Chapter 1.50 RCW
WASHINGTON GIFT OF LIFE AWARD

Sections
1.50.006 Findings—Intent.
1.50.010 Definitions.
1.50.030 Washington gift of life award—Presentation.
1.50.040 Appearance of award—Inscription.

1.50.006 Findings—Intent. (1) The legislature finds that eighty-four people died waiting for an organ transplant in Washington state in 2013. The legislature further finds that more than two thousand six hundred people are currently waiting for a life-saving organ transplant in Washington state. Forty of those patients waiting are under the age of eighteen and more than two hundred of those patients have been waiting for more than five years for their life-saving gift. The legislature further finds that organ donation is a very rare and precious gift. Less than one percent of all people who die are eligible to donate their organs due to the unique circumstances needed at death to donate organs. Every donor is a critical donation to those waiting.

(2) Therefore, the legislature intends to update the gift of life award to recognize all Washington citizens who have donated critical life-saving organs. [2015 c 8 § 1.]

1.50.010 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Organ donor" means an individual who makes an anatomical gift of an organ under chapter 68.64 RCW.

(2) "Organ procurement organization" has the same meaning as in RCW 68.64.010. [2015 c 8 § 2; 2008 c 139 § 25; 1998 c 59 § 2.]

Uniformity of application and construction—2008 c 139: See RCW 68.64.902.

1.50.030 Washington gift of life award—Presentation. (1) The governor's office shall annually present the Washington gift of life award to families of donors who have donated organs in accordance with chapter 68.64 RCW.

Organ procurement organizations may nominate the individuals eligible under this section to represent all those who have donated organs during the previous calendar year and may submit documentation supporting the eligibility of the individuals to the governor's office. If more than one organ procurement organization is involved, they shall coordinate in harmony to designate by consensus the organ procurement organization among them to have primary administrative responsibility under this chapter.

(2) The governor's office shall present the awards on an annual basis to each eligible organ donor's family in coordination with the organ procurement organization. Only one award may be presented to the family of an organ donor.

(3) Organ procurement organizations shall seek permission from the family of organ donors selected to receive the gift of life award to release the name of the organ donor to the governor's office for printing of a gift of life certificate and use at any gift of life ceremonies or events. [2015 c 8 § 3; 1999 c 264 § 2; 1998 c 59 § 4.]

1.50.040 Appearance of award—Inscription. The Washington gift of life award shall consist of the seal of the state of Washington and be inscribed with the words: "For the greatest act of kindness in donating organs to save the lives of others." [2015 c 8 § 4; 1999 c 264 § 3; 1998 c 59 § 5.]

THERAPEUTIC COURTS

Sections
2.30.010 Findings—Scope of therapeutic court programs.
2.30.020 Definitions.
2.30.040 Funding—Federal funding—Use of state moneys.
2.30.050 Courts authorized to work cooperatively.

(1) The legislature finds that judges in the trial courts throughout the state effectively utilize what are known as therapeutic courts to remove a defendant's or respondent's case from the criminal and civil court traditional trial track and allow those defendants or respondents the opportunity to obtain treatment services to address particular issues that may have contributed to the conduct that led to their arrest or other issues before the court. Trial courts have proved adept at creating approaches in fashioning a wide variety of therapeutic courts addressing the spectrum of social issues that can contribute to criminal activity and engagement with the child welfare system.

(2) The legislature further finds that by focusing on the specific individual's needs, providing treatment for the issues presented, and ensuring rapid and appropriate accountability for program violations, therapeutic courts may decrease recidivism, improve the safety of the community, and improve the life of the program participant and the lives of the participant's family members by decreasing the severity and frequency of the specific behavior addressed by the therapeutic court.

(3) The legislature recognizes the inherent authority of the judiciary under Article IV, section 1 of the state Constitution to establish therapeutic courts, and the outstanding contributions to the state and local communities made by the establishment of therapeutic courts and desires to provide a general provision in statute acknowledging and encouraging the judiciary to provide for therapeutic court programs to address the particular needs within a given judicial jurisdiction.

(4) Therapeutic court programs may include, but are not limited to:
   (a) Adult drug court;
   (b) Juvenile drug court;
(c) Family dependency treatment court or family drug court;
(d) Mental health court, which may include participants with developmental disabilities;
(e) DUI court;
(f) Veterans treatment court;
(g) Truancy court;
(h) Domestic violence court;
(i) Gambling court;
(j) Community court;
(k) Homeless court;
(l) Treatment, responsibility, and accountability on campus (Back on TRAC) court. [2015 c 291 § 1.]

Conflict with federal requirements—2015 c 291: "If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state." [2015 c 291 § 14.]

2.30.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Emerging best practice" or "promising practice" means a program or practice that, based on statistical analyses or a well-established theory of change, shows potential for meeting the evidence-based or research-based criteria, which may include the use of a program that is evidence-based for outcomes other than those listed in this section.

(2) "Evidence-based" means a program or practice that:
(a) Has been tested in heterogeneous or intended populations with multiple randomized, or statistically controlled evaluations, or both; or one large multiple site randomized, or statistically controlled evaluation, or both, where the weight of the evidence from a systemic review demonstrates sustained improvements in at least one outcome; or 
(b) may be implemented with a set of procedures to allow successful replication in Washington and, when possible, is determined to be cost-beneficial.

(3) "Government authority" means prosecutor or other representative initiating action leading to a proceeding in therapeutic court.

(4) "Participant" means an accused person, offender, or respondent in the judicial proceeding.

(5) "Research-based" means a program or practice that has been tested with a single randomized, or statistically controlled evaluation, or both, demonstrating sustained desirable outcomes; or where the weight of the evidence from a systemic review supports sustained outcomes as described in this subsection but does not meet the full criteria for evidence-based.

(6) "Specialty court" and "therapeutic court" both mean a court utilizing a program or programs structured to achieve both a reduction in recidivism and an increase in the likelihood of rehabilitation, or to reduce child abuse and neglect, out-of-home placements of children, termination of parental rights, and substance abuse and mental health symptoms among parents or guardians and their children through continuous and intense judicially supervised treatment and the appropriate use of services, sanctions, and incentives.

(7) "Therapeutic court personnel" means the staff of a therapeutic court including, but not limited to: Court and clerk personnel with therapeutic court duties, prosecuting attorneys, the attorney general or his or her representatives, defense counsel, monitoring personnel, and others acting within the scope of therapeutic court duties.

(8) "Trial court" means a superior court authorized under Title 2 RCW or a district or municipal court authorized under Title 3 or 35 RCW. [2015 c 291 § 2.]

Conflict with federal requirements—2015 c 291: See note following RCW 2.30.010.

2.30.030 Therapeutic courts authorized—Establishment of processes—Determination of eligibility—Persons not eligible—Use of best practices—Dependency matters—Foreign law limitations. (1) Every trial and juvenile court in the state of Washington is authorized and encouraged to establish and operate therapeutic courts. Therapeutic courts, in conjunction with the government authority and subject matter experts specific to the focus of the therapeutic court, develop and process cases in ways that depart from traditional judicial processes to allow defendants or respondents the opportunity to obtain treatment services to address particular issues that may have contributed to the conduct that led to their arrest or involvement in the child welfare system in exchange for resolution of the case or charges. In criminal cases, the consent of the prosecutor is required.

(2) While a therapeutic court judge retains the discretion to decline to accept a case into the therapeutic court, and while a therapeutic court retains discretion to establish processes and determine eligibility for admission to the therapeutic court process unique to their community and jurisdiction, the effectiveness and credibility of any therapeutic court will be enhanced when the court implements evidence-based practices, research-based practices, emerging best practices, or promising practices that have been identified and accepted at the state and national levels. Promising practices, emerging best practices, and/or research-based programs are authorized where determined by the court to be appropriate. As practices evolve, the trial court shall regularly assess the effectiveness of its program and the methods by which it implements and adopts new best practices.

(3) Except under special findings by the court, the following individuals are not eligible for participation in therapeutic courts:
(a) Individuals who are currently charged or who have been previously convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030;
(b) Individuals who are currently charged with an offense alleging intentional discharge, threat to discharge, or attempt to discharge a firearm in furtherance of the offense;
(c) Individuals who are currently charged with or who have been previously convicted of vehicular homicide or an equivalent out-of-state offense; or
(d) Individuals who are currently charged with or who have been previously convicted of: An offense alleging substantial bodily harm or great bodily harm as defined in RCW 9A.04.110, or death of another person.

(4) Any jurisdiction establishing a therapeutic court shall endeavor to incorporate the therapeutic court principles of best practices as recognized by state and national therapeutic
court organizations in structuring a particular program, which may include:

(a) Determining the population;
(b) Performing a clinical assessment;
(c) Developing the treatment plan;
(d) Monitoring the participant, including any appropriate testing;
(e) Forging agency, organization, and community partnerships;
(f) Taking a judicial leadership role;
(g) Developing case management strategies;
(h) Addressing transportation, housing, and subsistence issues;
(i) Evaluating the program;
(j) Ensuring a sustainable program.

(5) Upon a showing of indigence under RCW 10.101.010, fees may be reduced or waived.

(6) The department of social and health services shall furnish services to therapeutic courts addressing dependency matters where substance abuse or mental health are an issue unless the court contracts with providers outside of the department.

(7) Any jurisdiction that has established more than one therapeutic court under this chapter may combine the functions of these courts into a single therapeutic court.

(8) Nothing in this section prohibits a district or municipal court from ordering treatment or other conditions of sentence or probation following a conviction, without the consent of either the prosecutor or defendant.

(9) No therapeutic or specialty court may be established specifically for the purpose of applying foreign law, including foreign criminal, civil, or religious law, that is otherwise not required by treaty.

(10) No therapeutic or specialty court established by court rule shall enforce a foreign law, if doing so would violate a right guaranteed by the Constitution of this state or of the United States. [2015 c 291 § 3.]

Conflict with federal requirements—2015 c 291: See note following RCW 2.30.010.

2.30.040 Funding—Federal funding—Use of state moneys. Jurisdictions may seek federal funding available to support the operation of its therapeutic court and associated services and must match, on a dollar-for-dollar basis, state moneys allocated for therapeutic courts with local cash or in-kind resources. Moneys allocated by the state may be used to supplement, not supplant other federal, state, and local funds for therapeutic courts. However, until June 30, 2016, no match is required for state moneys expended for the administrative and overhead costs associated with the operation of a therapeutic court authorized under this chapter. [2015 c 291 § 4.]

Conflict with federal requirements—2015 c 291: See note following RCW 2.30.010.

2.30.050 Courts authorized to work cooperatively. Individual trial courts are authorized and encouraged to establish multijurisdictional partnerships and/or interlocal agreements under RCW 39.34.180 to enhance and expand the coverage area of the therapeutic court. Specifically, district and municipal courts may work cooperatively with each other and with the superior courts to identify and implement nontraditional case processing methods which can eliminate traditional barriers that decrease judicial efficiency. [2015 c 291 § 6.]

Conflict with federal requirements—2015 c 291: See note following RCW 2.30.010.

2.30.060 Authorization for therapeutic courts existing on July 24, 2015. Any therapeutic court meeting the definition of therapeutic court in RCW 2.30.020 and existing on July 24, 2015, continues to be authorized. [2015 c 291 § 7.]

Conflict with federal requirements—2015 c 291: See note following RCW 2.30.010.

2.36.054 Jury source list—Master jury list—Creation. Unless otherwise specified by rule of the supreme court, the jury source list and master jury list for each county shall be created as provided by this section.

(1) The superior court of each county, after consultation with the county clerk and county auditor of that jurisdiction, shall annually notify the consolidated technology services agency not later than March 1st of each year of its election to use either a jury source list that is merged by the county or a jury source list that is merged by the consolidated technology services agency. The consolidated technology services agency shall annually furnish at no charge to the superior court of each county a separate list of the registered voters residing in that county as supplied annually by the secretary of state and a separate list of driver's license and identicard holders residing in that county as supplied annually by the department of licensing, or a merged list of all such persons residing in that county, in accordance with the annual notification required by this subsection. The lists provided by the consolidated technology services agency shall be in an electronic format mutually agreed upon by the superior court requesting it and the consolidated technology services agency. The annual merger of the list of registered voters residing in each county with the list of licensed drivers and identicard holders residing in each county to form a jury source list for each county shall be in accordance with the standards and methodology established in this chapter or by superseding court rule whether the merger is accomplished by the consolidated technology services agency or by a county.

(2) Persons on the lists of registered voters and driver's license and identicard holders shall be identified by a minimum of last name, first name, middle initial where available, date of birth, gender, and county of residence. Identifying information shall be used when merging the lists to ensure to the extent reasonably possible that persons are only listed once on the merged list. Conflicts in addresses are to be resolved by using the most recent record by date of last vote in a general election, date of driver's license or identicard address change or date of voter registration.

(3) The consolidated technology services agency shall provide counties that elect to receive a jury source list merged by the consolidated technology services agency with a list of names which are possible duplicates that cannot be resolved based on the identifying information required under subsection (2) of this section. If a possible duplication cannot subsequently be resolved satisfactorily through reasonable efforts by the county receiving the merged list, the possible duplicate name shall be stricken from the jury source list until the next annual jury source list is prepared. 2.36.057 Expanded jury source list—Court rules. The supreme court is requested to adopt court rules regarding methodology and standards for merging the list of registered voters in Washington state with the list of licensed drivers and identicard holders in Washington state for purposes of creating an expanded jury source list. The rules should specify the standard electronic format or formats in which the lists will be provided to requesting superior courts by the consolidated technology services agency. In the interim, and until such court rules become effective, the methodology and standards provided in RCW 2.36.054 shall apply. An expanded jury source list shall be available to the courts for use by September 1, 1994. [2015 3rd sp.s. c 1 § 401; 2015 c 225 § 2; 1993 c 408 § 1.]

Effective date—2015 3rd sp.s. c 1 §§ 401-405, 409, 411, and 412: "Sections 401 through 405, 409, 411, and 412 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 24, 2015." 2.36.100 Excuse from service—Reasons—Assignment to another term—Summons for additional service—Certification of prior service. (1) Except for a person who is not qualified for jury service under RCW 2.36.070, no person may be excused from jury service by the court except upon a showing of undue hardship, extreme inconvenience, public necessity, or any reason deemed sufficient by the court for a period of time the court deems necessary.

(2) At the discretion of the court’s designee, after a request by a prospective juror to be excused, a prospective juror excused from juror service for a particular time may be assigned to another jury term within the twelve-month period. If the assignment to another jury term is made at the time a juror is excused from the jury term for which he or she was summoned, a second summons under RCW 2.36.095 need not be issued.

(3) When the jury source list has been fully summoned within a consecutive twelve-month period and additional jurors are needed, jurors who have already served during the consecutive twelve-month period may be summoned again for service. A juror who has previously served may only be excused if he or she served at least one week of juror service within the preceding twelve months. An excuse for prior service shall be granted only upon the written request of the prospective juror, which request shall certify the terms of prior service. Prior jury service may include service in superior court, in a court of limited jurisdiction, in the United States District Court, or on a jury of inquest.

2.36.080 Selection of jurors—State policy—Exclusion for race, color, religion, sex, national origin, or economic status prohibited. (1) It is the policy of this state that all persons selected for jury service be selected at random from a fair cross section of the population of the area served by the court, and that all qualified citizens have the opportunity in accordance with chapter 135, Laws of 1979 ex. sess., to be considered for jury service in this state and have an obligation to serve as jurors when summoned for that purpose.

(2) It is the policy of this state to maximize the availability of residents of the state for jury service. It also is the policy of this state to minimize the burden on the prospective jurors, their families, and employers resulting from jury service. The jury term and jury service should be set at as brief an interval as is practical given the size of the jury source list for the judicial district. The optimal jury term is one week or less. Optimal juror service is one day or one trial, whichever is longer.

(3) A citizen shall not be excluded from jury service in this state on account of race, color, religion, sex, national origin, or economic status.

(4) This section does not affect the right to peremptory challenges under RCW 4.44.130. [2015 c 7 § 3; 1992 c 93 § 2; 1979 ex.s. c 135 § 2; 1967 c 39 § 1; 1911 c 57 § 2; RRS § 95. Prior: 1909 c 73 § 2.]

Chapter 2.70 OFFICE OF PUBLIC DEFENSE

2.70.060 Parents for parents program—"Child welfare parent mentor" defined. For the purposes of RCW 2.70.070 through 2.70.100, "child welfare parent mentor" means a parent who has successfully resolved the issues that led the parent’s child into the care of the juvenile dependency court system, resulting in family reunification or another permanency outcome, and who has an interest in working collaboratively to improve the lives of children and families. [2015 c 117 § 2.]

Intent—2015 c 117: "Early outreach and education helps shift the attitudes of parents involved in the dependency court system from anger and resentment to acknowledgment and acceptance, enhances parents’ engagement in court-ordered plans in the dependency system, and increases the likelihood of family reunification. The parents for parents program has been shown to increase the number of family reunifications, where appropriate, while decreasing the length of time needed to establish permanence. The program currently exists in nine counties: Grays Harbor/Pacific, King, Kitap, Pierce, Snohomish, Spokane, and Thurston/Mason. It is the legislature’s goal to continue to support the program in these counties, standardize the parents for parents curriculum among counties in which it is currently utilized, and replicate the program statewide by the end of the 2019-2021 biennium.” [2015 c 117 § 1.]

[2015 RCW Supp—page 6]
2.70.070 Parents for parents program—Goal—Structured peer mentoring. (1) The goal of the parents for parents program is to increase the permanency and well-being of children in foster care through peer mentoring that increases parental engagement and contributes to family reunification. 

(2) The parents for parents program may provide structured peer mentoring for families entering the dependency court system, administered by child welfare parent mentors. [2015 c 117 § 5.]

Intent—2015 c 117: See note following RCW 2.70.060.

2.70.080 Parents for parents program—Components of program. Subject to the availability of amounts appropriated for this specific purpose, components of the parents for parents program, provided by child welfare parent mentors, may include:

(1) Outreach and support to parents at dependency-related hearings, beginning with the shelter care hearing;

(2) A class that educates parents about the dependency system they must navigate in order to have their children returned, empowers them with tools and resources they need to be successful with their case plan, and provides information that helps them understand and support the needs of their children;

(3) Ongoing individual peer support to help parents involved with the child welfare system;

(4) Structured, curriculum-based peer support groups. [2015 c 117 § 4.]

Intent—2015 c 117: See note following RCW 2.70.060.

2.70.090 Parents for parents program—Funding, administration—Program advisors. (1) Subject to the availability of amounts appropriated for this specific purpose, the parents for parents program shall be funded through the office of public defense and centrally administered through a pass-through to a Washington state nonprofit-lead organization that has extensive experience supporting child welfare parent mentors.

(2) Through the contract with the lead organization, each local program must be locally administered by the county superior court or a nonprofit organization that shall serve as the host organization.

(3) Local stakeholders representing key child welfare systems shall serve as parents for parents program advisors. Examples of local stakeholders include the children's administration, the superior court, attorneys for the parents, assistant attorneys general, and court-appointed special advocates or guardians ad litem.

(4) A child welfare parent mentor lead shall provide program coordination and maintain local program information.

(5) The lead organization shall provide ongoing training to the host organizations, statewide program oversight and coordination, and maintain statewide program information. [2015 c 117 § 5.]

Intent—2015 c 117: See note following RCW 2.70.060.

2.70.100 Parents for parents program—Evaluation—Reports to the legislature. (1) Subject to the availability of amounts appropriated for this specific purpose, a research entity with experience in child welfare research shall conduct an evaluation of the parents for parents program. The evaluation design must meet the standards necessary to determine whether parents for parents can be considered a research-based program.

(2) A preliminary report to the legislature must be provided by December 1, 2016. At a minimum, the preliminary report must include statistics showing rates of attendance at court hearings and compliance with court-ordered services and visitation. The report must also address whether participation in the program affected participants' overall understanding of the dependency court process.

(3) A subsequent report must be delivered to the legislature by December 1, 2019. In addition to the information required under subsection (2) of this section, this report must include statistics demonstrating the effect of the program on reunification rates and lengths of time families were engaged in the dependency court system before achieving permanency. [2015 c 117 § 6.]

4.24.660 Liability of school districts under contracts with youth programs.

4.24.795 Distribution of intimate images—Liability for damages, other civil penalties—Confidentiality of the plaintiff.

4.24.820 Nonrecognition of foreign order—Incompatibility with public policy.

4.24.550 Sex offenders and kidnapping offenders—Release of information to public—Web site. (1) In addition to the disclosure under subsection (5) of this section, public agencies are authorized to release information to the public regarding sex offenders and kidnapping offenders when the agency determines that disclosure of the information is relevant and necessary to protect the public and counteract the danger created by the particular offender. This authorization applies to information regarding: (a) Any person adjudicated or convicted of a sex offense as defined in RCW 9A.44.128 or a kidnapping offense as defined by RCW 9A.44.128; (b) any person under the jurisdiction of the indeterminate sentence review board as the result of a sex offense or kidnapping offense; (c) any person committed as a sexually violent predator under chapter 71.09 RCW or as a sexual...
psychopath under chapter 71.06 RCW; (d) any person found not guilty of a sex offense or kidnapping offense by reason of insanity under chapter 10.77 RCW; and (e) any person found incompetent to stand trial for a sex offense or kidnapping offense and subsequently committed under chapter 71.05 or 71.34 RCW.

(2) Except for the information specifically required under subsection (5) of this section, the extent of the public disclosure of relevant and necessary information shall be rationally related to: (a) The level of risk posed by the offender to the community; (b) the locations where the offender resides, expects to reside, or is regularly found; and (c) the needs of the affected community members for information to enhance their individual and collective safety.

(3) Except for the information specifically required under subsection (5) of this section, local law enforcement agencies shall consider the following guidelines in determining the extent of a public disclosure made under this section:

(a) For offenders classified as risk level I, the agency shall share information with other appropriate law enforcement agencies and, if the offender is a student, the public or private school regulated under Title 28A RCW or chapter 72.40 RCW which the offender is attending, or planning to attend. The agency may disclose, upon request, relevant, necessary, and accurate information to any victim or witness to the offense, any individual community member who lives near the residence where the offender resides, expects to reside, or is regularly found, and any individual who requests information regarding a specific offender; (b) for offenders classified as risk level II, the agency may also disclose relevant, necessary, and accurate information to public and private schools, child day care centers, family day care providers, public libraries, businesses and organizations that serve primarily children, women, or vulnerable adults, and neighbors and community groups near the residence where the offender resides, expects to reside, or is regularly found; (c) for offenders classified as risk level III, the agency may also disclose relevant, necessary, and accurate information to the public at large; and (d) because more localized notification is not feasible and homeless and transient offenders may present unique risks to the community, the agency may also disclose relevant, necessary, and accurate information to the public at large for offenders registered as homeless or transient.

(4) The county sheriff with whom an offender classified as risk level III is registered shall release a sex offender community notification that conforms to the guidelines established under RCW 4.24.550.

(5)(a) When funded by federal grants or other sources, the Washington association of sheriffs and police chiefs shall create and maintain a statewide registered kidnapping and sex offender web site, which shall be available to the public. The web site shall post all level III and level II registered sex offenders, level I registered sex offenders only during the time they are out of compliance with registration requirements under RCW 9A.44.130 or if lacking a fixed residence as provided in RCW 9A.44.130, and all registered kidnapping offenders in the state of Washington.

(i) For level III offenders, the web site shall contain, but is not limited to, the registered sex offender's name, relevant criminal convictions, address by hundred block, physical description, and photograph. The web site shall provide mapping capabilities that display the sex offender's address by hundred block on a map. The web site shall allow citizens to search for registered sex offenders within the state of Washington by county, city, zip code, last name, and address by hundred block.

(ii) For level II offenders, and level I sex offenders during the time they are out of compliance with registration requirements under RCW 9A.44.130, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(iii) For kidnapping offenders, the web site shall contain, but is not limited to, the same information and functionality as described in (a)(i) of this subsection, provided that it is permissible under state and federal law. If it is not permissible, the web site shall be limited to the information and functionality that is permissible under state and federal law.

(b) Law enforcement agencies must provide information requested by the Washington association of sheriffs and police chiefs to administer the statewide registered kidnapping and sex offender web site.

(c)(i) Within five business days of the Washington association of sheriffs and police chiefs receiving any public record request under chapter 42.56 RCW for sex offender and kidnapping offender information, records or web site data it holds or maintains pursuant to this section or a unified sex offender registry, the Washington association of sheriffs and police chiefs shall refer the requester in writing to the appropriate law enforcement agency or agencies for submission of such a request. The Washington association of sheriffs and police chiefs shall have no further obligation under chapter 42.56 RCW for responding to such a request.

(ii) This subparagraph (c) of this section is remedial and applies retroactively.

(6)(a) Law enforcement agencies responsible for the registration and dissemination of information regarding offenders required to register under RCW 9A.44.130 shall assign a risk level classification to all offenders after consideration of: (i) Any available risk level classifications provided by the department of corrections, the department of social and health services, and the indeterminate sentence review board; (ii) the agency's own application of a sex offender risk assessment tool; and (iii) other information and aggravating or mitigating factors known to the agency and deemed rationally related to the risk posed by the offender to the community at large.

(b) A sex offender shall be classified as a risk level I if his or her risk assessment and other information or factors deemed relevant by the law enforcement agency indicate he or she is at a low risk to sexually reoffend within the community at large. A sex offender shall be classified as a risk level II if his or her risk assessment and other information or factors deemed relevant by the law enforcement agency indicate he or she is at a moderate risk to sexually reoffend within the community at large. A sex offender shall be classified as a risk level III if his or her risk assessment and other information or factors deemed relevant by the law enforcement agency indicate he or she is at a high risk to sexually reoffend within the community at large.
agency indicate he or she is at a high risk to sexually reoffend within the community at large.

(c) The agency shall make a good faith effort to notify the public and residents within a reasonable period of time after the offender registers with the agency.

(d) Agencies may develop a process to allow an offender to petition for review of the offender’s assigned risk level classification. The timing, frequency, and process for review are at the sole discretion of the agency.

(7) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or units of local government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any discretionary risk level classification decisions or release of relevant and necessary information, unless it is shown that the official, employee, or agency acted with gross negligence or in bad faith. The immunity in this section applies to risk level classification decisions and the release of relevant and necessary information regarding any individual for whom disclosure is authorized. The decision of a law enforcement agency or official to classify an offender to a risk level other than the one assigned by the department of corrections, the department of social and health services, or the indeterminate sentence review board, or the release of any relevant and necessary information based on that different classification shall not, by itself, be considered gross negligence or bad faith. The immunity provided under this section applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a public official, public employee, or public agency for failing to release information authorized under this section.

(9) Nothing in this section implies that information regarding persons designated in subsection (1) of this section is confidential except as may otherwise be provided by law.

(10) When a law enforcement agency or official classifies an offender differently than the offender is classified by the end of sentence review committee at the time of the offender's release from confinement, the law enforcement agency or official shall notify the end of sentence review committee and the Washington state patrol and submit its reasons supporting the change in classification.

(11) As used in this section, "law enforcement agency" means a general authority Washington law enforcement agency as defined in RCW 10.93.020. [2015 c 261 § 1; 2011 c 337 § 1; 2008 c 98 § 1. Prior: 2005 c 380 § 2; 2005 c 228 § 1; 2005 c 99 § 1; 2003 c 217 § 1; 2002 c 118 § 1; prior: 2001 c 283 § 2; 2001 c 169 § 2; 1998 c 220 § 6; prior: 1997 c 364 § 1; 1997 c 113 § 2; 1996 c 215 § 1; 1994 c 129 § 2; 1990 c 3 § 117.]

Effective date—2005 c 380: See note following RCW 9A.44.130.

Findings—Intent—1997 c 113: "The legislature finds that offenders who commit kidnapping offenses against minor children pose a substantial threat to the well-being of our communities. Child victims are especially vulnerable and unable to protect themselves. The legislature further finds that requiring sex offenders to register has assisted law enforcement agencies in protecting their communities. Similar registration requirements for offenders who have kidnapped or unlawfully imprisoned a child would also assist law enforcement agencies in protecting the children in their communities from further victimization." [1997 c 113 § 1.]

4.24.660 Liability of school districts under contracts with youth programs. (1) A school district shall not be liable for an injury to or the death of a person due to action or inaction of persons employed by, or under contract with, a youth program if:

(a) The action or inaction takes place on school property and during the delivery of services of the youth program;

(b) The private nonprofit group provides proof of being insured, under an accident and liability policy issued by an insurance company authorized to do business in this state, that covers any injury or damage arising from delivery of its services. Coverage for a policy meeting the requirements of this section must be at least fifty thousand dollars due to bodily injury or death of one person, or at least one hundred thousand dollars due to bodily injury or death of two or more persons in any incident. The private nonprofit shall also provide a statement of compliance with the policies for the management of concussion and head injury in youth sports as set forth in RCW 28A.600.190 and a statement of compliance with the policies for sudden cardiac arrest awareness as set forth in RCW 28A.600.195; and

(c) The group provides proof of such insurance before the first use of the school facilities. The immunity granted shall last only as long as the insurance remains in effect.

Findings—Intent—1994 c 129: "The legislature finds that members of the public may be alarmed when law enforcement officers notify them that a sex offender who is about to be released from custody will live in or near their neighborhood. The legislature also finds that if the public is provided adequate notice and information, the community can develop constructive plans to prepare themselves and their children for the offender's release. A sufficient time period allows communities to meet with law enforcement to discuss and prepare for the release, to establish block watches, to obtain information about the rights and responsibilities of the community and the offender, and to provide education and counseling to their children. Therefore, the legislature intends that when law enforcement officials decide to notify the public about a sex offender's pending release that notice be given at least fourteen days before the offender's release whenever possible." [1994 c 129 § 1.]

Finding—Policy—1990 c 3 § 117: "The legislature finds that sex offenders pose a high risk of engaging in sex offenses even after being released from incarceration or commitment and that protection of the public from sex offenders is a paramount governmental interest. The legislature further finds that the penal and mental health components of our justice system are largely hidden from public view and that lack of information from either may result in failure of both systems to meet this paramount concern of public safety. Overly restrictive confidentiality and liability laws governing the release of information about sexual predators have reduced willingness to release information that could be appropriately released under the public disclosure laws, and have increased risks to public safety. Persons found to have committed a sex offense have a reduced expectation of privacy because of the public's interest in public safety and in the effective operation of government. Release of information about sexual predators to public agencies and under limited circumstances, the general public, will further the governmental interests of public safety and public scrutiny of the criminal and mental health systems so long as the information released is rationally related to the furtherance of those goals. Therefore, this state's policy as expressed in RCW 4.24.550 is to require the exchange of relevant information about sexual predators among public agencies and officials and to authorize the release of necessary and relevant information about sexual predators to members of the general public."       (c) The circumstances under which the intimate image was distributed; and

This affirmative defense shall not apply to matters defined under RCW 9.68A.011.

   (5) As used in this section, "intimate image" means any photograph, motion picture film, videotape, digital image, or any other recording or transmission of another person who is identifiable from the image itself or from information displayed with or otherwise connected to the image, and that was taken in a private setting, is not a matter of public concern, and depicts:
      (a) Sexual activity, including sexual intercourse as defined in RCW 9A.44.010 and masturbation; or

4.24.820 Nonrecognition of foreign order—Incompatibility with public policy. (1) Washington's courts, administrative agencies, or any other Washington tribunal shall not recognize, base any ruling on, or enforce any order issued under foreign law, or by a foreign legal system, that is manifestly incompatible with public policy.

   (2) For purposes of this chapter, a foreign law, an order issued by a foreign legal system or foreign tribunal is presumed manifestly incompatible with public policy, when it does not, or would not, grant the parties all of the same rights, or when the enforcement of any order would result in a violation of any right, guaranteed by the Washington state and United States Constitutions. No action subject to the claim filing requirements of RCW 4.92.100 shall be commenced against the state, or against any state officer, employee, or volunteer, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim is presented to the office of risk management in the department of enterprise services. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed. Intent—Effective date—2002 c 332: See notes following RCW 43.19.760.
4.96.020 Tortious conduct of local governmental entities and their agents—Claims—Presentment and filing—Contents. (1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail, or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(3) For claims for damages presented after July 26, 2009, all claims for damages must be presented on the standard tort claim form that is maintained by the office of risk management in the department of enterprise services, except as allowed under (c) of this subsection. The standard tort claim form must be posted on the department of enterprise services' web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances that brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;

(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(c) Local governmental entities shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity. If a local governmental entity chooses to also make available its own tort claim form in lieu of the standard tort claim form, the form:

(i) May require additional information beyond what is specified under this section, but the local governmental entity may not deny a claim because of the claimant's failure to provide that additional information;

(ii) Must not require the claimant's social security number; and

(iii) Must include instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity appointed to receive the claim.

(d) If any claim form provided by the local governmental entity fails to require the information specified in this section, or incorrectly lists the agent with whom the claim is to be filed, the local governmental entity is deemed to have waived any defense related to the failure to provide that specific information or to present the claim to the proper designated agent.

(e) Presenting either the standard tort claim form or the local government tort claim form satisfies the requirements of this chapter.

(f) The amount of damages stated on the claim form is not admissible at trial.

(4) No action subject to the claim filing requirements of this section shall be commenced against any local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim has first been presented to the agent of the governing body thereof. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

(5) With respect to the content of claims under this section and all procedural requirements in this section, this section must be liberally construed so that substantial compliance will be deemed satisfactory. [2015 c 225 § 6; 2012 c 250 § 2; 2009 c 433 § 1; 2006 c 82 § 3; 2001 c 119 § 2; 1993 c 449 § 3; 1967 c 164 § 4.]

5.70.020 Destruction of DNA reference samples—Expungement of DNA reference sample data.

5.70.010 Preservation of DNA work product—Definitions—Failure to preserve DNA work product. (1) In any felony case initially charged as a violent or sex offense, as defined in RCW 9.94A.030, a governmental entity shall preserve any DNA work product that has been secured in connection with the criminal case according to the following guidelines:

(a) Except as provided in (b) of this subsection, where a defendant has been charged and convicted in connection with the case, the DNA work product must be maintained throughout the length of the sentence, including any period of community custody extending through final discharge;

(b) Where a defendant has been convicted and sentenced under RCW 9.94A.507 in connection with the case, the DNA work product must be maintained for ninety-nine years or until the death of the defendant, whichever is sooner; and

(c) Where no conviction has been made in connection with the case, the DNA work product must be maintained for ninety-nine years or throughout the period of the statute of limitations pursuant to RCW 9A.04.080, whichever is sooner.

(2) Notwithstanding subsection (1) of this section, in any felony case regardless of whether the identity of the offender is known and law enforcement has probable cause sufficient to believe the elements of a violent or sex offense as defined in RCW 9.94A.030 have been committed, a governmental entity shall preserve any DNA work product, including a sexual assault examination kit, secured in connection with the criminal case for ninety-nine years or throughout the period of the statute of limitations pursuant to RCW 9A.04.080, whichever is sooner.

(3) For purposes of this section:

(a) "Amplified DNA" means DNA generated during scientific analysis using a polymerase chain reaction.

(b) "DNA work product" means (i) product generated during the process of scientific analysis of such material, except amplified DNA, material that had been subjected to DNA extraction, and DNA extracts from reference samples; or (ii) any material contained on a microscope slide, swab, in a sample tube, cutting, DNA extract, or some other similar retention method used to isolate potential biological evidence that has been collected by law enforcement as part of its investigation and prepared for scientific analysis, whether or not it is submitted for scientific analysis and derived from:

(A) The contents of a sexual assault examination kit;

(B) Blood;

(C) Semen;

(D) Hair;

(E) Saliva;

(F) Skin tissue;

(G) Fingerprints;

(H) Bones;

(I) Teeth; or

(J) Any other identifiable human biological material or physical evidence.

Notwithstanding the foregoing, "DNA work product" does not include a reference sample collected unless it has been shown through DNA comparison to associate the source of the sample with the criminal case for which it was collected.

(c) "Governmental entity" means any general law enforcement agency or any person or organization officially acting on behalf of the state or any political subdivision of the state involved in the collection, examination, tracking, packaging, storing, or disposition of biological material collected in connection with a criminal investigation relating to a felony offense.

(d) "Reference sample" means a known sample collected from an individual by a governmental entity for the purpose of comparison to DNA profiles developed in a criminal case.

(4) The failure of a law enforcement agency to preserve DNA work product does not constitute grounds in any criminal proceeding for challenging the admissibility of other DNA work product that was preserved in a case, and any evidence offered may not be excluded by a court on those grounds. The court may not set aside the conviction or sentence or order the reversal of a conviction under this section on the grounds that the DNA work product is no longer available. Unless the court finds that DNA work product was destroyed with malicious intent to violate this section, a person accused of committing a crime against a person has no cause of action against a law enforcement agency for failure to comply with the requirements of this section. If the court finds that DNA work product was destroyed with malicious intent to violate this section, the court may impose appropriate sanctions. Nothing in this section may be construed to create a private right of action on the part of any individual or entity against any law enforcement agency or any contractor of a law enforcement agency. [2015 c 221 § 1.]

5.70.020 Destruction of DNA reference samples—Expungement of DNA reference sample data. (1) Nothing in this chapter precludes the trial court from ordering the destruction of DNA reference samples contributed by a defendant who was charged and acquitted or whose conviction was overturned in connection with a violent or sex offense as defined in RCW 9.94A.030.

(2)(a) A person may submit an application to the Washington state patrol to have his or her DNA reference sample data expunged from the Washington state patrol's DNA identification system in cases where: (i) The person's DNA reference sample was collected and entered into the system and (ii) the charges against the person were dismissed with prejudice or the person was found not guilty.

(b) The Washington state patrol must expunge the person's DNA reference sample data if he or she meets the criteria established in law or by rule. [2015 c 221 § 2.]

7.05.010 Scope of application. (1) This chapter applies to international commercial arbitration, subject to any agreement between the United States and any other country or countries.

(2) The provisions of this chapter, except RCW 7.05.090, 7.05.100, 7.05.260, 7.05.270, 7.05.280, 7.05.460, and 7.05.470, apply only if the place of arbitration is in the territory of this state.

(3) An arbitration is international if:

(a) The parties to an arbitration agreement have, at the time of the conclusion of that agreement, their places of business in different countries;

(b) One of the following places is situated outside the country or countries in which the parties have their places of business:

(i) The place of arbitration if determined in, or pursuant to, the arbitration agreement; or

(ii) Any place where a substantial part of the obligations of the commercial relationship is to be performed or the place with which the subject matter of the dispute is most closely connected; or

(c) The parties have expressly agreed that the subject matter of the arbitration agreement relates to more than one country.

(4) For the purposes of subsection (3) of this section:

(a) If a party has more than one place of business, the place of business is that which has the closest relationship to the arbitration agreement; and

(b) If a party does not have a place of business, reference is to be made to the party's habitual residence.

(5) This chapter shall not affect any other law of this state by virtue of which certain disputes may not be submitted to arbitration or may be submitted to arbitration only according to provisions other than those of this chapter. [2015 c 276 § 1.]

7.05.020 Definitions and rules of interpretation. (1) For the purpose of this chapter:

(a) "Arbitration" means any arbitration whether or not administered by a permanent arbitral institution.

(b) "Arbitral tribunal" means a sole arbitrator or a panel of arbitrators.

(c) "Commercial" means matters arising from all relationships of a commercial nature, whether contractual or not, including, but not limited to, any of the following transactions:

(i) A transaction for the supply or exchange of goods or services;

(ii) A distribution agreement;

(iii) A commercial representation or agency;

(iv) An exploitation agreement or concession;

(v) A joint venture or other related form of industrial or business cooperation;

(vi) The carriage of goods or passengers by air, sea, rail, or road;

(viii) Insurance;

(ix) Licensing;

(x) Factoring;

(xi) Leasing;

(xii) Consulting;

(xiii) Engineering;

(xiv) Financing;

(xv) Banking;

(xvi) The transfer of data or technology;

(xvii) Intellectual or industrial property, including trademarks, patents, copyrights, and software programs; and

(xviii) Professional services.

(d) "Court" means a body or organ of the judicial system of this state.
(2) Where a provision of this chapter, except RCW 7.05.390, leaves the parties free to determine a certain issue, such freedom includes the right of the parties to authorize a third party, including an institution, to make that determination.

(3) Where a provision of this chapter refers to the fact that the parties have agreed, that they may agree, or in any other way refers to an agreement of the parties, such agreement includes any arbitration rules referred to in that agreement.

(4) Where a provision of this chapter, other than in RCW 7.05.360(1) and 7.05.430(2)(a), refers to a claim, it also applies to a counter-claim, and where it refers to a defense, it also applies to a defense to such counter-claim. [2015 c 276 § 2.]

7.05.030 International origin and general principles.

(1) In the interpretation of this chapter, regard is to be had to its international origin and to the need to promote uniformity in its application and the observance of good faith.

(2) Questions concerning matters governed by this chapter which are not expressly settled in it are to be settled in conformity with the general principles on which this chapter is based. [2015 c 276 § 3.]

7.05.040 Receipt of written communications. (1) Unless otherwise agreed by the parties:

(a) Any written communication is deemed to have been received if it is delivered to the addressee personally or if it is delivered at the addressee's place of business, habitual residence, or mailing address. If none of these can be found after making a reasonable inquiry, a written communication is deemed to have been received if it is sent to the addressee's last-known place of business, habitual residence, or mailing address by registered letter or any other means which provides a record of the attempt to deliver it; and

(b) The communication is deemed to have been received on the day it is so delivered.

(2) The provisions of this section do not apply to communications in court proceedings. [2015 c 276 § 4.]

7.05.050 Waiver of right to object. A party who knows that any provision of this chapter from which the parties may derogate or any requirement under the arbitration agreement has not been complied with and yet proceeds with the arbitration without stating the party's objection to such noncompliance without undue delay or, if a time limit is provided therefore, within such period of time, shall be deemed to have waived the party's right to object. [2015 c 276 § 5.]

7.05.060 Extent of court intervention. In matters governed by this chapter, no court shall intervene except where so provided in this chapter. [2015 c 276 § 6.]

7.05.070 Court authority for certain functions of arbitration assistance and supervision. (1) The functions referred to in RCW 7.05.120(3) and (4), 7.05.140(3), 7.05.150, 7.05.170(3), and 7.05.450(2) shall be performed by the superior court of the county in which the agreement to arbitrate is to be performed or was made.

(2) If the arbitration agreement does not specify a county where the agreement to arbitrate is to be performed and the agreement was not made in any county in the state of Washington, the functions referred to in RCW 7.05.120(3) and (4), 7.05.140(3), 7.05.150, 7.05.170(3), and 7.05.450(2) shall be performed in the county where any party to the court proceeding resides or has a place of business.

(3) In any case not covered by subsections (1) or (2) of this section, the functions referred to in RCW 7.05.120(3) and (4), 7.05.140(3), 7.05.150, 7.05.170(3), and 7.05.450(2) shall be performed in any county in the state of Washington. [2015 c 276 § 7.]

7.05.080 Arbitration agreement—Definition and form. (1) For the purposes of this chapter, "arbitration agreement" is an agreement by the parties to submit to arbitration all or certain disputes which have arisen or which may arise between them in respect of a defined legal relationship, whether contractual or not. An arbitration agreement may be in the form of an arbitration clause in a contract or in the form of a separate agreement.

(2) The arbitration agreement shall be in writing.

(3) An arbitration agreement is in writing if its content is recorded in any form, whether or not the arbitration agreement or contract has been concluded orally, by conduct, or by other means.

(4) The requirement that an arbitration agreement be in writing is met by an electronic communication if the information contained therein is accessible so as to be usable for subsequent reference. For the purposes of this section, "electronic communication" means any communication that the parties make by means of data messages; and "data message" means information generated, sent, received, or stored by electronic, magnetic, optical, or similar means, including, but not limited to, electronic data interchange (EDI), electronic mail, telegram, telex, or telecopy.

(5) An arbitration agreement is in writing if it is contained in an exchange of statements of claim and defense in which the existence of an agreement is alleged by one party and not denied by the other.

(6) The reference in a contract to any document containing an arbitration clause constitutes an arbitration agreement in writing, provided that the reference is such as to make that clause part of the contract. [2015 c 276 § 8.]

7.05.090 Arbitration agreement—Substantive claim before court. (1) A court before which an action is brought in a matter which is the subject of an arbitration agreement shall, if a party so requests not later than when submitting the party's first statement on the substance of the dispute, refer the parties to arbitration unless it finds that the agreement is null and void, inoperative, or incapable of being performed.

(2) Where an action referred to in subsection (1) of this section has been brought, arbitral proceedings may nevertheless be commenced or continued, and an award made, while the issue is pending before the court. [2015 c 276 § 9.]

7.05.100 Arbitration agreement—Interim measures by court. It is not incompatible with an arbitration agreement for a party to request, before or during arbitral proceed-
ings, from a court an interim measure of protection and for a court to grant such measure. [2015 c 276 § 10.]

7.05.110 Number of arbitrators—Immunity. (1) The parties are free to determine the number of arbitrators.
(2) Failing such determination, the number of arbitrators shall be three.
(3) An arbitrator has the immunity of a judicial officer from civil liability when acting in the capacity of arbitrator under any statute or contract. The immunity afforded by this section shall supplement, and not supplant, any otherwise applicable common law or statutory immunity. [2015 c 276 § 11.]

7.05.120 Appointment of arbitrators. (1) No person shall be precluded because of the person's nationality from acting as an arbitrator, unless otherwise agreed to by the parties.
(2) The parties are free to agree on a procedure of appointing the arbitrator or arbitrators, subject to the provisions of subsections (4) and (5) of this section.
(3) Failing such agreement:
(a) In an arbitration with three arbitrators, each party shall appoint one arbitrator, and the two arbitrators thus appointed shall appoint the third arbitrator; if a party fails to appoint the arbitrator within thirty days of receipt of a request to do so from the other party, or if the two arbitrators fail to agree on the third arbitrator within thirty days of their appointment, the appointment shall be made, upon request of a party, by the court specified in RCW 7.05.070; and
(b) In an arbitration with a sole arbitrator, if the parties are unable to agree on the arbitrator, the arbitrator shall be appointed, upon request of a party, by the court specified in RCW 7.05.070.
(4) Where, under an appointment procedure agreed upon by the parties:
(a) A party fails to act as required under such procedure;
(b) The parties, or two arbitrators, are unable to reach an agreement expected of them under such procedure; or
(c) A third party, including an institution, fails to perform any function entrusted to it under such procedure;
Any party may request the court specified in RCW 7.05.070 to take the necessary measure, unless the agreement on the appointment procedure provides other means for securing the appointment.
(5) A decision on a matter entrusted by subsection (3) or (4) of this section to the court specified in RCW 7.05.070 shall be subject to no appeal. The court, in appointing an arbitrator, shall have due regard to any qualifications required of the arbitrator by the agreement of the parties and to such considerations as are likely to secure the appointment of an independent and impartial arbitrator and, in the case of a sole or third arbitrator, shall take into account as well the advisability of appointing an arbitrator of a nationality other than those of the parties. [2015 c 276 § 12.]

7.05.130 Disclosure requirements—Grounds for challenge. (1) When a person is approached in connection with the person's possible appointment as an arbitrator, the person shall disclose any circumstances likely to give rise to justifiable doubts as to the person's impartiality or independence. An arbitrator, from the time of the arbitrator's appointment and throughout the arbitral proceedings, shall without delay disclose any such circumstances to the parties unless they have already been informed of them by the arbitrator.
(2) An arbitrator may be challenged only if circumstances exist that give rise to justifiable doubts as to the arbitrator's impartiality or independence, or if the arbitrator does not possess qualifications agreed to by the parties. A party may challenge an arbitrator appointed by the party, or in whose appointment the party has participated, only for reasons of which the party becomes aware after the appointment has been made. [2015 c 276 § 13.]

7.05.140 Challenge procedure. (1) The parties are free to agree on a procedure for challenging an arbitrator, subject to the provisions of subsection (3) of this section.
(2) Failing such agreement, a party who intends to challenge an arbitrator shall, within fifteen days after becoming aware of the constitution of the arbitral tribunal or after becoming aware of any circumstance referred to in RCW 7.05.130(2), send a written statement of the reasons for the challenge to the arbitral tribunal. Unless the challenged arbitrator withdraws from the arbitrator's office or the other party agrees to the challenge, the arbitral tribunal shall decide on the challenge.
(3) If a challenge under any procedure agreed upon by the parties or under the procedure of subsection (2) of this section is not successful, the challenging party may request, within thirty days after having received notice of the decision rejecting the challenge, the court specified in RCW 7.05.070 to decide on the challenge, which decision shall be subject to no appeal. While such a request is pending, the arbitral tribunal, including the challenged arbitrator, may continue the arbitral proceedings and make an award. [2015 c 276 § 14.]

7.05.150 Failure or impossibility to act. (1) If an arbitrator becomes de jure or de facto unable to perform the arbitrator's functions or for other reasons fails to act without undue delay, the arbitrator's mandate terminates if the arbitrator withdraws from the arbitrator's office or if the parties agree on the termination. Otherwise, if a controversy remains concerning any of these grounds, any party may request the court specified in RCW 7.05.070 to decide on the termination of the mandate, which decision shall be subject to no appeal.
(2) If, under this section or RCW 7.05.140(2), an arbitrator withdraws from the arbitrator's office or a party agrees to the termination of the mandate of an arbitrator, this does not imply acceptance of the validity of any ground referred to in this section or RCW 7.05.130(2). [2015 c 276 § 15.]

7.05.160 Appointment of substitute arbitrator. Where the mandate of an arbitrator terminates under RCW 7.05.140 or 7.05.150 or because of the arbitrator's withdrawal from office for any other reason or because of the revocation of the arbitrator's mandate by agreement of the parties or in any other case of termination of the arbitrator's mandate, a substitute arbitrator shall be appointed according to the rules that were applicable to the appointment of the arbitrator being replaced. [2015 c 276 § 16.]

7.05.170 Competence of arbitral tribunal to rule on its own jurisdiction. (1) The arbitral tribunal may rule on its
own jurisdiction, including any objections with respect to the existence or validity of the arbitration agreement. For that purpose, an arbitration clause which forms part of a contract shall be treated as an agreement independent of the other terms of the contract. A decision by the arbitral tribunal that the contract is null and void shall not entail *ipso jure* the invalidity of the arbitration clause.

(2) A plea that the arbitral tribunal does not have jurisdiction shall be raised not later than the submission of the statement of defense. A party is not precluded from raising such a plea by the fact that the party has appointed, or participated in the appointment of, an arbitrator. A plea that the arbitral tribunal is exceeding the scope of its authority shall be raised as soon as the matter alleged to be beyond the scope of its authority is raised during the arbitral proceedings. The arbitral tribunal may, in either case, admit a later plea if it considers the delay justified.

(3) The arbitral tribunal may rule on a plea referred to in subsection (2) of this section either as a preliminary question or in an award on the merits. If the arbitral tribunal rules as a preliminary question that it has jurisdiction, any party may request, within thirty days after having received notice of that ruling, the court specified in RCW 7.05.070 to decide the matter, which decision shall be subject to no appeal. While such a request is pending, the arbitral tribunal may continue the arbitral proceedings and make an award.  

(4) A preliminary measure is any temporary measure, whether in the form of an award or in another form, by which, at any time prior to the issuance of the award by which the dispute is finally decided, the arbitral tribunal orders a party to:

(a) Maintain or restore the status quo pending determination of the dispute;

(b) Take action that would prevent, or refrain from taking action that is likely to cause, current or imminent harm or prejudice to the arbitral process itself;

(c) Provide a means of preserving assets out of which a subsequent award may be satisfied; or

(d) Preserve evidence that may be relevant and material to the resolution of the dispute.  

(5) The conditions defined under RCW 7.05.190 apply to any preliminary order, provided that the harm to be assessed under RCW 7.05.190(1)(a) is the harm likely to result from the order being granted or not.  

(6) A preliminary order does not constitute an award.  

(7) The arbitral tribunal may modify, suspend, or terminate an interim measure or a preliminary order it has granted upon application of any party or, in exceptional circumstances and upon prior notice to the parties, on the arbitral tribunal's own initiative.  

(8) A preliminary order shall be binding on the parties but shall not be subject to enforcement by a court. Such a preliminary order does not constitute an award.  

(9) The arbitral tribunal may require the party requesting an interim measure to provide appropriate security in connection with the measure.

(10) The arbitral tribunal shall require the party applying for a preliminary order to provide security in connection with the order unless the arbitral tribunal considers it inappropriate to do so.  

[2015 RCW Supp—page 18]
7.05.240 Disclosures. (1) The arbitral tribunal may require any party promptly to disclose any material change in the circumstances on the basis of which the measure was requested or granted.

(2) The party applying for a preliminary order shall disclose to the arbitral tribunal all circumstances that are likely to be relevant to the arbitral tribunal's determination whether to grant or maintain the order, and such obligation shall continue until the party against whom the order has been requested has had an opportunity to present its case. Thereafter, subsection (1) of this section shall apply. [2015 c 276 § 24.]

7.05.250 Costs and damages. The party requesting an interim measure or applying for a preliminary order shall be liable for any costs and damages caused by the measure or the order to any party if the arbitral tribunal later determines that, in the circumstances, the measure or the order should not have been granted. The arbitral tribunal may award such costs and damages at any point during the proceedings. [2015 c 276 § 25.]

7.05.260 Recognition and enforcement of interim measures. (1) An interim measure issued by an arbitral tribunal shall be recognized as binding, and, unless otherwise provided by the arbitral tribunal, enforced upon application to the superior court, irrespective of the country in which it was issued, subject to the provisions of RCW 7.05.270.

(2) The party who is seeking or has obtained recognition or enforcement of an interim measure shall promptly inform the court of any termination, suspension, or modification of that interim measure.

(3) The court of the state where recognition or enforcement is sought may, if it considers it proper, order the requesting party to provide appropriate security if the arbitral tribunal has not already made a determination with respect to security or where such a decision is necessary to protect the rights of third parties. [2015 c 276 § 26.]

7.05.270 Grounds for refusing recognition and enforcement. (1) Recognition or enforcement of an interim award may be refused only:

(a) At the request of the party against whom it is invoked if the court is satisfied that:

(i) Such refusal is warranted on the grounds set forth in RCW 7.05.470(1)(a)(i), (ii), (iii), or (iv);

(ii) The arbitral tribunal's decision with respect to the provision of security in connection with the interim measure issued by the arbitral tribunal has not been complied with; or

(iii) The interim measure has been terminated or suspended by the arbitral tribunal or, where so empowered, by the court of the state in which the arbitration takes place or under the law of which that interim measure was granted; or

(b) If the court finds that:

(i) The interim measure is incompatible with the powers conferred upon the court unless the court decides to reformulate the interim measure to the extent necessary to adapt it to its own powers and procedures for the purposes of enforcing that interim measure and without modifying its substance; or

(ii) Any of the grounds set forth in RCW 7.05.470(1)(b) (i) or (ii) apply to the recognition and enforcement of the interim measure.

(2) Any determination made by the court on any ground in subsection (1) of this section shall be effective only for the purposes of the application to recognize and enforce the interim measure. The court where recognition or enforcement is sought shall not, in making that determination, undertake a review of the substance of the interim measure. [2015 c 276 § 27.]

7.05.280 Court-ordered interim measures. A court shall have the same power of issuing an interim measure in relation to arbitration proceedings, irrespective of whether their place is in the territory of this state, as it has in relation to proceedings in courts. The court shall exercise such power in accordance with its own procedures in consideration of the specific features of international arbitration. [2015 c 276 § 28.]

7.05.290 Equal treatment of parties. The parties shall be treated with equality, and each party shall be given a full opportunity of presenting its case. [2015 c 276 § 29.]

7.05.300 Determination of rules and procedure. (1) Subject to the provisions of this chapter, the parties are free to agree on the procedure to be followed by the arbitral tribunal in conducting the proceedings.

(2) Failing such agreement, the arbitral tribunal may, subject to the provisions of this chapter, conduct the arbitration in such manner as it considers appropriate. The power conferred upon the arbitral tribunal includes the power to determine the admissibility, relevance, materiality, and weight of any evidence. [2015 c 276 § 30.]

7.05.310 Place of arbitration. (1) The parties are free to agree on the place of arbitration. Failing such agreement, the place of arbitration shall be determined by the arbitral tribunal having regard to the circumstances of the case, including the convenience of the parties.

(2) Notwithstanding the provisions of subsection (1) of this section, the arbitral tribunal may, unless otherwise agreed by the parties, meet at any place it considers appropriate for consultation among its members, for hearing witnesses, experts, or the parties, or for inspection of goods, other property, or documents. [2015 c 276 § 31.]

7.05.320 Commencement of arbitral proceedings. Unless otherwise agreed by the parties, the arbitral proceedings in respect of a particular dispute commence on the date on which a request for that dispute to be referred to arbitration is received by the respondent. [2015 c 276 § 32.]

7.05.330 Language used in proceedings. (1) The parties are free to agree on the language or languages to be used in the arbitral proceedings. Failing such agreement, the arbitral tribunal shall determine the language or languages to be used in the proceedings. This agreement or determination, unless otherwise specified therein, shall apply to any written statement by a party, any hearing, and any award, decision, or other communication by the arbitral tribunal.

[2015 RCW Supp—page 19]
(2) The arbitral tribunal may order that any documentary evidence shall be accompanied by a translation into the language or languages agreed upon by the parties or determined by the arbitral tribunal. [2015 c 276 § 33.]

7.05.340 Statement of claim and defense. (1) Within the period of time agreed by the parties or determined by the arbitral tribunal, the claimant shall state the facts supporting its claim, the point at issue, and the relief or remedy sought, and the respondent shall state its defense in respect of these particulars, unless the parties have otherwise agreed as to the required elements of such statements. The parties may submit with their statements all documents they consider to be relevant or may add a reference to the documents or other evidence they will submit.

(2) Unless otherwise agreed by the parties, either party may amend or supplement its claims or defenses during the course of the arbitral proceedings, unless the arbitral tribunal considers it inappropriate to allow such amendment having regard to the delay in making it. [2015 c 276 § 34.]

7.05.350 Hearings and written proceedings. (1) Subject to any contrary agreement by the parties, the arbitral tribunal shall decide whether to hold oral hearings for the presentation of evidence or for oral argument, or whether the proceedings shall be conducted on the basis of documents and other materials. However, unless the parties have agreed that no hearings shall be held, the arbitral tribunal shall hold such hearings at an appropriate stage of the proceedings, if so requested by a party.

(2) The parties shall be given sufficient advance notice of any hearing and of any meeting of the arbitral tribunal for the purposes of inspection of goods, other property, or documents.

(3) All statements, documents, or other information supplied to the arbitral tribunal by one party shall be communicated to the other party. Any expert report or evidentiary document on which the arbitral tribunal may rely in making its decision shall be communicated to the parties. [2015 c 276 § 35.]

7.05.360 Default of a party. Unless otherwise agreed by the parties, if, without showing sufficient cause:

(1) The claimant fails to communicate its statement of claim in accordance with RCW 7.05.340(1), the arbitral tribunal shall terminate the proceedings;

(2) The respondent fails to communicate its statements of defense in accordance with RCW 7.05.340(1), the arbitral tribunal shall continue the proceedings without treating such failure in itself as an admission of the claimant's allegations; and

(3) Any party fails to appear at a hearing or to produce documentary evidence, the arbitral tribunal may continue the proceedings and make the award on the evidence before it. [2015 c 276 § 36.]

7.05.370 Expert appointed by arbitral tribunal. (1) Unless otherwise agreed by the parties, the arbitral tribunal:

(a) May appoint one or more experts to report to it on specific issues to be determined by the arbitral tribunal; and

(b) May require a party to give the expert any relevant information or to produce, or to provide access to, any relevant documents, goods, or other property for the expert's inspection.

(2) Unless otherwise agreed by the parties, if a party so requests or if the arbitral tribunal considers it necessary, the expert shall, after delivery of the expert's written or oral report, participate in a hearing where the parties have the opportunity to put questions to the expert and to present expert witnesses in order to testify on the points at issue. [2015 c 276 § 37.]

7.05.380 Court assistance in taking evidence—Consolidation. (1) The arbitral tribunal or a party with the approval of the arbitral tribunal may request from the superior court assistance in taking evidence. The court may execute the request within its competence and according to its rules on taking evidence.

(2) When the parties to two or more arbitration agreements have agreed in their respective arbitration agreements or otherwise, the superior court may, on application by one party with the consent of all other parties to those arbitration agreements, do one or more of the following:

(a) Order the arbitration proceedings arising out of those arbitration agreements to be consolidated on terms the court considers just and necessary;

(b) Where all parties cannot agree on an arbitral tribunal for the consolidated arbitration, appoint an arbitral tribunal in accordance with RCW 7.05.120(4); and

(c) Where the parties cannot agree on any other matter necessary to conduct the consolidated arbitration, make any other order it considers necessary. [2015 c 276 § 38.]

7.05.390 Rules applicable to substance of dispute. (1) The arbitral tribunal shall decide the dispute in accordance with such rules of law as are chosen by the parties as applicable to the substance of the dispute. Any designation of the law or legal system of a given state shall be construed, unless otherwise expressed, as directly referring to the substantive law of that state and not to its conflict of laws rules.

(2) Failing any designation by the parties, the arbitral tribunal shall apply the law determined by the conflict of laws rules which it considers applicable.

(3) The arbitral tribunal shall decide ex aequo et bono or as amiable compositeur only if the parties have expressly authorized it to do so.

(4) In all cases, the arbitral tribunal shall decide in accordance with the terms of the contract and shall take into account the usages of the trade applicable to the transaction. [2015 c 276 § 39.]

7.05.400 Decision making by panel of arbitrators. In arbitral proceedings with more than one arbitrator, any decision of the arbitral tribunal shall be made, unless otherwise agreed by the parties, by a majority of all its members. However, questions of procedure may be decided by a presiding arbitrator, if so authorized by the parties or all members of the arbitral tribunal. [2015 c 276 § 40.]

7.05.410 Settlement. (1) If, during arbitral proceedings, the parties settle the dispute, the arbitral tribunal shall
terminate the proceedings and, if requested by the parties and not objected to by the arbitral tribunal, record the settlement in the form of an arbitral award on agreed terms.

(2) An award on agreed terms shall be made in accordance with the provisions of RCW 7.05.420 and shall state that it is an award. Such an award has the same status and effect as any other award on the merits of the case. [2015 c 276 § 41.]

7.05.420 Form and contents of award. (1) The award shall be made in writing and shall be signed by the arbitrator or arbitrators. In arbitral proceedings with more than one arbitrator, the signatures of the majority of all members of the arbitral tribunal shall suffice, provided that the reason for any omitted signature is stated.

(2) The award shall state the reasons upon which it is based, unless the parties have agreed that no reasons are to be given or the award is an award on agreed terms under RCW 7.05.410.

(3) The award shall state its date and the place of arbitration as determined in accordance with RCW 7.05.310(1). The award shall be deemed to have been made at that place.

(4) After the award is made, a copy signed by the arbitrators in accordance with subsection (1) of this section shall be delivered to each party. [2015 c 276 § 42.]

7.05.430 Termination of proceedings. (1) The arbitral proceedings are terminated by the final award or by an order of the arbitral tribunal in accordance with subsection (2) of this section.

(2) The arbitral tribunal shall issue an order for the termination of the arbitral proceedings when:

(a) The claimant withdraws its claim, unless the respondent objects thereto and the arbitral tribunal recognizes a legitimate interest on the respondent's part in obtaining a final settlement of the dispute;

(b) The parties agree on the termination of the proceedings; or

(c) The arbitral tribunal finds that the continuation of the proceedings has for any other reason become unnecessary or impossible.

(3) The mandate of the arbitral tribunal terminates with the termination of the arbitral proceedings, subject to the provisions of RCW 7.05.440 and 7.05.450(4). [2015 c 276 § 43.]

7.05.440 Correction and interpretation of award—Additional award. (1) Within thirty days of receipt of the award, unless another period of time has been agreed upon by the parties:

(a) A party, with notice to the other party, may request the arbitral tribunal to correct in the award any errors in computation, any clerical or typographical errors, or any errors of similar nature;

(b) If so agreed by the parties, a party, with notice to the other party, may request the arbitral tribunal to give an interpretation of a specific point or part of the award; and

(c) If the arbitral tribunal considers the request to be justified, it shall make the correction or give the interpretation within thirty days of receipt of the request. The interpretation shall form part of the award.

(2) The arbitral tribunal may correct any error of the type referred to in subsection (1)(a) of this section on its own initiative within thirty days of the date of the award.

(3) Unless otherwise agreed by the parties, a party, with notice to the other party, may request, within thirty days of receipt of the award, the arbitral tribunal to make an additional award as to claims presented in the arbitral proceedings but omitted from the award. If the arbitral tribunal considers the request to be justified, it shall make the additional award within sixty days.

(4) The arbitral tribunal may extend, if necessary, the period of time within which it shall make a correction, interpretation, or an additional award under subsection (1) or (3) of this section.

(5) The provisions of RCW 7.05.420 shall apply to a correction or interpretation of the award or to an additional award. [2015 c 276 § 44.]

7.05.450 Application for setting aside as exclusive recourse against arbitral award. (1) Recourse to the superior court against an arbitral award may be made only by an application for setting aside in accordance with subsections (2) and (3) of this section.

(2) An arbitral award may be set aside by the superior court only if:

(a) The party making the application furnishes proof that:

(i) A party to the arbitration agreement referred to in RCW 7.05.080 was under some incapacity, or the said agreement is not valid under the law to which the parties have subjected it or, failing any indication thereon, under the law of this state;

(ii) The party making the application was not given proper notice of the appointment of an arbitrator or of the arbitral proceedings or was otherwise unable to present its case;

(iii) The award deals with a dispute not contemplated by or not falling within the terms of the submission to arbitration, or contains decisions on matters beyond the scope of the submission to arbitration, provided that, if the decisions on matters submitted to arbitration can be separated from those not so submitted, only that part of the award which contains decisions on matters not submitted to arbitration may be set aside; or

(iv) The composition of the arbitral tribunal or the arbitral procedure was not in accordance with the agreement of the parties, unless such agreement was in conflict with a provision of this chapter from which the parties cannot derogate, or, failing such agreement, was not in accordance with this chapter; or

(b) The court finds that:

(i) The subject matter of the dispute is not capable of settlement by arbitration under the law of this state; or

(ii) The award is in conflict with the public policy of this state.

(3) An application for setting aside may not be made after three months have elapsed from the date on which the party making that application had received the award or, if a request had been made under RCW 7.05.440, from the date on which that request had been disposed of by the arbitral tribunal.
7.05.460  Recognition and enforcement.  (1) An arbitral award, irrespective of the country in which it was made, shall be recognized as binding and, upon application in writing to the superior court, shall be enforced subject to the provisions of this section and of RCW 7.05.470.

(2) The party relying on an award or applying for its enforcement shall supply the original award or a copy thereof. If the award is not made in English, the court may request the party to supply a translation thereof into English. [2015 c 276 § 45.]

7.05.470  Grounds for refusing recognition or enforcement.  (1) Recognition or enforcement of an arbitral award, irrespective of the country in which it was made, may be refused only:

(a) At the request of the party against whom it is invoked, if that party furnishes to the competent court where recognition or enforcement is sought proof that:

(i) A party to the arbitration agreement referred to in RCW 7.05.080 was under some incapacity, or the said agreement is not valid under the law to which the parties have subjected it or, failing any indication thereon, under the law of the country where the award was made;

(ii) The party against whom the award is invoked was not given proper notice of the appointment of an arbitrator or of the arbitral proceedings or was otherwise unable to present its case;

(iii) The award deals with a dispute not contemplated by or not falling within the terms of the submission to arbitration, or contains decisions on matters beyond the scope of the submission to arbitration, provided that, if the decisions on matters submitted to arbitration can be separated from those not so submitted, that part of the award which contains decisions on matters submitted to arbitration may be recognized and enforced;

(iv) The composition of the arbitral tribunal or the arbitral procedure was not in accordance with the agreement of the parties, or, failing such agreement, was not in accordance with the law of the country where the arbitration took place; or

(b) The award has not yet become binding on the parties or has been set aside or suspended by a court of the country in which, or under the law of which, that award was made; or

(c) The court finds that:

(i) The subject matter of the dispute is not capable of settlement by arbitration under the law of this state; or

(ii) The recognition or enforcement of the award would be contrary to the public policy of this state.

(2) If an application for setting aside or suspension of an award has been made to a court referred to in subsection (1)(a)(v) of this section, the court where recognition or enforcement is sought may, if it considers it proper, adjourn its decision and may also, on the application of the party claiming recognition or enforcement of the award, order the other party to provide appropriate security. [2015 c 276 § 47.]

Chapter 7.68 RCW  VICTIMS OF CRIMES—COMPENSATION, ASSISTANCE

Sections

7.68.035  Penalty assessments in addition to fine or bail forfeiture—Distribution—Establishment of crime victim and witness programs in county—Contribution required from cities and towns.  (1)(a) When any person is found guilty in any superior court of having committed a crime, except as provided in subsection (2) of this section, there shall be imposed by the court upon such convicted person a penalty assessment. The assessment shall be in addition to any other penalty or fine imposed by law and shall be five hundred dollars for each case or cause of action that includes one or more convictions of a felony or gross misdemeanor and two hundred fifty dollars for any case or cause of action that includes convictions of only one or more misdemeanors.

(b) When any juvenile is adjudicated of an offense that is a most serious offense as defined in RCW 9.94A.030, or a sex offense under chapter 9A.44 RCW, there shall be imposed upon the juvenile offender a penalty assessment. The assessment shall be in addition to any other penalty or fine imposed by law and shall be one hundred dollars for each case or cause of action.

(c) When any juvenile is adjudicated of an offense which has a victim, and which is not a most serious offense as defined in RCW 9.94A.030 or a sex offense under chapter 9A.44 RCW, the court shall order up to seven hours of community restitution, unless the court finds that such an order is not practicable for the offender. This community restitution must be imposed consecutively to any other community restitution the court imposes for the offense.

(2) The assessment imposed by subsection (1) of this section shall not apply to motor vehicle crimes defined in Title 46 RCW except those defined in the following sections: RCW 46.61.520, 46.61.522, 46.61.024, 46.52.090, 46.70.140, 46.61.502, 46.61.504, 46.52.101, 46.20.410, 46.52.020, 46.10.495, 46.09.480, 46.61.524, 46.61.525, 46.61.685, 46.61.530, 46.61.500, 46.61.015, 46.52.010, 46.44.180, 46.10.490(2), and 46.09.470(2).

(3) When any person accused of having committed a crime posts bail in superior court pursuant to the provisions of chapter 10.19 RCW and such bail is forfeited, there shall be deducted from the proceeds of such forfeited bail a penalty assessment, in addition to any other penalty or fine imposed by law, equal to the assessment which would be applicable
under subsection (1) of this section if the person had been convicted of the crime.

(4) Such penalty assessments shall be paid by the clerk of the superior court to the county treasurer who shall monthly transmit the money as provided in RCW 10.82.070. Each county shall deposit fifty percent of the money it receives per case or cause of action under subsection (1) of this section and retains under RCW 10.82.070, not less than one and seventy-five one-hundredths percent of the remaining money it retains under RCW 10.82.070 and the money it retains under chapter 3.62 RCW, and all money it receives under subsection (7) of this section into a fund maintained exclusively for the support of comprehensive programs to encourage and facilitate testimony by the victims of crimes and witnesses to crimes. A program shall be considered "comprehensive" only after approval of the department upon application by the county prosecuting attorney. The department shall approve as comprehensive only programs which:

(a) Provide comprehensive services to victims and witnesses of all types of crime with particular emphasis on serious crimes against persons and property. It is the intent of the legislature to make funds available only to programs which do not restrict services to victims or witnesses of a particular type or types of crime and that such funds supplement, not supplant, existing local funding levels;

(b) Are administered by the county prosecuting attorney either directly through the prosecuting attorney’s office or by contract between the county and agencies providing services to victims of crime;

(c) Make a reasonable effort to inform the known victim or his or her surviving dependents of the existence of this chapter and the procedure for making application for benefits;

(d) Assist victims in the restitution and adjudication process; and

(e) Assist victims of violent crimes in the preparation and presentation of their claims to the department of labor and industries under this chapter.

Before a program in any county west of the Cascade mountains is submitted to the department for approval, it shall be submitted for review and comment to each city within the county with a population of more than one hundred fifty thousand. The department will consider the county’s proposed comprehensive plan meets the needs of crime victims in cases adjudicated in municipal, district or superior courts and of crime victims located within the city and county.

(5) Upon submission to the department of a letter of intent to adopt a comprehensive program, the prosecuting attorney shall retain the money deposited by the county under subsection (4) of this section until such time as the county prosecuting attorney has obtained approval of a program from the department. Approval of the comprehensive plan by the department must be obtained within one year of the date of the letter of intent to adopt a comprehensive program. The county prosecuting attorney shall not make any expenditures from the money deposited under subsection (4) of this section until approval of a comprehensive plan by the department. If a county prosecuting attorney has failed to obtain approval of a program from the department under subsection (4) of this section or failed to obtain approval of a comprehensive program within one year after submission of a letter of intent under this section, the county treasurer shall monthly transmit one hundred percent of the money deposited by the county under subsection (4) of this section to the state treasurer for deposit in the state general fund.

(6) County prosecuting attorneys are responsible to make every reasonable effort to insure that the penalty assessments of this chapter are imposed and collected.

(7) Every city and town shall transmit monthly one and seventy-five one-hundredths percent of all money, other than money received for parking infractions, retained under RCW 3.50.100 and 35.20.220 to the county treasurer for deposit as provided in subsection (4) of this section. [2015 c 265 § 8; 2011 c 336 § 246; 2011 c 171 § 3; 2009 c 479 § 8; 2000 c 71 § 3; 1999 c 86 § 1; 1997 c 66 § 9; 1996 c 122 § 2; 1991 c 293 § 1; 1989 c 252 § 29; 1987 c 281 § 1; 1985 c 443 § 13; 1984 c 258 § 311; 1983 c 239 § 1; 1982 1st ex.s. c 8 § 1; 1977 ex.s. c 302 § 10.]

Finding—Intent—2015 c 265: See note following RCW 13.50.010.

Effective date—2009 c 479: See note following RCW 2.56.030.

Findings—Intent—1996 c 122: "The legislature finds that current funding for county victim-witness advocacy programs is inadequate. Also, the state crime victims compensation program should be enhanced to provide for increased benefits to families of victims who are killed as a result of a criminal act. It is the intent of the legislature to provide increased financial support for the county and state crime victim and witness programs by requiring offenders to pay increased penalty assessments upon conviction of a gross misdemeanor or felony crime. The increased financial support is intended to allow county victim/witness programs to more fully assist victims and witnesses through the criminal justice processes. On the state level, the increased funds will allow the remedial intent of the crime victims compensation program to be more fully served. Specifically, the increased funds from offender penalty assessments will allow more appropriate compensation for families of victims who are killed as a result of a criminal act, including reasonable burial benefits." [1996 c 122 § 1.]

Purpose—Prospective application—Effective dates—Severability—1989 c 252: See notes following RCW 9.94A.030.

Intent—1984 c 258: See note following RCW 3.34.130.

Intent—Reports—1982 1st ex.s. c 8: "The intent of the legislature is that the victim of crime program will be self-funded. Toward that end, the department of labor and industries shall not pay benefits beyond the resources of the account. The department of labor and industries and the administrator for the courts shall cooperatively prepare a report on the collection of penalty assessments and the level of expenditures, and recommend adjustments to the revenue collection mechanism to the legislature before January 1, 1983. It is further the intent of the legislature that the percentage of funds devoted to comprehensive programs for victim assistance, as provided in RCW 7.68.035, be reexamined to ensure that it does not unreasonably conflict with the higher priority of compensating victims. To that end, the county prosecuting attorneys shall report to the legislature no later than January 1, 1984, either individually or as a group, on their experience and costs associated with such programs, describing the nature and extent of the victim assistance provided." [1982 1st ex.s. c 8 § 10.]

(b) Identify available federal, state, and local programs that provide services to victims and survivors of trafficking that include, but are not limited to, health care, human services, housing, education, legal assistance, job training or preparation, interpreting services, English as a second language classes, and victim's compensation;
(c) Make recommendations on methods to provide a coordinated system of support and assistance to persons who are victims of trafficking; and

7.68.370 Trafficking of persons—Clearinghouse on human trafficking—Functions. (1) The office of crime victims advocacy is designated as the single point of contact in state government regarding the trafficking of persons.

(2) The Washington state clearinghouse on human trafficking is created as an information portal to share and coordinate statewide efforts to combat the trafficking of persons. The clearinghouse will include an internet web site operated by the office of crime victims advocacy, and will serve the following functions:

(a) Coordinating information regarding all statewide task forces relating to the trafficking of persons including, but not limited to, sex trafficking, commercial sexual exploitation of children, and labor trafficking;
(b) Publishing the findings and legislative reports of all statewide task forces relating to the trafficking of persons;
(c) Providing a comprehensive directory of resources for victims of trafficking; and
(d) Collecting and disseminating up-to-date information regarding the trafficking of persons, including news and legislative efforts, both state and federal. [2015 c 273 § 2.]

Finding—Intent—2015 c 273: "(1) The legislature has long been committed to increasing access to support services for human trafficking victims and promoting awareness of human trafficking throughout Washington state. In 2002, Washington was the first state to work on human trafficking by enacting new laws and by creating an antitrafficking task force. In 2003, Washington was the first state to enact a law making human trafficking a crime.

Since 2002, the Washington state legislature has enacted thirty-eight laws to combat human trafficking. In 2013 and 2014, Washington received top marks from two leading nongovernmental organizations for the strength of its antitrafficking laws. The polaris project gave Washington a perfect score of ten and Washington received an "A" report card from shared hope international's protected innocence challenge. In light of the 2010 winter olympic games taking place in Vancouver, British Columbia, the legislature enacted RCW 47.38.080, permitting an approved nonprofit to place informational human trafficking posters in restrooms located in rest areas along Interstate 5. Sporting events, such as the winter olympic games or the upcoming 2015 United States open golf tournament at Chambers Bay, provide lucrative opportunities for human traffickers to exploit adults and children for labor and sexual services. The legislature finds that an effective way to combat human trafficking is to increase awareness of human trafficking for both victims and the general public alike as well as who and how to con-"
tact for help and support services, for both victims and the general public alike.

(2) Human trafficking data are primarily obtained through a hotline reporting system in which victims and witnesses can report cases of human trafficking over the phone. Since 2007, there have been one thousand eight hundred fifty human trafficking calls made through the human trafficking victim hotline system in Washington state, and a total of four hundred thirty-two human trafficking cases reported. It is the intent of the legislature to facilitate an even wider scope of communication with human trafficking victims and witnesses by requiring human trafficking information to be posted in all public restrooms.” [2015 c 273 § 1.]

Effective date—2015 c 273: “This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 2015].” [2015 c 273 § 6.]

Finding—2015 c 1 (Initiative Measure No. 594): "There is broad consensus that felons, persons convicted of domestic violence crimes, and persons dangerously mentally ill as determined by a court should not be eligible to possess guns for public safety reasons. Criminal and public safety background checks are an effective and easy mechanism to ensure that guns are not purchased by or transferred to those who are prohibited from possessing them. Criminal and public safety background checks also reduce illegal gun trafficking. Because Washington's current background check requirements apply only to sales or transfers by licensed firearms dealers, many guns are sold or transferred without a criminal and public safety background check, allowing criminals and dangerously mentally ill individuals to gain access to guns.

Conducting criminal and public safety background checks will help ensure that all persons buying guns are legally eligible to do so. The people find that it is in the public interest to strengthen our background check system by extending the requirement for a background check to apply to all gun sales and transfers in the state, except as permitted herein. To encourage compliance with background check requirements, the sales tax imposed by RCW 82.08.020 would not apply to the sale or transfer of any firearms between two unlicensed persons if the unlicensed persons have complied with all background check requirements.

This measure would extend criminal and public safety background checks to all gun sales and transfers. Background checks would not be required for gifts between immediate family members or for antiques." [2015 c 1 § 1 (Initiative Measure No. 594, approved November 4, 2014).]

Finding—Intent—Severability—1994 sp.s. c 7: See notes following RCW 45.70.540.

Additional notes found at www.leg.wa.gov.
(b) The dealer is notified in writing by the chief of police or the sheriff of the jurisdiction in which the purchaser resides that the purchaser is eligible to possess a pistol under RCW 9.41.040 and that the application to purchase is approved by the chief of police or sheriff;

(c) The requirements or time periods in RCW 9.41.092 have been satisfied.

(2)(a) Except as provided in (b) of this subsection, in determining whether the purchaser meets the requirements of RCW 9.41.040, the chief of police or sheriff, or the designee of either, shall check with the national crime information center, the Washington state patrol electronic database, the department of social and health services electronic database, and with other agencies or resources as appropriate, to determine whether the applicant is ineligible under RCW 9.41.040 to possess a firearm.

(b) Once the system is established, a dealer shall use the state system and national instant criminal background check system, provided for by the Brady Handgun Violence Prevention Act (18 U.S.C. Sec. 921 et seq.), to make criminal background checks of applicants to purchase firearms. However, a chief of police or sheriff, or a designee of either, shall continue to check the department of social and health services' electronic database and with other agencies or resources as appropriate, to determine whether applicants are ineligible under RCW 9.41.040 to possess a firearm.

(3) In any case under this section where the applicant has an outstanding warrant for his or her arrest from any court of competent jurisdiction for a felony or misdemeanor, the dealer shall hold the delivery of the pistol until the warrant for arrest is served and satisfied by appropriate court appearance. The local jurisdiction for purposes of the sale shall confirm the existence of outstanding warrants within seventy-two hours after notification of the application to purchase a pistol is received. The local jurisdiction shall also immediately confirm the satisfaction of the warrant on request of the dealer so that the hold may be released if the warrant was for an offense other than an offense making a person ineligible under RCW 9.41.040 to possess a pistol.

(4) In any case where the chief or sheriff of the local jurisdiction has reasonable grounds based on the following circumstances: (a) Open criminal charges, (b) pending criminal proceedings, (c) pending commitment proceedings, (d) an outstanding warrant for an offense making a person ineligible under RCW 9.41.040 to possess a pistol, or (e) an arrest for an offense making a person ineligible under RCW 9.41.040 to possess a pistol, if the records of disposition have not yet been reported or entered sufficiently to determine eligibility to purchase a pistol, the local jurisdiction may hold the sale and delivery of the pistol up to thirty days in order to confirm existing records in this state or elsewhere. After thirty days, the hold will be lifted unless an extension of the thirty days is approved by a local district court or municipal court for good cause shown. A dealer shall be notified of each hold placed on the sale by local law enforcement and of any application to the court for additional hold period to confirm records or confirm the identity of the applicant.

(5) At the time of applying for the purchase of a pistol, the purchaser shall sign in triplicate and deliver to the dealer an application containing his or her full name, residential address, date and place of birth, race, and gender; the date and hour of the application; the applicant's driver's license number or state identification card number; a description of the pistol including the make, model, caliber and manufacturer's number if available at the time of applying for the purchase of a pistol. If the manufacturer's number is not available, the application may be processed, but delivery of the pistol to the purchaser may not occur unless the manufacturer's number is recorded on the application by the dealer and transmitted to the chief of police of the municipality or the sheriff of the county in which the purchaser resides; and a statement that the purchaser is eligible to possess a pistol under RCW 9.41.040.

The application shall contain a warning substantially as follows:

CAUTION: Although state and local laws do not differ, federal law and state law on the possession of firearms differ. If you are prohibited by federal law from possessing a firearm, you may be prosecuted in federal court. State permission to purchase a firearm is not a defense to a federal prosecution.

The purchaser shall be given a copy of the department of fish and wildlife pamphlet on the legal limits of the use of firearms, firearms safety, and the fact that local laws and ordinances on firearms are preempted by state law and must be consistent with state law.

The dealer shall, by the end of the business day, sign and attach his or her address and deliver a copy of the application and such other documentation as required under subsection (1) of this section to the chief of police of the municipality or the sheriff of the county of which the purchaser is a resident. The triPLICATE shall be retained by the dealer for six years. The dealer shall deliver the pistol to the purchaser following the period of time specified in this chapter unless the dealer is notified of an investigative hold under subsection (4) of this section in writing by the chief of police of the municipality or the sheriff of the county, whichever is applicable, denying the purchaser's application to purchase and the grounds thereof. The application shall not be denied unless the purchaser is not eligible to possess a pistol under RCW 9.41.040 or 9.41.045, or federal law.

The chief of police of the municipality or the sheriff of the county shall retain or destroy applications to purchase a pistol in accordance with the requirements of 18 U.S.C. Sec. 922.

(6) A person who knowingly makes a false statement regarding identity or eligibility requirements on the application to purchase a pistol is guilty of false swearing under RCW 9A.72.040.

(7) This section does not apply to sales to licensed dealers for resale or to the sale of antique firearms. [2015 c 1 § 5 (Initiative Measure No. 594, approved November 4, 2014); 1996 c 295 § 8; Prior: 1994 sp.s. c 7 § 40; 1994 c 264 § 1; 1988 c 36 § 2; 1985 c 428 § 4; 1983 c 232 § 4; 1969 ex.s. c 227 § 1; 1961 c 124 § 7; 1935 c 172 § 9; RRS § 2516-9-]

9.41.092 Licensed dealer deliveries—Background checks. Except as otherwise provided in this chapter, a licensed dealer may not deliver any firearm to a purchaser or transferee until the earlier of:

(1) The results of all required background checks are known and the purchaser or transferee is not prohibited from owning or possessing a firearm under federal or state law; or

(2) Ten business days have elapsed from the date the licensed dealer requested the background check. However, for sales and transfers of pistols if the purchaser or transferee does not have a valid permanent Washington driver's license or state identification card or has not been a resident of the state for the previous consecutive ninety days, then the time period in this subsection shall be extended from ten business days to sixty days. [2015 c 1 § 4 (Initiative Measure No. 594, approved November 4, 2014).]

9.41.113 Firearm sales or transfers—Background checks—Requirements—Exceptions. (1) All firearm sales or transfers, in whole or part in this state including without limitation a sale or transfer where either the purchaser or seller or transferee or transferor is in Washington, shall be subject to background checks unless specifically exempted by state or federal law. The background check requirement applies to all sales or transfers including, but not limited to, sales and transfers through a licensed dealer, at gun shows, online, and between unlicensed persons.

(2) No person shall sell or transfer a firearm unless:

(a) The person is a licensed dealer;

(b) The purchaser or transferee is a licensed dealer; or

(c) The requirements of subsection (3) of this section are met.

(3) Where neither party to a prospective firearms transaction is a licensed dealer, the parties to the transaction shall complete the sale or transfer through a licensed dealer as follows:

(a) The seller or transferor shall deliver the firearm to a licensed dealer to process the sale or transfer as if it is selling or transferring the firearm from its inventory to the purchaser or transferee, except that the unlicensed seller or transferor may remove the firearm from the business premises of the licensed dealer while the background check is being conducted. If the seller or transferor removes the firearm from the business premises of the licensed dealer while the background check is being conducted, the purchaser or transferee and the seller or transferor shall return to the business premises of the licensed dealer and the seller or transferor shall again deliver the firearm to the licensed dealer prior to completing the sale or transfer.

(b) Except as provided in (a) of this subsection, the licensed dealer shall comply with all requirements of federal and state law that would apply if the licensed dealer were selling or transferring the firearm from its inventory to the purchaser or transferee, including but not limited to conducting a background check on the prospective purchaser or transferee in accordance with federal and state law requirements and fulfilling all federal and state recordkeeping requirements.

(c) The purchaser or transferee must complete, sign, and submit all federal, state, and local forms necessary to process the required background check to the licensed dealer conducting the background check.

(d) If the results of the background check indicate that the purchaser or transferee is ineligible to possess a firearm, then the licensed dealer shall return the firearm to the seller or transferor.

(e) The licensed dealer may charge a fee that reflects the fair market value of the administrative costs and efforts incurred by the licensed dealer for facilitating the sale or transfer of the firearm.

(4) This section does not apply to:

(a) A transfer between immediate family members, which for this subsection shall be limited to spouses, domestic partners, parents, children, siblings, grandparents, grandchildren, nieces, nephews, first cousins, aunts, and uncles, that is a bona fide gift;

(b) The sale or transfer of an antique firearm;

Revenue from the fees must be used for local efforts to reduce the commercial sale of sex including, but not limited to, increasing enforcement of commercial sex laws.

(a) At least fifty percent of the revenue from fees imposed under this section must be spent on prevention, including education programs for offenders, such as job training, and rehabilitative services for victims, such as mental health and substance abuse counseling, parenting skills, training, housing relief, education, vocational training, drop-in centers, and employment counseling.

(b) Two percent of the revenue from fees imposed under this section shall be remitted quarterly to the department of commerce, together with a report detailing the fees assessed, the revenue received, and how that revenue was spent.

(2) For purposes of this section, an "internet advertisement" means a statement in electronic media that would be understood by a reasonable person to be an implicit or explicit offer for sexual contact or sexual intercourse, both as defined in chapter 9A.44 RCW, in exchange for something of value.

(3) Amounts collected as penalties under this section shall be deposited in the account established under RCW 43.63A.740. [2015 c 265 § 14; 2013 c 9 § 1.]

Finding—Intent—2015 c 265: See note following RCW 13.50.010.

9.68A.107 Additional fee assessment—Depiction or image of visual or printed matter. (1) In addition to penalties set forth in RCW 9.68A.070, a person who is convicted of violating RCW 9.68A.070 shall be assessed a fee of one thousand dollars for each depiction or image of visual or printed matter that constitutes a separate conviction.

(2) Fees assessed under this section shall be collected by the clerk of the court and remitted to the state treasurer for deposit into the child rescue fund created in RCW 9.68A.200. [2015 c 279 § 2.]

Findings—2015 c 279: "The legislature finds that sexual abuse and exploitation of children robs victims of their childhood and irrevocably interferes with their emotional and psychological development. Victims of child pornography often experience severe and lasting harm from the permanent memorialization of the crimes committed against them. Child victims endure depression, withdrawal, anger, and other psychological disorders. Victims also experience feelings of guilt and responsibility for the sexual abuse as well as feelings of betrayal, powerlessness, worthlessness, and low self-esteem. Each and every time such an image is viewed, traded, printed, or downloaded, the child in that image is victimized again.

The legislature finds that the expansion of the internet and computer-related technologies have led to a dramatic increase in the availability of child pornography by simplifying how it can be created, distributed, and collected. Investigators and prosecutors report dramatic increases in the number and violent character of the sexually abusive images of children being trafficked through the internet. Between 2005 and 2009, the national center for missing and exploited children concluded that an estimated forty percent of those who possess child pornography have also directly victimized a child and fifteen percent have attempted to entice a child over the internet.

The legislature finds that due to a lack of dedicated resources, only two percent of known child exploitation offenders are being investigated. The legislature finds that additional funding sources are needed to ensure that law enforcement agencies can adequately investigate and prosecute offenders and victims can receive necessary services, including mental health treatment. Finally, the legislature finds that offenders convicted of crimes relating to child pornography should bear the heavy cost of investigations and prosecutions of these crimes and also the cost of providing services to victims." [2015 c 279 § 1.]

9.68A.200 Child rescue fund. (1) The child rescue fund is created in the custody of the state treasurer. All receipts from fees collected under RCW 9.68A.107 must be deposited into the fund.

(2) Only the attorney general for the state of Washington or the attorney general's designee may authorize expenditures from the fund.

(3) The attorney general or her or his designee must make any expenditures from the fund according to the following schedule:

(a) Twenty-five percent of receipts for grants to child advocacy centers, as defined in RCW 26.44.020; and

(b) Seventy-five percent of receipts for grants to the Washington internet crimes against children task force for use in investigations and prosecutions of crimes against children.

(4) The fund is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. [2015 c 279 § 3.]

(a) "Wire communication" means any aural transfer made in whole or in part through the use of facilities for the transmission of communications by the aid of wire, cable, or other like connection between the point of origin and the point of reception, including the use of such connection in a switching station, furnished or operated by any person engaged in providing or operating such facilities for the transmission of intrastate, interstate, or foreign communications, and such term includes any electronic storage of such communication.

(b) "Electronic communication" means any transfer of signs, signals, writing, images, sounds, data, or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photoelectric, or photo-optical system, but does not include:

(i) Any wire or oral communication;

(ii) Any communication made through a tone-only paging device; or

(iii) Any communication from a tracking device, but solely to the extent the tracking device is owned by the applicable law enforcement agency.

(c) "Electronic communication service" means any service that provides to users thereof the ability to send or receive wire or electronic communications.

[2015 RCW Supp—page 33]
(d) "Pen register" means a device that records or decodes electronic or other impulses that identify the numbers dialed or otherwise transmitted on the telephone line to which such device is attached, but such term does not include any device used by a provider or customer of a wire or electronic communication service for billing, or recording as an incident to billing, for communications services provided by such provider or any device used by a provider or customer of a wire communication service for cost accounting or other like purposes in the ordinary course of its business.

(e) "Trap and trace device" means a device that captures the incoming electronic or other impulses that identify the originating number of an instrument or device from which a wire or electronic communication was transmitted.

(f) "Cell site simulator device" means a device that transmits or receives radio waves for the purpose of conducting one or more of the following operations: (i) Identifying, locating, or tracking the movements of a communications device; (ii) intercepting, obtaining, accessing, or forwarding the communications, stored data, or metadata of a communications device; (iii) affecting the hardware or software operations or functions of a communications device; (iv) forcing transmissions from or connections to a communications device; (v) denying a communications device access to other communications devices, communications protocols, or services; or (vi) spoofing or simulating a communications device, cell tower, cell site, or service, including, but not limited to, an international mobile subscriber identity catcher or other invasive cell phone or telephone surveillance or eavesdropping device that mimics a cell phone tower and sends out signals to cause cell phones in the area to transmit their locations, identifying information, and communications content, or a passive interception device or digital analyzer that does not send signals to a communications device under surveillance. A cell site simulator device does not include any device used or installed by an electric utility, as defined in RCW 19.280.020, solely to the extent such device is used by that utility to measure electrical usage, to provide services to customers, or to operate the electric grid.

(2) No person may install or use a pen register, trap and trace device, or cell site simulator device without a prior court order issued under this section except as provided under subsection (6) of this section or RCW 9.73.070.

(3) A law enforcement officer may apply for and the superior court may issue orders and extensions of orders authorizing the installation and use of pen registers, trap and trace devices, and cell site simulator devices as provided in this section. The application shall be under oath and shall include the identity of the officer making the application and the identity of the law enforcement agency conducting the investigation. The applicant must certify that the information likely to be obtained is relevant to an ongoing criminal investigation being conducted by that agency.

(4) If the court finds that the information likely to be obtained by such installation and use is relevant to an ongoing criminal investigation and finds that there is probable cause to believe that the pen register, trap and trace device, or cell site simulator device will lead to obtaining evidence of a crime, contraband, fruits of crime, things criminally possessed, weapons, or other things by means of which a crime has been committed or reasonably appears about to be committed, or will lead to learning the location of a person who is unlawfully restrained or reasonably believed to be a witness in a criminal investigation or for whose arrest there is probable cause, the court shall enter an ex parte order authorizing the installation and use of a pen register, trap and trace device, or cell site simulator device. The order shall specify:

(a)(i) In the case of a pen register or trap and trace device, the identity, if known, of the person to whom is leased or in whose name is listed the telephone line to which the pen register or trap and trace device is to be attached; or

(ii) In the case of a cell site simulator device, the identity, if known, of (A) the person to whom is subscribed or in whose name is subscribed the electronic communications service utilized by the device to which the cell site simulator device is to be used and (B) the person who possesses the device to which the cell site simulator device is to be used;

(b) The identity, if known, of the person who is the subject of the criminal investigation;

(c)(i) In the case of a pen register or trap and trace device, the number and, if known, physical location of the telephone line to which the pen register or trap and trace device is to be attached and, in the case of a trap and trace device, the geographic limits of the trap and trace order; or

(ii) In the case of a cell site simulator device: (A) The telephone number or other unique subscriber account number identifying the wire or electronic communications service account used by the device to which the cell site simulator device is to be attached or used; (B) If known, the physical location of the device to which the cell site simulator device is to be attached or used; (C) The type of device, and the communications protocols being used by the device, to which the cell site simulator device is to be attached or used; (D) The geographic area that will be covered by the cell site simulator device; (E) All categories of metadata, data, or information to be collected by the cell site simulator device from the targeted device including, but not limited to, call records and geolocation information; (F) Whether or not the cell site simulator device will incidentally collect metadata, data, or information from any parties or devices not specified in the court order, and if so, what categories of information or metadata will be collected; and (G) Any disruptions to access or use of a communications or internet access network that may be created by use of the device; and

(d) A statement of the offense to which the information likely to be obtained by the pen register, trap and trace device, or cell site simulator device relates.

The order shall direct, if the applicant has requested, the furnishing of information, facilities, and technical assistance necessary to accomplish the installation of the pen register, trap and trace device, or cell site simulator device. An order issued under this section shall authorize the installation and use of a: (i) Pen register or a trap and trace device for a period not to exceed sixty days; and (ii) A cell site simulator device for sixty days. An extension of the original order may only be granted upon: A new application for an order under subsection (3) of this section; and a showing that there is a probability that the information or items sought under this subsection are more likely to be obtained under the extension than under the original order. No extension beyond the first extension shall be granted unless: There is a showing that there is a high probability that the information or items sought under this...
substitution are much more likely to be obtained under the second or subsequent extension than under the original order; and there are extraordinary circumstances such as a direct and immediate danger of death or serious bodily injury to a law enforcement officer. The period of extension shall be for a period not to exceed sixty days.

An order authorizing or approving the installation and use of a pen register, trap and trace device, or cell site simulator device shall direct that the order be sealed until otherwise ordered by the court and that the person owning or leasing the line to which the pen register, trap and trace device, and cell site simulator devices is attached or used, or who has been ordered by the court to provide assistance to the applicant, not disclose the existence of the pen register, trap and trace device, or cell site simulator device or the existence of the investigation to the listed subscriber or to any other person, unless or until otherwise ordered by the court.

(5) Upon the presentation of an order, entered under subsection (4) of this section, by an officer of a law enforcement agency authorized to install and use a pen register under this chapter, a provider of wire or electronic communication service, landlord, custodian, or other person shall furnish such law enforcement officer forthwith all information, facilities, and technical assistance necessary to accomplish the installation of the pen register unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such assistance is directed by a court order as provided in subsection (4) of this section.

Upon the request of an officer of a law enforcement agency authorized to receive the results of a trap and trace device under this chapter, a provider of wire or electronic communication service, landlord, custodian, or other person shall install such device forthwith on the appropriate line and shall furnish such law enforcement officer all additional information, facilities, and technical assistance including installation and operation of the device unobtrusively and with a minimum of interference with the services that the person so ordered by the court accords the party with respect to whom the installation and use is to take place, if such installation and assistance is directed by a court order as provided in subsection (4) of this section. Unless otherwise ordered by the court, the results of the trap and trace device shall be furnished to the officer of a law enforcement agency, designated in the court order, at reasonable intervals during regular business hours for the duration of the order.

A provider of wire or electronic communication service, landlord, custodian, or other person who furnishes facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

(6)(a) Notwithstanding any other provision of this chapter, a law enforcement officer and a prosecuting attorney or deputy prosecuting attorney who jointly and reasonably determine that there is probable cause to believe that an emergency situation exists that involves immediate danger of death or serious bodily injury to any person that requires the installation and use of a pen register, trap and trace device, or cell site simulator device before an order authorizing such installation and use can, with due diligence, be obtained, and there are grounds upon which an order could be entered under this chapter to authorize such installation and use, may have installed and use a pen register, trap and trace device, or cell site simulator device if, within forty-eight hours after the installation has occurred, or begins to occur, an order approving the installation or use is issued in accordance with subsection (4) of this section. In the absence of an authorizing order, such use shall immediately terminate when the information sought is obtained, when the application for the order is denied or when forty-eight hours have lapsed since the installation of the pen register, trap and trace device, or cell site simulator device, whichever is earlier. If an order approving the installation or use is not obtained within forty-eight hours, any information obtained is not admissible as evidence in any legal proceeding. The knowing installation or use by any law enforcement officer of a pen register, trap and trace device, or cell site simulator device pursuant to this subsection without application for the authorizing order within forty-eight hours of the installation shall constitute a violation of this chapter and be punishable as a gross misdemeanor. A provider of wire or electronic service, landlord, custodian, or other person who furnished facilities or technical assistance pursuant to this subsection shall be reasonably compensated by the law enforcement agency that requests the facilities or assistance for such reasonable expenses incurred in providing such facilities and assistance.

(b) A law enforcement agency that authorizes the installation of a pen register, trap and trace device, or cell site simulator device under this subsection (6) shall file a monthly report with the administrator for the courts. The report shall indicate the number of authorizations made, the date and time of each authorization, whether a court authorization was sought within forty-eight hours, and whether a subsequent court authorization was granted.

(c) A law enforcement agency authorized to use a cell site simulator device in accordance with this section must: (i) Take all steps necessary to limit the collection of any information or metadata to the target specified in the applicable court order; (ii) take all steps necessary to permanently delete any information or metadata collected from any party not specified in the applicable court order immediately following such collection and must not transmit, use, or retain such information or metadata for any purpose whatsoever; and (iii) must delete any information or metadata collected from the target specified in the court order within thirty days if there is no longer probable cause to support the belief that such information or metadata is evidence of a crime. The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(4) If a sentence includes imposition of payment of a legal financial obligation, it shall be imposed as provided in RCW 9.94A.750, 9.94A.753, 9.94A.760, and 43.43.7541.

(a) A violent offense;

"Crime-related prohibitions" may include a prohibition on the use or possession of alcohol or controlled substances if the court finds that any chemical dependency or substance abuse contributed to the offense.

(10) In any sentence of partial confinement, the court may require the offender to serve the partial confinement in work release, in a program of home detention, on work crew, or in a combined program of work crew and home detention. 9.94A.533 Adjustments to standard sentences. (1) The provisions of this section apply to the standard sentence ranges determined by RCW 9.94A.510 or 9.94A.517.

(2) For persons convicted of the anticipatory offenses of criminal attempt, solicitation, or conspiracy under chapter 9A.28 RCW, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by seventy-five percent.

(3) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any firearm enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the firearm enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a firearm enhancement. If the offender or an accomplice was armed with a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any firearm enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Five years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) Three years for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Eighteen months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(d) If the offender is being sentenced for any firearm enhancements under (a), (b), and/or (c) of this subsection and the offender has previously been sentenced for any deadly weapon enhancements after July 23, 1995, under (a), (b), and/or (c) of this subsection or subsection (4)(a), (b), and/or (c) of this section, or both, all firearm enhancements under this subsection shall be twice the amount of the enhancement listed;

(e) Notwithstanding any other provision of law, all firearm enhancements under this section are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other firearm or deadly weapon enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

   (i) Granted an extraordinary medical placement when authorized under *RCW 9.94A.728(3); or

   (ii) Released under the provisions of RCW 9.94A.730;

(f) The firearm enhancements in this section shall apply to all felony crimes except the following: Possession of a machine gun, possessing a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, and use of a machine gun in a felony;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a firearm enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(4) The following additional times shall be added to the standard sentence range for felony crimes committed after July 23, 1995, if the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for one of the crimes listed in this subsection as eligible for any deadly weapon enhancements based on the classification of the completed felony crime. If the offender is being sentenced for more than one offense, the deadly weapon enhancement or enhancements must be added to the total period of confinement for all offenses, regardless of which underlying offense is subject to a deadly weapon enhancement. If the offender or an accomplice was armed with a deadly weapon other than a firearm as defined in RCW 9.41.010 and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection as eligible for any deadly weapon enhancements, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(a) Two years for any felony defined under any law as a class A felony or with a statutory maximum sentence of at least twenty years, or both, and not covered under (f) of this subsection;

(b) One year for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both, and not covered under (f) of this subsection;

(c) Six months for any felony defined under any law as a class C felony or with a statutory maximum sentence of five years, or both, and not covered under (f) of this subsection;

(g) If the standard sentence range under this section exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. If the addition of a deadly weapon enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(5) The following additional times shall be added to the standard sentence range if the offender or an accomplice committed the offense while in a county jail or state correctional facility and the offender is being sentenced for one of the crimes listed in this subsection. If the offender or an accomplice committed one of the crimes listed in this subsection while in a county jail or state correctional facility, and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW to commit one of the crimes listed in this subsection, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section:

All enhancements under this subsection shall run consecutively to all other sentencing provisions, for all offenses sentenced under this chapter.

(7) An additional two years shall be added to the standard sentence range for vehicular homicide committed while under the influence of intoxicating liquor or any drug as defined by RCW 46.61.502 for each prior offense as defined in RCW 46.61.5055. All enhancements under this subsection shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions.

(8)(a) The following additional times shall be added to the standard sentence range for felony crimes committed on or after July 1, 2006, if the offense was committed with sexual motivation, as that term is defined in RCW 9.94A.030. If the offender is being sentenced for more than one offense, the sexual motivation enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to a sexual motivation enhancement. If the offender committed the offense with sexual motivation and the offender is being sentenced for an anticipatory offense under chapter 9A.28 RCW, the following additional times shall be added to the standard sentence range determined under subsection (2) of this section based on the felony crime of conviction as classified under RCW 9A.28.020:

(i) Two years for any felony defined under the law as a class A felony or with a statutory maximum sentence of at least twenty years, or both;
(ii) Eighteen months for any felony defined under any law as a class B felony or with a statutory maximum sentence of ten years, or both;

(b) Notwithstanding any other provision of law, all sexual motivation enhancements under this subsection are mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions, including other sexual motivation enhancements, for all offenses sentenced under this chapter. However, whether or not a mandatory minimum term has expired, an offender serving a sentence under this subsection may be:

(i) Granted an extraordinary medical placement when authorized under *RCW 9.94A.728(3); or
(ii) Released under the provisions of RCW 9.94A.730;
(c) The sexual motivation enhancements in this subsection apply to all felony crimes;
(d) If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence shall be the presumptive sentence unless the offender is a persistent offender. (e) The portion of the total confinement sentence which the offender must serve under this subsection shall be calculated before any earned early release time is credited to the offender;
(f) Nothing in this subsection prevents a sentencing court from imposing a sentence outside the standard sentence range pursuant to RCW 9.94A.535.

(9) An additional onyear enhancement shall be added to the standard sentence range for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089 committed on or after July 22, 2007, if the offender engaged, agreed, or offered to engage the victim in the sexual conduct in return for a fee. If the offender is being sentenced for more than one offense, the onyear enhancement must be added to the total period of total confinement for all offenses, regardless of which underlying offense is subject to the enhancement. If the offender is being sentenced for an anticipatory offense for the felony crimes of RCW 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, or 9A.44.089, and the offender attempted, solicited another, or conspired to engage, agree, or offer to engage the victim in the sexual conduct in return for a fee, an additional onyear
enhancement shall be added to the standard sentence range determined under subsection (2) of this section. For purposes of this subsection, "sexual conduct" means sexual intercourse or sexual contact, both as defined in chapter 9A.44 RCW.

(10)(a) For a person age eighteen or older convicted of any criminal street gang-related felony offense for which the person compensated, threatened, or solicited a minor in order to involve the minor in the commission of the felony offense, the standard sentence range is determined by locating the sentencing grid sentence range defined by the appropriate offender score and the seriousness level of the completed crime, and multiplying the range by one hundred twenty-five percent. If the standard sentence range under this subsection exceeds the statutory maximum sentence for the offense, the statutory maximum sentence is the presumptive sentence unless the offender is a persistent offender.

(b) This subsection does not apply to any criminal street gang-related felony offense for which involving a minor in the commission of the felony offense is an element of the offense.

(c) The increased penalty specified in (a) of this subsection is unavailable in the event that the prosecution gives notice that it would exceed the statutory maximum for the offense.

(11) An additional twelve months and one day shall be added to the standard sentence range for a conviction of attempting to elude a police vehicle as defined by RCW 46.61.024, if the conviction included a finding by special allegation of endangering one or more persons under RCW 9.94A.834.

These enhancements shall be mandatory, shall be served in total confinement, and shall run consecutively to all other sentencing provisions. If the addition of a minor child enhancement increases the sentence so that it would exceed the statutory maximum for the offense, the portion of the sentence representing the enhancement may not be reduced.

(14) An additional twelve months shall be added to the standard sentence range for an offense that is also a violation of RCW 9.94A.832. [2015 c 265 § 15; 2003 c 53 § 59; 1984 c 209 § 23. Formerly RCW 9.94A.386.]

Where the victim is a minor, the parent or guardian of the victim may make a request on the victim's behalf.

(i) The crime of conviction;
(ii) The offender's risk of reoffending;
(iii) The safety of the community.

(d) If the department finds that an emergency exists requiring the immediate imposition of additional conditions in order to prevent the offender from committing a crime, the department may impose such conditions. The department may not impose conditions that are contrary to those set by the board or the court and may not contravene or decrease court-imposed or board-imposed conditions. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or 10.95.035, the offender may not receive any earned early release time during the minimum term of confinement imposed by the court; for any remaining portion of the sentence served by the offender, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.
(e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or *9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in **RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section. [2015 c 134 § 4; 2014 c 130 § 4. Prior: 2013 2nd sp.s. c 14 § 2; 2013 c 266 § 1; 2011 1st sp.s. c 40 § 4; 2010 c 224 § 7; 2009 c 455 § 3.]

9.94A.730 Early release for persons convicted of one or more crimes committed prior to eighteenth birthday—Petition to indeterminate sentence review board—Conditions—Assessment, programming, and services—Examination—Hearing—Supervision—Denial of petition. (1) Notwithstanding any other provision of this chapter, any person convicted of one or more crimes committed prior to the person's eighteenth birthday may petition the indeterminate sentence review board for early release after serving no less than twenty years of total confinement, provided the person has not been convicted for any crime committed subsequent to the person's eighteenth birthday, the person has not committed a disqualifying serious infraction as defined by the department in the twelve months prior to filing the petition for early release, and the current sentence was not imposed under RCW 10.95.030 or 9.94A.507.

(2) No later than five years prior to the date the offender will be eligible to petition for release, the department shall conduct an assessment of the offender and identify programming and services that would be appropriate to prepare the offender for return to the community. To the extent possible, the department shall make programming available as identified by the assessment.

(3) No later than one hundred eighty days from receipt of the petition for early release, the department shall conduct, and the offender shall participate in, an examination of the person, incorporating methodologies that are recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the person will engage in future criminal behavior if released on conditions to be set by the board. The board may consider a person's failure to participate in an evaluation under this subsection in determining whether to release the person. The board shall order the person released under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the person will commit new criminal law violations if released. The board shall give public safety considerations the highest priority when
making all discretionary decisions regarding the ability for release and conditions of release.

(4) In a hearing conducted under subsection (3) of this section, the board shall provide opportunities for victims and survivors of victims of any crimes for which the offender has been convicted to present statements as set forth in RCW 7.69.032. The procedures for victim and survivor of victim input shall be provided by rule. To facilitate victim and survivor of victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.

(5) An offender released by the board is subject to the supervision of the department for a period of time to be determined by the board, up to the length of the court-imposed term of incarceration. The department shall monitor the offender's compliance with conditions of community custody imposed by the court or board and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board are subject to the provisions of RCW 9.95.425 through 9.95.440.

(6) An offender whose petition for release is denied may file a new petition for release five years from the date of denial or at an earlier date as may be set by the board.

(7) An offender released under the provisions of this section may be returned to the institution at the discretion of the board if the offender is found to have violated a condition of community custody. The offender is entitled to a hearing pursuant to RCW 9.95.435. If the board finds that the offender has committed a new violation, the board may return the offender to the institution for up to the remainder of the court-imposed term of incarceration. The offender may file a new petition for release five years from the date of return to the institution or at an earlier date as may be set by the board.

Participation in the home detention program for medical or health-related reasons is conditioned on the offender abiding by the rules of the home detention program and complying with court-ordered restitution.

The county sheriff shall notify the United States marshals service as soon as practicable after receipt of the notification. In cases of unexpected travel due to family or work emergencies, or for offenders who travel routinely across international borders for work-related purposes, the notice must be submitted in person at least twenty-four hours prior to travel to the sheriff of the county where such offenders are registered with a written explanation of the circumstances that make compliance with this subsection (3) impracticable.

(4)(a) Offenders shall register with the county sheriff within the following deadlines:

(i) OFFENDERS IN CUSTODY. Sex offenders or kidnapping offenders who are in custody of the state department of corrections, the state department of social and health services, a local division of youth services, or a local jail or juvenile detention facility, must register at the time of release from custody with an official designated by the agency that has jurisdiction over the offender. The agency and the division shall assist the offender in meeting the initial registration requirement under this section. When a person required to register under this section is in the custody of the state department of corrections or a local corrections or probation agency and has been approved for partial confinement as defined in RCW 9.94A.030, the person must register at the time of transfer to partial confinement with the official designated by the agency that has jurisdiction over the offender. The agency shall within three days forward the registration information to the county sheriff for the county in which the offender is in partial confinement. The offender must also register within three business days from the time of the termination of partial confinement or release from confinement with the county sheriff for the county of the person's residence. (iv) OFFENDERS WHO ARE NEW RESIDENTS, TEMPORARY RESIDENTS, OR RETURNING WASHINGTON RESIDENTS. Sex offenders and kidnapping offenders who move to Washington state from another state or a foreign country must register within three business days of establishing residence or reestablishing residence if the person is a former Washington resident. If the offender is under the jurisdiction of an agency of this state when the offender moves to Washington, the agency shall provide notice to the offender of the duty to register.

Sex offenders and kidnapping offenders who are visiting Washington state and intend to reside or be present in the state for ten days or more shall register his or her temporary address or where he or she plans to stay with the county sheriff of each county where the offender will be staying within three business days of arrival. Registration for temporary residents shall include the information required by subsection (2)(a) of this section, except the photograph and fingerprints.

(v) OFFENDERS FOUND NOT GUILTY BY REASON OF INSANITY. (vii) OFFENDERS WHO LACK A FIXED RESIDENCE AND WHO ARE UNDER SUPERVISION. Offenders who lack a fixed residence and who are under the supervision of the department shall register in the county of their supervision.

(viii) OFFENDERS WHO MOVE TO, WORK, CARRY ON A VOCATION, OR ATTEND SCHOOL IN ANOTHER STATE. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within three business days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within three business days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of RCW 9A.44.132, or arraignment on charges for a violation of RCW 9A.44.132, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under RCW 9A.44.132 who asserts as a defense the lack of notice of the duty to register shall register within three business days following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff within three business days of moving.

(b) If any person required to register pursuant to this section moves to a new county, within three business days of moving the person must register with the county sheriff of the county into which the person has moved and provide, by certified mail, with return receipt requested or in person, signed written notice of the change of address to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered is responsible for address verification pursuant to RCW 9A.44.135 until the person completes registration of his or her new residence address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within three business days after ceasing to have a fixed residence. The notice shall include the information required by subsection (2)(a) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The person must keep an accurate accounting of where he or she stays during the week and provide it to the county sheriff upon request. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within three business days of ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vi) or (vii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.
(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within three business days of the entry of the order.

(8) Except as may otherwise be provided by law, nothing in this section shall impose any liability upon a peace officer, including a county sheriff, or law enforcement agency, for failing to release information authorized under this section.

9A.44.132 Failure to register as sex offender or kidnapping offender. (1) A person commits the crime of failure to register as a sex offender if the person has a duty to register under RCW 9A.44.130 for a felony sex offense and knowingly fails to comply with any of the requirements of RCW 9A.44.130.

GENERAL PROVISIONS

Sections
10.01.160 Costs—What constitutes—Payment by defendant—Procedure—Remission—Medical or mental health treatment or services. (1) The court may require a defendant to pay costs. Costs may be imposed only upon a convicted defendant, except for costs imposed upon a defendant’s entry into a deferred prosecution program, costs imposed upon a defendant for pretrial supervision, or costs imposed upon a defendant for preparing and serving a warrant for failure to appear.

(2) Costs shall be limited to expenses specially incurred by the state in prosecuting the defendant or in administering the deferred prosecution program under chapter 10.05 RCW or pretrial supervision. They cannot include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law. Expenses incurred

[2015 RCW Supp—page 72]
for serving of warrants for failure to appear and jury fees under RCW 10.46.190 may be included in costs the court may require a defendant to pay. Costs for administering a deferred prosecution may not exceed two hundred fifty dollars. Costs for administering a pretrial supervision other than a pretrial electronic alcohol monitoring program, drug monitoring program, or 24/7 sobriety program may not exceed one hundred fifty dollars. Costs for preparing and serving a warrant for failure to appear may not exceed one hundred dollars. Costs of incarceration imposed on a defendant convicted of a misdemeanor or a gross misdemeanor may not exceed the actual cost of incarceration. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision take precedence over the payment of the cost of incarceration ordered by the court. All funds received from defendants for the cost of incarceration in the county or city jail costs. Costs imposed constitute a judgment against the defendant's jail costs. Costs imposed constitute a judgment against the county or city that is responsible for the defendant.

The legislature finds that because of the decision in Utter v. DSHS, 165 P.3d 399 (Wash. 2007), there is unattended ambiguity about the authority of the secretary of the department of social and health services under the criminal procedure act to seek reimbursement from defendants under RCW 10.77.250 who are committed for competency evaluation and mental health treatment under RCW 10.77.060 and 10.77.084, and the general provision prohibiting a criminal defendant from being charged for prosecution related costs prior to conviction provided in RCW 10.01.160. Mental health evaluation and treatment, and other medical treatment relate entirely to the medically necessary care that defendants receive at state hospitals and other facilities. The legislature intended for treatment costs to be the responsibility of the defendant's insurers and ultimately the defendant based on their ability to pay, and it is permissible under chapters 10.77, 70.48, and 43.20B RCW for the state and other governmental units to assess financial liability on defendants who become patients and receive medical and mental health care. The legislature further finds that it intended that a court order staying criminal proceedings under RCW 10.77.084, and committing a defendant to the custody of the secretary of the department of social and health services for placement in an appropriate facility involve costs payable by the defendant, because the commitment primarily and directly benefits the defendant through treatment of their medical and mental health conditions. The legislature did not intend for medical and mental health services provided to a defendant in the custody of a governmental unit, and the associated costs, to be costs related to the prosecution of the defendant. Thus, if a court orders a stay of the criminal proceeding under RCW 10.77.084 and orders commitment to the custody of the secretary, or if at any time a defendant receives other medical care while in custody of a governmental unit, but prior to conviction, the costs associated with such care shall be the responsibility of the defendant and the defendant's insurers as provided in chapters 10.77, 70.48, and 43.20B RCW. The intent of the legislature is to clarify this reimbursement requirement, and the purpose of this act is to make retroactive, remedial, curative, and technical amendments in order to resolve any ambiguity about the legislature's intent in enacting these chapters. [2015 RCW Supp—page 73]
(2) A pretrial release program may not agree to supervise, or accept into its custody, an offender who is currently awaiting trial for a violent offense or sex offense, as defined in RCW 9.94A.030, who has been convicted of one or more violent offenses or sex offenses in the ten years before the date of the current offense, unless the offender's release before trial was secured with a payment of bail. **10.21.017 Home detention.** Under this chapter, "home detention" means any program meeting the definition of home detention in RCW 9.94A.030, and complying with the requirements of RCW 9.94A.736. [2015 c 287 § 6.]

**10.21.030 Conditions of release—Judicial officer may amend order.** (1) The judicial officer may at any time amend the order to impose additional or different conditions of release. The conditions imposed under this chapter supplement but do not supplant provisions of law allowing the imposition of conditions to assure the appearance of the defendant at trial or to prevent interference with the administration of justice.

(2) Appropriate conditions of release under this chapter include, but are not limited to, the following:

(a) The defendant may be placed in the custody of a pretrial release program;

(b) The defendant may have restrictions placed upon travel, association, or place of abode during the period of release;

(c) The defendant may be required to comply with a specified curfew;

(d) The defendant may be required to return to custody during specified hours or to be placed on electronic monitoring, as defined in RCW 9.94A.030, if available. The defendant, if convicted, may not have the period of incarceration reduced by the number of days spent on electronic monitoring;

(e) The defendant may be required to comply with a program of home detention, as defined in RCW 9.94A.030;

(f) The defendant may be prohibited from approaching or communicating in any manner with particular persons or classes of persons;

(g) The defendant may be prohibited from going to certain geographical areas or premises;

(h) The defendant may be prohibited from possessing any dangerous weapons or firearms;

(i) The defendant may be prohibited from possessing or consuming any intoxicating liquors or drugs not prescribed to the defendant. The defendant may be required to submit to testing to determine the defendant's compliance with this condition;

(k) The defendant may be required to report regularly to and remain under the supervision of an officer of the court or other person or agency; and

(1) The defendant may be prohibited from committing any violations of criminal law. [2015 c 287 § 5; 2014 c 24 § 2; 2010 c 254 § 5.]

**10.21.055 Conditions of release—Requirements—Ignition interlock device—24/7 sobriety program monitoring—Notice by court, when—Release order.** (1)(a) When any person charged with a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, in which the person has a prior offense as defined in RCW 46.61.5055 and the current offense involves alcohol, is released from custody at arraignment or trial on bail or personal recognizance, the court authorizing the release shall require, as a condition of release that person comply with one of the following four requirements:

(i) Have a functioning ignition interlock device installed on all motor vehicles operated by the person, with proof of installation filed with the court by the person or the certified interlock provider within five business days of the date of release from custody or as soon thereafter as determined by the court based on availability within the jurisdiction; or

(ii) Comply with 24/7 sobriety program monitoring, as defined in RCW 36.28A.330; or

(iii) Have an ignition interlock device on all motor vehicles operated by the person pursuant to (a)(i) of this subsection and submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c); or

(iv) Have an ignition interlock device on all motor vehicles operated by the person and that such person agrees not to operate any motor vehicle without an ignition interlock device as required by the court. Under this subsection (1)(a)(iv), the person must file a sworn statement with the court upon release at arraignment that states the person will not operate any motor vehicle without an ignition interlock device while the ignition interlock restriction is imposed by the court. Such person must also submit to 24/7 sobriety program monitoring pursuant to (a)(ii) of this subsection, if available, or alcohol monitoring, at the expense of the person, as provided in RCW 46.61.5055(5) (b) and (c).

(b) The court shall immediately notify the department of licensing when an ignition interlock restriction is imposed: (i) As a condition of release pursuant to (a) of this subsection; or (ii) in instances where a person is charged with, or convicted of, a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, and the offense involves alcohol. If the court imposes an ignition interlock restriction, the department of licensing shall attach or imprint a notation on the driving record of any person restricted under this section stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device.

(2)(a) Upon acquittal or dismissal of all pending or current charges relating to a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, or equivalent local ordinance, the court shall authorize removal of the ignition interlock device and lift any requirement to comply with electronic alcohol/drug monitoring imposed under subsection (1)
of this section. Nothing in this section limits the authority of the court or department under RCW 46.20.720.

(b) If the court authorizes removal of an ignition interlock device imposed under (a) of this subsection[,] the court shall immediately notify the department of licensing regarding the lifting of the ignition interlock restriction and the department of licensing shall release any attachment, imprint, or notation on such person's driving record relating to the ignition interlock requirement imposed under this section.

(3) When an ignition interlock restriction imposed as a condition of release is canceled, the court shall provide a defendant with a written order confirming release of the restriction. The written order shall serve as proof of release of the restriction until which time the department of licensing updates the driving record. [2015 2nd sp.s. c 3 § 2; 2013 2nd sp.s. c 35 § 1.]

Finding—Intent—2015 2nd sp.s. c 3: "The legislature finds that impaired driving continues to be a significant cause of motor vehicle crashes and that additional measures need to be taken to identify people who are driving under the influence, provide appropriate sanctions, and ensure compliance with court-ordered restrictions. The legislature intends to increase the availability of forensic phlebotomists so that offenders can be appropriately and efficiently identified. The legislature further intends to require consecutive sentencing in certain cases to increase punishment and supervision of offenders. The legislature intends to clarify ignition interlock processes and requirements to ensure that those offenders ordered to have ignition interlock devices do not drive vehicles without the required devices." [2015 2nd sp.s. c 3 § 1.]

10.21.090 Home detention or electronic monitoring—Conditions. A monitoring agency, as defined in RCW 9.94A.736, may not agree to monitor pursuant to home detention or electronic monitoring an offender who is currently awaiting trial for a violent or sex offense, as defined in RCW 9.94A.030, unless the defendant's release before trial is secured with a payment of bail. If bail is revoked by the court or the bail bond agency, the court shall note the reason for the revocation in the court file. [2015 c 287 § 12.]

Appellate costs shall not include expenditures to maintain and operate government agencies that must be made irrespective of specific violations of the law. Expenses incurred for producing a verbatim report of proceedings and clerk’s papers may be included in costs the court may require a convicted defendant to pay.

(1)(a)(i) The expert conducting the evaluation shall provide his or her report and recommendation to the court in which the criminal proceeding is pending. For a competency evaluation of a defendant who is released from custody, if the evaluation cannot be completed within
twenty-one days due to a lack of cooperation by the defendant, the evaluator shall notify the court that he or she is unable to complete the evaluation because of such lack of cooperation.

(ii) A copy of the report and recommendation shall be provided to the designated mental health professional, the prosecuting attorney, the defense attorney, and the professional person at the local correctional facility where the defendant is being held, or if there is no professional person, to the person designated under (a)(iv) of this subsection. Upon request, the evaluator shall also provide copies of any source documents relevant to the evaluation to the designated mental health professional.

(iii) Any facility providing inpatient services related to competency shall discharge the defendant as soon as the facility determines that the defendant is competent to stand trial. Discharge shall not be postponed during the writing and distribution of the evaluation report. Distribution of an evaluation report by a facility providing inpatient services shall ordinarily be accomplished within two working days or less following the final evaluation of the defendant. If the defendant is discharged to the custody of a local correctional facility, the local correctional facility must continue the medication regimen prescribed by the facility, when clinically appropriate, unless the defendant refuses to cooperate with medication and an involuntary medication order by the court has not been entered.

(iv) If there is no professional person at the local correctional facility, the local correctional facility shall designate a professional person as defined in RCW 71.05.020 or, in cooperation with the regional support network, a professional person at the regional support network to receive the report and recommendation.

(v) Upon commencement of a defendant's evaluation in the local correctional facility, the local correctional facility must notify the evaluator of the name of the professional person, or person designated under (a)(iv) of this subsection, to receive the report and recommendation.

(b) If the evaluator concludes, under RCW 10.77.060(3)(f), the person should be evaluated by a designated mental health professional under chapter 71.05 RCW, the court shall order such evaluation be conducted prior to release from confinement when the person is acquitted or convicted and sentenced to confinement for twenty-four months or less, or when charges are dismissed pursuant to a finding of incompetent to stand trial.

(2) The designated mental health professional shall provide written notification within twenty-four hours of the results of the determination whether to commence proceedings under chapter 71.05 RCW. The notification shall be provided to the persons identified in subsection (1)(a) of this section.

(3) The prosecuting attorney shall provide a copy of the results of any proceedings commenced by the designated mental health professional under subsection (2) of this section to the secretary.

(4) A facility conducting a civil commitment evaluation under RCW 10.77.086(4) or 10.77.088(1)(c)(ii) that makes a determination to release the person instead of filing a civil commitment petition must provide written notice to the prosecutor and defense attorney at least twenty-four hours prior to release. The notice may be given by electronic mail, facsimile, or other means reasonably likely to communicate the information immediately.

(5) The fact of admission and all information and records compiled, obtained, or maintained in the course of providing services under this chapter may also be disclosed to the courts solely to prevent the entry of any evaluation or treatment order that is inconsistent with any order entered under chapter 71.05 RCW. 10.77.068 Competency to stand trial, admissions for inpatient restoration services—Performance targets and maximum time limits—Duties of the department—Report—New entitlement or cause of action not created—No basis for contempt or motion to dismiss. (1)(a) The legislature establishes the following performance targets and maximum time limits for the timeliness of the completion of accurate and reliable evaluations of competency to stand trial and admissions for inpatient restoration services related to competency to proceed or stand trial for adult criminal defendants. The legislature recognizes that these targets may not be achievable in all cases without compromise to the quality of competency evaluation and restoration services, but intends for the department to manage, allocate, and request appropriations for resources in order to meet these targets whenever possible without sacrificing the accuracy and quality of competency evaluations and restorations, and to otherwise make sustainable improvements and track performance related to the timeliness of competency services:

(i) For a state hospital to extend an offer of admission to a defendant in pretrial custody for legally authorized evaluation services related to competency, or to extend an offer of admission for legally authorized services following dismissal of charges based on incompetence to proceed or stand trial:

(A) A performance target of seven days or less; and

(B) A maximum time limit of fourteen days;

(ii) For a state hospital to extend an offer of admission to a defendant in pretrial custody for legally authorized inpatient restoration treatment related to competency:

(A) A performance target of seven days or less; and

(B) A maximum time limit of fourteen days;

(iii) For completion of a competency evaluation in jail and distribution of the evaluation report for a defendant in pretrial custody:

(A) A performance target of seven days or less; and

(B) A maximum time limit of fourteen days, plus an additional seven-day extension if needed for clinical reasons to complete the evaluation at the determination of the department;

(iv) For completion of a competency evaluation in the community and distribution of the evaluation report for a defendant who is released from custody and makes a reasonable effort to cooperate with the evaluation, a performance target of twenty-one days or less.

(b) The time periods measured in these performance targets and maximum time limits shall run from the date on which the state hospital receives the court referral and charging documents, discovery, police reports, the names and addresses of the attorneys for the defendant and state or county, the name of the judge ordering the evaluation, information about the alleged crime, and criminal history information related to the defendant. The maximum time limits in (a) of this subsection shall be phased in over a one-year period beginning July 1, 2015, in a manner that results in measurable incremental progress toward meeting the time limits over the course of the year.

(c) It shall be a defense to an allegation that the department has exceeded the maximum time limits for completion of competency services described in (a) of this subsection if the department can demonstrate by a preponderance of the evidence that the reason for exceeding the maximum time limits was outside of the department’s control including, but not limited to, the following circumstances:

(i) Despite a timely request, the department has not received necessary medical clearance information regarding the current medical status of a defendant in pretrial custody for the purposes of admission to a state hospital;

(ii) The individual circumstances of the defendant make accurate completion of an evaluation of competency to pro-
ceed or stand trial dependent upon review of mental health, substance use disorder, or medical history information which is in the custody of a third party and cannot be immediately obtained by the department. Completion of a competency evaluation shall not be postponed for procurement of mental health, substance use disorder, or medical history information which is merely supplementary to the competency determination;

(iii) Completion of the referral is frustrated by lack of availability or participation by counsel, jail or court personnel, interpreters, or the defendant;

(iv) The department does not have access to appropriate private space to conduct a competency evaluation for a defendant in pretrial custody;

(v) The defendant asserts legal rights that result in a delay in the provision of competency services; or

(vi) An unusual spike in the receipt of evaluation referrals or in the number of defendants requiring restoration services has occurred, causing temporary delays until the unexpected excess demand for competency services can be resolved.

(2) The department shall:

(a) Develop, document, and implement procedures to monitor the clinical status of defendants admitted to a state hospital for competency services that allow the state hospital to accomplish early discharge for defendants for whom clinical objectives have been achieved or may be achieved before expiration of the commitment period;

(b) Investigate the extent to which patients admitted to a state hospital under this chapter overstay time periods authorized by law and take reasonable steps to limit the time of commitment to authorized periods; and

(c) Establish written standards for the productivity of forensic evaluators and utilize these standards to internally review the performance of forensic evaluators.

(3) Following any quarter in which a state hospital has failed to meet one or more of the performance targets or maximum time limits in subsection (1) of this section after full implementation of the performance target or maximum time limit, the department shall report to the executive and the legislature the extent of this deviation and describe any corrective action being taken to improve performance. This report must be made publicly available. An average may be used to determine timeliness under this subsection.

(4) Beginning December 1, 2013, the department shall report annually to the legislature and the executive on the timeliness of services related to competency to stand trial by setting performance expectations, establishing new mechanisms for accountability, and enacting reforms to ensure that forensic resources are expended in an efficient and clinically appropriate manner without diminishing the quality of competency services, and to reduce the time defendants with mental illness spend in jail awaiting evaluation and restoration of competency.

(5) Nothing in this section precludes either party from objecting to the appointment of an evaluator on the basis that an inpatient evaluation is appropriate under RCW 10.77.060(1)(d).
(6) This section expires June 30, 2019. [2015 1st sp.s. c 7 § 7; 2013 c 284 § 1.]

Effective dates—2015 1st sp.s. c 7: "(1) Section 7 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [June 10, 2015].

(2) Sections 1 through 6 and 8 through 15 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2015.

(3) Section 16 of this act takes effect April 1, 2016." [2015 1st sp.s. c 7 § 19.]

Finding—2015 1st sp.s. c 7: See note following RCW 10.77.075.

Data gathering and report—2013 c 284: "Within current resources, the office of the state human resources director shall gather market salary data related to psychologists and psychiatrists employed by the department of social and health services and department of corrections and report to the governor and relevant committees of the legislature by June 30, 2013." [2013 c 284 § 2.]

Effective date—2013 c 284: "Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 16, 2013]." [2013 c 284 § 3.]

10.77.075 Competency evaluation or competency restoration treatment—Court order. Within twenty-four hours of the signing of a court order requesting the secretary to provide a competency evaluation or competency restoration treatment:

(1) The clerk of the court shall provide the court order and the charging documents, including the request for bail and certification of probable cause, to the state hospital. If the order is for competency restoration treatment and the competency evaluation was provided by a qualified expert or professional person who was not designated by the secretary, the clerk shall also provide the state hospital with a copy of all previous court orders related to competency or criminal insanity and a copy of any of the evaluation reports;

(2) The prosecuting attorney shall provide the discovery packet, including a statement of the defendant's criminal history, to the state hospital; and

(3) If the court order requires transportation of the defendant to a state hospital, the jail administrator shall provide the defendant's medical clearance information to the state hospital admission staff. [2015 1st sp.s. c 7 § 2.]

Finding—2015 1st sp.s. c 7: "(1) The legislature finds that there are currently no alternatives to competency restoration provided in the state hospitals. Subject to the availability of amounts appropriated for this specific purpose, the legislature encourages the department of social and health services to develop, on a phased-in basis, alternative locations and increased access to competency restoration services under chapter 10.77 RCW for individuals who do not require inpatient psychiatric hospitalization level services.

(2) The department of social and health services shall work with counties and the court to develop a screening process to determine which individuals are safe to receive competency restoration treatment outside the state hospitals." [2015 1st sp.s. c 7 § 1.]

Effective dates—2015 1st sp.s. c 7: See note following RCW 10.77.073.

10.77.078 Competency evaluation or restoration services—Offer of admission—City or county jail to transport defendant. (1) A city or county jail shall transport a defendant to a state hospital or other secure facility designated by the department within one day of receipt of an offer of admission of the defendant for competency evaluation or restoration services.

(2) City and county jails must cooperate with competency evaluators and the department to arrange for competency evaluators to have reasonable, timely, and appropriate access to defendants for the purpose of performing evaluations under this chapter to accommodate the seven-day performance target for completing competency evaluations for defendants in custody. [2015 1st sp.s. c 7 § 3.]

Finding—2015 1st sp.s. c 7: See note following RCW 10.77.075.

Effective dates—2015 1st sp.s. c 7: See note following RCW 10.77.073.

10.77.079 Competency to stand trial—Continuation of competency process, dismissal of charges—Exceptions. (1) If the issue of competency to stand trial is raised by the court or a party under RCW 10.77.060, the prosecutor may continue with the competency process or dismiss the charges without prejudice and refer the defendant for assessment by a mental health professional, chemical dependency professional, or developmental disabilities professional to determine the appropriate service needs for the defendant.

(2) This section does not apply to defendants with a current charge or prior conviction for a violent offense or sex offense as defined in RCW 9.94A.030, or a violation of RCW 9A.36.031(1) (d), (f), or (h). [2015 1st sp.s. c 7 § 9.]

Finding—2015 1st sp.s. c 7: See note following RCW 10.77.075.

Effective dates—2015 1st sp.s. c 7: See note following RCW 10.77.073.

10.77.084 Stay of proceedings—Treatment—Restoration of competency—Commitment—Other procedures. (1)(a) If at any time during the pendency of an action and prior to judgment the court finds, following a report as provided in RCW 10.77.060, a defendant is incompetent, the court shall order the proceedings against the defendant be stayed except as provided in subsection (4) of this section.

(b) The court may order a defendant who has been found to be incompetent to undergo competency restoration treatment at a facility designated by the department if the defendant is eligible under RCW 10.77.086 or 10.77.088. At the end of each competency restoration period or at any time a professional person determines competency has been, or is unlikely to be, restored, the defendant shall be returned to court for a hearing, except that if the opinion of the professional person is that the defendant remains incompetent and the hearing is held before the expiration of the current competency restoration period, the parties may agree to waive the defendant's presence, to remote participation by the defendant at a hearing, or to presentation of an agreed order in lieu of a hearing. The facility shall promptly notify the court and all parties of the date on which the competency restoration period commences and expires so that a timely hearing date may be scheduled.

(c) If, following notice and hearing or entry of an agreed order under (b) of this subsection, the court finds that competency has been restored, the court shall lift the stay entered under (a) of this subsection. If the court finds that competency has not been restored, the court shall dismiss the proceedings without prejudice, except that the court may order a further period of competency restoration treatment if it finds
that further treatment within the time limits established by RCW 10.77.086 or 10.77.088 is likely to restore competency, and a further period of treatment is allowed under RCW 10.77.086 or 10.77.088.

(d) If at any time during the proceeding the court finds, following notice and hearing, a defendant is not likely to regain competency, the court shall dismiss the proceedings without prejudice and refer the defendant for civil commitment evaluation or proceedings if appropriate under RCW 10.77.065, 10.77.086, or 10.77.088.

(2) If the defendant is referred for evaluation by a designated mental health professional under this chapter, the designated mental health professional shall provide prompt written notification of the results of the evaluation and whether the person was detained. The notification shall be provided to the court in which the criminal action was pending, the prosecutor, the defense attorney in the criminal action, and the facility that evaluated the defendant for competency.

(3) The fact that the defendant is unfit to proceed does not preclude any pretrial proceedings which do not require the personal participation of the defendant.

(4) A defendant receiving medication for either physical or mental problems shall not be prohibited from standing trial, if the medication either enables the defendant to understand the proceedings against him or her and to assist in his or her own defense, or does not disable him or her from so understanding and assisting in his or her own defense.

(5) At or before the conclusion of any commitment period provided for by this section, the facility providing evaluation and treatment shall provide to the court a written report of evaluation which meets the requirements of RCW 10.77.060(3). For defendants charged with a felony, the report following the second competency restoration period or first competency restoration period if the defendant's incompetence is determined to be solely due to a developmental disability or the evaluator concludes that the defendant is not likely to regain competency must include an assessment of the defendant's future dangerousness which is evidence-based regarding predictive validity. 10.77.086 Commitment—Procedure in felony charge. (1)(a)(i) If the defendant is charged with a felony and determined to be incompetent, until he or she has regained the competency necessary to understand the proceedings against him or her and assist in his or her own defense, but in any event for a period of no longer than ninety days, the court:

(A) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment; or

(B) May alternatively order the defendant to undergo evaluation and treatment at some other facility or provider as determined by the department, or under the guidance and control of a professional person. The facilities or providers may include community mental health providers or other local facilities that contract with the department and are willing and able to provide treatment under this section. During the 2015-2017 fiscal biennium, the department may contract with one or more cities or counties to provide competency restoration services in a city or county jail if the city or county jail is willing and able to serve as a location for competency restoration services and if the secretary determines that there is an emergent need for beds and documents the justification, including a plan to address the emergency. Patients receiving competency restoration services in a city or county jail must be physically separated from other populations at the jail and restoration treatment services must be provided as much as possible within a therapeutic environment.

(ii) The ninety day period for evaluation and treatment under this subsection (1) includes only the time the defendant is actually at the facility and in addition to reasonable time for transport to or from the facility.

(b) For a defendant whose highest charge is a class C felony, or a class B felony that is not classified as violent under RCW 9.94A.030, the maximum time allowed for the initial period of commitment for competency restoration is forty-five days. The forty-five day period includes only the time the defendant is actually at the facility and in addition to reasonable time for transport to or from the facility.

(c) If the court determines or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in subsection (4) of this section.

(2) On or before expiration of the initial period of commitment under subsection (1) of this section the court shall conduct a hearing, at which it shall determine whether or not the defendant is incompetent.

(3) If the court finds by a preponderance of the evidence that a defendant charged with a felony is incompetent, the court shall have the option of extending the order of commitment or alternative treatment for an additional period of ninety days, but the court must at the time of extension set a date for a prompt hearing to determine the defendant's competency before the expiration of the second restoration period. The defendant, the defendant's attorney, or the prosecutor has the right to demand that the hearing be before a jury. No extension shall be ordered for a second or third restoration period as provided in subsection (4) of this section if the defendant's incompetence has been determined by the secretary to be solely the result of a developmental disability which is such that competence is not reasonably likely to be regained during an extension. The ninety-day period includes only the time the defendant is actually at the facility and in addition to reasonable time for transport to or from the facility.

(4) For persons charged with a felony, at the hearing upon the expiration of the second restoration period or at the end of the first restoration period in the case of a defendant...
with a developmental disability, if the jury or court finds that the defendant is incompetent, or if the court or jury at any stage finds that the defendant is incompetent and the court determines that the defendant is unlikely to regain competency, the charges shall be dismissed without prejudice, and the court shall order the defendant to be committed to a state hospital as defined in RCW 72.23.010 for up to seventy-two hours starting from admission to the facility, excluding Saturdays, Sundays, and holidays, for evaluation of the purpose of filing a civil commitment petition under chapter 71.05 RCW. The criminal charges shall not be dismissed if the court or jury finds that: (a) The defendant (i) is a substantial danger to other persons; or (ii) presents a substantial likelihood of committing criminal acts jeopardizing public safety or security; or (b) there is a substantial probability that the defendant will regain competency within a reasonable period of time. In the event that the court or jury makes such a finding, the court may extend the period of commitment for up to an additional six months. The six-month period includes only the time the defendant is actually at the facility and is in addition to reasonable time for transport to or from the facility. Effective dates—2015 1st sp.s. c 7: See note following RCW 10.77.073.

Findings—2013 c 289: "The legislature finds that persons with a mental illness or developmental disability are more likely to be victimized by crime than to be perpetrators of crime. The legislature further finds that there are a small number of individuals who commit repeated violent acts against others while suffering from the effects of a mental illness and/or developmental disability that both contributes to their criminal behaviors and renders them legally incompetent to be held accountable for those behaviors. The legislature further finds that the primary statutory mechanisms designed to protect the public from violent behavior, either criminal commitment to a corrections institution, or long-term commitment as not guilty by reason of insanity, are unavailable due to the legal incompetence of these individuals to stand trial. The legislature further finds that the existing civil system of short-term commitments under the Washington’s involuntary treatment act is insufficient to protect the public from these violent acts. Finally, the legislature finds that changes to the involuntary treatment act to account for this small number of individuals is necessary in order to serve Washington’s compelling interest in public safety and to provide for the proper care of these individuals."

10.77.088 Placement—Procedure in nonfelony charge. (1)(a) If the defendant is charged with a nonfelony crime which is a serious offense as identified in RCW 10.77.092 and found by the court to be not competent, then the court:

(i) Shall commit the defendant to the custody of the secretary who shall place such defendant in an appropriate facility of the department for evaluation and treatment;

(ii) May alternatively order the defendant to undergo evaluation and treatment at some other facility or provider as determined by the department, or under the guidance and control of a professional person. The facilities or providers may include community mental health providers or other local facilities that contract with the department and are willing and able to provide treatment under this section. During the 2015-2017 fiscal biennium, the department may contract with one or more cities or counties to provide competency restoration services in a city or county jail if the city or county jail is willing and able to serve as a location for competency restoration services and if the secretary determines that there is an emergent need for beds and documents the justification, including a plan to address the emergency. Patients receiving competency restoration services in a city or county jail must be physically separated from other populations at the jail and restoration treatment services must be provided as much as possible within a therapeutic environment. The placement under (a)(i) and (ii) of this subsection shall not exceed fourteen days in addition to any unused time of the evaluation under RCW 10.77.060. The court shall compute this total period and include its computation in the order. The fourteen-day period plus any unused time of the evaluation under RCW 10.77.060 shall be considered to include only the time the defendant is actually at the facility and shall be in addition to reasonable time for transport to or from the facility;

(iii) May alternatively order that the defendant be placed on conditional release for up to ninety days for mental health treatment and restoration of competency; or

(iv) May order any combination of this subsection.

(b) If the court has determined or the parties agree that the defendant is unlikely to regain competency, the court may dismiss the charges without prejudice without ordering the defendant to undergo restoration treatment, in which case the court shall order that the defendant be referred for evaluation for civil commitment in the manner provided in (c) of this subsection.

(c)(i) If the proceedings are dismissed under RCW 10.77.084 and the defendant was on conditional release at the time of dismissal, the court shall order the designated mental health professional within that county to evaluate the defendant pursuant to chapter 71.05 RCW. The evaluation may be conducted in any location chosen by the professional.

(ii) If the defendant was in custody and not on conditional release at the time of dismissal, the defendant shall be detained and sent to an evaluation and treatment facility for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, for evaluation for purposes of filing a petition under chapter 71.05 RCW. The seventy-two-hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two-hour period.

(2) If the defendant is charged with a nonfelony crime that is not a serious offense as defined in RCW 10.77.092:

The court may stay or dismiss proceedings and detain the defendant for sufficient time to allow the designated mental health professional to evaluate the defendant and consider initial detention proceedings under chapter 71.05 RCW. The court must give notice to all parties at least twenty-four hours before the dismissal of any proceeding under this subsection, and provide an opportunity for a hearing on whether to dismiss the proceedings. 10.77.091 Placement—Secure facility—Treatment and rights—Custody—Reports.  (1) If the secretary determines in writing that a person committed to the custody of the secretary for treatment as criminally insane presents an unreasonable safety risk which, based on behavior, clinical history, and facility security is not manageable in a state hospital setting, and the secretary has given consideration to reasonable alternatives that would be effective to manage the behavior, the secretary may place the person in any secure facility operated by the secretary or the secretary of the department of corrections. The secretary's written decision and reasoning must be documented in the patient's medical file. Any person affected by this provision shall receive appropriate mental health treatment governed by a formalized treatment plan targeted at mental health rehabilitation needs and shall be afforded his or her rights under RCW 10.77.140, 10.77.150, and 10.77.200. The secretary of the department of social and health services shall retain legal custody of any person placed under this section and review any placement outside of a department mental health hospital every three months, or sooner if warranted by the person's mental health status, to determine if the placement remains appropriate.

(2) Beginning December 1, 2010, and every six months thereafter, the secretary shall report to the governor and the appropriate committees of the legislature regarding the use of the authority under this section to transfer persons to a secure facility. The report shall include information related to the number of persons who have been placed in a secure facility operated by the secretary or the secretary of the department of corrections, and the length of time that each such person has been in the secure facility. 10.77.220 Incarceration in correctional institution or facility prohibited—Exceptions. Chapter 10.82 RCW

COLLECTION AND DISPOSITION OF FINES AND COSTS

Sections

10.82.090 Interest on judgments—Disposition of nonrestitution interest.

10.82.090 Interest on judgments—Disposition of nonrestitution interest. (1) Except as provided in subsection (2) of this section, financial obligations imposed in a judgment shall bear interest from the date of the judgment until payment, at the rate applicable to civil judgments. All nonrestitution interest retained by the court shall be split twenty-five percent to the state treasurer for deposit in the state general fund, twenty-five percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, twenty-five percent to the county current expense fund, and twenty-five percent to the county current expense fund to fund local courts.

(2) The court may, upon motion by the offender, following the offender's release from total confinement, reduce or
waive the interest on legal financial obligations levied as a result of a criminal conviction as follows:

(a) The court shall waive all interest on the portions of the legal financial obligations that are not restitution that accrued during the term of total confinement for the conviction giving rise to the financial obligations, provided the offender shows that the interest creates a hardship for the offender or his or her immediate family;

(b) The court may reduce interest on the restitution portion of the legal financial obligations only if the principal has been paid in full;

(c) The court may otherwise reduce or waive the interest on the portions of the legal financial obligations that are not restitution if the offender shows that he or she has personally made a good faith effort to pay and that the interest accrual is causing a significant hardship. For purposes of this section, "good faith effort" means that the offender has either (i) paid the principal amount in full; or (ii) made at least fifteen monthly payments within an eighteen-month period, excluding any payments mandatorily deducted by the department of corrections;

(d) For purposes of (a) through (c) of this subsection, the court may reduce or waive interest on legal financial obligations only as an incentive for the offender to meet his or her legal financial obligations. The court may grant the motion, establish a payment schedule, and retain jurisdiction over the offender for purposes of reviewing and revising the reduction or waiver of interest.

(3) This section only applies to adult offenders. [2015 c 265 § 23; 2011 c 106 § 2; 2009 c 479 § 14; 2004 c 121 § 1; 1995 c 291 § 7; 1989 c 276 § 3.]

Finding—Intent—2015 c 265: See note following RCW 13.50.010.

Finding—2011 c 106: "(1) The legislature finds that it is in the interest of the public to promote the reintegation into society of individuals convicted of crimes. Research indicates that legal financial obligations may constitute a significant barrier to successful reintegration. The legislature further recognizes that the accrual of interest on nonrestitution debt during the term of incarceration results in many individuals leaving prison with insurmountable debt. These circumstances make it less likely that restitution will be paid in full and more likely that former offenders and their families will remain in poverty. In order to foster reintegration, this act creates a mechanism for courts to eliminate interest accrued on nonrestitution debt during incarceration and improves incentives for payment of legal financial obligations."

(2) At the same time, the legislature believes that payment of legal financial obligations is an important part of taking personal responsibility for one's actions. The legislature therefore, supports the efforts of county clerks in taking collection action against those who do not make a good faith effort to pay." [2011 c 106 § 1.]

CAPITAL PUNISHMENT—AGGRAVATED FIRST DEGREE MURDER

Sections

10.95.030 Sentences for aggravated first degree murder. (1) Except as provided in subsections (2) and (3) of this section, any person convicted of the crime of aggravated first degree murder shall be sentenced to life imprisonment without possibility of release or parole. A person sentenced to life imprisonment under this section shall not have that sentence suspended, deferred, or commuted by any judicial officer and the indeterminate sentence review board or its successor may not parole such prisoner nor reduce the period of confinement in any manner whatsoever including but not limited to any sort of good-time calculation. The department of social and health services or its successor or any executive official may not permit such prisoner to participate in any sort of release or furlough program.

(2) If, pursuant to a special sentencing proceeding held under RCW 10.95.050, the trier of fact finds that there are not sufficient mitigating circumstances to merit leniency, the sentence shall be death. In no case, however, shall a person be sentenced to death if the person had an intellectual disability at the time the crime was committed, under the definition of intellectual disability set forth in (a) of this subsection. A diagnosis of intellectual disability shall be documented by a licensed psychiatrist or licensed psychologist designated by the court, who is an expert in the diagnosis and evaluation of intellectual disabilities. The defense must establish an intellectual disability by a preponderance of the evidence and the court must make a finding as to the existence of an intellectual disability.

(a) "Intellectual disability" means the individual has: (i) Significantly subaverage general intellectual functioning; (ii) existing concurrently with deficits in adaptive behavior; and (iii) both significantly subaverage general intellectual functioning and deficits in adaptive behavior were manifested during the developmental period.

(b) "General intellectual functioning" means the results obtained by assessment with one or more of the individually administered general intelligence tests developed for the purpose of assessing intellectual functioning.

(c) "Significantly subaverage general intellectual functioning" means intelligence quotient seventy or below.

(d) "Adaptive behavior" means the effectiveness or degree with which individuals meet the standards of personal independence and social responsibility expected for his or her age.

(e) "Developmental period" means the period of time between conception and the eighteenth birthday.

(3)(a)(i) Any person convicted of the crime of aggravated first degree murder for an offense committed prior to the person's sixteenth birthday shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of twenty-five years.

(ii) Any person convicted of the crime of aggravated first degree murder for an offense committed when the person is at least sixteen years old but less than eighteen years old shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of no less than twenty-five years. A minimum term of life may be imposed, in which case the person will be ineligible for parole or early release.

(b) In setting a minimum term, the court must take into account mitigating factors that account for the diminished culpability of youth as provided in Miller v. Alabama, 132 S.Ct. 2455 (2012) including, but not limited to, the age of the individual, the youth's childhood and life experience, the
degree of responsibility the youth was capable of exercising, and the youth’s chances of becoming rehabilitated.

(c) A person sentenced under this subsection shall serve the sentence in a facility or institution operated, or utilized under contract, by the state. During the minimum term of total confinement, the person shall not be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave or absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (i) In the case of an offender in need of emergency medical treatment; or (ii) for an extraordinary medical placement when authorized under *RCW 9.94A.728(3).

(d) Any person sentenced pursuant to this subsection shall be subject to community custody under the supervision of the department of corrections and the authority of the indeterminate sentence review board. As part of any sentence under this subsection, the court shall require the person to comply with any conditions imposed by the board.

(e) No later than five years prior to the expiration of the person's minimum term, the department of corrections shall conduct an assessment of the offender and identify programming and services that would be appropriate to prepare the offender for return to the community. To the extent possible, the department shall make programming available as identified by the assessment.

(f) No later than one hundred eighty days prior to the expiration of the person's minimum term, the department of corrections shall conduct an examination of the person, incorporating methodologies that are recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the person will engage in future criminal behavior if released on conditions to be set by the board. The board may consider a person's failure to participate in an evaluation under this subsection in determining whether to release the person. The board shall order the person released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the person will commit new criminal law violations if released. If the board does not order the person released, the board shall set a new minimum term not to exceed five additional years. The board shall give public safety considerations the highest priority when making all discretionary decisions regarding the ability for release and conditions of release.

(g) In a hearing conducted under (f) of this subsection, the board shall provide opportunities for victims and survivors of victims of any crimes for which the offender has been convicted to present statements as set forth in RCW 7.69.032. The procedures for victim and survivor of victim input shall be provided by rule. To facilitate victim and survivor of victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.

(h) An offender released by the board is subject to the supervision of the department of corrections for a period of time to be determined by the board. The department shall monitor the offender's compliance with conditions of community custody imposed by the court or board and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board are subject to the provisions of RCW 9.95.425 through 9.95.440.

(i) An offender released or discharged under this section may be returned to the institution at the discretion of the board if the offender is found to have violated a condition of community custody. The offender is entitled to a hearing pursuant to RCW 9.95.435. The board shall set a new minimum term of incarceration not to exceed five years. [2015 c 134 § 5; 2014 c 130 § 9; 2010 c 94 § 3; 1993 c 479 § 1; 1981 c 138 § 3.]

*Reviser's note: RCW 9.94A.728 was amended by 2015 c 156 § 1, changing subsection (3) to subsection (1)(c).

10.95.035 Return of persons to sentencing court if sentenced prior to June 1, 2014, under this chapter or any prior law, for a term of life without the possibility of parole for an offense committed prior to eighteenth birthday. (1) A person, who was sentenced prior to June 1, 2014, under this chapter or any prior law, to a term of life without the possibility of parole for an offense committed prior to their eighteenth birthday, shall be returned to the sentencing court or the sentencing court’s successor for sentencing consistent with RCW 10.95.030. Release and supervision of a person who receives a minimum term of less than life will be governed by RCW 10.95.030.

(2) The court shall provide an opportunity for victims and survivors of victims of any crimes for which the offender has been convicted to present a statement personally or by representation.

(3) The court’s order setting a minimum term is subject to review to the same extent as a minimum term decision by the parole board before July 1, 1986.

(4) A resentencing under this section shall not reopen the defendant’s conviction to challenges that would otherwise be barred by RCW 10.73.090, 10.73.100, 10.73.140, or other procedural barriers. [2015 c 134 § 7; 2014 c 130 § 11.]

DOMESTIC VIOLENCE—OFFICIAL RESPONSE

Sections

10.99.080 Penalty assessment (as amended by 2015 c 275).

10.99.040 Duties of court—No-contact order. (1) Because of the serious nature of domestic violence, the court in domestic violence actions:

(a) Shall not dismiss any charge or delay disposition because of concurrent dissolution or other civil proceedings;
(b) Shall not require proof that either party is seeking a dissolution of marriage prior to instigation of criminal proceedings;

(c) Shall waive any requirement that the victim's location be disclosed to any person, other than the attorney of a criminal defendant, upon a showing that there is a possibility of further violence: PROVIDED, That the court may order a criminal defense attorney not to disclose to his or her client the victim's location; and

(d) Shall identify by any reasonable means on docket sheets those criminal actions arising from acts of domestic violence.

(2)(a) Because of the likelihood of repeated violence directed at those who have been victims of domestic violence in the past, when any person charged with or arrested for a crime involving domestic violence is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a no-contact order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The no-contact order shall also be issued in writing as soon as possible, and shall state that it may be extended as provided in subsection (3) of this section. By January 1, 2011, the administrative office of the courts shall develop a pattern form for all no-contact orders issued under this chapter. A no-contact order issued under this chapter must substantially comply with the pattern form developed by the administrative office of the courts.

(3) At the time of arraignment the court shall determine whether a no-contact order shall be issued or extended. So long as the court finds probable cause, the court may issue or extend a no-contact order even if the defendant fails to appear at arraignment. The no-contact order shall terminate if the defendant fails to appear, or if the court authorizing the release may prohibit that person from knowing the victim's location; and

The court may also include in the conditions of release a requirement that the defendant shall enter into a monitoring agreement. The court may order a defendant to submit to electronic monitoring as defined in RCW 26.50.070. The defendant is required to pay the costs of the electronic monitoring.

(4)(a) Willful violation of a court order issued under subsection (2), (3), or (7) of this section is punishable under RCW 26.50.110.

(b) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest; any assault, drive-by shooting, or reckless endangerment that is a violation of this order is a felony. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A certified copy of the order shall be provided to the victim.

(5) If a no-contact order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed.

(6) Whenever a no-contact order is issued, modified, or terminated under subsection (2) or (3) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (3) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

(7) All courts shall develop policies and procedures by January 1, 2011, to grant victims a process to modify or rescind a no-contact order issued under this chapter. The administrative office of the courts shall develop a model policy to assist the courts in implementing the requirements of this subsection. Reviser's note: RCW 10.99.080 was amended twice during the 2015 legislative session, each without reference to the other. For rule of construction concerning sections amended more than once during the same legislative session, see RCW 1.12.025.

Intent—2004 c 15: "The legislature recognizes that domestic violence is a growing and more visible public safety problem in Washington state than ever before, and that domestic violence-related incidents have a significant bearing on overall law enforcement and court caseloads. The legislature further recognizes the growing costs associated with domestic violence prevention and advocacy programs established by local governments and by community-based organizations.

It is the legislature's intent to establish a penalty in law that will hold convicted domestic violence offenders accountable while requiring them to pay penalties to offset the costs of domestic violence advocacy and prevention programs. It is the legislature's intent that the penalties imposed against convicted domestic violence offenders under section 2 of this act be used for established domestic violence prevention and prosecution programs. It is the legislature's intent that the revenue from the penalty assessment shall be in addition to existing sources of funding to enhance or help prevent the reduction and elimination of domestic violence prevention and prosecution programs." The court may grant relief under this section as it deems just and in the best interest of the incapacitated person. 11.98.071 Trustee's delegation of duties. (1) A trustee may delegate duties and powers that a prudent trustee of comparable skills could properly delegate under the circumstances. The trustee shall exercise reasonable care, skill, and caution in:

(a) Selecting a delegate;
(b) Establishing the scope and terms of the delegation, consistent with the purposes and terms of the trust;
(c) Periodically reviewing the delegate's actions in order to monitor the delegate's performance and compliance with the terms of the delegation; and
(d) Enforcing the delegate's duties under the terms of the delegation.

(2) In performing a delegated function, in addition to any other duty inherent in the delegation, a delegate owes a duty to the trustee to exercise reasonable care to comply with the terms of the delegation.

(3) A trustee who complies with subsection (1) of this section is not liable to the beneficiaries or to the trust for an action of the delegate to whom the function was delegated. Nothing in this section relieves the trustee from any existing duty to compel the delegate to account for the delegate's actions.

(4) By accepting a delegation of powers or duties from the trustee of a trust that is subject to the law of this state, a delegate submits to the jurisdiction of the courts of this state.

11.98A.010 Application of chapter. This chapter applies to a trust only if expressly invoked in a governing instrument, as defined in RCW 11.98A.020, and the trust has its situs in Washington under RCW 11.98.005. This chapter does not create any inference that arrangements similar to a statutory trust advisor or directed trustee under governing instruments that do not expressly invoke this chapter are either invalid or unenforceable. [2015 c 115 § 4.]

11.98A.020 Governing instrument. As used in this chapter, "governing instrument" means the will, trust instrument, court order, exercise of power of appointment, or binding agreement under RCW 11.96A.220 appointing, designating, or providing for a method for appointing a statutory trust advisor under this chapter. [2015 c 115 § 5.]

11.98A.030 Statutory trust advisor. (1) As used in this chapter, "statutory trust advisor" means one or more persons as the context requires, including, without limitation, a trust advisor, special trustee, trust protector, or committee, who, under the terms of the governing instrument, is expressly made subject to the provisions of this chapter, and who has a power or duty to direct, consent to, or disapprove an action, or has a power or duty that would normally be required of a trustee. The powers and duties granted to a statutory trust advisor under the governing instrument may include but are not limited to:

(a) The power to direct the acquisition, management, disposition, or retention of any trust investment;
(b) The power to direct a trustee to make or withhold distributions to beneficiaries;
(c) The power to consent to a trustee's action or inaction relating to investments of trust assets;
(d) The power to consent to a trustee's action or inaction in making distributions to beneficiaries;
(e) The power to increase or decrease any interest of any beneficiary in the trust, to grant a power of appointment to one or more trust beneficiaries, or to terminate or amend any power of appointment granted in the trust. However, a modification, amendment, or grant of a power of appointment may not:

(i) Grant a beneficial interest in a charitable trust with only charitable beneficiaries to any noncharitable interest or purpose; or
(ii) Unless the governing instrument provides otherwise, expressly or impliedly grant any power that would cause all or any portion of the trust estate to be includible in the gross estate of the trustor, trustee, statutory trust advisor, or any trust beneficiary for estate tax purposes;
(f) The power to modify or amend the governing instrument to achieve favorable tax status or respond to changes in any applicable federal, state, or other tax law affecting the trust, including, without limitation, any rulings, regulations, or other guidance implementing or interpreting such laws;
(g) The power to modify or amend the governing instrument to take advantage of changes in (i) the rule against perpetuities, (ii) laws governing restraints on alienation, or (iii) other state laws restricting the terms of the trust, the distribution of trust property, or the administration of the trust;
(h) The power to appoint a successor trustee, trust advisor, or statutory trust advisor;
11.98A.040 Remedies for breach of duty. (1) If a statutory trust advisor breaches a fiduciary duty with respect to a power granted to the statutory trust advisor in the governing instrument, or threatens to commit such a breach, a trustee or beneficiary of the trust may file a petition under chapter 11.96A RCW for any of the following purposes that is appropriate:

(a) To compel the statutory trust advisor to perform the statutory trust advisor’s duties;
(b) To enjoin the statutory trust advisor from committing a breach of fiduciary duty;
(c) To compel the statutory trust advisor to redress a breach of fiduciary duty by payment of money or otherwise;
(d) To require the trustee to assume responsibility for a power or duty given to a statutory trust advisor in the governing instrument;
(e) To remove the statutory trust advisor;
(f) To set aside acts of the statutory trust advisor;
(g) To reduce or deny compensation of the statutory trust advisor;
(h) To impose an equitable lien or a constructive trust on trust property; or
(i) To trace trust property that has been wrongfully disposed of and recover the property or its proceeds.

(2) The remedies set forth in this section against a statutory trust advisor are exclusively in equity, but nothing in this section prevents the beneficiary or trustee from seeking any other appropriate remedy provided by statute or the common law, including damages. [2015 c 115 § 7.]

11.98A.050 Measure of liability for breach of duty—Excuse from liability. (1) If the statutory trust advisor commits a breach of fiduciary duty, the statutory trust advisor is chargeable in the same manner as a trustee under RCW 11.98.085.

(2) Anything in this Title 11 RCW to the contrary notwithstanding, if the statutory trust advisor has acted reasonably and in good faith under the circumstances as known to the statutory trust advisor, the court, in its discretion, may excuse the statutory trust advisor in whole or in part from liability under subsection (1) of this section if it would be equitable to do so.

(3) The provisions in this section for liability of a statutory trust advisor for breach of fiduciary duty do not prevent resort to any other remedy available under the statutory or common law. [2015 c 115 § 8.]

11.98A.060 Vacancy—Directed trusts. (1) Except as otherwise provided by the terms of the governing instrument, upon learning of a vacancy in the office of statutory trust advisor, (a) the trustee is vested with any fiduciary power or duty that otherwise would be vested in the trustee but that by the terms of the governing instrument was vested in the statutory trust advisor, until such time that a statutory trust advisor is appointed pursuant to the terms of the governing instrument or by a court upon the petition of any person interested in the trust; and (b) if the trustee determines that the terms of the governing instrument require the vacancy to be filled, the trustee may petition the court to fill the vacancy.

(2) Notwithstanding subsection (1)(a) of this section, a trustee is not liable for failing to exercise or assume any
power or duty held by a statutory trust advisor and conferred upon the trustee by subsection (1)(a) of this section for the sixty-day period immediately following the date the trustee learns of such vacancy. [2015 c 115 § 9.]

11.98A.070 Statutory trust advisor's duty to inform and report—Notice to beneficiary. (1) A statutory trust advisor shall:
   (a) Keep the trustee and the qualified beneficiaries under chapter 11.98 RCW reasonably informed of the administration of the trust with respect to the specific duties or functions being performed by the statutory trust advisor;
   (b) Upon request by the trustee, provide the trustee with requested information regarding the administration of the trust with respect to the specific duties or functions being performed by the statutory trust advisor; and
   (c) Except as otherwise provided by the terms of the governing instrument, upon request by a qualified beneficiary, provide the requesting qualified beneficiary promptly, unless unreasonable under the circumstances, with such information as is reasonably necessary to enable the qualified beneficiary to enforce his or her rights under the trust with respect to the specific duties or functions being performed by the statutory trust advisor.

   (2) Neither the performance nor the failure to perform of a statutory trust advisor designated by the terms of the trust as is reasonably necessary to enable the qualified beneficiary to enforce his or her rights under the trust with respect to the specific duties or functions being performed by the statutory trust advisor.

   (3) Absent clear and convincing evidence to the contrary, the actions of the statutory trust advisor pertaining to matters within the scope of the statutory trust advisor's authority, such as confirming that the statutory trust advisor's directions have been carried out and recording and reporting actions taken at the statutory trust advisor's direction or other information pursuant to RCW 11.98A.070, are presumed to be administrative actions taken by the directed trustee solely to allow the directed trustee to perform those duties assigned to the directed trustee under the terms of the governing instrument, and the administrative actions do not constitute an undertaking by the directed trustee to monitor the statutory trust advisor or otherwise participate in actions within the scope of the statutory trust advisor's authority.

11.98A.100 Directed trustee—Directed trustee's liability for action or inaction of statutory trust advisor—No duty to review actions of statutory trust advisor. (1) As used in this chapter, "directed trustee" means a trustee that, under the terms of the governing instrument:
   (a) Must follow the direction of a statutory trust advisor as to a particular duty or function, to the extent the trustee follows any such direction;
   (b) May not undertake a particular duty or function without direction from a statutory trust advisor, to the extent the trustee fails to undertake such duty or function due to the absence of such direction;
   (c) Must obtain the consent or authorization of a statutory trust advisor with respect to a particular duty or function, to the extent the trustee timely seeks but fails to obtain such consent or authorization; or
   (d) Must obtain the consent or authorization of a statutory trust advisor with respect to a particular duty or function, to the extent the trustee obtains such consent or authorization and acts in accordance therewith, but only if and to the extent that the governing instrument clearly indicates that the protections of directed trustee status are intended by the testator, trustee, or power holder.

   (2) A directed trustee is not liable, either individually or as trustee, for the following:
      (a) Any loss that results from compliance with the statutory trust advisor's direction or from actions taken with the prior consent or authorization of the statutory trust advisor;
      (b) Any loss that results from any action or inaction of a statutory trust advisor with respect to any power granted to the statutory trust advisor under the governing instrument; or
      (c) Any loss that results from a failure to take any action proposed by a directed trustee that requires the prior consent of a statutory trust advisor, if the directed trustee who had a duty to propose such action timely sought but failed to obtain that consent.

   (3) Absent clear and convincing evidence to the contrary, the actions of the directed trustee pertaining to matters within the scope of the statutory trust advisor's authority, such as confirming that the statutory trust advisor's directions have been carried out and recording and reporting actions taken at the statutory trust advisor's direction or other information pursuant to RCW 11.98A.070, are presumed to be administrative actions taken by the directed trustee solely to allow the directed trustee to perform those duties assigned to the directed trustee under the terms of the governing instrument, and the administrative actions do not constitute an undertaking by the directed trustee to monitor the statutory trust advisor or otherwise participate in actions within the scope of the statutory trust advisor's authority.

   (4) Whenever a directed trustee is to follow the direction of a statutory trust advisor, then, except to the extent that the terms of the governing instrument provide otherwise, the directed trustee has no duty to:
      (a) Monitor the conduct of the statutory trust advisor, or provide advice to the statutory trust advisor or consult with the statutory trust advisor, including, without limitation, any duty to perform investment or suitability reviews, inquiries, or investigations or to make recommendations or evaluations with respect to any investments to the extent the statutory
trust advisor has authority to direct the acquisition, disposition, or retention of any such investment;

(b) Communicate with or warn or apprise any beneficiary or third party concerning instances in which the directed trustee would or might have exercised the directed trustee's own discretion in a manner different from the manner directed by the statutory trust advisor; or

(c) Commence a proceeding against the statutory trust advisor.

(5) This section does not relieve the trustee of the trustee's duty under RCW 11.97.010 to act in good faith and with honest judgment. [2015 c 115 § 13.]

11.98A.110 Statutes of limitation. The provisions of RCW 11.96A.070 with respect to limitations on actions against a trustee shall apply to any claims against a statutory trust advisor arising out of any power or duty granted to, or function being performed by, the statutory trust advisor under the governing instrument. For purposes of a report described in RCW 11.96A.070(1)(b), a statutory trust advisor is a trustee only with respect to the specific duties and functions being performed by the statutory trust advisor. [2015 c 115 § 14.]

11.98A.120 Application of other provisions of probate and trust law. Chapters 11.96A, 11.97, 11.98, 11.100, 11.104A, and 11.108 RCW apply to a statutory trust advisor with respect to the powers, duties, or functions given to a statutory trust advisor in the governing instrument in the same manner as if the statutory trust advisor was acting as trustee with respect to those powers, duties, or functions. [2015 c 115 § 15.]

11.98A.900 Short title—2015 c 115. This act may be known and cited as the Washington directed trust act. [2015 c 115 § 16.]

11.100.020 Management of trust assets by fiduciary. (1) A trustee shall invest and manage trust assets as a prudent investor would, by considering the purposes, terms, distribution requirements, and other circumstances of the trust. In satisfying this standard, the trustee shall exercise reasonable care, skill, and caution.

(2) A trustee's investment and management decisions respecting individual assets must be evaluated not in isolation but in the context of the trust portfolio as a whole and as a part of an overall investment strategy having risk and return objectives reasonably suited to the trust.

(3) Among the circumstances that a trustee shall consider in investing and managing trust assets are such of the following as are relevant to the trust or its beneficiaries:

(a) General economic conditions;
(b) The possible effect of inflation or deflation;
(c) The expected tax consequences of investment decisions or strategies;
(d) The role that each investment or course of action plays within the overall portfolio, which may include financial assets, interests in closely held enterprises, tangible and intangible personal property, and real property;
(e) The expected total return from income and the appreciation of capital;
(f) Other resources of the beneficiaries;
(g) Needs for liquidity, regularity of income, and preservation or appreciation of capital; and

13.34.136 Permanency plan of care. (1) Whenever a
child is ordered removed from the home, a permanency plan
shall be developed no later than sixty days from the time the
supervising agency assumes responsibility for providing ser-
ices, including placing the child, or at the time of a hearing
under RCW 13.34.130, whichever occurs first. The perma-
nency planning process continues until a permanency plan-
ging goal is achieved or dependency is dismissed. The plan-
ning process shall include reasonable efforts to return the
child to the parent's home.

(2) The agency supervising the dependency shall submit
a written permanency plan to all parties and the court not less
than fourteen days prior to the scheduled hearing. Responsive
reports of parties not in agreement with the department's or
supervising agency's proposed permanency plan must be pro-
vided to the department or supervising agency, all other par-
ties, and the court at least seven days prior to the hearing.

The permanency plan shall include:
(a) A permanency plan of care that shall identify one of
the following outcomes as a primary goal and may identify
additional outcomes as alternative goals: Return of the child
to the home of the child's parent, guardian, or legal custodian;
adoption, including a tribal customary adoption as defined in
RCW 13.38.040; guardianship; permanent legal custody;
long-term relative or foster care, if the child is between ages
sixteen and eighteen, with a written agreement between the
parties and the care provider; successful completion of a
responsible living skills program; or independent living, if
appropriate and if the child is age sixteen or older. Although
a permanency plan of care may only identify long-term rela-
tive or foster care for children between ages sixteen and eigh-
teen, children under sixteen may remain placed with relatives
or in foster care. The department or supervising agency shall
not discharge a child to an independent living situation before
the child is eighteen years of age unless the child becomes
emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW
13.34.130(8), that a termination petition be filed, a specific
plan as to where the child will be placed, what steps will be
taken to return the child home, what steps the supervising
agency or the department will take to promote existing ap-
propriate sibling relationships and/or facilitate placement
Together or contact in accordance with the best interests of
each child, and what actions the department or supervising
agency will take to maintain parent-child ties. All aspects of
the plan shall include the goal of achieving permanence for
the child.

(i) The department's or supervising agency's plan shall
specify what services the parents will be offered to enable
them to resume custody, what requirements the parents must
meet to resume custody, and a time limit for each service plan
and parental requirement.

(A) If the parent is incarcerated, the plan must address
how the parent will participate in the case conference and
permanency planning meetings and, where possible, must
include treatment that reflects the resources available at the
facility where the parent is confined. The plan must provide
for visitation opportunities, unless visitation is not in the best
interests of the child.

(B) If a parent has a developmental disability according
to the definition provided in RCW 71A.10.020, and that indi-
vidual is eligible for services provided by the developmental
disabilities administration, the department shall make reason-
able efforts to consult with the developmental disabilities
administration to create an appropriate plan for services. For
individuals who meet the definition of developmental disabili-
y provided in RCW 71A.10.020 and who are eligible for
services through the developmental disabilities administra-
tion, the plan for services must be tailored to correct the
parental deficiency taking into consideration the parent's disabili-
ty.

(ii)(A) Visitation is the right of the family, including the
child and the parent, in cases in which visitation is in the best
interest of the child. Early, consistent, and frequent visitation

[2015 RCW Supp—page 96]
is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition to be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create

a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:
   (a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.
   (b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.
   (c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe. [2015 c 270 § 1; 2014 c 163 § 2. Intent—Finding—2014 c 163: "The legislature intends to assure that for parents with developmental disabilities, the department of social and health services takes into consideration the parent's disability when offering services to correct parental deficiencies. To do so, the legislature finds that the department must contact the developmental disabilities administration." [2014 c 163 § 1.]

Intent—2013 c 316: "The Washington state legislature recognizes the importance of frequent and meaningful contact for siblings separated due to involvement in the foster care system. The legislature also recognizes that children and youth in foster care have not always been provided adequate opportunities for visitation with their siblings. It is the intent of the legislature to encourage appropriate facilitation of sibling visits." [2013 c 316 § 1.]

Findings—Intent—2010 c 152: "The legislature finds that meeting the needs of vulnerable children who enter the child welfare system includes protecting the child's right to a safe, stable, and permanent home where the child receives basic nurturing. The legislature also finds that according to measures of timely dependency case processing, many children's cases are not meeting the federal and state standards intended to promote child-centered decision making in dependency cases. The legislature intends to encourage a greater focus on children's developmental needs and to promote closer adherence to timeliness standards in the resolution of dependency cases." 13.34.145 Permanency planning hearing—Purpose—Time limits—Goals—Review hearing—Petition for termination of parental rights—Guardianship petition—Agency responsibility to provide services to parents—Due process rights. (1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate. The court shall find, as of the date of the hearing, that the child's placement and plan of care is the best permanency plan for the child and provide compelling reasons why it continues to not be in the child's best interest to (i) return home; (ii) be placed for adoption; (iii) be placed with a legal guardian; or (iv) be placed with a fit and willing relative. If the child is present at the hearing, the court should ask the child about his or her desired permanency outcome.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;
(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;
(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;
(C) Being placed for adoption;
(D) Being placed with a guardian;
(E) Being placed in the home of a fit and willing relative of the child; or
(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

(5) Following this inquiry, at the permanency planning hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child.

(a) For purposes of this subsection, "good cause exception" includes but is not limited to the following:

(i) The child is being cared for by a relative;
(ii) The department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home;
(iii) The department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests;

(iv) The parent is incarcerated, or the parent's prior incarceration is a significant factor in why the child has been in foster care for fifteen of the last twenty-two months, the parent maintains a meaningful role in the child's life, and the department has not documented another reason why it would be otherwise appropriate to file a petition pursuant to this section;

(v) Where a parent has been accepted into a dependency treatment court program or long-term substance abuse or dual diagnoses treatment program and is demonstrating compliance with treatment goals; or

(vi) Where a parent who has been court ordered to complete services necessary for the child's safe return home files a declaration under penalty of perjury stating the parent's financial inability to pay for the same court-ordered services, and also declares the department was unwilling or unable to pay for the same services necessary for the child's safe return home.

(b) The court's assessment of whether a parent who is incarcerated maintains a meaningful role in the child's life may include consideration of the following:

(i) The parent's expressions or acts of manifesting concern for the child, such as letters, telephone calls, visits, and other forms of communication with the child;

(ii) The parent's efforts to communicate and work with the department or supervising agency or other individuals for the purpose of complying with the service plan and repairing, maintaining, or building the parent-child relationship;

(iii) A positive response by the parent to the reasonable efforts of the department or the supervising agency;

(iv) Information provided by individuals or agencies in a reasonable position to assist the court in making this assessment, including but not limited to the parent's attorney, correctional and mental health personnel, or other individuals providing services to the parent;

(v) Limitations in the parent's access to family support programs, therapeutic services, and visiting opportunities, restrictions to telephone and mail services, inability to participate in foster care planning meetings, and difficulty accessing lawyers and participating meaningfully in court proceedings; and

(vi) Whether the continued involvement of the parent in the child's life is in the child's best interest.

(c) The constraints of a parent's current or prior incarceration and associated delays or barriers to accessing court-ordered services may be considered in rebuttal to a claim of aggravated circumstances under RCW 13.34.132(4)(h) for a parent's failure to complete available treatment.

(6) (a) If the permanency plan identifies independent living as a goal, the court at the permanency planning hearing shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(b) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

(c) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(7) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(a) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(b) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a
finding as to the reasons for the recommendation for a change in placement.

(8) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

(9) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

(10) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

(11) If the court orders the child returned home, case-work supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

(12) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

(13) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection (12) of this section are met.

(14) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

(15) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

(16) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter. (a) Enrolled in a secondary education program or a secondary education equivalency program;

(b) Enrolled and participating in a postsecondary academic or postsecondary vocational program, or has applied for and can demonstrate that he or she intends to timely enroll in a postsecondary academic or postsecondary vocational program;

(c) Participating in a program or activity designed to promote employment or remove barriers to employment;

Juvenile Courts and Juvenile Offenders

13.40.080 Diversion agreement—Scope—Limitations—Restitution orders—Divertee's rights—Diversion unit's powers and duties—Interpreters—Modification.  
(1) A diversion agreement shall be a contract between a juvenile accused of an offense and a diversion unit whereby the juvenile agrees to fulfill certain conditions in lieu of prosecution.  
(2) A diversion agreement shall be limited to one or more of the following:  
(a) Community restitution not to exceed one hundred fifty hours, not to be performed during school hours if the juvenile is attending school;  
(b) Restitution limited to the amount of actual loss incurred by any victim;  
(c) Attendance at up to ten hours of counseling and/or up to twenty hours of educational or informational sessions at a...
community agency. The educational or informational sessions may include sessions relating to respect for self, others, and authority; victim awareness; accountability; self-worth; responsibility; work ethics; good citizenship; literacy; and life skills. If an assessment identifies mental health or chemical dependency needs, a youth may access up to thirty hours of counseling. The counseling sessions may include services demonstrated to improve behavioral health and reduce recidivism. For purposes of this section, "community agency" may also mean a community-based nonprofit organization, a physician, a counselor, a school, or a treatment provider, if approved by the diversion unit. The state shall not be liable for costs resulting from the diversion unit exercising the option to permit diversion agreements to mandate attendance at up to thirty hours of counseling and/or up to twenty hours of educational or informational sessions;

(d) Requirements to remain during specified hours at home, school, or work, and restrictions on leaving or entering specified geographical areas; and

(e) Upon request of any victim or witness, requirements to refrain from any contact with victims or witnesses of offenses committed by the juvenile.

(3) Notwithstanding the provisions of subsection (2) of this section, youth courts are not limited to the conditions imposed by subsection (2) of this section in imposing sanctions on juveniles pursuant to RCW 13.40.630.

(4) In assessing periods of community restitution to be performed and restitution to be paid by a juvenile who has entered into a diversion agreement, the court officer to whom this task is assigned shall consult with the juvenile's custodial parent or parent or guardian. To the extent possible, the court officer shall advise the victims of the juvenile offender of the diversion process, offer victim impact letter forms and restitution claim forms, and involve members of the community. Such members of the community shall meet with the juvenile and advise the court officer as to the terms of the diversion agreement and shall supervise the juvenile in carrying out its terms.

(5) (a) A diversion agreement may not exceed a period of six months and may include a period extending beyond the eighteenth birthday of the divertee.

(b) If additional time is necessary for the juvenile to complete restitution to a victim, the time period limitations of this subsection may be extended by an additional six months.

(c) If the juvenile has not paid the full amount of restitution by the end of the additional six-month period, then the juvenile shall be referred to the juvenile court for entry of a civil order establishing the amount of restitution still owed to the victim. In this order, the court shall determine the terms and conditions of the restitution, approving any plan extending up to ten years if the court determines that the juvenile reasonably satisfies the court that he or she does not have the means to make full or partial restitution and could not reason-ably acquire the means to pay the restitution over a ten-year period. If the court relieves the juvenile of the requirement to pay full or partial restitution, the court may order an amount of community restitution that the court deems appropriate. The county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. A juvenile under obligation to pay restitution may petition the court for modification of the restitution order.

(6) The juvenile shall retain the right to be referred to the court at any time prior to the signing of the diversion agreement.

(7) Divertees and potential divertees shall be afforded due process in all contacts with a diversion unit regardless of whether the juveniles are accepted for diversion or whether the diversion program is successfully completed. Such due process shall include, but not be limited to, the following:

(a) A written diversion agreement shall be executed stating all conditions in clearly understandable language;

(b) Violation of the terms of the agreement shall be the only grounds for termination;

(c) No divertee may be terminated from a diversion program without being given a court hearing, which hearing shall be preceded by:

(i) Written notice of alleged violations of the conditions of the diversion program; and

(ii) Disclosure of all evidence to be offered against the divertee;

(d) The hearing shall be conducted by the juvenile court and shall include:

(i) Opportunity to be heard in person and to present evidence;

(ii) The right to confront and cross-examine all adverse witnesses;

(iii) A written statement by the court as to the evidence relied on and the reasons for termination, should that be the decision; and

(iv) Demonstration by evidence that the divertee has substantially violated the terms of his or her diversion agreement;

(e) The prosecutor may file an information on the offense for which the divertee was diverted:

(i) In juvenile court if the divertee is under eighteen years of age; or

(ii) In superior court or the appropriate court of limited jurisdiction if the divertee is eighteen years of age or older.

(8) The diversion unit shall, subject to available funds, be responsible for providing interpreters when juveniles need interpreters to effectively communicate during diversion unit hearings or negotiations.

(9) The diversion unit shall be responsible for advising a divertee of his or her rights as provided in this chapter.

(10) The diversion unit may refer a juvenile to a restorative justice program, community-based counseling, or treatment programs.

(11) The right to counsel shall inure prior to the initial interview for purposes of advising the juvenile as to whether he or she desires to participate in the diversion process or to appear in the juvenile court. The juvenile may be represented by counsel at any critical stage of the diversion process,
including intake interviews and termination hearings. The juvenile shall be fully advised at the intake of his or her right to an attorney and of the relevant services an attorney can provide. For the purpose of this section, intake interviews mean all interviews regarding the diversion agreement process.

The juvenile shall be advised that a diversion agreement shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(8). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the diversion unit together with the diversion agreement, and a copy of both documents shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language.

(12) When a juvenile enters into a diversion agreement, the juvenile court may receive only the following information for dispositional purposes:

(a) The fact that a charge or charges were made;
(b) The fact that a diversion agreement was entered into;
(c) The juvenile's obligations under such agreement;
(d) Whether the alleged offender performed his or her obligations under such agreement; and
(e) The facts of the alleged offense.

(13) A diversion unit may refuse to enter into a diversion agreement with a juvenile. When a diversion unit refuses to enter a diversion agreement with a juvenile, it shall immediately refer such juvenile to the court for action and shall forward to the court the criminal complaint and a detailed statement of its reasons for refusing to enter into a diversion agreement. The diversion unit shall also immediately refer the case to the prosecuting attorney for action if such juvenile violates the terms of the diversion agreement.

(14) A diversion unit may, in instances where it determines that the act or omission of an act for which a juvenile has been referred to it involved no victim, or where it determines that the juvenile referred to it has no prior criminal history and is alleged to have committed an illegal act involving no threat of or instance of actual physical harm and involving not more than fifty dollars in property loss or damage and that there is no loss outstanding to the person or firm suffering such damage or loss, counsel and release or release such a juvenile without entering into a diversion agreement. A diversion unit's authority to counsel and release a juvenile under this subsection includes the authority to refer the juvenile to community-based counseling or treatment programs or a restorative justice program. Any juvenile released under this subsection shall be advised of the act or omission of any act for which he or she had been referred shall constitute a part of the juvenile's criminal history as defined by RCW 13.40.020(8). A signed acknowledgment of such advisement shall be obtained from the juvenile, and the document shall be maintained by the unit, and a copy of the document shall be delivered to the prosecutor if requested by the prosecutor. The supreme court shall promulgate rules setting forth the content of such advisement in simple language. A juvenile determined to be eligible by a diversion unit for release as provided in this subsection shall retain the same right to counsel and right to have his or her case referred to the court for formal action as any other juvenile referred to the unit.

(15) A diversion unit may supervise the fulfillment of a diversion agreement entered into before the juvenile's eighteenth birthday and which includes a period extending beyond the divertee's eighteenth birthday.

(16) If restitution required by a diversion agreement cannot reasonably be paid due to a change of circumstance, the diversion agreement may be modified at the request of the divertee and with the concurrence of the diversion unit to convert unpaid restitution into community restitution. The modification of the diversion agreement shall be in writing and signed by the divertee and the diversion unit. The number of hours of community restitution in lieu of a monetary penalty shall be converted at the rate of the prevailing state minimum wage per hour. 13.40.127 Deferred disposition. (1) A juvenile is eligible for deferred disposition unless he or she:

(a) Is charged with a sex or violent offense;
(b) Has a criminal history which includes any felony;
(c) Has a prior deferred disposition or deferred adjudication; or
(d) Has two or more adjudications.

(2) The juvenile court may, upon motion at least fourteen days before commencement of trial and, after consulting the juvenile's custodial parent or parents or guardian and with the consent of the juvenile, continue the case for disposition for a period not to exceed one year from the date the juvenile is found guilty. The court shall consider whether the offender and the community will benefit from a deferred disposition before deferring the disposition. The court may waive the fourteen-day period anytime before the commencement of trial for good cause.

(3) Any juvenile who agrees to a deferral of disposition shall:

(a) Stipulate to the admissibility of the facts contained in the written police report;
(b) Acknowledge that the report will be entered and used to support a finding of guilt and to impose a disposition if the juvenile fails to comply with terms of supervision;
(c) Waive the following rights to: (i) A speedy disposition; and (ii) call and confront witnesses; and
(d) Acknowledge the direct consequences of being found guilty and the direct consequences that will happen if an order of disposition is entered.

The adjudicatory hearing shall be limited to a reading of the court's record.

[2015 RCW Supp—page 103]
(4) Following the stipulation, acknowledgment, waiver, and entry of a finding or plea of guilt, the court shall defer entry of an order of disposition of the juvenile.

(5) Any juvenile granted a deferral of disposition under this section shall be placed under community supervision. The court may impose any conditions of supervision that it deems appropriate including posting a probation bond. Payment of restitution under RCW 13.40.190 shall be a condition of community supervision under this section.

The court may require a juvenile offender convicted of animal cruelty in the first degree to submit to a mental health evaluation to determine if the offender would benefit from treatment and such intervention would promote the safety of the community. After consideration of the results of the evaluation, as a condition of community supervision, the court may order the offender to attend treatment to address issues pertinent to the offense.

The court may require the juvenile to undergo a mental health or substance abuse assessment, or both. If the assessment identifies a need for treatment, conditions of supervision may include treatment for the assessed need that has been demonstrated to improve behavioral health and reduce recidivism.

The court shall require a juvenile granted a deferral of disposition for unlawful possession of a firearm in violation of RCW 9.41.040 to participate in a qualifying program as described in RCW 13.40.193(2)(b), when available, unless the court makes a written finding based on the outcome of the juvenile court risk assessment that participation in a qualifying program would not be appropriate.

(6) A parent who signed for a probation bond has the right to notify the counselor if the juvenile fails to comply with the bond or conditions of supervision. The counselor shall notify the court and surety of any failure to comply. A surety shall notify the court of the juvenile's failure to comply with the probation bond. The state shall bear the burden to prove, by a preponderance of the evidence, that the juvenile has failed to comply with the terms of community supervision.

(7)(a) Anytime prior to the conclusion of the period of supervision, the prosecutor or the juvenile's juvenile court community supervision counselor may file a motion with the court requesting the court revoke the deferred disposition based on the juvenile's lack of compliance or treat the juvenile's lack of compliance as a violation pursuant to RCW 13.40.200.

(b) If the court finds the juvenile failed to comply with the terms of the deferred disposition, the court may:

(i) Revoke the deferred disposition and enter an order of disposition; or

(ii) Impose sanctions for the violation pursuant to RCW 13.40.200.

(8) At any time following deferral of disposition the court may, following a hearing, continue supervision for an additional one-year period for good cause.

(9)(a) At the conclusion of the period of supervision, the court shall determine whether the juvenile is entitled to dismissal of the deferred disposition only when the court finds:

(i) The deferred disposition has not been previously revoked;

(ii) The juvenile has completed the terms of supervision;

(iii) There are no pending motions concerning lack of compliance pursuant to subsection (7) of this section; and

(iv) The juvenile has either paid the full amount of restitution, or, made a good faith effort to pay the full amount of restitution during the period of supervision.

(b) If the court finds the juvenile is entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the juvenile's conviction shall be vacated and the court shall dismiss the case with prejudice, except that a conviction under RCW 16.52.205 shall not be vacated. Whenever a case is dismissed with restitution still owing, the court shall enter a restitution order pursuant to RCW 7.80.130 for any unpaid restitution. Jurisdiction to enforce payment and modify terms of the restitution order shall be the same as those set forth in RCW 7.80.130.

(c) If the court finds the juvenile is not entitled to dismissal of the deferred disposition pursuant to (a) of this subsection, the court shall revoke the deferred disposition and enter an order of disposition. A deferred disposition shall remain a conviction unless the case is dismissed and the conviction is vacated pursuant to (b) of this subsection or sealed pursuant to RCW 13.50.260.

(10)(a)(i) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is eighteen years of age or older and the full amount of restitution owing to the individual victim named in the restitution order, excluding restitution owed to any insurance provider authorized under Title 48 RCW has been paid, the court shall enter a written order sealing the case.

(ii) Any time the court vacates a conviction pursuant to subsection (9) of this section, if the juvenile is not eighteen years of age or older and full restitution ordered has been paid, the court shall schedule an administrative sealing hearing to take place no later than thirty days after the respondent's eighteenth birthday, at which time the court shall enter a written order sealing the case. The respondent's presence at the administrative sealing hearing is not required.

(iii) Any deferred disposition vacated prior to June 7, 2012, is not subject to sealing under this subsection.

(b) Nothing in this subsection shall preclude a juvenile from petitioning the court to have the records of his or her deferred dispositions sealed under RCW 13.50.260.

(c) Records sealed under this provision shall have the same legal status as records sealed under RCW 13.50.260.

13.40.145 Repealed. See Supplementary Table of Disposition of Former RCW Sections, this volume.

13.40.190 Disposition order—Restitution for loss or damage—Modification of restitution order. (1)(a) In its dispositional order, the court shall require the respondent to make restitution to any persons who have suffered loss or
damage as a result of the offense committed by the respondent. In addition, restitution may be ordered for loss or damage if the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which, pursuant to a plea agreement, are not prosecuted.

(b) Restitution may include the costs of counseling reasonably related to the offense.

(c) The payment of restitution shall be in addition to any punishment which is imposed pursuant to the other provisions of this chapter.

(d) The court may determine the amount, terms, and conditions of the restitution including a payment plan extending up to ten years if the court determines that the respondent does not have the means to make full restitution over a shorter period. If the court determines that a juvenile has insufficient funds to pay and upon agreement of the victim, the court may order performance of a number of hours of community restitution in lieu of monetary penalty, at the rate of the then state minimum wage per hour. The court shall allow the victim to determine the nature of the community restitution to be completed when it is practicable and appropriate to do so. For the purposes of this section, the respondent shall remain under the court's jurisdiction for a maximum term of ten years after the respondent's eighteenth birthday and, during this period, the restitution portion of the dispositional order may be modified as to amount, terms, and conditions at any time. Prior to the expiration of the ten-year period, the juvenile court may extend the judgment for the payment of restitution for an additional ten years. If the court grants a respondent's petition pursuant to RCW 13.50.260, the court's jurisdiction under this subsection shall terminate.

(e) Nothing in this section shall prevent a respondent from petitioning the court pursuant to RCW 13.50.260 if the respondent has paid the full restitution amount stated in the court's order and has met the statutory criteria.

(f) If the respondent participated in the crime with another person or other persons, the court may either order joint and several restitution or may divide restitution equally among the respondents. In determining whether restitution should be joint and several or equally divided, the court shall consider the interest and circumstances of the victim or victims, the circumstances of the respondents, and the interest of justice.

(g) At any time, the court may determine that the respondent is not required to pay, or may relieve the respondent of the requirement to pay, full or partial restitution to any insurance provider authorized under Title 48 RCW if the respondent reasonably satisfies the court that he or she does not have the means to make full or partial restitution to the insurance provider.

(2) Regardless of the provisions of subsection (1) of this section, the court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the court within one year of entry of the disposition order for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the court shall hold a restitution hearing and shall enter a restitution order.

(3) If an order includes restitution as one of the monetary assessments, the county clerk shall make disbursements to victims named in the order. The restitution to victims named in the order shall be paid prior to any payment for other penalties or monetary assessments. The county clerk shall make restitution disbursements to victims prior to payments to any insurance provider under Title 48 RCW.

(4) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(5) A respondent under obligation to pay restitution may petition the court for modification of the restitution order for good cause shown, including inability to pay. 13.40.320 Juvenile offender basic training camp program. (1) The department of social and health services may establish a medium security juvenile offender basic training camp program. This program for juvenile offenders serving a term of confinement under the supervision of the department is exempt from the licensing requirements of chapter 74.15 RCW.

(2) The department may contract under this chapter with private companies, the national guard, or other federal, state, or local agencies to operate the juvenile offender basic training camp.

(3) The juvenile offender basic training camp shall be a structured and regimented model emphasizing the building up of an offender's self-esteem, confidence, and discipline. The juvenile offender basic training camp program shall provide participants with basic education, prevocational training, work-based learning, work experience, work ethic skills, conflict resolution counseling, substance abuse intervention, anger management counseling, and structured intensive physical training. The juvenile offender basic training camp program shall have a curriculum training and work schedule that incorporates a balanced assignment of these or other rehabilitation and training components for no less than sixteen hours per day, six days a week.

The department shall develop standards for the safe and effective operation of the juvenile offender basic training camp program, for an offender's successful program completion, and for the continued after-care supervision of offenders who have successfully completed the program.

(4) Offenders eligible for the juvenile offender basic training camp option shall be those with a disposition of not more than sixty-five weeks. Violent and sex offenders shall not be eligible for the juvenile offender basic training camp program.

(5) If the court determines that the offender is eligible for the juvenile offender basic training camp option, the court may recommend that the department place the offender in the program. The department shall evaluate the offender and may place the offender in the program. The evaluation shall include, at a minimum, a risk assessment developed by the department and designed to determine the offender's suitability for the program. No juvenile who is assessed as a high risk offender or suffers from any mental or physical problems that could endanger his or her health or drastically affect his or her performance in the program shall be admitted to or retained in the juvenile offender basic training camp program.

(6) All juvenile offenders eligible for the juvenile offender basic training camp sentencing option shall spend one hundred twenty days of their disposition in a juvenile offender basic training camp. This period may be extended for up to forty days by the secretary if a juvenile offender requires additional time to successfully complete the basic training camp program. If the juvenile offender's activities while in the juvenile offender basic training camp are so disruptive to the juvenile offender basic training camp program, as determined by the secretary according to standards developed by the department, as to result in the removal of the juvenile offender from the juvenile offender basic training camp program, or if the offender cannot complete the juvenile offender basic training camp program due to medical problems, the secretary shall require that the offender be committed to a juvenile institution to serve the entire remainder of his or her disposition, less the amount of time already served in the juvenile offender basic training camp program.

(7) All offenders who successfully graduate from the juvenile offender basic training camp program shall spend the remainder of their disposition on parole in a juvenile rehabilitation administration intensive aftercare program in the local community. Violation of the conditions of parole is subject to sanctions specified in RCW 13.40.210(4). The program shall provide for the needs of the offender based on his or her progress in the aftercare program as indicated by ongoing assessment of those needs and progress. The intensive aftercare program shall monitor postprogram juvenile offenders and assist them to successfully reintegrate into the community. In addition, the program shall develop a process for closely monitoring and assessing public safety risks. The intensive aftercare program shall be designed and funded by the department of social and health services.

(8) The department shall also develop and maintain a database to measure recidivism rates specific to this incarceration program. The database shall maintain data on all juvenile offenders who complete the juvenile offender basic training camp program for a period of two years after they have completed the program. The database shall also maintain data on the criminal activity, educational progress, and employment activities of all juvenile offenders who participated in the program. Findings and intent—Juvenile basic training camps—1994 sp.s. c 7: "The legislature finds that the number of juvenile offenders and the severity of their crimes is increasing rapidly statewide. In addition, many juvenile offenders continue to reoffend after they are released from the juvenile justice system causing disproportionately high and expensive rates of recidivism. The legislature further finds that juvenile criminal behavior is often the result of a lack of self-discipline, the lack of systematic work habits and ethics, the inability to deal with authority figures, and an unstable or unstructured living environment. The legislature further finds that the department of social and health services currently operates an insufficient number of confinement beds to meet the rapidly growing juvenile offender population. Together these factors are combining to produce a serious public safety hazard and the need to develop more effective and stringent juvenile punishment and rehabilitation options. The legislature intends that juvenile offenders who enter the state rehabilitation system have the opportunity and are given the responsibility to become more effective participants in society by enhancing their personal development, work ethics, and life skills. The legislature recognizes that structured incarceration programs for juvenile offenders such as juvenile offender basic training camps, can instill the self-discipline, accountability, self-esteem, and work ethic skills that could discourage many offenders from returning to the criminal justice system. Juvenile offender basic training camp incarceration programs generally emphasize life skills training, prevocational work skills training, anger management, dealing with difficult at-home family problems and/or abuses, discipline, physical training, structured and intensive work activities, and educational classes. The legislature further recognizes that juvenile offenders can benefit from a highly structured basic training camp environment and the public can also benefit through increased public protection and reduced cost due to lowered rates of recidivism." Finding—Intent—2015 c 265: "The legislature finds that requiring juvenile offenders to pay all legal financial obligations before being eligible to have a juvenile record administratively sealed disproportionately affects youth based on their socioeconomic status. Juveniles who cannot afford to pay their legal financial obligations cannot seal their juvenile records once they turn eighteen and oftentimes struggle to find employment. By eliminating most nonrestitution legal financial obligations for juveniles convicted of less serious crimes, juvenile offenders will be better able to find employment and focus on making restitution payments first to the actual victim. This legislation is intended to help juveniles understand the consequences of their actions and the harm that those actions have caused others without placing insurmountable burdens on juveniles attempting to become productive members of society. Depending on the juvenile's ability to pay, and upon the consent of the victim, courts should also strongly consider ordering community restitution in lieu of paying restitution where appropriate." [2015 c 265 § 1.]

Findings—Intent—2014 c 175: "The legislature finds that:

(1) The primary goal of the Washington state juvenile justice system is the rehabilitation and reintegration of former juvenile offenders. The public has a compelling interest in the rehabilitation of former juvenile offenders and their successful reintegration into society as active, law-abiding, and contributing members of their communities. When juvenile court records are publicly available, former juvenile offenders face substantial barriers to reintegration, as they are denied housing, employment, and education opportunities on the basis of these records.

(2) The legislature declares it is the policy of the state of Washington that the interest in juvenile rehabilitation and reintegration constitutes compelling circumstances that outweigh the public interest in continued availability of juvenile court records. The legislature intends that juvenile court proceedings be openly administered but, except in limited circumstances, the records of these proceedings be closed when the juvenile has reached the age of eighteen and completed the terms of disposition." MISSING CHILDREN CLEARINGHOUSE

Sections

13.60.010 Missing children and endangered person clearinghouse—Hotline—Distribution of information—Amber alert plan, endangered missing person advisory plan, silver alert designation. (1) The Washington state patrol shall establish a missing children and endangered person clearinghouse which shall include the maintenance and operation of a toll-free telephone hotline. The clearinghouse shall distribute information to local law enforcement agencies, school districts, the department of social and health services, and the general public regarding missing children and endangered persons. The information shall include pictures, bulletins, training sessions, reports, and biographical materials that will assist in local law enforcement efforts to locate missing children and endangered persons. The state patrol shall also maintain a regularly updated computerized link with national and other statewide missing person systems or clearinghouses, and within existing resources, shall develop and implement a plan, commonly known as an "amber alert plan" or an "endangered missing person advisory plan" which includes a "silver alert" designation for voluntary cooperation between local, state, tribal, and other law enforcement agencies, state government agencies, radio and television stations, cable and satellite systems, and social media pages and sites to enhance the public's ability to assist in recovering abducted children and missing endangered persons consistent with the state endangered missing person advisory plan.

(2) For the purposes of this chapter:

(a) "Child" or "children" means an individual under eighteen years of age.

(b) "Missing endangered person" means a person who is believed to be in danger because of age, health, mental or physical disability, in combination with environmental or weather conditions, or is believed to be unable to return to safety without assistance and who is:

(i) A person with a developmental disability as defined in RCW 71A.10.020(5);

(ii) A vulnerable adult as defined in RCW 74.34.020(17); or

(iii) A person who has been diagnosed as having Alzheimer's disease or other age-related dementia.

(c) "Silver alert" means the designated title of a missing endangered person advisory that will be used on a variable message sign and text of the highway advisory radio message when used as part of an activated advisory to assist in the recovery of a missing endangered person age sixty or older. [2015 1st sp.s. c 2 § 2; 2013 c 285 § 1; 2009 c 20 § 1; 1985 c 443 § 22.]

*Reviser's note: RCW 74.34.020 was amended by 2015 c 268 § 1, changing subsection (17) to subsection (21).*

Findings—2015 1st sp.s. c 2: "The legislature finds that Washington state's elderly population is growing and the number of individuals with dementia is increasing. The legislature further finds that approximately sixty percent of individuals with dementia will wander at least once and, that if not found within twenty-four hours, up to half of wandering seniors with dementia will suffer serious injury or death. The legislature further finds that the state of Washington has a compelling interest in protecting the safety of vulnerable citizens with cognitive impairments. The legislature further finds that creating a public notification system to broadcast information about missing persons with Alzheimer's disease, dementia, or other mental disabilities to aid in their safe return will help prevent unnecessary suffering and death." 15.36.051 Milk processing plant license—Fee waiver.
(1) A milk processing plant must obtain an annual milk processing plant license from the department, which shall expire on June 30th of each year. A milk processing plant may choose to process: (a) Grade A milk and milk products; or (b) other milk products that are not classified grade A.

(2) Only one license may be required to process milk; however, milk processing plants must obtain the necessary endorsements from the department in order to process products as defined for each type of milk or milk product processing. Application for a license shall be on a form prescribed by the director and accompanied by a two hundred fifty dollar annual license fee beginning July 1, 2015. The applicant shall include on the application the full name of the applicant for the license and the location of the milk processing plant he or she intends to operate and any other necessary information. Upon the approval of the application by the director and compliance with the provisions of this chapter, including the applicable rules adopted under this chapter by the department, the applicant shall be issued a license or a renewal of a license.

(3) Licenses shall be issued to cover only those products, processes, and operations specified in the license application and approved for licensing. If a license holder wishes to engage in processing a type of milk product that is different than the type specified on the application supporting the licensee’s existing license and processing that type of food product would require a major addition to or modification of the licensees processing facilities, the licensee shall submit an amendment to the current license application. In such a case, the licensee may engage in processing the new type of milk product only after the amendment has been approved by the department.

(4) A licensee under this section shall not be required to obtain a food processing plant license under chapter 69.07 RCW to process milk or milk products.

(5) The director shall waive the fee for a food processing license under chapter 69.07 RCW for persons who are also licensed as a milk processing plant. (ii) 1919 c 192 § 33; RRS § 6195. Formerly RCW 15.32.110.)

Findings—Intent—2015 3rd sp.s. c 27: “(1) The legislature finds that section 309(4), chapter 4, Laws of 2013 2nd sp. sess. directed the department of agriculture to convene and facilitate a work group with appropriate stake-
holders to review fees supporting programs within the department that are also supported with the state general fund.

(2) The legislature further finds that with the help of a consulting firm, the department of agriculture identified fees in the food safety and animal health programs that met the budget proviso criteria. The department then formed a work group with representatives from dairy, food processing, and other relevant professional associations.

(3) The legislature further finds that the work group’s final report recommends fee increases for fees that do not completely cover the costs of services provided and that will make programs within the department of agriculture less reliant on the state general fund. Therefore, the legislature intends to implement the recommendations of the work group’s report.” [2015 3rd sp.s. p 27 § 1.]

Effective date—2005 c 414 §§ 1 and 4: "Sections 1 and 4 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2005.” [2005 c 414 § 5.]

15.36.081 Dairy technician’s license—Application—Renewal—Fees. (1) A dairy technician must obtain a dairy technician’s license to conduct operations under this chapter. Such license shall be limited to those functions which the licensee has been found qualified to perform. Before issuing the license the director shall assess the applicant's qualifications and may test the applicant for the functions for which application has been made.

(2) Application for a license as a dairy technician shall be made upon forms provided by the director, and shall be filed with the department. The director may issue a temporary license to the applicant for such period as may be prescribed and stated in the license, not to exceed sixty days, but the license may not be renewed to extend the period beyond sixty days.

(3) The initial application and renewal for a dairy technician's license must be accompanied by a license fee of twenty-five dollars beginning July 1, 2015. All dairy technicians' licenses shall expire on December 31st of odd-numbered years.

(4) The initial application for any endorsement beyond a dairy technician's license must be accompanied by an endorsement fee of twenty-five dollars beginning July 1, 2015. 15.36.551 Dairy inspection program—Assessment. (Expires June 30, 2020.) There is levied on all milk processed in this state an assessment not to exceed fifty-four one-hundredths of one cent per hundredweight. The director shall determine, by rule, an assessment, that with contribution from the general fund, will support an inspection program to maintain compliance with the provisions of the pasteurized milk ordinance of the national conference on interstate milk shipment. All assessments shall be levied on the operator of the first milk processing plant receiving the milk for processing. This shall include milk processing plants that produce their own milk for processing and milk processing plants that receive milk from other sources. Milk processing plants whose monthly assessment for receipt of milk totals less than twenty dollars in any given month are exempted from paying this assessment for that month. All moneys collected under this section shall be paid to the director by the twelfth day of the succeeding month for the previous month’s assessments. The director shall deposit the funds into the dairy inspection account hereby created within the agricultural local fund established in RCW 43.23.230. The funds shall be used only to provide inspection services to the dairy industry. If the operator of a milk processing plant fails to remit any assessments, that sum shall be a lien on any property owned by him or her, and shall be reported by the director and collected in the manner and with the same priority over other creditors as prescribed for the collection of delinquent taxes under chapters 84.60 and 84.64 RCW.

(2) Except as provided in subsection (3) of this section, all individuals licensed under this chapter shall meet the recertification standards identified in (a) or (b) of this subsection, every five years, in order to qualify for continuing license.

(a) Individuals licensed under this chapter may qualify for continued licensure through accumulation of recertification credits. Individuals licensed under this chapter shall accumulate a minimum of forty department-approved credits every five years with no more than fifteen credits allowed per year.

(b) Individuals licensed under this chapter may qualify for continued licensure through meeting the examination requirements necessary to become licensed in those areas in which the licensee operates.

(3) At the termination of a licensee's five-year recertification period, the director shall waive the recertification requirements if the licensee can demonstrate that he or she is meeting comparable recertification standards through:

(a) Another state or jurisdiction;
(b) A government agency plan that has been approved by the federal environmental protection agency; or
(c) A private entity that has been approved by the department. The department shall confer with private entities offering continuing education programs that include pest management credit accreditation and accumulation to develop an effective and efficient system to coordinate pest management credit accounting. The pest management credit accounting system must accord with the goals and other requirements of the department's pesticide license recertification program and this chapter. If the department and the private entity or entities agree on the substantive provisions of the system, the department shall develop an implementation strategy for private entities pursuing pesticide credit reciprocity. 15.64.060 Farm-to-school program. (1) A farm-to-school program is created within the department to facilitate increased procurement of Washington grown food by schools.

(2) The department, in consultation with the department of health, the office of the superintendent of public instruction, the department of enterprise services, and Washington State University, shall, in order of priority:

(a) Identify and develop policies and procedures to implement and evaluate the farm-to-school program, including coordinating with school procurement officials, buying cooperatives, and other appropriate organizations to develop uniform procurement procedures and materials, and practical recommendations to facilitate the purchase of Washington grown food by the common schools. These policies, procedures, and recommendations shall be made available to school districts to adopt at their discretion;

(b) Assist food producers, distributors, and food brokers to market Washington grown food to schools by informing them of food procurement opportunities, bid procedures, school purchasing criteria, and other requirements;

(c) Assist schools in connecting with local producers by informing them of the sources and availability of Washington grown food as well as the nutritional, environmental, and economic benefits of purchasing Washington grown food;

(d) Identify and recommend mechanisms that will increase the predictability of sales for producers and the adequacy of supply for purchasers;

(e) Identify and make available existing curricula, programs and publications that educate students on the nutritional, environmental, and economic benefits of preparing and consuming locally grown food;

(f) Support efforts to advance other farm-to-school connections such as school gardens or farms and farm visits; and

(g) As resources allow, seek additional funds to leverage state expenditures.

(3) The department in cooperation with the office of the superintendent of public instruction shall collect data on the activities conducted pursuant to chapter 215, Laws of 2008 and communicate such data biennially to the appropriate committees of the legislature beginning November 15, 2009. Data collected may include the numbers of schools and farms participating and any increases in the procurement of Washington grown food by the common schools.

(4) As used in this section, RCW 28A.335.190, and 28A.235.170, "Washington grown" means grown and packed or processed in Washington. [2015 c 225 § 9; 2008 c 215 § 2.]

Findings—Intent—2008 c 215: "(1) The legislature recognizes that the benefits of local food production include stewardship of working agricultural lands; direct and indirect jobs in agricultural production, food processing, tourism, and support industries; energy conservation and greenhouse gas reductions; and increased food security through access to locally grown foods.

(2) The legislature finds there is a direct correlation between adequate nutrition and a child's development and school performance. Children who are hungry or malnourished are at risk of lower achievement in school.

(3) The legislature further finds that adequate nutrition is also necessary for the physical health of adults, and that some communities have limited access to healthy fruits and vegetables and quality meat and dairy products, a lack of which may lead to high rates of diet-related diseases.

(4) The legislature believes that expanding market opportunities for Washington farmers will preserve and strengthen local food production and increase the already significant contribution that agriculture makes to the state and local economies.

(5) The legislature finds that the state's existing procurement requirements and practices may inhibit the purchase of locally produced food.

(6) The legislature intends that the local farms-healthy kids act strengthen the connections between the state's agricultural industry and the state's food procurement procedures in order to expand local agricultural markets, improve the nutrition of children and other at-risk consumers, and have a positive impact on the environment." The contracts are not subject to chapter 43.19 RCW, and are cancelable by the commission unless performed under conditions of employment that substantially conform to the laws of this state and the rules of the department of labor and industries. The commission may create debt and other liabilities that are reasonable for proper discharge of its duties under this chapter;

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

Finding—Intent—1994 c 261: "The legislature finds there is a need to modernize the law on animal cruelty to more appropriately address the nature of the offense. It is not the intent of this act to remove or decrease any of the exemptions from the statutes on animal cruelty that now apply to customary animal husbandry practices, state game or fish laws, rodeos, fairs under chapter 15.76 RCW, or medical research otherwise authorized under federal or state law. It is the intent of this act to require the enforcement of chapter 16.52 RCW by persons who are accountable to elected officials at the local and state level."[1994 c 261 § 1.]

16.57.450 Electronic cattle transaction reporting system—License—Fee—Report to the legislature—Adoption of rules.

16.57.160 Cattle or horses—Rules—Mandatory inspection points—Self-inspection certificates—Dairy cattle identification tags—Fees. (1) The director may adopt rules:

(a) Designating any point for mandatory inspection of cattle or horses or the furnishing of proof that cattle or horses passing or being transported through the point have been inspected or identified and are lawfully being transported;

(b) Providing for issuance of individual horse and cattle identification certificates or other means of horse and cattle identification;

(c) Designating the documents that constitute other satisfactory proof of ownership for cattle and horses. A bill of sale
may not be designated as documenting satisfactory proof of ownership for cattle; and

(d) Designating when inspection certificates, certificates of permit, or other transportation documents required by law or rule must designate a physical address of a destination. Cattle and horses must be delivered or transported directly to the physical address of that destination.

(2) The director may establish a process to electronically report transactions involving unbranded dairy cattle under RCW 16.57.450 as an alternative to the mandatory cattle inspections required by department rule adopted pursuant to this section.

(3) A self-inspection certificate may be accepted as satisfactory proof of ownership for cattle if the director determines that the self-inspection certificate, together with other available documentation, sufficiently establishes ownership. Self-inspection certificates completed after June 10, 2010, are not satisfactory proof of ownership for cattle.

(4)(a) Upon request by a milk producer licensed under chapter 15.36 RCW, the department must issue an official individual identification tag to be placed by the producer before the first point of sale on bull calves and free-martins (infertile female calves) under thirty days of age. The fee for each tag is the cost to the department for manufacture, purchase, and distribution of the tag plus the applicable beef commission assessment. As used in this subsection (4), "green tag" means the official individual identification issued by the department.

(b) Transactions involving unbranded dairy breed bull calves or free-martins (infertile female calves) not being moved or transported out of Washington are exempt from inspection requirements under this chapter only if:

(i) The animal is under thirty days old and has not been previously bought or sold;

(ii) The seller holds a valid milk producer’s license under chapter 15.36 RCW;

(iii) The sale does not take place at or through a public livestock market or special sale authorized by chapter 16.65 RCW;

(iv) Each animal is officially identified as provided in (a) of this subsection; and

(v) A certificate of permit and a bill of sale listing each animal’s green tag accompanies the animal to the buyer’s location. These documents do not constitute proof of ownership under this chapter.

(c) All fees received under (a) of this subsection, except for the beef commission assessment, must be deposited in the animal disease traceability account in the agricultural local fund created in RCW 43.23.230. 16.57.450 Electronic cattle transaction reporting system—License—Fee—Report to the legislature—Adoption of rules. (1)(a) The director may establish an electronic cattle transaction reporting system as a mechanism for reporting transactions involving unbranded dairy cattle to the department. The system may be used as an alternative to mandatory inspections under RCW 16.57.160. However, it may only be used as an alternative for unbranded dairy cattle that are individually identified through an identification method authorized by the department. All other livestock transactions are subject to the provisions of RCW 16.57.160.

(b) Pursuant to criteria established by the director by rule, a cattle transaction described in (a) of this subsection, that would otherwise trigger a mandatory inspection under rules adopted pursuant to RCW 16.57.160, is eligible to report electronically under this section.

(c) Transactions that may be reported electronically include any sale, trade, gift, barter, or any other transaction that constitutes a change of ownership of unbranded dairy cattle.

(2) A person may not electronically report transactions involving unbranded dairy cattle under this section without first obtaining an electronic cattle transaction reporting license from the director. Applicants for an electronic cattle transaction reporting license must submit an application to the department on a form provided by the department and must include an application fee. The amount of the application fee must be established by the director by rule consistent with subsection (8) of this section.

(3) All holders of an electronic cattle transaction reporting license must transmit to the department a record of each transaction containing the unique identification of each individual animal included in the transaction as assigned through a department-authorized identification method. The transmission required under this subsection must be completed no more than twenty-four hours after a qualifying transaction involving unbranded dairy cattle.

(4) All holders of an electronic cattle transaction reporting license must keep accurate records of all transactions involving unbranded dairy cattle and make those records available for inspection by the department upon reasonable request during normal business hours. All records of the licensed property must be retained for at least three years.

(5)(a) The director may enter the property of the holder of an electronic cattle transaction reporting license at any reasonable time to conduct examinations and inspections of cattle and any associated records for movement verification purposes.

(b) It is unlawful for any person to interfere with an examination and inspection of cattle and records performed under this subsection.

(c) If the director is denied access to a property or cattle for the purposes of this subsection, or a person fails to comply with an order of the director, the director may apply to a court of competent jurisdiction for a search warrant. To show that access is denied, the director must file with the court an affidavit or declaration containing a description of all attempts to notify and locate the owner or owner’s agent and secure consent.

(6)(a) The director may deny, suspend, or revoke an electronic cattle transaction reporting license issued under this section if the director finds that an electronic cattle transaction reporting license holder:

(i) Fails to satisfy the reporting requirements as provided in this section;

(ii) Knowingly makes false or inaccurate statements;
(iii) Has previously had an electronic cattle transaction reporting license revoked;
(iv) Denies entry to property, cattle, or records as provided in subsection (5) of this section; or
(v) Violates any other provision of this chapter or any rules adopted under this chapter.
(b) Any action taken under this subsection must be consistent with the provisions of chapter 34.05 RCW, the administrative procedure act.
(c) If an electronic cattle transaction reporting license is denied, suspended, or revoked, then the mandatory cattle inspection requirements under RCW 16.57.160 apply to any future transactions.
(7) The department must submit an annual report to the legislature, consistent with RCW 43.01.036, that documents all examinations and inspections of cattle and records of electronic cattle transaction reporting license holders performed by the department either since the department's last report or since the adoption of the electronic cattle transaction reporting system. The annual report must also include details regarding any actions the department took following the examinations and inspections. All reports required under this section must be submitted by July 31st of each year.
(8)(a) The director may adopt rules:
(i) Designating the conditions of licensure under this section and the use of the electronic cattle transaction reporting system authorized by this section;
(ii) Establishing an initial application fee and a license renewal fee applicable to the electronic cattle transaction reporting license; and
(iii) Establishing any fees that must be paid by the holder of an electronic cattle transaction reporting license for reporting cattle transactions through the electronic cattle transaction reporting system.
(b) All fees established under this section must, as closely as practicable, cover the cost of the development, maintenance, fee collection, and audit and administrative oversight of the electronic cattle transaction reporting system. [2015 c 225 § 16; 1997 c 357 § 3.]

18.71A.020 Rules fixing qualifications and restricting practice—Applications—Discipline—Payment of funds. The requirements shall include completion of an accredited physician assistant training program approved by the commission and within one year successfully take and pass an examination approved by the commission, if the examination tests subjects substantially equivalent to the curriculum of an accredited physician assistant training program. An interim permit may be granted by the department of health for one year provided the applicant meets all other requirements. Physician assistants licensed by the board of medical examiners, or the medical quality assurance commission as of July 1, 1999, shall continue to be licensed.

(2) The commission shall adopt rules governing the extent to which: 

[2015 RCW Supp—page 137]
(i) Physician assistant students may practice medicine during training; and 

(ii) Physician assistants may practice after successful completion of a physician assistant training course.

(b) Such rules shall provide:

(i) That the practice of a physician assistant shall be limited to the performance of those services for which he or she is trained; and

(ii) That each physician assistant shall practice medicine only under the supervision and control of a physician licensed in this state, but such supervision and control shall not be construed to necessarily require the personal presence of the supervising physician or physicians at the place where services are rendered.

(3) Applicants for licensure shall file an application with the commission on a form prepared by the secretary with the approval of the commission, detailing the education, training, and experience of the physician assistant and such other information as the commission may require. The application shall be accompanied by a fee determined by the secretary as provided in RCW 43.70.250 and 43.70.280. A surcharge of fifty dollars per year shall be charged on each license renewal or issuance of a new license to be collected by the department and deposited into the impaired physician account for physician assistant participation in the impaired physician program. Each applicant shall furnish proof satisfactory to the commission of the following:

(b) That the applicant is of good moral character; and

(c) That the applicant is physically and mentally capable of practicing medicine as a physician assistant with reasonable skill and safety. The commission may require an applicant to submit to such examination or examinations as it deems necessary to determine an applicant's physical or mental capability, or both, to safely practice as a physician assistant.

(4)(a) The commission may approve, deny, or take other disciplinary action upon the application for license as provided in the Uniform Disciplinary Act, chapter 18.130 RCW.

(b) The license shall be renewed as determined under RCW 43.70.250 and 43.70.280. The commission shall request licensees to submit information about their current professional practice at the time of license renewal and licensees must provide the information requested. This information may include practice setting, medical specialty, or other relevant data determined by the commission.

(c) The commission may authorize the use of alternative supervisors who are licensed either under chapter 18.57 or 18.71 RCW.

The patient care procedures shall identify the level of medical care personnel to be dispatched to an emergency scene, procedures for triage of patients, the level of trauma care facility to first receive the patient, and the name and location of other trauma care facilities to receive the patient should an interfacility transfer be necessary. Procedures on interfacility transfer of patients shall be consistent with the transfer procedures in chapter 70.170 RCW.

(15) "Prehospital patient care protocols" means the written procedure adopted by the emergency medical services medical program director which direct the out-of-hospital emergency care of the emergency patient which includes the trauma care patient. Finding—2005 c 193: "The legislature finds that requiring all patients who need to travel in a prone or supine position but are medically stable, to be transported by ambulance can be overly restrictive to individuals with disabilities. These individuals frequently travel for medical reasons, such as acute medical conditions, or for recreation, such as fishing or hunting. Expanding travel options for these individuals will give them greater opportunities for mobility and reduce their costs of travel." [2005 c 193 § 1.]

(d) The International Fire Code, published by the International Code Council, Inc., including those standards of the National Fire Protection Association specifically referenced in the International Fire Code: PROVIDED, That, notwithstanding any wording in this code, participants in religious ceremonies shall not be precluded from carrying hand-held candles;

(1) The International Plumbing Code and Uniform Plumbing Code Standards, published by the International Association of Plumbing and Mechanical Officials: PROVIDED, That any provisions of such code affecting sewers or fuel gas piping are not adopted; (2) The rules adopted by the council establishing standards for making buildings and facilities accessible to and usable by individuals with disabilities or elderly persons as provided in RCW 70.92.100 through 70.92.160; and
(3) The state's climate zones for building purposes are designated in RCW 19.27A.020(3) and may not be changed through the adoption of a model code or rule.

19.27.074 The council shall solicit input from first responders to ensure that firefighter safety issues are addressed during the code adoption process. The council may issue opinions relating to the codes at the request of a local official charged with the duty to enforce the enumerated codes. [2015 c 11 § 2; 2003 c 291 § 2; 1995 c 343 § 1. Prior: 1989 c 348 § 9; 1989 c 266 § 1; 1985 c 360 § 5.]

Finding—Intent—2015 c 11: "The legislature finds that the state building code council adopted by rule changes to the climate zones used in the building codes due to modifications in the 2012 international energy conservation code (IECC). The legislature intends to update the statutes to be more reflective of the national standards." [2015 c 11 § 1.]

Intent—Finding—2003 c 291: "(1) The intent of the adoption of the International Building Code by the legislature is to remain consistent with state laws regulating construction, including electrical, plumbing, and energy codes established in chapters 19.27, 19.27A, and 19.28 RCW. The International Building Code references the International Residential Code for provisions related to the construction of single and multiple-family dwellings. No portion of the International Residential Code shall supersede or take precedent over provisions in chapter 19.28 RCW, regulating the electrical code; nor provisions in RCW 19.27.031(4), regulating the plumbing code; nor provisions in chapter 19.27A RCW, regulating the energy code.
(2) It is in the state's interest and consistent with the state building code act to have in effect provisions regulating the construction of single and multiple-family residences. It is the legislative intent that the state building code council adopt the International Residential Code through rule making granted in RCW 19.27.074, consistent with state law regulating construction for electrical, plumbing, and energy codes, and other state and federal laws regulating single and multiple-family construction.
(3) In accordance with RCW 19.27.020, the state building code council shall promote fire and life safety in buildings consistent with accepted standards. In adopting the codes for the state of Washington, the state building code council shall consider provisions related to firefighter safety published by nationally recognized organizations. The state building code council shall review all nationally recognized codes as set forth in RCW 19.27.074.
(4) The legislature finds that building codes are an integral component of affordable housing. In accordance with this finding, the state building code council shall consider and review building code provisions related to improving affordable housing." [2003 c 291 § 1.]

19.27.060 Local building regulations superseded—Exceptions. (1) The governing bodies of counties and cities may amend the codes enumerated in RCW 19.27.031 as amended and adopted by the state building code council as they apply within their respective jurisdictions, but the amendments shall not result in a code that is less than the minimum performance standards and objectives contained in the state building code.
(a) No amendment to a code enumerated in RCW 19.27.031 as amended and adopted by the state building code council that affects single-family or multifamily residential buildings shall be effective unless the amendment is approved by the building code council under RCW 19.27.074(1)(b).
(b) Any county or city amendment to a code enumerated in RCW 19.27.031 which is approved under RCW 19.27.074(1)(b) shall continue to be effective after any action is taken under RCW 19.27.074(1)(a) without necessity of reapproval under RCW 19.27.074(1)(b) unless the amendment is declared null and void by the council at the time any action is taken under RCW 19.27.074(1)(a) because such action in any way altered the impact of the amendment.
(2) Except as permitted or provided otherwise under this section, the state building code shall be applicable to all
buildings and structures including those owned by the state or by any governmental subdivision or unit of local government.

(3) The governing body of each county or city may limit the application of any portion of the state building code to exclude specified classes or types of buildings or structures according to use other than single-family or multifamily residential buildings. However, in no event shall fruits or vegetables of the tree or vine stored in buildings or warehouses constitute combustible stock for the purposes of application of the uniform fire code. A governing body of a county or city may inspect facilities used for temporary storage and processing of agricultural commodities.

(4) No provision of the uniform fire code concerning roadways shall be part of the state building code: PROVIDED, That this subsection shall not limit the authority of a county or city to adopt street, road, or access standards.

(5) The provisions of the state building code may be preempted by any city or county to the extent that the code provisions relating to the installation or use of sprinklers in jail cells conflict with the secure and humane operation of jails.

(6)(a) Effective one year after July 23, 1989, the governing bodies of counties and cities may adopt an ordinance or resolution to exempt from permit requirements certain construction or alteration of either group R, division 3, or group M, division 1 occupancies, or both, as defined in the uniform building code, 1988 edition, for which the total cost of fair market value of the construction or alteration does not exceed fifteen hundred dollars. The permit exemption shall not otherwise exempt the construction or alteration from the substantive standards of the codes enumerated in RCW 19.27.031, as amended and maintained by the state building code council under RCW 19.27.070.

(b) Prior to July 23, 1989, the state building code council shall adopt by rule, guidelines exempting from permit requirements certain construction and alteration activities under (a) of this subsection. 19.27.097 Building permit application—Evidence of adequate water supply—Applicability—Exemption. (1) Each applicant for a building permit of a building necessitating potable water shall provide evidence of an adequate water supply for the intended use of the building. Evidence may be in the form of a water right permit from the department of ecology, a letter from an approved water purveyor stating the ability to provide water, or another form sufficient to verify the existence of an adequate water supply. In addition to other authorities, the county or city may impose conditions on building permits requiring connection to an existing public water system where the existing system is willing and able to provide safe and reliable potable water to the applicant with reasonable economy and efficiency. An application for a water right shall not be sufficient proof of an adequate water supply.

(2) Within counties not required or not choosing to plan pursuant to RCW 36.70A.040, the county and the state may mutually determine those areas in the county in which the requirements of subsection (1) of this section shall not apply. The departments of health and ecology shall coordinate on the implementation of this section. Should the county and the state fail to mutually determine those areas to be designated pursuant to this subsection, the county may petition the department of enterprise services to mediate or, if necessary, make the determination.

(3) Buildings that do not need potable water facilities are exempt from the provisions of this section. The department of ecology, after consultation with local governments, may adopt rules to implement this section, which may recognize differences between high-growth and low-growth counties.

19.27A.020 State energy code—Adoption by state building code council—Preemption of local residential energy codes. (1) The state building code council shall adopt rules to be known as the Washington state energy code as part of the state building code.

(2) The council shall follow the legislature's standards set forth in this section to adopt rules to be known as the Washington state energy code. The Washington state energy code shall be designed to:

(a) Construct increasingly energy efficient homes and buildings that help achieve the broader goal of building zero fossil-fuel greenhouse gas emission homes and buildings by the year 2031;

(b) Require new buildings to meet a certain level of energy efficiency, but allow flexibility in building design, construction, and heating equipment efficiencies within that framework; and

(c) Allow space heating equipment efficiency to offset or substitute for building envelope thermal performance.

(3) The Washington state energy code shall take into account regional climatic conditions. One climate zone includes: Adams, Asotin, Benton, Chelan, Columbia, Douglas, Ferry, Franklin, Garfield, Grant, Kittitas, Klickitat, Lincoln, Okanogan, Pend Oreille, Skamania, Spokane, Stevens, Walla Walla, Whitman, and Yakima counties. The state energy code for residential structures does not preempt a city, town, or county's energy code for residential buildings. The state building code council shall consult with the department of enterprise services and other qualifying state agencies only to develop and implement cost-effective energy conservation measures within the first two years of the lease agreement if the preliminary audit has identified potential cost-effective energy savings.

19.27A.190 Qualifying public agency duties—Energy benchmark—Performance rating—Reports.

(1) The requirements of this section apply to the department of enterprise services and other qualifying state agencies only to the extent that specific appropriations are provided to those agencies referencing chapter 423, Laws of 2009 or chapter number and this section.

(2) By January 1, 2010, the department of enterprise services shall establish a state portfolio manager master account. The account must be designed to provide shared reporting for all reporting public facilities.

(3) By July 1, 2010, the department of enterprise services shall establish a state portfolio manager master account. The account must be designed to provide shared reporting for all reporting public facilities.

(4) By July 1, 2010, the department of enterprise services shall select a standardized portfolio manager report for reporting public facilities. The department of enterprise services, in collaboration with the United States Environmental Protection Agency, shall make the standard report of each reporting public facility available to the public through the portfolio manager web site.

(5) The department of enterprise services shall prepare a biennial report summarizing the statewide portfolio manager master account reporting data. The first report must be completed by December 1, 2012. Subsequent reporting shall be completed every two years thereafter.

(6) By July 1, 2010, the department of enterprise services shall develop a technical assistance program to facilitate the implementation of a preliminary audit and the investment grade energy audit. The department of enterprise services shall design the technical assistance program to utilize audit services provided by utilities or energy services contracting companies when possible.

(7) For a reporting public facility that is leased by the state with a national energy performance rating score below seventy-five, a qualifying public agency may not enter into a new lease or lease renewal on or after January 1, 2010, unless:

(a) A preliminary audit has been conducted within the last two years; and

(b) The owner or lessor agrees to perform an investment grade audit and implement any cost-effective energy conservation measures within the first two years of the lease agreement if the preliminary audit has identified potential cost-effective energy conservation measures.

(8)(a) Except as provided in (b) of this subsection, for each reporting public facility with a national energy performance rating score below fifty, the qualifying public agency, in consultation with the department of enterprise services, shall undertake a preliminary energy audit by July 1, 2011. If potential cost-effective energy savings are identified, an investment grade energy audit must be completed by July 1, 2013. Implementation of cost-effective energy conservation measures are required by July 1, 2016. For a major facility that is leased by a state agency, college, or university, energy audits and implementation of cost-effective energy conservation measures are required only for that portion of the facility that is leased by the state agency, college, or university.

(b) A reporting public facility that is leased by the state is deemed in compliance with (a) of this subsection if the qualifying public agency has already complied with the requirements of subsection (7) of this section.

(9) Schools are strongly encouraged to follow the provisions in subsections (2) through (8) of this section.

(10) The director of the department of enterprise services, in consultation with the affected state agencies and the office of financial management, shall review the cost and delivery of agency programs to determine the viability of relocation when a facility leased by the state has a national
energy performance rating score below fifty. The department of enterprise services shall establish a process to determine viability.

(11) The department of enterprise services, in consultation with the office of financial management, shall develop a waiver process for the requirements in subsection (7) of this section. The director of the office of financial management, in consultation with the department of enterprise services, may waive the requirements in subsection (7) of this section if the director determines that compliance is not cost-effective or feasible. The director of the office of financial management shall consider the review conducted by the department of enterprise services on the viability of relocation as established in subsection (10) of this section, if applicable, prior to waiving the requirements in subsection (7) of this section.

(12) By July 1, 2011, the department of enterprise services shall conduct a review of facilities not covered by the national energy performance rating. Based on this review, the department of enterprise services shall develop a portfolio of additional facilities that require preliminary energy audits. For these facilities, the qualifying public agency, in consultation with the department of enterprise services, shall undertake a preliminary energy audit by July 1, 2012. If potential cost-effective energy savings are identified, an investment grade energy audit must be completed by July 1, 2013. [2015 c 225 § 20; 2009 c 423 § 8.]

19.29A.100  Electric utilities—Customer information—Sale or disclosure—Requirements—Exemptions—Application of consumer protection act. (1) An electric utility may not sell private or proprietary customer information.

(2) An electric utility may not disclose private or proprietary customer information with or to its affiliates, subsidiaries, or any other third party for the purposes of marketing services or product offerings to a retail electric customer who does not already subscribe to that service or product, unless the utility has first obtained the customer's written or electronic permission to do so.

(3) The utility must:
   (a) Obtain a retail electric customer's prior permission for each instance of disclosure of his or her private or proprietary customer information to an affiliate, subsidiary, or other third party for purposes of marketing services or products that the customer does not already subscribe to; and
   (b) Maintain a record for each instance of permission for disclosing a retail electric customer's private or proprietary customer information.

(5)(a) This section does not require customer permission for or prevent disclosure of private or proprietary customer information by an electric utility to a third party with which the utility has a contract where such contract is directly related to conduct of the utility's business, provided that the contract prohibits the third party from further disclosing or selling any private or proprietary customer information obtained from the utility to a party that is not the utility and not a party to the contract with the utility.

   (b) The legislature finds that the disclosure or sale of private or proprietary customer information by a third party, when prohibited by a contract under this subsection (5), is a matter vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW, to the third party.

19.29A.110  Persons—Customer information—Capture, obtain, or disclosure for commercial purpose—Requirements—Application of consumer protection act. (1) A person may not capture or obtain private or proprietary customer information for a commercial purpose unless the person:

(a) The retail electric customer consents to the disclosure;

(b) The private or proprietary customer information is disclosed to an electric utility or other third party as necessary to effect, administer, enforce, or complete a financial transaction that the retail electric customer requested, initiated, or authorized, provided that the electric utility or third party maintains confidentiality of the private or proprietary customer information and does not further disclose the information except as permitted under this subsection (2); or

(c) The disclosure is required or expressly permitted by a federal statute or by a state statute.

A violation of this section is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. [2015 c 285 § 4.]

### 19.29A.120 Exemptions—Energy benchmark programs. This chapter does not apply to energy benchmarking programs authorized by: (1) Federal law; (2) state law; or (3) local laws that are consistent with the personally identifying information requirements of RCW 19.27A.170. [2015 c 285 § 5.]

(14)(a) Except when complying with (b) and (c) of this subsection, act as a loan originator in any transaction (i) in which the loan originator acts or has acted as a real estate broker or salesperson or (ii) in which another person doing business under the same licensed real estate broker acts or has acted as a real estate broker or salesperson;
(b) Prior to providing mortgage services to the borrower, a loan originator, in addition to other disclosures required by this chapter and other laws, must provide to the borrower the following written disclosure:

I AM ALSO A LOAN ORIGINATOR, AND WOULD LIKE TO PROVIDE MORTGAGE SERVICES TO YOU IN CONNECTION WITH YOUR LOAN TO PURCHASE THE PROPERTY.

carry on such mortgage broker business activities and must maintain such person's mortgage broker business records separate and apart from the real estate broker activities conducted pursuant to chapter 18.85 RCW. Such activities are separate and apart even if they are conducted at an office location with a common entrance and mailing address, so long as each business is clearly identified by a sign visible to the public, each business is physically separated within the office facility, and no deception of the public as to the separate identities of the broker business firms results. This subsection (14)(c) does not require a real estate broker or salesperson licensed under chapter 18.85 RCW who also acts as a mortgage broker to maintain a physical separation within the office facility for the conduct of its real estate and mortgage broker activities where the director determines that maintaining such physical separation would constitute an undue financial hardship upon the mortgage broker and is unnecessary for the protection of the public;

19.146.205 License—Application—Applicant to furnish information establishing identity—Background check—Fee—Bond or alternative. (1) Application for a mortgage broker license under this chapter must be made to the nationwide mortgage licensing system and registry and in the form prescribed by the director. The application must contain at least the following information:

(b) If the applicant is a partnership, association, or limited liability company the name, address, date of birth, and social security number of each general partner, principal, or member of the association, and any other names, dates of birth, or social security numbers previously used by the members, unless waived by the director;

(c) If the applicant is a corporation, the name, address, date of birth, and social security number of each officer, director, registered agent, and each principal stockholder, and any other names, dates of birth, or social security numbers previously used by the officers, directors, registered agents, and principal stockholders unless waived by the director;

(d) The street address, county, and municipality where the principal business office is to be located;

(e) The name, address, date of birth, and social security number of the applicant’s designated broker, and any other names, dates of birth, or social security numbers previously used by the designated broker and a complete set of the designated broker’s fingerprints taken by an authorized law enforcement officer; and

(f)(i) Such other information regarding the applicant’s or designated broker’s background, financial responsibility, experience, character, and general fitness as the director may require by rule.

(ii) The director may waive one or more requirements of this section or permit an applicant to submit other information in lieu of the required information.

(2) As a part of or in connection with an application for any license under this section, or periodically upon license renewal, the applicant must furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, the nationwide mortgage licensing system and registry, or any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business record; purposes; and other pertinent facts, as the director may reasonably require. As part of or in connection with an application for a license under this chapter, the director is authorized to receive criminal history record information that includes nonconviction data as defined in RCW 10.97.030. The department may only disseminate nonconviction data obtained under this section to criminal justice agencies. This section does not apply to financial institutions regulated under chapters 31.12 and 31.13 RCW and Titles 30A, 32, and 33 RCW.

(3) In order to reduce the points of contact which the federal bureau of investigation may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from and distributing information to the department of justice or any governmental agency.

(4) In order to reduce the points of contact which the director may have to maintain, the director may use the nationwide mortgage licensing system and registry as a chan-
neling agent for requesting and distributing information to and from any source so directed by the director.

(5) At the time of filing an application for a license under this chapter, each applicant must pay to the director through the nationwide mortgage licensing system and registry the appropriate application fee in an amount determined by rule of the director in accordance with RCW 43.24.086 to cover, but not exceed, the cost of processing and reviewing the application. The director must deposit the moneys in the financial services regulation fund, unless the consumer services account is created as a dedicated, nonappropriated account, in which case the director must deposit the moneys in the consumer services account.

(6)(a) Except as provided in (b) of this subsection, each applicant for a mortgage broker's license must file and maintain a surety bond, in an amount which the director deems adequate to protect the public interest, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety. The bonding requirement as established by the director must take the form of a range of bond amounts which vary according to the annual loan origination volume of the licensee. The bond must run to the state of Washington as obligee, and must run first to the benefit of the borrower and then to the benefit of the state and any person or persons who suffer loss by reason of the applicant's or its loan originator's violation of any provision of this chapter or rules adopted under this chapter. The bond must be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and must reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. Borrowers must be given priority over the state and other persons. The state and other third parties must be allowed to receive distribution pursuant to a valid claim against the remainder of the bond. In the case of claims made by any person or entity who is not a borrower, no final judgment may be entered prior to one hundred eighty days following the date the claim is filed. The bond must be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. The cancellation must be effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it is considered one continuous obligation, and the surety upon the bond is not liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event is the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety’s liability. The bond is not be [is not] liable for any penalties imposed on the licensee, including, but not limited to, any increased damages or attorneys' fees, or both, awarded under RCW 19.86.090. The applicant may obtain the bond directly from the surety or through a group bonding arrangement involving a professional organization comprised of mortgage brokers if the arrangement provides at least as much coverage as is required under this subsection.

(b) If the director determines that the bond required in (a) of this subsection is not reasonably available, the director must waive the requirements for such a bond. The mortgage recovery fund account is created in the custody of the state treasurer. The director is authorized to charge fees to fund the account. All fees charged under this section, except those retained by the director for administration of the account, must be deposited into the mortgage recovery fund account. Expenditures from the account may be used only for the same purposes as the surety bond as described in (a) of this subsection. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. A person entitled to receive payment from the mortgage recovery account may only receive reimbursement after a court of competent jurisdiction has determined the actual damages caused by the licensee. The director may determine by rule the procedure for recovery; the amount each mortgage broker must pay through the nationwide mortgage licensing system and registry for deposit in the mortgage recovery account; and the amount necessary to administer the account. [2015 c 229 § 11; 2009 c 528 § 4; 2006 c 19 § 10; 2001 c 177 § 4; 1997 c 106 § 9; 1994 c 33 § 8; 1993 c 468 § 6.]

19.150.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commercially reasonable manner" means a public sale of the personal property in the self-storage space. The personal property may be sold in the owner's discretion on or off the self-service storage facility site as a single lot or in parcels. If five or more bidders are in attendance at a public sale of the personal property, the proceeds received are deemed to be commercially reasonable.

(3) "Last known address" means that address provided by the occupant in the latest rental agreement, or the address provided by the occupant in a subsequent written notice of a change of address.

(4) "Late fee" means a fee or charge assessed by an owner of a self-service storage facility as an estimate of any loss incurred by an owner for an occupant's failure to pay rent when due. A late fee is not a penalty, interest on a debt, nor is a late fee a reasonable expense that the owner may incur in the course of collecting unpaid rent in enforcing the owner's lien rights pursuant to RCW 19.150.020 or enforcing any other remedy provided by statute or contract.

(5) "Occupant" means a person, or his or her sublessee, successor, or assign, who is entitled to the use of the storage
space at a self-service storage facility under a rental agreement, to the exclusion of others.

(7) "Personal property" means movable property not affixed to land, and includes, but is not limited to, goods, merchandise, furniture, and household items.

(8) "Reasonable manner" means to dispose of personal property by donation to a not-for-profit charitable organization, removal of the personal property from the self-service storage facility by a trash hauler or recycler, or any other method that in the discretion of the owner is reasonable under the circumstances.

(9) "Rental agreement" means any written agreement or lease which establishes or modifies the terms, conditions, rules[,] or any other provision concerning the use and occupancy of a self-service storage facility.

(10) "Self-service storage facility" means any real property designed and used for the purpose of renting or leasing individual storage space to occupants who have to access to the space for the purpose of storing and removing personal property on a self-service basis, but does not include a garage or other storage area in a private residence. No occupant may use a self-service storage facility for residential purposes.

(11) "Verified mail" means any method of mailing that is offered by the United States postal service that provides evidence of mailing. [2015 c 13 § 1; 2008 c 61 § 1; 2007 c 113 § 1; 1988 c 240 § 2.]

*Reviser's note:* The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

19.150.040 Unpaid rent—Termination of occupant's rights—Notice. (1) When any part of the rent or other charges due from an occupant remains unpaid for fourteen consecutive days, an owner may terminate the right of the occupant to use the storage space at a self-service storage facility by sending a preliminary lien notice to the occupant's last known address, and to the alternative address specified in RCW 19.150.120(2), by first-class mail, postage prepaid, or electronic mail [email] address, containing all of the following:

(a) An itemized statement of the owner's claim showing the sums due at the time of the notice and the date when the sums become due.

(b) A statement that the occupant's right to use the storage space will terminate on a specified date (not less than fourteen days after the notice is sent) unless all sums due and to become due by that date are paid by the occupant prior to the specified date.

(c) A notice that the occupant may be denied or continue to be denied, as the case may be, access to the storage space after the termination date if the sums are not paid, and that an owner's lien, as provided for in RCW 19.150.020 may be imposed thereafter.

(d) The name, street address, and telephone number of the owner, or his or her designated agent, whom the occupant may contact to respond to the notice.

(2) The owner may not send by electronic mail [email] the notice required under this section to the occupant's last known address or alternative address unless:

(a) The occupant expressly agrees to notice by electronic mail [email];

(b) The rental agreement executed by the occupant specifies in bold type that notices will be given to the occupant by electronic mail [email];

(c) The owner provides the occupant with the electronic mail [email] address from which notices will be sent and directs the occupant to modify his or her email settings to allow electronic mail [email] from that address to avoid any filtration systems; and

(d) The owner notifies the occupant of any change in the electronic mail [email] address from which notices will be sent prior to the address change. [2015 c 13 § 2; 2007 c 113 § 2; 1988 c 240 § 5.]

19.150.060 Attachment of lien—Final notice of lien sale or notice of disposal. (1) If a notice has been sent, as required by RCW 19.150.040, and the total sum due has not been paid as of the date specified in the preliminary lien notice, the lien proposed by this notice attaches as of that date and the owner may deny an occupant access to the space, enter the space, inventory the goods therein, and remove any property found therein to a place of safe keeping. The owner must provide the occupant a notice of final lien sale or final notice of disposition by personal service, verified mail, or electronic mail [email] to the occupant's last known address and alternative address or electronic mail [email] address. If the owner sends notice required under this section to the occupant's last known electronic mail [email] address and does not receive a reply or receipt of delivery, the owner must send a second notice to the occupant's last known postal address by verified mail. The notice required under this section must state all of the following:

(a) That the occupant's right to use the storage space has terminated and that the occupant no longer has access to the stored property.

(b) That the stored property is subject to a lien, and the amount of the lien accrued and to accrue prior to the date required to be specified in (c) of this subsection.

(c) That all the property, other than personal papers and personal photographs, may be sold to satisfy the lien after a specified date which is not less than fourteen days from the last date of sending of the final lien sale notice, or a minimum of forty-two days after the date when any part of the rent or other charges due from the occupants remain unpaid, whichever is later, unless the amount of the lien is paid. The owner is not required to sell the personal property within a maximum number of days of when the rent or other charges first became due. If the total value of property in the storage space is less than three hundred dollars, the owner may, instead of sale, dispose of the property in any reasonable manner, subject to the restrictions of RCW 19.150.080(4). After the sale or other disposition pursuant to this section has been completed, the owner shall provide an accounting of the disposition of the proceeds of the sale or other disposition to the occupant at the occupant's last known address and at the alternative address.

[2015 RCW Supp—page 170]
(d) That any stored motor vehicles or boats may be towed or removed from the self-service storage facility in lieu of sale pursuant to RCW 19.150.160.

(e) That any excess proceeds of the sale or other disposition under RCW 19.150.080(2) over the lien amount and reasonable costs of sale will be retained by the owner and may be reclaimed by the occupant, or claimed by another person, at any time for a period of six months from the sale and that thereafter the proceeds will be turned over to the state as abandoned property as provided in RCW 63.29.165.

(f) That any personal papers and personal photographs will be retained by the owner and may be reclaimed by the occupant at any time for a period of six months from the sale or other disposition of property and that thereafter the owner may dispose of the personal papers and photographs in a reasonable manner, subject to the restrictions of RCW 19.150.080(3).

(g) That the occupant has no right to repurchase any property sold at the lien sale.

(2) The owner may not send by electronic mail [email] the notice required under this section to the occupant's last known address or alternative address unless:

(a) The occupant expressly agrees to notice by electronic mail [email];

(b) The rental agreement executed by the occupant specifies in bold type that notices will be given to the occupant by electronic mail [email];

(c) The owner provides the occupant with the electronic mail [email] address from which notices will be sent and directs the occupant to modify his or her email settings to allow electronic mail [email] from that address to avoid any filtration systems; and

(d) The owner notifies the occupant of any change in the electronic mail [email] address from which notices will be sent prior to the address change. [2015 c 13 § 3; 2007 c 113 § 3; 1996 c 220 § 1; 1993 c 498 § 5; 1988 c 240 § 7.]

19.150.160 Occupant in default—Vehicle or boat removal. (1) If an occupant is in default for sixty or more days and the personal property stored in the leased space is a motor vehicle or boat, the owner may have the personal property towed or removed from the self-service storage facility in lieu of sale. Prior to having the vehicle towed, the owner must provide notice to the occupant stating the name, address, and contact information of the towing company.

(2) The owner is not liable for any damage to the personal property towed or removed from the self-service storage facility once the property is in the possession of a third party. [2015 c 13 § 4.]

19.150.170 Limit on value of personal property—Liability. If a rental agreement contains a condition on [the] occupant's use of the space that specifies a limit on the value of personal property that may be stored, that limit is the maximum value of the stored personal property in the occupant's space for the purposes of the [self-service] storage facility owner's liability only. Chapter 19.255 RCW
PERSONAL INFORMATION—NOTICE OF SECURITY BREACHES

Sections

19.255.010 Disclosure, notice—Definitions—Rights, remedies. (1) Any person or business that conducts business in this state and that owns or licenses data that includes personal information shall disclose any breach of the security of the system following discovery or notification of the breach in the security of the data to any resident of this state whose personal information was, or is reasonably believed to have been, acquired by an unauthorized person and the personal information was not secured. Notice is not required if the breach of the security of the system is not reasonably likely to subject consumers to a risk of harm. The breach of secured personal information must be disclosed if the information acquired and accessed is not secured during a security breach or if the confidential process, encryption key, or other means to decipher the secured information was acquired by an unauthorized person.

(2) Any person or business that maintains data that includes personal information that the person or business does not own shall notify the owner or licensee of the information of any breach of the security of the data immediately following discovery, if the personal information was, or is reasonably believed to have been, acquired by an unauthorized person.

(3) The notification required by this section may be delayed if the data owner or licensee contacts a law enforcement agency after discovery of a breach of the security of the system and a law enforcement agency determines that the notification will impede a criminal investigation. The notification required by this section shall be made after the law enforcement agency determines that it will not compromise the investigation.

(4) For purposes of this section, "breach of the security of the system" means unauthorized acquisition of data that compromises the security, confidentiality, or integrity of personal information maintained by the person or business. Good faith acquisition of personal information by an employee or agent of the person or business for the purposes of the person or business is not a breach of the security of the system when the personal information is not used or subject to further unauthorized disclosure.

(5) For purposes of this section, "personal information" means an individual's first name or first initial and last name in combination with any one or more of the following data elements:
   (a) Social security number;
   (b) Driver's license number or Washington identification card number; or
   (c) Account number or credit or debit card number, in combination with any required security code, access code, or password that would permit access to an individual's financial account.

(6) For purposes of this section, "personal information" does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

(7) For purposes of this section, "secured" means encrypted in a manner that meets or exceeds the national institute of standards and technology (NIST) standard or is otherwise modified so that the personal information is rendered unreadable, unusable, or undecipherable by an unauthorized person.

(8) For purposes of this section and except under subsections (9) and (10) of this section, "notice" may be provided by one of the following methods:
   (a) Written notice;
   (b) Electronic notice, if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 U.S.C. Sec. 7001; or
   (c) Substitute notice, if the person or business demonstrates that the cost of providing notice would exceed two hundred fifty thousand dollars, or that the affected class of subject persons to be notified exceeds five hundred thousand, or the person or business does not have sufficient contact information. Substitute notice shall consist of all of the following:
      (i) Email notice when the person or business has an email address for the subject persons;
      (ii) Conspicuous posting of the notice on the web site page of the person or business, if the person or business maintains one; and
      (iii) Notification to major statewide media.

(9) A person or business that maintains its own notification procedures as part of an information security policy for the treatment of personal information and is otherwise consistent with the timing requirements of this section is in compliance with the notification requirements of this section if the person or business notifies subject persons in accordance with its policies in the event of a breach of security of the system.

(10) A covered entity under the federal health insurance portability and accountability act of 1996, 42 U.S.C. Sec. 1320d et seq., is deemed to have complied with the requirements of this section with respect to protected health information if it has complied with section 13402 of the federal health information technology for economic and clinical health act, Public Law 111-5 as it existed on July 24, 2015. Covered entities shall notify the attorney general pursuant to subsection (15) of this section in compliance with the timeliness of notification requirements of section 13402 of the federal health information technology for economic and clinical health act, Public Law 111-5 as it existed on July 24, 2015, notwithstanding the notification requirement in subsection (16) of this section.

(11) A financial institution under the authority of the office of the comptroller of the currency, the federal deposit insurance corporation, the national credit union administration, or the federal reserve system is deemed to have complied with the requirements of this section with respect to "sensitive customer information" as defined in the interagency guidelines establishing information security stan-
The legislature finds that the practices covered by this section are brought by the attorney general to enforce this section, the name of the state, or as parens patriae on behalf of persons reasonably integrity of the data system.

The legislature also intends to provide consumers whose personal information has occurred so that appropriate action may be taken to protect consumers. The legislature intends to strengthen the data breach notification requirements to better safeguard personal information, prevent identity theft, and ensure that the attorney general receives notification when breaches occur so that appropriate action may be taken to protect consumers. The legislature also intends to provide consumers whose personal information has been jeopardized due to a data breach with the information needed to secure financial accounts and make the necessary reports in a timely manner to minimize harm from identity theft. [2015 c 64 § 1.]

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Combined heat and power" means the sequential production of electricity and useful thermal energy from a common fuel source where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output.

(2) "Commission" means the utilities and transportation commission.

(3) "Conservation and efficiency resources" means any reduction in electric power consumption that results from increases in the efficiency of energy use, production, transmission, or distribution.

(4) "Consumerowned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a wate...
power needed to supply its total load requirement other than that served by nondispatchable generating resources totaling no more than six megawatts or renewable resources.

(8) "Governing body" means the elected board of directors, city council, commissioners, or board of any consumer-owned utility.

(9) "Integrated resource plan" means an analysis describing the mix of generating resources, conservation, methods, technologies, and resources to integrate renewable resources and, where applicable, address overgeneration events, and efficiency resources that will meet current and projected needs at the lowest reasonable cost to the utility and its ratepayers and that complies with the requirements specified in RCW 19.280.030(1).

(10) "Investor owned utility" means a corporation owned by investors that meets the definition in RCW 80.04.010 and is engaged in distributing electricity to more than one retail electric customer in the state.

(11) "Lowest reasonable cost" means the lowest cost mix of generating resources and conservation and efficiency resources determined through a detailed and consistent analysis of a wide range of commercially available resources. At a minimum, this analysis must consider resource cost, market-volatility risks, demand-side resource uncertainties, resource dispatchability, resource effect on system operation, the risks imposed on the utility and its ratepayers, public policies regarding resource preference adopted by Washington state or the federal government, and the cost of risks associated with environmental effects including emissions of carbon dioxide.

(12) "Overgeneration event" means an event within an operating period of a balancing authority when the electricity supply, including generation from intermittent renewable resources, exceeds the demand for electricity for that utility's energy delivery obligations and when there is a negatively priced regional market.

(13) "Plan" means either an "integrated resource plan" or a "resource plan."

(14) "Renewable resources" means electricity generation facilities fueled by: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) biomass energy utilizing animal waste, solid or liquid organic fuels from wood, forest, or field residues or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chromearsenic; (g) by-products of pulping or wood manufacturing processes, including but not limited to bark, wood chips, sawdust, and lignin in spent pulping liquors; (h) ocean thermal, wave, or tidal power; or (i) gas from sewage treatment facilities.

19.280.060 Department's duties—Report to the legislature. The department shall review the plans of consumer-owned utilities and investor-owned utilities, and data available from other state, regional, and national sources, and prepare an electronic report to the legislature aggregating the data and assessing the overall adequacy of Washington's electricity supply. The report shall include a statewide summary of utility load forecasts, load/resource balance, and utility plans for the development of thermal generation, renewable resources, conservation and efficiency resources, and an examination of assessment methods used by utilities to address overgeneration events. The commission shall provide the department with data summarizing the plans of investor-owned utilities for use in the department's statewide summary. The department shall submit any reports it receives of planned and completed combined heat and power facilities in the state of Washington are encouraged to offer a fifteen-year minimum term for a power purchase agreement for the electric output of a combined heat and power system. The department may submit its report within the biennial report required under RCW 43.21F.045. [2015 3rd sp.s. c 19 § 10; 2013 c 149 § 4; 2006 c 195 § 6.]

19.280.070 Combined heat and power systems—Valuation—Assessment. (1) The legislature finds that combined heat and power systems provide both energy and capacity resources. Failure to assess the electric output of combined heat and power systems as both an energy and a capacity resource may result in a failure to account for the total benefits of that output in its posted price.

(2) Electric utilities with over twenty-five thousand customers in the state of Washington must value, pursuant to RCW 19.280.030, combined heat and power as having both energy and capacity value by December 31, 2016, for the purposes of setting the value of power under the federal public utility regulatory policies act, establishing rates for power purchase agreements, and integrated resource planning only if an assessment of combined heat and power identifies opportunities for combined heat and power that are dispatchable and that may provide capacity value. [2015 3rd sp.s. c 19 § 6.]

Finding—Intent—2015 3rd sp.s. c 19: See note following RCW 39.35.010.

19.280.080 Combined heat and power systems—Power purchase agreements. (1) The legislature finds that power purchase agreements of a minimum of fifteen years for the electric output of combined heat and power systems may be advantageous to both electric utilities and the owners or operators of combined heat and power systems.

(2) Electric utilities with over twenty-five thousand customers in the state of Washington are encouraged to offer a minimum term of fifteen years for new power purchase agreements for the electric output of combined heat and power systems beginning December 31, 2016.

(3) The commission may authorize recovery of the actual cost of fuel incurred by an electrical company under a power purchase agreement for the electric output of a combined heat and power system.

(4) The governing body of a consumer-owned utility that offers a fifteen-year minimum term for a power purchase agreement for the electric output of a combined heat and power system may, every five years after signing the agreement, initiate a fuel cost adjustment process in order to recover the actual cost of fuel incurred by the consumer-owned utility under a power purchase agreement under this section. Chapter 19.285 RCW
ENERGY INDEPENDENCE ACT

Sections

19.285.060 Accountability and enforcement—Energy independence act special account. (1) Except as provided in subsection (2) of this section, a qualifying utility that fails to comply with the energy conservation or renewable energy targets established in RCW 19.285.040 shall pay an administrative penalty to the state of Washington in the amount of fifty dollars for each megawatt-hour of shortfall. Beginning in 2007, this penalty shall be adjusted annually according to the rate of change of the inflation indicator, gross domestic product-implicit price deflator, as published by the bureau of economic analysis of the United States department of commerce or its successor.
Chapter 19.345  Title 19 RCW: Business Regulations—Miscellaneous

(2) A qualifying utility that does not meet an annual renewable energy target established in RCW 19.285.040(2) is exempt from the administrative penalty in subsection (1) of this section for that year if the commission for investor-owned utilities or the auditor for all other qualifying utilities determines that the utility complied with RCW 19.285.040(2) (d) or (i) or 19.285.050(1).

(3) A qualifying utility must notify its retail electric customers in published form within three months of incurring a penalty regarding the size of the penalty and the reason it was incurred.

(4) The commission shall determine if an investor-owned utility may recover the cost of this administrative penalty in electric rates, and may consider providing positive incentives for an investor-owned utility to exceed the targets established in RCW 19.285.040.

(5) Administrative penalties collected under this chapter shall be deposited into the energy independence act special account which is hereby created. All receipts from administrative penalties collected under this chapter must be deposited into the account. Expenditures from the account may be used only for the purchase of renewable energy credits or for energy conservation projects at public facilities, local government facilities, community colleges, or state universities. The state shall own and retire any renewable energy credits purchased using moneys from the account. Only the director of enterprise services or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(6) For a qualifying utility that is an investor-owned utility, the commission shall determine compliance with the provisions of this chapter and assess penalties for noncompliance as provided in subsection (1) of this section.

(7) For qualifying utilities that are not investor-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance. [2015 c 225 § 2; 2007 c 1 § 19.345.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Sections
19.345.005  Intent.
19.345.010  Definitions.

19.345.005  Intent. It is the intent of the legislature to protect consumers and ticket sellers from software that simulates the action of a human being purchasing tickets from a ticket seller in order to evade controls and measures on a ticket seller's web site. The legislature is concerned by the use of software, commonly referred to as BOTs (web robots), to interfere with the operation of ticket sales over the internet, gaining unauthorized priority access to purchasing tickets, and thereby reducing access to the general public of online ticket sales at the intended original price. In order to protect consumers and ticket sellers, the legislature intends to prohibit acts and practices of persons that use or sell software to circumvent, thwart, interfere with, or evade a security measure, access control system, or other control or measure on a ticket seller's internet web site. It is not the intent of the legislature to interrupt the online ticket buying process established by the authorized ticket seller, including the distribution of tickets to season ticket holders. [2015 c 129 § 1.]

(b) Sell software that is advertised for profit with the express purpose to circumvent, thwart, interfere with, or evade a security measure, access control system, or other control or measure on a ticket seller's internet web site.

(2) The use or sale of software as described in subsection (1) of this section only violates this section if the user or seller knows or should know that the purpose of the software is to circumvent, thwart, interfere with, or evade a security mea-
The legislature finds that the conduct described in subsection (1) of this section vitally affects the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. Using or selling software to circumvent, thwart, or evade a control or measure, which is used on a ticket seller's internet web site to ensure an equitable distribution of tickets, is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purposes of applying the consumer protection act, chapter 19.86 RCW. PATENT INFRINGEMENT—BAD FAITH ASSERTIONS

Sections
19.350.005 Finding.
19.350.010 Definitions.

19.350.070 Rights and remedies.
19.350.080 Appeal.
19.350.090 Short title.

19.350.005 Finding. The legislature finds that abusive patent litigation, and especially the assertion of bad faith infringement claims, can harm Washington's economy. A person or business that receives a demand asserting such claims faces the threat of expensive and protracted litigation and may determine that it has no choice but to settle and to pay a licensing fee, even if the claim is meritless. This is especially so for small and medium-sized entities and nonprofits lacking adequate resources to investigate and defend themselves against the infringement claims. Not only do bad faith patent infringement claims impose a significant burden on individual Washington businesses and other entities, they also undermine Washington's efforts to attract and nurture information technology and knowledge-based businesses. Resources expended to avoid the threat of bad faith litigation are no longer available to invest, develop and produce new products, expand, or hire new workers, thereby harming Washington's economy. Through this legislation, the legislature seeks to protect Washington's economy from abusive and bad faith assertions of patent infringement, while not interfering with federal law or legitimate patent enforcement actions. [2015 c 108 § 1.]

19.350.010 Definitions. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Assertion of patent infringement" means:
(a) Sending or delivering a demand to a target;
(b) Threatening a target with litigation asserting, alleging, or claiming that the target has engaged in patent infringement;
(c) Sending or delivering a demand to the customers of a target; or
(d) Otherwise making claims or allegations, other than those made in litigation against a target, that a target has engaged in patent infringement or that a target should obtain a license to a patent in order to avoid litigation.

(2) "Claim" means the scope of the patent owner's exclusive rights to the use and control of the patent owner's invention.

(3) "Demand" means a letter, an email, or any other communication asserting that a person has engaged in patent infringement.

(4) "Person" means any individual, corporation, partnership, limited liability company, government, governmental subdivision, institution of higher education, or any other legal or commercial entity.

(5) "Target" means a person:
(a) Who has received a demand or against whom an assertion of patent infringement has been made;
(b) Who has been threatened with litigation or against whom a lawsuit has been filed alleging patent infringement; or
(c) Who has at least one customer who has received a demand letter asserting that the person's product, service, or technology has infringed a patent. [2015 c 108 § 2.]

(1) A person may not make assertions of patent infringement in bad faith.

(2) A court may consider the following nonexclusive factors as evidence that a person has made an assertion of patent infringement in bad faith:
(a) The demand does not contain:
(i) The patent number or numbers issued by the United States patent office or foreign agency;
(ii) The name and address of the patent owner or owners or assignee or assignees, if any; and
(iii) Factual allegations relating to the specific areas in which the target's product, service, or technology infringes the patent or is covered by the claims in the patent;

(b) The target requested the information described in (a) of this subsection, and the person failed to provide the information within a reasonable time;
(c) Before making a demand, the person did not conduct any analysis comparing the claims in the patent to the target's product, service, or technology;
(d) The person threatens legal action that cannot legally be taken;
(e) The assertion of patent infringement contains false, misleading, or deceptive information;

In chapter 72, Laws of 2015, the legislature, to the extent not already authorized by federal or state law, authorizes electronic dealings for governmental affairs and establishes the implementation framework for electronic governmental affairs and governmental transactions. Chapter 72, Laws of 2015 is intended to promote electronic transactions and remove barriers that might prevent electronic transactions with governmental entities. [2015 c 72 § 1.]

(2) A foreign entity is not precluded from registering to do business in this state because of any difference between the law of the entity’s jurisdiction of formation and the law of this state.

(3) Registration of a foreign entity to do business in this state does not authorize the foreign entity to engage in any activity or exercise any power that a domestic entity of the same type may not engage in or exercise in this state. (5) A foreign entity that transacts business in this state without a certificate of registration is liable to this state, for the years or parts thereof during which it transacted business in this state without a certificate of registration, in an amount equal to all fees which would have been imposed by this chapter upon the entity and state:

(2) Permissible means of transmission.

(a) Oral notice. Oral notice may be communicated in person, by telephone, wire, or wireless equipment which does not transmit a facsimile of the notice, or by any electronic means which does not create a record. If these forms of oral notice are impracticable, oral notice may be communicated by radio, television, or other form of public broadcast communication.

(b) Notice provided in a tangible medium. Notice may be provided in a tangible medium and be transmitted by mail, private carrier, or personal delivery; telegraph or teletype; or telephone, wire, or wireless equipment which transmits a facsimile of the notice. If these forms of notice in a tangible medium are impracticable, notice in a tangible medium may be transmitted by an advertisement in a newspaper of general circulation in the area where published.

(c) Notice provided in an electronic transmission.

(i) Notice may be provided in an electronic transmission and be electronically transmitted.

(ii) Notice to shareholders or directors in an electronic transmission is effective only with respect to shareholders and directors that have consented, in the form of a record, to receive electronically transmitted notices under this title and designated in the consent the address, location, or system to which these notices may be electronically transmitted and with respect to a notice that otherwise complies with any other requirements of this title and applicable federal law.

person responsible for giving the notice. The inadvertent failure by the corporation to treat this inability as a revocation does not invalidate any meeting or other corporate action.

(iii) Notice to shareholders or directors who have consented to receipt of electronically transmitted notices may be provided by (A) posting the notice on an electronic network and (B) delivering to the shareholder or director a separate record of the posting, together with comprehensive instructions regarding how to obtain access to the posting on the electronic network.

In such a case, the material is deemed to have been delivered to the public company's shareholders at the time the notice to the shareholders is effective under this section. A public company that elects pursuant to this section to post on an electronic network any material required by this title to accompany a notice to shareholders is required, at its expense, to provide a copy of the material in a tangible medium (alone or in combination or as part of any other materials the public company has posted on the electronic network in compliance with federal law) to any shareholder entitled to such a notice who so requests.

23B.08.700 Definitions. 23B.08.720 Directors' action. 23B.08.735 Pursuit of business opportunities—Duty to corporation.

23B.08.700 Definitions. For purposes of RCW 23B.08.710 through 23B.08.735:

(1) "Conflicting interest" with respect to a corporation means the interest a director of the corporation has respecting a transaction effected or proposed to be effected by the corporation, or by a subsidiary of the corporation or any other entity in which the corporation has a controlling interest, if:

(a) Whether or not the transaction is brought before the board of directors of the corporation for action, the director knows at the time of commitment that any of the following persons is either a party to the transaction or has a beneficial financial interest in or so closely linked to the transaction and of such financial significance to the director or a related person that the interest would reasonably be expected to exert an influence on the director's judgment if the director were called upon to vote on the transaction; or

(b) The transaction is brought, or is of such character and significance to the corporation that it would in the normal course be brought, before the board of directors of the corporation for action, and the director knows at the time of commitment that any of the following persons is either a party to the transaction or has a beneficial financial interest in or so closely linked to the transaction and of such financial significance to the person that the interest would reasonably be expected to exert an influence on the director's judgment if the director were called upon to vote on the transaction: (i) An entity, other than the corporation, of which the director is a director, general partner, agent, or employee; (ii) a person that controls one or more of the entities specified in (b)(i) of this subsection or an entity that is controlled by, or is under common control with, one or more of the entities specified in (b)(i) of this subsection; or (iii) an individual who is a general partner, principal, or employer of the director.

(2) "Director's conflicting interest transaction" with respect to a corporation means a transaction effected or proposed to be effected by the corporation, or by a subsidiary of the corporation or any other entity in which the corporation has a controlling interest, respecting which a director of the corporation has a conflicting interest.

(3) "Related person" of an individual means (a)(i) the spouse, or a parent or sibling thereof, of the individual, or a child, grandchild, sibling, parent, or spouse of any thereof, of the individual, or a natural person having the same home as the individual, or a trust or estate of which a person specified in this subsection (3)(a) is a substantial beneficiary; or (ii) a trust, estate, incompetent, conservatee, or minor of which the individual is a fiduciary and (b) with respect to RCW 23B.08.735, in addition to the persons under (a) of this subsection, (i) an entity controlled by the individual or any person specified in (a)(i) or (ii) of this subsection; (ii) an entity, other than the corporation, of which the individual is a director, general partner, agent[,] or employee; (iii) a person that controls one or more of the entities specified in (b)(ii) of this subsection or an entity that is controlled by, or is under common control with, one or more of the entities specified in (b)(ii) of this subsection; or (iv) a natural person who is a general partner, principal, or employer of the individual.

(4) "Required disclosure" means disclosure by the director who has a conflicting interest of (a) the existence and nature of the director's conflicting interest, and (b) all facts known to the director respecting the subject matter of the transaction that an ordinarily prudent person would reasonably believe to be material to a judgment about whether or not to proceed with the transaction.

(5) "Time of commitment" respecting a transaction means the time when the transaction becomes effective or, if made pursuant to contract, the time when the corporation, or its subsidiary or the entity in which it has a controlling interest, becomes contractually obligated so that its unilateral withdrawal from the transaction would entail significant loss, liability, or other damage. [2015 c 20 § 3; 2009 c 189 § 30; 1989 c 165 § 116.]

23B.08.720 Directors' action. (1) Directors' action respecting a transaction is effective for purposes of RCW 23B.08.710(2)(a) if the transaction received the affirmative vote of a majority, but no fewer than two, of those qualified directors on the board of directors or on a duly empowered committee of the board who voted on the transaction after either required disclosure to them, to the extent the information was not known by them, or compliance with subsection
(2) of this section, provided that action by a committee is so effective only if:

(a) All its members are qualified directors; and

(b) Its members are either all the qualified directors on the board or are appointed by the affirmative vote of a majority of the qualified directors on the board.

(2) If a director has a conflicting interest respecting a transaction, but neither the director nor a related person of the director specified in RCW 23B.08.700(3)(a) (i) and (ii) is a party to the transaction, and if the director has a duty under law or professional canon, or a duty of confidentiality to another person, respecting information relating to the transaction such that the director may not make the disclosure described in RCW 23B.08.700(4)(b), then disclosure is sufficient for purposes of subsection (1) of this section if the director (a) discloses to the directors voting on the transaction the existence and nature of the director's conflicting interest and informs them of the character and limitations imposed by that duty before their vote on the transaction, and (b) plays no part, directly or indirectly, in their deliberations or vote.

(3) A majority, but no fewer than two, of all the qualified directors on the board of directors, or on the committee, constitutes a quorum for purposes of action that complies with this section. Directors' action that otherwise complies with this section is not affected by the presence or vote of a director who is not a qualified director. [2015 c 20 § 5; 1989 c 165 § 118.]

23B.08.735 Pursuit of business opportunities—Duty to corporation. (1) If a director or officer or related person of either pursues or takes advantage, directly or indirectly, of a business opportunity, that action may not be enjoined or set aside, or give rise to an award of damages or other sanctions, in a proceeding by a shareholder or by or in the right of the corporation on the ground that such opportunity should have first been offered to the corporation, if:

(a) Before the director, officer, or related person becomes legally obligated respecting the opportunity, the director or officer brings it to the attention of the corporation:

(i) Action by qualified directors disclaiming the corporation's interest in the opportunity is taken in compliance with the procedures set forth in RCW 23B.08.720, as if the decision being made concerned a director's conflicting interest transaction; or

(ii) Shareholders' action disclaiming the corporation's interest in the opportunity is taken in compliance with the procedures set forth in RCW 23B.08.730, as if the decision being made concerned a director's conflicting interest transaction;

except that, in the case of both (a)(i) and (ii) of this subsection, rather than making "required disclosure" as defined in RCW 23B.08.700(4), in each case the director or officer must have made prior disclosure to those acting on behalf of the corporation of all material facts concerning the business opportunity that are then known to the director or officer; or

(b) The duty to offer the corporation the right to have or participate in the particular business opportunity or the class or category in to which that particular business opportunity falls has been limited or eliminated pursuant to a provision of the articles of incorporation (and in the case of officers and their related persons, made effective by action of qualified directors) in accordance with RCW 23B.02.020(5)(k).

(2) In any proceeding seeking equitable relief or other remedies based upon an alleged improper pursuit or taking advantage of a business opportunity by a director or officer, the fact that the director or officer did not employ the procedure described in subsection (1)(a)(i) or (ii) of this section before taking advantage of the opportunity does not create an inference that the opportunity should have been first presented to the corporation or alter the burden of proof otherwise applicable to establish that the director or officer breached a duty to the corporation in the circumstances. Chapter 23B.19 RCW
SIGNIFICANT BUSINESS TRANSACTIONS

Sections
23B.19.020 Definitions. (Effective January 1, 2016.)

23B.19.020 Definitions. (Effective January 1, 2016.)
The definitions in this section apply throughout this chapter.

(1) "Acquiring person" means a person or group of persons, other than the target corporation or a subsidiary of the target corporation, who beneficially owns ten percent or more of the outstanding voting shares of the target corporation. The term "acquiring person" does not include a person who (a) beneficially owned ten percent or more of the outstanding voting shares of the target corporation on March 23, 1988; (b) acquires its shares by gift, inheritance, or in a transaction in which no consideration is exchanged; (c) exceeds the ten percent threshold as a result of action taken solely by the target corporation, such as redemption of shares, unless that person, by its own action, acquires additional shares of the target corporation; (d) beneficially was the owner of ten percent or more of the outstanding voting shares prior to the time the target corporation had a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or (e) beneficially was the owner of ten percent or more of the outstanding voting shares prior to the time the target corporation amended its articles of incorporation to provide that the corporation shall be subject to the provisions of this chapter. An agent, bank, broker, nominee, or trustee for another person, if the other person is not an acquiring person, who acts in good faith and not for the purpose of circumventing this chapter, is not an acquiring person. For the purpose of determining whether a person is an acquiring person, the number of voting shares of the target corporation that are outstanding shall include shares beneficially owned by the person through application of subsection (4) of this section, but shall not include any other unissued voting shares of the target corporation which may be issuable pursuant to any agreement, arrangement, or understanding; or upon exercise of conversion rights, warrants, or options; or otherwise.

(2) "Affiliate" means a person who directly or indirectly controls, or is controlled by, or is under common control with, a person.

(3) "Announcement date," when used in reference to any significant business transaction, means the date of the first public announcement of the final, definitive proposal for such a significant business transaction.

(4) "Associate" means (a) a domestic or foreign corporation or organization of which a person is an officer, director, member, or partner or in which a person performs a similar function; (b) a direct or indirect beneficial owner of ten percent or more of any class of equity securities of a person; (c) a trust or estate in which a person has a beneficial interest or as to which a person serves as trustee or in a similar fiduciary capacity; and (d) the spouse or a parent or sibling of a person or a child, grandchild, sibling, parent, or spouse of any thereof, of a person or an individual having the same home as a person.

(5) "Beneficial ownership," when used with respect to any shares, means ownership by a person:

(a) Who, individually or with or through any of its affiliates or associates, beneficially owns such shares, directly or indirectly; or

(b) Who, individually or with or through any of its affiliates or associates, has (i) the right to acquire the shares, whether the right is exercisable immediately or only after the passage of time, pursuant to any agreement, arrangement, or understanding, whether or not in writing, or upon the exercise of conversion rights, exchange rights, warrants or options, or otherwise. A person is not the beneficial owner of shares tendered pursuant to a tender or exchange offer made by the person or any of the person's affiliates or associates until the tendered shares are accepted for purchase or exchange; or (ii) the right to vote the shares pursuant to any agreement, arrangement, or understanding, whether or not in writing. A person is not the beneficial owner of any shares under (b)(ii) of this subsection if the agreement, arrangement, or understanding to vote the shares arises solely from a revocable proxy or consent given in response to a proxy or consent solicitation made in accordance with the applicable rules and regulations under the exchange act and is not then reportable on schedule 13D under the exchange act, or any comparable or successor report; or

(c) Who has any agreement, arrangement, or understanding, whether or not in writing, for the purpose of acquiring, holding, voting, except voting pursuant to a revocable proxy or consent as described in (b)(ii) of this subsection, or disposing of the shares with any other person who beneficially owns, or whose affiliates or associates beneficially own, directly or indirectly, the shares.

(6) "Common shares" means any shares other than preferred shares.

(7) "Consummation date," with respect to any significant business transaction, means the date of consummation of such a significant business transaction, or, in the case of a significant business transaction as to which a shareholder vote is taken, the later of the business day prior to the vote or twenty days prior to the date of consummation of such a significant business transaction.

(8) "Control," "controlling," "controlled by," and "under common control with," means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise. A person's beneficial ownership of ten percent or more of a domestic or foreign corporation's outstanding voting shares shall create a rebuttable presumption that such person has control of such corporation. However, a person does not have control of a domestic or foreign corporation if the person holds voting shares, in good faith and not for the purpose of circumventing this chapter, as an agent, bank, broker, nominee, custodian, or trustee for one or more beneficial owners who do
not individually or as a group have control of such corporation.

(9) "Domestic corporation" means an issuer of voting shares which is organized under chapter 23B.02 RCW or any predecessor provision.

(10) "Exchange act" means the federal securities exchange act of 1934, as amended.

(11) "Market value," in the case of property other than cash or shares, means the fair market value of the property on the date in question as determined by the board of directors of the target corporation in good faith.

(12) "Person" means an individual, domestic or foreign corporation, partnership, trust, unincorporated association, or other entity; an affiliate or associate of any such person; or any two or more persons acting as a partnership, syndicate, or other group for the purpose of acquiring, holding, or dispersing of securities of a domestic or foreign corporation.

(13) "Preferred shares" means any class or series of shares of a target corporation which under the bylaws or articles of incorporation of such a corporation is entitled to receive payment of dividends prior to any payment of dividends on some other class or series of shares, or is entitled in the event of any voluntary liquidation, dissolution, or winding up of the target corporation to receive payment or distribution of a preferential amount before any payments or distributions are received by some other class or series of shares.

(14) "Shares" means any:
(a) Shares or similar security, any certificate of interest, any participation in any profit sharing agreement, any voting trust certificate, or any certificate of deposit for shares; and
(b) Security convertible, with or without consideration, into shares, or any warrant, call, or other option or privilege of buying shares without being bound to do so, or any other security carrying any right to acquire, subscribe to, or purchase shares.

(15) "Significant business transaction" means:
(a) A merger, share exchange, or consolidation of a target corporation or a subsidiary of a target corporation with (i) an acquiring person, or (ii) any other domestic or foreign corporation which is, or after the merger, share exchange, or consolidation would be, an affiliate or associate of the acquiring person;
(b) A sale, lease, exchange, mortgage, pledge, transfer, or other disposition or encumbrance, whether in one transaction or a series of transactions, to or with an acquiring person or an affiliate or associate of an acquiring person; or
(c) The termination, while the corporation has an acquiring person and as a result of the acquiring person's acquisition of ten percent or more of the shares of the corporation, of five percent or more of the employees of the target corporation or its subsidiaries employed in this state, whether at one time or over the five-year period following the share acquisition time. For the purposes of (c) of this subsection, a termination other than an employee's death or disability or bona fide voluntary retirement, transfer, resignation, termination for cause under applicable common law principles, or leave of absence shall be presumed to be a termination resulting from the acquiring person's acquisition of shares, which presumption is rebuttable. A bona fide voluntary transfer of employees between the target corporation and its subsidiaries or between its subsidiaries is not a termination for the purposes of (c) of this subsection;
(d) The issuance, transfer, or redemption by a target corporation or a subsidiary of a target corporation, whether in one transaction or a series of transactions, of shares or of options, warrants, or rights to acquire shares of a target corporation or a subsidiary of a target corporation to or beneficially owned by an acquiring person or an affiliate or associate of an acquiring person except pursuant to the exercise of warrants or rights to purchase shares offered, or a dividend, distribution, or redemption paid or made pro rata to, all shareholders or holders of options, warrants, or rights to acquire shares of the target corporation, and except for involuntary redemptions permitted by the target corporation's charter or by the law of this state or the state of incorporation;
(e) The liquidation or dissolution of a target corporation proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person;
(f) A reclassification of securities, including, without limitation, any shares split, shares dividend, or other distribution of shares in respect of stock, or any reverse shares split, or recapitalization of a target corporation, or a merger or consolidation of a target corporation with a subsidiary of the target corporation, or any other transaction, whether or not with or into or otherwise involving an acquiring person, proposed by, or pursuant to an agreement, arrangement, or understanding, whether or not in writing, with an acquiring person or an affiliate or associate of an acquiring person, that has the effect, directly or indirectly, of increasing the proportionate share of the outstanding shares of a class or series of voting shares or securities convertible into voting shares of a target corporation or a subsidiary of the target corporation that is directly or indirectly owned by an acquiring person or an affiliate or associate of an acquiring person, except as a result of immaterial changes due to fractional share adjustments; or
(g) A receipt by an acquiring person or an affiliate or associate of an acquiring person of the benefit, directly or indirectly, except proportionately as a shareholder of a target corporation, of loans, advances, guarantees, pledges, or other financial assistance or tax credits or other tax advantages provided by or through a target corporation.

(16) "Share acquisition time" means the time at which a person first becomes an acquiring person of a target corporation.

(17) "Subsidiary" means a domestic or foreign corporation that has a majority of its outstanding voting shares owned, directly or indirectly, by another domestic or foreign corporation.

(18) "Tangible assets" means tangible real and personal property of all kinds. It shall also include leasehold interests in tangible real and personal property.

(19) "Target corporation" means:
(a) Every domestic corporation, if:

(i) The corporation has a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act; or

(ii) The corporation's articles of incorporation have been amended to provide that such a corporation shall be subject to the provisions of this chapter, if the corporation did not have a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act on the effective date of that amendment; and

(b) Every foreign corporation required to register to transact business in this state pursuant to chapter 23B.15 RCW and Article 5 of chapter 23.95 RCW, if:

(i) The corporation has a class of voting shares registered with the securities and exchange commission pursuant to section 12 or 15 of the exchange act;

(ii) The corporation's principal executive office is located in the state;

(iii) The corporation has: (A) More than ten percent of its shareholders of record resident in the state; or (B) more than ten percent of its shares owned of record by state residents; or

(C) one thousand or more shareholders of record resident in the state;

(iv) A majority of the corporation's employees, together with those of its subsidiaries, are residents of the state or the corporation, together with its subsidiaries, employs more than one thousand residents of the state; and

(v) A majority of the corporation's tangible assets, together with those of its subsidiaries, measured by market value, are located in the state or the corporation, together with its subsidiaries, has more than fifty million dollars' worth of tangible assets located in the state.

For purposes of this subsection, the record date for determining the percentages and numbers of shareholders and shares shall be the last shareholder record date before the event requiring that the determination be made. A shareholder record date shall be determined pursuant to the comparable provision to RCW 23B.07.070 of the law of the state in which a foreign corporation is incorporated. If a shareholder record date has not been fixed by the board of directors within the preceding four months, the determination shall be made as of the end of the corporation's most recent fiscal quarter.

The residence of each shareholder is presumed to be the address appearing in the records of the corporation. Shares held of record by brokers or nominees shall be disregarded for purposes of calculating the percentages and numbers specified in this subsection. Shares of a corporation allocated to the account of an employee or former employee or beneficiaries of employees or former employees of a corporation and held in a plan that is qualified under section 401(a) of the federal internal revenue code of 1986, as amended, and is a defined contribution plan within the meaning of section 414(i) of the code shall be deemed, for the purposes of this subsection, to be held of record by the employee to whose account such shares are allocated.

A domestic or foreign corporation shall be deemed to be a target corporation if the domestic or foreign corporation's failure to satisfy the requirements of this subsection is caused by the action of, or is the result of a proposal by, an acquiring person or affiliate or associate of an acquiring person.

(20) "Voting shares" means shares of a corporation entitled to vote generally in the election of directors. [2015 c 176 § 2147; 1996 c 155 § 1; 1989 c 165 § 198.]

25.05.025 Delivery and filing of statements. (Effective January 1, 2016.)

(1) A statement may be delivered to the office of the secretary of state for filing in accordance with Article 2 of chapter 23.95 RCW. Either filing has the effect provided in this chapter with respect to partnership property located in or transactions that occur in this state.

(2) A statement delivered by a partnership to the secretary of state for filing must be executed by at least two partners. Other statements must be executed by a partner or other person authorized by this chapter. An individual who executes a statement as, or on behalf of, a partner or other person shall personally declare under penalty of perjury that the contents of the statement are accurate.

(3) A person authorized by this chapter to deliver a statement to the secretary of state for filing may amend or cancel the statement by delivering to the secretary of state for filing an amendment or cancellation that names the partnership,
identifies the statement, and states the substance of the amendment or cancellation.

(4) A person who delivers a statement to the secretary of state for filing shall promptly send a copy of the statement to every nonfiling partner and to any other person named as a partner in the statement. **Effective date—Contingent effective date—2015 c 176:** See note following RCW 23.95.100.

**25.05.110 Statement of partnership authority.  (Effective January 1, 2016.)**  (1) A partnership may deliver to the secretary of state for filing a statement of partnership authority, which:

(a) Must include:
   (i) The name of the partnership; and
   (ii) The street address of its chief executive office and of one office in this state, if there is one; and
   (b) May state the names of all of the partners, the names of the partners authorized to execute an instrument transferring real property held in the name of the partnership, the authority, or limitations on the authority, of some or all of the partners to enter into other transactions on behalf of the partnership and any other matter.

(2) A grant of authority contained in a filed statement of partnership authority is conclusive in favor of a person not a partner who gives value without knowledge to the contrary, so long as and to the extent that a limitation on that authority is not then contained in a subsequently filed statement. A filed cancellation of a limitation on authority revives the previous grant of authority.

(3) A person not a partner is deemed to know of a limitation on the authority of a partner to transfer real property held in the name of the partnership if the limitation is contained in a filed statement of partnership authority.

(4) Except as otherwise provided in subsection (3) of this section and RCW 25.05.265 and 25.05.320, a person not a partner is not deemed to know of a limitation on the authority of a partner merely because the limitation is contained in a filed statement.

(5) Unless earlier canceled, a filed statement of partnership authority is canceled by operation of law five years after the date on which the statement, or the most recent amendment, was filed by the secretary of state.  

**Effective date—Contingent effective date—2015 c 176:** See note following RCW 23.95.100.

**25.05.115 Statement of denial. A statement of denial is a limitation on authority as provided in RCW 25.05.110 (2) and (3).  

**Effective date—Contingent effective date—2015 c 176:** See note following RCW 23.95.100.

**25.05.355 Conversion of partnership to limited partnership.  (Effective January 1, 2016.)**  (1) A partnership may be converted to a limited partnership pursuant to this section.

(3) After the conversion is approved by the partners, the partnership shall file a certificate of limited partnership in the jurisdiction in which the limited partnership is to be formed. The certificate must include:

(a) A statement that the partnership was converted to a limited partnership from a partnership;

(b) Its former name; and

(c) A statement of the number of votes cast by the partners for and against the conversion and, if the vote is less than unanimous, the number or percentage required to approve the conversion under the partnership agreement.

(4) If the partnership was converted to a domestic limited partnership, the certificate must also include:

(a) The name of the limited partnership;

(b) The address of the office for records and the name and address of the registered agent for service of process designated in accordance with Article 4 of chapter 23.95 RCW;

The limited partner’s liability for all other obligations of the limited partnership incurred after the conversion takes effect is that of a limited partner as provided in the Washington uniform limited partnership act.  

**Effective date—Contingent effective date—2015 c 176:** See note following RCW 23.95.100.

**Effective date—2009 c 188:** See note following RCW 23B.11.080.

(2) Unless this chapter, its certificate of formation, or its limited liability company agreement provides otherwise, a limited liability company has the same powers as an individual to do all things necessary or convenient to carry on its activities. [2015 c 188 § 8.]

25.15.033 Law of this state governs. (Effective January 1, 2016.) The law of this state governs:

(1) The internal affairs of a limited liability company; and

(2) The liability of a member as member and a manager as manager for the debts, obligations, or other liabilities of a limited liability company. [2015 c 188 § 9.]

25.15.036 Business transactions of member or manager with the limited liability company. (Effective January 1, 2016.) A member or manager may lend money to and transact other business with a limited liability company and, subject to other applicable law, has the same rights and obligations with respect to the loan or other transaction as a person who is not a member or manager. [2015 c 188 § 10.]

25.15.038 General standards—Limitation of liability. (Effective January 1, 2016.) (1)(a) The only fiduciary duties that a member in a member-managed limited liability company or a manager has to the limited liability company and its members are the duties of loyalty and care under subsections (2) and (3) of this section.

(b) If a manager is a board, committee, or other group of persons, this section applies to each person included in such board, committee, or other group of persons as if such person were a manager.

(2) The duty of loyalty is limited to the following:

(a) To account to the limited liability company and hold as trustee for it any property, profit, or benefit derived by such manager or member in the conduct and winding up of the limited liability company's activities or derived from a use by such manager or member of limited liability company property, including the appropriation of a limited liability company opportunity;

(b) To refrain from dealing with the limited liability company as or on behalf of a party having an interest adverse to the limited liability company; and

(c) To refrain from competing with the limited liability company in the conduct or winding up of the limited liability company's activities.

(3)(a) The duty of care is limited to refraining from engaging in grossly negligent or reckless conduct, intentional misconduct, or a knowing violation of law in the conduct and winding up of the limited liability company's activities.

(b) A member or manager is not in violation of the duty of care as set forth in (a) of this subsection if, in discharging such duty, the member or manager relies in good faith upon the records of the limited liability company and upon such opinions, reports, or statements presented to the limited liability company by any person, including any manager, member, officer, or employee of the limited liability company, as to matters which the member or manager reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the limited liability company, including opinions, reports, or statements as to the value and amount of the assets, liabilities, profits, or losses of the limited liability company or any other facts pertinent to the existence and amount of assets from which distributions to members might properly be paid.

(4) A manager or member does not violate a duty under this chapter or under the limited liability company agreement merely because the manager's or member's conduct furthers the manager's or member's own interest.

(5) A manager or member is not liable to the limited liability company or its members for the manager's or member's good faith reliance on the limited liability company agreement.

(6) To the extent that, at law or in equity, a member or manager has duties (including fiduciary duties) to a limited liability company or to another member, manager, or other person bound by a limited liability company agreement, the member's or manager's duties may be modified, expanded, restricted, or eliminated by the provisions of a limited liability company agreement; provided that such provisions are not inconsistent with law and do not eliminate or limit:

(a) The duty of a member or manager to avoid intentional misconduct and knowing violations of law, or violations of RCW 25.15.231; or

(b) The implied contractual duty of good faith and fair dealing.

(7) A limited liability company agreement may contain provisions not inconsistent with law that eliminate or limit the personal liability of a member or manager to the limited liability company or its members or other persons bound by a limited liability company agreement for conduct as a member or manager, provided that such provisions do not eliminate or limit the liability of a member or manager for acts or omis-
sions that involve intentional misconduct or a knowing violation of law by a member or manager, for conduct of the member or manager violating RCW 25.15.231, or for any act or omission that constitutes a violation of the implied contractual duty of good faith and fair dealing. [2015 c 188 § 11.]

### 25.15.041 Indemnification. (Effective January 1, 2016.)

(1) A limited liability company may indemnify any member or manager from and against any judgments, settlements, penalties, fines, or expenses incurred in a proceeding or obligate itself to advance or reimburse expenses incurred in a proceeding to which a person is a party because such person is, or was, a member or a manager, provided that no such indemnity shall indemnify a member or a manager from or on account of acts or omissions of the member or manager finally adjudged to be intentional misconduct or a knowing violation of law by the member or manager, or conduct of the member or manager adjudged to be in violation of RCW 25.15.231.

(2) A limited liability company may indemnify and advance expenses under subsection (1) of this section to an officer, employee, or agent of the limited liability company who is not a member or manager to the same extent as to a member or manager.

(b) "Party" includes a person who was, is, or is threatened to be made a named defendant or respondent in a proceeding.

(c) "Proceeding" means any threatened, pending, or completed action, suit, or proceeding, whether civil, criminal, administrative, or investigatory and whether formal or informal. [2015 c 188 § 12.]

### 25.15.046 Professional limited liability companies. (Effective January 1, 2016.)

(1) No limited liability company formed under this chapter may render professional services or a greater amount as the state insurance commissioner may establish by rule for a licensed profession or for any specialty within a profession, taking into account the nature and size of the business, then the limited liability company's members are personally liable to the extent that, had the insurance, bond, or other evidence of responsibility been maintained, it would have covered the liability in question.

(2) For purposes of applying chapter 18.100 RCW to a professional limited liability company, the terms "director" or "officer" means manager, "shareholder" means member, "corporation" means professional limited liability company, "articles of incorporation" means certificate of formation, "shares" or "capital stock" means a limited liability company interest, "incorporator" means the person who executes the certificate of formation, and "bylaws" means the limited liability company agreement.

(5) The name of a professional limited liability company must comply with RCW 23.95.305.

(6) Subject to Article VII of this chapter, the following may be a member of a professional limited liability company and may be the transferee of the interest of an ineligible person or deceased member of the professional limited liability company:

(a) A professional corporation, if its shareholders, directors, and its officers, other than the secretary and the treasurer, are licensed or otherwise legally authorized to render the same specific professional services as the professional limited liability company; and

(b) Another professional limited liability company, if the managers and members of both professional limited liability companies are licensed or otherwise legally authorized to render the same specific professional services.

(7) Formation of a limited liability company under this section does not restrict the application of the uniform disciplinary act under chapter 18.130 RCW, or any applicable health care professional statutes under Title 18 RCW, including but not limited to restrictions on persons practicing a health profession without being appropriately credentialled and persons practicing beyond the scope of their credential. [2015 c 176 § 7105; 2015 c 188 § 13.]

**Effective date—Contingent effective date—2015 c 176:** See note following RCW 23.95.100.

### 25.15.048 Professional limited liability company—Licensing. (Effective January 1, 2016.)

(1) No limited liability company formed under this chapter may render professional services except through a person or persons who are duly licensed or otherwise legally authorized to render such professional services within this state. However, this chapter does not:

(a) Prohibit a person duly licensed or otherwise legally authorized to render professional services in any jurisdiction other than this state from becoming a member of a professional limited liability company formed in this state for the purpose of rendering the same professional services; or

(b) Prohibit a professional limited liability company from rendering services outside this state through individuals who are not duly licensed or otherwise legally authorized to render professional services within this state.

(2) Persons engaged in a profession and otherwise meeting the requirements of this chapter may operate under this chapter as a professional limited liability company so long as each member personally engaged in the practice of the profession in this state is duly licensed or otherwise legally authorized to practice the profession in this state and:
25.15.051 Foreign professional limited liability company. (Effective January 1, 2016.) A foreign professional limited liability company may render professional services in this state so long as it complies with Article IX of this chapter and each individual rendering professional services in this state is duly licensed or otherwise legally authorized to render such professional services within this state. [2015 c 188 § 14.]

25.15.054 Membership residency. (Effective January 1, 2016.) This chapter does not require a limited liability company to restrict membership to persons residing in or engaging in business in this state. [2015 c 188 § 15.]

25.15.061 Piercing the veil. (Effective January 1, 2016.) Members of a limited liability company are personally liable for any act, debt, obligation, or liability of the limited liability company to the extent that shareholders of a Washington business corporation would be liable in analogous circumstances. In this regard, the court may consider the factors and policies set forth in established case law with regard to piercing the corporate veil, except that the failure to hold meetings of members or managers or the failure to observe formalities pertaining to the calling or conduct of meetings is not a factor tending to establish that the members have personal liability for any act, debt, obligation, or liability of the limited liability company if the certificate of formation and limited liability company agreement do not expressly require the holding of meetings of members or managers. [2015 c 188 § 16.]

ARTICLE II. FORMATION; CERTIFICATE OF FORMATION, AMENDMENT, FILING, AND EXECUTION

25.15.071 Formation—Certificate of formation. (Effective January 1, 2016.) (1) In order to form a limited liability company, one or more persons must execute a certificate of formation. The certificate of formation must be delivered to the office of the secretary of state for filing in accordance with Article 2 of chapter 23.95 RCW and set forth:

(a) The name of the limited liability company;

(b) The name and address of the registered agent for service of process required to be maintained by RCW 25.15.021 and Article 4 of chapter 23.95 RCW;

(c) The address of the principal office of the limited liability company;

(d) If the limited liability company is to have a specific date of dissolution, the latest date on which the limited liability company is to dissolve;

(e) Any other matters the members decide to include; and

(f) The name and address of each person executing the certificate of formation.

(2)(a) Unless a delayed effective date is specified in accordance with RCW 23.95.210, a limited liability company is formed when its certificate of formation is filed by the secretary of state.

(b) The secretary of state's filing of the certificate of formation is conclusive proof that the persons executing the certificate satisfied all conditions precedent to the formation.

(3) A limited liability company formed under this chapter is a separate legal entity and has a perpetual existence.

(4) Any person may apply to the secretary of state under RCW 23.95.235 to furnish a certificate of existence for a domestic limited liability company or a certificate of registration for a foreign limited liability company. [2015 c 176 § 7106; 2015 c 188 § 18.]

Effective date—Contingent effective date—2015 c 176: See note following RCW 23.95.100.

25.15.076 Amendment to certificate of formation. (Effective January 1, 2016.) (1) A certificate of formation is amended by delivering a certificate of amendment to the secretary of state for filing. The certificate of amendment shall set forth:

(a) The name of the limited liability company; and

(b) The amendment to the certificate of formation.

(2) A manager or, if there is no manager, then any member who becomes aware that any statement in a certificate of formation was false when made, or that any matter described has changed making the certificate of formation false in any material respect, must promptly amend the certificate of formation.

(3) A certificate of formation may be amended at any time for any other proper purpose.

(4) Unless a delayed effective date is provided for in the certificate of amendment in accordance with RCW 23.95.210, a certificate of amendment is effective when filed by the secretary of state as provided in RCW 23.95.210. [2015 c 176 § 7107; 2015 c 188 § 19.]

Effective date—Contingent effective date—2015 c 176: See note following RCW 23.95.100.

25.15.081 Restated certificate. (Effective January 1, 2016.) (1) A limited liability company may, whenever desired, integrate into a single instrument all of the provisions of its certificate of formation which are then in effect and operative as a result of there having been filed with the secretary of state one or more certificates or other instruments pursuant to any of the sections referred to in this chapter and it may at the same time also further amend its certificate of formation by delivering a restated certificate of formation to the secretary of state for filing in accordance with Article 2 of chapter 23.95 RCW.

(2) A restated certificate of formation must state, either in its heading or in an introductory paragraph, the limited liability company's name and, if it is not to be effective upon filing, the future effective date or time, which must comply with RCW 23.95.210. If a restated certificate only restates and integrates and does not further amend a limited liability company's certificate of formation as amended or supplemented, it must state that fact as well.
(3) Upon the filing of a restated certificate of formation by the secretary of state, or upon the future effective date or time of a restated certificate of formation as provided for, the initial certificate of formation, as amended or supplemented, is superseded; and the restated certificate of formation, including any further amendment or changes made thereby, is thereafter the certificate of formation of the limited liability company, but the original effective date of formation remains unchanged.

(4) Any amendment or change effected in connection with the restatement of the certificate of formation is subject to any other provision of this chapter, not inconsistent with this section, which would apply if a separate certificate of amendment were filed to effect such amendment or change. [2015 c 176 § 7108; 2015 c 188 § 20.]

Effective date—Contingent effective date—2015 c 176: See note following RCW 23.95.100.

(1) Each original certificate of formation must be executed by the person or persons forming the limited liability company;

(2) A reservation of name may be executed by any person;

(2) If a person required to execute a limited liability company agreement or amendment thereof fails or refuses to do so, any other person who is adversely affected by the failure or refusal may petition the superior courts to direct the execution of the limited liability company agreement or amendment thereof. If the court finds that the limited liability company agreement or amendment thereof should be executed and that any person required to execute the limited liability company agreement or amendment thereof has failed or refused to do so, it shall enter an order granting appropriate relief. [2015 c 176 § 7110; 2015 c 188 § 22.]

(c) In the case of a person being admitted as a member of a surviving or resulting limited liability company pursuant to a merger or conversion approved in accordance with this chapter, as provided in the limited liability company agreement of the surviving or resulting limited liability company or in the agreement of merger or plan of merger or conversion, and in the event of any inconsistency, the terms of the agreement of merger or plan of merger or conversion control; and in the case of a person being admitted as a member of a limited liability company pursuant to a merger or conversion in which such limited liability company is not the surviving or resulting limited liability company in the merger or conversion, as provided in the limited liability company agreement of such limited liability company. [2015 c 188 § 25.]

25.15.121 Voting and classes of membership. (Effective January 1, 2016.) (1) Except as otherwise provided by this chapter, the affirmative vote, approval, or consent of a majority of the members is necessary for actions requiring member approval.

(3) A limited liability company agreement may provide for classes or groups of members having such relative rights, powers, and duties as the limited liability company agreement may provide, and may make provision for the future creation in the manner provided in the limited liability company agreement of additional classes or groups of members having such relative rights, powers, and duties as may from time to time be established, including rights, powers, and duties senior to existing classes and groups of members. A limited liability company agreement may provide for the taking of an action, including the amendment of the limited liability company agreement, without the vote or approval of any member or class or group of members, including an action to create under the provisions of the limited liability company agreement a class or group of limited liability company interests that was not previously outstanding. (1) Except as otherwise provided by this chapter, the debts, obligations, and liabilities of a limited liability company, whether arising in contract, tort or otherwise, are solely the debts, obligations, and liabilities of the limited liability company; and no member or manager of a limited liability company is obligated personally for any such debt, obligation, or liability of the limited liability company solely by reason of being or acting as a member or manager respectively of the limited liability company.

(2) Notwithstanding subsection (1) of this section, under a limited liability company agreement or under another agreement, a member or manager may agree to be obligated
personally for any or all of the debts, obligations, and liabilities of the limited liability company.

(3) When a person is dissociated as a member of a limited liability company:

(a) The person's right to participate as a member in the management and conduct of the limited liability company's activities terminates;

(b) If the limited liability company is member-managed, the person's fiduciary duties as a member end with regard to matters arising and events occurring after the person's dissociation; and

(c) Subject to subsection (5) of this section, any transferable interest owned by the person immediately before dissociation in the person's capacity as a member is owned by the person solely as a transferee.

(4) A person's dissociation as a member of a limited liability company does not of itself discharge the person from any debt, obligation, or other liability to the limited liability company or the other members which the person incurred while a member.

(5) If a member dies, the deceased member's personal representative or other legal representative may exercise the rights of a transferee provided in RCW 25.15.251 and, for the purposes of settling the estate, the rights of a current member under RCW 25.15.136. [2015 c 188 § 28.]

25.15.136 Records and information. (Effective January 1, 2016.) (1) A limited liability company must keep at its principal office the following:

(a) A copy of its certificate of formation and all amendments thereto;

(b) A copy of any limited liability company agreement made in a record and any amendments made in a record to a limited liability company agreement;

(c) Unless contained in its certificate of formation, a statement in a record of:

(i) The amount of cash and a description and statement of the agreed value of the other benefits contributed and agreed to be contributed by each member;

(ii) The times at which or events on the happening of which any additional contributions agreed to be made by each member are to be made;

(iii) Any right of any member to receive distributions which include a return of all or any part of the member's contribution; and

(iv) Any events upon the happening of which the limited liability company is to be dissolved and its activities wound up;
(d) A copy of the limited liability company's federal, state, and local tax returns and reports, if any, for the three most recent years;
(e) A copy of any financial statements of the limited liability company for the three most recent years;
(f) A copy of any record made by the limited liability company during the past three years of any consent given by or vote taken of any member pursuant to this chapter or the limited liability company agreement;
(g) A copy of the three most recent annual reports delivered by the limited liability company to the secretary of state pursuant to RCW 25.15.106;
(h) A copy of any filed articles of conversion or merger; and
(i) A copy of any certificate of dissolution or certificate of revocation of dissolution.

(2) On ten days' demand, made in a record received by the limited liability company, a member may inspect and copy, during regular business hours at the limited liability company's principal office, the records required by subsection (1) of this section to be kept by a limited liability company. The member need not have any particular purpose for seeking the records. However, if the records contain information specified in subsection (3)(a) of this section, the limited liability company may substitute copies of the records that are redacted to protect information specified in subsection (3)(a) of this section, unless the member meets the requirements of subsection (4) of this section.

(3) During regular business hours and at a reasonable location specified by the limited liability company, a member may inspect and copy the following records of the limited liability company if the member meets the requirements of subsection (4) of this section:
(a) A current and a past list, setting forth the full name and last known mailing address of each member and manager, if any;
(b) Excerpts from any meeting of the managers or members, and records of limited liability company action approved by the members or manager without a meeting; and
(c) Accounting records of the limited liability company.

(4) A member may inspect and copy the records described in subsection (3) of this section if:
(a) The member seeks the records for a purpose reasonably related to the member's interest in the limited liability company;
(b) The member makes a demand in a record received by the limited liability company, describing with reasonable particularity the records sought and the purpose for seeking the records; and
(c) The records sought are directly connected to the member's purpose.

(5) Within ten days after receiving a demand pursuant to subsection (4) of this section, the limited liability company in a record must inform the member that made the demand:
(a) What records the limited liability company will provide in response to the demand;
(b) When and where the limited liability company will provide the records; and
(c) If the limited liability company declines to provide any demanded records, the limited liability company's reasons for declining.

(6) A person dissociated as a member may inspect and copy the records required by subsection (1) of this section during regular business hours in the limited liability company's principal office if:
(a) The records pertain to the period during which the person was a member or transferee;
(b) The person seeks the records in good faith; and
(c) The person meets the requirements of subsection (4) of this section.

(7) The limited liability company must respond to a demand made pursuant to subsection (6) of this section in the same manner as provided in subsection (5) of this section.

(8) The limited liability company may impose reasonable restrictions on the use of records and information obtained under this section.

(9) A limited liability company may charge a person that makes a demand under this section reasonable costs of copying, limited to the costs of labor and material.

(10) A member, or a person dissociated as a member, may exercise the rights under this section through an attorney or other agent. Any restriction imposed under subsection (8) of this section or by the limited liability company agreement applies both to the attorney or other agent and to the member or person dissociated as a member.

(11) The rights stated in this section do not extend to a person as transferee, but the rights under subsections (2) and (3) of this section may be exercised by a deceased member's personal representative for purposes of settling the estate, or by the legal representative of an individual under legal disability who is dissociated as a member pursuant to RCW 25.15.131(1)(f).

(12) Each manager, or each member of the manager if the manager is a board, committee, or other group of persons, without having any particular purpose for seeking the information, may inspect and copy during regular business hours:
(a) At the limited liability company's principal office, the records required by subsection (1) of this section; and
(b) At a reasonable location specified by the limited liability company, any other records maintained by the limited liability company regarding the limited liability company's activities and financial condition, or that otherwise relate to the management of the limited liability company.

(13) Any action to enforce any right arising under this section must be brought in the superior courts. [2015 c 188 § 29.]
ARTICLE IV. MANAGEMENT AND MANAGERS

25.15.151 Member-managed limited liability companies. (Effective January 1, 2016.) (1) If the limited liability company is member-managed:
   (a) Management of the activities of the limited liability company is vested in the members; and
   (b) A difference arising as to a matter in the ordinary course of the activities of the limited liability company may be decided by the vote, approval, or consent of a majority of the members, except as otherwise provided in RCW 25.15.121 or otherwise in this chapter.
(2) If the limited liability company is member-managed, each member is an agent of the limited liability company and has the authority to bind the limited liability company with regard to matters in the ordinary course of its activities. [2015 c 188 § 31.]

25.15.154 Manager-managed limited liability companies. (Effective January 1, 2016.) (1) If the limited liability company is manager-managed:
   (a) Management of the activities of the limited liability company is vested in one or more managers; and
   (b) Each manager of the limited liability company:
      (i) Is designated, appointed, elected, removed, or replaced by a vote, approval, or consent of a majority of the members;
      (ii) Need not be a member of the limited liability company or a natural person; and
      (iii) Unless the manager has been earlier removed or has earlier resigned, holds office until a successor has been elected.
   (2) If the limited liability company is manager-managed:
      (a) Each manager is an agent of the limited liability company and has the authority to bind the limited liability company with regard to matters in the ordinary course of its activities; and
      (b) No member, acting solely in its capacity as a member, is an agent of the limited liability company.
   (3) If the manager is a board, committee, or other group of persons:
      (a) Subsection (1)(b) of this section applies to each person included in such board, committee, or other group of persons; and
      (b) No person acting solely in such person's capacity as a participant in such board, committee, or other group of persons is an agent of the limited liability company. [2015 c 188 § 32.]

25.15.157 Delegation of rights and powers to manage. (Effective January 1, 2016.) A member or manager of a limited liability company has the power and authority to delegate to one or more other persons the member's or manager's rights and powers to manage and control the business and affairs of the limited liability company, including to delegate to agents, officers, and employees of a member or manager of the limited liability company, and to delegate by a management agreement or another agreement with, or otherwise to, other persons. Such delegation by a member or manager of a limited liability company does not cause the member or manager to cease to be a member or manager of the limited liability company or cause the person to whom any such rights and powers have been delegated to be a member or manager of the limited liability company. [2015 c 188 § 33.]

25.15.161 Manager—Member's rights and duties. (Effective January 1, 2016.) A person who is both a manager and a member has the rights and powers, and is subject to the restrictions and liabilities, of a manager and also has the rights and powers, and is subject to the restrictions and liabilities, of a member to the extent of such person's participation in the limited liability company as a member. [2015 c 188 § 34.]

25.15.166 Voting and classes of managers. (Effective January 1, 2016.) (1) In a manager-managed limited liability company:
   (a) A difference arising as to a matter in the ordinary course of the activities of the limited liability company may be decided by the vote, approval, or consent of a majority of the managers; and
   (b) No manager consent, approval, or recommendation is required for any act approved by the members as provided in RCW 25.15.121(2), for a conversion approved as provided in RCW 25.15.441, or for a merger approved as provided in RCW 25.15.421.
   (2) A limited liability company agreement may provide for classes or groups of managers having such relative rights, powers, and duties as the limited liability company agreement may provide, and may make provision for the future creation in the manner provided in the limited liability company agreement of additional classes or groups of managers having such relative rights, powers, and duties as may from time to time be established, including rights, powers, and duties senior to existing classes and groups of managers. A limited liability company agreement may provide for the taking of an action, including the amendment of the limited liability company agreement, without the vote or approval of any manager or class or group of managers, including an action to create under the provisions of the limited liability company agreement a class or group of limited liability company interests that was not previously outstanding.
   (3) A limited liability company agreement may grant to all or certain identified managers or a specified class or group of the managers the right to vote, separately or with all or any class or group of managers or members, on any matter. If the limited liability company agreement so provides, voting by managers may be on a financial interest, class, group, or any other basis.
   (4) A limited liability company agreement which contains provisions related to voting rights of managers may set forth provisions relating to notice of the time, place, or purpose of any meeting at which any matter is to be voted on by any manager or class or group of managers, waiver of any such notice, action by consent without a meeting, the establishment of a record date, quorum requirements, voting in person or by proxy, or any other matter with respect to the exercise of any such right to vote. [2015 c 188 § 35.]

25.15.171 Remedies for breach of limited liability company agreement by manager. (Effective January 1, 2016.)
25.15.176 Resignation of manager. (Effective January 1, 2016.) A manager may resign as a manager of a limited liability company at the time or upon the happening of events specified in a limited liability company agreement and in accordance with the limited liability company agreement. A limited liability company agreement may provide that a manager does not have the right to resign as a manager of a limited liability company. Notwithstanding that a limited liability company agreement provides that a manager does not have the right to resign as a manager of a limited liability company, a manager may resign as a manager of a limited liability company at any time by giving written notice to the members and other managers. If the resignation of a manager violates a limited liability company agreement, in addition to any remedies otherwise available under applicable law, a limited liability company may recover from the resigning manager damages for breach of the limited liability company agreement and offset the damages against any amount otherwise due to the resigning manager pursuant to the limited liability company agreement. [2015 c 188 § 37.]

ARTICLE V. CONTRIBUTIONS

25.15.191 Form of contribution. (Effective January 1, 2016.) The contribution of a member to a limited liability company may consist of tangible or intangible property or other benefits to the limited liability company, including money, services performed, promissory notes, other agreements to contribute cash or property, or contracts for services to be performed. [2015 c 188 § 39.]

25.15.196 Liability for contribution. (Effective January 1, 2016.) (1) A member is obligated to a limited liability company to perform any promise to contribute cash or property or to perform services, even if the member is unable to perform because of death, disability, or any other reason. If a member does not make the required contribution of property or services, the member is obligated at the option of the limited liability company to contribute cash equal to that portion of the agreed value of the contribution that has not been made. This option is in addition to, and not in lieu of, any other rights, including the right to specific performance, that the limited liability company may have against such member under the limited liability company agreement or applicable law.

(2) The obligation of a member to make a contribution or return money or other property paid or distributed in violation of this chapter may be compromised only by consent of all the members. Notwithstanding the compromise, a creditor of a limited liability company who extends credit, after either the certificate of formation, limited liability company agreement or an amendment thereto, or records of the limited liability company reflect the obligation, and before the amendment of any thereof to reflect the compromise, may enforce the original obligation to the extent that, in extending credit, the creditor reasonably relied on the obligation of a member to make a contribution or return money or other property to the limited liability company. A conditional obligation of a member to make a contribution or return money or other property to a limited liability company may not be enforced unless the conditions of the obligation have been satisfied or waived as to or by such member. Conditional obligations include contributions payable upon a discretionary call of a limited liability company prior to the time the call occurs.

(3) A limited liability company agreement may provide that the interest of any member who fails to make any contribution that the member is obligated to make is subject to specified penalties or, or specified consequences of, such failure. Such penalty or consequence may take the form of reducing or eliminating the defaulting member's proportionate interest in a limited liability company, subordinating the member's limited liability company interest to that of nondefaulting members, a forced sale of the member's limited liability company interest, forfeiture of the member's limited liability company interest, the lending by other members of the amount necessary to meet the member's commitment, a fixing of the value of the member's limited liability company interest by appraisal or by formula and redemption or sale of the member's limited liability company interest at such value, or other penalty or consequence. [2015 c 188 § 40.]

ARTICLE VI. DISTRIBUTIONS

25.15.206 Allocation of distributions. (Effective January 1, 2016.) Distributions of a limited liability company are made to the members, and to classes or groups of members, in the manner provided in a limited liability company agreement. If the limited liability company agreement does not so provide, distributions are made in proportion to the agreed value of the contributions made and any contributions required to be made, but not yet made, by each member. [2015 c 188 § 41.]

25.15.211 Interim distributions. (Effective January 1, 2016.) A member does not have a right to any distributions before the dissolution and winding up of the limited liability company unless the limited liability company decides to make an interim distribution. [2015 c 188 § 42.]

25.15.216 Distribution following dissociation. (Effective January 1, 2016.) A member does not have a right to receive a distribution on account of dissociation. [2015 c 188 § 43.]
25.15.221 Distribution in-kind. (Effective January 1, 2016.) A member, regardless of the nature of the member's contribution, has no right to receive any distribution from a limited liability company in any form other than money. A limited liability company may distribute an asset in kind to the extent that each member receives a percentage of the asset equal to the member's percentage share of distributions. [2015 c 188 § 44.]

25.15.226 Right to distribution. (Effective January 1, 2016.) Subject to RCW 25.15.231 and 25.15.305, at the time a member becomes entitled to receive a distribution, that member has the status of, and is entitled to all remedies available to, a creditor of a limited liability company with respect to the distribution. A limited liability company agreement may provide for the establishment of a record date with respect to allocations and distributions by a limited liability company. The limited liability company's obligation to make a distribution is subject to offset for any amount due and payable to the limited liability company by the person on whose account the distribution is made. [2015 c 188 § 45.]

25.15.231 Limitations on distribution. (Effective January 1, 2016.) (1) A limited liability company must not make a distribution in violation of the limited liability company agreement.

(2) A limited liability company must not make a distribution to the extent that at the time of the distribution, after giving effect to the distribution (a) the limited liability company would not be able to pay its debts as they became due in the usual course of its activities, or (b) all liabilities of the limited liability company, other than liabilities to members on account of their limited liability company interests and liabilities for which the recourse of creditors is limited to specified property of the limited liability company, exceed the fair value of the assets of the limited liability company, except that the fair value of property that is subject to a liability for which the recourse of creditors is limited is included in the assets of the limited liability company only to the extent that the fair value of that property exceeds that liability.

(3) A limited liability company may base a determination that a distribution is not prohibited under subsection (2) of this section on financial statements prepared on the basis of accounting practices and principles that are reasonable in the circumstances or on a fair valuation or other method that is reasonable in the circumstances.

(4) Except as otherwise provided in subsection (7) of this section, the effect of a distribution under subsection (2) of this section is at parity with the limited liability company's indebtedness to its general, unsecured creditors.

(5) A limited liability company's indebtedness to a member incurred by reason of a distribution made in accordance with this section is at parity with the limited liability company's indebtedness to its general, unsecured creditors.

(6) A limited liability company's indebtedness, including indebtedness issued in connection with or as part of a distribution, is not considered a liability for purposes of subsection (2) of this section if the terms of the indebtedness provide that payment of principal and interest are made only to the extent that a distribution could then be made to members under this section.

(7) The effect of a distribution of indebtedness under subsection (2) of this section is measured:

(a) In the case of a distribution of indebtedness described in subsection (6) of this section, each payment of principal or interest is treated as a distribution, the effect of which is measured on the date the payment is actually made; and

(b) In the case of a distribution of any other indebtedness, the effect of the distribution is measured as of the date the indebtedness is distributed. [2015 c 188 § 46.]

25.15.236 Liability for improper distributions. (Effective January 1, 2016.) (1) Except as otherwise provided in subsection (2) of this section, a member of a member-managed limited liability company or manager of a manager-managed limited liability company that consents to a distribution in violation of RCW 25.15.231 is personally liable to the limited liability company for the amount of the distribution that exceeds the amount that could have been distributed without the violation of RCW 25.15.231 if it is established that in consenting to the distribution the members or managers failed to comply with the duty of care.

(2) To the extent the limited liability company agreement of a member-managed limited liability company expressly relieves a member of the authority and responsibility to consent to distributions and imposes that authority and responsibility on one or more other members, the liability provided in subsection (1) of this section applies to the other members and not the member that the limited liability company agreement relieves of authority and responsibility.

(3) A member or transferee that received a distribution knowing that the distribution to that member or transferee was made in violation of RCW 25.15.231 is personally liable to the limited liability company but only to the extent that the distribution received by the member or transferee exceeded the amount that could have been properly paid under RCW 25.15.231.

(4) A member or manager against which an action is commenced under subsection (1) of this section may:

(a) In the case of distribution by purchase, redemption, or other acquisition of a transferable interest in the limited liability company, as of the date money or other property is transferred or debt incurred by the limited liability company; and

(b) In all other cases, as of the date:

(i) The distribution is authorized, if the payment occurs within one hundred twenty days after that date; or

(ii) The payment is made, if payment occurs more than one hundred twenty days after the distribution is authorized.

(5) An action under this section is barred if it is not commenced within two years after the distribution. [2015 c 188 § 47.]
ARTICLE VII. ASSIGNMENT OF LIMITED LIABILITY COMPANY INTERESTS

25.15.246 Nature of limited liability company interest—Certificate of interest. (Effective January 1, 2016.)
(1) The only interest of a member that is transferable is the member's transferable interest. A transferable interest is personal property. A member has no interest in specific limited liability company property.

(2) A limited liability company agreement may provide that a transferable interest may be evidenced by a certificate of limited liability company interest issued by the limited liability company and may also provide for the transfer of any transferable interest represented by such a certificate and make other provisions with respect to such certificate. [2015 c 188 § 48.]

25.15.251 Transfer of transferable interest. (Effective January 1, 2016.)
(1) A transfer, in whole or in part, of a transferable interest:
   (a) Is permissible; and
   (b) Does not, as against the members or the limited liability company, entitle the transferee to participate in the management of the limited liability company's activities, to require access to information concerning the limited liability company's transactions except as provided in subsection (5) of this section or in RCW 25.15.136(11), or to obtain access to information to which a member is otherwise entitled pursuant to RCW 25.15.136 or the limited liability company's other records.

(2) A transfer of a transferable interest entitles the transferee to receive distributions to which the transferor would otherwise be entitled, to the extent transferred.

(3) Upon transfer of less than the transferor's entire transferable interest in the limited liability company, the transferor retains the rights, duties, and obligations of the transferor immediately prior to the transfer other than the transferable interest transferred.

(4) Except as otherwise provided in (b) of this subsection, a transferee that becomes a member with respect to a transferable interest is liable for the transferor's obligations with respect to the transferable interest. Except to the extent such liabilities are assumed by agreement:
   (a) Until a transferee of a transferable interest becomes a member with respect to the transferable interest, the transferee has no liability as a member solely as a result of the transfer; and
   (b) A transferee is not obligated for liabilities associated with a transferable interest that are unknown to the transferee at the time the transferee becomes a member.

(5) In a dissolution and winding up, a transferee is entitled to an account of the limited liability company's transactions only from the date of dissolution.

(6) For the purposes of this chapter:
   (a) The pledge of, or granting of a security interest, lien, or other encumbrance in or against, any or all of a transferable interest is not a transfer of the transferable interest, but a foreclosure or execution sale or exercise of similar rights with respect to any or all of transferable interest is a transfer of the transferable interest to the transferee pursuant to such foreclosure or execution sale or exercise of similar rights.
   (b) Where a transferable interest is held in a trust or estate, or is held by a trustee, personal representative, or other fiduciary, the transfer of the transferable interest, whether to a beneficiary of the trust or estate or otherwise, is a transfer of such transferable interest, but the mere substitution or replacement of the trustee, personal representative, or other fiduciary does not constitute a transfer of such transferable interest. [2015 c 188 § 49.]

25.15.256 Rights of judgment creditor. (Effective January 1, 2016.)
(1) On application to a court of competent jurisdiction by any judgment creditor of a member or transferee, the court may charge the transferable interest of the judgment debtor with payment of the unsatisfied amount of the judgment with interest. To the extent so charged, the judgment creditor has only the rights of a transferee. The court may appoint a receiver of the share of the distributions due or to become due to the judgment creditor in respect of the limited liability company and make all other orders, directions, accounts, and inquiries the judgment debtor might have made or that the circumstances of the case may require to give effect to the charging order.

(2) A charging order constitutes a lien on the judgment debtor's transferable interest. The court may order a foreclosure upon the transferable interest subject to the charging order at any time. The purchaser at the foreclosure sale has the rights of a transferee.

(3) At any time before foreclosure, a transferable interest charged may be redeemed:
   (a) By the judgment debtor;
   (b) With property other than limited liability company property, by one or more of the other members; or
   (c) With limited liability company property, by the limited liability company with the consent of all members whose interests are not so charged.

(4) This chapter does not deprive any member or transferee of the benefit of any exemption laws applicable to the member's or transferee's transferable interest.

(5) This section provides the exclusive remedy by which a judgment creditor of a member or transferee may satisfy a judgment out of the judgment debtor's transferable interest. [2015 c 188 § 50.]

ARTICLE VIII. DISSOLUTION

25.15.265 Dissolution. (Effective January 1, 2016.) A limited liability company is dissolved and its affairs must be wound up upon the first to occur of the following:

(1) The dissolution date, if any, specified in the certificate of formation. If a dissolution date is specified in the certificate of formation, the certificate of formation may be amended and the date of dissolution of the limited liability company may be extended by vote of all the members;

(2) The happening of events specified in a limited liability company agreement;

(3) The written consent of all members;

(4) Ninety days following an event of dissociation of the last remaining member, unless those having the rights of transferees in the limited liability company under RCW 25.15.131(1) have, by the ninetieth day, voted to admit one or
more members, voting as though they were members, and in the manner set forth in RCW 25.15.121(1);  
(5) The entry of a decree of judicial dissolution under RCW 25.15.274; or  
(6) The administrative dissolution of the limited liability company by the secretary of state under RCW 23.95.610, unless the limited liability company is reinstated by the secretary of state under RCW 23.95.615. [2015 c 188 § 51; 2015 c 188 § 52.]

Effective date—Contingent effective date—2015 c 176: See note following RCW 23.95.100.

25.15.269 After dissolution under RCW 25.15.265. (Effective January 1, 2016.) (1) After dissolution occurs under RCW 25.15.265, the limited liability company may deliver to the secretary of state for filing a certificate of dissolution.

(2) A certificate of dissolution filed under subsection (1) of this section must set forth:

(a) The name of the limited liability company; and  
(b) A statement that the limited liability company is dissolved under RCW 25.15.265. [2015 c 188 § 52.]

25.15.274 Judicial dissolution. (Effective January 1, 2016.) On application by a member or manager the superior courts may order dissolution of a limited liability company whenever: (1) It is not reasonably practicable to carry on the limited liability company's activities in conformity with the certificate of formation and the limited liability company agreement; or (2) other circumstances render dissolution equitable. [2015 c 188 § 53.]

25.15.279 Administrative dissolution—Commencement of proceeding. (Effective January 1, 2016.) The secretary of state may commence a proceeding to administratively dissolve a limited liability company under the circumstances and procedures provided in Article 6 of chapter 23.95 RCW. [2015 c 176 § 7114; 2015 c 188 § 54.]

Effective date—Contingent effective date—2015 c 176: See note following RCW 23.95.100.

25.15.284 Administrative dissolution—Notice—Opportunity to correct deficiencies. (Effective until January 1, 2016.) (1) If the secretary of state determines that one or more grounds exist under RCW 25.15.279 for dissolving a limited liability company, the secretary of state must give the limited liability company written notice of the determination by first-class mail, reciting the grounds therefor. Notice must be sent to the registered agent at the address of the registered office of the limited liability company as it appears in the records of the secretary of state.

(2) If the limited liability company does not correct each ground for dissolution or demonstrate to the reasonable satisfaction of the secretary of state that each ground determined by the secretary of state does not exist within sixty days after notice is sent, the limited liability company is then dissolved. The secretary of state must give the limited liability company written notice of the dissolution that recites the ground or grounds therefor and its effective date.

(3) A limited liability company administratively dissolved continues its existence but may not carry on any business except as necessary to wind up and liquidate its business and affairs.

(4) The administrative dissolution of a limited liability company does not terminate the authority of its registered agent. [2015 c 188 § 55.]

25.15.284 Repealed. (Effective January 1, 2016.) See Supplementary Table of Disposition of Former RCW Sections, this volume.

25.15.289 Administrative dissolution—Reinstatement. (Effective January 1, 2016.) A limited liability company that has been administratively dissolved under RCW 23.95.610 may apply to the secretary of state for reinstatement in accordance with RCW 23.95.615. [2015 c 176 § 7115; 2015 c 188 § 56.]

Effective date—Contingent effective date—2015 c 176: See note following RCW 23.95.100.

25.15.294 Voluntary dissolution—Revocation of dissolution—When effective—Effect. (Effective January 1, 2016.) (2)(a) Except as provided in (b) of this subsection, revocation of dissolution must be approved in the same manner as the dissolution was approved unless that approval permitted revocation in some other manner, in which event the dissolution may be revoked in the manner permitted.

(b) If dissolution occurred upon the happening of events specified in the limited liability company agreement, revocation of dissolution must be approved in the manner necessary to amend the provisions of the limited liability company agreement specifying the events of dissolution.

(3) A limited liability company that has filed a certificate of dissolution may, at any time after revocation of its dissolution has been approved but not more than one hundred twenty days after the filing of its certificate of dissolution, revoke the dissolution by delivering to the secretary of state for filing a certificate of revocation of dissolution that sets forth:

(a) The name of the limited liability company and a statement that the name satisfies the requirements of Article 3 of chapter 23.95 RCW; if the name is not available, the limited liability company must deliver to the secretary of state for filing a certificate of amendment changing its name with the certificate of revocation of dissolution;

(b) In the case of a known claim that is timely received but rejected by the dissolved limited liability company, the claimant does not commence an action to enforce the known claim against the limited liability company within ninety days after the receipt of the notice of rejection.

(4) For purposes of this section, "known claim" means any claim or liability that either:

(a)(i) Has matured sufficiently, before or after the effective date of the dissolution, to be legally capable of assertion against the dissolved limited liability company, whether or not the amount of the claim or liability is known or determinable; or (ii) is unmatured, conditional, or otherwise contingent but may subsequently arise under any executory contract to which the dissolved limited liability company is a party, other than under an implied or statutory warranty as to any product manufactured, sold, distributed, or handled by the dissolved limited liability company; and

[2015 c 188 § 59.]

### 25.15.305 Distribution of assets. (Effective January 1, 2016.)

(1) Upon the winding up of a limited liability company, the assets are distributed as follows:

A limited liability company shall not be required to make provision to pay claims that are or later become barred under RCW 25.15.301 or 25.15.309 or other applicable law. If there are sufficient assets, such claims and obligations must be paid in full and any such provision for payment made must be made in full. If there are insufficient assets, such claims and obligations must be paid or provided for according to their priority and, among claims and obligations of equal priority, ratably to the extent of assets available therefor. Any remaining assets must be distributed as provided in this chapter. Any person winding up a limited liability company's affairs who has complied with this section is not personally liable to the claimants of the dissolved limited liability company by reason of such person's actions in winding up the limited liability company. (2) The dissolution of a limited liability company does not take away or impair any remedy available to or, except as provided in subsection (1) of this section or RCW 25.15.301, against that limited liability company, its managers, or its members for any right or claim existing, or any liability incurred at any time, whether prior to or after dissolution. Such an action or proceeding by or against the limited liability company may be prosecuted or defended by the limited liability company in its own name. [2015 c 188 § 61.]

ARTICLE XII. DISSENTERS' RIGHTS

25.15.466 Definitions. (Effective January 1, 2016.) In this article:
(1) "Dissenter" means a member who is entitled to dissent from a plan of merger and who exercises that right when and in the manner required by this article.
(2) "Fair value," with respect to a dissenter's limited liability company interest, means the value of the member's limited liability company interest immediately before the effectuation of the merger to which the dissenter objects, excluding any appreciation or depreciation in anticipation of the merger unless exclusion would be inequitable.
(3) "Interest" means interest from the effective date of the merger until the date of payment, at the average rate currently paid by the limited liability company on its principal bank loans or, if none, at a rate that is fair and equitable under all the circumstances.
(4) "Limited liability company" means the limited liability company in which the dissenter holds or held a membership interest, or the surviving organization by merger, whether foreign or domestic, of that limited liability company. [2015 c 188 § 89.]

25.15.471 Member—Dissent—Payment of fair value. (Effective January 1, 2016.) (1) Except as provided in RCW 25.15.481 or 25.15.491(2), or in a written limited liability company agreement, a member of a limited liability company is entitled to dissent from and, obtain payment of, the fair value of the member's interest in the limited liability company in the event of consummation of a plan of merger to which the limited liability company is a party as permitted by RCW 25.15.416.
(2) A member entitled to dissent and obtain payment for the member's interest in a limited liability company under this article may not challenge the merger creating the member's entitlement unless the merger fails to comply with the procedural requirements imposed by this chapter, Title 23B RCW, chapter 25.05 RCW, chapter 25.10 RCW, or the limited liability company agreement, or is fraudulent with respect to the member or the limited liability company.
(3) The right of a dissenting member in a limited liability company to obtain payment of the fair value of the member's interest in the limited liability company terminates upon the occurrence of any one of the following events:
(a) The proposed merger is abandoned or rescinded;
(b) A court having jurisdiction permanently enjoins or sets aside the merger; or
(c) The member's demand for payment is withdrawn with the written consent of the limited liability company. [2015 c 188 § 90.]

25.15.476 Dissenters' rights—Notice—Timing. (Effective January 1, 2016.) (1) Not less than ten days prior to the approval of a plan of merger, the limited liability company must send a written notice to all members who are entitled to vote on or approve the plan of merger that they may be entitled to assert dissenters' rights under this article. Such notice shall be accompanied by a copy of this article.
(2) The limited liability company must notify in writing all members not entitled to vote on or approve the plan of merger that the plan of merger was approved, and send them the dissenters' notice as required by RCW 25.15.486. [2015 c 188 § 91.]

25.15.481 Member—Dissent—Voting restriction. (Effective January 1, 2016.) A member of a limited liability company who is entitled to vote on or approve the plan of merger and who wishes to assert dissenters' rights must not vote in favor of or approve the plan of merger. A member who does not satisfy the requirements of this section is not entitled to payment for the member's interest in the limited liability company under this article. [2015 c 188 § 92.]

25.15.486 Members—Dissenters' notice—Requirement. (Effective January 1, 2016.) (1) If the plan of merger is approved, the limited liability company shall deliver a written dissenters' notice to all members who satisfied the requirements of RCW 25.15.481.
(2) The dissenters' notice required by RCW 25.15.476(2) or by subsection (1) of this section must be sent within ten days after the approval of the plan of merger, and must:
(a) State where the payment demand must be sent;
(b) Inform members as to the extent transfer of the member's interest in the limited liability company will be restricted as permitted by RCW 25.15.496 after the payment demand is received;
(c) Supply a form for demanding payment;
(d) Set a date by which the limited liability company must receive the payment demand, which date may not be fewer than thirty nor more than sixty days after the date the notice under this section is delivered; and
(e) Be accompanied by a copy of this article. [2015 c 188 § 93.]

25.15.491 Member—Payment demand—Entitlement. (Effective January 1, 2016.) (1) A member of a limited liability company who demands payment retains all other rights of a member of such limited liability company until the proposed merger becomes effective.
(2) A member of a limited liability company sent a dissenters' notice who does not demand payment by the date set in the dissenters' notice is not entitled to payment for the member's interest in the limited liability company under this article. [2015 c 188 § 94.]

25.15.496 Members' interests—Transfer restriction. (Effective January 1, 2016.) The limited liability company may restrict the transfer of members' interests in the limited liability company from the date the demand for their payment is received until the proposed merger becomes effective or the restriction is released under this article. [2015 c 188 § 95.]

25.15.501 Payment of fair value—Requirements for compliance. (Effective January 1, 2016.) (1) Within thirty days of the later of the date the proposed merger becomes effective, or the payment demand is received, the limited lia-
bility company must pay each dissenter who complied with RCW 25.15.491 the amount the limited liability company estimates to be the fair value of the dissenting member's interest in the limited liability company, plus accrued interest.

(2) The payment must be accompanied by:
(a) Copies of the financial statements for the limited liability company for its most recent fiscal year maintained as required by RCW 25.15.136;
(b) An explanation of how the limited liability company estimated the fair value of the member's interest in the limited liability company;
(c) An explanation of how the accrued interest was calculated;
(d) A statement of the dissenter's right to demand payment; and
(e) A copy of this article. [2015 c 188 § 96.]

25.15.506 Merger—Not effective within sixty days—Transfer restrictions. (Effective January 1, 2016.) (1) If the proposed merger does not become effective within sixty days after the date set for demanding payment, the limited liability company must release any transfer restrictions imposed as permitted by RCW 25.15.496.

(2) If, after releasing transfer restrictions, the proposed merger becomes effective, the limited liability company must send a new dissenters' notice as provided in RCW 25.15.476(2) and 25.15.486 and repeat the payment demand procedure. [2015 c 188 § 97.]

25.15.511 Dissenter's estimate of fair value—Notice. (Effective January 1, 2016.) (1) A dissenter may notify the limited liability company in writing of the dissenter's own estimate of the fair value of the dissenting member's interest in the limited liability company, and amount of interest due, and demand payment of the dissenter's estimate, less any payment under RCW 25.15.501, if:
(a) The dissenter believes that the amount paid is less than the fair value of the dissenting member's interest in the limited liability company, or that the interest due is incorrectly calculated;
(b) The limited liability company fails to make payment within sixty days after the date set for demanding payment; or
(c) The limited liability company, having failed to effectuate the proposed merger, does not release the transfer restrictions imposed on members' interests as permitted by RCW 25.15.496 within sixty days after the date set for demanding payment.

(2) A dissenter waives the right to demand payment under this section unless the dissenter notifies the limited liability company of the dissenter's demand in writing under subsection (1) of this section within thirty days after the limited liability company made payment for the dissenting member's interest in the limited liability company. [2015 c 188 § 98.]

25.15.516 Unsettled demand for payment—Proceeding—Parties—Appraisers. (Effective January 1, 2016.) (1) If a demand for payment under RCW 25.15.491 remains unsettled, the limited liability company must commence a proceeding within sixty days after receiving the payment demand and petition the court to determine the fair value of the dissenting member's interest in the limited liability company, and accrued interest. If the limited liability company does not commence the proceeding within the sixty-day period, it must pay each dissenter whose demand remains unsettled the amount demanded.

(2) The limited liability company must commence the proceeding in the superior court of the county where the limited liability company's principal office or, if none in this state, its registered office is located.

(3) The limited liability company must make all dissenters, whether or not residents of this state, whose demands remain unsettled parties to the proceeding as in an action against their membership interests in the limited liability company and all parties must be served with a copy of the petition. Nonresidents may be served by registered or certified mail or by publication as provided by law.

(4) The limited liability company may join as a party to the proceeding any member who claims to be a dissenter but who has not, in the opinion of the limited liability company, complied with the provisions of this article. If the court determines that such member has not complied with the provisions of this article, the member must be dismissed as a party.

(5) The jurisdiction of the court in which the proceeding is commenced is plenary and exclusive. The court may appoint one or more persons as appraisers to receive evidence and recommend decisions on the question of fair value. The appraisers have the powers described in the order appointing them or in any amendment to it. The dissenters are entitled to the same discovery rights as parties in other civil proceedings.

(6) Each dissenter made a party to the proceeding is entitled to judgment for the amount, if any, by which the court finds the fair value of the dissenting member's membership interest in the limited liability company, plus interest, exceeds the amount paid by the limited liability company. [2015 c 188 § 99.]

25.15.521 Unsettled demand for payment—Costs—Fees and expenses of counsel. (Effective January 1, 2016.) (1) The court in a proceeding commenced under RCW 25.15.516 must determine all costs of the proceeding, including the reasonable compensation and expenses of appraisers appointed by the court. The court must assess the costs against the limited liability company, except that the court may assess the costs against all or some of the dissenters, in amounts the court finds equitable, to the extent the court finds the dissenters acted arbitrarily, vexatiously, or not in good faith in demanding payment.

(2) The court may also assess the fees and expenses of counsel and experts for the respective parties, in amounts the court finds equitable:
(a) Against the limited liability company and in favor of any or all dissenters if the court finds the limited liability company did not substantially comply with the requirements of this article; or
(b) Against either the limited liability company or a dissenter, in favor of any other party, if the court finds that the party against whom the fees and expenses are assessed acted arbitrarily, vexatiously, or not in good faith with respect to the rights provided by this article.

(3) If the court finds that the services of counsel for any dissenter were of substantial benefit to other dissenters simi-
larly situated, and that the fees for those services should not be assessed against the limited liability company, the court may award to these counsel reasonable fees to be paid out of the amounts awarded to the dissenters who were benefited. [2015 c 188 § 101.]

26.21A.125 Continuing jurisdiction to enforce child support order. (1) A tribunal of this state that has issued a child support order consistent with the law of this state may serve as an initiating tribunal to request a tribunal of another state to enforce:
(a) The order if the order is the controlling order and has not been modified by a tribunal of another state that assumed
26.21A.130 Determination of controlling child support order. (1) If a proceeding is brought under this chapter and only one tribunal has issued a child support order, the order of that tribunal controls and must be so recognized.

(2) If a proceeding is brought under this chapter, and two or more child support orders have been issued by tribunals of this state, or another state, or a foreign country with regard to the same obligor and same child, a tribunal of this state having personal jurisdiction over both the obligor and individual obligee shall apply the following rules and by order shall determine which order controls and must be recognized:

(a) If only one of the tribunals would have continuing, exclusive jurisdiction under this chapter, the order of that tribunal controls.

(b) If more than one of the tribunals would have continuing, exclusive jurisdiction under this chapter:

(i) An order issued by a tribunal in the current home state of the child controls; or

(ii) If an order has not been issued in the current home state of the child, the order most recently issued controls.

(c) If none of the tribunals would have continuing, exclusive jurisdiction under this chapter, the tribunal of this state shall issue a child support order, which controls.

(3) If two or more child support orders have been issued for the same obligor and same child, upon request of a party who is an individual or that is a support enforcement agency, a tribunal of this state having personal jurisdiction over both the obligor and the obligee who is an individual shall determine which order controls under subsection (2) of this section. The request may be filed with a registration for enforcement or registration for modification pursuant to Article 6 of this chapter, or may be filed as a separate proceeding.

(4) A request to determine which is the controlling order must be accompanied by a copy of every child support order in effect and the applicable record of payments. The requesting party shall give notice of the request to each party whose rights may be affected by the determination.

(5) The tribunal that issued the controlling order under subsection (1), (2), or (3) of this section has continuing jurisdiction to the extent provided in RCW 26.21A.120 or 26.21A.125.

(6) A tribunal of this state that determines by order which is the controlling order under subsection (2)(a) or (b) or (3) of this section or that issues a new controlling order under subsection (2)(c) of this section shall state in that order:

(a) The basis upon which the tribunal made its determination;

(b) The amount of prospective support, if any; and

(c) The total amount of consolidated arrears and accrued interest, if any, under all of the orders after all payments made are credited as provided by RCW 26.21A.140.

(7) Within thirty days after issuance of an order determining which is the controlling order, the party obtaining the order shall file a certified copy of it in each tribunal that issued or registered an earlier order of child support. A party or support enforcement agency obtaining the order that fails to file a certified copy is subject to appropriate sanctions by a tribunal in which the issue of failure to file arises. The failure to file does not affect the validity or enforceability of the controlling order.

(8) An order that has been determined to be the controlling order, or a judgment for consolidated arrears of support and interest, if any, made pursuant to this section must be recognized in proceedings under this chapter. [2015 c 214 § 8; 2002 c 198 § 207.]

(1) In a proceeding under this chapter, a petitioner seeking to establish a support order, to determine parentage of a child, or to register and modify a support order of a tribunal of another state or a foreign country must file a petition. Unless otherwise ordered under RCW 26.21A.255, the petition or accompanying documents must provide, so far as known, the name, residential address, and social security numbers of the obligor and the obligee or the parent and alleged parent, and the name, sex, residential address, social security number, and date of birth of each child for whose benefit support is sought or whose parentage is to be determined. Unless filed at the time of registration, the petition must be accompanied by a copy of any support order known to have been issued by another tribunal. 26.21A.613 Registration of convention support order. (1) Except as otherwise provided in this article, a party who is an individual or a support enforcement agency seeking recognition of a convention support order shall register the order in this state as provided in Article 6 of this chapter.

(b) A record stating that the support order is enforceable in the issuing country;

(c) If the respondent did not appear and was not represented in the proceedings in the issuing country, a record attesting, as appropriate, either that the respondent had proper notice of the proceedings and an opportunity to be heard or that the respondent had proper notice of the support order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal;

(5) The tribunal shall promptly notify the parties of the registration or the order vacating the registration of a convention support order. [2015 c 214 § 51.]

Effective date—Conflict with federal requirements—Waiver—2015 c 214: See notes following RCW 26.21A.010.

26.21A.617 Recognition and enforcement of registered convention support order. (1) Except as otherwise provided in subsection (2) of this section, a tribunal of this state shall recognize and enforce a registered convention support order.

(2) The following grounds are the only grounds on which a tribunal of this state may refuse recognition and enforcement of a registered convention support order:

(a) Recognition and enforcement of the order is manifestly incompatible with public policy, including the failure of the issuing tribunal to observe minimum standards of due process, which include notice and an opportunity to be heard;

(b) The issuing tribunal lacked personal jurisdiction consistent with RCW 26.21A.100;

(c) The order is not enforceable in the issuing country;

(d) The order was obtained by fraud in connection with a matter of procedure;

(e) A record transmitted in accordance with RCW 26.21A.613 lacks authenticity or integrity;

(f) A proceeding between the same parties and having the same purpose is pending before a tribunal of this state and that proceeding was the first to be filed;

(g) The order is incompatible with a more recent support order involving the same parties and having the same purpose if the more recent support order is entitled to recognition and enforcement under this chapter in this state;

(h) Payment, to the extent alleged arrears have been paid in whole or in part;

(i) In a case in which the respondent neither appeared nor was represented in the proceeding in the issuing foreign country:

   (i) If the law of that country provides for prior notice of proceedings, the respondent did not have proper notice of the proceedings and an opportunity to be heard; or

   (ii) If the law of that country does not provide for prior notice of the proceedings, the respondent did not have proper notice of the order and an opportunity to be heard in a challenge or appeal on fact or law before a tribunal; or

   (j) The order was made in violation of RCW 26.21A.625.

(3) If a tribunal of this state does not recognize a convention support order under subsection (2)(b), (d), or (i) of this section:

(4) A contest of a registered convention support order may be based only on grounds set forth in RCW 26.21A.617. The contesting party bears the burden of proof.

(5) In a contest of a registered convention support order, a tribunal of this state:

   (a) Is bound by the findings of fact on which the foreign tribunal based its jurisdiction; and

   (b) May not review the merits of the order.

(6) A tribunal of this state deciding a contest of a registered convention support order shall promptly notify the parties of its decision.

(7) A challenge or appeal, if any, does not stay the enforcement of a convention support order unless there are exceptional circumstances. [2015 c 214 § 52.]

Effective date—Conflict with federal requirements—Waiver—2015 c 214: See notes following RCW 26.21A.010.

(a) The tribunal may not dismiss the proceeding without allowing a reasonable time for a party to request the establishment of a new convention support order; and

(b) The department of social and health services shall take all appropriate measures to request a child support order for the obligee if the application for recognition and enforcement was received under RCW 26.21A.607. [2015 c 214 § 53.]

Effective date—Conflict with federal requirements—Waiver—2015 c 214: See notes following RCW 26.21A.010.

26.21A.620 Partial enforcement. If a tribunal of this state does not recognize and enforce a convention support order in its entirety, it shall enforce any severable part of the order. An application or direct request may seek recognition and partial enforcement of a convention support order. [2015 c 214 § 54.]

Effective date—Conflict with federal requirements—Waiver—2015 c 214: See notes following RCW 26.21A.010.

26.21A.623 Foreign support agreement. (1) Except as otherwise provided in subsections (3) and (4) of this section, a tribunal of this state shall recognize and enforce a foreign support agreement registered in this state.

(2) An application or direct request for recognition and enforcement of a foreign support agreement must be accompanied by:

(a) A complete text of the foreign support agreement; and

(b) A record stating that the foreign support agreement is enforceable as an order of support in the issuing country.

(3) A tribunal of this state may vacate the registration of a foreign support agreement only if, acting on its own motion, the tribunal finds that recognition and enforcement would be manifestly incompatible with public policy.

(4) In a contest of a foreign support agreement, a tribunal of this state may refuse recognition and enforcement of the agreement if it finds:

(a) Recognition and enforcement of the agreement is manifestly incompatible with public policy;

(b) The agreement was obtained by fraud or falsification;

(c) The agreement is incompatible with a support order involving the same parties and having the same purpose in this state, another state, or a foreign country if the support order is entitled to recognition and enforcement under this chapter in this state; or

(d) The record submitted under subsection (2) of this section lacks authenticity or integrity.

(5) A proceeding for recognition and enforcement of a foreign support agreement must be suspended during the pendency of a challenge to or appeal of the agreement before a tribunal of another state or a foreign country. [2015 c 214 § 55.]

Effective date—Conflict with federal requirements—Waiver—2015 c 214: See notes following RCW 26.21A.010.

26.21A.625 Modification of convention child support order. (1) A tribunal of this state may not modify a convention child support order if the obligee remains a resident of the foreign country where the support order was issued unless:

(a) The obligee submits to the jurisdiction of a tribunal of this state, either expressly or by defending on the merits of the case without objecting to the jurisdiction at the first available opportunity; or

(b) The foreign tribunal lacks or refuses to exercise jurisdiction to modify its support order or issue a new support order.

(2) If a tribunal of this state does not modify a convention child support order because the order is not recognized in this state, RCW 26.21A.617(3) applies. [2015 c 214 § 56.]

Effective date—Conflict with federal requirements—Waiver—2015 c 214: See notes following RCW 26.21A.010.

Chapter 26.44 RCW

ABUSE OF CHILDREN

Sections

26.44.290 Near fatalities—Review of case files—Investigation.

26.44.030 Reports—Duty and authority to make—

Duty of receiving agency—Duty to notify—Case planning and consultation—Penalty for unauthorized exchange of information—Filing dependency petitions—Investigations—Interviews of children—Records—Risk assessment process. (1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional
shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The reporting requirement also applies to guardians ad litem, including court-appointed special advocates, appointed under Titles 11, 13, and 26 RCW, who in the course of their representation of children in these actions have reasonable cause to believe a child has been abused or neglected.

(f) The reporting requirement in (a) of this subsection also applies to administrative and academic or athletic department employees, including student employees, of institutions of higher education, as defined in RCW 28B.10.016, and of private institutions of higher education.

(g) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency, including military law enforcement, if appropriate. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or
injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report of alleged abuse or neglect, the department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(a) The department believes there is a serious threat of substantial harm to the child;
(b) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;
(c) The department has a prior founded report of abuse or neglect with regard to a member of the household that is within three years of receipt of the referral.
(11)(a) Upon receiving a report of alleged abuse or neglect, the department shall use one of the following discrete responses to reports of child abuse or neglect that are screened in and accepted for departmental response:
(i) Investigation; or
(ii) Family assessment.
(b) In making the response in (a) of this subsection the department shall:
(i) Use a method by which to assign cases to investigation or family assessment which are based on an array of factors that may include the presence of: Imminent danger, level of risk, number of previous child abuse or neglect reports, or other presenting case characteristics, such as the type of alleged maltreatment and the age of the alleged victim. Age of the alleged victim shall not be used as the sole criterion for determining case assignment;
(ii) Allow for a change in response assignment based on new information that alters risk or safety level;
(iii) Allow families assigned to family assessment to choose to receive an investigation rather than a family assessment;
(iv) Provide a full investigation if a family refuses the initial family assessment;
(v) Provide voluntary services to families based on the results of the initial family assessment. If a family refuses voluntary services, and the department cannot identify specific facts related to risk or safety that warrant assignment to investigation under this chapter, and there is not a history of reports of child abuse or neglect related to the family, then the department must close the family assessment response case. However, if at any time the department identifies risk or safety factors that warrant an investigation under this chapter, then the family assessment response case must be reassigned to investigation;
(vi) Conduct an investigation, and not a family assessment, in response to an allegation that, the department determines based on the intake assessment:
(A) Poses a risk of "imminent harm" consistent with the definition provided in RCW 13.34.050, which includes, but is not limited to, sexual abuse and sexual exploitation as defined in this chapter;
(B) Poses a serious threat of substantial harm to a child;
(C) Constitutes conduct involving a criminal offense that has, or is about to occur, in which the child is the victim;
(D) The child is an abandoned child as defined in RCW 13.34.030;
(E) The child is an adjudicated dependent child as defined in RCW 13.34.030, or the child is in a facility that is licensed, operated, or certified for care of children by the department under chapter 74.15 RCW, or by the department of early learning.
(c) The department may not be held civilly liable for the decision to respond to an allegation of child abuse or neglect
by using the family assessment response under this section unless the state or its officers, agents, or employees acted with reckless disregard.

(12)(a) For reports of alleged abuse or neglect that are accepted for investigation by the department, the investigation shall be conducted within time frames established by the department in rule. In no case shall the investigation extend longer than ninety days from the date the report is received, unless the investigation is being conducted under a written protocol pursuant to RCW 26.44.180 and a law enforcement agency or prosecuting attorney has determined that a longer investigation period is necessary. At the completion of the investigation, the department shall make a finding that the report of child abuse or neglect is founded or unfounded.

(b) If a court in a civil or criminal proceeding, considering the same facts or circumstances as are contained in the report being investigated by the department, makes a judicial finding by a preponderance of the evidence or higher that the subject of the pending investigation has abused or neglected the child, the department shall adopt the finding in its investigation.

(13) For reports of alleged abuse or neglect that are responded to through family assessment response, the department shall:

(a) Provide the family with a written explanation of the procedure for assessment of the child and the family and its purposes;

(b) Collaborate with the family to identify family strengths, resources, and service needs, and develop a service plan with the goal of reducing risk of harm to the child and improving or restoring family well-being;

(c) Complete the family assessment response within forty-five days of receiving the report; however, upon parental agreement, the family assessment response period may be extended up to ninety days;

(d) Offer services to the family in a manner that makes it clear that acceptance of the services is voluntary;

(e) Implement the family assessment response in a consistent and cooperative manner;

(f) Have the parent or guardian sign an agreement to participate in services before services are initiated that informs the parents of their rights under family assessment response, all of their options, and the options the department has if the parents do not sign the consent form.

(14)(a) In conducting an investigation or family assessment of alleged abuse or neglect, the department or law enforcement agency:

(i) May interview children. If the department determines that the response to the allegation will be family assessment response, the preferred practice is to request a parent's, guardian's, or custodian's permission to interview the child before conducting the child interview unless doing so would compromise the safety of the child or the integrity of the assessment. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. If the allegation is investigated, parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation; and

(ii) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(b) The Washington state school directors' association shall adopt a model policy addressing protocols when an interview, as authorized by this subsection, is conducted on school premises. In formulating its policy, the association shall consult with the department and the Washington association of sheriffs and police chiefs.

(15) If a report of alleged abuse or neglect is founded and constitutes the third found report received by the department within the last twelve months involving the same child or family, the department shall promptly notify the office of the family and children's ombuds of the contents of the report. The department shall also notify the ombuds of the disposition of the report.

(16) In investigating and responding to allegations of child abuse and neglect, the department may conduct background checks as authorized by state and federal law.

(17)(a) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(b) In the family assessment response, the department shall not make a finding as to whether child abuse or neglect occurred. No one shall be named as a perpetrator and no investigative finding shall be entered in the department's child abuse or neglect database.

(18) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor.

(19) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

(20) Upon receiving a report of alleged abuse or neglect involving a child under the court's jurisdiction under chapter 13.34 RCW, the department shall promptly notify the child's guardian ad litem of the report's contents. The department shall also notify the guardian ad litem of the disposition of the report. For purposes of this subsection, "guardian ad litem" has the meaning provided in RCW 13.34.030.

(21) The department shall make efforts as soon as practicable to determine the military status of parents whose children are subject to abuse or neglect allegations. If the department determines that a parent or guardian is in the military, the department shall notify a department of defense family advocacy program that there is an allegation of abuse and neglect that is screened in and open for investigation that relates to that military parent or guardian. 27.12.100 Intercounty rural library districts—Establishment—Procedure. An intercounty rural library district shall be established by joint action of two or more counties proceeding by either of the following alternative methods:

(1) The boards of county commissioners of any two or more counties shall adopt identical resolutions proposing the formation of such a district to include all of the areas outside of incorporated cities or towns in such counties as may be designated in such resolutions. In lieu of such resolutions a petition of like purport signed by ten percent of the registered voters residing outside of incorporated cities or towns of a county, may be filed with the county auditor thereof, and shall have the same effect as a resolution. The proposition for the formation of the district as stated on the petition shall be prepared by the attorney general upon request of the state library commission. Action to initiate the formation of such a district shall become ineffective in any county if corresponding action is not completed within one year thereafter by each other county included in such proposal. The county auditor in each county shall check the validity of the signatures on the petition and shall certify to the board of county commissioners the sufficiency of the signatures. If each petition contains the signatures of ten percent of the registered voters residing outside the incorporated cities and towns of the county, each board of county commissioners shall pass a resolution calling an election for the purpose of submitting the question to the voters and setting the date of said election. When such action has been taken in each of the counties involved, notification shall be made by each board of county commissioners to the board of county commissioners of the county having the largest population according to the last federal census, who shall give proper notification to each county auditor. At the next general or special election held in the respective counties there shall be submitted to the voters in the areas outside of incorporated cities and towns a question as to whether an intercounty rural library district shall be established as outlined in the resolutions or petitions. Notice of said election shall be given by the county auditor. The county auditor shall instruct the election boards in split precincts. The respective county canvassing boards in each county to be included within the intercounty rural library district shall canvass the votes and certify the results to the county auditor pursuant to chapter 29A.60 RCW; the result shall then be certified by each county auditor to the county auditor of the county having the largest population according to the last federal census. If a majority of the electors voting on the proposition in each of the counties affected shall vote in favor of such district it shall thereby become established, and the board of county commissioners of the county having the largest population according to the last federal census shall declare the intercounty rural library district established. If two or more of the counties affected are in an existing intercounty rural library district, then the electors in areas outside incorporated cities and towns in those counties shall vote as a unit and the electors in areas outside incorporated cities and towns in each of the other affected counties shall vote in favor of an expanded intercounty rural library district it shall thereby become established.

(2) The county commissioners of two or more counties meeting in joint session attended by a majority of the county commissioners of each county may, by majority vote of those present, order the establishment of an intercounty rural library district to include all of the area outside of incorporated cities and towns in as many of the counties represented at such joint meeting as shall be determined by resolution of such joint meeting. If two or more counties are in an existing intercounty rural library district, then a majority vote of all of the commissioners present from those counties voting as a unit, and a majority vote of the commissioners present from any other county shall cause the joint session to order the establishment of an expanded intercounty rural library district. No county, however, shall be included in such district if a majority of its county commissioners vote against its inclusion in such district. 28A.150.260 Allocation of state funding to support instructional program of basic education—Distribution formula—Prototypical schools—Enhancements and adjustments—Review and approval—Enrollment calculation (as amended by 2015 c 2).

28A.150.261 State funding to support instructional program of basic education—Schedule of increased allocations.

28A.150.260 Allocation of state funding to support instructional program of basic education—Distribution formula—Prototypical schools—Enhancements and adjustments—Review and approval—Enrollment calculation. The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

1. The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

2. The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

3. (a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instructional and operation costs in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average full-time equivalent students in grades kindergarten through six.

4. (a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through twelve per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

In addition to the amounts provided in subsection (8) of this section, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;
(b) Laboratory science courses for students in grades nine through twelve;
(c) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and
(d) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

The definition shall be based on the percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, 1,5156 hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the number of students in the school who are eligible for free and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4,7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as determined in the omnibus appropriations act.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities. (12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.250, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent’s biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent’s reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050. Reviser’s note: This section did not amend the most current version of the RCW. It was amended by 2015 c § 2 (Initiative Measure No. 1351) without cognizance of its amendment by 2014 1st sp.s. c § 206.

Effective date—2015 3rd sp.s. c § 38; 2015 c § 2 (Initiative Measure No. 1351): “Section 2 of this act takes effect September 1, 2022.” [2015 3rd sp.s. c § 38 § 3; 2015 c § 2 (Initiative Measure No. 1351, approved November 4, 2014).]

Intent—2015 c 2 (Initiative Measure No. 1351): "This initiative concerns reducing the number of students per class in grades K-12. Washington ranks forty-seventh out of fifty states in the nation in the number of students per class. The voters understand that reduced class sizes are critical for students especially to learn technical skills such as mathematics, science, technology, and other skills critical for success in the new economy. It is the intent of the voters that reduction in class sizes be achieved by the legislature funding annual investments to lower class sizes and to increase school staffing in order to provide every student with the opportunity to receive a high quality basic education as well as improve student performance and graduation rates.

A teacher’s ability to individualize instruction, provide timely feedback to students and families, and keep students actively engaged in learning activities is substantially increased with smaller class sizes. Students in smaller classes have shown improved attendance, greater academic growth, and better test scores on achievement tests; and students from disadvantaged groups experience two to three times the average gains of their peers. Smaller class sizes will provide an equitable opportunity for all students to reach their potential and will assist in closing the achievement gap.

In order to comply with the constitutional requirement to amply fund basic education and with the Washington supreme court decision in McCleary v. the State of Washington, it is the intent of the voters to implement with fidelity chapter 548, Laws of 2009 and chapter 236, Laws of 2010. These laws revised the definition of the program of basic education, established new methods for distributing state funds to school districts to support this program of basic education, and established a process where the quality education council and technical working groups would make recommendations as to the level of resources that would be required to achieve the state’s defined program of basic education by 2018.

This measure would create smaller class sizes for grades K-12 over a four-year period with priority to schools with high levels of student poverty. These annual improvements are to be considered basic education funding that may be used to assist the Washington supreme court to determine the adequacy of progress in addressing the state’s paramount duty in accordance with the McCleary decision. State funding would be provided based on a reduction of K-3 class size to seventeen and grade 4-12 class size to twenty-five; and for schools with more than fifty percent of students in poverty, that is, more than fifty percent of students were eligible for free and reduced-price meals in the prior school year, a reduction of K-3 class size to fifteen, grade 4 to twenty-two, and grade 5-12 class size to twenty-three. The measure would also provide funding for increased school teaching and student support including librarians, counselors, school nurses, teaching assistants, and other critical staff necessary for the safe and effective operation of a school, to meet individual student needs, and to ensure all required school functions can be performed by appropriately trained personnel." [2015 c § 1 (Initiative Measure No. 1351, approved November 4, 2014).]

Short title—2015 c 2 (Initiative Measure No. 1351): “This act may be known and cited as the lower class sizes for a quality education act.” [2015 c § 2 (Initiative Measure No. 1351, approved November 4, 2014).

State funding to support instructional program of basic education—Schedule of increased allocations. In order to make measurable progress toward implementing the provisions of section 2, chapter 2, Laws of 2015 by September 1, 2021, the legislature shall increase state funding allocations under RCW 28A.150.260 according to the following schedule:

1. For the 2019-2021 biennium, funding allocations shall be no less than fifty percent of the difference between the funding necessary to support the numerical values under RCW 28A.150.260 as of September 1, 2013, and the funding necessary to support the numerical values under section 2, chapter 2, Laws of 2015, with priority for additional funding provided during this biennium for the highest poverty schools and school districts;

2. By the end of the 2021-2023 biennium and thereafter, funding allocations shall be no less than the funding necessary to support the numerical values under section 2, chapter 2, Laws of 2015. [2015 3rd sp.s. c 38 § 2; 2015 c 2 § 3 (Initiative Measure No. 1351, approved November 4, 2014).]

Findings—Intent—2015 3rd sp.s. c 38: "At the 2014 general election, the voters approved Initiative No. 1351, which proposed to amend the formulas by which the state allocates funding for state-funded school district employees. Initiative No. 1351 increased the state's obligation to fund teachers for class size reduction in excess of the class size reduction in grades K-3 already enacted by the legislature in chapter 548, Laws of 2009 (ESHB 2261) and chapter 236, Laws of 2010 (SHB 2776). Initiative No. 1351 also increased the state's obligation to provide funding for other types of school district employees beyond teachers."

In 2012, the state supreme court ruled in McCleary v. State that the state has failed to comply with its Article IX duty to make ample provision for the state's program of basic education. In its ruling, the court declared that ESHB 2261 constituted a "promising reform" that would bring the state into compliance with Article IX if "fully funded." In the time since the original McCleary ruling, the state has continued to implement ESHB 2261 and SHB 2776, with full implementation scheduled for the statutory deadline of 2018.

For two sets of educational reasons, the legislature finds that it is appropriate to delay implementation of Initiative No. 1351 for four years.

First, the legislature finds, based on research reviewed by the basic education funding task force and the quality education council, that the greatest improvements in student outcomes in the common schools can be achieved in the near term by focusing the investment of state fiscal resources in the areas identified in ESHB 2261 and SHB 2776, which emphasize fund class size reduction in early grades. The legislature further finds that the court in its McCleary ruling and orders has identified investments in these areas as the funding reforms that are needed to bring the state into compliance with its Article IX obligations, which provides an educational reason for focusing on funding the reforms of ESHB 2261 and SHB 2776 in the 2015-2017 and 2017-2019 fiscal biennia.

Second, the legislature finds that there are practical educational reasons to temporarily defer implementation of increased staffing ratios and the portion of class size reduction that is beyond the reductions called for in SHB 2776. Data from the superintendent of public instruction and the professional educator boards indicate that Washington's teacher education programs are not estimated to produce sufficient teachers to achieve the class size reductions on the schedule established by Initiative No. 1351. Further, the experience of other states indicates that the need to hire teachers quickly for rapid implementation of class size reductions may exacerbate recruiting difficulties for schools or districts that are at a relative disadvantage in attracting staff. Finally, implementing class size reduction requires time to plan and build new classrooms.

For these reasons, the legislature intends to temporarily defer implementation of Initiative No. 1351. [2015 3rd sp.s. c 38 § 1]

Effective date—2015 3rd sp.s. c 38: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 14, 2015]." [2015 3rd sp.s. c 38 § 4]

Chapter 28A.155 RCW

SPECIAL EDUCATION

Sections

28A.155.020 Administration of program in the office of the superintendent of public instruction—Adoption of
definitions by rule—Local school district powers not limited. There is established in the office of the superintendent of public instruction an administrative section or unit for the education of children with disabilities who require special education.

Students with disabilities are those children whether enrolled in school or not who through an evaluation process are determined eligible for special education due to a disability.

In accordance with part B of the federal individuals with disabilities education improvement act and any other federal or state laws relating to the provision of special education services, the superintendent of public instruction shall require each school district in the state to insure an appropriate educational opportunity for all children with disabilities between the ages of three and twenty-one, but when the twenty-first birthday occurs during the school year, the educational program may be continued until the end of that school year. The superintendent of public instruction, by rule, shall establish for the purpose of excess cost funding, as provided in RCW 28A.155.010 through 28A.155.160, functional definitions of special education, the various types of disabling conditions, and eligibility criteria for special education programs for children with disabilities, including referral procedures, use of positive behavior interventions, the education curriculum and statewide or district-wide assessments, parent and district requests for special education due process hearings, and procedural safeguards. For the purposes of RCW 28A.155.010 through 28A.155.160, an appropriate education is defined as an education directed to the unique needs, abilities, and limitations of the children with disabilities who are enrolled either full time or part time in a school district. School districts are strongly encouraged to provide parental training in the care and education of the children and to involve parents in the classroom.

Nothing in this section shall prohibit the establishment or continuation of existing cooperative programs between school districts or contracts with other agencies approved by the superintendent of public instruction, which can meet the obligations of school districts to provide education for children with disabilities, or prohibit the continuation of needed related services to school districts by the department of social and health services.

This section shall not be construed as in any way limiting the powers of local school districts set forth in RCW 28A.155.070. [2015 c 206 § 2; 2007 c 115 § 2; 1995 c 77 § 8; 1990 c 33 § 121; 1985 c 341 § 4; 1984 c 160 § 1; 1971 ex.s. c 66 § 2; 1969 ex.s. c 2 § 2; 1969 ex.s. c 223 § 28A.13.010. Prior: 1951 c 92 § 1; prior: (i) 1943 c 120 § 2; part: Rem. Supp. 1943 § 4679-25. (ii) 1943 c 120 § 2, part; Rem. Supp. 1943 § 4679-26, part. Formerly RCW 28A.13.010, 28A.13.010.]

Finding—2015 c 206: "The legislature finds that there is no educational or therapeutic benefit to children from physically restraining or isolating them as part of their public school programs when not necessary for immediate safety. The use of seclusion or restraints in nonemergency situations poses significant physical and psychological danger to students and school staff. The legislature declares that it is the policy of the state of Washington to prohibit the planned use of aversive interventions, to promote positive interventions when a student with disabilities is determined to need specially designed instruction to address behavior, and to prohibit schools from physically restraining or isolating any student except when the student's behavior poses an imminent likelihood of serious harm to that student or another person." [2015 c 206 § 1.]

28A.155.220  High school transition services—Interagency agreements—Education data center to monitor certain outcomes—Annual report by superintendent of public instruction. (1) The office of the superintendent of public instruction must establish interagency agreements with the department of social and health services, the department of services for the blind, and any other state agency that provides high school transition services for special education students. Such interagency agreements shall not interfere with existing individualized education programs, nor override any individualized education program team's decision-making power. The purpose of the interagency agreements is to foster effective collaboration among the multiple agencies providing transition services for individualized education program-eligible special education students from the beginning of transition planning, as soon as educationally and developmentally appropriate, through age twenty-one, or through high school graduation, whichever occurs first. Interagency agreements are also intended to streamline services and programs, promote efficiencies, and establish a uniform focus on improved outcomes related to self-sufficiency.

(2)(a) When educationally and developmentally appropriate, the interagency responsibilities and linkages with transition services under subsection (1) of this section must be addressed in a transition plan to a postsecondary setting in the individualized education program of a student with disabilities.

(b) Transition planning shall be based upon educationally and developmentally appropriate transition assessments that outline the student's individual needs, strengths, preferences, and interests. Transition assessments may include observations, interviews, inventories, situational assessments, formal and informal assessments, as well as academic assessments.

(c) The transition services that the transition plan must address include activities needed to assist the student in reaching postsecondary goals and courses of study to support postsecondary goals.

(d) Transition activities that the transition plan may address include instruction, related services, community experience, employment and other adult living objectives, daily living skills, and functional vocational evaluation.

(e) When educationally and developmentally appropriate, a discussion must take place with the student and parents, and others as needed, to determine the postsecondary goals or postschool vision for the student. This discussion may be included as part of an annual individualized education program review, high school and beyond plan meeting, or any other meeting that includes parents, students, and educators. The postsecondary goals included in the transition plan shall be goals that are measurable and must be based on appropriate transition assessments related to training, education, employment, and independent living skills, when necessary. The goals must also be based on the student's needs, while considering the strengths, preferences, and interests of the student.

(f) As the student gets older, changes in the transition plan may be noted in the annual update of the student's individualized education program.

Additional notes found at www.leg.wa.gov
(g) A student with disabilities who has a high school and beyond plan may use the plan to comply with the transition plan required under this subsection (2).

(3) To the extent that data is available through data-sharing agreements established by the education data center under RCW 43.41.400, the education data center must monitor the following outcomes for individualized education program-eligible special education students after high school graduation:

(a) The number of students who, within one year of high school graduation:

(i) Enter integrated employment paid at the greater of minimum wage or competitive wage for the type of employment, with access to related employment and health benefits; or

(ii) Enter a postsecondary education or training program focused on leading to integrated employment;

(b) The wages and number of hours worked per pay period;

(c) The impact of employment on any state and federal benefits for individuals with disabilities;

(d) Indicators of the types of settings in which students who previously received transition services primarily reside;

(e) Indicators of improved economic status and self-sufficiency;

(f) Data on those students for whom a postsecondary or integrated employment outcome does not occur within one year of high school graduation, including:

(i) Information on the reasons that the desired outcome has not occurred;

(ii) The number of months the student has not achieved the desired outcome; and

(iii) The efforts made to ensure the student achieves the desired outcome.

(4) To the extent that the data elements in subsection (3) of this section are available to the education data center through data-sharing agreements, the office of the superintendent of public instruction must prepare an annual report using existing resources and submit the report to the legislature. [2015 c 217 § 2; 2014 c 47 § 1.]

Findings—Intent—2015 c 217: "The legislature finds that research continues to suggest that high expectations for students with disabilities is paramount to improving student outcomes. The legislature further finds that to increase the number of students with disabilities who are prepared for higher education, teachers and administrators in K-12 education should continue to improve their acceptance of students with disabilities as full-fledged learners for whom there are high expectations. The legislature also encourages continuous development in transition services to higher education opportunities for these students. The legislature recognizes that other states have authorized transition planning to postsecondary settings for students with disabilities as early as the age of fourteen. To remove barriers and obstacles for students with disabilities to access to postsecondary settings including higher education, the legislature intends to authorize transition planning for students with disabilities as soon as practicable when educationally and developmentally appropriate." (d) A representative from the department of financial institutions to be appointed for a two-year term of service by the director;

(e) Two representatives from the office of the superintendent of public instruction, with one involved in curriculum development and one involved in teacher professional development, to be appointed for a staggered two-year term of service by the superintendent; and
(f) The state treasurer or the state treasurer’s designee.

(2) The chair of the partnership shall be selected by the members of the partnership from among the legislative members.

(3) One-half of the members appointed under subsection (1)(b), (c), and (e) of this section shall be appointed for a one-year term beginning August 1, 2011, and a two-year term thereafter.

(4) To the extent funds are appropriated or are available for this purpose, the partnership may hire a staff person who shall reside in the office of the superintendent of public instruction for administrative purposes. Additional technical and logistical support may be provided by the office of the superintendent of public instruction, the department of financial institutions, the organizations composing the partnership, and other participants in the financial education public-private partnership.

(5) The initial members of the partnership shall be appointed by August 1, 2011.

(6) Legislative members of the partnership shall receive per diem and travel under RCW 44.04.120.

(7) Travel and other expenses of members of the partnership shall be provided by the agency, association, or organization that member represents. Teachers appointed as members by the superintendent of public instruction may be paid their travel expenses in accordance with RCW 43.03.050 and 43.03.060 from funds available in the Washington financial education public-private partnership account. If the attendance of a teacher member at an official meeting of the partnership results in a need for a school district to employ a substitute, payment for the substitute may be made by the superintendent of public instruction from funds available in the Washington financial education public-private partnership account. A school district must release a teacher member to attend an official meeting of the partnership if the partnership pays the district for a substitute or pays the travel expenses of the teacher member.

(8) This section shall be implemented to the extent funds are available. [2015 c 211 § 1; 2011 c 262 § 1; 2009 c 443 § 1; 2004 c 247 § 2.]

Findings—Intent—2004 c 247: "The legislature recognizes that the average high school student lacks a basic knowledge of personal finance. In addition, the legislature recognizes the damaging effects of not properly preparing youth for the financial challenges of modern life, including bankruptcy, poor retirement planning, unmanageable debt, and a lower standard of living for Washington families.

The legislature finds that the purpose of the state’s system of public education is to help students acquire the skills and knowledge they will need to be productive and responsible 21st century citizens. The legislature further finds that responsible citizenship includes an ability to make wise financial decisions. The legislature further finds that financial literacy could easily be included in lessons, courses, and projects that demonstrate each student’s understanding of the state’s four learning goals, including goal four: Understanding the importance of work and how performance, effort, and decisions directly affect future opportunities.

The legislature intends to assist school districts in their efforts to ensure that students are financially literate through identifying critical financial literacy skills and knowledge, providing information on instructional materials, and creating a public-private partnership to help provide instructional tools and professional development to school districts that wish to increase the financial literacy of their students." [2004 c 247 § 1.]

28A.300.460 Financial education public-private partnership responsibilities—Annual report. (1) The task of the financial education public-private partnership is to seek out and determine the best methods of equipping students with the knowledge and skills they need, before they become self-supporting, in order for them to make critical decisions regarding their personal finances. The components of personal financial education shall include the achievement of skills and knowledge necessary to make informed judgments and effective decisions regarding earning, spending, and the management of money and credit.

(2) In carrying out its task, and to the extent funds are available, the partnership shall:

(a) Communicate to school districts the financial education standards adopted under RCW 28A.300.462, other important financial education skills and content knowledge, and strategies for expanding the provision and increasing the quality of financial education instruction;

(b) Review on an ongoing basis financial education curriculum that is available to school districts, including instructional materials and programs, online instructional materials and resources, and school-wide programs that include the important financial skills and content knowledge;

(c) Develop evaluation standards and a procedure for endorsing financial education curriculum that the partnership determines should be recommended for use in school districts;

(d) Work with the office of the superintendent of public instruction to integrate financial education skills and content knowledge into the state learning standards;

(e) Monitor and provide guidance for professional development for educators regarding financial education, including ways that teachers at different grade levels may integrate financial skills and content knowledge into mathematics, social studies, and other course content areas;

(f) Work with the office of the superintendent of public instruction and the professional educator standards board to create professional development in financial education;

(g) Develop academic guidelines and standards-based protocols for use by classroom volunteers who participate in delivering financial education to students in the public schools; and

(h) Provide an annual report beginning December 1, 2009, as provided in RCW 28A.300.464, to the governor, the superintendent of public instruction, and the committees of the legislature with oversight over K-12 education and higher education.

(3) The partnership may seek federal and private funds to support the school districts in providing access to the materials listed pursuant to RCW 28A.300.468(1), as well as related professional development opportunities for certificated staff. [2015 c 211 § 2; 2009 c 443 § 2; 2007 c 459 § 2; 2004 c 247 § 5.]

Effective date—2007 c 459: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [May 14, 2007]." [2007 c 459 § 5.]

28A.300.468 Financial education standards—Availability of materials. (1) After consulting with the financial education public-private partnership, the office of the super-
intended of public instruction shall make available to all school districts a list of materials that align with the financial education standards integrated into the state learning standards pursuant to RCW 28A.300.460(2)(d).

(2) School districts shall provide all students in grades nine through twelve the opportunity to access the financial education standards, whether through a regularly scheduled class period; before or after school; during lunch periods; at library and study time; at home; via online learning opportunities; through career and technical education course equivalencies; or other opportunities. School districts shall publicize the availability of financial education opportunities to students and their families. School districts are encouraged to grant credit toward high school graduation to students who successfully complete financial education courses. [2015 c 211 § 4.]

28A.300.469 State financial education learning standards. Standards in K-12 personal finance education developed by a national coalition for personal financial literacy that includes partners from business, finance, government, academia, education, and state affiliates are adopted as the state financial education learning standards. [2015 c 211 § 5.]

28A.300.505 School data systems—Standards—Reporting format. (1) The office of the superintendent of public instruction shall develop standards for school data systems that focus on validation and verification of data entered into the systems to ensure accuracy and compatibility of data. The standards shall address but are not limited to the following topics:

(a) Date validation;

(b) Code validation, which includes gender, race or ethnicity, and other code elements;

(c) Decimal and integer validation; and

(d) Required field validation as defined by state and federal requirements.

(2) The superintendent of public instruction shall develop a reporting format and instructions for school districts to collect and submit data that must include:

(a) Data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups so that analyses may be conducted on student achievement using the disaggregated data; and

(b) Starting no later than the 2016-17 school year, data on students from military families. The K-12 data governance group established in RCW 28A.300.507 must develop best practice guidelines for the collection and regular updating of this data on students from military families. Collection and updating of this data must use the United States department of education 2007 race and ethnicity reporting guidelines, including the subracial and subethnic categories within those guidelines, with the following modifications:

(i) Further disaggregation of the Black category to differentiate students of African origin and students native to the United States with African ancestors;

(ii) Further disaggregation of countries of origin for Asian students;

(iii) Further disaggregation of the White category to include subethnic categories for Eastern European nationalities that have significant populations in Washington; and

(iv) For students who report as multiracial, collection of their racial and ethnic combination of categories.

(3) For the purposes of this section, "students from military families" means the following categories of students, with data to be collected and submitted separately for each category:

(a) Students with a parent or guardian who is a member of the active duty United States armed forces; and

(b) Students with a parent or guardian who is a member of the reserves of the United States armed forces or a member of the Washington national guard. [2015 c 401 § 5.]

Findings—2015 c 401: "(1) The legislature finds that, nationally, nearly two million students are from military families, where one or more parent or guardian serves in the United States armed forces, reserves, or national guard. There are approximately one hundred thirty-six thousand military families in Washington state.

(2) The legislature further finds that a United States government accountability office study in 2011 identified that it is not possible to monitor educational outcomes for students from military families due to the lack of a student identifier in state educational data systems. Such an identifier is needed to allow educators and policymakers to monitor critical elements of education success, including academic progress and proficiency, special and advanced program participation, mobility and dropout rates, and patterns over time across states and school districts. Reliable information about student performance will assist educators in more effectively transitioning students to a new school and enable school districts to discover and implement best practices." [2015 c 401 § 1.]

Findings—2007 c 401: See note following RCW 28A.300.500.

28A.300.540 Uniform process to track expenditures for transporting homeless students—Rules—Information to be posted on web site—Reports—Video on identifying homeless students—Best practices. (1) For the purposes of this section, "unaccompanied homeless student" means a student who is not in the physical custody of a parent or guardian and is homeless as defined in RCW 43.330.702(2).

(2) By December 31, 2010, the office of the superintendent of public instruction shall establish a uniform process designed to track the additional expenditures for transporting homeless students, including expenditures required under the McKinney Vento act, reauthorized as Title X, Part C, of the no child left behind act, P.L. 107-110, in January 2002. Once established, the superintendent shall adopt the necessary administrative rules to direct each school district to adopt and use the uniform process and track these expenditures. The superintendent shall post on the superintendent's web site total expenditures related to the transportation of homeless students.

3(a) By January 10, 2015, and every odd-numbered year thereafter, the office of the superintendent of public instruction shall report to the governor and the legislature the following data for homeless students:

(i) The number of identified homeless students enrolled in public schools;

(ii) The number of identified unaccompanied homeless students enrolled in public schools;

(iii) The number of students participating in the learning assistance program under chapter 28A.165 RCW, the highly
include state and district-level information and must be dis-
tributed to the Washington State University extension energy office. The improved classroom counting method and improved funding formula, and any other requirements of this section, must be reported to the office of financial management and the appropriate committees of the legislature by December 1, 2015.

(3) The improved classroom counting method must:
(i) Demonstrate a lack of sufficient classroom space district-wide to meet K-3 class size ratios as funded pursuant to average class size objectives for the 2017-18 school year enumerated in RCW 28A.150.260 in effect as of October 31, 2014, and to provide all-day kindergarten as funded pursuant to RCW 28A.150.315. The determination that there is a lack of sufficient space must be based on data collected in a state study and survey conducted within the preceding six years from the date of grant application or data collected through an inventory and condition assessment validated by the Washington State University extension energy office within the preceding six years from the date of grant application;
(ii) For school districts with student headcount enrollments more than forty-eight thousand, the improved classroom counting method must demonstrate a lack of sufficient classroom space within subdistrict areas in order to account for rapid growth in certain areas of a district that should be met with classroom capacity in those certain areas to avoid prolonged bussing of elementary students.
(b) The improved classroom counting method must be designed to ensure that additional classrooms will achieve average class size objectives for the 2017-18 school year enumerated in RCW 28A.150.260 in effect as of October 31, 2014, and all-day kindergarten as funded pursuant to RCW 28A.150.315.

(4)(a) In consultation with stakeholders, the office of financial management, and the appropriate committees of the legislature, the superintendent of public instruction must also recommend a process for prioritizing grant applications. The prioritization process must produce one prioritized list of grant recipients that includes all of the projects requested by school districts, and report the list, including preliminary estimates of necessary added classrooms, to the office of financial management and the appropriate committees of the legislature.
(b) The prioritized list must consider the following priorities:
(i) Applicants with high student to teacher ratios in kindergarten through third grades;
(ii) Applicants with a high percentage of students who are eligible and enrolled in the free and reduced-price meals program;

(iii) Applicants that have not raised capital funds through levies or bonds in the prior ten-year period;

(iv) Other criteria that relate to the objectives of the grant program.

(5) The improved funding formula must consider options for enhanced state funding for school districts that have not raised capital funds through levies or bonds in the prior ten-year period.

(6) In consultation with stakeholders, the office of financial management, and the appropriate committees of the legislature, the office of the superintendent of public instruction must recommend statutory and rule changes to ensure appropriate coordination between the K-3 class size reduction construction grant program and the school construction assistance program. The recommendation must include ways to ensure that new square footage funded through this grant program does not impair a school district’s eligibility for modernization or replacement grants through the school construction assistance program eligibility under RCW 28A.525.166.

(7) In consultation with stakeholders, the office of financial management, and the appropriate committees of the legislature, the superintendent of public instruction must recommend the content and method for reporting annually on the grants awarded during each fiscal year. The report must include, at least, the grant amounts and the status of all awarded grants by school district. The annual report must also include data documenting actual class size reductions and all-day kindergarten achieved in school districts that have received grants provided under this section. Beginning in 2016, the report must be submitted to the office of financial management and the appropriate committees of the legislature by October 1st for the preceding fiscal year and made available to the public on a website maintained by the superintendent of public instruction.

(8) In consultation with stakeholders, the office of financial management, and the appropriate committees of the legislature, the superintendent of public instruction must recommend statutory and rule changes for awarding grants for modernization or replacement of school facilities with an expected useful life of less than thirty years. [2015 3rd sp.s. c 41 § 301.]

Findings—Intent—Effective date—2015 3rd sp.s. c 41: See notes following RCW 28A.525.058.

Chapter 28A.315 RCW
ORGANIZATION AND REORGANIZATION OF
SCHOOL DISTRICTS

Sections
28A.315.275 Notice of elections.

28A.315.225 Dissolution and annexation of certain districts—Dissolution of financially insolvent districts—Annexation of nondistrict property. (1) In case any school district has an average enrollment of fewer than five kindergarten through eighth grade pupils during the preceding three consecutive school years or has not made a reasonable effort to maintain, during the preceding school year at least the minimum term of school required by law, the educational service district superintendent shall report that fact to the regional committee, which committee shall dissolve the school district and annex the territory thereof to some other district or districts. For the purposes of this section, in addition to any other finding, "reasonable effort" shall be deemed to mean the attempt to make up whatever days are short of the legal requirement by conducting of school classes on any days to include available holidays, though not to include Saturdays and Sundays, prior to June 15th of that year. School districts operating an extended school year program, most commonly implemented as a 45-15 plan, shall be deemed to be making a reasonable effort. In the event any school district has suffered any interruption in its normal school calendar due to a strike or other work stoppage or slowdown by any of its employees that district shall not be subject to this section.

(2) A financially insolvent school district may be dissolved and annexed to one or more contiguous districts, in accordance with an agreement between the insolvent district and at least one other contiguous district, that has been approved by the financial oversight committee, or in accordance with the decision of the regional committee. A financially insolvent district may file bankruptcy only if it is recommended by the financial oversight committee.

(3)(a) A petition to dissolve a financially insolvent school district may be filed with the educational service district superintendent by the superintendent of public instruction if, before signing and filing the petition, the financial oversight committee was convened and recommended that the district be dissolved.

(b) A petition for dissolution under this subsection (3) must include the name of the financially insolvent district, the legal boundaries of the district, the names of contiguous school districts, the basis for concluding the district is financially insolvent, a map with legal description of the proposed annexation of the financially insolvent school district to one or more contiguous school districts, and any proposed equitable adjustments of assets and liabilities for the affected districts. The proposed annexation and equitable adjustment of assets and liabilities must be based on the factors in RCW 28A.315.015(2), 28A.315.205(4), and 28A.315.245.

(c) The superintendent of public instruction, at the recommendation of the financial oversight committee, may take the following actions upon filing a petition to dissolve a financially insolvent school district: Authorize liquidation or disposition of fixed assets and contractual liabilities by any reasonable and documented method.

(d) A petition to dissolve a financially insolvent school district shall be processed in accordance with RCW 28A.315.199 and 28A.315.205.

(4) The superintendent of public instruction may request an appropriation to address matters associated with the dissolution of a financially insolvent school district.

(5) The superintendent of public instruction may adopt rules governing actions that may be taken to prevent a school district from being dissolved and to assist in the orderly and timely dissolution and annexation of school districts that are unable to avoid financial insolvency.
In case any territory is not a part of any school district, the educational service district superintendent shall present to the regional committee a proposal for the annexation of the territory to some contiguous district or districts. [2015 c 82 § 1; 2012 c 186 § 9; 1999 c 315 § 501.]

28A.315.275 Notice of elections. Notice of special elections as provided for in RCW 28A.315.265 shall be given by the county auditor as provided in RCW 29A.52.355. The notice of election shall state the purpose for which the election has been called and contain a description of the boundaries of the proposed new district and a statement of any terms of adjustment of bonded indebtedness on which to be voted. Chapter 28A.320 RCW

PROVISIONS APPLICABLE TO ALL DISTRICTS

Sections

28A.320.170 Curricula—Tribal history and culture.
28A.320.196 Academic acceleration incentive program—Dual credit courses—Allocation of funds—Reports.
28A.320.240 School library information and technology programs—Resources and materials—Teacher-librarians.
28A.320.410 Elections—Elections to be conducted according to Title 29A RCW.

28A.320.170 Curricula—Tribal history and culture.

(1)(a) Beginning July 24, 2015, when a school district board of directors reviews or adopts its social studies curriculum, it shall incorporate curricula about the history, culture, and government of the nearest federally recognized Indian tribe or tribes, so that students learn about the unique heritage and experience of their closest neighbors.

(b) School districts shall meet the requirements of this section by using curriculum developed and made available free of charge by the office of the superintendent of public instruction and may modify that curriculum in order to incorporate elements that have a regionally specific focus or to incorporate the curriculum into existing curricular materials.

(2) As they conduct regularly scheduled reviews and revisions of their social studies and history curricula, school districts shall collaborate with any federally recognized Indian tribe within their district, and with neighboring Indian tribes, to incorporate expanded and improved curricular materials about Indian tribes, and to create programs of classroom and community cultural exchanges.

(3) School districts shall collaborate with the office of the superintendent of public instruction on curricular areas regarding tribal government and history that are statewide in nature, such as the concept of tribal sovereignty and the history of federal policy towards federally recognized Indian tribes. The program of Indian education within the office of the superintendent of public instruction shall help local school districts identify federally recognized Indian tribes whose reservations are in whole or in part within the boundaries of the district and/or those that are nearest to the school district. [2015 c 198 § 2; 2005 c 205 § 4.]

Findings—Intent—2015 c 198: "The legislature recognizes the need to reaffirm the state’s commitment to educating the citizens of our state, particularly the youth who are our future leaders, about tribal history, culture, treaty rights, contemporary tribal and state government institutions and relations and the contribution of Indian nations to the state of Washington. The legislature recognizes that this goal has yet to be achieved in most of our state’s schools and districts. As a result, Indian students may not find their school curriculum, especially Washington state history curriculum, relevant to their lives or experiences. In addition, many students may remain uninformed about the experiences, contributions, and perspectives of their tribal neighbors, fellow citizens, and classmates. The legislature finds that more widespread use of the Since Time Immemorial curriculum developed by the office of the superintendent of public instruction and available free of charge to schools would contribute greatly towards helping improve school’s history curriculum and improve the experiences Indian students have in our schools. Accordingly, the legislature finds that merely encouraging education regarding Washington’s tribal history, culture, and government is not sufficient, and hereby declares its intent that such education be mandatory in Washington’s common schools." [2015 c 198 § 1.]

Intent—Findings—2005 c 205: "It is the intent of the legislature to promote the full success of the centennial accord, which was signed by state and tribal government leaders in 1989. As those leaders declared in the subsequent millennial accord in 1999, this will require "educating the citizens of our state, particularly the youth who are our future leaders, about tribal history, culture, treaty rights, contemporary tribal and state government institutions and relations and the contribution of Indian nations to the state of Washington." The legislature recognizes that this goal has yet to be achieved in most of our state’s schools and districts. As a result, Indian students may not find the school curriculum, especially Washington state history curriculum, relevant to their lives or experiences. In addition, many students may remain uninformed about the experiences, contributions, and perspectives of their tribal neighbors, fellow citizens, and classmates. The legislature further finds that the lack of accurate and complete curricula may contribute to the persistent achievement gap between Indian and other students. The legislature finds there is a need to establish collaborative government-to-government relationships between elected school boards and tribal councils to create local and/or regional curricula about tribal history and culture, and to promote dialogue and cultural exchanges that can help tribal leaders and school leaders implement strategies to close the achievement gap." [2005 c 205 § 1.]

28A.320.196 Academic acceleration incentive program—Dual credit courses—Allocation of funds—Reports. (1) Subject to funds appropriated specifically for this purpose, the academic acceleration incentive program is established as provided in this section. The intent of the legislature is that the funds awarded under the program be used to support teacher training, curriculum, technology, examination fees, textbook fees, and other costs associated with offering dual credit courses to high school students, including transportation for running start students to and from the institution of higher education as defined in RCW 28A.600.300.

(2) The office of the superintendent of public instruction shall allocate half of the funds appropriated for the purposes of this section on a competitive basis to provide one-time grants for high schools to expand the availability of dual credit courses. To be eligible for a grant, a school district must have adopted an academic acceleration policy as provided under RCW 28A.320.195. In making grant awards, the office of the superintendent of public instruction must give priority to grants for high schools with a high proportion of low-income students and high schools seeking to develop new capacity for dual credit courses rather than proposing marginal expansion of current capacity.

(3) The office of the superintendent of public instruction shall allocate half of the funds appropriated for the purposes of this section to school districts as an incentive award for each student who earned dual high school and college credit, as described under subsection (4) of this section, for courses
offered by the district's high schools during the previous school year. School districts must distribute the award to the high schools that generated the funds. The award amount for low-income students eligible to participate in the federal free and reduced-price meals program who earn dual credits must be set at one hundred twenty-five percent of the base award for other students. A student who earns more than one dual credit in the same school year counts only once for the purposes of the incentive award.

(4) For the purposes of this section, the following students are considered to have earned dual high school and college credit in a course offered by a high school:

(a) Students who achieve a score of three or higher on an AP examination;

(b) Students who achieve a score of four or higher on an examination of the international baccalaureate diploma programme;

(c) Students who successfully complete a Cambridge advanced international certificate of education examination;

(d) Students who successfully complete a course through the college in the high school program under RCW 28A.600.290 and are awarded credit by the partnering institution of higher education; and

(e) Students who satisfy the dual enrollment and class performance requirements to earn college credit through a tech prep course.

(5) If a high school provides access to online courses for students to earn dual high school and college credit at no cost to the student, such a course is considered to be offered by the high school.

(6) The office of the superintendent of public instruction shall report to the education policy committees and the fiscal committees of the legislature, by January 1st of each year, information about the demographics of the students earning dual credits in the schools receiving grants under this section for the prior school year. Demographic data shall be disaggregated pursuant to RCW 28A.300.042. [2015 c 202 § 2; 2013 c 184 § 3.]

Findings—Intent—2015 c 202: The legislature finds that Washington has been a front-runner in dual credit innovation through the establishment of the running start and college in the high school programs, and has continued to expand student choices in dual credit programs.

In Washington, a range of dual credit or dual enrollment programs are available to students. Dual credit programs, such as running start, college in the high school, tech prep (course completion options), and AP and international baccalaureate and Cambridge (standardized exam options) offer academically prepared high school students the opportunity to earn college credits while still in high school. Students who participate in these programs achieve improved high school graduation rates and are more likely to continue on to college and complete a degree. In addition, dual credit and dual enrollment programs support students' individual college and career pathways.

The legislature further finds that through the development and implementation of the 2013 roadmap the student achievement council has identified key barriers that limit access to dual credit programs, particularly for low-income students. Removing these barriers is a critical step toward achieving the state educational attainment goals outlined in the roadmap.

The legislature recognizes that the decision to enroll in a dual credit program should be made by the student and the student's parents or guardians, in consultation with counselors or academic advisors, and based on the academic, cultural, and developmental needs and college and career goals of the student. The decision to choose one dual credit option over another should not be based on the difference in the costs of one option over another.

In the college in the high school program, credit is awarded based on successful course completion and ability to pay tuition and fees. Under the current college in the high school system, some students may successfully complete the course but do not receive credit because they are unable to pay. Students in the running start program face a different but equally challenging situation. Students in the running start program do not receive funding for books and transportation costs. These financial barriers decrease opportunities for lower income students to benefit from dual credit programs.

Therefore, the legislature intends to increase opportunities for academically prepared high school students to earn up to two years of college credit through dual credit programs, and to reduce disparities in access to, and completion of, these programs. This act provides a new funding model to support tuition in the college in the high school program, and provides flexibility in the academic acceleration incentive program to assist students with transportation and book expenses associated with the running start program. It is the intent of the legislature, once this new funding model is enacted and operational, to establish a distinction between the college in the high school program as a program occurring in high schools and the running start program as a program occurring on a college campus.

The legislature finds that dual credit opportunities are a valuable means of supporting students on their way to successful completion of college and career pathways. The legislature seeks additional recommendations to mitigate financial and other barriers for students enrolled in the running start program, and dual credit programs based on standardized exams. [2015 c 202 § 1.]

Contingency—2013 c 184 § 3: "If specific funding for purposes of section 3 of this act, referencing section 3 of this act by bill or chapter and section number, is not provided by June 30, 2013, in the omnibus operating appropriations act, section 3 of this act is null and void." [2013 c 184 § 5.]

The omnibus appropriations act provided funding for "this act" by bill and chapter but not section number. See section 513(21), chapter 4, Laws of 2013 2nd sp. sess.

28A.320.240 School library information and technology programs—Resources and materials—Teacher-librarians. (1) The purpose of this section is to identify quality criteria for school library information and technology programs that support the student learning goals under RCW 28A.150.210, the essential academic learning requirements under RCW 28A.655.070, and high school graduation requirements adopted under RCW 28A.230.090.

(2) Every board of directors shall provide resources and materials for the operation of school library information and technology programs as the board deems necessary for the proper education of the district's students or as otherwise required by law or rule of the superintendent of public instruction.

(3) "Teacher-librarian" means a certificated teacher with a library media endorsement under rules adopted by the professional educator standards board.

(4) "School library information and technology program" means a school-based program that is staffed by a certificated teacher-librarian and provides a broad, flexible array of services, resources, and instruction that support student mastery of the essential academic learning requirements and state standards in all subject areas and the implementation of the district's school improvement plan.

(5) The teacher-librarian, through the school library information and technology program, shall collaborate as an instructional partner to help all students meet the content goals in all subject areas, and assist high school students completing high school and beyond plans required for graduation.

(6) The teacher-librarian's duties may include, but are not limited to, collaborating with his or her schools to:

(a) Integrate information and technology into curriculum and instruction, including but not limited to instructing other
certificated staff about using and integrating information and technology literacy into instruction through workshops, modeling lessons, and individual peer coaching;

(b) Provide information management instruction to students and staff about how to effectively use emerging learning technologies for school and lifelong learning, as well as in the appropriate use of computers and mobile devices in an educational setting;

(c) Help teachers and students efficiently and effectively access the highest quality information available while using information ethically;

(d) Instruct students in digital citizenship including how to be critical consumers of information and provide guidance about thoughtful and strategic use of online resources; and

into directors' districts. The board of directors of every first-class school district other than a school district of the first class having within its boundaries a city with a population of four hundred thousand people or more which is not divided into directors' districts may submit to the voters at any regular school district election a proposition to authorize the board of directors to divide the district into directors' districts or for second-class school districts into director districts or a combination of no fewer than three director districts and no more than two at large positions. If a majority of the votes cast on the proposition is affirmative, the board of directors shall proceed to divide the district into directors' districts following the procedure established in RCW 29A.76.010. Such director districts, if approved, shall not become effective until the next regular school election when a new five member board of directors shall be elected, one from each of the director districts from among the residents of the respective director district, or from among the residents of the entire school district in the case of directors at large, by the electors of the entire district, two for a term of two years and three for a term of four years, unless such district elects its directors for six years, in which case, one for a term of two years, two for a term of four years, and two for a term of six years. 28A.525.058  K-3 class size reduction construction grant pilot program.  
(Expires July 1, 2017.)  
(1) The K-3 class size reduction construction grant pilot program must be administered by the office of the superintendent of public instruction within the provisions of this section. Grants must be calculated and awarded based on the following four steps:

   (a) Step 1: A verified count of necessary added classrooms in a district applying for a grant must be completed by the district and verified by the Washington State University extension energy office. The count of necessary added classrooms must be calculated in accordance with the following requirements:

      (i) An inventory of all classrooms in all elementary schools in the district applying for the grant must be completed.

      (ii) For purposes of this section, elementary school is any district school facility containing students in kindergarten through fifth grade or sixth grade. All classrooms include any room in an elementary school in a permanent or portable structure that is in use as a classroom or that could be used as a classroom if one of the following conditions are met:

          (A) A classroom in a permanent building was designed as a classroom at the time the school was constructed or was subsequently added as part of a modernization or renovation.

          (B) A classroom in a portable building meets the building code requirements for use as a classroom without requiring repairs or renovations that exceed fifty thousand dollars.

   The count of all district classrooms must also include all planned elementary school classrooms in projects approved at the "D6" stage or later of the school construction assistance program. This inventory of classrooms must be entered in the inventory and condition of school system maintained by the office of the superintendent of public instruction.

   (iii) A count of available classrooms in each elementary school in a district must be completed. Available classrooms include all classrooms inventoried in (a)(i) of this subsection minus:

          (A) Classrooms in elementary schools that are regularly used for students in grades seventh or higher;

          (B) Classrooms in elementary schools that are regularly used for prekindergarten students participating in special education programs;

          (C) Classrooms in elementary schools that are regularly used for prekindergarten students not participating in special education programs if such use started prior to July 14, 2015;

          (D) Seventy-five percent of classrooms in elementary schools that are regularly used for kindergarten through sixth grade students participating in special education programs;

          (E) Fifty percent of classrooms in elementary schools that are regularly used for students in gifted and talented education;

          (F) Fifty percent of classrooms in elementary schools that are regularly used for laboratory space, music, or art if such regular use exceeds fifty percent of school hours in the average week.

   (iv) A calculation of needed classrooms must be completed. The number of needed classrooms is calculated by dividing the number of students in each grade in the most recent final October head count by the average class size objectives for the 2017-18 school year enumerated in RCW 28A.150.260 in effect as of October 31, 2014. Students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 must be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student head count use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the head count of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration." If the calculation of needed classrooms for fourth and fifth grade students using the average class size ratios in RCW 28A.150.260 is less than the actual number of classrooms regularly used for fourth and fifth grade students, the actual number of fourth and fifth grade classrooms may be used to calculate the total needed classrooms.

   (v) A calculation of necessary added classrooms must be completed for each school district applying for a grant. Necessary added classrooms are calculated by subtracting the available school district classrooms from the school district needed classrooms.

   (b) Step 2: A determination must be made whether the number of necessary added classrooms is sufficient to justify constructing a new school or modernizing a previously closed school, or whether the number of necessary added classrooms can be provided with the addition of modular classrooms or increasing the number of classrooms in a planned school approved at the "D6" stage of the school construction assistance program.

      (i) If the number of necessary added classrooms is twelve or greater, the presumption is a new school is required. For this purpose a new school means a newly constructed school, an addition of twelve or more classrooms to an existing school, or modernization of a previously closed school. A school district may choose to locate any necessary added classrooms among existing school facilities.

      (ii) If the number of necessary added classrooms is less than twelve, the presumption is the added classrooms can be provided with the addition of modular classrooms or by increasing the number of classrooms in a planned school approved at the "D6" stage of the school construction assistance program. A school district may choose to provide necessary added classrooms with modular classrooms or construct new classrooms or modernize existing school buildings to create additional classrooms.

[2015 RCW Supp—page 310]
(c) Step 3: A calculation of the grant amount a school district is eligible for must be determined.

   (i) Grants for necessary added classrooms that can be provided with the addition of modular classrooms must not exceed two hundred ten thousand dollars multiplied by the number of necessary added classrooms multiplied by the state matching ratio defined in (c)(iii) of this subsection.

   (ii) Grants for necessary added classrooms that must be provided with a new school or modernization of an existing school building must not exceed six hundred fifteen thousand eighty-three dollars multiplied by the number of necessary added classrooms multiplied by the state matching ratio defined in (c)(iii) of this subsection.

   (iii) The state matching ratio for use in this section only is the computed state ratio defined in RCW 28A.525.166 plus twenty percent of the percent of district head count eligible and enrolled in the free and reduced school lunch program.

   (iv) Grants may not exceed the total project cost for providing the necessary added classrooms multiplied by the state matching ratio defined in (c)(iii) of this subsection.

   (v) The amounts in (c)(i) and (ii) of this subsection must be increased for the fiscal year of the grant award by the same percentage increase as the school construction assistance program construction cost allocation is increased from fiscal year 2014 as authorized in the omnibus capital appropriations act.

   (d) Step 4: Grant funds must be awarded and disbursed in accordance with the following requirements:

   (i) A determination that the school district is ready to begin the project or projects to provide the necessary added classrooms must be made. To be determined ready, a district must:

       (A) Have had classrooms inventoried in (a)(i) of this subsection;

       (B) Certify that the required local funds are authorized to complete the project;

       (C) Have an available site or sites for the project; and

       (D) Demonstrate that additional classrooms will achieve progress towards the average class size objectives for the 2017-18 school year enumerated in RCW 28A.150.260 in effect as of October 31, 2014, and all-day kindergarten as funded pursuant to RCW 28A.150.315.

   (ii) The office of financial management must approve allotments prior to issuing grant award letters. The office of the superintendent of public instruction must submit documentation to the office of financial management to justify the project grant award, including steps taken to verify counts and calculations, in requesting allotment approval.

   (iii) Grant funds may be disbursed only after the required local match has been fully expended.

   (2) If grant applications for the K-3 class size reduction construction grant pilot program exceed available funding, the office of the superintendent of public instruction must prioritize grant awards based on the following criteria in the following order of importance:

       (a) Applicants with high necessary added classrooms to available classrooms ratio in kindergarten through third grades;

       (b) Applicants with high student to teacher ratios in kindergarten through third grades;

       (c) Applicants with high percentages of students who are eligible and enrolled in the free and reduced-price meals program; and

       (d) Applicants that have not raised capital funds through levies or bonds in the prior ten-year period.

   (3) The superintendent of public instruction must report annually on the grants awarded and school district applicants. The report must include (a) grant amounts and the status of all awarded grants by school district; (b) data documenting actual class size reductions and all-day kindergarten achieved in school districts that have received grants provided under this section; (c) a list of school districts that applied for grants during the current and previous fiscal years with estimates of necessary added classrooms; and (d) any other information relevant to the pilot program. Beginning in 2015, the report must be submitted to the office of financial management and the appropriate committees of the legislature by December 1st.

   (4) This section expires July 1, 2017. [2015 3rd sp.s. c 41 § 201.]

Findings—Intent—2015 3rd sp.s. c 41: "(1) The legislature finds that local school districts design, build, own, and manage public school facilities. The Washington state Constitution provides two ways to fund construction of public school facilities. First, the state Constitution provides the means for school districts to finance school construction. Article VII, section 2 of the state Constitution authorizes school districts to collect capital levies to support the construction, remodeling, or modernization of school facilities. In addition, Article VIII, section 6 of the state Constitution authorizes school districts to incur debt up to eleven and one-half percent of the total assessed value of taxable property for school construction and Article VII, section 2 of the state Constitution authorizes school districts to pay for this debt by issuing general obligation bonds for these capital purposes. Second, Article IX, section 3 of the state Constitution establishes the common school construction fund and dedicates revenues derived from school and state trust lands and earnings of the permanent school fund to funding common school construction. Beyond these constitutional means, the legislature provides further state assistance to school districts through the issuance of general obligation bonds, the proceeds of which the state appropriates to support the state school construction assistance program established in chapter 28A.525 RCW. This state grant program is not intended to replace the financing provisions established in the state Constitution, but rather to provide state assistance that supplements the constitutional financing provisions. The state grant program helps finance new school capacity to accommodate enrollment growth and to modernize and replace existing schools while respecting local decisions and control by locally elected school boards.

   (2) The legislature also finds that some school districts may benefit from additional financial assistance to provide school facilities—beyond that which is provided through the school construction assistance grant program—for the purpose of constructing or acquiring additional classrooms to support state-funded all-day kindergarten and class size reduction in kindergarten through third grade.

   (3) For the 2015-2017 biennium, the legislature intends to provide additional state financial assistance to help school districts in funding public school facilities necessary to support state-funded all-day kindergarten and class size reduction in kindergarten through third grade." [2015 3rd sp.s. c 41 § 101.]

Effective date—2015 3rd sp.s. c 41: "This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately [July 14, 2015]." [2015 3rd sp.s. c 41 § 403.]

28A.525.166 Allotment of appropriations for school plant facilities—Computation of state aid for school plant project. Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in
financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

\[
\text{Computed State Ratio} = \left( \frac{\text{District adjusted valuation per pupil}}{\text{Total state adjusted valuation per pupil}} \right) - \frac{3}{3 + \left( \frac{\text{District adjusted valuation per pupil}}{\text{Total state adjusted valuation per pupil}} \right)}
\]

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience courses under RCW 28A.232.010 shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience students subtracted by the headcount of in-district alternative learning experience students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

(6) For the 2015-2017 biennium, schools determined to have a lack of sufficient space to provide science classrooms or labs, to meet the requirements of law, have a special housing burden condition similar to those defined under subsection (5)(b) of this section, creating a like emergency. For the 2015-2017 biennium, school districts are entitled to additional percentage points for school construction projects that have a special housing burden condition only and have received private donations in the form of cash, in-kind, or equipment of more than one hundred thousand dollars. The additional percentage points are determined by (a) school district student enrollments in the free and reduced-price meals program, (b) school district class as defined by RCW 28A.300.065, and (c) the funding assistance percentage as calculated in subsection (2) of this section. The additional percentage points under (a) of this subsection are twenty percent of the percent of student enrollments eligible and enrolled in the free and reduced-price meals program. The additional percentage points under (b) of this subsection are ten for second class school districts. The additional percentage points under (c) of this subsection are ten for school districts with funding assistance percentages of more than fifty percent. The online pamphlet shall be posted on the office of the superintendent of public instruction's web site.

(2) The Washington interscholastic activities association shall work with member schools' board of directors, an organization that provides educational training for safe participation in athletic activity, and the University of Washington medicine center for sports cardiology to make available an existing online sudden cardiac arrest prevention program for coaches.

The maximum annual number of allocated credits per participating student shall be specified in the omnibus appropri-

(ii) Students whose residence or the high school in which they are enrolled is located twenty driving miles or more as measured by the most direct route from the nearest eligible institution of higher education offering a running start program, whichever is greater; and

(iii) High schools eligible for the small school funding enhancement in the omnibus appropriations act.

(b)(ii) Subject to the availability of amounts appropriated for this specific purpose and commencing with the 2015-16 school year, and only after the programs in (a) of this subsection are funded, a subsidy may be provided per college credit for eleventh and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grade who have been deemed eligible for free or reduced-price lunch and are enrolled in college in the high school courses under this section as specified in the omnibus appropriations act and adjusted for inflation from the 2015-16 school year. The maximum annual number of subsidized credits per participating student shall be specified in the omnibus appropriations act, which must not exceed five credits.

(ii) Districts wishing to participate in the subsidy program must apply to the office of the superintendent of public instruction by July 1st of each school year and report the preliminary estimate of eligible students to receive the subsidy and the total number of projected credit hours.

(iii) The office of the superintendent of public instruction shall notify districts by September 1st of each school year if the district's students will receive the subsidy. If more districts apply than funding is available, the office of the superintendent of public instruction shall prioritize the district applications. The superintendent shall develop factors to determine priority including, but not limited to, the number of dual credit opportunities available for low-income students in the districts.

(c) Districts shall remit any allocations or subsidies on behalf of participating students under (a) and (b) of this subsection to the participating institution of higher education and those students shall not be required to pay for the credits.

(d) The minimum allocation and subsidy under this section is sixty-five dollars per quarter credit for credit-bearing postsecondary coursework. The office of the superintendent of public instruction, the student achievement council, the state board for community and technical colleges, and the public baccalaureate institutions shall review funding levels for the program every four years beginning in 2017 and recommend changes.

(e) Students may pay college in the high school fees with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(2) For the purposes of funding students enrolled in the college in the high school program in accordance with subsection (1) of this section, college in the high school is defined as a dual credit program located on a high school campus or in a high school environment in which a high school student is able to earn both high school and postsecondary credit by completing postsecondary level courses with a passing grade.

(3) College in the high school programs may include both academic and career and technical education.

(4) College in the high school programs shall each be governed by a local contract between the district and the participating institution of higher education, in compliance with the rules adopted by the superintendent of public instruction under this section.

(5) The college in the high school program must include the provisions in this subsection.

(a) The high school and participating institution of higher education together shall define the criteria for student eligibility. The institution of higher education may charge tuition fees to participating students. If specific funding is provided in the omnibus appropriations act for the per credit allocations and per credit subsidies under subsection (1) of this section, the maximum per credit fee charged to any enrolled student may not exceed the amount of the per credit allocation or subsidy.

(b) The funds received by the participating institution of higher education may not be deemed tuition or operating fees and may be retained by the institution of higher education.

(c) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(d) A school district must grant high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the student enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements. Evidence of successful completion of each program course shall be included in the student's secondary school records and transcript.

(e) A participating institution of higher education must grant college credit to a student enrolled in a program course if the student successfully completes the course. The college credit shall be applied toward general education requirements or degree requirements at institutions of higher education. Evidence of successful completion of each program course must be included in the student's college transcript.

(f) Tenth, eleventh, and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the tenth, eleventh, or twelfth grades may participate in the college in the high school program.

(g) Participating school districts must provide general information about the college in the high school program to all students in grades nine through twelve and to the parents and guardians of those students.

(h) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.
(6) The superintendent of public instruction shall adopt rules for the administration of this section. The rules shall be jointly developed by the superintendent of public instruction, the state board for community and technical colleges, the student achievement council, and the public baccalaureate institutions. The association of Washington school principals must be consulted during the rules development. The rules must outline quality and eligibility standards that are informed by nationally recognized standards or models. In addition, the rules must encourage the maximum use of the program and may not narrow or limit the enrollment options.

(7) The definitions in this subsection apply throughout this section.

(a) "Institution of higher education" has the definition in RCW 28B.10.016, and also includes a public tribal college located in Washington and accredited by the Northwest commission on colleges and universities or another accrediting association recognized by the United States department of education.

Findings—Intent—2009 c 450: See note following RCW 28A.600.280.

28A.600.310 Running start program—Enrollment in institutions of higher education—Student fees—Fee waivers—Transmittal of funds. (1)(a) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3)(a) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate monies appropriated for basic education under RCW
28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act. 28A.600.485 Restraint of students—Use of restraint or isolation specified in individualized education programs or plans developed under section 504 of the rehabilitation act of 1973—Procedures—Summary of incidents of isolation or restraint—Publishing to web site.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Isolation" means restricting the student alone within a room or any other form of enclosure, from which the student may not leave. It does not include a student's voluntary use of a quiet space for self-calming, or temporary removal of a student from his or her regular instructional area to an unlocked area for purposes of carrying out an appropriate positive behavior intervention plan.

(b) "Restraint" means physical intervention or force used to control a student, including the use of a restraint device to restrict a student's freedom of movement. It does not include appropriate use of a prescribed medical, orthopedic, or therapeutic device when used as intended, such as to achieve proper body position, balance, or alignment, or to permit a student to safely participate in activities.

(c) "Restraint device" means a device used to assist in controlling a student, including but not limited to metal handcuffs, plastic ties, ankle restraints, leather cuffs, other hospital-type restraints, pepper spray, tasers, or batons. Restraint device does not mean a seat harness used to safely transport students. This section shall not be construed as encouraging the use of these devices.

(2) The provisions of this section apply to all students, including those who have an individualized education program or plan developed under section 504 of the rehabilitation act of 1973. The provisions of this section apply only to incidents of restraint or isolation that occur while a student is participating in school-sponsored instruction or activities.

(3)(a) An individualized education program or plan developed under section 504 of the rehabilitation act of 1973 must not include the use of restraint or isolation as a planned behavior intervention unless a student's individual needs require more specific advanced educational planning and the student's parent or guardian agrees. All other plans may refer to the district policy developed under subsection (3)(b) of this section. Nothing in this section is intended to limit the provision of a free appropriate public education under Part B of the federal individuals with disabilities education improvement act or section 504 of the federal rehabilitation act of 1973.

(b) Restraint or isolation of any student is permitted only when reasonably necessary to control spontaneous behavior that poses an imminent likelihood of serious harm, as defined in RCW 70.96B.010. Restraint or isolation must be closely monitored to prevent harm to the student, and must be discontinued as soon as the likelihood of serious harm has dissipated. Each school district shall adopt a policy providing for the least amount of restraint or isolation appropriate to protect the safety of students and staff under such circumstances.

(4) Following the release of a student from the use of restraint or isolation, the school must implement follow-up procedures. These procedures must include: (a) Reviewing the incident with the student and the parent or guardian to address the behavior that precipitated the restraint or isolation and the appropriateness of the response; and (b) reviewing the incident with the staff member who administered the restraint or isolation to discuss whether proper procedures were followed and what training or support the staff member needs to help the student avoid similar incidents.

(5) Any school employee, resource officer, or school security officer who uses isolation or restraint on a student during school-sponsored instruction or activities must inform the building administrator or building administrator's designee as soon as possible, and within two business days submit a written report of the incident to the district office. The written report must include, at a minimum, the following information:

(a) The date and time of the incident;
(b) The name and job title of the individual who administered the restraint or isolation;
(c) A description of the activity that led to the restraint or isolation;
(d) The type of restraint or isolation used on the student, including the duration;
(e) Whether the student or staff was physically injured during the restraint or isolation incident and any medical care provided; and
(f) Any recommendations for changing the nature or amount of resources available to the student and staff members in order to avoid similar incidents.

(6) The principal or principal's designee must make a reasonable effort to verbally inform the student's parent or guardian within twenty-four hours of the incident, and must send written notification as soon as practical but postmarked...
(7)(a) Beginning January 1, 2016, and by January 1st annually, each school district shall summarize the written reports received under subsection (5) of this section and submit the summaries to the office of the superintendent of public instruction. For each school, the school district shall include the number of individual incidents of restraint and isolation, the number of students involved in the incidents, the number of injuries to students and staff, and the types of restraint or isolation used.

(b) No later than ninety days after receipt, the office of the superintendent of public instruction shall publish to its web site the data received by the districts. The office of the superintendent of public instruction may use this data to investigate the training, practices, and other efforts used by schools and districts to reduce the use of restraint and isolation. [2015 c 206 § 3; 2013 c 202 § 2.]

Findings—2013 c 202: "The legislature finds that preserving a safe and beneficial learning environment for all students requires the establishment and enforcement of appropriate student discipline policies. The legislature further finds that although physical restraint and isolation of a student should be avoided, there may be circumstances where school district boards of directors have authorized these actions to preserve the safety of other students and school staff. Nevertheless, if an incident of student restraint or isolation occurs, school personnel should be held accountable for providing a thorough explanation of the circumstances." [2013 c 202 § 1.]

(4) School service providers may not use student personal information to create a personal profile of a student other than for supporting purposes authorized by the relevant educational institution or teacher, or with the consent of the student or the student's parent or guardian.

ACADEMIC ACHIEVEMENT AND ACCOUNTABILITY

Sections
28A.655.061 High school assessment system—Certificate of academic achievement—Exemptions—Options to retake high school assessment—Objective alternative assessment—Student learning plans.
28A.655.070 Essential academic learning requirements and assessments—Duties of the superintendent of public instruction.
28A.655.230 Reading skills—Meeting for grade placement and strategies for student improvement—Exemptions.

28A.655.061 High school assessment system—Certificate of academic achievement—Exemptions—Options to retake high school assessment—Objective alternative assessment—Student learning plans. (1) The high school assessment system shall include but need not be limited to the statewide student assessment, opportunities for a student to retake the content areas of the assessment in which the student was not successful, and, if approved by the legislature pursuant to subsection (10) of this section, one or more objective alternative assessments for a student to demonstrate achievement of state academic standards. The objective alternative assessments for each content area shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment for each content area.

(2) Subject to the conditions in this section, a certificate of academic achievement shall be obtained and is evidence that the students have successfully met the state standard in the content areas included in the certificate. With the exception of students satisfying the provisions of RCW 28A.155.045 or *28A.655.0611, acquisition of the certificate is required for graduation from a public high school but is not the only requirement for graduation.

[2015 RCW Supp—page 319]
3.3 Beginning with the graduating class of 2008 through the graduating class of 2015, with the exception of students satisfying the provisions of RCW 28A.155.045, a student who meets the state standards on the reading, writing, and mathematics high school statewide student assessment shall earn a certificate of academic achievement. The mathematics assessment shall be the end-of-course assessment for the first year of high school mathematics that assesses the standards common to algebra I and integrated mathematics I or the end-of-course assessment for the second year of high school mathematics that assesses standards common to geometry and integrated mathematics II.

(b) As the state transitions from reading and writing assessments to an English language arts assessment and from end-of-course assessments to a comprehensive assessment for high school mathematics, a student in a graduating class of 2016 through 2018 shall earn a certificate of academic achievement if the student meets the state standard as follows:

(i) Students in the graduating class of 2016 may use the results from:

(A) The tenth grade English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(ii) Students in the graduating classes of 2017 and 2018 may use the results from:

(A) The tenth grade English language arts assessment developed by the superintendent of public instruction using resources from the multistate consortium or the English language arts assessment developed with the multistate consortium; and

(B) The end-of-course assessment for the first year of high school mathematics, the end-of-course assessment for the second year of high school mathematics, or the comprehensive mathematics assessment developed with the multistate consortium.

(c) Beginning with the graduating class of 2019, a student who meets the state standards on the high school English language arts assessment developed with the multistate consortium and the comprehensive mathematics assessment developed with the multistate consortium shall earn a certificate of academic achievement.

(d) If a student does not successfully meet the state standards in one or more content areas required for the certificate of academic achievement, then the student may retake the assessment in the content area at least twice a year at no cost to the student. If the student successfully meets the state standards on a retake of the assessment then the student shall earn a certificate of academic achievement.

(4) Beginning with the graduating class of 2017, a student must meet the state standards in science in addition to the other content areas required under subsection (3) of this section on the statewide student assessment, a retake, or the objective alternative assessments in order to earn a certificate of academic achievement.

(5) The state board of education may not require the acquisition of the certificate of academic achievement for students in home-based instruction under chapter 28A.200 RCW, for students enrolled in private schools under chapter 28A.195 RCW, or for students satisfying the provisions of RCW 28A.155.045.

(6) A student may retain and use the highest result from each successfully completed content area of the high school assessment.

(7) School districts must make available to students the following options:

(a) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a public school; or

(b) To retake the statewide student assessment at least twice a year in the content areas in which the student did not meet the state standards if the student is enrolled in a high school completion program at a community or technical college. The superintendent of public instruction and the state board for community and technical colleges shall jointly identify means by which students in these programs can be assessed.

(8) Students who achieve the standard in a content area of the high school assessment but who wish to improve their results shall pay for retaking the assessment, using a uniform cost determined by the superintendent of public instruction.

(9) Opportunities to retake the assessment at least twice a year shall be available to each school district.

(10)(a) The office of the superintendent of public instruction shall develop options for implementing objective alternative assessments, which may include an appeals process for students' scores, for students to demonstrate achievement of the state academic standards. The objective alternative assessments shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the statewide student assessment and be objective in its determination of student achievement of the state standards. Before any objective alternative assessments in addition to those authorized in RCW 28A.655.065 or (b) of this subsection are used by a student to demonstrate that the student has met the state standards in a content area required to obtain a certificate, the legislature shall formally approve the use of any objective alternative assessments through the omnibus appropriations act or by statute or concurrent resolution.

(b)(i) A student's score on the mathematics, reading or English, or writing portion of the SAT or the ACT may be used as an objective alternative assessment under this section for demonstrating that a student has met or exceeded the state standards for the certificate of academic achievement. The state board of education shall identify the scores students must achieve on the relevant portion of the SAT or ACT to meet or exceed the state standard in the relevant content area.
on the statewide student assessment. A student's score on the science portion of the ACT or the science subject area tests of the SAT may be used as an objective alternative assessment under this section as soon as the state board of education determines that sufficient data is available to identify reliable equivalent scores for the science content area of the statewide student assessment. After the first scores are established, the state board may increase but not decrease the scores required for students to meet or exceed the state standards.

(ii) A student who scores at least a three on the grading scale of one to five for selected AP examinations may use the score as an objective alternative assessment under this section for demonstrating that a student has met or exceeded state standards for the certificate of academic achievement. A score of three on the AP examinations in calculus or statistics may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of three on the AP examinations in English language and composition may be used as an alternative assessment for the writing portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examinations in English literature and composition, macroeconomics, microeconomics, psychology, United States history, world history, United States government and politics, or comparative government and politics may be used as an alternative assessment for the reading portion of the statewide student assessment; and for the English language arts portion of the assessment developed with the multistate consortium, once established in the 2014-15 school year. A score of three on the AP examination in biology, physics, chemistry, or environmental science may be used as an alternative assessment for the science portion of the statewide student assessment.

(iii) A student who scores at least a four on selected externally administered international baccalaureate (IB) examinations may use the score as an objective alternative assessment under this section for demonstrating that the student has met or exceeded state standards for the certificate of academic achievement. A score of four on the higher level IB examinations for any of the IB English language and literature courses or for any of the IB individuals and societies courses may be used as an alternative assessment for the reading, writing, or English language arts portions of the statewide student assessment. A score of four on the higher level IB examinations for any of the IB mathematics courses may be used as an alternative assessment for the mathematics portion of the statewide student assessment. A score of four on the higher level IB examinations for IB biology, chemistry, or physics may be used as an alternative assessment for the science portion of the statewide student assessment.

(11) To help assure continued progress in academic achievement as a foundation for high school graduation and to assure that students are on track for high school graduation, each school district shall prepare plans for and notify students and their parents or legal guardians as provided in this subsection. Student learning plans are required for eighth grade students who were not successful on any or all of the content areas of the state assessment during the previous school year or who may not be on track to graduate due to credit deficiencies or absences. The parent or legal guardian shall be notified about the information in the student learning plan, preferably through a parent conference and at least annually. To the extent feasible, schools serving English language learner students and their parents shall translate the plan into the primary language of the family. The plan shall include the following information as applicable:

(a) The student's results on the state assessment;
(b) If the student is in the transitional bilingual program, the score on his or her Washington language proficiency test II;
(c) Any credit deficiencies;
(d) The student's attendance rates over the previous two years;
(e) The student's progress toward meeting state and local graduation requirements;
(f) The courses, competencies, and other steps needed to be taken by the student to meet state academic standards and stay on track for graduation;
(g) Remediation strategies and alternative education options available to students, including informing students of the option to continue to receive instructional services after grade twelve or until the age of twenty-one;
(h) The alternative assessment options available to students under this section and RCW 28A.655.065;
(i) School district programs, high school courses, and career and technical education options available for students to meet graduation requirements; and
(j) Available programs offered through skill centers or community and technical colleges, including the college high school diploma options under RCW 28B.50.535. [2015 3rd sp.s. c 42 § 2; 2013 2nd sp.s. c 22 § 2; 2011 1st sp.s. c 22 § 2; 2010 c 244 § 1; 2009 c 524 § 5; 2008 c 321 § 2. Prior: 2007 c 355 § 5; 2007 c 354 § 2; 2006 c 115 § 4; 2004 c 19 § 101.]

Finding—Purpose—2015 3rd sp.s. c 42: "The legislature finds that the graduating class of 2015 is the first class required to meet the state standard on the state science assessment. The legislature recognizes that the educational system needs more time before this graduation requirement is implemented. Therefore, the sole purpose of the legislation with this legislation is to delay for no more than two years, but not eliminate, the requirement that students must meet the state standard on the science assessment." [2015 3rd sp.s. c 42 § 1.]

Retroactive application—2015 3rd sp.s. c 42 § 2: "Section 2 of this act applies retroactively to students in the graduating class of 2015, and prospectively beginning with students in the graduating class of 2016." [2015 3rd sp.s. c 42 § 3.]

Findings—Intent—2013 2nd sp.s. c 22: "The legislature finds that the superintendent of public instruction was authorized to align the state essential academic learning requirements for mathematics, reading, writing, and communication with the common set of standards for students in grades kindergarten through twelve, known as the common core state standards, which were initiated by the governors and chief school officers of forty-five states, including Washington. The legislature further finds that Washington has joined one of two multistate consortia using a federal grant to develop new English language arts and mathematics assessments in grades three through eight and grade eleven that are, among other factors, aligned with the common core state standards and intended to demonstrate a student's career and college readiness. The legislature further finds that the assessments are required to be ready for use by the 2014-15 school year.

The legislature intends to reduce the overall costs of the state assessment system by implementing the eleventh grade English language arts and mathematics assessments being developed by a multistate consortium in which Washington is participating, maximize use of the consortium assessments by developing a tenth grade high school English language arts assessment and modifying the algebra I and geometry end-of-course assessment to be used only during the transition to the consortium-developed assessments, and
reduce to three the number of assessments that will be required for students to graduate beginning with the class of 2019.

The legislature further intends that the eleventh grade consortium-developed assessments have two different student performance standards: One for the purposes of high school graduation that will be established by the state board of education and one that is intended to demonstrate a student's career and college readiness.” [2013 2nd sp.s. c 22 § 1.]

Finding—Intent—2011 1st sp.s. c 22: “(1) The legislature continues to support end-of-course assessments as a fair and practical way to measure students' knowledge and skills in high school science, but the legislature also recognizes that there are important scientific concepts, principles, and content that are not able to be captured in a single course or a single assessment. The legislature also does not wish to narrow the high school science curriculum to a singular focus on biology.

(2) However, the legislature finds that the financial resources for developing additional end-of-course assessments for high school science are not available in the 2011-2013 biennium. Nevertheless, the legislature intends to revisit this issue in the future and further intends at an appropriate time to direct the superintendent of public instruction to develop one or more end-of-course assessments in additional science subjects.” [2011 1st sp.s. c 22 § 1.]

Intent—2009 e 524: See note following RCW 28B.50.535.

Findings—2008 e 321: "The legislature finds that high school students need to graduate with the skills necessary to be successful in college and work. The state graduation requirements help to ensure that Washington high school graduates have the basic skills to be competitive in a global economy. Under education reform started in 1993, time was to be the variable, obtaining the skills was to be the constant. Therefore, students who need additional time to gain the academic skills needed for college and the workplace should have the opportunities they need to reach high academic achievement, even if that takes more than the standard four years of high school.

Different students face different challenges and barriers to their academic success. Some students struggle to meet the standard on a single portion of the Washington assessment of student learning while excelling in the other subject areas; other students struggle to complete the necessary state or local graduation credits; while still others have their knowledge tested on the assessments and have completed all the credit requirements but are struggling because English is not their first language. The legislature finds that many of these students need additional time and support to achieve academic proficiency and meet all graduation requirements." [2008 e 321 § 1.]

Findings—Intent—2007 e 354: "(1) The legislature maintains a strong commitment to high expectations and high academic achievement for all students. The legislature finds that Washington schools and students are making significant progress in improving achievement in reading and writing. Schools are adapting instruction and providing remediation for students who need additional assistance. Reading and writing are being taught across the curriculum. Therefore, the legislature does not intend to make changes to the Washington assessment of student learning or high school graduation requirements in reading and writing.

(2) However, students are having difficulty improving their academic achievement in mathematics and science, particularly as measured by the high school Washington assessment of student learning. The legislature finds that corrections are needed in the state's high school assessment system that will improve alignment between learning standards, instruction, diagnosis, and assessment of students' knowledge and skills in high school mathematics and science. The legislature further finds there is a sense of urgency to make these corrections and intends to revise high school graduation requirements in mathematics and science only for the minimum period for corrections to be fully implemented.” [2007 e 354 § 1.]

for high school graduation under the timeline established in RCW 28A.655.061 and for assessing student career and college readiness.

(iii) During the transition period specified in RCW 28A.655.061, the superintendent of public instruction shall use test items and other resources from the consortium assessment to develop and administer a tenth grade high school English language arts assessment, an end-of-course mathematics assessment to assess the standards common to algebra I and integrated mathematics I, and an end of course mathematics assessment to assess the standards common to geometry and integrated mathematics II.

(4) If the superintendent proposes any modification to the essential academic learning requirements or the statewide assessments, then the superintendent shall, upon request, provide opportunities for the education committees of the house of representatives and the senate to review the assessments and proposed modifications to the essential academic learning requirements before the modifications are adopted.

(5) The assessment system shall be designed so that the results under the assessment system are used by educators as tools to evaluate instructional practices, and to initiate appropriate educational support for students who have not mastered the essential academic learning requirements at the appropriate periods in the student's educational development.

(6) By September 2007, the results for reading and mathematics shall be reported in a format that will allow parents and teachers to determine the academic gain a student has acquired in those content areas from one school year to the next.

(7) To assist parents and teachers in their efforts to provide educational support to individual students, the superintendent of public instruction shall provide as much individual student performance information as possible within the constraints of the assessment system's item bank. The superintendent shall also provide to school districts:

(a) Information on classroom-based and other assessments that may provide additional achievement information for individual students; and

(b) A collection of diagnostic tools that educators may use to evaluate the academic status of individual students. The tools shall be designed to be inexpensive, easily administered, and quickly and easily scored, with results provided in a format that may be easily shared with parents and students.

(8) To the maximum extent possible, the superintendent shall integrate knowledge and skill areas in development of the assessments.

(9) Assessments for goals three and four of RCW 28A.150.210 shall be integrated in the essential academic learning requirements and assessments for goals one and two.

(10) The superintendent shall develop assessments that are directly related to the essential academic learning requirements, and are not biased toward persons with different learning styles, racial or ethnic backgrounds, or on the basis of gender.

(11) The superintendent shall consider methods to address the unique needs of special education students when developing the assessments under this section.

(12) The superintendent shall consider methods to address the unique needs of highly capable students when developing the assessments under this section.

(13) The superintendent shall post on the superintendent's web site lists of resources and model assessments in social studies, the arts, and health and fitness.

(14) The superintendent shall integrate financial education skills and content knowledge into the state learning standards pursuant to RCW 28A.300.460(2)(d). [2015 c 211 § 3; 2013 2nd sp.s. c 22 § 5; 2008 c 163 § 2; 2007 c 354 § 5; 2005 c 497 § 106; 2004 c 19 § 204; 1999 c 388 § 501.]

The student achievement council may adjust the annual award by the average rate of tuition and fee increases at the state community and technical colleges.

(c) The educator retooling conditional scholarship program is limited to current K-12 teachers. In order to receive conditional scholarship awards:

(i) Individuals currently employed as teachers shall pursue an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to, mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education; or

(ii) Individuals who are certificated with an elementary education endorsement shall pursue an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to, mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education; and

(iii) Individuals shall use one of the pathways to endorsement processes to receive an endorsement in a subject or geographic endorsement shortage area, as defined by the professional educator standards board, including but not limited to, mathematics, science, special education, bilingual education, English language learner, computer science education, or environmental and sustainability education, which shall include passing an endorsement test plus observation and completing applicable coursework to attain the proper endorsement; and

(iv) Individuals shall receive no more than the annual amount of the scholarship, not to exceed three thousand dollars, for the cost of tuition, test fees, and educational expenses, including books, supplies, and transportation for the endorsement pathway being pursued.

(3) The Washington professional educator standards board shall select individuals to receive conditional scholarships. In selecting recipients, preference shall be given to eligible veterans or national guard members. In awarding conditional scholarships to support additional bilingual education or English language learner endorsements, the board shall also give preference to teachers assigned to schools required under state or federal accountability measures to implement a plan for improvement, and to teachers assigned to schools whose enrollment of English language learner students has increased an average of more than five percent per year over the previous three years.

(4) For the purpose of this chapter, a conditional scholarship is a loan that is forgiven in whole or in part in exchange for service as a certificated teacher employed in a Washington state K-12 public school. The state shall forgive one year of loan obligation for every two years a recipient teaches in a public school. Recipients who fail to continue a course of study leading to residency teacher certification or cease to teach in a public school in the state of Washington in their endorsement area are required to repay the remaining loan principal with interest.

(5) Recipients who fail to fulfill the required teaching obligation are required to repay the remaining loan principal with interest and any other applicable fees. The student achievement council shall adopt rules to define the terms for repayment, including applicable interest rates, fees, and deferments.

(6) The student achievement council may deposit all appropriations, collections, and any other funds received for the program in this chapter in the future teachers conditional scholarship account authorized in RCW 28B.102.080. (2) The term "resident student" shall mean:

(a) A financially independent student who has had a domicile in the state of Washington for the period of one year immediately prior to the time of commencement of the first day of the semester or quarter for which the student has registered at any institution and has in fact established a bona fide domicile in this state primarily for purposes other than educational;

Factors to be considered in determining whether a person is financially independent shall be set forth in rules adopted by the student achievement council and shall include, but not be limited to, the state and federal income tax returns of the person and/or the student's parents or legal guardian filed for the calendar year prior to the year in which application is made and such other evidence as the council may require.

Short title—2015 3rd sp.s. c 36: "This act may be known and cited as the college affordability program." [2015 3rd sp.s. c 36 § 13.]

Findings—Intent—2011 1st sp.s. c 10: "(1) The legislature finds that in the knowledge-based, globally interdependent economy of the twenty-first century, postsecondary education is the most indispensable form of currency. Public institutions of higher education are drivers of economic growth and job creation and incubators for innovation. An educated citizenry is a critical component of our democracy, and a commitment to provide public funding for public higher education institutions is imperative. At the same time, the legislature finds that Washington state is experiencing a profound structural shift in the funding of higher education. State support has declined.
It is the intent of the legislature to:

(a) Ensure that tuition dollars are spent to improve student access, affordability, and the quality of education;

(b) Establish a clear nexus between tuition dollars and improved productivity and greater accountability of public institutions of higher education;

(c) Create a modern and robust higher education financial system that funds outcomes and results rather than input and process; and

(d) Continue its commitment to public funding of higher education through state appropriations that are essential for providing access, affordability, and quality in higher education for all students across the state.

(3) It is the intent of the legislature to set goals for four-year institutions of higher education to increase the number of students who earn baccalaureate degrees, while maintaining quality, and achieve the following initial degree completion targets by 2018:

(i) Increasing the number of bachelor's degrees earned by Washington's resident students from the 2009-10 academic year levels by at least six thousand degrees completed or by twenty-seven percent;

(ii) Consistent with the priority for expanding the number of enrollments and degrees in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics, at least two thousand of the additional degrees under this subsection (3)(a) would be awarded in the areas of science, which includes agriculture and natural resources, biology and biomedical sciences, computer and information sciences, engineering and biomedical technologies, health professions and clinical sciences, mathematics and statistics, and physical sciences and science technologies, and

(iii) Attaining parity in degree attainment for students from underrepresented groups, which would mean that at least nineteen percent of the degrees awarded would include students who are low-income or are the first in their families to attend college.

(b) It is the intent of the legislature that the bachelor degree completion targets in (a) of this subsection be updated every two years based upon the state's changing population and economic needs and that targets be set for five-year periods following the 2018 target.

(c) It is the intent of the legislature to urge four-year institutions of higher education to place the highest priority on achieving the degree completion targets under (a) of this subsection. The legislature intends to examine the strategies used and progress made by institutions of higher education to meet the targets in addition to evidence of increased cost-effectiveness and efficiency. The legislature recognizes that individual institutions develop their campus goals recognizing the role of their campus as part of the system of public higher education and may implement a variety of innovative methods to achieve these goals. [2011 1st sp.s. c 10 § 1.]

Short title—2011 1st sp.s. c 10: "This act may be known and cited as the higher education opportunity act." [2011 1st sp.s. c 10 § 30.]

Finding—Intent—2003 c 232: "The legislature finds that, as a partner in financing public higher education with students and their families, parents and who pay tuition and fees, periodic increases in state funding, state financial aid, and tuition and fees must be authorized to provide high-quality higher education for the citizens of Washington. It is the intent of the legislature to address higher education through a cooperative bipartisan effort that includes the legislative and executive branches of government, parents, students, educators, and concerned citizens. This effort will begin in 1995, within the results providing the basis for discussion during the 1995 legislative session for future decisions and final legislative action in 1997."

The purpose of this act is to provide tuition increases for public institutions of higher education as a transition measure until final action is taken in 1997. [1995 1st sp.s. c 9 § 1.]

*Reviser's note: RCW 28B.15.824 was repealed by 1993 c 379 § 206 and by 1993 sp.s. c 18 § 14, effective July 1, 1993.

Each governing board shall make public its proposal for tuition and fee increases twenty-one days before the governing board of the institution considers adoption and allow opportunity for public comment. However, the requirement to make public a proposal for tuition and fee increases twenty-one days before the governing board considers adoption shall not apply if the omnibus appropriations act has not passed the legislature by May 15th. Governing boards shall be required to provide data regarding the percentage of students receiving financial aid, the sources of aid, and the percentage of total costs of attendance paid for by aid.

(c) Prior to reducing or increasing tuition for each academic year, the state board for community and technical college system shall consult with existing student associations or organizations with undergraduate student representation regarding the impacts of potential tuition increases. Findings—Intent—2005 c 258: See note following RCW 28B.45.014.

Intent—1991 c 315: "The legislature finds that:

(1) The economic health and well-being of timber-dependent communities is of substantial public concern. The significant reduction in annual timber harvest levels likely will result in reduced economic activity and persistent unemployment and underemployment over time, which would be a serious threat to the safety, health, and welfare of residents of the timber impact areas, decreasing the value of private investments and jeopardizing the sources of public revenue.

(2) Timber impact areas are most often located in areas that are experiencing little or no economic growth, creating an even greater risk to the health, safety, and welfare of these communities. The ability to remedy problems caused by the substantial reduction in harvest activity is beyond the power and control of the regulatory process and influence of the state, and the ordinary operations of private enterprise without additional governmental assistance are insufficient to adequately remedy the resulting problems of poverty and unemployment.

(3) To address these concerns, it is the intent of the legislature to increase training and retraining services accessible to timber impact areas, and provide for coordination of noneconomic development services in timber impact areas as economic development efforts will not succeed unless social, housing, health, and other needs are addressed." [1991 c 315 § 1.]

28B.50.256 Facilities shared by vocational-technical institute programs and K-12 programs. (Expires August 1, 2015.) If, before September 1, 1991, the use of a single building facility is being shared between an existing vocational-technical institute program and a K-12 program, the respective boards shall continue to share the use of the facility until such time as it is convenient to remove one of the two programs to another facility. The determination of occupancy shall be based solely upon the best interests of the students involved.

If a vocational-technical institute district board and a common school district board are sharing the use of a single facility, the program occupying the majority of the space of such facility, exclusive of space utilized equally by both, shall determine which board will be charged with the administration and control of such facility. The determination of occupancy shall be based upon the space occupied as of January 1, 1990.

28B.50.327 Collection of student tuition and fees—Seattle Vocational Institute. (Expires August 1, 2015.) Notwithstanding the provisions of chapter 28B.15 RCW, technical colleges and the Seattle Vocational Institute may continue to collect student tuition and fees per their standard operating procedures in effect on September 1, 1991. The applicability of existing community college rules and statutes pursuant to chapter 28B.15 RCW regarding tuition and fees shall be determined by the state board for community and technical colleges within two years of September 1, 1991.

28B.50.360 Construction, reconstruction, equipping, and demolition of community and technical college facilities and acquisition of property—Community and technical college capital projects account—Disposition of building fees. Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal and interest on the building bonds issued by the college board as authorized by this chapter shall be devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, engineering and architectural services provided by the department of enterprise services, and for the payment of principal of and interest on any bonds issued for such purposes. However,
during the 2013-2015 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs. However, during the 2015-2017 biennium, sums in the capital projects account shall also be used for routine facility maintenance and utility costs.

(3) Funds available in the community and technical college capital projects account may also be used for-
way. Some students will take longer to meet the state's standards for high school graduation. Older students who cannot graduate with their peers need an appropriate learning environment and flexible programming that enables them simultaneously to earn a diploma, work, and pursue other training options. Providing learning options in locations in addition to high schools will encourage older students to complete their diplomas. Therefore the legislature intends to create a pilot high school completion program at two community and technical colleges for older students who have not yet received a diploma but are eligible for state basic education support." 28B.50.850 Faculty tenure—Purpose. It shall be the purpose of RCW 28B.50.850 through 28B.50.869 to establish a system of faculty tenure which protects the concepts of faculty employment rights and faculty involvement in the protection of those rights in the state system of community and technical colleges. RCW 28B.50.850 through 28B.50.869 shall define a reasonable and orderly process for appointment of faculty members to tenure status and the dismissal of the tenured faculty member. Intent—1991 c 294: "Improving the quality of instruction at our state institutions of higher education is a priority of the legislature. Recently, many efforts have been made by the legislature, the colleges, and the higher education coordinating board to assess and improve the quality of instruction received by students at our state institutions. It is the intent of the legislature that, in conjunction with these various efforts, the process for the award of faculty tenure at community colleges should allow for a thorough review of the performance of faculty appointees prior to the granting of tenure." (5) The council shall facilitate the development and expansion of innovative practices within, between, and among the sectors to increase educational attainment and assess the effectiveness of the innovations.

(6) The council shall use the data and analysis produced by, and in consultation with, the education data center created in RCW 43.41.400 in developing policy recommendations and proposing goals. In conducting research and analysis the council at a minimum must:

(a) Identify barriers to increasing educational attainment, evaluate effectiveness of various educational models, identify best practices, and recommend methods to overcome barriers;

(b) Analyze data from multiple sources including data from academic research and from areas and agencies outside of education including but not limited to data from the department of health, the department of corrections, and the department of social and health services to determine best practices to remove barriers and to improve educational attainment;

(c) Assess educational achievement disaggregated by income level, age, gender, race and ethnicity, country of origin, and other relevant demographic groups working with data from the education data center;

(d) Track progress toward meeting the state's goals;

(e) Communicate results and provide access to data analysis to policymakers, the superintendent of public instruction, institutions of higher education, students, and the public; and

(f) Use data from the education data center wherever appropriate to conduct duties in (a) through (e) of this subsection.

(7) The council shall collaborate with the appropriate state agencies and stakeholders, including the state board of education, the office of the superintendent of public instruction, the state board for community and technical colleges, the workforce training and education coordinating board, and the four-year institutions of higher education to improve student transitions and success including but not limited to:

(a) Setting minimum college admission standards for four-year institutions of higher education, including:

(i) A requirement that coursework in American sign language or an American Indian language satisfies any requirement for instruction in a language other than English that the council or the institutions may establish as a general undergraduate admissions requirement; and

(ii) Encouragement of the use of multiple measures to determine whether a student must enroll in a precollege course, such as placement tests, the SAT, high school transcripts, college transcripts, or initial class performance;

(b) Proposing comprehensive policies and programs to encourage students to prepare for, understand how to access, and pursue postsecondary college and career programs, including specific policies and programs for students with disabilities;

(c) Recommending policies that require coordination between or among sectors such as dual high school-college programs, awarding college credit for advanced high school work, and transfer between two and four-year institutions of higher education or between different four-year institutions of higher education; and

(d) Identifying transitions issues and solutions for students, from high school to postsecondary education including community and technical colleges, four-year institutions of higher education, apprenticeships, training, or workplace education; between two-year and four-year institutions of higher education; and from postsecondary education to career. In addressing these issues the council must recognize that these transitions may occur multiple times as students continue their education.

(8) The council directs the work of the office, which includes administration of student financial aid programs under RCW 28B.76.090, including the state need grant and other scholarships, the Washington advanced college tuition payment program, and work-study programs.

(9) The council may administer state and federal grants and programs including but not limited to those programs that provide incentives for improvements related to increased access and success in postsecondary education.

(10) The council shall protect higher education consumers including:

(a) Approving degree-granting postsecondary institutions consistent with existing statutory criteria;
(b) Establishing minimum criteria to assess whether students who attend proprietary institutions of higher education shall be eligible for the state need grant and other forms of state financial aid.

(i) The criteria shall include retention rates, completion rates, loan default rates, and annual tuition increases, among other criteria for students who receive state need grant as in chapter 28B.92 RCW and any other state financial aid.

(ii) The council may remove proprietary institutions of higher education from eligibility for the state need grant or other form of state financial aid if it finds that the institution or college does not meet minimum criteria.

(iii) The council shall report by December 1, 2014, to the joint higher education committee in RCW 44.04.360 on the outcomes of students receiving state need grants, impacts on meeting the state's higher education goals for educational attainment, and options for prioritization of the state need grant and possible consequences of implementing each option. When examining options for prioritizing the state need grant the council shall consider awarding grants based on need rather than date of application and making awards based on other criteria selected by the council.

(11) The council shall adopt residency requirements by rule.

(12) The council shall arbitrate disputes between and among four-year institutions of higher education and the state board for community and technical colleges at the request of one or more of the institutions involved, or at the request of the governor, or from a resolution adopted by the legislature. The decision of the council shall be binding on the participants in the dispute.

(13) The council may solicit, accept, receive, and administer federal funds or private funds, in trust, or otherwise, and contract with foundations or with for-profit or nonprofit organizations to support the purposes and functions of the council.

(1)(a) In consultation with the education data center, institutions of higher education, and state education agencies, the council shall identify the data needed to carry out its responsibilities for policy analysis and public information. The primary goals of the council's data collection and research are to describe how students and other beneficiaries of higher education are being served; to compare and contrast the state of Washington's higher education system with the rest of the nation; and to assist state policymakers and institutions in making policy decisions.

(b) For the council, assistance to state policymakers and institutions of higher education in making policy decisions includes but is not limited to annual reporting of a national comparison of tuition and fees.

(2) One of the goals of the education data center's data collection and research for higher education is to support higher education accountability. For the education data center, assistance to state policymakers and institutions of higher education in making policy decisions includes but is not limited to regular completion of:

(a) Educational cost study reports as provided in RCW 43.41.415 and information on state support received by students as provided in RCW 43.41.410; and

(b) Per-student funding at similar public institutions of higher education in the global challenge states.

(3) The education data center shall be considered an authorized representative of the council and the office under applicable federal and state statutes for purposes of accessing and compiling student record data for research purposes. 28B.92.005 Financial aid application due dates and information—Notification. Community and technical colleges shall provide financial aid application due dates and information on whether or not financial aid will be awarded on a rolling basis to their admitted students at the time of acceptance. State universities, regional universities, and The Evergreen State College shall provide financial aid application due dates and distribution policies on their web sites, including whether financial aid is awarded on a rolling basis, for prospective and admitted students. Beginning with the 2015-2017 omnibus appropriations act and each biennium thereafter, reductions in tuition levels resulting from section 3, chapter 36, Laws of 2015 3rd sp. sess. will allow the legislature to reduce state need grant appropriations by an equal amount from the 2013-2015 fiscal biennium amounts. The legislature does not intend to reduce award levels for private colleges and universities below the 2014-15 academic year levels.

The beneficiary is that person named by the purchaser at the time that a tuition unit contract is accepted by the governing body. For purposes of this chapter, services and activities fees do not include fees charged for the payment of bonds heretofore or hereafter issued for, or other indebtedness incurred to pay, all or part of the cost of acquiring, constructing, or installing any lands, buildings, or facilities.

28B.95.030  Administration of program—Tuition units—Program adjustments to mitigate tuition changes—Promotion of program—Authority of governing body. (1) The Washington advanced college tuition payment program shall be administered by the committee on advanced tuition payment which shall be chaired by the director of the office. The committee shall be supported by staff of the office.

(2) (a) The Washington advanced college tuition payment program shall consist of the sale of tuition units, which may be redeemed by the beneficiary at a future date for an equal number of tuition units regardless of any increase in the price of tuition, that may have occurred in the interval, except as provided in subsection (7) of this section.

(b) Each purchase shall be worth a specific number of or fraction of tuition units at each state institution of higher education as determined by the governing body, except as provided in subsection (7) of this section.

(c) The number of tuition units necessary to pay for a full year's, full-time undergraduate tuition and fee charges at a state institution of higher education shall be set by the governing body at the time a purchaser enters into a tuition unit contract, except as provided in subsection (7) of this section.

(d) The governing body may limit the number of tuition units purchased by any one purchaser or on behalf of any one beneficiary, however, no limit may be imposed that is less than that necessary to achieve four years of full-time, undergraduate tuition charges at a state institution of higher education. The governing body also may, at its discretion, limit the number of participants, if needed, to ensure the actuarial soundness and integrity of the program.

(e) While the Washington advanced college tuition payment program is designed to help all citizens of the state of Washington, the governing body may determine residency requirements for eligible purchasers and eligible beneficiaries to ensure the actuarial soundness and integrity of the program.

(f) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the rate for state public institutions in effect at the time of redemption.

(3) (a) No tuition unit may be redeemed until two years after the purchase of the unit.

(b) Units may be redeemed for enrollment at any institution of higher education that is recognized by the internal revenue service under chapter 529 of the internal revenue code. Units may also be redeemed to pay for dual credit fees.

(c) Units redeemed at a nonstate institution of higher education or for graduate enrollment shall be redeemed at the time of redemption.

(4) The governing body shall determine the conditions under which the tuition benefit may be transferred to another family member. In permitting such transfers, the governing body may not allow the tuition benefit to be bought, sold, bartered, or otherwise exchanged for goods and services by either the beneficiary or the purchaser.

(5) The governing body shall administer the Washington advanced college tuition payment program in a manner reasonably designed to be actuarially sound, such that the assets of the trust will be sufficient to defray the obligations of the trust including the costs of administration. The governing body may, at its discretion, discount the minimum purchase price for certain kinds of purchases such as those from families with young children, as long as the actuarial soundness of the account is not jeopardized.

(6) The governing body shall annually determine current value of a tuition unit.

(7) For the 2015-16 and 2016-17 academic years only, the governing body shall set the payout value for units redeemed during that academic year only at one hundred seventeen dollars and eighty-two cents per unit. For academic years after the 2016-17 academic year, the governing body shall make program adjustments it deems necessary and appropriate to ensure that the total payout value of each account on October 9, 2015, is not decreased or diluted as a result of the initial application of any changes in tuition under section 3, chapter 36, Laws of 2015 3rd sp. sess. In the event the committee or governing body provides additional units under chapter 36, Laws of 2015 3rd sp. sess., the committee and governing body shall increase the maximum number of units that can be redeemed in any year to mitigate the reduction in available account value during any year as a result of chapter 36, Laws of 2015 3rd sp. sess. The governing body must notify holders of tuition units after the adjustment in this subsection is made and must include a statement concerning the adjustment.

(8) The governing body shall promote, advertise, and publicize the Washington advanced college tuition payment program.

(9) In addition to any other powers conferred by this chapter, the governing body may:

(a) Impose reasonable limits on the number of tuition units or units that may be used in any one year;

(b) Determine and set any time limits, if necessary, for the use of benefits under this chapter;

(c) Impose and collect administrative fees and charges in connection with any transaction under this chapter;

(d) Appoint and use advisory committees and the state actuary as needed to provide program direction and guidance;

(e) Formulate and adopt all other policies and rules necessary for the efficient administration of the program;

(f) Consider the addition of an advanced payment program for room and board contracts and also consider a college savings program;

(g) Purchase insurance from insurers licensed to do business in the state, to provide for coverage against any loss in connection with the account's property, assets, or activities or to further insue the value of the tuition units;

(h) Make, execute, and deliver contracts, conveyances, and other instruments necessary to the exercise and discharge of its powers and duties under this chapter;
(i) Contract for the provision for all or part of the services necessary for the management and operation of the program with other state or nonstate entities authorized to do business in the state;

(j) Contract for other services or for goods needed by the governing body in the conduct of its business under this chapter;

(k) Contract with financial consultants, actuaries, auditors, and other consultants as necessary to carry out its responsibilities under this chapter;

Chapter 28B.112 RCW

CAMPUSESexual VIOLENCE

Findings. The legislature finds that the issue of campus sexual violence is a serious issue for many students as well as poses a challenge to all of our institutions of higher education. Several high profile cases in recent years garnered national attention, with more than ninety colleges and universities nationwide currently under investigation by the United States department of education's office for civil rights for violation of Title IX relating to how they have handled sexual violence cases.

In 2014, the White House convened a task force designed to protect students from sexual assault. The task force has recommended that schools conduct campus climate assessments and provided a sample memorandum of understanding for institutions to enter into with local law enforcement.

At the same time, the federal government and several states have moved forward to address campus sexual violence policies regarding prevention, investigation, and disciplinary action. These actions include the statewide adoption of policies at the public four-year universities in New York and all schools receiving state financial aid in California. It also includes new requirements included in the federal violence against women act amendments to the Clery act, 20 U.S.C. Sec. 1092(f).

The legislature further finds the state's public two and four-year institutions of higher education are taking steps to improve their institutional policies around campus sexual violence, including being represented at a statewide conference held in October 2014.

In order to complement federal policy and ensure the safety of all our students, the legislature finds it necessary to establish minimum standards for all institutions pertaining to campus sexual violence policies and procedures and encourages institutions of higher education to share with all students and current employees, especially survivors of sexual violence, the protections, resources, and services available to them if they are a victim of sexual assault, domestic violence, dating violence, or stalking. Institutions should endeavor to prevent retaliation and prevent the student from having to undergo unnecessary or duplicative retellings of the incident.

Campus climate assessment—Report—2015 c 92: 
(1)(a) The four-year institutions of higher education as defined in RCW 28B.10.016 shall conduct a campus climate assessment to gauge the prevalence of sexual assault on their campuses.

(b) The state board for community and technical colleges shall conduct a uniform campus climate assessment of community and technical colleges to gauge the prevalence of sexual assault on community and technical college campuses.

(c) The assessment in this section should include, but is not limited to:

(i) The prevalence of sexual assault, domestic violence, dating violence, and stalking on and off campus;

(ii) Student and employee knowledge of:

(A) Their institution's Title IX coordinator's role;

(B) Campus policies and procedures addressing sexual assault and violence;

(C) Options for reporting sexual violence as a survivor or witness; and

(D) The availability of resources on and off campus, such as counseling, health, and academic assistance;

(iii) Student and employee bystander attitudes and behavior;

(iv) Whether survivors reported to the institutions, law enforcement, or both, whether campus police or a local law enforcement agency, and reasons why they did or did not report; or

(v) An evaluation of student and employee attitudes and awareness of the campus sexual violence issue and any recommendations for better addressing and preventing sexual violence on and off campus.

(2) Findings shall include an evaluation of student and employee attitudes and awareness of campus sexual violence issues and, if needed, should provide recommendations for making improvements in addressing and preventing sexual violence on and off campus.

(3) The four-year institutions of higher education and the state board for community and technical colleges shall report their findings to the governor and the higher education committees of the legislature by December 31, 2016. The report must also include a plan or proposal to undertake a statewide public awareness campaign on campus sexual violence.

(4) An assessment conducted to comply with new federal requirements pertaining to campus climate assessments fulfills the requirements in this section.

(5) This section expires July 1, 2017. [2015 c 92 § 4.]

HEALTH PROFESSIONAL CONDITIONAL SCHOLARSHIP PROGRAM

Sections

28B.115.070 Eligible credentialed health care professions—Health professional shortage areas.
28B.115.070 Eligible credentialed health care professions—Health professional shortage areas. After June 1, 1992, the department, in consultation with the office and the department of social and health services, shall:

(1) Determine eligible credentialed health care professions for the purposes of the loan repayment and scholarship program authorized by this chapter. Eligibility shall be based upon an assessment that determines that there is a shortage or insufficient availability of a credentialed profession so as to jeopardize patient care and pose a threat to the public health and safety. The department shall consider the relative degree of shortages among professions when determining eligibility. The department may add or remove professions from eligibility based upon the determination that a profession is no longer in shortage. Should a profession no longer be eligible, participants or eligible students who have received scholarships shall be eligible to continue to receive scholarships or loan repayments until they are no longer eligible or until their service obligation has been completed;

(2) Determine health professional shortage areas for each of the eligible credentialed health care professions.

(3) For the 2015-2017 fiscal biennium, consideration for eligibility shall also be given to registered nursing students who have been accepted into an eligible nursing education program and have declared an intention to teach nursing upon completion of the nursing education program. 28B.118.095 Program evaluation by Washington state institute for public policy. (Expires August 1, 2019.)

28B.118.010 Program design. The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the state need grant program in chapter 28B.92 RCW unless otherwise provided in this section.

(1) "Eligible students" are those students who:

(a) Qualify for free or reduced-price lunches. If a student qualifies in the seventh grade, the student remains eligible even if the student does not receive free or reduced-price lunches thereafter; or

(b) Are dependent pursuant to chapter 13.34 RCW and:

(i) In grade seven through twelve; or

(ii) Are between the ages of eighteen and twenty-one and have not graduated from high school.

(2) Eligible students shall be notified of their eligibility for the Washington college bound scholarship program beginning in their seventh grade year. Students shall also be notified of the requirements for award of the scholarship.

(3)(a) To be eligible for a Washington college bound scholarship, a student eligible under subsection (1)(a) of this section must sign a pledge during seventh or eighth grade that includes a commitment to graduate from high school with at least a C average and with no felony convictions. The pledge must be witnessed by a parent or guardian and forwarded to the office of student financial assistance by mail or electronically, as indicated on the pledge form.

(b) A student eligible under subsection (1)(b) of this section shall be automatically enrolled, with no action necessary by the student or the student's family, and the enrollment form must be forwarded by the department of social and health services to the *higher education coordinating board or its successor by mail or electronically, as indicated on the form.

(4)(a) Scholarships shall be awarded to eligible students graduating from public high schools, approved private high schools under chapter 28A.195 RCW, or who received home-based instruction under chapter 28A.200 RCW.

(b)(i) To receive the Washington college bound scholarship, a student must graduate with at least a "C" average from a public high school or an approved private high school under chapter 28A.195 RCW in Washington or have received home-based instruction under chapter 28A.200 RCW, must have no felony convictions, and must be a resident student as defined in RCW 28B.15.012(2) (a) through (d).

(ii) For a student who does not meet the "C" average requirement, and who completes fewer than two quarters in the running start program, under chapter 28A.600 RCW, the student's first quarter of running start course grades must be excluded from the student's overall grade point average for purposes of determining their eligibility to receive the scholarship.

(5) A student's family income will be assessed upon graduation before awarding the scholarship.

(6) If at graduation from high school the student's family income does not exceed sixty-five percent of the state median family income, scholarship award amounts shall be as provided in this section.

(a) For students attending two or four-year institutions of higher education as defined in RCW 28B.10.016, the value of the award shall be (i) the difference between the student's tuition and required fees, less the value of any state-funded grant, scholarship, or waiver assistance the student receives; and (ii) plus five hundred dollars for books and materials.

(b) For students attending private four-year institutions of higher education in Washington, the award amount shall be the representative average of awards granted to students in public research universities in Washington or the representative average of awards granted to students in public research universities in Washington in the 2014-15 academic year, whichever is greater.

(c) For students attending private vocational schools in Washington, the award amount shall be the representative average of awards granted to students in public community and technical colleges in Washington or the representative average of awards granted to students in public community and technical colleges in Washington in the 2014-15 academic year, whichever is greater.
(7) Recipients may receive no more than four full-time years' worth of scholarship awards.

(8) Institutions of higher education shall award the student all need-based and merit-based financial aid for which the student would otherwise qualify. The Washington college bound scholarship is intended to replace unmet need, loans, and, at the student's option, work-study award before any other grants or scholarships are reduced.

(9) The first scholarships shall be awarded to students graduating in 2012.

(10) The state of Washington retains legal ownership of tuition units awarded as scholarships under this chapter until the tuition units are redeemed. These tuition units shall remain separately held from any tuition units owned under chapter 28B.95 RCW by a Washington college bound scholarship recipient.

(11) The scholarship award must be used within five years of receipt. Any unused scholarship tuition units revert to the Washington college bound scholarship account.

(12) Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the scholarship tuition units shall revert to the Washington college bound scholarship account. *Reviser's note: The higher education coordinating board was abolished by 2011 1st sp.s. c 11 § 301, effective July 1, 2012.*

Short title—2015 3rd sp.s. c 36: See note following RCW 28B.15.031.

Findings—2015 c 244: "The legislature finds that the college bound scholarship program has demonstrated that an early promise of financial aid results in increased high school graduation rates for low-income students. The promise of state financial aid to students from low-income families who work to graduate with sufficient grades and no felony convictions provides them with a path toward greater educational attainment and upward mobility. The scholarship program has the potential to move Washington toward its long-term goal of a better trained and educated workforce. Among the first two cohorts, college bound enrollees were fifteen percent and nineteen percent more likely to graduate from high school in 2012 and 2013 compared to low-income peers who were not part of the program. The legislature also finds that a comprehensive review of the college bound scholarship program in 2014 resulted in unanimous recommendations to improve and enhance certain components of the program, including data collection, outreach, and program outcomes." 28B.118.040 Duties of the office of student financial assistance. The office of student financial assistance shall:

(1) With the assistance of the office of the superintendent of public instruction, implement and administer the Washington college bound scholarship program;

(2) Develop and distribute, to all schools with students enrolled in grade seven or eight, a pledge form that can be completed and returned electronically or by mail by the student or the school to the office of student financial assistance;

(3) Develop and implement a student application, selection, and notification process for scholarships, which includes working with other state agencies, law enforcement, or the court system to verify that eligible students do not have felony convictions;

(4) Annually in March, with the assistance of the office of the superintendent of public instruction, distribute to tenth grade college bound scholarship students and their families:

(a) Notification that, to qualify for the scholarship, a student's family income may not exceed sixty-five percent of the state median family income at graduation from high school;
(b) the current year's value for sixty-five percent of the state median family income; and
(c) a statement that a student should consult their school counselor if their family makes, or is projected to make, more than this value before the student graduates;

(5) Develop comprehensive social media outreach with grade-level specific information designed to keep students on track to graduate and leverage current tools such as the high school and beyond plan required by the state board of education and the ready set grad web site maintained by the student achievement council;

(6) Track scholarship recipients to ensure continued eligibility and determine student compliance for awarding of scholarships;

(7) Within existing resources, collaborate with college access providers and K-12, postsecondary, and youth-serving organizations to map and coordinate mentoring and advising resources across the state;

(8) Subject to appropriation, deposit funds into the state educational trust fund;

(9) Purchase tuition units under the advanced college tuition payment program in chapter 28B.95 RCW to be owned and held in trust by the board, for the purpose of scholarship awards as provided for in this section; and

(10) Distribute scholarship funds, in the form of tuition units purchased under the advanced college tuition payment program in chapter 28B.95 RCW through direct payments from the state educational trust fund, to institutions of higher education on behalf of scholarship recipients identified by the office, as long as recipients maintain satisfactory academic progress. JOINT CENTER FOR DEPLOYMENT AND RESEARCH IN EARTH-ABUNDANT MATERIALS

28B.156.900 Short title.

28B.156.005 Finding—Intent. The legislature finds that to reach our energy, environmental, and economic goals, it is important to accelerate the development of next generation clean energy and transportation technologies in Washington. Today, a large number of clean and renewable energy technologies are dependent on rare earth elements and other
expensive and difficult-to-source earth components. These technologies are critical to reducing carbon emissions, such as wind turbines, solar panels, and electric and hybrid car batteries.

According to a 2012 environmental protection agency report (EPA/600/R-12/572), no rare earth element mining has been conducted in the United States since 1995, and a legacy of environmental destruction has been left in countries where rare earth elements are mined. The same environmental protection agency report notes that recovering rare earth elements from state-of-the-art recycling processes is far more efficient than smelting metals from ores, generates only a fraction of the carbon emissions, and has significant benefits compared to mining in terms of land use and hazardous emissions. The environmental protection report stresses the need for additional research in alternative materials to rare earth materials as well as recycling innovation.

The legislature acknowledges that the people of Washington desire to leave behind a cleaner planet, and to lead the world in the research and innovations to make that possible. Setting aggressive, renewable energy and clean technology standards at home that result in exporting the environmental harms of improper mineral extraction to other nations is not an acceptable strategy. Fortunately, Washington is home to some of the world’s leading researchers who have core competencies in developing material substitutes and extracting rare earth elements for recycling.

Leading research institutions have indicated that a program to accelerate the development of next generation clean energy and transportation technologies using earth-abundant materials would fit within their strategic vision and core mission to increase and coordinate their efforts with the private industry and implement this talent and research to work in accelerating the deployment of clean energy and cleaner transportation solutions. The goal is to develop materials to use in the manufacturing process that can be reliably accessed and acquired in environmentally responsible processes. A joint center established for this purpose can bridge the gap between institutions, encourage private-public partnerships, and increase the ability to compete for federal grants.

The legislature recognizes the opportunity for Washington to lead in these areas of research and innovation, fostering true sustainability environmental stewardship, and providing supply reliability and resiliency in next generation technologies. Doing so will contribute to the preservation of national security by increasing energy independence. Therefore, the legislature intends to fund research of earth-abundant materials that can substitute effectively in manufacturing for rare earth elements or other critical materials, with great potential to increase efficiency or reduce emissions in the transportation or energy sector, and to fund research into the recycling of rare earth elements from existing consumer products. The legislature intends to accomplish this by establishing the joint center for deployment and research in earth-abundant materials, or JCDREAM, to attract academic talent and research funding to our state, and develop a workforce for manufacturing next generation earth-abundant technologies. [2015 3rd sp.s. c 20 § 1.]

28B.156.010 Joint center for deployment and research in earth-abundant materials. The joint center for deployment and research in earth-abundant materials is created to:

1. Establish a transformative program in earth-abundant materials to accelerate the development of next generation clean energy and transportation technologies in Washington; and
2. Establish a coordinated framework and deploy resources that can facilitate and promote multi-institution collaborations to drive research, development, and deployment efforts in the use of earth-abundant materials for manufactured clean technologies or recycling of advanced materials used in clean technologies; and
3. Promote environmentally responsible processes in the areas of manufacturing and recycling of advanced materials used in clean technologies. [2015 3rd sp.s. c 20 § 2.]

28B.156.020 Operation and administration of joint center. The joint center for deployment and research in earth-abundant materials must be operated and administered as a multi-institutional education and research center, conducting research and development programs in various locations within Washington under the joint authority of the University of Washington and Washington State University. The initial administrative offices of the center shall be west of the crest of the Cascade mountains. In order to meet industry needs, the facilities and resources of the center must be made available to all four-year institutions of higher education. Resources include internships, on-the-job training, and research opportunities for undergraduate and graduate students and faculty. [2015 3rd sp.s. c 20 § 3.]

28B.156.030 Board of directors—Membership—Powers and duties—Executive director—Operating plan—Report. (1)(a) The powers of the joint center for deployment and research in earth-abundant materials are vested in and shall be exercised by a board of directors consisting of ten voting members and a chair, appointed by the governor, who shall not vote, except as provided in (c) of this subsection.

(b) Of the ten voting members, one member must be the dean of Washington State University, one member must be the dean of the University of Washington, one member must represent Pacific Northwest National Laboratory, one member must represent an energy institute at a regional university, one member must represent the community colleges engaged in training of the next generation workforce in the relevant areas, one member must represent large industry companies, one member must represent medium industry companies, one member must represent small industry companies, one member must have professional experience in the fields of national security and energy policy, and one member shall have professional experience in innovation and development of policy to address environmental challenges.

(c) In the event of a tie vote among the voting members, the chair may vote to break the tie.

(d) The terms of the initial members must be staggered.
