(1) Notwithstanding any other provision of this title, if the conditions of this section are met, a bank or a holding company of a bank may be organized as, or convert to, a limited liability company under the Washington limited liability company act, chapter 25.15 RCW. As used in this section, "bank" includes an applicant to become a bank or holding company of a bank and "holding company" means a holding company of a bank.

(2)(a) Before a bank or holding company may organize as, or convert to, a limited liability company, the bank or holding company must obtain approval of the director.

(b)(i) To obtain approval under this section from the director, the bank or holding company must file a request for approval with the director at least ninety days before the day on which the bank or holding company becomes a limited liability company.

(ii) If the director does not disapprove the request for approval within ninety days from the day on which the director receives the request, the request is considered approved.

(iii) When taking action on a request for approval filed under this section, the director may:

(A) Approve the request;

(B) Approve the request subject to terms and conditions the director considers necessary; or

(C) Disapprove the request.

(3) To approve a request for approval, the director must find that the bank or holding company:

(a) Will operate in a safe and sound manner; and

(b) Has the following characteristics:

(i) The certificate of formation and limited liability company require or set forth that the duration of the limited liability company is perpetual;

(ii) The bank or holding company is not otherwise subject to automatic termination, dissolution, or suspension upon the happening of some event other than the passage of time;

(iii) The exclusive authority to manage the bank, trust company, or holding company is vested in a board of managers or directors that:

(A) Is elected or appointed by the owners;

(B) Is not required to have owners of the bank, trust company, or holding company included on the board;

(C) Possesses adequate independence and authority to supervise the operation of the bank, trust company, or holding company; and

(D) Operates with substantially the same rights, powers, privileges, duties, and responsibilities as the board of directors of a corporation;

(iv) Neither state law, nor the bank's or holding company's operating agreement, bylaws, or other organizational documents provide that an owner of the bank or holding company is liable for the debts, liabilities, and obligations of the bank or holding company in excess of the amount of the owner's investment;

(v) Neither state law, nor the bank's or holding company's operating agreement, bylaws, or other organizational documents require the consent of any other owner of the bank or holding company in order for any owner to transfer an ownership interest in the bank or holding company, including voting rights;

(vi) The bank or holding company is able to obtain new investment funding if needed to maintain adequate capital;

(vii) The bank or holding company is able to comply with all legal and regulatory requirements for a federally insured depository bank or holding company of a federally insured depository bank, under applicable federal and state law; and

(viii) A bank or holding company that is organized as a limited liability company shall maintain the characteristics listed in this subsection (3)(b) during such time as it is authorized to conduct business under this title as a limited liability company.

(4)(a) All rights, privileges, powers, duties, and obligations of a bank or holding company, that is organized as a limited liability company, and its members and managers are
governed by the Washington limited liability company act, chapter 25.15 RCW, except:

(i) To the extent chapter 25.15 RCW is in conflict with federal law or regulation respecting the organization of a federally insured depository institution as a limited liability company, such federal law or regulation supersedes the conflicting provisions contained in chapter 25.15 RCW in relation to a bank or holding company organized as a limited liability company pursuant to this section; and

(ii) Without limitation, the following are inapplicable to a bank or holding company organized as a limited liability company:

(A) Permitting automatic dissolution or suspension of a limited liability company as set forth in RCW 25.15.265(1), pursuant to a statement of limited duration which, though impermissible under subsection (3)(b)(i) of this section, has been provided for in a certificate of formation;

(c) A bank or holding company may not by agreement or otherwise change the application of (a) of this subsection to the bank or holding company.

(5)(a) Notwithstanding any provision of chapter 25.15 RCW or this section to the contrary, all voting members remain liable and responsible as fiduciaries of a bank or holding company organized as a limited liability company, regardless of resignation, dissociation, or disqualification, to the same extent that directors of a bank or holding company organized as a corporation would be or remain liable or responsible to the department and applicable federal banking regulators; and

(b) If death, incapacity, or disqualification of all members of the limited liability company would result in a complete dissociation of all members, then the bank, holding company, or both, as applicable is deemed nonetheless to remain in existence for purposes of the department or an applicable federal regulator, or both, having standing under RCW 30A.44.270 or applicable federal law, or both, to exercise the powers and authorities of a receiver for the bank or holding company.

(a) On a nonresidential loan each payment is applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest must not be payable in advance nor compounded. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

Findings—Declarations—2009 c 120: "The legislature finds and declares that accessibility to credit is vital to the citizens of this state. The legislature declares that it is essential for the protection of citizens of this state and the stability of the state's economy that standards for licensing and regulation of the business practices of lenders be imposed. The legislature further finds that the activities of lenders and mortgage loan originators and the origination or offering of financing for residential real property have a direct, valuable, and immediate impact upon this state's consumers, this state's economy, the neighborhoods and communities of this state, and the housing and real estate industry. The legislature therefore declares that this act is necessary to encourage responsible lending in all credit transactions, to protect borrowers, and to preserve access to credit in the residential real estate lending market." [2009 c 120 § 1.]

(d) The street address, county, and municipality from which business is to be conducted; and

(e) Such other information as the director may require by rule.

(2) As part of or in connection with an application for any license under this section, or periodically upon license renewal, each officer, director, and owner applicant must furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, or any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business record; purposes; and other pertinent facts, as the director may reasonably require. As part of or in connection with an application for a license under this chapter, or periodically upon license renewal, the director is authorized to receive criminal history record information that includes nonconviction data as defined in RCW 10.97.030. The department may only disseminate nonconviction data obtained under this section to criminal justice agencies. This section does not apply to financial institutions regulated under chapters 31.12 and 31.13 RCW and Titles 30A, 32, and 33 RCW.

(3) At the time of filing an application for a license under this chapter, each applicant shall pay to the director or through the nationwide mortgage licensing system and registry an investigation fee and the license fee in an amount determined by rule of the director to be sufficient to cover the director’s costs in administering this chapter.

(4) Each applicant must file and maintain a surety bond, approved by the director, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety, whose liability as such surety must not exceed in the aggregate the penal sum of the bond. The penal sum of the bond must be a minimum of thirty thousand dollars and based on the annual dollar amount of loans originated or residential mortgage loans serviced. The bond must run to the state of Washington as obligee for the use and benefit of the state and of any person or persons who may have a cause of action against the obligor under this chapter. The bond must be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all the rules adopted under this chapter. The bond will pay to the state and any person or persons having a cause of action against the obligor all moneys that may become due and owing to the state and those persons under and by virtue of this chapter. The bond must be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. The cancellation is effective forty-five days after the notice is received by the director. In lieu of a surety bond, if the applicant is a Washington business corporation, the applicant may maintain unimpaired capital, surplus, and long-term subordinated debt in an amount that at any time its outstanding promissory notes or other evidences of debt (other than long-term subordinated debt) in an aggregate sum do not exceed three times the aggregate amount of its unimpaired capital, surplus, and long-term subordinated debt. The director may define qualifying "long-term subordinated debt" for purposes of this section.

Findings—Declaration—2009 c 120: See note following RCW 31.04.015.

31.04.075 Licensee—Place of business. The licensee may not maintain more than one place of business under the same license, but the director may issue more than one license to the same licensee upon application by the licensee in a form and manner established by the director.

Whenever a licensee wishes to change the place of business to a street address other than that reported in the nationwide mortgage licensing system and registry, the licensee must give prior written notice to the director, pay the fee, and
obtain the director's approval. [2015 c 229 § 23; 2001 c 81 § 6; 1994 c 92 § 164; 1991 c 208 § 8.]

31.04.093 Licensing—Applications—Regulation of licensees—Director’s duties and authority—Fines—Orders—Statute of limitations. (1) The director must enforce all laws and rules relating to the licensing and regulation of licensees and persons subject to this chapter.

(2) The director may deny applications for licenses for:

(a) Failure of the applicant to demonstrate within its application for a license that it meets the requirements for licensing in RCW 31.04.045 and 31.04.055;

(b) Violation of an order issued by the director under this chapter or another chapter administered by the director, including but not limited to cease and desist orders and temporary cease and desist orders;

(c) Revocation or suspension of a license to conduct lending or residential mortgage loan servicing, or to provide settlement services associated with lending or residential mortgage loan servicing, by this state, another state, or by the federal government within five years of the date of submittal of a complete application for a license; or

(d) Filing an incomplete application when that incomplete application has been filed with the department for sixty or more days, provided that the director has given notice to the licensee that the application is incomplete, informed the applicant why the application is incomplete, and allowed at least twenty days for the applicant to complete the application.

(3) The director may condition, suspend, or revoke a license issued under this chapter if the director finds that:

(a) The licensee has failed to pay any fee due the state of Washington, has failed to maintain in effect the bond or permitted substitute required under this chapter, or has failed to comply with any specific order or demand of the director lawfully made and directed to the licensee in accordance with this chapter;

(b) The licensee, either knowingly or without the exercise of due care, has violated any provision of this chapter or any rule adopted under this chapter;

(c) A fact or condition exists that, if it had existed at the time of the original application for the license, clearly would have allowed the director to deny the application for the original license; or

(d) The licensee failed to comply with any directive, order, or subpoena issued by the director under this chapter. The director may condition, revoke, or suspend only the particular license with respect to which grounds for conditioning, revocation, or suspension may occur or exist or the director may condition, revoke, or suspend all of the licenses issued to the licensee.

(4) The director may impose fines of up to one hundred dollars per day, per violation, upon the licensee, its employee or loan originator, or other person subject to this chapter for:

(a) Any violation of this chapter; or

(b) Failure to comply with any directive, order, or subpoena issued by the director under this chapter.

(5) The director may issue an order directing the licensee, its employee or loan originator, or other person subject to this chapter to:

(a) Cease and desist from conducting business in a manner that is injurious to the public or violates any provision of this chapter;

(b) Take such affirmative action as is necessary to comply with this chapter;

(c) Make a refund or restitution to a borrower or other person who is damaged as a result of a violation of this chapter;

(d) Refund all fees received through any violation of this chapter.

(6) The director may issue an order removing from office the director or any employee or loan originator of a licensee, or both, any officer, principal, employee or mortgage loan originator, or any person subject to this chapter for:

(a) False statements or omission of material information from an application for a license that, if known, would have allowed the director to deny the original application for a license;

(b) Conviction of a gross misdemeanor involving dishonesty or financial misconduct or a felony;

(c) Suspension or revocation of a license to engage in lending or residential mortgage loan servicing, or to perform settlement services related to lending or residential mortgage servicing, in this state or another state;

(d) Failure to comply with any order or subpoena issued under this chapter;

(e) A violation of RCW 31.04.027, 31.04.102, 31.04.155, or 31.04.221; or

(f) Failure to obtain a license for activity that requires a license.

(7) Except to the extent prohibited by another statute, the director may engage in informal settlement of complaints or enforcement actions including, but not limited to, payment to the department for purposes of financial literacy and education programs authorized under RCW 43.320.150. If any person subject to this chapter makes a payment to the department under this section, the person may not advertise such payment.

(8) Whenever the director determines that the public is likely to be substantially injured by delay in issuing a cease and desist order, the director may immediately issue a temporary cease and desist order. The order may direct the licensee to discontinue any violation of this chapter, to take such affirmative action as is necessary to comply with this chapter, and may include a summary suspension of the licensee's license and may order the licensee to immediately cease the conduct of business under this chapter. The order becomes effective at the time specified in the order. Every temporary cease and desist order must include a provision that a hearing will be held upon request to determine whether the order will become permanent. Such hearing must be held within fourteen days of receipt of a request for a hearing unless otherwise specified in chapter 34.05 RCW.

(9) A licensee may surrender a license by delivering to the director written notice of surrender, but the surrender does not affect the licensee's civil or criminal liability, if any, for acts committed before the surrender, including any administrative action initiated by the director to suspend or revoke a license, impose fines, compel the payment of restitution to borrowers or other persons, or exercise any other authority under this chapter. The statute of limitations on
actions not subject to RCW 4.16.160 that are brought under this chapter by the director is five years.

(10) The revocation, suspension, or surrender of a license does not impair or affect the obligation of a preexisting lawful contract between the licensee and a borrower.

(11) Every license issued under this chapter remains in force and effect until it has been surrendered, revoked, or suspended in accordance with this chapter. However, the director may on his or her own initiative reinstate suspended licenses or issue new licenses to a licensee whose license or licenses have been revoked if the director finds that the licensee meets all the requirements of this chapter.

(12) A license issued under this chapter expires upon the licensee’s failure to comply with the annual assessment requirements in RCW 31.04.085, and the rules. The department must provide notice of the expiration to the address of record provided by the licensee. On the 15th day after the department provides notice, if the assessment remains unpaid, the license expires. The licensee must receive notice prior to expiration and have the opportunity to stop the expiration as set forth in rule. [2015 c 229 § 24; 2014 c 36 § 6; 2013 c 29 § 5; 2012 c 17 § 4; 2010 c 35 § 6; 2001 c 81 § 8; 1994 c 92 § 166; 1991 c 208 § 10.]

31.04.102 Loans secured, or not secured, by lien on real property—Licensee’s obligations—Disclosure of fees and costs to borrower—Time limits. (1) For all loans made by a licensee that are not secured by a lien on real property, the licensee must make disclosures in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 1026, and all other applicable federal laws and regulations.

(2) For all loans made by a licensee that are secured by a lien on real property, the licensee must provide to each borrower within three business days following receipt of a loan application a written disclosure containing an itemized estimation of all fees and costs that the borrower is required to pay in connection with obtaining a loan from the licensee. A good faith estimate of a fee or cost must be provided if the exact amount of the fee or cost is not available when the disclosure is provided. Disclosure in a form which complies with the requirements of the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 1026, the real estate settlement procedures act and regulation X, 24 C.F.R. Part 1024, and all other applicable federal laws and regulations, as now or hereafter amended, constitutes compliance with this disclosure requirement. Each licensee must comply with all other applicable federal and state laws and regulations.

(3) In addition, for all loans made by the licensee that are secured by a lien on real property, the licensee must provide to the borrower an estimate of the annual percentage rate on the loan and a disclosure of whether or not the loan contains a prepayment penalty within three days of receipt of a loan application. The annual percentage rate must be calculated in compliance with the truth in lending act, 15 U.S.C. Sec. 1601 and regulation Z, 12 C.F.R. Part 1024. If a licensee provides the borrower with a disclosure in compliance with the requirements of the truth in lending act within three business days of receipt of a loan application, then the licensee has complied with this subsection. If the director determines that the federal government has required a disclosure that substantially meets the objectives of this subsection, then the director may make a determination by rule that compliance with this federal disclosure requirement constitutes compliance with this subsection.

(4) In addition for all consumer loans made by the licensee that are secured by a lien on real property, the licensee must comply with RCW 19.144.020. [2015 c 229 § 27; 2013 c 29 § 6; 2009 c 120 § 6; 2002 c 346 § 1; 2001 c 81 § 9.]

Findings—Declaration—2009 c 120: See note following RCW 31.04.015.

31.04.105 Licensee—Powers—Restrictions. Every licensee may:

(1) Lend money at a rate that does not exceed twenty-five percent per annum as determined by the simple interest method of calculating interest owed;

(2) In connection with the making of a loan, charge the borrower a nonrefundable, prepaid, loan origination fee not to exceed four percent of the first twenty thousand dollars and two percent thereafter of the principal amount of the loan advanced to or for the direct benefit of the borrower, which fee may be included in the principal balance of the loan;

(3) Agree with the borrower for the payment of fees to third parties other than the licensee who provide goods or services to the licensee in connection with the preparation of the borrower’s loan, including, but not limited to, credit reporting agencies, title companies, appraisers, structural and pest inspectors, and escrow companies, when such fees are actually paid by the licensee to a third party for such services or purposes and may include such fees in the amount of the loan. (a) The applicant has paid the required license fees;

(b) The applicant has met the requirements of this chapter;

(c) The applicant has never had a mortgage loan originator license revoked in any governmental jurisdiction, except that, for the purposes of this subsection, a subsequent formal adjudication of a violation of a mortgage licensing system rule would not disqualify the applicant from issuing a license.

(d) The applicant has not been convicted of a gross misdemeanor involving dishonesty or financial misconduct or has not been convicted of, or pleaded guilty or nolo contendere to, a felony in a domestic, foreign, or military court (i) during the seven-year period preceding the date of the application for licensing and registration; or (ii) at any time preceding the date of application, if the felony involved an act of fraud, dishonesty, breach of trust, or money laundering;

(i) The applicant has not been found to be in violation of this chapter or rules adopted under this chapter;

(j) The mortgage loan originator licensee has completed, during the calendar year preceding a licensee's annual license renewal date, continuing education as required by this chapter.

(2) If the director finds the conditions of this section have not been met, the director must not issue the mortgage loan originator license. The director must notify the applicant of the denial and return to the mortgage loan originator applicant any remaining portion of the license fee that exceeds the department's actual cost to investigate the license. [2015 c 229 § 33; 2009 c 120 § 18.]

Findings—Declaration—2009 c 120: See note following RCW 31.04.015.

(b) All amounts received by a servicer on a residential mortgage loan at the address where the borrower has been instructed to make payments must be accepted and credited, or treated as credited, within one business day of the date received, provided that the borrower has provided sufficient information to credit the account. If any payment is received and not credited, or treated as credited, the borrower must be notified of the disposition of the payment within ten business days by mail at the borrower's last known address. The notification must identify the reason the payment was not credited or treated as credited to the account, as well as any actions the borrower must take to make the residential mortgage loan current;

(c) Any servicer that exercises the authority to collect escrow amounts on a residential mortgage loan held for the borrower for payment of insurance, taxes, and other charges with respect to the property must collect and make all such payments from the escrow account and ensure that no late penalties are assessed or other negative consequences result for the borrower;
(d) The servicer must make reasonable attempts to comply with a borrower's request for information about the residential mortgage loan account and to respond to any dispute initiated by the borrower about the loan account. The servicer:

(i) Must maintain written or electronic records of each written request for information regarding a dispute or error involving the borrower's account until the residential mortgage loan is paid in full, sold, or otherwise satisfied; and

(ii) Must provide a written statement to the borrower within fifteen business days of receipt of a written request from the borrower. The borrower's request must include the name and account number, if any, of the borrower, a statement that the account is or may be in error, and sufficient detail regarding the information sought by the borrower to permit the servicer to comply. The request must include the name and account number, if any, of the borrower, a statement that the account is or may be in error, and provide sufficient detail to the servicer regarding information sought by the borrower. If requested by the borrower this statement must include:

(a) A copy of the original note, or if unavailable, an affidavit of lost note; and

(b) A statement that identifies and itemizes all fees and charges assessed under the loan transaction and provides a full payment history identifying in a clear and conspicuous manner all of the debits, credits, application of and disbursement of all payments received from or for the benefit of the borrower, and other activity on the residential mortgage loan including escrow account activity and suspense account activity, if any. The period of the account history must cover at a minimum the two-year period prior to the date of the receipt of the request for information. If the servicer has not serviced the residential mortgage loan for the entire two-year time period the servicer must provide the information going back to the date on which the servicer began servicing the home loan, and identify the previous servicer, if known. If the servicer claims that any delinquent or outstanding sums are owed on the home loan prior to the two-year period or the period during which the servicer has serviced the residential mortgage loan, the servicer must provide an account history beginning with the month that the servicer claims any outstanding sums are owed on the residential mortgage loan up to the date of the request for the information. The borrower may request annually one statement free of charge. [2015 c 229 § 35; 2013 c 29 § 10; 2010 c 35 § 9.]

(3) If a licensee's liquidity, operating reserves, or tangible net worth fall below the amount required under subsection (1) or (2) of this section, the director or the director's designee may initiate an action. [2015 c 229 § 25.]

The board may, for cause, suspend a member of the board or a member of the supervisory committee until a special membership meeting, called for that purpose, is held under RCW 31.12.195. The membership meeting must be held within ninety days after the suspension. The members attending the meeting shall vote whether to remove a suspended party. For purposes of this section, "cause" includes demonstrated financial irresponsibility, a breach of fiduciary duty to the credit union, or activities which, in the judgment of the board, threaten the safety and soundness of the credit union. [2015 c 114 § 4; 2013 c 34 § 5; 1997 c 397 § 21; 1984 c 31 § 30.]

31.12.326 Supervisory committee—Membership—Terms—Vacancies—Operating officers and employees may not serve. Members of the supervisory committee shall serve a term of three years, unless sooner removed under this chapter or until their successors are qualified and elected or appointed. The members of the supervisory committee shall be divided into classes so that as equal a number as is possible is elected each year.

(2) (a) If a supervisory committee member is absent from more than one-third of the committee meetings in any twelve-month period in a term without being reasonably excused by the committee, the member shall no longer serve as a member of the committee for the period remaining in the term.

(b) The supervisory committee shall promptly notify the member that he or she shall no longer serve as a committee member. Failure to provide notice does not affect the termination of the member's service under (a) of this subsection.

(3) A supervisory committee member must be a natural person and a member of the credit union. If a member of the supervisory committee ceases to be a member of the credit union, the member shall no longer serve as a committee member. The chairperson of the supervisory committee may not serve as a board officer.

(4) Except as provided in subsection (5) of this section, any vacancy on the committee must be filled by an interim member appointed by the committee, unless the interim member would serve a term of fewer than ninety days. Interim members appointed to fill vacancies created by expansion of the committee will serve until the next annual meeting of members. Other interim members may serve out the unexpired term of the former member, unless provided otherwise by the credit union's bylaws. However, if all positions on the committee are vacant at the same time, the board may appoint interim members to serve until the next annual membership meeting.

(5) In the case of a merger between two credit unions pursuant to RCW 31.12.461, a supervisory committee member of the merging credit union may continue to serve as a supervisory committee member of the continuing credit union for a period not to exceed the equivalent of the duration of his or her unexpired term on the supervisory committee of the merging credit union, provided that the approved plan of merger or other agreement approved by the director provides for such service on the continuing credit union's supervisory committee with a corresponding expansion in the size of the continuing credit union's supervisory committee.

(6) No operating officer or employee of a credit union may serve on the credit union's supervisory committee. No more than one director may be a member of the supervisory committee at the same time, unless provided otherwise by the credit union's bylaws. No member of the supervisory committee may serve on the credit committee or investment committee of the credit union while serving on the supervisory committee. The membership meeting must be held within ninety days after the suspension. The members participating in that meeting shall vote whether to remove the suspended person or persons.

(2) For purposes of this section, "cause" includes demonstrated financial irresponsibility, a breach of fiduciary duty to the credit union, or activities which, in the judgment of the supervisory committee, threaten the safety and soundness of the credit union. [2015 c 114 § 6; 1997 c 397 § 24; 1984 c 31 § 36.]

(2) Any suspension notice issued by the director is effective upon service and, unless the superior court of the county in which the primary place of business of the credit union is located issues a stay of the notice, remains in effect and enforceable until:

(a) The director dismisses the charges contained in the notice served on the person; or
(b) The effective date of a final order for removal of the person pursuant to administrative proceedings under RCW 31.12.625.

(3) With the suspension notice, the director shall serve a notice of intent to remove or prohibit under RCW 31.12.575.

(4) Within ten days after the person has been served with the suspension notice, the person may apply to the superior court of the county in which the primary place of business of the credit union is located for an injunction setting aside, limiting, or holding in abeyance the suspension notice pending the completion of the administrative proceedings under the notice issued under subsection (3) of this section.

(5) In the case of a violation or threatened violation of a suspension notice, the director may apply to the superior court of the county in which the primary place of business of the credit union is located for an injunction to enforce the notice, and the court shall issue an injunction if it determines that there has been a violation or threatened violation.

(6) For the purposes of this section, the principal place of business of a foreign or out-of-state credit union is Thurston county. [2015 c 114 § 8; 2010 c 87 § 17.]

However, a credit union:

(a) Must still comply with RCW 31.12.408; and
(b) Is not granted the field of membership powers or authorities of any out-of-state credit union operating a branch in Washington.

(3) The restrictions, limitations, and requirements applicable to specific powers or authorities of federal or out-of-state credit unions apply to credit unions exercising those powers or authorities permitted under this section but only insofar as the restrictions, limitations, and requirements relate to the specific exercise of the powers or authorities granted credit unions solely under this section.

(4) As used in this section, "powers and authorities" include, but are not limited to, powers and authorities in corporate governance matters. [2015 c 114 § 9; 2001 c 83 § 15; 1997 c 397 § 31. Prior: 1994 c 256 § 75; 1994 c 92 § 187; 1987 c 338 § 1; 1984 c 31 § 15. Formerly RCW 31.12.136.]

31.12.461 Mergers. (1) For purposes of this section, a "merging credit union" is a credit union whose charter ceases to exist upon merger with the continuing credit union, and a "continuing credit union" is a credit union whose charter continues upon merger with the merging credit union.

(2) A credit union may be merged with another credit union with the approval by the director of a plan of merger or in accordance with requirements the director may otherwise prescribe. The merger must be approved by a majority vote of the board of each credit union and a majority vote of those members of the merging credit union voting on the merger at a membership meeting. The requirement of approval by the members of the merging credit union may be waived by the director if the merging credit union is in imminent danger of insolvency.

(3) The property, rights, and interests of the merging credit union transfer to and vest in the continuing credit union without deed, endorsement, or instrument of transfer, although instruments of transfer may be used if their use is deemed appropriate. The debts and obligations of the merging credit union that are known or reasonably should be known are assumed by the continuing credit union.

(4) The continuing credit union shall cause to be published notice of merger once a week for three consecutive weeks in a newspaper of general circulation in the county in which the principal place of business of the merging credit union is located.

(5) The notice of merger must also inform creditors of the continuing credit union how to make a claim on the continuing credit union, and that if a claim is not made upon the continuing credit union within thirty days of the last date of publication, creditors' claims that are not known by the continuing credit union are thereafter barred.

(6) Except for claims filed as requested by the notice, or debts or obligations that are known or reasonably should be known by the continuing credit union, the debts and obligations of the merging credit union are discharged.

(7) Upon merger, the charter of the merging credit union ceases to exist.

(8) Mergers are effective after the thirty-day notice period to creditors and all regulatory waiting periods have expired, and upon filing of the credit union's articles of merger by the secretary of state, or a later date stated in the articles, in which no event may be later than ninety days after the articles are filed. (1) A credit union may merge or convert into a federal credit union as authorized by the federal credit union act. The merger or conversion must be approved by a majority vote of those credit union members voting at a membership meeting, unless the credit union prescribes in its bylaws a higher percentage approval vote than a simple majority.

(2) If the merger or conversion is approved by the members, a copy of the resolution certified by the secretary must be filed with the director within ten days of approval. The board may effect the merger or conversion upon terms agreed by the board and the federal regulator.

(3) A certified copy of the federal credit union charter or authorization issued by the federal regulator must be filed with the director and thereupon the credit union ceases to exist except for the purpose of winding up its affairs and prosecuting or defending any litigation by or against the credit union. For all other purposes, the credit union is merged or converted into a federal credit union and the credit union may execute, acknowledge, and deliver to the successor federal credit union the instruments of transfer, conveyance, and assignment that are necessary or desirable to complete the merger or conversion, and the property, tangible or intangible, and all rights, titles, and interests that are agreed to by the board and the federal regulator.

(4) Mergers and conversions are effective after all applicable regulatory waiting periods have expired and upon filing of the credit union's articles of merger or articles of conversion, as appropriate, by the secretary of state, or a later date stated in the articles, in which no event may be later than ninety days after the articles are filed.

(5) Procedures, similar to those contained in subsections (1) through (4) of this section, prescribed by the director must be followed when a credit union merges or converts into an out-of-state or foreign credit union, or other type of financial institution. [2015 c 114 § 13; 2001 c 83 § 22; 1997 c 397 § 41; 1994 c 92 § 221; 1984 c 31 § 72. Formerly RCW 31.12.705.]

(c) The interest rate charged by the credit union on loans made to members residing in this state does not exceed the maximum interest rate permitted in the state or jurisdiction in which the credit union is organized, or exceed the maximum interest rate that a credit union organized and operating under this chapter is permitted to charge on similar loans, whichever is lower;

(e) The credit union's share and deposit accounts are insured under the federal share insurance program or an equivalent share insurance program in compliance with RCW 31.12.408;

(i) The provisions concerning field of membership in this chapter and rules adopted by the director; and

(ii) Such other provisions of this chapter and rules adopted by the director, as determined by the director; and

(i) A treaty or agreement between the United States and the jurisdiction where the credit union is organized requires the director to permit the credit union to operate a branch in Washington; and

(ii) The director determines that the credit union has substantially the same characteristics as a credit union organized and operating under this chapter.

(2) The director shall deny an application filed under this section or, upon notice and an opportunity for hearing, suspend or revoke the approval of an application, if the director finds that the standards of organization, operation, and regulation of the applicant do not reasonably conform with the standards under this chapter. In considering the standards of organization, operation, and regulation of the applicant, the director may consider the laws of the state or foreign jurisdiction in which the applicant is organized. A decision under this subsection may be appealed under chapter 34.05 RCW.

(3) In implementing this section, the director may cooperate with credit union regulators in other states or jurisdictions and may share with the regulators the information received in the administration of this chapter.

(4) The director may enter into supervisory agreements with out-of-state and foreign credit unions and their regulators to prescribe the applicable laws governing the powers and authorities of Washington branches of the out-of-state or foreign credit unions. The agreements may address, but are not limited to, corporate governance and operational matters. The agreements may resolve any conflict of laws, and specify the manner in which the examination, supervision, and application processes must be coordinated with the regulators.

(6) A person, wherever domiciled and regardless of the location or mode of its business, may not designate itself as or use the term "credit union" to refer to itself in any communication for purpose of conducting credit union business with a resident of the state of Washington, unless such person is a credit union under this chapter, federal credit union, out-of-state credit union, or foreign credit union.

(7) The director may adopt rules for the periodic examination and investigation of the affairs of an out-of-state credit union or foreign credit union operating a branch in this state.

(8) The director shall make an examination and investigation of the affairs of an out-of-state credit union, or foreign credit union, that a less frequent examination schedule will require each credit union to conduct business in compliance with this chapter and may determine that a less frequent examination schedule will be in the best interests of the credit union.

(9) Nonfederally insured credit unions, nonfederally insured out-of-state credit unions, and nonfederally insured foreign credit unions operating in this state as permitted by RCW 31.12.408 and 31.12.471, as applicable, must comply with safety and soundness requirements established by the director.

(10) The director may charge fees to credit unions and other persons subject to examination and investigation under this chapter and chapter 31.13 RCW, and to other parties where the division contracts out its services, in order to cover the costs of the operation of the division of credit unions, and to establish a reasonable reserve for the division. The director may waive all or a portion of the fees. [2015 c 114 § 15; 2010 c 87 § 4; 2001 c 83 § 26; 1997 c 397 § 45; 1994 c 92 § 204; 1984 c 31 § 53.]

The director may issue and serve a credit union director, supervisory committee member, officer, or employee with written notice of intent to remove the person from office or employment or to prohibit the person from participating in the conduct of the affairs of the credit union or any other depository institution, trust company, bank holding company, thrift holding company, or financial holding company doing business in Washington state in accordance with RCW 31.12.625 whenever, in the opinion of the director:

(b) The report of an accountant, satisfactory to the director, who has made and submitted a report of the condition of the affairs of a credit union or an out-of-state, federal, or foreign credit union, or other financial institution. 31.12.595 Temporary cease and desist order—Notice—Principal place of business—Superior court. (1) If the director determines that the violation or practice specified in RCW 31.12.585 is likely to cause an unsafe or unsound condition at a credit union or a credit union service organization, or the public is likely to be substantially injured by delay in issuing a cease and desist order, the director may immediately issue and serve a temporary cease and desist order upon the credit union, credit union service organization, or other applicable person identified in RCW 31.12.545(3). The order may require the credit union, credit union service organization, or other applicable person under RCW 31.12.545(3), and its directors, supervisory committee members, officers, employees, and agents, to cease and desist from the violation or practice and may require them to take affirmative action to correct the conditions resulting from the violation or practice.

   (2) With the temporary order, the director shall serve a notice of charges and intent to issue a cease and desist order under RCW 31.12.585 in the matter.

   (3) The temporary order becomes effective upon service on the person and remains effective until completion of the administrative proceedings under the notice issued under subsection (2) of this section.

   (4) Within ten days after a person has been served with a temporary order, the credit union may apply to the superior court in the county of its principal place of business for an injunction setting aside, limiting, or suspending the order pending the completion of the administrative proceedings under the notice issued under subsection (2) of this section.

   (5) In the case of a violation or threatened violation of a temporary order, the director may apply to the superior court of the county of the principal place of business of the person for an injunction to enforce the order, and the court shall issue an injunction if it determines that there has been a violation or threatened violation.

   (6) For the purposes of this section, the principal place of business of a foreign or out-of-state credit union, out-of-state credit union service organization, or other out-of-state person under RCW 31.12.545(3) is Thurston county. 31.12.674 Director's orders—Notice to director of hearing—Hearing—Principal place of business—Superior court. (1) Within ten days after the director issues an order of involuntary liquidation of a credit union pursuant to RCW 31.12.664(2) or order appointing a receiver for a credit union pursuant to RCW 31.12.671, the credit union may serve a notice upon the director to appear at a hearing before the superior court of the county in which the principal place of business of the credit union is located and at a time to be fixed by the court, which may not be less than five or more than fifteen days from the date of the service of the notice. At the hearing, the credit union has the burden to show cause why the director's action ordering involuntary liquidation or appointing a receiver should not be affirmed.

   (2) The court shall summarily hear and dismiss the complaint if it finds that the order of involuntary liquidation or order appointing receiver was issued for cause. However, if the court finds that no cause existed for the order of involuntary liquidation or order appointing receiver, the court shall require the director to restore the credit union to possession of its assets and enjoin the director from involuntary liquidation of the credit union or further appointment of a receiver for the credit union without cause.

   (3) Failure of the credit union to serve notice of show cause hearing on the director as required under subsection (1) of this section bars a credit union from any judicial review of a director's order of involuntary liquidation under RCW 31.12.664(2) or of a director's appointment of receiver under RCW 31.12.671.

   (4) For the purposes of this section, the principal place of business of a foreign or out-of-state credit union is Thurston county. [2015 c 114 § 21; 2010 c 87 § 14; 1997 c 397 § 71.]

32.08.025 Limited liability company—Organization or conversion—Approval of director—Conditions—Application of chapter 25.15 RCW—Definitions. (Effective January 1, 2016.) (1) Notwithstanding any other provision of this title, if the conditions of this section are met, a savings bank, or a holding company of a savings bank, may be organized as, or convert to, a limited liability company under the Washington limited liability company act, chapter 25.15 RCW. As used in this section, "savings bank" includes an applicant to become a savings bank or holding company of a savings bank, and "holding company" means a holding company of a savings bank.

   (2)(a) Before a savings bank or holding company may organize as, or convert to, a limited liability company, the savings bank or holding company must obtain approval of the director.

[2015 RCW Supp—page 389]
(b)(i) To obtain approval under this section from the director, the savings bank or holding company must file a request for approval with the director at least ninety days before the day on which the savings bank or holding company becomes a limited liability company.

(ii) If the director does not disapprove the request for approval within ninety days from the day on which the director receives the request, the request is considered approved.

(iii) When taking action on a request for approval filed under this section, the director may:

(A) Approve the request;
(B) Approve the request subject to terms and conditions the director considers necessary; or
(C) Disapprove the request.

(3) To approve a request for approval, the director must find that the savings bank or holding company:

(a) Will operate in a safe and sound manner; and
(b) Has the following characteristics:

(i) The certificate of formation and limited liability company require or set forth that the duration of the limited liability company is perpetual;

(ii) The savings bank or holding company is not otherwise subject to automatic termination, dissolution, or suspension upon the happening of some event other than the passage of time;

(iii) The exclusive authority to manage the savings bank or holding company is vested in a board of managers or directors that:

(A) Is elected or appointed by the owners;

(B) Is not required to have owners of the savings bank or holding company included on the board;

(C) Possesses adequate independence and authority to supervise the operation of the savings bank or holding company; and

(D) Operates with substantially the same rights, powers, privileges, duties, and responsibilities as the board of directors of a corporation;

(iv) Neither state law, nor the savings bank's or holding company's operating agreement, bylaws, or other organizational documents provide that an owner of the savings bank or holding company is liable for the debts, liabilities, and obligations of the savings bank or holding company in excess of the amount of the owner's investment;

(v) Neither state law, nor the savings bank's or holding company's operating agreement, bylaws, or other organizational documents require the consent of any other owner of the savings bank or holding company in order for any owner to transfer an ownership interest in the savings bank or holding company, including voting rights;

(vi) The savings bank or holding company is able to obtain new investment funding if needed to maintain adequate capital;

(vii) The savings bank or holding company is able to comply with all legal and regulatory requirements for a federally insured depository bank, or holding company of a federally insured depository bank, under applicable federal and state law; and

(viii) A savings bank or holding company that is organized as a limited liability company shall maintain the characteristics listed in this subsection (3)(b) during such time as it is authorized to conduct business under this title as a limited liability company.

(4)(a) All rights, privileges, powers, duties, and obligations of a savings bank or holding company, that is organized as a limited liability company, and its members and managers are governed by the Washington limited liability company act, chapter 25.15 RCW, except:

(i) To the extent chapter 25.15 RCW is in conflict with federal law or regulation respecting the organization of a federally insured depository institution as a limited liability company, such federal law or regulation supersedes the conflicting provisions contained in chapter 25.15 RCW in relation to a savings bank or holding company organized as a limited liability company pursuant to this section; and

(ii) Without limitation, the following are inapplicable to a savings bank or holding company organized as a limited liability company:

(A) Permitting automatic dissolution or suspension of a limited liability company as set forth in RCW 25.15.265(1), pursuant to a statement of limited duration which, though impermissible under subsection (3)(b)(i) of this section, has been provided for in a certificate of formation;

(B) Permitting automatic dissolution or suspension of a limited liability company, pursuant to the limited liability company agreement, as set forth in RCW 25.15.265(2);

(C) Permitting dissolution of the limited liability company agreement based upon agreement of all the members, as set forth in RCW 25.15.265(3);

(D) Permitting dissociation of all the members of the limited liability company, as set forth in RCW 25.15.265(4); and

(E) Permitting automatic dissolution or suspension of a limited liability company, pursuant to operation of law, as otherwise set forth in chapter 25.15 RCW.

(b) Notwithstanding (a) of this subsection:

(i) For purposes of transferring a member's interests in the savings bank or holding company, a member's interest in the savings bank or holding company is treated like a share of stock in a corporation; and

(ii) If a member's interest in the savings bank or holding company is transferred voluntarily or involuntarily to another person, the person who receives the member's interest obtains the member's entire rights associated with the member's interest in the savings bank or holding company including all economic rights and all voting rights.

(c) A savings bank or holding company may not by agreement or otherwise change the application of (a) of this subsection to the savings bank or holding company.

(5)(a) Notwithstanding any provision of chapter 25.15 RCW or this section to the contrary, all voting members remain liable and responsible as fiduciaries of a savings bank or holding company organized as a limited liability company, regardless of resignation, dissociation, or disqualification, to the same extent that directors of a savings bank or holding company organized as a corporation would be or remain liable or responsible to the department and applicable federal banking regulators; and

(b) If death, incapacity, or disqualification of all members of the limited liability company would result in a complete dissociation of all members, then the savings bank or holding company, or both, as applicable is deemed nonethe-
less to remain in existence for purposes of the department or an applicable federal regulator, or both, having standing under RCW 32.24.090 or applicable federal law, or both, to exercise the powers and authorities of a receiver for the savings bank or holding company.

(6) For the purposes of this section, and unless the context clearly requires otherwise, for the purpose of applying chapter 25.15 RCW to a savings bank or holding company organized as a limited liability company:

(a) "Articles of incorporation" includes a limited liability company's certificate of formation, as that term is used in RCW 25.15.006 and 25.15.071, and a limited liability company agreement as that term is used in RCW 25.15.006;

#### CONSOLIDATION AND ANNEXATION OF CITIES AND TOWNS

**Sections**

35.10.410  **Consolidation—Submission of ballot proposal—Initiation by resolution of legislative body.** The submission of a ballot proposal to the voters of two or more contiguous cities for the consolidation of these contiguous cities may be caused by the adoption of a joint resolution, by a majority vote of each city legislative body, seeking consolidation of such contiguous cities. The joint resolution shall provide for submission of the question to the voters at the next general municipal election, if one is to be held more than ninety days but not more than one hundred eighty days after the passage of the joint resolution, or shall call for a special election to be held for that purpose at the next special election date, as specified in RCW 29A.04.330, that occurs ninety or more days after the passage of the joint resolution. The legislative bodies of the cities also shall notify the county legislative authority of each county in which the cities are located of the proposed consolidation. 35.10.420  **Consolidation—Submission of ballot proposal—Initiation by petition.** The submission of a ballot proposal to the voters of two or more contiguous cities for the consolidation of these contiguous cities may also be caused by the filing of a petition with the legislative body of each such city, signed by the voters of each city in number equal to not less than ten percent of voters who voted in the city at the last general municipal election therein, seeking consolidation of such contiguous cities. A copy of the petition shall be forwarded immediately by each city to the auditor of the county or counties within which that city is located.

The county auditor or auditors shall determine the sufficiency of the signatures in each petition within ten days of receipt of the copies and immediately notify the cities proposed to be consolidated of the sufficiency. If each of the petitions is found to have sufficient valid signatures, the auditor or auditors shall call a special election at which the question of whether such cities shall consolidate shall be submit-
ted to the voters of each of such cities. If a general election is to be held more than ninety days but not more than one hundred eighty days after the filing of the last petition, the question shall be submitted at that election. Otherwise the question shall be submitted at a special election to be called for that purpose at the next special election date, as specified in RCW 29A.04.330, that occurs ninety or more days after the date when the last petition was filed.

If each of the petitions is found to have sufficient valid signatures, the auditor or auditors also shall notify the county legislative authority of each county in which the cities are located of the proposed consolidation.

Petitions shall conform with the requirements for form prescribed in RCW 35A.01.040, except different colored paper may be used on petitions circulated in the different cities. 35.13A.120 Assumption resolution or ordinance—Effective date.

35.13A.115 Assumption resolution or ordinance—
Referendum. (1) Except as provided otherwise by subsection (4) of this section, a resolution or ordinance adopted by the legislative body of a city to assume jurisdiction of all or part of a water-sewer district under this chapter is subject to a referendum. Any referendum petition to repeal the assumption resolution or ordinance must be filed with the county auditor within ten days of passage of the resolution or ordinance. Within ten days of the filing of a petition, the county auditor must confer with the petitioner concerning the form and style of the petition and issue a petition identification number. The ballot title must be prepared by the applicable city attorney in accordance with this section and RCW 29A.36.071, and the question posed to the voters must be written so that an affirmative answer to the question and a majority affirmative vote on the measure results in approval of the proposed assumption, and a negative answer to the question and a majority negative vote on the measure results in the assumption being barred. The petitioner must be notified of the identification number and ballot title within this ten-day period. After this notification, the petitioner has forty-five days in which to secure on petition forms the signatures of at least ten percent of the number of voters residing in the part of the water-sewer district subject to the assumption resolution or ordinance who voted in the most recent general election, and file the signed petitions with the county auditor. The petition form must contain the ballot title and full text of the measure to be referred. The county auditor must verify the sufficiency of the signatures on the petitions.

(2) If sufficient valid signatures on the petitions are properly submitted, the county auditor must submit the referendum measure to the registered voters residing in the part of the water-sewer district subject to the assumption resolution or ordinance in a general or special election no later than one hundred twenty days after the signed petition has been filed with the county auditor. Elections must be conducted in accordance with general election law, and the cost of the election must be borne by the city seeking approval to assume jurisdiction of all or part of the water-sewer district.

(3) When a referendum petition is filed with the county auditor, the assumption resolution or ordinance sought to be referred to the voters, and any proceedings before a boundary review board under chapter 36.93 RCW, are suspended from taking effect. Such suspension terminates when: (a) There is a final determination of insufficiency or untimeliness of the referendum petition; or (b) the assumption resolution or ordinance so referred is approved by the voters at a referendum election.

(4) If a city legislative authority assumes jurisdiction of all or part of a water-sewer district through a contract with a water-sewer district, or through an interlocal agreement with a water-sewer district under chapter 39.34 RCW, the provisions of this section do not apply. [2015 c 172 § 1.]

35.13A.120 Assumption resolution or ordinance—
Effective date. A resolution or ordinance adopted by a city in accordance with this chapter to assume jurisdiction of all or part of a district may not take effect until ninety or more days after its adoption. [2015 c 172 § 2.]

The expenses paid by the city or town may include costs associated with an appeal of the decision rendered by the superior court concerning the sufficiency of the recall charge. 35.21.779 Fire protection services for state-owned facilities—Contracts with the department of commerce—Consolidation of negotiations with multiple state agencies—Arbitration. (1) In cities or towns where the estimated value of state-owned facilities constitutes ten percent or more of the total assessed valuation, the state agency or institution owning the facilities shall contract with the city or town to pay an equitable share for fire protection services. The contract shall be negotiated as provided in subsections (2) through (6) of this section and shall provide for payment by the agency or institution to the city or town.

(2) A city or town seeking to enter into fire protection contract negotiations shall provide written notification to the department of commerce and the state agencies or institutions that own property within the jurisdiction, of its intent to contract for fire protection services. Where there are multiple
state agencies located within a single jurisdiction, a city may choose to notify only the department of commerce, which in turn shall notify the agencies or institution that own property within the jurisdiction of the city's intent to contract for fire protection services. Any such notification shall be based on the valuation procedures, based on commonly accepted standards, adopted by the department of commerce in consultation with the department of enterprise services and the association of Washington cities.

(3) The department of commerce shall review any such notification to ensure that the valuation procedures and results are accurate. The department will notify each affected city or town and state agency or institution of the results of their review within thirty days of receipt of notification.

(4) The parties negotiating fire protection contracts under this section shall conduct those negotiations in good faith. Whenever there are multiple state agencies located within a single jurisdiction, every effort shall be made by the state to consolidate negotiations on behalf of all affected agencies.

(5) In the event of notification by one of the parties that an agreement cannot be reached on the terms and conditions of a fire protection contract, the director of the department of commerce shall mediate a resolution of the disagreement. In the event of a continued impasse, the director of the department of commerce shall recommend a resolution.

(6) If the parties reject the recommendation of the director and an impasse continues, the director shall direct the parties to arbitration. The parties shall agree on a neutral arbitrator, and the fees and expenses of the arbitrator shall be shared equally between the parties. The arbitration shall be a final offer, total arbitration, with the arbitrator empowered only to pick the final offer of one of the parties or the recommended resolution by the director of the department of commerce. The decision of the arbitrator shall be final, binding, and non-appealable on the parties.

(7) The provisions of this section shall not apply if a city or town and a state agency or institution have contracted pursuant to RCW 35.21.775.

Cities and towns not meeting the conditions of subsection (1) of this section may enter into contracts pursuant to RCW 35.21.775. [2015 c 225 § 29; 1995 c 399 § 39; 1992 c 117 § 6.]

35.21.935 Warrant officers—Training requirements—Authority. (1) Any fire department may develop a community assistance referral and education services program to provide community outreach and assistance to residents of its jurisdiction in order to improve population health and advance injury and illness prevention within its community. The program should identify members of the community who use the 911 system or emergency department for low acuity assistance calls (calls that are nonemergency or nonurgent) and connect them to their primary care providers, other health care professionals, low-cost medication programs, and other social services. The program may partner with hospitals to reduce readmissions. The program may also provide nonemergency contact information in order to provide an alternative resource to the 911 system. The program may hire or contract with health care professionals as needed to provide these services, including emergency medical technicians certified under chapter 18.73 RCW and advanced emergency medical technicians and paramedics certified under chapter 18.71 RCW. The services provided by emergency medical technicians, advanced emergency medical technicians, and paramedics must be under the responsible supervision and direction of an approved medical program director. Nothing in this section authorizes an emergency medical technician, advanced emergency medical technician, or paramedic to perform medical procedures they are not trained and certified to perform.

(2) A participating fire department may seek grant opportunities and private gifts in order to support its community assistance referral and education services program.

(3) In developing a community assistance referral and education services program, a fire department may consult with the health workforce council to identify health care professionals capable of working in a nontraditional setting and providing assistance, referral, and education services.

(4) Community assistance referral and education services programs implemented under this section must, at least annually, measure any reduction of repeated use of the 911 emergency system and any reduction in avoidable emergency room trips attributable to implementation of the program. Results of findings under this subsection must be reportable to the legislature or other local governments upon request. Findings should include estimated amounts of medicaid dollars that would have been spent on emergency room visits had the program not been in existence.

(5) For purposes of this section, "fire department" includes city and town fire departments, fire protection districts organized under Title 52 RCW, regional fire protection service authorities organized under chapter 52.26 RCW, providers of emergency medical services that levy a tax under RCW 84.52.069, and federally recognized Indian tribes. 35.21.935 Warrant officers—Training requirements—Authority. (1) Any city or town may establish the position of warrant officer.

(2) If any city or town establishes the position of warrant officer, the position shall be maintained by the city or town within the city or town police department. The number and qualifications of warrant officers shall be fixed by ordinance and their compensation shall be paid by the city or town. The chief of police of the city or town must establish training requirements consistent with the job description of warrant officer established in that city or town. Training requirements must be approved by the criminal justice training commission.

(3) Warrant officers shall be vested only with the special authority identified in ordinance, which may include the...
authority to make arrests authorized by warrants and other authority related to service of civil and criminal process.

(4) Process issuing from any court that is directed to a police department in which a warrant officer position is maintained may be served or enforced by the warrant officer, if within the warrant officer's authority as identified in ordinance.

(5) Warrant officers shall not be entitled to death, disability, or retirement benefits pursuant to chapter 41.26 RCW on the basis of service as a warrant officer as described in this section. [2015 c 288 § 1.]

35.21.940 Failing septic systems—Connection to public sewer systems—Appeals process. (1) A city with an ordinance or resolution requiring, upon the failure of an on-site septic system, connection to a public sewer system must, in accordance with this section, provide an administrative appeals process to consider denials of permit applications to repair or replace the septic system. The administrative appeals process required by this section applies only to requests to repair or replace existing, failing on-site septic systems that:

(a) Were made for a single-family residence by its owner or owners;

(b) Were denied solely because of a law, regulation, or ordinance requiring connection to a public sewer system; and

(c) Absent the applicable law, regulation, or ordinance requiring connection to a public sewer system upon which the denial was based, would be approved.

(2) If the city has an administrative appeals process, the city may, subject to the requirements of this section, use that process. The administrative appeals process required by this section, however, must be presided over by the legislative body of the city or by an administrative hearings officer.

(3) The administrative appeals process required by this section must, at a minimum, consider whether:

(a) It is cost-prohibitive to require the property owner to connect to the public sewer system. In complying with this subsection (3)(a), the city must consider the estimated cost to repair or replace the on-site septic system compared to the estimated cost to connect to the public sewer system;

(b) There are public health or environmental considerations related to allowing the property owner to repair or replace the on-site septic system. In complying with this subsection (3)(b), the city must consider whether the repaired or replaced on-site septic system contributes to the pollution of surface waters or groundwater;

(c) There are public sewer system performance or financing considerations related to allowing the property owner to repair or replace the on-site septic system; and

In its discretion the council of a secondclass city may divide the city by ordinance, into a convenient number of wards, not exceeding six, fix the boundaries of the wards, and change the ward boundaries from time to time and as provided in RCW 29A.76.010. No change in the boundaries of any ward shall be made within one hundred twenty days next before the date of a general municipal election, nor within twenty months after the wards have been established or altered. However, if a boundary change results in one ward being represented by more councilmembers than the number
to which it is entitled, those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the councilmembers so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of determining whether those positions are vacant.

Whenever such city is so divided into wards, the city council shall designate by ordinance the number of councilmembers to be elected from each ward, apportioning the same in proportion to the population of the wards. Thereafter the councilmembers so designated shall be elected by the voters resident in such ward, or by general vote of the whole city as may be designated in such ordinance. Council position seven shall not be associated with a ward and the person elected to that position may reside anywhere in the city and voters throughout the city may vote at a primary to nominate candidates for position seven, when a primary is necessary, and at a general election to elect the person to council position seven. Additional territory that is added to the city shall, by act of the council, be annexed to contiguous wards without affecting the right to redistrict at the expiration of twenty months after last previous division. The removal of a councilmember from the ward for which he or she was elected shall create a vacancy in such office.

Wards shall be redrawn as provided in chapter 29A.76 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a councilmember of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a councilmember of the ward. Voters of the entire city may vote at the general election to elect a councilmember of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. The elections for the remaining council position or council positions that are not associated with a ward shall be conducted as if the wards did not exist.

No change in the boundaries of wards shall affect the term of any councilmember, and councilmembers shall serve out their terms in the wards of their residences at the time of their elections. Reimbursement may only occur when a property is developed or redeveloped in a manner requiring connection to or use of the water or sewer facilities, or when a property is requesting connection to or use of the water or sewer facilities. The reimbursement assessment may be no greater than a property's pro rata share of costs associated with construction of the water or sewer facilities required to meet utility service and fire suppression standards. The municipality must determine the reimbursement share of each property owner by using a method of cost apportionment that is based on the benefit to the property owner from the project and that is consistent with the method used to determine the cost and reimbursement shares under RCW 35.91.020(1) (a) and (b). In the event that the first election of all officers is to be held at a special election rather than at a general election, and notwithstanding any provisions of any other law to the contrary, such special election shall be preceded by a primary election to be held on a date authorized by RCW 29A.04.321, and the persons nominated at that primary election shall be voted upon at the next succeeding special election that is authorized by RCW 29A.04.321: PROVIDED, That in the event the ordinances calling for reclassification or reclassification and reorganization under the provisions of Title 35A RCW have been filed with the secretary of state pursuant to RCW 35A.02.040 in an even-numbered year at least ninety days prior to a state general election then the election of new officers shall be concurrent with the state primary and general election and shall be conducted as set forth in general election law.

The newly elected officials shall take office immediately when they are elected and qualified, but the length of their terms of office shall be calculated from the first day of January in the year following the election. Thereafter, each person elected as a councilmember or mayor in a city with a mayor-council plan of government shall be elected to a four-year term of office. 35A.12.180  Optional division of city into wards. At any time not within three months previous to a municipal general election the council of a noncharter code city organized under this chapter may divide the city into wards or change the boundaries of existing wards. No change in the boundaries of wards shall affect the term of any council member, and council members shall serve out their terms in the wards of their residences at the time of their elections: PROVIDED, That if this results in one ward being represented by more council members than the number to which it is entitled those having the shortest unexpired terms shall be assigned by the council to wards where there is a vacancy, and the council members so assigned shall be deemed to be residents of the wards to which they are assigned for purposes of those positions being vacant. The representation of each ward in the city council shall be in proportion to the population as nearly as is practicable.

Wards shall be redrawn as provided in chapter 29A.76 RCW. Wards shall be used as follows: (1) Only a resident of the ward may be a candidate for, or hold office as, a council member of the ward; and (2) only voters of the ward may vote at a primary to nominate candidates for a council member of the ward. Voters of the entire city may vote at the general election to elect a council member of a ward, unless the city had prior to January 1, 1994, limited the voting in the general election for any or all council positions to only voters residing within the ward associated with the council positions. If a city had so limited the voting in the general election to only voters residing within the ward, then the city shall be authorized to continue to do so. (1) Approval of the proposal as submitted.
(2) Subject to RCW 35.02.170, modification of the proposal by adjusting boundaries to include or exclude territory; except that any such inclusion of territory shall not increase the total area of territory proposed for annexation by an amount exceeding the original proposal by more than five percent: PROVIDED, That the county annexation review board shall not adjust boundaries to include territory not included in the original proposal without first affording to residents and property owners of the area affected by such adjustment of boundaries an opportunity to be heard as to the proposal.
(3) Disapproval of the proposal.

The written decision of the county annexation review board shall be filed with the board of county commissioners and with the legislative body of the city concerned. in accordance with this section, provide an administrative appeals process to consider denials of permit applications to repair or replace the septic system. The administrative appeals process required by this section applies only to requests to repair or replace existing, failing on-site septic systems that:

(a) Were made for a single-family residence by its owner or owners;

(b) Were denied solely because of a law, regulation, or ordinance requiring connection to a public sewer system; and

(c) Absent the applicable law, regulation, or ordinance requiring connection to a public sewer system upon which the denial was based, would be approved.

(2) If the city has an administrative appeals process, the city may, subject to the requirements of this section, use that process. The administrative appeals process required by this section, however, must be presided over by the legislative body of the city or by an administrative hearings officer.

(3) The administrative appeals process required by this section must, at a minimum, consider whether:

(a) It is cost-prohibitive to require the property owner to connect to the public sewer system. In complying with this subsection (3)(a), the city must consider the estimated cost to repair or replace the on-site septic system compared to the estimated cost to connect to the public sewer system;

(b) There are public health or environmental considerations related to allowing the property owner to repair or replace the on-site septic system. In complying with this subsection (3)(b), the city must consider whether the repaired or replaced on-site septic system contributes to the pollution of surface waters or groundwater;

(c) There are public sewer system performance or financing considerations related to allowing the property owner to repair or replace the on-site septic system; and

(d) There are financial assistance programs or latecomer agreements offered by the city or state that may impact a decision of the property owner to repair or replace the on-site septic system.

(4) If the city, following the appeals process required by this section, determines that the property owner must connect the residence to the public sewer system, the property owner may, in complying with the determination and subject to approval of appropriate permits, select and hire contractors at his or her own expense to perform the work necessary to connect the residence to the public sewer system.

(5) Unless otherwise required by law, a city determination requiring the owner of a single-family residence with a failing on-site septic system to connect a residence to a public sewer system is not subject to appeal.

(6) For purposes of this section, "city" means a "code city" as defined in RCW 35A.01.035. [2015 c 297 § 2.]

PUBLIC TRANSPORTATION BENEFIT AREAS

36.57A.222 Passenger-only ferry service districts—Authorized—Investment plan—Dissolution.
36.57A.224 Passenger-only ferry service districts—Revenue.
36.57A.226 Passenger-only ferry service districts—Issuance of bonds.

36.57A.222 Passenger-only ferry service districts—Authorized—Investment plan—Dissolution. (1) A governing body of a public transportation benefit area, located in a county that only borders the western side of Puget Sound with a population of more than two hundred thousand and contains one or more Washington state ferries terminals, may establish one or more passenger-only ferry service districts within all or a portion of the boundaries of the public transportation benefit area establishing the passenger-only ferry service district. A passenger-only ferry service district may include all or a portion of a city or town as long as all or a portion of the city or town boundaries are within the boundaries of the establishing public transportation benefit area. The members of the public transportation benefit area governing body proposing to establish the passenger-only ferry service district, acting ex officio and independently, constitutes the governing body of the passenger-only ferry service district.

(2) A passenger-only ferry service district may establish, finance, and provide passenger-only ferry service, and associated services to support and augment passenger-only ferry service operation, within its boundaries in the same manner as authorized for public transportation benefit areas under this chapter.

(3) A passenger-only ferry service district constitutes a body corporate and possesses all the usual powers of a corporation for public purposes as well as all other powers that may be conferred by statute including, but not limited to, the authority to hire employees, staff, and services, to enter into contracts, to acquire, hold, and dispose of real and personal property, and to sue and be sued. Public works contract limits applicable to the public transportation benefit area that established the passenger-only ferry service district apply to the district. For purposes of this section, "passenger-only ferry service district" means a quasi-municipal corporation and independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, created by the legislative body of a public transportation benefit area.

(4) Before a passenger-only ferry service district may provide passenger-only ferry service, it must develop a passenger-only ferry investment plan, including elements: To operate or contract for the operation of passenger-only ferry services; to purchase, lease, or rent ferry vessels and dock facilities for the provision of transit service; and to identify other activities necessary to implement the plan. The plan must set forth terminal locations to be served, projected costs of providing services, and revenues to be generated from tolls, locally collected tax revenues, and other revenue sources. The plan must ensure that services provided under the plan are for the benefit of the residents of the passenger-only ferry service district. The passenger-only ferry service district may use any of its powers to carry out this purpose, unless otherwise prohibited by law. In addition, the passenger-only ferry service district may enter into: Contracts and agreements to operate passenger-only ferry service; public-private partnerships; and design-build, general contractor/construction management, or other alternative procurement processes substantially consistent with chapter 39.10 RCW.

(5) A passenger-only ferry service district may be dissolved by a majority vote of the governing body when all obligations under any general obligation bonds issued by the passenger-only ferry service district have been discharged and any other contractual obligations of the passenger-only ferry service district have either been discharged or assumed by another governmental entity. [2015 3rd sp.s. c 44 § 313.]

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

36.57A.224 Passenger-only ferry service districts—Revenue. (1) A passenger-only ferry service district may, as part of a passenger-only ferry investment plan, recommend some or all of the following revenue sources as provided in this chapter:

(a) A sales and use tax, as authorized in RCW 82.14.445;
(b) A parking tax, as authorized in RCW 82.80.035;
(c) Tolls for passengers, packages, and, where applicable, parking; and
(d) Charges or licensing fees for advertising, leasing space for services to ferry passengers, and other revenue generating activities.

(2) Taxes may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the passenger-only ferry service district voting on a single ballot proposition to both approve a passenger-only ferry investment plan and to approve taxes to implement the plan. Revenues from these taxes and fees may be used only to implement the plan and must be used for the benefit of the residents
of the passenger-only ferry service district. A district must contract with the department of revenue for the administration and collection of a sales and use tax as authorized in RCW 82.14.445. A district may contract with other appropriate entities for the administration and collection of any of the other taxes or charges authorized in this section. [2015 3rd sp.s. c 44 § 314.]

Effective date—2015 3rd sp.s. c 44: See note following RCW 46.68.395.

36.57A.226 Passenger-only ferry service districts—Issuance of bonds. (1) To carry out the purposes of this chapter, a passenger-only ferry service district may issue general obligation bonds, not to exceed an amount, together with any other outstanding nonvoter-approved general obligation indebtedness, equal to one and one-half percent of the value of the taxable property within the area, as the term "value of the taxable property" is defined in RCW 39.36.015. A passenger-only ferry service district may also issue general obligation bonds for capital purposes only, together with any outstanding general obligation indebtedness, not to exceed an amount equal to five percent of the value of the taxable property within the area, as the term "value of the taxable property" is defined in RCW 39.36.015, when authorized by the voters of the area pursuant to Article VIII, section 6 of the state Constitution.

(2) General obligation bonds with a maturity in excess of twenty-five years may not be issued. The governing body of the passenger-only ferry service district must by resolution determine for each general obligation bond issue the amount, date, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, covenants, and form, including registration as to principal and interest, registration as to principal only, or bearer. Registration may include, but not be limited to: (a) A book entry system of recording the ownership of a bond whether or not physical bonds are issued, or (b) recording the ownership of a bond together with the requirement that the transfer of ownership may only be effected by the surrender of the old bond and either the reissuance of the old bond or the issuance of a new bond to the new owner. Facsimile signatures may be used on the bonds and any coupons. Refunding general obligation bonds may be issued in the same manner as general obligation bonds are issued.

(3) Whenever general obligation bonds are issued to fund specific projects or enterprises that generate revenues, charges, user fees, or special assessments, the passenger-only ferry service district may specifically pledge all or a portion of the revenues, charges, user fees, or special assessments to refund the general obligation bonds. The passenger-only ferry service district may also pledge any other revenues that may be available to the district.

(4) In addition to general obligation bonds, a passenger-only ferry service district may issue revenue bonds to be issued and sold in accordance with chapter 39.46 RCW. [2015 3rd sp.s. c 44 § 317.]

36.70A.070 Comprehensive plans—Mandatory elements. (Effective September 1, 2016.) The comprehensive plan of a county or city that is required or chooses to plan under RCW 36.70A.040 shall consist of a map or maps, and descriptive text covering objectives, principles, and standards used to develop the comprehensive plan. The plan shall be an internally consistent document and all elements shall be consistent with the future land use map. A comprehensive plan shall be adopted and amended with public participation as provided in RCW 36.70A.140. Each comprehensive plan shall include a plan, scheme, or design for each of the following:

(1) A land use element designating the proposed general distribution and general location and extent of the uses of land, where appropriate, for agriculture, timber production, housing, commerce, industry, recreation, open spaces, general aviation airports, public utilities, public facilities, and other land uses. The land use element shall include population densities, building intensities, and estimates of future population growth. The land use element shall provide for protection of the quality and quantity of groundwater used for public water supplies. Wherever possible, the land use element should consider utilizing urban planning approaches that promote physical activity. Where applicable, the land use element shall review drainage, flooding, and storm water runoff in the area and nearby jurisdictions and provide guidance for corrective actions to mitigate or cleanse those discharges that pollute waters of the state, including Puget Sound or waters entering Puget Sound.

(2) A housing element ensuring the vitality and character of established residential neighborhoods that: (a) Includes an inventory and analysis of existing and projected housing needs that identifies the number of housing units necessary to manage projected growth; (b) includes a statement of goals, policies, objectives, and mandatory provisions for the preservation, improvement, and development of housing, including single-family residences; (c) identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities; and (d) makes adequate provisions for existing and projected needs of all economic segments of the community.

(3) A capital facilities plan element consisting of: (a) An inventory of existing capital facilities owned by public entities, showing the locations and capacities of the capital facilities; (b) a forecast of the future needs for such capital facilities; (c) the proposed locations and capacities of expanded or new capital facilities; (d) at least a six-year plan that will finance such capital facilities within projected funding capacities and clearly identifies sources of public money for such purposes; and (e) a requirement to reassess the land use ele-

ment if probable funding falls short of meeting existing needs and to ensure that the land use element, capital facilities plan element, and financing plan within the capital facilities plan element are coordinated and consistent. Park and recreation facilities shall be included in the capital facilities plan element.

(4) A utilities element consisting of the general location, proposed location, and capacity of all existing and proposed utilities, including, but not limited to, electrical lines, telecommunication lines, and natural gas lines.

(5) Rural element. Counties shall include a rural element including lands that are not designated for urban growth, agriculture, forest, or mineral resources. The following provisions shall apply to the rural element:

(a) Growth management act goals and local circumstances. Because circumstances vary from county to county, in establishing patterns of rural densities and uses, a county may consider local circumstances, but shall develop a written record explaining how the rural element harmonizes the planning goals in RCW 36.70A.020 and meets the requirements of this chapter.

(b) Rural development. The rural element shall permit rural development, forestry, and agriculture in rural areas. The rural element shall provide for a variety of rural densities, uses, essential public facilities, and rural governmental services needed to serve the permitted densities and uses. To achieve a variety of rural densities and uses, counties may provide for clustering, density transfer, design guidelines, conservation easements, and other innovative techniques that will accommodate appropriate rural densities and uses that are not characterized by urban growth and that are consistent with rural character.

(c) Measures governing rural development. The rural element shall include measures that apply to rural development and protect the rural character of the area, as established by the county, by:

(i) Containing or otherwise controlling rural development;

(ii) Assuring visual compatibility of rural development with the surrounding rural area;

(iii) Reducing the inappropriate conversion of undeveloped land into sprawling, low-density development in the rural area;

(iv) Protecting critical areas, as provided in RCW 36.70A.060, and surface water and groundwater resources; and

(v) Protecting against conflicts with the use of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170.

(d) Limited areas of more intensive rural development. Subject to the requirements of this subsection and except as otherwise specified in this subsection (5)(d), the rural element may allow for limited areas of more intensive rural development, including necessary public facilities and public services to serve the limited area as follows:

(i) Rural development consisting of the infill, development, or redevelopment of existing commercial, industrial, residential, or mixed-use areas, whether characterized as shoreline development, villages, hamlets, rural activity centers, or crossroads developments.

(A) A commercial, industrial, residential, shoreline, or mixed-use area are subject to the requirements of (d)(iv) of this subsection, but are not subject to the requirements of (c)(ii) and (iii) of this subsection.

(B) Any development or redevelopment other than an industrial area or an industrial use within a mixed-use area or an industrial area under this subsection (5)(d)(i) must be principally designed to serve the existing and projected rural population.

(C) Any development or redevelopment in terms of building size, scale, use, or intensity shall be consistent with the character of the existing areas. Development and redevelopment may include changes in use from vacant land or a previously existing use so long as the new use conforms to the requirements of this subsection (5);

(ii) The intensification of development on lots containing, or new development of, small-scale recreational or tourist uses, including commercial facilities to serve those recreational or tourist uses, that rely on a rural location and setting, but that do not include new residential development. A small-scale recreation or tourist use is not required to be principally designed to serve the existing and projected rural population. Public services and public facilities shall be limited to those necessary to serve the recreation or tourist use and shall be provided in a manner that does not permit low-density sprawl;

(iii) The intensification of development on lots containing isolated nonresidential uses or new development of isolated cottage industries and isolated small-scale businesses that are not principally designed to serve the existing and projected rural population and nonresidential uses, but do provide job opportunities for rural residents. Rural counties may allow the expansion of small-scale businesses as long as those small-scale businesses conform with the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Rural counties may also allow new small-scale businesses to utilize a site previously occupied by an existing business as long as the new small-scale business conforms to the rural character of the area as defined by the local government according to RCW 36.70A.030(15). Public services and public facilities shall be limited to those necessary to serve the isolated nonresidential use and shall be provided in a manner that does not permit low-density sprawl;

(iv) A county shall adopt measures to minimize and contain the existing areas or uses of more intensive rural development, as appropriate, authorized under this subsection. Lands included in such existing areas or uses shall not extend beyond the logical outer boundary of the existing area or use, thereby allowing a new pattern of low-density sprawl. Existing areas are those that are clearly identifiable and contained and where there is a logical boundary delineated predominately by the built environment, but that may also include undeveloped lands if limited as provided in this subsection. The county shall establish the logical outer boundary of an area of more intensive rural development. In establishing the logical outer boundary, the county shall address (A) the need to preserve the character of existing natural neighborhoods and communities, (B) physical boundaries, such as bodies of water, streets and highways, and land forms and contours, (C) the prevention of abnormally irregular boundaries, and (D)
the ability to provide public facilities and public services in a manner that does not permit low-density sprawl;

(v) For purposes of (d) of this subsection, an existing area or existing use is one that was in existence:

(A) On July 1, 1990, in a county that was initially required to plan under all of the provisions of this chapter;

(B) On the date the county adopted a resolution under RCW 36.70A.040(2), in a county that is planning under all of the provisions of this chapter under RCW 36.70A.040(2); or

(C) On the date the office of financial management certifies the county's population as provided in RCW 36.70A.040(5), in a county that is planning under all of the provisions of this chapter pursuant to RCW 36.70A.040(5).

(e) Exception. This subsection shall not be interpreted to permit in the rural area a major industrial development or a master planned resort unless otherwise specifically permitted under RCW 36.70A.360 and 36.70A.365.

(6) A transportation element that implements, and is consistent with, the land use element.

(a) The transportation element shall include the following subelements:

(i) Land use assumptions used in estimating traffic;

(ii) Estimated traffic impacts to state-owned transportation facilities resulting from land use assumptions to assist the department of transportation in monitoring the performance of state facilities, to plan improvements for the facilities, and to assess the impact of land-use decisions on state-owned transportation facilities;

(iii) Facilities and services needs, including:

(A) An inventory of air, water, and ground transportation facilities and services, including transit alignments and general aviation airport facilities, to define existing capital facilities and travel levels as a basis for future planning. This inventory must include state-owned transportation facilities within the city or county's jurisdictional boundaries;

(B) Level of service standards for all locally owned arterials and transit routes to serve as a gauge to judge performance of the system. These standards should be regionally coordinated;

(C) For state-owned transportation facilities, level of service standards for highways, as prescribed in chapters 47.06 and 47.80 RCW, to gauge the performance of the system. The purposes of reflecting level of service standards for state highways in the local comprehensive plan are to monitor the performance of the system, to evaluate improvement strategies, and to facilitate coordination between the county's or city's six-year street, road, or transit program and the office of financial management's ten-year investment program. The concurrency requirements of (b) of this subsection do not apply to transportation facilities and services of statewide significance except for counties consisting of islands whose only connection to the mainland are state highways or ferry routes. In these island counties, state highways and ferry route capacity must be a factor in meeting the concurrency requirements in (b) of this subsection;

(D) Specific actions and requirements for bringing into compliance locally owned transportation facilities or services that are below an established level of service standard;

(E) Forecasts of traffic for at least ten years based on the adopted land use plan to provide information on the location, timing, and capacity needs of future growth;

(F) Identification of state and local system needs to meet current and future demands. Identified needs on state-owned transportation facilities must be consistent with the statewide multimodal transportation plan required under chapter 47.06 RCW;

(iv) Finance, including:

(A) An analysis of funding capability to judge needs against probable funding resources;

(B) A multiyear financing plan based on the needs identified in the comprehensive plan, the appropriate part of which shall serve as the basis for the six-year street, road, or transit program required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems. The multiyear financing plan should be coordinated with the ten-year investment program developed by the office of financial management as required by RCW 47.05.030;

(C) If probable funding falls short of meeting identified needs, a discussion of how additional funding will be raised, or how land use assumptions will be reassessed to ensure that level of service standards will be met;

(v) Intergovernmental coordination efforts, including an assessment of the impacts of the transportation plan and land use assumptions on the transportation systems of adjacent jurisdictions;

(vi) Demand-management strategies;

(vii) Pedestrian and bicycle component to include collaborative efforts to identify and designate planned improvements for pedestrian and bicycle facilities and corridors that address and encourage enhanced community access and promote healthy lifestyles.

(b) After adoption of the comprehensive plan by jurisdictions required to plan or who choose to plan under RCW 36.70A.040, local jurisdictions must adopt and enforce ordinances which prohibit development approval if the development causes the level of service on a locally owned transportation facility to decline below the standards adopted in the transportation element of the comprehensive plan, unless transportation improvements or strategies to accommodate the impacts of development are made concurrent with the development. These strategies may include increased public transportation service, ride sharing programs, demand management, and other transportation systems management strategies. For the purposes of this subsection (6), "concurrent with the development" means that improvements or strategies are in place at the time of development, or that a financial commitment is in place to complete the improvements or strategies within six years. If the collection of impact fees is delayed under RCW 82.02.050(3), the six-year period required by this subsection (6)(b) must begin after full payment of all impact fees is due to the county or city.

(c) The transportation element described in this subsection (6), the six-year plans required by RCW 35.77.010 for cities, RCW 36.81.121 for counties, and RCW 35.58.2795 for public transportation systems, and the ten-year investment program required by RCW 47.05.030 for the state, must be consistent.

(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as
population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130. Findings—Intent—2005 c 360: "The legislature finds that regular physical activity is essential to maintaining good health and reducing the rates of chronic disease. The legislature further finds that providing opportunities for walking, biking, horseback riding, and other regular forms of exercise is best accomplished through collaboration between the private sector and local, state, and institutional policymakers. This collaboration can build communities where people find it easy and safe to be physically active. It is the intent of the legislature to promote policy and planning efforts that increase access to inexpensive or free opportunities for regular exercise in all communities around the state." (2) Voter approval under this section must be accorded substantial weight regarding the validity of a transportation improvement as defined in RCW 36.73.015.

(3) A district may not increase any taxes, fees, charges, or range of tolls imposed or change a rebate program under this chapter once the taxes, fees, charges, tolls, or rebate program takes effect, except:
(a) If authorized by the district voters pursuant to RCW 36.73.160;
(b) With respect to a change in a rebate program, a material change policy adopted pursuant to RCW 36.73.160 is followed and the change does not reduce the percentage level or rebate amount;
(c) For up to forty dollars of the vehicle fee authorized in RCW 82.80.140 by the governing board of the district if a vehicle fee of twenty dollars has been imposed for at least twenty-four months; or
(d) For up to fifty dollars of the vehicle fee authorized in RCW 82.80.140 by the governing board of the district if a vehicle fee of forty dollars has been imposed for at least twenty-four months and a district has met the requirements of subsection (6) of this section.

(4)(a) A district that includes all the territory within the boundaries of the jurisdiction, or jurisdictions, establishing the district may impose by a majority vote of the governing board of the district the following fees and charges:

(c)(i) A district solely comprised of a city or cities may not impose the fees or charges identified in (a) of this subsection within one hundred eighty days after July 22, 2007, unless the county in which the city or cities reside, by resolution, declares that it will not impose the fees or charges identified in (a) of this subsection within the one hundred eighty-day period; or
(ii) A district solely comprised of a city or cities identified in RCW 36.73.020(6)(b) may not impose the fees or charges until after May 22, 2008, unless the county in which the city or cities reside, by resolution, declares that it will not impose the fees or charges identified in (a) of this subsection through May 22, 2008.

If within ninety days of the date of publication a petition is filed with the county auditor containing the signatures of eight percent of the number of voters registered and voting in the district for the office of the governor at the last preceding gubernatorial election, the county auditor must canvass the signatures in the same manner as prescribed in RCW 29A.72.230 and certify their sufficiency to the governing body within two weeks. The proposition to impose the vehicle fee must then be submitted to the voters of the district at a special election, called for this purpose, no later than the date on which a primary election would be held under RCW 29A.04.311. Chapter 36.79 RCW
ROADS AND BRIDGES—RURAL ARTERIAL PROGRAM

Sections
36.79.140 Expenditures from rural arterial trust account—Approval by board.

36.79.140 Expenditures from rural arterial trust account—Approval by board. At the time the board reviews the six-year program of each county each even-num-
bered year, it shall consider and shall approve for inclusion in its recommended budget, as required by RCW 36.79.130, the portion of the rural arterial construction program scheduled to be performed during the biennial period beginning the following July 1st. Subject to the appropriations actually approved by the legislature, the board shall as soon as feasible approve rural arterial trust account funds to be spent during the ensuing biennium for preliminary proposals in priority sequence as established pursuant to RCW 36.79.090. Only those counties that during the preceding twelve months have spent all revenues collected for road purposes only for such purposes, including removal of barriers to fish passage and accompanying streambed and stream bank repair as specified in RCW 36.82.070, and including traffic law enforcement, as are allowed to the state by Article II, section 40 of the state Constitution or RCW 36.82.070(2) are eligible to receive funds from the rural arterial trust account, except that: (1) Counties with a population of less than eight thousand are exempt from this eligibility restriction; (2) counties expending revenues collected for road purposes only on other governmental services after authorization from the voters of that county under RCW 84.55.050 are also exempt from this eligibility restriction; and (3) this restriction shall not apply to any moneys diverted from the road district levy under chapter 39.89 RCW. The board shall authorize rural arterial trust account funds for the construction project portion of a project previously authorized for a preliminary proposal in the sequence in which the preliminary proposal has been completed and the construction project is to be placed under contract. At such time the board may reserve rural arterial trust account funds for expenditure in future years as may be necessary for completion of preliminary proposals and construction projects to be commenced in the ensuing biennium.

The board may, within the constraints of available rural arterial trust funds, consider additional projects for authorization upon a clear and conclusive showing by the submitting county that the proposed project is of an emergent nature and that its need was unable to be anticipated at the time the six-year program of the county was developed. The proposed projects shall be evaluated on the basis of the priority rating factors specified in RCW 36.79.080. [2015 c 223 § 2. Prior: 2001 c 221 § 2; 2001 c 212 § 26; 1997 c 81 § 6; 1991 c 363 § 84; 1990 c 42 § 104; 1984 c 113 § 1; 1983 1st ex.s.c 49 § 14.]

Purpose—Intent—2001 c 221: "The legislature recognizes that projects that remove impediments to fish passage can greatly increase access to spawning and rearing habitat for depressed, threatened, and endangered fish stocks. Although counties are authorized to use county road funds to replace culverts and other barriers to fish passage, and may conduct streambed and stream bank restoration and stabilization work in conjunction with removal of these fish barriers, counties are reluctant to spend county road funds beyond the county right-of-way because it is unclear whether the use of road funds for this purpose is authorized. The purpose of this act is to clarify that streambed and stream bank restoration and stabilization activities conducted in conjunction with removal of existing barriers to fish passage within county rights-of-way constitute a county road purpose even if this work extends beyond the county right-of-way. The legislature intends this act to be permissive legislation. Nothing in this act is intended to create or impose a legal duty upon counties for salmon recovery work beyond the county rights-of-way."

Purpose—Captions not law—1991 c 363: See notes following RCW 2.32.180.

36.82.070 Purpose for which road fund can be used.

(1) Any money paid to any county road fund may be used for the construction, alteration, repair, improvement, or maintenance of county roads and bridges thereon and for wharves necessary for ferriage of motor vehicle traffic, and for ferries, and for the acquiring, operating, and maintaining of machinery, equipment, quarries, or pits for the extraction of materials, and for the cost of establishing county roads, acquiring rights-of-way therefor, and expenses for the operation of the county engineer’s office, and for any of the following programs when directly related to county road purposes: (a) Insurance; (b) self-insurance programs; and (c) risk management programs; and for any other proper county road purpose. Such expenditure may be made either independently or in conjunction with the state or any city, town, or tax district within the county. County road purposes include the construction, maintenance, or improvement of park and ride lots. County road purposes also include the removal of barriers to fish passage related to county roads, and include, but are not limited to, the following activities associated with the removal of these barriers: Engineering and technical services; stream bank stabilization; streambed restoration; the placement of weirs, rock, or woody debris; planting; and channel modification. County road funds may be used beyond the county right-of-way for activities clearly associated with removal of fish passage barriers that are the responsibility of the county. Activities related to the removal of barriers to fish passage performed beyond the county right-of-way must not exceed twenty-five percent of the total cost of activities related to fish barrier removal on any one project, and the total annual cost of activities related to the removal of barriers to fish passage performed beyond the county rights-of-way must not exceed one-half of one percent of a county’s annual road construction budget. The use of county road funds beyond the county right-of-way for activities associated with the removal of fish barriers is permissive, and wholly within the discretion of the county legislative authority. The use of county road funds beyond the county right-of-way for such activities does not create or impose a legal duty upon a county for salmon recovery work beyond the county right-of-way.

(2) For counties that consist entirely of islands, county road purposes also include marine uses relating to navigation and moorage. Such a county may deposit revenue collected under RCW 84.52.043 and 36.82.040, in the amount or percentage determined by the county, into a subaccount within the county road fund to be used for marine facilities, including mooring buoys, docks, and aids to navigation. (1) All counties operating a system of sewerage and/or water shall have a lien for delinquent connection charges and charges for the availability of sewerage and/or water service, together with interest fixed by resolution at eight percent per annum from the date due until paid. Penalties of not more than ten percent of the amount due may be imposed in case of failure to pay the charges at times fixed by resolution. The lien shall be for all charges, interest, penalties, and lien recording and release fees, and shall attach to the premises to which the services were available. The lien shall be superior to all other liens and encumbrances, except general taxes and local and special assessments of the county.

(2) The county department established in RCW 36.94.120 shall certify periodically the delinquencies to the auditor of the county at which time the lien shall attach.

(3) In lieu of the procedure provided in subsection (2) of this section, a county may, by resolution or ordinance, adopt the alternative procedure applicable to cities and towns set forth in RCW 35.67.210, 35.67.215, and 35.67.290.

(4) Upon the expiration of sixty days after the attachment of the lien, the county may bring suit in foreclosure by civil action in the superior court of the county where the property is located. Costs associated with the foreclosure of the lien, including but not limited to advertising, title report, and personnel costs, shall be added to the lien upon filing of the foreclosure action. In addition to the costs and disbursements provided by statute, the court may allow the county a reasonable attorney's fee. The lien shall be foreclosed in the same manner as the foreclosure of real property tax liens. [2015 c 41 § 1; 1997 c 393 § 9; 1975 1st ex.s. c 188 § 3; 1967 c 72 § 15.]

PUBLIC FACILITIES DISTRICTS

Sections
36.100.040 Lodging tax authorized—Annual payment amount—Payment of obligations—Application of other tax provisions.

36.100.190 Purchases and sales—Procedures.

36.100.040 Lodging tax authorized—Annual payment amount—Payment of obligations—Application of other tax provisions.

(1) A public facilities district may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises having fewer than forty lodging units. Except for any tax imposed under subsection (4) or (5) of this section, if a public facilities district has not imposed such an excise tax prior to December 31, 1995, the public facilities district may only impose the excise tax if a ballot proposition authorizing the imposition of the tax has been approved by a simple majority vote of voters of the public facilities district voting on the proposition.

(2) The rate of the tax may not exceed two percent and the proceeds of the tax may only be used for the acquisition, design, construction, remodeling, maintenance, equipping, reequipping, repairing, and operation of its public facilities. This excise tax may not be imposed until the district has approved the proposal to acquire, design, and construct the public facilities.

(3) Except for a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center, a public facilities district may not impose the tax authorized in this section if, after the tax authorized in this section was imposed, the effective combined rate of state and local excise taxes, including sales and use taxes and excise taxes on lodging, imposed on the sale of or charge made for furnishing of lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent.

(4) To replace the tax authorized by *RCW 67.40.090, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises: (a) Having fewer than sixty lodging units; or (b) classified as a hostel. The rate of the tax may not exceed seven percent within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not exceed 2.8 percent in the remainder of the district. The tax imposed under this subsection (4) may not be collected prior to the transfer date defined in RCW 36.100.230.

(5) To replace the tax authorized by *RCW 67.40.130, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an additional excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises: (a) Having fewer than sixty lodging units; or (b) classified as a hostel. The rate of the additional excise tax may not exceed two percent and may be imposed only within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not be imposed in the remainder of the district. The tax imposed under this subsection (5) may not be collected prior to the transfer date specified in RCW 36.100.230. The tax imposed under this subsection (5) must be credited against the amount of the tax otherwise due to the state from those same taxpayers under chapter 82.08 RCW. The tax under this subsection (5) may be imposed only for the purpose of paying or securing the payment of the principal of and interest on obligations issued or incurred by the public facilities district and paying annual payment amounts to the state under subsection (6)(a) of this section. The authority to impose the additional excise tax under this subsection (5) expires on the date that is the earlier of (a)[(i)] July 1, 2029, or (b)[(ii)] the date on which all obligations issued or incurred by the public facilities district to implement any redemption,
prepayment, or legal defeasance of outstanding obligations under RCW 36.100.230(3)(a) are no longer outstanding.

(6)(a) Commencing with the first full fiscal year of the state after the transfer date defined in RCW 36.100.230 and for so long as a public facilities district imposes a tax under subsection (5) of this section, the public facilities district must transfer to the state of Washington on June 30th of each state fiscal year an annual payment amount.

(b) For the purposes of this subsection, "annual payment amount" means an amount equal to revenues received by the public facilities district in the fiscal year from the additional excise tax imposed under subsection (5) of this section plus an interest charge calculated on one-half the annual payment amount times an interest rate equal to the average annual rate of return for the prior calendar year in the Washington state local government investment pool created in chapter 43.250 RCW.

(c) If the public facilities district in any fiscal year is required to apply additional lodging excise tax revenues to the payment of principal and interest on obligations it issues or incurs, and the public facilities district is unable to pay all or any portion of the annual payment amount to the state, the deficiency is deemed to be a loan from the state to the public facilities district for the purpose of assisting the district in paying such principal and interest and must be repaid by the public facilities district to the state after providing for the payment of the principal of and interest on obligations issued or incurred by the public facilities district, all on terms established by an agreement between the state treasurer and the public facilities district executed prior to the transfer date. Any agreement between the state treasurer and the public facilities district must specify the term for the repayment of the deficiency in the annual payment amount with an interest rate equal to the twenty bond general obligation bond buyer index plus one percentage point.

(ii) Outstanding obligations to repay any loans deemed to have been made to the public facilities district as provided in any such agreements between the state treasurer and the public facilities district survive the expiration of the additional excise tax under subsection (5) of this section.

(iii) For the purposes of this subsection (6)(c), "additional lodging excise tax revenues" mean the tax revenues received by the public facilities district under subsection (5) of this section.

(7) A public facilities district is authorized to pledge any of its revenues, including without limitation revenues from the taxes authorized in this section, to pay or secure the payment of obligations issued or incurred by the public facilities district, subject to the terms established by the board of directors of the public facilities district. So long as a pledge of the taxes authorized under this section is in effect, the legislature may not withdraw or modify the authority to levy and collect the taxes at the rates permitted under this section and may not increase the annual payment amount to be transferred to the state under subsection (6) of this section.

(8) The department of revenue must perform the collection of such taxes on behalf of the public facilities district at no cost to the district, and the state treasurer must distribute those taxes as available on a monthly basis to the district or, upon the direction of the district, to a fiscal agent, paying agent, or trustee for obligations issued or incurred by the district.

(9) Except as expressly provided in this chapter, all of the provisions contained in RCW 82.08.050 and 82.08.060 and chapter 82.32 RCW have full force and application with respect to taxes imposed under the provisions of this section.

(10) In determining the effective combined rate of tax for purposes of the limit in subsection (3) of this section, the tax rate under RCW 82.14.530 is not included.

(11) The taxes imposed in this section do not apply to sales of temporary medical housing exempt under RCW 82.08.997.

(12)(a) For the purposes of this section, "hostel" means a structure or facility where a majority of the rooms for sleeping accommodations are hostel dormitories containing a minimum of four standard beds designed for single-person occupancy within the facility. Hostel accommodations are supervised and must include at least one common area and at least one common kitchen for guest use.

(b) For the purpose of this subsection, "hostel dormitory" means a single room, containing four or more standard beds designed for single-person occupancy, used exclusively as nonprivate communal sleeping quarters, generally for unrelated persons, where such persons independently acquire the right to occupy individual beds, with the operator supervising and determining which bed each person will occupy. 36.160.010 Findings—Intent. (1) The legislature finds that:

(a) Many Washington cities and counties and their residents are experiencing the lingering effects of the recession. While there are many residents who have been able to successfully weather the economic downturn, unfortunately there are still individuals, families, and valued community organizations who have not. Local governments also have not been immune to this situation. Local government revenues have continued to lag behind economic growth, leaving local communities unable to make adequate and necessary investments in infrastructure and services their residents rely on and benefit from. Additional fiscal tools that provide funding for facilities, services, housing, and programs benefiting vulnerable populations as well as cultural organizations will enable local communities and their residents to choose to invest in their local institutional and human infrastructure to the benefit of the public.

(b) There is a demonstrated need for facilities and services in the community to help people with mental illness, individuals with developmental disabilities, and other vulnerable populations, including foster children, homeless families, veterans, and others in critical need. The need includes, but is not limited to, funding for mental health services, evaluation and treatment facilities, housing, and other projects and services for those in need.

(c) There is also a need to provide public and educational benefits and economic support for cultural organizations. Providing local support for the state's cultural organizations is in the public interest and will serve multiple public purposes including, among others, enhancing and extending the education reach and offerings of cultural organizations; ensuring continued and expanded access to the facilities and programs of cultural organizations by economically and geographically underserved populations; and providing financial stability to the organizations to continue and extend the numerous public benefits they provide.

(2) It is the intent of the legislature to provide local governments and the communities they serve the fiscal tools needed to provide these important services. [2015 3rd sp.s. c 24 § 101.]

36.160.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrative costs" means all operating, administrative, and maintenance expenses for a program, a designated public agency, or a designated entity.

(2) "Attendance" means the total number of visits by persons in physical attendance during a year at cultural organization facilities located or cultural organization programs provided within the county creating a program, including attendance for which admission was paid, discounted, or free, consistent with and verifiable under guidelines adopted by the appropriate program.

(3) "Cultural organization" means a nonprofit corporation incorporated under the laws of the state of Washington and recognized by the internal revenue service as described in section 501(c)(3) of the internal revenue code of 1986, as amended, with its principal location or locations and conducting a majority of its activities within the state, not including: Any agency of the state or any of its political subdivisions; any municipal corporation; any organization that raises funds for redistribution to multiple cultural organizations; or any radio or television broadcasting network or station, cable communications system, internet-based communications venture or service, newspaper, or magazine. The primary purpose of the organization must be the advancement and preservation of science or technology, the visual or performing arts, zoology, botany, anthropology, heritage, or natural history and any organization must directly provide programming or experiences available to the general public. Any organization with the primary purpose of advancing and preserving zoology such as zoos and aquariums must be or sup-

port a facility that is accredited by the association of zoos and aquariums or its functional successor. A state-related cultural organization may be a cultural organization.

(4) "Designated entity" means the entity designated by the legislative authority of a county creating the program, as required under RCW 36.160.110(1)(d). The entity may be a public agency, including the state arts commission established under chapter 43.46 RCW, or a Washington nonprofit corporation that is not a cultural organization eligible for funding under this chapter.

(5) "Designated public agency" means the public agency designated by the legislative authority of a county creating the program, as required under RCW 36.160.110(2)(h).

(6) "Program" means a cultural access program established by a county by ordinance.

(7) "Revenues" means revenues from all sources generated by a cultural organization, consistent with generally accepted accounting practices and any program guidelines, excluding: (a) Revenues associated with capital projects other than major maintenance projects including, but not limited to, capital campaign expenses; (b) funds provided under this chapter; (c) revenue that would be considered unrelated business taxable income under the internal revenue code of 1986, as amended; and (d) with respect to a state-related cultural organization, state funding received by it or for the institution it supports. Revenues include transfers from an organization's endowment or reserves and may include the value of in-kind goods and services to the extent permitted under any program guidelines.

(8) "State-related cultural organization" means an organization incorporated as a nonprofit corporation under the laws of the state of Washington and recognized by the internal revenue service as described in section 501(c)(3) of the internal revenue code of 1986, as amended, with a primary purpose and directly providing programming or experiences available to the general public consistent with the requirements for recognition as a cultural organization under this chapter operating in a facility owned and supported by the state, a state agency, or state educational institution. [2015 3rd sp.s. c 24 § 201.]

36.160.030 Cultural access program—Creation. (1) Any county legislative authority may create a cultural access program by ordinance.

(2) Any contiguous group of counties may create a program by entering into an interlocal agreement under chapter 39.34 RCW, approved by resolution of the county legislative authorities.

(3) A city may create a cultural access program if the county legislative authority in which the city is located adopts a resolution stating that the county forfeits its option to create a program or does not place a proposition before the people to create such a program by June 30, 2017. In the event the exception in this subsection occurs, all references in this chapter to a county must include a city that has exercised its authority under this subsection, unless the context clearly requires otherwise. [2015 3rd sp.s. c 24 § 301.]

Construction—2015 3rd sp.s. c 24: "The provisions of this act must be liberally construed to effectuate the policies and purposes of this act." [2015 3rd sp.s. c 24 § 804.]

36.160.040 Cultural access program—Start-up funding and conditional formation. (1) The county creating a program may advance to the program funding for its administrative costs, including the cost of informing the public about the formation of the program, how it is proposed to be funded, and the public benefits to be realized if it is successful. However, this subsection does not authorize the preparation and distribution of information to the general public for the purpose of influencing the outcome of any election called for voter authorization of a proposed tax to support a program.

(2) The county creating a program may provide for repayment of any start-up funding advanced to a program from the proceeds of taxes authorized under RCW 36.160.080, 82.14.525, and 84.52.821 and approved by voters after the taxes are first collected. The funds may be repaid to such county with interest at the internal rate of return on the invested funds of such county. [2015 3rd sp.s. c 24 § 302.]

36.160.050 Cultural access program—Nonsupplantation. In creating a program under this chapter, any county creating the program must affirm that any funding such county usually and customarily provides to cultural organizations similar to funding that would be available to those organizations under this chapter may not be replaced or materially diminished as a result of funding becoming available under this chapter. If an organization designated to receive funds under this chapter is a state-related cultural organization, the funds received under this chapter may not replace or materially diminish any funding usually or customarily provided by the state. [2015 3rd sp.s. c 24 § 303.]

36.160.060 Cultural access program—Advisory councils. Each county creating a program under this chapter may establish an advisory council, the membership of which must include citizen representatives of constituencies and organizations with interests relevant to the work of the program including, but not limited to, leaders in the business, educational, and cultural communities. Advisory council members should be residents of the county creating the program. Policies concerning the size and operation of any advisory council must be established by the county that creates the program. [2015 3rd sp.s. c 24 § 304.]

36.160.070 Cultural access program—Alternative administrative arrangements. A county with a population of less than one million five hundred thousand may contract with the state arts commission formed under for the provision of consulting, management, or other administrative services to be provided to its program created under this chapter. Any county creating a program may elect to consolidate
administration of such a program with that of the entity or public agency designated by the county creating such a program to perform the functions required under RCW 36.160.110. [2015 3rd sp.s. c 24 § 305.]

36.160.080 Funding—Local tax authority. (1) (a) Except as provided in (b) of this section, a county creating a program under this chapter may impose sales and use taxes under RCW 82.14.525 or additional regular property tax levies under RCW 84.52.821 for the purposes authorized under this chapter.

(b) A county with a population of one million five hundred thousand or more may not impose additional regular property tax levies under RCW 84.52.821.

(2) If a county imposes sales and use taxes under RCW 82.14.525, the county may not impose an additional regular property tax levy under RCW 84.52.821 so long as such sales and use taxes are in effect.

(3) If a county imposes an additional regular property tax levy under RCW 84.52.821, the county may not impose sales and use taxes under RCW 82.14.525 so long as such property tax levy is in effect.

(4) All revenue from taxes imposed under this chapter must be credited to a special fund in the treasury of the county imposing such tax and used solely for the purpose of paying all or any part of the cost of cultural access programs as provided in this chapter. [2015 3rd sp.s. c 24 § 401.]

36.160.090 Public benefits. (1) A program created under this chapter must provide or continue to provide funding authorized under this chapter only to cultural organizations that provide discernible public benefits. Each program created under this chapter must identify a range of public benefits that cultural organizations may provide or continue to provide in satisfaction of this requirement for eligibility to receive funding authorized under this chapter. The public benefits include, without limitation: Reasonable opportunities for access to facilities, programs, and services on a reduced or no admission fee basis, particularly for diverse and underserved populations and communities; providing, through technological and other means, services or programs in locations other than an organization's own facilities; providing educational programs and experiences both at an organization's own facilities and in schools and other venues; broadening cultural programs, performances, and exhibitions for the enlightenment and entertainment of the public; supporting collaborative relationships with other cultural organizations in order to extend the reach and impact of the collaborating organizations for the benefit of the public; and, in the case of community-based cultural organizations, organizational capacity-building projects or activities that an organization can demonstrate, to the reasonable satisfaction of the designated entity, will enhance the ability of the organization to provide or continue to provide meaningful public benefits not otherwise achievable.

(2) Each program created under this chapter must adopt guidelines establishing a baseline standard of continuous performance with respect to the provision of public benefits required under this chapter and for evaluating the eligibility of any cultural organization to receive funds under this chapter based on the continuous performance of the organization in the provision of the public benefits. The guidelines must include: (a) Procedures for notifying any organization at risk of losing its eligibility to receive funds under this chapter for failure to achieve the program's baseline standard of performance with respect to the continuous provision of public benefits; and (b) measures or procedures available to the organization for either retaining or recovering eligibility, as appropriate. [2015 3rd sp.s. c 24 § 501.]

36.160.100 Public school cultural access program. (1) A program created under this chapter must develop and provide a public school cultural access program, as provided in RCW 36.160.110.

(2) To the extent practicable consistent with available resources, the public school cultural access element of a program of a county described in RCW 36.160.110(2) must include the following attributes:

(a) Provide benefits designed to increase public school student access to the programming offered and facilities operated by regional and community-based cultural organizations receiving funding under this chapter, giving priority to the activities in the order described in (c) of this subsection;

(b) Offer benefits to every public school in the county while scaling the range of benefits available to and the frequency of opportunities to participate by any particular school to coincide with the relative percentage of students attending the school who participate in the national free or reduced-price school meals program;

(c) Benefits provided under the public school cultural access program must include, without limitation:

(i) Providing directly or otherwise funding and arranging for transportation for all public school students at participating schools to attend and participate annually in the age-appropriate programs and activities offered by such organizations;

(ii) Should funding available under this program for student transportation be inadequate in any one year due to more demand for student transportation than can be funded, increasing the subsequent annual percentage allocation to the public school cultural access program up to two percent so as to provide sufficient funds to ensure adequate funding of student transportation;

(iii) Establishing and operating, within funding provided to support the public school cultural access program under this subsection, of a centralized service available to regional and community-based cultural organizations receiving funding under this chapter and public schools in the county to coordinate opportunities for public school student access to the programs and activities offered by the organizations both at the facilities and venues operated by the organizations and through programs and experiences provided by the organizations at schools and elsewhere;

(iv) In consultation with cultural organizations located within the county, preparing and maintaining a readily acces-
provided under RCW 36.160.040. Information disclosing the administrative costs, and repaying any start-up funding provided to fund start-up expenses of new community-based cultural organizations; to fund start-up expenses of new community-based cultural organizations with or without direct on-site participation; to the extent practicable;

(v) Building meaningful partnerships with public schools and cultural organizations in order to maximize participation in school access programs and activities and ensure their relevance and effectiveness;

(d) When a program determines that its program element required under (c)(i) through (vii) of this subsection has achieved sufficient scale and participation among public schools located within its boundaries and that it has resources remaining to devote to additional public school cultural access programs without diminishing such participation, the county may develop and financially support other public school cultural access activities in conjunction with cultural organizations receiving funds under this chapter; public school districts; and other public or nonprofit organizations that support cultural access. Any funding for development and support of such activities provided to cultural organizations receiving funds under this subsection must only be used to supplement the public benefits provided by such organizations as required under this chapter and may not be used by such organizations to replace or diminish funding for such required public benefits;

(e) Preparation of an annual public school cultural access plan for review and adoption prior to implementation; and

(f) Compilation of an annual report documenting the reach and evaluating the effectiveness of program-funded public school cultural access efforts, including information about the numbers and types of students who participated in the program and recommendations to the county for improvements. [2015 3rd sp.s. c 24 § 502.]

36.160.110 Use of funds—Allocation. (1) A program in a county with a population of less than one million five hundred thousand must allocate the proceeds of taxes authorized under RCW 82.14.525 and 84.52.821 as follows:

(a) If any start-up funding has been provided to the program under RCW 36.160.040 with the expectation that the funding will be repaid, the program must annually reserve from total funds available funding sufficient to provide for repayment of such start-up funding until any such start-up funding has been fully repaid;

(b) The funding determined by the county forming such a program to be reserved for program costs, including direct administrative costs, and repaying any start-up funding provided under RCW 36.160.040. Information disclosing the amount of funding to be reserved for program administrative costs must be included in any proposition submitted to voters under RCW 82.14.525 or 84.52.821;

(c) The county must determine the percentage of total funds available annually to be reserved for a public school cultural access program established and managed by the county to increase access to cultural activities and programming for public school students resident in the county. The activities and programming need not be located or provided within the county. In developing its program, the county may consider the attributes prescribed for a public school cultural access program required to be undertaken under RCW 36.160.100(2) and may also consider providing funding for music and arts education in public schools that is in addition to that provided for in the program of basic education funding;

(d) Remaining funds available annually, including all funds not initially reserved under (a), (b), and (c) of this subsection as well as funds not distributed by the county from the reserved funds must be distributed by the county to the entity designated by the legislative authority of the county creating the program. The county must determine:

(i) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of cultural organizations to receive funding under this chapter;

(ii) Criteria for the award of funds to eligible cultural organizations, including the public benefits to be derived from projects submitted for funding;

(iii) The amount of funding to be allocated to support designated entity administrative costs;

(iv) Criteria for the identification by the county or, if so directed by the county, by the designated entity of any cultural organization or organizations that would receive annual distributions of funds in such amounts determined by the county or, if so directed by the county, the designated entity; and

(v) Procedures to be used by the designated entity in awarding funding to other cultural organizations that may, but are not required to include a periodic competitive process for awarding funds for particular purposes or projects proposed by eligible cultural organizations;

(e) In evaluating requests for funding authorized under this chapter, the designated entity responsible for the distribution of the funds must consider the public benefits that any cultural organizations represented will be derived from proposed projects. At the conclusion of a project approved for funding, such organization is required to report to the designated entity on the public benefits realized;

(f) Funds distributed to cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations;
36.160.110 Title 36 RCW: Counties

(g) If the county or designated entity determine the eligibility of a cultural organization to receive funding or the relative magnitude of the funding it receives on the basis of its budget, revenues, or expenses, any determination with respect to a qualifying state-related cultural organization must exclude any state funding received by the organization for or the institution it supports.

(2) A county with a population of more than one million five hundred thousand must allocate the proceeds of the taxes authorized under RCW 82.14.525 as follows:

(a) If any start-up funding has been provided to the program under RCW 36.160.040 with the expectation that the funding will be repaid, the program must annually reserve from total funds available annually funding sufficient to provide for repayment of such start-up funding until any such start-up funding has been fully repaid;

(b) After allocating any funds as required in (a) of this subsection, up to one and one-fourth percent of total funds available annually may be used for program administrative costs;

(c) After allocating funds as required in (a) and (b) of this subsection, ten percent of remaining funds available annually must be used to fund a public school cultural access program to be administered by the program, subject to RCW 36.160.100(2);

(d) Seventy percent of total remaining funds available annually excluding funds initially reserved under (a), (b), and (c) of this subsection must be reserved for distribution by the program to regional cultural organizations that are cultural organizations that own, operate, or support cultural facilities or provide performances, exhibits, educational programs, experiences, or entertainment that widely benefit and are broadly attended by the public, subject to further definition under guidelines adopted by the program. A regional cultural organization may also generally be characterized under program guidelines as a financially stable, substantial organization with full-time support and program staff, maintaining a broad-based membership, having year-round or enduring seasonal operations, being a substantial financial contributor to the development, operation, and maintenance of the organization's principal venue or venues, and providing substantial public benefits. The funding must be provided only to those regional cultural organizations that the program determines, on an annual basis, to have met the following guidelines:

(i) For at least the preceding three years, the organization has been continuously in good standing as a nonprofit corporation under the laws of the state of Washington;

(ii) The organization has its principal location or locations and conducts the majority of its activities within the county area primarily for the benefit of county residents;

(iii) The organization has not declared bankruptcy or suspended or substantially curtailed operations for a period longer than six months during the preceding two years;

(iv) The organization provided to the program audited annual financial statements for at least its two most recent fiscal years;

(v) Over the three preceding years, the organization has minimum average annual revenues of at least one million two hundred fifty thousand dollars. The program must annually and cumulatively adjust the minimum revenues by the annual percentage change in the consumer price index for the prior year for the Seattle-Tacoma-Bellevue, Washington metropolitan statistical area for all urban consumer, all goods, as published by the United States department of labor, bureau of labor statistics. The minimum revenues requirement, adjusted for inflation as provided in this section, remains effective through the date on which the initial tax authorized by the voters under RCW 82.14.525 or 84.52.821 expires. Thereafter, the program must, at the beginning of each subsequent period of funding as approved by the voters, establish initial minimum average annual revenues of not less than the amount of the minimum revenues required during the final year of the immediately preceding period of funding;

(vi) For purposes of determining the eligibility of a regional organization to receive funding or the relative magnitude of the funding it receives on the basis of its revenues, any determination with respect to a qualifying state-related cultural organization must exclude any state funding received by the organization or for the institution it supports; and

(vii) Any additional guidelines, consistent with RCW 36.160.020 and this section, as the program seems necessary or appropriate for determining the eligibility of prospective regional cultural organizations to receive funding under this section and for establishing the amount of funding any organization may receive;

(e) Funds available under (d) of this subsection must be distributed among eligible regional cultural organizations based on an annual ranking of eligible organizations by the combined size of their average annual revenues and their average annual attendance, both over the three preceding years. However, an organization's attendance must have twice the weight of the organization's revenues in determining its relative ranking. Available funds must be distributed proportionally among eligible organizations, consistent with the ranking, such that the organization with the largest combined revenues and weighted attendance would receive the most funding and the organization with the smallest combined revenues and weighted attendance would receive the least funding. However, no organization may receive funds in excess of fifteen percent of its average annual revenues over the three preceding years;

(f) Funds distributed to regional cultural organizations under (d) of this subsection must be used to support cultural and educational activities, programs and initiatives, public benefits and communications, and basic operations.

(i) At least twenty percent of funds distributed to any regional cultural organizations under (d) of this subsection must be used to participate in the program's public school cultural access program required under RCW 36.160.100. The regional cultural organizations must provide or continue to provide public benefits under this section in addition to participating in the public school cultural access program.

(ii) No funds distributed to regional cultural organizations under (d) of this subsection may be used for capital expenditures or acquisitions including, but not limited to, the acquisition of or the construction of improvements to real property;

(g) Prior to December 31st of each year, each regional cultural organization receiving funds authorized under this chapter pursuant to a program allocation formula must provide a report to the program, including:
(i) A preview of the public benefits the organization plans to provide or continue to provide in the following year;
(ii) A preview of the organization's public school cultural access program participation in the following year; and
(iii) A report on public benefits it provided, and its participation in the public school cultural access program, during the current year;

(b) Remaining funds available annually, including funds not initially reserved under (a) through (d) of this subsection as well as funds not distributed by the program from the reserved funds must be distributed by the program to the public agency designated by the legislative authority of the county creating such a program;

(i) Funds distributed by the designated public agencies under (h) of this subsection must be applied as follows:
   (i) Not more than eight percent of such funds must be used for administrative costs of the public agency designated by a county creating the program; and
   (ii) The balance must be used to fund community-based cultural organizations that have been awarded a grant under section 43.167 RCW prior to January 1, 2011, that primarily function, focus their activities, and are supported or patronized within a local community and are not a regional cultural organization, subject to further definition under guidelines adopted by the designated public agency. Designated public agencies must adopt:

(A) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of community-based cultural organizations to receive funding under this chapter and for establishing the amount of funding any organization may receive;
(B) Criteria for the award of funds to eligible community-based cultural organizations, including the public benefits to be derived from projects submitted for funding; and
(C) Procedures for conducting, at least annually, a competitive process for the award of available funding;

(j) Funds distributed to community-based cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations. [2015 3rd sp.s. c 24 § 601.]

36.160.800 Attacks prohibited. No direct or collateral attack on any program purported to be authorized or created in conformance with this chapter may be commenced more than thirty days after creation. [2015 3rd sp.s. c 24 § 801.]

All receipts from the state enhanced 911 excise taxes imposed by RCW 82.14B.030 must be deposited into the account. Moneys in the account must be used only to support the statewide coordination and management of the enhanced 911 system, for the implementation of wireless enhanced 911 statewide, for the modernization of enhanced 911 emergency communications systems statewide, and to help supplement, within available funds, the operational costs of the system, including adequate funding of counties to enable implementation of wireless enhanced 911 service and reimbursement of radio communications service companies for costs incurred in providing wireless enhanced 911 service pursuant to negotiated contracts between the counties or their agents and the radio communications service companies. For the 2013-2015 and the 2015-2017 fiscal biennia, the account may be used for a criminal history system upgrade in the Washington state patrol and for activities and programs in the military department. A county must show just cause, including but not limited to a true and accurate accounting of the funds expended, for any inability to provide reimbursement to radio communications service companies of costs incurred in providing enhanced 911 service.

(2) Funds generated by the enhanced 911 excise tax imposed by RCW 82.14B.030(5) may not be distributed to any county that has not imposed the maximum county enhanced 911 excise tax allowed under RCW 82.14B.030(1). The legislature further finds that statewide operation and management of the enhanced 911 system will create efficiencies of operation and permit greater local control of county 911 operations, and further that some counties will continue to need assistance from the state to maintain minimum enhanced 911 service levels." (d) Dissemination of information by a county to local agency personnel for inclusion in an emergency notification system that makes outgoing calls to telephone numbers to provide notification of a community emergency event;
(e) Inspection or copying by the subject of the information or an authorized representative; or
(f) The public disclosure of information prepared, retained, disseminated, transmitted, or recorded, for the purpose of handling or responding to emergency calls, unless disclosure of any such information is otherwise exempted under chapter 42.56 RCW or other law. [2015 c 224 § 6.]

38.52.577 Information from automatic number identification, automatic location identification database, or voluntarily submitted for inclusion in emergency notification system—Exemption from public inspection and copying. Information obtained from an automatic number identification or automatic location identification database or voluntarily submitted to a local agency for inclusion in an emergency notification system is exempt from public inspection and copying under chapter 42.56 RCW. This section shall not be interpreted to prohibit:
(1) Making outgoing calls to telephone numbers to provide notification of a community emergency event;
(2) Maintenance of the database by a local agency; or
(3) Inspection or copying by the subject of the information or an authorized representative. [2015 c 224 § 7.]
a small works roster for different specialties or categories of anticipated work. Where applicable, small works rosters may make distinctions between contractors based upon different geographic areas served by the contractor. The small works roster or rosters shall consist of all responsible contractors who have requested to be on the list, and where required by law are properly licensed or registered to perform such work in this state. A state agency or local government establishing a small works roster or rosters may require eligible contractors desiring to be placed on a roster or rosters to keep current records of any applicable licenses, certifications, registrations, bonding, insurance, or other appropriate matters on file with the state agency or local government. The small works roster or rosters shall include the capability of performing the kind of work being placed on a roster or rosters. At least once a year, the state agency or local government shall publish in a newspaper of general circulation within the jurisdiction a notice of the existence of the roster or rosters and solicit the names of contractors for such roster or rosters. In addition, responsible contractors shall be added to an appropriate roster or rosters at any time they submit a written request and necessary records. Master contracts may be required to be signed that become effective when a specific award is made using a small works roster.

(b) A state agency establishing a small works roster or rosters shall adopt rules implementing this subsection. A local government establishing a small works roster or rosters shall adopt an ordinance or resolution implementing this subsection. Procedures included in rules adopted by the department of enterprise services in implementing this subsection must be included in any rules providing for a small works roster or rosters that is adopted by another state agency, if the authority for that state agency to engage in these activities has been delegated to it by the department of enterprise services under chapter 43.19 RCW. An interlocal contract or agreement between two or more state agencies or local governments establishing a small works roster or rosters to be used by the parties to the agreement or contract must clearly identify the lead entity that is responsible for implementing the provisions of this subsection.

(c) Procedures shall be established for securing telephone, written, or electronic quotations from contractors on the appropriate small works roster to assure that a competitive price is established and to award contracts to the lowest responsible bidder, as defined in RCW 39.04.010. Invitations for quotations shall include an estimate of the scope and nature of the work to be performed as well as materials and equipment to be furnished. However, detailed plans and specifications need not be included in the invitation. This subsection does not eliminate other requirements for architectural or engineering approvals as to quality and compliance with building codes. Quotations may be invited from all appropriate contractors on the appropriate small works roster. As an alternative, quotations may be invited from at least five contractors on the appropriate small works roster who have indicated the capability of performing the kind of work being contracted, in a manner that will equitably distribute the opportunity among the contractors on the appropriate roster. However, if the estimated cost of the work is from one hundred fifty thousand dollars to three hundred thousand dollars, a state agency or local government that chooses to solicit bids from less than all the appropriate contractors on the appropriate small works roster must also notify the remaining contractors on the appropriate small works roster that quotations on the work are being sought. The government has the sole option of determining whether this notice to the remaining contractors is made by: (i) Publishing notice in a legal newspaper in general circulation in the area where the work is to be done; (ii) mailing a notice to these contractors; or (iii) sending a notice to these contractors by facsimile or other electronic means. For purposes of this subsection, "equitably distribute" means that a state agency or local government soliciting bids may not favor certain contractors on the appropriate small works roster over other contractors on the appropriate small works roster who perform similar services.

(d) A contract awarded from a small works roster under this section need not be advertised.

(e) Immediately after an award is made, the bid quotations obtained shall be recorded, open to public inspection, and available by telephone inquiry.

(3) In lieu of awarding contracts under subsection (2) of this section, a state agency or authorized local government may award a contract for work, construction, alteration, repair, or improvement projects estimated to cost less than thirty-five thousand dollars using the limited public works process provided under this subsection. Public works projects awarded under this subsection are exempt from the other requirements of the small works roster process provided under subsection (2) of this section and are exempt from the requirement that contracts be awarded after advertisement as provided under RCW 39.04.010.

For limited public works projects, a state agency or authorized local government shall solicit electronic or written quotations from a minimum of three contractors from the appropriate small works roster and shall award the contract to the lowest responsible bidder as defined under RCW 39.04.010. After an award is made, the quotations shall be open to public inspection and available by electronic request. A state agency or authorized local government shall attempt to distribute opportunities for limited public works projects equitably among contractors willing to perform in the geographic area of the work. A state agency or authorized local government shall maintain a list of the contractors contacted and the contracts awarded during the previous twenty-four months under the limited public works process, including the name of the contractor, the contractor's registration number, the amount of the contract, a brief description of the type of work performed, and the date the contract was awarded. For limited public works projects, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, thereby assuming the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialpersons, suppliers, and taxes imposed under Title 82 RCW that may be due from the contractor for the limited public works project, however the state agency or authorized local government shall have the right of recovery against the contractor for any payments made on the contractor's behalf.

(4) The breaking of any project into units or accomplishing any projects by phases is prohibited if it is done for the purpose of avoiding the maximum dollar amount of a con-

[2015 RCW Supp—page 443]
contract that may be let using the small works roster process or limited public works process.

(5)(a) A state agency or authorized local government may use the limited public works process of subsection (3) of this section to solicit and award small works roster contracts to small businesses that are registered contractors with gross revenues under one million dollars annually as reported on their federal tax return.

(b) A state agency or authorized local government may adopt additional procedures to encourage small businesses that are registered contractors with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax returns to submit quotations or bids on small works roster contracts.

(6) As used in this section, "state agency" means the department of enterprise services, the state parks and recreation commission, the department of natural resources, the department of fish and wildlife, the department of transportation, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of enterprise services to engage in construction, building, renovation, remodeling, alteration, improvement, or repair activities. [2015 c 225 § 33; 2009 c 74 § 1; 2008 c 130 § 17. Prior: 2007 c 218 § 87; 2007 c 210 § 1; 2007 c 133 § 4; 2001 c 284 § 1; 2000 c 138 § 101; 1998 c 278 § 12; 1993 c 198 § 1; 1991 c 363 § 109.]

39.04.220 Correctional facilities construction and repair—Use of general contractor/construction manager method for awarding contracts—Demonstration projects. (1) In addition to currently authorized methods of public works contracting, and in lieu of the requirements of RCW 39.04.010 and 39.04.020 through 39.04.060, capital projects funded for over ten million dollars authorized by the legislature for the department of corrections to construct or repair facilities may be accomplished under contract using the general contractor/construction manager method described in this section. In addition, the general contractor/construction manager method may be used for up to two demonstration projects under ten million dollars for the department of corrections. Each demonstration project shall aggregate capital projects authorized by the legislature at a single site to total no less than three million dollars with the approval of the office of financial management. The department of enterprise services shall present its plan for the aggregation of projects under each demonstration project to the oversight advisory committee established under subsection (2) of this section prior to soliciting proposals for general contractor/construction manager services for the demonstration project.

(2) For the purposes of this section, "general contractor/construction manager" means a firm with which the department of enterprise services has selected and negotiated a maximum allowable construction cost to be guaranteed by the firm, after competitive selection through a formal advertisement, and competitive bids to provide services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work, and to act as the construction manager and general contractor during the construction phase. The department of enterprise services shall establish an independent oversight advisory committee with representatives of interest groups with an interest in this subject area, the department of corrections, and the private sector, to review selection and contracting procedures and contracting documents. The oversight advisory committee shall discuss and review the progress of the demonstration projects. The general contractor/construction manager method is limited to projects authorized on or before July 1, 1997.

(3) Contracts for the services of a general contractor/construction manager awarded under the authority of this section shall be awarded through a competitive process requiring the public solicitation of proposals for general contractor/construction manager services. Minority and women enterprise total project goals shall be specified in the bid instructions to the general contractor/construction manager finalists. The director of enterprise services is authorized to include an incentive clause in any contract awarded under this section for savings of either time or cost or both from that originally negotiated. No incentives granted shall exceed five percent of the maximum allowable construction cost. The director of enterprise services or his or her designee shall establish a committee to evaluate the proposals considering such factors as: Ability of professional personnel; past performance in negotiated and complex projects; ability to meet time and

[2015 RCW Supp—page 444]
budget requirements; location; recent, current, and projected workloads of the firm; and the concept of their proposal. After the committee has selected the most qualified finalists, these finalists shall submit sealed bids for the percent fee, which is the percentage amount to be earned by the general contractor/construction manager as overhead and profit, on the estimated maximum allowable construction cost and the fixed amount for the detailed specified general conditions work. The maximum allowable construction cost may be negotiated between the department of enterprise services and the selected firm after the scope of the project is adequately determined to establish a guaranteed contract cost for which the general contractor/construction manager will provide a performance and payment bond. The guaranteed contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the percent fee on the negotiated maximum allowable construction cost, and sales tax. If the department of enterprise services is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the department of enterprise services determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the department of enterprise services shall negotiate with the next low bidder and continue until an agreement is reached or the process is terminated. If the maximum allowable construction cost varies more than fifteen percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the state, the percent fee shall be renegotiated. All subcontract work shall be competitively bid with public bid openings. Specific contract requirements for women and minority enterprise participation shall be specified in each subcontract bid package that exceeds ten percent of the department's estimated project cost. All subcontractors who bid work over two hundred thousand dollars shall post a bid bond and the awarded subcontractor shall provide a performance and payment bond for their contract amount if required by the general contractor/construction manager. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project. Bidding on subcontract work by the general contractor/construction manager or its subsidiaries is prohibited. The general contractor/construction manager may negotiate with the low-responsive bidder only in accordance with RCW 39.04.015 or, if unsuccessful in such negotiations, rebid.

(4) If the project is completed for less than the agreed upon maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the state. If the project is completed for more than the agreed upon maximum allowable construction cost, excepting increases due to any contract change orders approved by the state, the additional cost shall be the responsibility of the general contractor/construction manager.

(5) The powers and authority conferred by this section shall be construed as in addition and supplemental to powers or authority conferred by any other law, and nothing contained in this section may be construed as limiting any other powers or authority of the department of enterprise services. However, all actions taken pursuant to the powers and authority granted to the director or the department of enter-
prise services under this section may only be taken with the concurrence of the department of corrections. [2015 c 225 § 34; 1996 c 18 § 5; 1994 c 80 § 2; 1991 c 130 § 2.]

39.04.290 Contracts for building engineering systems. (1) A state agency or local government may award contracts of any value for the design, fabrication, and installation of building engineering systems by: (a) Using a competitive bidding process or request for proposals process where bidders are required to provide final specifications and a bid price for the design, fabrication, and installation of building engineering systems, with the final specifications being approved by an appropriate design, engineering, and/or public regulatory body; or (b) using a competitive bidding process where bidders are required to provide final specifications for the final design, fabrication, and installation of building engineering systems as part of a larger project with the final specifications for the building engineering systems portion of the project being approved by an appropriate design, engineering, and/or public regulatory body. The provisions of chapter 39.80 RCW do not apply to the design of building engineering systems that are included as part of a contract described under this section.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Building engineering systems" means those systems where contracts for the systems customarily have been awarded with a requirement that the contractor provide final approved specifications, including fire alarm systems, building sprinkler systems, pneumatic tube systems, extensions of heating, ventilation, or air conditioning control systems, chlorination and chemical feed systems, emergency generator systems, building signage systems, pile foundations, and curtain wall systems.

(b) "Local government" means any county, city, town, school district, or other special district, municipal corporation, or quasi-municipal corporation.

(c) "State agency" means the department of enterprise services, the state parks and recreation commission, the department of fish and wildlife, the department of natural resources, any institution of higher education as defined under RCW 28B.10.016, and any other state agency delegated authority by the department of enterprise services to engage in building, renovation, remodeling, alteration, improvement, or repair activities. [2015 c 225 § 5; 2001 c 34 § 1.]

(2) "Apprentice utilization requirement" means the requirement that the appropriate percentage of labor hours be performed by apprentices.

(3) "Labor hours" means the total hours of workers receiving an hourly wage who are directly employed upon the public works project. "Labor hours" includes hours performed by workers employed by the contractor and all sub-
contractors working on the project. "Labor hours" does not include hours worked by foremen, superintendents, owners, and workers who are not subject to prevailing wage requirements.

(4) "School district" has the same meaning as in RCW 28A.315.025.

(5) "State-approved apprenticeship training program" means an apprenticeship training program approved by the Washington state apprenticeship council. [2015 c 48 § 1; 2007 c 437 § 1; 2005 c 3 § 2.]

(2) Awarding entities may adjust the requirements of this section for a specific project for the following reasons:

(a) The demonstrated lack of availability of apprentices in specific geographic areas;

(b) A disproportionately high ratio of material costs to labor hours, which does not make feasible the required minimum levels of apprentice participation;

(c) Participating contractors have demonstrated a good faith effort to comply with the requirements of RCW 39.04.300 and 39.04.310 and this section; or

(d) Other criteria the awarding entity deems appropriate, which are subject to review by the office of the governor.

(3) The secretary of the department of transportation shall adjust the requirements of this section for a specific project for the following reasons:

(4) This section applies to public works contracts awarded by the state, to public works contracts awarded by school districts, and to public works contracts awarded by state four-year institutions of higher education. However, this section does not apply to contracts awarded by state agencies headed by a separately elected public official.

(6) The secretary of transportation shall establish an apprenticeship utilization advisory committee, which shall include statewide geographic representation and consist of equal numbers of representatives of contractors and labor. The committee must include at least one member representing contractor businesses with less than thirty-five employees. The advisory committee shall meet regularly with the secretary of transportation to discuss implementation of this section by the department of transportation, including development of the process to be used to adjust the requirements of this section for a specific project.

(7) At the request of the senate labor, commerce, research and development committee, the house of representatives commerce and labor committee, or their successor committees, and the governor, the department of enterprise services and the department of labor and industries shall compile and summarize the agency data and provide a joint report to both committees. The report shall include recommendations on modifications or improvements to the apprenticeship program and information on skill shortages in each trade or craft. [2015 3rd sp.s. c 40 § 1; 2015 c 225 § 36; 2009 c 197 § 1; 2007 c 437 § 2; 2006 c 321 § 2; 2005 c 3 § 3.]

[2009 c 197 § 4.]

Effective date—2005 c 3: See note following RCW 39.04.300.

39.04.330 Use of wood products—Compliance with chapter 39.35D RCW. For purposes of determining compliance with chapter 39.35D RCW, the department of enterprise services shall credit the project for using wood products with a credible third party sustainable forest certification or from forests regulated under chapter 76.09 RCW, the Washington forest practices act. [2015 c 225 § 37; 2005 c 12 § 11.]

39.04.370 Contract requirements—Off-site prefabricated items—Submission of information. (1) For any public work estimated to cost over one million dollars, the contract must contain a provision requiring the submission of certain information about off-site, prefabricated, nonstandard, project specific items produced under the terms of the contract and produced outside Washington. The information must be submitted to the department of labor and industries under subsection (2) of this section. The information that must be provided is:

(a) The estimated cost of the public works project;

(2)(a) The required information under this section must be submitted by the contractor or subcontractor as a part of the affidavit of wages paid form filed with the department of labor and industries under RCW 39.12.040. This information is only required to be submitted by the contractor or subcontractor who directly contracted for the off-site, prefabricated, nonstandard, project specific items produced outside Washington.

(b) The department of labor and industries shall include requests for the information about off-site, prefabricated, nonstandard, project specific items produced outside Washington on the affidavit of wages paid form required under RCW 39.12.040.

(c) The department of enterprise services shall develop standard contract language to meet the requirements of subsection (1) of this section and make the language available on its web site.

(d) Failure to submit the information required in subsection (1) of this section as part of the affidavit of wages paid form does not constitute a violation of RCW 39.12.050.

39.04.380 Preference for resident contractors. (1) The department of enterprise services must conduct a survey and compile the results into a list of which states provide a bidding preference on public works contracts for their resident contractors. The list must include details on the type of preference, the amount of the preference, and how the preference is applied. The list must be updated periodically as needed. The initial survey must be completed by November 1, 2011, and by December 1, 2011, the department must submit a report to the appropriate committees of the legislature on the results of the survey. The report must include the list and recommendations necessary to implement the intent of this section and section 2, chapter 345, Laws of 2011.

(2) The department of enterprise services must distribute the report, along with the requirements of this section and section 2, chapter 345, Laws of 2011, to all state and local agencies with the authority to procure public works. The department may adopt rules and procedures to implement the reciprocity requirements in subsection (3) of this section.
However, subsection (3) of this section does not take effect until the department of enterprise services has adopted the rules and procedures for reciprocity under this subsection or announced that it will not be issuing rules or procedures pursuant to this section.

(3) In any bidding process for public works in which a bid is received from a nonresident contractor from a state that provides a percentage bidding preference, a comparable percentage disadvantage must be applied to the bid of that nonresident contractor. This subsection does not apply until the department of enterprise services has adopted the rules and procedures for reciprocity under subsection (2) of this section, or has determined and announced that rules are not necessary for implementation.

(4) A nonresident contractor from a state that provides a percentage bid preference means a contractor that:

(a) Is from a state that provides a percentage bid preference to its resident contractors bidding on public works contracts; and

(b) At the time of bidding on a public works project, does not have a physical office located in Washington.

(5) The state of residence for a nonresident contractor is the state in which the contractor was incorporated or, if not a corporation, the state where the contractor’s business entity was formed.

(6) This section does not apply to public works procured pursuant to RCW 39.04.155, 39.04.280, or any other procurement exempt from competitive bidding. [2015 c 225 § 39; 2011 c 345 § 1.]

Conflict with federal requirements—2011 c 345: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or local authority, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state or local authority." [2011 c 345 § 2.]

39.04.390 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

39.04.400 Repair or replacement of structurally deficient bridges. The repair or replacement of a city, town, or county bridge deemed structurally deficient, as defined in RCW 43.21C.470, may use the contracting process available under RCW 47.28.170. [2015 c 144 § 3.]

39.10.440 Job order procedure—Contract requirements. (1) The maximum total dollar amount that may be awarded under a job order contract is four million dollars per year for a maximum of three years. The maximum total dollar amount that may be awarded under a job order contract for the department of enterprise services, counties with a population of more than one million, and cities with a population of more than four hundred thousand is six million dollars per year for a maximum of three years.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than two job order contracts in effect at any one time, with the exception of the department of enterprise services, which may have six job order contracts in effect at any one time.

(4) At least ninety percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contract must distribute contracts as equitably as possible among qualified and available subcontractors including minority and woman-owned subcontractors to the extent permitted by law.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated.

(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor’s sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, 2021; however the job order contract may be extended or renewed as provided for in this section.

(9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter. [2015 c 173 § 1; 2013 c 222 § 19; 2007 c 494 § 403.]

(1) State agencies, the legislature, and departments shall purchase for their use all goods and services required by the legislature, agencies, or departments that are produced or provided in whole or in part from class II inmate work programs operated by the department of corrections through state contract. These goods and services shall not be purchased from any other source unless, upon application by the department or agency: (a) The department finds that the articles or products do not meet the reasonable requirements of the agency or department, (b) are not of equal or better quality, or (c) the price of the product or service is higher than that produced by the private sector. However, the criteria contained in (a), (b), and (c) of this subsection for purchasing goods and services from sources other than correctional industries do not apply to goods and services produced by correctional industries that primarily replace goods manufactured or services obtained from outside the state. The department of corrections and department shall adopt administrative rules that implement this section.

(2) Effective July 1, 2012, this section does not apply to the purchase of uniforms for correctional officers employed by the Washington state department of corrections. 39.26.255 Preferences—Purchase of products containing recycled material—Directory of suppliers—Rules. (1) The director shall develop specifications and adopt rules for the purchase of products which will provide for preferential purchase of products containing recycled material by:

(a) The use of a weighting factor determined by the amount of recycled material in a product, where appropriate and known in advance to potential bidders, to determine the lowest responsible bidder. The actual dollars bid shall be the contracted amount. If the department determines, according to criteria established by rule that the use of this weighting factor does not encourage the use of more recycled material, the department shall consider and award bids without regard to the weighting factor. In making this determination, the department shall consider but not be limited to such factors as adequate competition, economics or environmental constraints, quality, and availability.

(b) Requiring a written statement of the percentage range of recycled content from the bidder providing products containing recycled material. The range may be stated in five percent increments.

(2) The director shall develop a directory of businesses that have a master contract with the department that supply products containing significant quantities of recycled materials. This directory may be combined with and made accessible through the database of recycled content products to be developed under RCW 43.19A.060.

(3) The director shall encourage all parties using the state purchasing office to purchase products containing recycled materials.

(4) The rules, specifications, and bid evaluation shall be consistent with recycled content standards adopted under RCW 43.19A.020. [2015 c 79 § 8; 2011 1st sp.s. c 43 § 228; 1991 c 297 § 5; 1988 c 175 § 2; 1987 c 505 § 26; 1982 c 61 § 2. Formerly RCW 43.19.003.]

39.26.271 Rules for reciprocity in bidding. The director shall adopt and apply rules designed to provide for some reciprocity in bidding between Washington and those states having statutes or regulations on the list under RCW 39.26.270. The director shall have broad discretionary power in developing these rules and the rules shall provide for reciprocity only to the extent and in those instances where the director considers it appropriate. For the purpose of determining the lowest responsible bidder pursuant to RCW 39.26.160, such rules shall (1) require the director to impose a reciprocity increase on bids when appropriate under the rules and (2) establish methods for determining the amount of the increase. In no instance shall such increase, if any, be paid to a vendor whose bid is accepted. [2015 c 79 § 9; 2011 1st sp.s. c 43 § 241; 1983 c 183 § 3. Formerly RCW 43.19.704.]

Any agency of the state government when acting jointly with any public agency may exercise and enjoy all of the powers, privileges and authority conferred by this chapter upon a public agency.

(2) Any two or more public agencies may enter into agreements with one another for joint or cooperative action pursuant to the provisions of this chapter, except that any such joint or cooperative action by public agencies which are educational service districts and/or school districts shall comply with the provisions of RCW 28A.320.080. Appropriate action by ordinance, resolution or otherwise pursuant to law of the governing bodies of the participating public agencies shall be necessary before any such agreement may enter into force.

(3) Any such agreement shall specify the following:

(a) Its duration;

(b) The precise organization, composition and nature of any separate legal or administrative entity created thereby together with the powers delegated thereto, provided such entity may be legally created. Such entity may include a non-profit corporation organized pursuant to chapter 24.03 or 24.06 RCW whose membership is limited solely to the participating public agencies or a partnership organized pursuant to chapter 25.04 or 25.05 RCW whose partners are limited solely to participating public agencies, or a limited liability company organized under chapter 25.15 RCW whose membership is limited solely to participating public agencies, and the funds of any such corporation, partnership, or limited liability company shall be subject to audit in the manner provided by law for the auditing of public funds;

(c) Its purpose or purposes;

(d) The manner of financing the joint or cooperative undertaking and of establishing and maintaining a budget therefor;

(e) The permissible method or methods to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property upon such partial or complete termination; and

(a) Provision for an administrator or a joint board responsible for administering the joint or cooperative undertaking. In the case of a joint board, public agencies that are party to the agreement shall be represented; and

(b) The manner of acquiring, holding and disposing of real and personal property used in the joint or cooperative undertaking. Any joint board is authorized to establish a special fund with a state, county, city, or district treasurer servicing an involved public agency designated "Operating fund of . . . . . . . joint board."

(5) No agreement made pursuant to this chapter relieves any public agency of any obligation or responsibility imposed upon it by law except that:

(a) To the extent of actual and timely performance thereof by a joint board or other legal or administrative entity created by an agreement made pursuant to this chapter, the performance may be offered in satisfaction of the obligation or responsibility; and

(b) With respect to one or more public agencies purchasing or otherwise contracting through a bid, proposal, or contract awarded by another public agency or by a group of public agencies, any statutory obligation to provide notice for bids or proposals that applies to the public agencies involved is satisfied if the public agency or group of public agencies that awarded the bid, proposal, or contract complied with its own statutory requirements and either (i) posted the bid or solicitation notice on a web site established and maintained by a public agency, purchasing cooperative, or similar service provider, for purposes of posting public notice of bid or proposal solicitations, or (ii) provided an access link on the state's web portal to the notice.

(6)(a) Any two or more public agencies may enter into a contract providing for the joint utilization of architectural or engineering services if:

Finding—2008 c 198: "The legislature finds that it is in the public inter-
est for public utility districts to develop renewable energy projects to meet
requirements enacted by the people in Initiative Measure No. 937 and goals of
diversifying energy resource portfolios. By developing more efficient and
cost-effective renewable energy projects, public utility districts will keep
power costs as low as possible for their customers. Consolidating and clari-
fying statutory provisions governing various aspects of public utility district
renewable energy project development will reduce planning time and ex-
 pense to meet these objectives." [2008 c 198 § 1.]

ENERGY CONSERVATION IN DESIGN OF PUBLIC FACILITIES

Sections
39.35.010 Legislative finding.
39.35.020 Legislative declaration.
39.35.030 Definitions.
39.35.040 Facility design to include life-cycle cost analysis.
39.35.060 Life-cycle cost analysis—Review fees.

39.35.010 Legislative finding. The legislature hereby finds:

(1) That major publicly owned or leased facilities have a
significant impact on our state's consumption of energy;

(2) That energy conservation practices including energy
management systems, combined heat and power systems, and
renewable energy systems adopted for the design, construc-
tion, and utilization of such facilities will have a beneficial
effect on our overall supply of energy;

(3) That the beneficial effect of the electric output from
combined heat and power systems includes both energy and
capacity value;

(4) That the cost of the energy consumed by such facili-
ties over the life of the facilities shall be considered in addi-
tion to the initial cost of constructing such facilities;

(5) That the cost of energy is significant and major facili-
ity designs shall be based on the total life-cycle cost, includ-
ing the initial construction cost, and the cost, over the eco-
nomic life of a major facility, of the energy consumed, and of
the operation and maintenance of a major facility as they
affect energy consumption; and

(6) That the use of energy systems in these facilities
which utilize combined heat and power or renewable
resources such as solar energy, wood or wood waste, or other
nonconventional fuels, and which incorporate energy man-
agement systems, shall be considered in the design of all pub-
licly owned or leased facilities. [2015 3rd sp.s. c 19 § 3; 1982
c 159 § 2; 1975 1st ex.s.c. 177 § 1.]

Finding—Intent—2015 3rd sps. c 19: "The legislature finds that it is
in the public interest to encourage and foster the development of a thermal
standard and to encourage combined heat and power ( cogeneration) systems
throughout the state. Combined heat and power systems can help the state
achieve energy independence and comply with new federal electric energy
emission efficiency standards by generating both electric power and useful
thermal energy from a single fuel source, thereby increasing energy effi-
ciency and decreasing grid-based emissions. It is the intent of the legislature
to promote the deployment of combined heat and power by requiring consid-
eration of combined heat and power systems in the construction of new crit-
ical governmental facilities, incorporating reports on combined heat and
power facilities in integrated resource plans, and streamlining the process by
which combined heat and power facilities obtain permits." [2015 3rd sps. c
19 § 1.]

Findings—2001 c 214: "(1) The legislature hereby finds that:
(a) The economy of the state and the health, safety, and welfare of its cit-
zens are threatened by the current energy supply and price instabilities;
(b) Many energy efficiency programs for public buildings launched dur-
ings the 1970s and 1980s were not maintained during the subsequent sus-
tained period of low energy costs and abundant supply; and
(c) Conservation programs originally established in the 1970s and 1980s
can be improved or updated. New programs drawing on recently developed
technologies, including demand-side energy management systems, can
materially increase the efficiency of energy use by the public sector.

(2) It is the policy of the state of Washington that:
(a) State government is committed to achieving significant gains in
energy efficiency. Conventional conservation programs will be reviewed
and updated in light of experience gained since their commencement;
(b) State government must play a leading role in demonstrating updated
and new energy efficiency technologies. New programs or measures made
possible by technological advances, such as demand-side response measures
and energy management systems, shall be treated in the same manner as con-
ventional conservation programs and will be integrated into the state's energy
efficiency programs." [2001 c 214 § 14.]

39.35.020 Legislative declaration. The legislature declares that it is the public policy of this state to ensure that
energy conservation practices and renewable energy systems are employed in the design of major publicly owned or leased
facilities and that the use of at least one renewable energy or combined heat and power system is considered. To this end
the legislature authorizes and directs that public agencies analyze the cost of energy consumption of each major facility
and each critical governmental facility to be planned and constructed or renovated after September 8, 1975. [2015 3rd
sps. c 19 § 3; 1982 c 159 § 2; 1975 1st ex.s.c. 177 § 2.]

(e) For a critical governmental facility, a combined heat and power system feasibility assessment, including but not limited to an evaluation of: (i) Whether equipping the facility with a combined heat and power system would result in expected energy savings in excess of the expected costs of purchasing, operating, and maintaining the system over a fifteen-year period; and (ii) the cost of integrating the variability of combined heat and power resources.
The energy-consumption analysis shall be prepared by a professional engineer or licensed architect who may use computers or such other methods as are capable of producing predictable results.

39.35.040 Facility design to include life-cycle cost analysis. Whenever a public agency determines that any major facility or a critical governmental facility is to be constructed or renovated, such agency shall cause to be included in the design phase of such construction or renovation a provision that requires a life-cycle cost analysis conforming with the guidelines developed in RCW 39.35.050 to be prepared for such facility. Such analysis shall be approved by the agency prior to the commencement of actual construction or renovation. A public agency may accept the facility design if the agency is satisfied that the life-cycle cost analysis provides for an efficient energy system or systems based on the economic life of the facility.

Nothing in this section prohibits the construction or renovation of major facilities or critical governmental facilities that utilize renewable energy or combined heat and power systems. [2015 3rd sp.s. c 19 § 5; 1994 c 242 § 2; 1982 c 159 § 4; 1975 1st ex.s. c 177 § 4.]

39.35.060 Life-cycle cost analysis—Review fees. The department may impose fees upon affected public agencies for the review of life-cycle cost analyses. The fees shall be deposited in the enterprise services account. The purpose of the fees is to recover the costs by the department for review of the analyses. 41.04.340 State employee attendance incentive program—Sick leave records to be kept—Remuneration or benefits for unused sick leave—Medical expense plan in lieu of remuneration.

(1) An attendance incentive program is established for all eligible employees. As used in this section the term "eligible employee" means any employee of the state, other than eligible employees of the community and technical colleges and the state board for community and technical colleges identified in RCW 28B.50.553, and teaching and research faculty at the state and regional universities and The Evergreen State College, entitled to accumulate sick leave and for whom accurate sick leave records have been maintained. No employee may receive compensation under this section for any portion of sick leave accumulated at a rate in excess of one day per month. The state and regional universities and The Evergreen State College shall maintain complete and accurate sick leave records for all teaching and research faculty.

(2) In January of the year following any year in which a minimum of sixty days of sick leave is accrued, and each January thereafter, any eligible employee may receive remuneration for unused sick leave accumulated in the previous year at a rate equal to one day's monetary compensation of the employee for each four full days of accrued sick leave in excess of sixty days. Sick leave for which compensation has been received shall be deducted from accrued sick leave at the rate of four days for every one day's monetary compensation.

From July 1, 2011, through June 29, 2013, the rate of monetary compensation for the purposes of this subsection shall not be reduced by any temporary salary reduction.

(3) At the time of separation from state service due to retirement or death, an eligible employee or the employee's estate may elect to receive remuneration at a rate equal to one day's current monetary compensation of the employee for each four full days of accrued sick leave. From July 1, 2011, through June 29, 2013, the rate of monetary compensation for the purposes of this subsection shall not be reduced by any temporary salary reduction.

(4) Remuneration or benefits received under this section shall not be included for the purpose of computing a retirement allowance under any public retirement system in this state.

(5) Except as provided in subsections (7) through (9) of this section for employees not covered by chapter 41.06 RCW, this section shall be administered, and rules shall be adopted to carry out its purposes, by the director of financial management for persons subject to chapter 41.06 RCW.

(6) Should the legislature revoke any remuneration or benefits granted under this section, no affected employee shall be entitled thereafter to receive such benefits as a matter of contractual right.

(7) In lieu of remuneration for unused sick leave at retirement as provided in subsection (3) of this section, an agency head or designee may with equivalent funds, provide eligible employees with a benefit plan that provides for reimbursement for medical expenses. This plan shall be implemented only after consultation with affected groups of employees. For eligible employees covered by chapter 41.06 RCW, procedures for the implementation of these plans shall be adopted by the director of the state health care authority. For eligible employees exempt from chapter 41.06 RCW, implementation procedures shall be adopted by an agency head having jurisdiction over the employees.

(8) Implementing procedures adopted by the director of the state health care authority or agency heads shall require that each medical expense plan authorized by subsection (7) of this section apply to all eligible employees in any one of the following groups: (a) Employees in an agency; (b) employees in a major organizational subdivision of an agency; (c) employees at a major operating location of an agency; (d) exempt employees under the jurisdiction of an elected or appointed Washington state executive; (e) employees of the Washington state senate; (f) employees of the Washington state house of representatives; (g) classified employees in a bargaining unit established by the public employment relations commission; or (h) other group of employees defined by an agency head that is not designed to provide an individual-employee choice regarding participation in a medical expense plan. However, medical expense plans for eligible employees in any of the groups under (a) through (h) of this subsection who are covered by a collective bargaining agreement shall be implemented only by written agreement with the bargaining unit's exclusive representative and a separate medical expense plan may be provided for unrepresented employees.

(9) Medical expense plans authorized by subsection (7) of this section must require as a condition of participation in the plan that employees in the group affected by the plan sign an agreement with the employer. The agreement must include a provision to hold the employer harmless should the United States government find that the employer or the employee is
in debt to the United States as a result of the employee not paying income taxes due on the equivalent funds placed into the plan, or as a result of the employer not withholding or deducting a tax, assessment, or other payment on the funds as required by federal law. The agreement must also include a provision that requires an eligible employee to forfeit remuneration under subsection (3) of this section if the employee belongs to a group that has been designated to participate in the medical expense plan permitted under this section and the employee refuses to execute the required agreement. 41.04.665 Leave sharing program—When employee may receive leave—When employee may transfer accrued leave—Transfer of leave between employees of different agencies—Rules. (1) An agency head may permit an employee to receive leave under this section if:

(a) (i) The employee suffers from, or has a relative or household member suffering from, an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature;

(ii) The employee has been called to service in the uniformed services;

(iii) A state of emergency has been declared anywhere within the United States by the federal or any state government and the employee has needed skills to assist in responding to the emergency or its aftermath and volunteers his or her services to either a governmental agency or to a nonprofit organization engaged in humanitarian relief in the devastated area, and the governmental agency or nonprofit organization accepts the employee's offer of volunteer services; or

(iv) The employee is a victim of domestic violence, sexual assault, or stalking;

(b) The illness, injury, impairment, condition, call to service, emergency volunteer service, or consequence of domestic violence, sexual assault, temporary layoff under section 3(5), chapter 32, Laws of 2010 1st sp. sess., or stalking has caused, or is likely to cause, the employee to:

(i) Go on leave without pay status; or

(ii) Terminate state employment;

(c) The employee's absence and the use of shared leave are justified;

(d) The employee has depleted or will shortly deplete his or her:

(i) Annual leave and sick leave reserves if he or she qualifies under (a)(i) of this subsection;

(ii) Annual leave and paid military leave allowed under RCW 38.40.060 if he or she qualifies under (a)(ii) of this subsection;

(iii) Annual leave if he or she qualifies under (a)(iii) or (iv) of this subsection;

(e) The employee has abided by agency rules regarding:

However, an employee shall not receive a total of more than five hundred twenty-two days of leave, except that, a supervisor may authorize leave in excess of five hundred twenty-two days in extraordinary circumstances for an employee qualifying for the shared leave program because he or she is suffering from an illness, injury, impairment, or physical or mental condition which is of an extraordinary or severe nature. Shared leave received under the uniformed service shared leave pool in RCW 41.04.685 is not included in this total.

(3) An employee may transfer annual leave, sick leave, and his or her personal holiday, as follows:

(a) An employee who has an accrued annual leave balance of more than ten days may request that the head of the agency for which the employee works transfer a specified amount of annual leave to another employee authorized to receive leave under subsection (1) of this section. In no event may the employee request a transfer of an amount of leave that would result in his or her annual leave account going below ten days. For purposes of this subsection (3)(a), annual leave does not accrue if the employee receives compensation in lieu of accumulating a balance of annual leave.

(b) An employee may transfer a specified amount of sick leave to an employee requesting shared leave only when the donating employee retains a minimum of one hundred seventy-six hours of sick leave after the transfer.

(c) An employee may transfer, under the provisions of this section relating to the transfer of leave, all or part of his or her personal holiday, as that term is defined under RCW 1.16.050, or as such holidays are provided to employees by agreement with a school district's board of directors if the leave transferred under this subsection does not exceed the amount of time provided for personal holidays under RCW 1.16.050.

amount of sick leave to another employee authorized to receive leave under subsection (1) of this section. In no event may such an employee request a transfer that would result in his or her sick leave account going below twenty-two days. Transfers of sick leave under this subsection are limited to transfers from employees who do not accrue annual leave. Under this subsection, "sick leave" also includes leave accrued pursuant to RCW 28A.400.300(1)(b) or 28A.310.240(1) with compensation for illness, injury, and emergencies.

(5) Transfers of leave made by an agency head under subsections (3) and (4) of this section shall not exceed the requested amount.

(a) All salary and wage payments made to employees while on leave transferred under this section shall be made by the agency employing the person receiving the leave. The value of leave transferred shall be based upon the leave value of the person receiving the leave.

(b) In the case of leave transferred by an employee of one agency to an employee of another agency, the agencies involved shall arrange for the transfer of funds and credit for the appropriate value of leave.

(i) Pursuant to rules adopted by the office of financial management, funds shall not be transferred under this section if the transfer would violate any constitutional or statutory restrictions on the funds being transferred.

(ii) The office of financial management may adjust the appropriation authority of an agency receiving funds under this section only if and to the extent that the agency’s existing appropriation authority would prevent it from expending the funds received.

(iii) Where any questions arise in the transfer of funds or the adjustment of appropriation authority, the director of financial management shall determine the appropriate transfer or adjustment.

(8) Leave transferred under this section shall not be used in any calculation to determine an agency’s allocation of full time equivalent staff positions.

(9) The value of any leave transferred under this section which remains unused shall be returned at its original value to the employee or employees who transferred the leave when the agency head finds that the leave is no longer needed or will not be needed at a future time in connection with the illness or injury for which the leave was transferred or for any other qualifying condition. Before the agency head makes a determination to return unused leave in connection with an illness or injury, or any other qualifying condition, he or she must receive from the affected employee a statement from the employee’s doctor verifying that the illness or injury is resolved. To the extent administratively feasible, the value of unused leave which was transferred by more than one employee shall be returned on a pro rata basis.

(10) An employee who uses leave that is transferred to him or her under this section may not be required to repay the value of the leave that he or she used.

(11) The director of financial management may adopt rules as necessary to implement subsection (2) of this section.

41.04.680 Pooled sick leave—Plan establishment—Calculations—Participation—Higher education institutions. The office of financial management and other personnel authorities shall adopt rules or policies governing the accumulation and use of sick leave for state agency and department employees, expressly for the establishment of a plan allowing participating employees to pool sick leave and allowing any sick leave thus pooled to be used by any participating employee who has used all of the sick leave, annual leave, and compensatory leave that has been personally accrued by him or her. Each department or agency of the state may allow employees to participate in a sick leave pool established by the office of financial management and other personnel authorities.

(1) For purposes of calculating maximum sick leave that may be donated or received by any one employee, pooled sick leave:

(a) Is counted and converted in the same manner as sick leave under the Washington state leave sharing program as provided in this chapter; and

(b) Does not create a right to sick leave in addition to the amount that may be donated or received under the Washington state leave sharing program as provided in this chapter.

(2) The office of financial management and other personnel authorities, except the personnel authorities for higher education institutions, shall adopt rules which provide:

(a) That employees are eligible to participate in the sick leave pool after one year of employment with the state or agency of the state if the employee has accrued a minimum amount of unused sick leave, to be established by rule;

(b) That participation in the sick leave pool shall, at all times, be voluntary on the part of the employees;

(c) That any sick leave pooled shall be removed from the personally accumulated sick leave balance of the employee contributing the leave;

(d) That any sick leave in the pool that is used by a participating employee may be used only for the employee’s personal illness, accident, or injury;

(e) That a participating employee is not eligible to use sick leave accumulated in the pool until all of his or her per-
sonally accrued sick, annual, and compensatory leave has been used;

(f) A maximum number of days of sick leave in the pool that any one employee may use;

(g) That a participating employee who uses sick leave from the pool is not required to recontribute such sick leave to the pool, except as otherwise provided in this section;

(h) That an employee who cancels his or her membership in the sick leave pool is not eligible to withdraw the days of sick leave contributed by that employee to the pool;

(i) That an employee who transfers from one position in state government to another position in state government may transfer from one pool to another if the eligibility criteria of the pools are comparable and the administrators of the pools have agreed on a formula for transfer of credits;

(j) That alleged abuse of the use of the sick leave pool shall be investigated, and, on a finding of wrongdoing, the employee shall repay all of the sick leave credits drawn from the sick leave pool and shall be subject to such other disciplinary action as is determined by the agency head;

(k) That sick leave credits may be drawn from the sick leave pool by a part-time employee on a pro rata basis; and

(l) That each department or agency shall maintain accurate and reliable records showing the amount of sick leave which has been accumulated and is unused by employees, in accordance with guidelines established by the office of financial management.

(3) Personnel authorities for higher education institutions shall adopt policies consistent with the needs of the employees under their respective jurisdictions. [2015 3rd sp.s. c 1 § 313; 2011 1st sp.s. c 43 § 437; 2006 c 356 § 1.1]

Nothing in this subsection shall prohibit changes or increases in employee point-of-service payments or employee premium payments for benefits or the administration of a high deductible health plan in conjunction with a health savings account. The board may establish employee eligibility criteria which are not substantially equivalent to employee eligibility criteria in effect on January 1, 1993.

(4) Except if bargained for under chapter 41.80 RCW, the board shall design benefits and determine the terms and conditions of employee and retired employee participation and coverage, including establishment of eligibility criteria subject to the requirements of this chapter. Employer groups obtaining benefits through contractual agreement with the authority for employees defined in RCW 41.05.011(6)(a) through (d) may contractually agree with the authority to benefits eligibility criteria which differs from that determined by the board. The eligibility criteria established by the board shall be no more restrictive than the following:

A benefits-eligible seasonal employee who works a season of less than nine months shall not be eligible for the employer contribution during the off season, but may continue enrollment in benefits during the off season by self-paying for the benefits. A benefits-eligible seasonal employee who works a season of nine months or more is eligible for the employer contribution through the off season following each season worked.

(c) Faculty are eligible as follows:

(i) Faculty who the employing agency anticipates will work half-time or more for the entire instructional year or equivalent nine-month period are eligible for benefits from the date of employment. Eligibility shall continue until the beginning of the first full month of the next instructional...
year, unless the employment relationship is terminated, in which case eligibility shall cease the first month following the notice of termination or the effective date of the termination, whichever is later.

(ii) Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period are eligible for benefits at the beginning of the second consecutive quarter or semester of employment in which he or she is anticipated to work, or has actually worked, half-time or more. Such an employee shall continue to receive uninterrupted employer contributions for benefits if the employee works at least half-time in a quarter or semester. Faculty who the employing agency anticipates will not work for the entire instructional year or equivalent nine-month period, but who actually work half-time or more throughout the entire instructional year, are eligible for summer or off-quarter or off-semester coverage. Faculty who have met the criteria of this subsection (4)(c)(ii), who work at least two quarters or two semesters of the academic year with an average academic year workload of half-time or more for three quarters or two semesters of the academic year, and who have worked an average of half-time or more in each of the two preceding academic years shall continue to receive uninterrupted employer contributions for benefits if he or she works at least half-time in a quarter or semester or works two quarters or two semesters of the academic year with an average academic workload each academic year of half-time or more for three quarters or two semesters. Eligibility under this section ceases immediately if this criteria is not met.

(iii) Faculty may establish or maintain eligibility for benefits by working for more than one institution of higher education. When faculty work for more than one institution of higher education, those institutions shall prorate the employer contribution costs, or if eligibility is reached through one institution, that institution will pay the full employer contribution. Faculty working for more than one institution must alert his or her employers to his or her potential eligibility in order to establish eligibility.

(iv) The employing agency must provide written notice to faculty who are potentially eligible for benefits under this subsection (4)(c) of their potential eligibility.

(v) To be eligible for maintenance of benefits through averaging under (c)(ii) of this subsection, faculty must provide written notification to his or her employing agency or agencies of his or her potential eligibility.

All other elected and full-time appointed officials of the legislative and executive branches of state government are eligible for benefits on the date his or her term begins or they take the oath of office, whichever occurs first.

(e) A justice of the supreme court and judges of the court of appeals and the superior courts become eligible for benefits on the date he or she takes the oath of office.

(f) Except as provided in (c)(i) and (ii) of this subsection, eligibility ceases for any employee the first of the month following termination of the employment relationship.

(g) In determining eligibility under this section, the employing agency may disregard training hours, standby hours, or temporary changes in work hours as determined by the authority under this section.

(h) Insurance coverage for all eligible employees begins on the first day of the month following the date when eligibility for benefits is established. If the date eligibility is established is the first working day of a month, insurance coverage begins on that date.

(i) Eligibility for an employee whose work circumstances are described by more than one of the eligibility categories in (a) through (e) of this subsection shall be determined solely by the criteria of the category that most closely describes the employee's work circumstances.

(j) Except for an employee eligible for benefits under (b) or (c)(ii) of this subsection, an employee who has established eligibility for benefits under this section shall remain eligible for benefits each month in which he or she is in pay status for eight or more hours, if (i) he or she remains in a benefits-eligible position and (ii) leave from the benefits-eligible position is approved by the employing agency. A benefits-eligible seasonal employee is eligible for the employer contribution in any month of his or her season in which he or she is in pay status eight or more hours during that month. Eligibility ends if these conditions are not met, the employment relationship is terminated, or the employee voluntarily transfers to a non-eligible position.

(k) For the purposes of this subsection, the board shall define "benefits-eligible position."

(5) The board may authorize premium contributions for an employee and the employee's dependents in a manner that encourages the use of cost-efficient managed health care systems.

(iii) Any impact of enrollment in alternatives to the most comprehensive plan, including the high deductible health plan with a health savings account, upon the cost of health benefits for those employees who have chosen to remain enrolled in the most comprehensive plan.
(7) Notwithstanding any other provision of this chapter, for any open enrollment period following August 24, 2011, the board shall offer a high deductible health plan in conjunction with a health savings account developed under subsection (6) of this section. 

(8) Employees shall choose participation in one of the health care benefit plans developed by the board and may be permitted to waive coverage under terms and conditions established by the board. 

(9) The board shall review plans proposed by insuring entities that desire to offer property insurance and/or accident and casualty insurance to state employees through payroll deduction. The board may approve any such plan for payroll deduction by insuring entities holding a valid certificate of authority in the state of Washington and which the board determines to be in the best interests of employees and the state. The board shall adopt rules setting forth criteria by which it shall evaluate the plans.

(a) Participation of eligible employees or retired employees and retired school employees in any long-term care insurance plan made available by the public employees' benefits board is voluntary and shall not be subject to binding arbitration under chapter 41.56 RCW. Participation is subject to reasonable underwriting guidelines and eligibility rules established by the public employees' benefits board and the health care authority.

The health care authority is authorized to charge a reasonable administrative fee in addition to the premium charged by the long-term care insurer, which shall include the health care authority's cost of administration, marketing, and consumer education materials prepared by the health care authority and the office of the insurance commissioner. 

(c) To the extent administratively possible, the state shall establish an automatic payroll or pension deduction system for the payment of the long-term care insurance premiums.

(f) In developing the long-term care insurance benefit designs, the public employees' benefits board shall include an alternative plan of care benefit, including adult day services, as approved by the office of the insurance commissioner. 

(g) The health care authority, with the cooperation of the office of the insurance commissioner, shall develop a consumer education program for the eligible employees, retired employees, and retired school employees designed to provide education on the potential need for long-term care, methods of financing long-term care, and the availability of long-term care insurance products including the products offered by the board.

41.05.730 Ground emergency medical transportation services—Medicaid reimbursement—Calculation—Federal approval—Department’s duties. (1) An eligible provider, as described in subsection (2) of this section, must, in addition to the rate of payment that the provider would otherwise receive for medicaid ground emergency medical transportation services, receive supplemental medicaid reimbursement to the extent provided by law.

(2) A provider is eligible for supplemental reimbursement only if the provider has all of the following characteristics continuously during a state fiscal year:
   (a) Provides ground emergency medical transportation services to medicaid beneficiaries:
   (b) Is a provider that is enrolled as a medicaid provider for the period being claimed;
   (c) Is owned or operated by the state, a city, county, fire protection district, community services district, health care district, federally recognized Indian tribe or any unit of government as defined in 42 C.F.R. Sec. 433.50;

(3) An eligible provider’s supplemental reimbursement pursuant to this section must be calculated and paid as follows:
   (a) The supplemental reimbursement to an eligible provider, as described in subsection (2) of this section, must be equal to the amount of federal financial participation received as a result of the claims submitted pursuant to subsection (6)(b) of this section;
   (b) In no instance may the amount certified pursuant to subsection (5)(a) of this section, when combined with the amount received from all other sources of reimbursement from the medicaid program, exceed one hundred percent of actual costs, as determined pursuant to the medicaid state plan, for ground emergency medical transportation services;
   (c) The supplemental medicaid reimbursement provided by this section must be distributed exclusively to eligible providers under a payment methodology based on ground emergency medical transportation services provided to medicaid beneficiaries by eligible providers on a per-transport basis or other federally permissible basis. The authority shall obtain approval from the federal centers for medicare and medicaid services for the payment methodology to be utilized, and may not make any payment pursuant to this section prior to obtaining that approval.

(4)(a) It is the legislature’s intent in enacting this section to provide the supplemental reimbursement described in this section without any expenditure from the general fund. An eligible provider, as a condition of receiving supplemental reimbursement pursuant to this section, shall enter into, and maintain, an agreement with the authority for the purposes of implementing this section and reimbursing the department for the costs of administering this section.

(b) The nonfederal share of the supplemental reimbursement submitted to the federal centers for medicare and medicaid services for purposes of claiming federal financial participation shall be paid only with funds from the government entities described in subsection (2)(c) of this section and certified to the state as provided in subsection (5) of this section.

(5) Participation in the program by an eligible provider described in this section is voluntary. If an applicable governmental entity elects to seek supplemental reimbursement pursuant to this section on behalf of an eligible provider owned or operated by the entity, as described in subsection (2)(c) of this section, the governmental entity shall do all of the following:
   (a) Certify, in conformity with the requirements of 42 C.F.R. Sec. 433.51, that the claimed expenditures for the ground emergency medical transportation services are eligible for federal financial participation;
   (b) Provide evidence supporting the certification as specified by the department;
   (c) Submit data as specified by the department to determine the appropriate amounts to claim as expenditures qualifying for federal financial participation;
   (d) Keep, maintain, and have readily retrievable, any records specified by the department to fully disclose reimbursement amounts to which the eligible provider is entitled, and any other records required by the federal centers for medicare and medicaid services.

(6) The department shall promptly seek any necessary federal approvals for the implementation of this section. The department may limit the program to those costs that are allowable expenditures under Title XIX of the federal social security act (42 U.S.C. Sec. 1396 et seq.). If federal approval is not obtained for implementation of this section, this section may not be implemented.

(a) The department shall submit claims for federal financial participation for the expenditures for the services described in subsection (5) of this section that are allowable expenditures under federal law.

(b) The department shall, on an annual basis, submit any necessary materials to the federal government to provide assurances that claims for federal financial participation will include only those expenditures that are allowable under federal law.

(7) If either a final judicial determination is made by any court of appellate jurisdiction or a final determination is made by the administrator of the federal programs for medicare and medicaid services that the supplemental reimbursement provided for in this section must be made to any provider not described in this section, the director shall execute a declaration stating that the determination has been made and on that date this section becomes inoperative. [2015 c 147 § 1.]
(2) A provider is eligible for increased reimbursement pursuant to this section only if the provider meets both of the following conditions in an applicable state fiscal year:

(a) Provides ground emergency medical transport services to Medicaid managed care enrollees pursuant to a contract or other arrangement with a Medicaid managed care plan.

(b) Is owned or operated by the state, a city, county, fire protection district, special district, community services district, health care district, federally recognized Indian tribe or unit of government as defined in 42 C.F.R. Sec. 433.50.

(3) To the extent intergovernmental transfers are voluntarily made by, and accepted from, an eligible provider described in subsection (2) of this section, or a governmental entity affiliated with an eligible provider, the department shall make increased capitation payments to applicable Medicaid managed care plans for covered ground emergency medical transportation services.

(a) The increased capitation payments made pursuant to this section must be in amounts at least actuarially equivalent to the supplemental fee-for-service payments available for eligible providers to the extent permissible under federal law.

(b) Except as provided in subsection (6) of this section, all funds associated with intergovernmental transfers made and accepted pursuant to this section must be used to fund additional payments to eligible providers.

(c) Medicaid managed care plans shall pay one hundred percent of any amount of increased capitation payments made pursuant to this section to eligible providers for providing and making available ground emergency medical transport and paramedical services pursuant to a contract or other arrangement with a Medicaid managed care plan.

(4) The intergovernmental transfer program developed pursuant to this section must be implemented on the date federal approval was obtained, and only to the extent intergovernmental transfers from the eligible provider, or the governmental entity with which it is affiliated, are provided for this purpose. To the extent permitted by federal law, the department may implement the intergovernmental transfer program and increased capitation payments pursuant to this section on a retroactive basis as needed.

(5) Participation in the intergovernmental transfers under this section is voluntary on the part of the transferring entities for purposes of all applicable federal laws.

(6) This section must be implemented without any additional expenditure from the state general fund. As a condition of participation under this section, each eligible provider as described in subsection (2) of this section, or the governmental entity affiliated with an eligible provider, shall agree to reimburse the department for any costs associated with implementing this section. Intergovernmental transfers described in this section are subject to a twenty percent administration fee of the nonfederal share paid to the department and is allowed to count as a cost of providing the services.

(7) As a condition of participation under this section, Medicaid managed care plans, eligible providers as described in subsection (2) of this section, and governmental entities affiliated with eligible providers shall agree to comply with any requests for information or similar data requirements imposed by the department for purposes of obtaining supporting documentation necessary to claim federal funds or to obtain federal approvals.

(8) This section must be implemented only if and to the extent federal financial participation is available and is not otherwise jeopardized, and any necessary federal approvals have been obtained.

(9) To the extent that the director determines that the payments made pursuant to this section do not comply with federal Medicaid requirements, the director retains the discretion to return or not accept an intergovernmental transfer, and may adjust payments pursuant to this section as necessary to comply with federal Medicaid requirements.

(10) To the extent federal approval is obtained, the increased capitation payments under this section may commence for dates of service on or after January 1, 2015. [2015 c 147 § 2.]

This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2) A retiree from plan 1, plan 2, or plan 3 who has satisfied the break in employment requirement of subsection (1) of this section may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 28B.10.400, 2013 2nd sp.s. c 4 § 969; 2008 c 99 § 4.

(1) Except as provided by RCW 41.50.255 and subsection (6) of this section, all expenses of the administration of the department, the expenses of administration of the retirement systems, and the expenses of the administration of the office of the state actuary created in chapters 2.10, 2.12, 28B.10, 41.26, 41.32, 41.40, 41.34, 41.35, 41.37, 43.43, and 44.44 RCW shall be paid from the department of retirement systems expense fund.

(2) In order to reimburse the department of retirement systems expense fund on an equitable basis the department shall ascertain and report to each employer, as defined in RCW 28B.10.400, 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, the sum necessary to defray its proportional share of the entire expense of the administration of the retirement system that the employer participates in during the ensuing biennium or fiscal year whichever may be required. Such sum is to be computed in an amount directly proportional to the estimated entire expense of the administration as the ratio of monthly salaries of the employer's members bears to the total salaries of all members in the entire system. It shall then be the duty of all such employers to include in their budgets or otherwise provide the amounts so required.

(3) The department shall compute and bill each employer, as defined in RCW 28B.10.400, 41.26.030, 41.32.010, 41.35.010, 41.37.010, or 41.40.010, at the end of each month for the amount due for that month to the department of retirement systems expense fund and the same shall be paid as are its other obligations. Such computation as to each employer shall be made on a percentage rate of salary established by the department. However, the department may at its discretion establish a system of billing based upon cal-
endary year quarters in which event the said billing shall be at the end of each such quarter.

(4) The director may adjust the expense fund contribution rate for each system at any time when necessary to reflect unanticipated costs or savings in administering the department.

(5) An employer who fails to submit timely and accurate reports to the department may be assessed an additional fee related to the increased costs incurred by the department in processing the deficient reports. Fees paid under this subsection shall be deposited in the retirement system expense fund.

(a) Every six months the department shall determine the amount of an employer's fee by reviewing the timeliness and accuracy of the reports submitted by the employer in the preceding six months. If those reports were not both timely and accurate the department may prospectively assess an additional fee under this subsection.

(b) An additional fee assessed by the department under this subsection shall not exceed fifty percent of the standard fee.

(c) The department shall adopt rules implementing this section.

(6) Expenses other than those under RCW 41.34.060(4) shall be paid pursuant to subsection (1) of this section.

(7) During the 2009-2011 and 2011-2013 fiscal biennia, the legislature may transfer from the department of retirement systems' expense fund to the state general fund such amounts as reflect the excess fund balance of the fund. During the 2015-2017 fiscal biennium, state contributions to the judicial retirement system may be made in part by appropriations from the department of retirement systems expense fund. STATE COLLECTIVE BARGAINING

Sections

41.80.020 Scope of bargaining.

41.80.020 Scope of bargaining. (1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

(2) The employer is not required to bargain over matters pertaining to:

(a) Health care benefits or other employee insurance benefits, except as required in subsection (3) of this section;

(b) Any retirement system or retirement benefit; or

(c) Rules of the director of financial management, the director of enterprise services, or the Washington personnel resources board adopted under RCW 41.06.157.

[2015 RCW Supp—page 476]
(3) Matters subject to bargaining include the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits. However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4). For agreements covering the 2013-2015 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142. [2015 3rd sp.s. c 1 § 318; 2013 2nd sp.s. c 4 § 972. Prior: 2011 1st sp.s. c 50 § 939; 2011 1st sp.s. c 43 § 445; 2010 c 283 § 16; 2002 c 354 § 303.]

The capital projects surcharge does not apply to agencies or users that agree to pay all future repairs, improvements, and renovations to the buildings they occupy and a proportional share, as determined by the office of financial management, of all other campus repairs, installations, improvements, and renovations that provide a benefit to the buildings they occupy or that have an agreement with the department of enterprise services that contains a charge for a similar purpose, including but not limited to RCW 43.01.091, in an amount greater than the capital projects surcharge. Beginning July 1, 2002, the capital projects surcharge does not apply to department of services for the blind vendors who operate cafeteria services in facilities owned and managed by the department of enterprise services; the department shall consider this space to be a common area for purposes of allocating the capital projects surcharge to other building tenants beginning July 1, 2003. The director, after consultation with the director of financial management, shall adopt differential capital project surcharge rates to reflect the differences in facility type and quality. The initial payment structure for this surcharge shall be one dollar per square foot per year. The surcharge shall increase over time to an amount that when combined with the facilities and service charge equals the market rate for similar types of lease space in the area or equals five dollars per square foot per year, whichever is less. The capital projects surcharge shall be in addition to other charges assessed under this section. Proceeds from the capital projects surcharge shall be deposited into the Thurston county capital facilities account created in RCW 43.19.501.

43.01.091 Departments to share debt service costs. It is hereby declared to be the policy of the state of Washington that each agency or other occupant of newly constructed or substantially renovated facilities owned and operated by the department of enterprise services in Thurston county shall proportionally share the debt service costs associated with the original construction or substantial renovation of the facility. Beginning July 1, 1995, each state agency or other occupant of a facility constructed or substantially renovated after July 1, 1992, and owned and operated by the department of enterprise services in Thurston county, shall be assessed a charge to pay the principal and interest payments on any bonds or other financial contract issued to finance the construction or renovation, or an equivalent charge for similar projects financed by cash sources. In recognition that full payment of debt service costs may be higher than market rates for similar types of facilities or higher than existing agreements for similar charges entered into prior to June 9, 1994, the initial charge may be less than the full cost of principal and interest payments. The charge shall be assessed to all occupants of the facility on a proportional basis based on the amount of occupied space or any unique construction requirements. The office of financial management, in consultation with the department of enterprise services, shall develop procedures to implement this section and report to the legislative fiscal committees, by October 1994, their recommendations for implementing this section. The office of financial management shall separately identify in the budget document all payments and the documentation for determining the payments required by this section for each agency and fund source during the current and the two past and future fiscal bienniums. The charge authorized in this section is subject to annual audit by the state auditor. [2015 c 225 § 57; 1994 c 219 § 19.]

43.01.240 State agency parking account—Parking rental fees—Employee parking, limitations. (1) There is hereby established an account in the state treasury to be known as the state agency parking account. All parking income collected from the fees imposed by state agencies on parking spaces at state-owned or leased facilities, including the capitol campus, shall be deposited in the state agency parking account. Only the office of financial management may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures. No agency may receive an allotment greater than the amount of revenue deposited into the state agency parking account.

(2) An agency may, as an element of the agency's commute trip reduction program to achieve the goals set forth in RCW 70.94.527, impose parking rental fees at state-owned and leased properties. These fees will be deposited in the state agency parking account. Each agency shall establish a committee to advise the agency director on parking rental fees, taking into account the market rate of comparable, privately owned rental parking in each region. The agency shall solicit representation of the employee population including, but not limited to, management, administrative staff, production workers, and state employee bargaining units. Funds shall be used by agencies to: (a) Support the agencies' commute trip reduction program under RCW 70.94.521 through 70.94.551; (b) support the agencies' parking program; or (c) support the lease or ownership costs for the agencies' parking facilities.

(3) In order to reduce the state's subsidization of employee parking, after July 1997 agencies shall not enter into leases for employee parking in excess of building code requirements, except as authorized by the director of enterprise services. In situations where there are fewer parking spaces than employees at a worksite, parking must be allocated equitably, with no special preference given to managers. This section expressly authorizes the purchase of power at state expense to recharge privately and publicly owned plug-in electrical vehicles at state office locations where the vehicles are used for state business, are commute vehicles, or where the vehicles are at the state location for the purpose of conducting business with the state.

(2) The director of department of enterprise services may report to the governor and the appropriate committees of the legislature, as deemed necessary by the director, on the estimated amount of state-purchased electricity consumed by plug-in electrical vehicles if the director of enterprise services determines that the use has a significant cost to the state, and on the number of plug-in electric vehicles using state office locations. The report may be combined with the report under section 401, chapter 348, Laws of 2007. [2015 c 225 § 59; 2007 c 348, Laws of 2007.]

(2) All funds held by, or other moneys due to, the terminated entity shall revert to the fund from which they were appropriated, or if that fund is abolished to the general fund.

Chapter 43.06 RCW
GOVERNOR

43.06.485 Senior policy advisor to the governor—State lead for economic development relating to the outdoor recreation sector of the state's economy. (1) Subject to the availability of amounts appropriated for this specific purpose, the governor must maintain a senior policy advisor to the governor—State lead for economic development relating to the outdoor recreation sector of the state's economy. The advisor must focus on promoting, achieving economic development and job growth through outdoor recreation.

(2) The success of the advisor must be based on measurable results relating to economic development strategies that more deliberately grow employment and outdoor recreation businesses, including:

(a) Strategies for increasing the number of new jobs directly or indirectly related to outdoor recreation, with a short-term goal of increasing employment in the sector by ten percent above the one hundred ninety-nine thousand jobs estimated to be connected to outdoor recreation as of 2015; and

(b) Strategies for increasing the twenty-one billion dollars of consumer spending in Washington, and the four and one-half billion dollars of spending from out-of-state visitors, estimated to be connected to outdoor recreation as of 2015.

43.06.490 Marijuana agreements—Federally recognized Indian tribes—Tribal marijuana tax—Tax exemption. (1) The governor may enter into agreements with federally recognized Indian tribes concerning marijuana. Marijuana agreements may address any marijuana-related issue that involves both state and tribal interests or otherwise has an impact on tribal-state relations. Such agreements may include, but are not limited to, the following provisions and subject matter:

(a) Criminal and civil law enforcement;
(b) Regulatory issues related to the commercial production, processing, sale, and possession of marijuana, and processed marijuana products, for both recreational and medical purposes;
(c) Medical and pharmaceutical research involving marijuana;
(d) Taxation in accordance with subsection (2) of this section;
(e) Any tribal immunities or preemption of state law regarding the production, processing, or marketing of marijuana; and
(f) Dispute resolution, including the use of mediation or other nonjudicial process.

(2)(a) Each marijuana agreement adopted under this section must provide for a tribal marijuana tax that is at least one hundred percent of the state marijuana excise tax imposed under RCW 69.50.535 and state and local sales and use taxes on sales of marijuana. Marijuana agreements apply to sales in which tribes, tribal enterprises, or tribal member-owned businesses (i) deliver or cause delivery to be made to or receive delivery from a marijuana producer, processor, or retailer licensed under chapter 69.50 RCW or (ii) physically transfer possession of the marijuana from the seller to the buyer within Indian country.

(b) The tribe may allow an exemption from tax for sales to the tribe, tribal enterprises, tribal member-owned businesses, or tribal members[,] on marijuana grown, produced, or processed within its Indian country, or for activities to the extent they are exempt under state or federal law from the state marijuana excise tax imposed under RCW 69.50.535 or state and local sales or use taxes on sales of marijuana. Medical marijuana products used in the course of medical treatments by a clinic, hospital, or similar facility owned and operated by a federally recognized Indian tribe within its Indian country may be exempted from tax under the terms of an agreement entered into under this section.

(3) Any marijuana agreement relating to the production, processing, and sale of marijuana in Indian country, whether for recreational or medical purposes, must address the following issues:

(a) Preservation of public health and safety;
(b) Ensuring the security of production, processing, retail, and research facilities; and
(c) Cross-border commerce in marijuana.

(4) The governor may delegate the power to negotiate marijuana agreements to the *state liquor control board. In conducting such negotiations, the *state liquor control board must, when necessary, consult with the governor and/or the department of revenue.

(5) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

[2015 RCW Supp—page 493]
(a) "Indian country" has the same meaning as in RCW 82.24.010.

(b) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.

(c) "Marijuana" means "marijuana," "marijuana concentrates," "marijuana-infused products," and "useable marijuana," as those terms are defined in RCW 69.50.101. [2015 c 207 § 2.]

"Reviser's note: The "state liquor control board" was renamed the "state liquor and cannabis board" by 2015 c 70 § 3.

**Intent—Finding—2015 c 207: The legislature intends to further the government-to-government relationship between the state of Washington and federally recognized Indian tribes in the state of Washington by authorizing the governor to enter into agreements concerning the regulation of marijuana. Such agreements may include provisions pertaining to: The lawful commercial production, processing, sale, and possession of marijuana for both recreational and medical purposes; marijuana-related research activities; law enforcement, both criminal and civil; and taxation. The legislature finds that these agreements will facilitate and promote a cooperative and mutually beneficial relationship between the state and the tribes regarding matters relating to the legalization of marijuana, particularly in light of the fact that federal Indian law precludes the state from enforcing its civil regulatory laws in Indian country. Such cooperative agreements will enhance public health and safety, ensure a lawful and well-regulated marijuana market, encourage economic development, and provide fiscal benefits to both the tribes and the state." 43.08.190 State treasurer's service fund—Creation—Purpose.

43.08.190 State treasurer's service fund—Creation—Purpose. There is hereby created a fund within the state treasury to be known as the "state treasurer's service fund." Such fund shall be used solely for the payment of costs and expenses incurred in the operation and administration of the state treasurer's office.

Moneys shall be allocated monthly and placed in the state treasurer's service fund equivalent to a maximum of one percent of the trust and treasury average daily cash balances from the earnings generated under the authority of RCW 43.79A.040 and 43.84.080 other than earnings generated from investment of balances in funds and accounts specified in RCW 43.79A.040(4)(c). The allocation shall precede the distribution of the remaining earnings as prescribed under RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a uniform allocation rate for all funds and accounts; except that the state treasurer may negotiate a different allocation rate with any state agency that has independent authority over funds not statutorily required to be held in the state treasury or in the custody of the state treasurer. In no event shall the rate be less than the actual costs incurred by the state treasurer's office. If no rate is separately negotiated, the default rate for any funds held shall be the rate set for funds held pursuant to statute.

During the 2013-2015 and 2015-2017 fiscal biennia, the legislature may transfer from the state treasurer's service fund to the state general fund such amounts as reflect the excess fund balance of the fund. (1) The director of financial management, after consultation with other interested or affected state agencies, shall establish overall policies governing the acquisition, operation, management, maintenance, repair, and disposal of all motor vehicles owned or operated by any state agency. These policies shall include but not be limited to a definition of what constitutes authorized use of a state owned or controlled passenger motor vehicle and other motor vehicles on official state business. The definition shall include, but not be limited to, the use of state-owned motor vehicles for commuter ride sharing so long as the entire capital depreciation and operational expense of the commuter ride-sharing arrangement is paid by the commuters. Any use other than such defined use shall be considered as personal use.

(2)(a) By June 15, 2010, the director of the department of general administration, in consultation with the office and other interested or affected state agencies, shall develop strategies to assist state agencies in reducing fuel consumption and emissions from all classes of vehicles.

(b) In an effort to achieve lower overall emissions for all classes of vehicles, state agencies should, when financially comparable over the vehicle’s useful life, consider purchasing or converting to ultra-low carbon fuel vehicles.

(3) State agencies shall phase in fuel economy standards for motor pools and leased petroleum-based fuel vehicles to achieve an average fuel economy standard of thirty-six miles per gallon for passenger vehicle fleets by 2015.

(4) After June 15, 2010, state agencies shall:
(a) When purchasing new petroleum-based fuel vehicles for vehicle fleets: (i) Achieve an average fuel economy of forty miles per gallon for light duty passenger vehicles; and (ii) achieve an average fuel economy of twenty-seven miles per gallon for light duty vans and sports [sport] utility vehicles; or
(b) Purchase ultra-low carbon fuel vehicles.

(5) State agencies must report annually on the progress made to achieve the goals under subsections (3) and (4) of this section beginning October 31, 2011.

(6) The department of general administration, in consultation with the office and other affected or interested agencies, shall develop a separate fleet fuel economy standard for all other classes of petroleum-based fuel vehicles and report the progress made toward meeting the fuel consumption and emissions goals established by this section to the governor and the relevant legislative committees by December 1, 2012.

(7) The following vehicles are excluded from the average fuel economy goals established in subsections (3) and (4) of this section: Emergency response vehicles, passenger vans with a gross vehicle weight of eight thousand five hundred pounds or greater, vehicles that are purchased for off-pavement use, ultra-low carbon fuel vehicles, and vehicles that are driven less than two thousand miles per year.

(8) Average fuel economy calculations used under this section for petroleum-based fuel vehicles must be based upon the current United States environmental protection agency composite city and highway mile per gallon rating.

(9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Petroleum-based fuel vehicle" means a vehicle that uses, as a fuel source, more than ten percent gasoline or diesel fuel.

(b) "Ultra-low carbon fuel vehicle" means a vehicle that uses, as a fuel source, at least ninety percent natural gas.

43.19.642 Biodiesel fuel blends—Use by agencies—Biannual report. (1) Effective June 1, 2006, for agencies complying with the ultra-low sulfur diesel mandate of the United States environmental protection agency for on-highway diesel fuel, agencies shall use biodiesel as an additive to ultra-low sulfur diesel for lubricity, provided that the use of a lubricity additive is warranted and that the use of biodiesel is comparable in performance and cost with other available lubricity additives. The amount of biodiesel added to the ultra-low sulfur diesel fuel shall be not less than two percent.

(2) Except as provided in subsection (5) of this section, effective June 1, 2009, state agencies are required to use a minimum of twenty percent biodiesel as compared to total volume of all diesel purchases made by the agencies for the operation of the agencies' dieselpowered vehicles, vehicles, and construction equipment.

(4) By December 1, 2009, the department of enterprise services shall:

(a) Report to the legislature on the average true price differential for biodiesel by blend and location; and

(b) Examine alternative fuel procurement methods that work to address potential market barriers for in-state biodiesel producers and report these findings to the legislature.

(5) During the 2011-2013, 2013-2015, and 2015-2017 fiscal biennia, the Washington state ferries is required to use a minimum of five percent biodiesel as compared to total volume of all diesel purchases made by the Washington state ferries for the operation of the Washington state ferries diesel-powered vessels, as long as the price of a B5 biodiesel blend does not exceed the price of conventional diesel fuel by five percent or more. (3) Biodiesel degrades much faster than petroleum diesel;

(4) Biodiesel is less toxic than petroleum fuels;

(5) The United States environmental protection agency's new emission standards for petroleum diesel that take effect June 1, 2006, will require the addition of a lubricant to ultra-low sulfur diesel to counteract premature wear of injection pumps;

(6) Biodiesel provides the needed lubricity to ultra-low sulfur diesel;

(7) Biodiesel use in state-owned diesel-powered vehicles provides a means for the state to comply with the alternative fuel vehicle purchase requirements of the energy policy act of 1992, P.L. 102-486; and

43.19.647 Purchase of biofuels and biofuel blends—Contracting authority. (1) In order to allow the motor vehicle fuel needs of state and local government to be satisfied by Washington-produced biofuels as provided in this chapter, the department of enterprise services as well as local governments may contract in advance and execute contracts with public or private producers, suppliers, or other parties, for the purchase of alternative biofuels, as that term is defined in RCW 43.325.010, and biofuel blends. Contract provisions may address items including, but not limited to, fuel standards, price, and delivery date.

(2) The department of enterprise services may combine the needs of local government agencies, including ports, special districts, school districts, and municipal corporations, for the purposes of executing contracts for biofuels and to secure a sufficient and stable supply of alternative fuels. 43.19.651 Fuel cells and renewable or alternative energy sources. (1) When planning for the capital construction or renovation of a state facility, state agencies shall consider the utilization of fuel cells and renewable or alternative
energy sources as a primary source of power for applications that require an uninterruptible power source.

(2) When planning the purchase of back-up or emergency power systems and remote power systems, state agencies shall consider the utilization of fuel cells and renewable or alternative energy sources instead of batteries or internal combustion engines.

(3) The director of enterprise services shall develop criteria by which state agencies can identify, evaluate, and develop potential fuel cell applications at state facilities.

(4) For the purposes of this section, "fuel cell" means an electrochemical reaction that generates electric energy by combining atoms of hydrogen and oxygen in the presence of a catalyst. [2015 c 225 § 66; 2003 c 340 § 1.]

43.19.670 Energy conservation—Definitions. As used in RCW 43.19.670 through 43.19.685, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Energy audit" means a determination of the energy consumption characteristics of a facility which consists of the following elements:

(a) An energy consumption survey which identifies the type, amount, and rate of energy consumption of the facility and its major energy systems. This survey shall be made by the agency responsible for the facility.

(b) A walk-through survey which determines appropriate energy conservation maintenance and operating procedures and indicates the need, if any, for the acquisition and installation of energy conservation measures and energy management systems. This survey shall be made by the agency responsible for the facility if it has technically qualified personnel available. The director of enterprise services shall provide technically qualified personnel to the responsible agency if necessary.

(c) An investment grade audit, which is an intensive engineering analysis of energy conservation and management measures for the facility, net energy savings, and a cost-effectiveness determination.

(2) "Cost-effective energy conservation measures" means energy conservation measures that the investment grade audit concludes will generate savings sufficient to finance project loans of not more than ten years.

43.19.782 Loss prevention review team—Appointment—Duties.
(1) The director shall appoint a loss prevention review team when the death of a person, serious injury to
a person, or other substantial loss is alleged or suspected to be
caused at least in part by the actions of a state agency, unless
the director in his or her discretion determines that the inci-
dent does not merit review. A loss prevention review team
may also be appointed when any other substantial loss occurs as
a result of agency policies, litigation or defense practices,
or other management practices. When the director decides
not to appoint a loss prevention review team he or she shall
issue a statement of the reasons for the director's decision.
The statement shall be made available on the department's
web site. The director's decision pursuant to this section to
appoint or not appoint a loss prevention review team shall not
be admitted into evidence in a civil or administrative pro-
ceeding.
(2) A loss prevention review team shall consist of at least
two but no more than five persons, and may include inde-
pendent consultants, contractors, or state employees, but it
shall not include any person employed by the agency
involved in the loss or risk of loss giving rise to the review,
nor any person with testimonial knowledge of the incident to
be reviewed. At least one member of the review team shall
have expertise relevant to the matter under review.
(3) The loss prevention review team shall review the
death, serious injury, or other incident and the circumstances
surrounding it, evaluate its causes, and recommend steps to
reduce the risk of such incidents occurring in the future. The
loss prevention review team shall accomplish these tasks by
reviewing relevant documents, interviewing persons with rel-
levant knowledge, and reporting its recommendations in writ-
ing to the director and the director of the agency involved in
the loss or risk of loss within the time requested by the direc-
tor. The final report shall not disclose the contents of any doc-
uments required by law to be kept confidential.
(4) Pursuant to guidelines established by the director,
state agencies must notify the department immediately upon
becoming aware of a death, serious injury, or other substan-
tial loss that is alleged or suspected to be caused at least in
part by the actions of the state agency. State agencies shall
provide the loss prevention review team ready access to rele-
vant documents in their possession and ready access to their
employees. [2011 1st sp.s. c 43 § 508; 2002 c 333 § 2. For-
merly RCW 43.41.370.]

Effective date—Purpose—2011 1st sp.s. c 43: See notes following
RCW 43.19.003.

Intent—2002 c 333: "The legislature intends that when the death of a
person, serious injury to a person, or other substantial loss is alleged or sus-
pected to be caused at least in part by the actions of a state agency, a loss pre-
vention review shall be conducted. The legislature recognizes the tension
inherent in a loss prevention review and the need to balance the prevention
of harm to the public with state agencies' accountability to the public. The
legislature intends to minimize this tension and to foster open and frank dis-
cussions by granting members of the loss prevention review teams protection
from having to testify, and by declaring a general rule that the work product
of these teams is inadmissible in civil actions or administrative proceedings." [2002 c 333 § 1.]

43.19.783 Loss prevention review team—Final
report—Use of report and testimony limited—Response
report. (1) The final report from a loss prevention review
team to the director shall be made public by the director
promptly upon receipt, and shall be subject to public disclo-
sure. The final report shall be subject to discovery in a civil or
administrative proceeding. However, the final report shall not
be admitted into evidence or otherwise used in a civil or
administrative proceeding except pursuant to subsection (2)
of this section.
(2) The relevant excerpt or excerpts from the final report
of a loss prevention review team may be used to impeach
a fact witness in a civil or administrative proceeding only if the
party wishing to use the excerpt or excerpts from the report
first shows the court by clear and convincing evidence that
the witness, in testimony provided in deposition or at trial in
the present proceeding, has contradicted his or her previous
statements to the loss prevention review team on an issue of
fact material to the present proceeding. In that case, the party
may use only the excerpt or excerpts necessary to demon-
strate the contradiction. This section shall not be interpreted
as expanding the scope of material that may be used to
impeach a witness.
(3) No member of a loss prevention review team may be examined in a civil or administrative proceeding as to (a)
the work of the loss prevention review team, (b) the incident
under review, (c) his or her statements, deliberations, thoughts, analyses, or impressions relating to the work of the
loss prevention review team or the incident under review, or
(d) the statements, deliberations, thoughts, analyses, or impressions of any other member of the loss prevention
review team, or any person who provided information to it,
relating to the work of the loss prevention review team or the
incident under review.
(4) Any document that exists prior to the appointment of a loss prevention review team, or that is created independently of such a team, does not become inadmissible merely because it is reviewed or used by the loss prevention review team. A person does not become unavailable as a witness merely because the person has been interviewed by or has provided a statement to a loss prevention review team. However, if called as a witness, the person may not be examined regarding the person's interactions with the loss prevention review team, including without limitation whether the loss prevention review team interviewed the person, what questions the loss prevention review team asked, and what answers the person provided to the loss prevention review team. This section shall not be construed as restricting the person from testifying fully in any proceeding regarding his or her knowledge of the incident under review.

(5) Documents prepared by or for the loss prevention review team are inadmissible and may not be used in a civil or administrative proceeding, except that excerpts may be used to impeach the credibility of a witness under the same circumstances that excerpts of the final report may be used pursuant to subsection (2) of this section.

(6) The restrictions set forth in this section shall not apply in a licensing or disciplinary proceeding arising from an agency's effort to revoke or suspend the license of any licensed professional based in whole or in part upon allegations of wrongdoing in connection with the death, injury, or other incident reviewed by the loss prevention review team.

(7) Within one hundred twenty days after completion of the final report of a loss prevention review team, the agency under review shall issue to the department a response to the report. The response will indicate (a) which of the report's recommendations the agency hopes to implement, (b) whether implementation of those recommendations will require additional funding or legislation, and (c) whatever other information the director may require. This response shall be considered part of the final report and shall be subject to all provisions of this section that apply to the final report, including without limitation the restrictions on admissibility and use in civil or administrative proceedings and the obligation of the director to make the final report public.

(8) Nothing in *RCW 43.41.370 or this section is intended to limit the scope of a legislative inquiry into or review of an incident that is the subject of a loss prevention review.

(9) Nothing in *RCW 43.41.370 or in this section affects chapter 70.41 RCW and application of that chapter to state-owned or managed hospitals licensed under chapter 70.41 RCW. [2011 1st sp.s. c 43 § 509; 2002 c 333 § 3. Formerly RCW 43.41.380.]

RECYCLED PRODUCT PROCUREMENT

Sections
43.19A.022 Recycled content paper for printers and copiers—Purchasing priority.
43.19A.040 Local government adoption of preferential purchase policy optional.

43.19A.022 Recycled content paper for printers and copiers—Purchasing priority. (1) All state agencies shall purchase one hundred percent recycled content white cut sheet bond paper used in office printers and copiers. State agencies are encouraged to give priority to purchasing from companies that produce paper in facilities that generate energy from a renewable energy source.

(2) State agencies that utilize office printers and copiers that, after reasonable attempts, cannot be calibrated to utilize such paper referenced in subsection (1) of this section, must for those models of equipment:
(a) Purchase paper at the highest recycled content that can be utilized efficiently by the copier or printer;
(b) At the time of lease renewal or at the end of the life-cycle, either lease or purchase a model that will efficiently utilize one hundred percent recycled content white cut sheet bond paper.

(3) Printed projects that require the use of high volume production inserters or high-speed digital devices, such as those used by the department of enterprise services, are not required to meet the one hundred percent recycled content white cut sheet bond paper standard, but must utilize the highest recycled content that can be utilized efficiently by such equipment and not impede the business of agencies.

(4) The department of enterprise services shall identify for use by agencies one hundred percent recycled paper products that process efficiently through high-speed production equipment and do not impede the business of agencies.

43.19A.040 Local government adoption of preferential purchase policy optional. (1) Each local government shall consider the adoption of policies, rules, or ordinances to provide for the preferential purchase of recycled content products. Any local government may adopt the preferential purchasing policy of the department of enterprise services, or portions of such policy, or another policy that provides a preference for recycled content products.

(2) The department of enterprise services shall prepare one or more model recycled content preferential purchase policies suitable for adoption by local governments. The model policy shall be widely distributed and provided through the technical assistance and workshops under RCW 43.19A.070.

(3) A local government that is not subject to the purchasing authority of the department of enterprise services, and that adopts the preferential purchase policy or rules of the department, shall not be limited by the percentage price preference included in such policy or rules. 43.21A.721 Grants to emergency responders—Assistance to meet the requirements of chapter 274, Laws of 2015. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of ecology shall provide grants to emergency responders to assist with oil spill and hazardous materials response and firefighting equipment and resources needed to meet the requirements of chapter 274, Laws of 2015.

(2) For the purposes of determining grant allocations, the department of ecology, in consultation with emergency first responders, oil spill response cooperatives, representatives from the oil and rail industries, and businesses that are recipients of liquid bulk crude oil shall: (a) Conduct an evaluation of oil spill and hazardous materials response and firefighting equipment and resources currently available for oil spill and hazardous materials response activities throughout the state; (b) review the local emergency management coordinating efforts for oil spill and hazardous materials response; (c) determine the need for additional, new, or updated equipment and resources; and (d) identify areas or regions of the state that are in greatest need of resources and oil spill and hazardous materials response and firefighting equipment.

(3) The department of ecology, in consultation with emergency first responders, oil spill response cooperatives, representatives from the oil and rail industries, and businesses that are recipients of liquid bulk crude oil shall review grant applications to prioritize grant awards using the evaluation of availability of oil spill and hazardous materials response and firefighting equipment and resources as determined in subsection (2) of this section.

(a) The application review must include evaluation of equipment and resource requests, funding requirements, and coordination with existing equipment and resources in the area.

(b) Funding must be prioritized for applicants from areas where the need for firefighting and oil spill and hazardous materials response equipment is the greatest as determined in subsection (2) of this section.

(c) Grants must be coordinated to maximize currently existing equipment and resources that have been put in place by first responders and industry. [2015 c 274 § 26.]

43.21C.470 Categorical exemption for structurally deficient bridges—Definition.
43.21C.480 Repair or replacement of structurally deficient state bridges exempt from chapter.
43.21C.470 Categorical exemption for structurally deficient bridges—Definition. (1) The department of ecology must amend the categorical exemption available to Washington department of transportation projects under WAC 197-11-800(26) as of July 24, 2015, so that the same categorical exemption applies to structurally deficient city, town, or county bridge repair or replacement projects.

(2) For purposes of this section, "structurally deficient" means a bridge that is classified as in poor condition under the state bridge condition rating system and is reported by the state to the national bridge inventory as having a deck, superstructure, or substructure rating of four or below. Structurally deficient bridges are characterized by deteriorated conditions of significant bridge elements and potentially reduced load-carrying capacity. Bridges deemed structurally deficient typically require significant maintenance and repair to remain in service, and require major rehabilitation or replacement to address the underlying deficiency. [2015 c 144 § 1.]

43.21C.480 Repair or replacement of structurally deficient state bridges exempt from chapter. The repair or replacement of a state bridge deemed structurally deficient, as defined in RCW 47.04.010, is exempt from compliance with this chapter as long as the action occurs within the existing right-of-way, except that the repair or replacement may occur outside the existing right-of-way as needed to meet current engineering standards or state or local environmental permit requirements for highway construction as long as the repair or replacement does not result in additional lanes for automobiles. The issuance of applicable state and local agency permits or approvals associated with the repair or replacement of such bridges is also included in this exemption from compliance with this chapter. [2015 3rd sp.s. c 10 § 2.]

Effective date—2015 3rd sp.s. c 10: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sp.s. c 10 § 5.]

Findings—Intent—2015 3rd sp.s. c 10: "The legislature finds that, as of November 2014, there were one hundred thirty state-owned bridges classified as structurally deficient. The legislature further finds that a span of the Skagit river bridge on Interstate 5, the Trooper Sean M. O'Connell Jr. Memorial bridge, recently collapsed when an oversized load struck the trusses that supported the bridge. Although the Skagit river bridge was not considered structurally deficient, this event underscores the importance of remedying bridge structural deficiencies as efficiently and expeditiously as possible. Thus, it is the intent of the legislature to provide for expedited permitting and contracting for state bridges identified as structurally deficient by the Washington state department of transportation." [2015 3rd sp.s. c 10 § 1.]

[2015 c 204 § 3.]

Short title—2015 c 204: "This act may be known and cited as the state disability employment parity act." [2015 c 204 § 1.]

Findings—Intent—2015 c 204: "The legislature finds that eleven percent of working age adults and thirteen percent of the state’s total population consists of persons with disabilities, that persons with disabilities suffer significantly higher rates of unemployment and underemployment than in the general population, and that representation of disabled persons in the state
workforce has declined in recent years, but has increased during the last year. The legislature further finds that there is no policy similar to Schedule A in the federal civil service system for priority hiring of persons with disabilities. Therefore, the legislature intends to increase the hiring of persons with disabilities in the state workforce. [2015 c 204 § 2.]

   (ii) Exceed three percent in the initial annual adjustment; or
   (iii) Differ from the previous year's annual adjustment by more than three percent.

43.43.395 Ignition interlock devices—Standards—Compliance. (1) The state patrol shall by rule provide standards for the certification, installation, repair, maintenance, monitoring, inspection, and removal of ignition interlock devices, as defined under RCW 46.04.215, and equipment as outlined under this section, and may inspect the records and equipment of manufacturers and vendors during regular business hours for compliance with statutes and rules and may suspend or revoke certification for any noncompliance.

(b) A certified service provider or individual installer of ignition interlock devices is found to be out of compliance, the installation privileges of that certified service provider or individual installer may be suspended or revoked until the certified service provider or individual installer comes into compliance. During any suspension or revocation period, the certified service provider or individual installer is responsible for notifying affected customers of any changes in their service agreement.

(2)(a) When a certified service provider or individual installer whose certification is suspended or revoked for noncompliance has a right to an administrative hearing under chapter 34.05 RCW to contest the suspension or revocation, or both. For the administrative hearing, the procedure and rules of evidence are as specified in chapter 34.05 RCW, except as otherwise provided in this chapter. Any request for an administrative hearing must be made in writing and must be received by the state patrol within twenty days after the receipt of the notice of suspension or revocation.

(3)(a) An ignition interlock device must employ:
   (i) Fuel cell technology. For the purposes of this subsection, "fuel cell technology" consists of the following electrochemical method: An electrolyte designed to oxidize the alcohol and release electrons to be collected by an active electrode; a current flow is generated within the electrode proportional to the amount of alcohol oxidized on the fuel cell surface; and the electrical current is measured and reported as breath alcohol concentration. Fuel cell technology is highly specific for alcohols;
   (ii) Technology capable of taking a photo identification of the user giving the breath sample and recording on the photo the time the breath sample was given; and
   (iii) Technology capable of providing the global positioning coordinates at the time of each test sequence. Such coordinates must be displayed within the data log that is downloaded by the manufacturer and must be made available
to the state patrol to be used for circumvention and tampering investigations.

(b) To be certified, an ignition interlock device must:
   (i) Meet or exceed the minimum test standards according to rules adopted by the state patrol. Only a notarized statement from a laboratory that is accredited and certified under the current edition of ISO (the international organization of standardization) 17025 standard for testing and calibration laboratories and is capable of performing the tests specified will be accepted as proof of meeting or exceeding the standards. The notarized statement must include the name and signature of the person in charge of the tests under the certification statement. The state patrol may adopt by rule the required language of the certification statement that must, at a minimum, outline that the testing meets or exceeds all specifications listed in the federal register adopted in rule by the state patrol; and
   (ii) Be maintained in accordance with the rules and standards adopted by the state patrol. [2015 2nd sp.s. c 3 § 11; 2013 2nd sp.s. c 35 § 9; 2012 c 183 § 16; 2010 c 268 § 2.]

43.43.690 Crime laboratory analysis fee—Court imposition—Collection. (1) When an adult offender has been adjudged guilty of violating any criminal statute of this state and a crime laboratory analysis was performed by a state crime laboratory, in addition to any other disposition, penalty, or fine imposed, the court shall levy a crime laboratory analysis fee of one hundred dollars for each offense for which the person was convicted. Upon a verified petition by the person assessed the fee, the court may suspend payment of all or part of the fee if it finds that the person does not have the ability to pay the fee.

(2) All crime laboratory analysis fees assessed under this section shall be collected by the clerk of the court and forwarded to the state general fund, to be used only for crime laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from tests conducted by crime laboratories. Only a notarized statement. The state patrol must adopt by rule the required language of the certification statement that must, at a minimum, outline that the testing meets or exceeds all specifications listed in the federal register adopted in rule by the state patrol; and

43.43.754 DNA identification system—Biological samples—Collection, use, testing—Scope and application of section. (1) A biological sample must be collected for purposes of DNA identification analysis from:
   (a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):
      Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835)
      Communication with a minor for immoral purposes (RCW 9.68A.090)
      Custodial sexual misconduct in the second degree (RCW 9A.44.170)
      Failure to register (RCW 9A.44.130 for persons convicted on or before June 10, 2010, and RCW 9A.44.132 for persons convicted after June 10, 2010)
      Harassment (RCW 9A.46.020)
      Patronizing a prostitute (RCW 9A.88.110)
      Sexual misconduct with a minor in the second degree (RCW 9A.44.096)
      Stalking (RCW 9A.46.110)
      Violation of a sexual assault protection order granted under chapter 7.90 RCW; and
   (b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

(3) Biological samples shall be collected in the following manner:
   (a) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do serve a term of confinement in a city or county jail facility, the city or county shall be responsible for obtaining the biological samples.
   (b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:
      (i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense who do not serve a term of confinement in a department of corrections facility, and do not serve a term of confinement in a city or county jail facility; and
      (ii) Persons who are required to register under RCW 9A.44.130.

   (c) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a department of social and health services facility, the facility holding the person shall be responsible for obtaining the biological samples. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

   (d) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

(5) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under subsection (1) of this section, to the extent allowed by funding available for this purpose. The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9.94A.030. Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

(6) This section applies to:
   (a) All adults and juveniles to whom this section applied prior to June 12, 2008;
(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:
   (i) Are convicted on or after June 12, 2008, of an offense listed in subsection (1)(a) of this section; or
   (ii) Were convicted prior to June 12, 2008, of an offense listed in subsection (1)(a) of this section and are still incarcerated on or after June 12, 2008; and
   (c) All adults and juveniles who are required to register under RCW 9A.44.130 on or after June 12, 2008, whether convicted before, on, or after June 12, 2008.

(7) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

(8) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks.

(9) A person commits the crime of refusal to provide DNA if the person has a duty to register under RCW 9A.44.130 and the person willfully refuses to comply with a legal request for a DNA sample as required under this section. The refusal to provide DNA is a gross misdemeanor. [2015 c 261 § 10; 2008 c 97 § 2; 2002 c 289 § 2; 1999 c 329 § 2; 1994 c 271 § 402; 1990 c 230 § 3; 1989 c 350 § 4.]

*Reviser's note: 2010 c 267 removed from RCW 9A.44.130 provisions relating to the crime of "failure to register" as a sex offender or kidnapping offender, and placed similar provisions in RCW 9A.44.132.

Findings—1999 c 329: "The legislature finds it necessary to expand the current pool of convicted offenders who must have a blood sample drawn for purposes of DNA identification analysis. The legislature further finds that there is a high rate of recidivism among certain types of violent and sex offenders and that drawing blood is minimally intrusive. Creating an expanded DNA data bank bears a rational relationship to the public's interest in ensuring law enforcement to better identify convicted violent and sex offenders who are involved in unsolved crimes, who escape to reoffend, and who reoffend after release." [1999 c 329 § 1.]

Finding—1994 c 271: "The legislature finds that DNA identification analysis is an accurate and useful law enforcement tool for identifying and prosecuting sexual and violent offenders. The legislature further finds no compelling reason to exclude juvenile sexual and juvenile violent offenders from DNA identification analysis." [1994 c 271 § 401.]

43.43.7541 DNA identification system—Collection of biological samples—Fee. Every sentence imposed for a crime specified in RCW 43.43.754 must include a fee of one hundred dollars. The fee is a court-ordered legal financial obligation as defined in RCW 9.94A.030 and other applicable law. For a sentence imposed under chapter 9.94A RCW, the fee is payable by the offender after payment of all other legal financial obligations included in the sentence has been completed. For all other sentences, the fee is payable by the offender in the same manner as other assessments imposed. The clerk of the court shall transmit eighty percent of the fee collected to the state treasurer for deposit in the state DNA database account created under RCW 43.43.7532, and shall transmit twenty percent of the fee collected to the agency responsible for collection of a biological sample from the offender as required under RCW 43.43.754. This fee shall not be imposed on juvenile offenders if the state has previously collected the juvenile offender's DNA as a result of a prior conviction. 43.43.839 Fingerprint identification account. The fingerprint identification account is created in the custody of the state treasurer. All receipts from incremental charges of fingerprint checks requested for noncriminal justice purposes and electronic background requests shall be deposited in the account. Receipts for fingerprint checks by the federal bureau of investigation may also be deposited in the account. Expenditures from the account may be used only for the cost of record checks. Only the chief of the state patrol or the chief's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW. No appropriation is required for expenditures prior to July 1, 1997. After June 30, 1997, the account shall be subject to appropriation. During the 2009-2011 fiscal biennium, the legislature may transfer from the fingerprint identification account to the state general fund such amounts as reflect the excess fund balance of the account. During the 2013-2015 fiscal biennium, funds in the account may be used for expenditures that support the criminal records management division of the state patrol. During the 2015-2017 fiscal biennium, funds in the account may be used for expenditures related to the upgrade of the state patrol's criminal history system. 43.43.934 Director of fire protection—Duties. The director of fire protection shall:
   (1)(a)(i) With the state board for community and technical colleges, provide academic, vocational, and field training programs for the fire service; and (ii) with the state colleges and universities, provide instructional programs requiring advanced training, especially in command and management skills;

   (b) Cooperate with the common schools, technical and community colleges, institutions of higher education, and any department or division of the state, or of any county or municipal corporation in establishing and maintaining instruction in fire service training and education in accordance with any act of congress and legislation enacted by the legislature in pursuance thereof and in establishing, building, and operating training and education facilities.
Industrial fire departments and private fire investigators may participate in training and education programs under this chapter for a reasonable fee established by rule;

(c) Develop and adopt a master plan for constructing, equipping, maintaining, and operating necessary fire service training and education facilities subject to the provisions of *chapter 43.19 RCW;

(d) Develop and adopt a master plan for the purchase, lease, or other acquisition of real estate necessary for fire service training and education facilities in a manner provided by law; and

(e)(i) Develop and adopt a plan for the Washington state patrol fire training academy to deliver basic firefighter training and testing to all city fire departments, fire protection districts, regional fire protection service authorities, and other public fire agencies in the state. The plan required by this subsection (1)(e) must specify that the delivery of training and testing services will be provided:

(A) To recipients in the following order of priority:
(I) Volunteer departments;
(II) Combination departments; and
(III) Fire agencies that employ only career firefighters and fire officers; and

(B) By personnel of the fire training academy, either at the academy’s facilities in North Bend, Washington, or regionally at local fire agencies.

(ii)(A) In lieu of receiving training and testing services from the fire training academy, city fire departments, fire protection districts, regional fire protection service authorities, and other public fire agencies in the state may seek reimbursement for their firefighter I training expenses. The amount of reimbursement will be calculated on a per capita basis. The per capita amount is equal to the three-year statewide firefighter per capita average for the regional direct delivery of training by the fire training academy. The three-year statewide firefighter per capita average is calculated by dividing the number of firefighters trained using the regional direct delivery program during the three-year period into the total cost of providing regional direct delivery during the same three-year period. The regional direct delivery costs used for the basis of these calculations does not include the costs of the fire training academy personnel used to coordinate the direct delivery programs, the state's indirect costs, or any other indirect costs.

(B) Prior to the implementation of the reimbursement provisions in (e)(ii)(A) of this subsection, the amount of reimbursement for city fire departments, fire protection districts, regional fire protection service authorities, and other public fire agencies must be not less than three dollars for every one hour of firefighter I training, and may not exceed two hundred hours.

(iii) Subject to approval by the director of fire protection, and in accordance with the plan required by this subsection (1)(e), the fire training academy facilities and programs must be made available at no cost to fire service youth programs. The goal of making these facilities and programs available is to increase enrollment of volunteer firefighters, and to improve gender, cultural, and ethnic diversity within the fire service.

(iv) For purposes of this subsection (1)(e), the following definitions apply:

(A) "Basic firefighter training and testing" means training and testing for firefighters that is up to and includes the requirements of firefighter I, as identified by the national fire protection association standard 1001;

(B) "Combination department" means a fire department with emergency service personnel comprising less than eighty-five percent of either volunteer or career membership;

(C) "Delivery of training" includes all resources, personnel, and equipment necessary to deliver training at the fire training academy in North Bend, Washington, or regionally at local fire agencies; and

(D) "Volunteer department" means a fire department with volunteer emergency service personnel comprising eighty-five percent or greater of its department membership.

2(a) Promote mutual aid and disaster planning for fire services in this state;

(b) Assure the dissemination of information concerning the amount of fire damage including that damage caused by arson, and its causes and prevention; and

(c) Implement any legislation enacted by the legislature to meet the requirements of any acts of congress that apply to this section.

3. In carrying out its statutory duties, the office of the state fire marshal shall give particular consideration to the appropriate roles to be played by the state and by local jurisdictions with fire protection responsibilities. Any determinations on the division of responsibility shall be made in consultation with local fire officials and their representatives.

To the extent possible, the office of the state fire marshal shall encourage development of regional units along compatible geographic, population, economic, and fire risk dimensions. Such regional units may serve to: (a) Reinforce coordination among state and local activities in fire service training, reporting, inspections, and investigations; (b) identify areas of special need, particularly in smaller jurisdictions with inadequate resources; (c) assist the state in its oversight responsibilities; (d) identify funding needs and options at both the state and local levels; and (e) provide models for building local capacity in fire protection programs. 43.43.960 State fire service mobilization—Definitions. (Effective until July 1, 2019.) Unless the context clearly requires otherwise, the definitions in this section apply throughout this subchapter.

43.43.961  State fire service mobilization—Legislative declaration and intent. (Effective until July 1, 2019.)
Because of the possibility of the occurrence of disastrous fires or other disasters of unprecedented size and destructive-ness, the need to insure that the state is adequately prepared to respond to such a fire or disaster, the need to establish a mechanism and a procedure to provide for reimbursement to state agencies and local agencies that respond to help others in time of need or to a host fire district that experiences expenses beyond the resources of the fire district, and generally to protect the public peace, health, safety, lives, and property of the people of Washington, it is hereby declared necessary to:

(1) Provide the policy and organizational structure for large scale mobilization of all risk resources in the state through creation of the Washington state fire services mobilization plan;

(2) Confer upon the chief the powers provided herein;

(3) Provide a means for reimbursement to state agencies and local fire jurisdictions that incur expenses when mobilized by the chief under the Washington state fire services mobilization plan; and

(4) Provide for reimbursement of the host fire department or fire protection district when it has: (a) Exhausted all of its resources; and (b) invoked its local mutual aid network and exhausted those resources. Upon implementation of state fire mobilization, the host district resources shall become state fire mobilization resources consistent with the fire mobilization plan.

It is the intent of the legislature that mutual aid and other interlocal agreements providing for enhanced emergency response be encouraged as essential to the public peace, safety, health, and welfare, and for the protection of the lives and property of the people of the state of Washington. If possible, mutual aid agreements should be without stated limitations as to resources available, time, or area. Nothing in this chapter shall be construed or interpreted to limit the eligibility of any nonhost fire protection authority for reimbursement of expenses incurred in providing all risk resources for mobilization provided that the mobilization must meet the requirements identified in the Washington state fire service mobilization plan. 43.43.965  State fire service mobilization—Plan use for purposes other than fire suppression—Annual report. (Expires July 1, 2019.)
The chief of the Washington state patrol must report on an annual basis the following information for each emergency or disaster in which the Washington state fire service mobilization plan was used for purposes other than fire suppression, and reimbursement was made under RCW 43.43.961:

(1) The type and nature of the disaster or emergency;

(2) The reasons why the host jurisdiction and mutual aid resources were exhausted;

(3) The additional risk resources provided under the mobilization plan;
(4) The cost incurred by the state patrol;
(5) The amount of reimbursement made under RCW 43.43.961 to the host jurisdiction and to each nonhost jurisdiction providing all risk resources; and
(6) An assessment and any recommendations of actions that can be taken by the host jurisdiction and its mutual aid network to prevent future use of the fire mobilization plan for similar disasters or emergencies. [2015 c 181 § 4.]

Intent—2015 c 181: "The legislature recognizes the vital role that our state's fire service personnel play in responding not just to fires but to disasters of varying types and kinds. The legislature further recognizes that the fire service mobilization plan may be a more effective tool for use in all emergencies and disasters to which fire departments, fire districts, and regional fire protection service authorities typically respond. It is the intent of the legislature that state fire service mobilization be allowed in all incidents to which fire departments, fire districts, and regional fire protection service authorities typically respond, so long as the mobilization meets the requirements identified in the Washington state fire service mobilization plan. It is the intent of the legislature to review the use of the fire mobilization plan for emergencies and disasters other than fire suppression to determine if this policy should continue or be modified." (2) The purpose of the council is to review and analyze data related to pedestrian fatalities and serious injuries to identify points at which the transportation system can be improved and to identify patterns in pedestrian fatalities and serious injuries.

(3)(a) The council may include, but is not limited to:
(i) A representative from the commission;
(ii) A coroner from the county in which the most pedestrian deaths have occurred;
(iii) A representative from the Washington association of sheriffs and police chiefs;
(iv) Multiple members of law enforcement who have investigated pedestrian fatalities;
(v) A traffic engineer;
(vi) A representative from the department of transportation;
(vii) A representative of cities, and up to two stakeholders, chosen by the council, who represent municipalities in which at least one pedestrian fatality has occurred in the previous three years; and

Additionally, the council must report any budgetary or fiscal recommendations to the office of financial management and the legislature by August 1st on a biennial basis.

No person who was in attendance at a meeting of the council or who participated in the creation, retention, collection, or maintenance of information or documents specifically for the commission or the council shall be permitted to testify in any civil action as to the content of such proceedings or of the documents and information prepared specifically as part of the activities of the council. However, recommendations from the council and the commission generally may be disclosed without personal identifiers.

tion, such as incident reports, dispatch records, and victim, witness, and suspect statements; any supplemental reports, probable cause statements, and 911 call taker's reports; and any other information determined to be relevant to the review. The commission and the council must maintain the confidentiality of such information to the extent required by any applicable law.

(7) If acting in good faith, without malice, and within the parameters of and protocols established under this chapter, representatives of the commission and the council are immune from civil liability for an activity related to reviews of particular fatalities and serious injuries.

(8) This section must not be construed to provide a private civil cause of action.

(9)(a) The council may receive gifts, grants, or endowments from public or private sources that are made from time to time, in trust or otherwise, for the use and benefit of the purposes of the council and spend the gifts, grants, or endowments from the public or private sources according to their terms, unless the receipt of the gifts, grants, or endowments violates RCW 42.17A.560.

(b) Subject to the appropriation of funds for this specific purpose, the council may provide grants targeted at improving pedestrian safety in accordance with recommendations made by the council.

(10) By December 1, 2018, the council must report to the transportation committees of the legislature on the strategies that have been deployed to improve pedestrian safety by the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements the council and make a recommendation as to whether the council should be continued and if there are any improvements

(2)(a) Except as provided in (b) of this subsection, a professional listed in subsection (1)(a) of this section must complete the first training required by this section by the end of the first full continuing education reporting period after January 1, 2014, or during the first full continuing education reporting period after initial licensure or certification, whichever occurs later.

(b) A professional listed in subsection (1)(a) of this section applying for initial licensure may delay completion of the first training required by this section for six years after initial licensure if he or she can demonstrate successful completion of the training required in subsection (1) of this section no more than six years prior to the application for initial licensure.

Training completed between June 12, 2014, and January 1, 2016, that meets the requirements of this section, other than the timing requirements of this subsection (5)(b), must be accepted by the disciplining authority as meeting the one-time training requirement of this subsection (5).

(c) The training required by this subsection must be at least six hours in length, unless a disciplining authority has determined, under subsection (9)(b) of this section, that training that includes only screening and referral elements is appropriate for the profession in question, in which case the training must be at least three hours in length.

(d) Beginning July 1, 2017, the training required by this subsection must be on the model list developed under subsection (6) of this section. Nothing in this subsection (5)(d) affects the validity of training completed prior to July 1, 2017.

(d) Beginning January 1, 2017:

(ii) The model list must include six-hour trainings in suicide assessment, treatment, and management, and three-hour trainings that include only screening and referral elements; and
(iii) A person or entity providing the training required in this section may petition the department for inclusion on the model list. The department shall add the training to the list only if the department determines that the training meets the minimum standards established in the rules adopted under (c) of this subsection.

(7) The department shall provide the health profession training standards created in this section to the professional education [educator] standards board as a model in meeting the requirements of RCW 28A.410.226 and provide technical assistance, as requested, in the review and evaluation of educator training programs. The educator training programs...
approved by the professional educator standards board may be included in the department's model list.

(8) Nothing in this section may be interpreted to expand or limit the scope of practice of any profession regulated under chapter 18.130 RCW.

(9) The secretary and the disciplining authorities affected by this section shall adopt any rules necessary to implement this section.

(10) For purposes of this section:
(a) "Disciplining authority" has the same meaning as in RCW 18.130.020.

(b) "Training in suicide assessment, treatment, and management" means empirically supported training approved by the appropriate disciplining authority that contains the following elements: Suicide assessment, including screening and referral, suicide treatment, and suicide management. However, the disciplining authority may approve training that includes only screening and referral elements if appropriate for the profession in question based on the profession's scope of practice. The board of occupational therapy may also approve training that includes only screening and referral elements if appropriate for occupational therapy practitioners based on practice setting.

(11) A state or local government employee is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion.

(12) An employee of a community mental health agency licensed under chapter 71.24 RCW or a chemical dependency program certified under chapter 70.96A RCW is exempt from the requirements of this section if he or she receives a total of at least six hours of training in suicide assessment, treatment, and management from his or her employer every six years. For purposes of this subsection, the training may be provided in one six-hour block or may be spread among shorter training sessions at the employer's discretion. [2015 c 249 § 1; 2014 c 71 § 2. Prior: 2013 c 78 § 1; 2013 c 73 § 6; 2012 c 181 § 2.]

Findings—Intent—2014 c 71; 2012 c 181: *(1) The legislature finds that:
(a) According to the centers for disease control and prevention:
(i) In 2008, more than thirty-six thousand people died by suicide in the United States, making it the tenth leading cause of death nationally.
(ii) During 2007-2008, an estimated five hundred sixty-nine thousand people visited hospital emergency departments with self-inflicted injuries in the United States, seventy percent of whom had attempted suicide.
(iii) During 2008-2009, the average percentages of adults who thought, planned, or attempted suicide in Washington were higher than the national average.

(b) According to a national study, veterans face an elevated risk of suicide as compared to the general population, more than twice the risk among male veterans. Another study has indicated a positive correlation between posttraumatic stress disorder and suicide.

(i) Washington state is home to more than sixty thousand men and women who have deployed in support of the wars in Iraq and Afghanistan.

(ii) Research continues on how the effects of wartime service and injuries, such as traumatic brain injury, posttraumatic stress disorder, or other service-related conditions, may increase the number of veterans who attempt suicide.

(iii) As more men and women separate from the military and transition back into civilian life, community mental health providers will become a vital resource to help these veterans and their families deal with issues that may arise.

(c) Suicide has an enormous impact on the family and friends of the victim as well as the community as a whole.

(d) Approximately ninety percent of people who die by suicide had a diagnosable psychiatric disorder at the time of death, such as depression. Most suicide victims exhibit warning signs or behaviors prior to an attempt.

(e) Improved training and education in suicide assessment, treatment, and management has been recommended by a variety of organizations, including the United States department of health and human services and the institute of medicine.

(2) It is therefore the intent of the legislature to help lower the suicide rate in Washington by requiring certain health professionals to complete training in suicide assessment, treatment, and management as part of their continuing education, continuing competency, or recertification requirements.

(3) The legislature does not intend to expand or limit the existing scope of practice of any health professional affected by this act. [2014 c 71 § 1; 2012 c 181 § 1.]

mechanisms that fairly and equitably apportion among carriers the reasonable administrative costs and expenses incurred to implement the provisions of this chapter. The board shall submit its recommendations to the legislature by December 1, 2012. If the legislature does not enact legislation during the 2013 regular session to modify or reject the board’s recommendations, the board may proceed with implementation of the recommendations.

(3) The board shall establish policies that permit city and county governments, Indian tribes, tribal organizations, urban Indian organizations, private foundations, and other entities to pay premiums on behalf of qualified individuals.

(4) The employees of the exchange may participate in the public employees’ retirement system under chapter 41.40 RCW and the public employees’ benefits board under chapter 41.05 RCW.

(5) Qualified employers may access coverage for their employees through the exchange for small groups under section 1311 of P.L. 111-148 of 2010, as amended. (6) The exchange shall report its activities and status to the governor and the legislature as requested, and no less often than annually.

(7) By January 1, 2016, the exchange must submit to the legislature, the governor’s office, and the board a five-year spending plan that identifies potential reductions in exchange per member per month spending below the per member per month levels based on a calculation from the 2015-2017 biennium appropriation. (9) For biennia following 2015-2017, the exchange must include additional detail capturing the annual cost of operating the exchange, per qualified health plan enrollee and apple health enrollee per month, as calculated by dividing funds allocated for the exchange over the 2015-2017 biennium by the number of enrollees in both qualified health plans and apple health during the year. The data must be tracked and reported to the legislature and the board on an annual basis.

(10)(a) The exchange shall prepare and annually update a strategic plan for the development, maintenance, and improvement of exchange operations for the purpose of assisting the exchange in establishing priorities to better serve the needs of its specific constituency and the public in general. The strategic plan is the exchange’s process for defining its methodology for achieving optimal outcomes, for complying with applicable state and federal statutes, rules, regulations, and mandatory policies, and for guaranteeing an appropriate level of transparency in its dealings. (D) Beginning and ending fund balances, by fund source;

(E) Any contracts or contract amendments signed by the exchange; and

(F) An accounting of staff required to operate the exchange broken out by full-time equivalent positions, contracted employees, temporary staff, and any other relevant designation that indicates the staffing level of the exchange.

(b) The strategic plan and its updates must be submitted to the authority, the appropriate committees of the legislature, and the board by September 30th of each year beginning September 30, 2015; the report of expenses for items identified in (a)(vi)(C) through (F) of this subsection must be submitted to the appropriate committees of the legislature and the board on a quarterly basis. 43.71.035 Eligibility verification. As part of eligibility verification responsibilities, the exchange shall verify that a person seeking to enroll in a qualified health plan or qualified dental plan during a special enrollment period has experienced a qualifying event as established by the office of the insurance commissioner and shall require reasonable proof or documentation of the qualifying event. [2015 3rd sp.s. c 33 § 2.]

(3) The exchange shall perform eligibility checks on enrollees who are in the grace period to determine eligibility for medicaid. The exchange, in collaboration with the health care authority, shall conduct outreach to eligible individuals with information regarding medicaid. [2015 3rd sp.s. c 33 § 3; 2014 c 84 § 1.]

43.82.010 Acquisition, lease, and disposal of real estate for state agencies—Long-range planning—Use of lease as collateral or security—Colocation and consolidation—Studies—Delegation of functions—Exemptions.

(1) The director of enterprise services, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of enterprise services.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of enterprise services. The director of enterprise services shall report to the office of financial management and the appropriate committees of the legislature annually on any exemptions granted pursuant to this subsection.

(3) Except for leases permitted under subsection (4) of this section, the director of enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) The director of enterprise services may fix the terms of leases for property under the department of enterprise services’ control at the former Northern State Hospital site for up to sixty years.

(5) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state’s credit rating and the integrity of the state’s debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of enterprise services shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(6) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(7) The director of enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of enterprise services shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of enterprise services shall consult with the affected state agencies and the office of financial
management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(8) The director of enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of enterprise services shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(9) If the director of enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (8) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(10) In order to obtain maximum utilization of space, the director of enterprise services shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(11) The director of enterprise services may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of enterprise services shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(12) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of enterprise services or the director’s designee, and recorded with the county auditor of the county in which the property is located.

(13) The director of enterprise services may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable. By January 1st of each year, beginning January 1, 2008, the department shall submit an annual report to the office of financial management and the appropriate committees of the legislature on all delegated leases.

(14) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;
(b) The state liquor control board for liquor stores and warehouses;
(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes; and
(d) The department of commerce for community college health career training programs, offices for the department of commerce or other appropriate state agencies, and other non-profit community uses, including community meeting and training facilities, where the real estate is acquired during the 2013-2015 fiscal biennium.

(15) Notwithstanding any provision in this chapter to the contrary, the department of enterprise services may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

(16) The department of enterprise services shall report annually to the office of financial management and the appropriate fiscal committees of the legislature on facility leases executed for all state agencies for the preceding year, lease terms, and annual lease costs. The report must include leases executed under RCW 43.82.045 and subsection (13) of this section. [2015 c 99 § 1; 2013 2nd sp.s. c 4 § 981; 2007 c 506 § 8; 2004 c 277 § 906; 1997 c 117 § 1. 43.82.035 Predesign process for requests to lease, purchase, or build facilities for state programs—Approval of plans for major leased facilities. (1) The office of financial management shall design and implement a modified predesign process for any space request to lease, purchase, or build facilities that involve (a) the housing of new state programs, (b) a major expansion of existing state programs, or (c) the relocation of state agency programs. This includes the consolidation of multiple state agency tenants into one facility. The office of financial management shall define facilities that meet the criteria described in (a) and (b) of this subsection.

(2) State agencies shall submit modified predesigned to the office of financial management and the legislature. Modified predesigns must include a problem statement, an analysis of alternatives to address programmatic and space require-
ments, proposed locations, and a financial assessment. For proposed projects of twenty thousand gross square feet or less, the agency may provide a cost-benefit analysis, rather than a life-cycle cost analysis, as determined by the office of financial management.

(3) Projects that meet the capital requirements for predesign on major facility projects with an estimated project cost of five million dollars or more pursuant to chapter 43.88 RCW shall not be required to prepare a modified predesign.

(4) The office of financial management shall require state agencies to identify plans for major leased facilities as part of the ten-year capital budget plan. State agencies shall not enter into new or renewed leases of more than one million dollars per year unless such leases have been approved by the office of financial management except when the need for the lease is due to an unanticipated emergency. The regular termination date on an existing lease does not constitute an emergency. The department of enterprise services shall notify the office of financial management and the appropriate legislative fiscal committees if an emergency situation arises.

(5) For project proposals in which there are estimates of operational savings, the office of financial management shall require the agency or agencies involved to provide details including but not limited to fund sources and timelines. [2015 c 225 § 75; 2007 c 506 § 4.]

Findings—Intent—2007 c 506: "The legislature finds that the capital stock of facilities owned and leased by state agencies represents a significant financial investment by the citizens of the state of Washington. Capital construction projects funded in the state's capital budget require diligent analysis and approval by the governor and the legislature. In some cases, long-term leases obligate state agencies to a larger financial commitment than some capital construction projects without a comparable level of diligence. State facility analysis and portfolio management can be strengthened through greater oversight and support from the office of financial management and the legislature and with input from stakeholders.

The legislature finds that the state lacks specific policies and standards on conducting life-cycle cost analysis to determine the cost-effectiveness of owning or leasing state facilities and lacks clear guidance on how and how to use it. Further, there is limited oversight and review of the results of life-cycle cost analyses in the capital project review process. Unless decision makers are provided a thorough economic analysis, they cannot identify the most cost-effective alternative or identify opportunities for improving the cost-effectiveness of state facility alternatives.

The legislature finds that the statewide accounting system limits the ability of the office of financial management and the legislature to analyze agency expenditures that include only leases for land, buildings, and structures. Additionally, other statewide data systems that track state-owned and leased facility information are limited, onerous, and inflexible.

Therefore, it is the intent of the legislature to strengthen the office of financial management's oversight role in state facility analysis and decision making. Further, it is the intent of the legislature to support the office of financial management's and the department of general administration's need for technical expertise and data systems to conduct thorough analysis, long-term planning, and state facility portfolio management by providing adequate resources in the capital and operating budgets." [2007 c 506 § 1.]

*Reviser's note: The "department of general administration" was renamed the "department of enterprise services" by 2011 1st sp.s. c 43 § 107.

**43.82.130** Powers and duties of director. The director of the department of enterprise services is authorized to do all acts and things necessary or convenient to carry out the powers and duties expressly provided in this chapter. [2015 c 225 § 77; 1965 c 8 § 43.82.130. Prior: 1959 c 255 § 13.]

**43.82.150** Inventory of state-owned or leased facilities—Report. (1) The office of financial management shall develop and maintain an inventory system to account for all facilities owned or leased by state government. At a minimum, the inventory system must include the facility owner, location, type, condition, use data, and size of each facility. In addition, for owned facilities, the inventory system must include the date and cost of original construction and the cost of any major remodeling or renovation. The inventory must be updated by all agencies, departments, boards, commissions, and institutions by June 30th of each year. The office of financial management shall publish a report summarizing information contained in the inventory system for each agency by October 1st of each year, beginning in 2010 and shall submit this report to the appropriate fiscal committees of the legislature.

(2) The inventory required under this subsection must be submitted in a standard format prescribed by the office of financial management.

(3) For the purposes of this section, "facilities" means buildings and other structures with walls and a roof. "Facilities" does not mean roads, bridges, parking areas, utility systems, and other similar improvements to real property. [2015 3rd sp.s. c 1 § 302; 2007 c 506 § 7; 1997 c 96 § 2; 1993 c 325 § 1.]

Findings—Intent—2007 c 506: See note following RCW 43.82.035.

Findings—Purpose—1997 c 96: "The legislature finds that the capital stock of facilities owned by state agencies represents a significant financial investment by the citizens of the state of Washington, and that providing agencies with the tools and incentives needed to adequately maintain state facilities is critically important to realizing the full value of this investment. The legislature also finds that ongoing reporting of facility inventory, condition, and maintenance information by agencies will improve accountability and assist in the evaluation of budget requests and facility management by the legislature and governor. The purpose of this act is to ensure that recent enhancements to facility maintenance reporting systems implemented by the office of financial management, and a new program created by the "department of general administration to provide maintenance information and technical assistance to state and local agencies, are sustained into the future." [1997 c 96 § 1.]

(1) Public bodies may transfer without further consideration real property and facilities acquired, constructed, or otherwise improved under the social and health services facilities 1972 bond issue to nonprofit corporations organized to provide individuals with social and health services facilities 1972 bond issue to nonprofit corporations. The legislature further finds that private nonprofit corporations fill an important public purpose in providing these types of health, safety, and welfare services to our state’s residents. Acting through partnerships with governmental entities, these private sector providers are able to increase the amount and quality of these services available to state residents. The legislature finds that ensuring continued provision of these services in the private sector confers a valuable benefit on the public that constitutes consideration for transfer of certain public property and facilities to eligible private nonprofit corporations, subject to restrictions that provide continued protection of the public interest. (4) If the nonprofit corporation ceases to use the property for the purposes described in subsection (1) of this section, the property and facilities revert immediately to the public body. The public body then determines if the property, or the reimbursed amount in the case of a reimbursement under subsection (3)(e) of this section, may be used by another program as designated by the department of social and health services. These programs have priority in obtaining the property to ensure that the purposes specified in the handicapped facilities 1979 bond issue are carried out.

(5) As used in this section, the term "public body" means the state of Washington, or any agency, political subdivision, taxing district, or municipal corporation thereof, and those Indian tribes now or hereafter recognized as such by the federal government for participation in the federal land and water conservation program and which may constitutionally receive grants or loans from the state of Washington. the community economic revitalization board plays a valuable and unique role in stimulating and diversifying local economies, attracting private investment, creating new jobs, and generating additional state and local tax revenues by investing in public facilities projects that result in new or expanded economic development. The legislature also finds that it is in the best interest of the state and local communities to secure a stable and dedicated source of funds for the community economic revitalization board. It is the intent of the legislature to establish an ongoing funding source for the community economic revitalization board that will be used exclusively to advance economic development infrastructure. This act provides a partial funding solution by directing that beginning July 1, 2005, the interest earnings generated by the public works assistance account shall be used to fund the community economic revitalization board’s financial assistance programs. These funds are not for use other than for the stated purpose and goals of the community economic revitalization board.” [2003 c 150; 2002 c 242 § 1.

Purpose—2001 c 141: “This act is needed to comply with federal law, which is the source of funds in the drinking water assistance account, used to fund the Washington state drinking water loan program as part of the federal safe drinking water act.” [2001 c 141 § 1.

Legislative finding—1999 c 94: "The legislature finds that a periodic review of the accounts and their uses is necessary. While creating new accounts may facilitate the implementation of legislative intent, the creation of too many accounts limits the effectiveness of performance-based budgeting. Too many accounts also limit the flexibility of the legislature to address emerging and changing issues in addition to creating administrative burdens for the responsible agencies. Accounts created for specific purposes may no longer be valid or needed. Accordingly, this act eliminates accounts that are not in use or are unneeded and consolidates accounts that are similar in nature.” [1999 c 94 § 1.

Chapter 43.88 RCW

STATE BUDGETING, ACCOUNTING, AND REPORTING SYSTEM

Sections

43.88.090 Development of budget—Detailed estimates—Mission statement, measurable goals, quality and productivity objectives—Integration of strategic plans and performance assessment procedures—Reviews by office of financial management and consolidated technology services agency—Governor-elect input. (1) For purposes of developing budget proposals to the legislature, the governor shall have the power, and it shall be the governor’s duty, to require from proper agency officials such detailed estimates and other information in such form and at such times as the governor shall direct. The governor shall communicate statewide priorities to agencies for use in developing biennial budget recommendations for their agency and
shall seek public involvement and input on these priorities. The estimates for the legislature and the judiciary shall be transmitted to the governor and shall be included in the budget without revision. The estimates for state pension contributions shall be based on the rates provided in chapter 41.45 RCW. Copies of all such estimates shall be transmitted to the standing committees on ways and means of the house and senate at the same time as they are filed with the governor and the office of financial management.

The estimates shall include statements or tables which indicate, by agency, the state funds which are required for the receipt of federal matching revenues. The estimates shall be revised as necessary to reflect legislative enactments and adopted appropriations and shall be included with the initial biennial allotment submitted under RCW 43.88.110. The estimates must reflect that the agency considered any alternatives to reduce costs or improve service delivery identified in the findings of a performance audit of the agency by the joint legislative audit and review committee. Nothing in this subsection requires performance audit findings to be published as part of the budget.

(2) Each state agency shall define its mission and establish measurable goals for achieving desirable results for those who receive its services and the taxpayers who pay for those services. Each agency shall also develop clear strategies and timelines to achieve its goals. This section does not require an agency to develop a new mission or goals in place of identifiable missions or goals that meet the intent of this section. The mission and goals of each agency must conform to statutory direction and limitations.

(3) For the purpose of assessing activity performance, each state agency shall establish quality and productivity objectives for each major activity in its budget. The objectives must be consistent with the missions and goals developed under this section. The objectives must be expressed to the extent practicable in outcome-based, objective, and measurable form unless an exception to adopt a different standard is granted by the office of financial management and approved by the legislative committee on performance review. Objectives must specifically address the statutory purpose or intent of the program or activity and focus on data that measure whether the agency is achieving or making progress toward the purpose of the activity and toward statewide priorities. The office of financial management shall provide necessary professional and technical assistance to assist state agencies in the development of strategic plans that include the mission of the agency and its programs, measurable goals, strategies, and performance measurement systems.

(4) Each state agency shall adopt procedures for and perform continuous self-assessment of each activity, using the mission, goals, objectives, and measurements required under subsections (2) and (3) of this section. The assessment of the activity must also include an evaluation of major information technology systems or projects that may assist the agency in achieving or making progress toward the activity purpose and statewide priorities. The evaluation of proposed major information technology systems or projects shall be in accordance with the standards and policies established by the technology services board. Agencies’ progress toward the mission, goals, objectives, and measurements required by subsections (2) and (3) of this section is subject to review as set forth in this subsection.

(a) The office of financial management shall regularly conduct reviews of selected activities to analyze whether the objectives and measurements submitted by agencies demonstrate progress toward statewide results.

(b) The office of financial management shall consult with: (i) The four-year institutions of higher education in those reviews that involve four-year institutions of higher education; and (ii) the state board for community and technical colleges in those reviews that involve two-year institutions of higher education.

(c) The goal is for all major activities to receive at least one review each year.

(d) The consolidated technology services agency shall review major information technology systems in use by state agencies periodically.

(5) It is the policy of the legislature that each agency's budget recommendations must be directly linked to the agency's stated mission and program, quality, and productivity goals and objectives. Consistent with this policy, agency budget proposals must include integration of performance measures that allow objective determination of an activity's success in achieving its goals. When a review under subsection (4) of this section or other analysis determines that the agency's objectives demonstrate that the agency is making insufficient progress toward the goals of any particular program or is otherwise underachieving or inefficient, the agency's budget request shall contain proposals to remedy or improve the selected programs. The office of financial management shall develop a plan to merge the budget development process with agency performance assessment procedures. The plan must include a schedule to integrate agency strategic plans and performance measures into agency budget requests and the governor's budget proposal over three fiscal biennia. The plan must identify those agencies that will implement the revised budget process in the 1997-1999 biennium, the 1999-2001 biennium, and the 2001-2003 biennium. In consultation with the legislative fiscal committees, the office of financial management shall recommend statutory and procedural modifications to the state's budget, accounting, and reporting systems to facilitate the performance assessment procedures and the merger of those procedures with the state budget process. The plan and recommended statutory and procedural modifications must be submitted to the legislative fiscal committees by September 30, 1996.

(6) In reviewing agency budget requests in order to prepare the governor's biennial budget request, the office of financial management shall consider the extent to which the agency's activities demonstrate progress toward the statewide budgeting priorities, along with any specific review conducted under subsection (4) of this section.

(7) In the year of the gubernatorial election, the governor shall invite the governor-elect or the governor-elect's designee to attend all hearings provided in RCW 43.88.100; and the governor shall furnish the governor-elect or the governor-elect's designee with such information as will enable the governor-elect or the governor-elect's designee to gain an understanding of the state's budget requirements. The governor-elect or the governor-elect's designee may ask such questions during the hearings and require such information as the gov-
43.88.092 Information technology budget detail—Information technology plan—Accounting method for information technology. (1) As part of the biennial budget process, the office of financial management shall collect from agencies, and agencies shall provide, information to produce reports, summaries, and budget detail sufficient to allow review, analysis, and documentation of all current and proposed expenditures for information technology by state agencies. Information technology budget detail must be included as part of the budget submission documentation required pursuant to RCW 43.88.030.

(2) The office of financial management must collect, and present as part of the biennial budget documentation, information for all existing information technology projects as defined by technology services board policy. The office of financial management must work with the office of the state chief information officer to maximize the ability to draw this information from the information technology portfolio management data collected by the consolidated technology services agency. Connecting project information collected through the portfolio management process with financial data developed under subsection (1) of this section provides transparency regarding expenditure data for existing technology projects.

(3) The director of the consolidated technology services agency shall evaluate proposed information technology expenditures and establish priority ranking categories of the proposals. No more than one-third of the proposed expenditures shall be ranked in the highest priority category.

(4) The biennial budget documentation submitted by the office of financial management pursuant to RCW 43.88.030 must include an information technology plan and a technology budget for the state identifying current baseline funding for information technology, proposed and ongoing major information technology projects, and their associated costs. This plan and technology budget must be presented using a method similar to the capital budget, identifying project costs through stages of the project and across fiscal periods and biennia from project initiation to implementation. This information must be submitted electronically, in a format to be determined by the office of financial management and the legislative evaluation and accountability program committee.

(5) The office of financial management shall also institute a method of accounting for information technology-related expenditures, including creating common definitions for what constitutes an information technology investment.

(6) For the purposes of this section, "major information technology projects" includes projects that have a significant anticipated cost, complexity, or are of statewide significance, such as enterprise-level solutions, enterprise resource planning, and shared services initiatives. 43.88.160 Fiscal management—Powers and duties of officers and agencies. This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) Except as provided in chapter 43.88C RCW, the director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall...
also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Develop and maintain a system of internal controls and internal audits comprising methods and procedures to be adopted by each agency that will safeguard its assets, check the accuracy and reliability of its accounting data, promote operational efficiency, and encourage adherence to prescribed managerial policies for accounting and financial controls. The system developed by the director shall include criteria for determining the scope and comprehensiveness of internal controls required by classes of agencies, depending on the level of resources at risk.

(i) For those agencies that the director determines internal audit is required, the agency head or authorized designee shall be assigned the responsibility and authority for establishing and maintaining internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both.

(ii) For those agencies that the director determines internal audit is not required, the agency head or authorized designee may establish and maintain internal audits following professional audit standards including generally accepted government auditing standards or standards adopted by the institute of internal auditors, or both, but at a minimum must comply with policies as established by the director to assess the effectiveness of the agency's systems of internal controls and risk management processes;

(b) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(c) Establish policies for allowing the contracting of child care services;

(d) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(e) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter the plans, except that for the following agencies no amendment or alteration of the plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(f) Fix the number and classes of positions or authorized employee years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix the number or the classes for the following: Agencies headed by elective officials;

(g) Adopt rules to effectuate provisions contained in (a) through (f) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody;

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under RCW 43.41.180;

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made. When services are lawfully paid for in advance of full performance by any private individual or business entity other than equipment maintenance providers or as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of enterprise services but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services. No payments shall be made in advance for any equipment maintenance services to be performed more than twelve months after such payment except that institutions of higher education as defined in RCW 28B.10.016 and the consolidated technology services agency created in RCW 43.105.006 may make payments in
advance for equipment maintenance services to be performed up to sixty months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head’s designee in accordance with rules issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor’s discretion, examine the books and accounts of any agency, official, or employee charged with the receipt, custody, or safekeeping of public funds. Where feasible in conducting examinations, the auditor shall utilize data and findings from the internal control system prescribed by the office of financial management. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include determinations as to whether agencies, in making expenditures, complied with the laws of this state. The state auditor is authorized to perform or participate in performance verifications and performance audits as expressly authorized by the legislature in the omnibus biennial appropriations acts or in the performance audit work plan approved by the joint legislative audit and review committee. The state auditor, upon completing an audit for legal and financial compliance under chapter 43.09 RCW or a performance verification, may report to the joint legislative audit and review committee or other appropriate committees of the legislature, in a manner prescribed by the joint legislative audit and review committee, on facts relating to the management or performance issues raised by the auditor. If the auditor makes a report to a legislative committee, the agency may submit to the committee a response to the report. This subsection (6) shall not be construed to authorize the auditor to allocate other than de minimis resources to performance audits except as expressly authorized in the appropriations acts or in the performance audit work plan. The results of a performance audit conducted by the state auditor that has been requested by the joint legislative audit and review committee must only be transmitted to the joint legislative audit and review committee.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken within six months, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110. The director of financial management shall annually report by December 31st the status of audit resolution to the appropriate committees of the legislature, the state auditor, and the attorney general. The director of financial management shall include in the audit resolution report actions taken as a result of an audit including, but not limited to, types of personnel actions, costs and types of litigation, and value of recouped goods or services.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

In addition to the authority given to the state auditor in this subsection (6), the state auditor is authorized to conduct performance audits identified in RCW 43.09.470. Nothing in this subsection (6) shall limit, impede, or restrict the state auditor from conducting performance audits identified in RCW 43.09.470.

(7) The joint legislative audit and review committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in chapter 44.28 RCW as well as performance audits and program evaluations. To this end the joint committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state’s credit, for lessening expenditures, for promoting frugality and economy in agency affairs, and generally for an improved level of fiscal management. 43.101.270 Sexual assault—Training for investigating and prosecuting. (1) Each year the criminal justice training commission shall offer an intensive, integrated training session on investigating and prosecuting sexual assault cases. The training shall place particular emphasis on the development of professionalism and sensitivity towards the victim and the victim’s family.

(2) The commission shall seek advice from the Washington association of prosecuting attorneys, the Washington defender association, the Washington association of sheriffs and police chiefs, and the Washington coalition of sexual assault programs.

(3) The training shall be an integrated approach to sexual assault cases so that prosecutors, law enforcement, defenders, and victim advocates can all benefit from the training.

(4) The training shall be self-supporting through fees charged to the participants of the training.

(5) The training shall include a reference to the possibility that a court may allow children under the age of fourteen to testify in a room outside the presence of the defendant and the jury pursuant to RCW 9A.44.150. [2015 c 286 § 2; 1991 c 267 § 2.]

Findings—Intent—2015 c 286: "(1) The legislature finds that RCW 9A.44.150, which allows testimony of child victims by closed-circuit television in certain cases, helps protect certain child witnesses. During the prosecution of many child abuse cases, child victims may suffer serious emotional..."
and mental trauma from exposure to the abuser. Some of these child victims are unable to testify at all in the presence of the abuser. For these reasons, the legislature found it a compelling state interest to allow for remote testimony in certain cases to enhance the truth-seeking process and to shield child victims from trauma.

(2) The legislature further finds that while there is a possibility for certain child victims to testify remotely in some cases, this procedure is rarely used. The legislature intends to raise awareness regarding this procedure by including it in training materials for investigating and prosecuting sexual assault cases. [2015 c 286 § 1.]

Findings—1991 c 267: "The safety of all children is enhanced when sexual assault cases are properly investigated and prosecuted. The victim of the sexual assault and the victim's family have a right to be treated with sensitivity and professionalism, which also increases the likelihood of their continued cooperation with the investigation and prosecution of the case. The legislature finds the sexual assault cases, particularly those involving victims who are children, are difficult to prosecute successfully. The cooperation of a victim and the victim's family through the investigation and prosecution of the sexual assault case is enhanced and the trauma associated with the investigation and prosecution is reduced when trained victim advocates assist the victim and the victim's family through the investigation and prosecution of the case. Trained victim advocates also assist law enforcement, prosecutors, defense attorneys, and other legal professionals in the legal process by providing emotional support to the victim and accompanying the victim during interviews by the police, prosecutor, and defense attorney, and accompanying the victim during hearings and the trial.

The legislature finds that counties should give priority to the successful prosecution of sexual assault cases, especially those that involve children, by ensuring that prosecutors, investigators, defense attorneys, and victim advocates are properly trained and available. Therefore, the legislature intends to establish a mechanism to provide the necessary training of prosecutors, law enforcement investigators, defense attorneys, and victim advocates and ensure the availability of victim advocates for victims of sexual assault and their families." [1991 c 267 § 1.]

43.101.427 Crisis intervention training—Rules. (1) The commission shall provide crisis intervention training to every new full-time law enforcement officer employed after July 1, 2017, by a general authority Washington law enforcement agency. The training shall consist of not less than eight hours and shall be incorporated into the basic training academy as provided in RCW 43.101.200.

(2) The commission must ensure that:

(a) All full-time, general authority Washington peace officers who are certified after July 1, 2017, complete a two-hour online crisis intervention course as part of the annual training required by the commission for all full-time, general authority Washington peace officers employed by a general authority Washington law enforcement agency.

(b) Each full-time general authority Washington peace officer certified before July 1, 2017, receives crisis intervention training by July 1, 2021. The training shall consist of not less than eight hours and shall be substantially similar in hours and content to the training offered through the basic training academy. Each attendee of the program shall be required to obtain written proof of completion of the program as provided by rules of the commission.

(3) The commission shall make efforts to provide enhanced crisis intervention training for at least twenty-five percent of all full-time, general authority Washington peace officers assigned to patrol duties. The enhanced training may be (a) comprised of forty hours of commission-certified training and (b) accomplished within any funds remaining after appropriation is made for purposes of this section.

(4) By July 1, 2017, the commission shall establish by rule:

(a) A program and standards to certify organizations, other than the commission, that may provide crisis intervention training as required under this section. Certified organizations must use a commission-certified training or curriculum to facilitate the training. The commission shall consider geographic training needs when considering programs and standards. The commission shall provide grants to general authority Washington law enforcement agencies to reimburse those law enforcement agencies for the cost of sending officers to crisis intervention training;

(b) Standards for successful completion of the annual two-hour crisis intervention training as provided in subsection (2) of this section. The standards shall include, at a minimum, the requirement of successful completion of a written exam.

(5) For the purposes of this section, "crisis intervention training" means training designed to provide tools and resources to full-time, general authority Washington peace officers in order to respond effectively to individuals who may be experiencing an emotional, mental, physical, behavioral, or chemical dependency crisis, distress, or problem and that are designed to increase the safety of both law enforcement and individuals in crisis.

(6) This section is subject to the availability of amounts appropriated for this specific purpose. [2015 c 87 § 1.]

Findings—Intent—2015 c 87: "This act may be known and cited as the Douglas M. Ostling act." [2015 c 87 § 2.]

43.101.435 Washington internet crimes against children account. The Washington internet crimes against children account is created in the custody of the state treasurer. All receipts from legislative appropriations, donations, gifts, grants, and funds from federal or private sources must be deposited into the account. Expenditures from the account must be used exclusively by the Washington internet crimes against children task force and its affiliate agencies for combating internet-facilitated crimes against children, promoting education on internet safety to the public and to minors, and rescuing child victims from abuse and exploitation. Only the criminal justice training commission or the commission's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The commission may enter into agreements with the Washington association of sheriffs and police chiefs to administer grants and other activities funded by the account and be paid an administrative fee not to exceed three percent of expenditures. [2015 c 84 § 2.]

Findings—Intent—2015 c 84: "(1) The legislature finds that the internet crimes against children task force program, through the United States department of justice, helps state and local law enforcement agencies develop an effective response to technology-facilitated child sexual exploitation and internet crimes against children. This help encompasses forensic and investigative components, training and technical assistance, victim services, and community education. The program is a national network of sixty-one coordinated task forces representing over three thousand five hundred federal, state, and local law enforcement and prosecutorial agencies. In 2013, the program's investigations contributed to the arrests of more than seven thousand four hundred individuals and task forces conducted over sixty thousand forensic examinations. Additionally, the program trained over thirty thousand law enforcement personnel, over three thousand five hundred prosecutors, and more than five thousand three hundred other professionals working in the program's field.

[2015 RCW Supp—page 550]
(2) The legislature finds that there is a lack of dedicated state resources to combat internet-facilitated crimes against children. As a result, many of the cases involving internet-facilitated crimes are not adequately investigated. The legislature further finds that a minimum of fifteen full-time affiliate investigators and three forensic examiners are currently needed to just investigate the very worst of these cases in Washington. It is the intent of the legislature to create an account dedicated to combating internet-facilitated crimes against children, promoting education on internet safety to the public and to minors, and rescuing child victims from abuse and exploitation.  

[2015 c 84 § 1.]

43.105.340 Testimony of children under age fourteen—Remote testimony—Number of child sexual abuse cases referred for prosecution and number prosecuted—Annual survey—Reports to the legislature. The criminal justice training commission shall annually survey law enforcement and prosecuting agencies regarding, with respect to the preceding year: (1) The frequency of cases where children under the age of fourteen have elected not to testify, including the reasons for the election not to testify; (2) the number of cases where remote testimony pursuant to RCW 9A.44.150 was used and whether those cases resulted in conviction; and (3) the total number of child sexual abuse cases referred for prosecution and the number of those cases that were prosecuted. The results of the survey described in this section must be reported every other year to the appropriate committees of the legislature with an initial reporting date of December 1, 2015.  

[2015 c 286 § 3.]

Findings—Intent—2015 c 286: See note following RCW 43.101.270.

43.105.351 Electronic access to public records—Findings—Intent. Based upon the recommendations of the public information access policy task force, the legislature finds that government records and information are a vital resource to both government operations and to the public that government serves. Broad public access to state and local government records and information has potential for expanding citizen access to that information and for improving government services. Electronic methods for locating and transferring information can improve linkages between and among citizens, organizations, businesses, and governments. Information must be managed with great care to meet the objectives of citizens and their governments.

It is the intent of the legislature to encourage state and local governments to develop, store, and manage their public records and information in electronic formats to meet their missions and objectives. Further, it is the intent of the legislature for state and local governments to set priorities for making public records widely available electronically to the public.

43.105.355 Electronic access to public records—Costs and fees. Funding to meet the costs of providing access, including the building of the necessary information systems, the digitizing of information, developing the ability to mask nondisclosable information, and maintenance and upgrade of information access systems should come primarily from state and local appropriations, federal dollars, grants, private funds, cooperative ventures among governments, nonexclusive licensing, and public/private partnerships.

State agencies and local governments are encouraged to pool resources and to form cooperative ventures to provide electronic access to government records and information. State agencies are encouraged to seek federal and private grants for projects that provide increased efficiency and improve government delivery of information and services.

In designing the system, the following factors shall be considered: (1) Ease of operation by citizens; (2) access through multiple technologies, such as direct dial and toll-free numbers, kiosks, and the internet; (3) compatibility with private online services; and (4) capability of expanding the electronic public records included in the system. The pilot project may restrict the type and quality of electronic public records that are included in the system to test the feasibility of making electronic public records and information widely available to the public.

To the extent possible, information must be collected directly from, and with the consent of, the individual who is the subject of the data. State agencies shall establish procedures for correcting inaccurate information, including establishing mechanisms for individuals to review information about themselves and recommend changes in information they believe to be inaccurate. The inclusion of personal information in electronic public records that is widely available to the public should include information on the date when the database was created or most recently updated. If personally identifiable information is included in electronic public records that are made widely available to the public, state agencies must follow retention and archival schedules in

Chapter 43.135 RCW

STATE EXPENDITURES LIMITATIONS

Sections

43.135.010 Findings—Intent.

43.135.025 General fund expenditure limit—Computation—Annual limit adjustment—Definitions—Emergency exception—State treasurer duty, penalty—State expenditure limit committee.

43.135.034 Tax legislation—Two-thirds approval—Referral to voters—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer.

43.135.060 Prohibition of new or extended programs without full reimbursement—Transfer of programs—Determination of costs.

43.135.010 Findings—Intent. The people of the state of Washington hereby find and declare:

(1) The continuing increases in our state tax burden and the corresponding growth of state government is contrary to the interest of the people of the state of Washington.

(2) It is necessary to limit the rate of growth of state government while assuring adequate funding of essential services, and ample funding of basic education as defined by the legislature in chapter 548, Laws of 2009 and chapter 236, Laws of 2010 and as required by the state supreme court opinion and subsequent orders in McCleary v. State.

(3) The current budgetary system in the state of Washington lacks stability. The system encourages crisis budgeting and results in cutbacks during lean years and overspending during surplus years.

(4) It is therefore the intent of this chapter to:

(a) Establish a limit on state expenditures that will assure that the growth rate of state expenditures does not exceed the growth rate in Washington personal income once the state has fully implemented its Article IX funding obligations;

(b) Assure that local governments are provided funds adequate to render those services deemed essential by their citizens;

(c) Assure that the state does not impose responsibility on local governments for new programs or increased levels of service under existing programs unless the costs thereof are paid by the state;

(d) Provide for adjustment of the limit when costs of a program are transferred between the state and another political entity;

(e) Establish a procedure for exceeding this limit in emergency situations;

(f) Provide for voter approval of tax increases; and

(g) Avoid overfunding and underfunding state programs by providing stability, consistency, and long-range planning. [2015 3rd sp.s. c 29 § 2; 2005 c 72 § 3; 1994 c 2 § 1 (Initiative Measure No. 601, approved November 2, 1993); 1980 c 1 § 1 (Initiative Measure No. 62, approved November 6, 1979).]

Effective date—Findings—2015 3rd sp.s. c 29: See notes following RCW 43.135.025.

Findings—2005 c 72: "The legislature finds that the citizens of the state benefit from a state expenditure limit that ensures that the state budget operates with stability and predictability, while encouraging the establishment of budget priorities and a periodic review of state programs and the delivery of state services. A state expenditure limit can prevent budgeting crises that can occur because of increased spending levels during periods of revenue surplus followed by drastic reductions in state services in lean years. The citizens of the state are best served by an expenditure limit that keeps pace with the growth in the state's economy yet ensures budget discipline and taxpayer protection. For these reasons, the legislature finds that modifications to the state expenditure limit, after ten years of experience following the initial implementation of Initiative Measure No. 601, will recognize the economic productivity of the state's economy and better balance the needs of the citizens for essential government services with the obligation of the legislature for strict spending accountability and protection of its taxpayers." [2005 c 72 § 1.]

Effective dates—2005 c 72: "(1) Sections 1 and 2 of this act are necessary for the immediate preservation of the public peace, health, or safety, or
43.135.025 General fund expenditure limit—Computation—Annual limit adjustment—Definitions—Emergency exception—State treasurer duty, penalty—State expenditure limit committee. (1) Beginning July 1, 2021, the state shall not expend from the general fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.  

(2) Except pursuant to an appropriation under RCW 43.135.045(2), the state treasurer shall not issue or redeem any check, warrant, or voucher that will result in a state general fund expenditure for any fiscal year in excess of the state expenditure limit established under this chapter. A violation of this subsection constitutes a violation of RCW 43.88.290 and shall subject the state treasurer to the penalties provided in RCW 43.88.300.  

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.  

(4) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, 2021, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund for the fiscal year beginning July 1, 2020, plus the fiscal growth factor.  

(5) A state expenditure limit committee is established for the purpose of determining and adjusting the state expenditure limit as provided in this chapter. The members of the state expenditure limit committee are the director of financial management, the attorney general or the attorney general's designee, and the chairs and ranking minority members of the senate committee on ways and means and the house of representatives committee on ways and means. All actions of the state expenditure limit committee taken pursuant to this chapter require an affirmative vote of at least four members.  

(6) Each November, the state expenditure limit committee shall adjust the expenditure limit for the preceding fiscal year based on actual expenditures and known changes in the fiscal growth factor and then project an expenditure limit for the next two fiscal years. If, by November 30th, the state expenditure limit committee has not adopted the expenditure limit adjustment and projected expenditure limit as provided in subsection (5) of this section, the attorney general or his or her designee shall adjust or project the expenditure limit, as necessary.  

(7) "Fiscal growth factor" means the average growth in state personal income for the prior ten fiscal years.  

(8) "General fund" means the state general fund. [2015 3rd sp.s. c 29 § 3; 2009 c 479 § 35; 2005 c 72 § 4; (2006 c 56 § 7 expired July 1, 2007); 2000 2nd sp.s. c 2 § 1; 1994 c 2 § 2 (Initiative Measure No. 601, approved November 2, 1993).]  

Effective date—2015 3rd sp.s. c 29: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sp.s. c 29 § 5.]  

Findings—2015 3rd sp.s. c 29: "The legislature finds that under the state supreme court's decision and subsequent orders in McCleary v. State, the state has an Article IX constitutional obligation to make significant enhancements to the program of basic education over the next biennium. The legislature further finds that the state expenditure limit was first enacted in 1993 as part of Initiative Measure No. 601, and that Washington has undergone many changes in the intervening years, including a recession during which state general fund revenues and expenditures actually declined despite population growth and increased demands for public services. Finally, the legislature finds that the new state requirements for a four-year balanced budget and budget outlook process provide a better tool for balancing and controlling the state budget while fulfilling constitutional requirements than does the state expenditure limit process. For these reasons, during the biennium in which the legislature is phasing in its Article IX obligations and for the ensuing biennium, the legislature is temporarily suspending the state expenditure limit." 43.135.034 Tax legislation—Two-thirds approval—Referral to voters—Conditions and restrictions—Ballot title—Declarations of emergency—Taxes on intangible property—Expenditure limit to reflect program cost shifting or fund transfer. (1)(a) Any action or combination of actions by the legislature that raises taxes may be taken only if approved by a two-thirds vote in both the house of representatives and the senate. Pursuant to the referendum power set forth in Article II, section 1(b) of the state Constitution, tax increases may be referred to the voters for their approval or rejection at an election.  

(b) For the purposes of this chapter, "raises taxes" means any action or combination of actions by the state legislature that increases state tax revenue deposited in any fund, budget, or account, regardless of whether the revenues are deposited into the general fund.  

(2)(a) If the legislative action under subsection (1) of this section will result in expenditures in excess of the state expenditure limit, then the action of the legislature may not take effect until approved by a vote of the people at a November general election. The state expenditure limit committee must adjust the state expenditure limit by the amount of additional revenue approved by the voters under this section. This adjustment may not exceed the amount of revenue generated by the legislative action during the first full fiscal year in which it is in effect. The state expenditure limit must be adjusted downward upon expiration or repeal of the legislative action.  

(b) The ballot title for any vote of the people required under this section must be substantially as follows:  

"Shall taxes be imposed on . . . . . . . in order to allow a spending increase above last year's authorized spending adjusted for personal income growth?"  

(3)(a) The state expenditure limit may be exceeded upon declaration of an emergency for a period not to exceed twenty-four months by a law approved by a two-thirds vote of each house of the legislature and signed by the governor. The law must set forth the nature of the emergency, which is limited to natural disasters that require immediate government action to alleviate human suffering and provide humanitarian assistance. The state expenditure limit may be exceeded for no more than twenty-four months following the declaration of the
emergency and only for the purposes contained in the emergency declaration.

(b) Additional taxes required for an emergency under this section may be imposed only until thirty days following the next general election, unless an extension is approved at that general election. The additional taxes expire upon expiration of the declaration of emergency. The legislature may not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.

(c) The state or any political subdivision of the state may not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), must lower the state expenditure limit to reflect the shift. For the purposes of this section, a transfer of money from the state general fund to another fund or account includes any state legislative action taken that has the effect of reducing revenues from a particular source, where such revenues would otherwise be deposited into the state general fund, while increasing the revenues from that particular source to another state or local government account. This subsection does not apply to: (a) The dedication or use of lottery revenues under RCW 67.70.240(1)(c), in support of education or education expenditures; (b) a transfer of moneys to, or an expenditure from, the budget stabilization account; or (c) a transfer of money to, or an expenditure from, the connecting Washington account established in RCW 46.68.395.

(5) If the cost of any state program or function and the ongoing revenue necessary to fund the program or function are shifted to the state general fund on or after January 1, 2007, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), must increase the state expenditure limit to reflect the shift unless the shifted revenue had previously been shifted from the general fund. These important policies ensure that taxpayers will be protected and that taking more of the people’s money will always be an absolute last resort." But regardless of legislative action taken during the 2010 legislative session concerning Initiative 960’s policies, the people intend, by the passage of this initiative, to require either two-thirds legislative approval or voter approval for tax increases and majority legislative approval for fee increases. 43.155.050 Public works assistance account. The public works assistance account is hereby established in the state treasury. Money may be placed in the public works assistance account from the proceeds of bonds when authorized by the legislature or from any other lawful source. Money in the public works assistance account shall be used to make loans and to give financial guarantees to local governments for public works projects. Moneys in the account may also be appropriated to provide for state match requirements under federal law for projects and activities conducted and financed by the board under the drinking water assistance account. Not more than fifteen percent of the biennial capital budget appropriation to the public works board from this account may be expended or obligated for preconstruction loans, emergency loans, or loans for capital facility planning under this chapter; of this amount, not more than ten percent of the biennial capital budget appropriation may be expended for emergency loans and not more than one percent of the biennial capital budget appropriation may be expended for capital facility planning loans. During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the general fund, the water pollution control revolving account, and the drinking water assistance account such amounts as reflect the excess fund balance of the account. During the 2013-2015 fiscal biennium, the legislature may transfer from the public works assistance account to the education legacy trust account such amounts as specified by the legislature. During the 2015-2017 fiscal biennium, the legislature may appropriate moneys from the account for activities related to the growth management act and the voluntary stewardship program. During the 2015-2017 fiscal biennium, the legislature may transfer from the public works assistance account to the state general fund such amounts as specified by the legislature. In the 2017-2019 fiscal biennium the legislature intends to allocate seventy-three million dollars of future loan repayments paid into the public works assistance account to support basic education. 43.155.070 Eligibility, priority, limitations, and exceptions. (1) To qualify for financial assistance under this chapter the board must determine that a local government meets all of the following conditions:

(a) The city or county must be imposing a tax under chapter 82.46 RCW at a rate of at least one-quarter of one percent;

(b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city,
or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;
(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;
(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;
(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;
(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;
(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;
(g) The cost of the project compared to the size of the local government and amount of loan money available;
(h) The number of communities served by or funding the project;
(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;
(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;
(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;
(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and
(m) Other criteria that the board considers advisable.

(5) For the 2015-2017 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;
(ii) The extent to which the project leverages nonstate funds;
(iii) The extent to which the project is ready to proceed to construction;
(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;
(v) Whether the project promotes the sustainable use of resources and environmental quality;
(vi) Whether the project consolidates or regionalizes systems;
(vii) Whether the project encourages economic development through mixeduse and mixed income development consistent with chapter 36.70A RCW;
(viii) Whether the system is being wellmanaged in the present and for longterm sustainability;
(ix) Achieving equitable distribution of funds by geography and population;
(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;
(B) Preservation and enhancement of health and safety;
(C) Abatement of pollution and protection of the environment;
(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;
(E) Fostering economic development consistent with chapter 36.70A RCW;
(F) Efficiency in delivery of goods and services, public transit, and transportation;
(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and
(H) Reduction of the overall cost of public infrastructure;
and
(xii) Other criteria that the board considers necessary to achieve the purposes of this chapter.
(b) Before November 1, 2016, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

(7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

(8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

(9) Subsection (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection (10) of this section.

(10) Loans made for the purpose of capital facilities plans are exempted from subsection (8) of this section.

(11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

(12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the 2015-2017 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

(14)(a) For public works assistance account application rounds conducted during the 2015-2017 fiscal biennium, the board must implement policies and procedures designed to maximize local government use of federal funds to finance local infrastructure including, but not limited to, drinking water and clean water state revolving funds operated by the state departments of health and ecology. Projects that are eligible for the drinking water and clean water state revolving funds may receive public works board preconstruction loans. Projects that are eligible for the drinking water and clean water state revolving funds are not eligible for public works board construction loans. For purposes of this subsection "eligible for drinking water and clean water state revolving funds" means:

(i) Projects that have applied to the state revolving funds and are awaiting a funding decision;

(ii) Projects that have been rejected for funding solely due to not meeting readiness requirements; and

(iii) Projects that have not applied, but would likely be eligible if the project applied and met the project readiness requirements.

(b) For all construction loan projects proposed to the legislature for funding during the 2015-2017 fiscal biennium, the board must base interest rates on the average daily market interest rate for taxexempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship. The legislature also finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government. The legislature further finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an

(1) During each calendar year in which funds from the housing trust fund or other legislative appropriations are available for use by the department for the housing assistance program, the department must announce to all known interested parties, and through major media throughout the state, a grant and loan application period of at least ninety days' duration. This announcement must be made as often as the director deems appropriate for proper utilization of resources. The department must then promptly grant as many applications as will utilize available funds less appropriate administrative costs of the department as provided in RCW 43.185.050.

(2) In awarding funds under this chapter, the department must:
(a) Provide for a geographic distribution on a statewide basis; and
(b) Until June 30, 2013, consider the total cost and per-unit cost of each project for which an application is submitted for funding under RCW 43.185.050(2) (a) and (j), as compared to similar housing projects constructed or renovated within the same geographic area.

(3) The department, with advice and input from the affordable housing advisory board established in RCW 43.185B.020, or a subcommittee of the affordable housing

Such projects and activities must be evaluated under subsection (5) of this section. Second priority must be given to activities and projects which utilize existing publicly owned housing stock. All projects and activities must be evaluated by some or all of the criteria under subsection (5) of this section, and similar projects and activities shall be evaluated under the same criteria.

(5) The department must give preference for applications based on some or all of the criteria under this subsection, and similar projects and activities must be evaluated under the same criteria:

(a) The degree of leveraging of other funds that will occur;
(b) The degree of commitment from programs to provide necessary habilitation and support services for projects focusing on special needs populations;
(c) Recipient contributions to total project costs, including allied contributions from other sources such as professional, craft and trade services, and lender interest rate subsidies;
(d) Local government project contributions in the form of infrastructure improvements, and others;
(e) Projects that encourage ownership, management, and other project-related responsibility opportunities;
(f) Projects that demonstrate a strong probability of serving the original target group or income level for a period of at least twenty-five years;
(g) The applicant has the demonstrated ability, stability and resources to implement the project;
(h) Projects which demonstrate serving the greatest need;
(i) Projects that provide housing for persons and families with the lowest incomes;
(j) Projects serving special needs populations which are under statutory mandate to develop community housing;
(k) Project location and access to employment centers in the region or area;
(l) Projects that provide employment and training opportunities for disadvantaged youth under a youthbuild or youthbuild-type program as defined in RCW 50.72.020;
(m) Project location and access to available public transportation services; and
(n) Projects involving collaborative partnerships between local school districts and either public housing authorities or nonprofit housing providers, that help children of low-income families succeed in school. To receive this preference, the local school district must provide an opportunity for community members to offer input on the proposed project at the first scheduled school board meeting following submission of the grant application to the department.

(6) The department may only approve applications for projects for persons with mental illness that are consistent with a regional support network six-year capital and operating plan. A street youth whose parent wants him or her returned to home may remain in a HOPE center until his or her parent arranges return of the youth, not longer. All other street youth must have court approval under chapter 13.34 or 13.32A RCW to remain in a HOPE center up to thirty days.

It must include a representative of the county, a representative of the largest city located within the county, at least one homeless or formerly homeless person, such other members as may be required to maintain eligibility for federal funding related to housing programs and services and if feasible, a representative of a private nonprofit organization with experience in low-income housing.

Pursuant to rules established by the department, the facility administrator shall establish reasonable hours for residents to come and go from the facility such that no residents are free to come and go at all hours of the day and night. To prevent residents from taking unreasonable actions, the facility administrator, where appropriate, may condition a resident's leaving the facility upon the resident being accompanied by the administrator or the administrator's designee and the resident may be required to notify the administrator or the administrator's designee of any intent to leave, his or her intended destination, and the probable time of his or her return to the center.

[2015 RCW Supp—page 571]
prepare and publish a ten-year homeless housing strategic plan which shall outline statewide goals and performance measures and shall be coordinated with the plan for homeless families with children required under RCW 43.63A.650. To guide local governments in preparation of their first local homeless housing plans due December 31, 2005, the department shall issue by October 15, 2005, temporary guidelines consistent with this chapter and including the best available data on each community's homeless population. Local governments' ten-year homeless housing plans shall not be substantially inconsistent with the goals and program recommendations of the temporary guidelines and, when amended after 2005, the state strategic plan.

(2) Program outcomes and performance measures and goals shall be created by the department and reflected in the department's homeless housing strategic plan as well as interim goals against which state and local governments' performance may be measured, including:

(a) By the end of year one, completion of the first census as described in RCW 43.185C.030;

(b) By the end of each subsequent year, goals common to all local programs which are measurable and the achievement of which would move that community toward housing its homeless population; and

(c) By July 1, 2015, reduction of the homeless population statewide and in each county by fifty percent.

(3) The department shall develop a consistent statewide data gathering instrument to monitor the performance of cities and counties receiving grants in order to determine compliance with the terms and conditions set forth in the grant application or required by the department.

The department shall, in consultation with the inter-agency council on homelessness and the affordable housing advisory board, report biennially to the governor and the appropriate committees of the legislature an assessment of the state's performance in furthering the goals of the state ten-year homeless housing strategic plan and the performance of each participating local government in creating and executing a local homeless housing plan which meets the requirements of this chapter. The annual report may include performance measures such as:

(a) The reduction in the number of homeless individuals and families from the initial count of homeless persons;

(b) The reduction in the number of unaccompanied homeless youth. "Unaccompanied homeless youth" has the same meaning as in RCW 43.330.702;

(c) The number of new units available and affordable for homeless families by housing type;

(d) The number of homeless individuals identified who are not offered suitable housing within thirty days of their request or identification as homeless;

(e) The number of households at risk of losing housing who maintain it due to a preventive intervention;

(f) The transition time from homelessness to permanent housing;

(g) The cost per person housed at each level of the housing continuum;

(h) The ability to successfully collect data and report performance;

(i) The extent of collaboration and coordination among public bodies, as well as community stakeholders, and the level of community support and participation;

(j) The quality and safety of housing provided; and

(k) The effectiveness of outreach to homeless persons, and their satisfaction with the program.

(4) Based on the performance of local homeless housing programs in meeting their interim goals, on general population changes and on changes in the homeless population recorded in the annual census, the department may revise the performance measures and goals of the state homeless housing strategic plan, set goals for years following the initial ten-year period, and recommend changes in local governments' plans. [2015 c 69 § 25; 2009 c 518 § 17; 2005 c 484 § 7.]

43.185C.061 Home security fund account—Exemptions from set aside. Home security fund account funds appropriated to carry out the activities of RCW 43.330.700 through 43.330.715, 43.330.911, 43.185C.010, 43.185C.250 through 43.185C.320, and 43.330.167 are not subject to the set aside under RCW 36.22.179(1)(b). [2015 c 69 § 27.]

43.185C.220 Essential needs and housing support program—Distribution of funds. (1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under RCW 74.04.805 and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be determined in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 20112013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.
(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department’s designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(e) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(f) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sp. sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(e) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations. 43.185C.240 Document recording surcharge funds—Use—Local government obligations—Washington state quality award program—Department's duties—Definitions. (Expires June 30, 2019.) (1) As a means of efficiently and cost-effectively providing housing assistance to very-low income and homeless households:

(a) Any local government that has the authority to issue housing vouchers, directly or through a contractor, using document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, or 36.22.1791 must:
(i)(A) Maintain an interested landlord list, which at a minimum, includes information on rental properties in buildings with fewer than fifty units;

(B) Update the list at least once per quarter;

(C) Distribute the list to agencies providing services to individuals and households receiving housing vouchers;

(D) Ensure that a copy of the list or information for accessing the list online is provided with voucher paperwork; and

(E) Communicate and interact with landlord and tenant associations located within its jurisdiction to facilitate development, maintenance, and distribution of the list to private rental housing landlords. The department must make reasonable efforts to ensure that local providers conduct outreach to private rental housing landlords each calendar quarter regarding opportunities to provide rental housing to the homeless and the availability of funds;

(ii) Using cost-effective methods of communication, convene, on a semiannual or more frequent basis, landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers to identify successes, barriers, and process improvements. The local government is not required to reimburse any participants for expenses related to attendance;

(iii) Produce data, limited to document recording fee uses and expenditures, on a calendar year basis in consultation with landlords represented on the interested landlord list and agencies providing services to individuals and households receiving housing vouchers, that include the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the private market; amount expended on and number of other tenant-based rent assistance services provided in the private market; and amount expended on and number of services provided to unaccompanied homeless youth. If these data elements are not readily available, the reporting government may request the department to use the sampling methodology established pursuant to (c)(iii) of this subsection to obtain the data; and

(iv) Annually submit the calendar year data to the department by October 1st, with preliminary data submitted by October 1, 2012, and full calendar year data submitted beginning October 1, 2013.

(b) Any local government receiving more than three million five hundred thousand dollars during the previous calendar year from document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791, must apply to the Washington state quality award program, or similar Baldrige assessment organization, for an independent assessment of its quality management, accountability, and performance system. The first assessment may be a lite assessment. After submitting an application, a local government is required to reapply at least every two years.

(c) The department must:

(i) Require contractors that provide housing vouchers to distribute the interested landlord list created by the appropriate local government to individuals and households receiving the housing vouchers;

(ii) Convene a stakeholder group by March 1, 2017, consisting of landlords, homeless housing advocates, real estate industry representatives, cities, counties, and the department to meet to discuss long-term funding strategies for homeless housing programs that do not include a surcharge on document recording fees. The stakeholder group must provide a report of its findings to the legislature by December 1, 2017;

(iii) Develop a sampling methodology to obtain data required under this section when a local government or contractor does not have such information readily available. The process for developing the sampling methodology must include providing notification to and the opportunity for public comment by local governments issuing housing vouchers, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers;

(iv) Develop a report, limited to document recording fee uses and expenditures, on a calendar year basis that may include consultation with local governments, landlord association representatives, and agencies providing services to individuals and households receiving housing vouchers, that includes the following: Total amount expended from document recording fees; amount expended on, number of households that received, and number of housing vouchers issued in each of the private, public, and nonprofit markets; amount expended on, number of households that received, and number of housing placement payments provided in each of the private, public, and nonprofit markets; amount expended on and number of eviction prevention services provided in the private market; the total amount of funds set aside for private rental housing payments as required in RCW 36.22.179(1)(b); and amount expended on and number of other tenant-based rent assistance services provided in the private market. The information in the report must include data submitted by local governments and data on all additional document recording fee activities for which the department contracted that were not otherwise reported. The data, samples, and sampling methodology used to develop the report must be made available upon request and for the audits required in this section;

(v) Annually submit the calendar year report to the legislature by December 15th, with a preliminary report submitted by December 15, 2012, and full calendar year reports submitted beginning December 15, 2013; and

(vi) Work with the Washington state quality award program, local governments, and any other organizations to ensure the appropriate scheduling of assessments for all local governments meeting the criteria described in subsection (1)(b) of this section.

(d) The office of financial management must secure an independent audit of the department's data and expenditures of state funds received under RCW 36.22.179(1)(b) on an annual basis. The independent audit must review a random sample of local governments, contractors, and housing providers that are geographically and demographically diverse. The independent auditor must meet with the department and a landlord representative to review the preliminary audit and provide the department and the landlord representative with the opportunity to include written comments regarding the
findings that must be included with the audit. The first audit of the department's data and expenditures will be for calendar year 2014 and is due July 1, 2015. Each audit thereafter will be due July 1st following the department's submission of the report to the legislature. If the independent audit finds that the department has failed to set aside at least forty-five percent of the funds received under RCW 36.22.179(1)(b) after June 12, 2014, for private rental housing payments, the independent auditor must notify the department and the office of financial management of its finding. In addition, the independent auditor must make recommendations to the office of financial management and the legislature on alternative means of distributing the funds to meet the requirements of RCW 36.22.179(1)(b).

(e) The office of financial management must contract with an independent auditor to conduct a performance audit of the programs funded by document recording surcharge funds collected pursuant to RCW 36.22.178, 36.22.179, and 36.22.1791. for semi-secure facility or release to department of social
and health services—Parental right to remove child—
Reconciliation effort—Information to parent and child—
Written statement of services and rights—Crisis residen-
tial center immunity from liability. (1) A child admitted to
a secure facility located in a juvenile detention center shall
remain in the facility for at least twenty-four hours after
admission but for not more than five consecutive days. A
child admitted to a secure facility not located in a juvenile
detention center or a semi-secure facility may remain for not
more than fifteen consecutive days. If a child is transferred
between a secure and semi-secure facility, the aggregate
length of time a child may remain in both facilities shall not
exceed fifteen consecutive days per admission, and in no
event may a child's stay in a secure facility located in a juve-
nile detention center exceed five days per admission.

(2)(a)(i) The facility administrator shall determine
within twenty-four hours after a child's admission to a secure
facility whether the child is likely to remain in a semi-secure
facility and may transfer the child to a semi-secure facility or
release the child to the department of social and health
services. The determination shall be based on: (A) The need for
continued assessment, protection, and treatment of the child
in a secure facility; and (B) the likelihood the child would
remain at a semi-secure facility until his or her parents can
take the child home or a petition can be filed under this title.

(ii) In making the determination the administrator shall
consider the following information if known: (A) The child's
age and maturity; (B) the child's condition upon arrival at the
center; (C) the circumstances that led to the child's being
taken to the center; (D) whether the child's behavior endan-
sers the health, safety, or welfare of the child or any other
person; (E) the child's history of running away; and (F) the
child's willingness to cooperate in the assessment.

(b) If the administrator of a secure facility determines
the child is unlikely to remain in a semi-secure facility, the
administrator shall keep the child in the secure facility pursu-
ant to this chapter and in order to provide for space for the
child may transfer another child who has been in the facility
for at least seventy-two hours to a semi-secure facility. The
administrator shall only make a transfer of a child after deter-
mining that the child who may be transferred is likely to
remain at the semi-secure facility.

(c) A crisis residential center administrator is authorized
to transfer a child to a crisis residential center in the area
where the child's parents reside or where the child's lawfully
prescribed residence is located.

(d) An administrator may transfer a child from a semi-
secure facility to a secure facility whenever he or she reason-
ablely believes that the child is likely to leave the semi-secure
facility and not return and after full consideration of all factors in (a)(i) and (ii) of this subsection.

(3) If no parent is available or willing to remove the child during the first seventy-two hours following admission, the department of social and health services shall consider the filing of a petition under RCW 13.32A.140.

(4) Notwithstanding the provisions of subsection (1) of this section, the parents may remove the child at any time unless the staff of the crisis residential center has reasonable cause to believe that the child is absent from the home because he or she is abused or neglected or if allegations of abuse or neglect have been made against the parents. The department of social and health services or any agency legally charged with the supervision of a child may remove a child from a crisis residential center at any time after the first twenty-four-hour period after admission has elapsed and only after full consideration by all parties of the factors in subsection (2)(a) of this section.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of admission, and if the administrator of the center does not consider it likely that reconciliation will be achieved within five days of the child's admission to the center, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis child's rights be withheld. The department shall develop and address the child's at-risk behavior under RCW 13.32A.197.

(5) Crisis residential center staff shall make reasonable efforts to protect the child and achieve a reconciliation of the family. If a reconciliation and voluntary return of the child has not been achieved within forty-eight hours from the time of admission, and if the administrator of the center does not consider it likely that reconciliation will be achieved within five days of the child's admission to the center, then the administrator shall inform the parent and child of: (a) The availability of counseling services; (b) the right to file a child in need of services petition for an out-of-home placement, the right of a parent to file an at-risk youth petition, and the right of the parent and child to obtain assistance in filing the petition; (c) the right to request the facility administrator or his or her designee to form a multidisciplinary team; (d) the right to request a review of any out-of-home placement; (e) the right to request a mental health or chemical dependency evaluation by a county-designated professional or a private treatment facility; and (f) the right to request treatment in a program to address the child's at-risk behavior under RCW 13.32A.197.

(6) At no time shall information regarding a parent's or child's rights be withheld. The department shall develop and distribute to all law enforcement agencies and to each crisis residential center administrator a written statement delineating the services and rights. The administrator of the facility or his or her designee shall provide every resident and parent with a copy of the statement.

(7) A crisis residential center and any person employed at the center acting in good faith in carrying out the provisions of this section are immune from criminal or civil liability for such actions. 43.185C.310 Youth services—Crisis residential centers—Removal to another center or secure facility—Placement in secure juvenile detention facility. (1) A child taken into custody and taken to a crisis residential center established pursuant to RCW 43.185C.295 may, if the center is unable to provide appropriate treatment, supervision, and structure to the child, be taken at department expense to another crisis residential center, the nearest regional secure crisis residential center, or a secure facility with which it is collocated under RCW 43.185C.295. Placement in both locations shall not exceed fifteen consecutive days from the point of intake as provided in RCW 43.185C.290.

(2) A child taken into custody and taken to a crisis residential center established by this chapter may be placed physically by the department of social and health services' designee and, at their departmental expense and approval, in a secure juvenile detention facility operated by the county in which the center is located for a maximum of forty-eight hours, including Saturdays, Sundays, and holidays, if the child has taken unauthorized leave from the center and the person in charge of the center determines that the center cannot provide supervision and structure adequate to ensure that the child will not again take unauthorized leave. Juveniles placed in such a facility pursuant to this section may not, to the extent possible, come in contact with alleged or convicted juvenile or adult offenders.

(3) Any child placed in secure detention pursuant to this section shall, during the period of confinement, be provided with appropriate treatment by the department of social and health services or the department's designee, which shall include the services defined in RCW 43.185C.305(2). If the child placed in secure detention is not returned home or if an alternative living arrangement agreeable to the parent and the child is not made within twenty-four hours after the child's admission, the child shall be taken at the department's expense to a crisis residential center. Placement in the crisis residential center or centers plus placement in juvenile detention shall not exceed five consecutive days from the point of intake as provided in RCW 43.185C.290.

(4) Juvenile detention facilities used pursuant to this section shall first be certified by the department of social and health services to ensure that juveniles placed in the facility pursuant to this section are provided with living conditions suitable to the well-being of the child. Where space is available, juvenile courts, when certified by the department of social and health services to do so, shall provide secure placement for juveniles pursuant to this section, at department expense. 43.185C.315 Youth services—HOPE centers—Establishment—Requirements. The department shall establish HOPE centers that provide no more than seventy-five beds across the state and may establish HOPE centers by contract, within funds appropriated by the legislature specifically for this purpose. HOPE centers shall be operated in a manner to reasonably assure that street youth placed there will not run away. Street youth may leave a HOPE center during the course of the day to attend school or other necessary appointments, but the street youth must be accompanied by an administrator or an administrator's designee. The street youth must provide the administration with specific information regarding his or her destination and expected time of return to the HOPE center. Any street youth who runs away from a HOPE center shall not be readmitted unless specifically authorized by the street youth's placement and liaison specialist, and the placement and liaison specialist shall document with specific factual findings an appropriate basis for readmitting any street youth to a HOPE center. HOPE centers are required to have the following:

(1) A license issued by the department of social and health services;

(2) A professional with a master's degree in counseling, social work, or related field and at least one year of experience working with street youth or a bachelor of arts degree in social work or a related field and five years of experience working with street youth. This professional staff person may be contractual or a part-time employee, but must be available to work with street youth in a HOPE center at a ratio of one to every fifteen youth staying in a HOPE center. This professional shall be known as a placement and liaison specialist. Preference shall be given to those professionals cross-credentialed in mental health and chemical dependency. The placement and liaison specialist shall:

(a) Conduct an assessment of the street youth that includes a determination of the street youth's legal status regarding residential placement;

(b) Facilitate the street youth's return to his or her legally authorized residence at the earliest possible date or initiate processes to arrange legally authorized appropriate placement. Any street youth who may meet the definition of dependent child under RCW 13.34.030 must be referred to the department of social and health services. The department of social and health services shall determine whether a dependency petition should be filed under chapter 13.34 RCW. A shelter care hearing must be held within seventy-two hours to authorize out-of-home placement for any youth the department of social and health services determines is appropriate for out-of-home placement under chapter 13.34 RCW. All of the provisions of chapter 13.32A RCW must be followed for children in need of services or at-risk youth;

(c) Interface with other relevant resources and system representatives to secure long-term residential placement and other needed services for the street youth;

(d) Be assigned immediately to each youth and meet with the youth within eight hours of the youth receiving HOPE center services;

(e) Facilitate a physical examination of any street youth who has not seen a physician within one year prior to residence at a HOPE center and facilitate evaluation by a county-designated mental health professional, a chemical dependency specialist, or both if appropriate; and

(f) Arrange an educational assessment to measure the street youth's competency level in reading, writing, and basic mathematics, and that will measure learning disabilities or special needs;

(3) Staff trained in development needs of street youth as determined by the department, including an administrator who is a professional with a master's degree in counseling, social work, or a related field and at least one year of experience working with street youth, or a bachelor of arts degree in social work or a related field and five years of experience working with street youth, who must work with the placement and liaison specialist to provide appropriate services on site;

(4) A data collection system that measures outcomes for the population served, and enables research and evaluation that can be used for future program development and service delivery. Data collection systems must have confidentiality rules and protocols developed by the department;

(5) Notification requirements that meet the notification requirements of chapter 13.32A RCW. The youth's arrival date and time must be logged at intake by HOPE center staff. The staff must immediately notify law enforcement and dependency caseworkers if a street youth runs away from a HOPE center. A child may be transferred to a secure facility as defined in RCW 13.32A.030 whenever the staff reasonably believes that a street youth is likely to leave the HOPE center and not return after full consideration of the factors set forth in RCW 43.185C.290(2)(a) (i) and (ii). The street youth's temporary placement in the HOPE center must be authorized by the court or the secretary of the department of social and health services if the youth is a dependent of the state under chapter 13.34 RCW or the department of social and health services is responsible for the youth under chapter 13.32A RCW, or by the youth's parent or legal custodian, until such time as the parent can retrieve the youth who is returning to home;

(6) HOPE centers must identify to the department of social and health services any street youth it serves who is not returning promptly to home. The department of social and health services then must contact the missing children's clearinghouse identified in chapter 13.60 RCW and either report the youth's location or report that the youth is the subject of a dependency action and the parent should receive notice from the department of social and health services;

(7) Services that provide counseling and education to the street youth; and

(8) The department shall award contracts for the operation of HOPE center beds with the goal of facilitating the coordination of services provided for youth by such programs and those services provided by secure and semi-secure crisis residential centers. 43.215.100 Early achievers program—Quality rating and improvement system. (1) The department, in collaboration with tribal governments and community and statewide partners, shall implement a quality rating and improvement system, called the early achievers program. The early achievers program provides a foundation of quality for the early care and education system. The early achievers program is applicable to licensed or certified child care centers and homes and early learning programs such as working connections child care and early childhood education and assistance programs.

(2) The objectives of the early achievers program are to:

(a) Improve short-term and long-term educational outcomes for children as measured by assessments including, but not limited to, the Washington kindergarten inventory of developing skills in RCW 28A.655.080;

(b) Give parents clear and easily accessible information about the quality of child care and early education programs;

(c) Support improvement in early learning and child care programs throughout the state;

(d) Increase the readiness of children for school;

(e) Close the disparities in access to quality care;

(f) Provide professional development and coaching opportunities to early child care and education providers;

(g) Establish a common set of expectations and standards that define, measure, and improve the quality of early learning and child care settings.

(3) (a) Licensed or certified child care centers and homes serving nonschool-age children and receiving state subsidy payments must participate in the early achievers program by the required deadlines established in RCW 43.215.135.

(b) Approved early childhood education and assistance program providers receiving state-funded support must participate in the early achievers program by the required deadlines established in RCW 43.215.415.

(c) Participation in the early achievers program is voluntary for:

(i) Licensed or certified child care centers and homes not receiving state subsidy payments; and

(ii) Early learning programs not receiving state funds.

(d) School-age child care providers are exempt from participating in the early achievers program. By July 1, 2017, the department and the office of the superintendent of public instruction shall jointly design a plan to incorporate school-age child care providers into the early achievers program or other appropriate quality improvement system. To test imple-
mentation of the early achievers system for school-age child care providers the department and the office of the superintendent of public instruction shall implement a pilot program.

(4) There are five levels in the early achievers program. Participants are expected to actively engage and continually advance within the program.

(5) The department has the authority to determine the rating cycle for the early achievers program. The department shall streamline and eliminate duplication between early achievers standards and state child care rules in order to reduce costs associated with the early achievers rating cycle and child care licensing.

(a) Early achievers program participants may request to be rated at any time after the completion of all level 2 activities.

(b) The department shall provide an early achievers program participant an update on the participant's progress toward completing level 2 activities after the participant has been enrolled in the early achievers program for fifteen months.

(c) The first rating is free for early achievers program participants.

(d) Each subsequent rating within the established rating cycle is free for early achievers program participants.

(6)(a) Early achievers program participants may request to be rerated outside the established rating cycle.

(b) The department may charge a fee for optional rerating requests made by program participants that are outside the established rating cycle.

(c) Fees charged are based on, but may not exceed, the cost to the department for activities associated with the early achievers program.

(7)(a) The department must create a single source of information for parents and caregivers to access details on a provider's early achievers program rating level, licensing history, and other indicators of quality and safety that will help parents and caregivers make informed choices.

(b) The department shall publish to the department's web site, or offer a link on its web site to, the following information:

(i) By November 1, 2015, early achievers program rating levels 1 through 5 for all child care programs that receive state subsidy, early childhood education and assistance programs, and federal head start programs in Washington; and

(ii) New early achievers program ratings within thirty days after a program becomes licensed or certified, or receives a rating.

(c) The early achievers program rating levels shall be published in a manner that is easily accessible to parents and caregivers and takes into account the linguistic needs of parents and caregivers.

(d) The department must publish early achievers program rating levels for child care programs that do not receive state subsidy but have voluntarily joined the early achievers program.

(e) Early achievers program participants who have published rating levels on the department's web site or on a link on the department's web site may include a brief description of their program, contingent upon the review and approval by the department, as determined by established marketing standards.

(8)(a) The department shall create a professional development pathway for early achievers program participants to obtain a high school diploma or equivalency or higher education credential in early childhood education, early childhood studies, child development, or an academic field related to early care and education.

(b) The professional development pathway must include opportunities for scholarships and grants to assist early achievers program participants with the costs associated with obtaining an educational degree.

(c) The department shall address cultural and linguistic diversity when developing the professional development pathway.

(9) The early achievers quality improvement awards shall be reserved for participants offering programs to an enrollment population consisting of at least five percent of children receiving a state subsidy.

(10) In collaboration with tribal governments, community and statewide partners, and the early achievers review subcommittee created in RCW 43.215.090, the department shall develop a protocol for granting early achievers program participants an extension in meeting rating level requirement timelines outlined for the working connections child care program and the early childhood education and assistance program.

(a) The department may grant extensions only under exceptional circumstances, such as when early achievers program participants experience an unexpected life circumstance.

(b) Extensions shall not exceed six months, and early achievers program participants are only eligible for one extension in meeting rating level requirement timelines.

(c) Extensions may only be granted to early achievers program participants who have demonstrated engagement in the early achievers program.

(11)(a) The department shall accept national accreditation that meets the requirements of this subsection (11) as a qualification for the early achievers program ratings.

(b) Each national accreditation agency will be allowed to submit its most current standards of accreditation to establish potential credit earned in the early achievers program. The department shall grant credit to accreditation bodies that can demonstrate that their standards meet or exceed the current early achievers program standards.

(c) Licensed child care centers and child care home providers must meet national accreditation standards approved by the department for the early achievers program in order to be granted credit for the early achievers program standards. Eligibility for the early achievers program is not subject to bargaining, mediation, or interest arbitration under RCW 41.56.028, consistent with the legislative reservation of rights under RCW 41.56.028(4)(d).

(12) The department shall explore the use of alternative quality assessment tools that meet the culturally specific needs of the federally recognized tribes in the state of Washington.

(13) A child care or early learning program that is operated by a federally recognized tribe and receives state funds shall participate in the early achievers program. The tribe may choose to participate through an interlocal agreement between the tribe and the department. The interlocal agree-
ment must reflect the government-to-government relationship between the state and the tribe, including recognition of tribal sovereignty. The interlocal agreement must provide that:

(a) Tribal child care facilities and early learning programs may volunteer, but are not required, to be licensed by the department;

(b) Tribal child care facilities and early learning programs are not required to have their early achievers program rating level published to the department’s web site or through a link on the department’s web site; and

(c) Tribal child care facilities and early learning programs must provide notification to parents or guardians who apply for or have been admitted into their program that early achievers program rating level information is available and provide the parents or guardians with the program’s early achievers program rating level upon request.

(14) The department shall consult with the early achievers review subcommittee on all substantial policy changes to the early achievers program.

(15) Nothing in this section changes the department’s responsibility to collectively bargain over mandatory subjects or limits the legislature’s authority to make programmatic modifications to licensed child care and early learning programs under RCW 41.56.028(4)(d). Finding—Intent—2015 3rd sp.s. c 7: “(1) The legislature finds that quality early care and education builds the foundation for a child’s success in school and in life. The legislature acknowledges that a quality framework is necessary for the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature acknowledges that critical developmental windows exist in early childhood, and low quality child care has damaging effects for children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system should strive to address the needs of Washington’s culturally and linguistically diverse populations. The legislature understands that parental choice and provider diversity are guiding principles for early learning programs.

(2) The legislature intends to prioritize the integration of child care and preschool in an effort to promote full day programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities.” [2015 3rd sp.s. c 7 § 1.]

(4) Effective July 1, 2016, a new child care provider serving nonschool-age children and receiving state subsidy payments must complete the following activities to be eligible to receive a state subsidy under this section:

43.215.200 Director's licensing duties. (Effective July 1, 2016.) It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2)(a) In consultation with the state fire marshal's office, the director shall use an interagency process to address health and safety requirements for child care programs that serve school-age children and are operated in buildings that contain public or private schools that safely serve children during times in which school is in session;

(b) Any requirements in (a) of this subsection as they relate to the physical facility, including outdoor playgrounds, do not apply to before-school and after-school programs that serve only school-age children and operate in the same facilities used by public or private schools;

(3) In consultation and with the advice and assistance of parents or guardians, and persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter;

(4) In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges of each agency and its staff seeking licensure or relicensure, and other persons having unsupervised access to children in care;

(5) To satisfy the shared background check requirements provided for in RCW 43.215.215 and 43.20A.710, the department of early learning and the department of social and health services shall share federal fingerprint-based background check results as permitted under the law. The purpose of this provision is to allow both departments to fulfill their joint background check responsibility of checking any individual who may have unsupervised access to vulnerable adults, children, or juveniles. Neither department may share the federal background check results with any other state agency or person;

(6) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(7) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(8) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(9) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children. [2015 3rd sp.s. c 7 § 4. Prior: 2011 c 359 § 2; 2011 c 253 § 3; 2007 c 415 § 3; 2006 c 265 § 301.]

Effective date—2015 3rd sp.s. c 7 § 4: "Section 4 of this act takes effect July 1, 2016." [2015 3rd sp.s. c 7 § 23.]

Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.215.100.

Finding—Intent—2011 c 359: "(1) The legislature finds that some licensed child care centers seeking to operate in public schools incur substantial costs to renovate spaces that are considered safe for children to use for the purpose of education. Consequently, families are forced to seek before or after school child care outside of the school building, resulting in additional transitions for students.

(2) It is the legislature's intent to allow licensed child care centers that serve school-age children to operate in facilities that provide a safe and healthy environment for children to use for the purpose of education. With respect to section 2(2) of this act, the legislature intends that the development of any related child care licensing requirements shall:

(a) Ensure safe and healthy environments for children;
(b) Utilize existing rule-making processes and resources;
(c) Utilize existing requirements as a starting point rather than create an entirely new set of requirements; and
(d) Give due consideration to the burdens imposed by inconsistent licensing requirements." [2011 c 359 § 1.]

43.215.201 Licensing standards. (1) No later than November 1, 2016, the department shall implement a single set of licensing standards for child care and the early childhood education and assistance program. The department shall produce the single set of licensing standards within the department's available appropriations. The new licensing standards must:

(a) Provide minimum health and safety standards for child care and preschool programs;
(b) Rely on the standards established in the early achievers program to address quality issues in participating early childhood programs;
(c) Take into account the separate needs of family care providers and child care centers; and
(d) Promote the continued safety of child care settings.

(2) Private schools that operate early learning programs and do not receive state subsidy payments shall be subject only to the minimum health and safety standards in subsection (1) of this section and the requirements necessary to assure a sufficient early childhood education to meet usual requirements needed for transition into elementary school. The state, and any agency thereof, shall not restrict or dictate any specific educational or other programs for early learning programs operated by private schools except for programs that receive state subsidy payments. The pathway shall include an accommodation for these providers to rate at a level 4 or 5 in the early achievers program according to the timelines and standards established in subsection (5)(b)(ii) of this section. 43.215.425 Rules. (1) The department shall adopt rules under chapter 34.05 RCW for the administration of the early childhood education and assistance program. Approved early childhood education and assistance programs shall conduct needs assessments of their service area and identify any targeted groups of children, to include but not be limited to children of seasonal and migrant farmworkers and native American populations living either on or off reservation. Approved early childhood education and assistance programs shall provide to the department a service delivery plan, to the extent practicable, that addresses these targeted populations.

(2) The department, in developing rules for the early childhood education and assistance program, shall consult with the early learning advisory council, and shall consider such factors as coordination with existing head start and other early childhood programs, the preparation necessary for instructors, qualifications of instructors, adequate space and equipment, and special transportation needs. The rules shall specifically require the early childhood programs to provide for parental involvement in participation with their child's program, in local program policy decisions, in development and revision of service delivery systems, and in parent education and training.

(3) By January 1, 2016, the department shall adopt rules requiring early childhood education and assistance program employees who have access to children to submit to a fingerprint background check. Fingerprint background check procedures for the early childhood education and assistance program shall be the same as the background check procedures in RCW 43.215.215. Finding—Intent—2015 3rd sp.s. c 7: See note following RCW 43.215.100.

Intent—1994 c 166; 1987 c 518: "The long-term social, community welfare, and economic interests of the state will be served by an investment in our children. Conclusive studies and experiences show that providing children with developmental experiences and providing parents with effective parental partnership, empowerment, opportunities for involvement with their child's developmental learning, and expanding parenting skills, learning, and training can greatly improve children's performance in school as well as increase the likelihood of children's success as adults. National studies have also confirmed that special attention to, and educational assistance for, children, their school environment, and their families are the most effective ways in which to meet the state's social and economic goals.

The legislature intends to enhance the readiness to learn of certain children and students by: Providing for an expansion of the state early childhood education and assistance program for children from low-income families and establishing an adult literacy program for certain parents; assisting school districts to establish elementary counseling programs; instituting a program to address learning problems due to drug and alcohol use and abuse; and establishing a program directed at students who leave school before graduation.

The legislature intends further to establish programs that will allow for parental, business, and community involvement in assisting the school systems throughout the state to enhance the ability of children to learn." [1994 c 166 § 7; 1987 c 518 § 1.]

(iii) Programs offering services to children involved in the child welfare system.

(c) Accountability and adherence to performance standards.

(5) The department has administrative responsibility for:

43.330.700 Findings—Homeless youth. (1) The legislature finds that every night thousands of homeless youth in Washington go to sleep without the safety, stability, and support of a family or a home. This population is exposed to an increased level of violence, human trafficking, and exploitation resulting in a higher incidence of substance abuse, illness, and death. The prevention and reduction of youth and young adult homelessness and protection of homeless youth is of key concern to the state. Nothing in chapter 69, Laws of 2015 is meant to diminish the work accomplished by the implementation of Becca legislation but rather, the intent of the legislature is to further enhance the state's efforts in working with unaccompanied homeless youth and runaways to encourage family reconciliation or permanent housing and support through dependency when family reconciliation is not a viable alternative.

(2) Successfully addressing youth and young adult homelessness ensures that homeless youth and young adults in our state have the support they need to thrive and avoid involvement in the justice system, human trafficking, long-term, avoidable use of public benefits, and extended adult homelessness.

(3) Providing appropriate, relevant, and readily accessible services is critical for addressing one-time, episodic, or longer-term homelessness among youth and young adults, and keeping homeless youth and young adults safe, housed, and connected to family.

(4) The coordination of statewide programs to combat youth and young adult homelessness should include programs addressing both youth and young adults. However, the legislature acknowledges that current law and best practices mandate that youth programs and young adult programs be segregated in their implementation. The legislature further finds that the differing needs of these populations should be considered when assessing which programs are relevant and appropriate.

(5) To successfully reduce and prevent youth and young adult homelessness, it is the goal of the legislature to have the following key components available and accessible:

(a) Stable housing: It is the goal of the legislature to provide a safe and healthy place for homeless youth to sleep each night until permanency can be reached. Every homeless young adult in our state deserves access to housing that gives them a safe, healthy, and supported launching pad to adulthood. Every family in crisis should have appropriate support as they work to keep their children housed and safe. It is the goal of the legislature that every homeless youth discharged from a public system of care in our state will not be discharged into homelessness.

(b) Family reconciliation: All homeless youth should have access to services that support reunification with immediate family. When reunification is not possible for homeless youth, youth should be placed in the custody of the department of social and health services.

(c) Permanent connections: Every homeless young adult should have opportunities to establish positive, healthy relationships with adults, including family members, employers, landlords, teachers, and community members, with whom they can maintain connections and from whom they can receive ongoing, long-term support to help them develop the skills and experiences necessary to achieve a successful transition to adulthood.

(d) Education and employment: Every homeless young adult in our state deserves the opportunity and support they need to complete their high school education and pursue education.
additional education and training. It is the goal of the legislature that every homeless young adult in our state will have the opportunity to engage in employment training and be able to access employment. With both education and employment support and opportunities, young adults will have the skills they need to become self-sufficient, self-reliant, and independent.

(e) Social and emotional well-being: Every homeless youth and young adult in our state should have access to both behavioral health care and physical health care. Every state-funded program for homeless youth and young adults must endeavor to identify, encourage, and nurture each youth's strengths and abilities and demonstrate a commitment to youth-centered programming. [2015 c 69 § 4.]

WASHINGTON SMALL BUSINESS RETIREMENT MARKETPLACE

43.330.730 Finding—2015 c 296. The legislature finds that there is a retirement savings access gap in Washington; that Americans reach the median salary four years later than they did in 1980 and therefore have four fewer years of savings opportunities; and that one in six Americans retire in poverty. Employees who are unable to effectively build their retirement savings risk living on low incomes in their elderly years and are more likely to become dependent on state services. Further, small businesses, which employ more than forty percent of private sector employees in Washington, often choose not to offer retirement plans to employees due to concerns about costs, administrative burdens, and potential liability that they believe such plans would place on their business. In response, the legislature recognizes the work of the federal government in addressing these issues by establishing the myRA program: A safe, affordable, and accessible retirement vehicle designed to remove barriers to retirement savings. In addition, the legislature recognizes that many private financial services firms in Washington currently offer high quality retirement options for small businesses and their employees.

The Washington small business retirement marketplace will remove barriers to entry into the retirement market for small businesses by educating small employers on plan availability and promoting, without mandated participation, qualified, low-cost, low-burden retirement savings vehicles and myRA. The marketplace furthers greater retirement plan access for the residents of Washington while ensuring that individuals participating in these retirement plans will have all the protections offered by the employee retirement income security act. Further, the Washington small business retirement marketplace will not pose any significant financial burden upon taxpayers. The Washington small business retirement marketplace will be the best way for Washington to close the retirement savings access gap, protect the fiscal stability of the state and its citizens well into the future, and further cement its place as a national leader in retirement and investor promotion and protection. The marketplace will educate and promote retirement saving among employees and in particular market to small employers with fifty or fewer employees. [2015 c 296 § 1.]

(a) "Cost-effectiveness" means that the present value to higher education institutions and school districts of the energy reasonably expected to be saved or produced by a facility, activity, measure, or piece of equipment over its useful life, including any compensation received from a utility or the Bonneville power administration, is greater than the net present value of the costs of implementing, maintaining, and operating such facility, activity, measure, or piece of equipment over its useful life, when discounted at the cost of public borrowing.

(b) "Energy cost savings" means savings realized in expenses for energy use and expenses associated with water, wastewater, or solid waste systems.

(c) "Energy equipment" means energy management systems and any equipment, materials, or supplies that are expected, upon installation, to reduce the energy use or energy cost of an existing building or facility, and the services associated with the equipment, materials, or supplies, including but not limited to design, engineering, financing, installation, project management, guarantees, operations, and maintenance. Reduction in energy use or energy cost may also include reductions in the use or cost of water, wastewater, or solid waste.

(d) "Energy savings performance contracting" means the process authorized by chapter 39.35C RCW by which a company contracts with a public agency to conduct energy audits and guarantee energy savings from energy efficiency.

(e) "Innovative measures" means advanced or emerging technologies, systems, or approaches that may not yet be in common practice but improve energy efficiency, accelerate deployment, or reduce energy usage, and become widely commercially available in the future if proven successful in demonstration programs without compromising the guaranteed performance or measurable energy and operational cost savings anticipated. Examples of innovative measures include, but are not limited to, advanced energy and systems operations monitoring, diagnostics, and controls systems for buildings; novel heating, cooling, ventilation, and water heating systems; advanced windows and insulation technologies, highly efficient lighting technologies, designs, and controls; and integration of renewable energy sources into buildings, and energy savings verification technologies and solutions.

(f) "Operational cost savings" means savings realized from parts, service fees, capital renewal costs, and other measurable annual expenses to maintain and repair systems. This definition does not mean labor savings related to existing facility staff.

(g) "Public facilities" means buildings, building components, and major equipment or systems owned by public...
school districts and public higher education institutions. [2015 c 225 § 94; 2010 1st sp.s. c 35 § 301.]

Contingent effective date—2010 1st sp.s. c 35: "This act takes effect if *Second Engrossed Substitute Senate Bill No. 6143 is enacted by the legislature during the 2010 1st special session." [2010 1st sp.s. c 35 § 601.]

43.331.050 Competitive grant process—Audit—Administrative fees—Reports to the legislature. (1) Within appropriations specifically provided for the purposes of this chapter, the department of commerce, in consultation with the department of enterprise services, and the Washington State University energy program shall establish a competitive process to solicit and evaluate applications from public school districts, public higher education institutions, and other state agencies. Final grant awards shall be determined by the department of commerce.

(2) Grants must be awarded in competitive rounds, based on demand and capacity, with at least five percent of each grant round awarded to small public school districts with fewer than one thousand full-time equivalent students, based on demand and capacity.

(3) Within each competitive round, projects must be weighted and prioritized based on the following criteria and in the following order:

(a) Leverage ratio: In each round, the higher the leverage ratio of nonstate funding sources to state jobs act grant, the higher the project ranking.

(b) Energy savings: In each round, the higher the energy savings, the higher the project ranking. Applicants must submit documentation that demonstrates energy and operational cost savings resulting from the installation of the energy equipment and improvements. The energy savings analysis must be performed by a licensed engineer and documentation must include but is not limited to the following:

(i) A description of the energy equipment and improvements;

(ii) A description of the energy and operational cost savings; and

(iii) A description of the extent to which the project employs collaborative and innovative measures and encourages demonstration of new and emerging technologies with high energy savings or energy cost reductions.

(c) Expediency of expenditure: Project readiness to expend funds and all savings verification requirements are fulfilled by the end of each fiscal year, until the funds are fully expended and all savings verification requirements are fulfilled. [2015 c 225 § 95; 2010 1st sp.s. c 35 § 302.]

(b) Establish a cancer research endowment fund to be known as the CARE fund. The CARE fund must be a separate private account outside the state treasury into which grants and contributions received from public and private sources as well as state matching funds must be deposited, and from which funds for grants awarded by the authority must be disbursed. Once moneys in the cancer research endowment fund match transfer account are subject to an agreement under RCW 43.348.080(6) and are deposited in the CARE fund under this section, the moneys in the CARE fund are not considered state money, common cash, or revenue to the state;

(c) Manage the CARE fund, its obligations, and investments as to achieve the maximum possible rate of return on investment in the CARE fund;

(1) The cancer research endowment fund match transfer account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the cancer research endowment program created in RCW 43.348.040. The purpose of the account is to provide matching funds for the CARE fund and administrative costs.

(2) Revenues to the account must consist of deposits into the account, legislative appropriations, and any gifts, grants, or donations received by the department for this purpose.

(3) The legislature must appropriate a state match, up to a maximum of ten million dollars annually, beginning July 1, 2016, and each July 1st following the end of the fiscal year from tax collections and penalties generated from enforcement of state taxes on cigarettes and other tobacco products by the state liquor and cannabis board or other federal, state or local law or tax enforcement agency, as determined by the
department of revenue. Tax collections include any cigarette tax, other tobacco product tax, and retail sales and use tax.

(4) Expenditures, in the form of matching funds, from the account may be made only upon receipt of proof from the program administrator of nonstate or private contributions to the CARE fund for the cancer research endowment program. Expenditures, in the form of matching funds, may not exceed the total amount of nonstate or private contributions.

(5) Only the director of the department or the director's designee may authorize expenditures from the cancer research endowment fund match transfer account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (4) of this section.

(6) The department must enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds. [2015 3rd sp.s. c 34 § 9.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.020 Statewide all-payer health care claims database—Selection and duties of lead organization—Certification as qualified entity pursuant to 42 C.F.R. Sec. 401.703(a)—Contract with data vendor. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost. The database must systematically collect all medical claims and pharmacy claims from private and public payers, with data from all settings of care that permit the systematic analysis of health care delivery.

(2) The office shall use a competitive procurement process, in accordance with chapter 39.26 RCW, to select a lead organization from among the best potential bidders to coordinate and manage the database.

(a) Due to the complexities of the all payer claims database and the unique privacy, quality, and financial objectives, the office must award extra points in the scoring evaluation for the following elements: (i) The bidder's degree of experience in health care data collection, analysis, analytics, and security; (ii) whether the bidder has a long-term self-sustainable financial model; (iii) the bidder's experience in convening and effectively engaging stakeholders to develop reports; (iv) the bidder's experience in meeting budget and timelines for report generations; and (v) the bidder's ability to combine cost and quality data.

(b) By December 31, 2017, the successful lead organization must apply to be certified as a qualified entity pursuant to 42 C.F.R. Sec. 401.703(a) by the centers for medicare and medicaid services.

(3) As part of the competitive procurement process in subsection (2) of this section, the lead organization shall enter into a contract with a data vendor to perform data collection, processing, aggregation, extracts, and analytics. The data vendor must:

(a) Establish a secure data submission process with data suppliers;

(b) Review data submitters' files according to standards established by the office;

(c) Assess each record's alignment with established format, frequency, and consistency criteria;

(d) Maintain responsibility for quality assurance, including, but not limited to: (i) The accuracy and validity of data suppliers' data; (ii) accuracy of dates of service spans; (iii) maintaining consistency of record layout and counts; and (iv) identifying duplicate records;

(e) Assign unique identifiers, as defined in RCW 43.371.010, to individuals represented in the database;

(f) Ensure that direct patient identifiers, indirect patient identifiers, and proprietary financial information are released only in compliance with the terms of this chapter;

(g) Demonstrate internal controls and affiliations with separate organizations as appropriate to ensure safe data collection, security of the data with state of the art encryption methods, actuarial support, and data review for accuracy and quality assurance;

(h) Store data on secure servers that are compliant with the federal health insurance portability and accountability act and regulations, with access to the data strictly controlled and limited to staff with appropriate training, clearance, and background checks; and

(i) Maintain state of the art security standards for transferring data to approved data requestors.

(4) The lead organization and data vendor must submit detailed descriptions to the office of the chief information officer to ensure robust security methods are in place. The office of the chief information officer must report its findings to the office and the appropriate committees of the legislature.

(5) The lead organization is responsible for internal governance, management, funding, and operations of the data-
base. At the direction of the office, the lead organization shall work with the data vendor to:

(a) Collect claims data from data suppliers as provided in RCW 43.371.030;
(b) Design data collection mechanisms with consideration for the time and cost incurred by data suppliers and others in submission and collection and the benefits that measurement would achieve, ensuring the data submitted meet quality standards and are reviewed for quality assurance;
(c) Ensure protection of collected data and store and use any data in a manner that protects patient privacy and complies with this section. All patient-specific information must be deidentified with an up-to-date industry standard encryption algorithm;
(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;
(e) Report performance on cost and quality pursuant to RCW 43.371.060 using, but not limited to, the performance measures developed under RCW 41.05.690;
(f) Develop protocols and policies, including prerelease peer review by data suppliers, to ensure the quality of data releases and reports;
(g) Develop a plan for the financial sustainability of the database as self-sustaining and charge fees for reports and data files as needed to fund the database. Any fees must be approved by the office and should be comparable, accounting for relevant differences across data requests and uses. (2) Claims data obtained, distributed, or reported in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to provide such information pursuant to subpoena or testify with respect to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter. [2015 c 246 § 4; 2014 c 223 § 12.]

Finding—2014 c 223: See note following RCW 41.05.800.

43.371.050 Availability of claims or data for retrieval—Confidentiality of claims or data—Duties of the lead organization and the data vendor. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request. Each request for claims data must include, at a minimum, the following information:

(a) The identity of any entities that will analyze the data in connection with the request;
(b) The stated purpose of the request and an explanation of how the request supports the goals of this chapter set forth in RCW 43.371.020(1);
(c) A description of the proposed methodology;
(d) The specific variables requested and an explanation of how the data is necessary to achieve the stated purpose described pursuant to (b) of this subsection;
(e) How the requester will ensure all requested data is handled in accordance with the privacy and confidentiality protections required under this chapter and any other applicable law;
(f) The method by which the data will be stored, destroyed, or returned to the lead organization at the conclusion of the data use agreement;
(g) The protections that will be utilized to keep the data from being used for any purposes not authorized by the requester's approved application; and

(h) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

(2) The lead organization may decline a request that does not include the information set forth in subsection (1) of this section that does not meet the criteria established by the lead organization's data release advisory committee, or for reasons established by rule.

(3) Except as otherwise required by law, the office shall direct the lead organization and the data vendor to maintain the confidentiality of claims or other data it collects for the database that include proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Any entity that receives claims or other data must also maintain confidentiality and may only release such claims data or any part of the claims data if:

(a) The claims data does not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof; and

(b) The release is described and approved as part of the request in subsection (1) of this section.

(4) The lead organization shall, in conjunction with the office and the data vendor, create and implement a process to govern levels of access to and use of data from the database consistent with the following:

(a) Claims or other data that include proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof may be released only to the extent such information is necessary to achieve the goals of this chapter set forth in RCW 43.371.020(1) to researchers with approval of an institutional review board upon receipt of a signed data use and confidentiality agreement with the lead organization. A researcher or research organization that obtains claims data pursuant to this subsection must agree in writing not to disclose such data or parts of the data set to any other party, including affiliated entities, and must consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1)

(b) Claims or other data that do not contain direct patient identifiers, but that may contain proprietary financial information, indirect patient identifiers, unique identifiers, or any combination thereof may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization. Federal, state, and local government agencies that obtain claims data pursuant to this subsection are prohibited from using such data in the purchase or procurement of health benefits for their employees; and

(ii) Any entity when functioning as the lead organization under the terms of this chapter.

(c) Claims or other data that do not contain proprietary financial information, direct patient identifiers, or any combination thereof, but that may contain indirect patient identifiers, unique identifiers, or a combination thereof may be released to agencies, researchers, and other entities as approved by the lead organization upon receipt of a signed data use agreement with the lead organization.

(d) Claims or other data that do not contain direct patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof may be released upon request.

(5) Reports utilizing data obtained under this section may not contain proprietary financial information, direct patient identifiers, indirect patient identifiers, or any combination thereof. Nothing in this subsection (5) may be construed to prohibit the use of geographic areas with a sufficient population size or aggregate gender, age, medical condition, or other characteristics in the generation of reports, so long as they cannot lead to the identification of an individual.

(6) Reports issued by the lead organization at the request of providers, facilities, employers, health plans, and other entities as approved by the lead organization may utilize proprietary financial information to calculate aggregate cost data for display in such reports. The office shall approve by rule a format for the calculation and display of aggregate cost data consistent with this chapter that will prevent the disclosure or determination of proprietary financial information. In developing the rule, the office shall solicit feedback from the stakeholders, including those listed in RCW 43.371.020(5)(h), and must consider, at a minimum, data presented as proportions, ranges, averages, and medians, as well as the differences in types of data gathered and submitted by data suppliers.

(7) Recipients of claims or other data under subsection (4) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect data containing direct patient identifiers, indirect patient identifiers, proprietary financial information, or any combination thereof as described in the agreement;

(b) Not redisclose the claims data except pursuant to subsection (3) of this section;

(c) Not attempt to determine the identity of any person whose information is included in the data set or use the claims or other data in any manner that identifies any individual or their family or attempt to locate information associated with a specific individual;

(d) Destroy or return claims data to the lead organization at the conclusion of the data use agreement; and

(e) Consent to the penalties associated with the inappropriate disclosures or uses of direct patient identifiers, indirect patient identifiers, or proprietary financial information adopted under RCW 43.371.070(1).

Finding—2014 c 223: See note following RCW 41.05.800.

The director may establish a public comment period not to exceed thirty days, and shall submit the list and any comment to the appropriate committees of the legislature for review.

(2)(a) Health care data reports that use claims data prepared by the lead organization for the legislature and the public should promote awareness and transparency in the health care market by reporting on:
   (i) Whether providers and health systems deliver efficient, high quality care; and
   (ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in the case mix and severity of illness of patients and populations, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and government-sponsored patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:
   (a) Directly or indirectly identify individual patients;
   (b) Disclose a carrier's proprietary financial information; or
   (c) Compare performance in a report generated for the general public that includes any provider in a practice with fewer than four providers.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless:
   (a) It allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the data vendor, comment on the reasonableness of conclusions reached, and submit to the lead organization and data vendor any corrections of errors with supporting evidence and comments within thirty days of receipt of the report;
   (b) It corrects data found to be in error within a reasonable amount of time; and
   (c) The report otherwise complies with this chapter.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6)(a) The lead organization shall distinguish in advance to the office when it is operating in its capacity as the lead organization and when it is operating in its capacity as a private entity. Where the lead organization acts in its capacity as a private entity, it may only access data pursuant to RCW 43.371.050(4)(c) or (d).

(b) Except as provided in RCW 43.371.050(4), claims or other data that contain direct patient identifiers or proprietary financial information must remain exclusively in the custody of the data vendor and may not be accessed by the lead organization. [2015 c 246 § 6; 2014 c 223 § 14.]

Finding—2014 c 223: See note following RCW 41.05.800.

46.08.065 Publicly owned vehicles to be marked—Exceptions. (1) It is unlawful for any public officer having charge of any vehicle owned or controlled by any county, city, town, or public body in this state other than the state of Washington and used in public business to operate the same upon the public highways of this state unless and until there shall be displayed upon such automobile or other motor vehicle in letters of contrasting color not less than one and one-quarter inches in height in a conspicuous place on the right and left sides thereof, the name of such county, city, town, or other public body, together with the name of the department or office upon the business of which the said vehicle is used. This section shall not apply to vehicles of a sheriff's office, local police department, or any vehicles used by local peace officers under public authority for special undercover or confidential investigative purposes. This subsection shall not apply to: (a) Any municipal transit vehicle operated for pur-
poses of providing public mass transportation; (b) any vehicle governed by the requirements of subsection (4) of this section; nor to (c) any motor vehicle on loan to a school district for driver training purposes. It shall be lawful and constitute compliance with the provisions of this section, however, for the governing body of the appropriate county, city, town, or public body other than the state of Washington or its agencies to adopt and use a distinctive insignia which shall be not less than six inches in diameter across its smallest dimension and which shall be displayed conspicuously on the right and left sides of the vehicle. Such insignia shall be in a color or colors contrasting with the vehicle to which applied for maximum visibility. The name of the public body owning or operating the vehicle shall also be included as part of or displayed above such approved insignia in colors contrasting with the vehicle in letters not less than one and one-quarter inches in height. Immediately below the lettering identifying the public entity and agency operating the vehicle or below an approved insignia shall appear the words "for official use only" in letters at least one inch high in a color contrasting with the color of the vehicle. The appropriate governing body may provide by rule or ordinance for marking of passenger motor vehicles as prescribed in subsection (2) of this section or for exceptions to the marking requirements for local governmental agencies for the same purposes and under the same circumstances as permitted for state agencies under subsection (3) of this section.

For the purposes of this section, "passenger motor vehicles" means sedans, station wagons, vans, light trucks, or other motor vehicles under ten thousand pounds gross vehicle weight.

(3) Subsection (2) of this section shall not apply to vehicles used by the Washington state patrol for general undercover or confidential investigative purposes. Traffic control vehicles of the Washington state patrol may be exempted from the requirements of subsection (2) of this section at the discretion of the chief of the Washington state patrol. The department of enterprise services shall adopt general rules permitting other exceptions to the requirements of subsection (2) of this section for other vehicles used for law enforcement, confidential public health work, and public assistance fraud or support investigative purposes, for vehicles leased or rented by the state on a casual basis for a period of less than ninety days, and those provided for in RCW 46.08.066. The exceptions in this subsection, subsection (4) of this section, and those provided for in RCW 46.08.066 shall be the only exceptions permitted to the requirements of subsection (2) of this section.

(4) Any motorcycle, vehicle over 10,000 pounds gross vehicle weight, or other vehicle that for structural reasons cannot be marked as required by subsection (1) or (2) of this section that is owned or controlled by the state of Washington or by any county, city, town, or other public body in this state and used for public purposes on the public highways of this state shall be conspicuously marked in letters of a contrasting color with the words "State of Washington" or the name of such county, city, town, or other public body, together with the name of the department or office that owns or controls the vehicle.

(c) Two percent shall be credited to the ORV and nonhighway vehicle account and administered by the parks and recreation commission solely for the acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities;

The funds under this subsection shall be expended in accordance with the following limitations:

(i) Not more than thirty percent may be expended for education, information, and law enforcement programs under this chapter;

(ii) Not less than seventy percent may be expended for ORV, nonmotorized, and nonhighway road recreation facilities. Except as provided in (d)(iii) of this subsection, of this amount:

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) shall be known as Ira Spring outdoor recreation facilities funds; and

The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. (2) The treasurer must place these funds in the general fund as follows:

(a) Thirty-six percent must be credited to the ORV and nonhighway vehicle account and administered by the department of natural resources solely for acquisition, planning, development, maintenance, and management of ORV, nonmotorized, and nonhighway road recreation facilities, and
information programs and maintenance of nonhighway roads;

(A) Not less than thirty percent, together with the funds the board receives under RCW 46.68.045, may be expended for ORV recreation facilities;

(B) Not less than thirty percent may be expended for nonmotorized recreation facilities. Funds expended under this subsection (2)(d)(ii)(B) are known as Ira Spring outdoor recreation facilities funds; and

(C) Not less than thirty percent may be expended for nonhighway road recreation facilities;

(iii) The board may waive the minimum percentage cited in (d)(ii) of this subsection due to insufficient requests for funds or projects that score low in the board's project evaluation. Funds remaining after such a waiver must be allocated in accordance with board policy.

The legislature finds that the appropriation of funds from the NOVA account during the 2009-2011 fiscal biennium for maintenance and operation of state parks or to improve accessibility for boaters and off-road vehicle users at state parks will benefit boaters and off-road vehicle users and others who use nonhighway and nonmotorized recreational facilities. Findings—Intent—2015 2nd sp.s. c 9: "The legislature finds that through statutory mechanisms and voter-approved initiatives, a longstanding commitment has been in place to direct refunds from fuel tax purchases made by boaters, off-road and nonhighway vehicle riders and drivers, and snowmobilers into dedicated nonhighway-purpose accounts that provide infrastructure grants and operating assistance to those nonhighway users. The legislature finds that the state departed from its commitment in 2003 and 2005 when motor vehicle fuel tax increases of five cents and nine and one-half cents contained no statutory direction to dedicate the refund percentage from the fourteen and one-half cents of fuel tax purchases made by boaters, off-road and nonhighway vehicle riders and drivers, and snowmobilers into the appropriate nonhighway-purpose user accounts. The legislature intends to remedy this problem by fully restoring the refund percentages into nonhighway-purpose accounts established to benefit nonhighway users of fuel. The legislature also intends to honor its commitment when the refund amounts from nonhighway-purpose fuel tax purchases are no longer necessary to repay bonded debt associated with the 2003 and 2005 motor vehicle fuel tax increases. The legislature also intends to specify that as of July 1, 2031, the state will apply the total percentage of nonhighway-purpose fuel tax refunds into the proper nonhighway user accounts for boaters, off-road and nonhighway vehicle riders and drivers, and snowmobilers." The department shall continue to offer a standard driver's license and identicard. If the department chooses to issue an enhanced driver's license, the department must allow each applicant to choose between a standard driver's license or identicard, or an enhanced driver's license or identicard.
(b) The department shall implement a one-to-many biometric matching system for the enhanced driver's license or identicard. An applicant for an enhanced driver's license or identicard shall submit a biometric identifier as designated by the department. The biometric identifier must be used solely for the purpose of verifying the identity of the holders and for any purpose set out in RCW 46.20.037. Applicants are required to sign a declaration acknowledging their understanding of the one-to-many biometric match.
(c) The enhanced driver's license or identicard must include reasonable security measures to protect the privacy of Washington state residents, including reasonable safeguards to protect against unauthorized disclosure of data about Washington state residents. The department shall adopt such rules as necessary to meet the requirements of this subsection. From time to time the department shall review technological innovations related to the security of identity cards and amend the rules related to enhanced driver's licenses and identicards as the director deems consistent with this section and appropriate to protect the privacy of Washington state residents.

If the enhanced driver's license or enhanced identicard is issued, renewed, or extended for a period other than six years, the fee for each class is nine dollars for each year that the enhanced driver's license or enhanced identicard is issued, renewed, or extended.

(5) The enhanced driver's license and enhanced identicard fee under this section must be deposited into the highway safety fund unless prior to July 1, 2023, the actions described in (a) or (b) of this subsection occur, in which case the portion of the revenue that is the result of the fee increased in section 209, chapter 44, Laws of 2015 3rd sp. sess. must be distributed to the connecting Washington account created under RCW 46.68.395.

The notification must be in writing on a form provided by the department and must include the number of the person's driver's license. The written notification, or other means as designated by rule of the department, is the exclusive means by which the address of record maintained by the department concerning the licensee or identicard holder may be changed.

(a) The form must contain a place for the person to indicate that the address change is not for voting purposes. 

(b) Any notice regarding the cancellation, suspension, revocation, disqualification, probation, or nonrenewal of the driver's license, commercial driver's license, driving privilege, or identicard mailed to the address of record of the licensee or identicard holder is effective notwithstanding the licensee's or identicard holder's failure to receive the notice.

For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503; and when sustained at a hearing pursuant to subsection (7) of this section, whichever occurs first.

(7) A person receiving notification under subsection (5)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license under subsection (5) of this section extended, if the person is otherwise eligible for licensing. control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, the person may petition the hearing officer to apply the affirmative defense found in RCW 46.61.504(3) and 46.61.503(2). The driver has the burden to prove the affirmative defense by a preponderance of the evidence. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

(8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner’s grounds for requesting review. Upon granting petitioner’s request for review, the court shall review the department’s final order of suspension, revocation, or denial and as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk’s office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department’s action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

(9)(a) If a person whose driver’s license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection (6) of this section, other than as a result of a breath test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license under subsection (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person’s commercial driver’s license or privilege to operate a commercial motor vehicle.

(10) When it has been finally determined under the procedures of this section that a nonresident’s privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person’s residence and of any state in which he or she has a license. Finding—Intent—2004 c 68: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers continue at unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain consequences for those who drink and drive.

To accomplish this goal, the legislature adopts standards governing the admissibility of tests of a person's blood or breath. These standards will provide a degree of uniformity that is currently lacking, and will reduce the delays caused by challenges to various breath test instrument components and maintenance procedures. Such challenges, while allowed, will no longer go to admissibility of test results. Instead, such challenges are to be considered by the finder of fact in deciding what weight to place upon an admitted blood or breath test result.

The legislature's authority to adopt standards governing the admissibility of evidence involving alcohol is well established by the Washington Supreme Court. See generally State v. Long, 113 Wn.2d 266, 778 P.2d 1027 (1989); State v. Sears, 4 Wn.2d 200, 215, 103 P.2d 337 (1940) (the legislature has the power to enact laws which create rules of evidence); State v. Pavelich, 153 Wash. 379, 279 P. 1102 (1929) ("rules of evidence are substantive law.")." [2004 c 68 § 1.]

Legislative finding, intent—1983 c 165: "The legislature finds that previous attempts to curtail the incidence of driving while intoxicated have been inadequate. The legislature further finds that property loss, injury, and death caused by drinking drivers have reached unacceptable levels. This act is intended to convey the seriousness with which the legislature views this problem. To that end the legislature seeks to ensure swift and certain punishment for those who drink and drive. The legislature does not intend to discourage or deter courts and other agencies from directing or providing treatment for problem drinkers. However, it is the intent that such treatment, where appropriate, be in addition to and not in lieu of the sanctions to be applied to all those convicted of driving while intoxicated." (b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. (c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. Subject to the provisions of RCW 46.20.720(3)(b)(ii), the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours.

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720, 46.61.5055, 10.05.140, 46.61.500(3), and 46.61.5249(4). Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720 (2) or (3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(iii), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720 (3).

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license under this section.
46.20.740 Notation on driving record—Verification of interlock—Penalty, exception. (1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from the restriction imposed as a condition of release and the restriction has been released by the court prior to driving.

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055. 46.20.750 Circumventing ignition interlock—Penalty. (1) A person who is restricted to the use of a vehicle equipped with an ignition interlock device is guilty of a gross misdemeanor if the restricted driver:

(a) Tampers with the device by modifying, detaching, disconnecting, or otherwise disabling it to allow the restricted driver to operate the vehicle;

(b) Uses or requests another person to use a filter or other device to circumvent the ignition interlock or to start or operate the vehicle to allow the restricted driver to operate the vehicle;

(c) Has, directs, authorizes, or requests another person to tamper with the device by modifying, detaching, disconnecting, or otherwise disabling it to allow the restricted driver to operate the vehicle; or

(d) Has, allows, directs, authorizes, or requests another person to blow or otherwise exhale into the device in order to circumvent the device to allow the restricted driver to operate the vehicle.

(2) A person who knowingly assists another person who is restricted to the use of a vehicle equipped with an ignition interlock device to circumvent the device or to start and operate that vehicle is guilty of a gross misdemeanor. The provisions of this subsection do not apply if the starting of a motor vehicle, or the request to start a motor vehicle, equipped with an ignition interlock device is done for the purpose of safety or mechanical repair of the device or the vehicle and the person subject to the court order does not operate the vehicle.

(3) Any sentence imposed for a violation of subsection (1) of this section shall be served consecutively with any sentence imposed under RCW 46.20.740, 46.61.502, 46.61.504, 46.61.5055, 46.61.520(1)(a), or 46.61.522(1)(b). [2015 2nd sp. s. c 3 § 6; 2005 c 200 § 2; 1994 c 275 § 25; 1987 c 247 § 5.]

46.20.755 Local verification of ignition interlock device installation—Immunity. If a person is required, as part of the person's judgment and sentence or as a condition of release, to install an ignition interlock device on all motor vehicles operated by the person and the person is under the jurisdiction of the municipality or county probation or supervision department, the probation or supervision department must verify the installation of the ignition interlock device or devices. The municipality or county probation or supervision department satisfies the requirement to verify the installation or installations if the municipality or county probation or supervision department receives written verification by one or more companies doing business in the state that it has installed the required device on a vehicle owned or operated by the person. The municipality or county shall have no further obligation to supervise the use of the ignition interlock device or devices by the person and shall not be civilly liable for any injuries or damages caused by the person for failing to use an ignition interlock device or for driving under the influence of intoxicating liquor or any drug or being in actual physical control of a motor vehicle under the influence of intoxicating liquor or any drug. 46.25.120 Test for alcohol or drugs—Disqualification for refusal of test or positive test—Procedures. (1) A person who drives a commercial motor vehicle within this state is deemed to have given consent, subject to RCW 46.61.506, to take a test or tests of that person's breath for the purpose of determining that person's alcohol concentration.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has reasonable grounds to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system or while under the influence of any drug.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) A law enforcement officer who at the time of stopping or detaining a commercial motor vehicle driver has reasonable grounds to believe that driver was driving a commercial motor vehicle while having alcohol, marijuana, or any drug in his or her system or while under the influence of alcohol, marijuana, or any drug may obtain a blood test pursuant to a search warrant, a valid waiver of the warrant requirement, when exigent circumstances exist, or under any other authority of law.

(5) If the person refuses testing, or a test is administered that discloses an alcohol concentration of 0.04 or more or any measurable amount of THC concentration, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section or a blood test was administered pursuant to subsection (4) of this section and that the person refused to submit to testing, or a test was administered that disclosed an alcohol concentration of 0.04 or more or any measurable amount of THC concentration.

(6) Upon receipt of the sworn report of a law enforcement officer under subsection (5) of this section, the department shall disqualify the driver from driving a commercial motor vehicle under RCW 46.25.090, subject to the hearing provisions of RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system or while under the influence of any drug, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, if applicable, and, if the test was administered, whether the results indicated an alcohol concentration of 0.04 percent or more or any measurable amount of THC concentration. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(7) If a motor carrier or employer who is required to have a testing program under 49 C.F.R. 382 knows that a commercial driver in his or her employ has refused to submit to testing under this section and has not been disqualified from driving a commercial motor vehicle, the employer may notify law enforcement or his or her medical review officer or breath alcohol technician that the driver has refused to submit to the required testing.

(8) The hearing provisions of this section do not apply to those persons disqualified from driving a commercial motor vehicle under RCW 46.25.090(7). [2015 2nd sp.s. c 3 § 7; 2013 2nd sp.s. c 35 § 12; 2006 c 327 § 5; 2002 c 272 § 5; 1998 c 41 § 6; 1990 c 250 § 50; 1989 c 178 § 14.]

(1)(a) In addition to all other fees imposed on the retail
sale of tires, a five dollar fee is imposed on the retail sale of
each new tire that contains studs. For the purposes of this
subsection, "new tire sold that contains studs" means a tire
that is manufactured for vehicle purposes and contains metal
studs, and does not include bicycle tires or retraveled vehicle
tires.

(b) The five dollar fee must be paid by the buyer to the
seller, and each seller must collect from the buyer the full
amount of the fee. The fee collected from the buyer by the
seller must be paid to the department of revenue in ac-
cordance with RCW 82.32.045; however, the seller retains ten
percent of the fee collected.

(c) The portion of the fee paid to the department of reve-
uene under (b) of this subsection must be deposited in the
motor vehicle fund created under RCW 46.68.070.

(2) The fee to be collected by the seller, less the ten per-
cent that the seller retains as specified in subsection (1)(b) of
this section, must be held in trust by the seller until paid to the
department of revenue, and any seller who appropriates or
converts the fee collected to any use other than the payment
of the fee on the due date is guilty of a gross misdemeanor.

(3) Any seller that fails to collect the fee imposed under
this section or, having collected the fee, fails to pay it to the
department of revenue by the due date, whether such failure
is the result of the seller or the result of acts or conditions
beyond the seller's control, is personally liable to the state for
the amount of the fee.

(4) The amount of the fee, until paid by the buyer to the
seller or to the department of revenue, constitutes a debt from
the buyer to the seller. Any seller who fails or refuses to col-
collect the fee as required with the intent to violate this section
or to gain some advantage or benefit and any buyer who
refuses to pay the fee due is guilty of a misdemeanor.

(5) The department of revenue must collect on the busi-
ness excise tax return from the businesses selling new tires
that contain studs at retail the number of tires sold and the fee
imposed under this section. The department of revenue must
incorporate into its audit cycle a reconciliation of the number
of tires sold and the amount of revenue collected by the busi-
nesses selling new tires that contain studs.

(6) All other applicable provisions of chapter 82.32
RCW have full force and application with respect to the fee
imposed under this section.

(6) When applying for a permit, a current weight slip from a certified scale must be attached to the department's application form. Upon receiving an application, the department shall transmit it to the local jurisdictions in which the firefighting apparatus will be operating, so that the local jurisdictions can make a determination on the need for local travel and route restrictions within the operating area. The department shall issue a permit within twenty days of receiving a permit application and shall issue the permit on an annual basis for the apparatus to operate on the state highway system, with reference made to applicable load restrictions and any other limitations stipulated on the permit, including limitations placed by local jurisdictions.

(7) Firefighting apparatus in operation in this state before June 13, 2002, and privately owned industrial firefighting apparatus used for purposes of providing emergency response and mutual aid are each exempt from subsections (4) and (5) of this section. However, operators of the exempt firefighting apparatus must still obtain an annual permit under subsection (6) of this section.

(8) Firefighting apparatus without the proper overweight permits are prohibited from being operated on city, county, or state roadways until the apparatus is within legal weight limits and a current permit has been issued by the department. When the permit is issued, the fire district must notify the Washington state patrol that the apparatus is in compliance with overweight permit regulations.

(9) The Washington state patrol may conduct random spot checks of firefighting apparatus to ensure compliance with overweight permit regulations. If a firefighting apparatus is found to be not in compliance with overweight permit regulations, the state patrol shall issue a violation notice to the fire department stating this fact and prohibiting operation of the apparatus on city, county, and state roadways.

(10) It is a traffic infraction to continue to operate a firefighting apparatus on the roadways after a violation notice has been issued. The following penalties apply:

(a) For a first offense, the penalty will be no less than fifty dollars but no more than fifty dollars;
(b) For a second offense, the penalty will be no less than seventy-five dollars;

(10) Probation of driving privilege. After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11) Conditions of probation. (a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720(3). The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the
court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) Waiver of electronic home monitoring. A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) Extraordinary medical placement. An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

46.61.50571 Alcohol or marijuana violators—Mandatory appearances—Electronic monitoring or alcohol abstinence monitoring. (1) A defendant who is charged with an offense involving driving while under the influence as defined in RCW 46.61.502, driving under age twenty-one after consuming alcohol or marijuana as defined in RCW 46.61.503, or being in physical control of a vehicle while under the influence as defined in RCW 46.61.504, shall be required to appear in person before a judicial officer within one judicial day after the arrest if the defendant is served with a citation or complaint at the time of the arrest. A court may by local court rule waive the requirement for appearance within one judicial day if it provides for the appearance at the earliest practicable day following arrest and establishes the method for identifying that day in the rule.

(2) A defendant who is charged with an offense involving driving while under the influence as defined in RCW 46.61.502, driving under age twenty-one after consuming alcohol or marijuana as defined in RCW 46.61.503, or being in physical control of a vehicle while under the influence as defined in RCW 46.61.504, and who is not served with a citation or complaint at the time of the incident, shall appear in court for arraignment in person as soon as practicable, but in no event later than fourteen days after the next day on which court is in session following the issuance of the citation or the filing of the complaint or information.

(3) At the time of an appearance required by this section, the court shall determine the necessity of imposing conditions of pretrial release according to the procedures established by court rule for a preliminary appearance or an arraignment.

(4) Appearances required by this section are mandatory and may not be waived.

(5) If electronic monitoring or alcohol abstinence monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring or abstinence monitoring. 46.61.5056 Persons under influence of intoxicating liquor or drug—Evidence—Tests—Information concerning tests. (1) Upon the trial of any civil or criminal action or proceeding arising out of acts alleged to have been committed by any person while driving or in actual physical control of a vehicle while under the influence of intoxicating liquor or any drug, if the person's alcohol concentration is less than 0.08 or the person's THC concentration is less than 5.00, it is evidence that may be considered with other competent evidence in determining whether the person was under the influence of intoxicating liquor or any drug.

(2)(a) The breath analysis of the person's alcohol concentration shall be based upon grams of alcohol per two hundred ten liters of breath.
(b) The blood analysis of the person's THC concentration shall be based upon nanograms per milliliter of whole blood.
(c) The foregoing provisions of this section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question whether the person was under the influence of intoxicating liquor or any drug.

(3) Analysis of the person's blood or breath to be considered valid under the provisions of this section or RCW 46.61.502 or 46.61.504 shall have been performed according to methods approved by the state toxicologist and by an individual possessing a valid permit issued by the state toxicologist for this purpose. The state toxicologist is directed to approve satisfactory techniques or methods, to supervise the examination of individuals to ascertain their qualifications.
(4)(a) A breath test performed by any instrument approved by the state toxicologist shall be admissible at trial or in an administrative proceeding if the prosecution or department produces prima facie evidence of the following:
   (i) The person who performed the test was authorized to perform such test by the state toxicologist;
   (ii) The person being tested did not vomit or have anything to eat, drink, or smoke for at least fifteen minutes prior to administration of the test;
   (iii) The person being tested did not have any foreign substances, not to include dental work, fixed or removable, in his or her mouth at the beginning of the fifteen-minute observation period;
   (iv) Prior to the start of the test, the temperature of any liquid simulator solution utilized as an external standard, as measured by a thermometer approved of by the state toxicologist was thirty-four degrees centigrade plus or minus 0.3 degrees centigrade;
   (v) The internal standard test resulted in the message "verified";
   (vi) The two breath samples agree to within plus or minus ten percent of their mean to be determined by the method approved by the state toxicologist;
   (vii) The result of the test of the liquid simulator solution external standard or dry gas external standard result did lie between .072 to .088 inclusive; and
   (viii) All blank tests gave results of .000.
   (b) For purposes of this section, "prima facie evidence" is evidence of sufficient circumstances that would support a logical and reasonable inference of the facts sought to be proved. In assessing whether there is sufficient evidence of the foundational facts, the court or administrative tribunal is to assume the truth of the prosecution's or department's evidence and all reasonable inferences from it in a light most favorable to the prosecution or department.
   (c) Nothing in this section shall be deemed to prevent the subject of the test from challenging the reliability or accuracy of the test, the reliability or functioning of the instrument, or any maintenance procedures. Such challenges, however, shall not preclude the admissibility of the test once the prosecution or department has made a prima facie showing of the requirements contained in (a) of this subsection. Instead, such challenges may be considered by the trier of fact in determining what weight to give to the test result.
   (5) When a blood test is administered under the provisions of RCW 46.20.308, the withdrawal of blood for the purpose of determining its alcoholic or drug content may be performed only by a physician licensed under chapter 18.71 RCW; an osteopathic physician licensed under chapter 18.57 RCW; a registered nurse, licensed practical nurse, or advanced registered nurse practitioner licensed under chapter 18.79 RCW; a physician assistant licensed under chapter 18.71A RCW; an osteopathic physician assistant licensed under chapter 18.57A RCW; an advanced emergency medical technician or paramedic licensed under chapter 18.73 RCW; until July 1, 2016, a health care assistant certified under chapter 18.135 RCW; or a medical assistant-certified or medical assistant-phlebotomist certified under chapter 18.360 RCW. This limitation shall not apply to the taking of breath specimens.
   (6) The person tested may have a licensed or certified health care provider listed in subsection (5) of this section, or a qualified technician, chemist, or other qualified person of his or her own choosing administer one or more tests in addition to any administered at the direction of a law enforcement officer. The test will be admissible if the person establishes the general acceptability of the testing technique or method. The failure or inability to obtain an additional test by a person shall not preclude the admission of evidence relating to the test or tests taken at the direction of a law enforcement officer.
   (7) Upon the request of the person who shall submit to a test or tests at the request of a law enforcement officer, full information concerning the test or tests shall be made available to him or her or his or her attorney. 46.61.745 Possessing or consuming marijuana in vehicle on highway—Penalty, exceptions—Definition.
(1)(a) It is a traffic infraction:
(i) For the registered owner of a motor vehicle, or the driver if the registered owner is not then present, or passengers in the vehicle, to keep marijuana in a motor vehicle when the vehicle is upon a highway, unless it is (A) in the trunk of the vehicle, (B) in some other area of the vehicle not normally occupied or directly accessible by the driver or passengers if the vehicle does not have a trunk, or (C) in a package, container, or receptacle that has not been opened or the seal broken or contents partially removed. A utility compartment or glove compartment is deemed to be within the area occupied by the driver and passengers;
(ii) To consume marijuana in any manner including, but not limited to, smoking or ingesting in a motor vehicle when the vehicle is upon the public highway; or
(iii) To place marijuana in a container specifically labeled by the manufacturer of the container as containing a nonmarijuana substance and to then violate (a)(i) of this subsection.

(b) There is a rebuttable presumption that it is a traffic infraction if the original container of marijuana is incorrectly labeled and there is a subsequent violation of (a)(i) of this subsection.

(2) As used in this section, "marijuana" or "marihuana" means all parts of the plant Cannabis, whether growing or not; the seeds thereof; the resin extracted from any part of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the plant, its seeds, or resin. The term does not include the mature stalks of the plant; and every compound, manufacture, salt, derivative, mixture, or preparation of the mature stalks, except the resin extracted therefrom, fiber, oil, or cake, or the sterilized seed of the plant which is incapable of germination. DISPOSITION OF TRAFFIC INFRACTIONS

Sections
46.63.073 Rental vehicles.
46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls, mitigating circumstances—System requirements—Rules—Definitions.
46.63.170 Automated traffic safety cameras—Definition.

46.63.073 Rental vehicles. (1) In the event a traffic infraction is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the issuing agency by return mail:
(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or
(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. If appropriate under the circumstances, a renter identified under (a) of this subsection is responsible for an infraction. For the purpose of this subsection, a "traffic infraction based on a vehicle's identification" includes, but is not limited to, parkings infractions, high occupancy toll lane violations, and violations recorded by automated traffic safety cameras.

(2) In the event a parking infraction is issued by a private parking facility and is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the parking facility shall, before a notice of infraction may be issued, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within thirty days of receiving the written notice, provide to the parking facility by return mail:
(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or
(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft.

Timely mailing of this statement to the parking facility relieves a rental car business of any liability under this chapter for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty. For the purpose of this subsection, a "parking infraction based on a vehicle's identification" is limited to parking infractions occurring on a private parking facility's premises. 46.63.160 Photo toll systems—Civil penalties for nonpayment of tolls, mitigating circumstances—System requirements—Rules—Definitions. (1) This section applies only to civil penalties for nonpayment of tolls detected through use of photo toll systems.

(2) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(3) A notice of civil penalty may be issued by the department of transportation when a toll is assessed through use of a photo toll system and the toll is not paid by the toll payment

[2015 RCW Supp—page 653]
due date, which is eighty days from the date the vehicle uses
the toll facility and incurs the toll charge.

(4) Any registered owner or renter of a vehicle traveling
upon a toll facility operated under chapter 47.56 or 47.46
RCW is subject to a civil penalty governed by the administrative
procedures set forth in this section when the vehicle
incurs a toll charge and the toll is not paid by the toll payment
due date, which is eighty days from the date the vehicle uses
the toll facility and incurs the toll charge.

(5)(a) The department shall develop rules to allow an
individual who has been issued a notice of civil penalty to
present evidence of mitigating circumstances as to why a toll
bill was not timely paid. If an individual is able to present
verifiable evidence to the department that a civil penalty was
incurred due to hospitalization, military deployment, eviction,
homelessness, death of the alleged violator or of an
alleged violator’s immediate family member, failure to
receive the toll bill due to an incorrect address that has since
been corrected, a prepaid electronic toll account error that has
since been corrected, an error made by the department or an
agent of the department, or other mitigating circumstances as
determined by the department, the department may dismiss or
reduce the civil penalty and associated fees.

(b)(i) Consistent with chapter 34.05 RCW, the depart-
ment of transportation shall develop an administrative adjudica-
tion process to review appeals of civil penalties issued by
the department of transportation for toll nonpayment detected
through the use of a photo toll system under this section. The
department of transportation shall submit to the transporta-
tion committees of the legislature an annual report on the
number of times adjudicators reduce or dismiss the civil pen-
alty as provided in (b)(ii) of this subsection and the total
amount of the civil penalties dismissed. The report must be
submitted by December 1st of each year.

(ii) During the adjudication process, the alleged violator
must have an opportunity to explain mitigating circumstances
as to why the toll bill was not timely paid. Hospitalization, a
divorce decree or legal separation agreement resulting in a
transfer of the vehicle, an active duty member of the military
or national guard covered by the federal service members
civil relief act, 50 U.S.C. Sec. 501 et seq., or state service
members' civil relief act, chapter 38.42 RCW, eviction,
homelessness, the death of the alleged violator or of an
immediate family member, being switched to a different
method of toll payment, if the alleged violator did not receive
a toll charge bill or notice of civil penalty, or other mitigating
circumstances as determined by the adjudicator are deemed
valid mitigating circumstances. All of the reasons that consti-
tute mitigating circumstances must have occurred within a
reasonable time of the alleged toll violation. In response to
these circumstances, the adjudicator may reduce or dismiss
the civil penalty and associated administrative fees.

(6) The use of a photo toll system is subject to the fol-
lowing requirements:

(a) Photo toll systems may take photographs, digital pho-
tographs, microphotographs, videotapes, or other recorded
images of the vehicle and vehicle license plate only.

(b) A notice of civil penalty must include with it a certifi-
cate or facsimile thereof, based upon inspection of photo-
tographs, microphotographs, videotape, or other recorded
images produced by a photo toll system, stating the facts sup-
porting the notice of civil penalty. This certificate or facsimi-
ile is prima facie evidence of the facts contained in it and is
admissible in a proceeding established under subsection (5)
of this section. The photographs, digital photographs, micro-
photographs, videotape, or other recorded images evidencing
the toll nonpayment civil penalty must be available for
inspection and admission into evidence in a proceeding to
adjudicate the liability for the civil penalty.

(c)(i) By June 30, 2016, prior to issuing a notice of civil
penalty to a registered owner of a vehicle listed on an active
prepaid electronic toll account, the department of transporta-
tion must:

(A) Send an electronic mail notice to the email address
provided in the prepaid electronic toll account of unpaid pay-
by-mail toll bills at least ten days prior to a notice of civil
penalty being issued for the associated pay-by-mail toll. The
notice must be separate from any regular notice sent by the
department; and

(B) Call the phone numbers provided in the account to
provide notice of unpaid pay-by-mail toll bills at least ten
days prior to a notice of civil penalty being issued for the
associated pay-by-mail toll.

(ii) The department is relieved of its obligation to pro-
vide notice as required by this section if the customer has
deprecated email address.

(d) Notwithstanding any other provision of law, all pho-
tographs, digital photographs, microphotographs, videotape,
other recorded images, or other records identifying a specific
instance of travel prepared under this section are for the
exclusive use of the tolling agency for toll collection and
enforcement purposes and are not open to the public, and may
not be used in a court or a pending action or proceeding
unless the action or proceeding relates to a civil penalty under
this section. No photograph, digital photograph, microphoto-
graph, videotape, other recorded image, or other record iden-
tifying a specific instance of travel may be used for any pur-
pose other than toll collection or enforcement of civil penali-
ties under this section. Records identifying a specific instance
of travel by a specific person or vehicle must be retained only
as required to ensure payment and enforcement of tolls and to
comply with state records retention policies.

(e) All locations where a photo toll system is used must
be clearly marked by placing signs in locations that clearly
indicate to a driver that he or she is entering a zone where
tolls are assessed and enforced by a photo toll system.

(f) Within existing resources, the department of transpor-
tation shall conduct education and outreach efforts at least six
months prior to activating an all-electronic photo toll system.
Methods of outreach shall include a department presence at
community meetings in the vicinity of a toll facility, signage,
and information published in local media. Information pro-
vided shall include notice of when all electronic photo tolling
shall begin and methods of payment. Additionally, the
department shall provide quarterly reporting on education
and outreach efforts and other data related to the issuance of
civil penalties.

(g) The envelope containing a toll charge bill or related
notice issued pursuant to RCW 47.46.105 or 47.56.795, or a
notice of civil penalty issued under this section, must promi-
nently indicate that the contents are time sensitive and related to a toll violation.

(7) Civil penalties for toll nonpayment detected through the use of photo toll systems must be issued to the registered owner of the vehicle identified by the photo toll system, but are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120.

(8) The civil penalty for toll nonpayment detected through the use of a photo toll system is forty dollars plus the photo toll and associated fees.

(9) Except as provided otherwise in this subsection, all civil penalties, including the photo toll and associated fees, collected under this section must be deposited into the toll facility account of the facility on which the toll was assessed. However, through June 30, 2013, civil penalties deposited into the Tacoma Narrows toll bridge account created under RCW 47.56.165 that are in excess of amounts necessary to support the toll adjudication process applicable to toll collection on the Tacoma Narrows bridge must first be allocated toward repayment of operating loans and reserve payments provided to the account from the motor vehicle account under section 1005(15), chapter 518, Laws of 2007. Additionally, all civil penalties, resulting from nonpayment of tolls on the state route number 520 corridor, shall be deposited into the state route number 520 civil penalties account created under section 4, chapter 248, Laws of 2010 but only if chapter 248, Laws of 2010 is enacted by June 30, 2010.

(10) If the registered owner of the vehicle is a rental car business, the department of transportation shall, before a toll bill is issued, provide a written notice to the rental car business that a toll bill may be issued to the rental car business if the rental car business does not, within thirty days of the mailing of the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the toll was assessed; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the toll was assessed because the vehicle was stolen at the time the toll was assessed. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable toll and fee.

Timely mailing of this statement to the issuing agency relieves a rental car business of any liability under this section for the payment of the toll.

(11) It is the intent of the legislature that the department provide an educational opportunity when vehicle owners incur fees and penalties associated with late payment of tolls for the first time. As part of this educational opportunity, the department may waive penalties and fees if the issue that resulted in the toll not being timely paid has been resolved and the vehicle owner establishes an electronic toll account, if practicable. To aid in collecting tolls in a timely manner, the department may waive or reduce the outstanding amounts of fees and penalties assessed when tolls are not timely paid.

(12) (a) By June 30, 2016, the department of transportation must update its web site, and accommodate access to the web site from mobile platforms, to allow toll customers to efficiently manage all their tolling accounts, regardless of method of payment.

(b)(i) By June 30, 2016, the department of transportation must make available to the public a point of access that allows a third party to develop an application for mobile technologies that (A) securely accesses a user's toll account information and (B) allows the user to manage his or her toll account to the same extent possible through the department's web site.

(ii) If the department determines that it would be cost effective and in the best interests of the citizens of Washington, it may also develop an application for mobile technologies that allows toll customers to manage all of their tolling accounts from a mobile platform.

(13) When acquiring a new photo toll system, the department of transportation must enable the new system to:

(a) Connect with the department of licensing's vehicle record system so that a prepaid electronic toll account can be updated automatically when a toll customer's vehicle record is updated, if the customer has consented to such updates; and

(b) Document when any toll is assessed for a vehicle listed in a prepaid electronic toll account in the monthly statement that is made available to the electronic toll account holder regardless of whether the method of payment for the toll is via pay-by-mail or prepaid electronic toll account.

(14) Consistent with chapter 34.05 RCW, the department of transportation shall develop rules to implement this section.

(15) For the purposes of this section:

(a) "Photo toll system" means the system defined in RCW 47.56.010 and 47.46.020.

(b) "Prepaid electronic toll account" means a prepaid toll account linked to a pass or license plate number, including "Good to Go!"

(16) If a customer's toll charge or civil penalty is waived pursuant to this section due to an error made by the department, or an agent of the department, in reading the customer's license plate, the secretary of transportation must send a letter to the customer apologizing for the error. If a certificate is not issued by the secretary of transportation by December 1, 2012, sections 705 and 722 of this act are null and void." [2011 c 367 § 1104.] A notice of certification was filed with the code reviser on December 2, 2011, becoming effective December 3, 2011 (see WSR 11-24-042).

Report to legislature—2009 c 272: "The department shall report to the transportation committees of the legislature by December 1, 2009, with recommendations regarding implementing a time period for the payment of tolls after crossing the Tacoma Narrows bridge in which individuals without a transponder could pay the toll due prior to the issuance of an infraction." [2009 c 272 § 2.]
46.63.170 Automated traffic safety cameras—Definition. (1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations; or speed violations subject to (c) of this subsection. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Except as provided in (c) of this subsection, use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) Any city west of the Cascade mountains with a population of more than one hundred ninety-five thousand located in a county with a population of fewer than one million five hundred thousand may operate an automated traffic safety camera to detect speed violations subject to the following limitations:

(i) A city may only operate one such automated traffic safety camera within its respective jurisdiction; and
(ii) The use and location of the automated traffic safety camera must have first been authorized by the Washington state legislature as a pilot project for at least one full year.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, micro-photographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(2). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of...
RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1)(a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit as detected by a speed measuring device.

The legislature further finds that a uniform system of traffic control signals greatly enhances the public’s confidence in a safe and equitable highway network. Therefore, it is the intent of the legislature to harmonize and make uniform certain legal provisions relating to traffic control signals." [2012 c 85 § 1.]

46.87.020 Definitions. (Effective July 1, 2016.) Provisions and terms used in this chapter have the meaning given to them in the international registration plan (IRP), in chapter 46.04 RCW, or as otherwise defined in this section. Definitions given to terms by the IRP prevail unless given a different meaning in this chapter or in rules adopted under authority of this chapter.

1. "Adequate records" are records maintained by the owner of the fleet sufficient to enable the department to verify the distances reported in the owner's application for apportioned registration and to evaluate the accuracy of the owner's distance accounting system.

2. "Apportionable vehicle" has the meaning given by the IRP, except that it does not include vehicles with a declared gross weight of twelve thousand pounds or less.

3. "Cab card" is a certificate of registration issued for a vehicle.

4. "Credentials" means cab cards, apportioned plates, temporary operating authority, and validation tabs issued for proportionally registered vehicles.

5. "Declared combined gross weight" means the total unladen weight of any combination of vehicles plus the maximum weight of the load to be carried on the combination of vehicles as declared by the registrant.

6. "Declared gross weight" means the total unladen weight of any vehicle plus the maximum weight of the load to be carried on the vehicle as declared by the registrant. In the case of a bus, auto stage, or a passenger-carrying for hire vehicle with a seating capacity of more than six, the declared gross weight is determined by multiplying one hundred fifty pounds by the number of seats in the vehicle, including the driver's seat, and adding this amount to the unladen weight of the vehicle. If the resultant gross weight is not listed in RCW 46.17.355, it must be increased to the next higher gross weight authorized in chapter 46.44 RCW.

7. "Department" means the department of licensing.

8. "Fleet" means one or more apportionable vehicles.

9. "In-jurisdiction distance" means the total distance, in miles, accumulated in a jurisdiction during the reporting period by vehicles of the fleet while they were a part of the fleet.
(11) "Jurisdiction" means and includes a state, territory or possession of the United States, the District of Columbia, the Commonwealth of Puerto Rico, a foreign country, and a state or province of a foreign country.

(12) "Motor carrier" means an entity engaged in the transportation of goods or persons. "Motor carrier" includes a for-hire motor carrier, private motor carrier, exempt motor carrier, registrant licensed under this chapter, motor vehicle lessor, and motor vehicle lessee.

(13) "Owner" means a person or business who holds the legal title to a vehicle, or if a vehicle is the subject of an agreement for its conditional sale with the right of purchase upon performance of the conditions stated in the agreement and with an immediate right of possession vested in the conditional vendee, or if a vehicle is subject to a lease, contract, or other legal arrangement vesting right of possession or control, for security or otherwise, or if a mortgagor of a vehicle is entitled to possession, then the owner is deemed to be the person or business in whom is vested right of possession or control.

(14) "Person" means any individual, partnership, association, public or private corporation, limited liability company, or other type of legal or commercial entity, including its members, managers, partners, directors, or officers.

(15) "Prorate percentage" is the factor applied to the total proratable fees and taxes to determine the apportionable fees required for registration in a jurisdiction. It is determined by dividing the in-jurisdiction distance for a particular jurisdiction by the total distance.

(16) "Registration year" means the twelve-month period during which the credentials issued by the base jurisdiction are valid.

(17) "Reporting period" means the period of twelve consecutive months immediately prior to July 1st of the calendar year immediately preceding the beginning of the registration year for which apportioned registration is sought. If the fleet registration period commences in October, November, or December, the reporting period is the period of twelve consecutive months immediately preceding July 1st of the current calendar year.

(18) "Total distance" means all distance operated by a fleet of apportioned vehicles. "Total distance" includes the full distance traveled in all vehicle movements, both interjurisdictional and intrajurisdictional, including loaded, unladen, deadhead, and bobtail distances. Distance traveled by a vehicle while under a trip lease is considered to have been traveled by the lessor’s fleet. All distance, both interstate and intrastate, accumulated by vehicles of the fleet is included in the fleet distance. 46.87.040 Purchase of additional gross weight. (Effective July 1, 2016.) Additional gross weight may be purchased to the limits authorized under chapter 46.44 RCW. Registration must be for the remainder of the registration year, including the full registration month in which the vehicle is initially registered at the higher gross weight. The apportionable fee initially paid to the state of Washington, reduced by the number of full registration months the license was in effect, must be deducted from the total fee due. A credit or refund may not be given for a reduction of gross weight. [2015 c 228 § 6; 1994 c 262 § 13; 1987 c 244 § 19; 1985 c 380 § 4.]

Each day the department must forward to the state treasurer the fees collected under this chapter and, within ten days of the end of each registration quarter, a detailed report identifying the amount to be deposited to each account for which fees are required. Such fees must be deposited pursuant to RCW 46.68.035. [2015 c 228 § 7; 2005 c 194 § 4; 1987 c 244 § 20; 1985 c 380 § 5.]

46.87.070 Reciprocity for trailers, semitrailers, pole trailers. (Effective July 1, 2016.) Trailers, semitrailers, and pole trailers properly registered in jurisdictions other than Washington and displaying currently registered license plates issued by the jurisdictions are granted vehicle registration reciprocity in this state. Unless registered under the provisions of the IRP as a pool fleet, such trailers, semitrailers, and pole trailers must be operated in combination with an apportioned power unit to qualify for reciprocity. If pole trailers are not required to be licensed separately by a member jurisdiction, they may be operated in this state without displaying a base license plate. 46.87.080 Credentials—Design, procedures—Issuance, denial, suspension, revocation. (Effective July 1, 2016.) (1) Upon making satisfactory application and payment of fees and taxes for proportional registration under this chapter, the department must issue credentials. License plates must be displayed as required under RCW 46.16A.200(5). The license plates must be of a design determined by the department. The license plates must be treated with reflectorized material and clearly marked with the words "WASHINGTON" and "APPORTIONED," both words to appear in full and without abbreviation.

(2) The cab card is the certificate of registration for the vehicle. The cab card must contain the name and address of the registrant as maintained in the records of the department, the license plate number assigned to the vehicle, the vehicle identification number, and other information the department may require. The cab card must be signed by the registrant, or a designated person if the registrant is a business, and must always be carried in the vehicle.

(3) The apportioned license plates are not transferrable. License plates must be legible and remain with the vehicle until the department requires them to be removed.

(4) Validation tab(s) of a design determined by the department must be affixed to the license plate(s) as prescribed by the department and indicate the month and year for which the vehicle is registered.

(5) A fleet vehicle properly registered is deemed to be fully registered in this state for any type of legal movement or operation. In instances in which a permit or grant of authority is required for interstate or intrastate operation, the vehicle must not be operated in interstate or intrastate commerce unless the owner is granted the appropriate operating authority and the vehicle is being operated in conformity with that permit or operating authority.

(6) The department may deny, suspend, or revoke the credentials authorized under subsection (1) of this section to any person: (a) Who formerly held any type of license, registration, credentials, or permit issued by the department pursuant to chapter 46.16A, 46.44, 46.85, 46.87, or 82.38 RCW that has been revoked for cause, which cause has not been removed; (b) who is a subterfuge for the real party in interest whose license, registration, credentials, or permit issued by the department pursuant to chapter 46.16A, 46.44, 46.85, 46.87, or 82.38 RCW and has been revoked for cause, which cause has not been removed; (c) who, as a person, individual licensee, or officer, partner, director, owner, or managing employee of a nonindividual licensee, has had a license, registration, credentials authorized under subsection (1) of this section to be revoked for cause, which cause has not been removed; (d) who has an unsatisfied debt to the state assessed under chapter 46.16A, 46.44, 46.85, 46.87, or 82.38 RCW that has been revoked for cause, which cause has not been removed; (e) who, as a person, individual licensee, officer, partner, director, owner, or managing employee of a nonindividual licensee, has been prohibited from operating as a motor carrier by the federal motor carrier safety administra-
tion or Washington state patrol and the cause for such prohibition has not been satisfied.

(7) Before such denial, suspension, or revocation under subsection (6) of this section, the department must grant the applicant, registrant, or owner an informal hearing and at least ten days written notice of the time and place of the hearing. [2015 c 228 § 10; 2013 c 225 § 609; 2011 c 171 § 97; 2005 c 194 § 6; 1998 c 115 § 1; 1993 c 307 § 14; 1987 c 244 § 23; 1985 c 380 § 8.]

46.87.090 Replacement of license plates, cab card, validation tabs—Fees. (Effective July 1, 2016.) (1) To replace license plates, a cab card, or validation tab(s), the registrant must apply to the department on forms furnished by the department.

(a) A fee of ten dollars is charged for two license plates.
(b) A fee of two dollars is charged for each cab card.
(c) A fee of two dollars is charged for each validation year tab.
(2) All fees collected under this section must be deposited in the motor vehicle fund. [2015 c 228 § 11; 1994 c 262 § 14; 1987 c 244 § 24; 1986 c 18 § 24; 1985 c 380 § 9.]

46.87.120 Report of actual distance accumulated on applications. (Effective July 1, 2016.) (1) An application for proportional registration of a fleet must state the actual distance accumulated by the fleet during the reporting period. If operations were not conducted by the fleet during the reporting period, the application must contain a department determined average per vehicle distance of the fleet in all jurisdictions. [2015 c 228 § 12; 2005 c 194 § 7; 1997 c 183 § 4; 1990 c 42 § 113; 1987 c 244 § 25.]

46.87.130 Transaction fee. (Effective July 1, 2016.) The department must collect a vehicle transaction fee each time a vehicle is added to a Washington fleet, and each time the registration of a Washington fleet vehicle is renewed. The exact amount of the vehicle transaction fee must be fixed by rule, but must not exceed ten dollars. This fee must be deposited in the motor vehicle fund. [2015 c 228 § 13; 2005 c 194 § 8; 1987 c 244 § 26.]

46.87.140 Application—Filing, contents—Fees and taxes—Assessments, due date. (Effective July 1, 2016.) (1) Any owner of one or more fleets of apportionable vehicles may, in lieu of registration of the vehicles under chapter 46.16A RCW, register the vehicles of each fleet by filing a proportional registration application with the department. The application must contain the following information and other information the department may require:

(a) A description and identification of each vehicle in the fleet.
(b) An original or renewal application must be accompanied by a distance schedule for each fleet.
(c) The USDOT number issued to the registrant and the USDOT number of the motor carrier responsible for the safety of each vehicle, if different.
(d) The taxpayer identification number of the registrant and the motor carrier responsible for the safety of each vehicle, if different.

(2) Each application must, at the time and in the manner required by the department, be supported by payment of a fee computed as follows:

(a) Divide the in-jurisdiction distance for each jurisdiction by the total distance and carry the answer to the nearest thousandth of a percent (three places beyond the decimal, e.g. 10.543 percent). This factor is known as the prorate percentage.
(b) Determine the apportionable fees and taxes required for each vehicle in the fleet based on the applicable fees and taxes under the laws of each jurisdiction.

Fees and taxes for vehicles of Washington fleets and foreign jurisdiction fleets operating in Washington are those prescribed under RCW 46.17.315, 46.17.355, and 82.38.075. If, during the registration period, the lessor of an apportioned vehicle changes and the vehicle remains in the fleet of the registrant, the department must only charge those fees prescribed for the issuance of new apportioned license plates, validation tabs, and cab card.

(c) Multiply the total, apportionable fees or taxes for each vehicle by the prorate percentage applicable to each jurisdiction and round the results to the nearest cent.

(d) Add the total fees and taxes determined in (c) of this subsection for each vehicle to the nonapportionable fees and taxes required under the laws of each jurisdiction. Nonapportionable fees required for vehicles of Washington fleets are the administrative fee required under RCW 82.38.075, the vehicle transaction fee pursuant to RCW 46.87.130, and the commercial vehicle safety inspection [enforcement] fee in RCW 46.17.315.

(e) The amount due and payable is the sum of the fees and taxes calculated for each jurisdiction in which the fleet is registered.

(3) All assessments for taxes and fees are due and payable in United States funds on the date presented or mailed to the registrant at the address listed in the proportional registration records of the department. The registrant may petition for reassessment of the fees or taxes due within thirty days of the date of original service. [2015 c 228 § 14; 2011 c 171 § 98; 2010 c 161 § 1143; 2005 c 194 § 9; 2003 c 85 § 2; 1997 c 183 § 5; 1991 c 339 § 10; 1990 c 42 § 114; 1987 c 244 § 27.]

46.87.150 Overpayment, underpayment—Refund, additional amount owed. (Effective July 1, 2016.) If a person pays a fee or tax that amounts to an overpayment of ten dollars or more, the person is entitled to a refund of the entire amount of the overpayment, regardless of whether or not a refund has been requested. This subsection does not preclude a person from applying for a refund of an overpayment if the overpayment is less than ten dollars. If the department or its agents fail to assess and collect the full amount of fees or taxes owed, which underpayment is ten dollars or more, the department must collect the additional amount owed. 46.87.200 Refusal of registration—Federal heavy vehicle use tax. (Effective July 1, 2016.) Sec. 4481 has been suspended or paid. [2015 c 228 § 17; 1987 c 244 § 33.]

46.87.220 Gross weight computation. (Effective July 1, 2016.) The gross weight of a vehicle is the scale weight of the vehicle, plus the scale weight of any trailer, semitrailer, converter gear, or pole trailer to be towed by it, to which must be added the maximum weight of the load to be carried on it or towed by it as declared by the licensee as long as it does not exceed the weight limitations prescribed under chapter 46.44 RCW. The gross weight in the case of a bus, auto stage, or passenger-carrying for hire vehicle with a seating capacity over six, is the scale weight of the bus, auto stage, or passenger-carrying for hire vehicle plus the seating capacity, including the operator's seat, computed at one hundred fifty pounds per seat.

If the resultant gross weight, according to this section, is not listed in RCW 46.17.355, it must be increased to the next higher gross weight listed pursuant to chapter 46.44 RCW.

A vehicle or combination of vehicles found to be loaded beyond the licensed gross weight of the vehicle or combination of vehicles must be cited and handled under RCW 46.16A.540 and 46.16A.545. [2015 c 228 § 18; 2010 c 161 § 1144; 1987 c 244 § 35.]

Whenever an act or omission is declared to be unlawful under chapter 46.12, 46.16A, or 46.44 RCW or this chapter, and the operator of the vehicle is not the owner or lessee of the vehicle but is operating or moving the vehicle with the express or implied permission of the owner or lessee, the operator and the owner or lessee are both subject to this chapter, with the primary responsibility to be that of the owner or lessee.

If the person operating the vehicle at the time of the unlawful act or omission is not the owner or the lessee of the vehicle, that person is fully authorized to accept the citation or notice of infraction and execute the promise to appear on behalf of the owner or lessee. The department may collect and forward applicable registration fees and taxes to other jurisdictions on behalf of the applicant or another jurisdiction and may take other action that facilitates the administration of the IRP. 46.87.290 Refusal, cancellation of credentials—Procedures, penalties. (Effective July 1, 2016.) (1) If the department determines at any time that an applicant for proportional registration of a vehicle or vehicles is not entitled to credentials, the department may refuse to issue credentials for the vehicle or vehicles and, after notice, cancel any existing credentials. The department must send the notice of cancellation by first-class mail, addressed to the owner of the vehicle or vehicles at the owner’s address as it appears in the proportional registration records of the department. It is unlawful for any person to drive or operate the vehicle(s) until proper credentials have been issued.

(2) Any person driving or operating the vehicle(s) after the refusal of the department to issue credentials or the suspension, revocation, or cancellation of the credentials is guilty of a gross misdemeanor.

(3) A vehicle that has been driven or operated in violation of this section may be impounded by the Washington state patrol, county sheriff, or city police in a manner directed for such cases by the chief of the Washington state patrol until proper credentials have been issued. The department may not register a vehicle if the Washington state patrol has placed an out-of-service order on the vehicle’s department of transportation number, as defined in RCW 46.16A.010. The department must suspend or revoke the credentials of a vehicle if the registrant or motor carrier responsible for the safety of the vehicle has been prohibited from operating by the federal motor carrier safety administration. The department may not register a vehicle if the Washington state patrol has placed an out-of-service order on the vehicle’s department of transportation number, as defined in RCW 46.16A.010. 46.87.300 Appeal of suspension, revocation, cancellation, refusal. (Effective July 1, 2016.) The suspension, revocation, cancellation, or refusal by the director, or the director’s designee, of the credentials issued under this chapter is conclusive unless the person whose credentials are suspended, revoked, canceled, or refused appeals to the superior court of Thurston county, or at the person’s option if a resident of Washington, to the superior court of his or her county of residence, for the purpose of having the suspension, revocation, cancellation, or refusal of the credentials set aside. Notice of appeal must be filed within ten calendar days after service of the notice of suspension, revocation, cancellation, or refusal. Upon the filing of the appeal, the court must issue an order to the director to show cause why the credentials should not be granted or reinstated. The director must respond to the order within ten days after the date of service of the order upon the director. Service must be in the manner prescribed for service of summons and complaint in other civil actions. Upon the hearing on the order to show cause, the court must hear evidence concerning matters related to the suspension, revocation, cancellation, or refusal of the credentials and enter judgment either affirming or setting aside the suspension, revocation, cancellation, or refusal. 46.87.310 Application records—Preservation, audit—Additional assessments, penalties, refunds. An owner must preserve the records on which the owner’s application for apportioned registration is based for a period of three years following the close of the registration year. The owner must make records available to the department for audit as to the accuracy and adequacy of records, computations, and payments at a location designated by the department. The department must assess and collect any unpaid fees and taxes due affected jurisdictions and provide credits for any overpayments of apportionable fees and taxes to the jurisdictions affected. If the records produced by the owner for the audit fail to meet the criteria for adequate records, or are not produced within thirty calendar days after a written request by the department, the department must impose on the owner an assessment in the amount of twenty percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. In the instance of a
second offense, the department must impose upon the owner an assessment in the amount of fifty percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. In the instance of a third or any subsequent offense, the department must impose upon the owner an assessment in the amount of one hundred percent of the total apportionable fees paid or found due because of appropriate adjustment for the registration of the fleet in the registration year to which records pertain. The department must distribute the amount of assessments it collects under this section on a pro rata basis to the other jurisdictions in which the fleet was registered or required to be registered.

If the owner fails to maintain complete records as required under this section, the department may attempt to reconstruct or reestablish such records.

The department may conduct joint audits of any owner with other jurisdictions. An assessment for deficiency or claim for credit may not be made for any period for which records are no longer required. Any fees, taxes, penalties, or interest due and owing the state upon audit bear interest at the rate of one percent per month, or fraction thereof, from the first day of the calendar month after the amount should have been paid until the date of payment. If the audit discloses a deliberate and willful intent to evade the requirements of payment under RCW 46.87.140, a penalty of ten percent of the amount owed, in addition to any other assessments authorized under this chapter, must be assessed.

If the audit discloses that an overpayment in excess of ten dollars has been made, the department must refund the overpayment to the owner. Overpayments must bear interest at the rate of eight percent per annum from the date on which the overpayment was incurred until the date of payment. [2015 c 228 § 28; 1996 c 91 § 2; 1993 c 307 § 15; 1987 c 244 § 44.]

Effective date—2015 c 228 §§ 28, 39, 40, and 41: "Sections 28 and 39 through 41 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2015." ### 46.87.320 Departmental audits, investigations—Subpoenas. (Effective July 1, 2016.)

The department may initiate and conduct audits and investigations to establish the existence of any alleged violations of or noncompliance with this chapter or any rules adopted under it.

For the purpose of any audit, investigation, or proceeding under this chapter, the director or any designee of the director may administer oaths and affirmations, subpoena witnesses, compel their attendance, take evidence, and require the production of any books, paper, correspondence, memoranda, agreements, or other documents or records that the department deems relevant or material to the inquiry.

In case of contumacy or refusal to obey a subpoena issued to any person, any court of competent jurisdiction may issue an order requiring that person to appear before the director or the officer designated by the director to produce testimony or other evidence touching the matter under audit, investigation, or in question. Failure to obey an order of the court may be punishable by contempt. [2015 c 228 § 29; 1987 c 244 § 45.]

for personal or business use or is in the control of a trustee, receiver, or assignee. The lien is effective from the date fees and taxes were due and payable until the amount is satisfied. The lien has priority over any lien or encumbrance except liens of other fees and taxes having priority by law.

(2) The department must file with any county auditor or other agent a statement of claim and lien specifying the amount of delinquent fees, taxes, penalties, and interest owed. [2015 c 228 § 32; 1993 c 307 § 16; 1987 c 244 § 47.]

46.87.350  Delinquent obligations—Notice—Restriction on credits or property—Default judgments—Lien. (Effective July 1, 2016.) If a person is delinquent in the payment of any obligation, the department may give notice of the amount of the delinquency, in person or by mail, to persons having possession or control of credits or personal and real property belonging to the person, or owing any debts to the person. Any person notified may not transfer or dispose of credits, personal and real property, or debts without the consent of the department. A person notified must, within twenty days after receipt of the notice, advise the department of any credits, personal and real property, or debts in his or her possession, under his or her control or owing by him or her, and must immediately deliver the credits, personal and real property, or debts to the department.

If a person fails to timely answer the notice, a court may render judgment by default against the person.

The notice and order to withhold and deliver constitutes a continuing lien on property of the person. The department must include in the notice to withhold and deliver "continuing lien." The effective date of a notice to withhold and deliver is the date of service. [2015 c 228 § 33; 1994 c 262 § 16; 1987 c 244 § 48.]

Effective date—2015 c 228: See note following RCW 46.87.010.

If a person is delinquent in the payment of any obligation, and the delinquency continues after notice and demand for payment, the department must collect the amount due. The department must seize any property subject to the lien of the fees, taxes, penalties, and interest and sell it at public auction. Notice of the intended sale and its time and place must be given to the person and to all persons with an interest in the property. The notice must be published at least ten days before the date set for the sale in a newspaper of general circulation published in the county in which the property will be sold. If there is no newspaper of general circulation in the county, the notice must be posted in three public places in the county for a period of ten days. The notice must contain a description of the property, a statement of the amount due, the name of the person, and a statement that unless the amount due is paid on or before the time in the notice the property will be sold.

The department must sell the property and deliver to the purchaser a bill of sale or deed. If the moneys received exceed the amount due from the person, the excess must be returned to the person with a receipt. If any person having an interest in or lien upon the property has filed notice with the department before the sale, the department must withhold payment of any excess to the person pending determination of the rights of the respective parties by a court of competent jurisdiction. If the receipt of the person is not available, the department must deposit the excess with the state treasurer as trustee for the person or his or her heirs, successors, or assigns. [2015 c 228 § 34; 2010 c 8 § 9101; 1987 c 244 § 49.]

46.87.370  Warrant for final assessments—Lien on property. (Effective July 1, 2016.) When an assessment becomes final, the department may file with the clerk of any county within the state a warrant in the amount of fees, taxes, penalties, interest, and a filing fee under RCW 36.18.012(10). The warrant constitutes a lien upon the title to, and interest in, all real and personal property of the person against whom the warrant is issued. The warrant is sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state. [2015 c 228 § 35; 2001 c 146 § 6; 1987 c 244 § 50.]

Sections
47.01.315 Work group on review processes under state and national environmental policy acts for state highway projects—Report. The department shall coordinate a state agency work group in 2016 that will identify issues, laws, and regulations relevant to consolidating and coordinating the review processes under the national environmental policy act, 42 U.S.C. Sec. 4321 et seq. and chapter 43.21C RCW to streamline the review of and avoid delays to projects on state highways as defined in RCW 46.04.560. The department must report the work group's findings to the joint transportation committee in compliance with RCW 43.01.036 by December 31, 2016. State agencies in the work group must include the department, the department of ecology, and any other relevant agencies. The report must include: An inventory of federal and state environmental regulatory authority; a discussion of the issues pertaining to the current process and timelines used by state and federal agencies for reviewing projects on state highways as defined in RCW 46.04.560; and recommendations for legislation or rules that would reduce delays and time associated with review by state and federal agencies, including suggestions for new categorical exemptions. [2015 3rd sp. s. c 15 § 6.]

Effective date—Findings—Intent—2015 3rd sp.s. c 15: See notes following RCW 47.01.485.

47.01.435 Highway construction workforce development—Reports. (1) The department shall expend federal funds received by the department, and funds that may be available to the department, under 23 U.S.C. Sec. 140(b) to increase diversity in the highway construction workforce and prepare individuals interested in entering the highway construction workforce by conducting activities in subsections (4) and (5) of this section.

(2) The requirements contained in subsection (1) of this section do not apply to or reduce the federal funds that would be otherwise allocated to local government agencies.

(3) The department shall, in coordination with the department of labor and industries, expend moneys for apprenticeship preparation and support services, including providing grants to local Indian tribes, churches, nonprofits, and other organizations. The department shall, to the greatest extent practicable, expend moneys from sources other than those specified in subsection (1) of this section for the activities in this subsection and subsections (4) and (5) of this section.

(4) The department shall coordinate with the department of labor and industries to provide any portion of the following services:

(a) Preapprenticeship programs approved by the apprenticeship and training council;
(b) Preemployment counseling;
(c) Orientations on the highway construction industry, including outreach to women, minorities, and other disadvantaged individuals;
(d) Basic skills improvement classes;
(e) Career counseling;
(f) Remedial training;
(g) Entry requirements for training programs;
(h) Supportive services and assistance with transportation;
(i) Child care and special needs;
(j) Job site mentoring and retention services;
(k) Assistance with tools, protective clothing, and other related support for employment costs; and
(l) The recruitment of women and persons of color to participate in the apprenticeship program at the department.

(5) The department must actively engage with communities with populations that are underrepresented in current transportation apprenticeship programs.

(6) The department, in coordination with the department of labor and industries, shall submit a report to the transportation committees of the legislature by December 1st of each year beginning in 2012. The report must contain:

(a) An analysis of the results of the activities in subsections (4) and (5) of this section;
(b) The amount available to the department from federal funds for the activities in subsections (4) and (5) of this section and the amount expended for those activities; and
(c) The performance outcomes achieved from each activity, including the number of persons receiving services, training, and employment.

(7) By December 31, 2020, the department must report to the legislature on the results of how the department’s efforts to actively engage with communities with populations that are underrepresented in current transportation apprenticeship programs have resulted in an increased participation of underrepresented groups in the department’s apprenticeship program over a five-year period. [2015 c 164 § 1; 2012 c 66 § 1.]

47.01.480 Connecting Washington project delivery—Transportation future funding program—Report. (1)(a) For projects identified as connecting Washington projects and supported by revenues under chapter 44, Laws of 2015 3rd sp. s., it is the priority of the legislature that the department deliver the named projects. The legislature encourages the department to continue to institutionalize innovation and collaboration in design and project delivery with an eye toward the most efficient use of resources. In doing so, the legislature expects that, for some projects, costs will be reduced during the project design phase due to the application of practical design. However, significant changes to a project title or scope arising from the application of practical design requires legislative approval. The legislature will utilize existing mechanisms and processes to ensure timely and efficient approval. Practical design-related changes to the scope may be proposed by the department, for the legislature's approval, only if the project's intended performance is substantially unchanged and the local governments and inter-
ested stakeholders impacted by the project have been consulted and have reviewed the proposed changes.

(b) To the greatest extent practicable, a contract for the construction of a project with any change to the title or scope, whether significant or not, arising from the application of practical design must not be let until the department has provided a detailed notice describing the change to the chairs and ranking members of the house of representatives and senate transportation committees or, if during the interim, to the joint transportation committee.

(c) To determine the savings attributable to practical design, each connecting Washington project must be evaluated. For design-bid-build projects, the evaluation must occur at the end of the project design phase. For design-build projects, the evaluation must occur at the completion of thirty percent design. Each year as a part of its annual budget submittal, the department must include a detailed summary of how practical design has been applied and the associated savings gained. The annual summary must also include for each project: Details regarding any savings gained specifically through changes in the cost of materials, changes in the scope of a project and associated impacts on risk, the retirement of any risk reserves, and unused contingency funds.

(2)(a) The transportation future funding program is intended to provide for future emergent transportation projects, accelerating the schedule for existing connecting Washington projects, and highway preservation investments, beginning in fiscal year 2024, based on savings accrued from the application of practical design and any retired risk or unused contingency funding on connecting Washington projects.

(b) Beginning July 1, 2016, the department must submit a report to the state treasurer and the transportation committees of the legislature once every six months identifying the amount of savings attributable to the application of practical design, retired risk, and unused contingency funding, and report when the savings become available. The state treasurer must transfer the available amounts identified in the report to the transportation future funding program account created in RCW 46.68.396.

(c) Beginning in fiscal year 2024, as a part of its budget submittal, the department may provide a list of highway improvement projects or preservation investments for potential legislative approval as part of the transportation future funding program. Highway improvement projects considered for inclusion under the transportation future funding program may include new connecting Washington projects, or accelerate the schedule for existing connecting Washington projects, and must: Address significant safety concerns; alleviate congestion and advance mobility; provide compelling economic development gains; leverage partnership funds from local, federal, or other sources; or require a next phase of funding to build upon initial investments provided by the legislature.

(d) It is the intent of the legislature that if savings attributable to the application of practical design are used to accelerate existing connecting Washington projects, savings must also be used for new connecting Washington projects of equal cost. [2015 3rd sps. c 12 § 1.]

Effective date—2015 3rd sps. c 12: "Except for section 4 of this act, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sps. c 12 § 7.]

47.01.485 Final determination by local governments on department permit application for state highway projects less than five hundred million dollars, when due—Annual report. (1) To the greatest extent practicable, a city, town, code city, or county must make a final determination on all permits required for a project on a state highway as defined in RCW 46.04.560 no later than ninety days after the department's submission of a complete permit application for a project with an estimated cost of less than five hundred million dollars.

(2) The department must report annually to the governor and the transportation committees of the house of representatives and the senate in compliance with RCW 43.01.036 regarding any permit application that takes longer than the number of days identified in subsection (1) of this section to process. [2015 3rd sps. c 15 § 2.]

Effective date—2015 3rd sps. c 15: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sps. c 15 § 11.]

Findings—Intent—2015 3rd sps. c 15: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sps. c 15 § 1.]

47.01.490 Reporting engineering errors on highway construction projects—Requirements. (1) The department shall submit a report to the transportation committees of the legislature detailing engineering errors on highway construction projects resulting in project cost increases in excess of five hundred thousand dollars. The department must submit a full report within ninety days of the negotiated change order resulting from the engineering error.

(2) The department's full report must include an assessment and review of:

(a) How the engineering error happened;
(b) The department of the employee or employees responsible for the engineering error, without disclosing the name of the employee or employees;
(c) What corrective action was taken;
(d) The estimated total cost of the engineering error and how the department plans to mitigate that cost;
(e) Whether the cost of the engineering error will impact the overall project financial plan; and
(f) What action the secretary has recommended to avoid similar engineering errors in the future. [2015 3rd sps. c 17 § 8.]

Effective date—2015 3rd sps. c 17: See note following RCW 47.85.005.

[2015 RCW Supp—page 673]
47.01.495 Construction program business plan—Requirements—Progress reports—Advisory group. (1) The department must develop a construction program business plan that incorporates findings of the report required in section 3, chapter 18, Laws of 2015 3rd sp. sess. and also outlines a sustainable staffing level of state-employed engineering staff, adjusted as necessary by additional sustainable revenue and modeled and optimized to address long-term needs in preservation and improvement programs through multiple biennia.

(2) The sustainable staffing level recognizes that it is in the state's interest that periodic increases in workload due to increases in construction funding are best addressed through the use of contract engineering resources in conjunction with limited and flexible augmentations to department staffing levels as necessary for project oversight, accountability, and delivery.

(3) To provide the appropriate management oversight and accountability of the use of contracted services, the plan must also make recommendations on the development of a strong owner strategy that addresses state employee training, career development, and competitive compensation.

(4) The department must submit the plan to the office of financial management and appropriate committees of the legislature one hundred eighty days after the report in section 3, chapter 18, Laws of 2015 3rd sp. sess. is completed. The department must submit progress reports on implementation of the plan biennially beginning September 30, 2018, until September 30, 2030. The elements of the plan must include:

(a) Sustainable staffing levels to address long-term needs in preservation and improvement programs;

(b) Employee recruitment, retention, training, and compensation status;

(c) Project delivery methods for design and construction; and

(d) A comparison of Washington state to national trends and methods.

(5) To assist in the development of the plan, the department must convene an advisory group to be comprised of the following members:

(a) One representative of the professional and technical employees local 17 to represent the nonmanagement engineering and technical employees of the department;

(b) One member of the managerial engineering and technical staff of the department, who must serve as chair of the advisory group;

(c) One member appointed by the American council of engineering companies of Washington to represent the private design industry; and

(d) One member appointed by the associated general contractors of Washington to represent the private construction industry. [2015 3rd sp. s. c 18 § 4.]

Effective date—2015 3rd sp. s. c 18: See note following RCW 47.20.780.

(a) Promoting healthy communities by encouraging walking, bicycling, and using public transportation;
(b) Improving safety by designing major arterials to include features such as wider sidewalks, dedicated bicycle facilities, medians, and pedestrian streetscape features, including trees where appropriate;
(c) Protecting the environment and reducing congestion by providing safe alternatives to single-occupancy driving; and
(d) Preserving community character by involving local citizens and stakeholders to participate in planning and design decisions.

(2) For purposes of this section:

(a) "Eligible project" means (i) a local government street or road retrofit project that includes the addition of, or significant repair to, facilities that provide street access with all users in mind, including pedestrians, bicyclists, and public transportation users; or (ii) a retrofit project on city streets or county roads that are part of a state highway that include the addition of, or significant repair to, facilities that provide access with all users in mind, including bicyclists, pedestrians, motorists, and public transportation users.

(b) "Local government" means incorporated cities and towns and counties that have adopted a jurisdiction-wide complete streets ordinance that plans for the needs of all users and is consistent with sound engineering principles.

(c) "Sound engineering principles" means peer-reviewed, context sensitive solutions guides, reports, and publications, consistent with the purposes of this section.

(3) In carrying out the purposes of this section, the transportation improvement board may award funding, subject to the availability of amounts appropriated for this specific purpose, only to eligible projects that are designed consistent with sound engineering principles.

(4) The transportation improvement board must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section. [2015 3rd sp.s. c 44 § 401; 2011 c 257 § 2.]

Intent—2011 c 257: "Urban main streets should be designed to provide safe access to all users, including bicyclists, pedestrians, motorists, and public transportation users. Context sensitive design and engineering principles allow for flexible solutions depending on a community's needs, and result in many positive outcomes for cities and towns, including improving the health and safety of a community. It is the intent of the legislature to encourage street designs that safely meet the needs of all users and also protect and preserve a community's environment and character." [2011 c 257 § 1.]

47.04.325 Complete streets grant program—Account—Solicitation and receipt of gifts. (1) The complete streets grant program account is created in the state treasury. Moneys in the account may be spent only after appropriation. Only the transportation improvement board may authorize expenditures from the account. The board may use complete streets grant program funds for city streets, county roads, and city streets and county roads that are part of a state highway. Expenditures from the account may be used solely for the grants provided under RCW 47.04.320.

(2) The transportation improvement board may solicit and receive gifts, grants, or endowments from private and other sources that are made, in trust or otherwise, for the use and benefit of the purposes of the complete streets grant program as provided in RCW 47.04.320. 47.04.350 Electric vehicle charging infrastructure pilot program—Bid proposal requirements, evaluation, financing—Workshops—Rules. (1) The department's public-private partnership office must develop a pilot program to support the deployment of electric vehicle charging infrastructure that is supported by private financing.

(2) The department must define corridors in which bidders may propose to install electric vehicle charging infrastructure. Alternatively, a bidder may propose a corridor in which the bidder proposes to install electric vehicle infrastructure if the department has adopted rules allowing such a proposal and establishing guidelines for how such a proposal will be considered.

(3) (a) For bid proposals under this section, the department must require the following:

(i) Bidders must have private sector partners contributing to the project who stand to gain indirect value from development of the project, such as motor vehicle manufacturers, retail stores, or tourism stakeholders;

(ii) Bidders must demonstrate that the proposed project will be valuable to electric vehicle drivers and will address an existing gap in the state's electric vehicle charging station infrastructure;

(iii) Projects must be expected to be profitable and sustainable for the owner-operator and the private partner; and

(iv) Bidders must specify how the project captures the indirect value of charging station deployment to the private partner.

(b) The department may adopt rules that require any other criteria for a successful project.

(4) In evaluating proposals under this section, the department may use the electric vehicle financial analysis tool that was developed in the joint transportation committee's study into financing electric vehicle charging station infrastructure.

(5) (a) After selecting a successful proposer under this section, the department may provide a loan or grant to the proposer.

(b) Grants and loans issued under this subsection must be funded from the electric vehicle charging infrastructure account created in RCW 82.44.200.
(c) Any project selected for support under this section is eligible for only one grant or loan as a part of the pilot program.

(6) The department may conduct preliminary workshops with potential bidders and other potential private sector partners to determine the best method of designing the pilot program, discuss how to develop the partnerships among the private sector partners that may receive indirect value, and any other issues relating to the implementation of this section. The department should consider regional workshops to engage potential business partners from across the state.

(7) The department must adopt rules to implement this section. [2015 3rd sp.s. c 44 § 403.]

Chapter 47.12 RCW
ACQUISITION AND DISPOSITION OF STATE HIGHWAY PROPERTY

Sections
47.12.063 Surplus real property program.
47.12.283 Sale of real property authorized—Procedure—Disposition of proceeds.

47.12.063 Surplus real property program. (1) It is the intent of the legislature to continue the department's policy giving priority consideration to abutting property owners in agricultural areas when disposing of property through its surplus property program under this section.

(2) Whenever the department determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for transportation purposes and that it is in the public interest to do so, the department may sell the property or exchange it in full or part consideration for land or building improvements or for construction of highway improvements at fair market value to any person through the solicitation of written bids through public advertising in the manner prescribed under RCW 47.28.050 or in the manner prescribed under RCW 47.12.283.

(3) The department may forego the processes prescribed by RCW 47.28.050 and 47.12.283 and sell the real property to any of the following entities or persons at fair market value:

(a) Any other state agency;
(b) The city or county in which the property is situated;
(c) Any other municipal corporation;
(d) Regional transit authorities created under chapter 81.112 RCW;
(e) The former owner of the property from whom the state acquired title;
(f) In the case of residentially improved property, a tenant of the department who has resided thereon for not less than six months and who is not delinquent in paying rent to the state;
(g) Any abutting private owner but only after each other abutting private owner (if any), as shown in the records of the county assessor, is notified in writing of the proposed sale. If more than one abutting private owner requests in writing the right to purchase the property within fifteen days after receiving notice of the proposed sale, the property shall be sold at public auction in the manner provided in RCW 47.12.283;
(h) To any other owner of real property required for transportation purposes;
(i) In the case of property suitable for residential use, any nonprofit organization dedicated to providing affordable housing to very low-income, low-income, and moderate-income households as defined in RCW 43.63A.510 and is eligible to receive assistance through the Washington housing trust fund created in chapter 43.185 RCW; or
(j) A federally recognized Indian tribe within whose reservation boundary the property is located.

(4) When selling real property pursuant to RCW 47.12.283, the department may withhold or withdraw the property from an auction when requested by one of the entities or persons listed in subsection (3) of this section and only after the receipt of a nonrefundable deposit equal to ten percent of the fair market value of the real property or five thousand dollars, whichever is less. This subsection does not prohibit the department from exercising its discretion to withhold or withdraw the real property from an auction if the department determines that the property is no longer surplus or chooses to sell the property through one of the other means listed in subsection (2) of this section. If a transaction under this subsection is not completed within sixty days, the real property must be put back up for sale.

(5) Sales to purchasers may, at the department's option, be for cash, by real estate contract, or exchange of land or highway improvements. Transactions involving the construction of improvements must be conducted pursuant to chapter 47.28 RCW and Title 39 RCW, as applicable, and must comply with all other applicable laws and rules.

(6) Conveyances made pursuant to this section shall be by deed executed by the secretary of transportation and shall be duly acknowledged.

(7) Unless otherwise provided, all moneys received pursuant to the provisions of this section less any real estate broker commissions paid pursuant to RCW 47.12.320 shall be deposited in the motor vehicle fund.

(8) The department may not enter into equal value exchanges or property acquisitions for building improvements without first consulting with the office of financial management and the joint transportation committee. [2015 3rd sp.s. c 13 § 2; 2011 c 376 § 2; (2011 c 376 § 1 expired June 30, 2012); 2010 c 157 § 1 expired June 30, 2012); 2006 c 17 § 2; 2002 c 255 § 1; 1999 c 210 § 1; 1993 c 461 § 11; 1988 c 135 § 1; 1983 c 3 § 125; 1977 ex.s. c 78 § 1.]
47.12.283 Sale of real property authorized—Procedure—Disposition of proceeds. (1) Whenever the department of transportation determines that any real property owned by the state of Washington and under the jurisdiction of the department is no longer required for highway purposes and that it is in the public interest to do so, the department may, in its discretion, sell the property under RCW 47.12.063 or under subsections (2) through (6) of this section.

(2) Whenever the department determines to sell real property under its jurisdiction at public auction, the department shall first give notice thereof by the most appropriate method as determined by the department. The notice shall contain a description of the property, the time and place of the auction, and the terms of the sale. The sale may be for cash or by real estate contract.

(3) The department shall sell the property at the public auction, in accordance with the terms set forth in the notice, to the highest and best bidder providing the bid is equal to or higher than the appraised fair market value of the property.

(4) If no bids are received at the auction or if all bids are rejected, the department may, in its discretion, sell the property for less than the property's appraised fair market value by negotiation. Any offer to purchase property pursuant to this subsection shall be in writing and may be rejected at any time prior to written acceptance by the department.

(5) All moneys received pursuant to this section, less any real estate broker's commissions paid pursuant to RCW 47.12.320, shall be deposited in the motor vehicle fund.

Finding—1993 c 461: See note following RCW 43.63A.510.

47.20.780 Design-build—Competitive bidding. The department of transportation shall develop a process for awarding competitively bid highway construction contracts for projects over two million dollars that may be constructed using a design-build procedure. As used in this section and RCW 47.20.785, "design-build procedure" means a method of contracting under which the department of transportation contracts with another party for the party to both design and build the structures, facilities, and other items specified in the contract.

The process developed by the department must, at a minimum, include the scope of services required under the design-build procedure, contractor prequalification requirements, criteria for evaluating technical information and project costs, contractor selection criteria, and issue resolution procedures. [2015 3rd sp.s. c 18; 2007 c 152 § 1; 2001 c 226 § 2.]

Effective date—2015 3rd sp.s. c 18: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sp.s. c 18 § 5.]

Findings—Purpose—2001 c 226: "The legislature finds and declares that a contracting procedure that facilitates construction of transportation facilities in a more timely manner may occasionally be necessary to ensure that construction can proceed simultaneously with the design of the facility. The legislature further finds that the design-build process and other alternative project delivery concepts achieve the goals of time savings and avoidance of costly change orders.

The legislature finds and declares that a 2001 audit, conducted by Talbot, Korvola & Warwick, examining the Washington state ferries' capital program resulted in a recommendation for improvements and changes in auto ferry procurement processes. The auditors recommended that auto ferries be procured through use of a modified request for proposals process whereby the prevailing shipbuilder and Washington state ferries engage in a design and build partnership. This process promotes ownership of the design by the shipbuilder while using the department of transportation's expertise in ferry design and operations. Alternative processes like design-build partnerships can promote innovation and create competitive incentives that increase the likelihood of finishing projects on time and within the budget.

The purpose of this act is to authorize the department's use of a modified request for proposals process for procurement of auto ferries, and to prescribe appropriate requirements and criteria to ensure that contracting procedures for this procurement process serve the public interest." [2001 c 226 § 1.]

47.20.785 Design-build—Qualified projects. The department of transportation is authorized and strongly encouraged to use the design-build procedure for public works projects over two million dollars when:

(1) The construction activities are highly specialized and a design-build approach is critical in developing the construction methodology; or

(2) The projects selected provide opportunity for greater innovation and efficiencies between the designer and the builder; or

(3) Significant savings in project delivery time would be realized. [2015 3rd sp.s. c 18 § 2; 2006 c 37 § 1; 2001 c 226 § 3.]

47.28.030 Contracts—State forces—Monetary limits—Small businesses, veteran, minority, and women contractors—Rules—Work on ferry vessels and terminals, ferry vessel program. (1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) Work for less than one hundred thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) When the estimated cost of work to be performed on ferry vessels and terminals is between one hundred thousand dollars and two hundred thousand dollars, the department shall contact, by mail or electronic mail, contractors that appear on the department's small works roster as created pursuant to procedures in chapter 39.04 RCW to do specific work the contractors are qualified to do to determine if any contractor is interested and capable of doing the work. If there is a response of interest within seventy-two hours, the small works roster procedures commence. If no qualified contractors respond with interest and availability to do the work, the department may use its regular contracting procedures. If the secretary determines that the work to be completed is an emergency, procedures governing emergencies apply.

(c) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(d) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(e) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of a systemwide standard;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;
(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects. [2015 c 282 § 1; 2014 c 222 § 701; 2011 c 367 § 710. **47.28.170 Emergency protection and restoration of highways and repair or replacement of structurally deficient state bridges.** (1) Whenever the department finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassable in one or both directions and the department further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, or when the department is preparing to conduct the repair or replacement of a state bridge deemed structurally deficient, as defined in RCW 47.04.010, by the department, the department may obtain at least three written bids for the work without publishing a call for bids, and the secretary of transportation may award a contract forthwith to the lowest responsible bidder.

The department shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

47.46.060 Deferral of taxes—Application—Repayment. (1) Any person, including the department of transportation and any private entity or entities, may apply for deferral of taxes on the site preparation for, the construction of, the acquisition of any related machinery and equipment that becomes a part of, and the rental of equipment for use in the state route number 16 corridor improvements project under this chapter. Application must be made to the department of revenue in a form and manner prescribed by the department of revenue. The application must contain information regarding estimated or actual costs, time schedules for completion and operation, and other information required by the department of revenue. The department of revenue must approve the application within sixty days if it meets the requirements of this section.

(2) The department of revenue must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, and 82.14 RCW on the project.

(3) The department of transportation or a private entity granted a tax deferral under this section must begin paying the deferred taxes in the twenty-fourth year after the date certified by the department of revenue as the date on which the project is operationally complete. The first payment is due on December 31st of the twenty-fourth calendar year after such certified date, with subsequent annual payments due on December 31st of the following nine years. Each payment must equal ten percent of the deferred tax. The project is operationally complete under this section when the collection of tolls is commenced for the state route number 16 improvements covered by the deferral.

(4) The department of revenue may authorize an accelerated repayment schedule upon request of the department of transportation or a private entity granted a deferral under this section.

(5) Interest may not be charged on any taxes deferred under this section for the period of deferral, although all other penalties and interest applicable to delinquent excise taxes may be assessed and imposed for delinquent payments under this section. The debt for deferred taxes is not extinguished by insolvency or other failure of the private entity. Transfer of ownership does not terminate the deferral.

47.56.030 Powers and duties regarding toll facilities—Purchasing. (1) Except as permitted under chapter 47.29 or 47.46 RCW:

(a) Unless otherwise delegated, and subject to RCW 47.56.820, the department of transportation shall have full charge of the planning, analysis, and construction of all toll
bridges and other toll facilities including the Washington state ferries, and the operation and maintenance thereof.

(b) The transportation commission shall determine and establish the tolls and charges thereon.

(c) Unless otherwise delegated, and subject to RCW 47.56.820, the department shall have full charge of planning, analysis, and design of all toll facilities. The department may conduct the planning, analysis, and design of toll facilities as necessary to support the legislature's consideration of toll authorization.

(d) The department shall utilize and administer toll collection systems that are simple, unified, and interoperable. To the extent practicable, the department shall avoid the use of toll booths. The department shall set the statewide standards and protocols for all toll facilities within the state, including those authorized by local authorities.

(e) Except as provided in this section, the department shall proceed with the construction of such toll bridges and other facilities and the approaches thereto by contract in the manner of state highway construction immediately upon there being made available funds for such work and shall prosecute such work to completion as rapidly as practicable. The department is authorized to negotiate contracts for any amount without bid under (e)(i) and (ii) of this subsection:

(i) Emergency contracts, in order to make repairs to ferries or ferry terminal facilities or removal of such facilities whenever continued use of ferries or ferry terminal facilities constitutes a real or immediate danger to the traveling public or precludes prudent use of such ferries or facilities; and
(ii) Single source contracts for vessel dry dockings, when there is clearly and legitimately only one available bidder to conduct dry dock-related work for a specific class or classes of vessels. The contracts may be entered into for a single vessel dry docking or for multiple vessel dry dockings for a period not to exceed two years.

(f) Any new vessel planning, construction, purchase, analysis, or design work must be consistent with RCW 47.60.810.

(2) The department shall proceed with the procurement of materials, supplies, and equipment needed for the support, maintenance, and use of a ferry, ferry terminal, or other facility operated by Washington state ferries, in accordance with chapter 43.19 RCW except as follows:

(a) When the secretary of the department of transportation determines in writing that the use of invitation for bid is either not practicable or not advantageous to the state and it may be necessary to make competitive evaluations, including technical or performance evaluations among acceptable proposals to complete the contract award, a contract may be entered into by use of a competitive sealed proposals method, and a formal request for proposals solicitation. Such formal request for proposals solicitation shall include a functional description of the needs and requirements of the state and the significant factors.

(b) When purchases are made through a formal request for proposals solicitation the contract shall be awarded to the responsible proposer whose competitive sealed proposal is determined in writing to be the most advantageous to the state taking into consideration price and other evaluation factors set forth in the request for proposals. No significant factors may be used in evaluating a proposal that are not specified in the request for proposals. Factors that may be considered in evaluating proposals include but are not limited to: Price; maintainability; reliability; commonality; performance levels; life cycle cost if applicable under this section; cost of transportation or delivery; delivery schedule offered; installation cost; cost of spare parts; availability of parts and service offered; and the following:

(i) The ability, capacity, and skill of the proposer to perform the contract or provide the service required;
(ii) The character, integrity, reputation, judgment, experience, and efficiency of the proposer;
(iii) Whether the proposer can perform the contract within the time specified;
(iv) The quality of performance of previous contracts or services;
(v) The previous and existing compliance by the proposer with laws relating to the contract or services;
(vi) Objective, measurable criteria defined in the request for proposal. These criteria may include but are not limited to items such as discounts, delivery costs, maintenance services costs, installation costs, and transportation costs; and
(vii) Such other information as may be secured having a bearing on the decision to award the contract.

c) When purchases are made through a request for proposal process, proposals received shall be evaluated based on the evaluation factors set forth in the request for proposal. When issuing a request for proposal for the procurement of propulsion equipment or systems that include an engine, the request for proposal must specify the use of a life cycle cost analysis that includes an evaluation of fuel efficiency. When a life cycle cost analysis is used, the life cycle cost of a proposal shall be given at least the same relative importance as the initial price element specified in the request of proposal documents. The department may reject any and all proposals received. If the proposals are not rejected, the award shall be made to the proposer whose proposal is most advantageous to the department, considering price and the other evaluation factors set forth in the request for proposal. 47.56.725 County ferries—Deficit reimbursements—Capital improvement funds. (1) The department is hereby authorized to enter into a continuing agreement with Pierce, Skagit, and Whatcom counties pursuant to which the department shall, from time to time, direct the distribution to each of the counties the amounts authorized in subsection (2) of this section in accordance with RCW 46.68.090.

(2) The department is authorized to include in each agreement a provision for the distribution of funds to each county to reimburse the county for fifty percent of the deficit incurred during each previous fiscal year in the operation and maintenance of the ferry system owned and operated by the county. The total amount to be reimbursed to Pierce, Skagit, and Whatcom counties collectively shall not exceed one million eight hundred thousand dollars in the 2015-2017 biennium. For subsequent biennia, the amount authorized in this section must increase by the fiscal growth factor as defined in RCW 43.135.025. Each county agreement shall contain a requirement that the county shall maintain tolls on its ferries at least equal to published fares in place on January 1, 2015, excluding surcharges.

(3) The annual fiscal year operating and maintenance deficit, if any, shall be determined by Pierce, Skagit, and Whatcom counties subject to review and approval of the department. The annual fiscal year operating and maintenance deficit is defined as the total of operations and maintenance expenditures less the sum of ferry toll revenues and that portion of fuel tax revenue distributions which are attributable to the county ferry as determined by the department. Distribution of the amounts authorized by subsection (2) of this section in accordance with RCW 46.68.090.

(4) The county road administration board may evaluate requests by Pierce, Skagit, Wahkiakum, and Whatcom counties for county ferry capital improvement funds. The board shall evaluate the requests and, if approved by a majority of the board, submit the requests to the legislature for funding out of the amounts available under RCW 46.68.090(2)(h). Any county making a request under this subsection shall first seek funding through the public works trust fund, or any other available revenue source, where appropriate. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation. During the 2013-2015 and 2015-2017 fiscal biennia, the legislature may transfer from the state route number 520 civil penalties account to the state route number 520 corridor account such amounts as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project. 47.60.005 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means a systematic process for continually improving management policies and practices by learning from the outcomes of operational programs.

(2) "Capital plan" means the state ferry system plan developed by the department as described in RCW 47.06.050(2), reviewed by the commission, and reported to
the transportation committees of the legislature by the department.

(3) "Capital project" has the same meaning as used in budget instructions developed by the office of financial management.

(4) "Commission" means the transportation commission created in RCW 47.01.051.

(5) "Fixed price contract" means a contract that requires the contractor to deliver a specified project for a set price. Change orders on fixed price contracts are allowable but should be used on a very limited basis.

(6) "Improvement project" has the same meaning as in the budget instructions developed by the office of financial management. If the budget instructions do not define improvement project, then it has the same meaning as "program project" in the budget instructions. If a project meets both the improvement project and preservation project definitions in this section it must be defined as an improvement project. New vessel acquisitions must be defined as improvement projects.

(7) "Life-cycle cost analysis" means an analysis of the full net present value cost of constructing and operating a vessel over its life span, including capital costs, financing costs, operation and maintenance costs, decommissioning costs, and variable costs including fuel.

(8) "Life-cycle cost model" means that portion of a capital asset inventory system which, among other things, is used to estimate future preservation needs.

(9) "Maintenance cost" has the same meaning as used in budget instructions developed by the office of financial management.

(10) "Preservation project" has the same meaning as used in budget instructions developed by the office of financial management.

(11) "Route" means all ferry sailings from one location to another, such as the Seattle to Bainbridge route or the Port Townsend to Keystone route.

(12) "Sailing" means an individual ferry sailing for a specific route, such as the 5:00 p.m. sailing from Seattle to Bremerton.

(13) "Travel shed" means one or more ferry routes with distinct characteristics as determined by the department.

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Effective date—2015 3rd sp.s. c 14: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015]." [2015 3rd sp.s. c 14 § 9.]

47.60.100 Ferry system, toll bridges, and facilities authorized—Power to contract, sell, and lease back. The department is authorized to acquire by lease, charter, contract, purchase, condemnation, or construction, and partly by any or all of such means, and to thereafter operate, improve, and extend, a system of ferries on and crossing Puget Sound and any of its tributary waters and connections thereof, and connecting with the public streets and highways in the state. However, any new vessel planning, construction, purchase, analysis, or design work must be consistent with RCW 47.60.810. The system of ferries shall include such boats, vessels, wharves, docks, approaches, landings, franchises, licenses, and appurtenances as shall be determined by the department to be necessary or desirable for efficient operation of the ferry system and best serve the public. Subject to RCW 47.56.820, the department may in like manner acquire by purchase, condemnation, or construction and include in the ferry system such toll bridges, approaches, and connecting roadways as may be deemed by the department advantageous in channeling traffic to points served by the ferry system. In addition to the powers of acquisition granted by this section, the department is empowered to enter into any contracts, agreements, or leases with any person, firm, or corporation and to thereby provide, on such terms and conditions as it shall determine, for the operation of any ferry or ferries or system thereof, whether acquired by the department or not.

The authority of the department to sell and lease back any state ferry, for federal tax purposes only, as authorized by 26 U.S.C., Sec. 168(f)(8) is confirmed. Legal title and all incidents of legal title to any ferry sold and leased back (except for the federal tax benefits attributable to the ownership thereof) shall remain in the state of Washington. Design-build ferries—Independent owner’s representative—Phases defined. (1) The department shall use a modified request for proposals process when purchasing new auto ferries, except for new 144-auto ferries purchased through an option on a contract executed before July 6, 2015, whereby the prevailing shipbuilder and the department engage in a design and build partnership for the design and construction of the auto ferries. The process consists of the three phases described in subsection (3) of this section.

(2) Throughout the three phases described in subsection (3) of this section, the department shall employ an independent owner’s representative to serve as a third-party intermediary between the department and the proposers, and subsequently the successful proposer. However, this representative shall serve only during the development and construction of the first vessel constructed as part of a new class of vessels developed after July 6, 2015. The independent owner’s representative shall:
   (a) Serve as the department's primary advocate and communicator with the proposers and successful proposer;
   (b) Perform project quality oversight;
   (c) Manage any change order requests;
   (d) Ensure that the contract is adhered to and the department's best interests are considered in all decisions; and
   (e) Possess knowledge of and experience with inland waterways, Puget Sound vessel operations, the propulsion system of the new vessels, and Washington state ferries operations.

(3) The definitions in this subsection apply throughout RCW 47.60.812 through 47.60.822.

(a) "Phase one" means the evaluation and selection of proposers to participate in development of technical proposals in phase two.

(b) "Phase two" means the preparation of technical proposals by the selected proposers in consultation with the department.

(c) "Phase three" means the submittal and evaluation of bids, the award of the contract to the successful proposer, and the design and construction of the auto ferries. [2015 3rd sp.s. c 14 § 3; 2001 c 226 § 4.]

Effective date—2015 3rd sp.s. c 14: See note following RCW 47.60.005.

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.
(n) A statement of the maximum number of proposers that may be selected in phase one for development of technical proposals in phase two;

(o) Criteria that will be used for the phase one selection of proposers to participate in the phase two development of technical proposals;

(p) A description of the process that will be used for the phase three submittal and evaluation of bids, award of the contract, and postaward administrative activities;

(q) A requirement that the contractor comply with all applicable laws, rules, and regulations including but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;

(r) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection (1)(r). For the purposes of this subsection (1)(r), "constructed" means the fabrication, by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint, and joiner work required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting;

(s) A requirement that all vessel design specifications and drawings must be complete and, when applicable, meet United States coast guard standards before vessel construction begins; and

(t) A requirement that all warranty work on the vessel must be performed within the boundaries of the state of Washington, insofar as practical.

(2) The department shall not issue a request for proposals for the procurement of vessels, except on a contract executed before July 6, 2015, without specific authorization to do so from the legislature. After receiving such specific authorization, any request for proposals issued by the department must comply with RCW 47.60.815. [2015 3rd sp.s. c 14 § 4; 2001 c 226 § 6.]

Effective date—2015 3rd sp.s. c 14: See note following RCW 47.60.005.

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.815 Design-build ferries—Cost-benefit analysis—Engineer’s estimate—Subsequent request for proposals, when required. (1) The Washington state institute for public policy must conduct a cost-benefit analysis of the state’s ferry vessel procurement practices. This analysis must (a) compare in-state construction to construction at shipyards across the United States, (b) identify barriers to receiving three or more in-state bids to a request for proposals, and (c) recommend policies to encourage three or more in-state bidders to respond to a request for proposals. This analysis must be provided to the governor, the transportation committees of the legislature, and the department by December 1, 2016.

(2) In developing its engineer’s estimate to procure a ferry vessel, the department must identify significant project cost drivers, including materials, labor, overhead, delivery, and profit.

(3) After July 1, 2017, if all responses to the initial request for proposals under RCW 47.60.814 are greater than five percent above the department’s engineer’s estimate for the project, the department must reject all proposals and issue a subsequent request for proposal that is not subject to RCW 47.60.814(1)(r). [2015 3rd sp.s. c 14 § 5.]

Effective date—2015 3rd sp.s. c 14: See note following RCW 47.60.005.

47.60.820 Design-build ferries—Phase three. Phase three consists of the submittal and evaluation of bids and the award of the contract to the successful proposer for the final design and construction of the auto ferries, as follows:

(1) The department shall request bids for detailed design and construction of the vessels after completion of the review of technical proposals in phase two. The department will review detailed design drawings in phase three for conformity with the technical proposals submitted in phase two. In no case may the department’s review replace the builder’s responsibility to deliver a product meeting the phase two technical proposal. The department may only consider bids from selected proposers that have qualified to bid by submitting technical proposals that have been approved by the department.

(2) Each qualified proposer must submit its total bid price for all vessels, including certification that the bid is based upon its approved technical proposal and the request for proposals.

(3) Bids constitute an offer and remain open for ninety days from the date of the bid opening. A deposit in cash, certified check, cashier’s check, or surety bond in an amount specified in the request for proposals must accompany each bid and no bid may be considered unless the deposit is enclosed.

(4) The department shall evaluate the submitted bids. Upon completing the bid evaluation, the department may select the responsive and responsible proposer that offers the lowest total fixed price bid for all vessels.

(5) The department may waive informalities in the proposal and bid process, accept a bid from the lowest responsive and responsible proposer, reject any or all bids, republish, and revise or cancel the request for proposals to serve the best interests of the department.

(6) The department may:

(a) Award the contract to the proposer that has been selected as the responsive and responsible proposer that has submitted the lowest total fixed price bid;

(b) If a contract cannot be signed with the apparent successful proposer, award the contract to the next lowest responsive and responsible proposer; or

(c) If necessary, repeat this procedure with each responsive and responsible proposer in order of rank until the list of those proposers has been exhausted.

(7) If the department awards a contract to a proposer under this section, and the proposer fails to enter into the contract and furnish satisfactory contract security as required by chapter 39.08 RCW within twenty days from the date of
award, its deposit is forfeited to the state and will be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry design and construction contract all proposal deposits will be returned.

(8) The department may provide an honorarium to reimburse each unsuccessful phase three proposer for a portion of its technical proposal preparation costs at a preset, fixed amount to be specified in the request for proposals. If the department rejects all bids, the department may provide the honoraria to all phase three proposers that submitted bids.

(9)(a) To accommodate change orders on a fixed price contract, the department shall request that the legislative appropriation for any auto ferry construction project include a contingency in the following amounts:

(i) For the first vessel in any class of vessels designed to be powered by liquefied natural gas, the contingency may be no more than ten percent of the contract price;

(ii) For all other vessels, the contingency may be no more than five percent of the contract price.

(b) The contingency required by this subsection (9) must be identified in the funding request to the legislature and held in reserve until the office of financial management approves the expenditure. [2015 3rd sp.s. c 14 § 6; 2001 c 226 § 9.]

Effective date—2015 3rd sp.s. c 14: See note following RCW 47.60.005.

Findings—Purpose—2001 c 226: See note following RCW 47.20.780.

47.60.830 Ferry system operation—Fuel purchasing strategies—Report. In performing the function of operating its ferry system, the department may, subject to the availability of amounts appropriated for this specific purpose and after consultation with the department of enterprise services, explore and implement strategies designed to reduce the overall cost of fuel and mitigate the impact of market fluctuations and pressure on both short-term and long-term fuel costs. These strategies may include, but are not limited to, futures contracts, hedging, swap transactions, option contracts, costless collars, and long-term storage. The department shall periodically submit a report to the transportation committees of the legislature and the department of enterprise services on the status of any such implemented strategies, including cost mitigation results, a description of each contract established to mitigate fuel costs, the amounts of fuel covered by the contracts, the cost mitigation results, and any related recommendations. The first report must be submitted within one year of implementation. [2015 c 225 § 101; 2008 c 126 § 4.]

Finding—Intent—2008 c 126: See note following RCW 35.58.262.

Chapter 47.64 RCW

MARINE EMPLOYEES—PUBLIC EMPLOYMENT RELATIONS

Sections

47.64.170 Collective bargaining procedures.
47.64.360 Ferry system performance measures and targets—Reports.

47.64.170 Collective bargaining procedures. (1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on
June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(c) For the collective bargaining agreements negotiated for the 2013-2015 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement reached after October 1st after a determination of financial infeasibility by the director of the office of financial management if the request for funds is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. 47.64.360 Ferry system performance measures and targets—Reports. (1) The department of transportation shall complete a government management and accountability performance report that provides a baseline assessment of current performance on the performance measures identified in RCW 47.64.355 using final 2009-2011 data. This report must be presented to the legislature by November 1, 2011, through the attainment report required in RCW 47.01.071(5) and 47.04.280.

(2) By December 31, 2012, and each year thereafter, the department of transportation shall complete a performance report for the prior fiscal year. This report must be reviewed by the joint transportation committee.

(3) Management shall lead implementation of the performance measures in RCW 47.64.355. [2015 3rd sp.s. c 1 § 306; 2011 1st sp.s. c 16 § 12.]
Chapter 47.66 RCW
MULTIMODAL TRANSPORTATION PROGRAMS

47.66.030 Regional mobility grants. (1)(a) The department shall establish a regional mobility grant program. The purpose of the grant program is to aid local governments in funding projects such as intercounty connectivity service, park and ride lots, rush hour transit service, and capital projects that improve the connectivity and efficiency of our transportation system. The department shall identify cost-effective projects that reduce delay for people and goods and improve connectivity between counties and regional population centers. The department shall submit a prioritized list of all projects requesting funding to the legislature by December 1st of each year.

(b) Once the department has a prioritized list, pursuant to (a) of this subsection and RCW 47.66.040, of all projects requesting funding, the department shall reprioritize the projects in counties with a population of seven hundred thousand or more that border Puget Sound based on the same criteria used for the prioritized list as well as the additional criteria of coordination and integration. After this reprioritization, the department shall integrate these reprioritized projects with the prioritized projects from all other counties while ensuring that the prioritized projects from all other counties do not move to a lower relative position on this integrated list or, if a prioritized project from all other counties is in the funded portion of the prioritized list, out of the funded portion of this integrated list.

(2) The department may establish an advisory committee to carry out the mandates of this chapter.

(3) The department must report annually to the transportation committees of the legislature on the status of any grants projects funded by the program created under this section. [2015 3rd sp.s. c 11 § 3; 2005 c 318 § 4; 1996 c 49 § 3; 1995 c 269 § 2604; 1993 c 393 § 5.]

The department shall oversee, manage, score, select, and evaluate transit coordination grant program project applications, and shall select transit coordination grant recipients annually. A transit agency located in a county or counties with a population of seven hundred thousand or more that border Puget Sound is eligible to apply to the department for transit coordination grants.

   (c) Integrate service planning;
   (d) Coordinate long-range planning, including capital projects planning and implementation;
   (e) Integrate other administrative functions and internal business processes as appropriate; and
   (f) Integrate certain customer-focused tools and initiatives.

(3) Transit coordination grants must, at a minimum, be proposed jointly by two or more eligible transit agencies and must include a description of the:
   (a) Issue or problem to be addressed;
   (b) Specific solution and measurable outcomes;
   (c) Benefits such as cost savings, travel time improvements, improved coordination, and improved customer experience; and

   (c) Impacts on administration, such as improved marketing and outreach efforts, integrated customer-focused tools, and improved cross-agency communications.

(5) Transit coordination grant applications must also include:
   (a) Project budget and cost details; and

(6) Upon completion of the project, transit coordination grant recipients must provide a report to the department that includes an overview of the project, how the grant funds were spent, and the extent to which the identified project outcomes were met. In addition, such reports must include a description of best practices that could be transferred to other transit agencies faced with similar issues to those addressed by the transit coordination grant recipient. The department must report annually to the transportation committees of the legislature on the transit coordination grants that were awarded, and the report must include data to determine if completed transit coordination grant projects produced the anticipated outcomes included in the grant applications.

(7) This section expires July 1, 2020. [2015 3rd sp.s. c 11 § 4.]

   (2) The Port of Royal Slope must maintain the Royal Slope railroad right-of-way and contract with an operator to provide service.

[2015 RCW Supp—page 694]
47.85.005 Intent. It is the intent of the legislature to achieve transportation regulatory reform that expedites the delivery of transportation projects through a streamlined approach to environmental decision making. The department of transportation should work cooperatively and proactively with state regulatory and natural resource agencies, public and private sector interests, and Indian tribes to avoid project delays. The department and state regulatory and natural resource agencies should continue to implement and improve upon the successful policies, guidance, tools, and procedures that were created as a result of transportation permit efficiency and accountability committee efforts. The department should expedite project delivery and routine maintenance activities through the use of programmatic agreements and permits where possible and seek new opportunities to eliminate duplicative processes. [2015 3rd sp.s. c 17 § 1.]

Effective date—2015 3rd sp.s. c 17: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 6, 2015].” [2015 3rd sp.s. c 17 § 12.]

47.85.010 Legislative declaration. The legislature recognizes the value that tribal governments provide in the review of transportation projects. The legislature expects the department to continue its efforts to provide consistent consultation and communication during the environmental review of proposed transportation projects. [2015 3rd sp.s. c 17 § 2.]

Effective date—2015 3rd sp.s. c 17: See note following RCW 47.85.005.

47.85.020 Multiagency permit program—Federal act compliance—Permit application guidance, quality control. The department must streamline the permitting process by developing and maintaining positive relationships with the regulatory agencies and the Indian tribes. The department can reduce the time it takes to obtain permits by incorporating impact avoidance and minimization measures into project design and by developing complete permit applications. To streamline the permitting process, the department must:

(1) Implement a multiagency permit program, commensurate with program funding levels, consisting of appropriate regulatory agency staff with oversight and management from the department.

(a) The multiagency permit program must provide early project coordination, expedited project review, project status updates, technical and regulatory guidance, and construction support to ensure compliance.

(b) The multiagency permit program staff must assist department project teams with developing complete biological assessments and permit applications, provide suggestions for how the project can avoid and minimize impacts, and provide input regarding mitigation for unavoidable impacts;

(2) Establish, implement, and maintain programmatic agreements and permits with federal and state agencies to expedite the process of ensuring compliance with the endangered species act, section 106 of the national historic preservation act, hydraulic project approvals, the clean water act, and other federal acts as appropriate;

(3) Collaborate with permitting staff from the United States army corps of engineers, Seattle district, department of ecology, and department of fish and wildlife to develop, implement, and maintain complete permit application guidance. The guidance must identify the information that is required for agencies to consider a permit application complete; and

(4) Perform internal quality assurance and quality control to ensure that permit applications are complete before submitting them to the regulatory agencies. [2015 3rd sp.s c 17 § 3.]

Effective date—2015 3rd sp.s. c 17: See note following RCW 47.85.005.

47.85.030 Finding—Environmental review and oversight. The legislature finds that an essential component of streamlined permit decision making is the ability of the department to demonstrate the capacity to meet environmental responsibilities. Therefore, the legislature directs that:

(1) Qualified environmental staff within the department must supervise the development of all environmental documentation in accordance with the department's project delivery tools;

(2) The department must conduct special prebid meetings for projects that are environmentally complex. In addition, the department must review environmental requirements related to these projects during the preconstruction meeting held with the contractor who is awarded the bid;

(3) Environmental staff at the department, or consultant staff hired directly by the department, must conduct field inspections to ensure that project activities comply with permit conditions and environmental commitments. These inspectors:

(a) Must notify the department's project engineer when compliance with permit conditions or environmental regulations are not being met; and

(b) Must immediately notify the regulatory agencies with jurisdiction over the nonconforming work; and

(4) When a project is not complying with a permit or environmental regulation, the project engineer must immediately order the contractor to stop all nonconforming work and implement measures necessary to bring the project into compliance with permits and regulations. [2015 3rd sp.s. c 17 § 4.]

Effective date—2015 3rd sp.s. c 17: See note following RCW 47.85.005.

47.85.040 Environmental training and compliance. The legislature expects the department to continue its efforts to improve training and compliance. The department must:

(1) Provide training in environmental procedures and permit requirements for those responsible for project delivery activities;

(2) Require wetland mitigation sites to be designed by qualified technical specialists that meet training requirements developed by the department in consultation with the department of ecology. Environmental mitigation site improvements must have oversight by environmental staff;

(3) Develop, implement, and maintain an environmental compliance data system to track permit conditions, environmental commitments, and violations;

(4) Continue to implement the environmental compliance assurance procedure to ensure that appropriate agencies
are notified and that action is taken to remedy noncompliant work as soon as possible. When work occurs that does not comply with environmental permits or regulations, the project engineer must document the lessons learned to make other project teams within the department aware of the violation to prevent reoccurrence; and

(5) Provide an annual report summarizing violations of environmental permits and regulations to the department of ecology and the legislature on March 1st of each year for violations occurring during the preceding year. [2015 3rd sp.s. c 17 § 5.]

Effective date—2015 3rd sp.s. c 17: See note following RCW 47.85.005.

47.85.050 Finding—Local land use review procedures. The legislature finds that local land use reviews under chapter 90.58 RCW need to be harmonized with the efficient accomplishment of necessary maintenance and improvement to state transportation facilities. Local land use review procedures are highly variable and pose distinct challenges for linear facility maintenance and improvement projects sponsored by the department. In particular, clearer procedures for local permitting under chapter 90.58 RCW are needed to meet the objectives of chapter 36.70A RCW regarding department facilities designated as essential public facilities. [2015 3rd sp.s. c 17 § 6.]

Effective date—2015 3rd sp.s. c 17: See note following RCW 47.85.005.

47.85.100 Construction—Judicial review. Nothing in this chapter may be interpreted to create a private right of action or right of review. Judicial review of the department's environmental review is limited to that available under chapter 43.21C RCW or applicable federal law. [2015 3rd sp.s. c 17 § 7.]

Sections

48.02.065 Confidentiality of documents, materials, or other information—Public disclosure. (Effective January 1, 2016.)

48.02.065 Confidentiality of documents, materials, or other information—Public disclosure. (Effective January
1, 2016.) (1) Documents, materials, or other information as described in either subsection (5) or (6), or both, of this section are confidential by law and privileged, are not subject to public disclosure under chapter 42.56 RCW, and are not subject to subpoena directed to the commissioner or any person who received documents, materials, or other information while acting under the authority of the commissioner. The commissioner is authorized to use such documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner's official duties. The confidentiality and privilege created by this section and RCW 42.56.400(8) applies only to the commissioner, any person acting under the authority of the commissioner, the national association of insurance commissioners and its affiliates and subsidiaries, regulatory and law enforcement officials of other states and nations, the federal government, and international authorities.

(2) Neither the commissioner nor any person who received documents, materials, or other information while acting under the authority of the commissioner is permitted or required to testify in any private civil action concerning any confidential and privileged documents, materials, or information subject to subsection (1) of this section.

(3) The commissioner:
(a) May share documents, materials, or other information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, with (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities, if the recipient agrees to maintain the confidentiality and privileged status of the document, material, or other information;
(b) May receive documents, materials, or information, including otherwise either confidential or privileged, or both, documents, materials, or information, from (i) the national association of insurance commissioners and its affiliates and subsidiaries, and (ii) regulatory and law enforcement officials of other states and nations, the federal government, and international authorities and shall maintain as confidential and privileged any document, material, or information received that is either confidential or privileged, or both, under the laws of the jurisdiction that is the source of the document, material, or other information; and
(c) May enter into agreements governing the sharing and use of information consistent with this subsection.

(4) No waiver of an existing privilege or claim of confidentiality in the documents, materials, or information may occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in subsection (3) of this section.

(5) Documents, materials, or information, which is either confidential or privileged, or both, which has been provided to the commissioner by (a) the national association of insurance commissioners and its affiliates and subsidiaries, (b) regulatory or law enforcement officials of other states and nations, the federal government, or international authorities, or (c) agencies of this state, is confidential and privileged only if the documents, materials, or information is protected from disclosure by the applicable laws of the jurisdiction that is the source of the document, material, or information.

(6) Working papers, documents, materials, or information produced by, obtained by, or disclosed to the commissioner or any other person in the course of a financial or market conduct examination, or in the course of financial analysis or market conduct desk audit, are not required to be disclosed by the commissioner unless cited by the commissioner in connection with an agency action as defined in RCW 34.05.010(3). The commissioner shall notify a party that produced the documents, materials, or information five business days before disclosure in connection with an agency action. The notified party may seek injunctive relief in any Washington state superior court to prevent disclosure of any documents, materials, or information it believes is confidential or privileged. In civil actions between private parties or in criminal actions, disclosure to the commissioner under this section does not create any privilege or claim of confidentiality or waive any existing privilege or claim of confidentiality.

(7)(a) After receipt of a public disclosure request, the commissioner shall disclose the documents, materials, or information under subsection (6) of this section that relate to a financial or market conduct examination undertaken as a result of a proposed change of control of a nonprofit or mutual health insurer governed in whole or in part by chapter 48.31B RCW.

(b) The commissioner is not required to disclose the documents, materials, or information in (a) of this subsection if:
(i) The documents, materials, or information are otherwise privileged or exempted from public disclosure; or
(ii) The commissioner finds that the public interest in disclosure of the documents, materials, or information is outweighed by the public interest in nondisclosure in that particular instance.

(8) Any person may petition a Washington state superior court to allow inspection of information exempt from public disclosure under subsection (6) of this section when the information is connected to allegations of negligence or malfeasance by the commissioner related to a financial or market conduct examination. The court shall conduct an in-camera review after notifying the commissioner and every party that produced the information. The court or any other person, except upon further order of the court. After conducting a regular hearing, the court may order that the information can be disclosed publicly if the court finds that there is a public interest in the disclosure of the information and the exemption of the information from public disclosure is clearly unnecessary to protect any individual's right of privacy or any vital governmental function. Chapter 48.05A RCW
RISK MANAGEMENT AND SOLVENCY ASSESSMENT

Sections
48.05A.005 Purpose—Application—Findings—Intent. (Effective January 1, 2016.) (1) The purpose of this chapter is to provide the requirements for maintaining a risk management framework and completing an own risk and solvency assessment and provide guidance and instructions for filing an ORSA summary report with the insurance commissioner of this state.

(2) The requirements of this chapter apply to all insurers domiciled in this state unless exempt pursuant to RCW 48.05A.030.

(3) The legislature finds and declares that the ORSA summary report contains confidential and sensitive information related to an insurer or insurance group's identification of risks material and relevant to the insurer or insurance group filing the report. This information includes proprietary and trade secret information that has the potential for harm and competitive disadvantage to the insurer or insurance group if the information is made public. It is the intent of this legislature that the ORSA summary report is a confidential document filed with the commissioner, that the ORSA summary report may be shared only as stated in this chapter and to assist the commissioner in the performance of his or her duties, and that in no event may the ORSA summary report be subject to public disclosure. [2015 c 17 § 1.]

48.05A.010 Definitions. (Effective January 1, 2016.) The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Insurance group" means, for the purposes of conducting an ORSA, those insurers and affiliates included within an insurance holding company system as defined in RCW 48.31B.005.

(2) "Insurer" includes an insurer authorized under chapter 48.05 RCW, a fraternal mutual insurer or society holding a license under RCW 48.36A.290, a health care service contractor registered under chapter 48.44 RCW, a health maintenance organization registered under chapter 48.46 RCW, and a self-funded multiple employer welfare arrangement under chapter 48.125 RCW, as well as all persons engaged as, or purporting to be engaged as insurers, fraternal benefit societies, health care service contractors, health maintenance organizations, or self-funded multiple employer welfare arrangements, except that it does not include agencies, authorities, or instrumentalities of the United States, its possessions and territories, the Commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state.

(3) "ORSA guidance manual" means the own risk and solvency assessment guidance manual developed and adopted by the national association of insurance commissioners.

(4) "ORSA summary report" means a confidential high-level ORSA summary of an insurer or insurance group.

(5) "Own risk and solvency assessment" or "ORSA" means a confidential internal assessment, appropriate to the nature, scale, and complexity of an insurer or insurance group conducted by that insurer or insurance group of the material and relevant risks associated with the insurer or insurance group's current business plan, and the sufficiency of capital resources to support those risks. [2015 c 17 § 2.]

48.05A.015 Risk management framework required. (Effective January 1, 2016.) An insurer must maintain a risk management framework to assist the insurer with identifying, assessing, monitoring, managing, and reporting on its material and relevant risks. This requirement is satisfied if the insurance group of which the insurer is a member maintains a risk management framework applicable to the operations of the insurer. [2015 c 17 § 3.]

48.05A.020 Must conduct an ORSA at least annually. (Effective January 1, 2016.) Subject to RCW 48.05A.030, an insurer, or the insurance group of which the insurer is a member, must regularly conduct an ORSA consistent with a process comparable to the ORSA guidance manual. The ORSA must be conducted annually but also at any time when there are significant changes to the risk profile of the insurer or the insurance group of which the insurer is a member. [2015 c 17 § 4.]

48.05A.025 Submission of ORSA summary reports—Frequency—Requirements. (Effective January 1, 2016.) (1) Upon the commissioner's request, and no more than once each year, an insurer must submit to the commissioner an ORSA summary report or any combination of reports that together contain the information described in the ORSA guidance manual, applicable to the insurer or the insurance group of which it is a member. Notwithstanding any request from the commissioner, if the insurer is a member of an insurance group, the insurer must submit the report or set of reports required by this subsection if the commissioner is the lead state commissioner of the insurance group as determined by the procedures within the financial analysis handbook adopted by the national association of insurance commissioners.

(2) The report must include a signature of the insurer or insurance group's chief risk officer or other executive having responsibility for the oversight of the insurer's enterprise risk management process attesting to the best of his or her belief
and knowledge that the insurer applies the enterprise risk management process described in the ORSA summary report and that a copy of the report has been provided to the insurer’s board of directors or the appropriate governing committee.

(3) An insurer may comply with subsection (1) of this section by providing the most recent and substantially similar report or reports provided by the insurer or another member of an insurance group of which the insurer is a member to the commissioner of another state or to a supervisor or regulator of a foreign jurisdiction, if that report provides information that is comparable to the information described in the ORSA guidance manual. Any such report in a language other than English must be accompanied by a translation of that report into the English language. [2015 c 17 § 5.]

48.05A.030 Insurer exemptions from chapter—Qualifying conditions—Reports. (Effective January 1, 2016.) (1) An insurer is exempt from the requirements of this chapter, if:

(a) The insurer has annual direct written and unaffiliated assumed premium including international direct and assumed premium, but excluding premium reinsured with the federal crop insurance corporation and federal flood program, less than five hundred million dollars; and

(b) The insurance group of which the insurer is a member has annual direct written and unaffiliated assumed premium including international direct and assumed premium, but excluding premium reinsured with the federal crop insurance corporation and federal flood program, less than one billion dollars.

(2) If an insurer qualifies for exemption pursuant to subsection (1)(a) of this section, but the insurance group of which the insurer is a member does not qualify for exemption pursuant to subsection (1)(b) of this section, then the ORSA summary report that may be required pursuant to RCW 48.05A.025 must include every insurer within the insurance group. This requirement is satisfied by the submission of more than one ORSA summary report for any combination of insurers, provided any combination of reports includes every insurer within the insurance group.

(3) If an insurer does not qualify for exemption pursuant to subsection (1)(a) of this section, but the insurance group of which the insurer is a member does qualify for exemption pursuant to subsection (1)(b) of this section, then the only ORSA summary report that may be required pursuant to RCW 48.05A.025 is the report applicable to that insurer.

(4) If an insurer does not qualify for exemption pursuant to subsection (1)(a) of this section, the insurer may apply to the commissioner for a waiver from the requirements of this chapter based upon unique circumstances. In deciding whether to grant the insurer's request for waiver, the commissioner may consider the type and volume of business written, ownership and organizational structure, and any other factor the commissioner considers relevant to the insurer or insurance group of which the insurer is a member. If the insurer is a part of an insurance group with insurers domiciled in more than one state, the commissioner shall coordinate with the lead state commissioner and with the other domiciliary commissioners in considering whether to grant the insurer's request for a waiver.

(5) Notwithstanding the exemptions stated in this section, the commissioner may require that an insurer maintain a risk management framework, conduct an ORSA, and file an ORSA summary report (a) based on unique circumstances including, but not limited to, the type and volume of business written, ownership and organizational structure, federal agency requests, and international supervisor requests; and (b) if the insurer has risk-based capital at the company action level event as set forth in RCW 48.05.440 or 48.43.310, meets one or more of the standards of an insurer deemed to be in hazardous financial condition as defined in WAC 284-16-310, or otherwise exhibits qualities of a troubled insurer as determined by the commissioner.

(6) If an insurer that qualifies for exemption pursuant to subsection (1)(a) of this section subsequently no longer qualifies for that exemption due to changes in premium reflected in the insurer's most recent annual statement or in the most recent annual statements of the insurers within the insurance group of which the insurer is a member, the insurer has one year following the year the threshold is exceeded to comply with the requirement of this chapter. [2015 c 17 § 6.]

48.05A.035 ORSA summary report must be consistent with ORSA guidance manual. (Effective January 1, 2016.) (1) The ORSA summary report shall be prepared consistent with the ORSA guidance manual, subject to the requirements of subsection (2) of this section. Documentation and supporting information must be maintained and made available upon examination or upon the request of the commissioner.

(2) The review of the ORSA summary report, and any additional requests for information, must be made using similar procedures currently used in the analysis and examination of multistate or global insurers and insurance groups. [2015 c 17 § 7.]

48.05A.040 Documents, materials, or other ORSA-related information considered confidential and privileged—Exceptions—Permitted uses. (Effective January 1, 2016.) (1) Documents, materials, or other information, including the ORSA summary report, in the possession or control of the commissioner that are obtained by, created by, or disclosed to the commissioner or any other person under this chapter, is recognized by this state as being proprietary and to contain trade secrets. All such documents, materials, or other information is confidential by law and privileged, is not subject to chapter 42.56 RCW, is not subject to subpoena, and is not subject to discovery or admissible in evidence in any private civil action. However, the commissioner is authorized to use the documents, materials, or other information in the furtherance of any regulatory or legal action brought as a part of the commissioner's official duties. The commissioner may not otherwise make the documents, materials, or other information public without the prior written consent of the insurer.

(2) Neither the commissioner nor any person who received documents, materials, or other ORSA-related information, through examination or otherwise, while acting under the authority of the commissioner or with whom such documents, materials, or other information are [is] shared pursuant to this chapter, is permitted or required to testify in
any private civil action concerning any confidential documents, materials, or information subject to subsection (1) of this section.

(3) In order to assist in the performance of the commissioner's regulatory duties, the commissioner:

(a) May share documents, materials, or other ORSA-related information, including the confidential and privileged documents, materials, or information subject to subsection (1) of this section, including proprietary and trade secret documents and materials with other state, federal, and international regulatory agencies, including members of any supervisory college recognized by the national association of insurance commissioners, with the national association of insurance commissioners, and with any third-party consultants designated by the commissioner, provided that the recipient agrees in writing to maintain the confidentiality and privileged status of the ORSA-related documents, materials, or other information and has verified in writing the legal authority to maintain confidentiality;

(b) May receive documents, materials, or ORSA-related information, including otherwise confidential and privileged documents, materials, or information, including proprietary and trade secret information or documents, from regulatory officials of other foreign or domestic jurisdictions, including members of any supervisory college recognized by the national association of insurance commissioners, from the national association of insurance commissioners, and must maintain as confidential or privileged any document, material, or information received with notice or the understanding that it is confidential or privileged under the laws of the jurisdiction that is the source of the document, material, or information;

(c) Shall enter into written agreements with the national association of insurance commissioners or a third-party consultant governing sharing and use of information provided pursuant to this chapter, consistent with this subsection that shall:

(i) Specify procedures and protocols regarding the confidentiality and security of information shared with the national association of insurance commissioners or third-party consultant pursuant to this chapter, including procedures and protocols for sharing by the national association of insurance commissioners with other state regulators from states in which the insurance group has domiciled insurers. The agreement must provide that the recipient agrees in writing to maintain the confidentiality and privileged status of the ORSA-related documents, materials, or other information and has verified in writing the legal authority to maintain confidentiality;

(ii) Specify that ownership of information shared with the national association of insurance commissioners or third-party consultants pursuant to this chapter remains with the commissioner and the national association of insurance commissioners' or a third-party consultant's use of the information is subject to the direction of the commissioner;

(iii) Prohibit the national association of insurance commissioners or a third-party consultant from storing the information shared pursuant to this chapter in a permanent database after the underlying analysis is completed;

(iv) Require prompt notice to be given to an insurer whose confidential information in the possession of the national association of insurance commissioners or a third-party consultant pursuant to this chapter is subject to a request or subpoena to the national association of insurance commissioners or a third-party consultant for disclosure or production;

(v) Require the national association of insurance commissioners or a third-party consultant to consent to intervention by an insurer in any judicial or administrative action in which the national association of insurance commissioners or a third-party consultant may be required to disclose confidential information about the insurer shared with the national association of insurance commissioners or a third-party consultant pursuant to this chapter; and

(vi) In the case of an agreement involving a third-party consultant, provide the insurer's written consent.

(4) The sharing of information by the commissioner pursuant to this chapter does not constitute a delegation of regulatory authority or rule making, and the commissioner is solely responsible for the administration, execution, and enforcement of the provisions of this chapter.

(5) A waiver of any applicable privilege or claim of confidentiality in the documents, materials, or information does not occur as a result of disclosure to the commissioner under this section or as a result of sharing as authorized in this chapter.

(6) Documents, materials, or other information in the possession or control of the national association of insurance commissioners or a third-party consultant pursuant to this chapter are [is] confidential by law and privileged, are [is] not subject to chapter 42.56 RCW, are [is] not subject to subpoena, and are [is] not subject to discovery or admissible in evidence in any private civil action. [2015 c 17 § 8.]

48.05A.045 Failure to report—Fines. (Effective January 1, 2016.) The commissioner must require any insurer failing, without just cause, to file the ORSA summary report as required in this chapter, after notice and hearing, to pay a fine of five hundred dollars for each day's delay, to be recovered by the commissioner and the fine collected must be transferred to the treasurer for deposit into the state general fund. The maximum fine under this section is one hundred thousand dollars. The commissioner may reduce the fine if the insurer demonstrates to the commissioner that the imposition of the fine would constitute a financial hardship to the insurer. [2015 c 17 § 9.]

48.05A.900 Short title. (Effective January 1, 2016.) This chapter may be known and cited as the risk management and solvency assessment act. [2015 c 17 § 14.]

48.05A.901 Effective dates—2015 c 17. Except for section 11 of this act, which takes effect July 1, 2017, this act takes effect January 1, 2016. [2015 c 17 § 15.]

CREDIT FOR REINSURANCE

48.12.415 Purpose—Intent—Declaration. The purpose of this subchapter is to protect the interest of insureds, claimants, ceding insurers, assuming insurers, and the public generally. The legislature intends to ensure adequate regulation of insurers and reinsurers and adequate protection for those to whom they owe obligations. Therefore, the legislature provides a mandate that upon the insolvency of a non-United States insurer or reinsurer that provides security to fund its United States obligations in accordance with this subchapter, the assets representing the security must be maintained in the United States and claims must be filed with and valued by the state insurance commissioner with regulatory oversight, and the assets distributed, in accordance with the insurance laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic United States insurance companies. The legislature declares that the matters contained in this subchapter are fundamental to the business of insurance in accordance with 15 U.S.C. Secs. 1011-1012. [2015 c 63 § 1.]

48.12.410 Assuming insurer—Licensed. Credit is allowed when the reinsurer meets the requirements of RCW 48.12.410, 48.12.415, 48.12.420, 48.12.425, 48.12.430, or 48.12.435. Credit is allowed under RCW 48.12.410, 48.12.415, or 48.12.420 only as respects cessions of those kinds or classes of business which the assuming insurer is licensed or otherwise permitted to write or assume in its state of domicile or, in the case of a United States branch of an alien assuming insurer, in the state through which it is entered and licensed to transact insurance or reinsurance. Credit is allowed under RCW 48.12.420 or 48.12.425 only if the applicable requirements of RCW 48.12.440 have been satisfied. [2015 c 63 § 2.]

48.12.415 Accredited as reinsurer—Assuming insurer—Requirements. Credit is allowed when the reinsurer is ceded to an assuming insurer that is licensed to transact insurance or reinsurance in this state. [2015 c 63 § 3.]

48.12.414 Assuming insurer—Certified as reinsurer—Credit. Credit is allowed when the reinsurer has been granted authority by the commissioner to cede reinsurance, entered licensed to transact reinsurance, and is otherwise qualified to assume reinsurance from domestic insurers. An assuming insurer meets this requirement as of the time of its application if it maintains a surplus as regards policyholders in an amount not less than twenty million dollars and its accreditation has not been

[2015 RCW Supp—page 701]
denied by the commissioner within ninety days after submission of its application. [2015 c 63 § 4.]

48.12.420 Assuming insurer—Domiciled in this state or state with similar statutes. (1) Credit is allowed when the reinsurance is ceded to an assuming insurer that is domiciled in, or in the case of a United States branch of an alien assuming insurer is entered through, a state that employs standards regarding credit for reinsurance substantially similar to those applicable under this statute and the assuming insurer or United States branch of an alien assuming insurer:
   (a) Maintains a surplus as regards policyholders in an amount not less than twenty million dollars; and
   (b) Submits to the authority of this state to examine its books and records.

(2) Subsection (1)(a) of this section does not apply to reinsurance ceded and assumed pursuant to pooling arrangements among insurers in the same holding company system. [2015 c 63 § 5.]

48.12.425 Assuming insurer maintains a trust fund—Payment of valid claims—Requirements. (1) Credit is allowed when the reinsurance is ceded to an assuming insurer that maintains a trust fund in a qualified United States financial institution, as defined in RCW 48.12.465(2), for the payment of the valid claims of its United States ceding insurers, their assigns, and successors in interest. To enable the commissioner to determine the sufficiency of the trust fund, the assuming insurer must report annually to the commissioner information substantially the same as that required to be reported on the national association of insurance commissioners annual statement form by licensed insurers. The assuming insurer must submit to examination of its books and records by the commissioner and bear the expense of examination.

(2)(a) Credit for reinsurance shall not be granted under this section unless the form of the trust and any amendments to the trust have been approved by:
   (i) The commissioner of the state where the trust is domiciled; or
   (ii) The commissioner of another state who, pursuant to the terms of the trust instrument, has accepted principal regulatory oversight of the trust.

(b) The form of the trust and any trust amendments also must be filed with the commissioner of every state in which the ceding insurer beneficiaries of the trust are domiciled. The trust instrument must provide that contested claims are resolved by the commissioner of the state in which the ceding insurer beneficiaries of the trust are domiciled.

(c)(i) In the case of a group including incorporated and individual unincorporated underwriters:
   (A) For reinsurance ceded under reinsurance agreements with an inception, amendment, or renewal date on or after January 1, 1993, the trust must consist of a trusteed account in an amount not less than the respective underwriters' several insurors' liabilities attributable to reinsurance ceded by United States domiciled ceding insurers to any underwriter of the group;
   (B) For reinsurance ceded under reinsurance agreements with an inception date on or before December 31, 1992, and not amended or renewed after that date, notwithstanding the other provisions of this subchapter, the trust must consist of a trusteed account in an amount not less than the respective underwriters' several insurance and reinsurance liabilities attributable to business written in the United States; and
   (C) In addition to these trusts, the group must maintain in trust a trusteed surplus of which one hundred million dollars is held jointly for the benefit of the United States domiciled ceding insurers of any member of the group for all years of account.

(ii) The incorporated members of the group shall not be engaged in any business other than underwriting as a member of the group and are subject to the same level of regulation and solvency control by the group's domiciliary regulator as are the unincorporated members.

(iii) Within ninety days after its financial statements are due to be filed with the group's domiciliary regulator, the group must provide to the commissioner an annual certification by the group's domiciliary regulator of the solvency of each underwriter member; or if a certification is unavailable,
financial statements, prepared by independent public accountants, of each underwriter member of the group.

(d) In the case of a group of incorporated underwriters under common administration, the group must:

(i) Have continuously transacted an insurance business outside the United States for at least three years immediately prior to making application for accreditation;

(ii) Maintain aggregate policyholders' surplus of at least ten billion dollars;

(iii) Maintain a trust fund in an amount not less than the group's several liabilities attributable to business ceded by United States domiciled ceding insurers to any member of the group pursuant to reinsurance contracts issued in the name of the group;

(iv) In addition, maintain a joint trusted surplus of which one hundred million dollars is held jointly for the benefit of United States domiciled ceding insurers of any member of the group as additional security for these liabilities; and

(v) Within ninety days after its financial statements are due to be filed with the group's domiciliary regulator, make available to the commissioner an annual certification of each underwriter member's solvency by the member's domiciliary regulator and financial statements of each underwriter member of the group prepared by its independent public accountant. [2015 c 63 § 6.]

48.12.430 Assuming insurer—Certified as reinsurer—Eligibility requirements—Insurer obligations—Commissioner's duties. Credit is allowed when the reinsurer is ceded to an assuming insurer that has been certified by the commissioner as a reinsurer in this state and secures its obligations in accordance with the requirements of this section.

(1) In order to be eligible for certification, the assuming insurer must meet the following requirements:

(a) The assuming insurer must be domiciled and licensed to transact insurance or reinsurance in a qualified jurisdiction, as determined by the commissioner pursuant to subsection (3) of this section;

(b) The assuming insurer must maintain minimum capital and surplus, or its equivalent, in an amount to be determined by the commissioner by rule;

(c) The assuming insurer must maintain financial strength ratings from two or more rating agencies deemed acceptable by the commissioner by rule;

(d) The assuming insurer must agree to submit to the jurisdiction of this state, appoint the commissioner as its agent for service of process in this state, and agree to provide security for one hundred percent of the assuming insurer's liabilities attributable to reinsurance ceded by United States ceding insurers if it resists enforcement of a final United States judgment;

(e) The assuming insurer must agree to meet applicable information filing requirements as determined by the commissioner, both with respect to an initial application for certification and on an ongoing basis; and

(f) The assuming insurer must satisfy any other requirements for certification deemed relevant by the commissioner.

(2) An association including incorporated and individual unincorporated underwriters may be a certified reinsurer. In order to be eligible for certification, in addition to satisfying the requirements of subsection (1) of this section:

(a) The association must satisfy its minimum capital and surplus requirements through the capital and surplus equivalents (net of liabilities) of the association and its members, which includes a joint central fund that may be applied to any unsatisfied obligation of the association or any of its members, in an amount determined by the commissioner to provide adequate protection;

(b) The incorporated members of the association must not be engaged in any business other than underwriting as a member of the association and must be subject to the same level of regulation and solvency control by the association's domiciliary regulator as are the unincorporated members; and

(c) Within ninety days after its financial statements are due to be filed with the association's domiciliary regulator, the association must provide to the commissioner an annual certification by the association's domiciliary regulator of the solvency of each underwriter member; or if a certification is unavailable, financial statements, prepared by independent public accountants, of each underwriter member of the association.

(3) The commissioner must create and publish a list of qualified jurisdictions, under which an assuming insurer licensed and domiciled in such a jurisdiction is eligible to be considered for certification by the commissioner as a certified reinsurer.

(a) In order to determine whether the domiciliary jurisdiction of a non-United States assuming insurer is eligible to be recognized as a qualified jurisdiction, the commissioner must evaluate the appropriateness and effectiveness of the reinsurance supervisory system of the jurisdiction, both initially and on an ongoing basis, and consider the rights, benefits, and the extent of reciprocal recognition afforded by the non-United States jurisdiction to reinsurers licensed and domiciled in the United States. A qualified jurisdiction must agree to share information and cooperate with the commissioner with respect to all certified reinsurers domiciled within that jurisdiction. A jurisdiction may not be recognized as a qualified jurisdiction if the commissioner has determined that the jurisdiction does not adequately and promptly enforce final United States judgments and arbitration awards. Additional factors may be considered in the discretion of the commissioner.

(b) A list of qualified jurisdictions shall be published through the national association of insurance commissioners' committee process. The commissioner must consider this list in determining qualified jurisdictions. If the commissioner approves a jurisdiction as qualified that does not appear on the list of qualified jurisdictions, the commissioner must provide thoroughly documented justification in accordance with criteria to be developed by rule.

(c) United States jurisdictions that meet the requirement for accreditation under the national association of insurance commissioners' financial standards and accreditation program must be recognized as qualified jurisdictions.

(d) If a certified reinsurer's domiciliary jurisdiction ceases to be a qualified jurisdiction, the commissioner has the discretion to suspend the reinsurer's certification indefinitely in lieu of revocation.
(4) The commissioner must assign a rating to each certified reinsurer, giving due consideration to the financial strength ratings that have been assigned by rating agencies deemed acceptable to the commissioner by rule. The commissioner must publish a list of all certified reinsurers and their ratings.

(5) A certified reinsurer must secure obligations assumed from United States ceding insurers under this section at a level consistent with its rating, as specified in rules adopted by the commissioner.

(a) In order for a domestic ceding insurer to qualify for full financial statement credit for reinsurance ceded to a certified reinsurer, the certified reinsurer must maintain security in a form acceptable to the commissioner and consistent with the provisions of RCW 48.12.460, or in a multibeneficiary trust in accordance with RCW 48.12.425, except as otherwise provided in this section.

(b) If a certified reinsurer maintains a trust to fully secure its obligations under RCW 48.12.425, and chooses to secure its obligations incurred as a certified reinsurer in the form of a multibeneficiary trust, the certified reinsurer must maintain separate trust accounts for its obligations incurred under reinsurance agreements issued or renewed as a certified reinsurer with reduced security as permitted by this section or comparable laws of other United States jurisdictions and for its obligations under RCW 48.12.425. It is a condition to the grant of certification under this section that the certified reinsurer must have bound itself, by the language of the trust and agreement with the commissioner with principal regulatory oversight of each such trust account, to fund, upon termination of any trust account, out of the remaining surplus of the trust any deficiency of any other trust account.

(c) The minimum trusteed surplus requirements provided in RCW 48.12.425 are not applicable with respect to a multibeneficiary trust maintained by a certified reinsurer for the purpose of securing obligations incurred under this section, except that the trust must maintain a minimum trusteed surplus of ten million dollars.

(d) With respect to obligations incurred by a certified reinsurer under this section, if the security is insufficient, the commissioner must reduce the allowable credit by an amount proportionate to the deficiency, and has the discretion to impose further reductions in allowable credit upon finding that there is a material risk that the certified reinsurer's obligations will not be paid in full when due.

(e) For purposes of this section, a certified reinsurer whose certification has been terminated for any reason must be treated as a certified reinsurer required to secure one hundred percent of its obligations.

(i) As used in this section, "terminated" means revocation, suspension, voluntary surrender, and inactive status.

(ii) If the commissioner continues to assign a higher rating as permitted by this section, this subsection (5)(e) does not apply to a certified reinsurer in inactive status or to a reinsurer whose certification has been suspended.

(6) If an applicant for certification has been certified as a reinsurer in a national association of insurance commissioners accredited jurisdiction, the commissioner has the discretion to defer to that jurisdiction's certification, and has the discretion to defer to the rating assigned by that jurisdiction, and the assuming insurer must be considered to be a certified reinsurer in this state.

(7) A certified reinsurer that ceases to assume new business in the state may request to maintain its certification in inactive status in order to continue to qualify for a reduction in security for its in-force business. An inactive certified reinsurer must continue to comply with all applicable requirements of this section, and the commissioner must assign a rating that takes into account, if relevant, the reasons why the reinsurer is not assuming new business. [2015 c 63 § 7.]

48.12.435 Assuming insurer not meeting certain requirements—Credit restricted. Credit is allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of RCW 48.12.410, 48.12.415, 48.12.420, 48.12.425, or 48.12.430, but only as to the insurance of risks located in jurisdictions where the reinsurer is required by applicable law or regulation of that jurisdiction. [2015 c 63 § 8.]

48.12.440 Assuming insurer not licensed, accredited, or certified—No credit—Exceptions. If the assuming insurer is not licensed, accredited, or certified to transact insurance or reinsurance in this state, the credit permitted by RCW 48.12.420 and 48.12.425 must not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(1)(a) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer, must submit to the jurisdiction of any court of competent jurisdiction in any state of the United States, will comply with all requirements necessary to give the court jurisdiction, and will abide by the final decision of the court or of any appellate court in the event of an appeal; and

(b) To designate the commissioner or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit, or proceeding instituted by or on behalf of the ceding insurer.

(2) This section is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if this obligation is created in the agreement. [2015 c 63 § 9.]

48.12.445 Assuming insurer does not meet certain requirements—Trust agreements—Necessary conditions. If the assuming insurer does not meet the requirements of RCW 48.12.410, 48.12.415, or 48.12.420, the credit permitted by RCW 48.12.425 or 48.12.430 must not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(1) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by RCW 48.12.425(3), or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation, or similar proceedings under the laws of its state or country of domicile, the trustee must comply with an order of the commissioner with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner with regulatory oversight all of the assets of the trust fund.
(2) The assets must be distributed by and claims must be filed with and valued by the commissioner with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies.

(3) If the commissioner with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof must be returned by the commissioner with regulatory oversight to the trustee for distribution in accordance with the trust agreement.

(4) The grantor must waive any right otherwise available to it under United States law that is inconsistent with this provision. [2015 c 63 § 10.]

48.12.450 Accredited or certified reinsurer does not meet requirements—Commissioner may suspend or revoke. If an accredited or certified reinsurer ceases to meet the requirements for accreditation or certification, the commissioner may suspend or revoke the reinsurer's accreditation or certification.

(1) The commissioner must give the reinsurer notice and opportunity for hearing. The suspension or revocation may not take effect until after the commissioner's order on hearing, unless:

(a) The reinsurer waives its right to hearing;

(b) The commissioner's order is based on regulatory action by the reinsurer's domiciliary jurisdiction or the voluntary surrender or termination of the reinsurer's eligibility to transact insurance or reinsurance business in its domiciliary jurisdiction or in the primary certifying state of the reinsurer under RCW 48.12.430(6); or

(c) The commissioner finds that an emergency requires immediate action and a court of competent jurisdiction has not stayed the commissioner's action.

(2) While a reinsurer's accreditation or certification is suspended, no reinsurance contract issued or renewed after the effective date of the suspension qualifies for credit except to the extent that the reinsurer's obligations under the contract are secured in accordance with RCW 48.12.460. If a reinsurer's accreditation or certification is revoked, no credit for reinsurance may be granted after the effective date of the revocation except to the extent that the reinsurer's obligations under the contract are secured in accordance with RCW 48.12.430(5) or 48.12.460. [2015 c 63 § 11.]

48.12.455 Ceding insurer—Reinsurance program.

(1) A ceding insurer must take steps to manage its reinsurance recoverable proportionate to its own book of business. A domestic ceding insurer must notify the commissioner within thirty days after ceding to any single assuming insurer, or group of affiliated assuming insurers, more than twenty percent of the ceding insurer's gross written premium in the prior calendar year, or after it has determined that the reinsurance ceded to any single assuming insurer, or group of affiliated assuming insurers, is likely to exceed this limit. The notification must demonstrate that the exposure is safely managed by the domestic ceding insurer. [2015 c 63 § 12.]

48.12.460 Reinsurance ceded by domestic insurer to assuming insurer not meeting requirements—When asset or reduction from liability allowed. An asset or a reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of RCW 48.12.405 through 48.12.455 must be allowed in an amount not exceeding the liabilities carried by the ceding insurer. The reduction must be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with the assuming insurer as security for the payment of obligations thereunder, if the security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in RCW 48.12.465(2). This security may be in the form of:

(1) Cash;

(2) Securities listed by the securities valuation office of the national association of insurance commissioners, including those deemed exempt from filing as defined by the purposes and procedures manual of the securities valuation office, and qualifying as admitted assets;

CASUALTY INSURANCE

Sections

48.22.030 Underinsured, hit-and-run, phantom vehicle coverage to be provided—Purpose—Definitions—Exceptions—Conditions—Deductibles—Information on motorcycle or motor-driven cycle coverage—Intended victims.

48.22.085 Automobile liability insurance policy—Optional coverage for personal injury protection—Rejection by insured.

48.22.095 Automobile insurance policies—Minimum personal injury protection coverage.

48.22.030 Underinsured, hit-and-run, phantom vehicle coverage to be provided—Purpose—Definitions—Exceptions—Conditions—Deductibles—Information on motorcycle or motor-driven cycle coverage—Intended victims. (1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an
accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insurance against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy. When a named insured or spouse chooses a property damage coverage that is less than the insured's third party liability coverage for property damage, a written rejection is not required.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him or her under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7)(a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

(9) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide information to prospective insureds about the coverage.

(10) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide an opportunity for named insureds, who have purchased liability coverage for a motorcycle or motor-driven cycle, to reject underinsured coverage for that motorcycle or motor-driven cycle in writing.

(11) If the covered person seeking underinsured motorist coverage under this section was the intended victim of the tortfeasor, the incident must be reported to the appropriate law enforcement agency and the covered person must cooperate with any related law enforcement investigation.

(12) The purpose of this section is to protect innocent victims of motorists of underinsured motor vehicles. Covered persons are entitled to coverage without regard to whether an incident was intentionally caused. However, a person is not entitled to coverage if the insurer can demonstrate that the covered person intended to cause the event for which a claim is made under the coverage described in this section. As used in this section, and in the section of policies providing the underinsured motorist coverage described in this section, "accident" means an occurrence that is unexpected and unintended from the standpoint of the covered person.

(13) The coverage under this section may be excluded as provided for under RCW 48.177.010(6).

(14) "Underinsured coverage," for the purposes of this section, means coverage for "underinsured motor vehicles," as defined in subsection (1) of this section. [2015 c 236 § 7; 2009 c 549 § 7106; 2007 c 80 § 14. 48.31B.005 Definitions. (Effective January 1, 2016.)

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

   (1) "Affiliate" means an affiliate of, or person affiliated with, a specific person, and includes a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

   (2) "Commissioner" means the insurance commissioner, the commissioner's deputies, or the office of the insurance commissioner, as appropriate.

   (3) "Control," including the terms "controlling," "controlled by," and "under common control with," means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise, unless the power is the result of an official position with or corporate office held by the person. Control is presumed to exist if any person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in a manner similar to that provided by RCW 48.31B.025(11) that control does not exist in fact. The commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determina-
48.31B.010 Domestic insurer may acquire subsidiaries—Authorized investments—Insurer ceases to control subsidiary—Disposal of investment. (Effective January 1, 2016.) (1) A domestic insurer, either by itself or in cooperation with one or more persons, may organize or acquire one or more subsidiaries. The subsidiaries may conduct any kind of business or businesses and their authority to do so is not limited by reason of the fact that they are subsidiaries of a domestic insurer.

(2) In addition to investments in common stock, preferred stock, debt obligations, and other securities permitted under this title, a domestic insurer may also:

(a) Invest in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries, amounts which do not exceed the lesser of ten percent of the insurer’s assets or fifty percent of the insurer’s surplus as regards policyholders, provided that, after such investments, the insurer’s surplus as regards policyholders will be reasonable in relation to the insurer’s outstanding liabilities and adequate to meet its financial needs. In calculating the amount of such investments, investments in domestic or foreign insurance subsidiaries, health maintenance organizations, and health care service contractors are excluded, and there is included:

(i) Total net moneys or other consideration expended and obligations assumed in the acquisition or formation of a subsidiary, including all organizational expenses and contributions to capital and surplus of the subsidiary whether or not represented by the purchase of capital stock or issuance of other securities;

(ii) All amounts expended in acquiring additional common stock, preferred stock, debt obligations, and other securities; and

(iii) All contributions to the capital and surplus of a subsidiary subsequent to its acquisition or formation;

(b) Invest any amount in common stock, preferred stock, debt obligations, and other securities of one or more subsidiaries engaged or organized to engage exclusively in the ownership and management of assets authorized as investments for the insurer provided that each subsidiary agrees to limit its investments in any asset so that such investments will not cause the amount of the total investment of the insurer to exceed any of the investment limitations specified in (a) of this subsection or chapter 48.13 RCW applicable to the insurer. For the purpose of this subsection, the total investment of the insurer includes:

(i) Any direct investment by the insurer in an asset;

(ii) The insurer’s proportionate share of any investment in an asset by any subsidiary of the insurer, which is calculated by multiplying the amount of the subsidiary’s investment by the percentage of the ownership of the subsidiary; and

(iii) With the approval of the commissioner, any greater amount in common stock, preferred stock, debt obligations, or other securities of one or more subsidiaries, provided that after the investment the insurer’s surplus as regards policyholders will be reasonable in relation to the insurer’s outstanding liabilities and adequate to its financial needs.

(3) Investments in common stock, preferred stock, debt obligations, or other securities made according to subsection (2) of this section are not subject to any of the otherwise applicable restrictions or prohibitions contained in this title applicable to such investments of insurers.

(4) Whether any investment made according to subsection (2) of this section meets the applicable requirements of that subsection is to be determined before the investment is made, by calculating the applicable investment limitations as
though the investment had already been made, taking into account the then outstanding principal balance on all previous investments in debt obligations, and the value of all previous investments in equity securities as of the day they were made, net of any return of capital invested, net including dividends.

(5) If an insurer ceases to control a subsidiary, it shall dispose of any investment in that subsidiary within three years from the time of the cessation of control or within such further time as the commissioner may prescribe, unless at any time after the investment was made, the investment met the requirements for investment under any other section of this title, and the insurer has notified the commissioner thereof. [2015 c 122 § 2; 1993 c 462 § 3.]

Effective dates—2015 c 122: See note following RCW 48.31B.005.

48.31B.015 Control of insurer—Acquisition, merger, or exchange—Preacquisition notification—Divestment of controlling interest—Jurisdiction of courts. (Effective January 1, 2016.) (1)(a) No person other than the issuer may make a tender offer for or a request or invitation for tenders of, or enter into any agreement to exchange securities of, seek to acquire, or acquire, in the open market or otherwise, voting security of a domestic insurer if, after the consummation thereof, the person would, directly or indirectly, or by conversion or by exercise of a right to acquire, be in control of the insurer and no person may enter into an agreement to merge with or otherwise to acquire control of a domestic insurer or any person controlling a domestic insurer unless, at the time the offer, request, or invitation is made or the agreement is entered into, or prior to the acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer, a statement containing the information required by this section and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner as prescribed in this chapter.

(b) For purposes of this section, any controlling person of a domestic insurer seeking to divest its controlling interest in the domestic insurer, in any manner, must file with the commissioner, with a copy to the insurer, confidential notice of its proposed divestiture at least thirty days prior to the cessation of control. The commissioner determines whether the person or persons seeking to divest or acquire a controlling interest in an insurer must file and obtain approval of the transaction. The information remains confidential until the conclusion of the transaction unless the commissioner, in his or her discretion, determines that the confidential treatment interferes with the enforcement of this section. If the statement referred to in (a) of this subsection is otherwise filed, this subsection does not apply.

(c) With respect to a transaction subject to this section, the acquiring person must also file a preacquisition notification with the commissioner, which must contain the information set forth in RCW 48.31B.020(3)(a). A failure to file the notification may be subject to penalties specified in RCW 48.31B.020(5)(c).

(d) For purposes of this section a domestic insurer includes a person controlling a domestic insurer unless the person, as determined by the commissioner, is either directly or through its affiliates primarily engaged in business other than the business of insurance. For the purposes of this section, "person" does not include any securities broker holding, in usual and customary broker's function, less than twenty percent of the voting securities of an insurance company or of any person who controls an insurance company.

(2) The statement to be filed with the commissioner under this section must be made under oath or affirmation and must contain the following:

(a) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (1) of this section is to be effected, and referred to in this section as the acquiring party and:

(i) If that person is an individual, his or her principal occupation and all offices and positions held during the past five years, and any conviction of crimes other than minor traffic violations during the past ten years; and

(ii) If that person is not an individual, a report of the nature of its business operations during the past five years or for such lesser period as the person and any predecessors have been in existence; an informative description of the business intended to be done by the person and the person's subsidiaries; and a list of all individuals who are or who have been selected to become directors or executive officers of the person, or who perform or will perform functions appropriate to those positions. The list must include for each such individual the information required by (a)(i) of this subsection;

(b) The source, nature, and amount of the consideration used or to be used in effecting the merger or other acquisition of control, a description of any transaction where funds were or are to be obtained for any such purpose, including any pledge of the insurer's stock or the stock of any of its subsidiaries or controlling affiliates, and the identity of persons furnishing consideration. However, when a source of consideration is a loan made in the lender's ordinary course of business, the identity of the lender must remain confidential, if the person filing the statement so requests;

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five fiscal years of each acquiring party, or for such lesser period as the acquiring party and any predecessors have been in existence, and similar unaudited information as of a date not earlier than ninety days prior to the filing of the statement;

(d) Any plans or proposals that each acquiring party may have to liquidate the insurer, to sell its assets or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management;

(e) The number of shares of any security referred to in subsection (1) of this section which each acquiring party proposes to acquire, the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section, and a statement as to the method by which the fairness of the proposal was arrived at;

(f) The amount of each class of any security referred to in subsection (1) of this section that is beneficially owned or concerning which there is a right to acquire beneficial ownership by each acquiring party;

(g) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (1) of this section in which any acquiring party is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or
calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. The description must identify the persons with whom the contracts, arrangements, or understandings have been entered into;

(h) A description of the purchase of any security referred to in subsection (1) of this section during the twelve calendar months preceding the filing of the statement, by an acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid;

(i) A description of any recommendations to purchase any security referred to in subsection (1) of this section made during the twelve calendar months preceding the filing of the statement, by an acquiring party, or by anyone based upon interviews or at the suggestion of the acquiring party;

(j) Copies of all tender offers for, requests or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (1) of this section, and, if distributed, of additional soliciting material relating to them;

(k) The term of an agreement, contract, or understanding made with or proposed to be made with any broker-dealer as to solicitation or securities referred to in subsection (1) of this section for tender, and the amount of fees, commissions, or other compensation to be paid to broker-dealers with regard thereto;

(l) An agreement by the person required to file the statement referred to in subsection (1) of this section that it will provide the annual report, specified in RCW 48.31B.025(12), for so long as control exists;

(m) An acknowledgment by the person required to file the statement referred to in subsection (1) of this section that the person and all subsidiaries within its control in the insurance holding company system will provide information to the commissioner upon request as necessary to evaluate enterprise risk to the insurer;

(n) Such additional information as the commissioner may prescribe by rule as necessary or appropriate for the protection of policyholders of the insurer or in the public interest;

(o) If the person required to file the statement referred to in subsection (1) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by (a) through (n) of this subsection must be given with respect to each partner of the partnership or limited partnership, each member of the syndicate or group, and each person who controls a partner or member. If any partner, member, or person is a corporation or the person required to file the statement referred to in subsection (1) of this section is a corporation, the commissioner may require that the information called for by (a) through (n) of this subsection must be given with respect to the corporation, each officer and director of the corporation, and each person who is directly or indirectly the beneficial owner of more than ten percent of the outstanding voting securities of the corporation;

(p) If any material change occurs in the facts set forth in the statement filed with the commissioner and sent to the insurer under this section, an amendment setting forth the change, together with copies of all documents and other material relevant to the change, must be filed with the commissioner and sent to the insurer within two business days after the person learns of the change.

(3) If any offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the securities act of 1933 or in circumstances requiring the disclosure of similar information under the securities exchange act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (1) of this section may utilize the documents in furnishing the information called for by that statement.

(4)(a) The commissioner shall approve a merger or other acquisition of control referred to in subsection (1) of this section unless, after a public hearing thereon, he or she finds that:

(i) After the change of control, the domestic insurer referred to in subsection (1) of this section would not be able to satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(ii) The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in this state or tend to create a monopoly therein. In applying the competitive standard in this subsection (4)(a)(ii):

(A) The informational requirements of RCW 48.31B.020(3)(a) and the standards of RCW 48.31B.020(4)(b) apply;

(B) The merger or other acquisition may not be disapproved if the commissioner finds that any of the situations meeting the criteria provided by RCW 48.31B.020(4)(c) exist; and

(C) The commissioner may condition the approval of the merger or other acquisition on the removal of the basis of disapproval within a specified period of time;

(iii) The financial condition of any acquiring party is such that it would not be in the interest of policyholders of the insurer, or prejudice the interest of its policyholders;

(iv) The plans or proposals which the acquiring party has to liquidate the insurer, sell its assets, consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management, are unfair and unreasonable to policyholders of the insurer and not in the public interest;

(v) The competence, experience, and integrity of those persons who would control the operation of the insurer are such that it would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control; or

(vi) The acquisition is likely to be hazardous or prejudicial to the insurance-buying public.

(b) The public hearing referred to in (a) of this subsection must be held within thirty days after the statement required by subsection (1) of this section is filed, and at least twenty days' notice must be given by the commissioner to the person filing the statement. Not less than seven days' notice of the public hearing must be given by the person filing the statement to the insurer and to such other persons as may be designated by the commissioner. The commissioner must make a determination within the sixty-day period preceding the effective date of the proposed transaction. At the hearing,
the person filing the statement, the insurer, any person to whom notice of the hearing was sent, and any other person whose interest may be affected has the right to present evidence, examine, and cross-examine witnesses, and offer oral and written arguments and in connection therewith are entitled to conduct discovery proceedings in the same manner as is presently allowed in the superior court of this state. All discovery proceedings must be concluded not later than three days prior to the commencement of the public hearing.

(c) If the proposed acquisition of control will require the approval of more than one commissioner, the public hearing referred to in (b) of this subsection may be held on a consolidated basis upon request of the person filing the statement referred to in subsection (1) of this section. Such person shall file the statement referred to in subsection (1) of this section with the national association of insurance commissioners within five days of making the request for a public hearing. A commissioner may opt out of a consolidated hearing, and shall provide notice to the applicant of the opt out within ten days of the receipt of the statement referred to in subsection (1) of this section. A hearing conducted on a consolidated basis shall be public and shall be held within the United States before the commissioners of the states in which the insurers are domiciled. Such commissioners shall hear and receive evidence. A commissioner may attend such hearing, in person, or by telecommunication.

(d) In connection with a change of control of a domestic insurer, any determination by the commissioner that the person acquiring control of the insurer shall be required to maintain or restore the capital of the insurer to the level required by the laws and rules of this state shall be made not later than sixty days after the date of notification of the change in control submitted pursuant to subsection (1)(a) of this section.

(e) The commissioner may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as may be reasonably necessary to assist the commissioner in reviewing the proposed acquisition of control.

(5) This section does not apply to:

(a) Any transaction that is subject to RCW 48.31.010, dealing with the merger or consolidation of two or more insurers;

(b) An offer, request, invitation, agreement, or acquisition which the commissioner by order exempts as not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic insurer, or as otherwise not comprehended within the purposes of this section.

(6) The following are violations of this section:

(a) The failure to file a statement, amendment, or other material required to be filed under subsection (1) or (2) of this section; or

(b) The effectuation or an attempt to effectuate an acquisition of control of, divestiture of, or merger with, a domestic insurer unless the commissioner has given approval thereto.

(7) The courts of this state are hereby vested with jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this section, and over all actions involving that person arising out of violations of this section, and each such person is deemed to have performed acts equivalent to and constituting an appointment by that person of the commissioner to be the person's true and lawful attorney upon whom may be served all lawful process in an action, suit, or proceeding arising out of violations of this section. Copies of all lawful process must be served on the commissioner and transmitted by registered or certified mail by the commissioner to such person at the person's last known address. 48.31B.020 Acquisition of insurer—Change in control—Definitions—Exemptions—Competition—Preacquisition notification—Violations—Penalties. (Effective January 1, 2016.) (1) The following definitions apply for the purposes of this section only:

(a) "Acquisition" means any agreement, arrangement, or activity the consummation of which results in a person acquiring directly or indirectly the control of another person, and includes but is not limited to the acquisition of voting securities, the acquisition of assets, bulk reinsurance, and mergers.

(b) An "involved insurer" includes an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.

(2)(a) Except as exempted in (b) of this subsection, this section applies to any acquisition in which there is a change in control of an insurer authorized to do business in this state.

(b) This section does not apply to the following:

(i) A purchase of securities solely for investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in this state. If a purchase of securities results in a presumption of control under RCW 48.31B.005(3), it is not solely for investment purposes unless the commissioner of the insurer's state of domicile accepts a disclaimer of control or affirmatively finds that control does not exist and the disclaimer action or affirmative finding is communicated by the domiciliary commissioner to the commissioner of this state;

(ii) The acquisition of a person by another person when neither person is directly nor through affiliates primarily engaged in the business of insurance, if preacquisition notification is filed with the commissioner in accordance with subsection (3)(a) of this section thirty days prior to the proposed effective date of the acquisition. However, the preacquisition notification is not required for exclusion from this section if the acquisition would otherwise be excluded from this section by subsection (2)(b);

(iii) The acquisition of already affiliated persons;

(iv) An acquisition if, as an immediate result of the acquisition:

(A) In no market would the combined market share of the involved insurers exceed five percent of the total market;

(B) There would be no increase in any market share; or

(C) In no market would the:

(I) Combined market share of the involved insurers exceed twelve percent of the total market; and

(II) Market share increase by more than two percent of the total market.

For the purpose of this subsection (2)(b)(iv), a market means direct written insurance premium in this state for a line
of business as contained in the annual statement required to be filed by insurers licensed to do business in this state;  

(v) An acquisition for which a preacquisition notification would be required under this section due solely to the resulting effect on the ocean marine insurance line of business;  

(vi) An acquisition of an insurer whose domiciliary commissioner affirmatively finds that the insurer is in failing condition, there is a lack of feasible alternative to improving such condition, and the public benefits of improving the insurer's condition through the acquisition exceed the public benefits that would arise from not lessening competition; and the findings are communicated by the domiciliary commissioner to the commissioner of this state.  

(3) An acquisition covered by subsection (2) of this section may be subject to an order under subsection (5) of this section unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification. The commissioner must give confidential treatment to information submitted under this subsection (3) in the same manner as provided in RCW 48.31B.038.  

(a) The preacquisition notification must be in such form and contain such information as prescribed by the national association of insurance commissioners relating to those markets that, under subsection (2)(b)(iv) of this section, cause the acquisition not to be exempted from this section. The commissioner may require such additional material and information as he or she deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subsection (4) of this section. The required information may include an opinion of an economist as to the competitive impact of the acquisition in this state accompanied by a summary of the education and experience of the person indicating his or her ability to render an informed opinion.  

(b) The waiting period required begins on the date of the receipt by the commissioner of a preacquisition notification and ends on the earlier of the thirtieth day after the date of the receipt or the termination of the waiting period by the commissioner. Prior to the end of the waiting period, the commissioner on a one-time basis may require the submission of additional needed information relevant to the proposed acquisition, in which event the waiting period ends on the earlier of the thirtieth day after receipt of the additional information by the commissioner or the termination of the waiting period by the commissioner.  

(4)(a) The commissioner may enter an order under subsection (5)(a) of this section with respect to an acquisition if there is substantial evidence that the effect of the acquisition may be substantially to lessen competition in a line of insurance in this state or tend to create a monopoly therein or if the insurer fails to file adequate information in compliance with subsection (3) of this section.  

(b) In determining whether a proposed acquisition would violate the competitive standard of (a) of this subsection, the commissioner shall consider the following:  

(i) An acquisition covered under subsection (2) of this section involving two or more insurers competing in the same market is prima facie evidence of violation of the competitive standards:

<table>
<thead>
<tr>
<th>Insurer A</th>
<th>Insurer B</th>
</tr>
</thead>
<tbody>
<tr>
<td>4%</td>
<td>4% or more</td>
</tr>
<tr>
<td>10%</td>
<td>2% or more</td>
</tr>
<tr>
<td>15%</td>
<td>1% or more; or</td>
</tr>
</tbody>
</table>

(A) If the market is highly concentrated and the involved insurers possess the following shares of the market:

<table>
<thead>
<tr>
<th>Insurer A</th>
<th>Insurer B</th>
</tr>
</thead>
<tbody>
<tr>
<td>5%</td>
<td>5% or more</td>
</tr>
<tr>
<td>10%</td>
<td>4% or more</td>
</tr>
<tr>
<td>15%</td>
<td>3% or more</td>
</tr>
<tr>
<td>19%</td>
<td>1% or more</td>
</tr>
</tbody>
</table>

(B) If the market is not highly concentrated and the involved insurers possess the following shares of the market:

A highly concentrated market is one in which the share of the four largest insurers is seventy-five percent or more of the market. Percentages not shown in the tables are interpolated proportionately to the percentages that are shown. If more than two insurers are involved, exceeding the total of the two columns in the table is prima facie evidence of violation of the competitive standard in (a) of this subsection. For the purpose of this subsection (4)(b)(i), the insurer with the largest share of the market is Insurer A.

(ii) There is a significant trend toward increased concentration when the aggregate market share of a grouping of the largest insurers in the market, from the two largest to the eight largest, has increased by seven percent or more of the market over a period of time extending from a base year five to ten years before the acquisition up to the time of the acquisition. An acquisition or merger covered under subsection (2) of this section involving two or more insurers competing in the same market is prima facie evidence of violation of the competitive standard in (a) of this subsection if:

(A) There is a significant trend toward increased concentration in the market;

(B) One of the insurers involved is one of the insurers in a grouping of such large insurers showing the requisite increase in the market share; and

(C) Another involved insurer's market is two percent or more.

(iii) For the purposes of this subsection (4)(b):

(A) "Insurer" includes any company or group of companies under common management, ownership, or control;

(B) "Market" means the relevant product and geographical markets. In determining the relevant product and geographical markets, the commissioner shall give due consideration to, among other things, the definitions or guidelines, if any, adopted by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business, such line being that used in the annual statement required to be
filed by insurers doing business in this state, and the relevant geographical market is assumed to be this state;

(C) The burden of showing prima facie evidence of violation of the competitive standard rests upon the commissioner.

(iv) Even though an acquisition is not prima facie violative of the competitive standard under (b)(i) and (ii) of this subsection, the commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under (b)(i) and (ii) of this subsection, a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making a determination under this subsection include, but are not limited to, the following: Market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry and exit into the market.

(c) An order may not be entered under subsection (5)(a) of this section if:

(i) The acquisition will yield substantial economies of scale or economies in resource use that cannot be feasibly achieved in any other way, and the public benefits that would arise from the economies exceed the public benefits that would arise from not lessening competition; or

(ii) The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits that would arise from not lessening competition.

(5)(a)(i) If an acquisition violates the standards of this section, the commissioner may enter an order:

(A) Requiring an involved insurer to cease and desist from doing business in this state with respect to the line or lines of insurance involved in the violation; or

(B) Denying the application of an acquired or acquiring insurer for a license to do business in this state.

(ii) Such an order may not be entered unless:

(A) There is a hearing;

(B) Notice of the hearing is issued prior to the end of the waiting period and not less than fifteen days prior to the hearing; and

(C) The hearing is concluded and the order is issued no later than sixty days after the filing of the preacquisition notification with the commissioner.

(iii) Every order must be accompanied by a written decision of the commissioner setting forth findings of fact and conclusions of law.

(iv) An order pursuant to this subsection (5)(a) does not apply if the acquisition is not consummated.

(b) Any person who violates a cease and desist order of the commissioner under (a) of this subsection and while the order is in effect, may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to one or more of the following:

(i) A monetary fine of not more than ten thousand dollars for every day of violation; or

(ii) Suspension or revocation of the person's license; or

(iii) Both (b)(i) and (ii) of this subsection.

(c) Any insurer or other person who fails to make a filing required by this section, and who also fails to demonstrate a good faith effort to comply with the filing requirement, is subject to a civil penalty of not more than fifty thousand dollars.

(6) RCW 48.31B.045 (2) and (3) and 48.31B.055 do not apply to acquisitions covered under subsection (2) of this section. [2015 c 122 § 4; 1993 c 462 § 5.]

48.31B.025 Registration with commissioner—Information required—Rule making—Disclaimer of affiliation—Annual enterprise risk report—Failure to file. (Effective January 1, 2016.)

(1) Every insurer that is authorized to do business in this state and is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to those contained in:

(a) This section;

(b) RCW 48.31B.030 (1)(a), (2), and (3); and

(c) Either RCW 48.31B.030(1)(b) or a provision such as the following: Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within fifteen days after the end of the month in which it learns of each change or addition.

Any insurer which is subject to registration under this section shall register within fifteen days after it becomes subject to registration, and annually thereafter by May 1st of each year for the previous calendar year, unless the commissioner for good cause shown extends the time for registration, and then within the extended time. The commissioner may require any insurer authorized to do business in the state that is a member of a holding company system, and which is not subject to registration under this section, to furnish a copy of the registration statement, the summary specified in subsection (3) of this section, or other information filed by the insurance company with the insurance regulatory authority of its domiciliary jurisdiction.

(2) Every insurer subject to registration shall file the registration statement on a form and in a format prescribed by the national association of insurance commissioners, containing the following current information:

(a) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling the insurer;

(b) The identity and relationship of every member of the insurance holding company system;

(c) The following agreements in force, and transactions currently outstanding or that have occurred during the last calendar year between the insurer and its affiliates:

(i) Loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

(ii) Purchases, sales, or exchange of assets;

(iii) Transactions not in the ordinary course of business;

(iv) Guarantees or undertakings for the benefit of an affiliate that result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) All management agreements, service contracts, and cost-sharing arrangements;
(vi) Reinsurance agreements;

(vii) Dividends and other distributions to shareholders; and

(viii) Consolidated tax allocation agreements;

(d) Any pledge of the insurer’s stock, including stock of subsidiary or controlling affiliate, for a loan made to a member of the insurance holding company system;

(e) If requested by the commissioner, the insurer must include financial statements of or within an insurance holding company system, including all affiliates. Financial statements may include but are not limited to annual audited financial statements filed with the United States securities and exchange commission pursuant to the securities act of 1933, as amended, or the securities exchange act of 1934, as amended. An insurer required to file financial statements pursuant to this subsection (2)(c) may satisfy the request by providing the commissioner with the most recently filed parent corporation financial statements that have been filed with the United States securities and exchange commission;

(f) Other matters concerning transactions between registered insurers and any affiliates as may be included from time to time in registration forms adopted or approved by the commissioner;

(g) Statements that the insurer’s board of directors oversees corporate governance and internal controls and that the insurer’s officers or senior management have approved, implemented, and continue to maintain and monitor corporate governance and internal control procedures; and

(h) Any other information required by the commissioner by rule.

(3) All registration statements must contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.

(4) No information need be disclosed on the registration statement filed under subsection (2) of this section if the information is not material for the purposes of this section. Unless the commissioner by rule or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees involving one-half of one percent or less of an insurer’s admitted assets as of December 31st next preceding are not deemed material for purposes of this section.

(5) Subject to RCW 48.31B.030(2), each registered insurer shall report to the commissioner all dividends and other distributions to shareholders within fifteen business days after their declaration.

(6) Any person within an insurance holding company system subject to registration is required to provide complete and accurate information to an insurer, where the information is reasonably necessary to enable the insurer to comply with this chapter.

(7) The commissioner shall terminate the registration of an insurer that demonstrates that it no longer is a member of an insurance holding company system.

(8) The commissioner may require or allow two or more affiliated insurers subject to registration under this section to file a consolidated registration statement.

(9) The commissioner may allow an insurer authorized to do business in this state and which is part of an insurance holding company system to register on behalf of an affiliated insurer which is required to register under subsection (1) of this section and to file all information and material required to be filed under this section.

(10) This section does not apply to an insurer, information, or transaction if and to the extent that the commissioner by rule or order exempts the insurer, information, or transaction from this section.

(11) Any person may file with the commissioner a disclaimer of affiliation with any authorized insurer, or any insurer or any member of an insurance holding company system may file the disclaimer. The disclaimer must fully disclose all material relationships and bases for affiliation between the person and the insurer as well as the basis for claiming the affiliation. A disclaimer of affiliation is deemed to have been granted unless the commissioner, within thirty days following receipt of a complete disclaimer, notifies the filing party the disclaimer is disallowed. In the event of disallowance, the disclaiming party may request an administrative hearing, which shall be granted. The disclaiming party is relieved of its duty to register under this section if approval of the disclaimer has been granted by the commissioner.

(12) The ultimate controlling person of every insurer subject to registration shall also file an annual enterprise risk report. The report must, to the best of the ultimate controlling person’s knowledge and belief, identify the material risks within the insurance holding company system that could pose enterprise risk to the insurer. The report must be filed with the lead state commissioner of the insurance holding company system as determined by the procedures within the financial analysis handbook adopted by the national association of insurance commissioners.

(13) The failure to file a registration statement or any summary of the registration statement or enterprise risk filing required by this section within the time specified for filing is a violation of this section. [2015 c 122 § 5; 2000 c 214 § 1; 1993 c 462 § 6.]

48.31B.030 Insurer subject to registration—Standards for transactions within a holding company system—Extraordinary dividends or distributions—Insurer’s surplus—Officers and directors. (Effective January 1, 2016.) (1)(a) Transactions within an insurance holding company system to which an insurer subject to registration is a party are subject to the following standards:

(i) The terms must be fair and reasonable;

(ii) Agreements for cost-sharing services and management must include such provisions as required by rule issued by the commissioner;

(iii) Charges or fees for services performed must be fair and reasonable;

(iv) Expenses incurred and payment received must be allocated to the insurer in conformity with customary insurance accounting practices consistently applied;

(v) The books, accounts, and records of each party to all such transactions must be so maintained as to clearly and accurately disclose the nature and details of the transactions including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties; and
(vi) The insurer's surplus regarding policyholders following any dividends or distributions to shareholders or affiliates must be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) The following transactions involving a domestic insurer and a person in its insurance holding company system, including amendments or modifications of affiliate agreements previously filed pursuant to this section, which are subject to the materiality standards contained in this subsection (1)(b), may not be entered into unless the insurer has notified the commissioner in writing of its intention to enter into the transaction at least thirty days before, or such shorter period as the commissioner may permit, and the commissioner has not disapproved it within that period. The notice for amendments or modifications must include the reasons for the change and the financial impact on the domestic insurer. Informal notice must be reported, within thirty days after a termination of a previously filed agreement, to the commissioner for determination of the type of filing required, if any:

(i) Sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments if the transactions are equal to or exceed:

(A) With respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus as regards policyholders;

(B) With respect to life insurers, three percent of the insurer's admitted assets; each as of December 31st next preceding;

(ii) Loans or extensions of credit to any person who is not an affiliate, where the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, an affiliate of the insurer making the loans or extensions of credit if the transactions are equal to or exceed:

(A) With respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus as regards policyholders;

(B) With respect to life insurers, three percent of the insurer's admitted assets; each as of December 31st next preceding;

(iii) Reinsurance agreements or modifications thereto, including:

(A) All reinsurance pooling agreements;

(B) Agreements in which the reinsurance premium or a change in the insurer's liabilities, or the projected reinsurance premium or a change in the insurer's liabilities in any of the next three years, equals or exceeds five percent of the insurer's surplus as regards policyholders, as of December 31st next preceding, including those agreements that may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of the assets will be transferred to one or more affiliates of the insurer;

(iv) All management agreements, service contracts, tax allocation agreements, guarantees, and all cost-sharing arrangements;

(v) Guarantees when made by a domestic insurer. However, a guarantee which is quantifiable as to amount is not subject to the notice requirements of this subsection (1)(b)(v) unless it exceeds the lesser of one-half of one percent of the insurer's admitted assets or ten percent of surplus as regards policyholders as of December 31st next preceding. Further, all guarantees which are not quantifiable as to amount are subject to the notice requirements of this subsection (1)(b)(v);

(vi) Direct or indirect acquisitions or investments in a person that controls the insurer or in an affiliate of the insurer in an amount which, together with its present holdings in such investments, exceeds two and one-half percent of the insurer's surplus to policyholders. Direct or indirect acquisitions or investments in subsidiaries acquired according to RCW 48.31B.010 or authorized according to chapter 48.13 RCW, or in nonsubsidiary insurance affiliates that are subject to this chapter, are exempt from this requirement; and

(vii) Any material transactions, specified by rule, which the commissioner determines may adversely affect the interests of the insurer's policyholders.

This subsection does not authorize or permit any transaction which, in the case of an insurer not a member of the same insurance holding company system, would be otherwise contrary to law.

(c) A domestic insurer may not enter into transactions which are part of a plan or series of like transactions with persons within the insurance holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the commissioner determines that the separate transactions were entered into over any twelve-month period for that purpose, the commissioner may exercise his or her authority under RCW 48.31B.045.

(d) The commissioner, in reviewing transactions under (b) of this subsection, must consider whether the transactions comply with the standards set forth in (a) of this subsection and whether they may adversely affect the interests of policyholders.

(e) The commissioner must be notified within thirty days of an investment of the domestic insurer in any one corporation if the total investment in the corporation by the insurance holding company system exceeds ten percent of the corporation's voting securities.

(2)(a) A domestic insurer shall not pay an extraordinary dividend or make any other extraordinary distribution to its shareholders until thirty days after the commissioner declares that he or she has received notice of the declaration thereof and has not within that period disapproved the payment, or until the commissioner has approved the payment within the thirty-day period.

(b) For purposes of this section, an extraordinary dividend or distribution is any dividend or distribution of cash or other property, whose fair market value together with that of other dividends or distributions made within the preceding twelve months exceeds the lesser of:

(i) Ten percent of the insurer's surplus as regards policyholders or net worth as of December next preceding; or

(ii) The net gain from operations of the insurer, if the insurer is a life insurance company, or the net income if the company is not a life insurance company, not including real-
ized capital gains for the twelve month period ending December next preceding, but does not include pro rata distributions of any class of the insurer’s own securities.

(c) In determining whether a dividend or distribution is extraordinary, an insurer other than a life insurer may carry forward net income from the previous two calendar years that has not already been paid out as dividends. This carry forward provision must be computed by taking the net income from the second and third preceding calendar years, not including realized capital gains, less dividends paid in the second and immediate preceding calendar years.

(d) Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the commissioner’s approval. The declaration confers no rights upon shareholders until: (i) The commissioner has approved the payment of the dividend or distribution; or (ii) the commissioner has not disapproved the payment within the thirty-day period referred to in (a) of this subsection.

(3) For purposes of this chapter, in determining whether an insurer’s surplus as regards policyholders is reasonable in relation to the insurer’s outstanding liabilities and adequate to its financial needs, the following factors, among others, must be considered:

(a) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;
(b) The extent to which the insurer’s business is diversified among several lines of insurance;
(c) The number and size of risks insured in each line of business;
(d) The extent of the geographical dispersion of the insurer’s insured risks;
(e) The nature and extent of the insurer’s reinsurance program;
(f) The quality, diversification, and liquidity of the insurer’s investment portfolio;
(g) The recent past and projected future trend in the size of the insurer’s surplus as regards policyholders;
(h) The surplus as regards policyholders maintained by other comparable insurers;
(i) The adequacy of the insurer’s reserves; and
(j) The quality and liquidity of investments in affiliates. The commissioner may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in the judgment of the commissioner the investment so warrants.

(4)(a) Notwithstanding the control of a domestic insurer by any person, the officers and directors of the insurer are not thereby relieved of any obligation or liability to which they would otherwise be subject by law, and the insurer must be managed so as to assure its separate operating identity consistent with this title.
(b) This section does not preclude a domestic insurer from having or sharing a common management or cooperative or joint use of personnel, property, or services with one or more other persons under arrangements meeting the standards of subsection (1)(a) of this section.
(c) At least one-third of a domestic insurer’s directors and at least one-third of the members of each committee of the insurer’s board of directors must be persons who are not:
(i) Officers or employees of the insurer or of any entity that controls, is controlled by, or is under common control with the insurer; or (ii) beneficial owners of a controlling interest in the voting securities of the insurer or of any such entity. A quorum for transacting business at a meeting of the insurer’s board of directors or any committee of the board of directors must include at least one such person.

(d) The board of directors of a domestic insurer shall establish one or more committees comprised solely of directors who are not officers or employees of the insurer or of any entity controlling, controlled by, or under common control with the insurer and who are not beneficial owners of a controlling interest in the voting stock of the insurer or any such entity. The committee or committees have responsibility for nominating candidates for director for election by shareholders or policyholders, evaluating the performance of officers deemed to be principal officers of the insurer, and recommending to the board of directors the selection and compensation of the principal officers.

(e) The provisions of (c) and (d) of this subsection do not apply to a domestic insurer if the person controlling the insurer, such as an insurer, a mutual holding company, or publicly held corporation, has a board of directors and committees thereof that meet the requirements of (c) and (d) of this subsection with respect to such controlling entity.

(f) An insurer may make application to the commissioner for a waiver from the requirements of this subsection, if the insurer’s annual direct written and assumed premium, excluding premiums reinsured with the federal crop insurance corporation and federal flood program, is less than three hundred million dollars. An insurer may also make application to the commissioner for a waiver from the requirements of this subsection based upon unique circumstances. The commissioner may consider various factors including, but not limited to, the type of business entity, volume of business written, availability of qualified board members, or the ownership or organizational structure of the entity. 48.31B.035 Examination of insurers—Commissioner may order production of information—Failure to comply—Costs of examination. (Effective January 1, 2016.)

(1) Subject to the limitation contained in this section and in addition to the powers that the commissioner has under chapter 48.03 RCW relating to the examination of insurers, the commissioner has the power to examine any insurer registered under RCW 48.31B.025 and its affiliates to ascertain the financial condition of the insurer, including the enterprise risk to the insurer by the ultimate controlling party, or by any entity or combination of entities within the insurance holding company system, or by the insurance holding company system on a consolidated basis.

(2)(a) The commissioner may order any insurer registered under RCW 48.31B.025 to produce such records, books, papers, or other information in the possession of the insurer or its affiliates as are reasonably necessary to determine compliance with this title.
(b) To determine compliance with this title, the commissioner may order any insurer registered under RCW 48.31B.025 to produce information not in the possession of
the insurer if the insurer can obtain access to such information pursuant to contractual relationships, statutory obligations, or other method. In the event the insurer cannot obtain the information requested by the commissioner, the insurer shall provide the commissioner a detailed explanation of the reason that the insurer cannot obtain the information and the identity of the holder of information. Whenever it appears to the commissioner that the detailed explanation is without merit, the commissioner may require, after notice and hearing, the insurer to pay a fine of ten thousand dollars for each day's delay, or may suspend or revoke the insurer's license.

The commissioner shall transfer the fine collected under this section to the state treasurer for deposit into the general fund.

(3) The commissioner may retain at the registered insurer's expense such attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as are reasonably necessary to assist in the conduct of the examination under subsection (1) of this section. Any persons so retained are under the direction and control of the commissioner and shall act in a purely advisory capacity.

(4) Notwithstanding the provisions under RCW 48.03.060, each registered insurer producing for examination records, books, and papers under subsection (1) of this section is liable for and must pay the expense of the examination.

(5) In the event the insurer fails to comply with an order, the commissioner has the power to examine the affiliates to obtain the information. The commissioner also has the power to issue subpoenas, to administer oaths, and to examine under oath any person for purposes of determining compliance with this section. Upon the failure or refusal of any person to obey a subpoena, the commissioner may petition a court of competent jurisdiction, and upon proper showing, the court may enter an order compelling the witness to appear and testify or produce documentary evidence. Failure to obey the court order is punishable as contempt of court. Every person is required to attend as a witness at the place specified in the subpoena, when subpoenaed, anywhere within the state. Every person is entitled to the same fees and mileage, if claimed, as a witness as provided in RCW 48.03.070. The fees, mileage, and other actual expenses, if any, necessarily incurred in securing the attendance of witnesses, and their testimony, must be itemized and charged against, and be paid by, the company being examined. [2015 c 122 § 7; 1993 c 462 § 8.]

### 48.31B.037 Commissioner may participate in a supervisory college—Purposes—Costs. (Effective January 1, 2016.)

(1) With respect to any insurer registered under RCW 48.31B.025, and in accordance with subsection (3) of this section, the commissioner has the power to participate in a supervisory college for any domestic insurer that is part of an insurance holding company system with international operations in order to determine compliance by the insurer with this title.
