66.24.010 Licensure—Issuance—Conditions and restrictions—Limitations—Temporary licenses. (1) Every license must be issued in the name of the applicant, and the holder thereof may not allow any other person to use the license.

(2) For the purpose of considering any application for a license, or the renewal of a license, the board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the liquor control board may consider any prior criminal conduct of the applicant including an administrative violation history record with the board and a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW do not apply to such cases. Subject to the provisions of this section, the board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (8)(d) and (12) of this section. Authority to approve an uncontested or unopposed license may be granted by the board to any staff member the board designates in writing. Conditions for granting such authority must be adopted by rule. No retail license of any kind may be issued to:

(a) A person doing business as a sole proprietor who has not resided in the state for at least one month prior to receiving a license, except in cases of licenses issued to dining places on railroads, boats, or aircraft;

(b) A copartnership, unless all of the members thereof are qualified to obtain a license, as provided in this section;

(c) A person whose place of business is conducted by a manager or agent, unless such manager or agent possesses the same qualifications required of the licensees;

(d) A corporation or a limited liability company, unless it was created under the laws of the state of Washington or holds a certificate of authority to transact business in the state of Washington.

(3)(a) The board may, in its discretion, subject to the provisions of RCW 66.08.150, suspend or cancel any license; and all rights of the licensee to keep or sell liquor thereunder must be suspended or terminated, as the case may be.

(b) The board may immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health ser-
rices as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate is automatic upon the board’s receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) Upon written notification by the department of revenue in accordance with RCW 82.08.155 that a person is more than thirty days delinquent in reporting or remitting spirits taxes to the department, the board must suspend all spirits licenses held by that person. The board may not reinstate a person’s spirits license or renew or issue a new spirits license to that person, or an applicant controlled directly or indirectly by that person, until such time as the department of revenue notifies the board that the person is current in reporting and remitting spirits taxes or that the department consents to the reinstatement or renewal of the person’s spirits license or the issuance of a new spirits license to the person. For purposes of this section: (i) “Spirits license” means any license issued by the board under the authority of this chapter that authorizes the licensee to sell spirits; and (ii) “spirits taxes” has the same meaning as in RCW 82.08.155.

(d) The board may request the appointment of administrative law judges under chapter 34.12 RCW who must have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under such rules and regulations as the board may adopt.

(e) Witnesses are allowed fees and mileage each way to and from any such inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(f) In case of disobedience of any person to comply with the order of the board or a subpoena issued by the board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, or application of any member of the board or administrative law judge, must compel obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(4) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the board. Where the license has been suspended only, the board must return the license to the licensee at the expiration or termination of the period of suspension. The board must notify all vendors in the city or place where the licensee has its premises of the suspension or cancellation of the license; and no employee may allow or cause any liquor to be delivered to or for any person at the premises of that licensee.

(5)(a) At the time of the original issuance of a spirits, beer, and wine restaurant license, the board must prorate the license fee charged to the new licensee according to the number of calendar quarters, or portion thereof, remaining until the first renewal of that license is required.

(b) Unless sooner canceled, every license issued by the board must expire at midnight of the thirtieth day of June of the fiscal year for which it was issued. However, if the board deems it feasible and desirable to do so, it may establish, by rule pursuant to chapter 34.05 RCW, a system for staggering the annual renewal dates for any and all licenses authorized by this chapter. If such a system of staggered annual renewal dates is established by the board, the license fees provided by this chapter must be appropriately prorated during the first year that the system is in effect.

(6) Every license issued under this section is subject to all conditions and restrictions imposed by this title or by rules adopted by the board. All conditions and restrictions imposed by the board in the issuance of an individual license may be listed on the face of the individual license along with the trade name, address, and expiration date. Conditions and restrictions imposed by the board may also be included in official correspondence separate from the license. All spirits licenses are subject to the condition that the spirits license holder must report and remit to the department of revenue all spirits taxes by the date due.

(7) Every licensee must post and keep posted its license, or licenses, and any additional correspondence containing conditions and restrictions imposed by the board in a conspicuous place on the premises.

(8)(a) Unless (b) of this subsection applies, before the board issues a new or renewal license to an applicant it must give notice of such application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) If the application for a special occasion license is for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on property owned by the county but located within an incorporated city or town, the county legislative authority must be the entity notified by the board under (a) of this subsection. The board must send a duplicate notice to the incorporated city or town within which the fair is located.

(c) The incorporated city or town through the official or employee selected by it, or the county legislative authority or the official or employee selected by it, has the right to file with the board within twenty days after the date of transmittal of such notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the applicant or against the premises for which the new or renewal license is asked. The board may extend the time period for submitting written objections.

(d) The written objections must include a statement of all facts upon which such objections are based, and in case written objections are filed, the city or town or county legislative authority may request and the liquor control board may in its discretion hold a hearing subject to the applicable provisions of Title 34 RCW. If the board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If such a hearing is held at the
request of the applicant, liquor control board representatives must present and defend the board's initial decision to deny a license or renewal.

(e) Upon the granting of a license under this title the board must send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns. When the license is for a special occasion license for an event held during a county, district, or area fair as defined by RCW 15.76.120, and the county, district, or area fair is located on county-owned property but located within an incorporated city or town, the written notification must be sent to both the incorporated city or town and the county legislative authority.

(9)(a) Before the board issues any license to any applicant, it shall give (i) due consideration to the location of the business to be conducted under such license with respect to the proximity of churches, schools, and public institutions and (ii) written notice, with receipt verification, of the application to public institutions identified by the board as appropriate to receive such notice, churches, and schools within five hundred feet of the premises to be licensed. The board may not issue a liquor license for either on-premises or off-premises consumption covering any premises not now licensed, if such premises are within five hundred feet of the premises of any tax-supported public elementary or secondary school measured along the most direct route over or across established public walks, streets, or other public passageway from the main entrance of the school to the nearest public entrance of the premises proposed for license, and if, after receipt by the school of the notice as provided in this subsection, the board receives written objection, within twenty days after receiving such notice, from an official representative or representatives of the school within five hundred feet of said proposed licensed premises, indicating to the board that there is an objection to the issuance of such license because of proximity to a school. The board may extend the time period for submitting objections. For the purpose of this section, "church" means a building erected for and used exclusively for religious worship and schooling or other activity in connection therewith. For the purpose of this section, "public institution" means institutions of higher education, parks, community centers, libraries, and transit centers.

(b) No liquor license may be issued or reissued by the board to any motor sports facility or licensee operating within the motor sports facility unless the motor sports facility enforces a program reasonably calculated to prevent alcohol or alcoholic beverages not purchased within the facility from being brought into the facility and such program is approved by local law enforcement agencies.

(c) It is the intent under this subsection (9) that a retail license may not be issued by the board where doing so would, in the judgment of the board, adversely affect a private school meeting the requirements for private schools under Title 28A RCW, which school is within five hundred feet of the proposed licensee. The board must fully consider and give substantial weight to objections filed by private schools. If a license is issued despite the proximity of a private school, the board must state in a letter addressed to the private school the board's reasons for issuing the license.

(10) The restrictions set forth in subsection (9) of this section do not prohibit the board from authorizing the assumption of existing licenses now located within the restricted area by other persons or licenses or relocations of existing licensed premises within the restricted area. In no case may the licensed premises be moved closer to a church or school than it was before the assumption or relocation.

(11)(a) Nothing in this section prohibits the board, in its discretion, from issuing a temporary retail or distributor license to an applicant to operate the retail or distributor premises during the period the application for the license is pending. The board may establish a fee for a temporary license by rule.

(b) A temporary license issued by the board under this section must be for a period not to exceed sixty days. A temporary license may be extended at the discretion of the board for additional periods of sixty days upon payment of an additional fee and upon compliance with all conditions required in this section.

(c) Refusal by the board to issue or extend a temporary license shall not entitle the applicant to request a hearing. A temporary license may be canceled or suspended summarily at any time if the board determines that good cause for cancellation or suspension exists. RCW 66.08.130 applies to temporary licenses.

(d) Application for a temporary license must be on such form as the board shall prescribe. If an application for a temporary license is withdrawn before issuance or is refused by the board, the fee which accompanied such application must be refunded in full.

(12) In determining whether to grant or deny a license or renewal of any license, the board must give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement agency upon arrest. For the purpose of considering the qualifications of the surviving party or parties to receive a liquor license, the liquor control board may require a criminal history record information check. The board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. 66.24.055 Spirits distributor license. (1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (e) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first twenty-seven months of licensure, ten percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively; and

(ii) In the twenty-eighth month of licensure and each month thereafter, five percent of the total revenue from all the licensee's sales of spirits made during the month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(e) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the
board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses.

66.24.065 Spirits license fee distribution. The distribution of spirits license fees under RCW 66.24.630 and 66.24.055 through the liquor revolving fund to border areas, counties, cities, towns, and the municipal research center must be made in a manner that provides that each category of recipients receive, in the aggregate, no less than it received from the liquor revolving fund during comparable periods prior to December 8, 2011. An additional distribution of ten million dollars per year from the spirits license fees must be provided to border areas, counties, cities, and towns through the liquor revolving fund for the purpose of enhancing public safety programs. (1) There shall be a license for domestic wineries; fee to be computed only on the liters manufactured: Less than two hundred fifty thousand liters per year, one hundred dollars per year; and two hundred fifty thousand liters or more per year, four hundred dollars per year.

(2) The license allows for the manufacture of wine in Washington state from grapes or other agricultural products.

(3) Any domestic winery licensed under this section may also act as a retailer of wine of its own production. Any domestic winery licensed under this section may act as a distributor of its own production. Notwithstanding any language in this title to the contrary, a domestic winery may use a common carrier to deliver up to one hundred cases of its own production, in the aggregate, per month to licensed Washington retailers. A domestic winery may not arrange for any such common carrier shipments to licensed retailers of wine not of its own production. Except as provided in this section, any winery operating as a distributor and/or retailer under this subsection must comply with the applicable laws and rules relating to distributors and/or retailers, except that a winery operating as a distributor may maintain a warehouse off the premises of the winery for the distribution of wine of its own production provided that: (a) The warehouse has been approved by the board under RCW 66.24.010; and (b) the number of warehouses off the premises of the winery does not exceed one.

(4) A domestic winery licensed under this section, at locations separate from any of its production or manufacturing sites, may serve samples of its own products, with or without charge, may sell wine of its own production at retail, and may sell for off-premises consumption wines of its own production in kegs or sanitary containers meeting the applicable requirements of federal law brought to the premises by the purchaser or furnished by the licensee and filled at the tap at the time of sale, provided that: (a) Each additional location has been approved by the board under RCW 66.24.010; (b) the total number of additional locations does not exceed two; (c) a winery may not act as a distributor at any such additional location; and (d) any person selling or serving wine at an additional location for on-premises [on-premises] consumption must obtain a class 12 or class 13 alcohol server permit. Each additional location is deemed to be part of the winery license for the purpose of this title. At additional locations operated by multiple wineries under this section, if the board cannot connect a violation of RCW 66.44.200 or 66.44.270 to a single licensee, the board may hold all licensees operating the additional location jointly liable. Nothing in this subsection may be construed to prevent a domestic winery from holding multiple domestic winery licenses.

(5)(a) A domestic winery licensed under this section may apply to the board for an endorsement to sell wine of its own production at retail for off-premises consumption at a qualifying farmers market. The annual fee for this endorsement is seventy-five dollars. An endorsement issued pursuant to this subsection does not count toward the two additional retail locations limit specified in this section.

(b) For each month during which a domestic winery will sell wine at a qualifying farmers market, the winery must provide the board or its designee a list of the dates, times, and locations at which bottled wine may be offered for sale. This list must be received by the board before the winery may offer wine for sale at a qualifying farmers market.

(c) The wine sold at qualifying farmers markets must be made entirely from grapes grown in a recognized Washington appellation or from other agricultural products grown in this state.

(d) Each approved location in a qualifying farmers market is deemed to be part of the winery license for the purpose
of this title. The approved locations under an endorsement granted under this subsection include tasting or sampling privileges subject to the conditions pursuant to RCW 66.24.175. The winery may not store wine at a farmers market beyond the hours that the winery offers bottled wine for sale. The winery may not act as a distributor from a farmers market location.

(e) Before a winery may sell bottled wine at a qualifying farmers market, the farmers market must apply to the board for authorization for any winery with an endorsement approved under this subsection to sell bottled wine at retail at the farmers market. This application shall include, at a minimum: (i) A map of the farmers market showing all booths, stalls, or other designated locations at which an approved winery may sell bottled wine; and (ii) the name and contact information for the on-site market managers who may be contacted by the board or its designee to verify the locations at which bottled wine may be sold. Before authorizing a qualifying farmers market to allow an approved winery to sell bottled wine at retail at its farmers market location, the board shall notify the persons or entities of such application for authorization pursuant to RCW 66.24.010 (8) and (9). An authorization granted under this subsection (5)(e) may be withdrawn by the board for any violation of this title or any rules adopted under this title.

(f) The board may adopt rules establishing the application and approval process under this section and such additional rules as may be necessary to implement this section.

(g) For the purposes of this subsection:

(i) "Qualifying farmers market" means an entity that sponsors a regular assembly of vendors at a defined location for the purpose of promoting the sale of agricultural products grown or produced in this state directly to the consumer under conditions that meet the following minimum requirements:

(A) There are at least five participating vendors who are farmers selling their own agricultural products;

(B) The total combined gross annual sales of vendors who are farmers exceeds the total combined gross annual sales of vendors who are processors or resellers. However, if a farmers market does not satisfy this subsection (5)(g)(i)(B), a farmers market is still considered a "qualifying farmers market" if the total combined gross annual sales of farmers and processors at the farmers market is one million dollars or more;

(C) The total combined gross annual sales of vendors who are farmers, processors, or resellers exceeds the total combined gross annual sales of vendors who are not farmers, processors, or resellers;

(D) The sale of imported items and secondhand items by any vendor is prohibited; and

(E) No vendor is a franchisee.

(iii) "Processor" means a natural person who sells processed food that he or she has personally prepared on land he or she owns or leases in this state or in another state's county that borders this state.

(iv) "Reseller" means a natural person who buys agricultural products from a farmer and resells the products directly to the consumer.

(6) Wine produced in Washington state by a domestic winery licensee may be shipped out-of-state for the purpose of making it into sparkling wine and then returned to such licensee for resale. Such wine shall be deemed wine manufactured in the state of Washington for the purposes of RCW 66.24.206, and shall not require a special license. [Title 66 RCW—page 28]
(4) The board may prohibit sampling at a farmers market that is within the boundaries of an alcohol impact area recognized by resolution of the board if the board finds that the sampling activities at the farmers market have an adverse effect on the reduction of chronic public inebriation in the area.

(5) If a winery or microbrewery is found to have committed a public safety violation in conjunction with tasting activities, the board may suspend the licensee's farmers market endorsement and not reissue the endorsement for up to two years from the date of the violation. If mitigating circumstances exist, the board may offer a monetary penalty in lieu of suspension during a settlement conference.

(6) For the purposes of this section, a "qualifying farmers market" has the same meaning as defined in RCW 66.24.170.

(2) There is a wine retailer reseller endorsement of a grocery store license, to sell wine at retail in original containers to retailers licensed to sell wine for consumption on the premises, for resale at their licensed premises according to the terms of the license. However, no single sale may exceed twenty-four liters, unless the sale is made by a licensee that was a contract liquor store manager of a contract-operated liquor store at the location from which such sales are made. For the purposes of this title, a grocery store license is a retail license, and a sale by a grocery store licensee with a reseller endorsement is a retail sale only if not for resale.

(3) Licensees obtaining a written endorsement from the board may also sell malt liquor in kegs or other containers capable of holding less than five and one-half gallons of liquid.

(4) The annual fee for the grocery store license is one hundred fifty dollars for each store.

    (c) Whether the sale of strong beer or fortified wine would be detrimental to or inconsistent with a government-operated or funded alcohol treatment or detoxification program in the area.

    If the board receives no evidence or objection that the sale of strong beer or fortified wine would be against the public interest, it must issue or renew the license without restriction, as applicable. The burden of establishing that the sale of strong beer or fortified wine by the licensee would be against the public interest is on those persons objecting.

    (7) Licensees holding a grocery store license must maintain a minimum three thousand dollar inventory of food products for human consumption, not including pop, beer, strong beer, or wine.

    (8) A grocery store licensee with a wine retailer reseller endorsement may accept delivery of wine at its licensed premises or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which it may deliver to its own licensed premises and, pursuant to permits issued by this title, to other licensed premises, to other registered facilities, or to lawful purchasers outside the state. Facilities may be registered and utilized by associations, cooperatives, or comparable groups of grocery store licensees.

    (9) Upon approval by the board, the grocery store licensee may also receive an endorsement to permit the international export of beer, strong beer, and wine.

    (a) Any beer, strong beer, or wine sold under this endorsement must have been purchased from a licensed beer or wine distributor licensed to do business within the state of Washington.

    (b) Any beer, strong beer, and wine sold under this endorsement must be intended for consumption outside the state of Washington and the United States and appropriate records must be maintained by the licensee.

    (c) Any beer, strong beer, or wine sold under this endorsement must be sold at a price no less than the acquisition price paid by the holder of the license.

    (d) The annual cost of this endorsement is five hundred dollars and is in addition to the license fees paid by the licensee for a grocery store license.

    (10) A grocery store licensee holding a snack bar license under RCW 66.24.350 may receive an endorsement to allow the sale of confections containing more than one percent but not more than ten percent alcohol by weight to persons twenty-one years of age or older. If the beer and/or wine specialty shop license does not exceed fifty percent beer and/or wine sales, the board may waive the fifty percent beer and/or wine sale criteria if the beer and/or wine specialty shop maintains alcohol inventory that exceeds fifteen thousand dollars.

(4) The board shall issue a restricted beer and/or wine specialty shop license, authorizing the licensee to sell beer and only table wine, if the board finds upon issuance or renewal of the license that the sale of strong beer or fortified wine would be against the public interest. (c) The board shall report to the appropriate committees of the legislature by December 30, 2008, and biennially thereafter, on the impacts of arrangements allowed between sports entertainment licensees and liquor manufacturers, importers, and distributors for brand advertising and promotion of events at the facility. [2011 c 119 § 206; (2009 c 507 § 13 expired July 1, 2011); 1999 c 281 § 6; 1996 c 224 § 2.]

Expiration date—2009 c 507: See note following RCW 66.24.320.

Intent—1996 c 224: "It is the intent of the legislature that holders of annual on-premises retail liquor licenses be allowed to operate manufacturing facilities on those premises. This privilege is viewed as a means of enhancing and meeting the needs of the licensees' patrons without being in violation of the tied-house statute prohibitions of RCW 66.28.010. Furthermore, it is the intention of the legislature that this type of business not be viewed as primarily a manufacturing facility. Rather, the public house licensee shall be viewed as an annual retail licensee who is making malt liquor for on-premises consumption by the patrons of the licensed premises." [1996 c 224 § 1.]

66.24.590 Hotel license—Fee—Limitations. (1) There is a retailer's license to be designated as a hotel license. No license may be issued to a hotel offering rooms to its guests on an hourly basis. Food service provided for room service, banquets or conferences, or restaurant operation under this license must meet the requirements of rules adopted by the board.

(2) The hotel license authorizes the licensee to:

The guest must also execute an affidavit verifying that no one under twenty-one years of age will have access to the spirits, beer, and wine in the honor bar;
(c) Provide without additional charge, to overnight guests, spirits, beer, and wine by the individual serving for consumption at a specified regular date, time,
and place as may be fixed by the board. Self-service by

(e) Sell beer, including strong beer, spirits, or wine, in
the manufacturer's sealed container at retail sales locations

bottle of liquor in a manufacturer-sealed container, and make
a reference to this service in promotional material.

(3) If all or any facilities for alcoholic beverage service
and the preparation, cooking, and serving of food are oper-
ated under contract or joint venture agreement, the operator
may hold a license separate from the license held by the oper-
ator of the hotel. Food and beverage inventory used in sepa-
rate licensed operations at the hotel may not be shared and
must be separately owned and stored by the separate licens-
es.

(4) All spirits to be sold under this license must be pur-
chased from a spirits retailer or spirits distributor licensee of
the board.

(5) All on-premise [on-premises] alcoholic beverage ser-
vice must be done by an alcohol server as defined in RCW
66.20.300 and must comply with RCW 66.20.310.

(6) (a) The hotel license allows the licensee to remove
from the liquor stocks at the licensed premises, liquor for sale
and service at event locations at a specified date and place not
currently licensed by the board. If the event is open to the
public, it must be sponsored by a society or organization as
defined by RCW 66.24.375. If attendance at the event is lim-
ited to members or invited guests of the sponsoring individ-
ual, society, or organization, the requirement that the sponsor
must be a society or organization as defined by RCW
66.24.375 is waived.

(b) The holder of this license must, if requested by the
board, notify the board or its designee of the date, time, place,
and location of any event. Upon request, the licensee must
provide to the board all necessary or requested information
concerning the society or organization that will be holding
the function at which the endorsed license will be utilized.

(c) Licensees may cater events on a domestic winery,
brewery, or distillery premises.

(7) The holder of this license or its manager may furnish
spirits, beer, or wine to the licensee's employees who are
twenty-one years of age or older free of charge as may be
required for use in connection with instruction on spirits,
beer, and wine. The instruction may include the history,
nature, values, and characteristics of spirits, beer, or wine, the
use of wine lists, and the methods of presenting, serving, stor-
ing, and handling spirits, beer, or wine. The licensee must use
the liquor it obtains under its license for the sampling as part of
the instruction. The instruction must be given on the pre-

mises of the licensee.

(8) Minors may be allowed in all areas of the hotel where
liquor may be consumed; however, the consumption must be
incidental to the primary use of the area. These areas include,
but are not limited to, tennis courts, hotel lobbies, and swim-
mimg pool areas. If an area is not a mixed use area, and is pri-

marily used for alcohol service, the area must be designated
and restricted to access by persons of lawful age to purchase
liquor.

(9) The annual fee for this license is two thousand dol-

lars.

(10) As used in this section, "hotel," "spirits," "beer," and
"wine" have the meanings defined in RCW 66.24.410 and
66.04.010. [2012 c 2 § 115 (Initiative Measure No. 1183,

66.24.600 Nightclub license. (1) There shall be a spir-
its, beer, and wine nightclub license to sell spirituous liquor
by the drink, beer, and wine at retail, for consumption on the
licensed premises.

(2) The license may be issued only to a person whose
business includes the sale and service of alcohol to the per-
son's customers, has food sales and service incidental to the
sale and service of alcohol, and has primary business hours
between 9:00 p.m. and 2:00 a.m.

(3) Minors may be allowed on the licensed premises but
only in areas where alcohol is not served or consumed.

(4) The annual fee for this license is two thousand dol-

ars. The fee for the license shall be reviewed from time to
time and set at such a level sufficient to defray the cost of
licensing and enforcing this licensing program. The fee shall
be fixed by rule adopted by the board in accordance with the
provisions of the administrative procedure act, chapter 34.05
RCW.

(5) Local governments may petition the board to request
that further restrictions be imposed on a spirits, beer, and
wine nightclub license in the interest of public safety. Exam-

ples of further restrictions a local government may request
are: No minors allowed on the entire premises, submitting a
security plan, or signing a good neighbor agreement with the
local government.

(6) The total number of spirits [spirits], beer, and wine
nightclub licenses are subject to the requirements of RCW
66.24.420(4). However, the board shall refuse a spirits, beer,
and wine nightclub license to any applicant if the board deter-
mines that the spirits, beer, and wine nightclub licenses
already granted for the particular locality are adequate for the
reasonable needs of the community.

(7) The board may adopt rules to implement this section.

66.24.610 VIP airport lounge operator. There shall be a license to allow a VIP airport lounge operator to sell or otherwise provide spirits, wine, and beer solely for consumption on the premises of a VIP airport lounge. The license described in this section allows the VIP airport lounge operator to purchase spirits from the board, and to purchase beer and wine at retail outlets, or from the manufacturer or a distributor. No licensee may serve liquor from a bar where patrons may sit to be served, but may only serve liquor from a service bar, as approved by the board. The annual fee for this license shall be two thousand dollars. [2011 c 325 § 1.]

66.24.620 Sale of spirits by a holder of a spirits distributor or spirits retail license—State liquor store closure. (1) The holder of a spirits distributor license or spirits retail license issued under this title may commence sale of spirits upon issuance thereof, but in no event earlier than March 1, 2012, for distributors, or June 1, 2012, for retailers. The board must complete application processing by those dates of all complete applications for spirits licenses on file with the board on or before sixty days from December 8, 2011.

(2) The board must effect orderly closure of all state liquor stores no later than June 1, 2012, and must thereafter refrain from purchase, sale, or distribution of liquor, except for asset sales authorized by chapter 2, Laws of 2012.

(3) The board must devote sufficient resources to planning and preparation for sale of all assets of state liquor stores and distribution centers, and all other assets of the state over which the board has power of disposition, including without limitation goodwill and location value associated with state liquor stores, with the objective of depleting all inventory of liquor by May 31, 2012, and closing all other asset sales no later than June 1, 2013. The board, in furtherance of this subsection, may sell liquor to spirits licensees.

(4) (a) Disposition of any state liquor store or distribution center assets remaining after June 1, 2013, must be managed by the department of revenue.

(b) The board must obtain the maximum reasonable value for all asset sales made under this section.

(c) The board must sell by auction open to the public the right at each state-owned store location of a spirits retail licensee to operate a liquor store upon the premises. Such right must be freely alienable and subject to all state and local zoning and land use requirements applicable to the property. Acquisition of the operating rights must be a precondition to, but does not establish eligibility for, a spirits retail license at the location of a state store and does not confer any privilege conferred by a spirits retail license. Holding the rights does not require the holder of the right to operate a liquor-licensed business or apply for a liquor license.

(5) All sales proceeds under this section, net of direct sales expenses and other transition costs authorized by this section, must be deposited into the liquor revolving fund.

(6) (a) The board must complete the orderly transition from the current state-controlled system to the private licensee system of spirits retailing and distribution as required under this chapter by June 1, 2012.

(b) The transition must include, without limitation, a provision for applying operating and asset sale revenues of the board to just and reasonable measures to avert harm to interests of tribes, military buyers, and nonemployee liquor store operators under then existing contracts for supply by the board of distilled spirits, taking into account present value of issuance of a spirits retail license to the holder of such interest. The provision may extend beyond the time for completion of transition to a spirits licensee system.

(c) Purchases by the federal government from any licensee of the board of spirits for resale through commissaries at military installations are exempt from sales tax based on selling price levied by RCW 82.08.150. [2012 c 2 § 102 (Initiative Measure No. 1183, approved November 8, 2011).]

[2012 c 2 § 303 (Initiative Measure No. 1183, approved November 8, 2011)]

Effective date—Contingent effective date—2012 c 2 (Initiative Measure No. 1183): "This act takes effect upon approval by the voters. Section 216, subsection (3) of this act takes effect if any act or part of an act relating to the warehousing and distribution of liquor, including the lease of the state's liquor warehousing and distribution facilities, is adopted subsequent to May 25, 2011, in any 2011 special session." [2012 c 2 § 305 (Initiative Measure No. 1183, approved November 8, 2011)].

### 66.24.630 Spirits retail license.

1. There is a spirits retail license to: Sell spirits in original containers to consumers for consumption off the licensed premises and to permit holders; sell spirits in original containers to retailers licensed to sell spirits for consumption on the premises, for resale at their licensed premises according to the terms of their licenses, although no single sale may exceed twenty-four liters, unless the sale is by a licensee that was a contract liquor store manager of a contract liquor store at the location of its spirits retail licensed premises from which it makes such sales; and export spirits.

2. For the purposes of this title, a spirits retail license is a retail license, and a sale by a spirits retailer is a retail sale only if not for resale. Nothing in this title authorizes sales by on-sale licensees to other retail licensees. The board must establish by rule an obligation of on-sale spirits retailers to:
   - (a) Maintain a schedule by stock-keeping unit of all their purchases of spirits from spirits retail licensees, indicating the identity of the seller and the quantities purchased; and
   - (b) Provide, not more frequently than quarterly, a report for each scheduled item containing the identity of the purchasing on-premise [on-premises] licensee and the quantities of that scheduled item purchased since any preceding report to:
     - (i) A distributor authorized by the distiller to distribute a scheduled item in the on-sale licensee's geographic area; or
     - (ii) A distiller acting as distributor of the scheduled item in the area.

3. (a) Except as otherwise provided in (c) of this subsection, the board may issue spirits retail licenses only for premises comprising at least ten thousand square feet of fully enclosed retail space within a single structure, including storerooms and other interior auxiliary areas but excluding covered or fenced exterior areas, whether or not attached to the structure, and only to applicants that the board determines will maintain systems for inventory management, employee training, employee supervision, and physical security of the product substantially as effective as those of stores currently operated by the board with respect to preventing sales to or pilferage by underage or inebriated persons.
   - (b) License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing grocery premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits retail licenses.
   - (c) The board may not deny a spirits retail license to an otherwise qualified contract liquor store at its contract location or to the holder of former state liquor store operating rights sold at auction under RCW 66.24.620 on the grounds of location, nature, or size of the premises to be licensed. The board may not deny a spirits retail license to applicants that are not contract liquor stores or operating rights holders on the grounds of the size of the premises to be licensed, if such applicant is otherwise qualified and the board determines that:
     - (i) There is no retail spirits license holder in the trade area that the applicant proposes to serve;
     - (ii) The applicant meets, or upon licensure will meet, the operational requirements established by the board by rule; and
     - (iii) The licensee has not committed more than one public safety violation within the three years preceding application.
   - (d) A retailer authorized to sell spirits for consumption on or off the licensed premises may accept delivery of spirits at its licensed premises or at one or more warehouse facilities registered with the board, which facilities may also warehouse and distribute nonliquor items, and from which the retailer may deliver to its own licensed premises and, pursuant to sales permitted under subsection (1) of this section:
     - (i) To other retailer premises licensed to sell spirits for consumption on the licensed premises;
     - (ii) To other registered facilities; or
     - (iii) To lawful purchasers outside the state. The facilities may be registered and utilized by associations, cooperatives, or comparable groups of retailers, including at least one retailer licensed to sell spirits.

4.(a) Except as otherwise provided in (b) of this subsection, each spirits retail licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee equivalent to seventeen percent of all spirits sales revenues under the license, exclusive of taxes collected by the licensee and of sales of items on which a license fee payable under this section has otherwise been incurred. The board must establish rules setting forth the timing of such payments and reporting of sales dollar volume by the licensee, with payments required quarterly in arrears. The first payment is due October 1, 2012.
   - (b) This subsection (4) does not apply to craft distilleries.
   - (5) In addition to the payment required under subsection (4) of this section, each licensee must pay an annual license renewal fee of one hundred sixty-six dollars. The board must periodically review and adjust the renewal fee as may be required to maintain it as comparable to annual license renewal fees for licenses to sell beer and wine not for consumption on the licensed premises. If required by law at the time, any increase of the annual renewal fee becomes effective only upon ratification by the legislature.
   - (6) As a condition to receiving and renewing a retail spirits license the licensee must provide training as prescribed by the board by rule for individuals who sell spirits or who manage others who sell spirits regarding compliance with laws,
and regulations regarding sale of spirits, including without limitation the prohibitions against sale of spirits to individuals who are underage or visibly intoxicated. The training must be provided before the individual first engages in the sale of spirits and must be renewed at least every five years. The licensee must maintain records documenting the nature and frequency of the training provided. An employee training program is presumably sufficient if it incorporates a "responsible vendor program" promulgated by the board.

(7) The maximum penalties prescribed by the board in WAC 314-29-020 through 314-29-040 relating to fines and suspensions are doubled for violations relating to the sale of spirits by retail spirits licensees.

(8)(a) The board must promulgate regulations concerning the adoption and administration of a compliance training program for spirits retail licensees, to be known as a "responsible vendor program," to reduce underage drinking, encourage licensees to adopt specific best practices to prevent sales to minors, and provide licensees with an incentive to give their employees ongoing training in responsible alcohol sales and service.

(b) Licensees who join the responsible vendor program under this section and maintain all of the program's requirements are not subject to the doubling of penalties provided in this section for a single violation in any period of twelve calendar months.

(c) The responsible vendor program must be free, voluntary, and self-monitoring.

(d) To participate in the responsible vendor program, licensees must submit an application form to the board. If the application establishes that the licensee meets the qualifications to join the program, the board must send the licensee a membership certificate.

(e) A licensee participating in the responsible vendor program must at a minimum:

(i) Provide ongoing training to employees;

(ii) Accept only certain forms of identification for alcohol sales;

(iii) Adopt policies on alcohol sales and checking identification;

(iv) Post specific signs in the business; and

(v) Keep records verifying compliance with the program's requirements. [2012 2nd sp.s. c 6 § 401; 2012 c 2 § 103 (Initiative Measure No. 1183, approved November 8, 2011).]

Reviser's note: Pursuant to RCW 43.135.041, chapter 6, Laws of 2012 2nd special session was subject to an advisory vote of the people in the November 2012 general election on whether the tax increase in such session law should be maintained or repealed. The advisory vote was in favor of repeal.

Existing rights, liabilities, or obligations—Effective dates—Contingent effective dates—2012 2nd sp.s. c 6: See notes following RCW 82.04.29005.

66.24.632 Spirits retail licensee—License issuance fee exemption. (1) Beginning June 30, 2013, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee that was a contract liquor store manager with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(2) Beginning June 30, 2013, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee that was a former state store auction buyer, with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(3) The exemptions created in this section attach to any successor, by purchase or otherwise, to the spirits retail license, except that an exemption does not attach to any such successor that owns, directly or indirectly, any interest in a spirits retail license that is not derived directly from a former contract liquor store manager or a former state store auction buyer. [2013 2nd sp.s. c 12 § 3.]

Effective date—2013 2nd sp.s. c 12: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 30, 2013].” [2013 2nd sp.s. c 12 § 4.]

66.24.640 Licensed distillers operating as spirits retailers/distributors. Any distiller licensed under this title may act as a retailer and/or distributor to retailers selling for consumption on or off the licensed premises of spirits of its own production, and any manufacturer, importer, or bottler of spirits holding a certificate of approval may act as a distributor of spirits it is entitled to import into the state under such certificate. The board must by rule provide for issuance of certificates of approval to spirits suppliers. An industry member operating as a distributor and/or retailer under this section must comply with the applicable laws and rules relating to distributors and/or retailers, except that an industry member operating as a distributor under this section may maintain a warehouse off the distillery premises for the distribution of spirits of its own production to retailers within the state, if the warehouse is within the United States and has been approved by the board. [2012 c 2 § 206 (Initiative Measure No. 1183, approved November 8, 2011).]

66.24.650 Theater license—Beer, strong beer, and wine. (1) There is a theater license to sell beer, including strong beer, or wine, or both, at retail, for consumption on theater premises. The annual fee is four hundred dollars for a beer and wine theater license.

(2) If the theater premises is to be frequented by minors, an alcohol control plan must be submitted to the board at the time of application. The alcohol control plan must be approved by the board, and be prominently posted on the premises, prior to minors being allowed.

(3) For the purposes of this section:

(a) "Alcohol control plan" means a written, dated, and signed plan submitted to the board by an applicant or licensee for the entire theater premises, or rooms or areas therein, that shows where and when alcohol is permitted, where and when minors are permitted, and the control measures used to ensure that minors are not able to obtain alcohol or be exposed to environments where drinking alcohol predominates.
(b) "Theater" means a place of business where motion pictures or other primarily nonparticipatory entertainment are shown, and includes only theaters with up to four screens.

(4) The board shall adopt rules regarding alcohol control plans and necessary control measures to ensure that minors are not able to obtain alcohol or be exposed to areas where drinking alcohol predominates. All alcohol control plans must include a requirement that any person involved in the serving of beer and/or wine must have completed a mandatory alcohol server training program.

(5)(a) A licensee that is an entity that is exempt from taxation under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended as of January 1, 2013, may enter into arrangements with a beer or wine manufacturer, importer, or distributor for brand advertising at the theater or promotion of events held at the theater. The financial arrangements providing for the brand advertising or promotion of events may not be used as an inducement to purchase the products of the manufacturer, importer, or distributor entering into the arrangement and such arrangements may not result in the exclusion of brands or products of other companies.

(b) The arrangements allowed under this subsection (5) are an exception to arrangements prohibited under RCW 66.28.305. The board must monitor the impacts of these arrangements. The board may conduct audits of a licensee and the affiliated business to determine compliance with this subsection (5). Audits may include, but are not limited to: Product selection at the facility; purchase patterns of the licensee; contracts with the beer or wine manufacturer, importer, or distributor; and the amount allocated or used for wine or beer advertising by the licensee, affiliated business, manufacturer, importer, or distributor under the arrangements.

A spirits, beer, and wine theater license may be issued only to theaters that have no more than one hundred twenty seats per screen and that are maintained in a substantially manner as a place for preparing, cooking, and serving complete meals and providing tableaux accommodations for in-theater dining. Requirements for complete meals are the same as those adopted by the board in rules pursuant to chapter 34.05 RCW for a spirits, beer, and wine restaurant license authorized by RCW 66.24.400.    (b) "Theater" means a place of business where motion pictures or other primarily nonparticipatory entertainment are shown.

(4) The board shall adopt rules regarding alcohol control plans and necessary control measures to ensure that minors are not able to obtain alcohol or be exposed to areas where drinking alcohol predominates. All alcohol control plans must include a requirement that any person involved in the serving of spirits, beer, and/or wine must have completed a mandatory alcohol server training program.

(5)(a) A licensee that is an entity that is exempt from taxation under Title 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code of 1986, as amended as of January 1, 2013, may enter into arrangements with a spirits, beer, or wine manufacturer, importer, or distributor for brand advertising at the theater or promotion of events held at the theater. 66.28.240 Keg registration—State preemption. The state of Washington fully occupies and preempts the entire field of keg registration. Cities, towns, and counties or other municipalities may enact only those laws and ordinances relating to keg registration that are consistent with this chapter. Local laws and ordinances that are inconsistent with, more restrictive than, or exceed the requirements of state law shall not be enacted and are preempted and repealed, regardless of the nature of the code, charter, or home rule status of the city, town, county, or municipality. 66.28.260 Beer distributors—Restricted transactions. Licensed beer distributors may not buy or sell beer, for purposes of distribution, at farmers market locations authorized by the board pursuant to chapter 154, Laws of 2003. [2003 c 154 § 3.]

66.28.270 Cash payments—Electronic funds transfers. [2009 c 373 § 11.]

66.28.280 Finding. The legislature recognizes that the historical total prohibition on ownership of an interest in one tier by a person with an ownership interest in another tier, as well as the historical restriction on financial incentives and business relationships between tiers, is unduly restrictive. The legislature finds the provisions of RCW 66.28.285 through 66.28.320 appropriate for all varieties of liquor, because they do not impermissibly interfere with protecting the public interest and advancing public safety by preventing the use and consumption of alcohol by minors and other abusive consumption, and promoting the efficient collection of taxes by the state. [2012 c 2 § 124 (Initiative Measure No. 1183, approved November 8, 2011); 2009 c 506 § 1.]

66.28.285 Three-tier system—Definitions. The definitions in this section apply throughout RCW 66.28.280 through 66.28.315 unless the context clearly requires otherwise.

[2009 c 506 § 2.]

66.28.290 Three-tier system—Direct or indirect interests between industry members, affiliates, and retailers. (1) Notwithstanding any prohibitions and restrictions contained in this title, it shall be lawful for an industry member or affiliate to have a direct or indirect financial interest in another industry member or a retailer, and for a retailer or affiliate to have a direct or indirect financial interest in an industry member unless such interest has resulted or is more likely than not to result in undue influence over the retailer or the industry member or has resulted or is more likely than not to result in an adverse impact on public health and safety. The structure of any such financial interest must be consistent with subsection (2) of this section.

(2) Subject to subsection (1) of this section and except as provided in RCW 66.28.295:

[2011 c 325 § 6; 2011 c 119 § 202; 2009 c 506 § 3.]

Reviser’s note: This section was amended by 2011 c 119 § 202 and by 2011 c 325 § 6, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Finding—Intent—2011 c 66: "The legislature finds that some restaurants allow patrons to bring bottles of wine to the restaurant so long as restaurant personnel open and serve the beverage. In these cases, the restaurants often charge a fee known as a corkage fee. The legislature supports activities in the free market that facilitate local businesses in selling their products. One of the methods restaurants and wineries have found to be mutually beneficial is a waiver of corkage fees for local businesses. The legislature intends to allow wineries and restaurants the ability to make agreements as to whether to charge a corkage fee without restriction or regulation under the tied-house laws." [2011 c 66 § 1.]

### 66.28.305 Three-tier system—Undue influence—Determination by board.

Any industry member or retailer or any other person seeking a determination by the board as to whether a proposed or existing financial interest has resulted or is more likely than not to result in undue influence or has resulted or is more likely than not to result in an adverse impact on public health and safety may file a complaint or request for determination with the board. If the financial interest was acquired through a transaction that has already been consummated when the board issues its administrative violation notice, the board shall have the authority to require that the transaction be rescinded or otherwise undone. [2012 c 2 § 120 (Initiative Measure No. 1183, approved November 8, 2011).]

66.28.350 Theft prevention—Regulating spirits retailers. (1) Subject to the procedural requirements of subsection (3) of this section, the board is authorized to regulate spirits retailers licensed under RCW 66.24.630 for the purpose of reducing the theft of spirits from the premises of such retailers. The authority of the board to implement the regulatory measures set forth in this section requires a finding by the board that a licensee is experiencing an unacceptable rate of spirits theft from its premises. For the purposes of this section, "unsatisfactory rate of spirits theft" means two or more thefts of spirits from a licensee in a six-month period and that result in a minor unlawfully using or gaining possession of spirits, or that involves, or results in, adults unlawfully providing spirits to minors, and where such thefts result in an incident report being generated by a law enforcement agency.

(2) The regulatory measures that may be considered and implemented under this section may require the imposition of one or more of the following requirements on licensees who are experiencing an unacceptable rate of spirits theft:

(a) Participation in one or more consultations with an authorized representative of the board to discuss and analyze spirits theft issues;

(b) The implementation of inventory control and/or other recordkeeping system designed to reveal and track spirits theft;

(c) The structural modification or relocation of the areas where spirits are displayed or stored;

(d) The installation of adequate in-store security systems;

(e) The employment of a sufficient number of staff for the purpose of monitoring display, checkout, and storage areas; and

(f) Requiring additional training for the licensee's staff.

(3) The imposition of the regulatory provisions authorized under subsection (2) of this section are subject to the following procedural steps and requirements:

(a) If a state or local law enforcement agency obtains information indicating that a licensee is experiencing an unacceptable rate of spirits theft, the law enforcement agency is granted the discretionary authority to initiate and participate in, on a voluntary basis, the procedures outlined in this subsection. Should the law enforcement agency opt to initiate the investigative and consultation procedures set forth in this subsection, the law enforcement agency must first contact the licensee's manager and/or owner to inform him or her of such alleged theft and arrange a meeting with the licensee's manager or owner to discuss theft issues and possi-
ble solutions. This first contact by the law enforcement agency with the licensee must occur prior to the law enforcement agency informing the board of the alleged theft issues and thus initiating the procedures set forth in (c) through (h) of this subsection. At this early stage of the law enforcement consultation process, the board may not be involved in the investigation of the theft allegation until such time as the law enforcement agency has had an opportunity to consult with the licensee's manager or owner as provided under this subsection (3)(a).

(b) Following the initial consultation between the law enforcement agency and the licensee as required under (a) of this subsection, the law enforcement agency is granted the discretionary authority to forego any further consultation with the licensee and may terminate its investigation of the theft allegation. However, if the law enforcement agency opts to continue the consultation process with the licensee and proceed with its investigation, the law enforcement agency must endeavor to work with the licensee to identify theft issues and reach cooperative agreements regarding measures that should be taken to eliminate spirits theft problems.

(c) If during the consultation process outlined under (a) and (b) of this subsection the law enforcement agency determines that no spirits theft problem exists at the premises of the licensee, or that the licensee has taken the steps necessary to adequately address the theft problem, then the procedural processes outlined in this section may be terminated at the discretion of the law enforcement agency without the involvement of the board. However, if the law enforcement agency finds that a spirits theft problem exists at the licensee's premises and the licensee either refuses or fails to implement remedial measures adequate to address the theft problem, or otherwise fails to cooperate with the law enforcement agency, then the law enforcement agency must formally inform the board in writing regarding the licensee's lack of cooperation in resolving its spirits theft problem.

(d) Upon the receipt of law enforcement agency notification as required under (c) of this subsection, the board must provide written notification to the licensee of the alleged theft problem and may demand that the licensee participate in a consultation process involving a representative of the board and the licensee. The reporting law enforcement agency may be included in this consultation process at the discretion of the board and upon the agreement of the law enforcement agency. The licensee's participation in the consultation process is mandatory and the licensee is entitled to at least thirty days' notice by the board. In the event a licensee fails to attend or otherwise cooperate in initial or subsequent consultations, the board is authorized to suspend the licensee's spirits retail license until such time as the retailer is in compliance with the requirements of this subsection (3)(d).

(e) At the consultation, the board must provide the licensee with any information or evidence pertinent to any allegation that the retailer has an unacceptable spirits theft rate. The licensee must be provided with a reasonable opportunity to respond and present evidence, and, if necessary, the consultation may be continued at the discretion of the board to allow adequate time for the licensee to prepare such response.

(f) At the conclusion of the initial consultation process, if the board finds that the licensee has an unacceptable spirits theft rate, it may develop a corrective action plan outlining the remedial measures that must be taken by the licensee pursuant to subsection (2) of this section. In developing the plan, the board must make a concerted effort to obtain voluntary participation in the plan by the licensee. At every step in the consultation and corrective action plan process, the board is encouraged to work with the licensee in a cooperative manner and, where possible, to strive for voluntary agreements with the licensee. However, in the absence of licensee cooperation or agreement, the board is authorized to unilaterally develop and enforce a corrective action plan as authorized under this section. Once the plan is finalized, it must be filed with the board and a copy provided to the licensee either personally or through certified mail.

(g) Not more than thirty days after the filing and service of the original corrective action plan, the board must schedule one or more follow-up consultations with the licensee. The purpose of these consultations is to review the licensee's performance with respect to the requirements of the corrective action plan and to generally assess the licensee's progress in addressing spirits theft issues. If the licensee is following the corrective action plan but is continuing to experience an unacceptable spirits theft rate, then the board and the licensee may review and revise the plan as deemed necessary by the board. Following the filing of a revised plan, the board may schedule one or more follow-up consultations at its discretion.

(h) During the review process established in (g) of this subsection, if the board finds that the licensee has failed to comply with the requirements of the original or revised corrective action plan the board may:

(i) Demand that the licensee take remedial steps so as to be compliant with the corrective action plan and schedule an additional follow-up consultation at the board's discretion; or

(ii) If the licensee's noncompliance is deemed to be willful, suspend the retailer's spirits retail license for a period to be determined by the board by rule.

(i) If a licensee remains consistently noncompliant with the original corrective action plan and any revised plans for a period of at least nine months, then the board is authorized to suspend or revoke the licensee's spirits retail license.

(4) The board is granted the rule-making authority necessary to implement and enforce the provisions of this section pertaining to the regulation of licensees deemed to have unacceptable spirits theft rates.

(5) If the board suspends or revokes a licensee's spirits retail license under this section, the licensee may appeal and request a hearing under chapter 34.05 RCW, the administrative procedure act. [2014 c 63 § 1.]

66.28.360  Cider sales—Container brought by purchaser.  (1) Licensees holding either a license that permits or a license with an endorsement that permits the sale of beer to a purchaser in a container supplied by the licensee or a sanitary container brought to the premises by the purchaser and filled at the tap at the time of sale may similarly sell cider to a purchaser in such a container. Nothing in this section relieves a licensee from complying with federal law.

(2) For purposes of this section, "cider" has the same meaning as in RCW 66.24.210(6). [2014 c 54 § 1.]

67.08.120 Failure to make report—Additional tax—Hearing—Disciplinary action. 67.08.200 Unprofessional conduct—Written complaint—Investigation—Immunity of complainant. A person, including but not limited to a consumer, licensee, corporation, organization, and state and local governmental agency, may submit a written complaint to the department charging a license holder or applicant with unprofessional conduct and specifying the grounds for the complaint. If the department determines that the complaint merits investigation or if the department has reason to believe, without a formal complaint, that a license holder or applicant may have engaged in unprofessional conduct, the department shall investigate to determine whether there has been unprofes-
sional conduct. A person who files a complaint under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint. [1997 c 205 § 17.]

67.08.220 Unprofessional conduct—Order upon finding—Penalties—Costs. Upon a finding that a license holder or applicant has committed unprofessional conduct the director may issue an order providing for one or any combination of the following:

67.08.240 Unprofessional conduct—What constitutes. The following conduct, acts, or conditions constitute unprofessional conduct for a license holder or applicant under this chapter:

1. Conviction of a gross misdemeanor, felony, or the commission of an act involving moral turpitude, dishonesty, or corruption whether the act constitutes a crime or not. If the act constitutes a crime, conviction in a criminal proceeding is not a condition precedent to disciplinary action. Upon such a conviction, however, the judgment and sentence is conclusive evidence at the ensuing disciplinary hearing of the guilt of the license holder or applicant of the crime described in the indictment or information, and of the person's violation of the statute on which it is based. For the purposes of this section, conviction includes all instances in which a plea of guilty or no contest is the basis for the conviction and all proceedings in which the sentence has been deferred or suspended. This section does not abrogate rights guaranteed under chapter 9.96 RCW;
2. Misrepresentation or concealment of a material fact in obtaining a license or in reinstatement of a license;
3. Advertising that is false, fraudulent, or misleading;
4. Incompetence or negligence that results in injury to a person or that creates an unreasonable risk that a person may be harmed;
5. Suspension, revocation, or restriction of a license to act as a professional or amateur athletic licensee by competent authority in a state, federal, or foreign jurisdiction, a certificate of the order, stipulation, or agreement being conclusive evidence of the revocation, suspension, or restriction;
6. Violation of a statute or administrative rule regulating professional or amateur athletics;
7. Failure to cooperate with the department's investigations by:
   a. Not furnishing papers or documents;
   b. Not furnishing in writing a full and complete explanation regarding a matter under investigation by the department; or
   c. Not responding to subpoenas issued by the department, whether or not the recipient of the subpoena is the subject of the proceeding;
8. Failure to comply with an order issued by the director or an assurance of discontinuance entered into by the director;
9. Aiding or abetting an unlicensed person to act in a manner that requires a professional or amateur athletics license;
10. Misrepresentation or fraud in any aspect of the conduct of a professional athletics or amateur event; and
11. Interference with an investigation or disciplinary proceeding by willful misrepresentation of facts before the department or by the use of threats or harassment against any person to prevent them from providing evidence in a disciplinary proceeding or other legal action. [2012 c 99 § 9; 1997 c 205 § 21.]

67.08.300 Immunity of director and director's agents. The director or individuals acting on the director's behalf are immune from suit in an action, civil or criminal, based on official acts performed in the course of their duties in the administration and enforcement of this chapter. 67.16.101 Legislative finding—Responsibilities of horse racing commission—Availability of interest on one percent of gross receipts to support nonprofit race meets.
The legislature finds that:

(1) A primary responsibility of the horse racing commission is the encouragement of the training and development of the equine industry in the state of Washington whether the result of this training and development results in legalized horse racing or in the recreational use of horses;

(2) The horse racing commission has a further major responsibility to assure that any facility used as a race course should be maintained and upgraded to insure the continued safety of both the public and the horse at any time the facility is used for the training or contesting of these animals;

(3) Nonprofit race meets within the state have difficulty in obtaining sufficient funds to provide the maintenance and upgrading necessary to assure this safety at these facilities, or to permit frequent use of these facilities by 4-H children or other horse owners involved in training; and

(4) The one percent of the parimutuel machine gross receipts used to pay a special purse to the licensed owners of Washington bred horses is available for the purpose of drawing interest, thereby obtaining funds to be disbursed to achieve the necessary support to these nonprofit race meets. [2006 c 174 § 2; 1977 ex.s. c 372 § 1.]

67.16.102 Withholding of additional one percent of gross receipts—Payment to owners—Interest payment on one percent and amount retained by commission—Reimbursement for new racetracks. (1) Notwithstanding any other provision of chapter 67.16 RCW to the contrary, the licensee shall withhold and shall pay daily to the commission, in addition to the percentages authorized by RCW 67.16.105, one percent of the gross receipts of all parimutuel machines at each race meet which sums shall, at the end of each meet, be paid by the commission to the licensed owners of those Washington bred only horses finishing first, second, third, and fourth at each meet from which the additional one percent is derived in accordance with an equitable distribution formula to be promulgated by the commission prior to the commencement of each race meet: PROVIDED, That nothing in this section shall apply to race meets which are nonprofit in nature, are of ten days or less, and have an average daily handle of less than one hundred twenty thousand dollars.

(2) The additional one percent specified in subsection (1) of this section shall be deposited by the commission in the Washington horse racing commission Washington bred owners’ bonus fund and breeder awards account created in RCW 67.16.275. The interest derived from this account shall be distributed annually on an equal basis to those race courses at which independent race meets are held which are nonprofit in nature and are of ten days or less. Prior to receiving a payment under this subsection, any new race course shall meet the qualifications set forth in this section for a period of two years. All funds distributed under this subsection shall be used for the purpose of maintaining and upgrading the respective racing courses and equine quartering areas of said nonprofit meets.

(3) The commission shall not permit the licensees to take into consideration the benefits derived from this section in establishing purses.

(4) The commission is authorized to pay at the end of the calendar year one-half of the one percent collected from a new licensee under subsection (1) of this section for reimbursement of capital construction of that new licensee’s new race track for a period of fifteen years. This reimbursement does not include interest earned on that one-half of one percent and such interest shall continue to be collected and disbursed as provided in RCW 67.16.101 and subsection (1) of this section. (b) Payments to nonprofit race meets under this subsection must be distributed on a per-race-day basis and used only for purses at race tracks that have been operating under RCW 67.16.130 and subsection (1) of this section in 2010 or for the five consecutive years immediately preceding the year of payment.

(c) As provided in this subsection, the commission must distribute funds up to fifteen thousand eight hundred dollars per race day from funds generated under this subsection (3).

Such calculation shall include only the gross parimutuel receipts from wagering occurring on live racing dates, including live racing receipts and receipts derived from one simulcast race card that is conducted only at the physical location of the live racing meet, which, for the purposes of this subsection, is "the handle." [1995 c 173 § 1.]

Intent—1994 c 159: "It is the intent of the legislature to terminate payments into the Washington thoroughbred racing fund from licensees of nonprofit race meets from March 30, 1994, until June 1, 1995, and to provide that one-half of moneys that otherwise would have been paid into the fund be directed to enhanced purses and one-half of moneys be deposited in an escrow or trust account and used solely for construction of a new thoroughbred race track facility in western Washington." [1994 c 159 § 1.]

Intent—1993 c 170: "It is the intent of the legislature that one-half of those moneys that would otherwise have been paid into the Washington thoroughbred racing fund be retained for the purpose of enhancing purses, excluding stakes purses, until that time as a permanent thoroughbred racing facility is built and operating in western Washington. It is recognized by the Washington legislature that the enhancement in purses provided in this legislation will not directly benefit all race tracks in Washington. It is the legislature's intent that the horse racing commission work with the horse racing community to ensure that this opportunity for increased purses will not inadvertently injure horse racing at tracks not directly benefiting from this legislation." 67.16.200 Parimutuel wagering at satellite locations—Simulcasts. (1) A class 1 racing association licensed by the commission to conduct a race meet may seek approval from the commission to conduct parimutuel wagering at a satellite location or locations within the state of Washington. In order to participate in parimutuel wagering at a satellite location or locations within the state of Washington, the holder of a class 1 racing association license must have conducted at least one full live racing season. All class 1 racing associations must hold a live race meet within each succeeding twelve-month period to maintain eligibility to continue to participate in parimutuel wagering at a satellite location or locations. The sale of parimutuel pools at satellite locations shall be conducted simultaneous to all parimutuel wagering activity conducted at the licensee's live racing facility in the state of Washington. The commission's authority to approve satellite wagering at a particular location is subject to the following limitations:

(a) The commission may approve only one satellite location in each county in the state; provided however, the commission may approve two satellite locations in counties with a population exceeding one million. The commission may grant approval for more than one licensee to conduct wagering at each satellite location. A satellite location shall not be operated within twenty driving miles of any class 1 racing facility. For the purposes of this section, "driving miles" means miles measured by the most direct route as determined by the commission; and

(b) A licensee shall not conduct satellite wagering at any satellite location within sixty driving miles of any other racing facility conducting a live race meet.

(2) Subject to local zoning and other land use ordinances, the commission shall be the sole judge of whether approval to conduct wagering at a satellite location shall be granted.

(3) The licensee shall combine the parimutuel pools of the satellite location with those of the racing facility for the purpose of determining odds and computing payoffs. The amounts wagered at the satellite location shall be combined with the amount wagered at the racing facility for the application of take out formulas and distribution as provided in RCW 67.16.102, 67.16.105, 67.16.170, and 67.16.175. A satellite extension of the licensee's racing facility shall be subject to the same application of the rules of racing as the licensee's racing facility.

(4) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to locations outside of the state of Washington approved by the commission and in accordance with the interstate horse racing act of 1978 (15 U.S.C. Sec. 3001 to 3007) or any other applicable laws. The commission may permit parimutuel pools on the simulcast races to be combined in a common pool. A racing association that transmits simulcasts of its races to locations outside this state shall pay at least fifty percent of the fee that it receives for sale of the simulcast signal to the horsemen's or horsewomen's purse account for its live races after first deducting the actual cost of sending the signal out of state.

(5) Upon written application to the commission, a class 1 racing association may be authorized to transmit simulcasts of live horse races conducted at its racetrack to licensed racing associations located within the state of Washington and approved by the commission for the receipt of the simulcasts. The commission shall permit parimutuel pools on the simulcast races to be combined in a common pool. The fee for in-state, track-to-track simulcasts shall be five and one-half percent of the gross parimutuel receipts generated at the receiving location and payable to the sending racing association. A racing association that transmits simulcasts of its races to other licensed racing associations shall pay at least fifty percent of the fee that it receives for the simulcast signal to the horsemen's or horsewomen's purse account for its live race meet after first deducting the actual cost of sending the simulcast signal. A racing association that receives races simulcast from class 1 racing associations within the state shall pay at least fifty percent of its share of the parimutuel receipts to the horsemen's or horsewomen's purse account for its live race.
meet after first deducting the purchase price and the actual direct costs of importing the race.

(6) A class 1 racing association may be allowed to import simulcasts of horse races from out-of-state racing facilities. With the prior approval of the commission, the class 1 racing association may participate in a multijurisdictional common pool and may change its commission and breakage rates to achieve a common rate with other participants in the common pool.

(a) The class 1 racing association shall make written application with the commission for permission to import simulcast horse races for the purpose of parimutuel wagering. Subject to the terms of this section, the commission is the sole authority in determining whether to grant approval for an imported simulcast race.

(b) When open for parimutuel wagering, a class 1 racing association which imports simulcast races shall also conduct simulcast parimutuel wagering within its licensed racing enclosure on all races simulcast from other class 1 racing associations within the state of Washington.

(c) On any imported simulcast race, the class 1 racing association shall pay fifty percent of its share of the parimutuel receipts to the horsemen's or horsewomen's purse account for its live race meet after first deducting the purchase price of the imported race and the actual costs of importing and offering the race.

(7) A licensed nonprofit racing association may be approved to import one simulcast race of regional or national interest on each live race day.

(8) For purposes of this section, a class 1 racing association is defined as a licensee approved by the commission to conduct during each twelve-month period at least forty days of live racing. If a live race day is canceled due to reasons directly attributable to acts of God, labor disruptions affecting live race days but not directly involving the licensee or its employees, or other circumstances that the commission decides are beyond the control of the class 1 racing association, then the canceled day counts toward the forty-day requirement. The commission may by rule increase the number of live racing days required to maintain class 1 racing association status or make other rules necessary to implement this section.

(9) This section does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this section does not allow gaming of any nature or scope that was prohibited before August 23, 2001. Chapter 10, Laws of 2001 1st sp. sess. is necessary to protect the Washington equine breeding and racing industries, and in particular those sectors of these industries that are dependent upon live horse racing. The purpose of chapter 10, Laws of 2001 1st sp. sess., is to protect these industries from adverse economic impacts and to promote fan attendance at class 1 racing facilities. Finding—Purpose—2001 1st sp.s. c 10: "The legislature finds that Washington's equine racing industry creates economic, environmental, and recreational impacts across the state affecting agriculture, horse breeding, the horse training industry, agricultural fairs and youth programs, and tourism and employment opportunities. The Washington equine industry has incurred a financial decline coinciding with increased competition from the gaming industry in the state and from the lack of a class 1 racing facility in western Washington from 1993 through 1995. This act is necessary to preserve, restore, and revitalize the equine breeding and racing industries and to preserve in Washington the economic and social impacts associated with these industries. Preserving Washington's equine breeding and racing industries, and in particular those sectors of the industries that are dependent upon live horse racing, is in the public interest of the state. The purpose of this act is to preserve Washington's equine breeding and racing industries and to protect these industries from adverse economic impacts. This act does not establish a new form of gaming in Washington or allow expanded gaming within the state beyond what has been previously authorized. Simulcast wagering has been allowed in Washington before August 23, 2001. Therefore, this act does not allow gaming of any nature or scope that was prohibited before August 23, 2001." [2001 1st sp.s. c 10 § 1.]

67.17.060 Compact committee powers and duties.  In order to carry out the live horse racing compact, the compact committee is granted the power and duty to:  

(1) Determine which categories of participants in live racing, including but not limited to owners, trainers, jockeys, grooms, mutuel clerks, racing officials, veterinarians, and farriers, should be licensed by the compact committee, and establish the requirements for the initial licensure of applicants in each such category, the term of the license for each category, and the requirements for renewal of licenses in each category. However, with regard to requests for criminal history record information on each applicant for a license, and with regard to the effect of a criminal record on the issuance or renewal of a license, the compact committee shall determine for each category of participants in live racing which licensure requirements for that category are, in its judgment, the most restrictive licensure requirements of any party state for that category and shall adopt licensure requirements for that category that are, in its judgment, comparable to those most restrictive requirements;  

(2) Investigate applicants for a license from the compact committee and, as permitted by federal and state law, gather information on such applicants, including criminal history record information from the federal bureau of investigation and relevant state and local law enforcement agencies, and, where appropriate, from the royal Canadian mounted police and law enforcement agencies of other countries, necessary to determine whether a license should be issued under the licensure requirements established by the compact committee under subsection (1) of this section. Only officials on, and employees of, the compact committee may receive and review such criminal history record information, and those officials and employees may use that information only for the purposes of the compact. No such official or employee may disclose or disseminate such information to any person or entity other than another official on or employee of the compact committee. The fingerprints of each applicant for a license from the compact committee shall be taken by the compact committee, its employees, or its designee and shall be forwarded to a state identification bureau, or to an association of state officials regulating pari-mutuel wagering designated by the attorney general of the United States, for submission to the federal bureau of investigation for a criminal history record check. Such fingerprints may be submitted on a fingerprint card or by electronic or other means authorized by the federal bureau of investigation or other receiving law enforcement agency;  

(3) Issue licenses to, and renew the licenses of, participants in live racing listed in subsection (1) of this section who are found by the compact committee to have met the licensure and renewal requirements established by the compact committee. The compact committee shall not have the power
or authority to deny a license. If it determines that an applicant will not be eligible for the issuance or renewal of a compact committee license, the compact committee shall notify the applicant that it will not be able to process his or her application further. Such notification does not constitute and shall not be considered to be the denial of a license. Any such applicant has the right to present additional evidence to, and to be heard by, the compact committee, but the final decision on issuance or renewal of the license shall be made by the compact committee using the requirements established under subsection (1) of this section;

(4) Enter into contracts or agreements with governmental agencies and with nongovernmental persons to provide personal services for its activities and such other services as may be necessary to carry out the compact;

(5) Create, appoint, and abolish those offices, employments, and positions, including an executive director, as it deems necessary for the purposes of the compact, prescribe their powers, duties, and qualifications, hire persons to fill those offices, employments, and positions, and provide for the removal, term, tenure, compensation, fringe benefits, retirement benefits, and other conditions of employment of its officers, employees, and other positions;

All other action by the compact committee requires a majority vote of those officials, or their alternates, present and voting.

(3) No action of the compact committee may be taken unless a quorum is present. A majority of the officials, or their alternates, on the compact committee constitutes a quorum. [2001 c 18 § 8.]

67.17.080 Compact committee governance. (1) The compact committee shall elect annually from among its members a chair, a vice chair, and a secretary/treasurer.

(2) The compact committee shall adopt bylaws for the conduct of its business by a two-thirds vote of the total number of officials, or their alternates, on the compact committee at that time and shall have the power by the same vote to amend and rescind such bylaws. (a) Agrees: (i) To accept the decisions of the compact committee regarding the issuance of compact committee licenses to participants in live racing under the compact committee's licensure requirements; and (ii) to reimburse or otherwise pay the expenses of its official representative on the compact committee or his or her alternate;

(b) Agrees not to treat a notification to an applicant by the compact committee under RCW 67.17.060(3) that the compact committee will not be able to process the application further as the denial of a license, or to penalize such an applicant in any other way based solely on such a decision by the compact committee; and

(c) Reserves the right: (i) To charge a fee for the use of a compact committee license in that state; (ii) to apply its own standards in determining whether, on the facts of a particular case, a compact committee license should be suspended or revoked; (iii) to apply its own standards in determining licensure eligibility, under the laws of that party state, for categories of participants in live racing that the compact committee determines not to license and for individual participants in live racing who do not meet the licensure requirements of the compact committee; and (iv) to establish its own licensure standards for the licensure of nonracing employees at horse racetracks and employees at separate satellite wagering facilities. Any party state that suspends or revokes a compact committee license shall, through its racing commission or the equivalent thereof or otherwise, promptly notify the compact committee of that suspension or revocation.

67.17.130 Construction and severability of language. This chapter shall be liberally construed so as to effectuate its purposes. The provisions of this chapter are severable, and, if any phrase, clause, sentence, or provision of the compact is declared to be contrary to the Constitution of the United States or of any party state, or the applicability of the live horse racing compact to any governmental agency, person, or circumstance is held invalid, the validity of the remainder of the compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. 67.70.070  Licenses for lottery sales agents—Factors—"Person" defined. No license as an agent to sell lottery tickets or shares may be issued to any person to engage in business exclusively as a lottery sales agent. Before issuing a license, the director shall consider such factors as: (1) The financial responsibility and security of the person and his or her business or activity, (2) the accessibility of his or her place of business or activity to the public, (3) the sufficiency of existing licenses to serve the public convenience, and (4) the volume of expected sales.

For purposes of this section, the term "person" means an individual, association, corporation, club, trust, estate, society, company, joint stock company, receiver, trustee, assignee, referee, or any other person acting in a fiduciary or representative capacity, whether appointed by a court or otherwise, and any combination of individuals. "Person" does not mean any department, commission, agency, or instrumentality of the state, or any county or municipality or any agency or instrumentality thereof, except for retail outlets of the state liquor control board. [2012 c 117 § 308; 1982 2nd ex.s. c 7 § 7.]

67.70.080  License as authority to act. Any person licensed as provided in this chapter is hereby authorized and empowered to act as a lottery sales agent. [1982 2nd ex.s. c 7 § 8.]

67.70.090  Denial, suspension, and revocation of licenses. The director may deny an application for, or suspend or revoke, after notice and hearing, any license issued pursuant to this chapter. Such license may, however, be temporarily suspended by the director without prior notice, pending any prosecution, investigation, or hearing. A license may be suspended or revoked or an application may be denied by the director for one or more of the following reasons:

(1) Failure to account for lottery tickets received or the proceeds of the sale of lottery tickets or to file a bond if required by the director or to comply with the instructions of the director concerning the licensed activity;

(2) For any of the reasons or grounds stated in RCW 9.46.075 or violation of this chapter or the rules of the commission;

(3) Failure to file any return or report or to keep records or to pay any tax required by this chapter;

(4) Fraud, deceit, misrepresentation, or conduct prejudicial to public confidence in the state lottery;

(5) That the number of lottery tickets sold by the lottery sales agent is insufficient to meet administrative costs, or that public convenience is adequately served by other licensees;

(6) A material change, since issuance of the license with respect to any matters required to be considered by the director under RCW 67.70.070.

For the purpose of reviewing any application for a license and for considering the denial, suspension, or revocation of any license the director may consider any prior criminal conduct of the applicant or licensee and the provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to such cases. [1982 2nd ex.s. c 7 § 9.]

67.70.100  Assignment of rights prohibited—Exceptions—Notices—Assignment of payment of remainder of an annuity—Intervention—Limitation on payment by director—Rules—Recovery of costs of commission—Federal ruling required—Discharge of liability. (1) Except under subsection (2) of this section, no right of any person to a prize drawn is assignable, except that payment of any prize drawn may be paid to the estate of a deceased prize winner, and except that any person pursuant to an appropriate judicial order may be paid the prize to which the winner is entitled.

(2)(a) The payment of all or part of the remainder of an annuity may be assigned to another person, pursuant to a voluntary assignment of the right to receive future annual prize payments, if the assignment is made pursuant to an appropriate judicial order of the Thurston county superior court or the superior court of the county in which the prize winner resides, if the winner is a resident of Washington state. If the
prize winner is not a resident of Washington state, the winner must seek an appropriate order from the Thurston county superior court.

(b) If there is a voluntary assignment under (a) of this subsection, a copy of the petition for an order under (a) of this subsection and all notices of any hearing in the matter shall be served on the attorney general no later than ten days before any hearing or entry of any order.

c) The court receiving the petition may issue an order approving the assignment and directing the director to pay to the assignee the remainder or portion of an annuity so assigned upon finding that all of the following conditions have been met:

(i) The assignment has been memorialized in writing and executed by the assignor and is subject to Washington law;

(ii) The assignor provides a sworn declaration to the court attesting to the facts that the assignor has had the opportunity to be represented by independent legal counsel in connection with the assignment, has received independent financial and tax advice concerning the effects of the assignment, and is of sound mind and not acting under duress, and the court makes findings determining so;

(iii) The assignee has provided a one-page written disclosure statement that sets forth in bold-face type, fourteen point or larger, the payments being assigned by amount and payment dates, the purchase price, or loan amount being paid; the interest rate or rate of discount to present value, assuming monthly compounding and funding on the contract date; and the amount, if any, of any origination or closing fees that will be charged to the lottery winner. The disclosure statement must also advise the winner that the winner should consult with and rely upon the advice of his or her own independent legal or financial advisors regarding the potential federal and state tax consequences of the transaction; and

(iv) The proposed assignment does not and will not include or cover payments or portions of payments subject to offsets pursuant to RCW 67.70.255 unless appropriate provision is made in the order to satisfy the obligations giving rise to the offset.

(d) The commission may intervene as of right in any proceeding under this section but shall not be deemed an indispensable or necessary party.

(3) The director will not pay the assignee an amount in excess of the annual payment entitled to the assignor.

(4) The commission may adopt rules pertaining to the assignment of prizes under this section, including recovery of actual costs incurred by the commission. The recovery of actual costs shall be deducted from the initial annuity payment made to the assignee.

(5) No voluntary assignment under this section is effective unless and until the national office of the federal internal revenue service provides a ruling that declares that the voluntary assignment of prizes will not affect the federal income tax treatment of prize winners who do not assign their prizes. If at any time the federal internal revenue service or a court of competent jurisdiction provides a determination letter, revenue ruling, other public ruling of the internal revenue service or published decision to any state lottery or state lottery prize winner declaring that the voluntary assignment of prizes will effect the federal income tax treatment of prize winners who do not assign their prizes, the director shall immediately file a copy of that letter, ruling, or published decision with the secretary of state. No further voluntary assignments may be allowed after the date the ruling, letter, or published decision is filed.

(6) The occurrence of any event described in subsection (5) of this section does not render invalid or ineffective assignments validly made and approved pursuant to an appropriate judicial order before the occurrence of any such event.

(7) The requirement for a disclosure statement in subsection (2)(c)(iii) of this section does not apply to any assignment agreement executed before April 21, 1997.

(8) The commission and the director shall be discharged of all further liability upon payment of a prize pursuant to this section. [1997 c 111 § 1; 1996 c 228 § 2; 1982 2nd ex.s. c 7 § 10.]

Intent—1996 c 228: "The Washington state lottery act under chapter 7, Laws of 1982 2nd ex. sess., provides, among other things, that the right of any person to a prize shall not be assignable, except to the estate of a deceased prize winner, or to a person designated pursuant to an appropriate judicial order. Current law and practices provide that those who win lottery jackpots are paid in annual installments over a period of twenty years. The legislature recognizes that some prize winners, particularly elderly persons, those seeking to acquire a small business, and others with unique needs, may not want to wait to be paid over the course of up to twenty years. It is the intent of the legislature to provide a restrictive means to accommodate those prize winners who wish to enjoy more of their winnings currently, without impacting the current fiscal structure of the Washington state lottery commission." [1996 c 228 § 1.]

Purpose—Intent—2001 c 3 (Initiative Measure No. 728): "The citizens of Washington state expect and deserve great public schools for our generation of school children and for those who will follow. A quality public education system is crucial for our state's future economic success and prosperity, and for our children and their children to lead successful lives. The purpose of this act is to improve public education and to achieve higher academic standards for all students through smaller class sizes and other improvements. A portion of the state's surplus general fund revenues is dedicated to this purpose.

In 1993, Washington state made a major commitment to improved public education by passing the Washington education reform act. This act established new, higher standards of academic achievement for all students. It also established new levels of accountability for students, teachers, schools, and school districts. However, the K-12 finance system has not been changed to respond to the new standards and individual student needs.

To make higher student achievement a reality, schools need the additional resources and flexibility to provide all students with more individualized quality instruction, more time, and the extra support that they may require. We need to ensure that curriculum, instruction methods, and assessments of student performance are aligned with the new standards and student needs. The current level of state funding does not provide adequate resources to support higher academic achievement for all students. In fact, inflation-adjusted per-student state funding has declined since the legislature adopted the 1993 education reform act.

The erosion of state funding for K-12 education is directly at odds with the state's "paramount duty to make ample provision for the education of all children...." Now is the time to invest some of our surplus state revenues in the 1993 education reform act.

Conditions and needs vary across Washington's two hundred ninety-six school districts. School boards accountable to their local communities should therefore have the flexibility to decide which of the following strategies will be most effective in increasing student performance and in helping students meet the state's new, higher academic standards:

(a) Major reductions in K-4 class size;
(b) Selected class size reductions in grades 5-12, such as small high school writing classes;
(c) Extended learning opportunities for students who need or want
additional time in school;
(4) Investments in educators and their professional development;
(5) Early assistance for children who need prekindergarten support in order to be successful in school; and
(6) Providing improvements or additions to facilities to support class size reductions and extended learning opportunities.

**REDUCING CLASS SIZE**

Smaller classes in the early grades can significantly increase the amount of learning that takes place in the classroom. Washington state now ranks forty-eighth in the nation in its student-teacher ratio. This is unacceptable.

Significant class size reductions will provide our children with more individualized instruction and the attention they need and deserve and will reduce behavioral problems in classrooms. The state's long-term goal should be to reduce class size in grades K-4 to no more than eighteen students per teacher in a class.

The people recognize that class size reduction should be phased-in over several years. It should be accompanied by the necessary funds for school construction and modernization and for high-quality, well-trained teachers.

**EXTENDED LEARNING OPPORTUNITIES**

Student achievement will also be increased if we expand learning opportunities beyond our traditional-length school day and year. In many school districts, educators and parents want a longer school day, a longer school year, and/or all-day kindergarten to help students improve their academic performance or explore new learning opportunities. In addition, special programs such as before-and-after-school tutoring will help struggling students catch up and keep up with their classmates. Extended learning opportunities will be increasingly important as attainment of a certificate of mastery becomes a high school graduation requirement.

**TEACHER QUALITY**

Key to every student's academic success is a quality teacher in every classroom. Washington state's new standards for student achievement make teacher quality more important than ever. We are asking our teachers to teach more demanding curriculum in new ways, and we are holding our educators and schools to new, higher levels of accountability for student performance. Resources are needed to give teachers the content knowledge and skills to teach to higher standards and to give school leaders the skills to improve instruction and manage organizational change.

The ability of school districts throughout the state to attract and retain the highest quality teaching corps by offering competitive salaries and effective working conditions is an essential element of basic education. The state legislature is responsible for establishing teacher salaries. It is imperative that the legislature fund salary levels that ensure school districts' ability to recruit and retain the highest quality teachers.

**EARLY ASSISTANCE**

The importance of a child's intellectual development in the first five years has been established by widespread scientific research. This is especially true for children with disabilities and special needs. Providing assistance appropriate to children's developmental needs will enhance the academic achievement of these children in grades K-12. Early assistance will also lessen the need for more expensive remedial efforts in later years.

**NO SUPPLANTING OF EXISTING EDUCATION FUNDS**

It is the intent of the people that existing state funding for education, including all sources of such funding, shall not be reduced, supplanted, or otherwise adversely impacted by appropriations or expenditures from the student achievement fund created in RCW 43.135.045 or the education construction fund.

**INVESTING SURPLUS IN SCHOOLS UNTIL GOAL MET**

It is the intent of the people to invest a portion of state surplus revenues in their schools. This investment should continue until the state's contribution to funding public education achieves a reasonable goal. The goal should reflect the state's paramount duty to make ample provision for the education of all children and our citizens' desire that all students receive a quality education. The people set a goal of per-student state funding for the maintenance and operation of K-12 education being equal to at least ninety percent of the national average per-student expenditure from all sources. When this goal is met, further deposits to the student achievement fund shall be required only to the extent necessary to maintain the ninety-percent level. [2001 c 136 § 1. (initiative Measure No. 728, approved November 30, 2000.)]

1. The director may enter into contracts with any financially responsible person or firm providing for the payment of such installments; or
2. The director may establish and maintain a reserve account into which shall be placed sufficient moneys for the director to pay such installments as they become due. Such reserve account shall be maintained as a separate and independent fund outside the state treasury. [1987 c 511 § 11; 1982 2nd ex.s. c 7 § 25.]

(3) Prior to disbursement, any lottery prize exceeding six hundred dollars shall be set off against any debts owed by the

The inventory shall be equal or better in quality than the unconstructed crypts or niches, or undeveloped property if they were constructed or developed.

(2) If the death of a purchaser or owner of an unconstructed crypt, niche, or undeveloped property occurs before the property is constructed or developed, the cemetery authority shall provide a constructed crypt, niche, or developed property of equal or better quality without additional cost or charge.

(3) If two or more unconstructed crypts, niches, or undeveloped properties are conveyed with the intention that the crypts, niches, or properties shall be contiguous to each other or maintained together as a group and the death of any one purchaser or owner in such group occurs before the unconstructed crypts, niches, or undeveloped property is developed, the cemetery authority shall provide additional constructed crypts, niches, or developed property of equal or better quality, contiguous to each other or together as a group, as originally intended, to other purchasers or owners in the group without additional cost or charge.

68.50.330 Identification of body or human remains by dental examination—Comparison of dental examination records with dental records of dental identification system. If the county coroner or county medical examiner investigating a death is unable to establish the identity of a body or human remains by visual means, fingerprints, or other identifying data, he or she shall have a qualified dentist, as determined by the county coroner or county medical examiner, carry out a dental examination of the body or human remains. If the county coroner or county medical examiner with the aid of the dental examination and other identifying findings is still unable to establish the identity of the body or human remains, he or she shall prepare and forward such dental examination records within thirty days of the date the body or human remains were found to the dental identification system of the state patrol identification and criminal history section on forms supplied by the state patrol for such purposes.

The dental identification system shall act as a repository or computer center or both with respect to such dental examination records. It shall compare such dental examination records with dental records filed with it and shall determine which scoring probabilities are the highest for the purposes of identification. It shall then submit such information to the county coroner or county medical examiner who prepared and forwarded the dental examination records. 68.50.645 Skeletal human remains—Duty to notify—Ground disturbing activities—Coroner determination—Definitions. (1) It is the duty of every person who knows of the existence and location of skeletal human remains to notify the coroner and local law enforcement in the most expeditious manner possible, unless such person has good reason to believe that such notice has already been given. Any person knowing of the existence of skeletal human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice to the coroner and local law enforcement, is guilty of a misdemeanor.

(2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:

(a) Immediately cease any activity which may cause further disturbance;

(b) Make a reasonable effort to protect the area from further disturbance;

(c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and

(d) Be held harmless from criminal and civil liability arising under the provisions of this section provided the following criteria are met:

(i) The finding of the remains was based on inadvertent discovery;

(ii) The requirements of the subsection are otherwise met; and

(iii) The person is otherwise in compliance with applicable law.

(3) The coroner must make a determination of whether the skeletal human remains are forensic or nonforensic within five business days of receiving notification of a finding of such human remains provided that there is sufficient evidence to make such a determination within that time period. The coroner will retain jurisdiction over forensic remains.

(a) Upon determination that the remains are nonforensic, the coroner must notify the department of archaeology and historic preservation within two business days. The department will have jurisdiction over such remains until provenance of the remains is established. A determination that remains are nonforensic does not create a presumption of removal or nonremoval.

(b) Upon receiving notice from a coroner of a finding of nonforensic skeletal human remains, the department must notify the appropriate local cemeteries, and all affected Indian tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. The determination of what are appropriate local cemeteries to be notified is at the discretion of the department. A notification to tribes of a finding of such nonforensic skeletal human remains does not create a presumption of removal or nonremoval.

(c) The state physical anthropologist must make an initial determination of whether nonforensic skeletal human remains are Indian or non-Indian to the extent possible based on the remains within two business days of notification of a finding of nonforensic remains. If the remains are determined to be Indian, the department must notify all affected Indian tribes via certified mail to the head of the appropriate tribal government within two business days and contact the appropriate local cemeteries.

(d) Upon determination that the remains are nonforensic, the coroner must notify the appropriate local cemeteries, and all affected Indian tribes via certified mail to the head of the appropriate tribal government within two business days of the finding.

(4) For the purposes of this section:

(a) "Affected tribes" are:

(i) Those federally recognized tribes withusual and accustomed areas in the jurisdiction where the remains were found;

(ii) Those federally recognized tribes that submit to the department maps that reflect the tribe's geographical area of cultural affiliation; and

(iii) Other tribes with historical and cultural affiliation in the jurisdiction where the remains were found.

(b) "Forensic remains" are those that come under the jurisdiction of the coroner pursuant to RCW 68.50.010.

(2014 Ed.)
(c) "Inadverted discovery" has the same meaning as used in RCW 27.44.040.

(5) Nothing in this section constitutes, advocates, or otherwise grants, confers, or implies federal or state recognition of those tribes that are not federally recognized pursuant to 25 C.F.R. part 83, procedures for establishing that an American Indian group exists as an Indian tribe. [2008 c 275 § 1.]

Reviser's note:—2008 c 275: "The department of archaeology and historic preservation must communicate with the appropriate committees of the legislature by November 15, 2009, and biennially thereafter, regarding the numbers of inadverted discoveries of skeletal human remains and other associated activities pursuant to this act." [2008 c 275 § 8.]

68.50.900 Effective date—1987 c 331. See RCW 68.05.900.

68.50.901 Application—1993 c 228. RCW 68.50.520 through 68.50.901 apply to a document of gift, revocation, or refusal to make an anatomical gift signed by the donor or a person authorized to make or object to making an anatomical gift before, on, or after July 25, 1993. [1993 c 228 § 12.]

68.50.902 Application—Construction—1993 c 228. This act shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this act among states enacting it. [1993 c 228 § 13.]

68.50.903 Severability—1993 c 228. If any provision of this act or any application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 228 § 14.]

68.50.904 Short title—1993 c 228. RCW 68.50.520 through 68.50.901 may be cited as the "uniform anatomical gift act." [1993 c 228 § 16.]

(1) To form a cemetery district, a petition designating the boundaries of the proposed district by metes and bounds or describing the lands to be included in the proposed district by government townships, ranges, and legal subdivisions, setting forth the object of the formation of the proposed district, and stating that the formation of the proposed district will be conducive to the public welfare and convenience, must be filed with the county auditor of the county in which the proposed district is located, accompanied by an obligation signed by two or more petitioners agreeing to pay the cost of publishing the notice specified in RCW 68.52.120. (2) The petition must be signed by at least ten percent of the registered voters in the proposed district. However, in counties with only one municipality the petition must be signed by at least ten percent of the registered voters in the proposed district, based on the total vote cast in the most recent county general election. (3) The county auditor must, within thirty days from the date of filing of the petition, examine the signatures and certify the sufficiency or insufficiency of the petition. (4) Notwithstanding subsection (3) of this section, in counties with only one municipality the county auditor must examine the signatures and certify the sufficiency or insufficiency of the petition within fifteen days from the date of filing of the petition. If the county auditor certifies that the petition is insufficient, the county auditor must afford the person who filed the petition ten days from that certification to add additional signatures to the petition. Within fifteen days from the date of refiling, the county auditor must examine the signatures and certify the sufficiency or insufficiency of the petition.
68.52.110  Hearing—Place and date. The county legislative authority must conduct a hearing on the petition not less than twenty nor more than forty days from the date of receipt of the petition from the county auditor. (2) If the county legislative authority finds in favor of the formation of the proposed district, the county legislative authority must designate the name and number of the proposed district, fix the boundaries of the proposed district, and cause an election to be held in the proposed district to determine whether the proposed district will be formed under the provisions of this chapter, and to elect the first cemetery district commissioners.

Upon conclusion of the canvass, the canvassing officials must certify the results to the county legislative authority.

(2) The cemetery district is formed if two-thirds of all votes cast at the election were in favor of the formation of the proposed district. However, in counties with only one municipality the district is formed if a majority of all votes cast at the election were in favor of the formation of the proposed district.

(3) If the proposition to form the proposed district received the voter approval required under this section, the county legislative authority must by resolution recorded in the county legislative authority's minutes: Declare the district formed under the name and number previously designated; and declare the three candidates receiving the highest number of votes for cemetery district commissioners as the duly elected first commissioners of the district. The clerk of the county legislative authority must certify a copy of the resolution and cause it to be filed for record in the offices of the county auditor and the county assessor of the county. The certified copy may be recorded without payment of a recording fee.

(4) If the proposition to form the proposed district failed to receive the voter approval required under this section, the county legislative authority must record in the county legislative authority's minutes the failed vote, and all proceedings relating to the proposed district are null and void.

(5) For the purposes of this section, "municipality" means a city or town. [2013 c 167 § 7; 1947 c 6 § 9; Rem. Supp. 1947 § 3778-158. Formerly RCW 68.16.090.]

(2) After the expiration of five days from the date of the resolution declaring the district formed, and upon filing of certified copies of the resolution in the offices of the county auditor and county assessor, the formation of the cemetery district is complete and its legal existence may not thereafter be questioned by any person by reason of any defect in the proceedings for the formation of the cemetery district. [2013 c 167 § 8; 1947 c 6 § 10; Rem. Supp. 1947 § 3778-159. Formerly RCW 68.16.100.]

68.52.185 Ballot proposition authorized for district formation. A county legislative authority may, by ordinance or resolution, provide for a ballot proposition to form a cemetery district. When proposed by ordinance or resolution of the county legislative authority, a ballot proposition shall designate the boundaries of the proposed district by metes and bounds or describing the lands to be included in the proposed district by government townships, ranges, and legal subdivisions. The ballot proposition authorizing the formation of a cemetery district shall be submitted to the voters residing within the proposed district consistent with the provisions of this chapter. [2008 c 96 § 2.]

The governing body of a cemetery district may join with any other public or private agency in buying supplies, equipment, and services collectively. [1963 c 112 § 3. Formerly RCW 68.16.112.]

68.52.200 Rights of eminent domain. The taking and
damaging of property or rights therein by any cemetery dis-
trict to carry out the purposes of its creation, are hereby
declared to be for a public use, and any such district shall
have and exercise the power of eminent domain to acquire
any property or rights therein, either inside or outside the dis-
trict for the use of such district. In exercising the power of
eminent domain, a district shall proceed in the manner pro-
vided by law for the appropriation of real property or rights
therein by private corporations. It may at its option unite in
a single action proceedings to condemn property held by sepa-
rate owners. Two or more condemnation suits instituted sep-
arately may also in the discretion of the court be consolidated
upon motion of any interested party into a single action. In
such cases the jury shall render separate verdicts for each
tract of land in different ownership. No finding of the jury or
decree of the court as to damages in any condemnation suit
instituted by the district shall be held or construed to destroy
the right of the district to levy and collect taxes for any and all
district purposes against the undeclared land situated
within the district. [1947 c 6 § 12; Rem. Supp. 1947 § 3778-

Eminent domain: State Constitution Art. 1 § 16 (Amendment 9).

68.52.210 Power to do cemetery business—District

A cemetery district shall constitute a cemetery authority as
defined in this title and shall have and exercise all powers
conferred thereby upon a cemetery authority and be subject to
the provisions thereof.

(2) A cemetery district may include within its boundaries
the lands embraced within the corporate limits of any incor-
porated city or town and in any such cases the district may
acquire any cemetery or cemeteries heretofore maintained
and operated by any such city or town and proceed to main-

operate a cemetery within the corporate limits of any city or
town where there is a private cemetery operated for profit.

(3) A cemetery district may include within its boundaries
the lands embraced within the corporate limits of any incor-

"Consumer price index" means, for any calendar year, that
year’s annual average consumer price index, for Washington
state, for wage earners and clerical workers, all items, com-

department of labor. If the bureau of labor and statistics
develops more than one consumer price index for areas
within the state, the index covering the greatest number of
people, covering areas exclusively within the boundaries of
the state, and including all items must be used for the adjust-
ments for inflation in this section. The office of financial
management must calculate the new dollar threshold and
transmit it to the office of the code reviser for publication in
the Washington State Register at least one month before the
new dollar threshold is to take effect.

(6) A person holding office as commissioner for two or

68.54.010 Annexation—Petition—Procedure. Any territory contiguous to a cemetery district and not within the boundaries of a city or town other than as set forth in RCW 68.52.210 or other cemetery district may be annexed to such cemetery district by petition of ten percent of the registered voters residing within the territory proposed to be annexed who voted in the last general municipal election. Such petition shall be filed with the cemetery commissioners of the cemetery district and if the cemetery commissioners shall concur in the petition they shall then file such petition with the county auditor who shall within thirty days from the date of filing such petition examine the signatures thereof and certify to the sufficiency or insufficiency thereof. After the county auditor shall have certified to the sufficiency of the petition, the proceedings thereafter by the county legislative authority, and the rights and powers and duties of the county legislative authority, petitioners and objectors and the election and canvass thereof shall be the same as in the original proceedings to form a cemetery district: PROVIDED, That the county legislative authority shall have authority and it shall be its duty to determine on an equitable basis, the amount of obligation which the territory to be annexed to the district shall assume, if any, to place the taxpayers of the existing district on a fair and equitable relationship with the taxpayers of the territory to be annexed by reason of the benefits of coming into a going district previously supported by the taxpayers of the existing district, and such obligation may be paid to the district in yearly installments to be fixed by the county legislative authority if within the limits as outlined in RCW 68.52.310 and included in the annual tax levies against the property in such annexed territory until fully paid. The amount of the obligation and the plan of payment thereof filed by the county legislative authority shall be set out in general terms in the notice of election for annexation: PROVIDED, That the special election shall be held only within the boundaries of the territory proposed to be annexed to the cemetery district. Upon the entry of the order of the county legislative authority incorporating such contiguous territory within such existing cemetery district, the territory shall become subject to the indebtedness, bonded or otherwise, of the existing district in like manner as the territory of the district. Should such petition be signed by sixty percent of the registered voters residing within the territory proposed to be annexed, and should the cemetery commissioners concur therein, an election in such territory and a hearing on such petition shall be dispensed with and the county legislative authority shall enter its order incorporating such territory within the existing cemetery district. [1990 c 259 § 35; 1987 c 331 § 74; 1969 ex.s. c 78 § 1. Formerly RCW 68.18.010.]

68.54.020 Merger—Authorized. A cemetery district organized under chapter 68.52 RCW may merge with another such district lying adjacent thereto, upon such terms and conditions as they agree upon, in the manner hereinafter provided. The district desiring to merge with another district shall hereinafter be called the "merging district", and the district into which the merger is to be made shall be called the "merger district". [1990 c 259 § 36; 1969 ex.s. c 78 § 2. Formerly RCW 68.18.020.]

68.54.030 Merger—Petition—Procedure—Contents. To effect such a merger, a petition therefor shall be filed with the board of the merger district by the commissioners of the merging district. The commissioners of the merging district may sign and file the petition upon their own initiative, and they shall file such a petition when it is signed by ten percent of the registered voters resident in the merging district who voted in the last general municipal election and presented to them. The petition shall state the reasons for the merger; give a detailed statement of the district's finances, listing its assets and liabilities; state the terms and conditions under which the merger is proposed; and pray for the merger. [1990 c 259 § 37; 1969 ex.s. c 78 § 3. Formerly RCW 68.18.030.]

68.54.040 Merger—Petition—Rejection, concurrence, or modification—Signatures. The board of the merger district may, by resolution, reject the petition, or it may concur therein as presented, or it may modify the terms and conditions of the proposed merger, and shall transmit the petition, together with a copy of its resolution thereon to the merging district. If the petition is concurred in as presented or
as modified, the board of the merging district shall forthwith present the petition to the auditor of the county in which the merging district is situated, who shall within thirty days examine the signatures thereon and certify to the sufficiency or insufficiency thereof, and for that purpose he or she shall have access to all registration books and records in the possession of the registration officers of the election precincts included, in whole or in part, within the merging district. Such books and records shall be prima facie evidence of truth of the certificate. No signatures may be withdrawn from the petition after the filing. [2012 c 117 § 322; 1969 ex.s. c 78 § 4. Formerly RCW 68.18.040.]

68.54.050 Merger—Petition—Special election. If the auditor finds that the petition contains the signatures of a sufficient number of qualified electors, he or she shall return it, together with his or her certificate of sufficiency attached thereto, to the board of the merging district. Thereupon such board shall adopt a resolution, calling a special election in the merging district, at which shall be submitted to the electors thereof, the question of the merger. [2012 c 117 § 323; 1969 ex.s. c 78 § 5. Formerly RCW 68.18.050.]

68.54.060 Merger—Petition—Election—Vote required—Merger effected. The board of the merging district shall notify the board of the merger district of the results of the election. If three-fifths of the votes cast at the election favor the merger, the respective district boards shall adopt concurrent resolutions, declaring the districts merged, under the name of the merger district. Thereupon the districts are merged into one district, under the name of the merger district; the merging district is dissolved without further proceedings; and the boundaries of the merger district are thereby extended to include all the area of the merging district. Thereafter the legal existence cannot be questioned by any person by reason of any defect in the proceedings had for the merger. [1969 ex.s. c 78 § 6. Formerly RCW 68.18.060.]

68.54.070 Merger—Petition—When election dispensed with. If three-fifths of all the qualified electors in the merging district sign the petition to merge, no election on the question of the merger is necessary. In such case, the auditor shall return the petition, together with his or her certificate of sufficiency attached thereto, to the board of the merging district. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of merger in the same manner and to the same effect as if the merger had been authorized by an election. [2012 c 117 § 324; 1969 ex.s. c 78 § 7. Formerly RCW 68.18.070.]

68.54.080 Merger—Preexisting obligations. None of the obligations of the merging districts or of a local improvement district therein shall be affected by the merger and dissolution, and all land liable to be assessed to pay any of such indebtedness shall remain liable to the same extent as if the merger had not been made, and any assessments theretofore levied against the land shall remain unimpaired and shall be collected in the same manner as if no merger had been made. The commissioners of the merging district shall have all the powers possessed at the time of the merger by the commissioners of the two districts, to levy, assess and cause to be collected all assessments against any land in both districts which may be necessary to provide for the payment of the indebtedness thereof, and until the assessments are collected and all indebtedness of the districts paid, separate funds shall be maintained for each district as were maintained before the merger: PROVIDED, That the board of the merged district may, with the consent of the creditors of the districts merged, cancel any or all assessments theretofore levied, in accordance with the terms and conditions of the merger, to the end that the lands in the respective districts shall bear their fair and proportionate share of such indebtedness. [1969 ex.s. c 78 § 8. Formerly RCW 68.18.080.]

68.54.090 Merger—Transfer of all property, funds, assessments. The commissioners of the merging district shall, forthwith upon completion of the merger, transfer, convey, and deliver to the merged district all property and funds of the merging district, together with all interest in and right to collect any assessments theretofore levied. [1969 ex.s. c 78 § 9. Formerly RCW 68.18.090.]

68.54.100 Merger and transfer of part of one district to adjacent district—Petition—Election—Vote. A part of one district may be transferred and merged with an adjacent district whenever such area can be better served by the merged district. To effect such a merger a petition, signed by not less than fifteen percent of the qualified electors residing in the area to be merged, shall be filed with the commissioners of the merging district. Such petition shall be promoted by one or more qualified electors within the area to be transferred. If the commissioners of the merging district act favorably upon the petition, then the petition shall be presented to the commissioners of the merger district. If the commissioners of the merger district act favorably upon the petition, an election shall be called in the area merged.

In the event that either board of cemetery commissioners shall not concur with the petition, the petition may then be presented to a county review board established for such purposes, if there be no county review board for such purposes then to the state review board and if there be no state review board, then to the county commissioners of the county in which the area to be merged is situated, who shall decide if the area can be better served by such a merger; upon an affirmative decision an election shall be called in the area merged.

A majority of the votes cast shall be necessary to approve the transfer. [1969 ex.s. c 78 § 10. Formerly RCW 68.18.100.]

68.54.110 Merger and transfer of part of one district to adjacent district—When election dispensed with. If three-fifths of all the qualified electors in the area to be merged sign a petition to merge the districts, no election on the question of the merger is necessary, in which case the auditor shall return the petition, together with his or her certificate of sufficiency attached thereto, to the boards of the merging districts. Thereupon the boards of the respective districts shall adopt their concurrent resolutions of transfer in the same manner and to the same effect as if the same had been authorized by an election. [2012 c 117 § 325; 1969 ex.s. c 78 § 11. Formerly RCW 68.18.110.]
68.54.120 Merger and transfer of part of one district to adjacent district—Preexisting indebtedness. When a part of one cemetery district is transferred to another as provided by RCW 68.54.100 and 68.54.110, said part shall be relieved of all liability for any indebtedness of the district from which it is withdrawn. However, the acquiring district shall pay to the losing district that portion of the latter's indebtedness for which the transferred part was liable. This amount shall not exceed the proportion that the assessed valuation of the transferred part bears to the assessed valuation of the whole district from which said part is withdrawn. The adjustment of such indebtedness shall be based on the assessment for the year in which the transfer is made. The boards of commissioners of the districts involved in the said transfer and merger shall enter into a contract for the payment by the acquiring district of the above-referred to indebtedness under such terms as they deem proper, provided such contract shall not impair the security of existing creditors. [1987 c 331 § 75; 1969 ex.s. c 78 § 12. Formerly RCW 68.18.120.]

(1) "Abandoned cemetery" means a burial ground of the human dead in [for] which the county assessor can find no record of an owner; or where the last known owner is deceased and lawful conveyance of the title has not been made; or in which a cemetery company, cemetery association, corporation, or other organization formed for the purpose of burying the human dead has either disbanded, been administratively dissolved by the secretary of state, or otherwise ceased to exist, and for which title has not been conveyed.

(2) "Historical cemetery" means any burial site or grounds which contain within them human remains buried prior to November 11, 1889; except that (a) cemeteries holding a valid certificate of authority to operate granted under RCW 68.05.115 and 68.05.215, (b) cemeteries owned or operated by any recognized religious denomination that qualifies for an exemption from real estate taxation under RCW 84.36.020 on any of its churches or the ground upon which any of its churches are or will be built, and (c) cemeteries controlled or operated by a coroner, county, city, town, or cemetery district shall not be considered historical cemeteries.

(3) "Historic grave" means a grave or graves that were placed outside a cemetery dedicated pursuant to this chapter and to chapter 68.24 RCW, prior to June 7, 1990, except Indian graves and burial cairns protected under chapter 27.44 RCW.

68.60.030 Preservation and maintenance corporations—Authorization of other corporations to restore, maintain, and protect abandoned cemeteries. (1)(a) The department of archaeology and historic preservation may grant by nontransferable certificate authority to maintain and protect an abandoned cemetery upon application made by a preservation organization which has been incorporated for the purpose of restoring, maintaining, and protecting an abandoned cemetery. Such authority shall be limited to the care, maintenance, restoration, protection, and historical preservation of the abandoned cemetery, and shall not include authority to make burials. In order to activate a historical cemetery for burials, an applicant must apply for a certificate of authority to operate a cemetery from the funeral and cemetery board.

(b) Those preservation and maintenance corporations that are granted authority to maintain and protect an abandoned cemetery shall not be liable to those claiming burial rights, ancestral ownership, or to any other person or organization alleging to have control by any form of conveyance not previously recorded at the county auditor's office within the county in which the abandoned cemetery exists. Such organizations shall not be liable for any reasonable alterations made during restoration work on memorials, roadways, walkways, features, plantings, or any other detail of the abandoned cemetery.

**68.60.050 Protection of historic graves—Penalty.** (1) Any person who knowingly removes, mutilates, defaces, injures, or destroys any historic grave shall be guilty of a class C felony punishable under chapter 9A.20 RCW. Persons disturbing historic graves through inadvertence, including disturbance through construction, shall reinter the human remains under the supervision of the department of archaeology and historic preservation. Expenses to reinter such human remains are to be provided by the department of archaeology and historic preservation to the extent that funds for this purpose are appropriated by the legislature.

(2) This section does not apply to actions taken in the performance of official law enforcement duties.

(3) It shall be a complete defense in a prosecution under subsection (1) of this section if the defendant can prove by a preponderance of evidence that the alleged acts were accidental or inadvertent and that reasonable efforts were made to preserve the remains accidentally disturbed or discovered, and that the accidental discovery or disturbance was properly reported. **68.60.055 Skeletal human remains—Duty to notify—Ground disturbing activities—Coroner determination—Definitions.** (1) Any person who discovers skeletal human remains shall notify the coroner and local law enforcement in the most expeditious manner possible. Any person knowing of the existence of skeletal human remains and not having good reason to believe that the coroner and local law enforcement has notice thereof and who fails to give notice thereof is guilty of a misdemeanor.

(2) Any person engaged in ground disturbing activity and who encounters or discovers skeletal human remains in or on the ground shall:

(a) Immediately cease any activity which may cause further disturbance;

(b) Make a reasonable effort to protect the area from further disturbance;

(c) Report the presence and location of the remains to the coroner and local law enforcement in the most expeditious manner possible; and

(d) Be held harmless from criminal and civil liability arising under the provisions of this section provided the following criteria are met:

(i) The finding of the remains was based on inadvertent discovery;

(ii) The requirements of the subsection are otherwise met; and

(iii) The person is otherwise in compliance with applicable law.

(3) The coroner must make a determination whether the skeletal human remains are forensic or nonforensic within five business days of receiving notification of a finding of such remains provided that there is sufficient evidence to make such a determination within that time period. The coroner will retain jurisdiction over forensic remains.

(a) Upon determination that the remains are nonforensic, the coroner must notify the department of archaeology and historic preservation within two business days. The department will have jurisdiction over such remains until provenance of the remains is established. A determination that remains are nonforensic does not create a presumption of removal or nonremoval.

(b) Upon receiving notice from a coroner of a finding of nonforensic skeletal human remains, the department must notify the appropriate local cemeteries and all affected Indian tribes via certified mail to the head of the appropriate tribal government, and contact the appropriate tribal cultural resources staff within two business days of the finding. The determination of what are appropriate local cemeteries to be notified is at the discretion of the department. A notification to tribes of a finding of such nonforensic skeletal human remains does not create a presumption that the remains are Indian.

(c) The state physical anthropologist must make an initial determination of whether nonforensic skeletal human remains are Indian or non-Indian to the extent possible based on the remains within two business days of notification of a finding of such nonforensic remains. If the remains are determined to be Indian, the department must notify all affected Indian tribes via certified mail to the head of the appropriate tribal government within two business days and contact the appropriate tribal cultural resources staff.

(d) The affected tribes have five business days to respond via telephone or writing to the department as to their interest in the remains.

(4) For the purposes of this section:

(a) "Affected tribes" are:

(i) Those federally recognized tribes with usual and accustomed areas in the jurisdiction where the remains were found;

(ii) Those federally recognized tribes that submit to the department maps that reflect the tribe’s geographical area of cultural affiliation; and

Effective date—Intent—Legislation to reconcile chapter 161, Laws of 2010 and other amendments made during the 2010 legislative session—2010 c 161: See notes following RCW 46.04.013.

68.64.020 Scope. This chapter applies to an anatomical gift or amendment to, revocation of, or refusal to make an anatomical gift, whenever made. [2008 c 139 § 3.]

68.64.030 Persons authorized to make an anatomical gift—During life of donor. Subject to RCW 68.64.070, an anatomical gift of a donor's body or part may be made during the life of the donor in the manner provided in RCW 68.64.040 by:

(1) The donor, if the donor is an adult or if the donor is a minor and is:

(a) Emancipated; or

(b) Authorized under state law to apply for a driver's license because the donor is at least fifteen and one-half years old;

(2) An agent of the donor, unless the power of attorney for health care or other record prohibits the agent from making an anatomical gift;

(3) A parent of the donor, if the donor is an unemancipated minor; provided, however, that an anatomical gift made pursuant to this subsection shall cease to be valid once the donor becomes either an emancipated minor or an adult; or

(4) The donor's guardian. [2008 c 139 § 4.]

68.64.040 Manner in which an anatomical gift may be made. (1) A donor may make an anatomical gift:

(a) By authorizing a statement or symbol indicating that the donor has made an anatomical gift to be imprinted on the donor's driver's license or identification card;

(b) In a will;

(c) During a terminal illness or injury of the donor, by any form of communication addressed to at least two adults, at least one of whom is a disinterested witness; or

(d) As provided in subsection (2) of this section.

(2) A donor or other person authorized to make an anatomical gift under RCW 68.64.030 may make a gift by a donor card or other record signed by the donor or other person making the gift or by authorizing that a statement or symbol indicating that the donor has made an anatomical gift be included on a donor registry. If the donor or other person is physically unable to sign a record, the record may be signed by another individual at the direction of the donor or other person and must:

(a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other person; and

(b) State that it has been signed and witnessed as provided in (a) of this subsection.

(3) Revocation, suspension, expiration, or cancellation of a driver's license or identification card through which an anatomical gift has been made does not invalidate the gift.
An anatomical gift made by will takes effect upon the donor's death whether or not the will is probated. Invalidation of the will after the donor's death does not invalidate the gift. [2008 c 139 § 5.]

**68.64.050 Amending or revoking an anatomical gift.** (1) Subject to RCW 68.64.070, a donor or other person authorized to make an anatomical gift under RCW 68.64.030 may amend or revoke an anatomical gift by:

(a) A record signed by:
   (i) The donor;
   (ii) The other person; or
   (iii) Subject to subsection (2) of this section, another individual acting at the direction of the donor or the other person if the donor or other person is physically unable to sign; or

(b) A later-executed document of gift that amends or revokes a previous anatomical gift or portion of an anatomical gift, either expressly or by inconsistency.

(2) A record signed pursuant to subsection (1)(a)(iii) of this section must:

(a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the donor or the other person; and

(b) State that it has been signed and witnessed as provided in (a) of this subsection.

(3) Subject to RCW 68.64.070, a donor or other person authorized to make an anatomical gift under RCW 68.64.030 may revoke an anatomical gift by the destruction or cancellation of the document of gift, or the portion of the document of gift used to make the gift, with the intent to revoke the gift. The donor or other person shall notify the Washington organ procurement organization of the destruction or cancellation of the document of gift for the purpose of removing the individual's name from the organ and tissue donor registry created in RCW 68.64.200. If the Washington state organ procurement organization that is notified does not maintain a registry for Washington residents, it shall notify all Washington state procurement organizations that do maintain such a registry.

(4) A donor may amend or revoke an anatomical gift that was not made in a will by any form of communication during a terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

(5) A donor who makes an anatomical gift in a will may amend or revoke the gift in the manner provided for amendment or revocation of wills or as provided in subsection (1) of this section. [2008 c 139 § 6.]

**68.64.060 Refusal to make an anatomical gift.** (1) An individual may refuse to make an anatomical gift of the individual's body or part by:

(a) A record signed by:
   (i) The individual; or
   (ii) Subject to subsection (2) of this section, another individual acting at the direction of the individual if the individual is physically unable to sign;

(b) The individual's will, whether or not the will is admitted to probate or invalidated after the individual's death; or

(c) Any form of communication made by the individual during the individual's terminal illness or injury addressed to at least two adults, at least one of whom is a disinterested witness.

(2) A record signed pursuant to subsection (1)(a)(ii) of this section must:

(a) Be witnessed by at least two adults, at least one of whom is a disinterested witness, who have signed at the request of the individual; and

(b) State that it has been signed and witnessed as provided in (a) of this subsection.

(3) An individual who has made a refusal may amend or revoke the refusal:

(a) In the manner provided in subsection (1) of this section for making a refusal;

(b) By subsequently making an anatomical gift pursuant to RCW 68.64.040 that is inconsistent with the refusal; or

(c) By destroying or canceling the record evidencing the refusal, or the portion of the record used to make the refusal, with the intent to revoke the refusal.

(4) Except as otherwise provided in RCW 68.64.070(8), in the absence of an express, contrary indication by the individual set forth in the refusal, an individual's unrevoked refusal to make an anatomical gift of the individual's body or part bars all other persons from making an anatomical gift of the individual's body or part. [2008 c 139 § 7.]

**68.64.070 Making, amending, or revoking a gift by a person other than donor—Making additional gifts.** (1) Except as otherwise provided in subsection (7) of this section and subject to subsection (6) of this section, in the absence of an express, contrary indication by the donor, a person other than the donor is barred from making, amending, or revoking an anatomical gift of a donor's body or part if the donor made an anatomical gift of the donor's body or part under RCW 68.64.040 or an amendment to an anatomical gift of the donor's body or part under RCW 68.64.050.

(2) A donor's revocation of an anatomical gift of the donor's body or part under RCW 68.64.050 is not a refusal and does not bar another person specified in RCW 68.64.030 or 68.64.080 from making an anatomical gift of the donor's body or part under RCW 68.64.040 or 68.64.090.

(3) If a person other than the donor makes an unrevoked anatomical gift of the donor's body or part under RCW 68.64.040 or an amendment to an anatomical gift of the donor's body or part under RCW 68.64.050, another person may not make, amend, or revoke the gift of the donor's body or part under RCW 68.64.090.

(4) A revocation of an anatomical gift of a donor's body or part under RCW 68.64.050 by a person other than the donor does not bar another person from making an anatomical gift of the body or part under RCW 68.64.040 or 68.64.090.

(5) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under RCW 68.64.030, an anatomical gift of a part is neither a refusal to give another part nor a limitation on the making of an anatomical gift of another part at a later time by the donor or another person.

(6) In the absence of an express, contrary indication by the donor or other person authorized to make an anatomical gift under RCW 68.64.030, an anatomical gift of a part for one or more of the permitted purposes is not a limitation on
the making of an anatomical gift of the part for any of the other purposes by the donor or any other person under RCW 68.64.040 or 68.64.090.

(7) If a donor who is an unemancipated minor dies, a parent of the donor who is reasonably available may revoke or amend an anatomical gift of the donor's body or part.

(8) If an unemancipated minor who signed a refusal dies, a parent of the minor who is reasonably available may revoke the minor's refusal. [2008 c 139 § 8.]

68.64.080 Persons authorized to make an anatomical gift—After donor's death. (1) Subject to subsections (2) and (3) of this section and unless barred by RCW 68.64.060 or 68.64.070, an anatomical gift of a decedent's body or part may be made by any member of the following classes of persons who is reasonably available, in the order of priority listed:

(a) An agent of the decedent at the time of death who could have made an anatomical gift under RCW 68.64.030(2) immediately before the decedent's death;
(b) The spouse, or domestic partner registered as required by state law, of the decedent;
(c) Adult children of the decedent;
(d) Parents of the decedent;
(e) Adult siblings of the decedent;
(f) Adult grandchildren of the decedent;
(g) Grandparents of the decedent;
(h) The persons who were acting as the guardians of the person of the decedent at the time of death; and
(i) Any other person having the authority under applicable law to dispose of the decedent's body.

(2) If there is more than one member of a class listed in subsection (1)(a), (c), (d), (e), (f), (g), or (h) of this section entitled to make an anatomical gift, an anatomical gift may be made by a member of the class unless that member or a person to which the gift may pass under RCW 68.64.100 knows of an objection by another member of the class. If an objection is known, the gift may be made only by a majority of the members of the class who are reasonably available.

(3) A person may not make an anatomical gift if, at the time of the decedent's death, a person in a prior class under subsection (1) of this section is reasonably available to make or to object to the making of an anatomical gift. [2008 c 139 § 9.]

68.64.090 Manner in which an anatomical gift may be made—After donor's death. (1) A person authorized to make an anatomical gift under RCW 68.64.080 may make an anatomical gift by a document of gift signed by the person making the gift or by that person's oral communication that is electronically recorded or is contemporaneously reduced to a record and signed by the individual receiving the oral communication.

(2) Subject to subsection (3) of this section, an anatomical gift by a person authorized under RCW 68.64.080 may be amended or revoked orally or in a record by any member of a prior class who is reasonably available. If more than one member of the prior class is reasonably available, the gift made by a person authorized under RCW 68.64.080 may be:

(a) Amended only if a majority of the reasonably available members agree to the amending of the gift; or

(b) Revoked only if a majority of the reasonably available members agree to the revoking of the gift or if they are equally divided as to whether to revoke the gift.

(3) A revocation under subsection (2) of this section is effective only if, before an incision has been made to remove a part from the donor's body or before transplant procedures have begun on the recipient, the procurement organization, transplant hospital, or physician or technician knows of the revocation. [2008 c 139 § 10.]

68.64.100 Persons to whom an anatomical gift may be made. (1) An anatomical gift may be made to the following persons named in the document of gift:

(a) For research or education: A hospital; an accredited medical school, dental school, college, or university; or an organ procurement organization;
(b) Subject to subsection (2) of this section, an individual designated by the person making the anatomical gift if the individual is the recipient of the part;
(c) An eye bank or tissue bank.

(2) If an anatomical gift to an individual under subsection (1)(b) of this section cannot be transplanted into the individual, the part passes in accordance with subsection (7) of this section in the absence of an express, contrary indication by the person making the anatomical gift.

(3) If an anatomical gift of one or more specific parts or of all parts is made in a document of gift that does not name a person described in subsection (1) of this section but identifies the purpose for which an anatomical gift may be used, the following rules apply:

(a) If the part is an eye and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate eye bank.
(b) If the part is tissue and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate tissue bank.
(c) If the part is an organ and the gift is for the purpose of transplantation or therapy, the gift passes to the appropriate organ procurement organization as custodian of the organ.
(d) If the part is an organ, an eye, or tissue and the gift is for the purpose of research or education, the gift passes to the appropriate procurement organization.

(4) For the purpose of subsection (3) of this section, if there is more than one purpose of an anatomical gift set forth in the document of gift but the purposes are not set forth in any priority, the gift must be used for transplantation or therapy, if suitable. If the gift cannot be used for transplantation or therapy, the gift may be used for research or education.

(5) If an anatomical gift of one or more specific parts is made in a document of gift that does not name a person described in subsection (1) of this section and does not identify the purpose of the gift, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection (7) of this section.

(6) If a document of gift specifies only a general intent to make an anatomical gift by words such as "donor," "organ donor," or "body donor," or by a symbol or statement of similar import, the gift may be used only for transplantation or therapy, and the gift passes in accordance with subsection (7) of this section.
(7) For purposes of subsections (2), (5), and (6) of this section the following rules apply:

(a) If the part is an eye, the gift passes to the appropriate eye bank.

(b) If the part is tissue, the gift passes to the appropriate tissue bank.

(c) If the part is an organ, the gift passes to the appropriate organ procurement organization as custodian of the organ.

(8) An anatomical gift of an organ for transplantation or therapy, other than an anatomical gift under subsection (1)(b) of this section, passes to the organ procurement organization as custodian of the organ.

(9) If an anatomical gift does not pass pursuant to subsections (1) through (8) of this section or the decedent's body or part is not used for transplantation, therapy, research, or education, custody of the body or part passes to the person under obligation to dispose of the body or part.

(10) A person may not accept an anatomical gift if the person knows that the gift was not effectively made under RCW 68.64.040 or 68.64.090 or if the person knows that the decedent made a refusal under RCW 68.64.060 that was not revoked. For purposes of this subsection (10), if a person knows that an anatomical gift was made on a document of gift, the person is deemed to know of any amendment or revocation of the gift or any refusal to make an anatomical gift on the same document of gift.

(11) Except as otherwise provided in subsection (1)(b) of this section, nothing in this chapter affects the allocation of organs for transplantation or therapy. [2008 c 139 § 11.]

68.64.105 Document of gift—Validity requirements.

(1) A document of gift is valid if executed in accordance with:

(a) This chapter;

(b) The laws of the state or country where it was executed; or

(c) The laws of the state or country where the person making the anatomical gift was domiciled, has a place of residence, or was a national at the time the document of gift was executed.

(2) If a document of gift is valid under this section, the law of this state governs the interpretation of the document of gift.

(3) A person may presume that a document of gift or amendment of an anatomical gift is valid unless that person knows that it was not validly executed or was revoked. [2008 c 139 § 19.]

68.64.110 Document of gift or refusal—Examination and copying.

(1) A document of gift need not be delivered during the donor's lifetime to be effective.

(2) Upon or after an individual's death, a person in possession of a document of gift or a refusal to make an anatomical gift with respect to the individual shall allow examination and copying of the document of gift or refusal by a person authorized to make or object to the making of an anatomical gift with respect to the individual or by a person to which the gift could pass under RCW 68.64.100. [2008 c 139 § 12.]

(2014 Ed.)
68.64.130 Nonnative English speakers—Interpreter services and translations. When English is not the first language of the person or persons making, amending, revoking, or refusing anatomical gifts as defined in chapter 139, Laws of 2008, organ procurement organizations are responsible for providing, at no cost, appropriate interpreter services or translations to such persons for the purpose of making such decisions. [2008 c 139 § 15.]

68.64.140 Hospitals—Agreements or affiliations with procurement organizations required. Each hospital in this state shall enter into agreements or affiliations with procurement organizations for coordination of procurement and use of anatomical gifts. [2008 c 139 § 15.]

68.64.150 Illegal purchases or sales—Felony. (1) Except as otherwise provided in subsection (2) of this section, a person who, for valuable consideration, knowingly purchases or sells a part for transplantation or therapy if removal of a part from an individual is intended to occur after the individual's death, is guilty of a class C felony under RCW 9A.20.010.

(2) A person may charge a reasonable amount for the removal, processing, preservation, quality control, storage, transportation, implantation, or disposal of a part. [2008 c 139 § 16.]

68.64.160 Illegal financial gain—Altering a document, amendment, or revocation of gift—Felony. A person who, in order to obtain financial gain, intentionally falsifies, forges, conceals, defaces, or obliterates a document of gift, an amendment or revocation of a document of gift, or a refusal is guilty of a class C felony under RCW 9A.20.010. [2008 c 139 § 17.]

68.64.170 Liability. (1) A person who acts in accordance with this chapter or with the applicable anatomical gift law of another state, or attempts in good faith to do so, is not liable for the act in a civil action, criminal prosecution, or administrative proceeding.

(2) Neither the person making an anatomical gift nor the donor's estate is liable for any injury or damage that results from the making or use of the gift.

(3) In determining whether an anatomical gift has been made, amended, or revoked under this chapter, a person may rely upon representations of an individual listed in RCW 68.64.080(1) (b) through (g) relating to the individual's relationship to the donor or prospective donor unless the person knows that the representation is untrue. [2008 c 139 § 18.]

68.64.180 Declarations or advance health care directives—Conflicts with medical suitability measures. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Advance health care directive" means a power of attorney for health care or a "directive" as defined in RCW 70.122.020.

(b) "Declaration" means a record signed by a prospective donor specifying the circumstances under which a life support system may be withdrawn or withdrawn from the prospective donor.

(c) "Health care decision" means any decision made regarding the health care of the prospective donor.

(2) If a prospective donor has a declaration or advance health care directive, and the terms of the declaration or directive and the express or implied terms of a potential anatomical gift are in conflict with regard to the administration of measures necessary to ensure the medical suitability of a part for transplantation or therapy, the prospective donor's attending physician and the prospective donor shall confer to resolve the conflict. If the prospective donor is incapable of resolving the conflict, an agent acting under the prospective donor's declaration or directive, or, if none or the agent is not reasonably available, another person authorized by law other than this chapter to make health care decisions on behalf of the prospective donor, shall act for the donor to resolve the conflict. The conflict must be resolved as expeditiously as possible. Information relevant to the resolution of the conflict may be obtained from the appropriate procurement organization and any other person authorized to make an anatomical gift for the prospective donor under RCW 68.64.080. Before resolution of the conflict, measures necessary to ensure the medical suitability of the part may not be withheld or withdrawn from the prospective donor if withholding or withdrawing the measures is not contraindicated by appropriate end-of-life care. [2008 c 139 § 20.]

68.64.190 Coroner or medical examiner—Duties. (1)(a) A coroner or medical examiner shall cooperate with procurement organizations, to the extent that such cooperation does not prevent, hinder, or impede the timely investigation of death, to facilitate the opportunity to recover anatomical gifts for the purpose of transplantation or therapy. However, a coroner or medical examiner may limit the number of procurement organizations with which he or she cooperates.

(b) The coroner or medical examiner may release the initial investigative information to the tissue or organ procurement organization for the purpose of determining the suitability of the potential donor by those organizations. The information released for this purpose shall remain confidential. The coroner or medical examiner is not liable for any release of confidential information by the procurement organization.

(2)(a) Procurement organizations shall cooperate with the coroner or medical examiner to ensure the preservation of and timely transfer to the coroner or medical examiner any physical or biological evidence from a prospective donor that the procurement organization may have contact with or access to that is required by the coroner or medical examiner for the investigation of death.

(b) If the coroner or medical examiner or a designee releases a part for donation under subsection (4) of this section, the procurement organization, upon request, shall cause the physician or technician who removes the part to provide the coroner or medical examiner with a record describing the condition of the part, biopsies, residual tissue, photographs, and any other information and observations requested by the coroner or medical examiner that would assist in the investigation of death.
(3) A part may not be removed from the body of a decedent under the jurisdiction of a coroner or medical examiner for transplantation, therapy, research, or education unless the part is the subject of an anatomical gift, and has been released by the coroner or medical examiner. The body of a decedent under the jurisdiction of the coroner or medical examiner may not be delivered to a person for research or education unless the body is the subject of an anatomical gift. This subsection does not preclude a coroner or medical examiner from performing the medicolegal investigation upon the body or relevant parts of a decedent under the jurisdiction of the coroner or medical examiner.

(4) If an anatomical gift of a part from the decedent under the jurisdiction of the coroner or medical examiner has been or might be made, but the coroner or medical examiner initially believes that the recovery of the part could interfere with the postmortem investigation into the decedent's cause or manner of death, the collection of evidence, or the description, documentation, or interpretation of injuries on the body, the coroner or medical examiner may consult with the procurement organization or physician or technician designated by the procurement organization about the proposed recovery. After consultation, the coroner or medical examiner may release the part for recovery. [2008 c 139 § 21.]

68.64.200 Organ and tissue donor registry. (1) The department of licensing shall electronically transfer all information that appears on the front of a driver's license or identification card including the name, gender, date of birth, and most recent address of any person who obtains a driver's license or identification card and volunteers to donate organs or tissue upon death to any Washington state organ procurement organization that intends to establish a statewide organ and tissue donor registry as provided under subsection (2) of this section. All subsequent electronic transfers of donor information shall be at no charge to this Washington state organ procurement organization.

(2) Information obtained by a Washington state organ procurement organization under subsection (1) of this section shall be used for the purpose of establishing a statewide organ and tissue donor registry accessible to in-state recognized cadaveric organ and cadaveric tissue agencies for the recovery or placement of organs and tissue and to procurement agencies in another state when a Washington state resident is a donor of an anatomical gift and is not located in this state at the time of death or immediately before the death of the donor. Any registry created using information acquired under subsection (1) of this section must include all residents of Washington state regardless of their residence within the service area designated by the federal government.

(3) No organ or tissue donation organization may obtain information from the organ and tissue donor registry for the purposes of fund-raising. Organ and tissue donor registry information may not be further disseminated unless authorized in this section or by federal law. Dissemination of organ and tissue donor registry information may be made by a Washington state organ procurement organization to another Washington state organ procurement organization, a recognized in-state procurement agency for other tissue recovery, or an out-of-state federally designated organ procurement organization that has been designated by the United States Department of Health and Human Services to serve an area outside Washington.

(4) A Washington state organ procurement organization may acquire donor information from sources other than the department of licensing.

(5) All reasonable costs associated with the creation of an organ and tissue donor registry shall be paid by the Washington state organ procurement organization that has requested the information. The reasonable costs associated with the initial installation and setup for electronic transfer of the donor information at the department of licensing shall be paid by the Washington state organ procurement organization that requested the information.

(6) An individual does not need to participate in the organ and tissue donor registry to be a donor of organs or tissue. The registry is to facilitate organ and tissue donations and not inhibit persons from being donors upon death. [2003 c 94 § 3. Formerly RCW 68.50.635.]

Findings—2003 c 94: "The legislature finds that the use of anatomical gifts, including the donation of organ[s] or tissue, for the purpose of transplantation is of great interest to the citizens of Washington state and may save or prolong the life or improve the health of extremely ill and dying persons.

The legislation further finds that more than eighty thousand people are currently waiting for lifesaving organ transplants on the national transplant waiting list. More than one thousand two hundred of these people are listed at Washington state transplant centers. Nationally, seventeen people die each day as a result of the shortage of donated organs.

The creation of a statewide organ and tissue donor registry is crucial to facilitate timely and successful organ and tissue procurement. The legislature further finds that continuing education as to the existence and maintenance of a statewide organ and tissue donor registry is in the best interest of the people of the state of Washington." [2003 c 94 § 1.]

68.64.210 Organ and tissue donation awareness account. (1) The organ and tissue donation awareness account is created in the custody of the state treasurer. All receipts from donations made under RCW 46.16A.090(2), and other contributions and appropriations specifically made for the purposes of organ and tissue donor awareness, shall be deposited into the account. Except as provided in subsection (2) of this section, expenditures from the account may be authorized by the director of the department of licensing or the director's designee and do not require an appropriation.

(2) The department of licensing shall submit a funding request to the legislature covering the reasonable costs associated with the ongoing maintenance associated with the electronic transfer of the donor information to the organ and tissue donor registry and the donation program established in RCW 46.16A.090(2). The legislature shall appropriate to the department of licensing an amount it deems reasonable from the organ and tissue donation awareness account to the department of licensing for these purposes.

(3) At least quarterly, the department of licensing shall transmit any remaining moneys in the organ and tissue donation awareness account to the foundation established in RCW 46.16A.090(2) for the costs associated with educating the public about the organ and tissue donor registry and related organ and tissue donation education programs.

(4) Funding for donation awareness programs must be proportional across the state regardless of which Washington state organ procurement organization may be designated by the United States Department of Health and Human Services to
serve a particular geographic area. No funds from the account may be used to fund activities outside Washington state. [2010 c 161 § 1157; 2003 c 94 § 7. Formerly RCW 68.50.640.]

68.64.900  Short title. This chapter may be cited as the revised uniform anatomical gift act. [2008 c 139 § 1.]

68.64.901  Applicable state laws. This chapter is subject to the laws of this state governing the jurisdiction of the coroner or medical examiner. [2008 c 139 § 22.]

68.64.902  Uniformity of application and construction—2008 c 139. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it. [2008 c 139 § 23.]

68.64.903  Supersedes, in part, the federal electronic signatures in global and national commerce act. This chapter modifies, limits, and supersedes the federal electronic signatures in global and national commerce act (15 U.S.C. Sec. 7001 et seq.) with respect to electronic signatures and anatomical gifts, but does not modify, limit, or supersede section 101(a) of that act (15 U.S.C. Sec. 7001), or authorize electronic delivery of any of the notices described in section 103(b) of that act (15 U.S.C. Sec. 7003(b)). [2008 c 139 § 24.]

(2) For having violated RCW 69.04.040(1), (3), or (4), if he or she establishes a guaranty or undertaking signed by, and containing the name and address of, the person in the state of Washington from whom he or she received such article in good faith, to the effect that such article complies with this chapter; or
(3) For having violated RCW 69.04.040(5), if he or she establishes a guaranty or undertaking signed by, and containing the name and address of, the person in the state of Washington from whom he or she received such advertisement in good faith, to the effect that such advertisement complies with this chapter; or

Whenever the director shall find in intrastate commerce an article subject to this chapter which is so adulterated or misbranded that it is unfit or unsafe for human use and its immediate condemnation is required to protect the public health, such article is hereby declared to be a nuisance and the director is hereby authorized forthwith to destroy such article or to render it unsalable for human use. [1945 c 257 § 28; Rem. Supp. 1945 § 6163-77.]

69.04.110 Embargo of articles. Whenever the director shall find, or shall have probable cause to believe, that an article subject to this chapter is in intrastate commerce in violation of this chapter, and that its embargo under this section is required to protect the consuming or purchasing public, due to its being adulterated or misbranded, or to otherwise protect the public from injury, or possible injury, he or she is hereby authorized to affix to such article a notice of its embargo and against its sale in intrastate commerce, without permission given under this chapter. But if, after such article has been so embargoed, the director shall find that such article does not involve a violation of this chapter, such embargo shall be forthwith removed. 69.04.190 Standards may be prescribed by regulations. Whenever in the judgment of the director such action will promote honesty and fair dealing in the interest of consumers, he or she shall promulgate regulations fixing and establishing for any food, under its common or usual name so far as practicable, a reasonable definition and standard of identity, a reasonable standard of quality, and/or reasonable standards of fill of container. In prescribing any standard of fill of container, consideration shall be given to and due allowance shall be made for product or volume shrinkage or expansion unavoidable in good commercial practice, and need for packing and protective material. In prescribing any standard of quality for any canned fruit or canned vegetable, consideration shall be given to and due allowance shall be made for the differing characteristics of the several varieties thereof. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the director shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. [1945 c 257 § 38; Rem. Supp. 1945 § 6163-87.]

*Reviser’s note: The language "this section" appears in 1945 c 257 § 38 but apparently refers to 1945 c 257 § 37 codified as RCW 69.04.190.

69.04.205 Bacon—Packaging at retail to reveal quality and leanness. All packaged bacon other than that packaged in cans shall be offered and exposed for sale and sold, within the state of Washington only at retail in packages which permit the buyer to readily view the quality and degree of leanness of the product. [1971 c 49 § 1.]

69.04.206 Bacon—Rules, regulations, and standards—Withholding packaging use—Hearing—Final determination—Appeal. The director of the department of agriculture is hereby authorized to promulgate rules, regulations, and standards for the implementation of RCW 69.04.205 through 69.04.207. If the director has reason to believe that any packaging method, package, or container in use or proposed for use with respect to the marketing of bacon is false or misleading in any particular, or does not [Title 69 RCW—page 6]
meat the requirements of RCW 69.04.205, he or she may
direct that such use be withheld unless the packaging method,
package, or container is modified in such manner as he of [or]
she may prescribe so that it will not be false or misleading.
If the person, firm, or corporation using or proposing to use the
packaging method, package, or container does not accept the
determination of the director such person, firm, or corporation
may request a hearing, but the use of the packaging method,
package, or container shall, if the director so directs,
be withheld pending hearing and final determination by the
director. Any such determination by the director shall be con-
clusive unless, within thirty days after receipt of notice of
such final determination, the person, firm, or corporation
adversely affected thereby appeals to a court of proper jurisdic-
tion. [2012 c 117 § 334; 1971 c 49 § 2.]

69.04.207 Bacon—Effective date. RCW 69.04.205

69.04.210 Food—Adulteration by poisonous or dele-
terious substance. A food shall be deemed to be adulterated:
(1) If it bears or contains any poisonous or deleterious
substance which may render it injurious to health; but in case
the substance is not an added substance such food shall not be
considered adulterated under this clause if the quantity of
such substance in such food does not ordinarily render it inju-
rious to health; or
(2)(a) If it bears or contains any added poisonous or
added deleterious substance (other than one which is (i) a
pesticide chemical in or on a raw agricultural commodity; (ii)
a food additive, or (iii) a color additive) which is unsafe
within the meaning of RCW 69.04.390, or (b) if it is a raw
agricultural commodity and it bears or contains a pesticide
chemical which is unsafe within the meaning of RCW
69.04.392, or (c) if it is, or it bears or contains, any food addi-
tive which is unsafe within the meaning of RCW 69.04.394: PROVIDED, That where a pesticide chemical has been used
in or on a raw agricultural commodity in conformity with an
exemption granted or a tolerance prescribed under RCW
69.04.392 and such raw agricultural commodity has been
subjected to processing such as canning, cooking, freezing,
dehydrating, or milling, the residue of such pesticide chemi-
ical remaining in or on such processed food shall, notwith-
tanding the provisions of RCW 69.04.390 and 69.04.394,
not be deemed unsafe if such residue in or on the raw agricul-
tural commodity has been removed to the extent possible in
good manufacturing practice and the concentration of such
residue in the processed food when ready to eat is not greater
than the tolerance prescribed for the raw agricultural com-
modity; or
(3) If it consists in whole or in part of any diseased, con-
taminated, filthy, putrid, or decomposed substance, or if it is
otherwise unfit for food; or
(4) If it has been produced, prepared, packed, or held
under insanitary conditions whereby it may have become
contaminated with filth, or whereby it may have been ren-
dered diseased, unwholesome, or injurious to health; or
(5) If it is in whole or in part the product of a diseased
animal or of an animal which has died otherwise than by
slaughter or which has been fed on the uncooked offal from a
slaughterhouse; or
(6) If its container is composed in whole or in part of any
poisonous or deleterious substance which may render the
contents injurious to health; or
(7) If it has been intentionally subjected to radiation,
unless the use of the radiation was in conformity with a regu-

88. Prior: 1923 c 36 § 1; 1907 c 211 § 3; 1901 c 94 § 3.]

69.04.220 Food—Adulteration by abstraction, addi-
tion, substitution, etc. A food shall be deemed to be adulter-
ated (1) if any valuable constituent has been in whole or in
part omitted or abstracted therefrom; or (2) if any substance
has been substituted wholly or in part therefor; or (3) if dam-
age or inferiority has been concealed in any manner; or (4) if
any substance has been added thereto or mixed or packed
therewith so as to increase its bulk or weight, or reduce its
quality or strength, or make it appear better or of greater
value than it is. [1945 c 257 § 40; Rem. Supp. 1945 § 6163-
89.]

69.04.231 Food—Adulteration by color additive. A
food shall be deemed to be adulterated if it is, or it bears or
contains a color additive which is unsafe within the meaning
of RCW 69.04.396. [1963 c 198 § 5.]

69.04.240 Confectionery—Adulteration. A food shall
be deemed to be adulterated if it is confectionery and it bears
or contains any alcohol from natural or artificial alcohol fla-
vorings in excess of one percent of the weight of the confection
or any nonnutritive article or substance except harmless
coloring, harmless flavoring, harmless resinous glaze not in
excess of four-tenths of one percent, natural gum, and pectin.
This section shall not apply to any chewing gum by reason of
its containing harmless nonnutritive masticatory substances,
or to any confection permitted to be sold by an endorsement
from the liquor control board under RCW 66.24.360. [2007

69.04.245 Poultry—Improper use of state's geo-
graphic outline. Uncooked poultry is deemed to be mis-
branded if it is produced outside of this state but the label for
the poultry contains the geographic outline of this state.
[1989 c 257 § 2.]

Legislative findings—1989 c 257: "The legislature finds that: Poultry
produced in this state is known throughout the state for its high quality; and
one of the sources of that quality is the proximity of production centers to
retail outlets in the state. The legislature also finds that labeling which mis-
represents poultry produced elsewhere as being a product of this state may
lead consumers to purchase products which they would not otherwise pur-
chase. The legislature further finds that the presence of the geographic out-
line of this state on a label for poultry produced outside of the state misrep-
resents the product as having been produced in this state."
[1989 c 257 § 1.]

69.04.250 Food—Misbranding by false label, etc. A
food shall be deemed to be misbranded (1) if its labeling is
false or misleading in any particular; or (2) if it is offered for
sale under the name of another food; or (3) if it is an imitation
of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and, immediately thereafter, the name of the food imitated; or (4) if its container is so made, formed or filled as to be misleading. [1945 c 257 § 43; Rem. Supp. 1945 § 6163-92. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.260 Packaged food—Misbranding. If a food is in package form, it shall be deemed to be misbranded, unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: PROVIDED, That under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations promulgated by the director. [1945 c 257 § 44; Rem. Supp. 1945 § 6163-93.]

69.04.270 Food—Misbranding by lack of prominent label. A food shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1945 c 257 § 45; Rem. Supp. 1945 § 6163-94.]

69.04.280 Food—Misbranding for nonconformity with standard of identity. If a food purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by RCW 69.04.190, it shall be deemed to be misbranded unless (1) it conforms to such definition and standard, and (2) its label bears the name of the food specified in the definition and standard, and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavorings, and colorings) present in such food. [1945 c 257 § 46; Rem. Supp. 1945 § 6163-95.]

69.04.290 Food—Misbranding for nonconformity with standard of quality. If a food purports to be or is represented as a food for which a standard of quality has been prescribed by regulations as provided by RCW 69.04.190, and its quality falls below such standard, it shall be deemed to be misbranded unless its label bears in such manner and form as such regulations specify, a statement that it falls below such standard. [1945 c 257 § 47; Rem. Supp. 1945 § 6163-96.]

69.04.300 Food—Misbranding for nonconformity with standard of fill. If a food purports to be or is represented as a food for which a standard or standards of fill of container have been prescribed by regulations as provided by RCW 69.04.190, and it falls below the standard of fill of container applicable thereto, it shall be deemed to be misbranded unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1945 c 257 § 48; Rem. Supp. 1945 § 6163-97.]
69.04.333 Poultry and poultry products—Label to indicate if product frozen. It shall be unlawful for any person to sell at retail or display for sale at retail any poultry and poultry products, including turkey, which has been frozen at any time, without having the package or container in which the same is sold bear a label clearly discernible to a customer that such product has been frozen and whether or not the same has since been thawed. No such poultry or poultry product shall be sold unless in such a package or container bearing said label. [1969 ex.s. c 194 § 1.]

69.04.334 Turkeys—Label requirement as to grading. No person shall advertise for sale, sell, offer for sale or hold for sale in intrastate commerce any turkey that does not bear a label. Such label shall be properly displayed on the package if such turkey is prepackaged, or attached to the turkey if not prepackaged. Such label shall, if the turkey has been graded, state the name of the governmental agency, whether federal or state, and the grade. No turkey which has been graded may be labeled as being ungraded. Any advertisement in any media concerning the sale of turkeys shall state or set forth whether a turkey is ungraded or graded and the specific grade if graded. [1969 ex.s. c 194 § 2.]

69.04.335 RCW 69.04.333 and 69.04.334 subject to enforcement and penalty provisions of chapter. The provisions of this chapter shall be applicable to the enforcement of RCW 69.04.333 and 69.04.334 and any person violating the provisions of RCW 69.04.333 and 69.04.334 shall be subject to the applicable civil and criminal penalties for such violations as provided for in this chapter. [1969 ex.s. c 194 § 3.]

69.04.340 Natural vitamin, mineral, or dietary properties need not be shown. Nothing in this chapter shall be construed to require the labeling or advertising to indicate the natural vitamin, natural mineral, or other natural dietary properties of dairy products or other agricultural products when sold as food. [1945 c 257 § 52; Rem. Supp. 1945 § 6163-101.]

69.04.345 Direct seller license. (1) The department shall issue a license to operate as a direct seller to any entity that:
(a) Submits a completed application on forms approved by the department;
(b) Provides the department with a list of all leased, rented, or owned vehicles, other than vehicles that are rented for less than forty-five days, used by the applicant's business to deliver food;
(c) Maintains all records of vehicles that are rented for less than forty-five days for at least twelve months following the termination of the rental period;
(d) Maintains food temperature logs or uses a device to monitor the temperature of the packages in real time for all food while in transport; and
(e) Submits all appropriate fees to the department.
(2) The department shall develop, by rule, an annual license and renewal fee to defray the costs of administering the licensing and inspection program created by this section. All moneys received by the department under the provisions of this section must be paid into the food processing inspection account created in RCW 69.07.120 and must be used solely to carry out the provisions of this section.
(3) (a) A licensed direct seller is required to protect food from contamination while in transport. Food must be transported under conditions that protect food against physical, chemical, and microbial contamination, as well as against deterioration of the food and its container.
(b) Compliance with this subsection (3) requires, but is not limited to, the separation of raw materials in such a fashion that they avoid cross-contamination of other food products, particularly ready-to-eat food. An example of this principle includes ensuring that, during the transport of raw fish and seafood, meat, poultry, or other food which inherently contains pathogenic and spoilage microorganisms, soil, or other foreign material, the raw materials may not come into direct contact with other food in the same container or in any other cross-contaminating circumstance.
(4) In the event of a food recall or when required by the department, a federal, state, or local health authority in response to a foodborne illness outbreak, a licensed direct seller shall use its client listserv to notify customers of the recall and any other relevant information.
(5) In the implementation of this section, the department shall:
(a) Conduct inspections of vehicles, food handling areas, refrigeration equipment, and product packaging used by a licensed direct seller;
(b) Conduct audits of temperature logs and other food handling records as appropriate;
(c) Investigate any complaints against a licensed direct seller for the failure to maintain food safety; and
(d) Adopt rules, in consultation with the department of health and local health jurisdictions, necessary to administer and enforce the program consistent with federal regulations.
(6) Direct sellers that have a license from the department under this section are exempt from the permitting requirements of food service rules adopted by the state board of health and any local health jurisdiction.
(7) The director may deny, suspend, or revoke any license provided under this section if the director determines that an applicant or licensee has committed any of the following:
(a) Refused, neglected, or failed to comply with the provisions of this section, the rules and regulations adopted under this section, or any order of the director;
(b) Refused, neglected, or failed to keep and maintain records required by this chapter, or refused the department access to such records;
(c) Refused the department access to any portion or area of vehicles, food handling areas, or any other areas or facilities housing equipment or product packaging used by the

direct retailer [direct seller] in the course of performing business responsibilities; or

(d) Failed to submit an application for a license meeting the requirements of this section or failed to pay the appropriate annual license or renewal fee.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Department" means the department of agriculture.

(b) "Direct seller" means an entity that receives prepackaged food from a food processor that is either licensed or inspected, or both, by a state or federal regulatory agency or the department and that delivers the food directly to consumers who only placed and paid for an order on the entity's web site, as long as:

(i) The food is delivered by the entity without opening the packaging and without dividing it into smaller packages;

(ii) There is no interim storage by the entity; and

(iii) The food is delivered by means of vehicles that are equipped with either refrigeration or freezer units, or both, and that meet the requirements of rules authorized by this chapter. [2014 c 98 § 2.]

Findings—Intent—2014 c 98: "The legislature finds that the availability of affordable, fresh, and nourishing foods is essential for individuals to maintain a healthy lifestyle. The legislature also finds that new methods of purchasing and delivering fresh, nourishing foods are emerging and lowering the costs of these foods. The legislature further finds that some of the new business models for purchasing and delivering fresh, nourishing foods are being inappropriately classified as food service establishments. Therefore, it is the intent of the legislature to establish a direct seller license for businesses that sell and collect payment only through a web site for prepackaged foods obtained from a food processor either licensed or inspected, or both, by a state or federal regulatory agency and that deliver the food directly to consumers without any interim storage." [2014 c 98 § 1.]

69.04.350 Permits to manufacture or process certain foods. Whenever the director finds after investigation that the distribution in intrastate commerce of any class of food may, by reason of contamination with micro-organisms during the manufacture, processing, or packing thereof in any locality, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered intrastate commerce, he or she then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into intrastate commerce, any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the director as provided by such regulations. Insofar as practicable, such regulations shall conform with, shall specify the conditions prescribed by, and shall remain in effect only so long as those promulgated under section 404(a) of the federal act. [2012 c 117 § 335; 1945 c 257 § 53; Rem. Supp. 1945 § 6163-102.]

69.04.360 Suspension of permit. The director is authorized to suspend immediately upon notice any permit issued under authority of *this section, if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the director shall, immediately after prompt hearing and an inspection of the factory or establishment, reinstate such permit, if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. [1945 c 257 § 54; Rem. Supp. 1945 § 6163-103.]

*Reviser's note: The language "this section" appears in 1945 c 257 § 54 but apparently refers to 1945 c 257 § 53 codified as RCW 69.04.350.

69.04.370 Right of access for inspection. Any officer or employee duly designated by the director shall have access to any factory or establishment, the operator of which holds a permit from the director, for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. [1945 c 257 § 55; Rem. Supp. 1945 § 6163-104.]

69.04.380 Food exempt if in transit for completion purposes. Food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling requirements of this chapter, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this chapter. [1945 c 257 § 56; Rem. Supp. 1945 § 6163-105.]

69.04.390 Regulations permitting tolerance of harmful matter. Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed unsafe for purposes of the application of RCW 69.04.210(2);*a but when such substance is so required or cannot be so avoided, the director shall promulgate regulations limiting the quantity therein or thereon to such extent as he or she finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed unsafe for purposes of the application of RCW 69.04.210(2).*a While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of RCW 69.04.210. In determining the quantity of such added substance to be tolerated in or on different articles of food, the director shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. [2012 c 117 § 336; 1963 c 198 § 2; 1945 c 257 § 57; Rem. Supp. 1945 § 6163-106.]

69.04.392 Regulations permitting tolerance of harmful matter—Pesticide chemicals in or on raw agricultural
commodities. (1) Any poisonous or deleterious pesticide chemical, or any pesticide chemical which generally is recognized among experts qualified by scientific training and experience to evaluate the safety of pesticide chemicals as unsafe for use, added to a raw agricultural commodity, shall be deemed unsafe for the purpose of the application of RCW 69.04.210(2)(a) unless:

(a) A tolerance for such pesticide chemical in or on the raw agricultural commodity has been prescribed pursuant to subsection (2) of this section and the quantity of such pesticide chemical in or on the raw agricultural commodity is within the limits of the tolerance so prescribed; or

(b) With respect to use in or on such raw agricultural commodity, the pesticide chemical has been exempted from the requirement of a tolerance pursuant to subsection (2) of this section.

While a tolerance or exemption from tolerance is in effect for a pesticide chemical with respect to any raw agricultural commodity, such raw agricultural commodity shall not, by reason of bearing or containing any added amount of such pesticide chemical, be considered to be adulterated within the meaning of RCW 69.04.210(1).

(2) The regulations promulgated under section 408 of the federal food, drug and cosmetic act, as of July 1, 1975, setting forth the tolerances for pesticide chemicals in or on any raw agricultural commodity, are hereby adopted as the regulations for tolerances applicable to this chapter: PROVIDED, That the director is hereby authorized to adopt by regulation any new or future amendments to such federal regulations for tolerances, including exemption from tolerance and zero tolerances, to the extent necessary to protect the public health. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein tolerances for pesticides, exemptions, and zero tolerances, upon his or her own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such regulation.

(3) In adopting any new or amended tolerances by regulation issued pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the necessity for the production of an adequate, wholesome, and economical food supply; (c) the other ways in which the consumer may be affected by the same pesticide chemical or by other related substances that are poisonous or deleterious; and (d) the opinion of experts qualified by scientific training and experience to determine the proper tolerance to be allowed for any pesticide chemical. [2012 c 117 § 337; 1975 1st ex.s. c 7 § 26; 1963 c 198 § 3.]

69.04.394 Regulations permitting tolerance of harmful matter—Food additives. (1) A food additive shall, with respect to any particular use or intended use of such additives, be deemed unsafe for the purpose of the application of clause (2)(c) of RCW 69.04.210, unless:

(a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption from the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health; or

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

While such a regulation relating to a food additive is in effect, a food shall not, by reason of bearing or containing such an additive in accordance with the regulation, be considered adulterated within the meaning of clause (1) of RCW 69.04.210.

(2) The regulations promulgated under section 409 of the Federal Food, Drug and Cosmetic Act, as of July 1, 1975, prescribing the conditions under which such food additive may be safely used, are hereby adopted as the regulations applicable to this chapter: PROVIDED, That the director is hereby authorized to adopt by regulation any new or future amendments to the federal regulations. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe the conditions under which a food additive may be safely used and exemptions where such food additive is to be used solely for investigational purposes; either upon his or her own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect of such additive in the diet of human beings or animals, taking into account any chemically or pharmacologically related substance or substances in such diet; and (d) safety factors which in the opinion of experts qualified by scientific training and experience to evaluate the safety of food additives are generally recognized as appropriate for the use of animal experimentation data. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein the conditions under which a color additive may be safely used including exemptions for experimental purposes. Such a regulation may be issued either upon the director's own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(2) Procedures to be used to rehabilitate a vehicle or vessel that has been used to transport a substance other than a substance contained on a list adopted under RCW 69.04.960 or under subsection (1) of this section. The procedures shall ensure that transporting food in the cargo carrying portion of the vehicle or vessel after its rehabilitation will not pose a health hazard. [1990 c 202 § 5.]

69.04.975 Transport of bulk foods—Rehabilitation of vehicles and vessels—Inspection—Certification—Marking—Costs. A vehicle or vessel that has been used to transport a substance other than food or a substance contained on the lists adopted by the director and secretary under RCW 69.04.960 and 69.04.970, may be rehabilitated and used to transport food only if:

The cost of rehabilitation shall be borne by the vehicle or vessel owner. The director shall determine a reasonable fee to be imposed on the vehicle or vessel owner based on inspection, laboratory, and administrative costs incurred by the department in rehabilitating the vehicle or vessel. (1) For a person’s first violation or first violation in a period of five years, not more than five thousand dollars;

(2) For a person’s second or subsequent violation within five years of a previous violation, not more than ten thousand dollars.

The director shall impose the penalty by an order which is subject to the provisions of chapter 34.05 RCW.

"Cottage food operation" means a person who produces cottage food products only in the home kitchen of that person's primary domestic residence in Washington and only for sale directly to the consumer.
The director may adopt, by rule, requirements for cottage food operations. These requirements may include, but are not limited to:

(a) The application and renewal of permits under RCW 69.22.030;
(b) Inspections as provided under RCW 69.22.040;
(c) Sanitary procedures;
(d) Facility, equipment, and utensil requirements;
(e) Labeling specificity beyond the requirements of this section;
(f) Requirements for clean water sources and waste and wastewater disposal; and
(g) Requirements for washing and other hygienic practices.

A cottage food operation must place on the label of any food it produces or packages, at a minimum, the following information:

(a) The name and address of the business of the cottage food operation;
(b) The name of the cottage food product;
(c) The ingredients of the cottage food product, in descending order of predominance by weight;
(d) The net weight or net volume of the cottage food product;
(e) Allergen labeling as specified by the director in rule; and
(f) The following statement printed in at least the equivalent of eleven-point font size in a color that provides a clear contrast to the background: "Made in a home kitchen that has not been subject to standard inspection criteria."

(4) Cottage food products may only be sold directly to the consumer and may not be sold by internet, mail order, or for retail sale outside the state.

(5) Cottage food products must be stored only in the primary domestic residence.  

69.22.030  Permits, permit renewals.  (1) All cottage food operations must be permitted annually by the department on forms developed by the department. All permits and permit renewals must be made on forms developed by the department and be accompanied by an inspection fee as provided in RCW 69.22.040, a seventy-five dollar public health review fee, and a thirty dollar processing fee. All fees must be deposited into the food processing inspection account created in RCW 69.07.120.

(2) In addition to the provision of any information required by the director on forms developed under subsection (1) of this section and the payment of all fees, an applicant for a permit or a permit renewal as a cottage food operation must also provide documentation that all individuals to be involved in the preparation of cottage foods [cottage food products] have secured a food and beverage service worker's permit under chapter 69.06 RCW.

(3) All cottage food operations permitted under this section must include a signed document attesting, by opting to become permitted, that the permitted cottage food operation expressly grants to the director the right to enter the domestic residence housing the cottage food operation during normal business hours, or at other reasonable times, for the purposes of inspections under this chapter.  

69.22.040  Basic hygiene inspections.  (1) The permitted area of all cottage food operations must be inspected for basic hygiene by the director both before initial permitting under RCW 69.22.030 and annually after initial permitting. (2) When conducting an annual basic hygiene inspection, the director shall, at a minimum, inspect for the following:

(2) If gross sales exceed the maximum annual gross sales amount, the cottage food operation must either obtain a food processing plant license under chapter 69.07 RCW or cease operations.

(3) A cottage food operation exceeding the maximum annual gross sales amount is not entitled to a full or partial refund of any fees paid under RCW 69.22.030 or 69.22.040.

(4) The maximum annual gross sales amount must be established in rule by the department consistent with this subsection. The amount must be set at fifteen thousand dollars until December 31, 2012. Beginning January 1, 2013, the department must increase the fifteen thousand dollar annual gross sales limit biennially to reflect inflation. Failure of a shellfish grower to display a certificate of approval, or department-approved equivalent, issued under RCW 69.30.050 to an authorized representative of the department, a fish and wildlife officer, or an ex officio fish and wildlife officer subjects the grower to the penalty provisions of this chapter, as well as seizure and disposition, up to and including disposal, of the shellfish by the representative or officer.

(2) Failure of a shellfish processor to display a certificate of approval issued under RCW 69.30.060 to an authorized representative of the department, a fish and wildlife officer, or an ex officio fish and wildlife officer subjects the processor to the penalty provisions of this chapter, as well as seizure and disposition, up to and including disposal, of the shellfish by the representative or officer. The department may apply for an administrative inspection warrant to a court of competent jurisdiction and an administrative inspection warrant may issue where:

(1) The department has attempted an inspection under this chapter and access to all or part of the regulated business or entity has been actually or constructively denied; or

(2) There is reasonable cause to believe that a violation of this chapter or of rules adopted under this chapter is occurring or has occurred. [1995 c 147 § 5; 1985 c 51 § 5; 1955 c 144 § 12.]

[2011 c 194 § 9; 2001 c 253 § 7; 1995 c 147 § 6; 1985 c 51 § 6; 1955 c 144 § 14.]

The notice shall be personally served in the manner of service of a summons in a civil action or in a manner which shows proof of receipt. Any penalty imposed by this section shall become due and payable twenty-eight days after receipt of notice unless application for remission or mitigation is made as provided in subsection (3) of this section or unless application for an adjudicative proceeding is filed as provided in subsection (4) of this section.

(3) Within fourteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of the penalty. Upon receipt of the application, the department may remit or mitigate the penalty upon whatever terms the department deems proper, giving consideration to the degree of hazard associated with the violation. The department may only grant a remission or mitigation that it deems to be in the best interests of carrying out the purposes of this chapter. The department may ascertain the facts regarding all such applications in a manner it deems proper. When an application for remission or mitigation is made, any penalty incurred pursuant to this section becomes due and payable twenty-eight days after receipt of the notice setting forth the disposition of the appli-

The legislature further finds that legible prescriptions can prevent these errors." [2006 c 8 § 114.]

Findings—Intent—Part headings and subheadings not law—Severability—2006 c 8: See notes following RCW 5.64.010.

Findings—Intent—2000 c 8: "The legislature finds that we have one of the finest health care systems in the world and excellent professionals to deliver that care. However, there are incidents of medication errors that are avoidable and serious mistakes that are preventable. Medical errors throughout the health care system constitute one of the nation's leading causes of death and injury resulting in over seven thousand deaths a year, according to a recent report from the Institute of Medicine. The majority of medical errors do not result from individual recklessness, but from basic flaws in the way the health system is organized. There is a need for a comprehensive strategy for government, industry, consumers, and health providers to reduce medical errors. The legislature declares a need to bring about greater safety for patients in this state who depend on prescription drugs.

It is the intent of the legislature to promote medical safety as a top priority for all citizens of our state." [2000 c 8 § 1.]

The commission shall identify, by rule-making pursuant to chapter 34.05 RCW, those drugs which may be dispensed only on prescription or are restricted to use by practitioners, only. In so doing the commission shall consider the toxicity or other potentiality for harmful effect of the drug, the method of its use, and any collateral safeguards necessary to its use. The commission shall classify a drug as a legend drug where these considerations indicate the drug is not safe for use except under the supervision of a practitioner.

In identifying legend drugs the commission may incorporate in its rules lists of drugs contained in commercial pharmaceutical publications by making specific reference to each such list and the date and edition of the commercial publication containing it. The commission shall promulgate rules to regulate the purchase, possession, and administration of legend drugs by such societies and agencies and to insure strict compliance with the provisions of this section. Such rules shall require that the storage, inventory control, administration, and recordkeeping for approved legend drugs conform to the standards adopted by the commission under chapter 69.50 RCW to regulate the use of controlled substances by such societies and agencies. The commission may suspend or revoke a registration under chapter 69.50 RCW upon a determination by the commission that the person administering legend drugs has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke a registration as provided by law. [2013 c 19 § 57; 1989 c 242 § 1.]

SUBSTITUTION OF PRESCRIPTION DRUGS

69.41.100 Legislative recognition and declaration. The legislature recognizes the responsibility of the state to insure that the citizens of the state are offered a choice between generic drugs and brand name drugs and the benefit of quality pharmaceutical products at competitive prices. Advances in the drug industry resulting from research and the elimination of counterfeiting of prescription drugs should benefit the users of the drugs. Pharmacy must continue to operate with accountability and effectiveness. The legislature hereby declares it to be the policy of the state that its citizens receive safe and therapeutically effective drug products at the most reasonable cost consistent with high drug quality standards. [1986 c 52 § 1; 1977 ex.s. c 352 § 1.]

(b) When a substitution is made under (a) of this subsection, the dispensing pharmacist shall notify the prescribing practitioner of the specific drug and dose dispensed.

(iii) The restrictions imposed under (a) of this subsection (2) must be limited to the extent possible to reduce variation in prescribing patterns and shall remain in effect only until such time as the endorsing practitioner can demonstrate a reduction in variation in line with his or her peers.

(f) The provisions of this subsection related to the definition of medically necessary, prior authorization procedures and patient appeal rights shall be implemented in a manner consistent with applicable federal and state law.

(3) Notwithstanding the limitations in subsection (2) of this section, for refills for an antipsychotic, antidepressant, antiepileptic, chemotherapy, antiretroviral, or immunosuppressive drug, or for the refill of an immunomodulator antiviral treatment for hepatitis C for which an established, fixed duration of therapy is prescribed for at least twenty-four weeks by no more than forty-eight weeks, the pharmacist shall dispense the prescribed nonpreferred drug. Intent—2001 c 96: "Communities all over the state of Washington have experienced an increase in the illegal manufacture of methamphetamine. Illegal methamphetamine labs create a significant threat to the health and safety of the people of the state. Some of the chemicals and compounds used to make methamphetamine, and the toxic wastes the process generates, are hazards to the public health. Increases in crime, violence, and the abuse and neglect of children present at laboratory sites are also associated with the increasing number of illegal laboratory sites. The drugs ephedrine, pseudoephedrine, and phenylpropanolamine, which are used in the illegal manufacture of methamphetamine, have been identified as factors in the increase in the number of illegal methamphetamine labs. Therefore, it is the intent of the legislature to place restrictions on the sale and possession of those three drugs in order to reduce the proliferation of illegal methamphetamine laboratories and the associated threats to public health and safety." (1) Any manufacturer, wholesaler, retailer, or other person who sells, transfers, or otherwise furnishes any substance specified in RCW 69.43.010 to any person who receives from a source outside of the state any substance specified in RCW 69.43.010 shall obtain a permit for the conduct of that business from the pharmacy quality assurance commission. However, a permit shall not be required of any manufacturer, wholesaler, retailer, or other person for the sale, transfer, furnishing, or receipt of any drug that contains ephedrine, phenylpropanolamine, or pseudoephedrine, or of any cosmetic that contains a substance specified in RCW 69.43.010(1), if such drug or cosmetic is lawfully sold, transferred, or furnished over the counter without a prescription or by a prescription under chapter 69.04 or 69.41 RCW.

(2014 Ed.)
quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, to a person that is not at least eighteen years old.

(6) A pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW selling a nonprescription drug containing ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers shall require the purchaser to electronically or manually sign a record of the transaction. The record must include the name and address of the purchaser, the date and time of the sale, the name and initials of the shopkeeper, itinerant vendor, pharmacist, pharmacy technician, or employee conducting the transaction, the name of the product being sold, as well as the total quantity in grams, of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, being sold.

(7) The pharmacy quality assurance commission, by rule, may exempt products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, in combination with another active ingredient from the requirements of this section if they are found not to be used in the illegal manufacture of methamphetamine or other controlled dangerous substances. A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the commission to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the commission with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, professional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(a) Ease with which the product can be converted to methamphetamine;
(b) Ease with which ephedrine, pseudoephedrine, or phenylpropanolamine is extracted from the substance and whether it forms an emulsion, salt, or other form;
(c) Whether the product contains a "molecular lock" that renders it incapable of being converted into methamphetamine;
(d) Presence of other ingredients that render the product less likely to be used in the manufacture of methamphetamine; and
(e) Any pertinent data that can be used to determine the risk of the substance being used in the illegal manufacture of methamphetamine or any other controlled substance.

(8) Nothing in this section applies:
(a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;
(b) To the sale of a product that may only be sold upon the presentation of a prescription;
(c) To the sale of a product by a traditional Chinese herbal practitioner to a patient; or
(d) When the details of the transaction are recorded in a pharmacy profile individually identified with the recipient and maintained by a licensed pharmacy.

(9)(a) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner may retaliate against any employee that has made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner is subject to prosecution under subsection (10) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.

(10) A violation of this section is a gross misdemeanor. [2013 c 19 § 75; 2010 c 182 § 1; 2005 c 388 § 2.]

Finding—2005 c 388: "Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine." [2005 c 388 § 1.]

Effective dates—2005 c 388: "(1) Section 2 of this act takes effect October 1, 2005.
(2) Sections 1, 3 through 7, 9, and 10 of this act take effect January 1, 2006.
(3) Section 8 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 11, 2005]."

Severability—2005 c 388: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 388 § 10.]

69.43.110 Ephedrine, pseudoephedrine, phenylpropanolamine—Sales restrictions—Electronic sales tracking system—Penalty. (1) It is unlawful for a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, or a practitioner as defined in RCW 18.64.011, knowingly to sell, transfer, or to otherwise furnish, in a single transaction a total of more than 3.6 grams of ephedrine, pseudoephedrine, or phenylpropanolamine, their salts, isomers, or salts of isomers, in any twenty-four hour period or more than a total of nine grams per purchaser in any thirty-day period.

(2) It is unlawful for a person who is not a manufacturer, wholesaler, pharmacy, practitioner, shopkeeper, or itinerant vendor licensed by or registered with the department of health under chapter 18.64 RCW to purchase or acquire more than 3.6 grams in any twenty-four hour period, or more than a total of nine grams in any thirty-day period, of the substances specified in subsection (1) of this section.

(3) It is unlawful for any person to sell or distribute any of the substances specified in subsection (1) of this section unless the person is licensed by or registered with the depart-
ment of health under chapter 18.64 RCW, or is a practitioner as defined in RCW 18.64.011.

(4)(a) Beginning July 1, 2011, or the date upon which the electronic sales tracking system established under RCW 69.43.165 is available, whichever is later, a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW shall, before completing a sale under this section, submit the required information to the electronic sales tracking system established under RCW 69.43.165, as long as such a system is available without cost to the pharmacy, shopkeeper, or itinerant vendor for accessing the system. The pharmacy, shopkeeper, or itinerant vendor may not complete the sale if the system generates a stop sale alert, except as permitted in RCW 69.43.165.

(b) If a pharmacy, shopkeeper, or itinerant vendor selling a nonprescription drug containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers experiences mechanical or electronic failure of the electronic sales tracking system and is unable to comply with the electronic sales tracking requirement, he or she shall maintain a written log or an alternative electronic record-keeping mechanism until such time as he or she is able to comply with the electronic sales tracking requirement.

(c) A pharmacy, shopkeeper, or itinerant vendor selling a nonprescription drug containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers may seek an exemption from submitting transactions to the electronic sales tracking system in writing to the pharmacy quality assurance commission stating the reasons for the exemption. The commission may grant an exemption for good cause shown, but in no event shall a granted exemption exceed one hundred eighty days. The commission may grant multiple exemptions for any pharmacy, shopkeeper, or itinerant vendor if the good cause shown indicates significant hardship for compliance with this section. A pharmacy, shopkeeper, or itinerant vendor that receives an exemption shall maintain a logbook in hardcopy form and must require the purchaser to provide the information required under this section before the completion of any sale. The logbook shall be maintained as a record of each sale for inspection by any law enforcement officer or commission inspector during normal business hours in accordance with any rules adopted pursuant to RCW 69.43.165. For purposes of this subsection (4)(c), "good cause" includes, but is not limited to, situations where the installation of the necessary equipment to access the system is unavailable or cost prohibitive to the pharmacy, shopkeeper, or itinerant vendor.

(d) A pharmacy, shopkeeper, or itinerant vendor may withdraw from participating in the electronic sales tracking system if the system is no longer being furnished without cost for accessing the system. A pharmacy, shopkeeper, or itinerant vendor who withdraws from the electronic sales tracking system is subject to the same requirements as a pharmacy, shopkeeper, or itinerant vendor who has been granted an exemption under (c) of this subsection.

(e) For the purposes of this subsection (4) and RCW 69.43.165:

(i) "Cost for accessing the system" means costs relating to:

(2014 Ed.)

(A) Access to the web-based electronic sales tracking software, including inputting and retrieving data;

(B) The web-based software known as software as a service;

(C) Training; and

(D) Technical support to integrate to point of sale vendors, if necessary.

(ii) "Cost for accessing the system" does not include:

(A) Costs relating to required internet access;

(B) Optional hardware that a pharmacy may choose to purchase for work flow purposes; or

(C) Other equipment.

(5) A violation of this section is a gross misdemeanor.

[2001 c 96 § 10.]

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

(1) Pediatric products primarily intended for administration to children under twelve years of age, according to label
instructions, either: (a) In solid dosage form whose individual dosage units do not exceed fifteen milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine; or (b) in liquid form whose recommended dosage, according to label instructions, does not exceed fifteen milligrams of ephedrine, pseudoephedrine, or phenylpropanolamine per five milliliters of liquid product;

(3) Products that the pharmacy quality assurance commission, upon application of a manufacturer, exempts by rule from RCW 69.43.110 and 69.43.120 because the product has been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine, or its salts or precursors; or

(4) Products, as packaged, that the pharmacy quality assurance commission, upon application of a manufacturer, exempts from RCW 69.43.110(1) and 69.43.120 because:

(a) The product meets the federal definition of an ordinary over-the-counter pseudoephedrine product as defined in 21 U.S.C. 802;

(b) The product is a salt, isomer, or salts of isomers of pseudoephedrine and, as packaged, has a total weight of more than three grams but the net weight of the pseudoephedrine base is equal to or less than three grams; and

(c) The pharmacy quality assurance commission determines that the value to the people of the state of having the product, as packaged, available for sale to consumers outweighs the danger, and the product, as packaged, has not been used in the illegal manufacture of methamphetamine.

A person who sells or otherwise transfers any quantity of iodine in its elemental form, an iodine matrix, or any quantity of methylsulfonylmethane to a person for any purpose authorized in subsection (3) of this section must record each sale or transfer. The record must be made on the form developed by the Washington state patrol and must be retained by the person for at least three years. The Washington state patrol or any local law enforcement agency may request access to the records.

(a) Failure to make or retain a record required under this subsection is a misdemeanor.

In the case of a continuing violation, every day the violation continues shall be considered a separate violation.

(2) The pharmacy quality assurance commission may waive the suspension or revocation of a license or registration issued under chapter 18.64 RCW, or waive any civil penalty
under this chapter, if the licensee or registrant establishes that he or she acted in good faith to prevent violations of this chapter, and the violation occurred despite the licensee's or registrant's exercise of due diligence. In making such a determination, the pharmacy quality assurance commission may consider evidence that an employer trained employees on how to sell, transfer, or otherwise furnish substances specified in RCW 69.43.010(1) in accordance with applicable laws. [2013 c 19 § 78; 2001 c 96 § 12.]

(2) This section does not preclude a county, city, code city, or town from revoking, canceling, suspending, or otherwise limiting a business or professional license it has issued for conduct that violates any provision of this chapter. [2001 c 96 § 13.]

Intent—Severability—2001 c 96: See notes following RCW 69.43.010.

69.43.160 Ephedrine, pseudoephedrine, phenylpropanolamine—Methods to prevent sales violations—Department of health preparation of sign summarizing prohibitions. (1) To prevent violations of RCW 69.43.110, every licensee and registrant under chapter 18.64 RCW, who sells at retail any products containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, shall do either or may do both of the following:

(b) Place one or more signs on the premises to notify customers of the prohibitions of RCW 69.43.110. Any such sign may, but is not required to, conform to the language and format prepared by the department of health under subsection (2) of this section.

(2) The department of health shall prepare language and format for a sign summarizing the prohibitions in RCW 69.43.110 and 69.43.120 and make the language and format available to licensees and registrants under chapter 18.64 RCW, for voluntary use in their places of business to inform customers and employees of the prohibitions. Nothing in this section requires the department of health to provide licensees or registrants with copies of signs, or any licensee or registrant to use the specific language or format prepared by the department under this subsection. [2001 c 96 § 14.]

(1) The pharmacy quality assurance commission shall implement a real-time electronic sales tracking system to monitor the nonprescription sale of products in this state containing any detectable quantity of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, provided that the system is available to the state without cost for accessing the system to the state or retailers. The commission is authorized to enter into a public-private partnership, through a memorandum of understanding or similar arrangement, to make the system available.

(2) The records submitted to the tracking system are for the confidential use of the pharmacy, shopkeeper, or itinerant vendor who submitted them, except that:

(a) The records must be produced in court when lawfully required;

(b) The records must be open for inspection by the pharmacy quality assurance commission; and

(c) The records must be available to any general or limited authority Washington peace officer to enforce the provisions of this chapter or to federal law enforcement officers in accordance with rules adopted by the pharmacy quality assurance commission regarding the privacy of the purchaser of products covered by chapter 182, Laws of 2010 and law enforcement access to the records submitted to the tracking system as provided in this section consistent with the federal combat meth act.

(3) The electronic sales tracking system shall be capable of generating a stop sale alert, which shall be a notification that completion of the sale would result in the seller or purchaser violating the quantity limits in RCW 69.43.110 (1) and (2). The system shall contain an override function for use by a dispenser of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, who has a reasonable fear of imminent bodily harm. Each instance in which the override function is utilized shall be logged by the system.

(4) The pharmacy quality assurance commission shall have the authority to adopt rules necessary to implement and enforce the provisions of this section. The pharmacy quality assurance commission shall adopt rules regarding the privacy of the purchaser of products covered by chapter 182, Laws of 2010, and any public or law enforcement access to the records submitted to the tracking system as provided in subsection (2)(c) of this section consistent with the federal combat meth act.

(5) The pharmacy quality assurance commission may not raise licensing or registration fees to fund the rule making or implementation of this section. [2013 c 19 § 79; 2010 c 182 § 3.]

69.43.168 Pharmacy, shopkeeper, or itinerant vendor—Electronic sales tracking system—Liability. A pharmacy, shopkeeper, or itinerant vendor participating in the electronic sales tracking system under RCW 69.43.110(4):

(1) Is not liable for civil damages resulting from any act or omission in carrying out the requirements of RCW 69.43.110(4), other than an act or omission constituting gross negligence or willful or wanton misconduct; and

(2) Is not liable for civil damages resulting from a data breach that was proximately caused by a failure on the part of the electronic sales tracking system to take reasonable care
through the use of industry standard levels of encryption to guard against unauthorized access to account information that is in the possession or control of the system. [2010 c 182 § 4.]

**69.43.180 Expansion of log requirements—Petition by law enforcement.** (1) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the pharmacy quality assurance commission to apply the log requirements in *RCW 69.43.170 to one or more products that contain ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form. The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The pharmacy quality assurance commission shall adopt rules when a petition establishes that requiring the application of the log requirements in *RCW 69.43.170 to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The pharmacy quality assurance commission may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety. [2013 c 19 § 80; 2005 c 388 § 3.]

*Reviser's note:* RCW 69.43.170 was repealed by 2010 c 182 § 6.

**69.43.190 Products found at methamphetamine sites—Report.** Each county sheriff shall compile and maintain a record of commercial products containing ephedrine, pseudoephedrine, or phenylpropanolamine and packaging found at methamphetamine laboratory sites. The data shall be forwarded to the Washington association of sheriffs and police chiefs and shall be reported to the legislature by November 1, 2007, and annually thereafter. [2005 c 388 § 9.]

STANDARDS AND SCHEDULES

69.50.201 Enforcement of chapter—Authority to change schedules of controlled substances. (a) The commission shall enforce this chapter and may add substances to or delete or reschedule substances listed in RCW 69.50.204,
Uniform Controlled Substances Act 69.50.204

69.50.206, 69.50.208, 69.50.210, or 69.50.212 pursuant to the procedures of chapter 34.05 RCW.

(1) In making a determination regarding a substance, the commission shall consider the following:
   (i) the actual or relative potential for abuse;
   (ii) the scientific evidence of its pharmacological effect, if known;
   (iii) the state of current scientific knowledge regarding the substance;
   (iv) the history and current pattern of abuse;
   (v) the scope, duration, and significance of abuse;
   (vi) the risk to the public health;
   (vii) the potential of the substance to produce psychic or physiological dependence liability; and
   (viii) whether the substance is an immediate precursor of a controlled substance.

(2) The commission may consider findings of the federal Food and Drug Administration or the Drug Enforcement Administration as prima facie evidence relating to one or more of the determinative factors.

(b) After considering the factors enumerated in subsection (a) of this section, the commission shall make findings with respect thereto and adopt and cause to be published a rule controlling the substance upon finding the substance has a potential for abuse.

(c) The commission, without regard to the findings required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211 or the procedures prescribed by subsections (a) and (b) of this section, may place an immediate precursor in the same schedule in which the controlled substance of which it is an immediate precursor is placed or in any other schedule. If the commission designates a substance as an immediate precursor, substances that are precursors of the controlled precursor are not subject to control solely because they are precursors of the controlled precursor.

(d) If a substance is designated, rescheduled, or deleted as a controlled substance under federal law, the commission shall similarly control the substance under this chapter after the expiration of thirty days from the date of publication in the federal register of a final order designating the substance as a controlled substance or rescheduling or deleting the substance or from the date of issuance of an order of temporary scheduling under Section 508 of the federal Dangerous Drug Diversion Control Act of 1984, 21 U.S.C. Sec. 811(h), unless within that thirty-day period, the commission or an interested party objects to inclusion, rescheduling, temporary scheduling, or deletion. If no objection is made, the commission shall adopt and cause to be published, without the necessity of making determinations or findings as required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211, a final rule, for which notice of proposed rule making is omitted, designating, rescheduling, temporarily scheduling, or deleting the substance. If an objection is made, the commission shall make a determination with respect to the designation, rescheduling, or deletion of the substance as provided by subsection (a) of this section. Upon receipt of an objection to inclusion, rescheduling, or deletion under this chapter by the commission, the commission shall publish notice of the receipt of the objection, and control under this chapter is stayed until the commission adopts a rule as provided by subsection (a) of this section.

(e) The commission, by rule and without regard to the requirements of subsection (a) of this section, may schedule a substance in Schedule I regardless of whether the substance is substantially similar to a controlled substance in Schedule I or II if the commission finds that scheduling of the substance on an emergency basis is necessary to avoid an imminent hazard to the public safety and the substance is not included in any other schedule or no exemption or approval is in effect for the substance under Section 505 of the federal Food, Drug, and Cosmetic Act, 21 U.S.C. Sec. 355. Upon receipt of notice under RCW 69.50.214, the commission shall initiate scheduling of the controlled substance analog on an emergency basis pursuant to this subsection. The scheduling of a substance under this subsection expires one year after the adoption of the scheduling rule. With respect to the finding of an imminent hazard to the public safety, the commission shall consider whether the substance has been scheduled on a temporary basis under federal law or factors set forth in subsection (a)(1)(iv), (v), and (vi) of this section, and may also consider clandestine importation, manufacture, or distribution, and, if available, information concerning the other factors set forth in subsection (a)(1) of this section. A rule may not be adopted under this subsection until the commission initiates a rule-making proceeding under subsection (a) of this section with respect to the substance. A rule adopted under this subsection must be vacated upon the conclusion of the rule-making proceeding initiated under subsection (a) of this section with respect to the substance.

(f) Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Titles 66 and 26 RCW.

69.50.202 Nomenclature. The controlled substances listed or to be listed in the schedules in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, and 69.50.212 are included by whatever official, common, usual, chemical, or trade name designated. [1971 ex.s. c 308 § 69.50.202.]

   (2) has no currently accepted medical use in treatment in the United States; and
   (3) lacks accepted safety for use in treatment under medical supervision.

Uniform Controlled Substances Act

69.50.302 Registration requirements. (a) Every person who manufactures, distributes, or dispenses any controlled substance within this state or who proposes to engage in the manufacture, distribution, or dispensing of any controlled substance within this state, shall obtain annually a registration issued by the department in accordance with the commission's rules.

(b) A person registered by the department under this chapter to manufacture, distribute, dispense, or conduct research with controlled substances may possess, manufacture, distribute, dispense, or conduct research with those substances to the extent authorized by the registration and in conformity with this Article.

(c) The following persons need not register and may lawfully possess controlled substances under this chapter:

(1) An agent or employee of any registered manufacturer, distributor, or dispenser of any controlled substance if the agent or employee is acting in the usual course of business or employment. This exemption shall not include any agent or employee distributing sample controlled substances to practitioners without an order;

(2) A common or contract carrier or warehouse operator, or an employee thereof, whose possession of any controlled substance is in the usual course of business or employment;

(3) An ultimate user or a person in possession of any controlled substance pursuant to a lawful order of a practitioner or in lawful possession of a substance included in Schedule V.

(d) The commission may waive by rule the requirement for registration of certain manufacturers, distributors, or dispensers of controlled substances if it finds it consistent with the public health and safety. Personal practitioners licensed or registered in the state of Washington under the respective professional licensing acts shall not be required to be registered under this chapter unless the specific exemption is denied pursuant to RCW 69.50.305 for violation of any provisions of this chapter.

(e) A separate registration is required at each principal place of business or professional practice where the applicant manufactures, distributes, or dispenses controlled substances.

(f) The department may inspect the establishment of a registrant or applicant for registration in accordance with rules adopted by the commission. [2013 c 19 § 98; 2011 c 336 § 839; 1993 c 187 § 16; 1989 1st ex.s. c 9 § 432; 1971 ex.s. c 308 § 69.50.302.]

69.50.301 Rules—Fees. The commission may adopt rules and the department may charge reasonable fees, relating to the registration and control of the manufacture, distribution, and dispensing of controlled substances within this state. [2013 c 19 § 97; 1993 c 187 § 15; 1991 c 229 § 9; 1989 1st ex.s. c 9 § 431; 1971 ex.s. c 308 § 69.50.301.]

(2014 Ed.)
(4) any convictions of the applicant under any laws of another country or federal or state laws relating to any controlled substance;

(5) past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;

(6) furnishing by the applicant of false or fraudulent material in any application filed under this chapter;

(7) suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and

(8) any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) of this section does not entitle a registrant to manufacture or distribute controlled substances included in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances included in Schedules II through V where they are authorized to dispense or conduct research under the law of this state. The commission need not require separate registration under this Article for practitioners engaging in research with nonnarcotic substances included in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with substances included in Schedule I may conduct research with substances included in Schedule I within this state upon furnishing the commission evidence of that federal registration.

(d) A manufacturer or distributor registered under the federal Controlled Substances Act, 21 U.S.C. Sec. 801 et seq., may submit a copy of the federal application as an application for registration as a manufacturer or distributor under this section. The commission may require a manufacturer or distributor to submit information in addition to the application for registration under the federal act. [2013 c 19 § 99; 1993 c 187 § 17; 1989 1st ex.s. c 9 § 433; 1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration—Seizure or placement under seal of controlled substances. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the commission upon finding that the registrant has:

(1) furnished false or fraudulent material in any application filed under this chapter;

(2) been convicted of a felony under any state or federal law relating to any controlled substance;

(3) had the registrant's federal registration suspended or revoked and is no longer authorized by federal law to manufacture, distribute, or dispense controlled substances; or

(4) committed acts that would render registration under RCW 69.50.303 inconsistent with the public interest as determined under that section.

(b) The commission may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the commission suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The department may seize or place under seal any controlled substance owned or possessed by a registrant whose registration has expired or who has ceased to practice or do business in the manner contemplated by the registration. The controlled substance must be held for the benefit of the registrant or the registrant's successor in interest. The department shall notify a registrant, or the registrant's successor in interest, who has any controlled substance seized or placed under seal, of the procedures to be followed to secure the return of the controlled substance and the conditions under which it will be returned. The department may not dispose of any controlled substance seized or placed under seal under this subsection until the expiration of one hundred eighty days after the controlled substance was seized or placed under seal. The costs incurred by the department in seizing, placing under seal, maintaining custody, and disposing of any controlled substance under this subsection may be recovered from the registrant, any proceeds obtained from the disposition of the controlled substance, or from both. Any balance remaining after the costs have been recovered from the proceeds of any disposition must be delivered to the registrant or the registrant's successor in interest.

(e) The department shall promptly notify the drug enforcement administration of all orders restricting, suspending, or revoking registration and all forfeitures of controlled substances. [2013 c 19 § 100; 1993 c 187 § 18; 1989 1st ex.s. c 9 § 434; 1986 c 124 § 8; 1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension, or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the commission denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.05 RCW.

(b) The commission may suspend any registration simultaneously with the institution of proceedings under RCW 69.50.304, or where renewal of registration is refused, if it finds that there is an imminent danger to the public health or safety which warrants this action. The suspension shall continue in effect until the conclusion of the proceedings, including judicial review thereof, unless sooner withdrawn by the commission or dissolved by a court of competent jurisdiction. [2013 c 19 § 101; 1971 ex.s. c 308 § 69.50.305.]
69.50.306 Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with any additional rules the commission issues. [2013 c 19 § 102; 1971 ex.s. c 308 § 69.50.306.]

69.50.308 Prescriptions. (a) A controlled substance may be dispensed only as provided in this section. Prescriptions electronically communicated must also meet the requirements under RCW 69.50.312.

(b) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule II may not be dispensed without the written or electronically communicated prescription of a practitioner.

(1) Schedule II narcotic substances may be dispensed by a pharmacy pursuant to a facsimile prescription under the following circumstances:
   (i) The facsimile prescription is transmitted by a practitioner to the pharmacy; and
   (ii) The facsimile prescription is for a patient in a long-term care facility or a hospice program certified or paid by Medicare under Title XVIII of the federal social security act. "Long-term care facility" means nursing homes licensed under chapter 18.51 RCW, assisted living facilities licensed under chapter 18.20 RCW, and adult family homes licensed under chapter 70.128 RCW; or
   (iii) The facsimile prescription is for a patient of a hospice program licensed by the state; and
   (iv) The practitioner or the practitioner's agent notes on the facsimile prescription that the patient is a long-term care or hospice patient.

(2) Injectable Schedule II narcotic substances that are to be compounded for patient use may be dispensed by a pharmacy pursuant to a facsimile prescription if the facsimile prescription is transmitted by a practitioner to the pharmacy.

(3) Under (1) and (2) of this subsection the facsimile prescription shall serve as the original prescription and shall be maintained as other Schedule II narcotic substances prescriptions.

(c) In emergency situations, as defined by rule of the commission, a substance included in Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306.

(d) A prescription for a substance included in Schedule II may not be refilled. A prescription for a substance included in Schedule II may not be filled more than six months after the date the prescription was issued.

(e) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule III, IV, or V, which is a prescription drug as determined under RCW 69.04.560, may not be dispensed without a written, oral, or electronically communicated prescription of a practitioner. Any oral prescription must be promptly reduced to writing.

(f) The prescription for a substance included in Schedule III, IV, or V may not be filled or refilled more than six months after the date issued by the practitioner or be refilled more than five times, unless renewed by the practitioner.

(g) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that the person is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(h) A substance included in Schedule V must be distributed or dispensed only for a medical purpose.

(i) A practitioner may dispense or deliver a controlled substance to or for an individual or animal only for medical treatment or authorized research in the ordinary course of that practitioner's profession. Medical treatment includes dispensing or administering a narcotic drug for pain, including intractable pain.

(j) No administrative sanction, or civil or criminal liability, authorized or created by this chapter may be imposed on a pharmacist for action taken in reliance on a reasonable belief that an order purporting to be a prescription was issued by a practitioner in the usual course of professional treatment or in authorized research.

(k) An individual practitioner may not dispense a substance included in Schedule II, III, or IV for that individual practitioner's personal use. [2013 c 276 § 3; 2013 c 19 § 103; 2012 c 10 § 46; 2001 c 248 § 1; 1993 c 187 § 19; 1971 ex.s. c 308 § 69.50.308.]

Reviser's note: This section was amended by 2013 c 19 § 103 and by 2013 c 276 § 3, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

Application—2012 c 10: See note following RCW 18.20.010.

69.50.309 Containers. A person to whom or for whose use any controlled substance has been prescribed, sold, or dispensed by a practitioner, and the owner of any animal for which such controlled substance has been prescribed, sold, or dispensed may lawfully possess it only in the container in which it was delivered to him or her by the person selling or dispensing the same. [2012 c 117 § 367; 1971 ex.s. c 308 § 69.50.309.]

69.50.310 Sodium pentobarbital—Registration of humane societies and animal control agencies for use in animal control. On and after September 21, 1977, a humane society and animal control agency may apply to the department for registration pursuant to the applicable provisions of this chapter for the sole purpose of being authorized to purchase, possess, and administer sodium pentobarbital to euthanize injured, sick, homeless, or unwanted domestic pets and animals. Any agency so registered shall not permit a person to administer sodium pentobarbital unless such person has
demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering this drug.

The department may issue a limited registration to carry out the provisions of this section. The commission shall promulgate such rules as it deems necessary to insure strict compliance with the provisions of this section. The commission may suspend or revoke registration upon determination that the person administering sodium pentobarbital has not demonstrated adequate knowledge as herein provided. (b) The system used for transmitting electronically communicated prescription information must be approved by the commission and in accordance with federal rules for electronically communicated prescriptions for controlled substances included in Schedules II through V, as set forth in Title 21 C.F.R. (c) An explicit opportunity for practitioners must be made to indicate their preference on whether a therapeutically equivalent generic drug may be substituted;

(d) Prescription drug orders are confidential health information, and may be released only to the patient or the patient's authorized representative, the prescriber or other authorized practitioner then caring for the patient, or other persons specifically authorized by law to receive such information;

All managers, employees, and agents of the pharmacy are required to read, sign, and comply with the established policies and procedures; and

(2) The commission may adopt rules implementing this section. [2013 c 276 § 4; 2013 c 19 § 105; 1998 c 222 § 4.] Reviser's note: This section was amended by 2013 c 19 § 105 and by 2013 c 276 § 4, each without reference to the other. Both amendments are incorporated in the publication of this section under RCW 1.12.025(2). For rule of construction, see RCW 1.12.025(1).

69.50.315 Medical assistance—Drug-related overdose—Naloxone—Prosecution for possession. (1)(a) A person acting in good faith who seeks medical assistance for someone experiencing a drug-related overdose shall not be charged or prosecuted for possession of a controlled substance pursuant to RCW 69.50.4013, or penalized under RCW 69.50.4014, if the evidence for the charge of possession of a controlled substance was obtained as a result of the person seeking medical assistance.

(b) A person acting in good faith may receive a naloxone prescription, possess naloxone, and administer naloxone to an individual suffering from an apparent opiate-related overdose.

(2) A person who experiences a drug-related overdose and is in need of medical assistance shall not be charged or prosecuted for possession of a controlled substance pursuant to RCW 69.50.4013, or penalized under RCW 69.50.4014, if the evidence for the charge of possession of a controlled substance was obtained as a result of the overdose and the need for medical assistance.

(3) The protection in this section from prosecution for possession crimes under RCW 69.50.4013 shall not be grounds for suppression of evidence in other criminal charges. [2010 c 9 § 2.]

Intent—2010 c 9: "The legislature intends to save lives by increasing timely medical attention to drug overdose victims through the establishment of limited immunity from prosecution for people who seek medical assistance in a drug overdose situation. Drug overdose is the leading cause of unintentional injury death in Washington state, ahead of motor vehicle-related deaths. Washington state is one of sixteen states in which drug overdoses cause more deaths than traffic accidents. Drug overdose mortality rates have increased significantly since the 1990s, according to the centers for disease control and prevention, and illegal and prescription drug overdoses killed more than thirty-eight thousand people nationwide in 2006, the last year for which firm data is available. The Washington state department of health reports that in 1999 unintentional drug poisoning was responsible for four hundred three deaths in this state; in 2007, the number had increased to seven hundred sixty-one, compared with six hundred ten motor vehicle-related deaths that same year. Many drug overdose fatalities occur because peers delay or forego calling 911 for fear of arrest or police involvement, which researchers continually identify as the most significant barrier to the ideal first response of calling emergency services." [2010 c 9 § 1.]

69.50.320 Registration of department of fish and wildlife for use in chemical capture programs—Rules. The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable pro-
visions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The commission may adopt rules to ensure strict compliance with the provisions of this section. The commission, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The commission shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [2013 c 19 § 106; 2003 c 175 § 2.]

Findings—2003 c 175: "The legislature finds that the department of fish and wildlife is responsible for the proper management of the state's diverse wildlife resources. Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the "board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals." [2003 c 175 § 1.]

*Reviser's note: Chapter 19, Laws of 2013 changed "board of pharmacy" to "pharmacy quality assurance commission."

For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal of denial thereof, of any license, the state liquor control board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor control board and a criminal history record information check. identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor control board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW shall not apply to these cases. Subject to the provisions of this section, the state liquor control board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (9) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor control board to any staff member the board designates in writing. Conditions for granting this authority shall be adopted by rule. No license of any kind may be issued to:

(2) (a) The state liquor control board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for producing, processing, or selling marijuana, useable marijuana, or marijuana-infused products thereunder shall be suspended or terminated, as the case may be.

(b) The state liquor control board shall immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license shall be automatic upon the state liquor control board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor control board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and to receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor control board may adopt.

(d) Witnesses shall be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.
ing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor control board representatives shall present and defend the state liquor control board's initial decision to deny a license or renewal.

(8) The state liquor control board shall not issue a license for any premises within one thousand feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, or library, or any game arcade admission to which is not restricted to persons aged twenty-one years or older.

(9) In determining whether to grant or deny a license or renewal of any license, the state liquor control board shall give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the applicant's operation of any other licensed premises, or the conduct of the applicant's patrons inside or outside the licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest. The action, order, or decision of the state liquor control board as to any denial of an application for the reissuance of a license to produce, process, or sell marijuana, or as to any revocation, suspension, or modification of any license to produce, process, or sell marijuana, shall be an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW.

(1) An opportunity for a hearing may be provided to an applicant for the reissuance of a license prior to the disposition of the application, and if no opportunity for a prior hearing is provided then an opportunity for a hearing to reconsider the application must be provided the applicant.

(2) An opportunity for a hearing must be provided to a licensee prior to a revocation or modification of any license and, except as provided in subsection (4) of this section, prior to the suspension of any license.

(3) No hearing shall be required until demanded by the applicant or licensee.

(4) The state liquor control board may summarily suspend a license for a period of up to one hundred eighty days without a prior hearing if it finds that public health, safety, or welfare imperatively require emergency action, and it incorporates a finding to that effect in its order. Proceedings for revocation or other action must be promptly instituted and determined. An administrative law judge may extend the summary suspension period for up to one calendar year from the first day of the initial summary suspension in the event the proceedings for revocation or other action cannot be completed during the initial one hundred eighty-day period due to actions by the licensee. The state liquor control board's enforcement division shall complete a preliminary staff investigation of the violation before requesting an emergency suspension by the state liquor control board. [2013 c 3 § 7 (Initiative Measure No. 502, approved November 6, 2012).]

Intent—2013 c 3 (Initiative Measure No. 502): See note following RCW 69.50.101.

(1) If the state liquor control board approves, a license to produce, process, or sell marijuana may be transferred, without charge, to the surviving spouse or domestic partner of a deceased licensee if the license was issued in the names of one or both of the parties. For the purpose of considering the qualifications of the surviving party to receive a marijuana producer's, marijuana processor's, or marijuana retailer's license, the state liquor control board may require a criminal history record information check. The state liquor control board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor control board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation.

(2) The proposed sale of more than ten percent of the outstanding or issued stock of a corporation licensed under chapter 3, Laws of 2013, or any proposed change in the officers of such a corporation, must be reported to the state liquor control board, and state liquor control board approval must be obtained before the changes are made. A fee of seventy-five dollars will be charged for the processing of the change of stock ownership or corporate officers. [2013 c 3 § 8 (Initiative Measure No. 502, approved November 6, 2012).]

Any map approved under this section or a true copy of the map shall be filed with the clerk of the municipality or county, and shall be maintained as an official record of the municipality or county. This section shall not be construed as precluding the prosecution from introducing or relying upon any other evidence or testimony to establish any element of the offense. This section shall not be construed as precluding the use or admissibility of any map or diagram other than the one which has been approved by the governing body of a municipality, school district, county, transit authority, or public housing authority if the map or diagram is otherwise admissible under court rule.

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. (a) All controlled substances which have been manufactured, distributed, dispensed, acquired, or possessed in violation of this chapter or chapter 69.41 or 69.52 RCW, and all hazardous chemicals, as defined in RCW 64.44.010, used or intended to be used in the manufacture of controlled substances;

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or chapter 69.41 or 69.52 RCW;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) No conveyance is subject to forfeiture under this section if used in the receipt of only an amount of marijuana for which possession constitutes a misdemeanor under RCW 69.50.4014;

(iv) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(v) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(f) All drug paraphernalia other than paraphernalia possessed, sold, or used solely to facilitate marijuana-related activities that are not violations of this chapter;

(g) All moneys, negotiable instruments, securities, or other tangible or intangible property of value furnished or intended to be furnished by any person in exchange for a controlled substance in violation of this chapter or chapter 69.41 or 69.52 RCW, all tangible or intangible personal property, proceeds, or assets acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of this chapter or chapter 69.41 or 69.52 RCW. A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission. No personal property may be forfeited under this subsection (1)(g), to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(h) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any appurtenances or improvements which are being used with the knowledge of the owner for the manufacturing, compounding, processing, delivery, importing, or exporting of any controlled substance, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of this chapter or chapter 69.41 or 69.52 RCW, if such activity is not less than a class C felony and a substantial nexus exists between the commercial production or sale of the controlled substance and the real property. However:

(i) No property may be forfeited pursuant to this subsection (1)(h), to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) The bona fide gift of a controlled substance, legend drug, or imitation controlled substance shall not result in the forfeiture of real property;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes that are unlawful under Washington state law, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, whether the offender was licensed to produce, process, or sell marijuana, or was an employee of a licensed producer, processor, or retailer, and other evidence which demonstrates the offender's intent to engage in unlawful commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(2) Real or personal property subject to forfeiture under this chapter may be seized by any board inspector or law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall
not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(d) The board inspector or law enforcement officer has probable cause to believe that the property was used or intended to be used in violation of this chapter.

(3) In the event of seizure pursuant to subsection (2) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by first-class mail. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (4), the seizing law enforcement agency shall promptly notify the person or persons to whom the property is to be returned or otherwise conveyed. The notice shall state that the property is subject to forfeiture and shall contain the name and address of the seizing law enforcement agency and the mailing address for the return of the property. The notice shall also provide a description of the property and the date and time of the seizure.

(5) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section within forty-five days of the service of notice from the seizing law enforcement agency in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The notice of claim may be served by any method authorized by law or court rule including, but not limited to, service by first-class mail. Service by mail shall be deemed complete upon mailing within the forty-five day period following service of notice of seizure in the case of personal property and within the ninety-day period following service of notice of seizure in the case of real property. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In all cases, the burden of proof is upon the law enforcement agency to establish, by a preponderance of the evidence, that the property is subject to forfeiture.

The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section.

(6) In any proceeding to forfeit property under this title, where the claimant substantially prevails, the claimant is entitled to reasonable attorneys' fees reasonably incurred by the claimant. In addition, in a court hearing between two or more claimants to the article or articles involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees.

(7) When property is forfeited under this chapter the board or law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public;

(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(d) Forward it to the drug enforcement administration for disposition.
(8)(a) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(b) Each seizing agency shall retain records of forfeited property for at least seven years.

(c) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(d) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(9)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (15) of this section.

(c) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(10) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(11) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the **board, the owners of which are unknown, are contraband and shall be summarily forfeited to the **board.

(12) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the **board.

(13) The failure, upon demand by a **board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he or she is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(14) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(15)(a) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (7)(b) of this section, only if:

(i) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(ii) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(A) Only if the funds applied under (a)(ii) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(B) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(17) Subsections (15) and (16) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (15) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency. 69.51A.005 Purpose and intent. (1) The legislature finds that:

(a) There is medical evidence that some patients with terminal or debilitating medical conditions may, under their health care professional's care, benefit from the medical use of cannabis. Some of the conditions for which cannabis appears to be beneficial include, but are not limited to:

(i) Nausea, vomiting, and cachexia associated with cancer, HIV-positive status, AIDS, hepatitis C, anorexia, and their treatments;

(ii) Severe muscle spasms associated with multiple sclerosis, epilepsy, and other seizure and spasticity disorders;

(iii) Acute or chronic glaucoma;

(iv) Crohn's disease; and

(v) Some forms of intractable pain.

(b) Humanitarian compassion necessitates that the decision to use cannabis by patients with terminal or debilitating medical conditions is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.

(2) Therefore, the legislature intends that:

(a) Qualifying patients with terminal or debilitating medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of cannabis, shall not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based solely on their medical use of cannabis, notwithstanding any other provision of law;

(b) Persons who act as designated providers to such patients shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of cannabis; and

(c) Health care professionals shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law for the proper authorization of medical use of cannabis by qualifying patients for whom, in the health care professional's professional judgment, the medical use of cannabis may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of cannabis for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of cannabis would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of cannabis in any correctional facility or jail. [2011 c 181 § 102; 2010 c 284 § 1; 2007 c 371 § 2; 1999 c 2 § 2 (Initiative Measure No. 692, approved November 3, 1998).]

Intent—2007 c 371: “The legislature intends to clarify the law on medical marijuana so that the lawful use of this substance is not impaired and medical practitioners are able to exercise their best professional judgment in the delivery of medical treatment, qualifying patients may fully participate in the medical use of marijuana, and designated providers may assist patients in the manner provided by this act without fear of state criminal prosecution. This act is also intended to provide clarification to law enforcement and to all participants in the judicial system.” [2007 c 371 § 1.]

69.51A.020 Construction of chapter. Nothing in this chapter shall be construed to supersede Washington state law prohibiting the acquisition, possession, manufacture, sale, or use of cannabis for nonmedical purposes. Criminal penalties created under chapter 181, Laws of 2011 do not preclude the prosecution or punishment for other crimes, including other crimes involving the manufacture or delivery of cannabis for nonmedical purposes. [2011 c 181 § 103; 1999 c 2 § 3 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.025 Construction of chapter—Compliance with RCW 69.51A.040. Nothing in this chapter or in the rules adopted to implement it precludes a qualifying patient or designated provider from engaging in the private, unlicensed, noncommercial production, possession, transportation, delivery, or administration of cannabis for medical use as authorized under RCW 69.51A.040. [2011 c 181 § 413.]

69.51A.030 Acts not constituting crimes or unprofessional conduct—Health care professionals not subject to penalties or liabilities. (b) Providing a patient meeting the criteria established under *RCW 69.51A.010(26) with valid documentation, based upon the health care professional's assessment of the patient's medical history and current medical condition, where such use is within a professional standard of care or in the individual health care professional's medical judgment.

(2)(a) A health care professional may only provide a patient with valid documentation authorizing the medical use of cannabis or register the patient with the registry established in **section 901 of this act if he or she has a newly initiated or existing documented relationship with the patient, as a primary care provider or a specialist, relating to the diagnosis and ongoing treatment or monitoring of the patient's terminal or debilitating medical condition, and only after:

(i) Completing a physical examination of the patient as appropriate, based on the patient's condition and age;

A qualifying patient or designated provider meeting the conditions of this subsection but possessing more cannabis than the limits set forth in RCW 69.51A.040(1) may, in the investigating peace officer's discretion, be taken into custody and booked into jail in connection with the investigation of the incident. [2011 c 181 § 402.]

*Reviser's note: Section 901 of this act was vetoed by the governor.

69.51A.045 Possession of cannabis exceeding lawful amount—Affirmative defense. A qualifying patient or designated provider in possession of cannabis plants, useable cannabis, or cannabis product exceeding the limits set forth in RCW 69.51A.040(1) but otherwise in compliance with all other terms and conditions of this chapter may establish an affirmative defense to charges of violations of state law relating to cannabis through proof at trial, by a preponderance of the evidence, that the qualifying patient's necessary medical use exceeds the amounts set forth in RCW 69.51A.040(1). An investigating peace officer may seize cannabis plants, useable cannabis, or cannabis product exceeding the amounts set forth in RCW 69.51A.040(1): PROVIDED, That in the case of cannabis plants, the qualifying patient or designated provider shall be allowed to select the plants that will remain at the location. *Reviser's note: Sections 407, 601, 602, and 701 were vetoed by the governor.

A qualifying patient or designated provider who is not registered with the registry established in *section 901 of this act or does not present his or her valid documentation to a peace officer who questions the patient or provider regarding his or her medical use of cannabis but is in compliance with all other terms and conditions of this chapter may establish an affirmative defense to charges of violations of state law relating to cannabis through proof at trial, by a preponderance of the evidence, that he or she was a validly authorized qualifying patient or designated provider at the time of the officer's questioning. A qualifying patient or designated provider who establishes an affirmative defense under the terms of this section may also establish an affirmative defense under RCW 69.51A.045. [2011 c 181 § 406.]

[2011 c 181 § 501; 2010 c 284 § 4; 2007 c 371 § 6; 1999 c 2 § 8 (Initiative Measure No. 692, approved November 3, 1998).]

In considering such petitions, the Washington state medical quality assurance commission in consultation with the board of osteopathic medicine and surgery shall include public notice of, and an opportunity to comment in a public hearing upon, such petitions. The Washington state medical quality assurance commission in consultation with the board of osteopathic medicine and surgery shall, after hearing, approve or deny such petitions within one hundred eighty days of submission. The approval or denial of such a petition shall be considered a final agency action, subject to judicial review. [2007 c 371 § 7; 1999 c 2 § 9 (Initiative Measure No. 692, approved November 3, 1998).]

Intent—2007 c 371: See note following RCW 69.51A.005.

69.51A.085 Collective gardens. (1) Qualifying patients may create and participate in collective gardens for the purpose of producing, processing, transporting, and delivering cannabis for medical use subject to the following conditions:

(a) No more than ten qualifying patients may participate in a single collective garden at any time;

(b) A collective garden may contain no more than fifteen plants per patient up to a total of forty-five plants;

(c) A collective garden may contain no more than twenty-four ounces of useable cannabis per patient up to a total of seventy-two ounces of useable cannabis;

(d) A copy of each qualifying patient's valid documentation or proof of registration with the registry established in *section 901 of this act, including a copy of the patient's proof of identity, must be available at all times on the premises of the collective garden; and

(e) No useable cannabis from the collective garden is delivered to anyone other than one of the qualifying patients participating in the collective garden.

(2) For purposes of this section, the creation of a "collective garden" means qualifying patients sharing responsibility for acquiring and supplying the resources required to produce and process cannabis for medical use such as, for example, a location for a collective garden; equipment, supplies, and labor necessary to plant, grow, and harvest cannabis; cannabis plants, seeds, and cuttings; and equipment, supplies, and labor necessary for proper construction, plumbing, wiring, and ventilation of a garden of cannabis plants.

(3) A person who knowingly violates a provision of subsection (1) of this section is not entitled to the protections of this chapter. [2011 c 181 § 403.]

*Reviser's note: The section creating a registry, 2011 c 181 § 901, was vetoed by the governor.

69.51A.090 Applicability of valid documentation definition. The provisions of RCW 69.51A.010, relating to the definition of "valid documentation," apply prospectively only, not retroactively, and do not affect valid documentation obtained prior to June 10, 2010. [2010 c 284 § 5.]

69.51A.100 Qualifying patient's designation of provider—Provider's service as designated provider—Termination. (1) A qualifying patient may revoke his or her designation of a specific provider and designate a different provider at any time. A revocation of designation must be in writing, signed and dated. The protections of this chapter cease to apply to a person who has served as a designated provider to a qualifying patient seventy-two hours after receipt of that patient's revocation of his or her designation.

(2) A person may stop serving as a designated provider to a given qualifying patient at any time. However, that person may not begin serving as a designated provider to a different qualifying patient until fifteen days have elapsed from the date the last qualifying patient designated him or her to serve as a provider. [2011 c 181 § 404.]

69.51A.110 Suitability for organ transplant. A qualifying patient's medical use of cannabis as authorized by a health care professional may not be a sole disqualifying factor in determining the patient's suitability for an organ transplant, unless it is shown that this use poses a significant risk of rejection or organ failure. This section does not preclude a health care professional from requiring that a patient abstain from the medical use of cannabis, for a period of time determined by the health care professional, while waiting for a transplant organ or before the patient undergoes an organ transplant. [2011 c 181 § 408.]

69.51A.120 Parental rights or residential time—Not to be restricted. A qualifying patient or designated provider may not have his or her parental rights or residential time with a child restricted solely due to his or her medical use of cannabis in compliance with the terms of this chapter absent written findings supported by evidence that such use has resulted in a long-term impairment that interferes with the performance of parenting functions as defined under RCW 26.09.004. [2011 c 181 § 409.]

[Title 69 RCW—page 112]

(2) No civil or criminal liability may be imposed by any court on cities, towns, and counties or other municipalities and their officers and employees for actions taken in good faith under this chapter and within the scope of their assigned duties. [2011 c 181 § 1101.]

**69.51A.140** Counties, cities, towns—Authority to adopt and enforce requirements. (1) Cities and towns may adopt and enforce any of the following pertaining to the production, processing, or dispensing of cannabis or cannabis products within their jurisdiction: Zoning requirements, business licensing requirements, health and safety requirements, and business taxes. Nothing in chapter 181, Laws of 2011 is intended to limit the authority of cities and towns to impose zoning requirements or other conditions upon licensed dispensers, so long as such requirements do not preclude the possibility of siting licensed dispensers within the jurisdiction. If the jurisdiction has no commercial zones, the jurisdiction is not required to adopt zoning to accommodate licensed dispensers.

(2) Counties may adopt and enforce any of the following pertaining to the production, processing, or dispensing of cannabis or cannabis products within their jurisdiction in locations outside of the corporate limits of any city or town: Zoning requirements, business licensing requirements, health and safety requirements, and business taxes. Nothing in chapter 181, Laws of 2011 is intended to limit the authority of counties to impose zoning requirements or other conditions upon licensed dispensers, so long as such requirements do not preclude the possibility of siting licensed dispensers within the jurisdiction. If the jurisdiction has no commercial zones, the jurisdiction is not required to adopt zoning to accommodate licensed dispensers. [2011 c 181 § 1102.]

**69.51A.200** Evaluation. (1) By July 1, 2014, the Washington state institute for public policy shall, within available funds, conduct a cost-benefit evaluation of the implementation of chapter 181, Laws of 2011 and the rules adopted to carry out its purposes.

(2) The evaluation of the implementation of chapter 181, Laws of 2011 and the rules adopted to carry out its purposes shall include, but not necessarily be limited to, consideration of the following factors:

(b) Qualifying patients’ access to a safe source of cannabis for medical use;

(c) Qualifying patients’ access to a consistent source of cannabis for medical use;

(d) Qualifying patients’ access to a secure source of cannabis for medical use;

(e) Qualifying patients’ and designated providers’ contact with law enforcement and involvement in the criminal justice system;

(f) Diversion of cannabis intended for medical use to nonmedical uses;

(g) Incidents of home invasion burglaries, robberies, and other violent and property crimes associated with qualifying patients accessing cannabis for medical use;

(h) Whether there are health care professionals who make a disproportionately high amount of authorizations in comparison to the health care professional community at large;

(i) Whether there are indications of health care professionals in violation of RCW 69.51A.030; and

(j) Whether the health care professionals making authorizations reside in this state or out of this state.

(3) For purposes of facilitating this evaluation, the departments of health and agriculture will make available to the Washington state institute for public policy requested data, and any other data either department may consider relevant, from which all personally identifiable information has been redacted. Drug nuisances—Injunctions: Chapter 7.43 RCW.

**69.52.010** Legislative findings. The legislature finds that imitation controlled substances are being manufactured to imitate the appearance of the dosage units of controlled substances for sale to school age youths and others to facili-
tate the fraudulent sale of controlled substances. The legislature further finds that manufacturers are endeavoring to profit from the manufacture of these imitation controlled substances while avoiding liability by accurately labeling the containers or packaging which contain these imitation controlled substances. The close similarity of appearance between dosage units of imitation controlled substances and controlled substances is indicative of a deliberate and wilful attempt to profit by deception without regard to the tragic human consequences. The use of imitation controlled substances is responsible for a growing number of injuries and deaths, and the legislature hereby declares that this chapter is necessary for the protection and preservation of the public health and safety. [1982 c 171 § 2.]

69.52.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled substance" means a substance as that term is defined in chapter 69.50 RCW.

(2) "Distribute" means the actual or constructive transfer (or attempted transfer) or delivery or dispensing to another of an imitation controlled substance.

(3) "Imitation controlled substance" means a substance that is not a controlled substance, but which by appearance or representation would lead a reasonable person to believe that the substance is a controlled substance. Appearance includes, but is not limited to, color, shape, size, and markings of the dosage unit. Representation includes, but is not limited to, representations or factors of the following nature:

(a) Statements made by an owner or by anyone else in control of the substance concerning the nature of the substance, or its use or effect;

(b) Statements made to the recipient that the substance may be resold for inordinate profit; or

(c) Whether the substance is packaged in a manner normally used for illicit controlled substances.

(4) "Manufacture" means the production, preparation, compounding, processing, encapsulating, packaging or repackaging, or labeling or relabeling of an imitation controlled substance. [1982 c 171 § 3.]

69.52.030 Violations—Exceptions. (1) It is unlawful for any person to manufacture, distribute, or possess with intent to distribute, an imitation controlled substance. Any person who violates this subsection shall, upon conviction, be guilty of a class C felony.

Any person who violates this subsection is guilty of a class C felony.

(4) No civil or criminal liability shall be imposed by virtue of this chapter on any person registered under the Uniform Controlled Substances Act pursuant to RCW 69.50.301 or 69.50.303 who manufactures, distributes, or possesses an imitation controlled substance for use as a placebo or other use by a registered practitioner, as defined in *RCW 69.50.101(t), in the course of professional practice or research.

(5) No prosecution under this chapter shall be dismissed solely by reason of the fact that the dosage units were contained in a bottle or other container with a label accurately describing the ingredients of the imitation controlled substance dosage units. The good faith of the defendant shall be an issue of fact for the trier of fact. [1983 1st ex.s. c 4 § 5; 1982 c 171 § 4.]

*Reviser's note: The reference to RCW 69.50.101(t) is erroneous. "Practitioner" is defined in (w) of that section. (1) If a juvenile thirteen years of age or older and under the age of twenty-one is found by a court to have committed any offense that is a violation of this chapter, the court shall notify the department of licensing within twenty-four hours after entry of the judgment.

(2) Except as otherwise provided in subsection (3) of this section, upon petition of a juvenile whose privilege to drive has been revoked pursuant to RCW 46.20.265, the court may at any time the court deems appropriate notify the department of licensing to reinstate the juvenile's privilege to drive.

69.60.901 Effective date—1993 c 135.

69.60.010 Legislative findings. The legislature of the state of Washington finds that:
(1) Accidental and purposeful ingestions of solid medication forms continue to be the most frequent cause of poisoning in our state;
(2) Modern treatment is dependent upon knowing the ingredients of the ingestant;
(3) The imprinting of identifying characteristics on all tablets, capsules, and caplets of prescription medication forms, both trade name products and generic products, has been extremely beneficial in our state and was accomplished at trivial cost to the manufacturers and consumers;
(4) Although over-the-counter medications usually constitute a lower order of risk to ingesters, treatment after overdose is equally dependent upon knowing the ingredients involved, but there is no coding index uniformly used by this class of medication;
(5) Approximately seventy percent of over-the-counter medications in solid form already have some type of an identifier imprinted on their surfaces;
(6) While particular efforts are being instituted to prevent recurrent tampering with over-the-counter medications, the added benefit of rapid and prompt identification of all possible contaminated products, including over-the-counter medications, would make for a significant improvement in planning for appropriate tracking and monitoring programs;
(7) At the same time, health care professionals serving the elderly find it especially advantageous to be able to identify and confirm the ingredients of their multiple medications, including over-the-counter products, as are often consumed by such patients;
(8) The legislature supports and encourages efforts that are being made to establish a national, legally enforceable system governing the imprinting of solid dosage form over-the-counter medications, which system is consistent with the requirements of this chapter. [1989 c 247 § 1.]

69.60.020 Definitions. The terms defined in this section shall have the meanings indicated when used in this chapter.
(1) "Commission" means the pharmacy quality assurance commission.
(2) "Over-the-counter medication" means a drug that can be obtained without a prescription and is not restricted to use by prescribing practitioners. For purposes of this chapter, over-the-counter medication does not include vitamins.
(3) "Purveyor" means any corporation, person, or other entity that offers over-the-counter medications for wholesale, retail, or other type of sale.
(4) "Solid dosage form" means capsules or tablets or similar over-the-counter medication products intended for administration and which could be ingested orally. [2013 c 19 § 117; 1989 c 247 § 3.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

69.60.030 Identification required. (1) No over-the-counter medication in solid dosage form may be manufactured or commercially distributed within this state unless it has clearly marked or imprinted on it an individual symbol, number, company name, words, letters, marking, or national drug code number identifying the medication and the manufacturer or distributor of the medication: PROVIDED, HOWEVER, That an over-the-counter medication which has clearly marked or imprinted on it a distinctive logo, symbol, product name, letters, or other identifying mark, or which by its color, shape, or size together with a distinctive logo, symbol, product name, letters, or other mark is identifiable, shall be deemed in compliance with the provisions of this chapter.
(2) No manufacturer may sell any over-the-counter medication in solid dosage form contained within a bottle, vial, carton, or other container, or in any way affixed or appended to or enclosed within a package of any kind designed or intended for delivery in such container or package to an ultimate consumer within this state unless such container or package has clearly and permanently marked or imprinted on it an individual symbol, number, company name, words, letters, marking, or national drug code number identifying the
medication and the manufacturer, packer, or distributor of the medication. [1993 c 135 § 1; 1989 c 247 § 2.]

**69.60.040 Imprint information—Publication—Availability.** Each manufacturer shall publish and provide to the commission printed material which will identify each current imprint used by the manufacturer and the commission shall be notified of any change. This information shall be provided by the commission to all pharmacies licensed in the state of Washington, poison control centers, and hospital emergency rooms. [2013 c 19 § 118; 1989 c 247 § 4.]

**69.60.050 Noncompliance—Contraband—Fine.** (1) Any over-the-counter medication prepared or manufactured or offered for sale in violation of this chapter or implementing rules shall be contraband and subject to seizure, in the same manner as contraband legend drugs under RCW 69.41.060.

(2) A purveyor who fails to comply with this chapter after one notice of noncompliance by the board is subject to a one thousand dollar civil fine for each instance of noncompliance. [1989 c 247 § 5.]

**69.60.060 Rules.** The commission shall have authority to promulgate rules for the enforcement and implementation of this chapter. [2013 c 19 § 119; 1989 c 247 § 6.]

**69.60.070 Imprinting requirements—Retailers and wholesalers.** All over-the-counter medications manufactured in, received by, distributed to, or shipped to any retailer or wholesaler in this state after January 1, 1994, shall meet the requirements of this chapter. No over-the-counter medication may be sold to a consumer in this state after January 1, 1995, unless such over-the-counter medication complies with the imprinting requirements of this chapter. [1993 c 135 § 2; 1989 c 247 § 7.]

**69.60.080 Exemptions—Application by manufacturer.** The commission, upon application of a manufacturer, may exempt an over-the-counter drug from the requirements of chapter 69.60 RCW on the grounds that imprinting is infeasible because of size, texture, or other unique characteristics. [2013 c 19 § 120; 1989 c 247 § 8.]

**69.60.090 Implementation of federal system—Termination of state system.** Before January 1, 1994, the commission will consult with the state toxicologist to determine whether the federal government has established a legally enforceable system that is substantially equivalent to the requirements of this chapter that govern the imprinting of solid dosage form over-the-counter medication. To be substantially equivalent, the effective dates for implementation of the federal system for imprinting solid dosage form over-the-counter medication must be the same or earlier than the dates of implementation set out in the state system for imprinting solid dosage form over-the-counter medication. If the commission determines that the federal system for imprinting solid dosage form over-the-counter medication is substantially equivalent to the state system for imprinting solid dosage form over-the-counter medication, this chapter will cease to exist on January 1, 1994. If the commission determines that the federal system is substantially equivalent, except that the federal dates for implementation are later than the Washington state dates, this chapter will cease to exist when the federal system is implemented. [2013 c 19 § 121; 1993 c 135 § 3; 1989 c 247 § 9.]

**69.60.900 Severability—1993 c 135.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected. [1993 c 135 § 4.]

**69.60.901 Effective date—1993 c 135.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately [April 30, 1993]. [1993 c 135 § 5.]

Title 70 RCW: Public Health and Safety

70.02.005 Findings. The legislature finds that:

(1) Health care information is personal and sensitive information that if improperly used or released may do significant harm to a patient's interests in privacy, health care, or other interests.

(2) Patients need access to their own health care information as a matter of fairness to enable them to make informed decisions about their health care and correct inaccurate or incomplete information about themselves.

(3) In order to retain the full trust and confidence of patients, health care providers have an interest in assuring that health care information is not improperly disclosed and in having clear and certain rules for the disclosure of health care information.

(4) Persons other than health care providers obtain, use, and disclose health record information in many different contexts and for many different purposes. It is the public policy of this state that a patient's interest in the proper use and disclosure of the patient's health care information survives even when the information is held by persons other than health care providers.

(5) The movement of patients and their health care information across state lines, access to and exchange of health care information from automated data banks, and the emergence of multistate health care providers creates a compelling need for uniform law, rules, and procedures governing the use and disclosure of health care information. [1991 c 335 § 101.]

   (c) To any person if the health care provider or health care facility reasonably believes that disclosure will avoid or minimize an imminent danger to the health or safety of the patient or any other individual, however there is no obligation under this chapter on the part of the provider or facility to so disclose. The fact of admission to a provider for mental health services and all information and records compiled,

Such date shall give the patient and the health care provider adequate time to seek a protective order, but in no event be less than fourteen days since the date of service or delivery to the patient and the health care provider of the foregoing. Thereafter the request for discovery or compulsory process shall be served on the health care provider.

(2) Without the written consent of the patient, the health care provider may not disclose the health care information sought under subsection (1) of this section if the requestor has not complied with the requirements of subsection (1) of this section. In the absence of a protective order issued by a court of competent jurisdiction forbidding compliance, the health care provider shall disclose the information in accordance with this chapter. In the case of compliance, the request for discovery or compulsory process shall be made a part of the patient record.

(3) Production of health care information under this section, in and of itself, does not constitute a waiver of any privilege, objection, or defense existing under other law or rule of evidence or procedure. [1991 c 335 § 205.]

70.02.070 Certification of record. Upon the request of the person requesting the record, the health care provider or facility shall certify the record furnished and may charge for such certification in accordance with RCW 36.18.016(5). (e) Deny the request, in whole or in part, under RCW 70.02.090 and inform the patient.

(2) Upon request, the health care provider shall provide an explanation of any code or abbreviation used in the health care information. If a record of the particular health care information requested is not maintained by the health care provider in the requested form, the health care provider is not required to create a new record or reformulate an existing record to make the health care information available in the requested form. The health care provider may charge a reasonable fee for providing the health care information and is not required to permit examination or copying until the fee is paid. [1993 c 448 § 5; 1991 c 335 § 301.]

(b) Knowledge of the health care information could reasonably be expected to lead to the patient's identification of an individual who provided the information in confidence and under circumstances in which confidentiality was appropriate;

(c) Knowledge of the health care information could reasonably be expected to cause danger to the life or safety of any individual;

(d) The health care information was compiled and is used solely for litigation, quality assurance, peer review, or administrative purposes; or

(e) Access to the health care information is otherwise prohibited by law.

(2) If a health care provider denies a request for examination and copying under this section, the provider, to the extent possible, shall segregate health care information for which access has been denied under subsection (1) of this section from information for which access cannot be denied and permit the patient to examine or copy the disclosable information.

(3) If a health care provider denies a patient's request for examination and copying, in whole or in part, under subsection (1)(a) or (c) of this section, the provider shall permit examination and copying of the record by another health care provider, selected by the patient, who is licensed, certified, registered, or otherwise authorized under the laws of this state to treat the patient for the same condition as the health care provider denying the request. The health care provider denying the request shall inform the patient of the patient's right to select another health care provider under this subsection. The patient shall be responsible for arranging for compensation of the other health care provider so selected. [2005 c 274 § 331; 1991 c 335 § 302.]

We will not disclose your record to others unless you direct us to do so or unless the law authorizes or compels us to do so. You may see your record or get more information about it at . . . . ."
(2) The health care provider shall place a copy of the notice of information practices in a conspicuous place in the health care facility, on a consent form or with a billing or other notice provided to the patient. [1991 c 335 § 501.]

In cases where parental consent is required, a health care provider may rely, without incurring any civil or criminal liability for such reliance, on the representation of a parent that he or she is authorized to consent to health care for the minor patient regardless of whether:

(iv) Contains reasonable safeguards to protect against identifying, directly or indirectly, any patient in any report of the research project; and

In assessing good cause, the court shall weigh the public interest and the need for disclosure against the injury to the patient, to the physician-patient relationship, and to the treatment services. Upon the granting of the order, the court, in determining the extent to which any disclosure of all or any part of the record of any such test is necessary, shall impose appropriate safeguards against unauthorized disclosure. An order authorizing disclosure must: (i) Limit disclosure to those parts of the patient's record deemed essential to fulfill the objective for which the order was granted; (ii) limit disclosure to those persons whose need for information is the basis for the order; and (iii) include any other appropriate measures to keep disclosure to a minimum for the protection of the patient, the physician-patient relationship, and the treatment services;

(1) The on-site sewage system for which a waiver is requested is for sewage flows under three thousand five hundred gallons per day;

(2) The waiver request is evaluated by the local health officer on an individual, site-by-site basis;

(3) The local health officer determines that the waiver is consistent with the standards in, and the intent of, the state board of health rules; and

(4) The local health officer submits quarterly reports to the department regarding any waivers approved or denied.

Based on review of the quarterly reports, if the department finds that the waivers previously granted have not been consistent with the standards in, and intent of, the state board of health rules, the department shall provide technical assistance to the local health officer to correct the inconsistency, and may notify the local and state boards of health of the department’s concerns.

The local health officer must provide the applicant with a written justification for the denial, along with an explanation of the procedure for appeal.
(3) If the local health officer identifies the application as pending and subject to review beyond thirty days, the local health officer must provide the applicant with a written justification that the site-specific conditions or circumstances necessitate a longer time period for a decision on the application. The local health officer must include any specific information necessary to make a decision and the estimated time required for a decision to be made.

(4) A local health officer may not limit the number of alternative sewage systems within his or her jurisdiction without cause. Any such limitation must be based upon public health and environmental protection concerns, including concerns regarding the ability to operate and maintain the system, or conflicts with other existing laws, regulations, or ordinances. If such a limitation is established, the local health officer must justify the limitation in writing, with specific reasons, and must provide an explanation of the procedure for appealing the limitation. [1997 c 447 § 2.]

Finding—Purpose—1997 c 447: "The legislature finds that improperly designed, installed, or maintained on-site sewage disposal systems are a major contributor to water pollution in this state. The legislature also recognizes that evolving technology has produced many viable alternatives to traditional on-site septic systems. It is the purpose of this act to help facilitate the siting of new alternative on-site septic systems and to assist local governments in promoting efficient operation of on-site septic "these systems." A moratorium may be renewed for one or more six-month periods if a subsequent public hearing is held and findings of fact are made prior to each renewal. [1992 c 207 § 7.]

70.05.170 Child mortality review. (1)(a) The legislature finds that the mortality rate in Washington state among infants and children less than eighteen years of age is unacceptably high, and that such mortality may be preventable. The legislature further finds that, through the performance of child mortality reviews, preventable causes of child mortality can be identified and addressed, thereby reducing the infant and child mortality in Washington state.
(b) It is the intent of the legislature to encourage the performance of child death reviews by local health departments by providing necessary legal protections to the families of children whose deaths are studied, local health department officials and employees, and health care professionals participating in child mortality review committee activities.

(2) As used in this section, "child mortality review" means a process authorized by a local health department as such department is defined in RCW 70.05.010 for examining factors that contribute to deaths of children less than eighteen years of age. The process may include a systematic review of medical, clinical, and hospital records; home interviews of parents and caretakers of children who have died; analysis of individual case information; and review of this information by a team of professionals in order to identify modifiable medical, socioeconomic, public health, behavioral, administrative, educational, and environmental factors associated with each death.

(3) Local health departments are authorized to conduct child mortality reviews. In conducting such reviews, the following provisions shall apply:

(a) All health care information collected as part of a child mortality review is confidential, subject to the restrictions on disclosure provided for in chapter 70.02 RCW. When documents are collected as part of a child mortality review, the records may be used solely by local health departments for the purposes of the review.

(b) No identifying information related to the deceased child, the child's guardians, or anyone interviewed as part of the child mortality review may be disclosed. Any such information shall be redacted from any records produced as part of the review.

(c) Any witness statements or documents collected from witnesses, or summaries or analyses of those statements or records prepared exclusively for purposes of a child mortality review, are not subject to public disclosure, discovery, subpoena, or introduction into evidence in any administrative, civil, or criminal proceeding related to the death of a child reviewed. This provision does not restrict or limit the discovery or subpoena from a health care provider of records or documents maintained by such health care provider in the ordinary course of business, whether or not such records or documents may have been supplied to a local health department pursuant to this section. This provision shall not restrict or limit the discovery or subpoena of documents from such witnesses simply because a copy of a document was collected as part of a child mortality review.

(d) No local health department official or employee, and no members of technical committees established to perform case reviews of selected child deaths may be examined in any administrative, civil, or criminal proceeding as to the existence or contents of documents assembled, prepared, or maintained for purposes of a child mortality review.

(e) This section shall not be construed to prohibit or restrict any person from reporting suspected child abuse or neglect under chapter 26.44 RCW nor to limit access to or use of any records, documents, information, or testimony in any civil or criminal action arising out of any report made pursuant to chapter 26.44 RCW.

(4) The department shall assist local health departments to collect the reports of any child mortality reviews conducted by local health departments and assist with entering the reports into a database to the extent that the data is not protected under subsection (3) of this section. Notwithstanding subsection (3) of this section, the department shall respond to any requests for data from the database to the extent permitted for health care information under chapter 70.02 RCW. In addition, the department shall provide technical assistance to local health departments and child death review coordinators conducting child mortality reviews and encourage communication among child death review teams. The department shall conduct these activities using only federal and private funding.

(5) This section does not prevent a local health department from publishing statistical compilations and reports related to the child mortality review. Any portions of such compilations and reports that identify individual cases and sources of information must be redacted. [2010 c 128 § 1; 2009 c 134 § 1; 1993 c 41 § 1; 1992 c 179 § 1.]

70.05.180 Infectious disease testing—Good samaritans—Rules. A person rendering emergency care or transportation, commonly known as a "Good Samaritan," as described in RCW 4.24.300 and 4.24.310, may request and receive appropriate infectious disease testing free of charge from the local health department of the county of her or his residence, if: (1) While rendering emergency care she or he came into contact with bodily fluids; and (2) she or he does not have health insurance that covers the testing. Nothing in this section requires a local health department to provide health care services beyond testing. The department shall adopt rules implementing this section.

The information obtained from infectious disease testing is subject to statutory confidentiality provisions, including those of chapters 70.24 and 70.05 RCW. [1999 c 391 § 2.]

Findings—Purpose—1999 c 391: "The legislature finds that citizens who assist individuals in emergency situations perform a needed and valuable role that deserves recognition and support. The legislature further finds that emergency assistance in the form of mouth to mouth resuscitation or other emergency medical procedures resulting in the exchange of bodily fluids significantly increases the odds of being exposed to a deadly infectious disease. Some of the more life-threatening diseases that can be transferred during an emergency procedure where bodily fluids are exchanged include hepatitis A, B, and C, and human immunodeficiency virus (HIV). Individuals infected by these diseases value confidentiality regarding this information. A number of good samaritans who perform lifesaving emergency procedures such as cardiopulmonary resuscitation are unable to pay for the tests necessary for detecting infectious diseases that could have been transmitted during the emergency procedure. It is the purpose of this act to provide infectious disease testing at no cost to good samaritans who request testing for infectious diseases after rendering emergency assistance that has brought them in contact with a bodily fluid and to further protect the testing information once obtained through confidentiality provisions." 70.14.020 State agencies to identify alternative health care providers. Each of the agencies listed in *RCW 70.14.010, with the exception of the department of labor and industries, which expends more than five hundred thousand dollars annually of state funds for purchase of health care shall identify the availability and costs of nonfee for service providers of health care, including preferred provider organizations, health maintenance organizations, managed health care or case management systems, or other nonfee for service alternatives. In each case where feasible in which an alternative health care provider arrangement, of similar scope and quality, is available at lower cost than fee-for-service providers, such state agencies shall make the services of the alternative provider available to clients, consumers, or employees for whom state dollars are spent to purchase health care. As consistent with other state and federal law, requirements for copayments, deductibles, the scope of available services, or other incentives shall be used to encourage clients, consumers, or employees to use the lowest cost providers, except that copayments or deductibles shall not be required where they might have the impact of denying access to necessary health care in a timely manner. 70.14.050 Drug purchasing cost controls—Establishment of evidence-based prescription drug program. (1) Each agency administering a state purchased health care program as defined in *RCW 41.05.011(2) shall, in cooperation with other agencies, take any necessary actions to control costs without reducing the quality of care when reimbursing for or purchasing drugs. To accomplish this purpose, participating agencies may establish an evidence-based prescription drug program.

(2) In developing the evidence-based prescription drug program authorized by this section, agencies:

(a) Shall prohibit reimbursement for drugs that are determined to be ineffective by the United States food and drug administration;

(b) Shall adopt rules in order to ensure that less expensive generic drugs will be substituted for brand name drugs in those instances where the quality of care is not diminished;

(c) Where possible, may authorize reimbursement for drugs only in economical quantities;

(d) May limit the prices paid for drugs by such means as negotiated discounts from pharmaceutical manufacturers, central purchasing, volume contracting, or setting maximum prices to be paid;

(e) Shall consider the approval of drugs with lower abuse potential in substitution for drugs with significant abuse potential;

(f) May take other necessary measures to control costs of drugs without reducing the quality of care; and

(g) Shall adopt rules governing practitioner endorsement and use of any list developed as part of the program authorized by this section.

(3) Agencies shall provide for reasonable exceptions, consistent with RCW 69.41.190, to any list developed as part of the program authorized by this section.

(4) Agencies shall establish an independent pharmacy and therapeutics committee to evaluate the effectiveness of prescription drugs in the development of the program authorized by this section.

70.14.060 Prescription drug purchasing consortium—Participation—Exceptions—Rules. (1) The administrator of the state health care authority shall, directly or by contract, adopt policies necessary for establishment of a prescription drug purchasing consortium. The consortium's purchasing activities shall be based upon the evidence-based prescription drug program established under RCW 70.14.050. State purchased health care programs as defined in RCW 41.05.011 shall purchase prescription drugs through the consortium for those prescription drugs that are purchased directly by the state and those that are purchased through reimbursement of pharmacies, unless exempted under this section. The administrator shall not require any supplemental rebate offered to the department of social and health services by a pharmaceutical manufacturer for prescription drugs purchased for medical assistance program clients under chapter 74.09 RCW be extended to any other state purchased health care program, or to any other individuals or entities participating in the consortium. The administrator shall explore joint purchasing opportunities with other states.

(2) Participation in the purchasing consortium shall be offered as an option beginning January 1, 2006. Participation in the consortium is purely voluntary for units of local government, private entities, labor organizations, and for individuals who lack or are underinsured for prescription drug coverage. The administrator may set reasonable fees, including enrollment fees, to cover administrative costs attributable to participation in the prescription drug consortium.

(3) This section does not apply to state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005, or group model health maintenance organizations that are accredited by the national committee for quality assurance.

(4) The state health care authority is authorized to adopt rules implementing chapter 129, Laws of 2005.

(5) State purchased health care programs are exempt from the requirements of this section if they can demonstrate to the administrator that, as a result of the availability of federal programs or other purchasing arrangements, their other purchasing mechanisms will result in greater discounts and aggregate cost savings than would be realized through participation in the consortium. [2009 c 560 § 13; 2005 c 129 § 1.]

Intention—Effective date—Disposition of property and funds—Assignment/delegation of contractual rights or duties—2009 c 560: See notes following RCW 18.06.080.

Performance audit—2005 c 129 § 1: "By December 1, 2008, the joint legislative audit and review committee shall conduct a performance audit on the operation of the consortium created in section 1 of this act. The audit shall review the operations and outcomes associated with the implementation of this consortium and identify the net savings, if any, to the members of the consortium, the percentage of targeted populations participating, and changes in the health outcomes of participants." [2005 c 129 § 3.]

Severability—2005 c 129: "If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected." [2005 c 129 § 4.]

Conflict with federal requirements—2005 c 129: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2005 c 129 § 5.]

70.14.070 Prescription drug consortium account. The prescription drug consortium account is created in the custody of the state treasurer. All receipts from activities related to administration of the state drug purchasing consortium on behalf of participating individuals and organizations, other than state purchased health care programs, shall be deposited into the account. The receipts include but are not limited to rebates from manufacturers, and the fees established under RCW 70.14.060(2). Expenditures from the account may be used only for the purposes of RCW...
70.14.060. Only the administrator of the state health care authority or the administrator’s designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2005 c 129 § 2.]

Severability—Conflict with federal requirements—2005 c 129: See notes following RCW 70.14.060.

70.14.080 Definitions. The definitions in this section apply throughout RCW 70.14.090 through 70.14.130 unless the context clearly requires otherwise.

(1) "Administrator" means the administrator of the Washington state health care authority under chapter 41.05 RCW.

70.14.090 Health technology clinical committee. (1) A health technology clinical committee is established, to include the following eleven members appointed by the administrator in consultation with participating state agencies:

70.14.100 Health technology selection and assessment. (1) The administrator, in consultation with participating agencies and the committee, shall select the health technologies to be reviewed by the committee under RCW 70.14.110. Up to six may be selected for review in the first year after June 7, 2006, and up to eight may be selected in the second year after June 7, 2006. In making the selection, priority shall be given to any technology for which:

(a) There are concerns about its safety, efficacy, or cost-effectiveness, especially relative to existing alternatives, or significant variations in its use;

(b) Actual or expected state expenditures are high, due to demand for the technology, its cost, or both; and

(c) There is adequate evidence available to conduct the complete review.

(2) A health technology for which the committee has made a determination under RCW 70.14.110 shall be considered for rereview at least once every eighteen months, beginning the date the determination is made. The administrator, in consultation with participating agencies and the committee, shall select the technology for rereview if he or she decides that evidence has since become available that could change a previous determination. Upon rereview, consideration shall be given only to evidence made available since the previous determination.

(3) Pursuant to a petition submitted by an interested party, the health technology clinical committee may select health technologies for review that have not otherwise been selected by the administrator under subsection (1) or (2) of this section.

(4) Upon the selection of a health technology for review, the administrator shall contract for a systematic evidence-based assessment of the technology’s safety, efficacy, and cost-effectiveness. The contract shall:

(a) Be with an evidence-based practice center designated as such by the federal agency for health care research and quality, or other appropriate entity;
(b) Require the assessment be initiated no sooner than thirty days after notice of the selection of the health technology for review is posted on the internet under RCW 70.14.130;

(c) Require, in addition to other information considered as part of the assessment, consideration of: (i) Safety, health outcome, and cost data submitted by a participating agency; and (ii) evidence submitted by any interested party; and

(d) Require the assessment to: (i) Give the greatest weight to the evidence determined, based on objective indicators, to be the most valid and reliable, considering the nature and source of the evidence, the empirical characteristic of the studies or trials upon which the evidence is based, and the consistency of the outcome with comparable studies; and (ii) take into account any unique impacts of the technology on specific populations based upon factors such as sex, age, ethnicity, race, or disability. [2006 c 307 § 3.]

70.14.110 Health technology clinical committee determinations. (1) The committee shall determine, for each health technology selected for review under RCW 70.14.100: (a) The conditions, if any, under which the health technology will be included as a covered benefit in health care programs of participating agencies; and (b) if covered, the criteria which the participating agency administering the program must use to decide whether the technology is medically necessary, or proper and necessary treatment.

(2) In making a determination under subsection (1) of this section, the committee:

(a) Shall consider, in an open and transparent process, evidence regarding the safety, efficacy, and cost-effectiveness of the technology as set forth in the systematic assessment conducted under RCW 70.14.100(4);

(b) Shall provide an opportunity for public comment; and

(c) May establish ad hoc temporary advisory groups if specialized expertise is needed to review a particular health technology or group of health technologies, or to seek input from enrollees or clients of state purchased health care programs. Advisory group members are immune from civil liability for any official act performed in good faith as a member of the group. As a condition of appointment, each person shall agree to the terms and conditions imposed by the administrator regarding conflicts of interest.

(3) Determinations of the committee under subsection (1) of this section shall be consistent with decisions made under the federal medicare program and in expert treatment guidelines, including those from specialty physician organizations and patient advocacy organizations, unless the committee concludes, based on its review of the systematic assessment, that substantial evidence regarding the safety, efficacy, and cost-effectiveness of the technology supports a contrary determination. [2006 c 307 § 4.]

Captions not law—Conflict with federal requirements—2006 c 307: See notes following RCW 70.14.080.

70.14.120 Agency compliance with committee determination—Coverage and reimbursement determinations for nonreviewed health technologies—Appeals. (1) A participating agency shall comply with a determination of the committee under RCW 70.14.110 unless:

(a) The determination conflicts with an applicable federal statute or regulation, or applicable state statute; or

(b) Reimbursement is provided under an agency policy regarding experimental or investigational treatment, services under a clinical investigation approved by an institutional review board, or health technologies that have a humanitarian device exemption from the federal food and drug administration.

(2) For a health technology not selected for review under RCW 70.14.100, a participating agency may use its existing statutory and administrative authority to make coverage and reimbursement determinations. Such determinations shall be shared among agencies, with a goal of maximizing each agency's understanding of the basis for the other's decisions and providing opportunities for agency collaboration.

(3) A health technology not included as a covered benefit under a state purchased health care program pursuant to a determination of the health technology clinical committee under RCW 70.14.110, or for which a condition of coverage established by the committee is not met, shall not be subject to a determination in the case of an individual patient as to whether it is medically necessary, or proper and necessary treatment.

(4) Nothing in chapter 307, Laws of 2006 diminishes an individual's right under existing law to appeal an action or decision of a participating agency regarding a state purchased health care program. Appeals shall be governed by state and federal law applicable to participating agency decisions. [2006 c 307 § 5.]

Captions not law—Conflict with federal requirements—2006 c 307: See notes following RCW 70.14.080.

70.14.130 Health technology clinical committee—Public notice. (1) The administrator shall develop a centralized, internet-based communication tool that provides, at a minimum:

(a) Notification when a health technology is selected for review under RCW 70.14.100, indicating when the review will be initiated and how an interested party may submit evidence, or provide public comment, for consideration during the review;

(b) Notification of any determination made by the committee under RCW 70.14.110(1), its effective date, and an explanation of the basis for the determination; and

(c) Access to the systematic assessment completed under RCW 70.14.100(4), and reports completed under subsection (2) of this section.

(2) Participating agencies shall develop methods to report on the implementation of this section and RCW 70.14.080 through 70.14.120 with respect to health care outcomes, frequency of exceptions, cost outcomes, and other matters deemed appropriate by the administrator. [2006 c 307 § 7.]

health care services that are purchased from or through health carriers as defined in RCW 48.43.005. [2006 c 307 § 9.]

70.24.015 Legislative finding. The legislature declares that sexually transmitted diseases constitute a serious and sometimes fatal threat to the public and individual health and welfare of the people of the state. The legislature finds that the incidence of sexually transmitted diseases is rising at an alarming rate and that these diseases result in significant social, health, and economic costs, including infant and maternal mortality, temporary and lifelong disability, and premature death. The legislature further finds that sexually transmitted diseases, by their nature, involve sensitive issues of privacy, and it is the intent of the legislature that all programs designed to deal with these diseases afford patients privacy, confidentiality, and dignity. The legislature also finds that medical knowledge and information about sexually transmitted diseases are rapidly changing. It is therefore the intent of the legislature to provide a program that is sufficiently flexible to meet emerging needs, deals efficiently and effectively with reducing the incidence of sexually transmitted diseases, and provides patients with a secure knowledge that information they provide will remain private and confidential.  [1988 c 206 § 901.]

70.24.022 Interviews, examination, counseling, or treatment of infected persons or persons believed to be infected—Dissemination of false information—Penalty. (1) The board shall adopt rules authorizing interviews and the state and local public health officers and their authorized representatives may interview, or cause to be interviewed, all persons infected with a sexually transmitted disease and all persons who, in accordance with standards adopted by the board by rule, are reasonably believed to be infected with such diseases for the purpose of investigating the source and spread of the diseases and for the purpose of ordering a person to submit to examination, counseling, or treatment as necessary for the protection of the public health and safety, subject to RCW 70.24.024.

(2) State and local public health officers or their authorized representatives shall investigate identified partners of persons infected with sexually transmitted diseases in accordance with procedures prescribed by the board.

(5) Any person who knowingly or maliciously disseminates any false information or report concerning the existence of any sexually transmitted disease under this section is guilty of a gross misdemeanor punishable as provided under RCW 9A.20.021. [1988 c 206 § 906.]

70.24.024 Orders for examinations and counseling—Restrictive measures—Investigation—Issuance of order—Confidential notice and hearing—Exception. (1) Subject to the provisions of this chapter, the state and local public health officers or their authorized representatives may examine and counsel or cause to be examined and counseled persons reasonably believed to be infected with or to have been exposed to a sexually transmitted disease.

(2) Orders or restrictive measures directed to persons with a sexually transmitted disease shall be used as the last resort when other measures to protect the public health have failed, including reasonable efforts, which shall be documented, to obtain the voluntary cooperation of the person who may be subject to such an order. The orders and measures shall be applied serially with the least intrusive measures used first. The burden of proof shall be on the state or local public health officer to show that specified grounds exist for the issuance of the orders or restrictive measures and that the terms and conditions imposed are no more restrictive than necessary to protect the public health.

(3) When the state or local public health officer within his or her respective jurisdiction knows or has reason to believe, because of direct medical knowledge or reliable testimony of others in a position to have direct knowledge of a person's behavior, that a person has a sexually transmitted disease and is engaging in specified conduct, as determined by the board by rule based upon generally accepted standards of medical and public health science, that endangers the public health, he or she shall conduct an investigation in accordance with procedures prescribed by the board to evaluate the specific facts alleged, if any, and the reliability and credibility of the person or persons providing such information and, if satisfied that the allegations are true, he or she may issue an order according to the following priority to:

(a) Order a person to submit to a medical examination or testing, seek counseling, or obtain medical treatment for curable diseases, or any combination of these, within a period of time determined by the public health officer, not to exceed fourteen days.

(b) Order a person to immediately cease and desist from specified conduct which endangers the health of others by imposing such restrictions upon the person as are necessary to prevent the specified conduct that endangers the health of others only if the public health officer has determined that clear and convincing evidence exists to believe that such person has been ordered to report for counseling as provided in (a) of this subsection and continues to demonstrate behavior which endangers the health of others. Any restriction shall be in writing, setting forth the name of the person to be restricted.
and the initial period of time, not to exceed three months, during which the order shall remain effective, the terms of the restrictions, and such other conditions as may be necessary to protect the public health. Restrictions shall be imposed in the least-restrictive manner necessary to protect the public health.

(4)(a) Upon the issuance of any order by the state or local public health officer or an authorized representative pursuant to subsection (3) of this section or RCW 70.24.340(4), such public health officer shall give written notice promptly, personally, and confidentially to the person who is the subject of the order stating the grounds and provisions of the order, including the factual bases therefor, the evidence relied upon for proof of infection and dangerous behavior, and the likelihood of repetition of such behaviors in the absence of such an order, and notifying the person who is the subject of the order that, if he or she contests the order, he or she may appear at a judicial hearing on the enforceability of the order, to be held in superior court. He or she may have an attorney appear on his or her behalf in the hearing at public expense, if necessary. The hearing shall be held within seventy-two hours of the receipt of the notice, unless the person subject to the order agrees to comply. If the person contests the order, no invasive medical procedures shall be carried out prior to a hearing being held pursuant to this subsection. If the person does not contest the order within seventy-two hours of receiving it, and the person does not comply with the order within the time period specified for compliance with the order, the state or local public health officer may request a warrant be issued by the superior court to insure appearance at the hearing. The hearing shall be within seventy-two hours of the expiration date of the time specified for compliance with the original order. The burden of proof shall be on the public health officer to show by clear and convincing evidence that the specified grounds exist for the issuance of the order and for the need for compliance and that the terms and conditions imposed therein are no more restrictive than necessary to protect the public health. Upon conclusion of the hearing, the court shall issue appropriate orders affirming, modifying, or dismissing the order.

(b) If the superior court dismisses the order of the public health officer, the fact that the order was issued shall be expunged from the records of the department or local department of health.

(5) Any hearing conducted pursuant to this section shall be closed and confidential unless a public hearing is requested by the person who is the subject of the order, in which case the hearing will be conducted in open court. Unless in open hearing, any transcripts or records relating thereto shall also be confidential and may be sealed by the order of the court. [1988 c 206 § 909.]

70.24.034 Detention—Grounds—Order—Hearing.
(1) When the procedures of RCW 70.24.024 have been exhausted and the state or local public health officer, within his or her respective jurisdiction, knows or has reason to believe, because of medical information, that a person has a sexually transmitted disease and that the person continues to engage in behaviors that present an imminent danger to the public health as defined by the board by rule based upon generally accepted standards of medical and public health science, the public health officer may bring an action in superior court to detain the person in a facility designated by the board for a period of time necessary to accomplish a program of counseling and education, excluding any coercive techniques or procedures, designed to get the person to adopt nondangerous behavior. In no case may the period exceed ninety days under each order. The board shall establish, by rule, standards for counseling and education under this subsection. The public health officer shall request the prosecuting attorney to file such action in superior court. During that period, reasonable efforts will be made in a noncoercive manner to get the person to adopt nondangerous behavior.

(2) If an action is filed as outlined in subsection (1) of this section, the superior court, upon the petition of the prosecuting attorney, shall issue other appropriate court orders including, but not limited to, an order to take the person into custody immediately, for a period not to exceed seventy-two hours, and place him or her in a facility designated or approved by the board. The person who is the subject of the order shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual bases therefor, the evidence relied upon for proof of infection and dangerous behavior, and the likelihood of repetition of such behaviors in the absence of such an order, and notifying the person that if he or she refuses to comply with the order he or she may appear at a hearing to review the order and that he or she may have an attorney appear on his or her behalf in the hearing at public expense, if necessary. If the person contests testing or treatment, no invasive medical procedures shall be carried out prior to a hearing being held pursuant to subsection (3) of this section.

(3) The hearing shall be conducted no later than forty-eight hours after the receipt of the order. The person who is subject to the order has a right to be present at the hearing and may have an attorney appear on his or her behalf in the hearing, at public expense if necessary. If the order being contested includes detention for a period of fourteen days or longer, the person shall also have the right to a trial by jury upon request. Upon conclusion of the hearing or trial by jury, the court shall issue appropriate orders.

The court may continue the hearing upon the request of the person who is subject to the order for good cause shown for no more than five additional judicial days. If a trial by jury is requested, the court, upon motion, may continue the hearing for no more than ten additional judicial days. During the pendency of the continuance, the court may order that the person contesting the order remain in detention or may place terms and conditions upon the person which the court deems appropriate to protect public health.

(4) The burden of proof shall be on the state or local public health officer to show by clear and convincing evidence that grounds exist for the issuance of any court order pursuant to subsection (2) or (3) of this section. If the superior court dismisses the order, the fact that the order was issued shall be expunged from the records of the state or local department of health.

(5) Any hearing conducted by the superior court pursuant to subsection (2) or (3) of this section shall be closed and confidential unless a public hearing is requested by the person who is the subject of the order, in which case the hearing
will be conducted in open court. Unless in open hearing, any transcripts or records relating thereto shall also be confidential and may be sealed by order of the court.

(6) Any order entered by the superior court pursuant to subsection (1) or (2) of this section shall impose terms and conditions no more restrictive than necessary to protect the public health. [1988 c 206 § 910.]

70.24.050 Diagnosis of sexually transmitted diseases—Confirmation—Anonymous prevalence reports. Laboratories testing for HIV shall report anonymous HIV prevalence results to the department, for health statistics purposes, in a manner established by the board. [1988 c 206 § 907; 1919 c 114 § 6; RRS § 6105.]

70.24.070 Detention and treatment facilities. For the purpose of carrying out this chapter, the board shall have the power and authority to designate facilities for the detention and treatment of persons found to be infected with a sexually transmitted disease and to designate any such facility in any hospital or other public or private institution, other than a jail or correctional facility, having, or which may be provided with, such necessary detention, segregation, isolation, clinic and hospital facilities as may be required and prescribed by the board, and to enter into arrangements for the conduct of such facilities with the public officials or persons, associations, or corporations in charge of or maintaining and operating such institutions. [1988 c 206 § 907; 1919 c 114 § 8; RRS § 6107.]

Any person who shall violate any of the provisions of this chapter or any lawful rule adopted by the board pursuant to the authority herein granted, or who shall fail or refuse to obey any lawful order issued by any state, county or municipal public health officer, pursuant to the authority granted in this chapter, shall be deemed guilty of a gross misdemeanor punishable as provided under RCW 9A.20.021. [1988 c 206 § 911; 1919 c 114 § 6; RRS § 6105.]

(b) Against any person who intentionally or recklessly violates a provision of this chapter, ten thousand dollars, or actual damages, whichever is greater, for each violation.

(c) Reasonable attorneys' fees and costs.

(d) Such other relief, including an injunction, as the court may deem appropriate.

(2) Any action under this chapter is barred unless the action is commenced within three years after the cause of action accrues.

(3) Nothing in this chapter limits the rights of the subject of a test for a sexually transmitted disease to recover damages or other relief under any other applicable law.

(4) Nothing in this chapter may be construed to impose civil liability or criminal sanction for disclosure of a test result for a sexually transmitted disease in accordance with any reporting requirement for a diagnosed case of sexually transmitted disease by the department or the centers for disease control of the United States public health service.

(5) It is a negligent violation of this chapter to cause an unauthorized communication of confidential sexually transmitted disease information by facsimile transmission or otherwise communicating the information to an unauthorized recipient when the sender knew or had reason to know the facsimile transmission telephone number or other transmittal information was incorrect or outdated. [2001 c 16 § 1; 1999 c 391 § 4; 1988 c 206 § 914.]

Every physician attending a pregnant woman in the state of Washington during gestation shall, in the case of each woman so attended, take or cause to be taken a sample of blood of such woman at the time of first examination, and submit such sample to an approved laboratory for a standard serological test for syphilis. If the pregnant woman first presents herself for examination after the fifth month of gestation the physician or other attendant shall in addition to the above, advise and urge the patient to secure a medical examination and blood test before the fifth month of any subsequent pregnancies. [1939 c 165 § 1; RRS § 6002-1.]

A minor fourteen years of age or older who may have come in contact with any sexually transmitted disease or suspected sexually transmitted disease may give consent to the furnishing of hospital, medical and surgical care related to the diagnosis or treatment of such disease. Such consent shall not be subject to disaffirmance because of minority. The consent of the parent, parents, or legal guardian of such minor shall not be necessary to authorize hospital, medical and surgical care related to such disease and such parent, parents, or legal guardian shall not be liable for payment for any care rendered pursuant to this section. [1988 c 206 § 912; 1969 ex.s. c 164 § 1.]

The rules shall prescribe stringent safeguards to protect the confidentiality of the persons and records subject to this chapter. The procedures set forth in chapter 34.05 RCW apply to the administration of this chapter, except that in case of conflict between chapter 34.05 RCW and this chapter, the provisions of this chapter shall control. [1991 c 3 § 325; 1988 c 206 § 915.]

[1988 c 206 § 202.]

70.24.220 AIDS education in public schools—Finding. The legislature finds that the public schools provide a unique and appropriate setting for educating young people about the pathology and prevention of acquired immunodeficiency syndrome (AIDS). The legislature recognizes that schools and communities vary throughout the state and that locally elected school directors should have a significant role in establishing a program of AIDS education in their districts. [1988 c 206 § 401.]

70.24.240 Clearinghouse for AIDS educational materials. The number of acquired immunodeficiency syndrome (AIDS) cases in the state may reach five thousand by 1991. This makes it necessary to provide our state's workforce with the resources and knowledge to deal with the epidemic. To ensure that accurate information is available to the state's workforce, a clearinghouse for all technically correct educational materials related to AIDS should be created. [1988 c 206 § 601.]

70.24.250 Office on AIDS—Repository and clearinghouse for AIDS education and training material—University of Washington duties. There is established in the
department an office on AIDS. The department shall adopt rules that recommend appropriate education and training for licensed and certified emergency medical personnel under chapter 18.73 RCW on the prevention, transmission, and treatment of AIDS. The department shall require appropriate education or training as a condition of certification or license issuance or renewal. [1988 c 206 § 603.]

70.24.270 Health professionals—Rules for AIDS education and training. Each disciplining authority under chapter 18.130 RCW shall adopt rules that require appropriate education and training for licensees on the prevention, transmission, and treatment of AIDS. The disciplining authorities shall work with the office on AIDS under RCW 70.24.250 to develop the training and educational material necessary for health professionals. [1988 c 206 § 604.]

70.24.280 Pharmacy quality assurance commission—Rules for AIDS education and training. The pharmacy quality assurance commission shall adopt rules that require appropriate education and training for licensees on the prevention, transmission, and treatment of AIDS. The superintendent of public instruction shall work with the office on AIDS under RCW 70.24.250 to develop the educational and training material necessary for school employees. [1988 c 206 § 606.]

70.24.300 State and local government employees—Determination of substantial likelihood of exposure—Rules for AIDS education and training. The Washington personnel resources board and each unit of local government shall determine whether any employees under their jurisdiction have a substantial likelihood of exposure in the course of their employment to the human immunodeficiency virus. If so, the agency or unit of government shall adopt rules requiring appropriate training and education for the employees on the prevention, transmission, and treatment of AIDS. The rules shall specifically provide for such training and education for law enforcement, correctional, and health care workers. The Washington personnel resources board and each unit of local government shall work with the office on AIDS under RCW 70.24.250 to develop the educational and training material necessary for employees. [1993 c 281 § 60; 1988 c 206 § 607.]

Additional notes found at www.leg.wa.gov

70.24.310 Health care facility employees—Rules for AIDS education and training. The department shall adopt rules requiring appropriate education and training of employees of state licensed or certified health care facilities. The education and training shall be on the prevention, transmission, and treatment of AIDS and shall not be required for employees who are covered by comparable rules adopted under other sections of this chapter. In adopting rules under this section, the department shall consider infection control standards and educational materials available from appropriate professional associations and professionally prepared publications. [1988 c 206 § 608.]

70.24.320 Counseling and testing—AIDS and HIV—Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Pretest counseling" means counseling aimed at helping the individual understand ways to reduce the risk of HIV infection, the nature and purpose of the tests, the significance of the results, and the potential dangers of the disease, and to assess the individual's ability to cope with the results.

(2) "Posttest counseling" means further counseling following testing usually directed toward increasing the individual's understanding of the human immunodeficiency virus infection, changing the individual's behavior, and, if necessary, encouraging the individual to notify persons with whom there has been contact capable of spreading HIV.

(3) "AIDS counseling" means counseling directed toward increasing the individual's understanding of acquired immunodeficiency syndrome and changing the individual's behavior.

(4) "HIV testing" means a test indicative of infection with the human immunodeficiency virus as specified by the board of health by rule. [1988 c 206 § 701.]

70.24.325 Counseling and testing—Insurance requirements. (1) This section shall apply to counseling and consent for HIV testing administered as part of an application for coverage authorized under Title 48 RCW.

(2) Persons subject to regulation under Title 48 RCW who are requesting an insured, a subscriber, or a potential insured or subscriber to furnish the results of an HIV test for
underwriting purposes as a condition for obtaining or renewing coverage under an insurance contract, health care service contract, or health maintenance organization agreement shall:

(a) Provide written information to the individual prior to being tested which explains:

(i) What an HIV test is;
(ii) Behaviors that place a person at risk for HIV infection;
(iii) That the purpose of HIV testing in this setting is to determine eligibility for coverage;
(iv) The potential risks of HIV testing; and
(v) Where to obtain HIV pretest counseling.

(b) Obtain informed specific written consent for an HIV test. The written informed consent shall include:

(i) An explanation of the confidential treatment of the test results which limits access to the results to persons involved in handling or determining applications for coverage or claims of the applicant or claimant and to those persons designated under (c)(iii) of this subsection; and
(ii) Requirements under (c)(iii) of this subsection.

(c) Establish procedures to inform an applicant of the following:

(i) That post-test counseling, as specified under WAC 248-100-209(4), is required if an HIV test is positive or indeterminate;
(ii) That post-test counseling occurs at the time a positive or indeterminate HIV test result is given to the tested individual;
(iii) That the applicant may designate a health care provider or health care agency to whom the insurer, the health care service contractor, or health maintenance organization will provide positive or indeterminate test results for interpretation and post-test counseling. When an applicant does not identify a designated health care provider or health care agency and the applicant's test results are either positive or indeterminate, the insurer, the health care service contractor, or health maintenance organization shall provide the test results to the local health department for interpretation and post-test counseling; and
(iv) That positive or indeterminate HIV test results shall not be sent directly to the applicant. [1989 c 387 § 1.]

70.24.330 HIV testing—Consent, exceptions. No person may undergo HIV testing without the person's consent except:

(1) Pursuant to RCW 7.70.065 for incompetent persons;
(2) In seroprevalence studies where neither the persons whose blood is being tested know the test results nor the persons conducting the tests know who is undergoing testing;
(3) If the department of labor and industries determines that it is relevant, in which case payments made under Title 51 RCW may be conditioned on the taking of an HIV antibody test; or
(4) As otherwise expressly authorized by this chapter. [1988 c 206 § 702.]

70.24.340 Convicted persons—Mandatory testing and counseling for certain offenses—Employees' substantial exposure to bodily fluids—Procedure and court orders. (1) Local health departments authorized under this chapter shall conduct or cause to be conducted pretest counseling, HIV testing, and posttest counseling of all persons:

(a) Convicted of a sexual offense under chapter 9A.44 RCW;

(b) Convicted of prostitution or offenses relating to prostitution under chapter 9A.88 RCW;

(c) Convicted of drug offenses under chapter 69.50 RCW if the court determines at the time of conviction that the related drug offense is one associated with the use of hypodermic needles.

(2) Such testing shall be conducted as soon as possible after sentencing and shall be so ordered by the sentencing judge.

(3) This section applies only to offenses committed after March 23, 1988.

(4) A law enforcement officer, firefighter, health care provider, health care facility staff person, department of corrections' staff person, jail staff person, or other categories of employment determined by the board in rule to be at risk of substantial exposure to HIV, who has experienced a substantial exposure to another person's bodily fluids in the course of his or her employment, may request a state or local public health officer to order pretest counseling, HIV testing, and posttest counseling for the person whose bodily fluids he or she has been exposed to. A person eligible to request a state or local health official to order HIV testing under this chapter and board rule may also request a state or local health officer to order testing for other blood-borne pathogens. If the state or local public health officer refuses to order counseling and testing under this subsection, the person who made the request may petition the superior court for a hearing to determine whether an order shall be issued. The hearing on the petition shall be held within seventy-two hours of filing the petition, exclusive of Saturdays, Sundays, and holidays. The standard of review to determine whether the public health officer shall be required to issue the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order, which may require additional testing for other blood-borne pathogens.

The person who is subject to the state or local public health officer's order to receive counseling and testing shall be given written notice of the order promptly, personally, and confidentially, stating the grounds and provisions of the order, including the factual basis therefor. If the person who is subject to the order refuses to comply, the state or local public health officer may petition the superior court for a hearing. The hearing on the petition shall be held within seventy-two hours of filing the petition, exclusive of Saturdays, Sundays, and holidays. The standard of review for the order is whether substantial exposure occurred and whether that exposure presents a possible risk of transmission of the HIV virus as defined by the board by rule. Upon conclusion of the hearing, the court shall issue the appropriate order.

The state or local public health officer shall perform counseling and testing under this subsection if he or she finds that the exposure was substantial and presents a possible risk as defined by the board of health by rule or if he or she is ordered to do so by a court.
The counseling and testing required under this subsection shall be completed as soon as possible after the substantial exposure or after an order is issued by a court, but shall begin not later than seventy-two hours after the substantial exposure or an order is issued by the court. [2011 c 232 § 2; 1997 c 345 § 3; 1988 c 206 § 703.]

Findings—Intent—1997 c 345: "(1) The legislature finds that department of corrections staff and jail staff perform essential public functions that are vital to our communities. The health and safety of these workers is often placed in jeopardy while they perform the responsibilities of their jobs. Therefore, the legislature intends that the results of any HIV tests conducted on an offender or detainee pursuant to RCW 70.24.340(1), 70.24.360, or 70.24.370 shall be disclosed to the health care administrator or infection control coordinator of the department of corrections facility or the local jail that houses the offender or detainee. The legislature intends that these test results also be disclosed to any corrections or jail staff who have been substantially exposed to the bodily fluids of the offender or detainee when the disclosure is provided by a licensed health care provider in accordance with Washington Administrative Code rules governing employees' occupational exposure to blood-borne pathogens.

(2) The legislature further finds that, through the efforts of health care professionals and corrections staff, offenders in department of corrections facilities and people detained in local jails are being encouraged to take responsibility for their health by requesting voluntary and anonymous pretest counseling, HIV testing, posttest counseling, and AIDS counseling. The legislature does not intend, through chapter 345, Laws of 1997, to mandate disclosure of the results of voluntary and anonymous tests. The legislature intends to continue to protect the confidential exchange of medical information related to voluntary and anonymous pretest counseling, HIV testing, posttest counseling, and AIDS counseling as provided by chapter 70.24 RCW."

70.24.350 Prostitution and drug offenses—Voluntary testing and counseling. Local health departments, in cooperation with the regional AIDS services networks, shall make available voluntary testing and counseling services to all persons arrested for prostitution offenses under chapter 9A.88 RCW and drug offenses under chapter 69.50 RCW. Services shall include educational materials that outline the seriousness of AIDS and encourage voluntary participation. [1988 c 206 § 704.]

70.24.360 Jail detainees—Testing and counseling of persons who present a possible risk. Jail administrators, with the approval of the local public health officer, may order pretest counseling, HIV testing, and posttest counseling for persons detained in the jail if the local public health officer determines that actual or threatened behavior presents a possible risk to the staff, general public, or other persons.

Approval of the local public health officer shall be based on RCW 70.24.024(3) and may be contested through RCW 70.24.024(4). The administrator shall establish, pursuant to RCW 70.48.071, a procedure to document the possible risk which is the basis for the HIV testing. "Possible risk," as used in this section, shall be defined by the board in rule. Documentation of the behavior, or threat thereof, shall be reviewed with the person to try to assure that the person understands the basis for testing. [1988 c 206 § 706.]

70.24.370 Correction facility inmates—Counseling and testing of persons who present a possible risk—Training for administrators and superintendents—Procedure. (1) Department of corrections facility administrators may order pretest counseling, HIV testing, and posttest counseling for inmates if the secretary of corrections or the secretary's designee determines that actual or threatened behavior presents a possible risk to the staff, general public, or other inmates. The department of corrections shall establish a procedure to document the possible risk which is the basis for the HIV testing. "Possible risk," as used in this section, shall be defined by the department of corrections after consultation with the board. Possible risk, as used in the documentation of the behavior, or threat thereof, shall be reviewed with the inmate.

(2) Department of corrections administrators and superintendents who are authorized to make decisions about testing and dissemination of test information shall, at least annually, participate in training seminars on public health considerations conducted by the assistant secretary for public health or her or his designee.

(3) Administrative hearing requirements set forth in chapter 34.05 RCW do not apply to the procedure developed by the department of corrections pursuant to this section. This section shall not be construed as requiring any hearing process except as may be required under existing federal constitutional law.

(4) RCW 70.24.340 does not apply to the department of corrections or to inmates in its custody or subject to its jurisdiction. [1988 c 206 § 707.]

70.24.380 Board of health—Rules for counseling and testing. The board of health shall adopt rules establishing minimum standards for pretest counseling, HIV testing, posttest counseling, and AIDS counseling. [1988 c 206 § 709.]

70.24.400 Funding for office on AIDS—Center for AIDS education—Department's duties for awarding grants. (1) The secretary of health shall direct that all state or federal funds, excluding those from federal Title XIX for services or other activities authorized in this chapter, shall be allocated to the office on AIDS established in RCW 70.24.250. The secretary shall further direct that all funds for services and activities specified in subsection (4) of this section shall be provided by the department directly to public and private providers in the communities.

(2) Efforts shall be made by both the counties and the department to use existing service delivery systems, where possible.

(3) The University of Washington health science program, in cooperation with the office on AIDS, may, within available resources, establish a center for AIDS education. The center for AIDS education is not intended to engage in state-funded research related to HIV infection, AIDS, or HIV-related conditions. Its duties shall include providing the office on AIDS with the appropriate educational materials necessary to carry out that office's duties.

(4) The department shall develop standards and criteria for awarding grants to support testing, counseling, education, case management, notification of sexual partners of infected persons, planning, coordination, and other services required by law. In addition, funds shall be allocated for intervention strategies specifically addressing groups that are at a high risk of being infected with the human immunodeficiency virus.

(5) The department shall reflect in its departmental biennial budget request the funds necessary to implement this section.

PANDEMIC INFLUENZA PREPAREDNESS

70.26.010  Findings—Intent.
70.26.020  Definitions.
70.26.030  Local preparedness and response plans—Requirements.
70.26.040  Local preparedness and response plans—Consultation with public, private sector—Department to provide technical assistance and disburse funds.

70.26.060  Secretary to develop a formula for fund distribution—Requirements.
70.26.070  Secretary duties—Report.

70.26.010 Findings—Intent. The legislature finds that:

(1) Pandemic influenza is a global outbreak of disease that occurs when a new virus appears in the human population, causes serious illness, and then spreads easily from person to person.

(2) Historically, pandemic influenza has occurred on average every thirty years. Most recently, the Asian flu in 1957-58 and the Hong Kong flu in 1968-69 killed seventy thousand and thirty-four thousand, respectively, in the United States.

(3) Another influenza pandemic could emerge with little warning, affecting a large number of people. Estimates are that another pandemic influenza would cause more than two hundred thousand deaths in our country, with as many as five thousand in Washington. Our state could also expect ten thousand to twenty-four thousand people needing hospital stays, and as many as a million people requiring outpatient visits. During a severe pandemic these numbers could be much higher. The economic losses could also be substantial.

(4) The current Avian or bird flu that is spreading around the world has the potential to start a pandemic. There is yet no proven vaccine, and antiviral medication supplies are limited and of unknown effectiveness against a human version of the virus, leaving traditional public health measures as the only means to slow the spread of the disease. Given the global nature of a pandemic, as much as possible, the state must be able to respond assuming only limited outside resources and assistance will be available.

(5) An effective response to pandemic influenza in Washington must focus at the local level and will depend on preestablished partnerships and collaborative planning on a range of best-case and worst-case scenarios. It will require flexibility and real-time decision making, guided by accurate information. It will also depend on a well-informed public...
that understands the dangers of pandemic influenza and the steps necessary to prevent the spread of the disease.

(6) Avian flu is but one example of an infectious disease that, were an outbreak to occur, could pose a significant statewide health hazard. As such, preparation for pandemic flu will also enhance the capacity of local public health jurisdictions to respond to other emergencies.

It is therefore the intent of the legislature that adequate pandemic flu preparedness and response plans be developed and implemented by local public health jurisdictions statewide in order to limit the number of illnesses and deaths, preserve the continuity of essential government and other community services, and minimize social disruption and economic loss in the event of an influenza pandemic. [2006 c 63 § 1.]

70.26.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of health.

(2) "Local health jurisdiction" means a local health department as established under chapter 70.05 RCW, a combined city-county health department as established under chapter 70.08 RCW, or a health district established under chapter 70.05 or 70.46 RCW.

(3) "Secretary" means the secretary of the department of health. [2006 c 63 § 2.]

70.26.030 Local preparedness and response plans—Requirements. (1) The secretary shall establish requirements and performance standards, consistent with any requirements or standards established by the United States department of health and human services, regarding the development and implementation of local pandemic flu preparedness and response plans.

(2) To the extent state or federal funds are provided for this purpose, by November 1, 2006, each local health jurisdiction shall develop a pandemic flu preparedness and response plan, consistent with requirements and performance standards established in subsection (1) of this section, for the purpose of:

(a) Defining preparedness activities that should be undertaken before a pandemic occurs that will enhance the effectiveness of response measures;

(b) Describing the response, coordination, and decision-making structure that will incorporate the local health jurisdiction, the local health care system, other local response agencies, and state and federal agencies during the pandemic;

(c) Defining the roles and responsibilities for the local health jurisdiction, local health care partners, and local response agencies during all phases of a pandemic;

(d) Describing public health interventions in a pandemic response and the timing of such interventions;

(e) Serving as a guide for local health care system partners, response agencies, and businesses in the development of pandemic influenza response plans; and

(f) Providing technical support and information on which preparedness and response actions are based.

Each plan shall be developed based on an assessment by the local health jurisdiction of its current capacity to respond to pandemic flu and otherwise meet department outcome measures related to infectious disease outbreaks of statewide significance. [2006 c 63 § 3.]

70.26.040 Local preparedness and response plans—Consultation with public, private sector—Department to provide technical assistance and disburse funds. (1) Each local health jurisdiction shall develop its pandemic flu preparedness and response plan based on the requirements and performance standards established under RCW 70.26.030(1) and an assessment of the jurisdiction's current capacity to respond to pandemic flu. The plan shall be developed in consultation with appropriate public and private sector partners, including departments of emergency management, law enforcement, school districts, hospitals and medical professionals, tribal governments, and business organizations. At a minimum, each plan shall address:

(a) Strategies to educate the public about the consequences of influenza pandemic and what each person can do to prepare, including the adoption of universal infectious disease prevention practices and maintaining appropriate emergency supplies;

(b) Jurisdiction-wide disease surveillance programs, coordinated with state and federal efforts, to detect pandemic influenza strains in humans and animals, including health care provider compliance with reportable conditions requirements, and investigation and analysis of reported illness or outbreaks;

(c) Communication systems, including the availability of and access to specialized communications equipment by health officials and community leaders, and the use of mass media outlets;

(d) Mass vaccination plans and protocols to rapidly administer vaccine and monitor vaccine effectiveness and safety;

(e) Guidelines for the utilization of antiviral medications for the treatment and prevention of influenza;

(f) Implementation of nonmedical measures to decrease the spread of the disease as guided by the epidemiology of the pandemic, including increasing adherence to public health advisories, voluntary social isolation during outbreaks, and health officer orders related to quarantines;

(g) Medical system mobilization, including improving the linkages and coordination of emergency responses across health care organizations, and assuring the availability of adequate facilities and trained personnel;

(h) Strategies for maintaining social order and essential community services while limiting the spread of disease throughout the duration of the pandemic; and

(i) The jurisdiction's relative priorities related to implementation of the above activities, based on available funding.

(2) To the extent state or federal funds are provided for this purpose, the department, in consultation with the state director of emergency management, shall provide technical assistance and disburse funds as needed, based on the formula developed under RCW 70.26.060, to support local health jurisdictions in developing their pandemic flu preparedness and response plans. [2006 c 63 § 4.]

70.26.050 Plans to be submitted to secretary for approval, rejection—Funding—Preparedness and response activities. Local health jurisdictions shall submit
their pandemic flu preparedness and response plans to the secretary by November 1, 2006. Upon receipt of a plan, the secretary shall approve or reject the plan. When the plan is determined by the department to comply with the requirements and integrate the performance standards established under RCW 70.26.030(1), any additional state or federal funding appropriated in the budget shall be provided to the local health jurisdiction to support the preparedness response activities identified in the plan, based upon a formula developed by the secretary under RCW 70.26.060. Preparedness and response activities include but are not limited to:

(1) Education, information, and outreach, in multiple languages, to increase community preparedness and reduce the spread of the disease should it occur;

(2) Development of materials and systems to be used in the event of a pandemic to keep the public informed about the influenza, the course of the pandemic, and response activities;

(3) Development of the legal documents necessary to facilitate and support the necessary government response;

(4) Training and response drills for local health jurisdiction staff, law enforcement, health care providers, and others with responsibilities identified in the plan;

(5) Enhancement of the communicable disease surveillance system; and

(6) Development of coordination and communication systems among responding agencies.

Where appropriate, these activities shall be coordinated and funded on a regional or statewide basis. The secretary, in consultation with the state director of emergency management, shall provide implementation support and assistance to a local health jurisdiction when the secretary or the local health jurisdiction has concerns regarding a jurisdiction's progress toward implementing its plan. [2006 c 63 § 5.]

70.26.060 Secretary to develop a formula for fund distribution—Requirements. The secretary shall develop a formula for distribution of any federal and state funds appropriated in the omnibus appropriations act on or before July 1, 2006, to local health jurisdictions for development and implementation of their pandemic flu preparedness and response plans. The formula developed by the secretary shall ensure that each local health jurisdiction receives a minimum amount of funds for plan development and that any additional funds for plan development be distributed equitably, including consideration of population and factors that increase susceptibility to an outbreak, upon soliciting the advice of the local health jurisdictions. [2006 c 63 § 6.]

70.26.070 Secretary duties—Report. The secretary shall:

(1) Develop a process for assessing the compliance of each local health jurisdiction with the requirements and performance standards developed under RCW 70.26.030(1) at least biannually;

(2) By November 15, 2008, report to the legislature on the level of compliance with the performance standards established under RCW 70.26.030(1). The report shall consider the extent to which local health jurisdictions comply with each performance standard and any impediments to meeting the expected level of performance. [2006 c 63 § 7.]

70.28.005 Health officials, broad powers to protect public health. (1) Tuberculosis has been and continues to be a threat to the public's health in the state of Washington.

(2) While it is important to respect the rights of individuals, the legitimate public interest in protecting the public health and welfare from the spread of a deadly infectious disease outweighs incidental curtailment of individual rights that may occur in implementing effective testing, treatment, and infection control strategies.

(3) To protect the public's health, it is the intent of the legislature that local health officials provide culturally sensitive and medically appropriate early diagnosis, treatment, education, and follow-up to prevent tuberculosis. Further, it is imperative that public health officials and their staff have the necessary authority and discretion to take actions as are necessary to protect the health and welfare of the public, subject to the constitutional protection required under the federal and state constitutions. Nothing in this chapter shall be construed as in any way limiting the broad powers of health officials to act as necessary to protect the public health. [1994 c 145 § 1.]

70.28.008 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise:

[1999 c 172 § 8; 1967 c 54 § 2; 1899 c 71 § 2; RRS § 6110.]

70.28.031 Powers and duties of health officers. In carrying out such investigations, each health officer is hereby invested with full powers of inspection, examination, treatment, and quarantine or isolation of all persons known to be infected with tuberculosis in an infectious stage or persons who have been previously diagnosed as having tuberculosis and who are under medical orders for periodic follow-up examinations and is hereby directed:

(a) To make such examinations as are deemed necessary of persons reasonably suspected of having tuberculosis in an infectious stage and to isolate and treat or isolate, treat, and quarantine such persons, whenever deemed necessary for the protection of the public health.

Nothing contained in this subdivision shall be construed to prevent any person whom the health officer determines should have an examination or treatment for infectious tuberculosis from having such an examination or treatment made by a physician of his or her own choice or by a hospital or other appropriate source of such treatment or examination. Whenever the health officer shall determine that such examination or treatment is necessary for the protection of the public health.

(e) Whenever the health officer shall determine that quarantine, treatment, or isolation in a particular case is necessary for the preservation and protection of the public health, he or she shall make an order to that effect in writing, setting forth the name of the person, the period of time during which the order shall remain effective, the place of treatment, isolation, or quarantine, and such other terms and conditions as may be necessary to protect the public health.

(i) Nothing in this chapter shall be construed to abridge the right of any person to rely exclusively on spiritual means alone through prayer to treat tuberculosis in accordance with the tenets and practice of any well-recognized church or religious denomination, nor shall anything in this chapter be construed to prohibit a person who is infected with tuberculosis from being isolated or quarantined in a private place of his own choice, provided, it is approved by the local health officer, and all laws, rules and regulations governing control,
sanitation, isolation, and quarantine are complied with. [1996 c 209 § 2; 1996 c 178 § 21; 1967 c 54 § 4.]

70.28.032 Due process standards for testing, treating, detaining—Reporting requirements—Training and scope for skin test administration. (1) The state board of health shall adopt rules establishing the requirements for:

(a) Reporting confirmed or suspected cases of tuberculosis by health care providers and reporting of laboratory results consistent with tuberculosis by medical test sites;

(b) Due process standards for health officers exercising their authority to involuntarily detain, test, treat, or isolate persons with suspected or confirmed tuberculosis under RCW 70.28.031 and 70.05.070 that provide for release from any involuntary detention, testing, treatment, or isolation as soon as the health officer determines the patient no longer represents a risk to the public's health;

70.37.010 Declaration of public policies—Purpose.  

The good health of the people of our state is a most important public concern. The state has a direct interest in seeing to it that health care facilities adequate for good public health are established and maintained in sufficient numbers and in proper locations. The rising costs of care of the infirm constitute a grave challenge not only to health care providers but to our state and the people of our state who will seek such care. It is hereby declared to be the public policy of the state of Washington to assist and encourage the building, providing and utilization of modern, well equipped and reasonably priced health care facilities, and the improvement, expansion and modernization of health care facilities in a manner that will minimize the capital costs of construction, financing and use thereof and thereby the costs to the public of the use of such facilities, and to contribute to improving the quality of health care available to our citizens. In order to accomplish these and related purposes this chapter is adopted and shall be liberally construed to carry out its purposes and objects. [1974 ex.s. c 147 § 1.]  

70.37.020 Definitions.

(5) "Project" means a specific health care facility or any combination of health care facilities, constructed, purchased, acquired, leased, used, owned or operated by a participant, and alterations, additions to, renovations, enlargements, betterments and reconstructions thereof. [1994 c 92 § 505; 1989 c 65 § 1; 1983 c 210 § 3; 1974 ex.s. c 147 § 2.]

70.37.030 Washington health care facilities authority established—Members—Chair—Terms—Quorum—Vacancies—Compensation and travel expenses. The members of the authority shall be compensated in accordance with RCW 43.03.240 and shall be entitled to reimbursement, solely from the funds of the authority, for travel expenses incurred in the discharge of their duties under this chapter, subject to the provisions of RCW 43.03.050 and 43.03.060. 70.37.040 Washington health care facilities authority—Powers—Special fund bonds—Revenue bonds. (1) The authority is hereby empowered to issue bonds for the construction, purchase, acquisition, rental, leasing or use by participants of projects for which bonds to provide funds therefor have been approved by the authority. Such bonds shall be issued in the name of the authority. They shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. They shall contain a recital on their face that their payment and the payment of interest thereon shall be a valid claim only as against the special fund relating thereto derived by the authority in whole or in part from the revenues received by the authority from the operation of the participant of the health care facilities for which the bonds are issued but that they shall constitute a prior charge over all other charges or claims whatever against such special fund. The lien of any such pledge on such revenues shall attach thereto immediately on their receipt by the authority and shall be valid and binding as against parties having claims of any kind in tort, contract or otherwise against the participant, without recitation thereof and whether or not they have notice thereof. For inclusion in such special funds and for other uses in or for such projects of participants the authority is empowered to accept and receive funds, grants, gifts, pledges, guarantees, mortgages, trust deeds and other security instruments, and property from the federal government or the state of Washington or other public body, entity or agency and from any public or private institution, association, corporation or organization, including participants, except that it shall not accept or receive from the state or any taxing agency any money derived from taxes save money to be devoted to the purposes of a project of the state or taxing agency.

(2) For the purposes outlined in subsection (1) of this section the authority is empowered to provide for the issuance of its special fund bonds and other limited obligation security instruments subordinate to the first and prior lien bonds, if any, relating to a project or projects of a participant and to create special funds relating thereto against which such subordinate securities shall be liens, but the authority shall not have power to incur general obligations with respect thereto.

(3) The authority may also issue special fund bonds to redeem or to fund or refund outstanding bonds or any part thereof at maturity, or before maturity if subject to prior redemption, with the right in the authority to include various series and issues of such outstanding special fund bonds in a single issue of funding or refunding special fund bonds and to pay any redemption premiums out of the proceeds thereto. Such funding or refunding bonds shall be limited special fund bonds issued in accordance with the provisions of this chap-
term, including this section and shall not be general obligations of the authority.

(4) Such special fund bonds of either first lien or subordinate lien nature may also be issued by the authority, the proceeds of which may be used to refund already existing mortgages or other obligations on health care facilities already constructed and operating incurred by a participant in the construction, purchase or acquisition thereof.

(5) The authority may also lease to participants, lease to them with option to purchase, or sell to them, facilities which it has acquired by construction, purchase, devise, gift, or leasing: PROVIDED, That the terms thereof shall at least fully reimburse the authority for its costs with respect to such facilities, including costs of financing, and provide fully for the debt service on any bonds issued by the authority to finance acquisition by it of the facilities. To pay the cost of acquiring or improving such facilities or to refund any bonds issued for such purpose, the authority may issue its revenue bonds secured solely by revenues derived from the sale or lease of the facility, but which may additionally be secured by mortgage, lease, pledge or assignment, trust agreement or other security device. Such bonds and such security devices shall not be obligations of the state of Washington or general obligations of the authority but shall be payable only from the special funds created by the authority for their payment. Such health care facilities may be acquired, constructed, reconstructed, and improved and may be leased, sold or otherwise disposed of in the manner determined by the authority in its sole discretion and any requirement of competitive bidding, lease performance bonds or other restriction imposed on the procedure for award of contracts for such purpose or the lease, sale or other disposition of property of the state, or any agency thereof, is not applicable to any action so taken by the authority. [1974 ex.s. c 147 § 4.]

The authority shall have power as a part of such plan to create a special fund or funds for the purpose of defraying the cost of such project and for other projects of the same participant subsequently or at the same time approved by it and for their maintenance, improvement, reconstruction, remodeling, and rehabilitation, into which special fund or funds it shall obligate and bind the participant to set aside and pay from the gross revenues of the project or from other sources an amount sufficient to pay the principal and interest of the bonds being issued, reserves and other requirements of the special fund and to issue and sell bonds payable as to both principal and interest out of such fund or funds relating to the project or projects of such participant.

Such bonds shall bear such date or dates, mature at such time or times, be in such denominations, be in such form, either coupon or registered, or both, as provided in RCW 39.46.030, carry such registration privileges, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rates or rates of interest, and be sold in such manner, at such price, as the authority shall determine. HEALTH PLANNING AND DEVELOPMENT
Sections
70.38.015 Declaration of public policy.
70.38.015 Declaration of public policy. It is declared to be the public policy of this state:

(1) That strategic health planning efforts must be supported by appropriately tailored regulatory activities that can effectuate the goals and principles of the statewide health resources strategy developed pursuant to chapter 43.370 RCW. The implementation of the strategy can promote, maintain, and assure the health of all citizens in the state, provide accessible health services, health manpower, health facilities, and other resources while controlling increases in costs, and recognize prevention as a high priority in health programs. Involvement in health planning from both consumers and providers throughout the state should be encouraged;

(2) That the certificate of need program is a component of a health planning regulatory process that is consistent with the statewide health resources strategy and public policy goals that are clearly articulated and regularly updated;

(3) That the development and maintenance of adequate health care information, statistics and projections of need for health facilities and services is essential to effective health planning and resources development;

(4) That the development of nonregulatory approaches to health care cost containment should be considered, including the strengthening of price competition; and

(5) That health planning shall be concerned with public health and health care financing, access, and quality, recognizing their close interrelationship and emphasizing cost control of health services, including cost-effectiveness and cost-benefit analysis. [2007 c 259 § 55; 1989 1st ex.s. c 9 § 601; 1983 c 235 § 1; 1980 c 139 § 1; 1979 ex.s. c 161 § 1.]

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(a) The department issues a certificate of need approving the sale, lease, acquisition, or use; or

(b) The department determines, upon application, that (i) the entity to which the facility is proposed to be sold or leased, which intends to acquire the controlling interest, or which intends to use the facility is a health maintenance organization or a combination of health maintenance organizations which meets the requirements of (1)(a)(i), and (ii) with respect to such facility, meets the requirements of (1)(a)(ii) or (iii) or the requirements of (1)(b)(i) and (ii).

(4) In the case of a health maintenance organization, an ambulatory care facility, or a health care facility, which ambulatory or health care facility is controlled, directly or indirectly, by a health maintenance organization or a combination of health maintenance organizations, the department may under the program apply its certificate of need requirements to the offering of inpatient tertiary health services to the extent that such offering is not exempt under the provisions of this section or RCW 70.38.105(7).

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs for care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;
(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vi) Does not operate, and has not undertaken a project that would result in a number of nursing home beds in excess of one for every four living units operated by the continuing care retirement community, exclusive of nursing home beds; and

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(i) It has submitted an application for exemption at least thirty days prior to commencing construction of, is submitting an application for the licensure of, or is commencing operation of a nursing home, whichever comes first; and

(ii) The application documents to the department that the continuing care retirement community qualifies for exemption.

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq., may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing homes that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(9)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(1) Certificates of need shall be issued, denied, suspended, or revoked by the designee of the secretary in accord with the provisions of this chapter and rules of the department which establish review procedures and criteria for the certificate of need program.

(2) Criteria for the review of certificate of need applications, except as provided in subsection (3) of this section for health maintenance organizations, shall include but not be limited to consideration of the following:

(a) The need that the population served or to be served by such services has for such services;

(b) The availability of less costly or more effective alternative methods of providing such services;

(c) The financial feasibility and the probable impact of the proposal on the cost of and charges for providing health services in the community to be served;

(d) In the case of health services to be provided, (i) the availability of alternative uses of project resources for the provision of other health services, (ii) the extent to which such proposed services will be accessible to all residents of the area to be served, and (iii) the need for and the availability in the community of services and facilities for osteopathic physicians and surgeons and allopathic physicians and their patients. The department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathic medicine and surgery and medicine at the student, internship, and residency training levels;

(e) In the case of a construction project, the costs and methods of energy provision, and the probable impact of the construction project reviewed (i) on the cost of providing health services by the person proposing such construction project and (ii) on the cost and charges to the public of providing health services by other persons;

(f) The special needs and circumstances of osteopathic hospitals, nonalphabetic services, and children’s hospitals;

(g) Improvements or innovations in the financing and delivery of health services which foster cost containment and serve to promote quality assurance and cost-effectiveness;

(h) In the case of health services proposed to be provided, the efficiency and appropriateness of the use of existing services and facilities similar to those proposed;

(i) In the case of existing services or facilities, the quality of care provided by such services or facilities in the past;

(j) In the case of hospital certificate of need applications, whether the hospital meets or exceeds the regional average level of charity care, as determined by the secretary; and

(k) In the case of nursing home applications:

(i) The availability of other nursing home beds in the planning area to be served; and

(ii) The availability of other services in the community to be served. Data used to determine the availability of other services will include but not be limited to data provided by the department of social and health services.

(3) A certificate of need application of a health maintenance organization or a health care facility which is controlled, directly or indirectly, by a health maintenance organization, shall be approved by the department if the department finds:

(a) Approval of such application is required to meet the needs of the members of the health maintenance organization and of the new members which such organization can reasonably be expected to enroll; and

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility, or any part thereof, with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) Until the final expiration of the state health plan as provided under *RCW 70.38.919, the decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall
directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or its designee, shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10)(a) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked has the right to an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act.

(b) Any health care facility or health maintenance organization that: (i) Provides services similar to the services provided by the applicant and under review pursuant to this subsection; (ii) is located within the applicant's health service area; and (iii) testified or submitted evidence at a public hearing held pursuant to subsection (9) of this section, shall be provided an opportunity to present oral or written testimony and argument in a proceeding under this subsection: PRO-

VIDED, That the health care facility or health maintenance organization had, in writing, requested to be informed of the department's decisions.

(c) If the department desires to settle with the applicant prior to the conclusion of the adjudicative proceeding, the department shall so inform the health care facility or health maintenance organization and afford them an opportunity to comment, in advance, on the proposed settlement.

(11) An amended certificate of need shall be required for the following modifications of an approved project:

(a) A new service requiring review under this chapter;

(b) An expansion of a service subject to review beyond that originally approved;

(c) An increase in bed capacity;

(d) A significant reduction in the scope of a nursing home project without a commensurate reduction in the cost of the nursing home project, or a cost increase (as represented in bids on a nursing home construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

(12) An application for a certificate of need for a nursing home capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.

(13)(a) Replacement of existing nursing home beds in the same planning area by an existing licensee who has operated the beds for at least one year shall not require a certificate of need under this chapter. The licensee shall give written notice of its intent to replace the existing nursing home beds to the department and shall provide the department with information as may be required pursuant to rule. Replacement of the beds by a party other than the licensee is subject to certificate of need review under this chapter, except as otherwise permitted by subsection (14) of this section.

(b) When an entire nursing home ceases operation, the licensee or any other party who has secured an interest in the beds may reserve his or her interest in the beds for eight years or until a certificate of need to replace them is issued, whichever occurs first. However, the nursing home, licensee, or any other party who has secured an interest in the beds must give notice of its intent to retain the beds to the department of health no later than thirty days after the effective date of the facility's closure. Certificate of need review shall be required for any party who has reserved the nursing home beds except that the need criteria shall be deemed met when the applicant is the licensee who had operated the beds for at least one year, who has operated the beds for at least one year immediately preceding the reservation of the beds, and who is replacing the beds in the same planning area.

(14) In the event that a licensee, who has provided the department with notice of his or her intent to replace nursing home beds under subsection (13)(a) of this section, engages in unprofessional conduct or becomes unable to practice with reasonable skill and safety by reason of mental or physical
condition, pursuant to chapter 18.130 RCW, or dies, the building owner shall be permitted to complete the nursing home bed replacement project, provided the building owner has secured an interest in the beds. (2) A project for which a certificate of need has been issued shall be commenced during the validity period for the certificate of need.

(3) The department shall monitor the approved projects to assure conformance with certificates of need that have been issued. Rules and regulations adopted shall specify when changes in the project require reevaluation of the project. The department may require applicants to submit periodic progress reports on approved projects or other information as may be necessary to effectuate its monitoring responsibilities.

(4) The secretary, in the case of a new health facility, shall not issue any license unless and until a prior certificate of need shall have been issued by the department for the offering or development of such new health facility.

(5) Any person who engages in any undertaking which requires certificate of need review without first having received from the department either a certificate of need or an exception granted in accordance with this chapter shall liable to the state in an amount not to exceed one hundred dollars a day for each day of such unauthorized offering or development. Such amounts of money shall be recoverable in an action brought by the attorney general on behalf of the state in the superior court of any county in which the unauthorized undertaking occurred. Prior to initiating rule making, the department shall contract for an independent evidence-based review of the circumstances under which elective percutaneous coronary interventions should be allowed in Washington hospitals. The review shall address, at a minimum, factors related to access to care, patient safety, quality outcomes, costs, and the stability of Washington's cardiac care delivery system and of existing cardiac care providers, and ensure that elective coronary intervention volumes at the University of Washington academic medical center are maintained at levels required for training of cardiologists consistent with applicable accreditation requirements. ### 70.38.220 Ethnic minorities—Nursing home beds that reflect cultural differences.
(1) The legislature recognizes that in this state ethnic minorities currently use nursing home care at a lower rate than the general population. The legislature also recognizes and supports the federal mandate that nursing homes receiving federal funds provide residents with a homelike environment. The legislature finds that certain ethnic minorities have special cultural, language, dietary, and other needs not generally met by existing nursing homes which are intended to serve the general population. Accordingly, the legislature further finds that there is a need to foster the development of nursing homes designed to serve the special cultural, language, dietary, and other needs of ethnic minorities.

(2) The department shall establish a separate pool of no more than two hundred fifty beds for nursing homes designed to serve the special needs of ethnic minorities. The pool shall be made up of nursing home beds that become available on or after March 15, 1991, due to:
(a) Loss of license or reduction in licensed bed capacity if the beds are not otherwise obligated for replacement; or
(b) Expiration of a certificate of need.

(3) The department shall develop procedures for the fair and efficient award of beds from the special pool. In making its decisions regarding the award of beds from the pool, the department shall consider at least the following:
(a) The relative degree to which the long-term care needs of an ethnic minority are not otherwise being met;
(b) The percentage of low-income persons who would be served by the proposed nursing home;
(c) The financial feasibility of the proposed nursing home; and
(d) The impact of the proposal on the area's total need for nursing home beds.

(4) To be eligible to apply for or receive an award of beds from the special pool, an application must be to build a new nursing home, or add beds to a nursing home, that:
(a) Will be owned and operated by a nonprofit corporation, and at least fifty percent of the board of directors of the corporation are members of the ethnic minority the nursing home is intended to serve;
(b) Will be designed, managed, and administered to serve the special cultural, language, dietary, and other needs of an ethnic minority; and
(c) Will not discriminate in admissions against persons who are not members of the ethnic minority whose special needs the nursing home is designed to serve.

(5) If a nursing home or portion of a nursing home that is built as a result of an award from the special pool is sold or leased within ten years to a party not eligible under subsection (4) of this section:
(a) The purchaser or lessee may not operate those beds as nursing home beds without first obtaining a certificate of need for new beds under this chapter; and
(b) The beds that had been awarded from the special pool shall be returned to the special pool.

(6) The department shall initially award up to one hundred beds before that number of beds are actually in the special pool, provided that the number of beds so awarded are subtracted from the total of two hundred fifty beds that can be awarded from the special pool. [1991 c 271 § 1.]

### 70.38.230 Residential hospice care centers—Defined—Change in bed capacity—Applicability of chapter.
(1) A change in bed capacity at a residential hospice care center shall not be subject to certificate of need review if the beds are not otherwise obligated for replacement; or
(2) The beds that had been awarded from the special pool shall be returned to the special pool.

(3) The department shall initially award up to one hundred beds before that number of beds are actually in the special pool, provided that the number of beds so awarded are subtracted from the total of two hundred fifty beds that can be awarded from the special pool. [1991 c 271 § 1.]

### 70.38.230 Residential hospice care centers—Defined—Change in bed capacity—Applicability of chapter.
(1) A change in bed capacity at a residential hospice care center shall not be subject to certificate of need review under this chapter if the department determined prior to June 1994 that the construction, development, or other establishment of the residential hospice care center was not subject to certificate of need review under this chapter.

(2) For purposes of this section, a "residential hospice care center" means any building, facility, place, or equivalent
that opened in December 1996 and is organized, maintained, and operated specifically to provide beds, accommodations, facilities, and services over a continuous period of twenty-four hours or more for palliative care of two or more individuals, not related to the operator, who are diagnosed as being in the latter stages of an advanced disease that is expected to lead to death. 70.38.250 Redistribution and addition of beds—Determination. (1) The need for projects identified in *RCW 70.38.240 shall be determined using the individual planning area’s estimated nursing home bed need ratio and includes but is not limited to the following criteria:

(a) The current capacity of nursing homes and other long-term care services;

(b) The occupancy rates of nursing homes and other long-term care services over the previous two-year period; and

70.41.115 Specialty hospitals—Licenses—Exemptions. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Emergency services" means health care services medically necessary to evaluate and treat a medical condition that manifests itself by the acute onset of a symptom or symptoms, including severe pain, that would lead a prudent layperson acting reasonably to believe that a health condition exists that requires immediate medical attention, and that the absence of immediate medical attention could reasonably be expected to result in serious impairment to bodily functions or serious dysfunction of an organ or part of the body, or would place the person's health, or in the case of a pregnant woman, the health of the woman or her unborn child, in serious jeopardy.

(b) "General hospital" means a hospital that provides general acute care services, including emergency services.

(c) "Specialty hospital" means a subclass of hospital that is primarily or exclusively engaged in the care and treatment of one of the following categories: (i) Patients with a cardiac condition; (ii) patients with an orthopedic condition; (iii) patients receiving a surgical procedure; and (iv) any other specialized category of services that the secretary of health and human services designates as a specialty hospital.

(d) "Transfer agreement" means a written agreement providing an effective process for the transfer of a patient requiring emergency services to a general hospital providing emergency services and for continuity of care for that patient.

(e) "Health service area" has the same meaning as in RCW 70.38.025.

(2) To be licensed under this chapter, a specialty hospital shall:

(a) Be significantly engaged in providing inpatient care;
(b) Comply with all standards and rules adopted by the department for hospitals;
(c) Provide appropriate discharge planning;
(d) Participate in the medicare and medicaid programs and provide at least the same percentage of services to medicare and medicaid beneficiaries, as a percent of gross revenues, as the lowest percentage of services provided to medicare and medicaid beneficiaries by a general hospital in the same health service area. The lowest percentage of services provided to medicare and medicaid beneficiaries shall be determined by the department in consultation with the general hospitals in the health service area but shall not be the percentage of medicare and medicaid services of a hospital that serves primarily members of a particular health plan or government sponsor;
(f) Provide at least the same percentage of charity care, as a percent of gross revenues, as the lowest percentage of charity care provided by a general hospital in the same health service area. The lowest percentage of charity care shall be determined by the department in consultation with the general hospitals in the health service area but shall not be the percentage of charity care of a hospital that serves primarily members of a particular health plan or government sponsor;

Finding—2007 c 102: "The legislature finds that specialty hospitals jeopardize the financial balance of community hospitals by selectively providing care to less ill patients, treating fewer medicare, medicaid, and uninsured patients, providing primarily care that is profitable to investors, and..."
reducing community hospital staffing. To assure that private and public hospitals in Washington remain financially viable institutions able to provide general acute care in their communities and maintain the capacity to respond to local, state, and national emergencies, the legislature has concluded that specialty hospitals must meet certain conditions in order to be licensed. These conditions will ensure that specialty hospitals and community hospitals compete on a level playing field and, therefore, will minimize the adverse impacts of specialty hospitals on community general hospitals while assuring quality patient care." [2007 c 102 § 1.]

70.41.120 Inspection of hospitals—Final report—Alterations or additions, new facilities—Coordination with state and local agencies—Notice of inspection. (1) The department shall make or cause to be made an unannounced inspection of all hospitals on average at least every eighteen months. Every inspection of a hospital may include an inspection of every part of the premises. The department may make an examination of all phases of the hospital operation necessary to determine compliance with the law and the standards, rules and regulations adopted thereunder.

(2) The department shall not issue its final report regarding an unannounced inspection by the department until: (a) The hospital is given at least two weeks following the inspection to provide any information or documentation requested by the department during the unannounced inspection that was not available at the time of the request; and (b) at least one person from the department conducting the inspection meets personally with the chief administrator or executive officer of the hospital following the inspection or the chief administrator or executive officer declines such a meeting.

(3) Any licensee or applicant desiring to make alterations or additions to its facilities or to construct new facilities shall, before commencing such alteration, addition or new construction, comply with the regulations prescribed by the department.

(4) No hospital licensed pursuant to the provisions of this chapter shall be required to be inspected or licensed under other state laws or rules and regulations promulgated thereunder, or local ordinances, relative to hotels, restaurants, lodging houses, boarding houses, places of refreshment, nursing homes, maternity homes, or psychiatric hospitals.

(5) To avoid unnecessary duplication in inspections, the department shall coordinate with the department of social and health services, the office of the state fire marshal, and local agencies when inspecting facilities over which each agency has jurisdiction, the facilities including but not necessarily being limited to hospitals with both acute care and skilled nursing or psychiatric nursing functions. The department shall notify the office of the state fire marshal and the relevant local agency at least four weeks prior to any inspection conducted under this section and invite their attendance at the inspection, and shall provide a copy of its inspection report to the local, state, and national emergencies, the legislature has concluded that specialty hospitals must meet certain conditions in order to be licensed. These conditions will ensure that specialty hospitals and community hospitals compete on a level playing field and, therefore, will minimize the adverse impacts of specialty hospitals on community general hospitals while assuring quality patient care." [2007 c 102 § 1.]

70.41.122 Exemption from RCW 70.41.120 for hospitals accredited by other entities. Surveys conducted on hospitals by the joint commission on the accreditation of health care organizations, the American osteopathic association, or Det Norske Veritas shall be deemed equivalent to a department survey for purposes of meeting the requirements for the survey specified in RCW 70.41.120 if the department determines that the applicable survey standards are substantially equivalent to its own.

(2) Hospitals shall make available to department surveyors the written reports of such surveys during department surveys, upon request. [2009 c 242 § 2; 2005 c 447 § 2; 1999 c 41 § 1; 1995 c 282 § 6.]

Inconsistencies or conflicts among the agencies shall be identified and eliminated. The department shall provide local agencies with relevant information derived from its construction review process.

RCW 43.70.115 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding. [2011 c 302 § 3; 1991 c 3 § 335; 1989 c 175 § 128; 1985 c 213 § 22; 1955 c 267 § 13.]

70.41.240 Information regarding conversion of hospitals to nonhospital health care facilities. The department of health shall compile and make available to the public information regarding medicare health care facility certification options available to hospitals licensed under this title that desire to convert to nonhospital health care facilities. The information provided shall include standards and requirements for certification and procedures for acquiring certification. [1991 c 3 § 338; 1988 c 207 § 3.]

70.41.250 Cost disclosure to health care providers. (1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications. [1993 c 492 § 265.]

70.41.300 Long-term care—Definitions. "Cost-effective care" and "long-term care services," where used in RCW 70.41.310 and 70.41.320, shall have the same meaning as that defined in RCW 74.39A.008. [1995 1st sp.s. c 18 § 4.]

*Reviser's note: RCW 74.39A.008 was repealed by 1997 c 392 § 530.

70.41.310 Long-term care—Program information to be provided to hospitals—Information on options to be provided to patients. (1) The department of social and health services, in consultation with hospitals and acute care facilities, shall promote the most appropriate and cost-effective use of long-term care services by developing and distributing to hospitals and any appropriate health care settings information on the various chronic long-term care programs that it administers directly or through contract. The information developed by the department of social and health services shall, at a minimum, include the following:

(i) An identification and detailed description of each long-term care service available in the state;

(ii) Functional, cognitive, and Medicaid eligibility criteria that may be required for placement or admission to each long-term care service; and

(iii) A long-term care services resource manual for each hospital, that identifies the long-term care services operating within each hospital's patient service area. The long-term care services resource manual shall, at a minimum, identify the name, address, and telephone number of each entity known to be providing long-term care services; a brief description of the programs or services provided by each of the identified entities; and the name or names of a person or persons who may be contacted for further information or assistance in accessing the programs or services at each of the identified entities.

(b) The information required in (a) of this subsection shall be periodically updated and distributed to hospitals by the department of social and health services so that the information reflects current long-term care service options available within each hospital's patient service area.

(2) To the extent that a patient will have continuing care needs, once discharged from the hospital setting, hospitals shall, during the course of the patient's hospital stay, promote each patient's family member's and/or legal representative's understanding of available long-term care service discharge options by, at a minimum:

(a) Discussing the various and relevant long-term care services available, including eligibility criteria;

(b) Making available, to patients, their family members, and/or legal representative, a copy of the most current long-term care services resource manual;

(c) Responding to long-term care questions posed by patients, their family members, and/or legal representative;

(d) Assisting the patient, their family members, and/or legal representative in contacting appropriate persons or entities to respond to the question or questions posed; and

(e) Linking the patient and family to the local, state-designated aging and long-term care network to ensure effective transitions to appropriate levels of care and ongoing support. [1995 1st sp.s. c 18 § 3.]

70.41.320 Long-term care—Patient discharge requirements for hospitals and acute care facilities—Pilot projects. (1) Hospitals and acute care facilities shall:

(a) Work cooperatively with the department of social and health services, area agencies on aging, and local long-term care information and assistance organizations in the planning and implementation of patient discharges to long-term care services.

(b) Establish and maintain a system for discharge planning and designate a person responsible for system management and implementation.

(c) Establish written policies and procedures to:

(i) Identify patients needing further nursing, therapy, or supportive care following discharge from the hospital;

(ii) Develop a documented discharge plan for each identified patient, including relevant patient history, specific care requirements, and date such follow-up care is to be initiated;

(iii) Coordinate with patient, family, caregiver, and appropriate members of the health care team;

(iv) Provide any patient, regardless of income status, written information and verbal consultation regarding the array of long-term care options available in the community,
including the relative cost, eligibility criteria, location, and contact persons;

(v) Promote an informed choice of long-term care services on the part of patients, family members, and legal representatives; and

(vi) Coordinate with the department and specialized case management agencies, including area agencies on aging and other appropriate long-term care providers, as necessary, to ensure timely transition to appropriate home, community residential, or nursing facility care.

(d) Work in cooperation with the department which is responsible for ensuring that patients eligible for Medicaid long-term care receive prompt assessment and appropriate service authorization.

(2) In partnership with selected hospitals, the department of social and health services shall develop and implement pilot projects in up to three areas of the state with the goal of providing information about appropriate in-home and community services to individuals and their families early during the individual’s hospital stay.

The department shall not delay hospital discharges but shall assist and support the activities of hospital discharge planners. The department also shall coordinate with home health and hospice agencies whenever appropriate. The role of the department is to assist the hospital and to assist patients and their families in making informed choices by providing information regarding home and community options.

In conducting the pilot projects, the department shall:

(a) Assess and offer information regarding appropriate in-home and community services to individuals who are Medicaid clients or applicants; and

(b) Offer assessment and information regarding appropriate in-home and community services to individuals who are reasonably expected to become Medicaid recipients within one hundred eighty days of admission to a nursing facility. [1998 c 245 § 127; 1995 1st sp.s. c 18 § 5.]

70.41.330 Hospital complaint toll-free telephone number. Every hospital shall post in conspicuous locations a notice of the department's hospital complaint toll-free telephone number. The form of the notice shall be approved by the department. [2000 c 6 § 4.]

70.41.340 Investigation of hospital complaints—Rules. The department is authorized to adopt rules necessary to implement RCW 70.41.150, 70.41.155, and 70.41.330. [2000 c 6 § 6.]

70.41.350 Emergency care provided to victims of sexual assault—Development of informational materials on emergency contraception—Rules. (1) Every hospital providing emergency care to a victim of sexual assault shall:

(a) Provide the victim with medically and factually accurate and unbiased written and oral information about emergency contraception;

(b) Orally inform each victim of sexual assault of her option to be provided emergency contraception at the hospital; and

(c) If not medically contraindicated, provide emergency contraception immediately at the hospital to each victim of sexual assault who requests it.

(2) The secretary, in collaboration with community sexual assault programs and other relevant stakeholders, shall develop, prepare, and produce informational materials relating to emergency contraception for the prevention of pregnancy in rape victims for distribution to and use in all emergency rooms in the state, in quantities sufficient to comply with the requirements of this section. The secretary, in collaboration with community sexual assault programs and other relevant stakeholders, may also approve informational materials from other sources for the purposes of this section. The informational materials must be clearly written and readily comprehensible in a culturally competent manner, as the secretary, in collaboration with community sexual assault programs and other relevant stakeholders, deems necessary to inform victims of sexual assault. The materials must explain the nature of emergency contraception, including that it is effective in preventing pregnancy, treatment options, and where they can be obtained.

(3) The secretary shall adopt rules necessary to implement this section. [2002 c 116 § 3.]

Findings—2002 c 116: "(1) The legislature finds that:

(a) Each year, over three hundred thousand women are sexually assaulted in the United States;

(b) Nationally, over thirty-two thousand women become pregnant each year as a result of sexual assault. Approximately fifty percent of these pregnancies end in abortion;

(c) Approximately thirty-eight percent of women in Washington are sexually assaulted over the course of their lifetime. This is twenty percent more than the national average;

(d) Only fifteen percent of sexual assaults in Washington are reported; however, even the numbers of reported attacks are staggering. For example, last year, two thousand six hundred fifty-nine rapes were reported in Washington, this is more than seven rapes per day.

(2) The legislature deems it essential that all hospital emergency rooms provide emergency contraception as a treatment option to any woman who seeks treatment as a result of a sexual assault." [2002 c 116 § 1.]

70.41.360 Emergency care provided to victims of sexual assault—Department to respond to violations—Task force. The department must respond to complaints of violations of RCW 70.41.350. The department shall convene a task force, composed of representatives from community sexual assault programs and other relevant stakeholders including advocacy agencies, medical agencies, and hospital associations, to provide input into the development and evaluation of the education materials and rule development. The task force shall expire on January 1, 2004. [2002 c 116 § 4.]

Findings—2002 c 116: See note following RCW 70.41.350.

70.41.370 Investigation of complaints of violations concerning nursing technicians. The department shall investigate complaints of violations of RCW 18.79.350 and 18.79.360 by an employer. The department shall maintain records of all employers that have violated RCW 18.79.350 and 18.79.360. [2003 c 258 § 8.]

70.41.380 Notice of unanticipated outcomes. Hospitals shall have in place policies to assure that, when appropriate, information about unanticipated outcomes is provided to patients or their families or any surrogate decision makers
identified pursuant to RCW 7.70.065. Notifications of unanticipated outcomes under this section do not constitute an acknowledgment or admission of liability, nor can the fact of notification, the content disclosed, or any and all statements, affirmations, gestures, or conduct expressing apology be introduced as evidence in a civil action. [2005 c 118 § 1.]

Policy to be in place beginning January 1, 2006—2005 c 118: "Beginning January 1, 2006, the department shall, during the survey of a hospital, ensure that the policy required in RCW 70.41.380 is in place." [2005 c 118 § 2.]

70.41.390 Safe patient handling. (1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise:

(a) "Lift team" means hospital employees specially trained to conduct patient lifts, transfers, and repositioning using lifting equipment when appropriate.

(b) "Safe patient handling" means the use of engineering controls, lifting and transfer aids, or assistive devices, by lift teams or other staff, instead of manual lifting to perform the acts of lifting, transferring, and repositioning health care patients and residents.

(c) "Musculoskeletal disorders" means conditions that involve the nerves, tendons, muscles, and supporting structures of the body.

(2) By February 1, 2007, each hospital must establish a safe patient handling committee either by creating a new committee or assigning the functions of a safe patient handling committee to an existing committee. The purpose of the committee is to design and recommend the process for implementing a safe patient handling program. At least half of the members of the safe patient handling committee shall be frontline nonmanagerial employees who provide direct care to patients unless doing so will adversely affect patient care.

(3) By December 1, 2007, each hospital must establish a safe patient handling program. As part of this program, a hospital must:

(a) Implement a safe patient handling policy for all shifts and units of the hospital. Implementation of the safe patient handling policy may be phased-in with the acquisition of equipment under subsection (4) of this section;

(b) Conduct a patient handling hazard assessment. This assessment should consider such variables as patient-handling tasks, types of nursing units, patient populations, and the physical environment of patient care areas;

(c) Develop a process to identify the appropriate use of the safe patient handling policy based on the patient's physical and medical condition and the availability of lifting equipment or lift teams. The policy shall include a means to address circumstances under which it would be medically contraindicated to use lifting or transfer aids or assistive devices for particular patients;

(d) Conduct an annual performance evaluation of the program to determine its effectiveness, with the results of the evaluation reported to the safe patient handling committee. The evaluation shall determine the extent to which implementation of the program has resulted in a reduction in musculoskeletal disorder claims and days of lost work attributable to musculoskeletal disorder caused by patient handling, and include recommendations to increase the program’s effectiveness; and

(e) When developing architectural plans for constructing or remodeling a hospital or a unit of a hospital in which patient handling and movement occurs, consider the feasibility of incorporating patient handling equipment or the physical space and construction design needed to incorporate that equipment at a later date.

(4) By January 30, 2010, each hospital must complete, at a minimum, acquisition of their choice of: (a) One readily available lift per acute care unit on the same floor unless the safe patient handling committee determines a lift is unnecessary in the unit; (b) one lift for every ten acute care available inpatient beds; or (c) equipment for use by lift teams. Hospitals must train staff on policies, equipment, and devices at least annually.

(5) Nothing in this section precludes lift team members from performing other duties as assigned during their shift.

(6) A hospital shall develop procedures for hospital employees to refuse to perform or be involved in patient handling or movement that the hospital employee believes in good faith will expose a patient or a hospital employee to an unacceptable risk of injury. A hospital employee who in good faith follows the procedure developed by the hospital in accordance with this subsection shall not be the subject of disciplinary action by the hospital for the refusal to perform or be involved in the patient handling or movement. [2006 c 165 § 2.]

Findings—2006 c 165: "The legislature finds that:

(1) Patients are not at optimum levels of safety while being lifted, transferred, or repositioned manually. Mechanical lift programs can reduce skin tears suffered by patients by threefold. Nurses, thirty-eight percent of whom have previous back injuries, can drop patients if their pain thresholds are triggered.

(2) According to the bureau of labor statistics, hospitals in Washington have a nonfatal employee injury incidence rate that exceeds the rate of construction, agriculture, manufacturing, and transportation.

(3) The physical demands of the nursing profession lead many nurses to leave the profession. Research shows that the annual prevalence rate for nursing back injury is over forty percent and many nurses who suffer a back injury do not return to nursing. Considering the present nursing shortage in Washington, measures must be taken to protect nurses from disabling injury.

(4) Washington hospitals have made progress toward implementation of safe patient handling programs that are effective in decreasing employee injuries. It is not the intent of this act to place an undue financial burden on hospitals." [2006 c 165 § 1.]

70.41.400 Patient billing—Written statement describing who may be billing the patient required—Contact phone numbers—Exceptions. (1) Prior to or upon discharge, a hospital must furnish each patient receiving inpatient services a written statement providing a list of physician groups and other professional partners that commonly provide care for patients at the hospital and from whom the patient may receive a bill, along with contact phone numbers for those groups. The statement must prominently display a phone number that a patient can call for assistance if the patient has any questions about any of the bills they receive after discharge that relate to their hospital stay.

(2) This section does not apply to any hospital owned or operated by a health maintenance organization under chapter 48.46 RCW when providing prepaid health care services to enrollees of the health maintenance organization or any of its wholly owned subsidiary carriers. [2006 c 60 § 2.]

Findings—Intent—2006 c 60: "The legislature finds that the implementation of health information technologies in hospitals, including elec-
tronics medical records, has the potential to significantly reduce cost, improve patient outcomes, and simplify the administration of health care. Further, the legislature finds that the number and complexity of the bills that result from a hospital stay can be confusing to patients. Therefore, it is the intent of the legislature to encourage hospitals to design the implementation of health information technologies so as to allow the hospital to provide the patient, prior to or upon discharge, clearly understandable information about the services provided during the hospital stay, and the bills the patient is likely to receive related to each of those services. Recognizing that complete implementation of the technologies required to achieve this goal will take a number of years, the legislature intends to require that hospitals immediately begin working toward the goal by compiling and communicating information to assist patients in understanding their bills." [2006 c 60 § 1.]

70.41.410 Nurse staffing committee—Definitions. The definitions in this section apply throughout this section and RCW 70.41.420 unless the context clearly requires otherwise.

(1) "Hospital" has the same meaning as defined in RCW 70.41.020, and also includes state hospitals as defined in RCW 72.23.010.

(2) "Intensity" means the level of patient need for nursing care, as determined by the nursing assessment.

(3) "Nursing personnel" means registered nurses, licensed practical nurses, and unlicensed assistive nursing personnel providing direct patient care.

(4) "Nurse staffing committee" means the committee established by a hospital under RCW 70.41.420.

(5) "Patient care unit" means any unit or area of the hospital that provides patient care by registered nurses.

(6) "Skill mix" means the number and relative percentages of registered nurses, licensed practical nurses, and unlicensed assistive personnel among the total number of nursing personnel. [2008 c 47 § 2.]

Findings—Intent—2008 c 47: "(1) The legislature finds that:
(a) Research evidence demonstrates that registered nurses play a critical role in patient safety and quality of care. The ever-worsening shortage of nurses available to provide care in acute care hospitals has necessitated multiple strategies to generate more nurses and improve the recruitment and retention of nurses in hospitals; and
(b) Evidence-based nurse staffing that can help ensure quality and safe patient care while increasing nurse satisfaction in the work environment is key to solving an urgent public health issue in Washington state. Hospitals and nursing organizations recognize a mutual interest in patient safety initiatives that create a healthy environment for nurses and safe care for patients.

(2) In order to protect patients and to support greater retention of registered nurses, and to promote evidence-based nurse staffing, the legislature intends to establish a mechanism whereby direct care nurses and hospital management shall participate in a joint process regarding decisions about nurse staffing." [2008 c 47 § 1.]

70.41.420 Nurse staffing committee. (1) By September 1, 2008, each hospital shall establish a nurse staffing committee, either by creating a new committee or assigning the functions of a nurse staffing committee to an existing committee. At least one-half of the members of the nurse staffing committee shall be registered nurses currently providing direct patient care and up to one-half of the members shall be determined by the hospital administration. The selection of the registered nurses providing direct patient care shall be according to the collective bargaining agreement if there is one in effect at the hospital. If there is no applicable collective bargaining agreement, the members of the nurse staffing committee who are registered nurses providing direct patient care shall be selected by their peers.

(2) Participation in the nurse staffing committee by a hospital employee shall be on scheduled work time and compensated at the appropriate rate of pay. Nurse staffing committee members shall be relieved of all other work duties during meetings of the committee.

(3) Primary responsibilities of the nurse staffing committee shall include:
(a) Development and oversight of an annual patient care unit and shift-based nurse staffing plan, based on the needs of patients, to be used as the primary component of the staffing budget. Factors to be considered in the development of the plan should include, but are not limited to:
(i) Census, including total numbers of patients on the unit on each shift and activity such as patient discharges, admissions, and transfers;
(ii) Level of intensity of all patients and nature of the care to be delivered on each shift;
(iii) Skill mix;
(iv) Level of experience and specialty certification or training of nursing personnel providing care;
(v) The need for specialized or intensive equipment;
(vi) The architecture and geography of the patient care unit, including but not limited to placement of patient rooms, treatment areas, nursing stations, medication preparation areas, and equipment; and
(vii) Staffing guidelines adopted or published by national nursing professional associations, specialty nursing organizations, and other health professional organizations;
(b) Semiannual review of the staffing plan against patient need and known evidence-based staffing information, including the nursing sensitive quality indicators collected by the hospital;
(c) Review, assessment, and response to staffing concerns presented to the committee.

(4) In addition to the factors listed in subsection (3)(a) of this section, hospital finances and resources may be taken into account in the development of the nurse staffing plan.

(5) The staffing plan must not diminish other standards contained in state or federal law and rules, or the terms of an applicable collective bargaining agreement, if any, between the hospital and a representative of the nursing staff.

(6) The committee will produce the hospital's annual nurse staffing plan. If this staffing plan is not adopted by the hospital, the chief executive officer shall provide a written explanation of the reasons why to the committee.

(7) Each hospital shall post, in a public area on each patient care unit, the nurse staffing plan and the nurse staffing schedule for that shift on that unit, as well as the relevant clinical staffing for that shift. The staffing plan and current staffing levels must also be made available to patients and visitors upon request.

(8) A hospital may not retaliate against or engage in any form of intimidation of:
(a) An employee for performing any duties or responsibilities in connection with the nurse staffing committee; or
(b) An employee, patient, or other individual who notifies the nurse staffing committee or the hospital administration of his or her concerns on nurse staffing.

(9) This section is not intended to create unreasonable burdens on critical access hospitals under 42 U.S.C. Sec. 1395i-4. Critical access hospitals may develop flexible
approaches to accomplish the requirements of this section that may include but are not limited to having nurse staffing committees work by telephone or electronic mail. [2008 c 47 § 3.]

Findings—Intent—2008 c 47: See note following RCW 70.41.410.

70.41.430 Licensed hospitals must adopt a policy regarding methicillin-resistant staphylococcus aureus (MRSA)—Elements. (1) Each hospital licensed under this chapter shall, by January 1, 2010, adopt a policy regarding methicillin-resistant staphylococcus aureus. The policy shall, at a minimum, contain the following elements:

(a) A requirement to test any patient for methicillin-resistant staphylococcus aureus who is a member of a patient population identified as appropriate to test based on the hospital's risk assessment for methicillin-resistant staphylococcus aureus;

(b) A requirement that a patient in the hospital's adult or pediatric, but not neonatal, intensive care unit be tested for methicillin-resistant staphylococcus aureus within twenty-four hours of admission unless the patient has been previously tested during that hospital stay or has a known history of methicillin-resistant staphylococcus aureus;

(c) Appropriate procedures to help prevent patients who test positive for methicillin-resistant staphylococcus aureus from transmitting to other patients. For purposes of this subsection, "appropriate procedures" include, but are not limited to, isolation or cohorting of patients colonized or infected with methicillin-resistant staphylococcus aureus. In a hospital where patients, whose methicillin-resistant staphylococcus aureus status is either unknown or uncolonized, may be roomed with colonized or infected patients, patients must be notified they may be roomed with patients who have tested positive for methicillin-resistant staphylococcus aureus; and

(d) A requirement that every patient who has a methicillin-resistant staphylococcus aureus infection receive oral and written instructions regarding aftercare and precautions to prevent the spread of the infection to others.

(2) A hospital that has identified a hospitalized patient who has a diagnosis of methicillin-resistant staphylococcus aureus shall report the infection to the department using the department's comprehensive hospital abstract reporting system. When making the report, the hospital shall use codes used by the United States centers for medicare and medicaid services, when available. [2009 c 244 § 1.]

70.41.440 Duty to report violent injuries—Preservation of evidence—Immunity—Privilege. (1) A hospital shall report to a local law enforcement authority as soon as reasonably possible, taking into consideration a patient's emergency care needs, when the hospital provides treatment for a bullet wound, gunshot wound, or stab wound to a patient. A hospital shall establish a written policy to identify the person or persons responsible for making the report.

(2) The report required under subsection (1) of this section must include the following information, if known:

(a) The name, residence, sex, and age of the patient;

(b) Whether the patient has received a bullet wound, gunshot wound, or stab wound; and

(c) The name of the health care provider providing treatment for the bullet wound, gunshot wound, or stab wound.

(3) Nothing in this section shall limit a person's duty to report under RCW 26.44.030 or 74.34.035.

(4) Any bullets, clothing, or other foreign objects that are removed from a patient for whom a hospital is required to make a report pursuant to subsection (1) of this section shall be preserved and kept in custody in such a way that the identity and integrity thereof are reasonably maintained until the bullets, clothing, or other foreign objects are taken into possession by a law enforcement authority or the hospital's normal period for retention of such items expires, whichever occurs first.

(5) Any hospital or person who in good faith, and without gross negligence or willful or wanton misconduct, makes a report required by this section, cooperates in an investigation or criminal or judicial proceeding related to such report, or maintains bullets, clothing, or other foreign objects, provides such items to a law enforcement authority as described in subsection (4) of this section, is immune from civil or criminal liability or professional licensure action arising out of or related to the report and its contents or the absence of information in the report, cooperation in an investigation or criminal or judicial proceeding, and the maintenance or provision to a law enforcement authority of bullets, clothing, or other foreign objects under subsection (4) of this section.

(6) The physician-patient privilege described in RCW 5.60.060(4), the registered nurse-patient privilege described in RCW 5.62.020, and any other health care provider-patient privilege created or recognized by law are not a basis for excluding as evidence in any criminal proceeding any report, or information contained in a report made under this section.

(7) All reporting, preservation, or other requirements of this section are secondary to patient care needs and may be delayed or compromised without penalty to the hospital or person required to fulfill the requirements of this section.

(8) If the patient states his or her injury is the result of domestic violence, the hospital shall follow its established processes to inform the patient of resources to assure the safety of the patient and his or her family. [2013 c 252 § 1; 2009 c 359 § 2.]

70.41.450 Estimated charges of hospital services—Notice. Hospitals licensed under this chapter shall post a sign in patient registration areas containing at least the following language: "Information about the estimated charges of your hospital services is available upon request. Please do not hesitate to ask for information." [2009 c 529 § 2.]

70.41.460 Contract with department of corrections. As a condition of licensure, a hospital must contract with the department of corrections pursuant to RCW 72.10.030. [2012 c 237 § 3.]

70.41.470 Information to be made widely available by certain hospitals—Community health needs assessment—Description of community served—Community benefit implementation strategy. (1) As of January 1, 2013, each hospital that is recognized by the internal revenue service as a 501(c)(3) nonprofit entity must make its federally required community health needs assessment widely available to the public within fifteen days of submission to the internal revenue service. Following completion of the initial
community health needs assessment, each hospital in accordance with the internal revenue service, shall complete and make widely available to the public an assessment once every three years.

(2) Unless contained in the community health needs assessment under subsection (1) of this section, a hospital subject to the requirements under subsection (1) of this section shall make public a description of the community served by the hospital, including both a geographic description and a description of the general population served by the hospital; and demographic information such as leading causes of death, levels of chronic illness, and descriptions of the medically underserved, low-income, and minority, or chronically ill populations in the community.

(3)(a) Each hospital subject to the requirements of subsection (1) of this section shall make widely available to the public a community benefit implementation strategy within one year of completing its community health needs assessment. In developing the implementation strategy, hospitals shall consult with community-based organizations and stakeholders, and local public health jurisdictions, as well as any additional consultations the hospital decides to undertake. Unless contained in the implementation strategy under this subsection (3)(a), the hospital must provide a brief explanation for not accepting recommendations for community benefit proposals identified in the assessment through the stakeholder consultation process, such as excessive expense to implement or infeasibility of implementation of the proposal.

(b) Implementation strategies must be evidence-based, when available; or development and implementation of innovative programs and practices should be supported by evaluation measures.

(4) For the purposes of this section, the term "widely available to the public" has the same meaning as in the internal revenue service guidelines. [2012 c 103 § 1.]

70.41.900 Severability—1955 c 267. If any part, or parts, of this chapter shall be held unconstitutional, the remaining provisions shall be given full force and effect, as completely as if the part held unconstitutional had not been included herein, if any such remaining part can then be administered for the purpose of establishing and maintaining standards for hospitals. [1955 c 267 § 21.]

Chapter 70.42 RCW MEDICAL TEST SITES

Sections
70.42.005 Intent—Construction. The legislature intends that medical test sites meet criteria known to promote accurate and reliable analysis, thus improving health care through uniform test site licensure and regulation including quality control, quality assurance, and proficiency testing. The legislature also intends to meet the requirements of federal laws licensing and regulating medical testing.

The legislature intends that nothing in this chapter shall be interpreted to place any liability whatsoever on the state for the action or inaction of test sites or test site personnel. The legislature further intends that nothing in this chapter shall be interpreted to expand the state's role regarding medical testing beyond the provisions of this chapter. [1989 c 386 § 1.]

70.42.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of health if enacted, otherwise the department of social and health services.

(2) "Designated test site supervisor" means the available individual who is responsible for the technical functions of the test site and who meets the department's qualifications set out in rule by the department.

(3) "Person" means any individual, or any public or private organization, agent, agency, corporation, firm, association, partnership, or business.

70.42.030 Waiver of license—Conditions. (1) As a part of the application for licensure, a test site may request a waiver from licensure under this chapter if the test site performs only examinations which are determined to have insignificant risk of an erroneous result, including those which (a) are approved by the federal food and drug administration for home use; (b) are so simple and accurate as to render the likelihood of erroneous results negligible; or (c) pose no reasonable risk of harm to the patient if performed incorrectly.

(2) The department shall determine by rule which tests meet the criteria in subsection (1) of this section and shall be exempt from coverage of this chapter. The standards applied in developing the list shall be consistent with federal law and regulations.

(3) The department shall grant a waiver from licensure for two years for a valid request based on subsections (1) and (2) of this section.

(4) Any test site which has received a waiver under subsection (3) of this section shall report to the department any changes in the type of tests it intends to perform thirty days in advance of the changes. In no case shall a test site with a waiver perform tests which require a license under this chapter. [1989 c 386 § 4.]

70.42.040 Sites approved under federal law—Automatic licensure. Test sites accredited, certified, or licensed by an organization or agency approved by the department consistent with federal law and regulations shall receive a license under RCW 70.42.110. [1989 c 386 § 5.]

To the extent allowed by federal law and regulations, upon notification and pending the department's determination, the department shall grant the licensee temporary permission to perform the additional tests. The department shall amend the license if it determines that the licensee meets all applicable requirements. [1989 c 386 § 6.]

[1989 c 386 § 7.]

70.42.070 Proficiency testing program. (1) Except where there is no reasonable proficiency test, each licensed test site must participate in a department-approved proficiency testing program appropriate to the test or tests which it performs. The department may approve proficiency testing programs offered by private or public organizations when the program meets the standards set by the department. Testing shall be conducted quarterly except as otherwise provided for in rule.

(2) The department shall establish proficiency testing standards by rule which include a measure of acceptable performance for tests, and a system for grading proficiency testing performance for tests. The standards may include an evaluation of the personnel performing tests. [1989 c 386 § 8.]
