69.04.150 Damages not recoverable if probable cause existed. No state court shall allow the recovery of damages from administrative action for condemnation under RCW 69.04.100 or for embargo under RCW 69.04.110, if the court finds that there was probable cause for such action. [1945 c 257 § 33; Rem. Supp. 1945 § 6163-82.]

(1) It shall be the duty of each state attorney, county attorney, or city attorney to whom the director reports any violation of this chapter, or regulations promulgated under it, to cause appropriate proceedings to be instituted in the proper courts, without delay, and to be duly prosecuted as prescribed by law.

(2) Before any violation of this chapter is reported by the director to any such attorney for the institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given appropriate notice and an opportunity to present his or her views to the director, either orally or in writing, with regard to such contemplated proceeding. [2012 c 117 § 331; 1945 c 257 § 34; Rem. Supp. 1945 § 6163-83.]

69.04.170 Minor infractions. Nothing in this chapter shall be construed as requiring the director to report for the institution of proceedings under this chapter, minor violations of this chapter, whenever he or she believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. [2012 c 117 § 332; 1945 c 257 § 35; Rem. Supp. 1945 § 6163-84.]

69.04.190 Standards may be prescribed by regulations. Whenever in the judgment of the director such action will promote honesty and fair dealing in the interest of consumers, he or she shall promulgate regulations fixing and establishing for any food, under its common or usual name so far as practicable, a reasonable definition and standard of identity, a reasonable standard of quality, and/or reasonable standards of fill of container. In prescribing any standard of fill of container, consideration shall be given to and due allowance shall be made for the differing characteristics of the several varieties thereof. In prescribing a definition and standard of identity for any food or class of food in which optional ingredients are permitted, the director shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. [2012 c 117 § 333; 1945 c 257 § 37; Rem. Supp. 1945 § 6163-86. Prior: 1917 c 168 § 2.]

69.04.200 Conformance with federal standards. The definitions and standards of identity, the standards of quality and fill of container, and the label requirements prescribed by regulations promulgated under *this section shall conform, insofar as practicable, with those prescribed by regulations promulgated under section 401 of the federal act and to the definitions and standards promulgated under the meat inspection act approved March 4, 1907, as amended. [1945 c 257 § 38; Rem. Supp. 1945 § 6163-87.]

*Reviser’s note: The language "this section" appears in 1945 c 257 § 38 but apparently refers to 1945 c 257 § 37 codified as RCW 69.04.190.

[1971 c 49 § 1.]

69.04.206 Bacon—Rules, regulations, and standards—Withholding packaging use—Hearing—Final determination—Appeal. The director of the department of agriculture is hereby authorized to promulgate rules, regulations, and standards for the implementation of RCW 69.04.205 through 69.04.207. If the director has reason to believe that any packaging method, package, or container in use or proposed for use with respect to the marketing of bacon is false or misleading in any particular, or does not
meet the requirements of RCW 69.04.205, he or she may direct that such use be withheld unless the packaging method, package, or container is modified in such manner as he or she may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the packaging method, package, or container does not accept the determination of the director such person, firm, or corporation may request a hearing, but the use of the packaging method, package, or container shall, if the director so directs, be withheld pending hearing and final determination by the director. Any such determination by the director shall be conclusive unless, within thirty days after receipt of notice of such final determination, the person, firm, or corporation adversely affected thereby appeals to a court of proper jurisdiction. [2012 c 117 § 334; 1971 c 49 § 2.]

69.04.210 Food—Adulteration by poisonous or deleterious substance. A food shall be deemed to be adulterated: (1) If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such food shall not be considered adulterated under this clause if the quantity of such substance in such food does not ordinarily render it injurious to health; or

(2)(a) If it bears or contains any added poisonous or added deleterious substance (other than one which is (i) a pesticide chemical in or on a raw agricultural commodity; (ii) a food additive, or (iii) a color additive) which is unsafe within the meaning of RCW 69.04.390, or (b) if it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of RCW 69.04.392, or (c) if it is, or it bears or contains, any food additive which is unsafe within the meaning of RCW 69.04.394: PROVIDED, That where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under RCW 69.04.392, or (c) if it is, or it bears or contains, any food additive which is unsafe within the meaning of RCW 69.04.394: PROVIDED, That where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under RCW 69.04.392 and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed food shall, notwithstanding the provisions of RCW 69.04.390 and 69.04.394, not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed food when ready to eat is not greater than the tolerance prescribed for the raw agricultural commodity; or

(3) If it consists in whole or in part of any diseased, contaminated, filthy, putrid, or decomposed substance, or if it is otherwise unfit for food; or

(4) If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered diseased, unwholesome, or injurious to health; or

(5) If it is in whole or in part the product of a diseased animal or of an animal which has died otherwise than by slaughter or which has been fed on the uncooked offal from a slaughterhouse; or

(6) If its container is composed in whole or in part of any poisonous or deleterious substance which may render the contents injurious to health; or

(7) If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to RCW 69.04.394. [1963 c 198 § 1; 1945 c 257 § 39; Rem. Supp. 1945 § 6163-88. Prior: 1923 c 36 § 1; 1907 c 211 § 3; 1901 c 94 § 3.]

69.04.220 Food—Adulteration by abstraction, addition, substitution, etc. A food shall be deemed to be adulterated (1) if any valuable constituent has been in whole or in part omitted or abstracted therefrom; or (2) if any substance has been substituted wholly or in part therefor; or (3) if damage or inferiority has been concealed in any manner; or (4) if any substance has been added thereto or mixed or packed therewith so as to increase its bulk or weight, or reduce its quality or strength, or make it appear better or of greater value than it is. [1945 c 257 § 40; Rem. Supp. 1945 § 6163-89.]

69.04.231 Food—Adulteration by color additive. A food shall be deemed to be adulterated if it is, or it bears or contains a color additive which is unsafe within the meaning of RCW 69.04.396. [1963 c 198 § 5.]

69.04.240 Confectionery—Adulteration. A food shall be deemed to be adulterated if it is confectionery and it bears or contains any alcohol from natural or artificial alcohol flavoring in excess of one percent of the weight of the confection or any nonnutritive article or substance except harmless coloring, harmless flavoring, harmless resinous glaze not in excess of four-tenths of one percent, natural gum, and pectin. This section shall not apply to any chewing gum by reason of its containing harmless nonnutritive masticatory substances, or to any confection permitted to be sold by an endorsement from the *liquor control board under RCW 66.24.360. [2007 c 226 § 3; 1984 c 78 § 2; 1945 c 257 § 42; Rem. Supp. 1945 § 6163-91. Prior: 1923 c 36 § 1, part; 1907 c 211 § 3, part.]

*Reviser's note: The "state liquor control board" was renamed the "state liquor and cannabis board" by 2015 c 70 § 3.

69.04.245 Poultry—Improper use of state's geographic outline. Uncooked poultry is deemed to be misbranded if it is produced outside of this state but the label for the poultry contains the geographic outline of this state. [1989 c 257 § 2.]

Legislative findings—1989 c 257: "The legislature finds that: Poultry produced in this state is known throughout the state for its high quality; and one of the sources of that quality is the proximity of production centers to retail outlets in the state. The legislature also finds that labeling which misrepresents poultry produced elsewhere as being a product of this state may lead consumers to purchase products which they would not otherwise purchase. The legislature further finds that the presence of the geographic outline of this state on a label for poultry produced outside of the state misrepresents the product as having been produced in this state." [1989 c 257 § 1.]
69.04.250 Food—Misbranding by false label, etc. A food shall be deemed to be misbranded (1) if its labeling is false or misleading in any particular; or (2) if it is offered for sale under the name of another food; or (3) if it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and, immediately thereafter, the name of the food imitated; or (4) if its container is so made, formed or filled as to be misleading. [1945 c 257 § 43; Rem. Supp. 1945 § 6163-92. Prior: 1923 c 36 § 2; 1907 c 211 § 4.]

69.04.260 Packaged food—Misbranding. If a food is in package form, it shall be deemed to be misbranded, unless it bears a label containing (1) the name and place of business of the manufacturer, packer, or distributor; and (2) an accurate statement of the quantity of the contents in terms of weight, measure, or numerical count: PROVIDED, That under clause (2) of this section reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations promulgated by the director. [1945 c 257 § 44; Rem. Supp. 1945 § 6163-93.]

69.04.270 Food—Misbranding by lack of prominent label. A food shall be deemed to be misbranded if any word, statement, or other information required by or under authority of this chapter to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. [1945 c 257 § 45; Rem. Supp. 1945 § 6163-94.]

69.04.280 Food—Misbranding for nonconformity with standard of identity. If a food purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by RCW 69.04.190, it shall be deemed to be misbranded unless (1) it conforms to such definition and standard, and (2) its label bears the name of the food specified in the definition and standard, and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavorings, and colorings) present in such food. [1945 c 257 § 46; Rem. Supp. 1945 § 6163-95.]

69.04.290 Food—Misbranding for nonconformity with standard of quality. If a food purports to be or is represented as a food for which a standard of quality has been prescribed by regulations as provided by RCW 69.04.190, and its quality falls below such standard, it shall be deemed to be misbranded unless its label bears in such manner and form as such regulations specify, a statement that it falls below such standard. [1945 c 257 § 47; Rem. Supp. 1945 § 6163-96.]

69.04.300 Food—Misbranding for nonconformity with standard of fill. If a food purports to be or is represented as a food for which a standard or standards of fill of container have been prescribed by regulations as provided by RCW 69.04.190, and it falls below the standard of fill of container applicable thereto, it shall be deemed to be misbranded unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard. [1945 c 257 § 48; Rem. Supp. 1945 § 6163-97.]

69.04.310 Food—Misbranding by failure to show usual name and ingredients. If a food is not subject to the provisions of RCW 69.04.280, it shall be deemed to be misbranded unless its label bears (1) the common or usual name of the food, if any there be, and (2) in case it is fabricated from two or more ingredients, the common or usual name of each such ingredient; except that spices, flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings without naming each: PROVIDED, That, to the extent that compliance with the requirements of clause (2) of this section is impracticable, or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the director. [1945 c 257 § 49; Rem. Supp. 1945 § 6163-98.]

69.04.320 Food—Misbranding by failure to show dietary properties. If a food purports to be or is represented for special dietary uses, it shall be deemed to be misbranded, unless its label bears such information concerning its vitamin, mineral and other dietary properties as is necessary in order to fully inform purchasers as to its value for such uses, as provided by regulations promulgated by the director, such regulations to conform insofar as practicable with regulations under section 403(j) of the federal act. [1945 c 257 § 50; Rem. Supp. 1945 § 6163-99.]

69.04.330 Food—Misbranding by failure to show artificial flavoring, coloring, etc. If a food bears or contains any artificial flavoring, artificial coloring, or chemical preservative, it shall be deemed to be misbranded unless it bears labeling stating that fact: PROVIDED, That to the extent that compliance with the requirements of this section is impracticable, exemptions shall be established by regulations promulgated by the director. The provisions of this section and of RCW 69.04.280 and 69.04.310, with respect to artificial coloring, shall not apply in the case of butter, cheese, or ice cream. [1945 c 257 § 51; Rem. Supp. 1945 § 6163-100.]

69.04.331 Popcorn sold by theaters or commercial food service establishments—Misbranded if the use of butter or ingredients of butter-like flavoring not disclosed. (1) If a theater or other commercial food service establishment prepares and sells popcorn for human consumption, the establishment, at the point of sale, shall disclose by posting a sign in a conspicuous manner to prospective consumers a statement as to whether the butter or butter-like flavoring added to or attributed to the popcorn offered for sale is butter or is some other product. If the flavoring is some other product, the establishment shall also disclose the ingredients of the product. The director of agriculture shall adopt rules prescribing the size and content of the sign upon which the disclosure is to be made. Any popcorn sold by or offered for sale by such an establishment to a consumer in violation of this section or the rules of the director implementing this section shall be deemed to be misbranded for the purposes of this chapter.
69.04.333 Poultry and poultry products—Label to indicate if product frozen. It shall be unlawful for any person to sell at retail or display for sale at retail any poultry and poultry products, including turkey, which has been frozen at any time, without having the package or container in which the same is sold bear a label clearly discernible to a customer that such product has been frozen and whether or not the same has since been thawed. No such poultry or poultry product shall be sold unless in such a package or container bearing said label. [1969 ex.s. c 194 § 1.]

69.04.334 Turkeys—Label requirement as to grading. No person shall advertise for sale, sell, offer for sale or hold for sale in intrastate commerce any turkey that does not bear a label. Such label shall be properly displayed on the package if such turkey is prepackaged, or attached to the turkey if not prepackaged. Such label shall, if the turkey has been graded, state the name of the governmental agency, whether federal or state, and the grade. No turkey which has been graded may be labeled as being ungraded. Any advertisement in any media concerning the sale of turkeys shall state or set forth whether a turkey is ungraded or graded and the specific grade if graded. [1969 ex.s. c 194 § 2.]

69.04.335 RCW 69.04.333 and 69.04.334 subject to enforcement and penalty provisions of chapter. The provisions of this chapter shall be applicable to the enforcement of RCW 69.04.333 and 69.04.334 and any person violating the provisions of RCW 69.04.333 and 69.04.334 shall be subject to the applicable civil and criminal penalties for such violations as provided for in this chapter. [1969 ex.s. c 194 § 3.]

Nothing in this chapter shall be construed to require the labeling or advertising to indicate the natural vitamin, natural mineral, or other natural dietary properties of dairy products or other agricultural products when sold as food. [1945 c 257 § 52; Rem. Supp. 1945 § 6163-101.]

69.04.345 Direct seller license. (1) The department shall issue a license to operate as a direct seller to any entity that:

(a) Submits a completed application on forms approved by the department;

(b) Provides the department with a list of all leased, rented, or owned vehicles, other than vehicles that are rented for less than forty-five days, used by the applicant's business to deliver food;

(c) Maintains all records of vehicles that are rented for less than forty-five days for at least twelve months following the termination of the rental period;

(d) Maintains food temperature logs or uses a device to monitor the temperature of the packages in real time for all food while in transport; and

(e) Submits all appropriate fees to the department.

(2) The department shall develop, by rule, an annual license and renewal fee to defray the costs of administering the licensing and inspection program created by this section. All moneys received by the department under the provisions of this section must be paid into the food processing inspection account created in RCW 69.07.120 and must be used solely to carry out the provisions of this section.

(3)(a) A licensed direct seller is required to protect food from contamination while in transport. Food must be transported under conditions that protect food against physical, chemical, and microbial contamination, as well as against deterioration of the food and its container.

(b) Compliance with this subsection (3) requires, but is not limited to, the separation of raw materials in such a fashion that they avoid cross-contamination of other food products, particularly ready-to-eat food. An example of this principle includes ensuring that, during the transport of raw fish and seafood, meat, poultry, or other food which inherently contains pathogenic and spoilage microorganisms, soil, or other foreign material, the raw materials may not come into direct contact with other food in the same container or in any other cross-contaminating circumstance.

(4) In the event of a food recall or when required by the department, a federal, state, or local health authority in response to a foodborne illness outbreak, a licensed direct seller shall use its client listserv to notify customers of the recall and any other relevant information.

(5) In the implementation of this section, the department shall:

(a) Conduct inspections of vehicles, food handling areas, refrigeration equipment, and product packaging used by a licensed direct seller;

(b) Conduct audits of temperature logs and other food handling records as appropriate;

(c) Investigate any complaints against a licensed direct seller for the failure to maintain food safety; and

(d) Adopt rules, in consultation with the department of health and local health jurisdictions, necessary to administer and enforce the program consistent with federal regulations.

(6) Direct sellers that have a license from the department under this section are exempt from the permitting requirements of food service rules adopted by the state board of health and any local health jurisdiction.

(7) The director may deny, suspend, or revoke any license provided under this section if the director determines that an applicant or licensee has committed any of the following:

(a) Refused, neglected, or failed to comply with the provisions of this section, the rules and regulations adopted under this section, or any order of the director;

(b) Refused, neglected, or failed to keep and maintain records required by this chapter, or refused the department access to such records;

(2016 Ed.)
69.04.350 Permits to manufacture or process certain foods. Whenever the director finds after investigation that the distribution in intrastate commerce of any class of food may, by reason of contamination with micro-organisms during the manufacture, processing, or packing thereof in any locality, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered intrastate commerce, he or she then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into intrastate commerce, any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the director as provided by such regulations. Insofar as practicable, such regulations shall conform with, shall specify the conditions prescribed by, and shall remain in effect only so long as those promulgated under section 404(a) of the federal act. [2012 c 117 § 335; 1945 c 257 § 53; Rem. Supp. 1945 § 6163-102.]

69.04.360 Suspension of permit. The director is authorized to suspend immediately upon notice any permit issued under authority of *this section, if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the director shall, immediately after prompt hearing and an inspection of the factory or establishment, reinstate such permit, if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued or as amended. [1945 c 257 § 54; Rem. Supp. 1945 § 6163-103.]

*Reviser's note: The language "this section" appears in 1945 c 257 § 54 but apparently refers to 1945 c 257 § 53 codified as RCW 69.04.350.

69.04.370 Right of access for inspection. Any officer or employee duly designated by the director shall have access to any factory or establishment, the operator of which holds a permit from the director, for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. [1945 c 257 § 55; Rem. Supp. 1945 § 6163-104.]

69.04.380 Food exempt if in transit for completion purposes. Food which is, in accordance with the practice of the trade, to be processed, labeled, or repacked in substantial quantities at an establishment other than the establishment where it was originally processed or packed, is exempted from the affirmative labeling requirements of this chapter, while it is in transit in intrastate commerce from the one establishment to the other, if such transit is made in good faith for such completion purposes only; but it is otherwise subject to all the applicable provisions of this chapter. [1945 c 257 § 56; Rem. Supp. 1945 § 6163-105.]

69.04.390 Regulations permitting tolerance of harmful matter. Any poisonous or deleterious substance added to any food, except where such substance is required in the production thereof or cannot be avoided by good manufacturing practice, shall be deemed unsafe for purposes of the application of RCW 69.04.210(2)(a); but when such substance is so required or cannot be so avoided, the director shall promulgate regulations limiting the quantity thereof or thereon to such extent as he or she finds necessary for the protection of public health, and any quantity exceeding the limits so fixed shall also be deemed unsafe for purposes of the application of RCW 69.04.210(2)(a). While such a regulation is in effect limiting the quantity of any such substance in the case of any food, such food shall not, by reason of bearing or containing any added amount of such substance, be considered to be adulterated within the meaning of RCW 69.04.210(1). In determining the quantity of such added substance to be tolerated in or on different articles of food, the director shall take into account the extent to which the use of such substance is required or cannot be avoided in the production of each such article, and the other ways in which the consumer may be affected by the same or other poisonous or deleterious substances. [2012 c 117 § 336; 1963 c 198 § 2; 1945 c 257 § 57; Rem. Supp. 1945 § 6163-106.]
69.04.392 Regulations permitting tolerance of harmful matter—Pesticide chemicals in or on raw agricultural commodities. (1) Any poisonous or deleterious pesticide chemical, or any pesticide chemical which generally is recognized among experts qualified by scientific training and experience to evaluate the safety of pesticide chemicals as unsafe for use, added to a raw agricultural commodity, shall be deemed unsafe for the purpose of the application of RCW 69.04.210(2)(a) unless:

(a) A tolerance for such pesticide chemical in or on the raw agricultural commodity has been prescribed pursuant to subsection (2) of this section and the quantity of such pesticide chemical in or on the raw agricultural commodity is within the limits of the tolerance so prescribed; or

(b) With respect to use in or on such raw agricultural commodity, the pesticide chemical has been exempted from the requirement of a tolerance pursuant to subsection (2) of this section.

While a tolerance or exemption from tolerance is in effect for a pesticide chemical with respect to any raw agricultural commodity, such raw agricultural commodity shall not, by reason of bearing or containing any added amount of such pesticide chemical, be considered to be adulterated within the meaning of RCW 69.04.210(1).

(2) The regulations promulgated under section 408 of the Federal Food, Drug and Cosmetic act, as of July 1, 1975, setting forth the tolerances for pesticide chemicals in or on any raw agricultural commodity, are hereby adopted as the regulations for tolerances applicable to this chapter: PROVIDED, That the director is hereby authorized to adopt by regulation any new or future amendments to such federal regulations for tolerances, including exemption from tolerance and zero tolerances, to the extent necessary to protect the public health. The director is also authorized to issue regulations in the absence of federal regulations and to prescribe therein tolerances for pesticides, exemptions, and zero tolerances, upon his or her own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such regulation.

(3) In adopting any new or amended tolerances by regulation issued pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the necessity for the production of an adequate, wholesome, and economical food supply; (c) the other ways in which the consumer may be affected by the same pesticide chemical or by other related substances that are poisonous or deleterious; and (d) the opinion of experts qualified by scientific training and experience to determine the proper tolerance to be allowed for any pesticide chemical. [2012 c 117 § 337; 1975 1st ex.s. c 7 § 26; 1963 c 198 § 3.]

Purpose of section: See RCW 69.04.398.

69.04.394 Regulations permitting tolerance of harmful matter—Food additives. (1) A food additive shall, with respect to any particular use or intended use of such additives, be deemed unsafe for the purpose of the application of clause (2)(c) of RCW 69.04.210, unless:

(a) It and its use or intended use conform to the terms of an exemption granted, pursuant to a regulation under subsection (2) hereof providing for the exemption from the requirements of this section for any food additive, and any food bearing or containing such additive, intended solely for investigational use by qualified experts when in the director's opinion such exemption is consistent with the public health; or

(b) There is in effect, and it and its use or intended use are in conformity with a regulation issued or effective under subsection (2) hereof prescribing the conditions under which such additive may be safely used.

Such a regulation may be issued either upon the director's own motion or upon the petition of any interested party requesting that such a regulation be established. It shall be incumbent upon such petitioner to establish, by data submitted to the director, that a necessity exists for such regulation and that the effect of such a regulation will not be detrimental to the public health. If the data furnished by the petitioner is not sufficient to allow the director to determine whether such a regulation should be promulgated, the director may require additional data to be submitted and failure to comply with this request shall be sufficient grounds to deny the request of the petitioner for the issuance of such a regulation.

(3) In adopting any new or amended regulations pursuant to this section, the director shall give appropriate consideration, among other relevant factors, to the following: (a) The purpose of this chapter being to promote uniformity of state legislation with the federal act; (b) the probable consumption of, or other relevant exposure from, the additive and of any substance formed in or on food because of the use of the additive; (c) the cumulative effect, if any, of such additive in the diet of human beings or animals, taking into account the same or any chemically or pharmacologically related substance or substances in such diet; (d) safety factors which, in the opinion of experts qualified by scientific training and experience to evaluate the safety of color additives for the use or uses for which the additive is proposed to be listed, are generally recognized as appropriate for the use of animal experimentation data; (e) the availability of any needed practicable methods of analysis for determining the identity and quantity of (i) the pure dye and all intermediates and other impurities contained in such color additives, (ii) such additive in or on any article of food, and (iii) any substance formed in or on such article because of the use of such additive; and (f) the conformity by the manufacturer with the established standards in the industry relating to the proper formation of such color additive so as to result in a finished product safe for use as a color additive.

A warehouse that enters into a compliance agreement with the department shall pay only for inspections conducted by the department and any laboratory analyses as required by the inspections as outlined and agreed to in the compliance agreement. 69.22.040 Basic hygiene inspections.

(1) The permitter of all cottage food operations must be permitted annually by the department on forms developed by the department. All permits and permit renewals must be made on forms developed by the director and be accompanied by an inspection fee as provided in RCW 69.22.040, a seventy-five dollar public health review fee, and a thirty dollar processing fee. All fees must be deposited into the food processing inspection account created in RCW 69.07.120.

(2) In addition to the provision of any information required by the director on forms developed under subsection (1) of this section and the payment of all fees, an applicant for a permit or a permit renewal as a cottage food operation must also provide documentation that all individuals to be involved in the preparation of cottage foods [cottage food products] have secured a food and beverage service worker's permit under chapter 69.06 RCW.

(3) All cottage food operations permitted under this section must include a signed document attesting, by opting to become permitted, that the permitted cottage food operation expressly grants to the director the right to enter the domestic residence housing the cottage food operation during normal business hours, or at other reasonable times, for the purposes of inspections under this chapter. [2011 c 281 § 3.]

69.22.040 Basic hygiene inspections.

(1) The permitted area of all cottage food operations must be inspected for basic hygiene by the director both before initial permitting under RCW 69.22.030 and annually after initial permitting. In addition, the director may inspect the permitted area of a cottage food operation at any time in response to a foodborne outbreak or other public health emergency.

(2) When conducting an annual basic hygiene inspection, the director shall, at a minimum, inspect for the following:

(a) That the permitted cottage food operator understands that no person other than the permittee, or a person under the direct supervision of the permittee, may be engaged in the processing, preparing, packaging, or handling of any cottage food products or be in the home kitchen during the preparation, packaging, or handling of any cottage food products;

(3) The department shall charge an inspection fee of one hundred twenty-five dollars for any initial or annual basic hygiene inspection, which must be deposited into the food processing inspection account created in RCW 69.07.120. An additional inspection fee must be collected for each visit to a cottage food operation for the purposes of conducting an inspection for compliance.

(4) The director may contract with local health jurisdictions to conduct the inspections required under this section. [2011 c 281 § 4.]

69.22.050 Annual gross sales. (1) The annual gross sales of cottage food products may not exceed twenty-five thousand dollars. The determination of the maximum annual gross sales must be computed on the basis of the amount of gross sales within or at a particular domestic residence and may not be computed on a per person basis within or at an individual domestic residence.

(2) If gross sales exceed the maximum allowable annual gross sales amount, the cottage food operation must either obtain a food processing plant license under chapter 69.07 RCW or cease operations.

(3) A cottage food operation exceeding the maximum allowable annual gross sales amount is not entitled to a full or partial refund of any fees paid under RCW 69.22.030 or 69.22.040.

(4) The director may request in writing documentation to verify the annual gross sales figure. [2015 c 196 § 1; 2011 c 281 § 5.]

69.22.060 Access to permitted areas of domestic residence housing cottage food operations—Authority of director. (1) For the purpose of determining compliance with this chapter, the director may access, for inspection purposes, the permitted area of a domestic residence housing a cottage food operation permitted by the director under this chapter. This authority includes the authority to inspect any records required to be kept under the provisions of this chapter.

(2) All inspections must be made at reasonable times and, when possible, during regular business hours.

(3) Should the director be denied access to the permitted area of a domestic residence housing a cottage food operation where access was sought for the purposes of enforcing or administering this chapter, the director may apply to any court of competent jurisdiction for a search warrant authorizing access to the permitted area of a domestic residence housing a permitted cottage food operation, upon which the court may issue a search warrant for the purposes requested.

(4) Any access under this section must be limited to the permitted area and further limited to the purpose of enforcing or administering this chapter. [2011 c 281 § 6.]

69.22.070 Cottage foods operations permit—Denial, suspension, or revocation. (1) After conducting a hearing, the director may deny, suspend, or revoke any permit provided for in this chapter if it is determined that a permittee has committed any of the following acts:

(a) Refused, neglected, or failed to comply with the provisions of this chapter, any rules adopted to administer this chapter, or any lawful order of the director;

(b) Refused, neglected, or failed to keep and maintain records required by this chapter, or to make the records available when requested pursuant to the provisions of this chapter;

(e) Exceeded the annual income limits provided in RCW 69.22.050.

(2) The director may summarily suspend a permit issued under this chapter if the director finds that a cottage food operation is operating under conditions that constitute an immediate danger to public health or if the director is denied access to the permitted area of a domestic residence housing a cottage food operation and records where the access was sought for the purposes of enforcing or administering this chapter. [2011 c 281 § 7.]

69.22.080 Application of administrative procedure act. The rights, remedies, and procedures respecting the administration of this chapter, including rule making, emergency actions, and permit suspension, revocation, or denial are governed by chapter 34.05 RCW. [2011 c 281 § 8.]

(b) A second or subsequent violation is a gross misdemeanor. Any offense committed more than five years after a previous conviction shall be considered a first offense.

(2) Whenever the director finds that a person has committed a violation of any of the provisions of this chapter, and that violation has not been punished pursuant to subsection (1) of this section, the director may impose upon and collect from the violator a civil penalty not exceeding one thousand dollars per violation per day. Each violation shall be a separate and distinct offense. [2011 c 281 § 9.]
69.25.010 Legislative finding. Eggs and egg products are an important source of the state’s total supply of food, and are used in food in various forms. They are consumed throughout the state and the major portion thereof moves in intrastate commerce. It is essential, in the public interest, that the health and welfare of consumers be protected by the adoption of measures prescribed herein for assuring that eggs and egg products distributed to them and used in products consumed by them are wholesome, otherwise not adulterated, and properly labeled and packaged. Lack of effective regulation for the handling or disposition of unwholesome, otherwise adulterated, or improperly labeled or packaged egg products and certain qualities of eggs is injurious to the public welfare and destroys markets for wholesome, unadulterated, and properly labeled and packaged eggs and egg products and results in sundry losses to producers and processors, as well as injury to consumers. Unwholesome, otherwise adulterated, or improperly labeled or packaged products can be sold at lower prices and compete unfairly with the wholesome, unadulterated, and properly labeled and packaged products, to the detriment of consumers and the public generally. It is hereby found that all egg products and the qualities of eggs which are regulated under this chapter are either in intrastate commerce, or substantially affect such commerce, and that regulation by the director, as contemplated by this chapter, is appropriate to protect the health and welfare of consumers. [1975 1st ex.s. c 201 § 2.]

69.25.020 Definitions. The definitions in this section apply throughout this chapter unless the context clearly otherwise requires.

(1) "Adulterated" applies to any egg or egg product under one or more of the following circumstances:
   (a) If it bears or contains any poisonous or deleterious substance that may render it injurious to health; but in case the substance is not an added substance, such article is not considered adulterated under this clause if the quantity of such substance in or on such article does not ordinarily render it injurious to health;
   (b) If it bears or contains any added poisonous or added deleterious substance (other than one which is: (i) A pesticide chemical in or on a raw agricultural commodity; (ii) a food additive; or (iii) a color additive) which may, in the judgment of the director, make such article unfit for human food; or
   (c) If it is, in whole or in part, a raw agricultural commodity—Associated commercial egg layer operation compliance with applicable standards.

69.25.100 Exemption—Provisions of chapter 69.07 RCW or permitting and inspection by local health jurisdiction. Except as otherwise provided in this chapter, cottage food operations with a valid permit under RCW 69.22.030 are not subject to the provisions of chapter 69.07 RCW or to permitting and inspection by a local health jurisdiction. [2011 c 281 § 10.]

69.25.110 Application of other state or federal laws or local unit of government ordinances not affected. Nothing in this chapter affects the application of any other state or federal laws or any applicable ordinances enacted by any local unit of government. [2011 c 281 § 11.]

Findings—2006 c 8: "The legislature finds that prescription drug errors occur because the pharmacist or nurse cannot read the prescription from the physician or other provider with prescriptive authority. The legislature further finds that legible prescriptions can prevent these errors." [2006 c 8 § 114.]

Findings—Intent—Part headings and subheadings not law—Severability—2006 c 8: See notes following RCW 5.64.010.

Findings—Intent—2000 c 8: "The legislature finds that we have one of the finest health care systems in the world and excellent professionals to deliver that care. However, there are incidents of medication errors that are avoidable and serious mistakes that are preventable. Medical errors throughout the health care system constitute one of the nation's leading causes of death and injury resulting in over seven thousand deaths a year, according to a recent report from the institute of medicine. The majority of medical errors do not result from individual recklessness, but from basic flaws in the way the health system is organized. There is a need for a comprehensive strategy for government, industry, consumers, and health providers to reduce medical errors. The legislature declares a need to bring about greater safety for patients in this state who depend on prescription drugs.

It is the intent of the legislature to promote medical safety as a top priority for all citizens of our state." [2000 c 8 § 1.]

The pharmacist in charge shall establish or verify the existence of policies and procedures which ensure the integrity and confidentiality of prescription information transmitted to the pharmacy by electronic means. All managers, employees, and agents of the pharmacy are required to read, sign, and comply with the established policies and procedures; and

(f) The pharmacist shall exercise professional judgment regarding the accuracy, validity, and authenticity of the prescription drug order received by way of electronic transmission, consistent with federal and state laws and rules and guidelines of the commission.

(2) The electronic or digital signature of the prescribing practitioner's agent on behalf of the prescribing practitioner for a resident in a long-term care facility or hospice program, pursuant to a valid order and authorization under RCW 18.64.550, constitutes a valid electronic communication of prescription information. Such an authorized signature and transmission by an agent in a long-term care facility or hospice program does not constitute an intervening person having access to the prescription drug order.

69.41.075 Rules—Availability of lists of drugs. The pharmacy quality assurance commission may make such rules for the enforcement of this chapter as are deemed necessary or advisable. The commission shall identify, by rule-making pursuant to chapter 34.05 RCW, those drugs which may be dispensed only on prescription or are restricted to use by practitioners, only. In so doing the commission shall consider the toxicity or other potentiality for harmful effect of the drug, the method of its use, and any collateral safeguards necessary to its use. The commission shall classify a drug as a legend drug where these considerations indicate the drug is not safe for use except under the supervision of a practitioner.

In identifying legend drugs the commission may incorporate in its rules lists of drugs contained in commercial pharmaceutical publications by making specific reference to each such list and the date and edition of the commercial publication containing it. Any such lists so incorporated shall be available for public inspection at the headquarters of the department of health and shall be available on request from the department of health upon payment of a reasonable fee to be set by the department. 69.41.080 Animal control—Rules for possession and use of legend drugs. Humane societies and animal control agencies registered with the pharmacy quality assurance commission under chapter 69.50 RCW and authorized to euthanize animals may purchase, possess, and administer approved legend drugs for the sole purpose of sedating animals prior to euthanasia, when necessary, and for use in chemical capture programs. For the purposes of this section, "approved legend drugs" means those legend drugs designated by the commission by rule as being approved for use by such societies and agencies for animal sedating or capture and does not include any substance regulated under chapter 69.50 RCW. Any society or agency so registered shall not permit persons to administer any legend drugs unless such person has demonstrated to the satisfaction of the commission adequate knowledge of the potential hazards involved in and the proper techniques to be used in administering the drugs.

The commission shall promulgate rules to regulate the purchase, possession, and administration of legend drugs by such societies and agencies and to insure strict compliance with the provisions of this section. Such rules shall require that the storage, inventory control, administration, and recordkeeping for approved legend drugs conform to the standards adopted by the commission under chapter 69.50 RCW to regulate the use of controlled substances by such societies and agencies. The commission may suspend or revoke a registration under chapter 69.50 RCW upon a determination by the commission that the person administering legend drugs has not demonstrated adequate knowledge as herein provided. This authority is granted in addition to any other power to suspend or revoke a registration as provided by law. [2013 c 19 § 57; 1989 c 242 § 1.]

69.41.085 Medication assistance—Community-based care setting. Any such prescription or protocol order is issued for a legitimate medical purpose in the usual course of professional practice.

[Title 69 RCW—page 54] (2016 Ed.)
(b) At the time of prescribing, dispensing, distributing, or delivering the opioid overdose medication, the practitioner shall inform the recipient that as soon as possible after administration of the opioid overdose medication, the person at risk of experiencing an opioid-related overdose should be transported to a hospital or a first responder should be summoned.

(2) A pharmacist may dispense an opioid overdose medication pursuant to a prescription issued in accordance with this section and may administer an opioid overdose medication to a person at risk of experiencing an opioid-related overdose. At the time of dispensing an opioid overdose medication, a pharmacist shall provide written instructions on the proper response to an opioid-related overdose, including instructions for seeking immediate medical attention. The instructions to seek immediate medication attention must be conspicuously displayed.

(3) Any person or entity may lawfully possess, store, deliver, distribute, or administer an opioid overdose medication pursuant to a prescription or order issued by a practitioner in accordance with this section.

(4) The following individuals, if acting in good faith and with reasonable care, are not subject to criminal or civil liability or disciplinary action under chapter 18.130 RCW for any actions authorized by this section or the outcomes of any actions authorized by this section:

(a) A practitioner who prescribes, dispenses, distributes, or delivers an opioid overdose medication pursuant to subsection (1) of this section;

(b) A pharmacist who dispenses an opioid overdose medication pursuant to subsection (2) of this section;

(c) A person who possesses, stores, distributes, or administers an opioid overdose medication pursuant to subsection (3) of this section.

(5) For purposes of this section, the following terms have the following meanings unless the context clearly requires otherwise:

(a) "First responder" means: (i) A career or volunteer firefighter, law enforcement officer, paramedic as defined in RCW 18.71.200, or first responder or emergency medical technician as defined in RCW 18.73.030; and (ii) an entity that employs or supervises an individual listed in (a)(i) of this subsection, including a volunteer fire department.

(b) "Opioid overdose medication" means any drug used to reverse an opioid overdose that binds to opioid receptors and blocks or inhibits the effects of opioids acting on those receptors. It does not include intentional administration via the intravenous route.

(c) "Opioid-related overdose" means a condition including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, or death that: (i) Results from the consumption or use of an opioid or another substance with which an opioid was combined; or (ii) a lay person would reasonably believe to be an opioid-related overdose requiring medical assistance.

(d) "Practitioner" means a health care practitioner who is authorized under RCW 69.41.030 to prescribe legend drugs.

(e) "Standing order" or "protocol" means written or electronically recorded instructions, prepared by a prescriber, for distribution and administration of a drug by designated and trained staff or volunteers of an organization or entity, as well as other actions and interventions to be used upon the occurrence of clearly defined clinical events in order to improve patients’ timely access to treatment. [2015 c 205 § 2.]

Intent—2015 c 205: "(1) The legislature intends to reduce the number of lives lost to drug overdoses by encouraging the prescription, dispensing, and administration of opioid overdose medications.

(2) Overdoses of opioids, such as heroin and prescription painkillers, cause brain injury and death by slowing and eventually stopping a person’s breathing. Since 2012, drug poisoning deaths in the United States have risen six percent, and deaths involving heroin have increased a staggering thirty-nine percent. In Washington state, the annual number of deaths involving heroin or prescription opioids increased from two hundred fifty-eight in 1995 to six hundred fifty-one in 2013. Over this period, a total of nine thousand four hundred thirty-nine people died from opioid-related drug overdoses. Overdose-related drug overdoses are a statewide phenomenon.

(3) When administered to a person experiencing an opioid-related drug overdose, an opioid overdose medication can save the person’s life by restoring respiration. Increased access to opioid overdose medications reduced the time between when a victim is discovered and when he or she receives lifesaving assistance. Between 1996 and 2010, lay people across the country reversed over ten thousand overdoses.

(4) The legislature intends to increase access to opioid overdose medications by permitting health care practitioners to administer, prescribe, and dispense, directly or by collaborative drug therapy agreement or standing order, opioid overdose medication to any person who may be present at an overdose - law enforcement, emergency medical technicians, family members, or service providers - and to permit those individuals to possess and administer opioid overdose medications prescribed by an authorized health care provider." [2015 c 205 § 1.]

SUBSTITUTION OF PRESCRIPTION DRUGS

69.41.100 Legislative recognition and declaration. The legislature recognizes the responsibility of the state to insure that the citizens of the state are offered a choice between generic drugs and brand name drugs and the benefit of quality pharmaceutical products at competitive prices. Advances in the drug industry resulting from research and the elimination of counterfeiting of prescription drugs should benefit the users of the drugs. Pharmacy must continue to operate with accountability and effectiveness. The legislature hereby declares it to be the policy of the state that its citizens receive safe and therapeutically effective drug products at the most reasonable cost consistent with high drug quality standards. (ii) The drug use review board established under WAC 388-530-4000 reviews and provides recommendations as to the appropriateness of the limitation; and
(iii) Notwithstanding the limitation set forth in (e)(ii) of this subsection (2), the endorsing practitioner shall have an opportunity to request as medically necessary, that the drug be prescribed for a covered off-label purpose.

(f) The provisions of this subsection related to the definition of medically necessary, prior authorization procedures and patient appeal rights shall be implemented in a manner consistent with applicable federal and state law.

(3) A person buying or receiving a product at retail containing any detectable quantity of ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, from a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, or an employee thereof, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner must first produce photo identification of the person that shows the date of birth of the person.

A manufacturer of a drug product may apply for removal of the product from the requirements of this section if the product is determined by the commission to have been formulated in such a way as to effectively prevent the conversion of the active ingredient into methamphetamine. The burden of proof for exemption is upon the person requesting the exemption. The petitioner shall provide the commission with evidence that the product has been formulated in such a way as to serve as an effective general deterrent to the conversion of pseudoephedrine into methamphetamine. The evidence must include the furnishing of a valid scientific study, conducted by an independent, pro-
fessional laboratory and evincing professional quality chemical analysis. Factors to be considered in whether a product should be excluded from this section include but are not limited to:

(a) To any product containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form;
(b) To the sale of a product that may only be sold upon the presentation of a prescription;

(b) No pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW, a practitioner as defined in RCW 18.64.011, or a traditional Chinese herbal practitioner is subject to prosecution under subsection (10) of this section if they made a good faith attempt to comply with the requirements of this section by requesting that a customer present photo identification, making a reasonable effort to determine the customer's age.
(10) A violation of this section is a gross misdemeanor.

Finding—2005 c 388: "Restricting access to certain precursor drugs used to manufacture methamphetamine to ensure that they are only sold at retail to individuals who will use them for legitimate purposes upon production of proper identification is an essential step to controlling the manufacture of methamphetamine."

(2) It is unlawful for a person who is not a manufacturer, wholesaler, pharmacy, practitioner, shopkeeper, or itinerant vendor licensed by or registered with the department of health under chapter 18.64 RCW to purchase or acquire more than 3.6 grams in any twenty-four hour period, or more than a total of nine grams in any thirty-day period, of the substances specified in subsection (1) of this section.

(3) It is unlawful for any person to sell or distribute any of the substances specified in subsection (1) of this section unless the person is licensed by or registered with the department of health under chapter 18.64 RCW, or is a practitioner as defined in RCW 18.64.011.

(4)(a) Beginning July 1, 2011, or the date upon which the electronic sales tracking system established under RCW 69.43.165 is available, whichever is later, a pharmacy licensed by, or shopkeeper or itinerant vendor registered with, the department of health under chapter 18.64 RCW shall, before completing a sale under this section, submit the required information to the electronic sales tracking system established under RCW 69.43.165, as long as such a system is available without cost to the pharmacy, shopkeeper, or itinerant vendor for accessing the system. The pharmacy, shopkeeper, or itinerant vendor may not complete the sale if the system generates a stop sale alert, except as permitted in RCW 69.43.165.

(b) If a pharmacy, shopkeeper, or itinerant vendor selling a nonprescription drug containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers experiences mechanical or electronic failure of the electronic sales tracking system and is unable to comply with the electronic sales tracking requirement, he or she shall maintain a written log or an alternative electronic record-keeping mechanism until such time as he or she is able to comply with the electronic sales tracking requirement.

(c) A pharmacy, shopkeeper, or itinerant vendor selling a nonprescription drug containing ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers may seek an exemption from submitting transactions to the electronic sales tracking system in writing to the pharmacy quality assurance commission stating the reasons for the exemption. The commission may grant an exemption for good cause shown, but in no event shall a granted exemption exceed one hundred eighty days. The commission may grant multiple exemptions for any pharmacy, shopkeeper, or itinerant vendor if the good cause shown indicates significant hardship for compliance with this section. A pharmacy, shopkeeper, or itinerant vendor that receives an exemption shall maintain a logbook in hardcopy form and must require the purchaser to provide the information required under this section before the completion of any sale. The logbook shall be maintained as a record of each sale for inspection by any law enforcement officer or commission inspector during normal business hours in accordance with any rules adopted pursuant to RCW 69.43.165. For purposes of this subsection (4)(c),
"good cause" includes, but is not limited to, situations where the installation of the necessary equipment to access the system is unavailable or cost prohibitive to the pharmacy, shopkeeper, or itinerant vendor.

(d) A pharmacy, shopkeeper, or itinerant vendor may withdraw from participating in the electronic sales tracking system if the system is no longer being furnished without cost for accessing the system. A pharmacy, shopkeeper, or itinerant vendor who withdraws from the electronic sales tracking system is subject to the same requirements as a pharmacy, shopkeeper, or itinerant vendor who has been granted an exemption under (c) of this subsection.

(ii) "Cost for accessing the system" does not include:
(A) Costs relating to required internet access;
(B) Optional hardware that a pharmacy may choose to purchase for work flow purposes; or

(1) The pharmacy quality assurance commission shall implement a real-time electronic sales tracking system to monitor the nonprescription sale of products in this state containing any detectable quantity of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, provided that the system is available to the state without cost for accessing the system to the state or retailers. The commission is authorized to enter into a public-private partnership, through a memorandum of understanding or similar arrangement, to make the system available.

(2) The records submitted to the tracking system are for the confidential use of the pharmacy, shopkeeper, or itinerant vendor who submitted them, except that:

(a) The records must be produced in court when lawfully required;

(b) The records must be open for inspection by the pharmacy quality assurance commission; and

(c) The records must be available to any general or limited authority Washington peace officer to enforce the provisions of this chapter or to federal law enforcement officers in accordance with rules adopted by the pharmacy quality assurance commission regarding the privacy of the purchaser of products covered by chapter 182, Laws of 2010 and law enforcement access to the records submitted to the tracking system as provided in this section consistent with the federal combat meth act.

(3) The electronic sales tracking system shall be capable of generating a stop sale alert, which shall be a notification that completion of the sale would result in the seller or purchaser violating the quantity limits in RCW 69.43.110 (1) and (2). The system shall contain an override function for use by a dispenser of ephedrine, pseudoephedrine, phenylpropanolamine, or their salts, isomers, or salts of isomers, who has a reasonable fear of imminent bodily harm. Each instance in which the override function is utilized shall be logged by the system.

(4) The pharmacy quality assurance commission shall have the authority to adopt rules necessary to implement and enforce the provisions of this section. The pharmacy quality assurance commission shall adopt rules regarding the privacy of the purchaser of products covered by chapter 182, Laws of 2010, and any public or law enforcement access to the records submitted to the tracking system as provided in subsection (2)(c) of this section consistent with the federal combat meth act.

(5) The pharmacy quality assurance commission may not raise licensing or registration fees to fund the rule making or implementation of this section. [2013 c 19 § 79; 2010 c 182 § 3.]

69.43.168 Pharmacy, shopkeeper, or itinerant vendor—Electronic sales tracking system—Liability. A pharmacy, shopkeeper, or itinerant vendor participating in the electronic sales tracking system under RCW 69.43.110(4):

(1) Is not liable for civil damages resulting from any act or omission in carrying out the requirements of RCW 69.43.110(4), other than an act or omission constituting gross negligence or willful or wanton misconduct; and

(2) Is not liable for civil damages resulting from a data breach that was proximately caused by a failure on the part of the electronic sales tracking system to take reasonable care through the use of industry standard levels of encryption to guard against unauthorized access to account information that is in the possession or control of the system. [2010 c 182 § 4.]

69.43.180 Expansion of log requirements—Petition by law enforcement. (1) The Washington association of sheriffs and police chiefs or the Washington state patrol may petition the pharmacy quality assurance commission to apply the log requirements in *RCW 69.43.170 to one or more products that contain ephedrine, pseudoephedrine, or phenylpropanolamine, or their salts, isomers, or salts of isomers, that is not the only active ingredient and that is in liquid, liquid capsule, or gel capsule form. The petition shall establish that:

(a) Ephedrine, pseudoephedrine, or phenylpropanolamine can be effectively extracted from the product and converted into methamphetamine or another controlled dangerous substance; and

(b) Law enforcement, the Washington state patrol, or the department of ecology are finding substantial evidence that the product is being used for the illegal manufacture of methamphetamine or another controlled dangerous substance.

(2) The pharmacy quality assurance commission shall adopt rules when a petition establishes that requiring the application of the log requirements in *RCW 69.43.170 to the sale of the product at retail is warranted based upon the effectiveness and extent of use of the product for the illegal manufacture of methamphetamine or other controlled dangerous substances and the extent of the burden of any restrictions upon consumers. The pharmacy quality assurance commission may adopt emergency rules to apply the log requirements to the sale of a product when the petition establishes that the immediate restriction of the product is necessary in order to protect public health and safety. [2013 c 19 § 80; 2005 c 388 § 3.]

ARTICLE II
STANDARDS AND SCHEDULES

69.50.201 Enforcement of chapter—Authority to change schedules of controlled substances. (a) The commission shall enforce this chapter and may add substances to or delete or reschedule substances listed in RCW 69.50.204, 69.50.206, 69.50.208, 69.50.210, or 69.50.212 pursuant to the procedures of chapter 34.05 RCW.

(1) In making a determination regarding a substance, the commission shall consider the following:
   (i) the actual or relative potential for abuse;
   (ii) the scientific evidence of its pharmacological effect, if known;
   (iii) the state of current scientific knowledge regarding the substance;
   (iv) the history and current pattern of abuse;
   (v) the scope, duration, and significance of abuse;
   (vi) the risk to the public health;
   (vii) the potential of the substance to produce psychic or physiological dependence liability; and
   (viii) whether the substance is an immediate precursor of a controlled substance.

(2) The commission may consider findings of the federal Food and Drug Administration or the Drug Enforcement Administration as prima facie evidence relating to one or more of the determinative factors.

(b) After considering the factors enumerated in subsection (a) of this section, the commission shall make findings with respect thereto and adopt and cause to be published a rule controlling the substance upon finding the substance has a potential for abuse.

(c) The commission, without regard to the findings required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211 or the procedures prescribed by subsections (a) and (b) of this section, may place an immediate precursor in the same schedule in which the controlled substance of which it is an immediate precursor is placed or in any other schedule. If the commission designates a substance as an immediate precursor, substances that are precursors of the controlled precursor are not subject to control solely because they are precursors of the controlled precursor.

(d) If a substance is designated, rescheduled, or deleted as a controlled substance under federal law, the commission shall similarly control the substance under this chapter after the expiration of thirty days from the date of publication in the federal register of a final order designating the substance as a controlled substance or rescheduling or deleting the substance or from the date of issuance of an order of temporary scheduling under Section 508 of the federal Dangerous Drug Diversion Control Act of 1984, 21 U.S.C. Sec. 811(b), unless within that thirty-day period, the commission or an interested party objects to inclusion, rescheduling, temporary scheduling, or deletion. If no objection is made, the commission shall adopt and cause to be published, without the necessity of making determinations or findings as required by subsection (a) of this section or RCW 69.50.203, 69.50.205, 69.50.207, 69.50.209, and 69.50.211, a final rule, for which notice of proposed rule making is omitted, designating, rescheduling, temporarily scheduling, or deleting the substance. If an objection is made, the commission shall make a determination with respect to the designation, rescheduling, or deletion of the substance as provided by subsection (a) of this section. Upon receipt of an objection to inclusion, rescheduling, or deletion under this chapter by the commission, the commission shall publish notice of the receipt of the objection, and control under this chapter is stayed until the commission adopts a rule as provided by subsection (a) of this section.

(e) The commission, by rule and without regard to the requirements of subsection (a) of this section, may schedule a substance in Schedule I regardless of whether the substance is substantially similar to a controlled substance in Schedule I or II if the commission finds that scheduling of the substance on an emergency basis is necessary to avoid an imminent hazard to the public safety and the substance is not included in any other schedule or no exemption or approval is in effect for the substance under Section 505 of the federal Food, Drug, and Cosmetic Act, 21 U.S.C. Sec. 355. Upon receipt of notice under RCW 69.50.214, the commission shall initiate scheduling of the controlled substance analog on an emergency basis pursuant to this subsection. The scheduling of a substance under this subsection expires one year after the adoption of the scheduling rule. With respect to the finding of an imminent hazard to the public safety, the commission shall consider whether the substance has been scheduled on a temporary basis under federal law or factors set forth in subsection (a)(1)(iv), (v), and (vi) of this section, and may also consider clandestine importation, manufacture, or distribution, and, if available, information concerning the other factors set forth in subsection (a)(1) of this section. A rule may not be adopted under this subsection until the commission initiates a rule-making proceeding under subsection (a) of this section with respect to the substance. A rule adopted under this subsection must be vacated upon the conclusion of the rule-making proceeding initiated under subsection (a) of this section with respect to the substance.

(f) Authority to control under this section does not extend to distilled spirits, wine, malt beverages, or tobacco as those terms are defined or used in Titles 66 and 26 RCW.

69.50.201.

69.50.211 Schedule V tests. (a) The commission shall 
place a substance in Schedule V upon finding that:
(1) the substance has low potential for abuse relative to 
the controlled substances included in Schedule IV;  
(2) the substance has currently accepted medical use in 
treatment in the United States; and  
(3) abuse of the substance may lead to limited physical 
dependence or psychological dependence relative to the sub-
stances included in Schedule IV.  
(b) The commission may place a substance in Schedule 
V without being required to make the findings required by 
subsection (a) of this section if the substance is controlled 
under Schedule V of the federal Controlled Substances Act 
by a federal agency as the result of an international treaty, 
convention, or protocol. [2013 c 19 § 94; 1993 c 187 § 11; 
1971 ex.s. c 308 § 69.50.211.]

69.50.212 Schedule V. Unless specifically excepted by 
state or federal law or regulation or more specifically 
included in another schedule, the following controlled sub-
stances are listed in Schedule V: 
(a) Any compound, mixture, or preparation containing any 
of the following narcotic drugs, or their salts calculated 
as the free anhydrous base or alkaloid, in limited quantities as 
set forth in this subsection, which also contains one or more 
nonnarcotic active medicinal ingredients in sufficient propor-
tion to confer upon the compound, mixture, or preparation,
valuable medicinal qualities other than those possessed by the narcotic drug alone:

(1) Not more than 200 milligrams of codeine per 100 milliliters or per 100 grams;
(2) Not more than 100 milligrams of dihydrocodeine per 100 milliliters or per 100 grams;

Unless specifically exempted or excluded or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a stimulant effect on the central nervous system, including its salts, isomers, and salts of isomers: Pyrovalerone.

(c) Depressants. Unless specifically exempted or excluded or unless listed in another schedule, any material, compound, mixture, or preparation which contains any quantity of the following substances having a depressant effect on the central nervous system, including its salts:

(1) Lacosamide, [(R)-2-acetoamido-N-benzyl-3-methoxy-propionamide];
(2) Pregabalin, (S)-3-(aminomethyl)-5-methylhexanoic acid).

**69.50.213 Republishing of schedules.** The commission shall publish updated schedules annually. Failure to publish updated schedules is not a defense in any administrative or judicial proceeding under this chapter. [2013 c 19 § 95; 1993 c 187 § 13; 1971 ex.s. c 308 § 69.50.213.]

**69.50.214 Controlled substance analog.** A controlled substance analog, to the extent intended for human consumption, shall be treated, for the purposes of this chapter, as a substance included in Schedule I. Within thirty days after the initiation of prosecution with respect to a controlled substance analog by indictment or information, the prosecuting attorney shall notify the commission of information relevant to emergency scheduling as provided for in RCW 69.50.201(e). After final determination that the controlled substance analog should not be scheduled, no prosecution relating to that substance as a controlled substance analog may continue or take place. [2013 c 19 § 96; 1993 c 187 § 14.]

(2016 Ed.)
69.50.210, and 69.50.212 unless the commission determines that the issuance of that registration would be inconsistent with the public interest. In determining the public interest, the commission shall consider the following factors:

1. maintenance of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;
2. compliance with applicable state and local law;
3. promotion of technical advances in the art of manufacturing controlled substances and the development of new substances;
4. any convictions of the applicant under any laws of another country or federal or state laws relating to any controlled substance;
5. past experience in the manufacture or distribution of controlled substances, and the existence in the applicant's establishment of effective controls against diversion of controlled substances into other than legitimate medical, scientific, research, or industrial channels;
6. furnishing by the applicant of false or fraudulent material in any application filed under this chapter;
7. suspension or revocation of the applicant's federal registration to manufacture, distribute, or dispense controlled substances as authorized by federal law; and
8. any other factors relevant to and consistent with the public health and safety.

(b) Registration under subsection (a) of this section does not entitle a registrant to manufacture or distribute controlled substances included in Schedule I or II other than those specified in the registration.

(c) Practitioners must be registered, or exempted under RCW 69.50.302(d), to dispense any controlled substances or to conduct research with controlled substances included in Schedules II through V if they are authorized to dispense or conduct research under the law of this state. The commission need not require separate registration under this Article for practitioners engaging in research with nonnarcotic substances included in Schedules II through V where the registrant is already registered under this Article in another capacity. Practitioners registered under federal law to conduct research with substances included in Schedule I may conduct research with substances included in Schedule I within this state upon furnishing the commission evidence of that federal registration.

(d) A manufacturer or distributor registered under the federal Controlled Substances Act, 21 U.S.C. Sec. 801 et seq., may submit a copy of the federal application as an application for registration as a manufacturer or distributor under this section. The commission may require a manufacturer or distributor to submit information in addition to the application for registration under the federal act. [2013 c 19 § 99; 1993 c 187 § 17; 1989 1st ex.s. c 9 § 433; 1971 ex.s. c 308 § 69.50.303.]

69.50.304 Revocation and suspension of registration—Seizure or placement under seal of controlled substances. (a) A registration, or exemption from registration, under RCW 69.50.303 to manufacture, distribute, or dispense a controlled substance may be suspended or revoked by the commission upon finding that the registrant has:

1. furnished false or fraudulent material information in any application filed under this chapter;
2. been convicted of a felony under any state or federal law relating to any controlled substance;
3. had the registrant's federal registration suspended or revoked and is no longer authorized by federal law to manufacture, distribute, or dispense controlled substances; or
4. committed acts that would render registration under RCW 69.50.303 inconsistent with the public interest as determined under that section.

(b) The commission may limit revocation or suspension of a registration to the particular controlled substance or schedule of controlled substances, with respect to which grounds for revocation or suspension exist.

(c) If the commission suspends or revokes a registration, all controlled substances owned or possessed by the registrant at the time of suspension or the effective date of the revocation order may be placed under seal. No disposition may be made of substances under seal until the time for taking an appeal has elapsed or until all appeals have been concluded unless a court, upon application, orders the sale of perishable substances and the deposit of the proceeds of the sale with the court. Upon a revocation order becoming final, all controlled substances may be forfeited to the state.

(d) The department may seize or place under seal any controlled substance owned or possessed by a registrant whose registration has expired or who has ceased to practice or do business in the manner contemplated by the registration. The controlled substance must be held for the benefit of the registrant or the registrant's successor in interest. The department shall notify the applicant, or the registrant's successor in interest, who has any controlled substance seized or placed under seal, of the procedures to be followed to secure the return of the controlled substance and the conditions under which it will be returned. The department may not dispose of any controlled substance seized or placed under seal under this subsection until the expiration of one hundred eighty days after the controlled substance was seized or placed under seal. The costs incurred by the department in seizing, placing under seal, maintaining custody, and disposing of any controlled substance under this subsection may be recovered from the registrant, any proceeds obtained from the disposition of the controlled substance, or from both. Any balance remaining after the costs have been recovered from the proceeds of any disposition must be delivered to the registrant or the registrant's successor in interest.

(e) The department shall promptly notify the drug enforcement administration of all orders restricting, suspending, or revoking registration and all forfeitures of controlled substances. [2013 c 19 § 100; 1993 c 187 § 18; 1989 1st ex.s. c 9 § 434; 1986 c 124 § 8; 1971 ex.s. c 308 § 69.50.304.]

69.50.305 Procedure for denial, suspension, or revocation of registration. (a) Any registration, or exemption from registration, issued pursuant to the provisions of this chapter shall not be denied, suspended, or revoked unless the commission denies, suspends, or revokes such registration, or exemption from registration, by proceedings consistent with the administrative procedure act, chapter 34.05 RCW.

[Title 69 RCW—page 84]
69.50.306  Records of registrants. Persons registered, or exempted from registration under RCW 69.50.302(d), to manufacture, distribute, dispense, or administer controlled substances under this chapter shall keep records and maintain inventories in conformance with the recordkeeping and inventory requirements of federal law and with any additional rules the commission issues. [2013 c 19 § 102; 1971 ex.s. c 308 § 69.50.306.]

69.50.308  Prescriptions. (a) A controlled substance may be dispensed only as provided in this section. Prescriptions electronically communicated must also meet the requirements under RCW 69.50.312.

(b) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule II may not be dispensed without the written or electronically communicated prescription of a practitioner.

(1) Schedule II narcotic substances may be dispensed by a pharmacy pursuant to a facsimile prescription under the following circumstances:

(i) The facsimile prescription is transmitted by a practitioner to the pharmacy;

(ii) The facsimile prescription is for a patient in a long-term care facility or a hospice program; and

(iii) The practitioner or the practitioner's agent notes on the facsimile prescription that the patient is a long-term care or hospice patient.

(2) Injectable Schedule II narcotic substances that are to be compounded for patient use may be dispensed by a pharmacy pursuant to a facsimile prescription if the facsimile prescription is transmitted by a practitioner to the pharmacy.

(3) Under (1) and (2) of this subsection the facsimile prescription shall serve as the original prescription and shall be maintained as other Schedule II narcotic substances prescriptions.

(c) In emergency situations, as defined by rule of the commission, a substance included in Schedule II may be dispensed upon oral prescription of a practitioner, reduced promptly to writing and filed by the pharmacy. Prescriptions shall be retained in conformity with the requirements of RCW 69.50.306.

(d) A prescription for a substance included in Schedule II may not be refilled. A prescription for a substance included in Schedule II may not be filled more than six months after the date the prescription was issued.

(e) Except when dispensed directly by a practitioner authorized to prescribe or administer a controlled substance, other than a pharmacy, to an ultimate user, a substance included in Schedule III, IV, or V, which is a prescription drug as determined under RCW 69.04.560, may not be dispensed without a written, oral, or electronically communicated prescription of a practitioner. Any oral prescription must be promptly reduced to writing.

(f) A written, oral, or electronically communicated prescription for a substance included in Schedule III, IV, or V, which is a prescription drug as determined under RCW 69.04.560, for a resident in a long-term care facility or hospice program may be communicated to the pharmacy by an authorized agent of the prescriber. A registered nurse, pharmacist, or physician practicing in a long-term care facility or hospice program may act as the practitioner's agent for purposes of this section, without need for a written agency agreement.

(g) The prescription for a substance included in Schedule III, IV, or V may not be filled or refilled more than six months after the date issued by the practitioner or be refilled more than five times, unless renewed by the practitioner.

(h) A valid prescription or lawful order of a practitioner, in order to be effective in legalizing the possession of controlled substances, must be issued in good faith for a legitimate medical purpose by one authorized to prescribe the use of such controlled substance. An order purporting to be a prescription not in the course of professional treatment is not a valid prescription or lawful order of a practitioner within the meaning and intent of this chapter; and the person who knows or should know that the person is filling such an order, as well as the person issuing it, can be charged with a violation of this chapter.

(i) A substance included in Schedule V must be distributed or dispensed only for a medical purpose.

(j) A practitioner may dispense or deliver a controlled substance to or for an individual or animal only for medical treatment or authorized research in the ordinary course of that practitioner's profession. Medical treatment includes dispensing or administering a narcotic drug for pain, including intractable pain.

(k) No administrative sanction, or civil or criminal liability, authorized or created by this chapter may be imposed on a pharmacist for action taken in reliance on a reasonable belief that an order purporting to be a prescription was issued by a practitioner in the usual course of professional treatment or in authorized research.

(l) An individual practitioner may not dispense a substance included in Schedule II, III, or IV for that individual practitioner's personal use.

69.50.310 Sodium pentobarbital—Registration of
humane societies and animal control agencies for use in
animal control. On and after September 21, 1977, a humane
society and animal control agency may apply to the depart-
ment for registration pursuant to the applicable provisions of
this chapter for the sole purpose of being authorized to pur-
chase, possess, and administer sodium pentobarbital to euth-
elize injured, sick, homeless, or unwanted domestic pets and
animals. Any agency so registered shall not permit a person
to administer sodium pentobarbital unless such person has
demonstrated adequate knowledge of the potential hazards
and proper techniques to be used in administering this drug.

The department may issue a limited registration to carry
out the provisions of this section. The commission shall pro-
mulgate such rules as it deems necessary to insure strict com-
pliance with the provisions of this section. The commission
may suspend or revoke registration upon determination that
the person administering sodium pentobarbital has not
demonstrated adequate knowledge as herein provided. This
authority is granted in addition to any other power to suspend
or revoke registration as provided by law. [2013 c 19 § 104;

69.50.311 Triplicate prescription form program—
Compliance by health care practitioners. Any licensed
health care practitioner with prescription or dispensing
authority shall, as a condition of licensure and as directed by
the practitioner's disciplinary board, consent to the require-
ment, if imposed, of complying with a triplicate prescription
form program as may be established by rule by the depart-
ment of health. [1989 1st ex.s. c 9 § 436; 1984 c 153 § 20.]

69.50.312 Electronic communication of prescription
information—Commission may adopt rules. (1) Informa-
tion concerning a prescription for a controlled substance
included in Schedules II through V, or information concern-
ing a refill authorization for a controlled substance included
in Schedules III through V[,] may be electronically commu-
nicated to a pharmacy of the patient's choice pursuant to the
provisions of this chapter if the electronically communicated
prescription information complies with the following:
(a) Electronically communicated prescription information
must comply with all applicable statutes and rules regarding the
form, content, recordkeeping, and processing of a prescription for a legend drug;
(b) The system used for transmitting electronically com-
municated prescription information must be approved by the
commission and in accordance with federal rules for elec-
tronically communicated prescriptions for controlled sub-
stance[s] included in Schedules II through V, as set forth in
Title 21 C.F.R. Parts 1300, 1304, 1306, and 1311. This sub-
section does not apply to currently used facsimile equipment
transmitting an exact visual image of the prescription. The
commission shall maintain and provide, upon request, a list
of systems used for electronically communicating prescription
information currently approved by the commission;
(c) An explicit opportunity for practitioners must be
made to indicate their preference on whether a therapeuti-
cally equivalent generic drug may be substituted;
(d) Prescription drug orders are confidential health infor-

kill more than thirty-eight thousand people nationwide in 2006, the last year for which firm data is available. The Washington state department of health reports that in 1999 unintentional drug poisoning was responsible for four hundred three deaths in this state; in 2007, the number had increased to seven hundred sixty-one, compared with six hundred ten motor vehicle-related deaths that same year. Many drug overdose fatalities occur because peers delay or forego calling 911 for fear of arrest or police involvement, which researchers continually identify as the most significant barrier to the ideal first response of calling emergency services." [2010 c 9 § 1.]

69.50.320 Registration of department of fish and wildlife for use in chemical capture programs—Rules. The department of fish and wildlife may apply to the department of health for registration pursuant to the applicable provisions of this chapter to purchase, possess, and administer controlled substances for use in chemical capture programs. The department of fish and wildlife must not permit a person to administer controlled substances unless the person has demonstrated adequate knowledge of the potential hazards and proper techniques to be used in administering controlled substances.

The department of health may issue a limited registration to carry out the provisions of this section. The commission may adopt rules to ensure strict compliance with the provisions of this section. The commission, in consultation with the department of fish and wildlife, must by rule add or remove additional controlled substances for use in chemical capture programs. The commission shall suspend or revoke registration upon determination that the person administering controlled substances has not demonstrated adequate knowledge as required by this section. This authority is granted in addition to any other power to suspend or revoke registration as provided by law. [2013 c 19 § 106; 2003 c 175 § 2.]

Findings—2003 c 175: "The legislature finds that the department of fish and wildlife is responsible for the proper management of the state's diverse wildlife resources. Wildlife management often requires the department of fish and wildlife to immobilize individual animals in order for the animals to be moved, treated, examined, or for other legitimate purposes. The legislature finds that it is often necessary for the department to use certain controlled substances to accomplish these purposes. Therefore, the legislature finds that the department of fish and wildlife, in coordination with the "board of pharmacy, must be enabled to use approved controlled substances in order to accomplish its legitimate wildlife management goals." [2003 c 175 § 1.]

"Reviser's note: Chapter 19, Laws of 2013 changed "board of pharmacy" to "pharmacy quality assurance commission."

Effective date—2016 c 170: "This act takes effect July 1, 2016." [2016 c 170 § 3.]

Intent—2013 c 3 (Initiative Measure No. 502): See note following RCW 69.50.101.

69.50.328 Marijuana producers, processors—No direct or indirect financial interest in licensed marijuana retailers. Neither a licensed marijuana producer nor a licensed marijuana processor shall have a direct or indirect
financial interest in a licensed marijuana retailer. [2013 c 3 § 5 (Initiative Measure No. 502, approved November 6, 2012).]

Intent—2013 c 3 (Initiative Measure No. 502): See note following RCW 69.50.101.

69.50.331 Application for license. (1) For the purpose of considering any application for a license to produce, process, research, transport, or deliver marijuana, useable marijuana, marijuana concentrates, or marijuana-infused products subject to the regulations established under RCW 69.50.385, or sell marijuana, or for the renewal of a license to produce, process, research, transport, or deliver marijuana, useable marijuana, marijuana concentrates, or marijuana-infused products subject to the regulations established under RCW 69.50.385, or sell marijuana, the state liquor and cannabis board must conduct a comprehensive, fair, and impartial evaluation of the applications timely received.

(a) The state liquor and cannabis board must develop a competitive, merit-based application process that includes, at a minimum, the opportunity for an applicant to demonstrate experience and qualifications in the marijuana industry. The state liquor and cannabis board must give preference between competing applications in the licensing process to applicants that have the following experience and qualifications, in the following order of priority:

(i) First priority is given to applicants who:
   (A) Applied to the state liquor and cannabis board for a marijuana retailer license prior to July 1, 2014;
   (B) Operated or were employed by a collective garden before January 1, 2013;
   (C) Have maintained a state business license and a municipal business license, as applicable in the relevant jurisdiction; and
   (D) Have had a history of paying all applicable state taxes and fees;

(ii) Second priority must be given to applicants who:
   (A) Operated or were employed by a collective garden before January 1, 2013;
   (B) Have maintained a state business license and a municipal business license, as applicable in the relevant jurisdiction; and
   (C) Have had a history of paying all applicable state taxes and fees; and

(iii) Third priority must be given to all other applicants who do not have the experience and qualifications identified in (a)(i) and (ii) of this subsection.

(b) The state liquor and cannabis board may cause an inspection of the premises to be made, and may inquire into all matters in connection with the construction and operation of the premises. For the purpose of reviewing any application for a license and for considering the denial, suspension, revocation, or renewal or denial thereof, of any license, the state liquor and cannabis board may consider any prior criminal conduct of the applicant including an administrative violation history record with the state liquor and cannabis board and a criminal history record information check. The state liquor and cannabis board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor and cannabis board must require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation. The provisions of RCW 9.95.240 and of chapter 9.96A RCW do not apply to these cases. Subject to the provisions of this section, the state liquor and cannabis board may, in its discretion, grant or deny the renewal or license applied for. Denial may be based on, without limitation, the existence of chronic illegal activity documented in objections submitted pursuant to subsections (7)(c) and (10) of this section. Authority to approve an uncontested or unopposed license may be granted by the state liquor and cannabis board to any staff member the board designates in writing. Conditions for granting this authority must be adopted by rule.

(c) No license of any kind may be issued to:
   (i) A person under the age of twenty-one years;
   (ii) A person doing business as a sole proprietor who has not lawfully resided in the state for at least six months prior to applying to receive a license;
   (iii) A partnership, employee cooperative, association, nonprofit corporation, or corporation unless formed under the laws of this state, and unless all of the members thereof are qualified to obtain a license as provided in this section; or
   (iv) A person whose place of business is conducted by a manager or agent, unless the manager or agent possesses the same qualifications required of the licensee.

(2)(a) The state liquor and cannabis board may, in its discretion, subject to the provisions of RCW 69.50.334, suspend or cancel any license; and all protections of the licensee from criminal or civil sanctions under state law for producing, processing, researching, or selling marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products thereunder must be suspended or terminated, as the case may be.

(b) The state liquor and cannabis board must immediately suspend the license of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license is automatic upon the state liquor and cannabis board's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

(c) The state liquor and cannabis board may request the appointment of administrative law judges under chapter 34.12 RCW who shall have power to administer oaths, issue subpoenas for the attendance of witnesses and the production of papers, books, accounts, documents, and testimony, examine witnesses, and receive testimony in any inquiry, investigation, hearing, or proceeding in any part of the state, under rules and regulations the state liquor and cannabis board may adopt.

(d) Witnesses must be allowed fees and mileage each way to and from any inquiry, investigation, hearing, or proceeding at the rate authorized by RCW 34.05.446. Fees need not be paid in advance of appearance of witnesses to testify or to produce books, records, or other legal evidence.

(e) In case of disobedience of any person to comply with the order of the state liquor and cannabis board or a subpoena
issued by the state liquor and cannabis board, or any of its members, or administrative law judges, or on the refusal of a witness to testify to any matter regarding which he or she may be lawfully interrogated, the judge of the superior court of the county in which the person resides, on application of any member of the board or administrative law judge, compels obedience by contempt proceedings, as in the case of disobedience of the requirements of a subpoena issued from said court or a refusal to testify therein.

(3) Upon receipt of notice of the suspension or cancellation of a license, the licensee must forthwith deliver up the license to the state liquor and cannabis board. Where the license has been suspended only, the state liquor and cannabis board must return the license to the licensee at the expiration or termination of the period of suspension. The state liquor and cannabis board must notify all other licensees in the county where the subject licensee has its premises of the suspension or cancellation of the license; and no other licensee or employee of another licensee may allow or cause any marijuana, marijuana concentrates, useable marijuana, or marijuana-infused products to be delivered to or for any person at the premises of the subject licensee.

(4) Every license issued under this chapter is subject to all conditions and restrictions imposed by this chapter or by rules adopted by the state liquor and cannabis board to implement and enforce this chapter. All conditions and restrictions imposed by the state liquor and cannabis board in the issuance of an individual license must be listed on the face of the individual license along with the trade name, address, and expiration date.

(5) Every licensee must post and keep posted its license, or licenses, in a conspicuous place on the premises.

(6) No licensee may employ any person under the age of twenty-one years.

(7)(a) Before the state liquor and cannabis board issues a new or renewed license to an applicant it must give notice of the application to the chief executive officer of the incorporated city or town, if the application is for a license within an incorporated city or town, or to the county legislative authority, if the application is for a license outside the boundaries of incorporated cities or towns.

(b) The incorporated city or town through the official or employee selected by it, has the right to file with the state liquor and cannabis board within twenty days after the date of transmittal of the notice for applications, or at least thirty days prior to the expiration date for renewals, written objections against the application or against the premises for which the new or renewed license is asked. The state liquor and cannabis board may extend the time period for submitting written objections.

(c) The written objections must include a statement of all facts upon which the objections are based, and in case written objections are filed, the city or town or county legislative authority may request, and the state liquor and cannabis board may in its discretion hold, a hearing subject to the applicable provisions of Title 34 RCW. If the state liquor and cannabis board makes an initial decision to deny a license or renewal based on the written objections of an incorporated city or town or county legislative authority, the applicant may request a hearing subject to the applicable provisions of Title 34 RCW. If a hearing is held at the request of the applicant, state liquor and cannabis board representatives must present and defend the state liquor and cannabis board's initial decision to deny a license or renewal.

(d) Upon the granting of a license under this title the state liquor and cannabis board must send written notification to the chief executive officer of the incorporated city or town in which the license is granted, or to the county legislative authority if the license is granted outside the boundaries of incorporated cities or towns.

(8)(a) Except as provided in (b) through (d) of this subsection, the state liquor and cannabis board may not issue a license for any premises within one thousand feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, or library, or any game arcade admission to which is not restricted to persons aged twenty-one years or older.

(b) A city, county, or town may permit the licensing of premises within one thousand feet but not less than one hundred feet of the facilities described in (a) of this subsection, except elementary schools, secondary schools, and playgrounds, by enacting an ordinance authorizing such distance reduction, provided that such distance reduction will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement interests, public safety, or public health.

(c) A city, county, or town may permit the licensing of research premises allowed under RCW 69.50.372 within one thousand feet but not less than one hundred feet of the facilities described in (a) of this subsection by enacting an ordinance authorizing such distance reduction, provided that the ordinance will not negatively impact the jurisdiction's civil regulatory enforcement, criminal law enforcement, public safety, or public health.

(d) The state liquor and cannabis board may license premises located in compliance with the distance requirements set in an ordinance adopted under (b) or (c) of this subsection. Before issuing or renewing a research license for premises within one thousand feet but not less than one hundred feet of an elementary school, secondary school, or playground in compliance with an ordinance passed pursuant to (c) of this subsection, the board must ensure that the facility:

(i) Meets a security standard exceeding that which applies to marijuana producer, processor, or retailer licensees;

(ii) Is inaccessible to the public and no part of the operation of the facility is in view of the general public; and

(iii) Bears no advertising or signage indicating that it is a marijuana research facility.

(9) Subject to *section 1601 of this act, a city, town, or county may adopt an ordinance prohibiting a marijuana producer or marijuana processor from operating or locating a business within areas zoned primarily for residential use or rural use with a minimum lot size of five acres or smaller.

(10) In determining whether to grant or deny a license or renewal of any license, the state liquor and cannabis board must give substantial weight to objections from an incorporated city or town or county legislative authority based upon chronic illegal activity associated with the applicant's operations of the premises proposed to be licensed or the appli-
cant's operation of any other licensed premises, or the conduct of the applicant's or licensee's operation of any licensed premises. "Chronic illegal activity" means (a) a pervasive pattern of activity that threatens the public health, safety, and welfare of the city, town, or county including, but not limited to, open container violations, assaults, disturbances, disorderly conduct, or other criminal law violations, or as documented in crime statistics, police reports, emergency medical response data, calls for service, field data, or similar records of a law enforcement agency for the city, town, county, or any other municipal corporation or any state agency; or (b) an unreasonably high number of citations for violations of RCW 46.61.502 associated with the applicant's or licensee's operation of any licensed premises as indicated by the reported statements given to law enforcement upon arrest. [2015 2nd sp.s. c 4 § 301; 2015 c 70 § 6; 2013 c 3 § 6 (Initiative Measure No. 502, approved November 6, 2012).]

*Revisor's note: Section 1601 of this act is a reference to a section in an earlier version of Second Engrossed Second Substitute House Bill No. 2136.

Findings—Intent—Effective dates—2015 2nd sp.s. c 4: See notes following RCW 69.50.334.

Intent—2013 c 3 (Initiative Measure No. 502): See note following RCW 69.50.101.

69.50.334 Denial of application—Opportunity for hearing. (1) The action, order, or decision of the state liquor and cannabis board as to any denial of an application for the reissuance of a license to produce, process, or sell marijuana, or as to any revocation, suspension, or modification of any license to produce, process, or sell marijuana, or as to the administrative review of a notice of unpaid trust fund taxes under RCW 69.50.565, must be an adjudicative proceeding and subject to the applicable provisions of chapter 34.05 RCW.

(2) An opportunity for a hearing may be provided to an applicant for the reissuance of a license prior to the disposition of the application, and if no opportunity for a prior hearing is provided then an opportunity for a hearing to reconsider the application must be provided the applicant.

(3) An opportunity for a hearing must be provided to a licensee prior to a revocation or modification of any license and, except as provided in subsection (6) of this section, prior to the suspension of any license.

(4) An opportunity for a hearing must be provided to any person issued a notice of unpaid trust fund taxes under RCW 69.50.565.

(5) No hearing may be required under this section until demanded by the applicant, licensee, or person issued a notice of unpaid trust fund taxes under RCW 69.50.565.

(6) The state liquor and cannabis board may summarily suspend a license for a period of up to one hundred eighty days without a prior hearing if it finds that public health, safety, or welfare imperatively require emergency action, and it incorporates a finding to that effect in its order. Proceedings for revocation or other action must be promptly instituted and determined. An administrative law judge may extend the summary suspension period for up to one calendar year from the first day of the initial summary suspension in the event the proceedings for revocation or other action cannot be completed during the initial one hundred eighty-day period due to actions by the licensee. The state liquor and cannabis board's enforcement division shall complete a preliminary staff investigation of the violation before requesting an emergency suspension by the state liquor and cannabis board. [2015 2nd sp.s. c 4 § 201; 2013 c 3 § 7 (Initiative Measure No. 502, approved November 6, 2012).]

Findings—Intent—2015 2nd sp.s. c 4: 
(1)(a) The legislature finds the implementation of Initiative Measure No. 502 has established a clearly disadvantaged regulated legal market with respect to prices and the ability to compete with the unregulated medical dispensary market and the illicit market. The legislature further finds that it is crucial that the state continues to ensure a safe, highly regulated system in Washington that protects valuable state revenues while continuing efforts towards disbanding the unregulated marijuana markets. The legislature further finds that ongoing evaluation on the impact of meaningful marijuana tax reform for the purpose of stabilizing revenues is crucial to the overall effort of protecting the citizens and resources of this state. The legislature further finds that a partnership with local jurisdictions in this effort is imperative to the success of the legislature's policy objective. The legislature further finds that sharing revenues to promote a successful partnership in achieving the legislature's intent should be transparent and hold local jurisdictions accountable for their use of state shared revenues. Therefore, the legislature intends to reform the current tax structure for the regulated legal marijuana system to create price parity with the large medical and illicit markets with the specific objective of increasing the market share of the legal and highly regulated marijuana market. The legislature further intends to share marijuana tax revenues with local jurisdictions for public safety purposes and to facilitate the ongoing process of ensuring a safe regulated marijuana market in all communities across the state.

(b) The legislature further finds marijuana use for qualifying patients is a valid and necessary option health care professionals may recommend for their patients. The legislature further finds that while recognizing the difference between recreational and medical use of marijuana, it is also imperative to distinguish that the authorization for medical use of marijuana is different from a valid prescription provided by a doctor to a patient. The legislature further finds the authorization for medical use of marijuana is unlike over-the-counter medications that require no oversight by a health care professional. Therefore, the legislature further finds that due to the unique characterization of authorizations for the medical use of marijuana, the policy of providing a tax preference benefit for patients using an authorization should be maintained. The legislature further finds that ongoing evaluation on the unique characteristics of marijuana use for qualifying patients or their designated providers a retail sales and use tax exemption on marijuana purchased or obtained for medical use when authorized by a health care professional.

(c) It is the legislature's specific public policy objective to provide qualifying patients and their designated providers a retail sales and use tax exemption on marijuana purchased or obtained by qualifying patients or their designated providers provided in RCW 82.08.9998(1) and 82.12.9998(1). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(d) The legislature categorizes the tax preference as one intended to accomplish the general purposes indicated in RCW 82.32.808(2)(e).

(e) It is the legislature's specific public policy objective to provide qualifying patients and their designated providers a retail sales and use tax exemption on marijuana purchased or obtained for medical use when authorized by a health care professional.

(f) To measure the effectiveness of the tax exemption provided in chapter 4, Laws of 2015 2nd sp. sess. in achieving the specific public policy objective described in (c) of this subsection, the department of revenue must provide the necessary data and assistance to the state liquor and cannabis board for the report required in RCW 69.50.535. * [2015 2nd sp.s. c 4 § 101.]

### 69.50.339 Transfer of license to produce, process, or sell marijuana—Reporting of proposed sales of outstanding or issued stock of a corporation

(1) If the state liquor control board approves, a license to produce, process, or sell marijuana may be transferred, without charge, to the surviving spouse or domestic partner of a deceased licensee if the license was issued in the names of one or both of the parties. For the purpose of considering the qualifications of the surviving party to receive a marijuana producer's, marijuana processor's, or marijuana retailer's license, the state liquor control board may require a criminal history record information check. The state liquor control board may submit the criminal history record information check to the Washington state patrol and to the identification division of the federal bureau of investigation in order that these agencies may search their records for prior arrests and convictions of the individual or individuals who filled out the forms. The state liquor control board shall require fingerprinting of any applicant whose criminal history record information check is submitted to the federal bureau of investigation.

(2) The proposed sale of more than ten percent of the outstanding or issued stock of a corporation licensed under chapter 3, Laws of 2013, or any proposed change in the officers of such a corporation, must be reported to the state liquor control board, and the state liquor control board approval must be obtained before the changes are made. A fee of seventy-five dollars will be charged for the processing of the change of stock ownership or corporate officers. [2013 c 3 § 8 (Initiative Measure No. 502, approved November 6, 2012).]

69.50.345 State liquor and cannabis board—Rules—Procedures and criteria. The state liquor and cannabis board, subject to the provisions of this chapter, must adopt rules that establish the procedures and criteria necessary to implement the following:

(1) Licensing of marijuana producers, marijuana processors, and marijuana retailers, including prescribing forms and establishing application, reinstatement, and renewal fees.

(a) Application forms for marijuana producers must request the applicant to state whether the applicant intends to produce marijuana for sale by marijuana retailers holding medical marijuana endorsements and the amount of or percentage of canopy the applicant intends to commit to growing plants determined by the department under RCW 69.50.375 to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products sold to qualifying patients.

(b) The state liquor and cannabis board must reconsider and increase limits on the amount of square feet permitted to be in production on July 24, 2015, and increase the percentage of production space for those marijuana producers who intend to grow plants for marijuana retailers holding medical marijuana endorsements if the marijuana producer designates the increased production space to plants determined by the department under RCW 69.50.375 to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products to be sold to qualifying patients. If current marijuana producers do not use all the increased production space, the state liquor and cannabis board may reopen the license period for new marijuana producer license applicants but only to those marijuana producers who agree to grow plants for marijuana retailers holding medical marijuana endorsements. Priority in licensing must be given to marijuana producers who agree to grow plants for marijuana retailers holding medical marijuana endorsements and the amount of or percentage of canopy the applicant intends to commit to growing plants determined by the department under RCW 69.50.375 to be of a THC concentration, CBD concentration, or THC to CBD ratio appropriate for marijuana concentrates, useable marijuana, or marijuana-infused products to be sold to qualifying patients.

(2) Determining, in consultation with the office of financial management, the maximum number of retail outlets that may be licensed in each county, taking into consideration:

(a) Population distribution;

(b) Security and safety issues;

(c) The provision of adequate access to licensed sources of marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(d) The number of retail outlets holding medical marijuana endorsements necessary to meet the medical needs of qualifying patients. The state liquor and cannabis board must reconsider and increase the maximum number of retail outlets it established before July 24, 2015, and allow for a new license application period and a greater number of retail outlets to be permitted in order to accommodate the medical needs of qualifying patients and designated providers. After January 1, 2017, any reconsideration of the maximum number of retail outlets needed to meet the medical needs of qualifying patients must consider information contained in the medical marijuana authorization database established in RCW 69.51A.230;

(3) Determining the maximum quantity of marijuana a marijuana producer may have on the premises of a licensed location at any time without violating Washington state law;

(4) Determining the maximum quantities of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana processor may have on the premises of a licensed location at any time without violating Washington state law;

(5) Determining the maximum quantities of marijuana concentrates, useable marijuana, and marijuana-infused products a marijuana retailer may have on the premises of a retail outlet at any time without violating Washington state law;

(6) In making the determinations required by this section, the state liquor and cannabis board shall take into consideration:

(a) Security and safety issues;

(b) The provision of adequate access to licensed sources of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products to discourage purchases from the illegal market; and

(c) Economies of scale, and their impact on licensees' ability to both comply with regulatory requirements and undercut illegal market prices;

(7) Determining the nature, form, and capacity of all containers to be used by licensees to contain marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products, and their labeling requirements, to include but not be limited to:

(a) The business or trade name and Washington state unified business identifier number of the licensees that processed and sold the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(b) Lot numbers of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(c) THC concentration and CBD concentration of the marijuana, marijuana concentrates, useable marijuana, or marijuana-infused product;

(d) Medically and scientifically accurate information about the health and safety risks posed by marijuana use; and

(e) Language required by RCW 69.04.480;

(8) In consultation with the department of agriculture and the department, establishing classes of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products according to grade, condition, cannabinoid profile, THC concentration, CBD concentration, or other qualitative measurements deemed appropriate by the state liquor and cannabis board;

(9) Establishing reasonable time, place, and manner restrictions and requirements regarding advertising of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products that are not inconsistent with the provisions of this chapter, taking into consideration:

(a) Federal laws relating to marijuana that are applicable within Washington state;

(b) Minimizing exposure of people under twenty-one years of age to the advertising;
(c) The inclusion of medically and scientifically accurate information about the health and safety risks posed by marijuana use in the advertising; and

(d) Ensuring that retail outlets with medical marijuana endorsements may advertise themselves as medical retail outlets;

(10) Specifying and regulating the time and periods when, and the manner, methods, and means by which, licensees shall transport and deliver marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products within the state;

(11) In consultation with the department and the department of agriculture, establishing accreditation requirements for testing laboratories used by licensees to demonstrate compliance with standards adopted by the state liquor and cannabis board, and prescribing methods of producing, processing, and packaging marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products; conditions of sanitation; and standards of ingredients, quality, and identity of marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, or sold by licensees;

(12) Specifying procedures for identifying, seizing, confiscating, destroying, and donating to law enforcement for training purposes all marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products produced, processed, packaged, labeled, or offered for sale in this state that do not conform in all respects to the standards prescribed by this chapter or the rules of the state liquor and cannabis board. [2015 c 70 § 8; 2013 c 3 § 10 (Initiative Measure No. 502, approved November 6, 2012).]

Any sample remaining after testing shall be destroyed by the laboratory or returned to the licensee.

(2) Licensees must submit the results of this inspection and testing to the *state liquor control board on a form developed by the *state liquor control board.

Unless the court finds the adult offender to be indigent, this additional fine may not be suspended or deferred by the court.

(2) On a second or subsequent conviction for violation of any of the laws listed in subsection (1) of this section, the adult offender must be fined two thousand dollars in addition to any other fine or penalty imposed. Unless the court finds the adult offender to be indigent, this additional fine may not be suspended or deferred by the court.

(3) In addition to any other civil or criminal penalty, every person who violates or causes another to violate RCW 69.50.401 by distributing, dispensing, manufacturing, displaying for sale, offering for sale, attempting to sell, or selling to a purchaser any product that contains any amount of any synthetic cannabinoid, as identified in RCW 69.50.204, must be fined not less than ten thousand dollars and not more than five hundred thousand dollars. If, however, the person who violates or causes another to violate RCW 69.50.401 by distributing, dispensing, manufacturing, displaying for sale, offering for sale, attempting to sell, or selling any product that contains any amount of any synthetic cannabinoid, as identified in RCW 69.50.204, to a purchaser under the age of eighteen, the minimum penalty is twenty-five thousand dollars if the person is at least two years older than the minor. Unless the court finds the person to be indigent, this additional fine may not be suspended or deferred by the court.

(4) It is an affirmative defense to a prosecution for a violation of this section that the person was unaware that the prohibited conduct took place anywhere the person was unaware that the prohibited conduct took place at the time of the offense or that the person was unaware that the prohibited conduct took place within one thousand feet of the school or school bus route stop, in a school, the school bus, the public park, in a public housing project designated by a local governing authority as a drug-free zone, on a public transit vehicle, or at the school bus route stop, the public transit vehicle stop shelter, at a civic center designated as a drug-free zone by the local governing authority, or within one thousand feet of the perimeter of a facility designated under subsection (1)(i) of this section, if the local governing authority specifically designates the one thousand foot perimeter.

The affirmative defense established in this section shall be proved by the defendant by a preponderance of the evidence. This section shall not be construed to establish an affirmative defense with respect to a prosecution for an offense defined in any other section of this chapter.

(5) In a prosecution under this section, a map produced or reproduced by any municipality, school district, county, transit authority engineer, or public housing authority for the purpose of depicting the location and boundaries of the area on or within one thousand feet of any property used for a school, school bus route stop, public park, public housing project designated by a local governing authority as a drug-free zone, public transit vehicle stop shelter, or a civic center designated as a drug-free zone by a local governing authority, or a true copy of such a map, shall under proper authentication, be admissible and shall constitute prima facie evidence of the location and boundaries of those areas if the governing body of the municipality, school district, county, or transit authority has adopted a resolution or ordinance approving the map as the official location and record of the location and boundaries of the area on or within one thousand feet of the school, school bus route stop, public park, public housing project designated by a local governing authority as a drug-free zone, public transit vehicle stop shelter, or civic center designated as a drug-free zone by a local governing authority. Any map approved under this section or a true copy of the map shall be filed with the clerk of the municipality or county, and shall be maintained as an official record of the municipality or county. This section shall not be construed as precluding the prosecution from introducing or relying upon any other evidence or testimony to establish any element of the offense. This section shall not be construed as precluding the use or admissibility of any map or diagram other than the one which has been approved by the governing body of a municipality, school district, county, transit authority, or public housing authority if the map or diagram is otherwise admissible under court rule.

Findings—Intent—1997 c 30: "The legislature finds that a large number of illegal drug transactions occur in or near public housing projects. The legislature also finds that this activity places the families and children residing in these housing projects at risk for drug-related crimes and increases the general level of fear among the residents of the housing project and the areas surrounding these projects. The intent of the legislature is to allow local governments to designate public housing projects as drug-free zones." [1997 c 30 § 1.]

Findings—Intent—1996 c 14: "The legislature finds that a large number of illegal drug transactions occur in or near publicly owned places used for recreational, educational, and cultural purposes. The extraction or separation of resin from marijuana, the processing of marijuana concentrates, and the processing of marijuana-infused products that include marijuana concentrates not purchased from a validly licensed marijuana retailer as an ingredient by any person other than a validly licensed marijuana processor each constitute manufacture of marijuana in violation of RCW 69.50.401. For purposes of the issuance of administrative inspection warrants, a probable cause exists upon showing a valid public interest in the effective enforcement of this chapter or rules hereunder, sufficient to justify administrative inspection of the area, premises, building, or conveyance in the circumstances specified in the application for the warrant;

(2) A warrant shall issue only upon an affidavit of a designated officer or employee having knowledge of the facts alleged, sworn to before the judge and establishing the grounds for issuing the warrant. (c) All property which is used, or intended for use, as a container for property described in (a) or (b) of this subsection;

(d) All conveyances, including aircraft, vehicles, or vessels, which are used, or intended for use, in any manner to facilitate the sale, delivery, or receipt of property described in (a) or (b) of this subsection, except that:

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter or chapter 69.41 or 69.52 RCW;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iv) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(v) When the owner of a conveyance has been arrested under this chapter or chapter 69.41 or 69.52 RCW the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(iii) The possession of marijuana shall not result in the forfeiture of real property unless the marijuana is possessed for commercial purposes that are unlawful under Washington state law, the amount possessed is five or more plants or one pound or more of marijuana, and a substantial nexus exists between the possession of marijuana and the real property. In such a case, the intent of the offender shall be determined by the preponderance of the evidence, including the offender's prior criminal history, the amount of marijuana possessed by the offender, the sophistication of the activity or equipment used by the offender, whether the offender was licensed to produce, process, or sell marijuana, or was an employee of a licensed producer, processor, or retailer, and other evidence which demonstrates the offender's intent to engage in unlawful commercial activity;

(iv) The unlawful sale of marijuana or a legend drug shall not result in the forfeiture of real property unless the sale was forty grams or more in the case of marijuana or one hundred dollars or more in the case of a legend drug, and a substantial nexus exists between the unlawful sale and the real property; and

(v) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) A board inspector or law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(d) The board inspector or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(3) In the event of seizure pursuant to subsection (2) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9A RCW, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including but not limited to service by first-class mail. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(d), (g), or (h) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse or domestic partner committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(5) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The notice of claim may be served by any method authorized by law or court rule including, but not limited to, service by first-class mail. Service by mail shall be deemed complete upon mailing within the forty-five day period following service of the notice of seizure in the case of personal property and within the ninety-day period following service of the notice of seizure in the case of real property. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing
agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In all cases, the burden of proof is upon the law enforcement agency to establish, by a preponderance of the evidence, that the property is subject to forfeiture.

The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (1)(b), (c), (d), (e), (f), (g), or (h) of this section.

(6) In any proceeding to forfeit property under this title, where the claimant substantially prevails, the claimant is entitled to reasonable attorneys' fees reasonably incurred by the claimant. In addition, in a court hearing between two or more claimants to the article or articles involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees.

(7) When property is forfeited under this chapter the **board or seizing law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;
(b) Sell that which is not required to be destroyed by law and which is not harmful to the public;
(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or
(d) Forward it to the drug enforcement administration for disposition.

(8)(a) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(b) Each seizing agency shall retain records of forfeited property for at least seven years.

(c) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(d) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(9)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (15) of this section.

(c) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(10) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(11) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the **board, the owners of which are unknown, are contraband and shall be summarily forfeited to the **board.

(12) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the **board.

(13) The failure, upon demand by a **board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he or she is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(14) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(15)(a) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (7)(b) of this section, only if:

(2016 Ed.)
(i) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(ii) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(A) Only if the funds applied under (a)(ii) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(B) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(b) For any claim filed under (a)(ii) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(16) The landlord's claim for damages under subsection (15) of this section may not include a claim for loss of business and is limited to:

(a) Damage to tangible property and clean-up costs;

(b) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(c) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (7)(b) of this section; and

(d) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (9)(b) of this section.

(17) Subsections (15) and (16) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (15) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency.

69.50.530 Dedicated marijuana account. The dedicated marijuana account is created in the state treasury. All moneys received by the state liquor and cannabis board, or any employee thereof, from marijuana-related activities must be deposited in the account. Unless otherwise provided in chapter 4, Laws of 2015 2nd sp. sess., all marijuana excise taxes collected from sales of marijuana, useable marijuana, marijuana concentrates, and marijuana-infused products under RCW 69.50.535, and the license fees, penalties, and forfeitures derived under this chapter from marijuana producer, marijuana processor, marijuana researcher, and marijuana retailer licenses, must be deposited in the account. Moneys in the account may only be spent after appropriation. During the 2015-2017 fiscal biennium, the legislature may transfer from the dedicated marijuana account to the basic health plan trust account such amounts as reflect the excess fund balance of the account. 69.50.535 Marijuana excise tax—State liquor and cannabis board to review tax level—Reports—State and federal antitrust laws. (1) (a) There is levied and collected a marijuana excise tax equal to thirty-seven percent of the selling price on each retail sale in this state of marijuana concentrates, useable marijuana, and marijuana-infused products. This tax is separate and in addition to general state and local sales and use taxes that apply to retail sales of tangible personal property, and is not part of the total retail price to which general state and local sales and use taxes apply. The tax must be separately itemized from the state and local retail sales tax on the sales receipt provided to the buyer.

(b) The tax levied in this section must be reflected in the price list or quoted shelf price in the licensed marijuana retail store and in any advertising that includes prices for all useable marijuana, marijuana concentrates, or marijuana-infused products.

(2) All revenues collected from the marijuana excise tax imposed under this section must be deposited each day in the dedicated marijuana account.

(3) The tax imposed in this section must be paid by the buyer to the seller. Each seller must collect from the buyer the full amount of the tax payable on each taxable sale. The tax collected as required by this section is deemed to be held in trust by the seller until paid to the board. If any seller fails to collect the tax imposed in this section or, having collected the tax, fails to pay it as prescribed by the board, whether such failure is the result of the seller's own acts or the result of acts or conditions beyond the seller's control, the seller is, nevertheless, personally liable to the state for the amount of the tax.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Board" means the state liquor and cannabis board.

(b) "Retail sale" has the same meaning as in RCW 82.08.010.

(c) "Selling price" has the same meaning as in RCW 82.08.010, except that when product is sold under circumstances where the total amount of consideration paid for the product is not indicative of its true value, "selling price" means the true value of the product sold.

(d) "Product" means marijuana, marijuana concentrates, useable marijuana, and marijuana-infused products.

(e) "True value" means market value based on sales at comparable locations in this state of the same or similar product of like quality and character sold under comparable conditions of sale to comparable purchasers. However, in the absence of such sales of the same or similar product, true value means the value of the product sold as determined by all of the seller's direct and indirect costs attributable to the product.

(5)(a) The board must regularly review the tax level established under this section and make recommendations, in consultation with the department of revenue, to the legislature as appropriate regarding adjustments that would further the goal of discouraging use while undercutting illegal market prices.

Intent—2013 c 3 (Initiative Measure No. 502): See note following RCW 69.50.101.
(b) The state liquor and cannabis board must report, in compliance with RCW 43.01.036, to the appropriate committees of the legislature every two years. The report at a minimum must include the following:

(i) The specific recommendations required under (a) of this subsection;
(ii) A comparison of gross sales and tax collections prior to and after any marijuana tax change;
(iii) The increase or decrease in the volume of legal marijuana sold prior to and after any marijuana tax change;
(iv) Increases or decreases in the number of licensed marijuana producers, processors, and retailers;
(v) The number of illegal and noncompliant marijuana outlets the board requires to be closed;
(vi) Gross marijuana sales and tax collections in Oregon; and
(vii) The total amount of reported sales and use taxes exempted for qualifying patients. The department of revenue must provide the data of exempt amounts to the board.

(c) The board is not required to report to the legislature as required in (b) of this subsection after January 1, 2025.

(6) The legislature does not intend and does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal antitrust laws including, but not limited to, agreements among retailers as to the selling price of any goods sold. [2015 2nd sp.s. c 4 § 205; 2014 c 192 § 7; 2013 c 3 § 27 (Initiative Measure No. 502, approved November 6, 2012).]

This appropriation ends after production of the final report required by RCW 69.50.550;
   c. Beginning July 1, 2015, five thousand dollars to the University of Washington alcohol and drug abuse institute for the creation, maintenance, and timely updating of web-based public education materials providing medically and scientifically accurate information about the health and safety risks posed by marijuana use;
   d. An amount not less than one million two hundred fifty thousand dollars to the state liquor and cannabis board for administration of this chapter as appropriated in the omnibus appropriations act;
   e. The distribution under this subsection (1)(e) is for fiscal year 2016 only;
   f. From the amounts in the dedicated marijuana account after appropriation of the amounts identified in subsection (1) of this section, the legislature must appropriate for the purposes listed in this subsection (2) as follows:
      (a)(i) Up to fifteen percent to the department of social and health services division of behavioral health and recovery for the development, implementation, maintenance, and evaluation of programs and practices aimed at the prevention or reduction of maladaptive substance use, substance use disorder, substance abuse or substance dependence, as these terms are defined in the Diagnostic and Statistical Manual of Mental Disorders, among middle school and high school-age students, whether as an explicit goal of a given program or practice or as a consistently corresponding effect of its implementation, mental health services for children and youth, and services for pregnant and parenting women; PROVIDED, That:
      A. Of the funds appropriated under (a)(i) of this subsection for new programs and new services, at least eighty-five percent must be directed to evidence-based or research-based programs and practices that produce objectively measurable results and, by September 1, 2020, are cost-beneficial; and
      B. Up to fifteen percent of the funds appropriated under (a)(i) of this subsection for new programs and new services may be directed to proven and tested practices, emerging best practices, or promising practices.
      (ii) In deciding which programs and practices to fund, the secretary of the department of social and health services must consult, at least annually, with the University of Washington's social development research group and the University of Washington's alcohol and drug abuse institute.
      (iii) For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of twenty-seven million seven hundred eighty-six thousand dollars, and for each subsequent fiscal year thereafter, the legislature must appropriate a minimum of twenty-five million five hundred thirty-six thousand dollars under this subsection (2)(a);
(b)(i) Up to ten percent to the department of health for the following, subject to (b)(ii) of this subsection (2):

(A) Creation, implementation, operation, and management of a marijuana education and public health program that contains the following:

(I) A marijuana use public health hotline that provides referrals to substance abuse treatment providers, utilizes evidence-based or research-based public health approaches to minimizing the harms associated with marijuana use, and does not solely advocate an abstinence-only approach;

(II) A grants program for local health departments or other local community agencies that supports development and implementation of coordinated intervention strategies for the prevention and reduction of marijuana use by youth; and

(III) Media-based education campaigns across television, internet, radio, print, and out-of-home advertising, separately targeting youth and adults, that provide medically and scientifically accurate information about the health and safety risks posed by marijuana use;

(B) The Washington poison control center; and

(C) During the 2015-2017 fiscal biennium, the funds appropriated under this subsection (2)(b) may be used for prevention activities that target youth and populations with a high incidence of tobacco use.

(ii) For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of seven million five hundred thousand dollars and for each subsequent fiscal year thereafter, a minimum of six million eight hundred one thousand dollars to Washington State University for research on the short and long-term effects of marijuana use, to include but not be limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research.

(ii) For the fiscal year beginning July 1, 2016, the legislature must appropriate a minimum of two hundred seven thousand dollars and for each subsequent fiscal year thereafter, the legislature must appropriate a minimum of nine million seven hundred fifty thousand dollars under this subsection (2)(b);

(c)(i) Up to six-tenths of one percent to the University of Washington and four-tenths of one percent to Washington State University for research on the short and long-term effects of marijuana use, to include but not be limited to formal and informal methods for estimating and measuring intoxication and impairment, and for the dissemination of such research.

(1) Whenever the board determines that a limited liability business entity has collected trust fund taxes and has failed to remit those taxes to the board and that business entity has been terminated, dissolved, or abandoned, or is insolvent, the board may pursue collection of the entity's unpaid trust fund taxes, including penalties on those taxes, against any or all of the responsible individuals. For purposes of this subsection, "insolvent" means the condition that results when the sum of the entity's debts exceeds the fair market value of its assets. (b) All other responsible individuals are liable under this section only for trust fund tax liability that became due during the period he or she had the responsibility or duty to remit payment of the limited liability business entity's taxes to the board.

(4) Persons described in subsection (3)(b) of this section are exempt from liability under this section in situations where nonpayment of the limited liability business entity's trust fund taxes was due to reasons beyond their control as determined by the board by rule.

(5) Any person having been issued a notice of unpaid trust fund taxes under this section is entitled to an administrative hearing under RCW 69.50.334 and any such rules the board may adopt.

(6) This section does not relieve the limited liability business entity of its trust fund tax liability or otherwise impair other tax collection remedies afforded by law.

However, in the absence of such sales of the same or similar product, "true value" means the value of the product sold as determined by all of the seller's direct and indirect costs attributable to the product. [Title 69 RCW—page 120]
69.51A.005 Purpose and intent. (1) The legislature finds that:

(a) There is medical evidence that some patients with terminal or debilitating medical conditions may, under their health care professional's care, benefit from the medical use of marijuana. Some of the conditions for which marijuana appears to be beneficial include, but are not limited to:

(i) Nausea, vomiting, and cachexia associated with cancer, HIV-positive status, AIDS, hepatitis C, anorexia, and their treatments;

(ii) Severe muscle spasms associated with multiple sclerosis, epilepsy, and other seizure and spasticity disorders;

(iii) Acute or chronic glaucoma;

(iv) Crohn's disease; and

(v) Some forms of intractable pain.

(b) Humanitarian compassion necessitates that the decision to use marijuana by patients with terminal or debilitating medical conditions is a personal, individual decision, based upon their health care professional's professional medical judgment and discretion.

(2) Therefore, the legislature intends that, so long as such activities are in strict compliance with this chapter:

(a) Qualifying patients with terminal or debilitating medical conditions who, in the judgment of their health care professionals, may benefit from the medical use of marijuana, shall not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law based solely on their medical use of marijuana, notwithstanding any other provision of law;

(b) Persons who act as designated providers to such patients shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law, notwithstanding any other provision of law, based solely on their assisting with the medical use of marijuana; and

(c) Health care professionals shall also not be arrested, prosecuted, or subject to other criminal sanctions or civil consequences under state law for the proper authorization of medical use of marijuana by qualifying patients for whom, in the health care professional's professional judgment, the medical use of marijuana may prove beneficial.

(3) Nothing in this chapter establishes the medical necessity or medical appropriateness of marijuana for treating terminal or debilitating medical conditions as defined in RCW 69.51A.010.

(4) Nothing in this chapter diminishes the authority of correctional agencies and departments, including local governments or jails, to establish a procedure for determining when the use of marijuana would impact community safety or the effective supervision of those on active supervision for a criminal conviction, nor does it create the right to any accommodation of any medical use of marijuana in any correctional facility or jail. [2015 c 70 § 16; 2011 c 181 § 102; 2010 c 284 § 1; 2007 c 371 § 2; 1999 c 2 § 2 (Initiative Measure No. 692, approved November 3, 1998).]

69.51A.110 Suitability for organ transplant. A qualifying patient’s medical use of cannabis as authorized by a health care professional may not be a sole disqualifying factor in determining the patient’s suitability for an organ transplant, unless it is shown that this use poses a significant risk of rejection or organ failure. This section does not preclude a health care professional from requiring that a patient abstain from the medical use of cannabis, for a period of time determined by the health care professional, while waiting for a transplant organ or before the patient undergoes an organ transplant. [2011 c 181 § 408.]

69.51A.120 Parental rights or residential time—Not to be restricted. A qualifying patient or designated provider may not have his or her parental rights or residential time with a child restricted solely due to his or her medical use of cannabis in compliance with the terms of this chapter absent written findings supported by evidence that such use has resulted in a long-term impairment that interferes with the performance of parenting functions as defined under RCW 26.09.004. [2011 c 181 § 409.]

69.51A.130 State and municipalities—Not subject to liability. (1) No civil or criminal liability may be imposed by any court on the state or its officers and employees for actions taken in good faith under this chapter and within the scope of their assigned duties.

69.51A.210 Qualifying patients or designated providers—Authorization—Health care professional may include recommendations on amount of marijuana. As part of authorizing a qualifying patient or designated provider, the health care professional may include recommendations on the amount of marijuana that is likely needed by the qualifying patient for his or her medical needs and in accordance with this section.

(1) If the health care professional does not include recommendations on the qualifying patient’s or designated provider’s authorization, the marijuana retailer with a medical marijuana endorsement, when adding the qualifying patient or designated provider to the medical marijuana authorization database, shall enter into the database that the qualifying patient or designated provider may purchase or obtain at a retail outlet holding a medical marijuana endorsement a combination of the following: Forty-eight ounces of marijuana-infused product in solid form; three ounces of useable marijuana; two hundred sixteen ounces of marijuana-infused product in liquid form; or twenty-one grams of marijuana concentrates. The qualifying patient or designated provider may also grow, in his or her domicile, up to six plants for the personal medical use of the qualifying patient and possess up to eight ounces of useable marijuana produced from his or her plants. These amounts shall be specified on the recognition card that is issued to the qualifying patient or designated provider.

(2) If the health care professional determines that the medical needs of a qualifying patient exceed the amounts provided for in subsection (1) of this section, the health care professional must specify on the authorization that it is recommended that the patient be allowed to grow, in his or her domicile, up to fifteen plants for the personal medical use of the patient. A patient so authorized may possess up to sixteen ounces of useable marijuana in his or her domicile. The number of plants must be entered into the medical marijuana authorization database by the marijuana retailer with a medical marijuana endorsement and specified on the recognition card that is issued to the qualifying patient or designated provider.

(3) If a qualifying patient or designated provider with an authorization from a health care professional has not been entered into the medical marijuana authorization database, he or she may not receive a recognition card and may only purchase at a retail outlet, whether it holds a medical marijuana endorsement or not, the amounts established in RCW 69.50.360. In addition the qualifying patient or the designated provider may grow, in his or her domicile, up to four plants for the personal medical use of the qualifying patient and possess up to six ounces of useable marijuana in his or her domicile. [2015 c 70 § 19.]

69.51A.220 Health care professionals may authorize medical use of marijuana—Qualifying patients under age eighteen. (1) Health care professionals may authorize the medical use of marijuana for qualifying patients who are under the age of eighteen if:

(a) The minor’s parent or guardian participates in the minor’s treatment and agrees to the medical use of marijuana by the minor; and

(b) The parent or guardian acts as the designated provider for the minor and has sole control over the minor’s marijuana.

(2) The minor may not grow plants or purchase marijuana-infused products, useable marijuana, or marijuana concentrates from a marijuana retailer with a medical marijuana endorsement.

(3) Both the minor and the minor’s parent or guardian who is acting as the designated provider must be entered in
the medical marijuana authorization database and hold a recognition card.

(4) A health care professional who authorizes the medical use of marijuana by a minor must do so as part of the course of treatment of the minor's terminal or debilitating medical condition. If authorizing a minor for the medical use of marijuana, the health care professional must:

(a) Consult with other health care providers involved in the minor's treatment, as medically indicated, before authorization or reauthorization of the medical use of marijuana; and

(b) Reexamine the minor at least once every six months or more frequently as medically indicated. The reexamination must:

(i) Determine that the minor continues to have a terminal or debilitating medical condition and that the condition benefits from the medical use of marijuana; and

(ii) Include a follow-up discussion with the minor's parent or guardian to ensure the parent or guardian continues to participate in the treatment of the minor. [2015 c 70 § 20.]

Effective date—2015 c 70 §§ 12, 19, 20, 23-26, 31, 35, 40, and 49: See note following RCW 69.50.357.

69.51A.230 Medical marijuana authorization database—Recognition cards. (1) The department must contract with an entity to create, administer, and maintain a secure and confidential medical marijuana authorization database that, beginning July 1, 2016, allows:

(a) A marijuana retailer with a medical marijuana endorsement to add a qualifying patient or designated provider and include the amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under RCW 69.51A.210;

(b) Persons authorized to prescribe or dispense controlled substances to access health care information on their patients for the purpose of providing medical or pharmaceutical care for their patients;

(c) A qualifying patient or designated provider to request and receive his or her own health care information or information on any person or entity that has queried their name or information;

(d) Appropriate local, state, tribal, and federal law enforcement or prosecutorial officials who are engaged in a bona fide specific investigation of suspected marijuana-related activity that may be illegal under Washington state law to confirm the validity of the recognition card of a qualifying patient or designated provider;

(e) A marijuana retailer holding a medical marijuana endorsement to confirm the validity of the recognition card of a qualifying patient or designated provider;

(f) The department of revenue to verify tax exemptions under chapters 82.08 and 82.12 RCW;

(g) The department and the health care professional's disciplining authorities to monitor authorizations and ensure compliance with this chapter and chapter 18.130 RCW by their licensees; and

(h) Authorizations to expire six months or one year after entry into the medical marijuana authorization database, depending on whether the authorization is for a minor or an adult.

(2) A qualifying patient and his or her designated provider, if any, may be placed in the medical marijuana authorization database at a marijuana retailer with a medical marijuana endorsement. After a qualifying patient or designated provider is placed in the medical marijuana authorization database, he or she must be provided with a recognition card that contains identifiers required in subsection (3) of this section.

(3) The recognition card requirements must be developed by the department in rule and include:

(a) A randomly generated and unique identifying number;

(b) For designated providers, the unique identifying number of the qualifying patient whom the provider is assisting;

(c) A photograph of the qualifying patient's or designated provider's face taken by an employee of the marijuana retailer with a medical marijuana endorsement at the time that the qualifying patient or designated provider is being placed in the medical marijuana authorization database in accordance with rules adopted by the department;

(d) The amount of marijuana concentrates, useable marijuana, marijuana-infused products, or plants for which the qualifying patient is authorized under RCW 69.51A.210;

(e) The effective date and expiration date of the recognition card;

(f) The name of the health care professional who authorized the qualifying patient or designated provider; and

(g) For the recognition card, additional security features as necessary to ensure its validity.

(4) For qualifying patients who are eighteen years of age or older and their designated providers, recognition cards are valid for one year from the date the health care professional issued the authorization. For qualifying patients who are under the age of eighteen and their designated providers, recognition cards are valid for six months from the date the health care professional issued the authorization. Qualifying patients may not be reentered into the medical marijuana authorization database until they have been reexamined by a health care professional and determined to meet the definition of qualifying patient. After reexamination, a marijuana retailer with a medical marijuana endorsement must reenter the qualifying patient or designated provider into the medical marijuana authorization database and a new recognition card will then be issued in accordance with department rules.

(5) If a recognition card is lost or stolen, a marijuana retailer with a medical marijuana endorsement, in conjunction with the database administrator, may issue a new card that will be valid for six months to one year if the patient is reexamined by a health care professional and determined to meet the definition of qualifying patient and depending on whether the patient is under the age of eighteen or eighteen years of age or older as provided in subsection (4) of this section. If a reexamination is not performed, the expiration date of the replacement recognition card must be the same as the lost or stolen recognition card.

(6) The database administrator must remove qualifying patients and designated providers from the medical marijuana authorization database upon expiration of the recognition
card. Qualifying patients and designated providers may request to remove themselves from the medical marijuana authorization database before expiration of a recognition card and health care professionals may request to remove qualifying patients and designated providers from the medical marijuana authorization database if the patient or provider no longer qualifies for the medical use of marijuana. The database administrator must retain database records for at least five calendar years to permit the state liquor and cannabis board and the department of revenue to verify eligibility for tax exemptions.

(7) During development of the medical marijuana authorization database, the database administrator must consult with the department, stakeholders, and persons with relevant expertise to include, but not be limited to, qualifying patients, designated providers, health care professionals, state and local law enforcement agencies, and the University of Washington computer science and engineering security and privacy research lab or a certified cybersecurity firm, vendor, or service.

(8) The medical marijuana authorization database must meet the following requirements:

(a) Any personally identifiable information included in the database must be nonreversible, pursuant to definitions and standards set forth by the national institute of standards and technology;

(b) Any personally identifiable information included in the database must not be susceptible to linkage by use of data external to the database;

(c) The database must incorporate current best differential privacy practices, allowing for maximum accuracy of database queries while minimizing the chances of identifying the personally identifiable information included therein; and

(d) The database must be upgradable and updated in a timely fashion to keep current with state of the art privacy and security standards and practices.

(9)(a) Personally identifiable information of qualifying patients and designated providers included in the medical marijuana authorization database is confidential and exempt from public disclosure, inspection, or copying under chapter 42.56 RCW.

(b) Information contained in the medical marijuana authorization database may be released in aggregate form, with all personally identifying [identifiable] information redacted, for the purpose of statistical analysis and oversight of agency performance and actions.

(c) Information contained in the medical marijuana authorization database shall not be shared with the federal government or its agents unless the particular [qualifying] patient or designated provider is convicted in state court for violating this chapter or chapter 69.50 RCW.

(10)(a) The department must charge a one dollar fee for each initial and renewal recognition card issued by a marijuana retailer with a medical marijuana endorsement. The marijuana retailer with a medical marijuana endorsement shall collect the fee from the qualifying patient or designated provider at the time that he or she is entered into the database and issued a recognition card. The department shall establish a schedule for marijuana retailers with a medical marijuana endorsement to remit the fees collected. Fees collected under this subsection shall be deposited into the health professions account created under RCW 43.70.320.

(b) By November 1, 2016, the department shall report to the governor and the fiscal committees of both the house of representatives and the senate regarding the cost of implementation and administration of the medical marijuana authorization database. The report must specify amounts from the health professions account used to finance the establishment and administration of the medical marijuana authorization database as well as estimates of the continuing costs associated with operating the medical marijuana [authorization] database. The report must also provide initial enrollment figures in the medical marijuana authorization database and estimates of expected future enrollment.

(11) If the database administrator fails to comply with this section, the department may cancel any contracts with the database administrator and contract with another database administrator to continue administration of the database. A database administrator who fails to comply with this section is subject to a fine of up to five thousand dollars in addition to any penalties established in the contract. Fines collected under this section must be deposited into the health professions account created under RCW 43.70.320.

(12) The department may adopt rules to implement this section. [2015 c 70 § 21.]

Effective date—2015 c 70 §§ 21, 22, 32, and 33: "Sections 21, 22, 32, and 33 of this act are necessary for the immediate preservation of the public health, or safety, or support of the state government and its existing public institutions, and take effect immediately [April 24, 2015]." [2015 c 70 § 51.]

(c) Produce a recognition card or to tamper with a recognition card for the purpose of having it accepted by a marijuana retailer holding a medical marijuana endorsement in order to purchase marijuana as a qualifying patient or designated provider or to grow marijuana plants in accordance with this chapter;

(d) If a person is a designated provider to a qualifying patient, sell, donate, or supply marijuana produced or obtained for the qualifying patient to another person, or use the marijuana produced or obtained for the qualifying patient for the designated provider's own personal use or benefit; or

(e) If the person is a qualifying patient, sell, donate, or otherwise supply marijuana produced or obtained by the qualifying patient to another person.

(2) A person who violates this section is guilty of a class C felony. [2015 c 70 § 23.]

Effective date—2015 c 70 §§ 12, 19, 20, 23-26, 31, 35, 40, and 49: See note following RCW 69.50.357.

(1) Qualifying patients or designated providers may form a cooperative and share responsibility for acquiring and supplying the resources needed to produce and process marijuana only for the medical use of members of the cooperative. No more than four qualifying patients or designated providers may become members of a cooperative under this section and all members must hold valid recognition cards. All members of the cooperative must be at least twenty-one years old. The designated provider of a qualifying patient who is under twenty-one years old may be a member of a cooperative on the qualifying patient’s behalf. All plants grown in the cooperative must be purchased or cloned from a plant purchased from a licensed marijuana producer as defined in RCW 69.50.101.

(2) Qualifying patients and designated providers who wish to form a cooperative must register the location with the state liquor and cannabis board and this is the only location where cooperative members may grow or process marijuana. This registration must include the names of all participating members and copies of each participant’s recognition card. Only qualifying patients or designated providers registered with the state liquor and cannabis board in association with the location may participate in growing or receive useable marijuana or marijuana-infused products grown at that location.

(3) No cooperative may be located in any of the following areas:
(a) Within one mile of a marijuana retailer;
(b) Within the smaller of either:
   (i) One thousand feet of the perimeter of the grounds of any elementary or secondary school, playground, recreation center or facility, child care center, public park, public transit center, library, or any game arcade that admission to which is not restricted to persons aged twenty-one years or older; or

(c) Where prohibited by a city, town, or county zoning provision.

(4) The state liquor and cannabis board must deny the registration of any cooperative if the location does not comply with the requirements set forth in subsection (3) of this section.

(5) If a qualifying patient or designated provider no longer participates in growing at the location, he or she must notify the state liquor and cannabis board within fifteen days of the date the qualifying patient or designated provider ceases participation. The state liquor and cannabis board must remove his or her name from connection to the cooperative. Additional qualifying patients or designated providers may not join the cooperative until sixty days have passed since the date on which the last qualifying patient or designated provider notifies the state liquor and cannabis board that he or she no longer participates in that cooperative.

(6) Qualifying patients or designated providers who participate in a cooperative under this section:
(a) May grow up to the total amount of plants for which each participating member is authorized on their recognition cards, up to a maximum of sixty plants. At the location, the qualifying patients or designated providers may possess the amount of useable marijuana that can be produced with the number of plants permitted under this subsection, but no more than seventy-two ounces;
(b) May only participate in one cooperative;

(a) Any security requirements necessary to ensure the safety of the cooperative and to reduce the risk of diversion from the cooperative;
(b) A seed to sale traceability model that is similar to the seed to sale traceability model used by licensees that will allow the state liquor and cannabis board to track all marijuana grown in a cooperative.

(9) The state liquor and cannabis board or law enforce-
ment may inspect a cooperative registered under this section to ensure members are in compliance with this section. The state liquor and cannabis board must adopt rules on reasonable inspection hours and reasons for inspections. [2016 c 170 § 2; 2015 2nd sp.s. c 4 § 1001; 2015 c 70 § 26.]

(2) Neither the production nor processing of marijuana or marijuana-infused products pursuant to this section nor the storage or growing of plants may occur if any portion of such activity can be readily seen by normal unaided vision or read-

(3) Cities, towns, counties, and other municipalities may create and enforce civil penalties, including abatement procedures, for the growing or processing of marijuana and for keeping marijuana plants beyond or otherwise not in compliance with this section. [2015 c 70 § 27.]

69.51A.270 Extracting or separating marijuana resin, producing or processing any form of marijuana concentrates or marijuana-infused products—State liquor and cannabis board to adopt rules. (1) Once the state liquor and cannabis board adopts rules under subsection (2) of this section, qualifying patients or designated providers may only extract or separate the resin from marijuana or produce or process any form of marijuana concentrates or marijuana-infused products in accordance with those standards.

(2) The state liquor and cannabis board must adopt rules permitting qualifying patients and designated providers to extract or separate the resin from marijuana using noncombustible methods. The rules must provide the noncombustible methods permitted and any restrictions on this practice. [2015 c 70 § 28.]

69.51A.280 Topical, ingestible products—THC concentration. Drug nuisances—Injunctions: Chapter 7.43 RCW.

(2016 Ed.)

69.52.010 Legislative findings. The legislature finds that imitation controlled substances are being manufactured to imitate the appearance of the dosage units of controlled substances for sale to school-age youths and others to facilitate the fraudulent sale of controlled substances. The legislature further finds that manufacturers are endeavoring to profit from the manufacture of these imitation controlled substances while avoiding liability by accurately labeling the containers or packaging which contain these imitation controlled substances. The close similarity of appearance between dosage units of imitation controlled substances and controlled substances is indicative of a deliberate and wilful attempt to profit by deception without regard to the tragic human consequences. The use of imitation controlled substances is responsible for a growing number of injuries and deaths, and the legislature hereby declares that this chapter is necessary for the protection and preservation of the public health and safety. [1982 c 171 § 2.]

69.52.020 Definitions. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Controlled substance" means a substance as that term is defined in chapter 69.50 RCW.

(2) "Distribute" means the actual or constructive transfer (or attempted transfer) or delivery or dispensing to another of an imitation controlled substance.

(3) "Imitation controlled substance" means a substance that is not a controlled substance, but which by appearance or representation would lead a reasonable person to believe that the substance is a controlled substance. Appearance includes, but is not limited to, color, shape, size, and markings of the dosage unit. Representation includes, but is not limited to, representations or factors of the following nature:

(a) Statements made by an owner or by anyone else in control of the substance concerning the nature of the substance, or its use or effect;

(b) Statements made to the recipient that the substance may be resold for inordinate profit; or

(c) Whether the substance is packaged in a manner normally used for illicit controlled substances.

(4) "Manufacture" means the production, preparation, compounding, processing, encapsulating, packaging or repackaging, or labeling or relabeling of an imitation controlled substance. [1982 c 171 § 3.]

69.52.030 Violations—Exceptions. (1) It is unlawful for any person to manufacture, distribute, or possess with intent to distribute, an imitation controlled substance. Any person who violates this subsection shall, upon conviction, be guilty of a class C felony.

Any person who violates this subsection is guilty of a class C felony.
(4) No civil or criminal liability shall be imposed by virtue of this chapter on any person registered under the Uniform Controlled Substances Act pursuant to RCW 69.50.301 or 69.50.303 who manufactures, distributes, or possesses an imitation controlled substance for use as a placebo or other use by a registered practitioner, as defined in *RCW 69.50.101(t), in the course of professional practice or research.

(5) No prosecution under this chapter shall be dismissed solely by reason of the fact that the dosage units were contained in a bottle or other container with a label accurately describing the ingredients of the imitation controlled substance dosage units. The good faith of the defendant shall be an issue of fact for the trier of fact. [1983 1st ex.s. c 4 § 5; 1982 c 171 § 4.]

*Reviser's note: The reference to RCW 69.50.101(t) is erroneous. "Practitioner" is defined in (w) of that section. [1982 c 171 § 7.]

69.52.070 Violations—Juvenile driving privileges. (1) If a juvenile thirteen years of age or older and under the age of twenty-one is found by a court to have committed any offense that is a violation of this chapter, the court shall notify the department of licensing within twenty-four hours after entry of the judgment, unless the offense is the juvenile's first offense in violation of this chapter and has not committed an offense while armed with a firearm, an unlawful possession of a firearm offense, or an offense in violation of chapter 66.44, 69.41, or 69.50 RCW.

(2) Except as otherwise provided in subsection (3) of this section, upon petition of a juvenile whose privilege to drive has been revoked pursuant to RCW 46.20.265, the court may at any time the court deems appropriate notify the department of licensing to reinstate the juvenile's privilege to drive.

OVER-THE-COUNTER MEDICATIONS

69.60.901 Effective date—1993 c 135.

69.60.010 Legislative findings. The legislature of the state of Washington finds that:

(1) Accidental and purposeful ingestions of solid medication forms continue to be the most frequent cause of poisoning in our state;

(2) Modern treatment is dependent upon knowing the ingredients of the ingestant;

(3) The imprinting of identifying characteristics on all tablets, capsules, and caplets of prescription medication forms, both trade name products and generic products, has been extremely beneficial in our state and was accomplished at trivial cost to the manufacturers and consumers;

(4) Although over-the-counter medications usually constitute a lower order of risk to ingestees, treatment after overdose is equally dependent upon knowing the ingredients.
involved, but there is no coding index uniformly used by this class of medication;
(5) Approximately seventy percent of over-the-counter medications in solid form already have some type of an identifier imprinted on their surfaces;
(6) While particular efforts are being instituted to prevent recurrent tampering with over-the-counter medications, the added benefit of rapid and prompt identification of all possible contaminated products, including over-the-counter medications, would make for a significant improvement in planning for appropriate tracking and monitoring programs;
(7) At the same time, health care professionals serving the elderly find it especially advantageous to be able to identify and confirm the ingredients of their multiple medications, including over-the-counter products, as are often consumed by such patients;
(8) The legislature supports and encourages efforts that are being made to establish a national, legally enforceable system governing the imprinting of solid dosage form over-the-counter medications, which system is consistent with the requirements of this chapter. [1989 c 247 § 1.]

69.60.020 Definitions. The terms defined in this section shall have the meanings indicated when used in this chapter.

(1) "Commission" means the pharmacy quality assurance commission.
(2) "Over-the-counter medication" means a drug that can be obtained without a prescription and is not restricted to use by prescribing practitioners. For purposes of this chapter, over-the-counter medication does not include vitamins.
(3) "Purveyor" means any corporation, person, or other entity that offers over-the-counter medications for wholesale, retail, or other type of sale.
(4) "Solid dosage form" means capsules or tablets or similar over-the-counter medication products intended for administration and which could be ingested orally. [1993 c 135 § 1; 1989 c 247 § 3.]

Reviser's note: The definitions in this section have been alphabetized pursuant to RCW 1.08.015(2)(k).

69.60.030 Identification required. (1) No over-the-counter medication in solid dosage form may be manufactured or commercially distributed within this state unless it has clearly marked or imprinted on it an individual symbol, number, company name, words, letters, marking, or national drug code number identifying the medication and the manufacturer, packer, or distributor of the medication. [1993 c 135 § 1; 1989 c 247 § 2.]

69.60.040 Imprint information—Publication—Availability. Each manufacturer shall publish and provide to the commission printed material which will identify each current imprint used by the manufacturer and the commission shall be notified of any change. This information shall be provided by the commission to all pharmacies licensed in the state of Washington, poison control centers, and hospital emergency rooms. [2013 c 19 § 118; 1989 c 247 § 4.]

69.60.050 Noncompliance—Contraband—Fine. (1) Any over-the-counter medication prepared or manufactured or offered for sale in violation of this chapter or implementing rules shall be contraband and subject to seizure, in the same manner as contraband legend drugs under RCW 69.41.060.
(2) A purveyor who fails to comply with this chapter after one notice of noncompliance by the board is subject to a one thousand dollar civil fine for each instance of noncompliance. [1989 c 247 § 5.]

69.60.060 Rules. The commission shall have authority to promulgate rules for the enforcement and implementation of this chapter. [2013 c 19 § 119; 1989 c 247 § 6.]

69.60.070 Imprinting requirements—Retailers and wholesalers. All over-the-counter medications manufactured in, received by, distributed to, or shipped to any retailer or wholesaler in this state after January 1, 1994, shall meet the requirements of this chapter. No over-the-counter medication may be sold to a consumer in this state after January 1, 1995, unless such over-the-counter medication complies with the imprinting requirements of this chapter. [1993 c 135 § 2; 1989 c 247 § 7.]

69.60.080 Exemptions—Application by manufacturer. The commission, upon application of a manufacturer, may exempt an over-the-counter drug from the requirements of chapter 69.60 RCW on the grounds that imprinting is infeasible because of size, texture, or other unique characteristics. [2013 c 19 § 120; 1989 c 247 § 8.]

69.60.090 Implementation of federal system—Termination of state system. Before January 1, 1994, the commission will consult with the state toxicologist to determine whether the federal government has established a legally enforceable system that is substantially equivalent to the requirements of this chapter that govern the imprinting of solid dosage form over-the-counter medication. To be substantially equivalent, the effective dates for implementation of the federal system for imprinting solid dosage form over-the-counter medication must be the same or earlier than the dates of implementation set out in the state system for imprinting solid dosage form over-the-counter medication. If the commission determines that the federal system for imprinting solid dosage form over-the-counter medication is substantially equivalent to the state system for imprinting...
solid dosage form over-the-counter medication, this chapter will cease to exist on January 1, 1994. If the commission
determines that the federal system is substantially equivalent,
except that the federal dates for implementation are later than
the Washington state dates, this chapter will cease to exist
when the federal system is implemented. [2013 c 19 § 121;
1993 c 135 § 3; 1989 c 247 § 9.]

69.60.901 Effective date—1993 c 135. This act is neces-
sary for the immediate preservation of the public peace,
health, or safety, or support of the state government and its
existing public institutions, and shall take effect immediately
[April 30, 1993]. [1993 c 135 § 5.]
