judgment arising out of an accident or the payment upon such judgment of an amount equal to the maximum amount which could be required for deposit under this chapter shall, for the purposes of this chapter, release the judgment debtor from the liability evidenced by such judgment. [1963 c 169 § 15.]

46.29.160 Termination of security requirement. The department, if satisfied as to the existence of any fact which under RCW 46.29.120, 46.29.130, 46.29.140 or 46.29.150 would entitle a person to be relieved from the security requirements of this chapter, shall not require the deposit of security by the person so relieved from such requirement, or if security has previously been deposited by such person, the department shall immediately return such deposit to such person or to his or her personal representative. [2010 c 8 § 9032; 1963 c 169 § 16.]

46.29.170 Duration of suspension. Unless a suspension is terminated under other provisions of this chapter, any order of suspension by the department under this chapter shall remain in effect and no license shall be renewed for or issued to any person whose license is so suspended until:

(1) Such person shall deposit or there shall be deposited on his or her behalf the security required under this chapter, or

(2) Two years have elapsed following the date of the accident resulting in such suspension and evidence satisfactory to the department has been filed with it that during such period no action for damages arising out of the accident resulting in such suspension has been instituted.

An affidavit of the applicant that no action at law for damages arising out of the accident has been filed against him or her, or, if filed, that it is not still pending shall be prima facie evidence of that fact. The department may take whatever steps are necessary to verify the statement set forth in any said affidavit. [2010 c 8 § 9034; 1981 c 309 § 3; 1963 c 169 § 17.]

46.29.180 Application to nonresidents, unlicensed drivers, unregistered vehicles, and accidents in other states. (1) In case the driver or the owner of a vehicle of a type subject to registration under the laws of this state involved in an accident within this state has no driver's license in this state, then such driver shall not be allowed a driver's license until he or she has complied with the requirements of this chapter to the same extent that would be necessary if, at the time of the accident, he or she had held a license or been the owner of a vehicle registered in this state.

(2) When a nonresident's driving privilege is suspended pursuant to RCW 46.29.110, the department shall transmit a certified copy of the record or abstract of such action to the official in charge of the issuance of licenses and registration certificates in the state in which such nonresident resides, if the law of such other state provided for action in relation thereto similar to that provided for in subsection (3) of this section.

(3) Upon receipt of such certification that the driving privilege of a resident of this state has been suspended or revoked in any such other state pursuant to a law providing for its suspension or revocation for failure to deposit security for the payment of judgments arising out of a motor vehicle accident, under circumstances which would require the department to suspend a nonresident's driving privilege had the accident occurred in this state, the department shall suspend the license of such resident. Such suspension shall continue until such resident furnishes evidence of his or her compliance with the law of such other state relating to the deposit of such security. [2010 c 8 § 9035; 1967 c 32 § 38; 1963 c 169 § 18.]

46.29.190 Authority of department to decrease amount of security. The department may reduce the amount of security ordered in any case if in its judgment the amount ordered is excessive. In case the security originally ordered has been deposited, the excess deposit over the reduced amount ordered shall be returned to the depositor or his or her personal representative forthwith. [2010 c 8 § 9036; 1965 c 124 § 3; 1963 c 169 § 19.]

46.29.200 Correction of action by department. Whenever the department has taken any action or has failed to take any action under this chapter by reason of having received erroneous information, then upon receiving correct
information within three years after the date of an accident the department shall take appropriate action to carry out the purposes and effect of this chapter. The foregoing, however, shall not be deemed to require the department to reevaluate the amount of any deposit required under this chapter. [1967 c 61 § 1; 1965 c 124 § 4; 1963 c 169 § 20.]

46.29.210 Custody of security. The department shall place any security deposited with it under this chapter in the custody of the state treasurer. [1963 c 169 § 21.]

46.29.220 Disposition of security. (1) Such security shall be applicable and available only:  
(a) For the payment of any settlement agreement covering any claim arising out of the accident upon instruction of the person who made the deposit, or  
(b) For the payment of a judgment or judgments, rendered against the person required to make the deposit, for damages arising out of the accident in an action at law begun not later than three years after the date of the accident.

(2) Every distribution of funds from the security deposits shall be subject to the limits of the department's evaluation on behalf of a claimant. [1981 c 309 § 4; 1963 c 169 § 22.]

46.29.230 Return of deposit. Upon the expiration of three years from the date of the accident resulting in the security requirement, any security remaining on deposit shall be returned to the person who made such deposit or to his or her personal representative if an affidavit or other evidence satisfactory to the department has been filed with it:  
(1) That no action for damages arising out of the accident for which deposit was made is pending against any person on whose behalf the deposit was made, and  
(2) That there does not exist any unpaid judgment rendered against any such person in such an action.

The foregoing provisions of this section shall not be construed to limit the return of any deposit of security under any other provision of this chapter authorizing such return. [2010 c 8 § 9037; 1981 c 309 § 5; 1963 c 169 § 23.]

46.29.240 Certain matters not evidence in civil suits. The report required following an accident, the action taken by the department pursuant to this chapter, the findings, if any, of the department upon which such action is based, and the security filed as provided in this chapter, shall not be referred to in any way, and shall not be any evidence of the negligence or due care of either party, at the trial of any action at law to recover damages. [1963 c 169 § 24.]

PROOF OF FINANCIAL RESPONSIBILITY FOR THE FUTURE

46.29.250 Application of sections requiring deposit of proof of financial responsibility for the future. The provisions of this chapter requiring the deposit of proof of financial responsibility for the future, subject to certain exemptions, shall apply with respect to persons who have been convicted of or forfeited bail for certain offenses under motor vehicle laws, or who have failed to pay judgments upon causes of action arising out of ownership, maintenance or use of vehicles of a type subject to registration under the laws of this state, or who having driven or owned a vehicle involved in an accident are required to deposit security under the provisions of RCW 46.29.070. [1963 c 169 § 25.]

46.29.260 "Proof of financial responsibility for the future" defined. The term "proof of financial responsibility for the future" as used in this chapter means: Proof of ability to respond in damages for liability, on account of accidents occurring subsequent to the effective date of said proof, arising out of the ownership, maintenance, or use of a vehicle of a type subject to registration under the laws of this state, in the amount of twenty-five thousand dollars because of bodily injury to or death of one person in any one accident, and, subject to said limit for one person, in the amount of fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and in the amount of ten thousand dollars because of injury to or destruction of property of others in any one accident. Wherever used in this chapter the terms "proof of financial responsibility" or "proof" shall be synonymous with the term "proof of financial responsibility for the future." [1980 c 117 § 4; 1967 ex.s. c 3 § 2; 1963 c 169 § 26.]

46.29.270 "Judgment," "state" defined. The following words and phrases when used in this chapter shall, for the purpose of this chapter, have the meanings respectively ascribed to them in this section.

(1) The term "judgment" shall mean: Any judgment which shall have become final by expiration without appeal of the time within which an appeal might have been perfected, or by final affirmation on appeal, rendered by a court of competent jurisdiction of any state or of the United States, upon a cause of action arising out of the ownership, maintenance or use of any vehicle of a type subject to registration under the laws of this state, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, or upon a cause of action on an agreement of settlement for such damages. The first page of a judgment must include a judgment summary that states damages are awarded under this section and the clerk of the court must give notice as outlined in RCW 46.29.310.

(2) The term "state" shall mean: Any state, territory, or possession of the United States, the District of Columbia, or any province of the Dominion of Canada. [1999 c 296 § 2; 1997 c 159 § 2; 1993 c 792 § 2; 1990 c 144 § 2; 1989 c 200 § 2; 1987 c 94 § 2; 1987 c 18 § 2; 1985 c 285 § 2; 1985 c 279 § 2; 1967 ex.s. c 3 § 2; 1965 c 124 § 4; 1963 c 169 § 26.]

46.29.280 Suspension continues until proof furnished. Whenever, under any law of this state, the license of any person is suspended or revoked by reason of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed, the suspension or revocation hereinbefore required shall remain in effect and the department shall not issue to such person any new or renewal of license until permitted under the motor vehicle laws of this state, and not then unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. Upon receiving notice of the termination or cancellation of proof of financial responsibility for the future, the department shall
resuspend or rerevoke the person's driving privilege until the person again gives and thereafter maintains proof of financial responsibility for the future. [1985 c 157 § 1; 1979 ex.s. c 136 § 64; 1963 c 169 § 28.]

Additional notes found at www.leg.wa.gov

46.29.290 Action in respect to unlicensed person. If a person has no license, but by final order or judgment is convicted of or forfeits any bail or collateral deposited to secure an appearance for trial for any offense requiring the suspension or revocation of license, no license shall be thereafter issued to such person unless he or she shall give and thereafter maintain proof of financial responsibility for the future. [1979 ex.s. c 136 § 65; 1967 c 32 § 5; 1963 c 169 § 29.]

46.29.300 Action in respect to nonresidents. Whenever the department suspends or revokes a nonresident's driving privilege by reason of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed such privilege shall remain so suspended or revoked unless such person shall have previously given or shall immediately give and thereafter maintain proof of financial responsibility for the future. [1979 ex.s. c 136 § 65; 1967 c 32 § 39; 1963 c 169 § 30.]

Additional notes found at www.leg.wa.gov

46.29.310 When courts to report nonpayment of judgments. Whenever any person fails within thirty days to satisfy any judgment, then it shall be the duty of the clerk of the court, or of the judge of a court which has no clerk, in which any such judgment is rendered within this state to forward immediately to the department the following:

1. A certified copy or abstract of such judgment;
2. A certificate of facts relative to such judgment;
3. Where the judgment is by default, a certified copy or abstract of that portion of the record which indicates the manner in which service of summons was effectuated and all the measures taken to provide the defendant with timely and actual notice of the suit against him or her. [2010 c 8 § 9039; 1969 ex.s. c 44 § 1; 1963 c 169 § 31.]

46.29.320 Further action with respect to nonresidents. If the defendant named in any certified copy or abstract of a judgment reported to the department is a nonresident, the department shall transmit those certificates forthwith to the official in charge of the issuance of licenses and registrations of the state of which the defendant is a resident. [1969 ex.s. c 44 § 2; 1963 c 169 § 32.]

46.29.330 Suspension for nonpayment of judgments. The department upon receipt of the certificates provided for by RCW 46.29.310, on a form provided by the department, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, except as otherwise provided in this chapter. [1990 c 250 § 52; 1969 ex.s. c 44 § 3; 1967 c 32 § 40; 1963 c 169 § 33.]

Additional notes found at www.leg.wa.gov

46.29.340 Exception in relation to government vehicles. The provisions of RCW 46.29.330 shall not apply with respect to any such judgment arising out of an accident caused by the ownership or operation, with permission, of a vehicle owned or leased to the United States, this state or any political subdivision of this state or a municipality thereof. [1963 c 169 § 34.]

46.29.350 Exception when consent granted by judgment creditor. If the judgment creditor consents in writing, in such form as the department may prescribe, that the judgment debtor be allowed a license or nonresident's driving privilege, the same may be allowed by the department, in its discretion, for six months from the date of such consent and thereafter until such consent is revoked in writing, notwithstanding default in the payment of such judgment, or of any installments thereof prescribed in RCW 46.29.400, provided the judgment debtor furnishes proof of financial responsibility. [1967 c 32 § 41; 1963 c 169 § 35.]

46.29.360 Exception when insurer liable. No license or nonresident's driving privilege of any person shall be suspended under the provisions of this chapter if the department shall find that an insurer was obligated to pay the judgment upon which suspension is based, at least to the extent and for the amounts required in this chapter, but has not paid such judgment for any reason. A finding by the department that an insurer is obligated to pay a judgment shall not be binding upon such insurer and shall have no legal effect whatever except for the purpose of administering this section. If the department finds that no insurer is obligated to pay such a judgment, the judgment debtor may file with the department a written notice of his or her intention to contest such finding by an action in the superior court. In such a case the license or the nonresident's driving privilege of such judgment debtor shall not be suspended by the department under the provisions of this chapter for thirty days from the receipt of such notice nor during the pendency of any judicial proceedings brought in good faith to determine the liability of an insurer so long as the proceedings are being diligently prosecuted to final judgment by such judgment debtor. Whenever in any judicial proceedings it shall be determined by any final judgment, decree, or order that an insurer is not obligated to pay any such judgment, the department, notwithstanding any contrary finding therefore made by it, shall forthwith suspend the license and any nonresident's driving privilege of any person against whom such judgment was rendered, as provided in RCW 46.29.330. [2010 c 8 § 9040; 1967 c 32 § 42; 1963 c 169 § 36.]

46.29.370 Suspension continues until judgments paid and proof given. Such license and nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until every such judgment is stayed, satisfied in full or to the extent hereinafter provided and until the said person gives proof of financial responsibility subject to the exemptions stated in RCW 46.29.350, 46.29.360 and 46.29.400. [1967 c 32 § 43; 1963 c 169 § 37.]

46.29.400 Installment payment of judgments—Default. (1) A judgment debtor upon due notice to the judgment creditor may apply to the court in which such judgment was rendered for the privilege of paying such judgment in installments and the court, in its discretion and without prejudice to any other legal remedies which the judgment creditor may have, may so order and fix the amounts and times of payment of the installments.

(2) The department shall not suspend a license or nonresident's driving privilege, and shall restore any license or nonresident's driving privilege suspended following nonpayment of a judgment, when the judgment debtor gives proof of financial responsibility and obtain such an order permitting the payment of such judgment in installments, and while the payment of any said installments is not in default. [1967 c 32 § 44; 1963 c 169 § 40.]

46.29.410 Action if breach of agreement. In the event the judgment debtor fails to pay any installment as specified by such order, then upon notice of such default, the department shall forthwith suspend the license or nonresident's driving privilege of the judgment debtor until such judgment is satisfied, as provided in this chapter. [1967 c 32 § 45; 1963 c 169 § 41.]

46.29.420 Proof required in addition to deposit of security after accident. Any person required to deposit security under RCW 46.29.070, for the benefit or protection of another person injured or damaged in an accident, shall in addition be required to give proof of financial responsibility for the future. The department shall give written notice of such additional requirement to every such person at the time and in the manner provided in RCW 46.29.070 for giving notice of the requirement for security. [1963 c 169 § 42.]

46.29.430 Additional proof required—Suspension or revocation for failure to give proof. If a person required to give proof of financial responsibility under RCW 46.29.420 fails to give such proof within sixty days after the department has sent notice as hereinbefore provided, the department shall suspend, or continue in effect any existing suspension or revocation of, the license or any nonresident's driving privilege of the person. [1990 c 250 § 53; 1987 c 371 § 1; 1967 c 32 § 46; 1963 c 169 § 43.]

Additional notes found at www.leg.wa.gov

46.29.440 Additional proof required—Suspension to continue until proof given and maintained. Such license or nonresident's driving privilege shall remain so suspended and shall not be renewed, nor shall any such license be thereafter issued in the name of such person, including any such person not previously licensed, unless and until such person shall give and thereafter maintain proof of financial responsibility for the future. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person or may issue a new license containing such restrictions. [1967 c 32 § 47; 1965 c 124 § 6; 1963 c 169 § 44.]

46.29.450 Alternate methods of giving proof. Proof of financial responsibility when required under this chapter, with respect to such a vehicle or with respect to a person who is not the owner of such a vehicle, may be given by filing:

(1) A certificate of insurance as provided in RCW 46.29.460 or 46.29.470;

(2) A bond as provided in RCW 46.29.520;

(3) A certificate of deposit of money or securities as provided in RCW 46.29.550; or

(4) A certificate of self-insurance, as provided in RCW 46.29.630, supplemented by an agreement by the self-insurer that, with respect to accidents occurring while the certificate is in force, he or she will pay the same amounts that an insurer would have been obliged to pay under an owner's motor vehicle liability policy if it had issued such a policy to said self-insurer. [2010 c 8 § 9041; 1963 c 169 § 45.]

46.29.460 Certificate of insurance as proof. Proof of financial responsibility for the future may be furnished by filing with the department the written certificate of any insurance carrier duly authorized to do business in this state certifying that there is in effect a motor vehicle liability policy for the benefit of the person required to furnish proof of financial responsibility. Such certificate shall give the effective date of such motor vehicle liability policy, which date shall be the same as the effective date of the certificate, and shall designate by explicit description or by appropriate reference all vehicles covered thereby, unless the policy is issued to a person who is not the owner of a motor vehicle. [1963 c 169 § 46.]

46.29.470 Certificate furnished by nonresident as proof. A nonresident may give proof of financial responsibility by filing with the department a written certificate or certificates of an insurance carrier authorized to transact business in the state in which the vehicle, or vehicles, owned by such nonresident is registered, or in the state in which such nonresident resides, if he or she does not own a vehicle, pro-
provided such certificate otherwise conforms with the provisions of this chapter, and the department shall accept the same upon condition that said insurance carrier complies with the following provisions with respect to the policies so certified:

(1) Said insurance carrier shall execute a power of attorney authorizing the director to accept service on its behalf of notice or process in any action arising out of a motor vehicle accident in this state;

(2) Said insurance carrier shall agree in writing that such policies shall be deemed to conform with the laws of this state relating to the terms of motor vehicle liability policies issued therein. [2010 c 8 § 9042; 1963 c 169 § 47.]

46.29.480 **Default by nonresident insurer.** If any insurance carrier not authorized to transact business in this state, which has qualified to furnish proof of financial responsibility, defaults in any said undertakings or agreements, the department shall not thereafter accept as proof any certificate of said carrier whether theretofore filed or thereafter tendered as proof, so long as such default continues. [1963 c 169 § 48.]

46.29.490 "Motor vehicle liability policy" defined. (1) Certification. A "motor vehicle liability policy" as said term is used in this chapter means an "owner's policy" or an "operator's policy" of liability insurance, certified as provided in RCW 46.29.460 or 46.29.470 as proof of financial responsibility for the future, and issued, except as otherwise provided in RCW 46.29.470, by an insurance carrier duly authorized to transact business in this state, to or for the benefit of the person named in the policy as insured.

(2) Owner's policy. Such owner's policy of liability insurance:

(a) Shall designate by explicit description or by appropriate reference all vehicles with respect to which coverage is to be granted by the policy; and

(b) Shall insure the person named therein and any other person, as insured, using any such vehicle or vehicles with the express or implied permission of such named insured, against loss from the liability imposed by law for damages arising out of the ownership, maintenance, or use of such vehicle or vehicles within the United States of America or the Dominion of Canada, subject to limits exclusive of interest and costs, with respect to each such vehicle as follows: Twenty-five thousand dollars because of bodily injury to or death of one person in any one accident and, subject to said limit for one person, fifty thousand dollars because of bodily injury to or death of two or more persons in any one accident, and ten thousand dollars because of injury to or destruction of property of others in any one accident.

(3) Operator's policy. Such operator's policy of liability insurance shall insure the person named as insured therein against loss from the liability imposed upon him or her by law for damages arising out of the use by him or her of any motor vehicle not owned by him or her, within the same territorial limits and subject to the same limits of liability as are set forth above with respect to an owner's policy of liability insurance.

(4) Required statements in policies. Such motor vehicle liability policy shall state the name and address of the named insured, the coverage afforded by the policy, the premium charged therefor, the policy period, and the limits of liability, and shall contain an agreement or be endorsed that insurance is provided under the policy in accordance with the coverage defined in this chapter as respects bodily injury and death or property damage, or both, and is subject to all the provisions of this chapter.

(5) Policy need not insure workers' compensation, etc. Such motor vehicle liability policy need not insure any liability under any workers' compensation law nor any liability on account of bodily injury or death of an employee of the insured while engaged in the employment, other than domestic, of the insured, or while engaged in the operation, maintenance, or repair of any such vehicle nor any liability for damage to property owned by, rented to, in charge of, or transported by the insured.

(6) Provisions incorporated in policy. Every motor vehicle liability policy is subject to the following provisions which need not be contained therein:

(a) The liability of the insurance carrier with respect to the insurance required by this chapter becomes absolute whenever injury or damage covered by said motor vehicle liability policy occurs; said policy may not be canceled or annulled as to such liability by any agreement between the insurance carrier and the insured after the occurrence of the injury or damage; no statement made by the insured or on his or her behalf and no violation of said policy defeats or voids said policy.

(b) The satisfaction by the insured of a judgment for such injury or damage shall not be a condition precedent to the right or duty of the insurance carrier to make payment on account of such injury or damage.

(c) The insurance carrier may settle any claim covered by the policy, and if such settlement is made in good faith, the amount thereof is deductible from the limits of liability specified in subsection (2)(b) of this section.

(d) The policy, the written application therefor, if any, and any rider or endorsement which does not conflict with the provisions of this chapter constitutes the entire contract between the parties.

(7) Excess or additional coverage. Any policy which grants the coverage required for a motor vehicle liability policy may also grant any lawful coverage in excess of or in addition to the coverage specified for a motor vehicle liability policy, and such excess or additional coverage is not subject to the provisions of this chapter. With respect to a policy which grants such excess or additional coverage the term "motor vehicle liability policy" applies only to that part of the coverage which is required by this section.

(8) Reimbursement provision permitted. Any motor vehicle liability policy may provide that the insured shall reimburse the insurance carrier for any payment the insurance carrier would not have been obligated to make under the terms of the policy except for the provisions of this chapter.

(9) Proration of insurance permitted. Any motor vehicle liability policy may provide for the prorating of the insurance thereunder with other valid and collectible insurance.

(10) Multiple policies. The requirements for a motor vehicle liability policy may be fulfilled by the policies of one or more insurance carrier which policies together meet such requirements.

[Title 46 RCW—page 166]  (2014 Ed.)
46.29.500 Notice of cancellation or termination of certified policy. When an insurance carrier has certified a motor vehicle liability policy under RCW 46.29.460 or 46.29.470 the insurance so certified shall not be canceled or terminated until at least ten days after a notice of cancellation or termination of the insurance so certified shall be filed in the department, except that such a policy subsequently procured and certified shall, on the effective date of its certification, terminate the insurance previously certified with respect to any vehicle designated in both certificates. [1963 c 169 § 50.]

46.29.510 Chapter not to affect other policies. (1) This chapter shall not be held to apply to or affect policies of automobile insurance against liability which may now or hereafter be required by any other law of this state, and such policies, if they contain an agreement or are endorsed to conform with the requirements of this chapter, may be certified as proof of financial responsibility under this chapter.

(2) This chapter shall not be held to apply to or affect policies insuring solely the insured named in the policy against liability resulting from the maintenance or use by persons in the insured's employ or on his or her behalf of vehicles not owned by the insured. [2010 c 8 § 9044; 1963 c 169 § 51.]

46.29.520 Bond as proof. Proof of financial responsibility may be evidenced by the bond of a surety company duly authorized to transact business within this state, or a bond with at least two individual sureties each owning real estate within this state, and together having equities equal in value to at least twice the amount of the bond, which real estate shall be scheduled in the bond approved by a judge of the superior court, which said bond shall be conditioned for payment of the amounts specified in RCW 46.29.260. Such bond shall be filed with the department and shall not be cancellable except after ten days written notice to the department. [1963 c 169 § 52.]

46.29.530 When bond constitutes a lien. Before a bond with individual sureties is accepted by the department it shall be recorded as other instruments affecting real property in the county or counties wherein any real estate scheduled in such bond is located. Such bond shall constitute a lien from the date of such recording in favor of the state upon the real estate so scheduled of any surety, which lien shall exist in favor of any holder of a final judgment against the person who has filed such bond, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damage because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use or operation of a vehicle of a type subject to registration under the laws of this state after such bond was filed. [1963 c 169 § 53.]

46.29.540 Action on bond. If a judgment, rendered against the principal on any bond described in RCW 46.29.520, shall not be satisfied within thirty days after it has become final, the judgment creditor may, for his or her own use and benefit and at his or her sole expense, bring an action or actions in the name of the state against the company or persons executing such bond, including an action or proceeding to foreclose any lien that may exist upon the real estate of a person who has executed such bond. Such an action to foreclose a lien shall be prosecuted in the same manner as an action to foreclose a mortgage on real estate. [2010 c 8 § 9045; 1963 c 169 § 54.]

46.29.550 Money or securities as proof. Proof of financial responsibility may be evidenced by the certificate of the department that the person named therein has deposited with him or her sixty thousand dollars in cash, or securities such as may legally be purchased by savings banks or for trust funds of a market value of sixty thousand dollars. The department shall not accept any such deposit and issue a certificate therefor and the department shall not accept such certificate unless accompanied by evidence that there are no unsatisfied judgments of any character against the depositor in the county where the depositor resides. [2014 c 17 § 1; 2010 c 8 § 9046; 1980 c 117 § 7; 1967 ex.s. c 3 § 5; 1963 c 169 § 55.]

46.29.560 Application of deposit. Such deposit shall be held by the department to satisfy, in accordance with the provisions of this chapter, any execution on a judgment issued against such person making the deposit, for damages, including damages for care and loss of services, because of bodily injury to or death of any person, or for damages because of injury to or destruction of property, including the loss of use thereof, resulting from the ownership, maintenance, use, or operation of a vehicle of a type subject to registration under the laws of this state after such deposit was made. Money or securities so deposited shall not be subject to attachment or execution unless such attachment or execution shall arise out of a suit for damages as aforesaid. Any interest or other income accruing to such money or securities, so deposited, shall be paid to the depositor, or his or her order, as received. [2014 c 17 § 2; 2010 c 8 § 9047; 1963 c 169 § 56.]

46.29.570 Owner may give proof for others. The owner of a motor vehicle may give proof of financial responsibility on behalf of his or her employee or a member of his or her immediate family or household in lieu of the furnishing of proof by any said person. The furnishing of such proof shall permit such person to operate only a motor vehicle covered by such proof. The department shall endorse appropriate restrictions on the license held by such person, or may issue a new license containing such restrictions. [2010 c 8 § 9048; 1963 c 169 § 57.]

46.29.580 Substitution of proof. The department shall consent to the cancellation of any bond or certificate of insurance or the department shall direct and return any money or securities to the person entitled thereto upon the substitution
46.29.590 Other proof required, when. Whenever any proof of financial responsibility filed under the provisions of this chapter no longer fulfills the purposes for which required, the department shall, for the purpose of this chapter, require other proof as required by this chapter and shall suspend the license and registration pending the filing of such other proof. [1963 c 169 § 59.]

46.29.600 Duration of proof—When proof may be canceled or returned. (1) Whenever the department shall upon request consent to the immediate cancellation of any bond or certificate of insurance, or the department shall direct and return to the person entitled thereto any money or securities deposited pursuant to this chapter as proof of financial responsibility, or the department shall waive the requirement of filing proof, in any of the following events:

(a) At any time after three years from the date such proof was required when, during the three-year period preceding the request, the department has not received record of a conviction, forfeiture of bail, or finding that a traffic infraction has been committed which would require or permit the suspension or revocation of the license of the person by or for whom such proof was furnished; or

(b) In the event of the death of the person on whose behalf such proof was filed or the permanent incapacity of such person to operate a motor vehicle; or

(c) In the event the person who has given proof surrenders his or her license to the department.

(2) Provided, however, that the department shall not consent to the cancellation of any bond or the return of any money or securities in the event any action for damages upon a liability covered by such proof is then pending or any judgment upon such liability is then unsatisfied, or in the event the person who has filed such bond or deposited such money or securities has within one year immediately preceding such request been involved as a driver or owner in any motor vehicle accident resulting in injury or damage to the person or property of others. An affidavit of the applicant as to the nonexistence of such facts, or that he or she has been released from all of his or her liability, or has been finally adjudicated not to be liable, for such injury or damage, shall be sufficient evidence thereof in the absence of evidence to the contrary in the records of the department.

(3) Whenever any person whose proof has been canceled or returned under subsection (1)(c) of this section applies for a license within a period of three years from the date proof was required, any such application shall be refused unless the applicant shall reestablish such proof for the remainder of such three-year period. [2014 c 17 § 3; 1963 c 169 § 58.]

46.29.610 Surrender of license—Penalty. (1) Any person whose license shall have been suspended under any provision of this chapter, or whose policy of insurance or bond, when required under this chapter, shall have been canceled or terminated, shall immediately return the license to the department.

(2) Any person willfully failing to return a license as required in subsection (1) of this section is guilty of a misdemeanor. [1990 c 250 § 54; 1963 c 169 § 61.]

46.29.630 Self-insurers. (1) Any person in whose name more than twenty-five vehicles are registered in this state may qualify as a self-insurer by obtaining a certificate of self-
insurance issued by the department as provided in subsection (2) of this section.

(2) The department may, in its discretion, upon the application of such a person, issue a certificate of self-insurance when it is satisfied that such person is possessed and will continue to be possessed of ability to pay judgment obtained against such person. Such certificate may be issued authorizing a person to act as a self-insurer for either property damage or bodily injury, or both.

(3) Upon not less than five days' notice and a hearing pursuant to such notice, the department may upon reasonable grounds cancel a certificate of self-insurance. Failure to pay any judgment within thirty days after such judgment shall have become final shall constitute a reasonable ground for the cancellation of a certificate of self-insurance. [1963 c 169 § 63.]

46.29.640 Chapter not to prevent other process.
Nothing in this chapter shall be construed as preventing the plaintiff in any action at law from relying for relief upon the other processes provided by law. [1963 c 169 § 64.]

46.29.910 Severability—1963 c 169.
If any provision of this act, or its application to any person or circumstance is held invalid, the remainder of the act, or the application of the provision to other persons or circumstances is not affected. [1963 c 169 § 68.]

MANDATORY LIABILITY INSURANCE

Sections
46.30.010 Legislative intent.
46.30.020 Liability insurance or other financial responsibility required—Violations—Exceptions.
46.30.030 Insurance identification card.

(2014 Ed.)

46.30.040 Providing false evidence of financial responsibility—Penalty.
46.30.050 Severability—1989 c 353.
46.30.060 Effective date—1989 c 353.

46.30.010 Legislative intent. It is a privilege granted by the state to operate a motor vehicle upon the highways of this state. The legislature recognizes the threat that uninsured drivers are to the people of the state. In order to alleviate the threat posed by uninsured drivers it is the intent of the legislature to require that all persons driving vehicles registered in this state satisfy the financial responsibility requirements of this chapter. By enactment of this chapter it is not the intent of the legislature to modify, amend, or invalidate existing insurance contract terms, conditions, limitations, or exclusions or to preclude insurance companies from using similar terms, conditions, limitations, or exclusions in future contracts. [1989 c 353 § 1.]

46.30.020 Liability insurance or other financial responsibility required—Violations—Exceptions. (1)(a) No person may operate a motor vehicle subject to registration under chapter 46.16A RCW in this state unless the person is insured under a motor vehicle liability policy with liability limits of at least the amounts provided in RCW 46.29.090, is self-insured as provided in RCW 46.29.630, is covered by a certificate of deposit in conformance with RCW 46.29.550, or is covered by a liability bond of at least the amounts provided in RCW 46.29.090. Proof of financial responsibility for motor vehicle operation must be provided on the request of a law enforcement officer in the format specified under RCW 46.30.030.

(b) A person who drives a motor vehicle that is required to be registered in another state that requires drivers and owners of vehicles in that state to maintain insurance or financial responsibility shall, when requested by a law enforcement officer, provide evidence of financial responsibility or insurance as is required by the laws of the state in which the vehicle is registered.

(c) When asked to do so by a law enforcement officer, failure to display proof of financial responsibility for motor vehicle operation as specified under RCW 46.30.030 creates a presumption that the person does not have motor vehicle insurance.

(d) Failure to provide proof of motor vehicle insurance is a traffic infraction and is subject to penalties as set by the supreme court under RCW 46.63.110 or community restitution.

(e) For the purposes of this section, when a person uses a portable electronic device to display proof of financial security to a law enforcement officer, the officer may only view the proof of financial security and is otherwise prohibited from viewing any other content on the portable electronic device.

(f) Whenever a person presents a portable electronic device pursuant to this section, that person assumes all liability for any damage to the portable electronic device.

(2) If a person cited for a violation of subsection (1) of this section appears in person before the court or a violations bureau and provides written evidence that at the time the person was cited, he or she was in compliance with the financial responsibility requirements of subsection (1) of this section, the citation shall be dismissed and the court or violations
46.30.020 Providing false evidence of financial responsibility—Penalty. Any person who knowingly provides false evidence of financial responsibility to a law enforcement officer or to a court, including an expired or canceled insurance policy, bond, or certificate of deposit is guilty of a misdemeanor. [1991 sp.s. c 25 § 2; 1989 c 353 § 4.]

46.30.900 Severability—1989 c 353. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1989 c 353 § 12.]

46.30.901 Effective date—1989 c 353. This act shall take effect January 1, 1990. The director of the department of licensing may immediately take such steps as are necessary to ensure that this act is implemented on its effective date. [1989 c 353 § 13.]

The card required by this section may be provided in either paper or electronic format. Acceptable electronic formats include the display of electronic images on a cellular phone or any other type of portable electronic device.

(2) The department of licensing shall adopt rules specifying the type, style, and content of insurance identification cards to be used for proof of compliance with RCW 46.30.020, including the method for issuance of such identification cards by persons or organizations providing proof of compliance through self-insurance, certificate of deposit, or bond. In adopting such rules the department shall consider the guidelines for insurance identification cards developed by the insurance industry committee on motor vehicle administration. [2013 c 157 § 2; 1989 c 353 § 3.]

46.32.080 Commercial motor vehicle safety enforcement—Application for department of transportation number. (1) The Washington state patrol is responsible for enforcement of safety requirements for commercial motor vehicles including, but not limited to, safety audits and compliance reviews. Those motor carriers that have operations in this state are subject to the patrol's safety audits and compliance review programs. Compliance reviews may result in the initiation of an enforcement action, which may include monetary penalties. The utilities and transportation commission is responsible for adoption and enforcement of safety requirements for vehicles operated by entities holding authority under chapters 81.66, 81.68, 81.70, and 81.77 RCW, and by household goods carriers holding authority under chapter 81.80 RCW.

(2) Motor vehicles owned and operated by farmers in the transportation of their own farm, orchard, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, or dairy, must have a department of transportation number, as defined in RCW 46.16A.010, but are exempt from safety audits and compliance reviews.

(3) All records and documents required of motor carriers with operations in this state must be available for review and inspection during normal business hours. Duly authorized agents of the state patrol conducting safety audits and compliance reviews may enter the motor carrier's place of business, or any location where records or equipment are located, at reasonable times and without advanced notice. Motor carriers who do not permit duly authorized agents to enter their place of business, or any location where records or equipment are located, for safety audits and compliance reviews are subject to enforcement action, including a monetary penalty.

(c) The state patrol may deny an application if the applicant does not meet the requirements and standards under this chapter. The state patrol shall not issue a department of transportation number to an applicant who at the time of application has been placed out of service by the federal motor carrier safety administration. Commercial motor vehicles must be marked as prescribed by the state patrol. Those applicants with a current United States department of transportation number are exempt from applying for a department of transportation number.

(d) The state patrol may (i) place a motor carrier out of service or (ii) refuse to issue or recognize as valid a department of transportation number to an applicant who: (A) Formerly held a department of transportation number that was placed out of service for cause, and where cause has not been removed; (B) is a subterfuge for the real party in interest whose department of transportation number was placed out of service for cause, and where cause has not been removed; (C) as an individual licensee, or officer, director, owner, or managing employee of a nonindividual licensee, had a department of transportation number and was placed out of service or (ii) refuse to issue or recognize as valid a department of transportation number; (D) has an unsatisfied debt to the state assessed under this chapter.

(e) Upon a finding by the chief of the state patrol or the chief's designee that a motor carrier is an imminent hazard or danger to the public health, safety, or welfare, the state patrol shall notify the department, and the department shall revoke the registrations for all commercial motor vehicles that are owned by the motor carrier subject to RCW 46.32.080. Sec. 396.9(c)(2), moving a vehicle placed out of service before the out of service defects have been satisfactorily repaired. For each violation the person is liable for a penalty of five hundred dollars.

(ii) The driver of a commercial motor vehicle who is convicted of violating an out-of-service order is liable for a penalty of at least two thousand five hundred dollars for a first violation, and not less than five thousand dollars for a second or subsequent violation.

(iii) An employer who allows the operation of a commercial motor vehicle when there is an out-of-service order is liable for a penalty of at least two thousand seven hundred fifty dollars but not more than twenty-five thousand dollars for each violation.

(iv) Each violation under this subsection (1)(a) is a separate and distinct offense, and in case of a continuing violation every day’s continuance is a separate and distinct violation.

(b) In addition to all other penalties provided by law, any motor carrier, company, or any officer or agent of a motor carrier or company operating a commercial motor vehicle subject to compliance reviews under this chapter who refuses
entry or to make the required records, documents, and vehicles available to a duly authorized agent of the state patrol is liable for a penalty of at least five thousand dollars as well as an out-of-service order being placed on the department of transportation number, as defined in RCW 46.16A.010, and vehicle registration to operate. Each violation is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

(c) A motor carrier operating a commercial motor vehicle after receiving a final unsatisfactory rating or being placed out of service is liable for a penalty of not more than eleven thousand dollars for each violation. Each violation is a separate and distinct offense, and in case of a continuing violation every day's continuance is a separate and distinct violation.

The state patrol shall notify the department of licensing when an out-of-service order has been placed on a motor carrier's department of transportation number. The state patrol shall notify the motor carrier when there has been an out-of-service order placed on the motor carrier's department of transportation number and the vehicle registrations have been revoked by sending a notice by first-class mail using the last known address for the registered or legal owner or owners, and recording the transmittal on an affidavit of first-class mail. Notices under this section fulfill the requirements of RCW 46.12.550. Motor carriers may not be eligible for a new department of transportation number, vehicle registration, or temporary permits to operate unless the violations that resulted in the out-of-service order have been corrected. The Washington state patrol or other law enforcement agency must confiscate and may recycle or destroy the license plates from a motor carrier who operates a commercial motor vehicle while the vehicle registration is revoked, suspended, or canceled. The confiscation of license plates under this subsection only applies to trucks, truck tractors, and tractors.

(3) Any penalty provided in this section is due and payable when the person incurring it receives a notice in writing from the state patrol describing the violation and advising the person that the penalty is due.

(a)(i) Any motor carrier who incurs a penalty as provided in this section, except for a high-risk carrier that incurs a penalty for a repeat violation during a follow-up compliance review, may, upon written application, request that the state patrol mitigate the penalty. An application for mitigation must be received by the state patrol within twenty days of the receipt of notice.

(ii) The state patrol may decline to consider any application for mitigation.

(b) Any motor carrier who incurs a penalty as provided in this section has a right to an administrative hearing under chapter 34.05 RCW to contest the violation or the penalty imposed, or both. In all such hearings, the procedure and rules of evidence are as specified in chapter 34.05 RCW except as otherwise provided in this chapter. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the later of (i) receipt of the notice imposing the penalty, or (ii) disposition of a request for mitigation, or the right to a hearing is waived.

(c) All penalties recovered under this section shall be paid into the state treasury and credited to the state patrol highway account of the motor vehicle fund. [2012 c 70 § 1; 2011 c 227 § 5; 2010 c 161 § 1116; 2009 c 46 § 4; 2007 c 419 § 12; 2005 c 444 § 1; 1998 c 172 § 1; 1995 c 272 § 3.]

Issuance of a certificate of compliance for any lighting device or item of safety equipment by that agent is deemed to comply with the standards set forth by the state patrol. Such certificate shall be issued by the agent of the state before sale of the product within the state.

(3) The state patrol may at any time request from the manufacturer a copy of the test data showing proof of compliance of any device with the requirements established by the state patrol and additional evidence that due care was exercised in maintaining compliance during production. If the manufacturer fails to provide such proof of compliance within sixty days of notice from the state patrol, the state patrol may prohibit the sale of the device in this state until acceptable proof of compliance is received by the state patrol.

(4) The state patrol or its agent may purchase any lighting device or other safety equipment, component, or assembly subject to this chapter or rules adopted by the state patrol under this chapter, for purposes of testing or retesting the equipment as to its compliance with applicable standards or specifications. 46.37.340 Braking equipment required. Every motor vehicle, trailer, semitrailer, and pole trailer, and any combination of such vehicle operating upon a highway within this state shall be equipped with brakes in compliance with the requirements of this chapter.

(1) Service brakes—adequacy. Every such vehicle and combination of vehicles, except special mobile equipment as defined in RCW 46.04.552, shall be equipped with service brakes complying with the performance requirements of RCW 46.37.351 and adequate to control the movement of and to stop and hold such vehicle under all conditions of loading, and on any grade incident to its operation.

(2) Parking brakes—adequacy. Every such vehicle and combination of vehicles shall be equipped with parking brakes adequate to hold the vehicle on any grade on which it is operated, under all conditions of loading, on a surface free from snow, ice, or loose material. The parking brakes shall be capable of being applied in conformance with the foregoing requirements by the driver's muscular effort or by spring action or by equivalent means. Their operation may be assisted by the service brakes or other source of power provided that failure of the service brake actuation system or other power assisting mechanism will not prevent the parking brakes from being applied in conformance with the foregoing requirements. The parking brakes shall be so designed that when once applied they shall remain applied with the required effectiveness despite exhaustion of any source of energy or leakage of any kind. The same brake drums, brake shoes and lining assemblies, brake shoe anchors, and mechanical brake shoe actuation mechanism normally associated with the wheel brake assemblies may be used for both the service brakes and the parking brakes. If the means of applying the parking brakes and the service brakes are connected in any way, they shall be so constructed that failure of any one part shall not leave the vehicle without operative brakes.

(3) Brakes on all wheels. Every vehicle shall be equipped with brakes acting on all wheels except:

Additional notes found at www.leg.wa.gov
(a) Trailers, semitrailers, or pole trailers of a gross weight not exceeding three thousand pounds, provided that:
   (i) The total weight on and including the wheels of the trailer or trailers shall not exceed forty percent of the gross weight of the towing vehicle when connected to the trailer or trailers; and
   (ii) The combination of vehicles consisting of the towing vehicle and its total towed load is capable of complying with the performance requirements of RCW 46.37.351;
(b) Trailers, semitrailers, or pole trailers manufactured and assembled prior to July 1, 1965, shall not be required to be equipped with brakes when the total weight on and including the wheels of the trailer or trailers does not exceed two thousand pounds;
(c) Any vehicle being towed in driveaway or towaway operations, provided the combination of vehicles is capable of complying with the performance requirements of RCW 46.37.351;
(d) Trucks and truck tractors manufactured before July 25, 1980, and having three or more axles need not have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. Trucks and truck tractors manufactured on or after July 25, 1980, and having three or more axles are required to have brakes on the front wheels, except that when such vehicles are equipped with at least two steerable axles, the wheels of one steerable axle need not have brakes. Such trucks and truck tractors may be equipped with an automatic device to reduce the front-wheel braking effort by up to fifty percent of the normal braking force, regardless of whether or not antilock system failure has occurred on any axle, and:
   (i) Must not be operable by the driver except upon application of the control that activates the braking system; and
   (ii) Must not be operable when the pressure that transmits brake control application force exceeds eighty-five pounds per square inch (psi) on air-mechanical braking systems, or eighty-five percent of the maximum system pressure in vehicles utilizing other than compressed air.

All trucks and truck tractors having three or more axles must be capable of complying with the performance requirements of RCW 46.37.351;
(e) Special mobile equipment as defined in RCW 46.04.552 and all vehicles designed primarily for off-highway use with braking systems which work within the power train rather than directly at each wheel;
(f) Vehicles manufactured prior to January 1, 1930, may have brakes operating on only two wheels.
(g) For a forklift manufactured after January 1, 1970, and being towed, wheels need not have brakes except for those on the rearmost axle so long as such brakes, together with the brakes on the towing vehicle, shall be adequate to stop the combination within the stopping distance requirements of RCW 46.37.351.

(4) Automatic trailer brake application upon breakaway.
Every trailer, semitrailer, and pole trailer equipped with air or vacuum actuated brakes and every trailer, semitrailer, and pole trailer with a gross weight in excess of three thousand pounds, manufactured or assembled after January 1, 1964, shall be equipped with brakes acting on all wheels and of such character as to be applied automatically and promptly, and remain applied for at least fifteen minutes, upon breakaway from the towing vehicle.

(5) Tractor brakes protected. Every motor vehicle manufactured or assembled after January 1, 1964, and used to tow a trailer, semitrailer, or pole trailer equipped with brakes, shall be equipped with means for providing that in case of breakaway of the towed vehicle, the towing vehicle will be capable of being stopped by the use of its service brakes.

(6) Trailer air reservoirs safeguarded. Air brake systems installed on trailers manufactured or assembled after January 1, 1964, shall be so designed that the supply reservoir used to provide air for the brakes shall be safeguarded against backflow of air from the reservoir through the supply line.

(7) Two means of emergency brake operation.
(a) Air brakes. After January 1, 1964, every towing vehicle equipped with air controlled brakes, in other than driveaway or towaway operations, and all other vehicles equipped with air controlled brakes, shall be equipped with two means for emergency application of the brakes. One of these means shall apply the brakes automatically in the event of a reduction of the vehicle's air supply to a fixed pressure which shall be not lower than twenty pounds per square inch nor higher than forty-five pounds per square inch. The other means shall be a manually controlled device for applying and releasing the brakes, readily operable by a person seated in the driving seat, and its emergency position or method of operation shall be clearly indicated. In no instance may the manual means be so arranged as to permit its use to prevent operation of the automatic means. The automatic and the manual means required by this section may be, but are not required to be, separate.

(b) Vacuum brakes. After January 1, 1964, every towing vehicle used to tow other vehicles equipped with vacuum brakes, in operations other than driveaway or towaway operations, shall have, in addition to the single control device required by subsection (8) of this section, a second control device which can be used to operate the brakes on towed vehicles in emergencies. The second control shall be independent of brake air, hydraulic, and other pressure, and independent of other controls, unless the braking system be so arranged that failure of the pressure upon which the second control depends will cause the towed vehicle brakes to be applied automatically. The second control is not required to provide modulated braking.

(8) Single control to operate all brakes. After January 1, 1964, every motor vehicle, trailer, semitrailer, and pole trailer, and every combination of such vehicles, equipped with brakes shall have the braking system so arranged that one control device can be used to operate all service brakes. This requirement does not prohibit vehicles from being equipped with an additional control device to be used to operate brakes on the towed vehicles. This regulation does not apply to driveaway or towaway operations unless the brakes on the individual vehicles are designed to be operated by a single control in the towing vehicle.

(9) Reservoir capacity and check valve.
(a) Air brakes. Every bus, truck, or truck tractor with air operated brakes shall be equipped with at least one reservoir sufficient to insure that, when fully charged to the maximum pressure as regulated by the air compressor governor cut-out setting, a full service brake application may be made without
Vehicle Lighting and Other Equipment
lowering such reservoir pressure by more than twenty percent. Each reservoir shall be provided with means for readily
draining accumulated oil or water.
(b) Vacuum brakes. After January 1, 1964, every truck
with three or more axles equipped with vacuum assistor type
brakes and every truck tractor and truck used for towing a
vehicle equipped with vacuum brakes shall be equipped with
a reserve capacity or a vacuum reservoir sufficient to insure
that, with the reserve capacity or reservoir fully charged and
with the engine stopped, a full service brake application may
be made without depleting the vacuum supply by more than
forty percent.
(c) Reservoir safeguarded. All motor vehicles, trailers,
semitrailers, and pole trailers, when equipped with air or vacuum reservoirs or reserve capacity as required by this section,
shall have such reservoirs or reserve capacity so safeguarded
by a check valve or equivalent device that in the event of failure or leakage in its connection to the source of compressed
air or vacuum, the stored air or vacuum shall not be depleted
by the leak or failure.
(10) Warning devices.
(a) Air brakes. Every bus, truck, or truck tractor using
compressed air for the operation of its own brakes or the
brakes on any towed vehicle, shall be provided with a warning signal, other than a pressure gauge, readily audible or visible to the driver, which will operate at any time the primary
supply air reservoir pressure of the vehicle is below fifty percent of the air compressor governor cut-out pressure. In addition, each such vehicle shall be equipped with a pressure
gauge visible to the driver, which indicates in pounds per
square inch the pressure available for braking.
(b) Vacuum brakes. After January 1, 1964, every truck
tractor and truck used for towing a vehicle equipped with
vacuum operated brakes and every truck with three or more
axles using vacuum in the operation of its brakes, except
those in driveaway or towaway operations, shall be equipped
with a warning signal, other than a gauge indicating vacuum,
readily audible or visible to the driver, which will operate at
any time the vacuum in the vehicle's supply reservoir or
reserve capacity is less than eight inches of mercury.
(c) Combination of warning devices. When a vehicle
required to be equipped with a warning device is equipped
with both air and vacuum power for the operation of its own
brakes or the brakes on a towed vehicle, the warning devices
may be, but are not required to be, combined into a single
device which will serve both purposes. A gauge or gauges
indicating pressure or vacuum shall not be deemed to be an
adequate means of satisfying this requirement. [1989 c 221 §

46.37.351 Performance ability of brakes. Every
motor vehicle and combination of vehicles, at all times and
under all conditions of loading, upon application of the service brakes, shall be capable of:

(1) Developing a braking force that is not less than the
percentage of its gross weight tabulated herein for its classification,
(2) Decelerating to a stop from not more than twenty
miles per hour at not less than the feet per second per second
tabulated herein for its classification, and
(3) Stopping from a speed of twenty miles per hour in not
more than the distance tabulated herein for its classification,
such distance to be measured from the point at which movement of the service brake pedal or control begins.
Tests for deceleration and stopping distance shall be
made on a substantially level (not to exceed plus or minus
one percent grade), dry, smooth, hard surface that is free from
loose material.

46.37.360  Maintenance of brakes—Brake system failure indicator. (1) All brakes shall be maintained in good working order and shall be so adjusted as to operate as equally as practicable with respect to the front and back wheels and to wheels on opposite sides of the vehicle.

(2) All passenger cars manufactured on or after January 1, 1968, and other types of vehicles manufactured on or after September 1, 1975, shall be equipped with brake system failure indicator lamps which shall be maintained in good working order. The brake system shall demonstrate good working order and integrity by the application of a force of one hundred twenty-five pounds to the brake pedal for ten seconds without the occurrence of any of the following:

(i) Illumination of the brake system failure indicator lamp;

(ii) A decrease of more than eighty percent of service brake pedal height as measured from its free position to the floorboard or any other object which restricts service brake pedal travel;

(iii) Failure of any hydraulic line or other part.

(3) Brake hoses shall not be mounted so as to contact the vehicle body or chassis. In addition, brake hoses shall not be cracked, chafed, flattened, abraded, or visibly leaking. Protection devices such as "rub rings" shall not be considered part of the hose or tubing.

(4) Disc and drum condition. If the drum is embossed with a maximum safe diameter dimension or the rotor is embossed with a minimum safety thickness dimension, the drum or disc shall be within the appropriate specifications. These dimensions will be found on motor vehicles manufactured since January 1, 1971, and may be found on vehicles manufactured for several years prior to that time. If the drums and discs are not embossed, the drums and discs shall be within the manufacturer's specifications.

(5) Friction materials. On each brake the thickness of the lining or pad shall not be less than one thirty-second of an inch at the lower edge of the tire. [1977 ex.s. c 355 § 30.]

(6) Backing plates and caliper assemblies shall not be deformed or cracked. System parts shall not be broken, misaligned, missing, binding, or show evidence of severe wear. Automatic adjusters and other parts shall be assembled and installed correctly. [1977 ex.s. c 355 § 28; 1961 c 12 § 46.37.360. Prior: 1955 c 269 § 36; prior: 1951 c 56 § 2, part; 1937 c 189 § 34, part; RRS § 6360-34, part; RCW 46.36.020, 46.36.030, part; 1929 c 180 § 6; 1927 c 309 § 16; 1923 c 181 § 5; 1921 c 96 § 23; 1915 c 142 § 22; RRS § 6362-16.]

46.37.365  Hydraulic brake fluid—Defined—Standards and specifications. (1) The term "hydraulic brake fluid" as used in this section shall mean the liquid medium through which force is transmitted to the brakes in the hydraulic brake system of a vehicle.

(2) Hydraulic brake fluid shall be distributed and serviced with due regard for the safety of the occupants of the vehicle and the public.

(3) The chief of the Washington state patrol shall, in compliance with the provisions of chapter 34.05 RCW, the administrative procedure act, which govern the adoption of rules, adopt and enforce regulations for the administration of this section and shall adopt and publish standards and specifications for hydraulic brake fluid which shall correlate with, and so far as practicable conform to, the then current standards and specifications of the society of automotive engineers applicable to such fluid.

(4) No person shall distribute, have for sale, offer for sale, or sell any hydraulic brake fluid unless it complies with the requirements of this section and the standards and specifications adopted by the state patrol. No person shall service any vehicle with brake fluid unless it complies with the requirements of this section and the standards and specifications adopted by the state patrol.

(5) Subsections (3) and (4) of this section shall not apply to petroleum base fluids in vehicles with brake systems designed to use them. [1987 c 330 § 719; 1977 ex.s. c 355 § 29; 1963 c 154 § 24.]

(a) Incorporate winged projections; or

(b) Constitute a hazard to pedestrians and cyclists.

For the purposes of this section, a wheel nut is defined as an exposed nut which is mounted at the center or hub of a wheel, and is not one of the ordinary hexagonal nuts which secure a wheel to an axle and are normally covered by a hub cap or wheel disc.

(2) Tire rims and wheel discs shall have no visible cracks, elongated bolt holes, or indications of repair by welding. In addition, the lateral and radial runout of each rim bead area shall not exceed one-eighth of an inch of total indicated runout.

(3) King pins or ball joints shall not be worn to the extent that front wheels tip in or out more than one-quarter of an inch at the lower edge of the tire. [1977 ex.s. c 355 § 30.]

46.37.395 Compression brakes (Jake brakes). (1) This section applies to all motor vehicles with a gross vehicle weight rating of 4,536 kilograms or more (10,001 pounds or more), registered and domiciled in Washington state, operated on public roads and equipped with engine compression brake devices. An engine compression brake device is any device that uses the engine and transmission to impede the forward motion of the motor vehicle by compression of the engine.

(2) The driver of a motor vehicle equipped with a device that uses the compression of the motor vehicle engine shall not use the device unless: The motor vehicle is equipped with an operational muffler and exhaust system to prevent excess noise. A muffler is part of an engine exhaust system which acts as a noise dissipative device. A turbocharger is not permitted to be used as a muffler or a noise dissipative device.

(3) The monetary penalty for violating subsection (2) of this section is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

(4) All medium and heavy trucks must comply with federal code 205 - transportation equipment noise emission controls, subpart B.

(1) All motor vehicles operated on the public highways of this state shall be equipped with a front windshield manufactured of safety glazing materials for use in motor vehicles in accordance with RCW 46.37.430, except, however, on such vehicles not so equipped or where windshields are not in use, the operators of such vehicles shall wear glasses, goggles, or face shields pursuant to RCW 46.37.530(1)(b).

(2) No person shall drive any motor vehicle with any sign, poster, or other nontransparent material upon the front windshield, side windows, or side or rear windows of such vehicle which obstructs the driver’s clear view of the highway or any intersecting highway.

(3) The windshield on every motor vehicle shall be equipped with a device for cleaning rain, snow, or other moisture from the windshield, which device shall be so constructed as to be controlled or operated by the driver of the vehicle. After January 1, 1938, it shall be unlawful for any person to operate a new motor vehicle first sold or delivered after that date which is not equipped with such device or devices in good working order capable of cleaning the windshield thereof over two separate arcs, one each on the left and right side of the windshield, each capable of cleaning a surface of not less than one hundred twenty square inches, or other device or devices capable of accomplishing substantially the same result.

(4) Every windshield wiper upon a motor vehicle shall be maintained in good working order. [1977 ex.s. c 355 § 35; 1961 c 12 § 46.37.410. Prior: 1955 c 269 § 41; prior: (i) 1937 c 189 § 38; RRS § 6360-38; RCW 46.36.070. (ii) 1937 c 189 § 39; RRS § 6360-39; RCW 46.36.080.]

46.37.420 Tires—Restrictions. (1) It is unlawful to operate a vehicle upon the public highways of this state unless it is completely equipped with pneumatic rubber tires except vehicles equipped with temporary-use spare tires that meet federal standards that are installed and used in accordance with the manufacturer's instructions.

(2) No tire on a vehicle moved on a highway may have on its periphery any block, flange, cleat, or spike or any other protuberance of any material other than rubber which projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery equipped with pneumatic tires or solid rubber tracks having protuberances that will not injure the highway, and except also that it is permissible to use tire chains, alternative traction devices, or metal studs imbedded within the tire of reasonable proportions and of a type conforming to rules adopted by the state patrol, upon any vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. It is unlawful to use metal studs imbedded within the tire between April 1st and November 1st, except that a vehicle may be equipped year-round with tires that have retractable studs if: (a) The studs retract pneumatically or mechanically to below the wear bar of the tire when not in use; and (b) the retractable studs are engaged only between November 1st and April 1st. Retractable studs may be made of metal or other material and are not subject to the lightweight stud weight requirements under RCW 46.04.272. The state department of transportation may, from time to time, determine additional periods in which the use of tires with metal studs imbedded therein is lawful.

46.37.425 Tires—Unsafe—State patrol's authority—Penalty. No person shall drive or move or cause to be driven or moved any vehicle, the tires of which have contact with the driving surface of the road, subject to registration in this state, upon the public highways of this state unless such vehicle is equipped with tires in safe operating condition in accordance with requirements established by this section or by the state patrol.

The state patrol shall promulgate rules and regulations setting forth requirements of safe operating condition of tires capable of being employed by a law enforcement officer by visual inspection of tires mounted on vehicles including visual comparison with simple measuring gauges. These rules shall include effects of tread wear and depth of tread.

A tire shall be considered unsafe if it has:

(3) Any break repaired with a boot; or
(4) A tread depth of less than 2/32 of an inch measured in any two major tread grooves at three locations equally spaced around the circumference of the tire, or for those tires with tread wear indicators, a tire shall be considered unsafe if it is worn to the point that the tire wear indicators contact the road in any two major tread grooves at three locations equally spaced around the circumference of the tire; or
(5) A legend which indicates the tire is not intended for use on public highways such as, "not for highway use" or "for racing purposes only"; or
(6) Such condition as may be reasonably demonstrated to render it unsafe; or

No person, firm, or corporation shall sell any vehicle for use on the public highways of this state unless the vehicle is equipped with tires that are in compliance with the provisions of this section. If the tires are found to be in violation of the provisions of this section, the person, firm, or corporation selling the vehicle shall cause such tires to be removed from the vehicle and shall equip the vehicle with tires that are in compliance with the provisions of this section.

It is a traffic infraction for any person to operate a vehicle on the public highways of this state, or to sell a vehicle for use on the public highways of this state, which is equipped with a tire or tires in violation of the provisions of this section or the rules and regulations promulgated by the state patrol hereunder: PROVIDED, HOWEVER, That if the violation relates to items (1) to (7) inclusive of this section then the condition or defect must be such that it can be detected by a visual inspection of tires mounted on vehicles, including visual comparison with simple measuring gauges. 46.37.430 Safety glazing—Sunscreening or coloring.

(1)(a) No person may sell any motor vehicle as specified in this title, nor may any motor vehicle as specified in this title be registered unless such vehicle is equipped with safety glazing material of a type that meets or exceeds federal standards under 49 C.F.R. Sec. 571.205.

(b) The foregoing provisions apply to all passenger-type motor vehicles, including passenger buses and school buses, but in respect to trucks, including truck tractors, the requirements as to safety glazing material apply to all glazing material used in doors, windows, and windshields in the drivers' compartments of such vehicles except as provided by subsection (4) of this section.

(c) The safety glazing material that is manufactured and installed in accordance with federal standards shall not be etched or otherwise permanently altered if the safety glazing material is installed in the windshield or any other window located in the motor vehicle passenger compartment, except for the etching of the vehicle identification number if:

(i) The maximum height of the letters or numbers do not exceed one-half inch; and

(ii) The etched vehicle identification number is not located in a position that interferes with the vision of any occupant of the motor vehicle.

(2) For the purposes of this section:

(a) "Light transmission" means the ratio of the amount of total visible light, expressed in percentages, that is allowed to pass through the sunscreening or coloring material to the amount of total visible light falling on the motor vehicle window.

(b) "Net film screening" means the total sunscreening or coloring material applied to the window that includes both the material applied by the manufacturer during the safety glazing and any film sunscreening or coloring material applied after the vehicle is manufactured.

(c) "Reflectance" means the ratio of the amount of total light, expressed in percentages, that is reflected outward by the sunscreening or coloring material to the amount of total light falling on the motor vehicle window.

(d) "Safety glazing materials" means glazing materials so constructed, treated, or combined with other materials as to reduce substantially, in comparison with ordinary sheet glass or plate glass, the likelihood of injury to persons by objects from exterior sources or by these safety glazing materials when they may be cracked or broken.

(3) The director of licensing shall not register any motor vehicle which is subject to the provisions of this section unless it is equipped with an approved type of safety glazing material, and he or she shall suspend the registration of any motor vehicle so subject to this section which the director finds is not so equipped until it is made to conform to the requirements of this section.

(4) No person may sell or offer for sale, nor may any person operate a motor vehicle registered in this state which is equipped with, any camper manufactured after May 23, 1969, unless such camper is equipped with safety glazing material of a type conforming to rules adopted under 49 C.F.R. Sec. 571.205 wherever glazing materials are used in outside windows and doors.

(5) No film sunscreening or coloring material that reduces light transmittance to any degree may be applied to the surface of the safety glazing material in a motor vehicle unless it meets the following standards for such material:

(a) The maximum level of net film sunscreening to be applied to any window, except the windshield, shall have a total reflectance of thirty-five percent or less, and a light transmission of twenty-four percent or more, where the vehicle is equipped with outside rearview mirrors on both the right and left. Installation of more than a single sheet of film sunscreening material to any window is prohibited.

(b) Hearses, collector vehicles, limousines and passenger buses used to transport persons for compensation, ambulances, rescue squad vehicles, any other emergency medical vehicle licensed under RCW 18.73.130 that is used to transport patients, and any vehicle identified by the manufacturer as a truck, motor home, or multipurpose passenger vehicle as defined in 49 C.F.R. Sec. 571.3, may have net film sunscreening applied on any window to the rear of the driver that has less than twenty-four percent light transmittance, if the light reflectance is thirty-five percent or less and the vehicle is equipped with outside rearview mirrors on both the right and left.

(c) A person or business tinting windows for profit who tints windows within restricted areas of the glazing system shall supply a sticker to be affixed to the driver's door post, in the area adjacent to the manufacturer's identification tag. Installation of this sticker certifies that the glazing application meets this chapter's standards for light transmission, reflectance, and placement requirements. Stickers must be no smaller than three-quarters of an inch by one and one-half inches, and no larger than two inches by two and one-half inches. The stickers must be of sufficient quality to endure exposure to harsh climate conditions. The business name and [Title 46 RCW—page 194]
state tax identification number of the installer must be clearly visible on the sticker.

(d) A greater degree of light reduction is permitted on all windows and the top six inches of windshields of a vehicle operated by or carrying as a passenger a person who possesses a written verification from a licensed physician that the operator or passenger must be protected from exposure to sunlight for physical or medical reasons.

(e) A greater degree of light reduction is permitted along the top edge of the windshield as long as the product is transparent and does not extend into the AS-1 portion of the windshield or extend more than six inches from the top of the windshield. Clear film sun screening material that reduces or eliminates ultraviolet light may be applied to windshields.

(f) When film sun screening material is applied to any window except the windshield, outside mirrors on both the left and right sides shall be located so as to reflect to the driver a view of the roadway, through each mirror, a distance of at least two hundred feet to the rear of the vehicle.

(g) The following types of film sun screening material are not permitted:

(i) Mirror finish products;
(ii) Red, gold, yellow, or black material; or
(iii) Film sun screening material that is in liquid preapplication form and brushed or sprayed on.

(6) Subsection (5) of this section does not prohibit:

(a) The use of shaded or heat-absorbing safety glazing material in which the shading or heat-absorbing characteristics have been applied at the time of manufacture of the safety glazing material and which meet federal standards for such safety glazing materials.

(b) The use and placement of federal, state, or local certificates or decals on any window as required by applicable laws or regulations. However, any such certificate or decal must be of a size and placed on the motor vehicle so as not to impair the ability of the driver to safely operate the motor vehicle.

(c) Sunscreening devices to be applied to any window behind the driver provided that the devices reduce the driver's area of vision uniformly and by no more than fifty percent, as measured on a horizontal plane. If sunscreening devices are applied to the rear window, the vehicle must be equipped with outside rearview mirrors on both the left and right.

(d) Recreational products, such as toys, cartoon characters, stuffed animals, signs, and any other vision-reducing article or material to be applied to or placed in windows behind the driver provided that they do not interfere, in their size or position, with the driver's ability to see other vehicles, persons, or objects.

(7) It is a traffic infraction for any person to operate a vehicle for use on the public highways of this state, if the vehicle is equipped with film sun screening or coloring material in violation of this section.

(8) Owners of vehicles with film sun screening material applied to windows to the rear of the driver, prior to June 7, 1990, must comply with the requirements of this section and RCW 46.37.435 by July 1, 1993.

(9) The side and rear windows of law enforcement vehicles are exempt from the requirements of subsection (5) of this section. However, when law enforcement vehicles are sold to private individuals the film sun screening or coloring material must comply with the requirements of subsection (5) of this section or documentation must be provided to the buyer stating that the vehicle windows must comply with the requirements of subsection (5) of this section before operation of the vehicle. If a lighted red electric lantern or a red portable emergency reflector has been placed at the traffic side of the vehicle in accordance with subdivision (a) of this subsection, it may be used for this purpose.

(2) Whenever any vehicle referred to in this section is disabled within five hundred feet of a curve, hillcrest, or other obstruction to view, the warning signal in that direction shall be so placed as to afford ample warning to other users of the highway, but in no case less than five hundred feet from the disabled vehicle.

(3) Whenever any vehicle of a type referred to in this section is disabled upon any roadway of a divided highway during the time that lights are required, the appropriate warning devices prescribed in subsections (1) and (5) of this section shall be placed as follows:

One at a distance of approximately two hundred feet from the vehicle in the center of the lane occupied by the stopped vehicle and in the direction of traffic approaching in that lane; one at a distance of approximately one hundred feet from the vehicle, in the center of the lane occupied by the vehicle and in the direction of traffic approaching in that lane; and one at the traffic side of the vehicle and approximately ten feet from the vehicle in the direction of the nearest approaching traffic.

(4) Whenever any vehicle of a type referred to in this section is disabled upon the traveled portion of a highway or the shoulder thereof outside any municipality at any time when the display of fusees, flares, red electric lanterns, or portable red emergency reflectors is not required, the driver of the vehicle shall display two red flags upon the roadway in the lane of traffic occupied by the disabled vehicle, one at a distance of approximately one hundred feet in advance of the vehicle, and one at a distance of approximately one hundred feet to the rear of the vehicle.

(5) Whenever any motor vehicle used in the transportation of explosives or any cargo tank truck used for the transportation of any flammable liquid or compressed flammable gas, or any motor vehicle using compressed gas as a fuel, is disabled upon a highway of this state at any time or place mentioned in subsection (1) of this section, the driver of such vehicle shall immediately display the following warning devices: One red electric lantern or portable red emergency reflector placed on the roadway at the traffic side of the vehicle, and two red electric lanterns or portable red reflectors, one placed approximately one hundred feet to the front and one placed approximately one hundred feet to the rear of this disabled vehicle in the center of the traffic lane occupied by such vehicle. Flares, fusees, or signals produced by flame shall not be used as warning devices for disabled vehicles of the type mentioned in this subsection.

(6) Whenever any vehicle, other than those described in subsection (1) of this section, is disabled upon the traveled portion of any highway or shoulder thereof outside any municipality, the state patrol or the county sheriff shall, upon discovery of the disabled vehicle, place a reflectorized warning device on the vehicle. The warning device and its placement shall be in accordance with rules adopted by the state patrol. Neither the standards for, placement or use of, nor the lack of placement or use of a warning device under this subsection gives rise to any civil liability on the part of the state of Washington, the state patrol, any county, or any law enforcement agency or officer.

(7) The flares, fusees, red electric lanterns, portable red emergency reflectors, and flags to be displayed as required in this section shall conform with the requirements of RCW 46.37.440 applicable thereto. (2) Enforcement of this section by law enforcement officers may be accomplished only as a secondary action when a driver of a vehicle has been detained for a suspected violation of this title or an equivalent local ordinance or some other offense.

(3) The Washington state traffic safety commission shall create and implement a statewide educational program regarding the safety risks of unsecured vehicle sound system components, including supplemental speaker systems or components. The educational program shall include information regarding securely attaching sound system components to the vehicle, regardless of where the components are located, so that the components do not become dislodged or loose during the operation of the vehicle. The commission shall create and implement this program within the commission's existing budget. [2005 c 50 § 1.]

46.37.685  License plate flipping device—Unlawful use, display, sale—Penalty. (1)(a) It is unlawful for a person to display a license plate on a vehicle that does not match or correspond with the registration of the vehicle unless the vehicle is inventory for a properly licensed vehicle dealer.

(b) It is unlawful for a person to have an installed license plate flipping device on a vehicle, use technology to flip a license plate on a vehicle, or use technology to change the appearance of a license plate on a vehicle.

(c) It is unlawful for a person or entity to sell a license plate flipping device or sell technology that will change the appearance of a license plate in the state of Washington.

(d) For purposes of this section, "license plate flipping device" means a device that enables a license plate on a vehicle to be changed to another license plate either manually or electronically. "License plate flipping device" includes technology that is capable of changing the appearance of a license plate to appear as a different license plate.

(2) A person who switches or flips license plates on a vehicle physically, utilizes technology to flip or change the appearance of a license plate on a vehicle, sells a license plate flipping device or technology that will change the appearance of a license plate, or falsifies a vehicle registration in violation of this section, in addition to any traffic infraction, is guilty of a gross misdemeanor punishable by confinement of up to three hundred sixty-four days in the county jail and a fine of one thousand dollars for the first offense, two thousand five hundred dollars for a second offense, and five thousand dollars for any subsequent offense, which may not be suspended, deferred, or reduced.

(3) A vehicle that is found with an installed license plate flipping device or technology to change the appearance of a license plate may be impounded by a law enforcement officer as evidence.

(4) Citizens are encouraged to notify law enforcement immediately if they observe a vehicle with a license plate flipping device. [2013 c 135 § 1.]

46.44.010 Outside width limit. The total outside width of any vehicle or load thereon must not exceed eight and one-half feet; except that an externally mounted rear vision mirror may extend beyond the width limits of the vehicle body to a point that allows the driver a view to the rear of the vehicle along both sides in conformance with Federal National Safety Standard 111 (49 C.F.R. 571.111), and RCW 46.37.400. Excluded from this calculation of width are certain devices that provide added safety, energy conservation, or are otherwise necessary, and are not designed or used to carry cargo. The width-exclusive devices must be identified in rules adopted by the department of transportation under RCW 46.44.101. A width-exclusive device must not extend more than three inches beyond the width limit of the vehicle body. [2005 c 189 § 1; 1997 c 63 § 1; 1983 c 278 § 1; 1961 c 12 § 46.44.010. 46.44.013 Appurtenances on recreational vehicles.
Motor homes, travel trailers, and campers may exceed the maximum width established under RCW 46.44.010 if the excess width is attributable to appurtenances that do not extend beyond the body of the vehicle by more than four inches, or if an awning, by more than six inches. As used in this section, "appurtenance" means an appendage that is installed by a factory or a vehicle dealer and is intended as an integral part of the motor home, travel trailer, or camper. "Appurtenance" does not include an item temporarily affixed or attached to the exterior of a vehicle for the purpose of transporting the item from one location to another. "Appurtenance" does not include an item that obstructs the driver's rearward vision. [2005 c 264 § 1.]

46.44.020 Maximum height—Impaired clearance signs. It is unlawful for any vehicle unladen or with load to exceed a height of fourteen feet above the level surface upon which the vehicle stands. This height limitation does not apply to authorized emergency vehicles or repair equipment of a public utility engaged in reasonably necessary operation. The provisions of this section do not relieve the owner or operator of a vehicle or combination of vehicles from the exercise of due care in determining that sufficient vertical clearance is provided upon the public highways where the vehicle or combination of vehicles is being operated; and no liability may attach to the state or to any county, city, town, or other political subdivision by reason of any damage or injury to persons or property by reason of the existence of any structure over or across any public highway where the vertical clearance above the roadway is fourteen feet or more; or, where the vertical clearance is less than fourteen feet, if impaired clearance signs of a design approved by the state department of transportation are erected and maintained on the right side of any such public highway in accordance with the manual of uniform traffic control devices for streets and highways as adopted by the state department of transportation under chapter 47.36 RCW. If any structure over or across any public highway is not owned by the state or by a county, city, town, or other political subdivision, it is the duty of the owner thereof when billed therefor to reimburse the state department of transportation or the county, city, town, or other political subdivision having jurisdiction over the highway for the actual cost of erecting and maintaining the impaired clearance signs, but no liability may attach to the owner by reason of any damage or injury to persons or property caused by impaired vertical clearance above the roadway. [1984 c 7 § 52; 1977 c 81 § 1; 1975-76 2nd ex.s. c 64 § 7; 1971 ex.s. c 248 § 1; 1965 c 43 § 1; 1961 c 12 § 46.44.020. 46.44.030 Maximum lengths. It is unlawful for any person to operate upon the public highways of this state any vehicle having an overall length, with or without load, in excess of forty feet. This restriction does not apply to (1) a municipal transit vehicle, (2) auto stage, private carrier bus, school bus, or motor home with an overall length not to exceed forty-six feet, (3) an articulated auto stage with an overall length not to exceed sixty-one feet, or (4) an auto recycling carrier up to forty-two feet in length manufactured prior to 2005.

It is unlawful for any person to operate upon the highways of this state any combination consisting of a tractor and semitrailer that has a semitrailer length in excess of fifty-three feet or a combination consisting of a tractor and two trailers in which the combined length of the trailers exceeds sixty-one feet, with or without load.

It is unlawful for any person to operate on the highways of this state any combination consisting of a truck and trailer, or log truck and stinger-steered pole trailer, with an overall length, with or without load, in excess of seventy-five feet. "Stinger-steered," as used in this section, means the coupling device is located behind the tread of the tires of the last axle of the towing vehicle.

These length limitations do not apply to vehicles transporting poles, pipe, machinery, or other objects of a structural
nature that cannot be dismembered and operated by a public utility when required for emergency repair of public service facilities or properties, but in respect to night transportation every such vehicle and load thereon shall be equipped with a sufficient number of clearance lamps on both sides and marker lamps upon the extreme ends of any projecting load to clearly mark the dimensions of the load.

Excluded from the calculation of length are certain devices that provide added safety, energy conservation, or are otherwise necessary, and are not designed or used to carry cargo. The length-exclusive devices must be identified in rules adopted by the department of transportation under RCW 46.44.101. [2012 c 79 § 1; 2005 c 189 § 2; 2000 c 102 § 1; 1995 c 26 § 1; 1994 c 59 § 2; 1993 c 301 § 1; 1991 c 113 § 1; 1990 c 28 § 1; 1985 c 351 § 1; 1984 c 104 § 1; 1983 c 278 § 2; 1979 ex.s. c 113 § 4; 1977 ex.s. c 64 § 1; 1975-76 2nd ex.s. c 53 § 1; 1974 ex.s. c 76 § 2; 1971 ex.s. c 248 § 2; 1967 ex.s. c 145 § 61; 1963 ex.s. c 3 § 52; 1961 ex.s. c 21 § 36; 1961 c 12 § 46.44.030. 46.44.034 Maximum lengths—Front and rear protrusions. (1) The load, or any portion of any vehicle, operated alone upon the public highway of this state, or the load, or any portion of the front vehicle of a combination of vehicles, shall not extend more than three feet beyond the front wheels of such vehicle, or the front bumper, if equipped with front bumper. This subsection does not apply to a front-loading garbage truck or recycling truck while on route and actually engaged in the collection of solid waste or recyclables at speeds of twenty miles per hour or less.

(2) No vehicle shall be operated upon the public highways with any part of the permanent structure or load extending in excess of fifteen feet beyond the center of the last axle of such vehicle. This subsection does not apply to “specialized equipment” designated under 49 U.S.C. Sec. 2311 that is operated on the interstate highway system, those designated portions of the federal-aid primary system, and routes constituting reasonable access from such highways to terminals and facilities for food, fuel, repairs, and rest. 46.44.036 Combination of units.—Limitation. Except as provided in RCW 46.44.037, it is unlawful for any person to operate upon the public highways of this state any combination of vehicles consisting of more than two vehicles. For the purposes of this section a truck tractor-semi-trailer or pole trailer combination will be considered as two vehicles but the addition of another axle to the tractor of a truck tractor-semi-trailer or pole trailer combination in such a way that it supports a proportional share of the load of the semi-trailer or pole trailer shall not be deemed a separate vehicle but shall be considered a part of the truck tractor. For the purposes of this section a converter gear used in converting a semi-trailer to a full trailer shall not be deemed a separate vehicle but shall be considered a part of the trailer. [1975-76 2nd ex.s. c 64 § 8; 1961 c 12 § 46.44.036. Prior: 1955 c 384 § 2; 1951 c 269 § 23; prior: 1949 c 221 § 1, part; 1947 c 200 § 5, part; 1941 c 116 § 1, part; 1937 c 189 § 49, part; Rem. 46.44.037 Combination of units—Lawful operations. Notwithstanding the provisions of RCW 46.44.036 and subject to such rules and regulations governing their operation as may be adopted by the state department of transportation, operation of the following combinations is lawful:

(1) A combination consisting of a truck tractor, a semi-trailer, and another semi-trailer or a full trailer. In this combination a converter gear used to convert a semitrailer into a full trailer shall be considered to be a part of the full trailer and not a separate vehicle. A converter gear being pulled without load and not used to convert a semitrailer into a full trailer may be substituted in lieu of a full trailer or a semi-trailer in any lawful combination;

(2) A combination consisting of a truck tractor carrying a freight compartment no longer than eight feet, a semi-trailer, and another semi-trailer or full trailer that meets the legal length requirement for a truck and trailer combination set forth in RCW 46.44.030. [2011 c 230 § 1; 1991 c 143 § 2; 1985 c 351 § 2; 1984 c 7 § 53; 1979 ex.s. c 149 § 3; 1975-76 2nd ex.s. c 64 § 9; 1965 ex.s. c 170 § 37; 1963 ex.s. c 3 § 53; 1961 c 12 § 46.44.037. ### 46.44.042 Maximum gross weights—Axle and tire factors.

Subject to the maximum gross weights specified in

RCW 46.44.041, it is unlawful to operate any vehicle upon the

public highways with a gross weight, including load, upon any tire concentrated upon the surface of the highway in excess of six hundred pounds per inch width of such tire. An axle manufactured after July 31, 1993, carrying more than ten thousand pounds gross weight must be equipped with four or more tires. An axle carrying more than ten thousand pounds gross weight must have four or more tires, regardless of date of manufacture. Instead of the four or more tires per axle requirements of this section, an axle may be equipped with two tires limited to five hundred pounds per inch width of tire. This section does not apply to vehicles operating under oversize or overweight permits, or both, issued under RCW 46.44.090, while carrying a nonreducible load.

The following equipment may operate at six hundred pounds per inch width of tire: (1) A nonliftable steering axle or axles on the power unit; (2) a tiller axle on a firefighting apparatus; (3) a rear booster trailing axle equipped with two tires on a ready-mix concrete transit truck; and (4) a straddle trailer manufactured before January 1, 1996, equipped with single-tire axles or a single axle using a walking beam supported by two in-line single tires and used exclusively for the transport of fruit bins between field, storage, and processing. A straddle trailer manufactured after January 1, 1996, meeting this use criteria may carry five hundred fifteen pounds per inch width of tire on sixteen and one-half inch wide tires.

For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

The department of transportation, by rule with respect to state highways, and a local authority, with respect to a public highway under its jurisdiction, may extend the weight limit in RCW 46.44.041 to one hundred fifteen thousand pounds. However, the extension must be in compliance with federal law, and vehicles operating under the extension must be in full compliance with the 1997 axle and tire requirements under this section. [2006 c 334 § 15; 1996 c 116 § 1; 1993 c 103 § 1; 1985 c 351 § 4; 1975-76 2nd ex.s. c 64 § 10; 1961 c 12 § 46.44.042. Prior: 1959 c 319 § 27; 1951 c 269 § 27; prior: 1949 c 221 § 2, part; 1947 c 200 § 6, part; 1941 c 116 § 2, part; 1937 c 189 § 50, part; Rem. Supp. 1949 § 6360-50,
46.44.043 Cement trucks—Axle loading controls.  
The switch that controls the raising and lowering of the retractable rear booster or tag axle on a ready-mix cement truck may be located within the reach of the driver's compartment as long as the variable control, used to adjust axle loadings by regulating air pressure or by other means, is out of the reach of the driver's compartment.  [1994 c 305 § 1.]

46.44.047 Excess weight—Logging trucks—Special permits—County or city permits—Fees—Discretion of arresting officer.  A three axle truck tractor and a two axle pole trailer combination engaged in the operation of hauling logs may exceed by not more than six thousand eight hundred pounds the legal gross weight of the combination of vehicles when licensed, as permitted by law, for sixty-eight thousand pounds: PROVIDED, That the distance between the first and last axle of the vehicles in combination shall have a total wheelbase of not less than thirty-seven feet, and the weight upon two axles spaced less than seven feet apart shall not exceed thirty-three thousand six hundred pounds.

Such additional allowances shall be permitted by a special permit to be issued by the department of transportation valid only on state primary or secondary highways authorized by the department and under such rules, regulations, terms, and conditions prescribed by the department. The fee for such special permit shall be fifty dollars for a twelve-month period beginning and ending on April 1st of each calendar year. Permits may be issued at any time, but if issued after July 1st of any year the fee shall be thirty-seven dollars and fifty cents. If issued on or after October 1st the fee shall be twenty-five dollars, and if issued on or after January 1st the fee shall be twelve dollars and fifty cents. A copy of such special permit covering the vehicle involved shall be carried in the cab of the vehicle at all times. Upon the third offense within the duration of the permit for violation of the terms and conditions of the special permit, the special permit shall be canceled. The vehicle covered by such canceled special permit shall not be eligible for a new special permit until thirty days after the cancellation of the special permit issued to said vehicle. The fee for such renewal shall be at the same rate as set forth in this section which covers the original issuance of such special permit. Each special permit shall be assigned to a three-axle truck tractor in combination with a two-axle pole trailer. When the department issues a duplicate permit to replace a lost or destroyed permit and where the department transfers a permit, a fee of fourteen dollars shall be charged for each such duplicate issued or each such transfer.

All fees collected hereinafter shall be deposited with the state treasurer and credited to the motor vehicle fund. Permits involving city streets or county roads or using city streets or county roads to reach or leave state highways, authorized for permit by the department may be issued by the city or county engineer involved. A fee of five dollars for such city or county permit may be assessed by the city or by the county legislative authority which shall be deposited in the city or county road fund. The special permit provided for herein shall be known as a "log tolerance permit" and shall designate the route or routes to be used, which shall first be approved by the city or county engineer involved. Authorization of additional route or routes may be made at the discretion of the city or county by amending the original permit or by issuing a new permit. Said permits shall be issued on a yearly basis expiring on March 31st of each calendar year. Any person, firm, or corporation who uses any city street or county road for the purpose of transporting logs with weights authorized by state highway log tolerance permits, to reach or leave a state highway route, without first obtaining a city or county permit when required by the city or the county legislative authority shall be subject to the penalties prescribed by RCW 46.44.105. For the purpose of determining gross weight the actual scale weight taken by the officer shall be prima facie evidence of such total gross weight. In the event the gross weight is in excess of the weight permitted by law, the officer may, within his or her discretion, permit the operator to proceed with his or her vehicles in combination.

The chief of the state patrol, with the advice of the department, may make reasonable rules and regulations to aid in the enforcement of the provisions of this section.  [2010 c 8 § 9058; 1994 c 172 § 1; 1979 ex.s. c 136 § 74; 1975-76 2nd ex.s. c 64 § 11; 1973 1st ex.s. c 150 § 2; 1971 ex.s. c 249 § 2; 1961 ex.s. c 21 § 35; 1961 c 12 § 46.44.047. 46.44.049 Effect of weight on highways—Study authorized.  The department of transportation may make and enter into agreements with the federal government or any state or group of states or agencies thereof, or any nonprofit association, on a joint or cooperative basis, to study, analyze, or test the effects of weight on highway construction. The studies or tests may be made either by designating existing highways or the construction of test strips including natural resource roads to the end that a proper solution of the many problems connected with the imposition on highways of motor vehicle weights may be determined.

46.44.096 Special permits—Determining fee—To whom paid. In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.0945, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, temporary additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

The department may select a third party contractor, by means of competitive bid, to perform the department’s permit issuance function, as provided under RCW 46.44.090. Factors the department shall consider, but is not limited to, in the selection of a third party contractor are economic benefit to both the department and the motor carrier industry, and enhancement of the overall level of permit service. For purposes of this section, “third party contractor” means a business entity that is authorized by the department to issue special permits. The department of transportation may adopt rules specifying the criteria that a business entity must meet in order to qualify as a third party contractor under this section.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets, the fee shall be paid to the department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing that the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible. If the congress of the United States further amends section 127, Title 23 of the United States Code, authorizing increased sizes and weights, the Washington state department of transportation may authorize the operation of vehicles and combinations of vehicles upon completed portions of the interstate highway system and other designated state highways if determined to be capable of accommodating the increased sizes and weights in excess of those prescribed in RCW 46.44.041, or as provided in RCW 46.44.010 and 46.44.037. The permitted increases shall not in any way exceed the federal limits which would jeopardize the state’s allotment of federal funds. [1984 c 7 § 57; 1975-’76 2nd ex.s. c 64 § 19; 1965 c 38 § 1.]

46.44.105 Enforcement procedures—Penalties—Rules. (1) Violation of any of the provisions of this chapter is a traffic infraction, and upon the first finding thereof shall be assessed a basic penalty of not less than fifty dollars; and upon a second finding thereof shall be assessed a basic penalty of not less than seventy-five dollars; and upon a third or subsequent finding shall be assessed a basic penalty of not less than one hundred dollars.

(2) In addition to the penalties imposed in subsection (1) of this section, any person violating RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 shall be assessed a penalty for each pound overweight, as follows:

(a) One pound through four thousand pounds overweight is three cents for each pound;
(b) Four thousand one pounds through ten thousand pounds overweight is one hundred twenty dollars plus twelve cents per pound for each additional pound over four thousand pounds overweight;

(c) Ten thousand one pounds through fifteen thousand pounds overweight is eight hundred forty dollars plus sixteen cents per pound for each additional pound over ten thousand pounds overweight;

(d) Fifteen thousand one pounds through twenty thousand pounds overweight is one thousand six hundred forty dollars plus twenty cents per pound for each additional pound over fifteen thousand pounds overweight;

(e) Twenty thousand one pounds and more is two thousand forty dollars plus thirty cents per pound for each additional pound over twenty thousand pounds overweight.

Upon a first violation in any calendar year, the court may suspend the penalty for five hundred pounds of excess weight for each axle on any vehicle or combination of vehicles, not to exceed a two thousand pound suspension. In no case may the basic penalty assessed in subsection (1) of this section or the additional penalty assessed in subsection (2) of this section, except as provided for the first violation, be suspended.

(3) Any person found to have violated any posted limitations of a highway or section of highway shall be assessed a monetary penalty of not less than one hundred and fifty dollars, and the court shall in addition thereto upon second violation within a twelve-month period involving the same power unit, suspend the certificate of license registration for not less than thirty days.

(4) It is unlawful for the driver of a vehicle to fail or refuse to stop and submit the vehicle and load to a weighing, or to fail or refuse, when directed by an officer upon a weighing of the vehicle to stop the vehicle and otherwise comply with the provisions of this section. It is unlawful for a driver of a commercial motor vehicle as defined in RCW 46.32.005, other than the driver of a bus as defined in RCW 46.32.005(3) or a vehicle with a gross vehicle weight rating or gross combination weight rating of 7,257 kilograms or less (16,000 pounds or less) and not transporting hazardous materials in accordance with RCW 46.32.005(4), to fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open. However, unladen tow trucks regardless of weight and farm vehicles carrying farm produce with a gross vehicle weight rating or gross combination weight rating of 11,794 kilograms or less (26,000 pounds or less) may fail or refuse to stop at a weighing station when proper traffic control signs indicate scales are open.

Any police officer is authorized to require the driver of any vehicle or combination of vehicles to stop and submit to a weighing either by means of a portable or stationary scale and may require that the vehicle be driven to a suitable location and remain standing until such portion of the load is removed as may be necessary to reduce the gross weight of the vehicle to the limit permitted by law. If the vehicle is loaded with grain or other perishable commodities, the driver shall be permitted to proceed without removing any of the load, unless the gross weight of the vehicle and load exceeds by more than ten percent the limit permitted by this chapter. The owner or operator of the vehicle shall care for all materials unloaded at the risk of the owner or operator.

Any vehicle whose driver or owner represents that the vehicle is disabled or otherwise unable to proceed to a weighing location shall have its load sealed or otherwise marked by any police officer. The owner or driver shall be directed that upon completion of repairs, the vehicle shall submit to weighing with the load and markings and/or seal intact and undisturbed. Failure to report for weighing, appearing for weighing with the seal broken or the markings disturbed, or removal of any cargo prior to weighing is unlawful. Any person so convicted shall be fined one thousand dollars, and in addition the certificate of license registration shall be suspended for not less than thirty days.

(5) Any other provision of law to the contrary notwithstanding, district courts having venue have concurrent jurisdiction with the superior courts for the imposition of any penalties authorized under this section.

(6) For the purpose of determining additional penalties as provided by subsection (2) of this section, "overweight" means the poundage in excess of the maximum allowable gross weight or axle/axle grouping weight prescribed by RCW 46.44.041, 46.44.042, 46.44.047, 46.44.091, and 46.44.095.

(c) Ten thousand one pounds through fifteen thousand pounds overweight;
(d) Fifteen thousand one pounds through twenty thousand pounds overweight;
(e) Twenty thousand one pounds and more.

(7) The penalties provided in subsections (1) and (2) of this section shall be remitted as provided in chapter 3.62 RCW or RCW 10.82.070. For the purpose of computing the basic penalties and additional penalties to be imposed under subsections (1) and (2) of this section, the convictions shall be on the same vehicle or combination of vehicles within a twelve-month period under the same ownership.

(8) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. The vehicle covered by the canceled permit is not eligible for a new permit for a period of thirty days.
(9) For the purposes of determining gross weights the actual scale weight taken by the arresting officer is prima facie evidence of the total gross weight.

(10) It is a traffic infraction to direct the loading of a vehicle with knowledge that it violates the requirements in RCW 46.44.041, 46.44.042, 46.44.047, 46.44.090, 46.44.091, or 46.44.095 and that it is to be operated on the public highways of this state.

(11) The chief of the state patrol, with the advice of the department, may adopt reasonable rules to aid in the enforcement of this section. [2007 c 419 § 13. Prior: 2006 c 297 § 1; 2006 c 50 § 4; 2002 c 254 § 1; 1999 c 23 § 1; 1996 c 92 § 2; 1993 c 403 § 4; 1990 c 217 § 1; 1985 c 351 § 6; 1984 c 258 § 327; 1984 c 7 § 58; 1979 ex.s. c 136 § 75; 1975-76 2nd ex.s. c 64 § 23.]

46.44.110 Liability for damage to highways, bridges, etc. Any person operating any vehicle or moving any object or conveyance upon any public highway in this state or upon any bridge or elevated structure that is a part of any such public highway is liable for all damages that the public highway, bridge, elevated structure, or other state property may sustain as a result of any illegal operation of the vehicle or the moving of any such object or conveyance or as a result of the operation or moving of any vehicle, object, or conveyance weighing in excess of the legal weight limits allowed by law. This section applies to any person operating any vehicle or moving any object or contrivance in any illegal or negligent manner or without a special permit as provided by law for vehicles, objects, or contrivances that are overweight, overwidth, overweight, or overlength. Any person operating any vehicle is liable for any damage to any public highway, bridge, elevated structure, or other state property sustained as the result of any negligent operation thereof. When the operator is not the owner of the vehicle, object, or contrivance but is operating or moving it with the express or implied permission of the owner, the owner and the operator are jointly and severally liable for any such damage. Such damage to any state highway, structure, or other state property may be recovered in a civil action instituted in the name of the state of Washington by the department of transportation or other affected state agency. Any measure of damage determined by the department of transportation to its highway, bridge, elevated structure, or other property under this section is prima facie the amount of damage caused thereby and is presumed to be the amount recoverable in any civil action therefor. The damages available under this section include the incident response costs, including traffic control, incurred by the department of transportation. 46.44.120 Liability of owner, others, for violations. Whenever an act or omission is declared to be unlawful in chapter 46.44 RCW, the owner or lessee of any motor vehicle involved in such act or omission is responsible therefor. Any person knowingly and intentionally participating in creating an unlawful condition of use, is also subject to the penalties provided in this chapter for such unlawful act or omission.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or lessee of the vehicle, such person is fully authorized to accept the citation and execute the promise to appear on behalf of the owner or lessee. 46.44.130 Farm implements—Gross weight and size limitation exception—Penalty. The limitations of RCW 46.44.010, 46.44.020, 46.44.030, and 46.44.041 shall not apply to the movement of farm implements of less than forty-five thousand pounds gross weight, a total length of seventy feet or less, and a total outside width of fourteen feet or less when being moved while patrolled, flagged, lighted, signed, and at a time of day in accordance with rules hereby authorized to be adopted by the department of transportation and the statutes. Violation of a rule adopted by the department as authorized by this section or a term of this section is a traffic infraction. [1979 ex.s. c 136 § 76; 1975-76 2nd ex.s. c 64 § 20, 1975 1st ex.s. c 168 § 3; 1973 1st ex.s. c 1 § 1.]

46.44.140 Farm implements—Special permits—Penalty. In addition to any other special permits authorized by law, special permits may be issued by the department of transportation for a quarterly or annual period upon such terms and conditions as it finds proper for the movement of (1) farm implements used for the cutting or threshing of mature crops; or (2) other farm implements that may be identified by rule of the department of transportation. Any farm implement moved under this section must comply with RCW 46.44.091, have a gross weight of less than sixty-five thousand pounds, and have a total outside width of less than twenty feet while being moved, and such movement must be patrolled, flagged, lighted, signed, at a time of day, and otherwise in accordance with rules hereby authorized to be adopted by the department of transportation for the control of such movements.

Applications for and permits issued under this section shall provide for a description of the farm implements to be moved, the approximate dates of movement, and the routes of movement so far as they are reasonably known to the applicant at the time of application, but the permit shall not be limited to these circumstances but shall be general in its application except as limited by the statutes and rules adopted by the department of transportation.

A copy of the governing permit shall be carried on the farm implement being moved during the period of its movement. The department shall collect a fee as provided in RCW 46.44.0941.

Violation of a term or condition under which a permit was issued, of a rule adopted by the department of transportation as authorized by this section, or of a term of this section is a traffic infraction. [2008 c 76 § 1; 1984 c 7 § 60; 1979 ex.s. c 136 § 77; 1973 1st ex.s. c 1 § 2.]
46.44.150 Highway improvement vehicles—Gross weight limit excesses authorized—Limitations. The state, county, or city authority having responsibility for the reconstruction or improvement of any public highway may, subject to prescribed conditions and limitations, authorize vehicles employed in such highway reconstruction or improvement to exceed the gross weight limitations contained in RCW 46.44.041 and 46.44.042 without a special permit or additional fees as prescribed by chapter 46.44 RCW, but only while operating within the boundaries of project limits as defined in the public works contract or plans. [1983 c 3 § 121; 1975 1st ex.s. c 63 § 1.]

46.44.170 Mobile home or park model trailer movement special permit and decal—Responsibility for taxes—License plates—Rules. (1) Any person moving a mobile home as defined in RCW 46.04.302 or a park model trailer as defined in RCW 46.04.622 upon public highways of the state must obtain:

(a) A special permit from the department of transportation and local authorities pursuant to RCW 46.44.090 and 46.44.093 and must pay the proper fee as prescribed by RCW 46.44.091 and 46.44.096; and

(b) For mobile homes constructed before June 15, 1976, and already situated in the state: (i) A certification from the department of labor and industries that the mobile home was inspected for fire safety; or (ii) an affidavit in the form prescribed by the department of commerce signed by the owner at the county treasurer's office at the time of the application for the movement permit stating that the mobile home is being moved by the owner for his or her continued occupation or use; or (iii) a copy of the certificate of title together with an affidavit signed under penalty of perjury by the certified owner stating that the mobile home is being transferred to a wrecking yard or similar facility for disposal. In addition, the destroyed mobile home must be removed from the assessment rolls of the county and any outstanding taxes on the destroyed mobile home must be removed by the county treasurer.

(2) A special permit issued as provided in subsection (1) of this section for the movement of any mobile home or a park model trailer that is assessed for property taxes is not valid until the county treasurer of the county in which the mobile home or park model trailer is located must endorse or attach his or her certificate that all property taxes which are a lien or which are delinquent, or both, upon the mobile home or park model trailer being moved have been satisfied. Further, any mobile home or park model trailer required to have a special movement permit under this section must display an easily recognizable decal. However, endorsement or certification by the county treasurer and the display of the decal is not required:

(a) When a mobile home or park model trailer is to enter the state or is being moved from a manufacturer or distributor to a retail sales outlet or directly to the purchaser's designated location or between retail and sales outlets;

(b) When a signed affidavit of destruction is filed with the county assessor and the mobile home or park model trailer is being moved to a disposal site by a landlord as defined in RCW 59.20.030 after (i) the mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (ii) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the mobile home or park model trailer and title has been lawfully transferred to the landlord. The mobile home or park model trailer will be removed from the tax rolls and, upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer will be removed by the county treasurer; or

(c) When a signed affidavit of destruction is filed with the county assessor by any mobile home or park model trailer owner or any property owner with an abandoned mobile home or park model trailer, the same must be removed from the tax rolls and upon notification by the assessor, any outstanding taxes on the destroyed mobile home or park model trailer must be removed by the county treasurer.

(3) Except as provided in RCW 84.56.335(1), if the landlord of a manufactured/mobile home park takes ownership of a manufactured/mobile home or park model trailer with the intent to resell or rent the same under RCW 59.20.030 after (a) the manufactured/mobile home or park model trailer has been abandoned as defined in RCW 59.20.030; or (b) a final judgment for restitution of the premises under RCW 59.18.410 has been executed in favor of the landlord with regard to the manufactured/mobile home or park model trailer and title has been lawfully transferred to the landlord, the outstanding taxes become the responsibility of the landlord.

(4) It is the responsibility of the owner of the mobile home or park model trailer subject to property taxes or the agent to obtain the endorsement and decal from the county treasurer before a mobile home or park model trailer is moved.

(5) This section does not prohibit the issuance of vehicle license plates for a mobile home or park model trailer subject to property taxes, but plates may not be issued unless the mobile home or park model trailer subject to property taxes for which plates are sought has been listed for property tax purposes in the county in which it is principally located and the appropriate fee for the license has been paid.

(6) The department of transportation, the department of labor and industries, and local authorities are authorized to adopt reasonable rules for implementing the provisions of this section. The department of transportation must adopt rules specifying the design, reflective characteristics, annual coloration, and for the uniform implementation of the decal required by this section. The department of labor and industries must adopt procedures for notifying destination local jurisdictions concerning the arrival of mobile homes that failed safety inspections. [2013 c 198 § 2; 2010 c 161 § 1118; 2005 c 399 § 1; 2004 c 79 § 4; 2003 c 61 § 1; 2002 c 68 § 6; 1986 c 211 § 4. Prior: 1985 c 395 § 1; 1985 c 22 § 1; 1980 c 152 § 1; 1977 ex.s. c 22 § 2.]
mobile home or park model trailer subject to property taxes to
the treasurer's own county assessor and to the county assessor
of the county in which the mobile home or park model trailer
will be located.

(2) When a single trip special permit not requiring tax
certification is issued, the department of transportation or the
local authority shall notify the assessor of the county in which
the mobile home or park model trailer is to be located. When
a continuous trip special permit is used to transport a mobile
home or park model trailer not requiring tax certification, the
transporter shall notify the assessor of the county in which the
mobile home or park model trailer is to be located. Notification
is not necessary when the destination of a mobile home
for park model trailer is a manufacturer, distributor, retailer, or
location outside the state.

(3) A notification under this section shall state the spe-
cific, residential destination of the mobile home or park
model trailer. [2002 c 168 § 7; 1984 c 7 § 61; 1977 ex.s. c 22

public highways of this state and failure to comply with any
of the provisions of RCW 46.44.170 and 46.44.173 is a traffic
infraction for which a penalty of not less than one hundred
dollars or more than five hundred dollars shall be assessed.
In addition to the above penalty, the department of transporta-

employee of a dealer or other principal licensed to transport
mobile homes within this state acting within the course of
employment with the principal, to operate a pilot vehicle
accompanying a mobile home, as defined in RCW 46.04.302,
being transported on the public highways of this state, with-

(2) Satisfactory evidence of the insurance shall be car-

evidence shall be displayed upon demand by a police officer.

(3) Failure to maintain the insurance as required by this

(4) Failure to carry or disclose the evidence of the insur-

Intent—Effective date—2003 c 53: See notes following RCW
2.48.180.

46.44.190 Firefighting apparatus. (1) As used in this
section, "firefighting apparatus" means a vehicle or combina-
tion of vehicles, owned by a regularly organized fire suppres-
sion agency, designed, maintained, and used exclusively for
fire suppression and rescue or for fire prevention activities.
These vehicles and associated loads or equipment are neces-
sary to protect the public safety and are considered nondivis-
able loads. A vehicle or combination of vehicles that is not
designed primarily for fire suppression including, but not
limited to, a hazardous materials response vehicle, bus, mobile
county, mobile sanitation facility, and heavy equip-
ment transport vehicle is not a firefighting apparatus for pur-
poses of this section.

(2) Firefighting apparatus must comply with all applica-
tional federal and state vehicle operating and safety criteria,
including rules adopted by agencies within each jurisdiction.

(3) All owners and operators of firefighting apparatus
shall comply with current information, provided by the
department, regarding the applicable load restrictions of state
and local bridges within the designated fire service area,
including any automatic or mutual aid agreement areas.

(4) Firefighting apparatus operating within a fire district
or municipal department boundary of the owner of the appa-
ratus, including any automatic or mutual aid agreement areas,
may operate without a permit if:

(a) The weight does not exceed:

(i) 600 pounds per inch width of tire;

(ii) 24,000 pounds on a single axle;

(iii) 43,000 pounds on a tandem axle set;

(iv) 67,000 pounds gross vehicle weight, subject to the
gross weight limits of RCW 46.44.091(1) (c), (d), and (e);

(v) The tire manufacturer's tire load rating.

(b) There is no tridem axle set.

(c) The dimensions do not exceed:

(i) 8 feet, 6 inches wide;

(ii) 14 feet high;

(iii) 50 feet overall length;

(iv) 15 foot front overhang;

(v) Rear overhang not exceeding the length of the wheel
base.

(5) Operators of firefighting apparatus that exceed the
weight limits in subsection (4) of this section must apply for
an overweight permit with the department. The maximum
weight a firefighting apparatus may weigh is 50,000 pounds
on the tandem axle set, and may not exceed 600 pounds per
inch width of tire. The maximum weight limit must include

(2014 Ed.)
the weight of a full water tank, if applicable, all equipment necessary for operation, and the normal number of personnel usually assigned to be on board, or four personnel, whichever is greater. At least four personnel must be physically present at the time the apparatus is weighed.

(6) When applying for a permit, a current weight slip from a certified scale must be attached to the department's application form. Upon receiving an application, the department shall transmit it to the local jurisdictions in which the firefighting apparatus will be operating, so that the local jurisdictions can make a determination on the need for local travel and route restrictions within the operating area. The department shall issue a permit within twenty days of receiving a permit application and shall issue the permit on an annual basis for the apparatus to operate on the state highway system, with reference made to applicable load restrictions and any other limitations stipulated on the permit, including limitations placed by local jurisdictions.

(7) Firefighting apparatus in operation in this state before June 13, 2002, and privately owned industrial firefighting apparatus used for purposes of providing emergency response and mutual aid are exempt from subsections (4) and (5) of this section. However, operators of the exempt firefighting apparatus must still obtain an annual permit under subsection (6) of this section.

(8) Firefighting apparatus without the proper overweight permits are prohibited from being operated on city, county, or state roadways until the apparatus is within legal weight limits and a current permit has been issued by the department. When the permit is issued, the fire district must notify the Washington state patrol that the apparatus is in compliance with overweight permit regulations.

(9) The Washington state patrol may conduct random spot checks of firefighting apparatus to ensure compliance with overweight permit regulations. If a firefighting apparatus is found to be not in compliance with overweight permit regulations, the state patrol shall issue a violation notice to the fire department stating this fact and prohibiting operation of the apparatus on city, county, and state roadways.

(10) It is a traffic infraction to continue to operate a firefighting apparatus on the roadways after a violation notice has been issued. The following penalties apply:
   (a) For a first offense, the penalty will be no less than fifty dollars but no more than fifty dollars;
   (b) For a second offense, the penalty will be no less than seventy-five dollars;
   (c) For a third or subsequent offense, the penalty will be no less than one hundred dollars.

(11) No individual liability attaches to an employee or volunteer of the penalized fire department. [2002 c 231 § 1; 2001 c 262 § 3.]

46.44.200 Vehicles or combination of vehicles with weight rating over forty thousand pounds and transporting cattle—Mandatory stops at state patrol-operated ports of entry—Exception—Penalty—Application. (1) Upon entering the state, any vehicle or combination of vehicles with a gross vehicle weight rating of more than forty thousand pounds and transporting cattle must immediately stop at a port of entry, which is operated by the Washington state patrol.

(2) The requirement of subsection (1) of this section does not apply to the operator of a vehicle in possession of a pasture permit or cattle consigned to a public auction or sales yard. Nothing in this subsection shall be construed to authorize a vehicle to bypass an open weigh station or port of entry.

(3) Operation of any vehicle or combination of vehicles in violation of this section is prima facie evidence that the owner of the vehicle or combination of vehicles caused or permitted the vehicle or combination of vehicles to be so operated, and the owner is liable for any penalties imposed under this section.

(4) The penalty for failure to comply with this section is one thousand dollars. All fines collected under this section must be deposited in the motor vehicle fund established under RCW 46.68.070 to be used for road maintenance purposes.

(5) The requirements and penalties in this section apply only in a county located east of the crest of the Cascade mountains with a population of at least four hundred fifty thousand and an adjacent county with a population of at least thirteen thousand but less than fifteen thousand.

(6) The Washington state patrol must provide a one-time written notification of the requirements of this section to affected carriers known to have previously entered the state of Washington in the counties described in subsection (5) of this section. The notification requirement is not a defense for a driver from enforcement action if found in violation of this section. Notification must be provided by August 1, 2011. [2011 c 242 § 1.]

TRANSPORTATION OF HAZARDOUS MATERIALS

Sections
46.48.170 State patrol authority—Rules and regulations.
46.48.175 Rules—Penalties—Responsibility for compliance.
46.48.185 Inspections.

Hazardous materials incident command agency, state patrol as: RCW 70.136.030.

46.48.170 State patrol authority—Rules and regulations. (1) The Washington state patrol acting by and through the chief of the Washington state patrol has the authority to adopt and enforce the regulations promulgated by the United States department of transportation, 49 C.F.R. Parts 100 through 199, transportation of hazardous materials, as these regulations apply to motor carriers offering, accepting, storing, or transporting hazardous materials and to persons that inspect, certify, test, or repair cargo tank motor vehicles. "Motor carrier" means any person engaged in the transportation of passengers or property operating interstate and intrastate upon the public highways of this state, except certain agricultural operations as outlined in 49 C.F.R. Sec. 173.5.

(2) The chief of the Washington state patrol may confer with the emergency management council under RCW 38.52.040 and may make rules and regulations pertaining thereto, sufficient to protect persons and property from unreasonable risk of harm or damage. The chief of the Washington state patrol may establish such additional rules not inconsistent with 49 C.F.R. (a) Named individuals. (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. Courts may charge a reasonable fee for the production and copying of the abstract for the individual.

(b) Employers or prospective employers. (i)(A) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or an agent acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(B) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (I) The employee or prospective employee that authorizes the release of the record; and (II) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(C) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(ii) In addition to the methods described in (b)(i) of this subsection, the director may enter into a contractual agree-

ment with an employer or its agent for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that will not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(c) Volunteer organizations. (i) An abstract of the full driving record maintained by the department may be furnished to a volunteer organization or an agent for a volunteer organization for which the named individual has submitted an application for a position that would require driving by the individual at the direction of the volunteer organization.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(C) Exclude any deferred prosecution under RCW 10.05.060, except that if a person is removed from a deferred prosecution under RCW 10.05.090, the abstract must show the deferred prosecution as well as the removal.

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.
(iv) Any insurance company or its agent, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agent, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles.

(v) The director may enter into a contractual agreement with an insurance company or its agent for the limited purpose of reviewing the driving records of existing policyholders for changes to the record during specified periods of time. TOW TRUCK OPERATORS—REGISTRATION REQUIREMENTS

46.55.020 Registration required—Penalty. (1) A person shall not engage in or offer to engage in the activities of a registered tow truck operator without a current registration certificate from the department of licensing authorizing him or her to engage in such activities.

(2) Any person engaging in or offering to engage in the activities of a registered tow truck operator without the registration certificate required by this chapter is guilty of a gross misdemeanor.

(3) A registered operator who engages in a business practice that is prohibited under this chapter may be issued a notice of traffic infraction under chapter 46.63 RCW and is also subject to the civil penalties that may be imposed by the department under this chapter.

(4) A person found to have committed an offense that is a traffic infraction under this chapter is subject to a monetary penalty of at least two hundred fifty dollars.

(5) All traffic infractions issued under this chapter shall be under the jurisdiction of the district court in whose jurisdiction they were issued. [2003 c 53 § 243; 1989 c 111 § 2; 1985 c 377 § 2.]

46.55.025 Registration or insurance required—Penalty. A vehicle engaging in the business of recovery of disabled vehicles for monetary compensation, from or on a public road or highway must either be operated by a registered tow truck operator, or someone who at a minimum has insurance in a like manner and amount as prescribed in RCW 46.55.030(3), and have had their tow trucks inspected in a like manner as prescribed by RCW 46.55.040(1). The department shall adopt rules to enforce this section. Failure to comply with this section is a class 1 civil infraction punishable under RCW 7.80.120. [1995 c 360 § 2.]

46.55.030 Application—Contents, bond, insurance, fee, certificate. (1) Application for licensing as a registered tow truck operator shall be made on forms furnished by the department, shall be accompanied by an inspection certification from the Washington state patrol, shall be signed by the applicant or an agent, and shall include the following information:

(a) The name and address of the person, firm, partnership, association, or corporation under whose name the business is to be conducted;

(b) The names and addresses of all persons having an interest in the business, or if the owner is a corporation, the names and addresses of the officers of the corporation;

(c) The names and addresses of all employees who serve as tow truck drivers;

(d) Proof of minimum insurance required by subsection (3) of this section;

(e) The vehicle license and vehicle identification numbers of all tow trucks of which the applicant is the registered owner;

(f) Any other information the department may require; and

(g) A certificate of approval from the Washington state patrol certifying that:

(i) The applicant has an established place of business and that mail is received at the address shown on the application;

(ii) The address of any storage locations where vehicles may be stored is correctly stated on the application;

(iii) The place of business has an office area that is accessible to the public without entering the storage area; and

(iv) The place of business has adequate and secure storage facilities, as defined in this chapter and the rules of the department, where vehicles and their contents can be properly stored and protected.

(2) Before issuing a registration certificate to an applicant the department shall require the applicant to file with the department a surety bond in the amount of five thousand dollars running to the state and executed by a surety company authorized to do business in this state. The bond shall be approved as to form by the attorney general and conditioned that the operator shall conduct his or her business in conformity with the provisions of this chapter pertaining to abandoned or unauthorized vehicles, and to compensate any person, company, or the state for failure to comply with this chapter or the rules adopted hereunder, or for fraud, negligence, or misrepresentation in the handling of these vehicles. Any person injured by the tow truck operator's failure to fully perform duties imposed by this chapter and the rules adopted hereunder, or an ordinance or resolution adopted by a city, town, or county is entitled to recover actual damages, including reasonable attorney's fees against the surety and the tow truck operator. Successive recoveries against the bond shall be permitted, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. As a condition of authority to do business, the operator shall keep the bond in full force and effect. Failure to maintain the penalty value of the bond or cancellation of the bond by the surety automatically cancels the operator's registration.

(3) Before the department may issue a registration certificate to an applicant, the applicant shall provide proof of minimum insurance requirements of:

(a) One hundred thousand dollars for liability for bodily injury or property damage per occurrence; and

(b) Fifty thousand dollars of legal liability per occurrence, to protect against vehicle damage, including but not limited to fire and theft, from the time a vehicle comes into the custody of an operator until it is redeemed or sold.
Cancellation of or failure to maintain the insurance required by (a) and (b) of this subsection automatically cancels the operator’s registration.

(4) The fee for each original registration and annual renewal is one hundred dollars per company, plus fifty dollars per truck. The department shall forward the registration fee to the state treasurer for deposit in the motor vehicle fund.

(5) The applicant must submit an inspection certificate from the state patrol before the department may issue or renew an operator’s registration certificate or tow truck permits.

(6) Upon approval of the application, the department shall issue a registration certificate to the registered operator to be displayed prominently at the operator’s place of business. [2010 c 8 § 9061; 1989 c 111 § 3; 1987 c 311 § 2; 1985 c 377 § 3.]

36.55.035 Prohibited acts—Penalty. (1) No registered tow truck operator may:

(d) Enter into any contract or agreement or offer any program that provides an incentive to a person authorized to order a private impound under RCW 46.55.080 that is related to the authorization of an impound or a number of impounds.

(i) The incentives prohibited by this section may be either monetary or nonmonetary things of value, such as gifts or prizes which are contingent on, or as a reward for the authorization of impounds.

(ii) Gifts of de minimis value that are given in the ordinary course of business and are not tied to any specific decision to authorize an impound or impounds are not prohibited. Permitted gifts would include promotional items such as pens, calendars, cups, and other items labeled with the registered tow truck operator’s business information, holiday gifts such as cookies or candy, flowers for occasions such as illness or death, or the cost of a single meal for one person when discussing business.

(iii) The provision of the actual physical signs required by this chapter to be posted on private property and the labor and materials for placing them is not a violation of this section.

(2) This section does not prohibit the registered tow truck operator from collecting the costs of towing, storage, tows or ferry fares paid, or other services rendered during the course of towing, removing, impounding, or storing of an impounded vehicle as provided by RCW 46.55.120.

(3) A violation of this section is a gross misdemeanor. [2012 c 18 § 1; 2010 c 56 § 1; 1992 c 18 § 1; 1989 c 111 § 4.]

A registered tow truck operator may receive compensation from a private property owner or agent for a private impound of an unauthorized vehicle that has an approximate fair market value equal only to the approximate value of the scrap in it. The private property owner or an agent must authorize the impound under RCW 46.55.080. The registered tow truck operator shall process the vehicle in accordance with this chapter and shall deduct any compensation received from the private property owner or agent from the amount of the lien on the vehicle in accordance with this chapter. [1992 c 18 § 2.]

46.55.040 Permit required—Inspections of equipment and facilities. (1) A registered operator shall apply for and keep current a tow truck permit for each tow truck of which the operator is the registered owner. (2) Upon receipt of the fee provided in RCW 46.55.030(4) and a satisfactory inspection report from the state patrol, the department shall issue each tow truck an annual tow truck permit or decal. The class of the tow truck, determined according to RCW 46.55.050, shall be stamped on the permit or decal. The permit or decal shall be displayed on the passenger side of the truck’s front windshield.

(3) A tow truck number from the department shall be affixed in a permanent manner to each tow truck.

(4) The Washington state patrol shall conduct annual inspections of tow truck operators’ equipment and facilities during the operators’ normal business hours. Unscheduled inspections may be conducted without notice at the operator’s place of business by an inspector to determine the fitness of a tow truck or facilities. At the time of the inspection, the operator shall provide a paper copy of the master log referred to in RCW 46.55.080.

(5) If at the time of the annual or subsequent inspections the equipment does not meet the requirements of this chapter, and the deficiency is a safety related deficiency, or the equipment is necessary to the truck’s performance, the inspector shall cause the registered tow truck operator to remove that equipment from service as a tow truck until such time as the equipment has been satisfactorily repaired. A red tag shall be placed on the windshield of a tow truck taken out of service, and the tow truck shall not provide tow truck service until the Washington state patrol recertifies the truck and removes the tag. [1989 c 111 § 5; 1985 c 377 § 4.]

46.55.050 Classification of trucks—Marking requirements—Time and place of inspection—Penalty. (1) Tow trucks shall be classified by towing capabilities, and shall meet or exceed all equipment standards set by the state patrol for the type of tow trucks to be used by an operator.

(2) All tow trucks shall display the firm’s name, city of address, and telephone number. This information shall be painted on or permanently affixed to both sides of the vehicle in accordance with rules adopted by the department.
(3) Before a tow truck is put into tow truck service, or when the reinspection of a tow truck is necessary, the district commander of the state patrol shall designate a location and time for the inspection to be conducted. When practicable, the inspection or reinspection shall be made within three business days following the request by the operator.

(4) Failure to comply with any requirement of this section or rules adopted under it is a traffic infraction. [1987 c 330 § 740; 1985 c 377 § 5.]

No fees may exceed those filed with the department. At least ten days before the effective date of any change in an operator's fee schedule, the registered tow truck operator shall file the revised fee schedule with the department.

(2) Towing contracts with private property owners shall be in written form and state the hours of authorization to impound, the persons empowered to authorize the impounds, and the present charge of a private impound for the classes of tow trucks to be used in the impound, and must be retained in the files of the registered tow truck operator for three years.

(3) A fee that is charged for tow truck service must be calculated on an hourly basis, and after the first hour must be charged to the nearest quarter hour.

(4) Fees that are charged for the storage of a vehicle, or for other items of personal property registered or titled with the department, must be calculated on a twenty-four hour basis and must be charged to the nearest half day from the time the vehicle arrived at the secure storage area. However, items of personal property registered or titled with the department that are wholly contained within an impounded vehicle are not subject to additional storage fees; they are, however, subject to satisfying the underlying lien for towing and storage of the vehicle in which they are contained.

(5) All billing invoices that are provided to the redeemer of the vehicle, or other items of personal property registered or titled with the department, must be itemized so that the individual fees are clearly discernable. [1995 c 360 § 3; 1989 c 111 § 7.]

IMPOUNDING UNAUTHORIZED VEHICLES

46.55.070 Posting requirements—Exception. (1) No person may impound, tow, or otherwise disturb any unauthorized vehicle standing on nonresidential private property or in a public parking facility for less than twenty-four hours unless a sign is posted near each entrance and on the property in a clearly conspicuous and visible location to all who park on such property that clearly indicates:

(a) The times a vehicle may be impounded as an unauthorized vehicle; and

(b) The name, telephone number, and address of the towing firm where the vehicle may be redeemed.

(2) The requirements of subsection (1) of this section do not apply to residential property. Any person having charge of such property may have an unauthorized vehicle impounded immediately upon giving written authorization.

(3) The department shall adopt rules relating to the size of the sign required by subsection (1) of this section, its lettering, placement, and the number required.

(4) This section applies to all new signs erected after July 1, 1986. All other signs must meet these requirements by July 1, 1989. [1987 c 311 § 4; 1985 c 377 § 7.]

Vehicle immobilization unlawful: RCW 46.55.300.

46.55.075 Law enforcement impound—Required form, procedures. (1) The Washington state patrol shall provide by rule for a uniform impound authorization and inventory form. All law enforcement agencies must use this form for all vehicle impounds after June 30, 2001.

(2014 Ed.)
46.55.080 Law enforcement impound, private impound—Master log—Certain associations restricted.
(1) If a vehicle is in violation of the time restrictions of RCW 46.55.010(13), it may be impounded by a registered tow truck operator at the direction of a law enforcement officer or other public official with jurisdiction if the vehicle is on public property, or at the direction of the property owner or an agent if it is on private property. A law enforcement officer may also direct the impoundment of a vehicle pursuant to a writ or court order.

(2) The person requesting a private impound or a law enforcement officer or public official requesting a public impound shall provide a signed authorization for the impound at the time and place of the impound to the registered tow truck operator before the operator may proceed with the impound. A registered tow truck operator, employee, or his or her agent may not serve as an agent of a property owner for the purposes of signing an impound authorization or, independent of the property owner, identify a vehicle for impound.

(3) In the case of a private impound, the impound authorization shall include the following statement: "A person authorizing this impound, if the impound is found in violation of chapter 46.55 RCW, may be held liable for the costs incurred by the vehicle owner."

(4) A registered tow truck operator shall record and keep in the operator's files the date and time that a vehicle is put in the operator's custody and released. The operator shall make an entry into a master log regarding transactions relating to impounded vehicles. The operator shall make this master log available, upon request, to representatives of the department or the state patrol.

(5) A person who engages in or offers to engage in the activities of a registered tow truck operator may not be associated in any way with a person or business whose main activity is authorizing the impounding of vehicles. [1999 c 398 § 4; 1989 c 111 § 8; 1987 c 311 § 7; 1985 c 377 § 9.]

*Reviser's note: RCW 46.55.010 was amended by 2005 c 88 § 2, changing subsection (13) to subsection (14).*

46.55.085 Law enforcement impound—Unauthorized vehicle in right-of-way. (1) A law enforcement officer discovering an unauthorized vehicle left within a highway right-of-way shall attach to the vehicle a readily visible notice sticker. The sticker shall contain the following information:

(a) The date and time the sticker was attached;
(b) The identity of the officer;
(c) A statement that if the vehicle is not removed within twenty-four hours from the time the sticker is attached, the vehicle may be taken into custody and stored at the owner's expense;
(d) A statement that if the vehicle is not redeemed as provided in RCW 46.55.120, the registered owner will have committed the traffic infraction of littering—abandoned vehicle; and
(e) The address and telephone number where additional information may be obtained.

(2) If the vehicle has current Washington registration plates, the officer shall check the records to learn the identity of the last owner of record. The officer or his or her department shall make a reasonable effort to contact the owner by telephone in order to give the owner the information on the notification sticker.

(3) If the vehicle is not removed within twenty-four hours from the time the notification sticker is attached, the law enforcement officer may take custody of the vehicle and provide for the vehicle's removal to a place of safety. A vehicle that does not pose a safety hazard may remain on the roadside for more than twenty-four hours if the owner or operator is unable to remove it from the place where it is located and so notifies law enforcement officials and requests assistance.

(4) For the purposes of this section a place of safety includes the business location of a registered tow truck operator. [2010 c 8 § 9062; 2002 c 279 § 6; 1993 c 121 § 1; 1987 c 311 § 6. Formerly RCW 46.52.170 and 46.52.180.]

46.55.090 Storage, return requirements—Personal property—Combination endorsement for tow truck drivers—Viewing impounded vehicle. (1) All vehicles impounded shall be taken to the nearest storage location that has been inspected and is listed on the application filed with the department.

(2) All vehicles shall be handled and returned in substantially the same condition as they existed before being towed.

(3) All personal belongings and contents in the vehicle, with the exception of those items of personal property that are registered or titled with the department, shall be kept intact, and shall be returned to the vehicle's owner or agent during normal business hours upon request and presentation of a driver's license or other sufficient identification. Personal belongings, with the exception of those items of personal property that are registered or titled with the department, shall not be sold at auction to fulfill a lien against the vehicle.

(4) All personal belongings, with the exception of those items of personal property that are registered or titled with the department, not claimed before the auction shall be turned over to the local law enforcement agency to which the initial notification of impoundment was given. Such personal belongings shall be disposed of pursuant to chapter 63.32 or 63.40 RCW.

(5) Tow truck drivers shall have a Washington state driver's license endorsed for the appropriate classification under chapter 46.25 RCW or the equivalent issued by another state.

(6) Any person who shows proof of ownership or written authorization from the impounded vehicle's registered or legal owner or the vehicle's insurer may view the vehicle without charge during normal business hours. [1995 c 360 § 4; 1989 c 178 § 25; 1987 c 311 § 7; 1985 c 377 § 9.]

46.55.100 Impound notice—Abandoned vehicle report—Owner information, liability—Disposition report. (1) At the time of impoundment the registered tow

[Title 46 RCW—page 230] (2014 Ed.)
truck operator providing the towing service shall give immediate notification, by telephone or radio, to a law enforcement agency having jurisdiction who shall maintain a log of such reports. A law enforcement agency, or a private communication center acting on behalf of a law enforcement agency, shall within six to twelve hours of the impoundment, provide to a requesting operator the name and address of the legal and registered owners of the vehicle, and the registered owner of any personal property registered or titled with the department that is attached to or contained in or on the impounded vehicle, the vehicle identification number, and any other necessary, pertinent information. The initial notice of impoundment shall be followed by a written or electronic facsimile notice within twenty-four hours. In the case of a vehicle from another state, time requirements of this subsection do not apply until the requesting law enforcement agency in this state receives the information.

(2) The operator shall immediately send an abandoned vehicle report to the department for any vehicle, and for any items of personal property registered or titled with the department, that are in the operator's possession after the one hundred twenty hour abandonment period. Such report need not be sent when the impoundment is pursuant to a writ, court order, or police hold that is not a suspended license impound. The owner notification and abandonment process shall be initiated by the registered tow truck operator immediately following notification by a court or law enforcement officer that the writ, court order, or police hold that is not a suspended license impound is no longer in effect.

(3) Following the submittal of an abandoned vehicle report, the department shall provide the registered tow truck operator with owner information within seventy-two hours.

(4) Within fourteen days of the sale of an abandoned vehicle at public auction, the towing operator shall send a copy of the abandoned vehicle report showing the disposition of the abandoned vehicle and any other items of personal property registered or titled with the department to the department. The vehicle buyer information sent to the department on the abandoned vehicle report relieves the previous owner of the vehicle from any civil or criminal liability for the operation of the vehicle from the date of sale thereafter and transfers full liability for the vehicle to the buyer. By January 1, 2003, the department shall create a system enabling tow truck operators the option of sending the portion of the abandoned vehicle report that contains the vehicle's buyer information to the department electronically.

(5) If the operator sends an abandoned vehicle report to the department and the department finds no owner information, an operator may proceed with an inspection of the vehicle and any other items of personal property registered or titled with the department to determine whether owner identification is within the vehicle.

(6) If the operator finds no owner identification, the operator shall immediately notify the appropriate law enforcement agency, which shall search the vehicle and any other items of personal property registered or titled with the department for the vehicle identification number or other appropriate identification numbers and check the necessary records to determine the vehicle's or other property's owners.

### 46.55.105 Responsibility of registered owner.

(1) The abandonment of any vehicle creates a prima facie presumption that the last registered owner of record is responsible for the abandonment and is liable for costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(2) If an unauthorized vehicle is found abandoned under subsection (1) of this section and removed at the direction of law enforcement, the last registered owner of record is guilty of the traffic infraction of "littering—abandoned vehicle," unless the vehicle is redeemed as provided in RCW 46.55.120. In addition to any other monetary penalty payable under chapter 46.63 RCW, the court shall not consider all monetary penalties as having been paid until the court is satisfied that the person found to have committed the infraction has made restitution in the amount of the deficiency remaining after disposal of the vehicle under RCW 46.55.140.

(3) A vehicle theft report filed with a law enforcement agency relieves the last registered owner of liability under subsection (2) of this section for failure to redeem the vehicle. However, the last registered owner remains liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle under subsection (1) of this section. Nothing in this section limits in any way the registered owner's rights in a civil action or as restitution in a criminal action against a person responsible for the theft of the vehicle.

(4) Properly filing a report of sale or transfer regarding the vehicle involved in accordance with RCW 46.12.650 (1) through (3) relieves the last registered owner of liability under subsections (1) and (2) of this section. If the date of sale as indicated on the report of sale is on or before the date of impoundment, the buyer identified on the latest properly filed report of sale with the department is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction. If the date of sale is after the date of impoundment, the previous registered owner is assumed to be liable for such costs. A licensed vehicle dealer is not liable under subsections (1) and (2) of this section if the dealer, as transferee or assignee of the last registered owner of the vehicle involved, has complied with the requirements of RCW 46.70.122 upon selling or otherwise disposing of the vehicle, or if the dealer has timely filed a transitional ownership record or report of sale under RCW 46.12.660. In that case the person to whom the licensed vehicle dealer has sold or transferred the vehicle is assumed liable for the costs incurred in removing, storing, and disposing of the abandoned vehicle, less amounts realized at auction.

(5) For the purposes of reporting notices of traffic infraction to the department under RCW 46.20.270 and 46.52.101, and for purposes of reporting notices of failure to appear, respond, or comply regarding a notice of traffic infraction to the department under RCW 46.63.070(6), a traffic infraction under subsection (2) of this section is not considered to be a standing, stopping, or parking violation.

(6) A notice of infraction for a violation of this section may be filed with a court of limited jurisdiction organized
under Title 3, 35, or 35A RCW, or with a violations bureau subject to the court's jurisdiction. [2010 c 161 § 119; 2002 c 279 § 10; 1999 c 86 § 5; 1998 c 203 § 2; 1995 c 219 § 4; 1993 c 314 § 1.]

**Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161:** See notes following RCW 46.04.013.

**Finding—1998 c 203:** "The legislature finds that the license to drive a motor vehicle on the public highways is suspended or revoked in order to protect public safety following a driver's failure to comply with the laws of this state. Over six hundred persons are killed in traffic accidents in Washington annually, and more than eighty-four thousand persons are injured. It is estimated that three million four hundred thousand drivers' licenses issued to citizens of Washington, more than two hundred sixty thousand are suspended or revoked at any given time. Suspended drivers are more likely to be involved in causing traffic accidents, including fatal accidents, than properly licensed drivers, and pose a serious threat to the lives and property of Washington residents. Statistics show that suspended drivers are three times more likely to kill or seriously injure others in the commission of traffic felony offenses than are validly licensed drivers. In addition to not having a driver's license, most such drivers also lack required liability insurance, increasing the financial burden upon other citizens through uninsured losses and higher insurance costs for validly licensed drivers. Because of the threat posed by suspended drivers, all registered owners of motor vehicles in Washington have a duty to not allow their vehicles to be driven by a suspended driver.

Despite the existence of criminal penalties for driving with a suspended or revoked license, an estimated seventy-five percent of these drivers continue to drive anyway. Existing sanctions are not sufficient to deter or prevent persons with a suspended or revoked license from driving. It is common for suspended drivers to resume driving immediately after being stopped, cited, and released by a police officer and to continue to drive while a criminal prosecution for suspended driving is pending. More than half of all suspended drivers charged with the crime of driving while suspended or revoked fail to appear for court hearings. Vehicle impoundment will provide an immediate consequence which will increase deterrence and reduce unlawful driving by preventing a suspended driver access to that vehicle. Vehicle impoundment will also provide an appropriate measure of accountability for registered owners who permit suspended drivers to drive their vehicles. Impoundment of vehicles driven by suspended drivers has been shown to reduce future driving while suspended or revoked offenses for up to two years afterwards, and the recidivism rate for drivers whose cars were not impounded was one hundred percent higher than for drivers whose cars were impounded. In order to adequately protect public safety and to enforce the state's driver licensing laws, it is necessary to authorize the impoundment of any vehicle when it is found to be operated by a driver with a suspended or revoked license in violation of RCW 46.20.342 and 46.20.420. The impoundment of a vehicle operated in violation of RCW 46.20.342 or 46.20.420 is intended to be a civil in rem action against the vehicle in order to remove it from the public highways and reduce the risk posed to traffic safety by a vehicle accessible to a driver who is reasonably believed to have violated these laws." [1998 c 203 § 1.]

### 46.55.110 Notice to legal and registered owners

**1.** When an unauthorized vehicle is impounded, the impounding towing operator shall notify the legal and registered owners of the impoundment of the unauthorized vehicle and the owners of any other items of personal property registered or titled with the department. The notification shall be sent by first-class mail within twenty-four hours after the impoundment to the last known registered and legal owners of the vehicle, and the owners of any other items of personal property registered or titled with the department, as provided by the law enforcement agency, and shall inform the owners of the identity of the person or agency authorizing the impound. The notification shall include the name of the impounding tow firm, its address, and telephone number. The notice shall also include the location, time of the impound, and by whose authority the vehicle was impounded. The notice shall also include the written notice of the right of redemption and opportunity for a hearing to contest the validity of the impoundment pursuant to RCW 46.55.120.

**2.** In addition, if a suspended license impound has been ordered, the notice must state the length of the impound, the requirement of the posting of a security deposit to ensure payment of the costs of removal, towing, and storage, notification that if the security deposit is not posted the vehicle will immediately be processed and sold at auction as an abandoned vehicle, and the requirements set out in *RCW 46.55.120(1)(b) regarding the payment of the costs of removal, towing, and storage as well as providing proof of satisfaction of any penalties, fines, or forfeitures before redemption. The notice must also state that the registered owner is ineligible to purchase the vehicle at the abandoned vehicle auction, if held.

**3.** In the case of an abandoned vehicle, or other item of personal property registered or titled with the department, within twenty-four hours after receiving information on the owners from the department through the abandoned vehicle report, the tow truck operator shall send by certified mail, with return receipt requested, a notice of custody and sale to the legal and registered owners and of the penalties for the traffic infraction littering—abandoned vehicle.

**4.** If the date on which a notice required by subsection (3) of this section is to be mailed falls upon a Saturday, Sunday, or a postal holiday, the notice may be mailed on the next day that is neither a Saturday, Sunday, nor a postal holiday.

**5.** No notices need be sent to the legal or registered owners of an impounded vehicle or other item of personal property registered or titled with the department, if the vehicle or personal property has been redeemed. [2002 c 279 § 11; 1999 c 398 § 6; 1998 c 203 § 3; 1995 c 360 § 6; 1989 c 111 § 10; 1987 c 311 § 9; 1985 c 377 § 11.]

### 46.55.113 Removal by police officer—Definition

**1.** Whenever the driver of a vehicle is arrested for a violation of RCW 46.20.342 or 46.20.345, the vehicle is subject to summary impoundment, pursuant to the terms and conditions of an applicable local ordinance or state agency rule at the direction of a law enforcement officer.

**2.** In addition, a police officer may take custody of a vehicle, at his or her discretion, and provide for its prompt removal to a place of safety under any of the following circumstances:

(a) Whenever a police officer finds a vehicle standing upon the roadway in violation of any of the provisions of RCW 46.61.560, the officer may provide for the removal of the vehicle or require the driver or other person in charge of the vehicle to move the vehicle to a position off the roadway;

(b) Whenever a police officer finds a vehicle unattended upon a highway where the vehicle constitutes an obstruction to traffic or jeopardizes public safety;

(c) Whenever a police officer finds an unattended vehicle at the scene of an accident or when the driver of a vehicle involved in an accident is physically or mentally incapable of deciding upon steps to be taken to protect his or her property;

[Title 46 RCW—page 232]

(2014 Ed.)
(d) Whenever the driver of a vehicle is arrested and taken into custody by a police officer;

(e) Whenever a police officer discovers a vehicle that the officer determines to be a stolen vehicle;

(f) Whenever a vehicle without a special license plate, placard, or decal indicating that the vehicle is being used to transport a person with disabilities under RCW 46.19.010 is parked in a stall or space clearly and conspicuously marked under RCW 46.61.581 which space is provided on private property without charge or on public property;

(g) Upon determining that a person is operating a motor vehicle without a valid and, if required, a specially endorsed driver’s license or with a license that has been expired for ninety days or more;

(h) When a vehicle is illegally occupying a truck, commercial loading zone, restricted parking zone, bus, loading, hooded-meter, taxi, street construction or maintenance, or other similar zone where, by order of the director of transportation or chiefs of police or fire or their designees, parking is limited to designated classes of vehicles or is prohibited during certain hours, on designated days or at all times, if the zone has been established with signage for at least twenty-four hours and where the vehicle is interfering with the proper and intended use of the zone. Signage must give notice to the public that a vehicle will be removed if illegally parked in the zone;

(i) When a vehicle with an expired registration of more than forty-five days is parked on a public street.

(3) When an arrest is made for a violation of RCW 46.20.342, if the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest and the owner has not received a prior release under this subsection or *RCW 46.55.120(1)(a)(ii).

(4) Nothing in this section may derogate from the powers of police officers under the common law. For the purposes of this section, a place of safety may include the business location of a registered tow truck operator.

(5) For purposes of this section “farm transport vehicle” means a motor vehicle owned by a farmer and that is being actively used in the transportation of the farmer’s or another farmer’s farm, orchard, aquatic farm, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, aquatic farm, or dairy, and that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more. 46.55.115 State patrol—Appointment of towing operators—Lien for costs—Appeal. The Washington state patrol, under its authority to remove vehicles from the highway, may remove the vehicles directly, through towing operators appointed by the state patrol and called on a rotational or other basis, through contracts with towing operators, or by a combination of these methods. When removal is to be accomplished through a towing operator on a noncontractual basis, the state patrol may appoint any towing operator for this purpose upon the application of the operator. Each appointment shall be contingent upon the submission of an application to the state patrol and the making of subsequent reports in such form and frequency and compliance with such standards of equipment, performance, pricing, and practices as may be required by rule of the state patrol.

An appointment may be rescinded by the state patrol upon evidence that the appointed towing operator is not complying with the laws or rules relating to the removal and storage of vehicles from the highway. The state patrol may not rescind an appointment merely because a registered tow truck operator negotiates a different rate for voluntary, owner-requested towing than for involuntary towing under this chapter. The costs of removal and storage of vehicles under this section shall be paid by the owner or driver of the vehicle and shall be a lien upon the vehicle until paid, unless the removal is determined to be invalid.

Rules promulgated under this section shall be binding only upon those towing operators appointed by the state patrol for the purpose of performing towing services at the request of the Washington state patrol. Any person aggrieved by a decision of the state patrol made under this section may appeal the decision under chapter 34.05 RCW. 46.55.117 Impounds under RCW 64.44.050. An impound under RCW 64.44.050 shall not be considered an impound under this chapter. A tow operator who contracts with a law enforcement agency for transporting a vehicle impounded under RCW 64.44.050 shall only remove the vehicle to a secure public facility, and is not required to store or dispose of the vehicle. The vehicle shall remain in the care, custody, and control of the law enforcement agency to be demolished, disposed of, or decontaminated as provided under RCW 64.44.050. The law enforcement agency shall pay for all costs incurred as a result of the towing if the vehicle owner does not pay within thirty days. The law enforcement agency may seek reimbursement from the owner. [2008 c 201 § 3.]

46.55.118 Rate, fee limitations for certain private impounds. (1) For a private impound performed by any registered tow truck operator using tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1) as class A, class E, or class D only, the following limitations apply:

(a) The maximum towing hourly rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum hourly rate for a class A tow truck at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(b) The maximum daily storage rate listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred thirty-five percent of the maximum daily storage rate for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(c) The maximum after hours release fee listed on the fee schedule filed with the department under RCW 46.55.063(1) may not exceed one hundred percent of the maximum after hours release fee for an impound at the time of filing as negotiated by the Washington state patrol, pursuant to rule, and contained in the letter of contractual agreement and letter of appointment authorizing a registered tow truck operator to respond to state patrol-originated calls.

(2) The limitations set forth in subsection (1) of this section apply to all registered tow truck operators whether or not they hold, have applied for, or received letters of appointment from the Washington state patrol to respond to state patrol-originated calls.

(3) The limitations set forth in subsection (1) of this section do not apply to:

(a) Any other classes of tow trucks classified by the Washington state patrol by rule under RCW 46.55.050(1); or

(b) Law enforcement impounds or private voluntary towing.

(4) The limitations set forth in subsection (1) of this section only apply if the vehicle is parked and upright, has all its wheels and tires attached, does not have a broken axle, and has not been involved in an accident at the location from which it is being impounded.

(5) This section does not affect the authority of any city, town, or county to enforce, maintain, or amend any ordinance, enacted prior to January 1, 2013, and valid under state law in existence at the time of its enactment, that regulates maximum allowable rates and related charges for private impounds by registered tow truck operators. [2013 c 37 § 2.]

Findings—2013 c 37: "The legislature finds that the use of a motor vehicle is often a necessity for residents' livelihood and families. Therefore, the legislature finds it is important for the public to know what the charges and fees will be for the private impound of cars and other vehicles parked on private property, and that those charges should be reasonable to ensure that residents may retrieve impounded vehicles." REDEMPTION RIGHTS AND HEARING PROCEDURES

46.55.120 Redemption of vehicles—Sale of unredeemed property—Improper impoundment. (1)(a) Vehicles or other items of personal property registered or titled with the department that are impounded by registered tow truck operators pursuant to RCW 46.55.080, 46.55.085, 46.55.113, or 9A.88.140 may be redeemed only by the following persons or entities:

(i) The legal owner;

(ii) The registered owner;

(iii) A person authorized in writing by the registered owner;

(iv) The vehicle's insurer or a vendor working on behalf of the vehicle's insurer;

(v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered owner or the owner's agent to move the vehicle, and has documented that consent in the insurer's claim file, or a vendor working on behalf of a third-party insurer that has received such consent; provided, however, that at all times the registered owner must be granted access to and may reclaim possession of the vehicle. For the purposes of this subsection, "owner's agent" means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner's permission, or an adult member of the registered owner's family;

(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department; or

(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor.

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).
In order to avoid discriminatory application, other than for the reasons for release set forth in (b)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department’s records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under (a) of this subsection satisfies the requirements of (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(c) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(d) Notwithstanding (c) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(e) Notwithstanding (c) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor’s right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(f) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (c) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer’s bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney’s fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator
shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in (a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO: ........

YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the ........ Court located at ........ in the sum of $ ........, in an action entitled ........, Case No. ........ (4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees. and time of the auction, and a method to contact the tow truck operator conducting the auction such as a telephone number, electronic mail address, or web site, in a newspaper of general circulation in the county in which the vehicle is located not less than three days and no more than ten days before the date of the auction. For the purposes of this section, a newspaper of general circulation may be a commercial, widely circulated, free, classified advertisement circular not affiliated with the registered tow truck operator and the notice may be listed in a classification delineating "auctions" or similar language designed to attract potential bidders to the auction. The notice shall contain a notification that a public viewing period will be available before the auction and the length of the viewing period. The auction shall be held during daylight hours of a normal business day. The viewing period must be one hour if twenty-five or fewer vehicles are to be auctioned, two hours if more than twenty-five and fewer than fifty vehicles are to be auctioned, and three hours if fifty or more vehicles are to be auctioned.

(2) The following procedures are required in any public auction of such abandoned vehicles:

(a) The auction shall be held in such a manner that all persons present are given an equal time and opportunity to bid;

(b) All bidders must be present at the time of auction unless they have submitted to the registered tow truck operator, who may or may not choose to use the preauction bid method, a written bid on a specific vehicle. Written bids may be submitted up to five days before the auction and shall clearly state which vehicle is being bid upon, the amount of the bid, and who is submitting the bid;

(c) The open bid process, including all written bids, shall be used so that everyone knows the dollar value that must be exceeded;

(d) The highest two bids received shall be recorded in written form and shall include the name, address, and telephone number of each such bidder;

(e) In case the high bidder defaults, the next bidder has the right to purchase the vehicle for the amount of his or her bid;

(f) The successful bidder shall apply for title within fifteen days;

(g) The registered tow truck operator shall post a copy of the auction procedure at the bidding site. If the bidding site is different from the licensed office location, the operator shall post a clearly visible sign at the office location that describes in detail where the auction will be held. At the bidding site a copy of the newspaper advertisement that lists the vehicles for sale shall be posted;

(h) All surplus moneys derived from the auction after satisfaction of the registered tow truck operator's lien shall be remitted within thirty days to the department for deposit in the state motor vehicle fund. A report identifying the vehicles resulting in any surplus shall accompany the remitted funds. If the director subsequently receives a valid claim from the registered vehicle owner of record as determined by the department within one year from the date of the auction, the surplus moneys shall be remitted to such owner;

(i) If an operator receives no bid, or if the operator is the successful bidder at auction, the operator shall, within forty-five days, sell the vehicle to a licensed vehicle wrecker, hauler, or scrap processor by use of the abandoned vehicle report-affidavit of sale, or the operator shall apply for title to the vehicle.

(3) A tow truck operator may refuse to accept a bid at an abandoned vehicle auction under this section for any reason in the operator's posted operating procedures and for any of the following reasons: (a) The bidder is currently indebted to the operator; (b) the operator has knowledge that the bidder has previously abandoned vehicles purchased at auction; or (c) the bidder has purchased, at auction, more than four vehicles in the last calendar year without obtaining title to any or all of the vehicles. In no case may an operator hold a vehicle for longer than ninety days without holding an auction on the vehicle, except for vehicles that are under a police or judicial hold.

(4)(a) The accumulation of storage charges applied to the lien at auction under RCW 46.55.140 may not exceed fifteen additional days from the date of receipt of the information by the operator from the department as provided by RCW 46.55.110(3) plus the storage charges accumulated prior to the receipt of the information. However, vehicles redeemed pursuant to RCW 46.55.120 prior to their sale at auction are subject to payment of all accumulated storage charges from the time of impoundment up to the time of redemption.

(b) The failure of the registered tow truck operator to comply with the time limits provided in this chapter limits the accumulation of storage charges to five days except where delay is unavoidable. Providing incorrect or incomplete identifying information to the department in the abandoned vehicle report shall be considered a failure to comply with these time limits if correct information is available. However, storage charges begin to accrue again on the date the correct and complete information is provided to the department by the registered tow truck operator. 46.55.140 Operator's lien, deficiency claim, liability.

(1) A registered tow truck operator who has a valid and signed impoundment authorization has a lien upon the impounded vehicle for services provided in the towing and storage of the vehicle, unless the impoundment is determined to have been invalid. The lien does not apply to personal property in or upon the vehicle that is not permanently attached to or is not an integral part of the vehicle except for items of personal property registered or titled with the department. The registered tow truck operator also has a deficiency claim against the registered owner of the vehicle for services provided in the towing and storage of the vehicle not to exceed the sum of five hundred dollars after deduction of the amount bid at auction, and for vehicles of over ten thousand pounds gross vehicle weight, the operator has a deficiency claim of one thousand dollars after deduction of the amount bid at auction, unless the impound is determined to be invalid. The limitation on towing and storage deficiency claims does not apply to an impound directed by a law enforcement officer. In no case may the cost of the auction or a buyer's fee be added to the amount charged for the vehicle at the auction, the vehicle's lien, or the overage due. A registered owner who has completed and filed with the department

the report of sale as provided for in RCW 46.12.650 and has
timely and properly filed the report of sale is relieved of lia-
tibility under this section. The person named as the new owner
of the vehicle on the timely and properly filed report of sale
shall assume liability under this section.

(2) Any person who tows, removes, or otherwise disturbs
any vehicle parked, stalled, or otherwise left on privately
owned or controlled property, and any person owning or con-
trolling the private property, or either of them, are liable to
the owner or operator of a vehicle, or each of them, for con-
sequential and incidental damages arising from any interfer-
ce with the ownership or use of the vehicle which does not
comply with the requirements of this chapter. [2010 c 161 §

46.55.200 Penalties for certain acts or omissions. A
registered tow truck operator's license may be denied, sus-
pected, or revoked, or the licensee may be ordered to pay a
monetary penalty of a civil nature, not to exceed one thou-
sand dollars per violation, or the licensee may be subjected to
any combination of license and monetary penalty, whenever
the director has reason to believe the licensee has committed,
or is at the time committing, a violation of this chapter or
rules adopted under it or any other statute or rule relating to
the title or disposition of vehicles or vehicle hulks, including
but not limited to:

(1) Towing any abandoned vehicle without first obtain-

impound authorization properly executed by the private per-
son or public official having control over the property on
which the unauthorized vehicle was found;

[Title 46 RCW—page 238]
46.55.210 Cease and desist order. Whenever it appears to the director that any registered tow truck operator or a person offering towing services has engaged in or is about to engage in any act or practice constituting a violation of any provision of this chapter or any rule adopted hereunder, the director may issue an order directing the operator or person to cease and desist from continuing the act or practice. Reasonable notice of and opportunity for a hearing shall be given. The director may issue a temporary order pending a hearing. The temporary order shall remain in effect until ten days after the hearing is held and shall become final if the hearing does not request a hearing within fifteen days after the receipt of notice. [1987 c 311 § 17; 1985 c 377 § 21.]

46.55.220 Refusal to issue license, grounds for. If an application for a license to conduct business as a registered tow truck operator is filed by any person whose license has previously been canceled for cause by the department, or if the department is of the opinion that the application is not filed in good faith or that the application is filed by some person as a subterfuge for the real person in interest whose license has previously been canceled for cause, the department, after a hearing, of which the applicant has been given twenty days' notice in writing and at which the applicant may appear in person or by counsel and present testimony, may refuse to issue such a license to conduct business as a registered tow truck operator. [1987 c 311 § 18; 1985 c 377 § 22.]

JUNK VEHICLE DISPOSITION

46.55.230 Junk vehicles—Removal, disposal, sale—Penalties—Cleanup restitution payment. (1)(a) Notwithstanding any other provision of law, any law enforcement officer having jurisdiction, or any employee or officer of a jurisdictional health department acting pursuant to RCW 70.95.240, or any person authorized by the director shall inspect and may authorize the disposal of an abandoned junk vehicle. The person making the inspection shall record the make and vehicle identification number or license number of the vehicle if available, and shall also verify that the approximate value of the junk vehicle is equivalent only to the approximate value of the parts.

(b) A tow truck operator may authorize the disposal of an abandoned junk vehicle if the vehicle has been abandoned two or more times, the registered ownership information has not changed since the first abandonment, and the registered owner is also the legal owner.

(2) The law enforcement officer or department representative shall provide information on the vehicle's registered and legal owner to the landowner.

(3) Upon receiving information on the vehicle's registered and legal owner, the landowner shall mail a notice to the registered and legal owners shown on the records of the department. The notification shall describe the redemption procedure and the right to arrange for the removal of the vehicle.

(4) If the vehicle remains unclaimed more than fifteen days after the landowner has mailed notification to the registered and legal owner, the landowner may dispose of the vehicle or sign an affidavit of sale to be used as a title document.

(5) If no information on the vehicle's registered and legal owner is found in the records of the department, the landowner may immediately dispose of the vehicle or sign an affidavit of sale to be used as a title document.

(6) It is a gross misdemeanor for a person to abandon a junk vehicle on property. If a junk vehicle is abandoned, the vehicle's registered owner shall also pay a cleanup restitution payment equal to twice the costs incurred in the removal of the junk vehicle. The court shall distribute one-half of the restitution payment to the landowner of the property upon which the junk vehicle is located, and one-half of the restitution payment to the law enforcement agency or jurisdictional health department investigating the incident.

(7) For the purposes of this section, the term "landowner" includes a legal owner of private property, a person with possession or control of private property, or a public official having jurisdiction over public property.

(8) A person complying in good faith with the requirements of this section is immune from any liability arising out of an action taken or omission made in the compliance. [2002 c 279 § 13; 2001 c 139 § 3; 2000 c 154 § 4; 1991 c 292 § 2; 1987 c 311 § 19; 1985 c 377 § 23.]

LOCAL REGULATION

46.55.240 Local ordinances—Requirements. (1) A city, town, or county that adopts an ordinance or resolution concerning unauthorized, abandoned, or impounded vehicles shall include the applicable provisions of this chapter.

(a) A city, town, or county may, by ordinance, authorize other impound situations that may arise locally upon the public right-of-way or other publicly owned or controlled property.

(b) A city, town, or county ordinance shall contain language that establishes a written form of authorization to impound, which may include a law enforcement notice of infraction or citation, clearly denoting the agency's authorization to impound.

(c) A city, town, or county may, by ordinance, provide for release of an impounded vehicle by means of a promissory note in lieu of immediate payment, if at the time of redemption the legal or registered owner requests a hearing on the validity of the impoundment. If the municipal ordinance directs the release of an impounded vehicle before the payment of the impoundment charges, the municipality is responsible for the payment of those charges to the registered tow truck operator within thirty days of the hearing date.

(d) The hearing specified in RCW 46.55.120(2) and in this section may be conducted by an administrative hearings officer instead of in the district court. A decision made by an

VEHICLE IMMOBILIZATION

46.55.300 Vehicle immobilization. (1) A property owner shall not immobilize any vehicle owned by a person other than the property owner.

(2) This section does not apply to property owned by the state or any unit of local government.

(3) A violation of this section is a gross misdemeanor. [2005 c 88 § 1.]

IMPOUNDMENT AFTER ARREST FOR DRIVING UNDER THE INFLUENCE

46.55.350 Findings—Intent. (1) The legislature finds that:

(a) Despite every effort, the problem of driving or controlling a vehicle while under the influence of alcohol or drugs remains a great threat to the lives and safety of citizens. Over five hundred people are killed by traffic accidents in Washington each year and impaired vehicle drivers account for almost forty-five percent, or over two hundred deaths per year. That is, impairment is the leading cause of traffic deaths in this state;

(b) Over thirty-nine thousand people are arrested each year in Washington for driving or controlling a vehicle while under the influence of alcohol or drugs. Persons arrested for driving or controlling a vehicle while under the influence of alcohol or drugs may still be impaired after they are cited and released and could return to drive or control a vehicle. If the vehicle was impounded, there is nothing to stop the impaired person from going to the tow truck operator's storage facility and redeeming the vehicle while still impaired;

(c) More can be done to deter those arrested for driving or controlling a vehicle while under the influence of alcohol or drugs. Approximately one-third of those arrested for operating a vehicle under the influence are repeat offenders. Vehicle impoundment effectively increases deterrence and prevents an impaired driver from accessing the vehicle for a specified time. In addition, vehicle impoundment provides an appropriate measure of accountability for registered owners who allow impaired drivers to drive or control their vehicles, but it also allows the registered owners to redeem their vehicles once impounded. Any inconvenience on a registered owner is outweighed by the need to protect the public;

(d) In order to protect public safety and to enforce the state's laws, it is reasonable and necessary to mandatorily impound the vehicle operated by a person who has been immobilized.

arrested for driving or controlling a vehicle while under the influence of alcohol or drugs.

(2) The legislature intends by chapter 167, Laws of 2011:
(a) To change the primary reason for impounding the vehicle operated by a person arrested for driving or controlling a vehicle under the influence of alcohol or drugs. The purpose of impoundment under chapter 167, Laws of 2011 is to protect the public from a person operating a vehicle while still impaired, rather than to prevent a potential traffic obstruction; and

(b) To require that officers have no discretion as to whether or not to order an impound after they have arrested a vehicle driver with reasonable grounds to believe the driver of the vehicle was driving while under the influence of alcohol or drugs, or was in physical control of a vehicle while under the influence of alcohol or drugs. [2011 c 167 § 2.]

46.55.360 Impoundment, when required—Law enforcement powers, duties, and liability immunity—Redemption, when, by whom—Operator liability immunity—Definition. (1)(a) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504, the vehicle is subject to summary impoundment and except for a commercial vehicle or farm transport vehicle under subsection (3)(c) of this section, the vehicle must be impounded. With the exception of the twelve-hour hold mandated under this section, the procedures for notice, redemption, storage, auction, and sale shall remain the same as for other impounded vehicles under this chapter.

(b) If the police officer directing that a vehicle be impounded under this section has:
(i) Waited thirty minutes after the police officer contacted the police dispatcher requesting a registered tow truck operator and the tow truck responding has not arrived, or
(ii) If the police officer is presented with exigent circumstances such as being called to another incident or due to limited available resources being required to return to patrol, the police officer may place the completed impound order and inventory inside the vehicle and secure the vehicle by closing the windows and locking the doors before leaving.

(c) If a police officer directing that a vehicle be impounded under this section has secured the vehicle and left it pursuant to (b) of this subsection, the police officer and the government or agency employing the police officer shall not be liable for any damages to or theft of the vehicle or its contents that occur between the time the officer leaves and the time that the registered tow truck operator takes custody of the vehicle, or for the actions of any person who takes or removes the vehicle before the registered tow truck operator arrives.

(2)(a) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the driver is a registered owner of the vehicle, the impounded vehicle may not be redeemed within a twelve-hour period following the time the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log, unless there are two or more registered owners of the vehicle or there is a legal owner of the vehicle that is not the driver of the vehicle. A registered owner who is not the driver of the vehicle or a legal owner who is not the driver of the vehicle may redeem the impounded vehicle after it arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log.

(b) When a driver of a vehicle is arrested for a violation of RCW 46.61.502 or 46.61.504 and the driver is a registered owner of the vehicle, the police officer directing the impound shall notify the driver that the impounded vehicle may not be redeemed within a twelve-hour period following the time the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log, unless there are two or more registered owners or there is a legal owner who is not the driver of the vehicle. The police officer directing the impound shall notify the driver that the impounded vehicle may be redeemed by either a registered owner or legal owner, who is not the driver of the vehicle, after the impounded vehicle arrives at the registered tow truck operator's storage facility as noted in the registered tow truck operator's master log.

(c) If the vehicle is a commercial vehicle or farm transport vehicle and the driver of the vehicle is not the owner of the vehicle, before the summary impoundment directed under subsection (1) of this section, the police officer shall attempt in a reasonable and timely manner to contact the owner of the vehicle and may release the vehicle to the owner if the owner is reasonably available, as long as the owner was not in the vehicle at the time of the stop and arrest.

(d) The registered tow truck operator shall notify the agency that ordered that the vehicle be impounded when the vehicle arrives at the registered tow truck operator's storage facility and has been entered into the master log starting the twelve-hour period.

(4) A registered tow truck operator that releases an impounded vehicle pursuant to the requirements stated in this section is not liable for injuries or damages sustained by the operator of the vehicle or sustained by third parties that may result from the vehicle driver's intoxicated state.

(5) For purposes of this section "farm transport vehicle" means a motor vehicle owned by a farmer and that is being actively used in the transportation of the farmer's or another farmer's farm, orchard, aquatic farm, or dairy products, including livestock and plant or animal wastes, from point of production to market or disposal, or supplies or commodities to be used on the farm, orchard, aquatic farm, or dairy, and that has a gross vehicle weight rating of 7,258 kilograms (16,001 pounds) or more. 46.61.055 Traffic control signal legend. Whenever traffic is controlled by traffic control signals exhibiting different colored lights, or colored lighted arrows, successively one at a time or in combination, only the colors green, red and yellow shall be used, except for special pedestrian signals carrying a word or legend, and said lights shall indicate and apply to drivers of vehicles and pedestrians as follows:

(1) Green indication
(a) Vehicle operators facing a circular green signal may proceed straight through or turn right or left unless a sign at such place prohibits either such turn. Vehicle operators turning right or left shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators turning right or left shall also stop for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).
(b) Vehicle operators facing a green arrow signal, shown alone or in combination with another indication, may enter the intersection control area only to make the movement indicated by such arrow, or such other movement as is permitted by other indications shown at the same time. Vehicle operators shall stop to allow other vehicles lawfully within the intersection control area to complete their movements. Vehicle operators shall also stop for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).
(c) Unless otherwise directed by a pedestrian control signal, as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing any green signal, except when the sole green signal is a turn arrow, may proceed across the roadway within any marked or unmarked crosswalk.

(2) Steady yellow indication
(a) Vehicle operators facing a steady circular yellow or yellow arrow signal are thereby warned that the related green movement is being terminated or that a red indication will be exhibited immediately thereafter when vehicular traffic shall not enter the intersection. Vehicle operators shall stop for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).
(b) Pedestrians facing a steady circular yellow or yellow arrow signal, unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 shall not enter the roadway.

(3) Steady red indication
(a) Vehicle operators facing a steady circular red signal alone shall stop at a clearly marked stop line, but if none, before entering the crosswalk on the near side of the intersection or, if none, then before entering the intersection control area and shall remain standing until an indication to proceed is shown. However, the vehicle operators facing a steady circular red signal may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully
within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(b) Unless otherwise directed by a pedestrian control signal as provided in RCW 46.61.060 as now or hereafter amended, pedestrians facing a steady circular red signal alone shall not enter the roadway.

(c) Vehicle operators facing a steady red arrow indication may not enter the intersection control area to make the movement indicated by such arrow, and unless entering the intersection control area to make such other movement as is permitted by other indications shown at the same time, shall stop at a clearly marked stop line, but if none, before entering a crosswalk on the near side of the intersection control area, or if none, then before entering the intersection control area and shall remain standing until an indication to make the movement indicated by such arrow is shown. However, the vehicle operators facing a steady red arrow indication may, after stopping proceed to make a right turn from a one-way or two-way street into a two-way street or into a one-way street carrying traffic in the direction of the right turn; or a left turn from a one-way street or two-way street into a one-way street carrying traffic in the direction of the left turn; unless a sign posted by competent authority prohibits such movement. Vehicle operators planning to make such turns shall remain stopped to allow other vehicles lawfully within or approaching the intersection control area to complete their movements. Vehicle operators planning to make such turns shall also remain stopped for pedestrians who are lawfully within the intersection control area as required by RCW 46.61.235(1).

(d) Unless otherwise directed by a pedestrian signal, pedestrians facing a steady red arrow signal indication shall not enter the roadway.

(4) If an official traffic control signal is erected and maintained at a place other than an intersection, the provisions of this section shall be applicable except as to those provisions which by their nature can have no application. Any stop required shall be made at a sign or marking on the pavement indicating where the stop shall be made, but in the absence of any such sign or marking the stop shall be made at the signal. [1993 c 153 § 2; 1990 c 241 § 2; 1975 c 62 § 19; 1965 ex.s. c 155 § 8.]

46.61.060 Pedestrian control signals. Whenever pedestrian control signals exhibiting the words "Walk" or the walking person symbol or "Don't Walk" or the hand symbol are operating, the signals shall indicate as follows:

(1) WALK or walking person symbol—Pedestrians facing such signal may cross the roadway in the direction of the signal. Vehicle operators shall stop for pedestrians who are lawfully moving within the intersection control area on such signal as required by RCW 46.61.235(1).

(2) Steady or flashing DON'T WALK or hand symbol—Pedestrians facing such signal shall not enter the roadway. Vehicle operators shall stop for pedestrians who have begun to cross the roadway before the display of either signal as required by RCW 46.61.235(1).

(3) Pedestrian control signals having the "Wait" indication in use on August 6, 1965, shall be deemed authorized signals and shall indicate the same as the "Don't Walk" legend. Whenever such pedestrian control signals are replaced the legend "Wait" shall be replaced by the legend "Don't Walk" or the hand symbol. 46.61.065 Flashing signals. (1) Whenever an illuminated flashing red or yellow signal is used in a traffic sign or signal it shall require obedience by vehicular traffic as follows:

(a) FLASHING RED (STOP SIGNAL). When a red lens is illuminated with rapid intermittent flashes, drivers of vehicles shall stop at a clearly marked stop line, but if none, before entering a marked crosswalk on the near side of the intersection, or, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection, and the right to proceed shall be subject to the rules applicable after making a stop at a stop sign.

(b) FLASHING YELLOW (CAUTION SIGNAL). When a yellow lens is illuminated with rapid intermittent flashes, drivers of vehicles may proceed through the intersection or past such signal only with caution.

(2) This section shall not apply at railroad grade crossings. Conduct of drivers of vehicles approaching railroad grade crossings shall be governed by the rules as set forth in RCW 46.61.340. [1975 c 62 § 21; 1965 ex.s. c 155 § 10.]

46.61.070 Lane-direction-control signals. When lane-direction-control signals are placed over the individual lanes of a street or highway, vehicular traffic may travel in any lane over which a green signal is shown, but shall not enter or travel in any lane over which a red signal is shown. [1965 ex.s. c 155 § 11.]

46.61.072 Special traffic control signals—Legend. Whenever special traffic control signals exhibit a downward green arrow, a yellow X, or a red X indication, such signal indication shall have the following meaning:

(1) A steady downward green arrow means that a driver is permitted to drive in the lane over which the arrow signal is located.

(2) A steady yellow X or flashing red X means that a driver should prepare to vacate, in a safe manner, the lane over which the signal is located because a lane control change is being made, and to avoid occupying that lane when a steady red X is displayed.

(3) A flashing yellow X means that a driver is permitted to use a lane over which the signal is located for a left turn, using proper caution.

(4) A steady red X means that a driver shall not drive in the lane over which the signal is located, and that this indication shall modify accordingly the meaning of all other traffic controls present. The driver shall obey all other traffic controls and follow normal safe driving practices. [1975 c 62 § 49.]

46.61.075 Display of unauthorized signs, signals, or markings. (1) No person shall place, maintain or display upon or in view of any highway any unauthorized sign, signal, marking or device which purports to be or is an imitation of or resembles an official traffic-control device or railroad sign or signal, or which attempts to direct the movement of traffic, or which hides from view or interferes with the effectiveness of an official traffic-control device or any railroad sign or signal.

(2) No person shall place or maintain nor shall any public authority permit upon any highway any traffic sign or signal bearing thereon any commercial advertising.

(3) This section shall not be deemed to prohibit the erection upon private property adjacent to highways of signs giving useful directional information and of a type that cannot be mistaken for official signs.

(4) Every such prohibited sign, signal or marking is hereby declared to be a public nuisance and the authority having jurisdiction over the highway is hereby empowered to remove the same or cause it to be removed without notice.

[1965 ex.s. c 155 § 12.]

46.61.080 Interference with official traffic-control devices or railroad signs or signals. DRIVING ON RIGHT SIDE OF ROADWAY— OVERTAKING AND PASSING— USE OF ROADWAY

46.61.100 Keep right except when passing, etc. (1) Upon all roadways of sufficient width a vehicle shall be driven upon the right half of the roadway, except as follows:

(a) When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;

(b) When an obstruction exists making it necessary to drive to the left of the center of the highway; provided, any person so doing shall yield the right-of-way to all vehicles traveling in the proper direction upon the unobstructed portion of the highway within such distance as to constitute an immediate hazard;

(c) Upon a roadway divided into three marked lanes and providing for two-way movement traffic under the rules applicable thereon;

(d) Upon a street or highway restricted to one-way traffic;

(e) Upon a highway having three lanes or less, when approaching a stationary authorized emergency vehicle, tow truck or other vehicle providing roadside assistance while operating warning lights with three hundred sixty degree visibility, or police vehicle as described under *RCW 46.61.212(2).

(2) Upon all roadways having two or more lanes for traffic moving in the same direction, all vehicles shall be driven in the right-hand lane then available for traffic, except (a) when overtaking and passing another vehicle proceeding in the same direction, (b) when traveling at a speed greater than the traffic flow, (c) when moving left to allow traffic to merge, or (d) when preparing for a left turn at an intersection, exit, or into a private road or driveway when such left turn is legally permitted. On any such roadway, a vehicle or combination over ten thousand pounds shall be driven only in the right-hand lane except under the conditions enumerated in (a) through (d) of this subsection.

(3) No vehicle towing a trailer or no vehicle or combination over ten thousand pounds may be driven in the left-hand lane of a limited access roadway having three or more lanes for traffic moving in one direction except when preparing for a left turn at an intersection, exit, or into a private road or driveway when a left turn is legally permitted. This subsection does not apply to a vehicle using a high occupancy vehicle lane. A high occupancy vehicle lane is not considered the left-hand lane of a roadway. The department of transportation, in consultation with the Washington state patrol, shall adopt rules specifying (a) those circumstances where it is permissible for other vehicles to use the left lane in case of emergency or to facilitate the orderly flow of traffic, and (b) those segments of limited access roadway to be exempt from this subsection due to the operational characteristics of the roadway.

(4) It is a traffic infraction to drive continuously in the left lane of a multilane roadway when it impedes the flow of other traffic.

(5) Upon any roadway having four or more lanes for moving traffic and providing for two-way movement of traffic, a vehicle shall not be driven to the left of the center line of the roadway except when authorized by official traffic control devices designating certain lanes to the left side of the center of the roadway for use by traffic not otherwise permitted to use such lanes, or except as permitted under subsection (1)(b) of this section. However, this subsection shall not be construed as prohibiting the crossing of the center line in making a left turn into or from an alley, private road or driveway. [2007 c 83 § 2; 1997 c 253 § 1; 1986 c 93 § 2; 1972 ex.s. c 33 § 1; 1969 ex.s. c 281 § 46; 1967 ex.s. c 145 § 58; 1965 ex.s. c 155 § 15.]

*Reviser's note: RCW 46.61.212 was amended by 2010 c 252 § 1, changing subsection (2) to subsection (1)(d)(ii), effective January 1, 2011.

Legislative intent—1986 c 93: "It is the intent of the legislature, in this 1985 [1986] amendment of RCW 46.61.100, that the left-hand lane on any state highway with two or more lanes in the same direction be used primarily as a passing lane." [1986 c 93 § 1.] 

(2014 Ed.)
46.61.105 Passing vehicles proceeding in opposite directions. Drivers of vehicles proceeding in opposite directions shall pass each other to the right, and upon roadways having width for not more than one line of traffic in each direction each driver shall give to the other at least one-half of the main-traveled portion of the roadway as nearly as possible. [1975 c 62 § 22; 1965 ex.s. c 155 § 16.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

46.61.110 Overtaking on the left. The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

(1) The driver of a vehicle overtaking other traffic proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken traffic.

(2) The driver of a vehicle approaching a pedestrian or bicycle that is on the roadway or on the right-hand shoulder or bicycle lane of the roadway shall pass to the left at a safe distance to clearly avoid coming into contact with the pedestrian or bicyclist, and shall not again drive to the right side of the roadway until safely clear of the overtaken pedestrian or bicyclist.

(3) Except when overtaking and passing on the right is permitted, overtaken traffic shall give way to the right in favor of an overtaking vehicle on audible signal and shall not increase speed until completely passed by the overtaking vehicle. [2005 c 396 § 1; 1965 ex.s. c 155 § 17.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

46.61.115 When overtaking on the right is permitted.

(1) The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

(a) When the vehicle overtaken is making or about to make a left turn;

(b) Upon a roadway with unobstructed pavement of sufficient width for two or more lines of vehicles moving lawfully in the direction being traveled by the overtaking vehicle.

(2) The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. Such movement shall not be made by driving off the roadway. [1975 c 62 § 23; 1965 ex.s. c 155 § 18.]

46.61.120 Limitations on overtaking on the left. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing other traffic proceeding in the same direction unless authorized by the provisions of RCW 46.61.100 through 46.61.160 and 46.61.212 and unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interference with the operation of any traffic approaching from the opposite direction or any traffic overtaken. In every event the overtaking vehicle must return to an authorized lane of travel as soon as practicable and in the event the passing movement involves the use of a lane authorized for vehicles approaching from the opposite direction, before coming within two hundred feet of any approaching traffic. [2007 c 83 § 3; 2005 c 396 § 2; 1965 ex.s. c 155 § 19.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

46.61.125 Further limitations on driving to left of center of roadway. (1) No vehicle shall be driven on the left side of the roadway under the following conditions:

(a) When approaching or upon the crest of a grade or a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event other traffic might approach from the opposite direction;

(b) When approaching within one hundred feet of or traversing any intersection or railroad grade crossing;

(c) When the view is obstructed upon approaching within one hundred feet of any bridge, viaduct or tunnel;

(d) When a bicycle or pedestrian is within view of the driver and is approaching from the opposite direction, or is present, in the roadway, shoulder, or bicycle lane within a distance unsafe to the bicyclist or pedestrian due to the width or condition of the roadway, shoulder, or bicycle lane.

(2) The foregoing limitations shall not apply upon a one-way roadway, nor under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road or driveway. [2005 c 396 § 3; 1972 ex.s. c 33 § 2; 1965 ex.s. c 155 § 20.]

46.61.126 Pedestrians and bicyclists—Legal duties. Nothing in RCW 46.61.110, 46.61.120, or 46.61.125 relieves pedestrians and bicyclists of their legal duties while traveling on public highways. [2005 c 396 § 4.]

46.61.126 Pedestrians and bicyclists—Legal duties. Nothing in RCW 46.61.110, 46.61.120, or 46.61.125 relieves pedestrians and bicyclists of their legal duties while traveling on public highways. [2005 c 396 § 4.]

46.61.130 No-passing zones. (1) The state department of transportation and the local authorities are authorized to determine those portions of any highway under their respective jurisdictions where overtaking and passing or driving to the left of the roadway would be especially hazardous and may by appropriate signs or markings on the roadway indicate the beginning and end of such zones. When such signs or markings are in place and clearly visible to an ordinarily observant person every driver of a vehicle shall obey the directions thereof.

(2) Where signs or markings are in place to define a no-passing zone as set forth in subsection (1) of this section, no driver may at any time drive on the left side of the roadway within the no-passing zone or on the left side of any pavement striping designed to mark the no-passing zone throughout its length.

(3) This section does not apply under the conditions described in RCW 46.61.100(1)(b), nor to the driver of a vehicle turning left into or from an alley, private road, or driveway. [1984 c 7 § 63; 1972 ex.s. c 33 § 3; 1965 ex.s. c 155 § 21.]

46.61.135 One-way roadways and rotary traffic islands. (1) The state department of transportation and the
local authorities with respect to highways under their respective jurisdictions may designate any highway, roadway, part of a roadway, or specific lanes upon which vehicular traffic shall proceed in one direction at all or such times as shall be indicated by official traffic control devices.

(2) Upon a roadway so designated for one-way traffic, a vehicle shall be driven only in the direction designated at all or such times as shall be indicated by official traffic control devices.

(3) A vehicle passing around a rotary traffic island shall be driven only to the right of such island. [1984 c 7 § 64; 1975 c 62 § 24; 1965 ex.s. c 155 § 22.]

46.61.140 Driving on roadways laned for traffic. Whenever any roadway has been divided into two or more clearly marked lanes for traffic the following rules in addition to all others consistent herewith shall apply:

(1) A vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from such lane until the driver has first ascertained that such movement can be made with safety.

(2) Upon a roadway which is divided into three lanes and provides for two-way movement of traffic, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle traveling in the same direction when such center lane is clear of traffic within a safe distance, or in preparation for making a left turn or where such center lane is at the time allocated exclusively to traffic moving in the same direction that the vehicle is proceeding and such allocation is designated by official traffic-control devices.

(3) Official traffic-control devices may be erected directing slow moving or other specified traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway and drivers of vehicles shall obey the directions of every such device.

(4) Official traffic-control devices may be installed prohibiting the changing of lanes on sections of roadway and drivers of vehicles shall obey the directions of every such device. [1965 ex.s. c 155 § 23.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

46.61.145 Following too closely. (1) The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard for the speed of such vehicles and the traffic upon and the condition of the highway.

(2) The driver of any motor truck or motor vehicle drawing another vehicle when traveling upon a roadway outside of a business or residence district and which is following another motor truck or motor vehicle drawing another vehicle shall, whenever conditions permit, leave sufficient space so that an overtaking vehicle may enter and occupy such space without danger, except that this shall not prevent a motor truck or motor vehicle drawing another vehicle from overtaking and passing any like vehicle or other vehicle.

(3) Motor vehicles being driven upon any roadway outside of a business or residence district in a caravan or motorcade whether or not towing other vehicles shall be so operated as to allow sufficient space between each such vehicle or combination of vehicles so as to enable any other vehicle to enter and occupy such space without danger. This provision shall not apply to funeral processions. [1965 ex.s. c 155 § 24.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

46.61.150 Driving on divided highways. Whenever any highway has been divided into two or more roadways by leaving an intervening space or by a physical barrier or clearly indicated dividing section or by a median island not less than eighteen inches wide formed either by solid yellow pavement markings or by a yellow crosshatching between two solid yellow lines so installed as to control vehicular traffic, every vehicle shall be driven only upon the right-hand roadway unless directed or permitted to use another roadway by official traffic-control devices or police officers. No vehicle shall be driven over, across or within any such dividing space, barrier or section, or median island, except through an opening in such physical barrier or dividing section or space or median island, or at a crossover or intersection established by public authority. [1972 ex.s. c 33 § 4; 1965 ex.s. c 155 § 25.]

Rules of court: Monetary penalty schedule—IRLJ 6.2.

46.61.160 Restrictions on limited-access highway—Use by bicyclists. The department of transportation may by order, and local authorities may by ordinance or resolution, with respect to any limited access highway under their respective jurisdictions prohibit the use of any such highway by funeral processions, or by parades, pedestrians, bicycles or other nonmotorized traffic, or by any person operating a motor-driven cycle. Bicyclists may use the right shoulder of limited-access highways except where prohibited. The department of transportation may by order, and local authorities may by ordinance or resolution, with respect to any limited-access highway under their respective jurisdictions prohibit the use of the shoulders of any such highway by bicycles within urban areas or upon other sections of the highway where such use is deemed to be unsafe.

The department of transportation or the local authority adopting any such prohibitory regulation shall erect and maintain official traffic control devices on the limited access roadway on which such regulations are applicable, and when so erected no person may disobey the restrictions stated on such devices. 46.61.165 High occupancy vehicle lanes—Definition. (1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation

(2014 Ed.) [Title 46 RCW—page 249]
vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees. [2013 c 26 § 2; 2011 c 379 § 1; 1999 c 206 § 1; 1998 c 245 § 90; 1991 sp.s. c 15 § 67; 1984 c 7 § 65; 1974 ex.s. c 133 § 2.]

Conflict with state and federal environmental mitigation requirements—2011 c 379: "If any part of this act is found to be in conflict with mitigation requirements under the state environmental policy act (chapter 43.21C RCW) or the national environmental policy act (42 U.S.C. Secs. 4321 through 4347) or in any other way conflicts with federal requirements that are a condition or part of the allocation of federal funds to the state or local facilities, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authorities." [2011 c 379 § 5.]

RIGHT-OF-WAY

46.61.180 Vehicle approaching intersection. (1) When two vehicles approach or enter an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

(2) The right-of-way rule declared in subsection (1) of this section is modified at arterial highways and otherwise as stated in this chapter. [1975 c 62 § 26; 1965 ex.s. c 155 § 28.]

46.61.183 Nonfunctioning signal lights. Except when directed to proceed by a flagger, police officer, or firefighter, the driver of a vehicle approaching an intersection controlled by a traffic control signal that is temporarily without power on all approaches or is not displaying any green, red, or yellow indication to the approach the vehicle is on, shall consider the intersection to be an all-way stop. After stopping, the driver shall yield the right-of-way in accordance with RCW 46.61.180(1) and 46.61.185. [1999 c 200 § 1.]

46.61.184 Street legal motorcycle at intersection with inoperative vehicle detection device. Notwithstanding any provision of law to the contrary, the operator of a street legal motorcycle approaching an intersection, including a left turn intersection, that is controlled by a triggered traffic control signal using a vehicle detection device that is inoperative due to the size of the street legal motorcycle shall come to a full and complete stop at the intersection. If the traffic control signal, including the left turn signal, as appropriate, fails to operate after one cycle of the traffic signal, the operator may, after exercising due care, proceed directly through the intersection or proceed to turn left, as appropriate. It is not a defense to a violation of RCW 46.61.050 that the driver of a motorcycle proceeded under the belief that a traffic control signal used a vehicle detection device or was inoperative due to the size of the motorcycle when the signal did not use a vehicle detection device or that any such device was not in fact inoperative due to the size of the motorcycle. [2014 c 167 § 1.]

46.61.185 Vehicle turning left. The driver of a vehicle intending to turn to the left within an intersection or into an alley, private road, or driveway shall yield the right-of-way to
any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard. [1965 ex.s. c 155 § 29.]

46.61.190 Vehicle entering stop or yield intersection.
(1) Preferential right-of-way may be indicated by stop signs or yield signs as authorized in RCW 47.36.110.

(2) Except when directed to proceed by a duly authorized flagger, or a police officer, or a firefighter vested by law with authority to direct, control, or regulate traffic, every driver of a vehicle approaching a stop sign shall stop at a clearly marked stop line, if one exists, and then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and after having stopped shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time when such driver is moving across or within the intersection or junction of roadways.

(3) The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions and if required for safety to stop, shall stop at a clearly marked stop line, and then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the roadway, and after slowing or stopping, the driver shall yield the right-of-way to any vehicle in the intersection or approaching on another roadway so closely as to constitute an immediate hazard during the time such driver is moving across or within the intersection or junction of roadways. PROVIDED, That if such a driver is involved in a collision with a vehicle in the intersection or junction of roadways, after driving past a yield sign without stopping, such collision shall be deemed prima facie evidence of the driver's failure to yield right-of-way. 46.61.195 Arterial highways designated—Stopping on entering. All state highways are hereby declared to be arterial highways as respects all other public highways or private ways, except that the state department of transportation has the authority to designate any county road or city street as an arterial having preference over the traffic on the state highway if traffic conditions will be improved by such action.

Those city streets designated by the state department of transportation as forming a part of the routes of state highways through incorporated cities and towns are declared to be arterial highways as respects all other city streets or private ways.

The governing authorities of incorporated cities and towns may designate any street as an arterial having preference over the traffic on a state highway if the change is first approved in writing by the state department of transportation. The local authorities making such a change in arterial designation shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained standard stop signs, or "Yield" signs, to accomplish this change in arterial designation.

(2) Notice of any such intended crossing shall be given to the station agent of such railroad located nearest the intended crossing sufficiently in advance to allow such railroad a reasonable time to prescribe proper protection for such crossing.

(3) Before making any such crossing the person operating or moving any such vehicle or equipment shall first stop the same not less than fifteen feet nor more than fifty feet from the nearest rail of such railroad and while so stopped shall listen and look in both directions along such track for any approaching train and for signals indicating the approach of a train, and shall not proceed until the crossing can be made safely.

(4) No such crossing shall be made when warning is given by automatic signal or crossing gates or a flagger or otherwise of the immediate approach of a railroad train or car. If a flagger is provided by the railroad, movement over the crossing shall be under the flagger's direction. [2000 c 239 § 7; 1975 c 62 § 32; 1965 ex.s. c 155 § 49.]

(2) The driver of a vehicle upon a highway divided into separate roadways as provided in RCW 46.61.150 need not stop upon meeting a school bus which is proceeding in the opposite direction and is stopped for the purpose of receiving or discharging school children.

(3) The driver of a vehicle upon a highway with three or more marked traffic lanes need not stop upon meeting a school bus which is proceeding in the opposite direction and is stopped for the purpose of receiving or discharging school children.

(4) The driver of a school bus shall actuate the visual signals required by RCW 46.37.190 only when such bus is stopped on the roadway for the purpose of receiving or discharging school children.

(5) The driver of a school bus may stop completely off the roadway for the purpose of receiving or discharging school children only when the school children do not have to cross the roadway. The school bus driver shall actuate the hazard warning lamps as defined in RCW 46.37.215 before loading or unloading school children at such stops.

46.61.371 School bus stop sign violators—Identification by vehicle owner. If a law enforcement officer investigating a violation of RCW 46.61.370 has reasonable cause to believe that a violation has occurred, the officer may request the owner of the motor vehicle to supply identification identifying the driver of the vehicle at the time the violation occurred. When requested, the owner of the motor vehicle shall identify the driver to the best of the owner's ability. The owner of the vehicle is not required to supply identification information to the law enforcement officer if the owner believes the information is self-incriminating. [1992 c 39 § 1.]

The driver shall include in the report the time and location at which the violation occurred, the vehicle license plate number, and a description of the vehicle involved in the violation.

(2) The law enforcement officer shall initiate an investigation of the reported violation within ten working days after receiving the report described in subsection (1) of this section by contacting the owner of the motor vehicle involved in the reported violation and requesting the owner to supply information identifying the driver. Failure to investigate within the ten working day period does not prohibit further investigation or prosecution. If, after an investigation, the law enforcement officer is able to identify the driver and has reasonable cause to believe a violation of RCW 46.61.370 has occurred, the law enforcement officer shall prepare a notice of traffic infraction and have it served upon the driver of the vehicle. [1992 c 39 § 2.]

SPEED RESTRICTIONS

46.61.400 Basic rule and maximum limits. (1) No person shall drive a vehicle on a highway at a speed greater than is reasonable and prudent under the conditions and having regard to the actual and potential hazards then existing. In every event speed shall be so controlled as may be necessary to avoid colliding with any person, vehicle or other conveyance on or entering the highway in compliance with legal requirements and the duty of all persons to use due care.

(2) Except when a special hazard exists that requires lower speed for compliance with subsection (1) of this section, the limits specified in this section on or established as hereinafter authorized shall be maximum lawful speeds, and no person shall drive a vehicle on a highway at a speed in excess of such maximum limits.

(a) Twenty-five miles per hour on city and town streets;
(b) Fifty miles per hour on county roads;
(c) Sixty miles per hour on state highways.
The maximum speed limits set forth in this section may be altered as authorized in RCW 46.61.405, 46.61.410, and 46.61.415.

(3) The driver of every vehicle shall, consistent with the requirements of subsection (1) of this section, drive at an appropriate reduced speed when approaching and crossing an intersection or railway grade crossing, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow or winding roadway, and when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions. 46.61.405 Decreases by secretary of transportation. Whenever the secretary of transportation shall determine upon the basis of an engineering and traffic investigation that any maximum speed hereinbefore set forth is greater than is reasonable or safe with respect to a state highway under the conditions found to exist at any intersection or upon any other part of the state highway system or at state ferry terminals, or that a general reduction of any maximum speed set forth in RCW 46.61.400 is necessary in order to comply with a national maximum speed limit, the secretary may determine and declare a reasonable and safe lower maximum limit or a lower maximum limit which will comply with a national maximum speed limit, for any state highway, the entire state highway system, or any portion thereof, which shall be effective when appropriate signs giving notice thereof are erected. The secretary may also fix and regulate the speed of vehicles on any state highway within the maximum speed limit allowed by this chapter for special occasions including, but not limited to, local parades and other special events. Any such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon the said signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective (a) [(1)] when posted upon appropriate fixed or variable signs or (b) [(2)] if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(2) The maximum speed limit for vehicles over ten thousand pounds gross weight and vehicles in combination except auto stages shall not exceed sixty miles per hour and may be established at a lower limit by the secretary as provided in RCW 46.61.405.

(3) The word "trucks" used by the department on signs giving notice of maximum speed limits means vehicles over ten thousand pounds gross weight and all vehicles in combination except auto stages.

(4) Whenever the secretary establishes maximum speed limits for auto stages lower than the maximum limits for automobiles, the secretary shall cause to be mailed notice thereof to each auto transportation company holding a certificate of public convenience and necessity issued by the Washington utilities and transportation commission. The notice shall be mailed to the chief place of business within the state of Washington of each auto transportation company or if none then its chief place of business without the state of Washington. Intent—1987 c 397: "It is the intent of the legislature to increase the speed limit to sixty-five miles per hour on those portions of the rural interstate highway system where the increase would be safe and reasonable and is allowed by federal law. It is also the intent of the legislature that the sixty-five miles per hour speed limit be strictly enforced." [1987 c 397 § 1.]

46.61.410 Increases by secretary of transportation—Auto stages—Signs and notices. (1) Subject to subsection (2) of this section the secretary may increase the maximum speed limit on any highway or portion thereof to not more than seventy miles per hour in accordance with the design speed thereof (taking into account all safety elements included therein), or whenever the secretary determines upon the basis of an engineering and traffic investigation that such greater speed is reasonable and safe under the circumstances existing on such part of the highway.

(2) The greater maximum limit established under (a) of this subsection shall be effective when appropriate signs giving notice thereof are erected, or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

(3) Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon said signs or in the case of auto stages, as indicated in said written notice; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe speeds, which shall be effective when posted upon appropriate fixed or variable signs or if a maximum limit is established for auto stages which is lower than the limit for automobiles, the auto stage speed limit shall become effective thirty days after written notice thereof is mailed in the manner provided in subsection (4) of this section.

46.61.415 When local authorities may establish or alter maximum limits. (1) Whenever local authorities in their respective jurisdictions determine on the basis of an engineering and traffic investigation that the maximum speed permitted under RCW 46.61.400 or 46.61.440 is greater or less than is reasonable and safe under the conditions found to exist upon a highway or part of a highway, the local authority may determine and declare a reasonable and safe maximum limit thereon which

(a) Decreases the limit at intersections; or
(b) Increases the limit but not to more than sixty miles per hour; or
(c) Decreases the limit but not to less than twenty miles per hour.

(2) Local authorities in their respective jurisdictions shall determine by an engineering and traffic investigation the proper maximum speed for all arterial streets and shall declare a reasonable and safe maximum limit thereon which may be greater or less than the maximum speed permitted under RCW 46.61.400(2) but shall not exceed sixty miles per hour.

(3)(a) Cities and towns in their respective jurisdictions may establish a maximum speed limit of twenty miles per hour on a nonarterial highway, or part of a nonarterial highway, that is within a residence district or business district.

(b) A speed limit established under this subsection by a city or town does not need to be determined on the basis of an engineering and traffic investigation if the city or town has developed procedures regarding establishing a maximum speed limit under this subsection. Any speed limit established under this subsection may be canceled within one year of its establishment, and the previous speed limit reestablished, without an engineering and traffic investigation. This subsection does not otherwise affect the requirement that cities and towns conduct an engineering and traffic investigation to determine whether to increase speed limits.

(c) When establishing speed limits under this subsection, cities and towns shall consult the manual on uniform traffic control devices as adopted by the Washington state department of transportation.

(4) The secretary of transportation is authorized to establish speed limits on county roads and city and town streets as shall be necessary to conform with any federal requirements which are a prescribed condition for the allocation of federal funds to the state.

(5) Any altered limit established as hereinbefore authorized shall be effective when appropriate signs giving notice thereof are erected. Such maximum speed limit may be declared to be effective at all times or at such times as are indicated upon such signs; and differing limits may be established for different times of day, different types of vehicles, varying weather conditions, and other factors bearing on safe movement of traffic, the secretary or such local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds, which shall be effective when posted upon appropriate fixed or variable signs.

(6) Any alteration of maximum limits on state highways within incorporated cities or towns by local authorities shall not be effective until such alteration has been approved by the secretary of transportation. [2013 c 264 § 1; 1977 ex.s. c 151 § 37; 1969 c 135 § 1; 1967 c 25 § 2; 1963 c 16 § 6. Formerly RCW 46.48.014.]

46.61.419 Private roads—Speed enforcement. State, local, or county law enforcement personnel may enforce speeding violations under RCW 46.61.400 on private roads within a community organized under chapter 64.34, 64.32, or 64.38 RCW if:

(1) A majority of the homeowner's association's, association of apartment owners', or condominium association's board of directors votes to authorize the issuance of speeding infractions on its private roads, and declares a speed limit not lower than twenty miles per hour;

(2) A written agreement regarding the speeding enforcement is signed by the homeowner's association, association of apartment owners, or condominium association president and the chief law enforcement official of the city or county within whose jurisdiction the private road is located;

(3) The homeowner's association, association of apartment owners, or condominium association has provided written notice to all of the homeowners, apartment owners, or unit owners describing the new authority to issue speeding infractions; and

(4) Signs have been posted declaring the speed limit at all vehicle entrances to the community. [2013 c 269 § 1; 2003 c 193 § 1.]

46.61.425 Minimum speed regulation—Passing slow moving vehicle. (1) No person shall drive a motor vehicle at such a slow speed as to impede the normal and reasonable movement of traffic except when reduced speed is necessary for safe operation or in compliance with law: PROVIDED, That a person following a vehicle driving at less than the normal flow of traffic at the particular time and place.

(2) Whenever the secretary of transportation or local authorities within their respective jurisdictions determine on the basis of an engineering and traffic investigation that slow speeds on any part of a highway unreasonably impede the normal movement of traffic, the secretary or such local authority may determine and declare a minimum speed limit thereof which shall be effective when appropriate signs giving notice thereof are erected. No person shall drive a vehicle slower than such minimum speed limit except when necessary for safe operation or in compliance with law. [1977 ex.s. c 151 § 37; 1969 c 135 § 1; 1967 c 25 § 2; 1963 c 16 § 6. Formerly RCW 46.48.015.]

On a two-lane highway where passing is unsafe because of traffic in the opposite direction or other conditions, a slow moving vehicle, behind which five or more vehicles are formed in a line, shall turn off the roadway wherever sufficient area for a safe turn-out exists, in order to permit the vehicles following to proceed. As used in this section a slow moving vehicle is one which is proceeding at a rate of speed less than the normal flow of traffic at the particular time and place. [1973 c 88 § 1.]

46.61.428 Slow-moving vehicle driving on shoulders, when. (1) The state department of transportation and local authorities are authorized to determine those portions of any two-lane highways under their respective jurisdictions on which drivers of slow-moving vehicles may safely drive onto improved shoulders for the purpose of allowing overtaking
vehicles to pass and may by appropriate signs indicate the beginning and end of such zones.

(2) Where signs are in place to define a driving-on-shoulder zone as set forth in subsection (1) of this section, the driver of a slow-moving vehicle may drive onto and along the shoulder within the zone but only for the purpose of allowing overtaking vehicles to pass and then shall return to the roadway.

(3) Signs erected to define a driving-on-shoulder zone take precedence over pavement markings for the purpose of allowing the movements described in subsection (2) of this section. [1984 c 7 § 71; 1977 ex.s. c 39 § 1.]

No governing body or authority of such city or town or other political subdivision may have the power to pass or enforce any ordinance, rule, or regulation requiring a different rate of speed, and all such ordinances, rules, and regulations contrary to or inconsistent therewith now in force are void and of no effect. 46.61.440 Maximum speed limit when passing school or playground crosswalks—Penalty, disposition of proceeds. (1) Subject to RCW 46.61.400(1), and except in those instances where a lower maximum lawful speed is provided by this chapter or otherwise, it shall be unlawful for the operator of any vehicle to operate the same at a speed in excess of twenty miles per hour when operating any vehicle upon a highway either inside or outside an incorporated city or town when passing any marked school or playground crosswalk when such marked crosswalk is fully posted with standard school speed limit signs or standard playground speed limit signs. The speed zone at the crosswalk shall extend three hundred feet in either direction from the marked crosswalk.

(2) A county or incorporated city or town may create a school or playground speed zone on a highway bordering a marked school or playground, in which zone it is unlawful for a person to operate a vehicle at a speed in excess of twenty miles per hour. The school or playground speed zone may extend three hundred feet from the border of the school or playground property; however, the speed zone may only include area consistent with active school or playground use.

(5) The school zone safety account is created in the custody of the state treasurer. Fifty percent of the moneys collected under subsection (3) of this section and the moneys collected under RCW 46.61.235(5), 46.61.245(2), or 46.61.261(2) shall be deposited into the account. Expenditures from the account may be used only by the Washington traffic safety commission solely to fund projects in local communities to improve school zone safety, pupil transportation safety, and student safety in school bus loading and unloading areas. Only the director of the traffic safety commission or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures until July 1, 1999, after which date moneys in the account may be spent only after appropriation. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the department of transportation as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass. (b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(d) Whether a child passenger under the age of sixteen was an occupant in the driver's vehicle.

(8) Treatment and information school. An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) Driver's license privileges of the defendant. The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:
(a) Penalty for alcohol concentration less than 0.15. If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(iii) Where there have been two or more prior offenses within seven years, be revoked or denied by the department for four years; or

(c) Penalty for refusing to take test. If by reason of the person's refusal to take a test offered under RCW 46.20.308, there is no test result indicating the person's alcohol concentration:

(i) Where there have been no prior offenses within seven years, be revoked or denied by the department for two years;

(ii) Where there has been one prior offense within seven years, be revoked or denied by the department for three years; or

(iii) Where there have been two or more previous offenses within seven years, be revoked or denied by the department for four years.

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) Waiver of electronic home monitoring. A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that
the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

The court shall notify the department of licensing whenever it orders a person to complete a course or treatment program under this section.

(2) A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved
46.61.5058 Alcohol violators—Vehicle seizure and forfeiture. (1) Upon the arrest of a person or upon the filing of a complaint, citation, or information in a court of competent jurisdiction, based upon probable cause to believe that a person has violated RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance, if such person has a prior offense within seven years as defined in RCW 46.61.5055, and where the person has been provided written notice that any transfer, sale, or encumbrance of such person's interest in the vehicle over which that person was actually driving or had physical control when the violation occurred, is unlawful pending either acquittal, dismissal, sixty days after conviction, or other termination of the charge, such person shall be prohibited from encumbering, selling, or transferring his or her interest in such vehicle, except as otherwise provided in (a), (b), and (c) of this subsection, until either acquittal, dismissal, sixty days after conviction, or other termination of the charge. The prohibition against transfer of title shall not be stayed pending the determination of an appeal from the conviction.

(a) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party;

(b) A leased or rented vehicle may be transferred to the lessee, rental agency, or to a person designated by the lessor or rental agency; and

(c) A vehicle may be transferred to a third party or a vehicle dealer who is a bona fide purchaser or may be subject to a bona fide security interest in the vehicle unless it is established that (i) in the case of a purchase by a third party or vehicle dealer, such party or dealer had actual notice that the vehicle was subject to the prohibition prior to the purchase, or (ii) in the case of a security interest, the holder of the security interest had actual notice that the vehicle was subject to the prohibition prior to the encumbrance of title.

(2) On conviction for a violation of either RCW 46.20.740, 46.61.502, or 46.61.504 or any similar municipal ordinance where the person convicted has a prior offense within seven years as defined in RCW 46.61.5055, the motor vehicle the person was driving or over which the person had actual physical control at the time of the offense, if the person has a financial interest in the vehicle, the court shall consider at sentencing whether the vehicle shall be seized and forfeited pursuant to this section if a seizure or forfeiture has not yet occurred.

(3) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.
(4) Seizure under subsection (3) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party’s assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person’s claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer’s designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person’s claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys’ fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizure law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal. [2013 2nd sp.s. c 35 § 18; 2009 c 479 § 38; 1998 c 207 § 2; 1995 c 332 § 6; 1994 c 139 § 1.]

46.61.506 Persons under influence of intoxicating liquor or drug—Evidence—Tests—Information concerning tests. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2)(a) The breath analysis of the person’s alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.

(b) The blood analysis of the person’s THC concentration shall be based upon nanograms per milliliter of whole blood.
(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications and competence to conduct such analyses, and to issue permits which shall be subject to termination or revocation at the discretion of the state toxicologist.

(4)(a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:

(i) The person who performed the test was authorized to perform such test by the state toxicologist;

(ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;

(iii) The person being tested did not have any foreign substances, not to include dental work, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;

(iv) Prior to the start of the test, the temperature of any liquid simulator solution utilized as an external standard, as measured by a thermometer approved of by the state toxicologist was thirty-four degrees centigrade plus or minus 0.3 degrees centigrade;

(v) The internal standard test resulted in the message "verified";

(vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;

(vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and

(viii) All blank tests gave results of .000.

(b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.

(c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such challenges may be considered by the trier of fact in determining what weight to give to the test result.

(5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic or drug content may be performed only by a physician, a registered nurse, a licensed practical nurse, a nursing assistant as defined in chapter 18.88A RCW, a physician assistant as defined in chapter 18.71A RCW, a first responder as defined in chapter 18.73 RCW, an emergency medical technician as defined in chapter 18.73 RCW, a health care assistant as defined in chapter 18.135 RCW, or any technician trained in withdrawing blood. This limitation shall not apply to the taking of breath specimens.

(6) The person tested may have a physician, or a qualified technician, chemist, registered nurse, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The test will be admissible if the person establishes the general acceptability of the testing technique or method. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.

(7) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney. subsection (1)(a) of this section shall not become part of the
munications device while operating a motor vehicle.

(b) Except as provided in subsection (2)(b) of this section, a person driving a commercial motor vehicle, as defined in RCW 46.25.010, including while temporarily stationary because of traffic, a traffic control device, or other momentary delays, while using a hand-held mobile telephone is guilty of a traffic infraction. For purposes of this subsection, "driving" does not include operating a commercial motor vehicle with or without the motor running when the driver has moved the vehicle to the side of, or off, a highway and has stopped in a location where the vehicle can safely remain stationary.

Additionally, a finding that a person has committed a traffic infraction under subsection (1)(a) of this section shall not be made available to insurance companies or employers.

Intent—2007 c 417: "The use of wireless communications devices by motorists has increased in recent years. While wireless communications devices have assisted with quick reporting of road emergencies, their use has also contributed to accidents and other mishaps on Washington state roadways. When motorists hold a wireless communications device in one hand and drive with the other, their chances of becoming involved in a traffic mishap increase. It is the legislature’s intent to phase out the use of hand-held wireless communications devices by motorists while operating a vehicle."

Effective date—2007 c 417: "This act takes effect July 1, 2008." [2007 c 417 § 3.]

For purposes of this subsection, "driving" does not include operating a commercial motor vehicle with or without the motor running when the driver has moved the vehicle to the side of, or off, a highway and has stopped in a location where the vehicle can safely remain stationary.

(c) A person does not send, read, or write a text message when he or she reads, selects, or enters a phone number or name in a wireless communications device for the purpose of making a phone call.

(2)(a) Subsection (1)(a) of this section does not apply to a person operating:
(i) An authorized emergency vehicle;
(ii) A voice-operated global positioning or navigation system that is affixed to the vehicle and that allows the user to send or receive messages without diverting visual attention from the road or engaging the use of either hand;
(iii) A moving motor vehicle while using an electronic wireless communications device to:
(A) Report illegal activity;
(B) Summon medical or other emergency help;
(C) Prevent injury to a person or property; or

46.63.073 Rental vehicles.

(1) In the event a traffic infraction is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. For the purpose of this subsection, a "parking infraction based on a vehicle's identification" is limited to parking infractions occurring on a private parking facility's premises. [2007 c 372 § 1; 2005 c 331 § 2.]

46.63.075 Safety camera infractions—Presumption.

(1) In a traffic infraction case involving an infraction detected through the use of an automated traffic safety camera under RCW 46.63.170 or detected through the use of an automated school bus safety camera under RCW 46.63.180, proof that the particular vehicle described in the notice of traffic infraction was in violation of any such provision of RCW 46.63.170 and 46.63.180, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, constitutes in evidence a prima facie presumption that the registered owner of the vehicle was the person in control of the vehicle at the point where, and for the time during which, the violation occurred.

(2) This presumption may be overcome only if the registered owner states, under oath, in a written statement to the court or in testimony before the court that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner. [2012 c 83 § 6; 2011 c 375 § 7; 2011 c 375 § 6; 2010 c 249 § 7; 2005 c 167 § 3; 2004 c 231 § 3.]

46.63.090 Hearings—Contesting determination that infraction committed—Appeal.

(1) A hearing held for the purpose of contesting the determination that an infraction has been committed shall be without a jury.

(2) The court may consider the notice of traffic infraction and any other written report made under oath submitted by the officer who issued the notice or whose written statement was the basis for the issuance of the notice in lieu of the officer's personal appearance at the hearing. The person named in the notice may subpoena witnesses, including the officer, and has the right to present evidence and examine witnesses present in court.

(3) The burden of proof is upon the state to establish the commission of the infraction by a preponderance of the evidence.

(4) After consideration of the evidence and argument the court shall determine whether the infraction was committed. Where it has not been established that the infraction was
committed an order dismissing the notice shall be entered in the court's records. Where it has been established that the infraction was committed an appropriate order shall be entered in the court's records. A record of the court's determination and order shall be furnished to the department in accordance with RCW 46.20.270 as now or hereafter amended.

(5) An appeal from the court's determination or order shall be to the superior court. The decision of the superior court is subject only to discretionary review pursuant to Rule 2.3 of the Rules of Appellate Procedure. [1980 c 128 § 3; 1979 ex.s.c 136 § 11.]

A record of the court's determination and order shall be furnished to the department in accordance with RCW 46.20.270 as now or hereafter amended.

(3) There may be no appeal from the court's determination or order. [1979 ex.s.c 136 § 12.]

46.63.105 City attorney, county prosecutor, or other prosecuting authority—Filing an infraction—Contribution, donation, payment. A city attorney, county prosecutor, or other prosecuting authority may not dismiss, amend, or agree not to file an infraction in exchange for a contribution, donation, or payment to any person, corporation, or organization. This does not prohibit:

(1) Contribution, donation, or payment to any specific fund authorized by state statute;

(2) The collection of costs associated with actual supervision, treatment, or collection of restitution under agreements to defer or divert; or

(3) Dismissal following payment that is authorized by any other statute. [2007 c 367 § 2.]

46.63.110 Monetary penalties. (1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion, implement a payment plan. If the court has notified the department that the person has failed to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

46.63.120 Title 46 RCW: Motor Vehicles

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter. (1) In any traffic infraction case involving a violation of this title or equivalent administrative regulation or local law, ordinance, regulation, or resolution relating to the stopping, standing, or parking of a vehicle, proof that the particular vehicle described in the notice of traffic infraction was stopping, standing, or parking in violation of any such provision of this title or an equivalent administrative regulation or local law, ordinance, regulation, or resolution, together with proof that the person named in the notice of traffic infraction was at the time of the violation the registered owner of the vehicle, shall constitute in evidence a prima facie presumption that the registered owner of the vehicle was the person who parked or placed the vehicle at the point where, and for the time during which, the violation occurred.

46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls—System requirements—Rules. (1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of photo toll systems. The department of transportation shall develop an administrative adjudication process to review appeals of civil penalties issued by the department of transportation for toll nonpayment detected through the use of a photo toll system under this section. The department of transportation shall submit to the transportation committees of the legislature an annual report on the number of times adjudicators reduce or dismiss the civil penalty as provided in (b) of this subsection and the total amount of the civil penalties dismissed. The report must be submitted by December 1st of each year.

All of these reasons that constitute mitigating circumstances must occur within a reasonable time of the alleged toll violation. In response to these circumstances, the adjudicator may reduce or dismiss the civil penalty.

(6) The use of a photo toll system is subject to the following requirements:

(a) Photo toll systems may take photographs, digital photographs, microphotographs, videotapes, or other recorded images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, videotape, or other recorded images produced by a photo toll system, stating the facts supporting the notice of civil penalty. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding established under subsection (5) of this section. The photographs, digital photographs, microphotographs, videotape, or other recorded images evidencing the toll nonpayment civil penalty must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the civil penalty.

(c) Notwithstanding any other provision of law, all photographs, digital photographs, microphotographs, videotape, other recorded images, or other records identifying a specific instance of travel prepared under this section are for the exclusive use of the tolling agency for toll collection and enforcement purposes and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a civil penalty under this section. No photograph, digital photograph, microphotograph, videotape, other recorded image, or other record identifying a specific instance of travel may be used for any purpose other than toll collection or enforcement of civil penalties under this section. Records identifying a specific instance of travel by a specific person or vehicle must be retained only as required to ensure payment and enforcement of tolls and to comply with state records retention policies.

(d) All locations where a photo toll system is used must be clearly marked by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where tolls are assessed and enforced by a photo toll system.

(e) Within existing resources, the department of transportation shall conduct education and outreach efforts at least six months prior to activating an all-electronic photo toll system. Methods of outreach shall include a department presence at community meetings in the vicinity of a toll facility,
signage, and information published in local media. Information provided shall include notice of when all electronic photo tolling shall begin and methods of payment. Additionally, the department shall provide quarterly reporting on education and outreach efforts and other data related to the issuance of civil penalties.

(5) The envelope containing a toll charge bill or related notice issued pursuant to RCW 47.46.105 or 47.56.795, or a notice of civil penalty issued under this section, must prominently indicate that the contents are time sensitive and related to a toll violation.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.
if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075; or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and *46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 and 2013-2015 fiscal biennia, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4), chapter 306, Laws of 2013.

(6) During the 2011-2013 and 2013-2015 fiscal biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of

46.63.180 Automated school bus safety cameras—Definition. (1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmlessly from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(c) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, placement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes enforcement and processing costs that are incurred by local law enforcement or local courts. During the 2013-2015 fiscal biennium, the infraction revenue may also be used for school bus safety projects by those school districts eligible to apply for funding from the school zone safety account appropriation in section 201, chapter 306, Laws of 2013.

2(b)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(i) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred;

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

3 For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus...
that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1). [2013 c 306 § 716; 2011 c 375 § 2.]

46.64.060 Stopping motor vehicles for driver's
license check, vehicle inspection and test—Purpose. The
purpose of RCW 46.64.060 and 46.64.070 is to provide for
the exercise of the police power of this state to protect the
health and safety of its citizens by assuring that only qualified
drivers and vehicles which meet minimum equipment stan-
dards shall operate upon the highways of this state. [1967 c
144 § 1.]

46.64.070 Stopping motor vehicles for driver's
license check, vehicle inspection and test—Authorized—
Powers additional. To carry out the purpose of RCW
46.64.060 and 46.64.070, officers of the Washington state
patrol are hereby empowered during daylight hours and while
using plainly marked state patrol vehicles to require the
driver of any motor vehicle being operated on any highway of
this state to stop and display his or her driver's license and/or
to submit the motor vehicle being driven by such person to an
inspection and test to ascertain whether such vehicle com-
plies with the minimum equipment requirements prescribed
by chapter 46.37 RCW, as now or hereafter amended. No
criminal citation shall be issued for a period of ten days after
giving a warning ticket pointing out the defect.

The powers conferred by RCW 46.64.060 and 46.64.070
are in addition to all other powers conferred by law upon such
officers, including but not limited to powers conferred upon
them as police officers pursuant to RCW 46.20.349 and pow-
ers conferred by chapter 46.32 RCW. [1999 c 6 § 26, 1973
2nd ex.s. c 22 § 1; 1967 c 144 § 2.]

46.65.010 State policy enunciated. It is hereby
declared to be the policy of the state of Washington:

(1) To provide maximum safety for all persons who
travel or otherwise use the public highways of this state; and

(2) To deny the privilege of operating motor vehicles on
such highways to persons who by their conduct and record
have demonstrated their indifference for the safety and wel-
fare of others and their disrespect for the laws of the state, the
orders of her courts and the statutorily required acts of her
administrative agencies; and

(3) To discourage repetition of criminal acts by individ-
uals against the peace and dignity of the state and her political
subdivisions and to impose increased and added deprivation
of the privilege to operate motor vehicles upon habitual

(2014 Ed.)
46.65.020 Habitual offender defined. As used in this chapter, unless a different meaning is plainly required by the context, an habitual offender means any person, resident or nonresident, who has accumulated convictions or findings that the person committed a traffic infraction as defined in RCW 46.20.270, or, if a minor, has violations recorded with the department of licensing, for separate and distinct offenses as described in either subsection (1) or (2) below committed within a five-year period, as evidenced by the records maintained in the department of licensing: PROVIDED, That where more than one described offense is committed within a six-hour period such multiple offenses shall, on the first such occasion, be treated as one offense for the purposes of this chapter:

(1) Three or more convictions, singularly or in combination, of the following offenses:
   (a) Vehicular homicide as defined in RCW 46.61.520;
   (b) Vehicular assault as defined in RCW 46.61.522;
   (c) Driving or operating a motor vehicle while under the influence of intoxicants or drugs;
   (d) Driving a motor vehicle while his or her license, permit, or privilege to drive has been suspended or revoked as defined in RCW 46.20.342(1)(b);
   (e) Failure of the driver of any vehicle involved in an accident resulting in the injury or death of any person or damage to any vehicle which is driven or attended by any person to immediately stop such vehicle at the scene of such accident or as close thereto as possible and to forthwith return to and in every event remain at, the scene of such accident until he or she has fulfilled the requirements of RCW 46.52.020;
   (f) Reckless driving as defined in RCW 46.61.500;
   (g) Being in physical control of a motor vehicle while under the influence of intoxicating liquor or any drug as defined in RCW 46.61.504; or
   (h) Attempting to elude a pursuing police vehicle as defined in RCW 46.61.024;

(2) Twenty or more convictions or findings that the person committed a traffic infraction for separate and distinct offenses, singularly or in combination, in the operation of a motor vehicle that are required to be reported to the department of licensing other than the offenses of driving with an expired driver's license and not having a driver's license in the operator's immediate possession. Such convictions or findings shall include those for offenses enumerated in subsection (1) of this section when taken with and added to those offenses described herein but shall not include convictions or findings for any nonmoving violation. No person may be considered an habitual offender under this subsection unless at least three convictions have occurred within the three hundred sixty-five days immediately preceding the last conviction.

The offenses included in subsections (1) and (2) of this section are deemed to include offenses under any valid town, city, or county ordinance substantially conforming to the provisions cited in subsections (1) and (2) [of this section] or amendments thereto, and any federal law, or any law of another state, including subdivisions thereof, substantially conforming to the aforesaid state statutory provisions. [2010 c 8 § 9078; 1991 c 293 § 7; 1983 c 164 § 7; 1981 c 188 § 1; 1979 ex.s. c 136 § 94; 1979 c 62 § 1; 1971 ex.s. c 284 § 4.]

46.65.030 Transcript or abstract of conviction record certified—As prima facie evidence. The director of the department of licensing shall certify a transcript or abstract of the record of convictions and findings of traffic infractions as maintained by the department of licensing of any person whose record brings him or her within the definition of an habitual offender, as defined in RCW 46.65.020, to the hearing officer appointed in the event a hearing is requested. Such transcript or abstract may be admitted as evidence in any hearing or court proceeding and shall be prima facie evidence that the person named therein was duly convicted by the court wherein such conviction or holding was made of each offense shown by such transcript or abstract; and if such person denies any of the facts as stated therein, he or she shall have the burden of proving that such fact is untrue. [1983 c 209 § 1; 1979 ex.s. c 136 § 95; 1979 c 62 § 2; 1971 ex.s. c 284 § 5.]

46.65.060 Department findings—Revocation of license—Stay by department. If the department finds that such person is not an habitual offender under this chapter, the proceeding shall be dismissed, but if the department finds that such person is an habitual offender, the department shall revoke the operator's license for a period of seven years: PROVIDED, That the department may stay the date of the revocation if it finds that the traffic offenses upon which it is based were caused by or are the result of alcoholism and/or drug addiction as evaluated by a program approved by the department of social and health services, and that since his or her last offense he or she has undertaken and followed a course of treatment for alcoholism and/or drug treatment in a program approved by the department of social and health services; such stay shall be subject to terms and conditions as are deemed reasonable by the department. Said stay shall continue as long as there is no further conviction for any of the offenses listed in RCW 46.65.020(1). Upon a subsequent conviction for any offense listed in RCW 46.65.020(1) or violation of any of the terms or conditions of the original stay order, the stay shall be removed and the department shall revoke the operator's license for a period of seven years. [1999 c 274 § 7; 1985 c 101 § 2; 1981 c 188 § 2; 1979 c 62 § 3; 1973 1st ex.s. c 83 § 1; 1971 ex.s. c 284 § 8.]

46.65.065 Revocation of habitual offender's license—Request for hearing, scope—Right to appeal. (1) Whenever a person's driving record, as maintained by the department, brings him or her within the definition of an habitual traffic offender, as defined in RCW 46.65.020, the department shall forthwith notify the person of the revocation in writing by certified mail at his or her address of record as maintained by the department. If the person is a nonresident of this state, notice shall be sent to the person's last known address. Notices of revocation shall inform the recipient thereof of his or her right to a formal hearing and specify the steps which must be taken in order to obtain a hearing. Within
fifteen days after the notice has been given, the person may, in writing, request a formal hearing. If such a request is not made within the prescribed time the right to a hearing is waived. A request for a hearing stays the effectiveness of the revocation.

2 Upon receipt of a request for a hearing, the department shall schedule a hearing in the county in which the person making the request resides, and if the person is a nonresident of this state, the hearing shall be held in Thurston county. The department shall give at least ten days notice of the hearing to the person.

3 The scope of the hearings provided by this section is limited to the issues of whether the certified transcripts or abstracts of the convictions, as maintained by the department, show that the requisite number of violations have been accumulated within the prescribed period of time as set forth in RCW 46.65.020 and whether the terms and conditions for granting stays, as provided in RCW 46.65.060, have been met.

4 Upon receipt of the hearing officer's decision, an aggrieved party may appeal to the superior court of the county in which he or she resides, or, in the case of a nonresident of this state, in the superior court of Thurston county, for review of the revocation. Notice of appeal must be filed within thirty days after receipt of the hearing officer's decision or the right to appeal is waived. Review by the court shall be de novo and without a jury.

5 The filing of a notice of appeal does not stay the effective date of the revocation. [1989 c 337 § 10; 1979 c 62 § 5.]

### 46.65.070 Period during which habitual offender not to be issued license

No license to operate motor vehicles in Washington shall be issued to an habitual offender (1) for a period of seven years from the date of the license revocation except as provided in RCW 46.65.080, and (2) until the privilege of such person to operate a motor vehicle in this state has been restored by the department of licensing as provided in this chapter. [1998 c 214 § 2; 1990 c 250 § 62; 1979 c 62 § 4; 1971 ex.s. c 284 § 9.]

### 46.65.080 Four-year petition for license restoration—Reimbursement of driving privilege

At the end of four years, the habitual offender may petition the department of licensing for the return of his or her operator's license and upon good and sufficient showing, the department of licensing may, wholly or conditionally, reinstate the privilege of such person to operate a motor vehicle in this state. [2010 c 8 § 9079; 1998 c 214 § 3; 1979 c 158 § 181; 1971 ex.s. c 284 § 10.]

### 46.65.100 Seven-year petition for license restoration—Reimbursement of driving privilege

At the expiration of seven years from the date of any final order finding a person to be an habitual offender and directing him or her not to operate a motor vehicle in this state, such person may petition the department of licensing for restoration of his or her privilege to operate a motor vehicle in this state. Upon receipt of such petition, and for good cause shown, the department of licensing shall restore to such person the privilege to operate a motor vehicle in this state upon such terms and conditions as the department of licensing may prescribe, subject to the provisions of chapter 46.29 RCW and such other provisions of law relating to the issuance or revocation of operators' licenses. [2010 c 8 § 9080; 1998 c 214 § 4; 1979 c 158 § 182; 1971 ex.s. c 284 § 12.]

### 46.65.900 Construction—Chapter supplemental.

Nothing in this chapter shall be construed as amending, modifying, or repealing any existing law of Washington or any existing ordinance of any political subdivision relating to the operation or licensing of motor vehicles, the licensing of persons to operate motor vehicles or providing penalties for the violation thereof or shall be construed so as to preclude the exercise of regulatory powers of any division, agency, department, or political subdivision of the state having the statutory power to regulate such operation and licensing. The books, records, and files necessary to conduct the business shall be kept and maintained at that place. The established place of business shall display an exterior sign with the business name and nature of the business, such as auto sales, permanently affixed to the land or building, with letters clearly visible to the major avenue of traffic. A statewide trade association representing manufactured housing dealers shall be permitted to use a manufactured home as an office if the office complies with all other applicable building code, zoning, and other land-use regulatory ordinances. This subsection does not apply to auction companies that do not own vehicle inventory or sell vehicles from an auction yard.

(2) An auction company shall have office facilities within the state. The books, records, and files necessary to conduct the business shall be maintained at the office facilities. All storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. An auction company shall maintain a telecommunications system.

(3) Auction companies shall post their vehicle dealer license at each auction where vehicles are offered, and shall provide the department with the address of the auction at least three days before the auction.

(4) If a dealer maintains a place of business at more than one location or under more than one name in this state, he or she shall designate one location as the principal place of business of the firm, one name as the principal name of the firm, and all other locations or names as subagents. A subagency license is required for each and every subagency: PROVIDED, That the department may grant an exception to the subagency requirement in the specific instance where a licensed dealer is unable to locate their used vehicle sales facilities adjacent to or at the established place of business. This exception shall be granted and defined under the promulgation of rules consistent with the Administrative Procedure Act.

(5) All vehicle dealers shall maintain ownership or leasehold throughout the license year of the real property from which they do business. The dealer shall provide the department with evidence of ownership or leasehold whenever the ownership changes or the lease is terminated.

(6) A subagency shall comply with all requirements of an established place of business, except that subagency records may be kept at the principal place of business designated by the dealer. Auction companies shall comply with the requirements in subsection (2) of this section.

(7) A temporary subagency shall meet all local zoning and building codes for the type of merchandising being conducted. The dealer license certificate shall be posted at the location. No other requirements of an established place of business apply to a temporary subagency. Auction companies are not required to obtain a temporary subagency license.

(8) A wholesale vehicle dealer shall have office facilities in a commercial building within this state, and all storage facilities for inventory shall be listed with the department, and shall meet local zoning and land use ordinances. A wholesale vehicle dealer shall maintain a telecommunications system. An exterior sign visible from the nearest street shall identify the business name and the nature of business. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory, if any, must be physically segregated and clearly identified.

(9) A retail vehicle dealer shall be open during normal business hours, maintain office and display facilities in a commercially zoned location or in a location complying with all applicable building and land use ordinances, and maintain a business telephone listing in the local directory. When two or more vehicle dealer businesses share a location, all records, office facilities, and inventory shall be physically segregated and clearly identified.

(10) A subagency license is not required for a mobile home dealer to display an on-site display model, a consigned mobile home not relocated from its site, or a repossessed mobile home if sales are handled from a principal place of business or subagency. (11) Every vehicle dealer shall advise the department of the location of each and every place of business of the firm and the name or names under which the firm is doing business at such location or locations. [1986 c 199 § 1.]

46.70.042 Application for license—Retention by department—Confidentiality. Every application for license shall be retained by the department for a period of three years and shall be confidential information for the use of the department, the attorney general or the prosecuting attorney only: PROVIDED, That upon a showing of good cause therefor any court in which an action is pending by or against the applicant or licensee, may order the director to produce and permit the inspection and copying or photographing the application and any accompanying statements. [1967 ex.s. c 74 § 14.]

46.70.045 Denial of license. The director may deny a license under this chapter when the application is a subterfuge that conceals the real person in interest whose license has been denied, suspended, or revoked for cause under this chapter and the terms have not been fulfilled or a civil penalty has not been paid, the director finds that the application was not filed in good faith, or the issuance of a new license or sub-agency would cause a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, to be in violation of chapter 46.96 RCW. This section does not preclude the department from taking an action against a current licensee. [2014 c 214 § 1; 1997 c 432 § 2.]

Application—2014 c 214: "This act applies to all franchises and contracts between manufacturers and new motor vehicle dealers amended, renewed, or entered into after June 12, 2014. For purposes of chapter 46.96 RCW, an agreement between a manufacturer and new motor vehicle dealer entered into after June 12, 2014, addressing any issues governed by chapter 46.96 RCW, is considered an amendment to an existing franchise." [2014 c 214 § 9.]

46.70.051 Issuance of license—Private party dissemination of vehicle database. (1) After the application has been filed, the fee paid, and bond posted, if required, the department shall, if no denial order is in effect and no proceeding is pending under RCW 46.70.101, issue the appropriate license, which license, in the case of a vehicle dealer, shall designate the classification of the dealer. Nothing prohibits a vehicle dealer from obtaining licenses for more than one classification, and nothing prevents any vehicle dealer from dealing in other classes of vehicles on an isolated basis.

(2) An auction company licensed under chapter 18.11 RCW may sell at auction all classifications of vehicles under a motor vehicle dealer's license issued under this chapter including motor vehicles, miscellaneous type vehicles, and mobile homes and travel trailers.

(3) At the time the department issues a vehicle dealer license, the department shall provide to the dealer a current, up-to-date vehicle dealer manual that may be provided electronically setting forth the various statutes and rules applicable to vehicle dealers. In addition, at the time any such license is renewed under RCW 46.70.083, the department shall provide the dealer with any updates or current revisions to the vehicle dealer manual. These updates or current revisions may be provided electronically.

(4) The department may contract with responsible private parties to provide them elements of the vehicle database on a regular basis. The private parties may only disseminate this information to licensed vehicle dealers.

(a) Subject to the disclosure agreement provisions of RCW 46.12.635 and the requirements of Executive Order 97-01, the department may provide to the contracted private parties the following information:

(i) All vehicle and title data necessary to accurately disclose known title defects, brands, or flags and odometer discrepancies;

(ii) All registered and legal owner information necessary to determine true ownership of the vehicle and the existence of any recorded liens, including but not limited to liens of the department of social and health services or its successor; and

(iii) Any data in the department's possession necessary to calculate the motor vehicle excise tax, license, and registration fees including information necessary to determine the applicability of regional transit authority excise and use tax surcharges.

(b) The department may provide this information in any form the contracted private party and the department agree upon, but if the data is to be transmitted over the Internet or similar public network from the department to the contracted private party, it must be encrypted.

(c) The department shall give these contracted private parties advance written notice of any change in the information referred to in (a)(i), (ii), or (iii) of this subsection, including information pertaining to the calculation of motor vehicle excise taxes.

(d) The department shall revoke a contract made under this subsection (4) with a private party who disseminates information from the vehicle database to anyone other than a licensed vehicle dealer. A private party who obtains information from the vehicle database under a contract with the department and disseminates any of that information to anyone other than a licensed vehicle dealer is guilty of a gross misdemeanor punishable under chapter 9A.20 RCW.
(e) Nothing in this subsection (4) authorizes a vehicle dealer or any other organization or entity not otherwise appointed as a vehicle licensing subagent under RCW 46.01.140 to perform any of the functions of a vehicle licensing subagent so appointed. [2010 c 161 § 1131; 2001 c 272 § 4; 1997 c 432 § 4; 1996 c 282 § 2; 1993 c 307 § 7; 1989 c 301 § 3; 1973 1st ex.s. c 132 § 6; 1971 ex.s. c 74 § 2; 1967 ex.s. c 74 § 7.]

If any licensee fails or neglects to apply for such renewal within thirty days after the expiration of the license, or assigned renewal date under a staggered licensing system, the license shall be declared canceled by the director, in which case the licensee will be required to apply for an original license and pay the fee required for the original license.

(3) The fee for the transfer to another location of any license classification issued pursuant to this chapter shall be twenty-five dollars.

(4) The fee for vehicle dealer license plates and manufacturer license plates shall be the amount required by law for vehicle license plates exclusive of excise tax and gross weight and tonnage fees.

However, under this section, motor vehicle dealers who have purchased from, sold to, or otherwise transacted business with wholesale dealers may only institute actions against wholesale dealers and their surety bonds. Successive recoveries against said bond shall be permitted, but the aggregate liability of the surety to all persons shall in no event exceed the amount of the bond. 46.70.180 Unlawful acts and practices. Each of the following acts or practices is unlawful:

(1) To cause or permit to be advertised, printed, displayed, published, distributed, broadcasted, televised, or disseminated in any manner whatsoever, any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to the following:

(a) That no down payment is required in connection with the sale of a vehicle when a down payment is in fact required, or that a vehicle may be purchased for a smaller down payment than is actually required;

(b) That a certain percentage of the sale price of a vehicle may be financed when such financing is not offered in a single document evidencing the entire security transaction;

(c) That a certain percentage is the amount of the service charge to be charged for financing, without stating whether this percentage charge is a monthly amount or an amount to be charged per year;

(d) That a new vehicle will be sold for a certain amount above or below cost without computing cost as the exact amount of the factory invoice on the specific vehicle to be sold;

(e) That a vehicle will be sold upon a monthly payment of a certain amount, without including in the statement the number of payments of that same amount which are required to liquidate the unpaid purchase price.

(2)(a)(i) To incorporate within the terms of any purchase and sale or lease agreement any statement or representation with regard to the sale, lease, or financing of a vehicle which is false, deceptive, or misleading, including but not limited to terms that include as an added cost to the selling price or capitalized cost of a vehicle an amount for licensing or transfer of title of that vehicle which is not actually due to the state, unless such amount has in fact been paid by the dealer prior to such sale.

(ii) However, an amount not to exceed one hundred fifty dollars per vehicle sale or lease may be charged by a dealer to recover administrative costs for collecting motor vehicle excise taxes, licensing and registration fees and other agency fees, verifying and clearing titles, transferring titles, perfecting, releasing, or satisfying liens or other security interests, and other administrative and documentary services rendered by a dealer in connection with the sale or lease of a vehicle and in carrying out the requirements of this chapter or any other provisions of state law.

(b) A dealer may charge the documentary service fee in (a) of this subsection under the following conditions:

(i) The documentary service fee is disclosed in writing to a prospective purchaser or lessee before the execution of a purchase and sale or lease agreement;

(ii) The dealer discloses to the purchaser or lessee in writing that the documentary service fee is a negotiable fee. The disclosure must be written in a typeface that is at least as large as the typeface used in the standard text of the document that contains the disclosure and that is bold faced, capitalized, underlined, or otherwise set out from the surrounding material so as to be conspicuous. The dealer shall not repres
not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation. A dealer shall not be in violation of this subsection (4)(a) if the buyer or lessee made a material misrepresentation to the dealer, as long as the dealer, or his or her staff, has not, with knowledge of the material misrepresentation, aided, assisted, encouraged, or participated, directly or indirectly, in the misrepresentation.

When a dealer informs a buyer or lessee under this subsection (4)(a) regarding the unconditional acceptance or rejection of the contract, lease, or financing by an electronic mail message, the dealer must also transmit the communication by any additional means;

(b) Permits the dealer to renegotiate a dollar amount specified as trade-in allowance on a vehicle delivered or to be delivered by the buyer or lessee as part of the purchase price or lease, for any reason except:

(i) Failure to disclose that the vehicle's certificate of title has been branded for any reason, including, but not limited to, status as a rebuilt vehicle as provided in RCW 46.12.540 and 46.12.560; or

(ii) Substantial physical damage or latent mechanical defect occurring before the dealer took possession of the vehicle and which could not have been reasonably discoverable at the time of the taking of the order, offer, or contract; or

(iii) Excessive additional miles or a discrepancy in the mileage. "Excessive additional miles" means the addition of five hundred miles or more, as reflected on the vehicle's odometer, between the time the vehicle was first valued by the dealer for purposes of determining its trade-in value and the time of actual delivery of the vehicle to the dealer. "A discrepancy in the mileage" means (A) a discrepancy between the mileage reflected on the vehicle's odometer and the stated mileage on the signed odometer statement; or (B) a discrepancy between the mileage stated on the signed odometer statement and the actual mileage on the vehicle; or

(c) Fails to comply with the obligation of any written warranty or guarantee given by the dealer requiring the furnishing of services or repairs within a reasonable time.

(5) To commit any offense relating to odometers, as such offenses are defined in RCW 46.37.540, 46.37.550, 46.37.560, and 46.37.570. A violation of this subsection is a class C felony punishable under chapter 9A.20 RCW.

(6) For any vehicle dealer or vehicle salesperson to refuse to furnish, upon request of a prospective purchaser or lessee, for vehicles previously registered to a business or governmental entity, the name and address of the business or governmental entity.

(7) To commit any other offense under RCW 46.37.423, 46.37.424, or 46.37.425.

(8) To commit any offense relating to a dealer's temporary license permit, including but not limited to failure to properly complete each such permit, or the issuance of more than one such permit on any one vehicle. However, a dealer may issue a second temporary permit on a vehicle if the following conditions are met:

(a) The lienholder fails to deliver the vehicle title to the dealer within the required time period;

(b) The dealer has satisfied the lien; and

(c) The dealer has proof that payment of the lien was made within two calendar days, exclusive of Saturday, Sunday, or a legal holiday, after the sales contract has been executed by all parties and all conditions and contingencies in the sales contract have been met or otherwise satisfied.

(9) For a dealer, salesperson, or mobile home manufacturer, having taken an instrument or cash "on deposit" from a purchaser or lessee prior to the delivery of the bargained-for vehicle, to commingle the "on deposit" funds with assets of the dealer, salesperson, or mobile home manufacturer instead of holding the "on deposit" funds as trustee in a separate trust account until the purchaser or lessee has taken delivery of the bargained-for vehicle. Delivery of a manufactured home shall be deemed to occur in accordance with RCW 46.70.135(5). Failure, immediately upon receipt, to endorse "on deposit" instruments to such a trust account, or to set aside "on deposit" cash for deposit in such trust account, and failure to deposit such instruments or cash in such trust account by the close of banking hours on the day following receipt thereof, shall be evidence of intent to commit this unlawful practice: PROVIDED, HOWEVER, That a motor vehicle dealer may keep a separate trust account which equals his or her customary total customer deposits for vehicles for future delivery. For purposes of this section, "on deposit" funds received from a purchaser of a manufactured home means those funds that a seller requires a purchaser to advance before ordering the manufactured home, but does not include any loan proceeds or moneys that might have been paid on an installment contract.

(10) For a dealer or manufacturer to fail to comply with the obligations of any written warranty or guarantee given by the dealer or manufacturer requiring the furnishing of goods and services or repairs within a reasonable period of time, or to fail to furnish to a purchaser or lessee, all parts which attach to the manufactured unit including but not limited to the undercarriage, and all items specified in the terms of a sales or lease agreement signed by the seller and buyer or lessee.

(11) For a vehicle dealer to pay to or receive from any person, firm, partnership, association, or corporation acting, either directly or through a subsidiary, as a buyer's agent for consumers, any compensation, fee, purchase moneys or funds that have been deposited into or withdrawn out of any account controlled or used by any buyer's agent, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle.

(12) For a buyer's agent, acting directly or through a subsidiary, to pay to or to receive from any motor vehicle dealer any compensation, fee, gratuity, or reward in connection with the purchase, sale, or lease of a new motor vehicle. In addition, it is unlawful for any buyer's agent to engage in any of the following acts on behalf of or in the name of the consumer:

(a) Receiving or paying any purchase moneys or funds into or out of any account controlled or used by any buyer's agent;

(b) Signing any vehicle purchase orders, sales contracts, leases, odometer statements, or title documents, or having the name of the buyer's agent appear on the vehicle purchase order, sales contract, lease, or title; or

(c) Signing any other documentation relating to the purchase, sale, lease, or transfer of any new motor vehicle.
It is unlawful for a buyer's agent to use a power of attorney obtained from the consumer to accomplish or effect the purchase, sale, lease, or transfer of ownership documents of any new motor vehicle by any means which would otherwise be prohibited under (a) through (c) of this subsection. However, the buyer's agent may use a power of attorney for physical delivery of motor vehicle license plates to the consumer.

Further, it is unlawful for a buyer's agent to engage in any false, deceptive, or misleading advertising, disseminated in any manner whatsoever, including but not limited to making any claim or statement that the buyer's agent offers, obtains, or guarantees the lowest price on any motor vehicle or words to similar effect.

(13) For a buyer's agent to arrange for or to negotiate the purchase, or both, of a new motor vehicle through an out-of-state dealer without disclosing in writing to the customer that the new vehicle would not be subject to chapter 19.118 RCW. This subsection also applies to leased vehicles. In addition, it is unlawful for any buyer's agent to fail to have a written agreement with the customer that: (a) Sets forth the terms of the parties' agreement; (b) discloses to the customer the total amount of any fees or other compensation being paid by the customer to the buyer's agent for the agent's services; and (c) further discloses whether the fee or any portion of the fee is refundable.

(14) Being a manufacturer, other than a motorcycle manufacturer governed by chapter 46.93 RCW, to:

(a) Coerce or attempt to coerce any vehicle dealer to order or accept delivery of any vehicle or vehicles, parts or accessories, or any other commodities which have not been voluntarily ordered by the vehicle dealer: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute coercion;

(b) Cancel or fail to renew the franchise or selling agreement of any vehicle dealer doing business in this state without fairly compensating the dealer at a fair going business value for his or her capital investment which shall include but not be limited to tools, equipment, and parts inventory possessed by the dealer on the day he or she is notified of such cancellation or termination and which are still within the dealer's possession on the day the cancellation or termination is effective, if: (i) The capital investment has been entered into with reasonable and prudent business judgment for the purpose of fulfilling the franchise; and (ii) the cancellation or nonrenewal was not done in good faith. Good faith is defined as the duty of each party to any franchise to act in a fair and equitable manner towards each other, so as to guarantee one party freedom from coercion, intimidation, or threats of coercion or intimidation from the other party: PROVIDED, That recommendation, endorsement, exposition, persuasion, urging, or argument are not deemed to constitute a lack of good faith;

(c) Encourage, aid, abet, or teach a vehicle dealer to sell or lease vehicles through any false, deceptive, or misleading sales or financing practices including but not limited to those practices declared unlawful in this section;

(d) Coerce or attempt to coerce a vehicle dealer to engage in any practice forbidden in this section by either threats of actual cancellation or failure to renew the dealer's franchise agreement;

(e) Refuse to deliver any vehicle publicly advertised for immediate delivery to any duly licensed vehicle dealer having a franchise or contractual agreement for the retail sale or lease of new and unused vehicles sold or distributed by such manufacturer within sixty days after such dealer's order has been received in writing unless caused by inability to deliver because of shortage or curtailment of material, labor, transportation, or utility services, or by any labor or production difficulty, or by any cause beyond the reasonable control of the manufacturer;

(f) To provide under the terms of any warranty that a purchaser or lessee of any new or unused vehicle that has been sold or leased, distributed for sale or lease, or transferred into this state for resale or lease by the vehicle manufacturer may only make any warranty claim on any item included as an integral part of the vehicle against the manufacturer of that item.

Nothing in this section may be construed to impair the obligations of a contract or to prevent a manufacturer, distributor, representative, or any other person, whether or not licensed under this chapter, from requiring performance of a written contract entered into with any licensee hereunder, nor does the requirement of such performance constitute a violation of any of the provisions of this section if any such contract or the terms thereof requiring performance, have been freely entered into and executed between the contracting parties. This paragraph and subsection (14)(b) of this section do not apply to new motor vehicle manufacturers governed by chapter 46.96 RCW.

(15) Unlawful transfer of an ownership interest in a motor vehicle as defined in RCW 19.116.050.

(16) To knowingly and intentionally engage in collusion with a registered owner of a vehicle to repossess and return or resell the vehicle to the registered owner in an attempt to avoid a suspended license impound under chapter 46.55 RCW. However, compliance with chapter 62A.9A RCW in repossessing, selling, leasing, or otherwise disposing of the vehicle, including providing redemption rights to the debtor, is not a violation of this section.

(17) (a) For a dealer to enter into a new motor vehicle sales contract without disclosing in writing to a buyer of the new motor vehicle, or to a dealer in the case of an unregistered motor vehicle, any known damage and repair to the new motor vehicle if the damage exceeds five percent of the manufacturer's suggested retail price as calculated at the dealer's authorized warranty rate for labor and parts, or one thousand dollars, whichever amount is greater. A manufacturer or new motor vehicle dealer is not required to disclose to a dealer or buyer that glass, tires, bumpers, or cosmetic parts of a new motor vehicle were damaged at any time if the damaged item has been replaced with original or comparable equipment. A replaced part is not part of the cumulative damage required to be disclosed under this subsection.

(b) A manufacturer is required to provide the same disclosure to a dealer of any known damage or repair as required in (a) of this subsection.

(c) If disclosure of any known damage or repair is not required under this section, a buyer may not revoke or rescind a sales contract due to the fact that the new motor vehicle was damaged and repaired before completion of the sale.

(d) As used in this section:

(2) Whether or not a written estimate is required, parts and labor provided by an automotive repair facility shall be clearly and accurately recorded in writing on an invoice and shall include, in addition to the information listed in subsection (1) of this section, the following information: A description of the repair or maintenance services performed on the vehicle; a list of all parts supplied, identified by name and part number, if available, part kit description or recognized package or shop supplies, if any, and an indication whether the parts supplied are rebuilt, or used, if applicable or where collision repair is involved, aftermarket body parts or nonoriginal equipment manufacturer body parts, if applicable; the price per part charged, if any, and the total amount charged for all parts; the total amount charged for all labor, if any; and the total charge. Parts and labor do not need to be separately disclosed if pricing is expressed as an advertised special by the job, a predisclosed written repair menu item, or a routine service package.

(3) Notwithstanding subsection (2) of this section, if the repair work is performed under warranty or without charge to the customer, other than an applicable deductible, the repair facility shall provide either an itemized list of the parts supplied, or describe the service performed on the vehicle, but the repair facility is not required to provide any pricing information for parts or labor.

(4) A copy of the estimate, unless waived, shall be provided to the customer or the customer's designee prior to providing parts or labor as required under RCW 46.71.025. A copy of the invoice shall be provided to the customer upon completion of the repairs.

46.71.021 Disposition of replaced parts. Except for parts covered by a manufacturer's or other warranty or parts that must be returned to a distributor, remanufacturer, or rebuilder, the repair facility shall return replaced parts to the customer at the time the work is completed if the customer requested the parts at the time of authorization of the repair. If a customer at the time of authorization of the repair requests the return of a part that must be returned to the manufacturer, remanufacturer, distributor, recycler, or rebuilder, or must be disposed of as required by law, the repair facility shall offer to show the part to the customer. The repair facility need not show a replaced part if no charge is being made for the replacement part. [1993 c 424 § 4.]

46.71.025 Written estimate required—Alternatives—Authorization to exceed—Exceptions. (1) Except as provided in subsections (3) and (4) of this section, a repair facility prior to providing parts or labor shall provide the customer or the customer's designee with a written price estimate of the total cost of the repair, including parts and labor, or where collision repair is involved, aftermarket body parts or nonoriginal equipment manufacturer body parts, if applicable, or offer the following alternatives:

"YOU ARE ENTITLED TO A WRITTEN PRICE ESTIMATE FOR THE REPAIRS YOU HAVE AUTHORIZED. YOU ARE ALSO ENTITLED TO REQUIRE THE REPAIR FACILITY TO OBTAIN YOUR ORAL OR WRITTEN AUTHORIZATION TO EXCEED THE WRITTEN PRICE ESTIMATE. YOUR SIGNATURE OR INITIALS WILL INDICATE YOUR SELECTION.

1. I request an estimate in writing before you begin repairs. Contact me if the price will exceed this estimate by more than ten percent.

2. Proceed with repairs but contact me if the price will exceed $ . . . .

3. I do not want a written estimate.

. . . . . . . . (Initial or signature)

Date: . . . . . . Time: . . . . . ."

(2) The repair facility may not charge the customer more than one hundred ten percent, exclusive of retail sales tax, of the total shown on the written price estimate. Neither of these limitations apply if, before providing additional parts or labor the repair facility obtains either the oral or written authorization of the customer, or the customer's designee, to exceed the written price estimate. The repair facility or its representative shall note on the estimate the date and time of obtaining an oral authorization, the additional parts and labor required, the estimated cost of the additional parts and labor, or where collision repair is involved, aftermarket body parts or nonoriginal equipment manufacturer body parts, if applicable, the name or identification number of the employee who obtains the authorization, and the name and telephone number of the person authorizing the additional costs.

(3) A written estimate shall not be required when the customer's motor vehicle or component has been brought to an automotive repair facility's regular place of business without face-to-face contact between the customer and the repair facility. Face-to-face contact means actual in-person discussion between the customer or his or her designee and the agent or employee of the automotive repair facility authorized to intake vehicles or components. However, prior to providing parts and labor, the repair facility must obtain either the oral or written authorization of the customer or the customer's designee. The repair facility or its representative...
shall note on the estimate or repair order the date and time of obtaining an oral authorization, the total amount authorized, the name or identification number of the employee who obtains the authorization, and the name of the person authorizing the repairs.

(4)(a) A written estimate is not required for the repair of any vehicle that:

(b) This subsection does not prohibit a customer seeking repair services for one of the vehicles listed under this subsection from requesting a written estimate, which may be provided at the discretion of the agent or employee of the automotive repair facility, and in which case the repair facility shall provide notification and documentation advising the customer that the requested repairs will be furnished on a time and materials basis, to be billed at least every two weeks. [2012 c 27 § 1; 1993 c 424 § 5.]

An automotive repair facility that fails to comply with the estimate requirements of RCW 46.71.025 is barred from recovering in an action to recover for automotive repairs any amount in excess of one hundred ten percent of the amount authorized by the customer, or the customer's designee, unless the repair facility proves by a preponderance of the evidence that its conduct was reasonable, necessary, and justified under the circumstances. In an action to recover for automotive repairs the prevailing party may, at the discretion of the court, recover the costs of the action and reasonable attorneys' fees. [1993 c 424 § 7.]

7. Charging a customer for unnecessary repairs. For purposes of this subsection "unnecessary repairs" means those for which there is no reasonable basis for performing the service. A reasonable basis includes, but is not limited to: (a) that the repair service is consistent with specifications established by law or the manufacturer of the motor vehicle, component, or part; (b) that the repair is in accordance with accepted industry standards; or (c) that the repair was performed at the specific request of the customer. [1993 c 424 § 9.]

A violation of this chapter is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the Consumer Protection Act, chapter 19.86 RCW. In an action under chapter 19.86 RCW due to an automotive repair facility's charging a customer an amount in excess of one hundred ten percent of the amount authorized by the customer, a violation shall not be found if the automotive repair facility proves by a preponderance of the evidence that its conduct was reasonable, necessary, and justified under the circumstances.

Age of drivers of for hire vehicles: RCW 46.20.045.
Taxicab companies, local regulation: Chapter 81.72 RCW.

46.72.001 Finding and intent. The legislature finds and declares that privately operated for hire transportation service is a vital part of the transportation system within the state. Consequently, the safety, reliability, and stability of privately operated for hire transportation services are matters of statewide importance. The regulation of privately operated for hire transportation services is thus an essential governmental function. Therefore, it is the intent of the legislature to permit political subdivisions of the state to regulate for hire transportation services without liability under federal antitrust laws. [1996 c 87 § 17.]

Said policy of insurance shall provide a minimum coverage equal and identical to the coverage required by the aforesaid surety bond, specified under the provisions of RCW 46.72.040. (2)(a) A for hire vehicle and its operator must have evidence of payment in good standing with the department of labor and industries of the for hire vehicle operator industrial

46.72A.020 Engagement of and fares for carrier services—Service records—Carrier information—Penalties—Rules. (1) Contact by a customer or customer's agent to engage the services of a carrier's limousine must be initiated by a customer or customer's agent at a time and place different from the customer's time and place of departure. The fare for service must be agreed upon prior to departure. Under no circumstances may customers or customers' agents make arrangements to immediately engage the services of a carrier's limousine with the chauffeur, even if the chauffeur is an owner or officer of the company, with the single exception of stand-hail limousines only at a facility owned and operated by a port district in a county with a population of one million or more that are licensed and restricted by the rules and policies set forth by the port district.

(2) At the time of the conduct of the commercial limousine business, the chauffeur of a limousine and the limousine carrier business must possess written or electronic records substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for vehicles meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section. Limousine carriers and limousine chauffeurs operating as an independent business must list a physical address on their business license issued under chapter 19.02 RCW where records substantiating the prearrangement of the carrier's services may be reviewed by an enforcement officer. A limousine carrier must retain these records for a minimum of one calendar year, and failure to do so is a class 3 civil infraction against the carrier for each record that is missing or fails to include all of the information described in rules adopted under subsection (4) of this section.

(3) Limousine carriers and limousine chauffeurs operating as an independent business must list a telephone or pager number that is used to prearrange the carrier's services for any customer carried for compensation.

(4) The department must adopt rules specifying the content and retention schedule of the records required for compliance with subsection (2) of this section.

(5) The failure of a chauffeur who is operating a limousine to immediately provide, on demand by an enforcement officer, written or electronic records required by the department substantiating the prearrangement of the carrier's services for any customer carried for compensation, except for limousines meeting the requirements of the exception for stand-hail limousines described in subsection (1) of this section, is a class 2 civil infraction and is subject to monetary penalties under RCW 7.80.120. It is a class 1 civil infraction for a repeat offense under this subsection during the same calendar year.

(6) The department must define by rule conditions under which a chauffeur is considered to be operating a limousine, including when the limousine is parked in a designated passenger load zone. [2013 c 144 § 40; 2011 c 374 § 2; 1996 c 87 § 5.]

(2014 Ed.)
46.72A.030 Regulation—Inspection—Fees—Penalties. (1) The department, in conjunction with the Washington state patrol, shall regulate limousine carriers with respect to entry, safety of equipment, chauffeur qualifications, and operations. The department shall adopt rules and require such reports as are necessary to carry out this chapter. The department may develop penalties for failure to comply with this section.

(2) In addition, a port district in a county with a population of one million or more may regulate limousine carriers with respect to entry, safety of equipment, chauffeur qualifications, and operations. The county in which the port district is located may adopt ordinances and rules to assist the port district in enforcement of limousine regulations only at port facilities. In no event may this be construed to grant the county the authority to regulate limousines within its jurisdiction. The port district may not set limousine rates, but the limousine carriers shall file their rates and schedules with the port district if requested.

(3) The department, a port district in a county with a population of at least one million, or a county in which the port district is located may enter into cooperative agreements for the joint regulation of limousines.

(4) The department and a city with a population of five hundred thousand or more may enter into cooperative agreements as provided in RCW 46.72A.130, subject to the limitations set forth in RCW 46.72A.200.

(5) The Washington state patrol shall annually conduct a vehicle inspection of each limousine licensed under this chapter, except when a port district, or a city with a population of five hundred thousand or more, enforces limousine carrier regulations under subsection (2) or (4) of this section, that port district or county in which the port district is located, or a city with a population of five hundred thousand or more, may conduct the annual limousine vehicle inspection and random limousine vehicle inspections in conjunction with limousine regulation enforcement activities, provided that the inspection criteria and fees are substantially the same regardless of the authority conducting the inspection. Random limousine vehicle inspections may not be conducted while the limousine contains customers. The state patrol, the city, or the port district conducting the annual limousine vehicle inspection may impose an annual vehicle inspection fee and reinspection fee. A carrier must pay a reinspection fee if a limousine fails inspection for compliance with vehicle standards and is reinspected. If the limousine passes the first reinspection within thirty days of failing the original inspection, all of the reinspection fee must be refunded to the carrier. However, refunds are not available for subsequent reinspections. While a limousine is licensed by the department for commercial limousine use, failure to comply with vehicle inspection standards, established by the department by rule, is a class 3 civil infraction against the carrier, with monetary penalties against the carrier as specified in RCW 7.80.120, for each violation of a safety requirement. It is a class 4 civil infraction for each violation of other vehicle standards, with monetary penalties against the carrier as specified in RCW 7.80.120, and the limousine vehicle certificate must be summarily suspended until safety violations of vehicle standards are corrected and the limousine is reinspected. Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to limousine carriers that are consistent with this chapter. [2011 c 374 § 4; 1996 c 87 § 7.]

The limousine carrier license and limousine vehicle certificates must be renewed through the department annually or as may be required by the department. The department shall establish by rule the procedure for obtaining, and the fees for, the limousine carrier license and limousine vehicle certificate. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a limousine is operated without a valid limousine carrier license or valid limousine vehicle certificate required under this subsection. (2)(a) A limousine and its chauffeur must have evidence of payment in good standing with the department of labor and
industries of the for hire vehicle operator industrial insurance premium, whenever the limousine is operated on public streets and highways for compensation.

(b) Failure to produce evidence of payment of the for hire vehicle insurance premium upon demand by a law enforcement officer or other government agent acting under the authority of this chapter is a civil infraction punishable by a fine of not more than two hundred fifty dollars per infraction separately upon both the limousine vehicle owner and the limousine chauffeur if they are not one and the same.

(3) Business license and vehicle certificate suspension or revocation and the administration thereof for failure to pay the mandatory industrial insurance premium must be at the direction and expense of the department of labor and industries.

(2) The department shall fix by rule coverages and limits, and prohibit provisions that limit coverage, for the insurance policy or policies, giving consideration to the character and amount of traffic, the number of persons affected, and the degree of danger that the proposed operation involves. The limousine carrier must maintain the liability and property damage insurance in force on each limousine while licensed by the department.

(3) Failure to file and maintain in effect the insurance required under this section is a gross misdemeanor and the limousine vehicle certificate must be summarily suspended. It is a class 1 civil infraction, with monetary penalties against the carrier as specified in RCW 7.80.120, for each day that a carrier operates a limousine with a summarily suspended limousine vehicle certificate. The limousine carrier shall submit the substituted policy to the department for approval, together with a fee. If the department approves the substituted policy, the department shall issue a new vehicle certificate.

(2) If a vehicle certificate has been lost, destroyed, or stolen, a duplicate vehicle certificate may be obtained by filing an affidavit of loss and paying a fee.

(1) No limousine carrier may advertise without listing the carrier’s unified business identifier issued by the department in the advertisement and specifying the type of service offered as provided in RCW 46.04.274. No limousine carrier may advertise or hold itself out to the public as providing taxicab transportation services.

(2) All advertising, contracts, correspondence, cards, signs, posters, papers, and documents that show a limousine carrier’s name or address shall list the carrier’s unified business identifier and the type of service offered. The alphabetized listing of limousine carriers appearing in the advertising sections of telephone books or other directories and all advertising that shows the carrier’s name or address must show the carrier’s current unified business identifier.

(3) Advertising in the alphabetical listing in a telephone directory need not contain the carrier’s current business identifier.

(4) It is a violation, subject to a fine of up to five thousand dollars per violation, for a person to (a) falsify a unified business identifier or use a false or inaccurate unified business identifier; (b) fail to specify the type of service offered; (c) advertise or otherwise hold itself out to the public as providing taxicab transportation services in connection with a solicitation or identification as an authorized limousine carrier; or (d) conduct commercial limousine business without a valid limousine carrier license or valid limousine vehicle certificate as required under this chapter, unless licensed as a charter party carrier under chapter 81.70 RCW.

(5) If the basis for the violation is advertising, each advertisement reproduced, broadcast, or displayed via a particular medium constitutes a separate violation.

(6) In deciding the amount of penalty to be imposed per violation, the department shall consider the following factors:

(a) The carrier’s willingness to comply with the department’s rules under this chapter; and

(b) The carrier’s history with respect to compliance with this section.

(7) It is a class 1 civil infraction, with monetary penalties against the chauffeur as specified in RCW 7.80.120, for a chauffeur to:

**46.80.005 Legislative declaration.** The legislature finds and declares that the distribution and sale of vehicle parts in the state of Washington vitally affects the general economy of the state and the public interest and the public welfare, and that in order to promote the public interest and the public welfare and in the exercise of its police power, it is necessary to regulate and license vehicle wreckers and dismantlers, the buyers-for-resale, and the sellers of secondhand vehicle components doing business in Washington, in order to prevent the sale of stolen vehicle parts, to prevent frauds, impostions, and other abuses, and to preserve the investments and properties of the citizens of this state. [1995 c 256 § 3; 1977 ex.s.c. 253 § 1.]

7. Upon determination that the applicant, licensee, or owner has engaged in conduct that could endanger the educational welfare or personal safety of students or others;
8. Upon determination that a licensed instructor no longer possesses and meets the qualifications and conditions set out in RCW 46.82.330(2)(a); or

The license of any driver training school or instructor may be suspended, revoked, denied, or refused renewal, or such other disciplinary action authorized under RCW 18.235.110 may be imposed, for failure to comply with the business practices specified in this section.

1. No place of business shall be established nor any business of a driver training school conducted or solicited within one thousand feet of an office or building owned or leased by the department of licensing in which examinations for drivers' licenses are conducted. The distance of one thousand feet shall be measured along the public streets by the nearest route from the place of business to such building.

   a. Dual controls for foot brake and clutch, or foot brake only in a vehicle equipped with an automatic transmission;
   b. An instructor's rear view mirror; and
   c. A sign in legible, printed English letters displayed on the back or top, or both, of the vehicle that:
      i. Is not less than twenty inches in horizontal width or less than ten inches in vertical height;
      ii. Has the words "student driver," "instruction car," or "driving school" in letters at least two and one-half inches in height near the top;
      iii. Has the name and telephone number of the school in similarly legible letters not less than one inch in height placed somewhere below the aforementioned words;
      iv. Has lettering and background colors that make it clearly readable at one hundred feet in clear daylight;
      v. Is displayed at all times when instruction is being given.
    3. Instruction may not be given by an instructor to a student who is under the age of fifteen, and behind-the-wheel instruction may not be given by an instructor to a student in an automobile unless the student possesses a current and valid instruction permit issued pursuant to RCW 46.20.055 or a current and valid driver's license.
    4. No driver training school or instructor shall advertise or otherwise indicate that the issuance of a driver's license is guaranteed or assured as a result of the course of instruction offered.
    5. No driver training school or instructor shall utilize any types of advertising without using the full, legal name of the school and identifying itself as a driver training school. Instruction vehicles and equipment, classrooms, driving simulators, training materials and services advertised must be available in a manner as might be expected by the average person reading the advertisement.
    6. A driver training school shall have an established place of business owned, rented, or leased by the school and regularly occupied and used exclusively for the business of giving driver instruction. The established place of business of a driver training school shall be located in a district that is zoned for business or commercial purposes or zoned for conditional use permits for schools, trade schools, or colleges. However, the use of public or private schools does not alleviate the driver training school from securing and maintaining an established place of business or from using its own classroom on a regular basis as required under this chapter.
    a. The established place of business, branch office, or classroom or advertised address of any such driver training school shall not consist of or include a house trailer, residence, tent, temporary stand, temporary address, bus, telephone answering service if such service is the sole means of contacting the driver training school, a room or rooms in a hotel or rooming house or apartment house, or premises occupied by a single or multiple-unit dwelling house.
(b) A driver training school may lease classroom space within a public or private school that is recognized and regulated by the office of the superintendent of public instruction to conduct student instruction as approved by the director. However, such use of public or private classroom space does not alleviate the driver training school from securing and maintaining an established place of business nor from using its own classroom on a regular basis as required by this chapter.

c) To classify as a branch office or classroom the facility must be within a thirty-five mile radius of the established place of business. The department may waive or extend the thirty-five mile restriction for driver training schools located in counties below the median population density.

d) Nothing in this subsection may be construed as limiting the authority of local governments to grant conditional use permits or variances from zoning ordinances.

(7) No driver training school or instructor shall conduct any type of instruction or training on a course used by the department of licensing for testing applicants for a Washington driver's license.

(8) Each driver training school shall maintain its student, instructor, vehicle, insurance, and operating records at its established place of business.

(a) Student records must include the student's name, address, and telephone number, date of enrollment and all dates of instruction, the student's instruction permit or driver's license number, the type of training given, the total number of hours of instruction, and the name and signature of the instructor or instructors.

(b) Vehicle records shall include the original insurance policies and copies of the vehicle registration for all instruction vehicles.

(c) Student and instructor records shall be maintained for three years following the completion of the instruction. Vehicle records shall be maintained for five years following their issuance. All records shall be made available for inspection upon the request of the department.

d) Upon a transfer or sale of school ownership the school records shall be transferred to and become the property and responsibility of the new owner.

(9) Each driver training school shall, at its established place of business, display, in a place where it can be seen by all clients, a copy of the required minimum curriculum furnished by the department and a copy of the school's own curriculum. Copies of the required minimum curriculum are to be provided to driver training schools and instructors by the director.

(10) Driver training schools and instructors shall submit to periodic inspections of their business practices, facilities, records, and insurance by authorized representatives of the director of the department of licensing. [2009 c 101 § 7; 2006 c 219 § 10; 1989 c 337 § 19; 1979 ex.s. c 51 § 9.]

Effective date—2006 c 219: See note following RCW 46.82.285.

Upon notification of suspension, revocation, denial, or refusal to renew a license under this chapter, a driver training school or instructor shall have the right to appeal the action being taken. An appeal may be made to the director, who shall cause a hearing to be held in accordance with chapter 34.05 RCW. Filing an appeal shall stay the action pending the hearing and the director's decision. Upon conclusion of the hearing, the director shall issue a decision on the appeal.

A) A license may, however, be temporarily suspended by the director without notice pending any prosecution, investigation, or hearing where such emergency action is warranted. A licensee or applicant entitled to a hearing shall be given due notice thereof.

B) The sending of a notice of a hearing by registered mail to the last known address of a licensee or applicant in accordance with chapter 34.05 RCW shall be deemed due notice.

C) The director or the director's authorized representative shall preside over the hearing and shall have the power to subpoena witnesses, administer oaths to witnesses, take testimony of any person, and cause depositions to be taken. A subpoena issued under the authority of this section shall be served in the same manner as a subpoena issued by a court of record. Witnesses subpoenaed under this section and persons other than officers or employees of the department of licensing shall be entitled to the same fees and mileage as are allowed in civil actions in courts of law. [2006 c 219 § 11; 1979 ex.s. c 51 § 10.]

### 46.85.030 Departmental entry into multistate proportional registration agreement, International Registration Plan.

The department of licensing shall have the authority to execute agreements, arrangements, or declarations to carry out the provisions of chapter 46.87 RCW and this chapter.

If the department enters into a multistate proportional registration agreement which requires this state to perform acts in a quasi agency relationship, the department may collect and forward applicable registration fees and applications to other jurisdictions on behalf of the applicant or on behalf of another jurisdiction and may take such other action as will facilitate the administration of such agreement.

If the department enters into a multistate proportional registration agreement which prescribes procedures applicable to vehicles not specifically described in chapter 46.87 RCW, such as but not limited to "owner-operator" or "rental" vehicles, it shall promulgate rules taking exception to or accomplishing the procedures prescribed in such agreement.

It is the purpose and intent of this subsection to facilitate the membership in the International Registration Plan and at the same time allow the department to continue to participate in such agreements and compacts as may be necessary and desirable in addition to the International Registration Plan.

Such an agreement or arrangement shall provide that vehicles properly registered or licensed in this state when operated upon highways of such other jurisdiction shall receive exemptions, benefits, and privileges of a similar kind or to a similar degree as are extended to vehicles properly registered or licensed in such jurisdiction when operated in this state. Each such agreement or arrangement shall, in the judgment of the department, be in the best interest of this state and the citizens thereof and shall be fair and equitable to this state and the citizens thereof, and all of the same shall be determined on the basis and recognition of the benefits which accrue to the economy of this state from the uninterrupted flow of commerce.

(1) Provisions and terms of the IRP prevail unless given a different meaning in chapter 46.04 RCW, this chapter, or in rules adopted under the authority of this chapter.

(2) The director may adopt and enforce rules deemed necessary to implement and administer this chapter.

(3) Owners having a fleet of apportionable vehicles operating in two or more IRP member jurisdictions may elect to proportionally register the vehicles of the fleet under the provisions of the IRP and this chapter in lieu of full or temporary registration as provided for in chapter 46.16A RCW.

(4) If a due date or an expiration date established under authority of this chapter falls on a Saturday, Sunday, or a state legal holiday, such period is automatically extended through the end of the next business day. [2011 c 171 § 95; 2010 c 161 § 1140; 2005 c 194 § 1; 1987 c 244 § 15; 1986 c 18 § 22; 1985 c 380 § 1.]

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

46.87.020 Definitions. Terms used in this chapter have the meaning given to them in the International Registration Plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

(1) "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less. Apportionable vehicles include trucks, tractors, truck tractors, road tractors, and buses, each as separate and licensable vehicles.

(2) "Cab card" is a certificate of registration issued for a vehicle upon which is disclosed the jurisdictions and registered gross weights in which jurisdictions for which the vehicle is registered.

(3) "Credentials" means cab cards, apportioned plates (for Washington-based fleets), and validation tabs issued for proportionally registered vehicles.

(4) "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the weight of the maximum load to be carried on the combination of vehicles as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid.

(5) "Declared gross weight" means the total unladen weight of any vehicle plus the weight of the maximum load to be carried on the vehicle as set by the registrant in the application pursuant to chapter 46.44 RCW and for which registration fees have been or are to be paid. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight shall be determined by multiplying the average load factor of one hundred and fifty pounds by the number of seats in the vehicle, including the driver’s seat, and add this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.17.355, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

(6) "Department" means the department of licensing.

(7) "Fleet" means one or more apportionable vehicles in the IRP.

46.87.022 Rental trailers, converter gears. Owners of rental trailers and semitrailers over six thousand pounds gross vehicle weight, and converter gears used solely in pool fleets shall fully register a portion of the pool fleet in this state. To determine the percentage of total fleet vehicles that must be registered in this state, divide the gross revenue received in the preceding year for the use of the rental vehicles arising from rental transactions occurring in this state by the total revenue received in the preceding year for the use of the rental vehicles arising from rental transactions in all jurisdictions in which the vehicles are operated. Apply the resulting percentage to the total number of vehicles that shall be registered in this state. Vehicles registered in this state shall be representative of the vehicles in the fleet according to age, size, and value. [1990 c 250 § 74.]

(3) Use of rental cars is restricted to the rental customer unless otherwise provided by rule.

(4) The department may suspend or cancel the exemptions, benefits, or privileges granted under this section to a rental car business that violates the laws of this state relating to the operation or registration of vehicles or rules lawfully adopted thereunder. 46.87.030 Part-year registration—Credit for unused fees. (1) When application to register an apportionable vehicle is made, the Washington prorated fees may be reduced by one-twelfth for each full registration month that has elapsed at the time a temporary authorization permit (TAP) was issued or if no TAP was issued, at such time as an application for registration is received in the department. If a vehicle is being added to a currently registered fleet, the prorate percentage previously established for the fleet for such registration year shall be used in the computation of the proportional fees and taxes due.

(2) If any vehicle is withdrawn from a proportionally registered fleet during the period for which it is registered under this chapter, the registrant of the fleet shall notify the department on appropriate forms prescribed by the department. The department may require the registrant to surrender credentials that were issued to the vehicle. If a motor vehicle is permanently withdrawn from a proportionally registered fleet because it has been destroyed, sold, or otherwise completely removed from the service of the fleet registrant, the unused portion of the license fee paid under RCW 46.17.355 with respect to the vehicle reduced by one-twelfth for each calendar month and fraction thereof elapsing between the first day of the month of the current registration year in which the vehicle was registered and the date the notice of withdrawal, accompanied by such credentials as may be required, is received in the department, shall be credited to the fleet proportional registration account of the registrant. Credit shall be applied against the license fee liability for subsequent additions of motor vehicles to be proportionally registered in the fleet during such registration year or for additional license fees due under RCW 46.17.355 or to be due upon audit under RCW 46.87.310. If any credit is less than fifteen dollars, no credit will be entered. In lieu of credit, the registrant may choose to transfer the unused portion of the license fee for the motor vehicle to the new owner, in which case it shall remain with the motor vehicle for which it was originally paid. In no event may any amount be credited against fees other than those for the registration year from which the credit was obtained nor is any amount subject to refund. [2010 c 161 § 1142; 2005 c 194 § 3; 1997 c 183 § 3; 1993 c 307 § 13; 1987 c 244 § 18; 1986 c 18 § 23; 1985 c 380 § 3.]

46.87.040 Purchase of additional gross weight. Additional gross weight may be purchased for proportionally registered motor vehicles to the limits authorized under chapter 46.44 RCW. Reregistration at the higher gross weight (maximum gross weights under this chapter are fifty-four thousand pounds for a single three-axle truck or one hundred five thousand five hundred pounds for a combination) for the balance
of the registration year, including the full registration month in which the vehicle is initially licensed at the higher gross weight. The apportionable or proportional fee initially paid to the state of Washington, reduced for the number of full registration months the license was in effect, will be deducted from the total fee to be paid to this state for licensing at the higher gross weight for the balance of the registration year. No credit or refund will be given for a reduction of gross weight. [1994 c 262 § 13; 1987 c 244 § 19; 1985 c 380 § 4.]

Such fees shall be deposited pursuant to RCW 46.68.035 and *82.44.170. [2005 c 194 § 4; 1987 c 244 § 20; 1985 c 380 § 5.]

46.87.120 Mileage data for applications. (1) The initial application for proportional registration of a fleet shall state the mileage data with respect to the fleet for the preceding year in this and other jurisdictions. If no operations were conducted with the fleet during the preceding year, the application shall contain a full statement of the proposed method of operation and estimates of annual mileage in each of the jurisdictions in which operation is contemplated. The registrant shall determine the in-jurisdiction and total miles to be used in computing the fees and taxes due for the fleet. The department may evaluate and adjust the estimate in the application if it is not satisfied as to its correctness.

(2) When operations of a Washington-based fleet is materially changed through merger, acquisition, or extended authority, the registrant shall notify the department, which shall then require the filing of an amended application setting forth the proposed operation by use of estimated mileage for all jurisdictions. The department may adjust the estimated mileage by audit or otherwise to an actual travel basis to insure proper fee payment. The actual travel basis may be used for determination of fee payments until such time as a normal mileage year is available under the new operation. 46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (1) Any owner engaged in interstate operations of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under chapter 46.16A RCW, register and license the vehicles of each fleet under this chapter by filing a proportional registration application for each fleet with the department. The application shall contain the following information and such other information pertinent to vehicle registration as the department may require:

(a) A description and identification of each vehicle of the fleet.

(b) The member jurisdictions in which registration is desired and such other information as member jurisdictions require.

(c) An original or renewal application shall also be accompanied by a mileage schedule for each fleet.

(d) The USDOT number issued to the registrant and the USDOT number of the motor carrier responsible for the safety of the vehicle, if different.

(e) A completed Motor Carrier Identification Report (MCS-150) at the time of fleet renewal or at the time of vehicle registration, if required by the department.

(f) The Taxpayer Identification Number of the registrant and the motor carrier responsible for the safety of the vehicle, if different.

(2) Each application shall, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction miles by the total miles and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543%). This factor is known as the prorate percentage.

(b) Determine the total proratable fees and taxes required for each vehicle in the fleet for which registration is requested, based on the regular annual fees and taxes or applicable fees and taxes for the unexpired portion of the registration year under the laws of each jurisdiction for which fees or taxes are to be calculated.

Applicable fees and taxes for vehicles of Washington-based fleets are those prescribed under RCW 46.17.350(1)(c), 46.17.355, and 82.38.075, as applicable. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department shall only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, proratable fees or taxes for each motor vehicle by the prorate percentage applicable to the desired jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonproratable fees required under the laws of the jurisdiction for which fees are being calculated. Nonproratable fees required for vehicles of Washington-based fleets are the administrative fee required by RCW 82.38.075, if applicable, and the vehicle transaction fee pursuant to the provisions of RCW 46.87.130.

(e) The amount due and payable for the application is the sum of the fees and taxes calculated for each member jurisdiction in which registration of the fleet is desired.

(3) All assessments for proportional registration fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due under this section within thirty days of the date of original service as provided for in this chapter. [2011 c 171 § 98; 2010 c 161 § 1143; 2005 c 194 § 9; 2003 c 85 § 2; 1997 c 183 § 5; 1991 c 339 § 10; 1990 c 42 § 114; 1987 c 244 § 27.]

46.87.150 Overpayment, underpayment—Refund, additional charge. Whenever a person has been required to pay a fee or tax pursuant to this chapter that amounts to an overpayment of ten dollars or more, the person is entitled to a refund of the entire amount of such overpayment, regardless of whether or not a refund of the overpayment has been requested. Nothing in this subsection precludes anyone from applying for a refund of such overpayment if the overpayment is less than ten dollars. Conversely, if the department or its agents has failed to charge and collect the full amount of fees or taxes pursuant to this chapter, which underpayment is in the amount of ten dollars or more, the department shall charge and collect such additional amount as will constitute full payment of the fees and taxes due. [1996 c 91 § 1; 1987 c 244 § 28.]

46.87.190 Suspension or cancellation of benefits. The department may suspend or cancel the exemptions, benefits, or privileges granted under chapter 46.85 RCW or this chapter to any person or business firm who violates any of the conditions or terms of the IRP or who violates the laws of this state relating to the operation or registration of vehicles or conditions or terms of the IRP or who violates the laws of this state. [1987 c 244 § 34.]

46.87.200 Refusal of registration—Federal heavy vehicle use tax. The department may refuse registration of a vehicle if the applicant has failed to furnish proof, acceptable to the department, that the federal heavy vehicle use tax imposed by section 4481 of the internal revenue code of 1954 has been suspended or paid. The department may adopt rules as deemed necessary to administer this section. [1987 c 244 § 33.]

46.87.210 Refusal of application from nonreciprocal jurisdiction. The department may refuse to accept proportional registration applications for the registration of vehicles based in another jurisdiction if the department finds that the other jurisdiction does not grant similar registration privileges to fleet vehicles based in or owned by residents of this state. [1987 c 244 § 34.]

46.87.220 Gross weight computation. The gross weight in the case of a motor truck, tractor, or truck tractor is the scale weight of the motor truck, tractor, or truck tractor, plus the scale weight of any trailer, semitrailer, converter gear, or pole trailer to be towed by it, to which shall be added the weight of the maximum load to be carried on it or towed by it as set forth by the licensee in the application providing it does not exceed the weight limitations prescribed by chapter 46.44 RCW.

The gross weight in the case of a bus, auto stage, or for hire vehicle, except a taxicab, with a seating capacity over six, is the scale weight of the bus, auto stage, or for hire vehicle plus the seating capacity, including the operator's seat, computed at one hundred and fifty pounds per seat.

If the resultant gross weight, according to this section, is not listed in RCW 46.17.355, it will be increased to the next higher gross weight so listed pursuant to chapter 46.44 RCW.

A motor vehicle or combination of vehicles found to be loaded beyond the licensed gross weight of the motor vehicle registered under this chapter shall be cited and handled under RCW 46.16A.540 and 46.16A.545. [2010 c 161 § 1144; 1987 c 244 § 35.]

46.87.230 Responsibility for unlawful acts or omissions. Whenever an act or omission is declared to be unlawful under chapter 46.12, 46.16A, or 46.44 RCW or this chapter, and if the operator of the vehicle is not the owner or lessee of the vehicle but is so operating or moving the vehicle with the express or implied permission of the owner or lessee, then the operator and the owner or lessee are both subject to this chapter, with the primary responsibility to be that of the owner or lessee.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or the lessee of the vehicle, that person is fully authorized to accept the citation or notice of infraction and execute the promise to appear on behalf of the owner or lessee. [2011 c 171 § 99; 1987 c 244 § 36.]

46.87.240 Relationship of department with other jurisdictions. Under the provisions of the IRP, the department may act in a quasi-agency relationship with other jurisdictions. The department may collect and forward applicable registration fees and taxes and applications to other jurisdictions on behalf of the applicant or another jurisdiction and may take other action that facilitates the administration of the plan. [1987 c 244 § 37.]

46.87.270 Gross weight on vehicle. Every Washington-based motor vehicle registered under this chapter shall have the maximum gross weight or maximum combined gross weight for which the vehicle is licensed in this state, painted or stenciled in letters or numbers of contrasting color not less than two inches in height in a conspicuous place on the right and left sides of the vehicle. It is unlawful for the owner or operator of any motor vehicle to display a maximum gross weight or maximum combined gross weight other than that shown on the current cab card of the vehicle. [1990 c 250 § 77; 1987 c 244 § 40.]

Additional notes found at www.leg.wa.gov

46.87.280 Effect of other registration. Nothing contained in this chapter relating to proportional registration of fleet vehicles requires any vehicle to be proportionally registered if it is otherwise registered for operation on the highways of this state. [1987 c 244 § 41.]

46.87.290 Refusal, cancellation of application, cab card—Procedures, penalties. (1) If the department determines at any time that an applicant for proportional registration of a vehicle or a fleet of vehicles is not entitled to a cab card for a vehicle or fleet of vehicles, the department may refuse to issue the cab card(s) or to license the vehicle or fleet of vehicles and may for like reason, after notice, and in the exercise of discretion, cancel the cab card(s) and license plate(s) already issued. The department shall send the notice of cancellation by first-class mail, addressed to the owner of the vehicle in question at the owner’s address as it appears in the proportional registration records of the department, and record the transmittal on an affidavit of first-class mail. It is then unlawful for any person to remove, drive, or operate the vehicle(s) until a proper certificate(s) of registration or cab card(s) has been issued.

(2) Any person removing, driving, or operating the vehicle(s) after the refusal of the department to issue a cab card(s), certificate(s) of registration, license plate(s), or the revocation or cancellation of the cab card(s), certificate(s) of registration, or license plate(s) is guilty of a gross misdemeanor.

(3) At the discretion of the department, a vehicle that has been moved, driven, or operated in violation of this section may be impounded by the Washington state patrol, county sheriff, or city police in a manner directed for such cases by the chief of the Washington state patrol until proper registration and license plate have been issued. [2003 c 53 § 256; 1997 c 183 § 6; 1987 c 244 § 42.]

The department shall refuse to register a vehicle under this chapter if the registrant or motor carrier responsible for the safety of the vehicle has been prohibited under federal law from operating by the federal motor carrier safety administration. The department shall not register a vehicle if the Washington state patrol has placed an out-of-service order on the vehicle's department of transportation number, as defined in RCW 46.16A.010. [2011 c 171 § 101; 2007 c 419 § 16; 2003 c 85 § 4.]

The department shall suspend or revoke the registration of a vehicle registered under this chapter if the registrant or motor carrier responsible for the safety of the vehicle has been prohibited under federal law from operating by the federal motor carrier safety administration. The department shall not register a vehicle if the Washington state patrol has placed an out-of-service order on the vehicle's department of transportation number, as defined in RCW 46.16A.010. [2011 c 171 § 101; 2007 c 419 § 16; 2003 c 85 § 4.]

46.87.300 Appeal of suspension, revocation, cancellation, refusal. The suspension, revocation, cancellation, or refusal by the director, or the director's designee, of a license plate(s), certificate(s) of registration, or cab card(s) provided for in this chapter is conclusive unless the person whose license plate(s), certificate(s) of registration, or cab card(s) is suspended, revoked, canceled, or refused appeals to the superior court of Thurston county, or at the person's option if a resident of Washington, to the superior court of his or her county of residence, for the purpose of having the suspension, revocation, cancellation, or refusal of the license plate(s), certificate(s) of registration, or cab card(s) set aside. Notice of appeal shall be filed within ten calendar days after service of the notice of suspension, revocation, cancellation, or refusal. Upon the filing of the appeal, the court shall issue an order to the director to show cause why the license(s) should not be granted or reinstated. The director shall respond to the order within ten days after the date of service of the order upon the director. Service shall be in the manner prescribed for service of summons and complaint in other civil actions. Upon the hearing on the order to show cause, the court shall hear evidence concerning matters related to the suspension, revocation, cancellation, or refusal of the license plate(s), certificate(s) of registration, or cab card(s) and shall enter judgment either affirming or setting aside the suspension, revocation, cancellation, or refusal. [1987 c 244 § 43.]

46.87.310 Application records—Preservation, contents, audit—Additional assessments, penalties, refunds. Any owner whose application for proportional registration
has been accepted shall preserve the records on which the application is based for a period of four years following the preceding year or period upon which the application is based. These records shall be complete and shall include, but not be limited to, the following: Copies of proportional registration applications and supplements for all jurisdictions in which the fleet is prorated; proof of proportional or full registration with other jurisdictions; vehicle license or trip permits; temporary authorization permits; documents establishing the latest purchase year and cost of each fleet vehicle in ready-for-the-road condition; weight certificates indicating the unladen, ready-for-the-road, weight of each vehicle in the fleet; periodic summaries of mileage by fleet and by individual vehicles; individual trip reports, driver's daily logs, or other source documents maintained for each individual trip that provide trip dates, points of origin and destinations, total miles traveled, miles traveled in each jurisdiction, routes traveled, vehicle equipment number, driver's full name, and all other information pertinent to each trip. Upon request of the department, the owner shall make the records available to the department at its designated office for audit as to accuracy of records, computations, and payments. The department shall assess and collect any unpaid fees and taxes found to be due the state and provide credits or refunds for overpayments of Washington fees and taxes as determined in accordance with formulas and other requirements prescribed in this chapter. If the owner fails to maintain complete records as required by this section, the department shall attempt to reconstruct or reestablish such records. However, if the department is unable to do so and the missing or incomplete records involve mileages accrued by vehicles while they are part of the fleet, the department may assess an amount not to exceed the difference between the Washington proportional fees and taxes paid and one hundred percent of the fees and taxes. Further, if the owner fails to maintain complete records as required by this section, or if the department determines that the owner should have registered more vehicles in this state under this chapter, the department may deny the owner the right of any further benefits provided by this chapter until any final audit or assessment made under this chapter has been satisfied.

The department may audit the records of any owner and may make arrangements with agencies of other jurisdictions administering motor vehicle registration laws for joint audits of any such owner. No assessment for deficiency or claim for credit may be made for any period for which records are no longer required. Any fees, taxes, penalties, or interest found to be due and owing the state upon audit shall bear interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount should have been paid until the date of payment. If the audit discloses a deliberate and willful intent to evade the requirements of payment under RCW 46.87.140, a penalty of ten percent shall also be assessed.

If the audit discloses that an overpayment to the state in excess of ten dollars has been made, the department shall certify the overpayment to the state treasurer who shall issue a warrant for the overpayment to the vehicle operator. Overpayments shall bear interest at the rate of eight percent per annum from the date on which the overpayment is incurred until the date of payment. [1996 c 91 § 2; 1993 c 307 § 15; 1987 c 244 § 44.]

46.87.320 Departmental audits, investigations—Subpoenas. The department may initiate and conduct audits and investigations as may be reasonably necessary to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it.

For the purpose of any audit, investigation, or proceeding under this chapter the director or any designee of the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, paper, correspondence, memoranda, agreements, or other documents or records that the department deems relevant or material to the inquiry.

In case of contumacy or refusal to obey a subpoena issued to any person, any court of competent jurisdiction upon application by the department, may issue an order requiring that person to appear before the director or the officer designated by the director to produce testimony or other evidence touching the matter under audit, investigation, or in question. Failure to obey an order of the court may be punishable by contempt. [1987 c 244 § 45.]

46.87.330 Assessments—When due, penalties—Reassessment—Petition, notice, service—Injunctions, writs of mandate restricted. An owner of proportionally registered vehicles against whom an assessment is made under RCW 46.87.310 may petition for reassessment thereof within thirty days after service of notice of the assessment upon the owner of the proportionally registered vehicles. If the petition is not filed within the thirty-day period, the amount of the assessment becomes final at the expiration of that time period.

If a petition for reassessment is filed within the thirty-day period, the department shall reconsider the assessment and, if the petitioner has so requested in the petition, shall grant the petitioner an oral hearing and give the petitioner ten days notice of the time and place of the hearing. The department may continue the hearing from time to time. The decision of the department upon a petition for reassessment becomes final thirty days after service upon the petitioner of notice of the decision.

Every assessment made under RCW 46.87.310 becomes due and payable at the time it is served on the owner. If the assessment is not paid in full when it becomes final, the department shall add a penalty of ten percent of the amount of the assessment.

Any notice of assessment, reassessment, oral hearing, or decision required by this section shall be served personally or by mail. If served by mail, service is deemed to have been accomplished on the date the notice was deposited in the United States mail, postage prepaid, addressed to the owner of the proportionally registered vehicles at the owner’s address as it appears in the proportional registration records of the department.

No injunction or writ of mandate or other legal or equitable process may be issued in any suit, action, or proceeding in any court against any officer of the state to prevent or enjoin
46.87.335 Mitigation of assessments. Except in the case of violations of filing a false or fraudulent application, if the department deems mitigation of penalties, fees, and interest to be reasonable and in the best interests of carrying out the purpose of this chapter, it may mitigate such assessments upon whatever terms the department deems proper, giving consideration to the degree and extent of the lack of records and reporting errors. The department may ascertain the facts regarding recordkeeping and payment penalties in lieu of more elaborate proceedings under this chapter. [1994 c 262 § 15; 1991 c 339 § 5.]

46.87.340 Assessments—Lien for nonpayment. If an owner of proportionally registered vehicles liable for the remittance of fees and taxes imposed by this chapter fails to pay the fees and taxes, the amount thereof, including any interest, penalty, or addition to the fees and taxes together with any additional costs that may accrue, constitutes a lien in favor of the state upon all franchises, property, and rights to property, whether the property is employed by the person for personal or business use or is in the hands of a trustee, receiver, or assignee for the benefit of creditors, from the date the fees and taxes were due and payable until the amount of the lien is paid or the property is sold to pay the lien. The lien has priority over any lien or encumbrance whatsoever, except the lien of other state taxes having priority by law, and except that the lien is not valid as against any bona fide mortgagee, pledgee, judgment creditor, or purchaser whose rights have attached before the time the department has filed and recorded notice of the lien as provided in this chapter.

In order to avail itself of the lien created by this section, the department shall file with any county auditor a statement of claim and lien specifying the amount of delinquent fees and taxes, penalties, and interest claimed by the department. From the time of filing for record, the amount required to be paid constitutes a lien upon all franchises, property, and rights to property, whether real or personal, then belonging to the person in the county. Any lien as provided in this section may also be filed in the office of the secretary of state. Filing in the office of the secretary of state is of no effect, however, until the lien or a copy of it has been filed with the county auditor in the county where the property is located. When a lien is filed in compliance with this section and with the secretary of state, the filing has the same effect as if the lien had been duly filed for record in the office of each county auditor of this state. [1993 c 307 § 16; 1987 c 244 § 47.]

46.87.350 Delinquent obligations—Notice—Restriction on credits or property—Default judgments—Lien. If an owner of proportionally registered vehicles for which an assessment has become final is delinquent in the payment of an obligation imposed under this chapter, the department may give notice of the amount of the delinquency by registered or certified mail to all persons having in their possession or under their control any credits or other personal property belonging to the vehicle owner or owing any debts to the owner, at the time of the receipt by them of the notice. Thereafter, a person so notified shall neither transfer nor make any other disposition of those credits, personal property, or debts until the department consents to a transfer or other disposition. A person so notified shall, within twenty days after receipt of the notice, advise the department of any and all such credits, personal property, or debts in their possession, under their control or owing by them, as the case may be, and shall forthwith deliver such credits, personal property, or debts to the department or its duly authorized representative to be applied to the indebtedness involved.

If a person fails to answer the notice within the time prescribed by this section, it is lawful for the court upon application of the department and after the time to answer the notice has expired, to render judgment by default against the person for the full amount claimed by the department in the notice to withhold and deliver, together with costs.

Upon service, the notice and order to withhold and deliver constitutes a continuing lien on property of the taxpayer. The department shall include in the caption of the notice to withhold and deliver "continuing lien." The effective date of a notice to withhold and deliver served under this section is the date of service of the notice. [1994 c 262 § 16; 1987 c 244 § 48.]

46.87.360 Delinquent obligations—Collection by department—Seizure of property, notice, sale. Whenever the owner of proportionally registered vehicles is delinquent in the payment of an obligation imposed under this chapter, and the delinquency continues after notice and demand for payment by the department, the department may proceed to collect the amount due from the owner in the following manner: The department shall seize any property subject to the lien of the fees, taxes, penalties, and interest and sell it at public auction to pay the obligation and any and all costs that may have been incurred because of the seizure and sale. Notice of the intended sale and its time and place shall be given to the delinquent owner and to all persons appearing of record to have an interest in the property. The notice shall be given in writing at least ten days before the date set for the sale by registered or certified mail addressed to the owner as appearing in the proportional registration records of the department and, in the case of any person appearing of record to have an interest in such property, addressed to that person at his or her last known residence or place of business. In addition, the notice shall be published at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property seized is to be sold. If there is no newspaper in the county, the notice shall be posted in three public places in the county for a period of ten days. The notice shall contain a description of the property to be sold, a statement of the amount due under this chapter, the name of the owner of the proportionally registered vehicles, and the further statement that unless the amount due is paid on or before the time fixed in the notice the property will be sold in accordance with law.
The department shall then proceed to sell the property in accordance with law and the notice, and shall deliver to the purchaser a bill of sale or deed that vests title in the purchaser. If upon any such sale the moneys received exceed the amount due to the state under this chapter the department may withhold payment of the excess to the delinquent owner if a person having an interest in or lien upon the property has filed with the department his or her notice of the lien or interest before the sale, pending determination of the rights of the respective parties thereto by a court of competent jurisdiction. If for any reason the receipt of the delinquent owner is not available, the department shall deposit the excess with the state treasurer as trustee for the delinquent owner. [2010 c 8 § 9101; 1987 c 244 § 49.]

46.87.370 Warrant for final assessments—Lien on property. Whenever any assessment has become final in accordance with this chapter, the department may file with the clerk of any county within this state a warrant in the amount of fees, taxes, penalties, interest, and a filing fee under RCW 36.18.012(10). The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant the name of the delinquent owner of proportionally registered vehicles mentioned in the warrant, the amount of the fees, taxes, penalties, interest, and filing fee, and the date when the warrant was filed. The aggregate amount of the warrant as docketed constitutes a lien upon the title to, and interest in, all real and personal property of the named person against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of the clerk. A warrant so docketed is sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law in the case of civil judgment wholly or partially unsatisfied. The clerk of the court is entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. [2001 c 146 § 6; 1987 c 244 § 50.]

46.87.380 Delinquent obligations—Collection by attorney general. Whenever an owner of proportionally registered vehicles is delinquent in the payment of an obligation under this chapter the department may transmit notices of the delinquency to the attorney general who shall at once proceed to collect by appropriate legal action the amount due the state from the delinquent owner.

In a suit brought to enforce the rights of the state under this chapter, a certificate by the department showing the delinquency is prima facie evidence of the amount of the obligation, of the delinquency thereof, and of compliance by the department with all provisions of this chapter relating to the obligation. [1987 c 244 § 51.]

Additional notes found at www.leg.wa.gov

46.87.390 Remedies cumulative. The remedies of the state in this chapter are cumulative, and no action taken by the department may be construed to be an election on the part of the state or any of its officers to pursue any remedy under this chapter to the exclusion of any other remedy provided for in this chapter. [1987 c 244 § 52.]

Additional notes found at www.leg.wa.gov

46.87.400 Civil immunity. (1) The director, the state of Washington, and its political subdivisions are immune from civil liability arising from the issuance of a vehicle license to a nonroadworthy vehicle.

(2) No suit or action may be commenced or prosecuted against the director or the state of Washington by reason of any act done or omitted to be done in the administration of the duties and responsibilities imposed upon the director under this chapter. [1987 c 244 § 53.]

Additional notes found at www.leg.wa.gov

46.87.410 Bankruptcy proceedings—Notice. A proportional registration licensee, who files or against whom is filed a petition in bankruptcy, shall, within ten days of the filing, notify the department of the proceedings in bankruptcy, including the identity and location of the court in which the proceedings are pending. [1997 c 183 § 1.]

46.87.900 Severability—1985 c 380. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1985 c 380 § 26.]

46.87.910 Short title. This chapter may be known and cited as “Proportional Registration.” [1987 c 244 § 54.]

WASHINGTON MODEL TRAFFIC ORDINANCE

Sections

46.90.005 Purpose.

46.90.010 Adoption of model traffic ordinance—Amendments.

46.90.005 Purpose. The purpose of this chapter is to encourage highway safety and uniform traffic laws by authorizing the department of licensing to adopt a comprehensive compilation of sound, uniform traffic laws to serve as a guide which local authorities may adopt by reference or any part thereof, including all future amendments or additions thereto. Any local authority which adopts that body of rules by reference may at any time exclude any section or sections of those rules that it does not desire to include in its local traffic ordinance. The rules are not intended to deny any local authority its legislative power, but rather to enhance safe and efficient movement of traffic throughout the state by having current, uniform traffic laws available. [1993 c 400 § 1; 1975 1st ex.s. c 54 § 1.]

The legislature recognizes it is in the best interest for manufacturers and dealers of motorsports vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motorsports vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motorsports vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers.

[2011 c 171 § 102; 2003 c 354 § 2.]

Reviser's note: *(1) RCW 62A.2-103 was amended by 2012 c 214 § 801, deleting the definition of "good faith."

(2) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).*

46.93.030 Termination, cancellation, nonrenewal of franchise restricted. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motorsports vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.93.070 and an administrative law judge has determined, if requested in writing by the dealer within forty-five days of receiving a notice from a manufacturer, after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith regarding the termination, cancellation, or nonrenewal. [2003 c 354 § 3.]

46.93.040 Determination of good cause, good faith—Petition, notice, decision, appeal. A new motorsports vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise, may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition must contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The franchise in question continues in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer or manufacturer, the franchise continues in full force and effect until all appeals to a
superior court or any appellate court have been completed. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review. [2003 c 354 § 4.]

46.93.050  Determination of good cause, good faith—Hearing, decision, procedures—Judicial review.  (1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under RCW 46.93.070(2), the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs must be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the superior court or appellate court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section. [2003 c 354 § 5.]

46.93.060  Good cause, what constitutes—Burden of proof.  (1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in RCW 46.93.070(2) (a) through (d), good cause exists for termination, cancellation, or nonrenewal of a franchise when there is a failure by the dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure, and the dealer did not correct the failure after being requested to do so.

If, however, the failure of the dealer relates to the performance of the dealer in sales, service, or level of customer satisfaction, good cause is the failure of the dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The dealer was advised, in writing, by the manufacturer of the failure;

(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;

(c) The manufacturer provided the dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the dealer was given a reasonable opportunity, for a period of not more than ninety days, to comply with the goals or standards; and

(d) The dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the dealer's relevant market area that were beyond the control of the dealer.

(2) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section. [2003 c 354 § 6.]

46.93.070  Notice of termination, cancellation, or non-renewal.  Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the dealer. The notice must be by certified mail or personally delivered to the new motorsports vehicle dealer and must state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice must be given:

(1) Not less than ninety days, which runs concurrently with the ninety-day period provided in RCW 46.93.060(1)(c), before the effective date of the termination, cancellation, or nonrenewal;

(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:

(a) Insolvency of the dealer or the filing of any petition by or against the dealer under bankruptcy or receivership law;

(b) Failure of the dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the dealer;

(c) Conviction of the dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or

(d) Suspension or revocation of a license that the dealer is required to have to operate the dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motorsports vehicle line. [2003 c 354 § 7.]

46.93.080  Payments by manufacturer to dealer for inventory, equipment, etc.  (1) Upon the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall pay the dealer, at a minimum:

(a) Dealer cost, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motorsports vehicles in the dealer's inventory that were acquired from the manufacturer or another dealer of the same line make in the ordinary course of business;

(b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another dealer ceasing operations as a part of the dealer's initial inventory, as long as the supplies, parts, and accessories
appear in the manufacturer's current parts catalog, list, or current offering:

(c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts, or accessories, the purchase of which was required by the manufacturer;

(d) The fair market value of each undamaged sign owned by the dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of the sign was recommended or required by the manufacturer and the sign is in good and usable condition less reasonable wear and tear, and has not been depreciated by the dealer more than fifty percent of the value of the sign; and

(e) The fair market value of all special tools owned or leased by the dealer that were acquired from the manufacturer or persons approved by the manufacturer, and that were required by the manufacturer, and are in good and usable condition, less reasonable wear and tear. However, if the tools are leased by the dealer, the manufacturer shall pay the dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement.

(2) To the extent the franchise agreement provides for payment or reimbursement to the dealer in excess of that specified in this section, the provisions of the franchise agreement will control.

(3) The manufacturer shall pay the dealer the sums specified in subsection (1) of this section within ninety days after the termination, cancellation, or nonrenewal of the franchise, if the dealer has clear title to the property or can provide clear title to the property upon payment by the manufacturer and is in a position to convey that title to the manufacturer. [2009 c 232 § 1; 2003 c 354 § 8.]

### 46.93.090 Mitigation of damages.

RCW 46.93.030 through 46.93.080 do not relieve a dealer from the obligation to mitigate the dealer's damages upon termination, cancellation, or nonrenewal of the franchise. [2003 c 354 § 9.]

### 46.93.100 Warranty work.

(1) Each manufacturer shall specify in its franchise agreement, or in a separate written agreement, with each of its dealers licensed in this state, the dealer's obligation to perform warranty work or service on the manufacturer's products. Each manufacturer shall provide each of its dealers with a schedule of compensation to be paid to the dealer for any warranty work or service, including parts, labor, and diagnostic work, required of the dealer by the manufacturer in connection with the manufacturer's products, and for work on and preparation of motorsports vehicles received from the manufacturer. The compensation may not be less than the rates reasonably charged by the dealer for like services and parts to retail customers. The compensation may not be reduced by the manufacturer for any reason or made conditional on an activity outside the performance of warranty work.

(2) All claims for warranty work for parts and labor made by dealers under this section must be paid by the manufacturer within thirty days after approval, and must be approved or denied within thirty days of receipt by the manufacturer. Denial of a claim must be in writing with the specific grounds for denial. The manufacturer may audit claims for warranty work and charge the dealer for any unsubstantiated, incorrect, or false claims for a period of one year after payment. However, the manufacturer may audit and charge the dealer for any fraudulent claims during any period for which an action for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in the manner specified by the manufacturer must be either approved or disapproved within thirty days after their receipt. The manufacturer shall notify the dealer in writing of a disapproved claim, and shall set forth the reasons why the claim was not approved. A claim not specifically disapproved in writing within thirty days after receipt is approved, and the manufacturer is required to pay that claim within thirty days of receipt of the claim. [2003 c 354 § 10.]

### 46.93.110 Designated successor to franchise ownership.

(1) Notwithstanding the terms of a franchise, an owner may appoint a designated successor to succeed to the ownership of the dealer franchise upon the owner's death or incapacity.

(2) Notwithstanding the terms of a franchise, a designated successor of a deceased or incapacitated owner of a dealer franchise may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under *RCW 46.93.020*(5), but who is not experienced in the business of a new motorsports vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motorsports vehicle dealer to help manage the day-to-day operations of the dealership; or in the case of a designated successor who meets the definition of a designated successor under *RCW 46.93.020*(5) (b) or (c), the person is qualified and experienced in the business of a new motorsports vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the dealership within sixty days after the owner's death or incapacity;

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a deceased or incapacitated owner of a dealer franchise fails to meet the requirements set forth in subsection (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:
(a) Notice of the designated successor's intent to succeed to the ownership interest of the dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section must state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice, or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition must contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer may not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer may not terminate or discontinue the franchise until all appeals to a superior court or any appellate court have been completed. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct a hearing concerning the refusal to the succession as provided in RCW 46.93.050(2), and all hearing costs must be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.93.050(3).

(10) This section does not preclude the owner of a dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between this section and such a written instrument that has not been revoked by written notice from the owner to the manufacturer, the written instrument governs. [2003 c 354 § 11.]

*Reviser's note:* RCW 46.93.020 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (5) to subsection (2).

46.93.120 Relevant market area—New or relocated dealerships, notice of. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, if a manufacturer intends or proposes to enter into a franchise to establish an additional dealer or to relocate an existing dealer within or into a relevant market area in which the same line make of motorsports vehicle is then represented, the manufacturer shall provide at least ten days advance written notice to the department and to each dealer of the same line make in the relevant market area, of the manufacturer's intention to establish an additional dealer or to relocate an existing dealer within or into the relevant market area. The notice must be sent by certified mail to each such party and include the following information:

1. The specific location at which the additional or relocated dealer will be established;
2. The date on or after which the additional or relocated dealer intends to commence business at the proposed location;
3. The identity of all dealers who are franchised to sell the same line make vehicles as the proposed dealer and who have licensed locations within the relevant market area;
4. The names and addresses, if available, of the owners of and principal investors in the proposed additional or relocated dealership; and
5. The specific grounds or reasons for the proposed establishment of an additional dealer or relocation of an existing dealer. [2003 c 354 § 12.]

46.93.130 Protest of new or relocated dealership—Hearing—Arbitration. (1) Within thirty days after receipt of the notice under RCW 46.93.120, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a dealer notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition must contain a short statement setting forth the reasons for the dealer's objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer may not establish or relocate the dealer until the administrative law judge has held a hearing and administrative proceeding under the Administrative Procedure Act, chapter 34.05 RCW, and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

2. If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Washington Arbitration Act, *chapter 7.04 RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motorsports vehicle dealer or the relocation of a new motorsports vehicle dealer, subsection (1) of this section and RCW 46.93.140 will take precedence and the arbitration provision in the franchise agreement or a written statement is void, unless the manufacturer and dealer agree to use arbitration.

3. If the manufacturer and dealer agree to use arbitration, the dispute must be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. The thirty-day period for filing a protest under subsection (1) of this section still applies except the protesting dealer shall file the protest with the manufacturer. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer shall select an arbitrator, the manufacturer will select an arbitrator, and the two arbitra-
tors will then select a third arbitrator. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him or her, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys’ fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in this state in the county where the protesting dealer has its principal place of business. RCW 46.93.140 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer may not establish or relocate the new motorsports vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation and any judicial appeals under *chapter 7.04 RCW have been completed. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation.

(6) Whether it is injurious or beneficial to the public welfare for an additional dealership to be established;
(7) Whether the dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motorsports vehicles of the same line make in the relevant market area, including the adequacy of motorsports vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;
(8) Whether the establishment of an additional dealer would increase competition and be in the public interest;
(9) Whether the manufacturer is motivated principally by good faith to establish an additional or new dealer and not by noneconomic considerations;
(10) Whether the manufacturer has denied its existing dealers of the same line make the opportunity for reasonable growth, market expansion, or relocation;
(11) Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and
(12) Whether the manufacturer has complied with the requirements of RCW 46.93.120 and 46.93.130. [2003 c 354 § 14.]

46.93.150 Hearing—Procedures, costs, appeal. (1) The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.
(2) The administrative law judge shall conduct any hearing as provided in RCW 46.93.050(2) and all hearing costs will be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.93.050(3). [2003 c 354 § 15.]

46.93.160 Relocation requirements—Exceptions. RCW 46.93.120 through 46.93.150 do not apply:
(1) To the sale or transfer of the ownership or assets of an existing dealer where the transferee proposes to engage in business representing the same line make at the same location or within two miles of that location;
(2) To the relocation of an existing dealer within the dealer’s relevant market area, if the relocation is not at a site within eight miles of any dealer of the same line make;
(3) If the proposed dealer is to be established at or within two miles of a location at which a former dealer of the same line make had ceased operating within the previous twenty-four months;
(4) Where the proposed relocation is two miles or less from the existing location of the relocating dealer; or
(5) Where the proposed relocation is to be further away from all other existing dealers of the same line make in the relevant market area. [2003 c 354 § 16.]

46.93.170 Unfair practices. (1) Notwithstanding the terms of a franchise agreement, a manufacturer, distributor,
factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between dealers by selling or offering to sell a like motorsports vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motorsports vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer shall disclose in writing to the dealer the method by which new motorsports vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Give preferential treatment to some dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motorsports vehicles sold or distributed by the manufacturer, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

(f) Compete with a dealer by acting in the capacity of a dealer, or by owning, operating, or controlling, whether directly or indirectly, a dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one-twelve-month period on petition of the temporary operator to the department. The matter will be handled as an adjudicative proceeding under chapter 34.05 RCW. A dealer who is a franchisee of the petitioning manufacturer or distributor may intervene and participate in a proceeding under this subsection (1)(f)(i). The temporary operator has the burden of proof to show justification for the extension and a good faith effort to sell the dealership to an independent person at a fair and reasonable price;

(ii) A manufacturer to own or operate a dealership in conjunction with an independent person in a bona fide business relationship for the purpose of broadening the diversity of its dealer body and enhancing opportunities for qualified persons who are part of a group who have historically been underrepresented in its dealer body, or other qualified persons who lack the resources to purchase a dealership outright, and where the independent person (A) has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer, distributor, factory branch, or factory representative under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions;

(iii) A manufacturer to own or operate a dealership in conjunction with an independent person in a bona fide business relationship where the independent person (A) has made a significant, bona fide capital investment in the dealership that is subject to loss; (B) has an ownership interest in the dealership; and (C) operates the dealership under a bona fide written agreement with the manufacturer under which he or she will acquire all of the ownership interest in the dealership within a reasonable period of time and under reasonable terms and conditions. The manufacturer (manufacturer) has the burden of proof of establishing that the acquisition of the dealership by the independent person was made within a reasonable period of time and under reasonable terms and conditions. The number of dealerships operated under this subsection (1)(f)(iii) may not exceed four percent rounded up to the nearest whole number of a manufacturer's total of dealer franchises in this state;

(iv) A manufacturer to own, operate, or control a dealership trading exclusively in a single line make of the manufacturer if (A) the manufacturer does not own, directly or indirectly, in the aggregate, in excess of forty-five percent of the total ownership interest in the dealership; (B) at the time the manufacturer first acquires ownership or assumes operation or control of any such dealership, the distance between any dealership thus owned, operated, or controlled and the nearest dealership trading in the same line make of vehicle and in which the manufacturer has no ownership or control complies with the applicable provisions in the relevant market area sections of this chapter; (C) all of the manufacturer's franchise agreements confer rights on the dealer of that line make to develop and operate within a defined geographic territory or area, as many dealership facilities as the dealer and the manufacturer agree are appropriate; and (D) the manufacturer had no more than four new motorsports vehicle dealers of that manufacturer's line make in this state, and at least half of those dealers owned and operated two or more dealership facilities in the geographic territory or area covered by their franchise agreements with the manufacturer;

(g) Compete with a dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motorsports vehicles under the manufacturer's new motorsports vehicle warranty and extended warranty. Nothing in this subsection (1)(g), however, prohibits a manufacturer from owning or operating a service facility for the purpose of providing or performing maintenance, repair, or service work on motorsports vehicles that are owned by the manufacturer;
(h) Use confidential or proprietary information obtained from a dealer to unfairly compete with the dealer without the prior written consent of the dealer. For purposes of this subsection (1)(h), "confidential or proprietary information" means trade secrets as defined in RCW 19.108.010, business plans, marketing plans or strategies, customer lists, contracts, sales data, revenues, or other financial information;

(i) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to accept, buy, or order any motorsports vehicle, part, or accessory, or any other commodity or service not voluntarily ordered, or requested, or to buy, order, or pay anything of value for such items in order to obtain a motorsports vehicle, part, accessory, or other commodity that has been voluntarily ordered or requested;

(j) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to enter into any agreement that violates this chapter;

(k) Require a change in capital structure or means of financing for the dealership if the dealer at all times meets the reasonable, written, and uniformly applied capital standards determined by the manufacturer;

(l) Prevent or attempt to prevent a dealer from making reasonable changes in the capital structure of a dealership or the means by which the dealership is financed if the dealer meets the reasonable, written, and uniformly applied capital requirements determined by the manufacturer;

(m) Unreasonably require the dealer to change the location or require any substantial alterations to the place of business;

(n) Condition a renewal or extension of the franchise on the dealer's substantial renovation of the existing place of business or on the construction, purchase, acquisition, or release of a new place of business unless written notice is first provided one hundred eighty days before the date of renewal or extension and the manufacturer demonstrates the reasonableness of the requested actions. The manufacturer shall agree to supply the dealer with an adequate quantity of motorsports vehicles, parts, and accessories to meet the sales level necessary to support the overhead resulting from substantial construction, acquisition, or lease of a new place of business;

(o) Coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to order or accept delivery of a motorsports vehicle with special features, accessories, or equipment not included in the list price of the vehicle as advertised by the manufacturer, except items that have been voluntarily requested or ordered by the dealer, and except items required by law;

(p) Fail to hold harmless and indemnify a dealer against losses, including lawsuits and court costs, arising from: (i) The manufacture or performance of a motorsports vehicle, part, or accessory if the lawsuit involves representations by the manufacturer on the manufacture or performance of a motorsports vehicle without negligence on the part of the dealer; (ii) damage to merchandise in transit where the manufacturer specifies the carrier; (iii) the manufacturer's failure to jointly defend product liability suits concerning the motorsports vehicle, part, or accessory provided to the dealer; or (iv) any other act performed by the manufacturer;

(q) Unfairly prevent or attempt to prevent a dealer from receiving reasonable compensation for the value of a motorsports vehicle;

(r) Fail to pay to a dealer, within a reasonable time after receipt of a valid claim, a payment agreed to be made by the manufacturer on grounds that a new motorsports vehicle, or a prior year's model, is in the dealer's inventory at the time of introduction of new model motorsports vehicles;

(s) Deny a dealer the right of free association with any other dealer for any lawful purpose;

(t) Charge increased prices without having given written notice to the dealer at least fifteen days before the effective date of the price increases;

(u) Permit factory authorized warranty service to be performed upon motorsports vehicles or accessories by persons other than their franchised dealers;

(v) Require or coerce a dealer to sell, assign, or transfer a retail sales installment contract, or require the dealer to act as an agent for a manufacturer, in the securing of a promissory note, a security agreement given in connection with the sale of a motorsports vehicle, or securing of a policy of insurance for a motorsports vehicle. The manufacturer may not condition delivery of any motorsports vehicle, parts, or accessories upon the dealer's assignment, sale, or other transfer of sales installment contracts to specific finance companies;

(w) Require or coerce a dealer to grant a manufacturer a right of first refusal or other preference to purchase the dealer's franchise or place of business, or both.

(2) Subsections (1)(a), (b), and (c) of this section do not apply to sales to a dealer: (a) For resale to a federal, state, or local government agency; (b) where the motorsports vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleet" means a group of fifteen or more new motorsports vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, whether paid to the dealer or the ultimate purchaser of the motorsports vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Operate" means to manage a dealership, whether directly or indirectly.
(d) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chapter 34.05 RCW. [2003 c 354 § 17; (2009 c 517 § 1 expired August 1, 2009).]

Effective date—2009 c 517: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 15, 2009]." [2009 c 517 § 2.]

Expiration date—2009 c 517: "This act expires August 1, 2009." [2009 c 517 § 3.]

46.93.180 Sale, transfer, or exchange of franchise.
(1) Notwithstanding the terms of a franchise, a manufacturer may not unreasonably withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a dealer in this state. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer, is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

(2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging dealer, and the department, of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice must be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section must be made by personal service or by certified mail, return receipt requested.

(3) The notice in subsection (2) of this section must state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

(4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring dealer, the dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition must contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

(5) In determining whether the manufacturer unreasonably withheld its approval to the sale, transfer, or exchange, the manufacturer has the burden of proof that it acted reasonably. A manufacturer's refusal to accept or approve a proposed buyer who otherwise meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer, or who otherwise is capable of operating as a dealer in this state, is presumed to be unreasonable.

(6) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event no later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging dealer and the manufacturer may be parties to the hearing.

(7) The administrative law judge shall conduct any hearing as provided in RCW 46.93.050(2), and all hearing costs must be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging dealer may appeal the final order of the administrative law judge to the superior court or the appellate court as provided in the Administrative Procedure Act, chapter 34.05 RCW. [2003 c 354 § 18.]

46.93.190 Petition and hearing filing fees, costs, security. The department shall determine and establish the amount of the filing fees required in RCW 46.93.040, 46.93.110, 46.93.130, and 46.93.180. The fees must be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning or protesting party any excess funds initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking will then be exonerated and the surety or sureties under it discharged. [2003 c 354 § 19.]

46.93.200 Department defining additional motorsports vehicles. The department shall determine through rule making under the Administrative Procedure Act any motorsports vehicles not already defined in RCW 46.93.020(7) as of July 27, 2003, that are manufactured after July 27, 2003. [2003 c 354 § 20.]
46.96.010 Legislative findings. The legislature finds and declares that the distribution and sale of motor vehicles in this state vitally affect the general economy of the state and the public interest and public welfare, that provision for warranty service to motor vehicles is of substantial concern to the people of this state, that the maintenance of fair competition among dealers and others is in the public interest, and that the maintenance of strong and sound dealerships is essential to provide continuing and necessary reliable services to the consuming public in this state and to provide stable employment to the citizens of this state. The legislature further finds that there is a substantial disparity in bargaining power between automobile manufacturers and their dealers, and that in order to promote the public interest and the public welfare, and in the exercise of its police power, it is necessary to regulate the relationship between motor vehicle dealers and motor vehicle manufacturers, importers, distributors, and their representatives doing business in this state, not only for the protection of dealers but also for the benefit for the public in assuring the continued availability and servicing of automobiles sold to the public.

The legislature recognizes it is in the best interest for manufacturers and dealers of motor vehicles to conduct business with each other in a fair, efficient, and competitive manner. The legislature declares the public interest is best served by dealers being assured of the ability to manage their business enterprises under a contractual obligation with manufacturers where dealers do not experience unreasonable interference and are assured of the ability to transfer ownership of their business without undue constraints. It is the intent of the legislature to impose a regulatory scheme and to regulate competition in the motor vehicle industry to the extent necessary to balance fairness and efficiency. These actions will permit motor vehicle dealers to better serve consumers and allow dealers to devote their best competitive efforts and resources to the sale and services of the manufacturer's products to consumers. [1989 c 415 § 1.]

46.96.020 Definitions. In addition to the definitions contained in RCW 46.70.011, which are incorporated by reference into this chapter, the definitions set forth in this section apply only for the purposes of this chapter.

(1) "Completed vehicle" means a vehicle that requires no further manufacturing operations to perform its intended function.

(2) "Dealer management computer system" means a computer hardware and software system that is owned or leased by a new motor vehicle dealer, including the dealer's use of internet applications, software, or hardware, whether located at an existing dealership facility or provided at a remote location, that provides access to customer records and transactions by a motor vehicle dealer located in this state, and that allows the new motor vehicle dealer timely information in order to sell vehicles, parts, or services through the existing dealership facility.

(3) "Dealer management computer system vendor" means a seller or reseller of dealer management computer systems, to the extent that the seller or reseller is engaged in such activities.

(4) "Designated successor" means:
(a) The spouse, biological or adopted child, stepchild, grandchild, parent, brother, or sister of the owner of a new motor vehicle dealership who, in the case of the owner's death, is entitled to inherit the ownership interest in the new motor vehicle dealership under the terms of the owner's will or similar document, and if there is no such will or similar document, then under applicable intestate laws;
(b) A qualified person experienced in the business of a new motor vehicle dealer who has been nominated by the owner of a new motor vehicle dealership as the successor in a written, notarized, and witnessed instrument submitted to the manufacturer; or

dealer and performs such manufacturing operations that the incomplete vehicle becomes a completed vehicle.

(6) "Franchise" means one or more agreements, whether oral or written, between a manufacturer and a new motor vehicle dealer, under which the new motor vehicle dealer is authorized to sell, service, and repair new motor vehicles, parts, and accessories under a common name, trade name, trademark, or service mark of the manufacturer.

"Franchise" includes an oral or written contract and includes a dealer agreement, either expressed or implied, between a manufacturer and a new motor vehicle that purports to fix the legal rights and liabilities between the parties and under which (a) the dealer is granted the right to purchase and resell motor vehicles manufactured, distributed, or imported by the manufacturer; (b) the dealer's business is associated with the trademark, trade name, commercial symbol, or advertisement designating the franchisor or the products distributed by the manufacturer; and (c) the dealer's business relies on the manufacturer for a continued supply of motor vehicles, parts, and accessories.

(7) "Good faith" means honesty in fact and fair dealing in the trade as defined and interpreted in *RCW 62A.2-103.

(8) "Incomplete vehicle" means an assemblage consisting of, at a minimum, chassis (including the frame) structure, power train, steering system, suspension system, and braking system, in the state that those systems are to be part of the completed vehicle, but requires further manufacturing operations to become a completed vehicle.

(9) A "new motor vehicle" is a vehicle that has not been titled by a state and ownership of which may be transferred on a manufacturer's statement of origin (MSO).

(10) "New motor vehicle dealer" means a motor vehicle dealer engaged in the business of buying, selling, exchanging, or otherwise dealing in new motor vehicles or new and used motor vehicles at an established place of business, under a franchise, sales and service agreement, or contract with the manufacturer of the new motor vehicles. However, "new motor vehicle dealer" does not include a miscellaneous vehicle dealer as defined in RCW 46.70.011(17)(c) or a motorcycle dealer as defined in **chapter 46.94 RCW.

(11) "Owner" means a person holding an ownership interest in the business entity operating as a new motor vehicle dealer and who is the designated dealer in the new motor vehicle franchise agreement.

(12) "Person" means every natural person, partnership, corporation, association, trust, estate, or any other legal entity.

(13) "Security breach" means an incident of unauthorized access to and acquisition of records or data containing new motor vehicle dealer or dealer customer information where unauthorized use of the dealer’s customer or dealer information has occurred or is reasonably likely to occur or that creates a material risk of harm to the dealer or dealer’s customer. Any incident of unauthorized access to and acquisition of records or data containing dealer or dealer customer information, or any incident of disclosure of dealer customer information to one or more third parties that has not been specifically authorized by the dealer or dealer's customer, constitutes a security breach. [2014 c 214 § 2; 2003 c 21 § 1; 1989 c 415 § 2.]

Reviser's note: *(1) RCW 62A.2-103 was amended by 2012 c 214 § 801, deleting the definition of "good faith."

**(2) Chapter 46.94 RCW was repealed by 2003 c 354 § 24. Cf. chapter 46.93 RCW.

(3) The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

46.96.030 Termination, cancellation, or nonrenewal of franchise restricted. Notwithstanding the terms of a franchise and notwithstanding the terms of a waiver, no manufacturer may terminate, cancel, or fail to renew a franchise with a new motor vehicle dealer, unless the manufacturer has complied with the notice requirements of RCW 46.96.070 and an administrative law judge has determined, if requested in writing by the new motor vehicle dealer within the applicable time period specified in RCW 46.96.070 (1), (2), or (3), after hearing, that there is good cause for the termination, cancellation, or nonrenewal of the franchise and that the manufacturer has acted in good faith, as defined in this chapter, regarding the termination, cancellation, or nonrenewal. Between the time of issuance of the notice required under RCW 46.96.070 and the effective termination, cancellation, or nonrenewal of the franchise under this chapter, the rights, duties, and obligations of the new motor vehicle dealer and the manufacturer under the franchise and this chapter are unaffected, including those under RCW 46.96.200. [2010 c 178 § 1; 1989 c 415 § 3.]

46.96.035 Payment of fair market value of dealer goodwill upon request and termination, cancellation, or nonrenewal of franchise. (1) In the event of a termination, cancellation, or nonrenewal under this chapter, except for a termination, cancellation, or nonrenewal under RCW 46.96.070(2), or a voluntary termination, cancellation, or nonrenewal initiated by the dealer, the manufacturer shall, at the request and option of the new motor vehicle dealer, also pay to the new motor vehicle dealer the fair market value of the motor vehicle dealer's goodwill for the make or line as of the date immediately preceding any communication to the public or dealer regarding termination. To the extent the franchise agreement provides for the payment or reimbursement to the new motor vehicle dealer in excess of the value specified in this section, the provisions of the franchise agreement control.

(2) The manufacturer shall pay the new motor vehicle dealer the value specified in subsection (1) of this section within ninety days after the date of termination. [2010 c 178 § 8.]

46.96.040 Determination of good cause, good faith—Petition, notice, decision, appeal. A new motor vehicle dealer who has received written notification from the manufacturer of the manufacturer's intent to terminate, cancel, or not renew the franchise may file a petition with the department for a determination as to the existence of good cause and good faith for the termination, cancellation, or nonrenewal of a franchise. The petition shall contain a short statement setting forth the reasons for the dealer's objection to the termination, cancellation, or nonrenewal of the franchise. Upon the filing of the petition and the receipt of the filing fee,
the department shall promptly notify the manufacturer that a timely petition has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The franchise in question shall continue in full force and effect pending the administrative law judge's decision. If the decision of the administrative law judge terminating, canceling, or failing to renew a dealer's franchise is appealed by a dealer, the franchise in question shall continue in full force and effect until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review. [1989 c 415 § 4.]

46.96.050 Determination of good cause, good faith—Hearing, decision, procedures—Judicial review. (1) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a petition is filed. If the termination, cancellation, or nonrenewal is under RCW 46.96.070(2), the administrative law judge shall give the proceeding priority consideration and shall render a final decision not later than sixty days after a petition is filed.

(2) The administrative law judge shall conduct the hearing as an adjudicative proceeding in accordance with the procedures provided for in the Administrative Procedure Act, chapter 34.05 RCW. The administrative law judge shall render the final decision and shall enter a final order. Except as otherwise provided in RCW 34.05.446 and 34.05.449, all hearing costs shall be borne on an equal basis by the parties to the hearing.

(3) A party to a hearing under this chapter may be represented by counsel. A party to a hearing aggrieved by the final order of the administrative law judge concerning the termination, cancellation, or nonrenewal of a franchise may seek judicial review of the order in the superior court in the manner provided for in RCW 34.05.510 through 34.05.598. A petitioner for judicial review need not exhaust all administrative appeals or administrative review processes as a prerequisite for seeking judicial review under this section. [1989 c 415 § 5.]

46.96.060 Good cause, what constitutes—Burden of proof. (1) Notwithstanding the terms of a franchise or the terms of a waiver, and except as otherwise provided in RCW 46.96.070(2) (a) through (d), good cause exists for termination, cancellation, or nonrenewal when there is a failure by the new motor vehicle dealer to comply with a provision of the franchise that is both reasonable and of material significance to the franchise relationship, if the new motor vehicle dealer was notified of the failure within one hundred eighty days after the manufacturer first acquired knowledge of the failure and the new motor vehicle dealer did not correct the failure after being requested to do so.

If, however, the failure of the new motor vehicle dealer relates to the performance of the new motor vehicle dealer in sales, service, or level of customer satisfaction, good cause is the failure of the new motor vehicle dealer to comply with reasonable performance standards determined by the manufacturer in accordance with uniformly applied criteria, and:

(a) The new motor vehicle dealer was advised, in writing, by the manufacturer of the failure;
(b) The notice under this subsection stated that notice was provided of a failure of performance under this section;
(c) The manufacturer provided the new motor vehicle dealer with specific, reasonable goals or reasonable performance standards with which the dealer must comply, together with a suggested timetable or program for attaining those goals or standards, and the new motor vehicle dealer was given a reasonable opportunity, for a period not less than one hundred eighty days, to comply with the goals or standards; and
(d) The new motor vehicle dealer did not substantially comply with the manufacturer's performance standards during that period and the failure to demonstrate substantial compliance was not due to market or economic factors within the new motor vehicle dealer's relevant market area that were beyond the control of the dealer.

(2) If the new motor vehicle dealer claims insufficient allocation, a manufacturer does not have good cause for termination, cancellation, or nonrenewal, unless:

(a) The manufacturer or distributor allocated sufficient inventory in the new motor vehicle dealer's primary allocation, both in quantity and product mix, for the dealers' assigned market area. The inventory must have been delivered in a manner that allowed the dealer to reasonably meet the manufacturer's performance standards; and
(b) The manufacturer provides to the new motor vehicle dealer, upon the dealers' request, documentation sufficient to develop a market analysis. This documentation must include, but is not limited to, the allocation of inventory to the dealer and other dealers in the same zone during the period established by the manufacturer, and must not be shared by the dealer with any party not involved in preparing a market analysis or otherwise engaged in the termination proceeding.

(3) The manufacturer has the burden of proof of establishing good cause and good faith for the termination, cancellation, or nonrenewal of the franchise under this section. [2014 c 214 § 3; 1989 c 415 § 6.]

Application—2014 c 214: See note following RCW 46.70.045.

46.96.070 Notice of termination, cancellation, or nonrenewal. Before the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall give written notification to both the department and the new motor vehicle dealer. For the purposes of this chapter, the discontinuance of the sale and distribution of a new motor vehicle line, or the constructive discontinuance by material reduction in selection offered, such that continuing to retail the line is no longer economically viable for a dealer is, at the option of the dealer, considered a termination, cancellation, or nonrenewal of a franchise. The notice shall be by certified mail or personally delivered to the new motor vehicle dealer and shall state the intention to terminate, cancel, or not renew the franchise, the reasons for the termination, cancellation, or nonrenewal, and the effective date of the termination, cancellation, or nonrenewal. The notice shall be given:

(1) Not less than ninety days before the effective date of the termination, cancellation, or nonrenewal;

[Title 46 RCW—page 396]
(2) Not less than fifteen days before the effective date of the termination, cancellation, or nonrenewal with respect to any of the following that constitute good cause for termination, cancellation, or nonrenewal:
   (a) Insolvency of the new motor vehicle dealer or the filing of any petition by or against the new motor vehicle dealer under bankruptcy or receivership law;
   (b) Failure of the new motor vehicle dealer to conduct sales and service operations during customary business hours for seven consecutive business days, except for acts of God or circumstances beyond the direct control of the new motor vehicle dealer;
   (c) Conviction of the new motor vehicle dealer, or principal operator of the dealership, of a felony punishable by imprisonment; or
   (d) Suspension or revocation of a license that the new motor vehicle dealer is required to have to operate the new motor vehicle dealership where the suspension or revocation is for a period in excess of thirty days;

(3) Not less than one hundred eighty days before the effective date of termination, cancellation, or nonrenewal, where the manufacturer intends to discontinue sale and distribution of the new motor vehicle line. [2010 c 178 § 2; 1989 c 415 § 7.]

46.96.080 Payments by manufacturer to dealer for inventory, equipment, etc. (1) Upon the termination, cancellation, or nonrenewal of a franchise, the manufacturer shall pay the new motor vehicle dealer, at a minimum:
   (a) Dealer cost plus any charges by the manufacturer for distribution, delivery, and taxes, less all allowances paid or credited to the dealer by the manufacturer, of unused, undamaged, and unsold new motor vehicles in the new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line in the ordinary course of business within the previous twelve months;
   (b) Dealer cost for all unused, undamaged, and unsold supplies, parts, and accessories in original packaging, except that in the case of sheet metal, a comparable substitute for original packaging may be used, if the supply, part, or accessory was acquired from the manufacturer or from another new motor vehicle dealer ceasing operations as a part of the new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make in the ordinary course of business within the previous twelve months;
   (c) Dealer cost for all unused, undamaged, and unsold inventory, whether vehicles, parts, or accessories, the purchase of which was required by the manufacturer;
   (d) The fair market value of each undamaged sign owned by the new motor vehicle dealer that bears a common name, trade name, or trademark of the manufacturer, if acquisition of the sign was recommended or required by the manufacturer and the sign is in good and usable condition less reasonable wear and tear, and has not been depreciated by the dealer more than fifty percent of the value of the sign;
   (e) The fair market value of all equipment, furnishings, and special tools owned or leased by the new motor vehicle dealer that were acquired from the manufacturer or sources approved by the manufacturer and that were recommended or required by the manufacturer and are in good and usable condition, less reasonable wear and tear. However, if the equipment, furnishings, or tools are leased by the new motor vehicle dealer, the manufacturer shall pay the new motor vehicle dealer such amounts that are required by the lessor to terminate the lease under the terms of the lease agreement; and
   (f) The cost of transporting, handling, packing, and loading of new motor vehicles, supplies, parts, accessories, signs, special tools, equipment, and furnishings purchased from the manufacturer or manufacturer-approved vendor.

To the extent the franchise agreement provides for payment or reimbursement to the new motor vehicle dealer in excess of that specified in this section, the provisions of the franchise agreement shall control.

(2) (a) For the nonrenewal or termination of a franchise that is implemented as a result of the sale of assets or stock of the motor vehicle dealer, the party purchasing the assets or stock of the motor vehicle dealer may negotiate for the purchase or other transfer of some or all unused, undamaged, and unsold new motor vehicles in the selling new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make in the ordinary course of business within the previous twelve months.

(b) For the nonrenewal or termination of a franchise that is implemented as a result of the sale of assets or stock of the motor vehicle dealer, this section does not prohibit a manufacturer from negotiating with the purchasing party for the purchase or other transfer of some or all unused, undamaged, and unsold new motor vehicles in the selling new motor vehicle dealer's inventory that were acquired from the manufacturer or another new motor vehicle dealer of the same line make in the ordinary course of business within the previous twelve months.

(c) A manufacturer's obligation under (a) of this subsection extends only to vehicles not purchased or otherwise transferred to the party purchasing the assets or stock of the motor vehicle dealer.

(3) The manufacturer shall pay the new motor vehicle dealer the sums specified in subsection (1) of this section (a) within ninety days after the termination, cancellation, or nonrenewal of the franchise, if the new motor vehicle dealer has clear title to the property or can provide clear title to the property upon payment by the manufacturer and is in a position to convey that title to the manufacturer, or (b) on the date of delivery of the assets to the manufacturer, whichever is earlier.

(4) In the case of motor homes, this section applies only to manufacturer-initiated termination, cancellation, or nonrenewal of a franchise. [2014 c 214 § 4; 2009 c 12 § 1; 1989 c 415 § 8.]
the dealer, the manufacturer shall, at the request and option of
the new motor vehicle dealer, also pay to the new motor vehi-
cle dealer the dealer costs for any relocation, substantial alter-
ation, or remodeling of a dealer's facilities required by a man-
ufacturer for the granting of a franchise or the continuance or
renewal of a franchise agreement completed within three
years of the termination, cancellation, or nonrenewal and:

(a) A sum equivalent to rent for the unexpired term of the
lease or one year, whichever is less, or such longer term as
provided in the franchise, if the new motor vehicle dealer is
leasing the new motor vehicle dealership facilities from a less-
or other than the manufacturer; or

(b) A sum equivalent to the reasonable rental value of the
new motor vehicle dealership facilities for one year or until
the facilities are leased or sold, whichever is less, if the new
motor vehicle dealer owns the new motor vehicle dealership
facilities.

(2) The rental payment required under subsection (1) of
this section is only required to the extent that the facilities
were used for activities under the franchise and only to the
extent the facilities were not leased for unrelated purposes. If
the rental payment under subsection (1) of this section is
made, the manufacturer is entitled to possession and use of
the new motor vehicle dealership facilities for the period rent
is paid. [2014 c 214 § 5; 2010 c 178 § 3; 1989 c 415 § 9.]

Application—2014 c 214: See note following RCW 46.70.045.

46.96.100 Mitigation of damages. RCW 46.96.030
through 46.96.090 do not relieve a new motor vehicle dealer
from the obligation to mitigate the dealer's damages upon ter-
mination, cancellation, or nonrenewal of the franchise. [1989
c 415 § 10.]

46.96.105 Warranty work. (1) Each manufacturer
shall specify in its franchise agreement, or in a separate writ-
ten agreement, with each of its dealers licensed in this state,
the dealer's obligation to perform warranty work or service
on the manufacturer's products. Each manufacturer shall pro-
vide each of its dealers with a schedule of compensation to be
paid to the dealer for any warranty work or service, including
parts, labor, and diagnostic work, required of the dealer by
the manufacturer in connection with the manufacturer's prod-
ucts. The schedule of compensation must not be less than the
rates charged by the dealer for similar service to retail cus-
tomers for nonwarranty service and repairs, and must not be
less than the schedule of compensation for an existing dealer
as of June 10, 2010.

(a) The rates charged by the dealer for nonwarranty ser-
vice or work for parts means the price paid by the dealer for
those parts, including all shipping and other charges,
increased by the franchisee's average percentage markup. A
dealer must establish and declare the dealer's average per-
centage markup by submitting to the manufacturer one hun-
dred sequential customer-paid service repair orders or ninety
days of customer-paid service repair orders, whichever is
less, covering repairs made no more than one hundred eighty
days before the submission. A change in a dealer's estab-
lished average percentage markup takes effect thirty days fol-
lowing the submission. A manufacturer may not require a
dealer to establish average percentage markup by another
methodology. A manufacturer may not require information
that the dealer believes is unduly burdensome or time con-
suming to provide, including, but not limited to, part-by-part
or transaction-by-transaction calculations. In calculating the
retail rate customarily charged by the dealer for parts and
labor, the following work must not be included in the calcu-
lation:

(i) Repairs for manufacturer or distributor special events,
specials, or promotional discounts for retail customer repairs;

(ii) Parts sold at wholesale or at reduced or specially
negotiated rates for insurance repairs;

(iii) Routine maintenance not covered under warranty,
such as fluids, filters, and belts not provided in the course of
repairs;

(iv) Nuts, bolts, fasteners, and similar items that do not
have an individual part number;

(v) Tires;

(vi) Batteries and light bulbs; and

(vii) Vehicle reconditioning.

(b) A manufacturer shall compensate a dealer for labor
and diagnostic work at the rates charged by the dealer to its
retail customers for such work and for any documentation
work required by the manufacturer to authorize or verify the
work including, but not limited to, photographs, paperwork,
and electronic data entry. However, a manufacturer is not
required to compensate a dealer more than once for the same
documentation work. If a manufacturer can demonstrate that
the rates unreasonably exceed those of all other franchised
motor vehicle dealers in the same relevant market area offer-
ing the same or a competitive motor vehicle line, the manu-
ufacturer is not required to honor the rate increase proposed by
the dealer. If the manufacturer is not required to honor the
rate increase proposed by the dealer, the dealer is entitled to
resubmit a new proposed rate for labor and diagnostic work.

(c) A dealer may not be granted an increase in the aver-
age percentage markup or labor and diagnostic work rate
more than once in one calendar year.

(2) All claims for warranty work for parts and labor
made by dealers under this section must be submitted to the
manufacturer within ninety days of the date the work was
performed. All claims submitted must be paid by the manu-
ufacturer within thirty days following receipt, provided the
claim has been approved by the manufacturer. The manufac-
turer has the right to audit claims for warranty work and to
charge the dealer for any unsubstantiated, incorrect, or false
claims for a period of nine months following payment. How-
ever, the manufacturer may audit and charge the dealer for
any fraudulent claims during any period for which an action
for fraud may be commenced under applicable state law.

(3) All claims submitted by dealers on the forms and in
the manner specified by the manufacturer shall be either
approved or disapproved within thirty days following their
receipt. The manufacturer shall notify the dealer in writing of
any disapproved claim, and shall set forth the reasons why
the claim was not approved. Any claim not specifically disap-
proved in writing within thirty days following receipt is
approved, and the manufacturer is required to pay that claim
within thirty days of receipt of the claim.

(4) A manufacturer may not otherwise recover all or any
portion of its costs for compensating its dealers licensed in
this state for warranty parts and service either by reduction in
the amount due to the dealer or by separate charge, surcharge,
46.96.110 Designated successor to franchise ownership. (1) Notwithstanding the terms of a franchise, (a) an owner may appoint a designated successor to succeed to the ownership of the new motor vehicle dealer franchise upon the owner's death or incapacity, or (b) if an owner who has owned the franchise for not less than five consecutive years, the owner may appoint a designated successor to be effective on a date of the owner's choosing that is prior to the owner's death or disability.

(2) Notwithstanding the terms of a franchise, a designated successor described under subsection (1) of this section may succeed to the ownership interest of the owner under the existing franchise, if:

(a) In the case of a designated successor who meets the definition of a designated successor under *RCW 46.96.020(5)(a), but who is not experienced in the business of a new motor vehicle dealer, the person will employ an individual who is qualified and experienced in the business of a new motor vehicle dealer to help manage the day-to-day operations of the motor vehicle dealership; or in the case of a designated successor who meets the definition of a designated successor under *RCW 46.96.020(5) (b) or (c), the person is qualified and experienced in the business of a new motor vehicle dealer and meets the normal, reasonable, and uniformly applied standards for grant of an application as a new motor vehicle dealer by the manufacturer; and

(b) The designated successor furnishes written notice to the manufacturer of his or her intention to succeed to the ownership of the new motor vehicle dealership within sixty days after the owner's death or incapacity, or if the appointment is under subsection (1)(b) of this section, at least thirty days before the designated successor's proposed succession; and

(c) The designated successor agrees to be bound by all terms and conditions of the franchise.

(3) The manufacturer may request, and the designated successor shall promptly provide, such personal and financial information as is reasonably necessary to determine whether the succession should be honored.

(4) A manufacturer may refuse to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor if the manufacturer establishes that good cause exists for its refusal to honor the succession. If the designated successor of a new motor vehicle dealer franchise fails to meet the requirements set forth in subsections (2)(a), (b), and (c) of this section, good cause for refusing to honor the succession is presumed to exist. If a manufacturer believes that good cause exists for refusing to honor the succession to the ownership of a new motor vehicle dealer franchise by a designated successor, the manufacturer shall serve written notice on the designated successor and on the department of its refusal to honor the succession no earlier than sixty days from the date the notice is served. The notice must be served not later than sixty days after the manufacturer's receipt of:

(a) Notice of the designated successor's intent to succeed to the ownership interest of the new motor vehicle dealer's franchise; or

(b) Any personal or financial information requested by the manufacturer.

(5) The notice in subsection (4) of this section shall state the specific grounds for the refusal to honor the succession. If the notice of refusal is not timely and properly served, the designated successor may continue the franchise in full force and effect, subject to termination only as otherwise provided under this chapter.

(6) Within twenty days after receipt of the notice or within twenty days after the end of any appeal procedure provided by the manufacturer, whichever is greater, the designated successor may file a petition with the department protesting the refusal to honor the succession. The petition shall contain a short statement setting forth the reasons for the designated successor's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not terminate or otherwise discontinue the existing franchise until the administrative law judge has held a hearing and has determined that there is good cause for refusing to honor the succession. If an appeal is taken, the manufacturer shall not terminate or discontinue the franchise until the appeal to superior court is finally determined or until the expiration of one hundred eighty days from the date of issuance of the administrative law judge's written decision, whichever is less. Nothing in this section precludes a manufacturer or dealer from petitioning the superior court for a stay or other relief pending judicial review.

(7) The manufacturer has the burden of proof to show that good cause exists for the refusal to honor the succession.

(8) The administrative law judge shall conduct the hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred eighty days after a protest is filed.

(9) The administrative law judge shall conduct any hearing concerning the refusal to the succession as provided in RCW 46.96.050(2) and all hearing costs shall be borne as provided in that subsection. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3).

(10) This section does not preclude the owner of a new motor vehicle dealer franchise from designating any person as his or her successor by a written, notarized, and witnessed instrument filed with the manufacturer. In the event of a conflict between such a written instrument that has not been revoked by written notice from the owner to the manufacturer and this section, the written instrument governs. [2010 c 178 § 5; 1989 c 415 § 11.]

*Reviser's note: RCW 46.96.020 was alphabetized pursuant to RCW 1.08.015(2)(k), changing subsection (5) to subsection (4).
46.96.150  Protest of new or relocated dealership—Hearing—Arbitration. (1) Within thirty days after receipt of the notice under RCW 46.96.140, or within thirty days after the end of an appeal procedure provided by the manufacturer, whichever is greater, a new motor vehicle dealer so notified or entitled to notice may file a petition with the department protesting the proposed establishment or relocation. The petition shall contain a short statement setting forth the reasons for the dealer’s objection to the proposed establishment or relocation. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed and shall request the appointment of an administrative law judge under chapter 34.12 RCW to conduct a hearing. The manufacturer shall not establish or relocate the new motor vehicle dealer until the administrative law judge has held a hearing and has determined that there is good cause for permitting the proposed establishment or relocation. When more than one protest is filed against the establishment or relocation of the same dealer, the administrative law judge shall consolidate the hearings to expedite disposition of the matter.

(2) If a manufacturer provides in the franchise agreement or by written statement distributed and provided to its dealers for arbitration under the Uniform Arbitration Act, chapter 7.04A RCW, as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the provisions of this section and RCW 46.96.170 relating to hearings by an administrative law judge do not apply, and a dispute regarding the establishment of an additional new motor vehicle dealer or the relocation of an existing new motor vehicle dealer shall be determined in an arbitration proceeding conducted in accordance with the Uniform Arbitration Act, chapter 7.04A RCW. The thirty-day period for filing a protest under this section still applies except that the protesting dealer shall file his or her protest with the manufacturer within thirty days after receipt of the notice under RCW 46.96.140.

(3) The dispute shall be referred for arbitration to such arbitrator as may be agreed upon by the parties to the dispute. If the parties cannot agree upon a single arbitrator within thirty days from the date the protest is filed, the protesting dealer will select an arbitrator, the manufacturer will select an arbitrator, and the two arbitrators will then select a third. If a third arbitrator is not agreed upon within thirty days, any party may apply to the superior court, and the judge of the superior court having jurisdiction will appoint the third arbitrator. The protesting dealer will pay the arbitrator selected by him or her, and the manufacturer will pay the arbitrator it selected. The expense of the third arbitrator and all other expenses of arbitration will be shared equally by the parties. Attorneys’ fees and fees paid to expert witnesses are not expenses of arbitration and will be paid by the person incurring them.

(4) Notwithstanding the terms of a franchise or written statement of the manufacturer and notwithstanding the terms of a waiver, the arbitration will take place in the state of Washington in the county where the protesting dealer has his or her principal place of business. RCW 46.96.160 applies to a determination made by the arbitrator or arbitrators in determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer, and the manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation. After a hearing has been held, the arbitrator or arbitrators shall render a decision as expeditiously as possible, but in any event not later than one hundred twenty days from the date the arbitrator or arbitrators are selected or appointed. The manufacturer shall not establish or
relocate the new motor vehicle dealer until the arbitration hearing has been held and the arbitrator or arbitrators have determined that there is good cause for permitting the proposed establishment or relocation. The written decision of the arbitrator is binding upon the parties unless modified, corrected, or vacated under the Washington Arbitration Act. Any party may appeal the decision of the arbitrator under the Uniform Arbitration Act, chapter 7.04A RCW.

(5) If the franchise agreement or the manufacturer's written statement distributed and provided to its dealers does not provide for arbitration under the Uniform Arbitration Act as a mechanism for resolving disputes relating to the establishment of an additional new motor vehicle dealer or the relocation of a new motor vehicle dealer, then the hearing provisions of this section and RCW 46.96.170 apply. Nothing in this section is intended to preclude a new motor vehicle dealer from electing to use any other dispute resolution mechanism offered by a manufacturer. [2010 c 8 § 9102; 2005 c 433 § 43; 1994 c 274 § 2.]

46.96.160 Factors considered by administrative law judge. In determining whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge shall take into consideration the existing circumstances, including, but not limited to:

(1) The extent, nature, and permanency of the investment of both the existing motor vehicle dealers of the same line make in the relevant market area and the proposed additional or relocating new motor vehicle dealer, including obligations reasonably incurred by the existing dealers to perform their obligations under their respective franchises;

(2) The growth or decline in population and new motor vehicle registrations during the past five years in the relevant market area;

(3) The effect on the consuming public in the relevant market area;

(4) The effect on the existing new motor vehicle dealers in the relevant market area, including any adverse financial impact;

(5) The reasonably expected or anticipated vehicle market for the relevant market area, including demographic factors such as age of population, income, education, size class preference, product popularity, retail lease transactions, or other factors affecting sales to consumers in the relevant market area;

(6) Whether it is injurious or beneficial to the public welfare for an additional new motor vehicle dealer to be established;

(7) Whether the new motor vehicle dealers of the same line make in the relevant market area are providing adequate competition and convenient customer care for the motor vehicles of the same line make in the relevant market area, including the adequacy of motor vehicle sales and service facilities, equipment, supply of vehicle parts, and qualified service personnel;

(8) Whether the establishment of an additional new motor vehicle dealer would increase competition and be in the public interest;

(9) Whether the manufacturer is motivated principally by good faith to establish an additional or new motor vehicle dealer and not by noneconomic considerations;

(10) Whether the manufacturer has denied its existing new motor vehicle dealers of the same line make the opportunity for reasonable growth, market expansion, establishment of a subagency, or relocation;

(11) Whether the protesting dealer or dealers are in substantial compliance with their dealer agreements or franchises; and

(12) Whether the manufacturer has complied with the requirements of RCW 46.96.140 and 46.96.150.

In considering the factors set forth in this section, the administrative law judge shall give the factors equal weight, and in making a determination as to whether good cause exists for permitting the proposed establishment or relocation of a new motor vehicle dealer of the same line make, the administrative law judge must find that at least nine of the factors set forth in this section weigh in favor of the manufacturer and in favor of the proposed establishment or relocation of a new motor vehicle dealer. [1994 c 274 § 3.]

46.96.170 Hearing—Procedures, costs, appeal. (1) The manufacturer has the burden of proof to establish that good cause exists for permitting the proposed establishment or relocation.

(2) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. The administrative law judge shall render the final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. If more than one protest is filed, the one hundred twenty days commences to run from the date the last protest is filed. A party to such a hearing aggrieved by the final order of the administrative law judge may appeal as provided and allowed in RCW 46.96.050(3). [1994 c 274 § 4.]

46.96.180 Exceptions. RCW 46.96.140 through 46.96.170 do not apply:

(1) To the sale or transfer of the ownership or assets of an existing new motor vehicle dealer where the transferee proposes to engage in business representing the same line make at the same location or within two miles of that location;

(2) To the relocation of an existing new motor vehicle dealer within the dealer’s relevant market area, if the relocation is not at a site within eight miles of any new motor vehicle dealer of the same line make;

(3) If the proposed new motor vehicle dealer is to be established at or within two miles of a location at which a former new motor vehicle dealer of the same line make had ceased operating within the previous twenty-four months;

(4) Where the proposed relocation is two miles or less from the existing location of the relocating new motor vehicle dealer; or

(5) Where the proposed relocation is to be further away from all other existing new motor vehicle dealers of the same line make in the relevant market area. [1994 c 274 § 5.]

46.96.185 Unfair practices—Exemptions—Definitions. (1) Notwithstanding the terms of a franchise agree-
ment, a manufacturer, distributor, factory branch, or factory representative, or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative, shall not:

(a) Discriminate between new motor vehicle dealers by selling or offering to sell a like vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(b) Discriminate between new motor vehicle dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(c) Discriminate between new motor vehicle dealers by using a promotion plan, marketing plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(d) Discriminate between new motor vehicle dealers by adopting a method, or changing an existing method, for the allocation, scheduling, or delivery of new motor vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer, distributor, factory branch, or factory representative shall disclose in writing to the dealer the method by which new motor vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles;

(e) Discriminate against a new motor vehicle dealer by preventing, offsetting, or otherwise impairing the dealer's right to request a documentary service fee on affinity or similar program purchases. This prohibition applies to, but is not limited to, any promotion plan, marketing plan, manufacturer or dealer employee or employee friends or family purchase programs, or similar plans or programs;

(f) Give preferential treatment to some new motor vehicle dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motor vehicles sold or distributed by the manufacturer, distributor, factory branch, or factory representative, a new vehicle, parts, or accessories, if the vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials, or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

(g) Compete with a new motor vehicle dealer of any make or line by acting in the capacity of a new motor vehicle dealer, or by owning, operating, or controlling, whether directly or indirectly, a motor vehicle dealership in this state. It is not, however, a violation of this subsection for:

(i) A manufacturer, distributor, factory branch, or factory representative to own or operate a dealership for a temporary period, not to exceed two years, during the transition from one owner of the dealership to another where the dealership was previously owned by a franchised dealer and is currently for sale to any qualified independent person at a fair and reasonable price. The temporary operation may be extended for one twelve-month period on petition of the temporary opera-
of 12,500 pounds or more, and the truck manufacturer has
been continuously engaged in the retail sale of the trucks at
least since January 1, 1993;

(v) A manufacturer to own, operate, or control a new
motor vehicle dealership trading exclusively in a single line
make of the manufacturer if (A) the manufacturer does not
own, directly or indirectly, in the aggregate, in excess of
forty-five percent of the total ownership interest in the deal-
ership, (B) at the time the manufacturer first acquires owner-
ship or assumes operation or control of any such dealership,
the distance between any dealership thus owned, operated, or
controlled and the nearest new motor vehicle dealership trad-
ing in the same line make of vehicle and in which the manu-
facturer has no ownership or control is not less than fifteen
miles and complies with the applicable provisions in the rel-
levant market area sections of this chapter, (C) all of the man-
ufacturer's franchise agreements confer rights on the dealer of
that line make to develop and operate within a defined geo-
graphic territory or area, as many dealership facilities as the
dealer and the manufacturer agree are appropriate, and (D) as
of January 1, 2000, the manufacturer had no more than four
new motor vehicle dealers of that manufacturer's line make in
this state, and at least half of those dealers owned and oper-
ated two or more dealership facilities in the geographic terr-
itory or area covered by their franchise agreements with the
manufacturer;

(vi) A final-stage manufacturer to own, operate, or con-
trol a new motor vehicle dealership; or

(vii) A manufacturer that held a vehicle dealer license in
this state on January 1, 2014, to own, operate, or control a
new motor vehicle dealership that sells new vehicles that are
only of that manufacturer's makes or lines and that are not
sold new by a licensed independent franchise dealer, or to
own, operate, or control or contract with companies that pro-
vide finance, leasing, or service for vehicles that are of that
manufacturer's makes or lines;

(h) Compete with a new motor vehicle dealer by owning,
operating, or controlling, whether directly or indirectly, a ser-
vice facility in this state for the repair or maintenance of
motor vehicles under the manufacturer's new car warranty
and extended warranty. Nothing in this subsection (1)(h),
however, prohibits a manufacturer, distributor, factory
branch, or factory representative from owning or operating a
service facility for the purpose of providing or performing
maintenance, repair, or service work on motor vehicles that
are owned by the manufacturer, distributor, factory branch,
or factory representative;

(i) Use confidential or proprietary information obtained
from a new motor vehicle dealer to unfairly compete with the
dealer. For purposes of this subsection (1)(i), "confidential or
proprietary information" means trade secrets as defined in
RCW 19.108.010, business plans, marketing plans or strat-
gegies, customer lists, contracts, sales data, revenues, or other
financial information;

(j)(i) Terminate, cancel, or fail to renew a franchise with
a new motor vehicle dealer based upon any of the following
events, which do not constitute good cause for termination,
cancellation, or nonrenewal under RCW 46.96.060: (A) The
fact that the new motor vehicle dealer owns, has an invest-
ment in, participates in the management of, or holds a fran-
chise agreement for the sale or service of another make or
line of new motor vehicles; (B) the fact that the new motor
vehicle dealer has established another make or line of new
motor vehicles or service in the same dealership facilities as
those of the manufacturer or distributor; (C) that the new
motor vehicle dealer has or intends to relocate the manufac-
turer or distributor's make or line of new motor vehicles or
service to an existing dealership facility that is within the rel-
levant market area, as defined in RCW 46.96.140, of the make
or line to be relocated, except that, in any nonemergency cir-
cumstance, the dealer must give the manufacturer or distrib-
utor at least sixty days' notice of his or her intent to relocate
and the relocation must comply with RCW 46.96.140 and
46.96.150 for any same make or line facility; or (D) the fail-
ure of a franchisee to change the location of the dealership or
to make substantial alterations to the use or number of fran-
chises on the dealership premises or facilities.

(ii) Notwithstanding the limitations of this section, a
manufacturer may, for separate consideration, enter into a
written contract with a dealer to exclusively sell and service a
single make or line of new motor vehicles at a specific facil-
ity for a defined period of time. The penalty for breach of the
contract must not exceed the amount of consideration paid by
the manufacturer plus a reasonable rate of interest;

(k) Coerce or attempt to coerce a motor vehicle dealer to
refrain from, or prohibit or attempt to prohibit a new motor
vehicle dealer from acquiring, owning, having an investment
in, participating in the management of, or holding a franchise
agreement for the sale or service of another make or line of
new motor vehicles or related products, or establishing
another make or line of new motor vehicles or service in the
same dealership facilities, if the prohibition against acquir-
ing, owning, investing, managing, or holding a franchise for
such additional make or line of vehicles or products, or estab-
lishing another make or line of new motor vehicles or service
in the same dealership facilities, is not supported by reason-
able business considerations. The burden of proving that rea-
sonable business considerations support or justify the prohi-
bition against the additional make or line of new motor vehi-
cles or products or nonexclusive facilities is on the
manufacturer;

(l) Require, by contract or otherwise, a new motor vehi-
cle dealer to make a material alteration, expansion, or addi-
tion to any dealership facility, unless the required alteration,
expansion, or addition is uniformly required of other simi-
larly situated new motor vehicle dealers of the same make or
line of vehicles and is reasonable in light of all existing cir-
cumstances, including economic conditions. In any proceed-
in which a required facility alteration, expansion, or addi-
tion is an issue, the manufacturer or distributor has the burden
of proof. Except for a program or any renewal or modifica-
tion of a program that is in effect with one or more new motor
vehicle dealers in this state on June 12, 2014, a manufacturer
shall not require, coerce, or attempt to coerce any new motor
vehicle dealer by program, policy, standard, or otherwise to
change the location of the dealership or construct, replace,
renovate, or make any substantial changes, alterations, or
remodeling to a new motor vehicle dealer's sales or service
facilities, except as necessary to comply with health or safety
laws or to comply with technology requirements without
which a dealer would be unable to service a vehicle the dealer
has elected to sell, before the tenth anniversary of the date of
issuance of the certificate of occupancy or the manufacturer's approval, whichever is later, from:

(i) The date construction of the dealership at that location was completed if the construction was in substantial compliance with standards or plans provided by a manufacturer, distributor, or representative or through a subsidiary or agent of the manufacturer, distributor, or representative; or

(ii) The date a prior change, alteration, or remodel of the dealership at that location was completed if the construction was in substantial compliance with standards or plans provided by a manufacturer, distributor, or representative or through a subsidiary or agent of the manufacturer, distributor, or representative;

(m) Prevent or attempt to prevent by contract or otherwise any new motor vehicle dealer from changing the executive management of a new motor vehicle dealer unless the manufacturer or distributor, having the burden of proof, can show that a proposed change of executive management will result in executive management by a person or persons who are not of good moral character or who do not meet reasonable, preexisting, and equitably applied standards of the manufacturer or distributor. If a manufacturer or distributor rejects a proposed change in the executive management, the manufacturer or distributor shall give written notice of its reasons to the dealer within sixty days after receiving written notice from the dealer of the proposed change and all related information reasonably requested by the manufacturer or distributor, or the change in executive management must be considered approved;

(n) Condition the sale, transfer, relocation, or renewal of a franchise agreement or condition manufacturer, distributor, factory branch, or factory representative sales, services, or parts incentives upon the manufacturer obtaining site control, including rights to purchase or lease the dealer's facility, or an agreement to make improvements or substantial renovations to a facility. For purposes of this section, a substantial renovation has a gross cost to the dealer in excess of five thousand dollars;

(o) Fail to provide to a new motor vehicle dealer purchasing or leasing building materials or other facility improvements the right to purchase or lease franchisor image elements of like kind and quality from an alternative vendor selected by the dealer if the goods or services are to be supplied by a vendor selected, identified, or designated by the manufacturer or distributor. If the vendor selected by the manufacturer or distributor is the only available vendor of like kind and quality materials, the new motor vehicle dealer must be given the opportunity to purchase the franchisor image elements at a price substantially similar to the capitalized lease costs of the elements. This subsection (1)(o) must not be construed to allow a new motor vehicle dealer or vendor to gain additional intellectual property rights they are not otherwise entitled to or to impair or eliminate the intellectual property rights of the manufacturer or distributor or to permit a new motor vehicle dealer to erect or maintain signs that do not conform to the reasonable intellectual property usage guidelines of the manufacturer or distributor;

(p) Take any adverse action against a new motor vehicle dealer including, but not limited to, charge backs or reducing vehicle allocations, for sales and service performance within a designated area of primary responsibility unless that area is reasonable in light of proximity to relevant census tracts to the dealership and competing dealerships, highways and road networks, state borders, any natural or man-made barriers, demographics, including economic factors, and buyer behavior information; or

(q) Require, coerce, or attempt to coerce any new motor vehicle dealer by program, policy, facility guide, standard, or otherwise to order or accept delivery of any service or repair appliances, equipment, parts, or accessories, or any other commodity not required by law, which the dealer has not voluntarily ordered or which the dealer does not have the right to return unused for a full refund within ninety days or a longer period as mutually agreed upon by the dealer and manufacturer.

(2) Subsection (1)(a), (b), and (c) of this section do not apply to sales to a motor vehicle dealer: (a) For resale to a federal, state, or local government agency; (b) where the vehicles will be sold or donated for use in a program of driver's education; (c) where the sale is made under a manufacturer's bona fide promotional program offering sales incentives or rebates; (d) where the sale of parts or accessories is under a manufacturer's bona fide quantity discount program; or (e) where the sale is made under a manufacturer's bona fide fleet vehicle discount program. For purposes of this subsection, "fleets" means a group of fifteen or more new motor vehicles purchased or leased by a dealer at one time under a single purchase or lease agreement for use as part of a fleet, and where the dealer has been assigned a fleet identifier code by the department of licensing.

(3) The following definitions apply to this section:

(a) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, distributor, factory branch, or factory representative, whether paid to the dealer or the ultimate purchaser of the vehicle.

(b) "Control" or "controlling" means (i) the possession of, title to, or control of ten percent or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary, or (ii) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(c) "Motor vehicles" does not include trucks that are 14,001 pounds gross vehicle weight and above or recreational vehicles as defined in RCW 43.22.335.

(d) "Operate" means to manage a dealership, whether directly or indirectly.

(e) "Own" or "ownership" means to hold the beneficial ownership of one percent or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(4) A violation of this section is deemed to affect the public interest and constitutes an unlawful and unfair practice under chapter 19.86 RCW. A person aggrieved by an alleged violation of this section may petition the department to have the matter handled as an adjudicative proceeding under chap-
46.96.190 Prohibited practices by manufacturer. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to waive, limit, or disclaim a right that the dealer may have to protest the establishment or relocation of another motor vehicle dealer in the relevant market area as provided in RCW 46.96.150. [1994 c 274 § 6.]

46.96.192 Prohibited practices by manufacturer—Adverse action against dealer if vehicle exported or resold by customer. A manufacturer may not take or threaten to take any adverse action against a new motor vehicle dealer, including charge backs, reducing vehicle allocations, or terminating or threatening to terminate a franchise, because the dealer sold or leased a vehicle to a customer who exported the vehicle to a foreign country or who resold the vehicle, unless the manufacturer or distributor definitively proves that the dealer knew or reasonably should have known that the customer intended to export or resell the vehicle. A manufacturer or distributor shall, upon demand, indemnify, hold harmless, and defend any existing or former franchisee or franchisee's successors or assigns from any and all claims asserted, or damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted, by a third party against the franchisee for any policy, program, or other behavior suggested by the manufacturer for sales of vehicles to parties that intend to export a vehicle purchased from the franchisee. [2010 c 178 § 10.]

46.96.194 Prohibited practices by manufacturer—Dealer waiver of chapter—Exceptions. A manufacturer or distributor shall not enter into an agreement or understanding with a new motor vehicle dealer that requires the dealer to waive any provisions of this chapter. However, a dealer may, by written contract and for valuable and reasonable separate consideration, waive, limit, or disclaim a manufacturer's obligations or a dealer's rights under RCW 46.96.080, 46.96.090, 46.96.105, 46.96.140, and 46.96.150, if the contract sets forth the specific provisions of this chapter that are waived, limited, or disclaimed. A manufacturer shall not coerce, threaten, intimidate, or require a new motor vehicle dealer, as a condition to granting or renewing a franchise, to enter into such an agreement or understanding. [2010 c 178 § 12.]

46.96.200 Sale, transfer, or exchange of franchise. (1) Notwithstanding the terms of a franchise, a manufacturer shall not withhold consent to the sale, transfer, or exchange of a franchise to a qualified buyer who meets the normal, reasonable, and uniformly applied standards established by the manufacturer for the appointment of a new dealer who does not already hold a franchise with the manufacturer or is capable of being licensed as a new motor vehicle dealer in the state of Washington. A decision or determination made by the administrative law judge as to whether a qualified buyer is capable of being licensed as a new motor vehicle dealer in the state of Washington is not conclusive or determinative of any ultimate determination made by the department of licensing as to the buyer's qualification for a motor vehicle dealer license. A manufacturer's failure to respond in writing to a request for consent under this subsection within sixty days after receipt of a written request on the forms, if any, generally used by the manufacturer containing the information and reasonable promises required by a manufacturer is deemed to be consent to the request. A manufacturer may request, and, if so requested, the applicant for a franchise (a) shall promptly provide such personal and financial information as is reasonably necessary to determine whether the sale, transfer, or exchange should be approved, and (b) shall agree to be bound by all reasonable terms and conditions of the franchise.

   (2) If a manufacturer refuses to approve the sale, transfer, or exchange of a franchise, the manufacturer shall serve written notice on the applicant, the transferring, selling, or exchanging new motor vehicle dealer, and the department of its refusal to approve the transfer of the franchise no later than sixty days after the date the manufacturer receives the written request from the new motor vehicle dealer. If the manufacturer has requested personal or financial information from the applicant under subsection (1) of this section, the notice shall be served not later than sixty days after the receipt of all of such documents. Service of all notices under this section shall be made by personal service or by certified mail, return receipt requested.

   (3) The notice in subsection (2) of this section shall state the specific grounds for the refusal to approve the sale, transfer, or exchange of the franchise.

   (4) Within twenty days after receipt of the notice of refusal to approve the sale, transfer, or exchange of the franchise by the transferring new motor vehicle dealer, the new motor vehicle dealer may file a petition with the department to protest the refusal to approve the sale, transfer, or exchange. The petition shall contain a short statement setting forth the reasons for the dealer's protest. Upon the filing of a protest and the receipt of the filing fee, the department shall promptly notify the manufacturer that a timely protest has been filed, and the department shall arrange for a hearing with an administrative law judge as the presiding officer to determine if the manufacturer unreasonably withheld consent to the sale, transfer, or exchange of the franchise.

   (5) The administrative law judge shall conduct a hearing and render a final decision as expeditiously as possible, but in any event not later than one hundred twenty days after a protest is filed. Only the selling, transferring, or exchanging new motor vehicle dealer and the manufacturer may be parties to the hearing.

   (6) The administrative law judge shall conduct any hearing as provided in RCW 46.96.050(2), and all hearing costs shall be borne as provided in that subsection. Only the manufacturer and the selling, transferring, or exchanging new motor vehicle dealer may appeal the final order of the administrative law judge as provided in RCW 46.96.050(3).

   (7) This section and RCW 46.96.030 through 46.96.110 apply to all franchises and contracts existing on July 23, 1989, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers.
(8) RCW 46.96.140 through 46.96.190 apply to all franchises and contracts existing on October 1, 1994, between manufacturers and new motor vehicle dealers as well as to all future franchises and contracts between manufacturers and new motor vehicle dealers. [2010 c 178 § 7; 1994 c 274 § 7; 1989 c 415 § 18. Formerly RCW 46.96.120.]

46.96.210 Petition and hearing—Filing fee, costs, security. The department shall determine and establish the amount of the filing fee required in RCW 46.96.040, 46.96.110, 46.96.150, and 46.96.200. The fees shall be set in accordance with RCW 43.24.086.

The department may also require the petitioning or protesting party to give security, in such sum as the department deems proper but not in any event to exceed one thousand dollars, for the payment of such costs as may be incurred in conducting the hearing as required under this chapter. The security may be given in the form of a bond or stipulation or other undertaking with one or more sureties.

At the conclusion of the hearing, the department shall assess, in equal shares, each of the parties to the hearing for the cost of conducting the hearing. Upon receipt of payment of the costs, the department shall refund and return to the petitioning party such excess funds, if any, initially posted by the party as security for the hearing costs. If the petitioning party provided security in the form of a bond or other undertaking with one or more sureties, the bond or other undertaking shall then be exonerated and the surety or sureties under it discharged. [1994 c 274 § 8; 1989 c 415 § 19. Formerly RCW 46.96.130.]

46.96.220 Right of first refusal. (1) In the event of a proposed sale or transfer of a new motor vehicle dealership involving the transfer or sale of more than fifty percent of the ownership interest in, or more than fifty percent of the assets of, the dealership at the time of the transfer or sale, where the franchise agreement for the dealership contains a right of first refusal in favor of the manufacturer or distributor, then notwithstanding the terms of the franchise agreement, the manufacturer or distributor must be permitted to exercise a right of first refusal to acquire the dealership only if all of the following requirements are met:

(a) The manufacturer or distributor sends by certified mail, return receipt requested, or delivers by personal service, notice of its intent to exercise its right of first refusal within the lesser of (i) forty-five days of receipt of the completed proposal for the proposed sale or transfer, or (ii) the time period specified in the dealership's franchise agreement; and

(b) The exercise of the right of first refusal will result in the motor vehicle dealer receiving consideration, terms, and conditions that are equal to or better than that for which the dealer has contracted in connection with the proposed transaction.

(2) Notwithstanding subsection (1) of this section, the manufacturer's or distributor's right of first refusal does not apply to transfer of a dealership under RCW 46.96.110, and does not apply to a proposed transaction involving any of the following purchasers or transferees:

(a) A purchaser or transferee who has been preapproved by the manufacturer or distributor with respect to the transaction;

(b) A family member or members, including the spouse, biological or adopted child, stepchild, grandchild, spouse of a child or grandchild, brother, sister, or parent of the dealer-operator, or one or more of the dealership's owners;

(c) A manager continuously employed by the motor vehicle dealer in the dealership during the previous three years who is otherwise qualified as a dealer-operator by meeting the reasonable and uniformly applied standards for approval of an application as a new motor vehicle dealer-operator by the manufacturer;

(d) A partnership, corporation, limited liability company, or other entity controlled by any of the family members, identified in (b) of this subsection, of the dealer-operator; or

(e) A trust established or to be established for the purpose of allowing the new motor vehicle dealer to continue to qualify as such under the manufacturer's or distributor's standards, or provides for the succession of the franchise agreement to designated family members identified in (b) of this subsection, or qualified management identified in (c) of this subsection, in the event of the death or incapacity of the dealer-operator or its principal owner or owners.

(3) As a condition to the manufacturer or distributor exercising its right of first refusal, the manufacturer or distributor shall pay the reasonable expenses, including attorneys' fees, incurred by the dealer's proposed purchaser or transferee in negotiating, and undertaking any action to consummate, the contract for the proposed sale of the dealership up to the time of the manufacturer's or distributor's exercise of that right. In addition, the manufacturer or distributor shall pay any fees and expenses of the motor vehicle dealer arising on and after the date the manufacturer or distributor gives notice of the exercise of its right of first refusal, and incurred by the motor vehicle dealer as a result of alterations to documents, or additional appraisals, valuations, or financial analyses caused or required of the dealer by the manufacturer or distributor to consummate the contract for the sale of the dealership to the manufacturer's or distributor's proposed transferee, that would not have been incurred but for the manufacturer's or distributor's exercise of its right of first refusal. These expenses and fees must be paid by the manufacturer or distributor to the dealer and to the dealer's proposed purchaser or transferee on or before the closing date of the sale of the dealership to the manufacturer or distributor if the party entitled to reimbursement has submitted or caused to be submitted to the manufacturer or distributor, an accounting of these expenses and fees within thirty days after receipt of the manufacturer's or distributor's written request for the accounting. A manufacturer or distributor may request the accounting before exercising its right of first refusal.

(4) As a further condition to the exercise of its right of first refusal, a manufacturer or distributor shall assume and guarantee the lease or shall acquire the real property on which the motor vehicle franchise is conducted. Unless otherwise agreed to by the dealer and manufacturer or distributor, the lease terms or the real property acquisition terms must be the same as those on which the lease or property was to be transferred or sold to the dealer's proposed purchaser or transferee.

(5) If the selling dealer has disclosed to the proposed purchaser or transferee, in writing, the existence of the manufacturer's or distributor's right of first refusal, then the sell-
ing dealer has no liability to the proposed purchaser or trans-fer fee for a claim for damages resulting from the manufacturer or distributor exercising its right of first refusal. If the existence of the manufacturer's or distributor's right of first refusal was disclosed by the selling dealer to the proposed purchaser or transferee, in writing, before or at the time of execution of the purchase and sale or transfer agreement, the manufacturer or distributor shall indemnify, hold harmless, and defend the selling dealer from and against any and all claims, damages, losses, actions, or causes of action asserted by the dealer's proposed purchaser or transferee against the selling dealer arising from the manufacturer's or distributor's exercise of its right of first refusal, and has the right, under this section, to file a motion on behalf of the dealer to dismiss the actions or causes of action asserted by the dealer's proposed purchaser or transferee. [2003 c 21 § 4.]

46.96.230 Manufacturer incentive programs. (1) A manufacturer or distributor shall pay a motor vehicle dealer's claim for payment or other compensation due under a manufacturer incentive program within thirty days after approval of the claim. A claim that is not disapproved or disallowed within thirty days after the manufacturer or distributor receives the claim is deemed automatically approved. If the motor vehicle dealer's claim is not approved, the manufacturer or distributor shall provide the dealer with written notice of the reasons for the disapproval at the time notice of disapproval is given.

(2) A manufacturer may not deny a claim based solely on a motor vehicle dealer's incidental failure to comply with a specific claim-processing requirement that results in a clerical error or other administrative technicality.

(3) Notwithstanding the terms of a franchise agreement or other contract with a manufacturer or distributor, a motor vehicle dealer has one year after the expiration of a manufacturer or distributor incentive program to submit a claim for payment or compensation under the program.

(4) Notwithstanding the terms of a franchise agreement or other contract with a dealer and except as provided in subsection (5) of this section, after the expiration of one year after the date of payment of a claim under a manufacturer or distributor incentive program, a manufacturer or distributor may not:

(a) Charge back to a motor vehicle dealer, whether directly or indirectly, the amount of a claim that has been approved and paid by the manufacturer or distributor under an incentive program;

(b) Charge back to a motor vehicle dealer, whether directly or indirectly, the cash value of a prize or other thing of value awarded to the dealer under an incentive program; or

(c) Audit the records of a motor vehicle dealer to determine compliance with the terms of an incentive program. Where, however, a manufacturer or distributor has reasonable grounds to believe that the dealer committed fraud with respect to the incentive program, the manufacturer or distributor may audit the dealer for a fraudulent claim during any period for which an action for fraud may be commenced under applicable state law.

(5) Notwithstanding subsection (4)(a) and (b) of this section, a manufacturer or distributor may make charge-backs to a motor vehicle dealer if, after completion of an audit of the dealer's records, the manufacturer or distributor may show, by a preponderance of the evidence, that (a) the claim was intentionally false or fraudulent at the time it was submitted to the manufacturer or distributor, or (b) with respect to a claim under a service incentive program, the repair work was improperly performed in a substantial manner or was unnecessary to correct a defective condition. [2003 c 21 § 5.]

46.96.240 Venue. Notwithstanding the provisions of a franchise agreement or other provision of law to the contrary, the venue for a cause of action, claim, lawsuit, administrative hearing or proceeding, arbitration, or mediation, whether arising under this chapter or otherwise, in which the parties or litigants are a manufacturer or distributor and one or more motor vehicle dealers, is the state of Washington. It is the public policy of this state that venue provided for in this section may not be modified or waived in any contract or other agreement, and any provision contained in a franchise agreement that requires arbitration or litigation to be conducted outside the state of Washington is void and unenforceable.

This section does not apply to a voluntary dispute resolution procedure that is not binding on the dealer. [2003 c 21 § 6.]

46.96.250 Immunity of franchisees and assigns. A manufacturer shall, upon demand, indemnify and hold harmless any existing or former franchisee and the franchisee's successors and assigns from any and all damages sustained and attorneys' fees and other expenses reasonably incurred by the franchisee that result from or relate to any claim made or asserted by a third party against the franchisee to the extent the claim results from any of the following:

(1) The condition, characteristics, manufacture, assembly, or design of any vehicle, parts, accessories, tools, or equipment, or the selection or combination of parts or components manufactured or distributed by the manufacturer or distributor;

(2) Service systems, procedures, or methods that the franchisor required or recommended the franchisee to use;

(3) Improper use by the manufacturer, its assignees, contractors, representatives, or licensees of nonpublic personal information obtained from a franchisee concerning any consumer, customer, or employee of the franchisee; or

(4) Any act or omission of the manufacturer or distributor for which the franchisee would have a claim for contribution or indemnity under applicable law or under the franchise, irrespective of any prior termination or expiration of the franchise. [2010 c 178 § 9.]

46.96.260 Civil actions for violations. A new motor vehicle dealer who is injured in his or her business or property by a violation of this chapter may bring a civil action in the superior court to recover the actual damages sustained by the dealer, together with the costs of the suit, including reasonable attorneys' fees if the new motor vehicle dealer prevails. The new motor vehicle dealer may bring a civil action in district court to recover his or her actual damages, except for damages that exceed the amount specified in RCW (2014 Ed.)
46.96.270  Release of dealer and customer data and information—Access to management computer systems—Immunity. (1) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, whenever any manufacturer, factory branch, distributor, distributor branch, dealer management computer system vendor, or any third party acting on behalf of or through, or approved, referred, endorsed, authorized, certified, granted preferred status, or recommended by, any manufacturer, factory branch, distributor, distributor branch, or dealer management computer system vendor, requires that a new motor vehicle dealer provide any other new motor vehicle dealer, consumer, or customer data or information through direct access to the dealer's management computer system, the new motor vehicle dealer is not required to provide, and may not be required to consent to provide in any written agreement, such direct access to its management computer system.

However, the new motor vehicle dealer may provide any other new motor vehicle dealer, consumer, or customer data or information specified by the requesting party by timely obtaining and pushing or otherwise furnishing the requested data to the requesting party in a widely accepted file format, such as comma delimited, provided that when a new motor vehicle dealer would otherwise be required to provide direct access to its management computer system under the terms of a consent, authorization, release, novation, franchise, or other contract or agreement, a new motor vehicle dealer that elects to provide data or information through other means may be charged a reasonable initial set-up fee and reasonable processing fee based on the actual incremental costs incurred by the party requesting the data for establishing and implementing the process for the dealer. Any term or provision contained in any consent, authorization, release, novation, franchise, or other contract or agreement that is inconsistent with this subsection is voidable at the option of the new motor vehicle dealer.

(2) Notwithstanding the terms or conditions of any consent, authorization, release, novation, franchise, or other contract or agreement, every manufacturer, factory branch, distributor, distributor branch, or any third party acting on behalf of or through any manufacturer, factory branch, distributor, or distributor branch, having electronic access to consumer or customer data or other information in a computer system utilized by a new motor vehicle dealer, or who has otherwise been provided consumer or customer data or information by the dealer, shall fully indemnify and hold harmless the dealer from whom it has acquired the consumer or customer data or other information from all damages, costs, and expenses incurred by the dealer including, but not limited to, judgments, settlements, fines, penalties, litigation costs, defense costs, court costs, costs related to the disclosure of security breaches, and attorneys' fees arising out of complaints, claims, security breaches, civil or administrative actions, and, to the fullest extent allowable under the law, governmental investigations and prosecutions to the extent caused by the dealer management computer system vendor or any third party acting on behalf of the dealer management computer system vendor's access, storage, maintenance, use, sharing, disclosure, or retention of the dealer's consumer or customer data or other information, or maintenance or services provided to any computer system utilized by the dealer, by the dealer management computer system vendor or third party acting on behalf of or through the dealer management computer system vendor.
